JOURNAL OF THE SENATE

STATE OF NEW JERSEY,
SENATE CHAMBER,
TUESDAY, JANUARY 8, 1963.

At 12:00 o'clock noon, this being the time and place appointed by the Constitution for the assembling of the Legislature, the Senate was called to order by the Honorable Frank S. Farley, Senator from Atlantic County. The following statement was read by Henry H. Patterson:

STATE OF NEW JERSEY,
DEPARTMENT OF STATE.

I, ROBERT J. BURKHARDT, Secretary of State of the State of New Jersey, do hereby certify that the following members of the Senate have been duly qualified:

Atlantic County—Frank S. Farley.
Bergen County—Pierce H. Deamer, Jr.
Burlington County—Henry S. Haines.
Camden County—Joseph W. Cowgill.
Cape May County—Charles W. Sandman, Jr.
Cumberland County—Robert H. Weber.
Essex County—Donal C. Fox.
Gloucester County—Thomas F. Connery, Jr.
Hudson County—William F. Kelly, Jr.
Hunterdon County—Raymond E. Bowkley.
Mercer County—Sido L. Ridolfi.
Middlesex County—John A. Lynch.
Monmouth County—Richard R. Stout.
Morris County—Thomas J. Hillery.
Ocean County—W. Steelman Mathis.
Passaic County—Anthony J. Grossi.
Salem County—John A. Waddington.
Somerset County—William E. Ozzard.
Sussex County—George B. Harper.
Union County—Nelson F. Stamler.
Warren County—Wayne Dumont, Jr.
In testimony whereof, I have hereunto set my hand and affixed my official seal at Trenton, this eighth day of January, A. D. 1963.

ROBERT J. BURKHARDT,
Secretary of State.

Mr. Sandman nominated Mr. Cowgill for the office of temporary President. There being no further nominations, Mr. Cowgill was declared elected to the office of temporary President by voice vote. Messrs. Hillery and Ridolfi escorted Mr. Cowgill to the chair.

Mr. Stout nominated Henry H. Patterson for the office of temporary Secretary.

Mr. Patterson was declared elected as temporary Secretary by voice vote.

Mr. Sandman nominated Mr. Farley as President pro tempore. There being no further nominations, the Secretary was directed to call the roll.

In the affirmative were—

In the negative—None.

Mr. Farley was declared elected President pro tempore.

Messrs. Fox and Mathis escorted President pro tempore Farley to the rostrum, whereupon Mr. Cowgill administered the oath of office to Mr. Farley as President pro tempore.

Mr. Sandman moved to proceed to the election of a permanent President of the Senate, which motion was adopted.

Mr. Sandman nominated Mr. Ozzard for the office of permanent President of the Senate. Mr. Grossi seconded the nomination. The Secretary was directed to call the roll.

In the affirmative were—

In the negative—None.
Mr. Ozzard was declared elected President of the Senate for the legislative year and was escorted to the rostrum by Messrs. Lynch and Stout.

The oath of office as President of the Senate was administered to Mr. Ozzard by Judge Leon Gerofsky, of Somerset County.

After the oath of office was administered, President Ozzard addressed the Senate as follows:

Forty-three years ago the late Justice Case from Somerset presided over this body and today is the first time since that year that my county has been so honored. Simply and sincerely I extend my thanks to all of my colleagues in this chamber.

This should be a challenging and interesting session. With eleven senate seats and sixty assembly seats exposed to elections, plus a few gubernatorial candidates warming up on the sidelines, we can expect greater political overtones than usual. In fact, some of the finest campaign speeches of the year will be made right in this room.

In spite of that, or possibly because of it, this should be a productive year. New Jersey's problems seem to expand like its taxes—in fact, during 1963 the public may well come to appreciate that there is a relationship.

The Republican legislators in both houses have generally agreed upon a broad legislative program which I expect this body to carry out and call upon the Democratic majority in the Assembly to join with us in accomplishing.

The list is long and has already been released to the press, but I wish to highlight a few areas of major significance.

We will attack unemployment, with special emphasis on the employment of older workers, retraining of those displaced by automation, and providing work for youths in the "vacuum" years.

A comprehensive revision of the workmen's compensation law should be enacted, together with the establishment of a sound minimum wage law.

A meaningful study of enforcement and rehabilitation practices in the field of narcotics will proceed, and legislation restricting the sale of less harmful drugs should be enacted.
The medicare program will be established and funds should be provided to effectuate it.

Highway safety must rank high in priority. The Highway Department will be urged to modify and correct highway danger spots, the State Police force should be expanded to better apprehend motor vehicle violators, particularly those driving under the influence of intoxicating beverages, and the State Police system should be revamped to improve morale and efficiency.

We will continue our support of assistance for railroad passenger service, and promote a study of consolidation of railroad freight terminal facilities in the New York harbor area.

Funds should be provided to implement the community college program, as well as further funds for reconstruction of the storm damaged shore areas.

We can respect differences of opinion between the parties and within the parties on the matter of State taxes, but shall give serious consideration to the problem and offer full cooperation to the Governor and the Assembly. Efficiency and economy in all State functions should be part of that consideration, however, and we shall seek to establish a Little Hoover Commission, or its equivalent, to disclose areas of needed improvement.

The worth of real property tax exemptions will be restored for veterans and senior citizens. A constitutional amendment treating with the assessment of farm lands will be proposed and supported.

These efforts and all other legislation will be accomplished within our existing means and methods of deliberation. I will seek to broaden some of the activities of our committees, but the Republican and Democratic caucuses, supplemented by the Governor’s caucuses, will continue to guide the legislative activities. Call them conferences, or designate them by unkind, meaningless words—the fact is we are not debating a question of semantics but dealing with a matter of practical government. Party caucuses have produced an excellent legislative record over the years and have made New Jersey a leader in most fields of legislation. Another good product should be the result again this year.

A final thought, which I trust all of you share. I have become increasingly concerned in recent years with the almost
subservient attitude the legislature has adopted on occasion toward the executive, and, to some lesser degree, toward the judiciary. I would propose that by our actions we assume our constitutional status of a separate and equal branch of government. At all times extend our cooperation, of course, but face up to the direct responsibilities imposed upon us by the citizens who sent us here. In this election year, that will take dedication, understanding, and fortitude. These are qualities I hold evident in every senator in this chamber.

Gentlemen, we can and should have a good year. Thank you.

Mr. Sandman moved to proceed to the election of a permanent Secretary, which motion was adopted.

Mr. Sandman nominated Henry H. Patterson, of the county of Monmouth, as permanent Secretary of the Senate. There being no further nominations, President Ozzard directed Mr. Roy J. Schleich to call the roll.

In the affirmative were—

In the negative—None.

Mr. Ozzard declared Mr. Patterson elected permanent Secretary and administered the oath of office to Secretary Patterson.

Upon announcement by Mr. Ozzard that the Senate has organized and is now ready to proceed to business, the 1963 Session was opened with prayer by the Rev. W. Neal Raver.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That a committee of 3 be appointed to await upon His Excellency the Governor and inform him that the Senate has organized and elected the Honorable William E. Ozzard, of the county of Somerset, President, and Henry H. Patterson, of the county of Monmouth, Secretary, and is now ready to proceed to business and also to receive any communications that he may forward.

Mr. Ozzard appointed Messrs. Farley, Harper and Grossi, to inform the Governor that the Senate has organized.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That the Secretary of the Senate be directed to inform the General Assembly that the Senate has organized and elected the Honorable William E. Ozzard, of the county of Somerset, President, and Henry H. Patterson, of the county of Monmouth, Secretary, and has proceeded to business.

Mr. Sandman offered the following resolution, which was read and adopted:

Be it resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That at 2:15 o’clock P. M., both Houses of the Legislature meet in joint session for the purpose of receiving the Annual Message of His Excellency, Richard J. Hughes, Governor of the State of New Jersey, which will be delivered in person.

Mr. Sandman offered in nomination the following officers and employees of the Senate and moved their election to their respective positions:

Committee Clerk—Leon Leopardi.
Committee Clerk—Mrs. Dorothy C. Berry.
Committee Clerk—William J. White.
Committee Clerk—Frank Rossi.
Committee Clerk—Anthony T. Catanoso.
Committee Clerk—John H. Dalgliesh.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That there be employed for each Senator a Secretary, to be designated by him, at a salary of $500.00, payable in the same manner as all other Senate employees, for the legislative year.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That unless otherwise ordered, the daily sessions of the Senate shall begin at 11:00 o'clock in the forenoon and 2:00 o'clock in the afternoon.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That the Legislative Manual be distributed to the Senate on the same basis as for the session of 1962.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That 1,000 copies of each bill, joint resolution, and concurrent resolution be printed for the use of the Senate, and 900 copies of each official copy reprint.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That the Committee on Ways and Means be authorized to procure bill files and the necessary stationery and supplies for the use of members and officers of the Senate.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That the President of the Senate is hereby directed to instruct the printer to mail to each member of the Senate, at his residence and business address, at least one copy of each bill and resolution, both Senate and General Assembly, as soon as the same is printed.

Mr. Sandman offered the following resolution, which was read and adopted:
Resolved, That 500 copies of the weekly Senate Journal be printed and the printer directed to mail copies to each member of the Senate and General Assembly and to the clerical officers of each body.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That the Rules of the Senate for the legislative year 1962 be adopted as the Rules of the Senate for the legislative year 1963 until further order of the Senate.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That the Governor’s message be spread in full upon the Journal of the Senate and a sufficient number of copies of same be printed for distribution.

Mr. Sandman offered the following resolution, which was read and adopted:

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the printer be directed to furnish, as soon as printed, and without waiting for the regular distribution, the number of copies of each bill, joint resolution and concurrent resolution introduced in the Senate and General Assembly, each committee substitute therefor, each official copy reprint thereof, and each printed amendment thereof, herein designated, to the following:

The Governor—21
The Secretary of State—46
The Attorney General—4
Law Revision and Legislative Services—15
State Library Legislative Reference Bureau, for use of said Bureau and for exchange with other States—100

Be It Further Resolved, That the printer likewise furnish to the State Library, Legislative Reference Bureau, 20 copies of each weekly installment of the Journal of the Senate and Minutes of the General Assembly.

In which the concurrence of the General Assembly is requested.
Mr. Sandman offered the following resolution, which was read and adopted:

Whereas, Section 52:27B-15 of the Revised Statutes requires that a request officer be appointed, and the act regulating receipts and disbursements requires the designation of approval officers for the payment of the necessary expenses of all divisions of the government; therefore,

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the Secretary of the Senate and the Clerk of the General Assembly be designated as request officers for the Legislature for the legislative year.

The following messages were received from the General Assembly by the hands of its Clerk:

**STATE OF NEW JERSEY,**
**GENERAL ASSEMBLY CHAMBER,**

Mr. President:

I am directed by the General Assembly to inform the Senate that the General Assembly has concurred in the following resolution:

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

ERNEST T. SCHEIDEMANN,  
Clerk of the General Assembly.

Mr. Sandman was presented with a gift by Mrs. Lillian Torbottton as President of the Cape May Women’s Republican Club.

Mr. Sandman offered the following resolution, which was read and adopted:

*Resolved*, That the Senate do now recess and proceed to the Assembly Chamber for the purpose of receiving the Annual Message of the Governor.

Following is the First Annual Message of Governor Richard J. Hughes, which was delivered to the 187th Legislature of New Jersey in the Assembly Chamber.
FIRST ANNUAL MESSAGE

Mr. President, Mr. Speaker and Members of the Senate and General Assembly:

About a year ago, in my inaugural address, I mentioned what I hoped would be a watchword for New Jersey during the next four years: Government unafraid to act in the people's service. Today, as I come before you to discharge my constitutional obligation to communicate the condition of the State, I think we may share a sense of achievement in the work that we have done, together, in this positive spirit. There is much yet to be achieved, but we have demonstrated that fully responsive government is well within our capability.

In 1962, New Jersey proved anew the capacity of a free and democratic system to act with determined purpose and necessary speed to meet the needs of the people.

In March of that year, we were confronted with an unprecedented natural disaster that threatened the destruction of our great resort industry with lasting damage to our seashore and other communities and posed a consequent threat to the economic and social well-being of the entire State. We responded very quickly with a body of legislation that has been translated into a meaningful program of recovery, with benefits that will be tallied for years to come. And this ability to master circumstances was demonstrated in other areas. We were able to turn a seeming impasse into a golden opportunity by combining into one unified program two apparently dissimilar projects, a great world trade center to maintain the leadership of the Port of New York, so vital in the life of our State, and the transformation of a bankrupt railway system into the keystone of a metropolitan transit network. Thus will be sustained the viability of scores of New Jersey com-
munities; thus will be served the day-by-day needs of thousands of New Jersey commuters.

Again, there had been growing in this State, over the years, a concern over the controlling, and perhaps stifling, role of government in the distribution of milk, an essential of life for millions. This administration came to share this concern and ordered a searching review of the tangled pattern of controls that had developed. That examination produced a recommendation that we start anew to guarantee the consuming public of New Jersey the benefit of fair competition. This action required legislation to insure against monopoly and unfair trade practices that would victimize the consuming public just as inevitably as would arbitrary price regulations. You were quick to respond to this need, and, while preserving the accomplished benefits to the consumer, to assure maintenance of the markets of our dairy farmers during the transitional period.

And other instances could be recalled, in which, during the past year, you and I acted together, swiftly and justly, in the interest of the people.

We would do well, I am convinced, to retain this sense of urgency, if we are to meet the diverse problems of growth and progress that remain our unfinished business. The growing pride of the people in this State, which we all can sense, is there for our support. But there is also a growing concern of the people as to the future, which should sober us and guide us to ever higher achievement. And thus we have, together, a responsibility to the people of this State that transcends partisan interest or gain—a responsibility which is really bipartisan, resting upon us equally, because our programs are to benefit not Republicans or Democrats, as such, but all the people, pro bono publico. This responsibility, because of the very critical importance of the problems we must solve, is one which simply cannot be fulfilled in the face of extreme political partisanship.

There is, for instance, no Democratic or Republican way of dealing with urban renewal, with mental health, with highway construction. Traffic safety is not a partisan matter; death stalking our highways does not recognize political affiliation.
In making these observations, I recognize that our political parties do differ on some matters, indeed on some basic philosophies, and that the Legislature may well have its own views as to the desirability and specific detail of any program. But if we are determined to work together for the benefit of the people, these differences can be accommodated and become a source of strength leading to ever sounder, more acceptable programs.

No program for legislative action can be unfolded fully, of course, without a comprehensive discussion of its fiscal aspects. This week, we are to receive the Tenth Report of the Commission on State Tax Policy—a document which will have important bearing on the determinations we will make, not only for 1963, but for a much greater span of New Jersey's future.

This report, in its full scope, will be the product of a labor of almost two years. It will warrant the careful attention, not only of Governor and Legislature, but also of the public of New Jersey. I, therefore, will not attempt to treat with this report and with the basic financial considerations it certainly will evoke until January 28 at which time I shall deliver to you a special message.

To insure a clear delineation between the long term implications arising out of the report and the recommendations I will make in my annual budget message, I am requesting a postponement in the delivery date of the budget message to February 11. Legislation to that effect will be introduced today.

AN OBLIGATION TO ACT

Foremost among the responsibilities of government is the obligation to safeguard the lives of the governed. Nowhere in state government is this responsibility more manifest than in the effort to stem the swelling tide of death and injury on the highway. Therefore, I place this matter at the head of my list for legislative consideration.
Today, more than three million drivers and two and one-half million vehicles are licensed by the State of New Jersey. The death-dealing potential underlying these statistics is almost incalculable. It reaches into every home, humble or great. It imposes on us a solemn obligation to act—to act with speed and decision.

In 1961, 778 persons died on our highways. The most recent figures indicate that 1962 saw a grim increase of some 16 per cent. This means that more than 900 persons died on New Jersey highways last year and that there was an accompanying increase in injury with all its tragic consequences.

During the past session, I recommended certain revisions in our motor vehicle laws. Their design was to reduce the incidence of drinking and driving.

Alcohol has become a major factor in the area of traffic safety. New Jersey operates a comprehensive alcohol determination program. It is recognized as the best in the country. An autopsy is conducted on all persons who have been killed as a result of a motor vehicle accident if death resulted within the six-hour period preceding examination.

In 1961, there were 463 such autopsies. For the first eight months of 1962 there were 372 examinations. These examinations reveal an alcohol factor with approximately 60 per cent of all drivers who are killed in motor vehicle accidents.

Without question, our existing laws for dealing with drivers who insist on drinking alcoholic beverages are inadequate. The law now provides for a presumption of drunkenness if the blood alcohol content is 0.15 per cent or greater by weight. This level was set in 1939 pursuant to a recommendation of the American Medical Association. In 1960, the American Medical Association had occasion to reconsider this problem and recommended that 0.10 per cent be accepted as prima facie indication of drunkenness and went on to state that "many individuals are under the influence in the 0.05 to 0.10 per cent range."

New Jersey has had, within limits of the law, a forceful program of traffic safety. We cannot expect to achieve good results in this area, however, if we are content with past efforts.
I cannot urge you too strongly to adopt the "driving while impaired" legislation and the implied consent law that is essential to enforcement of this and other control measures. Both of these programs represent realistic attempts to reduce death rates that approach the awesome. Adequate safeguards have been placed in these laws to protect our motorists from arbitrary and unreasonable acts on the part of law enforcement officials. No person can be requested to take a drunkometer test unless he has been arrested under reasonable circumstances. The only test that a motorist can be required to take is a breath test. His right to have a physician of his own choosing administer breath or other tests is preserved. Every motorist is entitled to the results of the test he had taken and is also granted the right to a hearing to contest the reasonableness of the arresting officer's actions. With extensive safeguards such as these, I can see no reasonable basis for opposition to the passage of implied consent legislation.

But, as I have repeatedly indicated in making these proposals, I am not inflexible. I shall always be willing to listen to reasonable modifications. I must caution the Legislature, however, against any revisions which would render the law incapable of dealing with the serious situation we now face. It is not sufficient to have a traffic safety program in name only. We must have traffic safety in fact.

In addition to the laws relating to drunken driving, there will be re-submitted to you legislative proposals revising our laws relating to lighting requirements and brakes upon our commercial vehicles. Both of these proposals will bring our law into general conformity with the requirements imposed by the Interstate Commerce Commission. For the well-being of all motorists, it is necessary that all commercial vehicles be equipped with the most modern safety devices.

New Jersey has been the nation's leader in the establishment of interstate traffic law enforcement agreements. Many of our sister states have, or soon will have, under consideration two proposed interstate compacts—The Driver License Compact and the Vehicle Equipment Safety Compact—which seek to introduce uniform
provisions among all the states on these subjects. These proposals warrant our careful study.

I recently approved the joint resolution providing for a study of the conduct of motor vehicle driver education programs in secondary schools. This commission, as soon as it is appointed, will devote itself to this most important aspect of traffic safety. Its recommendations will require close attention.

Our efforts in the field of highway safety have crossed State lines. It is unfortunate that we border on a state determined for some reason to maintain age restrictions on drinking which are weaker than those of the other 49 states. The tragic impact of this differential on our young people and those they encounter on the highways after a drinking trip to New York has been amply demonstrated. Although we have not yet been successful in persuading the State of New York to take meaningful action, we shall not abandon our efforts to save the lives threatened by the continued existence of this discordant law.

TOWARD MORE EFFECTIVE GOVERNMENT

I have often expressed my conviction that State government can and must assist more fully our counties and municipalities to better perform their duties and responsibilities. The burden that our local officials now carry is staggering. This can best be seen by comparing budgets—present and past.

Ten years ago local budgets, including those of school districts and counties, totaled approximately $650 million. This year these budgets will reach, and may exceed, the sum of $1.5 billion.

The State has the ability and the responsibility to assist our local officials in carrying out their tasks more efficiently and effectively. If the hundreds of millions in local taxes are to be spent wisely and in the public interest, it is incumbent upon the State to place at the disposal of our local governments the considerable information and leadership we have to offer. There can be no question that our local governments want and need such State cooperation. Indeed, a resolution to that effect was adopted
as recently as the League of Municipalities Convention last November.

You are all aware that I have previously proposed, in general terms, that a new department be established in State government which would be vested with the responsibility of devoting itself to the problems of our communities. No State agency now has that specific responsibility.

In the desire to make this new department as effective and useful as possible, I directed a study of the means by which such a department could best be organized. This study is now completed and, based upon its findings, I shall submit legislation to establish a 15th department in State government to be known as the "Department of Community Affairs."

The existing functions which would be transferred to the new department include: (1) all housing and urban renewal activities carried on by the State including the operations of Bureau of Tenement House Supervision and the Bureau of Housing; (2) the Division of State and Regional Planning; (3) the Division of Local Government and the Local Property Tax Bureau; and (4) the Divisions on Aging and Youth.

In addition to these existing functions, the new department should be authorized to undertake the study of municipal problems and activities and to coordinate the distribution of State services to local governmental units. The department also should have a statistical unit which can act as a repository for factual data of use to our local governments and which could be capable of providing local governing officials with such information as required to permit the efficient operation of government.

In many senses, this is a modest proposal. But, to the extent it will provide for the first time a comprehensive State agency with the clear responsibility for actively assisting our local governments in their search for solutions to problems, it is a bold step. It is a step we must take now if we wish to preserve and maintain local government units as a vital force in our system of government. To achieve the benefits of home rule in its fullest measure, we must assist local governments in solving their problems, or reconcile ourselves to the inefficiency and waste of haphazard growth.
THE BALANCED COMMUNITY—HOUSING

We cannot turn our attention to the important problems of our communities generally without giving serious consideration to their requirements in one particular area. This is the need for the construction of middle income housing units in our urban centers. This need for housing is most sharply mirrored in the problems of our six largest cities.

These cities have a total population of well over 1 million. They represent a vital force in the culture and economic life of this State. Yet five of the six cities suffered a loss of population during the past decade—a decade which saw our State's population increase by almost 1 1/4 million. We all can recognize that the problems of our larger and older cities are extremely complex. What has been happening to them is merely symptomatic of conditions throughout the nation.

While action on many fronts may be necessary to arrest this disturbing trend, fundamental to any solution of the problems of our cities is the construction of adequate housing at a reasonable rental for the middle income families who traditionally have served as the foundation of a balanced community life. Unless these families can be retained by our cities, our other efforts will have only limited success.

The failure to provide decent middle income housing in established urban centers is forcing many of our people, particularly young families, to take up residence in suburban and rural areas which all too often are ill-equipped or unequipped to handle them and the demands for public services they bring with them. In addition, the urban renewal programs, designed to revitalize our central cities, are being stymied because of the lack of middle income housing. This housing shortage is preventing the required relocation of families and compelling local agencies to earmark urban renewal lands for purposes not in keeping with an overall plan for balanced community development.

In November 1956, the Legislative Middle Income Housing Study Commission found that there was a need for middle income
housing in the State and that State financial assistance was required. The bills to implement this bi-partisan finding have never been approved by the full Legislature. If there was a need for middle income housing in 1956, there is an even more pressing demand for such housing today. We can continue to ignore this problem only at our peril.

By permitting our cities to decay, we harm more than the cities. The tax plight of our farmers, which I discuss in this message, is directly attributable to the demands for education and other services which former city dwellers are placing upon our rural areas. Furthermore, decay of the cities is injurious to the urban businesses which provide a livelihood for so many suburbanites.

Thus, the problems of the urban counties must be the concern of the people of our rural counties. They are partners in developing a balanced economy in this State which is essential to the viability of all our communities, urban, suburban and rural.

Since the bills which have been before this Legislature on middle income housing now are more than five years old, I have directed my staff to review this entire subject. Numerous conferences have been held with governmental officials, and representatives of public and private groups expert in the field of housing. Since the legislative report of 1956, New York State has embarked on a successful middle income housing program. We should benefit from their experience also. This spring I shall submit a comprehensive proposal for State participation in a program of middle income housing construction.

CIVIL RIGHTS—A TIME FOR CANDOR

On this hundredth anniversary of the Emancipation Proclamation, no discussion of the problems of our communities would be meaningful without a candid look at the question of equal rights for all our citizens. Of prime concern in New Jersey is the existence of inequality in housing opportunities for minority groups. Related to this inequality are myriad other problems: school segregation, spread of crime, health concerns, economic restriction and, for the minority groups, an overall dimming of the bright promise of America.
This state long has been a pioneer in seeking to guarantee the equality that first was spelled out in the Declaration of Independence. Our Division on Civil Rights, one of the first such bodies in the nation, has recorded solid achievements in its field. But, it has been handicapped over the years in translating high hopes into solid achievements by the absence of basic statutory weapons.

Nowhere is this authority more needed than in the area of equal housing opportunity. You have had before you for three years a "Fair Housing" bill that would guarantee our continued leadership. Heretofore, the Senate has been willing only to pass a diluted version of this program which offers as much opportunity for evasion as for achievement. I renew my plea for conclusive action on the matter of fair housing so noble words can become effective deeds.

Tied to full implementation of civil rights is the proposed transfer of the Division on Civil Rights from the Department of Education to the Department of Law and Public Safety. For reasons I have emphasized since my campaign for Governor, such a move would result in more effective enforcement without a diminution of the educational aspects of the civil rights programs. I have heard no open opposition to this change and if there exist any non-substantive differences, I am sure they can be resolved.

In another area, we should move to protect the rights of minority groups. At present, our law permits the employment by the courts of interpreters skilled in certain foreign languages. This authorization does not extend to the Spanish language, in which assistance is most needed in the New Jersey of today. Therefore, I shall submit proposed amendments of this law.

AN HISTORIC CELEBRATION

New Jersey is preparing to celebrate its 300th anniversary in 1964. Acting with foresight and wisdom we have created the New Jersey Tercentenary Commission. That Commission has done its work well. The proof of this is the thousands of our citizens who are preparing in scores of different ways to join enthusiastically the first statewide celebration.
Two Tercentenary developments are particularly pleasing. The business community of New Jersey is giving remarkable support, financial and otherwise, to Tercentenary planning and to the New Jersey Tercentenary Pavilion at the 1964-1965 New York World's Fair. Of equal importance, nearly 300 New Jersey municipalities and 20 counties have several thousand Tercentenary committeemen hard at work planning for 1964.

Soon this State will step off into a commemorative year that will instill in all a pride in community that will serve our State for years to come. I count it my good fortune that, as Governor, I will have the privilege of joining with all Jerseymen in telling a dynamic story of three centuries of people, purpose and progress. I know the Legislature will want to continue to support this important work.

A GROWING ECONOMY

New Jersey has maintained its position among the nation's leading states with substantial gains in population, business and employment. Our continued prosperity requires that government provide the conditions and services essential for vigorous economic growth.

