Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	9:00 AM

Length of School Day	6 Hrs 15 Mins
Full Time - Instructional Time	5 Hrs 30 Mins
Shared Time - Instructional Time	N

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	75.65	17.5%
Mathematics Proficiency	86.67	17.5%
English Language Arts Growth	76.84	25.0%
Mathematics Growth	82.08	25.0%
Progress Towards English Language Proficiency	**	**
Chronic Absenteeism	44.66	15.0%
Summative Score: Sum of all indicator scores multiplied by indicator weights	74.83	n/a
Summative Rating: Percentile Rank of Summative Score	85.66	n/a
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile	No	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

Highlights:	• Days begin with morning meetings that are based on the NE Foundation for Children's Responsive Classroom. • Literacy Instruction is modeled after the work of Columbia University's Reading and Writing Project. • Our Math instruction is also based upon a workshop model.
Mission, Vision, Theme:	Conover Road Elementary School encourages children to become life-long readers, writers and mathematical thinkers. Our students are provided with opportunities to take risks and ask essential questions as they discover, create, and problem-solve in a myriad of learning experiences such as our iLab and SciLab. School culture is tantamount as we encourage strong connections to the greater community and offer a comprehensive club program after school hours.
Awards, Recognition, Accomplishments:	2018-2019 is the 50th year of Conover Road Elementary School. In this 50th year, we are celebrating the past, present, and future of our educational journey. Celebratory events and reunions have been planned with the purpose of recognizing those who have helped shape our school into what it is today and the unique history of our school within the community of Colts Neck.

Courses, Curriculum, Instruction:	Our Literacy program is based upon the work of Columbia University's Teachers' College Reading and Writing Project. Our Math instruction also follows a "workshop" model and we have recently introduced the enVision 2.0 program which we will use as a resource. Science is conducted in a lab setting with 4 classes per week split evenly between the Innovation Lab and the Science Lab.
Clubs and Activities:	Our school offers a variety of extended day "Club" opportunities for students. The format is typically 1 hour after school and offerings change from year to year based upon teacher offerings and student interest.

Before and After School Programs:	The Colts Neck Township School District offers daily before and after school care, through our tuition-based "Colts Club" offering. Beginning at 7:30 a.m., children enjoy opportunities for games, thematic projects, and crafts before being escorted to their classrooms. At the conclusion of the day, children may work with Colts Club staff on homework, enjoy the playground, or small group activities. The program concludes at 6:30 each evening.
Staff and Professional Learning:	Staff enjoy a variety of opportunities for continued growth and professional development. We have full day and half day inservice throughout the year as well as weekly Professional Learning Community meetings. Our teachers also have common planning time to increase the collaboration among our teams. Staff also apply for out of district professional development opportunities in areas of interest and connected to their professional development plans.

Student Supports and Services:	We have a comprehensive support program for all levels of student needs. Individualized learning is a priority at CRES and we offer Special Education courses for students with IEPs, basic skills support for struggling learners, as well as enrichment classes for those who are excelling.
Student Health and Wellness:	Children at Conover Road Elementary School participate in a daily outdoor recess, two Physical Education classes each week, and children in all grades participate in one Health class per week. To encourage a sense of community and positive emotional health, children join in daily classroom morning meetings using the "Responsive Classroom" methodologies.
Parent and Community Involvement:	We have a very supportive PTO which offers mini-grants to our teachers each year as well as funding for trips and larger ticket items through their "Legacy" gifts. Our district also supports our Friends of Different Learners advocacy group which includes staff members and parents. This year we are also participating in the "SUSHI" club with students from Asbury Park as we support the Suburban/Urban Healthy Schools Initiative.

Climate Surveys:	Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Administrators, Teachers Our Superintendent has collected the thoughts of the community through utilization of the state's school climate survey template. The results of the survey have been shared through presentations at Board of Education meetings and have provoked healthy conversations about improvements based upon the feedback of our stakeholders.
Facilities:	Students and staff at Conover Road Elementary School enjoy modernized learning spaces that fully support our district's' mission and vision. Instructional spaces include an Innovation Lab, Science Lab, Computer Lab, Media Center/Library, Music Room, Band Room, Health Room and Art Room. Children have access to technology including iPads, Chromebooks, and Desktop computers. We have an "outdoor classroom" with stage-style seating for classroom opportunities on pleasant weather days, in addition to many other innovative classroom designs.
School Safety:	The district has a "School Safety Specialist" as well as a team of security monitors and each campus also has its own Class III Special Law Enforcement Officer on site. The students, staff, and community have a voice in our security procedures and we conduct both security and fire drills at least once per month.
