Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:55 AM
Typical End Time	3:25 PM
Length of School Day	6 Hrs 30 Mins
Full Time - Instructional Time	5 Hrs 5 Mins
Shared Time - Instructional Time	4 Hrs. 5 Mins.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio
2017-18	1.1:1

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	66.00	15.0%
Mathematics Proficiency	82.35	15.0%
English Language Arts Growth	46.74	20.0%
Mathematics Growth	94.30	20.0%
Progress Towards English Language Proficiency	78.72	20.0%
Chronic Absenteeism	67.51	10.0%
Summative Score: Sum of all indicator scores multiplied by indicator weights	72.96	n/a
Summative Rating: Percentile Rank of Summative Score	83.35	n/a
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile	No	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

Highlights:	• Curriculum focuses on all domains of learning social-emotional, physical, cognitive, and communication. • Students participate in cultural arts programs and field trips to enrich the curriculum. • Activities such as reading incentive programs and Book Bistro are conducted to promote a love for reading.
Mission, Vision, Theme:	The mission of the Parsippany-Troy Hills Township School District, in partnership with families and the greater community, is to challenge and nurture all students academically and to develop confident learners who are compassionate, generous, appreciative, and invested in their diverse world. This will be accomplished through innovative opportunities inspiring life-long learning, critical thinking and problem solving, creative exploration, and democratic collaboration among students and staff.
Awards, Recognition, Accomplishments:	Mt. Tabor School has been the recipient of a grant for the past sixteen years sponsored by the NJ Clean Communities. Funds are used to provide educational programs to our students addressing recycling and the benefits of protecting the earth and the environment. This past year we were also the winner of our district's expressive reading competition.

Courses, Curriculum, Instruction:	We use Reading and Writing Workshop for Literacy and GoMath for our math curriculum which has an online component in Think Central. Think Central includes an online homework element available to students and parents, as well as a personalized learning plan that can be created for students by the teachers. For Science, we are transitioning to FOSS (Full Option Science System) which has an online platform for virtual labs, animations and virtual field trips. We use Houghton Mifflin for our social studies curriculum, which offers some online resources. Homework policy is 10 minutes per subject.
Sports and Athletics:	Physical education is a very important part of the total education of a child. Our program contributes to the development of the whole student, including the areas of physical abilities (psychomotor), intellectual development (cognitive), and a sense of fair play and good sportsmanship (affective behaviors). Each student is unique and is encouraged to do their best.
Clubs and Activities:	Our students are offered many opportunities to get involved outside the classroom, allowing them a chance to grow not just academically but socially as well. They can participate in Art Club, Band, Book Club, Chess Club, Chorus, Drama Club, Expressive Reading Club, Garden Club, Music Club and Yearbook Club. Leadership is fostered through K-Kids, Peace Makers, Safety Patrol and Student Council. We also host a talent show showcasing our students' many talents.

Other Information:	Mt. Tabor School ensures student success by utilizing a variety of excellent approaches and programs. Differentiated approaches include peer collaboration, authentic tasks, learning centers, guided reading groups and the use of instructional technology in both the classroom and computer lab. Math instruction is based on the rigorous and challenging Common Core Standards and includes the use of manipulatives and web-based technology. Language Arts instruction provides integrated experiences in reading, writing, listening, and speaking using a workshop approach. Science instruction emphasizes the New Generation Science Standards with engaging STEAM acitivities. We also have specialists in physical education, art, vocal and instrumental music, guidance, and library/media. Other available services include special education, a program for the academically gifted, speech, basic skills, and ESL. In addition, our Child Study Team insures that students in need are placed in appropriate programs. Parent involvement is a vital component of Mt. Tabor's education program. Our PTA sponsors cultural arts programs that support our instructional goals and numerous parent volunteers assist with classroom activities, lend a helping hand in the media center, and serve on decision-making committees. Working in close partnership with parents, Mt. Tabor provides an environment that focuses on high expectations achieved within a supportive and collegial atmosphere.