We must approach the necessary investment in our economic growth with a spirit of enterprise recognizing that adequate public facilities and services—in law enforcement, in zoning and planning, in education, in transportation—are the assets which really attract enduring business and industry to our communities.

ECONOMIC DEVELOPMENT

Business and industry traditionally have found a natural attraction in New Jersey's location with its easy access to great markets. However, there are many other factors which influence industrial and business location. And, prospective industrial citizens should have readily available to them an accurate and informative inventory of the State's assets—availability of labor and industrial locations, transportation facilities, water supply, tax policy to name but a few. Further, they should know that in New Jersey they will find a State government determined to assist them in
becoming established as partners in the New Jersey business community.

I intend to explore fully the means by which we can assure business and industrial leaders that they will receive full support from the Office of the Governor in gaining the information and assistance required for sound industrial growth for themselves and for New Jersey. And, in this pledge of assistance, I know that I can offer the full cooperation of New Jersey's business community, to those who wish to join us here.

As we all are vitally concerned with the national economic indicators which chart the pattern of the national economy, so it is essential for us to have sound data on the activity of the New Jersey economy. The Governor's Cabinet Economic Committee is attempting to provide this economic information in its Monthly Report, which recently has been made public and which you receive regularly. It is our hope that this information will become increasingly useful to business and government leaders as planned improvements are incorporated in the Monthly Report and as basic studies on various vital aspects of our economy are implemented.

THE LABOR FORCE

Legislative accomplishments during 1962 affecting the program of the Department of Labor and Industry to maintain us as a productive people included the Construction Safety Act, the Manpower Training and Retraining Act, and an interim increase in weekly workmen's compensation benefits.

Administratively, employment services were strengthened through stepped-up counseling, testing and placement activity; a successful training plan was inaugurated under the Area Redevelopment program, whereby unemployed or casual, low-paid seasonal farm workers are being taught new, higher paid skills; and the important Manpower Training and Retraining Act of 1962 was implemented to the end that modern society's need for technicians might be met and that New Jersey might continue to offer industry its traditional asset—one of the nation's most skilled and adaptable labor forces.
Special attention has been focused on the urgent problems of youth, featuring the establishment in Newark of one of the nation's two pilot research projects on Youth Career Development. In addition, the department has developed a summer program of community service to migrant farm families; established safety codes relating to pressure vessels and other mechanical equipment as well as our 100,000 construction workers; expanded the Vocational Rehabilitation Program; increased the minimum hourly wage rates of over 18,000 laundry, cleaning and dyeing occupations employees; and contributed in no small measure to a year free, with one or two exceptions, from major work stoppages.

Looking to the future, there will be resubmitted for your further consideration an urgently needed revision of our antiquated and inadequate laws relating to worker health and safety that follows the pattern of action established by passage of the Construction Safety Act, as well as legislation extending a statutory minimum wage to adult males and to occupations presently not covered. In addition, I shall present to you a proposal for an administratively feasible means of pre-determining prevailing wage rates applicable to public contracts and a long overdue labor relations law providing effective machinery for the peaceful settlement of labor-management disputes. I urge the Legislative Committee reviewing the Workmen's Compensation law to complete its studies as quickly as possible so that final action can be taken on this subject this year. New Jersey, as a modern industrial state, has lagged too long in these areas.

PUBLIC EMPLOYMENT

As a candidate, I found that pensions and retirement benefits for teachers and public employees occupied much of my attention. During the campaign, I pledged myself to support legislation which would restore originally anticipated benefits to those teachers and public employees whose retirement plans were affected adversely by changes in the Federal Social Security law. The enactment into law of Senate Bills Nos. 16 and 44 represent, I believe, a complete fulfillment of that pledge.

I also pledged to support legislation which would afford the members of our two major pension systems the opportunity to
purchase, at their own expense, supplemental pension coverage to compensate for the Social Security offset from their pension. Legislation to carry out this pledge will be resubmitted to you early this year.

Important as retirement rights are, however, I think it is necessary that we recognize that our first concern must be the present needs of our employees. Retirement benefits are geared to the salary earned while employed. If our employees are treated fairly during their working years, they will be treated adequately during their years of earned retirement.

In line with this policy, consideration is being given to salary revision and adjustment as well as increases in the mileage rate paid for the use of personal automobiles for State business. I expect to make specific recommendations in my budget message.

The State has been considering means by which we can most effectively recruit and utilize personnel. Diverse training programs for State employees are now or soon will be in effect. These programs include in-service training, tuition and programs for courses that will improve employee work performance and training which will qualify employees who do not have college degrees to be eligible for promotion to certain positions for which a college education has been a pre-requisite.

Since the establishment of the Department of Civil Service, there has been a marked change in the responsibilities of government as well as significant changes in the structure of government itself. These changes make it desirable to review the effectiveness and appropriateness of our existing Civil Service provisions. During the past year, the Civil Service Department has undertaken its own study. This study has included such matters as veterans' preferences, the function of unclassified Civil Service positions and unclassified and promotion procedures. As soon as recommendations are available they will be brought to your attention for your consideration.

TRANSPORTATION—A CATALYST

In my inaugural message I mentioned that "our problems in nearly every field arise from the inevitability of growth and the
demands of progress." That growth has continued during the past 12 months and the progress achieved in many areas of our State now demands that we sharpen the focus of our attention upon the free movement of people and goods—a catalyst for our burgeoning urban economy.

Significant strides were made in the field of transportation during 1962. Legislation authorizing the purchase of the Hudson and Manhattan Railroad by the Port of New York Authority; setting up a new agency to build and operate an Expressway from Camden to Atlantic City; permitting the State Highway Department to include essential ferry facilities in its Passenger Service Contract Program and also allowing it to participate in the cost of permanent commuter railroad improvements necessary to consolidate and coordinate service with the Hudson and Manhattan Tubes; approval of the bi-state compact setting up the Delaware River and Bay Authority; emphasis on plans for a high-speed transit line in South Jersey; and a number of important administrative moves by the Highway Department have laid the groundwork for a new era in transportation.

Now it is up to us to consolidate these gains and to ensure that the maximum benefit is realized from them.

The backbone of New Jersey's overall transportation network today is our State highway system. All of you are aware of the tremendous demands placed upon it and of the fact that many sections of highway are carrying traffic far in excess of design capacity. Likewise, I am certain that you have been made aware by your local officials that every mile of new state highway completed and put into service generates new demands upon county and municipal roads. It is a fact that the legislation now in effect has "frozen" State aid to counties and municipalities for local roads at a constant level for the past several years.

The combined current need for more and improved State and local highways, even without regard for the enormous traffic growth expected in the next decade, forces a realization that additional substantial expenditures are required.

It is much the same story with mass transit. Our passenger service contract program is designed to keep the commuter rail-
roads alive until certain capital improvements and consolidations enable us to determine whether they will ever be able to stand on their own feet. The sum now provided annually by the State for this program, which amounts to the equivalent of one mile of urban interstate freeway, must be continued. We must seek to make effective use of the Commuter Benefit Tax, a levy which must be set aside for the needs of transportation between New York and New Jersey.

The problem of improving our overall transportation facilities thus becomes a problem of providing adequate financing. And to achieve proper planning and orderly execution, this financing should be made available on a long-term basis. A number of possibilities have been under consideration for some time and I hope to present a concrete proposal to you in the very near future. Since all of our modes and means of transportation are closely interwoven, so that a change in the character of highway transportation quickly affects the rail carriers, it can be seen that only a solution affecting all of the facilities I have mentioned could be expected to produce the best results.

The large number of railroad grade crossings in our State, and the potential hazards at many locations, require consideration of a substantial program of grade crossing elimination. This problem, by its very nature, also must be incorporated in any solution to our long-range transportation needs.

These needs must be explored—and explored with vision and imagination. To this end I have requested Rutgers, The State University, to sponsor a statewide forum, including regional meetings, to develop the breath-taking vista of New Jersey’s transportation horizons. This will afford the fullest and most immediate consideration of the State’s transportation needs as an integrated whole.

From this will emerge the blueprint upon which our transportation future will be built—indeed, upon which the future of our State depends.
UTILITIES—A FOUNDATION

Years of study and discussion were culminated last year in the adoption of the first major revision of the Public Utilities Law since its enactment in 1911. It can be expected that this major accomplishment will facilitate both the regulation and the operations of the utilities which serve as the foundation of a modern economic and community life.

Utility rate reductions resulting from private conferences, conducted in an admirable spirit of cooperation, without the necessity for protracted expensive formal rate proceedings, brought to New Jersey consumers an annual saving of $11.5 million in gas, electric and telephone service charges.

Close attention will be paid in coming months to the several proposed railroad mergers presently pending before the Interstate Commerce Commission to assure continuance of essential railroad freight and passenger service in New Jersey and to the establishment through joint efforts of Pennsylvania and New Jersey electric utilities of mammoth mine-mouth generating stations and ultra high voltage transmission facilities. Should legislative needs develop, they will be presented to you.

JETPORT—THRUST INTO THE FUTURE

New Jersey views with optimism the possibility of a giant new thrust into America’s economic future with our State as its spearhead.

In accordance with my request to the Administrator of the Federal Aviation Agency a feasibility study on air traffic control for the proposed jetport in the Burlington-Ocean County area is underway at the National Aviation Facilities Experimental Center at Atlantic City. Evaluations of the study will be reported in May of 1963.

I am hopeful that this study will indicate that air traffic control will be capable of accommodating a new international jetport in the Burlington-Ocean County area. In addition to air traffic control considerations, the Burlington-Ocean County area is a most advantageous site as regards weather, noise, construction costs
and future expansion—factors being investigated in a second study by the FAA which will be available about the same time the results are reported on the air traffic control study.

A jetport in the Burlington-Ocean County area would not only serve New Jersey but this entire section of the Northeast. Such a jetport would be one of the few airports capable of satisfying the regional needs of the supersonic transport. Aviation authorities do not envision more than six airports of this type in the Continental United States and, therefore, the responsibilities for constructing and maintaining such a facility go beyond state boundaries.

The legislative action that will be required depends, of course, upon the outcome of the current studies. As soon as the results of these studies are available, I shall bring them to your attention together with such recommendations as are appropriate considering the conclusions reached.

Because of the regional concept of a Burlington-Ocean jetport I am going to ask the Federal government to reappraise the Federal Aid to Airports Act as it applies to financial participation in airport construction. Such re-evaluation should consider broadening the class of airport facilities items eligible for federal construction aid.

THE MEADOWLANDS—A REDISCOVERED OPPORTUNITY

Last June, I suggested to the Meadowlands Regional Development Agency, an organization composed of the municipalities sharing the land of the Hackensack River Meadows, certain steps essential to any program for realization of a rediscovered opportunity in the development of these wetlands. This included a survey of riparian lands, participation and coordination in the comprehensive survey by the U. S. Army Corps of Engineers, and the preparation of a comprehensive regional master plan.

I am pleased to report that significant progress has been registered on these points. The State Bureau of Navigation has commenced on a survey of the riparian land in the Meadows, with a view to a final resolution of this issue in 1963.
The comprehensive survey by the Corps of Engineers is also underway and full cooperation has been achieved among the local state and federal agencies involved in this project. This survey will continue for several years, during which time there will be mutual exchange of information and a close coordination of activities.

In addition, the State has submitted to the Meadowlands Regional Development Agency a suggested planning program for the region emphasizing land use, economy and transportation considerations. Upon adoption of this planning program by the Agency, a regional planning board will have to be created in order to be eligible for a Federal grant. The application for this grant will be submitted by the State on behalf of the regional planning board, and will be matched by State and local funds.

Our continuing efforts will be required to achieve the ultimate objective of reclaiming and developing the Meadows. To this end an application for a demonstration study on the techniques and processes of intermunicipal action has been filed with the Federal Housing and Home Finance Agency. I am requesting an appropriation of $25,000 towards this study. This amount is to be matched by Federal funds.

Further, I am requesting the appropriation of the sum of $25,000 which, when combined and pooled with funds from other sources, will provide for the preparation of the comprehensive plan.

I believe that this program can lead us to our common goal, the successful reclamation and productive development of the Hackensack Meadowlands on a basis which will be of benefit to all our citizens.

THE FINANCIAL UNDERPINNING

The continued vitality of our financial institutions is an essential underpinning for the economic growth of the State. I stated last May at the New Jersey Bankers Association Convention that "**nothing will serve as a more effective brake on economic progress than an inadequate banking system which fails to recognize the financial needs of the state as they exist today and the demands that will spring from the expansiveness of tomorrow."
We must examine our banking structure to insure it is capable of meeting our needs. In doing this, due regard must be had for placing our financial institutions in a position to compete favorably with similar institutions in nearby states while preserving a healthy competitive status within our own State.

With this in mind, the Department of Banking and Insurance, together with the Banking Advisory Board, is considering proposals to liberalize the restrictions placed on branch banks. Their recommendations will be submitted for your consideration as soon as they are completed.

The need for a similar revision of the savings and loan association law has been recognized by that industry itself. Last year, a comprehensive revision was placed before you. I understand that it will be re-introduced this year. The suggestions of that industry warrant your close attention.

The Department of Banking and Insurance also has under review the need for supervision of mortgage companies. These companies are not now supervised or regulated by any agency except to the extent that they are subject to the laws concerning real estate brokers and salesmen. These companies hold large sums of money in escrow and handle extensive financial arrangements. From time to time, complaints have been received by the Department of Banking and Insurance alleging irregularities in these activities. The Department cannot satisfactorily investigate or resolve these complaints without some degree of regulatory authority. Proposals concerning the supervision of these companies will be submitted for your consideration.

THE STATE INVESTMENT COUNCIL

The State Investment Council—a pioneer in administering the investment of public moneys—has admirably demonstrated the wisdom of its creation in 1950. In the past 12 years, the number of separate State funds which it administers has increased from 18 to 28 and these have been classified into groups having similar investment requirements. As a result of the constant supervision of these investments, the aggregate value of securities held in the funds has increased from $349 million to more than $1.1 billion.
and the effective rate of return achieved has been increased from 2.37% to 3.73%. As an aid to its quest for greater efficiency and higher earnings, the Council requires legislative authorization for the establishment of combined accounting procedures for our major pension funds. Bills for this purpose will be resubmitted for your consideration.

AN ASPECT OF TAXATION

While I am reserving an overall discussion of taxation for my fiscal and budget messages, there is one area involving taxation with which we should come to immediate grips. This concerns local real and personal property taxes. Since the decision in Switz v. Middletown in 1956, the law concerning the assessment of real and personal property has been in a state of uncertainty. For several years following that decision, the Legislature itself was incapable of devising a satisfactory formula to resolve the assessment problem. An apparent compromise solution was achieved in 1960 with the enactment of Chapter 51. Implementation of this law, which was to have become effective in the year 1962, twice has been delayed. The purpose of these postponements was to give all interested parties ample opportunity to review the potential effects of Chapter 51 and to make such corrections or modifications as seemed justified. The time has come, however, when we must face this question directly.

The Legislature has had two years to consider possible modifications of the law. To the extent that such modifications are desirable, there will be opportunity to enact them during this session. I will consider carefully any revisions the Legislature feels to be necessary, but I must stress the fact that time is short.

I do recommend that the Legislature act promptly on proposals to amend the Constitution to permit tax exemptions for qualified veterans and persons over the age of 65 to be fixed at a dollar amount deductible from the tax bill. Such action is necessary if we are to give the people of this State an opportunity to resolve the confusion that has resulted from the court's decision in the second Switz case concerning the computation of such assessments. Legislation also should be enacted to implement these constitu-
tional amendments, if adopted by the people, so that the new method of computing these tax exemptions can be operative from the tax year starting in 1964.

OF FARMS AND TAXES

Because of the heavy industrialization of our State, there is the tendency to forget that agriculture remains a most important asset of this Garden State. Twenty-eight per cent, 1,431,000 acres, of the State's lands are devoted to agriculture. Agricultural production accounted for $312 million in 1962.

The value of agriculture to New Jersey, however, cannot be measured in dollars alone. Our State derives much benefit from the fact that this vast land acreage is devoted to a profitable enterprise at the same time that it preserves open space for our people. The value of such open land can be measured, in part, by our present $80 million Green Acres program of land acquisition. Moreover, the spiritual, moral and community strength of agriculture and those engaged in agriculture, forms an indispensable part of the very character of this "Garden State" and I am determined that family farming shall not disappear from the New Jersey scene.

We all realize that the New Jersey farmer has been beset by many problems. Some of his problems are caused not only by the legitimate competitive factors which all businessmen must meet but by the fact that his activity requires large land holdings. As local governing units have turned more and more to increased real property taxes to support education and other necessary functions of government, the tax burden of our agricultural people has increased sharply. To an extent this is inevitable and justifiable in view of the increased value of land in New Jersey. We cannot, however, expect agriculture to remain thriving in this State unless we can bring to this activity some element of tax stability.

I have appointed a committee on farm land tax assessment which is now engaged in preparing a constitutional amendment to permit agricultural and other open lands to be assessed by standards that would maintain these lands in their present socially
desirable uses. The public is entitled, however, to safeguards against abuse of this law by those seeking speculative gain.

I expect the committee to report its recommendations to me and the Legislature in the very near future. As soon as its proposals are ready, I shall request that you give them priority consideration.

ON OTHER MATTERS AGRICULTURAL MILK

Since 1933, with few exceptions, New Jersey consumers have purchased milk at or above minimum prices established by the State. Unfortunately, over the years it has become increasingly difficult to determine whether the prices fixed by State government bear any reasonable relationship to the production costs of the milk industry. The uncertainty of costs in this area prompted the State Supreme Court last summer to set aside minimum prices which had been established by the Office of Milk Industry. Following this action, I appointed a milk study committee to review the entire situation. This committee recommended and I concurred that all minimum prices should be removed. This was done by the Office of Milk Industry.

The removal of minimum prices restored the milk industry to a competitive position and provided lower milk prices for the benefit of our consumers. The removal of price regulations, however, brought with it the threat of unfair competition and the possibility of a price war. To guard against such a development and to protect the integrity of this essential industry, we agreed upon legislation providing for a six-month moratorium in the milk industry. This moratorium was established with price levels which resulted from competition, thus preserving for the consumer the benefits received from fair competition while extending to the industry a measure of price stability.

During the moratorium period, the Department of Agriculture and the Office of Milk Industry will proceed to establish and implement a uniform system of accounting and reporting of actual costs of marketing this vital commodity. Once established,
this system should provide the basis for orderly milk marketing. Some legislation may be required to accomplish the necessary re-orientation of the Office of Milk Industry so that it can function effectively as a regulator rather than price fixer. Such proposals will be brought to your attention as they are developed.

MARKETING PROCEDURES

The Department of Agriculture is reviewing two measures of extreme importance to our agricultural industry which were before you for consideration last year. The egg marketing proposal is being revised to incorporate suggestions made at the public hearing held by the Senate. The Agricultural Marketing Order Authorization Act also will be modified to some extent. Both of these proposals are essential to the orderly marketing of New Jersey products in New Jersey markets and to the well-being of agriculture. They warrant the complete and immediate support of the Legislature.

PROTECTING A RESOURCE

The great Atlantic storm of last March left in its wake personal tragedies as well as serious financial and safety problems for the State, county and municipal governments.

Governmental agencies have worked to provide, first, emergency shore protection and, then, more permanent protection to restore the beaches and their protective structures to pre-storm status. Restoration will continue through the winter and spring to assure completion—a monumental undertaking, but an essential activity in view of the role of the seashore in the economic and community life of the entire State.

A conference was held in November, 1962, with officials of shore municipalities to obtain local views of the task ahead. The estimated cost of essential construction was reported at $14 million. This does not include additional work proposed by a number of Shorefront municipalities under the Federal Accelerated Public Works Act of 1962.

Federal and State engineers are carefully examining the shore protection needs for today and tomorrow. All levels of govern-
ment must act in concert to restore the shore area and to extend shore protection against erosion and future storms, as well as for accommodation of our growing population.

Much serious thought and effort has been given by this administration to the establishment of shorefront parks. Planning and action in this direction have advanced. It is appropriate that New Jersey, the early champion of beach protection and preservation for the citizen, again should take a leading position in this area.

**GOVERNMENT IN HUMAN TERMS**

As a goal of government the common good must include the many needs of man: his education, recreation, his health and safety. For society requires sound, well-balanced citizens for its health as well as their happiness. Further, a sense of social justice flows naturally from any concept of the common good to a just concern for the less fortunate who, through circumstances often beyond their control, find themselves in need of a helping hand.

Let us never forget that government is the people's instrument for joint accomplishment.

**EDUCATION**

The aspirations of society have been most clearly mirrored in the plans made for its youth. Educational opportunity is the hallmark of American society. In New Jersey, no other area of governmental activity commands more attention or a greater share of our resources than does education.

In 1962 the school population in New Jersey continued the steady increase of recent years, further driving home the fact that our schools will continue to make significant demands on the public income. These demands highlight the importance of a long needed revision of Title 18—the School Law—prepared by the Department of Education and now being circulated among school administrators throughout the State. I know it will receive your intensive consideration.
Main attention is now shifting to the State’s role in the field of higher education. In May, we received from the State Board of Education the Strayer Report which made long needed projections of college enrollments and provided estimated costs of capital construction. Last year we opened the door to meeting these needs by enacting a bill providing for two-year county colleges. The State, the counties and the students would share the cost of these important facilities.

Also in the field of higher education was our action to amend the State scholarship law to raise the number of out-of-state scholarships from 15 to 35 per cent of the total. This action was taken to meet a critical need in certain sections of the State.

As we review the estimates of the numbers of our youth who will be seeking higher education in the years ahead, we know that our present facilities, public and private, are inadequate to meet the demand. We cannot but wonder whether the present pattern of distribution of our resources is efficient. More importantly, we must ask whether our facilities can measure up to the demands of excellence in education which are so essential to growth and leadership in a complex society.

We have reached a point where it is necessary to undertake a searching review of all our resources for higher education, both public and private, to evaluate their effectiveness in imparting quality education to an increasing number of students.

I therefore propose a broad study of the future of higher education in this State, and I shall appoint a panel of impartial authorities for this important evaluation.

GREEN ACRES—A PROGRESS REPORT

Toward the enrichment of our own lives and the lives of succeeding generations, we have made progress in 1962 that has evoked national attention. In November, 1961, the people approved a bond referendum to provide $60 million to buy lands for parks and other conservation and recreation purposes. For State purchases, $40 million was set aside, and $20 million was dedicated to State matching assistance for county and municipal purchases.
Eight new State park and recreation areas currently are under purchase negotiations. Thirteen existing State park and recreation areas are scheduled for additions. Together, they will add an estimated 44,500 acres to our State park system.

The apparent success of this phase of the Green Acres program, however, should not obscure the fact that the Green Acres legislation, other than for the actual land purchase price, does not provide for land development. The addition of new public land areas brings upon us the responsibility of protecting, maintaining and developing such areas so that the public may utilize them for recreational purposes. Although development need not and should not be on a crash program basis, sufficient facilities should be provided as soon as possible so that the public may enjoy the benefit of these open spaces.

NATURAL AREAS COUNCIL

During the past year, a Natural Areas Section was established in the Bureau of Parks and Recreation in accordance with chapter 51 of the Public Laws of 1961. This section is responsible for the acquisition and preservation of natural areas with unique value for educational, scientific and aesthetic purposes. A Natural Areas Council has been appointed and a program is underway utilizing parts of existing State-owned lands and additional lands to be acquired under the Green Acres Program. A much needed step toward the preservation of New Jersey's natural heritage has been taken.

INSTITUTIONS AND AGENCIES

Nowhere is the impact of government more clearly translated into human terms than in the area of institutions and agencies. Thus, we can view with considerable satisfaction the progress made to date in implementing the capital development program to expand and improve facilities in the Department of Institutions and Agencies. Under the initial appropriation early in the year, five projects moved swiftly to construction. You recently appropriated the remainder of the $40 million bond issue for three additional projects upon which bid results are pending. The
addition of these new and improved facilities to our operational program will reduce markedly the problems which have confronted our institutions and their staffs.

Of equal importance in the area of improved service was the embodiment in legislation of the major recommendation of the Alexander Study Commission, which called for the reorganization of the Division of Welfare. The beneficial effects to be derived from simplification and improvement of administrative practices in this area can be expected to eliminate much of the misunderstanding attendant upon our welfare programs.

In addition, we also have strengthened the hand of agencies disbursing public assistance to cope with problems of fraud, misrepresentation and deceit, and have made available to county welfare boards the authority to file complaints in affiliation proceedings.

To maintain the impetus thus given to our public welfare and assistance programs, I suggest to you the following areas appropriate to further legislative activity:

MENTAL HEALTH

Rapid scientific, medical and social advances have made possible the elimination of much human suffering while reducing the burden of caring for the mentally ill and mentally retarded in State facilities. Yet, the downward trend in population of our State mental hospitals, which has been giving us much reassurance in the last five years, has shown signs of reversing itself. With the rate at which the total population of our State is increasing, we cannot hope to keep abreast of this great human problem unless we take prompt advantage of every insight modern medical practice provides. I urge your fresh consideration of the mental health bills which will make available simplified procedures for voluntary admissions to promote early, effective treatment without the stigma or expense of court commitment. With this legislation, we can proceed with the development of a broad, modernized program of diagnosis, treatment, care and rehabilitation while providing standards for determining impartially the responsibility of relatives and public agencies to pay for needed care.
Since the Community Mental Health Services Legislation became effective on July 15, 1957, we have seen an unprecedented citizens' interest, coupled with action on the community and county level, result in a significant increase in professional services for the mentally ill. Most counties already are spending more than the 20 cents per capita which current statutes authorize the State to provide for such services. I soon shall submit to you legislation which will provide for increased State financial participation to the end that additional mental health services may be made available.

BOARDING AND NURSING HOMES

Community facilities directed toward the care of the aging are expanding rapidly to meet the needs of this growing segment of our population. Because of the insecurities inherent in the situation of aged citizens, we have a particular responsibility to make certain that good quality care is provided in the varied types of facilities required by their individual needs.

Similarly, it is apparent that our community hospitals and related medical facilities must be operated in such manner as to insure the provision of a high standard of care and treatment.

To better achieve these goals, I shall suggest that our licensing programs for such facilities be strengthened and that constant vigilance be exercised by the authorities charged with this responsibility.

AID TO CHILDREN OF UNEMPLOYED

Recent Federal welfare legislation has reemphasized the basic values of administering public assistance in a manner that strengthens family unity. A new plan would make available to us additional Federal matching funds—amounting to $5.7 million annually—if we widen the scope of our children's assistance program. This program now is restricted to situations where at least one parent is out of the home or incapacitated. The broadening would include those needy families with children in which the dependency results from the unemployment of the parent. At present, provision is made for such families only through the
General Assistance program, administered by the municipalities which share the program's cost with the State. The redefinition of the New Jersey program which I shall submit to you will totally relieve the municipalities of direct financial responsibility for such cases since matching costs will be shared by the State and counties. The social and fiscal significance of this new plan merits the serious consideration of the Legislature.

