The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

**Navigating through the reports:**

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

**Other Resources:**

- Review the [Parent Summary Report](#) or the [district-level report](#) for this school.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

### Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:

This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school’s technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school’s LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

**Faculty**: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

**Teachers**: All classroom teachers

**Administrators**: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

**Full-Time Equivalent**: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	66.2	17.5%
Mathematics Proficiency	67.9	17.5%
English Language Arts Growth	41.7	25.0%
Mathematics Growth	81.5	25.0%

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group’s performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 <b>Staff and Professional Learning:</b>	<p>PD for our staff members is ongoing and translates directly to our programs of study. Our curriculum chairs who are provided additional PD in that is turned keyed to their department. Curriculum teams meet on a weekly basis to share best practices and to discuss student progress. A professional literature coach works with teachers in the elementary grades to model best practices in the area of language arts. Articulation with the High School ensures a smooth transition for our students.</p>
 <b>Student Supports and Services:</b>	<p>We offer a full continuum of services for students with disabilities including, In-class Support, In-class Replacement and Resource Center. Related services include Speech Language, Teacher of the Deaf, Commission of the Blind, Occupational Therapy, Physical Therapy, Behavioral Support and Counseling. Our Intervention and Referral Services Team assists students who are experiencing learning, behavior, or health difficulties. We offer a tutoring program and academic support program.</p>
 <b>Student Health and Wellness:</b>	<p>A student health and wellness committee designs programs for our students. Our students have recess, movement/brain breaks and kinesthetic equipment in the classroom supported through a grant from the Hunterdon Medical Center and our PTO. All students take part in health and PE classes. Our middle school students take part health and wellness day and our elementary students take part in a field day each spring. Our Peaceful Planters program supports the emotional well-being of our students.</p>
 <b>Parent and Community Involvement:</b>	<p>The objectives of our PTO are to provide a means for parents and school staff to work together to promote the interests and welfare of the students. They support educational, cultural, and recreational opportunities. Our Educational Foundation (S.E.E.D.) is an independent, not-for-profit organization, organized in order to provide educational opportunities. The Foundation's primary mission is to fund special projects and equipment grants to teachers for use in their classrooms.</p>

 <p>Climate Surveys:</p>	<p>Is a Climate Survey Used: Yes; Who is surveyed: Students, Administrators, Teachers</p> <p>School climate is measured through student surveys, staff meetings and our Safety team. We have begun the implementation of a school community designed program entitled "Leading and Learning Together" to foster student leadership, decision making and problem solving skills.</p>
 <p>Facilities:</p>	<p>Our original building was built in 1939 with many additions and renovations throughout the years to meet our current educational needs. Our MS library was recently updated with the goal of encouraging collaboration, communication and learning. The library supports the curriculum as well as encourages students to read. Classes are geared to help students become responsible digital citizens, curious learners, as well as able navigators and critical searchers of information.</p>

Other Information:

Classes begin at 8:17 a.m. and end at 2:35 a.m. for K-4 students. Classes begin at 9:05 a.m. and end at 3:23 p.m. for 5-8 students. We offer an inclusive half day pre-school program with a.m. and p.m. sessions. HTS is a school of choice. Class trips are an important extension of the classroom. Our seventh grade students take part in an overnight environmental program that fosters problem solving and team building. Our eighth grade year culminates with an overnight trip of historical significance with the opportunity for learning and celebration. Our jazz band is provided a music scholarship from a local family that enables us annually to run a week long jazz camp with renown composers/performers. The school counselors are available to provide a variety of counseling services to our students and families. Character education lessons are provided within our classrooms and assembly programs provide prevention education for our students. Student council plans many events to foster school spirit and leadership. Our community plays an important role in our students' success. There is a true collaboration with our community with adults and students sharing their expertise. Our faculty are recognized as leaders and are often called upon to present at professional workshops in NJ and nationally.
