BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. R.S.34:15-94 is amended to read as follows:

   Annual surcharge for Second Injury Fund.
   b. Commencing January 1, 1989 and on the first day of each year thereafter, the Commissioner of Labor shall levy an annual surcharge upon all policyholders and self-insured employers for the purpose of providing moneys to the Second Injury Fund. Each policyholder and self-insured employer shall be liable for payment of the annual surcharge in accordance with the provisions of this section and all regulations promulgated pursuant hereto. The annual surcharge levied under this section shall be applied to all workers' compensation and employer's liability insurance policies providing coverage on or after January 1, 1989 and, in the case of self-insured employers, to coverage provided on or after January 1, 1989. Notwithstanding any law to the contrary, the surcharge levied pursuant to this section shall not apply: to any reinsurance or retrocessional transaction; to the State or any political subdivision thereof which acts as a self-insured employer; or to any workers' compensation endorsement required pursuant to section 1 of P.L.1979, c.380 (C.17:36-5.29).
   c. On or before July 31 of 1988 and of each year thereafter:
      (1) Each insurer and self-insured employer shall submit to the Commissioner of Labor, in a form and manner prescribed by the Commissioner of Labor, a report of the total compensation payments made by the insurer or self-insured employer during the 12-month period ending on the immediately preceding June 30th;
      (2) Each insurer shall submit to the Commissioner of Banking and Insurance, in a form and manner prescribed by the Commissioner of Banking and Insurance, a report of the total earned premiums collected by the insurer on all workers' compensation or employer's liability policies written on risks located in this State pursuant to the provisions of R.S.17:17-1 et seq., during the 12-month period ending on the immediately preceding June 30th;
      (3) The Commissioner of Labor shall estimate the amount of special adjustment and supplemental benefits payable by each insurer writing workers' compensation or employer's liability insurance in the State and by each
self-insured employer pursuant to R.S.34:15-95 during the then current fiscal year;

(4) The Commissioner of Labor shall make a determination of the aggregate annual surcharge to be levied upon policyholders and self-insured employers during the next following calendar year, which shall be an amount equal to (a) 150%, in the case of any calendar year commencing prior to January 1, 2000, and (b) 125%, in the case of any calendar year commencing after December 31, 1999, of the compensation and benefits estimated by the Commissioner of Labor to be payable from the Second Injury Fund during the next following calendar year plus 100% of the amount estimated by the Commissioner of Labor to be necessary for the cost of administration of the Division of Workers' Compensation in the Department of Labor, less the estimated amount of net assets exceeding $5,000,000.00 which will remain in the Second Injury Fund on December 31st of the then current calendar year, and the Commissioner of Labor shall submit an informational copy to the Joint Budget Oversight Committee. For the purpose of determining the annual surcharge to be levied upon policyholders and self-insured employers as prescribed herein, any amount transferred from the Second Injury Fund to the General Fund pursuant to P.L.2002, c.12 shall be added back to the Second Injury Fund for computational purposes only;

(5) The Commissioner of Labor shall apportion the aggregate annual surcharge calculated pursuant to paragraph (4) of this subsection among policyholders as a group and self-insured employers as a separate group. Policyholders shall be liable to pay that portion of the aggregate annual surcharge that is equal to the proportion that the compensation payments made by all policyholders during the 12-month period ending on the immediately preceding June 30th bear to the total compensation payments made by all policyholders and self-insured employers during the 12-month period ending on the immediately preceding June 30th. Self-insured employers shall be liable to pay that portion of the aggregate annual surcharge that is equal to the proportion that the compensation payments made by all self-insured employers during the 12-month period ending on the immediately preceding June 30th bear to the total compensation payments made by all policyholders and self-insured employers during the 12-month period ending on the immediately preceding June 30th; and

(6) The Commissioner of Labor shall notify the Commissioner of Banking and Insurance of the aggregate annual surcharge amount applicable to policyholders during the next following calendar year.

d. On or before September 15 of 1988 and of each year thereafter:

(1) In consultation with the Commissioner of Labor, the Commissioner of Banking and Insurance shall determine the annual policyholder surcharge rate to be applied to each workers' compensation and employer's liability policy
during the next following calendar year, and shall notify insurers of the annual policyholder surcharge rate to be applied to policy premiums during the next following calendar year. The annual policyholder surcharge rate shall be established as a percentage, which shall be equal to the percentage relationship that the annual surcharge amount which is applicable to all policyholders bears to the total earned premiums for workers' compensation and employer's liability coverage written on risks located in this State for the 12-month period ending on the immediately preceding June 30th.

(2) The Commissioner of Labor shall notify each self-insured employer of the amount of the annual surcharge applicable to that self-insured employer during the next following calendar year. The net annual surcharge for each self-insured employer shall be established as a pro rata portion of the annual surcharge applicable to all self-insured employers, which shall be chargeable to the self-insured employer in the proportion that the self-insured employer's compensation payments during the 12-month period ending on the immediately preceding June 30th bear to the total compensation payments made by all self-insured employers during the 12-month period ending on the immediately preceding June 30th, less the estimated amount of special adjustment and supplemental benefits payable by that self-insured employer pursuant to R.S.34:15-95 during the then current fiscal year.

e. (1) Every insurer providing workers' compensation and employer's liability insurance shall collect from each of its policyholders, on behalf of the Commissioner of Labor and in accordance with subsections b., c. and d. of this section, an amount equal to the annual policyholder surcharge rate established by the Commissioner of Banking and Insurance pursuant to subsection d. of this section, multiplied by the amount of the policyholder's premium. The surcharge to be collected from the policyholder shall be stated separately on the policy or billing statement and be collected at the same time and in the same manner that the premium or other charges for the coverage are collected. On or before the 30th day after the end of the calendar quarter commencing January 1, 1989, and on or before the 30th day following the end of each calendar quarter thereafter, each insurer shall report to the Commissioner of Labor, on forms as the commissioner may require, the total amount of its workers' compensation and employer's liability insurance earned premiums for the preceding quarterly accounting period, and remit the surcharge collected from policyholders on those premiums, less special adjustment and supplemental benefits paid during the preceding calendar quarter by the insurer pursuant to the workers' compensation law, R.S.34:15-1 et seq. No insurer or its agent shall be entitled to any portion of any surcharge imposed pursuant to this section as a fee or commission for its collection nor shall that surcharge be subject to any taxes, licenses or fees.
(2) On or before the 30th day after the end of each calendar quarter commencing January 1, 1989, and on or before the 30th day following the end of each calendar quarter thereafter, each self-insured employer shall remit to the Commissioner of Labor an amount equal to one-fourth of the effective net annual surcharge as established for that self-insured employer during the then current calendar year pursuant to subsection d. of this section, less special adjustment and supplemental benefits paid during the preceding calendar quarter by the self-insured employer pursuant to the workers' compensation law, R.S.34:15-1 et seq.

f. The Commissioner of Labor shall promulgate within 180 days of the effective date of this act and in accordance with the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), any rules and regulations as may be necessary for the apportionment and collection of annual surcharges from policyholders and self-insured employers covered by this section.

g. The Commissioner of Banking and Insurance shall promulgate within 180 days of the effective date of this act and in accordance with the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), any rules and regulations as may be necessary for the collection, and provision to the Commissioner of Labor, of information with respect to earned premiums of insurers and the establishment of the annual surcharge rate for policyholders.

h. For each 30-day period or part thereof during which a policyholder, self-insured employer, or insurer fails to make a payment or transfer of payment as required by this section or regulations promulgated pursuant hereto, a penalty of one-half of one percent (0.5%) of the amount of delinquent payment or transfer of payment shall be assessed against the delinquent policyholder, self-insured employer or insurer. In no case of single failure, however, shall penalties assessed under this section exceed five percent (5.0%) of the amount of surcharge unpaid or untransferred. Penalties assessed under this subsection shall be collected in a civil action by a summary proceeding brought by the Commissioner of Labor pursuant to "The Penalty Enforcement Law of 1999," P.L.1999, c.274 (C.2A:58-10 et seq.), and shall be deposited by the commissioner in the Second Injury Fund.

i. The amount repaid each year shall be not less than one tenth of the total amount transferred from the State disability benefits fund to the clearing account of the unemployment compensation fund under subsection (f) of this section, plus not less than one tenth of the amount reimbursed to the General Fund in accordance with subsection (g), plus accrued interest. The State Treasurer shall, on or before the thirty-first day of January in 1995 and in each subsequent year determine what amount shall be repaid to the State disability benefits fund in the next commencing fiscal year, which amount shall be consistent with the provisions of this subsection (h). The amounts paid from the General Fund for benefits and administrative costs pursuant to this subsection shall
be repaid to the General Fund from the State disability benefits fund at such time as the Treasurer determines that the repayment may be made without reducing or delaying benefits payable pursuant to the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-25 et seq.). The repayment to the General Fund from the State disability benefits fund pursuant to this subsection (j) shall not effect an increase in employee or employer contributions under subsection (d) or (e) of R.S.43:21-7.

(k) The State Treasurer is hereby authorized and directed to requisition and withdraw, in addition to the $33,000,000 appropriated from the State disability benefits fund pursuant to section 61 of P.L.2001, c.130 for transfer to the General Fund, before July 1, 2002 an amount not greater than $50,000,000 from the State disability benefits fund and to deposit that amount in the General Fund. C.26:2H-18.58 Health Care Subsidy Fund.

8. There is established the Health Care Subsidy Fund in the Department of Health and Senior Services.

a. The fund shall be comprised of revenues from employee and employer contributions made pursuant to section 29 of P.L.1992, c.160 (C.43:21-7b), revenues from the hospital assessment made pursuant to section 12 of P.L.1992, c.160 (C.26:2H-18.62), revenues pursuant to section 11 of P.L.1996, c.28 (C.26:2H-18.58c), revenues from interest and penalties collected pursuant to this act and revenues from such other sources as the Legislature shall determine. Interest earned on the monies in the fund shall be credited to the fund. The fund shall be a nonlapsing fund dedicated for use by the State to: (1) distribute charity care and other uncompensated care disproportionate share payments to hospitals, and other eligible providers pursuant to section 8 of P.L.1996, c.28 (C.26:2H-18.59g), provide subsidies for the Health Access New Jersey program established pursuant to section 15 of P.L.1992, c.160 (C.26:2H-18.65), and provide funding for children's health care coverage pursuant to P.L.1997, c.272 (C.30:41-1 et seq.); (2) assist hospitals and other health care facilities in the underwriting of innovative and necessary health care services; and (3) provide for the payment in State fiscal year 2002 of appropriate Medicaid expenses, subject to the approval of the Director of the Division of Budget and Accounting.

b. The fund shall be administered by a person appointed by the commissioner.

The administrator of the fund is responsible for overseeing and coordinating the collection and reimbursement of fund monies. The administrator is responsible for promptly informing the commissioner if monies are not or are not reasonably expected to be collected or disbursed.

c. The commissioner shall adopt rules and regulations to ensure the
integrity of the fund, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.).

d. The administrator shall establish separate accounts for the charity care component of the disproportionate share hospital subsidy, other uncompensated care component of the disproportionate share hospital subsidy, hospital and other health care initiatives funding and the payments for subsidies for insurance premiums to provide care in disproportionate share hospitals, known as the Health Access New Jersey subsidy account, respectively.

e. In the event that the charity care component of the disproportionate share hospital subsidy account has a surplus in a given year after payments are distributed pursuant to the methodology established in section 13 of P.L.1995, c.133 (C.26:2H-18.59b) and section 7 of P.L.1996, c.28 (C.26:2H-18.59e) and within the limitations provided in subsection e. of section 9 of P.L.1992, c.160 (C.26:2H-18.59), the surplus monies in calendar years 2002 and 2003 shall lapse to the unemployment compensation fund established pursuant to R.S.43:21-9, and each year thereafter shall lapse to the charity care component of the disproportionate share hospital subsidy account for distribution in subsequent years.

2. R.S.43:21-4 is amended to read as follows:

**Benefit eligibility conditions.**

43:21-4. Benefit eligibility conditions. An unemployed individual shall be eligible to receive benefits with respect to any week only if:

(a) The individual has filed a claim at an unemployment insurance claims office and thereafter continues to report at an employment service office or unemployment insurance claims office, as directed by the division in accordance with such regulations as the division may prescribe, except that the division may, by regulation, waive or alter either or both of the requirements of this subsection as to individuals attached to regular jobs, and as to such other types of cases or situations with respect to which the division finds that compliance with such requirements would be oppressive, or would be inconsistent with the purpose of this act; provided that no such regulation shall conflict with subsection (a) of R.S.43:21-3.

(b) The individual has made a claim for benefits in accordance with the provisions of subsection (a) of R.S.43:21-6.

(c) (1) The individual is able to work, and is available for work, and has demonstrated to be actively seeking work, except as hereinafter provided in this subsection or in subsection (f) of this section.

(2) The director may modify the requirement of actively seeking work if such modification of this requirement is warranted by economic conditions.
(3) No individual, who is otherwise eligible, shall be deemed ineligible, or unavailable for work, because the individual is on vacation, without pay, during said week, if said vacation is not the result of the individual's own action as distinguished from any collective action of a collective bargaining agent or other action beyond the individual's control.

(4) (A) Subject to such limitations and conditions as the division may prescribe, an individual, who is otherwise eligible, shall not be deemed unavailable for work or ineligible because the individual is attending a training program approved for the individual by the division to enhance the individual's employment opportunities or because the individual failed or refused to accept work while attending such program.

(B) For the purpose of this paragraph (4), any training program shall be regarded as approved by the division for the individual if the program and the individual meet the following requirements:

(i) The training is for a labor demand occupation and is likely to enhance the individual's marketable skills and earning power;

(ii) The training is provided by a competent and reliable private or public entity approved by the Commissioner of Labor pursuant to the provisions of section 8 of the "1992 New Jersey Employment and Workforce Development Act," P.L.1992, c.43 (C.34:15D-8);

(iii) The individual can reasonably be expected to complete the program, either during or after the period of benefits;

(iv) The training does not include on the job training or other training under which the individual is paid by an employer for work performed by the individual during the time that the individual receives benefits; and

(v) The individual enrolls in vocational training, remedial education or a combination of both on a full-time basis.

(C) If the requirements of subparagraph (B) of this paragraph (4) are met, the division shall not withhold approval of the training program for the individual for any of the following reasons:

(i) The training includes remedial basic skills education necessary for the individual to successfully complete the vocational component of the training;

(ii) The training is provided in connection with a program under which the individual may obtain a college degree, including a post-graduate degree;

(iii) The length of the training period under the program; or

(iv) The lack of a prior guarantee of employment upon completion of the training.

(D) For the purpose of this paragraph (4), "labor demand occupation" means an occupation for which there is or is likely to be an excess of demand over supply for adequately trained workers, including, but not
limited to, an occupation designated as a labor demand occupation by the New Jersey Occupational Information Coordinating Committee pursuant to the provisions of subsection h. of section 1 of P.L.1987, c.457 (C.34:1A-76) or section 12 of P.L.1992, c.43 (C.34:1A-78).

(5) An unemployed individual, who is otherwise eligible, shall not be deemed unavailable for work or ineligible solely by reason of the individual's attendance before a court in response to a summons for service on a jury.

(6) An unemployed individual, who is otherwise eligible, shall not be deemed unavailable for work or ineligible solely by reason of the individual's attendance at the funeral of an immediate family member, provided that the duration of the attendance does not extend beyond a two-day period.

For purposes of this paragraph, "immediate family member" includes any of the following individuals: father, mother, mother-in-law, father-in-law, grandmother, grandfather, grandchild, spouse, child, foster child, sister or brother of the unemployed individual and any relatives of the unemployed individual residing in the unemployed individual's household.

(7) No individual, who is otherwise eligible, shall be deemed ineligible or unavailable for work with respect to any week because, during that week, the individual fails or refuses to accept work while the individual is participating on a full-time basis in self-employment assistance activities authorized by the division, whether or not the individual is receiving a self-employment allowance during that week.

(8) Any individual who is determined to be likely to exhaust regular benefits and need reemployment services based on information obtained by the worker profiling system shall not be eligible to receive benefits if the individual fails to participate in available reemployment services to which the individual is referred by the division or in similar services, unless the division determines that:

(A) The individual has completed the reemployment services; or

(B) There is justifiable cause for the failure to participate, which shall include participation in employment and training, self-employment assistance activities or other activities authorized by the division to assist reemployment or enhance the marketable skills and earning power of the individual and which shall include any other circumstance indicated pursuant to this section in which an individual is not required to be available for and actively seeking work to receive benefits.

(d) With respect to any benefit year commencing before January 1, 2002, the individual has been totally or partially unemployed for a waiting period of one week in the benefit year which includes that week. When benefits become payable with respect to the third consecutive week next following the waiting period, the individual shall be eligible to receive
benefits as appropriate with respect to the waiting period. No week shall be counted as a week of unemployment for the purposes of this subsection:

(1) If benefits have been paid, or are payable with respect thereto; provided that the requirements of this paragraph shall be waived with respect to any benefits paid or payable for a waiting period as provided in this subsection;

(2) If it has constituted a waiting period week under the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-25 et seq.);

(3) Unless the individual fulfills the requirements of subsections (a) and (c) of this section;

(4) If with respect thereto, claimant was disqualified for benefits in accordance with the provisions of subsection (d) of R.S.43:21-5.

The waiting period provided by this subsection shall not apply to benefit years commencing on or after January 1, 2002. An individual whose total benefit amount was reduced by the application of the waiting period to a claim which occurred on or after January 1, 2002 and before the effective date of P.L.2002, c.13, shall be permitted to file a claim for the additional benefits attributable to the waiting period in the form and manner prescribed by the division, but not later than the 180th day following the effective date of P.L.2002, c.13 unless the division determines that there is good cause for a later filing.

(e) (1) (Deleted by amendment, P.L.2001, c.17).

(2) With respect to benefit years commencing on or after January 1, 1996 and before January 7, 2001, except as otherwise provided in paragraph (3) of this subsection, the individual has, during his base year as defined in subsection (c) of R.S.43:21-19:

(A) Established at least 20 base weeks as defined in paragraph (2) of subsection (t) of R.S.43:21-19; or

(B) If the individual has not met the requirements of subparagraph (A) of this paragraph (2), earned remuneration not less than an amount 12 times the Statewide average weekly remuneration paid to workers, as determined under R.S.43:21-3(c), which amount shall be adjusted to the next higher multiple of $100.00 if not already a multiple thereof; or

(C) If the individual has not met the requirements of subparagraph (A) or (B) of this paragraph (2), earned remuneration not less than an amount 1,000 times the minimum wage in effect pursuant to section 5 of P.L.1966, c.113 (C.34:11-56a4) on October 1 of the calendar year preceding the calendar year in which the benefit year commences, which amount shall be adjusted to the next higher multiple of $100.00 if not already a multiple thereof.

(3) With respect to benefit years commencing before January 7, 2001, notwithstanding the provisions of paragraph (2) of this subsection, an
unemployed individual claiming benefits on the basis of service performed in the production and harvesting of agricultural crops shall, subject to the limitations of subsection (i) of R.S.43:21-19, be eligible to receive benefits if during his base year, as defined in subsection (c) of R.S.43:21-19, the individual:

(A) Has established at least 20 base weeks as defined in paragraph (2) of subsection (t) of R.S.43:21-19; or

(B) Has earned 12 times the Statewide average weekly remuneration paid to workers, as determined under R.S.43:21-3(c), raised to the next higher multiple of $100.00 if not already a multiple thereof, or more; or

(C) Has performed at least 770 hours of service in the production and harvesting of agricultural crops.

(4) With respect to benefit years commencing on or after January 7, 2001, except as otherwise provided in paragraph (5) of this subsection, the individual has, during his base year as defined in subsection (c) of R.S.43:21-19:

(A) Established at least 20 base weeks as defined in paragraphs (2) and (3) of subsection (t) of R.S.43:21-19; or

(B) If the individual has not met the requirements of subparagraph (A) of this paragraph (4), earned remuneration not less than an amount 1,000 times the minimum wage in effect pursuant to section 5 of P.L.1966, c.113 (C.34:11-56a4) on October 1 of the calendar year preceding the calendar year in which the benefit year commences, which amount shall be adjusted to the next higher multiple of $100 if not already a multiple thereof.

(5) With respect to benefit years commencing on or after January 7, 2001, notwithstanding the provisions of paragraph (4) of this subsection, an unemployed individual claiming benefits on the basis of service performed in the production and harvesting of agricultural crops shall, subject to the limitations of subsection (i) of R.S.43:21-19, be eligible to receive benefits if during his base year, as defined in subsection (c) of R.S.43:21-19, the individual:

(A) Has established at least 20 base weeks as defined in paragraphs (2) and (3) of subsection (t) of R.S.43:21-19; or

(B) Has earned remuneration not less than an amount 1,000 times the minimum wage in effect pursuant to section 5 of P.L.1966, c.113 (C.34:11-56a4) on October 1 of the calendar year preceding the calendar year in which the benefit year commences, which amount shall be adjusted to the next higher multiple of $100 if not already a multiple thereof; or

(C) Has performed at least 770 hours of service in the production and harvesting of agricultural crops.

(6) The individual applying for benefits in any successive benefit year has earned at least six times his previous weekly benefit amount and has had
four weeks of employment since the beginning of the immediately preceding benefit year. This provision shall be in addition to the earnings requirements specified in paragraph (2), (3), (4) or (5) of this subsection, as applicable.

(f) (1) The individual has suffered any accident or sickness not compensable under the workers' compensation law, R.S.34:15-1 et seq. and resulting in the individual's total disability to perform any work for remuneration, and would be eligible to receive benefits under this chapter (R.S.43:21-1 et seq.) (without regard to the maximum amount of benefits payable during any benefit year) except for the inability to work and has furnished notice and proof of claim to the division, in accordance with its rules and regulations, and payment is not precluded by the provisions of R.S.43:21-3(d); provided, however, that benefits paid under this subsection (f) shall be computed on the basis of only those base year wages earned by the claimant as a "covered individual," as defined in R.S.43:21-27(b); provided further that no benefits shall be payable under this subsection to any individual:

(A) For any period during which such individual is not under the care of a legally licensed physician, dentist, optometrist, podiatrist, practicing psychologist or chiropractor;

(B) (Deleted by amendment, P.L.1980, c.90.)

(C) For any period of disability due to willfully or intentionally self-inflicted injury, or to injuries sustained in the perpetration by the individual of a crime of the first, second or third degree;

(D) For any week with respect to which or a part of which the individual has received or is seeking benefits under any unemployment compensation or disability benefits law of any other state or of the United States; provided that if the appropriate agency of such other state or the United States finally determines that the individual is not entitled to such benefits, this disqualification shall not apply;

(E) For any week with respect to which or part of which the individual has received or is seeking disability benefits under the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-25 et seq.);

(F) For any period of disability commencing while such individual is a "covered individual," as defined in subsection (b) of section 3 of the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-27).

(2) Benefit payments under this subsection (f) shall be charged to and paid from the State disability benefits fund established by the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-25 et seq.), and shall not be charged to any employer account in computing any employer's experience rate for contributions payable under this chapter.
(g) Benefits based on service in employment defined in subparagraphs (B) and (C) of R.S.43:21-19(i)(1) shall be payable in the same amount and on the terms and subject to the same conditions as benefits payable on the basis of other service subject to the "unemployment compensation law"; except that, notwithstanding any other provisions of the "unemployment compensation law":

(1) With respect to service performed after December 31, 1977, in an instructional research, or principal administrative capacity for an educational institution, benefits shall not be paid based on such services for any week of unemployment commencing during the period between two successive academic years, or during a similar period between two regular terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, to any individual if such individual performs such services in the first of such academic years (or terms) and if there is a contract or a reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of such academic years or terms;

(2) With respect to weeks of unemployment beginning after September 3, 1982, on the basis of service performed in any other capacity for an educational institution, benefits shall not be paid on the basis of such services to any individual for any week which commences during a period between two successive academic years or terms if such individual performs such services in the first of such academic years or terms and there is a reasonable assurance that such individual will perform such services in the second of such academic years or terms, except that if benefits are denied to any individual under this paragraph (2) and the individual was not offered an opportunity to perform these services for the educational institution for the second of any academic years or terms, the individual shall be entitled to a retroactive payment of benefits for each week for which the individual filed a timely claim for benefits and for which benefits were denied solely by reason of this clause;

(3) With respect to those services described in paragraphs (1) and (2) above, benefits shall not be paid on the basis of such services to any individual for any week which commences during an established and customary vacation period or holiday recess if such individual performs such services in the period immediately before such vacation period or holiday recess, and there is a reasonable assurance that such individual will perform such services in the period immediately following such period or holiday recess;

(4) With respect to any services described in paragraphs (1) and (2) above, benefits shall not be paid as specified in paragraphs (1), (2), and (3) above to any individual who performed those services in an educational
institution while in the employ of an educational service agency, and for this purpose the term "educational service agency" means a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing those services to one or more educational institutions.

(h) Benefits shall not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two successive sports seasons (or similar periods) if such individual performed such services in the first of such seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

(i) (1) Benefits shall not be paid on the basis of services performed by an alien unless such alien is an individual who was lawfully admitted for permanent residence at the time the services were performed and was lawfully present for the purpose of performing the services or otherwise was permanently residing in the United States under color of law at the time the services were performed (including an alien who is lawfully present in the United States as a result of the application of the provisions of section 212(d)(5) (8 U.S.C. s.1182 (d)(5)) of the Immigration and Nationality Act (8 U.S.C. s.1101 et seq.)); provided that any modifications of the provisions of section 3304(a)(14) of the Federal Unemployment Tax Act (26 U.S.C. s.3304 (a)(14)), as provided by Pub.L.94-566, which specify other conditions or other effective dates than stated herein for the denial of benefits based on services performed by aliens and which modifications are required to be implemented under State law as a condition for full tax credit against the tax imposed by the Federal Unemployment Tax Act, shall be deemed applicable under the provisions of this section.

(2) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(3) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of alien status shall be made except upon a preponderance of the evidence.

(j) Notwithstanding any other provision of this chapter, the director may, to the extent that it may be deemed efficient and economical, provide for consolidated administration by one or more representatives or deputies of claims made pursuant to subsection (f) of this section with those made pursuant to Article III (State plan) of the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-25 et seq.).
3. **R.S.43:21-7** is amended to read as follows:

**Contributions.**

43:21-7. Contributions. Employers other than governmental entities, whose benefit financing provisions are set forth in section 4 of P.L.1971, c.346 (C.43:21-7.3), and those nonprofit organizations liable for payment in lieu of contributions on the basis set forth in section 3 of P.L.1971, c.346 (C.43:21-7.2), shall pay to the controller for the unemployment compensation fund, contributions as set forth in subsections (a), (b) and (c) hereof, and the provisions of subsections (d) and (e) shall be applicable to all employers, consistent with the provisions of the "unemployment compensation law" and the "Temporary Disability Benefits Law," P.L.1948, c.110(C.43:21-25 et seq.).

(a) Payment.

(1) Contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this chapter (R.S.43:21-1 et seq.), with respect to having individuals in his employ during that calendar year, at the rates and on the basis hereinafter set forth. Such contributions shall become due and be paid by each employer to the controller for the fund, in accordance with such regulations as may be prescribed, and shall not be deducted, in whole or in part, from the remuneration of individuals in his employ.

(2) In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to $0.005 or more, in which case it shall be increased to $0.01.

(b) Rate of contributions. Each employer shall pay the following contributions:

(1) For the calendar year 1947, and each calendar year thereafter, 2 7/10% of wages paid by him during each such calendar year, except as otherwise prescribed by subsection (c) of this section.

(2) The "wages" of any individual, with respect to any one employer, as the term is used in this subsection (b) and in subsections (c), (d) and (e) of this section 7, shall include the first $4,800.00 paid during calendar year 1975, for services performed either within or without this State; provided that no contribution shall be required by this State with respect to services performed in another state if such other state imposes contribution liability with respect thereto. If an employer (hereinafter referred to as a successor employer) during any calendar year acquires substantially all the property used in a trade or business of another employer (hereinafter referred to as a predecessor), or used in a separate unit of a trade or business of a predecessor, and immediately after the acquisition employs in his trade or business an individual who immediately prior to the acquisition was employed in the
trade or business of such predecessors, then, for the purpose of determining
whether the successor employer has paid wages with respect to employment
equal to the first $4,800.00 paid during calendar year 1975, any wages paid
to such individual by such predecessor during such calendar year and prior
to such acquisition shall be considered as having been paid by such
successor employer.

(3) For calendar years beginning on and after January 1, 1976, the
"wages" of any individual, as defined in the preceding paragraph (2) of this
subsection (b), shall be established and promulgated by the Commissioner
of Labor on or before September 1 of the preceding year and shall be 28
times the Statewide average weekly remuneration paid to workers by
employers, as determined under R.S.43:21-3(c), raised to the next higher
multiple of $100.00 if not already a multiple thereof, provided that if the
amount of wages so determined for a calendar year is less than the amount
similarly determined for the preceding year, the greater amount will be used;
provided, further, that if the amount of such wages so determined does not
equal or exceed the amount of wages as defined in subsection (b) of section
3306 of the Federal Unemployment Tax Act, Chapter 23 of the Internal
Revenue Code of 1986 (26 U.S.C.s.3306(b)), the wages as determined in
this paragraph in any calendar year shall be raised to equal the amount
established under the Federal Unemployment Tax Act for that calendar year.

c) Future rates based on benefit experience.

(1) A separate account for each employer shall be maintained and this
shall be credited with all the contributions which he has paid on his own
behalf on or before January 31 of any calendar year with respect to
employment occurring in the preceding calendar year; provided, however,
that if January 31 of any calendar year falls on a Saturday or Sunday, an
employer's account shall be credited as of January 31 of such calendar year
with all the contributions which he has paid on or before the next succeed­
ing day which is not a Saturday or Sunday. But nothing in this chapter
(R.S.43:21-1 et seq.) shall be construed to grant any employer or individuals
in his service prior claims or rights to the amounts paid by him into the fund
either on his own behalf or on behalf of such individuals. Benefits paid with
respect to benefit years commencing on and after January 1, 1953, to any
individual on or before December 31 of any calendar year with respect to
unemployment in such calendar year and in preceding calendar years shall
be charged against the account or accounts of the employer or employers in
whose employment such individual established base weeks constituting the
basis of such benefits, except that, with respect to benefit years commencing
after January 4, 1998, an employer's account shall not be charged for
benefits paid to a claimant if the claimant's employment by that employer
was ended in any way which, pursuant to subsection (a), (b), (c), (f), (g) or
(h) of R.S.43:21-5, would have disqualified the claimant for benefits if the claimant had applied for benefits at the time when that employment ended. Benefits paid under a given benefit determination shall be charged against the account of the employer to whom such determination relates. When each benefit payment is made, either a copy of the benefit check or other form of notification shall be promptly sent to the employer against whose account the benefits are to be charged. Such copy or notification shall identify the employer against whose account the amount of such payment is being charged, shall show at least the name and social security account number of the claimant and shall specify the period of unemployment to which said check applies. If the total amount of benefits paid to a claimant and charged to the account of the appropriate employer exceeds 50% of the total base year, base week wages paid to the claimant by that employer, then such employer shall have canceled from his account such excess benefit charges as specified above.

Each employer shall be furnished an annual summary statement of benefits charged to his account.

(2) Regulations may be prescribed for the establishment, maintenance, and dissolution of joint accounts by two or more employers, and shall, in accordance with such regulations and upon application by two or more employers to establish such an account, or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer's account.

(3) No employer's rate shall be lower than 5.4% unless assignment of such lower rate is consistent with the conditions applicable to additional credit allowance for such year under section 3303(a)(1) of the Internal Revenue Code of 1986 (26 U.S.C.s.3303(a)(1)), any other provision of this section to the contrary notwithstanding.

(4) Employer Reserve Ratio. (A) Each employer's rate shall be 2 8/10%, except as otherwise provided in the following provisions. No employer's rate for the 12 months commencing July 1 of any calendar year shall be other than 2 8/10%, unless as of the preceding January 31 such employer shall have paid contributions with respect to wages paid in each of the three calendar years immediately preceding such year, in which case such employer's rate for the 12 months commencing July 1 of any calendar year shall be determined on the basis of his record up to the beginning of such calendar year. If, at the beginning of such calendar year, the total of all his contributions, paid on his own behalf, for all past years exceeds the total benefits charged to his account for all such years, his contribution rate shall be:
(1) 2 5/10%, if such excess equals or exceeds 4%, but less than 5%, of his average annual payroll (as defined in paragraph (2), subsection (a) of R.S.43:21-19);
(2) 2 2/10%, if such excess equals or exceeds 5%, but is less than 6%, of his average annual payroll;
(3) 1 9/10%, if such excess equals or exceeds 6%, but is less than 7%, of his average annual payroll;
(4) 1 6/10%, if such excess equals or exceeds 7%, but is less than 8%, of his average annual payroll;
(5) 1 3/10%, if such excess equals or exceeds 8%, but is less than 9%, of his average annual payroll;
(6) 1 %, if such excess equals or exceeds 9%, but is less than 10%, of his average annual payroll;
(7) 7110% of 1%, if such excess equals or exceeds 10%, but is less than 11%, of his average annual payroll;
(8) 4/10 of 1%, if such excess equals or exceeds 11% of his average annual payroll.

(B) If the total of an employer's contributions, paid on his own behalf, for all past periods for the purposes of this paragraph (4), is less than the total benefits charged against his account during the same period, his rate shall be:
(1) 4%, if such excess is less than 10% of his average annual payroll;
(2) 4 3/10%, if such excess equals or exceeds 10%, but is less than 20%, of his average annual payroll;
(3) 4 6/10%, if such excess equals or exceeds 20% of his average annual payroll.

(C) Specially assigned rates. If no contributions were paid on wages for employment in any calendar year used in determining the average annual payroll of an employer eligible for an assigned rate under this paragraph (4), the employer's rate shall be specially assigned as follows:
(i) if the reserve balance in its account is positive, its assigned rate shall be the highest rate in effect for positive balance accounts for that period, or 5.4%, whichever is higher, and (ii) if the reserve balance in its account is negative, its assigned rate shall be the highest rate in effect for deficit accounts for that period.

(D) The contribution rates prescribed by subparagraphs (A) and (B) of this paragraph (4) shall be increased or decreased in accordance with the provisions of paragraph (5) of this subsection (c) for experience rating periods through June 30, 1986.

(5) (A) Unemployment Trust Fund Reserve Ratio. If on March 31 of any calendar year the balance in the unemployment trust fund equals or exceeds 4% but is less than 7% of the total taxable wages reported to the
controller as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be increased by 3/10 of 1% over the contribution rate otherwise established under the provisions of paragraph (3) of this subsection. If on March 31 of any calendar year the balance of the unemployment trust fund exceeds 2 1/2% but is less than 4% of the total taxable wages reported to the controller as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be increased by 6/10 of 1% over the contribution rate otherwise established under the provisions of paragraph (3) or (4) of this subsection.

If on March 31 of any calendar year the balance of the unemployment trust fund is less than 2 1/2% of the total taxable wages reported to the controller as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer (1) eligible for a contribution rate calculation based upon benefit experience, shall be increased by (i) 6/10 of 1% over the contribution rate otherwise established under the provisions of paragraph (3), (4)(A) or (4)(B) of this subsection, and (ii) an additional amount equal to 20% of the total rate established herein, provided, however, that the final contribution rate for each employer shall be computed to the nearest multiple of 1/10% if not already a multiple thereof; (2) not eligible for a contribution rate calculation based upon benefit experience, shall be increased by 6/10 of 1% over the contribution rate otherwise established under the provisions of paragraph (4) of this subsection. For the period commencing July 1, 1984 and ending June 30, 1986, the contribution rate for each employer liable to pay contributions under R.S.43:21-7 shall be increased by a factor of 10% computed to the nearest multiple of 1/10% if not already a multiple thereof.

(B) If on March 31 of any calendar year the balance in the unemployment trust fund equals or exceeds 10% but is less than 12 1/2% of the total taxable wages reported to the controller as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be reduced by 3/10 of 1% under the contribution rate otherwise established under the provisions of paragraphs (3) and (4) of this subsection; provided that in no event shall the contribution rate of any employer be reduced to less than 4/10 of 1%. If on March 31 of any calendar year the balance in the unemployment trust fund equals or exceeds 12 1/2% of the total taxable wages reported to the controller as of that date in respect to employment during the preceding
calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be reduced by 6/10 of 1% if his account for all past periods reflects an excess of contributions paid over total benefits charged of 3% or more of his average annual payroll, otherwise by 3/10 of 1% under the contribution rate otherwise established under the provisions of paragraphs (3) and (4) of this subsection; provided that in no event shall the contribution rate of any employer be reduced to less than 4/10 of 1%.

(C) The "balance" in the unemployment trust fund, as the term is used in subparagraphs (A) and (B) above, shall not include moneys credited to the State's account under section 903 of the Social Security Act, as amended (42 U.S.C.s.1103), during any period in which such moneys are appropriated for the payment of expenses incurred in the administration of the "unemployment compensation law."

(D) Prior to July 1 of each calendar year the controller shall determine the Unemployment Trust Reserve Ratio, which shall be calculated by dividing the balance of the unemployment trust fund as of the prior March 31 by total taxable wages reported to the controller by all employers as of March 31 with respect to their employment during the last calendar year.

(E) (i) (Deleted by amendment, P.L.1997, c.263).

(iii) With respect to experience rating years beginning on or after July 1, 1998 and before July 1, 2002, the new employer rate or the unemployment experience rate of an employer under this section shall be the rate which appears in the column headed by the Unemployment Trust Fund Reserve Ratio as of the applicable calculation date and on the line with the Employer Reserve Ratio, as defined in paragraph 4 of this subsection (R.S.43:21-7 (c)(4)), as set forth in the following table:

2 Employer Reserve Ratio (Contributions minus benefits as a percentage of employer's taxable wages).

(F)(i) (Deleted by amendment, P.L.1997, c.263).

(ii) With respect to experience rating years beginning on or after July 1, 1997, if the fund reserve ratio, based on the fund balance as of the prior March 31, is less than 1.00%, the contribution rate for each employer liable to pay contributions, as computed under subparagraph (E) of this paragraph (5), shall be increased by a factor of 10% computed to the nearest multiple of 1/10% if not already a multiple thereof.

(G) On or after January 1, 1993, notwithstanding any other provisions of this paragraph (5), the contribution rate for each employer liable to pay contributions, as computed under subparagraph (E) of this paragraph (5), shall be decreased by 0.1%, except that, during any experience rating year starting before January 1, 1998 in which the fund reserve ratio is equal to or greater than 7.00% or during any experience rating year starting on or after January 1, 1998, in which the fund reserve ratio is equal to or greater
than 3.5%, there shall be no decrease pursuant to this subparagraph (G) in the contribution of any employer who has a deficit reserve ratio of negative 35.00% or under.

(H) On or after January 1, 1993 until December 31, 1993, notwithstanding any other provisions of this paragraph (5), the contribution rate for each employer liable to pay contributions, as computed under subparagraph (E) of this paragraph (5), shall be decreased by a factor of 52.0% computed to the nearest multiple of 1/10%, except that, if an employer has a deficit reserve ratio of negative 35.0% or under, the employer's rate of contribution shall not be reduced pursuant to this subparagraph (H) to less than 5.4%. The amount of the reduction in the employer contributions stipulated by this subparagraph (H) shall be in addition to the amount of the reduction in the employer contributions stipulated by subparagraph (G) of this paragraph (5), except that the rate of contribution of an employer who has a deficit reserve ratio of negative 35.0% or under shall not be reduced pursuant to this subparagraph (H) to less than 5.4% and the rate of contribution of any other employer shall not be reduced to less than 0.0%.

On or after January 1, 1994 until December 31, 1995, except as provided pursuant to subparagraph (I) of this paragraph (5), notwithstanding any other provisions of this paragraph (5), the contribution rate for each employer liable to pay contributions, as computed under subparagraph (E) of this paragraph (5), shall be decreased by a factor of 36.0% computed to the nearest multiple of 1/10%, except that, if an employer has a deficit reserve ratio of negative 35.0% or under, the employer's rate of contribution shall not be reduced pursuant to this subparagraph (H) to less than 5.4%. The amount of the reduction in the employer contributions stipulated by this subparagraph (H) shall be in addition to the amount of the reduction in the employer contributions stipulated by subparagraph (G) of this paragraph (5), except that the rate of contribution of an employer who has a deficit reserve ratio of negative 35.0% or under shall not be reduced pursuant to this subparagraph (H) to less than 5.4% and the rate of contribution of any other employer shall not be reduced to less than 0.0%.

On or after April 1, 1996 until December 31, 1996, the contribution rate for each employer liable to pay contributions, as computed under subparagraph (E) of this paragraph (5), shall be decreased by a factor of 25.0% computed to the nearest multiple of 1/10%, except that, if an employer has a deficit reserve ratio of negative 35.0% or under, the employer's rate of contribution shall not be reduced pursuant to this subparagraph (H) to less than 5.4%. The amount of the reduction in the employer contributions stipulated by this subparagraph (H) shall be in addition to the amount of the reduction in the employer contributions stipulated by subparagraph (G) of this paragraph (5), except that the rate of contribution of an employer who
has a deficit reserve ratio of negative 35.0% or under shall not be reduced pursuant to this subparagraph (H) to less than 5.4% and the rate of contribution of any other employer shall not be reduced to less than 0.0%.

On or after January 1, 1997 until December 31, 1997, the contribution rate for each employer liable to pay contributions, as computed under subparagraph (E) of this paragraph (5), shall be decreased by a factor of 10.0% computed to the nearest multiple of 1/10%, except that, if an employer has a deficit reserve ratio of negative 35.0% or under, the employer's rate of contribution shall not be reduced pursuant to this subparagraph (H) to less than 5.4%. The amount of the reduction in the employer contributions stipulated by this subparagraph (H) shall be in addition to the amount of the reduction in the employer contributions stipulated by subparagraph (G) of this paragraph (5), except that the rate of contribution of an employer who has a deficit reserve ratio of negative 35.0% or under shall not be reduced pursuant to this subparagraph (H) to less than 5.4% and the rate of contribution of any other employer shall not be reduced to less than 0.0%.

On and after January 1, 1998 until December 31, 2000 and on or after January 1, 2002 until June 30, 2003, the contribution rate for each employer liable to pay contributions, as computed under subparagraph (E) of this paragraph (5), shall be decreased each calendar year by a factor, as set out below, computed to the nearest multiple of 1/10%, except that, if an employer has a deficit reserve ratio of negative 35.0% or under, the employer's rate of contribution shall not be reduced pursuant to this subparagraph (H) to less than 5.4%:

- From January 1, 1998 until December 31, 1998, a factor of 12%;
- From January 1, 1999 until December 31, 1999, a factor of 10%;
- From January 1, 2000 until December 31, 2000, a factor of 7%.
- From January 1, 2002 until June 30, 2002, a factor of 36%;
- From July 1, 2002 until June 30, 2003, a factor of 15%.

The amount of the reduction in the employer contributions stipulated by this subparagraph (H) shall be in addition to the amount of the reduction in the employer contributions stipulated by subparagraph (G) of this paragraph (5), except that the rate of contribution of an employer who has a deficit reserve ratio of negative 35.0% or under shall not be reduced pursuant to this subparagraph (H) to less than 5.4% and the rate of contribution of any other employer shall not be reduced to less than 0.0%.

(I) If the fund reserve ratio decreases to a level of less than 4.00% on March 31 of calendar year 1994 or calendar year 1995, the provisions of subparagraph (H) of this paragraph (5) shall cease to be in effect as of July 1 of that calendar year.
If, upon calculating the unemployment compensation fund reserve ratio pursuant to R.S.43:21-7(c)(5)(D) prior to March 31, 1997, March 31, 1998 or March 31, 1999, the controller finds that the fund reserve ratio has decreased to a level of less than 3.00%, the Commissioner of Labor shall notify the State Treasurer of this fact and of the dollar amount necessary to bring the fund reserve ratio up to a level of 3.00%. The State Treasurer shall, prior to March 31, 1997, March 31, 1998 or March 31, 1999, as applicable, transfer from the General Fund to the unemployment compensation fund, revenues in the amount specified by the commissioner and which, upon deposit in the unemployment compensation fund, shall result, upon recalculation, in a fund reserve ratio used to determine employer contributions beginning July 1, 1997, July 1, 1998, July 1, 1999, as applicable, of at least 3.00%.

If, upon calculating the unemployment compensation fund reserve ratio pursuant to R.S.43:21-7(c)(5)(D) prior to March 31, 2000, the controller finds that the fund reserve ratio has decreased to a level of less than 3.00%, the Commissioner of Labor shall notify the State Treasurer of this fact and of the dollar amount necessary to bring the fund reserve ratio up to a level of 3.00%. The State Treasurer shall, prior to March 31, 2000, transfer from the General Fund to the unemployment compensation fund, revenues in the amount specified by the commissioner and which, upon deposit in the unemployment compensation fund, shall result, upon recalculation, in a fund reserve ratio used to determine employer contributions beginning July 1, 2000 of at least 3.00%.

(J) On or after July 1, 2001, notwithstanding any other provisions of this paragraph (5), the contribution rate for each employer liable to pay contributions, as computed under subparagraph (E) of this paragraph (5), shall be decreased by 0.0175%, except that, during any experience rating year starting on or after July 1, 2001, in which the fund reserve ratio is equal to or greater than 3.5%, there shall be no decrease pursuant to this subparagraph (J) in the contribution of any employer who has a deficit reserve ratio of negative 35.00% or under. The amount of the reduction in the employer contributions stipulated by this subparagraph (J) shall be in addition to the amount of the reduction in the employer contributions stipulated by subparagraphs (G) and (H) of this paragraph (5), except that the rate of contribution of an employer who has a deficit reserve ratio of negative 35.0% or under shall not be reduced pursuant to this subparagraph (J) to less than 5.4% and the rate of contribution of any other employer shall not be reduced to less than 0.0%.

(6) Additional contributions.

Notwithstanding any other provision of law, any employer who has been assigned a contribution rate pursuant to subsection (c) of this section
for the year commencing July 1, 1948, and for any year commencing July 1 thereafter, may voluntarily make payment of additional contributions, and upon such payment shall receive a recomputation of the experience rate applicable to such employer, including in the calculation the additional contribution so made. Any such additional contribution shall be made during the 30-day period following the date of the mailing to the employer of the notice of his contribution rate as prescribed in this section, unless, for good cause, the time for payment has been extended by the controller for not to exceed an additional 60 days; provided that in no event may such payments which are made later than 120 days after the beginning of the year for which such rates are effective be considered in determining the experience rate for the year in which the payment is made. Any employer receiving any extended period of time within which to make such additional payment and failing to make such payment timely shall be, in addition to the required amount of additional payment, a penalty of 5% thereof or $5.00, whichever is greater, not to exceed $50.00. Any adjustment under this subsection shall be made only in the form of credits against accrued or future contributions.

(7) Transfers.

(A) Upon the transfer of the organization, trade or business, or substantially all the assets of an employer to a successor in interest, whether by merger, consolidation, sale, transfer, descent or otherwise, the controller shall transfer the employment experience of the predecessor employer to the successor in interest, including credit for past years, contributions paid, annual payrolls, benefit charges, etc., applicable to such predecessor employer, pursuant to regulation, if it is determined that the employment experience of the predecessor employer with respect to the organization, trade, assets or business which has been transferred may be considered indicative of the future employment experience of the successor in interest. Unless the predecessor employer was owned or controlled (by legally enforceable means or otherwise), directly or indirectly, by the successor in interest, or the predecessor employer and the successor in interest were owned or controlled (by legally enforceable means or otherwise), directly or indirectly, by the same interest or interests, the transfer of the employment experience of the predecessor shall not be effective if such successor in interest, within four months of the date of such transfer of the organization, trade, assets or business, or thereafter upon good cause shown, files a written notice protesting the transfer of the employment experience of the predecessor employer.

(B) An employer who transfers part of his or its organization, trade, assets or business to a successor in interest, whether by merger, consolidation, sale, transfer, descent or otherwise, may jointly make application with
such successor in interest for transfer of that portion of the employment experience of the predecessor employer relating to the portion of the organization, trade, assets or business transferred to the successor in interest, including credit for past years, contributions paid, annual payrolls, benefit charges, et cetera, applicable to such predecessor employer. The transfer of employment experience may be allowed pursuant to regulation only if it is found that the employment experience of the predecessor employer with respect to the portion of the organization, trade, assets or business which has been transferred may be considered indicative of the future employment experience of the successor in interest. Credit shall be given to the successor in interest only for the years during which contributions were paid by the predecessor employer with respect to that part of the organization, trade, assets or business transferred.

(C) A transfer of the employment experience in whole or in part having become final, the predecessor employer thereafter shall not be entitled to consideration for an adjusted rate based upon his or its experience or the part thereof, as the case may be, which has thus been transferred. A successor in interest to whom employment experience or a part thereof is transferred pursuant to this subsection shall, as of the date of the transfer of the organization, trade, assets or business, or part thereof, immediately become an employer if not theretofore an employer subject to this chapter (R.S.43:21-1 et seq.).

(d) Contributions of workers to the unemployment compensation fund and the State disability benefits fund.

(1) (A) For periods after January 1, 1975, each worker shall contribute to the fund 1% of his wages with respect to his employment with an employer, which occurs on and after January 1, 1975, after such employer has satisfied the condition set forth in subsection (h) of R.S.43:21-19 with respect to becoming an employer; provided, however, that such contributions shall be at the rate of 1/2 of 1% of wages paid with respect to employment while the worker is in the employ of the State of New Jersey, or any governmental entity or instrumentality which is an employer as defined under R.S.43:21-19(h)(5), or is covered by an approved private plan under the "Temporary Disability Benefits Law" or while the worker is exempt from the provisions of the "Temporary Disability Benefits Law" under section 7 of that law, P.L.1948, c.110 (C.43:21-31).

(B) Effective January 1, 1978 there shall be no contributions by workers in the employ of any governmental or nongovernmental employer electing or required to make payments in lieu of contributions unless the employer is covered by the State plan under the "Temporary Disability Benefits Law" (C.43:21-37 et seq.), and in that case contributions shall be at the rate of 1/2 of 1%, except that commencing July 1, 1986, workers in the employ of any
nongovernmental employer electing or required to make payments in lieu of contributions shall be required to make contributions to the fund at the same rate prescribed for workers of other nongovernmental employers.

(C) (i) Notwithstanding the above provisions of this paragraph (1), during the period starting July 1, 1986 and ending December 31, 1992, each worker shall contribute to the fund 1.125% of wages paid with respect to his employment with a governmental employer electing or required to pay contributions or nongovernmental employer, including a nonprofit organization which is an employer as defined under R.S.43:21-19(h)(6), regardless of whether that nonprofit organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection R.S.43:21-19(h) with respect to becoming an employer. Contributions, however, shall be at the rate of 0.625% while the worker is covered by an approved private plan under the "Temporary Disability Benefits Law" while the worker is exempt under section 7 of that law, P.L.1948, c.110 (C.43:21-31) or any other provision of that law; provided that such contributions shall be at the rate of 0.625% of wages paid with respect to employment with the State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions and which is covered by the State plan under the "Temporary Disability Benefits Law," except that, while the worker is exempt from the provisions of the "Temporary Disability Benefits Law" under section 7 of that law, P.L.1948, c.110 (C.43:21-31) or any other provision of that law, or is covered for disability benefits by an approved private plan of the employer, the contributions to the fund shall be 0.125%.

(ii) (Deleted by amendment, P.L.1995, c.422.)

(D) Notwithstanding any other provisions of this paragraph (1), during the period starting January 1, 1993 and ending June 30, 1994, each worker shall contribute to the unemployment compensation fund 0.5% of wages paid with respect to the worker's employment with a governmental employer electing or required to pay contributions or nongovernmental employer, including a nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S.43:21-19, regardless of whether that nonprofit organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection (h) of R.S.43:21-19 with respect to becoming an employer. No contributions, however, shall be made by the worker while the worker is covered by an approved private plan under the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-25 et seq.) or while the worker is exempt under section 7 of P.L.1948, c.110 (C.43:21-31) or any other
provision of that law; provided that the contributions shall be at the rate of 0.50% of wages paid with respect to employment with the State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions and which is covered by the State plan under the "Temporary Disability Benefits Law," except that, while the worker is exempt from the provisions of the "Temporary Disability Benefits Law" under section 7 of that law, P.L.1948, c.110 (C.43:21-31) or any other provision of that law, or is covered for disability benefits by an approved private plan of the employer, no contributions shall be made to the fund.

Each worker shall, starting on January 1, 1996 and ending March 31, 1996, contribute to the unemployment compensation fund 0.60% of wages paid with respect to the worker's employment with a governmental employer electing or required to pay contributions or nongovernmental employer, including a nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S.43:21-19, regardless of whether that nonprofit organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection (h) of R.S.43:21-19 with respect to becoming an employer, provided that the contributions shall be at the rate of 0.10% of wages paid with respect to employment with the State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions.

Each worker shall, starting on January 1, 1998 and ending December 31, 1998, contribute to the unemployment compensation fund 0.10% of wages paid with respect to the worker's employment with a governmental employer electing or required to pay contributions or nongovernmental employer, including a nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S.43:21-19, regardless of whether that nonprofit organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection (h) of R.S.43:21-19 with respect to becoming an employer, provided that the contributions shall be at the rate of 0.10% of wages paid with respect to employment with the State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions.

Each worker shall, starting on January 1, 1999 until December 31, 1999, contribute to the unemployment compensation fund 0.15% of wages paid with respect to the worker's employment with a governmental employer electing or required to pay contributions or nongovernmental employer,
including a nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S.43:21-19, regardless of whether that nonprofit organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection (h) of R.S.43:21-19 with respect to becoming an employer, provided that the contributions shall be at the rate of 0.10% of wages paid with respect to employment with the State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions.

Each worker shall, starting on January 1, 2000 until December 31, 2001, contribute to the unemployment compensation fund 0.20% of wages paid with respect to the worker's employment with a governmental employer electing or required to pay contributions or nongovernmental employer, including a nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S.43:21-19, regardless of whether that nonprofit organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection (h) of R.S.43:21-19 with respect to becoming an employer, provided that the contributions shall be at the rate of 0.10% of wages paid with respect to employment with the State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions.

Each worker shall, starting on January 1, 2002 until June 30, 2003, contribute to the unemployment compensation fund 0.1825% of wages paid with respect to the worker's employment with a governmental employer electing or required to pay contributions or nongovernmental employer, including a nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S.43:21-19, regardless of whether that nonprofit organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection (h) of R.S.43:21-19 with respect to becoming an employer, provided that the contributions shall be at the rate of 0.0825% of wages paid with respect to employment with the State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions.

Each worker shall, starting on and after July 1, 2003, contribute to the unemployment compensation fund 0.3825% of wages paid with respect to the worker's employment with a governmental employer electing or required to pay contributions or nongovernmental employer, including a
nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S.43:21-19, regardless of whether that nonprofit organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection (h) of R.S.43:21-19 with respect to becoming an employer, provided that the contributions shall be at the rate of 0.0825% of wages paid with respect to employment with the State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions.

(E) Each employer shall, notwithstanding any provision of law in this State to the contrary, withhold in trust the amount of his workers' contributions from their wages at the time such wages are paid, shall show such deduction on his payroll records, shall furnish such evidence thereof to his workers as the division or controller may prescribe, and shall transmit all such contributions, in addition to his own contributions, to the office of the controller in such manner and at such times as may be prescribed. If any employer fails to deduct the contributions of any of his workers at the time their wages are paid, or fails to make a deduction therefor at the time wages are paid for the next succeeding payroll period, he alone shall thereafter be liable for such contributions, and for the purpose of R.S.43:21-14, such contributions shall be treated as employer's contributions required from him.

(F) As used in this chapter (R.S.43:21-1 et seq.), except when the context clearly requires otherwise, the term "contributions" shall include the contributions of workers pursuant to this section.

(G) Each worker shall, starting on July 1, 1994, contribute to the State disability benefits fund an amount equal to 0.50% of wages paid with respect to the worker's employment with a government employer electing or required to pay contributions to the State disability benefits fund or nongovernmental employer, including a nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S.43:21-19, unless the employer is covered by an approved private disability plan or is exempt from the provisions of the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-25 et seq.) under section 7 of that law (C.43:21-31) or any other provision of that law.

(ii) (Deleted by amendment, P.L.1996, c.28.)
(iii) (Deleted by amendment, P.L.1994, c.112.)
(3) If an employee receives wages from more than one employer during any calendar year, and either the sum of his contributions deposited in and credited to the State disability benefits fund plus the amount of his contributions, if any, required towards the costs of benefits under one or more approved private plans under the provisions of section 9 of the "Temporary Disability Benefits Law" (C.43:21-33) and deducted from his wages, or the sum of such later contributions, if the employee is covered during such calendar year only by two or more private plans, exceeds an amount equal to 1/2 of 1% of the "wages" determined in accordance with the provisions of R.S.43:21-7(b)(3) during the calendar years beginning on or after January 1, 1976, the employee shall be entitled to a refund of the excess if he makes a claim to the controller within two years after the end of the calendar year in which the wages are received with respect to which the refund is claimed and establishes his right to such refund. Such refund shall be made by the controller from the State disability benefits fund. No interest shall be allowed or paid with respect to any such refund. The controller shall, in accordance with prescribed regulations, determine the portion of the aggregate amount of such refunds made during any calendar year which is applicable to private plans for which deductions were made under section 9 of the "Temporary Disability Benefits Law," such determination to be based upon the ratio of the amount of such wages exempt from contributions to such fund, as provided in subparagraph (B) of paragraph (1) of this subsection with respect to coverage under private plans, to the total wages so exempt plus the amount of such wages subject to contributions to the disability benefits fund, as provided in subparagraph (G) of paragraph (1) of this subsection. The controller shall, in accordance with prescribed regulations, prorate the amount so determined among the applicable private plans in the proportion that the wages covered by each plan bear to the total private plan wages involved in such refunds, and shall assess against and recover from the employer, or the insurer if the insurer has indemnified the employer with respect thereto, the amount so prorated. The provisions of R.S.43:21-14 with respect to collection of employer contributions shall apply to such assessments. The amount so recovered by the controller shall be paid into the State disability benefits fund.

(4) If an individual does not receive any wages from the employing unit which for the purposes of this chapter (R.S.43:21-1 et seq.) is treated as his employer, or receives his wages from some other employing unit, such employer shall nevertheless be liable for such individual’s contributions in the first instance; and after payment thereof such employer may deduct the amount of such contributions from any sums payable by him to such employing unit, or may recover the amount of such contributions from such employing unit, or, in the absence of such an employing unit, from such
individual, in a civil action; provided proceedings therefor are instituted within three months after the date on which such contributions are payable. General rules shall be prescribed whereby such an employing unit may recover the amount of such contributions from such individuals in the same manner as if it were the employer.

(5) Every employer who has elected to become an employer subject to this chapter (R.S.43:21-1 et seq.), or to cease to be an employer subject to this chapter (R.S.43:21-1 et seq.), pursuant to the provisions of R.S.43:21-8, shall post and maintain printed notices of such election on his premises, of such design, in such numbers, and at such places as the director may determine to be necessary to give notice thereof to persons in his service.

(6) Contributions by workers, payable to the controller as herein provided, shall be exempt from garnishment, attachment, execution, or any other remedy for the collection of debts.

(e) Contributions by employers to State disability benefits fund.

(1) Except as hereinafter provided, each employer shall, in addition to the contributions required by subsections (a), (b), and (c) of this section, contribute 1/2 of 1% of the wages paid by such employer to workers with respect to employment unless he is not a covered employer as defined in section 3 of the "Temporary Disability Benefits Law" (C.43:21-27 (a)), except that the rate for the State of New Jersey shall be 1/10 of 1% for the calendar year 1980 and for the first six months of 1981. Prior to July 1, 1981 and prior to July 1 each year thereafter, the controller shall review the experience accumulated in the account of the State of New Jersey and establish a rate for the next following fiscal year which, in combination with worker contributions, will produce sufficient revenue to keep the account in balance; except that the rate so established shall not be less than 1/10 of 1%. Such contributions shall become due and be paid by the employer to the controller for the State disability benefits fund as established by law, in accordance with such regulations as may be prescribed, and shall not be deducted, in whole or in part, from the remuneration of individuals in his employ. In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to $0.005 or more, in which case it shall be increased to $0.01.

(2) During the continuance of coverage of a worker by an approved private plan of disability benefits under the "Temporary Disability Benefits Law," the employer shall be exempt from the contributions required by subparagraph (1) above with respect to wages paid to such worker.

(3) (A) The rates of contribution as specified in subparagraph (1) above shall be subject to modification as provided herein with respect to employer contributions due on and after July 1, 1951.
(B) A separate disability benefits account shall be maintained for each employer required to contribute to the State disability benefits fund and such account shall be credited with contributions deposited in and credited to such fund with respect to employment occurring on and after January 1, 1949. Each employer's account shall be credited with all contributions paid on or before January 31 of any calendar year on his own behalf and on behalf of individuals in his service with respect to employment occurring in preceding calendar years; provided, however, that if January 31 of any calendar year falls on a Saturday or Sunday an employer's account shall be credited as of January 31 of such calendar year with all the contributions which he has paid on or before the next succeeding day which is not a Saturday or Sunday. But nothing in this act shall be construed to grant any employer or individuals in his service prior claims or rights to the amounts paid by him to the fund either on his own behalf or on behalf of such individuals. Benefits paid to any covered individual in accordance with Article III of the "Temporary Disability Benefits Law" on or before December 31 of any calendar year with respect to disability in such calendar year and in preceding calendar years shall be charged against the account of the employer by whom such individual was employed at the commencement of such disability or by whom he was last employed, if out of employment.

(C) The controller may prescribe regulations for the establishment, maintenance, and dissolution of joint accounts by two or more employers, and shall, in accordance with such regulations and upon application by two or more employers to establish such an account, or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer's account.

(D) Prior to July 1 of each calendar year, the controller shall make a preliminary determination of the rate of contribution for the 12 months commencing on such July 1 for each employer subject to the contribution requirements of this subsection (e).

(1) Such preliminary rate shall be 1/2 of 1% unless on the preceding January 31 of such year such employer shall have been a covered employer who has paid contributions to the State disability benefits fund with respect to employment in the three calendar years immediately preceding such year.

(2) If the minimum requirements in (1) above have been fulfilled and the credited contributions exceed the benefits charged by more than $500.00, such preliminary rate shall be as follows:

(i) 2/10 of 1% if such excess over $500.00 exceeds 1% but is less than 1 1/4% of his average annual payroll (as defined in this chapter (R.S.43:21-1 et seq.));
(ii) 15/100 of 1% if such excess over $500.00 equals or exceeds 1 1/4% but is less than 1 1/2% of his average annual payroll;
(iii) 1/10 of 1% if such excess over $500.00 equals or exceeds 1 1/2% of his average annual payroll.

(3) If the minimum requirements in (1) above have been fulfilled and the contributions credited exceed the benefits charged but by not more than $500.00 plus 1% of his average annual payroll, or if the benefits charged exceed the contributions credited but by not more than $500.00, the preliminary rate shall be 1/4 of 1%.

(4) If the minimum requirements in (1) above have been fulfilled and the benefits charged exceed the contributions credited by more than $500.00, such preliminary rate shall be as follows:

(i) 35/100 of 1% if such excess over $500.00 is less than 1/4 of 1% of his average annual payroll;
(ii) 45/100 of 1% if such excess over $500.00 equals or exceeds 1/4 of 1% but is less than 1/2 of 1% of his average annual payroll;
(iii) 55/100 of 1% if such excess over $500.00 equals or exceeds 1/2 of 1% but is less than 3/4 of 1% of his average annual payroll;
(iv) 65/100 of 1% if such excess over $500.00 equals or exceeds 3/4 of 1% but is less than 1% of his average annual payroll;
(v) 75/100 of 1% if such excess over $500.00 equals or exceeds 1% of his average annual payroll.

(5) Determination of the preliminary rate as specified in (2), (3) and (4) above shall be subject, however, to the condition that it shall in no event be decreased by more than 1/10 of 1% of wages or increased by more than 2/10 of 1% of wages from the preliminary rate determined for the preceding year in accordance with (1), (2), (3) or (4), whichever shall have been applicable.

(E) (1) Prior to July 1 of each calendar year the controller shall determine the amount of the State disability benefits fund as of December 31 of the preceding calendar year, increased by the contributions paid thereto during January of the current calendar year with respect to employment occurring in the preceding calendar year. If such amount exceeds the net amount withdrawn from the unemployment trust fund pursuant to section 23 of the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-47) plus the amount at the end of such preceding calendar year of the unemployment disability account (as defined in section 22 of said law (C.43:21-46)), such excess shall be expressed as a percentage of the wages on which contributions were paid to the State disability benefits fund on or before January 31 with respect to employment in the preceding calendar year.

(2) The controller shall then make a final determination of the rates of contribution for the 12 months commencing July 1 of such year for
employers whose preliminary rates are determined as provided in (D) hereof, as follows:

(i) If the percentage determined in accordance with paragraph (E)(1) of this subsection equals or exceeds 1 1/4%, the final employer rates shall be the preliminary rates determined as provided in (D) hereof, except that if the employer's preliminary rate is determined as provided in (D)(2) or (D)(3) hereof, the final employer rate shall be the preliminary employer rate decreased by such percentage of excess taken to the nearest 5/100 of 1%, but in no case shall such final rate be less than 1/10 of 1%.

(ii) If the percentage determined in accordance with paragraph (E)(1) of this subsection equals or exceeds 3/4 of 1% and is less than 1 1/4 of 1%, the final employer rates shall be the preliminary employer rates.

