Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bulling (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	7:50 AM
Typical End Time	2:25 PM
Length of School Day	6 Hrs 35 Mins
Full Time - Instructional Time	5 Hrs 44 Mins
Shared Time - Instructional Time	N

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio
2017-18	1.4:1

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	83.65	17.5%
Mathematics Proficiency	82.64	17.5%
English Language Arts Growth	58.06	25.0%
Mathematics Growth	79.47	25.0%
Progress Towards English Language Proficiency	**	**
Chronic Absenteeism	10.43	15.0%
Summative Score: Sum of all indicator scores multiplied by indicator weights	65.05	n/a
Summative Rating: Percentile Rank of Summative Score	73.40	n/a
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile	No	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

Highlights:	• Grade level teams help foster strong relationships between teachers, students, and families. • Teachers and students utilize personal Chromebooks and Google Apps for Education to enhance teaching and learning. • After-school activities are offered to tap into students' interests in an effort to "Extend the School Day."
Mission, Vision, Theme:	At Cedar Drive Middle School, administration, teachers, staff, and parents work collaboratively to develop and establish both academic and social experiences that will prepare students to be productive citizens and life-long learners. The core values, Community – Education – Dedication – Acceptance – Respect, were developed by students and staff and act as daily reminders for all members of our community to unite together in an effort to create a special place to learn, explore, and grow.
Awards, Recognition, Accomplishments:	Cedar Drive's Academic Team competes in local, state, and regional competitions. In the Fall of 2018, our team won second place honors at the Middle School Academic Tournament hosted by the Marine and Science Technology High School. In addition to our Academic Team, we send winners of school competitions from Cedar Drive to the New Jersey State Geography Bee and Spelling Bee.

Courses, Curriculum, Instruction:	CDMS offers a variety of academic and related arts programs to all students. The core academic program consists of LA, Math, Science, SS and World Language. Small grade-level teams of teachers meet daily to discuss individual students' needs and plan instruction based on data collected through on-going formative assessments. We are fortunate to have teachers that are caring, talented, and hard working professionals who dedicate their time and efforts to ensure that all students learn.
Sports and Athletics:	Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Cheerleading (Boys & Girls), Cross Country (Boys & Girls), Soccer (Boys & Girls), Softball (Girls), Tennis (Boys & Girls), Track and Field - Spring (Boys & Girls) Students at Cedar Drive are encouraged to "extend their school day" by participating in a variety of extracurricular activities including sports such as soccer, cross country, basketball, cheerleading, wrestling, baseball, softball, tennis, and track and field. Our student-athletes compete on the playing fields and represent themselves and their teams in a very positive light. Coaches work closely with their players to instill the importance of good sportsmanship, teamwork, and hard work.
Clubs and Activities:	To foster a deeper connection between our students and their school, students participate in a variety of extracurricular experiences to further develop their interests and talents. Activities such as robotics, yoga, cooking and more are offered and facilitated by our staff. In addition, we offer clubs such as Art and Make-A-Difference, Student Council, Morning Announcements, Advanced Chorus, Concert/Jazz Band, Yearbook, and an Academic team who competes in local, state, and national tournaments.

Student Supports and Services:	Knowing our students is key to success; providing targeted interventions that include both enrichment and remediation opportunities helps meet the needs of all of our students. We offer enrichment electives in language arts, peer tutoring, homework improvement, reading interventions, and in-class supports to move all students forward. Our I & RS team meets bi-monthly to develop plans for identified students and works collaboratively with staff to ensure that students receive additional support.
Student Health and Wellness:	Students at Cedar Drive are encouraged to embrace a healthy and active life style through learned experiences from engaging and informative Physical Education and Health classes. Students have a choice in which physical activities they wish to participate in on a weekly basis including team and individual sports as well as cardiovascular exercises and programs designed by our Physical Education/Health staff. In addition, we offer a Mindfulness elective to our students in an effort to promote positive emotional health during these challenging formative middle school years.
Parent and Community Involvement:	The Colts Neck PTO is an integral part of CDMS. This organization provides mini-grants to teachers to enhance classroom learning and fund new projects. It also sponsors assemblies and speakers for students to help establish a culture grounded in acceptance, tolerance, and respect. We are proud that staff, students, parents and community members continue to work together to create a nurturing and supportive learning environment where students are challenged to reach their full potential.

Climate Surveys:	Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Administrators, Teachers Annually, Colts Neck Township Schools administers the New Jersey School Climate Survey to students (Grades 2-8), staff, and parents/guardians. The district uses results from this survey to identify areas of strengths and those that may be in need of improvement, according to our valued stakeholders We also compare survey results from prior years in order to establish trends. Results from the annual School Climate Survey are made available via the district website.
Facilities:	Students and staff at Cedar Drive Middle School enjoy modernized learning spaces that fully support our district's' mission and vision. Instructional spaces include an Innovation Lab, Science Lab, Computer Lab, Robotics Lab, Music Room, Band Room, Health Room and Art Room. We are fortunate to be located adjacent to the beautiful Bucks Mill Park which allows our students to enjoy physical education classes outdoors during the fall and spring as well as experience outdoor science explorations which include water testing, ecology walks, and marine life analysis.
School Safety:	The district has a "School Safety Specialist" as well as a team of security monitors and each campus also has its own Class III Special Law Enforcement Officer on site. The students, staff, and community have a voice in our security procedures and we conduct both security and fire drills at least once per month.

Other Information:	Our language arts literacy curriculum has been designed to reflect the Teacher's College Reader's and Writer's Workshop approach and is aligned to the Common Core Standards. Our math program consists of both regular and advanced courses which foster a sense of self-confidence and excitement about mathematics through promoting the ability to reason, construct mathematical ideas, and apply problem-solving strategies. In science, hands-on laboratory investigations are offered, as well as inquiry-based learning experiences so that students are motivated to seek knowledge, information, and meaning through questioning and discovery. Each student participates in at least one marking period of Project Lead the Way© to help foster important engineering principles aligned with the Next Generation Science Standards; sixth grade students take Design and Modeling, seventh grade students engage in Robotics, and our eighth grade students challenge themselves in the Medical Detectives course. The social studies curriculum includes U.S. I, U.S. II and World History topics and incorporates non-fiction reading and writing strategies in an effort to enhance students' ability to analyze and interpret informational text. Spanish and Italian are taught through an interpersonal approach and offered to all students on an alternate day schedule. Our related arts program includes art, music, chorus, explorations of 21st century technology skills, instrumental music, physical education, health, and communications arts. In addition, Cedar Drive offers opportunities to support the social, academic, and emotional development of every student through our advisory program. The main goal of our advisories is to build a strong sense of connectedness among all members of the school community. The program works to empower students to believe in themselves as individuals and to realize the impact that their words and actions have on others.
