COMMISSION

Law Revision and Legislative Services—W. SMITH, Azzolina, Littell, Policastro, Horn, Woodson.
At 12:00 o'clock noon the Senate met.

The session was opened with prayer by the Reverend W. Neal Raver.

The Secretary called the Senate, when the following Senators appeared and answered the call:

Mr. Bateman nominated Mr. Crabiel as temporary President. Mr. Crabiel was declared elected to the office of temporary President by voice vote. Messrs. Tanzman and Matturri escorted Mr. Crabiel to the rostrum. A motion was made by Mr. Bateman to proceed with the election of a temporary secretary.

On motion of Mr. Stout, seconded by Mr. Beadleston, Henry Patterson was nominated as temporary Secretary, and elected by voice vote.

On motion of Mr. Rinaldo, seconded by Mr. LaCorte, Mr. McDermott was nominated as President pro tem.

There being no further nominations the temporary Secretary was directed to call the roll.

In the affirmative were:

Musto, Rinaldo, Schiaffo, Schoem, Sciro, Sears, Sisco, Stout, Tanzman, Waldor, Wallwork, White, Woodcock—34.

In the negative—None.

Mr. McDermott was declared elected President pro tem.

Messrs. Wallwork and Musto escorted Mr. McDermott, President pro tem, to the rostrum where Mr. Crabiel administered the oath of office to Mr. McDermott, as President pro tem.

A motion was made by Mr. Sears to proceed to the election of a permanent President.

Mr. Hiering nominated Mr. Bateman for permanent President, which nomination was seconded by Mr. Dickinson.

There being no further nominations, the Secretary was directed to call the roll.

In the affirmative were:

In the negative—None.

Mr. Bateman was declared elected President of the Senate for the legislative year and was escorted to the chair by Messrs. DelTufo and Hauser.

The oath of office was administered to President Bateman by Justice Frederick W. Hall, of the New Jersey Supreme Court, who was escorted to the rostrum by Messrs. Stout and W. F. Kelly.

President Bateman introduced his family and addressed the Senate as follows:

There has been no greater satisfaction in my adult life than this honor of presiding over the New Jersey State Senate. My Senate associations go back to 1951 when I came here, with rosy cheeks and starry eyes, as an aide to Senator
Malcolm Forbes. It was then that I first became an admirer and a student of the legislative process.

Today as I begin my 12th full year in the Legislature, I am convinced this branch of government is the very best reflector of public opinion. It is the common denominator for governmental action, for social change and for accomplishment. This is where the public vibrations are felt first. This branch of government, I’m convinced, is the one that comes closest to being the most important.

Unfortunately, in New Jersey as in nearly every state, the Legislature is not equipped to handle the complex problems of the times. We are inefficient. We are not well-organized. Our budget is inadequate—less than 60 cents per capita in the state. Consequently our staff, while excellent, has been limited in what it could do for us.

While I am Senate President, strengthening of the legislative process will get top priority. We must be independently strong. We must be well-staffed. We must be hard-working.

Governor-elect Cahill has already expressed his interest in a strong Legislature. He knows an independent Legislature will help, not hinder, the executive branch. This is a welcome change from the past. Our Governors too often have tried to dominate or to embarrass the Legislature.

This is a good Legislature but it can be and it will be a much better one. Everyone here knows we need more professional staff. This year the staff will be increased significantly. Four of our major committees will be assigned full-time staff help.

The Senate will install machine voting for the first time in history.

Two sessions a week will be standard. Committees will meet and work—even if we have to rent space outside of the State House. There will be plenty of work to do because this year we’ll be giving new stature to committees. They will have decisions to make. Their voices will be heard.

We will seek and we will expect more decorum during Senate sessions. Only legislators, their guests, aides and the press will be permitted in the chamber during regular sessions. I expect to be a gentle president and a tough sergeant-at-arms.
There are many other improvements we must examine carefully.

I hope the Governor-elect will endorse the new legislative building which was approved early last year and then moved into limbo. This would be a great step forward for the Legislature and for the State.

A legislative post-audit commission should be created. It could monitor State expenditures and existing State programs in new and meaningful ways. The good work of our bond issue watchdog committee has proven the value of this approach. This is a committee that also will get full-time staff help this year.

I don't mean to discredit this Legislature. The past two years, as I have repeated often, have been the most productive legislative years in modern history. But the shotgun relationship between Executive and Legislature has caused both of us to hurry into major new programs—with the result that some of our recent accomplishments, such as the Public Employee Relations Commission may need still another hard look and perhaps major change.

A legislative student once said that to make haste slowly is nowhere more useful than in the Legislature.

Even if some of the accomplishments of the Legislature in 1968 and 1969 were too hastily done, they were impressive.

Later today I expect Governor Hughes—in his swan song—to blame the Legislature for most of New Jersey's shortcomings. This is just not true. If we had a fault, it was that we tried to do too much in too little time.

Some of the Governor's proposals which were not enacted were good ideas, but again, were hastily conceived good ideas. I'm fairly certain that Citizen Dick Hughes—with the traditional wisdom of an older statesman—will be pleased with most of the actions we took in this chamber in the past two years.

I know that this Legislature did its level best to face the crisis in our cities, to meet the capital crisis, to protect our consumers—in short—to meet all the needs of all New Jersey.

In some areas, we established legislative landmarks. Many urgent needs were met without a massive tax in-
crease. The major accomplishments of the past two years were—in most cases—fine examples of bipartisan cooperation.

The 1968-69 Legislature declared total war on crime. It began with the monumental job turned in by Senator Forsythe and his Committee. With the approval of Governor Hughes, the Forsythe proposals were enacted into laws that promise to help eradicate New Jersey's image as a sanctuary for the mob.

I could go on but I'll stop here. Looking backward is for historians not for legislators. Now let's look forward.

A week from today, Governor-elect Cahill will take office with the largest mandate a New Jersey Governor has ever received. The Legislature should heed this mandate and cooperate with the Chief Executive whenever possible. This does not mean that we shouldn't be critical or independent. The Governor-elect has been a legislator for many years and knows the constructive value of legislative independence.

I expect this Senate to stand by Governor Cahill in the toughest of all the tough jobs he faces. We must help him raise the money he needs to erase a huge deficit, to balance the budget and to implement important campaign promises he made to millions of hopeful New Jersey citizens.

Yesterday Governor-elect Cahill outlined New Jersey's fiscal crisis. The facts are starkly clear and much worse than any of us anticipated! Our budget deficit right now is close to $300 million. This is our problem. This is your problem and now is the time for statesmen.

Three years ago, as members of the minority, most Republicans joined with Democrats and voted for necessary tax increases. Many of those Democrats are in this chamber today as distinguished members of the minority. I expect the same type of statesmanship from them on taxes that Republicans demonstrated in 1966.

As Senate President, I urge that the tax issue be faced as early as possible in this session. Then the remaining months can be used to forge a constructive program that will bring credit equally to Republicans and Democrats.

The central thrust of state government is daily moving deeper into fundamental problems such as urban strife, water supply, control of environmental pollution, sewer
construction, institutional care, welfare and all phases of education. State government today is a giant enforcer, providing all kinds of new services and widely-expanded services that as late as the early 1950’s were generally regarded as belonging to the private sector.

I have already mentioned the need for fast action on taxes. I see several other problems that demand immediate action.

To help the new administration streamline its executive branch, we must act to split the Department of Banking and Insurance into two departments.

We must act fast to implement the Clean Water Bond Issue.

As another first order of business, I will ask for a law requiring full time prosecutors in certain counties.

Other measures having immediate priority are these three bills to intensify our anti-crime campaign:

1. Senator Waldor’s legislation to regulate the garbage disposal industry.

2. Speaker Dickey’s proposal for an intrastate anti-trust law.

3. Former Senate President McDermott’s bill to give the Supreme Court power to remove judges for cause.

Many other far ranging decisions are within the reach of this Legislature. If funds can be found, the State School Aid Study Commission Report should be implemented, this year, to become effective in the 1971-72 school year.

I hope this Legislature will be able to face up to a tough conflict of interest law.

I hope you will create a permanent Commission on State School Support and that the commission will start looking into school problems such as transportation, special education, pre-school programs and private school aid.

There are other important areas for legislative action in this two-year session. All of us know we must reverse the trend of granting property tax exemptions. For too many years, we have promised relief from the real estate property tax. We haven’t really kept that promise.
We have committed ourselves to enact realistic and proper regulations covering election campaign contributions. We must finish the task before this session ends.

There is a need for a public defender to represent the people in a wide variety of public rate cases. This and other consumer protection proposals merit our approval.

The Governor-elect has promised a broad legislative program which we can anticipate later in this session, after his more immediate and routine transition problems are solved.

Five of Governor Cahill’s proposals will be of first priority for the 70s. We can expect much from him in the war on organized crime, narcotics control and rehabilitation of drug users, improvement of mass transportation facilities, attention to urban problems and a full scale effort to improve and protect the environment.

Many legislative proposals in these areas are pending. I would expect that the Governor-elect’s programs be given high priority in these sensitive areas. Nothing can be more important to New Jersey in the 1970s.

Democrats, for the first time in 16 years, are in a complete minority posture in Trenton. I expect them to be constructively critical of the majority. I ask them to join with us when it is their wish. Having served seven of my 11 years as a minority member of the Legislature, I know the frustrations and handicaps of being with the “outs.”

In order to be of positive help, the majority will provide this year, for the first time, a full-time staff assistant to the minority and majority leaders.

Many of our past legislative accomplishments have been bi-partisan. This could, and should, be the case in 1970.

I don’t have to sell anyone here today on the idea that New Jersey is a great state. Sure we have problems. Our national image is a little frayed—a little tarnished. But we have wonderful assets too.

During the 1970s, I predict that New Jersey will cease to be known mainly for its Penn Central Railroad; for the skyline you see and smell from parts of the New Jersey Turnpike; as the home of six Cosa Nostra families; as the site of Newark Airport and the lower Passaic River.
We're going to buff up that image. We're going to make the most of our assets in the '70s—assets like 8 million hopeful, industrious people; assets like our shoreline, our lakes, our mountains, our farmlands, our commerce and industry, our educational institutions.

It is my fervent hope that New Jersey will be celebrated for these things in 1980—and celebrated too as the national model of enlightened state government.

I thank you.

Mr. Sears moved to proceed with the election of a permanent Senate Secretary. Mr. Stout nominated Henry H. Patterson, which nomination was seconded by Mr. Beadleston. There being no further nominations Mr. Schleich was directed to call the roll.

In the affirmative were—

In the negative—None.

Mr. Patterson, having received 37 votes, was declared duly elected Secretary of the Senate for the legislative year.

The oath of office was administered by President Bateman.

Upon announcement of Mr. Bateman that the Senate has organized, and is now ready to proceed to business, for the year 1970,

The session of the Senate was opened with prayer by the Rev. W. Neal Raver.

Under the direction of the President the Secretary called the Senate, when the following Senators appeared and answered the call:

Messrs. Bateman (President), Beadleston, Coffee, Crabiel, DelTufo, Dickinson, Dowd, Dumont, Farley, Forsythe, Guarini, Hauser, Hiering, Italiano, Kay,
Mr. Sears offered the following resolution, which was read and adopted:

Resolved, That the Secretary of the Senate await upon His Excellency, the Governor, and inform him that the Senate has organized and elected Honorable Raymond H. Bateman, of the County of Somerset, President, and Henry H. Patterson, of the County of Monmouth, Secretary, and is now ready to proceed to business and also to receive any communications that he may forward.

Mr. Sears offered the following resolution, which was read and adopted:

Resolved, That the Secretary of the Senate be directed to inform the General Assembly that the Senate has organized and elected the Honorable Raymond H. Bateman, of the County of Somerset, President, and Henry H. Patterson, of the County of Monmouth, Secretary, and has proceeded to business.

Mr. Sears offered the following resolution, which was read and adopted:

Resolved, That there be employed for each Senator, Legislative Aides, to be designated by him, at an aggregate salary of $4,500.00, payable in the same manner as all other Senate employees, for the legislative year.

Mr. Sears offered the following resolution, which was read and adopted:

Resolved, That unless otherwise ordered, the daily sessions of the Senate shall begin on Mondays at 2:00 P. M. and on Thursdays at 11:00 A. M.

Mr. Sears offered the following resolution, which was read and adopted:

Resolved, That the Legislative Manual be distributed to the Senate on the same basis as for the session of 1969.
Mr. Sears offered the following resolution, which was read and adopted:

Resolved, That 1,000 copies of each bill, joint resolution and concurrent resolution be printed for the use of the Senate, and 900 copies of each Official Copy Reprint.

Mr. Sears offered the following resolution, which was read and adopted:

Resolved, That the Committee on Ways and Means be authorized to procure bill files and the necessary stationery and supplies for the use of members and officers of the Senate.

Mr. Sears offered the following resolution, which was read and adopted:

Resolved, That the President of the Senate is hereby directed to instruct the printer to mail to each member of the Senate, at his residence and business address, at least one copy of each bill and resolution, both Senate and General Assembly, as soon as the same is printed.

Mr. Sears offered the following resolution, which was read and adopted:

Resolved, That 500 copies of the weekly SENATE JOURNAL be printed and the printer directed to mail copies to each member of the Senate and General Assembly and to clerical officers of each body.

Mr. Sears offered the following resolution, which was read and adopted:

Resolved, That the Rules of the 1969 Senate be adopted temporarily as the Rules for 1970, subject to the following amendment:

Amend Rule 74 by the deletion from the list of Senate Standing Reference Committees of the "Banking and Insurance Committee" and substitution of a "Banking Committee" and an "Insurance Committee".

Amend the final paragraph of Rule 74, as to composition of Senate Standing Committees to read as follows:

The Appropriations Committee and the Judiciary Committee shall consist of eleven members, all other Standing Reference Committees shall consist of five members; the Rules and Order Committee shall consist of seven members,
all other Standing Administrative Committees shall consist of five members; the membership of the Senate on the Ethical Standards Committee shall consist of four members, the membership of the Senate on all other Joint Committees shall consist of five members; and the Investigating Committee shall consist of six members.

Mr. Sears offered the following resolution, which was read and adopted:

*Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the printer be directed to furnish, as soon as printed and without waiting for the regular distribution, the number of copies of each bill, joint resolution and concurrent resolution introduced in the Senate and General Assembly, each committee substitute therefor, each official copy reprint thereof, and each printed amendment thereof, herein designated, to the following:

The Governor—21
The Secretary of State—40
The Attorney General—4
Law Revision and Legislative Services—15

State Library Reference Bureau, for use of said Bureau and for exchange with other States—200.

*Be It Further Resolved, That* the Printer likewise furnish to the State Library Legislative Reference Bureau 20 copies of each weekly installment of the Senate Journal and Minutes of the General Assembly.

Mr. Sears offered the following resolution, which was read and adopted:

*Whereas,* Section 52:27B–15 of the Revised Statutes requires that a request officer be appointed, and the act regulating receipts and disbursements requires the designation of approval officers for the payment of the necessary expenses of all divisions of the government; therefore,

*Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the Secretary of the Senate and the Clerk of the General Assembly be designated as request officers for the Legislature for the legislative year.
Mr. Sears offered the following resolution, which was read and adopted:

*Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):*

That at 3:45 o'clock P. M. both Houses of the Legislature meet in joint session for the purpose of receiving the Annual Message of His Excellency, Richard J. Hughes, Governor of the State of New Jersey, which will be delivered in person.

Mr. Sears offered the following resolution, which was read and adopted:

*Resolved, That the Governor’s Message be spread in full upon the Journal of the Senate and a sufficient number of copies of same be printed for distribution.*

Mr. Sears offered the following resolution, which was read and adopted:

*Resolved, That the “Official Manual for use in Drafting Legislation for Introduction in the New Jersey Legislature,” prepared and published by the Law Revision and Legislative Services, be adopted as the official manual of practice and procedure of the Senate governing the form of bills to be introduced in the Senate and governing the conduct of the preliminary examination of bills proposed for introduction in the Senate required by the Rules of the Senate; and*

*Be It Further Resolved, That in order to carry out said practice and procedure, William M. Lanning, H. Arthur Smith, Jr., Mary Joan Dickson, Walter Kennedy, and John M. Lore be designated as counsel to the Committee on Revision and Amendment of Laws of the Senate, and that the duties of such counsel shall be to conduct said preliminary examination of bills proposed for introduction in the Senate under the general supervision of the chairman of said committee and through the Division of Bill Drafting and Legal Services of the Law Revision and Legislative Services pursuant to law, and that they shall receive such additional compensation for acting as such counsel as shall be determined by the Senate by resolution.*
Mr. Sears offered the following resolution, which was read and adopted:

Resolved, That the payroll for the officers and employees of the Senate be adopted and that the Secretary be authorized to authenticate the same as approval officer.

Mr. Sears offered the following resolution, which was read and adopted:

Resolved, That all statements of expenses of the Senate, or of the Legislature on account of the Senate, be referred to the Ways and Means Committee and, when approved by said committee, as indicated by the signature of the chairman thereof and by the Secretary of the Senate, said bills shall be forwarded to the Legislative Budget and Finance Director for audit, and to the Director of the Division of Budget and Accounting and the State Treasurer for payment.

Mr. Sears offered the following resolution, which was read and adopted:

Resolved, That copies of the Legislative Daily Record for the use of the Senate be purchased for the session of 1970, at a cost of $1,450.00 for the session, regardless of its length.

Mr. Sears offered the following resolution, which was read and adopted:

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

1. That the New Jersey Legislative News be purchased for the use of the members of the Senate and General Assembly and for such other persons as the President of the Senate or the Speaker of the General Assembly shall designate, and that the New Jersey Legislative News shall be furnished as soon as possible after adjournment each day and before the next session convenes; one of each issue to be mailed immediately upon preparation to the local address of each member of the Senate and General Assembly, and for such other persons as designated to receive the same, the name and address of whom shall be furnished by the President of the Senate or the Speaker of the General Assembly; and that payment for the New Jersey Legislative News shall be made at the rate of $30.00 for each subscription; and that statements of expenses for the New Jersey
Legislative News be referred to the Secretary of the Senate and the Clerk of the General Assembly, respectively, and, when approved, said approval shall be indicated by the signature of the Secretary of the Senate and the Clerk of the General Assembly, and said bills, when approved, shall be forwarded to the Legislative Budget and Finance Director for examination and audit, and said bills, when certified by the Legislative Budget and Finance Director, shall be forwarded to the Director of the Division of Budget and Accounting, who shall execute checks in settlement thereof and transmit the same forthwith to the State Treasurer for signature and delivery.

2. This resolution shall take effect immediately.

Mr. Sears offered the following resolution, which was read and adopted:

Resolved, That the following appointments of Senate employees to the positions indicated be approved for the legislative year.

Upon the conclusion of which and under the direction of the President, the Secretary called the roll, and the following Senators answered the call:

The following message was received from the General Assembly by the hands of its Clerk:

\[\text{State of New Jersey,}\]
\[\text{General Assembly Chamber,}\]
\[\text{Mr. President: January 13, 1970.}\]

I am directed by the General Assembly to inform the Senate that the General Assembly has passed the following resolution:

\text{Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):}

That at 3:45 o’clock P. M., both Houses of the Legislature meet in joint session for the purpose of receiving the Annual Message of His Excellency Richard J. Hughes, Governor of the State of New Jersey, which will be delivered in person.

\text{PAT CHARLES,}\n\text{Clerk of the General Assembly.}\n
On motion of Mr. Sears, the Senate adjourned for the purpose of the joint session.
EIGHTH ANNUAL MESSAGE

Mr. President, Mr. Speaker and Members of the Senate and General Assembly:

In 1966, as I assumed my second term of office, I said to the people and the Legislature of New Jersey that "we have too long been hidden in the shadows of great cities to the east and west, too long a mere corridor without our own identity, too long rich in private wealth but poor in public services, too long afraid to come to grips with our own destiny."

I believe that we in New Jersey, during the past eight years, have indeed come to grips with that destiny. I believe that we have fought hard and well for the best interests of our people. We have laid a solid foundation on which the new administration can and, I am confident, will work for greatness for this State in the 1970's.

Consider for a moment how the face of New Jersey has changed during these eight tumultuous years.

Excellence in Education

Consider the proud signs of our progress toward excellence in all phases of education:

— a new Department of Higher Education.
— a five-fold increase in expenditures for higher education.
— a four-fold increase in students enrolled in our public institutions of higher learning.
— two new State colleges authorized.
— two new medical schools in operation.
— a trebling of State aid for education to more than $300 million.
— a crucial emergency school building aid program.
—the Urban Education Corps.
—the historic Educational Opportunity Fund.
—the Public Broadcasting Authority.
—thirteen community colleges now enrolling almost 30,000 students.
—the Educational Facilities Authority.

**Progress in Other Fields**

Consider some other features that now identify New Jersey—features unknown in 1962:

— a great Department of Community Affairs and Housing Finance Agency.
— a great Department of Transportation.
— the strongest air and water pollution control laws in the nation.
— implementation of the crucial Green Acres bond issue.
— the historic Hackensack Meadowlands Reclamation and Development Act, the key to a massive development problem that had defied solution for 300 years.
— prevention of the giveaway of 400,000 acres in tidelands in which the State has a substantial interest.
— a Moral Recommitment to the urgent needs of our hardest-pressed citizens and communities.
— laws authorizing a statewide grand jury, witness immunity, wiretapping, a State Commission of Investigation, and strong action against loansharking and waterfront crime, together with an increase in the number of State Police from 903 to 1,568.
— the toughest gun control law in the nation.
— a great public defender system.
a long and historic series of reforms to benefit the working men and women of New Jersey and to safeguard the human rights of all our citizens.

—voter approval of nearly $1.4 billion in bonds, beyond annual appropriations, to forge ahead with unprecedented progress in our construction and improvement of institutions, colleges, highways, commuter railroads, and water pollution control and conservation facilities.

These are a few of the actions we have taken together for all the people of New Jersey, including the one million souls who have joined our ranks since I took office. These are some of the reasons for my belief that we have together established a new and proud identity for New Jersey and created the basis for excellence in the 1970's.

ESSENTIAL ACTION ON PENDING PROGRAMS

The new administration will soon be calling on this Legislature to act on important new programs for New Jersey. At the same time I respectfully call your attention to a series of legislative proposals that I have put forward repeatedly without success. I consider their prompt passage as important now as when I first recommended them.

I urge your reconsideration and enactment of the following measures:

Consumer Protection and Law Enforcement

1. The twenty-three remaining essential consumer protection bills contained in my Bill of Rights for New Jersey Consumers. These measures are essential to the well-being of both legitimate businessmen and the public-at-large, and there should be no further delay in their enactment.

2. The various anti-crime measures contained in my 1968 and 1969 legislative messages that you have not yet enacted. While our drive against crime in all its forms has been advanced by numerous programs that I have signed into law—including measures relating to the State Commission of Investigation, wire-
tapping, witness immunity, the statewide grand jury, loansharking, and waterfront crime—I consider action on my additional anti-crime proposals essential to a still more vigorous war on crime.

I therefore urge once again, in the strongest terms, prompt passage of the intrastate anti-trust law that would protect honest businessmen against the intrusion of organized crime into legitimate business through extortion, intimidation, monopolization, or collusion. I also urge prompt passage of the bills I have proposed to regulate the garbage collection and disposal industry so as to eliminate alleged price gouging and collusion and to remove criminal elements from this industry.

