Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	34.24	15.0%
Mathematics Proficiency	34.77	15.0%
English Language Arts Growth	90.52	20.0%
Mathematics Growth	97.63	20.0%

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

Highlights:	• Our Dr. Herbert N. Richardson School is an elementary school serving approximately 725 children in Grades K-4. • LLD students are provided ample opportunities to participate in many activities which include, but are not limited to, adaptive swim program, Silver Comet LLD Games and others. • Our school houses the district health clinic providing families with access to health care on evenings and weekends.
Mission, Vision, Theme:	Our goal is to have all stakeholders working together so all our students are performing at or above grade level in all core subjects so that they can attain a solid academic foundation enabling them to be fully prepared for middle school, high school and beyond.
Awards, Recognition, Accomplishments:	In 2017-2018 The Dr. Herbert N. Richardson School was recognized as one of the top five elementary schools in Middlesex County for collecting 1,900 lbs. of food for the Middlesex County Food Drive.

Courses, Curriculum, Instruction:	Our curriculum is aligned to the New Jersey Student Learning Standards and includes a Balanced Literacy and Math Block which features a three tiered instructional model allowing students to enhance their skills though whole group, small group and flexible group instruction which features explicit intervention. Science/Social Studies are also implemented throughout the day.
Clubs and Activities:	Our Enrichment Programs expose our students to Extra-Curricular activities which not only complement our school goals, but also ensure students are having fun while building academic and social skills. Classes such as Cheerleading, Chorus, Dance, Drama, and several other activities expose our students to enrichment they might not get outside of the school environment.

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

Before and After School Programs:	We currently have a Before/After School Program available to assist our students. Our students are serviced by certified personnel who are aware of our students' needs based on empirical student data.
Staff and Professional Learning:	Professional Learning Communities (PLC) and Common Planning time is built into our schedules to allow our educators to grow their skillset by being exposed to Professional Development that is prepared and delivered by the members of the PLC, as well as outside providers.

Student Supports and Services:	English Language Learners are supported via various Bilingual Education programs such as: Dual Language, Transitional, Sheltered Instruction, Students with Limited Interrupted Formal Education (SLIFE), and English as a Second Language. Our full-time guidance counselors coordinate the intervention and referral services (I&RS) for our students. Students with disabilities are supported in inclusion classrooms, self-contained classrooms, and LLD Classrooms under the purview of our CST.
Student Health and Wellness:	All our students are offered a free breakfast every day. Our students have Health/Physical Education classes for 150 minutes a week. Our school houses the district run clinic several days a week in the evenings and on Saturday Mornings, providing families with access to health care services such as vaccinations, physicals and other much needed medical resources. Our PE department facilitates the Fresh Fruit and Vegetable Program (students are provided with a fresh fruit and vegetable two days a week). The Responsive Classroom approach is used daily for social and emotional learning to employ strategies and practices that emphasize positive social interaction.
Parent and Community Involvement:	Our school hosts monthly literacy and math workshops where students and parents are taught extensions of the lessons their children are learning during the day in the same manner they are taught and with the same materials, allowing parents to be active participants in their child's education. Our PTO ensures that our school community takes part in social events which serve as a complement to our school goals.

Technology and STEM:	Our school houses a Maker-Space which is run by our media specialist and technology coordinator. Students are provided with opportunities to participate collaboratively in activities which require the use of 21st Century skills (coding, engineering, etc.). There is a one-to-one chromebook initiative in grades 1-4, and all kindergartens use I-Pads and Osmos through their daily station rotation.
