English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:15 AM
Typical End Time	3:25 PM
Length of School Day	7 Hrs 10 Mins
Full Time - Instructional Time	6 Hrs 30 Mins
Shared Time - Instructional Time	N

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio
2017-18	2.8:1

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
N	N	N

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	N	N
Mathematics Proficiency	N	N
Progress Towards English Language Proficiency	N	N
Chronic Absenteeism	N	N
Summative Score: Sum of all indicator scores multiplied by indicator weights	N	n/a
Summative Rating: Percentile Rank of Summative Score	N	n/a
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile	N	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

Highlights:	• Curriculum is aligned with NJSLS • Our technology initiative enhances learning with 1:1 chrome books in grades K-3, a teacher guided computer lab and interactive smart boards in every classroom. • Character education program is aligned with a purposeful peer buddy program in preschool through Third grade.
Mission, Vision, Theme:	Cold Springs School is home to our early elementary students in the Gloucester City School District. The 22 year old building houses approximately 900 students from Preschool Three to Third grade. All students will be able to demonstrate skills as outlined in the NJSLS and will be enabled to become contributing members of an everchanging society. At Cold Springs School we believe, "Every Child Can Learn."

Courses, Curriculum, Instruction:	Our primary focus is on ELA and Mathematics, with Science and Social Studies being imbedded through the weekly schedule. Students in our Preschool program learn ELA through Creative Curriculum, while our Kindergarten through Third graders follow the Journeys reading Program under the Daily 5 structure. Supporting these reading programs is Fundations, which students receive for a minimum of 30 minutes each day. Our math curriculum is My Math, which focuses on math practices, develops conceptual understanding computational proficiency and math literacy.
Clubs and Activities:	Cold Springs School offers participation in three clubs: The Yearbook Club, Newsletter Club and Book Club

Before and After School Programs:	Our Before and After School program is run by Kids Choice, a privately run program housed in Cold Springs School.
Staff and Professional Learning:	The staff of CSS participates in monthly PLC's, where our new initiatives are the focus. While most PD is turn key, outside presenters provide support and direction 3 to 4 times throughout the school year. Monthly faculty meetings are also used as peer trainings. Electronic GCN trainings are also completed as required. On occasion, some staff are provided opportunities to travel out of district for specified trainings.

Student Supports and Services:	CSS offers support to students on many levels. I&RS meets 2 times a month. We have 2 guidance counselors: one for PreK and Kindergarten and one for students in grades 1-3. Our ever expanding ESL program is embedded into the school day. Students are also offered academic support in reading through our tutoring program. For those students qualifying for CST services, CSS provides learning in self-contained, and special education support in both a pull-out resource and push-in resource learning environment.
Student Health and Wellness:	Two nurses are staffed in the building, providing medical care and screenings to students in Preschool through Third Grade. Our lunch program is run by Nutri-serv, providing students with healthy breakfast and lunch choices. Menus are published monthly and posted on the school web site. Each student is provided with the required amount of physical activity throughout the school day. Nurses maintain accurate health records.
Parent and Community Involvement:	We have continuous PI activities planned throughout the school year. Preschool offers PI once monthly, while Kindergarten organizes one every other month. Grades 1-3 hosts parents during the school day by grade level once a year, according to theme. CSS has a very dedicated and active PTO and 2-3 time per year, we host family nights. Our performance shows are held 2 times per year: a winter concert and a spring concert. CSS also hosts community sports teams and activities. We conduct monthly ESSA meetings where staff,community and parent representation are present. As required by NJ Preschool regulations a community advisory meeting is conducted twice a year. Our parents have access to the continuous activities via our web site. They also have the opportunity to view student academic progress via the parent portal on PowerSchool. Other electronic mediums are used to maintain communication between home and school.

Facilities:	CSS is approximately 23 years old with the Preschool wing being in existence for about 15 years. Recently, a new roof has been installed and a solar project is currently in the works. As the entire building is air conditioned, major upgrades to the HVAC system has been completed this past year. CSS is also proud to report that it provides sensory room use for students with autism. Each wing has a fully functioning kitchen to provide meals for our students, a cafetorium and a multi-purpose room. CSS has two playgrounds for students, one at our Preschool wing and the other (the big playground) at the main building wing. Both playgrounds possess state of the art equipment and play surfaces. Each classroom has its own restroom for student use, maximizing learning time.
School Safety:	Each main entrance to the building has electronic keyless entries. Security guards are at each of the two entrances. The local police department has provided the district available staff in the building throughout the school day. The use of Lobby Guard has recently been installed at each entrance. School Safety committee meetings are conducted two times a year and discipline is addressed and recorded according to the district disciplinary guidelines.

Technology and STEM:	CSS has recently initiated a 1:1 program with students using Chrome books. Teachers have established the use of Google classroom and Docs to enhance student learning. The program KAMI is utilized to make writing access to assignments more feasible. Teachers also use DOJO and Remind to maintain daily communication between home and school. Each classroom in Kindergarten through Third grade has a smartboard for interactive instruction. The main building has a computer lab and is staffed by a computer teacher for students in Kindergarten through Third grade. Students in these grade levels are assigned a class per week on technology in this lab. We have grown immensely in the area of technology and continue to strive to Go Green by going paperless. Our school clubs, with the exception of the book club are completely paperless. Teachers and administrators have been issued Surface Pros to complete assignments and interact with students and parents.
Early Childhood Education:	The Cold Springs Early Childhood Center is a PEA funded full day preschool program for three and four year old children residing in Gloucester City. The preschool program consists of 19 in-district classrooms including one PD class. All preschool classrooms are housed in the ECC building at Cold Springs. All preschool classrooms have a certified teacher and an aide with a class size of 15 students. The school day is about 6.5 hours including breakfast, lunch and rest time. The program follows the Creative Curriculum for preschool. The district does not contract with private providers.