Moreover, I urge prompt passage of the wiretap amendments I have suggested in order to ensure that effective legal wiretapping will not only serve as a crucial tool in the war on crime but will also provide the necessary safeguards for personal liberties that are lacking in the present law. I also call your attention once again to my proposal for a Division of Criminal Justice, with a strong organized crime unit, that would establish the same relationship with the State Police that now exists between the U. S. Attorney’s office and the F. B. I. In addition, I urge passage once again of a companion measure to create full-time prosecutors.

Narcotics Control and Education Measures

3. Several crucial narcotics control measures that you have declined to consider to date. These include the civil commitment program for juvenile narcotics offenders; the accelerated expenditure of $6 million from the 1968 bond issue for construction or acquisition of appropriate facilities for the treatment of non-criminal addicts; and the establishment of a select and specially trained group of parole-probation officers to supervise and guide discharged addicts upon their return to the community.

4. A doubling of the emergency school construction program from $90 million to $180 million. Already 55 New Jersey communities have received assistance under this program, and authorization of an additional $90 million—as I first requested in my
Moral Recommitment message of 1968—will provide direct and immediate aid to 62 districts.

5. Creation of a municipal bond bank, which through State assistance would provide both a short- and a long-term solution to the crushing borrowing cost and debt management problems of our municipalities.

6. Creation of a general state authority, under strict controls by both the executive and legislative branches, to help finance those capital projects—such as construction of sewage treatment plants—for which bond financing represents the most economical and efficient approach.

**Municipal Aid and Land Use**

7. Passage of my municipal aid program, which is based on a fair and equitable increase in the bank stock and financial business taxes. There can be no doubt of the pressing need for this program or of the fairness of its revenue aspects. And I have repeatedly indicated my willingness to accept any fair distribution formula.

Your decision to delay this program has already meant the loss of $27 million in new State aid to our communities. I urge you to take action so that its benefits can begin to flow immediately to our communities and their citizens.

8. A state land use act to ensure, through improved balance in land development and renewal, that we will benefit from growth rather than be victimized by it.

**Health and Water Policy**

9. Creation of a Division of Health Care Administration in the Department of Health to attack with utmost vigor the grave problem of skyrocketing health costs. In view of the recent increase in Blue Cross rates I commend this proposal to your attention once again with the greatest urgency.

10. Rationalization of State water policy through the creation of a water plan development board and water board of arbitration.
11. Revision of the process of pressing claims against the State along the lines I have set forth.

Conflict of Interest and Seasonal Worker Measures

12. Adoption of a strong conflict of interest law pursuant to my conditional veto message of Senate Bill #707 of 1969. The provisions of my message with reference to local officials and dealings of legislators with State agencies are especially critical and must be included in any meaningful conflicts legislation. I also call your attention to my proposal for tighter control of lobbying activities.

In acting on the conflicts problem the Legislature should also give careful consideration to establishing appropriate guidelines for State and local administrators for dealing with business concerns, the principals of which have been indicted or convicted of criminal offenses. Government should be in a position where it deals only with legitimate business enterprises. We have witnessed in recent years, however, convictions of individuals holding positions of responsibility in national corporations as well as the indictment of principals in smaller concerns. Obviously a blanket disqualification of all business concerns who may have employed a wrongdoing executive cannot be justified. The governmental administrator, however, should have guidelines clearly enunciated by the Legislature to assist him in making appropriate judgments when confronted by these circumstances.

13. Measures relating to the rights of seasonal farm workers with respect to transportation safety, collective bargaining and visitation.

Election Law Reform

14. Essential revisions in our election law with reference to mandatory use of voting machines in all counties; mandatory mobile neighborhood registration; a longer registration period; improved absentee voting provisions; and the creation of a State supervisor of elections.

With respect to participation in our political process, I must point out to you once again that it is nothing short of scandalous
that more than 1.2 million persons in this State who are eligible to vote, or about 25% of the total, are not registered. The measures I have urged to broaden political participation would help remedy this intolerable condition. It is your solemn duty to work not for constriction of this participation but for its expansion. I therefore ask you to accord action on these measures the highest priority.

CRUCIAL ISSUES FOR THE NEW LEGISLATURE

Above and beyond your prompt consideration of this important pending business I commend your attention to several issues that will weigh heavily on the quality of life in this State during the year and the decade ahead.

A State Income Tax

You are fully aware that a major tax decision awaits this Legislature. Indeed, you were fully aware one year ago that the pressing budget requirements of State government could not be ignored. As I told you in my budget message of last February:

"You should keep in mind that if this Legislature successfully avoids a basic tax decision, that decision certainly will be forced upon future Legislatures."

Notwithstanding my revenue proposals of last year, you chose to avoid that basic tax decision by accelerating existing revenue collections and increasing "nuisance" taxes.

In place of a forthright and realistic tax solution you opted for a one-year expedient—the accelerated collection of taxes on corporate income and net worth, motor fuels, and alcoholic beverages. To complement this bookkeeping device, which brought no real new revenue to the State, you raised motor vehicle driver and registration fees.

But successful avoidance last year means hard decisions this year. As Governor-elect Cahill warned on October 20, the budget deficit resulting from this reluctance to face fiscal facts last year could well approximate $200 million. And the actual budget that Governor Cahill will present next month may require a still larger infusion of new revenues.
The choices before you are relatively simple. You can, if you choose, increase the sales tax and remove exemptions from it. But simple logic demonstrates that such action would represent the same kind of temporizing as your decision of last year. Moreover, such changes in the sales tax would only compound its present unfairness and cruelty to those least able to pay—the poor, the elderly, and those who are on pensions or fixed income.

Need for Revenues

Since 1964 I have advocated without success the enactment of a graduated income tax as the fairest and most effective means of raising essential State revenues. The need for these revenues now is even greater than when I first proposed an income tax:

—Medicaid, now in only its first month, is bound to reflect increasing health care costs in future years and should be expanded in any event.

—The Bateman Commission report on State support of local schools reflects a growing consensus for greater State aid and should be implemented.

—Institutions and colleges approved in the 1968 bond issue must be staffed and equipped.

—Our municipalities demand and must receive greater State assistance if local government is to perform essential services.

—The cost of maintaining existing levels of public services will continue to increase.

The graduated income tax is preferable to an increase in the sales tax for many reasons:

—It taxes citizens on the basis of their ability to pay.

—It produces greater revenue and is more responsive to economic growth and inflation.

—It is easily collected, tied as it is to federal income tax returns.

—State income tax payments are 100% deductible from federally taxable income.
Tax Reform

New Jersey’s antiquated tax structure must be reformed. By relying so heavily on the local property tax, we force on the homeowner and the small businessman an unfair share of the cost of public services. Moreover, the local property tax creates grave inequities among New Jersey communities. The tax reform required by these circumstances will not be achieved merely by increasing the sales tax or by removing certain exemptions. The only hope for assisting our homeowners is to enact the graduated income tax I have long urged.

Enactment of an income tax is also required if we are to remove other inequities that now weigh on our tax system. Proposals for tax relief for the elderly, fair State payments to municipalities in lieu of taxes, and other useful and deserving reforms simply cannot be put into effect without the reliable replacement revenue that an income tax would provide.

This Legislature has a unique opportunity to respond to New Jersey’s pressing fiscal needs. I strongly urge you to accept the fair and responsible course—enactment of an income tax. I urge you just as strongly to avoid cruel and unfair adjustments in the sales tax that will only result in failure to meet unquestioned public needs and the inevitable imposition of an income tax at a later date.

In short, I ask you to use your great power for the good of the people and to set New Jersey’s fiscal house in order.

Election Law Reform: Campaign Finance

I have already advised you of my strong hope that you will enact my proposals of last year to broaden political participation in this State. I call your attention as well to a basic defect in our approach to campaign finance. Our laws governing campaign spending promote evasion and hypocrisy by setting unrealistic limits. As you know, the Election Law Revision Commission is to report in April on recommended changes in these laws, and I urge your prompt consideration of them.
At the same time I urge you to amend our election laws to require full public disclosure of all campaign contributions and expenditures. Public confidence in the integrity of men and women in politics can be assured only when the possibility or appearance of purchased influence is removed.

At the same time, we should encourage support for political candidates from a far broader spectrum of citizens. Accordingly, I urge you to work with our Congressional delegation to raise again in Congress the question of a federal income tax deduction for campaign contributions of limited size by private citizens and, if and when you enact a State income tax, to include within it a similar provision.

The Equal Time Problem

Another issue that will require federal action is the availability of free prime television time to candidates for public office. Present law on this question, which requires equal treatment for all candidates, including frivolous ones, makes the allocation of such free public service time most difficult. The limits on television appearances by candidates thus imposed deprive the public of an excellent opportunity to study candidates and issues at first hand and induce major party candidates to rely for exposure on extraordinarily expensive television advertising.

I therefore urge you to lend your full support to efforts to revise the equal time provision so as to place before the public, in prime time, the major party candidates and those independent candidates who enjoy a more substantial base of electoral support than is now required.

I also ask you to encourage our new Public Broadcasting Authority to extend the maximum possible coverage to political campaigns and affairs of government, including, for example, the sessions of this very Legislature. For government in this way will become closer to the people and will be the better for it.

The decade ahead will require of political figures a higher degree of responsiveness to public needs than ever before. And it will require of our citizens a greater degree of participation in and concern for public matters than we have ever known. The reforms I propose are essential to meet these needs of the 1970's.
Audits of Municipal Budgets

I call your special attention to my proposal of last year to vest in the Division of Local Finance of the Department of Community Affairs the same kind of powers held by the General Accounting Office, the agency employed by Congress in the oversight of federal programs. The performance audits contemplated in this measure would be extremely useful in determining the efficiency and effectiveness of local government services. Moreover, they would contribute to increased confidence in local government and greater public willingness to face needs whose legitimacy is clearly established. A related measure to subject county and municipal authorities to a state audit also merits your immediate approval.

These actions, together with a sharp upgrading of the responsibilities of the State auditor, as recommended by the Vieser Commission, will provide the taxpaying public with reliable assurance that tax dollars are being spent wisely and honestly by both state and local governments. I urge your immediate action on these measures.

Education: Handicapped Children and Illiteracy

Continued progress in education at all levels will require your close attention to and support of the programs of the Departments of Education and Higher Education. I call your attention as well to important legislative action in two areas:

1. I urge you to support the forthcoming proposals of Senator Beadleston to expand the scope of the historic Beadleston laws that now help about 25,000 handicapped school children each year. Senator Beadleston is rightly concerned, for example, with the need to develop methods to discover children with suspected handicaps at an earlier age and to keep track of their development so that our schools can anticipate and respond to needs well ahead of time. The Rubella epidemic of 1963 and 1964, which resulted in a severe loss of hearing for a tragically large number of children, is a case in point.
In this connection I urge you to authorize the Department of Health to provide aid to municipalities to initiate a statewide program of immunization shots against German Measles, or Rubella, for all school children.

I also call your attention to the need to mandate special education for all handicapped children at an earlier age and to lengthen the school year for them. Such action may require both increased State aid and additional regional facilities, especially for children who are brain damaged, multiply handicapped, or suffering from severe hearing loss. I ask you to support Senator Beadleston’s proposals in this crucial field.

2. I urge you to make New Jersey the first state in the nation to recognize as a matter of legislative policy the right of all citizens to read. The U. S. Commissioner of Education has stated that hundreds of thousands of our adult citizens are caught in the mire of illiteracy and that thousands of young men and women are graduated from high school each year even though they are effectively illiterate. Commissioner Allen has urged that we accept the elimination of this illiteracy as a fundamental national goal in the 1970’s, and I ask you to insist that New Jersey will lead the way in this essential drive.

Success in this effort will require far more money, expertise, and concern than are now being concentrated on this grave educational problem. I ask you to sort out our priorities and place first things first. I ask you to make it possible for the 1970’s to be remembered as the time when New Jersey, through a quiet revolution in our public schools and a great expansion in our school programs for adults, erased forever the blight and shame of illiteracy.

Capital Punishment

More than five years have elapsed since a majority of the members of the New Jersey Commission to Study Capital Punishment recommended that the death penalty be retained. That recommendation should now be reviewed in light of legislative and judicial developments both in this country and throughout the
civilized world. I propose that a joint executive and legislative Commission be constituted for this purpose.

Among the many factors that such a Commission should consider are the following:

1. Whether the abolition or severe restriction of the death penalty in the 13 states of the United States and the more than 30 foreign countries where it has occurred has resulted in increased criminal activity or greater hazard to the public, or particular segments of the public, such as policemen and prison guards.

2. Whether there is some deterrent effect to the death penalty notwithstanding statistics which disclose that the rate of homicides is not higher in jurisdictions which have abolished it than in ostensibly similar jurisdictions which retain the penalty.

3. Whether any deterrent which the death penalty may have presented is not thoroughly dissipated by seemingly interminable legal delay in the execution of sentence and the apparent tendency toward de facto abolition of the penalty.

4. Whether the death penalty and/or the delay in its execution (one New Jersey inmate has spent more than 12 years on death row) result in cruel and unusual punishment in light of evolving societal standards.

I view the study here proposed as urgent notwithstanding the fact that cases pending before the U. S. Supreme Court raise serious questions concerning the constitutionality of death penalty statutes. Assuming the Court finds the imposition of capital punishment constitutionally permissible under existing procedure or under procedures to be devised, it will not have answered the question of the social utility of the death penalty. That question should be answered by the Commission after careful and dispassionate analysis, bearing in mind that the State should not exact the life of any person, no matter how depraved, unless there is clear evidence that the taking of life is necessary to further an essential social end.
A New Housing Policy

As you well know, it is increasingly difficult for New Jersey families to find the decent, adequate, and safe housing they seek. Fully one-fourth of all our housing units are substandard. High interest rates, rapidly rising construction costs, and ever more limited availability of land have slowed housing construction dramatically in the last four years. While New Jersey should be constructing 100,000 new houses annually to replace dilapidated units and to meet population growth, we are building only about 40,000.

Some important action is being taken. In just a few years, New Jersey has become one of the nation's leaders in devising and carrying out housing programs. The Housing Finance Agency has constructed or approved for construction 3,800 apartment units worth more than $80 million. The State has joined with federal agencies in seeking new, cost-reducing construction and financing methods. Despite our efforts, the gap between supply and need is growing.

As a first step in devising a new housing policy, the Legislature should commit the State to replace all housing destroyed by public construction. It should provide the legal and financial means to live up to that commitment. Thus, houses torn down for highways, new state colleges, urban renewal programs, or institutions would be replaced at approximately the same price levels, size, and quality. The advantages of adopting this policy are many:

—At a time when housing is in short supply, this policy would ensure that public action would not decrease the housing supply, as it may be doing now.

—This policy would improve an imperfect relocation program which cannot now assist those dislocated by public projects because of an inadequate housing supply.

—Generally, such a policy will build housing where it is most needed—in our cities for our poorer citizens.
Protecting Our Environment

President Nixon has now articulated as a national goal for the 1970's what an increasing number of Americans have felt most deeply—the essential need to stop the poisoning of our environment and to restore and safeguard the precious ecological balance that all too often has been so violently disturbed. We in New Jersey, the most urbanized and congested State in the nation, must pay special heed to this national goal. Few tasks before this Legislature in the year and the decade ahead will require more resourcefulness and political courage.

To set the stage for your action in this field on a whole series of fronts, I urge you to weigh carefully, and to hold hearings on, the Environmental Bill of Rights introduced last year by your distinguished former colleague, Assemblyman Robert Wilentz of Middlesex County. The clear focus of the Wilentz proposal on the pressing need to prevent the further scarring of our environment by physical progress must be the focus of this Legislature as well.

I also call your attention to one specific proposal in this field that holds the greatest promise for our region. I refer to the action I hope you will take this year to create a Hudson River Basin Compact that will enable New York and New Jersey to join in the mammoth task of restoring majesty to the Hudson. The groundwork for such a compact has already been laid through extensive staff work in both States, and I urge you to work with Governor Rockefeller and the New York Legislature to make this great venture a reality.

The Forgotten New Jerseyans

When history judges the Hughes Administration, I hope it will record that this was an Administration that gave its best efforts to reveal and resolve the unspoken problems, discrimination, and suffering it found in this State. Let history record that we who have governed during these past eight years set as our goal the protection and uplifting of those New Jerseyans who are truly forgotten—those who are least able to speak for themselves.
When we sought millions of dollars to build new institutions and strengthen our programs of care, the unfortunate children in our institutions, and those who were not admitted for lack of room, could not speak for themselves. This Administration spoke for them.

When increases were sought in the rates for automobile and health insurance, New Jersey motorists and families were not organized to speak for themselves. This Administration spoke for them.

When some sought to divest the State of its interest in more than $1 billion of tidelands constitutionally dedicated to the School Fund, the school children of our State were not able to walk the corridors of the Legislature in their own defense. This Administration spoke for them.

When seasonal farm workers were denied the most basic elements of human decency, they were not organized to correct the conditions of their own suffering. This Administration spoke for them.

These few examples pinpoint one of the major guidestars of this Administration. I ask you today to cherish that guidestar in the years ahead. For government will always hear those who speak most loudly—those with long membership lists and heavy treasure chests. But government must have a special sense of mission, and make a special effort, to hear the ignored and the neglected.

This is a high obligation. I urge you with all my heart to defend the truly forgotten New Jerseyans as we have tried to do. I urge you to protect the many programs we have begun for precisely this purpose—from the Public Defender system to the Public Broadcasting Authority; from the three new Departments of State government to our institutional program.

And in your battle for the forgotten New Jerseyans I ask you to bring to a still higher degree of effectiveness the concept of the public defense. I ask you to work in the years ahead for still broader protection of the public's rights as they are affected by
every agency of State government. This is your sworn and sacred duty.

* * * * *

In leaving this office and in trying to say goodbye, I have been groping for words to express the respect and affection I feel for the people of New Jersey—people of all parties, of every condition, and of every part of this magnificent State. Perhaps I can best say what I feel in the words I used in my first inaugural address just eight years ago:

I am conscious of a heavy debt to my State, for it is here that I have lived my life and had my being; where I have served as a judge; where I have practiced my profession; where I have reared my family; where I have touched the hands of friends.

It is with deep awareness of this obligation that I approach my part in the major tasks ahead.

While we are only men, yet with the help of God, whose ministers we are, let us act together in the interest of the State we love, to strengthen and protect the heritage we hold in hand for ourselves and for succeeding generations.

Goodbye and God bless you.

RICHARD J. HUGHES,
Governor.

Mr. McDermott offered the following resolution, which was read and adopted:

Whereas, Commuter railroads in this State have repeatedly suffered delays and interruptions of service which cause delay, disruption and hardship to many persons who depend upon the service of said railroads; and

Whereas, Until such time as effective remedies can be found to prevent such repeated delays and interruptions, the adverse impact thereof upon persons using these commuter railroads would be significantly reduced if adequate channels of communication were established to enable such persons to become promptly aware of such conditions so that they may adjust their plans and expectations accordingly; and

Whereas, The telephonic "hot lines" installed by the New York Transit Authority for the immediate relaying to radio stations, and thence to the public, of information on service problems provides an excellent example of how the public may be kept promptly aware of developing conditions; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That the commuter railroads operating in this State are urged to follow the example of the New York Transit Authority in providing for the immediate transmission to
radio stations, for dissemination thence promptly to the commuting public in this State, of information concerning delays and interruptions of service; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and that copies thereof be transmitted to the managements of the several commuter railroads operating in this State.

WILLIAM T. CAHILL,

State of New Jersey,  
Executive Department,  
February 9, 1970.

Honorable Raymond H. Bateman, President of the Senate:

Sir—I hereby nominate for appointment, with the advice and consent of the Senate,

To be Judge of the Bergen County Court, Benjamin P. Galanti, of Lodi, to succeed himself, for the term prescribed by law.

Very truly yours,

[seal]
WILLIAM T. CAHILL,

Said nominations were referred to the Committee on Judiciary.

On motion of Mr. Bateman, Mr. Giuliano was added as a co-sponsor of Senate Concurrent Resolution No. 34.

Mr. DelTufo offered the following resolution, which was read and adopted:

Whereas, A recent report by the Director of the United States Internal Revenue Service for this State discloses that New Jerseyans contributed $6,670,012,000.00 in taxes to the Federal Government during the 1969 fiscal year, of which $4,592,178,000.00 was in individual income taxes; and,

Whereas, This amount of Federal taxation is more than double the total tax revenue devoted to State and local government combined in this State; and

Whereas, The tendency of the Federal Government to absorb such a high proportion of potential revenue sources is a severe and continuing handicap to State and local
governments in the thorough and efficient discharge of their many responsibilities to the people whom they serve; and

Whereas, To alleviate this situation, it is necessary that the Federal Government either (1) concede to the States a greater share of the revenue potential generated in each, or (2) assume a more active role in providing services which now rest principally upon states and localities, or that it do both of these things to some degree and in some appropriate combination; and

Whereas, Outstanding among those services which now fall principally upon State and local government but involve nationwide problems and responsibilities is public welfare, which involves so many interstate factors that individual states no longer are in a position to control or ameliorate the causes of rising welfare rolls, nor are they fiscally able to support an adequate system of income maintenance for those who require assistance; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. The President of the Senate is hereby directed to appoint a committee of three members of the Senate, no more than two of whom shall be members of the same political party, which committee shall have the duty and responsibility to confer with the United States Senators from this State and with the Representatives regarding the problems hereinabove recited, and in particular to discuss ways in which:

   a. Some of the revenues now taken out of this State by the Federal Government may be retained in, or restored to, this State for the general purposes of carrying out its manifold responsibilities to the people of New Jersey; and

   b. The Federal Government may be induced or persuaded to assume full fiscal responsibility for all public welfare assistance.

2. The committee appointed pursuant to this resolution shall report the results of its efforts to this House as soon as may be.

On motion of Mr. Beadleston,

Messrs. Ridolfi, Coffee and Bateman offered the following resolution, which was read and adopted:

Whereas, On February 4, 1970, after many years of diligent, devoted and fruitful labor on behalf of this State and its people, Marie Hilson Katzenbach entered into her final rest at the age of 87; and
Whereas, Mrs. Katzenbach was a member of the State Board of Education from 1921 until 1965, and its President from 1956 till 1965; and

Whereas, Outstanding amongst her many services in the cause of education was her work on behalf of the deaf children, in recognition whereof the New Jersey State School for the Deaf was in 1965 renamed, by Act of this Legislature, the Marie H. Katzenbach School for the Deaf; and

Whereas, Mrs. Katzenbach’s dedication to the well-being of this State and its people was also reflected in her service as a trustee of Rutgers, The State University, director of the State Diagnostic Center, a member of the executive committee of the New Jersey Family Association, and delegate to the Constitutional Convention of 1947; and

Whereas, Among the honors paid to her efforts and accomplishments, she was the first woman to be named President of the State Board of Education and the first person to receive the Higher Education Service award given by the New Jersey State College Faculties, and she received the New Jersey Education Association’s Award for Distinguished Service to Education; and

Whereas, It is fitting that the many and distinguished services rendered during her lifetime to this State and its people, and in particular to the cause of public education in this State, by Marie H. Katzenbach, be appropriately honored, and that suitable tribute be paid to her memory; now, therefore,

Be It Resolved by the Senate and the State of New Jersey:

That this House hereby notes with sorrow the passing of Marie H. Katzenbach, pays tribute to her memory and extends the sympathy of the House to the members of her family; and

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and that a duly authenticated copy, signed by the President and attested by the Secretary, be transmitted to the family of the late Marie H. Katzenbach.

