Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:55 AM
Typical End Time	3:35 PM
Length of School Day	6 Hrs 40 Mins
Full Time - Instructional Time	5 Hrs 50 Mins
Shared Time - Instructional Time	N

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	97.04	17.5%
Mathematics Proficiency	85.07	17.5%
English Language Arts Growth	95.68	25.0%

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

Highlights:	• Yardville is a 2017 NJ School of Character and a National School of Character recipient. • STEAM is an area specifically taught to students in grades 3-5 by a teacher certified in educational technology. • Yardville's teachers are learning about helping students and families develop a growth mindset, and focusing on Social Emotional Learning.
Mission, Vision, Theme:	Yardville’s mission, S.T.A.R.S.-Students Taking Action & Responsibility for Success, encourages students to advocate for their own learning. We foster academic, physical, and social-emotional development of all students, assisting them to become life-long, responsible citizens who know how to collaborate and problem-solve. This year our theme, which supports our mission, is 'Building A Better Us.'
Awards, Recognition, Accomplishments:	Yardville is very proud of the recently earned 2017 NJ School of Character and 2017 National School of Character awards which we will be able to claim for the next three years before having to reapply for this honor.

Before and After School Programs:	Yardville Elementary School offers students of all grade levels beyond kindergarten, and their families, a STEM night program. The gifted and talented teachers offer the program to students to come back to school at night and explore activities with their families. Students learn through discovery and guidance from teachers.
Staff and Professional Learning:	Monthly faculty meetings are held for in-school professional development focused on meeting the needs of Teacher Professional Growth Plans. A Choice book study supports this learning as do PLCs and action research by our teachers. Monthly grade level data team meetings and grade level planning meetings are held. Teacher leaders participated in the Teacher Leader Program in conjunction with TCNJ. A group of teachers were also trained in "Lesson Study."

Student Supports and Services:	The following services and supports are available to eligible students at Yardville Elementary: ESL Instruction, Basic Skills Instruction, Speech/Language Instruction, OT, and PT. Students with disabilities may also receive Resource Room Support and/or Replacement Instruction. I&RS services are tiered and designed to assist students who are having academic, behavior, or health difficulties that significantly impact their ability to learn and achieve.
Student Health and Wellness:	Yardville Elementary School offers a breakfast program for all students. Students engage in physical activity daily during recess and weekly during physical education classes. This year, the students at Yardville participated in a school wide "Fun Run" which was a character building, fitness event designed to also fundraise for our school to benefit the students. In the spring, students also participate in their Field Day event where they collaborate in teams in a variety of physical activities.
Parent and Community Involvement:	Yardville's 2017 National School of Character award recognized our school for having an especially strong parent and community involvement program. Our PTA is an integral part of the school. Members serve as room parents for classroom parties, the Book Fair, Ice Skating Party, Field day, movie nights, Mother-son event, Father-daughter dance, kindergarten orientation, Halloween dance, and a 5th grade end of year celebration, to name a few. Parents also lead our school’s service learning club.

Climate Surveys:	Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Administrators, Teachers An annual school climate survey is administered to parents, staff & students to address the physical & emotional environment, teaching & learning, relationships & morale. The school climate committee analyzes the results to identify areas of strength & growth & collaboratively sets goals for the following year. As noted in the 17-18 survey, 96% of parents agree that the learning environment is excellent and 96% of parents agree that teachers have built strong relationships with their children.
Facilities:	Yardville Elementary School is 79 years old. Although our facility is starting to show its age, our custodial staff take pride in keeping the building clean and in the upkeep of our renovated playground. Our wireless network was recently updated and our auditorium roof will be repaired at the end of this school year. We recently had our hallways painted blue in keeping with our school colors of blue and gold. We look forward to planning an outdoor learning space this school year.

Other Information:	The school day starts at Yardville Elementary School at 8:45 a.m. and concludes at 3:35 p.m. We have two lunch periods that are 30 minutes each allowing students plenty of time to eat and socialize with peers. Students participate in a 30 minute recess with their classmates monitored by the classroom teacher. We have two integrated half-day preschool classrooms and a full-day disabled preschool class. We have SMART boards and/or interactive whiteboards in each classroom. All students have access to First in Math and RAZ Kids. Our students and teachers utilize Google classroom for discussion and collaboration. Students participate in formative benchmark testing and results are analyzed to plan for future instruction. Teachers collaborate to plan for rigorous, student-centered data-driven lessons. We communicate with our families via "Quick News" emails sent by our PTA, as well as a twice a month Newsletter - YES This Week from the Principal. Our School Climate Committee reviews and evaluates all cases of possible and confirmed cases of HIB to improve safety and well-being in our school.
