Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	30.21	17.5%
Mathematics Proficiency	63.80	17.5%
English Language Arts Growth	7.52	25.0%

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

Before and After School Programs:	C.A.R.E. is the Franklin Public School District's before and after school childcare program, serving students from Pre-Kindergarten to Sixth-Grade. At C.A.R.E, which stands for culture, arts, recreation and enrichment, students participate in a variety of activities, including snack time, reading and recreation. Although C.A.R.E. is a program for enrichment and social interaction, staff reinforces concepts learned in school and provide homework time. In addition to C.A.R.E., a new Morning Clubs Program was started in all seven elementary schools in the Fall of 2018, in which students can pick up to two before-school activities, including Dance, STEM, Instrumental Music, and many other learning opportunities.
Staff and Professional Learning:	Current district PD was identified through a shared process across district stakeholder groups and addresses achievement patterns illustrated in this 2017-2018 report. The following areas were identified: PD to help leaders continue to reinforce an integrated instructional vision; to improve accountability systems and equity; to explore avenues to address social/emotional learning; to embrace technology best practices via the Future Ready initiative; and to improve content area expertise.
Postsecondary Information:	Over 80% of the district's graduates continue their education at 2 or 4-year schools. While most students attend NJ institutes, students also attend schools across the country. Students are supported in post-secondary planning via comprehensive and developmentally appropriate college and career planning throughout their education. This includes individual, small and large-group counseling, and school and community-sourced supports.

Student Supports and Services:	District integrated Student Support Services include comprehensive Special Education and Related Services for Students aged 3 Ð 21, Tiered Intervention Services, and Model Bilingual/ESL programs. These programs are provided through supplemental interventions, therapeutic services, and comprehensive instructional classroom environments. Additional programs include health services, integrated preschool programs, transition programs, and wrap-around therapeutic mental health programs.
Student Health and Wellness:	The Franklin Township Health and Physical Education Program is dedicated to providing a curriculum in which students apply the skills and knowledge necessary to confidently lead a healthy and active lifestyle. Each school participates in a breakfast program in which all students have access. Students are encouraged to participate in recess, activity breaks and mindfulness as appropriate throughout the school day.
Parent and Community Involvement:	The CRS PTO is an active parent organization that offers school events, field trips and other educational experiences to involve parents and the school community. Voter Registration is encouraged and conducted with other community organizations in the township. SCIP, School Safety and CRS School Beautification are significant highlights to support parent involvement. The CRS school website promotes all actitivities and school events as well as Twitte, Connect Ed, and CRS PTO highlights.

Climate Surveys:	Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Teachers As a means of supporting the district's initiative to build more social/emotional learning opportunities for its students, all district schools have used the NJDOE culture and climate surveys to support Professional Learning Communities designed to address culture and climate in each school. This fall the schools issued the survey as a baseline and will follow through each year with an annual spring survey as well.
Facilities:	Conerly Road School was built in 1966; it is air-conditioned through window units and recent updates include a new boiler system and playground designed for Grades PreK to 4. The district will open Claremont Elementary School in September 2018, which will allow FTPS to restructure its grade levels and eliminate a transition for students; this will allow all district elementary schools to offer a robust 21st Century learning experience to all students in spacious, well-designed settings.
School Safety:	This year a Class 3 police officer was added for school safety in addition to the security measures that were already in place

Other Information:	In the Spring of 2018, the NJDOE identified Franklin Township Public Schools (FTPS) as a High Performing School District. FTPS embraces its diversity: Its families report 65 different languages as their native language. FTPS fosters excellent educational innovation: Six of its schools were part of the inaugural group of schools certified by Future Ready Schools, a program created by NJIT, the NJDOE, and the NJSBA. This certification allows FTPS schools to serve as an example to others in the state. FTPS empowers all students to achieve their highest potential: From its high quality full-day preschool program to its 28 Advanced Placement and/or Concurrent Enrollment Program courses, FTPS offers its students outstanding academic rigor. Over $1 million in scholarships is awarded to FTPS students each year, and FTPS students attend universities throughout the nation. FTPS students also excel in athletics and extracurricular activities: The Lady Warrior basketball team and the boys track team were recent state champions. One of the district's students was named the 2017 Paper Mill Rising Star Award for Outstanding Actress. The Model UN team enjoys continued success in national competitions, as does the school's Junior Classical League team and the Marching Band. District communication is achieved through the district website: https//www.franklinboe.org; district Twitter: @FTPSchools; as well as through the Focus on Franklin video newsmagazines. FTPS is truly "On the Move": In September 2018 the district completed the major construction projects promised in its One Less Move Referendum campaign, including its seventh elementary school and a single middle school program offered on two campuses. The reconfiguration of grades PK-5, 6-8, and 9-12 will provide greater continuity for the district's students and help continue its mission to celebrate its diversity, foster excellent educational innovation, and empower all students to reach their highest potential.