(iii) If the percentage determined in accordance with paragraph (E)(1) of this subsection is less than 3/4 of 1%, but in excess of 1/4 of 1%, the final employer rates shall be the preliminary employer rates determined as provided in (D) hereof increased by the difference between 3/4 of 1% and such percentage taken to the nearest 5/100 of 1%; provided, however, that no such final rate shall be more than 1/4 of 1% in the case of an employer whose preliminary rate is determined as provided in (D)(2) hereof, more than 1/2 of 1% in the case of an employer whose preliminary rate is determined as provided in (D)(1) and (D)(3) hereof, nor more than 3/4 of 1% in the case of an employer whose preliminary rate is determined as provided in (D)(4) hereof.

(iv) If the amount of the State disability benefits fund determined as provided in paragraph (E)(1) of this subsection is equal to or less than 1/4 of 1%, then the final rate shall be 2/5 of 1% in the case of an employer whose preliminary rate is determined as provided in (D)(2) hereof, 7/10 of 1% in the case of an employer whose preliminary rate is determined as provided in (D)(1) and (D)(3) hereof, and 1.1% in the case of an employer whose preliminary rate is determined as provided in (D)(4) hereof. Notwithstanding any other provision of law or any determination made by the controller with respect to any 12-month period commencing on July 1, 1970, the final rates for all employers for the period beginning January 1, 1971, shall be as set forth herein.

4. Section 29 of P.L.1992, c.160 (C.43:21-7b) is amended to read as follows:

5. Section 32 of P.L.1992, c.160 (C.43:21-7e) is amended to read as follows:

C.43:21-7e Entitlement to refund or tax credit.

32. a. 6. Section 4 of P.L.1971, c.346 (C.43:21-7.3) is amended to read as follows:

C.43:21-7.3 Governmental entities.

4. (a) Notwithstanding any other provisions of the "unemployment compensation law" for the payment of contributions, benefits paid to
individuals based upon wages earned in the employ of any governmental entity or instrumentality which is an employer defined under R.S.43:21-19(h)(5) shall, to the extent that such benefits are chargeable to the account of such governmental entity or instrumentality in accordance with the provisions of R.S.43:21-1 et seq., be financed by payments in lieu of contributions.

(b) Any governmental entity or instrumentality may, as an alternative to financing benefits by payments in lieu of contributions, elect to pay contributions beginning with the date on which its subjectivity begins by filing written notice of its election with the department no later than 120 days after such subjectivity begins, provided that such election shall be effective for at least two full calendar years; or it may elect to pay contributions for a period of not less than two calendar years beginning January 1 of any year if written notice of such election is filed with the department not later than February 1 of such year; provided, further, that such governmental entity or instrumentality shall remain liable for payments in lieu of contributions with respect to all benefits paid based on base year wages earned in the employ of such entity or instrumentality in the period during which it financed its benefits by payments in lieu of contributions.

(c) Any governmental entity or instrumentality may terminate its election to pay contributions as of January 1 of any year by filing written notice not later than February 1 of any year with respect to which termination is to become effective. It may not revert to a contributions method of financing for at least two full calendar years after such termination.

(d) Any governmental entity or instrumentality electing the option for contributions financing shall report and pay contributions in accordance with the provisions of R.S.43:21-7 except that, notwithstanding the provisions of that section, the contribution rate for such governmental entity or instrumentality shall be 1% for the entire calendar year 1978 and the contribution rate for any subsequent calendar years shall be the rate established for governmental entities or instrumentalities under subsection (e) of this section.

(e) On or before September 1 of each year, the Commissioner of Labor shall review the composite benefit cost experience of all governmental entities and instrumentalities electing to pay contributions and, on the basis of that experience, establish the contribution rate for the next following calendar year which can be expected to yield sufficient revenue in combination with worker contributions to equal or exceed the projected costs for that calendar year.

(f) Any covered governmental entity or instrumentality electing to pay contributions shall each year appropriate, out of its general funds, moneys to pay the projected costs of benefits at the rate determined under subsection
(e) of this section. These funds shall be held in a trust fund maintained by the governmental entity for this purpose. Any surplus remaining in this trust fund may be retained in reserve for payment of benefit costs for subsequent years either by contributions or payments in lieu of contributions.

(g) Any governmental entity or instrumentality electing to finance benefit costs with payments in lieu of contributions shall pay into the fund an amount equal to all benefit costs for which it is liable pursuant to the provisions of the "unemployment compensation law." Each subject governmental entity or instrumentality shall require payments from its workers in the same manner and amount as prescribed under R.S.43:21-7(d) for governmental entities and instrumentalities financing their benefit costs with contributions. No such payment shall be used for a purpose other than to meet the benefits liability of such governmental entity or instrumentality. In addition, each subject governmental entity or instrumentality shall appropriate out of its general funds sufficient moneys which, in addition to any worker payments it requires, are necessary to pay its annual benefit costs estimated on the basis of its past benefit cost experience; provided that for its first year of coverage, its benefit costs shall be deemed to require an appropriation equal to 1% of the projected total of its taxable wages for the year. These appropriated moneys and worker payments shall be held in a trust fund maintained by the governmental entity or instrumentality for this purpose. Any surplus remaining in this trust fund shall be retained in reserve for payment of benefit costs in subsequent years. If a governmental entity or instrumentality requires its workers to make payments as authorized herein, such workers shall not be subject to the contributions required in R.S.43:21-7(d).

(h) Notwithstanding the provisions of the above subsection (g), commencing July 1, 1986 worker contributions to the unemployment trust fund with respect to wages paid by any governmental entity or instrumentality electing or required to make payments in lieu of contributions, including the State of New Jersey, shall be made in accordance with the provisions of R.S.43:21-7(d)(1)(C) or R.S.43:21-7(d)(1)(D), as applicable, and, in addition, each governmental entity or instrumentality electing or required to make payments in lieu of contributions shall, except during the period starting January 1, 1993 and ending December 31, 1995 and the period starting April 1, 1996 and ending December 31, 1998, require payments from its workers at the following rates of wages paid, which amounts are to be held in the trust fund maintained by the governmental entity or instrumentality for payment of benefit costs: for the calendar year 1999, 0.05%; for each calendar year 2000 to 2002, and the period from January 1, 2003 to June 30, 2003, 0.10%; and each calendar year thereafter, 0.30%.

C.43:21-24.30 Administrative actions to ensure payment to eligible individuals.

11. The division shall use appropriate administrative means to insure that emergency unemployment benefits are paid only to individuals who meet the requirements of sections 7 through 11 of P.L.2002, c.13 (C.43:21-24.26 through C.43:21-24.30). These administrative actions may include, but shall not be limited to, matching the claimant's social security number against available wage records to insure that no earnings were reported for that claimant by employers under R.S.43:21-14 for periods in which emergency unemployment benefits were paid.

12. This act shall take effect immediately.

Approved March 26, 2002.

CHAPTER 15

AN ACT concerning liens for local improvements and amending various sections of statutory law.
BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 53 of P.L.1968, c.404 (C.13:17-53) is amended to read as follows:

53. Every assessment for any improvement together with interest thereon and all costs and charges connected therewith shall be upon authorization of the assessment by ordinance or resolution a first lien on the land described in the assessment, paramount to all prior or subsequent alienations and descents of such land or encumbrances thereon, shall constitute a lien in the same manner as taxes and assessments for State purposes notwithstanding any mistake in the name or names of any owner or owners, or any omission to name any owner or owners who are unknown, and notwithstanding any lack of form therein, or in any proceeding which does not impair the substantial rights of the owner or owners or person or persons having a lien upon or interest in any such land. Confirmation of the amount of the assessment by the commission or by the court shall be considered as determining the amount of the existing lien and not as establishing the lien. All assessments for improvements shall be presumed to have been regularly assessed and confirmed and every assessment or proceeding preliminary thereto shall be presumed to have been regularly made or conducted until the contrary be shown.

2. R.S.40:56-33 is amended to read as follows:

Assessment as continuous lien; informalities not to invalidate proceedings.

40:56-33. Except as provided in article 4 of this chapter (s. 40:56-58 et seq.) as to cities of the first class, every assessment for local improvements together with interest thereon and all costs and charges connected therewith, shall upon the effective date of the ordinance or resolution authorizing the assessment be a continuous first lien upon the real estate described in the assessment, paramount to all prior or subsequent alienations and descents of such real estate or encumbrances thereon, except subsequent taxes or assessments, notwithstanding any mistake in the name or names of any owner or owners, or any omission to name any owner or owners who are unknown, and notwithstanding any lack of form therein, or in any other proceeding which does not impair the substantial rights of the owner or owners or other person or persons having a lien upon or interest in any such real estate. Confirmation of the amount of the assessment by the governing body or by the court shall be considered as determining the amount of the existing lien and not as establishing the lien. All assessments for local
improvements shall be presumed to have been regularly assessed and confirmed and every assessment or proceeding preliminary thereto shall be presumed to have been regularly made or conducted until the contrary be shown.

3. R.S.40:56-44 is amended to read as follows:

Benefits exceeding award and vice versa; excess a lien.

40:56-44. Whenever, by the report and map of the officer or board charged with the duty of making assessments for benefits for local improvements in the municipality as confirmed by the governing body, it shall appear that an award has been made to any person for property taken or damages sustained and that such person is also assessed for benefits received on account of the same improvement, then if the assessment equal or exceed the award, no payment shall be made on account of such award. If the award exceed the assessment only so much of the award as is in excess shall be paid, and the resolution of the governing body confirming the award shall be framed accordingly.

When the amount to be assessed shall be finally determined, as provided in section 40:56-43 of this title such amount shall be set off against the amount of the award unpaid and if the amount of the award unpaid be in excess, the assessment shall be canceled and such excess only shall be paid to the person to whom the award is made; and if the amount of the assessment be in excess, the award unpaid shall be canceled and such excess only shall remain a lien upon the property assessed. The rest of the award or assessment, as the case may be, shall be canceled.

4. R.S.40:56-54 is amended to read as follows:

Appeals from assessments and awards of incidental damages; procedure.

40:56-54. Except as provided in article four of this chapter (s. 40:56-58 et seq.) as to cities of the first class, the owner of any property assessed for benefits or awarded damages incidental to the improvements as distinguished from damages for real estate to be taken under this chapter, may within thirty days after confirmation of such assessment or award appeal from the same to the Superior Court by serving written notice of such appeal within such thirty days upon the tax collector and a duplicate upon the clerk of the governing body, either personally or by leaving the same at his office or place of abode. The appeal shall be determined by a trial and, upon the demand of any party thereto, with a jury. The determination shall be by order or judgment subject to the provisions of section 40:56-57 of this Title.

The court shall determine whether or not the assessment or award of damages appealed from is a just and fair assessment or award, and if not
shall make an order correcting the same or if the assessment or award is sustained shall so order.

The determination of the court as to all such appeals in the case of any one improvement shall be embodied in the same order or judgment, and a certified copy thereof shall be served upon the tax collector and the clerk of the municipality.

The appeal procedure set forth in this section shall not affect the validity and commencement of a lien against land that has been assessed for benefits, but shall be considered to affect only the amount of the lien.

5. R.S.40:56-55 is amended to read as follows:

Correction without appeal.

40:56-55. Except as provided in article four of this chapter (s. 40:56-58 et seq.) as to cities of the first class the tax collector shall, upon receiving the certified copy of such order or judgment, note in his books any corrections or changes made thereby and report the same to the chief financial officer of the municipality. The governing body even after confirming any assessment may upon due proof by affidavit of any manifest error order by resolution the correction of such error in any assessment for benefits from which no appeal has been taken, and upon the adoption of such resolution the tax collector shall note and report such correction in the same manner.

The correction procedure set forth in this section shall not affect the validity and commencement of a lien against land that has been assessed for benefits, but shall be considered to affect only the amount of the lien.

6. R.S.40:56-56 is amended to read as follows:

Appeal from award in condemnation proceedings; notice.

40:56-56. Except as provided in article four of this chapter (s. 40:56-58 et seq.) as to cities of the first class, the owner of any real estate or interest therein taken for any improvement mentioned in this chapter may appeal to the Superior Court from the award of damages made for the taking of such property as distinguished from the award for damages incidental to this improvement. The appeal shall be taken within thirty days after confirmation of the assessment or award appealed from by serving a written notice thereof within said thirty days upon the clerk or the chief executive officer of the municipality, either personally, or by leaving the same at his office or place of abode.

An appeal taken pursuant to this section shall not affect the validity and commencement of a lien against land that has been assessed for benefits, but shall be considered to affect only the amount of the lien.
7. R.S.40:56-62 is amended to read as follows:

**Assessments and awards certified to Superior Court; confirmation of report.**

40:56-62. Upon the making of any assessments for benefits and awards for incidental damages, the officer or board charged with the duty of making the same, shall apply to the Superior Court for confirmation. The application shall be accompanied by a report in writing signed by said officer or, if made by a board, by at least a majority of their number, and also accompanied by a map showing the real estate taken, damaged or benefited by the improvement, and for which damages or benefits have been assessed.

The court shall either confirm the report, or refer it to the officer or board for revision or correction, and the officer or board shall return to the court the same corrected and revised, or a new report, without unnecessary delay. On being returned it shall be confirmed or again referred by the court in manner aforesaid, as right and justice shall require and so, from time to time, until report shall be made or returned which the court shall confirm. The same report, when so confirmed, shall be final and conclusive, upon the city of the first class and upon the owners of the real estate affected thereby. The court shall thereupon cause a certified copy of the final report and the order or judgment confirming it, to be transmitted to and filed with the tax collecting officer of the city.

The confirmation procedure set forth in this section shall not affect the validity and commencement of a lien against land that has been assessed for benefits, but shall be considered to affect only the amount of the lien.

8. R.S.40:56-64 is amended to read as follows:

**Assessments a lien.**

40:56-64. Every assessment for local improvements of any kind, together with interest thereon and all costs and charges connected therewith, shall upon the effective date of the ordinance or resolution authorizing the assessment be a first lien upon the real estate described in the assessment, paramount to all prior or subsequent alienations and descents thereof or encumbrances thereon, except subsequent taxes or assessments, notwithstanding any mistake in the name of the owner or any omission to name any owner who is unknown, and notwithstanding any lack of form therein or in any other proceeding which does not impair the substantial rights of the owner or other person having a lien upon or interest in any such real estate. Confirmation of the assessment by the Superior Court shall not affect the validity and commencement of a lien against land that has been assessed for benefits, but shall be considered to affect only the amount of the lien. All assessments for local improvements shall be presumed to have been regularly assessed and confirmed, and every assessment or proceeding
preliminary thereto shall be presumed to have been regularly made or conducted until the contrary be shown.

9. Section 8 of P.L.1996, c.73 (C.40A:12A-56) is amended to read as follows:

C.40A:12A-56 Provision for tax abatement, payments in lieu of taxes; special assessments.

8. a. A municipality that has created a landfill reclamation improvement district pursuant to section 3 of P.L.1995, c.173 (C.40A:12A-52) may provide for tax abatement within that district and for payments in lieu of taxes in accordance with the provisions of P.L.1991, c.431 (C.40A:20-1 et seq.); provided, however, that the provisions of section 12 of P.L.1991, c.431 (C.40A:20-12) establishing a minimum or maximum annual service charge and requiring staged increases in annual service charges over the term of the exemption period, and of section 13 of P.L.1991, c.431 (C.40A:20-13) permitting the relinquishment of status under that act, shall not apply to landfill reclamation improvement district projects.

b. In addition to, or in lieu of, the tax abatement provided for in subsection a. of this section, the municipality may provide by ordinance for one or more special assessments within the landfill reclamation improvement district in accordance with chapter 56 of title 40 of the Revised Statutes, R.S.40:56-1 et seq., provided, however, that the provisions of R.S.40:56-35 shall be applied so that if any installment of a special assessment shall remain unpaid for 30 days after the time at which it shall become due, the municipality may provide, by ordinance, either that: (1) the whole assessment or balance due thereon shall become and be immediately due; or, (2) any subsequent installments which would not yet have become due except for the default shall be considered as not in default and that the lien for the installments not yet due shall continue; and provided, further, that the ordinance may require that the assessments be payable in yearly installments, with legal interest thereon, over a period of years up to but in no event exceeding the period of years for which the bonds were issued, or for 30 years, whichever shall be less. In levying a special assessment on the lands or improvements, or both, located in the district, the municipality may provide that the amount of the special assessment shall be a specific amount, not to exceed the cost of the improvements, paid with respect to property located in the district. That specific amount shall, to the extent accepted by the owner of the property benefitted, be deemed the conferred benefit, in lieu of the amount being determined by the procedures otherwise applicable to determining the actual benefit conferred on the property. Special assessments levied pursuant to an ordinance adopted under this subsection shall constitute a municipal lien under R.S.40:56-33.
c. Upon adoption, a copy of the ordinance shall be filed for public inspection in the office of the municipal clerk, and there shall be published in a newspaper, published or circulating in the municipality, a notice stating the fact and the date of adoption and the place where the ordinance is filed and a summary of the contents of the ordinance. The notice shall state that any action or proceeding of any kind or nature in any court questioning the validity or proper authorization of the ordinance or the actions authorized to be taken as set forth in the ordinance shall be commenced within 20 days after the publication of the notice. If no action or proceeding questioning the validity of the ordinance providing for tax abatement, special assessments or other actions authorized by the ordinance shall be commenced or instituted within 20 days after the publication of the notice, the county and the school district and all other municipalities within the county and all residents and taxpayers and owners of property therein shall be forever barred and foreclosed from instituting or commencing any action or proceeding in any court questioning the validity or enforceability of the ordinance or the validity or enforceability of acts authorized under the ordinance, and the ordinance and acts authorized by the ordinance shall be conclusively deemed to be valid and enforceable in accordance with their terms and tenor.

10. Section 3 of P.L.2001, c.310 (C.40A:12A-66) is amended to read as follows:

C.40A:12A-66 Tax abatement within redevelopment area; special assessments.

3. a. A municipality that has designated a redevelopment area may provide for tax abatement within that redevelopment area and for payments in lieu of taxes in accordance with the provisions of P.L.1991, c.431 (C.40A:20-1 et seq.) and P.L.1991, c.441 (C.40A:21-1 et seq.); provided, however, that the provisions of section 12 of P.L.1991, c.431 (C.40A:20-12) establishing a minimum or maximum annual service charge and requiring staged increases in annual service charges over the term of the exemption period, and of section 13 of P.L.1991, c.431 (C.40A:20-13) permitting the relinquishment of status under that act, shall not apply to redevelopment projects financed with bonds.

b. In addition to, or in lieu of, the tax abatement provided for in subsection a. of this section, the municipality may provide by ordinance for one or more special assessments within the redevelopment area in accordance with chapter 56 of Title 40 of the Revised Statutes, R.S.40:56-1 et seq., provided, however, that the provisions of R.S.40:56-35 shall be applied so that if any installment of a special assessment shall remain unpaid for 30 days after the time at which it shall become due, the municipality may
provide, by ordinance, either that: (1) the whole assessment or balance due thereon shall become and be immediately due; or, (2) any subsequent installments which would not yet have become due except for the default shall be considered as not in default and that the lien for the installments not yet due shall continue; and provided, further, that the ordinance may require that the assessments be payable in quarterly, semi-annual or yearly installments, with legal interest thereon, over a period of years up to but in no event exceeding the period of years for which the bonds were issued, or for 30 years, whichever shall be less. In levying a special assessment on the lands or improvements, or both, located in the redevelopment area, the municipality may provide that the amount of the special assessment shall be a specific amount, not to exceed the cost of the improvements, paid with respect to property located in the redevelopment area. That specific amount shall, to the extent accepted by the owner of the property benefitted, be deemed the conferred benefit, in lieu of the amount being determined by the procedures otherwise applicable to determining the actual benefit conferred on the property. Special assessments levied pursuant to an ordinance adopted under this subsection shall constitute a municipal lien under R.S.40:56-33.

c. Upon adoption, a copy of the ordinance shall be filed for public inspection in the office of the municipal clerk, and there shall be published in a newspaper, published or circulating in the municipality, a notice stating the fact and the date of adoption and the place where the ordinance is filed and a summary of the contents of the ordinance. The notice shall state that any action or proceeding of any kind or nature in any court questioning the validity or proper authorization of the ordinance or the actions authorized to be taken as set forth in the ordinance shall be commenced within 20 days after the publication of the notice. If no action or proceeding questioning the validity of the ordinance providing for tax abatement, special assessments or other actions authorized by the ordinance shall be commenced or instituted within 20 days after the publication of the notice, the county and the school district and all other municipalities within the county and all residents and taxpayers and owners of property therein shall be forever barred and foreclosed from instituting or commencing any action or proceeding in any court questioning the validity or enforceability of the ordinance or the validity or enforceability of acts authorized under the ordinance, and the ordinance and acts authorized by the ordinance shall be conclusively deemed to be valid and enforceable in accordance with their terms and tenor.

3. a. The commissioner shall not issue an assisted living administrator certification, except on a conditional basis as provided for in subsection d. of section 4 of this act, unless the commissioner first determines, consistent with the requirements of this act, that no criminal history record information exists on file in the Federal Bureau of Investigation, Identification Division, or in the State Bureau of Identification in the Division of State Police in the Department of Law and Public Safety, which would disqualify that person from being certified.

b. An assisted living administrator certified by the department prior to the effective date of this act, upon whom a criminal history record background check has not been conducted pursuant to this act, shall be required to undergo that criminal history record background check as a condition of renewal of certification following the effective date of this act.

An assisted living administrator, who is a licensed nursing home administrator and has undergone a criminal history record background check as a result of having obtained a nursing home administrator's license, shall not be required to undergo a criminal history record background check pursuant to this act.

d. A person shall be disqualified from certification if that person's criminal history record background check reveals a record of conviction of any of the following crimes and offenses:

(1) In New Jersey, any crime or disorderly persons offense:
   (a) involving danger to the person, meaning those crimes and disorderly persons offenses set forth in N.J.S.2C:11-1 et seq., N.J.S.2C:12-1 et seq., N.J.S.2C:13-1 et seq., N.J.S.2C:14-1 et seq. or N.J.S.2C:15-1 et seq.; or

e. Notwithstanding the provisions of subsection a. of this section, no person shall be disqualified from certification on the basis of any conviction disclosed by a criminal history record background check performed pursuant to this act if the person has affirmatively demonstrated to the commissioner clear and convincing evidence of the person's rehabilitation. In determining whether a person has affirmatively demonstrated rehabilitation, the following factors shall be considered:

(1) the nature and responsibility of the position which the convicted person would hold, has held or currently holds, as the case may be;
(2) the nature and seriousness of the offense;
(3) the circumstances under which the offense occurred;
(4) the date of the offense;
(5) the age of the person when the offense was committed;
(6) whether the offense was an isolated or repeated incident;
(7) any social conditions which may have contributed to the offense; and

C.26:2H-7.18 Information provided for criminal history record background check; procedure.

4. a. An applicant for certification or a certified assisted living administrator, who is required to undergo a criminal history record background check pursuant to section 3 of this act, shall submit to the commissioner that individual's name, address and fingerprints taken on standard fingerprint cards by a State or municipal law enforcement agency. The commissioner is authorized to exchange fingerprint data with and receive criminal history
record information from the Federal Bureau of Investigation and the Division of State Police in the Department of Law and Public Safety for use in making the determinations required by this act.

b. Upon receipt of the criminal history record information for a person from the Federal Bureau of Investigation or the Division of State Police, the commissioner shall immediately notify, in writing, the applicant, and the applicant's employer, if the applicant is conditionally employed as provided in subsection d. of this section, or the applicant's prospective employer, if known, or a certified assisted living administrator who is required to undergo a criminal history record background check pursuant to section 3 of this act and that person's employer, as applicable, of the person's qualification or disqualification for certification under this act. If the person is disqualified, the conviction or convictions which constitute the basis for the disqualification shall be identified in the notice to the person, but shall not be identified in the notice to the person's employer or prospective employer.

c. The person who is the subject of the background check shall have 30 days from the date of the written notice of disqualification to petition the commissioner for a hearing on the accuracy of the person's criminal history record information or to establish the person's rehabilitation under subsection e. of section 3 of this act. Upon the issuance of a final decision upon a petition to the commissioner pursuant to this subsection, the commissioner shall notify the person and the person's employer or prospective employer as to whether the person remains disqualified from certification under this act.

d. (1) An applicant for certification may be issued conditional certification and may be employed as an assisted living administrator conditionally for a period not to exceed 60 days, pending completion of a criminal history record background check required under this act by the Division of State Police based upon an examination of its own files, in accordance with section 7 of P.L.2002, c.25 (C.53:1-20.9c), and for an additional period not to exceed 60 days pending completion of a criminal history record background check by federal authorities as arranged for by the Division of State Police pursuant to section 7 of P.L.2002, c.25 (C.53:1-20.9c), if the person submits to the commissioner a sworn statement attesting that the person has not been convicted of any crime or disorderly persons offense as described in section 3 of this act. A person who submits a false sworn statement shall be disqualified from certification, and shall not have an opportunity to establish rehabilitation pursuant to subsection e. of section 3 of this act.

shall be immune from liability for disclosing that disqualification or termination in good faith to another licensed health care facility or other entity that is qualified by statute or regulation to employ the person as a certified administrator.

(2) A licensed health care facility or other entity which discloses information pursuant to paragraph (1) of this subsection shall be presumed to be acting in good faith unless it is shown by clear and convincing evidence that the health care facility or other entity acted with actual malice toward the person who is the subject of the information.

f. (1) An assisted living residence or program, as applicable, upon receiving notice from the commissioner that a person employed by it as an assisted living administrator, including a conditionally employed person, has been convicted of a crime or disorderly persons offense as described in section 3 of this act after commencing employment at the assisted living residence or program, shall:

   (a) immediately terminate the person's employment as an assisted living administrator; and

   (b) report information about the termination to the commissioner in a manner prescribed by the commissioner, who shall thereupon deem the person to be disqualified from certification as an assisted living administrator, subject to the provisions of subsection c. of this section.
(2) An assisted living residence or program shall be immune from liability for any actions taken in good faith pursuant to paragraph (1) of this subsection and shall be presumed to be acting in good faith unless it is shown by clear and convincing evidence that the assisted living residence or program acted with actual malice toward the employee.

Upon receipt of such notification, the department shall make a determination regarding the employment of the applicant or administrator.

8. The Attorney General, county prosecutor or a person designated to act for such an official and to perform his duties in and during his actual absence or disability, may authorize, in writing, an ex parte application to a judge designated to receive the same for an order authorizing the interception of a wire, or electronic or oral communication by the investigative or law enforcement officers or agency having responsibility for an investigation when such interception may provide evidence of the commission of the offense of murder, kidnapping, gambling, robbery, bribery, a violation of paragraph (1) or (2) of subsection b. of N.J.S.2C:12-1, a violation of section 3 of P.L.1997, c.353 (C.2C:21-4.3), a violation of N.J.S.2C:21-19 punishable by imprisonment for more than one year, a violation of P.L.1994, c.121 (C.2C:21-23 et seq.), a violation of sections 1 through 5 of P.L.2002, c.26 (C.2C:38-1 through C.2C:38-5), a violation of N.J.S.2C:33-3, a violation of N.J.S.2C:17-2, a violation of sections 1 through 3 of P.L.1983, c.480 (C.2C:17-7 through C.2C:17-9), a violation of N.J.S.2C:12-3 (terroristic threats), violations of N.J.S.2C:35-3, N.J.S.2C:35-4 and N.J.S.2C:35-5, violations of sections 112 through 116, inclusive, of the "Casino Control Act," P.L.1977, c.110 (C.5:12-112 through 5:12-116), arson, burglary, theft and related offenses punishable by imprisonment for more than one year, endangering the welfare of a child pursuant to N.J.S.2C:24-4, escape, forgery and fraudulent practices punishable
by imprisonment for more than one year, alteration of motor vehicle identification numbers, unlawful manufacture, purchase, use, or transfer of firearms, unlawful possession or use of destructive devices or explosives, weapons training for illegal activities pursuant to section 1 of P.L.1983, c.229 (C.2C:39-14), racketeering or a violation of subsection g. of N.J.S.2C:5-2, leader of organized crime, organized criminal activity directed toward the unlawful transportation, storage, disposal, discharge, release, abandonment or disposition of any harmful, hazardous, toxic, destructive, or polluting substance, or any conspiracy to commit any of the foregoing offenses or which may provide evidence aiding in the apprehension of the perpetrator or perpetrators of any of the foregoing offenses.

7. N.J.S.2C:1-6 is amended to read as follows:

Time limitations.

b. Except as otherwise provided in this section, prosecutions for other offenses are subject to the following periods of limitations:

(1) A prosecution for a crime must be commenced within five years after it is committed;

(2) A prosecution for a disorderly persons offense or petty disorderly persons offense must be commenced within one year after it is committed;

(4) A prosecution for an offense set forth in N.J.S.2C:14-3 or N.J.S.2C:24-4, when the victim at the time of the offense is below the age of 18 years, must be commenced within five years of the victim's attaining the age of 18 or within two years of the discovery of the offense by the victim, whichever is later;

c. An offense is committed either when every element occurs or, if a legislative purpose to prohibit a continuing course of conduct plainly appears, at the time when the course of conduct or the defendant's complicity therein is terminated. Time starts to run on the day after the offense is committed, except that when the prosecution is supported by physical evidence that identifies the actor by means of DNA testing or fingerprint analysis, time does not start to run until the State is in possession of both the physical evidence and the DNA or fingerprint evidence necessary to establish the identification of the actor by means of comparison to the physical evidence.

d. A prosecution is commenced for a crime when an indictment is found and for a nonindictable offense when a warrant or other process is issued, provided that such warrant or process is executed without unreasonable delay. Nothing contained in this section, however, shall be deemed to prohibit the downgrading of an offense at any time if the prosecution of the greater offense was commenced within the statute of limitations applicable to the greater offense.

e. The period of limitation does not run during any time when a prosecution against the accused for the same conduct is pending in this State.

f. The limitations in this section shall not apply to any person fleeing from justice.

g. Except as otherwise provided in this code, no civil action shall be brought pursuant to this code more than five years after such action accrues.

8. N.J.S.2C:5-2 is amended to read as follows:

Conspiracy.

2C:5-2. Conspiracy. a. Definition of conspiracy. A person is guilty of conspiracy with another person or persons to commit a crime if with the purpose of promoting or facilitating its commission he:

(1) Agrees with such other person or persons that they or one or more of them will engage in conduct which constitutes such crime or an attempt or solicitation to commit such crime; or

(2) Agrees to aid such other person or persons in the planning or commission of such crime or of an attempt or solicitation to commit such crime.

b. Scope of conspiratorial relationship. If a person guilty of conspiracy, as defined by subsection a. of this section, knows that a person with whom he conspires to commit a crime has conspired with another person or persons to commit the same crime, he is guilty of conspiring with such other person or persons, whether or not he knows their identity, to commit such crime.

c. Conspiracy with multiple objectives. If a person conspires to commit a number of crimes, he is guilty of only one conspiracy so long as such multiple
crimes are the object of the same agreement or continuous conspiratorial relationship. It shall not be a defense to a charge under this section that one or more of the objectives of the conspiracy was not criminal; provided that one or more of its objectives or the means of promoting or facilitating an objective of the conspiracy is criminal.

d. Overt act. No person may be convicted of conspiracy to commit a crime other than a crime of the first or second degree or distribution or possession with intent to distribute a controlled dangerous substance or controlled substance analog as defined in chapter 35 of this title, unless an overt act in pursuance of such conspiracy is proved to have been done by him or by a person with whom he conspired.

e. Renunciation of purpose. It is an affirmative defense which the actor must prove by a preponderance of the evidence that he, after conspiring to commit a crime, informed the authority of the existence of the conspiracy and his participation therein, and thwarted or caused to be thwarted the commission of any offense in furtherance of the conspiracy, under circumstances manifesting a complete and voluntary renunciation of criminal purpose as defined in N.J.S.2C:5-ld.; provided, however, that an attempt as defined in N.J.S.2C:5-1 shall not be considered an offense for purposes of renunciation under this subsection.

f. Duration of conspiracy. For the purpose of N.J.S.2C:1-6d.:

(1) Conspiracy is a continuing course of conduct which terminates when the crime or crimes which are its object are committed or the agreement that they be committed is abandoned by the defendant and by those with whom he conspired; and

(2) Such abandonment is presumed with respect to a crime other than one of the first or second degree if neither the defendant nor anyone with whom he conspired does any overt act in pursuance of the conspiracy during the applicable period of limitation; and

(3) If an individual abandons the agreement, the conspiracy is terminated as to him only if and when he advises those with whom he conspired of his abandonment or he informs the law enforcement authorities of the existence of the conspiracy and of his participation therein.

f. Leader of organized crime. A person is a leader of organized crime if he purposefully conspires with others as an organizer, supervisor, manager or financier to commit a continuing series of crimes which constitute a pattern of racketeering activity under the provisions of N.J.S.2C:41-1, provided, however, that notwithstanding 2C:1-8a. (2), a conviction of leader of organized crime shall not merge with the conviction of any other crime which constitutes racketeering activity under 2C:41-1. As used in this section, "financier" means a person who provides money, credit or a thing of value with the purpose or knowledge that it will be used to finance or support the operations of a
conspiracy to commit a series of crimes which constitute a pattern of racketeering activity, including but not limited to the purchase of materials to be used in the commission of crimes, buying or renting housing or vehicles, purchasing transportation for members of the conspiracy or otherwise facilitating the commission of crimes which constitute a pattern of racketeering activity.

9. N.J.S.2C:5-4 is amended to read as follows:

Grading of criminal attempt and conspiracy; mitigation in case of lesser danger.

2C:5-4. Grading of Criminal Attempt and Conspiracy; Mitigation in Cases of Lesser Danger. a. Grading. Except as provided in subsections c. and d., an attempt or conspiracy to commit a crime of the first degree is a crime of the second degree; except that an attempt or conspiracy to commit murder or terrorism is a crime of the first degree, provided, however, that if the person attempted or conspired to murder five or more persons, the person shall be sentenced by the court to a term of 30 years, during which the person shall not be eligible for parole, or to a specific term of years which shall be between 30 years and life imprisonment, of which the person shall serve not less than 30 years before eligibility for parole. Otherwise an attempt is a crime of the same degree as the most serious crime which is attempted, and conspiracy is a crime of the same degree as the most serious crime which is the object of the conspiracy; provided that, leader of organized crime is a crime of the second degree. An attempt or conspiracy to commit an offense defined by a statute outside the code shall be graded as a crime of the same degree as the offense is graded pursuant to N.J.S.2C:1-4 and N.J.S.2C:43-1.

b. Mitigation. The court may impose sentence for a crime of a lower grade or degree if neither the particular conduct charged nor the defendant presents a public danger warranting the grading provided for such crime under subsection a. because:

(1) The criminal attempt or conspiracy charged is so inherently unlikely to result or culminate in the commission of a crime; or

(2) The conspiracy, as to the particular defendant charged, is so peripherally related to the main unlawful enterprise.

c. Notwithstanding the provisions of subsection a. of this section, conspiracy to commit a crime set forth in subsection a., b., or d. of N.J.S.2C:17-1 where the structure which was the target of the crime was a church, synagogue, temple or other place of public worship is a crime of the first degree.

d. Notwithstanding the provisions of subsection a. of this section, conspiracy to commit a crime as set forth in P.L.1994, c.121 (C.2C:21-23 et seq.) is a crime of the same degree as the most serious crime that was conspired to be committed.

10. N.J.S.2C:11-3 is amended to read as follows:
Murder.

a. Except as provided in N.J.S.2C:11-4, criminal homicide constitutes murder when:

(1) The actor purposely causes death or serious bodily injury resulting in death; or

(2) The actor knowingly causes death or serious bodily injury resulting in death; or

(3) It is committed when the actor, acting either alone or with one or more other persons, is engaged in the commission of, or an attempt to commit, or flight after committing or attempting to commit robbery, sexual assault, arson, burglary, kidnapping, carjacking, criminal escape or terrorism pursuant to section 2 of P.L.2002, c.26 (C.2C:38-2), and in the course of such crime or of immediate flight therefrom, any person causes the death of a person other than one of the participants; except that in any prosecution under this subsection, in which the defendant was not the only participant in the underlying crime, it is an affirmative defense that the defendant:

(a) Did not commit the homicidal act or in any way solicit, request, command, importune, cause or aid the commission thereof; and

(b) Was not armed with a deadly weapon, or any instrument, article or substance readily capable of causing death or serious physical injury and of a sort not ordinarily carried in public places by law-abiding persons; and

(c) Had no reasonable ground to believe that any other participant was armed with such a weapon, instrument, article or substance; and

(d) Had no reasonable ground to believe that any other participant intended to engage in conduct likely to result in death or serious physical injury.

b. (1) Murder is a crime of the first degree but a person convicted of murder shall be sentenced, except as provided in subsection c. of this section, by the court to a term of 30 years, during which the person shall not be eligible for parole, or be sentenced to a specific term of years which shall be between 30 years and life imprisonment of which the person shall serve 30 years before being eligible for parole.

(2) If the victim was a law enforcement officer and was murdered while performing his official duties or was murdered because of his status as a law enforcement officer, the person convicted of that murder shall be sentenced, except as otherwise provided in subsection c. of this section, by the court to a term of life imprisonment, during which the person shall not be eligible for parole.

(3) A person convicted of murder and who is not sentenced to death under this section shall be sentenced to a term of life imprisonment without eligibility for parole if the murder was committed under all of the following circumstances:
(a) The victim is less than 14 years old; and
(b) The act is committed in the course of the commission, whether alone or with one or more persons, of a violation of N.J.S.2C:14-2 or N.J.S.2C:14-3.
(4) If the defendant was subject to sentencing pursuant to subsection c. and the jury or court found the existence of one or more aggravating factors, but that such factors did not outweigh the mitigating factors found to exist by the jury or court or the jury was unable to reach a unanimous verdict as to the weight of the factors, the defendant shall be sentenced by the court to a term of life imprisonment during which the defendant shall not be eligible for parole.

With respect to a sentence imposed pursuant to this subsection, the defendant shall not be entitled to a deduction of commutation and work credits from that sentence.

c. Any person convicted under subsection a.(1) or (2) who committed the homicidal act by his own conduct; or who as an accomplice procured the commission of the offense by payment or promise of payment of anything of pecuniary value; or who, as a leader of a narcotics trafficking network as defined in N.J.S.2C:35-3 and in furtherance of a conspiracy enumerated in N.J.S.2C:35-3, commanded or by threat or promise solicited the commission of the offense, or, if the murder occurred during the commission of the crime of terrorism, any person who committed the crime of terrorism, shall be sentenced as provided hereinafter:

(1) The court shall conduct a separate sentencing proceeding to determine whether the defendant should be sentenced to death or pursuant to the provisions of subsection b. of this section.

Where the defendant has been tried by a jury, the proceeding shall be conducted by the judge who presided at the trial and before the jury which determined the defendant's guilt, except that, for good cause, the court may discharge that jury and conduct the proceeding before a jury empaneled for the purpose of the proceeding. Where the defendant has entered a plea of guilty or has been tried without a jury, the proceeding shall be conducted by the judge who accepted the defendant's plea or who determined the defendant's guilt and before a jury empaneled for the purpose of the proceeding. On motion of the defendant and with consent of the prosecuting attorney the court may conduct a proceeding without a jury. Nothing in this subsection shall be construed to prevent the participation of an alternate juror in the sentencing proceeding if one of the jurors who rendered the guilty verdict becomes ill or is otherwise unable to proceed before or during the sentencing proceeding.

(2) (a) At the proceeding, the State shall have the burden of establishing beyond a reasonable doubt the existence of any aggravating factors set forth in paragraph (4) of this subsection. The defendant shall have the burden of producing evidence of the existence of any mitigating factors set forth in
paragraph (5) of this subsection but shall not have a burden with regard to the establishment of a mitigating factor.

(b) The admissibility of evidence offered by the State to establish any of the aggravating factors shall be governed by the rules governing the admission of evidence at criminal trials. The defendant may offer, without regard to the rules governing the admission of evidence at criminal trials, reliable evidence relevant to any of the mitigating factors. If the defendant produces evidence in mitigation which would not be admissible under the rules governing the admission of evidence at criminal trials, the State may rebut that evidence without regard to the rules governing the admission of evidence at criminal trials.

(c) Evidence admitted at the trial, which is relevant to the aggravating and mitigating factors set forth in paragraphs (4) and (5) of this subsection, shall be considered without the necessity of reintroducing that evidence at the sentencing proceeding; provided that the fact finder at the sentencing proceeding was present as either the fact finder or the judge at the trial.

(d) The State and the defendant shall be permitted to rebut any evidence presented by the other party at the sentencing proceeding and to present argument as to the adequacy of the evidence to establish the existence of any aggravating or mitigating factor.

(e) Prior to the commencement of the sentencing proceeding, or at such time as he has knowledge of the existence of an aggravating factor, the prosecuting attorney shall give notice to the defendant of the aggravating factors which he intends to prove in the proceeding.

(f) Evidence offered by the State with regard to the establishment of a prior homicide conviction pursuant to paragraph (4)(a) of this subsection may include the identity and age of the victim, the manner of death and the relationship, if any, of the victim to the defendant.

(3) The jury or, if there is no jury, the court shall return a special verdict setting forth in writing the existence or nonexistence of each of the aggravating and mitigating factors set forth in paragraphs (4) and (5) of this subsection. If any aggravating factor is found to exist, the verdict shall also state whether it outweighs beyond a reasonable doubt any one or more mitigating factors.

(a) If the jury or the court finds that any aggravating factors exist and that all of the aggravating factors outweigh beyond a reasonable doubt all of the mitigating factors, the court shall sentence the defendant to death.

(b) If the jury or the court finds that no aggravating factors exist, or that all of the aggravating factors which exist do not outweigh all of the mitigating factors, the court shall sentence the defendant pursuant to subsection b.

(c) If the jury is unable to reach a unanimous verdict, the court shall sentence the defendant pursuant to subsection b.
(4) The aggravating factors which may be found by the jury or the court are:

(a) The defendant has been convicted, at any time, of another murder. For purposes of this section, a conviction shall be deemed final when sentence is imposed and may be used as an aggravating factor regardless of whether it is on appeal;

(b) In the commission of the murder, the defendant purposely or knowingly created a grave risk of death to another person in addition to the victim;

(c) The murder was outrageously or wantonly vile, horrible or inhuman in that it involved torture, depravity of mind, or an aggravated assault to the victim;

(d) The defendant committed the murder as consideration for the receipt, or in expectation of the receipt, of anything of pecuniary value;

(e) The defendant procured the commission of the murder by payment or promise of payment of anything of pecuniary value;

(f) The murder was committed for the purpose of escaping detection, apprehension, trial, punishment or confinement for another offense committed by the defendant or another;

(g) The murder was committed while the defendant was engaged in the commission of, or an attempt to commit, or flight after committing or attempting to commit murder, robbery, sexual assault, arson, burglary, kidnapping, carjacking or the crime of contempt in violation of N.J.S.2C:29-9b;

(h) The defendant murdered a public servant, as defined in N.J.S.2C:27-1, while the victim was engaged in the performance of his official duties, or because of the victim's status as a public servant;

(i) The defendant: (i) as a leader of a narcotics trafficking network as defined in N.J.S.2C:35-3 and in furtherance of a conspiracy enumerated in N.J.S.2C:35-3, committed, commanded or by threat or promise solicited the commission of the murder or (ii) committed the murder at the direction of a leader of a narcotics trafficking network as defined in N.J.S.2C:35-3 in furtherance of a conspiracy enumerated in N.J.S.2C:35-3;

(j) The homicidal act that the defendant committed or procured was in violation of paragraph (1) of subsection a. of N.J.S.2C:17-2;

(k) The victim was less than 14 years old; or

(l) The murder was committed during the commission of, or an attempt to commit, or flight after committing or attempting to commit, terrorism pursuant to section 2 of P.L.2002, c.26 (C.2C:38-2).

(5) The mitigating factors which may be found by the jury or the court are:

(a) The defendant was under the influence of extreme mental or emotional disturbance insufficient to constitute a defense to prosecution;
(b) The victim solicited, participated in or consented to the conduct which resulted in his death;

(c) The age of the defendant at the time of the murder;

(d) The defendant's capacity to appreciate the wrongfulness of his conduct or to conform his conduct to the requirements of the law was significantly impaired as the result of mental disease or defect or intoxication, but not to a degree sufficient to constitute a defense to prosecution;

(e) The defendant was under unusual and substantial duress insufficient to constitute a defense to prosecution;

(f) The defendant has no significant history of prior criminal activity;

(g) The defendant rendered substantial assistance to the State in the prosecution of another person for the crime of murder; or

(h) Any other factor which is relevant to the defendant's character or record or to the circumstances of the offense.

(6) When a defendant at a sentencing proceeding presents evidence of the defendant's character or record pursuant to subparagraph (h) of paragraph (5) of this subsection, the State may present evidence of the murder victim's character and background and of the impact of the murder on the victim's survivors. If the jury finds that the State has proven at least one aggravating factor beyond a reasonable doubt and the jury finds the existence of a mitigating factor pursuant to subparagraph (h) of paragraph (5) of this subsection, the jury may consider the victim and survivor evidence presented by the State pursuant to this paragraph in determining the appropriate weight to give mitigating evidence presented pursuant to subparagraph (h) of paragraph (5) of this subsection. As used in this paragraph "victim and survivor evidence" may include the display of a photograph of the victim taken before the homicide.

d. The sentencing proceeding set forth in subsection c. of this section shall not be waived by the prosecuting attorney.

e. Every judgment of conviction which results in a sentence of death under this section shall be appealed, pursuant to the Rules of Court, to the Supreme Court. Upon the request of the defendant, the Supreme Court shall also determine whether the sentence is disproportionate to the penalty imposed in similar cases, considering both the crime and the defendant. Proportionality review under this section shall be limited to a comparison of similar cases in which a sentence of death has been imposed under subsection c. of this section. In any instance in which the defendant fails, or refuses to appeal, the appeal shall be taken by the Office of the Public Defender or other counsel appointed by the Supreme Court for that purpose.

f. Prior to the jury's sentencing deliberations, the trial court shall inform the jury of the sentences which may be imposed pursuant to subsection b. of this section on the defendant if the defendant is not sentenced to death.
The jury shall also be informed that a failure to reach a unanimous verdict shall result in sentencing by the court pursuant to subsection b.

g. A juvenile who has been tried as an adult and convicted of murder shall not be sentenced pursuant to the provisions of subsection c, but shall be sentenced pursuant to the provisions of subsection b of this section.

h. In a sentencing proceeding conducted pursuant to this section, no evidence shall be admissible concerning the method or manner of execution which would be imposed on a defendant sentenced to death.

i. For purposes of this section the term "homicidal act" shall mean conduct that causes death or serious bodily injury resulting in death.

j. In a sentencing proceeding conducted pursuant to this section, the display of a photograph of the victim taken before the homicide shall be permitted.

11. N.J.S. 2C: 12-3 is amended to read as follows:

Terroristic threats.

2C: 12-3. Terroristic threats.

a. A person is guilty of a crime of the third degree if he threatens to commit any crime of violence with the purpose to terrorize another or to cause evacuation of a building, place of assembly, or facility of public transportation, or otherwise to cause serious public inconvenience, or in reckless disregard of the risk of causing such terror or inconvenience. A violation of this subsection is a crime of the second degree if it occurs during a declared period of national, State or county emergency. The actor shall be strictly liable upon proof that the crime occurred, in fact, during a declared period of national, State or county emergency. It shall not be a defense that the actor did not know that there was a declared period of emergency at the time the crime occurred.

b. A person is guilty of a crime of the third degree if he threatens to kill another with the purpose to put him in imminent fear of death under circumstances reasonably causing the victim to believe the immediacy of the threat and the likelihood that it will be carried out.

12. N.J.S. 2C: 17-2 is amended to read as follows:

Causing or risking widespread injury or damage.

2C: 17-2. Causing or Risking Widespread Injury or Damage.

a. (1) A person who, purposely or knowingly, unlawfully causes an explosion, flood, avalanche, collapse of a building, release or abandonment of poison gas, radioactive material or any other harmful or destructive substance commits a crime of the second degree. A person who, purposely or knowingly, unlawfully causes widespread injury or damage in any manner commits a crime of the second degree.
(2) A person who, purposely or knowingly, unlawfully causes a hazardous discharge required to be reported pursuant to the "Spill Compensation and Control Act," P.L.1976, c.141 (C.58:10-23.11 et seq.) or any rules and regulations adopted pursuant thereto, or who, purposely or knowingly, unlawfully causes a release or abandonment of hazardous waste as defined in section 1 of P.L.1976, c.99 (C.13:1E-38) or a toxic pollutant as defined in section 3 of P.L.1977, c.74 (C.58:10A-3) commits a crime of the second degree. Any person who recklessly violates the provisions of this paragraph is guilty of a crime of the third degree.

b. A person who recklessly causes widespread injury or damage is guilty of a crime of the third degree.

c. A person who recklessly creates a risk of widespread injury or damage commits a crime of the fourth degree, even if no such injury or damage occurs. A violation of this subsection is a crime of the third degree if the risk of widespread injury or damage results from the reckless handling or storage of hazardous materials. A violation of this subsection is a crime of the second degree if the handling or storage of hazardous materials violated any law, rule or regulation intended to protect the public health and safety.

d. A person who knowingly or recklessly fails to take reasonable measures to prevent or mitigate widespread injury or damage commits a crime of the fourth degree, if:

(1) He knows that he is under an official, contractual or other legal duty to take such measures; or

(2) He did or assented to the act causing or threatening the injury or damage.

e. For purposes of this section, widespread injury or damage means serious bodily injury to five or more people or damage to five or more habitations or to a building which would normally have contained 25 or more persons at the time of the offense.

13. Section 1 of P.L.1983, c. 480 (C.2C:17-7) is amended to read as follows:

C.2C:17-7 Tampering, damage involving nuclear electric generating plant; crime of first degree.

1. The provisions of N.J.S.2C:17-2 to the contrary notwithstanding, any person who purposely or knowingly damages or tampers with any machinery, device, or equipment at a nuclear electric generating plant with the purpose to cause or threaten to cause an unauthorized release of radiation commits a crime of the first degree, and may be sentenced to an extended term of imprisonment as set forth in paragraph (2) of subsection a. of N.J.S.2C:43-7, notwithstanding the provisions of N.J.S.2C:44-3; provided, however, that if the defendant is not sentenced to an extended term of imprisonment, the
defendant shall be sentenced to an ordinary term of imprisonment between
15 and 30 years.

14. Section 3 of P.L.1994, c.121 (C.2C:21-25) is amended to read as follows:

3. A person is guilty of a crime if the person:
   a. transports or possesses property known or which a reasonable person
      would believe to be derived from criminal activity; or
   b. engages in a transaction involving property known or which a
      reasonable person would believe to be derived from criminal activity
      (1) with the intent to facilitate or promote the criminal activity; or
      (2) knowing that the transaction is designed in whole or in part:
         (a) to conceal or disguise the nature, location, source, ownership or control
             of the property derived from criminal activity; or
         (b) to avoid a transaction reporting requirement under the laws of this
             State or any other state or of the United States; or
   c. directs, organizes, finances, plans, manages, supervises, or controls
      the transportation of or transactions in property known or which a reasonable
      person would believe to be derived from criminal activity.
   d. For the purposes of this act, property is known to be derived from
      criminal activity if the person knows that the property involved represents
      proceeds from some form, though not necessarily which form, of criminal
      activity. Among the factors that the finder of fact may consider in determining
      that a transaction has been designed to avoid a transaction reporting requirement
      shall be whether the person, acting alone or with others, conducted one or
      more transactions in currency, in any amount, at one or more financial
      institutions, on one or more days, in any manner. The phrase "in any manner"
      includes the breaking down of a single sum of currency exceeding the
      transaction reporting requirement into smaller sums, including sums at or
      below the transaction reporting requirement, or the conduct of a transaction,
      or series of currency transactions, including transactions at or below the
      transaction reporting requirement. The transaction or transactions need not
      exceed the transaction reporting threshold at any single financial institution
      on any single day in order to demonstrate a violation of subparagraph (b) of
      paragraph (2) of subsection b. of this section.
   e. A person is guilty of a crime if, with the purpose to evade a transaction
      reporting requirement of this State or of 31 U.S.C. s.5311 et seq. or 31 C.F.R.
      s.103 et seq., or any rules or regulations adopted under those chapters and
      sections, he:
(1) causes or attempts to cause a financial institution, including a foreign or domestic money transmitter or an authorized delegate thereof, casino, check casher, person engaged in a trade or business or any other individual or entity required by State or federal law to file a report regarding currency transactions or suspicious transactions to fail to file a report; or

(2) causes or attempts to cause a financial institution, including a foreign or domestic money transmitter or an authorized delegate thereof, casino, check casher, person engaged in a trade or business or any other individual or entity required by State or federal law to file a report regarding currency transactions or suspicious transactions to file a report that contains a material omission or misstatement of fact; or

(3) structures or assists in structuring, or attempts to structure or assist in structuring any transaction with one or more financial institutions, including foreign or domestic money transmitters or an authorized delegate thereof, casinos, check cashers, persons engaged in a trade or business or any other individuals or entities required by State or federal law to file a report regarding currency transactions or suspicious transactions. “Structure” or “structuring” means that a person, acting alone, or in conjunction with, or on behalf of, other persons, conducts or attempts to conduct one or more transactions in currency, in any amount, at one or more financial institutions, on one or more days, in any manner, for the purpose of evading currency transaction reporting requirements provided by State or federal law. “In any manner” includes, but is not limited to, the breaking down into smaller sums of a single sum of currency meeting or exceeding that which is necessary to trigger a currency reporting requirement or the conduct of a transaction, or series of currency transactions, at or below the reporting requirement. The transaction or transactions need not exceed the reporting threshold at any single financial institution on any single day in order to meet the definition of “structure” or “structuring” provided in this paragraph.

Notwithstanding the provisions of paragraph (1) of subsection a. of N.J.S.2C:43-6, a person convicted of a crime of the first degree pursuant to the provisions of this subsection shall be sentenced to a term of imprisonment that shall include the imposition of a minimum term which shall be fixed at, or between, one-third and one-half of the sentence imposed, during which time the defendant shall not be eligible for parole.

Nothing in P.L.1994, c.121 (C.2C:21-23 et seq.) shall be construed in any way to preclude or limit a prosecution or conviction for any other offense defined in this Title or any other criminal law of this State.

16. N.J.S.2C:33-3 is amended to read as follows:

It shall not be a defense that the actor did not know that there was a declared period of emergency at the time the crime occurred.

CHAPTER 29

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. R.S.43:21-7 is amended to read as follows:

Contributions.

43:21-7. Contributions. Employers other than governmental entities, whose benefit financing provisions are set forth in section 4 of P.L.1971, c.346 (C.43:21-7.3), and those nonprofit organizations liable for payment in lieu of contributions on the basis set forth in section 3 of P.L.1971, c.346 (C.43:21-7.2), shall pay to the controller for the unemployment compensation fund, contributions as set forth in subsections (a), (b) and (c) hereof, and the provisions of subsections (d) and (e) shall be applicable to all employers, consistent with the provisions of the "unemployment compensation law" and the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-25 et seq.).

(a) Payment.

(1) Contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this chapter (R.S.43:21-1 et
seq.), with respect to having individuals in his employ during that calendar 
year, at the rates and on the basis hereinafter set forth. Such contributions 
shall become due and be paid by each employer to the controller for the fund,
in accordance with such regulations as may be prescribed, and shall not be 
deducted, in whole or in part, from the remuneration of individuals in his 
employ.

(2) In the payment of any contributions, a fractional part of a cent shall be 
disregarded unless it amounts to $0.005 or more, in which case it shall be 
increased to $0.01.

(b) Rate of contributions. Each employer shall pay the following 
contributions:

(1) For the calendar year 1947, and each calendar year thereafter, 2 7/10% 
of wages paid by him during each such calendar year, except as otherwise 
 prescribed by subsection (c) of this section.

(2) The "wages" of any individual, with respect to any one employer, 
as the term is used in this subsection (b) and in subsections (c), (d) and (e) 
of this section, shall include the first $4,800.00 paid during calendar year 
1975, for services performed either within or without this State; provided 
that no contribution shall be required by this State with respect to services 
performed in another state if such other state imposes contribution liability 
with respect thereto. If an employer (hereinafter referred to as a successor 
employer) during any calendar year acquires substantially all the property 
used in a trade or business of another employer (hereinafter referred to as a 
predecessor), or used in a separate unit of a trade or business of a predecessor, 
and immediately after the acquisition employs in his trade or business an 
individual who immediately prior to the acquisition was employed in the trade 
or business of such predecessors, then, for the purpose of determining whether 
the successor employer has paid wages with respect to employment equal 
to the first $4,800.00 paid during calendar year 1975, any wages paid to such 
individual by such predecessor during such calendar year and prior to such 
acquisition shall be considered as having been paid by such successor employer.

(3) For calendar years beginning on and after January 1, 1976, the "wages" 
of any individual, as defined in the preceding paragraph (2) of this subsection 
(b), shall be established and promulgated by the Commissioner of Labor on 
or before September 1 of the preceding year and shall be, 28 times the Statewide 
average weekly remuneration paid to workers by employers, as determined 
under R.S.43:21-3(c), raised to the next higher multiple of $100.00 if not already 
a multiple thereof, provided that if the amount of wages so determined for 
a calendar year is less than the amount similarly determined for the preceding 
year, the greater amount will be used; provided, further, that if the amount 
of such wages so determined does not equal or exceed the amount of wages 
as defined in subsection (b) of section 3306 of the Federal Unemployment
Tax Act, Chapter 23 of the Internal Revenue Code of 1986 (26 U.S.C.s.3306(b)), the wages as determined in this paragraph in any calendar year shall be raised to equal the amount established under the Federal Unemployment Tax Act for that calendar year.

(c) Future rates based on benefit experience.

(1) A separate account for each employer shall be maintained and this shall be credited with all the contributions which he has paid on his own behalf on or before January 31 of any calendar year with respect to employment occurring in the preceding calendar year; provided, however, that if January 31 of any calendar year falls on a Saturday or Sunday, an employer's account shall be credited as of January 31 of such calendar year with all the contributions which he has paid on or before the next succeeding day which is not a Saturday or Sunday. But nothing in this chapter (R.S.43:21-1 et seq.) shall be construed to grant any employer or individuals in his service prior claims or rights to the amounts paid by him into the fund either on his own behalf or on behalf of such individuals. Benefits paid with respect to benefit years commencing on and after January 1, 1953, to any individual on or before December 31 of any calendar year with respect to unemployment in such calendar year and in preceding calendar years shall be charged against the account or accounts of the employer or employers in whose employment such individual established base weeks constituting the basis of such benefits, except that, with respect to benefit years commencing after January 4, 1998, an employer's account shall not be charged for benefits paid to a claimant if the claimant's employment by that employer was ended in any way which, pursuant to subsection (a), (b), (c), (f), (g) or (h) of R.S.43:21-5, would have disqualified the claimant for benefits if the claimant had applied for benefits at the time when that employment ended. Benefits paid under a given benefit determination shall be charged against the account of the employer to whom such determination relates. When each benefit payment is made, either a copy of the benefit check or other form of notification shall be promptly sent to the employer against whose account the benefits are to be charged. Such copy or notification shall identify the employer against whose account the amount of such payment is being charged, shall show at least the name and social security account number of the claimant and shall specify the period of unemployment to which said check applies. If the total amount of benefits paid to a claimant and charged to the account of the appropriate employer exceeds 50% of the total base year, base week wages paid to the claimant by that employer, then such employer shall have canceled from his account such excess benefit charges as specified above.

Each employer shall be furnished an annual summary statement of benefits charged to his account.
(2) Regulations may be prescribed for the establishment, maintenance, and dissolution of joint accounts by two or more employers, and shall, in accordance with such regulations and upon application by two or more employers to establish such an account, or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer's account.

(3) No employer's rate shall be lower than 5.4% unless assignment of such lower rate is consistent with the conditions applicable to additional credit allowance for such year under section 3303(a)(1) of the Internal Revenue Code of 1986 (26 U.S.C.s.3303(a)(1)), any other provision of this section to the contrary notwithstanding.

(4) Employer Reserve Ratio. (A) Each employer's rate shall be 2 8/10%, except as otherwise provided in the following provisions. No employer's rate for the 12 months commencing July 1 of any calendar year shall be other than 2 8/10%, unless as of the preceding January 31 such employer shall have paid contributions with respect to wages paid in each of the three calendar years immediately preceding such year, in which case such employer's rate for the 12 months commencing July 1 of any calendar year shall be determined on the basis of his record up to the beginning of such calendar year. If, at the beginning of such calendar year, the total of all his contributions, paid on his own behalf, for all past years exceeds the total benefits charged to his account for all such years, his contribution rate shall be:

(1) 2 5/10%, if such excess equals or exceeds 4%, but less than 5%, of his average annual payroll (as defined in paragraph (2), subsection (a) of R.S.43:21-19);

(2) 2 2/10%, if such excess equals or exceeds 5%, but is less than 6%, of his average annual payroll;

(3) 1 9/10%, if such excess equals or exceeds 6%, but is less than 7%, of his average annual payroll;

(4) 1 6/10%, if such excess equals or exceeds 7%, but is less than 8%, of his average annual payroll;

(5) 1 3/10%, if such excess equals or exceeds 8%, but is less than 9%, of his average annual payroll;

(6) 1%, if such excess equals or exceeds 9%, but is less than 10%, of his average annual payroll;

(7) 7/10 of 1%, if such excess equals or exceeds 10%, but is less than 11%, of his average annual payroll;

(8) 4/10 of 1%, if such excess equals or exceeds 11% of his average annual payroll.

(B) If the total of an employer's contributions, paid on his own behalf, for all past periods for the purposes of this paragraph (4), is less than the total
benefits charged against his account during the same period, his rate shall be:

(1) 4%, if such excess is less than 10% of his average annual payroll;
(2) 4 3/10%, if such excess equals or exceeds 10%, but is less than 20%, of his average annual payroll;
(3) 4 6/10%, if such excess equals or exceeds 20% of his average annual payroll.

(C) Specially assigned rates. If no contributions were paid on wages for employment in any calendar year used in determining the average annual payroll of an employer eligible for an assigned rate under this paragraph (4), the employer’s rate shall be specially assigned as follows:

(i) if the reserve balance in its account is positive, its assigned rate shall be the highest rate in effect for positive balance accounts for that period, or 5.4%, whichever is higher, and (ii) if the reserve balance in its account is negative, its assigned rate shall be the highest rate in effect for deficit accounts for that period.

(D) The contribution rates prescribed by subparagraphs (A) and (B) of this paragraph (4) shall be increased or decreased in accordance with the provisions of paragraph (5) of this subsection (c) for experience rating periods through June 30, 1986.

(5) (A) Unemployment Trust Fund Reserve Ratio. If on March 31 of any calendar year the balance in the unemployment trust fund equals or exceeds 4% but is less than 7% of the total taxable wages reported to the controller as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be increased by 3/10 of 1% over the contribution rate otherwise established under the provisions of paragraph (3) or (4) of this subsection. If on March 31 of any calendar year the balance of the unemployment trust fund exceeds 2 1/2% but is less than 4% of the total taxable wages reported to the controller as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be increased by 6/10 of 1% over the contribution rate otherwise established under the provisions of paragraph (3) or (4) of this subsection.

If on March 31 of any calendar year the balance of the unemployment trust fund is less than 2 1/2% of the total taxable wages reported to the controller as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer (1) eligible for a contribution rate calculation based upon benefit experience, shall be increased by (i) 6/10 of 1% over the contribution rate otherwise established under the provisions of paragraph (3), (4)(A) or (4)(B) of this subsection, and
(ii) an additional amount equal to 20% of the total rate established herein, provided, however, that the final contribution rate for each employer shall be computed to the nearest multiple of 1/10% if not already a multiple thereof; (2) not eligible for a contribution rate calculation based upon benefit experience, shall be increased by 6/10 of 1% over the contribution rate otherwise established under the provisions of paragraph (4) of this subsection. For the period commencing July 1, 1984 and ending June 30, 1986, the contribution rate for each employer liable to pay contributions under R.S.43:21-7 shall be increased by a factor of 10% computed to the nearest multiple of 1/10% if not already a multiple thereof.

(B) If on March 31 of any calendar year the balance in the unemployment trust fund equals or exceeds 10% but is less than 12 1/2% of the total taxable wages reported to the controller as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be reduced by 3/10 of 1% under the contribution rate otherwise established under the provisions of paragraphs (3) and (4) of this subsection; provided that in no event shall the contribution rate of any employer be reduced to less than 4/10 of 1%. If on March 31 of any calendar year the balance in the unemployment trust fund equals or exceeds 12 1/2% of the total taxable wages reported to the controller as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be reduced by 6/10 of 1% if his account for all past periods reflects an excess of contributions paid over total benefits charged of 3% or more of his average annual payroll, otherwise by 3/10 of 1% under the contribution rate otherwise established under the provisions of paragraphs (3) and (4) of this subsection; provided that in no event shall the contribution rate of any employer be reduced to less than 4/10 of 1%.

(C) The "balance" in the unemployment trust fund, as the term is used in subparagraphs (A) and (B) above, shall not include moneys credited to the State's account under section 903 of the Social Security Act, as amended (42 U.S.C.s.1103), during any period in which such moneys are appropriated for the payment of expenses incurred in the administration of the "unemployment compensation law."

(D) Prior to July 1 of each calendar year the controller shall determine the Unemployment Trust Reserve Ratio, which shall be calculated by dividing the balance of the unemployment trust fund as of the prior March 31 by total taxable wages reported to the controller by all employers as of March 31 with respect to their employment during the last calendar year.

(E) (i) (Deleted by amendment, P.L.1997, c.263).
(iii) With respect to experience rating years beginning on or after July 1, 1998 and before July 1, 2002, the new employer rate or the unemployment experience rate of an employer under this section shall be the rate which appears in the column headed by the Unemployment Trust Fund Reserve Ratio as of the applicable calculation date and on the line with the Employer Reserve Ratio, as defined in paragraph 4 of this subsection (R.S.43:21-7 (c)(4)), as set forth in the following table:

(ii) With respect to experience rating years beginning on or after July 1, 1997, if the fund reserve ratio, based on the fund balance as of the prior March 31, is less than 1.00%, the contribution rate for each employer liable to pay contributions, as computed under subparagraph (E) of this paragraph (5), shall be increased by a factor of 10% computed to the nearest multiple of 1/10% if not already a multiple thereof.

