Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	52.07	17.5%
Mathematics Proficiency	47.22	17.5%
English Language Arts Growth	52.37	25.0%
Mathematics Growth	79.17	25.0%

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

Highlights:	• Embedded Social- Emotional learning and mindfulness lessons to help students develop the attitudes and skills necessary to understand and manage emotions. • Kennedy Elementary School is Bronze Certified through Sustainable Jersey for Schools. • Staff and students utilize Google Expeditions with VR technology to bring the world into their classrooms through virtual field trips.
Mission, Vision, Theme:	Kennedy Elementary School strives to provide students with a challenging and rigorous academic program that prepares them to reach their full potential. We support our district's vision of "Preparing the children of today for tomorrow" by teaching our students to be lifelong learners with an emphasis on creativity, collaboration, and critical thinking skills. Kennedy Elementary prides itself on our Kennedy Kindness theme and is celebrated both in school and within the school community monthly.
Awards, Recognition, Accomplishments:	Over the last several years, Kennedy School students have a high rate of participation in the PTA Reflections program. Our students consistently have one of the highest participation rates in the county and have earned numerous county and state awards, as well as a national award. Kennedy Elementary School is participating in the Great Kindness Challenge to continue to teach the importance of kindness to our students both in school and the community. Kennedy School is Bronze Certified through Sustainable Jersey for Schools.

Courses, Curriculum, Instruction:	At Kennedy Elementary School we are committed to providing students and educational experience that fosters creativity, collaboration, and problem-solving skills through a robust curriculum accompanied by differentiated learning opportunities to best meet the students' academic needs. The curriculum is fully aligned to the New Jersey Student Learning Standards and Next Generation Science Standards, which provides students the opportunity to explore learning through 21st-century skills as they navigate the standards. To aid in this process, we have an "In support of Learning" program to provide additional support to our students performing below benchmark. We offer our PEAK program providing Gifted and Talented, STEAM-based learning opportunities to challenge and encourage all learners in the building.
Clubs and Activities:	Early Act is a school-wide service club for students in fourth grade. It is offered at our school and is sponsored by the local Roxbury Rotary Club. Early Act provides young students the opportunity for gaining an increased awareness and knowledge of their community and the world. The club engages students in character-building activities and prepares them for leadership roles to identify and carry out projects which benefit their school, local and global communities.

Before and After School Programs:	Our school welcomes scouting, art classes, STEAM classes, coding and many other community programs for after school enrichment through the Roxbury Community School portal. Our PTA also sponsors a Lego Club that meets after school one time per month.
Staff and Professional Learning:	Kennedy Elementary School Staff members are encouraged actively seek professional development opportunities to enhance their practice. Aside from PLC and Common Planning time embedded in the schedules, teachers meet weekly during faculty meetings, PLC meetings, and District Professional Development sessions to support them professionally. Furthermore, Kennedy School uses Google Classroom as a tool to foster continuous dialogue and ongoing professional development. On a district level, teachers are offered a wide array of professional development opportunities both during the school year and over the summer. Furthermore, the district is providing a Digital Badging opportunity to make professional development accessible with the click of a finger.

Student Supports and Services:	Kennedy School offers learning opportunities to support the diverse needs of our students. At Kennedy School, we have two Out of Class Resource (OCR) teachers to provide services in English Language Arts and Mathematics. We also house the district's K-4 REACH program to meet students' academic needs with a strong emphasis on social, emotional, and behavioral supports.
Student Health and Wellness:	Kennedy Elementary School fosters a safe, respectful and healthy environment by empowering students through kindness, respect, and empathy. At Kennedy School, we continue to support a Social Emotional Learning environment through embedded activities both in and out of the classroom which includes breathing techniques, mindfulness, and brain breaks. Our guidance counselor provides lessons to our Kindergarten students, as well as small group and individual counseling sessions. Our full-time school nurse offers lessons to students on health-related topics and works with community partners to bring dental education to the students.
Parent and Community Involvement:	The PTA at Kennedy brings our community together in productive and entertaining ways. Teachers are inspired through the PTA's grant program; and the Cultural Arts Committee brings us enriching presentations and interactive learning experiences throughout the school year. In addition to family fun events, volunteers organize the PTA Reflections Program that allows students to demonstrate their creativity in the areas of photography, visual arts, literature, film, video production, and dance.

Climate Surveys:	Every year staff and parents participate in the school climate survey. The results are shared with the School Safety and Climate Team Meetings.
Facilities:	Kennedy Elementary School has an updated security camera surveillance system, a security vestibule, and the Lobby Guard system to provide a safe educational experience for all students and staff in the building. Facilities have upgraded the paved walkways along the back of the school as well as created a paved walkway to the playground to make it accessible to all students. To build upon our existing sustainability efforts, our facilities department has outfitted the cafeteria and all classrooms with the necessary recycling receptacles. Lastly, our cafeteria has moved to use recyclable cardboard lunch trays.
School Safety:	With the support of the Roxbury Public Schools Director of Security, all Kennedy School staff members are continuously trained on security drills and A.L.I.C.E procedures and protocols. We utilize ongoing scenario-based situations to ensure our staff and students are prepared in the event of an emergency. Along with the upgrades from facilities, Kennedy School uses a video surveillance doorbell system, with the second layer of security with a second locked door within the vestibule. We also use a newly installed Informacast system that allows the school to instantly communicate on multiple levels with the school and district staff in the event of a drill or emergency. Kennedy School also benefits from the presence of district security guards.

Technology and STEM:	Staff and students have access to technology regularly. Kennedy School has a total of 6 Chrome Book Carts for grades 2-4, Smart Boards and document cameras in all classrooms, and IPads for K-2. Our computer lab is equipped with desktop computers for the students to use during technology class as well as enhancements to learning in the classroom. Students are engaged in various subscriptions including IXL, RAZ Kids, and Sum Dog to reinforce skills. Technology-based activities are incorporated into the Media Center curriculum that gives students the opportunity to engage in coding with robots. Teachers use Google Expeditions which allows students to go on virtual field trips to bring the outside world into the classroom.
Early Childhood Education:	Kennedy School is home to two Pre-School classes offered through the Roxbury Community Schools.

Other Information:	Kennedy School implements a robust curriculum using a balanced literacy approach to teach ELA. In K-2 students are taught explicit phonics instruction through the Fundations program. This program assures that students are equipped with the necessary foundational skills to be successful readers. In grades K-4, teachers use the Readers' and Writers' Workshop model to promote the learning of skills, strategies, and independent reading and writing to build and strengthen students' skills. Furthermore, teachers use guided reading to focus on the purpose of reading and strategies to build strong, confident, and independent readers. In Mathematics we continue to use the Singapore-based philosophy of the Math in Focus program in all grades. Classes are increasingly differentiated in both ELA and Math as teachers continue to incorporate strategies to meet the needs of all learners, as well as centers and conferring sessions to focus on specific areas of growth for each student. In Science, all students use the FOSS Science Program. This program allows students to learn important scientific and engineering concepts, and develop the ability to think like a scientist as they progress through scientific investigations. All students have the opportunity to participate in Physical Education, Art, Music, Technology, Media, and Spanish. Also, all students have embedded in their schedules a designated PEAK period to provide enrichment through interest-based activities. To assist teachers in facilitating the curriculum, PEAK, and SEL, all teachers have a Common Planning Time and PLC Period embedded into their schedules. This allows time for collaboration and communication among the staff and the ability to plan school-wide and grade-specific activities. Kennedy School also has the support of the district based content specific supervisors to provide ongoing support to our teachers.