STATE OF NEW JERSEY,
GENERAL ASSEMBLY CHAMBER,

Mr. President:

February 16, 1970.

I am directed by the General Assembly to inform the Senate that the General Assembly has passed the following resolution:

Be It Resolved by the Senate (the General Assembly concurring):

That at 2:30 P. M., both Houses of the Legislature meet in joint session for the purpose of receiving the Annual Budget Message of His Excellency, William T. Cahill, Governor of the State of New Jersey, which will be delivered in person.

PAT CHARLES,
Clerk of the General Assembly.

On motion of Mr. Sears, the Senate recessed for the purpose of a joint session.
BUDGET MESSAGE

Mr. President, Mr. Speaker, Members of the Legislature, and Distinguished Guests:

The Governor of New Jersey is not unlike the mythological Janus in the role he plays in the presentation of his Annual Budget Message to the Legislature. He must look backward to what has and has not been done in the State of New Jersey and forward to what should and must be done. This particular Budget Message has been especially difficult for me, not only because it is my first Budget Message, but because of the relatively few days available to me between my inauguration on January 20th and the 16th of February, the required date by law for the presentation of this Budget Message.

Not only did the vastness and complexity of our governmental and fiscal structure prove formidable, but the previous lack of attention to necessary revenue producing legislation presented an immediate challenge to my leadership and the courage and fiscal responsibility of this Legislature. Faced with an impending budget deficit of approximately $300 million, I had to make an immediate decision in order to carry out my constitutional mandate to present a balanced budget. The enormity of the pending deficit reduced my options.

I could have recommended an income tax or an increase in the presently existing sales tax. I chose the latter, recognizing that the former was politically impossible at this time. The balance of the tax package resulted from conferences, discussions and deliberations with the leadership of both houses, and, in my judgment, represented the best possible solution to our fiscal crisis.

My decision, thus made, presented to you, the Legislature, two choices. You either voted for the tax bill or against it. In voting against it, you were likewise faced with two
choices. You could state convincingly that you favored an income tax over an increase in the sales tax, or you could say, unconvincingly, if you faced up to the facts, that other ways were available to raise the required funds. Some, for supposed and perhaps actual future political advantage, some for supposed or even real personal persuasions, voted in the negative. Considerably more than a majority of you in both Houses accepted my recommendations and supported this necessary legislation, sharing with me reluctance and regret, but recognition and conviction of the need and essentiality. And so, my friends, as a result of our joint action taken this past Monday, I can, as your Governor, present to you today a balanced budget with an adequate but not excessive surplus, that, with practiced economy and increased efficiency, should permit a responsible approach to the needs and problems of New Jersey.

This 1971 fiscal year Budget totals $1,590,118,803, larger, of course, than we would wish, but smaller than the urgent needs of the State truly require. It is larger in amount than any previous budget because our population is larger than ever before in our history and the requirements for State aid to local units of government and to the proven needs of our citizens is greater than ever before. This budget does not reflect what we want to do, but what we can do with the resources available to us.

Briefly, the total resources, recommendations and projected surplus shape up as follows:

| Surplus, June 30, 1971 | $75,272,786 |
The Budget projects for June 30, 1971, an ending surplus of $75 million. Frankly, this figure is minimal. It is only about 4 1/2% of the resources expected to be available next year. It compares with the actual ending surplus of fiscal year 1969 of $127 million, and the ending surplus of the current fiscal year, which we estimate will be $125 million. Providing for such a surplus, even though smaller than in prior years, is consistent with sound fiscal policy. First, it gives us some protection against failures in revenue production that we may experience due to the possible continued slow-down of the economy. Second, it protects us in the event that the apparent continuing inflationary trend should erode our ability to meet our obligations out of the appropriations recommended. Third, as I will explain in this Message, I intend to submit to the Legislature at a later date additional recommendations for new programs, which will have the effect of a further reduction in the projected surplus.

Let me assure you that I intend to exercise every economy which I find to be practicable in the operation of State government now and in the coming fiscal year. I am convinced that substantial economies can be achieved. Our success in this effort will provide us with a sound base for future growth.

Three Prong Program

To implement these desired economies and promote efficient government to the maximum, I intend to implement the following cost-free, three-pronged program:

First, I intend to use the influence of this office to promote and encourage the development and adoption by the Federal government of meaningful Federal-State revenue sharing programs. If the Federal government is unable or unwilling to assume the burdens of the States to the extent that is necessary, then it is my judgment that it must give us the money through revenue sharing so that we may provide our own solutions. The President has already recognized the necessity for a shift in the responsibility of government, and has placed several constructive proposals before the Congress. These proposals will receive the
strong support of this administration and hopefully of New Jersey's representatives in Congress.

Second, in order that New Jersey might at last begin to receive its maximum share in the myriad of Federal aid programs, I intend to carry out my pledge to establish in Washington, D. C. an office of the State of New Jersey. Its job will be to maintain daily liaison with all of the Federal departments, agencies and bureaus of government; to determine what programs are available to aid State, county and municipal governments; to determine what programs are available to school districts and private citizens' groups engaged in community and public service projects; and to advise all such interested parties of the same, while ending once and for all wasteful duplication and multiplicity of effort. I believe that once this office begins functioning, it will generate into the State an unprecedented flow of new Federal funds and programs of assistance.

And Third, I can now report, with great enthusiasm, a new and vital contribution which the private sector of our economy is prepared to make to assist us in bringing about the hoped for renaissance in State government. Here is the plan: in the very near future, we will begin in New Jersey, with the substantial assistance of those in commerce and industry, an in-depth study of every area and every facet of our operations for the purpose of remodeling, updating, and revitalizing our State government.

A consulting firm of national proven ability will be retained to direct scores of experts loaned by the various businesses, industries, and professions of the State of New Jersey, who will spend approximately three months in State government in assigned areas where they can utilize their particular skills and expertise. The consulting firm will make the assignments, select the experts needed, assemble the facts, make the evaluations and prepare the recommendations. It is suggested that the cost for professional guidance and salaries of personnel will approximate one million dollars, and that conservative estimates indicate a savings to the State of at least twenty million dollars annually. But the important thing is that it will not cost the taxpayers of the State of New Jersey one cent. The
business leaders of this State have pledged themselves to
give to the State government men and women from their
respective companies to do this work at no cost to New
Jersey, and they are also prepared to pay the cost of the
consulting firm.

The experiences of other states in similar projects per-
suades me as to the efficacy and productivity of this en-
deavor. Its savings to our citizens should be reflected in
future State budgets for the next decade.

GENERAL STATE OPERATIONS

My recommendations for general State operations in-
clude significant increases in next year’s counterparts of
present programs for State Police, motor vehicles, work
incentive, rehabilitation, higher education, institutions and
agencies and State employee salaries and benefits. The
aggregate increase for general State operations is $98.5
million.

Likewise there is an increase in State aid to local dis-
tricts of $123.4 million, representing next year’s counter-
parts of this year’s programs for Medicaid, aid to de-
pendent children, mental health, aid to local school districts,
county colleges, local libraries, the teachers’ pension fund,
crippled children, property and railroad tax replacements
and assistance for community affairs programs.

I have increased recommendations for capital construction
by $9.9 million, including the correction of conditions at the
Martland Hospital in Newark, medical college construction,
construction of State Police and motor vehicle facilities,
 improvement of State park and recreation facilities, mis-
cellaneous construction and advanced planning at our State
colleges, and highway construction. With respect to the
Martland Hospital, which is the clinical facility for the New
Jersey College of Medicine and Dentistry in Newark, my
recent inspection tour indicated the pressing need for im-
provement and modernization. This is necessary not only
to insure an efficient and modern four-year medical school in
Newark, but to emphasize our commitment to the health
needs of the community and to provide this medically de-
prived area with qualified and adequate medical personnel
and treatment facilities. We face a very real medical manpower crisis in New Jersey, as well as in the Nation, and it will be a key goal of this administration to develop programs to alleviate this shortage. We must consider ways to expand existing medical schools to accommodate more students; we must train more paramedical technicians and nurses, and find ways to induce more doctors to pursue clinical rather than pure research careers. The needs in our urban areas and State institutions are particularly acute and have truly reached crises proportions.

In the near future I shall be sending you a number of special messages, recommending appropriations for some of the new programs which I believe are essential to our State and our people.

**Tax Reform Ahead**

I shall announce later today the structure and format of a Governor’s Tax Policy Committee to examine the entire tax structure of New Jersey and to recommend to this Legislature appropriate revisions so as to accommodate our needs in the most equitable, efficient, and economical method possible. I would hope that new concepts in the field of taxation will be studied, that areas of State responsibilities will be evaluated and delineated, that the study will be in depth, and the findings presented in such a logical, persuasive manner as to insure implementation by this Legislature. Tax reform has been for years the cry of those who oppose both the income and the sales tax. It has been represented by a few that the savings by such a revision may indeed eliminate the need for either of these broad based taxes. While I do not share that optimistic and unrealistic viewpoint, I concur wholeheartedly that such a tax study is not only overdue, but can constructively contribute to tax justice and to the desired needs of the future.

I intend to present to this Legislature in the months ahead a number of special messages which will detail plans already in formative stages of development on such vital issues as organized crime, drug addiction, pollution and the environment, transportation, the Meadowlands and the entire field of economic development, medical manpower, court
reform, all aspects of our motor vehicle problems and similar, current, and vital subject matters, which recommend themselves for discussion between the Executive and Legislative branch of this government.

It is fair for me to state that many of the requests by the department heads of this government that were denied can indeed be justified and would, in the ordinary course of events, be approved if adequate funds were available. Most certainly in the field of law enforcement, in education, in medicine and health, and in the improvement of our environment, new commitments are indicated and must be considered as soon as funds are available. In the days ahead, I trust that my new cabinet officers will join me in discussions with the Appropriations Committee so that the details of all departmental requests will be completely understood, that every effort will be made to assist the Appropriations Committee in eliminating from this Budget any funds not actually required for the efficient operation of our State government. The taxes paid by our citizens will, I assure them and you, be spent prudently.

I also want to make it clear that because a program or appropriation is in this Budget is no guarantee that it will be in next year’s Budget. During the coming year, we will be conducting serious evaluations of the workings of all departments of government. We will be looking for excellence of performance, and not for numbers of administrators. Moreover, I am reminding all of my Cabinet, their administrators and all those officers and employees in all the departments who have anything to do with State spending that APPROPRIATIONS ARE NOT MANDATES TO SPEND. And I will require them to give the same consideration to the spending of State money as their own.

Continuing Budget Development

In recent years, the Bureau of the Budget has participated only to a limited degree with the various departments in program planning and development. There should be more of it throughout the year. I believe the State is placed at a disadvantage when the contents of budget requests can be considered only between the dates on which they are form-
ally received and the deadline for presentation of the Budget Message to the Legislature. In short, budget decisions should be in a state of informal development and formulation long before the formal budget hearings. This can be accomplished by better communication and liaison by the Budget Bureau with the requesting agencies throughout the year.

Although I expect gratifying results from the in-depth study which will soon be underway by the consulting firm and the business community into State government to improve and modernize operations, I am not unmindful of areas which require immediate attention. As you know, I have already ordered the elimination of all unnecessary out-of-state travel, a review of vacancies before they may be filled, a review of our capital expenditures, the curtailment or cancellation of unnecessary or ornate, verbose and voluminous brochures, pamphlets and other publications, a reduction in the number of telephones and tolls and have insisted that their use should be limited to official business.

Lease agreements entered into by the State with private owners are under active investigation. Early returns indicate a failure in some areas on the part of landlords to provide those services called for in the lease agreements. As a result, there is underway an active study of all the real estate holdings and leaseholds of our State. In this way we will be in a position to plan intelligently for a better utilization of existing space and plan wisely for the space that will be needed in the future.

There are many other efforts which we can make for improvement. First and foremost, it is essential that we reconsider all our programs, sub-programs and program elements and establish an order of priority. I am asking the members of my Cabinet to prepare such a listing including a synopsis and significant data on effectiveness, along with the appropriations applicable to each. This should furnish me with an improved perspective as to what the State is actually accomplishing and what government operations of low priority may be curtailed or eliminated.
These are some of the specific areas to which we should direct our concern:

We should take a hard look at the utilization of our mental hospitals. Our mental hospital populations have been decreasing and a study in utilization and reassignment of objectives is clearly indicated.

The entire area of State institutions, their needs and present functions, their utilization and possible consolidation, require urgent attention. We must also review our divisional structure and even the present composition of our State departments. Many areas suggest the need for change, consolidation, and even elimination. You can be assured that this administration will devote itself to these tasks recognizing the absolute importance of economy and efficiency in government. While the areas requiring attention are obviously too numerous to mention, and while time has not permitted us a complete evaluation of all areas of State government, I am convinced, based upon early observations and partial investigations, that change is needed and improvement attainable.

A classic illustration of the need for modernization, innovation and improvement is the operation of the Motor Vehicle Division, with emphasis upon auto inspections, driver license procedures, and a cooperative and unified approach with the Department of Transportation and other departments of government of areas of mutual interest. In a word, action is needed, and this administration is prepared to, and I assure you will, take action.

LAW AND PUBLIC SAFETY

Our concern is for adequate resources to support this Department’s vital programs for law enforcement, traffic safety, civil rights, consumer protection, and regulation of the professions. This Budget recommends $51.3 million in operating funds for the Department of Law and Public Safety, an increase of $4.7 million over the current year.

In the Office of the Attorney General, the command post of the Department, there is a significant increase of $400,000 for continuing development and the initial stage of installa-
tion of the Statewide Law Enforcement Information Network System (SEINE), a modern and powerful tool for departmental management as well as for law enforcement, and which with Federal matching funds is being phased in over a five-year period.

In the Division of Law our programs for consumer protection are being strengthened and we are speeding the processing of claims against the State to reduce the backlogs of Workmen’s Compensation claims from six months to six weeks.

To realize more fully the benefits of our State civil rights laws I am recommending eight added positions in the Division on Civil Rights, to encourage affirmative action and to handle rising backlogs of cases.

For the Division of State Police I am recommending a total of $21.3 million in operating funds, an increase of $1.7 million over the current year. Of this increase about one million dollars is to cover the cost of normal salary increments, and to provide 60 additional civilian personnel needed in headquarters, identification, laboratories, communications, criminal investigation, narcotics control, troop operations, and for State helicopter maintenance.

Improved Communications

Increases totalling $338,173 are being recommended for a major program of expanding the capability of the State Police communications system. This program includes a complete changeover of all vehicle radios to six-channel units with related upgrading of dispatching and transmission equipment in all field command centers, improvements to the telephone system, and an automatic high speed teletype system connecting all State police, municipal police, the National Crime Information Center, and the Division of Motor Vehicles’ teletype receivers.

In addition, capital funds of $350,000 are being recommended for planning and construction of regional crime laboratories and for improved access roads to State Police facilities.
For the Division of Motor Vehicles this Budget recommends operating funds of $21.9 million, an increase of $2.2 million over the current year. This will give added support to the Division’s critical programs for traffic safety in the following areas:

—an increase of $792,000 for normal salary increments and for 59 added positions to (1) accelerate scheduling of driver suspension hearings; (2) reduce waiting time for driver road tests; (3) improve audit and control procedures for Division revenues; (4) speed the processing of traffic accident reports; (5) tighten enforcement of laws and procedures concerning financial responsibility and uninsured motorists; and (6) implement recent legislation for increased revenue from out-of-State truckers, pursuant to Chapters 119 and 120, P. L. 1969.

—an increase of $1,039,100 for the added cost of reflectorized license plates on a full-year basis, pursuant to Chapter 363, P. L. 1968.

In addition, capital funds of $189,000 are being recommended for improved access to the Paramus Vehicle Inspection Station and for the Division’s advance capital planning studies.

The Police Training Commission programs to upgrade the training of law enforcement officers are being maintained at a continuation level for police scholarships, for the Police Cadet program, and for management consultation services to local police agencies. This Budget also provides for continuation levels of support to the Divisions of State Medical Examination, Alcoholic Beverage Control, Weights and Measures, and Professional Boards.
INSTITUTIONS AND AGENCIES

I am recommending an appropriation of $165.2 million for this Department which represents increases of $3.9 million for the Division of Mental Retardation, $1.8 million for the Division of Mental Health and Hospitals, $2.3 million for the Division of Correction and Parole, $2.9 million for the Division of Public Welfare, and $6.5 million for the Division of Medical Assistance and Health Services. The Office of the Public Defender, which is assigned to the Department for administrative purposes, is recommended for a $1.9 million increase.

The 1964 ($50 million) and 1968 ($100 million) Bond Issues have a significant impact on this Budget. The completion of construction and reconstruction projects and other improvements which they made possible signal requests for additional operating expenses. These expenses, when combined with the effects of the escalating Consumer Price Index and administration of the Medicaid program, are primarily responsible for the $20 million increase recommended for this Department’s operations.

Mental Retardation

The Hunterdon State School is in its first full year of operation and expects to be at full capacity by the end of fiscal year 1970-71. Construction of all cottages was completed in October, 1969, providing a total capacity of 834 patient beds. The recommendation for 56 new positions should complete the staffing begun in prior years.

This Budget includes initial recommendations for the new Somerset State School. Construction of the first phase to provide 280 beds out of the 1968 Bond Issue is expected to start next fiscal year. Positions are recommended to effect a smooth transition from planning to programming for the operations of the Institution. It is expected that the school will open during fiscal year 1971-72.

These two new schools will provide some impact on the waiting list that numbered 1,176 as of December 31, 1969 and perhaps permit us to accommodate other patients now
cared for in private institutions and homes out of other State appropriations.

In contrast to our declining patient population in the mental hospitals, the population of our schools for the mentally retarded is rising. In fiscal year 1967-68, the average daily population was 6,390. This rose to 6,437 in fiscal year 1968-69 and is approximately 7,000 in fiscal year 1969-70.

Day Care Center Growth

Another significant development in caring for the growing population of mentally retarded is the growth of Day Care Centers. This activity started six years ago serving 19 children in a pilot program in Essex County, and has now grown to a Statewide program serving more than 510 children. In the past six years, 680 children have been admitted to the training program with more than 170 of them receiving training sufficient to admit them to public schools. Since the beginning of fiscal year 1968-69, the State has operated six centers. These centers were constructed with monies provided in the 1964 Bond Issue and matching Federal funds. An additional three State centers are presently under construction with completion expected by September 1, 1970. Five more centers are expected to be completed by January, 1971, which will increase the State-wide capacity to train 880 retarded children. An increase of $904,000 is recommended to provide for training the additional 211 children and to provide equipment for the eight new centers. All centers contain specially designed facilities for the training of children whose handicaps include severe physical disability in addition to retardation.

An increase of $51,000 in the cost of family care for retarded children results from making provision for 25 additional children and authorizing a rate of $1,620 per year per child for the entire family care population. The Purchase of Residential Care program for retarded children increases by $285,000 to $2,160,000. This program provides opportunities for emergency placement in private facilities for whom space cannot be found in State institu-
tions. At the end of fiscal year 1968-69, 517 children were in such placement. The recommended increase in funds will support a case load of 600 at an annual per capita rate of $3,600.

**Correction and Parole**

One of the serious problems confronting the Division of Correction and Parole is the overcrowded conditions in the prison complex. These conditions are not expected to be solved completely by the opening of the new medium security prison at Leesburg. Commitments from the courts have attained an all-time high and releases from the institution are slowing down, especially releases involving offenders for assault, for rape or other crimes of violence.

With this backdrop, I recommend an appropriation of $8.5 million, an increase of $1 million over the current year, for all costs at the prison locations at Trenton, Rahway and Leesburg including custodial staff to reactivate a section at the Trenton State Prison and all other increased operational needs. I am also recommending additional custodial staff at Yardville Correction Center, more personnel in the Parole Bureau, and instructors at the Reformatory for Women at Clinton.

The State Prison at Leesburg is now scheduled to open in April, 1970. Present construction provides an additional 336 beds to the overcrowded prison complex. This facility will not produce any significant relief to the overcrowding at the Trenton and Rahway prisons. Construction to begin in the 1970 fiscal year on Phase II at this institution will provide an additional 168 beds. The recommendation of $2 million for a complete year of operations reflects an increase of $500,000 over the 1970 appropriation.

**Mental Health**

Although plagued by large numbers of vacancies in the critical areas of treatment and care of patients, our State mental hospitals continue to perform on a high level as evidenced by the fact that all four hospitals are fully accredited by the Joint Commission on Accreditation of Hospitals and by the Council on Medical Education of the
American Medical Association. However, the State has contracted with the American Psychiatric Association to survey and report on the effectiveness and delivery of mental health services, including the role of the State hospitals, and to ascertain what steps should be taken to elevate treatment.

The intensified treatment programs in the mental hospitals are continuing to reduce further the patient population. In fiscal year 1967-68, the average daily population was 10,495; in fiscal year 1968-69, it was 9,480; in fiscal year 1969-70, it is estimated to be 8,555 patients. This trend is expected to continue with added emphasis on treatment not only at our State hospitals but in the community, at outpatient clinics, at community health centers and at general hospitals, as well.

Construction

The 1968 Bond Issue provided $100 million in funds for institutional projects, including new buildings as well as reconstruction and other projects. Overcrowding at Vineland State School will be relieved by the expected completion in March, 1971 of five new cottages and a new infirmary. New multi-purpose buildings will be completed in September, 1970 at the Arthur Brisbane Child Treatment Center, and in December, 1970 at the Glen Gardner Sanatorium for Chest Diseases.

The Soldiers’ Homes at Menlo Park and at Vineland are increasing their capacities to serve eligible veterans through the addition of nursing care facilities. The first 100-bed unit at Menlo Park is expected to receive patients in April, 1970 with an increase of $243,841 over the 1970 appropriation for the operation of this unit. The second unit is scheduled for completion in fiscal year 1971-72. Vineland Soldiers’ Home’s second 100-bed unit is scheduled for completion in April, 1971. This Budget carries a recommendation of $46,877 for initial staffing and funds for three months’ operation at Vineland.
Child Care

The care of infants and orphaned, mistreated and crippled children is covered under a number of different programs and budgets.

My recommendation provides for the boarding of 11,150 children in institutions and foster homes as well as day care centers funded in the Child Care—State Aid budget. To keep these children in such facilities, we must pay increased rates per child. Costs and competition for facilities require these increases.

The Budget provides for an increase in the average number of children under supervision of the Bureau of Children's Services from an estimated 20,400 children in fiscal year 1969-70 to an estimated 21,430 in fiscal year 1970-71 at an additional expense of $300,468 for 84 new positions.

WIN Program

The child care responsibility under the WIN program is assigned to the Bureau of Children’s Services in the Division of Welfare.

Currently, there are 2,900 children cared for in contract day care homes or day care centers. This number is expected to average 7,600 in fiscal year 1970-71 as the 3,000 training opportunities turn over and more mothers enter the training and employment phases of the program.

The recommendation of $1,901,250 represents the State’s 25% share of the cost of providing this service during fiscal year 1970-71. The Federal government pays 75%.