(G) On or after January 1, 1993, notwithstanding any other provisions of this paragraph (5), the contribution rate for each employer liable to pay contributions, as computed under subparagraph (E) of this paragraph (5), shall be decreased by 0.1%, except that, during any experience rating year starting before January 1, 1998 in which the fund reserve ratio is equal to or greater than 7.00% or during any experience rating year starting on or after January 1, 1998, in which the fund reserve ratio is equal to or greater than 3.5%, there shall be no decrease pursuant to this subparagraph (G) in the contribution of any employer who has a deficit reserve ratio of negative 35.00% or under.

The amount of the reduction in the employer contributions stipulated by this subparagraph (H) shall be in addition to the amount of the reduction in the employer contributions stipulated by subparagraph (G) of this paragraph (5), except that the rate of contribution of an employer who has a deficit reserve ratio of negative 35.0% or under shall not be reduced pursuant to this subparagraph (H) to less than 5.4% and the rate of contribution of any other employer shall not be reduced to less than 0.0%.

On and after January 1, 1998 until December 31, 2000 and on or after January 1, 2002 until June 30, 2003, the contribution rate for each employer liable to pay contributions, as computed under subparagraph (E) of this paragraph (5), shall be decreased by a factor, as set out below, computed to the nearest multiple of 1/10%, except that, if an employer has a deficit reserve ratio of negative 35.0% or under, the employer's rate of contribution shall not be reduced pursuant to this subparagraph (H) to less than 5.4%:

From January 1, 1998 until December 31, 1998, a factor of 12%;
From January 1, 1999 until December 31, 1999, a factor of 10%;
From January 1, 2000 until December 31, 2000, a factor of 7%.
From January 1, 2002 until March 31, 2002, a factor of 36%;
From April 1, 2002 until June 30, 2002, a factor of 85%;
From July 1, 2002 until June 30, 2003, a factor of 15%.

The amount of the reduction in the employer contributions stipulated by
this subparagraph (H) shall be in addition to the amount of the reduction in
the employer contributions stipulated by subparagraph (G) of this paragraph
(5), except that the rate of contribution of an employer who has a deficit reserve
ratio of negative 35.0% or under shall not be reduced pursuant to this
subparagraph (H) to less than 5.4% and the rate of contribution of any other
employer shall not be reduced to less than 0.0%.

(I) If the fund reserve ratio decreases to a level of less than 4.00% on
March 31 of calendar year 1994 or calendar year 1995, the provisions of
subparagraph (H) of this paragraph (5) shall cease to be in effect as of July
1 of that calendar year.

If, upon calculating the unemployment compensation fund reserve ratio
pursuant to R.S.43:21-7(c)(5)(D) prior to March 31, 1997, March 31, 1998
or March 31, 1999, the controller finds that the fund reserve ratio has decreased
to a level of less than 3.00%, the Commissioner of Labor shall notify the State
Treasurer of this fact and of the dollar amount necessary to bring the fund
reserve ratio up to a level of 3.00%. The State Treasurer shall, prior to March
31, 1997, March 31, 1998 or March 31, 1999, as applicable, transfer from
the General Fund to the unemployment compensation fund, revenues in the
amount specified by the commissioner and which, upon deposit in the
unemployment compensation fund, shall result, upon recalculation, in a fund
reserve ratio used to determine employer contributions beginning July 1, 1997,
July 1, 1998, July 1, 1999, as applicable, of at least 3.00%.

If, upon calculating the unemployment compensation fund reserve ratio
pursuant to R.S.43:21-7(c)(5)(D) prior to March 31, 2000, the controller finds
that the fund reserve ratio has decreased to a level of less than 3.00%, the
Commissioner of Labor shall notify the State Treasurer of this fact and of
the dollar amount necessary to bring the fund reserve ratio up to a level of
3.00%. The State Treasurer shall, prior to March 31, 2000, transfer from the
General Fund to the unemployment compensation fund, revenues in the amount
specified by the commissioner and which, upon deposit in the unemployment
compensation fund, shall result, upon recalculation, in a fund reserve ratio
used to determine employer contributions beginning July 1, 2000 of at least
3.00%.

(J) On or after July 1, 2001, notwithstanding any other provisions of this
paragraph (5), the contribution rate for each employer liable to pay contributions,
as computed under subparagraph (E) of this paragraph (5), shall be decreased
by 0.0175%, except that, during any experience rating year starting on or after
July 1, 2001, in which the fund reserve ratio is equal to or greater than 3.5%, there shall be no decrease pursuant to this subparagraph (J) in the contribution of any employer who has a deficit reserve ratio of negative 35.00% or under. The amount of the reduction in the employer contributions stipulated by this subparagraph (J) shall be in addition to the amount of the reduction in the employer contributions stipulated by subparagraphs (G) and (H) of this paragraph (5), except that the rate of contribution of an employer who has a deficit reserve ratio of negative 35.0% or under shall not be reduced pursuant to this subparagraph (J) to less than 5.4% and the rate of contribution of any other employer shall not be reduced to less than 0.0%.

(6) Additional contributions.

Notwithstanding any other provision of law, any employer who has been assigned a contribution rate pursuant to subsection (c) of this section for the year commencing July 1, 1948, and for any year commencing July 1 thereafter, may voluntarily make payment of additional contributions, and upon such payment shall receive a recomputation of the experience rate applicable to such employer, including in the calculation the additional contribution so made. Any such additional contribution shall be made during the 30-day period following the date of the mailing to the employer of the notice of his contribution rate as prescribed in this section, unless, for good cause, the time for payment has been extended by the controller for not to exceed an additional 60 days; provided that in no event may such payments which are made later than 120 days after the beginning of the year for which such rates are effective be considered in determining the experience rate for the year in which the payment is made. Any employer receiving any extended period of time within which to make such additional payment and failing to make such payment timely shall be, in addition to the required amount of additional payment, a penalty of 5% thereof or $5.00, whichever is greater, not to exceed $50.00. Any adjustment under this subsection shall be made only in the form of credits against accrued or future contributions.

(7) Transfers.

(A) Upon the transfer of the organization, trade or business, or substantially all the assets of an employer to a successor in interest, whether by merger, consolidation, sale, transfer, descent or otherwise, the controller shall transfer the employment experience of the predecessor employer to the successor in interest, including credit for past years, contributions paid, annual payrolls, benefit charges, etcetera, applicable to such predecessor employer, pursuant to regulation, if it is determined that the employment experience of the predecessor employer with respect to the organization, trade, assets or business which has been transferred may be considered indicative of the future employment experience of the successor in interest. Unless the predecessor employer was owned or controlled (by legally enforceable means or otherwise),
directly or indirectly, by the successor in interest, or the predecessor employer and the successor in interest were owned or controlled (by legally enforceable means or otherwise), directly or indirectly, by the same interest or interests, the transfer of the employment experience of the predecessor shall not be effective if such successor in interest, within four months of the date of such transfer of the organization, trade, assets or business, or thereafter upon good cause shown, files a written notice protesting the transfer of the employment experience of the predecessor employer.

(B) An employer who transfers part of his or its organization, trade, assets or business to a successor in interest, whether by merger, consolidation, sale, transfer, descent or otherwise, may jointly make application with such successor in interest for transfer of that portion of the employment experience of the predecessor employer relating to the portion of the organization, trade, assets or business transferred to the successor in interest, including credit for past years, contributions paid, annual payrolls, benefit charges, et cetera, applicable to such predecessor employer. The transfer of employment experience may be allowed pursuant to regulation only if it is found that the employment experience of the predecessor employer with respect to the portion of the organization, trade, assets or business which has been transferred may be considered indicative of the future employment experience of the successor in interest. Credit shall be given to the successor in interest only for the years during which contributions were paid by the predecessor employer with respect to that part of the organization, trade, assets or business transferred.

(C) A transfer of the employment experience in whole or in part having become final, the predecessor employer thereafter shall not be entitled to consideration for an adjusted rate based upon his or its experience or the part thereof, as the case may be, which has thus been transferred. A successor in interest to whom employment experience or a part thereof is transferred pursuant to this subsection shall, as of the date of the transfer of the organization, trade, assets or business, or part thereof, immediately become an employer if not theretofore an employer subject to this chapter (R.S.43:21-1 et seq.).

(d) Contributions of workers to the unemployment compensation fund and the State disability benefits fund.

(1) (A) For periods after January 1, 1975, each worker shall contribute to the fund 1% of his wages with respect to his employment with an employer, which occurs on and after January 1, 1975, after such employer has satisfied the condition set forth in subsection (h) of R.S.43:21-19 with respect to becoming an employer; provided, however, that such contributions shall be at the rate of 1/2 of 1% of wages paid with respect to employment while the worker is in the employ of the State of New Jersey, or any governmental entity or instrumentality which is an employer as defined under R.S.43:21-19(h)(5), or is covered by an approved private plan under the "Temporary Disability
CHAPTER 29, LAWS OF 2001

Benefits Law" or while the worker is exempt from the provisions of the "Temporary Disability Benefits Law" under section 7 of that law, P.L.1948, c.110 (C.43:21-31).

(B) Effective January 1, 1978 there shall be no contributions by workers in the employ of any governmental or nongovernmental employer electing or required to make payments in lieu of contributions unless the employer is covered by the State plan under the "Temporary Disability Benefits Law" (C.43:21-37 et seq.), and in that case contributions shall be at the rate of 1/2 of 1%, except that commencing July 1, 1986, workers in the employ of any nongovernmental employer electing or required to make payments in lieu of contributions shall be required to make contributions to the fund at the same rate prescribed for workers of other nongovernmental employers.

(C) (i) Notwithstanding the above provisions of this paragraph (1), during the period starting July 1, 1986 and ending December 31, 1992, each worker shall contribute to the fund 1.125% of wages paid with respect to his employment with a governmental employer electing or required to pay contributions or nongovernmental employer, including a nonprofit organization which is an employer as defined under R.S.43:21-19(h)(6), regardless of whether that nonprofit organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection R.S.43:21-19(h) with respect to becoming an employer. Contributions, however, shall be at the rate of 0.625% while the worker is covered by an approved private plan under the "Temporary Disability Benefits Law" while the worker is exempt under section 7 of that law, P.L.1948, c.110 (C.43:21-31) or any other provision of that law; provided that such contributions shall be at the rate of 0.625% of wages paid with respect to employment with the State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions and which is covered by the State plan under the "Temporary Disability Benefits Law," except that, while the worker is exempt from the provisions of the "Temporary Disability Benefits Law" under section 7 of that law, P.L.1948, c.110 (C.43:21-31) or any other provision of that law, or is covered for disability benefits by an approved private plan of the employer, the contributions to the fund shall be 0.125%.

(ii) (Deleted by amendment, P.L.1995, c.422.)

(D) Notwithstanding any other provisions of this paragraph (1), during the period starting January 1, 1993 and ending June 30, 1994, each worker shall contribute to the unemployment compensation fund 0.5% of wages paid with respect to the worker's employment with a governmental employer electing or required to pay contributions or nongovernmental employer, including a nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S.43:21-19, regardless of whether that nonprofit
organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection (h) of R.S.43:21-19 with respect to becoming an employer. No contributions, however, shall be made by the worker while the worker is covered by an approved private plan under the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-25 et seq.) or while the worker is exempt under section 7 of P.L.1948, c.110 (C.43:21-31) or any other provision of that law; provided that the contributions shall be at the rate of 0.50% of wages paid with respect to employment with the State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions and which is covered by the State plan under the "Temporary Disability Benefits Law," except that, while the worker is exempt from the provisions of the "Temporary Disability Benefits Law" under section 7 of that law, P.L.1948, c.110 (C.43:21-31) or any other provision of that law, or is covered for disability benefits by an approved private plan of the employer, no contributions shall be made to the fund.

Each worker shall, starting on January 1, 1996 and ending March 31, 1996, contribute to the unemployment compensation fund 0.60% of wages paid with respect to the worker's employment with a governmental employer electing or required to pay contributions or nongovernmental employer, including a nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S.43:21-19, regardless of whether that nonprofit organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection (h) of R.S.43:21-19 with respect to becoming an employer, provided that the contributions shall be at the rate of 0.10% of wages paid with respect to employment with the State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions.

Each worker shall, starting on January 1, 1998 and ending December 31, 1998, contribute to the unemployment compensation fund 0.10% of wages paid with respect to the worker's employment with a governmental employer electing or required to pay contributions or nongovernmental employer, including a nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S.43:21-19, regardless of whether that nonprofit organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection (h) of R.S.43:21-19 with respect to becoming an employer, provided that the contributions shall be at the rate of 0.10% of wages paid with respect to employment with the
State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions.

Each worker shall, starting on January 1, 1999 until December 31, 1999, contribute to the unemployment compensation fund 0.15% of wages paid with respect to the worker's employment with a governmental employer electing or required to pay contributions or nongovernmental employer, including a nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S.43:21-19, regardless of whether that nonprofit organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection (h) of R.S.43:21-19 with respect to becoming an employer, provided that the contributions shall be at the rate of 0.10% of wages paid with respect to employment with the State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions.

Each worker shall, starting on January 1, 2000 until December 31, 2001, contribute to the unemployment compensation fund 0.20% of wages paid with respect to the worker's employment with a governmental employer electing or required to pay contributions or nongovernmental employer, including a nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S.43:21-19, regardless of whether that nonprofit organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection (h) of R.S.43:21-19 with respect to becoming an employer, provided that the contributions shall be at the rate of 0.10% of wages paid with respect to employment with the State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions.

Each worker shall, starting on January 1, 2002 until June 30, 2003, contribute to the unemployment compensation fund 0.1825% of wages paid with respect to the worker's employment with a governmental employer electing or required to pay contributions or a nongovernmental employer, including a nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S.43:21-19, regardless of whether that nonprofit organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection (h) of R.S.43:21-19 with respect to becoming an employer, provided that the contributions shall be at the rate of 0.0825% of wages paid with respect to employment with the State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions.
Each worker shall, starting on and after July 1, 2003, contribute to the unemployment compensation fund 0.3825% of wages paid with respect to the worker's employment with a governmental employer electing or required to pay contributions or nongovernmental employer, including a nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S. 43:21-19, regardless of whether that nonprofit organization elects or is required to finance its benefit costs with contributions to the fund or by payments in lieu of contributions, after that employer has satisfied the conditions set forth in subsection (h) of R.S. 43:21-19 with respect to becoming an employer, provided that the contributions shall be at the rate of 0.0825% of wages paid with respect to employment with the State of New Jersey or any other governmental entity or instrumentality electing or required to make payments in lieu of contributions.

(E) Each employer shall, notwithstanding any provision of law in this State to the contrary, withhold in trust the amount of his workers' contributions from their wages at the time such wages are paid, shall show such deduction on his payroll records, shall furnish such evidence thereof to his workers as the division or controller may prescribe, and shall transmit all such contributions, in addition to his own contributions, to the office of the controller in such manner and at such times as may be prescribed. If any employer fails to deduct the contributions of any of his workers at the time their wages are paid, or fails to make a deduction therefor at the time wages are paid for the next succeeding payroll period, he alone shall thereafter be liable for such contributions, and for the purpose of R.S. 43:21-14, such contributions shall be treated as employer's contributions required from him.

(F) As used in this chapter (R.S. 43:21-1 et seq.), except when the context clearly requires otherwise, the term "contributions" shall include the contributions of workers pursuant to this section.

(G) Each worker shall, starting on July 1, 1994, contribute to the State disability benefits fund an amount equal to 0.50% of wages paid with respect to the worker's employment with a government employer electing or required to pay contributions to the State disability benefits fund or nongovernmental employer, including a nonprofit organization which is an employer as defined under paragraph (6) of subsection (h) of R.S. 43:21-19, unless the employer is covered by an approved private disability plan or is exempt from the provisions of the "Temporary Disability Benefits Law," P.L. 1948, c. 110 (C. 43:21-25 et seq.) under section 7 of that law (C. 43:21-31) or any other provision of that law.

(B) (Deleted by amendment, P.L. 1984, c. 24.)
(C) (Deleted by amendment, P.L. 1994, c. 112.)
(D) (Deleted by amendment, P.L. 1994, c. 112.)
(E) (i) (Deleted by amendment, P.L. 1994, c. 112.)
(ii) (Deleted by amendment, P.L. 1996, c. 28.)
(iii) (Deleted by amendment, P.L. 1994, c. 112.)

(3) If an employee receives wages from more than one employer during any calendar year, and either the sum of his contributions deposited in and credited to the State disability benefits fund plus the amount of his contributions, if any, required towards the costs of benefits under one or more approved private plans under the provisions of section 9 of the "Temporary Disability Benefits Law" (C.43:21-33) and deducted from his wages, or the sum of such latter contributions, if the employee is covered during such calendar year only by two or more private plans, exceeds an amount equal to $1/2 of $1\%$ of the "wages" determined in accordance with the provisions of R.S.43:21-7(b)(3) during the calendar years beginning on or after January 1, 1976, the employee shall be entitled to a refund of the excess if he makes a claim to the controller within two years after the end of the calendar year in which the wages are received with respect to which the refund is claimed and establishes his right to such refund. Such refund shall be made by the controller from the State disability benefits fund. No interest shall be allowed or paid with respect to any such refund. The controller shall, in accordance with prescribed regulations, determine the portion of the aggregate amount of such refunds made during any calendar year which is applicable to private plans for which deductions were made under section 9 of the "Temporary Disability Benefits Law," such determination to be based upon the ratio of the amount of such wages exempt from contributions to such fund, as provided in subparagraph (B) of paragraph (1) of this subsection with respect to coverage under private plans, to the total wages so exempt plus the amount of such wages subject to contributions to the disability benefits fund, as provided in subparagraph (G) of paragraph (1) of this subsection. The controller shall, in accordance with prescribed regulations, prorate the amount so determined among the applicable private plans in the proportion that the wages covered by each plan bear to the total private plan wages involved in such refunds, and shall assess against and recover from the employer, or the insurer if the insurer has indemnified the employer with respect thereto, the amount so prorated. The provisions of R.S.43:21-14 with respect to collection of employer contributions shall apply to such assessments. The amount so recovered by the controller shall be paid into the State disability benefits fund.

(4) If an individual does not receive any wages from the employing unit which for the purposes of this chapter (R.S.43:21-1 et seq.) is treated as his employer, or receives his wages from some other employing unit, such employer shall nevertheless be liable for such individual's contributions in the first instance; and after payment thereof such employer may deduct the amount of such contributions from any sums payable by him to such employing unit,
or may recover the amount of such contributions from such employing unit, or, in the absence of such an employing unit, from such individual, in a civil action; provided proceedings therefor are instituted within three months after the date on which such contributions are payable. General rules shall be prescribed whereby such an employing unit may recover the amount of such contributions from such individuals in the same manner as if it were the employer.

(5) Every employer who has elected to become an employer subject to this chapter (R.S.43:21-1 et seq.), or to cease to be an employer subject to this chapter (R.S.43:21-1 et seq.), pursuant to the provisions of R.S.43:21-8, shall post and maintain printed notices of such election on his premises, of such design, in such numbers, and at such places as the director may determine to be necessary to give notice thereof to persons in his service.

(6) Contributions by workers, payable to the controller as herein provided, shall be exempt from garnishment, attachment, execution, or any other remedy for the collection of debts.

(e) Contributions by employers to State disability benefits fund.

(1) Except as hereinafter provided, each employer shall, in addition to the contributions required by subsections (a), (b), and (c) of this section, contribute 1/2 of 1% of the wages paid by such employer to workers with respect to employment unless he is not a covered employer as defined in section 3 of the "Temporary Disability Benefits Law" (C.43:21-27 (a)), except that the rate for the State of New Jersey shall be 1/10 of 1% for the calendar year 1980 and for the first six months of 1981. Prior to July 1, 1981 and prior to July 1 each year thereafter, the controller shall review the experience accumulated in the account of the State of New Jersey and establish a rate for the next following fiscal year which, in combination with worker contributions, will produce sufficient revenue to keep the account in balance; except that the rate so established shall not be less than 1/10 of 1%. Such contributions shall become due and be paid by the employer to the controller for the State disability benefits fund as established by law, in accordance with such regulations as may be prescribed, and shall not be deducted, in whole or in part, from the remuneration of individuals in his employ. In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to $0.005 or more, in which case it shall be increased to $0.01.

(2) During the continuance of coverage of a worker by an approved private plan of disability benefits under the "Temporary Disability Benefits Law," the employer shall be exempt from the contributions required by subparagraph (1) above with respect to wages paid to such worker.

(3) (A) The rates of contribution as specified in subparagraph (1) above shall be subject to modification as provided herein with respect to employer contributions due on and after July 1, 1951.
(B) A separate disability benefits account shall be maintained for each employer required to contribute to the State disability benefits fund and such account shall be credited with contributions deposited in and credited to such fund with respect to employment occurring on and after January 1, 1949. Each employer's account shall be credited with all contributions paid on or before January 31 of any calendar year on his own behalf and on behalf of individuals in his service with respect to employment occurring in preceding calendar years; provided, however, that if January 31 of any calendar year falls on a Saturday or Sunday an employer's account shall be credited as of January 31 of such calendar year with all the contributions which he has paid on or before the next succeeding day which is not a Saturday or Sunday. But nothing in this act shall be construed to grant any employer or individuals in his service prior claims or rights to the amounts paid by him to the fund either on his own behalf or on behalf of such individuals. Benefits paid to any covered individual in accordance with Article III of the "Temporary Disability Benefits Law" on or before December 31 of any calendar year with respect to disability in such calendar year and in preceding calendar years shall be charged against the account of the employer by whom such individual was employed at the commencement of such disability or by whom he was last employed, if out of employment.

(C) The controller may prescribe regulations for the establishment, maintenance, and dissolution of joint accounts by two or more employers, and shall, in accordance with such regulations and upon application by two or more employers to establish such an account, or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer's account.

(D) Prior to July 1 of each calendar year, the controller shall make a preliminary determination of the rate of contribution for the 12 months commencing on such July 1 for each employer subject to the contribution requirements of this subsection (e).

(1) Such preliminary rate shall be 1/2 of 1% unless on the preceding January 31 of such year such employer shall have been a covered employer who has paid contributions to the State disability benefits fund with respect to employment in the three calendar years immediately preceding such year.

(2) If the minimum requirements in (1) above have been fulfilled and the credited contributions exceed the benefits charged by more than $500.00, such preliminary rate shall be as follows:

(i) 2/10 of 1% if such excess over $500.00 exceeds 1% but is less than 1 1/4% of his average annual payroll (as defined in this chapter (R.S.43:21-1 et seq.));

(ii) 15/100 of 1% if such excess over $500.00 equals or exceeds 1 1/4% but is less than 1 1/2% of his average annual payroll;
(iii) 1/10 of 1% if such excess over $500.00 equals or exceeds 1 1/2% of his average annual payroll.

(3) If the minimum requirements in (1) above have been fulfilled and the contributions credited exceed the benefits charged but by not more than $500.00 plus 1% of his average annual payroll, or if the benefits charged exceed the contributions credited but by not more than $500.00, the preliminary rate shall be 1/4 of 1%.

(4) If the minimum requirements in (1) above have been fulfilled and the benefits charged exceed the contributions credited by more than $500.00, such preliminary rate shall be as follows:

   (i) 35/100 of 1% if such excess over $500.00 is less than 1/4 of 1% of his average annual payroll;
   (ii) 45/100 of 1% if such excess over $500.00 equals or exceeds 1/4 of 1% but is less than 1/2 of 1% of his average annual payroll;
   (iii) 55/100 of 1% if such excess over $500.00 equals or exceeds 1/2 of 1% but is less than 3/4 of 1% of his average annual payroll;
   (iv) 65/100 of 1% if such excess over $500.00 equals or exceeds 3/4 of 1% but is less than 1% of his average annual payroll;
   (v) 75/100 of 1% if such excess over $500.00 equals or exceeds 1% of his average annual payroll.

(5) Determination of the preliminary rate as specified in (2), (3) and (4) above shall be subject, however, to the condition that it shall in no event be decreased by more than 1/10 of 1% of wages or increased by more than 2/10 of 1% of wages from the preliminary rate determined for the preceding year in accordance with (1), (2), (3) or (4), whichever shall have been applicable.

(E) (1) Prior to July 1 of each calendar year the controller shall determine the amount of the State disability benefits fund as of December 31 of the preceding calendar year, increased by the contributions paid thereto during January of the current calendar year with respect to employment occurring in the preceding calendar year. If such amount exceeds the net amount withdrawn from the unemployment trust fund pursuant to section 23 of the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-47) plus the amount at the end of such preceding calendar year of the unemployment disability account (as defined in section 22 of said law (C.43:21-46)), such excess shall be expressed as a percentage of the wages on which contributions were paid to the State disability benefits fund or before January 31 with respect to employment in the preceding calendar year.

(2) The controller shall then make a final determination of the rates of contribution for the 12 months commencing July 1 of such year for employers whose preliminary rates are determined as provided in (D) hereof, as follows:

   (i) If the percentage determined in accordance with paragraph (E)(1) of this subsection equals or exceeds 1 1/4%, the final employer rates shall
be the preliminary rates determined as provided in (D) hereof, except that if the employer's preliminary rate is determined as provided in (D)(2) or (D)(3) hereof, the final employer rate shall be the preliminary employer rate decreased by such percentage of excess taken to the nearest 5/100 of 1%, but in no case shall such final rate be less than 1/10 of 1%.

(ii) If the percentage determined in accordance with paragraph (E)(1) of this subsection equals or exceeds 3/4 of 1% and is less than 1 1/4 of 1%, the final employer rates shall be the preliminary employer rates.

(iii) If the percentage determined in accordance with paragraph (E)(1) of this subsection is less than 3/4 of 1%, but in excess of 1/4 of 1%, the final employer rates shall be the preliminary employer rates determined as provided in (D) hereof increased by the difference between 3/4 of 1% and such percentage taken to the nearest 5/100 of 1%; provided, however, that no such final rate shall be more than 1/4 of 1% in the case of an employer whose preliminary rate is determined as provided in (D)(2) hereof, more than 1/2 of 1% in the case of an employer whose preliminary rate is determined as provided in (D)(1) and (D)(3) hereof, nor more than 3/4 of 1% in the case of an employer whose preliminary rate is determined as provided in (D)(4) hereof.

(iv) If the amount of the State disability benefits fund determined as provided in paragraph (E)(1) of this subsection is equal to or less than 1/4 of 1%, then the final rate shall be 2/5 of 1% in the case of an employer whose preliminary rate is determined as provided in (D)(2) hereof, 7/10 of 1% in the case of an employer whose preliminary rate is determined as provided in (D)(1) and (D)(3) hereof, and 1.1% in the case of an employer whose preliminary rate is determined as provided in (D)(4) hereof. Notwithstanding any other provision of law or any determination made by the controller with respect to any 12-month period commencing on July 1, 1970, the final rates for all employers for the period beginning January 1, 1971, shall be as set forth herein.

2. Section 29 of P.L.1992, c.160 (C.43:21-7b) is amended to read as follows:

Also beginning on January 1, 1998 until December 31, 2000, and beginning on January 1, 2002 and ending June 30, 2003, each employer shall, in such a manner and at such times as determined by the commissioner, contribute to the fund an amount equal to the amount that the employer’s contribution to the unemployment compensation fund is decreased pursuant to subparagraph (H) of paragraph (5) of subsection (c) of R.S. 43:21-7.

b. If the unemployment compensation fund reserve ratio, as determined pursuant to paragraph (5) of subsection (c) of R.S. 43:21-7, decreases to a level of less than 4.00% on March 31 of calendar year 1994 or calendar year 1995, the provisions of subsection a. of this section shall cease to be in effect as of July 1 of that calendar year and each employer who would be subject to making the contributions pursuant to subsection a. of this section if that subsection were in effect shall, beginning on July 1 of that calendar year, contribute to the fund an amount equal to 0.62% of the total wages paid by the employer and shall continue to contribute that amount until December 31, 1995.

3. This act shall take effect immediately.

CHAPTER 30
AN ACT concerning surplus lines insurance and amending and supplementing P.L. 1984, c.101.
BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.17:22-6.70a Findings, declarations relative to surplus lines insurance.

1. The Legislature finds and declares:
   a. The "New Jersey Surplus Lines Insurance Guaranty Fund Act," P.L.1984, c.101 (C.17:22-6.70 et seq.), enacted 18 years ago in the face of an imminent threat of declaration of insolvency of Ambassador Insurance Company of Vermont, has provided valuable benefits by covering claims of certain claimants against insolvent property and casualty insurers selling insurance in New Jersey as surplus lines.
   b. That act was amended 15 years ago to include, as covered claims, those claims arising from the declared insolvency of Northeastern Fire Insurance Company of Pennsylvania.
   c. Claims covered by the New Jersey Surplus Lines Insurance Guaranty Fund included claims by New Jersey residents or claims arising from property permanently located in New Jersey, in an amount up to the lesser of the policy limit or $300,000, subject to policy deductibles, thereby redistributing some of the economic burden of surplus lines insurer failures.
   d. The New Jersey Surplus Lines Insurance Guaranty Fund currently contains a balance of approximately $80,000,000 and $40,000,000 is sufficient to satisfy existing covered claims.
   e. The Legislature believes that, beyond the payment of existing covered claims, it is good public policy to maintain surplus lines insurance guaranty benefits for certain lines of insurance in the future.

2. Section 1 of P.L.1984, c 101 (C 17:22-6.71) is amended to read as follows:

C.17:22-6.71 Purpose, application of act.

1. The purpose of this act is to provide a mechanism for the payment of covered claims under certain insurance policies issued by eligible surplus lines insurers; to avoid excessive delays in the payment of the covered claims against insolvent, eligible, nonadmitted insurers; and to avoid financial loss to claimants or policyholders because of the insolvency of an eligible, nonadmitted insurer.

On and after July 27, 1984 and before June 25, 2002, P.L.1984, c.101 (C.17:22-6.70 et seq.) shall apply to all property and casualty lines of direct insurance authorized under R.S.17:17-1, except workers' compensation insurance, title insurance, surety bonds, credit insurance, mortgage guaranty insurance, municipal bond coverage, fidelity insurance, investment return assurance, and ocean marine insurance. This act shall also not apply to reinsurance of any kind.
On or after June 25, 2002, P.L.1984, c.101 (C.17:22-6.70 et seq.) shall apply only to medical malpractice liability insurance as defined in subsection d. of section 3 of P.L.1975, c.301 (C.17:30D-3) and property insurance covering owner occupied dwellings of less than four dwelling units. On or after June 25, 2002, P.L.1984, c.101 (C.17:22-6.70 et seq.) shall not apply to reinsurance of any kind.

3. Section 3 of P.L.1984, c.101 (C.17:22-6.72) is amended to read as follows:

C.17:22-6.72 Definitions relative to the Surplus Lines Insurance Guaranty Fund.

b. "Covered claim" means an unpaid claim, including a claim for unearned premiums, which arises out of and is within the coverage, and not in excess of the applicable limits of an insurance policy to which this act applies, and which was issued by a surplus lines insurer which was eligible to transact insurance business in this State at the time the policy was issued and which has been determined to be an insolvent insurer on or after June 1, 1984, but prior to June 25, 2002, if (1) the claimant or policyholder is a resident of this State at the time of the occurrence of the insured event for which a claim has been made, or (2) the property from which the claim arises is permanently located in this State. A "covered claim" which arises because of an insolvency occurring on or after June 25, 2002 shall be limited to an unpaid claim, including a claim for unearned premiums, which arises out of either medical malpractice liability insurance coverage or property insurance covering owner occupied dwellings of less than four dwelling units within the coverage, and not in excess of the applicable limits, of an insurance policy to which P.L.1984, c.101 (C.17:22-6.70 et seq.) applies, and which was issued by a surplus lines insurer which was eligible to transact insurance business in this State at the time the policy was issued and which has been determined to be an insolvent insurer on or after June 25, 2002, if (1) the claimant or policyholder is a resident of this State at the time of the occurrence of the insured event for which a claim has been made, or (2) the property from which the claim arises is permanently located in this State.

"Covered claim" shall not include any amount due any reinsurer, insurance pool or underwriting association, as subrogation recoveries or otherwise, except that a claim for any such amount, asserted against a person insured under a policy issued by a surplus lines insurer which has become an insolvent insurer, which, if it were not a claim by or for the benefit of a reinsurer, insurer, insurance pool, or underwriting association, would be a "covered claim," may be filed directly with the receiver of the insolvent insurer, but in no event may any
such claim be asserted in any legal action against the insured of that insolvent insurer. "Covered claim" shall also not include amounts for interest on unliquidated claims, punitive damages unless covered by the policy, counsel fees for prosecuting suits for claims against the fund, and assessments or charges for failure by an insolvent insurer to have expeditiously settled claims.

A "covered claim" shall not include a claim filed with the fund after the final date set by the court for the filing of claims against the liquidator or receiver of an insolvent insurer unless the claimant demonstrates unusual hardship and the commissioner approves of treatment of the claim as a "covered claim." "Unusual hardship" shall be defined in regulations promulgated by the commissioner. With respect to insurer insolvencies pending as of the effective date of this 1996 amendatory act, a "covered claim" shall not include a claim filed with the fund: (1) more than one year after the effective date of this 1996 amendatory act or (2) the date set by the court for the filing of claims against the liquidator or receiver of the insolvent insurer, whichever date occurs later.

c. "Fund" means the New Jersey Surplus Lines Insurance Guaranty Fund created pursuant to section 4 of this act.

d. "Insolvent insurer" means an insurer which was an eligible surplus lines insurer at the time the insurance policy was issued or when the insured event occurred, and which is determined to be insolvent by a court of competent jurisdiction in this State or the state or place in which the surplus lines insurer is domiciled. "Insolvent insurer" does not include an admitted insurer issuing insurance pursuant to section 10 of P.L.1960, c.32 (C.17:22-6.44).

e. "Member insurer" means an eligible, nonadmitted or surplus lines insurer required to be a member of, and that is subject to, assessments by the fund.

f. "Net direct written premiums" means direct gross premiums on insurance policies written by a surplus lines insurer to which this act applies, less return premiums thereon and dividends paid or credited to policyholders on that direct business. If a policy issued by a surplus lines insurer covers risks or exposures only partially in this State, the "net direct written premiums" shall be computed, for assessment purposes, on that portion of the premium subject to the premium receipts tax levied in accordance with section 25 of P.L.1960, c.32 (C.17:22-6.59). "Net direct written premiums" do not include premiums on contracts between insurers or reinsurers.

g. "Surplus lines insurer" means a nonadmitted insurer approved as an eligible, nonadmitted or unauthorized insurer pursuant to section 11 of P.L.1960, c.32 (C.17:22-6.45) at the time the policies were issued against which a covered claim may be filed in accordance with this act.

4. Section 4 of P.L.1984, c.101 (C.17:22-6.73) is amended to read as follows:
Surplus Lines Insurance Guaranty Fund.

4. There is created a private, nonprofit, unincorporated, legal entity to be known as the New Jersey Surplus Lines Insurance Guaranty Fund. All surplus lines insurers shall be and remain member insurers of the fund as a condition of their continued eligibility pursuant to section 11 of P.L.1960, c.32 (C.17:22-6.45). The fund shall be managed and administered by the New Jersey Property-Liability Insurance Guaranty Association. The association shall exercise all of the powers vested in the fund under this act, and such other powers as may be necessary or appropriate to the fulfilling of its responsibilities under this act. The association shall administer the affairs of the fund in accordance with the "New Jersey Property-Liability Guaranty Association Act," P.L.1974, c.17 (C.17:30A-1 et seq.) and its plan of operation adopted pursuant to section 9 (C.17:30A-9), insofar as the provisions of that act and that plan are not thereof inconsistent with the provisions of this act, and subject to any amendments to the plan as may be necessary or appropriate to effectuate the purposes of this act. After the excess moneys in the fund are transferred to the General Fund pursuant to section 5 of P.L.1984, c.101 (C.17:22-6.74), the association shall be responsible for the run-off and wind-up of all covered claims existing before June 25, 2002. On or after June 25, 2002, the operations and obligations of the fund pursuant to P.L.1984, c.101 (C.17:22-6.70 et seq.), with respect to eligible surplus lines insurers determined to be insolvent after that date, other than eligible surplus lines insurers issuing policies for medical malpractice liability insurance or property insurance covering owner occupied dwellings of less than four dwelling units, shall be terminated. On or after June 25, 2002, the fund shall only provide coverage for eligible surplus lines insurers issuing medical malpractice liability insurance or property insurance covering owner occupied dwellings of less than four dwelling units determined to be insolvent after that date.

In order to assist the association in implementing the provisions of this act, there is created an advisory body to the board of directors of the association to be comprised of two members representing eligible surplus lines insurers and two members representing surplus lines agents, to be appointed by and to serve at the pleasure of the commissioner. The association shall consult the advisory body on any matter relating to the provisions of P.L.1984, c.101 (C.17:22-6.70 et seq.).

5. Section 5 of P.L.1984, c.101 (C.17:22-6.74) is amended to read as follows:

C.17:22-6.74 Powers, duties and obligations.

5. a. The fund shall:
(1) Be obligated to the extent of the covered claims against an insolvent insurer incurred prior to or 30 days after the determination of insolvency, or before the policy expiration date, if less than 30 days after that determination, or before the policyholder replaces the policy or causes its cancellation, if he does so within 30 days of the determination. The fund's obligation for covered claims shall not be greater than $300,000.00 per occurrence, subject to any applicable deductible contained in the policy. The commissioner may adjust the fund's obligations for covered claims based on the moneys available in the fund. In no event shall the fund be obligated to a policyholder or claimant in excess of the limits of liability of the insolvent insurer stated in the policy from which the claim arises;

(2) Be deemed the insurer to the extent of its obligation on the covered claims and to such extent shall have all rights, duties, and obligations of the insolvent insurer as if the insurer had not become insolvent;

(3) Assess member insurers in accordance with section 6 of this act in amounts necessary to pay:
   (a) Obligations of the fund under paragraph (1) of this subsection,
   (b) Expenses of handling covered claims,
   (c) Any other expenses incurred in the implementation of the provisions of this act;

(4) Investigate claims brought against the fund; and adjust, compromise, settle, and pay covered claims to the extent of the fund's obligation; and deny all other claims; and may review settlements, releases and judgments to which the insolvent insurer or its policyholders were parties to determine the extent to which the settlements, releases and judgments may be properly contested;

(5) Notify those persons as the commissioner directs under section 8 of this act;

(6) Handle claims through the association's employees or representatives, or through one or more insurers or other persons designated as servicing facilities;

(7) Pay the other expenses of the association in administering the provisions of this act; and

(8) Within 60 days of enactment of P.L.2002, c.30 (C.17:22-6.70a et al.), transfer to the General Fund any and all moneys in excess of $40,000,000 in the fund as of June 24, 2002.

b. The fund may:
   (1) Sue or be sued;
   (2) Negotiate and become a party to those contracts which are necessary to carry out the purpose of this act;
   (3) Perform those other acts which are necessary or appropriate to effectuate the purpose of this act;
   (4) (Deleted by amendment, P.L.2002, c.30.)
(5) With the approval of the commissioner, borrow moneys from any source, including but not limited to the New Jersey Property-Liability Insurance Guaranty Association, in accordance with subsection b. of section 6 of P.L. 1984, c.101 (C.17:22-6.75), as may be necessary to effectuate the purposes of that act, except that the use of the proceeds of any loans shall be limited to the payment of covered claims, including claim adjustment expenses; and

6. This act shall take effect immediately and be retroactive to June 24, 2002.

Approved July 1, 2002.

CHAPTER 31

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. R.S. 54:38-1 is amended to read as follows:

Imposition of tax; amount

54:38-1. a. In addition to the inheritance, succession or legacy taxes imposed by this State under authority of chapters 33 to 36 of this title (R.S. 54:33-1 et seq.), or hereafter imposed under authority of any subsequent enactment, there is hereby imposed an estate or transfer tax:

(1) Upon the transfer of the estate of every resident decedent dying before January 1, 2002 which is subject to an estate tax payable to the United States under the provisions of the federal revenue act of one thousand nine hundred and twenty-six and the amendments thereof and supplements thereto or any other federal revenue act in effect as of the date of death of the decedent, the amount of which tax shall be the sum by which the maximum credit allowable against any federal estate tax payable to the United States under any federal revenue act on account of taxes paid to any state or territory of the United States or the District of Columbia, shall exceed the aggregate amount of all
estate, inheritance, succession or legacy taxes actually paid to any state or territory of the United States or the District of Columbia, including inheritance, succession or legacy taxes actually paid this State, in respect to any property owned by such decedent or subject to such taxes as a part of or in connection with the estate; and

(2) (a) Upon the transfer of the estate of every resident decedent dying after December 31, 2001 which would have been subject to an estate tax payable to the United States under the provisions of the federal Internal Revenue Code of 1986 (26 U.S.C. s.1 et seq.) in effect on December 31, 2001, the amount of which tax shall be, at the election of the person or corporation liable for the payment of the tax under this chapter, either

(i) the maximum credit that would have been allowable under the provisions of that federal Internal Revenue Code in effect on that date against the federal estate tax that would have been payable under the provisions of that federal Internal Revenue Code in effect on that date on account of taxes paid to any state or territory of the United States or the District of Columbia, or

(ii) determined pursuant to the simplified tax system as may be prescribed by the Director of the Division of Taxation in the Department of the Treasury to produce a liability similar to the liability determined pursuant to clause (i) of this paragraph reduced pursuant to paragraph (b) of this subsection.

(b) The amount of tax liability determined pursuant to subparagraph (a) of this paragraph shall be reduced by the aggregate amount of all estate, inheritance, succession or legacy taxes actually paid to any state or territory of the United States or the District of Columbia, including inheritance, succession or legacy taxes actually paid this State, in respect to any property owned by such decedent or subject to such taxes as a part of or in connection with the estate; provided however, that the amount of the reduction shall not exceed the proportion of the tax otherwise due under this subsection that the amount of the estate's property subject to tax by other jurisdictions bears to the entire estate taxable under this chapter.

b. (1) In the case of the estate of a decedent dying before January 1, 2002 where no inheritance, succession or legacy tax is due this State under the provisions of chapters 33 to 36 of this title or under authority of any subsequent enactment imposing taxes of a similar nature, but an estate tax is due the United States under the provisions of any federal revenue act in effect as of the date of death, wherein provision is made for a credit on account of taxes paid the several states or territories of the United States, or the District of Columbia, the tax imposed by this chapter shall be the maximum amount of such credit less the aggregate amount of such estate, inheritance, succession or legacy taxes actually paid to any state or territory of the United States or the District of Columbia.
(2) In the case of the estate of a decedent dying after December 31, 2001 where no inheritance, succession or legacy tax is due this State under the provisions of chapters 33 to 36 of this title or under authority of any subsequent enactment imposing taxes of a similar nature, the tax imposed by this chapter shall be determined pursuant to paragraph (2) of subsection a. of this section.

c. For the purposes of this section, a "simplified tax system" to produce a liability similar to the liability determined pursuant to clause (i) of subparagraph (a) of paragraph (2) of subsection a. of this section is a tax system that is based upon the $675,000 unified estate and gift tax applicable exclusion amount in effect under the provisions of the federal Internal Revenue Code of 1986 (26 U.S.C. s.1 et seq.) in effect on December 31, 2001, and results in general in the determination of a similar amount of tax but which will enable the person or corporation liable for the payment of the tax to calculate an amount of tax notwithstanding the lack or paucity of information for compliance due to such factors as the absence of an estate valuation made for federal estate tax purposes, the absence of a measure of the impact of gifts made during the lifetime of the decedent in the absence of federal gift tax information, and any other information compliance problems as the director determines are the result of the phased repeal of the federal estate tax.

2. R.S.54:38-6 is amended to read as follows:

Assessment and collection; disposition of proceeds; executors personally liable; liens.

54:38-6. The Director of the Division of Taxation in the Department of the Treasury shall assess and collect all taxes imposed by this chapter. Such taxes when and as collected by the director shall be paid forthwith into the State Treasury for the exclusive use of the State, and all administrators, executors, trustees, grantees, donees and vendees, shall be personally liable for any and all such taxes until paid, for which an action at law shall lie in the name of the State. Notwithstanding the provisions of any other law to the contrary, taxes imposed under this chapter shall remain a lien on all property of the decedent as of the date of the decedent's death until paid. No property owned by the decedent as of the date of the decedent's death may be transferred without the written consent of the director, or pursuant to such rules as the director may prescribe.

3. R.S.54:38-7 is amended to read as follows:

Copy of federal estate tax; alternate forms.

54:38-7. The executor, administrator, trustee or other person or corporation liable for the payment of the tax hereunder shall file with the Director of the Division of Taxation in the Department of the Treasury a copy of the federal estate tax return within thirty days after the filing of the original with the federal
government, and a copy of any communication from the federal government making any final change in said return, or confirming, increasing or diminishing the tax thereby shown to be due, which is to be filed within thirty days after receipt thereof. In the case of any decedent dying after December 31, 2001 the executor, administrator, trustee or other person or corporation liable for the payment of such tax shall prepare and file with the director, in addition to a copy of such return, if any, as shall have been filed with the federal government, a federal estate tax return in the form in which such return would have been required to be filed with the federal government under the provisions of the federal Internal Revenue Code of 1986 (26 U.S.C. s.1 et seq.) in effect on December 31, 2001, within 30 days after the date on which such a filing would have been due under those provisions for a decedent dying on that date; provided however, that a person or corporation liable for the payment of the tax under this chapter that elects to determine tax pursuant to clause (ii) of subparagraph (a) of paragraph (2) of subsection a. of R.S.54:38-1 shall file such alternate New Jersey estate tax forms as may be prescribed by the director pursuant to the requirements of that clause.

In addition to the copy or copies of the federal estate tax return, or alternate tax forms, the executor, administrator, trustee or other person or corporation shall file any other evidence, information or data that the Director of the Division of Taxation shall in the director's discretion deem necessary. For the purposes of this chapter the Director of the Division of Taxation is hereby authorized and empowered to promulgate such rules and regulations, not inconsistent with the provisions hereof, as the director shall deem necessary.

Repealer.

5. This act shall take effect immediately and shall apply to the estate of any resident decedent dying after December 31, 2001.

Approved July 1, 2002.

C.52:18B-2 Purpose of act.

2. The purpose of this act is to authorize, create and establish a corporation empowered to acquire from the State all or a portion of the State's tobacco receipts; to authorize the sale by the State of all or a portion of the State's tobacco receipts to the corporation; to authorize the transfer to and the receipt by the corporation of such tobacco receipts; to authorize the corporation to issue securities of the corporation for the purposes authorized in this act, payable solely from and secured solely by such portion of the State's tobacco receipts as the corporation may designate and pledge to secure the securities, together with the investment income thereon and any reserve funds created by the corporation from any portion of the proceeds of such securities; to authorize the corporation to hold and invest such portion of the net proceeds of the sale of the securities pending direction by the State and such portion of the State's tobacco receipts sold to the corporation which are not pledged to secure securities of the corporation; and to authorize the corporation to manage such portion of the net proceeds of the sale of the securities pending direction by the State and all or a portion of the State's tobacco receipts sold to the corporation for the purposes and in the manner authorized in this act.

C.52:18B-3 "Tobacco Settlement Financing Corporation."

3. a. There is hereby established in, but not of, the Department of Treasury a public body corporate and politic, with corporate succession, to be known as the "Tobacco Settlement Financing Corporation." The corporation is hereby constituted as an instrumentality of the State exercising public and essential governmental functions; and the exercise by the corporation of the powers conferred by this act shall be deemed and held to be an essential governmental function of the State. Notwithstanding the existence of common management, the corporation shall be treated and accounted for as a separate legal entity with its separate corporate purposes as set forth in this act. The assets, liabilities and funds of the corporation shall be neither consolidated nor commingled with those of the State or of any entity capable of being a debtor in a case commenced under the federal bankruptcy code.

b. The corporation shall have and be governed by three members who shall be the Commissioner of Health and Senior Services of the State and the State Treasurer, who shall be members ex officio, and one public member appointed by the Governor (who shall have knowledge in the area of health care or the provision of health care) who shall serve at the pleasure of the Governor, provided however, the Governor may appoint the head of a principal department of the State to replace the Commissioner of Health and Senior
Services of the State as a member. The State Treasurer shall serve as the chairperson of the corporation. The corporation shall elect from among its members a vice chairman. The powers of the corporation shall be vested in the members thereof in office from time to time and a majority of the total authorized membership of the corporation shall constitute a quorum at any meeting thereof. Action may be taken and motions and resolutions adopted by the corporation at any meeting thereof by the affirmative vote of a majority of the members present. No vacancy in the membership of the corporation shall impair the right of a quorum of the members to exercise all the powers and perform all the duties of the corporation.

c. Each member before entering upon his or her duties shall take and subscribe an oath to perform the duties of his or her office faithfully, impartially and justly to the best of his or her ability. A record of such oaths shall be filed in the office of the Secretary of State.

d. The State Treasurer shall be the president of the corporation, the Deputy State Treasurer shall be the vice president of the corporation and the State Comptroller shall be the treasurer of the corporation. The president of the corporation shall appoint the secretary of the corporation. The staff of the office of the State Treasurer shall also serve as staff of the corporation. State officers, agencies, and departments may render services to the corporation within their respective functions, as requested by the corporation.

e. Each member and the treasurer of the corporation shall execute a bond to be conditioned upon the faithful performance of the duties of such member or treasurer in such form and amount as may be prescribed by the State Comptroller. Such bonds shall be filed in the office of the Secretary of State. At all times thereafter the members and treasurer of the corporation shall maintain such bonds in full force and effect. All costs of such bonds shall be borne by the corporation.

f. The members of the corporation shall serve without compensation, but the corporation shall reimburse its members for actual expenses necessarily incurred in the discharge of their duties. Notwithstanding the provisions of any other laws, no officer or employee of the State shall be deemed to have forfeited or shall forfeit his or her office or employment or any benefits or emoluments thereof by reason of his or her acceptance of the office of ex officio member or officer of the corporation or his or her services therein.

g. Each ex officio member of the corporation may designate an officer or employee of his or her department to represent him or her at meetings of the corporation, and each such designee may lawfully vote and otherwise act on behalf of the member for whom he or she constitutes the designee. Any such designation shall be in writing delivered to the secretary of the corporation and shall continue in effect until revoked or amended by writing delivered to the secretary of the corporation.
h. The corporation may be dissolved by act of the Legislature on condition that the corporation has no debts or obligations outstanding or that provision has been made for the payment or retirement of such debts or obligations. Upon any such dissolution of the corporation, all property, funds and assets thereof shall be vested in the State.

i. The corporation shall cause an audit of its books and accounts to be made at least once in each year by certified public accountants and cause a copy thereof to be filed with the Secretary of State and the State Comptroller.

j. No member, officer, employee or agent of the corporation shall have an interest, either directly or indirectly, in any business organization engaged in any business, contract or transaction with the corporation or in any contract of any other person engaged in any business with the corporation, or in the purchase, sale, lease or transfer of any property to or from the corporation.

C.52:18B-5 Sale, purchase of tobacco receipts.
5. a. The State representative may sell to the corporation, and the corporation may purchase, for cash or other consideration and in one or more installments, all or a portion of the State's tobacco receipts pursuant to the terms of one or more sale agreements. Any such sale agreement shall provide, among other matters, that the purchase price payable by the corporation to the State for such TSRs shall consist of the net proceeds and the residual interests, if any. Any such sale shall be pursuant to one or more sale agreements that may contain such terms and conditions deemed appropriate by the State representative to carry out and effectuate the purposes of this section, including without limitation covenants binding the State in favor of the corporation and its assignees, including without limitation the owners of its securities and benefitted parties, such as a requirement that the State enforce the provisions of the master settlement agreement that require payment of the TSRs, a requirement that the State enforce the provisions of the qualifying statute, a provision authorizing inclusion of the State's pledge and agreement, as set forth in section 10 of this act, in any agreement with owners of the securities or any benefitted parties, and covenants with respect to the application and use of the proceeds of the sale of the State's tobacco receipts to preserve the tax-exemption of the interest on any securities, if issued as tax-exempt. The State representative in any sale agreement may agree to, and the corporation
may provide for, the assignment of the corporation's right, title and interest under such sale agreement for the benefit and security of the owners of securities and benefitted parties.

b. Any sale of TSRs to the corporation pursuant to a sale agreement shall be treated as a true sale and absolute transfer of the property so transferred and not as a pledge or other security interest for any borrowing. The characterization of such a sale as an absolute transfer by the participants shall not be negated or adversely affected by the fact that only a portion of the State's tobacco receipts is transferred, nor by the acquisition or retention by the State of a residual interest, nor by the participation by any State official as a member or officer of the corporation, nor by the commingling of amounts arising with respect to the TSRs with other amounts, nor by whether the State is responsible for collecting the TSRs or otherwise enforcing the master settlement agreement or retains legal title to such portion of the State's tobacco receipts for the purposes of these collection activities, nor by any characterization of the corporation or its obligations for purposes of accounting, taxation or securities regulation, nor by any other factor whatsoever.

c. On and after the effective date of each sale of TSRs, the State shall have no right, title or interest in or to the TSRs sold, and the TSRs so sold shall be property of the corporation and not of the State, and shall be owned, received, held and disbursed by the corporation and not the State. On or before the effective date of any such sale, the State through the Attorney General shall notify the escrow agent under the master settlement agreement that such TSRs have been sold to the corporation and irrevocably instruct such escrow agent that, subsequent to such date, such TSRs are to be paid directly to the corporation or the trustee under the applicable corporation resolution, trust agreement or trust indenture for the benefit of the owners of the securities and benefitted parties until such securities and ancillary facilities are no longer outstanding. Thereafter, any officer or agent of the State who shall receive any such TSRs shall hold the same in trust for the corporation or such trustee, as applicable, and shall promptly remit the same to the corporation or such trustee, as applicable.

d. The net proceeds and any earnings thereon shall never be pledged to, nor made available for, payment of the securities or ancillary facilities or any interest or redemption price thereon or any other debt or obligation of the corporation. The net proceeds, any earnings thereon and any residual interests shall be applied, transferred, or paid to, and upon the order of, the State, as directed by the State representative, and shall be used by the State for any bona fide governmental purposes as determined by the State, including without limitation for capital expenditures, debt service on outstanding bonds of the State, working capital expenditures or operating deficit needs of the State, endowments, or grants or aid to political subdivisions, including without
limitation school districts, of the State. Pending such direction by the State representative, the corporation shall invest such moneys such that funds will be available at such times as the State representative shall deem necessary for the expenditure thereof. The State is authorized and may arrange for the availability of the net proceeds and residual interests from the corporation on such terms and conditions as the State representative deems appropriate and may include in the sale agreement provisions for interfund transactions with respect thereto between the State and the corporation. Notwithstanding any provisions of this subsection, the corporation shall not pay to the State during State fiscal year 2003 funds from any net proceeds, earnings thereon or residual interests in excess of the amount appropriated from such funds pursuant to the State annual appropriation act for State fiscal year 2003.

C.52:18B-6 Powers of corporation.

6. The corporation also shall have the power to:
   a. sue and be sued;
   b. have a seal and alter the same at its pleasure;
   c. make and alter bylaws for its organization and internal management and make rules and regulations governing the use of its property and facilities;
   d. make and execute contracts including without limitation sale agreements, trust agreements, trust indentures, bond purchase agreements, tax regulatory agreements, continuing disclosure agreements, ancillary facilities and all other instruments necessary or convenient for the exercise of its powers and functions, and commence any action to protect or enforce any right conferred upon it by any law, contract or other agreement;
   e. engage the services of financial advisors and experts, placement agents, underwriters, appraisers and such other advisors, consultants and fiduciaries as may be necessary to effectuate the purposes of this act;
   f. pay its operating expenses and financing costs;
   g. borrow money in its name and issue negotiable securities and provide for the rights of the owners thereof;
   h. procure insurance against any loss in connection with its activities, properties and assets in such amount and from such insurers as it deems desirable;
   i. invest any funds or other moneys under its custody and control in investments and securities that are legal investments under the laws of the State for funds of the State and, notwithstanding any law to the contrary, in any ancillary facility, in obligations the interest on which is exempt from federal income taxation under the code and in shares or participation interests in funds or trusts that invest solely in such obligations;
j. as security for the payment of the principal of and interest on any securities and for its obligations under any ancillary facility, pledge all or any part of the TSRs or other assets;

k. procure insurance, letters of credit or other credit enhancement with respect to any securities for the payment of tenders of securities, or for the payment upon maturity of short-term securities;

l. (1) enter into any ancillary facility with any person under such terms and conditions as the corporation, with the approval of the State Treasurer, may determine;

(2) procure insurance, letters of credit or other credit enhancement with respect to any ancillary facility;

(3) provide security for the payment or performance of its obligations with respect to any ancillary facility from such sources and with the same effect as is authorized by this act with respect to security for securities; and

(4) modify, amend or replace any existing, or enter into a new, ancillary facility; and

m. do any and all things necessary or convenient to carry out its purposes and exercise the powers expressly given and granted in this act.

C.52:18B-7 Issuance of securities by corporation.

7. a. (1) The corporation shall have power and is hereby authorized from time to time to issue securities in such principal amount or amounts as the corporation shall determine to be necessary to provide sufficient funds for achieving its authorized purposes, consisting of the purchase of all or a portion of the State's tobacco receipts pursuant to section 5 of this act and the payment of or provision for financing costs.

(2) The issuance of securities shall be authorized by a corporation resolution. No corporation resolution authorizing the issuance of securities (including securities issued to refund securities) pursuant to this act shall be adopted or otherwise made effective without the approval in writing of the State Treasurer. Securities (including securities issued to refund securities) may be issued without obtaining the consent of any department, division, commission, board, bureau or agency of the State, other than the approval as required by this subsection, and without any other proceedings or the occurrence of any other conditions or other things other than those proceedings, conditions or things which are specifically required by this act. Every issue of securities shall be special revenue obligations payable from and secured by a pledge of encumbered tobacco revenues and other assets, including without limitation those proceeds of such securities deposited in a reserve fund for the benefit of the owners of the securities, earnings on funds of the corporation and such other funds as may become available, upon such terms and conditions as approved by the State Treasurer and as specified by the corporation in the
corporation resolution pursuant to which the securities are issued or in a related trust agreement or trust indenture.

(3) The corporation shall issue securities to refund any securities by the issuance of new securities, whenever it deems such refunding expedient, whether the securities to be refunded have or have not matured, and to issue securities partly to refund securities then outstanding and partly for any of its other authorized purposes. The refunding securities may be exchanged for the securities to be refunded or sold and the proceeds applied to the purchase, redemption or payment of such securities.

b. Each issue of securities shall be dated, shall bear interest (which, under the code, may be includable in or excludable from the gross income of the owners for federal income tax purposes) at such fixed or variable rates, payable at or prior to maturity, and shall mature at such time or times, as may be determined by the corporation and may be made redeemable before maturity, at the option of the corporation, at such price or prices and under such terms and conditions as may be fixed by the corporation. The principal and interest of such securities may be made payable in any lawful medium. The corporation shall determine the form of the securities, either coupon, registered or book-entry form, and the manner of execution of the securities and shall fix the denomination or denominations of the securities and the place or places of payment of principal and interest thereof, which may be at any bank or trust company within or without the State. If any officer whose signature or a facsimile thereof appears on any securities or coupons shall cease to be such officer before the delivery of such securities, such signature or facsimile shall nevertheless be valid and sufficient for all purposes as if he or she had remained in office until such delivery. The securities may be issued in coupon or in registered form or both, as the corporation may determine, and provisions may be made for the registration of any coupon securities as to principal alone and as to both principal and interest and for the reconversion of any securities registered as to both principal and interest into coupon securities. The corporation may also provide for temporary securities and for the replacement of any security that shall become mutilated or shall be destroyed or lost.

c. The corporation with the approval of the State Treasurer may sell such securities in such manner, either at public or private sale and on either a competitive or negotiated basis. The proceeds of such securities shall be disbursed for the purposes for which such securities were issued as the act, the sale agreement and the corporation resolution authorizing the issuance of such securities or the related trust agreement or trust indenture may provide.

d. Any pledge made by the corporation shall be valid and binding at the time the pledge is made. The revenues, reserves or earnings so pledged or earnings on the investment thereof shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act and the
lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the corporation, irrespective of whether such parties have notice thereof. Notwithstanding any other provision of law to the contrary, neither the corporation resolution nor any trust agreement or trust indenture or other instrument by which a pledge is created or by which the corporation's interest in encumbered tobacco revenues, reserves or earnings thereon is assigned need be filed or recorded in any public records in order to protect the pledge thereof or perfect the lien thereof as against third parties, except that a copy thereof shall be filed in the records of the corporation.

e. Notwithstanding the provisions of any other law to the contrary, any securities issued pursuant to this act shall be fully negotiable within the meaning and for all purposes of Title 12A of the New Jersey Statutes, and each owner of such a security or other obligation, or of any coupon appurtenant thereto, by accepting the security or coupon shall be conclusively deemed to have agreed that the security or coupon is and shall be fully negotiable within the meaning and for all purposes of Title 12A.

f. In the discretion of the corporation, any securities and any ancillary facilities may be secured by a trust agreement or trust indenture by and between the corporation and the trustee thereunder, which may be any trust company or bank having the powers of a trust company, whether located within or without the State. Such trust agreement or trust indenture or corporation resolution providing for the issuance of such securities may provide for the creation and maintenance of such reserves as the corporation shall determine to be proper and may include covenants setting forth the duties of the corporation in relation to the securities, the ancillary facilities, the income to the corporation, the sale agreement, the encumbered tobacco revenues and residual interests. Such trust agreement or trust indenture or corporation resolution may contain provisions respecting the custody, safeguarding and application of all moneys and securities and may contain such provisions for protecting and enforcing the rights and remedies (pursuant thereto and to the sale agreement) of the owners of the securities and benefitted parties as may be reasonable and proper and not in violation of law. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of securities or of any other funds or obligations received on behalf of the corporation to furnish such indemnifying bonds or to pledge such obligations as may be required by the corporation. Any such trust agreement or trust indenture or corporation resolution may contain such other provisions as the corporation may deem reasonable and proper for priorities and subordination among the owners of the securities and benefitted parties.

g. The corporation may enter into, amend or terminate, as it determines to be necessary or appropriate, any ancillary facilities (1) to facilitate the
issuance, sale, resale, purchase, repurchase or payment of securities or the making or performance of swap contracts, including without limitation bond insurance, letters of credit and liquidity facilities or (2) to attempt to hedge risk or achieve a desirable effective interest rate or cash flow. The determination of the corporation that an ancillary facility or the amendment or termination thereof is necessary or appropriate as aforesaid shall be conclusive. Such ancillary facility shall be made upon the terms and conditions established by the corporation, including without limitation provisions as to security, default, termination, payment, remedy and consent to service of process.

h. The corporation may enter into, amend or terminate any ancillary facility as it determines to be necessary or appropriate to place the obligations or investments of the corporation, as represented by the securities or the investment of their proceeds, in whole or in part, on the interest rate, cash flow or other basis desired by the corporation, which facility may include without limitation contracts commonly known as interest rate swap agreements, and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the corporation in connection with, or incidental to, entering into, or maintaining any (1) agreement which secures securities of the corporation or (2) investment, or contract providing for investments, of reserves or similar facility guaranteeing an investment rate for a period of years. The determination by the corporation that an ancillary facility or the amendment or termination thereof is necessary or appropriate as aforesaid shall be conclusive. Any ancillary facility may contain such payment, security, default, remedy, termination provisions and payments and other terms and conditions as determined by the corporation, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including without limitation any rating by any nationally recognized rating agency, and any other criteria as may be appropriate.

i. Securities and ancillary facilities may contain a recital that they are issued pursuant to this act, which recital shall be conclusive evidence of their validity, the validity of any ancillary facility and the regularity of the proceedings relating thereto.

j. Neither the members of the corporation nor any other person executing the securities or an ancillary facility shall be subject to any personal liability or accountability by reason of the issuance or execution and delivery thereof.

C.52:18B-8 Issuance of securities, execution of ancillary facility not an obligation of State.

8. The issuance of securities and the execution of any ancillary facility under the provisions of this act shall not directly, or indirectly or contingently obligate the State or any political subdivision thereof to pay any amounts to the corporation or owner of securities or benefitted parties or levy or pledge any form of taxation whatsoever therefor. The securities and any ancillary
facility shall not be a debt or liability of the State or any agency or instrumental­
ity thereof (other than the corporation as set forth in this act), either legal, moral
or otherwise, and nothing contained in this act shall be construed to authorize
the corporation to incur any indebtedness on behalf of or in any way to obligate
the State or any political subdivision thereof, and the securities and any ancillary
facility shall contain on the face thereof or other prominent place thereon in
bold typeface a statement to the foregoing effect. No appropriation of any
moneys by the State to the corporation is authorized in this act.

C.52:18B-9 Creation of corporation deemed public benefit; tax exemption provided.

9. a. It is hereby determined that the creation of the corporation and the
carrying out of its authorized purposes is in all respects a public and
governmental purpose for the benefit of the people of the State and for the
improvement of their health, safety, welfare, comfort and security, and that
said purposes are public purposes and that the corporation will be performing
an essential governmental function in the exercise of the powers conferred
upon it by this act.
   b. The property of the corporation and its income and operations shall
be exempt from taxation.
   c. The securities and the interest thereon and the income derived from
all funds, revenues, incomes and other moneys received for or to be received
by the corporation shall be exempt from all taxes levied pursuant to the
provisions of Title 54 of the Revised Statutes or Title 54A of the New Jersey
Statutes, except for transfer inheritance and estate taxes levied pursuant to
Subtitle 5 of Title 54 of the Revised Statutes.
   d. In the case of any securities, the interest on which is intended to be
exempt from federal income tax, the corporation shall prescribe restrictions
on the use of the proceeds thereof and related matters as are necessary to assure
such exemption, and the recipients of such proceeds shall be bound thereby
to the extent such restrictions shall be made applicable to them. Any such
recipient, including without limitation the State or any political subdivision
of the State, is authorized to execute a tax regulatory agreement with the
corporation (and, as to any such political subdivision, the State) and the
execution of such an agreement may be treated as a condition to receiving
any such proceeds.

