Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bulling (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	9:00 AM
Typical End Time	3:30 PM
Length of School Day	6 Hrs 30 Mins
Full Time - Instructional Time	5 Hrs 30 Mins
Shared Time - Instructional Time	N

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio
2017-18	1:1

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	64.87	17.5%
Mathematics Proficiency	77.96	17.5%
English Language Arts Growth	67.12	25.0%
Mathematics Growth	18.04	25.0%
Progress Towards English Language Proficiency	**	**
Chronic Absenteeism	68.94	15.0%
Summative Score: Sum of all indicator scores multiplied by indicator weights	56.63	n/a
Summative Rating: Percentile Rank of Summative Score	60.07	n/a
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile	No	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

Before and After School Programs:	School Aged Child Care Program is offered before and after school hours, and Extended Day Child Care is offered for kindergarten students.
Staff and Professional Learning:	CHPS prides itself on providing long-term, intensive, and personalized professional development which meets the needs of its entire staff. Professional Development offerings reflect the continuation of many curricular initiatives. Professional learning for staff includes job-embedded, collaborative learning that supports the development of enhanced instructional techniques, the use of assessment for learning and the fostering of learning environments/relationships that are conducive to learning. Over the past few years, the district has refined its work in certain areas and expanded in others through continuously assessing responsiveness of staff to the professional development offered. Professional development decisions are made in conjunction with the DEAC Committee and the building ScIP teams. Opportunities for professional learning are offered both in and out of district, through Flex Options, in-service days, during PLC time, and at the building and district level.

Student Supports and Services:	The Cherry Hill Public School District employs full time ELL teachers at all grade levels in designated magnet schools. Students with disabilities receive services in both general and special education classrooms in various types of programs throughout the school district. Every school in the district has an Intervention and Referral Services team responsible for identifying and supporting struggling students. Every school in the district has a school counselor and in addition, each secondary school offers the services of a SAC. Additionally, every school in the district has a school nurse to oversee the health needs of our students. A full explanation of services offered, including Intervention & Referral Services (I&RS) may be found at www.chclc.org/departments/special-education-student-services
Student Health and Wellness:	Bret Harte boasts a School Health and Wellness Committee that meets several times each year. The committee is co-chaired by the school nurse and physical education teacher and comprised of representatives from the teaching faculty and food service provider. Harte's comprehensive physical education curriculum focuses on physical activity, healthy lifestyle choices, and lifelong fitness. The District currently offers breakfast in each building. At the elementary level a hot breakfast is offered daily. Policy 8505, Wellness Policy and Nutrient Standards for Meals and Other Foods provides details programs, procedures and curriculum as well as the District and School Level Wellness Committees.
Parent and Community Involvement:	Bret Harte has an extremely active and involved parent body. Its supportive PTA is involved in all facets of school life. They work closely with administration, faculty, and staff to provide a supportive learning environment.

Climate Surveys:	Is a Climate Survey Used: Yes; Who is surveyed: Students, Teachers The Quaglia Student Voice Survey was administered in pre/post fashion in the spring and fall of 2018. The climate survey data collected was used to generate student focus group questions. Harte's School Aspirations Team (Staff) led focus groups for each grade level (K-5) and created accompanying professional development for staff. In addition, a companion voice survey was administered to faculty.
Facilities:	The Harte Elementary School was built in 1967. Renovations and additions took place in 1968 and 2000. Each day, the school personnel welcome approximately 400 students in kindergarten through fifth grade.
School Safety:	The District plans to continue security facilities upgrades at the elementary schools this year. Campus police staff have been assigned to the elementary schools. Security and fire drills are conducted as per DOE regulations.

Technology and STEM:	Access to robust technology platforms and devices empowers our students to meet and exceed academic standards as outlined in the NJ Student Learning Standards for Technology, will support computational thinking, and will prepare CHPS students for life and careers in the 21st Century. Students and staff have access to a variety of technology including virtual reality, chromebooks, laptops, SmartBoards and makerspaces. As outlined on the NJ DOE website, “Readiness in this century demands that students actively engage in critical thinking, communication, collaboration, and creativity. Technology empowers students with real-world data, tools, experts and global outreach to actively engage in solving meaningful problems in all areas of their lives.” CHPS recognizes the need to continuously enhance its technology capacity to bolster its academic program K-12 with a forward-thinking “Future Ready” framework already embraced by the educational community nationwide.

Other Information:	The Cherry Hill Public School District is committed to a number of initiatives related to excellence, enhancing both our school community and the Cherry Hill community at large. The Cherry Hill Public Schools is a 2018 National District of Character. Our National Schools of Character for 2018 are Bret Harte Elementary School and Joseph D. Sharp Elementary School. 8 other of our schools have earned the distinction since 2008. Beginning in the fall of 2017, the district began a 5 year plan devoted to Cultural Proficiency/Equity/Character Education. All schools are represented on the committee, whose purpose is to teach our children and ourselves to live, learn, and work together in a vibrant and diverse world in which mutual respect is the foundation. All elementary schools also promote the district's "WE" brand in 2015, using a purple "W" to signify the school color of Cherry Hill High School West, and a red "E" to signify the color of High School East, brought together literally and figuratively to emphasize our district is one community, West AND East. 10 of our 19 schools are Sustainable Jersey for Schools Certified in recognition of their work toward sustainability – 9 schools are certified at Bronze Level; 1 school (Bret Harte Elementary) is certified at Silver Level.
