**BUSINESS EMPLOYMENT
INCENTIVE PROGRAM**

ANNUAL REPORT
Fiscal Year 2013

Business Employment Incentive Program (BEIP) Annual Report FY2013

In accordance with P.L. 2003, c.166, the New Jersey Economic Development Authority (EDA), submits this report detailing Fiscal Year 2013 activity for the Business Employment Incentive Program (BEIP).

As required by statute, the report includes the following: the number of BEIP agreements entered into by the State during FY2013 with a description of each; number of jobs created under each project; new income tax revenue received from withholdings; the amounts awarded to each project as grants; and, an update on the status of projects under each agreement.

In September of 2013, Governor Chris Christie signed New Jersey Economic Opportunity Act of 2013, P.L. 2013, c. 161. The Act streamlines New Jersey's five existing economic development incentive programs, including BEIP, into two; the Grow New Jersey Assistance (Grow NJ) Program will be the State's main job creation and retention incentive program and the Economic Redevelopment and Growth (ERG) program will be New Jersey's key developer incentive program. In accordance with the Act and effective September 18, 2013, the EDA is no longer accepting applications for assistance under the BEIP program.

All pending applications submitted for approval under this program were acted on by December 31, 2013. Any existing BEIP requiring modification will be addressed through existing rules at NJAC 19:31-10.2. As a result of the enhanced incentive programs available through the Economic Opportunity Act, some BEIP projects will be terminated in order to utilize the new incentive programs.

Pursuant to provisions in the Act, the EDA shall not enter into an incentive agreement with a business that has previously received incentives pursuant to the "Business Retention and Relocation Assistance Act," P.L.1996, c.25 (C.34:1B-112 et seq.), the "Business Employment Incentive Program Act," P.L.1996, c.26 (C.34:1B-124 et seq.), or any other program administered by EDA unless the business has satisfied all of its obligations underlying the previous award of incentives or is compliant with section 4 of P.L.2011, c.149 (C.34:1B-245) which provides that a business terminating an existing incentive agreement in order to participate in an incentive agreement pursuant to the P.L. 2013, 161, shall be subject to recapture calculated to recognize the period of time that the business was in compliance prior to termination.

Since EDA is no longer accepting BEIP applications, there will be no new activity to report. As a result, this will be the final BEIP annual report that EDA will be issuing. Information regarding existing projects in EDA's portfolio related to the BEIP program will continue to be updated on EDA's website (About Us > Public Information > Incentives Activity Reports.)

Overall BEIP Activity

From the inception of BEIP in 1996 through December 31, 2013, the EDA has executed 499 BEIP agreements valued at nearly \$1.6 billion over the term of the grants and leveraging more than \$12.6 billion in total public/private investment. *To date, BEIP grants have spurred the*

creation of 105,766 actual jobs, surpassing original estimates from the companies at the time of application. Over \$1.5 billion has been disbursed to date for the creation of these jobs.

FY2013 BEIP Activity

During FY2013, the EDA executed 30 BEIP agreements worth an estimated \$64.2 million over the term of the grants (*Note: Executed projects are those in which the EDA Board has approved the project and an agreement between the company and the EDA has been executed*).

The 30 projects are expected to create approximately 3,355 new jobs over the next two years. During FY2013, businesses representing these 30 projects have reported the actual creation of 833 new jobs. These projects are also anticipated to invest more than \$282 million in private funds in New Jersey.

Attached, as *Exhibit A*, is a list of all the projects which executed a BEIP grant agreement in FY2013, including the date of execution, award percentage, grant term, estimated job creation total, jobs created to date, estimated grant award total, total project investment, project location, originating city/state, and legislative district.

To date, there has been no disbursement to projects that executed in FY2013. (*Note: In many cases, no new withholding tax has yet been reported to the EDA by the company, as the recipient companies are not required to do so until they have reached their minimum job creation threshold*).

Also, attached, as *Exhibit B*, is a chart reflecting all BEIP grants executed to date since the inception of the program, including the FY2013 projects.

Budgetary Impact of BEIP Program

EDA's annual appropriation for BEIP disbursement in FY2013 was \$175 million.

Project Examples

Below are examples of three of the many businesses assisted through BEIP under the Christie Administration.

Bayer HealthCare LLC and Affiliates, Whippany

EDA executed a BEIP grant with Bayer for \$25 million to locate its East Coast headquarters into a new facility in Whippany. Bayer is a German global conglomerate with its core competencies in healthcare (consumer health, diabetes care, pharmaceuticals, and animal health), crop protection, environmental science/bioscience, and advanced material sciences. It is well-known for its original brand of Aspirin®. This assistance is expected to leverage \$99 million in capital investments and is expected to result in the creation of 500 new jobs.

Dendreon Corporation, Bridgewater

EDA executed a BEIP grant with Dendreon Corporation Inc for \$4.25 million to support an expansion of the company's operations in Bridgewater. Founded in 1992, Dendreon Corporation is exploring the application of additional active cellular immunotherapy product candidates and small molecules for the potential treatment of a variety of cancers. This assistance is expected to leverage \$4.38 million in capital investments and is expected to result in the creation of 85 new jobs.

Intervet Inc., Summit

EDA executed a BEIP grant with Intervet Inc. for \$3.9 million to establish its U.S. headquarters in Summit. Intervet, also known as Merck Animal Health outside the US and Canada, is a global animal health and research driven company headquartered in the Netherlands. The applicant develops, manufactures and markets a broad range of veterinary medicines and services. This assistance is expected to leverage \$10.9 million in capital investment and is expected to result in the creation of 80 new jobs.

BEIP Monthly Updates

For monthly updates on executed BEIP projects, please visit the EDA's website at <http://www.njeda.com/beipactivity>.
