Get started with Employer Access

Businesses can now use our Employer Access application (formerly called TWES) to:

- report employees refusing suitable work,
- view an account summary, payment history and any deficiencies,
- check employer and worker contribution rates,
- submit a Shared Work application, and
- download an annual contribution rate

notice.

To register for Employer Access, your business must be subject to the New Jersey Unemployment Compensation law and be required to file both Forms NJ927 and WR30.