C.52:18B-10 Pledge, agreement between State and corporation.

10. a. The State hereby pledges and agrees with the corporation, and the
owners of the securities and benefitted parties, that until all securities and
ancillary facilities, together with the interest thereon and all costs and expenses
in connection with any action or proceedings by or on behalf of owners of
securities or benefitted parties, are fully paid and discharged the State will
(1) irrevocably direct through the Attorney General the escrow agent under
the master settlement agreement to transfer directly to the corporation or its assignee the TS Rs, (2) enforce the corporation's rights to receive the TS Rs to the full extent permitted by the terms of the master settlement agreement, (3) not amend the master settlement agreement in any manner that would materially impair the rights of the owners of the securities or of the benefitted parties, (4) not limit or alter the rights of the corporation to fulfill the terms of its agreements with such owners or benefitted parties, (5) not in any way impair the rights and remedies of such owners or benefitted parties or the security for such securities or ancillary facilities (provided, that nothing herein shall be construed to preclude the State's regulation of smoking and taxation and regulation of the sale of cigarettes or the like), (6) not fail to enforce the qualifying statute, and (7) not amend, supersede or repeal the qualifying statute in any way that would materially adversely affect the amount of any payment to, or materially impair the rights of, the corporation, such owners of the securities or the benefitted parties. The State representative is authorized and directed to include this pledge and agreement in sale agreements and the corporation is authorized and directed to include this pledge and agreement in any contract with the owners of the securities and benefitted parties.

b. Prior to the date that is one year and one day after the corporation no longer has any securities or ancillary facilities outstanding, the corporation shall have no authority to file a voluntary petition under chapter 9 of the federal bankruptcy code or such corresponding chapter or sections as may, from time to time, be in effect, and neither any public officer nor any organization, entity or other person shall authorize the corporation to be or become a debtor under chapter 9 or any successor or corresponding chapter or sections during such period. The State hereby covenants with the owners of the securities and benefitted parties that the State will not limit or alter the denial of the corporation under this subsection during the period referred to in the preceding sentence. The corporation is authorized and directed to include this covenant as an agreement of the State in any contract with the owners of the securities and benefitted parties.

C.52:18B-11 Securities as legal investments.

11. Notwithstanding any restriction contained in any other law, rule, regulation or order to the contrary, the State and all political subdivisions of the State, their officers, boards, commissioners, departments or other agencies, all banks, bankers, trust companies, savings banks and institutions, building and loan associations, saving and loan associations, investment companies and other persons carrying on a banking or investment business, and all executors, administrators, guardians, trustees and other fiduciaries, and all other persons whatsoever who now are or may hereafter be authorized to invest in bonds or other obligations of the State, may properly and legally invest
any sinking funds, moneys or other funds, including capital, belonging to them or within their control, in any securities; and said securities are hereby made securities which may properly and legally be deposited with, and received by, any State municipal officers or agency of the State, for any purpose for which the deposit of bonds or other obligations of the State is now, or may hereafter be, authorized by law.

C.52:18B-12 Immunity from personal liability.

12. Neither any member of the corporation nor any officer, employee or agent of the corporation, while acting within the scope of his or her authority, shall be subject to any personal liability resulting from exercising or carrying out of any of the corporation's purposes or powers.

C.52:18B-13 Rules, regulations.

13. The corporation may adopt any rules and regulations to effectuate the purposes of this act and, if it does so, shall apply the procedures of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), with respect thereto.

C.52:18B-14 Liberal construction; severability.

14. This act and all powers granted hereby shall be liberally construed to effectuate its intent and their purposes, without implied limitations thereon. This act shall constitute full and complete authority for all things herein contemplated to be done. All rights and powers herein granted shall be cumulative with those derived from other sources and shall not, except as expressly stated herein, be construed in limitation thereof. Insofar as the provisions of this act are inconsistent with the provisions of any other act, general or special, the provisions of this act shall be controlling. If any clause, sentence, paragraph, section or part of this act be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder hereof but shall be applied in its operation to the clause, sentence, paragraph, section or part hereof directly involved in the controversy in which such judgment shall have been rendered.

15. This act shall take effect immediately.

Approved July 1, 2002.

3. The board may adopt, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) such rules and regulations as may be necessary to carry out the provisions of this Title, including the amendment of fees and penalties authorized pursuant to this Title.

2. Section 4 of P.L.1970, c.338 (C.4:4-20.4) is amended to read as follows:

C.4:4-20.4 Registration; fee.

4. a. Every person engaged in the manufacture of commercial feed or customer formula feed to be distributed in this State shall on January 1 of each
year, or prior to manufacture or distribution of such feed, register each facility on a form furnished by the State Chemist, the application to be accompanied by a fee of $250.00. Upon approval by the State board, a copy of the registration shall be furnished to the applicant and displayed in or on the facility.

b. The State board is empowered to refuse registration of any facility not in compliance with the provisions of this act or to cancel the registration of any facility subsequently found not to be in compliance with any provision of this act, provided, however, that no registration shall be refused or canceled until the registrant shall have been given an opportunity to be heard before the secretary or his agent.

c. Before a commercial feed may be offered for sale which contains drugs, chemical additives or other ingredients which are potentially harmful to animals, the registrant may be required to submit evidence to show the safety of the feed when used according to the directions which the distributor furnished with the feed.

3. Section 9 of P.L. 1970, c. 338 (C. 4:4-20.9) is amended to read as follows:

C. 4:4-20.9 Inspection fees and reports.

9. Inspection fees and reports. a. An inspection fee at the rate of $0.30 per ton shall be paid on commercial feeds distributed in this State by the person who distributes the commercial feed to the consumer subject to the following:

(1) No fee shall be paid on a commercial feed if the payment has been made by a previous distributor.

(2) No fee shall be paid on customer formula feeds if the inspection fee is paid on the commercial feeds which are used as ingredients therein.

(3) No fee shall be paid on commercial feeds which are used as ingredients for the manufacture of commercial feeds which are subject to the inspection fee. If the fee has already been paid, credit shall be given for such payment.

(4) In the case of a person who manufactures or distributes commercial feed in the State, a minimum annual fee of $250.00 shall be paid.

b. Each person who is liable for the payment of such fee shall:

(1) File, not later than January 31 of each year, a statement, setting forth the number of net tons of commercial feeds distributed in this State during the preceding calendar year; and upon filing such statement shall pay the inspection fee at the rate stated in subsection a. of this section. Inspection fees which are due and owing and have not been remitted to the department within 15 days following the due date shall have a penalty fee of 10% (minimum $10.00) added to the amount due when payment is finally made. The assessment of this penalty fee shall not prevent the department from taking other actions as provided in this act.
(2) Keep such records as may be necessary or required by the State board to indicate accurately the tonnage of commercial feed distributed in this State, and the department shall have the right to examine such records to verify statements of tonnage.

Failure to make an accurate statement of tonnage or to pay the inspection fee or comply as provided herein shall constitute sufficient cause for the cancellation of all registrations on file for the distributor.

c. Fees imposed by, and fines collected for violations of this act, shall be deposited in the State Treasury.

4. Section 13 of P.L.1970, c.338 (C.4:4-20.13) is amended to read as follows:

b. Nothing in this act shall be construed as requiring the State Chemist or his representative to: (1) report for prosecution, or (2) institute seizure proceedings, or (3) issue a withdrawal from distribution order, as a result of minor violations of the act, or when he believes the public interest will best be served by suitable notice of warning in writing.

c. It shall be the duty of the Attorney General to whom any violation is reported to cause appropriate proceedings to be instituted and prosecuted in a court of competent jurisdiction without delay. Before the State Chemist reports a violation for such prosecution, an opportunity shall be given the distributor to present his view to the secretary.

d. The secretary is hereby authorized to apply for and the court to grant in an appropriate case, a temporary or permanent injunction restraining any person from violating or continuing to violate any of the provisions of this act or any rule or regulation promulgated under the act, notwithstanding the existence of other remedies at law. Said injunction to be issued without bond.

e. Any person adversely affected by an act, order, or ruling made pursuant to the provisions of this act may seek judicial review by appeal to the Superior Court by a proceeding in lieu of prerogative writs.

f. Any person who used to his own advantage, or reveals to other than the secretary, or officers of the New Jersey Department of Agriculture, or to the courts when relevant in any judicial proceeding, any information acquired
under the authority of this act, concerning any method, records, formulations, or processes which as a trade secret is entitled to protection, is guilty of a misdemeanor and shall on conviction thereof be fined not less than $500.00 or imprisoned for not less than one year or both, provided that, this prohibition shall not be deemed as prohibiting the secretary or his duly authorized agent, from exchanging information of a regulatory nature with duly appointed officials of the United States Government, or of other states, who are similarly prohibited by law from revealing this information.

g. Upon receiving any information of a violation of any provisions of this act or of any rule or regulation adopted thereunder, the secretary or any agent designated by him for such purpose, is empowered to hold hearings upon said violation and, upon finding the violation to have been committed, to assess a penalty against the violator in such amount, as the secretary deems proper under the circumstances. If the violator pays such penalty as settlement, no further prosecution shall be had upon that violation. Payment of such a penalty shall be deemed equivalent to a conviction for violation of this act.

Subsequent violations within two years of the first violation shall be subject to an additional penalty of not less than $200.00 or more than $1,000.00.

Upon receiving any information of a violation of any part of this act other than a violation involving a weighed or measured deficiency or the rules and regulations issued thereunder, the secretary, or any assistant
designated by him for such purpose, is empowered to hold hearings, formal or informal, upon said violation and upon finding the violation to have been committed, to assess a penalty against the person alleged to have committed such violation, in an amount not to exceed the maximum limit set forth in this section as the secretary deems proper under the circumstances. In the event the violator makes satisfactory settlement, no further prosecution shall be had upon that violation. Payment of a penalty, in the form of a settlement, shall be deemed equivalent to a conviction for a violation of this act. a. The director is authorized to issue registrations for commercial motor vehicles other than omnibuses or motor-drawn vehicles upon application therefor and payment of a fee based on the gross weight of the vehicle, including the gross weight of all vehicles in any combination of vehicles of which the commercial motor vehicle is the drawing vehicle. The gross weight of a disabled commercial vehicle or combination of disabled commercial vehicles being removed from a highway shall not be included in the calculation of the registration fee for the drawing vehicle.

Except as otherwise provided in this subsection, every registration for a commercial motor vehicle other than an omnibus or motor-drawn vehicle shall expire and the certificate thereof shall become void on the last day of the eleventh calendar month following the month in which the certificate was issued; provided, however, that the director may require registrations which shall expire, and issue certificates thereof which shall become void, on a date fixed by the director, which shall not be sooner than three months or later than 26 months after the date of issuance of such certificates, and the fees for such registrations or registration applications, including any other fees or charges collected in connection with the registration fee, shall be fixed by the director in amounts proportionately less or greater than the fees established by law. The director may fix the expiration date for registration certificates at a date other than 11 months if the director determines that such change is necessary, appropriate or convenient in order to aid in implementing the vehicle inspection requirements of chapter 8 of Title 39 or for other good cause. The minimum registration fee shall be as follows:

b. The director is also authorized to issue registrations for commercial motor vehicles having three or more axles and a gross weight over 40,000 pounds but not exceeding 70,000 pounds, upon application therefor and proof to the satisfaction of the director that the applicant is actually engaged in construction work or in the business of supplying material, transporting material, or using such registered vehicle for construction work.

Except as otherwise provided in this subsection, every registration for these commercial motor vehicles shall expire and the certificate thereof shall become void on the last day of the eleventh calendar month following the month in which the certificate was issued; provided, however, that the director may require registrations which shall expire, and issue certificates thereof which shall become void on a date fixed by the director, which shall not be sooner than three months or later than 26 months after the date of issuance of such certificates, and the fees for such registrations or registration applications, including any other fees or charges collected in connection with the registration fee, shall be fixed by the director in amounts proportionately less or greater than the fees established by law. The director may fix the expiration date for registration certificates at a date other than 11 months if the director determines that such change is necessary, appropriate or convenient in order to aid in implementing the vehicle inspection requirements of chapter 8 of Title 39 or for other good cause.

The registration fee shall be $22.50 for each 1,000 pounds or portion thereof.
For purposes of calculating this fee, weight means the gross weight, including the gross weight of all vehicles in any combination of which such commercial motor vehicle is the drawing vehicle.

Such commercial motor vehicle shall be operated in compliance with the speed limitations of Title 39 of the Revised Statutes and shall not be operated at a speed greater than 45 miles per hour when one or more of its axles has a load which exceeds the limitations prescribed in R.S. 39:3-84.

Except as otherwise provided in this subsection, every registration for a solid waste vehicle shall expire and the certificate thereof shall become void on the last day of the eleventh calendar month following the month in which the certificate was issued.

The registration fee shall be $50 plus $11.50 for each 1,000 pounds or portion thereof in excess of 5,000 pounds.

In the event that the applicant for registration exercises the four-year option, a fee of $64 for each such vehicle shall be paid to the director in advance.

If any commercial motor-drawn vehicle registered for a four-year period is sold or withdrawn from use on the highways, the director may, upon surrender of the vehicle registration and plate, refund $16 for each full year of unused prepaid registration.

e. It shall be unlawful for any vehicle or combination of vehicles registered under this act, having a gross weight, including load or contents, in excess of the gross weight provided on the registration certificate to be operated on the highways of this State.

The owner, lessee, bailee or any one of the aforesaid of a vehicle or combination of vehicles, including load or contents, found or operated on any public road, street or highway or on any public or quasi-public property
in this State with a gross weight of that vehicle or combination of vehicles, including load or contents, in excess of the weight limitation permitted by the certificate of registration for the vehicle or combination of vehicles, pursuant to the provisions of this section, shall be assessed a penalty of $500 plus an amount equal to $100 for each 1,000 pounds or fractional portion of 1,000 pounds of weight in excess of the weight limitation permitted by the certificate of registration for that vehicle or combination of vehicles. A vehicle or combination of vehicles for which there is no valid certificate of registration is deemed to have been registered for zero pounds for the purposes of the enforcement of this act, in addition to any other violation of this Title, but is not deemed to be lawfully or validly registered pursuant to the provisions of this Title.

This section shall not be construed to supersede or repeal the provisions of section 39:3-84, 39:4-75, or 39:4-76 of this Title.

f. Of the registration fees collected by the director pursuant to this section for vehicles with gross vehicle weights in excess of 5,000 pounds, an amount equal to $3 per 1,000 pounds or portion thereof in excess of 5,000 pounds for each registration shall be forwarded to the State Treasurer for deposit in the Commercial Vehicle Enforcement Fund established pursuant to section 17 of P.L.1995, c.157 (C.39:8-75). Moneys in the fund shall be used by the Department of Law and Public Safety and the Department of Transportation for enforcement of laws and regulations governing commercial motor vehicles.

The examiners may be delegated to enforce the provisions of the motor vehicle and traffic law.
b. (1) The director shall adopt, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), rules and regulations consistent with P.L.1966, c.16 (C.26:2C-8.1 et seq.) and with the requirements of the federal Clean Air Act with respect to the type and character of the inspections to be made, the facility at which the vehicle shall be inspected, the frequency of inspections of motor vehicles and the approval or rejection of motor vehicles as a result of these inspections. These rules and regulations shall require the use of inspection tests that are designed to meet the enhanced inspection and maintenance requirements of the federal Clean Air Act and that have been proven to be feasible and effective for the inspection of large numbers of motor vehicles, except that these tests shall not include the "J/M 240" test. Nothing in this subsection shall preclude the use of the "J/M 240" test in sampling for performance evaluations only or the use of the test at the option of a private inspection facility. The rules and regulations may distinguish between vehicles based on model year, type, or other vehicle characteristics in order to facilitate inspections or to comply with the federal Clean Air Act. A low mileage vehicle shall not be subject to a tailpipe inspection test utilizing a dynamometer but may be subject to an idle test and a purge and pressure test. For the purpose of this paragraph, "low mileage vehicle" means a motor vehicle that is driven less than 10,000 miles during the biennial inspection period, except that the director may set the qualifying number of miles for this exemption at a lower number in order to meet the federal enhanced inspection and maintenance performance standard.

(2) The Department of Environmental Protection and the director shall investigate advanced testing technologies, including but not limited to remote sensing and onboard diagnostics, and shall, to the extent permitted by law, pursue the use of such technologies, other than the "J/M 240" test, in motor vehicle emission inspections required by the United States Environmental Protection Agency pursuant to the federal Clean Air Act. The director shall adopt, to the extent practicable, advanced technologies to facilitate the retrieval of testing and other information concerning motor vehicles, which technologies shall include but not be limited to the use of computer bar codes and personal cards containing encoded information, such as a person's operating license, motor vehicle registration, and motor vehicle insurance, the inspection status of a motor vehicle, and mass transit fares, that can be accessed quickly by a computer.

c. Except as modified by the director to distribute evenly the volume of inspections, all motor vehicles required by the director, in accordance with the provisions of R.S.39:8-1, to be inspected under this chapter shall be inspected biennially, except that (i) after certification by the director of the federal approval by the Environmental Protection Agency of the State waiver request, model year 2000 and newer motor vehicles shall be inspected no later
than four years from the last day of the month in which they were initially registered and thereafter biennially; and (ii) classes of vehicles that require more frequent inspections, such as school buses, shall be inspected at such shorter intervals as may be established by the director after consultation with the Department of Environmental Protection. At any time, the director may require the owner, lessee, or operator of a motor vehicle to submit the vehicle for inspection.

d. The director shall furnish to designated examiners or to other persons authorized to conduct inspections or to grant waivers official certificates of approval, rejection stickers or waiver certificates, the form, content and use of which he shall establish. The certificates of approval, rejection stickers and waiver certificates shall be of a type, such as a windshield sticker or license plate decal, that can be attached to the vehicle or license plate in a location that is readily visible to anyone viewing the vehicle. If a certificate of approval cannot be issued, the driver shall be provided with a written inspection report describing the reasons for rejection and, if appropriate, the repairs needed or likely to be needed to bring the vehicle into compliance with applicable standards.

e. The director may, with the approval of the State House Commission, purchase, lease or acquire by the exercise of the power of eminent domain any property for the purpose of assisting him in carrying out the provisions of this chapter. This property may also be used by the director for the exercise of the duties and powers conferred upon him by the other chapters of this Title.

f. For the purpose of implementing the motor vehicle inspection requirements of the federal Clean Air Act and subject to the approval of the Attorney General, the State Treasurer, prior to January 1, 1997, may:

(1) Purchase, lease or acquire by eminent domain any property for vehicle inspection purposes. Any other provision of law to the contrary notwithstanding, no further approval shall be required for transactions authorized by this paragraph, except that a proposed purchase, lease or acquisition by eminent domain shall require the approval of the Joint Budget Oversight Committee, and shall be submitted to the Joint Budget Oversight Committee, which shall review the proposed purchase, lease or acquisition by eminent domain within 15 business days; and

(2) Sell or lease, or grant an easement in, any property acquired, held or used for vehicle inspection purposes or any other suitable property held by the State that is not currently in use or dedicated to another purpose. For the purpose of this paragraph and notwithstanding any provision of R.S.52:20-1 et seq. to the contrary, the sale or lease of, or the granting of an easement in, real property owned by the State shall be subject to the approval of the State House Commission, which shall meet at the call of the Governor to act on a proposed sale or lease or grant of an easement pursuant to this paragraph.
A member of the State House Commission may permit a representative to act on that member's behalf in considering and voting on a sale or lease or grant of an easement pursuant to this paragraph. Any other provision of law to the contrary notwithstanding, any moneys derived from a sale, lease or granting of an easement by the State pursuant to this paragraph shall not be expended unless approved by the Joint Budget Oversight Committee for the purpose of purchasing, leasing or acquiring property pursuant to paragraph (1) of this subsection, except that any moneys derived therefrom and not approved for that purpose shall be appropriated to the Department of Transportation to provide for mass transit improvements.

g. The director shall conduct roadside examinations of motor vehicles required to be inspected, using such inspection equipment and procedures, and standards established pursuant to section 1 of P.L.1966, c.16 (C.26:2C-8.1), including, but not limited to, remote sensing technology, as the director shall deem appropriate to provide for the monitoring of motor vehicles pursuant to this subsection. At least 20,000 vehicles or 0.5 percent of the total number of motor vehicles required to be inspected under this chapter, whichever is less, shall be inspected during each inspection cycle by roadside examination teams under the supervision of the director. The director may require any vehicle failing a roadside examination to be inspected at an official inspection facility or a private inspection facility within a time period fixed by the director. Failure to appear and pass inspection within the time period fixed by the director shall result in registration suspension in addition to any other penalties provided in this Title. The director shall conduct an aggressive roadside inspection program to ensure that all motor vehicles that are required to be inspected in this State are in compliance with State law.

h. The director, and, when appropriate, the Department of Environmental Protection, shall conduct inspections and audits of licensed private inspection facilities, official inspection facilities and designated examiners to ensure accurate test equipment calibration and use, and compliance with proper inspection procedures and with the provisions of P.L.1995, c.112 (C.39:8-41 et al.) and any regulations adopted pursuant thereto by the Division of Motor Vehicles or by the Department of Environmental Protection. These inspections and audits shall be conducted at such times and in such manner as the director, upon consultation with the Department of Environmental Protection, shall determine in order to provide quality assurance in the performance of the inspection and maintenance program.

i. (1) The director shall make a charge of $2.50 for the initial inspection for each vehicle subject to inspection, which amount shall be paid to the director or his representative when payment of the registration fees fixed in chapter 3 of this Title is made; provided however, that on and after January 1, 1999, a school bus as defined pursuant to section 3 of P.L.1999, c.5 (C.39:3B-20)
and having a registration period commencing on or after January 1, 1999, shall be subject to an inspection fee for each in-terminal or in-lieu-of terminal inspection in accordance with the following schedule:

- School Bus Specification Inspection: $50 per bus
- School Bus Inspection: $25 per bus
- School Bus Reinspection: $25 per bus subject to the conditions set forth below.

The specification inspection is required when a school bus is put into service in New Jersey, whether a new bus or a bus from another state. The specification inspection is conducted to ensure that the school bus meets New Jersey specification standards. The school bus inspection fee shall be charged to the operator for each in-terminal or in-lieu-of terminal inspection. School Vehicle Type I and School Vehicle Type II buses shall be inspected semiannually. Retired school buses shall be inspected annually. No school bus inspection fee shall be charged for any reinspection conducted by the division if the reinspection is conducted on the same day as the inspection that necessitated the reinspection. If an additional trip is required by the division's inspectors, a fee of $25 per bus shall be charged. Inspection fees shall be paid to the director or the director's designee subject to the terms and conditions prescribed by the director. Any law or rule or regulation adopted pursuant thereto to the contrary notwithstanding, a registration fee authorized pursuant to chapter 3 of Title 39 of the Revised Statutes shall not be increased for the purpose of paying any costs associated in any manner with the establishment, implementation or operation of the motor vehicle inspection and maintenance program established pursuant to P.L.1995, c.112 (C.39:8-41 et al.).

(2) The director shall establish by regulation a fee to cover the costs of inspecting any vehicle that is required, or has the option, under federal law to be inspected in this State but is registered in another state or is owned or leased by the federal government. In determining these costs, the director shall include all capital and direct and indirect operating costs associated with the inspection of these vehicles including, but not limited to, the costs of the actual inspection, the creation and maintenance of the vehicle inspection record, administrative, oversight and quality assurance costs and the costs associated with reporting inspection information to the owner, the federal government and agencies of other states. All fees collected pursuant to this subsection shall be paid to the State Treasurer and deposited in the "Motor Vehicle Inspection Fund" established pursuant to subsection j. of this section.

j. There is established in the General Fund a special dedicated, non-lapsing fund to be known as the "Motor Vehicle Inspection Fund," which shall be administered by the State Treasurer. The State Treasurer shall deposit into the "Motor Vehicle Inspection Fund" $11.50 from each motor vehicle
registration fee received by the State after June 30, 1995. The Legislature shall annually appropriate from the fund an amount necessary to pay the reasonable and necessary expenses of the implementation and operation of the motor vehicle inspection program. The State Treasurer shall:

1. Pay to a private contractor or contractors contracted to design, construct, renovate, equip, establish, maintain and operate official inspection facilities under a contract or contracts entered into with the State Treasurer pursuant to subsection a. of section 4 of P.L.1995, c.112 (C.39:8-44) from the fund the amount necessary to meet the costs agreed to under the contract or contracts; and

2. Transfer from the fund to the Division of Motor Vehicles and the Department of Environmental Protection the amounts necessary to finance the costs of administering and implementing all aspects of the inspection and maintenance program, and to the Office of Telecommunications and Information Systems in the Department of the Treasury the amount necessary for computer support upgrades;

Moneys remaining in the fund and any unexpended balance of appropriations from the fund at the end of each fiscal year shall be reappropriated for the purposes of the fund. Any interest earned on moneys in the fund shall be credited to the fund.

16. Section 20 of P.L.1952, c.173 (C.39:6-42) is amended to read as follows:

C.39:6-42 Certified abstract of operating record; fees.

20. Upon the request of any insurance company, any person furnishing any financial responsibility or any surety on a bond herein provided for, the director shall furnish such company person or surety a certified abstract of the operating record of any person subject to the provisions of this act. If there is no record of his conviction of a violation of a provision of law relating to the operation of motor vehicles or of an injury or damage caused by him as herein provided, the director shall so certify. The director shall collect a fee of $10 for each certified or uncertified abstract so issued. The director shall use the same schedule of fees established above for abstracts requested by persons authorized by law to receive them.

17. R.S.39:4-50 is amended to read as follows:

Driving while intoxicated.

39:4-50. (a) Except as provided in subsection (g) of this section, a person who operates a motor vehicle while under the influence of intoxicating liquor, narcotic, hallucinogenic or habit-producing drug, or operates a motor vehicle with a blood alcohol concentration of 0.10% or more by weight of alcohol
in the defendant's blood or permits another person who is under the influence of intoxicating liquor, narcotic, hallucinogenic or habit-producing drug to operate a motor vehicle owned by him or in his custody or control or permits another to operate a motor vehicle with a blood alcohol concentration of 0.10% or more by weight of alcohol in the defendant's blood shall be subject:

(1) For the first offense, to a fine of not less than $250.00 nor more than $400.00 and a period of detainment of not less than 12 hours nor more than 48 hours spent during two consecutive days of not less than six hours each day and served as prescribed by the program requirements of the Intoxicated Driver Resource Centers established under subsection (f) of this section and, in the discretion of the court, a term of imprisonment of not more than 30 days and shall forthwith forfeit his right to operate a motor vehicle over the highways of this State for a period of not less than six months nor more than one year. For a first offense, a person also shall be subject to the provisions of P.L.1999, c.417 (C.39:4-50.16 et al.).

(2) For a second violation, a person shall be subject to a fine of not less than $500.00 nor more than $1,000.00, and shall be ordered by the court to perform community service for a period of 30 days, which shall be of such form and on such terms as the court shall deem appropriate under the circumstances, and shall be sentenced to imprisonment for a term of not less than 48 consecutive hours, which shall not be suspended or served on probation, nor more than 90 days, and shall forfeit his right to operate a motor vehicle over the highways of this State for a period of two years upon conviction, and, after the expiration of said period, he may make application to the Director of the Division of Motor Vehicles for a license to operate a motor vehicle, which application may be granted at the discretion of the director, consistent with subsection (b) of this section. For a second violation, a person also shall be required to install an ignition interlock device under the provisions of P.L.1999, c.417 (C.39:4-50.16 et al.) or shall have his registration certificate and registration plates revoked for two years under the provisions of section 2 of P.L.1995, c.286 (C.39:3-40.1).

(3) For a third or subsequent violation, a person shall be subject to a fine of $1,000.00, and shall be sentenced to imprisonment for a term of not less than 180 days, except that the court may lower such term for each day, not exceeding 90 days, served performing community service in such form and on such terms as the court shall deem appropriate under the circumstances and shall thereafter forfeit his right to operate a motor vehicle over the highways of this State for 10 years. For a third or subsequent violation, a person also shall be required to install an ignition interlock device under the provisions of P.L.1999, c.417 (C.39:4-50.16 et al.) or shall have his registration certificate and registration plates revoked for 10 years under the provisions of section 2 of P.L.1995, c.286 (C.39:3-40.1).
As used in this section, the phrase "narcotic, hallucinogenic or habit-producing drug" includes an inhalant or other substance containing a chemical capable of releasing any toxic vapors or fumes for the purpose of inducing a condition of intoxication, such as any glue, cement or any other substance containing one or more of the following chemical compounds: acetone and acetate, amyl nitrite or amyl nitrate or their isomers, benzene, butyl alcohol, butyl nitrite, butyl nitrate or their isomers, ethyl acetate, ethyl alcohol, ethyl nitrite or ethyl nitrate, ethylene dichloride, isobutyl alcohol or isopropyl alcohol, methyl alcohol, methyl ethyl ketone, nitrous oxide, n-propyl alcohol, pentachlorophenol, petroleum ether, propyl nitrate or propyl nitrate or their isomers, toluene, toluol or xylene or any other chemical substance capable of causing a condition of intoxication, inebriation, excitement, stupor, or the dulling of the brain or nervous system as a result of the inhalation of the fumes or vapors of such chemical substance.

Whenever an operator of a motor vehicle has been involved in an accident resulting in death, bodily injury or property damage, a police officer shall consider that fact along with all other facts and circumstances in determining whether there are reasonable grounds to believe that person was operating a motor vehicle in violation of this section.

A conviction of a violation of a law of a substantially similar nature in another jurisdiction, regardless of whether that jurisdiction is a signatory to the Interstate Driver License Compact pursuant to P.L.1966, c.73 (C.39:5D-1 et seq.), shall constitute a prior conviction under this subsection unless the defendant can demonstrate by clear and convincing evidence that the conviction in the other jurisdiction was based exclusively upon a violation of a proscribed blood alcohol concentration of less than 0.10%.

If the driving privilege of any person is under revocation or suspension for a violation of any provision of this Title or Title 2C of the New Jersey Statutes at the time of any conviction for a violation of this section, the revocation or suspension period imposed shall commence as of the date of termination of the existing revocation or suspension period. In the case of any person who at the time of the imposition of sentence is less than 17 years of age, the forfeiture, suspension or revocation of the driving privilege imposed by the court under this section shall commence immediately, run through the offender's seventeenth birthday and continue from that date for the period set by the court pursuant to paragraphs (1) through (3) of this subsection. A court that imposes a term of imprisonment under this section may sentence the person so convicted to the county jail, to the workhouse of the county wherein the offense was committed, to an inpatient rehabilitation program or to an Intoxicated Driver Resource Center or other facility approved by the chief of the Intoxicated Driving Program Unit in the Department of Health and Senior Services; provided that for a third or subsequent offense a person
shall not serve a term of imprisonment at an Intoxicated Driver Resource Center as provided in subsection (f).

A person who has been convicted of a previous violation of this section need not be charged as a second or subsequent offender in the complaint made against him in order to render him liable to the punishment imposed by this section on a second or subsequent offender, but if the second offense occurs more than 10 years after the first offense, the court shall treat the second conviction as a first offense for sentencing purposes and if a third offense occurs more than 10 years after the second offense, the court shall treat the third conviction as a second offense for sentencing purposes.

(b) A person convicted under this section must satisfy the screening, evaluation, referral, program and fee requirements of the Division of Alcoholism and Drug Abuse's Intoxicated Driving Program Unit, and of the Intoxicated Driver Resource Centers and a program of alcohol and drug education and highway safety, as prescribed by the Director of the Division of Motor Vehicles. The sentencing court shall inform the person convicted that failure to satisfy such requirements shall result in a mandatory two-day term of imprisonment in a county jail and a driver license revocation or suspension and continuation of revocation or suspension until such requirements are satisfied, unless stayed by court order in accordance with the Rules Governing the Courts of the State of New Jersey, or R.S.39:5-22. Upon sentencing, the court shall forward to the Division of Alcoholism and Drug Abuse's Intoxicated Driving Program Unit a copy of a person's conviction record. A fee of $100.00 shall be payable to the Alcohol Education, Rehabilitation and Enforcement Fund established pursuant to section 3 of P.L.1983, c.531 (C.26:2B-32) to support the Intoxicated Driving Program Unit.

(c) Upon conviction of a violation of this section, the court shall collect forthwith the New Jersey driver's license or licenses of the person so convicted and forward such license or licenses to the Director of the Division of Motor Vehicles. The court shall inform the person convicted that if he is convicted of personally operating a motor vehicle during the period of license suspension imposed pursuant to subsection (a) of this section, he shall, upon conviction, be subject to the penalties established in R.S.39:3-40. The person convicted shall be informed orally and in writing. A person shall be required to acknowledge receipt of that written notice in writing. Failure to receive a written notice or failure to acknowledge in writing the receipt of a written notice shall not be a defense to a subsequent charge of a violation of R.S.39:3-40. In the event that a person convicted under this section is the holder of any out-of-State driver's license, the court shall not collect the license but shall notify forthwith the director, who shall, in turn, notify appropriate officials in the licensing jurisdiction. The court shall, however, revoke the nonresident's driving privilege...
to operate a motor vehicle in this State, in accordance with this section. Upon conviction of a violation of this section, the court shall notify the person convicted, orally and in writing, of the penalties for a second, third or subsequent violation of this section. A person shall be required to acknowledge receipt of that written notice in writing. Failure to receive a written notice or failure to acknowledge in writing the receipt of a written notice shall not be a defense to a subsequent charge of a violation of this section.

(d) The Director of the Division of Motor Vehicles shall promulgate rules and regulations pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) in order to establish a program of alcohol education and highway safety, as prescribed by this act.

(e) Any person accused of a violation of this section who is liable to punishment imposed by this section as a second or subsequent offender shall be entitled to the same rights of discovery as allowed defendants pursuant to the Rules Governing the Courts of the State of New Jersey.

(f) The counties, in cooperation with the Division of Alcoholism and Drug Abuse and the Division of Motor Vehicles, but subject to the approval of the Division of Alcoholism and Drug Abuse, shall designate and establish on a county or regional basis Intoxicated Driver Resource Centers. These centers shall have the capability of serving as community treatment referral centers and as court monitors of a person's compliance with the ordered treatment, service alternative or community service. All centers established pursuant to this subsection shall be administered by a counselor certified by the Alcohol and Drug Counselor Certification Board of New Jersey or other professional with a minimum of five years' experience in the treatment of alcoholism. All centers shall be required to develop individualized treatment plans for all persons attending the centers; provided that the duration of any ordered treatment or referral shall not exceed one year. It shall be the center's responsibility to establish networks with the community alcohol and drug education, treatment and rehabilitation resources and to receive monthly reports from the referral agencies regarding a person's participation and compliance with the program. Nothing in this subsection shall bar these centers from developing their own education and treatment programs; provided that they are approved by the Division of Alcoholism and Drug Abuse.

Upon a person's failure to report to the initial screening or any subsequent ordered referral, the Intoxicated Driver Resource Center shall promptly notify the sentencing court of the person's failure to comply.

Required detention periods at the Intoxicated Driver Resource Centers shall be determined according to the individual treatment classification assigned by the Intoxicated Driving Program Unit. Upon attendance at an Intoxicated Driver Resource Center, a person shall be required to pay a per diem fee of $75.00 for the first offender program or a per diem fee of $100.00 for the second
CHAPTER 34, LAWS OF 2002

offender program, as appropriate. Any increases in the per diem fees after
the first full year shall be determined pursuant to rules and regulations adopted
by the Commissioner of Health and Senior Services in consultation with the
Governor's Council on Alcoholism and Drug Abuse pursuant to the

The centers shall conduct a program of alcohol and drug education and
highway safety, as prescribed by the Director of the Division of Motor Vehicles.

The Commissioner of Health and Senior Services shall adopt rules and
regulations pursuant to the "Administrative Procedure Act," P.L.1968, c.410
(C.52:14B-1 et seq.), in order to effectuate the purposes of this subsection.

(g) When a violation of this section occurs while:

(1) on any school property used for school purposes which is owned by
or leased to any elementary or secondary school or school board, or within
1,000 feet of such school property;

(2) driving through a school crossing as defined in R.S.39:1-1 if the
municipality, by ordinance or resolution, has designated the school crossing
as such; or

(3) driving through a school crossing as defined in R.S.39:1-1 knowing
that juveniles are present if the municipality has not designated the school
crossing as such by ordinance or resolution, the convicted person shall: for
a first offense, be fined not less than $500 or more than $800, be imprisoned
for not more than 60 days and have his license to operate a motor vehicle
suspended for a period of not less than one year or more than two years; for
a second offense, be fined not less than $1,000 or more than $2,000, perform
community service for a period of 60 days, be imprisoned for not less than
96 consecutive hours, which shall not be suspended or served on probation,
nor more than 180 days, except that the court may lower such term for each
day, not exceeding 90 days, served performing community service in such
form and on such terms as the court shall deem appropriate under the
circumstances and have his license to operate a motor vehicle suspended for
a period of not less than four years; and, for a third offense, be fined $2,000,
imprisoned for 180 days and have his license to operate a motor vehicle
suspended for a period of 20 years; the period of license suspension shall
commence upon the completion of any prison sentence imposed upon that
person.

A map or true copy of a map depicting the location and boundaries of
the area on or within 1,000 feet of any property used for school purposes which
is owned by or leased to any elementary or secondary school or school board
produced pursuant to section 1 of P.L.1987, c.101 (C.2C:35-7) may be used
in a prosecution under paragraph (1) of this subsection.

It shall not be relevant to the imposition of sentence pursuant to paragraph
(1) or (2) of this subsection that the defendant was unaware that the prohibited
conduct took place while on or within 1,000 feet of any school property or while driving through a school crossing. Nor shall it be relevant to the imposition of sentence that no juveniles were present on the school property or crossing zone at the time of the offense or that the school was not in session.

(h) A court also may order a person convicted pursuant to subsection a. of this section, to participate in a supervised visitation program as either a condition of probation or a form of community service, giving preference to those who were under the age of 21 at the time of the offense. Prior to ordering a person to participate in such a program, the court may consult with any person who may provide useful information on the defendant's physical, emotional and mental suitability for the visit to ensure that it will not cause any injury to the defendant. The court also may order that the defendant participate in a counseling session under the supervision of the Intoxicated Driving Program Unit prior to participating in the supervised visitation program. The supervised visitation program shall be at one or more of the following facilities which have agreed to participate in the program under the supervision of the facility's personnel and the probation department:

1. a trauma center, critical care center or acute care hospital having basic emergency services, which receives victims of motor vehicle accidents for the purpose of observing appropriate victims of drunk drivers and victims who are, themselves, drunk drivers;
2. a facility which cares for advanced alcoholics or drug abusers, to observe persons in the advanced stages of alcoholism or drug abuse; or
3. if approved by a county medical examiner, the office of the county medical examiner or a public morgue to observe appropriate victims of vehicle accidents involving drunk drivers.

As used in this section, "appropriate victim" means a victim whose condition is determined by the facility's supervisory personnel and the probation officer to be appropriate for demonstrating the results of accidents involving drunk drivers without being unnecessarily gruesome or traumatic to the defendant.

If at any time before or during a visitation the facility's supervisory personnel and the probation officer determine that the visitation may be or is traumatic or otherwise inappropriate for that defendant, the visitation shall be terminated without prejudice to the defendant. The program may include a personal conference after the visitation, which may include the sentencing judge or the judge who coordinates the program for the court, the defendant, defendant's counsel, and, if available, the defendant's parents to discuss the visitation and its effect on the defendant's future conduct. If a personal conference is not practicable because of the defendant's absence from the jurisdiction, conflicting time schedules, or any other reason, the court shall require the defendant to submit a written report concerning the visitation experience and its impact on the defendant. The county, a court, any facility visited pursuant to the
program, any agents, employees, or independent contractors of the court, county, or facility visited pursuant to the program, and any person supervising a defendant during the visitation, are not liable for any civil damages resulting from injury to the defendant, or for civil damages associated with the visitation which are caused by the defendant, except for willful or grossly negligent acts intended to, or reasonably expected to result in, that injury or damage.

The Supreme Court may adopt court rules or directives to effectuate the purposes of this subsection.

(i) In addition to any other fine, fee, or other charge imposed pursuant to law, the court shall assess a person convicted of a violation of the provisions of this section a surcharge of $100, of which amount $50 shall be payable to the municipality in which the conviction was obtained and $50 shall be payable to the Treasurer of the State of New Jersey for deposit into the General Fund.

18. Section 23 of P.L.1973, c.337 (C.26:2J-23) is amended to read as follows:

C.26:2J-23 Fees.

23. Every health maintenance organization subject to this act shall pay to the commissioner the following fees:
   a. for filing an application for a certificate of authority or amendment thereto, $100.00;
   b. for filing each annual report, $10.00; and
   c. for the purpose of supporting the activities of the Department of Health and Senior Services associated with the regulation of health maintenance organizations, $1.50 per life per year, with payment being made annually no later than July 15 for the preceding calendar year. Payments made by a health maintenance organization pursuant to this act shall not in any way reduce payments that may be owed by a health maintenance organization pursuant to P.L.1995, c.156 (C.17:1C-19 et seq.) and subsequent amendments thereto. No such payment shall be required for any per life per year that is funded through the Medicaid program established pursuant to P.L.1968, c.413 (C.30:4D-1 et seq.), the "Children's Health Care Coverage Program" established pursuant to P.L.1997, c.272 (C.30:4J-1 et seq.), or the "FamilyCare Health Coverage Program" established pursuant to P.L.2000, c.71 (C.30:4J-1 et seq.).

   In accordance with the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), the commissioner may promulgate rules and regulations directing that additional fees be paid.

   From fees collected under the provisions of subsection c. of this section, the Legislature shall in each fiscal year appropriate to the community health law project the sum of $100,000 to fund a grant in support of a program to provide any senior citizen resident of this State who is covered as an enrollee
in or beneficiary of a health plan administered by a health maintenance organization with information concerning the person's rights under the program and assistance with the procedures for receiving the benefits to which the person is entitled under the program.

19. N.J.S.12A:9-525 is amended to read as follows:

(v) $25 for assignment;
(vi) $25 termination statement; and
(vii) $1 per page for copy of any filed financing statement.

(c) Response to information request. The fee for responding to a request for information from the filing office, including for issuing a certificate of search showing whether there is on file any financing statement naming a particular debtor, is $25.

(d) Record of mortgage. This section does not require a fee with respect to a record of mortgage which is effective as a financing statement filed as a fixture filing or as a financing statement covering as-extracted collateral or timber to be cut under 12A:9-502 (c). However, the recording and satisfaction fees that otherwise would be applicable to the record of the mortgage apply.

20. N.J.S.14A:15-2 is amended to read as follows:

Filing fees of the State Treasurer.

C.26:2C-9.8 Rules, regulations; fees.

8. a. Within 90 days after the effective date of this act, the department shall propose, pursuant to the provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), rules and regulations that establish emissions trading and banking programs that use economic incentives to make progress toward the attainment or maintenance of the National Ambient Air Quality Standards (NAAQS), reduce or prevent emissions of air contaminants, ensure healthful air quality, or otherwise contribute to the protection of human health, welfare and the environment from air pollution. The department shall adopt those rules and regulations within 90 days after proposal.

b. The emissions trading rules and regulations shall be designed so that emissions reductions shall be realized earlier or at a more accelerated rate than would otherwise be achieved in accordance with applicable air quality mandates, and so that compliance with air quality mandates can be achieved with greater flexibility or at lower cost. The rules and regulations shall establish criteria for the generation and use of emissions reduction credits, including the use of emissions reduction credits in lieu of granting exemptions or waivers from compliance with emissions reduction requirements, and shall require that 10% of the emissions reduction credits gained shall be permanently retired for the public benefit when a trade occurs. The rules and regulations may include, but need not be limited to, provisions designating the pollutants to be involved in the program, designating the persons who may participate in the program, establishing emissions limitations and methods for projecting and verifying emissions, and establishing enforcement mechanisms, including emissions tracking, periodic program audits, and penalties.
For any emissions trading program adopted for the purpose of making progress toward attaining the National Ambient Air Quality Standard (NAAQS) for ozone, the department may allow reductions of volatile organic compounds (VOCs) to be substituted for required reductions of oxides of nitrogen (NOx) or reductions of oxides of nitrogen (NOx) to be substituted for required reductions of volatile organic compounds (VOCs). Any such substitution shall occur at a ratio established by the department by rule or regulation adopted pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), which shall be developed in recognition of the role of each pollutant in the formation of ground level ozone.

c. The emissions trading rules and regulations adopted by the department shall not conflict with applicable federal law and shall constitute, contribute to, or be consistent with one or more strategies that result in quantifiable emissions reductions and are creditable under the State Implementation Plan (SIP) required pursuant to the federal Clean Air Act. These may be emission limiting or market-response strategies for mobile, stationary, or area sources, and shall include the creation, trading, and use of emissions reduction credits.

d. The department may establish the emissions trading programs as State, multi-state, or regional programs as long as the programs contribute to the goal of improving the air quality in New Jersey.

e. The department shall involve in the development of the rules and regulations for emissions trading programs representatives of the affected industry, environmental, and public interest groups as well as governmental entities with affected or related jurisdictions.

f. The department shall consider the role of a third party in the banking, verification, validation of use, enforcement, and program audits associated with emissions reduction credits, and, to the maximum extent possible, create and preserve opportunities for private sector participation in any emissions trading program established by the department.

g. The Department of Environmental Protection may establish by rule fees for administrative services provided to implement emission trading programs.

4. R.S.46:30B-7 is amended to read as follows:

When property presumed abandoned generally.

46:30B-7. When property presumed abandoned generally. Except as otherwise provided by this chapter, all property, including any income or increment derived therefrom, less any lawful charges, whether located in this State or another state, that is held, issued, owing in the ordinary course of a holder's business and has remained unclaimed by the owner for more than three years after it became payable or distributable is presumed abandoned.

At the time that an interest is presumed abandoned under this section, any other property right accrued or accruing to the owner as a result of the interest, and not previously presumed abandoned, is also presumed abandoned.

5. R.S.46:30B-7.1 is amended to read as follows:

Communication between holder and apparent owner.

46:30B-7.1. Communication between holder and apparent owner. Property shall not be presumed abandoned if within the period that the property remains unclaimed the apparent owner communicated in writing or by other means reflected in a contemporaneous record prepared by or on behalf of the holder, with the holder concerning property or the account in which the property is held, or has otherwise indicated an interest in the property. A communication with an owner by a person other than the holder or its representative who has not in writing identified the property to the owner is not an indication of interest in the property by the owner. An indication of an owner's interest in property includes:

the presentment of a check or other instrument of payment of a dividend or other distribution made with respect to an account or underlying stock or other interest in a business association or financial organization or, in the case
of a distribution made by electronic or similar means, evidence that the
distribution has been received;
owner-directed activity in the account in which the property is held,
including a direction by the owner to increase, decrease, or change the amount
or type of property held in the account; or
the payment of a premium with respect to a property interest in an insurance
policy.
The application of an automatic premium loan provision or other
nonforfeiture provision contained in an insurance policy does not prevent
a policy from maturing or terminating if the insured has died or the insured
or the beneficiary of the policy has otherwise become entitled to the proceeds
before the depletion of the cash surrender value of a policy by the application
of those provisions.
C.46:30B-7.2 Limitation on holder’s power to impose charges.
6. Limitation on holder’s power to impose charges. A holder may not
deduct from the amount due a person who has a legal or equitable interest
in any property subject to chapter 30 B of Title 46 of the Revised Statutes
any charges due to dormancy or inactivity, unless:
there is an enforceable written contract between the holder and the owner
of the property pursuant to which the holder may impose a charge; and
the holder regularly imposes charges and does not regularly reverse or
otherwise cancel those charges with respect to the property, the amount of
any charges is not unconscionable, and no additional charges are imposed
as a result of escheatment of the property.
7. R.S.46:30B-9 is amended to read as follows:
When property subject to custody.
46:30B-9. When property subject to custody. Unless otherwise provided
in this chapter or by other statute of this State, property is subject to the custody
of this State as unclaimed property if the conditions raising a presumption
of abandonment under Articles 2 and 5 through 16 of this chapter are satisfied
and the conditions under R.S.46:30B-10 are satisfied. The common law doctrine
of bona vacantia shall remain viable with respect to unclaimed property not
covered by this chapter or another statute of this State.
8. R.S.46:30B-10 is amended to read as follows:
Further conditions to be satisfied to subject property to custody.
46:30B-10. Further conditions to be satisfied to subject property to custody.
To subject property to the custody of this State as unclaimed property, the
following conditions shall be also satisfied:
a. The last known address, as shown on the records of the holder, of the apparent owner is in this State;
   b. The records of the holder do not reflect the identity of the person entitled to the property and it is established that the last known address of the person entitled to the property is in this State;
   c. The records of the holder do not reflect the last known address of the apparent owner, and it is established that:
      (1) The last known address of the person entitled to the property is in this State, or
      (2) The holder is a domiciliary or a government or governmental subdivision or agency of this State and has not previously paid or delivered the property to the state of the last known address of the apparent owner or other person entitled to the property;
   d. The last known address, as shown on the records of the holder, of the apparent owner is in a state that does not provide by law for the escheat or custodial taking of the property or its escheat or unclaimed property law is not applicable to the property and the holder is a domiciliary or a government or governmental subdivision or agency of this State;
   e. The last known address, as shown on the records of the holder, of the apparent owner is in a foreign nation and the holder is a domiciliary or a government or governmental subdivision or agency of this State; or
   f. The transaction out of which the property arose occurred in this State, and
      (1) The last known address of the apparent owner or other person entitled to the property is unknown, or
      (2) The last known address of the apparent owner or other person entitled to the property is in a state that does not provide by law for the escheat or custodial taking of the property or its escheat or unclaimed property law is not applicable to the property, and
      (3) The holder is a domiciliary of a state that does not provide by law for the escheat or custodial taking of the property or its escheat or unclaimed property law is not applicable to the property.

C.46:30B-10.2 Presumption of abandonment after issuance.

9. Presumption of abandonment after issuance. A record of the issuance of a check, draft, or similar instrument is prima facie evidence of an obligation. In claiming property from a holder who is also the issuer, the administrator's burden of proof as to the existence and amount of the property and its abandonment is satisfied by showing issuance of the instrument and passage of the requisite period of abandonment. Defenses of payment, satisfaction, discharge, and want of consideration are affirmative defenses that shall be established by the holder.
10. R.S.46:30B-11 is amended to read as follows:

Presumption of abandonment of travelers check.

46:30B-11. Presumption of abandonment of travelers check. Subject to R.S.46:30B-14, any sum payable on a travelers check that has been outstanding for more than 15 years after its issuance is presumed abandoned unless the owner, within 15 years, has communicated in writing with the issuer concerning it or otherwise indicated an interest as evidenced by a contemporaneous memorandum or other record on file prepared by an employee of the issuer.

11. R.S.46:30B-12 is amended to read as follows:

Presumption of abandonment of money order.

46:30B-12. Presumption of abandonment of money order. Subject to R.S.46:30B-14, any sum payable on a money order or similar written instrument that has been outstanding for more than seven years after its issuance is presumed abandoned unless the owner, within seven years, has communicated in writing with the issuer concerning it or otherwise indicated an interest as evidenced by a contemporaneous memorandum or other record on file prepared by an employee of the issuer.

12. R.S.46:30B-13 is amended to read as follows:

Limitation on holder's power to impose service charges.

46:30B-13. Limitation on holder's power to impose service charges. A holder may not deduct from the amount of a travelers check or money order any charge imposed by reason of the failure to present the instrument for payment unless there is a valid and enforceable written contract between the issuer and the owner of the instrument pursuant to which the issuer may impose a charge and the issuer regularly imposes the charges and does not regularly reverse or otherwise cancel them. The amount of the deduction shall be limited to an amount that is not unconscionable.

13. R.S.46:30B-16 is amended to read as follows:

Presumption of abandonment.

46:30B-16. Presumption of abandonment. Any sum payable on a check, draft, or similar instrument, except those subject to R.S.46:30B-11 and R.S.46:30B-12, on which a financial organization is directly liable, including a cashier's check and a certified check, which has been outstanding for more than three years after it was payable on demand, is presumed abandoned, unless the owner, within three years, has communicated in writing with the financial organization concerning it or otherwise indicated an interest as evidenced...
by a contemporaneous memorandum or other record on file prepared by an
employee thereof.

14. R.S.46:30B-17 is amended to read as follows:

Limitation on holder's power to impose charges.

46:30B-17. Limitation on holder's power to impose charges. A holder
may not deduct from the amount of any instrument subject to R.S.46:30B-16
any charge imposed by reason of the failure to present the instrument for
payment unless there is a valid and enforceable written contract between the
holder and the owner of the instrument pursuant to which the holder may impose
a charge, and the holder regularly imposes the charges and does not regularly
reverse or otherwise cancel them. The amount of the deduction shall be limited
to an amount that is not unconscionable.

15. R.S.46:30B-18 is amended to read as follows:

Presumption of abandonment.

46:30B-18. Presumption of abandonment. A demand, savings, or time
deposit, including a deposit that is automatically renewable, and any funds
paid toward the purchase of a share, a mutual fund investment certificate,
or any other interest in a financial organization is presumed abandoned three
years after the earlier of maturity or the date of the last indication by the owner
of interest in the property, but a deposit that is automatically renewable is
deemed matured for the purposes of this section upon its initial date of maturity,
unless the owner has consented to a renewal at or about the time of renewal
and the consent is in writing or is evidenced by a contemporaneous
memorandum or other record on file with the holder, provided, however, that
such abandonment shall not be deemed to have occurred if the owner, within
the time period stated above has:
   a. In the case of a deposit, increased or decreased its amount or presented
the passbook or other similar evidence of the deposit for the crediting of interest;
   b. Communicated in writing with the financial organization concerning
the property;
   c. Otherwise indicated an interest in the property as evidenced by a
contemporaneous memorandum or other record on file prepared by an employee
of the financial organization;
   d. Owned other property to which subsection a., b., or c. applies and
if the financial organization communicates in writing with the owner with
regard to the property that would otherwise be presumed abandoned under
this section at the address to which communications regarding the other property
regularly are sent; or
e. Had another relationship with the financial organization concerning which the owner has:
   (1) Communicated in writing with the financial organization, or
   (2) Otherwise indicated an interest as evidenced by a contemporaneous memorandum or other record on file prepared by an employee of the financial organization and if the financial organization communicates in writing with the owner with regard to the property that would otherwise be abandoned under this section at the address to which communications regarding the other relationship regularly are sent.

16. R.S.46:30B-20 is amended to read as follows:

Limitation on holder's power to impose charges.

46:30B-20. Limitation on holder's power to impose charges. A holder may not impose with respect to property described in R.S.46:30B-18 any charge due to dormancy or inactivity or cease payment of interest unless:
   a. There is an enforceable written contract between the holder and the owner of the property pursuant to which the holder may impose a charge or cease payment of interest;
   b. For property in excess of $2.00, the holder, no more than three months before the initial imposition of those charges or cessation of interest, has given written notice to the owner of the amount of those charges at the last known address of the owner stating that those charges will be imposed or that interest will cease, but the notice provided in this subsection need not be given with respect to charges imposed or interest ceased before the effective date of this chapter; and
   c. The holder regularly imposes the charges or ceases payment of interest and does not regularly reverse or otherwise cancel them or retroactively credit interest with respect to the property. The amount of the deduction shall be limited to an amount that is not unconscionable. Also, no additional charges shall be assessed as the result of escheatment of the property.

17. R.S.46:30B-21 is amended to read as follows:

When automatically renewable property is matured.

46:30B-21. When automatically renewable property is matured. Any property described in R.S.46:30B-18 that is automatically renewable is matured for purposes of R.S.46:30B-18 upon the expiration of its initial time period, but in the case of any renewal by communicating in writing with the financial organization or otherwise indicating consent as evidenced by a contemporaneous memorandum or other record on file prepared by an employee of the organization, the property is matured upon the expiration of the last time period for which consent was given. If, at the time provided for delivery in Article
19 of this chapter, a penalty or forfeiture in the payment of interest would result from the delivery of the property, the time for delivery is extended until the time when a penalty or forfeiture would not result.

18. R.S.46:30B-22 is amended to read as follows:

Presumption of abandonment.

46:30B-22. Presumption of abandonment. Funds held or owing under any life or endowment insurance policy or annuity contract that has matured or terminated are presumed abandoned if unclaimed for more than three years after the funds became due and payable as established from the records of the insurance company holding or owing the funds, but property described in subsection b. of R.S.46:30B-24 is presumed abandoned if unclaimed for more than two years.

19. R.S.46:30B-24 is amended to read as follows:

Determining maturity of insurance policy or annuity contract.

46:30B-24. Determining maturity of insurance policy or annuity contract. For purposes of this article, a life or endowment insurance policy or annuity contract not matured by actual proof of death of the insured or annuitant according to the records of the company is matured and the proceeds due and payable if:

a. The company knows that the insured or annuitant has died; or
b. The insured has attained, or would have attained if he were living, the limiting age under the mortality table on which the reserve is based;
c. The policy was in force at the time the insured attained, or would have attained, the limiting age specified in subsection b.; and

d. Neither the insured nor any other person appearing to have an interest in the policy within the preceding two years, according to the records of the company, has assigned, readjusted, or paid premiums on the policy, subjected the policy to a loan, corresponded in writing with the company concerning the policy, or otherwise indicated an interest as evidenced by a contemporaneous memorandum or other record on file prepared by an employee of the company.

C.46:30B-28.1 Property distributable by insurance company.

20. Property distributable by insurance company. Property distributable in the course of demutualization or related reorganization of an insurance company which remains unclaimed is deemed abandoned three years after the earlier of:

the date of the distribution of the property; or
the date of last contact with a policyholder.
21. R.S.46:30B-31 is amended to read as follows:

**Presumption of abandonment.**

46:30B-31. Presumption of abandonment. Stock or other interest in a business association, including a debt obligation other than a bearer bond or original issue discount bond, is presumed abandoned:

three years after the earlier of the date of an unpresented instrument issued to pay interest or a dividend or other cash distribution, or the date of issue of an undelivered stock certificate issued as a stock dividend, split, or other distribution; or

if a dividend or other distribution has not been paid on the stock or other interest for three consecutive years, or the stock or other interest is held pursuant to a plan that provides for the automatic reinvestment of dividends or other distributions, three years after the date of the second mailing of a statement of account or other notification or communication that was returned as undeliverable, or after the holder discontinued mailings to the apparent owner, whichever is earlier.

22. R.S.46:30B-32 is amended to read as follows:

46:30B-32. Presumption of abandonment for failure to claim dividend or distribution. At the expiration of a three-year period following the failure of the owner to claim a dividend, distribution, or other sum payable to the owner as a result of the interest, the interest is not presumed abandoned unless there have been at least three dividends, distributions, or other sums paid during the period, none of which has been claimed by the owner. If three dividends, distributions, or other sums are paid during the three-year period, the period leading to a presumption of abandonment commences on the date payment of the first unclaimed dividend, distribution, or other sum became due and payable.

23. R.S.46:30B-33 is amended to read as follows:

**When period of abandonment ceases.**

46:30B-33. When period of abandonment ceases. The running of the three-year period of abandonment ceases immediately upon the occurrence of a communication referred to in R.S.46:30B-31. If any future dividend, distribution, or other sum payable to the owner as a result of the interest is subsequently not claimed by the owner, a new period of abandonment commences and relates back to the time a subsequent dividend, distribution, or other sum became due and payable.
24. R.S.46:30B-34 is amended to read as follows:

Items presumed abandoned when interest presumed abandoned.

46:30B-34. Items presumed abandoned when interest presumed abandoned. 26. R.S.46:30B-37 is amended to read as follows:

Presumption of abandonment.

46:30B-37. Presumption of abandonment. Property and any income or increment derived therefrom held in a fiduciary capacity for the benefit of another person is presumed abandoned unless the owner, within three years after it has become payable or distributable, has increased or decreased the principal, accepted payment of principal or income, communicated concerning the property, or otherwise indicated an interest as evidenced by a contemporaneous memorandum or other record on file prepared by the fiduciary.

27. R.S.46:30B-37.1 is amended to read as follows:

Unclaimed property held by a fiduciary of an intestate estate payable to the unknown heirs of an intestate decedent shall be presumed abandoned 90 days after publication by the fiduciary of the notice required in N.J.S.3B:5-5.

C.46:30B-37.2 Debt of business association.

28. Debt of business association. The debt of a business association, other than bearer bonds or an original issue discount bond, is presumed abandoned

C.46:30B-41.3 Presumption of abandonment: class actions.
34. Presumption of abandonment; class actions. Property received by a court as proceeds of a class action and not distributed pursuant to the judgment is presumed abandoned one year after the initial distribution date.

35. R.S.46:30B-42 is amended to read as follows:

Presumption of abandonment.
46:30B-42. Presumption of abandonment. A credit balance, customer overpayment, security deposit, refund, credit memorandum, unused ticket, or similar instrument that occurs or is issued in the ordinary course of business which remains unclaimed by the owner for more than three years after becoming payable or distributable is presumed abandoned.

36. R.S.46:30B-43 is amended to read as follows:

Amounts presumed abandoned.
46:30B-43. Amounts presumed abandoned. In the case of credit balances, customer overpayments, security deposits, refunds, credit memoranda, unused tickets, or similar instruments, the amount presumed abandoned is the amount credited to the recipient.

37. Limitation on holder's power to impose charges. A holder may not deduct from the amount of any instrument subject to R.S.46:30B-43 any charge imposed by reason of the failure to present the instrument for payment unless there is a valid and enforceable written contract between the issuer and owner of the instrument pursuant to which the issuer may impose a charge and the issuer regularly imposes the charges and does not regularly reverse or otherwise cancel them. The amount of the deduction shall be limited to an amount that is not unconscionable.

38. R.S.46:30B-47 is amended to read as follows:
Form and contents of report.

46:30B-47. Form and contents of report. The report shall be verified and shall include:

a. Except with respect to travelers checks and money orders, the name, if known, and last known address, if any, of each person appearing from the records of the holder to be the owner of property of the value of $50 or more presumed abandoned under this chapter. Dividends, interest and mineral proceeds that accrue shall not be aggregated and shall be reported separately;

b. In the case of unclaimed funds of $50 or more held or owing under any life or endowment insurance policy or annuity contract, the full name and last known address of the insured or annuitant and of the beneficiary according to the records of the insurance company holding or owing the funds;

d. The nature and identifying number, if any, or description of the property and the amount appearing from the records to be due, but items of value under $50 each may be reported in the aggregate;

e. The date the property became payable, demandable, or returnable, and the date of the last transaction with the apparent owner with respect to the property;

f. The Social Security account number or federal identification number, if available, of each person appearing to be the owner of the reported unclaimed property; and

g. Other information the administrator prescribes by rule as necessary for the administration of this chapter.

Before the date for filing the report, the holder of property presumed abandoned may request of the administrator an extension of the time for filing the report. The administrator may grant the extension for good cause. The holder, upon receipt of the extension, shall make an interim payment on the amount the holder estimates will ultimately be due, which terminates the accrual of additional interest on the estimated amount paid.
40. R.S.46:30B-50 is amended to read as follows:

Notice to apparent owner.

46:30B-50. Notice to apparent owner. Not more than 120 days nor less than 60 days before filing the report required by this article, the holder in possession of property presumed abandoned and subject to custody as unclaimed property under this chapter shall send by certified mail, and with return receipt requested, written notice to the apparent owner at the last known address informing the owner that the holder is in possession of property subject to this chapter if:

a. The holder has in its records an address for the apparent owner which the holder’s records do not disclose to be inaccurate;

b. The claim of the apparent owner is not barred by the statute of limitations; and

c. The property has a value of $50.00 or more.

41. R.S.46:30B-51 is amended to read as follows:

Publication of notice by administrator.

46:30B-51. Publication of notice by administrator. The administrator shall cause a notice to be published not later than November 30 of the year next following the year in which abandoned property has been paid or delivered to the administrator, or in the case of property reported by life insurance companies, September 1, of the year in which abandoned property has been paid or delivered to the administrator following the report required by Article 17 of this chapter at least once a week for two consecutive weeks in a newspaper of general circulation in the county of this State in which is located the last known address of any person to be named in the notice. If the address is outside this State, the notice shall be published in the county in which the holder of the property has its principal place of business within this State. The administrator is not required to advertise the name and address or location of an owner of property having a total value of less than $100.

42. R.S.46:30B-52 is amended to read as follows:

Form and contents of notice to be published.

46:30B-52. Form and contents of notice to be published. The published notice shall contain:

a. The names in alphabetical order and last known addresses, if any, of persons listed in the report and entitled to notice within the county as specified in R.S.46:30B-51;

b. A statement that information concerning the unclaimed property may be obtained by any person having legal or beneficial interest in that property by making a written inquiry to the administrator; and
c. A statement explaining that property of the owner is presumed to be abandoned and has been taken into the protective custody of the administrator.

43. R.S.46:30B-53 is amended to read as follows:

Items which need not be included in published notice.

46:30B-53. Items which need not be included in published notice. The administrator is not required to publish in the notice any items of less than $100 unless the administrator considers their publication to be in the public interest.

44. R.S.46:30B-57 is amended to read as follows:

Payment or delivery with report.

46:30B-57. Payment or delivery with report. At the time of the filing of the report as established by R.S.46:30B-49, a holder shall pay or deliver to the administrator all of the unclaimed property set forth in its report and all accretions thereon, except for the property provided for in R.S.46:30B-58.

Tangible property held in a safe deposit box or other safekeeping repository shall not be delivered to the administrator until 120 days after filing the report required by R.S.46:30B-47.

The administrator may decline to receive property reported under this chapter which the administrator considers to have value less than the expenses of notice and sale.

45. R.S.46:30B-60.1 is amended to read as follows:

Transfer of ownership after delivery with report.

