Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Length of School Day	6 Hrs 35 Mins
Full Time - Instructional Time	5 Hrs 51 Mins
Shared Time - Instructional Time	N

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	61.85	17.5%
Mathematics Proficiency	57.64	17.5%
English Language Arts Growth	39.63	25.0%
Mathematics Growth	26.35	25.0%

Chronic Absenteeism	56.18	15.0%
Summative Score: Sum of all indicator scores multiplied by indicator weights	45.83	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

Courses, Curriculum, Instruction:	Eisenhower's staff is committed to educating the whole child. Our core academic classes are driven by state standards, emphasize 21st century skills, and are interrelated in a collaborative effort amongst the faculty. Cycle and Elective classes support core subjects and encompass the visual/performing arts, technology, and health. Throughout all of their coursework, students are encouraged to be independent thinkers, self-advocates, members of a team, and responsible, civic-minded individuals.
Sports and Athletics:	Sports Offered: Basketball (Boys & Girls), Cross Country (Boys & Girls), Field Hockey (Girls), Track and Field - Spring (Boys & Girls), Wrestling (Boys) A key aspect of educating the whole child is in the ability to provide students with a variety of opportunities outside of the classroom. In addition to interscholastic sports, Eisenhower offers intramural sports are also an option. Intramural Sports is available for students who wish to play team sports but not at the competitive level.
Clubs and Activities:	Our school offers over 20 different clubs for students to participate; Student Council, Peer Leaders, Academic Bowl, Yearbook and Strategic Gaming to name a few. Eisenhower also offers two extra-curricular vocal music choirs and two extra-curricular instrumental music bands. STEAM is built into our core curriculum, which further supports our Robotics and Technology teams. Students also take an active role in our School Safety, Character Ed. and Green Team committees.

Before and After School Programs:	In an effort to support being a school of choice for Visual and Performing Arts, EMS implemented an Art Enrichment class that allows 8th grade students to satisfy a Visual Arts requirement at Roxbury High School. This allows students to experience Visual Art electives as 9th graders, providing students with additional pathways to success at Roxbury High School.
Staff and Professional Learning:	All curricula and programs are aligned to the New Jersey Student Learning Standards, while being responsive to the needs of the individual child, school and community. Content area Supervisors engage and collaborate with faculty and staff in a variety of tasks that help to guide the direction of our curricular programs. Our Teaming model and master schedule also provides daily time for Professional Learning Communities and Cross-curricular team meetings to occur among staff.

Student Supports and Services:	For students with disabilities, our Child Study Team and Special Education teachers strive to meet individualized student needs in the least restrictive environment. In addition to in-class and pull-out replacement programs, Eisenhower Middle School offers specialized, self-contained programs that address the needs of students with autism as well as social/emotional/behavioral challenges.
Student Health and Wellness:	Eisenhower's health and physical education curriculum imparts students with the skills necessary to develop a lifestyle that fosters their well-being. A full functioning fitness/wellness center exists too for students as well as staff in order to promote healthy living and offer programs for all fitness/interest abilities.
Parent and Community Involvement:	Eisenhower Middle School's PTO is hands-on and supportive of new initiatives and ideas. The group promotes a positive school climate by sponsoring student recognition ceremonies as well as after-school activities such as dances, fun nights and even our Step-Up graduation celebration.

Climate Surveys:	Is a Climate Survey Used: Yes; Who is surveyed: Administrators, Teachers At the end of the school year, the faculty and staff at EMS complete a survey on the academics, programs, and climate at EMS. Overall, the climate is very positive at EMS. The teachers feel vested in the decision making process, supported in initiatives, and encouraged personally and professionally.
Facilities:	To support our position as a School of Choice for Performing Arts, Eisenhower Middle School received a comprehensive upgrade to the lighting and sound systems in our school auditorium. Prior to that, the school completed a renovation of three science labs to meet Next Generation Science Standards. EMS also boasts a new gymnasium floor for athletic and recreational use. Finally, a revamped main office complete with a dedicated security vestibule helps to keep all our students and staff safe.
