1. Section 2 of P.L.1975, c.361 (C.54:3-27.2) is amended to read as follows:

C.54:3-27.2 Refund of excess taxes; interest.

2. Except as required in paragraph (2) of subsection a. of section 2 of P.L.1983, c.137 (C.54:4-134), in the event that a taxpayer is successful in an appeal from an assessment on real property, the respective taxing district shall refund any excess taxes paid, together with interest thereon from the date of payment at a rate of 5% per annum, less any amount of taxes, interest, or both, which may be applied against delinquencies pursuant to section 2 of P.L.1983, c.137 (C.54:4-134), within 60 days of the date of final judgment.

2. Section 2 of P.L.1983, c.137 (C.54:4-134) is amended to read as follows:

C.54:4-134 Application of refund to delinquency.

2. a. (1) Whenever the owner of real property shall be entitled, pursuant to a determination of a county board of taxation or a judgment of the tax court, to a refund of all or any portion of the property taxes paid against the property in any given year, and any property taxes, water or sewer payments, or parking or payroll taxes imposed or to be collected by the municipality against that property or the owner or owners of that property are delinquent at the time of the determination or judgment, the governing body of the municipality constituting the taxing district in which the property is located may apply the refund, or such portion thereof as may be necessary, including any accrued interest, against the delinquency.

(2) In addition to the application of a refund against a delinquency as set forth in paragraph (1) of this subsection, a refund from an appeal on the assessment of a property that was a constituent part of an industrial site or complex that is currently vacant or underutilized, and that is subject to any federal or State court order, or administrative action or order, for environmental remediation, shall be deposited by the taxing district with the Commissioner of Environmental Protection, to be used to ensure required site
remediation. Once the industrial site has been remediated, any remaining refund amounts shall be returned by the commissioner to the taxpayer within 30 days after completion of the site remediation. Any monies not returned within 30 days shall be paid, with interest, from the date of completion of the site remediation, at a rate of 5% per annum. The provisions of this paragraph shall not apply to any property for which a remediation trust fund has been established pursuant to the provisions of section 25 of P.L.1993, c.139 (C.58:10B-3).

b. If the total amount of the refund is equal to or exceeds the total amount of the delinquency, the lien against the property for unpaid taxes shall be extinguished, and the balance, if any, remaining after the application of the refund against the delinquency shall be forwarded to the owner not later than 60 days after the date of the determination of the county board of taxation or the tax court judgment, as the case may be. If the total amount of the delinquency exceeds the total amount of the refund, the balance of the delinquency remaining shall remain a lien against the property.

C.58:10B-3.2 Annual charge for prompt remediation of certain industrial properties; inapplicability.

3. a. Except as provided in subsection b. of this section, whenever an industrial property that is subject to any federal or State court order, or administrative action or order, for environmental remediation becomes vacant or underutilized, the municipality in which the property is located may assess an annual charge to ensure the prompt remediation of the property. The charge shall not exceed the difference between the amount of property taxes paid on the property in the last year of full industrial operation and the amount of property taxes paid on the property for the current year. Unpaid charges shall constitute a lien on the property and shall be collected in the same manner as property taxes. The municipality shall deposit any funds collected pursuant to this section with the Commissioner of Environmental Protection, who shall credit the amounts deposited against the property owner's environmental remediation liability pursuant to law.

b. The provisions of this section shall not apply to any property for which a remediation trust fund has been established pursuant to the provisions of section 25 of P.L.1993, c.139 (C.58:10B-3).

4. This act shall take effect immediately and section 2 shall be applicable with respect to property tax refunds not paid to the taxpayer prior to the date of enactment of this act.

Such lamps shall meet the requirements prescribed by the Motor Vehicle Commission, which requirements shall not be inconsistent with the provisions of this Title or any rule or regulation made pursuant thereto.

If a bus is equipped with electric identification and warning lamps that are required under this section and is stopped for the purpose of receiving or discharging a person who has a developmental disability, the driver of the bus shall activate the flashing lights and any other equipment, including a crossing control arm, installed on the bus for the safety of passengers.

Nothing contained herein shall be construed to apply to any motorbus when carrying passengers for hire over any street or road and accepting and discharging indiscriminately such persons as may offer themselves for transportation either at the termini or points along the route on which it is being operated.

For purposes of this section, "highway" means the entire width between the boundary lines of every way whether publicly or privately maintained when any part thereof is open to the public for purposes of vehicular travel.

Whenever a school bus is parked at the curb for the purpose of receiving children directly from a school or a summer day camp or any school connected activity or discharging children to enter a school, or a summer day camp or any school connected activity, which is located on the same side of the street as that on which the bus is parked, drivers of vehicles shall be permitted to pass said bus without stopping, but at a speed not in excess of 10 miles per hour.

AN ACT concerning the use of wireless telephones in motor vehicles, designated as Kulesh’s, Kuberts’, and Bolis' Law, and amending N.J.S.2C:11-5 and N.J.S.2C:12-1.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. N.J.S.2C:11-5 is amended to read as follows:

Death by auto or vessel.

2C:11-5. Death by auto or vessel.

a. Criminal homicide constitutes vehicular homicide when it is caused by driving a vehicle or vessel recklessly.

Proof that the defendant fell asleep while driving or was driving after having been without sleep for a period in excess of 24 consecutive hours may give rise to an inference that the defendant was driving recklessly. Proof that the defendant was driving while intoxicated in violation of R.S.39:4-50 or was operating a vessel under the influence of alcohol or drugs in violation of section 3 of P.L.1952, c.157 (C.12:7-46) shall give rise to an inference that the defendant was driving recklessly. Proof that the defendant was operating a hand-held wireless telephone while driving a motor vehicle in violation of section 1 of P.L.2003, c.310 (C.39:4-97.3) may give...
rise to an inference that the defendant was driving recklessly. Nothing in this section shall be construed to in any way limit the conduct or conditions that may be found to constitute driving a vehicle or vessel recklessly.

b. Except as provided in paragraph (3) of this subsection, vehicular homicide is a crime of the second degree.

(1) If the defendant was operating the auto or vessel while under the influence of any intoxicating liquor, narcotic, hallucinogenic or habit-producing drug, or with a blood alcohol concentration at or above the prohibited level as prescribed in R.S.39:4-50, or if the defendant was operating the auto or vessel while his driver's license or reciprocity privilege was suspended or revoked for any violation of R.S.39:4-50, section 2 of P.L.1981, c.512 (C.39:4-50.4a), by the Director of the Division of Motor Vehicles pursuant to P.L.1982, c.85 (C.39:5-30a et seq.), or by the court for a violation of R.S.39:4-96, the defendant shall be sentenced to a term of imprisonment by the court. The term of imprisonment shall include the imposition of a minimum term. The minimum term shall be fixed at, or between, one-third and one-half of the sentence imposed by the court or three years, whichever is greater, during which the defendant shall be ineligible for parole.

(2) The court shall not impose a mandatory sentence pursuant to paragraph (1) of this subsection unless the grounds therefor have been established at a hearing. At the hearing, which may occur at the time of sentencing, the prosecutor shall establish by a preponderance of the evidence that the defendant was operating the auto or vessel while under the influence of any intoxicating liquor, narcotic, hallucinogenic or habit-producing drug, or with a blood alcohol concentration at or above the level prescribed in R.S.39:4-50 or that the defendant was operating the auto or vessel while his driver's license or reciprocity privilege was suspended or revoked for any violation of R.S.39:4-50, section 2 of P.L.1981, c.512 (C.39:4-50.4a), by the Director of the Division of Motor Vehicles pursuant to P.L.1982, c.85 (C.39:5-30a et seq.), or by the court for a violation of R.S.39:4-96. In making its findings, the court shall take judicial notice of any evidence, testimony or information adduced at the trial, plea hearing, or other court proceedings and shall also consider the presentence report and any other relevant information.

(3) Vehicular homicide is a crime of the first degree if the defendant was operating the auto or vessel while in violation of R.S.39:4-50 or section 2 of P.L.1981, c.512 (C.39:4-50.4a) while:

(a) on any school property used for school purposes which is owned by or leased to any elementary or secondary school or school board, or within 1,000 feet of such school property;
(b) driving through a school crossing as defined in R.S.39:1-1 if the municipality, by ordinance or resolution, has designated the school crossing as such; or

(c) driving through a school crossing as defined in R.S.39:1-1 knowing that juveniles are present if the municipality has not designated the school crossing as such by ordinance or resolution.

A map or true copy of a map depicting the location and boundaries of the area on or within 1,000 feet of any property used for school purposes which is owned by or leased to any elementary or secondary school or school board produced pursuant to section 1 of P.L.1987, c.101 (C.2C:35-7) may be used in a prosecution under subparagraph (a) of this paragraph.

It shall be no defense to a prosecution for a violation of subparagraph (a) or (b) of this paragraph that the defendant was unaware that the prohibited conduct took place while on or within 1,000 feet of any school property or while driving through a school crossing. Nor shall it be a defense to a prosecution under subparagraph (a) or (b) of this paragraph that no juveniles were present on the school property or crossing zone at the time of the offense or that the school was not in session.

(4) If the defendant was operating the auto or vessel in violation of R.S.39:4-50 or section 2 of P.L.1981, c.512 (C.39:4-50.4a), the defendant's license to operate a motor vehicle shall be suspended for a period of between five years and life, which period shall commence upon completion of any prison sentence imposed upon that person.

c. For good cause shown, the court may, in accepting a plea of guilty under this section, order that such plea not be evidential in any civil proceeding.

d. Nothing herein shall be deemed to preclude, if the evidence so warrants, an indictment and conviction for aggravated manslaughter under the provisions of subsection a. of N.J.S.2C:11-4.

As used in this section, "auto or vessel" means all means of conveyance propelled otherwise than by muscular power.

e. Any person who violates paragraph (3) of subsection b. of this section shall forfeit the auto or vessel used in the commission of the offense, unless the defendant can establish at a hearing, which may occur at the time of sentencing, by a preponderance of the evidence that such forfeiture would constitute a serious hardship to the family of the defendant that outweighs the need to deter such conduct by the defendant and others. In making its findings, the court shall take judicial notice of any evidence, testimony or information adduced at the trial, plea hearing, or other court proceedings and shall also consider the presentence report and any other rele-
vant information. Forfeiture pursuant to this subsection shall be in addition to, and not in lieu of, civil forfeiture pursuant to chapter 64 of this title.

A person who is employed by a facility as defined in section 2 of P.L.1977, c.239 (C.52:27G-2) who commits a simple assault as defined in paragraph (1) or (2) of subsection a. of this section upon an institutionalized elderly person as defined in section 2 of P.L.1977, c.239 (C.52:27G-2) is guilty of a crime of the fourth degree.

e. (Deleted by amendment, P.L.2001, c.443).

f. A person who commits a simple assault as defined in paragraph (1), (2) or (3) of subsection a. of this section in the presence of a child under 16 years of age at a school or community sponsored youth sports event is
guilty of a crime of the fourth degree. The defendant shall be strictly liable upon proof that the offense occurred, in fact, in the presence of a child under 16 years of age. It shall not be a defense that the defendant did not know that the child was present or reasonably believed that the child was 16 years of age or older. The provisions of this subsection shall not be construed to create any liability on the part of a participant in a youth sports event or to abrogate any immunity or defense available to a participant in a youth sports event. As used in this act, "school or community sponsored youth sports event" means a competition, practice or instructional event involving one or more interscholastic sports teams or youth sports teams organized pursuant to a nonprofit or similar charter or which are member teams in a youth league organized by or affiliated with a county or municipal recreation department and shall not include collegiate, semi-professional or professional sporting events.

3. This act shall take effect immediately.

Approved July 18, 2012.
(3) the defendant is eligible to be considered for a sentence to special probation pursuant to the provisions of N.J.S.2C:35-14.

b. For the purposes of this section, any of the following circumstances shall provide a reasonable basis to believe that a person may be drug dependent:

(1) the present offense involves a controlled dangerous substance;
(2) the defendant has previously been convicted of an offense involving a controlled dangerous substance, was admitted to pretrial intervention or supervisory treatment, or received a conditional discharge for a charge involving a controlled dangerous substance;
(3) the defendant has any other pending charge in this State, any other state, or a federal court involving a controlled dangerous substance;
(4) the defendant has any time previously received any form of drug treatment or counseling;
(5) the defendant appears to have been under the influence of a controlled dangerous substance during the commission of the present offense, or it reasonably appears that the present offense may have been committed to acquire property or monies to purchase a controlled dangerous substance for the defendant's personal use;
(6) the defendant admits to the unlawful use of a controlled dangerous substance within the year preceding the arrest for the present offense;
(7) the defendant has had a positive drug test within the last 12 months; or
(8) there is information, other than the circumstances enumerated in paragraphs (1) through (7) of this subsection, which indicates that the defendant may be a drug dependent person or would otherwise benefit by undergoing a professional diagnostic assessment within the meaning of paragraph (1) of subsection a. of N.J.S.2C:35-14.

c. The court shall not be required to order a diagnostic assessment pursuant to subsection a. of this section if it is clearly convinced that such assessment will not serve any useful purpose. If the court does not order a diagnostic assessment, the court shall place on the record the reasons for its decision.

d. Nothing in this section shall be construed to limit or constrain the court's authority and discretion to order drug testing, drug screening, or a professional diagnostic assessment at any time.

C.2C:35-14.2 Sentence of special probation for certain defendants.

2. a. In all cases where a professional diagnostic assessment within the meaning of paragraph (1) of subsection a. of N.J.S.2C:35-14 has been ordered and completed pursuant to section 1 of P.L.2012, c.23 (C.2C:35-
14.1), the court shall make a determination at sentencing or prior to sentencing whether the defendant may be a drug dependent person as defined in N.J.S.2C:35-2.

b. Notwithstanding any law to the contrary, where the court finds that a defendant is a person in need of treatment as defined in subsection f. of this section and that the defendant additionally meets all the requirements of N.J.S.2C:35-14, the court shall sentence a defendant to special probation pursuant to the provisions of N.J.S.2C:35-14 for the purpose of participating in a court-supervised drug treatment program, regardless of whether the defendant has sought or consents to such a sentence, unless:

(1) the court finds that a sentence of imprisonment must be imposed consistent with the provisions of chapters 43 and 44 of Title 2C of the New Jersey Statutes, in which case a sentence of imprisonment shall be imposed; or

(2) the court is clearly convinced that:
   (a) the treatment, monitoring, and supervision services that will be provided under N.J.S.2C:45-1 are adequate to address the defendant's clinical needs;
   (b) the defendant's treatment needs would not be better addressed by sentencing the defendant to special probation pursuant to N.J.S.2C:35-14;
   (c) no danger to the community would result from placing the person on regular probation pursuant to N.J.S.2C:45-1; and
   (d) a sentence of probation authorized under N.J.S.2C:45-1 would be consistent with the provisions of chapters 43 and 44 of Title 2C of the New Jersey Statutes.

c. In making the findings and determinations required by this section, the court shall consider all relevant circumstances, and shall take judicial notice of any evidence, testimony, or information adduced at the trial, plea hearing, or other court proceedings, and also shall also consider the presentence report and the results of any professional diagnostic assessment. The court shall place on the record the reasons for its decision.

d. If, pursuant to paragraph (2) of subsection b. of this section, the court imposes a sentence of probation authorized by N.J.S.2C:45-1, such sentence shall not become final for 10 days in order to permit the appeal of the sentence by the prosecution.

e. Nothing in this section shall be construed to alter the presumption of imprisonment contained in subsection d. of N.J.S.2C:44-1 or to require or authorize the reduction or waiver of a mandatory period of parole ineligibility required by law, or to modify the exceptions to such requirements.
provided for by law, including but not limited to those provided in N.J.S.2C:35-12 and N.J.S.2C:35-14.

f. For the purposes of this section, the term “person in need of treatment” means a defendant who:

(1) the court has determined to be a drug dependent person as defined in N.J.S.2C:35-2;

(2) has been convicted of:

(a) a crime that is subject to a presumption of imprisonment pursuant to subsection d. of N.J.S.2C:44-1; or

(b) any other crime of the third degree if the person has previously been convicted of a crime subject to a presumption of imprisonment or a crime that resulted in the imposition of a State prison term; and

(3) is eligible to be considered for a sentence to special probation pursuant to the provisions of N.J.S.2C:35-14.

C.2C:35-14.3 Phase-in of implementation of provisions of law relative to special probation.

3. The Administrative Director of the Courts is authorized to phase-in the implementation of the provisions of P.L.2012, c.23 (C.2C:35-14.1 et al.) related to a program of mandatory sentencing and treatment of qualified offenders to special probation based on monies annually appropriated from the General Fund. Within 60 days of the effective date of this act, the program shall be established in no fewer than three court vicinages, and with further implementation occurring in no less than three additional vicinages in each fiscal year thereafter in a manner to be determined by the Administrative Director of the Courts provided that sufficient State funds have been appropriated. The Administrative Director of the Courts shall select appropriate vicinages for the implementation of the program. The program shall be fully implemented in the State no later than the fifth fiscal year following enactment provided that sufficient State funds have been appropriated.

4. Not later than one year following the effective date of this act, and annually thereafter for five years, the Administrative Director of the Courts shall submit to the Governor, and to the Legislature pursuant to section 2 of P.L.1991, c.164 (C.52:14-19.1), a report containing an evaluation of mandatory special probation. The report shall include the rates of completion and revocation for people admitted to mandatory special probation, the recidivism rates for graduates of mandatory special probation, the costs associated with implementing mandatory special probation, and any other information that may indicate the effectiveness of mandatory special proba-
tion. Additionally, the evaluation shall include a comparison of data from vicinages that have phased in mandatory special probation with those that have not, including comparative retention and recidivism data for non-mandatory special probation participants. The Administrative Director of the Courts may make recommendations for legislation or other action appropriate for adoption or consideration by the Legislature.

5. N.J.S.2C:35-14 is amended to read as follows:

Rehabilitation program for drug and alcohol dependent persons subject to a presumption of incarceration or a mandatory minimum period of parole ineligibility; criteria for imposing special probation; ineligible offenders; commitment to residential treatment facilities or participation in a nonresidential treatment program; presumption of revocation; brief incarceration in lieu of permanent revocation.

2C:35-14. Rehabilitation Program for Drug and Alcohol Dependent Persons Subject to a Presumption of Incarceration or a Mandatory Minimum Period of Parole Ineligibility; Criteria for Imposing Special Probation; Ineligible Offenders; Prosecutorial Objections; Commitment to Residential Treatment Facilities or Participation in a Nonresidential Treatment Program; Presumption of Revocation; Brief Incarceration in Lieu of Permanent Revocation.

a. Any person who is ineligible for probation due to a conviction for a crime which is subject to a presumption of incarceration or a mandatory minimum period of parole ineligibility may be sentenced to a term of special probation in accordance with this section, and may not apply for drug and alcohol treatment pursuant to N.J.S.2C:45-l. Nothing in this section shall be construed to prohibit a person who is eligible for probation in accordance with N.J.S.2C:45-1 due to a conviction for an offense which is not subject to a presumption of incarceration or a mandatory minimum period of parole ineligibility from applying for drug or alcohol treatment as a condition of probation pursuant to N.J.S.2C:45-1; provided, however, that a person in need of treatment as defined in subsection f. of section 2 of P.L.2012, c.23 (C.2C:35-14.2) shall be sentenced in accordance with that section. Notwithstanding the presumption of incarceration pursuant to the provisions of subsection d. of N.J.S.2C:44-1, and except as provided in subsection c. of this section, whenever a drug or alcohol dependent person who is subject to sentencing under this section is convicted of or adjudicated delinquent for an offense, other than one described in subsection b. of this section, the court, upon notice to the prosecutor, may, on motion of the person, or on the court's own motion, place the person on special probation,
which shall be for a term of five years, provided that the court finds on the record that:

(1) the person has undergone a professional diagnostic assessment to determine whether and to what extent the person is drug or alcohol dependent and would benefit from treatment; and

(2) the person is a drug or alcohol dependent person within the meaning of N.J.S.2C:35-2 and was drug or alcohol dependent at the time of the commission of the present offense; and

(3) the present offense was committed while the person was under the influence of a controlled dangerous substance, controlled substance analog or alcohol or was committed to acquire property or monies in order to support the person's drug or alcohol dependency; and

(4) substance abuse treatment and monitoring will serve to benefit the person by addressing his drug or alcohol dependency and will thereby reduce the likelihood that the person will thereafter commit another offense; and

(5) the person did not possess a firearm at the time of the present offense and did not possess a firearm at the time of any pending criminal charge; and

(6) the person has not been previously convicted on two or more separate occasions of crimes of the first or second degree, other than those listed in paragraph (7); or the person has not been previously convicted on two or more separate occasions, where one of the offenses is a crime of the third degree, other than crimes defined in N.J.S.2C:35-10, and one of the offenses is a crime of the first or second degree; and

(7) the person has not been previously convicted or adjudicated delinquent for, and does not have a pending charge of murder, aggravated manslaughter, manslaughter, kidnapping, aggravated assault, aggravated sexual assault or sexual assault, or a similar crime under the laws of any other state or the United States; and

(8) a suitable treatment facility licensed and approved by the Division of Addiction Services in the Department of Human Services is able and has agreed to provide appropriate treatment services in accordance with the requirements of this section; and

(9) no danger to the community will result from the person being placed on special probation pursuant to this section.

In determining whether to sentence the person pursuant to this section, the court shall consider all relevant circumstances, and shall take judicial notice of any evidence, testimony or information adduced at the trial, plea hearing or other court proceedings, and shall also consider the presentence report and the results of the professional diagnostic assessment to deter-
mine whether and to what extent the person is drug or alcohol dependent and would benefit from treatment. The court shall give priority to a person who has moved to be sentenced to special probation over a person who is being considered for a sentence to special probation on the court’s own motion or in accordance with the provisions of section 2 of P.L.2012, c.23 (C.2C:35-14.2).

As a condition of special probation, the court shall order the person to enter a residential treatment program at a facility licensed and approved by the Division of Addiction Services in the Department of Human Services or a program of nonresidential treatment by a licensed and approved treatment provider, to comply with program rules and the requirements of the course of treatment, to cooperate fully with the treatment provider, and to comply with such other reasonable terms and conditions as may be required by the court or by law, pursuant to N.J.S.2C:45-1, and which shall include periodic urine testing for drug or alcohol usage throughout the period of special probation. In determining whether to order the person to participate in a nonresidential rather than a residential treatment program, the court shall follow the procedure set forth in subsection j. of this section. Subject to the requirements of subsection d. of this section, the conditions of special probation may include different methods and levels of community-based or residential supervision.

b. A person shall not be eligible for special probation pursuant to this section if the person is convicted of or adjudicated delinquent for:

(1) a crime of the first degree;

(2) a crime of the first or second degree enumerated in subsection d. of section 2 of P.L.1997, c.117 (C.2C:43-7.2), other than a crime of the second degree involving N.J.S.2C:15-1 (robbery) or N.J.S.2C:18-2 (burglary);

(3) a crime, other than that defined in section 1 of P.L.1987, c.101 (C.2C:35-7), for which a mandatory minimum period of incarceration is prescribed under chapter 35 of this Title or any other law; or

(4) an offense that involved the distribution or the conspiracy or attempt to distribute a controlled dangerous substance or controlled substance analog to a juvenile near or on school property.

c. (Deleted by amendment, P.L.2012, c.23)

d. Except as otherwise provided in subsection j. of this section, a person convicted of or adjudicated delinquent for a crime of the second degree or of a violation of section 1 of P.L.1987, c.101 (C.2C:35-7), or who previously has been convicted of or adjudicated delinquent for an offense under subsection a. of N.J.S.2C:35-5 or a similar offense under any other law of this State, any other state or the United States, who is placed on special
probation under this section shall be committed to the custody of a residential treatment facility licensed and approved by the Division of Addiction Services in the Department of Human Services. Subject to the authority of the court to temporarily suspend imposition of all or any portion of the term of commitment to a residential treatment facility pursuant to subsection j. of this section, the person shall be committed to the residential treatment facility immediately, unless the facility cannot accommodate the person, in which case the person shall be incarcerated to await commitment to the residential treatment facility. The term of such commitment shall be for a minimum of six months, or until the court, upon recommendation of the treatment provider, determines that the person has successfully completed the residential treatment program, whichever is later, except that no person shall remain in the custody of a residential treatment facility pursuant to this section for a period in excess of five years. Upon successful completion of the required residential treatment program, the person shall complete the period of special probation, as authorized by subsection a. of this section, with credit for time served for any imprisonment served as a condition of probation and credit for each day during which the person satisfactorily complied with the terms and conditions of special probation while committed pursuant to this section to a residential treatment facility. Except as otherwise provided in subsection l. of this section, the person shall not be eligible for early discharge of special probation pursuant to N.J.S.2C:45-2, or any other provision of the law. The court, in determining the number of credits for time spent in residential treatment, shall consider the recommendations of the treatment provider. A person placed into a residential treatment facility pursuant to this section shall be deemed to be subject to official detention for the purposes of N.J.S.2C:29-5 (escape).

e. The probation department or other appropriate agency designated by the court to monitor or supervise the person's special probation shall report periodically to the court as to the person's progress in treatment and compliance with court-imposed terms and conditions. The treatment provider shall promptly report to the probation department or other appropriate agency all significant failures by the person to comply with any court imposed term or condition of special probation or any requirements of the course of treatment, including but not limited to a positive drug or alcohol test or the unexcused failure to attend any session or activity, and shall immediately report any act that would constitute an escape. The probation department or other appropriate agency shall immediately notify the court and the prosecutor in the event that the person refuses to submit to a peri-
f. (1) Upon a first violation of any term or condition of the special proba-

tion authorized by this section or of any requirements of the course of

treatment, the court in its discretion may permanently revoke the person's

special probation.

(2) Upon a second or subsequent violation of any term or condition of

the special probation authorized by this section or of any requirements of

the course of treatment, the court shall, subject only to the provisions of

subsection g. of this section, permanently revoke the person's special proba-

tion unless the court finds on the record that there is a substantial likelihood

that the person will successfully complete the treatment program if permit-

ted to continue on special probation, and the court is clearly convinced,

considering the nature and seriousness of the violations, that no danger to

the community will result from permitting the person to continue on special

probation pursuant to this section. The court's determination to permit the

person to continue on special probation following a second or subsequent

violation pursuant to this paragraph may be appealed by the prosecution.

(3) In making its determination whether to revoke special probation,

and whether to overcome the presumption of revocation established in

paragraph (2) of this subsection, the court shall consider the nature and se-

riousness of the present infraction and any past infractions in relation to the

person's overall progress in the course of treatment, and shall also consider

the recommendations of the treatment provider. The court shall give added

weight to the treatment provider's recommendation that the person's special

probation be permanently revoked, or to the treatment provider's opinion

that the person is not amenable to treatment or is not likely to complete the

treatment program successfully.

(4) If the court permanently revokes the person's special probation pur-

suant to this subsection, the court shall impose any sentence that might

have been imposed, or that would have been required to be imposed, origi-

nally for the offense for which the person was convicted or adjudicated de-

linquent. The court shall conduct a de novo review of any aggravating and

mitigating factors present at the time of both original sentencing and resen-
tencing. If the court determines or is required pursuant to any other provi-

sion of this chapter or any other law to impose a term of imprisonment, the

person shall receive credit for any time served in custody pursuant to

N.J.S.2C:45-1 or while awaiting placement in a treatment facility pursuant

to this section, and for each day during which the person satisfactorily

complied with the terms and conditions of special probation while commit-
ted pursuant to this section to a residential treatment facility. The court, in
determining the number of credits for time spent in a residential treatment
facility, shall consider the recommendations of the treatment provider.

(5) Following a violation, if the court permits the person to continue on
special probation pursuant to this section, the court shall order the person to
comply with such additional terms and conditions, including but not limited
to more frequent drug or alcohol testing, as are necessary to deter and
promptly detect any further violation.

(6) Notwithstanding any other provision of this subsection, if the per­
son at any time refuses to undergo urine testing for drug or alcohol usage as
provided in subsection a. of this section, the court shall, subject only to the
provisions of subsection g. of this section, permanently revoke the person's
special probation. Notwithstanding any other provision of this section, if
the person at any time while committed to the custody of a residential
treatment facility pursuant to this section commits an act that would consti­
tute an escape, the court shall forthwith permanently revoke the person's
special probation.

(7) An action for a violation under this section may be brought by a
probation officer or prosecutor or on the court's own motion. Failure to
complete successfully the required treatment program shall constitute a vio­
lation of the person's special probation. A person who fails to comply with
the terms of his special probation pursuant to this section and is thereaf­
ner sentenced to imprisonment in accordance with this subsection shall thereaf­
ther be ineligible for entry into the Intensive Supervision Program, provided
however that this provision shall not affect the person's eligibility for entry
into the Intensive Supervision Program for a subsequent conviction.

(8) When a person on special probation is subject to a presumption of
revocation on a second or subsequent violation pursuant to paragraph (2) of
subsection f. of this section, or when the person refuses to undergo drug or
alcohol testing pursuant to paragraph (6) of subsection f. of this section, the
court may, in lieu of permanently revoking the person's special probation,
impose a term of incarceration for a period of not less than 30 days nor
more than six months, after which the person's term of special probation
pursuant to this section may be reinstated. In determining whether to order
a period of incarceration in lieu of permanent revocation pursuant to this
subsection, the court shall consider the recommendations of the treatment
provider with respect to the likelihood that such confinement would serve
to motivate the person to make satisfactory progress in treatment once spe­
cial probation is reinstated. This disposition may occur only once with re­
PELLING AND EXTRAORDINARY REASONS TO JUSTIFY REIMPOSING THIS DISPOSITION WITH RESPECT TO THE PERSON. ANY SUCH DETERMINATION BY THE COURT TO REIMPOSE THIS DISPOSITION MAY BE APPEALED BY THE PROSECUTION. NOTHING IN THIS SUBSECTION SHALL BE CONSTRUED TO LIMIT THE AUTHORITY OF THE COURT AT ANY TIME DURING THE PERIOD OF SPECIAL PROBATION TO ORDER A PERSON ON SPECIAL PROBATION WHO IS NOT SUBJECT TO A PRESUMPTION OF REVOCATION PURSUANT TO PARAGRAPH (2) OF SUBSECTION F. OF THIS SECTION TO BE INCARCERATED OVER THE COURSE OF A WEEKEND, OR FOR ANY OTHER REASONABLE PERIOD OF TIME, WHEN THE COURT IN ITS DISCRETION DETERMINES THAT SUCH INCARCERATION WOULD HELP TO MOTIVATE THE PERSON TO MAKE SATISFACTORY PROGRESS IN TREATMENT.

H. THE COURT, AS A CONDITION OF ITS ORDER, AND AFTER CONSIDERING THE PERSON'S FINANCIAL RESOURCES, SHALL REQUIRE THE PERSON TO PAY THAT PORTION OF THE COSTS ASSOCIATED WITH HIS PARTICIPATION IN ANY REHABILITATION PROGRAM, NON-RESIDENTIAL TREATMENT PROGRAM OR PERIOD OF RESIDENTIAL TREATMENT IMPOSED PURSUANT TO THIS SECTION WHICH, IN THE OPINION OF THE COURT, IS CONSISTENT WITH THE PERSON'S ABILITY TO PAY, TAKING INTO ACCOUNT THE COURT'S AUTHORITY TO ORDER PAYMENT OR REIMBURSEMENT TO BE MADE OVER TIME AND IN INSTALLMENTS.

I. THE COURT SHALL IMPOSE, AS A CONDITION OF THE SPECIAL PROBATION, ANY FINE, PENALTY, FEE OR RESTITUTION APPLICABLE TO THE OFFENSE FOR WHICH THE PERSON WAS CONVICTED OR ADJUDICATED DELINQUENT.

J. WHERE THE COURT FINDS THAT A PERSON HAS SATISFIED ALL OF THE ELIGIBILITY CRITERIA FOR SPECIAL PROBATION AND WOULD OTHERWISE BE REQUIRED TO BE COMMITTED TO THE CUSTODY OF A RESIDENTIAL TREATMENT FACILITY PURSUANT TO THE PROVISIONS OF SUBSECTION D. OF THIS SECTION, THE COURT MAY TEMPORARILY SUSPEND IMPOSITION OF ALL OR ANY PORTION OF THE TERM OF COMMITMENT TO A RESIDENTIAL TREATMENT FACILITY AND MAY INSTEAD ORDER THE PERSON TO ENTER A NONRESIDENTIAL TREATMENT PROGRAM, PROVIDED THAT THE COURT FINDS ON THE RECORD THAT:

1. THE PERSON CONDUCTING THE DIAGNOSTIC ASSESSMENT REQUIRED PURSUANT TO PARAGRAPH (1) OF SUBSECTION A. OF THIS SECTION HAS RECOMMENDED IN WRITING THAT THE PROPOSED COURSE OF NONRESIDENTIAL TREATMENT SERVICES IS CLINICALLY APPROPRIATE AND ADEQUATE TO ADDRESS THE PERSON'S TREATMENT NEEDS; AND

2. NO DANGER TO THE COMMUNITY WOULD RESULT FROM THE PERSON PARTICIPATING IN THE PROPOSED COURSE OF NONRESIDENTIAL TREATMENT SERVICES; AND

3. A SUITABLE TREATMENT PROVIDER IS ABLE AND HAS AGREED TO PROVIDE CLINICALLY APPROPRIATE NONRESIDENTIAL TREATMENT SERVICES.

IF THE PROSECUTOR OBJECTS TO THE COURT'S DECISION TO SUSPEND THE COMMITMENT OF THE PERSON TO A RESIDENTIAL TREATMENT FACILITY PURSUANT TO THIS SUBSECTION, THE SENTENCE OF SPECIAL PROBATION IMPOSED PURSUANT TO THIS SECTION SHALL NOT BECOME FINAL FOR TEN DAYS IN ORDER TO PERMIT THE APPEAL BY THE PROSECUTION OF THE COURT'S DECISION.
After a period of six months of nonresidential treatment, if the court, considering all available information including but not limited to the recommendation of the treatment provider, finds that the person has made satisfactory progress in treatment and that there is a substantial likelihood that the person will successfully complete the nonresidential treatment program and period of special probation, the court, on notice to the prosecutor, may permanently suspend the commitment of the person to the custody of a residential treatment program, in which event the special monitoring provisions set forth in subsection k. of this section shall no longer apply.

Nothing in this subsection shall be construed to limit the authority of the court at any time during the term of special probation to order the person to be committed to a residential or nonresidential treatment facility if the court determines that such treatment is clinically appropriate and necessary to address the person's present treatment needs.

k. (1) When the court temporarily suspends the commitment of the person to a residential treatment facility pursuant to subsection j. of this section, the court shall, in addition to ordering participation in a prescribed course of nonresidential treatment and any other appropriate terms or conditions authorized or required by law, order the person to undergo urine testing for drug or alcohol use not less than once per week unless otherwise ordered by the court. The court-ordered testing shall be conducted by the probation department or the treatment provider. The results of all tests shall be reported promptly to the court and to the prosecutor. In addition, the court shall impose appropriate curfews or other restrictions on the person's movements, and may order the person to wear electronic monitoring devices to enforce such curfews or other restrictions as a condition of special probation.

(2) The probation department or other appropriate agency shall immediately notify the court and the prosecutor in the event that the person fails or refuses to submit to a drug or alcohol test, knowingly defrauds the administration of a drug test, terminates his participation in the course of treatment, or commits any act that would constitute absconding from parole. If the person at any time while entered in a nonresidential treatment program pursuant to subsection j. of this section knowingly defrauds the administration of a drug test, goes into hiding or leaves the State with a purpose of avoiding supervision, the court shall permanently revoke the person's special probation.

1. If the court finds that the person has made exemplary progress in the course of treatment, the court may, upon recommendation of the person's supervising probation officer or on the court's own motion, and upon
notice to the prosecutor, grant early discharge from a term of special probation provided that the person: (1) has satisfactorily completed the treatment program ordered by the court; (2) has served at least two years of special probation; (3) did not commit a substantial violation of any term or condition of special probation, including but not limited to a positive urine test, within the preceding 12 months; and (4) is not likely to relapse or commit an offense if probation supervision and related services are discontinued.

6. N.J.S.2C:44-6 is amended to read as follows:

Procedure on sentence; presentence investigation and report.

2C:44-6 Procedure on sentence; presentence investigation and report.

a. The court shall not impose sentence without first ordering a presentence investigation of the defendant and according due consideration to a written report of such investigation when required by the Rules of Court. The court may order a presentence investigation in any other case.

b. The presentence investigation shall include an analysis of the circumstances attending the commission of the offense, the defendant's history of delinquency or criminality, family situation, financial resources, including whether or not the defendant is an enrollee or covered person under a health insurance contract, policy or plan, debts, including any amount owed for a fine, assessment or restitution ordered in accordance with the provisions of Title 2C, any obligation of child support including any child support delinquencies, employment history, personal habits, the disposition of any charge made against any codefendants, the defendant's history of civil commitment, any disposition which arose out of charges suspended pursuant to N.J.S.2C:4-6 including the records of the disposition of those charges and any acquittal by reason of insanity pursuant to N.J.S.2C:4-1, and any other matters that the probation officer deems relevant or the court directs to be included. The defendant shall disclose any information concerning any history of civil commitment. The report shall also include a medical history of the defendant and a complete psychological evaluation of the defendant in any case in which the defendant is being sentenced for a first or second degree crime involving violence and:

(1) the defendant has a prior acquittal by reason of insanity pursuant to N.J.S.2C:4-1 or had charges suspended pursuant to N.J.S.2C:4-6; or

(2) the defendant has a prior conviction for murder pursuant to N.J.S.2C:11-3, aggravated sexual assault or sexual assault pursuant to N.J.S.2C:14-2, kidnapping pursuant to N.J.S.2C:13-1, endangering the welfare of a child which would constitute a crime of the second degree pursu-
ant to N.J.S.2C:24-4, or stalking which would constitute a crime of the third degree pursuant to section 1 of P.L.1992, c.209 (C.2C:12-10); or

(3) the defendant has a prior diagnosis of psychosis.

The court, in its discretion and considering all the appropriate circumstances, may waive the medical history and psychological examination in any case in which a term of imprisonment including a period of parole ineligibility is imposed. In any case involving a conviction of N.J.S.2C:24-4, endangering the welfare of a child; N.J.S.2C:18-3, criminal trespass, where the trespass was committed in a school building or on school property; section 1 of P.L.1993, c.291 (C.2C:13-6), attempting to lure or entice a child with purpose to commit a criminal offense; section 1 of P.L.1992, c.209 (C.2C:12-10), stalking; or N.J.S.2C:13-1, kidnapping, where the victim of the offense is a child under the age of 18, the investigation shall include a report on the defendant's mental condition.

The presentence investigation shall also include information regarding the defendant's history of substance abuse and substance abuse treatment, if any, including whether the defendant has sought treatment in the past. If any of the factors listed in subsection b. of section 1 of P.L.2012, c.23 (C.2C:35-14.1) apply, the presentence report shall also include consideration of whether the defendant may be a drug dependent person as defined in N.J.S.2C:35-2.

The presentence investigation shall include an analysis of whether the defendant should be required to submit to a professional diagnostic assessment within the meaning of paragraph (1) of subsection a. of N.J.S.2C:35-14 in any case where: the defendant may be a drug dependent person as defined in N.J.S.2C:35-2; the defendant is eligible to be considered for a sentence to special probation pursuant to N.J.S.2C:35-14; and the court has not already ordered the defendant to submit to any such diagnostic assessment in regard to the pending matter.

The presentence report shall also include a report on any compensation paid by the Victims of Crime Compensation Agency as a result of the commission of the offense and, in any case where the victim chooses to provide one, a statement by the victim of the offense for which the defendant is being sentenced. C.48:3-87 Environmental disclosure requirements; standards; rules.
38. a. The board shall require an electric power supplier or basic generation service provider to disclose on a customer's bill or on customer contracts or marketing materials, a uniform, common set of information about the environmental characteristics of the energy purchased by the customer, including, but not limited to:

(1) Its fuel mix, including categories for oil, gas, nuclear, coal, solar, hydroelectric, wind and biomass, or a regional average determined by the board;
(2) Its emissions, in pounds per megawatt hour, of sulfur dioxide, carbon dioxide, oxides of nitrogen, and any other pollutant that the board may determine to pose an environmental or health hazard, or an emissions default to be determined by the board; and

(3) Any discrete emission reduction retired pursuant to rules and regulations adopted pursuant to P.L.1995, c.188.

b. Notwithstanding any provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the board shall initiate a proceeding and shall adopt, in consultation with the Department of Environmental Protection, after notice and opportunity for public comment and public hearing, interim standards to implement this disclosure requirement, including, but not limited to:

(1) A methodology for disclosure of emissions based on output pounds per megawatt hour;

(2) Benchmarks for all suppliers and basic generation service providers to use in disclosing emissions that will enable consumers to perform a meaningful comparison with a supplier's or basic generation service provider's emission levels; and

(3) A uniform emissions disclosure format that is graphic in nature and easily understandable by consumers. The board shall periodically review the disclosure requirements to determine if revisions to the environmental disclosure system as implemented are necessary.

Such standards shall be effective as regulations immediately upon filing with the Office of Administrative Law and shall be effective for a period not to exceed 18 months, and may, thereafter, be amended, adopted or readopted by the board in accordance with the provisions of the "Administrative Procedure Act."

c. (1) The board may adopt, in consultation with the Department of Environmental Protection, after notice and opportunity for public comment, an emissions portfolio standard applicable to all electric power suppliers and basic generation service providers, upon a finding that:

(a) The standard is necessary as part of a plan to enable the State to meet federal Clean Air Act or State ambient air quality standards; and

(b) Actions at the regional or federal level cannot reasonably be expected to achieve the compliance with the federal standards.

(2) By July 1, 2009, the board shall adopt, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), a greenhouse gas emissions portfolio standard to mitigate leakage or another regulatory mechanism to mitigate leakage applicable to all electric power suppliers and basic generation service providers that provide electricity to customers
within the State. The greenhouse gas emissions portfolio standard or any other regulatory mechanism to mitigate leakage shall:

(a) Allow a transition period, either before or after the effective date of the regulation to mitigate leakage, for a basic generation service provider or electric power supplier to either meet the emissions portfolio standard or other regulatory mechanism to mitigate leakage, or to transfer any customer to a basic generation service provider or electric power supplier that meets the emissions portfolio standard or other regulatory mechanism to mitigate leakage. If the transition period allowed pursuant to this subparagraph occurs after the implementation of an emissions portfolio standard or other regulatory mechanism to mitigate leakage, the transition period shall be no longer than three years; and

(b) Exempt the provision of basic generation service pursuant to a basic generation service purchase and sale agreement effective prior to the date of the regulation.

Unless the Attorney General or the Attorney General's designee determines that a greenhouse gas emissions portfolio standard would unconstitutionally burden interstate commerce or would be preempted by federal law, the adoption by the board of an electric energy efficiency portfolio standard pursuant to subsection g. of this section, a gas energy efficiency portfolio standard pursuant to subsection h. of this section, or any other enhanced energy efficiency policies to mitigate leakage shall not be considered sufficient to fulfill the requirement of this subsection for the adoption of a greenhouse gas emissions portfolio standard or any other regulatory mechanism to mitigate leakage.

d. Notwithstanding any provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the board shall initiate a proceeding and shall adopt, after notice, provision of the opportunity for comment, and public hearing, renewable energy portfolio standards that shall require:

(1) that two and one-half percent of the kilowatt hours sold in this State by each electric power supplier and each basic generation service provider be from Class I or Class II renewable energy sources;

(2) beginning on January 1, 2001, that one-half of one percent of the kilowatt hours sold in this State by each electric power supplier and each basic generation service provider be from Class I renewable energy sources. The board shall increase the required percentage for Class I renewable energy sources so that by January 1, 2006, one percent of the kilowatt hours sold in this State by each electric power supplier and each basic generation service provider shall be from Class I renewable energy
sources and shall additionally increase the required percentage for Class I renewable energy sources by one-half of one percent each year until January 1, 2012, when four percent of the kilowatt hours sold in this State by each electric power supplier and each basic generation service provider shall be from Class I renewable energy sources.

An electric power supplier or basic generation service provider may satisfy the requirements of this subsection by participating in a renewable energy trading program approved by the board in consultation with the Department of Environmental Protection;

(3) that the board establish a multi-year schedule, applicable to each electric power supplier or basic generation service provider in this State, beginning with the one-year period commencing on June 1, 2010, and continuing for each subsequent one-year period up to and including, the one-year period commencing on June 1, 2028, that requires the following number or percentage, as the case may be, of kilowatt-hours sold in this State by each electric power supplier and each basic generation service provider to be from solar electric power generators connected to the distribution system in this State:

EY 2028 4.100%, and for every energy year thereafter, at least 4.100% per energy year to reflect an increasing number of kilowatt-hours to be purchased by suppliers or providers from solar electric power generators connected to the distribution system in this State, and to establish a framework within which, of the electricity that the generators sell in this State, suppli-
ers and providers shall each obtain at least 3.470% in the energy year 2021 and 4.100% in the energy year 2028 from solar electric power generators connected to the distribution system in this State, provided, however, that:

(a) The board shall determine an appropriate period of no less than 120 days following the end of an energy year prior to which a provider or supplier must demonstrate compliance for that energy year with the annual renewable portfolio standard;

(b) No more than 24 months following the date of enactment of P.L.2012, c.24, the board shall complete a proceeding to investigate approaches to mitigate solar development volatility and prepare and submit, pursuant to section 2 of P.L.1991, c.164 (C.52:14-19.1), a report to the Legislature, detailing its findings and recommendations. As part of the proceeding, the board shall evaluate other techniques used nationally and internationally;

(c) The solar renewable portfolio standards requirements in this paragraph shall exempt those existing supply contracts which are effective prior to the date of enactment of P.L.2012, c.24 from any increase beyond the number of SRECs mandated by the solar renewable portfolio standards requirements that were in effect on the date that the providers executed their existing supply contracts. This limited exemption for providers' existing supply contracts shall not be construed to lower the Statewide solar sourcing requirements set forth in this paragraph. Such incremental requirements that would have otherwise been imposed on exempt providers shall be distributed over the providers not subject to the existing supply contract exemption until such time as existing supply contracts expire and all providers are subject to the new requirement in a manner that is competitively neutral among all providers and suppliers. The board shall implement the provisions of this subsection in a manner so as to prevent any subsidies between suppliers and providers and to promote competition in the electricity supply industry.

An electric power supplier or basic generation service provider may satisfy the requirements of this subsection by participating in a renewable energy trading program approved by the board in consultation with the Department of Environmental Protection, or compliance with the requirements of this subsection may be demonstrated to the board by suppliers or providers through the purchase of SRECs.

The renewable energy portfolio standards adopted by the board pursuant to paragraphs (1) and (2) of this subsection shall be effective as regulations immediately upon filing with the Office of Administrative Law and shall be effective for a period not to exceed 18 months, and may, thereafter,
be amended, adopted or readopted by the board in accordance with the pro-
visions of the "Administrative Procedure Act."

The renewable energy portfolio standards adopted by the board pursu-
ant to this paragraph shall be effective as regulations immediately upon fil-
ing with the Office of Administrative Law and shall be effective for a pe-
riod not to exceed 30 months after such filing, and shall, thereafter, be
amended, adopted or readopted by the board in accordance with the "Ad-
mministrative Procedure Act"; and

(4) within 180 days after the date of enactment of P.L.2010, c.57
(C.48:3-87.1 et al.), that the board establish an offshore wind renewable
certification program to require that a percentage of the kilowatt hours
sold in this State by each electric power supplier and each basic generation
service provider be from offshore wind energy in order to support at least
1,100 megawatts of generation from qualified offshore wind projects.

The percentage established by the board pursuant to this paragraph
shall serve as an offset to the renewable energy portfolio standard estab-
lished pursuant to paragraphs (1) and (2) of this subsection and shall reduce
the corresponding Class I renewable energy requirement.

The percentage established by the board pursuant to this paragraph
shall reflect the projected OREC production of each qualified offshore wind
project, approved by the board pursuant to section 3 of P.L.2010, c.57
(C.48:3-87.1), for twenty years from the commercial operation start date of
the qualified offshore wind project which production projection and OREC
purchase requirement, once approved by the board, shall not be subject to
reduction.

An electric power supplier or basic generation service provider shall
comply with the OREC program established pursuant to this paragraph
through the purchase of offshore wind renewable energy certificates at a
price and for the time period required by the board. In the event there are
insufficient offshore wind renewable energy certificates available, the elec-
tric power supplier or basic generation service provider shall pay an off-
shore wind alternative compliance payment established by the board. Any
offshore wind alternative compliance payments collected shall be refunded
directly to the ratepayers by the electric public utilities.

The rules established by the board pursuant to this paragraph shall be
effective as regulations immediately upon filing with the Office of Admin-
istrative Law and shall be effective for a period not to exceed 18 months,
and may, thereafter, be amended, adopted or readopted by the board in ac-
cordance with the provisions of the "Administrative Procedure Act,"
P.L.1968, c.410 (C.52:14B-1 et seq.).
e. Notwithstanding any provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the board shall initiate a proceeding and shall adopt, after notice, provision of the opportunity for comment, and public hearing:

(1) Net metering standards for electric power suppliers and basic generation service providers. The standards shall require electric power suppliers and basic generation service providers to offer net metering at nondiscriminatory rates to industrial, large commercial, residential and small commercial customers, as those customers are classified or defined by the board, that generate electricity, on the customer's side of the meter, using a Class I renewable energy source, for the net amount of electricity supplied by the electric power supplier or basic generation service provider over an annualized period. Systems of any sized capacity, as measured in watts, are eligible for net metering. If the amount of electricity generated by the customer-generator, plus any kilowatt hour credits held over from the previous billing periods, exceeds the electricity supplied by the electric power supplier or basic generation service provider, then the electric power supplier or basic generation service provider, as the case may be, shall credit the customer-generator for the excess kilowatt hours until the end of the annualized period at which point the customer-generator will be compensated for any remaining credits or, if the customer-generator chooses, credit the customer-generator on a real-time basis, at the electric power supplier's or basic generation service provider's avoided cost of wholesale power or the PJM electric power pool's real-time locational marginal pricing rate, adjusted for losses, for the respective zone in the PJM electric power pool. Alternatively, the customer-generator may execute a bilateral agreement with an electric power supplier or basic generation service provider for the sale and purchase of the customer-generator's excess generation. The customer-generator may be credited on a real-time basis, so long as the customer-generator follows applicable rules prescribed by the PJM electric power pool for its capacity requirements for the net amount of electricity supplied by the electric power supplier or basic generation service provider. The board may authorize an electric power supplier or basic generation service provider to cease offering net metering whenever the total rated generating capacity owned and operated by net metering customer-generators Statewide equals 2.5 percent of the State's peak electricity demand;

(2) Safety and power quality interconnection standards for Class I renewable energy source systems used by a customer-generator that shall be eligible for net metering.
Such standards or rules shall take into consideration the goals of the New Jersey Energy Master Plan, applicable industry standards, and the standards of other states and the Institute of Electrical and Electronic Engineers. The board shall allow electric public utilities to recover the costs of any new net meters, upgraded net meters, system reinforcements or upgrades, and interconnection costs through either their regulated rates or from the net metering customer-generator;

(3) credit or other incentive rules for generators using Class I renewable energy generation systems that connect to New Jersey's electric public utilities' distribution system but who do not net meter; and

(4) net metering aggregation standards to require electric public utilities to provide net metering aggregation to single electric public utility customers that operate a solar electric power generation system installed at one of the customer’s facilities or on property owned by the customer, provided that any such customer is a State entity, school district, county, county agency, county authority, municipality, municipal agency, or municipal authority. The standards shall provide that, in order to qualify for net metering aggregation, the customer must operate a solar electric power generation system using a net metering billing account, which system is located on property owned by the customer, provided that: (a) the property is not land that has been actively devoted to agricultural or horticultural use and that is valued, assessed, and taxed pursuant to the "Farmland Assessment Act of 1964," P.L.1964, c.48 (C.54:4-23.1 et seq.) at any time within the 10-year period prior to the effective date of P.L.2012, c.24, provided, however, that the municipal planning board of a municipality in which a solar electric power generation system is located may waive the requirement of this subparagraph (a), (b) the system is not an on-site generation facility, (c) all of the facilities of the single customer combined for the purpose of net metering aggregation are facilities owned or operated by the single customer and are located within its territorial jurisdiction except that all of the facilities of a State entity engaged in net metering aggregation shall be located within five miles of one another, and (d) all of those facilities are within the service territory of a single electric public utility and are all served by the same basic generation service provider or by the same electric power supplier. The standards shall provide that in order to qualify for net metering aggregation, the customer’s solar electric power generation system shall be sized so that its annual generation does not exceed the combined metered annual energy usage of the qualified customer facilities, and the qualified customer facilities shall all be in the same customer rate class under the applicable electric public utility tariff. For the customer’s facility
or property on which the solar electric generation system is installed, the electricity generated from the customer's solar electric generation system shall be accounted for pursuant to the provisions of paragraph (1) of this subsection to provide that the electricity generated in excess of the electricity supplied by the electric power supplier or the basic generation service provider, as the case may be, for the customer's facility on which the solar electric generation system is installed, over the annualized period, is credited at the electric power supplier's or the basic generation service provider's avoided cost of wholesale power or the PJM electric power pool real-time locational marginal pricing rate. All electricity used by the customer's qualified facilities, with the exception of the facility or property on which the solar electric power generation system is installed, shall be billed at the full retail rate pursuant to the electric public utility tariff applicable to the customer class of the customer using the electricity. A customer may contract with a third party to operate a solar electric power generation system, for the purpose of net metering aggregation. Any contractual relationship entered into for operation of a solar electric power generation system related to net metering aggregation shall include contractual protections that provide for adequate performance and provision for construction and operation for the term of the contract, including any appropriate bonding or escrow requirements. Any incremental cost to an electric public utility for net metering aggregation shall be fully and timely recovered in a manner to be determined by the board. The board shall adopt net metering aggregation standards within 270 days after the effective date of P.L.2012, c.24.

Such rules shall require the board or its designee to issue a credit or other incentive to those generators that do not use a net meter but otherwise generate electricity derived from a Class I renewable energy source and to issue an enhanced credit or other incentive, including, but not limited to, a solar renewable energy credit, to those generators that generate electricity derived from solar technologies.

Such standards or rules shall be effective as regulations immediately upon filing with the Office of Administrative Law and shall be effective for a period not to exceed 18 months, and may, thereafter, be amended, adopted or readopted by the board in accordance with the provisions of the "Administrative Procedure Act."

f. The board may assess, by written order and after notice and opportunity for comment, a separate fee to cover the cost of implementing and overseeing an emission disclosure system or emission portfolio standard, which fee shall be assessed based on an electric power supplier's or basic generation service provider's share of the retail electricity supply market.
The board shall not impose a fee for the cost of implementing and overseeing a greenhouse gas emissions portfolio standard adopted pursuant to paragraph (2) of subsection c. of this section, the electric energy efficiency portfolio standard adopted pursuant to subsection g. of this section, or the gas energy efficiency portfolio standard adopted pursuant to subsection h. of this section.

**g.** The board may adopt, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), an electric energy efficiency portfolio standard that may require each electric public utility to implement energy efficiency measures that reduce electricity usage in the State by 2020 to a level that is 20 percent below the usage projected by the board in the absence of such a standard. Nothing in this section shall be construed to prevent an electric public utility from meeting the requirements of this section by contracting with another entity for the performance of the requirements.

**h.** The board may adopt, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), a gas energy efficiency portfolio standard that may require each gas public utility to implement energy efficiency measures that reduce natural gas usage for heating in the State by 2020 to a level that is 20 percent below the usage projected by the board in the absence of such a standard. Nothing in this section shall be construed to prevent a gas public utility from meeting the requirements of this section by contracting with another entity for the performance of the requirements.

**i.** After the board establishes a schedule of solar kilowatt-hour sale or purchase requirements pursuant to paragraph (3) of subsection d. of this section, the board may initiate subsequent proceedings and adopt, after appropriate notice and opportunity for public comment and public hearing, increased minimum solar kilowatt-hour sale or purchase requirements, provided that the board shall not reduce previously established minimum solar kilowatt-hour sale or purchase requirements, or otherwise impose constraints that reduce the requirements by any means.

**j.** The board shall determine an appropriate level of solar alternative compliance payment, and permit each supplier or provider to submit an SACP to comply with the solar electric generation requirements of paragraph (3) of subsection d. of this section. The value of the SACP for each Energy Year, for Energy Years 2014 through 2028 per megawatt hour from solar electric generation required pursuant to this section, shall be:

- EY 2014 $339
- EY 2015 $331
- EY 2016 $323
The board may initiate subsequent proceedings and adopt, after appropriate notice and opportunity for public comment and public hearing, an increase in solar alternative compliance payments, provided that the board shall not reduce previously established levels of solar alternative compliance payments, nor shall the board provide relief from the obligation of payment of the SACP by the electric power suppliers or basic generation service providers in any form. Any SACP payments collected shall be refunded directly to the ratepayers by the electric public utilities.

k. The board may allow electric public utilities to offer long-term contracts through a competitive process, direct electric public utility investment and other means of financing, including but not limited to loans, for the purchase of SRECs and the resale of SRECs to suppliers or providers or others, provided that after such contracts have been approved by the board, the board’s approvals shall not be modified by subsequent board orders. If the board allows the offering of contracts pursuant to this subsection, the board may establish a process, after hearing, and opportunity for public comment, to provide that a designated segment of the contracts approved pursuant to this subsection shall be contracts involving solar electric power generation facility projects with a capacity of up to 250 kilowatts.

l. The board shall implement its responsibilities under the provisions of this section in such a manner as to:

(1) place greater reliance on competitive markets, with the explicit goal of encouraging and ensuring the emergence of new entrants that can foster innovations and price competition;

(2) maintain adequate regulatory authority over non-competitive public utility services;

(3) consider alternative forms of regulation in order to address changes in the technology and structure of electric public utilities;
(4) promote energy efficiency and Class I renewable energy market development, taking into consideration environmental benefits and market barriers;

(5) make energy services more affordable for low and moderate income customers;

(6) attempt to transform the renewable energy market into one that can move forward without subsidies from the State or public utilities;

(7) achieve the goals put forth under the renewable energy portfolio standards;

(8) promote the lowest cost to ratepayers; and

(9) allow all market segments to participate.

m. The board shall ensure the availability of financial incentives under its jurisdiction, including, but not limited to, long-term contracts, loans, SRECs, or other financial support, to ensure market diversity, competition, and appropriate coverage across all ratepayer segments, including, but not limited to, residential, commercial, industrial, non-profit, farms, schools, and public entity customers.

n. For projects which are owned, or directly invested in, by a public utility pursuant to section 13 of P.L.2007, c.340 (C.48:3-98.1), the board shall determine the number of SRECs with which such projects shall be credited; and in determining such number the board shall ensure that the market for SRECs does not detrimentally affect the development of non-utility solar projects and shall consider how its determination may impact the ratepayers.

o. The board, in consultation with the Department of Environmental Protection, electric public utilities, the Division of Rate Counsel in, but not of, the Department of the Treasury, affected members of the solar energy industry, and relevant stakeholders, shall periodically consider increasing the renewable energy portfolio standards beyond the minimum amounts set forth in subsection d. of this section, taking into account the cost impacts and public benefits of such increases including, but not limited to:

(1) reductions in air pollution, water pollution, land disturbance, and greenhouse gas emissions;

(2) reductions in peak demand for electricity and natural gas, and the overall impact on the costs to customers of electricity and natural gas;

(3) increases in renewable energy development, manufacturing, investment, and job creation opportunities in this State; and

(4) reductions in State and national dependence on the use of fossil fuels.
p. Class I RECs and ORECs shall be eligible for use in renewable energy portfolio standards compliance in the energy year in which they are generated, and for the following two energy years. SRECs shall be eligible for use in renewable energy portfolio standards compliance in the energy year in which they are generated, and for the following four energy years.

q. (1) During the energy years of 2014, 2015, and 2016, a solar electric power generation facility project that is not: (a) net metered; (b) an on-site generation facility; (c) qualified for net metering aggregation; or (d) certified as being located on a brownfield, on an area of historic fill or on a properly closed sanitary landfill facility, as provided pursuant to subsection t. of this section may file an application with the board for approval of a designation pursuant to this subsection that the facility is connected to the distribution system. An application filed pursuant to this subsection shall include a notice escrow of $40,000 per megawatt of the proposed capacity of the facility. The board shall approve the designation if: the facility has filed a notice in writing with the board applying for designation pursuant to this subsection, together with the notice escrow; and the capacity of the facility, when added to the capacity of other facilities that have been previously approved for designation prior to the facility’s filing under this subsection, does not exceed 80 megawatts in the aggregate for each year. The capacity of any one solar electric power supply project approved pursuant to this subsection shall not exceed 10 megawatts. No more than 90 days after its receipt of a completed application for designation pursuant to this subsection, the board shall approve, conditionally approve, or disapprove the application. The notice escrow shall be reimbursed to the facility in full upon either rejection by the board or the facility entering commercial operation, or shall be forfeited to the State if the facility is designated pursuant to this subsection but does not enter commercial operation pursuant to paragraph (2) of this subsection.

(2) If the proposed solar electric power generation facility does not commence commercial operations within two years following the date of the designation by the board pursuant to this subsection, the designation of the facility shall be deemed to be null and void, and the facility shall not be considered connected to the distribution system thereafter.

r. (1) For all proposed solar electric power generation facility projects except for those solar electric power generation facility projects approved pursuant to subsection q. of this section, and for all projects proposed in each energy year following energy year 2016, a proposed solar electric power generation facility that is neither net metered nor an on-site generation facility, may be considered “connected to the distribution system” only
upon designation as such by the board, after notice to the public and opportunity for public comment or hearing. A proposed solar power electric generation facility seeking board designation as "connected to the distribution system" shall submit an application to the board that includes for the proposed facility: the nameplate capacity; the estimated energy and number of SRECs to be produced and sold per year; the estimated annual rate impact on ratepayers; the estimated capacity of the generator as defined by PJM for sale in the PJM capacity market; the point of interconnection; the total project acreage and location; the current land use designation of the property; the type of solar technology to be used; and such other information as the board shall require.

(2) The board shall approve the designation of the proposed solar power electric generation facility as "connected to the distribution system" if the board determines that:

(a) the SRECs forecasted to be produced by the facility do not have a detrimental impact on the SREC market or on the appropriate development of solar power in the State;

(b) the approval of the designation of the proposed facility would not significantly impact the preservation of open space in this State;

(c) the impact of the designation on electric rates and economic development is beneficial; and

(d) there will be no impingement on the ability of an electric public utility to maintain its property and equipment in such a condition as to enable it to provide safe, adequate, and proper service to each of its customers.

(3) The board shall act within 90 days of its receipt of a completed application for designation of a solar power electric generation facility as "connected to the distribution system," to either approve, conditionally approve, or disapprove the application. If the proposed solar electric power generation facility does not commence commercial operations within two years following the date of the designation by the board pursuant to this subsection, the designation of the facility as "connected to the distribution system" shall be deemed to be null and void, and the facility shall thereafter be considered not "connected to the distribution system."

s. In addition to any other requirements of P.L.1999, c.23 or any other law, rule, regulation or order, a solar electric power generation facility that is not net metered or an on-site generation facility and which is located on land that has been actively devoted to agricultural or horticultural use that is valued, assessed, and taxed pursuant to the "Farmland Assessment Act of 1964," P.L.1964, c.48 (C.54:4-23.1 et seq.) at any time within the 10-year period prior to the effective date of P.L.2012, c.24, shall only be considered
"connected to the distribution system" if (1) the board approves the facility's designation pursuant to subsection q. of this section; or (2) (a) PJM issued a System Impact Study for the facility on or before June 30, 2011, (b) the facility files a notice with the board within 60 days of the effective date of P.L.2012, c.24, indicating its intent to qualify under this subsection, and (c) the facility has been approved as “connected to the distribution system” by the board. Nothing in this subsection shall limit the board's authority concerning the review and oversight of facilities, unless such facilities are exempt from such review as a result of having been approved pursuant to subsection q. of this section.

(1) No more than 180 days after the date of enactment of P.L.2012, c.24, the board shall, in consultation with the Department of Environmental Protection and the New Jersey Economic Development Authority, and, after notice and opportunity for public comment and public hearing, complete a proceeding to establish a program to provide SRECs to owners of solar electric power generation facility projects certified by the board, in consultation with the Department of Environmental Protection, as being located on a brownfield, on an area of historic fill or on a properly closed sanitary landfill facility, including those owned or operated by an electric public utility and approved pursuant to section 13 of P.L.2007, c.340 (C.48:3-98.1). Projects certified under this subsection shall be considered “connected to the distribution system”, shall not require such designation by the board, and shall not be subject to board review required pursuant to subsections q. and r. of this section. Notwithstanding the provisions of section 3 of P.L.1999, c.23 (C.48:3-51) or any other law, rule, regulation, or order to the contrary, for projects certified under this subsection, the board shall establish a financial incentive that is designed to supplement the SRECs generated by the facility in order to cover the additional cost of constructing and operating a solar electric power generation facility on a brownfield, on an area of historic fill or on a properly closed sanitary landfill facility. Any financial benefit realized in relation to a project owned or operated by an electric public utility and approved by the board pursuant to section 13 of P.L.2007, c.340 (C.48:3-98.1), as a result of the provision of a financial incentive established by the board pursuant to this subsection, shall be credited to ratepayers. The issuance of SRECs for all solar electric power generation facility projects pursuant to this subsection shall be deemed "Board of Public Utilities financial assistance" as provided under section 1 of P.L.2009, c.89 (C.48:2-29.47).

(2) Notwithstanding the provisions of the "Spill Compensation and Control Act," P.L.1976, c.141 (C.58:10-23.11 et seq.) or any other law, rule,
regulation, or order to the contrary, the board, in consultation with the Department of Environmental Protection, may find that a person who operates a solar electric power generation facility project that has commenced operation on or after the effective date of P.L.2012, c.24, which project is certified by the board, in consultation with the Department of Environmental Protection pursuant to paragraph (1) of this subsection, as being located on a brownfield for which a final remediation document has been issued, on an area of historic fill or on a properly closed sanitary landfill facility, which projects shall include, but not be limited to projects located on a brownfield for which a final remediation document has been issued, on an area of historic fill or on a properly closed sanitary landfill facility owned or operated by an electric public utility and approved pursuant to section 13 of P.L.2007, c.340 (C.48:3-98.1), or a person who owns property acquired on or after the effective date of P.L.2012, c.24 on which such a solar electric power generation facility project is constructed and operated, shall not be liable for cleanup and removal costs to the Department of Environmental Protection or to any other person for the discharge of a hazardous substance provided that:

(a) the person acquired or leased the real property after the discharge of that hazardous substance at the real property;

(b) the person did not discharge the hazardous substance, is not in any way responsible for the hazardous substance, and is not a successor to the discharger or to any person in any way responsible for the hazardous substance or to anyone liable for cleanup and removal costs pursuant to section 8 of P.L.1976, c.141 (C.58:10-23.11g);

(c) the person, within 30 days after acquisition of the property, gave notice of the discharge to the Department of Environmental Protection in a manner the Department of Environmental Protection prescribes;

(d) the person does not disrupt or change, without prior written permission from the Department of Environmental Protection, any engineering or institutional control that is part of a remedial action for the contaminated site or any landfill closure or post-closure requirement;

(e) the person does not exacerbate the contamination at the property;

(f) the person does not interfere with any necessary remediation of the property;

(g) the person complies with any regulations and any permit the Department of Environmental Protection issues pursuant to section 19 of P.L.2009, c.60 (C.58:10C-19) or paragraph (2) of subsection a. of section 6 of P.L.1970, c.39 (C.13:1E-6);
(h) with respect to an area of historic fill, the person has demonstrated pursuant to a preliminary assessment and site investigation, that hazardous substances have not been discharged; and

(i) with respect to a properly closed sanitary landfill facility, no person who owns or controls the facility receives, has received, or will receive, with respect to such facility, any funds from any post-closure escrow account established pursuant to section 10 of P.L.1981, c.306 (C.13:1E-109) for the closure and monitoring of the facility.