46:30B-60.1. Transfer of ownership after delivery with report. When a certificate or other evidence of ownership, or a bond or other debt security, registered in the name of a person is delivered to the administrator pursuant to any provision of this chapter and is presented by the administrator to the issuer thereof or its agent, the issuer shall transfer and register it in the name of "Treasurer, State of New Jersey," and a new certificate or security, so registered, shall be delivered to the administrator. The issuer and its transfer agent, registrar, or other person acting on behalf of the issuer in executing and delivering the certificate or security shall be fully and automatically relieved from any liability to any person for any loss or damage caused by the transfer, issuance, and delivery of the certificate or security to the administrator.

A record of the issuance of a check, draft, or similar instrument is prima facie evidence of an obligation. In claiming property from a holder who is also the issuer, the administrator's burden of proof as to the existence and amount of the property and its abandonment is satisfied by showing issuance of the
instrument and passage of the requisite period of abandonment. Defenses of payment, satisfaction, discharge, and want of consideration are affirmative defenses that shall be established by the holder.

If the property reported to the administrator is a security or security entitlement under Subchapter 8 of the Uniform Commercial Code-Investment Securities, N.J.S.12A:8-101 et seq., the administrator is an appropriate person to make an endorsement, instruction, or entitlement order on behalf of the apparent owner to invoke the duty of the issuer or its transfer agent or the securities intermediary to transfer or dispose of the security or the security entitlement in accordance with Subchapter 8 of the Uniform Commercial Code-Investment Securities.

If the holder of the property reported to the administrator is the issuer of a certified security, the administrator has the right to obtain a replacement certificate pursuant to N.J.S.12A:8-405 of the Uniform Commercial Code-Investment Securities, but an indemnity bond is not required.

An issuer, the holder, any transfer agent or other person acting pursuant to the instructions of and on behalf of the issuer or holder in accordance with this section is not liable to the apparent owner and shall be indemnified against claims of any person in accordance with R.S.46:30B-65.

46. R.S.46:30B-65 is amended to read as follows:

Defending and indemnifying holder against claims for property paid or delivered.

46:30B-65. Defending and indemnifying holder against claims for property paid or delivered. If the holder pays or delivers property to the administrator in good faith and thereafter another person claims the property from the holder or another state claims the money or property under its laws relating to escheat or abandoned or unclaimed property, the administrator, upon written notice of the claim, shall defend the holder against the claim and indemnify the holder against any liability on the claim to the extent of the property paid or delivered to the administrator on behalf of the apparent owner.

47. R.S.46:30B-72 is amended to read as follows:

Securities to be held one year before sale; rights of claimant if securities sold before or after end of one-year period.

46:30B-72. Securities to be held one year before sale; rights of claimant if securities sold before or after end of one-year period. Unless the administrator considers it to be in the best interest of the State to do otherwise, all securities presumed abandoned under Article 10 of this chapter and delivered to the administrator shall be held for one year before the administrator may sell them. If the administrator sells any securities delivered pursuant to Article 10 of this chapter before the expiration of the one-year period, any person making
a claim pursuant to this chapter before the end of the one-year period is entitled to either the proceeds of the sale of the securities or the market value of the securities at the time the claim is made, whichever amount is greater, less any deduction for fees pursuant to R.S.46:30B-75. If the value of the securities is less than the cost of re-registration, then the owner shall have the option to pay the re-registration fee and receive the security or be paid the present value of the security. A person making a claim under this chapter after the expiration of this period is entitled to receive either the securities delivered to the administrator by the holder, if they still remain in the hands of the administrator, or the proceeds received from sale, less any amounts deducted pursuant to R.S.46:30B-75, but no person has any claim under this chapter against the State, the holder, any transfer agent, registrar, or other person acting for or on behalf of a holder for any appreciation in the value of the property occurring after delivery by the holder to the administrator.

48. R.S.46:30B-76 is amended to read as follows:

Record to be maintained by administrator.

46:30B-76. Record to be maintained by administrator. Before making any deposit of funds as provided in R.S.46:30B-74, the administrator shall record the name and last known address of each person appearing from the holder's reports to be entitled to the property. However, the administrator shall not include in this record any information deemed confidential under R.S.46:30B-76.1. The record of the name and last known address only shall be available for the public inspection at all reasonable business hours.

49. R.S.46:30B-76.1 is amended to read as follows:

Confidentiality of certain records.

46:30B-76.1. Confidentiality of certain records. Any record or information other than name and address is deemed confidential when revealed or delivered to the administrator and shall not be considered a public record under section 2 of P.L.1963, c.73 (C.47:1A-2).

50. R.S.46:30B-76.2 is amended to read as follows:

Disclosure of confidential information.

46:30B-76.2. Disclosure of confidential information. Confidential information concerning any aspect of unclaimed property shall be disclosed only to an apparent owner or an administrator or official of another state for escheat or unclaimed or abandoned property, if that other state accords substantially reciprocal privileges to the administrator.

Documents and working papers may be:
used by the administrator in the course of an action to collect unclaimed property or otherwise enforce chapter 30B of Title 46 of the Revised Statutes; used in joint examinations conducted with or pursuant to an agreement with another state, the federal government, or any other governmental subdivision, agency, or instrumentality; produced pursuant to subpoena or court order; or disclosed to the abandoned property office of another state for that state's use in circumstances equivalent to those described in this section, if the state is bound to keep the documents and papers confidential.

51. R.S.46:30B-77 is amended to read as follows:

Filing claim; another state excluded.

46:30B-77. Filing claim; another state excluded. a. A person, excluding another state, claiming an interest in any property paid or delivered to the administrator may file with the administrator a claim on a form prescribed by the administrator and verified by the claimant.

b. The administrator shall allow the claim of persons asserting entitlement as heirs to the property of an intestate decedent paid or delivered to the administrator pursuant to N.J.S.3B:5-5 only upon receipt of (1) substantial credible evidence of heirship, (2) satisfactory evidence that a diligent investigation to locate all heirs of the decedent has been concluded, (3) the names, last known addresses, and a description of the relationships of all of the heirs of the decedent discovered as a result of that investigation, or otherwise, and (4) a release and refunding bond or other instrument satisfactory to the administrator, providing the administrator and the State with full indemnity for claims by other heirs of the decedent. The administrator shall make payment or delivery as otherwise provided in this article to the heirs in shares as prescribed in N.J.S.3B:5-3 through N.J.S.3B:5-14.

If the holder has filed an inaccurate or incomplete report and an owner makes a claim for the return of the property and the administrator is unable to determine if the property was reported or delivered, then the holder shall either file an amended accurate and complete report within 120 days of notice by the administrator or directly pay the owner and thereafter make a claim for reimbursement in accordance with R.S.46:30B-62. It shall be the holder's burden to establish that the owner's property was delivered with the original report.

52. R.S.46:30B-78 is amended to read as follows:

Time to consider claim; notice of denial.

46:30B-78. Time to consider claim; notice of denial. The administrator shall consider each claim within 120 days after it is filed or, in the case of
a claim of a person asserting an entitlement as an heir to the property of an intestate decedent, within 120 days of the claimant's submission of the matters (1) through (4) required in subsection b. of R.S.46:30B-77, and give written notice to the claimant if the claim is denied in whole or in part. The notice may be given by mailing it to the last address, if any, stated in the claim as the address to which notices are to be sent. If an address for notices is not stated in the claim, the notice may be mailed to the last address, if any, of the claimant as stated in the claim. A notice of denial need not be given if the claim fails to state either the last address to which notices are to be sent or the address of the claimant.

53. R.S.46:30B-79 is amended to read as follows:

Payment of claim.

46:30B-79. Payment of claim. If a claim is allowed, the administrator shall pay over or deliver to the claimant the property or the amount the administrator actually received or the net proceeds if it has been sold by the administrator, together with any additional amount required by Article 21 of this chapter. If the claim is for property presumed abandoned under Article 10 of this chapter which was sold by the administrator within one year after the date of delivery, the amount payable for that claim is the net proceeds of sale. At the time a claim is allowed, the administrator shall pay to the claimant interest upon the monies of the claimant for the period during which those monies were in the custody of the administrator, but interest shall not be payable for any period before the effective date of this chapter. The rate of interest shall be periodically fixed by the administrator.

54. R.S.46:30B-81 is amended to read as follows:

Grounds for recovery of property by another state.

46:30B-81. Grounds for recovery of property by another state. After property has been paid or delivered to the administrator under this chapter another state may recover the property if:

a. The property was paid or delivered to the custody of this State because the records of the holder did not reflect a last known location of the apparent owner within the borders of the other state and the other state establishes that the apparent owner or other person entitled to the property was last known to be located within the borders of that state and under the laws of that state the property has escheated or become subject to a claim of abandonment by that state;

b. The property was paid or delivered to the custody of this State because the laws of the other state did not provide for the escheat or custodial taking
of the property and under the laws of that state subsequently enacted the property has escheated to or become subject to a claim of abandonment by that state;

c. The records of the holder were erroneous in that they did not accurately identify the owner of the property and the last known location of the owner within the borders of another state and under the laws of that state the property has escheated or become subject to a claim of abandonment by that state;

d. The property was subjected to custody by this State under R.S.46:30B-1 et seq. and under the laws of the state of domicile of the holder of the property has escheated or become subject to a claim of abandonment by that state; or

e. The property is the sum payable on a travelers check, money order, or similar instrument that was purchased in the other state and delivered into the custody of this state under R.S.46:30B-14, and under the laws of that state the property has escheated or become subject to a claim of abandonment by that state.

55. R.S.46:30B-82 is amended to read as follows:

Form of claim; allowance.

46:30B-82. Form of claim; allowance. The claim of another state to recover escheated or abandoned property shall be presented in a form prescribed by the administrator, who shall decide the claim within 120 days after it is presented. The administrator shall allow the claim if the administrator determines that the other state is entitled to the abandoned property under R.S.46:30B-81.

56. R.S.46:30B-89 is amended to read as follows:

Time within which administrator may bring action against holder.

46:30B-89. Time within which administrator may bring action against holder. An action or proceeding may not be commenced by the administrator to enforce chapter 30B of Title 46 of the Revised Statutes in regard to the reporting, delivery, or payment of property more than ten years after the holder specifically identified the property in a report filed with the administrator or gave express notice to the administrator of a dispute regarding the property. In the absence of such a report or other express notice, the period of limitation is tolled. The period of limitation is also tolled by the filing of a report that is fraudulent.

57. R.S.46:30B-90 is amended to read as follows:

Administrator may require filing of reports.

46:30B-90. Administrator may require filing of reports. The administrator may require any person who has not filed a report, or a person who the
administrator believes has filed an inaccurate, incomplete, or false report, to file a verified report in a form specified by the administrator. The report shall state whether the person is holding property reportable under chapter 30B of Title 46 of the Revised Statutes, describe property not previously reported or as to which the administrator has made inquiry, and specifically identify and state the amounts of property that may be in issue.

58. R.S.46:30B-91 is amended to read as follows:

Examination of records by administrator; generally.

46:30B-91. Examination of records by administrator; generally. The administrator, at reasonable times and upon reasonable notice, may examine the records of any person to determine whether the person has complied with the provisions of this chapter. The administrator may conduct the examination even if the person believes it is not in possession of any property reportable or deliverable under this chapter. The administrator may contract with any other person to conduct the examination on behalf of the administrator.

59. R.S.46:30B-92 is amended to read as follows:

Examination of records by administrator; agents and fiduciaries for business association.

46:30B-92. Examination of records by administrator; agents and fiduciaries for business association. If a person is treated under Article 12 of this chapter as the holder of the property only insofar as the interest of a business association in the property is concerned, the administrator, pursuant to R.S.46:30B-91, may examine the records of the person if the administrator has given the notice required by R.S.46:30B-91 to both the person and the business association at least 90 days before the examination.

The administrator at reasonable times may examine the records of an agent, including a dividend disbursing agent or transfer agent, of a business association that is the holder of property presumed abandoned if the administrator has given notice to both the association and the agent at least 90 days before the examination.

60. R.S.46:30B-93 is amended to read as follows:

Assessment of costs for examination.

46:30B-93. Assessment of costs for examination. If an examination of the records of a person results in the disclosure of property reportable and deliverable under this chapter, the administrator may assess the cost of the examination against the holder at the rate of $50 per hour for each examiner, but in no case may the charges exceed the value of the property found to be reportable and deliverable. The cost of examination made pursuant to R.S.46:30B-93 may be imposed only against the business association.
61. R.S.46:30B-94 is amended to read as follows:

Assessing estimated costs for examination when records are insufficient.

46:30B-94. Assessing estimated costs for examination when records are insufficient. If, after the effective date of P.L.2002, c.35, a holder does not maintain the records required by R.S.46:30B-95 and the records of the holder available for the periods subject to this chapter are insufficient to permit the preparation of a report, the administrator may require the holder to report and pay to the administrator the amount the administrator reasonably estimates, on the basis of any available records of the holder, or by any other reasonable means of estimation acceptable to the administrator, that should have been but was not reported.

In the event property was delivered to the administrator based upon an estimate or statistical method, the holder shall be required to indemnify the administrator for any amounts claimed by owners in excess of the estimated amount remitted.

62. R.S.46:30B-95 is amended to read as follows:

Maintaining records; generally.

46:30B-95. Maintaining records; generally. Every holder required to file a report under Article 17 of this chapter, as to any property for which it has obtained the last known address of the owner, shall maintain a record of the name and last known address of the owner for five years after the holder files the report, except to the extent that a shorter time is provided in R.S.46:30B-96 or by rule of the administrator.

63. R.S.46:30B-96 is amended to read as follows:

46:30B-96. Maintaining records; travelers checks, money orders, etc. Any business association that sells in this State its travelers checks, money orders, or other similar written instruments, other than third-party bank checks on which the business association is directly liable, or that provides those instruments to others for sale in this State, shall maintain a record of those instruments while they remain outstanding, indicating the state and date of issue for three years after the date the holder files the report.

64. R.S.46:30B-98 is amended to read as follows:

Interstate agreements.

46:30B-98. Interstate agreements. The administrator may enter into agreements with other states to exchange information relating to abandoned property or its possible existence needed to enable this or another state to audit
or otherwise determine unclaimed property that it or another state may be
entitled to subject to a claim of custody. The agreement may permit the other
state, or another person acting on behalf of a state, to examine records as
authorized by R.S.46:30B-1 et seq. The administrator by rule may require
the reporting of information needed to enable compliance with agreements
made pursuant to this section and prescribe the form.

65. R.S.46:30B-104 is amended to read as follows:

Penalty for failure to render report or perform other duties.

46:30B-104. Penalty for failure to render report or perform other duties.

who fails to report, pay or deliver property within the time prescribed by chapter
30B of Title 46 of the Revised Statutes, or fails to perform other duties imposed
by that chapter, shall pay to the administrator, in addition to the interest as
provided in R.S.46:30B-103, a civil penalty of $200 for each day the report,
payment, or delivery is withheld, or the duty is not performed, up to a maximum
of $100,000.

66. R.S.46:30B-105 is amended to read as follows:

the administrator, in addition to the interest provided in R.S.46:30B-103, a
penalty of $1,000 for each day the report, payment, or delivery is withheld,
or the duty is not performed, up to a maximum of $250,000, plus 25% of the
value of any property that should have been but was not reported.

For the purpose of this section, a willful failure to report includes the filing
of a report which is plainly inaccurate, incomplete, or out of balance and the
same is not corrected by the holder within six months after its original due
date.

67. R.S.46:30B-105.1 is amended to read as follows:

Penalty for fraudulent report.

46:30B-105.1. Penalty for fraudulent report. A holder who makes a
fraudulent report shall pay to the administrator, in addition to interest as
provided in R.S.46:30B-103, a civil penalty of $1,000 for each day the report
is withheld up to a maximum of $250,000, plus 25% of the value of any property

a. The records of the issuer show that the traveler's check, money order, or similar written instrument was purchased in this State;

b. The issuer has its principal place of business in this State and the records of the issuer do not show the state in which the traveler's check, money order, or similar written instrument was purchased; or

c. The issuer has its principal place of business in this State, the records of the issuer show the state in which the traveler's check, money order, or similar written instrument was purchased and the laws of the state of purchase do not provide for the escheat or custodial taking of the property or its escheat or unclaimed property law is not applicable to the property.

69. R.S.46:30B-45 is amended to read as follows:

Presumption of abandonment.

46:30B-45. Presumption of abandonment. b. In the case of the remediation of a contaminated site performed by any person not subject to the provisions of subsection a. of this section, the fees for department oversight of the remediation performed after the effective date of P.L.2002, c.37 shall not include any indirect costs, but may include only those program costs directly related to the oversight of the remediation.

c. In the case of the cleanup and removal of a discharged hazardous substance at a person's primary residence, the fees for department oversight of the remediation performed after the effective date of P.L.2002, c.37 shall not include any indirect costs, but may include only those program costs directly related to the oversight of the remediation.

d. The department shall not establish or impose a fee for the oversight of any cleanup and removal of a discharged hazardous substance or for the remediation of a contaminated site that includes direct program costs and indirect costs which together exceed seven and one-half percent of the cost of the remediation of a contaminated site or the cleanup and removal of a discharged hazardous substance.

2. Section 3 of P.L.1976, c.141 (C.58:10-23.11b) is amended to read as follows:

C.58:10-23.11b Definitions.

3. Unless the context clearly indicates otherwise, the following terms shall have the following meanings:

For the fiscal year beginning on July 1, 2004, for the purposes of this definition, costs incurred by the State shall not include any indirect costs for department oversight performed after June 30, 2004, but may include only those program costs directly related to the cleanup and removal of the discharge; however, whenever the State or the fund have expended money for the cleanup and removal of a discharge and are seeking to recover the costs incurred in that cleanup and removal action from a responsible party, costs incurred by the State shall include any indirect costs;

"Commissioner" means the Commissioner of Environmental Protection;

"Contamination" or "contaminant" means any discharged hazardous substance, hazardous waste as defined pursuant to section 1 of P.L.1976, c.99 (C.13:1E-38), or pollutant as defined pursuant to section 3 of P.L.1977, c.74 (C.58:10A-3);

"Fund" means the New Jersey Spill Compensation Fund;

"Hazardous substances" means the "environmental hazardous substances" on the environmental hazardous substance list adopted by the department pursuant to section 4 of P.L.1983, c.315 (C.34:5A-4); such elements and compounds, including petroleum products, which are defined as such by the
department, after public hearing, and which shall be consistent to the maximum extent possible with, and which shall include, the list of hazardous substances adopted by the federal Environmental Protection Agency pursuant to section 311 of the federal Water Pollution Control Act Amendments of 1972, Pub.L.92-500, as amended by the Clean Water Act of 1977, Pub.L.95-217 (33 U.S.C.s.1251 et seq.); the list of toxic pollutants designated by Congress or the EPA pursuant to section 307 of that act; and the list of hazardous substances adopted by the federal Environmental Protection Agency pursuant to section 101 of the "Comprehensive Environmental Response, Compensation and Liability Act of 1980," Pub.L.96-510 (42 U.S.C.s.9601 et seq.); provided, however, that sewage and sewage sludge shall not be considered as hazardous substances for the purposes of P.L.1976, c.141 (C.58:10-23.11 et seq.);

"Local unit" means any county or municipality, or any agency or other instrumentality thereof, or a duly incorporated volunteer fire, ambulance, first aid, emergency, or rescue company or squad;

"Major facility" includes, but is not limited to, any refinery, storage or transfer terminal, pipeline, deep-water port, drilling platform or any appurtenance related to any of the preceding that is used or is capable of being used to refine, produce, store, handle, transfer, process or transport hazardous substances. "Major facility" shall include a vessel only when that vessel is engaged in a transfer of hazardous substances between it and another vessel, and in any event shall not include a vessel used solely for activities directly related to recovering, containing, cleaning up or removing discharges of petroleum in the surface waters of the State, including training, research, and other activities directly related to spill response.

A facility shall not be considered a major facility for the purpose of P.L.1976, c.141 unless it has total combined aboveground or buried storage capacity of:

1. 20,000 gallons or more for hazardous substances which are other than petroleum or petroleum products, or
2. 200,000 gallons or more for hazardous substances of all kinds.

In determining whether a facility is a major facility for the purposes of P.L.1976, c.141 (C.58:10-23.11 et seq.), any underground storage tank at the facility used solely to store heating oil for on-site consumption shall not be considered when determining the combined storage capacity of the facility.

For the purposes of this definition, "storage capacity" shall mean only that total combined capacity which is dedicated to, used for or intended to be used for storage of hazardous substances of all kinds. Where appropriate to the nature of the facility, storage capacity may be determined by the intended or actual use of open land or unenclosed space as well as by the capacities of tanks or other enclosed storage spaces;

"Petroleum" or "petroleum products" means oil or petroleum of any kind and in any form, including, but not limited to, oil, petroleum, gasoline, kerosene, fuel oil, oil sludge, oil refuse, oil mixed with other wastes, crude oils, and substances or additives to be utilized in the refining or blending of crude petroleum or petroleum stock in this State; however, any compound designated by specific chemical name on the list of hazardous substances adopted by the department pursuant to this section shall not be considered petroleum or a petroleum product for the purposes of P.L.1976, c.141, unless such compound is to be utilized in the refining or blending of crude petroleum or petroleum stock in this State;

"Preliminary assessment" means the first phase in the process of identifying areas of concern and determining whether contaminants are or were present at a site or have migrated or are migrating from a site, and shall include the initial search for and evaluation of, existing site specific operational and environmental information, both current and historic, to determine if further investigation concerning the documented, alleged, suspected or latent discharge of any contaminant is required. The evaluation of historic information shall be conducted from 1932 to the present, except that the department may require the search for and evaluation of additional information relating to ownership and use of the site prior to 1932 if such information is available through diligent inquiry of the public records;

"Remedial action" means those actions taken at a site or offsite if a contaminant has migrated or is migrating therefrom, as may be required by the department, including the removal, treatment, containment, transportation, securing, or other engineering or treatment measures, whether to an unrestricted use or otherwise, designed to ensure that any discharged contaminant at the site or that has migrated or is migrating from the site, is remediated in compliance with the applicable health risk or environmental standards;

"Remedial investigation" means a process to determine the nature and extent of a discharge of a contaminant at a site or a discharge of a contaminant
that has migrated or is migrating from the site and the problems presented
by a discharge, and may include data collected, site characterization, sampling,
monitoring, and the gathering of any other sufficient and relevant information
necessary to determine the necessity for remedial action and to support the
evaluation of remedial actions if necessary;

"Remediation" or "remediate" means all necessary actions to investigate
and clean up or respond to any known, suspected, or threatened discharge,
including, as necessary, the preliminary assessment, site investigation, remedial
investigation, and remedial action, provided, however, that "remediation"
or "remediate" shall not include the payment of compensation for damage
to, or loss of, natural resources;

"Site investigation" means the collection and evaluation of data adequate
to determine whether or not discharged contaminants exist at a site or have
migrated or are migrating from the site at levels in excess of the applicable
remediation standards. A site investigation shall be developed based upon
the information collected pursuant to the preliminary assessment;

"Taxpayer" means the owner or operator of a major facility subject to

Receipts from nonpublic schools handicapped and auxiliary recoveries are appropriated for the payment of additional aid in accordance with section 17 of P.L.1977, c.192 (C.18A:46A-14) and section 14 of P.L.1977, c.193 (C.18A:46-19.8).

Notwithstanding the provisions of section 14 of P.L.1977, c.193 (C.18A:46-19.8) for the purpose of computing Nonpublic Handicapped Aid for pupils requiring the following services, the per pupil amounts shall be: $1,185.64 for an initial evaluation or reevaluation for examination and classification; $255.50 for an annual review for examination and classification; $901.06 for speech correction; and $785.81 for supplementary instruction services.

Notwithstanding the provisions of section 9 of P.L.1977, c.192 (C.18A:46A-9), the per pupil amount for compensatory education for the 2002-2003 school year for the purposes of computing Nonpublic Auxiliary Services Aid shall equal $739.60.

Notwithstanding the provisions of section 9 of P.L.1991, c.226 (C.18A:40-31), the amount appropriated hereinafter for Nonpublic Nursing Services Aid shall be made available to local school districts based upon the number of pupils enrolled in each nonpublic school on the last day prior to October 16, 2001.

Nonpublic Technology Initiative aid shall be paid to school districts and allocated for nonpublic school pupils at the rate of $40 per pupil in a manner that is consistent with the provisions of the federal and State constitutions.
Of the amount hereinabove in the High School Equivalency and the Adult Literacy accounts, such sums as are necessary may be transferred to an applicant State department.

The amount appropriated hereinabove for Magnet School Start-Up Aid shall be paid to a school district for which the New Jersey Supreme Court determined in Board of Education of the Borough of Englewood Cliffs v. Board of Education of the City of Englewood, 170 N.J. 323 (2002) that the Commissioner of Education and the State Board of Education have the ultimate responsibility to take appropriate action to address the deterioration of racial balance at the high school.

The appropriation for Englewood Implementation Aid shall be paid to the Englewood City School District for the school renewal program and career academies, provided however, that the district shall demonstrate that it will receive an equal amount in matching appropriation from a government entity or entities in Bergen County, subject to the approval of the Director of the Division of Budget and Accounting.

The Commissioner of Education shall not authorize the disbursement of funds to any “Abbott district” until the commissioner is satisfied that all educational expenditures in the district will be spent effectively and efficiently in order to enable those students to achieve the core curriculum content standards. The commissioner shall be authorized to take any necessary action to fulfill this responsibility, including but not limited to, the adoption of regulations pursuant to P.L.1968, c.410 (C.52:14B-1 et seq.), related to the receipt and/ or expenditure of State aid by the “Abbott districts” and the programs, services and positions supported thereby. The commissioner may deduct from the State aid of any “Abbott district” the expenses required to manage, control and supervise the implementation of that State aid. In order to expeditiously fulfill the responsibilities of the commissioner under the Abbott order, determinations by the commissioner hereunder shall be considered to be final agency action and appeal of that action shall be directly to the Appellate Division of the Superior Court.

The unexpended balance as of June 30, 2002, in the Abbott v. Burke Parity Remedy account is appropriated for the same purpose and with the same conditions as are applied to the fiscal year 2003 appropriation for this purpose.

Notwithstanding any other law to the contrary, State aid for each “Abbott district,” whose per pupil regular education expenditure for 2002-2003 under P.L.1996, c.138 is below the estimated per pupil average regular education expenditure of districts in district factor groups “F” and “J” for 2002-2003 shall be increased. The amount of increase shall be appropriated as Abbott v. Burke Parity Remedy aid and shall be determined as follows: funds shall be allocated in the amount of the difference between each “Abbott district’s” per pupil regular education expenditure for 2002-2003 and the actual per pupil average regular education expenditure of districts in district factor groups “I” and “J” for 2001-2002 indexed by the actual percentage increase in the per pupil average regular education expenditure of districts in district factor groups “I” and “J” for 2001-2002 over the per pupil average regular education expenditure of districts in district factor groups “I” and “J” for 2000-2001. In calculating the per pupil regular education expenditure of each “Abbott district” for 2002-2003, regular education expenditure shall equal the sum of the general fund tax levy for
2001-2002, Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid and all forms of stabilization aid pursuant to section 10 of P.L.1996, c.138 (C.18A:7F-10); enrollments shall initially be those resident enrollments for preschool through grade 12 contained on the Application for State School Aid for 2002-2003 indexed by the district's enrollment growth rate used to determine the estimated enrollments of October 2002; enrollments shall be calculated at their full-time equivalent and reduced by preschool and one half of full-day kindergarten enrollments. State aid shall be adjusted upon receipt of resident enrollment for the “Abbott districts” as of October 15, 2002 as reflected on the Application for State School Aid for 2003-2004. State aid shall also be adjusted based on the actual per pupil average regular education expenditure of districts in district factor groups “I” and “J” for 2002-2003. In calculating the actual per pupil average regular education expenditure of districts in district factor groups “I” and “J” for 2002-2003, regular education expenditure shall equal the sum of the general fund tax levy for 2002-2003, Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid and all forms of stabilization aid pursuant to section 10 of P.L.1996, c.138 (C.18A:7F-10); enrollments shall be the resident enrollment for preschool through grade twelve as of October 15, 2002 as reflected on the Application for State School Aid for 2003-2004; enrollments shall be calculated at their full-time equivalent and reduced by preschool and one half of full-day kindergarten enrollments in districts receiving Early Childhood Program Aid.

Notwithstanding any other law to the contrary, as a condition of receiving Abbott v. Burke Parity Remedy aid, an “Abbott district” shall raise a general fund tax levy which shall be no less than the general fund tax levy of the prior year.

The amount appropriated hereinabove for Additional Abbott v. Burke State Aid will provide additional resources to “Abbott districts” and will be distributed by district in an amount that shall not exceed the amount necessary for the district to maintain spending for its K-12 programs at the level authorized and expended by each district in 2001-2002. Before the Commissioner of Education establishes the final district award, he shall first review the budgets and any other financial statements, including the annual audit filed pursuant to N.J.S.18A:23-1, of each "Abbott district" that has requested Additional Abbott v. Burke State Aid. Any district that fails to submit the required documentation or fails to submit its annual audit by November 15, 2002 may have its State aid withheld upon the commissioner’s request to the Director of the Division of Budget and Accounting. In establishing the final award amount, the commissioner shall consider all of the district’s available resources and any appropriate reallocations, including, but not limited to, a reallocation of the district’s undesignated general fund balances in excess of two percent.

The amount appropriated hereinabove as Abbott Preschool Expansion Aid is for the purpose of funding the increase in the approved budgeted costs from 2001-2002 to 2002-2003 for the projected expansion of preschool programs in “Abbott districts.” Payments of Abbott Preschool Expansion Aid shall be based on documented expansion of the preschool program. Upon the Commissioner of Education’s request, “Abbott districts” will be required to provide such
supporting documentation as deemed necessary to verify that the actual
expansion in the preschool program has occurred in the 2002-2003 fiscal year.
Such documentation may include enrollment and attendance data that may be
subject to an audit. Appropriate adjustments to a district’s Abbott Preschool
Expansion Aid amount may be made by the commissioner based on actual need.
Notwithstanding any other law to the contrary, the amount of State aid made
available to the Department of Human Services pursuant to “The State Facilities
Education Act of 1979,” P.L.1979, c.207 (C.18A:7B-1 et al.), to defray the costs
of educating eligible children in approved private schools under contract with the
Department of Human Services shall not exceed the actual costs of the education
of those children in such private schools.
Notwithstanding any other law to the contrary, Special Education Aid for pupils
classified as eligible for day training shall be paid directly to the resident school
district; provided however, that for pupils under contract for service in a regional
day school operated by or under contract with the Department of Human Services,
tuition shall be withheld and paid to the Department of Human Services.
Notwithstanding the provisions of section 3 of P.L.1971, c.271 (C.18A:46-31), a
portion of the district tuition amounts payable to a county special services school
district operating an extended school year program may be transferred to the
county special services school district prior to the first of September in the event
the board shall file a written request with the Commissioner of Education stating
the needs for the funds. The commissioner shall review the board’s request and
determine whether to grant the request after an assessment of whether the district
needs to spend the funds prior to September and after considering the availability
of district surplus. The Commissioner of Education shall transfer the payment
for the portion of the tuition payable for which need has been demonstrated.
The amount hereinabove for the New Jersey Character Education Partnership
Initiative shall be made available to school districts according to a formula to be
administered by the Commissioner of Education which will assure that each
district that elects to participate shall receive funding for at least one school. Of
the amount appropriated hereinabove, up to $100,000 may be used to fund the
costs of operating this program, subject to the approval of the Director of the
Division of Budget and Accounting.

The amounts hereinabove appropriated for Payments for Medical Assistance Recipients - Nursing Homes are available for the payment of obligations applicable to prior fiscal years.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the General Medical Services program classification in the Division of Medical Assistance and Health Services in the Department of Human Services and the Medical Services for the Aged program classification in Senior Services in the Department of Health and Senior Services, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

All funds recovered pursuant to P.L.1968, c.413 (C.30:4D-1 et seq.) and P.L.1975, c.194 (C.30:4D-20 et seq.) during the fiscal year ending June 30, 2003 are appropriated for payments to providers in the same program class from which the recovery originated.

Notwithstanding the provisions of any other law to the contrary, a sufficient portion of receipts generated or savings realized in the Medical Services for the Aged Grants-In-Aid accounts from initiatives included in the fiscal year 2003 Budget may be transferred to administration accounts to fund costs incurred in realizing these additional receipts or savings, subject to the approval of the Director of the Division of Budget and Accounting.

The Division of Medical Assistance and Health Services in the Department of Human Services and the Department of Health and Senior Services, subject to federal approval, shall implement policies that would limit the ability of persons who have the financial ability to provide for their own long-term care needs to manipulate current Medicaid rules to avoid payment for that care. The Division of Medical Assistance and Health Services and the Department of Health and Senior Services shall require, in the case of a married individual requiring long-term care services, that the portion of the couple’s resources which are not protected for the needs of the community spouse be used solely for the purchase of long-term care services.

Such sums as may be necessary are appropriated from enhanced audit recoveries obtained by the Department of Health and Senior Services to fund the costs of enhanced audit recovery efforts of the department within the Medical Services for the Aged program classification, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any other law to the contrary, no funds appropriated for Medicaid nursing facility reimbursement shall be expended for administrator or assistant administrator costs or nonfood general costs in excess of 100% of the median for those cost centers, subject to the notice provisions of 42 CFR 447.205.

Notwithstanding the provisions of any other law to the contrary, effective July 1, 1996, reimbursement for nursing facility services shall be 90% of the per diem rate when a Medicaid beneficiary is hospitalized. These payments shall be limited to the first 10 days of the hospitalization. Medicaid reimbursement for nursing facility services shall be discontinued beyond the 10th day of the hospitalization.
From the amount appropriated for the Payments for Medical Assistance Recipients - Nursing Homes account, funds shall be available to develop and implement a new nursing home rate-setting system, subject to the approval of the Director of the Division of Budget and Accounting.

The funds appropriated hereinafore for Payments for Medical Assistance Recipients - Medicaid High Occupancy - Nursing Homes shall be distributed for patient services among those nursing homes where Medicaid patient day occupancy level is at or above 75%. Each such facility shall receive its distribution through a prospective per diem rate adjustment according to the following formula: 

\[ E = \frac{A \text{ Medicaid days}}{T \text{ Medicaid days}} \times F \]

where \( E \) is the entitlement for a specific nursing home resulting from this allocation; \( A \text{ Medicaid days} \) is an individual nursing home's reported Medicaid days on June 30, 2002; \( T \text{ Medicaid days} \) is the total reported Medicaid days for all affected nursing homes; and \( F \) is the total amount of State and federal funds to be distributed. No nursing home shall receive a total allocation greater than the amount lost, due to adjustments in Medicaid reimbursement methodology, which became effective April 1, 1995. Any balances remaining undistributed, from the abovementioned amount, shall be deposited in a reserve account in the General Fund.

The amounts hereinafore appropriated for payments for the Pharmaceutical Assistance to the Aged and Disabled program, P.L.1975, c.194 (C.30:4D-20 et seq.), and the Senior Gold Prescription Discount Program, P.L.2001, c.96 (C.30:4D-43 et seq.), are available for the payment of obligations applicable to prior fiscal years.

Benefits provided under the Pharmaceutical Assistance to the Aged and Disabled (PAA/D) program, P.L.1975, c.194 (C.30:4D-20 et seq.), and the Senior Gold Prescription Discount Program, P.L.2001, c.96 (C.30:4D-43 et seq.), shall be the last resource benefits, notwithstanding any provisions contained in contracts, wills, agreements or other instruments. Any provision in a contract of insurance, will, trust agreement or other instrument which reduces or excludes coverage or payment to an individual because of that individual's eligibility for or receipt of PAA/D or Senior Gold benefits shall be void, and no PAA/D and Senior Gold payments shall be made as a result of any such provision.

Notwithstanding the provisions of section 3 of P.L.1975, c.194 (C.30:4D-22) to the contrary, the copayment in the Pharmaceutical Assistance to the Aged and Disabled program shall be $5.00.

Notwithstanding the provisions of any other law to the contrary, rebates from pharmaceutical manufacturing companies for prescriptions purchased by the Pharmaceutical Assistance to the Aged and Disabled program and the Senior Gold Prescription Discount Program shall continue throughout fiscal year 2003. All revenues from such rebates during the fiscal year ending June 30, 2003 are appropriated for the Pharmaceutical Assistance to the Aged and Disabled program and the Senior Gold Prescription Discount Program.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 2002, each prescription order dispensed in the Pharmaceutical Assistance to the Aged and Disabled program and the Senior Gold Prescription Discount Program for Maximum Allowable Cost (MAC) drugs shall state

The list of drugs substituted shall conform to the Drug Utilization Review Council approved list of substitutable drugs and all other requirements pertaining to drug substitution and federal upper limits for MAC drugs as administered by the State Medicaid Program.

Notwithstanding the provisions of any other law to the contrary, no funds appropriated for the Pharmaceutical Assistance to the Aged and Disabled program, pursuant to P.L.1975, c.194 (C.30:4D-20 et seq.), and the Senior Gold Prescription Discount Program, pursuant to P.L.2001, c.96 (C.30:4D-43 et seq.), shall be expended unless participating pharmaceutical manufacturing companies execute contracts with the Department of Health and Senior Services, through the Department of Human Services, providing for the payment of rebates to the State.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 2002 consistent with the notice provisions of 42 CFR 447.205 where applicable, no funds appropriated in the Pharmaceutical Assistance to the Aged and Disabled and Senior Gold program classification shall be expended except under the following conditions: legend and non-legend drugs dispensed by a retail pharmacy shall be limited to a maximum 34-day supply for an initial prescription and a 34-day or 100-unit dose supply, whichever is greater, for any prescription refill.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 2002 consistent with the notice provisions of 42 CFR 447.205 where applicable, no funds appropriated in the Pharmaceutical Assistance to the Aged and Disabled and Senior Gold program classification shall be expended except under the following conditions: (a) reimbursement for prescription drugs shall be based on the Average Wholesale Price less a 10% discount; (b) prescription drugs dispensed by a retail pharmacy shall be limited to a maximum 34-day supply for the initial prescription and a 34-day or 100-unit dose supply, whichever is greater, for any prescription refill; and © the current prescription drug dispensing fee structure set as a variable rate of $3.73 to $4.07 in effect on June 30, 2002 shall remain in effect through fiscal year 2003, including the current increments for patient consultation, impact allowances and allowances for 24-hour emergency services.

Moreover, payment will only be provided if the diagnosis of erectile dysfunction is written on the prescription form and the treatment is provided to males over the age of 18 years.

In addition to the amount hereinabove, there are appropriated from the General Fund and available federal matching funds such additional sums as may be required for the payment of claims, credits and rebates, subject to the approval of the Director of the Division of Budget and Accounting.
Notwithstanding the provisions of any other law to the contrary, no funds appropriated for the Pharmaceutical Assistance to the Aged and Disabled (PAA/D) program and the Senior Gold Prescription Discount Program are available to pharmacies that have not submitted an application to enroll as an approved medical supplier in the Medicare program, unless they already are an approved Medicare medical supplier. Pharmacies will not be required to bill Medicare directly, but must agree to allow PAA/D to bill Medicare on their behalf by completing and submitting an electronic data interchange (EDI) form to PAA/D. Beneficiaries are responsible for the applicable PAA/D or Senior Gold copayment.

At any point during the year and notwithstanding the provisions of any other law or regulation to the contrary, subject to the approval of a plan by the Commissioner of Health and Senior Services, no funds appropriated for the Pharmaceutical Assistance to the Aged and Disabled program, pursuant to P.L.1975, c.194 (C.30:4D-20 et seq.), or the Senior Gold Prescription Discount Program, pursuant to P.L.2001, c.96 (C.30:4D-43 et seq.), shall be expended unless participating pharmaceutical manufacturing companies execute contracts with the Department of Health and Senior Services, through the Department of Human Services, providing for the payment of rebates to the State on the same basis as provided for in section 1927 (a) through © of the federal Social Security Act, 42 U.S.C. s.1396r-8(a)-(c).

There is appropriated to the Department of Health and Senior Services such sums as are necessary, not to exceed $10,000,000, to increase the reasonableness limit for total nursing care up to 120% of the median costs in the Medicaid nursing home rate-setting system in recognition of the nursing shortage in the State, during State fiscal year 2003, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any other law to the contrary and subject to the notice provisions of 42 CFR 447.205, for rates implemented on or after July 1, 2000, target occupancy as determined pursuant to N.J.A.C.10:63-3.16 shall not apply to those facilities receiving enhanced rates of reimbursement pursuant to N.J.A.C.10:63-2.21. The per diem amounts for all other expenses of the enhanced rates shall be based upon reasonable base period costs divided by actual base period patient days, but no less than 85% of licensed bed days shall be used.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the Medical Services for the Aged program classification, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

For the purposes of account balance maintenance, all object accounts in the Medical Services for the Aged program classification shall be considered as one object. This will allow timely payment of claims to providers of medical services but ensure that no overspending will occur in the program classification.

Notwithstanding the provisions of P.L.1988, c.92 (C.30:4E-5 et seq.) to the contrary, funds appropriated for the Home Care Expansion Program (HCEP) shall be paid only for individuals enrolled in the program as of June 30, 1996 who are not eligible for the Community Care Program for the Elderly and Disabled or alternative programs, and only for so long as those individuals require services covered by the HCEP. Individuals enrolled in the HCEP as of June 30, 1996 and eligible for the Community Care Program for the Elderly and Disabled, may apply to be enrolled in that program.

Notwithstanding the provisions of P.L.1979, c.197 (C.48:2-29.15 et seq.), the provisions of P.L.1981, c.210 (C.48:2-29.30 et seq.) or any other law to the contrary, the benefits of the Lifeline Credit Program and the Tenants’ Lifeline Assistance Program may be distributed throughout the entire year from July through June, and are not limited to an October to March heating season; therefore, applications for Lifeline benefits and benefits from the Pharmaceutical Assistance to the Aged and Disabled program may be combined.

Notwithstanding the provisions of any other law to the contrary, a sufficient portion of receipts generated or savings realized in the Casino Revenue Fund Medical Services for the Aged or Pharmaceutical Assistance to the Aged and Disabled Grants-In-Aid accounts from initiatives included in the fiscal year 2003 budget may be transferred to administration accounts to fund costs incurred in realizing these additional receipts or savings, subject to the approval of the Director of the Division of Budget and Accounting.

The amounts hereinafore appropriated for payments for the Pharmaceutical Assistance to the Aged and Disabled program, P.L.1975, c.194 (C.30:4D-20 et seq.), are available for the payment of obligations applicable to prior fiscal years. Benefits provided under the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program, P.L.1975, c.194 (C.30:4D-20 et seq.), shall be the last resource benefits, notwithstanding any provision contained in contracts, wills, agreements or other instruments. Any provision in a contract of insurance, will, trust agreement or other instrument which reduces or excludes coverage or payment to an individual because of that individual’s eligibility for or receipt of
PAAD benefits shall be void, and no PAAD payments shall be made as a result of any such provision. Notwithstanding the provisions of section 3 of P.L.1975, c.194 (C.30:4D-22) to the contrary, the copayment in the Pharmaceutical Assistance to the Aged and Disabled program shall be $5.00.

All revenues from such rebates during the fiscal year ending June 30, 2003 shall be appropriated for the cost of the Pharmaceutical Assistance to the Aged and Disabled program.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 2002, each prescription order dispensed in the Pharmaceutical Assistance to the Aged and Disabled program for Maximum Allowable Cost (MAC) drugs shall state “Brand Medically Necessary” in the prescriber’s own handwriting if the prescriber determines that it is necessary to override generic substitution of drugs, and each prescription order shall follow the requirements of P.L.1977, c.240 (C.24:6E-1 et seq.). The list of drugs substituted shall conform to the Drug Utilization Review Council approved list of substitutable drugs and all other requirements pertaining to drug substitution and federal upper limits for MAC drugs as administered by the State Medicaid Program.

Notwithstanding the provisions of any other law to the contrary, no funds appropriated for the Pharmaceutical Assistance to the Aged and Disabled program, pursuant to P.L.1975, c.194 (C.30:4D-20 et seq.), shall be expended unless participating pharmaceutical manufacturing companies execute contracts with the Department of Health and Senior Services, through the Department of Human Services, providing for the payment of rebates to the State.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 2002 consistent with the notice provisions of 42 CFR 447.205 where applicable, no funds appropriated in the Pharmaceutical Assistance to the Aged and Disabled program classification shall be expended except under the following conditions: legend and non-legend drugs dispensed by a retail pharmacy shall be limited to a maximum 34-day supply for an initial prescription and a 34-day or 100-unit dose supply, whichever is greater, for any prescription refill.

patient consultation, impact allowances and allowances for 24-hour emergency services.

Notwithstanding the provisions of any other law to the contrary, payments for the Pharmaceutical Assistance to the Aged and the Disabled program shall not cover quantities of erectile dysfunction therapy medication in excess of four treatments per month. Moreover, payment will only be provided if the diagnosis of erectile dysfunction is written on the prescription form and the treatment is provided to males over the age of 18 years.

Notwithstanding the provisions of any other law to the contrary, no funds appropriated for the Pharmaceutical Assistance to the Aged and Disabled (PAA/D) program are available to pharmacies that have not submitted an application to enroll as an approved medical supplier in the Medicare program, unless they already are an approved Medicare medical supplier. Pharmacies will not be required to bill Medicare directly, but must agree to allow PAA/D to bill Medicare on their behalf by completing and submitting an electronic data interchange (EDI) form to PAA/D. Beneficiaries are responsible for the applicable PAA/D copayment.

At any point during the year and notwithstanding the provisions of any other law or regulation to the contrary, subject to the approval of a plan by the Commissioner of Health and Senior Services, no funds appropriated for the Pharmaceutical Assistance to the Aged and Disabled, pursuant to P.L.1975, c.194 (C.30:4D-20 et seq.), or the Senior Gold Prescription Discount Program, pursuant to P.L.2001, c.96 (C.30:4D-43 et seq.), shall be expended unless participating pharmaceutical manufacturing companies execute contracts with the Department of Health and Senior Services, through the Department of Human Services, providing for the payment of rebates to the State on the same basis as provided for in section 1927 (a) through (c) of the federal Social Security Act, 42 U.S.C. s.1396r-8(a)-(c).

Notwithstanding the provisions of any law to the contrary, all revenues received from health maintenance organizations shall be deposited in the General Fund.

The amounts hereinabove appropriated for Payments for Medical Assistance Recipients are available for the payment of obligations applicable to prior fiscal years. In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred.
to and from Payments for Medical Assistance Recipients - Personal Care and Payments for Medical Assistance Recipients - Other Services within the General Medical Services program classification in the Division of Medical Assistance and Health Services and the Payments for Medical Assistance Recipients - Personal Care and the Payments for Medical Assistance Recipients - Other Services accounts in the Division of Disability Services within the Department of Human Services. Amounts may also be transferred to and from various items of appropriations within the General Medical Services program classification of the Division of Medical Assistance and Health Services in the Department of Human Services and the Medical Services for the Aged program classification in the Division of Senior Services in the Department of Health and Senior Services, excluding the Children's System of Care Initiative, Children's System of Care Initiative - Residential, and Lipman Hall accounts. All such transfers are subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

For the purposes of account balance maintenance, all object accounts in the General Medical Services program classification, excluding the Children's System of Care Initiative, Children's System of Care Initiative-Residential and Lipman Hall accounts, shall be considered as one object. This will allow timely payment of claims to providers of medical services but ensure that no overspending will occur in the program classification.

For the purposes of account balance maintenance, the Children's System of Care Initiative, Children's System of Care Initiative-Residential and Lipman Hall accounts shall be considered as one object. This will allow timely payment of claims to providers of medical services but ensure that no overspending will occur in the program.

The State appropriation for Medicaid Title XIX is based on a federal financial participation rate of 48.7%; provided however, that if the federal financial participation rate exceeds this percentage, there will be placed in reserve a portion of the State appropriation equal to the amount of additional federal funds, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding any law to the contrary, the Commissioner of Human Services shall have the authority to convert individuals enrolled in a State-funded program who are also eligible for a federally matchable program, to the federally matchable program without the need for regulations.

In addition to the amounts hereinabove for payments to providers on behalf of medical assistance recipients, such additional sums as may be required are appropriated from the General Fund to cover costs consequent to the establishment of presumptive eligibility for children and pregnant women in the Medicaid (Title XIX) program, the NJ KidCare program (Children's Health Care Coverage Program) as defined in P.L.1997, c.272 (C.30:41-1 et seq.) and FamilyCare adults for dates of services prior to April 1, 2002, as defined in P.L.2000, c.71 (C.30:4J-1 et seq.), subject to the approval of the Director of the Division of Budget and Accounting.

When any action by a county welfare agency, whether alone or in combination with the Division of Medical Assistance and Health Services, results in a recovery of
improperly granted medical assistance, the Division of Medical Assistance and Health Services may reimburse the county welfare agency in the amount of 25% of the gross recovery.

Notwithstanding the provisions of P.L.1962, c.222 (C.44:7-76 et seq.), the Medical Assistance for the Aged program is eliminated.

All funds recovered pursuant to P.L.1968, c.413 (C.30:4D-1 et seq.) and P.L.1975, c.194 (C.30:4D-20 et seq.) during the fiscal year ending June 30, 2003 are appropriated for payments to providers in the same program class from which the recovery originated.

The amount appropriated hereinafter for the Division of Medical Assistance and Health Services first is to be charged to the federal disproportionate share hospital reimbursements anticipated as Medicaid uncompensated care.

Notwithstanding any other law to the contrary, a sufficient portion of receipts generated or savings realized in Medical Assistance Grants-in-Aid accounts from initiatives may be transferred to the Health Services Administration and Management accounts to fund costs incurred in realizing these additional receipts or savings, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding any law to the contrary and subject to federal approval, the Commissioner of Human Services is authorized to develop and introduce Optional Service Plan Innovations to enhance client choice for users of Medicaid optional services, while containing expenditures.

Notwithstanding any law to the contrary and subject to the notice provisions of 42 CFR 447.205, Personal Care Assistant services shall be limited to no more than 25 hours per week. Additional hours, up to 40 per week, shall be authorized by the Division of Medical Assistance and Health Services prior to the provision of services not provided by clinics under contract with the Division of Mental Health Services. The hourly weekend rate shall not exceed $16.

The Division of Medical Assistance and Health Services, subject to federal approval, shall implement policies that would limit the ability of persons who have the financial ability to provide for their own long-term care needs to manipulate current Medicaid rules to avoid payment for that care. The division shall require, in the case of a married individual requiring long-term care services, that the portion of the couple's resources which are not protected for the needs of the community spouse be used solely for the purchase of long-term care services.

Such sums as may be necessary are appropriated from the General Fund for the payment of any provider assessments to Intermediate Care Facilities/Mental Retardation facilities, subject to the approval of the Director of the Division of Budget and Accounting of a plan as shall be submitted by the Commissioner of Human Services.

The Division of Medical Assistance and Health Services is empowered to competitively bid and contract for performance of federally mandated inpatient hospital utilization reviews, and the funds necessary for the contracted utilization review of these hospital services are made available from the Payments for Medical Assistance Recipients - Inpatient Hospital account subject to the approval of the Director of the Division of Budget and Accounting.
Such sums as may be necessary are available from the Health Care Subsidy Fund to supplement Payments for Medical Assistance Recipients - Inpatient Hospital, subject to the approval of the Director of the Division of Budget and Accounting. Notwithstanding any other laws to the contrary, State funding for the New Jersey Health ACCESS program shall cease, and all enrollment shall be terminated as of July 1, 2001, or at such later date as shall be established by the Commissioner of Human Services. Any individuals who are enrolled in the New Jersey Health ACCESS program as of June 30, 2001 shall be eligible for Plan “D” of the NJFamilyCare program, and shall enroll in a participating health maintenance organization before receiving NJ FamilyCare services.

Notwithstanding any law to the contrary, a New Jersey major teaching acute medical/surgical care hospital that has been recognized by the New Jersey Medicaid program as an eligible non-State owned or operated government facility shall be eligible to receive an enhanced payment for providing inpatient and outpatient services to New Jersey Medicaid fee-for-service and NJ FamilyCare fee-for-service beneficiaries. Effective July 1, 2002, interim payments shall be made in equal monthly lump sum amounts, based on an estimate of the total enhanced amount payable to a qualifying hospital, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, the New Jersey FamilyCare Health Coverage Program benefit service packages, premium contributions, co-payment levels, enrollment levels, and any other program features or operations may be modified as the Commissioner of Human Services deems necessary based upon a plan approved by the Director of the Division of Budget and Accounting to ensure that monies expended for the New Jersey FamilyCare Health Coverage Program do not exceed the amount appropriated hereunder.

Notwithstanding any provision of the “Administrative Procedure Act,” P.L.1968, c.410 (C.52:14B-1 et seq.), to the contrary, the Commissioner of Human Services shall adopt immediately upon filing with the Office of Administrative Law such regulations as the Commissioner deems necessary to ensure that monies expended for the New Jersey FamilyCare Health Coverage Program do not exceed the amount appropriated hereunder. Such regulations may change or adjust the financial and non-financial eligibility requirements for some or all of the applicants or beneficiaries in the program, the benefits provided, cost-sharing amounts, or may suspend in whole or in part the processing of applications for any or all categories of individuals covered by the program.

Notwithstanding any other law to the contrary, those hospitals that are eligible to receive a Hospital Relief Subsidy Fund (HRSF) payment shall receive enhanced payments from the Medicaid program for providing services to Medicaid and New Jersey FamilyCare beneficiaries. The total payments shall not exceed the amount appropriated and shall be allocated among hospitals proportionately based on the amount of HRSF payments (excluding any adjustments to the HRSF for other Medicaid payment increases). Effective July 1, 2002, interim payments shall be made from the Hospital Relief Offset Payment account in equal monthly lump sum amounts, based on an estimate of the total enhanced amount payable to a qualifying hospital, and subject to cost settlement. The enhanced payment, determined at cost settlement, will be an amount approved.
by the Director of the Division of Budget and Accounting per Medicaid patient
day, adjusted by a volume variance factor (the ratio of expected Medicaid
inpatient days to actual Medicaid inpatient days for the rate year) and an HRSF
factor (the ratio of the hospital's HRSF payments to total HRSF payments) and
subject to a pro rata adjustment so that the total enhanced per diem amounts
are equivalent to the total State and federal funds appropriated, not to exceed an
amount to be approved by the Director of the Division of Budget and Account-
ing. The total of these payments shall be reduced by an amount equal to any
increase in Medicaid and New Jersey FamilyCare fee for service payments to
New Jersey hospitals enacted herein or subsequent to this legislation.

Notwithstanding any other law to the contrary, for those hospitals that qualify for a
Hospital Relief Subsidy Fund payment, the New Jersey Medicaid program shall
reimburse those hospitals Graduate Medical Education outpatient payments up
to the amount the hospital would have received under Medicare principles of
reimbursement for Medicaid and New Jersey FamilyCare fee-for-service
beneficiaries. Effective July 1, 2002, equal monthly lump sum payments shall
be made from the Hospital Relief Offset Payment account, and shall be based on
the qualifying hospitals' first finalized 1996 cost reports. The amount that the
qualifying hospital would otherwise be eligible to receive from the Hospital
Relief Subsidy Fund shall be reduced by the amount of this Graduate Medical
Education outpatient payment. The total amount of these payments shall not
exceed an amount approved by the Director of the Division of Budget and
Accounting in combined State and federal funds. In no case shall these
payments and all other enhanced payments related to those services primarily
used by Medicaid and New Jersey FamilyCare beneficiaries that the hospital
receives exceed the amount the hospital would otherwise have been eligible to
receive from the Hospital Relief Subsidy Fund in the State fiscal year.

Of the amounts appropriated in State and federal funds in the Hospital Relief Offset
Payment accounts in the Department of Human Services, Division of Medical
Assistance and Health Services, such sums as may be necessary shall be
transferred to the Hospital Relief Subsidy Fund within the Health Care Subsidy
Fund (P.L.1992, c.160) to maximize federal revenues related to these accounts
and maintain an appropriate level of hospital payments, subject to the approval
of the Director of the Division of Budget and Accounting.

Notwithstanding any laws or regulations to the contrary, payments from the Medical Assistance Payments - Prescription Drug account, the General Assistance drug program, or the fee-for-service portion of NJ FamilyCare shall not cover quantities of erectile dysfunction drug therapies, in excess of four treatments per month. Moreover, payments will only be provided if the diagnosis of erectile dysfunction is written on the prescription form and the treatment is provided to males over the age of 18 years.

Notwithstanding any law to the contrary and subject to the notice provisions of 42 CFR 447.205, effective July 1, 2000, approved nutritional supplements will be reimbursed in accordance with a fee schedule set by the Director of the Division of Medical Assistance and Health Services.

Effective July 1, 2002, no funding shall be provided from the Payments for Cost of General Assistance or NJ FamilyCare programs for anti-retroviral drugs for the treatment of HIV/AIDS, as specified in the Department of Health and Senior Services' formulary for the AIDS Drugs Distribution Program (ADDP).

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 1999, the following provisions shall apply to the dispensing of prescription drugs through the General Assistance Medical Services account: (a) for all Maximum Allowable Cost (MAC) drugs dispensed shall state “Brand Medically Necessary” in the prescriber's own handwriting if the prescriber determines that it is necessary to override generic substitution of drugs, and each prescription order shall follow the requirements of P.L.1997, c.240 (C.24:6E-1 et seq.) The list of drugs substituted shall conform to the Drug Utilization Review Council approved list of substitutable drugs and all other requirements pertaining to drug substitution and federal upper limits for MAC drugs as administered by the State Medicaid Program.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 2000, each prescription order for protein nutritional supplements and specialized infant formulas dispensed in the Medicaid, General Assistance Medical Services, and NJ FamilyCare/KidCare fee-for-services programs shall be filled with the generic equivalent unless the prescription order states “Brand Medically Necessary” in the prescriber’s own handwriting.

Of the amount hereinabove for Payments for Medical Assistance Recipients - Outpatient Hospital, an amount not to exceed $1,900,000 is allocated for limited prenatal medical care for New Jersey pregnant women who, except for financial requirements, are not eligible for any other State or federal health insurance program.

Notwithstanding the provisions of subsection (b) of N.J.A.C.10:60-5.3 and subsection (a) of N.J.A.C.10:60-5.4 to the contrary, a person receiving the maximum number of Early and Periodic Screening, Diagnosis and Treatment/Private Duty Nursing (EPSDT/PDN) services, that is, 16 hours in any 24-hour period, may be authorized to receive additional PDN hours if private health insurance is available to cover the cost of the additional hours and appropriate medical documentation is provided which indicates that additional PDN hours are required and that the primary caregiver is not qualified to provide the additional PDN hours.

Of the amount hereinabove for Payments for Medical Assistance Recipients - Clinic, an amount not to exceed $1,900,000 is allocated for limited prenatal medical care provided by clinics, or in the case of radiology and clinical laboratory services, ordered by a clinic, for New Jersey pregnant women who, except for financial requirements, are not eligible for any other State or federal health insurance program.

Notwithstanding any State law to the contrary, but subject to any necessary federal approval and/or change in federal law, receipt of such rewards shall not affect an applicant's individual financial eligibility for the programs administered by DMAHS or for PAAD or Work First New Jersey General Public Assistance programs.

The Division of Developmental Disabilities is authorized to transfer funds from the Dental Program for Non-Institutionalized Children account to the Division of Medical Assistance and Health Services, in proportion to the number of program participants who are Medicaid eligible.

Excess State funds realized by federal involvement through Medicaid in the Dental Program for Non-Institutionalized Children are committed for the program's support during the subsequent fiscal year, rather than for expansion.

Amounts required to return persons with mental retardation or developmental disabilities presently residing in out-of-State institutions to group homes within the State may be transferred from the Private Institutional Care account to the Group Homes account, subject to the approval of the Director of the Division of Budget and Accounting.

Amounts that become available as a result of the return of persons from private institutional care placements, including in-State and out-of-State placements, shall be available for transfer to community and community support programs, subject to the approval of the Director of the Division of Budget and Accounting.
Skill development homes cost recoveries during the fiscal year ending June 30, 2003, not to exceed $12,500,000, are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

The total amount appropriated in the Community Services Waiting List Reduction Initiatives - FY 1999, FY 2000, FY 2001, FY 2002 and the Community Transition Initiative - FY 2001, FY 2002 and the Community Nursing Care Initiative - FY 2002 accounts are available for transfer to community support programs, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of Title 30 of the Revised Statutes or any other law or regulation to the contrary, the Director of the Division of Developmental Disabilities is authorized to waive statutory, regulatory or licensing requirements for the implementation of a self determination pilot program included in the Community Services Waiting List Reduction Initiatives - FY 1997, FY 1998, FY 1999, FY 2000, FY 2001 and FY 2002, subject to the approval of a plan by the Director of the Division of Developmental Disabilities, which will allow an individual to be removed from the waiting list. This waiver also applies to those persons identified as part of the Community Transition Initiative - FY 2001 and FY 2002, and the Community Nursing Care Initiative - FY 2002, who choose self determination.

Cost recoveries from developmentally disabled patients and residents collected during the fiscal year ending June 30, 2003, not to exceed $5,500,000, are appropriated for the continued operation of the Group Homes program, and an additional amount, not to exceed $20,000,000, is appropriated for Community Services Waiting List Reduction Initiatives, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding any law to the contrary, the State Treasurer, in consultation with the Commissioner of Human Services, may transfer, pursuant to the terms and conditions the State Treasurer deems to be in the best interest of the State, the operation, care, custody, maintenance and control of State-owned buses utilized for transportation of clients of the Adult Activity Centers funded from appropriations in the Adult Activities program classification within the Division of Developmental Disabilities to any party under contract with the Department of Human Services to operate an Adult Activity Center. That transfer shall be for a time to run concurrent with the contract for the operation of the Adult Activity Center. That transfer as a non-cash award, and in conjunction with a cash appropriation, shall complete the terms of any contract with the Department of Human Services for the operation of the Adult Activity Center. Upon termination of any contract for the operation of an Adult Activity Center, the operation, care, custody, maintenance and control of the State-owned buses shall revert to the State. The State Treasurer shall execute any agreements necessary to effectuate the purpose of this provision.

Such sums as may be necessary are appropriated from the General Fund for the payment of any provider assessments to State Intermediate Care Facilities/Mental Retardation facilities, subject to the approval of the Director of the Division of Budget and Accounting of a plan to be submitted by the Commissioner of
Human Services. Notwithstanding any other law to the contrary, only the federal share of funds anticipated from these assessments shall be available to the Department of Human Services for the purposes set forth in P.L.1998, c.40 (C.30:6D-43 et seq.).

From the amounts appropriated hereinafter for the Community Services Waiting List - FY2002 and the Community Transition Initiative - FY2002 accounts, such funds as are necessary may be transferred to various administrative accounts as required, subject to the approval of the Director of the Division of Budget and Accounting.

Amounts required to return persons with mental retardation or developmental disabilities presently residing in out-of-State institutions to group homes within the State may be transferred from the Private Institutional Care account to the Group Homes account, subject to the approval of the Director of the Division of Budget and Accounting.

Cost recoveries from skill development homes during the fiscal year ending June 30, 2003, not to exceed $12,500,000, are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

Cost recoveries from developmentally disabled patients and residents, collected during the fiscal year ending June 30, 2003, not to exceed $5,500,000, are appropriated for the continued operation of the Group Homes program, and an additional amount, not to exceed $20,000,000, is appropriated for Community Services Waiting List Reduction Initiatives, subject to the approval of the Director of the Division of Budget and Accounting.

Receipts from State administered municipalities during the fiscal year ending June 30, 2002 are appropriated.

The sum hereinabove appropriated is available for payment of obligations applicable to prior fiscal years.

Any change by the Department of Human Services in the standards upon which or from which grants of categorical public assistance are determined, first shall be approved by the Director of the Division of Budget and Accounting.

In order to permit flexibility and ensure the timely payment of benefits to welfare recipients, amounts may be transferred between the various items of appropriation within the Income Maintenance Management program classification, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Notwithstanding any law to the contrary, the Director of the Division of Budget and Accounting is authorized to withhold State Aid payments to municipalities to satisfy any obligations due and owing from audits of that municipality's General Assistance program.
The unexpended balances as of June 30, 2002 in accounts where expenditures are required to comply with Maintenance of Effort requirements as specified in the federal “Personal Responsibility and Work Opportunity Reconciliation Act of 1996,” Pub.L.104-193 and in the Payments for the Cost of General Assistance and General Assistance Emergency Assistance accounts are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

Receivts from counties for persons receiving Old Age Assistance, Disability Assistance, and Assistance for the Blind under the Supplemental Security Income (SSI) program are appropriated for the purpose of providing State aid to the counties, subject to the approval of the Director of the Division of Budget and Accounting.

In addition to the provisions of section 3 of P.L.1973, c.256 (C.44:7-87), the Department of Human Services shall assess welfare boards at the beginning of each fiscal year in the same proportion that the counties currently participate in the federal categorical assistance programs, in order to obtain the amount of each county’s share of the supplementary payments for eligible persons in this State, based upon the number of eligible persons in the county. Welfare boards shall pay the amount assessed.

There is appropriated an amount equal to the difference between actual revenue loss reflected in the Earned Income Tax Credit program and the amount anticipated as the revenue loss from the Earned Income Tax Credit to meet federal Maintenance of Effort requirements to allow the Department of Human Services to comply with the Maintenance of Effort requirements as specified in the federal “Personal Responsibility and Work Opportunity Reconciliation Act of 1996,” Pub.L.104-193, and as legislatively required by the Work First New Jersey program, section 4 of P.L.1997, c.38 (C.44:10-58), subject to the approval of the Director of the Division of Budget and Accounting.

Total Appropriation, Judiciary: $60,714,000

Total Appropriation, Federal Funds: $9,039,270,353

Notwithstanding any State law to the contrary, no State agency shall accept or expend federal funds except as appropriated by the Legislature or otherwise provided in this act.

