English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Biology Assessment Information

New Jersey transitioned from the Biology Assessment to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Information about participation and performance on the PSAT, SAT, and ACT exams comes directly from College Board and ACT.

PSAT, SAT, & ACT - Participation

This table shows information about participation on the PSAT, SAT, and ACT exams. PSAT participation is the percentage of 10th and 11th graders that took the PSAT 10 or PSAT NMSQT exam in 2017-18. SAT and ACT participation rates show the percentage of 12th graders that have taken the SAT or ACT this year or in prior years.

Participation Type	School Participation Rate	State Participation Rate
10th and 11th graders taking PSAT 10/NMSQT in 2017-18	100.0%	85.0%
12th graders taking SAT in 2017-18 or prior years	78.4%	72.2%
12th graders taking ACT in 2017-18 or prior years	28.4%	24.6%

PSAT, SAT, & ACT - Performance

This table shows how students performed on the PSAT, SAT, and ACT tests by subject area. The table includes average test scores, college readiness benchmarks, and the percentage of students that scored at or above these benchmarks. Benchmarks were defined by College Board and ACT and students that score at or above these benchmarks have a high chance of success in credit-bearing college courses.

Participation Type	School Average Score	State Average Score	College Readiness Benchmarks	School - Students Scores at or above Benchmark	State - Students Scores at or above Benchmark
PSAT 10/NMSQT - Reading and Writing	465	478	Grade 10: 430 Grade 11: 460	61%	62%

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. These include participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

AP/IB Coursework – Participation and Performance

This chart shows the percentage of 11th and 12th graders who enrolled in one or more AP or IB courses, who took one or more AP or IB exams, and who had one or more exams with an AP score of 3 or higher or IB score of 4 or higher.

Dual Enrollment Coursework - Participation

This graph shows the percentage students enrolled in at least one dual enrollment course during the school year. Dual enrollment courses allow high school students to enroll in college courses for credit prior to their high school graduation.

AP/ IB Courses Offered

This table shows the list of AP/IB Courses that were offered by the school or for which students took the corresponding AP/IB exam along with the number of students enrolled and the number of students taking the exam. Students do not need to take a course to take the exam and not all students enrolled in a course take the exam. The last two rows show the total number of exams taken and the number of exams with AP scores of 3 or higher or IB scores of 4 or higher. Students who take multiple examples are counted more than once in the last two rows.

Career and Technical Education Participation

The graphs below show the percentage of students who were enrolled in courses in approved Career and Technical Education (CTE) programs. Students enrolled in shared-time Career and Technical Education programs in a county vocational school district are included in the percentages for both the county vocational school and their sending school.

CTE Participants
(completed only one course in an approved CTE program)

CTE Concentrators

Industry-Valued Credentials by Career Cluster

This table shows by Career Cluster the number of students enrolled in approved Career and Technical Education programs, the number of students that earned one or more industry-valued credential, and the total number of credentials earned. Students are only enrolled in one career cluster, but they may earn credentials in multiple clusters or earn multiple credentials within one cluster. Career Clusters without approved credentials are grayed out. Career Cluster rows will be hidden if no students were enrolled and no credentials were earned. Information about students enrolling in colleges and universities after graduation is collected from the National Student Clearinghouse, which collects data from at least 95% of higher education institutions nationwide.

Postsecondary Enrollment Rates: Fall

This table shows information about Class of 2018 high school graduates enrolled in postsecondary institutions by the fall of 2018. The first column shows the percentage of graduates enrolled in any postsecondary institution, and the next two columns show the percentage of those enrolled students in 2-year and 4-year institutions.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	7:30 AM
Typical End Time	2:15 PM
Length of School Day	6 Hrs 45 Mins
Full Time - Instructional Time	6 Hrs 45 Mins
Shared Time - Instructional Time	N

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	26.65	15.0%
Mathematics Proficiency	48.42	15.0%
Graduation Rate - 4-Year	24.93	20.0%

