English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Biology Assessment Information

New Jersey transitioned from the Biology Assessment to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Information about participation and performance on the PSAT, SAT, and ACT exams comes directly from College Board and ACT.

PSAT, SAT, & ACT - Participation

This table shows information about participation on the PSAT, SAT, and ACT exams. PSAT participation is the percentage of 10th and 11th graders that took the PSAT 10 or PSAT NMSQT exam in 2017-18. SAT and ACT participation rates show the percentage of 12th graders that have taken the SAT or ACT this year or in prior years.

Participation Type	School Participation Rate	State Participation Rate
10th and 11th graders taking PSAT 10/NMSQT in 2017-18	32.4%	85.0%
12th graders taking SAT in 2017-18 or prior years	53.5%	72.2%
12th graders taking ACT in 2017-18 or prior years	*	24.6%

PSAT, SAT, & ACT - Performance

This table shows how students performed on the PSAT, SAT, and ACT tests by subject area. The table includes average test scores, college readiness benchmarks, and the percentage of students that scored at or above these benchmarks. Benchmarks were defined by College Board and ACT and students that score at or above these benchmarks have a high chance of success in credit-bearing college courses.

Participation Type	School Average Score	State Average Score	College Readiness Benchmarks	School - Students Scores at or above Benchmark	State - Students Scores at or above Benchmark
PSAT 10/NMSQT - Reading and Writing	469	478	Grade 10: 430 Grade 11: 460	57%	62%

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. These include participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

AP/IB Coursework – Participation and Performance

This chart shows the percentage of 11th and 12th graders who enrolled in one or more AP or IB courses, who took one or more AP or IB exams, and who had one or more exams with an AP score of 3 or higher or IB score of 4 or higher.

Dual Enrollment Coursework - Participation

This graph shows the percentage students enrolled in at least one dual enrollment course during the school year. Dual enrollment courses allow high school students to enroll in college courses for credit prior to their high school graduation.

AP/ IB Courses Offered

This table shows the list of AP/IB Courses that were offered by the school or for which students took the corresponding AP/IB exam along with the number of students enrolled and the number of students taking the exam. Students do not need to take a course to take the exam and not all students enrolled in a course take the exam. The last two rows show the total number of exams taken and the number of exams with AP scores of 3 or higher or IB scores of 4 or higher. Students who take multiple examples are counted more than once in the last two rows.

This section contains information about participation in approved Career and Technical Education (CTE) programs and Structured Learning Experiences and students earning Industry-Valued Credentials. For more information about Career and Technical Education in New Jersey, please visit the NJDOE's Career and Technical Education website.

Career and Technical Education Participation

The graphs below show the percentage of students who were enrolled in courses in approved Career and Technical Education (CTE) programs. Students enrolled in shared-time Career and Technical Education programs in a county vocational school district are included in the percentages for both the county vocational school and their sending school.

CTE Participants
(completed only one course in an approved CTE program)

CTE Concentrators
(completed two or more courses in a single approved CTE program and/or completed the entire CTE program)

Structured Learning Experiences Participation

The graph below shows the percentage of students who participated in Structured Learning Experiences during the school year. Structured Learning Experiences can include work-based learning programs, internships, apprenticeships, and service learning experiences and can be paid or unpaid.

Students Earning Industry-Valued Credentials

Industry-Valued Credentials by Career Cluster

This table shows by Career Cluster the number of students enrolled in approved Career and Technical Education programs, the number of students that earned one or more industry-valued credential, and the total number of credentials earned. Students are only enrolled in one career cluster, but they may earn credentials in multiple clusters or earn multiple credentials within one cluster. Career Clusters without approved credentials are grayed out. Career Cluster rows will be hidden if no students were enrolled and no credentials were earned. The last row provides unique counts of students enrolled and students earning one or more credentials across all clusters.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	7:35 AM
Typical End Time	2:45 PM
Length of School Day	7 Hrs 10 Mins
Full Time - Instructional Time	6 Hrs 20 Mins
Shared Time - Instructional Time	N