Most of the preliminary work of screening and qualifying candidates for the program is performed by the County Welfare Board. Procedures and guidance for this function are provided by the Division of Welfare.

Presently, studies are under way to determine how many individuals have been removed from the welfare rolls or have had their welfare reduced as a result of the WIN program.
Legal Representation for Indigents

There is an increasing workload related to providing legal services for juveniles. There were 9,990 total cases added during fiscal year 1968; 13,812 in fiscal year 1969; 18,590 estimated in fiscal year 1970; and 20,800 estimated in fiscal year 1971.

As a result of these factors, the budget recommendation provides for 354 budgeted positions in fiscal year 1971 versus 182 in fiscal year 1970 and for legal and investigative services in the amount of $1,519,343. In all, next year’s recommendations are for $5,017,394, an increase of about $1.4 million over funds expected to be available this year.

Public Assistance

The estimated case load for fiscal year 1970-71 is 434,000 persons, an increase of 65,000 or 17.7% more than the current year’s estimate.

Total recommendations for public assistance next year are $144,733,000 as compared with $127,489,000 for fiscal year 1969-70, an increase of $17,244,000.

If it becomes necessary, I am recommending funds for increases within the categorical assistance programs reflecting the rise in the cost of living between November, 1968 and July, 1970. This will enable these individuals to maintain the living standard within the authorizations allowed in the various programs. It will also make it possible to establish overall grants for welfare clients rather than multi-part grants.

Some important facts to keep in mind when considering the average assistance grants in New Jersey is that in the Eastern United States, only New York City’s cost of living exceeds New Jersey’s according to consumer price indices for 1969. In money payments per recipient, New Jersey’s rank as compared with other states is as follows: Aid to Dependent Children, 1st; General Assistance, 1st; Aid to the Disabled, 9th; Aid to the Blind, 10th; and Old Age As-

Aid to Community Mental Health Services

The increase of $1,650,000, in the Community Mental Health Services—State Aid account results from Chapter 74, P. L. 1969 which increased the per capita reimbursement for community mental health projects from 25 cents to 50 cents.

Medicaid Program

On January 1, 1970, New Jersey began operation of its program to pay for necessary medical services for the less fortunate inhabitants of our State under Title XIX of the Federal Social Security Act. As you know, New Jersey’s program, unlike that of New York and some other states, is limited to persons receiving or eligible for welfare under the categories of that Act. The estimated case load for fiscal 1970-71 is 454,800 persons or one out of every 16 residents. The total cost of payments to providers of service to that case load is estimated at $159,320,000, of which $75,995,000 is Federal funds and $83,325,000 is State funds. The composite annual cost of aid payments is estimated at $350.50 per covered person.

The expense of the aid program can be broken down into two classes: those who require long-term (nursing home) care; and those who require normal medical services (hospital care, physician’s services, etc.). The first group, while comprising only 3% of the covered persons, represents 57% of the money payments to providers of service.

The fiscal agents and the Division have a system to record important data concerning the nature, volume and other information of the claims. This data will enable detailed analyses to be made of New Jersey’s demand for services and permit us to correct tendencies to abuse the services offered.
The estimated cost to administer Medicaid is $11,215,196 of which $6,255,000 is Federal matching funds. More than two-thirds of this money is payable to third-party fiscal agents, Prudential and Blue Cross. The administrative overhead expense of our program appears to compare favorably with other states when taken as a percentage of the total cost of the program.

The invitation to fraud is obvious. Let me sound a warning! Fraud will not be tolerated—wherever it exists! And the fiscal agents will be expected—will be required to be prudent, diligent and alert! Those who participate—the recipients, the physicians, the nursing homes and hospitals, the pharmacists—all will be expected to do likewise!

Professional staff will exercise control to prevent unnecessary cost escalation. Analysis by professional medical personnel retained on a consulting basis will be carried on in the 26 local district offices established to administer the Medicaid program.

HEALTH

As requirements for health services change and take on new dimensions, programs and budget recommendations must change to meet new demands. The widespread concern about our environment, the narcotics problem and the increasing cost of hospital and convalescent care cannot be ignored.

Improvement of the Environment

While the control of air pollution has been given high priority in recent years, the efforts to control water pollution have not kept pace. Now, with Federal and State funds assured for construction of sewage facilities, progress can be made during fiscal year 1971 toward solving the critical water pollution problem.

In addition to our State’s efforts to control air and water pollution, we are sharing with New York and Connecticut the expenses of the Interstate Sanitation Commission.
Narcotic and Drug Abuse

My investigation of our existing narcotic and drug abuse program persuades me of its inadequacy and ineffectiveness. It is underfinanced, and it is undemanned. It is a mere facade without substance.

Recently enacted legislation has not been implemented, and there is little direction and no leadership. My inclination was to implement immediately the legislation by appointing an Executive Director and request additional appropriations, particularly in the methadone program. I concluded this was inadvisable, and that the wise course was to suggest appropriations only when an effective program was organized and qualified personnel were available. Therefore, a concentrated effort is now underway to ascertain the best way to combat this rising threat to our young citizens' health and future. The entire subject matter, with a detailed program and suggested additional legislation and appropriations will be submitted to you through the medium of a Special Message. I solicit your suggestions and assistance in developing a model program in New Jersey. The need is great, and early action is essential.

It is not enough to prevent additional persons from becoming addicted to narcotics. Strong measures must be taken to advise, direct and treat persons who have already become addicted to the drug habit. With the passage of the State Narcotic and Drug Abuse Control Act of 1969, the responsibility for unifying all efforts in a comprehensive program to control addictive drugs and to combat the effects of the disease of drug addiction was assigned to the Department of Health. The recommendation of $475,000 for the Narcotic and Drug Abuse program in the Department of Health represents largely a continuation of some of the programs formerly budgeted under the Department of Institutions and Agencies.

Also, there is recommended under Health—State Aid, a sum of $600,000 to finance county drug addition treatment centers throughout the State. This will provide for 14 centers as compared to the nine centers currently funded.

There are a number of on-going programs in various other State agencies such as services provided at the Neuropsychi-
The evaluation, coordination and expansion of these programs will be one of the first projects of the newly appointed Commissioner of Health.

Beyond this, the entire area of narcotics abuse, education, and rehabilitation is another area which will soon be the subject of a special message. I will, at that time, review existing laws relative to narcotics and recommend additional new programs consistent with those discussed during my campaign for Governor.

**Alcoholism**

While alcoholism does not receive as much current publicity as the narcotic problem, it is nevertheless a serious social and economic problem within New Jersey. My recommendation includes a sum of $50,000 to open another center for the treatment of alcoholics.

**Improvement of Delivery of Health Services**

If we are to reduce what is expended for very costly hospitalization and convalescent care, we must do more to preserve health and minimize sickness.

For this reason, my recommendation includes an additional $1.2 million in the Health—State Aid account for greater support of local health services. Also, my recommendation provides for $300,000 for urban health centers, the same amount as appropriated for fiscal 1970 to demonstrate and assist in the development of new methods of health care in health centers or other outpatient centers in critical urban areas.

During the current year, commitments have been made to establish centers in Newark and Trenton.

**Crippled Children**

I have included an increase of $628,000 for the Crippled Children's program to meet hospital and convalescent care costs which may rise to as much as $100 and $50 a day respectively. This is necessary because there is a fixed level of Federal support which means that the State must absorb
the increased costs. I want, here, to thank publicly the New Jersey Medical Society and its members for continuing to provide free services to our crippled children.

TRANSPORTATION

I am encouraged by recent events to expect some improvement in the development of necessary additions to our public transportation facilities. Meetings with the Governor of New York and officials of the New York Port Authority have encouraged me to anticipate some relief for our neglected commuters.

I have requested a reevaluation of our entire subsidy program by our new Commissioner of Transportation. I have ordered an immediate reappraisal of our priorities in highway improvement and have emphasized the absolute need to reduce, wherever possible, traffic congestion on our more highly travelled highways.

For the operation, construction and State aid responsibilities of the State in all fields of transportation services, I am recommending $127 million, an increase of $6 million.

To assure continued service to the 30,000 commuters that use the railroads of this State, an amount of $10.3 million is allocated to continue the subsidy necessary to assure minimum service under contracts between the railroads and the Commuter Operating Agency. Another public transportation need is the continued support of local bus companies. The Legislature in 1969 recognized the urgency of providing assistance to bus companies and passed interim legislation permitting the State to contract with these companies in order to avoid the loss of transportation service upon which a large portion of our population depends for their livelihood. Legislation should be enacted to recognize the continuing responsibility of the State toward this service.

In order to assist the bus companies of the State, funds for demonstration projects to improve services and attract customers have been requested by the Department. Without any additional funds, this Budget recommends that these projects be carried out using available balances in the
Division of Public Transportation Services for such purposes.

An amount of $31.4 million is recommended for grants to local governments under the various State aid programs of this Department. $15 million is again recommended as the State's share in constructing a State aid road system to provide the necessary connecting links between the main highway system and the local streets of our communities.

In the area of capital construction, the State still has $211.6 million available from the 1968 Bond Issue which can be applied toward its goal of providing the additional highways needed to serve the 3.7 million motor vehicles registered in New Jersey. In addition, this Budget recommends an amount of $17.8 million to be used along with balances from present appropriations to match completely the Federal aid available to New Jersey for the 1971 fiscal year. This will permit the State to continue construction on the interstate highway system and to take advantage of Federal assistance where it can be applied to our best advantage on the other roads of the State. And I have insisted that we do just that!

The Federal government has a practice of making funds available to the State through advance allocations. This Budget contains $11.9 million for matching a portion of such advance allocations when they become available, thus reducing the time needed to complete construction on a given piece of highway.

An increase of $1 million, to a total of $3 million is recommended for major resurfacing, reconstruction, and repair of existing State highways. This sum will permit upgrading many of our older roads.

CONSERVATION AND ECONOMIC DEVELOPMENT

Funds in the amount of $28.7 million are recommended to carry on the conservation of our natural resources and promotion of economic activity through the programs of the Department of Conservation and Economic Development. This sum includes $931,000 for the critical planning and operating responsibilities of the Division of Water Policy and Supply. Long-range planning for water needs of the State represent an area of mutual concern and co-
operation between the State of New Jersey and the United States Geological Survey. State and Federal funds equally contribute to investigating our ground water resources and to the constant monitoring of our streams to determine the availability of surface water and to obtain needed data for protection against flood conditions.

One of New Jersey's greatest natural resources is in the land itself. By putting this land to use for recreational purposes our citizens can enjoy their well-earned leisure hours in the outdoors. An amount of $4 million is recommended for capital construction projects at our State parks. This sum will be supplemented by as much as $1.5 million from Federal government programs. Such sites acquired under the original Green Acres Program as Lake Wawayanda, Monmouth Battlefield, Allamuchy Mountain are still relatively inaccessible to the public. While I hope to see the Spruce Run recreation area in limited operation this Summer, we must invest additional capital there and at Round Valley for maximum visitor use of these beautiful lakes.

The State has, for many years, through its Division of Shell Fisheries, been engaged in a program to increase the development of the shellfish industry in New Jersey. This Budget recommends an amount of $523,000 for the enforcement of health regulations relating to the harvesting of shellfish from polluted water; protecting the leased shellfish beds from poaching; and participating with the Federal government in the regeneration of shellfish beds.

Funds of $1.3 million are included for the operation of the Bureau of Forestry. This unit not only provides consulting service to public and private land owners on the management of their woodlands, but has charge of organizing and carrying out forest fire prevention and suppression activities.

The recommendations of this Budget highlighted a serious deficit in the funding of this Department's Boat Regulation Commission and marine patrol. Against projected requirements of $840,000, I can only recommend an amount of $400,000. This recommendation is necessary due to the requirement that these activities be supported by the
receipts received from motorboat and motorboat operator license fees. Equipment is deteriorating, patrolling activities must be reduced and service to the public will undoubtedly be less than it demands. Some means must be found to support these activities which contribute towards safety on the waterways of New Jersey.

An amount of $837,000 is recommended for operation of the Division of Economic Development including $500,000 for promotion expenses of the State and a small sum to enable the Division to assume its responsibility as the State’s primary demographic agency.

PUBLIC UTILITIES

The $1.5 million recommended as a direct appropriation to this Department will be financed through assessments on the utility companies which it regulates. Increases in this Budget will enable the Department to assign full-time qualified personnel to the lengthy hearings on rate increases requested by the major utility companies of the State.

Legislation enacted in 1969 assigned new responsibilities to this Department for the regulation of household moving companies. Initial experience in enforcing this new act indicates that annual costs of $80,000 will be necessary.

Another major program of this Department consists of protecting the traveling public in places where local streets cross railroads. The elimination of such grade crossings not only protects persons using such streets but will enable faster movement of trains through adequately protected crossing areas. I am, therefore, recommending an appropriation of $2 million from the State Transportation Fund for this purpose.

Public Broadcasting Authority

I am proposing the appropriation of $2.8 million as evidence of my interest in New Jersey’s entry into the field of television broadcasting. At present, equipment is being installed in the Authority’s studios in Trenton and the latest predictions indicate that the first New Jersey television station will be operative this year.
As I stated at the dedication of the Authority's headquarters, I urge the business community and the industrial community to make financial contributions to assure the success of this venture. Television production is a costly process, but one that will provide much in the way of increased knowledge to the citizens of New Jersey.

DEFENSE

An appropriation of $4.1 million is recommended for operating and capital expenses of this Department. This sum includes $588,000 for the operation of the Division of Civil Defense which will enable them to continue their programs of training citizens in survival methods and disaster recovery operations. The Hammonton Training Center is one of the outstanding examples in the nation of such a disaster recovery school.

This Department continues to cooperate with the Division of State Police in the sharing of facilities. The most recent example is reflected by a recommendation in this Budget of $343,000 as the State's share of a new hangar facility at Mercer Field in Trenton. This hangar will house aviation units of the National Guard as well as provide space for the storage and repair of the recently acquired State Police helicopters.

CIVIL SERVICE

The heart of sound State government is in the quality and performance of dedicated staff. For the Department of Civil Service, which is responsible for recruiting and retaining good people, this Budget recommends $3.4 million, an increase of $300,000 over the current year.

The recommendation includes $77,293 for 17 new positions to handle rising volumes of examinations, classification studies, for system improvements in central office procedures, for speedier services to the 283 local jurisdictions now under civil service and for a modest expansion of State employee training. Additional increases totalling $68,000 are for supplies and services relating to intensified recruiting and examination activity.
Manpower

Requests were received from the Department of Labor and Industry for 18 programs of manpower training and related services totalling $6.2 million. There is needed a searching review and evaluation of the cost-effectiveness of these critical and costly programs, including some definition of the division of effort between the public and private sectors. I am recommending, therefore, funds in the amount of $800,000 to continue the existing Work Incentive Training program at its present scale of 3,000 training opportunities through the next fiscal year. This sum will match about $3.2 million in Federal funds.

The counterpart program of providing care for children of those being trained for job openings under this program is found in my recommendation for the Bureau of Children’s Services and, for other aspects of concern, in the Departments of Education and Community Affairs.

A number of new training programs were requested by the Office of Manpower. Should any of them appear necessary and advisable, I shall direct the use of unexpended balances for their implementation.

Rehabilitation

Through the services provided by the Rehabilitation Commission and the Commission for the Blind, it is anticipated that 8,800 sighted and 325 blind persons will be employed during fiscal year 1970-71. These services depend upon the Federal government for 80% support, so estimates are subject to change depending upon decisions made in Washington.

In keeping with the aim of the Federal government to emphasize the rehabilitation of welfare clients, the sums recommended for Services to Clients are earmarked for target groups. Rehabilitation dollars properly directed can return many more persons now on relief, parole, and in our institutions to a productive and normal life and with considerable savings to the State.
OTHER FUNCTIONS

As for the regulatory functions in the Department of Labor and Industry, as well as for all functions in the Department of State, the Department of Agriculture and the Department of Banking and Insurance, the total being recommended in this Budget is for $16.4 million which represents a continuation level of support at about 3% over the current year and includes an allocation of $150,000 to establish the Department of Banking.

THE GOVERNOR'S EMERGENCY FUND

My recommendations for next year include the usual sums for unforeseeable conditions of an emergency or necessity, compensation awards for State employees where departmental resources to pay for them may not be adequate and $350,000 to meet the cost of any continued rise in the price of food, clothing and household supplies which we will need for those in our institutions for whom we have a maintenance responsibility.

I am also recommending a sum of $100,000 to establish and operate the Washington office which I discussed earlier in my Message. In the meantime, and to the extent that the establishment of such an office can be implemented this year, I shall use the balances now available to me in this Fund to open such an office assuming that I can enlist competent, knowledgeable and aggressive personnel in the cause of getting for New Jersey its just share of Federal dollars. Such an office could well become part of the Division of Budget and Accounting where the determination of necessity and advisability of requests for appropriations are already mandated, so that the priority of use of Federal dollars can be appropriately determined, with my approval, to State and local agencies.

TREASURY

For this Department, which is responsible for the fiscal management of State government, this Budget recommends a total of $25.1 million, or an increase of $1.8 million over the current year.
About two-thirds of this increase, in the Division of Taxation, is for added staff, supplies and equipment for intensified revenue law enforcement efforts; and for the strengthened central management, legal and research services. Long-standing vacancies in a number of older bureaus have been culled out and re-allocated to the Sales Tax Bureau where, along with new positions, for a total of 100, we shall make a determined effort for sales tax collections. It is anticipated that this Division's bureaus will realize significant gains in efficiency and economy from their consolidation at the new Willow Street building.

Recommendations include $120,551 for 15 new positions for improved administration of State purchasing and investment programs, $70,000 for 12 added staff to strengthen State accounting and budgeting procedures, and $50,000 for the continuing study of State employment conditions pursuant to Chapter 304, P. L. 1968.

Planning-Programming-Budgeting System

Over the past year, the Bureau of the Budget has taken the lead in the development of a Planning-Programming-Budgeting System adapted specifically to the needs of our State. Beginning on Page 207 an Exhibit displays the budget of the State Department of Health in a program format. This is presented primarily as an example of an output-oriented (or goal-oriented) program structure, showing the relationship of the Department's activities to its major programs, each of which is identified with specific Department goals. The table shows the dollars and the manpower required for each of the programs of the Department.

From the beginning of the PPBS development project, emphasis has been on substance rather than on outward appearances; efforts have been directed toward the development of an analytic approach to planning and the use of carefully developed and thoroughly evaluated plans in the formulation of budgets.

As the PPB System becomes operational on a State-wide basis, State aims will be more clearly defined and related to the specific goals of departmental programs, which can then
be measured in terms of their contribution toward attainment of the broad State goals.

Several new positions have been recommended in the budgets of those agencies which will be participating in the development project in fiscal year 1970-71. These new positions are critically necessary to the furtherance of the PPB development project and to the development of a truly analytic and evaluative approach to planning and budgeting for our State government.

EDUCATION

The greatest challenge of all is in the field of education. Unlawful strikes threaten the entire educational system of New Jersey and encourage our youth to further challenge authority and the laws of the State and Nation. Educated reasonable men and women refuse to utilize existing and lawful methods to adjust their differences.

Local leadership, while insisting on local control of education, expect unrealistically the State to solve problems whose genesis are essentially local in nature and then only after the problems have reached crisis proportions. Many local officials who should know the fiscal capability of the State under our present tax structure unrealistically insist on full State financing. Our colleges and universities, through their Boards of Governors and Trustees, insist on non-interference by the State in matters relating to curriculum selection and assignment of personnel, number of students and responsibilities of teachers but, at the same time, demand of the State the unrestricted assignment of taxpayers’ funds. Buildings are authorized, new programs are initiated and priorities are established without consultation with the Governor or his fiscal agents, even though these State officials are charged with the obligation of spending the tax dollars of our citizens wisely and economically.

The result has been that, even though we are spending 43.9% of our entire Budget on education, nobody is satisfied, and nobody is happy. Local school districts are unhappy; teachers are unhappy; students are unhappy;
parents are unhappy; taxpayers are unhappy; mayors are unhappy and, very frankly, based upon my personal observations during the past 30 days, I am unhappy! Changes must take place in education at all levels in the State of New Jersey—and soon!

Let me today restate as forcefully and as urgently as I can that the teachers of this State, especially those on strike at this time, must understand that the faith, the confidence and the goodwill of the taxpayers are absolutely essential to the improvement of their economic conditions and that interference with the education of the very children they are by their profession dedicated to serve is, in fact, a dis-service to all, especially themselves. Let the strikes cease immediately and the teachers, like all others, pursue change and proper remedies through law and lawful process! If the law and the process are inadequate or unjust, let there be change! This administration welcomes change. We support excellence in education which presumes excellence in the teachers. We pledge cooperation, but we insist on obedience to the law, whether it be the law of the teachers in the classroom or the law of the New Jersey Legislature.

Yet, in some respects, the teacher strikes have served to point out the need for immediate attention to the problems in all areas of education in New Jersey. In my first Special Message, to be delivered this very day, I suggest that a Tax Policy Committee investigate the areas of responsibility in this field by local and State governments, and that they recommend appropriate means for finances. I strongly recommend to you, the elected representatives of the people charged with the responsibilities of enacting the laws we must all obey, that you, through appropriate committees, do the same. Existing laws should be re-examined and change where indicated should be recommended. We cannot survive under these crises conditions. We must find the long-range answers and, while we must be resolute, we must be certain that we are right. Education on all levels deserves our immediate uninterrupted attention.

This Budget recommends an expenditure program of $649.8 million for all educational purposes. Aid to local school districts represents the largest expenditure, a total of
$319.4 million. Included in this amount is $216.9 million in formula aid for local school districts. Funds recommended for education of the handicapped increase by more than 25% to $29.1 million.

There is included an amount of $2.6 million for adult education programs. These programs are geared to upgrading the quality of life and the employment opportunities of those that society has left behind because they are not able to read and write or because they lack a high school diploma.

For vocational education, I have recommended a State appropriation of $4 million which will be matched by Federal and local sources.

For transportation of children to and from school the State's 75% share will increase by $3.4 million in Fiscal 1971 to $28.3 million.

State contributions to pensions and fringe benefits of teachers in local school districts and college faculties will increase by $11.8 million, or 10%, to $129.8 million.

School building aid debt service amounts to $3.1 million. This appropriation finances the payment of principal and interest for school construction in districts which are unable to provide suitable school facilities. This is the result of legislation two years ago by which the State underwrites $90 million of such construction.

The State aid needed to fund our share of the Federal School Lunch program will amount to $3.4 million. This is the result of more schools enrolling in the program and a greater percentage of children within these schools participating.

HIGHER EDUCATION

The Higher Education Act of 1966 established the Department of Higher Education as a separate department of State government, with the mandate to advance long-range planning, establish general policy, coordinate the activities of the individual institutions, and maintain general financial over-
sight of the State system of higher education. Implicit in this mandate was a responsibility to provide higher education opportunities for the increasing numbers of New Jersey residents who seek admission to college and university programs.

The fiscal year 1971 budget includes a total of $198.1 million for all purposes of higher education, an increase of $43.6 million over the 1970 adjusted appropriation. This includes $131.7 million for operation of Rutgers, the State University; the six State Colleges now in operation; the New Jersey College of Medicine and Dentistry; the Newark College of Engineering; and the State School of Conservation, and for development of our two new State colleges.