Only the person who is liable to clean up and remove the contamination pursuant to section 8 of P.L.1976, c.141 (C.58:10-23.11g) and who does not have a defense to liability pursuant to subsection d. of that section shall be liable for cleanup and removal costs.

u. No more than 180 days after the date of enactment of P.L.2012, c.24, the board shall complete a proceeding to establish a registration program. The registration program shall require the owners of solar electric power generation facility projects connected to the distribution system to make periodic milestone filings with the board in a manner and at such times as determined by the board to provide full disclosure and transparency regarding the overall level of development and construction activity of those projects Statewide.

v. The issuance of SRECs for all solar electric power generation facility projects pursuant to this section, for projects connected to the distribution system with a capacity of one megawatt or greater, shall be deemed "Board of Public Utilities financial assistance" as provided pursuant to section 1 of P.L.2009, c.89 (C.48:2-29.47).

w. No more than 270 days after the date of enactment of P.L.2012, c.24, the board shall, after notice and opportunity for public comment and public hearing, complete a proceeding to consider whether to establish a program to provide, to owners of solar electric power generation facility projects certified by the board as being three megawatts or greater in capacity and being net metered, including facilities which are owned or operated by an electric public utility and approved by the board pursuant to section 13 of P.L.2007, c.340 (C.48:3-98.1), a financial incentive that is designed to supplement the SRECs generated by the facility to further the goal of improving the economic competitiveness of commercial and industrial customers taking power from such projects. If the board determines to establish such a program pursuant to this subsection, the board may establish a financial incentive to provide that the board shall issue one SREC for no less than every 750 kilowatt-hours of solar energy generated by the certified projects. Any financial benefit realized in relation to a project owned or
operated by an electric public utility and approved by the board pursuant to section 13 of P.L.2007, c.340 (C.48:3-98.1), as a result of the provisions of a financial incentive established by the board pursuant to this subsection, shall be credited to ratepayers.

x. Solar electric power generation facility projects that are located on an existing or proposed commercial, retail, industrial, municipal, professional, recreational, transit, commuter, entertainment complex, multi-use, or mixed-use parking lot with a capacity to park 350 or more vehicles where the area to be utilized for the facility is paved, or an impervious surface may be owned or operated by an electric public utility and may be approved by the board pursuant to section 13 of P.L.2007, c.340 (C.48:3-98.1).

3. This act shall take effect immediately.

CHAPTER 25

AN ACT concerning public contracts and supplementing various parts of the statutory law.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.52:32-55 Findings, declarations relative to certain public contracts.

1. The Legislature finds and declares that:

a. In imposing sanctions on Iran, the United States Congress and the President of the United States have determined that the illicit nuclear activities of Iran, combined with its development of unconventional weapons and ballistic missiles, and its support of international terrorism, represent a serious threat to the security of the United States and its allies around the world.

b. The International Atomic Energy Agency has repeatedly called attention to Iran's unlawful nuclear activities, and as a result, the United Nations Security Council has adopted four rounds of sanctions designed to compel the Government of Iran to cease those activities and comply with its obligations under the Treaty on the Non-Proliferation of Nuclear Weapons, commonly known as the Nuclear Non-Proliferation Treaty.

c. The human rights situation in Iran has steadily deteriorated since the fraudulent elections of 2009, as evidenced by the brutal repression, tor-
ture, murder and arbitrary detention of peaceful protestors, dissidents and minorities.

d. On July 1, 2010, President Obama signed into law the Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010, which expressly authorizes state and local governments to prevent investment in, including prohibiting entry into or renewing contracts with, companies operating in Iran and includes provisions that preclude companies that do business in Iran from contracting with the U.S. Government.

e. It is the intention of the Legislature to implement this authority granted under Section 202 of the Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010.

f. There are moral and reputational reasons for state and local governments to not engage in business with foreign companies that have business activities benefiting foreign states, such as Iran, that pursue illegal nuclear programs, support acts of terrorism and commit violations of human rights.

g. Short-term economic profits cannot be a justification to circumvent even in spirit those international sanctions designed to thwart Iran from developing nuclear weapons.

h. The concerns of this Legislature regarding Iran are strictly the result of the actions of the government of Iran and should not be construed as enmity toward the Iranian people.

C.52:32-56 Definitions relative to certain public contracts.

2. As used in this act:

a. "State agency" means any of the principal departments in the Executive Branch of the State government, and any division, board, bureau, office, commission or other instrumentality within or created by such department, the Legislature of the State and any office, board, bureau or commission within or created by the Legislative Branch, and any independent State authority, commission, instrumentality or agency which is authorized by law to award public contracts.

b. "Energy sector" of Iran means activities to develop, invest in, explore for, refine, transfer, purchase or sell petroleum, gasoline, or other refined petroleum products, or natural gas, liquefied natural gas resources or nuclear power in Iran.

d. "Iran" means the government of Iran, and includes the territory of Iran and any other territory or marine area, including the exclusive economic zone and continental shelf, over which the government of Iran claims sover-
e. "Person or entity" means any of the following:

(1) A natural person, corporation, company, limited partnership, limited liability partnership, limited liability company, business association, sole proprietorship, joint venture, partnership, society, trust, or any other nongovernmental entity, organization, or group.

(2) Any governmental entity or instrumentality of a government, including a multilateral development institution, as defined in Section 1701(c)(3) of the International Financial Institutions Act, 22 U.S.C. 262r(c)(3).

(3) Any parent, successor, subunit, direct or indirect subsidiary, or any entity under common ownership or control with, any entity described in paragraph (1) or (2).

f. For the purposes of this act, a person engages in investment activities in Iran, if:

the person provides goods or services of $20,000,000 or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or

the person is a financial institution that extends $20,000,000 or more in credit to another person, for 45 days or more, if that person will use the credit to provide goods or services in the energy sector in Iran and is identified on a list created pursuant to subsection b. of section 3 of this act as a person engaging in investment activities in Iran as described in subsection a. of section 3 of this act.

The State Treasurer shall adopt regulations that reduce the amounts provided for in this subsection if the State Treasurer determines that such change is permitted or required under Section 202 of the Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010.

C.52:32-57 Certain persons, entities prohibited from bidding on certain public contracts, maintenance of list.

3. a. A person or entity that, at the time of bid or proposal for a new contract or renewal of an existing contract, is identified on a list created pursuant to subsection b. of this section as a person or entity engaging in investment activities in Iran as described in subsection f. of section 2 of this act, shall be ineligible to, and shall not, bid on, submit a proposal for, or enter into or renew, a contract with a State agency for goods or services.
b. Within 90 days of the effective date of this act, the Department of the Treasury shall, using credible information available to the public, develop a list of persons or entities it determines engage in investment activities in Iran as described in subsection f. of section 2.

c. The department shall update the list every 180 days.

d. Before finalizing an initial list pursuant to subsection b. of this section or an updated list pursuant to subsection c. of this section, the department shall do the following before a person or entity is included on the list:

(1) Provide 90 days' written notice of its intent to include the person or entity on the list. The notice shall inform the person or entity that inclusion on the list would make the person or entity ineligible to bid on, submit a proposal for, or enter into or renew, a contract for goods or services with a State agency; and

(2) Provide a person or entity with an opportunity to comment in writing that it is not engaged in investment activities in Iran. If the person or entity demonstrates to the department that the person or entity is not engaged in investment activities in Iran as described in subsection f. of section 2 of this act, the person or entity shall not be included on the list, unless the person or entity is otherwise ineligible to bid on a contract as described in paragraph (3) of subsection a. of section 5 of this act.

(3) The department shall make every effort to avoid erroneously including a person or entity on the list.

4. a. A State agency shall require a person or entity that submits a bid or proposal or otherwise proposes to enter into or renew a contract to certify, at the time the bid is submitted or the contract is renewed, that the person or entity is not identified on a list created pursuant to subsection b. of section 3 of this act as a person or entity engaging in investment activities in Iran described in subsection f. of section 2 of this act.

b. The certification required shall be executed on behalf of the applicable person or entity by an authorized officer or representative of the person or entity.

c. In the event that a person or entity is unable to make the certification required because it or one of its parents, subsidiaries, or affiliates as defined in subsection e. of section 2 of this act has engaged in one or more of the activities specified in subsection f. of section 2 of this act, the person or entity shall provide to the State agency concerned, prior to the deadline for delivery of such certification, a detailed and precise description of such activities, such description to be provided under penalty of perjury.
d. The certifications provided under subsection a. of this section and disclosures provided under subsection c. of this section shall be disclosed to the public.

C.52:32-59 False certification, penalties.

5. a. If the department determines, using credible information available to the public and after providing 90 days' written notice and an opportunity to comment in writing for the person or entity to demonstrate that it is not engaged in investment activities in Iran, that the person or entity has submitted a false certification pursuant to section 4 of this act, and the person or entity fails to demonstrate to the department that the person or entity has ceased its engagement in the investment activities in Iran within 90 days after the determination of a false certification, the following shall apply:

(1) Pursuant to an action under subsection b. of this section, a civil penalty in an amount that is equal to the greater of $1,000,000 or twice the amount of the contract for which the false certification was made.

(2) Termination of an existing contract with the State agency as deemed appropriate by the State agency.

(3) Ineligibility to bid on a contract for a period of three years from the date of the determination that the person or entity submitted the false certification.

b. The department shall report to the New Jersey Attorney General the name of the person or entity that the State agency determines has submitted a false certification under section 4 of this act, together with its information as to the false certification, and the Attorney General shall determine whether to bring a civil action against the person or entity to collect the penalty described in paragraph (1) of subsection a. of this section.

Only one civil action against the person or entity to collect the penalty described in paragraph (1) of subsection a. of this section may be brought for a false certification on a contract. A civil action to collect such penalty shall commence within three years from the date the certification is made.

C.52:32-60 Written notice to Attorney General.

6. The Governor shall submit to the Attorney General of the United States a written notice describing this act within 30 days after its effective date.

C.40A:11-2.1 Civil action brought on behalf of local contracting unit.

7. a. A local contracting unit as defined in and subject to the provisions of the "Local Public Contracts Law," P.L.1971, c.198 (C.40A:11-1 et seq.), shall implement and comply with the provisions of P.L.2012, c.25
(C.52:32-55 et al.), except that the contracting unit shall rely on the list developed by the State Department of the Treasury pursuant to section 3 of P.L.2012, c.25 (C.52:32-57).

b. If the local contracting unit determines that a person or entity has submitted a false certification concerning its engagement in investment activities in Iran pursuant to section 4 of P.L.2012, c.25 (C.52:32-58), the local contracting unit shall report to the New Jersey Attorney General the name of that person or entity, and the Attorney General shall determine whether to bring a civil action against the person to collect the penalty prescribed in paragraph (1) of subsection a. of section 5 of P.L.2012, c.25 (C.52:32-59). The local contracting unit may also report to the municipal attorney or county counsel, as appropriate, the name of that person, together with its information as to the false certification, and the municipal attorney or county counsel, as appropriate, may determine to bring such civil action against the person to collect such penalty.

b. If the board determines that a person or entity has submitted a false certification concerning its engagement in investment activities in Iran under section 4 of P.L.2012, c.25 (C.52:32-58), the board shall report to the New Jersey Attorney General the name of that person or entity, and the Attorney General shall determine whether to bring a civil action against the person to collect the penalty prescribed in paragraph (1) of subsection a. of section 5 of P.L.2012, c.25 (C.52:32-59).

The board may also report to the board's attorney the name of that person, together with its information as to the false certification, and the board's attorney may determine to bring such civil action against the person to collect such penalty.

C.18A:64A-25.43 Civil action brought on behalf of county college.

9. a. A county college as defined in and subject to the provisions of the "County College Contracts Law," P.L.1982, c.189 (C.18A:64A-25.1 et seq.), shall implement and comply with the provisions of P.L.2012, c.25 (C.52:32-55 et al.), except that the county college shall rely on the list de-
developed by the State Department of the Treasury pursuant to section 3 of P.L.2012, c.25 (C.52:32-57).

b. If the county college determines that a person or entity has submitted a false certification concerning its engagement in investment activities in Iran pursuant to section 4 of P.L.2012, c.25 (C.52:32-58), the county college shall report to the New Jersey Attorney General the name of that person, and the Attorney General shall determine whether to bring a civil action against the person or entity to collect the penalty prescribed in paragraph (1) of subsection a. of section 5 of P.L.2012, c.25 (C.52:32-59).

10. This act shall take effect immediately but shall apply to contracts awarded or renewed commencing 30 days after the effective date of this act.

Approved July 30, 2012.

CHAPTER 26

AN ACT concerning school employees, revising various parts of the statutory law, and supplementing chapters 6 and 28 of Title 18A of the New Jersey Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. This act shall be known and may be cited as the “Teacher Effectiveness and Accountability for the Children of New Jersey (TEACHNJ) Act.”

2. The Legislature finds and declares that:

a. The goal of this legislation is to raise student achievement by improving instruction through the adoption of evaluations that provide specific feedback to educators, inform the provision of aligned professional development, and inform personnel decisions;
b. The New Jersey Supreme Court has found that a multitude of factors play a vital role in the quality of a child's education, including effectiveness in teaching methods and evaluations. Changing the current evaluation system to focus on improved student outcomes, including objective measures of student growth, is critical to improving teacher effectiveness, raising student achievement, and meeting the objectives of the federal "No Child Left Behind Act of 2001"; and

c. Existing resources from federal, State, and local sources should be used in ways consistent with this law.

3. As used in sections 12 through 17, 19 through 21, and 24 of P.L.2012, c.26 (C.18A:6-117 et al.):

"Corrective action plan" means a written plan developed by a teaching staff member serving in a supervisory capacity in collaboration with the teaching staff member to address deficiencies as outlined in an evaluation. The corrective action plan shall include timelines for corrective action, responsibilities of the individual teaching staff member and the school district for implementing the plan, and specific support that the district shall provide.

"Evaluation" means a process based on the individual’s job description, professional standards and Statewide evaluation criteria that incorporates analysis of multiple measures of student progress and multiple data sources. Such evaluation shall include formal observations, as well as post conferences, conducted and prepared by an individual employed in the district in a supervisory role and capacity and possessing a school administrator certificate, principal certificate, or supervisor certificate.

"Individual professional development plan" means a written statement of goals developed by a teaching staff member serving in a supervisory capacity in collaboration with a teaching staff member, that: aligns with professional standards for teachers set forth in N.J.A.C.6A:9-3.3 and the New Jersey Professional Development Standards; derives from the annual evaluation process; identifies professional goals that address specific individual, district or school needs, or both; and grounds professional development activities in objectives related to improving teaching, learning, and student achievement. The individual professional development plan shall include timelines for implementation, responsibilities of the employee and the school district for implementing the plan, and specific support and periodic feedback that the district shall provide.

"Ineffective" or "partially effective" means the employee receives an annual summative evaluation rating of "ineffective" or "partially effective"
based on the performance standards for his position established through the
evaluation rubric adopted by the board of education and approved by the
commissioner.

“Multiple objective measures of student learning” means the results of
formal and informal assessments of students. Such measures may include a
combination of, but are not limited to: teacher-set goals for student learn­
ing; student performance assessments, including portfolio projects, prob­
lem-solving protocols, and internships; teacher-developed assessments;
standardized assessments; and district-established assessments.

“Professional standards” means the New Jersey Professional Standards for
Teachers and the New Jersey Professional Standards for School Leaders rec­
ommended by the commissioner and adopted by the State Board of Education.

“Teaching staff member” means a member of the professional staff of any
district or regional board of education, or any board of education of a county
vocational school, holding office, position or employment of such character
that the qualifications, for such office, position or employment, require him to
hold a valid and effective standard, provisional or emergency certificate, ap­
propriate to his office, position or employment, issued by the State Board of
Examiners and includes a school nurse and a school athletic trainer.

4. N.J.S.18A:6-9 is amended to read as follows:

Controversies, disputes arising under school laws; jurisdiction.

18A:6-9. The commissioner shall have jurisdiction to hear and deter­
mine, without cost to the parties, all controversies and disputes arising un­
der the school laws, excepting those governing higher education, or under
the rules of the State board or of the commissioner. For the purposes of this
Title, controversies and disputes concerning the conduct of school elections
shall not be deemed to arise under the school laws.

Notwithstanding the provisions of this section to the contrary, an arbi­
trator shall hear and make a final determination on a controversy and dis­
pute arising under subarticle B of article 2 of chapter 6 of Title 18A of the

under oath to support such charge shall be presented to the board. The board of education shall forthwith provide such employee with a copy of the charge, a copy of the statement of the evidence and an opportunity to submit a written statement of position and a written statement of evidence under oath with respect thereto. After consideration of the charge, statement of position and statements of evidence presented to it, the board shall determine by majority vote of its full membership whether there is probable cause to credit the evidence in support of the charge and whether such charge, if credited, is sufficient to warrant a dismissal or reduction of salary. The board of education shall forthwith notify the employee against whom the charge has been made of its determination, personally or by certified mail directed to his last known address. In the event the board finds that such probable cause exists and that the charge, if credited, is sufficient to warrant a dismissal or reduction of salary, then it shall forward such written charge to the commissioner for a hearing pursuant to N.J.S.18A:6-16, together with a certificate of such determination. The consideration and actions of the board as to any charge shall not take place at a public meeting.

6. N.J.S.18A:6-13 is amended to read as follows:

Dismissal of charge for failure of determination by board.

18A:6-13. If the board does not make such a determination within 45 days after receipt of the written charge, the charge shall be deemed to be dismissed and no further proceeding or action shall be taken thereon.

7. N.J.S.18A:6-14 is amended to read as follows:

Suspension upon certification of charge; compensation; reinstatement.

18A:6-14. Upon certification of any charge to the commissioner, the board may suspend the person against whom such charge is made, with or without pay, but, if the determination of the charge by the arbitrator is not made within 120 calendar days after certification of the charges, excluding all delays which are granted at the request of such person, then the full salary (except for said 120 days) of such person shall be paid beginning on the one hundred twenty-first day until such determination is made. Should the charge be dismissed at any stage of the process, the person shall be reinstated immediately with full pay from the first day of such suspension. Should the charge be dismissed at any stage of the process and the suspension be continued during an appeal therefrom, then the full pay or salary of such person shall continue until the determination of the appeal. However, the board of education shall deduct from said full pay or salary any sums received by such
employee or officers by way of pay or salary from any substituted employment assumed during such period of suspension. Should the charge be sustained on the original hearing or an appeal therefrom, and should such person appeal from the same, then the suspension may be continued unless and until such determination is reversed, in which event he shall be reinstated immediately with full pay as of the time of such suspension.

8. N.J.S.18A:6-16 is amended to read as follows:

Proofedings before commissioner; written response; determination.

18A:6-16. Upon receipt of such a charge and certification, or of a charge lawfully made to the commissioner, the commissioner or the person appointed to act in the commissioner's behalf in the proceedings shall examine the charges and certification. The individual against whom the charges are certified shall have 15 days to submit a written response to the charges to the commissioner. Upon a showing of good cause, the commissioner may grant an extension of time. The commissioner shall render a determination on the sufficiency of charges as set forth below within 10 days immediately following the period provided for a written response to the charges.

If, following receipt of the written response to the charges, the commissioner is of the opinion that they are not sufficient to warrant dismissal or reduction in salary of the person charged, he shall dismiss the same and notify said person accordingly. If, however, he shall determine that such charge is sufficient to warrant dismissal or reduction in salary of the person charged, he shall refer the case to an arbitrator pursuant to section 22 of P.L.2012, c.26 (C.18A:6-17.1) for further proceedings, except that when a motion for summary decision has been made prior to that time, the commissioner may retain the matter for purposes of deciding the motion.

9. N.J.S.18A:28-5 is amended to read as follows:

Requirements for tenure.

18A:28-5. a. The services of all teaching staff members employed prior to the effective date of P.L.2012, c.26 (C.18A:6-117 et al.) in the positions of teacher, principal, other than administrative principal, assistant principal, vice-principal, assistant superintendent, and all school nurses including school nurse supervisors, head school nurses, chief school nurses, school nurse coordinators, and any other nurse performing school nursing services, school athletic trainer and such other employees as are in positions which require them to hold appropriate certificates issued by the board of examin-

(1) Three consecutive calendar years, or any shorter period which may be fixed by the employing board for such purpose; or

(2) Three consecutive academic years, together with employment at the beginning of the next succeeding academic year; or

(3) The equivalent of more than three academic years within a period of any four consecutive academic years.

(1) Four consecutive calendar years; or

(2) Four consecutive academic years, together with employment at the beginning of the next succeeding academic year; or

(3) The equivalent of more than four academic years within a period of any five consecutive academic years.

In order to achieve tenure pursuant to this subsection, a teacher shall also complete a district mentorship program during the initial year of employment and receive a rating of effective or highly effective in two annual summative evaluations within the first three years of employment after the initial year of employment in which the teacher completes the district men-
torship program. In order to achieve tenure pursuant to this subsection, a principal, assistant principal, and vice-principal shall also receive a rating of effective or highly effective in two annual summative evaluations within the first three years of employment with the first effective rating being received on or after the completion of the second year of employment.

For purposes of this subsection, "effective" or "highly effective" means the employee has received an annual summative evaluation rating of "effective" or "highly effective" based on the performance standards for his position established through the evaluation rubric adopted by the board of education and approved by the commissioner.

c. For purposes of this chapter, tenure in any of the administrative or supervisory positions enumerated herein shall accrue only by employment in that administrative or supervisory position. Tenure so accrued shall not extend to any other administrative or supervisory position and nothing herein shall limit or restrict tenure rights which were or may be acquired pursuant to N.J.S.18A:28-6 in a position in which the individual actually served.

10. N.J.S.18A:28-6 is amended to read as follows:

Tenure upon transfer or promotion.

18A:28-6. a. Any such teaching staff member under tenure or eligible to obtain tenure under this chapter, who is transferred or promoted with his consent to another position covered by this chapter on or after July 1, 1962, shall not obtain tenure in the new position until after:

1) the expiration of a period of employment of two consecutive calendar years in the new position unless a shorter period is fixed by the employing board for such purpose; or

2) employment for two academic years in the new position together with employment in the new position at the beginning of the next succeeding academic year; or

3) employment in the new position within a period of any three consecutive academic years, for the equivalent of more than two academic years;

provided that the period of employment in such new position shall be included in determining the tenure and seniority rights in the former position held by such teaching staff member, and in the event the employment in such new position is terminated before tenure is obtained therein, if he then has tenure in the district or under said board of education, such teaching staff member shall be returned to his former position at the salary which he would have received had the transfer or promotion not occurred together
with any increase to which he would have been entitled during the period of such transfer or promotion.

b. Any such teaching staff member under tenure or eligible to obtain tenure under this chapter, who is transferred or promoted with his consent to another position covered by this chapter on or after the effective date of P.L.2012, c.26 (C.18A:6-117 et al.), shall not obtain tenure in the new position until after:

(1) the expiration of a period of employment of two consecutive calendar years in the new position; or

(2) employment for two academic years in the new position together with employment in the new position at the beginning of the next succeeding academic year; or

(3) employment in the new position within a period of any three consecutive academic years, for the equivalent of more than two academic years; provided that the period of employment in such new position shall be included in determining the tenure and seniority rights in the former position held by such teaching staff member, and in the event the employment in such new position is terminated before tenure is obtained therein, if he then has tenure in the district or under said board of education, such teaching staff member shall be returned to his former position at the salary which he would have received had the transfer or promotion not occurred together with any increase to which he would have been entitled during the period of such transfer or promotion.

In order to receive tenure pursuant to this subsection, a teacher, principal, assistant principal, and vice-principal shall be evaluated as effective or highly effective in two annual summative evaluations within the first three years of employment in the new position.

For purposes of this subsection, “effective” or “highly effective” means the employee has received an annual summative evaluation rating of “effective” or “highly effective” based on the performance standards for his position established through the evaluation rubric adopted by the board of education and approved by the commissioner.

C.18A:28-5.1 Tenure upon transfer to an underperforming school.

11. A tenured teaching staff member who has been rated effective or highly effective on his most recent annual summative evaluation, and who accepts employment in the same position in an underperforming school shall be under tenure in that position in the new district during good behavior and efficiency and shall not be dismissed or reduced in compensation except for inefficiency, incapacity, or conduct unbecoming such a teaching staff mem-
ber or other just cause and then only in the manner prescribed by subarticle B of article 2 of chapter 6 of this Title, after the employee receives a rating of effective or highly effective in at least one of the annual summative evaluations within the first two years of employment in the new school. For purposes of this subsection, “effective” or “highly effective” means the employee has received an annual summative evaluation rating of “effective” or “highly effective” based on the performance standards for his position established through the evaluation rubric adopted by the board of education and approved by the commissioner.

As used in this section, “underperforming school” means a school which has been identified by the Department of Education as a “focus school” or a “priority school” for any year within a two-year period.

C.18A:6-120 School improvement panel.

12. a. In order to ensure the effectiveness of its teachers, each school shall convene a school improvement panel. A panel shall include the principal, or his designee, an assistant or vice-principal, and a teacher. The principal’s designee shall be an individual employed in the district in a supervisory role and capacity who possesses a school administrator certificate, principal certificate, or supervisor certificate. The teacher shall be a person with a demonstrated record of success in the classroom who shall be selected in consultation with the majority representative. An individual teacher shall not serve more than three consecutive years on any one school improvement panel. In the event that an assistant or vice-principal is not available to serve on the panel, the principal shall appoint an additional member to the panel, who is employed in the district in a supervisory role and capacity and who possesses a school administrator certificate, principal certificate, or supervisor certificate.

Nothing in this section shall prevent a district that has entered a shared services agreement for the functions of the school improvement panel from providing services under that shared services agreement.

b. The panel shall oversee the mentoring of teachers and conduct evaluations of teachers, including an annual summative evaluation, provided that the teacher on the school improvement panel shall not be included in the evaluation process, except in those instances in which the majority representative has agreed to the contrary. The panel shall also identify professional development opportunities for all instructional staff members that are tailored to meet the unique needs of the students and staff of the school.

c. The panel shall conduct a mid-year evaluation of any employee in the position of teacher who is evaluated as ineffective or partially effective
in his most recent annual summative evaluation, provided that the teacher on the school improvement panel shall not be included in the mid-year evaluation process, except in those instances in which the majority representative has agreed to the contrary.

d. Information related to the evaluation of a particular employee shall be maintained by the school district, shall be confidential, and shall not be accessible to the public pursuant to P.L.1963, c.73 (C.47:1A-1 et seq.), as amended and supplemented.

13. a. In order to ensure the effectiveness of the schools in the district, the superintendent of schools or his designee shall conduct evaluations of each principal employed by the school district, including an annual summative evaluation.

b. The principal, in conjunction with the superintendent or his designee, shall conduct evaluations of each assistant principal and vice-principal employed in his school, including an annual summative evaluation.

c. The superintendent or his designee and the principal, as appropriate, shall conduct a mid-year evaluation of any principal, assistant principal, or vice-principal who is evaluated as ineffective or partially effective in his most recent annual summative evaluation.

d. Information related to the evaluation of a particular employee shall be maintained by the school district, shall be confidential, and shall not be accessible to the public pursuant to P.L.1963, c.73 (C.47:1A-1 et seq.), as amended and supplemented.

14. a. A board of education shall implement a researched-based mentoring program that pairs effective, experienced teachers with first-year teachers to provide observation and feedback, opportunities for modeling, and confidential support and guidance in accordance with the Professional Standards for Teachers and the evaluation rubric.

b. The mentoring program shall: enhance teacher knowledge of, and strategies related to, the core curriculum content standards in order to facilitate student achievement and growth; identify exemplary teaching skills and educational practices necessary to acquire and maintain excellence in teaching; and assist first-year teachers in the performance of their duties and adjustment to the challenges of teaching. To the greatest extent feasible, mentoring activities shall be developed in consultation with the school improvement panels established pursuant to section 12 of P.L.2012, c.26
(C.18A:6-120) in order to be responsive to the unique needs of different teachers in different instructional settings.

15. a. A board of education, principal, or superintendent shall provide its teaching staff members with ongoing professional development that supports student achievement and with an individual professional development plan. To the greatest extent feasible, professional development opportunities shall be developed in consultation with the school improvement panels established pursuant to section 12 of P.L.2012, c.26 (C.18A:6-120) in order to be responsive to the unique needs of different instructional staff members in different instructional settings.

b. A board of education, principal, or superintendent shall provide additional professional development for any teaching staff member who fails or is struggling to meet the performance standards established by the board, as documented in the teaching staff member’s annual summative evaluation. The additional professional development shall be designed to correct the needs identified in the annual summative evaluation.

A corrective action plan shall be developed by the teaching staff member and a teaching staff member serving in a supervisory capacity to address deficiencies outlined in the evaluation when the employee is rated ineffective or partially effective. The corrective action plan shall include timelines for corrective action and responsibilities of the teaching staff member and the school district for implementation of the plan.

c. All funds budgeted by a school district for professional development shall be used primarily to provide the professional development required pursuant to the provisions of P.L.2012, c.26 (C.18A:6-117 et al.).

16. a. A school district shall annually submit to the Commissioner of Education, for review and approval, the evaluation rubrics that the district will use to assess the effectiveness of its teachers, principals, assistant principals, and vice-principals and all other teaching staff members. The board shall ensure that an approved rubric meets the minimum standards established by the State Board of Education.

b. Notwithstanding the provisions of subsection a. of this section, a school district may choose to use the model evaluation rubric established by the commissioner pursuant to subsection f. of section 17 of P.L.2012, c.26 (C.18A:6-123) to assess the effectiveness of its teachers, principals, assistant principals, and vice-principals and all other teaching staff mem-
b. In the case in which the district fails to submit a rubric for review and approval, the model rubric shall be used by the district to assess the effectiveness of its teachers, principals, assistant principals, and vice-principals and all other teaching staff members.

b. The State Board of Education shall promulgate regulations pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), to set standards for the approval of evaluation rubrics for teachers, principals, assistant principals, and vice-principals. The standards at a minimum shall include:

(1) four defined annual rating categories for teachers, principals, assistant principals, and vice-principals: ineffective, partially effective, effective, and highly effective;

(2) a provision requiring that the rubric be partially based on multiple objective measures of student learning that use student growth from one year's measure to the next year's measure;

(3) a provision that allows the district, in grades in which a standardized test is not required, to determine the methods for measuring student growth;

(4) a provision that multiple measures of practice and student learning be used in conjunction with professional standards of practice using a comprehensive evaluation process in rating effectiveness with specific measures and implementation processes. Standardized assessments shall be used as a measure of student progress but shall not be the predominant factor in the overall evaluation of a teacher;

(5) a provision that the rubric be based on the professional standards for that employee;

(6) a provision ensuring that performance measures used in the rubric are linked to student achievement;

(7) a requirement that the employee receive multiple observations during the school year which shall be used in evaluating the employee;

(8) a provision that requires that at each observation of a teacher, either the principal, his designee who shall be an individual employed in the district in a supervisory role and capacity and who possesses a school administrator certificate, principal certificate, or supervisor certificate, the vice-principal, or the assistant principal shall be present;
(9) an opportunity for the employee to improve his effectiveness from evaluation feedback;

(10) guidelines for school districts regarding training and the demonstration of competence on the evaluation system to support its implementation;

(11) a process for ongoing monitoring and calibration of the observations to ensure that the observation protocols are being implemented correctly and consistently;

(12) a performance framework, associated evaluation tools, and observation protocols, including training and observer calibration resources;

(13) a process for a school district to obtain the approval of the commissioner to utilize other evaluation tools; and

(14) a process for ensuring that the results of the evaluation help to inform instructional development.

c. A board of education shall adopt a rubric approved by the commissioner by December 31, 2012.

d. Beginning no later than January 31, 2013, a board of education shall implement a pilot program to test and refine the evaluation rubric.

e. Beginning with the 2013-2014 school year, a board of education shall ensure implementation of the approved, adopted evaluation rubric for all educators in all elementary, middle, and high schools in the district. Results of evaluations shall be used to identify and provide professional development to teaching staff members. Results of evaluations shall be provided to the commissioner, as requested, on a regular basis.

f. The commissioner shall establish a model evaluation rubric that may be utilized by a school district to assess the effectiveness of its teaching staff members.

C.18A:6-17.5 Determination of certain tenure charge.

19. A school district’s evaluation rubric approved by the commissioner pursuant to section 16 of P.L.2012, c.25 (C.18A:6-122) shall not be subject to collective negotiations.
C.18A:6-129 Funds provided.

20. The Department of Education shall provide the funds necessary to effectuate the provisions of this act.

21. No collective bargaining agreement or other contract entered into by a school district after July 1, 2013 shall conflict with the educator evaluation system established pursuant to P.L.2012, c.26 (C.18A:6-117 et al.). A district with an existing collective bargaining agreement on July 1, 2013 which conflicts in whole or in part with the educator evaluation system established pursuant to that act, shall implement in accordance with that act those provisions not in conflict with the collective bargaining agreement.

Notwithstanding the provisions of this act, aspects of evaluation not superseded by statute or regulation shall continue to be mandatory subjects of collective negotiations.

22. a. The Commissioner of Education shall maintain a panel of 25 permanent arbitrators to hear matters pursuant to N.J.S.18A:6-16. Of the 25 arbitrators, eight arbitrators shall be designated by the New Jersey Education Association, three arbitrators shall be designated by the American Federation of Teachers, nine arbitrators shall be designated by the New Jersey School Boards Association, and five arbitrators shall be designated by the New Jersey Principals and Supervisors Association. The commissioner shall inform the appropriate designating entity when a vacancy exists. If the appropriate entity does not designate an arbitrator within 30 days, the commissioner shall designate an arbitrator to fill that vacancy.

All arbitrators designated pursuant to this section shall serve on the American Arbitration Association panel of labor arbitrators and shall be members of the National Academy of Arbitrators. The arbitrators shall have knowledge and experience in the school employment sector. Arbitrators on the permanent panel shall be assigned by the commissioner randomly to hear cases.

b. The following provisions shall apply to a hearing conducted by an arbitrator pursuant to N.J.S.18A:6-16, except as otherwise provided pursuant to P.L.2012, c.26 (C.18A:6-117 et al.):

(1) The hearing shall be held before the arbitrator within 45 days of the assignment of the arbitrator to the case;

(2) The arbitrator shall receive no more than $1250 per day and no more than $7500 per case. The costs and expenses of the arbitrator shall be borne by the State of New Jersey.
(3) Upon referral of the case for arbitration, the employing board of education shall provide all evidence including, but not limited to, documents, electronic evidence, statements of witnesses, and a list of witnesses with a complete summary of their testimony, to the employee or the employee's representative. The employing board of education shall be precluded from presenting any additional evidence at the hearing, except for purposes of impeachment of witnesses. At least 10 days prior to the hearing, the employee shall provide all evidence upon which he will rely including, but not limited to, documents, electronic evidence, statements of witnesses, and a list of witnesses with a complete summary of their testimony, to the employing board of education or its representative. The employee shall be precluded from presenting any additional evidence at the hearing except for purposes of impeachment of witnesses.

Discovery shall not include depositions, and interrogatories shall be limited to 25 without subparts.

c. The arbitrator shall determine the case under the American Arbitration Association labor arbitration rules. In the event of a conflict between the American Arbitration Association labor arbitration rules and the procedures established pursuant to this section, the procedures established pursuant to this section shall govern.

d. Notwithstanding the provisions of N.J.S.18A:6-25 or any other section of law to the contrary, the arbitrator shall render a written decision within 45 days of the start of the hearing.

e. The arbitrator's determination shall be final and binding and may not be appealable to the commissioner or the State Board of Education. The determination shall be subject to judicial review and enforcement as provided pursuant to N.J.S.2A:24-7 through N.J.S.2A:24-10.

f. Timelines set forth herein shall be strictly followed; the arbitrator or any involved party shall inform the commissioner of any timeline that is not adhered to.

g. An arbitrator may not extend the timeline of holding a hearing beyond 45 days of the assignment of the arbitrator to the case without approval from the commissioner. An arbitrator may not extend the timeline for rendering a written decision within 45 days of the start of the hearing without approval from the commissioner. Extension requests shall occur before the 41 day of the respective timelines set forth herein. The commissioner shall approve or disapprove extension requests within five days of receipt.

h. The commissioner may remove any arbitrator from an arbitration case or an arbitration panel if an arbitrator does not adhere to the timelines set forth herein without approval from the commissioner. If the commis-
sioner removes an arbitrator from an arbitration case, the commissioner shall refer the case to a new arbitrator within five days. The newly-assigned arbitrator shall convene a new hearing and then render a written decision within 45 days of being referred the case.

C.18A:6-17.2 Considerations for arbitrator in rendering decision.

23. a. In the event that the matter before the arbitrator pursuant to section 22 of this act is employee inefficiency pursuant to section 25 of this act, in rendering a decision the arbitrator shall only consider whether or not:

(1) the employee's evaluation failed to adhere substantially to the evaluation process, including, but not limited to providing a corrective action plan;

(2) there is a mistake of fact in the evaluation;

(3) the charges would not have been brought but for considerations of political affiliation, nepotism, union activity, discrimination as prohibited by State or federal law, or other conduct prohibited by State or federal law; or

(4) the district's actions were arbitrary and capricious.

b. In the event that the employee is able to demonstrate that any of the provisions of paragraphs (1) through (4) of subsection a. of this section are applicable, the arbitrator shall then determine if that fact materially affected the outcome of the evaluation. If the arbitrator determines that it did not materially affect the outcome of the evaluation, the arbitrator shall render a decision in favor of the board and the employee shall be dismissed.

c. The evaluator's determination as to the quality of an employee's classroom performance shall not be subject to an arbitrator's review.

d. The board of education shall have the ultimate burden of demonstrating to the arbitrator that the statutory criteria for tenure charges have been met.

e. The hearing shall be held before the arbitrator within 45 days of the assignment of the arbitrator to the case. The arbitrator shall render a written decision within 45 days of the start of the hearing.

24. The State Board of Education shall promulgate regulations pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), in accordance with an expeditious time frame, to set standards for the approval of evaluation rubrics for all teaching staff members, other than those included under the provisions of subsection b. of section 17 of P.L.2012, c.26 (C.18A:6-123). The standards at a minimum shall include: four defined annual rating categories: ineffective, partially effective, effective, and highly effective.

25. a. Notwithstanding the provisions of N.J.S.18A:6-11 or any other section of law to the contrary, in the case of a teacher, principal, assistant principal, and vice-principal:

(1) the superintendent shall promptly file with the secretary of the board of education a charge of inefficiency whenever the employee is rated ineffective or partially effective in an annual summative evaluation and the following year is rated ineffective in the annual summative evaluation;

(2) if the employee is rated partially effective in two consecutive annual summative evaluations or is rated ineffective in an annual summative evaluation and the following year is rated partially effective in the annual summative evaluation, the superintendent shall promptly file with the secretary of the board of education a charge of inefficiency, except that the superintendent upon a written finding of exceptional circumstances may defer the filing of tenure charges until after the next annual summative evaluation. If the employee is not rated effective or highly effective on this annual summative evaluation, the superintendent shall promptly file a charge of inefficiency.

b. Within 30 days of the filing, the board of education shall forward a written charge to the commissioner, unless the board determines that the evaluation process has not been followed.

c. Notwithstanding the provisions of N.J.S.18A:6-16 or any other section of law to the contrary, upon receipt of a charge pursuant to subsection a. of this section, the commissioner shall examine the charge. The individual against whom the charges are filed shall have 10 days to submit a written response to the charges to the commissioner. The commissioner shall, within five days immediately following the period provided for a written response to the charges, refer the case to an arbitrator and appoint an arbitrator to hear the case, unless he determines that the evaluation process has not been followed.

d. The only evaluations which may be used for purposes of this section are those evaluations conducted in accordance with a rubric adopted by the board and approved by the commissioner pursuant to P.L.2012, c.26 (C.18A:6-117 et al.).

C.18A:6-17.4 Commissioner’s authority.

26. The commissioner shall have the authority to extend the timelines in the tenure charge process upon a showing of exceptional circumstances.

Any such sale, lease, loan, grant, conveyance or permit may be made with or without consideration and for a specified or an unlimited period of time and under any agreement in any terms and conditions which may be approved by such county, municipality or other person and which may be agreed to by the incinerator or environmental services authority in conformity with its contracts with the holders of bonds, the incinerator or environmental services authority may enter into and perform any and all agreements for the assumption of principal or interest or both of indebtedness of such county, municipality or other person or of any mortgage or lien existing with respect to such property or for the operation and maintenance of such property as part of the garbage disposal system.

Such contract or contracts may provide for the payment to the incinerator or environmental services authority by such municipality annually or otherwise of such sum or sums of money, computed at fixed amounts or by a formula based on any factors or other matters described in subsection (b) of section 8 of this act or in any other manner, as said contract or contracts may provide, and the sum or sums so payable may include provision for all or any part of a share of the amounts necessary (1) to pay or provide for the expenses of operation and maintenance of the garbage disposal system, including without limitation insurance, extensions, betterments and replacements and the principal of and interest on any bonds, and (2) to provide for any deficits
resulting from failure to receive sums payable to the incinerator or environmental services authority by such municipality, any other municipality, or any person, or from any other cause, and (3) to maintain such reserves or sinking funds for any of the foregoing as may be required by the terms of any contract of the incinerator or environmental services authority or as may be deemed necessary or desirable by the incinerator or environmental services authority. Any such contract may provide that the sum or sums so payable to the incinerator or environmental services authority shall be in lieu of all or any part of the service charges which would otherwise be charged and collected by the incinerator or environmental services authority with regard to persons or real property within such municipality. Such contract or contracts may also contain provisions as to the financing and payment of expenses to be incurred by the incinerator or environmental services authority and determined by it to be necessary for its purposes prior to the placing in operation of the garbage disposal system and may provide for the payment by such municipality to the incinerator or environmental services authority for application to such expenses or indebtedness therefor such sum or sums of money, not in the aggregate exceeding an amount stated or otherwise limited in said contract or contracts plus interest thereon, as said contract or contracts may provide and as the governing body of said municipality shall, by virtue of its authorization of and entry into said contract or contracts, determine to be necessary for the purposes of the incinerator or environmental services authority. Any such contract may be made with or without consideration and for a specified or an unlimited time and on any terms and conditions which may be approved by such municipality and which may be agreed to by the incinerator or environmental services authority in conformity with its contracts with the holders of any bonds, and shall be valid whether or not an appropriation with respect thereto is made by such municipality prior to authorization or execution thereof. Subject to any such contracts with the holders of bonds, such municipality is hereby authorized and directed to do and perform any and all acts or things necessary, convenient or desirable to carry out and perform every such contract and to provide for the payment or discharge of any obligation thereunder in the same manner as other obligations of such municipality and, in accordance with any such contract, to waive, modify, suspend or reduce the service charges which would otherwise be charged and collected by the incinerator or environmental services authority with regard to persons or real property within such municipality. Nothing in this section, however, shall prevent the incinerator or environmental services authority from collecting additional fees and charges from the owners or
occupants of all parcels of real estate served by it within such municipality if for any reason such additional fees or charges shall be necessary in order for the incinerator or environmental services authority to pay all operating expenses, debt service and other payments required pursuant to contracts with bondholders; and notwithstanding such contracts with such municipalities, the incinerator or environmental services authority shall at all times have power and be obligated to collect sufficient additional fees and charges whenever necessary to pay all operating costs, debt service and all other payments required by contracts with bondholders.

The provisions of this section shall be deemed to constitute a part of the contract with the holder of any bonds. All property of an incinerator or environmental services authority shall be exempt from levy and sale by virtue of an execution and no execution or other judicial process shall issue against the same nor shall any judgment against an incinerator or environmental services authority be a charge or lien upon its property; provided, that nothing herein contained shall apply to or limit the rights of the holder of any bonds to pursue any remedy for the enforcement of any pledge or lien given by an incinerator or environmental services authority on its system revenues.
24. Section 24 of P.L.1948, c.348 (C.40:66A-24) is amended to read as follows:

C.40:66A-24 Property as public property; bonds declared issued by political subdivision; bonds exempt from taxation.

1. R.S.33:1-26 is amended to read as follows:

License, terms, transfer; fee.

33:1-26. All licenses shall be for a term of one year from July 1 in each year. The respective fees for any such license shall be prorated according to the effective date of the license and based on the respective annual fee as in this chapter provided. Where the license fee deposited with the application exceeds the prorated fee, a refund of the excess shall be made to the licensee. Licenses are not transferable except as hereinafter provided. A separate license is required for each specific place of business and the operation and effect of every license is confined to the licensed premises. No retail license of any class shall be issued to any holder of a manufacturer's or wholesaler's license, and no manufacturer's or wholesaler's license shall be issued to the holder of a retail license of any class.
Any person who shall exercise or attempt to exercise, or hold himself out as authorized to exercise, the rights and privileges of a licensee except the licensee and then only with respect to the licensed premises, shall be guilty of a misdemeanor.

In case of death, bankruptcy, receivership or incompetency of the licensee, or if for any other reason whatsoever the operation of the business covered by the license shall devolve by operation of law upon a person other than the licensee, the director or the issuing authority may, in his or its discretion, extend the license for a limited time, not exceeding its term, to the executor, administrator, trustee, receiver or other person upon whom the same has devolved by operation of law as aforesaid. Under no circumstances, however, shall a license, or rights thereunder, be deemed property, subject to inheritance, sale, pledge, lien, levy, attachment, execution, seizure for debts, or any other transfer or disposition whatsoever, except for payment of taxes, fees, interest and penalties imposed by any State tax law for which a lien may attach pursuant to R.S.54:49-1 or pursuant to the State Uniform Tax Procedure Law, R.S.54:48-1 et seq., or any similar State lien of tax, except to the extent expressly provided by this chapter.

On application made therefor setting forth the same matters and things with reference to the premises to which a transfer of license is sought as are required to be set forth in connection with an original application for license, as to the premises, and after publication of notice of intention to apply for transfer, in the same manner as is required in case of an application for license as to the premises, the director or other issuing authority may transfer, upon payment of a fee of 10% of the annual license fee for the license sought to be transferred, any license issued by him or it respectively to a different place of business than that specified therein, by endorsing permission upon the license.

On application made therefor setting forth the same matters and things with reference to the person to whom a transfer of license is sought as are required to be set forth in connection with an original application for license, which application for transfer shall be signed and sworn to by the person to whom the transfer of license is sought and shall bear the consent in writing of the licensee to the transfer, and after publication of notice of intention by the person to whom the transfer of license is sought, to apply for transfer in the same manner as is required in the case of an original application for license, the director or other issuing authority, as the case may be, may transfer any license issued by him or it respectively to the applicant for transfer by endorsing the license. The application and the applicant shall comply with all requirements of this chapter pertaining to an original
application for license and shall be accompanied, in lieu of the license fee required on the original application, by a fee of 10% of the annual license fee for the license sought to be transferred, which 10% shall be retained by the director or other issuing authority, as the case may be, whether the transfer be granted or not, and accounted for as other license fees.

If the other issuing authority shall refuse to grant a transfer the applicant shall be notified forthwith of the refusal by a notice served personally upon the applicant, or sent to him by registered mail addressed to him at the address stated in the application, and the applicant may, within 30 days after the date of service or mailing of the notice, appeal to the director from the action of the issuing authority. If the other issuing authority shall grant a transfer, any taxpayer or other aggrieved person opposing the grant of the transfer may, within 30 days after the grant of the transfer, appeal to the director from the action of the issuing authority.

No person who would fail to qualify as a licensee under this chapter shall be knowingly employed by or connected in any business capacity whatsoever with a licensee. A person failing to qualify as to age or by reason of conviction of a crime involving moral turpitude may, with the approval of the director, and subject to rules and regulations, be employed by any licensee, but the employee if disqualified by age shall not, in any manner whatsoever serve, sell or solicit the sale or participate in the manufacture, rectification, blending, treating, fortification, mixing, processing or bottling of any alcoholic beverage; and further provided, that no permit shall be necessary for the employment in a bona fide hotel or restaurant of any person failing to qualify as to age so long as the person shall not in any manner whatsoever serve, sell or solicit the sale of any alcoholic beverage, or participate in the mixing, processing or preparation thereof. Except for a person convicted of a sex offense as enumerated in subsection b. of N.J.S.2C:7-2 or a person convicted of a crime involving moral turpitude committed while employed on a licensed premises, a person who has been convicted of a crime involving moral turpitude may be employed by a Class C licensee without obtaining the approval of the director or a rehabilitation employment permit provided the person’s responsibilities do not involve serving, selling or soliciting the sale of any alcoholic beverage; participating in the mixing, processing or preparation of alcoholic beverages; providing private security or admission-monitoring services for the premises; or providing or participating in any management or professional services.

Each person seeking to be employed or connected in any business capacity whatsoever with a licensee shall submit to the director the applicant's name, address, fingerprints and written consent for a criminal history record
background check to be performed. The director is authorized to receive criminal history record information from the State Bureau of Identification in the Division of State Police and the Federal Bureau of Investigation consistent with applicable State and federal laws, rules and regulations. The applicant shall bear the cost for the criminal history record background check, including all costs of administering and processing the check. The Division of State Police shall promptly notify the director in the event a current holder of a license or prospective applicant, who was the subject of a criminal history record background check pursuant to this section, is arrested for a crime or offense in this State after the date the background check was performed.

Any request for relief under this section shall be accompanied by a nonreturnable filing fee of $100.00 payable to the director.

2. This act shall take effect immediately.

1. Section 12 of P.L.1977, c.110 (C.5:12-12) is amended to read as follows:

C.5:12-12 "Casino Service Industry Enterprise."

12. "Casino Service Industry Enterprise" -- Any vendor offering goods or services which directly relate to casino or gaming activity, including gaming equipment and simulcast wagering equipment manufacturers, suppliers, repairers and independent testing laboratories, or any vendor providing to casino licensees or applicants goods and services ancillary to gaming activity, including, without limitation, junket enterprises and junket representatives, holders of casino hotel alcoholic beverage control licenses, lessors of casino property not required to hold a casino license pursuant to section 82 of P.L.1977, c.110 (C.5:12-82), and licensors of authorized games. C.5:12-81 Statement of compliance.

   a. (1) Upon consideration of a report and recommendation of the division, the commission may, in its discretion, issue a statement of compliance to an applicant for a casino license or to any person required to qualify in conjunction with a casino license or casino license applicant if the applicant or person, as the case may be, has established by clear and convincing evidence that one or more particular eligibility criteria have been satisfied. A request for the issuance of a statement of compliance pursuant to this paragraph shall be initiated by the applicant filing a petition with the division. Before the division initiates any investigation on such a petition, the director may require the applicant to establish to the satisfaction of the director that the applicant actually intends, if found qualified, to engage in the business or activity that would require the issuance of the license or the determination of qualification status.

(3) A statement of compliance shall not be issued indicating that an applicant or any other person required to qualify in conjunction with a casino license or casino license applicant that is a corporation or other form of business organization has established by clear and convincing evidence its good character, honesty and integrity unless the corporate officers; each director; each person who directly or indirectly holds any beneficial or ownership interest in the applicant of 5% or greater, to the extent such person would be required to qualify under section 85 of P.L.1977, c.110 (C.5:12-85); and any other person whom the division may consider appropriate for approval or qualification, would, but for residence, individually be qualified for approval as a casino key employee pursuant to the provisions of section 89 of P.L.1977, c.110 (C.5:12-89).

(3) the commission finds, on recommendation of the division, cause to revoke the statement of compliance for any other reason.

(2) The estimated increase in the market shares in the categories in (1) above if the person is issued or permitted to hold the casino license;
(3) The relative position of other persons who hold casino licenses, as evidenced by the market shares of each such person in the categories in (1) above;
(4) The current and projected financial condition of the casino industry;
(5) Current market conditions, including level of competition, consumer demand, market concentration, any consolidation trends in the industry and any other relevant characteristics of the market;
(6) Whether the licensed casinos held or to be held by the person have separate organizational structures or other independent obligations;
(7) The potential impact of licensure on the projected future growth and development of the casino industry and Atlantic City;
(8) The barriers to entry into the casino industry, including the licensure requirements of this act, P.L.1977, c.110 (C.5:12-1 et seq.), and whether the issuance or holding of a casino license by the person will operate as a barrier to new companies and individuals desiring to enter the market;
(9) Whether the issuance or holding of the license by the person will adversely impact on consumer interests, or whether such issuance or hold-
ing is likely to result in enhancing the quality and customer appeal of prod-
ucts and services offered by casino licensees in order to maintain or in-
crease their respective market shares;

(10) Whether a restriction on the issuance or holding of an additional
license by the person is necessary in order to encourage and preserve compe-
tition and to prevent undue economic concentration in casino operations; and

(11) Any other evidence deemed relevant by the commission.

The commission shall, after conducting public hearings thereon, prom-
ulgate rules and regulations in accordance with the "Administrative Proce-
dure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) defining any additional cri-

For the purpose of this subsection a person shall be considered the
holder of a casino license if such license is issued to such person or if such
license is held by any holding, intermediary or subsidiary company thereof,
or by any person required to be qualified in conjunction with such casino
license.

6. Section 92 of P.L.1977, c.110 (C.5:12-92) is amended to read as
follows:

C.5:12-92 Licensing of casino service industry enterprises.

92. Licensing of casino service industry enterprises. a. (1) Any busi-
ness to be conducted with a casino applicant or licensee by a vendor offer-
ing goods or services which directly relate to casino or gaming activity, in-
cluding gaming equipment and simulcast wagering equipment manufactur-
ers, suppliers, repairers, and independent testing laboratories, shall require
licensure as a casino service industry enterprise in accordance with the pro-
visions of this act prior to conducting any business whatsoever with a ca-
sino applicant or licensee, its employees or agents; provided, however, that
upon a showing of good cause by a casino applicant or licensee, the director
may permit an applicant for a casino service industry enterprise license to
conduct business transactions with such casino applicant or licensee prior
to the licensure of that casino service industry enterprise applicant under
this subsection for such periods as the division may establish by regulation.

(2) In addition to the requirements of paragraph (1) of this subsection,
any casino service industry enterprise intending to manufacture, sell, dis-
tribute, test or repair slot machines within New Jersey, other than antique
slot machines as defined in N.J.S.2C:37-7, shall be licensed in accordance
with the provisions of this act prior to engaging in any such activities; pro-
provided, however, that upon a showing of good cause by a casino applicant or licensee, the director may permit an applicant for a casino service industry enterprise license to conduct business transactions with the casino applicant or licensee prior to the licensure of that casino service industry enterprise applicant under this subsection for such periods as the division may establish by regulation; and provided further, however, that upon a showing of good cause by an applicant required to be licensed as a casino service industry enterprise pursuant to this paragraph, the director may permit the casino service industry enterprise applicant to initiate the manufacture of slot machines or engage in the sale, distribution, testing or repair of slot machines with any person other than a casino applicant or licensee, its employees or agents, prior to the licensure of that casino service industry enterprise applicant under this subsection.

(3) Vendors providing goods and services to casino licensees or applicants ancillary to gaming, including, without limitation, junket enterprises and junket representatives, and any person employed by a junket enterprise or junket representative in a managerial or supervisory position, non-casino applicants or licensees required to hold a casino hotel alcoholic beverage license pursuant to section 103 of P.L.1977, c.110 (C.5:12-103), lessors of casino property not required to hold a casino license pursuant to section 82 of P.L.1977, c.110 (C.5:12-82), and licensors of authorized games shall be required to be licensed as an ancillary casino service industry enterprise and shall comply with the standards set forth in paragraph (4) of subsection c. of this section.

b. Each casino service industry enterprise required to be licensed pursuant to paragraph (1) of subsection a. of this section, as well as its owners; management and supervisory personnel; and employees if such employees have responsibility for services to a casino applicant or licensee, must qualify under the standards, except residency, established for qualification of a casino key employee under this act.

c. (1) Any vendor that offers goods or services to a casino applicant or licensee that is not included in subsection a. of this section including, but not limited to casino site contractors and subcontractors, shopkeepers located within the approved hotels, gaming schools that possess slot machines for the purpose of instruction, and any non-supervisory employee of a junket enterprise licensed under paragraph (3) of subsection a. of this section, shall be required to register with the division in accordance with the regulations promulgated under this act, P.L.1977, c.110 (C.5:12-1 et seq.).

(2) Notwithstanding the provisions of paragraph (1) of this subsection, the director may, consistent with the public interest and the policies of this act, direct that individual vendors registered pursuant to paragraph (1) of
this subsection be required to apply for either a casino service industry en-
terprise license pursuant to paragraph (1) of subsection a. of this section, or
an ancillary casino service industry enterprise license pursuant to paragraph
(3) of subsection a. of this section, as directed by the division, including,
without limitation, in-State and out-of-State sending tracks as defined in
section 2 of the "Casino Simulcasting Act," P.L.1992, c.19 (C.5:12-192); shopkeepers
located within the approved hotels; and gaming schools that
possess slot machines for the purpose of instruction. The director may also
order that any enterprise licensed as or required to be licensed as an ancil-
lary casino service industry enterprise pursuant to paragraph (3) of subsec-
tion a. of this section be required to apply for a casino service industry en-
terprise license pursuant to paragraph (1) of subsection a. of this section.
The director may also, in his discretion, order that an independent software

vendor pursuant to subsection c. of this section or be licensed pursuant to
either paragraph (1) or (3) of subsection a. of this section.

(3) (Deleted by amendment, P.L.2011, c.19)

(4) Each ancillary casino service industry enterprise required to be li-

its owners, management and supervisory personnel, and employees if such
employees have responsibility for services to a casino applicant or licensee,
shall establish their good character, honesty and integrity by clear and con-

required by the division. Any enterprise required to be licensed as an ancil-

d. Any applicant, licensee or qualifier of a casino service industry en-
terprise license or of an ancillary casino service industry enterprise license

contained in section 86 of this act, except that no such ancillary casino ser-

(C.5:12-91).

e. No casino service industry enterprise license or ancillary casino

f. (Deleted by amendment, P.L.2011, c.19)
g. For the purposes of this section, each applicant shall submit to the division the name, address, fingerprints and a written consent for a criminal history record background check to be performed, for each person required to qualify as part of the application. The division is hereby authorized to exchange fingerprint data with and receive criminal history record information from the State Bureau of Identification in the Division of State Police and the Federal Bureau of Investigation consistent with applicable State and federal laws, rules and regulations. The applicant shall bear the cost for the criminal history record background check, including all costs of administering and processing the check. The Division of State Police shall promptly notify the division in the event a current or prospective qualifier, who was the subject of a criminal history record background check pursuant to this section, is arrested for a crime or offense in this State after the date the background check was performed.

h. (1) Subsequent to the licensure of any entity pursuant to subsection a. of this section, including any finding of qualification as may be required as a condition of licensure, or the registration of any vendor pursuant to subsection c. of this section, the director may revoke, suspend, limit, or otherwise restrict the license, registration or qualification status upon a finding that the licensee, registrant or qualifier is disqualified on the basis of the criteria set forth in section 86 of P.L.1977, c.110 (C.5:12-86).

(2) A hearing prior to the suspension of any license, registration or qualification issued pursuant to this section shall be a limited proceeding at which the division shall have the affirmative obligation to demonstrate that there is a reasonable possibility that the licensee, registrant or qualifier is disqualified on the basis of the criteria set forth in section 86 of P.L.1977, c.110 (C.5:12-86).

7. Section 100 of P.L.1977, c.110 (C.5:12-100) is amended to read as follows:

C.5:12-100 Games and gaming equipment.

100. a. This act shall not be construed to permit any gaming except the conduct of authorized games in a casino room in accordance with this act and the regulations promulgated hereunder and in a simulcasting facility to the extent provided by the "Casino Simulcasting Act," P.L.1992, c.19 (C.5:12-191 et al.). Notwithstanding the foregoing, if the division approves
the game of keno as an authorized game pursuant to section 5 of P.L.1977, c.110 (C.5:12-5), as amended, keno tickets may be sold or redeemed in accordance with division regulations.

b. Gaming equipment shall not be possessed, maintained or exhibited by any person on the premises of a casino hotel except in a casino room, in the simulcasting facility, or in restricted casino areas used for the inspection, repair or storage of such equipment and specifically designated for that purpose by the casino licensee with the approval of the division. Gaming equipment which supports the conduct of gaming in a casino or simulcasting facility but does not permit or require patron access, such as computers, may be possessed and maintained by a casino licensee or a qualified holding or intermediary company of a casino licensee in restricted areas specifically approved by the division. No gaming equipment shall be possessed, maintained, exhibited, brought into or removed from a casino room or simulcasting facility by any person unless such equipment is necessary to the conduct of an authorized game, has permanently affixed, imprinted, impressed or engraved thereon an identification number or symbol authorized by the division, is under the exclusive control of a casino licensee or casino licensee's employees, or of any individually qualified employee of a holding company or casino licensee and is brought into or removed from the casino room or simulcasting facility following 24-hour prior notice given to an authorized agent of the division.

Notwithstanding any other provision of this section, computer equipment used by the slot system operator of a multi-casino progressive slot system to link and communicate with the slot machines of two or more casino licensees for the purpose of calculating and displaying the amount of a progressive jackpot, monitoring the operation of the system, and any other purpose that the division deems necessary and appropriate to the operation or maintenance of the multi-casino progressive slot machine system may, with the prior approval of the division, be possessed, maintained and operated by the slot system operator either in a restricted area on the premises of a casino hotel or in a secure facility inaccessible to the public and specifically designed for that purpose off the premises of a casino hotel but within the territorial limits of Atlantic County, New Jersey.

Notwithstanding the foregoing, a person may, with the prior approval of the division and under such terms and conditions as may be required by the division, possess, maintain or exhibit gaming equipment in any other area of the casino hotel, provided that such equipment is used for nongaming purposes.
Notwithstanding any other provision of this act to the contrary, the division may, by regulation, authorize the linking of slot machines of one or more casino licensees and slot machines located in casinos licensed by another state of the United States. Wagering and account information for a multi-state slot system shall be transmitted by the operator of such multi-state slot system to either a restricted area on the premises of a casino hotel or to a secure facility inaccessible to the public and specifically designed for that purpose off the premises of a casino hotel but within the territorial limits of Atlantic County, New Jersey, and from there to slot machines of New Jersey casino licensees, provided all locations are approved by the division.

Notwithstanding any other provision of this act to the contrary, the division may authorize electronic versions of authorized games to be played within an approved hotel facility on mobile gaming devices to be approved by the division, provided the player has established an account with the casino licensee, the wager is placed by and the winnings are paid to the patron in person within the approved hotel facility, the mobile gaming device is inoperable outside the approved hotel facility, and the division authorizes the device for mobile gaming; provided that the division may establish any additional or more stringent licensing and other regulatory requirements necessary for the proper implementation and conduct of mobile gaming as authorized herein. For the purposes of this provision, the approved hotel facility shall include any area located within the property boundaries of the casino hotel facility, including the swimming pool area and an outdoor recreation area, where mobile gaming devices may be used by patrons in accordance with this provision, but excluding parking garages or parking areas of a casino hotel facility, provided that the division shall ascertain and ensure, pursuant to rules and regulations issued by it to implement mobile gaming pursuant to this provision, that mobile gaming shall not extend outside of the property boundaries of the casino hotel facility.

c. Each casino hotel shall contain a count room and such other secure facilities as may be required by the division for the counting and storage of cash, coins, tokens, checks, plaques, gaming vouchers, coupons, and other devices or items of value used in wagering and approved by the division that are received in the conduct of gaming and for the inspection, counting and storage of dice, cards, chips and other representatives of value. The division shall promulgate regulations for the security of drop boxes and other devices in which the foregoing items are deposited at the gaming tables or in slot machines, and all areas wherein such boxes and devices are kept while in use, which regulations may include certain locking devices. Said drop boxes and other devices shall not be brought into or removed
from a casino room or simulcasting facility, or locked or unlocked, except at such times, in such places, and according to such procedures as the division may require.

d. All chips used in gaming shall be of such size and uniform color by denomination as the division shall require by regulation.

e. All gaming shall be conducted according to rules promulgated by the division. All wagers and pay-offs of winning wagers shall be made according to rules promulgated by the division, which shall establish such limitations as may be necessary to assure the vitality of casino operations and fair odds to patrons. Each slot machine shall have a minimum payout of 83%.

f. Each casino licensee shall make available in printed form to any patron upon request the complete text of the rules of the division regarding games and the conduct of gaming, pay-offs of winning wagers, an approximation of the odds of winning for each wager, and such other advice to the player as the division shall require. Each casino licensee shall prominently post within a casino room and simulcasting facility, as appropriate, according to regulations of the division such information about gaming rules, pay-offs of winning wagers, the odds of winning for each wager, and such other advice to the player as the division shall require.

g. Each gaming table shall be equipped with a sign indicating the permissible minimum and maximum wagers pertaining thereto. It shall be unlawful for a casino licensee to require any wager to be greater than the stated minimum or less than the stated maximum; provided, however, that any wager actually made by a patron and not rejected by a casino licensee prior to the commencement of play shall be treated as a valid wager.

h. (1) Except as herein provided, no slot machine shall be used to conduct gaming unless it is identical in all electrical, mechanical and other aspects to a model thereof which has been specifically tested and licensed for use by the division. The division shall also test any other gaming device, gaming equipment, gaming-related device or gross-revenue related device, such as a slot management system, electronic transfer credit system or gaming voucher system as it deems appropriate. In its discretion and for the purpose of expediting the approval process, the division may utilize the services of a private testing laboratory that has obtained a plenary license as a casino service industry enterprise pursuant to subsection a. of section 92 of P.L.1977, c.110 (C.5:12-92) to perform the testing, and may also utilize applicable data from any such private testing laboratory or from a governmental agency of a state other than New Jersey authorized to regulate slot machines and other gaming devices, gaming equipment, gaming-related devices and gross-revenue related devices used in casino gaming, if the private
testing laboratory or governmental agency uses a testing methodology substantially similar to the methodology utilized by the division. The division, in its discretion, may rely upon the data provided by the private testing laboratory or governmental agency and adopt the conclusions of such private testing laboratory or governmental agency regarding any submitted device.