KERR-MILLS IMPLEMENTATION

While reiterating our strong support for the President's program to finance medical care for senior citizens through Social Security, we cannot lose sight of the concurrent need for State legislation keyed to the Kerr-Mills Act of 1960, which would provide grants to the medically indigent. Such legislation, permitting us to share Federal funds now available, is essential from two standpoints: as a stopgap until Congressional approval of the well-merited Social Security approach, and, thereafter, for cases which may fall outside the Federal medicare program.

PLACEMENT OF CHILDREN

Present laws relating to interstate placement of children for foster care, adoption or treatment are wholly inadequate. Closer cooperation in the areas of investigation, supervisory control and maintenance of responsibility, through adoption of the Interstate Compact on the Placement of Children, can make available increased opportunities for good placements by broadening the geographic area within which proper safeguards could be assured. Legislation to that end will be presented to you in the near future.

THE PUBLIC'S HEALTH

The fact that New Jersey is the most urbanized State in the nation is most clearly impressed in the area of public health. Problems attendant to growing population and population densities are magnified in the area of sanitation, air and stream pollution and disease control.

During the past year, important legislative and administrative steps were taken to strengthen our air pollution law and to implement the State's sanitary code. In dealing with stream pollution,
the Department of Health reviewed and approved plans for the construction of $50 million worth of stream pollution control projects. The department’s authority to approve plant location on water sources was extended to include non-potable as well as potable watersheds.

As is always the case with growth, what already has been accomplished is but a small part of what remains to be done. The Department of Health, through the Commission on Radiation Protection, is considering amendments to the radiation code which would permit the State to assume responsibility for certain licensing and regulatory functions now conducted by the Atomic Energy Commission. Consideration also is being given to the development of programs for State financial aid to local health departments so that all of our citizens, no matter where they may live, work or play, may have the protection of essential public health services. At the present time, many of our localities are having difficulties in meeting the minimum standards of performance for local health departments which have been established by the State. The problems of providing adequate public health nursing services also are under review. They will be given intensive consideration at a Governors’ Conference on Community Nursing Services March 6. To the extent that these programs and other plans now under consideration by the department need legislative assistance, proposals will be submitted to you during the course of the session.

There remain before you, however, several proposals which were recommended last session which have not yet been passed. The bill to grant to the Department of Health the authority to restrict the type of sewerage facilities that can be installed in areas hereafter developed could be considered a priority item. For too many of our municipalities, the problem of financing a program for sewage disposal is compounded because unsuitable sewerage facilities were utilized at the time that housing developments were constructed. In addition, the bill regulating the disposal of sewage and other materials from craft operated upon the waters of this State is essential to the effective control of water pollution. It will be resubmitted to you this year.
A new measure developed jointly by the Department of Health and the Attorney General's office should receive immediate consideration. This bill will provide for the licensing and control of commercial blood banks. There have been a number of recent instances of communicable diseases being spread through the use of contaminated blood which was obtained from commercial blood banks. This presents such a high danger to the general public that it should be brought under regulation immediately.

TO MEET THE PERIL

Still fresh in the minds of all are the anxious days of October when the storm clouds of the Caribbean served as a chilling reminder that the State, no less than the nation, must hold itself prepared against the awesome possibility of global conflict. In this area of urgency, several important projects demand prompt conclusion. The Emergency Civil Government Commission shortly will recommend legislation to provide for an orderly line of succession to the offices of the Executive, the Legislature and the Judiciary in the event of catastrophic enemy attack. Thereafter this group will extend its study to encompass government on the county and municipal level.

Recently we cooperated in the enactment of legislation authorizing a limited exemption from real property taxation for the construction of radiation fallout shelters in the home. Additionally, funds were appropriated for a study to determine the feasibility of establishing a shelter for the relocation of governmental operations in the event of such emergency. Now let us promptly resolve the question of school fall-out shelter construction and proceed to the enactment of such enabling legislation as is necessary and appropriate.

A program for the effective preservation of essential records and documents has also been developed. Legislation on this subject soon will be presented to you.
THE STRUCTURE OF GOVERNMENT

If government is to be responsive to the needs of the people and the communities in which they live, it must not burden them with suffocating regulations or prolonged delay in carrying on their business. Service to the people should be characterized by efficiency, by equity, by integrity in all branches and levels of their government.

From time to time it may be necessary to reorganize our government structure and to revise our procedures. A general survey of the operation of State government by a special Committee on Efficiency and Economy is nearing completion. Its recommendations, when implemented, should enable us to conduct an even more efficient government at the State level. But there are certain specific areas of reform which I should like to call to your attention now.

THE COURT SYSTEM

It is now becoming fairly well known throughout the State that the shape of our court system may require further modification. We can, with propriety and understanding, view the complaint of our county court judges that while the burdens and responsibilities of their office can be equated with those of the Superior Court judges, the remuneration and other benefits derived from their station are disproportionate in comparison with the technically higher court. Such matters as judges' salaries, pensions, tenure and the like are presently under review to the end that detailed recommendations soon will be presented to you.

LAW AND PUBLIC-SAFETY

I have noted various problem areas which are rendered more acute because of the growth and development of our State. These factors have their impact also in the area of law enforcement. A growing and changing population which is as highly mobile as New Jersey's places the utmost stress upon our law enforcement officials. For this reason, it is imperative that the Legislature approve measures which will better equip our law enforcement officials, both State and local, for the continuing fight for effective
law enforcement. I reiterate my previous request for the passage of a mandatory police training program for our municipalities. The Legislature should also act promptly on the proposals to authorize a uniform system of crime reports and to permit essential evidence to be obtained from a witness, by court order, without incriminating the witness.

Another proposal which will be resubmitted for your consideration is the proposed modernization of the tenement house laws. It is essential that this law be revised before the functions of the Tenement House Bureau are transferred into the new Department of Community Affairs.

The Department of Law and Public Safety will also submit several new proposals designed to protect the general public. The Department’s Bureau of Securities has found its present program inadequate to the extent that it does not regulate real estate syndication. Such activities now amount to a multi-million dollar undertaking in New Jersey. They should be regulated.

The Department will also submit proposed revisions of the weights and measures laws and the laws concerning cemetery corporations. In both of these areas, it is essential that our laws be updated so that we can provide maximum protection to the general public.

**LAW REVISION**

Throughout this message I have commented upon the need to modernize certain titles of the Revised Statutes. These included our laws relating to corporations, education and weights and measures. In addition, other parts of the Revised Statutes require updating. The work on Title 40, it is to be hoped, is about to be concluded. Commissions have been created to revise our laws relating to eminent domain and riparian lands. Other commissions have been established to review the laws relating to elections and insurance.

Merely specifying these areas indicates the magnitude of the task. The basic inadequacy of our existing program of law revision is amply demonstrated, I believe, by this constant requirement of revision. Law revision should be of a continuing nature rather
than a sporadic attempt every 10 or 15 years to update what has become obsolete in the intervening period. In this age of technical achievement, it would be well if we took advantage of techniques which were unknown and unavailable just a few decades ago.

I have been informed that a University of Pittsburgh project is placing the laws of Pennsylvania and New Jersey on electronic data processing equipment. This work, although of great potential value to the State of New Jersey, has proceeded to this point without cost to us. There remains, however, a certain amount of work to be done before the full benefits of this program can be obtained. The cost of that work is estimated to be $13,000. Considering the great utility this material will have in the revision work now being done, I shall request the Legislature to appropriate this amount.

CONFLICTS AND LOBBYISTS

Those who serve in or deal with government owe the general public the duty of conducting their affairs in a proper manner. New Jersey lacks the fundamental legislation, however, which would delineate the boundaries of proper conduct.

I renew my request for a conflict of interest law forbidding government officials and employees from engaging in activities or retaining private interests which conflict with their public responsibilities. The necessity for this legislation should be apparent to all. Because of an impasse between the Houses of the Legislature on this subject, I have directed my staff to undertake a review in the hope of developing a proposal acceptable to all. Such a proposal will be submitted to you in the near future.

A related subject is that of lobbying. While lobbying for or against legislation is a valid exercise of democratic rights, it is highly desirable to require the registration of those lobbyists who do so on a professional basis. The general public has a right to know who they are and whom they represent.

A REGULATORY OBLIGATION

New Jersey’s natural advantages as a leading recreational State have been enhanced by the rising public interest in boating. This activity has imposed a regulatory obligation on the State.
The registration of power vessels as authorized by the Boat Numbering Act of 1962 has commenced. By April of this year approximately 20,000 boats will be registered with the State. Over the next three years, we will be renewing 75,000 boat registrations previously issued by the United States Coast Guard. During the forthcoming boating season, approximately 120,000 craft of 10 or more horsepower will be using New Jersey waters.

Most boat owners are sensible seamen. But the counterpart of the reckless driver on the highways now appears in greater numbers on the waterways. A small child, unlicensed and unaccompanied, may pilot a pleasure boat as long as 65 feet in New Jersey as well as most other states.

Operation by the reckless or inexperienced operator endangers the safety and pleasure of thousands of other boaters, swimmers and fishermen. Between January 1 and November 30, 1962, there were 151 marine accidents, bringing death to 51 and injury to 83 in New Jersey. During the year, 1961, there were 121 marine accidents involving 31 deaths and injury to 80.

These statistics indicate clearly that we must more efficiently regulate this activity. Therefore, I have requested that the Boat Regulation Commission devote special attention to the problems of boating safety—particularly in relation to the operation of power vessels on tidal waters of the State—and make recommendations on the licensing of power vessel operators. These recommendations will warrant serious attention.

EFFECTIVE STATE SERVICE

After almost a year of work and preparation, the Uniform Commercial Code was put into operation by the Department of State on January 2. Full facilities now are available to the banks, savings and loan institutions, credit unions, small loan companies and members of the bar who will function under this important codification. Streamlining of the department's administrative procedures has brought about substantial improvement in efficiency coupled with a reduction in the cost of operation with respect to the handling of correspondence and the administration of the election laws. Corporate annual report filings were increased to
64,000 as the result of an intensive drive and an impressive increase in the number of foreign corporations registering to do business in the State has been noted.

Further progress in these directions will depend upon the Legislature's favorable consideration of legislation that will be resubmitted to bring the fees charged by the Secretary of State into line with those charged by other states for like services. In addition, while the Revision of Title 14 (Corporations) is still in preparation, I will present several needed changes in that title for your interim consideration as well as a proposal for revision of our Trade-Mark Law.

CONCLUSION

Let us, then, proceed with the important business with which our fellow citizens have entrusted us. The world is growing up very quickly around us, and we must be neither laggard nor haphazard in planning our own growth and progress. In the Divine plan, it is ordained that we pass this way but once, and opportunities ignored in 1963 may never come within our reach again.

Our fellow citizens will hold us to a strict accountability, not for authorship but for achievement, not for political maneuver but for joint success, not for words but for action. And this is the essence of justice, for they have given us the tools we need to do the job—the stimulation inspired by their growing interest in government, the courage justified by their support, the sense of responsibility compelled by their trust and confidence. For my part I pledge every cooperation of my office, and hope that we can work together in a meaningful partnership.

Now let us turn, together, to our duty of shaping a body of law that will serve as guide and spur for a vital State.

RICHARD J. HUGHES,
Governor

January 8, 1963

Attest:

LAWRENCE BILDER,
Acting Secretary
Upon the conclusion of the recess and under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Mr. Sandman offered the following resolution, which was read and adopted:

*Resolved*, That the "Official Manual for Use in Drafting Legislation for introduction in the New Jersey Legislature," prepared and published by the Law Revision and Legislative Services, be adopted as the official manual of practice and procedure of the Senate governing the form of bills to be introduced in the Senate and governing the conduct of the preliminary examination of bills proposed for introduction in the Senate required by the Rules of the Senate; and

*Be It Further Resolved*, That in order to carry out said practice and procedure, Charles deF. Besoré, John W. Ockford, William Lanning, and H. Arthur Smith, Jr., be designated as counsel to the Committee on Revision and Amendment of the Laws of the Senate, and that the duties of such counsel shall be to conduct said preliminary examination of bills proposed for introduction in the Senate under the general supervision of the chairman of said committee and through the Division of Law Revision and Bill Drafting of the Law Revision and Legislative Services pursuant to law, and that they shall receive such additional compensation for acting as such counsel as shall be determined by the Senate by resolution.

Mr. Sandman offered the following resolution, which was read and adopted:

*Resolved*, That the payroll for the officers and employees of the Senate be adopted and that the Secretary be authorized to authenticate the same as approval officer.

Mr. Sandman offered the following resolution, which was read and adopted:

*Resolved*, That all statements of expenses of the Senate, or of the Legislature on account of the Senate, be referred to the Ways and Means Committee and, when approved by
said committee, as indicated by the signature of the chairman thereof, and by the Secretary of the Senate, said bills shall be forwarded to the Legislative Budget and Finance Director for audit, and to the Director of the Division of Budget and Accounting and the State Treasurer for payment.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved. That copies of the Legislative Daily Record for the use of the Senate be purchased for the session of 1963, at a cost of $750.00 for the session.

Mr. Sandman offered the following resolution, which was read and adopted:

Senate Resolution No. 1, entitled "A resolution to create an investigating committee consisting of 5 members, to be appointed by the President of the Senate, with power to investigate any public body receiving funds in whole or in part from the State,"

Be It Resolved by the Senate of the State of New Jersey:

1. There is hereby created a committee to be known as the "Senate Investigating Committee" to be composed of 5 Senators to be named by the President of the Senate, who shall constitute a committee for the purpose of investigating the finances, affairs and operations of any and all departments, boards, officers and commissions of the State Government, and all other bodies and political subdivisions of the State who shall be receiving State moneys or public funds of any kind. The committee is authorized to examine into the pay and duties of the employees and the conduct of the work and affairs of all such boards and political subdivisions of the State who shall be receiving State moneys, for the purpose of recommending ways and means of reducing costs of administration and promoting efficiency.

2. Such committee shall serve without pay, but is authorized to employ counsel and such accounting, investigating, clerical or other assistants as to it may seem necessary.

3. Such committee shall have the power to subpoena and examine witnesses and any accounts, records, or other matter pertaining to the operating of any department or departments of the State Government, of any political subdivision of the State, or of any other body receiving State
moneys or public funds of any kind, or of any bi-State commission which may be acting jointly with another State.

4. The committee may appoint a secretary who need not be a member of the committee. Said committee shall meet from time to time, hold hearings and examinations in a manner and in places which to them may seem best and proper.

5. Any agency, board or department of the State Government, any officer or employee of any political subdivision of the State or of any other body receiving State funds, and the officers and employees of any bi-State commission which may be acting jointly with another State, shall furnish to such committee such information, records, and data as may be required for a comprehensive analysis of the operation and financial affairs of such agency, board or commission, or other public body, including any bi-State commission, as from time to time such committee shall determine.

6. Investigations and examinations may be made privately or publicly, but it shall be unlawful for any person to divulge the results of any investigation or examination to any person or persons other than such committee, unless a public hearing shall have been first held. Whenever any person shall be examined by such committee or by its duly authorized representative or representatives, under the powers contained in this act, at a public hearing, the officer, department, board, bureau, commission or individual under investigation or scrutiny may, through his or its authorized representative or representatives, cross-examine any such person or any phase of the matter concerning which he has been examined or questioned, and such officer, department, board, bureau, commission or individual may introduce other evidence to explain, enlarge upon, or clarify the matter, situation or condition under investigation or scrutiny to the end that the full details of any such matter, situation or condition may be developed and presented at one and the same time.

7. This committee shall remain in effect and force until the opening day of the 1964 Legislature, notwithstanding any sine die adjournment.

Mr. Ozzard announced the appointment of Messrs. Farley, Deamer, Hillery, Stamler, Kelly and Lynch as members of the Senate Investigating Committee.
Mr. Farley offered the following resolution, which was read and adopted:

A Senate Resolution reconstituting and continuing the Senate Investigating Commission created by Senate Resolution No. 7 of the 1960 Session to investigate the Port of New York Authority.

Be It Resolved by the Senate of the State of New Jersey:

1. The Senate Investigating Commission created by Senate Resolution No. 7 of the 1960 Session to investigate the Port of New York Authority is reconstituted and continued with the same powers and duties as provided by the said Senate Resolution No. 7 of the 1960 Session and also as provided by Senate Resolution No. 6 of the 1961 Session.

2. The members of the said commission as so reconstituted and continued shall be appointed, and all vacancies in the membership of the said commission occasioned by any cause shall be filled in the same manner as the original appointments were made.

3. The said Senate Commission as reconstituted and continued by this resolution shall continue in existence until the opening day of the 1964 Legislature.

Mr Ozzard announced that the membership of said committee shall remain the same as in 1962.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That Robert E. Gladden, of the county of Camden, be appointed Assistant Secretary of the Senate for the legislative year, at a salary of $3,500.00.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That Roy J. Schleich, of the county of Passaic, be appointed Assistant Secretary of the Senate for the legislative year, at a salary of $3,500.00.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That Albert T. Farese, of the county of Somerset, be appointed Secretary to the President, for the legislative year, at a salary of $2,000.
Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That George Consovoy, of the county of Somerset, be appointed Assistant Secretary to the President, for the legislative year, at a salary of $500.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That William Ryan, of the county of Somerset, be appointed Assistant Secretary to the President, for the legislative year, at a salary of $500.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That George Reeves, of the county of Gloucester, be appointed Supervisor of Bills for the legislative year, at a salary of $2,500.00.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That Earl N. Van Hart, of the county of Burlington, be appointed Assistant Supervisor of Bills for the legislative year, at a salary of $1,400.00.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That George Kerby, of the county of Gloucester, be appointed Calendar Clerk for the legislative year, at a salary of $1,800.00.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That Edward L. O’Brien, of the county of Gloucester, be appointed Assistant Calendar Clerk for the legislative year, at a salary of $1,600.00.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That Rev. W. Neal Raver, of the county of Gloucester, be appointed Chaplain of the Senate for the legislative year, at a salary of $1,500.00, to be paid in the same manner as all other legislative employees.

Mr. Sandman offered the following resolution, which was read and adopted:
Resolved, That Frances L. Cagnassola, of the county of Union, be appointed First Assistant Journal Clerk, for the legislative year, at a salary of $1,750.00.

Mr. Sandman offered the following resolution, which was read and adopted:

Mr. Sandman, Chairman of the Committee on Judiciary, reported

Senate Bills Nos. 89, 90, 91,

Favorably, with amendments, and Senate Bill No. 92 by committee substitute.

The following committee amendments to Senate Bill No. 89 were read, and upon the motion of Mr. Sandman, the committee amendments were adopted:

Amend page 1, Title, line 1, after "concerning" insert "certain".

Amend page 1, section 1, line 1, after "county" and before "wherein" insert "of the sixth class".

Amend page 1, after section 1, insert a new section 2 to read as follows:

"2. The governing body of such municipality may acquire by purchase or condemnation, any marsh or other unimproved meadow lands within the jurisdiction of the municipality as it may deem advisable for the best interests of the municipality for the purposes provided in this act."

Amend page 1, section 2, line 1, delete "2." insert "3."

Amend page 1, section 2, line 3, after "transfer" delete "the".

Amend page 1, section 3, line 1, delete "3." insert "4."

The following committee amendments to Senate Bill No. 90 were read, and upon the motion of Mr. Sandman, the committee amendments were adopted:

Amend page 1, Title, line 1, after "counties" insert "of the sixth class".
Amend page 1, Title, line 1, after "for" delete "or by".

Amend page 1, section 1, line 1, after "county" and before "wherein" insert "of the sixth class".

Amend page 1, section 1, line 3, delete "has been or".

Amend page 1, section 1, lines 7 to 13, after "tion" delete remainder of line and all of lines 8 through 13 and insert "as to whether or not the county should issue bonds, not to exceed the amount needed for the purpose of providing funds for the county meadow land development commission, and in no case to exceed an amount equal to 1/4 of 1% of the equalized valuation of property in said county unless approved by the Division of Local Government of the State Department of the Treasury if and when the appointment of such commission be authorized by the voters in the manner provided by the act authorizing such appointment of a county meadow land development commission."

Amend page 2, section 3, after line 7, delete the question in the box in its entirety and insert new question as follows:

"Shall a bond issue not to exceed an amount equal to 1/4 of 1% of the equalized valuation of property in the county unless otherwise approved by the Division of Local Government, be issued by the county to provide funds for the county meadow land development commission if the appointment of such commission is authorized by the voters of the county in the manner provided by the act authorizing the appointment of such commission in the general election at which this question is also submitted?"

Amend page 2, section 3, after line 7, below the box insert the following:

"In any county in which voting machines are used the question shall be placed upon the official ballots to be used upon the voting machines without the foregoing instructions to the voters and shall be voted upon by the use of such machines without marking as aforesaid."

Amend page 2, section 4, lines 3 and 4, after "freeholders" delete remainder of line and all of line 4 and insert the following: "shall adopt a resolution authorizing the borrowing of funds for the purpose of providing needed funds for the county meadow lands development commission, and securing repayment thereof, together with the
interest thereon by the issuance of bonds in the corporate name of the county. The bonds so issued shall be designated "County Meadow Land Bonds." They shall be issued and sold pursuant to the Local Bond Law. No county shall issue such bonds if the amount thereof together with the amount of prior outstanding county meadow land bonds shall exceed an amount equal to \( \frac{1}{4} \) of 1\% of the equalized valuation of property in said county unless such bond issue shall first have been approved by the Division of Local Government.

The following committee amendments to Senate Bill No. 91 were read, and upon the motion of Mr. Sandman, the committee amendments were adopted:

Amend page 1, Title, line 2, after "issues" delete "or" and after "commissions" insert "in certain cases".

Amend page 1, section 1, line 2, after "county" insert "of the sixth class".

Senate Bill No. 89, entitled "An act concerning certain municipalities, in relation to the disposition of lands, in certain cases, and supplementing chapter 60 of Title 40 of the Revised Statutes,"

As amended,

Resolved, That the Senate do now recess and proceed to the Assembly Chamber for the purpose of receiving a Special Message of the Governor.

Mr. Sandman offered the following resolution, which was read and adopted:

Resolved, That the Governor’s Special Message be spread in full upon the Journal of the Senate.

Following is the Special Message of Governor Hughes which was delivered to the Legislature in the Assembly Chamber.

Special Message to the Legislature
by
Richard J. Hughes, Governor of New Jersey
January 28, 1963
A Program for the 1960s

Mr. President, Mr. Speaker, Members of the Senate and General Assembly:

The time has come when the people of New Jersey have reached a crossroads in the life of the State. We have been traveling to this point inevitably, not only during the brief year of my administration, but for many years before that. Now we have arrived at this point of decision—a judgment on fiscal policy which, in every sense of the word, is a judgment on the very future of New Jersey.

It is our present duty to decide whether New Jersey is to continue as a vital State, whether it shall seize the opportunities of dynamic growth in the important years ahead of us, or whether it shall flinch at the threshold of what should be the most meaningful period of progress in its history.

No one should be lulled into the nostalgic, but false, notion that it is possible in the complex world of today to stand still. As I have said recently to you, the world is growing up very quickly around us, and we must make sure that our own growth is neither laggard or haphazard. If
we do not provide for progress, we will slide downhill into a mediocrity of which neither we nor our posterity will be proud. For there is no middle ground in the competition of growth. The decisions which we must make now will mold our destiny as a State and determine whether we shall lead, or follow, in the years ahead. I want New Jersey to lead, and I think you share that view.

For the past few weeks we have had before us a valuable document, the Tenth Report of the Commission on State Tax Policy. Not only have the members of this commission labored devotedly on a review of our fiscal structure, but they have explored the demands of the future on the public purse. In particular, they have dealt in their study of almost 2 years with the needs of education, which has become, and rightfully so, a primary obligation of government in New Jersey.

Their report serves as a foundation for the Program for the 1960s which I today propose that you and I, with the help of the people of New Jersey, begin to construct.

A Massive Effort

The fundamental obligations of a State such as New Jersey are clearly defined by government in its existing scope. True, there are new areas into which State government probably will venture in the coming years. But our basic responsibility today is to meet fully the demands of existing programs. And these indeed are great. Today I am proposing a massive new effort in 3 basic fields—education, transportation and institutional effort. Each represents an historic State responsibility, and the result of these efforts will be felt throughout the public structure.

In large part, I propose that we deal with the capital needs of this State. Thereby, we truly plan for the future. At the same time, I recommend that we undertake a broad expansion of State participation in the operating costs of our public educational system. This follows substantially the principal recommendation of the Commission on State Tax Policy and represents a significant step toward easing the "maldistribution of the burden of the cost of State and local government" discerned by the commission as well as by almost all other students of New Jersey's tax structure.

School costs have contributed in large part to the fact that New Jersey now has the highest per capita property
tax burden in the United States. Most of us cannot but agree with the Commission's finding "that the local property tax burden is unduly heavy, having reached the point at which in many municipalities it cannot be increased... and that it is a deterrent to business and unfair to homeowners." Therefore, to achieve a better balance, I propose that the State increase substantially its help to local government in education as well as other areas.

In most of our previous thinking, there have seemed to be but two alternatives before the government of New Jersey: to stand still, a concept which we know to be impossible or, in order to meet the needs of the State, to impose a broad based tax, meaning either a sales or personal income levy. Indeed, most of the members of the Commission on State Tax Policy were divided, basically, only between a sales or income tax.

For many years, this State has been justly proud of the fact that it has developed its present position of leadership without imposition of either such burden. Our fiscal picture is a singular one. Today, 48 States levy a sales or income tax or both. Another State is in the midst of debating such a tax program. While I always have shared our traditional pride in our freedom from such taxation, I nevertheless came to realize that it might not always be so.

It was for this reason that, upon my nomination for this office in 1961, I fought, and fought hard and successfully, to exclude from the Democratic platform its traditional pledge against new taxes. I did this not for any love of taxes, but because I was determined as Governor to do my full duty; and I wanted no impediment in the way of fulfillment of that duty.

And thus it was that in that platform we pledged:

\[\ldots\text{continued opposition to any form of personal income or general sales tax unless it becomes clearly and irrevocably necessary to the maintenance of services essential to a modern and progressive State.}\]

Through the length and breadth of New Jersey, in home and in marketplace, I defined and repeated this pledge a thousand times over: that when the time would be reached that substantial need was demonstrated beyond any question, and when no possible alternative would be seen to exist, then and only then would I advocate that this State embrace a broad based form of taxation.
So that when I assumed the office of Governor, as all my fellow citizens must have understood very clearly, I did not accept the inevitability of a present commitment by New Jersey to a broad based tax.

