Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	96.09	17.5%
Mathematics Proficiency	79.74	17.5%
English Language Arts Growth	54.21	25.0%
Mathematics Growth	58.40	25.0%
Progress Towards English Language Proficiency	**	**
Chronic Absenteeism	59.71	15.0%
Summative Score: Sum of all indicator scores multiplied by indicator weights	67.88	n/a
Summative Rating: Percentile Rank of Summative Score	77.49	n/a
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile	No	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

Courses, Curriculum, Instruction:	The academic curriculum at Lincoln School includes Reading, Writing, Mathematics, Science, and Social Studies. We have aligned ourselves with Teachers College at Columbia University, to implement the "Workshop" apporach of teaching Reading and Writing. In Mathematics we are utilizing the "GO MATH!" series to challenge our students on higher order mathematical operations. The special area courses include Art, Media, Music, Physical Education and World Languages. All course of studies follow the New Jersey Student Learning Standards.
Clubs and Activities:	Lincoln School offers a variety of Clubs before, during, and after the school day. The Going Green Club teaches how to live a "Greener" life while implementing those strategies throughout the building. Our Safety partols show responsibilites that strenthen character and provide an opportniity to lead. Student Council involves 3rd to 5th grade students serving as the pupil's voice in pupil affairs. Finally, our Jump Rope teams visit other schools in New Jersey to promote the American Heart Association.

Student Supports and Services:	Lincoln School provides a plethora of services and support our students to ensure that they succeed. Teachers themselves are available one 1/2 hour, once per week to provide "Extra Help" to students. The Intervention and Referral Services (I&RS) Team monitors student progress and places students, when needed, in a K-3 Reading Intervention Porgram, 3-5 Basic Sikills, or ELL Instruction. Finally, Special Services provides Pull-Out-Replacement Courses as well as Inclusive Classes.
Student Health and Wellness:	Lincoln Elementary School has a fulltime Certified Registered Nurse, part time Guidance Councelor and has access to the Child Study Team's School Pychologist, Social Worker, Learning Disability Teacher Consultant, Behavioralist, Occupational Therapist, Physical Therapist and Speech and Language Specialist.
Parent and Community Involvement:	The Lincoln School PTA is an extremely involved Parent Teacher Organization that has done and continues to do tremendous things for our students. Their profound fundraising efforts have gone into outfitting every classroom with a SmartBoard/Promethean Board, Hover Cams, Online Reading subscritions, etc. They provide programs during the school day to enhance character education as well as the curriculum. They run school dances, organize window painting, manage Book Fairs, and conduct after school programs like Art Clubs and Fitness Clubs.

Climate Surveys:	Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Administrators, Teachers Our School Climate Survey is sent out once per year by our Central Offuice. Students, parents, and staff members all receive their own survey. The results of this survey are shared with members of the School Safety Team. Questions on the survey include information about how the students, teachers, and staff feel about the overall school environment, in regards to climate and safety. This data is also used in implementation of future programs and initiatives.
Facilities:	The physical plant of Lincoln School is over 105 years old. The building has 27 classroom spaces for instruction, a Media Center, Art/Music Room, and a Gymnasium that also serves as a Cafeteria. The district constantly provides improvements to the building, with the completion of a multi-million dollar referendum. This improvement within the referendum replaced outdated heating units as well as placed ventilation ducts within each classroom for fresh air ventilation. The District is now looking to remoel the recently relocated main office.
School Safety:	Lincoln Elementary School works closely with the Hasbrouck Heights Police Department, Bergen County Sheriff's Department, and Bergen County SWAT Team. The school completes all state required School Safety Dills. We are constantly reviewing and improving upon our school safety practices to meet the needs of our students' safety.
