Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:30 AM
Typical End Time	2:55 PM
Length of School Day	6 Hrs 25 Mins
Full Time - Instructional Time	N
Shared Time - Instructional Time	5 Hrs. 30 Mins.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	94.61	17.5%
Mathematics Proficiency	74.82	17.5%
English Language Arts Growth	50.06	25.0%

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

Highlights:	• Technology is a part of each school day, with students utilizing Chromebooks in grades 2-4. In grades K-1, Chromebooks are used weekly during the Library block and also occasionally within the class. • The results of the 2017 PARCC Assessment for our students was above the state average of performance in Math and ELA. • Our Student Council fundraisers and our Listeners Program are great connections to the community. On 9-11 and Veterans Day we welcome our US Veterans. We also include successes in the SP newspapers.
Mission, Vision, Theme:	With high expectations for student achievement, a highly qualified and effective staff, and interested and supportive parents, the John F. Kennedy School community is dedicated to providing our children with the confidence, sense of responsibility, and academic preparation they will need to meet the challenges of the 21st Century.
Awards, Recognition, Accomplishments:	Our students and staff continue to support various organizations throughout the school year. We have collected hundreds of dollars in donations for the Red Cross, Breast Cancer Awareness, Ovarian Cancer Awareness, Middlesex County Food Shelters, and the Union County Animal Shelter.

Courses, Curriculum, Instruction:	Kennedy School students have access to an English Language Arts Basic Skills part time teacher, as well as, a Math Basic Skills program that works within all classrooms at Kennedy School. Students that are identified for these programs receive intense supplemental instruction that improves their content knowledge throughout the school year. The Gifted and Talented Program, called SEEDS, is taught to students who qualify one day a week by a district G & T Teacher.
Clubs and Activities:	John F. Kennedy School offers a wide variety of clubs and activities for students who are looking for an additional way to learn and grow while attending our school. Programs such as Go Girl Go Club, Student Council, Safety Patrol, Boys Scouts, Girl Scouts, and the Principal's Student Senate are intended to be supplementary to the school day, but not necessarily academically rigorous.

Student Supports and Services:	Kennedy School does not have an English Language Learners service at this time due to the current population of students at Kennedy School. Our school services include an Intervention & Referral Services (I&RS) Program that identifies weaknesses in a student's academic, social, or emotional educational program and assists teachers. With a School Psychologist and Guidance Counselor in the school regularly, services related to Section 504 and Special Services are monitored daily.
Student Health and Wellness:	In order to ensure that our school remains a healthy learning environment it is important that children who are sick do not attend school. Our school nurse has an extensive website of information that assists with keeping parents up to date on medical trends and illnesses. Our teachers and Guidance Counselor plan lessons that teach students about healthy living and preventive measures of protecting themselves from germs and sicknesses.
Parent and Community Involvement:	We believe that it is important for the home and school to work together and encourage our parents to be partners in their children's education. Our PTSO sponsors assemblies, visiting authors, family BBQs and trips. Through their fundraising effort, numerous gifts such as smartboards, Chromebooks, and air conditioners have been donated to our school. With their help, our children enjoy Trunk or Treat, the Holiday Boutique, Read Across America, Book Fairs, and many other events.

Other Information:	At John F. Kennedy School, we believe that all children will learn in a nurturing and supportive environment that celebrates their individuality. Beginning each day with the Kennedy School Pledge, our children are encouraged to work hard, do their best in every endeavor, and be kind and giving people who care about others and believe in themselves. Our Character Education Programs highlight responsible behavior, good citizenship, honesty, healthy living, compassion, and respect for others. These concepts are emphasized through special events such as Week of Respect, Red Ribbon Week, Anti-Bullying Assemblies, Unity Day, Jump Rope For Heart, The Giving Tree at Christmas, etc. The Kennedy School Faculty participate each year in the annual Kennedy School Variety Show, which allows the students and their parents to return to the school at night and watch the faculty sing and dance to popular songs. This event raises money for a great cause each year. With high expectations for student achievement, a highly qualified and effective staff, and interested and supportive parents, the Kennedy School community is dedicated to providing our children with the confidence, sense of responsibility, and academic preparation they will need to meet the challenges of the 21st Century.