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

Before and After School Programs:	Certified teachers provide after school support in Mathematics and English 2 times a week and transportation is provided. Aside from the Math and English support, our students can participate in the 21st Century Learning Program after school. This program is federally funded through a grant and offers Camden County Technical School students a variety of after school programs which address the social-emotional, physical, and academic needs of its students. Some of the programs are: Model UN, Jazz Band, and Mixed Martial Arts.
Staff and Professional Learning:	Literacy initiatives include English/Social Studies interdisciplinary units & district-wide summer reading. Math teachers meet regularly by course to increase math readiness & student success, implementing math practice during the summer. Teachers collaborate weekly through professional learning communities (PLCs) facilitated by teacher leaders. The PLCs focus on students learning through common assessments, data analysis of student progress, lesson design and reflection, and instructional strategies.
Postsecondary Information:	At Camden County Technical School we are committed to helping students realize their goals. Our students have been accepted to some of the best schools in the country, from Camden County College to Princeton and Georgia Tech. We host an annual College Night to discuss the application process and financial aid. We also assist with scholarship information, offer the SAT and PSAT testing at our campus, and host an annual college fair. Many of our graduates pursue apprenticeships, join the military or find immediate employment in the career path in which they have studied and earned a corresponding certificate.

Student Supports and Services:	Students have supports in place through the Counseling Office, Student Assistance Coordinator, Intervention and Referral Services, and the Child Study Team. We have an array of services available to meet our students' needs. Camden County Technical Schools also provides academic support after school in math and English with a certified teacher, as well as a National Honor Society (NHS) Peer Tutoring program.
Student Health and Wellness:	The Health and Physical Education courses taken by our students focus on cardiovascular health training, making good decisions, healthy living and driver education. The school utilizes the fitness center, gym, pool, and sports fields. All students begin the day with a free nutritious breakfast provided by the school district. The school lunch program exceeds the nutritional guidelines. The nurses' office provides yearly screenings, referrals, and athletic participation physicals with the school physician.
Parent and Community Involvement:	Our Parent Advisory Committee meets three times a year with opportunities to learn about available resources, meet district and school-level staff members, and participate in presentations by guest speakers. Many different voices have been heard during these meetings which have made them necessary, productive, and positive. Aside from the parent meetings, we also host meetings with business and industry leaders to ensure that our curriculum and equipment meet industry standards in all of our career programs.

Climate Surveys:	Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Administrators, Teachers The Gloucester Township Campus seeks feedback from stakeholders and provides a survey once a year to gather information on how parents, staff and students perceive the learning environment and school culture. The results indicated that stakeholders feel that the Gloucester Township Campus is a positive learning environment where students demonstrate respect for one another.
Facilities:	Our campus consists of 12 buildings. The buildings include a library, computer labs, an art room, gymnasium, fitness center, science labs, greenhouse, and various career program areas. The buildings have been under constant maintenance and renovation. Recently we replaced roofs, exterior doors and windows, installed a new security system, and renovated the video production studio and the Instructional Materials Center (library).
School Safety:	The safety and security of our students are of the utmost importance at the Gloucester Township Campus. A state-of-the-art security camera system monitors our hallways, entrances, and exits. Our team of security guards regularly patrols our campus to ensure our students are safe. All visitors are screened, identified and photographed upon entering our campus. All students and staff are required to wear ID Cards at all times. The Gloucester Township Campus has an active Crisis Response Plan in place and practices regular drills with our staff, students and local law enforcement. The purpose of our Crisis Response Plan is to protect all life and property in emergencies by coordinating response activities of Camden County Technical Schools, law enforcement agencies and fire and rescue personnel. The plan also provides administrators, faculty, and staff with guidance in emergency situations to prepare them for managing a potential crisis in the school.

Other Information:	The Gloucester Township Campus of Camden County Technical Schools is a National School of Character as designated by Character.org. Character.org sponsors a national competition for this prestigious and competitive National School of Character designation. This campus was named a National School of Character in 2015 and will hold the title until 2020. Students, staff, and parents all took part in the application process. Camden County College (CCC) provides high school juniors and seniors at Camden County Technical Schools with various opportunities to earn college credits for college-level work completed while in high school. Students may bank the credits earned for future enrollment at CCC or transfer them to other colleges and universities. Students may earn college credits through various programs, by participating in select AP academic classes, after school enrichment classes, and for units of study within certain career programs at Camden County Technical Schools via our college agreements. These dual-credit programs not only accelerate student achievement, but they also save time and money. Seniors may also be eligible to participate in our Senior Option program where they attend Camden County College full time during their senior year at no cost to the students. Students who participate can earn a year's worth of college credits when they successfully pass their courses. During the 2017-2018 school year, our student members of our Career and Technical Student Organizations (CTSOs) won the most regional, state, and national awards in the history of our school. Students who participated in Future Business Leaders of America, Family, Career and Community Leaders of America, FFA, For Inspiration and Recognition of Science and Technology Robotics, HOSA-Future Health Professionals, and SkillsUSA competed and won. Fifty-two students received recognition at the state level and 16 at the national level during the 2017-2018 school year.