In addition to the federal funds appropriated in this act, there are appropriated the following federal funds, subject to allotment by the Director of the Division of Budget and Accounting: emergency disaster aid funds; pass-through grants to political subdivisions of the State over which the State is not permitted to exercise discretion in the use or distribution of the funds and for which no State matching funds are required; the first 25 percent of unanticipated grant awards, and up to 25 percent of increases in previously anticipated grant awards for which no State matching funds are required except, for the purpose of this section, federal funds received by one executive agency that are ultimately expended by another executive agency shall not be considered pass-through grants; federal financial aid funds for students attending post-secondary educational institutions in excess of the amount specifically appropriated, provided however, that the Director of
the Division of Budget and Accounting shall notify the Legislative Budget and Finance Officer of such grants; and all other grants of $500,000 or less which have been awarded competitively.

For the purposes of federal funds appropriations, “political subdivisions of the State” means counties, municipalities, school districts, or agencies thereof, regional, county or municipal authorities, or districts other than interstate authorities or districts; “discretion” refers to any action in which an agency may determine either the amount of funds to be allocated or the recipient of the allocation; and “grants” refers to one-time, or time limited awards, which are received pursuant to submission of a grant application in competition with other grant applications.

The unexpended balances of federal funds as of June 30, 2002 are continued for the same purposes. The Director of the Division of Budget and Accounting shall inform the Legislative Budget and Finance Officer by November 1, 2002 of any unexpended balances which are continued.

The appropriate executive agencies shall prepare and submit to the Senate Budget and Appropriations Committee and the Assembly Appropriations Committee, or their successors, by March 1, 2003, reports on proposed expenditures during fiscal year 2003 for the following federal programs: the alcohol, drug abuse and mental health block grant; the education block grant; the community services block grant; the jobs training partnership block grant; the low income energy assistance block grant; the maternal and child health block grant; the preventive health and health services block grant; the small cities block grant; the social services block grant; and the child care block grant. These reports shall account for all federal, State and local funds which are anticipated to be expended on block grant programs, shall provide an accounting of block grant expenditures during the prior fiscal year, and shall provide a detailed list of contracts awarded to provide services under the block grants.

Out of the appropriations herein, the Director of the Division of Budget and Accounting is empowered to approve payments to liquidate any unrecorded liabilities for materials delivered or services rendered in prior fiscal years, upon the written recommendations of any department head or the department head’s designated representative. The Director of the Division of Budget and Accounting shall reject any recommendations for payment which the director deems improper.

The sum herein appropriated to the Department of Transportation for the Hudson-Bergen Light Rail Transit System is hereby appropriated, to the extent necessary, to pay the principal of and interest on the grant anticipation notes issued by the New Jersey Transit Corporation.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the General Medical Services program classification, and within the federal matching funding, in the Division of Medical Assistance and Health Services in the Department of Human Services, and within the Medical Services for the Aged program classification, and within the federal matching funding, in the Division of Senior Services in the Department of Health and Senior Services, subject to the approval of the Director.
of the Division of Budget and Accounting. Notice thereof shall be provided to
the Legislative Budget and Finance Officer on the effective date of the approved
transfer.

      (5) Requests for the transfer of federal funds, in amounts greater than $300,000, from one item of appropriation to another item of appropriation, if the amount of the transfer to an item in combination with the amount of the appropriation to that item would result in an amount in excess of the appropriation authority for that item, as defined by the program class;
      (6) Requests for such other transfers as are appropriate in order to ensure compliance with the legislative intent of this act.
b. The Joint Budget Oversight Committee or its successor may review all transfer requests submitted for legislative approval and may direct the Legislative Budget and Finance Officer to approve or disapprove any such transfer request. e. The provisions of subsections a. through d. of this section shall not apply to appropriations made to the Legislative or Judicial branches of State government. To permit flexibility in the handling of these appropriations, amounts may be transferred to and from the various items of appropriation by the appropriate officer or designee with notification given to the director on the effective date thereof.

f. Notwithstanding any provisions of this section to the contrary, transfers to and from the Special Purpose appropriation to the Governor for emergency or necessity under the Other Inter-Departmental Accounts program classification and transfers from the appropriations to the various accounts in the category of Salary Increases and Other Benefits, both in the Inter-Departmental Accounts, shall not be subject to legislative approval or disapproval.

The Director of the Division of Budget and Accounting shall have the authority to create such new accounts as may be necessary to carry out the intent of the transfer. And such franchise tax shall be in lieu of all other State, county or local taxation upon or measured by intangible personal property used in business by corporations liable to taxation under this act.

A taxpayer's exercise of its franchise in this State is subject to taxation in this State if the taxpayer's business activity in this State is sufficient to give this State jurisdiction to impose the tax under the Constitution and statutes of the United States.

3. Section 4 of P.L. 1945, c.162 (C.54:10A-4) is amended to read as follows:
C.54:10A-4 Definitions.

For the purposes of this act, unless the context requires a different meaning:

(a) "Commissioner" or "director" shall mean the Director of the Division of Taxation of the State Department of the Treasury.

(b) "Allocation factor" shall mean the proportionate part of a taxpayer's net worth or entire net income used to determine a measure of its tax under this act.

(c) "Corporation" shall mean any corporation, joint-stock company or association and any business conducted by a trustee or trustees wherein interest or ownership is evidenced by a certificate of interest or ownership or similar written instrument, any other entity classified as a corporation for federal income tax purposes, and any state or federally chartered building and loan association or savings and loan association.

(d) "Net worth" shall mean the aggregate of the values disclosed by the books of the corporation for (1) issued and outstanding capital stock, (2) paid-in or capital surplus, (3) earned surplus and undivided profits, and (4) surplus reserves which can reasonably be expected to accrue to holders or owners of equitable shares, not including reasonable valuation reserves, such as reserves for depreciation or obsolescence or depletion. Notwithstanding the foregoing, net worth shall not include any deduction for the amount of the excess depreciation described in paragraph (2)(F) of subsection (k) of this section. The foregoing aggregate of values shall be reduced by 50% of the amount disclosed by the books of the corporation for investment in the capital stock of one or more subsidiaries, which investment is defined as ownership (1) of at least 80% of the total combined voting power of all classes of stock of the subsidiary entitled to vote and (2) of at least 80% of the total number of shares of all other classes of stock except nonvoting stock which is limited and preferred as to dividends. In the case of investment in an entity organized under the laws of a foreign country, the foregoing requisite degree of ownership shall effect a like reduction of such investment from the net worth of the taxpayer, if the foreign entity is considered a corporation for any purpose under the United States federal income tax laws, such as (but not by way of sole examples) for the purpose of supplying deemed paid foreign tax credits or for the purpose of status as a controlled foreign corporation. In calculating the net worth of a taxpayer entitled to reduction for investment in subsidiaries, the amount of liabilities of the taxpayer shall be reduced by such proportion of the liabilities as corresponds to the ratio which the excluded portion of the subsidiary values bears to the total assets of the taxpayer.

In the case of banking corporations which have international banking facilities as defined in subsection (n), the foregoing aggregate of values shall also be reduced by retained earnings of the international banking facility.
Retained earnings means the earnings accumulated over the life of such facility and shall not include the distributive share of dividends paid and federal income taxes paid or payable during the tax year.

If in the opinion of the commissioner, the corporation's books do not disclose fair valuations the commissioner may make a reasonable determination of the net worth which, in his opinion, would reflect the fair value of the assets, exclusive of subsidiary investments as defined aforesaid, carried on the books of the corporation, in accordance with sound accounting principles, and such determination shall be used as net worth for the purpose of this act.

(e) (Deleted by amendment, P.L.1998, c.114.)

(f) "Investment company" shall mean any corporation whose business during the period covered by its report consisted, to the extent of at least 90% thereof of holding, investing and reinvesting in stocks, bonds, notes, mortgages, debentures, patents, patent rights and other securities for its own account, but this shall not include any corporation which: (1) is a merchant or a dealer of stocks, bonds and other securities, regularly engaged in buying the same and selling the same to customers; or (2) had less than 90% of its average gross assets in New Jersey, at cost, invested in stocks, bonds, debentures, mortgages, notes, patents, patent rights or other securities or consisting of cash on deposit during the period covered by its report; or (3) is a banking corporation, a savings institution, or a financial business corporation as defined in the Corporation Business Tax Act.

(g) "Regulated investment company" shall mean any corporation which for a period covered by its report, is registered and regulated under the Investment Company Act of 1940 (54 Stat. 789), as amended.

(h) "Taxpayer" shall mean any corporation, and any partnership required, or consenting, to report or to pay taxes, interest or penalties under this act. "Taxpayer" shall not include a partnership that is listed on a United States national stock exchange.

(i) "Fiscal year" shall mean an accounting period ending on any day other than the last day of December on the basis of which the taxpayer is required to report for federal income tax purposes.

(j) Except as herein provided, "privilege period" shall mean the calendar or fiscal accounting period for which a tax is payable under this act.

(k) "Entire net income" shall mean total net income from all sources, whether within or without the United States, and shall include the gain derived from the employment of capital or labor, or from both combined, as well as profit gained through a sale or conversion of capital assets.

For the purpose of this act, the amount of a taxpayer's entire net income shall be deemed prima facie to be equal in amount to the taxable income, before net operating loss deduction and special deductions, which the taxpayer is required to report, or, if the taxpayer is classified as a partnership for federal
tax purposes, would otherwise be required to report, to the United States Treasury Department for the purpose of computing its federal income tax, provided however, that in the determination of such entire net income,

(1) Entire net income shall exclude for the periods set forth in paragraph (2)(F)(i) of this subsection, any amount, except with respect to qualified mass commuting vehicles as described in section 168(t)(8)(D)(v) of the Internal Revenue Code as in effect immediately prior to January 1, 1984, which is included in a taxpayer's federal taxable income solely as a result of an election made pursuant to the provisions of paragraph (8) of that section.

(2) Entire net income shall be determined without the exclusion, deduction or credit of:

(A) The amount of any specific exemption or credit allowed in any law of the United States imposing any tax on or measured by the income of corporations;

(B) Any part of any income from dividends or interest on any kind of stock, securities or indebtedness, except as provided in paragraph (5) of subsection (k) of this section;

(C) Taxes paid or accrued to the United States, a possession or territory of the United States, a state, a political subdivision thereof, or the District of Columbia, or to any foreign country, state, province, territory or subdivision thereof, on or measured by profits or income, or business presence or business activity, or the tax imposed by this act, or any tax paid or accrued with respect to subsidiary dividends excluded from entire net income as provided in paragraph (5) of subsection (k) of this section;

(D) (Deleted by amendment, P.L.1985, c.143.)

(E) (Deleted by amendment, P.L.1995, c.418.)

(F) (i) The amount by which depreciation reported to the United States Treasury Department for property placed in service on and after January 1, 1981, but prior to taxpayer fiscal or calendar accounting years beginning on and after the effective date of P.L.1993, c.172, for purposes of computing federal taxable income in accordance with section 168 of the Internal Revenue Code in effect after December 31, 1980, exceeds the amount of depreciation determined in accordance with the Internal Revenue Code provisions in effect prior to January 1, 1981, but only with respect to a taxpayer's accounting period ending after December 31, 1981; provided, however, that where a taxpayer's accounting period begins in 1981 and ends in 1982, no modification shall be required with respect to this paragraph (F) for the report filed for such period with respect to property placed in service during that part of the accounting period which occurs in 1981. The provisions of this subparagraph shall not apply to assets placed in service prior to January 1, 1998 of a gas, gas and electric, and electric public utility that was subject to the provisions of P.L.1940, c.5 (C.54:30A-49 et seq.) prior to 1998.
(ii) For the periods set forth in subparagraph (F)(i) of this subsection, any amount, except with respect to qualified mass commuting vehicles as described in section 168(f)(8)(D)(v) of the Internal Revenue Code as in effect immediately prior to January 1, 1984, which the taxpayer claimed as a deduction in computing federal income tax pursuant to a qualified lease agreement under paragraph (8) of that section.

The director shall promulgate rules and regulations necessary to carry out the provisions of this section, which rules shall provide, among others, the manner in which the remaining life of property shall be reported.

(G) (i) The amount of any civil, civil administrative, or criminal penalty or fine, including a penalty or fine under an administrative consent order, assessed and collected for a violation of a State or federal environmental law, an administrative consent order, or an environmental ordinance or resolution of a local governmental entity, and any interest earned on the penalty or fine, and any economic benefits having accrued to the violator as a result of a violation, which benefits are assessed and recovered in a civil, civil administrative, or criminal action, or pursuant to an administrative consent order. The provisions of this paragraph shall not apply to a penalty or fine assessed or collected for a violation of a State or federal environmental law, or local environmental ordinance or resolution, if the penalty or fine was for a violation that resulted from fire, riot, sabotage, flood, storm event, natural cause, or other act of God beyond the reasonable control of the violator, or caused by an act or omission of a person who was outside the reasonable control of the violator.

(ii) The amount of treble damages paid to the Department of Environmental Protection pursuant to subsection a. of section 7 of P.L.1976, c.141 (C.58:10-23.11f), for costs incurred by the department in removing, or arranging for the removal of, an unauthorized discharge upon failure of the discharger to comply with a directive from the department to remove, or arrange for the removal of, the discharge.

(H) The amount of any sales and use tax paid by a utility vendor pursuant to section 71 of P.L.1997, c.162.

(I) Interest paid, accrued or incurred for the privilege period to a related member, as defined in section 5 of P.L.2002, c.40 (C.54:10A-4.4), except that a deduction shall be permitted to the extent that the taxpayer establishes by clear and convincing evidence, as determined by the director, that: (i) a principal purpose of the transaction giving rise to the payment of the interest was not to avoid taxes otherwise due under Title 54 of the Revised Statutes or Title 54A of the New Jersey Statutes, (ii) the interest is paid pursuant to arm's length contracts at an arm's length rate of interest, and (iii)(aa) the related member was subject to a tax on its net income or receipts in this State or another state or possession of the United States or in a foreign nation, (bb) a measure
of the tax includes the interest received from the related member, and (cc) the rate of tax applied to the interest received by the related member is equal to or greater than a rate three percentage points less than the rate of tax applied to taxable interest by this State.

A deduction shall also be permitted if the taxpayer establishes by clear and convincing evidence, as determined by the director, that the disallowance of a deduction is unreasonable, or the taxpayer and the director agree in writing to the application or use of an alternative method of apportionment under section 8 of P.L.1945, c.162 (C.54:10A-8); nothing in this subsection shall be construed to limit or negate the director's authority to otherwise enter into agreements and compromises otherwise allowed by law.

A deduction shall also be permitted to the extent that the taxpayer establishes by a preponderance of the evidence, as determined by the director, that the interest is directly or indirectly paid, accrued or incurred to (i) a related member in a foreign nation which has in force a comprehensive income tax treaty with the United States, provided however that the taxpayer shall disclose on its return for the privilege period the name of the related member, the amount of the interest, the relevant foreign nation, and such other information as the director may prescribe or (ii) to an independent lender and the taxpayer guarantees the debt on which the interest is required.

(3) The commissioner may, whenever necessary to properly reflect the entire net income of any taxpayer, determine the year or period in which any item of income or deduction shall be included, without being limited to the method of accounting employed by the taxpayer.

(4) There shall be allowed as a deduction from entire net income of a banking corporation, to the extent not deductible in determining federal taxable income, the eligible net income of an international banking facility determined as follows:

(A) The eligible net income of an international banking facility shall be the amount remaining after subtracting from the eligible gross income the applicable expenses;

(B) Eligible gross income shall be the gross income derived by an international banking facility, which shall include, but not be limited to, gross income derived from:

(i) Making, arranging for, placing or carrying loans to foreign persons, provided, however, that in the case of a foreign person which is an individual, or which is a foreign branch of a domestic corporation (other than a bank), or which is a foreign corporation or foreign partnership which is controlled by one or more domestic corporations (other than banks), domestic partnerships or resident individuals, all the proceeds of the loan are for use outside of the United States;
(ii) Making or placing deposits with foreign persons which are banks or foreign branches of banks (including foreign subsidiaries) or foreign branches of the taxpayers or with other international banking facilities;

(iii) Entering into foreign exchange trading or hedging transactions related to any of the transactions described in this paragraph; or

(iv) Such other activities as an international banking facility may, from time to time, be authorized to engage in;

(C) Applicable expenses shall be any expense or other deductions attributable, directly or indirectly, to the eligible gross income described in subparagraph (B) of this paragraph.

(5) Entire net income shall exclude 100% of dividends which were included in computing such taxable income for federal income tax purposes, paid to the taxpayer by one or more subsidiaries owned by the taxpayer to the extent of the 80% or more ownership of investment described in subsection (d) of this section and shall exclude 50% of dividends which were included in computing such taxable income for federal income tax purposes, paid to the taxpayer by one or more subsidiaries owned by the taxpayer to the extent of 50% or more ownership of investment, such ownership of investment calculated in the same manner as the 80% or more of ownership of investment is calculated as described in subsection (d) of this section.

(6) (A) Net operating loss deduction. There shall be allowed as a deduction for the privilege period the net operating loss carryover to that period.

(B) Net operating loss carryover. A net operating loss for any privilege period ending after June 30, 1984 shall be a net operating loss carryover to each of the seven privilege periods following the period of the loss. The entire amount of the net operating loss for any privilege period (the "loss period") shall be carried to the earliest of the privilege periods to which the loss may be carried. The portion of the loss which shall be carried to each of the other privilege periods shall be the excess, if any, of the amount of the loss over the sum of the entire net income, computed without the exclusions permitted in paragraphs (4) and (5) of this subsection or the net operating loss deduction provided by subparagraph (A) of this paragraph, for each of the prior privilege periods to which the loss may be carried.

(C) Net operating loss. For purposes of this paragraph the term "net operating loss" means the excess of the deductions over the gross income used in computing entire net income without the net operating loss deduction provided for in subparagraph (A) of this paragraph and the exclusions in paragraphs (4) and (5) of this subsection.

(D) Change in ownership. Where there is a change in 50% or more of the ownership of a corporation because of redemption or sale of stock and the corporation changes the trade or business giving rise to the loss, no net operating loss sustained before the changes may be carried over to be deducted.
from income earned after such changes. In addition where the facts support
the premise that the corporation was acquired under any circumstances for
the primary purpose of the use of its net operating loss carryover, the director
may disallow the carryover.

(E) Notwithstanding the provisions of this paragraph (6) of subsection
(k) of this section to the contrary, for privilege periods beginning during
calendar year 2002 and calendar year 2003, no deduction for any net operating
loss carryover shall be allowed. If and only to the extent that any net operating
loss carryover deduction is disallowed by reason of this subparagraph (E),
the date on which the amount of the disallowed net operating loss carryover
deduction would otherwise expire shall be extended by two years.

Provided, that this subparagraph (E) shall not restrict the surrender or
acquisition of corporation business tax benefit certificates pursuant to section
1 of P.L.1997, c.334 (C.34:1B-7.42a) and shall not restrict the application
of corporation business tax benefit certificates pursuant to section 2 of P.L.1997,
c.334 (C.54:10A-4.2).

(7) The entire net income of gas, electric and gas and electric public utilities
that were subject to the provisions of P.L.1940, c.5 (C.54:30A-49 et seq.)
prior to 1998, shall be adjusted by substituting the New Jersey depreciation
allowance for federal tax depreciation with respect to assets placed in service
prior to January 1, 1998. For gas, electric, and gas and electric public utilities
that were subject to the provisions of P.L.1940, c.5 (C.54:30A-49 et seq.)
prior to 1998, the New Jersey depreciation allowance shall be computed as
follows: All depreciable assets placed in service prior to January 1, 1998 shall
be considered a single asset account. The New Jersey tax basis of this
depreciable asset account shall be an amount equal to the carryover adjusted
basis for federal income tax purposes on December 31, 1997 of all depreciable
assets in service on December 31, 1997, increased by the excess, of the "net
carrying value," defined to be adjusted book basis of all assets and liabilities,
excluding deferred income taxes, recorded on the public utility's books of
account on December 31, 1997, over the carryover adjusted basis for federal
income tax purposes on December 31, 1997 of all assets and liabilities owned
by the gas, electric, or gas and electric public utility as of December 31, 1997.
"Books of account" for gas, gas and electric, and electric public utilities means
the uniform system of accounts as promulgated by the Federal Energy
Regulatory Commission and adopted by the Board of Public Utilities. The
following adjustments to entire net income shall be made pursuant to this
section:

(A) Depreciation for property placed in service prior to January 1, 1998
shall be adjusted as follows:

(i) Depreciation for federal income tax purposes shall be disallowed in
full.
(ii) A deduction shall be allowed for the New Jersey depreciation allowance. The New Jersey depreciation allowance shall be computed for the single asset account described above based on the New Jersey tax basis as adjusted above as if all assets in the single asset account were first placed in service on January 1, 1998. Depreciation shall be computed using the straight line method over a thirty-year life. A full year's depreciation shall be allowed in the initial tax year. No half-year convention shall apply. The depreciable basis of the single account shall be reduced by the adjusted federal tax basis of assets sold, retired, or otherwise disposed of during any year on which gain or loss is recognized for federal income tax purposes as described in subparagraph (B) of this paragraph.

(B) Gains and losses on sales, retirements and other dispositions of assets placed in service prior to January 1, 1998 shall be recognized and reported on the same basis as for federal income tax purposes.

(C) The Director of the Division of Taxation shall promulgate regulations describing the methodology for allocating the single asset account in the event that a portion of the utility's operations are separated, spun-off, transferred to a separate company or otherwise desegregated.

(8) In the case of taxpayers that are gas, electric, gas and electric, or telecommunication public utilities as defined pursuant to subsection (q) of this section, the director shall have authority to promulgate rules and issue guidance correcting distortions and adjusting timing differences resulting from the adoption of P.L.1997, c.162 (C.54:10A-5.25 et al.).

(9) Notwithstanding paragraph (1) of this subsection, entire net income shall not include the income derived by a corporation organized in a foreign country from the international operation of a ship or ships, or from the international operation of aircraft, if such income is exempt from federal taxation pursuant to section 883 of the federal Internal Revenue Code of 1986, 26 U.S.C. s.883.

(10) Entire net income shall exclude all income of an alien corporation the activities of which are limited in this State to investing or trading in stocks and securities for its own account, investing or trading in commodities for its own account, or any combination of those activities, within the meaning of section 864 of the federal Internal Revenue Code of 1986, 26 U.S.C. s.864, as in effect on December 31, 1998. Notwithstanding the previous sentence, if an alien corporation undertakes one or more infrequent, extraordinary or non-recurring activities, including but not limited to the sale of tangible property, only the income from such infrequent, extraordinary or non-recurring activity shall be subject to the tax imposed pursuant to P.L.1945, c.162 (C.54:10A-1 et seq.), and that amount of income subject to tax shall be determined without regard to the allocation to that specific transaction of any general business expense of the taxpayer and shall be specifically assigned to this State for
taxation by this State without regard to section 6 of P.L.1945, c.162 (C.54:10A-6). For the purposes of this paragraph, "alien corporation" means a corporation organized under the laws of a jurisdiction other than the United States or its political subdivisions.

(11) No deduction shall be allowed for research and experimental expenditures, to the extent that those research and experimental expenditures are qualified research expenses or basic research payments for which an amount of credit is claimed pursuant to section 1 of P.L.1993, c.175 (C.54:10A-5.24) unless those research and experimental expenditures are also used to compute a federal credit claimed pursuant to section 41 of the federal Internal Revenue Code of 1986, 26 U.S.C. s.41.

(B) The director shall prescribe the rules and regulations necessary to carry out the provisions of this paragraph, including, among others, those for determining the adjusted basis of the acquired property for the purposes of the "Corporation Business Tax Act (1945)", P.L. 1945, c.162.

(1) "Real estate investment trust" shall mean any corporation, trust or association qualifying and electing to be taxed as a real estate investment trust under federal law.

(m) "Financial business corporation" shall mean any corporate enterprise which is (1) in substantial competition with the business of national banks and which (2) employs moneyed capital with the object of making profit by its use as money, through discounting and negotiating promissory notes, drafts, bills of exchange and other evidences of debt; buying and selling exchange; making of or dealing in secured or unsecured loans and discounts; dealing in securities and shares of corporate stock by purchasing and selling such securities and stock without recourse, solely upon the order and for the account of customers; or investing and reinvesting in marketable obligations evidencing indebtedness of any person, copartnership, association or corporation in the form of bonds, notes or debentures commonly known as investment securities; or dealing in or underwriting obligations of the United States, any state or any political subdivision thereof, or of a corporate instrumentality of any of them. This shall include, without limitation of the foregoing, business
commonly known as industrial banks, dealers in commercial paper and acceptances, sales finance, personal finance, small loan and mortgage financing businesses, as well as any other enterprise employing moneyed capital coming into competition with the business of national banks; provided that the holding of bonds, notes, or other evidences of indebtedness by individual persons not employed or engaged in the banking or investment business and representing merely personal investments not made in competition with the business of national banks, shall not be deemed financial business. Nor shall "financial business" include national banks, production credit associations organized under the Farm Credit Act of 1933 or the Farm Credit Act of 1971, Pub.L. 92-181 (12 U.S.C. s.2091 et seq.), stock and mutual insurance companies duly authorized to transact business in this State, security brokers or dealers or investment companies or bankers not employing moneyed capital coming into competition with the business of national banks, real estate investment trusts, or any of the following entities organized under the laws of this State: credit unions, savings banks, savings and loan and building and loan associations, pawnbrokers, and State banks and trust companies.

(n) "International banking facility" shall mean a set of asset and liability accounts segregated on the books and records of a depository institution, United States branch or agency of a foreign bank, or an Edge or Agreement Corporation that includes only international banking facility time deposits and international banking facility extensions of credit as such terms are defined in section 204.8(a)(2) and section 204.8(a)(3) of Regulation D of the board of governors of the Federal Reserve System, 12 CFR Part 204, effective December 3, 1981. In the event that the United States enacts a law, or the board of governors of the Federal Reserve System adopts a regulation which amends the present definition of international banking facility or of such facilities' time deposits or extensions of credit, the Commissioner of Banking and Insurance shall forthwith adopt regulations defining such terms in the same manner as such terms are set forth in the laws of the United States or the regulations of the board of governors of the Federal Reserve System. The regulations of the Commissioner of Banking and Insurance shall thereafter provide the applicable definitions.

(o) "S corporation" means a corporation included in the definition of an "S corporation" pursuant to section 1361 of the federal Internal Revenue Code of 1986, 26 U.S.C. s.1361.

(p) "New Jersey S corporation" means a corporation that is an S corporation; which has made a valid election pursuant to section 3 of P.L.1993, c.173 (C.54:10A-5.22); and which has been an S corporation continuously since the effective date of the valid election made pursuant to section 3 of P.L.1993, c.173 (C.54:10A-5.22).

(1) If the alternative minimum assessment for a taxpayer computed pursuant to this section exceeds the tax computed pursuant to section 5 of P.L.1945, c.165 (C.54:10A-5) for a privilege period, the taxpayer shall be allowed an amount of credit equal to the amount by which the alternative minimum assessment computed pursuant to this section for the privilege period exceeds the tax computed pursuant to section 5 of P.L.1945, c.165 (C.54:10A-5) for that privilege period; provided however, that a taxpayer shall not be allowed a credit for any amount of alternative minimum assessment for a privilege period for which a credit is allowed pursuant to section 29 of P.L.2002, c.40 (C.54:10A-5b). The amount of credit may be carried forward for application in subsequent privilege periods subject to the limitations of paragraph (2) of this subsection.

(2) A taxpayer may apply all or a portion of the credits allowed by paragraph (1) of this subsection against the tax computed pursuant to section 5 of P.L.1945, c.162 (C.54:10A-5), for a privilege period for which the tax pursuant to that section exceeds the alternative minimum assessment computed for the privilege period pursuant to this section; provided however, that the amount of credit applied shall not reduce the amount of tax otherwise due to less than the alternative minimum assessment as computed pursuant to this section for the privilege period, shall not reduce the amount of tax otherwise due by more than 50%, and shall not reduce the amount of tax otherwise due below the statutory minimum provided in subsection (e) of section 5 of P.L.1945, c.162 (C.54:10A-5).

8. Section 6 of P.L.1945, c.162 (C.54:10A-6) is amended to read as follows:

C.54:10A-6 Allocation factor.

6. In the case of a taxpayer which maintains a regular place of business outside this State other than a statutory office, the portion of its entire net worth to be used as a measure of the tax imposed by subsection (a) of section 5 of P.L.1945, c.162 (C.54:10A-5), and the portion of its entire net income to be used as a measure of the tax imposed by subsection (c) of section 5 of P.L.1945, c.162 (C.54:10A-5), shall be determined by multiplying such entire net worth and entire net income, respectively, by an allocation factor which is the property fraction, plus twice the sales fraction plus the payroll fraction and the denominator of which is four, except as the director may determine pursuant to section 8 of P.L.1945, c.162 (C.54:10A-8), that is:

(A) The property fraction is the average value of the taxpayer's real and tangible personal property within the State during the period covered by its report divided by the average value of all the taxpayer's real and tangible personal property wherever situated during such period; provided, however, that for the purpose of determining average value, the provisions with respect
to depreciation as set forth in subparagraph (F) of paragraph (2) of subsection (k) of section 4 of P.L.1945, c.162 (C.54:10A-4) shall be taken into account for arriving at such value.

(B) The sales fraction is the receipts of the taxpayer, computed on the cash or accrual basis according to the method of accounting used in the computation of its net income for federal tax purposes, arising during such period from

1. sales of its tangible personal property located within this State at the time of the receipt of or appropriation to the orders where shipments are made to points within this State,
2. sales of tangible personal property located without the State at the time of the receipt of or appropriation to the orders where shipment is made to points within the State,
3. (Deleted by amendment.)
4. services performed within the State,
5. rentals from property situated, and royalties from the use of patents or copyrights, within the State,
6. all other business receipts (excluding dividends excluded from entire net income by paragraph (1) of subsection (k) of section 4 of P.L.1945, c.162 (C.54:10A-4)) earned within the State, divided by the total amount of the taxpayer's receipts, similarly computed, arising during such period from all sales of its tangible personal property, services, rentals, royalties and all other business receipts, whether within or without the State; provided however, that if receipts would be assigned to a state, a possession or territory of the United States or the District of Columbia or to any foreign country in which the taxpayer is not subject to a tax on or measured by profits or income, or business presence or business activity, then the receipts shall be excluded from the denominator of the sales fraction.

(C) The payroll fraction is the total wages, salaries and other personal service compensation, similarly computed, during such period of officers and employees within the State divided by the total wages, salaries and other personal service compensation, similarly computed, during such period of all the taxpayer's officers and employees within and without the State.

In the case of a taxpayer which does not maintain a regular place of business outside this State other than a statutory office, the allocation factor shall be 100%.

In the case of a banking corporation which maintains a regular place of business outside this State other than a statutory office, and which elects to take the exclusion from net worth provided in subsection (d) of section 4 of P.L.1945, c.162 (C.54:10A-4) or the deduction from entire net income provided in paragraph (4) of subsection (k) of section 4 of P.L.1945, c.162 (C.54:10A-4), the allocation factor shall be computed and applied in accordance with section
6 of P.L.1945, c.162 (C.54:10A-6); provided, however, that the numerators and the denominators of the fractions described in (A), (B) or (C) above shall include all amounts attributable, directly or indirectly, to the production of the eligible net income of an international banking facility as defined in paragraph (4) of subsection (k) of section 4 of P.L.1945, c.162 (C.54:10A-4), whether or not such amounts are otherwise attributable to this State.

9. Section 5 of P.L.1993, c.173 (C.54:10A-6.1) is amended to read as follows:

C.54:10A-6.1 "Operational income" defined; related corporate expenses not deductible; conditions; forms; rules.

5. a. "Operational income" subject to allocation to New Jersey means income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations and includes investment income serving an operational function. Income that a taxpayer demonstrates with clear and convincing evidence is not operational income is classified as nonoperational income, and the nonoperational income of taxpayers is not subject to allocation but shall be specifically assigned; provided, that 100% of the nonoperational income of a taxpayer that has its principal place from which the trade or business of the taxpayer is directed or managed in this State shall be specifically assigned to this State to the extent permitted under the Constitution and statutes of the United States.

b. Corporate expenses related to nonoperational income are not deductible in determining entire net income. Notwithstanding the provisions of R.S.54:49-6 or any other law to the contrary:

(1) if in prior privilege periods property had been classified as operational property, and later is demonstrated to have been nonoperational property and is subsequently disposed of, all expenses, without limitation, deducted for prior privilege periods related to such nonoperational property shall be added back and recaptured as income in the period of disposition of such property;

(2) if in prior privilege periods income had been classified as serving an operational function, and later is demonstrated not to have been serving an operational function, all expenses, without limitation, deducted in prior privilege periods related to such income not serving an operational function shall be added back and recaptured as income; and

(3) the denominators of the fractions used to determine the allocation factor pursuant to section 6 of P.L.1945, c.162 (C.54:10A-6), for privilege periods for which redeterminations are required pursuant to paragraphs (1) and (2) of this subsection shall be redetermined to exclude the amounts, if any, relating to the nonoperational property or the nonoperational income.
c. The Director of the Division of Taxation shall prescribe such forms for administration and adopt such administrative rules as the director deems necessary for the implementation of this section.

10. Section 10 of P.L.1945, c.162 (C.54:10A-10) is amended to read as follows:

C.54:10A-10 Evasion of tax; adjustments and redeterminations; obtaining information.

10. a. Whenever it shall appear to the director that any taxpayer fails to maintain its records in accordance with sound accounting principles or conducts its business or maintains its records in such manner as either directly or indirectly to distort its true entire net income or its true entire net worth under this act or the proportion thereof properly allocable to this State, or whenever any taxpayer maintains a place of business outside this State, or whenever any agreement, understanding or arrangement exists between a taxpayer and any other corporation or any person or firm, for the purpose of evading tax under this act, or whereby the activity, business, receipts, expenses, assets, liabilities, income or net worth of the taxpayer are improperly or inaccurately reflected, the director is authorized and empowered, in the director's discretion and in such manner as the director may determine, to adjust and redetermine such items, and to adjust items of gross receipts, tangible or intangible property and payrolls within and without the State and the allocation of entire net income or entire net worth or to make any other adjustments in any tax report or tax returns as may be necessary to make a fair and reasonable determination of the amount of tax payable under this act.

b. Where (1) any taxpayer conducts its activity or business under any agreement, arrangement or understanding in such manner as either directly or indirectly to benefit its members or stockholders, or any of them, or any person or persons directly or indirectly interested in such activity or business, by entering into any transaction at more or less than a fair price which, but for such agreement, arrangement or understanding, might have been paid or received therefor, or (2) any taxpayer, a substantial portion of whose capital stock is owned either directly or indirectly by or through another corporation, enters into any transaction with such other corporation on such terms as to create an improper loss or net income, the director may include in the entire net income of the taxpayer the fair profits which, but for such agreement, arrangement or understanding, the taxpayer might have derived from such transaction. The director may require any person or corporation to submit such information under oath or affirmation, or to permit such examination of its books, papers and documents, as may be necessary to enable the director to determine the existence, nature or extent of an agreement, understanding
or arrangement to which this section relates, whether or not such person or
corporation is subject to the tax imposed by this act.

 c. The entire net income of a taxpayer exercising its franchise in this
State that is a member of an affiliated group or a controlled group pursuant
to section 1504 or 1563 of the federal Internal Revenue Code of 1986, 26
U.S.C. s.1504 or 1563, shall be determined by eliminating all payments to,
or charges by, other members of the affiliated or controlled group in excess
of fair compensation in all inter-group transactions of any kind. Notwithstanding
the elimination of all inter-group transactions in excess of fair compensation,
if the taxpayer cannot demonstrate by clear and convincing evidence that a
report by a taxpayer discloses the true earnings of the taxpayer on its business
carried on in this State, the director may, at the director's discretion, require
the taxpayer to file a consolidated return of the entire operations of the affiliated
group or controlled group, including its own operations and income to the
extent permitted under the Constitution and statutes of the United States. The
director shall determine the true amount of entire net income earned by the
taxpayer in this State. The consolidated entire net income of the taxpayer
and of the other members of its affiliated group or controlled group shall be
allocated to this State by use of the applicable allocation formula that the director
requires pursuant to P.L.1945, c.162 (C.54A:10A-1 et seq.) be used by the
taxpayer. The return shall include in the allocation formula the property,
payrolls, and sales of all corporations for which the return is made. The director
may require a consolidated return under this section without regard to whether
the other members of the affiliated or controlled group, other than the taxpayer,
are or are not exercising their franchises in this State.

 A consolidated return required by this section shall be filed within 60 days
after it is demanded, subject to the penalties of the State Uniform Tax Procedure
Law, R.S.54:48-1 et seq.

 The member of an affiliated group or a controlled group shall incorporate
in its return required under this section information needed to determine under
this section its taxable entire net income, and shall furnish any additional
information the director requires, subject to the penalties of the State Uniform
Tax Procedure Law, R.S.54:48-1 et seq. A taxpayer shall furnish any additional
information requested within 30 days after it is demanded, subject to the
penalties of the State Uniform Tax Procedure Law, R.S.54:48-1 et seq.

 11. Section 14 of P.L.1945, c.162 (C.54:10A-14) is amended to read as
follows:

C.54:10A-14 Copies of information may be demanded by director; records to be kept; securing
information.

 14. (a) The director may by general rule or by special notice require any
taxpayer to submit copies or pertinent extracts of its federal income tax returns,
or of any other tax return made to any agency of the federal government, or of this or any other state, or of any statement or registration made pursuant to any state or federal law pertaining to securities or securities exchange regulation.

(b) The director may require all taxpayers to keep such records as the director may prescribe, and the director may require the production of books, papers, documents and other data, to provide or secure information pertinent to the determination of the tax hereunder and the enforcement and collection thereof. The director may, also, by general rule or by special notice require any taxpayer to make and file information returns, under oath, of facts pertinent to the determination of the tax or liability for tax hereunder, pursuant to such regulations, at such times and in such form and manner and to such extent as the director may prescribe pursuant to law.

(c) Each taxpayer filing a return that is a member of an affiliated group or a controlled group pursuant to section 1504 or 1563 of the federal Internal Revenue Code of 1986, 26 U.S.C. s.1504 or 1563 shall, upon the request of the director and 90 days' notice thereof, disclose in its return for the privilege period the amount of all inter-member costs or expenses, including but not limited to management fees, rents, and other services, for the privilege period. If the taxpayer acquires products or services from another member of its affiliated group or controlled group, which it re-sells or otherwise uses to generate revenue, the taxpayer shall, upon the request of the director and 90 days' notice thereof, disclose the amount of revenue generated from those products or services. The director shall promulgate rules and procedures for the manner of disclosure. A failure to file such a disclosure shall be deemed the filing of an incomplete tax return, subject to the penalties of the State Uniform Tax Procedure Law, R.S.54:48-1 et seq.

C.54:10A-15.11 Tax payment by certain partnerships; definitions.

12. a. A partnership that is not a qualified investment partnership and that is not listed on a United States national stock exchange shall, on or before the 15th day of the fourth month succeeding the close of each privilege period, remit a payment of tax. The amount of tax shall be equal to the sum of: all of the share of the entire net income of the partnership for that privilege period of all nonresident noncorporate partners, multiplied by an allocation factor determined, pursuant to section 6 of P.L.1945, c.162 (C.54:10A-6), based on the allocation fractions of the partnership for that privilege period, and multiplied by.0637 plus all of the share of the entire net income of the partnership for that privilege period of all nonresident corporate partners, multiplied by an allocation factor determined, pursuant to section 6 of P.L.1945, c.162 (C.54:10A-6), based on the allocation fractions of the partnership for that privilege period, and multiplied by .09.
b. An amount of tax paid by a partnership pursuant to subsection a. of this section shall be credited to accounts of its nonresident partners in proportion to each nonresident partner's share of allocated entire net income and the multiplier rate for that partner class under subsection a. of this section as of the date of its receipt by the director, and each amount of tax so credited shall be deemed to have been paid by the respective partner in respect of the privilege period or taxable year of the partner.

c. For the purposes of this section:

"Nonresident noncorporate partner" means an individual, an estate or a trust subject to taxation pursuant to the "New Jersey Gross Income Tax Act," N.J.S. 54A: 1-1 et seq., that is not a resident taxpayer or a resident estate or trust under that act;

necessary for the proper enforcement of this act. The director shall cause a
supply thereof to be printed and shall furnish appropriate blank forms to each
taxpayer upon application or otherwise as he may deem necessary. Failure
to receive a form shall not relieve any taxpayer from the obligation to file a
return under the provisions of this act. Each such return shall have annexed
thereto a certification by the president, vice-president, comptroller, secretary,
treasurer, assistant treasurer, accounting officer of the taxpayer or any other
officer of the taxpayer duly authorized so to act to the effect that the statements

which account the corporation shall maintain; and such other information
as the director may prescribe by regulation. The S corporation shall, on or
before the day on which such return is required to be filed, furnish to each
person who was a shareholder during the privilege period a copy of such
information shown on the return as the director may by regulation prescribe.

c. (1) The return of a taxpayer that is a professional corporation organized

for profit organized for the purpose of rendering professional services under
the laws of another state, shall in addition to any information set forth pursuant
to subsection a. of this section, set forth the name, address and federal taxpayer

The amount of the installment payment shall be credited against the amount of the filing fee due for the succeeding return period, or, if the amount of the installment payment exceeds the amount of the filing fee due for the succeeding return period, successive return periods.

(4) Notwithstanding the provisions of R.S.54:48-2 and R.S.54:48-4 to the contrary, the fee required pursuant to paragraph (2) of this subsection and the installment payment required pursuant to paragraph (3) of this subsection shall, for purposes of administration, be payments to which the provisions of the State Uniform Tax Procedure Law, R.S.54:28-1 et seq., shall be applicable and the collection thereof may be enforced by the director in the manner therein provided.

15. Section 10 of P.L.1947, c.50 (C.54:10A-19.1) is amended to read as follows:

17. a. Notwithstanding the limitation of the application of subsection (g) of section 5 of P.L.1945, c.162 (C.54:10A-5) made pursuant to section 6 of P.L.2002, c.40, that limitation shall not affect any obligation, lien or duty to make installment payments and pay interest or penalties which have accrued or may accrue by virtue of any duty to make installment payments pursuant to the provisions of section 5 of P.L.2001, c.136 (C.54:10A-15.8) prior to the limitation of the application of subsection (g) of section 5 of P.L.1945, c.162 (C.54:10A-5) made pursuant to section 6 of P.L.2002, c.40; and provided that all estimated payments which would have been due and payable prior to the enactment of P.L.2002, c.40 shall be due and payable as if the limitation were not in effect; and provided that this limitation shall not affect the legal authority of the State to audit records and assess and collect installment payments which may be due, together with such interest and penalties as have accrued or would have accrued thereon and shall not affect any determination of, or affect any proceeding for, the enforcement thereof.

"Business facility" means any factory, mill, plant, refinery, warehouse, building, complex of buildings or structural components of buildings, and all machinery, equipment and personal property located within this State, used in connection with the operation of the business of a corporation that is subject to the tax imposed pursuant to section 5 of P.L.1945, c.162 (C.54:10A-5), and all facility preparation and start-up costs of the taxpayer for the business facility which it capitalizes for federal income tax purposes.

"Compensation" means wages, salaries, commissions or any other form of remuneration paid to employees for personal services.

"Controlled group" means one or more chains of corporations connected through stock ownership with a common parent corporation if stock possessing
at least 50% of the voting power of all classes of stock of each of the corporations is owned directly or indirectly by one or more of the corporations; and the common parent owns directly stock possessing at least 50% of the voting power of all classes of stock of at least one of the other corporations.

"Director" means the Director of the Division of Taxation in the Department of the Treasury.

"Expanded business facility" means any business facility, other than a new business facility, resulting from acquisition, construction, reconstruction, installation or erection of improvements or additions to existing property if such improvements or additions are purchased on or after the operative date of this act, but only to the extent of a taxpayer's qualified investment in such improvements or additions.

"New business facility" means a business facility which:

a. is employed by a taxpayer in the conduct of a business which is or will be taxable under P.L.1945, c.162 (C.54:10A-1 et seq.). Such facility shall not be considered a new business facility in the hands of a taxpayer if the taxpayer's only activity with respect to such facility is to lease it to another person;

b. is purchased by a taxpayer and is placed in service or use on or after the operative date of this act;

c. was not purchased by a taxpayer from a related person. The director may waive this requirement if the facility was acquired from a related person for its fair market value and the acquisition was not tax motivated;

d. was not in service or use during the 90-day period immediately prior to transfer of the title to the facility, provided that this restriction for the 90-day period may be waived by the director if the director determines that individuals employed at the facility may be considered as "new employees" as defined in this section.

"New employee" means an individual residing and domiciled in this State, hired by a taxpayer to fill a position or a job in this State which previously did not exist in the taxpayer's business enterprise in this State prior to the date on which the taxpayer's qualified investment is placed in service or use in this State provided that:

a. the individual's duties in connection with the operation of the business facility are on a regular, full-time and permanent basis or regular part-time and permanent basis;

b. the individual is not a related individual as defined in subsection (i) of section 51 of the federal Internal Revenue Code of 1986, 26 U.S.C. s.51, or does not own 10% or more of the business with such ownership interest to be determined under the rules set forth in section 267 of the federal Internal Revenue Code of 1986, 26 U.S.C. s.267;
c. the individual is not an individual who worked for the taxpayer during the six-month period ending on the date the taxpayer's qualified investment is placed in service or use and is rehired by the taxpayer during the six-month period beginning on the date the taxpayer's qualified investment is placed in service or use in this State; and

d. the individual is not an employee for whom the taxpayer is allowed a credit pursuant to section 19 of P.L.1983, c.303 (C.52:27H-78) or section 12 of P.L.1985, c.227 (C.55:19-13).

As used in this definition: "full-time" means employment for at least 140 hours per month at a wage not less than the State or federal minimum wage, if either minimum wage provision is applicable to the business and "permanent basis" does not include employment that is temporary or seasonal and therefore the compensation paid to temporary or seasonal employees will not be considered for purposes of sections 4 and 6 of this act; and "part-time" means customarily performing such duties at least 20 hours per week for at least six months during the tax year. In no event shall the number of new employees directly attributable to the qualified investment for the purpose of the credit allowed pursuant to this act exceed the total increase in the taxpayer's average employment in this State for the tax year over the average employment in this State for the previous tax year and in no event shall the number of new employees directly attributable to the qualified investment for the purpose of the credit allowed pursuant to this act exceed one-half of the average employment in this State for the tax year; and provided, that the director may require that the net increase in the taxpayer's employment in this State be determined and certified for the taxpayer's controlled group.

Provided further, however, that individuals filling jobs saved as a direct result of the taxpayer's qualified investment in property purchased for business relocation or expansion on or after the operative date of this act may be treated as new employees filling new jobs if the taxpayer certifies the material facts to the director and the director expressly finds that: but for the new employer purchasing the assets of a business in bankruptcy under chapter 7 or 11 of the United States Bankruptcy Code and such new employer making qualified investment in property purchased for business relocation or expansion, the assets would have been sold by the United States bankruptcy court in a liquidation sale and the jobs so saved would have been lost; or but for the taxpayer's qualified investment in property purchased for business relocation or expansion in this State, the business facility in this State would have closed and the employees located at the facility would have lost their jobs; provided that the director shall not make this certification unless the director finds that the business is insolvent as defined in paragraph (32) of 11 U.S.C. s.101 or that the business facility was destroyed in whole or in significant part by fire, flood or act of God.
"New job" means a job which did not exist in the business of the taxpayer in this State prior to the taxpayer's qualified investment being made, and which is filled by a new employee.

"Partnership" means a syndicate, group, pool, joint venture or other unincorporated organization through or by means of which any business, financial operation or venture is carried on, and which is not a trust or estate, a corporation or a sole proprietorship. The term "partner" includes a member in such a syndicate, group, pool, joint venture or organization.

"Property purchased for business relocation or expansion" means improvements to real property and tangible personal property, but only if that improvement or personal property was constructed or purchased and placed in service or use by the taxpayer, for use as a component part of a new or expanded business facility located in this State.

a. Property purchased for business relocation or expansion shall include only:

(1) improvements to real property placed in service or use on or after the operative date of this act by the taxpayer;

(2) tangible personal property placed in service or use by the taxpayer on or after the operative date of this act, with respect to which depreciation, or amortization in lieu of depreciation, is allowable in determining the corporation business tax liability of the taxpayer under P.L.1945, c.162, and which has a remaining recovery period of three or more years at the time the property is placed in service or use in this State; or

(3) tangible personal property owned and used by the taxpayer at a business location outside this State which is moved into this State on or after the operative date of this act, for use as a component part of a new or expanded business facility located in this State; provided that the property is depreciable or amortizable personal property for income tax purposes, and has a remaining recovery period of three or more years at the time the property is placed in service or use in this State.

b. Property purchased for business relocation or expansion shall not include:

(1) Repair costs, including materials used in the repair, unless for federal income tax purposes, the cost of the repair must be capitalized and not expensed;

(2) Airplanes;

(3) Property which is primarily used outside this State with that use being determined based upon the amount of time the property is actually used both within and without this State;

(4) Property which is acquired incident to the purchase of the stock or assets of the seller unless for good cause shown, the director consents to waiving this disqualification; or
(5) Property purchased on or after the operative date of this act, unless pursuant to a written contract to purchase executed prior to the operative date of this act, the cost or consideration for which cannot be quantified with any reasonable degree of accuracy at the time such property is placed in service or use; provided that if the contract of purchase specifies a minimum purchase price the amount thereof shall be used to determine the qualified investment in such property under section 5 of this act if the property otherwise qualifies as property purchased for business relocation or expansion.

c. Property shall be deemed to have been purchased prior to a specified date only if:

(1) the physical construction, reconstruction or erection of the property was begun prior to the specified date, or such property was constructed, reconstructed, erected or acquired pursuant to a written contract as existing and binding on the purchase prior to the specified date; or

(2) the machinery or equipment was owned by the taxpayer prior to the specified date, or was acquired by the taxpayer pursuant to a binding purchase contract which was in effect prior to the specified date.

"Purchase" means any acquisition of property, including an acquisition pursuant to a lease, but only if:

a. the property is not acquired from a person whose relationship to the person acquiring it would result in the disallowance of deductions under section 267 or subsection (b) of section 707 of the federal Internal Revenue Code of 1986, 26 U.S.C. s.267 or s.707;

b. the property is not acquired by one member of a controlled group from another member of the same controlled group. The director may waive this requirement if the property was acquired from a related party for its then fair market value; and

c. the basis of the property for federal income tax purposes, in the hands of the person acquiring it, is not determined:

(1) in whole or in part by reference to the federal adjusted basis of such property in the hands of the person from whom it was acquired; or

(2) under subsection (e) of section 1014 of the federal Internal Revenue Code of 1986, 26 U.S.C. s.1014.

"Related person" means:

a. a corporation, partnership, association or trust controlled by the taxpayer;

b. an individual, corporation, partnership, association or trust that is in control of the taxpayer;

c. a corporation, partnership, association or trust controlled by an individual, corporation, partnership, association or trust that is in control of the taxpayer; or

d. a member of the same controlled group as the taxpayer.
As used in the definition of related person and as is applicable to the definitions of purchase and small or mid-size business taxpayer, "control," with respect to a corporation, means ownership, directly or indirectly, of stock possessing 50% or more of the total combined voting power of all classes of the stock of the corporation entitled to vote; "control," with respect to a trust, means ownership, directly or indirectly, of 50% or more of the beneficial interest in the principal or income of the trust. The ownership of stock in a corporation, of a capital or profits interest in a partnership or association or of a beneficial interest in a trust shall be determined in accordance with the rules for constructive ownership of stock provided in subsection (c) of section 267 of the federal Internal Revenue Code of 1986, 26 U.S.C. s.267, other than paragraph (3) of subsection (c) of that section.

"Small or mid-size business taxpayer" means a taxpayer that has an annual payroll, as calculated pursuant to section 6 of P.L.1945, c.162 (C.54:10A-6), of $5,000,000 or less and annual gross receipts, as calculated pursuant to section 6 of P.L.1945, c.162 (C.54:10A-6), of not more than $10,000,000 for the tax year in which property purchased for business relocation or expansion is placed in service or use by the taxpayer; provided that beginning with tax years commencing on and after January 1 next following the operative date of P.L.2002, c.40 the director shall prescribe the amount of annual payroll and annual gross receipts which shall apply by increasing each such amount hereinabove by an annual inflation adjustment factor, which prescribed amount shall be rounded to the next lowest multiple of $50. "Annual inflation adjustment factor" means the factor calculated by dividing the consumer price index for urban wage earners and clerical workers for the nation, as prepared by the United States Department of Labor for September of the calendar year prior to the calendar year in which the tax year begins, by that index for September of the calendar year two years prior to the calendar year in which the tax year begins. The annual payroll of a taxpayer shall include the employees of its domestic and foreign affiliates, whether employed on a full-time, part-time, temporary, or other basis, during the preceding 12 months. If a taxpayer has not been in existence for 12 months, the payroll of the taxpayer shall be divided by the number of weeks, including fractions of a week, that it has been in business, and the result multiplied by 52. That amount shall then be added to the 12-month payrolls of its domestic and foreign affiliates to determine the annual payroll of the taxpayer for purposes of this definition. The annual gross receipts of a taxpayer shall include the annual gross receipts of its foreign and domestic affiliates. The annual gross receipts of a taxpayer which has been in business for three or more complete tax years means the average of the annual gross receipts of the business for the last three tax years. For purposes of this definition, the gross receipts of the taxpayer includes receipts from sales of tangible personal property and services, interests, rents, royalties,
fees, commissions and receipts from any other source, but less returns and
allowances, sales of fixed assets, interaffiliated transactions between a business
and its domestic and foreign affiliates, and taxes collected for remittance to
a third party, as shown on its books for federal income tax purposes. The
annual receipts of a taxpayer that has been in business for less than three
complete tax years means its total receipts for the period it has been in business,
divided by the number of weeks including fractions of a week that it has been
in business, and multiplied by 52. "Affiliates" includes all concerns that are
affiliates of each other when either directly or indirectly one concern controls
the other or a third party or parties controls both. In determining whether
congerats are independently owned and operated and whether or not affiliation
exists, the director shall consider all appropriate factors, including common
ownership, common management and contractual relationships. "Concern"
means any business entity organized for profit (even if its ownership is in the
hands of a nonprofit entity), having a place of business located in this State,
and which makes a contribution to the economy of this State through payment
of taxes, or the sale or use in this State of tangible personal property, or the
procurement or providing of services in this State, or the hiring of employees
who work in this State. "Concern" includes but is not limited to any person
as defined in R.S.1:1-2.
"Tax year" means the fiscal or calendar accounting year of a taxpayer.

19. Section 3 of P.L.1993, c.170 (C.54:10A-5.6) is amended to read as
follows:

C.54:10A-5.6 Determination of taxpayer credit allowed.
3. a. A taxpayer shall be allowed a credit against the portion of the tax
imposed in section 5 of P.L.1945, c.162 (C.54:10A-5), that is attributable
to and the direct consequence of the taxpayer's qualified investment in a new
or expanded business facility in this State which results in the creation of at
least five new jobs in the case of a small or mid-size business taxpayer, or
at least 50 new jobs in the case of any other taxpayer, provided that the median
compensation of all new jobs included in the taxpayer's determination of the
new jobs factor shall not be less than $27,000 per year, provided that beginning
with tax years commencing on and after January 1 next following the operative
date of this act the director shall adjust the median annual compensation which
shall apply as provided in subsection e. of this section. The amount of this
credit shall be determined and applied as hereinafter provided.

b. The amount of the credit allowed shall be determined by multiplying
the amount of the taxpayer's "qualified investment," determined under section
5 of this act, in "property purchased for business relocation or expansion"
by the taxpayer's new jobs factor determined under section 6 of this act. The
product of this calculation shall establish the maximum amount of credit allowed under this act due to the qualified investment.

c. The amount of credit allowed shall be taken over a five-year period, at the rate of one-fifth of the amount thereof per tax year, beginning with the tax year in which the taxpayer places the qualified investment in service or use in this State.

d. For purposes of the credit allowed by this section, property shall be considered placed in service or use in the earlier of the following tax years:

   (1) The tax year in which, under the taxpayer's depreciation practice, the period for depreciation with respect to such property begins; or

   (2) The taxable year in which the property is placed in a condition or state of readiness and availability for a specifically assigned function.

e. Beginning with tax years commencing on and after January 1 next following the operative date of this act the director shall prescribe the annual median compensation of all new jobs included in the taxpayer's determination of new jobs factor by increasing the amount of median compensation set forth in subsection a. of this section by an annual inflation adjustment factor, which prescribed amount shall be rounded to the next lowest multiple of $50. "Annual inflation adjustment factor" means the factor calculated by dividing the consumer price index for urban wage earners and clerical workers for the nation, as prepared by the United States Department of Labor for September of the calendar year prior to the calendar year in which the tax year begins, by that index for September of the calendar year two years prior to the calendar year in which the tax year begins.

20. Section 6 of P.L.1993, c.170 (C.54:10A-5.9) is amended to read as follows:

C.54:10A-5.9 New jobs factor to determine amount of credit allowed.

6. a. The new jobs factor used to determine the amount of credit allowed under this act shall be based on the number of new jobs created in this State that are directly attributable to the qualified investment of the taxpayer.

   b. (1) (a) For a taxpayer that is not a small or mid-size business taxpayer, if 50 new jobs are created and filled during the tax year in which the qualified investment is placed in service or use in this State, the applicable new jobs factor shall be 0.005. For each 50 additional new jobs over the initial 50, up to 1000 total new jobs, the applicable new jobs factor of 0.005 shall be increased by adding thereto 0.005, up to a maximum new jobs factor of 0.10.

    (b) During each of the remaining four years of the five-year credit period, the taxpayer shall redetermine the new jobs factor for the tax year on the annual return based on the average number of new employees employed in new jobs
during that tax year (determined on a monthly basis) created as the direct result of the taxpayer's qualified investment.

(2) (a) For a taxpayer that is a small or mid-size business taxpayer, if five new jobs are created and filled during the tax year in which the qualified investment is placed in service or use in this State, the applicable new jobs factor shall be 0.01. For each five additional new jobs over the initial five, up to 100 total new jobs, the applicable new jobs factor of 0.01 shall be increased by adding thereto 0.01, up to a maximum new jobs factor of 0.20.

(b) During each of the remaining four years of the five-year credit period, the taxpayer shall redetermine the new jobs factor for the tax year on the annual return based on the average number of new employees employed in new jobs during that tax year (determined on a monthly basis) created as the direct result of the taxpayer's qualified investment.

c. An employee's position shall be directly attributable to the qualified investment if:

1. the employee's service is performed or the employee's base of operations is at the new or expanded business facility;
2. the position did not exist prior to the construction, renovation, expansion or acquisition of the business facility and the making of the qualified investment; and
3. but for the qualified investment, the position would not have existed.

d. With the annual corporation business tax return filed under P.L.1945, c.162, for each tax year during the five-year credit period for a qualified investment, the taxpayer shall certify:

1. the new jobs factor for that tax year for the qualified investment;
2. the amount of the credit allowed for that year for the qualified investment;
3. that the qualified investment property continued to be used in the business, or if any of it was disposed of during the year, the date of disposition, and that such property was not disposed of prior to expiration of its recovery period, as determined under section 5 of this act; and
4. that the new jobs are directly attributable to the qualified investment, are filled by individuals who meet the definition of new employee, and the median annual compensation of all new employees is equal to or greater than the minimum median annual compensation required by section 3 of this act.

e. With the annual return for the corporation business tax imposed under P.L.1945, c.162, filed for the tax year in which the qualified investment is first placed in service or use in this State, the taxpayer shall estimate and certify the number of new jobs reasonably projected to be created by it in this State within the period prescribed in subsection g. of this section, that are, or will be directly attributable to the qualified investment of the taxpayer.
f. The hours of part-time employees shall be aggregated to determine the number of equivalent full-time employees for the purpose of determining the new jobs factor pursuant to subsection b. of this section but shall not be so aggregated for the purposes of subsection c. of this section.

g. With the annual return for the tax imposed under P.L.1945, c.162, filed for the third tax year in which the qualified investment is in service or use in this State, the taxpayer shall certify the actual number of new jobs created by it in this State, that are directly attributable to the qualified investment of the taxpayer.

(1) If the actual number of jobs created would result in a higher new jobs factor, the credit allowed under this act shall be redetermined and amended returns filed for the first and second tax years that the qualified investment was in service or use in this State.

(2) If the actual number of jobs created would result in a lower new jobs factor, the credit previously allowed under this act shall be redetermined and amended returns filed for the first and second tax years. Any additional taxes due under P.L.1945, c.162, shall be remitted with the amended returns filed with the director, together with any penalty and interest, for failure to pay any such tax when due as provided in the State Uniform Tax Procedure Law, R.S.54:48-1 et seq.

21. Section 8 of P.L.1993, c.170 (C.54:10A-5.11) is amended to read as follows:

C.54:10A-5.11 Disposal of property; treatment under act.

8. a. (1) Property of a small or mid-size business taxpayer shall not be treated as disposed of under section 7 of this act by reason of a mere change in the form of conducting the business as long as the property is retained in a business of a small or mid-size business taxpayer in this State, and the taxpayer retains a controlling interest in the successor business. In this event, the successor business shall be allowed to claim the amount of credit still available with respect to the new or expanded business facility or facilities transferred, and the small or mid-size business taxpayer-transferor shall not be required to redetermine the amount of credit allowed in earlier tax years.

(2) Property of a taxpayer that is not a small or mid-size business taxpayer shall not be treated as disposed of under section 7 of this act by reason of a mere change in the form of conducting the business as long as the property is retained in a business of a taxpayer in this State, and the taxpayer retains a controlling interest in the successor business. In this event, the successor business shall be allowed to claim the amount of credit still available with respect to the new or expanded business facility or facilities transferred, and
the taxpayer-transferor shall not be required to redetermine the amount of credit allowed in earlier tax years.

b. (1) Property of a small or mid-size business taxpayer shall be treated as disposed of under section 7 of this act by reason of a change in the form of conducting the business if the property is not retained in a business of a small or mid-size business taxpayer in this State in which the small or mid-size business taxpayer retains a controlling interest.

(2) Property of a small or mid-size business taxpayer shall not be treated as disposed of under section 7 of this act by reason of any transfer or sale to a successor small or mid-size business taxpayer which continues to operate the new or expanded business facility in this State. Upon transfer or sale, the successor shall acquire the amount of credit that remains available under this act for each subsequent tax year and the taxpayer-transferor shall not be required to redetermine the amount of credit allowed in earlier years.

(3) Property of a business that is not a small or mid-size business taxpayer shall not be treated as disposed of under section 7 of this act by reason of any transfer or sale to a successor taxpayer which continues to operate the new or expanded business facility in this State. Upon transfer or sale, the successor shall acquire the amount of credit that remains available under this act for each subsequent tax year and the taxpayer-transferor shall not be required to redetermine the amount of credit allowed in earlier years.

(4) Property of a small or mid-size business taxpayer shall be treated as disposed of under section 7 by reason of any transfer or sale to a successor that is not a small or mid-size business taxpayer, whether or not the successor continues to operate the business in this State. Upon such transfer or sale, the successor shall not acquire any amount of credit under this act and the taxpayer-transferor shall redetermine, as required by this act, the amount of credit allowed in earlier years.

22. N.J.S.54A:8-6 is amended to read as follows:

Requirements concerning returns, notices, records and statements.

54A:8-6. Requirements concerning returns, notices, records and statements.

(a) General. The director may prescribe regulations as to the keeping of records, the content and form of returns and statements, and the filing of copies of federal income tax returns and determinations. The director may require any person, by regulation or notice served upon such person, to make such returns, render such statements, or keep such records, as the director may deem sufficient to show whether or not such person is liable under this act for tax or for collection of tax.

(b) Partnerships. (1) Each entity classified as a partnership for federal income tax purposes, including but not limited to a partnership, a limited liability
partnership, or a limited liability company, having a resident owner of an interest in the entity or having any income derived from New Jersey sources, shall make a return for the taxable year setting forth all items of income, gain, loss and deduction and such other pertinent information as the director may by regulations and instructions prescribe. The director shall prescribe a State return form that, at a minimum, includes the name and address of each partner, member, or other owner of an interest in the entity however designated, of the entity for taxable years ending on or after December 31, 1994. Such return shall be filed on or before the fifteenth day of the fourth month following the close of each taxable year.

(2) (A) Each entity classified as a partnership for federal income tax purposes having any income derived from New Jersey sources, including but not limited to a partnership, a limited liability partnership, or a limited liability company, that has more than two owners shall at the prescribed time for making the return required under this subsection make a payment of a filing fee of $150 for each owner of an interest in the entity, up to a maximum of $250,000.

(B) Each entity required to make a payment pursuant to subparagraph (A) of this paragraph shall also make, at the same time as making its payment pursuant to subparagraph (A) of this paragraph, an installment payment of its filing fee for the succeeding return period in an amount equal to 50% of the amount required to be paid pursuant to subparagraph (A). The amount of the installment payment shall be credited against the amount of the filing fee due for the succeeding return period, or, if the amount of the installment payment exceeds the amount of the filing fee due for the succeeding return period, successive return periods.

(C) Notwithstanding the provisions of R.S.54:48-2 and R.S.54:48-4 to the contrary, the fee required pursuant to subparagraph (A) of this paragraph and the installment payment required pursuant to subparagraph (B) of this paragraph shall, for purposes of administration, be payments to which the provisions of the State Uniform Tax Procedure Law, R.S.54:28-1 et seq., shall be applicable and the collection thereof may be enforced by the director in the manner therein provided.

(3) Each entity required to file a return under this subsection for any taxable year shall, on or before the day on which the return for the taxable year is required to be filed, furnish to each person who is a partner or other owner of an interest in the entity however designated, or who holds an interest in such entity as a nominee for another person at any time during that taxable year a copy of such information required to be shown on such return as the director may prescribe.