These institutions will provide higher education opportunities for a total of 51,550 full-time students and 98,840 part-time students, for a total of 150,390. In 1970 we provided for 45,870 full-time students and 95,980 part-time students, for a total of 141,850. Thus, we are expecting an increase of 5,680 full-time and 2,850 part-time students next year.

The increased enrollment will require an additional 390 teachers and 274 other employees for these institutions in fiscal year 1971.

The funds recommended for the State colleges will continue the transition of the six existing colleges to multi-purpose colleges with degree programs in an ever-widening range of academic disciplines. The two newly authorized State colleges will be preparing to accept their first students in September, 1971, with funds provided in 1971 for continued building of the basic administrative and academic staff.

"Open Door" Policy

Equally important are the funds provided for a variety of student financial assistance programs. In fiscal year 1970 we appropriated $14.1 million for this purpose, with which direct financial assistance was provided to 23,453 students. For fiscal year 1971 I have recommended $22.6 million for financial aid to take care of an estimated 27,200 students. Included in this total is $9.8 million, which will aid approxi-
mately 7,100 educationally and financially disadvantaged students who will thus be enabled to attend college under the “Open Door” policy. This is 2,498 more such students than we are aiding in the current year.

In addition, at the end of fiscal year 1971 the State will have under guarantee a total of 156,699 student loans equaling $161.6 million; this represents a net increase of 41,191 loans totalling $45.8 million during the 1971 fiscal year.

The county colleges continue to comprise the most rapidly growing segment of our higher education system. I have included an appropriation of $22.2 million for the State’s share of the operating costs of our 14 county colleges, which will have a total enrollment of 35,237 full-time equated students in 1971. This compares with $11 million and 26,122 full-time equated students in 1970. The apparent disparity between costs and numbers of students reflects the increasing costs of operation, because of which many more institutions qualify for the maximum $600 per equated full-time student aid.

Higher Education Capital Construction

In addition to providing $8 million for the redemption of bonds for higher education construction, I am recommending that an amount of $4 million be provided to permit the State to begin renovations of the Martland Hospital in Newark to enable it to be used to supplement teaching hospital facilities to be provided at the New Jersey College of Medicine and Dentistry. This Budget also contains a small sum to permit the Department of Higher Education to perform advance planning on facilities that will be needed beyond those authorized from the 1968 Bond Issue. An amount of $600,000 is recommended for roads and parking lots at the State colleges to facilitate the large number of commuter students enrolled.

Medical Education

Based on statutory commitments made in 1964 and 1967, the State of New Jersey has accepted the responsibility for the development and operation of the New Jersey College
of Medicine and Dentistry and the Rutgers Medical School as four-year medical schools "to provide an uninterrupted flow of trained personnel to assist in the staffing of the hospitals and public institutions and agencies of the State, and to prepare students for general practice in the professions of medicine and dentistry".

Recognizing the need for a unified policy and for coordination between the two medical schools, the Legislature in 1964 established a Council on Medical and Dental Education, and charged it "to recommend to the Governor and Legislature, at the earliest possible date and not later than January 1, 1970, a comprehensive program which would provide for the centralization of administration of the medical and dental facilities of the college (of medicine and dentistry) and the State University and the integration of such facilities, as separate operating entities, within a common administrative system".

Unhappily, the Council in its final report, dated December 31, 1969, failed to discharge that part of its responsibility. The State is thus faced with the prospect of developing and operating two medical schools over the immediate future without any clear policy for medical education.

The commitments made in 1964 and 1967 represent a total capital investment of $216 million, based on the present plans of the two institutions. Of that sum, appropriations from the General State Fund have totaled $25.8 million since fiscal year 1966. A total of $23.3 million has been allocated from the 1964 and 1968 Bond Issues, and approximately $35.5 million is definitely available from Federal grants. Available resources thus total $84.6 million, leaving a balance of $131.4 million not now available.

In this Budget I have recommended additional capital appropriations totaling $6.4 million for continuing the development of the two institutions. However, this will leave a gap of $125 million still needed to complete construction and development under the present plans.

Operating costs for both institutions have increased rapidly since Fiscal 1965. During fiscal year 1966, the first year of full operation of the New Jersey College of Medicine
and Dentistry under State auspices, the State cost for operation of that institution was $1.1 million; in the same year the cost to the State for operation of the Rutgers' Medical School was $600,000, a total of $1.7 million for both. The corresponding costs for fiscal year 1969 were $7.9 million and $2 million, for a total of $9.9 million. The combined total recommended for the operation of both institutions in Fiscal 1971 is $13.4 million. We are thus faced with possible total operating costs for two four-year medical schools of about $25 million per year by the mid-1970’s under existing plans. Because of the virtual impossibility of providing funds in the amounts indicated above, over the next few years, this administration is being forced to search for alternatives to the current plans and to establish priorities for allocation of the financial resources seen to be available for medical education. With some assistance from a consulting firm, we have searched for alternatives and considered priorities which would best meet the goals set by the 1964 legislation which established the two institutions.

With this background, I made a personal visit to both schools. While I have not yet finalized my decision, I can say to you today that we must re-evaluate and establish priorities consistent with our fiscal responsibilities and the funds presently available for this purpose. The entire question of medical manpower requires, in my judgment, special attention, and I have concluded, therefore, to present to you at an early date a special message outlining my decision concerning both medical schools and my recommendations concerning the entire field of medical manpower.

COMMUNITY AFFAIRS

Much of New Jersey’s concern for human values is reflected in the budget for the Department of Community Affairs—through which the State shares these concerns with county and municipal governments.

The total budget recommendation for this Department for fiscal year 1971 is $29.2 million—$3.3 million for direct operating costs, and $25.9 million for State aid programs.
Of that total, the largest single amount is $12 million for supplementary municipal aid. Second in amount and importance is $7.2 million for housing and urban renewal programs, exclusive of the $2.7 million recommended for assistance to local agencies in carrying out the Model Cities programs. Taken together, the $9.9 million included for these two major purposes is expected to produce about $25.5 million in Federal grants to local governments.

Of the $7.2 million for housing and urban renewal programs, $6.1 million is directed specifically toward the development of new housing units and upgrading the condition of existing housing units for low-income and middle-income residents of our State. The $3.6 million included in that total for the Revolving Housing and Demonstration Grant Fund can generate as much as $300 million in private mortgage funds within two years. Development of housing facilities is a long-term process, but the 1971 appropriation could produce as many as 15,000 new housing unit starts within two years.

At the same time, under the Cooperative Housing Inspection program, through the joint efforts of State and local governments we can begin to meet the statutory mandate for registration and periodic inspection of all multiple dwellings and hotels, wherever they may be located in New Jersey. I have recommended a total of $1.8 million for this purpose.

When the Federal Office of Economic Opportunity program was initiated, New Jersey became the first State to qualify for the many types of Federal aid program funds authorized under this act. We have continued to assist local agencies and county and municipal governments with both technical assistance and State funds to supplement local funds for matching available Federal funds. Along with local funds, the $3 million recommended for assistance to local agencies for community action, legal services, economic development, and government personnel training programs will attract at least $26.1 million in Federal funds to New Jersey.

New Jersey is participating in a joint Federal-State-local government effort to break the "poverty cycle" through
the Work Incentive program. Funds for that effort are included in several agency budgets. In this Budget I have recommended $1 million for aid to local agencies in establishing and operating day care centers which will provide day care facilities for a total of about 1,300 pre-school and school-age children, as part of the program to train and secure employment for welfare recipients. It is anticipated that $2.4 million in Federal funds will be invested in about 20 centers in fiscal year 1971 along with the State and local funds.

The Neighborhood Education Center Act of 1968 (Chapter 182, P. L. 1968) authorized establishment and operation of eight such centers supported by State funds. It is expected that by July, 1970 five centers will be in operation with a capacity for 200 students, and I have recommended $600,000 for their continued operation in fiscal year 1971.

Another $1.6 million recommended for this Department will provide for direct advice and assistance programs to local and county governments, through the Office of Community Services, the Division of Local Finance, and the Division of State and Regional Planning.

The remaining $1.1 million provides for general administration of the Department, supervision of the State aid programs cited above, and operation of the Division on Aging, the Division of Youth and the Women’s Division.

EMPLOYEES SALARIES AND BENEFITS

In the Fall of 1968, the Legislature authorized the Budget Director to contract with a recognized management consulting firm, with the approval of the President of the Senate and the Speaker of the House, to prepare a thorough study of wages, salaries, benefits, work productivity and working conditions of State employees, comparing them with private employment. The study was intended to establish standards and guidelines to permit fair treatment of our employees and so that the State may gain and maintain a competitive position in recruiting and retention of its personnel.
I am informed that this study is rapidly coming to a close and that specific recommendations in all respects will be forthcoming shortly. While I shall accept the report as a guideline, I cannot, of course, commit myself to its full implementation until I have had the opportunity of making an in-depth study. I also have serious questions in my mind concerning the validity of automatic unearned across-the-board annual increments. Believing as I do that no group of employees in any field of endeavor perform exactly alike—some are average, some below average and some above average—rewards, I think, must go to those who earn them; and, therefore, although I have provided $30 million in this Budget for salary adjustments or other benefits, it must not be interpreted as being a commitment across-the-board to all State employees. I can assure the State employees, however, that there will be careful analysis, compassionate considerations and just determinations. It is our desire to develop a happy family of State employees, and the money suggested in this Budget will hopefully be utilized in that direction.

**THE JUDICIARY**

I am proposing recommendations of $8.3 million, an increase of $300,000 for operations of The Judiciary, including funds for 26 new positions. I am hopeful that this sum will provide sufficient resources for the many activities of the court system in which litigation continues to climb. While civil litigation appears to be levelling off, there is a continued increase in juvenile cases and matters before the trial courts as well as the Appellate Division.

**CONCLUSION**

This, my first Budget Message, is by force of circumstances, dependent in a large measure on decisions made by the previous administration, its chief executive, and department and division heads, most of whom are not now associated with the new administration. Its presentation so soon after the inauguration, as required by law, prevented the in-depth study, appraisal and evaluation that this
administration would have preferred prior to its submission to the Legislature. Many reforms needed and contemplated are not reflected herein because time would not permit remedial action. Consolidation and elimination under active consideration could not be implemented in time. Special programs, innovative approaches and suggested solutions to old problems must perforce take the form of special messages to be presented to the Legislature in the months ahead. The priority responsibility of recommending and urging enactment of revenue producing legislation to balance this Budget was accomplished in less than thirty days from the date of inauguration, but left little time to other areas requiring study and action within the statutory period prescribed for the presentation of this Budget Message. The shortcomings of this Budget Message occasioned by the brevity of time presents, therefore, a unique opportunity for the Appropriations Committee to evaluate every recommendation. I urge this attention and pledge my full cooperation and that of the department heads of the new administration to the Appropriations Committee. Together, all of us can, and, I am sure, will mutually work for the best interests of our State and our fellow citizens.

Respectfully submitted,

WILLIAM T. CAHILL,
Governor of New Jersey.

Attest:

JEAN E. MULFORD,
Acting Secretary to the Governor.

February 16, 1970.

Messrs. Hauser, Musto, W. F. Kelly and Guarini offered the following resolution, which was read and adopted:

A Resolution of commendation and congratulations to Stevens Institute of Technology upon the occasion of the 100th anniversary of its incorporation.

Whereas, The Stevens Institute of Technology of Hoboken, New Jersey, was incorporated under an act of the Legislature of the State of New Jersey 100 years ago yesterday, February 15, 1870; and

Whereas, Stevens Institute, carrying on in the tradition of members of the Stevens family who pioneered in the improvement of the technology of their era, has for 100 years represented the highest ideals of education, engineering and scientific research; and

Whereas, In the past 100 years Stevens Institute has graduated nearly 15,000 students, many of whom have been leaders in engineering, science, industry, government, education, religion and the professions; and

Whereas, At the start of its second century, Stevens Institute is dedicated to continuing service to the State of New Jersey, the nation and the world community; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. The members of the Senate of the State of New Jersey congratulate Stevens Institute of Technology upon the occasion of the 100th anniversary of the granting of her charter and extend to the students, faculty, trustees and
alumni of this distinguished institution best wishes for a continuance of its outstanding service in its second century.

2. A copy of this resolution, signed by the President of the Senate and attested by the Secretary of the Senate and the Clerk of the General Assembly, be forwarded to the President of Stevens Institute of Technology.

Messrs. Wallwork, DelTufo, Dowd, Giuliano, Matturri and Waldor, offered the following resolution, which was read and adopted:

A Senate Resolution of congratulations and commendation to Mrs. Lucy Cerami Galioto of Bloomfield, Essex County, for her outstanding service to the town of Bloomfield.

Whereas, Mrs. Lucy Cerami Galioto was the first woman to serve as President of the Bloomfield Board of Education; and has served as President of the Associated Boards of Education of Essex County, and in numerous other positions of responsibility and significance in the field of education; and

Whereas, Mrs. Lucy Cerami Galioto was recently selected to receive from the Bloomfield UNICO the award of Outstanding Citizen of the year; and

Whereas, Mrs. Lucy Cerami Galioto was chosen for this honor in recognition of her interest in and her dedication to her community and to her fellow citizens; and

Whereas, Mrs. Lucy Cerami Galioto has been a member of the Board of Directors of the Bloomfield Red Cross, the Board of Directors of the Public Health Nursing Service and the Board of Directors of the Essex County Medical Society Auxiliary; and

Whereas, Mrs. Lucy Cerami Galioto has been accorded many honors testifying to the high regard and respect she enjoys in the minds and hearts of her fellow citizens; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That our congratulations and commendation be tendered to Mrs. Lucy Cerami Galioto for her outstanding service to the town of Bloomfield and an authenticated copy of this resolution, signed by the President and attested by the
Secretary of the Senate, be forwarded to Mrs. Lucy Cerami Galioto.

Messrs. Matturri, Wallwork, DelTufo, Waldor, Giuliano, Dowd, Stout and Guarini, offered the following resolution, which was read and adopted:

Whereas, February 24, 1970, will mark the end of 100 years since William B. Guild, Jr., Esq., of Newark, and Frederick H. Lum, Esq., of Chatham, organized a partnership for the practice of law under the firm name of Guild & Lum; and,

Whereas, Said firm, followed by its successor firms, under the names of Guild, Lum & Sommer; Guild, Lum & Tamblyn; Lum, Tamblyn & Colyer; Lum, Tamblyn & Fairlie; Lum, Fairlie & Wachenfeld; Lum, Fairlie & Foster; and Lum, Biunno & Tompkins, has continuously been engaged in the practice of law in this State; and,

Whereas, The many individuals who received their professional training or devoted their professional careers with said firm and its successors have regularly participated in many civic and public activities, including those who have been called to the Bench, to the Legislature, to the offices of Prosecutor and United States Attorney and other governmental assignments; have regularly contributed to the work of professional associations at the county, State and national levels, and have rendered services as councilmen and mayors of municipalities, as well as to numerous educational and charitable endeavors in the public interest; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That the Senate extends to said firm and its successors its congratulations and commendation on the century of service that has been rendered to the profession and to the people of the State of New Jersey; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and that a duly authenticated copy, signed by the President and attested by the Secretary, be sent to each of the citizens composing the present successor to the firm of GUILD & LUM.
Messrs. Wallwork, Matturri, Waldor, Giuliano, DelTufo and Dowd offered the following resolution, which was read and adopted:

Whereas, Leonard Dreyfuss, of Essex Fells, Essex County, died on December 29, 1969; and

Whereas, He had a long and distinguished record in civic, educational and philanthropic activities, and served on and contributed to many developments at Fairleigh Dickinson, Seton Hall, Rutgers Universities, and the Newark Museum and Planetarium; and

Whereas, He was State Director of Civil Defense under four governors, for which he was cited by former Governor Robert B. Meyner for his “unselfish patriotic performance of an arduous task”; he was honorary president of the National Conference of Civil Defense Directors and was awarded several citations here and abroad; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That tribute be hereby paid to the late Leonard Dreyfuss for his many public services, and regret be expressed at his passing, and sympathy be extended to his family; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate, and that a copy, signed by the President of the Senate and attested by the Secretary, be forwarded to the family of Leonard Dreyfuss.

The following communication was received from the Governor:

State of New Jersey,
Executive Department,
March 12, 1970.

Senate Bill No. 535

To the Senate:

Pursuant to Article V, Section I, paragraph 14 (b) of the Constitution, I herewith return Senate Bill No. 535, with my objections, for reconsideration.
This bill would amend and supplement the "Local Emergency Aid Act of 1969," P. L. 1969, c. 94, to define "emergency" as used in the act to mean any unusual conditions caused by civil disturbance whereby the safety of the public is endangered or imperiled, and to give the State House Commission power to implement the distribution of the fund.

I am in favor of the purpose of the bill, however, the language should be corrected to carry out what I am sure is the true intent.

I return the bill with the recommendation that the language be corrected as follows:

1. Page 2, Section 4: After subsection "(b)" add subsection "(c) In the event that the total of eligible requests for reimbursement exceeds the total amount of the fund, the State House Commission shall prorate and distribute the fund on the basis of the total of all eligible requests received."

2. Page 2, Section 6, Line 5: After "January 1, 1969" delete "." and add "and prior to January 1, 1970."

Respectfully,

/s/ JEAN E. MULFORD, Acting Secretary to the Governor.

Resolved, That the President of the Senate extend a cordial welcome to the members of the Woman's Christian Temperance Union who are paying their annual visit to the Legislature today, which was arranged by Mrs. George Fox of Pitman, State Legislative Chairman.

Messrs. Tanzman, Crabiel and Lynch offered the following resolution, which was read and adopted:

Whereas, John W. Barnhart, President of the Middlesex County Publishing Company, publisher of the News Tribune in that County, died on March 12, 1970, at the age of 91; and,

Whereas, Mr. Barnhart, a native of Iowa, first entered newspaper work in 1893, at the age of 15, as a printer, and thereafter enjoyed a long and distinguished career as a business executive and in the management of journalistic enterprises; and,

Whereas, In 1940, Mr. Barnhart purchased the Perth Amboy Evening News, which he expanded into a journal covering and serving the whole of Middlesex County and northern Monmouth County, and which in 1968 was renamed as the News Tribune; and,

Whereas, The people of New Jersey, and in particular of Middlesex County, are indebted to Mr. Barnhart for his efforts and accomplishments on behalf of public information through efficient and comprehensive journalism; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby pays tribute to the memory of John W. Barnhart, expresses regret at his passing, and
MONDAY, MARCH 16, 1970

honors the achievements of his long and illustrious journalistic career; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and that a duly authenticated copy, signed by the President and attested by the Secretary, be transmitted to the office of the News Tribune in Woodbridge, Middlesex County, New Jersey.

On motion of Mr. Forsythe,

Senate Bill No. 297, entitled "An act to amend 'An act to revise the law relating to payment of wages, repealing sundry sections of, and supplementing article 1 of chapter 11 of Title 34 of the Revised Statutes,' approved September 30, 1965 (P. L. 1965, c. 173),"

Whereas, The Senate desires to express to its Chaplain the sympathy of this House upon his loss; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby notes with sorrow the passing of Dr. Charles L. Raver and extends to Rev. W. Neal Raver and other members of the family the condolences of the Senate.

Mr. H. A. Kelly and all the Senators offered the following resolution, which was read and adopted:

Whereas, Tomorrow is St. Patrick’s Day when tranquility and peace and conviviality will permeate the countryside and the Irish Pipers will parade up Fifth Avenue to the tunes of “Wearin’ of the Green” thereby copying the marching steps of True Sons of Erin in Jersey City and Newark over the weekend; and

Whereas, On this Great Day everyone becomes an Irishman regardless of race, color or creed and joins in celebrating the Irish love of Freedom, Equality, Decency, Adventure, Good Government and Fun; and

Whereas, St. Patrick’s Day is the signal for the Robins to fly north and the Green Grass to start growing and the trees to begin sprouting their leaves to provide the welcome shade of summer; and

Whereas, For centuries the Irish have embellished the English language with added lustre, exaggeration and drama, to augment the lilting poetry of the Gallic tongue; therefore

Be It Resolved, That the Senate of the State of New Jersey extend warm greetings to all good Irishmen, honor-
ary Irishmen, adopted Irishmen, as well as the indestructible Irishmen, and express sincere thanks for their historic and cultural achievements, past and present, their steadfast devotion to the promotion of the finer things of life, and to the Irish generally for the Wearin' of the Green.

Amend page 1, section 1, line 11, after the “.”, insert a new sentence as follows:

“Nothing contained herein shall preclude the inclusion in the contract of provisions customarily contained in the carrier’s contracts under which new employees are solicited or evidence of insurability is required as a prerequisite to coverage of an employee or dependent.”

Amend page 2, section 3, lines 1 through 19, omit section 3 in its entirety and insert a new section 3 as follows:

“3. With respect to each contract or contracts of insurance which may be purchased pursuant to the act to which this act is a supplement, full disclosure of cost attributable to the coverages provided by the contract or contracts shall be made. The experience of the plan for each contract year shall be reported by the carrier or carriers to the governing body of the employer awarding the contract or contracts by an annual statement within 120 days after the end of such year. Such statement shall specify the total amounts of
premiums, dividends or rate credits, charges for benefits, premium taxes, commissions and fees, contingencies or risk charges and balance of retention. With respect to commissions and fees, the names, addresses and amounts paid to each recipient shall be shown. To the extent that the actual claims incurred under the contract are charged against the experience of the case for dividend or rate setting purposes, the charges for benefits shall be broken down into claims paid, charges for claims incurred but not paid at the end of the year and charges for claims incurred but not paid at the end of the previous year. The premium and benefit information shall be shown separately for each coverage provided under the contract or contracts. The balance of the information shall be shown separately for each coverage or combination of coverages that constitutes a separate unit for dividend or rate credit purposes. This information shall, at all reasonable times, be opened to public inspection. Since the payment of a commission or fee is on the basis of consulting and other related services that the individual or firm is required to perform for the receipt of such commission or fee, full annual advertisement shall be made of the individual or firm, the carrier or carriers receiving the contract or contracts, the address of the individual or firm receiving a commission or fee and amount of the commission or fee paid."

Senate Bill No. 117, entitled "A supplement to 'An act concerning counties, municipalities, school districts, or agencies thereof in relation to certain group insurance programs, and repealing sections 40:11-15 and 40:11-16 of the Revised Statutes,' approved January 18, 1961 (P. L. 1960, c. 180),'"

As amended,

Was taken up, read a second time, considered by sections, agreed to, ordered to be printed, and to have a third reading.

Messrs. Schiaffo, McDermott, Matturri, Hagedorn, Schoem, Dickinson, Knowlton, Maraziti, Bateman and Woodcock offered the following resolution, which was read and adopted:

Whereas, May 3, 1970, will mark the 179th anniversary of the adoption of the Constitution of Poland as an independent State; and,
WHEREAS, The said Constitution was patterned upon that of the United States, which it followed by less than a decade, and was aimed at preventing partition and oppression by neighboring states—a peril which has threatened Poland since its inception as a national entity in 936 A.D.; and,

WHEREAS, This year also marks the 50th anniversary of the Battle of Warsaw, in 1920 when Polish forces drove invading Russian forces from their country and recaptured Polish territory from the Communist invaders; and,

WHEREAS, At the present day the people of Poland are again oppressed by an aggressive neighboring state, despite their continuing fight for freedom manifested by various stirrings of unrest and the refusal of the Polish spirit to die; and,

WHEREAS, The people of Poland are manifestly anti-Communist, and their yearning for national independence and freedom is supported by the many American citizens of Polish origin or ancestry and by freedom-loving people everywhere; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby joins with the more than 600,000 Americans of Polish extraction here in New Jersey, and with all those, regardless of ethnic origin, who hold freedom as a God-granted right, in honoring the 179th anniversary of the Polish Constitution, in recording implacable opposition to the oppression by which the Polish people have been deprived of their freedom and their nation deprived of its full independence, and in marking the 50th anniversary of the Battle of Warsaw, with the hope it raises for a future liberation as glorious as that of the past.

