Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	48.34	17.5%
Mathematics Proficiency	73.99	17.5%

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

If there are questions about the information provided in the narrative section, please contact your school directly.

Highlights:	• RFIS educates the whole child through engaging and personalized instruction with an emphasis on 21st century skills. • RFIS is a 1:1 Chromebook school. Technology Integration Specialists work with teachers to move lessons forward in fresh, new unimagined ways. • RFIS has a music program of more than 500 members in band, chorus, orchestra and guitar ensemble. The RFIS Art and Technology programs are based on student choice and design thinking.
Mission, Vision, Theme:	As a learning community, the Reading-Fleming Intermediate School is committed to providing experiences that nurture our learners so that they can achieve their greatest potential. Together we strive to embody a culture that is informed, inquisitive, responsible, accepting and respectful. As a learning community, we are committed to collaboration, problem-solving, creative thinking, and ethical behavior. Together, we strive to respond to a diverse and ever-changing society.
Awards, Recognition, Accomplishments:	RFIS recognizes weekly "Superhero Awards" for students who exhibit positive character traits. Students receive "Team Awards" from their teachers recognizing both academic success and positive character traits. Staff members are recognized through "Shout-outs" at faculty meetings. Students are selected to serve as "Peer Leaders" by staff. RFIS is currently implementing a "Great Kindness Challenge" where students keep track of 50 acts of kindness they can demonstrate to others.

Courses, Curriculum, Instruction:	The RFIS schedule consists of 64min instructional blocks. Students have mathematics and language arts on a daily basis and have science and social studies every other day. Our related arts program operates on a six-day cycle where students receive instruction in music, art, technology, world language and physical education each year. In the Excel block, students receive support services, instrumental music instruction, engage in enrichment opportunities (such as "Genius Hour"), and have access to their core teachers.
Clubs and Activities:	The Reading-Fleming Intermediate School music programs are held within the school day and are comprised of more than 500 members in band, chorus, orchestra and guitar ensemble. We offer a wide array of after-school activities. Students may participate in numerous intramural sports programs as well as a diverse and fluid set of club offerings.

Before and After School Programs:	RFIS offers a before and after school learning lab that is open for all students to attend three days a week. Designated teachers supervise and provide assistance to students who attend learning lab.
Staff and Professional Learning:	Professional development focuses on educating the whole child through engaging and personalized instruction with an emphasis on 21st century skills. Teachers are encouraged to collaborate with one another as reflective practitioners to meet the diverse needs of today's learners. RFIS staff are currently engaged in 15 choice-based PLCs in addition to building and district level professional development that is provided.

Student Supports and Services:	RFIS offers a tiered program for ELLs. Students identified as needing additional instructional support are assessed through multiple criteria and tiered based on the level of support needed. Students with disabilities receive appropriate services through a variety of self-contained, resource, and inclusion programs across all content areas depending on the needs of the individual student. Classroom teachers integrate practices associated with the RTI model and RFIS has two Intervention and Referral Teams available for staff and students. School counselors manage 504 programs and also serve as school anti-bullying specialists.
Student Health and Wellness:	In addition to the Physical Education program, RFIS students participate in "Expressions" on a daily basis either before or after lunch. Expressions consists of recess as well as opportunities for students to further explore their interests in the RFIS related arts offerings. Mindfulness practices are implemented in the classroom setting and breakfast is offered on a daily basis.
Parent and Community Involvement:	The Reading-Fleming Intermediate School PTO plays a powerful role in our school community. The PTO sponsors cultural arts programs, student activity nights, historical and environmental walking field trips (within Flemington) and the 6th Grade Sendoff.

Facilities:	The building housing RFIS has undergone many additions over its 100+ year history. As a building formerly utilized as a middle school, RFIS students have access to secondary level science and related arts learning spaces. This includes but is not limited to: two gymnasiums, two art classrooms, a computer lab designated for coding, a maker space, media center, and a musical arts wing.

Technology and STEM:	We believe we can make anything we imagine. We believe in design thinking – designing with empathy, in order to help others or society. These are the core beliefs that guide our Design and Technology programs. The RFIS Makerspace is a DIY space where students can gather to create, invent, and learn. We have 3D printers, software, electronics, craft and hardware supplies and tools, and more. For the coding portion of our program, 5th grade students utilize Tinkercad to learn 3D design skills and 6th grade students utilize Scratch to learn computer programming. Design thinking is encouraged throughout all courses. This approach and the learning tools associated with it are not limited to a lab or one single "space" within the school.
