### Governor Christie: The Speaker Is Playing A Very Dangerous Game

[Watch The Video Here](#)

#### Transcript:

**Governor Christie:** I have a bipartisan deal with the Senate, now I have something to talk about. The Speaker has just been putting out press releases about what he won't do. The Speaker wants to talk to me, I'm right in this building, he's happy to call me anytime he wants I'd be happy to take his call. If government closes, it closes. So, I mean, I have to tell you the truth I think that what will happen is government will close, and the state parks are part of government. I mean he's playing a very dangerous game here for reasons that I can't even begin to understand, and this is all about him now. You know over time, I've had my conflicts with both the Speaker and the Senate President, and they both gang up on me. But this is a situation where I have an agreement, I bipartisan agreement with the members of the Senate.