Messrs. Schoem, Sisco and Sciro offered the following resolution, which was read and adopted:

WHEREAS, The Borough of Pompton Lakes in the County of Passaic, established in 1895, is this year celebrating its seventy-fifth anniversary; and,

WHEREAS, Long before its municipal incorporation this community, was known as one of the State's early industrial centers, whose iron forging served the Patriot cause in the Revolutionary War; and,

WHEREAS, At the present day, it is the site of a Dupont Corp. explosives plant which, in like manner, has provided
implements of war for our nation in more recent conflicts; and,

Whereas, This pleasant and predominantly residential community in close proximity to the great metropolitan area was in the recent past known throughout the nation as the site chosen by famous pugilists for training for championship bouts; and,

Whereas, The Borough of Pompton Lakes, numbering a few hundred inhabitants at its establishment, has continued to thrive and grow throughout its 75 years, and at present has a population in excess of 11,000; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby congratulates the Borough of Pompton Lakes upon the observance of its 75th anniversary, and extends to the borough and its people the best wishes of the Senate for a future that will be as prosperous and pleasant as its past; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate, and that a duly authenticated copy, signed by the President and attested by the Secretary, be transmitted to the Mayor and Council of the Borough of Pompton Lakes.

Whereas, For many years, the Star-Ledger has published in its Sunday editions a special section on "Education and Youth"; and,

Whereas, This weekly feature is comprehensive, knowledgeable and informative, with many articles of timely significance, and has consistently been of great use and value to the community served by the newspaper; and,
Whereas, The said section has served to convey to the community a knowledge and comprehension of the various educational programs in the area, has afforded young people a consistent source of information about the activities, individual and collective, of their contemporaries, and has interpreted to the community at large the activities, attitudes and aspirations of young people; and,

Whereas, In publishing this section, and in devoting to it the requisite effort and talent to assure its high quality, the Star-Ledger has evinced a commendable spirit of service to the community; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby commends the management and staff of the Star-Ledger, and particularly those of the staff who are involved in the production of the weekly "Education and Youth" section, for their accomplishments in producing that section and for the service which they have thereby rendered to the public; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and that a duly authenticated copy, signed by the President and attested by the Secretary, be transmitted to the editor of the Star-Ledger.

Amend page 3, after section 2, line 44, insert a new section 3 as follows:

"3. Section 7 of P. L. 1960, c. 55 (C. 21:1A-134) is amended to read as follows:

7. Upon receipt of an application for a permit to manufacture, store, sell, transport or use explosives, and before the permit is issued, the commissioner shall make or cause to be made an investigation for the purpose of ascertaining if all applicable requirements of this act have been met. The commissioner shall not issue a permit to manufacture, sell, store, transport or use explosives unless all the requirements of this act have been met. All permits issued in accordance with the provisions of this act shall be subject to any amendments hereafter made to this act.

A. An applicant for a permit shall, at his own expense, furnish whatever pertinent information the commissioner may require in addition to that specified herein. Application forms shall be furnished by the Department of Labor and Industry.

B. An applicant for a permit to manufacture, sell, transport, store or use explosives must:

(a) be at least 21 years of age;

(b) have a reasonable understanding of the English language;

(c) present satisfactory evidence of experience in the manufacture, sale, transportation, storage or use of explosives;
(d) demonstrate by written, oral or field examination, as the commissioner may direct, adequate knowledge of the safe manufacture, sale, transportation, storage or use of explosives and of the provisions of this act; and

(e) be of good moral character and must never have been disloyal to the United States; and

it shall be within the sole discretion of the commissioner to determine whether an applicant who has been convicted of a crime involving moral turpitude has the good moral character necessary for a permit. It shall also be within the reasonable discretion of the commissioner to deny the issuance of a permit where he concludes, after a full examination of the qualifications of an applicant, that to grant a permit would be dangerous to the health, safety and welfare of the people of the State of New Jersey. The failure of a holder of a permit to maintain the qualifications stated herein shall be good cause for the revocation of the permit.

C. When the applicant for a permit to manufacture, sell, transport, store or use explosives is a firm, association or corporation, the applicant must demonstrate that such activities with regard to explosives will be under the direct supervision of a person who meets the qualifications stated above.

D. Permits shall be valid for 1 year unless sooner revoked. Permits which expire on July 1, 1960 may be renewed by the commissioner at his discretion for a period of not less than 3 months nor more than 15 months, and permits renewed after such a period shall thereafter be valid for 1 year unless sooner revoked. The fee for all permits shall be fixed by the commissioner on a yearly basis or, for periods of less than a year, in amounts proportionately less than the annual fee.

E. The application for any permit must be accompanied by a fee established by regulation in accordance with the following schedule:

(a) To manufacture—not less than $10.00 nor more than $150.00;

(b) To sell—not less than $10.00 nor more than $50.00;
(e) To transport—not less than $5.00 nor more than $10.00;

(d) To store—not less than $10.00 nor more than $150.00;

(e) To use—not more than $10.00.

(f) For storage, transportation and use of smokeless powder in amounts in excess of five pounds but not in excess of 100 pounds which is used by private persons for the hand loading of small arms ammunition and which is not for resale—not less than $2.00 nor more than $10.00.''

Messrs. Bateman, McDermott, Rinaldo, LaCorte, Crabiel, Tanzman and Lynch, offered the following resolution, which was read and adopted:

Whereas, Nicholas O’D. Lederer, managing editor of the Courier-News of Plainfield and one of the most highly respected journalists of this State, died on April 5, 1970, at the age of 58; and,
Whereas, A native of New Brunswick, Mr. Lederer had served with the New Brunswick Home News and with the Perth Amboy Evening News, of which he was executive editor, before taking up his duties, in 1961, with the Plainfield Courier News, of which he was named city editor in 1966 and managing editor in September of 1969; and,

Whereas, Immediately after his death, his colleagues in the New Jersey Chapter of Sigma Delta Chi, professional journalism fraternity, saluted his memory as one of the State’s "most competent and honorable newsmen" and recalled the effective guidance and direction which, as an editor, he had given to the careers of many young journalists; and,

Whereas, An alert, diligent and conscientious newsman, he was ever devoted to, and effective in, the work of serving the people with prompt, fair and accurate coverage of news events; and,

Whereas, By his untimely death, the people of this State, and in particular those in the area served by the Plainfield Courier-News, have been deprived of one who worked tirelessly and well for their benefit; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby pays tribute to the memory of Nicholas O’D. Lederer, honors the distinguished services which he rendered to the profession of journalism in this State and to the free, full and accurate information of the readers whom he served in his various journalistic capacities, and expresses profound regret at his untimely passing in the full bloom and vigor of his career; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate, and that a duly authenticated copy, signed by the President and attested by the Secretary, be transmitted to the family of the late Nicholas O’D. Lederer.

Mr. Stout offered the following resolution, which was read and adopted:
A Senate resolution congratulating the Borough of Eatontown upon the 300th anniversary of the founding of that community.

Whereas, In 1670, barely a half-dozen years from the inception of New Jersey in the grant made by James, Duke of York, to John, Lord Berkeley and Sir George Carteret, an early settler, Thomas Eaton built his home and a grist mill on the banks of Mill Pond in what was then a part of Shrewsbury Township, thus beginning the settlement of what since his day has come to be known as Eatontown; and,

Whereas, Eatontown has steadily grown, through three hundred years, in population, prosperity and municipal identity, becoming incorporated as a township in 1873 and as a borough 1926, has preserved its grace and character while keeping pace with the march of history and progress from Colonial times to the present; and,

Whereas, The Borough of Eatontown today is a thriving and pleasant municipality where more than 10,000 New Jerseyans make their homes and enjoy its varied residential, commercial and cultural facilities and amenities; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby congratulates the Borough of Eatontown upon the 300th anniversary of the founding of that community, and conveys to the Mayor, Council and Citizens of the Borough the felicitations of the Senate upon the occasion; and,

Be It Further Resolved, That the President be directed to extend a welcome to the Honorable Herbert E. Werner, Mayor of the Borough of Eatontown, on behalf of the Senate at the present session and to grant him the privileges of the floor; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate, and that a duly authenticated copy, signed by the President and attested by the Secretary, be transmitted to the Mayor and Council of the Borough of Eatontown.

Mr. Italiano offered the following resolution, which was read and adopted:
A Concurrent resolution of approval and commendation with respect to the Fifteenth Annual New Jersey Americanization Conference being held in Trenton on April 19 and 20, 1970.

Whereas, Throughout the history of this nation hundreds of thousands of immigrants from other lands have chosen the State of New Jersey for their permanent residence in this country; and,

Whereas, For the year ending June 30, 1968, 27,712 of the aliens entering the United States for future residence elected to make their homes in the Garden State; and,

Whereas, For more than a century, the citizenship classes sponsored by local boards of education and other patriotic organizations throughout the State have constituted the primary means by which these newcomers to American life acquired their understanding of our language and our democratic institutions; and,

Whereas, The Fifteenth Annual New Jersey Americanization Conference is being held in Trenton on April 19 and 20, 1970, as an indication of our interest in the future welfare of these people who chose America of their own free will, and of our endorsement of the values embodied in this conference; now, therefore,

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the members of the Legislature hereby extend the hand of freedom's fellowship to these new citizens of our State and express genuine approval of the principles of this conference which brings them to Trenton; and,

Be It Further Resolved, That sincere gratitude be expressed to the teachers and administrators of this fine program of adult education throughout the State for their role in the realization of our democratic ideals through the preparation of these foreign-born Americans for lives of more effective citizenship in our great society; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and Minutes of the General Assembly, and that a copy, signed by the President of the Senate and the Speaker of the General Assembly and attested by the Secretary of the Senate and the Clerk of the General Assembly, be forwarded to the conference.

Mr. Bateman offered the following resolution, which was read and adopted:

WHEREAS, In appreciation of our heritage of individual rights under law, Friday, May 1, of each year has been set aside by joint resolution of Congress and Presidential proclamation as Law Day, U. S. A.; and,

WHEREAS, For nearly two centuries our nation has looked to laws and independent courts for redress of grievances and the protection of the lives, liberties and individual rights of its citizens, and the thirteenth annual observance of Law Day, U. S. A., is an occasion for Americans to re-dedicate themselves to the ideals of equality and justice in their relations with each other; and,

WHEREAS, The day also is a reminder that the values of a free society are not self-perpetuating, and that the rights we cherish carry with them responsibilities, including the duty to observe the law, to recognize the rights of others, to exercise the privileges of citizenship and to support the institutions of representative government; and,

WHEREAS, This year the theme of Law Day, U. S. A. is "Law—Bridge to Justice," underscoring the fact that law is the instrument through which issues between individuals and groups can be peaceably resolved and which can serve as a unifying force in times of social upheaval, and pointing up the fact that it has been through the processes of law that our nation has achieved its amazing growth and development in every sphere of human endeavor; and,

WHEREAS, In furtherance of the aims of Law Day U. S. A., the New Jersey State Bar Association sponsors an annual "Youth Day" on which student leaders from schools and colleges throughout the State are given an opportunity to visit the State capital and observe our three branches of government in operation, and pursuant to that program
approximately 100 student leaders of New Jersey are here today observing the deliberations of this House, among other activities of government; now, therefore,

*Be It Resolved by the Senate of the State of New Jersey:*

That this House hereby joins in the recognition and observance of Law Day U. S. A. in New Jersey, and calls upon all citizens, organizations, schools, churches, courts and businesses, where possible, to recognize this special day through appropriate programs and ceremonies; and,

*Be It Further Resolved,* That this House welcomes the student leaders who are here pursuant to the annual "Youth Day" program of the New Jersey State Bar Association, commends them for their active interest in law and government, and commends the Bar Association, and in particular the Law Day Committee thereof, for organizing and sponsoring this worthwhile program.

WHEREAS, The municipalities of the Greater Wildwood community, Cape May County, including the cities of Wildwood and North Wildwood and the boroughs of West Wildwood and Wildwood Crest, are currently holding, as part of their annual observance of Greater Wildwood Boys and Girls Week, the annual Citizenship Day programs in each of the respective municipalities; and,

WHEREAS, Arthur Nazzaro of Wildwood Crest has been chosen “junior state senator” in connection with this observance; and

WHEREAS, “Senator” Nazzaro is present in the Senate Chamber today; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That the members of this House hereby congratulate their “junior colleague” upon his election and express the wish that he may find his term of office an educational and enlightening experience; and,

Be It Further Resolved, That this House commends the municipalities of Greater Wildwood and the several organizations participating in the Boys and Girls Week Planning Council for their endeavors to promote good citizenship among the youth of the community; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and that duly authenticated copies, signed by the President and attested by the Secretary, be transmitted to “Senator” Nazzaro and to the Boys and Girls Week Planning Council of Greater Wildwood.

Messrs. DelTufo, Dowd, Giuliano, Matturri, Waldor, Wallwork, Stout and Beadleston offered the following resolution, which was read and adopted:

WHEREAS, Gladys Damon Rader (Mrs. Lyell Rader, Sr.) of Ocean Grove has been selected by the New Jersey Committee of the American Mothers Committee, Inc., as New Jersey’s “Mother of the Year” for 1970; and,

WHEREAS, Mr. and Mrs. Rader, both retired officers of the Salvation Army, are the parents of five children, all of whom are following in their parents’ footsteps in carrying
out the religious and charitable work of the Salvation Army in various parts of the world; and,

Whereas, The Governor of this State has, by Proclamation dated May 1, 1970, declared the week of May 10 as "New Jersey Mother of the Year Week", has urged all citizens to "pay special homage to mothers as the bulwark of our family life" and has cited Mrs. Rader as "an outstanding example of the important role of the mother in making the American home the indestructible foundation upon which our nation is built"; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby congratulates Mrs. Rader upon her designation as New Jersey Mother of the Year, and pays tribute to her and, in her name, to all those mothers whose diligence and devotion have made the American family the firm foundation of our national life; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and a duly authenticated copy, signed by the President and attested by the Secretary, be transmitted to Mrs. Lyell Rader, Sr.

Messrs. Dumont, Maraziti, Rinaldo, Sears, Hauser, Crabiel, McDermott, LaCorte, Miller and Bateman, offered the following resolution, which was read and adopted:

A resolution recommending the retention of the Reserve Officers' Training Program at Rutgers, the State University.

Whereas, In a recent referendum approximately 2,000 Rutgers College students voted 79% to 21% in favor of retaining the Reserve Officers Training Corps program on a purely voluntary basis at Rutgers; and

Whereas, The Rutgers College faculty voted 137 to 108 in favor of terminating ROTC at Rutgers after the 1970-1971 academic year; and

Whereas, Some 600 Rutgers College students are now enrolled in ROTC at the New Brunswick campus and are voluntarily seeking their commissions as second lieutenants; and

Whereas, The Rutgers Board of Governors is to meet on Friday, May 8, 1970, to determine the fate of ROTC at Rutgers and it is reported that the Rutgers administration will recommend to the Board of Governors that ROTC be terminated at Rutgers; and

Whereas, Such recommendation and subsequent action would discriminate unfairly against hundreds of Rutgers students who desire to fulfill their military obligations through the ROTC program; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. That it commends the action of the overwhelming majority of the students voting on this important issue; and

2. That it encourages the Rutgers Board of Governors to support this action by retaining ROTC at Rutgers so that the students who wish may so pursue their military careers.

Messrs. McDermott, Sciro, Crabiel and Coffee offered the following resolution, which was read and adopted:

Whereas, Walter P. Reuther, President of the United Automobile Workers Union and an outstanding figure in the leadership of organized labor, has met an untimely and much lamented death, along with his wife and several companions, in an airplane crash on May 10, 1970; and,

Whereas, Throughout his career in the union movement, Mr. Reuther showed great courage and tenacity in support of the interests of working men and women and in furtherance of the ideals and policies of organized labor; and,

Whereas, He was distinguished for the breadth of his sympathies, the depth of his commitment to honest, progressive and responsible unionism, and the bold and imaginative creativity of his conceptions of social ideals and human welfare; and,

Whereas, His untimely death by accident while still in the full possession and vigorous exercise of his mature powers is a severe loss not only to the union which he headed and
to organized labor generally, but to this Nation and the world; now, therefore,

*Be It Resolved, by the Senate of the State of New Jersey:*

That this House hereby notes with sorrow the premature loss of an outstanding American, Walter P. Reuther, pays tribute to his memory and honors his distinguished services and illustrious achievements, and extends condolences to his family, to the family of his wife, Mrs. May Reuther, and to their two daughters.

On motion of Mr. DelTufo,

Whereas, A number of students from Rutgers University and Douglass College are attending today's legislative session, and

Whereas, The reason for these students visiting the Legislature is to lobby, constructively, for reform in our State and Nation, and

Whereas, These students have impressed the members of the Legislature with the knowledge they have of State problems, and

Whereas, This Nation and our State are founded on the principles of free and complete expression of thought; now, therefore,

Be It Resolved, That the members of the New Jersey State Senate welcome these students visiting with us today, and

Be It Further Resolved, That the members of the Legislature express their appreciation for the efforts to maintain communications between the student population and the State Government.

Mr. Farley and all the Senators offered the following resolution, which was read and adopted by the following vote:

Whereas, The students and faculty of Rutgers University and Douglass College have been working diligently and
sincerely in making known their views through the accepted political processes of our American democracy; and

WHEREAS, Their efforts are a refreshing sign and a good indication that students and the academic community can and are willing to make their voices heard within the political system, and that the violent fulminations of a small minority are not characteristic of the great majority of students in our country, and

WHEREAS, Their concern over the war in Southeast Asia and desire to bring it to a conclusion as soon as possible is shared by all the members of the Senate; now, therefore,

Be it Resolved by the Senate of the State of New Jersey:

That the Senate hereby commends the students and faculty of Rutgers University for taking the duties of citizenship seriously and for pursuing their goals in a peaceful and orderly manner.

The following message was received from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
May 11, 1970.

SENATE BILL NO. 684

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 684, with my objections for reconsideration.

This bill would amend and supplement the "Municipal Planning Act (1953)," to provide protection for a developer or builder during his period of tentative approval when a legal action is pending which prevents him from proceeding with the project or development.

I am in favor of the purpose of the bill, however, the language should be corrected so that the bill does not have a broader effect than intended.

I return the bill with the recommendation that the language be corrected as follows:

Section 1, Line 1: After the word "that" delete the word "any" and insert the word "a".

Section 1, Lines 1 and 2: After the word "any" delete the words "political subdivision, party or other entity" and insert the words "State agency, political subdivision or other party, to protect the public health and welfare".

Respectfully,

[Seal]

/s/ RAYMOND H. BATEMAN,
Acting Governor.

/s/ JEAN E. MULFORD,
Acting Secretary to the Governor.

Mr. Rinaldo moved that Senate Bill No. 684, entitled "A supplement to the 'Municipal Planning Act (1953),' approved September 18, 1953 (P. L. 1953, c. 433, C. 40:55-1.1 et seq.)" be given first reading for the purpose of reenactment.

Which motion was adopted.
Senate Bill No. 684, entitled "A supplement to the 'Municipal Planning Act (1953),' approved September 18, 1953 (P. L. 1953, c. 433, C. 40:55–1.1 et seq.),"

Was read for the first time by its title, and given no reference.

Mr. Rinaldo offered the following amendments to Senate Bill No. 684, pursuant to the recommendations of the Governor, which amendments were adopted.

Amend page 1, section 1, line 1, after the word 'that', delete the word "any", and insert the word "a".

Amend page 1, section 1, lines 1 and 2, after the word "any", delete the words "political subdivision, party or other entity", and insert the words "State agency, political subdivision or other party, to protect the public health and welfare".

Mr. Rinaldo moved that Senate Bill No. 684, as amended pursuant to the recommendations of the Governor, be given second reading without reference, for the purpose of re-enactment, which motion was adopted.

Senate Bill No. 684, entitled "A supplement to the 'Municipal Planning Act (1953),' approved September 18, 1953 (P. L. 1953, c. 433, C. 40:55–1.1 et seq.),"

As amended, pursuant to the Governor's recommendations,

Messrs. Beadleston and Stout, offered the following resolution, which was read and adopted:

WHEREAS, The Borough of Oceanport was settled more than 300 years ago, was created a Borough in 1920 by the Legislature of the State, and is celebrating its 50th Anniversary as a Borough; and

WHEREAS, Oceanport served as a major seaport for the export of goods and produce of Monmouth County; and

WHEREAS, Oceanport has been for 100 years the mecca of those dedicated to the "improvement of the breed" at
Monmouth Park, founded in Oceanport in 1870 and now continuing its fine traditions in a new location in the Borough; and

Whereas, Oceanport had one of the first aerodromes when in 1917 pilots of the 122nd Aerosquadron were trained at Camp Alfred N. Vail, and after World War II that portion of the Borough on Horseneck Point became known as Fort Monmouth, the home of the U.S. Army Signal Corps; and

Whereas, The Borough of Oceanport had a population of 850 people at its founding, and today is a thriving and pleasant municipality where almost 10,000 New Jerseyans make their homes and enjoy its varied residential, commercial, cultural, and marine facilities and amenities; now, therefore,

Be It Resolved, by the Senate of the State of New Jersey:

That the Senate hereby congratulate the Borough of Oceanport upon its Golden Anniversary and convey to the Mayor, Council, and Citizens of the Borough the felicitations of the Senate upon the occasion; and,

Be It Further Resolved, That the President be directed to extend a welcome to the Honorable Franklin Ingram, Mayor of the Borough of Oceanport, on behalf of the Senate at the present session and to grant him the privileges of the floor; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate, and that a duly authenticated copy, signed by the President and attested by the Secretary, be transmitted to the Mayor and Council of the Borough of Oceanport.

With Senate amendment,

Was taken up, read a second time, considered by sections, agreed to, and ordered to have a third reading.

Messrs. McDermott, Rinaldo, LaCorte, Wallwork, Dowd and Matturri offered the following resolution, which was read and adopted:

A Senate Resolution memorializing the Consumer Credit Counselling Service of Northern New Jersey, Inc.

WHEREAS, There is presently a free, nonprofit organization known as the Consumer Credit Counselling Service of Northern New Jersey, Inc., located at 605 Broad Street, Newark, New Jersey, created for the sole purpose of rendering a free credit counselling service to help citizens of this State learn how to intelligently use their credit, and to provide them with a self help program to put their affairs in order, without charge. This organization was created approximately five years ago, and is supported by various businesses, banks, other financial grantors, credit bureaus, Chamber of Commerce, and Family Service Organizations, to further provide for the education of students and persons of limited means and income in this State, and to better understand individual and family budgeting, and to assist them in the handling of their economic problems; and

WHEREAS, Most family problems are due to a lack of understanding of economics and planning; and

WHEREAS, Many debtors are deficient in individual knowledge sufficient to handle their problems; and
WHEREAS, The Consumer Credit Counselling Service of Northern New Jersey, Inc. has served more than 3,000 citizens of this State in relation to their credit problems; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That the said Consumer Credit Counselling Service of Northern New Jersey, Inc., be memorialized and commended for its efforts in having served more than 3,000 citizens in the State of New Jersey, and for their continuing efforts in this program.