(4) For the purposes of this subsection, "taxable year" means a year or period which would be a taxable year of the partnership if it were subject to tax under this act.
(c) Information at source. The director may prescribe regulations and instructions requiring returns of information to be made and filed on or before February 15 of each year as to the payment or crediting in any calendar year of amounts of $100.00 or more to any taxpayer under this act. Such returns may be required of any person, including lessees or mortgagees of real or personal property, fiduciaries, employers, and all officers and employees of this State, or of any municipal corporation or political subdivision of this State, having the control, receipt, custody, disposal or payment of interest, rents, salaries, wages, premiums, annuities, compensations, remunerations, emoluments or other fixed or determinable gains, profits or income, except interest coupons payable to bearer. A duplicate of the statement as to tax withheld on wages, required to be furnished by an employer to an employee, shall constitute the return of information required to be made under this section with respect to such wages.

(d) Notice of qualification as receiver, et cetera. Every receiver, trustee in bankruptcy, assignee for benefit of creditors, or other like fiduciary shall give notice of his qualification as such to the director, as may be required by regulation.

Repealer.

23. The following are repealed:
   Sections 1 through 16, 18 and 19 of P.L.1973, c.31 (C.54:10D-1 et seq.); and

24. a. Notwithstanding the repeal of the "Savings Institutions Tax Act," P.L.1973, c.31 (C.54:10D-1 et seq.), and the Corporation Income Tax Act (1972) P.L.1973, c.170 (C.54:10E-1 et seq.), pursuant to section 23 of P.L.2002, c.40, their repeal shall not affect any obligation, lien or duty to pay taxes, interest or penalties which have accrued or may accrue by virtue of any taxes imposed pursuant to the provisions of the laws repealed by section 23 of P.L.2002, c.40, or which may be imposed with respect to any redetermination, correction, recomputation or deficiency assessment; and provided that all taxes and returns which would have been due and payable for the tax period ending prior to the enactment of P.L.2002, c.40 shall be due and payable as if the laws were in effect; and provided that these repeals shall not affect the legal authority of the State to audit records and assess and collect taxes due or which may be due, together with such interest and penalties as have accrued or would have accrued thereon under the provisions of the law repealed; and provided that the repeal by section 23 of P.L.2002, c.40, shall not affect any determination of, or affect any proceeding for, the enforcement thereof.
b. In the case of a taxpayer that was a taxpayer as defined pursuant to P.L.1973, c.170 (C.54:10E-1 et seq.), for the fiscal or calendar accounting period next ending after the effective date of this section, "basis of the facts shown on the return of the taxpayer for, and the law applicable to, the preceding fiscal or calendar accounting year" shall, for the purposes of paragraph (1) of subsection d. of section 5 of P.L.1981, c.184 (C.54:10A-15.4), for the fiscal or calendar year next beginning after the effective date of this act, be deemed to be the basis of the facts shown on the return of the taxpayer for, and the law applicable to, the preceding fiscal or calendar accounting year pursuant to P.L.1973, c.170 (C.54:10E-1 et seq.).

c. If such election is made, the group will be considered a single taxpayer and, for the purposes of section 5 of P.L.1945, c.162 (C.54:10A-5), the amount of the taxpayer's entire net income shall be deemed prima facie to be equal in amount to the taxable income, before net operating loss deduction and special deductions, that the taxpayer is required to report or, if the taxpayer is classified as a partnership for federal tax purposes, would otherwise be required to report, to the United States Treasury Department for the purpose of computing its consolidated federal taxable income.

31. a. There is established the Corporation Business Tax Study Commission, in but not of the Department of the Treasury, which shall conduct a continuous study and evaluation of the corporate tax law reforms adopted pursuant to P.L.2002, c.40, with specific reference to:

(1) whether the corporation business tax burden is fairly and equitably borne and distributed among corporations that are subject to the tax;

(2) whether profitable corporations doing business in New Jersey can avoid paying their fair share of taxes by using tax minimization or avoidance
strategies that may include cross-border tax avoidance such as isolation of nexus-creating activities or the transfer of certain income to holding companies in low tax or tax haven jurisdictions, intragroup corporate transfer pricing techniques, use of special deductions or exclusions that manipulate income and costs between parent-subsidiary or affiliated companies that benefit large or multinational or multistate corporations over smaller businesses operating wholly within New Jersey;

(3) whether, without reducing anticipated revenues from that tax, the tax burden could be more fairly and equitably borne and distributed;

(4) whether the revenue and distributional impacts of the changes to the Corporation Business Tax Act (1945) enacted pursuant to P.L. 2002, c. 40 yield the recurring revenue goals that New Jersey must achieve to bring long-term structural balance to State finances; and

(5) whether New Jersey and its corporation business taxpayers would be better served by the use of a combined taxation under the unitary business concept.

b. The commission shall be composed of nine members as follows:

(1) two members, one appointed by each of the Senate Presidents;

(2) two members appointed by the Speaker of the General Assembly;

(3) five members appointed by the Governor.

Each member shall be a resident of the State who has knowledge and expertise in the area of corporation income tax. Of the members appointed by the Governor, one shall be a member of the academic community, one shall be a certified public accountant, one shall be a member of the State tax bar, one shall represent large businesses, and one shall represent small businesses. The members appointed by the Speaker of the General Assembly shall not be members of the same political party, the members appointed by the Presidents of the Senate shall not be members of the same political party, and no more than three of the members appointed by the Governor shall be of the same political party.

c. Vacancies in the membership of the commission shall be filled in the same manner as the original appointments were made.

d. The members of the commission shall be appointed and shall hold their initial organizational meeting within 60 days after the enactment of this act. The members shall elect one of the members to serve as chair and the chair may appoint a secretary, who need not be a member of the commission. The members of the commission shall serve without compensation, but shall be eligible for reimbursement for necessary and reasonable expenses incurred in the performance of their official duties within the limits of funds made available to the commission for its purposes.
e. The commission shall meet at the call of the chair. The commission shall hold at least three public hearings and elicit testimony from the public at such times and places as the chair shall designate. A meeting of the commission shall be called upon the request of five of the commission's members and five members of the commission shall constitute a quorum at any meeting thereof.

f. The commission may employ and fix the compensation of an executive director, whose employment shall be in the unclassified service of the State. The executive director shall serve as secretary to the commission and carry out its policies under the direction of the chair.

g. The commission shall be entitled to call to its assistance and avail itself of the services of any State, county, or municipal department, board, bureau, commission or agency, as it may require and as may be available for its purposes, including the Director of the Division of Taxation, in the Department of the Treasury, who shall publish to the commission to the fullest extent possible under the confidentiality restrictions of R.S.54:50-9 such statistics, so classified as to prevent the identification of a particular report and the items thereof, as the commission may request, and the commission may employ stenographic and clerical assistance and incur traveling and other miscellaneous expenses as may be necessary in order to perform its duties, within the limits of funds appropriated or otherwise made available to it for its purposes.

h. The commission may meet and hold hearings at the places it designates during the sessions or recesses of the Legislature. The commission may issue interim reports and shall produce and provide a final report with findings and recommendations to the Governor and the Legislature, along with any legislative bills it desires to recommend for adoption by the Legislature, no later than December 30, 2003.

i. If the Director of the Division of Taxation determines that the final report of the commission has not been produced and provided by June 30, 2004, the director shall suspend the alternative minimum assessment determined pursuant to section 7 of P.L.2002, c.40 (C.54:10A-5a) for all privilege periods commencing after December 31, 2004. If, as a recommendation of its final report, the commission recommends the termination of the alternative minimum assessment imposed pursuant to section 7 of P.L.2002, c.40 (C.54:10A-5a), the assessment shall not be imposed for privilege periods beginning on or after January 1, 2005.

32. a. There is hereby created within the General Fund a restricted reserve fund to be known as the "Corporation Business Tax Excess Revenue Fund."
The State Treasurer shall credit to the "Corporation Business Tax Excess Revenue Fund," on or before December 31 annually in 2003, 2004 and 2005, the amounts, if any, by which the State revenues derived from the corporation business tax in the prior fiscal year exceeded the target amount for that fiscal year; provided however, that if the total General Fund revenue for State Fiscal Year 2003 is less than the amount certified for that year, then the amount credited to the fund shall be reduced by that difference. Moneys credited to the "Corporation Business Tax Excess Revenue Fund" may be invested in the same manner as assets of the General Fund and any investment earnings on the "Corporation Business Tax Excess Revenue Fund" shall accrue to the "Corporation Business Tax Excess Revenue Fund." For the purposes of section 3 of P.L.1990, c.44 (C.52:9H-16), amounts credited to the "Corporation Business Tax Excess Revenue Fund" shall not be included in the determination of funds deposited in the General Fund.

b. Balances in the "Corporation Business Tax Excess Revenue Fund" may be appropriated by the Legislature during State fiscal year 2004 or 2005 in the event that the revenue collections from the corporation business tax are less than the target amount for that fiscal year.

c. If balances remain in the Corporation Business Tax Excess Revenue Fund on December 30, 2005, the Director of the Division of Taxation shall adjust proportionately the tax rates in section 5 of P.L.1945, c.162 (C.54:1OA-5) as it applies to privilege periods commencing during calendar year 2006 so as to reduce the expected revenue thereunder by an amount equal to the balance in the fund.

d. As used in this section, "target amount" means $1,823,000,000 for State fiscal year 2003, and for each State fiscal year thereafter means the target amount for the prior fiscal year multiplied by the weighted average rate of growth of the rate of growth of the State revenue collections pursuant to the "New Jersey Gross Income Tax Act," N.J.S.54A:1-1 et seq. and the State revenue collections pursuant to the "Sales and Use Tax Act," P.L.1966, c.30 (C.54:32B-1 et seq.), which weighted average rate of growth shall be measured by the amount of anticipated revenue from those two sources certified by the Governor upon approval of the annual appropriation act for the current fiscal year over both the amount of revenue from the "Sales and Use Tax Act," P.L.1966, c.30 (C.54:32B-1 et seq.) actually deposited in the General Fund in the immediately-preceding fiscal year and the amount of revenue from the "New Jersey Gross Income Tax Act," N.J.S.54A:1-1 et seq., actually deposited in the Property Tax Relief Fund in the immediately-preceding fiscal year, as determined from the annual financial report of the State for the fiscal year immediately preceding.
33. This act shall take effect immediately and apply to privilege periods and taxable years beginning on or after January 1, 2002, provided however that section 27 shall apply to privilege periods ending after June 30, 1984.

Approved July 2, 2002.

CHAPTER 43

AN ACT encouraging municipal rehabilitation and economic recovery in certain fiscally distressed municipalities, amending various parts of statutory law, creating chapter 27BBB of Title 52 of the Revised Statutes, and making appropriations.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

ARTICLE 1. GENERAL PROVISIONS

C.52:27BBB-1 Short title.
1. This act shall be known and may be cited as the "Municipal Rehabilitation and Economic Recovery Act."

C.52:27BBB-2 Findings, declarations relative to municipal rehabilitation and economic recovery.
2. The Legislature finds and declares that:
   a. There exists in certain municipalities a continuing state of fiscal distress which endures despite the imposition of a series of measures authorized pursuant to law;
   b. Economically impoverished, those municipalities have a history of high crime rates, including arson, that has necessitated the maintenance of large police and fire departments, at enormous taxpayer cost in municipalities without a sound tax base;
   c. The past fifty years have witnessed the depopulation of those municipalities characterized by such problems;
d. Spending power on the part of residents of these municipalities is severely limited and local businesses thereby suffer from the lack of an indigenous client base so that rebuilding the fortunes of city residents in order to recreate a viable urban economy will require a considerable period of time;

e. Notwithstanding the prosperity which has been experienced elsewhere throughout New Jersey in recent years, the unemployment rate in these municipalities is substantially higher than that of most other municipalities;

f. While the rest of New Jersey has enjoyed increased land values, the ratable base in these municipalities has declined steadily during the 1990’s, marked by their low equalized value per capita which can be about one-half that of other cities;

g. Coupled with this economic deprivation, many of these municipalities are characterized by a lack of internal audit controls, accountability and oversight, evidenced by the fact that although real estate taxes comprise over two-thirds of locally generated revenues, many of these municipalities do not rigorously enforce collection and receive but a portion of their levy;

h. Although the State has experienced a period of tremendous prosperity and economic growth over the past few years, such municipalities continue to languish without any obvious signs of improvement;

i. These municipalities have experienced a substantial budget deficit for many years which has only been addressed through extraordinary payments of State aid;

j. While State aid dollars which have been directed toward such municipalities have served to address their structural deficits, they have not, and cannot, function as an economic impetus toward the rebuilding of those municipalities;

k. Because a significant proportion of the population of such municipalities lacks adequate health insurance coverage, causing many to seek basic care in municipal emergency rooms, municipal hospitals are heavily dependent upon state assistance commonly referred to as “charity care” for reimbursement. Such health services are crucial to the overall health of the infrastructure and social growth and stability of qualified municipalities. Moreover, the demand for such health services has necessitated planning for a major expansion of medical school programs within qualified municipalities;

l. Given the high crime rates in these municipalities, if economic recovery is to be successful, it is vital that municipal residents feel that their basic safety is assured; accordingly, the State will continue to commit to assist such municipalities in maintaining not less than that number of police officers employed by the municipality on the effective date of P.L.2002, c.43 (C.52:27BBB-I et al.) and in creating working relationships between State agencies, local law enforcement and the community to identify and develop
strategies to improve the quality of life and the security of residents in qualified municipalities;

m. In order to ensure the long-term economic viability of such municipalities, it is critical that the Legislature encourage, to the extent possible, the production of market-rate housing within the municipality so as to expand the local tax base and provide a greater diversity of income levels among municipal inhabitants;

n. When faced with analogous situations, other states have employed extraordinary measures to provide leadership and oversight for struggling cities and the necessary tools to spur an economic revival within those cities; and

o. In light of the dire needs faced by such municipalities and the lack of progress in addressing those needs either governmentally or through private sector initiative, and given the successful interventions on the part of other states in analogous circumstances, it is incumbent upon the State to take exceptional measures, on an interim basis, to rectify certain governance issues faced by such municipalities and to strategically invest those sums of money necessary in order to assure the long-term financial viability of these municipalities.

In addition, the commissioner shall notify:

The special arbitrator shall, on an expedited basis, oversee the resolution of any impasse brought before the special arbitrator by the chief operating officer pursuant to sections 9, 11, 13, 16, 22, and 27 of P.L.2002, c.43 (C.52:27BBB-9, C.52:27BBB-11, C.52:27BBB-13, C.52:27BBB-16, C.52:27BBB-22, and C.52:27BBB-27) or any other impasse resulting from any action or failure to act on the part of the mayor, the governing body or any other officer or appointee of the municipality. C.52:27BBB-6 Municipality deemed under rehabilitation and economic recovery; term.

In the event that the chief operating officer does not serve out the chief operating officer's term of office for any reason, a successor shall be chosen by the Governor.

c. The term of the chief operating officer shall terminate five years following the assumption of duties on the part of the chief operating officer. The chief operating officer may be hired as a State employee in the unclassified service of Title 11A, Civil Service, of the New Jersey Statutes or may be hired under contract, as provided hereunder. Notwithstanding any other provision of law, no person so appointed shall acquire tenure.

If the chief operating officer is hired under contract, the person hired shall meet the qualifications set forth herein, and it shall be clear from the contract that the position is full-time and that the job site shall be at the principal offices of the municipality. If, for any reason, a person engaged under contract is unable to fulfill the job responsibilities of chief operating officer, the selection process shall be recommenced in accordance with the provisions of this section.

If the chief operating officer is hired under contract, the contract shall be available for public inspection in the office of the municipal clerk.

d. If the chief operating officer anticipates that the rehabilitation term will be insufficient to achieve rehabilitation goals, the chief operating officer shall include in the report a detailed analysis of the causes for the municipality's inability to reestablish local control and an assessment of the amount of time necessary for the continuation of the period of the rehabilitation term.

In addition to the foregoing, the report shall include detailed information as to how those funds appropriated pursuant to P.L.2002, c.43 (C.52:27BBB-1 et al.) are being spent and how those expenditures are serving to promote the economic revitalization of the qualified municipality.

Ordinances and resolutions shall be adopted or amended as provided by law except that the chief operating officer shall exercise the functions, powers and duties of the mayor.

Failure of the mayor or governing body to act upon or approve any proposal introduced by the chief operating officer shall constitute an impasse and shall be subject to the dispute resolution procedures set forth in section 5 of P.L.2002, c.43 (C.52:27BBB-5).

c. Notwithstanding the provisions of the "Long Term Tax Exemption Law," P.L.1991, c.431 (C.40A:20-1 et seq.), the chief operating officer may negotiate financial agreements and otherwise exercise the powers of the governing body pursuant thereto, including making available municipal land in order to facilitate a project pursuant to section 17 of P.L.1991, c.431 (C.40A:20-17). Any such agreements negotiated by the chief operating officer shall be presented to the governing body for the information of the members of the governing body.

d. Notwithstanding any provisions of P.L.2001, c.310 to the contrary, the chief operating officer may, in consultation with the mayor and governing body, negotiate bond financing pursuant to the "Redevelopment Area Bond Financing Law," sections 1 through 10 of P.L.2001, c.310 (C.40A:12A-64 through 73) and revenue allocation financing pursuant to the "Revenue Allocation District Financing Act," sections 11 through 41 of P.L.2001, c.310 (C.52:27D-459 through 489).

e. The functions, powers and duties reallocated to the chief operating officer pursuant to this section shall include, but not be limited to those powers allocated to the mayor which are found in the charter and administrative code of the municipality, Titles 40 and 40A generally and specifically in the "Local Bond Law," N.J.S.40A:2-1 et seq., the "Local Budget Law," N.J.S.40A:4-1 et seq., the "Local Fiscal Affairs Law," N.J.S.40A:5-1 et seq., the "Local Public Contracts Law," P.L.1971, c.198 (C.40A:11-1 et seq.), any specific form of government law according to which the municipality is governed, and such other sections or other laws necessary to the governance and administration of a municipality, the control of litigation, and the determination of service levels as provided in this section.

f. During the rehabilitation term, the chief operating officer shall exercise the veto power of the mayor with respect to municipal ordinances; provided, however, that the chief operating officer may delegate the veto power to the mayor. In addition, during the rehabilitation term, the chief operating officer shall have the power to veto the minutes of any independent board or authority, including, but not limited to, the housing authority, parking authority, redevelopment authority, planning board and board of adjustment.
During the rehabilitation term, the chief operating officer may refer any matter involving any action or failure to act to the special arbitrator.

g. Subject to the approval of the director, the chief operating officer may appoint a confidential secretary and executive assistant who shall be State employees and serve in the unclassified service of the Civil Service. The salary and benefits of these appointees shall be fixed by the director and adjusted from time to time as the director deems appropriate. The salary, benefits, and costs of these appointees shall be an expense of the State.

These appointees shall serve at the pleasure of the chief operating officer.

C.52:27BBB-10 Particular powers of chief operating officer.

10. The chief operating officer may:

a. Sue in the municipality's corporate name and submit disputes and controversies to arbitration and determination in the manner provided by law;

b. Retain municipal corporation counsel and such other special counsel as the chief operating officer may deem necessary to carry out the functions, powers and duties set forth in P.L.2002, c.43 (C.52:27BBB-1 et al.); and

c. Request the State Treasurer to provide no interest loans to the municipality for cash flow purposes.

C.52:27BBB-11 Appointment of department heads.

11. Within 30 days of the assumption of job responsibilities on the part of the chief operating officer, the chief operating officer shall, in consultation with the mayor, recommend the interim appointment of department heads and submit the list of nominees to the governing body for confirmation. The department heads shall include a business administrator, or functional equivalent thereof, who shall not be the chief operating officer. The governing body may only reject a candidate by a 2/3 vote of the fully authorized membership of the governing body. In the event of an impasse in the appointment process, the matter shall be decided by the special arbitrator, whose decision shall not be subject to appeal. In making a determination pursuant to this subsection, the special arbitrator shall uphold the appointment recommended by the chief operating officer if, by any objective measure, the person under consideration for that position is qualified by reason of experience, education or training.

These interim appointees shall fulfill those responsibilities delegated to them by the chief operating officer pending the completion of the municipal management study by the chief operating officer pursuant to section 12 of P.L.2002, c.43 (C.52:27BBB-12).

C.52:27BBB-12 Preparation of municipal management study.

12. a. Within 30 days following the submission of interim department head appointments to the governing body, the chief operating officer, in consultation with the mayor, shall undertake the preparation of a municipal
management study which analyzes the current state of all services provided by each municipal department and the service levels provided in similarly situated municipalities and shall call upon experts or State government officials, as necessary, in order to identify the options available to achieve appropriate levels of service. The study shall include police and fire services provided by the municipality, as well as planning, zoning, code enforcement, permitting and any other municipal permitting.

b. The study shall include reference to those studies previously completed by the State during the period of supervision or the operation of the financial review board and any other relevant studies.

c. The study shall be completed no later than nine months following the appointment of the interim department heads.

d. The study shall include a review of the municipal organizational plan, the management structure of each department, and the specific personnel needs within each department and unit therein necessary to achieve the levels of service identified in the study as appropriate for the qualified municipality.

With regard to public safety services, the study shall analyze the current state of services provided in light of such performance measures as calls per officer and call response time and make recommendations for current and future staffing levels in order to realize appropriate levels of service.

With respect to other municipal services, the study shall address turnaround time on the processing, review, and approval of applications, permits, grants, loans or other application-driven interactions on the part of private individuals with the municipality and make recommendations for improvement, including considerations of future staffing levels and the logistical support necessary in order to assure more timely processing of such requests.

In addition, the study shall include an assessment of the current state of computerization of municipal operations, the extent to which technology and mechanization are used to increase the efficiency of municipal operations, and, in particular, the extent to which geographic information systems are used to assist in municipal resource allocation, and recommendations for ways in which those operations may be made more efficient and accessible to the public through the use of computers and technological innovation, including the use of geographic information systems.

e. Following from this review, the study shall include any recommendations for the reorganization of municipal government structure considered necessary in order to achieve the more efficient, orderly, cost-effective and professional delivery of municipal services.

In addition, the study shall include an analysis and recommendations concerning appropriate pay scales for department heads in order to assist the chief operating officer in recruiting persons with the training and experience necessary to effectuate their job responsibilities.
f. Notwithstanding any other law, rule or regulation to the contrary, the
municipal management study shall include an evaluation of the qualification
levels of departmental employees in light of their assigned tasks and an
identification of training opportunities to assist those employees in better
performing their assigned duties, including a program of computer and
technology training. The chief operating officer may call upon the
Commissioner of Personnel or other appropriate State government appointees
or officers in order to perform this evaluation and provide appropriate training.

g. Upon completion, the study shall be distributed to the mayor, each
member of the governing body, every member of the Senate and General
Assembly, and the Commissioner of Community Affairs. In addition, the
study shall be available for public inspection.

h. Following from the municipal management study, the chief operating
officer shall prepare the necessary amendments to the municipality's
administrative code and ordinance, including salary ordinances, which follow
from the recommendations in the study. These ordinances and amendments
should be included as an appendix to the municipal management study.

The mayor and the governing body shall be kept apprised of the progress
of the municipal management study and shall cooperate with the chief operating
officer and provide that information and documentation necessary to assure
the expeditious completion of the study.

C.52:27BBB-13 Copy of study available for public inspection.

13. a. Upon the completion of the municipal management study by the
chief operating officer, the chief operating officer shall make available for
public inspection a copy of the study in the office of the municipal clerk and
each branch of the public library within the municipality.

b. The chief operating officer shall cause notice to be published in a
newspaper circulating within the municipality that the study is available for
public inspection, not less than 14 days before the meeting of the governing
body at which the study is to be voted on.

c. The municipal management study shall become the official operating
plan for the municipality unless the governing body rejects the study by a 2/3
vote of the fully authorized membership of the governing body within 30
days following the publication of notice pursuant to subsection b. of this section.

In the event that the governing body rejects the study, the rejection shall
be accompanied by a statement specifically outlining the basis for the rejection
of each element or component of the study along with an alternative proposal
or proposals which accomplish the same objectives.

If the chief operating officer does not approve those alternatives proposed
by the governing body, any disputed item shall be considered an impasse and
subject to the dispute resolution process set forth in section 5 of P.L.2002, c.43 (C.52:27BBB-5).

If the governing body has not acted within 30 days following the publication of notice pursuant to subsection b. of this section, the study shall be considered adopted.

d. Upon the adoption of the municipal management study, the chief operating officer, in consultation with the director, shall establish a salary scale for each department head. To the extent that the established salaries exceed those paid by the municipality at the commencement of the rehabilitation term, the State shall absorb the increased expense for salaries and benefits during the rehabilitation term, and for two years thereafter, subject to appropriation.

e. Once the chief operating officer has established the salary scale and the municipal management study has been adopted, the chief operating officer shall cause to be prepared proposed ordinances effectuating the salary scales and those amendments to the administrative code necessary to implement the municipal management study.

C.52:27BBB-14 Chief operating officer to act as appointing authority.

14. For the purposes of Title 11A, Civil Service, of the New Jersey Statutes, the chief operating officer shall act as the appointing authority.

The Commissioner of Personnel, in conjunction with the chief operating officer, shall design a remedial Human Resource Plan for the qualified municipality which best supports the efficient and effective delivery of services to the residents of the municipality. This plan may include, but need not be limited to, such measures as delegation of specified personnel functions, pilot programs, and streamlined appointment processes and shall remain in place during the rehabilitation term.

The Commissioner of Personnel may approve such additional changes in the staffing and organization structure as are needed to support the rehabilitation and economic recovery of the qualified municipality pursuant to P.L.2002, c.43 (C.52:27BBB-1 et al.).

C.52:27BBB-15 Abolishment of certain municipal positions.

15. a. Notwithstanding any other provision of law or contract, the chief operating officer may abolish positions in the municipality not under the direct supervision of the municipal governing body at any time. All of the functions, powers and duties of such abolished positions shall be exercised by the chief operating officer or those persons whom the chief operating officer designates to exercise them during the rehabilitation term. The affected individuals shall be given 60 days' notice of termination or pay for the same period. The notice or payment shall be in lieu of any other claim or recourse against the municipality based on law or contract or term of office.
b. Notwithstanding any law, rule or regulation to the contrary, no individual whose position is abolished by operation of this section shall be entitled to assert a claim to any position or to placement upon a preferred eligibility list for any position to which the individual may be entitled by virtue of tenure or seniority within the municipality. Nothing herein shall preclude an individual from asserting upon separation from service any legal contractual right to health care coverage, annuities, accrued vacation days, accrued sick leave, insurance and approved tuition costs. No individual whose position is abolished by operation of this subsection shall retain any right to tenure or seniority in the positions abolished herein.

c. Notwithstanding any provision of P.L.1992, c.43 (C.34:15D-1 et seq.) to the contrary, the Department of Labor shall, if requested by an employee, provide a training grant under the "Job Training Partnership Act," Pub. L. 97-300 (29 U.S.C. s.1501 et seq.), to each person who applies pursuant to this section for a training grant to pay for employment and training services as provided pursuant to section 6 of P.L.1992, c.43 (C.34:15D-6).

C.52:27BBB-16 Recommendation of department, division heads.

16. a. Following the completion of the municipal management study, the chief operating officer shall, in consultation with the mayor, recommend the appointment of department heads and division heads, as the case may be, and submit the list of nominees to the governing body for approval. Any recommendations provided by the chief operating officer pursuant to this subsection shall be made in consultation with the mayor. Any person who has served as an interim department head pursuant to section 11 of P.L.2002, c.43 (C.52:27BBB-11) shall be eligible for appointment pursuant to this section. The governing body may only reject a candidate by a 2/3 vote of the fully authorized membership of the governing body. In the event of an impasse in the appointment process, the matter shall be decided by the special arbitrator, whose decision shall not be subject to appeal. In making a determination pursuant to this subsection, the special arbitrator shall uphold the appointment recommended by the chief operating officer if, by any objective measure, the person under consideration for that position is the most qualified by reason of experience, education or training.

Appointment as a department head or division head, as the case may be, shall be for a period of time coinciding with the term of the chief operating officer and an additional two years thereafter; however, department heads and division heads may be removed for cause by the Local Finance Board following a hearing before the board.

b. Any person who has served as an employee in a position with tenure rights during the rehabilitation term who is reappointed by the mayor, with the advice and consent of the governing body, as appropriate, following the
termination of the rehabilitation term shall receive credit for the years served during the period of rehabilitation for the purposes of establishing eligibility for tenure, so long as the position otherwise qualifies for tenure under general law.

C.52:27B8B-17 Transfer, assignment, reclassification of positions.

17. Upon the adoption of the municipal management study, the chief operating officer, working in conjunction with the Commissioner of Personnel and in consultation with the mayor, shall, within 60 days, transfer, assign or reclassify, as the case may be, those positions recommended for such action in the study.

Any residency requirement established pursuant to municipal ordinance shall be waived for those positions which are at the supervisory, management level or above and which are in the unclassified service of Title 11A, Civil Service, of the New Jersey Statutes.

C.52:27B8B-18 Annual stipend for residence in qualified municipality.

18. Any person hired in a position for which the residency requirement has been waived or as a police officer or firefighter after the adoption of the municipal management study, and who purchases a home in the qualified municipality and occupies that home as a principal residence shall, subject to appropriation, receive an annual stipend of 10 percent of the person’s base salary upon proper claim made therefor each year to the Department of Community Affairs, so long as the claim is made during the rehabilitation term, subject to appropriation. The department shall pay the stipend upon satisfactory proof by the applicant that the dwelling for which the stipend is being paid continues to be occupied as a principal residence by the applicant. An employee may receive this stipend for a period of five years; however, the requirement that the dwelling be occupied as a principal residence shall extend to the period of rehabilitation and economic recovery. Any person who does not continue to occupy the residence for which that person receives the stipend for the entirety of the period of rehabilitation and economic recovery shall be required to reimburse the State for the entire amount of the stipend received.

A municipal tax lien shall attach on the property for which the stipend is being paid, at the time the annual stipend is paid by the State in the amount of stipend received by the applicant. The lien shall have the same status and shall be given the same effect as municipal liens established under R.S.54:5-9. The lien shall remain on the property until the expiration of the period of rehabilitation and economic recovery, or until the entire amount of the stipend paid to the applicant has been reimbursed back to the State, should the applicant not continue to occupy the residence for the entire period of rehabilitation and economic recovery. The amount of the stipend to be reimbursed to the
State shall also be a personal debt of the applicant, and both the lien and the debt shall be recoverable in the name of the State by means of any remedy available at law.

The chief operating officer shall each year compile a list of those employees eligible to receive the stipend, which shall be used by the department to verify eligibility. An employee who receives the stipend shall be ineligible to receive the property tax credit authorized pursuant to section 56 of P.L.2002, c.43 (C.52:27BBB-55).

The commissioner shall annually submit a list to the State Treasurer of those persons who receive the stipend.

C.52:27BBB-19 Incentive for retirement for certain employees.

19. Notwithstanding the provisions of any other law, rule or regulation to the contrary, an employee of a qualified municipality who is a member of the Public Employees' Retirement System and is otherwise eligible for retirement may, upon the recommendation of the chief operating officer with the approval of the director, receive an incentive payment for the termination of the employee's employment with the municipality.

As used in this section, "incentive payment" shall mean a lump sum payment of 20 percent of the employee's annual base salary, exclusive of overtime.

An employee shall only be eligible for an incentive payment pursuant to this section if that person applies for this termination benefit within 60 days of the appointment of the chief operating officer. Payment shall be made not sooner than upon the receipt of the first pension check by the municipal employee.

This election to retire on the part of the municipal employee shall be communicated by the member to the retirement system pursuant to Title 43 of the Revised Statutes; however, once the employee has elected to retire, that decision shall be final.

C.52:27BBB-20 Additional NJ SAVER rebate for certain residents.

20. A resident of a qualified municipality who has paid property taxes for the tax year on a homestead that is owned as such and who is eligible to receive an NJ SAVER rebate pursuant to P.L.1999, c.63 (C.54:4-8.58a et al.) shall, subject to appropriation, receive an NJ SAVER rebate in an amount equal to 150% of the amount otherwise owed that resident pursuant to section 4 of P.L.1999, c.63 (C.54:4-8.58b) during the time that the municipality is under rehabilitation and economic recovery.

C.52:27BBB-21 Monthly meetings, minutes.

21. a. The chief operating officer shall conduct monthly meetings with the mayor, department heads and the executive directors of any independent
boards or authorities created by the municipality or which otherwise operate in the name of the municipality. Meetings may be held more frequently, as necessary, at the call of the chief operating officer.

b. During the rehabilitation term, the chief operating officer may veto the minutes of any independent board or authority, including, but not limited to, the housing authority, parking authority, redevelopment authority, planning board and board of adjustment. The mayor shall retain this power during the economic recovery term.

c. A true copy of the minutes of every meeting of any independent board or authority, including, but not limited to, the housing authority, parking authority, redevelopment authority, planning board and board of adjustment, shall be prepared and forthwith delivered to the chief operating officer or mayor, as the case may be. No action taken at any such meeting shall have force or effect until 10 days, exclusive of Saturdays, Sundays and public holidays, after the copy of the minutes shall have been so delivered. If, in that 10-day period, the chief operating officer or mayor returns the copy of the minutes with a veto of any action taken by the board or authority at the meeting, that action shall be null and void and of no force and effect. Following the completion of the 10-day period, those actions not vetoed shall be considered approved.

d. To ensure the expeditious consideration of any decision by the planning board and zoning board of adjustment or any other independent board or authority on the part of the chief operating officer or mayor, as appropriate, the secretary of each board or authority shall forward a copy of each resolution adopted by each board or authority within five business days following the adoption thereof. For the purposes of the exercise of the veto power by the chief operating officer or mayor pursuant to subsection c. of this section, the 10-day period shall commence upon the receipt, by the chief operating officer or mayor, as appropriate, of those resolutions.

22. a. Any applicable period for review or appeal in connection with any application acted upon by either the planning board or zoning board, as the case may be, as provided for under the "Municipal Land Use Law," P.L.1975, c.291 (C.40:55D-1 et seq.), shall be extended to incorporate that amount of time taken by the chief operating officer in reviewing the minutes pursuant to subsection c. of section 21 of P.L.2002, c.43 (C.52:27BBB-21).

b. In the event that the veto of the chief operating officer reverses an approval that has been granted by the planning board or board of adjustment, as the case may be, or allows an application that has otherwise been denied by either board, the chief operating officer shall direct the secretary of the planning board or board of adjustment, as the case may be, to notify the
applicant, by certified mail, at the same time that the secretary receives the
copy of the minutes with the veto from the chief operating officer pursuant
to subsection c. of section 21 of P.L.2002, c.43 (C.52:27BBB-21).

C.52:27BBB-23 Approval, veto of ordinance, resolution.
23. a. Within three business days following each meeting of the governing
body, a copy of each ordinance and resolution which has been adopted by
the governing body shall be forwarded to the chief operating officer or mayor,
as the case may be, who shall have 10 days from the receipt thereof to veto
the ordinance or resolution, as the case may be. Any veto action by the chief
operating officer or mayor shall be submitted to the governing body within
10 days of the veto. Within five business days thereafter, the governing body
may override the veto by a two-thirds vote of the fully authorized membership
thereof.

If, in the opinion of the chief operating officer, the action is contrary to the
rehabilitation of economic recovery goals which justified the rehabilitation
declaration, the chief operating officer can submit the action to the special
arbitrator, who shall allow the action only upon a finding that the action is
consistent with the rehabilitation and economic recovery of the qualified
municipality. The decision of the special arbitrator shall not be subject to appeal.

b. The chief operating officer shall have full access to all municipal records
and to municipal information from all officials and employees of the
municipality. If the chief operating officer believes that an official or employee
of the municipality is not answering the questions of the chief operating officer
accurately or completely or is not furnishing information requested by the
chief operating officer, the chief operating officer may notify the official or
employee in writing to furnish answers to questions or to furnish documents
or records, or both. If the official or employee refuses, the chief operating
officer may seek a subpoena in the Superior Court, in a summary manner,
to compel testimony and furnish records and documents.

C.52:27BBB-24 Hiring of nonpartisan, professional staff.
24. The governing body, in conjunction with the Eagleton Institute of
Politics and the Rand Institute at Rutgers, The State University, shall hire a
non-partisan, professional staff to assist the governing body in the execution
of its governmental functions and shall provide the staff with the computer
hardware and software necessary to perform their assigned tasks. Computer
equipment shall be provided at State expense. The staff members shall possess
expertise in areas of municipal government operation, including but not limited
to, municipal law, planning, social services, public health, public finance and
public works administration. Candidates for appointment shall possess a college
degree which is relevant to the position which may include, but not be limited
to, business, law and public administration. Although a candidate may possess a law degree, staff members shall serve as subject matter experts to the governing body and shall not serve as legal counsel.

The Eagleton Institute and the Rand Institute shall also provide comprehensive training for members of the governing body and the non-partisan, professional staff to better enable them to discharge their representative functions in the public interest. The State shall adequately compensate the Eagleton Institute and the Rand Institute for their services, subject to appropriation.

C.52:27BBB-25 Governing body to retain functions, powers, duties.

25. Unless otherwise provided pursuant to P.L.2002, c.43 (C.52:27BBB-1 et al.), the governing body shall retain all functions, powers and duties prescribed to it pursuant to the charter and administrative code of the municipality. Titles 40 and 40A generally and specifically in the "Local Bond Law," N.J.S.40A:2-1 et seq., the "Local Budget Law," N.J.S.40A:4-1 et seq., the "Local Fiscal Affairs Law," N.J.S.40A:5-1 et seq., the "Local Public Contracts Law," P.L.1971, c.198 (C.40A:11-1 et seq.), the "New Jersey Water Supply Public-Private Contracting Act," P.L.1995, c.101 (C.58:26-19 et seq.), any specific form of government law according to which the municipality is governed, and such other sections or other laws which govern municipal operation or administration.

The governing body shall set the schedule and agenda for meetings of the governing body, which shall be duly advertised pursuant to the "Open Public Meetings Act," P.L.1975, c.231 (C.10:4-6 et seq.). Meetings shall be presided over by the president of the governing body.

C.52:27BBB-26 Oversight, audit of qualified municipality.

26. a. The director may provide for oversight or audit of the activities of each qualified municipality and report the findings to the Local Finance Board and the chief operating officer. The cost of providing oversight and audit functions shall be borne by the State. The power to negotiate collective bargaining agreements pursuant to section 20 of P.L.1981, c.211 (C.52:27BB-66.1) shall be vested in the chief operating officer. Collective bargaining agreements entered into by the municipality prior to the commencement of the rehabilitation term shall remain in force as provided in those agreements, except when otherwise expressly provided in P.L.2002, c.43 (C.52:27BBB-1 et al.).

b. The director may make grants to a municipality under rehabilitation, using such funds as may be available to the director, for the purposes of conducting studies or engaging consultants as may be authorized by P.L.2002, c.43 (C.52:27BBB-1 et al.) to assist in rehabilitation, or those that the director and the chief operating officer or mayor, as appropriate, determine are necessary.
to the rehabilitation of the municipality. Grants may be made subject to conditions deemed necessary by the director.

C.52:27BBB-27 No increase in municipal portion of general tax rate.

27. a. During the rehabilitation term, the chief operating officer shall not increase the municipal portion of the general tax rate over the rate established for the year during which the rehabilitation took effect.

b. The chief operating officer shall, in consultation with the mayor, annually prepare a budget pursuant to the provisions of the "Local Budget Law," N.J.S. 40A:4-1 et seq. This budget shall conform in all respects with the requirements of the "Local Budget Law," N.J.S. 40A:4-1 et seq. and shall be subject to the limitations on spending by municipalities set forth in P.L. 1976, c. 68 (C. 40A:4-45.1 et seq.). The Local Finance Board may grant exceptions to the spending limitations set forth in P.L. 1976, c. 68 (C. 40A:4-45.1 et seq.) upon application by the chief operating officer, if the Local Finance Board finds such exceptions to be necessary for the rehabilitation of the municipality.

c. Upon the preparation of the budget, the chief operating officer, in consultation with the mayor, shall fix: a date, place and time for the holding of a public hearing upon the budget; the amounts of money necessary to be appropriated for the use of the municipality for the ensuing year; and the various items and purposes for which the same are to be appropriated. The hearing shall be held in accordance with the provisions of the "Local Budget Law," N.J.S. 40A:4-1 et seq.; however, the hearing shall be held at least 28 days after the date on which the budget is advertised. Notice of hearing, contents of the notice and the format and purpose of the hearing shall be as provided in that law. As part of the budget request, the chief operating officer may include provision for anticipation of rehabilitation aid if other revenues are insufficient to meet the revenues needed to offset total appropriations.

d. Following the hearing or hearings on the budget, the governing body shall vote upon the proposed budget. Failure to adopt the budget shall be communicated to the chief operating officer along with the reasons for each line item that is rejected. If the chief operating officer does not approve those alternatives proposed by the governing body, any disputed line item shall be considered an impasse and subject to the dispute resolution process set forth in section 5 of P.L. 2002, c. 43 (C.52:27BBB-5).

e. If the budget proposed by the chief operating officer includes a provision for rehabilitation aid, the chief operating officer shall apply to the director for approval of the amount and shall supply the director with documentation justifying the need. The director shall then recommend an amount to the State Treasurer. The treasurer, after consideration of the recommendation, shall determine the amount of the rehabilitation aid to be requested.
f. During the period that the municipality is under rehabilitation and economic recovery, the commissioner shall ensure that those appropriations in the municipal budget necessary for the improvement of internal audit mechanisms and controls are present on an annual basis.

C.52:27BBB-28 Ordinances authorizing debt subject to approval by local finance board.

28. During the rehabilitation term, all ordinances authorizing the issuance of debt shall be subject to approval of the Local Finance Board. Provisions of the "Local Bond Law," N.J.S.40A:2-1 et seq., with regard to the introduction of bond ordinances shall be followed, and approval of the chief operating officer shall serve as approval of the bond ordinance for publication. After a public hearing held by the governing body and approval of a bond ordinance by the chief operating officer, the chief operating officer shall apply to the Local Finance Board for approval of the bond ordinance. No bond ordinance shall take effect without the approval of the Local Finance Board. Amendments to existing bond ordinances that do not increase the amount of bonded indebtedness may be approved by the chief operating officer without the approval of the Local Finance Board.

C.52:27BBB-29 Biannual report on progress.

29. The chief operating officer shall biannually provide to the Local Finance Board a report on the progress of each qualified municipality toward achieving municipal rehabilitation and economic recovery. The director shall formally report annually to the Local Finance Board, the commissioner, the Attorney General, the treasurer, the Governor, each member of the governing body of each qualified municipality, including the mayor, each member of the county board of freeholders in the county in which the qualified municipality is situated, each member of the regional impact council, and each member of the Legislature on the municipality's progress towards achieving these goals. The reports may also include recommendations to the Legislature by the chief operating officer for specific changes to the law that the chief operating officer believes would facilitate the goal of rehabilitating the qualified municipality.

C.52:27BBB-30 Community advisory committee.

30. The mayor of each qualified municipality and the chief operating officer shall establish a community advisory committee in order to provide an efficient means of eliciting citizen input in the rehabilitation and economic recovery and community development of that municipality, which shall exist while the qualified municipality is under rehabilitation and economic recovery. The community advisory committee shall consist of 13 members as follows: three to be appointed by the Commissioner of Community Affairs; three by the governing body; and three by the chief operating officer. The mayor shall
serve as an ex officio member of the committee and shall appoint an additional three members. Members shall serve for a term of five years.

Membership of the committee shall include representatives of the municipality's neighborhood, business, labor, faith-based, civic, and public interest organizations. No fewer than three members of the committee shall represent private businesses situated within the qualified municipality.

The authority shall employ an executive director who shall be its secretary and chief executive officer. The powers of the authority shall be vested in the members thereof in office from time to time and seven members of the authority shall constitute a quorum at any meeting thereof; provided, however, that the public member designated by the State Economic Recovery Board pursuant to the "Municipal Rehabilitation and Economic Recovery Act," P.L. 2002, c. 43 (C.52:27BBB-1 et al.) shall not count toward the quorum. Action may be taken and motions and resolutions adopted by the authority at any meeting thereof by the affirmative vote of at least seven members of the authority. No vacancy in the membership of the authority shall impair the right of a quorum of the members to exercise all the powers and perform all the duties of the authority.

e. Each member of the authority shall execute a bond to be conditioned upon the faithful performance of the duties of such member in such form and amount as may be prescribed by the Director of the Division of Budget and Accounting in the Department of the Treasury. Such bonds shall be filed in the office of the Secretary of State. At all times thereafter the members and treasurer of the authority shall maintain such bonds in full force and effect. All costs of such bonds shall be borne by the authority.

f. The members of the authority shall serve without compensation, but the authority shall reimburse its members for actual expenses necessarily incurred in the discharge of their duties. Notwithstanding the provisions of any other law, no officer or employee of the State shall be deemed to have
forfeited or shall forfeit any office or employment or any benefits or
emoluments thereof by reason of the acceptance of the office of ex officio
member of the authority or any services therein.

g. Each ex officio member of the authority may designate an officer or
employee of the member's department to represent the member at meetings
of the authority, and each such designee may lawfully vote and otherwise act
on behalf of the member for whom the person constitutes the designee. Any
such designation shall be in writing delivered to the authority and shall continue
in effect until revoked or amended by writing delivered to the authority.

h. The authority may be dissolved by act of the Legislature on condition
that the authority has no debts or obligations outstanding or that provision
has been made for the payment or retirement of such debts or obligations.
Upon any such dissolution of the authority, all property, funds and assets thereof
shall be vested in the State.

i. A true copy of the minutes of every meeting of the authority shall
be forthwith delivered by and under the certification of the secretary thereof
to the Governor. No action taken at such meeting by the authority shall have
force or effect until 10 days, Saturdays, Sundays, and public holidays excepted,
after the copy of the minutes shall have been so delivered, unless during such
10-day period the Governor shall approve the same in which case such action
shall become effective upon such approval. If, in that 10-day period, the
Governor returns such copy of the minutes with veto of any action taken by
the authority or any member thereof at such meeting, such action shall be null
and void and of no effect. The powers conferred in this subsection i. upon
the Governor shall be exercised with due regard for the rights of the holders
of bonds and notes of the authority at any time outstanding, and nothing in,
or done pursuant to, this subsection i. shall in any way limit, restrict or alter
the obligation or powers of the authority or any representative or officer of
the authority to carry out and perform in every detail each and every covenant,
agreement or contract at any time made or entered into by or on behalf of the
authority with respect to its bonds or notes or for the benefit, protection or
security of the holders thereof.

j. On or before March 31 in each year, the authority shall make an annual
report of its activities for the preceding calendar year to the Governor and
the Legislature. Each such report shall set forth a complete operating and
financial statement covering the authority's operations during the year. The
authority shall cause an audit of its books and accounts to be made at least
once in each year by certified public accountants and cause a copy thereof
to be filed with the Secretary of State and the Director of the Division of Budget
and Accounting in the Department of the Treasury.

k. The Director of the Division of Budget and Accounting in the
Department of the Treasury and the director's legally authorized representatives
are hereby authorized and empowered from time to time to examine the accounts, books and records of the authority including its receipts, disbursements, contracts, sinking funds, investments and any other matters relating thereto and to its financial standing.

1. No member, officer, employee or agent of the authority shall be interested, either directly or indirectly, in any project or school facilities project, or in any contract, sale, purchase, lease or transfer of real or personal property to which the authority is a party.

C.40A:20-3 Definitions.

3. As used in this act:

   a. "Gross revenue" means annual gross revenue or gross shelter rent or annual gross rents, as appropriate, and other income, for each urban renewal entity designated pursuant to this act. The financial agreement shall establish the method of computing gross revenue for the entity, and the method of determining insurance, operating and maintenance expenses paid by a tenant which are ordinarily paid by a landlord, which shall be included in the gross revenue; provided, however, that any federal funds received, whether directly or in the form of rental subsidies paid to tenants, by a nonprofit corporation that is the sponsor of a qualified subsidized housing project, shall not be included in the gross revenue of the project for purposes of computing the annual services charge for municipal services supplied to the project.

   b. "Limited-dividend entity" means an urban renewal entity incorporated pursuant to Title 14A of the New Jersey Statutes, or established pursuant to Title 42 of the Revised Statutes, for which the profits and the entity are limited as follows.    "Allowable profit rate" means the percentage per annum arrived at by adding 1 1/4% to the annual interest percentage rate payable on the entity's initial permanent mortgage financing. If there is no permanent mortgage financing the allowable profit rate shall be arrived at by adding 1 1/4% per annum to the
interest rate per annum which the municipality determines to be the prevailing
rate on mortgage financing on comparable improvements in the county.

c. "Net profit" means the gross revenues of the urban renewal entity
less all operating and non-operating expenses of the entity, all determined

c.431(C.40A:20-15 or 40A:20-16); (c) an annual amount sufficient to amortize
the total project cost over the life of the improvements, as set forth in the
financial agreement, which shall not be less than the terms of the financial
agreement; and (d) all reasonable annual operating expenses of the urban
renewal entity, including the cost of all management fees, brokerage
commissions, insurance premiums, all taxes or service charges paid, legal,
accounting, or other professional service fees, utilities, building maintenance
costs, building and office supplies, and payments into repair or maintenance
reserve accounts;

(2) there shall not be included in expenses either depreciation or
obsolescence, interest on debt, income taxes, or salaries, bonuses or other
compensation paid, directly or indirectly to directors, officers and stockholders
of the entity, or officers, partners or other persons holding any proprietary
ownership interest in the entity.

The urban renewal entity shall provide to the municipality an annual audited
statement which clearly identifies the calculation of net profit for the urban
renewal entity during the previous year. The annual audited statement shall
be prepared by a certified public accountant and shall be submitted to the
municipality within 90 days of the close of the fiscal year.

h. "Total project unit cost" or "total project cost" means the aggregate of the following items as related to a unit of a project, if the project is undertaken in units, or to the total project, if the project is not undertaken in units, all of which as limited by, and approved as part of the financial agreement: (1) cost of the land and improvements to the entity, whether acquired from a private or a public owner, with cost in the case of leasehold interests to be computed by capitalizing the aggregate rental at a rate provided in the financial agreement; (2) architect, engineer and attorney fees, paid or payable by the entity in connection with the planning, construction and financing of the project; (3) surveying and testing charges in connection therewith; (4) actual construction costs which the entity shall cause to be certified and verified to the municipality and the municipal governing body by an independent and qualified architect, including the cost of any preparation of the site undertaken at the entity's expense; (5) insurance, interest and finance costs during construction; (6) costs of obtaining initial permanent financing; (7) commissions and other expenses paid or payable in connection with initial leasing; (8) real estate taxes and assessments during the construction period; (9) a developer's overhead based on a percentage of actual construction costs, to be computed at not more than the following schedule:

CHAPTER 44

AN ACT concerning project labor agreements with labor organizations in connection with public works contracts.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.52:38-1 Findings, declarations relative to project labor agreements.

1. The Legislature finds and declares:
   a. The United States Supreme Court held in Building & Const. Trades Council of Metropolitan Dist. v. Associated Builders & Contractors of Massachusetts/Rhode Island, Inc., 507 U.S. 218 (1993) that state and local governments, when acting as market participants, are permitted under the National Labor Relations Act (29 U.S.C. s.151 et seq.) to enforce bid specifications requiring contractors to abide by project labor agreements with labor organizations for construction projects owned by those state and local governments;
   b. The Supreme Court commented in that case that when a State or local governmental agency utilizes bid specifications containing a project labor agreement for a construction project owned by the agency, the agency "does not regulate the workings of market forces" in violation of National Labor Relations Act pre-emption of such regulation, but is acting as a market
participant and "exemplifies" the workings of market forces, and therefore is not prevented from doing so by the National Labor Relations Act;

c. New Jersey has a compelling interest in carrying out public works projects at the lowest reasonable cost and the highest degree of quality;

d. New Jersey has a compelling interest in having labor disputes in connection with public works projects resolved without the disruptions of strikes, lock-outs, or slowdowns;

e. Project labor agreements make possible legally enforceable guarantees that projects will be carried out in an orderly and timely manner, without strikes, lock-outs, or slowdowns;

f. Project labor agreements also make it possible to provide for peaceful, orderly, and mutually binding procedures for resolving labor issues;

g. The State also has a compelling interest in guaranteeing that public works projects meet the highest standards of safety and quality;

h. A highly skilled workforce ensures lower costs for repairs and maintenance over the lifetime of the completed project;

i. Project labor agreements make it possible to provide the State with a guarantee that public works projects are completed with highly skilled workers;

j. Project labor agreements allow public agencies to more accurately predict the actual cost of projects;

k. Project labor agreements make it possible to provide the State with assurances that public works projects are completed with a diverse workforce;

l. Project labor agreements facilitate the efficient integration of work schedules among different trades on project sites;

m. Project labor agreements also promote harmonious and productive work environments in public works projects;

n. New Jersey can best accomplish these goals by encouraging, for suitable public works projects, project labor agreements between public works contractors and subcontractors and labor organizations concerning important issues of employment, including work hours, starting times, overtime rates, and procedures for resolving disputes; and

o. Project labor agreements, therefore, give the State an effective means to advance the interests of efficiency, quality, and timeliness of suitable public works projects.

C.52:38-2 Definitions relative to project labor agreements.

2. For the purposes of this act:

"Apprenticeship program" means a registered apprenticeship program providing to each trainee combined classroom and on-the-job training under the direct and close supervision of a highly skilled worker in an occupation recognized as an apprenticeable trade, and registered by the Bureau of

"Public works project" means any public works project for the construction, reconstruction, demolition or renovation of buildings at the public expense, other than pumping stations or water or sewage treatment plants, for which:

1. It is required by law that workers be paid the prevailing wage determined by the Commissioner of Labor pursuant to the provisions of the "New Jersey Prevailing Wage Act", P.L.1963, c.150 (C.34:11-56.25 et seq.); and

2. The public entity estimates that the total cost of the project, exclusive of any land acquisition costs, will equal or exceed $5 million.

C.52:38-3 Public entity to include project labor agreements in certain public works projects.

3. A public entity may include a project labor agreement in a public works project on a project-by-project basis, if the public entity determines, taking into consideration the size, complexity and cost of the public works project, that, with respect to that project the project labor agreement will meet the requirements of section 5 of this act, including promoting labor stability and advancing the interests of the public entity in cost, efficiency, skilled labor force, quality, safety and timeliness. If the public entity determines that a project labor agreement will meet those requirements with respect to a particular public works project, the public entity shall either: directly negotiate in good faith a project labor agreement with one or more labor organizations; or condition the award of a contract to a construction manager upon a requirement that the construction manager negotiate in good faith a project labor agreement with one or more labor organizations. Upon the request of the public entity, the Commissioner of Labor shall assist in facilitating the negotiation of the
CHAPTER 44, LAWS OF 2002

The decision by the public entity to require the inclusion of a project labor agreement requirement shall not be deemed to unduly restrict competition if the public entity finds that the project labor agreement is reasonably related to the satisfactory performance and completion of the public works project, and any bidder for the public works project refusing to agree to abide by the conditions of the project labor agreement or the requirement to negotiate a project labor agreement shall not be regarded as a responsible bidder. Upon the request of the public entity, the Commissioner of Labor shall review the finalized project labor agreement and provide to the public entity, not more than 30 calendar days after the agreement is submitted to the commissioner by the public entity, a written advisory statement regarding whether the project labor agreement conforms with the provisions of this act.

C.52:38-4 Project labor agreement binding.

4. Any project labor agreement negotiated pursuant to this act between the public entity or its representative or a construction manager and one or more labor organizations shall be binding on all contractors and subcontractors working on the public works project and may include provisions that permit contractors and subcontractors working on the public works project to retain a percentage of their current workforce, and provisions that the successful bidder and any subcontractor of the bidder need not be a party to a labor agreement with the labor organizations other than for the public works project covered by the project labor agreement.

C.52:38-5 Requirements for project labor agreement.

5. Each project labor agreement executed pursuant to the provisions of this act shall:
   a. Advance the interests of the public entity, including the interests in cost, efficiency, quality, timeliness, skilled labor force, and safety;
   b. Contain guarantees against strikes, lock-outs, or other similar actions;
   c. Set forth effective, immediate, and mutually binding procedures for resolving jurisdictional and labor disputes arising before the completion of the work;

g. Include a publicly available plan regarding the shares of employment and apprenticeship positions in the public works project for minority group members and women which is in full conformance with the requirements of all applicable statutes, regulations, executive orders and local ordinances and is mutually agreed upon by the participating labor organizations and the public entity which will own the facilities which are built, altered or repaired under the public works project, provided that any shares mutually agreed upon pursuant to this subsection shall equal or exceed the requirements of other statutes, regulations, executive orders or local ordinances;

h. Require the contract for the public works project to provide whatever resources may be needed to prepare for apprenticeship a number of women and minority members sufficient to enable compliance with the plan agreed upon pursuant to subsection g. of this section and provide that the use of those resources be administered jointly by the participating labor organizations and the public entity or community-based organizations selected by the public entity; and

i. Require the public body to monitor, or arrange to have a State agency monitor, the amount and share of work done on the project by minority group members and women and the progression of minority group members and women into apprentice and journey worker positions and require the public body to make public, or have the State agency make public, all records of monitoring conducted pursuant to this subsection.

C.52:38-6 Annual report to Governor, Legislature.

6. The Commissioner of Labor shall make an annual report to the Governor and the Legislature on the effectiveness of all project labor agreements entered into pursuant to this act in advancing the purposes of this act and in meeting the requirements of this act, including any recommendations deemed necessary by the commissioner to better effectuate those purposes. The report shall include a reporting, review and analysis of the information obtained from the monitoring conducted pursuant to subsection i. of section 5 of this act, an analysis of the effectiveness of the project labor agreements in meeting the objectives of section 5 of this act, and a comparison of the performance of public works projects with project labor agreements to the performance of public works projects without project labor agreements.

CHAPTER 46

AN ACT requiring public employers to deduct a representation fee in lieu of dues in certain circumstances and amending P.L.1979, c.477.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of P.L.1979, c.477 (C.34:13A-5.5) is amended to read as follows:

C.34:13A-5.5 Representation fee in lieu of dues.

2. a. Notwithstanding any other provisions of law to the contrary, the majority representative and the public employer of public employees in an appropriate unit shall, where requested by the majority representative, negotiate concerning the subject of requiring the payment by all nonmember employees in the unit to the majority representative of a representation fee in lieu of dues for services rendered by the majority representative. Where agreement is reached it shall be embodied in writing and signed by the authorized representatives of the public employer and the majority representative. If no agreement is reached, the majority representative may petition the commission
to conduct an investigation. If the commission determines during the investigation that a majority of the employees in the negotiations unit are voluntary dues paying members of the majority representative and that the majority representative maintains a demand and return system as required by subsection c. of this section and section 3 of P.L.1979, c.477 (C.34:13A-5.6), the commission shall order the public employer to institute a payroll deduction of the representation fee in lieu of dues from the wages or salaries of the employees in the negotiations unit who are not members of the majority representative.

b. The representation fee in lieu of dues shall be in an amount equivalent to the regular membership dues, initiation fees and assessments charged by the majority representative to its own members less the cost of benefits financed through the dues, fees and assessments and available to or benefitting only its members, but in no event shall such fee exceed 85% of the regular membership dues, fees and assessments.

c. Any public employee who pays a representation fee in lieu of dues shall have the right to demand and receive from the majority representative, under proceedings established and maintained in accordance with section 3 of P.L.1979, c.477 (C.34:13A-5.6), a return of any part of that fee paid by him which represents the employee's additional pro rata share of expenditures by the majority representative that is either in aid of activities or causes of a partisan political or ideological nature only incidentally related to the terms and conditions of employment or applied toward the cost of any other benefits available only to members of the majority representative. The pro rata share subject to refund shall not reflect, however, the costs of support of lobbying activities designed to foster policy goals in collective negotiations and contract administration or to secure for the employees represented advantages in wages, hours, and other conditions of employment in addition to those secured through collective negotiations with the public employer.

2. Section 3 of P.L.1979, c.477 (C.34:13A-5.6) is amended to read as follows:

C.34:13A-5.6 Representation fee in lieu of dues by payroll deduction.

3. Where a negotiated agreement is reached, pursuant to section 2 of P.L.1979, c.477 (C.34:13A-5.5), or where the public employer has been ordered by the commission to institute a payroll deduction of the representation fee in lieu of dues, a majority representative of public employees in an appropriate unit shall be entitled to a representation fee in lieu of dues by payroll deduction from the wages or salaries of the employees in such unit who are not members of a majority representative; provided, however, that membership in the majority representative is available to all employees in the unit on an equal basis and
that the representation fee in lieu of dues shall be available only to a majority representative that has established and maintained a demand and return system which provides pro rata returns as described in subsection c. of section 2 of P.L.1979, c.477 (C.34:13A-5.5). The demand and return system shall include a provision by which persons who pay a representation fee in lieu of dues may obtain review of the amount returned through full and fair proceedings placing the burden of proof on the majority representative. Such proceedings shall provide for an appeal to a board consisting of three members to be appointed by the Governor, by and with the advice and consent of the Senate, who shall serve without compensation but shall be reimbursed for actual expenses reasonably incurred in the performance of their official duties. Of such members, one shall be representative of public employers, one shall be representative of public employee organizations and one, as chairman, who shall represent the interest of the public as a strictly impartial member not having had more than a casual association or relationship with any public employers, public employer organizations or public employee organizations in the 10 years prior to appointment. Of the first appointees, one shall be appointed for one year, one for a term of two years and the chairman, for a term of three years. Their successors shall be appointed for terms of two years each and until their successors are appointed and qualified, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the member whose office has become vacant. Nothing herein shall be deemed to require any employee to become a member of the majority representative.

3. This act shall take effect immediately.

Approved August 1, 2002.

d. The governing body shall produce a verbatim record of the public hearing. The record of the public hearing shall be kept open for a period of seven days following the conclusion of the hearing, during which time interested parties may submit written statements to be included in the hearing report. C.58:28-7 Approval, conditional approval of application.

6. a. Within 45 days of receipt of the application, the board and division shall approve, or conditionally approve, an application submitted by a governing body pursuant to subsection f. of section 5 of P.L.2002, c.47 (C.58:28-6). Within 25 days of receipt of the hearing report, the department shall provide any comments on the hearing report that it deems appropriate to the board, division and the governing body. If the board or division fail to approve or conditionally approve the application within 50 days after receipt, the application shall be deemed approved, unless the governing body has agreed to an extension of the period.

b. If either the board or the division conditionally approves the application, the board or division shall state in writing the revision to the proposed contract
that is necessary in order for it to be approved. If the board or division
determines that the required revision is substantial, the governing body shall
hold a public hearing on the revision and adhere to the provisions of section 5 of P.L.2002, c.47 (C.58:28-6) in so doing, except that the required notice
shall be published at least seven days prior to the public hearing. A substantial
revision shall be a change that results in an increase in the charges, rates or
fees which will be paid for water supply services or wastewater treatment
services by users in the jurisdiction or service area that will receive the water
supply services or wastewater treatment services pursuant to the terms of the
contract, or that materially changes other terms and conditions of the contract.
The proposed revision to the contract shall be submitted to the board, division
and the department 15 days prior to the date of the public hearing.

If the board or division determines that the required revision in the
conditional approval is not substantial, the governing body shall submit the
proposed revision to the contract to the board and the division for approval
and to the department for review. The revision shall be approved if found
to be consistent with the conditions set forth in the conditional approval, or
disapproved with a written explanation as to why the revision is not consistent,
within 15 days after the next public meeting of the board or division.

c. In its review of a contract, the board shall apply the following criteria
determining whether to approve the contract:

(1) The duly incorporated nonprofit association entering into the contract
has the technical and administrative experience to ensure continuity of service
over the term of the contract and that the standards and requirements contained
in the application documents concerning the technical and administrative
capacity of the nonprofit association are necessary and sufficient to protect
the public interest.

(2) The terms of the contract are not unreasonable. In determining whether
the terms of the contract are not unreasonable, the board shall review the charge,
rates or fees to be charged or assessed under the contract to determine that
they are reasonable to the city of the first class, taking into consideration all
of the obligations undertaken by the nonprofit association and all the benefits
obtained by the city of the first class. In making this determination, the board
shall not use the traditional rate based rate of return methodology.

(3) The franchise customers of a public utility participating in a contract
are protected from the risks of the proposed contract and that they are not
subsidizing the contract. If the nonprofit association is not a public utility,
the board shall ensure that under the terms of the proposed contract the users
of water outside of the jurisdiction or service area that will receive water supply
services under the contract are also protected from the risks of the contract
and that water users outside the jurisdiction or service area are not subsidizing
the contract through increased charges, rates or fees for the supply of water.
(4) The contract contains the provisions required by paragraphs (1), (2) and (6) of subsection d. of section 4 of P.L.2002, c.47 (C.58:28-5).

Upon approval of a contract as proposed or as revised in response to a conditional approval, the jurisdiction of the board over the contract shall terminate until or unless the contract is amended to change the formula or other basis of determining charges, rates or fees contained therein.

d. In its review of a contract, the division shall apply the following criteria in determining whether to approve the contract:

(1) The terms of the proposed contract do not materially impair the ability of the governing body to punctually pay principal and interest due on its outstanding indebtedness and to supply other essential public improvements and services;

(2) A concession fee paid by a duly incorporated nonprofit association as a result of the contract is paid directly to the municipality that created or constitutes the governing body, and any concession fee paid by a duly incorporated nonprofit association to a governing body is used for the purposes of reducing or offsetting property taxes, reducing water supply services or wastewater treatment services charges, rates or fees, one-time nonrecurring expenses or capital asset expenditures related to water supply facilities or wastewater treatment systems; and

(3) The contract contains the provisions required by paragraphs (3), (4), (5), (7) and (8) of subsection d. of section 4 of P.L.2002, c.47 (C.58:28-5).