And I do not accept it today.

While requesting that the Tax Policy study be broadened to include the full range of New Jersey's resources, my administration undertook its own review of the State's fiscal posture. The Tax Policy study, and my own review, and all that I have seen about me in this State and learned, without exception, have established to my mind that there is indeed a substantial need for money, and that a failure to meet this need would amount to a betrayal of New Jersey's future.

But by the same token, and from the same evidence, I cannot concede that no alternative exists to the imposition of a sales or income tax.

An Alternative

There is, in fact, an alternative, and I present it now for your consideration.

The key to the success of such proposal is the utilization of a solid and untapped resource of the future—the revenues of the New Jersey Turnpike, a highway which already serves as a link for the commerce of America. With proper utilization, it can become a financial foundation for New Jersey's growth. Without this magnificent asset, I would not present the program I do today.

This program for translating the abundance of the Turnpike into the future benefit of the State differs, I believe, from a number of proposals previously advanced. It envisions the full retirement of the Turnpike debt by 1972. With your authorization, the State, after this debt is retired, can plan on an annual return of approximately $42 million from the operation of the Turnpike. According to reliable and conservative projections, this sum would remain after maintenance, operating and improvement costs have been provided.

Without revision of our basic tax structure, these sums would facilitate retirement of a $750 million bond issue which I hereby propose. The proceeds of these bonds would meet New Jersey's principal capital construction needs of the 1960s.
The availability of these funds would free from our present budget many millions now appropriated for such capital purposes. And I propose that we use these millions.

I propose that they be employed for a broad expansion of State school aid and in prudent provision for retirement of the debt to be assumed.

Allocation of this $750 million would be made over a five-year period and its first benefits could be achieved in the fiscal year which we shall begin next July 1. If we undertake this program, I propose that we appropriate $150 million of the total in that year and in each of the four succeeding years. Actual application of much of this money would not be completed until 1970 or perhaps 1971. With proper allocation, I am convinced that New Jersey will have, as we enter the decade of the 1970s, the modern physical plan indispensable to the conduct of vital public business, and to our full participation in the dynamics of America's growth.

I propose that the $150 million be allocated annually in the following manner: $70 million for highway construction, $5 million for grade crossing elimination, $20 million for State aid for county and local highway construction, $12 million for capital programs for institutions and agencies, $25 million for higher education facilities, $2 million for construction of the recently authorized community college facilities, and $16 million for local school district construction programs.

By provision of the $75 million for highway construction and grade crossing elimination, a sum of $42 million would be freed from the current budget. The $20 million allocated for county and local highways would remove the present $8 million appropriation from present appropriation patterns. Because the bond issue would provide $16 million for local school construction, the present budget would be relieved of this obligation. Thus, a total of $66 million would be released from existing State appropriations.

Of this sum, I propose that we appropriate $50 million annually for increased State aid for current expenses of local school districts, now at an annual level of $74.3 million. This increased appropriation could be made in line with revised formulas recommended by the State Tax Policy Commission. It compares with an increase of $67.4 million
in aid for operating expenses recommended by the Commission.

The remaining $16 million would be set aside to meet the debt service obligations of the $750 million bond issue for the transitional period between the time debt service begins and the date on which Turnpike surpluses become available.

In this program, we will be acting—and acting with determination—in three of the most important areas of State concern. Let us consider the results.

The Results

The additional $50 million a year which we will channel to school districts for operating expenses will serve as a tool with which we can rework our present State aid formula. We can take cognizance of the special needs of school districts with exploding populations and minimal tax ratables. We can bring the State’s “foundation program” into better line with present-day reality. These actions were a most important recommendation of the Tax Policy Commission. While it is true that this program will not provide the full sums recommended by the Commission, I am convinced that we herewith make meaningful provision that fits within present fiscal reality in this State.

In the field of higher education, we would come near to meeting the full projections of need. Last year, the State Board of Education received the “Strayer Report” on the Needs of New Jersey in Higher Education. That important document projected, to 1970, needed State capital construction expenditures of $134 million for our public institutions of higher learning. In this program, we provide $125 million, essentially meeting the need as defined in the Strayer Report. Furthermore, we allocate a total of $10 million to meet the State’s share in bringing to reality the bold new program for community education that we envisioned with the passage of the Community College Act of 1962.

This massive investment in educational facilities will bear a rich return for all the people of New Jersey. As we observe daily, the development of the industry of the future—electronics, chemicals, pharmaceuticals, research and so many others—is directly related to the excellence of a State’s educational facilities. In building these college and
university facilities, we are building jobs for ourselves and our children. We are bringing a new prosperity to the business of this State. We are creating communities rich in social and cultural opportunity. And above all, we are passing on to our children the opportunity to prepare themselves for the fuller life that awaits those with the learning demanded by these complex times.

Transportation, of course, has a direct connection with the economic vitality of the State. Our efforts in this field have expanded greatly since enactment of the Federal interstate highway program and with public programs to maintain rail commuter service. Nevertheless, full realization of the opportunities of this program and corollary progress has been hampered by financial considerations. We do not deal here with all potential areas for transportation activity. To do so would require almost inexhaustible funds. But we do bring to bear on the problem many additional millions. And the immediate problem is a desperate one, as anyone who has risked his life on Route 22, or fumed in traffic delays at the Lincoln Tunnel, or hungered for new east-west crossings in Central and South Jersey, can testify. Even without a vision of the future, it would be necessary for us to move determinedly on this aspect of our highway program.

But there is an even broader impact. The availability of fine new highways in all sections of our State will bring new lustre to our attraction for business and industry. With these new highways, our all-important resort industry can plan to maintain its position as a leader in the nation.

Further, our increased transportation expenditure also will have an effect on local tax rates. It should be remembered that we will be increasing by 150 percent annual State allocations for county and local highway construction. Thus local and county governing bodies will be required to make a smaller demand on property taxpayers for such moneys. Combined with school aid, we thus will be directing $62 million in increased State aid for local property taxpayers.

I propose today allocation of $60 million for institutional construction. This is in addition to the funds provided by the various bond issues of the post-war years. The return on this investment, unlike that in the other areas, cannot be so directly measured in dollars and cents. Nor need it be. It represents the State acting to meet perhaps its highest
responsibility, its responsibility to its people most in need of help. These are the mentally handicapped, the young law-breakers who stand on the threshold of further crime or rehabilitation for a useful life, and others whose last hope rests in the concern of the State.

This need cannot be minimized by anyone who has heard, as have I and my predecessors, the pleas of an anguished parent for a place in a State institution for his disturbed or retarded child, a child who cannot receive the care he needs at home and whose presence there brings tragedy to family life.

I ask your thorough study of these proposals and for your passage of the necessary legislation. This will include a bill to revise the basic Turnpike Authority law to permit general State use of Turnpike funds following retirement of the debt, and the necessary bond proposal.

A Joint Task

Then it shall be our joint task to take this program to the people. Our Constitution requires their approval of this bond issue. The necessary bills are being prepared by my office.

We open here no vast new areas for State spending. We strive merely to meet the responsibilities we assumed with our public offices. And importantly, we meet the demands of growth within our present fiscal framework.

One of those responsibilities, of course, is the duty to conduct the affairs of the State government with efficiency as well as equity. Toward that end, I sometime ago appointed a Committee on Efficiency and Economy and charged it with the review of the full operations of the State government. Its report, as you know, recently was submitted to me. It points the way to economies, and I have taken steps to begin their implementation. While welcome, these possible savings, certainly limited in extent, do not relieve us of the duty to find the hundreds of millions demanded of us by the New Jersey of the 1960s.

To suggest that these needs of the future can be met by economies, uninitiated by responsible Governors and undis-cerned by bi-partisan Appropriations Committees over the past many years, would be sophistry of the rankest order.

By this bond issue financing, the State does assume substantial interest costs. Here again, I am convinced that we
are acting in a fiscally prudent manner. The experience of the same post-war years that produced the public demands which we are meeting also developed an experience of steadily increasing capital costs, for government as well as for business and for the individual citizen.

For example, the United States Department of Commerce Construction Cost Index shows since 1949 an average annual increase of 3.6 percent. This compares with the anticipated interest cost of the bond issue you are to consider. Therefor, the economies achieved by rapid and large-scale construction can offset the cost of borrowing these huge sums.

In the vast new highway programs there is still another factor of economy. New Jersey is one of the most rapidly urbanizing States in the nation. Each year, land values rise along an almost astronomical curve. This new program will permit advance right-of-way acquisition on a scale never before seen in New Jersey. Throughout America, and particularly in our dynamic State, we can see where a dollar spent yesterday could have saved many more dollars today.

In Morris County, for example, land scheduled to be acquired for Interstate Route 80 has tripled in value in the last two years. One instance related to me by Commissioner Palmer involved open land right-of-way having a market value of $1,000 an acre which, because we lacked funds to buy advance right-of-way, only a few years later cost us $15,000 an acre.

Thus we would spend today to save tomorrow.

We should further remember that the economic vitality of New Jersey, with the certain availability of the Turnpike millions, places this bond issue well within the range of our State’s credit capability.

Two weeks hence, I shall present to you my annual Budget Message. That document will deal with the recurring needs of State government. It will not take up the requirements of these broad programs for the future. As I have publicly said, there will be a mandated increase over the present revenue and spending programs. I shall propose to meet those needs by modifications in our present tax structure, not by any basic revision.
The Tax Policy Commission has made significant comments about the need for substantial revision—in addition to expansion—of our tax base. The objective of these recommendations is the infusion of a higher degree of equity into New Jersey fiscal policy. Furthermore, we stand in the shadow of court directives requiring similar revision. I am ready to work intensively with you in those areas during this year. I am confident that we shall achieve far-reaching solutions to those problems.

Today I have dealt with what I consider the State’s basic needs. I feel that I have dealt with them in a manner that will enable New Jersey to enhance its already outstanding position of leadership in the life of America.

Should you, or the public by rejecting any referendum you might authorize, choose not to follow this road, then it will be our joint obligation to return to the certainty of a broad based tax. There can be no turning back in meeting our destiny as a great State. We must choose; and our choice must be one of responsibility and vision.

Richard J. Hughes, Governor.

**Report of Senate Committee on Revision and Amendment of Laws on Senate Concurrent Resolution No. 5**

In accordance with Rule 71 of the New Jersey State Senate, a public hearing on Senate Concurrent Resolution No. 5, entitled "A concurrent resolution proposing to amend Article VIII, Section I, paragraph 4 of the Constitution of the State of New Jersey," was held in the Senate Chamber, State House, Trenton, New Jersey, under date of January 31, 1963, before the Senate Committee on Revision and Amendment of Laws.

The following members of the committee were present:

Wayne Dumont, Jr. (Chairman); Joseph Wm. Cowgill.

As a result of the testimony adduced at the public hearing, it is the recommendation of the Senate Committee on Revision and Amendment of Laws that Senate Concurrent Resolution No. 5 be reported favorably and that it be considered on third reading and final passage.
The Senate is hereby directed to enter this report upon the Senate Journal.

WAYNE DUMONT, JR. (Chairman).

Joseph Wm. Cowgill.

Senate Concurrent Resolution No. 3, entitled "A concurrent resolution proposing to amend Article VIII, Section I, paragraph 3, of the Constitution of the State of New Jersey,"

Senate Concurrent Resolution No. 5, entitled "A concurrent resolution proposing to amend Article VIII, Section I, paragraph 4 of the Constitution of the State of New Jersey,"

Senate Bill No. 104, entitled "An act making appropriation to the Department of Conservation and Economic Development of funds to be used in connection with the holding of the Republican National Convention and the Democratic National Convention or either or both if they or either of them shall be held in New Jersey in 1964,"

Senate Bill No. 114, entitled "An act concerning savings and loan associations and building and loan associations, and revising chapter 12 of Title 17 of the Revised Statutes,"

And

Senate Bill No. 123, entitled "An act concerning the guaranty or indemnity by the Sisters of Charity of Saint Elizabeth of the payment of indebtedness heretofore or hereafter incurred by corporations incorporated by members of said Sisters of Charity of Saint Elizabeth and the ratification of such guarantees heretofore made and amending 'An act to incorporate the Sisters of Charity of Saint Elizabeth,' approved March 11, 1873 (P. L. 1873, c. 183),"

Were each severally taken up, read a second time, considered by sections, agreed to, and ordered to have a third reading.

The following committee amendment to Senate Committee Substitute for Senate Bill No. 6 was read and upon the motion of Mr. Dumont the committee amendment was adopted:

Amend page 1, section 1, delete entire section and substitute the following:

"1. All practices, rules, and procedures of a medical service corporation, involving termination or refusal to
renew coverage, modification of coverage or rates in the case of persons classified as left-group, selection of risks, and underwriting classifications, shall be subject to review at any time by the commissioner and upon his request for information relative to any such practice, rule, or procedure the medical service corporation shall furnish such information in writing without delay. If the commissioner shall notify the medical service corporation of his disapproval of any such practice, rule or procedure, as being unjust, unfair, or inequitable, taking into consideration the nonprofit and tax-exempt status of the medical service corporation, it shall be unlawful for the corporation to continue such practice, rule, or procedure.'

The following committee amendment to Senate Committee Substitute for Senate Bill No. 13 was read and upon the motion of Mr. Dumont the committee amendment was adopted:

Amend page 1, section 1, delete entire section and substitute the following:

"1. All practices, rules, and procedures of a hospital service corporation, involving termination or refusal to renew coverage, modification of coverage or rates in the case of persons classified as left-group, selection of risks, and underwriting classifications, shall be subject to review at any time by the commissioner and upon his request for information relative to any such practice, rule, or procedure the hospital service corporation shall furnish such information in writing without delay. If the commissioner shall notify the hospital service corporation of his disapproval of any such practice, rule, or procedure, as being unjust, unfair, or inequitable, taking into consideration the nonprofit and tax-exempt status of the hospital service corporation, it shall be unlawful for the corporation to continue such practice, rule, or procedure.'

Senate Committee Substitute for Senate Bill No. 6, entitled "An act to supplement "An act concerning medical service corporations and regulating the establishment, maintenance and operation of medical service corporations and medical service plans, and supplementing Title 17 of the Revised Statutes by adding thereto a new chapter entitled "Medical Service Corporations,"" approved May 29, 1940 (P. L. 1940, c. 74),"
As amended,

And

Senate Committee Substitute for Senate Bill No. 13, entitled "An act to supplement "An act concerning hospital service corporations and regulating the establishment, maintenance and operation of hospital service plans, and supplementing Title 17 of the Revised Statutes by adding thereto a new chapter entitled "Hospital Service Corporations," approved June 14, 1938 (P. L. 1938, c. 366),"

Mr. Ridolfi.

As there was no quorum present, the Senate then adjourned.

At 2:00 o'clock P. M. the Senate met.

The session was opened with prayer by the Very Reverend Msgr. John E. Grimes, pastor of St. Mary’s Cathedral, Trenton, N. J.

Mr. Ridolfi took the chair as President pro tempore.

Under the direction of the President pro tempore, the Secretary called the Senate, when the following Senators appeared and answered the call:

On motion of Mr. Sandman the journal of the previous session was approved and its further reading was dispensed with.

Mr. Ozzard occupied the President’s chair.

The following message was received from the General Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
GENERAL ASSEMBLY CHAMBER,

Mr. President:

I am directed by the General Assembly to inform the Senate that the General Assembly has passed the following concurrent resolution:

Be It Resolved by the General Assembly of the State of New Jersey (the Senate concurring):

That at 2:00 P. M., both houses of the Legislature meet in joint session for the purpose of receiving the annual budget message of His Excellency Richard J. Hughes, Governor of the State of New Jersey, which will be delivered in person.

In which the concurrence of the Senate is requested.

ERNEST T. SCHEIDEMANN,
Clerk of the General Assembly.
Mr. Sandman moved that the Senate concur in the resolution.

The President put the question, "Shall the Senate concur in the resolution?"

Upon a *viva voce* vote being taken, the President declared the resolution adopted.

Mr. Sandman offered the following resolution which was read and adopted:

Resolved, That the Senate do now recess and proceed to the Assembly Chamber for the purpose of receiving the Annual Budget Message of the Governor.

Mr. Sandman moved that the Annual Budget Message of the Governor be received and filed and also spread in full upon the Senate Journal.
Mr. President, Mr. Speaker, Members of the Senate and General Assembly:

Today I present to you a budget of transition—transition between a state striving merely to keep its head above water in meeting the year-to-year demands of its development, and a state that is preparing boldly to come to grips with its future.

Today I come before you for the third time in a little more than a month.

In my Annual Message, I presented a program which outlines the full spectrum of this State's legislative and administrative needs.

Two weeks ago I presented this administration's "Program for the 1960s", a plan to meet the capital needs which are basic to any other public achievement by the State government.

Now, I present to you a double-edged program which, in one phase, discusses maintenance and necessary expansion of existing State activity and, in another aspect, plans the integration of this established activity with the capital program that, with your approval, will go before the people in November.

Accommodating our present revenue structure to the public responsibilities of 1963-64, I propose expanded or improved service in many vital areas. As I said two weeks ago, we can make this accommodation without resort to a broad based tax.

We will be required, however, to make provision for new or additional revenues in the sum of $37.5 million. This is necessitated by the mandatory requirements of normal growth and by a need to work modest improvements into existing State services and programs.

This budget calls for an expenditure of $547,479,498 which represents a net increase of $37,148,367 over appropriations in
force for State programs in the current fiscal year. This increase results principally from statutory requirements of our State aid programs including State aid to education and welfare, normal merit increments for State employees, an overdue salary adjustment for State employees, mandated pension fund requirements, additional staff for many of our institutions for the mentally retarded and the mentally ill, and for our State-supported institutions for higher learning.

**Recommended Revenue Program**

After serious consideration of the many possible sources of revenue which have been suggested to balance the budget, I have concluded that the most feasible and yet equitable program should consist of the following:

1. Revision of racing dates and an increase in the amount retained from the parimutuel pools at the State’s three flat racing tracks to produce an additional $4 million.

   This would include elimination of the so-called “dark days,” involving extension of the present 150-day racing meet to 169 days without extending the racing season beyond the presently planned closing date in early November.

   This would produce $2.5 million.

   The present assessments against the pools at racing meets would be increased by 1 per cent to be shared equally by the State and by the tracks. Each would obtain $1.5 million.

   These revisions, I am assured, would benefit the State and improve racing at our tracks. The increased revenue for the tracks would enable them to enhance New Jersey racing with more adequate daily purses. Present regulations require the tracks to devote 43.2 per cent of such increase to improvement of purses. Our racing program must maintain its attractiveness in the face of heightened competition from nearby states.

2. Revision of alcoholic beverage taxes to produce $12.8 million.
This would include an increase from 3½ cents to 8 cents a gallon on beer, the first increase in this tax since repeal of Prohibition. This would produce $5.6 million. The taxes on still wine and vermouth which now stand at 10 cents and 15 cents a gallon, respectively, would be raised to a flat 25 cents to produce an additional $1.2 million.

The levy on liquor would be raised from $1.50 to $2.00 a gallon. This would bring an additional $6 million a year.

3. Assessment of a surtax—for State use—on the present levies imposed for local use on electric, gas, telephone and telegraph utilities. The tax presently apportioned to municipalities from these sources would in no way be disturbed. The surtax would be 20 per cent of present collections from electric and gas companies. The surtax collections from telephone and telegraph utilities—the tax base of which differs from electric and gas operations—would be made proportional.

These revisions will produce approximately $18.5 million.

In connection with the taxes now assessed, it should be noted that all of the proceeds are returned to the municipality in which the property of the public utility is situated. Today, adjoining municipalities receive no benefit from these taxes, although they frequently render educational and other services to those who are employed in the operation of such utility installation. By applying this surtax, an element of equity will be accomplished. The revenue derived by the State will be utilized for the benefit of all its citizens.

It also should be noted this surtax will require the utilities to bear only half of the tax as a charge against their net earnings. This will result because such a tax will be deductible by the utilities for Federal income tax purposes. Since these companies generally are in the 52 per cent bracket, their income taxes will be reduced by 52 per cent of the amount of surtax.
Before recommending this burden on the dynamic utility industry of this State, I took many factors into consideration, including the obvious fact of the partnership between these utilities and the State government in the continued growth of New Jersey. The effect of this tax will be watched very closely during the coming fiscal year.

4. A general upward revision of miscellaneous motor vehicle fees—not including registration or drivers' license fees—to yield $2.2 million. Information submitted by the Attorney General indicates that many existing service charges are lower than the cost of issuance and administration. In addition to providing needed revenue, these fees should be raised as a matter of equity.

This represents my proposal for a revenue program to balance the 1963-64 budget. It is important to note that none of these changes will require additional administrative costs.

With regard to possible new sources of revenue for ensuing years—within the framework of our present fiscal structure—it might be well for the Legislature to consider the advisability of night harness racing, particularly in view of the steadily continuing competitive pressure from our neighboring states which will have a sure impact upon our existing racing revenues.

Budget Requests

Formal requests which were presented to the State Budget Director totalled $770,872,384. These included funds for capital construction in the Departments of Education, Institutions and Agencies and, to a limited degree, in the Highway Department. The Highway Commissioner refrained from requesting funds for the greatly broadened construction program the department is prepared to undertake should large additional sums become available. I point this out to indicate that even the formal requests made for 1963-64 do not portray the full needs of the State.

Aside from the requests presented by the various State departments, there have been other proposals from citizen groups, suggesting that New Jersey should embark on programs which
would exceed one billion dollars. Of necessity, we have made substantial reductions in these requests. As a result, $222 million was cut from the amounts requested. This sum of course includes capital projects which we hope to provide through capitalization of future turnpike revenues.

EDUCATION

The amount recommended for education in 1963-64 is $222.9 million or $17.5 million more than the $205.4 million appropriation of 1962-63. Thus, the State's programs for education will receive the major share of the budget increase.

INCREASED ENROLLMENT

Increased enrollment at the State University and State Colleges necessitates a recommendation for 248 additional faculty members and 154 other employees at a cost of $2,465,000. As I indicated in last year's Budget Message, the pressure for education generated by the high birth rate in the late 1940s continues to intensify and will become even more apparent throughout this decade. Colleges and universities throughout the United States will feel the pressure of increasingly larger high school graduating classes. New Jersey no longer can rely on the migration of its students to out-of-state schools for higher education to minimize the impact of the demands on our institutions. Our sister states
are faced with the same problem and must treat first with the needs of their own young people.

The requirements of the future are well portrayed by the Strayer Report on The Needs of New Jersey in Higher Education. In 1963-64 total enrollment of both full-time and part-time students in New Jersey's institutions of higher education will approximate 91,800 students. This enrollment, when equated to full-time students will total 39,900, an increase of 4,000 over the 35,900 of 1962-63. We plan, however, appropriations of $25 million annually from our capital bond issue for the essential construction at public institutions of higher learning.

**State Scholarships**

For the first time, this budget will reflect the cost of our new scholarship program for four full college classes. The number of scholarships will increase in 1963-64 by about 1,500 to a total of 10,570 with a value of $3,672,000, or $541,000 more than was appropriated in the current year.

**Student Loan Program**

During the coming year, we will be providing for the fourth year of the new student loan program. It is estimated that funds provided in this budget to underwrite loans to be made next year will permit 2,100 additional loans in the amount of $1,487,500 to be guaranteed by the State. Altogether, there will be nearly 5,000 such loans with a guaranteed value of $3,227,000.

**State Aid for Education**

State aid to local districts for education in this budget will amount to $113,431,921, an increase of $6,764,301 over the current fiscal year. This increase will provide added sums of $3.6 million for formula aid to local districts; $1.1 million for transportation aid; $600,000 for school building aid, and $700,000 in aid for maladjusted and atypical pupils. In addition, we made provision for inclusion of $50 million in additional formula aid to
local school districts. This would result from approval of the capital program which would release other funds presently allotted to capital purposes.

In addition, $600,000 is included to inaugurate our new community college program. This amount should provide planning and architectural services for those counties which may embark on this program during 1963-64.

The capital program will permit a further appropriation of $2 million annually over the next five years for the State’s share of community college construction costs.

I also have included $1,071,335 to equip and prepare the site for the new cultural center which is planned to open its doors to the public during the fiscal year 1963-64.

Also recommended as the State’s share of actuarial requirements for the Teachers’ Pension and Annuity Fund is $55,486,899, an increase of $7,592,925 from the current year. Of this sum, $3,194,000 represents the 1963-64 cost of the passage of Senate No. 16 which provided both social security and State pension benefits to those members of the Teachers’ Pension and Annuity Fund who lost anticipated benefits through changes in Federal law.

INSTITUTIONS AND AGENCIES

For the State to discharge its most personal obligation—the obligation to those in its care—there is recommended $112,762,209, an increase of $5,350,728 over the current appropriation. The recommendation includes $68,937,709 for operation; $38,479,500 for State aid; and $5,345,000 for capital construction.

The additional sum includes the establishment of 329 new positions. Of these, 143 are allocated to the institutions for the mentally retarded in order to establish a more adequate staff for care and treatment of the severely handicapped.

During the last few years, we have sought to release to the community the more self-sufficient patients, many of whom had been supplementing employees in approved work programs at the
institutions. This trend has continued and the population of the institutions for the mentally retarded increasingly is composed of those less able to render service. It is therefore necessary to employ more paid personnel to perform these services.

Unlike previous budgets for the State hospitals for the mentally ill, there appear, for the first time, 38 additional patient care positions to provide basic services for children diagnosed as brain-injured and emotionally disturbed. This recommendation is necessarily limited to basic care because our knowledge of these afflictions is limited and the results, to date, of treatment programs have been so disappointing for these patients. We shall maintain and strengthen our efforts to find new avenues of accomplishment—and of hope—in this grim area.

Funds in the amount of $175,000 are recommended for the Division of Welfare to administer the recently enacted program of medical assistance to the aged.

The State aid recommended for the various welfare programs operated by the Department of Institutions and Agencies, is $1,950,000 over the current year. The recommendation includes provision for the State's share of the new Kerr-Mills program to which I have just referred. There is also included $1,350,000—$214,000 more than the current year—as the State's share for community mental health services. This sum will cover the cost of legislation which I proposed in my annual message. It will raise the per capita allowance for this purpose from 20 cents to 25 cents.

The area of institutional effort is another in which we propose to take a giant step in the future with our capital program. On adoption of this plan, this budget would make provisions for the first of five annual appropriations of $12 million for vitally needed institutional facilities.

All activities and services of this Department are continually being evaluated. As an example, the Diagnostic Center is studying the disposition of original admissions.