Messrs. White and H. A. Kelly offered the following resolution, which was read and adopted:

A Resolution creating a special committee to investigate the recent turmoil, unrest and violent and disruptive acts upon the campuses of New Jersey State Colleges, with particular attention to an incident at Glassboro State College on May 7, 1970.

WHEREAS, The Legislature is deeply concerned with recent turmoil, unrest and violent and disruptive acts upon the campuses of New Jersey State Colleges; and,

WHEREAS, A particularly disturbing incident occurred on May 7, 1970, at Glassboro State College, involving desecration of the American flag; and,

WHEREAS, Failure to clarify and resolve the causes of such disturbances and to formulate just and effective means of obviating their recurrence leaves a situation in which the resumption of violent disorderly and disruptive activities may occur at any time, to the great alarm and justifiable concern of the people of this State; and,

WHEREAS, Violence and disorder, or the fear thereof, are inimical to the educational process, and effectively curtail the lawful rights and privileges of those students who expect to pursue their academic objectives in an atmosphere suitable thereto; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. There is hereby created a special committee to consist of 3 members to be appointed from the membership of the Senate by the President thereof, no more than 2 of whom shall be of the same political party. Vacancies in the
membership of the commission shall be filled in the same manner as the original appointments were made.

2. The special committee, acting jointly with such similar special committee of the General Assembly, shall organize as soon as may be after the appointment of its members and shall select a chairman from among its members and a secretary who need not be a member of the committee.

3. It shall be the duty of said committee, acting jointly with said committee of the General Assembly, to make a full and thorough investigation of the recent turmoil, unrest and violent and disruptive acts upon the campuses of New Jersey State Colleges, with particular attention to the incident at Glassboro State College on May 7, 1970, and to report to the Legislature its findings and recommendations as to the causes thereof and the responsibilities of all persons, including students, faculty and college administrators, participating therein or concerned therewith, and as to any steps which it deems ought to be taken to remedy the present situation and prevent the recurrence of similar situations.

4. The committee shall be entitled to call to its assistance and avail itself of the services of such employees of any State, county or municipal department, board, bureau, commission or agency as it may require and as may be available to it for said purpose, and to employ such stenographic and clerical assistants and incur such traveling and other miscellaneous expenses as it may deem necessary, in order to perform its duties and as may be within the limits of funds appropriated or otherwise made available to it for said purposes.

5. For the purposes of carrying out the terms of this resolution, the committee shall have all the powers granted pursuant to chapter 13 of Title 52 of the Revised Statutes.

6. The committee may meet and hold hearings at such place or places as it shall designate during the sessions or recesses of the Legislature and shall report its findings and recommendations to the Legislature not later than January 1, 1971, accompanying the same with any legislative bills which it may desire to recommend for adoption by the Legislature.

The following message was received from the Governor:
To the Senate:

Pursuant to Article V, Section I, Paragraph 14 (b) of the Constitution, I herewith return Senate Bill No. 547, for reconsideration.

Senate Bill No. 547 would authorize counties to finance construction or acquisition of solid waste ("garbage") disposal facilities within their boundaries. It refers throughout to certain functions of the State Department of Health and the Commissioner thereof. However, with the approval of Chapter 33, Laws of 1970 on April 22, 1970, the functions of the State Department of Health regarding solid waste disposal were transferred to the Department of Environmental Protection. Also, Chapter 39 of the Laws of 1970, approved May 6, 1970, placed certain additional functions relating to solid waste in the Department of Environmental Protection. Both the aforementioned laws use the term "solid waste", which included "garbage" as that term is used in Senate Bill No. 547. Certain amendments, therefore, are required to make Senate Bill No. 547 compatible with Chapters 33 and 39 of the Laws of 1970.

In addition, Section 4 (5) of Senate Bill No. 547 would authorize acquisition by eminent domain of "lands under water and riparian rights." This language is so broad that it might be construed to conflict with the provisions of titles 12 and 13 which specifically deal with this subject and even allow condemnation of governmentally owned lands. This would be a situation the Legislature probably did not intend, but which could present troublesome problems in view of the present provisions of Section 15 of this bill regarding inconsistent other acts. This language should be narrowed to make it clear that land owned by other governmental units is not included.

Technical amendments are necessary to include in Senate Bill No. 547 references to the appropriate State Department and Commissioner charged with the responsibility for supervision of solid waste disposal facilities. I am also
taking the opportunity in this message to correct certain other technical defects.

Accordingly, I herewith return Senate Bill No. 547 without my approval and respectively recommend the following changes:

1. Page 1, in the Title, Line 1: Omit "garbage" insert "solid waste".

2. Page 1, in the Preamble, Line 3: Omit "garbage" insert "solid waste".

Mr. McDermott offered the following resolution, which was read and adopted:

Whereas, Our colleague, Senator Joseph J. Maraziti, valiantly won the exciting mule race at the Flemington Fair amid the applause of thousands in the grandstand; and

Whereas, A mule is a hybrid between a donkey and a horse, especially between a jackass and a mare, as distinguished from a hinny; and

Whereas, Mules are long-lived and have the patience and sure-footedness of the donkey with the strength of the horse, it was a sure bet that Senator Maraziti would win the round-the-track race; and

Whereas, The mule named "Caucus," which Senator Maraziti rode in the contest, was a mule of distinction and Senator Maraziti is a man of distinction imbued with determination and patience to tackle some of the greatest problems confronting the Legislature; therefore,

Be It Resolved, That the Senate does hereby congratulate Senator Maraziti on his great accomplishment and wish him well in the days ahead in the legislative halls in Trenton or Washington; and

Be It Further Resolved, That an emblazoned copy of this resolution be presented to Senator Maraziti in the near future.

SENATE BILL NO. 743

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 743, without my approval for the following reasons:

This bill would permit the Commissioner of Insurance to grant insurance agent’s licenses to chartered property and casualty underwriters and chartered life underwriters without examination.

These same provisions were contained in Assembly Bill No. 1038, which I signed into law on July 1, 1970, as P. L.
1970, c. 126. In view of such action, there is no need for further consideration of Senate Bill No. 743.

SENATE BILL NO. 764

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 764, with my objections, for reconsideration.

Senate Bill No. 764 authorizes the appointment of special police by educational institutions and repeals sections 15:11-16 through 15:11-20, inclusive, of the Revised Statutes. This bill would replace an outdated provision of existing law which allows for appointment of special police by educational institutions. R. S. 15:11-17 grants to special police appointed thereunder full police power with regard to criminal cases occurring anywhere throughout the county in which such institution of learning is located but does not provide any training requirement to insure that appointees will be prepared to properly exercise such extensive powers.

Even though Senate Bill No. 764 is a considerable stride toward improvement of the present law, I believe that certain changes, while not altering the substance of the bill as passed by the Legislature, will more effectively define jurisdictional responsibilities which are so important during the critical period which law enforcement is facing today. With regard to applications, they should be submitted to and approved by the local chief of police when the institution is located wholly within one municipality and such municipality has an organized full-time police department. This insures more effective cooperation between the municipality and the educational institution.

The power of special police to enforce laws regulating traffic and the operation of motor vehicles should be re-
stricted by the boundaries of the campus unless the local chief of police should agree to extend such power throughout the municipality. Special police appointed pursuant to this bill have sufficient responsibility within the boundaries of the campus where they are employed. While in some instances it may be desirable for them to render assistance to municipal police in connection with traffic control outside campus boundaries, this should be done only at the request of the local police chief.

Moreover, there seems to be no reason why the authorization to employ special police should be limited to institutions of higher education.

Accordingly, I herewith return Senate Bill No. 764 for reconsideration and recommend that it be amended as follows:

Page 1, Title: After “‘by’” insert “‘educational’”; omit “‘of higher education’”.

SENATE BILL NO. 792

To the Senate:

Pursuant to Article V, Section 1, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 792, with my objections, for reconsideration.

Senate Bill No. 792 would provide a special charter for the town of Hackettstown in the County of Warren. I note that the mayor and council of the town of Hackettstown have duly petitioned the Legislature pursuant to the provisions of section 1 of Chapter 199 of the Laws of 1948, as amended, and in accordance with the requirements of Article IV, Section VII, Paragraph 10 of the Constitution of 1947. I have no objection to the adoption of a new form of government for Hackettstown if the majority of the voters of that municipality are in favor thereof. However, in the proposed charter there exists a conflict between the mayor and the council with regard to personnel. The mayor is empowered to appoint all personnel with the advice and consent of the council, yet only the council can remove personnel. The new form of government selected by Hackettstown is that of Strong Mayor-Council, and therefore, it would be appropriate to consolidate the appointment and removal power in the mayor, acting with the advice and consent of the council.

I am also suggesting some minor changes to correct technical and printing errors as well as a subsection defining the powers of the mayor and council with regard to appointment and removal of personnel so that there might be no inconsistency with the provisions of Title 11 of the New Jersey Statutes where applicable.
Accordingly, I herewith return Senate Bill No. 792 for reconsideration and recommend that it be amended as follows:

Page 4, Article 3.1, Line 7: After the word ‘‘may’’, delete ‘‘:’’.

Page 4, Article 3.1, Line 8: Delete ‘‘(1) Require’’, and insert in lieu thereof ‘‘require’’.

Page 4, Article 3.1, Line 12: After the word ‘‘ment’’, delete ‘‘;’’ and insert in lieu thereof ‘‘.’’.

Page 4, Article 3.1: Delete lines 13 through 15.

Page 6, Article 4.1, Line 51: After subsection (g), insert ‘‘(h) The mayor shall have the power to remove all officers and employees with cause and with the advice and consent of the council.’’.

After the new subsection ‘‘(h)’’ insert ‘‘(i) No action taken by the mayor pursuant to subsections (g) and (h) of Article 4.1 shall be taken in a manner inconsistent with the provisions of Title 11 of the New Jersey Statutes, where applicable.’’.

Page 6, Article 4.1, Line 52: Delete ‘‘(h)’’ and insert in lieu thereof ‘‘(j)’’.

Page 6, Article 4.1, Line 57: After the word ‘‘designated’’, delete the word ‘‘by’’ and insert in lieu thereof the word ‘‘as’’.

Respectfully,

Senate Bill No. 792, entitled "An act to provide a special charter for the town of Hackettstown, in the county of Warren,"

As amended, pursuant to the Governor's recommendations,

Was taken up, read a second time, considered by sections, agreed to, and ordered to have a third reading.

Mr. Dumont offered the following resolution, which was read and adopted by the following vote:

Be It Resolved by the Senate by the vote of three-fourths of all of its members, signified by yeas and nays entered
on the Journal of the Senate, that Senate Bill No. 792, as amended pursuant to the Governor's recommendations, is an emergency measure and may proceed forthwith from second to third reading.

In the affirmative were—

In the negative—None.

On motion of Mr. Dumont,

Senate Bill No. 792, entitled "An act to provide a special charter for the town of Hackettstown, in the county of Warren,"

As amended, pursuant to the Governor's recommendations,

Was taken up, and read a third time.

Upon the question, "Shall this Senate bill pass?" it was decided as follows:

In the affirmative were—

In the negative—None.

Mr. Forsythe offered the following resolution, which was read and adopted:

WHEREAS, More than 40 airliners have been hijacked during the current year, to the endangerment and distress of innocent passengers, and the perpetration of such outrages has come to assume the proportions of a grave hazard to air travel and a major threat to the stability of international political and commercial relations; and,
WHEREAS, In recent days, the employment by Palestinian guerrillas of airliner hijacking as a deliberate technique to promote their political aims has added to the other hazards and suffering of abducted passengers the further risks, humiliation and distress attendant upon their being held as hostages; and,

WHEREAS, Among the air passengers subjected to such treatment have been several citizens of the United States, including some from this State; and,

WHEREAS, There is present today in the Senate Chamber Miss Ruth Smith of Willingboro, 12 years old, who recently returned to her home and family after several days of forcible detention by Palestinian guerrillas; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby extends to Miss Smith the welcome of the Senate, and expresses to her, on behalf of the government and people of this State, its sense of gratitude and relief at her safe return from the dangerous and distressing experience which she has undergone; and,

Be It Further Resolved, That the members of this House record their grave concern over the wanton causing of suffering and distress by the increasing frequency and gravity of airline hijacking incidents, and over the adverse effect of such incidents upon international commerce and political relations; and express the wish and hope that the government of the United States and of other responsible members of the community of nations will take effective steps to suppress this hazard to human welfare and international peace; and

Be It Further Resolved, That a copy of this resolution, signed by the President of the Senate and attested by the Secretary of the Senate be forwarded to Miss Smith.

On motion of Mr. Sears,

Senate Bill No. 764, entitled "An act authorizing the appointment of special police by institutions of higher education and repealing sections 15:11-16 through 15:11-20, inclusive, of the Revised Statutes,"

Was taken up and read for the first time by its title for the purpose of reenactment.
Mr. Sears offered the following Senate amendments to Senate Bill No. 764, which were adopted:

Mr. Sears offered the following resolution, which was read and adopted:

Resolved, That when the Senate adjourns, it be to meet on Saturday morning at 10:00 o’clock, and that when it then adjourn it be to meet on Monday, September 21, 1970 at 2:00 o’clock P. M.

On motion of Mr. Sears, the Senate then adjourned.
SATURDAY, September 19, 1970.

In the absence of the President, Mr. Sears took the Chair as President pro tempore.

Under the direction of the President pro tempore, the Secretary called the Senate, when the following Senator appeared and answered the call:

Mr. Sears—1.

As there was no quorum present, the Senate then adjourned.
MONDAY, September 21, 1970.

At 2:00 o’clock P. M. the Senate met.

The session was opened with prayer by the Reverend W. Neal Raver.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered the call:

On motion of Mr. Sears, the journal of the previous session was approved and its further reading was dispensed with.

Mr. Kay offered the following resolution, which was read and adopted:

Whereas, William C. Hunt, a former member of this Senate and for many years a prominent figure in the South Jersey business world, died on Sunday, July 12, 1970, at his home in Ocean View, Dennis Township, Cape May County, at the age of 98; and,

Whereas, Mr. Hunt was an active, effective and influential participant in divers phases of commercial and civic enterprise for the benefit and prosperity of the region in which he lived, and memorials to his vigorous activity may be found on the local boardwalk, in the theaters in Wildwood, Cape May and Stone Harbor and in the newspaper publications of The Wildwood Leader, Seven Mile Beach Reporter (Stone Harbor and Avalon) and the Cape May County Times; and,

Whereas, Mr. Hunt’s most beloved project was Burdette Tomlin Memorial Hospital, Cape May Court House of which he was one of the founders and for which he headed building fund drives; and,
Whereas, His civic interests lay in many fields, and his devoted and energetic support brought success to many worthy endeavors; and,

Whereas, Mr. Hunt was a member of this Senate in 1937, and of the General Assembly from 1933 to 1934; now, therefore,

Be It Resolved by the Senate and General Assembly of the State of New Jersey:

That this House hereby pays tribute to the memory of William C. Hunt, honors his many contributions to the business, civic and political life of this State, expresses regret at his passing, and extends to his widow, Katherine Hunt, to his sons, William D. Hunt and Guy B. Hunt, to his daughter, Mrs. Albert S. Bailie, and to his eight grandchildren and four great-grandchildren the condolences of the Senate; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and that a duly authenticated copy, signed by the President and attested by the Secretary, be transmitted to Katherine Hunt, his widow.

Messrs. Coffee and Ridolfi offered the following resolution, which was read and adopted:

Whereas, The Ewing Township Babe Ruth League All-Star Team recently gained the World's Championship of Babe Ruth class baseball in tournament play ending August 29, 1970, at Brawley, California; and,

Whereas, The victory of the Ewing Township team has brought honor to its community and this State, and has occasioned pride and satisfaction among the people of New Jersey and in particular of Ewing Township and Mercer County; and,

Whereas, The success of the Ewing team is in no small degree due to the devoted and competent direction of its manager and coaches, to the material and moral support of Babe Ruth League officials and of the parents, sponsors, and others who have supported the team; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby congratulates and commends the Ewing Township Babe Ruth League baseball team upon its World's Championship victory, and extends recognition to
the coaches, officials, parents and other persons to whose support, efforts, contributions and sacrifices the ability of the Ewing team to participate, compete and succeed in this endeavor was in no small measure due;

Be It Further Resolved, That particular congratulations are hereby extended to the members of the team, their manager and coaches, to wit:

Frederick A. Sickles, most valuable tournament player; Mark Bombara, Salvatore P. Cacciabaudo, Michael W. Cammarata, Frank Cipullo, Alfred DeBlasio, Gerald J. Festa, Gerard Goeke, Donald Henley, Ronald Henley, Samuel S. Holzhammer, Wayne Krenchicki, Frank Kuzniacki, Steven Pageau, Gregory J. Rafalski; David Cammarata, Bat Boy; Charles Cook, Mascot and to Manager Joseph Sgro, and Coaches Reginald Bentivogli and Carl Gray; and

Be It Further Resolved, That a special commendation be extended to President Charles Sista, Vice President Joseph Sgro, Recording Secretary Frederick A. Wilson, Corresponding Secretary Ralph Hibbs, Treasurer Harry Hartmann, Player Agent Linford J. Poinsett, Coach Robert Dorio, Tournament Director Blacey Cammarata and Executive Committee Members Herbert S. Clark and Frederick Keefer for their interest and dedication to the youth of Ewing Township, Mercer County, New Jersey.

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and that a duly authenticated copy, signed by the President and attested by the Secretary, be transmitted to Charles Sista, President of the Ewing Township Babe Ruth League, the Coaches and all the members of the Ewing Township Babe Ruth Championship Team.

Mr. Wallwork offered the following resolution, which was read and adopted:

WHEREAS, Patrolman Olaf Anderson, a police officer in the Township of Millburn, has been chosen for second place honors in the annual Valor Awards of the New Jersey State Policemen's Benevolent Association for fearless and courageous deeds, above and beyond the call of duty, in preventing an armed robbery on December 21, 1969; and

WHEREAS, Patrolman Anderson was chosen for this award for bravely and unselfishly surrendering his gun to an armed bandit to protect the life of a civilian hostage, allowing himself to be taken hostage, and then courageously bolting from the clutches of his captor, at great danger to his own life, to permit his fellow officers to wound and capture the felon; and

WHEREAS, Patrolman Anderson continued his fearless and dedicated course of conduct after his narrow escape from death by retrieving his revolver and preventing the escape of a second bandit involved in the attempted robbery; and

WHEREAS, The conduct of Patrolman Anderson is a shining example of the kind of service and dedication that police officers give to our society in preserving its laws and order, of the hazards and dangers they face in rendering such service, and a good indication of the reasons and necessity for strong and active support on the part of all citizens for police forces in our society; now, therefore,
Be It Resolved by the Senate of the State of New Jersey:

That this body hereby proudly extends its highest commendation to Patrolman Olaf Anderson for his valorous deeds in thwarting an armed robbery and its congratulations on his being chosen for second place honors in the annual Valor Awards of the New Jersey State Policemen’s Benevolent Association.

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and that a duly authenticated copy, signed by the President of the Senate and attested by the Secretary of the Senate, be transmitted to Patrolman Olaf Anderson.

Mr. Wallwork offered the following resolution, which was read and adopted:

Whereas, Leonard Blessing, Chairman of the Department of Science at Millburn Senior High School, through his innovative department leadership and outstanding achievements has brought numerous honors and acclaim to the Millburn Senior High School; and

Whereas, Mr. Blessing was named one of the 10 outstanding science teachers in the nation in 1966 and the “Outstanding Regional Biology Teacher for 1966” for the region comprising New York, New Jersey and Pennsylvania by the National Association of Biology Teachers; and

Whereas, Mr. Blessing is widely acclaimed for introducing “Unified Science,” a three-year curriculum which combines biology, physics and chemistry, and has received numerous other honors; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this body hereby extends its highest commendation and praise to Leonard Blessing for the honors and acclaim he has brought to the Millburn Senior High School through his innovative leadership and outstanding service.

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and a duly authenticated copy signed by the President of the Senate and attested by the Secretary of the Senate, be transmitted to Leonard Blessing.
Mr. Wallwork offered the following resolution, which was read and adopted:

Whereas, John W. Cresbaugh, Jr., managing editor of The Montclair Times and The Verona-Cedar Grove Times, has retired after 46 years of service in the Times organization; and

Whereas, Mr. Cresbaugh's career in journalism has been long and distinguished, and under his innovative leadership, first as editor of The Montclair Times in 1942, and then as managing editor of The Times organization since 1948, The Times' newspapers have received numerous awards and have provided the residents in the Montclair-Verona-Cedar Grove area with an outstanding local newspaper; and

Whereas, Mr. Cresbaugh has complemented his distinguished journalistic career with active involvement in civic affairs, and has been a moving force behind numerous athletic and recreational activities over his many years of residence in Montclair; and

Whereas, The long career of dedicated service to professional excellence in his chosen field of journalism and of active participation in local affairs of John W. Cresbaugh, Jr. deserves appropriate recognition and commendation; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this body hereby extends its highest commendation to John W. Cresbaugh, Jr. for a long and distinguished career in local journalism in New Jersey upon his retirement as managing editor of The Montclair Times and The Verona-Cedar Grove Times.

Be It Further Resolved. That this resolution be spread upon the Journal of the Senate, and that a duly authenticated copy, signed by the President of the Senate and attested by the Secretary of the Senate, be transmitted to Mr. Cresbaugh.

Mr. Waldor offered the following resolution, which was read and adopted:

Whereas, James LePore, a police officer in the Township of Millburn, acted heroically and courageously in thwarting an armed robbery of a supermarket in the township; and

Whereas, Patrolman LePore bravely surrendered himself and his weapon to the armed bandits to protect the lives of store employees who were being used as shields by the bandits; and

Whereas, Patrolman LePore, after being struck on the head with a shotgun and then fired at with the same weapon, heroically broke from his captor's grasp, enabling his fellow officers to wound and capture the gunman; and

Whereas, The valorous conduct by Patrolman LePore graphically illustrates the kind of service and dedication which police officers give to our society, and underscores the importance of continued and vigorous support by all citizens for our police forces; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this body hereby extends its highest commendation to Patrolman James LePore for his heroic and valorous conduct in thwarting an armed robbery in the Township of Millburn.

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and that a duly authenticated copy, signed by the President of the Senate and attested by the Secretary of the Senate, be transmitted to Patrolman LePore.

Mr. Wallwork offered the following resolution, which was read and adopted:

Whereas, The Montclair Times has been awarded honorable mention and a certificate for general excellence in the National Better Newspaper Contest sponsored by the National Newspaper Association; and

Whereas, This is the third occasion on which the Montclair Times has won the general excellence award, and is
the only weekly newspaper to have accomplished this feat; and

WHEREAS, The continued excellent quality exhibited by The Montclair Times in providing the residents of Montclair with an accurate and outstanding local newspaper has repeatedly brought national recognition and acclaim to the community; and

WHEREAS, It is fitting and appropriate for the Senate of the State of New Jersey to recognize and commend the Montclair Times for its excellence and outstanding achievements; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this body hereby extends its highest commendation and congratulations to the Montclair Times for receiving honorable mention and a certificate for general excellence in the National Better Newspaper Contest sponsored by the National Newspaper Association.