(2) Except as otherwise provided in paragraph (5) of subsection h. of this section, the division shall, within 60 days of its receipt of a complete application for the testing of a slot machine or other gaming equipment model, approve or reject the slot machine or other gaming equipment model. In so doing, the division shall specify whether and to what extent any data from a private testing laboratory or governmental agency of a state other than New Jersey was used in reaching its conclusions and recommendation. If the division is unable to complete the testing of a slot machine or other gaming equipment model within this 60-day period, the division may conditionally approve the slot machine or other gaming equipment model for test use by a casino licensee provided that the division represents that the use of the slot machine or other gaming equipment model will not have a direct and materially adverse impact on the integrity of gaming or the control of gross revenue. The division shall give priority to the testing of slot machines or other gaming equipment which a casino licensee has certified it will use in its casino in this State.

(3) The division shall, by regulation, establish such technical standards for licensure of slot machines, including mechanical and electrical reliability, security against tampering, the comprehensibility of wagering, and noise and light levels, as it may deem necessary to protect the player from fraud or deception and to insure the integrity of gaming. The denominations of such machines shall be set by the licensee; the licensee shall simultaneously notify the division of the settings.

(4) The division shall, by regulation, determine the permissible number and density of slot machines in a licensed casino so as to:

(a) promote optimum security for casino operations;
(b) avoid deception or frequent distraction to players at gaming tables;
(c) promote the comfort of patrons;
(d) create and maintain a gracious playing environment in the casino; and
(e) encourage and preserve competition in casino operations by assuring that a variety of gaming opportunities is offered to the public.

Any such regulation promulgated by the division which determines the permissible number and density of slot machines in a licensed casino shall provide that all casino floor space and all space within a casino licensee's
casino simulcasting facility shall be included in any calculation of the permissible number and density of slot machines in a licensed casino.

(5) Any new gaming equipment or simulcast wagering equipment that is submitted for testing to the division or to an independent testing laboratory licensed pursuant to subsection a. of section 92 of P.L.1977, c.110 (C.5:12-92) prior to or simultaneously with submission of such new equipment for testing in a jurisdiction other than New Jersey, may, consistent with regulations promulgated by the division, be deployed by a casino licensee on the casino floor 14 days after submission of such equipment for testing. If the casino or casino service industry enterprise licensee has not received approval for the equipment 14 days after submission for testing, any interested casino licensee may, consistent with division regulations, deploy the equipment on a field test basis, unless otherwise directed by the director.

i. (Deleted by amendment, P.L.1991, c.182).

k. It shall be unlawful for any person to exchange or redeem chips for anything whatsoever, except for currency, negotiable personal checks, negotiable counter checks, other chips, coupons, slot vouchers or complimentary vouchers distributed by the casino licensee, or, if authorized by regulation of the division, a valid charge to a credit or debit card account. A casino licensee shall, upon the request of any person, redeem that licensee's gaming chips surrendered by that person in any amount over $100 with a check drawn upon the licensee's account at any banking institution in this State and made payable to that person.

l. It shall be unlawful for any casino licensee or its agents or employees to employ, contract with, or use any shill or Barker to induce any person to enter a casino or simulcasting facility or play at any game or for any purpose whatsoever.

m. It shall be unlawful for a dealer in any authorized game in which cards are dealt to deal cards by hand or other than from a device specifically designed for that purpose, unless otherwise permitted by the rules of the division.

n. (1) It shall be unlawful for any casino key employee licensee to wager in any casino or simulcasting facility in this State.

(2) It shall be unlawful for any other employee of a casino licensee who, in the judgment of the division, is directly involved with the conduct of gaming operations, including but not limited to dealers, floor persons, box persons, security and surveillance employees, to wager in any casino or simulcasting facility in the casino hotel in which the employee is employed.
or in any other casino or simulcasting facility in this State which is owned or operated by an affiliated licensee.

(3) The prohibition against wagering set forth in paragraphs (1) and (2) of this subsection shall continue for a period of 30 days commencing upon the date that the employee either leaves employment with a casino licensee or is terminated from employment with a casino licensee.

o. (1) It shall be unlawful for any casino key employee or boxman, floorman, or any other casino employee who shall serve in a supervisory position to solicit or accept, and for any other casino employee to solicit, any tip or gratuity from any player or patron at the casino hotel or simulcasting facility where he is employed.

(2) A dealer may accept tips or gratuities from a patron at the table at which such dealer is conducting play, subject to the provisions of this subsection. All such tips or gratuities shall be immediately deposited in a lockbox reserved for that purpose, unless the tip or gratuity is authorized by a patron utilizing an automated wagering system approved by the division. All tips or gratuities shall be accounted for, and placed in a pool for distribution pro rata among the dealers, with the distribution based upon the number of hours each dealer has worked, except that the division may, by regulation, permit a separate pool to be established for dealers in the game of poker, or may permit tips or gratuities to be retained by individual dealers in the game of poker.

(3) Notwithstanding the provisions of paragraph (1) of this subsection, a casino licensee may require that a percentage of the prize pool offered to participants pursuant to an authorized poker tournament be withheld for distribution to the tournament dealers as tips or gratuities as the division by regulation may approve.

p. Any slot system operator that offers an annuity jackpot shall secure the payment of such jackpot by establishing an annuity jackpot guarantee in accordance with the requirements of P.L.1977, c.110 (C.5:12-1 et seq.), and the rules of the division.

8. Section 101 of P.L.1977, c.110 (C.5:12-101) is amended to read as follows:

C.5:12-101 Credit.

101. a. Except as otherwise provided in this section, no casino licensee or any person licensed under this act, and no person acting on behalf of or under any arrangement with a casino licensee or other person licensed under this act, shall:
(1) Cash any check, make any loan, or otherwise provide or allow to any person any credit or advance of anything of value or which represents value to enable any person to take part in gaming or simulcast wagering activity as a player; or

(2) Release or discharge any debt, either in whole or in part, or make any loan which represents any losses incurred by any player in gaming or simulcast wagering activity, without maintaining a written record thereof in accordance with the rules of the division.

b. No casino licensee or any person licensed under this act, and no person acting on behalf of or under any arrangement with a casino licensee or other person licensed under this act, may accept a check, other than a recognized traveler's check or other cash equivalent from any person to enable such person to take part in gaming or simulcast wagering activity as a player, or may give cash or cash equivalents in exchange for such check unless:

(1) The check is made payable to the casino licensee;
(2) The check is dated, but not postdated;
(3) The check is presented to the cashier or the cashier's representative at a location in the casino approved by the division and is exchanged for cash or slot tokens which total an amount equal to the amount for which the check is drawn, or the check is presented to the cashier's representative at a gaming table in exchange for chips which total an amount equal to the amount for which the check is drawn; and

(4) The regulations concerning check cashing procedures are observed by the casino licensee and its employees and agents.

Nothing in this subsection shall be deemed to preclude the establishment of an account by any person with a casino licensee by a deposit of cash, recognized traveler's check or other cash equivalent, or a check which meets the requirements of subsection g. of this section, or to preclude the withdrawal, either in whole or in part, of any amount contained in such account.

c. When a casino licensee or other person licensed under this act, or any person acting on behalf of or under any arrangement with a casino licensee or other person licensed under this act, cashes a check in conformity with the requirements of subsection b. of this section, the casino licensee shall cause the deposit of such check in a bank for collection or payment, or shall require an attorney or casino key employee with no incompatible functions to present such check to the drawer's bank for payment, within (1) seven calendar days of the date of the transaction for a check in an amount of $1,000.00 or less; (2) 14 calendar days of the date of the transaction for a check in an amount greater than $1,000.00 but less than or equal to $5,000.00; or (3) 45 calendar days of the date of the transaction for a check
in an amount greater than $5,000.00. Notwithstanding the foregoing, the
drawer of the check may redeem the check by exchanging cash, cash
equivalents, chips, or a check which meets the requirements of subsection
g. of this section in an amount equal to the amount for which the check is
drawn; or he may redeem the check in part by exchanging cash, cash
equivalents, chips, or a check which meets the requirements of subsection
g. of this section and another check which meets the requirements of sub­
section b. of this section for the difference between the original check and
the cash, cash equivalents, chips, or check tendered; or he may issue one
check which meets the requirements of subsection b. of this section in an
amount sufficient to redeem two or more checks drawn to the order of the
casino licensee. If there has been a partial redemption or a consolidation in
conformity with the provisions of this subsection, the newly issued check
shall be delivered to a bank for collection or payment or presented to the
drawer's bank for payment by an attorney or casino key employee with no
incompatible functions within the period herein specified. No casino licen­
see or any person licensed or registered under this act, and no person acting
on behalf of or under any arrangement with a casino licensee or other per­
son licensed under this act, shall accept any check or series of checks in
redemption or consolidation of another check or checks in accordance with
this subsection for the purpose of avoiding or delaying the deposit of a
check in a bank for collection or payment or the presentment of the check
to the drawer's bank within the time period prescribed by this subsection.

In computing a time period prescribed by this subsection, the last day
of the period shall be included unless it is a Saturday, Sunday, or a State or
federal holiday, in which event the time period shall run until the next busi­
ness day.

d. No casino licensee or any other person licensed or registered under
this act, or any other person acting on behalf of or under any arrangement with a casino licensee or other person
licensed under this act, shall transfer, convey, or give, with or without consideration, a check
cashed in conformity with the requirements of this section to any person
other than:

(1) The drawer of the check upon redemption or consolidation in ac­
cordance with subsection c. of this section;

(2) A bank for collection or payment of the check;

(3) A purchaser of the casino license as approved by the commission;
or

(4) An attorney or casino key employee with no incompatible func­
tions for presentment to the drawer’s bank.
The limitation on transferability of checks imposed herein shall apply to checks returned by any bank to the casino licensee without full and final payment.

e. No person other than a casino key employee licensed under this act or a casino employee registered under this act may engage in efforts to collect upon checks that have been returned by banks without full and final payment, except that an attorney-at-law representing a casino licensee may bring action for such collection.

f. Notwithstanding the provisions of any law to the contrary, checks cashed in conformity with the requirements of this act shall be valid instruments, enforceable at law in the courts of this State. Any check cashed, transferred, conveyed or given in violation of this act shall be invalid and unenforceable for the purposes of collection but shall be included in the calculation of gross revenue pursuant to section 24 of P.L.1977, c.110 (C.5:12-24).

g. Notwithstanding the provisions of subsection b. of this section to the contrary, a casino licensee may accept a check from a person to enable the person to take part in gaming or simulcast wagering activity as a player, may give cash or cash equivalents in exchange for such a check, or may accept a check in redemption or partial redemption of a check issued in accordance with subsection b., provided that:

(1) (a) The check is issued by a casino licensee, is made payable to the person presenting the check, and is issued for a purpose other than employment compensation or as payment for goods or services rendered;

(c) The check is issued by a banking institution which is chartered in the United States on its account at another federally chartered or state-chartered bank and is made payable to "cash," "bearer," a casino licensee, or the person presenting the check;

(d) The check is issued by a slot system operator or pursuant to an annuity jackpot guarantee as payment for winnings from a multi-casino progressive slot machine system jackpot; or

(e) The check is issued by an entity that holds a gaming license in any jurisdiction, is made payable to the person presenting the check, and is issued for a purpose other than employment compensation or as payment for goods or services rendered;

(2) The check is identifiable in a manner approved by the division as a check authorized for acceptance pursuant to paragraph (1) of this subsection;
(3) The check is dated, but not postdated;

(4) The check is presented to the cashier or the cashier's representative by the original payee and its validity is verified by the drawer in the case of a check drawn pursuant to subparagraph (a) of paragraph (1) of this subsection, or the check is verified in accordance with regulations promulgated under this act in the case of a check issued pursuant to subparagraph (b), (c), (d) or (e) of paragraph (1) of this subsection; and

(5) The regulations concerning check cashing procedures are observed by the casino licensee and its employees and agents.

No casino licensee shall issue a check for the purpose of making a loan or otherwise providing or allowing any advance or credit to a person to enable the person to take part in gaming or simulcast wagering activity as a player.

h. j. A person may request the division to put that person's name on a list of persons to whom the extension of credit by a casino as provided in this section would be prohibited by submitting to the division the person's name, address, and date of birth. The person does not need to provide a reason for this request. The division shall provide this list to the credit department of each casino; neither the division nor the credit department of a casino shall divulge the names on this list to any person or entity other than those provided for in this subsection. 9. Section 102 of P.L.1977, c.110 (C.5:12-102) is amended to read as follows:

C.5:12-102 Junkets and complimentary services.

a. No junkets may be organized or permitted except in accordance with the provisions of this act. No person may act as a junket representative or junket enterprise except in accordance with this section.

b. A junket representative employed by a casino licensee, an applicant for a casino license or an affiliate of a casino licensee shall be licensed as a casino key employee in accordance with the provisions of P.L.1977, c.110 (C.5:12-1 et seq.); provided, however, that said licensee need not be a resident of this State. No casino licensee or applicant for a casino license may employ or otherwise engage a junket representative who is not so licensed.

c. Junket enterprises that, and junket representatives not employed by a casino licensee or an applicant for a casino license or by a junket enterprise who, engage in activities governed by this section shall be licensed as an ancillary casino service industry enterprise in accordance with paragraph (3) of subsection a. of section 92 of P.L.1977, c.110 (C.5:12-92), unless otherwise directed by the division; provided, however, that any such junket enterprise or junket representative who is disqualified pursuant to section 86 of P.L.1977, c.110 (C.5:12-86) shall not be entitled to establish his rehabilitation from such disqualification. Any non-supervisory employee of a junket enterprise or junket representative licensed as an ancillary casino service industry enterprise in accordance with paragraph (3) of subsection

d. Prior to the issuance of any license required by this section, an applicant for licensure shall submit to the jurisdiction of the State of New Jersey and shall demonstrate that he is amenable to service of process within this State. Failure to establish or maintain compliance with the requirements of this subsection shall constitute sufficient cause for the denial, suspension or revocation of any license issued pursuant to this section.

e. Upon petition by the holder of a casino license, an applicant for a casino key employee license intending to be employed as a junket representative may be issued a temporary license by the division in accordance with regulations promulgated by the division, provided that:

(1) the applicant for licensure is employed by a casino licensee;
(2) the applicant for licensure has filed a completed application as required by the commission;
(3) the division either certifies to the commission that the completed application for licensure as specified in paragraph (2) of this subsection has been in the possession of the division for at least 60 days or agrees to allow the commission to consider the application in some lesser time; and
(4) the division does not object to the temporary licensure of the applicant; provided, however, that failure of the division to object prior to the temporary licensure of the applicant shall not be construed to reflect in any manner upon the qualifications of the applicant for licensure.

In addition to any other authority granted by P.L.1977, c.110 (C.5:12-1 et seq.), the commission shall have the authority, upon receipt of a representation by the division that it possesses information which raises a reasonable possibility that a junket representative does not qualify for licensure, to immediately suspend, limit or condition any temporary license issued pursuant to this subsection, pending a hearing on the qualifications of the junket representative, in accordance with the provisions of P.L.1977, c.110 (C.5:12-1 et seq.).

Unless otherwise terminated pursuant to P.L.1977, c.110 (C.5:12-1 et seq.), any temporary license issued pursuant to this subsection shall expire 12 months from the date of its issuance, and shall be renewable by the commission, in the absence of an objection by the division, as specified in paragraph (4) of this subsection, for one additional six-month period.

f. Every agreement concerning junkets entered into by a casino licensee and a junket representative or junket enterprise shall be deemed to include a provision for its termination without liability on the part of the casino licensee, if the division orders the termination upon the suspension,
limitation, conditioning, denial or revocation of the licensure of the junket representative or junket enterprise, in accordance with the provisions of P.L.1977, c.110 (C.5:12-1 et seq.). Failure to expressly include such a condition in the agreement shall not constitute a defense in any action brought to terminate the agreement.

g. A casino licensee shall be responsible for the conduct of any junket representative or junket enterprise associated with it and for the terms and conditions of any junket engaged in on its premises, regardless of the fact that the junket may involve persons not employed by such a casino licensee.

h. A casino licensee shall be responsible for any violation or deviation from the terms of a junket. Notwithstanding any other provisions of this act, the division may order restitution to junket participants, assess penalties for such violations or deviations, prohibit future junkets by the casino licensee, junket enterprise or junket representative, and order such further relief as it deems appropriate.

i. The division shall, by regulation, prescribe methods, procedures and forms for the delivery and retention of information concerning the conduct of junkets by casino licensees. Without limitation of the foregoing, each casino licensee, in accordance with the rules of the division, shall:

(1) Maintain on file a report describing the operation of any junket engaged in on its premises;

(2) (Deleted by amendment, P.L.1995, c.18).

(3) Submit to the division a list of all its employees who are acting as junket representatives.

j. Each casino licensee, junket representative or junket enterprise shall, in accordance with the rules of the division, file a report with the division with respect to each list of junket patrons or potential junket patrons purchased directly or indirectly by the casino licensee, junket representative or enterprise.

k. The division shall have the authority to determine, either by regulation, or upon petition by the holder of a casino license, that a type of arrangement otherwise included within the definition of "junket" established by section 29 of P.L.1977, c.110 (C.5:12-29) shall not require compliance with any or all of the requirements of this section. In granting exemptions, the division shall consider such factors as the nature, volume and significance of the particular type of arrangement, and whether the exemption would be consistent with the public policies established by this act. In applying the provisions of this subsection, the division may condition, limit, or restrict any exemption as the commission may deem appropriate.
1. No junket enterprise or junket representative or person acting as a junket representative may:

   (1) Engage in efforts to collect upon checks that have been returned by banks without full and final payment;

   (2) Exercise approval authority with regard to the authorization or issuance of credit pursuant to section 101 of P.L.1977, c.110 (C.5:12-101);

   (3) Act on behalf of or under any arrangement with a casino licensee or a gaming patron with regard to the redemption, consolidation, or substitution of the gaming patron's checks awaiting deposit pursuant to subsection c. of section 101 of P.L.1977, c.110 (C.5:12-101);

   (4) Individually receive or retain any fee from a patron for the privilege of participating in a junket;

   (5) Pay for any services, including transportation, or other items of value provided to, or for the benefit of, any patron participating in a junket.

m. No casino licensee shall offer or provide any complimentary services, gifts, cash or other items of value to any person unless:

   (1) The complimentary consists of room, food, beverage, transportation, or entertainment expenses provided directly to the patron and his guests by the licensee or indirectly to the patron and his guests on behalf of a licensee by a third party; or

   (2) (Deleted by amendment, P.L.2009, c.36); or

   (3) The complimentary consists of coins, tokens, cash or other complimentary items or services provided through a bus coupon or other complimentary distribution program which, notwithstanding the requirements of section 99 of P.L.1977, c.110 (C.5:12-99), shall be maintained pursuant to regulation and made available for inspection by the division.

Notwithstanding the foregoing, a casino licensee may offer and provide complimentary cash or noncash gifts which are not otherwise included in paragraphs (1) and (3) of this subsection to any person, provided that any such gifts in excess of $2,000.00, or such greater amount as the division may establish by regulation, are supported by documentation regarding the reason the gift was provided to the patron and his guests, including where applicable, a patron's player rating, which documentation shall be maintained by the casino licensee.

Each casino licensee shall maintain a regulated complimentary service account, for those complimentary services which are permitted pursuant to this section, and shall submit a quarterly report to the division based upon such account and covering all complimentary services offered or engaged in by the licensee during the immediately preceding quarter. Such reports shall include identification of the regulated complimentary services and their
respective costs, the number of persons by category of service who received the same, and such other information as the division may require.

n. As used in this subsection, "person" means any State officer or employee subject to financial disclosure by law or executive order and any other State officer or employee with responsibility for matters affecting casino activity; any special State officer or employee with responsibility for matters affecting casino activity; the Governor; any member of the Legislature or full-time member of the Judiciary; any full-time professional employee of the Office of the Governor, or the Legislature; members of the Casino Reinvestment Development Authority; the head of a principal department; the assistant or deputy heads of a principal department, including all assistant and deputy commissioners; the head of any division of a principal department; any member of the governing body, or the municipal judge or the municipal attorney of a municipality wherein a casino is located; any member of or attorney for the planning board or zoning board of adjustment of a municipality wherein a casino is located, or any professional planner or consultant regularly employed or retained by such planning board or zoning board of adjustment.

No casino applicant or licensee shall provide directly or indirectly to any person any complimentary service or discount which is other than such service or discount that is offered to members of the general public in like circumstance.

o. (Deleted by amendment, P.L.2011, c.19)

Notwithstanding the foregoing:

(1) Agreements which provide only for the payment of a fixed sum which is in no way affected by the amount of any such money, property, revenues, profits or earnings shall not be subject to the provisions of this subsection; and receipts, rentals or charges for real property, personal property or services shall not lose their character as payments of a fixed sum
because of contract, lease, or license provisions for adjustments in charges, rentals or fees on account of changes in taxes or assessments, cost-of-living index escalations, expansion or improvement of facilities, or changes in services supplied.

(2) Agreements between a casino licensee and a junket enterprise or junket representative licensed, qualified or registered in accordance with the provisions of P.L.1977, c.110 (C.5:12-1 et seq.) and the regulations of the division which provide for the compensation of the junket enterprise or junket representative by the casino licensee based upon the actual casino gaming or simulcast wagering activities of a patron procured or referred by the junket enterprise or junket representative shall be lawful if filed with the division prior to the conduct of any junket that is governed by the agreement.

(3) Agreements between a casino licensee and its employees which provide for casino employee or casino key employee profit sharing shall be lawful if the agreement is in writing and filed with the division prior to its effective date. Such agreements may be reviewed by the division under any relevant provision of P.L.1977, c.110 (C.5:12-1 et seq.).

(4) Agreements to lease an approved casino hotel or the land thereunder and agreements for the complete management of all casino gaming operations in a casino hotel shall not be subject to the provisions of this subsection but shall rather be subject to the provisions of subsections b. and c. of section 82 of this act.

(5) Agreements which provide for percentage charges between the casino licensee and a holding company or intermediary company of the casino licensee shall be in writing and filed with the division but shall not be subject to the provisions of this subsection.

(6) Agreements relating to simulcast racing and wagering between a casino licensee and an in-State or out-of-State sending track licensed or exempt from licensure in accordance with section 92 of P.L.1977, c.110 (C.5:12-92) shall be in writing, be filed with the division, and be lawful and effective only if expressly approved as to their terms by the division and the New Jersey Racing Commission, except that any such agreements which provide for a percentage of the parimutuel pool wagered at a simulcasting facility to be paid to the sending track shall not be subject to the provisions of this subsection.

(7) Agreements relating to simulcast racing and wagering between a casino licensee and a casino service industry enterprise licensed pursuant to the provisions of subsection a. of section 92 of P.L.1977, c.110 (C.5:12-92) as a hub facility, as defined in joint regulations of the Division of Gaming Enforcement and the New Jersey Racing Commission, shall be in writing,
be filed with the commission, and be lawful and effective only if expressly approved as to their terms by the commission and the New Jersey Racing Commission, except that any such agreements which provide for a percentage of the casino licensee's share of the parimutuel pool wagered at a simulcasting facility to be paid to the hub facility shall not be subject to the provisions of this subsection.

(8) Agreements relating to simulcast racing and wagering between a casino licensee and a casino service industry enterprise licensed pursuant to the provisions of subsection a. of section 92 of P.L.1977, c.110 (C.5:12-92) to conduct casino simulcasting in a simulcasting facility shall be in writing, be filed with the commission, and be lawful and effective only if expressly approved as to their terms by the commission, except that any such agreements which provide for a percentage of the casino licensee's share of the parimutuel pool wagered at a simulcasting facility to be paid to the hub facility shall not be subject to the provisions of this subsection.

(9) Written agreements relating to the operation of multi-casino or multi-state progressive slot machine systems between one or more casino licensees and a casino service industry enterprise licensed pursuant to the provisions of subsection a. of section 92 of P.L.1977, c.110 (C.5:12-92), or an eligible applicant for such license, which provide for an interest, percentage or share of the casino licensee's revenues, profits or earnings from the operation of such multi-casino or multi-state progressive slot machines to be paid to the casino service industry enterprise licensee or applicant shall not be subject to the provisions of this subsection if the agreements are filed with and approved by the division.

(10) A written agreement between a casino licensee and a casino service industry enterprise licensed pursuant to subsection a. of section 92 of P.L.1977, c.110 (C.5:12-92), or an eligible applicant for such license, relating to the construction, renovation or operation of qualifying sleeping units, as defined in section 27 of P.L.1977, c.110 (C.5:12-27), or of non-gaming amenities, as defined by the division, within the limits of the city of Atlantic City, regardless of whether such qualifying sleeping units or non-gaming amenities are connected to a casino hotel facility, which provides for an interest, percentage or share of the casino licensee's revenues, profits or earnings, not to exceed 5% of the casino licensee's revenues, to be paid to the casino service industry enterprise licensee or applicant in return for the construction, renovation or operation of such qualifying sleeping units or non-gaming amenities shall not be subject to the provisions of this subsection provided that: (i) the agreement requires a capital investment, at least 10% of which shall be made by the casino service industry enterprise licen-

b. Each casino applicant or licensee shall maintain, in accordance with the rules of the division, a record of each written or unwritten agreement regarding the realty, construction, maintenance, or business of a proposed or existing casino hotel or related facility. The foregoing obligation shall apply regardless of whether the casino applicant or licensee is a party to the agreement. Any such agreement may be reviewed by the division on the basis of the reasonableness of its terms, including the terms of compensation, and of the qualifications of the owners, officers, employees, and directors of any enterprise involved in the agreement, which qualifications shall be reviewed according to the standards enumerated in section 86 of P.L.1977, c.110 (C.5:12-86). If the division disapproves such an agreement or the owners, officers, employees, or directors of any enterprise involved therein, the division may require its termination.

Every agreement required to be maintained, and every related agreement the performance of which is dependent upon the performance of any such agreement, shall be deemed to include a provision to the effect that, if the commission shall require termination of an agreement pursuant to its authority under P.L.1977, c.110 (C.5:12-1 et seq.), such termination shall occur without liability on the part of the casino applicant or licensee or any qualified party to the agreement or any related agreement. Failure expressly to include such a provision in the agreement shall not constitute a defense in any action brought to terminate the agreement. If the agreement is not maintained or presented to the commission in accordance with division regulations, or the disapproved agreement is not terminated, the division may pursue any remedy or combination of remedies provided in this act.

For the purposes of this subsection, "casino applicant" includes any person required to hold a casino license pursuant to section 82 of P.L.1977, c.110 (C.5:12-82) who has applied to the division for a casino license or any approval required under P.L.1977, c.110 (C.5:12-1 et seq.).

The authority shall oversee the redevelopment of the tourism district and implementation of the tourism district master plan. The authority shall enter into agreements with public and private entities for the purposes of promoting the economic and general welfare of Atlantic City and the tourism district. Any resolution adopted by the city of Atlantic City to establish a program of municipal financial assistance, in the form of grants, loans, tax credits or abatements, or other incentives, or to enter into an agreement providing such financial assistance, to support a development or redevelopment project located within the tourism district shall require the approval of the authority. If such resolution shall receive the approval of the authority, then notwithstanding any law, rule, or order to the contrary, the program may be implemented by the mayor without the adoption of any municipal ordinance. A program adopted pursuant to this subsection shall not be subject to repeal or suspension by voter initiative.

k. Notwithstanding the provisions of any other law to the contrary, the authority shall provide that all available assets and revenues of the authority shall be devoted to the purposes of the tourism district and community development in Atlantic City, unless otherwise provided by contract entered into prior to the effective date of P.L.2011, c.18 (C.S. 12-218 et al.).

l. The authority shall coordinate and collaborate with the city of Atlantic City Planning and Zoning Departments with respect to code enforcement, planning and zoning. The authority shall coordinate and collaborate with any of the city's departments, agencies, and authorities with respect to administrative operations relating to the implementation of the tourism district master plan. If the city determines that it is unable to coor-
dinate and collaborate with the authority pursuant to this subsection, the Department of Community Affairs, shall, at the request of the authority, assume jurisdiction over the Atlantic City Planning and Zoning Departments and any other appropriate departments, agencies, or authorities of the city responsible for code enforcement and administrative operations of the city to provide that the authority shall receive necessary assistance regarding code enforcement and administrative actions undertaken in its implementation of the tourism district master plan. The assumption of jurisdiction by the Department of Community Affairs over any department, agency, or authority of the city, undertaken pursuant to this subsection, shall not be construed as affecting the jurisdiction of any such department, agency, or authority, or of the city, with respect to regulatory control or the provision of services by the city, unless such regulatory control or provision of services is directly related to the provision of assistance to the authority regarding code enforcement and administrative actions undertaken in furtherance of the implementation of the tourism district master plan.

m. Two years after the adoption of the tourism district master plan, the authority shall conduct a formal evaluation of the plan to assess the functionality of its implementation. The authority may make any changes concerning its implementation of the master plan, as necessary, to improve its functionality. Such changes may include the reallocation of the resources of any division under the authority's jurisdiction and the reorganization of the functions and operations of those entities which pertain to the tourism district master plan. The authority may make any changes concerning the employment of authority employees which would improve the functionality of the authority's implementation of the master plan.

CHAPTER 35

AN ACT increasing the amount of tax credits authorized to be issued under the Urban Transit Hub Tax Credit program, extending the application deadline, and amending various parts of the statutory law.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 3 of P.L.2007, c.346 (C.34:1B-209) is amended to read as follows:
C.34:1B-209 Credit for qualified business facilities, conditions for eligibility; allowance.

3. a. (1) A business, upon application to and approval from the authority, shall be allowed a credit of 100 percent of its capital investment, made after the effective date of P.L.2007, c.346 (C.34:1B-207 et seq.) but prior to its submission of documentation pursuant to subsection c. of this section, in a qualified business facility within an eligible municipality, pursuant to the restrictions and requirements of this section. To be eligible for any tax credits authorized under this section, a business shall demonstrate to the authority, at the time of application, that the State's financial support of the proposed capital investment in a qualified business facility will yield a net positive benefit to both the State and the eligible municipality. The value of all credits approved by the authority pursuant to P.L.2007, c.346 (C.34:1B-207 et seq.) shall not exceed $1,750,000,000.

(2) A business, other than a tenant eligible pursuant to paragraph (3) of this subsection, shall make or acquire capital investments totaling not less than $50,000,000 in a qualified business facility, at which the business shall employ not fewer than 250 full-time employees to be eligible for a credit under this section. A business that acquires a qualified business facility shall also be deemed to have acquired the capital investment made or acquired by the seller.

(3) A business that is a tenant in a qualified business facility, the owner of which has made or acquired capital investments in the facility totaling not less than $50,000,000, shall occupy a leased area of the qualified business facility that represents at least $17,500,000 of the capital investment in the facility at which the tenant business and up to two other tenants in the qualified business facility shall employ not fewer than 250 full-time employees in the aggregate to be eligible for a credit under this section. The amount of capital investment in a facility that a leased area represents shall be equal to that percentage of the owner’s total capital investment in the facility that the percentage of net leasable area leased by the tenant is of the total net leasable area of the qualified business facility. Capital investments made by a tenant shall be deemed to be included in the calculation of the capital investment made or acquired by the owner, but only to the extent necessary to meet the owner’s minimum capital investment of $50,000,000. Capital investments made by a tenant and not allocated to meet the owner’s minimum capital investment threshold of $50,000,000 shall be added to the amount of capital investment represented by the tenant’s leased area in the qualified business facility.
(4) A business shall not be allowed tax credits under this section if the business participates in a business employment incentive grant relating to the same capital and employees that qualify the business for this credit, or if the business receives assistance pursuant to P.L. 1996, c.25 (C.34:1B-112 et seq.). A business that is allowed a tax credit under this section shall not be eligible for incentives authorized pursuant to P.L.2002, c.43 (C.52:27BBB-1 et al.). A business shall not qualify for a tax credit under this section, based upon capital investment and employment of full-time employees, if that capital investment or employment was the basis for which a grant was provided to the business pursuant to the "InvestNJ Business Grant Program Act," P.L.2008, c.112 (C.34:1B-237 et seq.).

(5) Full-time employment for an accounting or privilege period shall be determined as the average of the monthly full-time employment for the period.

(6) The capital investment of the owner of a qualified business facility is that percentage of the capital investment made or acquired by the owner of the building that the percentage of net leasable area of the qualified business facility not leased to tenants is of the total net leasable area of the qualified business facility.

(7) A business shall be allowed a tax credit of 100 percent of its capital investment, made after the effective date of P.L.2011, c.89 but prior to its submission of documentation pursuant to subsection c. of this section, in a qualified business facility that is part of a mixed use project, provided that (a) the qualified business facility represents at least $17,500,000 of the total capital investment in the mixed use project, (b) the business employs not fewer than 250 full-time employees in the qualified business facility, and (c) the total capital investment in the mixed use project of which the qualified business facility is a part is not less than $50,000,000. The allowance of credits under this paragraph shall be subject to the restrictions and requirements, to the extent that those are not inconsistent with the provisions of this paragraph, set forth in paragraphs (1) through (6) of this subsection, including but not limited to the requirement that the business shall demonstrate to the authority, at the time of application, that the State's financial support of the proposed capital investment in a qualified business facility will yield a net positive benefit to both the State and the eligible municipality.

(8) In determining whether a proposed capital investment will yield a net positive benefit, the authority shall not consider the transfer of an existing job from one location in the State to another location in the State as the creation of a new job, unless (a) the business proposes to transfer existing jobs to a municipality in the State as part of a consolidation of business op-
erations from two or more other locations that are not in the same municipality whether in-State or out-of-State, or (b) the business's chief executive officer, or equivalent officer, submits a certification to the authority indicating that the existing jobs are at risk of leaving the State and that the business's chief executive officer, or equivalent officer, has reviewed the information submitted to the authority and that the representations contained therein are accurate, and the business intends to employ not fewer than 500 full-time employees in the qualified business facility. In the event that this certification by the business's chief executive officer, or equivalent officer, is found to be willfully false, the authority may revoke any award of tax credits in their entirety, which revocation shall be in addition to any other criminal or civil penalties that the business and the officer may be subject to. When considering an application involving intra-State job transfers, the authority shall require the company to submit the following information as part of its application: a full economic analysis of all locations under consideration by the company; all lease agreements, ownership documents, or substantially similar documentation for the business's current in-State locations; and all lease agreements, ownership documents, or substantially similar documentation for the potential out-of-State location alternatives, to the extent they exist. Based on this information, and any other information deemed relevant by the authority, the authority shall independently verify and confirm, by way of making a factual finding by separate vote of the authority's board, the business's assertion that the jobs are actually at risk of leaving the State, before a business may be awarded any tax credits under this section.

b. A business shall apply for the credit prior to July 1, 2014, and shall submit its documentation for approval of its credit amount no later than July 28, 2017.

c. (1) The amount of credit allowed shall, except as otherwise provided, be equal to the capital investment made by the business, or the capital investment represented by the business' leased area, or area owned by the business as a condominium, and shall be taken over a 10-year period, at the rate of one-tenth of the total amount of the business' credit for each tax accounting or privilege period of the business, beginning with the tax period in which the business is first certified by the authority as having met the investment capital and employment qualifications, subject to any reduction or disqualification as provided by subsection d. of this section as determined by annual review by the authority. In conducting its annual review, the authority may require a business to submit any information determined by the authority to be necessary and relevant to its review.
The credit amount for any tax period ending after July 28, 2017 during which the documentation of a business' credit amount remains uncertified shall be forfeited, although credit amounts for the remainder of the years of the 10-year credit period shall remain available to it.

The credit amount that may be taken for a tax period of the business that exceeds the final liabilities of the business for the tax period may be carried forward for use by the business in the next 20 successive tax periods, and shall expire thereafter, provided that the value of all credits approved by the authority against tax liabilities pursuant to P.L.2007, c.346 (C.34:1B-207 et seq.) in any fiscal year shall not exceed $150,000,000.

The amount of credit allowed for a tax period to a business that is a tenant in a qualified business facility shall not exceed the business' total lease payments for occupancy of the qualified business facility for the tax period.

(2) A business that is a partnership shall not be allowed a credit under this section directly, but the amount of credit of an owner of a business shall be determined by allocating to each owner of the partnership that proportion of the credit of the business that is equal to the owner of the partnership's share, whether or not distributed, of the total distributive income or gain of the partnership for its tax period ending within or with the owner's tax period, or that proportion that is allocated by an agreement, if any, among the owners of the partnership that has been provided to the Director of the Division of Taxation in the Department of the Treasury by such time and accompanied by such additional information as the director may require.

(3) The amount of credit allowed may be applied against the tax liability otherwise due pursuant to section 5 of P.L.1945, c.162 (C.54:10A-5), pursuant to sections 2 and 3 of P.L.1945, c.132 (C.54:18A-2 and 54:18A-3), pursuant to section 1 of P.L.1950, c.231 (C.17:32-15), or pursuant to N.J.S.17B:23-5.

d. (1) If, in any tax period, fewer than 200 full-time employees of the business at the qualified business facility are employed in new full-time positions, the amount of the credit otherwise determined pursuant to final calculation of the award of tax credits pursuant to subsection c. of this section shall be reduced by 20 percent for that tax period and each subsequent tax period until the first period for which documentation demonstrating the restoration of the 200 full-time employees employed in new full-time positions at the qualified business facility has been reviewed and approved by the authority, for which tax period and each subsequent tax period the full amount of the credit shall be allowed; provided, however, that for businesses applying before January 1, 2010, there shall be no reduction if a
business relocates to an urban transit hub from another location or other locations in the same municipality. For the purposes of this paragraph, a "new full-time position" means a position created by the business at the qualified business facility that did not previously exist in this State.

(2) If, in any tax period, the business reduces the total number of full-time employees in its Statewide workforce by more than 20 percent from the number of full-time employees in its Statewide workforce in the last tax accounting or privilege period prior to the credit amount approval under subsection a. of this section, then the business shall forfeit its credit amount for that tax period and each subsequent tax period, until the first tax period for which documentation demonstrating the restoration of the business' Statewide workforce to the threshold levels required by this paragraph has been reviewed and approved by the authority, for which tax period and each subsequent tax period the full amount of the credit shall be allowed.

(3) If, in any tax period, (a) the number of full-time employees employed by the business at the qualified business facility located in an urban transit hub within an eligible municipality drops below 250, or (b) the number of full-time employees, who are not the subject of intra-State job transfers, pursuant to paragraph (8) of subsection a. of this section, employed by the business at any other business facility in the State, whether or not located in an urban transit hub within an eligible municipality, drops by more than 20 percent from the number of full-time employees in its workforce in the last tax accounting or privilege period prior to the credit amount approval under this section, then the business shall forfeit its credit amount for that tax period and each subsequent tax period, until the first tax period for which documentation demonstrating the restoration of the number of full-time employees employed by the business at the qualified business facility to 250 or an increase above the 20 percent reduction has been reviewed and approved by the authority, for which tax period and each subsequent tax period the full amount of the credit shall be allowed.

(4) (i) If the qualified business facility is sold in whole or in part during the 10-year eligibility period the new owner shall not acquire the capital investment of the seller and the seller shall forfeit all credits for the tax period in which the sale occurs and all subsequent tax periods, provided however that any credits of tenants shall remain unaffected.

(ii) If a tenant subleases its tenancy in whole or in part during the 10-year eligibility period the new tenant shall not acquire the credit of the sublessor, and the sublessor tenant shall forfeit all credits for the tax period of its sublease and all subsequent tax periods.
e. (1) The Executive Director of the New Jersey Economic Development Authority, in consultation with the Director of the Division of Taxation in the Department of the Treasury, shall adopt rules in accordance with the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) as are necessary to implement this act, including but not limited to: examples of and the determination of capital investment; the enumeration of eligible municipalities; specific delineation of urban transit hubs; the determination of the limits, if any, on the expense or type of furnishings that may constitute capital improvements; the promulgation of procedures and forms necessary to apply for a credit, including the enumeration of the certification procedures and allocation of tax credits for different phases of a qualified business facility or mixed use project; and provisions for credit applicants to be charged an initial application fee, and ongoing service fees, to cover the administrative costs related to the credit.

(2) Through regulation, the Economic Development Authority shall establish standards based on the green building manual prepared by the Commissioner of Community Affairs pursuant to section 1 of P.L.2007, c.132 (C.52:27D-130.6), regarding the use of renewable energy, energy-efficient technology, and non-renewable resources in order to reduce environmental degradation and encourage long-term cost reduction.

2. Section 35 of P.L.2009, c.90 (C.34:1B-209.3) is amended to read as follows:

C.34:1B-209.3  Developer allowed certain tax credits.

35. a. (1) A developer, upon application to and approval from the authority, shall be allowed a credit of up to 35 percent of its capital investment, made after the effective date of P.L.2009, c.90 (C.52:27D-489a et al.) but prior to its submission of documentation pursuant to subsection c. of this section, in a qualified residential project, pursuant to the restrictions and requirements of this section. To be eligible for any tax credits authorized under this section, a developer shall demonstrate to the authority, through a project pro forma analysis at the time of application, that the qualified residential project is likely to be realized with the provision of tax credits at the level requested but is not likely to be accomplished by private enterprise without the tax credits. The value of all credits approved by the authority pursuant to P.L.2009, c.90 (C.52:27D-489a et al.) for qualified residential projects may be up to $150,000,000, except as may be increased by the authority as set forth below; provided, however, that the combined value of all credits approved by the authority pursuant to both P.L.2007,
c.346 (C.34:1B-207 et seq.) and P.L.2009, c.90 (C.52:27D-489a et al.) shall not exceed $1,750,000,000. The authority shall monitor application and allocation activity under P.L.2007, c.346 (C.34:1B-207 et seq.), and if sufficient credits are available after taking into account allocation under P.L.2007, c.346 (C.34:1B-207 et seq.) to those qualified business facilities for which applications have been filed or for which applications are reasonably anticipated, and if the executive director judges certain qualified residential projects to be meritorious, the aforementioned $150,000,000 cap may, in the discretion of the executive director, be exceeded for allocation to qualified residential projects in such amounts as the executive director deems reasonable, justified, and appropriate. In allocating all credits to qualified residential projects under this section, the executive director shall take into account, together with other factors deemed relevant by the executive director: input from the municipality in which the project is to be located, whether the project furthers specific State or municipal planning and development objectives, or both, and whether the project furthers a public purpose, such as catalyzing urban development or maximizing the value of vacant, dilapidated, outmoded, government-owned, or underutilized property, or both.

(2) A developer shall make or acquire capital investments totaling not less than $50,000,000 in a qualified residential project to be eligible for a credit under this section. A developer that acquires a qualified residential project shall also be deemed to have acquired the capital investment made or acquired by the seller.

(3) The capital investment requirement may be met by the developer or by one or more of its affiliates.

(4) A developer of a mixed use project shall be allowed a credit pursuant to subparagraph (a) or (b) of this paragraph, but not both.
   (a) A developer shall be allowed a credit in accordance with this section for a qualified residential project that includes a mixed use project.
   (b) A developer shall be allowed a credit of up to 35 percent of its capital investment, made after the effective date of P.L.2011, c.89 but prior to its submission of documentation pursuant to subsection c. of this section, in a qualified residential project that is part of a mixed use project, provided that: (a) the capital investment in the qualified residential project represents at least $17,500,000 of the total capital investment in the mixed use project; and (b) the total capital investment in the mixed use project of which the qualified residential project is a part is not less than $50,000,000.

The allowance of credits under this paragraph shall be subject to the restrictions and requirements, to the extent that those are not inconsistent with the
provisions of this paragraph, set forth in paragraphs (1) through (3) of this
subsection, including but not limited to the requirement prescribed in para-
graph (1) of this subsection that the developer shall demonstrate to the au-
thority, through a project pro forma analysis at the time of application, that
the qualified residential project is likely to be realized with the provision of
tax credits at the level requested but is not likely to be accomplished by
private enterprise without the tax credits.

As used in this subparagraph:
"Mixed use project" means a project comprising both a qualified resi-
dential project and a qualified business facility.

b. A developer shall apply for the credit prior to July 1, 2014, and a
developer shall submit its documentation for approval of its credit amount

c. The credit shall be administered in accordance with the provisions
of subsections c. and e. of section 3 of P.L.2007, c.346 (C.34:1B-209), as
amended by section 32 of P.L.2009, c.90, and section 33 of P.L.2009, c.90
(C.34:1B-209.1), except that (1) all references therein to "business" and
"qualified business facility" shall be deemed to refer respectively to "devel-
oper" and "qualified residential project," as such terms are defined in sec-
tion 34 of P.L.2009, c.90 (C.34:1B-209.2) and (2) all references therein to
credits claimed by tenants and to reductions or disqualifications in credits
determined by annual review of the authority shall be disregarded. Pro-
vided however, for purposes of a "mixed use project" as that term is used
and defined pursuant to subparagraph (b) of paragraph (4) of subsection a.
of this section, "qualified business facility" means that term as defined pur-
suant to section 2 of P.L.2007, c.346 (C.34:1B-208).

3. Section 6 of P.L.2010, c.57 (C.34:1B-209.4) is amended to read as
follows:

C.34:1B-209.4 Credit to business for wind energy facility; eligibility.
6. a. (1) A business, upon application to and approval from the author-
ity, shall be allowed a credit of 100 percent of its capital investment, made
after the effective date of P.L.2010, c.57 (C.48:3-87.1 et al.) but prior to its
submission of documentation pursuant to subsection c. of this section, in a
qualified wind energy facility located within an eligible wind energy zone,
pursuant to the restrictions and requirements of this section. To be eligible
for any tax credits authorized under this section, a business shall demon-
strate to the authority, at the time of application, that the State's financial
support of the proposed capital investment in a qualified wind energy facil-
ity will yield a net positive benefit to the State. The value of all credits approved by the authority pursuant to this section may be up to $100,000,000, except as may be increased by the authority as set forth below; provided, however, that the combined value of all credits approved by the authority pursuant to P.L.2007, c.346 (C.34:1B-267 et seq.), P.L.2009, c.90 (C.52:27D-489a et al.), and P.L.2010, c.57 (C.48:3-87.1 et al.) shall not exceed $1,750,000,000. The authority shall monitor application and allocation activity under P.L.2007, c.346 after taking into account the allocation under P.L.2007, c.346 and if sufficient credits are available to those qualified business facilities for which applications have been filed or for which applications are reasonably anticipated, and if the chief executive officer judges certain qualified offshore wind projects to be meritorious, the aforementioned cap may, in the discretion of the chief executive officer, be exceeded for allocation to qualified wind energy facilities in such amounts as the chief executive officer deems reasonable, justified and appropriate.

(2) (a) A business, other than a tenant eligible pursuant to subparagraph (b) of this paragraph, shall make or acquire capital investments totaling not less than $50,000,000 in a qualified wind energy facility, at which the business, including tenants at the qualified wind energy facility, shall employ at least 300 new, full-time employees, to be eligible for a credit under this section. A business that acquires a qualified wind energy facility after the effective date of P.L.2010, c.57 (C.48:3-87.1 et al.) shall also be deemed to have acquired the capital investment made or acquired by the seller.

(b) A business that is a tenant in the qualified wind energy facility, the owner of which has made or acquired capital investments in the facility totaling more than $50,000,000, shall occupy a leased area of the qualified wind energy facility that represents at least $17,500,000 of the capital investment in the qualified wind energy facility at which at least 300 new, full-time employees in the aggregate are employed, to be eligible for a credit under this section. The amount of capital investment in a facility that a leased area represents shall be equal to that percentage of the owner’s total capital investment in the facility that the percentage of net leasable area leased by the tenant is of the total net leasable area of the qualified business facility. Capital investments made by a tenant shall be deemed to be included in the calculation of the capital investment made or acquired by the owner, but only to the extent necessary to meet the owner’s minimum capital investment of $50,000,000. Capital investments made by a tenant and not allocated to meet the owner’s minimum capital investment threshold of $50,000,000 shall be added to the amount of capital investment represented by the tenant’s leased area in the qualified wind energy facility.
(c) The calculation of the number of new, full-time employees required pursuant to subparagraphs (a) and (b) of this paragraph may include the number of new, full-time positions resulting from an equipment supply coordination agreement with equipment manufacturers, suppliers, installers and operators associated with the supply chain required to support the qualified wind energy facility.

For the purposes of this paragraph, "full time employee" shall not include an employee who is a resident of another state and whose income is not subject to the "New Jersey Gross Income Tax Act," N.J.S.54A:1-1 et seq., unless that state has entered into a reciprocity agreement with the State of New Jersey, provided that any employee whose work is provided pursuant to a collective bargaining agreement with the port district in the wind energy zone may be included.

(3) A business shall not be allowed a tax credit pursuant to this section if the business participates in a business employment incentive grant relating to the same capital and employees that qualify the business for this credit, or if the business receives assistance pursuant to the "Business Retention and Relocation Assistance Act," P.L.1996, c.25 (C.34:1B-112 et seq.). A business that is allowed a tax credit under this section shall not be eligible for incentives authorized pursuant to the "Municipal Rehabilitation and Economic Recovery Act," P.L.2002, c.43 (C.52:27BBB-1 et al.).

(4) Full-time employment for an accounting or privilege period shall be determined as the average of the monthly full-time employment for the period.

b. A business shall apply for the credit within five years after the effective date of P.L.2007, c.346 (C.34:1B-207 et seq.), and a business shall submit its documentation for approval of its credit amount within eight years after the effective date of P.L.2007, c.346.

c. The credit allowed pursuant to this section shall be administered in accordance with the provisions of subsection c. of section 3 of P.L.2007, c.346 (C.34:1B-209) and section 33 of P.L.2009, c.90 (C.34:1B-209.1), except that all references therein to "qualified business facility" shall be deemed to refer to "qualified wind energy facility," as that term is defined in subsection f. of this section.

d. The amount of the credit allowed pursuant to this section shall, except as otherwise provided, be equal to the capital investment made by the business, or the capital investment represented by the business' leased area, and shall be taken over a 10-year period, at the rate of one-tenth of the total amount of the business' credit for each tax accounting or privilege period of the business, beginning with the tax period in which the business is first
approved by the authority as having met the investment capital and employment qualifications, subject to any disqualification as determined by annual review by the authority. In conducting its annual review, the authority may require a business to submit any information determined by the authority to be necessary and relevant to its review. The credit amount for any tax period ending after the date eight years after the effective date of P.L.2007, c.346 (C.34:1B-207 et seq.) during which the documentation of a business' credit amount remains unapproved shall be forfeited, although credit amounts for the remainder of the years of the 10-year credit period shall remain available. The amount of the credit allowed for a tax period to a business that is a tenant in a qualified wind energy facility shall not exceed the business' total lease payments for occupancy of the qualified wind energy facility for the tax period.

e. f. As used in this section: the terms "authority," "business," and "capital investment" shall have the same meanings as defined in section 2 of the "Urban Transit Hub Tax Credit Act," P.L.2007, c.346 (C.34:1B-208), except that all references therein to "qualified business facility" shall be deemed to refer to "qualified wind energy facility" as defined in this subsection.

In addition, as used in this section:

C.34:1B-247 Limit on value of approved credits.

6. a. (1) The value of all credits approved by the authority pursuant to P.L.2011, c.149 (C.34:1B-242 et al.) shall not exceed $200,000,000, except that the value of all credits approved by the authority pursuant to this section may exceed $200,000,000 if the board of the authority determines the credits to be reasonable, justifiable, and appropriate; provided, however, the combined value of all credits approved by the authority pursuant to P.L.2007, c.346 (C.34:1B-207 et seq.) and P.L.2011, c.149 (C.34:1B-242 et al.) shall not exceed $1,750,000,000.

(2) A business, including any affiliate of the business or any business that is a tenant within any qualified business facility, shall make or acquire capital investments totaling not less than $20,000,000 in a qualified business facility, at which the business shall employ not fewer than 100 full-time employees to be eligible for a credit pursuant to P.L.2011, c.149. A business that acquires or leases a qualified business facility shall also be deemed to have acquired the capital investment made or acquired by the seller or landlord, as the case may be.

(3) A business shall not be allowed tax credits pursuant to P.L.1996, c.25 (C.34:1B-112 et seq.) or P.L.1996, c.26 (C.34:1B-124 et seq.) relating to the same capital and employees that qualify the business for tax credits pursuant to P.L.2011, c.149. A business that is allowed a tax credit under this section shall not be eligible for incentives authorized pursuant to
P.L.2002, c.43 (C.52:27BBB-1 et al.). A business shall not qualify for a tax credit under this section, based upon capital investment and employment of full-time employees, if that capital investment or employment was the basis for which a grant was provided to the business pursuant to the "Urban Transit Hub Tax Credit Act," P.L.2007, c.346 (C.34:1B-207 et seq.).

(4) Full-time employment for an accounting or privilege period shall be determined as the average of the monthly full-time employment for the period.

(5) The capital investment of the owner of a qualified business facility is that percentage of the capital investment made or acquired by the owner of the building that the percentage of net leasable area of the qualified business facility not leased to tenants is of the total net leasable area of the qualified business facility. For a business that is a tenant, the amount of capital investment in a facility that a leased area represents shall be equal to that percentage of the owner's total capital investment in the facility that the percentage of net leasable area leased by the tenant is of the total net leasable area of the qualified business facility. Capital investments made by a tenant shall be deemed to be included in the calculation of the capital investment made or acquired by the owner, but only to the extent necessary to meet the owner's minimum capital investment of $20,000,000. Capital investments made by a tenant and not allocated to meet the owner's minimum capital investment threshold of $20,000,000 shall be added to the amount of capital investment represented by the tenant's leased area in the qualified business facility.

b. A business shall apply for the tax credit prior to July 1, 2014, and shall submit its documentation indicating that it has met the capital investment and employment specified in the project agreement for certification of its credit amount no later than July 28, 2017.

c. (1) The amount of credit allowed shall not exceed the capital investment made by the business or the capital investment represented by the business' leased area, as certified by the authority pursuant to subsection b. of this section, as having met the investment capital and employment qualifications, subject to any reduction or disqualification as provided by subsection d. of this section as determined by annual review by the authority. In conducting its annual review, the authority may require a business to submit any information determined by the authority to be necessary and relevant to its review.

The credit amount for any tax period ending after July 28, 2017, during which the documentation of a business' credit amount remains uncertified
shall be forfeited, although credit amounts for the remainder of the years of
the 10-year credit period shall remain available to it.

The credit amount that may be taken for a tax period of the business
that exceeds the final liabilities of the business for the tax period may be
carried forward for use by the business in the next 20 successive tax peri­
ods, and shall expire thereafter, provided that the value of all credits ap­
proved by the authority against tax liabilities pursuant to P.L.2011, c.149, in
any fiscal year shall not exceed $150,000,000 and the combined value of all
credits approved by the authority pursuant to P.L.2007, c.346 (C.34:1B-207
et seq.) and P.L.2011, c.149 (C.34:1B-242 et al.) shall not exceed
$1,750,000,000.

The amount of credit allowed for a tax period to a business that is a
tenant in a qualified business facility shall not exceed the business' total
lease payments for occupancy of the qualified business facility for the tax
period.

(2) A business that is a partnership shall not be allowed a credit under
this section directly, but the amount of credit of an owner of a business
shall be determined by allocating to each owner of the partnership that pro­
portion of the credit of the business that is equal to the owner of the part­
nership's share, whether or not distributed, of the total distributive income
or gain of the partnership for its tax period ending within or with the
owner's tax period, or that proportion that is allocated by an agreement, if
any, among the owners of the partnership that has been provided to the Di­
rector of the Division of Taxation in the Department of the Treasury by
such time and accompanied by such additional information as the director
may require.

(3) The amount of credit allowed may be applied against the tax liabil­
ity otherwise due pursuant to section 5 of P.L.1945, c.162 (C.54:10A-5),
pursuant to sections 2 and 3 of P.L.1945, c.132 (C.54:18A-2 and 54:18A-3),
pursuant to section 1 of P.L.1950, c.231 (C.17:32-15), or pursuant to
N.J.S.17B:23-5.

d. (1) If, in any tax period, the business reduces the total number of
full-time employees in its Statewide workforce by more than 20 percent
from the number of full-time employees in its Statewide workforce in the
last tax period prior to the credit amount approval under section 3 of
P.L.2011, c.149 (C.34:1B-244), then the business shall forfeit its credit
amount for that tax period and each subsequent tax period, until the first tax
period for which documentation demonstrating the restoration of the busi­
ness' Statewide workforce to the threshold levels required by this paragraph
has been reviewed and approved by the authority, for which tax period and each subsequent tax period the full amount of the credit shall be allowed.

(2) If, in any tax period, the number of full-time employees employed by the business at the qualified business facility located within a qualified incentive area drops below 100 or 80 percent of the number of new and retained full-time jobs specified in the project agreement, then the business shall forfeit its credit amount for that tax period and each subsequent tax period, until the first tax period for which documentation demonstrating the restoration of the number of full-time employees employed by the business at the qualified business facility to 100.

(3) (a) If the qualified business facility is sold in whole or in part during the 10-year eligibility period the new owner shall not acquire the capital investment of the seller and the seller shall forfeit all credits for the tax period in which the sale occurs and all subsequent tax periods, provided however that any credits of tenants shall remain unaffected.

(b) If a tenant subleases its tenancy in whole or in part during the 10-year eligibility period the new tenant shall not acquire the credit of the sublessor, and the sublessor tenant shall forfeit all credits for the tax period of its sublease and all subsequent tax periods.

5. This act shall take effect immediately.

Approved August 7, 2012.

   b. If a petition for the appointment of a guardian or issuance of a protective order in an emergency in accordance with subsection c. of section 12 of P.L.2005, c.304 (C.3B:12-24.1) and this section is brought in this State and this State was not the respondent’s home state on the date the petition was filed, the court shall dismiss the proceeding at the request of the court of the home state, if any, whether dismissal is requested before or after the emergency appointment.

C.3B:12B-12 Exclusive and continuing jurisdiction.

12. Exclusive and continuing jurisdiction.

   Except as otherwise provided in section 11 of P.L.2012, c.36 (C.3B:12B-11), a court that has appointed a guardian or issued a protective order consistent with P.L.2012, c.36 (C.3B:12B-1 et al.) has exclusive and continuing jurisdiction over the proceeding until the proceeding is terminated by the court, or the appointment or order expires by its own terms.

C.3B:12B-13 Appropriate forum.

   a. A court of this State having jurisdiction under section 9 of P.L.2012, c.36 (C.3B:12B-9) to declare a person incapacitated, appoint a guardian, or issue a protective order, may decline to exercise jurisdiction if it determines at any time that a court of another state is a more appropriate forum.
   b. If a court of this State declines to exercise jurisdiction under subsection a. of this section, it shall either dismiss or stay the proceeding. The court may impose any condition it deems just and proper, including the
condition that a petition for the appointment of a guardian or issuance of a protective order be filed promptly in another state.

c. In determining whether it is an appropriate forum, the court shall consider all relevant factors, including:

(1) any expressed preference of the respondent;

(2) whether abuse, neglect, or exploitation of the respondent has occurred or is likely to occur and which state could best protect the respondent from the abuse, neglect, or exploitation;

(3) the length of time the respondent was physically present in or was a legal resident of this or another state;

(4) the distance of the respondent from the court of each state;

(5) the financial circumstances of the respondent's estate;

(6) the nature and location of the evidence;

(7) the ability of the court of each state to decide the issue expeditiously and the procedures necessary to present evidence;

(8) the familiarity of the court of each state with the facts and issues in the proceeding; and

C.3B:12B-14 Jurisdiction declined by reason of conduct.

14. Jurisdiction declined by reason of conduct.

a. If, at any time, a court of this State determines that it acquired jurisdiction to declare a person incapacitated, appoint a guardian, or issue a protective order because of unjustifiable conduct, the court may:

(1) decline to exercise jurisdiction;

(2) exercise jurisdiction for the limited purpose of fashioning an appropriate remedy to ensure the health, safety, and welfare of the respondent or the protection of the respondent's property or prevent a repetition of the unjustifiable conduct, including staying the proceeding until a petition for the appointment of a guardian or issuance of a protective order is filed in a court of another state having jurisdiction; or

(3) continue to exercise jurisdiction after considering:

(a) the extent to which the respondent and all persons required to be notified of the proceedings have acquiesced in the exercise of the court's jurisdiction;

(b) whether it is a more appropriate forum than the court of any other state under the factors set forth in subsection c. of section 13 of P.L.2012, c.36 (C.3B:12B-13); and
(c) whether the court of any other state would have jurisdiction under factual circumstances in substantial conformity with the jurisdictional standards of section 9 of P.L.2012, c.36 (C.3B:12B-9).

b. If a court of this State determines that it acquired jurisdiction to appoint a guardian or issue a protective order because a party seeking to invoke its jurisdiction engaged in unjustifiable conduct, it may assess against that party necessary and reasonable expenses, including attorneys’ fees, investigative fees, court costs, communication expenses, witness fees and expenses, and travel expenses. The court may not assess fees, costs, or expenses of any kind against this State or a governmental subdivision, agency, or instrumentality of this State unless authorized by law other than P.L.2012, c.36 (C.3B:12B-1 et al.).

If this State was not the respondent’s home state on the date a petition to declare a person incapacitated for the appointment of a guardian or issuance of a protective order is filed in this State, notice of the petition shall be given, in the same manner as notice is required to be given in this State, to the respondent and to the persons who would be entitled to notice if the regular procedures for appointment of a guardian or a conservator under the Rules Governing the Courts of the State of New Jersey were applicable.

C.3B:12B-16 Proceedings in more than one state.

16. Proceedings in more than one state.

Except for a petition for the appointment of a guardian or issuance of a protective order in an emergency under paragraph (1) of subsection a. of section 11 of P.L.2012, c.36 (C.3B:12B-11), or appointment of a guardian of estate or issuance of a protective order limited to property located in this State under paragraph (2) or (3) of subsection a. of section 11 of P.L.2012, c.36 (C.3B:12B-11), if a petition for the appointment of a guardian or issuance of a protective order is filed in this State and in another state and neither petition has been dismissed or withdrawn, the following shall apply:

a. A court of this State with jurisdiction under section 9 of P.L.2012, c.36 (C.3B:12B-9) may proceed unless a court of another state acquires jurisdiction under similar provisions before the appointment or issuance of the order.

b. A court of this State without jurisdiction under section 9 of P.L.2012, c.36 (C.3B:12B-9), whether at the time the petition is filed or at any time before the appointment or issuance of a judgment or order, shall
stay the proceeding and communicate with the court of another state. If the court in the other state has jurisdiction, the court of this State shall dismiss the petition unless the court in the other state determines that the court of this State is a more appropriate forum.

C.3B:12B-17 Transfer of guardianship or conservatorship to another state.

17. Transfer of guardianship or conservatorship to another state.

a. A guardian or conservator appointed, or a conservatee, in this State may petition the court to transfer the guardianship or conservatorship to another state.

c. Upon certification by the New Jersey Sports and Exposition Authority of the completion of the construction of an off-track wagering facility, the amounts credited by the director to the special non-lapsing account in the General Fund pursuant to this section shall be paid by the State Treasurer in the form of a one-time grant to the lessee or joint venture to rebate to the lessee or joint venture the amounts credited in the account for the completed construction of that off-track wagering facility. d. For purposes of this section,

"Construction materials" means items of tangible personal property purchased by a contractor for incorporation into property as a physical component of such property.

"Construction supplies" means items of tangible personal property consumed in the fulfillment of a construction contract, which items do not become a physical component part of the property upon which work is performed.

"Off-track wagering facility" means a licensed off-track wagering facility at which parimutuel wagering is conducted in accordance with the "Off-Track and Account Wagering Act," P.L.2001, c.199 (C.5:5-127 et seq.).

2. This act shall take effect immediately.

Approved August 7, 2012.
CHAPTER 41

AN ACT authorizing the creation of a debt of the State of New Jersey by providing for the issuance of bonds of the State in the aggregate principal amount of $750,000,000 for the purpose of capital project grants for increasing of academic capacity at New Jersey’s public institutions and private institutions of higher education; authorizing the issuance of refunding bonds; providing the ways and means to pay and discharge the principal and interest on the bonds; providing for the submission of this act to the people at a general election; and making an appropriation therefor.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. This act shall be known and may be cited as the “Building Our Future Bond Act.”

2. The Legislature finds and declares that:
   a. New Jersey’s economic competitiveness and prosperity are directly related to the quality and capacity of its colleges and universities. Higher education is the foundation of this State’s economic well-being as well as being critical in the realization of individual success;
   b. According to The Report of the Governor’s Task Force on Higher Education issued in December, 2010, New Jersey’s workforce will require more baccalaureate degrees than the workforce of any other state except Massachusetts;
   c. Also according to the task force report, New Jersey leads the nation in the net outmigration of college-bound students, losing about 30,000 first-year students a year while admitting only about 4,000 students from other states; and the task force highlighted the urgent need to stem the tide of the brightest high school graduates leaving the State to attend college;
   d. Demographic projections indicate that New Jersey will experience significant growth in its population of 18 to 24-year olds, and the lack of adequate facilities has left institutions of higher education in the State entirely unprepared to accommodate the anticipated growth in student population;
   e. There has not been a voter-approved higher education bond issue since 1988 and the deferral of State support for the construction and capital maintenance needs of higher education buildings has left the institutions with a critical lack of the academic facilities, such as classrooms, laboratories, and libraries, which are necessary to educate this increased student body, provide the capacity necessary to stem the outmigration of talented
students, and ensure the educated workforce necessary to retain and attract business and industry; and

f. This convergence of economic competitiveness, increased workforce demands, and demographic trends makes increasing the facilities capacity of institutions of higher education an issue that deserves immediate attention, and requires the investment of the State resources that are necessary to ensure and advance the State's economic growth and prosperity in this knowledge-based global economy.

3. As used in this act:

"Bonds" mean the bonds authorized to be issued, or issued, under this act.

"Construct" and "construction" mean the planning, erecting, altering, repairing, purchasing, improving, developing, constructing, reconstructing, extending, rehabilitating, renovating, upgrading, demolishing, and equipping of higher education buildings at public institutions and private institutions of higher education.

ally guaranteed by, the United States of America or in specified portions
which may consist of the principal of, or the interest on, those obligations.

to section 2 of P.L.2009, c.308 (C.18A:3B-47).

