OF THE

Quartermaster-General

OF THE

STATE OF NEW JERSEY,

*For the Year 1900.*

# REPORT.

---

*To the Governor and Commander-in-Chief:*

I have the honor to report the administration of the duties of this department for the fiscal year ended, October 31, 1900.

Serious physical indisposition compelled my absence from the office and State in March and April last, during which period the charge of the office, by your orders, devolved upon the Adjutant-General, General William S. Stryker. In the death, almost at the very close of the fiscal year, of this accomplished officer and estimable gentleman, the State has sustained a severe loss. To me his death comes in the nature of a personal bereavement and I shall long miss his companionship and suggestions, so modestly offered, when I have sought his counsel on matters pertaining to our varied military duties. I can say nothing else of General Stryker that can add to the deserved tribute paid to his personal worth and memory in your official announcement of his death in general orders.

Three infantry companies of the Second Regiment, D, at Keyport; K, at Montclair, and L, at Newton, and the Hospital and Ambulance Corps, at Jersey City, have been disbanded by orders. The work of gathering the property of these disbanded organizations is progressing favorably.

Two new companies of the Second Regiment have been organized—D, at Trenton, and L, at Princeton. These companies have been fully uniformed, armed and equipped.

Gatling Gun Companies A and B, after reorganization, have been respectively designated in general orders as Batteries A and B, Field Artillery. In addition to the gatling guns, the armament of each battery has been increased by the issue of two breech-loading howitzers.

The national government will not be prepared to issue the

magazine rifle, calibre .30, to the militia of the several States and Territories for some time yet, nor does it seem probable that the Springfield rifles, calibre .45, can be exchanged for arms of like kind, but of a later model.

In order to afford our State troops a practical opportunity to obtain some instruction in the use of the magazine rifle, calibre .30, one hundred of these arms were purchased from the government and used on the range at Sea Girt, in addition to the regular practice with the Springfield rifle, calibre .45.

#### SPANISH-AMERICAN WAR CLAIMS.

Since the date of my last report, cash allowances aggregating \$120,018.23 have been made by the Auditor for the War Department on account of the several installments of claims, leaving the net amount of unsettled claims at \$148,125.92. Such items of this balance (amounting to \$28,063.23), upon which the Auditor has merely suspended action, can be taken up by him for final settlement when further evidence in support thereof shall have been submitted for his consideration. Items (amounting to \$77,736.22), disallowed by the Auditor, can be taken up by him at the expiration of a year from date of acceptance by the State of the last payment in partial settlement, and upon additional satisfactory evidence, certified for payment or be recommended to Congress for equitable reimbursement as representing expenditures of a kind, the necessity for which would otherwise have fallen upon the general government, in raising and equipping the troops from New Jersey for the war with Spain. This leaves items aggregating \$42,326.47, the settlement of which will have to be presented by the State to the Congressional Claims Commission, as the Auditor does not consider them as proper charges against the United States; but, as they represent largely the expenditures that also would have fallen upon the government, the equity of the charges can be made apparent to Congress and their reimbursement insisted upon.

There was an Act passed at the close of the recent session of Congress, in which it is provided

“That on application of the Governor of any State or Territory, the Secretary of War is authorized to replace the Quartermaster's supplies, which the volunteers from said State or Territory carried into the service of the United

States army during the recent war with Spain, and which have been retained by the United States, exclusive of such supplies as have been allowed for in the office of the Auditor for the War Department and such award accepted by a State."

## STATE CAMP GROUNDS.

The State made no appropriation for any of the improvements at the Camp Grounds suggested by me in my report of last year. I have called the attention of the Inspector-General to the subject of these improvements and he will probably say something in reference thereto in his report.

There was a regimental camp of the Second Brigade, consisting of the Second and Third Regiments, Infantry, Second Troop, Cavalry and Battery B, Field Artillery, at Sea Girt, from July 7 to July 21. With your approval, the First Troop, Cavalry, made a practice march to Sea Girt and remained in camp from July 9 to July 14.

OFFICE OF ADJUTANT-GENERAL.

Trenton, April 2, 1900.

GENERAL ORDERS

No. 3.

Commandants of divisions, brigades, regiments, troops, batteries and the naval reserve will submit to the Paymaster-General, semi-annually, on the first

day of January and July, respectively, itemized statements of the expenditures made for their respective headquarters and organizations of the annual appropriations, including balances turned over by retiring paymasters, or in their hands prior to the payment of the annual appropriation.

The Paymaster-General will deduct from the annual appropriation paid to the National Guard under sections 126, 127, 128 and 129 of the Act concerning the military and naval forces, approved March 23, 1900, the amount of any bill or account for any deficiency standing on the books of the Quartermaster-General's department against any officer of the military and naval forces, to whom transportation or public stores have been issued without security of bond, or for any amount due and owing by any organization of the military and naval forces for rental of armories or drill-rooms, or for any expenses incurred, for which claims for payment have been previously filed in the office of the Paymaster-General.

By order of the Commander-in-Chief,

WILLIAM S. STRYKER,

Official:

Adjutant-General.

A. C. OLIPHANT,

Discharges, with claims for pay for volunteers who served in the regiments and Naval Reserve from this State during the Spanish-American war, come in slowly. The total amount paid out to date, including pay of rejected recruits, is \$158,520.05.

Previous to his resignation, Major Kenneth J. Duncan, late Paymaster of the Second Brigade, requested an examination of his accounts. Captain Samuel S. Armstrong, Paymaster of this department, was directed to make the examination. The accounts, covering a period of nearly twenty years, were found to have been carefully kept and all expenditures supported by duly certified vouchers. The result was as follows:

Total receipts .....	\$31,144 53
Total expenditures .....	29,418 03
Balance .....	\$1,726 50

This balance stood credited to the following organizations:
