Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	84.24	17.5%
Mathematics Proficiency	85.31	17.5%
English Language Arts Growth	73.22	25.0%
Mathematics Growth	88.49	25.0%

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

Highlights:	• Outstanding community spirit, strong PTA, Tewksbury Education Foundation and parents. • Monthly school-wide assemblies, providing an opportunity for students and staff to share talents and performances. • Making technology a priority with a lab housing 24 computers and access to IPads.
Mission, Vision, Theme:	A distinguished feature of our school is one that is hard to measure, but quickly felt. Teachers, parents and students work together to make our school an exciting, supportive environment, where risk-taking is valued, higher level thinking and creativity are nurtured, and love of learning is fostered.
Awards, Recognition, Accomplishments:	Blue Ribbon School 2011. Last year our Odyssey of the Mind Team placed first in their region, first in the state and qualified for Worlds at Michigan State University. Competing against over fifty-three teams which represented forty states and twenty three countries, our OM team placed tenth. Four of our students placed first in the Young Authors competition sponsored by the Tri-County Reading Council.

Courses, Curriculum, Instruction:	Science curriculum revised to include Next Generation Science Standards. Implemented STEM in all grades. Enhanced the language arts curriculum, Implemented Open Circle, a social and emotional program for students in grades K through 5. Qualifying students meet with our teacher of gifted and talented each week for enrichment math program and participate in a Project Based program emphasizing creativity and critical thinking. Character education is integrated throughout the curriculum.
Sports and Athletics:	Students participate in Physical Education classes during the week and also go outside for 30 minutes of recess daily (weather permitting). Currently our students enjoy afterschool programs that include fencing, yoga, and jump-roping. Our 4th and 5th grade students enjoy an ongoing wellness program.
Clubs and Activities:	Some of our students participate in Odyssey of the Mind, a creative problem-solving competition. Girl Scouts and Boy Scouts meet at TES after school. Students, staff members, and parents volunteer to plant, maintain, and harvest our Victory Garden. Historically we raise 300 pounds of fresh food for the Open Cupboard Food Pantry. In the winter, students participate in the “Cans for Compassion Campaign” collecting even more for the Pantry.

Student Supports and Services:	We have an Intervention & Referral Services team designed to assist students who are experiencing learning, behavior, or health difficulties. We offer Basic Skills assistance in reading, writing, and math. Our Child Study Team supports students with disabilities. Several teachers provide before and after school support as necessary. English Language Learner services are provided on a case-by-case basis.
Student Health and Wellness:	Students participate in Physical Education twice per week and go outside for 30 minutes of recess daily. After school programs include fencing, yoga, and jump-roping provided by the Morris County Arts Workshops. The Tewksbury Athletic Association offers programs in the township. Our 4th grade students enjoy a wellness program. 5K Run sponsored by the Tewksbury Educational Foundation.
Parent and Community Involvement:	Our PTA conducts many exciting programs for our students, supports parents of special education students with an advisory group, and supports our teachers with a “wish” program to provide supplementary items that may be needed. The Tewksbury Educational Association offers substantial support of our students with curriculum related residencies. These residencies bring in experts that enrich our students’ educational experiences with dancing, wellness, poetry writing and music.

Climate Surveys:	Is a Climate Survey Used: Yes; Who is surveyed: Teachers A school culture survey was given to staff and the results utilized by the school culture committee to identify areas of growth as well as strengths. A plan for improving identified growth areas were developed by the committee with input from staff. Periodic staff meetings throughout the year were devoted to school culture using the information from the staff survey as well other resources.
Facilities:	Built in 2005, our school features a full-sized gymnasium, a library, a computer lab, STEM lab, art room, music room, and a classroom for our gifted & talented students. We have an all purpose room, called the cafetorium, that has a stage and access to the full-service kitchen. This room is used for a variety of school and community events. We have a room outfitted to provide physical therapy and occupational therapy to our special education students as necessary.

Other Information:	Kindergarten is a full day program to meet the needs of the whole child. Teachers for example worked with an occupational therapist in developing a small motor skills program. We utilize the Realtime Emergency Alert System for school safety information. Communication is valued as each teacher as well as our school has their own websites. Many staff members have a weekly reporting device highlighting weekly activities, curricular objectives and student highlights. We have a Pre-School program for special education students and general education peers.