4. The Secretary of Higher Education shall adopt, pursuant to the
and regulations necessary to implement the provisions of this act.
5. Bonds of the State of New Jersey are authorized to be issued in the aggregate principal amount of $750,000,000 to be allocated as grants for the costs of projects as follows:
   a. $300,000,000 for the public research universities;
   b. $247,500,000 for the State colleges and universities established pursuant to chapter 64 of Title 18A of the New Jersey Statutes;
   c. $150,000,000 for the county colleges; and
   d. $52,500,000 for the private institutions of higher education, other than a private institution having a total endowment of more than $1,000,000,000.
   e. (1) For any project approved by the secretary which is financed by bond funds set forth in subsections a. and b. of this section, the grant shall support 75% of the cost of the project and the public research university or the State college or university shall provide funds to support 25% of the cost of the project.
      (2) For any project approved by the secretary which is financed by bond funds set forth in subsections c. and d. of this section, the grant shall support 75% of the cost of the project and the county college or the private institution of higher education shall provide funds to support 25% of the cost of the project.
   f. Procedures for the review and approval of, and eligibility criteria for, grants shall be established by the secretary. An institution of higher education shall submit a long-range facilities plan that details the facilities needs of the institution and the institution’s plans to address those needs. The institution shall demonstrate how the project to be financed through bond funds advances the goals of the long-range facilities plan, increases the academic capacity of the institution, and provides a direct benefit to students.
   g. The secretary shall prepare a list of eligible projects. Projects that are deemed construction-ready shall receive priority. The secretary shall submit to the presiding officers of each House of the Legislature on a date that both Houses are in session a copy of the list of eligible projects along with the amount of the grant for each project. The list shall be deemed to be approved in its entirety unless the Legislature adopts a concurrent resolution stating that the Legislature is not in agreement with the list within 60 days following the date of transmittal of the list to the Legislature. The payment of project grants on the list of projects shall be subject to the prior appropriation of sufficient funds pursuant to section 15 of this act for total project amounts so listed.
6. The bonds authorized under this act shall be serial bonds, term bonds, or a combination thereof, and shall be known as "Building Our Future Bonds." They shall be issued from time to time as the issuing officials herein named shall determine and may be issued in coupon form, fully-registered form or book-entry form. The bonds may be subject to redemption prior to maturity and shall mature and be paid not later than 35 years from the respective dates of their issuance.

7. The Governor, the State Treasurer and the Director of the Division of Budget and Accounting in the Department of the Treasury, or any two of these officials, herein referred to as "the issuing officials," are authorized to carry out the provisions of this act relating to the issuance of bonds, and shall determine all matters in connection therewith, subject to the provisions of this act. If an issuing official is absent from the State or incapable of acting for any reason, the powers and duties of that issuing official shall be exercised and performed by the person authorized by law to act in an official capacity in the place of that issuing official.

8. Bonds issued in accordance with the provisions of this act shall be a direct obligation of the State of New Jersey, and the faith and credit of the State are pledged for the payment of the interest and redemption premium thereon, if any, when due, and for the payment of the principal thereof at maturity or earlier redemption date. The principal of and interest on the bonds shall be exempt from taxation by the State or by any county, municipality or other taxing district of the State.

9. The bonds shall be signed in the name of the State by means of the manual or facsimile signature of the Governor under the Great Seal of the State, which seal may be by facsimile or by way of any other form of reproduction on the bonds, and attested by the manual or facsimile signature of the Secretary of State, or an Assistant Secretary of State, and shall be countersigned by the facsimile signature of the Director of the Division of Budget and Accounting in the Department of the Treasury and may be manually authenticated by an authenticating agent or bond registrar, as the issuing official shall determine. Interest coupons, if any, attached to the bonds shall be signed by the facsimile signature of the Director of the Division of Budget and Accounting in the Department of the Treasury. The bonds may be issued notwithstanding that an official signing them or whose manual or facsimile signature appears on the bonds or coupons has ceased to hold office at the time of issuance, or at the time of the delivery of the bonds to the purchaser thereof.
10. a. The bonds shall recite that they are issued for the purposes set forth in section 5 of this act, that they are issued pursuant to this act, that this act was submitted to the people of the State at the general election next occurring at least 70 days after enactment as specified in section 23 of this act, and that this act was approved by a majority of the legally qualified voters of the State voting thereon at the election. This recital shall be conclusive evidence of the authority of the State to issue the bonds and their validity. Any bonds containing this recital shall, in any suit, action or proceeding involving their validity, be conclusively deemed to be fully authorized by this act and to have been issued, sold, executed and delivered in conformity herewith and with all other provisions of laws applicable hereto, and shall be incontestable for any cause.

b. The bonds shall be issued in those denominations and in the form or forms, whether coupon, fully-registered or book-entry, and with or without provisions for interchangeability thereof, as may be determined by the issuing officials.

11. When the bonds are issued from time to time, the bonds of each issue shall constitute a separate series to be designated by the issuing officials. Each series of bonds shall bear such rate or rates of interest as may be determined by the issuing officials, which interest shall be payable semi-annually; except that the first and last interest periods may be longer or shorter, in order that intervening semiannual payments may be at convenient dates.

12. The bonds shall be issued and sold at the price or prices and under the terms, conditions and regulations as the issuing officials may prescribe, after notice of the sale, published at least once in at least three newspapers published in this State, and at least once in a publication carrying municipal bond notices and devoted primarily to financial news, published in this State or in the city of New York, the first notice to appear at least five days prior to the day of bidding. The notice of sale may contain a provision to the effect that any bid in pursuance thereof may be rejected. In the event of rejection or failure to receive any acceptable bid, the issuing officials, at any time within 60 days from the date of the advertised sale, may sell the bonds at a private sale at such price or prices under the terms and conditions as the issuing officials may prescribe. The issuing officials may sell all or part of the bonds of any series as issued to any State fund or to the federal government or any agency thereof, at a private sale, without advertisement.
13. Until permanent bonds are prepared, the issuing officials may issue temporary bonds in the form and with those privileges as to their registration and exchange for permanent bonds as may be determined by the issuing officials.

14. The proceeds from the sale of bonds used to provide grants to public institutions and private institutions of higher education as set forth in section 5 of this act shall be paid to the State Treasurer, shall be held by the State Treasurer in a separate fund, and shall be deposited in such depositories as may be selected by the State Treasurer to the credit of the fund, which fund shall be known as the "Building Our Future Fund."

15. a. The moneys in the "Building Our Future Fund" are specifically dedicated and shall be applied to the cost of providing grants to New Jersey's public institutions and private institutions of higher education for projects as set forth in section 5 of this act. However, no moneys in the fund shall be expended for those purposes, except as otherwise authorized by this act, without the appropriation thereof by the Legislature, but bonds may be issued as herein provided, notwithstanding that the Legislature shall not have then adopted an act making an appropriation of any of the moneys.

b. At any time prior to the issuance and sale of bonds under this act, the State Treasurer is authorized to transfer from any available moneys in any fund of the treasury of the State to the credit of the "Building Our Future Fund" those sums as the State Treasurer may deem necessary. The sums so transferred shall be returned to the same fund of the treasury of the State by the State Treasurer from the proceeds of the sale of the first issue of bonds.

c. Pending their application to the purposes provided in this act, the moneys in the "Building Our Future Fund" may be invested and reinvested as are other trust funds in the custody of the State Treasurer, in the manner provided by law. Net earnings received from the investment, reinvestment, or deposit of moneys in the "Building Our Future Fund" shall be paid into the General Fund.

16. If any coupon bond, coupon or registered bond is lost, mutilated or destroyed, a new bond or coupon shall be executed and delivered of like tenor, in substitution for the lost, mutilated or destroyed bond or coupon, upon the owner furnishing to the issuing officials evidence satisfactory to them of the loss, mutilation or destruction of the bond or coupon, the ownership thereof, and security, indemnity and reimbursement for expenses connected therewith, as the issuing officials may require.
17. The accrued interest, if any, received upon the sale of the bonds shall be applied to the discharge of a like amount of interest upon the bonds when due. Any expense incurred by the issuing officials for advertising, engraving, printing, clerical, authenticating, registering, legal or other services necessary to carry out the duties imposed upon them by the provisions of this act shall be paid from the proceeds of the sale of the bonds by the State Treasurer, upon the warrant of the Director of the Division of Budget and Accounting in the Department of the Treasury, in the same manner as other obligations of the State are paid.

18. Bonds of each series issued hereunder shall mature, including any sinking fund redemptions, not later than the 35th year from the date of issue of that series, and in amounts as shall be determined by the issuing officials. The issuing officials may reserve to the State by appropriate provision in the bonds of any series the power to redeem any of the bonds prior to maturity at the price or prices and upon the terms and conditions as may be provided in the bonds.

19. Any bond or bonds issued hereunder which are subject to refinancing pursuant to the “Refunding Bond Act of 1985,” P.L.1985, c.74 as amended by P.L.1992, c.182 (C.49:2B-1 et seq.), shall no longer be deemed to be outstanding, shall no longer constitute a direct obligation of the State of New Jersey, and the faith and credit of the State shall no longer be pledged to the payment of the principal of, redemption premium, if any, and interest on the bonds, and the bonds shall be secured solely by and payable solely from moneys and government securities deposited in trust with one or more trustees or escrow agents, which trustees and escrow agents shall be trust companies or national or state banks having powers of a trust company, located either within or without the State, as provided herein, whenever there shall be deposited in trust with the trustees or escrow agents, as provided herein, either moneys or government securities, including government securities issued or held in book-entry form on the books of the Department of Treasury of the United States, the principal of and interest on which when due will provide money which, together with the moneys, if any, deposited with the trustees or escrow agents at the same time, shall be sufficient to pay when due the principal of, redemption premium, if any, and interest due and to become due on the bonds on or prior to the redemption date or maturity date thereof, as the case may be; provided the government securities shall not be subject to redemption prior to their maturity other than at the option of the holder thereof. The State of New Jersey
hereby covenants with the holders of any bonds for which government securities or moneys shall have been deposited in trust with the trustees or escrow agents as provided in this section that, except as otherwise provided in this section, neither the government securities nor moneys so deposited with the trustees or escrow agents shall be withdrawn or used by the State for any purpose other than, and shall be held in trust for, the payment of the principal of, redemption premium, if any, and interest to become due on the bonds; provided that any cash received from the principal or interest payments on the government securities deposited with the trustees or escrow agents, to the extent the cash will not be required at any time for that purpose, shall be paid over to the State, as received by the trustees or escrow agents, free and clear of any trust, lien, pledge or assignment securing the bonds; and to the extent the cash will be required for that purpose at a later date, shall, to the extent practicable and legally permissible, be reinvested in government securities maturing at times and in amounts sufficient to pay when due the principal of, redemption premium, if any, and interest to become due on the bonds on and prior to the redemption date or maturity date thereof, as the case may be, and interest earned from the reinvestments shall be paid over to the State, as received by the trustees or escrow agents, free and clear of any trust, lien or pledge securing the bonds. Notwithstanding anything to the contrary contained herein: a. the trustees or escrow agents shall, if so directed by the issuing officials, apply moneys on deposit with the trustees or escrow agents pursuant to the provisions of this section, and redeem or sell government securities so deposited with the trustees or escrow agents, and apply the proceeds thereof to (1) the purchase of the bonds which were refinanced by the deposit with the trustees or escrow agents of the moneys and government securities and immediately thereafter cancel all bonds so purchased, or (2) the purchase of different government securities; provided however, that the moneys and government securities on deposit with the trustees or escrow agents after the purchase and cancellation of the bonds or the purchase of different government securities shall be sufficient to pay when due the principal of, redemption premium, if any, and interest on all other bonds in respect of which the moneys and government securities were deposited with the trustees or escrow agents on or prior to the redemption date or maturity date thereof, as the case may be; and b. in the event that on any date, as a result of any purchases and cancellations of bonds or any purchases of different government securities, as provided in this sentence, the total amount of moneys and government securities remaining on deposit with the trustees or escrow agents is in excess of the total amount which would have been required to be deposited with
the trustees or escrow agents on that date in respect of the remaining bonds for which the deposit was made in order to pay when due the principal of, redemption premium, if any, and interest on the remaining bonds, the trustees or escrow agents shall, if so directed by the issuing officials, pay the amount of the excess to the State, free and clear of any trust, lien, pledge or assignment securing the refunding bonds.

20. Refunding bonds issued pursuant to P.L.1985, c.74 as amended by P.L.1992, c.182 (C.49:2B-1 et seq.) may be consolidated with bonds issued pursuant to section 5 of this act or with bonds issued pursuant to any other act for purposes of sale.

21. To provide funds to meet the interest and principal payment requirements for the bonds and refunding bonds issued under this act and outstanding, there is appropriated in the order following:
   a. Revenue derived from the collection of taxes under the “Sales and Use Tax Act,” P.L.1966, c.30 (C.54:32B-1 et seq.), or so much thereof as may be required; and
   b. If, at any time, funds necessary to meet the interest, redemption premium, if any, and principal payments on outstanding bonds issued under this act are insufficient or not available, there shall be assessed, levied and collected annually in each of the municipalities of the counties of this State, a tax on the real and personal property upon which municipal taxes are or shall be assessed, levied and collected, sufficient to meet the interest on all outstanding bonds issued hereunder and on the bonds proposed to be issued under this act in the calendar year in which the tax is to be raised and for the payment of bonds falling due in the year following the year for which the tax is levied. The tax shall be assessed, levied and collected in the same manner and at the same time as are other taxes upon real and personal property. The governing body of each municipality shall cause to be paid to the county treasurer of the county in which the municipality is located, on or before December 15 in each year, the amount of tax herein directed to be assessed and levied, and the county treasurer shall pay the amount of the tax to the State Treasurer on or before December 20 in each year.

If on or before December 31 in any year, the issuing officials, by resolution, determine that there are moneys in the General Fund beyond the needs of the State, sufficient to pay the principal of bonds falling due and all interest and redemption premium, if any, payable in the ensuing calendar year, the issuing officials shall file the resolution in the office of the State Treasurer, whereupon the State Treasurer shall transfer the moneys to a
separate fund to be designated by the State Treasurer, and shall pay the principal, redemption premium, if any, and interest out of that fund as the same shall become due and payable, and the other sources of payment of the principal, redemption premium, if any, and interest provided for in this section shall not then be available, and the receipts for the year from the tax specified in subsection a. of this section shall be considered and treated as part of the General Fund, available for general purposes.

22. Should the State Treasurer, by December 31 of any year, deem it necessary, because of the insufficiency of funds collected from the sources of revenues as provided in this act, to meet the interest and principal payments for the year after the ensuing year, then the State Treasurer shall certify to the Director of the Division of Budget and Accounting in the Department of the Treasury the amount necessary to be raised by taxation for those purposes, the same to be assessed, levied and collected for and in the ensuing calendar year. The director shall, on or before March 1 following, calculate the amount in dollars to be assessed, levied and collected in each county as herein set forth. This calculation shall be based upon the corrected assessed valuation of each county for the year preceding the year in which the tax is to be assessed, but the tax shall be assessed, levied and collected upon the assessed valuation of the year in which the tax is assessed and levied. The director shall certify the amount to the county board of taxation and the treasurer of each county. The county board of taxation shall include the proper amount in the current tax levy of the several taxing districts of the county in proportion to the ratables as ascertained for the current year.

23. For the purpose of complying with the provisions of the State Constitution, this act shall be submitted to the people at the general election next occurring at least 70 days after enactment. To inform the people of the contents of this act, it shall be the duty of the Secretary of State, after this section takes effect, and at least 60 days prior to the election, to cause this act to be published at least once in one or more newspapers of each county, if any newspapers be published therein and to notify the clerk of each county of this State of the passage of this act; and the clerks respectively, in accordance with the instructions of the Secretary of State, shall have printed on each of the ballots the following:

CHAPTER 42

AN ACT concerning construction of facilities at institutions of higher education, revising various parts of the statutory law, and supplementing Title 18A of the New Jersey Statutes.
BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 43 of P.L.2009, c.90 (C.18A:64-85) is amended to read as follows:

C.18A:64-85 State, county college may enter into certain contracts with a private entity.

43. a. (1) A State college or county college may enter into a contract with a private entity, subject to subsection f. of this section, to be referred to as a public-private partnership agreement, that permits the private entity to assume full financial and administrative responsibility for the on-campus construction, reconstruction, repair, alteration, improvement, extension, management, or operation of a building, structure, or facility of, or for the benefit of, the institution, provided that the project is financed in whole by the private entity and that the State or institution of higher education, as applicable, retains full ownership of the land upon which the project is completed.

(2) A public-private partnership agreement may include an agreement under which a State or county college leases to a private entity the operation of a dormitory or other revenue-producing facility to which the college holds title, in exchange for up-front or structured financing by the private entity for the construction of classrooms, laboratories, or other academic buildings. Under the lease agreement, the college shall continue to hold title to the facility, and the private entity shall be responsible for the management, operation, and maintenance of the facility. The private entity shall receive some or all, as per the agreement, of the revenue generated by the facility and shall operate the facility in accordance with college standards. A lease agreement shall not affect the status or employment rights of college employees who are assigned to, or provide services to, the leased facility. At the end of the lease term, subsequent revenue generated by the facility, along with management, operation, and maintenance responsibility, shall revert to the college.

b. (1) A private entity that assumes financial and administrative responsibility for a project pursuant to subsection a. of this section shall not be subject to the procurement and contracting requirements of all statutes applicable to the institution of higher education at which the project is completed, including, but not limited to, the "State College Contracts Law," P.L.1986, c.43 (C.18A:64-52 et seq.), and the "County College Contracts Law," P.L.1982, c.189 (C.18A:64A-25.1 et seq.). For the purposes of facilitating the financing of a project pursuant to subsection a. of this section,
a public entity may become the owner or lessee of the project or the lessee of the land, or both, may become the lessee of a dormitory or other revenue-producing facility to which the college holds title, may issue indebtedness in accordance with the public entity's enabling legislation and, notwithstanding any provision of law to the contrary, shall be empowered to enter into contracts with a private entity and its affiliates without being subject to the procurement and contracting requirements of any statute applicable to the public entity provided that the private entity has been selected by the institution of higher education pursuant to a solicitation of proposals or qualifications. For the purposes of this section, a public entity shall include the New Jersey Economic Development Authority, and any project undertaken pursuant to subsection a. of this section of which the authority becomes the owner or lessee, or which is situated on land of which the authority becomes the lessee, shall be deemed a "project" under the "New Jersey Economic Development Authority Act," P.L.1974, c.80 (C.34:1B-1 et seq.).

(2) As the carrying out of any project described pursuant to this section constitutes the performance of an essential public function, all projects predominantly used in furtherance of the educational purposes of the institution undertaken pursuant to this section, provided it is owned by or leased to a public entity, non-profit business entity, foreign or domestic, or a business entity wholly owned by such non-profit business entity, shall at all times be exempt from property taxation and special assessments of the State, or any municipality, or other political subdivision of the State and, notwithstanding the provisions of section 15 of P.L.1974, c.80 (C.34:1B-15) or section 2 of P.L.1977, c.272 (C.54:4-2.2b) or any other section of law to the contrary, shall not be required to make payments in lieu of taxes. The land upon which the project is located shall also at all times be exempt from property taxation. Further, the project and land upon which the project is located shall not be subject to the provisions of section 1 of P.L.1984, c.176 (C.54:4-1.10) regarding the tax liability of private parties conducting for profit activities on tax exempt land, or section 1 of P.L.1949, c.177 (C.54:4-2.3) regarding the taxation of leasehold interests in exempt property that are held by nonexempt parties.

c. Each worker employed in the construction, rehabilitation, or building maintenance services of facilities by a private entity that has entered into a public-private partnership agreement with a State or county college pursuant to subsection a. of this section shall be paid not less than the prevailing wage rate for the worker's craft or trade as determined by the Commissioner of Labor and Workforce Development pursuant to P.L.1963, c.150 (C.34:11-56.25 et seq.) and P.L.2005, c.379 (C.34:11-56.58 et seq.).
d. (1) All construction projects under a public-private partnership agreement entered into pursuant to this section shall contain a project labor agreement. The project labor agreement shall be subject to the provisions of P.L.2002, c.44 (C.52:38-1 et seq.), and shall be in a manner that to the greatest extent possible enhances employment opportunities for individuals residing in the county of the project's location. Further, the general contractor, construction manager, design-build team, or subcontractor for a construction project proposed in accordance with this paragraph shall be registered pursuant to the provisions of P.L.1999, c.238 (C.34:11-56.48 et seq.), and shall be classified by the Division of Property Management and Construction to perform work on a public-private partnership higher education project. All construction projects proposed in accordance with this paragraph shall be submitted to the New Jersey Economic Development Authority for its review and approval and, when practicable, are encouraged to adhere to the Leadership in Energy and Environmental Design Green Building Rating System as adopted by the United States Green Building Council.

(2) Where no public fund has been established for the financing of a public improvement, the chief financial officer of the public owner shall require the private entity for whom the public improvement is being made to post, or cause to be posted, a bond guaranteeing prompt payment of moneys due to the contractor, his or her subcontractors and to all persons furnishing labor or materials to the contractor or his or her subcontractors in the prosecution of the work on the public improvement.

e. A general contractor, construction manager, design-build team, or subcontractor shall be registered pursuant to the provisions of P.L.1999, c.238 (C.34:11-56.48 et seq.), and shall be classified by the Division of Property Management and Construction to perform work on a public-private partnership higher education project.

f. (1) On or before August 1, 2013, all projects proposed in accordance with this section shall be submitted to the New Jersey Economic Development Authority for its review and approval; except that in the case of projects proposed in accordance with paragraph (2) of subsection a. of this section, all projects shall be submitted on or before August 1, 2014. The projects are encouraged, when practicable, to adhere to the green building manual prepared by the Commissioner of Community Affairs pursuant to section 1 of P.L.2007, c.132 (C.52:27D-130.6). Any application that is deemed to be incomplete on August 2, 2013, or on August 2, 2014 in the case of an application submitted pursuant to paragraph (2) of subsection a. of this section, shall not be eligible for consideration.
(2) (a) In order for an application to be complete and considered by the authority it shall include, but not be limited to: (i) a public-private partnership agreement between the State or county college and the private developer; (ii) a full description of the project, including a description of any agreement for the lease of a revenue-producing facility related to the project; (iii) the estimated costs and financial documentation for the project; (iv) a timetable for completion of the project extending no more than five years after consideration and approval; and (v) any other requirements that the authority deems appropriate or necessary.

(b) As part of the estimated costs and financial documentation for the project the application shall contain a long-range maintenance plan and shall specify the expenditures that qualify as an appropriate investment in maintenance. This long-range maintenance plan shall be approved by the authority pursuant to regulations promulgated by the authority that reflect national building maintenance standards and other appropriate building maintenance benchmarks. All contracts to implement a long-range maintenance plan pursuant to this paragraph shall contain a project labor agreement. The project labor agreement shall be subject to the provisions of P.L.2002, c.44 (C.52:38-1 et seq.), and shall be in a manner that to the greatest extent possible enhances employment opportunities for individuals residing in the county of the project's location.

(3) The authority shall review all completed applications, and request additional information as is needed to make a complete assessment of the project. No project shall be undertaken until final approval has been granted by the authority; provided, however, that the authority shall retain the right to revoke approval if it determines that the project has deviated from the plan submitted pursuant to paragraph (2) of this subsection.

(4) The authority may promulgate any rules and regulations necessary to implement this subsection, including provisions for fees to cover administrative costs.

Where no public fund has been established for the financing of a public improvement, the chief financial officer of the public owner shall require the private entity for whom the public improvement is being made to post, or cause to be posted, a bond guaranteeing prompt payment of moneys due to the contractor, his or her subcontractors and to all persons furnishing labor or materials to the contractor or his or her subcontractors in the prosecution of the work on the public improvement.

g. The provisions of P.L.2009, c.136 (C.52:18-42 et al.) shall not apply to any project carried out pursuant to this section.
2. Section 2 of P.L.1993, c.136 (C.18A:72A-41) is amended to read as follows:

The department is authorized to make zero interest and principal forgiveness financing loans to or on behalf of the project sponsors for the environmental infrastructure projects listed in subsection a. of section 2, and subsection a. of section 3, of this act for clean water projects, up to the individual amounts indicated and in the priority stated, provided:

(1) a maximum of $10 million shall be issued to Barnegat Bay Watershed green infrastructure projects as provided in subsection a. of section 3 of this act, addressing projects in the priority stated to the extent there are sufficient eligible project applications, wherein principal forgiveness shall be a minimum of 25 percent of the fund loan amount per project sponsor.

The $10 million shall be made available for the highest ranked projects in ranked order and shall consist of at least 25 percent principal forgiveness loans, except that any such amounts may be reduced if a project fails to meet the requirements of section 4 or 5 of this act, or by the Commissioner of Environmental Protection pursuant to section 6 of this act;

(2) a maximum of $30 million shall be issued to finance clean water projects at the site of a remediation and redevelopment project as provided
in subsection a. of section 3 of this act, addressing projects in the priority stated, to the extent there are sufficient eligible project applications; and

(3) a minimum of 10 percent of the 2012 Clean Water State Revolving Fund capitalization grant or an equivalent amount of Clean Water State Revolving Funds shall be issued to projects in subsection a. of section 3 of this act addressing green infrastructure, water or energy efficiency improvements, or other environmentally innovative activities allocated to projects in the priority stated, to the extent there are sufficient eligible project applications.

c. The department is authorized to make zero interest and principal forgiveness financing loans to or on behalf of the project sponsors for the environmental infrastructure projects listed in subsection b. of section 3 of this act for drinking water projects, up to the individual amounts indicated and in the priority stated, provided:

(2) a maximum of 30 percent of the 2012 Drinking Water State Revolving Fund capitalization grant shall be issued to projects for principal forgiveness financing loans, wherein principal forgiveness to drinking water systems servicing more than 500 residents shall not exceed the lesser of 20 percent or $2.5 million of the combined trust loan amount and fund loan amount per project sponsor or wherein principal forgiveness to drinking water systems servicing fewer than 500 residents shall not exceed the lesser of 50 percent or $5 million of the estimated total loan amount per project sponsor; and

(3) a minimum of $3 million from the 2012 Drinking Water State Revolving Fund capitalization grant shall be issued to finance projects for drinking water systems serving populations less than 10,000, to the extent there are sufficient eligible project applications, provided, however, a maximum of $5 million from the 2012 Drinking Water State Revolving Fund capitalization grant may be issued as principal forgiveness financing loans to projects for drinking water systems serving populations less than 10,000, in which principal forgiveness shall not exceed 50% of the estimated total loan amount per project sponsor. Any such amounts may be reduced if a project fails to meet the requirements of section 4 or 5 of this act, or by the Commissioner of Environmental Protection pursuant to section 6 of this act.

4. Any financing loan made by the Department of Environmental Protection pursuant to this act shall be subject to the following requirements:
   b. The estimated DEP allowable loan amount shall not exceed 75% of the total allowable loan amount of the environmental infrastructure facility for projects listed in subsection a. of section 2 of this act, and in subsections a. and b. of section 3 of this act. The loan amount for supplemental loans shall not exceed that percentage of the allowable project cost of the project's initial program loan;
   c. The loan shall be repaid within a period not to exceed 23 years of the making of the loan;
   d. The loan shall be subject to any other terms and conditions as may be established by the commissioner and approved by the State Treasurer, which may include, notwithstanding any other provision of law to the contrary, subordination of a loan authorized in this act to loans made by the trust pursuant to P.L.2012, c.38, or to administrative fees payable to the trust pursuant to subsection o. of section 5 of P.L.1985, c.334 (C.58:11B-5).

5. The priority lists and authorization for the making of loans pursuant to sections 2 and 3 of this act shall expire on July 1, 2013, and any project sponsor which has not executed and delivered a loan agreement with the department for a loan authorized in this act shall no longer be entitled to that loan.
6. The Commissioner of Environmental Protection is authorized to reduce or increase the individual amount of loan funds made available to or on behalf of project sponsors pursuant to sections 2 and 3 of this act based upon final or low bid building costs defined in and determined in accordance with rules and regulations adopted by the commissioner pursuant to section 4 of P.L.1985, c.329, section 2 of P.L.1999, c.362 (C.58:12A-12.2) or section 5 of P.L.1981, c.261, provided that the total loan amount does not exceed the original loan amount.

8. The Department of Environmental Protection shall provide general technical assistance to any project sponsor requesting assistance regarding environmental infrastructure project development or applications for funds for a project.

10. The Commissioner of Environmental Protection is authorized to enter into capitalization grant agreements as may be required pursuant to the Federal Clean Water Act or the Federal Safe Drinking Water Act.

11. There is appropriated to the New Jersey Environmental Infrastructure Trust established pursuant to P.L.1985, c.334 (C.58:11B-1 et seq.) from repayments of loans and interest deposited in any account, on or before June 30, 2013, including the "Clean Water State Revolving Fund," the "1992 Wastewater Treatment Fund," the "Water Supply Fund," the "Stormwater Management and Combined Sewer Overflow Abatement Fund," the "2003 Water Resources and Wastewater Treatment Fund," the Drinking Water State Revolving Fund, as appropriate, and from any net earnings received from the investment and reinvestment of such deposits, such sums as the chairman of the trust shall certify to the Commissioner of Environmental Protection to be necessary and appropriate for deposit into one or more reserve funds or the Interim Financing Program Fund established by the trust pursuant to section 11 of P.L.1985, c.334 (C.58:11B-11).

12. This act shall take effect immediately.

CHAPTER 44

AN ACT designating State Highway Route No. 42 as the "Route 42 Purple Heart Memorial Highway."

WHEREAS, The Purple Heart is America’s oldest military decoration, established by General George Washington in 1782 to recognize outstanding examples of bravery and sacrifice by the common soldier; and
WHEREAS, State Highway Route No. 42 runs through portions of Camden and Gloucester Counties; and
WHEREAS, The Battle of Gloucester in Camden County and the Battle of Red Bank in Gloucester County were both pivotal to ensuring the freedom of a new nation and the generations of its citizens to come; and
WHEREAS, Both battles were fought by common American troops who, despite being outnumbered, outgunned, and inexperienced as compared to their counterparts, fought with courage and sacrifice; and
WHEREAS, The Purple Heart continues to be awarded to extraordinarily brave men and women wounded in military service or given posthumously to the next of kin of those killed in action; and
WHEREAS, It is fitting and proper for the Legislature of the State of New Jersey to honor all recipients of the Purple Heart – past, present, and future – for their bravery, heroic service, and sacrifice to the United States and to the State of New Jersey by designating State Highway Route No. 42 as the “Route 42 Purple Heart Memorial Highway”; now, therefore,

CHAPTER 45

AN ACT concerning the public system of higher education, revising various parts of the statutory law, and supplementing Title 18A of the New Jersey Statutes.
BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.18A:64M-1 Short title.
1. This act shall be known and may be cited as the “New Jersey Medical and Health Sciences Education Restructuring Act.”

C.18A:64M-2 Findings, declarations relative to the public system of higher education.
2. The Legislature finds and declares that:
   a. Rutgers, The State University (“Rutgers”), is a body corporate and politic that operates schools and colleges in the State of New Jersey and offers degrees in undergraduate studies, graduate studies, and professional studies such as medical, legal and business, operating pursuant to the authority granted to it by the Rutgers, the state university law, P.L.1956, c.61;
   b. Rutgers was designated as the State university in 1945, but it was not until 1956 under the Rutgers Compact that the State assumed managerial control and financial responsibility over the school. Upon reorganization in 1956, Rutgers’ formerly private governing board – the Board of Trustees – transferred all management, control, administration and policymaking functions to the publicly controlled Board of Governors. The Board of Trustees retained the power to manage and invest certain pre-1956 private assets or private gifts and maintained an advisory role at the school in support of the University;
   c. Rutgers was established as the “instrumentality of the state for the purpose of operating the state university” and whose primary purpose is as a public trust for the provision of higher education pursuant to N.J.S.18A:65-2. To this end, the law provided for its liberal construction “necessary for the welfare of the state and the people of New Jersey to provide for the development of public higher education in the state and thereby to increase the efficiency of the public school system of the state...” Rutgers is the only comprehensive public research university in New Jersey and currently consists of three campuses in New Brunswick, Newark, and Camden;
   d. The University of Medicine and Dentistry of New Jersey (“UMDNJ”) is a body corporate and politic that operates programs of medical, dental, nursing, public health and health-related professions and health sciences education in the State of New Jersey, currently operating pursuant to the authority granted to it by the “Medical and Dental Education Act of 1970,” P.L.1970, c.102, and “The University of Medicine and Dentistry of New Jersey Flexibility Act of 1992,” P.L.1992, c.84. One of its founding institutions was the former Rutgers Medical School. UMDNJ was
established to serve the interests of the State by establishing programs of medical, dental, nursing, public health, health sciences and health-related professions. It was charged with providing a greater number of trained medical personnel to assist in staffing hospitals and public institutions and agencies and to prepare a greater number of students for the general practice of health-related professions in New Jersey. To that end UMDNJ was provided authority to form relationships with health care organizations, research institutions and private individuals, firms and corporations. Such public-private relationships would supplement the resources available from the State, thereby providing an economic and efficient means for developing and offering a full range of health care services;

e. It is the intent of this legislation to recognize and maintain the spirit and intent of the “Agreements Reached Between Community and Government Negotiators Regarding New Jersey College of Medicine and Dentistry and Related Matters of April 30, 1968”;

f. Currently, UMDNJ operates two allopathic medical schools in the State of New Jersey: one located in Newark (New Jersey Medical School) and the other located in New Brunswick/Piscataway (Robert Wood Johnson Medical School). In addition, UMDNJ operates an osteopathic medical school at Stratford, New Jersey. There are no other osteopathic medical schools located in the State;

g. The University of Medicine and Dentistry of New Jersey-School of Osteopathic Medicine (“UMDNJ-SOM”) is a major source of primary care physicians for the State and South Jersey. The school offers several postgraduate residency and fellowship positions for approximately 600 students through affiliate hospitals including endocrinology, cardiology, critical care, gastroenterology, nephrology, infectious disease, and many others. UMDNJ-SOM is at the forefront of addressing the need for more physicians and has expanded its class size by 50% over the past two years. Of the more than 1,700 graduates of UMDNJ-SOM, 55% practice in the State, about half of whom deliver primary care;

h. Rowan University (“Rowan”) is a State university located in Glassboro, New Jersey, with a campus in Camden, New Jersey, currently operating pursuant to the authority granted to State colleges by N.J.S.18A:64-1 et seq., and P.L.1994, c.48 (C.18A:3B-1 et seq.). Rowan is presently considered a major regional higher education institution. Currently it is comprised of seven academic colleges: Business, Communication, Education, Engineering, Fine & Performing Arts, Liberal Arts & Sciences, and the College of Professional and Continuing Education, and a Graduate School. Rowan’s nearly 11,000 students may pursue degrees in 36
undergraduate majors, seven teacher certification programs, 26 master’s degree programs and a doctorate in educational leadership. Rowan University’s main campus is located just 20 miles from Cooper University Hospital with a satellite campus in Camden. Rowan University has a reputation as a top regional university and is home to a newly-constructed, state-of-the-art science building for programs focusing on science and technology:

i. 20 years ago, Hank and Betty Rowan gave the former Glassboro State College a gift of $100 million, then the largest private gift to a public university in the United States. Thereafter, in addition to increasing capacity and quality throughout all the programs of the university, Rowan University created an engineering school which has quickly become one of the top-rated undergraduate engineering schools in the country with rankings of 3rd in the country for chemical engineering and 16th overall for public engineering schools. In addition, the engineering school has led the way in developing relationships in southern New Jersey with the private business community, providing a qualified workforce as an attraction for companies to locate in the area. The gift transformed the college into a comprehensive regional university which is poised to take the next step as a research institution:

j. In June 2009, Rowan University and The Cooper Health System partnered to establish Cooper Medical School of Rowan University (CMSRU), the first new medical school in New Jersey in 30 years. The establishment of CMSRU, a four-year medical school located in Camden, will help address the current local and national shortage of physicians and improve healthcare throughout the region. Its inaugural class will begin in August 2012;

k. The goals of this legislation are to create and enhance the essential higher education opportunities for the residents of the State and to create vibrant educational institutions and communities that attract business to the State and which will allow the State to retain its residents in terms of college placement and workforce. The future economic development of the country will be a knowledge-based economy which will put a premium on an educated workforce and advanced degrees. This legislation restructures the higher education system in the State to provide for more vigorous educational communities that will provide opportunities for students and the workforce necessary to attract crucial private sector jobs as this century unfolds;

l. The Legislature has the ultimate responsibility for balancing the functions of public higher education institutions in New Jersey. The State has a responsibility for improving and expanding higher education opportunities for its residents and in that regard it has established a multi-level higher education system for which it has the responsibility to assess from time-to-time and to restructure as needed to improve higher education op-
opportunities. This legislation reflects a thorough and intense review of the higher education system in the State and makes rational changes the Legislature believes are necessary to provide residents with access to a high-quality in-State education. Higher education is vital for a thriving economy because our State’s sophisticated economy -- home to many pharmaceutical, biological science and other complex industries -- demands a well-trained workforce;

m. This legislation also renews the State’s commitment to sustaining and growing its universities and to help them achieve greater success on the national and international stage. New Jersey must stem the persistent historical fact of seeing its brightest high school students leave the State to attend college, and then not return after college. As a State, we lead the nation in net outmigration of college-bound students. This outmigration of students leads to the outmigration of a well-trained workforce and prevents the State from attracting crucial private sector jobs. This legislation will allow for the development of a system to cultivate better collaboration between its businesses and its institutions of higher education. New Jersey’s economy will benefit from increased and integrated coordination between public and private research;

n. For the State’s students to receive the quality higher education necessary for future growth and for the State to achieve its economic goals, Rutgers, as the State’s preeminent institution of higher education, for all that it has achieved in its history, must become a great university and enter the top tier of public research universities. To this end, the relationship between Rutgers and the State has evolved to meet changing times, from 1770 when it was chartered as Queen’s College, through several amendments to the charter in the late 1700’s, to amending the charter in 1825 to change the name of the school to Rutgers University, to the 1945 legislation declaring Rutgers as the state university of New Jersey, to the 1956 Compact whereby the Board of Trustees of Rutgers ceded management and operational control of the school to the State in the form of the Board of Governors in return for substantial financial assistance, and to the subsequent amendments to the Rutgers Compact in 1967, 1970, 1988 and 1994. The Legislature has an obligation to the State and its students to ensure the relationship is still working and thriving. As evidenced by the storied past between the State and Rutgers, the Legislature has periodically examined the role of Rutgers in the State’s higher education system and made necessary legislative changes to that relationship to reflect and address the evolving educational needs of the State;
o. As the relationship with Rutgers has evolved, the State has become more involved both financially and in creating a growing higher education system for its residents. The State has provided in excess of $10 billion in support to Rutgers since fiscal year 1990 for its operations as The State University of New Jersey and the State has a responsibility to ensure its funding is leading to greater higher education opportunities and jobs;

p. There has been widespread recognition for some time that Rutgers needs to take steps with the State's assistance to transform it from a middle- to a first-ranked public institution. In the last decade, an intense discussion about how to elevate Rutgers into a top-tier school has taken place in the State, starting with the Vagelos Report in 2002 and 2004, the Kean Report in 2010 and the Barer Report in 2012. These reports reflect that Rutgers' role in the State's system of higher education has been the subject of intense scrutiny and debate. This legislation is the product and culmination of this decade-long assessment of Rutgers' educational mission;

q. This legislation continues Rutgers as The State University of New Jersey and the pre-eminent governance role of its Board of Governors as a public body. The legislation mandates that the Board of Governors shall continue to have authority over the granting of tenure and promotions, establishing standards for academic programs and for the awarding of tenure to faculty at its Newark and Camden campuses. The Board of Governors shall be represented on the Rutgers-Camden Board of Directors and additionally, the Rutgers-Camden Board of Directors is represented on the Rowan University-Rutgers Camden Board of Governors. The Legislature consulted with and sought and obtained active participation of Rutgers in establishing the elements of this educational restructuring that will permit Rutgers to enhance its position. The Legislature has determined that the slight governance changes to Rutgers in this act are necessary to promote essential opportunities for higher education in the State and to improve the standing of Rutgers University as a whole;

r. The legislation fulfills the longstanding goal of Rutgers University to acquire a medical school and become a comprehensive public research university. Rutgers has long sought to regain a medical school as part of its curriculum; by Rutgers' own public statements, acquiring a medical school will propel Rutgers into a top-tier research university, and place it at or near the top 20 public universities in the nation. Very few great research universities lack a medical school. This legislation will provide for the transfer of the Newark-based UMDNJ schools (New Jersey Medical School, the New Jersey Dental School, School of Health Related Professions, the School of Nursing, and the Public Health Research Institute) to Rutgers and will transfer UMDNJ's Robert
Wood Johnson Medical School located in New Brunswick to Rutgers as well. These institutions are valued at an excess of $895.5 million dollars;

s. Rutgers currently falls behind other public research universities in some key measures. Most importantly, the school ranked 64 in 2009 in federally-financed research and development expenditures. This low ranking is primarily influenced by the lack of a medical school as part of the degree offerings at Rutgers. Having medical schools will attract top-flight researchers and thus research grants, to Rutgers. The addition of medical schools to Rutgers will also increase interdisciplinary opportunities among the academic departments of the school;

t. The need to reform medical education in the State has been a subject discussed for years but up until now has been left unresolved. The reports done in the past ten years have consistently come to the same conclusion regarding UMDNJ. The Barer Report noted that the present organization of UMDNJ’s substantial assets is not the best structure to maximize the effectiveness of the State’s investment in medical, dental, nursing and health sciences education, associated research and health care. The State is the home base for many of the world’s largest pharmaceutical and biotechnical companies. As such, the State and its institutions of higher education should, but do not, lead the country in attracting federal research funding and associated clinical training. This legislation will address these issues and establish a first-class comprehensive public research university-based health science center in New Jersey through the transfer of the New Jersey Medical School and Robert Wood Johnson Medical School to Rutgers;

u. Historically, the State has suffered a shortage of higher education capacity resulting in the substantial outmigration from the State of college-bound students. This outmigration has disproportionately affected the residents of the fastest growing region in the State, South Jersey. It is in the public interest that senior public education institutions in South Jersey work together to meet the demand for higher education capacity in the region. These transfers are essential to ensuring that all of the State’s capable high school graduates are provided with the opportunity to obtain higher education in a New Jersey college classroom. The guarantee of a quality in-State education requires that these transfers be made in a comprehensive fashion to better enable the State to meet its growing workforce development needs;

v. This essential and practical expansion of the State’s higher education system will help to address the educational demands of the fastest growing region in the State. The coordination of Rutgers-Camden and Rowan will spur the redevelopment of Camden by creating a long overdue residential campus, and expanding a health sciences campus anchored by
the new Cooper Medical School of Rowan University, emphasizing the biosciences, biomedical engineering, nursing and allied health. Therefore, it is in the public interest that Rutgers-Camden be granted autonomy from Rutgers, that Rowan be declared a public research university, and that both schools work together with the newly formed Rowan University-Rutgers Camden Board of Governors, as an efficient and cost effective means to address an historical disparity in educational capacity and opportunity between the northern and southern regions of New Jersey;

w. Integrating these existing higher education institutions will increase research capacity and spur the continued vitality of a region that is no longer supported by historical strengths in manufacturing and agriculture. Furthermore, this legislation will help to stop the annual escape to other states of thousands of students and patients, and millions in clinical research investment dollars from key institutions in South Jersey;

x. The transfer of UMDNJ-SOM to Rowan University will allow better coordination of medical education in South Jersey. UMDNJ-SOM is ranked in the top three osteopathic schools in the country, and is a leader in providing primary care physicians for the southern region of the State. After the transfer, Rowan University would have the important distinction of being only the second full-purpose university in the country to have both an osteopathic and allopathic medical school. One stated goal of the Rowan University-Rutgers University-Camden Board of Governors is to create a joint health sciences college. The addition of UMDNJ-SOM into Rowan University will benefit its faculty through providing opportunities for diverse training to students through interdisciplinary teaching and collaboration with the newly created health sciences faculty from the other universities. Integrating UMDNJ-SOM with Rowan University would add a successful, recognized enterprise to the newly designated public research university;

y. Adding UMDNJ-SOM to Rowan, along with the new Cooper Medical School of Rowan University, will revitalize the regional economy through a renewed commitment to higher education. This legislation will allow Rowan University to build the capacity to compete for and receive federal and private sector research grants that will drive the university, the region, and its new medical school, to new distinction;

z. Currently, Newark is home to many institutions of higher education including Rutgers, the University of Medicine and Dentistry of New Jersey, Seton Hall University School of Law, New Jersey Institute of Technology, Essex County College and Berkeley College. The existing educational infrastructure needs to be able to do even more to help the city and the northern region of the State with its economic development needs and to provide
innovative and problem-solving leadership. This legislation will allow Rutgers University-Newark to focus on the specific higher education needs of the region and the assets of the region to attract talented students and accomplished faculty to the school. This legislation will provide for an independent University Hospital that will maintain its status as the principal teaching hospital of the New Jersey Medical School, New Jersey Dental School and any other medical education programs located in Newark;

aa. The stated goal of this legislation is to create vibrant educational institutions and communities that will not only attract students but attract private sector jobs. The increased attention to the Rutgers University-Newark campus and University Hospital will allow the city to derive not only significant financial, medical and educational benefits, but cultural and social benefits as well. The improved focus on the Newark campus will be a conduit for expanding commercial opportunities in the city and for providing greater opportunities for students in the northern region to benefit fully from the substantial public investments already made and to be made in higher education in Newark;

bb. The goal of this legislation is to enhance the critical higher education opportunities for the residents of the State and to create vibrant educational institutions and communities that will attract business to the State and will allow the State to retain its residents in terms of college placement and workforce. This legislation recognizes the State’s public institutions of higher education must work together as an integrated whole and thus provides for the necessary restructuring of the higher education system in the State which will provide more vigorous educational communities that will spur opportunities for students and the workforce necessary to attract crucial private sector jobs;

cc. The higher education reform and restructuring reflected in this legislation renews the State’s commitment to sustaining and growing its universities and in helping them to achieve greater success. More particularly, the legislation reaffirms the State’s economic commitment to Rutgers – over $10 billion to the University since 1990 – by the transfer of medical and related schools to Rutgers valued at nearly $1 billion dollars. Additionally, this legislation reaffirms Rutgers’ preeminent role in the State’s higher education system serving as an instrumentality of the State in trust for its betterment;

dd. This comprehensive review and restructuring of the higher education institutions and the systems that serve them as evidenced by this act, dictate that all of the schools, institutions and centers, transferred pursuant to this act, be transferred together and that no transfer of a school, institution or center may be done apart from the whole. The transfers reflected in
this legislation are inextricably linked and work together to promote reform and the effective restructuring of the State’s higher education system; and

ee. Nothing is intended to revise or nullify the rights of Rutgers, The State University under N.J.S.18A:65-1 et seq.

3. a. In order to carry out the purposes of this act and to provide the program of medical and dental education required for the benefit of the State and the people of New Jersey, all rights to all of the schools, institutes, and centers of the University of Medicine and Dentistry of New Jersey, other than the School of Osteopathic Medicine, the entire Stratford campus, the remaining facilities in Camden, and University Hospital, are hereby transferred to Rutgers, The State University.

C.18A:65A-1 Implementation of energy savings improvement program by public institution of higher education; definitions.

4. a. The board of trustees of a public institution of higher education may implement an energy savings improvement program in the manner provided by this section whenever it determines that the savings generated from reduced energy use from the program will be sufficient to cover the cost of the program's energy conservation measures as set forth in an energy savings plan. Under such a program, a board of trustees may enter into an energy savings services contract with an energy services company to implement the program or the board may authorize separate contracts to implement the program. The provisions of: N.J.S.18A:64-1 et seq., in the case of any State college; P.L.1995, c.400 (C.18A:64E-12 et seq.), in the case of the New Jersey Institute of Technology; N.J.S.18A:65-1 et seq., in the case of Rutgers, the State University; P.L.2012, c.45 (C.18A:64M-1 et al.), in the case of Rowan University; and N.J.S.18A:64A-1 et seq., in the case of the county colleges; shall apply to any contracts awarded pursuant to this section to the extent that the provisions of such law are not inconsistent with any provision of this section.

In the case of Rutgers, the State University, references in this section to the board of trustees shall mean the Rutgers board of governors.

b. (1) To be eligible to enter into an energy savings services contract, an energy services company shall be a commercial entity that is qualified to provide energy savings services in accordance with the provisions of this section. A public institution of higher education may enter into an energy savings services contract through public advertising for bids and the receipt of bids therefor.
(2) (a) Public works activities performed under an energy savings improvement program shall be subject to all requirements regarding public bidding, bid security, performance guarantees, insurance and other public contracting requirements that are applicable to public works contracts, to the extent not inconsistent with this section. A general contractor, energy services company serving as general contractor, or any subcontractor hired for the furnishing of plumbing and gas fitting and all kindred work, and of steam and hot water heating and ventilating apparatus, steam power plants and kindred work, and electrical work, structural steel and ornamental iron work, shall be classified by the Division of Property Management and Construction in the Department of the Treasury in order to perform public works activities under an energy savings improvement program.

(b) Individuals or organizations performing energy audits, acting as commissioning agents, or conducting verification of energy savings plans, implementation of energy conservation measures, or verifying guarantees shall be prequalified by the Division of Property Management and Construction in the Department of the Treasury to perform their work under an energy savings improvement program.

(c) Where there is a need for compatibility of a direct digital control system with previously installed control systems and equipment, the bid specifications may include a requirement for proprietary goods, and if so included, the bid specification shall set forth an allowance price for its supply which shall be used by all bidders in the public bidding process.

(3) An energy services company may be designated as the general contractor for improvements to be made pursuant to an energy savings plan, provided that the hiring of subcontractors that are required to be classified pursuant to subparagraph (a) of paragraph (2) of this subsection shall be performed pursuant to the public bidding requirements of the board of trustees. A contract with an energy savings company shall include, but not be limited to: preparation of an energy savings plan, the responsibilities of the parties for project schedules, installations, performance and quality, payment of subcontractors, project completion, commissioning, savings implementation; a requirement that the savings to be achieved by energy conservation measures be verified upon commissioning of the improvements; allocation of State and federal rebates and tax credits; and any other provisions deemed necessary by the parties.

(4) Except as provided in paragraph (5) of this subsection, a subsidiary or wholly-owned or partially-owned affiliate of the energy services company shall not be an eligible contractor or subcontractor under an energy savings services contract.
(5) When the energy services company is the manufacturer of direct
digital control systems and contracts with the board of trustees to provide a
guaranteed energy savings option pursuant to subsection f. of this section,
the specification of such direct digital control systems may be treated as
proprietary goods and if so treated, the bid specification shall set forth an
allowance price for its supply by the energy services company which shall
be used by all bidders in the public bidding process. Direct digital controls
shall be open protocol format and shall meet the interoperability guidelines
established by the American Society of Heating, Refrigerating and Air-
Conditioning Engineers.

c. An energy savings improvement program may be financed through
a lease-purchase agreement or through the issuance of energy savings obli-
gations pursuant to this subsection.

(1) An energy savings improvement program may be financed through
a lease-purchase agreement between a board of trustees and an energy ser-
services company or other public or private entity. Under a lease-purchase
agreement, ownership of the energy savings equipment or improved facili-
ties shall pass to the board of trustees when all lease payments have been
made. Notwithstanding the provisions of any other law to the contrary, the
duration of such a lease-purchase agreement shall not exceed 15 years, ex-
cept that the duration of a lease purchase agreement for a combined heat
and power or cogeneration project shall not exceed 20 years.

(2) Any lease-purchase or other agreement entered into in connection
with an energy savings improvement program may be a general obligation
of the public institution of higher education pursuant to this subsection, and
may contain: a clause making it subject to the availability and appropriation
annually of sufficient funds as may be required to meet the extended obli-
gation; and a non-substitution clause maintaining that if the agreement is
terminated for non-appropriation, the board of trustees may not replace the
leased equipment or facilities with equipment or facilities that perform the
same or similar functions.

(3) A board of trustees may arrange for incurring energy savings obliga-
tions to finance an energy savings improvement program and may enter into
any agreement with the New Jersey Educational Facilities Authority or other
persons in connection with the issuance by the authority of its obligations on
behalf of the public institution of higher education in order to finance the insti-
tution's energy savings improvement program. Energy savings obligations may
be funded through appropriations for utility services in the annual budget of the
board, or incurred as a general obligation of the public institution of higher
education in connection with the issuance by the New Jersey Educational Fa-
cilities Authority of bonds or notes pursuant to N.J.S.18A:72A-2 et seq., or, in the case of a county college, by a sponsoring county as a refunding bond pursuant to N.J.S.40A:2-52 et seq., including the issuance of bond anticipation notes as may be necessary, provided that all such bonds and notes mature within the periods authorized for such energy savings obligations.

(4) Lease-purchase agreements and energy savings obligations shall not be used to finance maintenance, guarantees, or verification of guarantees of energy conservation measures. Lease-purchase agreements and energy savings obligations may be used to finance the cost of an energy audit or the cost of verification of energy savings as part of adopting an energy savings plan. Maturity schedules of lease-purchase agreements or energy savings obligations must exceed the estimated useful life of the individual energy conservation measures.

d. (1) The energy audit component of an energy savings improvement program shall be conducted either by the board of trustees or by a qualified third party retained by the board for that purpose. It shall not be conducted by an energy services company subsequently hired to develop an energy savings improvement program. The energy audit shall identify the current energy use of any or all facilities and energy conservation measures that can be implemented in which the energy savings and energy efficiency could be realized and maximized.

(2) To implement an energy savings improvement program, a board of trustees shall develop an energy savings plan that consists of one or more energy conservation measures. The plan shall:

(a) contain the results of an energy audit;

(b) describe the energy conservation measures that will comprise the program;

(c) estimate greenhouse gas reductions resulting from those energy savings;

(d) identify all design and compliance issues that require the professional services of an architect or engineer and identify who will provide these services;

(e) include an assessment of risks involved in the successful implementation of the plan;

(f) identify the eligibility for, and costs and revenues associated with the PJM Independent System Operator for demand response and curtailable service activities;

(g) include schedules showing calculations of all costs of implementing the proposed energy conservation measures and the projected energy savings;
(h) identify maintenance requirements necessary to ensure continued energy savings, and describe how they will be fulfilled; and

(i) if developed by an energy services company, a description of, and cost estimates of an energy savings guarantee.

All professionals providing engineering services under the plan shall have errors and omissions insurance.

(3) Prior to the adoption of the plan, the board of trustees shall contract with a qualified third party to verify the projected energy savings to be realized from the proposed program have been calculated as required by subsection e. of this section.

(4) Upon adoption, the plan shall be submitted to the Board of Public Utilities, which shall post it on the Internet on a public webpage maintained for such purpose. If the board of trustees maintains its own website, it shall also post the plan on that site. The Board of Public Utilities may require periodic reporting concerning the implementation of the plan.

(5) Verification by a qualified third party shall be required when energy conservation measures are placed in service or commissioned, to ensure the savings projected in the energy savings plan shall be achieved.

(6) Energy-related capital improvements that do not reduce energy usage may be included in an energy savings improvement program but the cost of such improvements shall not be financed as a lease-purchase or through energy savings obligations authorized by subsection c. of this section. Nothing herein is intended to prevent the financing of such capital improvements through otherwise authorized means.

(7) A qualified third party when required by this subsection may include an employee of the public institution of higher education who is properly trained and qualified to perform such work.

e. (1) The calculation of energy savings for the purposes of determining that the energy savings resulting from the program will be sufficient to cover the cost of the program's energy conservation measures, as provided in subsection a. of this section, shall involve determination of the dollar amount saved through implementation of an energy savings improvement program using the guidelines of the International Performance Measurement and Verification Protocol or other protocols approved by the Board of Public Utilities and standards adopted by the Board of Public Utilities pursuant to this section. The calculation shall include all applicable State and federal rebates and tax credits, but shall not include the cost of an energy audit and the cost of verifying energy savings. The calculation shall state which party has made application for rebates and credits and how these applications translate into energy savings.
(2) For the purposes of this section, the Board of Public Utilities shall adopt standards and uniform values for interest rates and escalation of labor, electricity, oil, and gas, as well as standards for presenting these costs in a life cycle and net present value format, standards for the presentation of obligations for carbon reductions, and other standards that the board may determine necessary.

f. (1) When an energy services company is awarded an energy savings services contract, it shall offer the board of trustees the option to purchase, for an additional amount, an energy savings guarantee. The guarantee, if accepted by a separate vote of the board of trustees, shall insure that the energy savings resulting from the energy savings improvement program, determined periodically over the duration of the guarantee, will be sufficient to defray all payments required to be made pursuant to the lease-purchase agreement or energy savings obligation, and if the savings are not sufficient, the energy services company will reimburse the board of trustees for any additional amounts. Annual costs of a guarantee shall not be financed or included as costs in an energy savings plan but shall be fully disclosed in an energy savings plan.

(2) When a guaranteed energy savings option is purchased, the contract shall require a qualified third party to verify the energy savings at intervals established by the parties.

g. As used in this section:

direct digital control systems" means the devices and computerized control equipment that contain software and computer interfaces that perform the logic that control a building's heating, ventilating, and air conditioning system. The fund shall be held in trust for the payment of disability benefits pursuant to this act, for the payment of benefits pursuant to subsection (f) of R.S.43:21-4, and for the payment of any authorized refunds of contributions. All warrants for the payment of benefits shall be issued by and bear only the signature of the Director of the Division of Unemployment and Temporary Disability Insurance or his duly authorized agent for that purpose. All other moneys withdrawn from the fund shall be upon warrant signed by the State Treasurer and countersigned by the Director of the Division of Unemployment and Temporary Disability Insurance of the Department of Labor of the State of New Jersey. Prior to July 1 of each calendar year, the Division of Unemployment and Temporary Disability Insurance of the Department of Labor of the State of New Jersey shall determine the average rate of interest and other earnings on all investments of the State disability benefits fund for the preceding calendar year. An amount equal to the sum of the amounts withdrawn from the unemployment trust fund pursuant to section 23 hereof multiplied by such average rate shall be determined by the division and credited to the unemployment disability account as of the end of the preceding calendar year.

If the unemployment disability account shall show an accumulated deficit in excess of $200,000.00 at the end of any calendar year after interest and other earnings have been credited as provided hereinabove, the division shall determine the ratio of such deficit to the total of all taxable wages paid during the preceding calendar year, and shall make an assessment against all employers in an amount equal to the taxable wages paid by them during such preceding calendar year to employees, multiplied by such ratio, but in no event shall any such assessment exceed 1/10 or 1% of such wages; provided, however, that the assessment made against the State (including Rutgers, The State University and the New Jersey Institute of Technology) shall not exceed the sum of all benefits paid under the provisions of R.S.43:21-4(f) as the result of employment with the State. Such amounts shall be collectible by the division in the same manner as provided for the collection of employee contributions under this chapter (R.S.43:21-1 et seq.). In making this assessment, the division shall furnish to each affected employer a brief summary of the determination thereof. The amount of such assessments collected by the division shall be credited to the unemployment disability account.
As used in this section, "taxable wages" shall mean wages with respect to which employer contributions have been paid or are payable pursuant to subsections (a), (b) and (c) of R.S.43:21-7.

The board shall invest and reinvest all moneys in the fund in excess of its cash requirements, and such investments shall be made in obligations legal for savings banks; provided, however, that the provisions of this subsection shall in all respects be subject to the provisions of P.L.1950, c.270 (C.52:18A-79 et seq.).

(d) There is hereby appropriated, to be paid out of the fund, such amounts as may from time to time be required for the payment of disability benefits, and such amounts as may be required each year, as contained in the annual appropriation act, for the administration of this act, including R.S.43:21-4(f).

Approved September 19, 2012.
1. Section 2 of P.L.2008, c.78 (C.40:55D-136.2) is amended to read as follows:

C.40:55D-136.2 Findings, declarations relative to extension of certain permits and approvals.

2. The Legislature finds and declares that:
   a. The most recent national recession has caused one of the longest economic downturns since the Great Depression of the 1930s and has drastically affected various segments of the New Jersey economy, but none as severely as the State's banking, real estate and construction sectors.
   b. The real estate finance sector of the economy is in severe decline due to the sub-prime mortgage problem and the resultant widening mortgage finance crisis. The extreme tightening of lending standards for home buyers and other real estate borrowers has reduced access to the capital markets.
   c. As a result of the crisis in the real estate finance sector of the economy, real estate developers and redevelopers, including homebuilders, and commercial, office, and industrial developers, have experienced an industry-wide decline, including reduced demand, cancelled orders, declining sales and rentals, price reductions, increased inventory, fewer buyers who qualify to purchase homes, layoffs, and scaled back growth plans.
   d. The process of obtaining planning board and zoning board of adjustment approvals for subdivisions, site plans, and variances can be difficult, time consuming and expensive, both for private applicants and government bodies.
   e. The process of obtaining the myriad other government approvals, required pursuant to legislative enactments and their implementing rules and regulations, such as wetlands permits, treatment works approvals, on-site wastewater disposal permits, stream encroachment permits, flood hazard area permits, highway access permits, and numerous waivers and variances, also can be difficult and expensive; further, changes in the law can render these approvals, if expired or lapsed, impossible to renew or re-obtain.
   f. County and municipal governments obtain determinations of master plan consistency, conformance, or endorsement with State or regional plans, from State and regional government entities which may expire or lapse without implementation due to the state of the economy.
   g. The current national recession has severely weakened the building industry, and many landowners and developers are seeing their life's work destroyed by the lack of credit and dearth of buyers and tenants, due to the crisis in real estate financing and the building industry, uncertainty over the
state of the economy, and increasing levels of unemployment in the con-
struction industry.

h. The construction industry and related trades are sustaining severe
economic losses, and the lapsing of government development approvals
would, if not addressed, exacerbate those losses.

i. Financial institutions that lent money to property owners, builders,
and developers are experiencing erosion of collateral and depreciation of
their assets as permits and approvals expire, and the extension of these
permits and approvals is necessary to maintain the value of the collateral
and the solvency of financial institutions throughout the State.

j. Due to the current inability of builders and their purchasers to obtain
financing, under existing economic conditions, more and more once-approved
permits are expiring or lapsing and, as these approvals lapse, lenders must re-
appraise and thereafter substantially lower real estate valuations established in
conjunction with approved projects, thereby requiring the reclassification of
numerous loans which, in turn, affects the stability of the banking system and
reduces the funds available for future lending, thus creating more severe re-
strictions on credit and leading to a vicious cycle of default.

k. As a result of the continued downturn of the economy, and the con-
tinued expiration of approvals which were granted by State and local gov-
ernments, it is possible that thousands of government actions will be un-
done by the passage of time.

l. Obtaining an extension of an approval pursuant to existing statu-
tory or regulatory provisions can be both costly in terms of time and financial
resources, and insufficient to cope with the extent of the present financial
situation; moreover, the costs imposed fall on the public as well as the
private sector.

m. It is the purpose of this act to prevent the wholesale abandonment
of approved projects and activities due to the present unfavorable economic
conditions, by tolling the term of these approvals for a period of time,
thereby preventing a waste of public and private resources.

2. Section 3 of P.L.2008, c.78 (C.40:55D-136.3) is amended to read as
follows:

"Environmentally sensitive area" means an area designated pursuant to the State Development and Redevelopment Plan adopted, as of the effective date of P.L.2008, c.78, pursuant to P.L.1985, c.398 (C.52:18A-196 et al.) as Planning Area 4B (Rural/Environmentally Sensitive), Planning Area 5 (Environmentally Sensitive), or a critical environmental site, but shall not include any extension area as defined in this section.

"Extension area" shall not include an area designated pursuant to the State Development and Redevelopment Plan adopted, as of the effective date of P.L.2008, c.78, pursuant to P.L.1985, c.398 as Planning Area 4B (Rural/Environmentally Sensitive) or Planning Area 5 (Environmentally Sensitive), except for any area within Planning Area 4B or Planning Area 5 that is a designated center, or a designated growth center in an endorsed plan.

"Extension period" means the period beginning January 1, 2007 and continuing through December 31, 2014.

3. Section 4 of P.L.2008, c.78 (C.40:55D-136.4) is amended to read as follows:

C.40:55D-136.4 Existing government approval; extension period.

4. a. For any government approval in existence during the extension period, the running of the period of approval is automatically suspended for the extension period, except as otherwise provided hereunder; however, the tolling provided for herein shall not extend the government approval more than six months beyond the conclusion of the extension period. Nothing in P.L.2008, c.78 (C.40:55D-136.1 et seq.) shall shorten the duration that any approval would have had in the absence of P.L.2008, c.78, nor shall P.L.2008, c.78 prohibit the granting of such additional extensions as are provided by law when the tolling granted by P.L.2008, c.78 shall expire. Notwithstanding any previously enacted provision of P.L.2008, c.78, as amended and supplemented, the running of the period of approval of all government approvals which would have been extended pursuant to the definition of "extension area," added by P.L.2012, c.48, shall be calculated, using that definition, retroactive to the enactment of P.L.2008, c.78.

b. Nothing in P.L.2008, c.78 (C.40:55D-136.1 et seq.) shall be deemed to extend or purport to extend:
(1) any permit or approval issued by the government of the United States or any agency or instrumentality thereof, or any permit or approval by whatever authority issued of which the duration of effect or the date or terms of its expiration are specified or determined by or pursuant to law or regulation of the federal government or any of its agencies or instrumentalities;

(2) any permit or approval issued pursuant to the "Pinelands Protection Act," P.L.1979, c.111 (C.13:18A-1 et seq.) if the extension would result in a violation of federal law, or any State rule or regulation requiring approval by the Secretary of the Interior pursuant to Pub.L.95-625 (16 U.S.C. s.4711);

(3) any permit or approval issued within an environmentally sensitive area;

(4) any permit or approval within an environmentally sensitive area issued pursuant to the "Highlands Water Protection and Planning Act," P.L.2004, c.120 (C.13:20-1 et al.), or any permit or approval issued within the preservation area of the Highlands Region as defined in section 3 of P.L.2004, c.120 (C.13:20-3);

(5) any permit or approval issued by the Department of Transportation pursuant to Title 27 of the Revised Statutes or under the general authority conferred by State law, other than a right-of-way permit issued pursuant to paragraph (3) of subsection (h) of section 5 of P.L.1966, c.301 (C.27:1A-5) or a permit granted pursuant to R.S.27:7-1 et seq. or any supplement thereto;

(6) any permit or approval issued pursuant to the "Flood Hazard Area Control Act," P.L.1962, c.19 (C.58:16A-50 et seq.), except (a) where work has commenced, in any phase or section of the development, on any site improvement as defined in paragraph (1) of subsection a. of section 41 of the "Municipal Land Use Law," P.L.1975, c.291 (C.40:55D-53) or on any buildings or structures or (b) where the permit or approval authorizes work on real property owned by the government or the federal government;

(7) any coastal center designated pursuant to the "Coastal Area Facility Review Act," P.L.1973, c.185 (C.13:19-1 et seq.), that as of March 15, 2007 (a) had not submitted an application for plan endorsement to the State Planning Commission, and (b) was not in compliance with the provisions of the Coastal Zone Management Rules at N.J.A.C.7:7E-5B.6; or

(8) any permit or approval within the Highlands planning area located in a municipality subject to the "Highlands Water Protection and Planning Act," P.L.2004, c.120, that has adopted, as of May 1, 2012, in accordance with the Highlands Water Protection and Planning Council conformance approval, a Highlands master plan element, a Highlands land use ordinance, or an environmental resource inventory, except that the provisions of this paragraph shall not apply to any permit or approval within a Highlands center desig-
nated by the Highlands Water Protection and Planning Council, notwithstanding the adoption by the municipality of a Highlands master plan element, a Highlands land use ordinance, or an environmental resource inventory.  

c. P.L.2008, c.78 shall not affect any administrative consent order issued by the Department of Environmental Protection in effect or issued during the extension period, nor shall it be construed to extend any approval in connection with a resource recovery facility as defined in section 2 of P.L.1985, c.38 (C.13:1E-137).  
d. e. In the event that any approval tolled pursuant to P.L.2008, c.78 is based upon the connection to a sanitary sewer system, the approval's extension shall be contingent upon the availability of sufficient capacity, on the part of the treatment facility, to accommodate the development whose approval has been extended. If sufficient capacity is not available, those permit holders whose approvals have been extended shall have priority with regard to the further allocation of gallonage over those approval holders who have not received approval of a hookup prior to the date of enactment of P.L.2008, c.78. Priority regarding the distribution of further gallonage to any permit holder who has received the extension of an approval pursuant to P.L.2008, c.78 shall be allocated in order of the granting of the original approval of the connection.  
f. P.L.2008, c.78 shall not toll any approval issued under the "Municipal Land Use Law," P.L.1975, c.291 (C.40:55D-1 et seq.) in connection with an application for development involving a residential use where, subsequent to the expiration of the permit but prior to January 1, 2007, an amendment has been adopted to the master plan and the zoning ordinance to rezone the property to industrial or commercial use when the permit was issued for residential use.  
g. Nothing in P.L.2008, c.78 shall be construed or implemented in such a way as to modify any requirement of law that is necessary to retain federal delegation to, or assumption by, the State of the authority to implement a federal law or program.  
h. Nothing in P.L.2008, c.78 shall be deemed to extend the obligation of any wastewater management planning agency to submit a wastewater management plan or plan update, or the obligation of a municipality to submit a wastewater management plan or plan update, pursuant to the "Water Quality Planning Act," P.L.1977, c.75 (C.58:11A-1 et seq.) and the Wa-

4. Section 5 of P.L.2008, c.78 (C.40:55D-136.5) is amended to read as follows:

C.40:55D-136.5 Notice.