The value of the psychiatric residency program in staff recruitment at our State hospitals again was demonstrated this year. Ten psychiatrists, all graduates of the program, accepted staff positions
in our psychiatric facilities. No comparable source of qualified psychiatrists is available to us.

National Institute of Mental Health grants are received from time to time. Of particular significance, is a grant for study of the development of psychiatric-geriatric nursing facilities in connection with community hospitals. This represents an attempt to cope with the increasing admissions of such patients to State and county hospitals.

The Neuropsychiatric Institute is activating, as a demonstration project, a regional mental health center encompassing all-inclusive psychiatric in-patient and out-patient treatment services for a designated geographic area.

State Employees Salaries

If New Jersey is to maintain a high level of public service, it is essential that New Jersey maintain an adequate level of public compensation. Our State employees are aware of their increasing responsibility and of the need to conform with modern-day requirements of performance. The rewards of such employment should be consistent with such standards.

To that end, I directed the Department of Civil Service to undertake careful studies of pay rates in comparable public and private employment. The Department conducted a survey of 46 companies in New Jersey and neighboring areas in the Delaware Valley. The study compared, by title, the minimum of the State’s salary ranges with the average starting pay for comparable positions. Another phase of the study also compared, by title, the mid-point in the State’s present salary ranges with the mid-point of the average salary range in effect in the Federal Government, New York State, Connecticut, Pennsylvania, New York City and Philadelphia.

The findings of the study lead me to recommend, as a matter of equity and sound business judgment, a series of improvements in the State compensation plan. I propose:

(1) Elevation of each employee by one range grade and the payment of an across-the-board increment on July 1st.
This further contemplates that each employee will receive a normal increment in his new range on his anniversary date of employment;

(2) Selective range revision for certain titles in the skills, the semiskills, the protective services and technical and professional areas;

(3) Raising every full-time employee to an annual salary rate of no less than $3,000.

The last general adjustment in salaries of cabinet officers was made three years ago. The need for high level performance—carrying with it an obligation by the State for adequate remuneration—is even more manifest in positions of leadership such as those of department and division heads. Moreover, the effect of the salary range revision program will reduce the necessary differential between the salaries of top career employees and the heads of the organizations in which they work. To maintain the balance, I have included funds to raise salaries of cabinet officers by $2,500 and of most division directors by $1,000.

Total cost of these changes will be $9,560,000. I point out to you that only $60,000 of this sum will be needed to provide the increments for the cabinet officers and division heads.

Furthermore, this budget will include an additional $2.3 million in State contributions to the Public Employees' Retirement System. Of this, $1.4 million represents costs resulting from the adoption of Senate No. 44, the bill which accomplishes for certain State employees the same results as Senate No. 16 for a specified group of teachers.

I am now studying the question of salary increases for Judges at both the State and county levels and will support legislation being prepared which will change their statutory salary scales. When such legislation is ready for introduction, I recommend that it include the necessary appropriation to carry it out.
Law Enforcement

The sum of $22,392,305 is recommended for the operation of the Department of Law and Public Safety, an increase of $1,483,870.

It includes funds for the Division of State Police to provide 60 additional troopers. It further enables a 50-cent-a-day increase in the allowance for maintenance of members of this essential organization.

I also have included in the pension section of the budget the sum of $3.2 million as the first payment by the State to place the State Police Retirement and Benevolent Fund on an actuarially sound basis. The State House Commission, under present statute, is responsible for the administration of the Fund. For the past few years, the State Investment Council has issued warnings that necessary reserves soon will be inadequate for the payment of pensions to retired State troopers.

As a result, the State House Commission directed that actuarial studies be made to determine the condition of the fund and the additional revenues needed to place the fund on the same actuarial basis as are our other major pension funds. The results of these studies have been presented to the entire force. Its members have agreed to certain necessary revisions of present benefits and to an increase of the percentage of employee participation by new members. Legislation will be presented to enable implementation of the actuary's recommendation. The funds I am recommending will support such legislation.

Motor Vehicle Division

Recommendations for the operation of the Division of Motor Vehicles include $162,000 to embark on a safety-oriented program of issuing reflectorized rear plates on cars. The program will begin on January 1, 1964.

In addition, $105,955 is provided for 30 new positions in this agency to strengthen its internal management, to tighten its pro-
cedures to deal with violation drivers, and to expedite the analysis and pin-pointing of accident-frequent road locations. Additional funds are being recommended to better allow for overtime resulting from necessary week-end and holiday road patrol, as well as the manning of inspection stations. An additional outdoor vehicle inspection lane has been included for Levittown, Burlington County.

I include funds for the Division’s computer system for electronic processing of driver information. This will produce, in the Spring of 1965, one of the most advanced driver control systems in the country. We thus will possess a more powerful instrument for improved traffic safety on the roads of this State.

**Conservation and Economic Development**

I am recommending appropriations of $11,333,266 for this Department. These funds include an additional $250,000 for development of our forests, parks and recreational facilities, $300,000 for the first payment for amortization of the Spruce Run and Round Valley Water Development Bonds and $125,000 for State aid to handicapped veterans and veterans’ orphans. I also have included the sum of $350,000—$100,000 more than this year—for promotion that will translate the State’s recreational, agricultural and industrial advantages into accelerated industrial and commercial development.

In the current fiscal year, because of the devastating storm of last March, $4 million was appropriated to this Department for rehabilitation of our waterfront, in addition to the customary annual appropriation of $1 million in State matching funds for beach protection.

Again, last December, a supplemental appropriation of $1 million was made which, together with $1 million in local funds, was available to match $2 million of Federal funds under the Public Works Acceleration Program. When the supplemental appropriation was made, it was generally agreed that it would take the place of the $1 million that would have been included in the forthcoming budget.
Nevertheless, if resources are available after next June 30, I would support additional appropriations for beach protection that could match Federal funds provided by continued implementation of the Accelerated Public Works Program.

**Health**

I have recommended $4,062,467 for the Department of Health, or $332,732 more than the present year. This additional sum will permit the hiring of 22 new employees in vital programs.

The increase in venereal disease in our metropolitan areas requires constant vigilance. We also must expand the tuberculosis surveillance program to move closer toward eradication of this dread disease. While it is true that modern techniques make it possible to treat tubercular patients at home, it is equally true that the present trend away from institutions exposes all to greater risks from active carriers. These funds will augment those presently used to gather facts on active carriers.

Furthermore, we plan to expand our programs in environmental health, drug and food control, air sanitation and radiology.

**Treasury**

In addition to the funds required for the operation of the Department of the Treasury, there is recommended $1,685,000 for capital purposes—an increase of $762,000 over that now available.

With the completion of the new Education Department Building, the new Library Building, Museum and Cultural Center, we must turn our attention to acquisition of the balance of the land in John Fitch Way for which we are under contract with the City of Trenton. Funds recommended include $500,000 for this purpose. In addition, $650,000 is provided to round out the State House area through the purchase of properties between the State House and Willow Street, and $500,000 to complete the electrical system serving the State House, State House Annex and the newly constructed State Education Building, Cultural Center, Library and Museum.
Highway

The amounts recommended for the operation of the Highway Department, for new construction and for State aid to local districts total $90,266,000, or $1,918,000 more than was provided in the current year. Our expanded capital program, if adopted, would add $30 million for State construction and $12 million in State aid to counties and municipalities.

New positions have been recommended to bolster the Right-of-Way Division, engineering services in the Construction Division and maintenance of the State's highway system. A large portion of the cost of new positions will be charged to Federal aid. The sums recommended will enable us to continue to match the full Federal aid allotted to New Jersey by the Federal government.

Of the recommendations, $12 million will be available for construction of state roads, the cost of which is not matched by the Federal government. The total amount recommended, together with Federal matching, will provide a construction program of $125.6 million. This is exclusive of the new program.

To continue our present program of contracting for commuter service with railroad carriers there is included $6 million, the same amount provided in the current year.

Labor and Industry

This Department has been provided with $7,719,155, representing $615,752 more than present appropriations. The bulk of the increase—$400,274—is for the operation of the Rehabilitation Commission, one of our most vital programs. The active caseload here will rise next year to 3,947 persons from the caseload of 3,479 on last June 30th. In all, 14 additional positions are provided to handle this increase and to continue, on a matching basis, activities heretofore supported wholly from State funds in the Workmen's Compensation Division, or wholly from Federal funds, as a rehabilitation project. Within this sum is $292,129 for additional services to clients served by the Commission and for extension, improvement, research and demonstration projects.
This effort will reap a rich human reward as well as substantial public savings in welfare payments that otherwise would have been required.

Personnel has been added in the Division of Workmen's Compensation to handle the growing number of hearings and claims. I also have included additional positions in the Bureau of Engineering and Safety of the Division of Labor to improve administration of the industrial and construction safety laws. And, not in the least, added funds will enable the Disability Insurance Service to cope with the increasing number of claims resulting from recent statutory changes affecting eligibility of expectant mothers.

**Other Programs**

I have presented to you the areas of State government in which the fiscal impact is the heaviest in the new year. Other departments, no less important, will require additional funds in lesser sums.

In the Department of State, additional money is recommended to staff the section handling Uniform Commercial Code activity. These funds are more than offset by the fees we can anticipate. The same is true of the Department of Banking and Insurance. Increases in this agency are, in the main, offset by additional revenues which it produces.

Adequate funds are provided for modest improvement of operations in the Departments of Civil Service, Agriculture, Defense, Public Utilities and the miscellaneous executive commissions.

I have not included funds in this budget for the first year's operation of the Department of Community Affairs which I discussed in my First Annual Message. The legislation to be submitted in this session establishing such a department will provide for its needs well within the context of available funds.

**A Final Word**

This then is my proposal for financing the multi-faceted needs of a great state in a year of continuing change. I believe that this
program, when coupled with our capital proposals, meets those needs with responsibility, with the required imagination and with a sense of the capacity of the tax-paying public to do its share in the maintenance of essential public service.

I have not sought to evade my constitutional duty to propose specific courses of action. On you now devolves the obligation to study and question these proposals. I suggest that you do so with meticulous and intensive care. I particularly direct this suggestion to your able Joint Appropriations Committee which has a traditional mandate to scan, not only the budget recommendations, but the entire operation of the State government. This Committee, and indeed, the entire Legislature, can be assured of the full cooperation of this administration in seeking all necessary facts and any desired explanations of this data.

I look forward to working with you from this point in the evolution of a sound fiscal program for the forthcoming year. We are engaged in a most serious business and I commend it to your sober and cooperative consideration.

Respectfully submitted,

RICHARD J. HUGHES,
Governor of New Jersey.

Attest:

LAWRENCE BILDER,
Acting Secretary.

At the conclusion of the recess, and under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

The Annual Report for the year 1962 of the New Jersey Turnpike Authority was received and filed.

Messrs. Farley and Kelly offered the following resolution which was read and adopted:

Whereas, Former Senator Edward J. O'Mara, of Hudson County, died on February 9, 1963; and

Whereas, Senator O'Mara served with great distinction as the Senator from Hudson County from 1940 to 1953; and

Whereas, Senator O'Mara for many years has been one of the outstanding members of the legal profession, practicing law in Jersey City as the senior member of his firm; and

Whereas, Senator O'Mara rendered a most important service to the State as Chairman of the Committee on the Legislature in the State Constitutional Convention in 1947; and

Whereas, He was regarded as one of the greatest legislators in New Jersey history and contributed so very much legislatively and civically which was enhanced by the admiration and respect that he commanded from all walks of life; and

Whereas, Senator O'Mara was a trustee of St. Aloysius Church, Jersey City, a past-president of the Hudson County Bar Association; had received an honorary degree of Doctor of Laws from Fordham University; and in 1959 was designated the Catholic layman of the year and held important directorates in banking and business organizations, including the Prudential Life Insurance Company and the Commercial Trust Company of New Jersey; and

Whereas, Senator O'Mara was offered appointment to our State Supreme Court on three different occasions which, however, he felt obligated to decline; and
WHEREAS, Senator O'Mara gave most important addresses at conventions of the American Bar Association and of the New Jersey State Bar Association, and as a summer resident for many years of Monmouth County he had a host of friends there as well as in his native Hudson County and, because of his public services, also throughout the State; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. That public tribute is hereby paid to the memory of former State Senator Edward J. O'Mara, and profound regret is expressed upon his passing;

2. That the State House flag be flown at half-mast for the next 30 days; and

Be It Further Resolved:

3. That this resolution be spread upon the Journal of the Senate and that a copy, signed by the President of the Senate and attested by the Secretary of the Senate, be forwarded to the family of the late Senator Edward J. O’Mara.

Mr. Stamler, on leave, introduced

Senate Joint Resolution No. 7, entitled "A joint resolution creating a commission to investigate and study all phases of liability insurance in the State, including but not limited to the cost of such insurance and the indiscriminate cancellation of policies; to report thereon to the Legislature and recommend remedial legislation; and making an appropriation therefor,"

Which was read for the first time by its title, ordered to have a second reading, and referred to the Committee on Business Affairs.

Mr. Hillery, on leave, introduced

Senate Bill No. 171, entitled "An act to amend ‘An act regulating the demanding or exacting of sums of money, or of valuable things, for the making or obtaining of any mortgage loan upon real estate in certain cases, and providing penalties for the violation thereof,’ approved January 18, 1961 (P. L. 1960, c. 179),"

Which was read for the first time by its title, ordered to have a second reading, and referred to the Committee on Revision and Amendment of Laws.
Mr. Stamler, on leave, introduced
Senate Bill No. 172, entitled “An act relating to the text of the pledge of allegiance repeated with the salute to the flag, and amending section 18:14-80 of the Revised Statutes,”

Which was read for the first time by its title, ordered to have a second reading, and referred to the Committee on Education.

Mr. Bowkley, on leave, introduced
Senate Bill No. 173, entitled “An act providing for the registration of physical therapists, prescribing penalties for violations, and amending section 45:9-21 of the Revised Statutes,”

Which was read for the first time by its title and given no reference.

Mr. Bowkley moved that the rules be suspended and that Senate Bill No. 173 be advanced to second reading without reference.

Which motion was adopted.

Senate Bill No. 173, entitled “An act providing for the registration of physical therapists, prescribing penalties for violations, and amending section 45:9-21 of the Revised Statutes,”

Was taken up, read a second time, considered by sections, agreed to and ordered to have a third reading.

Was read for the first time by its title, ordered to have a second reading, and referred to the Committee on Education.

The Fifth Annual Report of the Advisory Planning Commission of the State of New Jersey to the Legislature, was received and filed.

Mr. Fox offered the following resolution, which was read and adopted:

Resolved, That the President of the Senate extend a cordial welcome to delegations representing the United Church Women of New Jersey and the Department of Christian Social Relations of the Episcopal Diocese of Newark, headed by Suffragan Bishop Donald MacAdie of the Episcopal Diocese of Newark, accompanied by Canon Benedict Hanson and Mrs. Milton Eberhardt, president of the United Church Women of New Jersey.

Mr. Fox offered the following resolution, which was read and adopted:

Whereas, Charles C. Pilgrim of Maplewood, a former member of the State Legislature from Essex County, died on March 2, 1963; and

Whereas, Mr. Pilgrim was a member of the General Assembly in 1915 and 1916, and a State Senator in 1918 to 1921, serving in both Houses with especial distinction; and

Whereas, Mr. Pilgrim was the Essex County Counsel from 1919 to 1922 and was long active politically in his County of Essex; and
MONDAY, MARCH 11, 1963

WHEREAS, Mr. Pilgrim, as a practicing lawyer, earned an enviable record in the practice of his profession; and

WHEREAS, Mr. Pilgrim was long active in fraternal circles; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That public tribute is paid to the memory of former Senator Charles C. Pilgrim of Essex County and regret is expressed at his passing; and

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and a copy, signed by the President of the Senate, and attested by the Secretary of the Senate, be forwarded to the family of the late Charles C. Pilgrim.

Mr. Fox offered the following resolution, which was read and adopted:

Resolved, That the President of the Senate extend a cordial welcome to 50 members of the senior class of the West Orange High School who are studying State Government in a class of United States History, headed by Mr. James Mullvihill.

Mr. Grossi offered the following resolution, which was read and adopted:

Be It Resolved, That the President of the Senate extend a cordial welcome to the following representatives of the American Legion Boys State from Clifton, in the County of Passaic, who are present at the Senate session today, accompanied by Superintendent of Schools, William F. Shershin; Dr. J. R. Hall, Principal of Clifton High School; Ted Ayala, Past Commander, Quentin Roosevelt Post No. 8, Clifton; and Felix Sandri, Service Officer, Quentin Roosevelt Post No. 8; and Richard Schlossser, Joseph Delecki, Emil Wiatrak and David Wolf;

Be It Further Resolved, That the privileges of the floor be extended to David Wolf to briefly address the Senate.

Mr. Deamer offered the following resolution, which was read and adopted:

Resolved, That the President of the Senate extend a cordial welcome to 39 Junior and Senior honor students of the Lyndhurst High School, of the County of Bergen, who are
present at the Senate session today under the sponsorship of the Lyndhurst Kiwanis Club, accompanied by Albert Lombardi, President of the Kiwanis Club, and Joseph Pollito, Vice-Principal of the Lyndhurst High School.

President Ozzard introduced Hon. Richard Lothian, the Mayor of his home town, Somerville, New Jersey.

Messrs. Cowgill, Weber, Connery, Haines, Waddington, Sandman and Farley offered the following resolution which was read and adopted:

A Resolution memorializing the Secretary of the Treasury of the United States and the Director of Internal Revenue to reconsider and vacate the decision to discontinue the Camden District Office of Internal Revenue.

Whereas, It has been announced by the Director of Internal Revenue that the Camden District Office of Internal Revenue is to be discontinued; and

Whereas, This proposed action will result in great inconvenience to the residents and to the industrial and business concerns of the South Jersey area, particularly in the light of the tremendous population growth and tremendous influx of industry in and to said area; and

Whereas, The discontinuance and transfer of this office will result in the loss of approximately 100 positions presently required for said office and will be a particular hardship since the Camden area is presently a major unemployment area; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. This body strongly opposes the decision to discontinue the Camden District Office of Internal Revenue and hereby memorializes the Secretary of the Treasury of the United States and the Director of Internal Revenue to reconsider said decision and vacate the order to discontinue said office.

2. The Secretary of the Senate shall cause a duly authenticated copy of this resolution to be delivered to the Secretary of the Treasury of the United States, the Director of Internal Revenue and to each Member of Congress representing the State of New Jersey.

On motion of Mr. Sandman, the Senate proceeded to the consideration of Executive business, on the conclusion of which, and

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

Mr. Dumont offered the following resolution, which was read and adopted:

Resolved, That the Rules of the Senate for the 1962 Session be adopted as the Rules of the Senate for the 1963 Session with the following changes and amendments:
Amend Rule 13 by substituting the word "six" for the word "five" in line 5 and by substituting the word "eight" for the word "seven" in line 8.

Add the following Rules to be numbered 16A, 16B, 16C, 16D, 16E and 16F:

16A. Whenever any member of the Senate shall desire to introduce any bill, which if enacted, would increase or decrease State revenues or increase State expenditures or would require the appropriation of State funds not set forth in dollars therein, he may request, in writing, the Legislative Budget and Finance Director to prepare and certify to him a fiscal note containing an estimate in dollars of the amount by which State revenues would be increased or decreased, or by which State expenditures would be increased, by reason of the enactment thereof, or of the amount of appropriations of State funds which would be required to carry out its purposes if it should be enacted, and he shall forward with such request a copy of said proposed bill.

16B. Whenever any such bill is delivered to the Committee on Revision and Amendment of Laws of the Senate for examination as to form prior to its introduction, the committee shall, upon approval of the bill for introduction, endorse upon the original and each copy of said bill, a notice stating that examination of the bill indicates that such a fiscal note may be required for said bill, addressed to

(a) The Chairman of the committee to which said bill is designated to be referred, or

(b) The President of the Senate, if said bill is designated by him not to be referred.

16C. If the Chairman of a Standing Committee of the Senate or the committee to which any Senate or Assembly bill shall have been referred, or, if such bill is not referred but is not immediately advanced to second reading after first reading then the President of the Senate, shall determine that such bill, if enacted, would increase or decrease State revenues or increase State expenditures or require the appropriation of State funds not set forth in dollars therein and if the Chairman of the committee or the committee or the President of the Senate, as the case may be, shall determine that such a fiscal note should be annexed or appended to said bill, certified to by the Legislative Budget and Finance Director, he or they may request the Leg-
islative Budget and Finance Director, in writing, to cause to be prepared and to certify to him such a fiscal note for the bill.

16D. Whenever any bill of the character described in Rule 16A is introduced and advanced to second reading without reference, a fiscal note may be required to be furnished to it only by special order of the Senate and in case such an order is made the preparation of a fiscal note to said bill shall be requested, in writing, of the Legislative Budget and Finance Director, by the Secretary of the Senate.

16E. When any such request is received by the Legislative Budget and Finance Director, said director shall thereupon make written request of the Director of the Division of Budget and Accounting in the Department of the Treasury to have such fiscal note prepared and furnished promptly to him (the Legislative Budget and Finance Director) according to law or that he certify to said Legislative Budget and Finance Director that no such dollar estimate can be made, stating the reason therefor as required by law.

16F. Whenever any fiscal note to any bill shall be forwarded by the Director of the Division of Budget and Accounting to the Legislative Budget and Finance Director, the said director shall examine the same as to its accuracy, and

(a) if he finds it to be accurate, he shall approve it, or

(b) if he finds it to be inaccurate, he shall prepare an accurate fiscal note for the bill

and he shall promptly mail, by certified mail, to the introducer, whose name first appears upon the bill, a copy of the fiscal note so approved with a notice of such approval or a copy of the fiscal note prepared by him, as the case may be, with a notice that such introducer may object to such fiscal note within 5 days after the receipt of such notice.

If such introducer shall so object, the Legislative Budget and Finance Director shall, after giving consideration to such objections, determine the final form in which such fiscal note shall be certified by him and he shall certify such determination to such introducer and he shall also certify the fiscal note, so approved or determined upon by him, to the
Secretary of the Senate, if such fiscal note was requested by an introducer of said bill or by the Secretary, or to the Chairman of the committee or the committee to which the bill has been referred, or to the President of the Senate, if, and according as, any one of them may have requested the same and said certificate shall be printed and distributed in the same manner as bills are printed and distributed.

Amend Rule 17 by omitting the second sentence and substituting the following:

"Two copies of every bill and joint resolution introduced, and of every concurrent resolution which is to be printed, shall be printed on good bond paper as provided in Rule 27, and in addition thereto, 700 copies or any greater or lesser number which may be ordered to be printed by the President of the Senate, shall be printed for the use of the members of the Senate and of the General Assembly and for public distribution.

"When so printed the copies printed on bond paper shall be returned to the Supervisor of Bills for his examination under the supervision of the Committee on Printed Bills in order to ascertain whether or not they have been correctly printed as provided in Rule 27 and the other copies shall be distributed to the members of the Senate and General Assembly and to the general public as they may be required."

Add the following Rule after Rule 17 to be numbered 17A.

PRINTING OF BILLS, JOINT RESOLUTIONS AND CONCURRENT RESOLUTIONS

17A. In printing legislative bills, joint resolutions and concurrent resolutions:

a. All numbers shall be expressed in Arabic figures except where a number begins a sentence and in all dates figures shall be used even in cases in which the dates are written at length in the bill, joint resolution or concurrent resolution,

b. Material enclosed in bold-faced brackets shall be printed without change in all copies of the bills, joint resolutions and concurrent resolutions notwithstanding that by subsequent amendment part of the material so enclosed is to be included in the bill, joint resolution or concurrent resolution,
c. A footnote shall be annexed to the first page of each bill which contains material enclosed in bold-faced brackets to the following effect:

Explanation—Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law,

d. Material underlined shall be printed by substituting italics for the underlined material and omitting the underlining, and material included in italics shall be so printed,

e. Amendments to Senate bills, joint resolutions and concurrent resolutions adopted during their progress through the Senate shall be printed separately only by order of the President of the Senate but amendments to Assembly bills, joint resolutions and concurrent resolutions, so adopted, shall be printed separately and the Assembly bill, joint resolution or concurrent resolution, so amended, shall not be reprinted with such amendments included therein,

f. In printing bills, joint resolutions and concurrent resolutions which have been amended, with the amendments included, all material intended to be omitted by the amendment shall be printed in the bill, joint resolution or concurrent resolution in its proper place enclosed in stars or asterisks and bold-faced brackets thus—

*[thus]*

and all material intended to be added by the amendment shall be printed in its proper place in italics enclosed in stars or asterisks—

*thus*

notwithstanding that the material to be added is part of the material enclosed in bold-faced brackets in the original bill, joint resolution or concurrent resolution or in any amendment thereof previously adopted by the Senate and if the bill, joint resolution or concurrent resolution is amended a second time, double stars or asterisks shall be used and additional stars or asterisks shall be used in the same manner as successive amendments are adopted,

g. The form of amendment to be adopted by the Senate will remain the same as at present for use in the Journal and amendments, when printed separately, shall be printed in the form in which they are written but the above Rules
shall be followed in including the amendments in reprints of bills, joint resolutions or concurrent resolutions,

  h. Italics shall not be used in printing any material except the material hereinbefore designated to be printed in that manner and except material occurring in the enacting or resolving clauses of any bill, joint resolution or concurrent resolution.

Amend Rule 27 by omitting in line 9 after the word "resolution" the word "; and" and adding the words "and shall be forthwith delivered to the committee to which it has been so referred, otherwise to the Secretary of the Senate." and capitalizing the word "Whenever".

Amend Rule 28 by substituting the words "seven hundred" for the words "one hundred" in lines 2 and 3.

Amend Rule 47 so that it shall read as follows:

"47. No Senator shall speak in any debate without rising, nor more than three times, or longer than thirty minutes the first time, fifteen minutes the second time and five minutes the third time, on any subject of debate, unless he shall first obtain leave of the Senate."

Amend Rule 57 so that it shall read as follows:

"57. When a Senate bill shall be returned, amended by the General Assembly, the sections of the bill so amended, together with the amendments, shall be read by the Secretary and the proposed amendments shall be open to the action of the Senate. And if, upon the question being put by the President, 'Will the Senate concur in the General Assembly amendment to Senate Bill No. . . . . ?' a majority of the whole Senate should, by a vote of yeas and nays, concur, the bill shall be reprinted, the amendments embodied therein and the reprinted bill examined and reported by the Committee on Printed Bills to the end that it may be known to be correctly printed, and shall be then signed and certified as other bills.'"

