Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	79.62	17.5%
Mathematics Proficiency	80.21	17.5%
English Language Arts Growth	22.57	25.0%

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

Highlights:	• All K-4 students are challenged to think creatively and collaboratively in our newly established STEAM Lab. • New Chromebooks carts and an updated wireless network have made technology a reliable, accessible instructional resource • Character education is embedded into daily routines, classroom lessons and school-wide initiatives.
Mission, Vision, Theme:	The T. Baldwin Demarest School?s outstanding teaching staff is dedicated to the philosophy that children learn best in a supportive, nurturing environment that immerses the students in a developmentally appropriate curriculum. Incorporating formative assessments into the protocols of meaningful instruction supports the belief that assessment of students should be ongoing, conducted in a manner that reflects the natural learning environment, and used to drive instruction.
Awards, Recognition, Accomplishments:	During the 2016-17 school year, the T. Baldwin Demarest School was awarded the distinction of a Certified Digital Citizenship School. Our Teacher-Librarian was recognized as a Certified Digital Citizenship Educator. Additionally, our Library Assistant was named Library Assistant of the Year by the NJ Association of School Librarians. The school was also the recipient of the 2017 Bergen County Utilities Authority?s Environmental Challenge Grant.

Courses, Curriculum, Instruction:	The school?s instructional staff is focused on developing the foundations of reading, writing, and mathematics. Language Arts instruction is presented within a reading/writing workshop framework. Real-life problem-solving activities provide opportunities for the students to make mathematical connections to real-world situations while experimenting with numerous problem-solving strategies. Project-based, hands-on learning is the hallmark of our science and social studies program.
Clubs and Activities:	A number of enrichment activities are made possible through the generosity of the PTO. After School Clubs, facilitated by our teaching staff, is just one of the many beneficial programs that are funded by the PTO. Students are also given the opportunity to participate in activities such as chorus, band, and the International Dance Festival. Events including Field Day and Author-in-Residence visits offer our students additional opportunities beyond the delivery of standards-based curriculum.

Before and After School Programs:	An after school program facilitated by the YMCA of Bergen County provides extended care for students in kindergarten through 4th grade. Supervised care is available immediately after school until 7 p.m. in the evening.
Staff and Professional Learning:	In order to provide a high quality education for our children, the staff actively participates in district sponsored workshop offerings, on-going Northern Valley Curriculum Center seminars, and off-site conferences. Grade-level teams meet weekly and Professional Learning Community groups meet monthly to collaborate on best practices. Additionally, study groups and committees provide opportunities for teachers to explore a multitude of educational topics of interest.

Student Supports and Services:	Students are supported by an array of services. Interventions generally begin with the I&RS Committee and may advance to our in-house CST, if warranted. A Language Arts Specialist, math intervention teacher, Speech Therapist, ESL teacher, and occupational therapist provide on-site academic and/or therapeutic support. Services for physical therapy needs and hearing or visually impaired students are secured through our region, county special services, and/or the Commission for the Blind.
Student Health and Wellness:	Student health and wellness are facilitated through health and social skills classes and ample opportunities to engage in physical activity. Our P.E. teacher and school nurse facilitate health and social skills instruction which is then reinforced by each classroom teacher. Movement breaks are a regular occurrence in every classroom. All K-4 students participate in three 45-minute physical education classes each week. Additionally, students enjoy a 25-minute recess period on a daily basis.
Parent and Community Involvement:	Our active PTO funds events including our annual book fair, holiday shop, assembly programs and has supported the purchase of Smart Boards and laptops. Class parents volunteer to assist with in-class events and field trips. Community members are invited to workshop sessions designed to increase their understanding of current technologies and teaching strategies. Parents attend our annual concerts, art show, and invention convention. Information is disseminated through our Genesis parent portal.

Facilities:	The T. Baldwin Demarest School was built in 1965. The most recent additions and renovations were completed in 1997. This project included a full-size gym, fully equipped art room, and media center. At this time all rooms have air conditioning units or enjoy central climate controlled temperatures. The grounds include a newly surfaced playground for our kindergarten students and a larger playground for 1st through 4th grade students. A koi pond is the focal point of our courtyard.