5. State agencies shall, within 30 days after the effective date of P.L.2008, c.78 (C.40:55D-136.1 et seq.), and within 30 days after the effective date of any subsequent amendment and supplement thereto, place a notice in the New Jersey Register tolling all approvals in conformance with this act.

3. This act shall take effect 30 days after enactment.

   a. The name of a limited liability company shall contain the words “limited liability company” or the abbreviation “L.L.C.” or “LLC”. “Limited” may be abbreviated as “Ltd.”, and “company” may be abbreviated as “Co.”.
   b. Unless authorized by subsection c. of this section, the name of a limited liability company shall be distinguishable in the records of the filing office from:

      (2) each name reserved under section 10 of this act.
   c. Furthermore, the name of a limited liability company shall not contain any word or phrase, or any abbreviation or derivative thereof, the use of which is prohibited or restricted by any other statute of this State, unless the limited liability company has complied with the restrictions.

C.42:2C-9 Use of name other than actual limited liability company name.

9. Use of Name Other Than Actual Limited Liability Company Name.
   a. A domestic limited liability company or foreign limited liability company which conducts activities in this State shall not conduct any of those activities using an alternate name, including an abbreviation of its name or an acronym, unless:
      (1) it also uses its actual name in the transaction of any of its activities in a manner that is not deceptive as to its actual identity; or
      (2) it has first registered the alternate name as provided in subsection b. of this section.
   b. Any limited liability company may adopt and use any alternate name, including a name which would be unavailable as the name of a domestic or foreign limited liability company because of the prohibitions of subsection a. or b. of section 8 of this act, but not including any name not permitted as a limited liability company name by subsection c. of section 8 of this act, by filing an original and a copy of a certificate of registration of alternate name with the filing office executed on behalf of the limited liability company.       (1) The name, jurisdiction and date of formation of the limited liability company;

The certificate of renewal shall set forth the information required in paragraphs (1) through (4) of subsection b. of this section, the date of the certificate of registration then in effect and that the limited liability company is continuing to use the alternate name.

d. This section shall not:

(1) Grant to the registrant of an alternate name any right in the name as against any prior or subsequent use of the name, regardless of whether used as a trademark, trade name, business name or corporate name; or

(2) Interfere with the power of any court to enjoin the use of the name on the basis of the law of unfair competition or on any other basis except the identity or similarity of the alternate name to any corporate, limited partnership or limited liability company name.

e. A limited liability company which has used an alternate name in this State contrary to the provisions of this section shall, upon filing a certificate of registration of alternate name or an untimely certificate of renewal, pay to the filing office the filing fee prescribed for the certificate plus an additional filing fee equal to the full amount of the regular filing fee multiplied by the number of years it has been using the alternate name in violation of this section. For the purpose of this subsection, any part of a year shall be considered a full year.

f. The failure of a limited liability company to file a certificate of registration or renewal of alternate name shall not impair the validity of any contract or act of the limited liability company and shall not prevent the limited liability company from defending any action or proceedings in any court of this State, but the limited liability company shall not maintain any action or proceeding in any court of this State arising out of a contract or act in which it used the alternate name until it has filed the applicable certificate.

The application must state the name and address of the applicant and the name proposed to be reserved. If the filing office finds that the name applied for is available, it must be reserved for the applicant's exclusive use for a 120-day period.

b. The owner of a name reserved for a limited liability company may transfer the reservation to another person by delivering to the filing office for filing a signed notice of the transfer which states the name and address of the transferee.

C.42:2C-11 Operating agreement; scope, function, and limitations.

11. Operating Agreement; Scope, Function, and Limitations.

a. Except as provided in subsections b. and c. of this section, the operating agreement governs:

(1) relations among the members as members and between the members and the limited liability company;

(2) the rights and duties under this act of a person in the capacity of manager;

(3) the activities of the company and the conduct of those activities; and

(4) the means and conditions for amending the operating agreement.

b. To the extent the operating agreement does not otherwise provide for a matter described in subsection a. of this section, this act governs the matter.

c. An operating agreement may not:
(1) vary a limited liability company’s capacity under section 5 of this act to sue and be sued in its own name;
(2) vary the law applicable under section 6 of this act;
(3) vary the power of the court under section 21 of this act;
(4) subject to subsections d. through g. of this section, eliminate the duty of loyalty, the duty of care, or any other fiduciary duty;
(5) subject to subsections d. through g. of this section, eliminate the contractual obligation of good faith and fair dealing under subsection d. of section 39 of this act;
(6) unreasonably restrict the duties and rights stated in section 40 of this act;
(7) vary the power of a court to decree dissolution in the circumstances specified in paragraphs (4) and (5) of subsection a. of section 48 of this act;
(8) vary the requirement to wind up a limited liability company’s business as specified in subsection a. and paragraph (1) of subsection b. of section 49 of this act;
(9) unreasonably restrict the right of a member to maintain an action under Article 9 (sections 67 through 72 of this act);
(10) restrict the right to approve a merger, conversion, or domestication under section 86 of this act to a member that will have personal liability with respect to a surviving, converted, or domesticated organization; or
(11) except as otherwise provided in subsection b. of section 13 of this act, restrict the rights under this act of a person other than a member or manager.

d. If not manifestly unreasonable, the operating agreement may:
(1) restrict or eliminate the duty:
   (a) as required in paragraph (1) of subsection b. and subsection g. of section 39 of this act, to account to the limited liability company and to hold as trustee for it any property, profit, or benefit derived by the member in the conduct or winding up of the company’s business, from a use by the member of the company’s property, or from the appropriation of a limited liability company opportunity;
   (b) as required in paragraph (2) of subsection b. and subsection g. of section 39 of this act, to refrain from dealing with the company in the conduct or winding up of the company’s business as or on behalf of a party having an interest adverse to the company; and
   (c) as required by paragraph (3) of subsection b. and subsection g. of section 39 of this act, to refrain from competing with the company in the conduct of the company’s business before the dissolution of the company;
(2) identify specific types or categories of activities that do not violate the duty of loyalty;

(3) alter the duty of care, except to authorize intentional misconduct or knowing violation of law;

(4) alter any other fiduciary duty, including eliminating particular aspects of that duty; and

(5) prescribe the standards by which to measure the performance of the contractual obligation of good faith and fair dealing under subsection d. and subsection g. of section 39 of this act.

e. The operating agreement may specify the method by which a specific act or transaction that would otherwise violate the duty of loyalty may be authorized or ratified by one or more disinterested and independent persons after full disclosure of all material facts.

f. To the extent the operating agreement of a member-managed limited liability company expressly relieves a member of a responsibility that the member would otherwise have under this act and imposes the responsibility on one or more other members, the operating agreement may, to the benefit of the member that the operating agreement relieves of the responsibility, also eliminate or limit any fiduciary duty that would have pertained to the responsibility.

g. The operating agreement may alter or eliminate the indemnification for a member or manager provided by section 38 of this act and may eliminate or limit a member or manager’s liability to the limited liability company and members for money damages, except for:

(1) breach of the duty of loyalty;

(2) a financial benefit received by the member or manager to which the member or manager is not entitled;

(3) a breach of a duty under section 36 of this act;

(4) intentional infliction of harm on the company or a member; or

(5) an intentional violation of criminal law.

h. The court shall decide any claim under paragraph (1) of subsection d. of this section that a term of an operating agreement is manifestly unreasonable. The court:

(1) shall make its determination as of the time the challenged term became part of the operating agreement and by considering only circumstances existing at that time; and

(2) may invalidate the term only if, in light of the purposes and activities of the limited liability company, it is readily apparent that:

(a) the objective of the term is unreasonable; or
(b) the term is an unreasonable means to achieve the provision's objective.

i. This act is to be liberally construed to give the maximum effect to the principle of freedom of contract and to the enforceability of operating agreements.

C.42:2C-12 Operating agreement; effect on limited liability company and persons becoming members; preformation agreement.

12. Operating Agreement; Effect on Limited Liability Company and Persons Becoming Members; Preformation Agreement.

a. A limited liability company is bound by and may enforce the operating agreement, whether or not the company has itself manifested assent to the operating agreement.

b. A person that becomes a member of a limited liability company is deemed to assent to the operating agreement.

c. Two or more persons intending to become the initial members of a limited liability company may make an agreement providing that upon the formation of the company the agreement will become the operating agreement. One person intending to become the initial member of a limited liability company may assent to terms providing that upon the formation of the company the terms will become the operating agreement.

C.42:2C-13 Operating agreement; effect on third parties and relationship to records effective on behalf of limited liability company.

13. Operating Agreement; Effect on Third Parties and Relationship to Records Effective on Behalf of Limited Liability Company.

a. An operating agreement may specify that its amendment requires the approval of a person that is not a party to the operating agreement or the satisfaction of a condition. An amendment is ineffective if its adoption does not include the required approval or satisfy the specified condition.

b. The obligations of a limited liability company and its members to a person in the person's capacity as a transferee or dissociated member are governed by the operating agreement. Subject only to any court order issued under paragraph (2) of subsection b. of section 43 of this act to effectuate a charging order, an amendment to the operating agreement made after a person becomes a transferee or dissociated member is effective with regard to any debt, obligation, or other liability of the limited liability company or its members to the person in the person's capacity as a transferee or dissociated member.

c. If a record that has been delivered by a limited liability company to the filing office for filing and has become effective under this act contains a
provision that would be ineffective under subsection c. of section 11 of this act, if contained in the operating agreement, the provision is likewise ineffective in the record.

d. Subject to subsection c. of this section, if a record that has been delivered by a limited liability company to the filing office for filing and has become effective under this act conflicts with a provision of the operating agreement:

(1) the operating agreement prevails as to members, dissociated members, transferees, and managers; and

(2) the record prevails as to other persons to the extent they reasonably rely on the record.

C.42:2C-14 Office and agent for service of process.

a. A limited liability company shall designate and continuously maintain in this State:

(1) an office, which need not be a place of its activity in this State; and

(2) an agent for service of process.

c. An agent for service of process of a limited liability company or foreign limited liability company shall be an individual who is a resident of this State or other person with authority to transact business in this State.

(1) the name of the company;

(2) the street and mailing addresses of its current registered office;

(3) if the current registered office is to be changed, the street and mailing addresses of the new registered office;

(4) the name and street and mailing addresses of its current agent for service of process; and

(5) if the current agent for service of process or an address of the agent is to be changed, the new information.
b. A registered agent may, with prior notice to the limited liability company for which it is the registered agent, change the address of the registered office of any domestic or foreign limited liability company for which the registered agent is the registered agent to another address in this State by filing in the filing office a statement of change, executed by the registered agent, setting forth the names of each limited liability company, and the address at which the registered agent has maintained the registered office for each limited liability company, and further certifying to the new address to which the registered office will be changed on a given day, and at which new address the registered agent will thereafter maintain the registered office for each limited liability company recited in the statement of change. Upon the filing of such statement of change, the filing office shall furnish to the registered agent a filed copy of the same together with a receipt for the fees, and thereafter, or until further change of address, as authorized by law, the registered office in this State of each limited liability company recited in the statement of change shall be located at the new address of the registered agent thereof as given in such statement of change.

c. In the event of a change of name of any person acting as a registered agent of a limited liability company, the registered agent shall file in the filing office a statement of change, executed by the registered agent, setting forth the new name of the registered agent, the name of the registered agent before it was changed, the name of each limited liability company represented by the registered agent, and the address at which the registered agent has maintained the registered office for each limited liability company. Upon the filing of the statement of change, the filing office shall furnish to the registered agent a filed copy of the same together with a receipt for the fees.

d. Filing a statement of change under this section shall be deemed to be an amendment of the certificate of formation or the certificate of authority of each limited liability company affected thereby and no limited liability company shall be required to take any further action with respect thereto, to amend its certificate of formation or certificate of authority under this act.

e. Subject to subsection c. of section 22 of this act, a statement of change is effective when filed by the filing office.

C.42:2C-16 Resignation of agent for service of process.

a. To resign as an agent for service of process of a limited liability company or foreign limited liability company, the agent shall deliver to the filing office for filing a statement of resignation containing the company name and stating that the agent is resigning.
b. c. An agency for service of process terminates on the earlier of:

(1) the 31st day after the filing office files the statement of resignation;

(2) when a record designating a new agent for service of process is delivered to the filing office for filing on behalf of the limited liability company and becomes effective.

C.42:2C-17 Service of process.

a. An agent for service of process appointed by a limited liability company or foreign limited liability company is an agent of the company for service of any process, notice, or demand required or permitted by law to be served on the company.

b. If a limited liability company or foreign limited liability company does not appoint or maintain an agent for service of process in this State or the agent for service of process cannot with reasonable diligence be found at the agent's street address, the filing office is an agent of the company upon whom process, notice, or demand may be served.

c. Service of any process, notice, or demand on the filing office as agent for a limited liability company or foreign limited liability company may be made by delivering to the filing office duplicate copies of the process, notice, or demand. If a process, notice, or demand is served on the filing office, the filing office shall forward one of the copies by mail or otherwise provide or deliver a copy to the registered office of the company or the principal office of the company if the mailing address of the principal office appears in the records of the filing office and is different from the mailing address of the registered office.

d. Service is effected under subsection c. of this section at the earliest of:

(1) the date the limited liability company or foreign limited liability company receives the process, notice, or demand;

(2) the date shown on the return receipt, if signed on behalf of the company; or

(3) five days after the process, notice, or demand is deposited with the United States Postal Service, if correctly addressed and with sufficient postage.
e. The filing office shall keep a record of each process, notice, and demand served pursuant to this section and record the date of, and the action taken regarding, the service.

f. This section does not affect the right to serve process, notice, or demand in any other manner provided by law.

c. Subject to subsection c. of section 12 of this act, a certificate of formation may also contain statements as to matters other than those required by subsection b. of this section. However, a statement in a certificate of formation is not effective as a statement of authority.

d. A limited liability company is formed when the filing office has filed the certificate of formation and the company has at least one member, unless the certificate states a delayed effective date pursuant to subsection c. of section 22 of this act.

e. If the certificate states a delayed effective date, a limited liability company is not formed if, before the certificate takes effect, a certificate of dissolution is signed and delivered to the filing office for filing and the filing office files the certificate.

f. Subject to any delayed effective date and except in a proceeding by this State to dissolve a limited liability company, the filing of the certificate of formation by the filing office is conclusive proof that the organizer satisfied all conditions to the formation of a limited liability company.

C.42:2C-19 Amendment or restatement of certificate of formation.
19. Amendment or Restatement of Certificate of Formation.

a. A certificate of formation may be amended or restated at any time.
b. To amend its certificate of formation, a limited liability company shall deliver to the filing office for filing an amendment stating:

   (4) the changes the amendment makes to the certificate as most recently amended or restated.

c. To restate its certificate of formation, a limited liability company shall deliver to the filing office for filing a restated certificate of formation, designated as such in its heading, stating:
   (1) in the heading or an introductory paragraph, the company's present name, the date of the filing of the company's initial certificate of formation and such other information as may be required by the filing office to correctly identify the company;

   (3) the changes the restated certificate of formation makes to the certificate of formation as most recently amended or restated.

d. Subject to subsection c. of section 12 and subsection c. of section 22 of this act, an amendment to or a restated certificate of formation is effective when filed by the filing office.

e. If a member of a member-managed limited liability company, or a manager of a manager-managed limited liability company, knows that any information in a filed certificate of formation was inaccurate when the certificate was filed or has become inaccurate owing to changed circumstances, the member or manager shall promptly:
   (1) cause the certificate to be amended; or
   (2) if appropriate, deliver to the filing office for filing a statement of change under section 15 or a certificate of correction under section 23 of this act.

   (1) Except as otherwise provided in paragraphs (2) and (3) of this subsection, a record signed on behalf of a limited liability company shall be signed by a person authorized by the company.
(2) A limited liability company's initial certificate of formation shall be signed by at least one person acting as an organizer.

(3) A record filed on behalf of a dissolved limited liability company that has no members shall be signed by the person winding up the company's activities under subsection c. of section 49 of this act or a person appointed under subsection d. of section 49 of this act to wind up those activities.

(4) A certificate of dissolution under subsection e. of section 18 of this act shall be signed by each organizer that signed the initial certificate of formation, but a personal representative of a deceased or incompetent organizer may sign in place of the decedent or incompetent.

(5) A statement of denial by a person under section 29 of this act shall be signed by that person.

(6) Any other record shall be signed by the person on whose behalf the record is delivered to the filing office.

b. Any record filed under this act may be signed by an agent, including an attorney in fact.

C.42:2C-21 Signing and filing pursuant to judicial order.

21. Signing and Filing Pursuant to Judicial Order.

a. If a person required by this act to sign a record or deliver a record to the filing office for filing does not do so, any other person that is aggrieved may petition the Superior Court to order:

(1) the person to sign the record;
(2) the person to deliver the record to the filing office for filing; or
(3) the filing office to file the record unsigned.

b. If a petitioner under subsection a. of this section is not the limited liability company or foreign limited liability company to which the record pertains, the petitioner shall make the company a party to the action.

C.42:2C-22 Delivery to and filing of records by filing office; effective time and date.

22. Delivery to and Filing of Records by Filing Office; Effective Time and Date.

a. A record authorized or required to be delivered to the filing office for filing under this act shall be captioned to describe the record's purpose, be in a medium permitted by the filing office, and be delivered to the filing office. If the filing fees have been paid, unless the filing office determines that a record does not comply with the filing requirements of this act, the filing office shall file the record and:
(1) for a statement of denial under section 29 of this act, send an acknowledgment confirming the filing and a receipt for the fees to the person who submitted the record; and

(2) for all other records, send an acknowledgment confirming the filing and a receipt for the fees to the person who submitted the record.

b. Upon request and payment of the requisite fee, the filing office shall send to the requester a certified copy of a requested record.

c. Except as otherwise provided in sections 15 and 23 of this act, a record delivered to the filing office for filing under this act may specify a delayed effective date. Subject to section 15, subsection d. of section 18 and section 23 of this act, a record filed by the filing office is effective:

(1) if the record does not specify a delayed effective date, on the date the record is filed as evidenced by the filing office’s endorsement of the date on the record; and

(2) if the record specifies a delayed effective date after the date the record is filed as evidenced by the filing office’s endorsement of the date on the record, on the delayed effective date.

C.42:2C-23 Correcting filed record.

23. Correcting Filed Record.

a. A limited liability company or foreign limited liability company may deliver to the filing office for filing a certificate of correction to correct a record previously delivered by the company to the filing office and filed by the filing office, if at the time of filing the record contained inaccurate information or was defectively signed.

b. A certificate of correction under subsection a. of this section may not state a delayed effective date and shall:

(1) describe the record to be corrected, including its filing date, or attach a copy of the record as filed;

(2) specify the inaccurate information and the reason it is inaccurate or the manner in which the signing was defective; and

(3) correct the defective signature or inaccurate information.

c. When filed by the filing office, a certificate of correction under subsection a. of this section is effective retroactively as of the effective date of the record the certificate corrects, but the certificate is effective when filed:

(1) for the purposes of subsection d. of section 3 of this act; and

(2) as to persons that previously relied on the uncorrected record and would be adversely affected by the retroactive effect.
CHAPTER 50, LAWS OF 2012

C.42:2C-24 Liability for inaccurate information in filed record.

24. Liability for Inaccurate Information in Filed Record.

a. If a record delivered to the filing office for filing under this act and filed by the filing office contains inaccurate information, a person that suffers a loss by reliance on the information may recover damages for the loss from:

   (1) a person that signed the record, or caused another to sign it on the person’s behalf, and knew the information to be inaccurate at the time the record was signed; and

   (2) subject to subsection b. of this section, a member of a member-managed limited liability company or the manager of a manager-managed limited liability company, if:

      (a) the record was delivered for filing on behalf of the company; and

      (b) the member or manager had notice of the inaccuracy for a reasonably sufficient time before the information was relied upon so that, before the reliance, the member or manager reasonably could have:

         (i) effected an amendment under section 19 of this act;

         (ii) filed a petition under section 21 of this act; or

         (iii) delivered to the filing office for filing a certificate of change under section 15 or a certificate of correction under section 23 of this act.

b. To the extent that the operating agreement of a member-managed limited liability company expressly relieves a member of responsibility for maintaining the accuracy of information contained in records delivered on behalf of the company to the filing office for filing under this act and imposes that responsibility on one or more other members, the liability stated in paragraph (2) of subsection a. of this section applies to those other members and not to the member that the operating agreement relieves of the responsibility.

c. An individual who signs a record authorized or required to be filed under this act affirms under penalty of perjury that the information stated in the record is accurate.

C.42:2C-25 Certificate of standing.

a. The filing office, upon request and payment of the requisite fee, shall furnish to any person a certificate of standing for a limited liability company if the records filed in the filing office show that the company has been formed under section 18 of this act. A certificate of standing shall state:

   (1) the company’s name;
(2) that the company was duly formed under the laws of this State and the date of formation;
(3) whether all fees and penalties due under this act or other law to the filing office have been paid;
(4) whether the company’s most recent annual report required by section 26 of this act has been filed in the filing office;
(5) whether the filing office has administratively revoked the company; and
(6) whether the filing office has filed a certificate of dissolution.

b. The filing office, upon request and payment of the requisite fee, shall furnish to any person a certificate of standing for a foreign limited liability company if the records filed in the office of the filing office show that the filing office has filed a certificate of authority, has not revoked the certificate of authority, and has not filed a notice of cancellation. A certificate of standing shall state:
(1) the company’s name and any alternate name adopted under subsection a. of section 61 of this act for use in this State;
(2) that the company is authorized to transact business in this State;
(3) whether all fees and penalties due to the filing office under this act or other law have been paid;
(4) whether the company’s most recent annual report required by section 26 of this act has been filed in the filing office;
(5) that the filing office has not revoked the company’s certificate of authority and has not filed a certificate of cancellation; and
(6) other facts of record in the office of the filing office which are specified by the person requesting the certificate.

c. Subject to any qualification stated in the certificate, a certificate of standing issued by the filing office is conclusive evidence that the limited liability company is in existence or the foreign limited liability company is authorized to transact business in this State.

C.42:2C-26 Annual report for filing office.

a. Each domestic and foreign limited liability company shall file an annual report with the filing office, setting forth:
(1) the name and address of the limited liability company;
(2) the name and address of the registered agent of the limited liability company; and
(3) the name and addresses of the managing members or managers, as the case may be.
b. If no annual report is filed as required by this section for two consecutive years:

(1) the certificate of a domestic limited liability company shall be transferred to an inactive list maintained by the filing office. A limited liability company on the inactive list shall remain a limited liability company and the limited liability of its members and managers shall not be affected by its transfer to this list. The name of a limited liability company on the inactive list shall, subject to any other rights that limited liability company may have to its name, be available for use by any other limited liability company, including a newly-formed limited liability company.

(2) the certificate of a foreign limited liability company may be revoked by the filing office.

(3) if the certificate of a domestic limited liability company has been transferred to the inactive list or if the certificate of a foreign limited liability company has been revoked, the certificate shall be reinstated by proclamation of the filing office upon payment of all fees due to the filing office, consisting of a reinstatement filing fee, current annual report fee, all delinquent annual report fees, and a late filing fee. The reinstatement relates back to the date of transfer of the certificate of a domestic limited liability company to the inactive list or to the date of revocation of the certificate of a foreign limited liability company, as the case may be, and shall validate all actions taken in the interim. In the event that in the interim the name of the limited liability company has become unavailable, the filing office shall reinstate the certificate upon, in the case of a domestic limited liability company, the filing of an amendment to its certificate of formation to change the name to an available name, and in the case of a foreign limited liability company, the filing of an amended certificate of authority changing the name to an available name. The filing office shall provide the forms necessary to effect annual report reinstatements.

ARTICLE 3
RELATIONS OF MEMBERS AND MANAGERS TO PERSONS DEALING WITH LIMITED LIABILITY COMPANY

CA2:2C-27 No agency power of member as member.

27. No Agency Power of Member as Member.

a. A member is not an agent of a limited liability company solely by reason of being a member.

b. A person's status as a member does not prevent or restrict law other than this act from imposing liability on a limited liability company because of the person's conduct.
C.42:2C-28 Statement of authority.

28. Statement of Authority.

a. A limited liability company may deliver to the filing office for filing a statement of authority. The statement:

(1) shall include the name of the company, the street and mailing addresses of its registered office and such other information as may be required by the filing office to correctly identify the company;

(2) with respect to any position that exists in or with respect to the company, may state the authority, or limitations on the authority, of all persons holding the position to:

(a) execute an instrument transferring real property held in the name of the company; or

(b) enter into other transactions on behalf of, or otherwise act for or bind, the company; and

(3) may state the authority, or limitations on the authority, of a specific person to:

(a) execute an instrument transferring real property held in the name of the company; or

(b) enter into other transactions on behalf of, or otherwise act for or bind, the company.

b. To amend or cancel a statement of authority filed with the filing office under subsection a. of section 22 of this act, a limited liability company shall deliver to the filing office for filing an amendment or cancellation stating:

(1) the name of the company;

(2) the street and mailing addresses of the company’s registered office;

(3) such other information as may be required by the filing office to correctly identify the company;

(4) the caption of the statement being amended or canceled and the date the statement being affected became effective; and

(5) the contents of the amendment or a declaration that the statement being affected is canceled.

c. A statement of authority affects only the power of a person to bind a limited liability company to persons that are not members.

d. Subject to subsection c. of this section and subsection d. of section 3 of this act, and except as otherwise provided in subsections f., g. and h. of this section, a limitation on the authority of a person or a position contained in an effective statement of authority is not by itself evidence of knowledge or notice of the limitation by any person.

e. Subject to subsection c. of this section, a grant of authority not pertaining to transfers of real property and contained in an effective statement
of authority is conclusive in favor of a person that gives value in reliance on the grant, except to the extent that when the person gives value:

(1) the person has knowledge to the contrary;
(2) the statement has been canceled or restrictively amended under subsection b. of this section; or
(3) a limitation on the grant is contained in another statement of authority that became effective after the statement containing the grant became effective.

f. Subject to subsection c. of this section, an effective statement of authority that grants authority to transfer real property held in the name of the limited liability company and that is recorded by certified copy in the office for recording transfers of the real property is conclusive in favor of a person that gives value in reliance on the grant without knowledge to the contrary, except to the extent that when the person gives value:

(1) the statement has been canceled or restrictively amended under subsection b. of this section and a certified copy of the cancellation or restrictive amendment has been recorded in the office for recording transfers of the real property; or
(2) a limitation on the grant is contained in another statement of authority that became effective after the statement containing the grant became effective and a certified copy of the later-effective statement is recorded in the office for recording transfers of the real property.

g. Subject to subsection c. of this section, if a certified copy of an effective statement containing a limitation on the authority to transfer real property held in the name of a limited liability company is recorded in the office for recording transfers of that real property, all persons are deemed to know of the limitation.

h. Subject to subsection i. of this section, an effective certificate of dissolution is a cancellation of any filed statement of authority for the purposes of subsection f. of this section and is a limitation on authority for the purposes of subsection g. of this section.

i. After a certificate of dissolution becomes effective, a limited liability company may deliver to the filing office for filing and, if appropriate, may record a statement of authority that is designated as a post-dissolution statement of authority. The statement operates as provided in subsections f. and g. of this section.

j. An effective statement of denial operates as a restrictive amendment under this section and may be recorded by certified copy for the purposes of paragraph (1) of subsection f. of this section.
C.42:2C-29 Statement of denial.
29. Statement of Denial. A person named in a filed statement of authority granting that person authority may deliver to the filing office for filing a statement of denial that:
   a. Provides the name of the limited liability company and such other information as may be required by the filing office to correctly identify the company and the caption of the statement of authority to which the statement of denial pertains; and
   b. Denies the grant of authority.

C.42:2C-30 Liability of members and managers.
30. Liability of Members and Managers.
   a. The debts, obligations, or other liabilities of a limited liability company, whether arising in contract, tort, or otherwise:
      (1) are solely the debts, obligations, or other liabilities of the company; and
      (2) do not become the debts, obligations, or other liabilities of a member or manager solely by reason of the member acting as a member or manager acting as a manager.
   b. The failure of a limited liability company to observe any particular formalities relating to the exercise of its powers or management of its activities is not a ground for imposing liability on the members or managers for the debts, obligations, or other liabilities of the company.

ARTICLE 4
RELATIONS OF MEMBERS TO EACH OTHER AND TO LIMITED LIABILITY COMPANY

C.42:2C-31 Becoming a member.
31. Becoming a Member.
   a. If a limited liability company is to have only one member upon formation, the person becomes a member as agreed by that person and the organizer of the company. That person and the organizer may be, but need not be, different persons. If different, the organizer acts on behalf of the initial member.
   b. If a limited liability company is to have more than one member upon formation, those persons become members as agreed by the persons before the formation of the company. The organizer acts on behalf of the persons in forming the company and may be, but need not be, one of the persons.
   c. After formation of a limited liability company, a person becomes a member:
(1) as provided in the operating agreement;
(2) as the result of a transaction effective under Article 10 (sections 73 through 87 of this act);
(3) with the consent of all the members; or
(4) if, within 90 consecutive days after the company ceases to have any members:
   (a) the last person to have been a member, or the legal representative of that person, designates a person to become a member; and
   (b) the designated person consents to become a member.

d. A person may become a member without acquiring a transferable interest and without making or being obligated to make a contribution to the limited liability company.

C.42:2C-32 Form of contribution.
32. Form of Contribution. A contribution may consist of tangible or intangible property or other benefit to a limited liability company, including money, services performed, promissory notes, other agreements to contribute money or property, and contracts for services to be performed.

C.42:2C-33 Liability for contributions.
33. Liability for Contributions.
a. A person's obligation to make a contribution to a limited liability company is not excused by the person's death, disability, or other inability to perform personally. If a person does not make a required contribution of property or services, the person or the person's estate is obligated, at the option of the company, to contribute money equal to the value of the part of the contribution which has not been made.
b. A creditor of a limited liability company which extends credit or otherwise acts in reliance on an obligation described in subsection a. of this section may enforce the obligation.

C.42:2C-34 Sharing of and right to distributions before dissolution.
34. Sharing of and Right to Distributions before Dissolution.
a. Any distributions made by a limited liability company before its dissolution and winding up shall be in equal shares among members and dissociated members, except to the extent necessary to comply with any transfer effective under section 42 and any charging order in effect under section 43 of this act.
b. A person has a right to a distribution before the dissolution and winding up of a limited liability company only if the company decides to
make an interim distribution. A person’s dissociation does not entitle the person to a distribution.

c. A person does not have a right to demand or receive a distribution from a limited liability company in any form other than money. Except as otherwise provided in subsection c. of section 56 of this act, a limited liability company may distribute an asset in kind if each part of the asset is fungible with each other part and each person receives a percentage of the asset equal in value to the person’s share of distributions.

d. If a member or transferee becomes entitled to receive a distribution, the member or transferee has the status of, and is entitled to all remedies available to, a creditor of the limited liability company with respect to the distribution.

C.42:2C-35 Limitations on distribution.

35. Limitations on Distribution.

a. A limited liability company may not make a distribution if after the distribution:

(1) the company would not be able to pay its debts as they become due in the ordinary course of the company’s activities; or

(2) the company’s total assets would be less than the sum of its total liabilities plus the amount that would be needed, if the company were to be dissolved, wound up, and terminated at the time of the distribution, to satisfy the preferential rights upon dissolution, winding up, and termination of members whose preferential rights are superior to those of persons receiving the distribution.

b. A limited liability company may base a determination that a distribution is not prohibited under subsection a. of this section on financial statements prepared on the basis of accounting practices and principles that are reasonable in the circumstances or on a fair valuation or other method that is reasonable under the circumstances.

c. Except as otherwise provided in subsection f. of this section, the effect of a distribution under subsection a. of this section is measured:

(1) in the case of a distribution by purchase, redemption, or other acquisition of a transferable interest in the company, as of the date money or other property is transferred or debt incurred by the company; and

(2) in all other cases, as of the date:

(a) the distribution is authorized, if the payment occurs within 120 days after that date; or

(b) the payment is made, if the payment occurs more than 120 days after the distribution is authorized.
d. A limited liability company's indebtedness to a member incurred by reason of a distribution made in accordance with this section is at parity with the company's indebtedness to its general, unsecured creditors.

e. A limited liability company's indebtedness, including indebtedness issued in connection with or as part of a distribution, is not a liability for purposes of subsection a. of this section if the terms of the indebtedness provide that payment of principal and interest are made only to the extent that a distribution could be made to members under this section.

f. If indebtedness is issued as a distribution, each payment of principal or interest on the indebtedness is treated as a distribution, the effect of which is measured on the date the payment is made.

g. As used in this section, "distribution" does not include amounts constituting reasonable compensation for present or past services or reasonable payments made in the ordinary course of business under a bona fide retirement plan or other benefits program.

C.42:2C-36 Liability for improper distributions.

36. Liability for Improper Distributions.

a. Except as otherwise provided in subsection b. of this section, if a member of a member-managed limited liability company or manager of a manager-managed limited liability company consents to a distribution made in violation of section 35 of this act and in consenting to the distribution fails to comply with section 39 of this act, the member or manager is personally liable to the company for the amount of the distribution that exceeds the amount that could have been distributed without the violation of section 35 of this act.

b. To the extent the operating agreement of a member-managed limited liability company expressly relieves a member of the authority and responsibility to consent to distributions and imposes that authority and responsibility on one or more other members, the liability stated in subsection a. of this section applies to the other members and not the member that the operating agreement relieves of authority and responsibility.

c. A person that receives a distribution knowing that the distribution to that person was made in violation of section 35 of this act is personally liable to the limited liability company but only to the extent that the distribution received by the person exceeded the amount that could have been properly paid under section 35 of this act.

d. A person against which an action is commenced because the person is liable under subsection a. of this section may:
(1) implead any other person that is subject to liability under subsec­tion a. of this section and seek to compel contribution from the person; and
(2) implead any person that received a distribution in violation of sub­section c. of this section and seek to compel contribution from the person in the amount the person received in violation of subsection c. of this section.

e. An action under this section is barred if not commenced within two years after the distribution.

C.22:2C-37 Management of limited liability company.
a. A limited liability company is a member-managed limited liability company unless the operating agreement:
   (1) expressly provides that:
      (a) the company is or will be “manager-managed;”
      (b) the company is or will be “managed by managers;” or
      (c) management of the company is or will be “vested in managers;” or
   (2) includes words of similar import.

b. In a member-managed limited liability company, the following rules apply:
   (1) The management and conduct of the company are vested in the members.
   (2) Each member has equal rights in the management and conduct of the company’s activities.
   (3) A difference arising among members as to a matter in the ordinary course of the activities of the company may be decided by a majority of the members.
   (4) An act outside the ordinary course of the activities of the company may be undertaken only with the consent of all members.
   (5) The operating agreement may be amended only with the consent of all members.

c. In a manager-managed limited liability company, the following rules apply:
   (1) Except as otherwise expressly provided in this act, any matter relating to the activities of the company is decided exclusively by the managers.
   (2) Each manager has equal rights in the management and conduct of the activities of the company.
   (3) A difference arising among managers as to a matter in the ordinary course of the activities of the company may be decided by a majority of the managers.
   (4) The consent of all members is required to:
CHAPTER 50, LAWS OF 2012

(a) sell, lease, exchange, or otherwise dispose of all, or substantially all, of the company's property, with or without the good will, outside the ordinary course of the company's activities;

(b) approve a merger, conversion, or domestication under Article 10 (sections 73 through 87 of this act);

(c) undertake any other act outside the ordinary course of the company's activities; and

(d) amend the operating agreement.

(5) A manager may be chosen at any time by the consent of a majority of the members and remains a manager until a successor has been chosen, unless the manager at an earlier time resigns, is removed, or dies, or, in the case of a manager that is not an individual, terminates. A manager may be removed at any time by the consent of a majority of the members without notice or cause.

(6) A person need not be a member to be a manager, but the dissociation of a member that is also a manager removes the person as a manager. If a person that is both a manager and a member ceases to be a manager, that cessation does not by itself dissociate the person as a member.

(7) A person's ceasing to be a manager does not discharge any debt, obligation, or other liability to the limited liability company or members which the person incurred while a manager.

d. An action requiring the consent of members under this act may be taken without a meeting, and a member may appoint a proxy or other agent to consent or otherwise act for the member by signing an appointing record, personally or by the member's agent.

e. The dissolution of a limited liability company does not affect the applicability of this section. However, a person that wrongfully causes dissolution of the company loses the right to participate in management as a member and a manager.

f. This act does not entitle a member to remuneration for services performed for a member-managed limited liability company, except for reasonable compensation for services rendered in winding up the activities of the company.

C.42:2C-38 Indemnification and insurance.

38. Indemnification and Insurance.

a. As used in this section:

(1) "Company agent" means any person who is or was a member of a member-managed company, a manager of a manager-managed company, an officer, employee or agent of the indemnifying company or of any constitu-
ent company absorbed by the indemnifying company in a consolidation or merger and any person who is or was a member, manager, officer, director, trustee, employee or agent of any other enterprise, serving as such at the request of the indemnifying company, or any such constituent company, or the legal representatives of any such member, manager, officer, director, trustee, employee or agent.

(2) “Other enterprise” and “another enterprise” mean any domestic or foreign limited liability company other than the company, and any corporation, partnership, joint venture, sole proprietorship, trust or other enterprise, whether or not for profit, served by a company agent;

(3) “Expenses” means reasonable costs, disbursements and attorney’s fees;

(4) “Liabilities” means amounts paid or incurred in satisfaction of settlements, judgments, fines and penalties; and

(5) “Proceeding” means any pending, threatened or completed civil, criminal, administrative or arbitral action, suit or proceeding, and any appeal therein, and any inquiry or investigation which could lead to that action or proceeding.

(6) References to an “other enterprise” or “another enterprise” include employee benefit plans; and references to “fines” include any excise taxes assessed on a person with respect to an employee benefit plan.

b. A limited liability company shall indemnify a company agent against expenses to the extent that such company agent has been successful on the merits or otherwise in any proceeding brought against the company agent by reason of the company agent serving as a company agent or serving another enterprise at the request of the limited liability company. If the company agent is successful on the merits or otherwise in defense of any claim, issue or matter in any such proceeding, indemnification shall be provided under this subsection with respect to the claim, issue or matter.

c. A limited liability company shall indemnify a company agent against any debt, obligation, expense or other liability incurred by that company agent in the course of the company agent’s activities on behalf of the limited liability company or another enterprise at the request of the limited liability company, if, in making the payment or incurring the debt, obligation, expense or other liability, the company agent complied with the duties stated in sections 35 and 39 of this act.

d. A limited liability company may purchase and maintain insurance on behalf of any company agent against any expenses incurred in any proceeding and any liabilities asserted against the company agent in his or her capacity as a company agent, whether or not the limited liability company
could eliminate or limit the person's liability to the company for the con­
duct giving rise to the liability under subsection g. of section 11 of this act.
The limited liability company may purchase such insurance from, or such
insurance may be reinsured in whole or in part by, an insurer owned by or
otherwise affiliated with the limited liability company, whether or not such
insurer does business with other insureds.

C.42:2C-39 Standards of conduct for members and managers.

a. A member of a member-managed limited liability company owes to
the company and, subject to subsection b. of section 67 of this act, the other
members, the duties of loyalty and care stated in subsections b. and c. of
this section.

b. The fiduciary duty of loyalty of a member in a member-managed
limited liability company includes the duties:

(1) to account to the company and to hold as trustee for it any property,
profit, or benefit derived by the member:

(a) in the conduct or winding up of the company's activities;
(b) from a use by the member of the company's property; or
(c) from the appropriation of a company opportunity;

(2) to refrain from dealing with the company in the conduct or winding
up of the company's activities as or on behalf of a person having an interest
adverse to the company; and

(3) to refrain from competing with the company in the conduct of the
company's activities before the dissolution of the company.

c. The duty of care of a member of a member-managed limited liabil­
ity company in the conduct and winding up of the company's activities is to
refrain from engaging in grossly negligent or reckless conduct, intentional
misconduct, or a knowing violation of law.

d. A member shall discharge the duties under this act or under the op­
erating agreement and exercise any rights consistently with the contractual
obligation of good faith and fair dealing.

e. A member does not violate a duty or obligation under this act or
under the operating agreement merely because the member's conduct fur­
thers the member's own interest.

f. All of the members of a member-managed limited liability com­
pany or a manager-managed limited liability company may authorize or
ratify, after full disclosure of all material facts, a specific act or transaction
that otherwise would violate the duty of loyalty.
g. It is a defense to a claim under paragraph (2) of subsection b. of this section and any comparable claim in equity or at common law that the transaction was fair to the limited liability company.

h. If, as permitted by subsection f. of this section or the operating agreement, a member enters into a transaction with the company that would otherwise be prohibited by paragraph (2) of subsection b. of this section, the member's rights and obligations are the same as those of a person not a member.

i. In a manager-managed limited liability company, the following rules apply:

   (1) Subsections a., b., c. and g. of this section apply to the manager or managers and not the members, and the duty stated under paragraph (3) of subsection b. of this section continues until winding up is completed.

   (2) Subsections d. and e. of this section apply to the managers as well as the members and, subject to subsection d. of this section, a member does not have any duty to the company or any other member solely by reason of being a member.

   (3) The power to ratify stated in subsection f. of this section pertains only to the members.

C.42:2C-40 Right of members, managers, and dissociated members to information.

40. Right of Members, Managers, and Dissociated Members to Information.

 a. In a member-managed limited liability company, the following rules apply:

   (1) On reasonable notice, a member may inspect and copy during regular business hours, at a reasonable location specified by the company, any record maintained by the company regarding the company’s activities, financial condition, and other circumstances, to the extent the information is material to the member’s rights and duties under the operating agreement or this act.

   (2) The company shall furnish to each member:

      (a) without demand, any information concerning the company’s activities, financial condition, and other circumstances which the company knows and is material to the proper exercise of the member’s rights and duties under the operating agreement or this act, except to the extent the company can establish that it reasonably believes the member already knows the information; and

      (b) on demand, any other information concerning the company’s activities, financial condition, and other circumstances, except to the extent
the demand or information demanded is unreasonable or otherwise improper under the circumstances.

(3) The duty to furnish information under paragraph (2) of this subsection also applies to each member to the extent the member knows any of the information described in paragraph (2).

b. In a manager-managed limited liability company, the following rules apply:

(1) The informational rights stated in subsection a. of this section and the duty stated in paragraph (3) of subsection a. of this section apply to the managers and not the members.

(2) During regular business hours and at a reasonable location specified by the company, a member may obtain from the company and inspect and copy full information regarding the activities, financial condition, and other circumstances of the company as is just and reasonable if:

(a) the member seeks the information for a purpose material to the member’s interest as a member;

(b) the member makes a demand in a record received by the company, describing with reasonable particularity the information sought and the purpose for seeking the information; and

(c) the information sought is directly connected to the member’s purpose.

(3) Within 10 days after receiving a demand pursuant to subparagraph (b) of paragraph (2) of this subsection, the company shall in a record inform the member that made the demand:

(a) of the information that the company will provide in response to the demand and when and where the company will provide the information; and

(b) if the company declines to provide any demanded information, the company’s reasons for declining.

(4) Whenever this act or an operating agreement provides for a member to give or withhold consent to a matter, before the consent is given or withheld, the company shall, without demand, provide the member with all information that is known to the company and is material to the member’s decision.

c. On 10 days’ demand made in a record received by a limited liability company, a dissociated member may have access to information to which the person was entitled while a member if the information pertains to the period during which the person was a member, the person seeks the information in good faith, and the person satisfies the requirements imposed on a member by paragraph (2) of subsection b. of this section. The company shall respond to a demand made pursuant to this subsection in the manner provided in paragraph (3) of subsection b. of this section.
d. A limited liability company may charge a person that makes a demand under this section the reasonable costs of copying, limited to the costs of labor and material.

e. A member or dissociated member may exercise rights under this section through an agent or, in the case of an individual under legal disability, a legal representative. Any restriction or condition imposed by the operating agreement or under subsection g. of this section applies both to the agent or legal representative and the member or dissociated member.

f. The rights under this section do not extend to a person as transferee.

g. In addition to any restriction or condition stated in its operating agreement, a limited liability company, as a matter within the ordinary course of its activities, may impose reasonable restrictions and conditions on access to and use of information to be furnished under this section, including designating information confidential and imposing nondisclosure and safeguarding obligations on the recipient. In a dispute concerning the reasonableness of a restriction under this subsection, the company has the burden of proving reasonableness.

ARTICLE 5
TRANSFERABLE INTERESTS AND RIGHTS OF TRANSFEREES AND CREDITORS

C.42:2C-41 Nature of transferable interest.

41. Nature of Transferable Interest.
A transferable interest shall be personal property.

C.42:2C-42 Transfer of transferable interest.

42. Transfer of Transferable Interest.
a. A transfer, in whole or in part, of a transferable interest:
   (1) is permissible;
   (2) does not by itself cause a member’s dissociation or a dissolution and winding up of the limited liability company’s activities; and
   (3) subject to section 44 of this act, does not entitle the transferee to:
      (a) participate in the management or conduct of the company’s activities; or
      (b) except as otherwise provided in subsection c. of this section, have access to records or other information concerning the company’s activities.

b. A transferee has the right to receive, in accordance with the transfer, distributions to which the transferor would otherwise be entitled.
c. In a dissolution and winding up of a limited liability company, a transferee is entitled to an account of the company’s transactions only from the date of dissolution.

d. A transferable interest may be evidenced by a certificate of the interest issued by the limited liability company in a record, and, subject to this section, the interest represented by the certificate may be transferred by a transfer of the certificate.

e. A limited liability company need not give effect to a transferee’s rights under this section until the company has notice of the transfer.

f. A transfer of a transferable interest in violation of a restriction on transfer contained in the operating agreement is ineffective as to a person having notice of the restriction at the time of transfer.

g. Except as otherwise provided in paragraph (2) of subsection d. of section 46 of this act, when a member transfers a transferable interest, the transferor retains the rights of a member other than the interest in distributions transferred and retains all duties and obligations of a member.

h. When a member transfers a transferable interest to a person that becomes a member with respect to the transferred interest, the transferee is liable for the member’s obligations under section 43 and subsection c. of section 36 of this act known to the transferee when the transferee becomes a member.

C.42:2C-43 Charging order.

43. Charging Order.

a. On application by a judgment creditor of a member or transferee, a court may enter a charging order against the transferable interest of the judgment debtor for the unsatisfied amount of the judgment. A charging order constitutes a lien on a judgment debtor’s transferable interest and requires the limited liability company to pay over to the person to which the charging order was issued any distribution that would otherwise be paid to the judgment debtor.

b. To the extent necessary to effectuate the collection of distributions pursuant to a charging order in effect under subsection a. of this section, the court may:

(1) appoint a receiver of the distributions subject to the charging order, with the power to make all inquiries the judgment debtor might have made; and

(2) make all other orders necessary to give effect to the charging order.

c. Upon a showing that distributions under a charging order will not pay the judgment debt within a reasonable time, the court may foreclose the
lien and order the sale of the transferable interest. The purchaser at the foreclosure sale only obtains the transferable interest, does not thereby become a member, and is subject to section 42 of this act.

d. At any time before foreclosure under subsection c. of this section, the member or transferee whose transferable interest is subject to a charging order under subsection a. of this section may extinguish the charging order by satisfying the judgment and filing a certified copy of the satisfaction with the court that issued the charging order.

e. At any time before foreclosure under subsection c. of this section, a limited liability company or one or more members whose transferable interests are not subject to the charging order may pay to the judgment creditor the full amount due under the judgment and thereby succeed to the rights of the judgment creditor, including the charging order.

f. This act shall not deprive any member or transferee of the benefit of any exemption laws applicable to the member's or transferee's transferable interest.

g. This section provides the exclusive remedy by which a person seeking to enforce a judgment against a member or transferee may, in the capacity of judgment creditor, satisfy the judgment from the judgment debtor's transferable interest.

C.42:2C-44 Power of personal representative of deceased member.

44. Power of Personal Representative of Deceased Member. If a member dies, the deceased member's personal representative or other legal representative may exercise the rights of a transferee provided in subsection c. of section 42 of this act and, for the purposes of settling the estate, the rights of a current member under section 40 of this act.

ARTICLE 6
MEMBER'S POWER TO DISSOCIATE; WRONGFUL DISSOCIATION

C.42:2C-45 Member's power to dissociate; wrongful dissociation.

45. Member's Power to Dissociate; Wrongful Dissociation.

a. A person has the power to dissociate as a member at any time, rightfully or wrongfully, by withdrawing as a member by express will under section 46 of this act.

b. A person's dissociation from a limited liability company is wrongful only if the dissociation:

(1) is in breach of an express provision of the operating agreement; or

(2) occurs before the termination of the company and:
(a) the person is expelled as a member by judicial order under subsection e. of section 46 of this act;

(b) the person is dissociated under paragraph (1) of subsection g. of section 46 of this act, by becoming a debtor in bankruptcy; or

(c) in the case of a person that is not a trust other than a business trust, an estate, or an individual, the person is expelled or otherwise dissociated as a member because it willfully dissolved or terminated; or

(3) in the case of a company for a definite term or particular undertaking, by withdrawing as a member by express will under section 46 of this act before the expiration of the term or the completion of the undertaking.

c. A person that wrongfully dissociates as a member is liable to the limited liability company and, subject to section 67 of this act, to the other members for damages caused by the dissociation. The liability is in addition to any other debt, obligation, or other liability of the member to the company or the other members.

C.42:2C-46 Events causing dissociation.

46. Events Causing Dissociation. A person is dissociated as a member from a limited liability company when:

a. The company has notice of the person’s express will to withdraw as a member, but, if the person specified a withdrawal date later than the date the company had notice, on that later date;

b. An event stated in the operating agreement as causing the person’s dissociation occurs;

c. The person is expelled as a member pursuant to the operating agreement;

d. The person is expelled as a member by the unanimous consent of the other members if:

(1) it is unlawful to carry on the company’s activities with the person as a member;

(2) there has been a transfer of all of the person’s transferable interest in the company, other than:

(a) a transfer for security purposes; or

(b) a charging order in effect under section 43 of this act which has not been foreclosed;

(3) the person is a corporation and, within 90 days after the company notifies the person that it will be expelled as a member because the person has filed a certificate of dissolution or the equivalent, its charter has been revoked, or its right to conduct business has been suspended by the jurisdic-
tion of its incorporation, the certificate of dissolution has not been revoked or its charter or right to conduct business has not been reinstated; or

(4) the person is a limited liability company or partnership that has been dissolved and whose business is being wound up;

e. On application by the company, the person is expelled as a member by judicial order because the person:

(1) has engaged, or is engaging, in wrongful conduct that has adversely and materially affected, or will adversely and materially affect, the company's activities;

(2) has willfully or persistently committed, or is willfully and persistently committing, a material breach of the operating agreement or the person's duties or obligations under section 39 of this act; or

(3) has engaged, or is engaging, in conduct relating to the company's activities which makes it not reasonably practicable to carry on the activities with the person as a member;

f. In the case of a person who is an individual:

(1) the person dies; or

(2) in a member-managed limited liability company:

(a) a guardian or general conservator for the person is appointed; or

(b) there is a judicial order that the person has otherwise become incapable of performing the person's duties as a member under this act or the operating agreement;

g. In a member-managed limited liability company, the person:

(1) becomes a debtor in bankruptcy;

(2) executes an assignment for the benefit of creditors; or

(3) seeks, consents to, or acquiesces in the appointment of a trustee, receiver, or liquidator of the person or of all or substantially all of the person's property;

h. In the case of a person that is a trust or is acting as a member by virtue of being a trustee of a trust, the trust's entire transferable interest in the company is distributed;

i. In the case of a person that is an estate or is acting as a member by virtue of being a personal representative of an estate, the estate's entire transferable interest in the company is distributed;

j. In the case of a member that is not an individual, partnership, limited liability company, corporation, trust, or estate, the termination of the member;

k. The company participates in a merger under Article 10 (sections 73 through 87 of this act) if:

(1) the company is not the surviving entity; or
(2) otherwise as a result of the merger, the person ceases to be a member,

l. The company participates in a conversion under Article 10 (sections 73 through 87 of this act);

m. The company participates in a domestication under Article 10 (sections 73 through 87 of this act), if, as a result of the domestication, the person ceases to be a member; or

n. The company terminates.

C.42:2C-47 Effect of person’s dissociation as member.
47. Effect of Person’s Dissociation as Member.

a. When a person is dissociated as a member of a limited liability company:

(1) the person’s right to participate as a member in the management and conduct of the company’s activities terminates;

(2) if the company is member-managed, the person’s fiduciary duties as a member end with regard to matters arising and events occurring after the person’s dissociation; and

(3) subject to section 44 and Article 10 (sections 73 through 87 of this act), any transferable interest owned by the person immediately before dissociation in the person’s capacity as a member is owned by the person solely as a transferee.

b. A person’s dissociation as a member of a limited liability company does not of itself discharge the person from any debt, obligation, or other liability to the company or the other members which the person incurred while a member.

c. A court that expels a member from a company pursuant to subsection e. of section 46 of this act may order the sale of the interests held by such person immediately before dissociation to either the company or to any other persons who are parties to the action if the court determines, in its discretion, that such an order is required by any other law, rule or regulation, or that such an order would be fair and equitable to all parties under all of the circumstances of the case.

ARTICLE 7
DISSOLUTION AND WINDING UP

In any proceeding under this section, the court shall allow reasonable compensation to any custodian or provisional manager for his or her services and reimbursement or direct payment of all his or her reasonable costs and expenses, which amounts shall be paid by the limited liability company. The court may appoint a custodian or one or more provisional managers in a summary proceeding or otherwise; or order the sale of all interests held by a member who is a party to the proceeding to either the limited liability company or any other member who is a party to the proceeding, if the court determines in its discretion that such an order would be fair and equitable to all parties under all of the circumstances of the case.

C.42:2C-71 Special litigation committee.

71. Special Litigation Committee.

a. If a limited liability company is named as or made a party in a derivative proceeding, the company may appoint a special litigation committee to investigate the claims asserted in the proceeding and determine whether pursuing the action is in the best interests of the company. If the company appoints a special litigation committee, on motion by the committee made in the name of the company, except for good cause shown, the court shall stay discovery for the time reasonably necessary to permit the committee to make its investigation. This subsection shall not prevent the court from enforcing a person's right to information under section 40 of this act or, for good cause shown, granting extraordinary relief in the form of a temporary restraining order or preliminary injunction.

b. A special litigation committee may be composed of one or more disinterested and independent individuals, who may be members.

c. A special litigation committee may be appointed:

   (1) in a member-managed limited liability company:
       (a) by the consent of a majority of the members not named as defendants or plaintiffs in the proceeding; and

The court shall determine whether the members of the committee were disinterested and independent and whether the committee conducted its investigation and made its recommendation in good faith, independently, and with reasonable care, with the committee having the burden of proof. If the court finds that the members of the committee were disinterested and independent and that the committee acted in good faith, independently, and with reasonable care, the court shall enforce the determination of the committee. Otherwise, the court shall dissolve the stay of discovery entered under subsection a. of this section and allow the action to proceed under the direction of the plaintiff.

C.42:2C-72 Proceeds and expenses.

   a. Except as otherwise provided in subsection b. of this section:

1. a. (1) A board of education, as defined in N.J.S.18A:18A-2, may implement an energy savings improvement program in the manner provided by this section whenever it determines that the savings generated from reduced energy use from the program will be sufficient to cover the cost of the program's energy conservation measures as set forth in an energy savings plan. The provisions of N.J.S.18A:18A-1 et seq. shall apply to any contracts awarded pursuant to this section to the extent that the provisions of such law are not inconsistent with any provision of this section.

A board of education may determine to enter into an energy savings services contract either through public advertising for bids and the receipt of bids therefor or through competitive contracting in lieu of public bidding in the manner provided by sections 45 through 49 of P.L.1999, c.440 (C.18A:18A-4.1 et seq.).

(2) (a) Public works activities performed under an energy savings improvement program shall be subject to all requirements regarding public bidding, bid security, performance guarantees, insurance and other public contracting requirements that are applicable to public works contracts, to the extent not inconsistent with this section. A general contractor, energy services company serving as general contractor, or any subcontractor hired for the furnishing of plumbing and gas fitting and all kindred work, and of steam and hot water heating and ventilating apparatus, steam power plants and kindred work, and electrical work, structural steel and ornamental iron work, shall be classified by the Division of Property Management and Construction in the Department of the Treasury in order to perform public works activities under an energy savings improvement program.

(b) Individuals or organizations performing energy audits, acting as commissioning agents, or conducting verification of energy savings plans, implementation of energy conservation measures, or verifying guarantees shall be prequalified by the Division of Property Management and Construction in the Department of the Treasury to perform their work under an energy savings improvement program.

(3) (a) An energy services company may be designated as the general contractor for improvements to be made pursuant to an energy savings plan, provided that the hiring of subcontractors that are required to be classified pursuant to subparagraph (a) of paragraph (2) of this subsection shall be performed in accordance with the procedures and requirements set forth pursuant to the public bidding requirements of the board of education. A contract with an energy savings company shall include, but not be limited to: preparation of an energy savings plan; the responsibilities of the parties for project schedules, installations, performance and quality, payment of
subcontractors, project completion, commissioning, savings implementation; a requirement that the savings to be achieved by energy conservation measures be verified upon commissioning of the improvements; allocation of State and federal rebates and tax credits; and any other provisions deemed necessary by the parties.

(b) All workers performing public works activities for subcontractors awarded contracts by an energy services company pursuant to this section shall be paid prevailing wages in accordance with the “New Jersey Prevailing Wage Act,” P.L.1963, c.150 (C.34:11-56.25 et seq.). All subcontractors shall comply with the provisions of "The Public Works Contractor Registration Act," P.L.1999, c.238 (C.34:11-56.48 et seq.). Only firms appropriately classified as contractors by the Division of Property Management and Construction shall be eligible to be awarded a contract as a subcontractor of an energy services company under this section for performing public works activities pursuant to regulations adopted by the Division of Property Management and Construction.

(c) In order to expedite communications with an energy services company and facilitate the implementation of an energy savings improvement program, a board of education may designate or appoint an employee of the board of education with decision-making authority to coordinate with the energy services company and to address issues associated with the implementation of an energy savings improvement program as they arise, provided that any decision requiring a change order shall be made only upon the approval of the board of education.

(4) Except as provided in paragraph (5) of this subsection, a subsidiary or wholly-owned or partially-owned affiliate of the energy services company shall not be an eligible contractor or subcontractor under an energy savings services contract.

(5) When the energy services company is the manufacturer of direct digital control systems and contracts with the board of education to provide a guaranteed energy savings option pursuant to subsection f. of this section, the specification of such direct digital control systems may be treated as proprietary goods and if so treated, the bid specification shall set forth an allowance price for its supply by the energy services company which shall be used by all bidders in the public bidding process. Direct digital controls shall be open protocol format and shall meet the interoperability guidelines established by the American Society of Heating, Refrigerating and Air-Conditioning Engineers. Each contract to be entered into pursuant to this section between a board of education and an energy services company that is the manufacturer of direct digital control systems where such direct digi-
control systems are treated as proprietary goods as part of the contract, shall first be reviewed and approved by the Board of Public Utilities for the purpose of affirming the reasonableness of such allowance price. If the board does not disapprove of the contract within 14 days of receipt thereof, the contract shall be deemed approved.

c. An energy savings improvement program may be financed through a lease-purchase agreement or through the issuance of energy savings obligations pursuant to this subsection.

(1) An energy savings improvement program may be financed through a lease-purchase agreement between a board of education and an energy services company or other public or private entity. Under a lease-purchase agreement, ownership of the energy savings equipment or improved facilities shall pass to the board of education when all lease payments have been made. Notwithstanding the provisions of section 46 of P.L.1999, c.440 (C.18A:18A-4.2) or any other law to the contrary, the duration of such a lease-purchase agreement shall not exceed 15 years, except that the duration of a lease purchase agreement for a combined heat and power or cogeneration project shall not exceed 20 years. For the purposes of this paragraph, the duration of the repayment term of a lease-purchase agreement shall commence on the date upon which construction and installation of the energy savings equipment, “combined heat and power facility” or “cogeneration facility,” as those terms are defined pursuant to section 3 of P.L.1999, c.23 (C.48:3-51), or other energy conservation measures undertaken pursuant to the energy savings plan, have been completed.

(2) Any lease-purchase agreement entered into pursuant to this subsection may contain: a clause making it subject to the availability and appropriation annually of sufficient funds as may be required to meet the extended obligation; and a non-substitution clause maintaining that if the agreement is terminated for non-appropriation, the board of education may not replace the leased equipment or facilities with equipment or facilities that perform the same or similar functions.

(3) A board of education may arrange for incurring energy savings obligations to finance an energy savings improvement program. Energy savings obligations may be funded through appropriations for utility services in the annual budget of the board and may be issued as refunding bonds pursuant to P.L.1969, c.130 (C.18A:24-61.1 et seq.), including the issuance of bond anticipation notes as may be necessary, provided that all such bonds and notes mature within the periods authorized for such energy savings obligations. Energy savings obligations may be issued either through
the board of education or another public agency authorized to undertake financing on behalf of the board.

4. Lease-purchase agreements and energy savings obligations shall not be used to finance maintenance, guarantees, or verification of guarantees of energy conservation measures. Lease-purchase agreements and energy savings obligations may be used to finance the cost of an energy audit or the cost of verification of energy savings as part of adopting an energy savings plan. Notwithstanding any law to the contrary, lease-purchase agreements and energy savings certificates shall not be excepted from any budget or tax levy limitation otherwise provided by law. Maturity schedules of lease-purchase agreements or energy savings obligations shall not exceed the estimated average useful life of the energy conservation measures.

d. (1) The energy audit component of an energy savings improvement program shall be conducted either by the board of education or by a qualified third party retained by the board for that purpose. It shall not be conducted by an energy services company subsequently hired to develop an energy savings improvement program. The energy audit shall identify the current energy use of any or all facilities and energy conservation measures that can be implemented in which the energy savings and energy efficiency could be realized and maximized.

2. To implement an energy savings improvement program, a board of education shall develop an energy savings plan that consists of one or more energy conservation measures. The plan shall:
   a. contain the results of an energy audit;
   b. describe the energy conservation measures that will comprise the program;
   c. estimate greenhouse gas reductions resulting from those energy savings;
   d. identify all design and compliance issues that require the professional services of an architect or engineer and identify who will provide these services;
   e. include an assessment of risks involved in the successful implementation of the plan;
   f. identify the eligibility for, and costs and revenues associated with the PJM Independent System Operator for demand response and curtailable service activities;
   g. include schedules showing calculations of all costs of implementing the proposed energy conservation measures and the projected energy savings;
(h) identify maintenance requirements necessary to ensure continued energy savings, and describe how they will be fulfilled; and

(i) if developed by an energy services company, a description of, and cost estimates of an energy savings guarantee.

All professionals providing engineering services under the plan shall have errors and omissions insurance.

(3) Prior to the adoption of the plan by the governing body, the board of education shall contract with a qualified third party to verify the projected energy savings to be realized from the proposed program have been calculated as required by subsection e. of this section.

(4) Upon adoption, the plan shall be submitted to the Board of Public Utilities, which shall post it on the Internet on a public webpage maintained for such purpose. If the board of education maintains its own website, it shall also post the plan on that site. The Board of Public Utilities may require periodic reporting concerning the implementation of the plan.

(5) Verification by a qualified third party shall be required when energy conservation measures are placed in service or commissioned, to ensure the savings projected in the energy savings plan shall be achieved.

(6) Energy-related capital improvements that do not reduce energy usage may be included in an energy savings improvement program but the cost of such improvements shall not be financed as a lease-purchase or through energy savings obligations authorized by subsection c. of this section. Nothing herein is intended to prevent financing of such capital improvements through otherwise authorized means.

(7) A qualified third party when required by this subsection may include an employee of the board of education who is properly trained and qualified to perform such work.

e. (1) (a) The calculation of energy savings for the purposes of determining that the energy savings resulting from the program will be sufficient to cover the cost of the program’s energy conservation measures, as provided in subsection a. of this section, shall involve determination of the dollar amount saved through implementation of an energy savings improvement program using the guidelines of the International Performance Measurement and Verification Protocol or other protocols approved by the Board of Public Utilities and standards adopted by the Board of Public Utilities pursuant to this section. The calculation shall include all applicable State and federal rebates and tax credits, but shall not include the cost of an energy audit and the cost of verifying energy savings. The calculation shall state which party has made application for rebates and credits and how these applications translate into energy savings.
(b) During the procurement phase of an energy savings improvement program, an energy services company's proposal submitted in response to a request for proposal shall not include a savings calculation that assumes, includes, or references capital cost avoidance savings, the current or projected value of a "solar renewable energy certificate," as defined pursuant to section 3 of P.L.1999, c.23 (C.48:3-51), or other environmental or similar attributes or benefits of whatever nature that derive from the generation of renewable energy, and any costs or discounts associated with maintenance services, an energy savings guarantee, or third party verification of energy conservation measures and energy savings. The calculation of energy savings shall utilize and specifically reference as a benchmark the actual demand and energy components of the public utility tariff rate applicable to the board of education then in effect, and not a blended rate that aggregates, combines, or restates in any manner the distinct demand and energy components of the public utility tariff rate into a single combined or restated tariff rate. If an energy services company submits a proposal to a board of education that does not calculate projected energy savings in the manner required by this subsection, such proposal shall be rejected by the board of education.

(2) For the purposes of this section, the Board of Public Utilities shall adopt standards and uniform values for interest rates and escalation of labor, electricity, oil, and gas, as well as standards for presenting these costs in a life cycle and net present value format, standards for the presentation of obligations for carbon reductions, and other standards that the board may determine necessary.

f. (1) When an energy services company is awarded an energy savings services contract, it shall offer the board of education the option to purchase, for an additional amount, an energy savings guarantee. The guarantee, if accepted by a separate vote of the board of education, shall insure that the energy savings resulting from the energy savings improvement program, determined periodically over the duration of the guarantee, will be sufficient to defray all payments required to be made pursuant to the lease-purchase agreement or energy savings obligation, and if the savings are not sufficient, the energy services company will reimburse the board for any additional amounts. Annual costs of a guarantee shall not be financed or included as costs in an energy savings plan but shall be fully disclosed in an energy savings plan.

(2) When a guaranteed energy savings option is purchased, the contract shall require a qualified third party to verify the energy savings at intervals established by the parties.
(3) When an energy services company is awarded an energy savings services contract to provide or perform goods or services for the purpose of enabling a board of education to conserve energy through energy efficiency equipment, including a “combined heat and power facility” as that term is defined pursuant to section 3 of P.L.1999, c.23 (C.48:3-51), on a self-funded basis, such contract shall extend for a term of up to 15 years for energy efficiency projects, and for up to 20 years for a combined heat and power facility after construction completion. If a board of education shall elect to contract with an energy services company for an energy savings guarantee in connection with a contract awarded pursuant to this section, such guarantee may extend for a term of up to 15 years for energy efficiency projects, or up to 20 years for a combined heat and power facility after construction completion.

2. Section 4 of P.L.2009, c.4 (C.18A:65A-1) is amended to read as follows:

C.18A:65A-1 Implementation of energy savings improvement program by public institution of higher education; definitions.

4. a. (1) The board of trustees of a public institution of higher education may implement an energy savings improvement program in the manner provided by this section whenever it determines that the savings generated from reduced energy use from the program will be sufficient to cover the cost of the program's energy conservation measures as set forth in an energy savings plan. Under such a program, a board of trustees may enter into an energy savings services contract with an energy services company to implement the program or the board may authorize separate contracts to implement the program. The provisions of: N.J.S.18A:64-1 et seq., in the case of any State college; P.L.1995, c.400 (C.18A:64E-12 et seq.), in the case of the New Jersey Institute of Technology; N.J.S.18A:65-1 et seq., in the case of Rutgers, the State University; P.L.2012, c.45 (C.18A:64M-1 et al.), in the case of Rowan University; and N.J.S.18A:64A-1 et seq., in the case of the county colleges; shall apply to any contracts awarded pursuant to this section to the extent that the provisions of such law are not inconsistent with any provision of this section.

In the case of Rutgers, the State University, references in this section to the board of trustees shall mean the Rutgers board of governors.

(2) An educational facility alteration required to properly implement other energy efficiency or energy conservation measures, or both, may be included as part of an energy savings services contract, in which case, notwithstanding any other provision of law, rule, regulation, or order to the contrary, the facility alteration may be undertaken or supervised by the energy services company performing the energy savings services contract if:

(a) the total cost of the improvement does not exceed 15 percent of the total cost of the work to be performed under the energy savings services contract; and

(b) (i) the improvement is necessary to conform to a law, rule, or regulation, or order, or (ii) an analysis within an approved proposal, or the board of trustees, at the time of the award of the proposal, demonstrates that there is an economic advantage to the board of trustees implementing the improvement as part of the energy savings services contract, and the savings rationale for the improvement is documented and supported by reasonable justification.

b. (1) To be eligible to enter into an energy savings services contract, an energy services company shall be a commercial entity that is qualified to
provide energy savings services in accordance with the provisions of this section. A public institution of higher education may enter into an energy savings services contract through public advertising for bids and the receipt of bids therefor.

(2) (a) Public works activities performed under an energy savings improvement program shall be subject to all requirements regarding public bidding, bid security, performance guarantees, insurance and other public contracting requirements that are applicable to public works contracts, to the extent not inconsistent with this section. A general contractor, energy services company serving as general contractor, or any subcontractor hired for the furnishing of plumbing and gas fitting and all kindred work, and of steam and hot water heating and ventilating apparatus, steam power plants and kindred work, and electrical work, structural steel and ornamental iron work, shall be classified by the Division of Property Management and Construction in the Department of the Treasury in order to perform public works activities under an energy savings improvement program.

(c) Where there is a need for compatibility of a direct digital control system with previously installed control systems and equipment, the bid specifications may include a requirement for proprietary goods, and if so included, the bid specification shall set forth an allowance price for its supply which shall be used by all bidders in the public bidding process.

(3) (a) An energy services company may be designated as the general contractor for improvements to be made pursuant to an energy savings plan, provided that the hiring of subcontractors that are required to be classified pursuant to subparagraph (a) of paragraph (2) of this subsection shall be performed in accordance with the procedures and requirements set forth pursuant to the public bidding requirements of the board of trustees. A contract with an energy savings company shall include, but not be limited to: preparation of an energy savings plan; the responsibilities of the parties for project schedules, installations, performance and quality, payment of subcontractors, project completion, commissioning, savings implementation; a requirement that the savings to be achieved by energy conservation measures be verified upon commissioning of the improvements; allocation of
State and federal rebates and tax credits; and any other provisions deemed necessary by the parties.

(b) All workers performing public works activities for subcontractors awarded contracts by an energy services company pursuant to this section shall be paid prevailing wages in accordance with the "New Jersey Prevailing Wage Act," P.L.1963, c.150 (C.34:11-56.25 et seq.). All subcontractors shall comply with the provisions of "The Public Works Contractor Registration Act," P.L.1999, c.238 (C.34:11-56.48 et seq.). Only firms appropriately classified as contractors by the Division of Property Management and Construction shall be eligible to be awarded a contract as a subcontractor of an energy services company under this section for performing public works activities pursuant to regulations adopted by the Division of Property Management and Construction.

(c) In order to expedite communications with an energy services company and facilitate the implementation of an energy savings improvement program, a board of trustees may designate or appoint an employee of the public institution of higher education with decision-making authority to coordinate with the energy services company and to address issues associated with the implementation of an energy savings improvement program as they arise, provided that any decision requiring a change order shall be made only upon the approval of the board of trustees of the public institution of higher education.

(4) A subsidiary or wholly-owned or partially-owned affiliate of the energy services company shall not be an eligible contractor or subcontractor under an energy savings services contract.

(c) An energy savings improvement program may be financed through a lease-purchase agreement or through the issuance of energy savings obligations pursuant to this subsection.

(1) An energy savings improvement program may be financed through a lease-purchase agreement between a board of trustees and an energy services company or other public or private entity. Under a lease-purchase agreement, ownership of the energy savings equipment or improved facilities shall pass to the board of trustees when all lease payments have been made. Notwithstanding the provisions of any other law to the contrary, the duration of such a lease-purchase agreement shall not exceed 15 years, except that the duration of a lease purchase agreement for a combined heat and power or cogeneration project shall not exceed 20 years. For the purposes of this paragraph, the duration of the repayment term of a lease-purchase agreement shall commence on the date upon which construction and installation of the energy savings equipment, "combined heat and power facility"
or "cogeneration facility," as those terms are defined pursuant to section 3 of P.L.1999, c.23 (C.48:3-51), or other energy conservation measures undertaken pursuant to the energy savings plan, have been completed.

(2) Any lease-purchase or other agreement entered into in connection with an energy savings improvement program may be a general obligation of the public institution of higher education pursuant to this subsection, and may contain: a clause making it subject to the availability and appropriation annually of sufficient funds as may be required to meet the extended obligation; and a non-substitution clause maintaining that if the agreement is terminated for non-appropriation, the board of trustees may not replace the leased equipment or facilities with equipment or facilities that perform the same or similar functions.

(3) A board of trustees may arrange for incurring energy savings obligations to finance an energy savings improvement program and may enter into any agreement with the New Jersey Educational Facilities Authority or other persons in connection with the issuance by the authority of its obligations on behalf of the public institution of higher education in order to finance the institution's energy savings improvement program. Energy savings obligations may be funded through appropriations for utility services in the annual budget of the board, or incurred as a general obligation of the public institution of higher education in connection with the issuance by the New Jersey Educational Facilities Authority of bonds or notes pursuant to N.J.S.18A:72A-2 et seq., or, in the case of a county college, by a sponsoring county as a refunding bond pursuant to N.J.S.40A:2-52 et seq., including the issuance of bond anticipation notes as may be necessary, provided that all such bonds and notes mature within the periods authorized for such energy savings obligations.

(4) Lease-purchase agreements and energy savings obligations shall not be used to finance maintenance, guarantees, or verification of guarantees of energy conservation measures. Lease-purchase agreements and energy savings obligations may be used to finance the cost of an energy audit or the cost of verification of energy savings as part of adopting an energy savings plan. Maturity schedules of lease-purchase agreements or energy savings obligations shall not exceed the estimated average useful life of the energy conservation measures.

d. (1) The energy audit component of an energy savings improvement program shall be conducted either by the board of trustees or by a qualified third party retained by the board for that purpose. It shall not be conducted by an energy services company subsequently hired to develop an energy savings improvement program. The energy audit shall identify the current
energy use of any or all facilities and energy conservation measures that can be implemented in which the energy savings and energy efficiency could be realized and maximized.

(2) To implement an energy savings improvement program, a board of trustees shall develop an energy savings plan that consists of one or more energy conservation measures. The plan shall:
(a) contain the results of an energy audit;
(b) describe the energy conservation measures that will comprise the program;
(c) estimate greenhouse gas reductions resulting from those energy savings;
(d) identify all design and compliance issues that require the professional services of an architect or engineer and identify who will provide these services;
(e) include an assessment of risks involved in the successful implementation of the plan;
(f) identify the eligibility for, and costs and revenues associated with the PJM Independent System Operator for demand response and curtailable service activities;
(g) include schedules showing calculations of all costs of implementing the proposed energy conservation measures and the projected energy savings;
(h) identify maintenance requirements necessary to ensure continued energy savings, and describe how they will be fulfilled; and
(i) if developed by an energy services company, a description of, and cost estimates of an energy savings guarantee.

All professionals providing engineering services under the plan shall have errors and omissions insurance.

(3) Prior to the adoption of the plan, the board of trustees shall contract with a qualified third party to verify the projected energy savings to be realized from the proposed program have been calculated as required by subsection e. of this section.

(4) Upon adoption, the plan shall be submitted to the Board of Public Utilities, which shall post it on the Internet on a public webpage maintained for such purpose. If the board of trustees maintains its own website, it shall also post the plan on that site. The Board of Public Utilities may require periodic reporting concerning the implementation of the plan.

(5) Verification by a qualified third party shall be required when energy conservation measures are placed in service or commissioned, to ensure the savings projected in the energy savings plan shall be achieved.
(6) Energy-related capital improvements that do not reduce energy usage may be included in an energy savings improvement program but the cost of such improvements shall not be financed as a lease-purchase or through energy savings obligations authorized by subsection c. of this section. Nothing herein is intended to prevent the financing of such capital improvements through otherwise authorized means.

(7) A qualified third party when required by this subsection may include an employee of the public institution of higher education who is properly trained and qualified to perform such work.

e. (1) (a) The calculation of energy savings for the purposes of determining that the energy savings resulting from the program will be sufficient to cover the cost of the program's energy conservation measures, as provided in subsection a. of this section, shall involve determination of the dollar amount saved through implementation of an energy savings improvement program using the guidelines of the International Performance Measurement and Verification Protocol or other protocols approved by the Board of Public Utilities and standards adopted by the Board of Public Utilities pursuant to this section. The calculation shall include all applicable State and federal rebates and tax credits, but shall not include the cost of an energy audit and the cost of verifying energy savings. The calculation shall state which party has made application for rebates and credits and how these applications translate into energy savings.

(b) During the procurement phase of an energy savings improvement program, an energy services company's proposal submitted in response to a request for proposal shall not include a savings calculation that assumes, includes, or references capital cost avoidance savings, the current or projected value of a "solar renewable energy certificate," as defined pursuant to section 3 of P.L.1999, c.23 (C.48:3-51), or other environmental or similar attributes or benefits of whatever nature that derive from the generation of renewable energy, and any costs or discounts associated with maintenance services, an energy savings guarantee, or third party verification of energy conservation measures and energy savings. The calculation of energy savings shall utilize and specifically reference as a benchmark the actual demand and energy components of the public utility tariff rate applicable to the board of trustees then in effect, and not a blended rate that aggregates, combines, or restates in any manner the distinct demand and energy components of the public utility tariff rate into a single combined or restated tariff rate. If an energy services company submits a proposal to a board of trustees that does not calculate projected energy savings in the manner required by this subsection, such proposal shall be rejected by the board of trustees.
(2) For the purposes of this section, the Board of Public Utilities shall adopt standards and uniform values for interest rates and escalation of labor, electricity, oil, and gas, as well as standards for presenting these costs in a life cycle and net present value format, standards for the presentation of obligations for carbon reductions, and other standards that the board may determine necessary.

f. (1) When an energy services company is awarded an energy savings services contract, it shall offer the board of trustees the option to purchase, for an additional amount, an energy savings guarantee. The guarantee, if accepted by a separate vote of the board of trustees, shall insure that the energy savings resulting from the energy savings improvement program, determined periodically over the duration of the guarantee, will be sufficient to defray all payments required to be made pursuant to the lease-purchase agreement or energy savings obligation, and if the savings are not sufficient, the energy services company will reimburse the board of trustees for any additional amounts. Annual costs of a guarantee shall not be financed or included as costs in an energy savings plan but shall be fully disclosed in an energy savings plan.

(2) When a guaranteed energy savings option is purchased, the contract shall require a qualified third party to verify the energy savings at intervals established by the parties.

(3) When an energy services company is awarded an energy savings services contract to provide or perform goods or services for the purpose of enabling a board of trustees to conserve energy through energy efficiency equipment, including a "combined heat and power facility" as that term is defined pursuant to section 3 of P.L.1999, c.23 (C.48:3-51), on a self-funded basis, such contract shall extend for a term of up to 15 years for energy efficiency projects, and for up to 20 years for a combined heat and power facility after construction completion. If a board of trustees shall elect to contract with an energy services company for an energy savings guarantee in connection with a contract awarded pursuant to this section, such guarantee may extend for a term of up to 15 years for energy efficiency projects, or up to 20 years for a combined heat and power facility after construction completion.

h. (1) The State Treasurer and the Board of Public Utilities may take such action as is deemed necessary and consistent with the intent of this section to implement its provisions.

(2) The State Treasurer and the Board of Public Utilities may adopt implementation guidelines or directives, and adopt such administrative rules, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), as are necessary for the implementation of those agencies' respective responsibilities under this section, except that notwithstanding any provision of P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the State Treasurer and the Board of Public Utilities may adopt, immediately upon filing with the Office of Administrative Law, such rules and regulations as deemed necessary to implement the provisions of this act which shall be effective for a period not to exceed 12 months and shall thereafter be amended, adopted or re-adopted in accordance with the provisions of P.L.1968, c.410 (C.52:14B-1 et seq.).

3. Section 6 of P.L.2009, c.4 (C.40A:11-4.6) is amended to read as follows:

C.40A:11-4.6 Implementation of energy savings improvement program by contracting unit; definitions.

6. a. (1) A contracting unit, as defined in P.L.1971, c.198 (C.40A:11-1 et seq.), may implement an energy savings improvement program in the manner provided by this section whenever it determines that the savings generated from reduced energy use from the program will be sufficient to cover the cost of the program's energy conservation measures as set forth in an energy savings plan. Under such a program, a contracting unit may enter into an energy savings services contract with an energy services com-
pany to implement the program or the contracting unit may authorize separate contracts to implement the program. The provisions of P.L.1971, c.198 (C.40A:11-1 et seq.) shall apply to any contracts awarded pursuant to this section to the extent that the provisions of such law are not inconsistent with any provision of this section.

(2) A contracting unit facility alteration required to properly implement other energy efficiency or energy conservation measures, or both, may be included as part of an energy savings services contract, in which case, notwithstanding any other provision of law, rule, regulation, or order to the contrary, the facility alteration may be undertaken or supervised by the energy services company performing the energy savings services contract if:

(a) the total cost of the improvement does not exceed 15 percent of the total cost of the work to be performed under the energy savings services contract; and

(b) (i) the improvement is necessary to conform to a law, rule, or regulation, or order, or (ii) an analysis within an approved proposal, or the contracting unit, at the time of the award of the proposal, demonstrates that there is an economic advantage to the contracting unit implementing the improvement as part of the energy savings services contract, and the savings rationale for the improvement is documented and supported by reasonable justification.

b. (1) To be eligible to enter into an energy savings services contract, an energy services company shall be a commercial entity that is qualified to provide energy savings services in accordance with the provisions of this section. A contracting unit may determine to enter into an energy savings services contract either through public advertising for bids and the receipt of bids therefor or through competitive contracting in lieu of public bidding in the manner provided by sections 1 through 5 of P.L.1999, c.440 (C.40A:11-4.1 et seq.).

(2) (a) Public works activities performed under an energy savings improvement program shall be subject to all requirements regarding public bidding, bid security, performance guarantees, insurance and other public contracting requirements that are applicable to public works contracts, to the extent not inconsistent with this section. A general contractor, energy services company serving as general contractor, or any subcontractor hired for the furnishing of plumbing and gas fitting and all kindred work, and of steam and hot water heating and ventilating apparatus, steam power plants and kindred work, and electrical work, structural steel and ornamental iron work, shall be classified by the Division of Property Management and Construction in the Department of the Treasury in order to perform public works activities under an energy savings improvement program.
(b) Individuals or organizations performing energy audits, acting as commissioning agents, or conducting verification of energy savings plans, implementation of energy conservation measures, or verifying guarantees shall be prequalified by the Division of Property Management and Construction in the Department of the Treasury to perform their work under an energy savings improvement program.

(3) (a) An energy services company may be designated as the general contractor for improvements to be made pursuant to an energy savings plan, provided that the hiring of subcontractors that are required to be classified pursuant to subparagraph (a) of paragraph (2) of this subsection shall be performed in accordance with the procedures and requirements set forth pursuant to the public bidding requirements of the contracting unit. A contract with an energy services company shall include, but not be limited to: preparation of an energy savings plan; the responsibilities of the parties for project schedules, installations, performance and quality, payment of subcontractors, project completion, commissioning, savings implementation; a requirement that the savings to be achieved by energy conservation measures be verified upon commissioning of the improvements; allocation of State and federal rebates and tax credits; and any other provisions deemed necessary by the parties.

(b) All workers performing public works activities for subcontractors awarded contracts by an energy services company pursuant to this section shall be paid prevailing wages in accordance with the “New Jersey Prevailing Wage Act,” P.L.1963, c.150 (C.34:11-56.25 et seq.). All subcontractors shall comply with the provisions of “The Public Works Contractor Registration Act,” P.L.1999, c.238 (C.34:11-56.48 et seq.). Only firms appropriately classified as contractors by the Division of Property Management and Construction shall be eligible to be awarded a contract as a subcontractor of an energy services company under this section for performing public works activities pursuant to regulations adopted by the Division of Property Management and Construction.

(c) In order to expedite communications with an energy services company and facilitate the implementation of an energy savings improvement program, a contracting unit may designate or appoint an employee of the contracting unit with decision-making authority to coordinate with the energy services company and to address issues associated with the implementation of an energy savings improvement program as they arise, provided that any decision requiring a change order shall be made only upon the approval of the contracting unit.
(4) Except as provided in paragraph (5) of this subsection, a subsidiary or wholly-owned or partially-owned affiliate of the energy services company shall not be an eligible contractor or subcontractor under an energy savings services contract.

(5) When the energy services company is the manufacturer of direct digital control systems and contracts with the contracting unit to provide a guaranteed energy savings option pursuant to subsection f. of this section, the specification of such direct digital control systems may be treated as proprietary goods and if so treated, the bid specification shall set forth an allowance price for its supply by the energy services company which shall be used by all bidders in the public bidding process. Direct digital controls shall be open protocol format and shall meet the interoperability guidelines established by the American Society of Heating, Refrigerating and Air-Conditioning Engineers. Each contract to be entered into pursuant to this section between a contracting unit and an energy services company that is the manufacturer of direct digital control systems where such direct digital control systems are treated as proprietary goods as part of the contract, shall first be reviewed and approved by the Board of Public Utilities for the purpose of affirming the reasonableness of such allowance price. If the board does not disapprove of the contract within 14 days of receipt thereof, the contract shall be deemed approved.

c. An energy savings improvement program may be financed through a lease-purchase agreement or through the issuance of energy savings obligations pursuant to this subsection.

(1) An energy savings improvement program may be financed through a lease-purchase agreement between a contracting unit and an energy services company or other public or private entity. Under a lease-purchase agreement, ownership of the energy savings equipment or improved facilities shall pass to the contracting unit when all lease payments have been made. Notwithstanding the provisions of any other law to the contrary, the duration of such a lease-purchase agreement shall not exceed 15 years, except that the duration of a lease purchase agreement for a combined heat and power or cogeneration project shall not exceed 20 years. For the purposes of this paragraph, the duration of the repayment term of a lease-purchase agreement shall commence on the date upon which construction and installation of the energy savings equipment, "combined heat and power facility" or "cogeneration facility," as those terms are defined pursuant to section 3 of P.L.1999, c.23 (C.48:3-51), or other energy conservation measures undertaken pursuant to the energy savings plan, have been completed.
(2) Any lease-purchase agreement entered into pursuant to this subsection, may contain: a clause making it subject to the availability and appropriation annually of sufficient funds as may be required to meet the extended obligation; and a non-substitution clause maintaining that if the agreement is terminated for non-appropriation, the contracting unit may not replace the leased equipment or facilities with equipment or facilities that perform the same or similar functions.

(3) A contracting unit may arrange for incurring energy savings obligations to finance an energy savings improvement program. Energy savings obligations may be funded through appropriations for utility services in the annual budget of the contracting unit and may be issued as refunding bonds pursuant to N.J.S.40A:2-52 et seq., including the issuance of bond anticipation notes as may be necessary, provided that all such bonds and notes mature within the periods authorized for such energy savings obligations. Energy savings obligations may be issued either through the contracting unit or another public agency authorized to undertake financing on behalf of the unit.

(4) Lease-purchase agreements and energy savings obligations shall not be used to finance maintenance, guarantees, or verification of guarantees of energy conservation measures. Lease-purchase agreements and energy savings obligations may be used to finance the cost of an energy audit or the cost of verification of energy savings as part of adopting an energy savings plan. Notwithstanding any law to the contrary, lease-purchase agreements and energy savings certificates shall not be excepted from any budget or tax levy limitation otherwise provided by law. Maturity schedules of lease-purchase agreements or energy savings obligations shall not exceed the estimated average useful life of the energy conservation measures.

d. (1) The energy audit component of an energy savings improvement program shall be conducted either by the contracting unit or by a qualified independent third party retained by the governing body for that purpose. It shall not be conducted by an energy services company subsequently hired to develop an energy savings improvement program. The energy audit shall identify the current energy use of any or all facilities and energy conservation measures that can be implemented in which the energy savings and energy efficiency could be realized and maximized.

(2) To implement an energy savings improvement program, a contracting unit shall develop a plan that consists of one or more energy conservation measures. The plan shall:

(a) contain the results of an energy audit;

(b) describe the energy conservation measures that will comprise the program;
(c) estimate greenhouse gas reductions resulting from those energy savings;

(d) identify all design and compliance issues that require the professional services of an architect or engineer and identify who will provide these services;

(e) include an assessment of risks involved in the successful implementation of the plan;

(f) identify the eligibility for, and costs and revenues associated with the PJM Independent System Operator for demand response and curtailable service activities;

(g) include schedules showing calculations of all costs of implementing the proposed energy conservation measures and the projected energy savings;

(h) identify maintenance requirements necessary to ensure continued energy savings, and describe how they will be fulfilled; and

(i) if developed by an energy services company, a description of, and cost estimates of an energy savings guarantee.

All professionals providing engineering services under the plan shall have errors and omissions insurance.

(3) Prior to the adoption of the plan, the contracting unit shall contract with a qualified third party to verify the projected energy savings to be realized from the proposed program have been calculated as required by subsection e. of this section.

(4) Upon adoption, the plan shall be submitted to the Board of Public Utilities, which shall post it on the Internet on a public webpage maintained for such purpose. If the contracting unit maintains its own website, it shall also post the plan on that site. The board may require periodic reporting concerning the implementation of the plan.

(5) Verification by a qualified third party shall be required when energy conservation measures are placed in service or commissioned, to ensure the savings projected in the energy savings plan shall be achieved.

(6) Energy-related capital improvements that do not reduce energy usage may be included in an energy savings improvement program but the cost of such improvements shall not be financed as a lease-purchase or through energy savings obligations authorized by subsection c. of this section. Nothing herein is intended to prevent financing of such capital improvements through otherwise authorized means.

(7) A qualified third party when required by this subsection may include an employee of the contracting unit who is properly trained and qualified to perform such work.
e. (1) (a) The calculation of energy savings for the purposes of determining that the energy savings resulting from the program will be sufficient to cover the cost of the program's energy conservation measures, as provided in subsection a. of this section, shall involve determination of the dollar amount saved through implementation of an energy savings improvement program using the guidelines of the International Performance Measurement and Verification Protocol or other protocols approved by the Board of Public Utilities and standards adopted by the Board of Public Utilities pursuant to this section. The calculation shall include all applicable State and federal rebates and tax credits, but shall not include the cost of an energy audit and the cost of verifying energy savings. The calculation shall state which party has made application for rebates and credits and how these applications translate into energy savings.

(b) During the procurement phase of an energy savings improvement program, an energy services company’s proposal submitted in response to a request for proposal shall not include a savings calculation that assumes, includes, or references capital cost avoidance savings, the current or projected value of a “solar renewable energy certificate,” as defined pursuant to section 3 of P.L.1999, c.23 (C.48:3-51), or other environmental or similar attributes or benefits of whatever nature that derive from the generation of renewable energy, and any costs or discounts associated with maintenance services, an energy savings guarantee, or third party verification of energy conservation measures and energy savings. The calculation of energy savings shall utilize and specifically reference as a benchmark the actual demand and energy components of the public utility tariff rate applicable to the contracting unit then in effect, and not a blended rate that aggregates, combines, or restates in any manner the distinct demand and energy components of the public utility tariff rate into a single combined or restated tariff rate. If an energy services company submits a proposal to a contracting unit that does not calculate projected energy savings in the manner required by this subsection, such proposal shall be rejected by the contracting unit.

(2) For the purposes of this section, the Board of Public Utilities shall adopt standards and uniform values for interest rates and escalation of labor, electricity, oil, and gas, as well as standards for presenting these costs in a life cycle and net present value format, standards for the presentation of obligations for carbon reductions, and other standards that the board may determine necessary.

f. (1) When an energy services company is awarded an energy savings services contract, it shall offer the contracting unit the option to purchase, for an additional amount, an energy savings guarantee. The guarantee, if
accepted by a separate vote of the governing body of the contracting unit, shall insure that the energy savings resulting from the energy savings improvement program, determined periodically over the duration of the guarantee, will be sufficient to defray all payments required to be made pursuant to the lease-purchase agreement or energy savings obligation, and if the savings are not sufficient, the energy services company will reimburse the contracting unit for any additional amounts. Annual costs of a guarantee shall not be financed or included as costs in an energy savings plan but shall be fully disclosed in an energy savings plan.

(2) When a guaranteed energy savings option is purchased, the contract shall require a qualified third party to verify the energy savings at intervals established by the parties.

(3) When an energy services company is awarded an energy savings services contract to provide or perform goods or services for the purpose of enabling a contracting unit to conserve energy through energy efficiency equipment, including a "combined heat and power facility" as that term is defined pursuant to section 3 of P.L.1999, c.23 (C48:3-51), on a self-funded basis, such contract shall extend for a term of up to 15 years for energy efficiency projects, and for up to 20 years for a combined heat and power facility after construction completion. If a contracting unit shall elect to contract with an energy services company for an energy savings guarantee in connection with a contract awarded pursuant to this section, such guarantee may extend for a term of up to 15 years for energy efficiency projects, or up to 20 years for a combined heat and power facility after construction completion.

h. (1) The Director of the Division of Local Government Services in the Department of Community Affairs, the State Treasurer, and the Board of Public Utilities may take such action as is deemed necessary and consistent with the intent of this section to implement its provisions.

(2) The Director of the Division of Local Government Services in the Department of Community Affairs, the State Treasurer, and the Board of Public Utilities may adopt implementation guidelines or directives, and adopt such administrative rules, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), as are necessary for the imple-
mentation of those agencies' respective responsibilities under this section, except that notwithstanding any provision of P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the Director of the Division of Local Government Services in the Department of Community Affairs, the State Treasurer, and the Board of Public Utilities may adopt, immediately upon filing with the Office of Administrative Law, such rules and regulations as deemed necessary to implement the provisions of this act which shall be effective for a period not to exceed 12 months and shall thereafter be amended, adopted or re-adopted in accordance with the provisions of P.L.1968, c.410 (C.52:14B-1 et seq.).

4. Section 9 of P.L.2009, c.4 (C.52:34-25) is amended to read as follows:

C.52:34-25 Implementation of energy savings improvement program by State contracting agency; definitions.

9. a. (1) A State contracting agency, as defined in this section, may implement an energy savings improvement program in the manner provided by this section whenever it determines that the savings generated from reduced energy use from the program will be sufficient to cover the cost of the program’s energy conservation measures as set forth in an energy savings plan. Under such a program, a contracting agency may enter into an energy savings services contract with an energy services company to implement the program or the contracting agency may authorize separate contracts to implement the program. The provisions of Title 52 of the Revised Statutes shall apply to any contracts awarded pursuant to this section to the extent that the provisions of such law are not inconsistent with any provision of this section.

(2) A State contracting agency facility alteration required to properly implement other energy efficiency or energy conservation measures, or both, may be included as part of an energy savings services contract, in which case, notwithstanding any other provision of law, rule, regulation, or order to the contrary, the facility alteration may be undertaken or supervised by the energy services company performing the energy savings services contract if:

(a) the total cost of the improvement does not exceed 15 percent of the total cost of the work to be performed under the energy savings services contract; and

(b) (i) the improvement is necessary to conform to a law, rule, or regulation, or order, or (ii) an analysis within an approved proposal, or the State contracting agency, at the time of the award of the proposal, demonstrates that there is an economic advantage to the State contracting agency imple-
menting the improvement as part of the energy savings services contract, and the savings rationale for the improvement is documented and supported by reasonable justification.

b. (1) To be eligible to enter into an energy savings services contract, an energy services company shall be a commercial entity that is qualified to provide energy savings services in accordance with the provisions of this section. A State contracting agency may determine to enter into an energy savings services contract through public advertising for bids and the receipt of bids therefor.

(2) (a) Public works activities performed under an energy savings improvement program shall be subject to all requirements regarding public bidding, bid security, performance guarantees, insurance and other public contracting requirements that are applicable to public works contracts, to the extent not inconsistent with this section. A general contractor, energy services company serving as general contractor, or any subcontractor hired for the furnishing of plumbing and gas fitting and all kindred work, and of steam and hot water heating and ventilating apparatus, steam power plants and kindred work, and electrical work, structural steel and ornamental iron work, shall be classified by the Division of Property Management and Construction in the Department of the Treasury in order to perform public works activities under an energy savings improvement program. A general contractor, energy services company serving as general contractor, or any subcontractor hired for the furnishing of electrical work shall use only electrical contractors licensed by the State, pursuant to P.L.1962, c.162 (C.45:5A-1 et seq.), to perform electrical work under an energy savings improvement program. Electrical work shall include, but not be limited to, the wiring of temperature and energy management controls, the installation of control systems, and the retrofitting of any lighting equipment.

(b) Individuals or organizations performing energy audits, acting as commissioning agents, or conducting verification of energy savings plans, implementation of energy conservation measures, or verifying guarantees shall be prequalified by the Division of Property Management and Construction in the Department of the Treasury to perform their work under an energy savings improvement program.

(3) (a) An energy services company may be designated as the general contractor for improvements to be made pursuant to an energy savings plan, provided that the hiring of subcontractors that are required to be classified pursuant to subparagraph (a) of paragraph (2) of this subsection shall be performed in accordance with the procedures and requirements set forth pursuant to subparagraph (b) of this paragraph. A contract with an energy
savings company shall include, but not be limited to: preparation of an en-
ergy savings plan, the responsibilities of the parties for project schedules, in-
stallations, performance and quality, payment of subcontractors, project com-
pletion, commission, savings implementation; a requirement that the sav-
ings to be achieved by energy conservation measures be verified upon com-
missioning of the improvements; allocation of State and federal rebates and tax credits; and any other provisions deemed necessary by the parties.

(b) Notwithstanding any other law or regulation to the contrary, an en-
ergy services company shall select, in accordance with the procedures and re-
quirements set forth pursuant to the public bidding process of the State con-
tracting agency, only those subcontractors that have been pre-qualified by the Division of Property Management and Construction as eligible to submit bids. In pre-qualifying subcontractors for eligibility, the division shall create one or more pools of subcontractors based on the value and complexity of the work to be undertaken under an energy savings im-
provement program. The pre-qualification pools shall include subcontrac-
tors having the following qualifications:

(i) the financial means and ability to complete the required work;
(ii) the experience, capability, and skills necessary to complete the work required of energy savings improvement program projects; and
(iii) a record of experience conducting similar work in a timely fashion.

Each subcontractor chosen by the energy services company shall certify that all employees have completed a registered apprenticeship program that provided each trainee with combined classroom and on-the-job training un-
der the direct and close supervision of a highly skilled worker in an occupa-
tion recognized as an apprenticeable trade, registered by the Office of Ap-
prenticeship of the United States Department of Labor and meeting the stan-
dards established by the office, or registered by a State apprenticeship agency recognized by the office. The energy services company shall then select from the eligible pools of prequalified subcontractors. All workers performing public works activities for subcontractors awarded contracts by an energy services company pursuant to this section shall be paid prevailing wages in accordance with the “New Jersey Prevailing Wage Act,” P.L.1963, c.150 (C.34:11-56.25 et seq.). All subcontractors shall comply with the pro-
visions of "The Public Works Contractor Registration Act," P.L.1999, c.238 (C.34:11-56.48 et seq.). Only firms appropriately classified as contractors by the Division of Property Management and Construction shall be eligible to be awarded a contract as a subcontractor of an energy services company under this section for performing public works activities pursuant to regu-
lations adopted by the Division of Property Management and Construction.
(c) In order to expedite communications with an energy services company and facilitate the implementation of an energy savings improvement program, a State contracting agency may designate or appoint an employee of the State contracting agency with decision-making authority to coordinate with the energy services company and to address issues associated with the implementation of an energy savings improvement program as they arise, provided that any decision requiring a change order shall be made only upon the approval of the State contracting agency.

(4) A subsidiary or wholly-owned or partially-owned affiliate of the energy services company shall not be an eligible contractor or subcontractor under an energy savings services contract.

c. In addition to existing authorization of a State agency to enter into lease-purchase agreements or to issue obligations to finance the costs of an energy savings improvement program, a contracting agency is hereby authorized to finance the costs of an energy savings improvement program by entering into a lease purchase agreement. Any financing mechanism shall be administered in a manner consistent with this subsection insofar as it does not conflict with the provisions of other law that applies to the contracting agency.

(1) An energy savings improvement program may be financed through a lease-purchase agreement between a State contracting agency and an energy services company or other public or private entity. Under a lease-purchase agreement, ownership of the energy savings equipment or improved facilities shall pass to the contracting agency or the client agency responsible for the facility when all lease payments have been made. Notwithstanding the provisions of any other law to the contrary, the duration of such a lease-purchase agreement shall not exceed 15 years, except that the duration of a lease purchase agreement for a combined heat and power or cogeneration project shall not exceed 20 years. For the purposes of this paragraph, the duration of the repayment term of a lease-purchase agreement shall commence on the date upon which construction and installation of the energy savings equipment, "combined heat and power facility" or "cogeneration facility," as those terms are defined pursuant to section 3 of P.L.1999, c.23 (C.48:3-51), or other energy conservation measures undertaken pursuant to the energy savings plan, have been completed.

(2) Lease-purchase agreements and energy savings obligations shall not be used to finance maintenance, guarantees, or verification of guarantees of energy conservation measures. Lease-purchase agreements may be used to finance the cost of an energy audit or the cost of verification of energy savings as part of adopting an energy savings plan. Maturity sched-
ules of lease-purchase agreements shall not exceed the estimated average useful life of the energy conservation measures.

d. (1) The energy audit component of an energy savings improvement program shall be conducted either by the contracting agency or by a qualified independent third party retained by the contracting agency for that purpose. It shall not be conducted by an energy services company subsequently hired to develop an energy savings improvement program. The energy audit shall identify the current energy use of any or all facilities and energy conservation measures that can be implemented in which the energy savings and energy efficiency could be realized and maximized.

(2) To implement an energy savings improvement program, a contracting agency shall develop an energy savings plan that consists of one or more energy conservation measures. The plan shall:

(a) contain the results of an energy audit;

(b) describe the energy conservation measures that will comprise the program;

(c) estimate greenhouse gas reductions resulting from those energy savings;

(d) identify all design and compliance issues that require the professional services of an architect or engineer and identify who will provide these services;

(e) include an assessment of risks involved in the successful implementation of the plan;

(f) identify the eligibility for, and costs and revenues associated with the PJM Independent System Operator for demand response and curtailable service activities;

(g) include schedules showing calculations of all costs of implementing the proposed energy conservation measures and the projected energy savings;

(h) identify maintenance requirements necessary to ensure continued energy savings, and describe how they will be fulfilled; and

(i) if developed by an energy services company, a description of, and cost estimates of an energy savings guarantee.

All professionals providing engineering services under the plan shall have errors and omissions insurance.

(3) Prior to the adoption of the plan, the contracting agency shall contract with a qualified third party to verify the projected energy savings to be realized from the proposed program have been calculated as required by subsection e. of this section.
(4) Upon adoption, the plan shall be submitted to the Board of Public Utilities, which shall post it on the Internet on a public webpage maintained for such purpose. If the contracting agency maintains its own website, it shall also post the plan on that site. The Board of Public Utilities may require periodic reporting concerning the implementation of the plan.

(5) Verification by a qualified third party shall be required when energy conservation measures are placed in service or commissioned, to ensure the savings projected in the energy savings plan shall be achieved.

(6) Energy-related capital improvements that do not reduce energy usage may be included in an energy savings improvement program but the cost of such improvements shall not be financed as a lease-purchase or through energy savings obligations authorized by subsection c. of this section. Nothing herein is intended to prevent financing of such capital improvements through otherwise authorized means.

(7) A qualified third party when required by this subsection may include an employee of the State contracting agency who is properly trained and qualified to perform such work.

e. (1) (a) The calculation of energy savings for the purposes of determining that the energy savings resulting from the program will be sufficient to cover the cost of the program's energy conservation measures, as provided in subsection a. of this section, shall involve determination of the dollar amount saved through implementation of an energy savings improvement program using the guidelines of the International Performance Measurement and Verification Protocol or other protocols approved by the Board of Public Utilities and standards adopted by the Board of Public Utilities pursuant to this section. The calculation shall include all applicable State and federal rebates and tax credits, but shall not include the cost of an energy audit and the cost of verifying energy savings. The calculation shall state which party has made application for rebates and credits and how these applications translate into energy savings.

(b) During the procurement phase of an energy savings improvement program, an energy services company’s proposal submitted in response to a request for proposal shall not include a savings calculation that assumes, includes, or references capital cost avoidance savings, the current or projected value of a “solar renewable energy certificate,” as defined pursuant to section 3 of P.L.1999, c.23 (C.48:3-51), or other environmental or similar attributes or benefits of whatever nature that derive from the generation of renewable energy, and any costs or discounts associated with maintenance services, an energy savings guarantee, or third party verification of energy conservation measures and energy savings. The calculation of energy sav-
ings shall utilize and specifically reference as a benchmark the actual demand and energy components of the public utility tariff rate applicable to the State contracting agency then in effect, and not a blended rate that aggregates, combines, or restates in any manner the distinct demand and energy components of the public utility tariff rate into a single combined or restated tariff rate. If an energy services company submits a proposal to a State contracting agency that does not calculate projected energy savings in the manner required by this subsection, such proposal shall be rejected by the State contracting agency.

(2) For the purposes of this section, the Board of Public Utilities shall adopt standards and uniform values for interest rates and escalation of labor, electricity, oil, and gas, as well as standards for presenting these costs in a life cycle and net present value format, standards for the presentation of obligations for carbon reductions, and other standards that the board may determine necessary.

f. (1) When an energy services company is awarded an energy savings services contract, it shall offer the contracting agency the option to purchase, for an additional amount, an energy savings guarantee. The guarantee, if accepted by the contracting agency, shall insure that the energy savings resulting from the energy savings improvement program, determined periodically over the duration of the guarantee, will be sufficient to defray all payments required to be made pursuant to the lease-purchase agreement or energy savings obligation, and if the savings are not sufficient, the energy services company will reimburse the contracting agency for any additional amounts. Annual costs of a guarantee shall not be financed or included as costs in an energy savings plan but shall be fully disclosed in an energy savings plan.

(2) When a guaranteed energy savings option is purchased, the contract shall require a qualified third party to verify the energy savings at intervals established by the parties.

(3) When an energy services company is awarded an energy savings services contract to provide or perform goods or services for the purpose of enabling a State contracting agency to conserve energy through energy efficiency equipment, including a "combined heat and power facility" as that term is defined pursuant to section 3 of P.L.1999, c.23 (C.48:3-51), on a self-funded basis, such contract shall extend for a term of up to 15 years for energy efficiency projects, and for up to 20 years for a combined heat and power facility after construction completion. If a State contracting agency shall elect to contract with an energy services company for an energy savings guarantee in connection with a contract awarded pursuant to this sec-
tion, such guarantee may extend for a term of up to 15 years for energy efficiency projects, or up to 20 years for a combined heat and power facility after construction completion.

h. (1) The State Treasurer and the Board of Public Utilities may take such action as is deemed necessary and consistent with the intent of this section to implement its provisions.

(2) The State Treasurer and the Board of Public Utilities may adopt implementation guidelines or directives, and adopt such administrative rules, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), as are necessary for the implementation of those agencies' respective responsibilities under this section, except that notwithstanding any provision of P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the State Treasurer, and the Board of Public Utilities may adopt, immediately upon filing with the Office of Administrative Law, such rules and regulations as deemed necessary to implement the provisions of this act which shall be effective for a period not to exceed 12 months and shall thereafter be amended, adopted or re-adopted in accordance with the provisions of P.L.1968, c.410 (C.52:14B-1 et seq.).

5. Section 10 of P.L.2009, c.4 (C.52:35A-1) is amended to read as follows:

C.52:35A-1 Implementation of energy savings improvement by public agency; definitions.

10. a. (1) A public agency, as defined in this section, may implement an energy savings improvement program in the manner provided by this section whenever it determines that the savings generated from reduced energy use from the program will be sufficient to cover the cost of the program's energy conservation measures as set forth in an energy savings plan. Under such a program, a public agency may enter into an energy savings services contract with an energy services company to implement the program or the public agency may authorize separate contracts to implement the program. The provisions of any other law applicable to a public agency shall apply to any contracts awarded pursuant to this section to the extent that the provisions of such law are not inconsistent with any provision of this section.

(2) A public agency facility alteration required to properly implement other energy efficiency or energy conservation measures, or both, may be included as part of an energy savings services contract, in which case, not-
withstanding any other provision of law, rule, regulation, or order to the contrary, the facility alteration may be undertaken or supervised by the energy services company performing the energy savings services contract if:

(a) the total cost of the improvement does not exceed 15 percent of the total cost of the work to be performed under the energy savings services contract; and

(b) (i) the improvement is necessary to conform to a law, rule, or regulation, or order, or (ii) an analysis within an approved proposal, or the public agency, at the time of the award of the proposal, demonstrates that there is an economic advantage to the public agency implementing the improvement as part of the energy savings services contract, and the savings rationale for the improvement is documented and supported by reasonable justification.

b. (1) To be eligible to enter into an energy savings services contract, an energy services company shall be a commercial entity that is qualified to provide public agencies with energy savings services in accordance with the provisions of this section. A public agency may determine to enter into an energy savings services contract which shall be awarded through a procedure that results in the award of a contract to a vendor determined by the public agency to be the most advantageous, price and other factors considered.

(2) (a) Public works activities performed under an energy savings improvement program shall be subject to all requirements regarding public bidding, bid security, performance guarantees, insurance and other public contracting requirements that are applicable to public works contracts, to the extent not inconsistent with this section. A general contractor, energy services company serving as general contractor, or any subcontractor hired for the furnishing of plumbing and gas fitting and all kindred work, and of steam and hot water heating and ventilating apparatus, steam power plants and kindred work, and electrical work, structural steel and ornamental iron work shall be classified by the Division of Property Management and Construction in the Department of the Treasury in order to perform public works activities under an energy savings improvement program.

(b) Individuals or organizations performing energy audits, acting as commissioning agents, or conducting verification of energy savings plans, implementation of energy conservation measures, or verifying guarantees shall be prequalified by the Division of Property Management and Construction in the Department of the Treasury to perform their work under an energy savings improvement program.

(3) (a) An energy services company may be designated as the general contractor for improvements to be made pursuant to an energy savings plan, provided that the hiring of subcontractors that are required to be classified
pursuant to subparagraph (a) of paragraph (2) of this subsection shall be performed in accordance with the procedures and requirements set forth pursuant to the public bidding requirements of the public agency. A contract with an energy savings company shall include, but not be limited to: preparation of an energy savings plan; the responsibilities of the parties for project schedules, installations, performance and quality, payment of subcontractors, project completion, commissioning, savings implementation; a requirement that the savings to be achieved by energy conservation measures be verified upon commissioning of the improvements; allocation of State and federal rebates and tax credits; and any other provisions deemed necessary by the parties.

(b) All workers performing public works activities for subcontractors awarded contracts by an energy services company pursuant to this section shall be paid prevailing wages in accordance with the "New Jersey Prevailing Wage Act," P.L. 1963, c.150 (C.34:11-56.25 et seq.). All subcontractors shall comply with the provisions of "The Public Works Contractor Registration Act," P.L.1999, c.238 (C.34:11-56.48 et seq.). Only firms appropriately classified as contractors by the Division of Property Management and Construction shall be eligible to be awarded a contract as a subcontractor of an energy services company under this section for performing public works activities pursuant to regulations adopted by the Division of Property Management and Construction.

(c) In order to expedite communications with an energy services company and facilitate the implementation of an energy savings improvement program, a public agency may designate or appoint an employee of the public agency with decision-making authority to coordinate with the energy services company and to address issues associated with the implementation of an energy savings improvement program as they arise, provided that any decision requiring a change order shall be made only upon the approval of the public agency.

(4) Except as provided in paragraph (5) of this subsection, a subsidiary or wholly-owned or partially-owned affiliate of the energy services company shall not be an eligible contractor or subcontractor under an energy savings services contract.

(5) When the energy services company is the manufacturer of direct digital control systems and contracts with the public agency to provide a guaranteed energy savings option pursuant to subsection f. of this section, the specification of such direct digital control systems may be treated as proprietary goods and if so treated, the bid specification shall set forth an allowance price for its supply by the energy services company which shall
be used by all bidders in the public bidding process. Direct digital controls shall be open protocol format and shall meet the interoperability guidelines established by the American Society of Heating, Refrigerating and Air-Conditioning Engineers. Each contract to be entered into pursuant to this section between a public agency and an energy services company that is the manufacturer of direct digital control systems where such direct digital control systems are treated as proprietary goods as part of the contract, shall first be reviewed and approved by the Board of Public Utilities for the purpose of affirming the reasonableness of such allowance price. If the board does not disapprove of the contract within 14 days of receipt thereof, the contract shall be deemed approved.

c. In addition to existing authorization of a public agency to enter into lease-purchase agreements or to issue obligations to finance the costs of an energy savings improvement program, a public agency is hereby authorized to finance the costs of an energy savings improvement program by entering into a lease purchase agreement or by issuing energy savings obligations pursuant to this subsection. Any financing mechanism shall be administered in a manner consistent with this subsection insofar as it does not conflict with the provisions of other law that applies to the public agency.

(1) An energy savings improvement program may be financed through a lease-purchase agreement between a public agency and an energy services company or other public or private entity. Under a lease-purchase agreement, ownership of the energy savings equipment or improved facilities shall pass to the public agency when all lease payments have been made. Notwithstanding the provisions of any other law to the contrary, the duration of such a lease-purchase agreement shall not exceed 15 years, except that the duration of a lease purchase agreement for a combined heat and power or cogeneration project shall not exceed 20 years. For the purposes of this paragraph, the duration of the repayment term of a lease-purchase agreement shall commence on the date upon which construction and installation of the energy savings equipment, “combined heat and power facility” or “cogeneration facility,” as those terms are defined pursuant to section 3 of P.L.1999, c.23 (C.48:3-51), or other energy conservation measures undertaken pursuant to the energy savings plan, have been completed.

(2) A public agency may arrange for incurring energy savings obligations to finance an energy savings improvement program. Energy savings obligations may be funded through appropriations for utility services in the annual budget of the public agency and may be issued as refunding bonds, including the issuance of bond anticipation notes as may be necessary, provided that all such bonds and notes mature within the periods authorized for
such energy savings obligations. Energy savings obligations may be issued either through the public agency or another public agency authorized to undertake financing on behalf of the public agency.

(3) Lease-purchase agreements and energy savings obligations shall not be used to finance maintenance, guarantees, or verification of guarantees of energy conservation measures. Lease-purchase agreements and energy savings obligations may be used to finance the cost of an energy audit or the cost of verification of energy savings as part of adopting an energy savings plan. Notwithstanding any law to the contrary, lease-purchase agreements and energy savings certificates shall not be excepted from any budget or tax levy limitation otherwise provided by law. Maturity schedules of lease-purchase agreements or energy savings obligations shall not exceed the estimated average useful life of the energy conservation measures.

d. (1) The energy audit component of an energy savings improvement program shall be conducted either by the public agency or by a qualified independent third party retained by the board for that purpose. It shall not be conducted by an energy services company subsequently hired to develop an energy savings improvement program. The energy audit shall identify the current energy use of any or all facilities and energy conservation measures that can be implemented in which the energy savings and energy efficiency could be realized and maximized.

(2) To implement a program, a public agency shall develop an energy savings plan that consists of one or more energy conservation measures. The plan shall:

(a) contain the results of an energy audit;

(b) describe the energy conservation measures that will comprise the program;

(c) estimate greenhouse gas reductions resulting from those energy savings;

(d) identify all design and compliance issues that require the professional services of an architect or engineer and identify who will provide these services;

(e) include an assessment of risks involved in the successful implementation of the plan;

(f) identify the eligibility for, and costs and revenues associated with the PJM Independent System Operator for demand response and curtailable service activities;

(g) include schedules showing calculations of all costs of implementing the proposed energy conservation measures and the projected energy savings;

(h) identify maintenance requirements necessary to ensure continued energy savings, and describe how they will be fulfilled; and
(i) if developed by an energy services company, a description of, and cost estimates of an energy savings guarantee.

All professionals providing engineering services under the plan shall have errors and omissions insurance.

(3) Prior to the adoption of the plan, the public agency shall contract with a qualified third party to verify the projected energy savings to be realized from the proposed program have been calculated as required by subsection c. of this section.

(4) Upon adoption, the plan shall be submitted to the Board of Public Utilities, which shall post it on the Internet on a public webpage maintained for such purpose. If the public agency maintains its own website, it shall also post the plan on that site. The board may require periodic reporting concerning the implementation of the plan.

(5) Verification by a qualified third party shall be required when energy conservation measures are placed in service or commissioned, to ensure the savings projected in the energy savings plan shall be achieved.

(6) Energy-related capital improvements that do not reduce energy usage may be included in an energy savings improvement program but the cost of such improvements shall not be financed as a lease-purchase or through energy savings obligations authorized by subsection c. of this section. Nothing herein is intended to prevent financing of such capital improvements through otherwise authorized means.

(7) A qualified third party when required by this subsection may include an employee of the public agency who is properly trained and qualified to perform such work.

e. (1) (a) The calculation of energy savings for the purposes of determining that the energy savings resulting from the program will be sufficient to cover the cost of the program's energy conservation measures, as provided in subsection a. of this section, shall involve determination of the dollar amount saved through implementation of an energy savings improvement program using the guidelines of the International Performance Measurement and Verification Protocol or other protocols approved by the Board of Public Utilities and standards adopted by the Board of Public Utilities pursuant to this section. The calculation shall include all applicable State and federal rebates and tax credits, but shall not include the cost of an energy audit and the cost of verifying energy savings. The calculation shall state which party has made application for rebates and credits and how these applications translate into energy savings.

(b) During the procurement phase of an energy savings improvement program, an energy services company's proposal submitted in response to a
request for proposal shall not include a savings calculation that assumes, includes, or references capital cost avoidance savings, the current or projected value of a "solar renewable energy certificate," as defined pursuant to section 3 of P.L.1999, c.23 (C.48:3-51), or other environmental or similar attributes or benefits of whatever nature that derive from the generation of renewable energy, and any costs or discounts associated with maintenance services, an energy savings guarantee, or third party verification of energy conservation measures and energy savings. The calculation of energy savings shall utilize and specifically reference as a benchmark the actual demand and energy components of the public utility tariff rate applicable to the public agency then in effect, and not a blended rate that aggregates, combines, or restates in any manner the distinct demand and energy components of the public utility tariff rate into a single combined or restated tariff rate. If an energy services company submits a proposal to a public agency that does not calculate projected energy savings in the manner required by this subsection, such proposal shall be rejected by the public agency.

(2) For the purposes of this section, the Board of Public Utilities shall adopt standards and uniform values for interest rates and escalation of labor, electricity, oil, and gas, as well as standards for presenting these costs in a life cycle and net present value format, standards for the presentation of obligations for carbon reductions, and other standards that the board may determine necessary.

f. (1) When an energy services company is awarded an energy savings services contract, it shall offer the public agency the option to purchase, for an additional amount, an energy savings guarantee. The guarantee, if accepted by a separate vote of the governing body of the public agency, shall insure that the energy savings of the public agency resulting from the energy savings improvement program, determined periodically over the duration of the guarantee, will be sufficient to defray all payments required to be made pursuant to the lease-purchase agreement or energy savings obligation, and if the savings are not sufficient, the energy services company will reimburse the public agency for any additional amounts. Annual costs of a guarantee shall not be financed or included as costs in an energy savings plan but shall be fully disclosed in an energy savings plan.

(2) When a guaranteed energy savings option is purchased, the contract shall require a qualified third party to verify the energy savings at intervals established by the parties.

(3) When a guaranteed energy savings option is not purchased, the energy savings services contract shall not include maintenance services provided by the energy services company.
(4) When an energy services company is awarded an energy savings services contract to provide or perform goods or services for the purpose of enabling a public agency to conserve energy through energy efficiency equipment, including a "combined heat and power facility" as that term is defined pursuant to section 3 of P.L. 1999, c. 23 (C. 48:3-51), on a self-funded basis, such contract shall extend for a term of up to 15 years for energy efficiency projects, and for up to 20 years for a combined heat and power facility after construction completion. If a public agency shall elect to contract with an energy services company for an energy savings guarantee in connection with a contract awarded pursuant to this section, such guarantee may extend for a term of up to 15 years for energy efficiency projects, or up to 20 years for a combined heat and power facility after construction completion.

g. As used in this section:

"direct digital control systems" means the devices and computerized control equipment that contain software and computer interfaces that perform the logic that control a building's heating, ventilating, and air conditioning system. Direct digital controls shall be open protocol format and shall meet the interoperability guidelines established by the American Society of Heating, Refrigerating and Air-Conditioning Engineers;

"energy conservation measure" means an improvement that results in reduced energy use, including, but not limited to, installation of energy efficient equipment; demand response equipment; combined heat and power systems; facilities for the production of renewable energy; water conservation measures, fixtures or facilities; building envelope improvements that are part of an energy savings improvement program; and related control systems for each of the foregoing;

"energy savings services contract" means a contract with an energy savings company to develop an energy savings plan, prepare bid specifications, manage the performance, provision, construction, and installation of energy conservation measures by subcontractors, to offer a guarantee of energy savings derived from the implementation of an energy savings plan, and may include a provision to manage the bidding process;

"energy services company" means a commercial entity that is qualified to develop and implement an energy savings plan in accordance with the provisions of this section;

"public agency" means any government entity that is authorized to expend public funds and enter into contracts which is not otherwise authorized to implement an energy savings improvement program pursuant to section 1, 4, 6, or 9 of P.L.2009, c.4 (C.18A:18A-4.6, C.18A:65A-1, C.40A:11-4.6, or C.52:34-25);

C.48:3-108 Standard request for proposal.

7. a. The Board of Public Utilities, in consultation with the State Treasurer and the Commissioner of the Department of Community Affairs, shall establish, in a form similar to that prescribed by the "Local Public Contracts Law," P.L.1971, c.198 (C.40A:11-1 et seq.), a standard request for proposal to be used for all energy savings improvement program projects to be undertaken by any State contracting agency or public agency authorized to implement an energy savings improvement program pursuant to the provisions of P.L.2009, c.4 (C.18A:18A-4.6 et al.), provided, however, that a State contracting agency or public agency may use its own request for proposal upon the submission of the request for proposal to the board. Unless the board disapproves the request for proposal within 14 days of its receipt from a State contracting agency or public agency, the request for proposal shall be deemed approved. No single category contained in the evaluation criteria of a request for proposal shall weigh more than 25 percent.

b. Within 90 days after the effective date of P.L.2012, c.55 (C.52:34-25.1 et al.), the Board of Public Utilities, in consultation with the State Treasurer and the Commissioner of the Department of Community Affairs, shall establish, in a form similar to that prescribed by the "Local Public Contracts Law," P.L.1971, c.198 (C.40A:11-1 et seq.), a standard request for proposal to be used for all energy savings improvement program projects to be undertaken by any board of education, board of trustees, or con-
tracting unit authorized to implement an energy savings improvement pro-
gram pursuant to the provisions of P.L.2009, c.4 (C.18A:18A-4.6 et al.),
provided, however, that a board of education, board of trustees, or contract-
ing unit may use its own request for proposal upon the submission of the
request for proposal to the Board of Public Utilities. Unless the board dis-
approves the request for proposal within 14 days of its receipt from a board
of education, board of trustees, or contracting unit, the request for proposal
shall be deemed approved. No single category contained in the evaluation
criteria of a request for proposal shall weigh more than 25 percent.

C.48:3-109 BPU designated as responsible agency.
8. a. The Board of Public Utilities is designated as the agency of the
State Government responsible for implementing and enforcing the provi-
sions of P.L.2009, c.4 (C.18A:18A-4.6 et al.) and for responding to requests
for assistance from public entities, including boards of education, boards of
trustees of public institutions of higher education, contracting units, and
public agencies, authorized to implement an energy savings improvement
program pursuant to P.L.2009, c.4 (C.18A:18A-4.6 et al.).

b. The board is authorized to investigate, review and take appropriate
action with respect to procurements for energy savings projects conducted
by public agencies, other than State contracting agencies, pursuant to

c. The board shall take such actions as it deems necessary and appro-
priate, consistent with the purposes of this section, to implement and en-
force the provisions of P.L.2009, c.4 (C.18A:18A-4.6 et al.). The authority
granted to the board pursuant to this section to enforce compliance with
P.L.2009, c.4 shall include, but not be limited to:

(1) modifying a non-conforming request for proposal and any attach-
ment thereto, whereby the board shall provide written comments to the public
entity when it chooses to modify a non-conforming request for proposal, out-
lining any issues and providing the opportunity for the issues to be remedied;

(2) (a) modifying or canceling a procurement by a public entity for an
energy savings project, whereby the board, within 14 days of its receipt of a
procurement by a public entity after the procurement award, may modify or
cancel the procurement, otherwise the procurement shall be deemed ap-
proved, and (b) if modifying a procurement, the board shall provide written
comments to the public entity when it chooses to do so, outlining any issues
and providing the opportunity for the issues to be remedied; and

(3) withholding State and federal renewable energy and energy effi-
ciency incentives from an energy savings project.
d. The board may grant limited exceptions to a local housing authority, established pursuant to the "Local Housing Authorities Law," P.L.1938, c.19 or the "Local Redevelopment and Housing Law," P.L.1992, c.79 (C.40A:12A-1 et al.), to use an energy performance contracting process developed by the United States Department of Housing and Urban Development for selecting an energy services company subject to United States Department of Housing and Urban Development and board review and approval. The exception shall permit such process to be followed for the selection of an energy services company, the preparation of the energy savings improvement program, the selection of energy savings projects, and third party verification requirements. All other requirements for bidding and construction shall be consistent with the provisions of P.L.2009, c.4 (C.18A:18A-4.6 et al.). This limited exception shall permit the preparation of an investment grade energy savings improvement program audit to replace the requirement for the traditional energy audit component performed in advance.

e. The board shall undertake a study of the effectiveness of energy savings improvement programs implemented pursuant to P.L.2009, c.4 (C.18A:18A-4.6 et al.). Within three years after the effective date of P.L.2012, c.55 (C.52:34-25.1 et al.), the board shall prepare a report of its study and shall provide a copy thereof to the Governor and, pursuant to section 2 of P.L.1991, c.164 (C.52:14-19.1), to the Legislature.

9. This act shall take effect immediately.

Approved September 19, 2012.

"Vendor" means a person engaged, directly or indirectly, in the business of portable electronics transactions.

C.17:22A-50 License required to sell coverage.

2. a. A vendor shall not sell, or offer to sell, coverage under a policy of portable electronics insurance unless licensed as a limited lines insurance producer pursuant to the provisions of the “New Jersey Insurance Producer Licensing Act of 2001,” P.L.2001, c.210 (C.17:22A-26 et seq.) and this act.

To hold a limited lines insurance producer license pursuant to this section, a vendor shall meet all the requirements to be a business entity producer pursuant to P.L.2001, c.210 (C.17:22A-26 et seq.), unless a provision of this
act conflicts with a provision of P.L.2001, c.210 (C.17:22A-26 et seq.) in which case the provision of this act shall control.

b. Notwithstanding any other provision of law, a limited lines insurance producer license issued to a vendor shall authorize the licensee and its employees or authorized representatives to engage in those activities permitted pursuant to that license and the provisions of this act.

c. An employee or authorized representative of a vendor of portable electronics shall not advertise, represent or otherwise hold himself out as an insurance producer for any purposes other than as a licensed limited lines insurance producer.

C.17:22A-51 Vendor may offer insurance to consumers.

3. The employees and authorized representatives of a vendor holding a limited lines insurance producer license may sell or offer to sell portable electronics insurance to consumers as permitted by section 2 of this act and shall not be subject to individual licensure as an insurance producer under P.L.2001, c.210 (C.17:22A-26 et seq.) or this act as a result of those activities so long as:

a. The vendor obtains a limited lines license to authorize its employees or authorized representatives to sell or offer portable electronics insurance pursuant to this act; and

b. The insurer issuing the portable electronics insurance either directly supervises or appoints a supervising entity to supervise the administration of the program, including development of a training program for employees and authorized representatives of the vendors. The training required by this subsection:

(1) shall be delivered to employees and authorized representatives of a vendor who are directly engaged in the activity of selling or offering portable electronics insurance;

(2) may be provided in electronic form; however, if conducted in electronic form the supervising entity shall implement a supplemental education program regarding the portable electronics insurance that is conducted and overseen by licensed employees of the supervising entity; and

(3) shall include basic instruction about the portable electronics insurance offered to consumers and the disclosures required under section 6 of this act.

C.17:22A-52 Application for limited lines insurance producer; renewal, fee.

a. A sworn application for a limited lines insurance producer license under this act shall be made to and filed with the department on forms prescribed and furnished by the commissioner.

b. The application shall provide:

(1) the name, residence address, and other information required by the commissioner for an employee or officer of the vendor that is designated by the applicant as the person responsible for the vendor’s compliance with the requirements of this act. However, if the vendor derives more than 50% of its revenue from the sale of portable electronics insurance, the information required shall be provided for all officers, directors, and shareholders of record having beneficial ownership of 10% or more of any class of securities registered under the federal securities law; and

(2) the location of the applicant’s home office.

c. Any vendor engaging in portable electronics insurance transactions on or before the effective date of this act shall apply for a limited lines insurance producer license within 90 days of the application being made available by the commissioner. Any vendor wishing to commence operations after the effective date of this act shall obtain a limited lines insurance producer license prior to offering portable electronics insurance.

d. Limited lines insurance producer licenses issued pursuant to this act shall renew biennially in accordance with regulations promulgated by the commissioner.

e. Each vendor of portable electronics licensed under this act shall pay to the commissioner a fee as prescribed by the commissioner but in no event shall the fee exceed $1,000 for an initial portable electronics insurance limited lines producer license and $500 for each renewal thereof. However, for a vendor that is engaged in portable electronics transactions at 10 or fewer locations in the State, the fee shall not exceed $100 for an initial license and for each renewal thereof.

5. a. Portable electronics insurance may be offered on a month to month or other periodic basis as a group or master commercial inland marine policy issued to a vendor of portable electronics for its enrolled consumers.

b. Eligibility and underwriting standards for consumers electing to enroll in coverage shall be established for each portable electronics insurance program.
C.17:22A-54 Availability of information to consumers.

6. At every location at which portable electronics insurance is offered to consumers, the limited lines insurance producer licensed to sell that insurance shall make available to prospective consumers brochures or other written materials which:
   a. disclose that portable electronics insurance may provide a duplication of coverage already provided by a consumer’s homeowner's insurance policy, renter's insurance policy or other source of coverage;
   b. state that enrollment by the consumer in a portable electronics insurance program is not required in order to purchase or lease portable electronics or services;
   c. summarize the material terms of the insurance coverage, including:
      (1) the identity of the insurer;
      (2) the identity of the supervising entity;
      (3) the amount of any applicable deductible and how it is to be paid;
      (4) benefits of the coverage; and
      (5) key terms and conditions of coverage, such as whether portable electronics may be repaired or replaced with similar make and model reconditioned or non-original manufacturer parts or equipment;
   d. summarize the process for filing a claim, including a description of how to return portable electronics and the maximum fee applicable in the event that the enrolled consumer fails to comply with any equipment return requirements; and
   e. state that an enrolled consumer may cancel enrollment for coverage under a portable electronics insurance policy at any time and the person paying the premium shall receive a refund or credit of any applicable unearned premium.

7. a. The charges for portable electronics insurance coverage may be billed and collected by the vendor of portable electronics. Any charge to the enrolled consumer for coverage that is not included in the cost associated with the purchase or lease of portable electronics or related services shall be separately itemized on the enrolled consumer’s bill. If the portable electronics insurance coverage is included with the purchase or lease of portable electronics or related services, the vendor shall clearly and conspicuously disclose to the enrolled consumer that the portable electronics insurance coverage is included with the purchase or lease of portable electronics or related services.
   b. A vendor that bills and collects charges for portable electronics insurance coverage shall not be required to maintain funds received in a seg-
regated account, provided that the vendor is authorized by the insurer to hold those funds in an alternative manner and remits those amounts to the supervising entity within 60 days of receipt.

c. All funds received by a vendor from an enrolled consumer for the sale of portable electronics insurance shall be considered funds held in trust by the vendor in a fiduciary capacity for the benefit of the insurer. A vendor may receive compensation for billing and collection services.

8. Notwithstanding any other provision of law:
   a. An insurer may terminate or otherwise change the terms and conditions of a policy of portable electronics insurance only upon providing the policyholder and enrolled consumers with at least 30 days' notice.
   b. If the insurer changes the terms and conditions, then the insurer shall provide the vendor policyholder with a revised policy or endorsement and each enrolled consumer with a revised certificate, endorsement, updated brochure, or other evidence indicating a change in the terms and conditions has occurred and a summary of material changes.
   c. Notwithstanding subsection a. of this section, an insurer may terminate an enrolled consumer's enrollment under a portable electronics insurance policy upon 15 days' notice if the insurer discovers fraud or material misrepresentation in obtaining coverage or in the presentation of a claim thereunder.
   d. Notwithstanding subsection a. of this section, an insurer may immediately terminate an enrolled consumer's enrollment under a portable electronics insurance policy:
      (1) For nonpayment of premium;
      (2) If the enrolled consumer ceases to have an active service with the vendor for one or more portable electronics covered under the policy, if applicable; or
      (3) If an enrolled consumer exhausts the aggregate limit of liability, if any, under the terms of the portable electronics insurance policy and the insurer sends notice of termination to the enrolled consumer within 30 calendar days after exhaustion of the limit. However, if notice is not timely sent, enrollment shall continue notwithstanding the aggregate limit of liability, until the insurer sends notice of termination to the enrolled consumer.
   e. If a policyholder terminates a portable electronics insurance policy, the policyholder shall mail or deliver written notice to each enrolled consumer advising the enrolled consumer of the termination of the policy and
the effective date of termination. The written notice shall be mailed or deliv­
ered to the enrolled consumer at least 30 days prior to the termination.

f. Whenever notice or correspondence with respect to a policy of portable elec­
tronic insurance is required pursuant to this section or is otherwise required by law, it shall be in writing and sent within the notice period, if any, specified within the statute or regulation requiring the notice or correspondence. The notice or correspondence shall be sent to the vendor at the vendor’s mailing address specified for that purpose and to its affected enrolled consumers’ last known mailing addresses on file with the insurer. The insurer or vendor, as the case may be, shall maintain proof of mailing in a form authorized or accepted by the United States Postal Service or other commercial mail delivery service.

g. Notice or correspondence required pursuant to this section or otherwise required by law may be sent on behalf of an insurer or vendor, as the case may be, by the supervising entity appointed by the insurer.

9. If a vendor of portable electronics or its employee or authorized repre­

   a. Impose fines in accordance with P.L.2001, c.210 (C.17:22A-26 et seq.). However, fines assessed against a vendor licensed under this act shall not exceed $50,000 in the aggregate for multiple violations that involve the same conduct, action, or practice.
   b. Impose other penalties that the commissioner deems necessary and reasonable to carry out the purposes of this act, including:
      (1) suspending the privilege of transacting portable electronics insurance pursuant to this section at specific business locations where violations have occurred; and
      (2) suspending or revoking the ability of individual employees or au­

10. This act shall take effect immediately.

CHAPTER 59

AN ACT concerning local public bid documents and amending various parts of the statutory law.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:
1. N.J.S.18A:18A-18 is amended to read as follows:

Preparation of separate plans, specifications for certain construction work, goods and services; bidding; awarding of contracts.

18A:18A-18. a. In the preparation of plans and specifications for the construction, alteration or repair of any building by a board of education, when the entire cost of the work will exceed the bid threshold, separate plans and specifications may be prepared for each of the following branches of work in the following categories, and all work kindred thereto to be performed or furnished in connection therewith:

(1) The plumbing and gas fitting work;
(2) The refrigeration, heating and ventilating systems and equipment;
(3) The electrical work, including any electrical power plant, tele-data, fire alarm, or security system;
(4) The structural steel and ornamental iron work;
(5) General construction, which shall include all other work required for the completion of the project.

b. With regard to the branch work categories in subsection a. of this section, the board of education or its purchasing agent shall advertise for and receive, in the manner provided by law, (1) separate bids for each of the branches of work specified in subsection a. of this section, or (2) single bids by general contractors for all the work, goods and services required to complete the public building to be included in a single overall contract, or (3) both. In the case of separate bids under paragraph (1) or (3) of this subsection, contractors for categories (1) through (4) of subsection a. of this section shall not be required to name subcontractors in their bid. In the case of a single bid under paragraph (2) or (3) of this subsection, there will be set forth in the bid the name or names of all subcontractors to whom the bidder will subcontract the furnishing of plumbing and gas fitting, and all kindred work, and of the heating and ventilating systems and equipment, and electrical work, structural steel and ornamental iron work, each of which subcontractors shall be qualified in accordance with N.J.S.18A:18A-1 et seq. for categories (1) through (4) of subsection a. of this section. Subcontractors who furnish general construction work pursuant to category (5) of subsection a. of this section or subcontractors who furnish work to named subcontractors pursuant to categories (1) through (4) of subsection a. of this section shall not be named in the bid. Notwithstanding the foregoing provisions of this subsection, a contracting unit may choose to require in its bid specification that a subcontractor shall be named in a bid when, in the case of paragraph (1) of subsection b., separate bids for each
category, the work of that subcontractor exceeds 35 percent of the contracting unit's estimated amount of value of the work, which shall be set forth in the bid specification. The school district shall require evidence of performance security to be submitted simultaneously with the list of the subcontractors. Evidence of performance security may be supplied by the bidder on behalf of himself and any or all subcontractors, or by each respective subcontractor, or by any combination thereof which results in evidence of performance security equaling, but in no event exceeding, the total amount bid.

c. Contracts shall be awarded to the lowest responsible bidder in each branch of work in the case of separate bids and to the single lowest responsible bidder in the case of single bids. In the event that a contract is advertised in accordance with paragraph (3) of subsection b. of this section, the contract shall be awarded in the following manner: If the sum total of the amounts bid by the lowest responsible bidder for each branch is less than the amount bid by the lowest responsible bidder for all the work, goods and services, the board of education shall award separate contracts for each of such branches to the lowest responsible bidder therefor, but if the sum total of the amount bid by the lowest responsible bidder for each branch is not less than the amount bid by the lowest responsible bidder for all the work, goods and services, the board of education shall award a single overall contract to the lowest responsible bidder for all of such work, goods and services. In every case in which a contract is awarded under paragraph (2) or (3) of subsection b. of this section, all payments required to be made under such contract for work, goods and services supplied by a subcontractor may, upon the certification of the contractor of the amount due to the subcontractor, be paid directly to the subcontractor. Payments to a subcontractor for work and materials supplied in connection with the contract shall be made within 10 calendar days of the receipt of payment for that work or the delivery of those materials by the subcontractor in accordance with the provisions of P.L.1991, c.133 (C.2A:30A-1 et seq.), and any regulations promulgated thereunder.

2. Section 2 of P.L.1992, c.61 (C.18A:64-76.1) is amended to read as follows:

C.18A:64-76.1 Advertisements by contracting agent for bids; award of contracts.

2. a. Whenever the entire cost for the construction, alteration or repair of any building by a State college will exceed the amount determined pursuant to subsection b. of section 3 of P.L.1986, c.43 (C.18A:64-54), the contracting agent shall advertise for and receive in the manner provided by law:
(1) separate bids for branches of work in the following categories:
(a) the plumbing and gas fitting work;
(b) the refrigeration, heating and ventilating systems and equipment;
(c) the electrical work, including any electrical power plants, tele-date, fire alarm, or security systems;
(d) the structural steel and ornamental iron work;
(e) general construction, which shall include all other work and materials required for the completion of the project, or
(2) bids for all work and materials required to complete the entire project if awarded as a single contract, or
(3) both (1) and (2) above.
In the case of separate bids under paragraph (1) or (3) of this subsection, prime contractors for categories (a) through (d) shall not be required to name subcontractors in their bid. In the case of a single bid under paragraph (2) or (3), all bids submitted shall set forth the names and license numbers of all subcontractors to whom the general contractor will subcontract the work described in the foregoing categories (a) through (d). Subcontractors who furnish non-specialty trade work pursuant to category (e) in paragraph (1) of this subsection or subcontractors who furnish work to named subcontractors pursuant to categories (a) through (d) in paragraph (1) of this subsection shall not be named in the bid. Notwithstanding the foregoing provisions of this subsection, a State college may choose to require in its bid specification that a subcontractor shall be named in a bid when, in the case of paragraph (1), separate bids for each category, the work of that subcontractor exceeds 35 percent of the State college’s estimated amount of value of the work, which shall be set forth in the bid specification.

b. Contracts shall be awarded to the lowest responsible bidder whose bid, conforming to the invitation for bids, will be the most advantageous to the State college. Whenever two or more bids of equal amounts are the lowest bids submitted by responsible parties, the college may award the contract to any of the parties, as, in its discretion, it may determine.

3. Section 25 of P.L.1982, c.189 (C.18A:64A-25.25) is amended to read as follows:

C.18A:64A-25.25 Cost over threshold level; separate plans and specifications; bids; advertisement; award of contract; payment to subcontractor.

25. a. In the preparation of plans and specifications for the construction, alteration or repair of any building by a county college, when the entire cost of the work and materials will exceed $25,000 or, commencing
January 1, 2003, the amount determined pursuant to subsection b. of section 3 of P.L.1982, c.189 (C.18A:64A-25.3), separate plans and specifications may be prepared for each of the following branches of work in the following categories, to include all work and materials related thereto or to be performed or furnished in connection therewith:
   (a) The plumbing and gas fitting work;
   (b) The refrigeration, heating and ventilating systems and equipment;
   (c) The electrical work, including any electrical power plants, telecommunications, fire alarm, or security systems;
   (d) The structural steel and ornamental iron work;
   (e) General construction, which shall include all other work and materials required for the completion of the project.

b. With regard to the branch work categories in subsection a. of this section, the contracting agent shall advertise for and receive in the manner provided by law (1) separate bids for each of the foregoing categories (a) through (e), or (2) single bids by general contractors for all work and materials required to complete the entire project, if awarded as a single contract, or (3) both. In the case of separate bids under paragraph (1) or (3) of this subsection for categories (a) through (d) of subsection a. of this section, prime contractors shall not be required to name subcontractors in their bid. In the case of a single bid under paragraph (2) or (3), all bids submitted shall set forth the name or names of, and evidence of performance security from, all subcontractors to whom the general contractor will subcontract the work described in the foregoing categories (a) through (d) of subsection a. of this section. Subcontractors who furnish non-specialty trade work pursuant to category (e) or subcontractors who furnish work to named subcontractors pursuant to categories (a) through (d) shall not be named in the bid. Notwithstanding the foregoing provisions of this subsection, a county college may choose to require in its bid specification that a subcontractor shall be named in a bid when, in the case of paragraph (1) of subsection b. of this section, separate bids for each category, the work of that subcontractor exceeds 35 percent of the county college’s estimated amount of value of the work, which shall be set forth in the bid specification.

c. Contracts shall be awarded to the lowest responsible bidder. In the event that a contract is advertised in accordance with (3) above, the contract shall be awarded in the following manner: if the sum total of the amounts bid by the lowest responsible bidder for each category (a) through (e) is less than the amount bid by the lowest responsible bidder for all the work and materials, the county college shall award separate contracts for each of such categories to the lowest responsible bidder therefor, but if the sum total of
the amount bid by the lowest responsible bidder for each category is not less than the amount bid by the lowest responsible bidder for all the work and materials, the county college shall award a single contract to the lowest responsible bidder for all of such work and materials. In every case in which a contract is awarded under (2) above, all payments required to be made under the contract for work and materials supplied by a subcontractor shall, upon the certification of the contractor of the amount due to the subcontractor, be paid directly to the subcontractor.

4. N.J.S.18A:72A-5 is amended to read as follows:

(r) To issue bonds and notes and other obligations of the authority under the direction of law for the purpose of providing financial assistance for the installation of fire prevention and safety systems in dormitories.
5. Section 16 of P.L.1971, c.198 (C.40A:11-16) is amended to read as follows:

C.40A:11-16 Separate plans, specifications for work on public building; contracts.

16. a. (1) In the preparation of plans and specifications for the construction, alteration or repair of any public building by any contracting unit, when the entire cost of the work will exceed the bid threshold, the architect, engineer or other person preparing the plans and specifications may prepare separate plans and specifications for branches of work in the following categories:

(1) The plumbing and gas fitting and all kindred work;
(2) Steam power plants, steam and hot water heating and ventilating and refrigeration apparatus and all kindred work;
(3) Electrical work, including any electrical power plants, tele-data, fire alarm, or security system;
(4) Structural steel and ornamental iron work; and
(5) General construction, which shall include all other work required for the completion of the project.

(2) With regard to the branch work categories in paragraph (1) of this subsection, the contracting agent shall advertise for and receive, in the manner provided by law, either (a) separate bids for each of said categories, or (b) single bids by general contractors for all the work, goods and services required to complete the public building to be included in a single overall contract, or (c) both. In the case of separate bids under (a) or (c) of this paragraph, contractors for categories (1) through (4) shall not be required to name subcontractors in their bid. In the case of a single bid under (b) or (c), there shall be set forth in the bid the name or names of all subcontractors to whom the general contractor will subcontract for categories (1) through (4). Subcontractors who furnish general construction work pursuant to category (5), or subcontractors who furnish work to named subcontractors pursuant to categories (1) through (4) shall not be named in the bid. Notwithstanding the foregoing provisions of this paragraph, a contracting unit may choose to require in its bid specification that a subcontractor shall be named in a bid when, in the case of (a) of this paragraph, separate bids for each category, the work of that subcontractor exceeds 35 percent of the contracting unit’s estimated amount of value of the work, which shall be set forth in the bid specification.

(3) The contracting unit shall require evidence of performance security to be submitted simultaneously with the bid. Evidence of performance security may be supplied by the bidder on behalf of himself and any or all
subcontractors, or by each respective subcontractor, or by any combination thereof which results in evidence of performance security equaling, but in no event exceeding, the total amount bid.

b. Whenever a bid sets forth more than one subcontractor for any of the categories (1) through (4) in paragraph (1) of subsection a. of this section, the bidder shall submit to the contracting unit a certificate signed by the bidder listing each subcontractor named in the bid for that category. The certificate shall set forth the scope of work, goods and services for which the subcontractor has submitted a price quote and which the bidder has agreed to award to each subcontractor should the bidder be awarded the contract. The certificate shall be submitted to the contracting unit simultaneously with the list of the subcontractors. The certificate may take the form of a single certificate listing all subcontractors or, alternatively, a separate certificate may be submitted for each subcontractor. If a bidder does not submit a certificate or certificates to the contracting unit, the contracting unit shall award the contract to the next lowest responsible bidder.

c. Contracts shall be awarded to the lowest responsible bidder. In the event that a contract is advertised for both separate bids for each branch of work and for bids for all work, goods, and services, said contract shall be awarded in the following manner: If the sum total of the amounts bid by the lowest responsible bidder for each branch is less than the amount bid by the lowest responsible bidder for all the work, goods and services, the contracting unit shall award separate contracts for each of such branches to the lowest responsible bidder therefor, but if the sum total of the amounts bid by the lowest responsible bidder for each branch is not less than the amount bid by the lowest responsible bidder for all of such work, goods and services, the contracting unit shall award a single overall contract to the lowest responsible bidder for all of such work, goods and services. In every case in which a contract is awarded for a single overall contract, all payments required to be made under such contract for work, goods and services supplied by a subcontractor shall, upon the certification of the contractor of the amount due to the subcontractor, be paid directly to the subcontractor.

d. Any bid specification prepared pursuant to this section that includes the use of 1,000 or more tons of hot mix asphalt, shall include a pay item for any asphalt price adjustment reflecting changes in the cost of asphalt cement. Any bid specification prepared pursuant to this section that includes the use of less than 1,000 tons of hot mix asphalt, shall include a pay item for an asphalt price adjustment for any quantity of hot mix asphalt exceeding 1,000 tons that may be used in the work in the event that per-
formance of the work, including change orders, requires more than 1,000 tons of hot mix asphalt.

The asphalt price adjustment shall be calculated in accordance with the formula and relevant instructions published in the most recent edition of the New Jersey Department of Transportation Standard Specifications for Road and Bridge Construction as revised by the "Standard Inputs" periodically issued by the department. All invoices for payment shall be accompanied by the calculation of any asphalt price adjustment and a showing of the current month's Asphalt Price Index, the Basic Asphalt Price Index.

e. (1) Every bid specification prepared pursuant to this section may be eligible for a fuel price adjustment. Fuel that is eligible for a fuel price adjustment shall be the sum of the quantities of the eligible pay items in the contract times the fuel usage factors as determined by the Department of Transportation. The types of fuel furnished shall be at the option of the contractor.

(2) The fuel requirement for items not determined by the Department of Transportation to be eligible, and for pay items in the bid specifications calling for less than 500 gallons of fuel, shall not be eligible for a fuel price adjustment. If more than one pay item has the same nomenclature but with different thicknesses, depths, or types, each individual pay item must require 500 gallons or more of fuel to be eligible for a fuel price adjustment. If more than one pay item has the exact same nomenclature, similar pay items shall be combined and this combination must require 500 gallons or more of fuel to be eligible for the fuel price adjustment.

(3) Fuel price adjustments shall not be made in those months for which the monthly fuel price index has changed by less than five percent from the basic fuel price.

f. As used in subsections d. and e. of this section:

"Asphalt Price Index" means the Asphalt Price Index as determined and published by the New Jersey Department of Transportation.

"Basic Asphalt Price Index" means the Basic Asphalt Price Index as published by the New Jersey Department of Transportation in its "Standard Specifications for Road and Bridge Construction," as revised by the "Standard Inputs" periodically issued by the New Jersey Department of Transportation.

"Fuel Price Index" means the Fuel Price Index as determined and published by the New Jersey Department of Transportation.

"Pay Item" means a specifically described item of work for which the bidder provides a per unit or lump sum price in a bid specification as determined and published by the New Jersey Department of Transportation.
6. This act shall take effect on the first day of the third month next following enactment.

Approved September 19, 2012.

4. a. CHAPTER 65

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of P.L.1989, c.34 (C.13:1E-48.2) is amended to read as follows:

   2. The Legislature finds and declares that:

   a. Various human and animal health care centers and clinics, hospitals, laboratories, and other facilities generate substantial volumes of medical waste that must be transported and disposed in a sanitary and environmentally sound manner; that this waste poses both a potential threat to the health of those persons who handle, transport, dispose, or otherwise come into contact with it and to the public health; that, in addition to the actual and perceived risks associated with the management of medical waste, there are important aesthetic concerns that must be addressed; that the present regulatory scheme for medical waste is confusing and inadequate, and the enforcement thereof has been lacking and the penalties assessed for violations insufficient; and that the citizens of the State generally lack confidence that medical waste in the State is being managed in a proper and safe manner;

   b. The beaches, coastline, and waters of New Jersey are a natural treasure cherished by the people of the State, provide a superior national recreational destination protected by State and federal law, host a myriad of commercial industries intrinsically linked to the economic prosperity of the State, are a reflection of the State and its reputation, and are host to a tourist industry that provides hundreds of thousands of jobs for New Jersey's workers and generates more than $36 billion for the State's economy;

   c. Medical waste illegally dumped in State waters or washing onto the shores is a health, safety, and environmental hazard, contaminating and pol-
luting highly visited and beloved beaches that are open to the public and supported by both the State and coastal municipalities, and that any disturbance on the beach, in the waters of the State, or otherwise threatening the visitors to such places harms the State's reputation, deters future tourism, diminishes the revenue realized from those places and severely impacts the local economy; and

d. It is therefore appropriate, necessary, and in the best interest of the State to establish a comprehensive management system that provides for the proper and safe tracking, identification, packaging, storage, control, monitoring, handling, collection, and disposal of regulated medical waste; that monitoring of the regulated medical waste stream is best accomplished through the creation of a manifest tracking system for regulated medical waste; and strict enforcement of the law concerning regulated medical waste and the establishment of substantial civil and criminal penalties for violations thereof will deter unlawful behavior and further protect the State's beaches, coastline, waters, and land from illegally dumped medical waste that so greatly affects the health and welfare of citizens and visitors, the quality and safety of State waters, the valuable tourism industry, and the State and local economies.

2. Section 3 of P.L.1989, c.34 (C.13:1E-48.3) is amended to read as follows:

3. As used in P.L.1989, c.34 (C.13:1E-48.1 et al.):

"Facility" means a solid waste facility as defined in section 3 of P.L.1970, c.39 (C.13:1E-3); or any other incinerator or commercial or non-commercial regulated medical waste disposal facility in this State that accepts regulated medical waste for disposal.

"Generator" means an ambulatory surgical or care facility, community health center, medical doctor's office, dentist's office, podiatrist's office, home health care agency, health care facility, hospital, medical clinic, morgue, nursing home, urgent care center, sterile syringe access program operating pursuant to sections 3 and 4 of P.L.2006, c.99 (C.26:5C-27 and C.26:5C-28), veterinary office or clinic, animal, biological, clinical, medical, microbiological, or pathological diagnostic or research laboratory, any of which generates regulated medical waste, or any other facility identified by the departments that generates regulated medical waste. "Generator" shall not include individual households utilizing home self-care.

"Health care professional" means a person licensed or otherwise authorized pursuant to Title 45 of the Revised Statutes to practice a health care profession that is regulated by one of the following boards: the State Board of Medical Examiners, the New Jersey Board of Nursing, the New Jersey State Board of Dentistry, the New Jersey State Board of Pharmacy, the Acupuncture Examining Board, or the State Board of Veterinary Medical Examiners.

"Regulated medical waste" means blood vials; cultures and stocks of infectious agents and associated biologicals, including cultures from medical and pathological laboratories, cultures and stocks of infectious agents from research and industrial laboratories, wastes from the production of biologicals, discarded live and attenuated vaccines, and culture dishes and devices used to transfer, inoculate, and mix cultures; pathological wastes, including tissues, organs, and body parts that are removed during surgery or autopsy; waste human blood and products of blood, including serum, plasma, and other blood components; sharps that have been used in patient care or in medical, research, or industrial laboratories engaged in medical research, testing, or analysis of diseases affecting the human body, including hypodermic needles, syringes, Pasteur pipettes, broken glass, and scalpel blades; contaminated animal carcasses, body parts, and bedding of animals that were exposed to infectious agents during research, production of biologicals, or testing of pharmaceuticals; any other substance or material related to the transmission of disease as may be deemed appropriate by the departments; and any other substance or material as may be required to be
regulated by, or permitted to be exempted from, the Federal Act. The departments may adopt, by rule or regulation and pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), a more specific definition of regulated medical waste upon the expiration of the demonstration program established under the Federal Act.

"Noncommercial facility" means a facility or on-site generator, as the case may be, which accepts regulated medical waste from other generators for on-site disposal for a cost-based fee not in excess of the costs actually incurred by the facility or on-site generator for the treatment or disposal of the regulated medical waste.

"Transporter" means a person engaged in the collection or transportation of regulated medical waste.

3. Section 23 of P.L.1989, c.34 (C.13:1E-48.23) is amended to read as follows:

C.13:1E-48.23 Revocation; suspension of registration; reissuance, reinstatement.

23. a. The departments, after hearing, may revoke or suspend the registration issued to any transporter or facility upon a finding that the transporter or facility has:

   (1) violated this act, or any rule, regulation, or administrative order adopted or issued pursuant thereto;
   (2) violated any law, or any rule, regulation, or administrative order adopted or issued pursuant thereto, related to pollution of the environment or endangerment of the public health; or
   (3) refused or failed to comply with any lawful order of either of the departments.

b. If the transporter or facility continues to operate while suspended the departments shall revoke the registration and authorization of the transporter or facility to operate in the State. After completion of the term of suspension, a transporter or facility may, after a hearing, reapply to the departments to have their registration, or other authorization to operate, reissued or reinstated.

(1) If a violation involving the illegal or improper disposal of regulated medical waste in New Jersey is committed by a transporter or facility that is registered and authorized in another state, the Attorney General of New Jersey shall notify the Attorney General or other equivalent authority of that state within 30 days.

(2) If information concerning a transporter or facility registered and authorized in this State and found in violation of another state's medical
waste disposal laws is received by the Attorney General or another State governmental entity, the Attorney General or other State governmental entity shall forward the information to the departments. Within 60 days, the departments shall determine if the information is sufficient to hold a hearing and consider the suspension or revocation of any registration or other authorization to operate, pursuant to this section.

C.13:1E-48.23a Violations, revocation of generator’s registration; application for reissuance.

4. If, after a hearing, the Commissioner of Environmental Protection and Commissioner of Health and Senior Services determine that a generator is in violation of P.L.1989, c.34 (C.13:1E-48.1 et al.), or any rule or regulation adopted pursuant thereto, and the violation relates to the willful illegal or improper disposal of regulated medical waste, the Department of Environmental Protection and Department of Health and Senior Services, in addition to any other applicable penalties, may suspend or revoke the generator’s registration issued by the departments for the generator to operate in the State. After completion of the term of suspension, a generator may, after a hearing, reapply to the department to have their registration reissued.

a. If a violation involving the illegal or improper disposal of regulated medical waste in New Jersey is committed by a generator that is registered and authorized in another state, the Attorney General of New Jersey shall notify the Attorney General or other equivalent authority of that state within 30 days.

b. If information concerning a generator who is registered in this State and found in violation of another state’s medical waste disposal laws is received by the Attorney General or another State governmental entity, the Attorney General or other State governmental entity shall forward the information to the departments. Within 60 days, the departments shall determine if the information is sufficient to hold a hearing and consider the suspension or revocation of any registration or other authorization to operate, pursuant to this section.

C.13:1E-48.23b Violations, revocation of health care professionals’ license; application for reissuance.

5. In addition to any other applicable penalties, if, after a hearing, the Commissioner of Environmental Protection or Commissioner of Health and Senior Services determines that a violation of P.L.1989, c.34 (C.13:1E-48.1 et al.), or any rule or regulation adopted pursuant thereto, has been committed by a health care professional, then the appropriate professional licensing
board of the health care professional, or the Division of Consumer Affairs in the Department of Law and Public Safety, as the case may be, after a hearing, may suspend or revoke the health care professional’s license or other authorization to practice in the State. After completion of the term of suspension, a health care professional may, after a hearing, reapply to the appropriate professional licensing board of the health care professional, or the Division of Consumer Affairs, to have their license reinstated.

a. If a violation is committed by a health care professional who is licensed or residing in another state, the Attorney General of New Jersey shall notify the Attorney General or other equivalent authority of that state within 30 days.

b. If information concerning a health care professional licensed in this State and found in violation of another state’s medical waste disposal laws is received by the Attorney General or another State governmental entity, the Attorney General or the other State governmental entity shall forward the information to the appropriate professional licensing board, or the Division of Consumer Affairs as the case may be. Within 60 days, the appropriate professional licensing board or the division shall determine if the information is sufficient to hold a hearing and consider the licensure suspension under this section.

CHAPTER 66

AN ACT designating the "Honor and Remember Flag" as the State's official flag for recognizing those of the United States Armed Forces who have given their lives in the line of duty, and supplementing chapter 3 of Title 52 of the Revised Statutes.

WHEREAS, Through the more than 200 years of our nation's history, many millions have served in the armed forces and many hundreds of thousands have died in the line of duty for the United States; and
WHEREAS, Nonetheless, there has never been an official symbol to remind us of these brave members of our military who have lost their lives in our defense; and

WHEREAS, The “Honor and Remember Flag” will serve as that symbol, affording us a means to express our gratitude to the armed service members who have made the ultimate sacrifice, along with their families, who have also endured immense loss; and

WHEREAS, The flag recognizes all armed service members who have died as a result of serving the United States in any war or conflict the nation has been involved in since its inception; and

WHEREAS, The “Honor and Remember Flag” contains several elements, consisting of a red field to represent the blood of the brave men and women who sacrificed their lives for our freedom, a blue star, which has been a symbol of active service in military conflict ever since World War I, a white border to recognize the purity of sacrifice, a gold star to symbolize those who have made the ultimate sacrifice in service to our country, a folded flag element to highlight our nation’s final tribute to a fallen service member, and a flame to symbolize the eternal spirit of the departed; and

WHEREAS, The flag was conceived by George Lutz, the father of George Anthony Lutz II, “Tony,” who was killed by a sniper’s bullet while he was on patrol in Fallujah, Iraq on December 29, 2005; and

WHEREAS, During the emotional months that followed Tony’s death, Mr. Lutz visited other families who had lost loved ones in the Iraq war, and was overcome with a sense that he had joined the ranks of a unique fellowship, and found consistently that these other families shared a desire to know that their loved one’s sacrifice was not in vain and that the nation would never forget; and

WHEREAS, After Mr. Lutz learned that the nation did not have an officially recognized symbol to acknowledge the sacrifice of the estimated 1.6 million American service members who have given their lives, the “Honor and Remember Flag” was created; and

WHEREAS, To ensure that we never forget the immense sacrifices of fallen soldiers and their families, it is fitting for this State to properly symbolize its gratitude; now, therefore,

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. R.S.34:15-15 is amended to read as follows:

Medical and hospital service.

34:15-15. The employer shall furnish to the injured worker such medical, surgical and other treatment, and hospital service as shall be necessary to cure and relieve the worker of the effects of the injury and to restore the functions of the injured member or organ where such restoration is possible; provided, however, that the employer shall not be liable to furnish or pay for physicians' or surgeons' services in excess of $50.00 and in addition to furnish hospital service in excess of $50.00, unless the injured worker or the worker's physician who provides treatment, or any other person on the worker's behalf, shall file a petition with the Division of Workers' Compensation stating the need for physicians' or surgeons' services in excess of $50.00, as aforesaid, and such hospital service or appliances in excess of $50.00, as aforesaid, and the Division of Workers' Compensation after investigating the need of the same and giving the employer an opportunity to be heard, shall determine that such physicians' and surgeons' treatment and hospital services are or were necessary, and that the fees for the same are reasonable and shall make an order requiring the employer to pay for or furnish the same. The mere furnishing of medical treatment or the payment thereof by the employer shall not be construed to be an admission of liability.
If the employer shall refuse or neglect to comply with the foregoing provisions of this section, the employee may secure such treatment and services as may be necessary and as may come within the terms of this section, and the employer shall be liable to pay therefor; provided, however, that the employer shall not be liable for any amount expended by the employee or by any third person on the employee's behalf for any such physicians' treatment and hospital services, unless such employee or any person on the employee's behalf shall have requested the employer to furnish the same and the employer shall have refused or neglected so to do, or unless the nature of the injury required such services, and the employer or the superintendent or foreman of the employer, having knowledge of such injury shall have neglected to provide the same, or unless the injury occurred under such conditions as make impossible the notification of the employer, or unless the circumstances are so peculiar as shall justify, in the opinion of the Division of Workers' Compensation, the expenditures assumed by the employee for such physicians' treatment and hospital services, apparatus and appliances.

All fees and other charges for such physicians' and surgeons' treatment and hospital treatment shall be reasonable and based upon the usual fees and charges which prevail in the same community for similar physicians', surgeons' and hospital services.

When an injured employee may be partially or wholly relieved of the effects of a permanent injury, by use of an artificial limb or other appliance, which phrase shall also include artificial teeth or glass eye, the Division of Workers' Compensation, acting under competent medical advice, is empowered to determine the character and nature of such limb or appliance, and to require the employer or the employer's insurance carrier to furnish the same.

Fees for treatments or medical services that have been authorized by the employer or its carrier or its third party administrator or determined by the Division of Workers' Compensation to be the responsibility of the employer, its carrier or third party administrator, or have been paid by the employer, its carrier or third party administrator pursuant to the workers' compensation law, R.S. 34:15-1 et seq., shall not be charged against or collectible from the injured worker. Exclusive jurisdiction for any disputed medical charge arising from any claim for compensation for a work-related injury or illness shall be vested in the division. The treatment of an injured worker or the payment of workers' compensation to an injured worker or dependent of an injured or deceased worker shall not be delayed because of a claim by a medical provider.

CHAPTER 69

AN ACT concerning individuals with developmental disabilities, designated as “Tara’s Law,” supplementing chapter 6D of Title 30 of the Revised Statutes, and amending various parts of the statutory law.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.30:6D-5.7 Findings, declarations relative to individuals with developmental disabilities.

1. The Legislature finds and declares that:
   a. There are hundreds of community care residences in the State in which an adult or family secures a license from the Department of Human Services to provide care or training, or both, to up to four individuals with developmental disabilities;
   b. For protection of the individuals with developmental disabilities residing in these community care residences, there needs to be an increase in the oversight of the persons licensed to operate community care residences, the case managers who are required to conduct monthly visits of these residences, and the day programs that individuals with developmental disabilities are scheduled to, but may not actually, attend;
   c. It is also important to improve communications with guardians and authorized family members of individuals with developmental disabilities residing in community care residences so that guardians and authorized family members know whether the individual is receiving good care, attending scheduled day programs, and following the individualized habilitation plan developed for the individual;
   d. Currently an individual with a developmental disability residing in a community care residence is required to have annual medical examinations; for the protection of an individual who may be suffering injury in-
flicted by the licensee of the community care residence, the examining phy­sician should be required to take protective custody of the individual and report such action to the Department of Human Services;

e. Ensuring that investigators have access to communications con­cerning allegations of abuse, neglect, or exploitation of an individual with a disability, and that investigative reports examine the role of those oversee­ing the persons providing care to individuals with developmental disabili­ties, would provide needed information for any civil or criminal proceeding that may follow an allegation of abuse, neglect, or exploitation; and

f. It is the policy of this State to: ensure that there is sufficient over­sight of community care residences and day programs attended by indi­viduals with developmental disabilities residing in community care resi­dences; protect these individuals from injury that may be inflicted by the very persons charged with providing them with care; and safeguard and report information that may be important for a civil or criminal proceeding that may follow an allegation of abuse, neglect, or exploitation of an indi­vidual with a developmental disability residing in a community setting.

C.30:6D-5.8 Definitions relative to individuals with developmental disabilities.

“Unfounded” means the available information obtained during the investigation of an allegation of abuse, neglect, or exploitation indicates a finding that there is no risk to the safety or welfare of the individual with a developmental disability.

“Unsubstantiated” means the available information obtained during the investigation of an allegation of abuse, neglect, or exploitation provides some indication of a finding that an individual with a developmental disability has been harmed or placed at substantial risk of harm by a caretaker or licensee.

C.30:6D-5.9 Rules concerning licensed community care residence.

3. A community care residence licensed by the Department of Human Services pursuant to N.J.A.C. 10:44B-1.1 et seq. shall be subject to the following provisions:

a. If, as a result of an annual inspection of a community care residence by the Office of Licensing that allows for inquiry into the facilities, records, equipment, sanitary conditions, accommodations, and management of an individual with a developmental disability as required by N.J.A.C. 10:44B-1.1 et seq., a licensee is required to provide a plan of correction and that plan has not been successfully implemented, as determined by the supervisor of the case manager of the individual or the office, within 30 days of the date that the licensee submitted the plan to the office, an individual with a developmental disability residing in that residence shall be
removed from the residence if the supervisor, in consultation with the office, determines that the licensee's failure to implement the plan of correction threatens the health and well-being of the individual with the developmental disability.

b. If the health, safety, or well-being of an individual with a developmental disability residing in a community care residence is threatened because of a licensee's noncompliance with the standards adopted by regulation of the department, the individual with a developmental disability shall be removed from the residence, and the licensee shall be subject to negative licensing action by the Office of Licensing.

c. (1) The department shall have the authority to impose a penalty in an amount of $350 per day on the licensee for a repeated failure to implement a required plan of correction. The penalty shall be payable to the Treasurer of the State of New Jersey and shall be used to provide food and care to individuals with developmental disabilities residing in community care residences.

(2) If the department determines that a repeated failure to implement a required plan of correction endangers the health and well-being of an individual with a developmental disability, the department may, upon notice and after hearing, revoke the license issued to operate a community care residence.

C.30:6D-5.10 Compliance by licensee required.

4. a. The Department of Human Services shall require a licensee, as a condition of maintaining a license to operate a community care residence, to comply with the following provisions:

(1) A licensee shall, annually, undergo an examination by a physician to ascertain whether the licensee is physically and mentally capable of fulfilling the job duties of a licensee, as specified on the form listing a licensee's job duties prepared by the department pursuant to section 5 of this act and completed by the physician pursuant to this subsection. Upon conclusion of the examination, the physician shall provide the licensee with a statement as to whether the licensee is capable of fulfilling the duties of a licensee, and complete and attach the form on which the physician shall indicate, for each duty, whether the licensee is capable of fulfilling the duty. The department may, at its discretion, require further physical or mental health examinations of the licensee.

(2) Upon receipt of the physician statement and completed form, a licensee shall provide the statement and form to the department. If a licensee fails to provide the statement and form, the commissioner shall have the
authority to: stop any payments to the licensee; seek recovery of any payments to the licensee from the date that the statement and form were due; and not resume payment until such time as the licensee submits the statement and form.

(3) If, after undergoing the examination, a licensee is unable to provide the physician's statement and the completed form, the licensing agency shall take negative licensing action against the licensee.

b. (1) In the event that an individual with a developmental disability is not capable of managing the individual's own funds, a licensee who is responsible for making purchases and disbursements on the individual's behalf shall not make such a purchase or disbursement unless that purchase or disbursement reflects the specific needs of the individual with a developmental disability.

(2) Over a four-year period, the Office of Auditing in the department shall review a random sample of one month's worth of receipts or records for purchases and disbursements made on behalf of each individual with a developmental disability. The case manager and the case manager's supervisor shall also review a random sample of receipts and records of such purchases and disbursements. If it is determined that a purchase or disbursement does not reflect the specific needs of the individual with a developmental disability, that fact shall be documented and the commissioner or the commissioner's designee shall be so advised. The commissioner or the commissioner's designee may instruct the licensing agency to take negative licensing action.

(3) (a) If there is evidence that an inappropriate purchase or disbursement entailed an egregious amount of money, the commissioner or the commissioner's designee shall report the purchase or disbursement to the Attorney General.

(b) If there is evidence that a case manager was aware of an egregious inappropriate purchase or disbursement and failed to document that fact or notify the case manager's supervisor, the commissioner or the commissioner's designee shall notify the Attorney General.

c. A licensee shall annually attend a continuing education program conducted or approved by the department, as provided for in section 5 of this act.

d. A licensee shall annually take a two-week leave from providing services to an individual with a developmental disability residing in a community care residence, during which time an alternate shall provide care or training, or both, to the individual with a developmental disability.
e. A licensee shall demonstrate to the case manager the licensee's ability to provide any physical assistance that individuals in the licensed home may require.

f. A licensee shall immediately notify the responsible placing agency in the event of a lapse in the individual's participation or attendance in the individual's day program that exceeds a duration of five consecutive days, with the exception of a planned vacation or a documented medical reason.

C.30:6D-5.11 Provisional license.

5. a. The department may issue a provisional license to operate a community care residence, not to exceed a three-month period, during which time the licensee shall demonstrate the ability to comply with the provisions of this act and the licensing standards adopted by regulation of the department for the operation of a community care residence.

b. The department shall conduct, or approve another entity to conduct, a continuing education program for a licensee.

c. The department shall prepare a form listing the job duties of a licensee and biennially distribute the form to a licensee for completion by the licensee's physician in accordance with the provisions of section 4 of this act. The form shall contain a checklist on which the physician shall indicate a licensee's ability to perform each duty.

C.30:6D-5.12 Provision of written report by case manager.

6. a. A case manager conducting a visit to an individual with a developmental disability residing in a community care residence, in accordance with section 8 of P.L.1983, c.524 (C.30:6D-20), shall, upon completion of the visit, provide a written report to the case manager's supervisor and, if requested, to the guardian or authorized family member, as appropriate, of the individual with a developmental disability. The report, which shall be sent electronically to the case manager's supervisor and, if practicable, electronically to the guardian or authorized family member, shall include information pertaining to the care and safety of the individual with a developmental disability, including, but not limited to, personal hygiene and grooming, nutritional and clothing needs, overall sanitary and living conditions of the community care residence, and the general well-being of the individual with a developmental disability.

The reports made pursuant to this subsection may be shared with persons other than the guardian or authorized family member, if the individual with the developmental disability so authorizes in writing.
b. The case manager shall also review the records required to be main­
tained in a community care residence pursuant to N.J.A.C.10:44B-1.1 et seq., on a monthly basis. The case manager’s supervisor shall review the records when the supervisor performs the visit required by section 7 of this act. The case manager or supervisor, or both, as applicable, shall provide written documentation that the records were reviewed and include that documenta­
tion with the records maintained pursuant to N.J.A.C.10:44B-1.1 et seq.

C.30:6D-5.13 Visit by supervisor of case manager.

7. The supervisor of a case manager shall, over a three-year period, visit 100 percent of the individuals with developmental disabilities who are assigned to the case manager and residing in a community care residence, except that individuals who are their own guardians may decline such visits by providing a written statement to that effect to the department. One third of the visits shall be conducted in each of the first three years. If, after three years, the supervisor determines that, based on certain factors, includ­ing, but not limited to, the number and age of the individuals residing in the community care residence, whether each individual attends a day program on a regular basis, and lack of complaints after three years, the individuals in the community care residence are not at risk for abuse, neglect, or ex­ploitation, the visits may be reduced to one visit every four years.

a. The visit shall be conducted by the supervisor in coordination with a case manager who is unaffiliated with and unfamiliar to the assigned case manager. The supervisor and unaffiliated case manager shall prepare and provide to the guardian or authorized family member of the individual with a developmental disability a written report pertaining to the care and safety of that individual.

b. The supervisor shall conduct a review of:

(1) a member of the household of a community care residence who is 18 years of age or older to determine whether the presence of the person 18 years of age or older in the household changes the character of the commu­nity care residence so that it is no longer a positive environment for care or training, or both, of an individual with a developmental disability;

(2) a licensee who is 65 years of age or older to determine whether the licensee is capable of continuing to provide care or training, or both, to an individual with a developmental disability; and

(3) a licensee who experiences a life-changing event that causes a changed physical or mental condition of the licensee, to determine whether the licensee is able to provide care or training, or both, to an individual with a developmental disability.
c. The supervisor shall prepare a written report of a review conducted pursuant to subsection b. of this section and the report shall be made part of the records maintained in a community care residence pursuant to N.J.A.C. 10:44B-1.1 et seq.

d. If, based on the supervisor’s and unaffiliated case manager’s review and input from family members or the guardian of the individual with a developmental disability residing in the community care residence, the supervisor determines that the individual would benefit from a change in the individual’s case manager, the supervisor shall assign a different case manager to the individual.

e. If, as a result of a visit or review conducted pursuant to this section, a supervisor determines that a licensee is not capable of providing care or training, or both, to an individual with a developmental disability, the supervisor shall so advise the commissioner or the commissioner’s designee who shall instruct the licensing agency to take negative licensing action. In such a case, the supervisor shall provide a copy of the written report prepared pursuant to section 6 of this act and any written report prepared pursuant to subsection c. of this section to the commissioner or the commissioner’s designee.

f. The Office of Licensing shall annually conduct routine unannounced visits of 10 percent of community care residences Statewide. These visits shall include a review of financial records, including receipts for purchases and disbursement.

C.30:6D-5.14 Notice to licensee.

8. Before taking negative licensing action pursuant to this act, the department shall give notice to a licensee personally or by mail to the last known address of the licensee with return receipt requested. The notice shall afford the licensee the opportunity to be heard and to contest the department’s action. The hearing shall be conducted in accordance with the “Administrative Procedure Act,” P.L.1968, c.410 (C.52:14B-1 et seq.).

9. Section 3 of P.L.2010, c.5 (C.30:6D-75) is amended to read as follows:

3. a. A case manager or case manager’s supervisor in the department, a person employed or volunteering in a program, facility, community care residence, or living arrangement licensed or funded by the department, or a person providing community-based services with indirect State funding to a
person with a developmental disability, as applicable, having reasonable cause to believe that an individual with a developmental disability has been subjected to abuse, neglect, or exploitation by a caregiver shall report the same immediately to the department by telephone or otherwise. Such report, where possible, shall contain the name and address of the individual with a developmental disability and the caregiver responsible for the care, custody, or control of the individual with a developmental disability, and the guardian, or other person having custody and control of the individual and, if known, the condition of the individual with a developmental disability, the nature and possible extent of the individual’s injuries, maltreatment, abuse, neglect or exploitation, including any evidence of previous injuries, maltreatment, abuse, neglect, or exploitation, and any other information that the person believes may be helpful with respect to the injuries, maltreatment, abuse, neglect, or exploitation of the individual with a developmental disability and the identity of the alleged offender.

b. Within the department, the commissioner shall maintain a unit to receive and prioritize such reports, initiate appropriate responses through timely and appropriate investigative activities, alert appropriate staff, and ensure that findings are reported in a uniform and timely manner.

c. (1) A person employed or volunteering in a program, facility, community care residence, or living arrangement licensed or funded by the department, or a person providing community-based services with indirect State funding to a person with a developmental disability, as applicable, who fails to report an act of abuse, neglect, or exploitation against an individual with a developmental disability while having reasonable cause to believe that such an act has been committed, is a disorderly person.

(2) A case manager or case manager’s supervisor in the department who fails to report an act of abuse, neglect, or exploitation of an individual with a developmental disability while having reasonable cause to believe that such an act has been committed, shall be guilty of a disorderly person’s offense, unless the abuse, neglect, or exploitation results in the death of an individual with a developmental disability, in which case the case manager or case manager’s supervisor shall be guilty of a crime of the fourth degree.

d. In addition to any penalty imposed pursuant to this section, a person convicted under this section shall be subject to a penalty in the amount of $350 for each day that the abuse, neglect, or exploitation was not reported, payable to the Treasurer of the State of New Jersey, which shall be used by the department to fund the provision of food and care to individuals with developmental disabilities residing in community care residences.
e. A case manager or case manager’s supervisor who is charged with failure to report an act of abuse, neglect, or exploitation of an individual with a developmental disability while having reasonable cause to believe that such an act has been committed, shall be temporarily reassigned to duties that do not involve contact with individuals with developmental disabilities or other vulnerable populations and shall be terminated from employment if convicted.

In the case of a case manager or case manager’s supervisor who is employed by the department, the case manager or supervisor shall retain any available right of review by the Civil Service Commission.

10. Section 4 of P.L.2010, c.5 (C.30:6D-76) is amended to read as follows:

C.30:6D-76 Actions by department after receiving reports.

4. a. Upon receipt of a report pursuant to section 3 of this act, the department shall designate an entity, as established by the commissioner, that shall immediately take such action as shall be necessary to ensure the safety of the individual with a developmental disability and to that end may request appropriate assistance from local and State law enforcement officials or contact Adult Protective Services to provide assistance in accordance with the provisions of P.L.1993, c.249 (C.52:27D-406 et seq.).

b. The commissioner shall adopt rules and regulations necessary to provide for an investigation of a reported incident and subsequent substantiation or non-substantiation of an allegation of abuse, neglect, or exploitation of an individual with a developmental disability by a caregiver, by maintaining a Special Response Unit to investigate serious unusual incidents, as defined by applicable rules and regulations, in facilities or community programs licensed, contracted, or regulated by the department. During its investigation of an allegation of abuse, neglect, or exploitation of an individual with a developmental disability by a caregiver, the Special Response Unit shall make a good faith effort to notify the caregiver of the possibility of the caregiver’s inclusion on the registry, and give the caregiver an opportunity to respond to the department concerning the allegation.

c. The Special Response Unit, the department, or other investigating entity shall forward to the commissioner, or the commissioner’s designee, a substantiated incident of abuse, neglect, or exploitation of an individual with a developmental disability for inclusion of an offending caregiver on the central registry. The Special Response Unit, the department, or other investigating entity shall also forward to the commissioner, or the commissioner’s designee, all unsubstantiated incidents of abuse, neglect, or explo-
tation of an individual with a developmental disability. As soon as possible, and no later than 14 days after receipt of the incident of abuse, neglect, or exploitation, the commissioner or the commissioner's designee shall review the incident. The offending caregiver of a substantiated incident shall be included on the central registry as expeditiously as possible. The Special Response Unit shall retain a record of all unsubstantiated incidents.

d. CHAPTER 70

AN ACT establishing a summary action to foreclose mortgages on vacant and abandoned residential property and supplementing chapter 50 of Title 2A of the New Jersey Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.2A:50-73 Summary action to foreclose mortgages on certain properties.

1. a. For the purposes of this section, "vacant and abandoned" residential property means residential real estate with respect to which the mortgagee proves, by clear and convincing evidence, that the mortgaged real estate is vacant and has been abandoned. Real property shall be deemed "vacant and abandoned" if the court finds that the mortgaged property is not occupied by a mortgagor or tenant as evidenced by a lease agreement entered into prior to the service of a notice of intention to commence foreclosure according to section 4 of the "Fair Foreclosure Act," P.L.1995, c.244 (C.2A:50-56), and at least two of the following conditions exist:
   (1) overgrown or neglected vegetation;
   (2) the accumulation of newspapers, circulars, flyers or mail on the property;
   (3) disconnected gas, electric, or water utility services to the property;
   (4) the accumulation of hazardous, noxious, or unhealthy substances or materials on the property;
   (5) the accumulation of junk, litter, trash or debris on the property;
   (6) the absence of window treatments such as blinds, curtains or shutters;
   (7) the absence of furnishings and personal items;
   (8) statements of neighbors, delivery persons, or government employees indicating that the residence is vacant and abandoned;
   (9) windows or entrances to the property that are boarded up or closed off or multiple window panes that are damaged, broken and unrepairo
(10) doors to the property that are smashed through, broken off, unhinged, or continuously unlocked;

(11) a risk to the health, safety or welfare of the public, or any adjoining or adjacent property owners, exists due to acts of vandalism, loitering, criminal conduct, or the physical destruction or deterioration of the property;

(12) an uncorrected violation of a municipal building, housing, or similar code during the preceding year, or an order by municipal authorities declaring the property to be unfit for occupancy and to remain vacant and unoccupied;

(13) the mortgagee or other authorized party has secured or winterized the property due to the property being deemed vacant and unprotected or in danger of freezing;

(14) a written statement issued by any mortgagor expressing the clear intent of all mortgagors to abandon the property;

(15) any other reasonable indicia of abandonment.

b. For the purposes of this section, a residential property shall not be considered "vacant and abandoned" if, on the property:

(1) there is an unoccupied building which is undergoing construction, renovation, or rehabilitation that is proceeding diligently to completion, and the building is in compliance with all applicable ordinances, codes, regulations, and statutes;

(2) there is a building occupied on a seasonal basis, but otherwise secure;

(3) there is a building that is secure, but is the subject of a probate action, action to quiet title, or other ownership dispute.

c. In addition to the residential mortgage foreclosure procedures set out in the "Fair Foreclosure Act," P.L.1995, c.244 (C.2A:50-53 et seq.), a summary action to foreclose a mortgage debt secured by residential property that is vacant and abandoned may be brought by a lender in the Superior Court. In addition, a lender may, at any time after filing a foreclosure action, file with the court, in accordance with the Rules Governing the Courts of the State of New Jersey, an application to proceed in a summary manner because the residential property that is the subject of the foreclosure action is believed to be "vacant and abandoned"; provided, however, that this section shall not apply to a foreclosure of a timeshare interest secured by a mortgage.

d. (1) In addition to the service of process required by the Rules of Court, a lender shall establish, for the entry of a residential foreclosure judgment under this section, that a process server has made two unsuccessful attempts
to serve the mortgagor or occupant at the residential property, which attempts must be at least 72 hours apart, and during different times of the day, either before noon, between noon and 6 P.M., or between 6 P.M. and 10 P.M.

(2) In addition to any notices required to be served by law or the Rules of Court, a lender shall, with any order to show cause served as original service of process or a motion to proceed summarily, serve a notice that the lender is seeking, on the return date of the order to show cause, or on the date fixed by the court, to proceed summarily for entry of a residential foreclosure judgment because the property is vacant and abandoned.

(3) When a property is deemed vacant and abandoned as herein defined, a lender shall not be required to serve the debtor with the notice to cure required by section 6 of the "Fair Foreclosure Act," P.L.1995, c.244 (C.2A:50-58).

e. (1) The court may enter a final residential mortgage foreclosure judgment under this section upon a finding, (a) by clear and convincing evidence, that the residential property is vacant and abandoned as defined under subsection a. of this section, and (b) that a review of the pleadings and documents filed with the court, as required by the Rules of Court, supports the entry of a final residential mortgage foreclosure judgment.

(2) A final residential mortgage foreclosure judgment under this section shall not be entered if the court finds that:

(a) the property is not vacant or abandoned; or

(b) the mortgagor or any other defendant has filed an answer, appearance, or other written objection that is not withdrawn and the defenses or objection asserted provide cause to preclude the entry of a final residential mortgage foreclosure judgment.

f. If a final residential mortgage foreclosure judgment under this section is not entered on the original or adjourned return date of an order to show cause or the date fixed by the court to proceed summarily, the court may direct that the foreclosure action continue on the normal track for residential mortgage foreclosure actions for properties that are not vacant and abandoned and the notice to cure served with the order to show cause or the order fixing that date for the matter to proceed summarily shall be of no effect.

g. All actions brought to foreclose on real property pursuant to this section shall proceed in accordance with the Rules of Court.

h. Nothing in this section is intended to supersede or limit other procedures adopted by the Court to resolve residential mortgage foreclosure actions, including, but not limited to, foreclosure mediation.

i. Nothing in this section shall be construed to affect the rights of a tenant to possession of a leasehold interest under the Anti-Eviction Act,

j. Notwithstanding paragraph (3) of subsection a. of section 12 of P.L.1995, c.244 (C.2A:50-64) to the contrary, if the court makes a finding in the foreclosure judgment that the property is vacant and abandoned, the sheriff shall sell the property within 60 days of the sheriff's receipt of any writ of execution issued by the court. If it becomes apparent that the sheriff cannot comply with the provisions of this subsection, theforeclosing plaintiff may apply to the court for an order appointing a Special Master or judicial agent to hold the foreclosure sale.

2. This act shall take effect immediately but shall remain inoperative until the first day of the fourth month next following the date of enactment.

Approved December 3, 2012.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.45:14H-1 Findings, declarations relative to standards for persons installing, repairing, maintaining elevators, escalators, and moving walkways.

1. The Legislature finds and declares that the citizens and residents of the State of New Jersey are entitled to the maximum protection practicable when using elevator, escalator, and moving walkway devices, and that the protection can be increased by requiring appropriate training and experience for persons installing, repairing, and maintaining those devices. It is therefore necessary for the public good to establish standards of education, training, and experience for these installers and mechanics and to provide for their appropriate examination and certification.

One individual who is primarily engaged in the business of elevator, escalator, or moving walkway installation, alteration, repair, or maintenance of those devices;

One individual who represents the interests of the elevator architectural design community; and

The Governor may remove any member of the board, other than the State executive department member, for cause.

The board shall meet at such times as the board deems necessary, and may form such committees as is deemed necessary for the purpose of conducting disciplinary proceedings, or otherwise.

c. Adopt a seal which shall be affixed to all licenses issued by it;
d. Adopt rules and regulations pursuant to the “Administrative Procedure Act,” P.L.1968, c.410 (C.52:14B-1 et seq.) as it may deem necessary to enable it to perform its duties under, and to enforce, the provisions of this act;
e. Annually publish a list of the names and addresses of all persons who are licensed under this act;
f. Establish standards for continuing education, which at a minimum shall include eight hours of instruction to be completed within one year immediately preceding any license renewal; and

C.45:14H-4 Application for licensure.
4. Any person desiring to obtain an elevator, escalator, and moving walkway mechanic’s license, which shall authorize such licensee to install, construct, alter, maintain, service, repair, or test elevators, escalators, and moving walkways, shall make application for licensure to the Elevator, Escalator, and Moving Walkway Mechanics Licensing Board, pay all the fees required in connection with the application, and be examined as required by section 6 of this act.

No such license shall be required for any person who installs, constructs, alters, services, repairs, tests, or maintains a chair lift device or stair lift device in a dwelling unit.

C.45:14H-5 Prohibited actions without license; application, requirements, fee.
5. a. On or after the date sections 5, 10, and 12 of this act become operative, a person shall not:
   (1) install;
   (2) construct;
   (3) alter;
   (4) service;
   (5) repair;
   (6) test; or
   (7) maintain elevator, escalator, or moving walkway devices, or use the title or designation of "licensed" in any manner concerning these activities, unless licensed as an elevator, escalator, and moving walkway mechanic pursuant to the provisions of this act, or working under the supervision of a person so licensed, such as an apprentice. No such license shall be required for any
person who installs, constructs, alters, services, repairs, tests, or maintains a chair lift device or stair lift device in a dwelling unit.

b. No person shall engage in the business of contracting or advertise in any manner as an elevator, escalator, and moving walkway mechanic or use the title or designation of "licensed elevator mechanic," "licensed escalator mechanic," or "licensed moving walkway mechanic," unless duly licensed to act as such. C.45:14H-6 Licensing examination.

6. a. Every elevator, escalator, and moving walkway mechanic's license examination shall be substantially uniform and shall be designed so as to establish the competence and qualifications of the applicant to perform the type of work for which licensure is sought. The examination may be theoretical or practical in nature, or both, and may be based on an examination promulgated by a professional organization. Proof of passage of the National Elevator Industry Educational Program (NEIEP), or its successor
organization's, examination shall be sufficient to satisfy the examination requirement of this section. The examination may be waived if the applicant provides adequate proof to the board of employment as an elevator, escalator, and moving walkway mechanic within the State for at least three years immediately prior to the date of application without the direct and immediate supervision of an elevator, escalator, and moving walkway mechanic licensed to do business within the State.

b. The examination shall be held at least four times a year, at Trenton or other place the board deems necessary. Public notice of the time and place of the examination shall be given by the board in accordance with the "Senator Byron M. Baer Open Public Meetings Act," P.L.1975, c.231 (C.10:4-6 et seq.).

7. Elevator mechanics' licenses shall be renewed biennially by the board upon written application of the holder and payment of the prescribed fee and renewal of the bond required by section 12 of this act. A license may be renewed without reexamination, if the application for renewal is made within 30 days next preceding or following the scheduled expiration date. Any applicant for renewal making application at any time subsequent to the 30th day next following the scheduled expiration date may be required by the board to be reexamined, and that person shall not continue to act as a licensed mechanic in the elevator trade, as described in this act, and no firm, corporation or other legal entity for which the person is the bona fide representative shall operate under a license in the elevator trade, as described in this act, until a valid license has been secured or is held by a bona fide representative.

Any license expiring while the holder is outside the continental limits of the United States in connection with any project undertaken by the government of the United States, or while in the services of the Armed Forces of the United States, shall be renewed without the holder being required to be reexamined, upon payment of the prescribed fee at any time within four months after the person's return to the United States or discharge from the armed forces, whichever is later.
C.45:14H-8 Granting of license without examination under certain circumstances.

8. The board may in its discretion grant licenses without examination to applicants so licensed by other states; provided that equal reciprocity is provided for New Jersey licensed mechanics by the law of the applicant's domiciliary state and provided further that the domiciliary state's standards are equal to or comparable to those of this State.

C.45:14H-9 Issuance of license; requirements.

9. Notwithstanding any other provision of this act to the contrary, the board shall, upon application to it and submission of satisfactory proof and the payment of the prescribed fee within 12 months following the date sections 5, 10, and 12 of this act become operative, issue an elevator, escalator, and moving walkway mechanic license without examination to any person, provided proof of one of the following subsections is provided:
   a. Proof of acceptable work experience in the elevator, escalator, and moving walkway industry in the installation, construction, alteration, repair, maintenance, service, or testing, or any combination thereof, as verified through previous and current employers and copies of filed income tax returns or W-2 or 1099 forms, and proof of successful passage of an examination for elevator mechanics offered by a nationally recognized training program for the elevator, escalator, and moving walkway industry, such as the National Elevator Industry Educational Program or an equivalent program; or
   b. Proof of acceptable work experience by the applicant in the elevator, escalator, and moving walkway industry in the installation, construction, alteration, repair, maintenance, service, or testing, or any combination thereof, without direct and immediate supervision, within the State for at least three years, as verified by previous and current employers or through building permits reflecting the applicant's name, or a company for which the applicant was an agent, or through proof of insurance or bonds issued covering the applicant, or letters of reference from construction code officials who have examined the applicant's work.

C.45:14H-10 Subcontractors, license required.

10. A contractor shall subcontract all elevator, escalator, and moving walkway installation work, unless the contractor holds an elevator, escalator, and moving walkway mechanic's license to install those devices.

C.45:14H-11 Grounds for suspension, revocation of license.

11. a. The license of an elevator mechanic may be suspended for a fixed period, or may be revoked, or the licensee may be censured, reprimanded or otherwise disciplined, in accordance with the provisions and
procedures defined in this act, if after due hearing it is determined that the licensee:

(1) Is guilty of any fraud or deceit in the licensee's activities as an elevator mechanic, including making false statements as to a material matter in the application for the license, or has been guilty of any fraud, deceit, or bribery in procuring his license;

(2) Has failed to notify the board or the owner or lessee of an elevator of a condition not in compliance with the elevator subcode of the State Uniform Construction Code;

(3) Has aided and abetted a person who is not a licensed elevator mechanic to engage in the activities of a licensed elevator mechanic, other than an approved apprenticeship program;

(4) Has been guilty of unethical conduct as defined by rules promulgated by the board; or

(5) Has continued to practice without obtaining a license renewal as required by this act.

b. (1) The charges may be referred by any person, corporation, association or public officer, or by the board in the first instance. A copy thereof, together with a report of the investigation, shall be referred to the board for a recommendation. The board shall review the information, and determine whether action may be necessary. If action may be considered against a licensee, the board shall provide a hearing, and provide written notice thereof, either by registered mail or personal service, at least 10 days prior to the date set for such hearing, to the address of record of the licensee. The notice shall set forth the time, date and location of the hearing, and shall set forth a statement of the allegations constituting the grounds for the charges against the licensee. The board shall make a determination within 48 hours of the hearing whether the licensee will be sanctioned.

(2) Any person whose license is revoked, suspended, or subject to a civil penalty, may appeal the matter to the Office of Administrative Law for a hearing before an administrative law judge, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.). For the purpose of this section, the administrative law judge shall have power to issue subpoenas for the appearance of witnesses, and to take testimony under oath. Upon review of the record of the hearing, the reviewing entity may affirm, modify or reject the written report and recommendation of the board.

c. When the license of any person has been revoked or annulled, as herein provided, the board may, after the expiration of three years, accept an application for restoration of the license.
C.45:14H-12 Bond requirements.

12. In addition to any other bonds that may be required pursuant to contract, no elevator mechanic licensed under this act shall undertake to do any construction work in the State unless and until the mechanic shall have first entered into a bond in favor of the State of New Jersey in a sum established by the board executed by a surety company authorized to transact business in this State and approved by the Department of Banking and Insurance, and to be conditioned on the faithful performance of the provisions of this act. No municipality shall require any similar bond from any elevator mechanic licensed under this act. The board shall by rule and regulation provide who shall be eligible to receive the financial protection afforded by the bond required to be filed by this section. The bond shall be for the term of 12 months and shall be renewed at each expiration for a similar period.

13. Section 1 of P.L.1971, c.60 (C.45:1-2.1) is amended to read as follows:

C.45:1-2.1 Applicability of act.

1. 1. Section 5 of P.L.1983, c.401 (C.39:5B-29) is amended to read as follows:

C.39:5B-29 Violations, penalties.

5. a. Any person who violates the provisions of this act or any rule or regulation adopted pursuant thereto shall be subject to a penalty of not less than $100 nor more than $5,000.00 for the first offense, nor less than $200 nor more than $10,000.00 for the second offense, nor less than $500 nor more than $25,000.00 for the third or any subsequent offense. Notwithstanding any other provision of law, 50 percent of the penalty moneys collected pursuant to this paragraph shall be deposited into the "Highway Safety Fund" created pursuant to section 5 of P.L.2003, c.131 (C.39:3-20.4).

The complaint and summons shall state whether the charges pertain to a first offense, or to a second or subsequent offense, but if the complaint or summons fails to allege a second or subsequent offense, the penalty imposed shall be for a first offense. The penalty may be reduced to $25 for a first offense, $50 for a second offense, and $125 for a third and subsequent offense for a non-out-of-service equipment violation if the defendant provides proof of repair to the vehicle that is satisfactory to the court. Proof that the violation has been corrected shall be by a document certifying that the non-out-of-service equipment violation has been corrected. The Division of State Police, a diesel emissions inspection center licensed by the New Jersey Motor Vehicle Commission, a certified fleet mechanic approved by the New Jersey Motor Vehicle Commission, or any other entity approved by the New Jersey Motor Vehicle Commission shall be authorized to issue the requisite certifying documentation. The Division of State Police may, in its discretion, designate times and locations where a defendant may bring a vehicle for an inspection pursuant to which a requisite certifying document may be issued. Nothing in this act shall be construed as requiring the Division of State Police to conduct a vehicle inspection pursuant to which a requisite certifying document may be issued other than at the time and locations as the Division of State Police may provide.

Repairs to effect a reduction of penalty under the provisions of this section shall be made before the hearing date. A defendant may be permitted to submit the certification of repairs by mail; provided that if the court deems the certification to be inadequate, it shall afford the defendant the option to withdraw the defendant's guilty plea.
The Department of Transportation is authorized to adopt a schedule of penalties for any specific violation of P.L.1983, c.401 (C.39:5B-25 et seq.) or any rule or regulation adopted pursuant thereto. A penalty imposed pursuant to this act may be collected in a civil action by a summary proceeding under the "Penalty Enforcement Law of 1999," P.L.1999, c.274 (C.2A:58-10 et seq.), or in a summary proceeding before a court of competent jurisdiction wherein injunctive relief has been sought. In addition to the jurisdiction conferred by the "Penalty Enforcement Law of 1999," the Law and Chancery Divisions of the Superior Court shall have jurisdiction of proceedings for the enforcement of the penalties provided in this act. The various municipal courts shall have jurisdiction of proceedings for the enforcement of penalties under $5,000.00 provided in P.L.1983, c.401 (C.39:5B-25 et seq.).

b. Penalties imposed pursuant to this act shall in no way reduce or otherwise limit the liability of any person, pursuant to the laws of this State, for cleanup costs or other damages arising from a discharge of hazardous materials.