Upon the question, "Shall this resolution pass?" it was decided as follows:

Messrs. Bowkley, Connery, Cowgill, Deamer, Dumont, Farley, Fox, Grossi, Haines, Harper, Hillery, Kelly, Lynch, Mathis, Ozzard (President), Ridolfi, Sandman, Stamler, Stout, Waddington and Weber, offered the following resolution, which was read and adopted:

By Senators O'Farley, O'Kelly, McLynch, O'Fox, O'Ozzard, McDeamer, O'Haines, O'Cowgill, McSandman, O'Connery, O'Harper, McStamler, FitzRidolfi, McStout, O'Hillery, McBowkley, O'Grossi, FitzWaddington, O'Mathis, McWeber and McDumont

Whereas, Yesterday, March 17th, was St. Patrick's Day, when thousands of true Irishmen glowed with pride of their ancestry, especially New Jersey Sons of the Old Sod; and

Whereas, This great day was patiently awaited through the dreary winter months not only by Irishmen but by all others looking forward to springtime; and

Whereas, The grass on lawns and country clubs in New Jersey officially begins to grow on St. Patrick's Day and, as every good gardener knows, it's the day for planting Sweet Peas; and

Whereas, The green of the traffic lights stays green just a little bit longer on St. Patrick's Day; the birds flying from the southland gaily sing the "Wearin' of the Green" from the tree-tops; and citizens from all other countries miraculously become good Irishmen for this happy twenty-four hour period; and

Whereas, The leprechauns and the wee people began to dance in nearby Stacy Park and on the green State House lawn as soon as the warm sun peeked over the eastern horizon in the mornin'; and the members of the Senate and General Assembly and all the sons and foster-sons of Ireland may have seen this apparition if they were in the right frame of mind and got out of bed on time; and

Whereas, The Irish love of freedom, equality, adventure, and good government is inculcated in every law-abiding New Jersey citizen; now, therefore,

Be It Resolved, That the Senate of the State of New Jersey extend warm greetings to all true Irishmen, honorary Irishmen, and adopted Irishmen, which includes everyone, and express thanks for their historic and cultural achievements, past and present; their steadfast devotion to the
promotion of the nice things of life, and to the Irish generally for the Wearin' of the Green.

Amend the amendment to section 5 so that the same shall read as follows:

"5. The returns required to be filed under this act shall not be used as a basis for determination of any assessment or any imposition of a tax but shall be used by the director only for the purpose of compiling and tabulating statistical information which he shall use for the purpose of analyzing the statutory law relating to the taxation of personal property used in business and making recommendations required under section 38 of the act hereby supplemented. All returns filed pursuant to this act shall be destroyed within 1 year from the date filed with the director.'"
Amend the amendment to section 6 so that the same shall read as follows:

"6. (a) All returns filed pursuant to this act shall be considered confidential and privileged and neither the director nor any employee in the Division of Taxation or any employee charged with the custody of such returns or any other person shall divulge or disclose or use in any manner any information obtained from said returns nor shall any such information be referred to in any action or proceeding by way of direct examination, cross-examination, or otherwise. Neither the director nor any employee engaged in such administration or charged with the custody of any such returns shall be required or permitted to produce any of them for inspection of any person or for use in any action or proceeding."

"(b) Nothing herein contained shall be construed to prevent the publication of statistics and information provided such materials have been so classified as to prevent the identification of a particular return and the items thereof and the director, in carrying out the purposes of this act, shall not disclose the names or addresses of any person required to file under this act nor any information as to whether such person has or has not complied with the provisions of this act, except for the purpose of enforcement of this act or the act hereby supplemented."

Amend the amendment to section 3 so that the same shall read as follows:

"3. On or before July 1, 1963, each person owning tangible personal property used in business within the taxing district during any part of the 12-month period ending December 31, 1962 shall prepare and file with the Director of the Division of Taxation an appropriate return of such personal property in such form and containing such information relating thereto as the director prescribed for the tax year 1963 pursuant to the provisions of the act hereby supplemented, in Returns of Tangible Personal Property used in Business, Forms PT-1, PT-1A and PT-1F and implementing instructions and regulations. Said forms, instructions and regulations shall be revised as necessary to carry out the purposes of this act. The returns shall list such property, valued in accordance with the provisions of the act hereby supplemented, as of the last accounting year for Federal income tax purposes completed prior to
April 2, 1963, and a separate return shall be filed for personal property situated in each taxing district. All such returns shall set forth the penalties provided in section 4 of this act and shall be signed by the owner or his authorized agent."

"Taxpayers whose personal property at net book value, aggregates not over $25,000.00, shall not be required to file a form under this act."

Amend page 6, after section 16 insert new section 17 to read as follows:

“17. The Council of Co-owners shall have the irrevocable right, to be exercised by the administrator, or the Board of Administration, or other form of administration specified in the by-laws, to have access to each apartment from time to time during reasonable hours as may be necessary for the maintenance, repair or replacement of any of the common elements therein or accessible therefrom, or for making emergency repairs therein necessary to prevent damage to the common elements or to another apartment or apartments.”

Amend page 6, section 17, line 1, delete “17.”, insert “18.”.

Amend page 6, after section 17, insert new sections 19 and 20 to read as follows:

“19. Each co-owner shall comply strictly with the by-laws and with the administrative rules and regulations adopted pursuant thereto, as either of the same may be lawfully amended from time to time, and with the covenants, conditions and restrictions set forth in the master deed or in the deed to his apartment. Failure to comply with any of the same shall be ground for a civil action to recover sums due, for damages or injunctive relief, or both, maintainable by the administrator, or the Board of Administration or other form of administration specified in the by-laws on behalf of the Council of co-owners or, in a proper case, by an aggrieved co-owner.”

“20. (a) Subsequent to recording the master deed as provided in this act, and while the property remains subject to this act, no lien shall arise or be effective against the property. During such period liens or encumbrances shall
arise or be created only against each apartment and the percentage of undivided interest in the common elements appurtenant to such apartment, in the same manner and under the same conditions in every respect as liens or encumbrances may arise or be created upon or against any other separate parcel of real property subject to individual ownership; provided that no labor performed or materials furnished with the consent or at the request of a co-owner or his agent or his contractor or subcontractor, shall be the basis for the filing of a lien pursuant to Article 10 of Chapter 44 of Title 2A of the New Jersey Statutes against the apartment or any other property of any other co-owner not expressly consenting to or requesting the same, except that such express consent shall be deemed to be given by the owner of any apartment in the case of emergency repairs thereto. Labor performed or materials furnished for the common elements, if duly authorized by the Council of Co-owners, the Administrator or Board of Administration or other administration specified by the by-laws, in accordance with this act, the master deed or by-laws, shall be deemed to be performed or furnished with the express consent of each co-owner and shall be the basis for the filing of a lien pursuant to Article 10 of Chapter 44 of Title 2A of the New Jersey Statutes against each of the apartments and shall be subject to the provisions of subparagraph (b) hereunder.

(b) In the event a lien against 2 or more apartments becomes effective, the owners of the separate apartments may remove their apartment and the percentage of undivided interest in the common areas and facilities appurtenant to such apartment from the lien by payment of the fractional or proportional amounts attributable to each of the apartments affected. Such individual payment shall be computed by reference to the percentages appearing in the master deed. Subsequent to any such payment, discharge or other satisfaction the apartment and the percentage of undivided interest in the common elements appurtenant thereto shall thereafter be free and clear of the lien so paid, satisfied or discharged. Such partial payment, satisfaction or discharge shall not prevent the lienor from proceeding to enforce his rights against any apartment and the percentage of undivided interest in the common elements appurtenant thereto not so paid, satisfied or discharged.

Amend page 6, section 18, line 1, delete "18.", insert "21.".

Messrs. Sandman and Grossi offered the following resolution, which was read and adopted:

Whereas, The State of New Jersey has historically been a port of entry and a home for hundreds of thousands of immigrants from foreign countries and,

Whereas, For the year ending June 30, 1961, there were 271,344 aliens admitted in the United States for permanent residence, and of this number, 13,556 were destined to addresses in New Jersey and,

Whereas, The naturalization and citizenship classes sponsored by local boards of education and other civic-minded organizations have been the principal means of providing educational opportunities for these newcomers and,

Whereas, These classes have been organized for the purpose of assisting the newcomers to overcome their language handicaps and to better understand the American way of life and,

Whereas, The Eighth Annual New Jersey Americanization Conference is being held in Trenton on March 24 and 25, 1963, for the purpose of expressing our interest and concern for these newcomers,

Therefore, Be It Resolved by the Senate of the State of New Jersey that:

1. A cordial welcome be extended to the delegates and endorsement of the value of this program be given.

2. A sincere tribute be paid to the dedicated services of the teachers and directors of the English and citizenship classes from the local districts who given unsparingly of their time and effort for the maintenance and promotion of these programs for the foreign born.

Resolved, That the Senate of the State of New Jersey extend its congratulations to the members of the Audubon Senior High School basketball team on winning the State Group 3 Championship on March 22, 1963, and to the coach, Mr. John Kling; and

Be It Further Resolved, That a copy of this resolution be sent to the school and to the coach.

Mr. Deamer offered the following resolution, which was read and adopted:

Whereas, The people of Greece are celebrating the 138th year of their independence; and

Whereas, It is appropriate for Americans to pay tribute to the people of Greece who have provided this country with so many of its fine citizens; and

Whereas, In the early history, Greece, more than any other nation, provided the doctrines for a free society; and

Whereas, Greece has contributed to the world so much in the fields of arts and science; now, therefore,

Be It Resolved, That the members of the Senate extend their best wishes to the people of Greece on the celebration of their Independence Day; and

Be It Further Resolved, That a copy of this resolution, signed by the President of the Senate of the State of New Jersey and attested by its Secretary, be sent to Ambassador Alexander Mataas of Washington, D. C., and to Consul General Basil Vitsaxis of New York City.

Mr. Waddington offered the following resolution, which was read and adopted:

Whereas, The Salem High School basketball team has won the 1963 New Jersey State championship for Group 2 High Schools after an outstanding, undefeated season; and

Whereas, Salem High School’s team won 26 consecutive games, the Tri-county conference, and the South Jersey championship; and

Whereas, 1963 brought Salem High School’s basketball team its first undefeated season and its first State championship; and
Whereas, The members of the Salem High School basketball team exhibited fine sportsmanship reflecting credit on themselves, their school, community and county; now, therefore,

*Be It Resolved by the Senate of the State of New Jersey:*

1. The Senate of the State of New Jersey extends congratulations to the members of the 1963 Salem High School basketball team on winning the State Group 2 Championship on March 23, 1963, and on having an undefeated season, and to their coach, Mr. George F. Schantz.

2. A copy of this resolution be sent to the Salem High School and its basketball coach.

Mr. Deamer, Chairman of the Committee on Federal and Interstate Relations, reported

Senate Bill No. 146,

Favorably, with amendments.

Signed—Pierce H. Deamer, Jr., Thomas J. Hillery, Wayne Dumont, Jr., Frank S. Farley.

The following committee amendments to Senate Bill No. 146 were read, and upon the motion of Mr. Connery, the committee amendments were adopted:

Amend page 6, Article XII-B, delete lines 28 to 61 and insert the following:
"(3)(a) For the effectuation of any of its purposes authorized by this article, the commission is hereby granted, in addition to any other powers heretofore or hereafter granted to it, power and authority to acquire in its name by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper, or by the exercise of the power of eminent domain any such land and other property which it may determine is reasonably necessary to acquire for any of its purposes authorized by this article and any and all rights, title and interest in such land and other property, including public lands, parks, playgrounds, reservations, highways, or parkways, owned by or in which any county, city, borough, town, township, village, or other political subdivision of the State of New Jersey or the Commonwealth of Pennsylvania has any right, title or interest, or parts thereof or rights therein and any fee simple absolute or any lesser interest in private property, and any fee simple absolute in, easements upon, or the benefit of restrictions upon, abutting property to preserve and protect such land and other property. Upon the exercise of the power of eminent domain under this paragraph, the compensation to be paid with regard to property located in the State of New Jersey shall be ascertained and paid in the manner provided in Title 20 of the Revised Statutes of New Jersey insofar as the provisions thereof are applicable and not inconsistent with the provisions contained in this paragraph, and with regard to property located in the Commonwealth of Pennsylvania shall be ascertained and paid in the manner provided by the act approved July 9, 1919 (Pamphlet Laws 814) and acts amendatory thereof and supplementary thereto, insofar as the provisions are applicable and not inconsistent with the provisions contained in this paragraph. The commission may join in separate subdivisions in one petition or complaint the descriptions of any number of tracts or parcels of such land and other property to be condemned and the names of any number of owners and other parties who may have an interest therein and all such land and other property included in said petition or complaint may be condemned in a single proceeding; provided, however, that separate awards shall be made for each tract or parcel of such land or other property; and provided further, that each of said tracts or parcels of such land or other property lies wholly in or has a substantial part of its value lying wholly within the same county.
(b) Whenever the commission acquires under this paragraph (3) the whole or any part of the right of way of a public utility located in the Commonwealth of Pennsylvania, the commission shall, at its own expense, provide a substitute right of way on another and favorable location. Such public utility shall thereupon provide for the transfer to or reconstruction upon, in, under or above said substitute right of way of any structures and facilities of said public utility located upon, in, under or above said original right of way at the time the same is so acquired. The commission is hereby authorized to enter into agreements with such public utility to contribute toward the expense of such transfer or reconstruction, and in the event that they are unable to agree on the amount to be paid, the matter shall be referred to the Pennsylvania Public Utility Commission, which shall, after hearing thereon, make a finding of the amount to be paid to such public utility by the commission. In case of failure of such public utility, within a reasonable time after notice so to do, to remove its facilities to such substitute right of way, the Pennsylvania Public Utility Commission shall have jurisdiction, on petition of the commission, to order such transfer or reconstruction. Any party to such proceedings shall have the right of appeal from the ruling of the Pennsylvania Public Utility Commission. The Delaware River Port Authority is hereby authorized to acquire, by purchase or by the exercise of the power of eminent domain, any necessary land or right of way for the relocation of any such public utility right of way and facilities. The substitute right of way thus acquired shall be equal in estate to the original right of way acquired from the public utility, and the commission shall deliver to the public utility a deed, duly executed and acknowledged, conveying to it an estate in the substitute right of way, at least equal to that owned by the public utility in the original right of way, or if such substitute right of way is to be acquired by purchase, the commission shall procure and deliver to the public utility a deed conveying such estate to it from the owner of the land on which such substitute right of way is located.

This subparagraph (b) shall have no application to the relocation of public utility facilities located in the beds of public streets, roads or highways.

(c) In addition to any other powers heretofore or hereafter granted to it, the commission, in connection with
construction or operation of any project for the effectuation of any of its purposes authorized by this article, shall have power to make reasonable regulations for the installation, construction, maintenance, repair, renewal, relocation and removal of tracks, pipes, mains, conduits, cables, wires, towers, poles or any other equipment and appliances (in this subparagraph (c) called "works") located in the State of New Jersey of any public utility as defined in section 48:2-13 of the Revised Statutes of New Jersey, in, on, along, over or under any such project. Whenever in connection with the construction or operation of any such project the commission shall determine that it is necessary that any such works, which now are or hereafter may be located in, on, along, over or under any such project should be relocated in such project, or should be removed therefrom, the public utility owning or operating such works shall relocate or remove the same in accordance with the order of the commission, provided, however, that, except in the case of the relocation or removal of such works located in, on, along, over or under public streets, roads or highways, the cost and expenses of such relocation or removal, including the cost of installing such works in a new location or new locations, and the cost of any lands or any rights or interest in lands or any other rights acquired to accomplish such relocation or removal, less the cost of any lands or any rights or interests in lands or any other rights of the public utility paid to the public utility in connection with the relocation or removal of such works, shall be paid by the commission and shall be included in the cost of such project. In case of any such relocation or removal of works as aforesaid, the public utility owning or operating the same, its successors or assigns, may maintain and operate such works, with the necessary appurtenances, in the new location or new locations for as long a period, and upon the same terms and conditions, as it had the right to maintain and operate such works in their former location.

In case of any such relocation or removal of works, as aforesaid, the commission shall own and maintain, repair and renew structures within the rights of way of railroad companies carrying any such project over railroads, and the commission shall bear the cost of maintenance, repair and renewal of structures within the rights of way of railroad companies carrying railroads over any such project, but this provision shall not relieve any railroad company from responsibility for damage caused to any authority
or railroad structure by the operation of its railroad. Such approaches, curbing, sidewalk paving, guard rails on approaches and surface paving on such projects as shall be within the rights of way of a railroad company or companies shall be owned and maintained, repaired and renewed by the commission; rails, pipes and lines shall be owned and maintained, repaired and renewed by the railroad company or companies."

Senate Bill No. 223, entitled "A supplement to the 'Public Employees' Retirement-Social Security Integration Act,' approved June 28, 1954 (P. L. 1954, c. 84),"

And

Senate Bill No. 146, entitled "A supplement to 'An act providing for joint action by Pennsylvania and New Jersey in the development of the ports on the lower Delaware river and the improvement of the facilities for transportation across the said river; authorizing the New Jersey Interstate Bridge Commission on behalf of the State of New Jersey for these purposes to enter into an agreement with the Commonwealth of Pennsylvania creating the Delaware River Joint Commission and specifying the powers and duties thereof, including the power to finance projects by the issuance of revenue bonds; transferring to the new commission all the powers of the Delaware River Bridge Joint Commission and making an appropriation,' approved June 30, 1931 (P. L. 1931, c. 391) authorizing the Governor, on behalf of the State of New Jersey, to enter into a supplemental compact or agreement with the Commonwealth of Pennsylvania amending and supplementing the compact or agreement between the State of New Jersey and the Commonwealth of Pennsylvania entitled 'Agreement Between The Commonwealth of Pennsylvania and The State of New Jersey creating the Delaware River Joint Commission as a body corporate and politic and defining its powers and duties,' as heretofore amended and supplemented, enlarging and authorizing the making of additions to the public purposes of the Delaware River Joint Commission (now known as the Delaware River Port Authority) and extending its jurisdiction, powers and duties and defining or describing such enlarged public purposes and such authorized additions to
such public purposes, and such jurisdiction, powers and duties, authorizing and empowering said authority to construct, acquire, finance, equip, operate, maintain and own an additional bridge across and ferries over and across the Delaware river, and authorizing the Governor to apply, on behalf of the State of New Jersey, to the Congress of the United States for its consent to such supplemental compact or agreement,”

As amended,

Were each severally taken up, read a second time, considered by sections, agreed to, and ordered to have a third reading.

Under the direction of the President, the seal of the Message was broken, and the Secretary read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
May 6, 1963.

SENATE BILL NO. 102

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I herewith return Senate Bill No. 102, with my objections, for reconsideration.

Section 38:23–2 of the Revised Statutes now contains a list of 20 organizations, primarily veterans' groups, the duly authorized representatives of which must be granted leaves of absence with pay from State, county or municipal
employment to attend state or national conventions of such organizations. This bill, the tenth supplementation of the list in recent years, would add 6 additional organizations.

No objection can be found to appropriate recognition of worthwhile and respected veteran organizations and, obviously, the privilege which this statute accords should be uniformly available to all groups of a similar character. In this respect, I would suggest that the Navy League and the Veterans of World War I of the United States of America, for whose benefit a similar bill is presently pending, might also be added to the list at this time.

However, as the list of organizations grows it becomes apparent that an abuse of the privilege extended, to the detriment of the employer and the public, is made increasingly possible. Qualifications for membership in the various organizations referred to are such that a given individual might readily be a representative of three or four, and perhaps as many as ten, of these organizations. The amount of time that might be involved in attendance at state and national conventions, with necessary travel, could well assume proportions not contemplated by the Legislature. For this reason I suggest that every public employee, who is a representative of one or more of these organizations, be limited to a total of 5 days absence with pay each year for attendance at state or national conventions of all organizations he represents.

Accordingly, I am returning Senate Bill No. 102 for reconsideration, with the recommendation that the bill be amended as follows:

On page 2, section 1, line 20, after the words “United States,” insert “Navy League, Veterans of World War I of the United States of America”.

On page 2, section 1, line 27, after the word “conven-tion,” insert the following sentences:

“No person shall be entitled to a total of more than 5 days leave of absence with pay each calendar year for the purpose of attending, as authorized representative, the state or national convention of one or more of the above enumerated organizations. The leaves of absence authorized hereunder shall not be
cumulative and any unused leaves shall be cancelled at the end of any given year.''.

Respectfully,

[seal]

RICHARD J. HUGHES,
Governor.

Attest:

LAWRENCE BILDER,
Acting Secretary to the Governor.

State of New Jersey, Executive Department, May 10, 1963.

Senate Bill No. 248

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 248, with my objections, for reconsideration.

This bill is concerned with the salary, tenure and pension provisions for County Court judges. It reaffirms the $20,000.00 annual salary which such judges are now paid. In addition, it would (1) grant tenure to any County Court judge who has served for 10 years successively in such capacity and who is in his third term of office; (2) provide that such a judge is eligible for a pension equal to one-half of his annual salary at age 70; (3) make the widow of any County Court judge eligible for a pension equal to one-fourth the annual salary received by the judge at the time of his death or retirement; and (4) require, since all County Court judges are now members of the Public Employees' Retirement System, that any judge eligible for a pension under the terms of the bill must elect which pension he wishes to receive.

I strongly favor legislation which would accord our County Court judges tenure and pension benefits more com-
parable to those now available to the members of the Supreme and Superior Courts. For a number of years, the judges of the Superior and those of the County Courts have performed the same duties on an interchangeable basis. It is only proper that disparity in treatment between such judges be eliminated to whatever extent possible.

There are, however, several aspects of this bill which require modification or clarification. For example, the provisions of this bill would bestow tenure upon a County Court judge immediately if he has served for at least 10 years and is in his third term of office. While I have no reason to question the competency of any of our present judges, I do not believe the concept of automatic tenure to be sound. I would, therefore, suggest that such judges be nominated and confirmed at least once before attaining tenure.

There are additional problems which result from the existing pension and other benefits available to judges of the County Courts. The bill does not clearly establish the time at which a judge must select between the various benefits available to him. Further, it does not specify precisely the various rights available to the widow of a County Court judge. The proper administration of a pension program requires such clarity.

I am returning this bill to the Legislature as quickly as possible so that my suggestions can be received and processed before the spring recess. While I realize that it is late in the session, I hope that the Legislature will act expeditiously on this matter.

Accordingly, I am returning Senate Bill No. 248 for reconsideration, with the recommendation that it be amended as follows:

On page 1, Title, line 1, delete ""salaries,"".

On page 1, section 1, lines 1 through 6, delete section 1 in its entirety.

Mr. Stout offered the following resolution, which was read and adopted:

WHEREAS, The Congregation Brothers of Israel of Long Branch, Monmouth County, will celebrate the 65th anniversary of its founding on June 2, 1963; and

WHEREAS, Congregation Brothers of Israel has become the largest Jewish congregation in the central New Jersey area and serves the religious, educational, cultural and social needs of its members and contributes substantially to community interests in the Long Branch area; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. The members of the Senate extend congratulations to the Congregation Brothers of Israel upon the occasion of the 65th anniversary of the founding of the Congregation; and

2. Be It Further Resolved, That a copy of this resolution, signed by the President of the Senate and attested by the Secretary of the Senate, be sent to Rabbi Rafael G. Grossman for delivery to the Congregation.

Mr. Kelly offered the following resolution, which was read and adopted:

WHEREAS, Reverend John Sharnus, Administrator of St. Ann’s Lithuanian Church, Jersey City, will celebrate the twenty-fifth anniversary of his ordination to the priesthood on June 2, 1963; and
Whereas, All of these years have been devoted to the Lithuanian-speaking people and the last twenty-two to the parish of St. Ann's; and

Whereas, The Reverend John Sharnus has been Jersey City's only Lithuanian-speaking priest, and has served as Spiritual Director of the Lithuanian Sodality Union of New York and New Jersey for the past twenty years; and

Whereas, His service to the young people was recognized by the late Archbishop Walsh and he was appointed one of ten Assistant Directors to organize the Catholic Youth Organization in the Archdiocese of Newark in 1940; and

Whereas, The Reverend John Sharnus now is President of the Lithuanian Priest Relief Association and International Organization; now, therefore.

Be It Resolved, That the Senate of the State of New Jersey extend its recognition and congratulations to Father Sharnus upon the occasion of the anniversary of twenty-five years of devoted service to his priestly duties among the Lithuanian-speaking people of this State; and

Be It Further Resolved, That a copy of this resolution, signed by the President of the Senate and attested by its Secretary, be forwarded to The Reverend John Sharnus.

On motion of Mr. Stamler, the journal of the previous session was approved and its further reading was dispensed with.

Mr. Fox offered the following resolution, which was read and adopted:

WHEREAS, The City of East Orange became a separate Township, on March 4, 1863, and held its first Township Meeting on April 16, 1863; and

WHEREAS, The City of East Orange has grown in stature, increased in population, and its residents prospered during the past 100 years; and

WHEREAS, Through the untiring and enthusiastic efforts of the Honorable James W. Kelly, Jr., Mayor of the City of East Orange, its Governing Body, and George E. Stringfellow, the General Chairman of the East Orange Centennial Committee and hundreds of citizen volunteers, local residents, residents of Essex County, residents of the State of New Jersey, and those outside of its borders have been made aware of the outstanding place which this, the second largest City in Essex County, has made for itself in our great State; and

WHEREAS, The Centennial Celebration of the City of East Orange began on April 16, 1963 with a Commemoration Program honoring its First Township Meeting; and
Whereas, The City of East Orange has celebrated each month through the celebration of a major event under the sponsorship of the East Orange Centennial Committee; and

Whereas, The East Orange Centennial Committee has planned, and will conduct similar major commemorative events for the balance of this calendar year; and

Whereas, The East Orange Centennial Committee will, in co-operation with its Governing Body, produce and publish a full and complete History of the City of East Orange; and

Whereas, On October 12, 1963, the East Orange Centennial Committee will sponsor a Home-Coming for all of its sons and daughters; now, therefore,

Be It Resolved, That the Senate of the State of New Jersey commend Mayor James W. Kelly, Jr., the City Council, George E. Stringfellow, General Chairman of the East Orange Centennial Committee, and all of its residents for the outstanding manner in which they have highlighted the great tradition of this wonderful City which they have demonstrated as an outstanding place in which to live, to work, and to shop.