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and a duly authenticated copy, signed by the President of the Senate and attested by the Secretary of the Senate, be transmitted to The Montclair Times.

Mr. Wallwork offered the following resolution, which was read and adopted:

WHEREAS, Two Montclair detectives, Robert Cummings and Thomas Sobers, courageously thwarted an armed robbery of a supermarket in Upper Montclair on June 9, 1970 with alert action and accurate shooting; and

WHEREAS, Detectives Cummings and Sobers have been recommended by PBA Local 53 for a State Policemen's Benevolent Association valor award for their meritorious acts; and

WHEREAS, The actions of Detectives Cummings and Sobers graphically illustrate the kind of fearless and dedicated service police officers render to our society in the face of grave personal danger and underscore the need for continued, active support of police forces by all citizens; and

WHEREAS, These detectives are a credit to their own department and police forces everywhere, and their actions
should receive recognition and commendation; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this body hereby extends its highest commendation to Detectives Robert Cummings and Thomas Sobers for their valorous acts in the line of duty.

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and duly authenticated copies, signed by the President of the Senate and attested by the Secretary of the Senate, be transmitted to Detectives Cummings and Sobers.

Messrs. Coffee and Ridolfi offered the following resolution, which was read and adopted:

WHEREAS, David Raab, son of Rabbi and Mrs. Menachem Raab of the City of Trenton, Mercer County, last week returned home after a prolonged and perilous period of detention by Arab guerrillas who hijacked the airliner on which he was traveling and held its passengers as hostages; and,

WHEREAS, David’s safe return, which, after long uncertainty, occurred on the eve of the Rosh Hashana holiday, has been a source of profound relief and gratitude to his family, friends, neighbors and fellow citizens; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby welcomes the safe return of David Raab, and extends to his family a sincere sympathy in their prolonged anguish and shares with them their rejoicing at his deliverance from a perilous misadventure; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate, and that a duly authenticated copy, signed by the President and attested by the Secretary, be transmitted to David Raab and his parents.

Mr. Wallwork offered the following resolution, which was read and adopted:

WHEREAS, Judith G. Fernald is a respected member of the Board of Trustees of Paterson State College; and

WHEREAS, Mrs. Fernald served with distinction as president of the Upper Montclair Women’s Club; and
WHEREAS, Mrs. Fernald is a former co-chairman of the National Federation of Young Republicans; and

WHEREAS, In addition to her many civic, charitable, and educational activities, Mrs. Fernald is the loving wife of David Fernald and is also the devoted mother of three fine children; and

WHEREAS, Mrs. Fernald is successfully recovering from illness at Mountainside Hospital; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this body hereby extends its warmest wishes to Mrs. Fernald for a full and speedy recovery; and

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and that a duly authenticated copy, signed by the President of the Senate and attested by the Secretary of the Senate, be transmitted to Mrs. Fernald.

Messrs. Schiaffo, Knowlton and Woodcock offered the following resolution, which was read and adopted:

WHEREAS, On the night of May 14, 1970, several officers of the Teaneck Township Police Department, acting in the performance of their duty, were required to arrest a number of persons on the campus of Fairleigh Dickinson University on charges involving the alleged use of marijuana; and,

WHEREAS, While in the course of performing this duty, the officers were confronted by a gathering of students resentful of their presence and hostile to their actions, and from this confrontage a potentially explosive situation developed; and,

WHEREAS, In the face of conditions which might easily have led to the use of considerable force and to the injury of many persons, the police officers, by exercising flawless self-control and professional competence of the highest order, managed to resolve the situation without the use of force or injury to anyone; and,

WHEREAS, The individual officers who were involved in this incident, and whose command both of themselves and of the techniques of their profession brought a peaceful conclusion to a potentially violent situation were: Captain John Thompson, Lieutenant William Plusch, Sergeants
Joseph Begendorf, Robert Croonquist, Frederick Greene, Bryan Burke and Donald Campbell; Detective Patrolmen Thomas Kleiger, Anthony Scolpino and George Spath, and Patrolmen Frank Biamonte, Annibale DeVincentis, Harold Mason, John McLaughlin, Roy Meekins, Gerald Michels, Frederick Sahlberg, Jon Tiernan and John Woods; and,

WHEREAS, In letters of commendation to these officers, the Township Manager observed, "At a time when the climate upon the campuses of the universities throughout the country was highly unstable and charged with emotionalism, you demonstrated that such a situation could be dealt with in such a manner as to merit the commendation herein contained"; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby commends the officers of the Teaneck Township Police Department involved in the incident of May 14, 1970, as recited in the preamble of this resolution, for the cool, courageous and capable performance of their duty in a situation fraught with difficulties and charged with danger, and conveys to them and each of them the gratitude of the people of the State of New Jersey for their exemplary conduct, which reflects honor and credit upon the entire State as well as upon their Township and the police department of which they are members; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate, and that duly authenticated copies, signed by the President and attested by the Secretary, be transmitted to the Township Council of the Township of Teaneck, to Robert P. Fitzpatrick, Chief of Police of the Township of Teaneck, and to each of the officers whose names are recited in the preamble to this resolution.

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 (b) of the Constitution, I herewith return Senate Bill No. 534, with my objections, for reconsideration.

Senate Bill No. 534 amends section 40:151-1 of the Revised Statutes and would require that any persons desiring to form a volunteer fire company shall first present an
application to the Board of Fire Commissioners who shall then determine whether the proposed company is in the best interest of the fire district.

I am in favor of the concept of this bill since it would encourage the orderly growth of fire prevention activity within a district, thereby avoiding jurisdictional disputes and duplication of efforts. Before signing into law bills passed by the Legislature, it is my duty to review each bill carefully so that the public may be protected against unanticipated effects which might otherwise occur. The accumulation of necessary information for the review of Senate Bill No. 534 brought us perilously close to June 30, 1970, set forth in the bill as the final date for submission to the respective Boards of Fire Commissioners of applications for approval by volunteer fire companies presently in existence but not recognized by said Boards. It is my opinion that a period of 90 days should be allowed for those unrecognized volunteer fire companies to make application for approval to their respective Boards of Fire Commissioners.

Accordingly, I herewith return Senate Bill No. 534 for reconsideration and recommend that it be amended as follows:

Page 2, Section 1, Lines 30-31: After the word "afore-said", delete "by June 30, 1970" and insert "within 90 days after the effective date of this act".

Respectfully,

[SEAL] WILLIAM T. CAHILL, Governor.

Attest: JEAN E. MULFORD, Secretary to the Governor.

Messrs. Coffee and Ridolfi offered the following resolution, which was read and adopted:

Whereas, The family of Rabbi Menachem Raab was abruptly separated as the result of the hijacking by Arab guerrillas of the airliner on which they were traveling from Israel to the United States; and

Whereas, Mrs. Sarah Raab and her children, Tikva, Noam, Yanon and Moshe were among those passengers who were first released by the Arab guerrillas and permitted to return to the United States; and

Whereas, David Raab, who had been held as a continued hostage of the Arab guerrillas and remained in captivity during the civil strife in Jordan, was finally permitted to return to his home and family safely and unharmed; and

Whereas, The Raab family has been joined by Mr. Hammer, the father of Mrs. Raab, in a joyous family reunion; and

Whereas, This reuniting of the Raab family has brought rejoicing and relief, not only to the family, itself, but to their many relatives and friends and to the citizens of New Jersey who shared their anxieties and concerns; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House extends a welcome to Rabbi and Mrs. Raab and their children and family and expresses to them its best wishes for a happy and prosperous New Year dur-
ing this period of the Rosh Hashana and Yom Kippur holidays.

*Be It Further Resolved*, That this resolution be spread upon the Journal of the Senate, and that a duly authenticated copy, signed by the President and attested by the Secretary, be transmitted to the family of Rabbi Menachem Raab.

Mr. Bateman offered the following resolution, which was read and adopted:

A Senate Resolution designating October 17, 1970 as a day of observance commemorating the fiftieth anniversary of the founding of the American Civil Liberties Union.

Whereas, The American Civil Liberties Union, evolving out of the former National Civil Liberties Bureau, was founded in 1920; and

Whereas, Through the half century of its operation, the American Civil Liberties Union, through its initiation or support of litigation and through its advocacy of legislative measures, has consistently and vigorously sought to protect and extend the freedom of the individual to think, speak and act in accordance with the dictates of his conscience and convictions; and

Whereas, Without partisan or sectarian bias, the many able and distinguished persons who founded and who support and execute the policies of the American Civil Liberties Union have endeavored to secure the rights of all persons who are accused of crimes or who, by reason of dissidence or dissent from established opinions and institutions, are subject to social or political pressures or repression; and

Whereas, The devotion of the American Civil Liberties Union to the practical implementation of those rights and freedoms which are basic to our State and Federal Constitutions and vital to the functioning of a truly democratic system of government has constituted a valuable contribution to the public good of this State and Nation; now, therefore,
Be It Resolved by the Senate of the State of New Jersey:

That October 17, 1970, is hereby declared and set aside as a day of observance commemorating the fiftieth anniversary of the founding of the American Civil Liberties Union, and the people of this State are hereby advised and urged to participate in the said observance through appropriate ceremonies and other activities; and

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate, and that duly authenticated copies, signed by the President and attested by the Secretary be transmitted to the Board of Directors of the American Civil Liberties Union and to its affiliate in this State, the American Civil Liberties Union of New Jersey.

Assembly Bill No. 1207, entitled "An act requiring the approval, inspection and regulation of narcotic *and drug abuse* treatment centers, providing for standards and regulations and penalties for violations thereof,"

Assembly Bill No. 1211, entitled "An act to establish a Statewide clinic system of drug abuse treatment and counseling clinics, providing for operating standards and rules and regulations, amending P. L. 1964, c. 226, and supplementing 'An act making appropriations for the support of the State Government and the several public purposes for the fiscal year ending June 30, 1971, regulating the disbursement thereof,' approved June 15, 1970 (P. L. 1970, c. 96),"

Assembly Bill No. 1212, entitled "An act to provide for research and demonstration grants to local school districts, supplementing Title 18A of the New Jersey Statutes and supplementing 'An act making appropriations for the support of the State Government and the several public purposes for the fiscal year ending June 30, 1971, and regulating the disbursement thereof,' approved June 15, 1970 (P. L. 1970, c. 96),"

And

Assembly Bill No. 1235, entitled "An act to amend 'An act providing for drug education programs for teachers and pupils as part of their curriculum in certain cases, and supplementing Title 18A of the New Jersey Statutes,' approved June 3, 1970 (P. L. 1970, c. 85),"

NEW JERSEY SENATE

November 23, 1970.

Honorable Raymond H. Bateman,
President of the Senate,
State House,
Trenton, N. J. 08625

Dear Sir:

I have accepted my appointment as General Counsel to the New Jersey Turnpike Authority on Tuesday, November
17, 1970 and, therefore, hereby submit my resignation as the Senator from Essex County (Eleventh District), said resignation to be effective as of November 16, 1970. I respectfully request that the same be accepted.

At this time I would like to express my thanks for the many kindnesses, courtesies and considerations which were extended to the County and people which I represented. Also many thanks to other members of the Senate, their aides, staff, our Secretary, and to you in particular, Ray, with whom I began my "political career."

I have thoroughly enjoyed my service as a member of the body and am truly grateful for the many fine associations it has permitted me to develop and shall always cherish the many pleasant memories I have garnered during my association as a member of the Senate.

Respectfully,

DAVID W. DOWD,
Senator, Essex County.

DWD/mth

NEW JERSEY SENATE
November 24, 1970.

Honorable Raymond H. Bateman,
President of the Senate,
State House,
Trenton, New Jersey.

DEAR Ray:

I herewith submit my resignation as a New Jersey State Senator representing the Ninth Senatorial District, Union County, to become effective on the eighth day of December, 1970, or as soon thereafter as I take the oath of office as a member of the Division of Tax Appeals.

I am grateful that I have had the opportunity to have been associated with such a fine legislative body. I have always felt that a distinct honor had been bestowed upon me, and I shall treasure the warm friendships of my colleagues.

I want to thank them, their aides, the staff and our Secretary for their very fine cooperation.
I shall leave the Senate with pleasing thoughts and fond memories.

Respectfully yours,

NICHOLAS SYLVESTER LACORTE.

New Jersey Senate

November 9, 1970.

Honorable Raymond H. Bateman,
President, New Jersey Senate,
383 W. State St.,
Trenton, N. J. 08618

Dear Ray:

I will take my seat as Member of the House of Representa-
tives, Sixth District, New Jersey on November 16. At
that time, my seat in the Senate will become vacant accord-
ing to the Constitution.

I have enjoyed my years of service as a member of one
of the great legislative bodies in this nation. I know I will
miss this association, at the same time I look forward to
the challenge of my new post in Washington.

Please express my thanks to all of the members and staff
for their help and cooperation.

Sincerely,

EDWIN B. FORSYTHE.

The following message was received from the General
Assembly by the hands of its Clerk:

STATE OF NEW JERSEY,
GENERAL ASSEMBLY CHAMBER,

MR. PRESIDENT:

I am directed by the General Assembly to inform the
Senate that the General Assembly has passed the following
bill:

Senate Bill No. 651,

PAT CHARLES,
Clerk of the General Assembly.
Messrs. Waldor, DelTufo, Dowd, Giuliano, Matturri and Wallwork offered the following resolution, which was read and adopted:

Whereas, On December 7, 1941, this nation was abruptly plunged into a world war by a sudden attack which it had inadequately foreseen and for which it was insufficiently prepared; and

Whereas, The swift and devastating attack made upon our forces at Pearl Harbor on that date took the lives of many brave Americans, caused crippling damage to our fleet and aerial forces, and gravely compromised our defensive position in the Pacific; and

Whereas, Through the patriotic endeavor and united effort of our people, and the bravery of our military and naval forces, the United States recovered from this initial blow, rallied, drove back the advancing enemy and, together with our Allies, brought the war to a victorious conclusion in both the European and Pacific theatres within four years after the attack on Pearl Harbor; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That, upon this anniversary of the attack on Pearl Harbor, this House hereby calls to memory the tragic fate of the many brave men whose lives were sacrificed on that occasion; and likewise calls to memory the vast and vigorous effort by which the courage and patriotism of a united people surmounted that initial blow; and further prays that the example of what great accomplishments may come from national unity of purpose in the face of adverse conditions may not be lost upon this and succeeding generations.

Mr. Waldor, Chairman of the Committee on Taxation, reported

Assembly Bill No. 1144,
Favorably, without amendment.

Assembly Bill No. 1144, entitled “An act to amend and supplement the ‘Emergency Transportation Tax Act,’ approved May 29, 1961 (P. L. 1961, c. 32),”
Was taken up, read a second time, considered by sections, agreed to, and ordered to have a third reading.

Mr. Knowlton offered the following resolution, which was read and adopted by the following vote:

*Be It Resolved by the Senate* by the vote of three-fourths of all of its members, signified by yeas and nays entered on the *Journal* of the Senate, that Assembly Bill No. 1144 is an emergency measure and may proceed forthwith from second to third reading.

In the affirmative were—

In the negative—None.

Senate Concurrent Resolution No. 77, entitled "A concurrent resolution memorializing the Congress of the United States to amend the Constitution of the United States in accordance with Article V of said Constitution,"

Which was read and adopted by a voice vote.

Mr. Dickinson offered the following resolution, which was read and adopted:

WHEREAS, An act passed by the New Jersey Legislature on April 7, 1920 (L. 1920, c. 126) authorized the State Agricultural Experiment Station to conduct "an investigation of the biology of sewage disposal . . ."; and,

WHEREAS, This act was the instrument for forming the first interdisciplinary organization in this country directed toward the problems of the environment, which have now become a vital concern to everyone in public and private life; and,

WHEREAS, It is our good fortune to enjoy the benefits of that visionary legislative action more than half a century ago; and,

WHEREAS, The Department of Environmental Sciences at Rutgers, The State University (of which the Agricultural
Experiment Station forms a part), has gained national and international reputations for its outstanding contributions in research, field services and graduate study; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby recognizes, commends and honors the fifty years of environmental studies and of applications of environmental knowledge which have been developed at Rutgers, The State University and the continuing developments in that sphere of knowledge and technique now going forward in that institution; and,

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate, and that duly authenticated copies, signed by the President and attested by the Secretary, be transmitted to the Rutgers Board of Governors, the President of the University and the Dean of the College of Agriculture and Environmental Science.

Mr. Rinaldo offered the following resolution, which was read and adopted:

Whereas, The Honorable F. Edward Biertuempfel has been a member of the township committee of the Township of Union, Union County, continuously since January 1, 1930, and has been Mayor since April 4, 1940; and,

Whereas, Mayor Biertuempfel is believed to have recorded the longest continuous tenure in elective office of any individual in the history of this State; and,

Whereas, In addition to his service to the Township of Union, Mayor Biertuempfel has been a member of the Board of Chosen Freeholders of the County of Union and served for 18 years as a member of the Union County Board of Taxation, of which he was president; and,

Whereas, The New Jersey Conference of Mayors honored Mayor Biertuempfel at its annual Fall Meeting held on November 19, 1970, in Atlantic City; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House joins with the New Jersey Conference of Mayors and with the citizens of Union Township, of Union County and of this State generally in honoring Mayor Biertuempfel for his long and distinguished record of dedicated public service; and,
Be It Further Resolved, That this resolution be spread upon the journal of the Senate and that a duly authenticated copy, signed by the President and attested by the Secretary, be transmitted to Mayor Biertuempfel.

Mr. Rinaldo offered the following resolution, which was read and adopted:

WHEREAS, Elliott Maddox, a graduate of Union High School, where he was an honor student and took an active part in sports and became shortstop on the New Jersey All-State Team, received a baseball scholarship to the University of Michigan, where he is now in his senior year; and

WHEREAS, Elliott Maddox has not only excelled in baseball when in 1968 he was the batting champion of the Big Ten Conference but has also earned an academic scholarship; and

WHEREAS, As a result of his impressive record, he was signed by the Detroit Tigers, on which team he played this year and was voted "Rookie of the Year"; and

WHEREAS, Elliott Maddox, has been signed by and will play for the Washington Senators in 1971; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby congratulate Elliott Maddox on his excellent college record and outstanding baseball career which originated in the State of New Jersey.

Be It Further Resolved, That a duly authenticated copy of this resolution, signed by the President and attested by the Secretary, be transmitted to Elliott Maddox.

On motion of Mr. Hiering,

Was withdrawn from the files.

Mr. Italiano offered the following resolution, which was read and adopted:

WHEREAS, The Cramer Hill Boys’ Club of Camden recently sponsored the Sixteenth Annual Kids’ Army-Navy Bowl Game of the Pop Warner football program, held at
Franklin Field, Philadelphia, on November 28, 1970, in which the Cramer Hill Boys’ Club team and the Rome (New York) Colts participated; and,

Whereas, The aims of the Pop Warner program are to inspire youth, regardless of race, creed or color, to practice the ideals of teamwork, sportsmanship, scholarship, and physical fitness exemplified in the life of the late Glenn Scobie (Pop) Warner, and to encourage adults to work together for the best interests of the youth; and,

Whereas, The laudable aims of this program have received notable support from the Cramer Hill Boys’ Club Camden; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby commends the Cramer Hill Boys’ Club of Camden for its participation in and support of the Pop Warner football program.

Be It Further Resolved, That the Cramer Hill Boys’ Club of Camden be congratulated on its splendid victory in the aforesaid Kids’ Army-Navy Bowl Game, and

Be It Further Resolved, That a copy of this resolution signed by the President of the Senate and attested by its Secretary be forwarded to the coaches and members of the championship team.

On motion of Mr. Dumont, Mr. Rinaldo was added as a co-sponsor of Senate Bill No. 538.

Mr. Wallwork offered the following resolution, which was read and adopted:

Whereas, The Delta Engineering and Conditioning Company located in the City of Newark celebrated its 25th anniversary in business on October 16, 1970 and

Whereas, this company has been providing air conditioning and refrigeration equipment and services to industry in northern New Jersey, employment opportunities for many citizens and residents, and a significant contribution to the economy and overall health, safety, well-being and prosperity of our State for a quarter of a century; and

Whereas, William Adelman, president of the company, and Edward Parlin, its vice-president, and all of the other officers, members and employees of the company deserve
sincere and warm congratulations for their long-standing and important contribution to the free enterprise system, a bulwark of our way of life and a primary cause of the greatness of our State and Country, and the heartiest best wishes for continued good fortune in the future; and

Whereas, it is not only fitting and proper but also important for the Senate to recognize, congratulate and encourage the type of dedication and service that the Delta Engineering and Conditioning Company has been rendering to our State and its citizens; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this body hereby extends its sincere and warm congratulations and its heartiest best wishes for continued good fortune in the future to the Delta Engineering and Conditioning Company on the occasion of its 25th anniversary in business.

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and that a duly authenticated copy, signed by the President of the Senate and attested by the Secretary of the Senate, be transmitted to the Delta Engineering and Conditioning Company.

Messrs. DelTufo, Dowd, Giuliano, Matturri, Waldor and Wallwork offered the following resolution, which was read and adopted:

Whereas, The Howard Savings Institution of the City of Newark has become the first banking institution in the history of this State to attain a total of assets exceeding one billion dollars; and,

Whereas, The outstanding prosperity and growth of this institution have been the merited reward and consequence of its 113 years of industrious and progressive service to the people of its community and of this State; and,

Whereas, The sound, diligent and imaginative financial leadership which have characterized the long, distinguished history of the Howard Savings Institution is characterized by its pioneering work in developing school savings programs, whereby the virtues of thrift have been widely inculcated and the rewards thereof diffused and by its extensive investments in the home mortgage field, where it has assisted thousands of New Jerseyans to become owners of their own homes and has invested a large propor-
tion of its considerable assets in a manner most conducive to the true prosperity of this State and its people now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby congratulates the Howard Savings Institution on its growth and eminence among the banking institutions of this State, and commends it for its leadership in the financial community and its distinguished service to the people of its community and State; and

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and that a copy, signed by the President of the Senate and attested by its Secretary, be forwarded to the Howard Savings Institution.

Messrs. Rinaldo, Crabiel and all the Senators offered the following resolution, which was read and adopted:

Whereas, On the night of Saturday, December 6, 1970, an explosion, followed by secondary explosions and attendant conflagrations, devastated a large area of the Bayway Refinery of the Humble Oil Company, located in Linden, New Jersey, causing injuries to 37 persons and millions of dollars in property damage; and,

Whereas, Thanks to the labors of more than 700 firemen, who battled the blaze through the night and into the following day, and to the assistance of other public safety personnel, the potential damage of this enormous conflagration was successfully confined and the possibilities of panic and disruption in the adjacent area effectively combatted; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby commends and praises the work of the Bayway Refinery fire-fighting staff, of the Linden and Elizabeth Police and Fire Departments and of all other police and fire agencies which responded to the emergency and capably combatted the peril.
