Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism by Grade

This graph shows the percentage of students by grade level who were chronically absent during the school year.

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	7:40 AM
Typical End Time	2:15 PM
Length of School Day	6 Hrs 35 Mins
Full Time - Instructional Time	N
Shared Time - Instructional Time	N

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	82.88	17.5%
Mathematics Proficiency	53.50	17.5%
English Language Arts Growth	63.98	25.0%
Mathematics Growth	28.61	25.0%
Progress Towards English Language Proficiency	**	**
Chronic Absenteeism	56.53	15.0%
Summative Score: Sum of all indicator scores multiplied by indicator weights	55.49	n/a
Summative Rating: Percentile Rank of Summative Score	57.94	n/a
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile	No	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

Courses, Curriculum, Instruction:	Reading, Writing, Science, Math and Social Studies are our core curriculum. Students also take Art, Music, Spanish, PE, Health, STEM and enrichment classes based on their interests. Academic classrooms have interactive whiteboards to motivate and engage students. Each student has an assigned Chromebook to utilize throughout the day. Homework and links to programs and activities for students are on our website. Extra help is available via Homework Hangout or after-school with teachers.
Sports and Athletics:	Sixth graders may participate in two “no-cut” sports for an inclusive, interscholastic athletic experience. These opportunities are in cooperation with the seventh and eighth grade students from our connecting sister school. Interscholastic sports available to sixth graders are wrestling in the fall and track and field in the spring.
Clubs and Activities:	Many extra-curricular activities allow students to explore interests and develop abilities. They can join one of 20 clubs, such as Art, Babysitting or Yearbook or one of 10 intramurals, such as Basketball, Flag Football, or Cross Country. Students can try something new or continue to pursue a talent. Dances, roller skating, bowling, math carnival, concerts, science and literacy nights plus Book Fair, Camp and an event at an indoor water park create enjoyable social and educational experiences.

Student Supports and Services:	Medford Township provides comprehensive services and supports for its students. These include ESL Programs, Basic Skills Instruction in Math and Reading, Differentiated LAL curriculum, home instruction, 504 Accommodations, and a continuum of programs for students with disabilities. I&RS Teams are organized to provide interventions and strategies for students experiencing difficulties in the school setting. School Counselors, Nurses, and Behaviorist address emotional, medical, and behavioral needs.
Student Health and Wellness:	Students have Health or Physical Education classes every day for the full school year. This is an expanded program which includes kinesthetic opportunities daily as well as topics related to mental health such as dealing with stress and digital citizenship. The Media Specialist and Guidance Counselor support safe practices in the digital world with lessons throughout the year. Our Rise and Shine morning snack program provides students with a breakfast of grab-and-go hot and cold foods.
Parent and Community Involvement:	The Home and School Association and the Medford Education Foundation support the schools through fundraising efforts. Parents volunteer in our Media Center or Art classes. Families participate in Literacy and Science Nights, Sahara Sam's, and concerts. Parents may chaperone our Outdoor Education Camp as well as attend their child's classes on Visitation Day. Genesis is our district website portal for parents to check grades and attendance.

Facilities:	Our school has a renovated entrance for security and cameras and other devices upgrade safety standards and support security protocols. Our air conditioned building has a media center, gymnasium and cafeteria. The cafeteria showcases an on-going project of large, student-created mosaic murals with subject area highlights. Haines has 3 science labs and 1 STEM lab. The art room has an alcove with a kiln for clay projects. A combined choral/music room provides space for large ensemble groups.
School Safety:	School safety and security are a top priority in Medford Township. Medford Township facilities employ a comprehensive access control policy and building based system. Designated technology infrastructure supports the overall district wide security protocols. Video surveillance and communication systems are in place within and outside of all facilities. All administration and staff are certified on a consistent district security response protocol. Various types of building and district response drills are completed on a monthly basis in cooperation with Medford Township's Public Safety personnel. A School Resource Officer is assigned to the middle school campus in addition to our ongoing partnership with the Medford Township Public Safety Department.

Other Information:	Acclimation is our goal for students from the onset of the school year, with team-building lessons and activities planned to build a school-wide spirit of cooperation while developing students' self-reliance. Staff members and students work together to develop a learning community that values individual uniqueness and understands how individual differences benefit the learning community as a whole. A full-time school counselor visits classrooms and the health room to teach skills regarding character education as well as providing small group counseling sessions. Students who demonstrate the key characteristics of responsibility, integrity, respect, kindness, cooperation and achievement are recognized by their teachers, and their peers, in a monthly character award ceremony.