Mr. Sandman offered the following resolution, which was read and adopted:

Whereas, Kiwanis International has selected Charles A. Swain, of Cape May, as President of its world-wide organization, for a term commencing July 3, 1963; and

Whereas, By the elevation of “Nick” Swain to its highest office, Kiwanis International makes fitting recognition of interest in and service to his fellow man by an outstanding New Jersey citizen; and

Whereas, Mr. Swain has devoted his adult life to a multitude of activities in the service of the youth of his community through leadership in the Boy Scouts of America, his church and as a member and President of his local Board of Education; and

Whereas, Mr. Swain has been, and is, a leader in the business and civic life of his community and devotes a major portion of his time and talents to helping others;

Be It Resolved by the Senate of the State of New Jersey that:
FRIDAY, JUNE 28, 1963

Congratulations and commendation are extended to Charles A. Swain upon his elevation to the office of President of Kiwanis International.

Mr. Ridolfi offered the following resolution, which was read and adopted:

Whereas, Former Chancellor of the State, A. Dayton Oliphant, died on June 25, 1963; and

Whereas, Chancellor Oliphant was a retired Justice of the New Jersey Supreme Court and had served the State of New Jersey as one of its important judicial officers for upwards of 30 years; and

Whereas, Prior to his appointment as Judge of the former Circuit Court, Chancellor Oliphant served as a representative from Mercer County in the New Jersey Legislature and as Prosecutor of the Pleas of Mercer County from 1918 to 1923; and

Whereas, Chancellor Oliphant was Captain in the Judge Advocate's Department in the National Guard and was active in fraternal circles and was an outstanding citizen as well as a distinguished public official; and

Whereas, When he became the last Chancellor of the State of New Jersey to serve in that high position he was uniformly acclaimed as a fitting successor to his illustrious predecessors as the highest judicial officer of the State and his service as such only ceased with the constitutional abolition of the Court of Chancery by the going into effect of the Judicial Article of the new Constitution on September 15, 1948; and

Whereas, The memory of A. Dayton Oliphant will long be honored in this State and the Senate of the State of New Jersey desires hereby to give public expression to the esteem in which Chancellor Oliphant has been held and to its appreciation for his most valuable services to the State; now, therefore,

Be It Resolved by the Senate of the State of New Jersey, That public expression is hereby given to the memory of A. Dayton Oliphant for his services to the State; and

Be It Further Resolved, That sincere condolences and sympathy are hereby extended to the family of the late A. Dayton Oliphant; and
Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and that a copy, signed by the President of the Senate and attested by the Secretary of the Senate, be sent to the family of the late A. Dayton Oliphant.

The following message was received from the General Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
GENERAL ASSEMBLY CHAMBER,

Mr. President:

December 9, 1963.

I am directed by the General Assembly to inform the Senate that the General Assembly has passed the following bill:

Assembly Committee Substitute for Senate Bill No. 221, entitled "An act making an appropriation to the State Department of Conservation and Economic Development to defray the expenses of the State in connection with the holding of the National Convention of the Italian-American War Veterans of the United States, Incorporated, in New Jersey in 1964."

In which the concurrence of the Senate is requested.

ERNEST T. SCHEIDEMANN,
Clerk of the General Assembly.

The Assembly message was taken up, and Assembly Committee Substitute for Senate Bill No. 221, entitled "An act making an appropriation to the State Department of Conservation and Economic Development to defray the expenses of the State in connection with the holding of the National Convention of the Italian-American War Veterans of the United States, Incorporated, in New Jersey in 1964."

Was read for the first time by its title, and given no reference.

Mr. Sandman moved that the rules be suspended and that Assembly Committee Substitute for Senate Bill No. 221 be advanced to second reading, without reference.

Which motion was adopted.
Assembly Committee Substitute for Senate Bill No. 221, entitled "An act making an appropriation to the State Department of Conservation and Economic Development to defray the expenses of the State in connection with the holding of the National Convention of the Italian-American War Veterans of the United States, Incorporated, in New Jersey in 1964,"

Was taken up, read a second time, considered by sections, agreed to and ordered to have a third reading.

Messrs. Grossi and all Senators offered the following resolution, which was read and adopted:

WHEREAS, This nation is observing a period of mourning for its late President, John F. Kennedy, who was cut down in his early prime of life by a cowardly assassin's bullet on November 22nd last; and

WHEREAS, This nation is still in a state of profound shock from this national tragedy; and

WHEREAS, This body at its first session since that date desires to add its expression of deep sorrow to the many similar expressions extended throughout the country and indeed the world; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. That profound regret is expressed for the untimely loss to this country and to the world at large of the late President, John F. Kennedy, struck down by an assassin on November 22, 1963.

2. That sympathy and condolences are extended to the family of our late President, John F. Kennedy.

3. That this body joins in the period of mourning prescribed for the country by President Johnson and for this State by Governor Hughes.

4. That this resolution be spread upon the Journal of the Senate and that a copy signed by the President of the Senate and attested by the Secretary of the Senate, be forwarded to the family of the late President, John F. Kennedy.

Upon the question, "Shall this resolution pass?" it was decided as follows:
In the affirmative were—

In the negative—None.

Mr. Sandman and all Senators offered the following resolution, which was read and adopted:

Whereas, The Senate has learned of the illness of Senator W. Steelman Mathis who is hospitalized in Florida; and

Whereas, His absence and illness are very much regretted by his colleagues; now, therefore,

Be It Resolved, That the Senate of the State of New Jersey express the hope that he speedily recovers from his illness and returns to his duties in the Senate.

Mr. Cowgill and all Senators offered the following resolution, which was read and adopted:

Whereas, George A. Harkins celebrated his eighty-first birthday on November 25th; and

Whereas, George has served the Senate as its Sergeant-at-Arms for twenty-eight years; and

Whereas, During his long career of service in the Senate he has won a place in the affections of its members because of his loyalty, courtesy and devotion to duty; now, therefore,

Be It Resolved, by the Senate of the State of New Jersey: That the best wishes and felicitations of the Senate be extended to George and the hope that he may enjoy many more birthdays; and

Be It Further Resolved, That a copy of this resolution, signed by the President of the Senate and attested by the Secretary of the Senate, be presented to him.

Mr. Cowgill and all Senators offered the following resolution, which was read and adopted:

Be It Resolved, That the members of the Senate of the State of New Jersey express their sincere wishes for the speedy recovery of George A. Harkins, the sergeant-at-arms of the Senate, who has served in this position for many years.
Mr. Hillery offered the following resolution, which was read and adopted:

Whereas, The Senate of the State of New Jersey recognizes the service to families extended by Family Service of Morris County which this year is celebrating its 150th Anniversary, having been founded originally on August 11, 1813 in Morristown and later incorporated by an act of the New Jersey Legislature on April 2, 1873; and

Whereas, The Female Charitable Society, forerunner of the present organization, was founded to help widows and children, many of whom were the victims of the War of 1812, and the spirit of the Female Charitable Society still permeates the existing organization, and for 150 years the agency has had as its prime purpose the providing of services to straighten and stabilize troubled families; and

Whereas, Through the years activities of the organization have included, in addition to direct services to clients, such general community services as the employment of the first visiting nurse in Morris County, leading to the establishment of the present Visiting Nurse Association, the employment of the first trained negro worker in Morristown, the establishment of a Social Service Exchange, the employment on a demonstration basis of a trained social worker as probation officer, thus leading to the formation of Morris County’s present Probation Department, efforts to bring about the establishment of separate quarters for female prisoners in Morris County, and the separation of juvenile offenders from older criminals, assistance to the County Board of Chosen Freeholders in setting up the County Welfare Board, the development with other interested organizations of the Visiting Homemaker Service for the County; and

Whereas, Although the techniques of helping children and families have changed through the years, the spirit of the agency’s founders still remains to serve families who are in need; now, therefore,

Be It Resolved, That the Senate of the State of New Jersey salutes the Family Service of Morris County on the occasion of its 150th year of continuous service; and that is be commended for its contribution to the welfare of families; and
Be It Further Resolved, That a copy of this resolution, signed by the President of the Senate and attested by the Secretary of the Senate, be forwarded to Family Service of Morris County.

Mr. Sandman offered the following resolution, which was read and adopted:

Be It Resolved by the Senate by the vote of three-fourths of all of its members, signified by yeas and nays entered on the Journal of the Senate, that

Assembly Committee Substitute for Senate Bill No. 221, entitled "An act making an appropriation to the State Department of Conservation and Economic Development to defray the expenses of the State in connection with the holding of the National Convention of the Italian-American War Veterans of the United States, Incorporated, in New Jersey in 1964,"

Amend Article 9 to read as follows:

**Article 9**

**Offshore Licenses**

39. The commission may grant licenses to persons holding grants or leases of riparian lands of the State, or to any other person making application therefor, with the consent of such grantee or lessee or of the upland owner of the riparian lands involved, for the erection and maintenance of structures within or without the exterior line fixed by the commission, upon payment of a reasonable fee therefor as fixed by the commission, which license shall, except as otherwise provided, be revocable on 30 days notice of revocation, served upon the license holder by certified mail addressed to his last known address, or if the license holder be a corporation, upon any officer or registered agent thereof at his last known address, and failure to remove any such structure within said 30 days shall
constitute a purpresture, which may be abated and shall be punishable as provided in this law. A public utility, as defined in R. S. 48:2-13, holding such license shall be granted a reasonable period of time in excess of said 30 days following a notice of revocation within which to remove, replace, or rearrange such structures erected or maintained under said license.

Senate Bill No. 154

To the Senate:

I herewith return Senate Bill No. 154, without my approval, for the following reasons:

This bill would amend Section 40:52-1 of the Revised Statutes to condition the existing power of a municipality to regulate the opening and closing of barber shops upon the presentation of a petition by 75% or more of the operators of the barber shops in the municipality.

The basic justification for granting local governmental authorities the power to regulate business activities must be the protection of the health and welfare of the general community. This bill, by removing from the municipal authorities their regulatory powers over barber shops unless a substantial element of the group to be regulated itself seeks such regulation, fails to meet this basic test. It would appear, therefore, to be a highly questionable legislative enactment.

Even from the viewpoint of the barbering profession, Senate Bill No. 154 seems to be of doubtful utility. I have been informed that some elements of the barbering profession have supported this legislation in the hope that it would standardize working hours where there is substantial agreement on the subject throughout the municipality. The bill, however, not only prevents local officials from regulating the operating hours of barber shops unless a proper petition has been presented, but it also lacks any assurances that the local officials will undertake the regulation of working hours even upon the presentation of such a petition. Thus, the bill has the incongruous effect of restricting the long established local authority to regulate barber shop operations until such regulation is requested by the shop operators themselves without assuring such a group that the type action they are seeking will be taken. Senate Bill No. 154 accommodates neither the legitimate interests of the general public nor the barbering profession.

Respectfully,

[seal]

Lawrence Bilder,
Acting Secretary to the Governor.

RICHARD J. HUGHES,
Governor.
To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I herewith return Senate Bill No. 64, with my objections, for reconsideration.

This bill would amend R. S. 39:3-20 and N. J. S. A. 39:3-84.3 so as to make it clear that the fine to be paid by the owner, lessee and bailee of any commercial motor vehicle, tractor, trailer or semitrailer, for carrying a load in excess of the gross weight limitation for vehicle and load permitted by the certificate of registration for the vehicle or any other gross weight limitation for vehicle and load imposed by Title 39 or the axle weight limitation as set forth by law in Title 39, would be levied for a violation of only one weight limitation where it is found that the defendant has violated two or more of the aforesaid limitations. For example, if a truck is found to exceed the axle weight limitation and, therefore, also exceeds the gross weight limitation for vehicle and load, the violator would pay only the fine for the greater weight violation.

The criterion for determining the amount of the fine remains unchanged by the bill, except with respect to weight violations of a tractor, trailer or semitrailer registered in New Jersey when operated in combination with a tractor, trailer or semitrailer registered in another state or federal district, which would at present be covered by specific language appearing in R. S. 39:3-20. It is this exception which renders the bill defective.

The deletion of the penalty language of R. S. 39:3-20, with no further provision for treatment of weight violations by this type combination of vehicles, results in there being applicable to such violations only the general penalty provisions of R. S. 39:3-86. Because of this, the maximum penalty applicable, regardless of the extent of the violation, would be a fine of $50.00 or imprisonment for 15 days or both, instead of the penalty criteria presently found in the statute, to wit: a fine of $0.02 per pound for each pound of excess weight if the excess does not exceed 10,000 pounds, and $0.03 per pound for each pound of excess weight if the
excess weight exceeds 10,000 pounds, but in no event less than $50.00.

The latter penalty criteria would still apply to all other weight limitation violations. I believe the penalties for weight violation should be consistent. Carriers, operating vehicles in combinations such as above described, who violate the weight limitations of our law should not be granted unequal treatment tantamount to special privilege.

Accordingly I herewith return Senate Bill No. 64 for reconsideration and recommend that it be amended as follows:

On page 6, section 2, line 52, after the period insert:

"The owner, lessee and bailee of a tractor, trailer or semitrailer registered under this act and found on a highway in combination with a tractor, trailer or semitrailer duly registered in any other state or federal district and in violation of the weight limitations of R. S. 39:3-20 shall be fined an amount equal to $0.02 for each pound by which 1/2 of the combined gross weight of both vehicles and load shall exceed the gross weight registration of the unit registered under this act, if the excess is not greater than 10,000 pounds, and $0.03 for each pound of the excess if it is greater than 10,000 pounds, but in no event less than $50.00."

Respectfully,

[seal] RICHARD J. HUGHES, Governor.

Attest:

LAWRENCE BILDER,
Acting Secretary to the Governor.

Mr. Bowkley moved that Senate Bill No. 64, entitled "An act concerning motor vehicles and traffic regulation, and amending section 39:3-20 of the Revised Statutes and section 5 of chapter 142 of the laws of 1950,"

Be given first reading for the purpose of re-enactment which was agreed to.

Mr. Bowkley offered the following amendment to Senate Bill No. 64 pursuant to the recommendations of the Governor.

Which amendment was adopted.
On page 6, section 2, line 52, after the period insert a new sentence as follows:

"The owner, lessee and bailee of a tractor, trailer or semitrailer registered under this act and found on a highway in combination with a tractor, trailer or semitrailer duly registered in any other State or Federal district and in violation of the weight limitations of R. S. 39:3-20 shall be fined an amount equal to $0.02 for each pound by which 1/2 of the combined gross weight of both vehicles and load shall exceed the gross weight registration of the unit registered under this act, if the excess is not greater than 10,000 pounds, and $0.03 for each pound of the excess if it is greater than 10,000 pounds, but in no event less than $50.00."

Mr. Bowkley moved that Senate Bill No. 64, as amended, be advanced to second reading without reference for the purpose of re-enactment which motion was adopted.

Senate Bill No. 64, entitled "An act concerning motor vehicles and traffic regulation, and amending section 39:3-20 of the Revised Statutes and section 5 of chapter 142 of the laws of 1950,"

As amended, pursuant to the Governor’s recommendations,

Was taken up, read a second time, considered by sections, agreed to and ordered to have a third reading.

Messrs. Bowkley and Grossi offered the following resolution, which was read and adopted:

*Be It Resolved* by the Senate by the vote of three-fourths of all of its members, signified by yeas and nays entered on the Journal of the Senate, that

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
December 9, 1963.

SENATE BILL NO. 98

To the Senate:

Pursuant to Article V, Section 1, paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 98, with my objections, for reconsideration.

Title 39 of the Revised Statutes now empowers local, county and State authorities to erect and maintain appropriate official traffic signs on highways or at intersections within their respective jurisdictions where traffic movements are regulated and controlled by safety zones, traffic islands, traffic circles, grade separations and other physical structures erected by the authority involved. Senate Bill
No. 98 would expand this power to permit the erection and maintenance of "railroad advance warning signs and such other appropriate official traffic signs, including stop signs," wherever any highway crosses the tracks of a railroad at grade.

In concept, the bill represents a logical and salutary extension of existing State and local authority in the area of traffic safety control. As drawn, however, it departs from the basic scheme of Title 39 by requiring the "recommendation" of the Board of Public Utility Commissioners as a condition precedent to the governmental exercise of the discretionary power to place official traffic signs at grade crossings. Basically, it is this feature of the bill which impels me to return it for further consideration.

The powers and duties of the Board of Public Utility Commissioners since its creation have been confined to "general supervision and regulation of and jurisdiction and control over all public utilities * * *." R. S. 48:2-13. Thus the Board is properly concerned with the regulation of railroad traffic over highway crossings and, as a pertinent example, may require railroad companies to maintain warning signs designed to the Board's approval "at each highway crossing at grade." R. S. 48:12-58. But Senate Bill No. 98, which would amend and supplement chapter 4 of Title 39, the Motor Vehicle Act, deals with the very different objective of regulating highway traffic over railroad crossings. Like any other subject of highway traffic control, this problem falls most naturally within the province of the Director of the Division of Motor Vehicles and, conversely, is beyond the traditional purview of the Board of Public Utility Commissioners' mandate to regulate "public utilities." In my judgment, it would be unwise to interject the influence of the Board into the hitherto exclusive statutory domain of the Director of the Division of Motor Vehicles. Any such overlapping of authority can only lead to confusion and conflict.

Additionally, it may be observed that not even the Director now enjoys the centralized power to initiate by "recommendation" or otherwise the erection of official traffic signs by State, county and local authorities. The approach of the motor vehicle law is permissive in this respect, leaving it to the authorities themselves to determine whether a given traffic problem warrants or requires the
placement of a traffic sign. While the efficacy of that approach is not at issue here, it does manifest a flexible policy of allowing the local authority most immediately concerned to detect and correct local traffic hazards. It would be a substantial departure from that policy to render local action dependent upon the "recommendation" of a State agency which may not be equipped to appreciate local needs. The power to "recommend", as conferred by Senate Bill No. 98, would correlatively entail the power of veto. In view of the basic rationale of the motor vehicle law with respect to local responsibility for the erection of traffic signs in general, I can discern no reason why traffic signs at grade crossings should be particularly singled out as a subject for central control.

For the reasons stated above, the power of State, county and local authorities to erect and maintain traffic signs at grade crossings should not be conditioned upon the recommendation of the Board of Public Utility Commissioners. I suggest that the bill be amended to delete that provision.

Finally, various objections have been voiced to the express inclusion of stop signs among the "appropriate official traffic signs" which the bill would permit to be erected at grade crossings. There is widespread feeling that existing law governs the stoppage of motor vehicles at railroad crossings thoroughly and adequately (see N. J. S. A. 39:4-127.1, 39:4-127.2 and 39:4-128), and that the erection of stop signs at grade crossings is calculated to produce more accidents than it will prevent. While these observations are not without force, I would be reluctant to impose an absolute ban on the use of any official traffic sign at any location. It would be generally unwise, however, to actively encourage the erection of stop signs at grade crossings by way of undue emphasis thereon in the enabling legislation. Since the catchall provision for the erection of "other appropriate official traffic signs" would in a proper case include stop signs, I recommend that the additional express reference to such devices be deleted from the bill.

Accordingly, I am returning Senate Bill No. 98 for reconsideration, with the recommendation that the bill be amended as follows:

On page 1, section 1, lines 11 and 12, delete ", upon recommendation of the Board of Public Utility Commissioners,"
On page 1, section 1, line 13, delete "such".

On page 1, section 1, line 13, delete "including stop signs,"

Respectfully,

RICHARD J. HUGHES,
Governor.

LAWRENCE BILTER,
Acting Secretary to the Governor.

Mr. Stout moved that

Senate Bill No. 98, entitled "An act amending 'An act concerning traffic regulations, and amending and supplementing chapter 4 of Title 39 of the Revised Statutes and certain other statutes relating thereto,' approved April 5, 1951 (P. L. 1951, c. 23),"

Be given first reading for the purpose of re-enactment which was agreed to.

Mr. Stout offered the following amendments to Senate Bill No. 98 pursuant to the recommendations of the Governor.

Which amendments were adopted.

On page 1, section 1, lines 11 and 12, delete "upon recommendation of the Board of Public Utility Commissioners,"

On page 1, section 1, line 13, delete "such".

On page 1, section 1, line 13, delete "including stop signs,"

Mr. Stout moved that Senate Bill No. 98, as amended, be advanced to second reading, without reference, for the purpose of re-enactment, which motion was adopted.

Senate Bill No. 98, entitled "An act amending 'An act concerning traffic regulations, and amending and supplementing chapter 4 of Title 39 of the Revised Statutes and certain other statutes relating thereto,' approved April 5, 1951 (P. L. 1951, c. 23),"

As amended, pursuant to the recommendations of the Governor,

Was taken up, read a second time, considered by sections, agreed to and ordered to have a third reading.
Mr. Stout offered the following resolution, which was read and adopted by the following vote:

*Be It Resolved by the Senate* by the vote of three-fourths of all of its members, signified by yeas and nays entered on the Journal of the Senate, that

As amended pursuant to the recommendations of the Governor,

Was taken up and read a third time.

Upon the question, "Shall this Senate bill pass?" it was decided as follows:

In the affirmative were—

In the negative—None.

A Message was received from the Governor, by the hands of his Secretary, endorsed, Veto Message.
Mr. Stout moved that the Message from the Governor be received and that his objections be entered at large on the Journal.

Under the direction of the President, the seal of the Message was broken, and the Secretary read as follows:

State of New Jersey, Executive Department, December 9, 1963.

Senate Bill No. 161

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 161, with my objections, for reconsideration.

Senate Bill No. 161 would authorize the establishment of "horizontal property regimes" characterized by exclusive individual ownership of each unit of a multi-unit building, together with common ownership in proportionate undivided shares of all other features of the building and the land on which it is located. While not limited to dwelling units, this bill undoubtedly is designed to stimulate the development of moderately priced housing for the benefit of our citizens. Although the novelty of the "condominium" approach to housing in this country necessarily renders its effectiveness a matter for conjecture, it does provide another tool for the implementation of a highly desirable objective. I, therefore, have no fundamental objection to its introduction into law. Nevertheless, the bill as drawn contains certain defects, both substantive and technical, which have led me to conclude that it should not be signed in its present form.

Consistent with its overall treatment of each apartment as a subject of individual ownership, the bill provides that local property taxes shall be assessed against and collected on each individual apartment, "and not on the building or property as a whole." No express reference is made, however, to the assessment of the proportionate undivided interest of each apartment in the land and other commonly held appurtenances of the building, designated elsewhere by the bill as the "common elements." While I am certain that this provision is not intended to place the interest of each apartment in the common elements beyond the reach of the taxing authority, its silence regarding assessment of
the common elements coupled with its injunction against assessment of "the building or property as a whole" might well inspire litigation which, at the very least, would require the courts to supply the procedure for the assessment of common elements. Since that procedure can be readily specified by the bill itself, I recommend that the bill be amended to clearly express its implicit mandate that the assessment against each apartment shall include the value of the proportionate undivided interest of that apartment in the common elements of the property.

In this connection, the bill presently grants to the owner of each apartment a proportionate share in the common elements equivalent to the percentage representing the value of his apartment "with relation to the value of the whole property." This formula fails to recognize that the "whole property" may include limited common elements which the bill permits to be reserved by agreement for the use of some apartments to the exclusion of others. Since the formula is aimed at establishing the proportionate interest of each apartment in the common elements to be used by all, i.e., the general common elements, the value of the limited common elements would seem to have no proper place in this computation. It would appear that the most accurate measure of the interest of each apartment owner in the general common elements is the percentage of the aggregate value of all the apartments represented by the value of his own apartment. Likewise, the proportionate interest of an owner in the limited common elements can best be established by the percentage representing the value of his apartment with relation to the aggregate value of all apartments entitled to the use of those elements. I propose that the bill be amended accordingly.

In the interest of clarity, and to give meaning to the word "value", the bill should also include a provision that the necessary valuations be made by the owners of the property on the basis of fair market value at the time when the "horizontal property regime" is established. These valuations would serve the sole purpose of establishing the proportionate interest of each apartment in the common elements, and need not be expressed in the master deed or elsewhere.

The remainder of the amendments here proposed deal primarily with self-explanatory technical errors and lapses in consistency of expression. They require no particular discussion. As a final word, however, I might add that the
phrase "horizontal property regime", as used in the title and throughout the text of the bill in conjunction with a variety of predicates, strikes me as achieving something less than an artistic success. Although I have not insisted upon the substitution of a more meaningful and clearly descriptive designation at this time, the Legislature should consider the adoption of a more suitable term.

For the reasons stated above, I herewith return Senate Bill No. 161 for reconsideration, with the recommendation that the bill be amended as follows:

On page 2, section 1, line 37, delete the word "basic".

On page 2, section 1, lines 37 to 38A, delete the words "in accordance with the percentages computed in accordance with the provisions of section 6 of this act".

On page 3, section 6, lines 1 to 15, delete Section 6 in its entirety and insert in lieu thereof:

"6. An apartment owner shall have the exclusive ownership of his apartment and shall have a proportionate undivided interest in the general common elements, equivalent to the percentage of the aggregate value of all the apartments represented by the value of his own apartment. Where limited common elements have been reserved for the use of his apartment, his proportionate undivided interest therein shall be equivalent to the percentage of the aggregate value of all apartments entitled to the use of said limited common elements represented by the value of his own apartment.

"For the sole purpose of establishing said percentages, the value of each apartment and the aggregate value of all the apartments shall be fixed by the owner or co-owners of the property making up the regime, and shall be computed on the basis of the fair market value of said apartments at the time when the regime is established, provided, however, that nothing herein contained shall prevent the owner of each apartment from attributing a different circumstantial value to his apartment in all types of acts and contracts. Said percentages once established shall have a permanent character, and shall not be altered without the acquiescence of the co-owners representing all the apartments of the building."
On page 4, section 9, line 2, delete the word "real".

On page 4, section 9, line 10, delete the word "building" and insert in lieu thereof "property".

On page 4, section 9, line 14, delete "The percentage appertaining to the co-owners in" and insert in lieu thereof "The respective percentage appertaining to each apartment in".

On page 4, section 9, line 15, after the words "the elements held in common" insert "both general and limited".

On page 5, section 11, line 7, after the words "Any conveyance of" insert "or other instrument affecting title to".

On page 5, section 12, line 1, delete the words "a building" and insert in lieu thereof "property".

On page 5, section 14, lines 1 and 2, delete the words "The administration of every building constituted into horizontal property" and insert in lieu thereof "The administration of every property constituted into a horizontal property regime".

On page 6, section 15, line 9e, delete the word "basic".

On page 6, section 15, line 16, delete the word "building" and insert in lieu thereof "property".

On page 6, section 15, line 17, delete the word "building" and insert in lieu thereof "property".

On page 7, section 18, line 5, delete the word "building" and insert in lieu thereof "property".

On page 9, section 21, line 3, delete the words "section 17" and insert in lieu thereof "section 18".

On page 9, section 22, line 2, delete the words "section 17" and insert in lieu thereof "section 18".