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

Courses, Curriculum, Instruction:	"As today's society becomes more complex, the demands placed upon schools to educate young adults to take their rightful place in society becomes equally as difficult to navigate. This complexity is mirrored in the rigorous and relevant curricular offerings that have been developed for Delran High School. In addition to preparing for education or employment beyond high school, each student has individual desires and goals. Because each student has individual interests, a variety of courses have been developed to assist them in examining these interests. Our students take advantage of the curricular offerings not only to pursue their goals, but also to broaden their background and explore new and different ideas, concepts, and skills. "
Sports and Athletics:	Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Bowling (Boys & Girls), Cheerleading (Coed), Cross Country (Boys & Girls), Field Hockey (Girls), Football (Boys), Golf (Coed), Lacrosse (Boys & Girls), Soccer (Boys & Girls), Softball (Girls), Swimming (Coed), Tennis (Boys & Girls), Track and Field - Spring (Boys & Girls), Wrestling (Boys & Girls) "Athletics are an important part of the overall educational program at Delran High School. Participation in athletics is a privilege available to all eligible students. This privilege carries with it serious personal responsibilities to the team, school and the community that the athlete represents. Student-athletes will understand that an emphasis on academic achievement is of primary importance and that athletic achievement is secondary to this responsibility. The aim of athletics in Delran High School is to develop a wholesome attitude toward the school program, teams, participants and officials; to develop the qualities of loyalty, unselfishness, responsibility, cooperation, citizenship, leadership and sportsmanship; to compete successfully in a sportsmanlike manner; and to encourage the growth of morale, health and self-discipline of boys and girls. "
Clubs and Activities:	Delran High School offers over 40 clubs and activities for our students. The purpose is to supplement the curriculum and satisfy the diverse interests of our students. All students are encouraged to become involved in an activity at the beginning of the school year. All clubs and activities are open to all students of DHS.

Staff and Professional Learning:	"Delran High School teachers each have one 41 minute period each day to participate in Professional Learning Communities. This time is spent reviewing and revamping curriculum, collaboratively authoring common assessments, and using student data to inform instruction and improve teaching pedagogy. Teachers also participate in two Professional Development days designed and implemented by the teaching staff to share best practices with colleagues. Teachers have the ability to choose sessions that align with district, building, department, and individual professional goals."
Postsecondary Information:	"Delran High School is committed to preparing all students for Life After Delran. Eighty-one percent of our students continue their formal education at either a 4-year (50%) institution or 2-year (31%) institution. Five percent of our graduates enter technical or vocational school while 14% enter the military or pursue employment opportunities. Delran High School is proud to have graduates attending all four service academies at the present time: Army (West Point), Navy (Annapolis), Air Force (Colorado) and the Coast Guard (New London, CT)."

Student Supports and Services:	"Four percent of Delran High School are English Language Learners who participate in our ESL classes. They are an integral part of our community as we weave new traditions and cultures into the fabric of Delran. We have developed specific sections to meet the needs of the English-Language Learner to support their growth and provide support necessary for them to flourish. We are also proud of our National Honor Society students who volunteer many hours to support their peers. They make themselves available both during the day and after school to work one-on-one when needed."
Student Health and Wellness:	"Delran High School offers a robust Health Program designed to support the health and wellness of our population. We center on self-worth and good decision making without succumbing to peer pressure. All students also have the ability to graduate with certification in both CPR and First-Aid. Physical Education is offered for over 200 minutes each week where students participate in activities that promote life-long fitness. "
Parent and Community Involvement:	"Our collaborative work with the PTA is exceptional, involving parents in many aspects of our school decision making. They are members of interview committees and are a vital voice in formulating our school improvement plan. Delran also boasts one of the most amazing Homecoming traditions, involving the entire community culminating in a parade of student-made floats and skits. This event is the highlight of the fall! Delran also has a parent portal where parents can receive up-to-date information on their child's perfomance in the classroom. A newsletter is also broadcast on a bi-weekly basis to keep the community informed of the happenings at DHS."

Facilities:	Delran High School was built in 1975 to accommodate the growing population of Delran. Since, the addition of a state-of-the-art Science wing with a greenhouse was completed in 2012. A Fabrication Innovation Lab is being built in a renovated part of the building to support the STEM initiative of the district. This space will host classes from the entire district as well as serve as a community resource and post-secondary teaching space.
School Safety:	The Delran Township School District is committed to the safety and security of its students and staff. There is a secure vestibule being built at the entrance of DHS which will be monitored by an Armed Security Specialist. We have numerous procedures in place to address visitor management. Our School Safety Committee works diligently to ensure that there is a safe, positive environment for all students, designing school-wide activities and communication with parents to support this endeavor. District-wide, a panel of key stakeholders, including representatives from administration, food service, transportation, technology, and local law enforcement, meet at safety meetings to discuss various issues and refine our procedures under the direction of our District Security Specialists.

Technology and STEM:	Our Media Center houses two full computer labs and students participate in lessons to develop research skills for the 21st Century learner. Each classroom is equipped with a Promethean Board, allowing for interactive and dynamic presentation of materials. Additionally, DHS has 12 Chromebook carts which are used every period of every day to place technology in the hands of our students. Delran High School also has a thriving visual arts program where students explore graphic design, photography, and video production using industry standard equipment. There is a Robotics Team for students to compete in competitions. District-wide, we conduct special activities to celebrate the Hour of Code and resources are shared with the community to promote digital competencies and vocational awareness as we prepare students for jobs that have yet to be created. We also host a STEM Fair annually where students are able to show off their skills for the community.