The Superintendent of the State Police, police officers of the Port Authority of New York and New Jersey, police officers of the Delaware River Port Authority and personnel of the Department of Transportation and of the Department of Environmental Protection duly authorized by the superintendent may, in addition to seeking a civil penalty, seek injunctive relief in the Chancery Division, General Equity Part of the Superior Court as to any person found to have violated any provision of P.L.1983, c.401 (C. 39:5B-25 et seq.) or this amendatory and supplementary act or any rule or regulation adopted pursuant to either.

If the records contain evidence of violations of State law or the rules and regulations adopted pursuant to section 3 of P.L.1985, c.415 (C.39:5B-32), a State Police officer shall produce and take possession of copies of the records. The Superintendent of State Police shall coordinate activities under this section with the Federal Motor Carrier Safety Administration to ensure compliance with all federal and State laws and regulations.

b. The powers exercised by the State Police pursuant to this section may also be exercised by police officers of the Port Authority of New York and New Jersey, police officers of the Delaware River Port Authority, and by personnel of the Department of Transportation duly authorized by the Superintendent of State Police. CHAPTER 73

AN ACT concerning certain local public contracts for projects involving the removal of soil, and amending and supplementing P.L.1999, c.39.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 1 of P.L.1999, c.39 (C.40A:11-23.1) is amended to read as follows:

C.40A:11-23.1 Plans, specifications, bid proposal documents; required contents.

1. All plans, specifications and bid proposal documents for the erection, alteration, or repair of a building, structure, facility or other improvement to real property, the total price of which exceeds the amount set forth in, or the amount calculated by the Governor pursuant to, section 3 of P.L.1971, c.198 (C.40A:11-3), shall include:

a. a document for the bidder to acknowledge the bidder's receipt of any notice or revisions or addenda to the advertisement or bid documents; and

b. a form listing those documentary and informational forms, certifications, and other documents that the contracting agent requires each bidder to submit with the bid. The form shall list each of the items to be submitted with the bid proposal and a place for the bidder to indicate, by initialing each entry, that the bidder has included those required items with the completed bid proposal. Each bidder shall complete this form and submit it with the bid proposal in addition to those documentary and informational forms, certifications, and other documents that are listed on the form; and
c. a statement indicating whether uniformed law enforcement officers will be required for the project. The statement shall include a line item allowance, which shall be a good faith effort on the part of the contracting unit, to reasonably estimate the total cost of traffic control personnel, vehicles, equipment, administrative, or any other costs associated with additional traffic control requirements required by the contracting unit, or any other public entity affected by the project, above and beyond the bidder's traffic control personnel, vehicles, equipment, and administrative costs. The individuals responsible for the assignment of uniformed law enforcement officers for any municipalities affected by a project shall be required to determine where traffic safety control is needed for a project, and calculate the number and placement of all necessary personnel, equipment, and the costs associated with these, including hourly rates, and submit this information to the contracting unit.

The contracting unit shall not be responsible for additional traffic control costs beyond the number of working days specified in the construction contract in accordance with section 17 of P.L. 1971, c.198 (C.40A:11-17), when such a delay is caused by the contractor and liquidated damages have been assessed.

The statement prescribed under this subsection shall not be required if the contracting unit will provide for the direct payment of uniformed law enforcement officers and any additional costs directly associated with the provision of those officers; and

d. at the option of the contracting unit, specified alternate proposals in addition to a base specification. When the contracting unit specifies alternate proposals, the determination of which bidder's response to a request for bids offers the lowest price shall be made on the basis of the price of: (i) the base specification plus the price of any selected specified alternate proposals; or (ii) a choice of specified alternative proposals within the limit of funds that may be made available for a project. If a contracting unit provides for more than one specified alternate proposal, the contracting unit shall specify in the bid specification the criteria or ranked order by which specified alternate proposals shall be selected and included in the award of the contract by the governing body, provided that this requirement shall only apply to a project with a total estimated cost, including specified alternate proposals, of greater than $500,000. The aggregate dollar value of accepted specified alternative proposals shall not exceed 50 percent of the base bid. If a contracting unit is found in a court of law to have chosen specific alternative proposals in a manner intended to award a contract to a specific vendor, the bids shall be voided, the contracting unit shall rebid the
project, and a plaintiff who prevails in any proceeding shall be entitled to a reasonable attorney's fee.

For the purposes of this subsection:

"Specified alternate proposal" means a requirement of the bid specification for bidders to submit prices for reduced, modified or supplemental work in addition to the base proposal which may include, but not be limited to, a change in project scope or the use of alternative materials or methods of construction;

"Base specification" means the plans and specifications for the erection, alteration or repair of the building, structure, facility or other improvement to real property that are required to be met by all bidders without exception; and

e. in the case of a project that includes the removal of soil from the site, disclosure of any documentation relative to the known soil conditions at the site including, but not limited to, any test results specifying the level of contamination, if any, of the soil that has been found at the site of the project, or if a project is located on a site with historical or suspected contamination, a line item allowance or minimum unit price line item for soil testing and contaminated soil disposal, which shall be a good faith effort on the part of the contracting unit to reasonably estimate the total cost of testing the soil and disposing of it.

C.40A:11-23.1a Approval of change order under certain circumstances.

2. In the case of a project for the erection, alteration, or repair of a building, structure, facility or other improvement to real property, the total price of which exceeds the amount set forth in, or the amount calculated by the Governor pursuant to, section 3 of P.L.1971, c.198 (C.40A:11-3), that does not have historical or suspected soil contamination, or for which the plans, specifications and bid proposal documents for the project do not include a line item allowance or minimum unit price line item for soil testing and contaminated soil disposal pursuant to subsection e. of section 1 of P.L.1999, c.39 (C.40A:11-23.1), and contaminated soil from the site cannot be disposed of pursuant to the plans, specifications and bid proposal documents due to the contaminated soil being found to be different from the type or quality originally disclosed, the contracting unit shall approve, consistent with and subject to the "Local Public Contracts Law," P.L.1971, c.198 (C.40A:11-1 et seq.), and any rules or regulations adopted pursuant thereto, a change order to reimburse the contractor for the additional reasonable costs, as determined by the contracting unit, required to test and dispose of the contaminated soil.

1. This act shall be known and may be cited as "Tabitha's Law."

C.18A:36-25.5 Findings, declarations relative to child abduction.
2. The Legislature finds and declares that when a child is abducted, the first few hours are absolutely critical in the recovery process; that the unexplained absence of a pupil from school can be a significant early warning sign of abduction; that although stranger abductions are rare, an efficient system of communication between school administrators and parents regarding a student's unexplained absence must be incorporated by our public school districts into their attendance systems; and that the benefits of this requirement will be realized even if only one child is saved as a result.

3. a. Whenever a pupil enrolled in a public school district will be absent from school, the pupil's parent or guardian shall notify the principal or the principal's designee.
   b. If a pupil is determined to be absent without valid excuse from a public school, and if the reason for the student's absence is unknown to school personnel, the principal or the principal's designee shall immediately attempt to contact the pupil's parent or guardian to notify the parent or guardian of the absence and to determine the reason for the absence.

4. This act shall take effect immediately.

Approved December 3, 2012.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.19:60-1.2 Moving date of certain school district annual school election.

1. a. Notwithstanding any other law or regulation to the contrary, a Type II district with a board of school estimate may move the date of the school district’s annual school election pursuant to the provisions of section 1 of P.L.2011, c.202 (C.19:60-1.1).

b. Notwithstanding any other law or regulation to the contrary, in the event that the date of the annual school election is moved to the day of the general election in a Type II district with a board of school estimate, the election shall be held for the purpose of electing members of the board of education and for any other purpose authorized by law. The board of school estimate shall not determine the district’s general fund tax levy for the budget year, other than the general fund tax levy required to support a proposal for additional funds pursuant to paragraph (9) of subsection d. of section 5 of P.L.1996, c.138 (C.18A:7F-5).

c. Notwithstanding any other law or regulation to the contrary, in a Type II district with a board of school estimate that has moved the date of its annual school election to November and subsequently moves the annual school election to the third Tuesday in April, a vote shall be held for the purpose of electing members of the board of education and for any other purpose authorized by law. The board of school estimate shall determine the district’s general fund tax levy for the budget year, including any proposal for additional funds pursuant to paragraph (9) of subsection d. of section 5 of P.L.1996, c.138 (C.18A:7F-5).

2. Section 5 of P.L.1996, c.138 (C.18A:7F-5) is amended to read as follows:
C.18A:7F-5 Notification of districts of aid payable; budget submissions.

5. As used in this section, "cost of living" means the CPI as defined in section 3 of P.L.2007, c.260 (C.18A:7F-45).

a. Within 30 days following the approval of the Educational Adequacy Report, the commissioner shall notify each district of the base per pupil amount, the per pupil amounts for full-day preschool, the weights for grade level, county vocational school districts, at-risk pupils, bilingual pupils, and combination pupils, the cost coefficients for security aid and for transportation aid, the State average classification rate and the excess cost for general special education services pupils, the State average classification rate and the excess cost for speech-only pupils, and the geographic cost adjustment for each of the school years to which the report is applicable.

Annually, within two days following the transmittal of the State budget message to the Legislature by the Governor pursuant to section 11 of P.L.1944, c.112 (C.52:27B-20), the commissioner shall notify each district of the maximum amount of aid payable to the district in the succeeding school year pursuant to the provisions of P.L.2007, c.260 (C.18A:7F-43 et al.), and shall notify each district of the district's adequacy budget for the succeeding school year.

For the 2008-2009 school year and thereafter, unless otherwise specified within P.L.2007, c.260 (C.18A:7F-43 et al.), aid amounts payable for the budget year shall be based on budget year pupil counts, which shall be projected by the commissioner using data from prior years. Adjustments for the actual pupil counts of the budget year shall be made to State aid amounts payable during the school year succeeding the budget year. Additional amounts payable shall be reflected as revenue and an account receivable for the budget year.

Notwithstanding any other provision of this act to the contrary, each district's State aid payable for the 2008-2009 school year, with the exception of aid for school facilities projects, shall be based on simulations employing the various formulas and State aid amounts contained in P.L.2007, c.260 (C.18A:7F-43 et al.). The commissioner shall prepare a report dated December 12, 2007 reflecting the State aid amounts payable by category for each district and shall submit the report to the Legislature prior to the adoption of P.L.2007, c.260 (C.18A:7F-43 et al.). Except as otherwise provided pursuant to this subsection and paragraph (3) of subsection d. of section 5 of P.L.2007, c.260 (C.18A:7F-47), the amounts contained in the commissioner's report shall be the final amounts payable and shall not be subsequently adjusted other than to reflect the phase-in of the required general fund local levy pursuant to paragraph (4) of subsection b. of section 16.
of P.L.2007, c.260 (C.18A:7F-58) and to reflect school choice aid to which a district may be entitled pursuant to section 20 of that act. The projected pupil counts and equalized valuations used for the calculation of State aid shall also be used for the calculation of adequacy budget, local share, and required local share. For 2008-2009, extraordinary special education State aid shall be included as a projected amount in the commissioner's report dated December 12, 2007 pending the final approval of applications for the aid. If the actual award of extraordinary special education State aid is greater than the projected amount, the district shall receive the increase in the aid payable in the subsequent school year pursuant to the provisions of subsection c. of section 13 of P.L.2007, c.260 (C.18A:7F-55). If the actual award of extraordinary special education State aid is less than the projected amount, other State aid categories shall be adjusted accordingly so that the district shall not receive less State aid than as provided in accordance with the provisions of sections 5 and 16 of P.L.2007, c.260 (C.18A:7F-47 and C.18A:7F-58).

In the event that the commissioner determines, following the enactment of P.L.2007, c.260 (C.18A:7F-43 et al.) but prior to the issuance of State aid notices for the 2008-2009 school year, that a significant district-specific change in data warrants an increase in State aid for that district, the commissioner may adjust the State aid amount provided for the district in the December 12, 2007 report to reflect the increase.

b. Each district shall have a required local share. For districts that receive educational adequacy aid pursuant to subsection b. of section 16 of P.L.2007, c.260 (C.18A:7F-58), the required local share shall be calculated in accordance with the provisions of that subsection.

For all other districts, the required local share shall equal the lesser of the local share calculated at the district's adequacy budget pursuant to section 9 of P.L.2007, c.260 (C.18A:7F-51), or the district's budgeted local share for the prebudget year.

In order to meet this requirement, each district shall raise a general fund tax levy which equals its required local share.

No municipal governing body or bodies or board of school estimate, as appropriate, shall certify a general fund tax levy which does not meet the required local share provisions of this section.

c. Annually, on or before March 4, each district board of education shall adopt, and submit to the commissioner for approval, together with such supporting documentation as the commissioner may prescribe, a budget that provides for a thorough and efficient education. Notwithstanding the provisions of this subsection to the contrary, the commissioner may
adjust the date for the submission of district budgets if the commissioner determines that the availability of preliminary aid numbers for the subsequent school year warrants such adjustment.

Notwithstanding any provision of this section to the contrary, for the 2005-2006 school year each district board of education shall submit a proposed budget in which the advertised per pupil administrative costs do not exceed the lower of the following:

(1) the district's advertised per pupil administrative costs for the 2004-2005 school year inflated by the cost of living or 2.5 percent, whichever is greater; or

(2) the per pupil administrative cost limits for the district's region as determined by the commissioner based on audited expenditures for the 2003-2004 school year.

The executive county superintendent of schools may disapprove the school district's 2005-2006 proposed budget if he determines that the district has not implemented all potential efficiencies in the administrative operations of the district. The executive county superintendent shall work with each school district in the county during the 2004-2005 school year to identify administrative inefficiencies in the operations of the district that might cause the superintendent to reject the district's proposed 2005-2006 school year budget.

For the 2006-2007 school year and each school year thereafter, each district board of education shall submit a proposed budget in which the advertised per pupil administrative costs do not exceed the lower of the following:

(1) the district's prior year per pupil administrative costs; except that the district may submit a request to the commissioner for approval to exceed the district's prior year per pupil administrative costs due to increases in enrollment, administrative positions necessary as a result of mandated programs, administrative vacancies, nondiscretionary fixed costs, and such other items as defined in accordance with regulations adopted pursuant to section 7 of P.L.2004, c.73. In the event that the commissioner approves a district's request to exceed its prior year per pupil administrative costs, the increase authorized by the commissioner shall not exceed the cost of living or 2.5 percent, whichever is greater; or

(2) the prior year per pupil administrative cost limits for the district's region inflated by the cost of living or 2.5 percent, whichever is greater.

d. (1) A district’s general fund tax levy shall not exceed the district’s adjusted tax levy as calculated pursuant to sections 3 and 4 of P.L.2007, c.62 (18A:7F-38 and 18A:7F-39).
(2) (Deleted by amendment, P.L.2007, c.260).
(3) (Deleted by amendment, P.L.2007, c.260).
(4) Any debt service payment made by a school district during the budget year shall not be included in the calculation of the district's adjusted tax levy.
(7) (Deleted by amendment, P.L.2004, c.73).
(8) (Deleted by amendment, P.L.2010, c.44)
(9) Any district may submit at the annual school budget election, in accordance with subsection c. of section 4 of P.L.2007, c.62 (C.18A:7F-39), a separate proposal or proposals for additional funds, including interpretive statements, specifically identifying the program purposes for which the proposed funds shall be used, to the voters, who may, by voter approval, authorize the raising of an additional general fund tax levy for such purposes. In the case of a district with a board of school estimate, one proposal for the additional spending shall be submitted to the board of school estimate. Any proposal or proposals submitted to the voters or the board of school estimate shall not: include any programs and services that were included in the district's prebudget year net budget unless the proposal is approved by the commissioner upon submission by the district of sufficient reason for an exemption to this requirement; or include any new programs and services necessary for students to achieve the thoroughness standards established pursuant to subsection a. of section 4 of P.L.2007, c.260 (C.18A:7F-46).

The executive county superintendent of schools may prohibit the submission of a separate proposal or proposals to the voters or board of school estimate if he determines that the district has not implemented all potential efficiencies in the administrative operations of the district, which efficiencies would eliminate the need for the raising of an additional general fund tax levy.

(10) Notwithstanding any provision of law to the contrary, if a district proposes a budget with a general fund tax levy and equalization aid which exceed the adequacy budget, the following statement shall be published in the legal notice of public hearing on the budget pursuant to N.J.S.18A:22-28, posted at the public hearing held on the budget pursuant to N.J.S.18A:22-29, and printed on the sample ballot required pursuant to section 10 of P.L.1995, c.278 (C.19:60-10):

"Your school district has proposed programs and services in addition to the core curriculum content standards adopted by the State Board of Education. Information on this budget and the programs and services it provides is available from your local school district."
(11) Any reduction that may be required to be made to programs and services included in a district's prebudget year net budget in order for the district to limit the growth in its budget between the prebudget and budget years by its tax levy growth limitation as calculated pursuant to sections 3 and 4 of P.L.2007, c.62 (C.18A:7F-38 and 18A:7F-39), shall only include reductions to excessive administration or programs and services that are inefficient or ineffective.

e. (1) Any general fund tax levy rejected by the voters for a proposed budget that includes a general fund tax levy and equalization aid in excess of the adequacy budget shall be submitted to the governing body of each of the municipalities included within the district for determination of the amount that should be expended notwithstanding voter rejection. In the case of a district having a board of school estimate, other than a Type II district with a board of school estimate in which the annual election is in November, the general fund tax levy shall be submitted to the board for determination of the amount that should be expended. If the governing body or bodies or board of school estimate, as appropriate, reduce the district's proposed budget, the district may appeal any of the reductions to the commissioner on the grounds that the reductions will negatively impact on the stability of the district given the need for long term planning and budgeting. In considering the appeal, the commissioner shall consider enrollment increases or decreases within the district; the history of voter approval or rejection of district budgets; the impact on the local levy; and whether the reductions will impact on the ability of the district to fulfill its contractual obligations. A district may not appeal any reductions on the grounds that the amount is necessary for a thorough and efficient education.

(2) Any general fund tax levy rejected by the voters for a proposed budget that includes a general fund tax levy and equalization aid at or below the adequacy budget shall be submitted to the governing body of each of the municipalities included within the district for determination of the amount that should be expended notwithstanding voter rejection. In the case of a district having a board of school estimate, other than a Type II district with a board of school estimate in which the annual election is in November, the general fund tax levy shall be submitted to the board for determination. Any reductions may be appealed to the commissioner on the grounds that the amount is necessary for a thorough and efficient education or that the reductions will negatively impact on the stability of the district given the need for long term planning and budgeting. In considering the appeal, the commissioner shall also consider the factors outlined in paragraph (1) of this subsection.
In addition, the municipal governing body or board of school estimate shall be required to demonstrate clearly to the commissioner that the proposed budget reductions shall not adversely affect the ability of the school district to provide a thorough and efficient education or the stability of the district given the need for long term planning and budgeting.

(3) In lieu of any budget reduction appeal provided for pursuant to paragraphs (1) and (2) of this subsection, the State board may establish pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), an expedited budget review process based on a district's application to the commissioner for an order to restore a budget reduction.

(4) When the voters, municipal governing body or bodies, board of education in the case of a school district in which the annual school election has been moved to November pursuant to subsection a. of section 1 of P.L.2011, c.202 (C.19:60-I.1), or the board of school estimate authorize the general fund tax levy, the district shall submit the resulting budget to the commissioner within 15 days of the authorization.

3. N.J.S.18A:22-12 is amended to read as follows:

Contents of notice.

18A:22-12. The notice shall also set forth that said budget will be on file and open to the examination of the public between reasonable hours to be fixed therein and at a place to be named therein, from the date of said publication until the date of the holding of the public hearing, that in any district having a board of school estimate, except as otherwise provided in this section, the public hearing will be held before the board of school estimate and in other districts that the public hearing will be held before the board of education and that at said public hearing said budget will be on file and open to the examination of the public accordingly and will be produced for the information of those attending the same. In a Type II district having a board of school estimate in which the annual school election is in November, the public hearing shall be held before the board of education.

4. N.J.S.18A:22-26 is amended to read as follows:

Board of school estimate, board of education of type II district to determine appropriation amount.

18A:22-26. a. Except as otherwise provided in subsection b. of this section, at or after the public hearing but not later than April 8, the board of
school estimate of a type II district having a board of school estimate shall fix and determine by a recorded roll call majority vote of its full membership the amount of money necessary to be appropriated for the use of the public schools in the district for the ensuing school year, exclusive of the amount which shall be apportioned to it by the commissioner for the year pursuant to the provisions of section 5 of P.L.1996, c.138 (C.18A:7F-5) and shall make a certificate of the amount signed by at least a majority of all members of the board, which shall be delivered to the board of education and a copy thereof, certified under oath to be correct and true by the secretary of the board of school estimate, shall be delivered to the county board of taxation on or before April 15 in each year and a duplicate of the certificate shall be delivered to the board or governing body of each of the municipalities within the territorial limits of the district having the power to make appropriations of money raised by taxation in the municipalities or political subdivisions and to the executive county superintendent of schools and the amount shall be assessed, levied and raised under the procedure and in the manner provided by law for the levying and raising of special school taxes in other type II districts and shall be paid to the board secretary or treasurer of school moneys, as appropriate, of the district for such purposes.

Within 15 days after receiving the certificate the board of education shall notify the board of school estimate, the governing body of each municipality within the territorial limits of the school district, and the commissioner if it intends to appeal to the commissioner the board of school estimate's determination as to the amount of money requested pursuant to the provisions of section 5 of P.L.1996, c.138 (C.18A:7F-5), necessary to be appropriated for the use of the public schools of the district for the ensuing school year.

b. At or after the public hearing on the budget but not later than April 8, the board of education of each type II district having a board of school estimate in which the annual school election is in November, shall fix and determine by a recorded roll call majority vote of its full membership the amount of money necessary to be raised for the use of the public schools in the district, exclusive of the amount which shall be apportioned to it by the commissioner for the year pursuant to the provisions of section 5 of P.L.1996, c.138 (C.18A:7F-5). By that same date the board of school estimate shall fix and determine by a recorded roll call majority vote of its full membership the amount of any additional funds pursuant to paragraph (9) of subsection d. of section 5 of P.L.1996, c.138 (C.18A:7F-5) and shall make a certificate of that amount signed by at least a majority of all members of the board, which shall be delivered to the board of education. The
secretary of the board of education shall certify the amount so fixed and
determined by the board of education and the board of school estimate and
shall deliver a copy of the certificate to the county board of taxation of the
county on or before April 15 in each year and a duplicate of the certificate
shall be delivered to the board or governing body of each of the municipali­
ties within the territorial limits of the districts having the power to make
appropriations of money raised by taxation in the municipalities or political
subdivisions and to the executive county superintendent of schools and the
amount shall be assessed, levied and raised under the procedure and in the
manner provided by law for the levying and raising of special school taxes
in other type II districts and shall be paid to the board secretary or treasurer
of school moneys, as appropriate, of the district for such purposes.

5. Section 1 of P.L.1995, c.278 (C.19:60-1) is amended to read as fol­
lows:

C.19:60-1 School elections, adjustments, ballots.

1. a. Except as otherwise provided in this section, an annual school
election shall be held in a type II district on the third Tuesday in April.
However, in any school year, the Commissioner of Education shall make
any adjustments to the school budget and election calendar which may be
necessary to change the annual school election date or any other school
budget and election calendar date if that date coincides with a period of re­
ligious observance that limits significantly the usual activities of the fol­
lowers of a particular religion or that would result in significant religious
consequences for such followers. The commissioner shall inform local
school boards, county clerks and boards of elections of these adjustments
no later than the first working day in January of the year in which the ad­
justments are to occur.

As used in this subsection "a period of religious observance" means
any day or portion thereof on which a religious observance imposes a sub­
stantial burden on an individual's ability to vote.

An annual school election shall be held simultaneously with the gen­
eral election on the first Tuesday after the first Monday in November in
school districts in which the annual school election has been moved to that
date pursuant to subsection a. of section 1 of P.L.2011, c.202 (C.19:60-1.1)
or pursuant to section 1 of P.L.2012, c.78 (C.19:60-1.2). The annual school
election in November shall be for the purpose of submitting a proposal to
the voters for the approval of additional funds in a type II district without a
board of school estimate pursuant to paragraph (9) of subsection d. of sec-
tion 5 of P.L.1996, c.138 (C.18A:7F-5), for the purpose of electing members of the board of education, and for any other purpose authorized by law.

b. All school elections shall be by ballot and, except as otherwise provided by P.L.1995, c.278 (C.19:60-1 et al.), shall be conducted in the manner provided for general elections pursuant to Title 19 of the Revised Statutes. No grouping of candidates or party designation shall appear on any ballot to be used in a school election.

6. Section 45 of P.L.2011, c. 202 (C.18A:12-15.1) is amended to read as follows:

C.18A:12-15.1 Terms of board members in certain districts.

45. In the case of a school district in which the annual school election has been moved to November pursuant to subsection a. of section 1 of P.L.2011, c.202 (C.19:60-1.1) or section 1 of P.L.2012, c.78 (C.19:60-1.2), the term of office of a member of a board of education that is set to expire in April of a given year shall be extended until the day in January next following the year in which the term was originally set to expire when the member’s successor takes office.

7. Section 8 of P.L.1995, c.278 (C.19:60-8) is amended to read as follows:

C.19:60-8 Positions on ballot determined by drawing.

8. The county clerk shall conduct the ballot draw for candidates for school board member in those school districts that hold November elections, in accordance with the procedures set forth in R.S.19:14-12. In those school districts that elect school board members at the annual April school election, the ballot draw shall be conducted as follows:

a. The drawing shall be done by the secretary of the board of education seven working days following the last day for filing a petition for the nomination of such a candidate. The person making the drawing shall make public announcement at the drawing of each name, the order in which the name is drawn and the term of office for which the drawing is made.

b. A separate drawing shall be made for each full term and for each unexpired term, respectively. The names of the several candidates for whom petitions have been filed for each of the terms shall be written upon paper slips which shall be placed in capsules of the same size, shape, color and substance and then placed in a covered box with an aperture in the top large enough to admit a person’s hand and to allow the capsules to be drawn
therefrom. The box shall be turned and shaken thoroughly to mix the capsules and the capsules shall be withdrawn one at a time.

c. Where there is more than one person to be elected for a given term of office, the position of the names on the ballots for each term of office shall be determined as above described. The name of the candidate for each term of office first drawn from the box shall be printed directly below the proper term for which the person was nominated and the name of the candidate next drawn shall be printed next in order, and so on, until the last name shall be drawn from the box.

The secretary of the board of education shall, within two days following the drawing, certify to the county clerk the results of the drawing.

8. Section 1 of P.L.2011, c.202 (C.19:60-1.1) is amended to read as follows:

C.19:60-1.1 Procedure for moving the date of school elections.

1. a. (1) The question of moving the date of a school district's annual school election to the first Tuesday after the first Monday in November, to be held simultaneously with the general election, shall be submitted to the legal voters of a local or regional school district, other than a Type II district with a board of school estimate, whenever a petition signed by not less than 15% of the number of legally qualified voters who voted in the district at the last preceding general election held for the election of electors for President and Vice-President of the United States is filed with the board of education. The question shall be submitted to the voters of the district at the next general election, provided that at least 60 days have lapsed since the date of the filing of the petition. In the event that the question is not approved by the voters, no petition may be filed to submit the question to the voters within one year after an election shall have been held pursuant to any petition filed pursuant to this subsection.

The date of the annual school election may be moved to the first Tuesday after the first Monday in November without voter approval, upon the adoption of a resolution by the board of education of a local or regional school district, other than a Type II district with a board of school estimate, or the governing body or bodies of the municipality or municipalities constituting the district.

(2) In the event that the date of a school district's annual school election is moved to the day of the general election, the annual school election in November shall be held for the purpose of submitting a proposal to the voters for approval of additional funds pursuant to paragraph (9) of subsec-
tion d. of section 5 of P.L.1996, c.138 (C.18A:7F-5), for the purpose of electing members of the board of education, and for any other purpose authorized by law. A vote shall not be required on the district's general fund tax levy for the budget year, other than the general fund tax levy required to support a proposal for additional funds.

(3) In addition to the process set forth in paragraph (1) of this subsection, in the event that all the constituent districts of a limited purpose regional school district approve moving the date of their annual school elections to November, by any of the procedures established pursuant to this subsection, then the annual school election for the limited purpose regional school district shall also be conducted simultaneously with the general election.

(4) In the event that the date of a school district's annual school election is moved to the day of the general election pursuant to this subsection, the board of education and the county board of elections shall enter into an agreement, pursuant to guidelines established by the Secretary of State, under which the board of education shall pay any agreed upon increase in the costs, charges, and expenses that may be associated with holding the school election simultaneously with the general election.

b. (1) In the case of a school district that has moved the date of its annual school election to November pursuant to subsection a. of this section, the question of moving the date of the school district's annual school election to the third Tuesday in April shall be submitted to the legal voters of a local or regional school district, other than a Type II district with a board of school estimate, whenever a petition signed by not less than 15% of the number of legally qualified voters who voted in the district at the last preceding general election held for the election of electors for President and Vice-President of the United States is filed with the board of education. The question shall be submitted to the voters of the district at the next general election, provided that at least 60 days have lapsed since the date of the filing of the petition.

The date of the annual school election may be moved to the third Tuesday in April without voter approval, upon the adoption of a resolution by the board of education of a local or regional school district, other than a Type II district with a board of school estimate, or the governing body or bodies of the municipality or municipalities constituting the district.

No resolution may be adopted and no petition may be filed pursuant to this subsection until at least four annual school elections have been held in November.

(2) In the event that the date of the annual school election is moved to the third Tuesday in April, a vote shall be held on the district's general fund
tax levy for the budget year including any proposal for additional funds pursuant to paragraph (9) of subsection d. of section 5 of P.L.1996, c.138 (C.18A:7F-5), the election of members of the board of education, and for any other purpose authorized by law.

(3) In addition to the process set forth in paragraph (1) of this subsection, in the event that all the constituent districts of a limited purpose regional school district approve moving the date of their annual school elections to the third Tuesday in April, by any of the procedures established pursuant to this subsection, then the annual school election for the limited purpose regional school district shall also be conducted on the third Tuesday in April.

c. Notice, in writing, to change the date of a school election from the third Tuesday in April to the first Tuesday in November shall be given to the county clerk no less than 60 days prior to the third Tuesday in April to take effect for that year's election. For a change from the first Tuesday in November to the third Tuesday in April, notice must be given to the county clerk no less than 85 days prior to the third Tuesday in April to take effect for that year's election. Timely notice shall also be given by the board of education or municipal governing body adopting such resolution to any other affected boards of education and municipal governing bodies.

9. This act shall take effect immediately.

Approved December 7, 2012.

CHAPTER 79

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 3 of P.L.2007, c.347 (C.13:1E-99.96) is amended to read as follows:

C.13:1E-99.96 Registration for television manufacturers; fee, annual report, recycling program.

3. a. Beginning on January 1, 2010, and each January 1 thereafter, each manufacturer of televisions offered for sale for delivery in this State shall
register with the department and pay a registration fee of $5,000. Each television manufacturer's registration and renewal shall include a list of all of the brands under which its televisions are sold. All fees collected pursuant to this subsection shall be allocated to the department to be used in the administration of the "Electronic Waste Management Act," P.L.2007, c.347 (C.13:1E-99.94 et seq.).

b. Each registered television manufacturer shall submit an annual renewal of its registration to the department and pay to the department a registration renewal fee of $5,000 by January 1 of each program year. Each registered television manufacturer's renewal shall include an annual report. All fees collected pursuant to this subsection shall be allocated to the department to be used in the administration of P.L.2007, c.347.

c. In addition to reporting all brands under which its televisions are sold, regardless of whether the brand is owned or licensed, the registered television manufacturer's annual report shall include the total number and weight of all new televisions sold in the State in the previous program year. The department shall determine a registered television manufacturer's market share by weight.

d. A registered television manufacturer shall inform the department, in writing, as soon as it becomes aware that it will cease selling televisions in the State.

e. By June 1, 2010, each registered television manufacturer or group of registered television manufacturers shall submit a plan to the department to collect, transport and recycle used televisions based on the television manufacturer's market share. Every plan shall be filed with a television manufacturer's annual registration, and shall include:

(1) Methods that will be used to collect the used televisions including proposed collection services;

(2) The processes and methods that will be used to recycle recovered used televisions including a description of the recycling processes that will be used, including the name and location of all authorized recyclers to be directly utilized by the plan;

(3) Means that will be utilized to publicize the collection services, including specification of a website or toll-free telephone number that provides information about the registrant's recycling program in sufficient detail to allow consumers to learn how to return their used televisions for recycling, including limitations placed by collection sites on the number of used televisions permitted for drop-off by consumers; and

(4) The intention of the registrant to fulfill its obligation through its own operations, either individually or with other registered television
manufacturers, or by contract with for-profit or not-for-profit corporations, or local government units.

The department shall hold confidential any information obtained pursuant to this subsection when shown by a registered television manufacturer that the information, if made public, would divulge competitive business information, methods or processes entitled to protection as trade secrets of the registered television manufacturer.

Recovered used televisions shall not be sent to prisons for recycling either directly or through intermediaries and nothing in this section shall be construed to allow for the recycling of used televisions by prisoners. Any person committed to a jail, prison, or other institution for the detention of persons charged with or convicted of an offense shall be disqualified from being an authorized recycler.

By January 1, 2011, each registered television manufacturer or group of registered television manufacturers shall commence its used television recycling program to implement and finance the collection, transportation, and recycling of used televisions. The used television recycling program shall accept all types and all brands of used televisions, including orphan devices.

f. Each registrant's plan or plan jointly submitted by a group of registrants shall be reviewed to determine its compliance with subsection e. of this section and approved by the department. The department may reject the plan, in whole or in part, and may impose additional requirements as a condition of approval.

g. If a registered television manufacturer fails to comply with all the conditions and terms of an approved plan, the registered television manufacturer shall be prohibited from selling or offering for sale televisions in this State.

h. Registered television manufacturers that collect, transport, and recycle used televisions in excess of their market share may sell credits to another registrant or apply that excess to the following year's recycling program; provided that no more than 25 percent of a manufacturer's obligation for any program year may be met with credits generated in a prior program year. No manufacturer or group of manufacturers, as the case may be, may cease implementing its plan required pursuant to subsection e. of this section and approved by the department, during any program year by using credits.

i. Nothing in this act is intended to exempt any person from liability the person would otherwise have under applicable law.

j. If less than 100 televisions are sold by a manufacturer in the previous program year, the department shall not require a manufacturer to pay
the registration fee or registration renewal fee, as appropriate, in the subse­quent year, pursuant to subsection a. or b. of this section.

2. Section 3 of P.L.2008, c.130 (C.13:1E-99.96a) is amended to read as follows:

3. a. The department shall prepare a plan every three years that: (1) es­tablishes used television per-capita collection and recycling goals; and (2) identifies any necessary State actions to expand collection opportunities to achieve the used television per-capita collection and recycling goals. The plan shall be posted on the department's Internet website and submitted, pursuant to section 2 of P.L.1991, c.164 (C.52:14-19.1), to the Legislature.

b. The department shall prepare an annual report, which shall be posted on the department's Internet website and submitted, pursuant to section 2 of P.L.1991, c.164 (C.52:14-19.1), to the Legislature.

   The annual report shall include the following:

Beginning on January 1, 2011, no person shall sell or offer for sale in this State a new covered electronic device, including a television, if the covered electronic device is prohibited from being sold or offered for sale in the European Union on or after its date of manufacture due to the con­centration of one or more heavy metals in the covered electronic device exceeding its maximum concentration value, as specified in the Commis­sion of European Communities' Decision of August 18, 2005, amending Directive 2002/95/EC (European Union document 2005/618/EC), or as specified in a subsequent amendment to the Directive. The sale or offer for sale of a new covered electronic device that exceeds the European Union heavy metal maximum concentration value on or after its date of manufac­ture shall be permitted if the use of the heavy metal is necessary to comply
with consumer, health, or safety requirements imposed by the Underwriters Laboratories or federal or State law.

4. Section 9 of P.L.2007, c.347 (C.13:1E-99.102) is amended to read as follows:

The sampling information collected shall consist of a list of brands of covered electronic devices and the weight of covered electronic devices that are identified for each brand. The department's sampling shall be conducted in accordance with a procedure established by the department and may be conducted by a third-party organization including an authorized recycler, to be determined by the department. The department may, at its discretion, be present at the sampling and may audit the methodology and the results of the third-party organization. The costs associated with the sampling shall be recovered from the fees paid by manufacturers to the department; and

(b) determine the total weight of covered electronic devices, including orphan devices, collected from consumers in this State during the previous program year.

(2) If a manufacturer or group of manufacturers conducts its own sampling of covered electronic devices, the manufacturer or group of manufacturers shall submit a report to the department annually by March 1, beginning the year after the program is initiated. The report shall include:

(a) the results of an auditable, statistically valid sampling of covered electronic devices collected from consumers in this State by the manufacturer or group of manufacturers during the previous program year. (4) Means that will be utilized to publicize the collection services, including specification of a website or toll-free telephone number that provides information about the manufacturer's program in sufficient detail to allow consumers to learn how to return their covered electronic devices for recycling; and

(5) The intention of the registrant to fulfill its obligation through operation of its own plan, either individually or with other manufacturers.

The department shall hold confidential any information obtained pursuant to this subsection when shown by a manufacturer that the information, if made public, would divulge competitive business information, methods or processes entitled to protection as trade secrets of the manufacturer.

Recovered covered electronic devices shall not be sent to prisons for recycling either directly or through intermediaries and nothing in this section shall be construed to allow for the recycling of covered electronic devices by prisoners. Any person committed to a jail, prison, or other institution for the detention of persons charged with or convicted of an offense shall be disqualified from engaging in the manual or mechanical separation of covered electronic devices to recover components and commodities contained therein for the purpose of re-use or recycling.

By January 1, 2011, each manufacturer or group of manufacturers required to submit a plan, pursuant to subsection a. of this section, shall commence its covered electronic device recycling program to implement and finance the collection, transportation, and recycling of covered electronic devices other than televisions. The covered electronic device recycling program shall accept all types and all brands of used covered electronic devices, including orphan devices.

f. Each manufacturer's plan or plan jointly submitted by a group of manufacturers shall be reviewed to determine its compliance with subsection e. of this section and approved by the department. h. Manufacturers that collect, transport, and recycle covered electronic devices in excess of their obligation may sell credits to another registrant or apply that excess to the following year's recycling obligation; provided that no more than 25 percent of a manufacturer's obligation for any program year may be met with credits generated in a prior program year. No manufacturer or group of manufacturers, as the case may be, may cease implementing its plan required pursuant to subsection e. of this section and approved by the department, during any program year by using credits.

C.13:1E-99.105 Determination of return share for manufacturer; TV exception; annual report.

12. a. (1) The department shall determine the return share for each program year for each manufacturer by dividing the weight of covered electronic devices identified for each manufacturer by the total weight of covered electronic devices identified for all manufacturers. For the first program year, the return share of covered electronic devices identified for each manufacturer shall be based on the best available public return share data from the United States, including data from other states, for covered electronic devices from consumers. For the second and each subsequent program year, the return share of covered electronic devices identified for each manufacturer shall be based on the most recent samplings of covered electronic devices conducted in this State pursuant to subsection a. of section 9 of P.L.2007, c.347 (C.13:1E-99.102).

(2) The department shall determine the return share in weight for each program year for each manufacturer for whom a return share is determined pursuant to paragraph (1) of this subsection by multiplying the return share for each such manufacturer by the total weight in pounds of covered electronic devices, including orphan devices, collected from consumers the
previous program year. For the first program year, the total weight in pounds of covered electronic devices shall be based on the best available public weight data from the United States, including data from other states, for covered electronic devices from consumers. For the second and each subsequent program year, the total weight in pounds of covered electronic devices shall be based on the total weight of covered electronic devices, including orphan devices, determined by the department pursuant to subsection a. of section 9 of P.L.2007, c.347 (C.13:1E-99.102).

**C.13:1E-99.109 Used covered electronic device, disposal as solid waste prohibited.**

16. a. On and after January 1, 2011, no person shall knowingly dispose of a used covered electronic device, or any of the components or subassemblies thereof, as solid waste.
b. No solid waste facility in this State shall knowingly accept for disposal any truckload or roll-off container of solid waste containing a visible quantity of covered electronic devices, or any of the components or subassemblies thereof, as solid waste at any time.

c. An owner or operator of a solid waste facility may refuse to accept for disposal any truckload or roll-off container of solid waste containing a visible quantity of covered electronic devices or any of the components or subassemblies thereof.

d. An owner or operator of a solid waste facility shall not be found in violation of this section if the owner or operator has:

(1) made a good faith effort to comply with this section;
(2) posted in a conspicuous location at the solid waste facility a sign stating that covered electronic devices, or any of the components or subassemblies thereof, shall not be accepted at the solid waste facility; and
(3) notified, in writing, all persons authorized to deposit solid waste at the solid waste facility that covered electronic devices, or any of the components or subassemblies thereof, shall not be accepted at the solid waste disposal facility.

e. As used in this section, "solid waste facility" shall have the same meaning as set forth in section 3 of P.L.1970, c.39 (C.13:1E-3).

9. Section 17 of P.L.2007, c.347 (C.13:1E-99.110) is amended to read as follows:

d. The "Electronic Waste Management Act," P.L.2007, c.347 (C.13:1E-99.94 et seq.), and any rule or regulation adopted pursuant thereto, shall be enforced by the department and may be enforced by every certified local health agency, as the case may be. Whenever the commissioner finds that a person has violated any provision of P.L.2007, c.347, or any rule or regulation adopted pursuant thereto, the commissioner may:

(1) issue an order, in accordance with subsection e. of this section, requiring the person found to be in violation to comply;
(2) bring a civil action in accordance with subsection f. of this section;
(3) levy a civil administrative penalty in accordance with subsection g. of this section; or
(4) bring an action for a civil penalty in accordance with subsection h. of this section.

e. Whenever, on the basis of available information, the commissioner finds that a person has violated any provision of P.L.2007, c.347, or any rule or regulation adopted thereto, the commissioner may issue an administrative enforcement order: (1) specifying the provision or provisions of P.L.2007, c.347, or the rule or regulation, of which the person is in violation; (2) citing the action which constituted the violation; (3) requiring compliance with the provision or provisions violated; and (4) providing notice to the person of the right to a hearing on the matters contained in the administrative enforcement order. The ordered party shall have 35 days from receipt of the order within which to deliver to the commissioner a written request for a hearing. An order shall be effective upon receipt and any person to whom such order is directed shall comply with the order immediately. A request for hearing shall not automatically stay the effect of the order.

f. The commissioner is authorized to, and a certified local health agency may, institute a civil action in Superior Court for appropriate relief from any violation of the provisions of P.L.2007, c.347, or any rule or regulation adopted thereof. Such relief may include, singly or in combination:

(1) a temporary or permanent injunction;
(2) recovery of reasonable costs of any investigation or inspection which led to the discovery of the violation, and for the reasonable costs of preparing and bringing a civil action commenced under this subsection;
(3) recovery of reasonable costs incurred by the State in removing, correcting, or terminating the adverse effects resulting from any violation of the provisions of P.L.2007, c.347, or any rule or regulation adopted pursuant thereto, for which a civil action has been commenced and brought under this subsection;
(4) recovery of compensatory damages caused by a violation of the provisions of P.L.2007, c.347, or any rule or regulation adopted, for which a civil action has been commenced and brought under this subsection. Assessments under this subsection shall be paid to the State Treasurer, or to the certified local health agency, as the case may be, except that compensatory damages may be paid by specific order of the court to any persons who have been aggrieved by the violation. If a proceeding is instituted by a certified local health agency, notice thereof shall be served upon the commissioner in the same manner as if the commissioner were a named party to the action or proceeding. The department may intervene as a matter of right in any proceeding brought by a certified local health agency.
g. (i) Except as authorized otherwise in paragraph (2) of this subsection, the commissioner is authorized to assess a civil administrative penalty of not less than $500 nor more than $1,000 for each violation, provided that each day during which the violation continues shall constitute an additional, separate and distinct offense.

(2) For any violation of section 3, 7, 8, 10 or 11 of P.L.2007, c.347 (C.13:1E-99.96, C.13:1E-99.100, C.13:1E-99.101, C.13:1E-99.103, or C.13:1E-99.104) or subsection a. or b. of section 6, subsection b. of section 9, or subsection a. of section 15 of P.L.2007, c.347 (C.13:1E-99.99, C.13:1E-99.102, C.13:1E-99.108), the commissioner is authorized to assess a civil administrative penalty not to exceed $25,000 for each day during which a violation continues. In assessing a civil administrative penalty, the commissioner shall consider the severity of the violation, the measures taken to prevent further violations, and whether the penalty will maintain an appropriate deterrent.

Prior to assessment of a civil administrative penalty, the person committing the violation shall be notified by certified mail or personal service that the penalty is being assessed. The notice shall identify the section of the statute, rule, regulation, or order violated; recite the facts alleged to constitute a violation; state the basis for the amount of the civil administrative penalties to be assessed; and affirm the rights of the alleged violator to a hearing. The ordered party shall have 35 days from receipt of the notice within which to deliver to the commissioner a written request for a hearing. After the hearing and upon finding that a violation has occurred, the commissioner may issue a final order after assessing the amount of the fine specified in the notice. If no hearing is requested, the notice shall become a final order after the expiration of the 35-day period. Payment of the assessment is due when a final order is issued or the notice becomes a final order. The authority to levy an administrative order is in addition to all other enforcement provisions in P.L.2007, c.347, and the payment of any assessment shall not be deemed to affect the availability of any other enforcement provisions in connection with the violation for which the assessment is levied. The department may compromise any civil administrative penalty assessed under this section in an amount and with conditions the department determines appropriate.

h. A person who violates any provision of P.L.2007, c.347, or any rule or regulation adopted pursuant thereto, or an administrative order issued pursuant to subsection e. of this section, or a court order issued pursuant to subsection f. of this section, or who fails to pay a civil administrative penalty in full pursuant to subsection g. of this section, or who knowingly makes
any false or misleading statement on any application, record, report, or other
document required to be submitted to the department, shall be subject, upon
order of a court, to a civil penalty not to exceed $25,000 per day of the vi-
olation, and each day during which the violation continues shall constitute an
additional, separate, and distinct offense. Any civil penalty imposed pursuant
to this subsection may be collected with costs in a summary proceeding pursuant
(C.2A:58-10 et seq.), or may be collected in a civil action commenced by a
certified local health agency, or the commissioner, as the case may be. In
addition to any penalties, costs or interest charges, the Superior Court, or the
municipal court as the case may be, may assess against the violator the
amount of economic benefit accruing to the violator from the violation.

i. As used in this section, "certified local health agency" shall have the
same meaning as set forth in section 3 of P.L.1977, c.443 (C.26:3A2-23).

j. Violations of the act include, but are not limited to:
   (1) the sale of a new covered electronic device by any person that is
       not in full compliance with the provisions of this act;
   (2) the use of a qualified collection program to recycle covered elec-
tronic devices not discarded within the State, or region as provided in sec-
tion 19 of P.L.2007, c.347 (C.13:1E-99.112);
   (3) the knowing failure to report or accurately report any data required
to be reported to the department pursuant to this act;
   (4) the non-payment of any fee required pursuant to this act;
   (5) failure to register, pursuant to subsection a. of section 3 of
P.L.2007, c.347 (C.13:1E-99.96) or pursuant to subsection b. of section 9 of
P.L.2007, c.347 (C.13:1E-99.102);
   (6) failure to submit or implement a plan pursuant to section 3 or 10 of
P.L.2007, c.347 (C.13:1E-99.96 or C.13:1E-99.103); and
   (7) failure to comply with any provision of section 16 of P.L.2007,

provisions of P.L.2007, c.347 (C.13:1E-99.94 et seq.) as provided in section

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 19 of P.L.1979, c.207 (C.18A:7B-12) is amended to read as follows:

C.18A:7B-12 Determination of district of residence.

19. For school funding purposes, the Commissioner of Education shall determine district of residence as follows:
a. (1) In the case of a child placed in a resource family home prior to the effective date of P.L.2010, c.69 (C.30:4C-26b et al.), the district of residence shall be the district in which the resource family parents reside. If such a child in a resource family home is subsequently placed in a State facility or by a State agency, the district of residence of the child shall then be determined as if no such resource family placement had occurred.

(2) In the case of a child placed in a resource family home on or after the effective date of P.L.2010, c.69 (C.30:4C-26b et al.), the district of residence shall be the present district of residence of the parent or guardian with whom the child lived prior to the most recent placement in a resource family home.

b. The district of residence for children who are in residential State facilities, or who have been placed by State agencies in group homes, skill development homes, private schools or out-of-State facilities, shall be the present district of residence of the parent or guardian with whom the child lived prior to his most recent admission to a State facility or most recent placement by a State agency.

c. The district of residence for children whose parent or guardian temporarily moves from one school district to another as the result of being homeless shall be the district in which the parent or guardian last resided prior to becoming homeless. For the purpose of this amendatory and supplementary act, "homeless" shall mean an individual who temporarily lacks a fixed, regular and adequate residence.

d. If the district of residence cannot be determined according to the criteria contained herein, if the criteria contained herein identify a district of residence outside of the State, or if the child has resided in a domestic violence shelter or transitional living facility located outside of the district of residence for more than one year, the State shall assume fiscal responsibility for the tuition of the child. The tuition shall equal the approved per pupil cost established pursuant to section 24 of P.L.1996, c.138 (C.18A:7F-24). This amount shall be appropriated in the same manner as other State aid under this act. The Department of Education shall pay the amount to the Department of Human Services, the Department of Children and Families, the Department of Corrections or the Juvenile Justice Commission established pursuant to section 2 of P.L.1995, c.284 (C.52:17B-170) or, in the case of a homeless child or a child in a family resource home, the Department of Education shall pay to the school district in which the child is enrolled the weighted base per pupil amount calculated pursuant to section 7 of P.L.2007, c.260 (C.18A:7F-49) and the appropriate security categorical aid per pupil and special education categorical aid per pupil.
e. If the State has assumed fiscal responsibility for the tuition of a child in a private educational facility approved by the Department of Education to serve children who are classified as needing special education services, the department shall pay to the Department of Human Services, the Department of Children and Families or the Juvenile Justice Commission, as appropriate, the aid specified in subsection d. of this section and in addition, such aid as required to make the total amount of aid equal to the actual cost of the tuition.

2. Section 3 of P.L.1989, c.290 (C.18A:7B-12.1) is amended to read as follows:

C.18A:7B-12.1 Homeless child, determination of district of residence; tuition costs, transportation.

3. The district of residence for a homeless child determined pursuant to section 19 of P.L.1979, c.207 (C.18A:7B-12) shall be responsible for the education of the homeless child. The district of residence shall determine the educational placement of the child after consulting with the parent or guardian. This determination shall be: a. to continue the child's education in the school district of last attendance, b. to enroll the child in the district of residence if the district of residence is not the district of last attendance, or c. to enroll the child in the school district where the child is temporarily living, whichever is in the child's best interest. If the parent or guardian objects to the determination made by the district of residence, the county superintendent of schools shall be notified and within 48 hours shall determine the placement of the child based on criteria established by the State Board of Education. Any appeals regarding the determination shall be resolved according to rules established by the State Board of Education.

When the homeless child attends school in a district other than the district of residence, the district of residence shall pay the costs of tuition for the child to attend school in that district and shall pay for any transportation costs incurred by that district; except that in the case of a child who has resided in a domestic violence shelter or transitional living facility located in a district other than the district of residence for more than one year, the State shall pay the costs of tuition for the child to attend school in that district. The rules shall identify those facilities that qualify as transitional living facilities or domestic violence shelters under this act.

4. This act shall take effect immediately and shall first apply in the 2012-2013 school year.

JOINT RESOLUTIONS
A JOINT RESOLUTION designating June 2012 as “Congenital Adrenal Hyperplasia Awareness Month.”

WHEREAS, Congenital Adrenal Hyperplasia (CAH) is a family of inherited disorders that disrupt the production of several vital hormones including cortisol, which is responsible for managing blood sugar and stress, and aldosterone, which is responsible for managing salt and fluid levels in the body; and

WHEREAS, As an autosomal recessive genetic disorder, parents who do not have CAH may carry the gene that causes the disorder and may pass it to their children; two parents who are carriers of the gene would have a one in four chance of a child being born with CAH; and

WHEREAS, The disorder may occur in a variety of forms, including Classical CAH, a rare and potentially fatal condition, and Non-classical CAH, a much more common but less dangerous condition; and

WHEREAS, Classical CAH can lead to potentially fatal salt-wasting crises and may also cause symptoms such as an arrhythmic heartbeat, dehydration, and vomiting; and

WHEREAS, Classical CAH also causes increased production of androgen, which causes infant girls to develop male characteristics that they would not otherwise develop, including genital anomalies that are recognizable in the womb, which some parents choose to have corrected with surgery; and

WHEREAS, Classical CAH in infant boys is not as easily recognized as in girls and may often not be identified until they present with vomiting or life-threatening adrenal shock within the first few weeks after birth; and

WHEREAS, Non-classical CAH is a much more common version of the disorder that is not life-threatening, but can affect puberty and growth in children and may cause infertility in males and females as well as other symptoms affecting quality of life; and

WHEREAS, Early detection and treatment is essential to prevent death in infants with some versions of CAH, and all CAH patients require monitoring and hormone treatment throughout their lives; and

WHEREAS, CAH can be detected by newborn screening, and as of July 2008, every state in the United States mandates screening for CAH, but many children born around the world are not screened even though globally about one in 10,000-14,000 people suffer from classic CAH; and
WHEREAS, It is appropriate that the residents of New Jersey become better informed about CAH and its impact on the lives and health of so many; now, therefore.

BE IT RESOLVED by the Senate and General Assembly of the State of New Jersey:

1. June 2012 is designated as “Congenital Adrenal Hyperplasia Awareness Month” in the State of New Jersey, and the citizens of New Jersey are encouraged to observe the month with appropriate activities and programs.

2. The governor is respectfully requested to issue a proclamation calling upon public officials and the citizens of New Jersey to observe the month with appropriate activities and programs.

3. This joint resolution shall take effect immediately.

Approved August 8, 2012.

WHEREAS, The health concerns of men affect everyone in the Garden State, as nearly every citizen of New Jersey has had a father, husband, son, brother, or male friend die from disease or illness at a premature age; and

WHEREAS, Despite advances in medical technology and research, men continue to live an average of five years less than women; and

WHEREAS, The ten leading causes of death in men are heart disease, prostate and other cancers, stroke, accidents and unintentional injuries, lung disease, diabetes, pneumonia and influenza, suicide, chronic liver disease and cirrhosis, and kidney disease; and

WHEREAS, According to the American Cancer Society, one in two men are diagnosed with cancer in their lifetime; and

WHEREAS, The likelihood that a man will develop prostate cancer is one in six; and
WHEREAS, According to the American Cancer Society, it is estimated that 241,730 new cases of prostate cancer will occur in the United States in 2012, and prostate cancer is the second-leading cause of cancer death in men, with 28,170 estimated deaths from prostate cancer to occur in 2012; and

WHEREAS, African-American men in the United States have the highest incidence of prostate cancer; and

WHEREAS, The number of cancer survivors is growing in the United States as a result of physicians’ ability to find cancer earlier, diagnose it more accurately, and treat it more effectively; and

WHEREAS, Follow-up care and patient education on cancer survivorship issues after prostate cancer treatment is a critical component to patient care that will aid survivors’ physical and psychosocial well-being and provide them with coordinated care; and

WHEREAS, An estimated 13 million men in the United States are affected by low testosterone, also known as hypogonadism, and, despite the high prevalence of this disease, testosterone deficiency is undertreated and overlooked because men frequently ignore their symptoms or attribute them to other causes such as aging; and

WHEREAS, Many men with low testosterone will benefit from treatments now available to them; and

WHEREAS, Many men are reluctant to visit a health center or physician for regular screening examinations of male-related health problems for a variety of reasons, including fear, lack of information, and cost factors; and

WHEREAS, Significant numbers of male-related health problems, such as prostate cancer, testicular cancer, infertility, and colon cancer, could be detected and treated if men’s awareness of these problems was more pervasive; and

WHEREAS, Educating both the public and health care providers about the importance of early detection of male-related health problems will result in reducing rates of mortality for these diseases; and

WHEREAS, Appropriate use of tests such as Prostate Specific Antigen (PSA) exams, blood pressure screens, and cholesterol screens, in conjunction with clinical examination and self-testing, can result in the detection of many male-related health problems in their early stages and increased survival rates; and

WHEREAS, Men who are educated about the value that preventive health can have in prolonging one’s lifespan and their role as a productive fam-
ily member will be more likely to participate in health screenings and proactively take charge of their health; now, therefore,

JOINT RESOLUTION NO. 3

A JOINT RESOLUTION declaring October of every year as "Agent Orange Awareness Month" and encouraging increased awareness about potential negative health effects of exposure on Vietnam veterans.

WHEREAS, Our Vietnam veterans valiantly served our country in what was a difficult, unconventional war; thousands gave their lives, and thousands of others were wounded and injured in battle; and

WHEREAS, In the years after the war, it has been disturbing to find that many of these wounds and injuries were caused by the indiscriminate use of chemicals as weapons of war by the United States military in the heavily forested areas of Vietnam; and

WHEREAS, Between 1961 and 1971, the United States military sprayed more than 19 million gallons of 15 different herbicides in South Vietnam and surrounding areas with the purpose of killing the plants, crops and forests that provided food and cover for enemy troops; and

WHEREAS, One of the most common herbicides used was "Agent Orange" which, named after the color of the stripe on its storage drums, was a mixture containing dioxin, a chemical associated in laboratory studies
and epidemiologic studies with certain skin diseases and an increased risk of both certain types of cancer and reproductive and developmental defects; and

WHEREAS, In addition to the trauma of war, some veterans are experiencing adverse health effects as a result of the use of Agent Orange to defoliate the jungle areas of Vietnam by the United States military; and

WHEREAS, Today, it is well known that Agent Orange is scientifically associated with a number of negative health effects on thousands of exposed Vietnam veterans, including chloracne, non-Hodgkin's lymphoma, soft tissue sarcomas, peripheral neuropathy, Hodgkin's disease, porphyria cutanea tarda, diabetes, multiple myeloma, respiratory cancers, prostate cancer, chronic lymphocytic leukemia, Parkinson's disease, ischemic heart disease, hypertension, AL amyloidosis, and spina bifida and other birth defects in the children of Vietnam veterans; and

WHEREAS, It is estimated that 2.6 million personnel served within the borders of South Vietnam and adjacent waters, and the Department of Veterans Affairs makes the presumption that all veterans who served in Vietnam were exposed to Agent Orange; and

WHEREAS, Given the presumed exposure, and the many negative health effects that have been linked to service in the Vietnam war, it is essential that we raise awareness about this issue in our communities and that all Vietnam veterans who have not already done so seek proper health screening; now, therefore,

BE IT RESOLVED by the General Assembly and Senate of the State of New Jersey:

C.36:2-192 “Agent Orange Awareness Month,” October; designated.

1. The Legislature of the State of New Jersey hereby declares October of every year as "Agent Orange Awareness Month," encourages all citizens and residents of this State to increase their awareness about the negative health effects associated with exposure to Agent Orange during the Vietnam war, and especially urges all Vietnam veterans to seek proper medical screening, and free medical care from the United States Department of Veterans Affairs, when possible.

C.36:2-193 Annual observance.

2. The Governor is requested to issue a proclamation calling upon the public officials and all citizens and residents of New Jersey to observe the month with appropriate activities and programs.
3. A duly authenticated copy of this joint resolution shall be transmitted to the New Jersey chapters of the Vietnam Veterans of America and to the Order of the Silver Rose.

4. This joint resolution shall take effect immediately.

Approved September 24, 2012.

JOINT RESOLUTION NO. 4

A JOINT RESOLUTION designating November 10 of each year as “Neuroendocrine Tumor Cancer Awareness Day” in New Jersey.

WHEREAS, Neuroendocrine cells, located throughout the body, produce hormones used for a variety of important functions, such as regulating air and blood flow through the lungs and the production of adrenaline in the adrenal glands; and

WHEREAS, Neuroendocrine tumor cancer (NET cancer) occurs when these neuroendocrine cells grow uncontrollably into malignant tumors, disrupting the cells’ important functions, and causing a wide variety of serious symptoms including recurrent lung infections, wheezing, abdominal pain, heart palpitations, heartburn, skin rashes, anxiety attacks, and sometimes death; and

WHEREAS, NET cancer most often originates in the lung or gastrointestinal system but can also begin in other organs, such as the pancreas, kidneys, ovaries, testes, or thyroid gland; and

WHEREAS, Even though thousands of Americans suffer from NET cancer, mistakes in diagnosis and caring for those suffering from NET cancer are far too common due to a lack of knowledge in the medical community about the disease; and

WHEREAS, Over 90 percent of NET cancer patients are incorrectly diagnosed and initially treated for the wrong disease; and

WHEREAS, Misdiagnoses and delayed diagnoses mean that NET cancer patients are treated for the wrong disease, on average, for five to seven years, by which point the cancer has often spread, making survival less likely; and

WHEREAS, Despite the fact that the majority of neuroendocrine tumors are cancerous, healthcare professionals often believe they are not cancerous, are unlikely to cause serious harm, and underestimate the tumor’s ability
to spread to other parts of the body, further decreasing the patient’s like­
lihood of survival; and
WHEREAS, Despite the well-publicized illness and death of Steve Jobs, who
succumbed to a form of NET cancer, knowledge of the disease is too
limited both within the medical community and among the general pub­
lic; and
WHEREAS, Greater awareness and knowledge of NET cancer both in the
medical and lay communities would substantially benefit those affected
by helping to generate the funding for further research to improve
treatments, and ultimately save more lives; now, therefore,

BE IT RESOLVED by the Senate and General Assembly of the State of
New Jersey:

NOW, THEREFORE, I, CHRIS CHRISTIE, Governor of the State of New Jersey, by virtue of the authority vested in me by the Constitution and by the Statutes of this State, do hereby ORDER and DIRECT:

1. The flag of the United States of America and the flag of New Jersey shall be flown at half-staff at all State departments, offices, agencies, and instrumentalities during appropriate hours on Tuesday, February 21, 2012 in recognition and mourning of a brave and loyal American hero, United States Marine Lance Corporal Osbrany Montes De Oca.

2. This Order shall take effect immediately.

Dated February 16, 2012.
WHEREAS, preparing every New Jersey student for college and career, regardless of zip code, is one of the foremost goals of this Administration; and
WHEREAS, on February 23, 2012, the Department of Education released its “Education Funding Report,” which advanced several funding and other reforms designed to meet that goal and close the State’s persistent achievement gap; and
WHEREAS, among those reforms were a number of suggested changes to the School Funding Reform Act (SFRA) funding formula; and
WHEREAS, the SFRA is used to distribute State aid to school districts through a formula that provides more State aid to districts with greater numbers of students determined to be economically at-risk and districts with less property wealth; and
WHEREAS, an at-risk student is defined in the SFRA as a student participating in the Federal Free and Reduced Price Lunch Program; and
WHEREAS, under the SFRA, each at-risk student is funded at between 147%-157% of his non-economically disadvantaged counterpart; and
WHEREAS, a June 2011 report from the Office of the State Auditor found that as many as 37% of the students enrolled in the Federal Free and Reduced Price Lunch Program are enrolled in the Program fraudulently, with the result that certain districts are likely receiving more State aid than they are rightly entitled to under the SFRA; and
WHEREAS, in August 2010, the Office of the State Comptroller released a report titled “A Programmatic Examination of Municipal Tax Abatements,” which found, among other things, that tax abatements keep school districts’ property wealth artificially low, with the result that those districts are receiving more State aid than they are rightly entitled to under the SFRA; and
WHEREAS, the Fiscal Year 2013 Budget Proposal calls for approximately $7.8 billion in SFRA formula aid, an increase of $213 million over Fiscal Year 2012 State education funding and the largest appropriation of State education dollars in New Jersey’s history; and
WHEREAS, as Governor, I have an obligation to both New Jersey’s students and taxpayers to ensure that education funds are allocated fairly and equitably; and
WHEREAS, the conclusions of the Education Funding Report, the State Auditor report, and the State Comptroller report suggest that some of the State’s education dollars are being misdirected, and ultimately misappropriated and mis-spent, by districts with fewer at-risk students than reflected through participation in the Federal Free and Reduced Price Lunch Program and with greater local property wealth than reported to the State because of municipal tax abatements; and
WHEREAS, given the conclusions of the Education Funding Report, the State Auditor report, and the State Comptroller report, the tens of millions of dollars or more in State aid that may have been misdirected to school districts in the
past, and the tens of millions of dollars or more that may be misdirected to school districts in the future, a Task Force on Education Funding is necessary to study the conclusions of the various reports and recommend changes to the SFRA where appropriate;

NOW, THEREFORE, I, CHRIS CHRISTIE, Governor of the State of New Jersey, by virtue of the authority vested in me by the Constitution and by the Statutes of this State, do hereby ORDER and DIRECT:

1. There is hereby created the New Jersey Education Funding Task Force, hereinafter referred to as the “Task Force.”

2. The Task Force shall consist of seven (7) members appointed by the Governor who shall serve at his pleasure. The Governor shall select a chairperson from among the members of the Task Force. The Task Force shall consist of individuals from both inside and outside government who have knowledge or expertise in the areas of education funding, policy, administration, governance, and fiscal management. All members of the Task Force shall serve without compensation. The Task Force shall organize as soon as practicable after the appointment of its members.

3. The Task Force is charged with examining the State’s school funding formula and developing recommendations for the Governor concerning those areas of the formula that may be susceptible to fraud or subject to outside manipulation, including, but not limited to, participation in the Federal Free and Reduced Price Lunch Program as a proxy for at-risk status and the municipal tax abatement programs. In developing its recommendations, the Task Force shall specifically consider the following issues: (a) economically effective measures of student poverty; (b) educationally sound measures of defining at-risk students; (c) appropriate adjustments to the SFRA to account for municipal property ratable bases that may be artificially deflated as a result of municipal property tax abatements; (d) identifying all aspects of the SFRA that may be susceptible to fraud, or subject to undue outside manipulation and recommendations to address these abuses; and (g) such other matters as may be referred to the Task Force by the Governor.

4. The Department of Education shall provide staff to support the Task Force as necessary and appropriate. The Task Force shall be authorized to call upon any department, office, division, or agency of this State to supply it with any information, personnel, or other assistance available as the Task Force deems necessary to discharge its duties under this Order. Each department, office, division, and agency of this State is hereby required, to the extent not inconsistent with law, to cooperate fully with the Task Force within the limits of its authority and to furnish the Task Force with such assistance on as timely a basis as is necessary to accomplish the purposes of this Order.

5. The Task Force may consult with experts or other knowledgeable individuals in the public or private sector on any aspect of its mission, and may elicit public input from individuals, members of the education community, organizations, and other interested parties.
6. The Task Force may report to the Governor from time to time and shall issue a final report to the Governor setting forth the Task Force's recommendations pursuant to this Order no later than 120 days after organizing. The Task Force shall expire upon the issuance of its final report.

7. The final report of the Task Force shall be provided to the Legislature and shall be made available to the public.

8. This Order shall take effect immediately.