On page 10, section 26, line 4, after "whole," insert "Such assessments shall include the value of the proportionate undivided interest of each apartment in the general common elements, and in the limited common elements where such interest exists. The proportionate undivided interest of each apartment in said common elements shall be computed in accordance with the procedure established by section 6 of this act."
On page 10, section 26, line 5, after the words "exemptions from taxation" insert "or deductions from tax bills".

Respectfully,

Under the direction of the President, the seal of the Message was broken, and the Secretary read as follows:

State of New Jersey,
Executive Department,
December 9, 1963.

Senate Bill No. 173

To the Senate:

Pursuant to Article V, Section 1, paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 173, with my objections, for reconsideration.

This bill would provide for the registration of physical therapists by the State Board of Medical Examiners and would establish, to assist the Board, an advisory committee made up of professional physical therapists. As originally introduced, the bill authorized the State Board to issue rules and regulations establishing standards governing the practice of physical therapy and provided a penalty for violation of the provisions of the act or such rules and
regulations. During legislative process, however, both of these features were deleted.

The public generally attaches a high degree of significance to the fact that a person performing functions in the healing arts, such as a physical therapist, is licensed by the State. By virtue of such license, the qualifications and performance of the practitioner have impliedly received the imprimatur of the State. It is natural and proper for the public to assume that the act of licensing brings to bear on the licensee an effective system of regulation and control. The failure in this instance to give the Board of Medical Examiners the authority to establish and enforce appropriate standards renders Senate Bill No. 173 purposeless. Absent such authority, the licensee may receive a benefit but the public does not.

An additional opportunity for advancing the public’s welfare is presented here. Throughout the years, groups interested in securing the advantages of State licensing and centralized regulation have submitted, and secured passage of, legislation providing for the establishment of regulatory boards and advisory committees composed entirely of members actively engaged in the profession, trade or occupation to be regulated. In the past, some of these boards and committees have given the appearance of representing the group to be regulated rather than the interests of the general public. While it is without question true that the State and the people owe a debt of gratitude to the many dedicated board and commission members who give unselfishly of their time and effort, this experience has indicated the wisdom of requiring the inclusion of impartial public membership wherever possible. In this fashion the vital public interest in effective functioning by regulatory bodies should be more adequately reflected.

Accordingly, I am returning Senate Bill No. 173 for reconsideration, with the recommendation that the bill be amended as follows:

On page 3, section 3, line 1, after “3.” insert “(a)”.

On page 4, section 3, following line 11, insert a new paragraph as follows:

“(b) The board, by rules and regulations and after consultation with the physical therapy advisory committee, shall establish standards governing the practice
of physical therapy which standards shall be adhered to by persons registered under this act."

On page 5, section 8, line 23, after the word "physician" delete the period and insert "; or".

On page 5, section 8, following line 23, insert a new subsection as follows:

"(i) Who has violated the provisions of this act or the rules or regulations adopted hereunder."

On page 6, section 10, line 4, delete "3" and insert in lieu thereof "5".

On page 6, section 10, line 4, delete "who" and insert in lieu thereof "3 of whom".

On page 6, section 10, line 13, delete "member" and insert in lieu thereof "of the 3 registered physical therapist members".

Mr. Sandman moved that the rules be suspended and that Assembly Bill No. 775 be advanced to second reading without reference.

Which motion was adopted.

Assembly Bill No. 775, entitled "A supplement to an act entitled 'An act making appropriations for the support of the State Government and for several public purposes for the fiscal year ending June 30, 1964, and regulating the disbursement thereof,' approved June 13, 1963 (P. L. 1963, c. 97),"

Was taken up, read a second time, considered by sections, agreed to and ordered to have a third reading.

Twelve communications were received from the Governor by the hands of his Secretary.

A Message was received from the Governor, by the hands of his Secretary, endorsed, Veto Message.

Mr. Grossi moved that the Message from the Governor be received and that his objections be entered at large on the Journal.

Under the direction of the President, the seal of the Message was broken, and the Secretary read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

SENATE BILL NO. 74

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 74, with my objections, for reconsideration.

Chapter 185, P. L. 1960, authorizes county boards of chosen freeholders to permit certain mental health associations and other similar organizations to use, without charge, county facilities and employees in conducting day care centers or schools for severely disturbed children or for giving assistance to the mentally retarded. Senate Bill No. 74 has as its very laudable purpose the expansion of this authorization in Chapter 185 to include the mentally ill as well as the mentally retarded.
I am in full accord with the purposes of this legislation. Unfortunately, Senate Bill No. 74, as drafted, would inadvertently restrict a part of the existing authorization through the use of the term "mentally retarded or mentally ill children." The use of the word "children" in this instance may result in the curtailment of existing programs for the mentally retarded under the present provisions of Chapter 185, which are in effect for these groups without regard to age. I feel certain that this was not the intention of the sponsors and, therefore, suggest the bill be re-enacted with the following amendments:

Page 1, Title, line 11, delete "the use".

Page 1, Title, delete lines 12 through 16 in their entirety and insert in lieu thereof "certain organizations providing aid or assistance to mentally retarded or mentally ill persons to use county facilities and to supply them with the services".

Page 2, section 1, line 4, delete "the use of space or rooms, together with".

Page 2, section 1, delete lines 5 through 9 in their entirety and insert in lieu thereof "certain organizations providing aid or assistance to mentally retarded or mentally ill persons to use county facilities".

Page 2, section 2, line 7, delete "children" and insert in lieu thereof "persons".

Page 2, section 2, lines 10 and 11, delete "children" and insert in lieu thereof "persons".

Respectfully,

RICHARD J. HUGHES, Governor.

Acting Secretary to the Governor.

Messrs. Grossi and Sandman moved that

Senate Bill No. 74, entitled "An act to amend the title of 'An act concerning counties and authorizing the board of chosen freeholders of any county to permit the use of space or rooms, together with furniture and equipment, in buildings owned or maintained by the county, by a county mental health association incorporated under the laws of
this State, or by any private charity or organization in
the county providing aid and assistance for the mentally re-
tarded, with or without the payment of rent and to supply
them with the services of county employees, supplementing
Title 40 of the Revised Statutes,' approved June 26, 1958
(P. L. 1958, c. 87), as said title was amended by chapter 185
of the laws of 1960, so that the same shall read 'An act con-
cerning counties and authorizing the board of chosen free-
holders of any county to permit the use of space or rooms,
together with furniture and equipment, in buildings owned
or maintained by the county, by a county mental health
association incorporated under the laws of this State, or by
certain other organizations providing aid or assistance to
mentally ill children, with or without the payment of rent
and to supply them with the services of county employees,
and supplementing Title 40 of the Revised Statutes,' and
to amend the body of said act,'"

be given first reading for the purpose of re-enactment.

Which was agreed to.

Messrs. Grossi and Sandman offered the following
amendments to Senate Bill No. 74 pursuant to the recom-
mendations of the Governor, which amendments were
adopted:

Page 1, Title, line 11, delete "the use".

Page 1, Title, delete lines 12 through 16 in their entirety
and insert in lieu thereof "certain organizations providing
aid or assistance to mentally retarded or mentally ill
persons to use county facilities and to supply them with the
services".

and insert in lieu thereof "certain organizations providing
aid or assistance to mentally retarded or mentally ill
persons to use county facilities".

Page 2, section 2, line 7, delete "children" and insert
in lieu thereof "persons".

Page 2, section 2, lines 10 and 11, delete "children" and insert in lieu thereof "persons".
Messrs. Grossi and Sandman moved that Senate Bill No. 74, as amended, be advanced to second reading without reference for the purpose of re-enactment, which motion was adopted.

Senate Bill No. 74, as amended, was taken up, read a second time, considered by sections, agreed to, ordered to be reprinted, and to have a third reading.

A message was received from the Governor by the hands of his Secretary, endorsed "Veto Message."

Mr. Grossi moved that the message from the Governor be received and that his objections be entered at large on the Journal.

\text{SENATE BILL NO. 76}

To the Senate:

Pursuant to Article V, Section 1, paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 76, with my objections, for reconsideration.

Senate Bill No. 76 authorizes boards of chosen freeholders to appropriate annually to "any approved, privately operated, nonprofit organization whose services are non-sectarian" funds to defray certain costs of such organizations in their programs for mentally retarded or mentally ill children. This bill is substantially similar to chapter 186, P. L. 1960 but differs in two respects. The application of the 1960 law is limited to the New Jersey Association for Retarded Children and the funds are available only for the benefit of mentally retarded persons.

This bill presents much the same problem as its companion measure, Senate Bill No. 74. Here again the purpose of the legislation is laudable and one with which I am in full agreement. The bill, however, creates the question whether it will have the legal or practical effect of replacing the 1960 law. To the extent that Senate Bill No. 76 is broader in extending its application to many organizations, this is
a desirable result. Restricting the use of funds to mentally retarded or mentally ill children, however, can have an adverse impact upon existing programs which are being conducted without regard to age. Indeed, the very language of Senate Bill No. 76 would seem to imply that it should have application to persons other than children when it speaks in terms of sheltered workshops since this program, as developed in this State, has almost exclusive application to persons above the age generally considered the upper limit of childhood.

I, therefore, am returning this bill with the recommendation that it be reenacted with the following amendments:

On page 1, Title, line 2, delete "children and" and insert in lieu thereof "persons, repealing Chapter 186, P. L. 1960, and".

On page 1, section 1, line 5, delete "children" and insert in lieu thereof "persons".

On page 1, section 2, line 1, delete this section in its entirety and insert in lieu thereof:

"2. Chapter 186, P. L. 1960, approved January 18, 1961, is hereby repealed but any appropriation made pursuant to the provisions thereof shall be valid and shall be deemed to be authorized by the provisions of this act.

"3. This act shall take effect immediately."

Respectfully,

RICHARD J. HUGHES,
Governor.

Attest:

LAWRENCE BILDER,
Acting Secretary to the Governor.

Mr. Grossi moved that

Senate Bill No. 76, entitled "An act authorizing boards of chosen freeholders to make appropriations for the benefit of mentally ill children and supplementing Title 40 of the Revised Statutes,"

be given first reading for the purpose of re-enactment.

Which was agreed to.
Mr. Grossi offered the following amendments to Senate Bill No. 76 pursuant to the recommendations of the Governor, which amendments were adopted.

On page 1, Title, line 2, delete "children and" and insert in lieu thereof "persons, repealing Chapter 186, P. L. 1960, and".

On page 1, section 1, line 5, delete "children" and insert in lieu thereof "persons".

On page 1, section 2, line 1, delete this section in its entirety and insert in lieu thereof:

"2. Chapter 186, P. L. 1960, approved January 18, 1961, is hereby repealed but any appropriation made pursuant to the provisions thereof shall be valid and shall be deemed to be authorized by the provisions of this act.

"3. This act shall take effect immediately."

Mr. Grossi moved that Senate Bill No. 76 as amended, be advanced to second reading without reference for the purpose of re-enactment, which motion was adopted.

Senate Bill No. 76 as amended, was taken up, read a second time, considered by sections, agreed to, ordered to be reprinted, and to have a third reading.

Messages were received from the Governor, by the hands of his Secretary, endorsed, Veto Messages on Senate Bills 223 and 227.

Mr. Stout moved that the Messages from the Governor be received and that his objections be entered at large on the Journal.

Under the direction of the President, the seal of the Messages was broken, and the Secretary read as follows:

State of New Jersey,
Executive Department,
December 9, 1963.

Senate Bill No. 223

To the Senate:

I herewith return Senate Bill No. 223, without my approval, for the following reasons:
The purpose of this bill is to permit any veteran member of the Public Employees’ Retirement System to purchase prior service credit for any service with the federal government other than as a member of the armed forces of the United States. The purchase price for this credit would be based on the member’s salary at the time of his application. This bill is similar to Assembly Bill No. 502 (1962) which I filed without my approval in the State Library on March 18, 1963. It also involves to a lesser degree the problems discussed in my message attached to Assembly Bill No. 211, which bill has been returned to the Legislature today without my approval.

The cost of public pensions represents a substantial element of the State’s annual budget. The current year’s appropriation is $82 million. Next year’s appropriation will require nearly $90 million.

As I indicated in my message attached to Assembly Bill No. 211, the Legislature should embark upon a new course involving recognition of and reward for public service rendered elsewhere only after full and careful consideration of all the questions involved.

Respectfully,

RICHARD J. HUGHES,
Governor.

SENATE BILL No. 227

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 227, with my objections, for reconsideration.

This bill permits municipalities bordering on the Atlantic Ocean to lease, rent or hire all or any part of their public parks, recreation grounds or places of public resort not presently needed for municipal purposes for, in addition to the existing 10-year limitation, a period not exceeding 25
years where the lessee is required to make substantial renovations or improvements to the leasehold. It also makes this section of the law applicable to municipalities bordering on tidal water bays.

I have been informed that the purpose of this bill is to foster greater economic growth in these communities. Municipal officers have indicated that they have difficulty in leasing such property because of the 10-year limitation where substantial renovations or improvements are needed in order to make the property usable for commercial purposes. I concur with the municipalities' wish to attract commercial ventures to their community.

On the other hand, as I stated in my veto message of Assembly Bill No. 291 (1963):

"The value to the community and to the State of an ocean front readily available to everyone and unencumbered by intervening structures cannot be estimated, but it is high. The necessity to preserve natural areas and scenic vistas has been recognized in this State through the creation of the Natural Areas Council and the adoption of Green Acres programs.

"The State in recent years has adhered to a policy of opposing any legislation which would permit the conversion of our public beaches to private use. See Veto of Senate Bill No. 207 (1957). Shore front municipalities which have sought the right to lease public lands for long term periods have been required to preserve the beachfront areas for the use of the general public. C. 115, P. L. 1960; C. 12, P. L. 1963. I believe this to be a wise policy."

This is equally true of bay front areas.

Economic advancement and the preservation of our scenic beauty, however, are not incompatible. With proper supervision, both can exist to the benefit of the community and the State.

Accordingly, I am returning Senate Bill No. 227 for reconsideration, with the recommendation that the bill be amended as follows:

On page 1, section 1, line 3, insert "(a)" before "The governing body of every municipality".
On page 1, section 1, lines 8 to 10, delete the following: "or for any period not exceeding 25 years in any case where by the terms of the letting, the lessee is required to make substantial renovations or improvements to the premises included in the letting).

On page 1, section 1, after line 10, insert the following new paragraphs:

"(b) The governing body of every municipality bordering on the Atlantic Ocean or on any tidal water bay may with the approval of the Commissioner of Conservation and Economic Development enter into leases for any period not exceeding 25 years where the lessee will have to make substantial renovations or improvements to the leasehold and where such renovations or improvements will not detract from the scenic beauty of the area nor deny public access to the ocean front or the bay front.

"The governing body of any municipality proposing to enter into such a lease shall cause to have sent to the Commissioner of Conservation and Economic Development for his consideration a copy of the proposed lease and specifications of all the renovations and improvements, including but not limited to the following:

"(1) A written description of all renovations or improvements contemplated under the lease agreement including the proposed use for the property, and

"(2) A blueprint or drawing showing the relationship of any new structures or buildings to be constructed under the lease to the ocean or bay.

"If the Commissioner of Conservation and Economic Development shall find that the proposed lease is in the public interest and will not detract from the scenic beauty of the area or interfere with the public’s right of access to the ocean or bay area, he shall indicate in writing his approval of the proposed lease, which approval may include such terms and conditions as he may find to be essential to carry out the purposes of this act, and the municipality may enter into the lease agreement as approved, provided that in addition to all other conditions and provisions agreed to by the parties the lease shall contain the following provision:
"This agreement is conditioned upon the compliance of the lessee with the terms and conditions specified by the Commissioner of Conservation and Economic Development pursuant to R. S. 40:61-36. Any failure to comply with these terms and conditions, unless approved in writing by the municipality and the Commissioner of Conservation and Economic Development, shall terminate the lease and all appurtenances, betterments and improvements to the premises shall be forfeited to the municipality."

Respectfully,

Governor.

Mr. Ridolfi offered the following resolution, which was read and adopted:

WHEREAS, Leo J. Lanning of Trenton died recently; and

WHEREAS, Mr. Lanning since 1919 has been a State House landmark by reason of his being a newspaper representative in the State House for many newspapers before the Associated Press established its bureau in the Capitol; and

WHEREAS, Mr. Lanning by reason of his long service had become the dean of the State House correspondents; and

WHEREAS, Mr. Lanning had been a member of many publicity staffs during his long service as a State House newspaper correspondent; and

WHEREAS, Mr. Lanning had also served as a member of the State Historic Sites Commission; and

WHEREAS, Mr. Lanning's passing has left a void in the State House that will long continue; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. That public tribute is hereby given to the memory of Leo J. Lanning, dean of the State House newspaper correspondents for many years and sympathy and condolences are hereby extended to his family; and

Be It Further Resolved:

2. That this resolution be spread upon the Journal of the Senate and a copy signed by the President of the Senate and attested by the Secretary of the Senate be forwarded to the family of the late Leo J. Lanning.

Messrs. Ridolfi, Grossi and Sandman offered the following resolution, which was read and adopted:
WHEREAS, William F. Voorhees, Jr., the Director of the Division of Investment in the State Department of the Treasury, died on November 25, 1963; and

WHEREAS, Since June, 1956, Mr. Voorhees has been the Director of the Division of Investment in the State Department of the Treasury having immediate supervision of the State’s Investment Division of millions of dollars in funds; and

WHEREAS, Mr. Voorhees was eminently qualified by training and experience to direct most important work of the Division of Investment and was recognized as having performed his duties as Director with exceptional ability; and

WHEREAS, The State of New Jersey was most fortunate in being able to secure the services of Mr. Voorhees in this most important division; and

WHEREAS, This body desires to pay tribute to the memory of William F. Voorhees, Jr., and to extend sympathy and condolences to his family; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. That public tribute is hereby given to the memory of William F. Voorhees, Jr., in recognition of his important public service to the State and this body extends its sympathy and condolences to the family of the late William F. Voorhees, Jr.; and

Be It Further Resolved:

2. That this resolution be spread upon the Journal of the Senate and that a copy signed by the President of the Senate and attested by the Secretary of the Senate be forwarded to the family of the late William F. Voorhees, Jr.

Mr. Farley offered the following resolution, which was read and adopted:

WHEREAS, Former Senator Emerson L. Richards, of Atlantic County, died on October 21; and

WHEREAS, For upwards of two decades following 1917, Senator Richards was an outstanding and dynamic figure in the public life of this State; and

WHEREAS, Mr. Richards served in the General Assembly and in the Senate from 1917 to 1934 except during a period when he was a military officer; and
Whereas, During his long service in the Senate Mr. Richards actively sponsored many very important legislative revisions and other enactments and was recognized as a leader in the Legislature; and

Whereas, Senator Richards was also outstanding in other fields and, particularly, in musical circles, having designed the pipe organs for the Convention Hall in Atlantic City which are among the largest in the world; and

Whereas, Since his last term in the Senate Mr. Richards filled other important appointive positions in the Government of the State; and

Whereas, It is but fitting that this body pays tribute to the memory of former Senator Emerson L. Richards; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. That public tribute is hereby given to the memory of the late Senator Emerson L. Richards in recognition of his many important public services to the State and to his County of Atlantic and this body extends its sympathy and condolences to the family of the late Emerson L. Richards; and

Be It Further Resolved:

2. That this resolution be spread upon the Journal of the Senate and a copy signed by the President of the Senate and attested by the Secretary of the Senate be forwarded to the family of the late Emerson L. Richards.

Mr. Weber offered the following resolution, which was read and adopted:

Whereas, Benjamin Stevens of Vineland, New Jersey, died on December 5, 1963; and

Whereas, Mr. Stevens was born in the City of Vineland in 1883; and

Whereas, Mr. Stevens was a distinguished member of his chosen profession of law, a member of the New Jersey Bar Association, and a member of the Cumberland County Bar Association; and

Whereas, Mr. Stevens, at the age of 29, became the youngest Mayor in Vineland's history and continued to
devote much of his time, talent and energies over the span of 50 years to elected and appointed governmental services on the Federal, county and municipal levels; and

Whereas, The memory of this outstanding and distinguished public servant will long be remembered and it is particularly fitting that this body should record its regrets upon his passing; now, therefore,

Be It Resolved, by the Senate of the State of New Jersey, That public expression is hereby given to the esteem in which the late Benjamin Stevens has been held, and appreciation is expressed for his countless and valuable services to the citizens of Cumberland County and particularly the City of Vineland; and

Be It Further Resolved. That sincere condolences and sympathy are hereby extended to Mrs. Stevens, his widow; and

Be It Further Resolved. That this resolution be spread upon the Journal of the Senate and a copy, signed by the President of the Senate and attested by its Secretary, be forwarded to Mrs. Stevens.

Mr. Kelly offered the following resolution, which was read and adopted:

Whereas, William D. Kelly of Sea Girt, formerly supervisor of the State Inheritance Tax Bureau, died on November 25, 1963; and

Whereas, For 37 years Mr. Kelly was the supervisor of the State Inheritance Tax Bureau and rendered invaluable services to the State in that capacity; and

Whereas, Mr. Kelly served in the General Assembly as an Assemblyman from Hudson County and was an outstanding citizen in Jersey City, Hudson County and in the State; and

Whereas, Mr. Kelly was largely responsible for organizing and bringing the State Inheritance Tax Bureau to its present efficient operation; and

Whereas, This body desires to pay tribute to the memory of William D. Kelly, and to extend sympathy and condolences to his family; now, therefore,
Be It Resolved by the Senate of the State of New Jersey:

1. That public tribute is hereby given to the memory of William D. Kelly for his long and important service to the State and this body extends its sympathy and condolences to the family of the late William D. Kelly; and

Be It Further Resolved:

2. That this resolution be spread upon the Journal of the Senate and that a copy signed by the President of the Senate and attested by the Secretary of the Senate be forwarded to the family of the late William D. Kelly.

Mr. Sandman moved that the Message from the Governor be received and that his objections be entered at large on the Journal.

Under the direction of the President, the seal of the Message was broken, and the Secretary read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

SENATE BILL No. 33

To the Senate:

I herewith return Senate Bill No. 33, without my approval, for the following reasons:

State employees in the classified civil service are now entitled, in addition to annual paid vacations, to a maximum of 15 working days of sick leave per calendar year. Forbearance from abuse of this privilege carries its own continuing reward, for the law permits unlimited accumulation of unused sick leave against the contingency of future protracted disability. The present statutory policy thus re-
reflects a fair concession to human frailty, and is designed to relieve faithful employees from financial setbacks caused by circumstances beyond their control.

Senate Bill No. 33, however, would introduce an entirely different dimension to this concept by authorizing the transmutation of accumulated sick leave into a pecuniary benefit payable upon retirement as "terminal pay" without regard to illness. Such payments, intended to supplement existing pension and retirement benefits, would be computed on the basis of the employee's daily compensation or salary at the time of retirement, with full commutation of accumulated time not exceeding 16 weeks and the equivalent of 3 days' pay for each additional 5 days of unused leave up to an aggregate maximum of 26 weeks. The bill would take into account the time already accumulated by current employees, and to that substantial extent would be retroactive in its operation.

Similar legislation was vetoed in 1954, 1955 and 1959. Statements filed with the earlier bills based the vetoes principally on the ground that such a law would retrospectively convert a privilege designed to alleviate actual hardship into a vested pecuniary right having no relation to that objective. I concur in this view, for I am convinced that the enactment of Senate Bill No. 33 would undermine the very principles which justify the expenditure of State funds in the form of sick leave benefits.

The statement appended to the bill recites that "it would give recognition to the conscientious employee for the many years of service." As I am certain that this language is not meant to characterize the genuinely ill employee who avails himself of sick leave as less than "conscientious" for that reason, I take it that the reference is to those employees, hopefully in the vast majority, who have commendably refrained throughout their years of service from claiming the privilege while in good health. Thus viewed, the bill would purport to grant extra benefits, heretofore attainable only by abusing the sick leave privilege, as a suitable reward for those who have not abused such a privilege, thereby effectively eliminating any consequential distinction between proper and improper conduct in this area. I cannot subscribe to the notion that law-abiding persons should be reimbursed for whatever illicit advantages they may have forsaken by their adherence to a proper course. Consider-
ing our sick leave program as a form of health insurance, such payments would be equivalent to conferring benefits upon a healthy insured in appreciation for his forbearance from filing false claims. So long as the Legislature continues to regard sick leave as a beneficence intended to meet actual needs, there is no room in the statutory scheme for a law designed to reward non-abuse of the privilege.

Proponents of the bill have also urged that its enactment would enhance the efficiency of the classified service by inducing the chronically ill employee who has reached voluntary retirement age not to prolong his tenure by the use of accumulated sick leave, but to step aside for a permanent replacement who can occupy the position more vigorously. Without impugning the desirability of this objective, I disagree that Senate Bill No. 33 would achieve it. The statutory span between voluntary and mandatory retirement age is 10 years. The terminal benefits authorized by this bill would be limited to the equivalent of 110 days' pay. I cannot believe that such payments are reasonably calculated to entice employees between voluntary and mandatory age to forego the possibility of several or more years of continued employment with correspondingly increasing retirement benefits. The bill would more likely offer a true retirement incentive only to those who have exhausted all but the specified 26 weeks of accumulated sick leave and will soon be ready or required to retire in any event. Any benefit to the State service would be minimal at best. If the projected problem exists, the answer must be found elsewhere.

Finally, it has been maintained for much the same reason that the effect of this bill "will reflect a considerable saving to the State * * *" This assertion is based upon the assumption, flatly characterized as such by the fiscal note to the bill, that its relatively limited benefits would in fact motivate older employees to retire earlier than anticipated in favor of younger persons who would fill the same positions at lower salaries. As stated above, however, it is doubtful whether a surrender of the right to continued employment for any meaningful period in exchange for the benefits of this bill would appeal to our older employees. Such a proposal would be attractive only to the employee whose accumulated sick leave does not exceed the bill's 26-week total, and whose retirement is imminent anyhow. The replacement of that employee by a lower-salaried suc-
cessor manifestly would not be of financial advantage to the State if both must be paid for the accelerated period of transition.

In conclusion, I wish to emphasize that I have the greatest respect for those who have devoted their working lives to the service of the State. I remain entirely receptive to legislation designed to further their welfare, provided that funds are available and that the proposed benefits are justifiable in terms of our overall policy toward State employment. In this instance, I simply cannot find such justification for the conversion of sick leave benefits into cold cash.

There are indications that the Legislature may undertake a review of the entire problem of employee compensation and benefits. Such a study, if undertaken, should give careful attention to both the subject of sick leave benefits and the proposal for terminal leave rights.

Accordingly, I feel that I must return Senate Bill No. 33 without my approval.

Respectfully,

[Seal]

RICHARD J. HUGHES,
Governor.