The division shall also review and specifically approve any contract provision pursuant to which a governing body will or may execute a financing instrument for the purposes set forth in the contract. In addition, the division shall review any contract between the governing body of a city of the first class and a duly incorporated nonprofit association in which a concession fee is paid by the nonprofit association to determine if the payment of the concession fee is in the best interest of the parties to the contract.

e. The board or division may provide the governing body with any non-binding comments or advice during or after the review of the application as the board or division deems appropriate.

f. The board or division shall assess and the applicant shall pay a fee equal to the cost incurred by the board or division for an analysis of an application by an independent person who has expertise in the areas of water supply services or wastewater treatment services if during the review of an application the board or division determines that such an analysis is required.

g. If the governing body of a city of the first class and the duly incorporated nonprofit association would like to amend a contract after approval of an application by the board and division, the governing body shall submit proposed amendments to the board and division for approval and to the department for review. At the next public meeting of the board and of the division after
receipt of proposed amendments, the board and the division shall determine whether the proposed amendments are substantial. If the amendments are substantial in nature as determined by either the board or the division, the governing body shall conduct a hearing pursuant to section 5 of P.L.2002, c.47 (C.58:28-6). Within 45 days of the receipt of proposed amendments that are not determined to be substantial, or within 45 days of the receipt of an application for approval of proposed amendments that are determined to be substantial, the board and division shall approve or conditionally approve the amendments in accordance with the applicable procedures established for approval of an original contract pursuant to this section.

10. R.S.48:2-13 is amended to read as follows:

Powers of board; public utility defined; exemptions from jurisdiction.

48:2-13. a. The board shall have general supervision and regulation of and jurisdiction and control over all public utilities as defined in this section and their property, property rights, equipment, facilities and franchises so far as may be necessary for the purpose of carrying out the provisions of this Title.

The term "public utility" shall include every individual, copartnership, association, corporation or joint stock company, their lessees, trustees or receivers appointed by any court whatsoever, their successors, heirs or assigns, that now or hereafter may own, operate, manage or control within this State any railroad, street railway, traction railway, autobus, charter bus operation, special bus operation, canal, express, subway, pipeline, gas, electricity distribution, water, oil, sewer, solid waste collection, solid waste disposal, telephone or telegraph system, plant or equipment for public use, under privileges granted or hereafter to be granted by this State or by any political subdivision thereof.

b. Nothing contained in this Title shall extend the powers of the board to include any supervision and regulation of, or jurisdiction and control over any vehicles engaged in ridesharing arrangements with a maximum carrying capacity of not more than 15 passengers, including the driver, where the transportation of passengers is incidental to the purpose of the driver or any vehicles engaged in the transportation of passengers for hire in the manner and form commonly called taxicab service unless such service becomes or is held out to be regular service between stated termini; hotel buses used exclusively for the transportation of hotel patrons to or from local railroad
or other common carrier stations, including local airports, or bus employed solely for transporting school children and teachers, to and from school, or any autobus with a carrying capacity of not more than 10 passengers now or hereafter operated under municipal consent upon a route established wholly within the limits of a single municipality or with a carrying capacity of not more than 20 passengers operated under municipal consent upon a route established wholly within the limits of not more than four contiguous municipalities within any county of the fifth or sixth class, which route in either case does not in whole or in part parallel upon the same street the line of any street railway or traction railway or any other autobus route.

c. Except as provided in section 7 of P.L.1995, c.101 (C.58:26-25), the board shall have no regulatory authority over the parties to a contract negotiated between a public entity and a private firm pursuant to P.L.1995, c.101 (C.58:26-19 et al.) in connection with the performance of their respective obligations thereunder. Nothing contained in this title shall extend the powers of the board to include any supervision and regulation of, or jurisdiction and control over, any public-private contract for the provision of water supply services established pursuant to P.L.1995, c.101 (C.58:26-19 et al.).

d. Unless otherwise specifically provided pursuant to P.L.1999, c.23 (C.48:3-49 et al.), all services necessary for the transmission and distribution of electricity and gas, including but not limited to safety, reliability, metering, meter reading and billing, shall remain the jurisdiction of the Board of Public Utilities. The board shall also maintain the necessary jurisdiction with regard to the production of electricity and gas to assure the reliability of electricity and gas supply to retail customers in the State as prescribed by the board or any other federal or multi-jurisdictional agency responsible for reliability and capacity in the State.

e. Notwithstanding the provisions of subsection a. of this section, the board shall have the authority to classify as regulated the sale of any thermal energy service by a cogenerator or district heating system, for the purpose of providing heating or cooling to a residential dwelling if, after notice and hearing, it determines that the customer does not have sufficient space on its property to install an alternative source of equivalent thermal energy, there is no contract governing the provision of thermal energy service for the relevant period of time, and that sufficient competition is no longer present, based upon consideration of such factors as: ease of market entry; presence of other competitors; and the availability of like or substitute services in the relevant geographic area. Upon such a classification, the board may determine such rates for the thermal energy service for the purpose of providing heating or cooling to a residential dwelling as it finds to be consistent with the prevailing cost of alternative sources of thermal energy in similar situations. The board, however, shall continue to monitor the thermal energy service to such residential
dwellings and, whenever the board finds that the thermal energy service has again become sufficiently competitive pursuant to the criteria listed above, the board shall cease to regulate the sale or production of the service. The board shall not have the authority to regulate the sale or production of steam or any other form of thermal energy, including hot and chilled water, to non-residential customers.

f. Nothing contained in this Title shall extend the powers of the board to include supervision and regulation of, or jurisdiction and control over, an entity engaged in the provision or use of sewage effluent for the purpose of providing a cooling medium to an end user or end users on a single site, which provision results in the conservation of potable water which would otherwise have been used for such purposes.

g. Except as provided herein, the board shall have no regulatory authority over the parties to a contract entered into between the governing body of a city of the first class and a duly incorporated nonprofit association in connection with the performance of their respective obligations thereunder when the governing body of a city of the first class shall determine by ordinance that it is in the public interest to contract with that duly incorporated nonprofit association for the provision of water supply services as defined in subsection (16) of section 15 of P.L.1971, c.198 (C.40A:11-15), or for the provision of wastewater treatment services as defined in subsection (19) of section 15 of P.L.1971, c.198 (C.40A:11-15), or for the provision of wastewater treatment systems as defined in subsection (19) of section 15 of P.L.1971, c.198 (C.40A:11-15), and that governing body operates water supply facilities as authorized pursuant to the provisions of section 6 of P.L.2002, c.47 (C.58:28-7).

Notwithstanding any other provision of P.L.2002, c.47 whenever the governing body of a city of the first class enters into a contract with a duly incorporated nonprofit association for the provision of water supply services as defined in subsection (16) of section 15 of P.L.1971, c.198 (C.40A:11-15), or for the provision of wastewater treatment systems as defined in subsection (19) of section 15 of P.L.1971, c.198 (C.40A:11-15), and that governing body operates water supply facilities as authorized pursuant to the provisions of N.J.S.40A:31-4, which supply water to customers within another local unit, the nonprofit association or governing body shall be subject to the jurisdiction, rate regulation and control of the Board of Public Utilities as provided in N.J.S.40A:31-23, to the extent the nonprofit association or governing body supplies water to customers within that other local unit.

In the event a municipal utilities authority has been established in a local unit pursuant to the provisions of the "municipal and county utilities authorities law," P.L.1957, c.183 (C.40:14B-1 et seq.), no local unit or units shall establish any facility within the territory of that local unit which is competitive with any water supply facility operated by that authority.

c. No water supply services shall be provided in accordance with this act to users in another local unit without the prior approval of the governing body of that other local unit.

The provisions of this subsection shall not apply whenever water is supplied to customers in another local unit at bulk rates.

(2) Notwithstanding any provision of this subsection to the contrary, whenever the governing body of a city of the first class enters into a contract with a duly incorporated nonprofit association for the provision of water supply services as defined in subsection (16) of section 15 of P.L.1971, c.198 (C.40A:11-15), or the designing, financing, construction, operation, or maintenance, or any combination thereof, of a water supply facility as defined in subsection (16) of section 15 of P.L.1971, c.198 (C.40A:11-15), and that governing body operates water supply facilities as authorized pursuant to the provisions of N.J.S.40A:31-4, which supply water to customers within another local unit, the nonprofit association or governing body shall be subject to the jurisdiction, rate regulation and control of the Board of Public Utilities to the extent the nonprofit association or governing body supplies water to customers within that other local unit. association that has entered into a contract with the governing body of a city of the first class pursuant to sections 1 and 2 of P.L.2002, c.47 (C.40A:12-17.1 and 40A:11-5.1) for any capital improvements to, or construction of, water supply facilities or wastewater treatment systems shall be subject to the provisions of the "Local Public Contracts Law," P.L.1971, c.198 (C.40A:11-1 et seq.) whenever the funds have been derived from the proceeds of obligations or other available public moneys of any public entity including, but not limited to, debt issued by the New Jersey Environmental Infrastructure Trust established pursuant to P.L.1985, c.334 (C.58:11B-1 et seq.), as amended and supplemented by P.L.1997, c.224, or a city of the first class.

If the member shall have designated a natural person as the payee, the payee may elect to receive such payments in the form of a life annuity.

Option 2. Upon the member's death, the member's retirement allowance shall be continued throughout the life of and paid to such person as the member shall nominate by written designation duly acknowledged and filed with the retirement system at the time of retirement.

Option 4. Some other benefit or benefits shall be paid either to the member or to whomever the member nominates, if such other benefit or benefits, together with the lesser retirement allowance, shall be certified by the actuary to be of equivalent actuarial value. In no case, however, shall the lesser retirement allowance be smaller than that provided under Option 2.

Option 5. Some other benefit, which is equivalent to the full amount, three-quarters, one-half or one-quarter of the member's retirement allowance, shall be paid to whomever the member nominates and if that nominee dies before the member, the member's retirement allowance shall increase to the maximum retirement allowance for the member's lifetime, provided that such other benefit together with the member's lesser and maximum retirement allowances shall be certified by the actuary to be of equivalent actuarial value.

CHAPTER 58

AN ACT requiring hepatitis B vaccinations for students in high school and at institutions of higher education and supplementing Title 18A of the New Jersey Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.18A:61D-8 Findings, declarations relative to hepatitis B vaccinations.

1. The Legislature finds and declares that:
   a. Hepatitis B is a serious viral disease that attacks the liver and can cause lifelong infection, cirrhosis of the liver, liver cancer, liver failure and even death; after tobacco, hepatitis B is the world's leading known cause of cancer;
   b. Hepatitis B virus is spread through blood and other body fluids and has been shown in some instances to remain infectious on environmental surfaces for at least a month at room temperature; in some settings, the virus can be up to 100 times more contagious than the virus that causes AIDS;
c. Individuals are at greater risk of hepatitis B virus infection who: have multiple sex partners; use injection drugs; have household contact with an individual who has lifelong hepatitis B infection; and travel to areas of the world where hepatitis B is common;

d. In 1999, an estimated 80,000 individuals in the United States were infected with the hepatitis B virus, and one out of 20 individuals in the United States will be infected with the virus at some time in their lives; approximately 30% of individuals who are infected show no signs or symptoms and can unknowingly pass the virus to others;

e. The highest rate of hepatitis B disease occurs in individuals 20 to 49 years of age; in 1998, 205 hepatitis B cases were reported in New Jersey, with 60% of those occurring in individuals 25 to 44 years of age;

f. Hepatitis B vaccine, which has been available since 1982, prevents hepatitis B disease and its serious consequences; the federal Centers for Disease Control and Prevention recommends routine vaccination of individuals zero to 18 years of age for hepatitis B;

g. As of September 2001, the New Jersey Department of Health and Senior Services requires hepatitis B immunization prior to school entry for all children in the State, with a sixth grade catch-up dose for those not already immunized; and

h. Since the hepatitis B immunization requirement for school entry in the State was recently adopted and the highest rates of hepatitis B infection in the nation and State are occurring in individuals between 20 and 50 years of age, it is appropriate for the State to require every high school student, and each new student enrolling on a full-time basis in a program leading to an academic degree at an institution of higher education in the State, to be vaccinated for hepatitis B.

C.18A:61D-9 Hepatitis B vaccination required for certain students at institutions of higher education.

2. a. Beginning with the 2008-09 school year, a new student enrolling in a program leading to an academic degree at a public or private institution of higher education in this State, who registers for 12 or more credit hours of course study per semester or term, shall be vaccinated for hepatitis B within nine months of attendance as a condition of continued attendance at that institution, except as provided in section 4 of this act.

b. A student shall present evidence of the vaccination required pursuant to this section to the institution in a manner prescribed by the institution.

c. The Department of Health and Senior Services shall require each public or private institution of higher education in this State to offer the vaccination required pursuant to this section to its students through the institution's student health services program or through a contractual agreement with a community health care provider.
d. The Commissioner of Health and Senior Services shall adopt rules and regulations pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to carry out the purposes of subsections a., b. and c. of this section and sections 3 and 4 of this act.

C.18A:40-21.1 Hepatitis B vaccination required for public, private school students in grades nine through twelve.

3. The Commissioner of Health and Senior Services shall require the immunization of a child for hepatitis B as a condition of enrollment in grades nine through 12.

b. Beginning with the 2003-2004 school year, a principal, director or other person in charge of a public or private school in this State shall not knowingly admit or retain in grades nine through 12 a child whose parent or guardian has not submitted acceptable evidence of the child's immunization for hepatitis B prior to or during enrollment in ninth grade, as provided by regulation of the Commissioner of Health and Senior Services.

c. The Commissioner of Health and Senior Services shall adopt rules and regulations pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to carry out the purposes of this section.

C.18A:61D-10 Exemption from vaccination.

4. A student shall not be required to receive a vaccination pursuant to section 2 or 3 of this act based upon one of the following:

a. a written statement submitted to the secondary school or institution of higher education, as applicable, by a licensed physician indicating that the vaccine is medically contraindicated for a specific period of time and the reasons for the medical contraindication, based upon valid medical reasons as determined by regulation of the Commissioner of Health and Senior Services, which shall exempt the student from the vaccination for the stated period of time; or

b. a written statement submitted to the secondary school or institution of higher education, as applicable, by the student, or the student's parent or guardian if the student is a minor, explaining how the administration of the vaccine conflicts with the bona fide religious tenets or practices of the student, or the parent or guardian, as appropriate; except that a general philosophical or moral objection to the vaccination shall not be sufficient for an exemption on religious grounds.

5. This act shall take effect immediately.

CHAPTER 62

AN ACT concerning electric public utilities and supplementing Title 48 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:
CHAPTER 63, LAWS OF 2002

C.48:2-29.44 Findings, declarations relative to electric public utility service.

1. The Legislature finds and declares that:
   a. During periods of excessive heat, the health of individuals with disabilities, senior citizens, and others can be severely compromised if those individuals do not have adequate ventilation or air conditioning;
   b. Each summer, some at-risk individuals die from dehydration during periods of sustained heat, and others have had their health severely compromised; and
   c. In view of the severity of the impact of sustained heat on the physical well-being of at-risk individuals, it is the public policy of this State to ensure that these individuals, their financial circumstances notwithstanding, are not deprived of electrical power during periods when the amelioration of the effects of high heat and humidity is essential to their health and welfare.

The Legislature therefore determines that it is necessary for the Board of Public Utilities to develop and administer a program that ensures that the individuals most at risk will not experience an interruption in their electrical supply as a result of the suspension of service by an electric public utility.

C.48:2-29.45 Provision of continued electrical service during periods of excessive heat.

2. Notwithstanding any law, rule, order or regulation to the contrary, the board shall provide for the continuation of electrical service during periods of excessive heat, as determined by the board, for those residential customers who would be eligible for protection under the Winter Termination Program as pursuant to N.J.A.C.14:3-7.12A, notwithstanding that the individual would otherwise be subject to the suspension of service; provided, however, that nothing in this act shall in any manner relieve the individual of any financial obligation to the electric public utility providing the service.

C.48:2-29.46 Rules, regulations.

3. The board shall promulgate, in accordance with the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), such rules and regulations as may be necessary to effectuate the purposes of this act.

4. This act shall take effect immediately.

Approved August 6, 2002.

1. Section 29 of P.L.1983, c.303 (C.52:27H-88) is amended to read as follows:

All moneys deposited in the fund shall be held and disbursed in the amounts necessary to fulfill the purposes of this section and subject to the requirements hereinafter prescribed. The State Treasurer may invest and reinvest any moneys in the fund, or any portion thereof, in legal obligations of the United States or of the State or of any political subdivision thereof. Any income from, interest on, or increment to moneys so invested or reinvested shall be included in the fund.

The State Treasurer shall maintain separate accounts for each enterprise zone designated under this act, and one in the authority's name for the administration of the Urban Enterprise Zone program. The State Treasurer shall credit to each account an amount of the moneys deposited in the fund equal to the amount of revenues collected from the taxation of retail sales made in the zone and appropriated to the enterprise zone assistance fund, or that amount of moneys appropriated to the fund and required to be credited to the enterprise zone account of the qualifying municipality pursuant to section 21 of P.L.1983, c.303 (C.52:27H-80).
The State Treasurer shall promulgate the rules and regulations necessary to govern the administration of the fund for the purposes of this section.

b. The enterprise zone assistance fund shall be used for the purpose of assisting qualifying municipalities in which enterprise zones are designated in undertaking public improvements, economic development projects and in upgrading eligible municipal services in designated enterprise zones.

c. The governing body of a qualifying municipality in which an enterprise zone is designated and the zone development corporation created or designated by the municipality for that enterprise zone may, by resolution jointly adopted after public hearing, propose to undertake a project for the public improvement of the enterprise zone or to increase eligible municipal services in the enterprise zone, and to fund that project or increase in eligible municipal services from moneys deposited in the enterprise zone assistance fund and credited to the account maintained by the State Treasurer for the enterprise zone.

The proposal so adopted shall set forth a plan for the project or for the increase in eligible municipal services and shall include:

1. A description of the proposed project or of the municipal services to be increased;

2. An estimate of the total project costs, or of the total costs of increasing the municipal services, and an estimate of the amounts of funding necessary annually from the enterprise zone account;

3. A statement of any other revenue sources to be used to finance the project or to fund the increase in eligible municipal services;

4. A statement of the time necessary to complete the project, or of the time during which the increased municipal services are to be maintained;

5. A statement of the manner in which the proposed project or increase in municipal services furthers the municipality's policy and intentions for addressing the economic and social conditions existing in the area of the enterprise zone as set forth in the zone development plan approved by the authority; and

6. A description of the financial and programmatic controls and reporting mechanisms to be used to guarantee that the funds will be spent in accordance with the plan and that the project or increased municipal service will accomplish its purpose.

As used in this section, "project" means an activity funded by the zone assistance fund through the qualified municipality and implemented by the zone development corporation, including the purchasing, leasing, condemning, or otherwise acquiring of land or other property, or an interest therein, in the enterprise zone or as necessary for a right-of-way or other easement to or from the enterprise zone; the relocating and moving of persons or businesses displaced by the acquisition of land or property; the rehabilitation and redevelopment of land or property, including demolition, clearance, removal, relocation,
renovation, alteration, construction, reconstruction, installation or repair of a land or a building, street, highway, alley, utility, service or other structure or improvement which will lead to increased economic activity within the zone; the acquisition, construction, reconstruction, rehabilitation, or installation of public facilities and improvements, except buildings and facilities for the general conduct of government and schools; the establishment of revolving loan or grant programs for qualified businesses in the zone to encourage private investment and job creation, matching grant programs for the establishment or operation of pedestrian malls, special improvement districts and tax increment districts, or other appropriate entity; marketing, advertising and special event activities that will lead to increased economic activity or encourage private investment and job creation in the zone, but not including the expenditures therefor which are required to be reported pursuant to "The New Jersey Campaign Contributions and Expenditures Reporting Act," P.L.1973, c.83 (C.19:44A-1 et seq.); and the costs associated therewith including the costs of an administrative appraisal, economic and environmental analyses, environmental remediation, engineering, planning, design, architectural, surveying or other professional or managerial services.

As used in this section, "eligible municipal services" means the hiring of additional policemen or firemen assigned duties in the enterprise zone, or the purchasing or leasing of additional police or fire vehicles, equipment or apparatus to be used for the provision of augmented or upgraded public safety services in the enterprise zone and its immediate vicinities.

d. Upon adoption by the governing body of the qualifying municipality and by the zone development corporation, the proposal shall be sent to the authority for its evaluation and approval. The authority shall approve the proposal if it shall find:

(1) In the case of a project, that the proposed project furthers the policy and intentions of the zone development plan approved by the authority, and that the estimated annual payments for the project from the enterprise zone account to which the proposal pertains are not likely to result in a deficit in that account;

(2) In the case of an increase in eligible municipal services, that the proposal furthers the policy and intentions of the zone development plan approved by the authority; that the qualifying municipality has furnished satisfactory assurances that the additional policemen or firemen to be hired, or the additional vehicles, equipment or apparatus to be purchased or leased, shall be used to augment or upgrade public safety in the enterprise zone, and shall not be used in other areas of the municipality; that the qualifying municipality shall annually appropriate for the increased eligible municipal services an amount equal to 20% of the amount of annual payments for the eligible municipal services from the enterprise zone account and shall not request for the increased eligible
municipal services an amount equal to more than 35% of the amount of annual payments into the enterprise zone account, unless the municipality and the authority have entered into an agreement or agreements to the contrary prior to July 1, 1992; and that the estimated annual payments for the eligible municipal services from the enterprise zone account to which the proposal pertains are not likely to result in a deficit in that account.

e. If the authority shall approve the proposal, it shall annually, upon its receipt of a written statement from the governing body of the qualifying municipality and the zone development corporation, certify to the State Treasurer the amount to be paid in that year from the enterprise zone account in the enterprise zone assistance fund with respect to each project or increase in eligible municipal services approved. The authority may at any time revoke its approval of a project or an increase in eligible municipal services if it finds that the annual payments made from the enterprise zone assistance fund are not being used as required by this section.

f. Upon certification by the authority of the annual amount to be paid to a qualifying zone with respect to any project or increase in eligible municipal services, the State Treasurer shall pay in each year to the qualifying municipality from the amounts deposited in the enterprise zone assistance fund the amount so certified, within the limits of the amounts credited to the enterprise zone account of the qualifying municipality.

g. An amount not to exceed one-third of the amount deposited in the account created in the name of the authority in the enterprise zone assistance fund shall be used by the authority for the coordination and administration of the program throughout the State, including but not limited to costs for personnel, operating expenses and marketing. The balance of the remaining amount shall be distributed to qualifying municipalities in proportion to each municipality's contribution to the enterprise zone assistance fund for the coordination and administration of the program within the municipality, including but not limited to costs for personnel, operating expenses and marketing.

2. This act shall take effect immediately.

Approved August 14, 2002.

12. Section 1 of P.L.2001, c.39 (C.5:12-71.2) is amended to read as follows:

C.5:12-71.2 List of persons self-excluded from gaming activities.

1. a. The commission shall provide by regulation for the establishment of a list of persons self-excluded from gaming activities at all licensed casinos and simulcasting facilities. Any person may request placement on the list of self-excluded persons by acknowledging in a manner to be established by the commission that the person is a problem gambler and by agreeing that, during any period of voluntary exclusion, the person may not collect any winnings or recover any losses resulting from any gaming activity at such casinos and facilities.

b. The regulations of the commission shall establish procedures for placements on, and removals from, the list of self-excluded persons. Such regulations shall establish procedures for the transmittal to licensed casinos and simulcasting facilities of identifying information concerning self-excluded persons, and shall require licensed casinos and simulcasting facilities to establish procedures designed, at a minimum, to remove self-excluded persons from targeted mailings or other forms of advertising or promotions and deny self-excluded persons access to credit, complementaries, check-cashing privileges club programs, and other similar benefits.

c. A licensed casino or simulcasting facility or employee thereof shall not be liable to any self-excluded person or to any other party in any judicial proceeding for any harm, monetary or otherwise, which may arise as a result of:

(1) the failure of a licensed casino or simulcasting facility to withhold gaming privileges from, or restore gaming privileges to, a self-excluded person; or

(2) otherwise permitting a self-excluded person to engage in gaming activity in such licensed casino or simulcasting facility while on the list of self-excluded persons.

d. Notwithstanding the provisions of P.L.1977, c.110 (C.5:12-1 et seq.) or any other law to the contrary, the commission's list of self-excluded persons
shall not be open to public inspection. Nothing herein, however, shall be
construed to prohibit a casino licensee from disclosing the identity of persons
self-excluded pursuant to this section to affiliated gaming entities in this State
or other jurisdictions for the limited purpose of assisting in the proper
administration of responsible gaming programs operated by such gaming
affiliated entities.

e. A licensed casino or simulcasting facility or employee thereof shall
not be liable to any self-excluded person or to any other party in any judicial
proceeding for any harm, monetary or otherwise, which may arise as a result
disclosure or publication in any manner, other than a willfully unlawful
disclosure or publication, of the identity of any self-excluded person.

13. Section 81 of P.L.1977, c.110 (C.5:12-81) is amended to read as
follows:

C.5:12-81 Statement of compliance.

81. Statement of compliance.

a. (1) The commission may, in its discretion, issue a statement of
compliance to an applicant for any license or for qualification status under
this act at any time the commission is satisfied that the applicant has established
by clear and convincing evidence that one or more particular eligibility criteria
have been satisfied by an applicant. A request for the issuance of a statement
of compliance pursuant to this paragraph shall be initiated by the applicant
filing a petition with the commission. Before the commission refers any such
petition to the division for investigation, the commission may require the
applicant to establish to the satisfaction of the commission that the applicant
actually intends, if found qualified, to engage in the business or activity that
would require the issuance of the license or the determination of qualification
status.

(2) Any person who must be qualified pursuant to the "Casino Control
Act," P.L.1977, c.110 (C.5:12-1 et seq.) in order to hold the securities of a
casino licensee or any holding or intermediary company of a casino licensee
may, prior to the acquisition of any such securities, request the issuance of
a statement of compliance by the commission that the person is qualified to
hold such securities. Any request for the issuance of a statement of compliance
pursuant to this paragraph shall be initiated by the person filing a petition with
the commission in which the person shall be required to establish that there
is a reasonable likelihood that, if qualified, the person will obtain and hold
the securities of a casino licensee or any holding or intermediary company
thereof to such extent as to require the qualification of the person. If the
commission finds that this reasonable likelihood exists, and if the commission
is satisfied, after an investigation by the division, that the qualifications of
the person have been established by clear and convincing evidence, the
commission may, in its discretion, issue a statement of compliance that the
person is qualified to hold such securities. Any person who requests a statement
of compliance pursuant to this paragraph shall be subject to the provisions
of section 80 of P.L.1977, c.110 (C.5:12-80) and shall pay for the costs of
all investigations and proceedings in relation to the request unless the person
provides to the commission an agreement with one or more casino licensees
which states that the licensee or licensees will pay those costs.

(3) A statement of compliance shall not be issued indicating that an
applicant that is a corporation or other form of business organization has
established by clear and convincing evidence its good character, honesty and
integrity unless the Chief Executive Officer, Chief Operating Officer and Chief
Financial Officer, or the functional equivalent thereof; each director; each
person who directly or indirectly holds any beneficial interest or ownership
in the applicant, to the extent such person would be required to qualify under
section 85 of P.L.1977, c.110 (C.5:12-85) if the applicant were a holding
company or intermediary company of a casino licensee; and any other person
whom the commission may consider appropriate for approval or qualification,
would, but for residence, individually be qualified for approval as a casino
key employee pursuant to the provisions of section 89 of P.L.1977, c.110
(C.5:12-89).

b. Any statement of compliance issued under P.L.1977, c.110 (C.5:12-1
et seq.) shall specify:
(1) the particular eligibility criterion satisfied by the applicant or person;
(2) the date as of which such satisfaction was determined by the
commission;
(3) the continuing obligation of the applicant or person to file any
information required by the commission or division as part of any application
for a license or qualification status, including information related to the
eligibility criterion for which the statement of compliance was issued; and
(4) the obligation of the applicant or person to reestablish its satisfaction
of the eligibility criterion should there be a change in any material fact or
circumstance that is relevant to the eligibility criterion for which the statement
of compliance was issued.

c. A statement of compliance certifying satisfaction of all of the
requirements of subsection e. of section 84 of this act with respect to a specific
casino hotel proposal submitted by an eligible applicant may be accompanied
by a written commitment from the commission that a casino license shall be
reserved for a period not to exceed 30 months or within such additional time
period as the commission may, upon a showing of good cause therefor, establish
and shall be issued to such eligible applicant with respect to such proposal
provided that such applicant (1) complies in all respects with the provisions
of this act, (2) qualifies for a casino license within a period not to exceed 30 months of the date of such commitment or within such additional time period as the commission may, upon a showing of good cause therefor, establish, and (3) complies with such other conditions as the commission shall impose. The commission may revoke such reservation at any time it finds that the applicant is disqualified from receiving or holding a casino license or has failed to comply with any conditions imposed by the commission. Such reservation shall be automatically revoked if the applicant does not qualify for a casino license within the period of such commitment. No license other than a casino license shall be reserved by the commission.

d. Any statement of compliance issued pursuant to this section shall be withdrawn by the commission if:

(1) the applicant or person otherwise fails to satisfy the standards for licensure or qualification;
(2) the applicant or person fails to comply with any condition imposed by the commission; or
(3) the commission finds cause to revoke the statement of compliance for any other reason.

e. Notwithstanding any other provision of this section, unless otherwise extended by the commission upon application by the recipient and for good cause shown, any statement of compliance issued by the commission pursuant to this section shall expire 48 months after its date of issuance, unless the recipient also has received a commitment for the reservation of a casino license, in which case the statement of compliance shall expire on the same date as the commitment.

f. Any statement of compliance issued by the commission prior to the effective date of this amendatory and supplementary act, P.L.2002, c.65, shall expire in accordance with the provisions of subsection e. of this section as if the statement had been issued on such effective date, unless the statement is otherwise extended, withdrawn or revoked prior to such date in accordance with the provisions of this section.

14. Section 83 of P.L.1977, c.110 (C.5:12-83) is amended to read as follows:

C.5:12-83 Approved hotel.

83. a. An approved hotel for purposes of this act shall be a hotel providing facilities in accordance with this section. Nothing in this section shall be construed to limit the authority of the commission to determine the suitability of facilities as provided in this act, and nothing in this section shall be construed to require a casino to be smaller than the maximum size herein provided.

b. (Deleted by amendment, P.L.2002, c.65).
c. A casino hotel shall include an approved hotel containing at least 500 qualifying sleeping units, as defined in section 27 of the "Casino Control Act," P.L. 1977, c. 110 (C.5:12-27), and a casino, the total square footage of which shall not exceed 60,000 square feet, except that for each additional 100 qualifying sleeping units above 500, the maximum amount of the casino space may be increased by 10,000 square feet, up to a maximum of 200,000 square feet of casino space. For the purpose of increasing casino space, an agreement approved by the commission for the addition of qualifying sleeping units within two years after the commencement of gaming operations in the additional casino space shall be deemed an addition of those sleeping units, but if the agreement is not fulfilled due to conditions within the control of the casino licensee, the casino licensee shall close the additional casino space or any portion thereof as directed by the commission.

d. Once a hotel is initially approved, the commission shall thereafter rely on the certification of the casino licensee with regard to the number of qualifying sleeping units and shall permit replacement, rehabilitation, renovation and alteration of any part of the approved hotel even if the replacement, rehabilitation, renovation, or alteration will mean that the casino licensee does not temporarily meet the requirements of subsection c. so long as the licensee certifies that the replacement, rehabilitation, renovation, or alteration shall be completed within one year or such other reasonable period of time as the commission may approve.

e. (Deleted by amendment, P.L. 1987, c. 352).

g. (Deleted by amendment, P.L. 1991, c. 182).

h. (Deleted by amendment, P.L. 1991, c. 182).

i. The commission shall not impose any criteria or requirements regarding the contents of the approved hotel in addition to the criteria and requirements expressly specified in the "Casino Control Act," P.L. 1977, c. 110 (C.5:12-1 et seq.); provided, however, that the commission shall be authorized to require each casino licensee to establish and maintain an approved hotel which is in all respects a superior, first-class facility of exceptional quality which will help restore Atlantic City as a resort, tourist and convention destination.

15. Section 85 of P.L. 1977, c. 110 (C.5:12-85) is amended to read as follows:

C.5:12-85 Additional requirements.

85. Additional Requirements. a. In addition to other information required by this act, a corporation applying for a casino license shall provide the following information:
(1) The organization, financial structure and nature of all businesses operated by the corporation; the names and personal employment and criminal histories of all officers, directors and principal employees of the corporation; the names of all holding, intermediary and subsidiary companies of the corporation; and the organization, financial structure and nature of all businesses operated by such of its holding, intermediary and subsidiary companies as the commission may require, including names and personal employment and criminal histories of such officers, directors and principal employees of such corporations and companies as the commission may require;

(9) A listing of stock options existing or to be created.

b. If a corporation or other form of business organization applying for a casino license is, or if a corporation or other form of business organization holding a casino license is to become, a subsidiary, each holding company and each intermediary company with respect thereto must, as a condition of the said subsidiary acquiring or retaining such license, as the case may be:

(1) Qualify to do business in the State of New Jersey; and

(2) If it is a corporation, register with the commission and furnish the commission with all the information required of a corporate licensee as specified in subsection a. (1), (2) and (3) of this section and such other information as the commission may require; or

(3) If it is not a corporation, register with the commission and furnish the commission with such information as the commission may prescribe.

c. No corporation shall be eligible to hold a casino license unless each officer; each director; each person who directly or indirectly holds any beneficial interest or ownership of the securities issued by the corporation; any person who in the opinion of the commission has the ability to control the corporation
or elect a majority of the board of directors of that corporation, other than a banking or other licensed lending institution which makes a loan or holds a mortgage or other lien acquired in the ordinary course of business; each principal employee; and any lender, underwriter, agent, employee of the corporation, or other person whom the commission may consider appropriate for approval or qualification would, but for residence, individually be qualified for approval as a casino key employee pursuant to the provisions of this act.

d. No corporation or other form of business organization which is a subsidiary shall be eligible to receive or hold a casino license unless each holding and intermediary company with respect thereto:

   (1) If it is a corporation, shall comply with the provisions of subsection c. of this section as if said holding or intermediary company were itself applying for a casino license; provided, however, that the commission with the concurrence of the director may waive compliance with the provisions of subsection c. hereof on the part of a holding company as to any officer, director, lender, underwriter, agent or employee thereof, or person directly or indirectly holding a beneficial interest or ownership of the securities of such corporation, where the commission and the director are satisfied that such officer, director, lender, underwriter, agent or employee is not significantly involved in the activities of the corporate licensee, and in the case of security holders, does not have the ability to control the holding company or elect one or more directors thereof; or

   (2) If it is not a corporation, shall comply with the provisions of subsection e. of this section as if said company were itself applying for a casino license; provided, however, that the commission with the concurrence of the director may waive compliance with the provisions of subsection e. of this section on the part of a noncorporate business organization which is a holding company as to any person who directly or indirectly holds any beneficial interest or ownership in such company, when the commission and the director are satisfied that such person does not have the ability to control the company.

e. Any noncorporate applicant for a casino license shall provide the information required in subsection a. of this section in such form as may be required by the commission. No such applicant shall be eligible to hold a casino license unless each person who directly or indirectly holds any beneficial interest or ownership in the applicant, or who in the opinion of the commission has the ability to control the applicant, or whom the commission may consider appropriate for approval or qualification, would, but for residence, individually be qualified for approval as a casino key employee pursuant to the provisions of this act.

f. Notwithstanding the provisions of subsections c. and d. of this section, and in the absence of a prima facie showing by the director that there is any cause to believe that the institutional investor may be found unqualified, an
in institutional investor holding either (1) under 10% of the equity securities of a casino licensee's holding or intermediary companies, or (2) debt securities of a casino licensee's holding or intermediary companies, or another subsidiary company of a casino licensee's holding or intermediary companies which is related in any way to the financing of the casino licensee, where the securities represent a percentage of the outstanding debt of the company not exceeding 20%, or a percentage of any issue of the outstanding debt of the company not exceeding 50%, shall be granted a waiver of qualification if such securities are those of a publicly traded corporation and its holdings of such securities were purchased for investment purposes only and upon request by the commission it files with the commission a certified statement to the effect that it has no intention of influencing or affecting the affairs of the issuer, the casino licensee or its holding or intermediary companies; provided, however, that it shall be permitted to vote on matters put to the vote of the outstanding security holders. The commission may grant a waiver of qualification to an institutional investor holding a higher percentage of such securities upon a showing of good cause and if the conditions specified above are met. Any institutional investor granted a waiver under this subsection which subsequently determines to influence or affect the affairs of the issuer shall provide not less than 30 days' notice of such intent and shall file with the commission an application for qualification before taking any action that may influence or affect the affairs of the issuer; provided, however, that it shall be permitted to vote on matters put to the vote of the outstanding security holders. If an institutional investor changes its investment intent, or if the commission finds reasonable cause to believe that the institutional investor may be found unqualified, no action other than divestiture shall be taken by such investor with respect to its security holdings until there has been compliance with the provisions of P.L.1987, c.409 (C.5:12-95.12 et seq.), including the execution of a trust agreement. The casino licensee and its relevant holding, intermediary or subsidiary company shall immediately notify the commission and the division of any information about, or actions of, an institutional investor holding its equity or debt securities where such information or action may impact upon the eligibility of such institutional investor for a waiver pursuant to this subsection.

g. If at any time the commission finds that an institutional investor holding any security of a holding or intermediary company of a casino licensee, or, where relevant, of another subsidiary company of a holding or intermediary company of a casino licensee which is related in any way to the financing of the casino licensee, fails to comply with the terms of subsection f. of this section, or if at any time the commission finds that, by reason of the extent or nature of its holdings, an institutional investor is in a position to exercise such a substantial impact upon the controlling interests of a licensee that
qualification of the institutional investor is necessary to protect the public interest, the commission may, in accordance with the provisions of subsections a. through e. of this section or subsections d. and e. of section 105 of P.L. 1977, c. 110 (C.5:12-105), take any necessary action to protect the public interest, including requiring such an institutional investor to be qualified pursuant to the provisions of the "Casino Control Act," P.L. 1977, c. 110 (C.5:12-1 et seq.).

16. Section 91 of P.L. 1977, c. 110 (C.5:12-91) is amended to read as follows:

C.5:12-91 Registration of casino service employees.

91. Registration of Casino Service Employees.

   a. No person may commence employment as a casino service employee unless the person has been registered with the commission, which registration shall be in accordance with subsection f. of this section.

   b. Any applicant for casino service employee registration shall produce such information as the commission may require. Subsequent to the registration of a casino service employee, the commission may revoke, suspend, limit, or otherwise restrict the registration upon a finding that the registrant is disqualified on the basis of the criteria contained in section 86 of P.L. 1977, c. 110 (C.5:12-86).

   c. The commission may, by regulation, require that all applicants for casino service employee registration be residents of this State for a period not to exceed three months immediately prior to such registration, but application may be made prior to the expiration of the required period of residency. The commission shall waive the required residency period for an applicant upon a showing that the residency period would cause undue hardship upon the casino licensee which intends to employ said applicant, or upon a showing of other good cause.

   d. Notwithstanding the provisions of subsection b. of this section, no casino service employee registration shall be revoked on the basis of a conviction of any of the offenses enumerated in this act as disqualification criteria or the commission of any act or acts which would constitute any offense under subsection c. of section 86 of P.L. 1977, c. 110 (C.5:12-86), as specified in subsection g. of that section, provided that the registrant has affirmatively demonstrated the registrant's rehabilitation. In determining whether the registrant has affirmatively demonstrated the registrant's rehabilitation the commission shall consider the following factors:

   (1) The nature and duties of the registrant's position;
   (2) The nature and seriousness of the offense or conduct;
   (3) The circumstances under which the offense or conduct occurred;
   (4) The date of the offense or conduct;
   (5) The age of the registrant when the offense or conduct was committed;
(6) Whether the offense or conduct was an isolated or repeated incident;
(7) Any social conditions which may have contributed to the offense or conduct;
(8) Any evidence of rehabilitation, including good conduct in prison or in the community, counseling or psychiatric treatment received, acquisition of additional academic or vocational schooling, successful participation in correctional work-release programs, or the recommendation of persons who have or have had the registrant under their supervision.
e. The commission may waive any disqualification criterion for a casino service employee consistent with the public policy of this act and upon a finding that the interests of justice so require.
f. Upon petition by the holder of a casino license, casino service employee registration shall be granted to each applicant for such registration named therein, provided that the petition certifies that each such applicant has filed a completed application for casino service employee registration as required by the commission.
All casino hotel employee registrations shall expire 120 days after the effective date of this amendatory and supplementary act, P.L.2002, c.65. Any holder of a casino hotel employee registration may until that date convert that registration to a casino service employee registration without fee.

17. Section 92 of P.L.1977, c.110 (C.5:12-92) is amended to read as follows:

C.5:12-92 Licensing and registration of casino service industries.

92. Licensing and Registration of Casino Service Industries.
a. (1) All casino service industries offering goods or services which directly relate to casino or gaming activity, including gaming equipment and simulcast wagering equipment manufacturers, suppliers, repairers and independent testing laboratories, schools teaching gaming and either playing or dealing techniques, and casino security services, shall be licensed in accordance with the provisions of this act prior to conducting any business whatsoever with a casino applicant or licensee, its employees or agents, and in the case of a school, prior to enrollment of any students or offering of any courses to the public whether for compensation or not; provided, however, that upon a showing of good cause by a casino applicant or licensee for each business transaction, the commission may permit an applicant for a casino service industry license to conduct business transactions with such casino applicant or licensee prior to the licensure of that service industry applicant under this subsection.

(2) In addition to the requirements of paragraph (1) of this subsection, any casino service industry intending to manufacture, sell, distribute, test or repair slot machines within New Jersey, other than antique slot machines as
defined in N.J.S.2C:37-7, shall be licensed in accordance with the provisions of this act prior to engaging in any such activities; provided, however, that upon a showing of good cause by a casino applicant or licensee for each business transaction, the commission may permit an applicant for a casino service industry license to conduct business transactions with the casino applicant or licensee prior to the licensure of that service industry applicant under this subsection; and provided further, however, that upon a showing of good cause by an applicant required to be licensed as a casino service industry pursuant to this paragraph, the commission may permit the service industry applicant to initiate the manufacture of slot machines or engage in the sale, distribution, testing or repair of slot machines with any person other than a casino applicant or licensee, its employees or agents, prior to the licensure of that service industry applicant under this subsection.

b. Each casino service industry in subsection a. of this section, as well as its owners, management and supervisory personnel; and principal employees if such principal employees have responsibility for services to a casino licensee, must qualify under the standards, except residency, established for qualification of a casino key employee under this act.

c. All casino service industries not included in subsection a. of this section shall be licensed in accordance with rules of the commission prior to commencement or continuation of any business with a casino applicant or licensee or its employees or agents. Such casino service industries, whether or not directly related to gaming operations, shall include junket enterprises; suppliers of alcoholic beverages, food and nonalcoholic beverages; in-State and out-of-State sending tracks as defined in section 2 of the "Casino Simulcasting Act," P.L.1992,c.19 (C.5:12-192); garbage handlers; vending machine providers; linen suppliers; maintenance companies; shopkeepers located within the approved hotels; limousine services; construction companies; and gaming schools contracting with casino applicants or licensees or their employees or agents. The commission may exempt any person or field of commerce from the licensing requirements of this subsection if the person or field of commerce demonstrates (1) that it is regulated by a public agency or that it will provide goods or services in insubstantial or insignificant amounts or quantities, and (2) that licensing is not deemed necessary in order to protect the public interest or to accomplish the policies established by this act.

Upon granting an exemption or at any time thereafter, the commission may limit or place such restrictions thereupon as it may deem necessary in the public interest, and shall require the exempted person to cooperate with the commission and the division and, upon request, to provide information in the same manner as required of a casino service industry licensed pursuant to this subsection; provided, however, that no exemption be granted unless
the casino service industry complies with the requirements of sections 134 and 135 of this act.

d. Licensure pursuant to subsection c. of this section of any casino service industry may be denied to any applicant disqualified in accordance with the criteria contained in section 86 of this act.

e. No casino service industry license shall be issued pursuant to subsection a. or subsection c. of this section to any person unless that person shall provide proof of valid business registration with the Division of Revenue in the Department of the Treasury.

f. A casino service industry licensed pursuant to subsection a. or subsection c. of this section shall require proof, from a subcontractor to a casino service industry contract with a casino applicant or casino licensee, of valid business registration with the Division of Revenue; verification information shall be forwarded by the casino service industry to the Division of Taxation in the Department of the Treasury. No subcontract to a casino service industry contract with a casino applicant or casino licensee shall be entered into by any casino service contractor unless the subcontractor first provides proof of valid business registration.

18. Section 93 of P.L.1977, c.110 (C.5:12-93) is amended to read as follows:

C.5:12-93 Registration of labor organizations.

93. Registration of Labor Organizations.

a. Each labor organization, union or affiliate seeking to represent employees who are employed in a casino hotel, casino or casino simulcasting facility by a casino licensee shall register with the commission biennially, and shall disclose such information to the commission as the commission may require, including the names of all affiliated organizations, pension and welfare systems and all officers and agents of such organizations and systems; provided, however, that no labor organization, union, or affiliate shall be required to furnish such information to the extent such information is included in a report filed by any labor organization, union, or affiliate with the Secretary of Labor pursuant to 29 U.S.C.s.431 et seq. or s. 1001 et seq. if a copy of such report, or of the portion thereof containing such information, is furnished to the commission pursuant to the aforesaid federal provisions. The commission may in its discretion exempt any labor organization, union, or affiliate from the registration requirements of this subsection where the commission finds that such organization, union or affiliate is not the certified bargaining representative of any employee who is employed in a casino hotel, casino or casino simulcasting facility by a casino licensee, is not involved actively,
CHAPTER 65, LAWS OF 2002 801

directly or substantially in the control or direction of the representation of any such employee, and is not seeking to do so.

b. No person may act as an officer, agent or principal employee of a labor organization, union or affiliate registered or required to be registered pursuant to this section if the person has been found disqualified by the commission in accordance with the criteria contained in section 86 of that act. The commission may, for purposes of this subsection, waive any disqualification criterion consistent with the public policy of this act and upon a finding that the interests of justice so require.

c. Neither a labor organization, union or affiliate nor its officers and agents not otherwise individually licensed or registered under this act and employed by a casino licensee may hold any financial interest whatsoever in the casino hotel, casino, casino simulcasting facility or casino licensee whose employees they represent.

d. Any person, including any labor organization, union or affiliate, who shall violate, aid and abet the violation, or conspire or attempt to violate this section is guilty of a crime of the fourth degree.

e. The commission or the division may maintain a civil action and proceed in a summary manner, without posting bond, against any person, including any labor organization, union or affiliate, to compel compliance with this section, or to prevent any violations, the aiding and abetting thereof, or any attempt or conspiracy to violate this section.

f. In addition to any other remedies provided in this section, a labor organization, union or affiliate registered or required to be registered pursuant to this section may be prohibited by the commission from receiving any dues from any employee licensed or registered under that act and employed by a casino licensee or its agent, if any officer, agent or principal employee of the labor organization, union or affiliate has been found disqualified and if such disqualification has not been waived by the commission in accordance with subsection b. of this section. The commission or the division may proceed in the manner provided by subsection e. of this section to enforce an order of the commission prohibiting the receipt of dues.

g. Nothing contained in this section shall limit the power of the commission to proceed in accordance with subsection c. of section 107 of P.L.1977, c.110 (C.5:12-107).

19. Section 95 of P.L.1977, c.110 (C.5:12-95) is amended to read as follows:

C.5:12-95 Renewal of licenses and registrations.

95. Renewal of Licenses and Registrations. Subject to the power of the commission to deny, revoke or suspend any license or registration, any license
other than a casino license or any registration may be renewed upon proper application for renewal and the payment of fees in accordance with the rules of the commission, but in no event later than the date of expiration of the current license or registration.

Notwithstanding the foregoing, in order to facilitate the efficient operation of the commission and the division, the commission shall have the authority, with the concurrence of the director of the division, to extend the period of any license other than a casino license, but in no event shall the expiration date be extended for more than two years.

20. Section 97 of P.L.1977, c.110 (C.5:12-97) is amended to read as follows:

C.5:12-97 Hours of operation.

97. Hours of Operation. a. Each casino licensed pursuant to this act shall be permitted to operate 24 hours a day unless otherwise directed by the commission in accordance with its authority under P.L.1977, c.110 (C.5:12-1 et seq.).

b. A casino licensee shall file with the commission a schedule of hours prior to the issuance of an initial operation certificate. If the casino licensee proposes any change in scheduled hours, such change may not be effected until such licensee files a notice of the new schedule of hours with the commission. Such filing must be made 30 days prior to the effective date of the proposed change in hours.

c. Nothing herein shall be construed to limit a casino licensee in opening its casino later than, or closing its casino earlier than, the times stated in its schedule of operating hours; provided, however, that any such alterations in its hours shall comply with the provisions of subsection a. of this section and with regulations of the commission pertaining to such alterations.

21. Section 99 of P.L.1977, c.110 (C.5:12-99) is amended to read as follows:

Each applicant for a casino license shall submit to the commission a description of its initial system of internal procedures and administrative and accounting controls for gaming and simulcast wagering operations accompanied by a certification by its Chief Legal Officer or equivalent that the submitted procedures conform to the requirements of this act, P.L.1977, c.110 (C.5:12-1 et seq.), and the regulations promulgated thereunder, and a certification by its Chief Financial Officer or equivalent that the submitted procedures provide adequate and effective controls, establish a consistent
overall system of internal procedures and administrative and accounting controls
and conform to generally accepted accounting principles. Each applicant shall
make its initial submission at least 30 days before such operations are to
commence unless otherwise directed by the commission. Except as otherwise
provided in subsection b. of this section, a casino licensee, upon submission
to the commission of a narrative description of a change in its system of internal

following the 15th day after submission, implement the change. Each initial

operations;

b. The commission shall review a submission made pursuant to subsection a. to determine whether it conforms to the requirements of this act and to the regulations promulgated thereunder and provides adequate and effective controls for the operations of the particular casino hotel submitting it. If during its review, the commission preliminarily determines that a procedure in the submission contains a substantial and material insufficiency likely to have a direct and materially adverse impact on the integrity of gaming or simulcast wagering operations or the control of gross revenue, the chairman, by written notice to the casino licensee, shall: (1) specify the precise nature of the insufficiency and, when possible, an acceptable alternative procedure, (2) schedule a hearing before the full commission no later than 15 days after the date of such written notice to plenarily and finally determine whether the procedure in question contains the described insufficiency, and (3) direct that the internal controls in issue not yet implemented not be implemented until approved by the commission. Upon receipt of the notice, the casino licensee shall proceed to the scheduled hearing before the full commission and may submit a revised procedure addressing the concerns specified in the notice.

c. Notwithstanding the provisions of subsections a. and b. hereof, the commission shall, by regulation, permit changes to those internal controls required by subsection a. hereof that cannot have a material impact upon the integrity of gaming or simulcast wagering operations or the control and reporting
of gross revenue, including those internal controls described in paragraph (3) of subsection a. hereof, to be implemented by a casino licensee immediately upon the preparation and internal filing of such internal controls.

d. Each casino licensee and applicant shall submit a narrative description of its system of internal procedures and administrative and accounting controls for the recording and reporting of all business transactions and agreements governed by sections 92 and 104 of P.L.1977, c.110 (C.5:12-92 and 5:12-104, as amended) no later than five days after those operations commence or after any change in those procedures or controls takes effect.

22. Section 100 of P.L.1977, c.110 (C.5:12-100) is amended to read as follows:

C.5:12-100 Games and gaming equipment.

100. Games and Gaming Equipment.

a. This act shall not be construed to permit any gaming except the conduct of authorized games in a casino room in accordance with this act and the regulations promulgated hereunder and in a simulcasting facility to the extent provided by the "Casino Simulcasting Act," P.L.1992, c.19 (C.5:12-191 et al.). Notwithstanding the foregoing, if the commission approves the game of keno as an authorized game pursuant to section 5 of P.L.1977, c.110 (C.5:12-5), as amended, keno tickets may be sold or redeemed in accordance with commission regulations at any location in a casino hotel approved by the commission for such activity.

b. Gaming equipment shall not be possessed, maintained or exhibited by any person on the premises of a casino hotel except in a casino room, in the simulcasting facility, or in restricted casino areas used for the inspection, repair or storage of such equipment and specifically designated for that purpose by the casino licensee with the approval of the commission. Gaming equipment which supports the conduct of gaming in a casino or simulcasting facility but does not permit or require patron access, such as computers, may be possessed and maintained by a casino licensee in restricted casino areas specifically designated for that purpose by the casino licensee with the approval of the commission. No gaming equipment shall be possessed, maintained, exhibited, brought into or removed from a casino room or simulcasting facility by any person unless such equipment is necessary to the conduct of an authorized game, has permanently affixed, imprinted, impressed or engraved thereon an identification number or symbol authorized by the commission, is under the exclusive control of a casino licensee or his employees, and is brought into or removed from the casino room or simulcasting facility following 24-hour prior notice given to an authorized agent of the commission.
Notwithstanding any other provision of this section, equipment which supports a multi-casino progressive slot system and links and interconnects slot machines of two or more casino licensees but is inaccessible to patrons, such as computers, may, with the approval of the commission, be possessed, maintained and operated by a casino licensee either in a restricted area on the premises of a casino hotel or in a secure facility specifically designed for that purpose off the premises of a casino hotel but within the city limits of the City of Atlantic City.

Notwithstanding the foregoing, a person may, with the prior approval of the commission and under such terms and conditions as may be required by the commission, possess, maintain or exhibit gaming equipment in any other area of the casino hotel; provided such equipment is used for nongaming purposes.

c. Each casino hotel shall contain a count room and such other secure facilities as may be required by the commission for the counting and storage of cash, coins, tokens and checks received in the conduct of gaming and for the inspection, counting and storage of dice, cards, chips and other representatives of value. All drop boxes and other devices wherein cash, coins, or tokens are deposited at the gaming tables or in slot machines, and all areas wherein such boxes and devices are kept while in use, shall be equipped with two locking devices, one key to which shall be under the exclusive control of the commission and the other under the exclusive control of the casino licensee, and said drop boxes and other devices shall not be brought into or removed from a casino room or simulcasting facility, or locked or unlocked, except at such times, in such places, and according to such procedures as the commission may require.

d. All chips used in gaming shall be of such size and uniform color by denomination as the commission shall require by regulation.

e. All gaming shall be conducted according to rules promulgated by the commission. All wagers and pay-offs of winning wagers shall be made according to rules promulgated by the commission, which shall establish such limitations as may be necessary to assure the vitality of casino operations and fair odds to patrons. Each slot machine shall have a minimum payout of 83%.

f. Each casino licensee shall make available in printed form to any patron upon request the complete text of the rules of the commission regarding games and the conduct of gaming, pay-offs of winning wagers, an approximation of the odds of winning for each wager, and such other advice to the player as the commission shall require. Each casino licensee shall prominently post within a casino room and simulcasting facility, as appropriate, according to regulations of the commission such information about gaming rules, pay-offs of winning wagers, the odds of winning for each wager, and such other advice to the player as the commission shall require.
g. Each gaming table shall be equipped with a sign indicating the permissible minimum and maximum wagers pertaining thereto. It shall be unlawful for a casino licensee to require any wager to be greater than the stated minimum or less than the stated maximum; provided, however, that any wager actually made by a patron and not rejected by a casino licensee prior to the commencement of play shall be treated as a valid wager.

h. (1) No slot machine shall be used to conduct gaming unless it is identical in all electrical, mechanical and other aspects to a model thereof which has been specifically tested by the division and licensed for use by the commission. The division may, in its discretion, and for the purpose of expediting the approval process, refer testing to any testing laboratory with a plenary license as a casino service industry pursuant to subsection a. of section 92 of P.L.1977, c.110 (C.5:12-92). The division shall give priority to the testing of slot machines which a casino licensee has certified it will use in its casino in this State. The commission shall, by regulation, establish such technical standards for licensure of slot machines, including mechanical and electrical reliability, security against tampering, the comprehensibility of wagering, and noise and light levels, as it may deem necessary to protect the player from fraud or deception and to insure the integrity of gaming. The denominations of such machines shall be set by the licensee; the licensee shall simultaneously notify the commission of the settings.

(2) The commission shall, by regulation, determine the permissible number and density of slot machines in a licensed casino so as to:
   (a) promote optimum security for casino operations;
   (b) avoid deception or frequent distraction to players at gaming tables;
   (c) promote the comfort of patrons;
   (d) create and maintain a gracious playing environment in the casino; and
   (e) encourage and preserve competition in casino operations by assuring that a variety of gaming opportunities is offered to the public.

Any such regulation promulgated by the commission which determines the permissible number and density of slot machines in a licensed casino shall provide that all casino floor space and all space within a casino licensee's casino simulcasting facility shall be included in any calculation of the permissible number and density of slot machines in a licensed casino.

i. (Deleted by amendment, P.L.1991, c.182).

k. It shall be unlawful for any person to exchange or redeem chips for anything whatsoever, except for currency, negotiable personal checks, negotiable counter checks, other chips, coupons or complimentary vouchers distributed by the casino licensee, or, if authorized by regulation of the commission, a valid charge to a credit or debit card account. A casino licensee
shall, upon the request of any person, redeem that licensee's gaming chips surrendered by that person in any amount over $100 with a check drawn upon the licensee's account at any banking institution in this State and made payable to that person.

1. It shall be unlawful for any casino licensee or its agents or employees to employ, contract with, or use any shill or barker to induce any person to enter a casino or simulcasting facility or play at any game or for any purpose whatsoever.

m. It shall be unlawful for a dealer in any authorized game in which cards are dealt to deal cards by hand or other than from a device specifically designed for that purpose, unless otherwise permitted by the rules of the commission.

n. It shall be unlawful for any casino key employee or any person who is required to hold a casino key employee license as a condition of employment or qualification to wager in any casino or simulcasting facility in this State, or any casino employee, other than a junket representative, bartender, waiter, waitress, or other casino employee who, in the judgment of the commission, is not directly involved with the conduct of gaming operations, to wager in a casino or simulcasting facility in the casino hotel in which the employee is employed or in any other casino or simulcasting facility in this State which is owned or operated by the same casino licensee. Any casino employee, other than a junket representative, bartender, waiter, waitress, or other casino employee who, in the judgment of the commission, is not directly involved with the conduct of gaming operations, must wait at least 30 days following the date that the employee either leaves employment with a casino licensee or is terminated from employment with a casino licensee before the employee may gamble in a casino or simulcasting facility in the casino hotel in which the employee was formerly employed or in any other casino or simulcasting facility in this State which is owned or operated by the same casino licensee.

o. (1) It shall be unlawful for any casino key employee or boxman, floorman, or any other casino employee who shall serve in a supervisory position to solicit or accept, and for any other casino employee to solicit, any tip or gratuity from any player or patron at the casino hotel or simulcasting facility where he is employed.

(2) A dealer may accept tips or gratuities from a patron at the table at which such dealer is conducting play, subject to the provisions of this subsection. All such tips or gratuities shall be immediately deposited in a lockbox reserved for that purpose, accounted for, and placed in a pool for distribution pro rata among the dealers, with the distribution based upon the number of hours each dealer has worked, except that the commission may permit a separate pool to be established for dealers in the game of poker, or may permit tips or gratuities to be retained by individual dealers in the game of poker.
23. Section 101 of P.L.1977, c.110 (C.5:12-101) is amended to read as follows:

C.5:12-101 Credit.

101. Credit. a. Except as otherwise provided in this section, no casino licensee or any person licensed under this act, and no person acting on behalf of or under any arrangement with a casino licensee or other person licensed under this act, shall:

(1) Cash any check, make any loan, or otherwise provide or allow to any person any credit or advance of anything of value or which represents value to enable any person to take part in gaming or simulcast wagering activity as a player; or

(2) Release or discharge any debt, either in whole or in part, or make any loan which represents any losses incurred by any player in gaming or simulcast wagering activity, without maintaining a written record thereof in accordance with the rules of the commission.

b. No casino licensee or any person licensed under this act, and no person acting on behalf of or under any arrangement with a casino licensee or other person licensed under this act, may accept a check, other than a recognized traveler’s check or other cash equivalent from any person to enable such person to take part in gaming or simulcast wagering activity as a player, or may give cash or cash equivalents in exchange for such check unless:

(1) The check is made payable to the casino licensee;

(2) The check is dated, but not postdated;

(3) The check is presented to the cashier or the cashier’s representative at a location in the casino approved by the commission and is exchanged for cash or slot tokens which total an amount equal to the amount for which the check is drawn, or the check is presented to the cashier’s representative at a gaming table in exchange for chips which total an amount equal to the amount for which the check is drawn; and

(4) The regulations concerning check cashing procedures are observed by the casino licensee and its employees and agents.

Nothing in this subsection shall be deemed to preclude the establishment of an account by any person with a casino licensee by a deposit of cash, recognized traveler’s check or other cash equivalent, or a check which meets the requirements of subsection g. of this section, or to preclude the withdrawal, either in whole or in part, of any amount contained in such account.

c. When a casino licensee or other person licensed under this act, or any person acting on behalf of or under any arrangement with a casino licensee or other person licensed under this act, cashes a check in conformity with the requirements of subsection b. of this section, the casino licensee shall cause the deposit of such check in a bank for collection or payment, or shall require

...
an attorney or casino key employee with no incompatible functions to present such check to the drawer's bank for payment, within (1) seven calendar days of the date of the transaction for a check in an amount of $1,000.00 or less; (2) 14 calendar days of the date of the transaction for a check in an amount greater than $1,000.00 but less than or equal to $5,000.00; or (3) 45 calendar days of the date of the transaction for a check in an amount greater than $5,000.00. Notwithstanding the foregoing, the drawer of the check may redeem the check by exchanging cash, cash equivalents, chips, or a check which meets the requirements of subsection g. of this section in an amount equal to the amount for which the check is drawn; or he may redeem the check in part by exchanging cash, cash equivalents, chips, or a check which meets the requirements of subsection g. of this section and another check which meets the requirements of subsection b. of this section for the difference between the original check and the cash, cash equivalents, chips, or check tendered; or he may issue one check which meets the requirements of subsection b. of this section in an amount sufficient to redeem two or more checks drawn to the order of the casino licensee. If there has been a partial redemption or a consolidation in conformity with the provisions of this subsection, the newly issued check shall be delivered to a bank for collection or payment or presented to the drawer's bank for payment by an attorney or casino key employee with no incompatible functions within the period herein specified. No casino licensee or any person licensed under this act, and no person acting on behalf of or under any arrangement with a casino licensee or other person licensed under this act, shall accept any check or series of checks in redemption or consolidation of another check or checks in accordance with this subsection for the purpose of avoiding or delaying the deposit of a check in a bank for collection or payment or the presentment of the check to the drawer's bank within the time period prescribed by this subsection.

In computing a time period prescribed by this subsection, the last day of the period shall be included unless it is a Saturday, Sunday, or a State or federal holiday, in which event the time period shall run until the next business day.

d. No casino licensee or any other person licensed under this act, or any other person acting on behalf of or under any arrangement with a casino licensee or other person licensed under this act, shall accept any check or series of checks in redemption or consolidation of another check or checks in accordance with this subsection for the purpose of avoiding or delaying the deposit of a check in a bank for collection or payment or the presentment of the check to the drawer's bank within the time period prescribed by this subsection.

In computing a time period prescribed by this subsection, the last day of the period shall be included unless it is a Saturday, Sunday, or a State or federal holiday, in which event the time period shall run until the next business day.

(1) The drawer of the check upon redemption or consolidation in accordance with subsection c. of this section;
(2) A bank for collection or payment of the check;
(3) A purchaser of the casino license as approved by the commission; or
(4) An attorney or casino key employee with no incompatible functions for presentment to the drawer's bank.

The limitation on transferability of checks imposed herein shall apply to checks returned by any bank to the casino licensee without full and final payment.

e. No person other than one licensed as a casino key employee or as a casino employee may engage in efforts to collect upon checks that have been returned by banks without full and final payment, except that an attorney-at-law representing a casino licensee may bring action for such collection.

f. Notwithstanding the provisions of any law to the contrary, checks cashed in conformity with the requirements of this act shall be valid instruments, enforceable at law in the courts of this State. Any check cashed, transferred, conveyed or given in violation of this act shall be invalid and unenforceable for the purposes of collection but shall be included in the calculation of gross revenue pursuant to section 24 of P.L.1977, c.110 (C.5:12-24).

g. Notwithstanding the provisions of subsection b. of this section to the contrary, a casino licensee may accept a check from a person to enable the person to take part in gaming or simulcast wagering activity as a player, may give cash or cash equivalents in exchange for such a check, or may accept a check in redemption or partial redemption of a check issued in accordance with subsection b., provided that:

   (1) (a) The check is drawn by a casino licensee pursuant to the provisions of subsection k. of section 100 of P.L.1977, c.110 (C.5:12-100) or upon a withdrawal of funds from an account established in accordance with the provisions of subsection b. of this section or is drawn by a casino licensee as payment for winnings from an authorized game or simulcast wagers;

   (b) The check is issued by a banking institution which is chartered in a country other than the United States on its account at a federally chartered or state-chartered bank and is made payable to "cash," "bearer," a casino licensee, or the person presenting the check;

   (c) The check is issued by a banking institution which is chartered in the United States on its account at another federally chartered or state-chartered bank and is made payable to "cash," "bearer," a casino licensee, or the person presenting the check;

   (d) The check is issued by an annuity jackpot trust as payment for winnings from an annuity jackpot; or

   (e) The check is issued by an affiliate of a casino licensee that holds a gaming license in any jurisdiction;

   (2) The check is identifiable in a manner approved by the commission as a check issued for a purpose listed in paragraph (1) of this subsection;

   (3) The check is dated, but not postdated;
(4) The check is presented to the cashier or the cashier's representative by the original payee and its validity is verified by the drawer in the case of a check drawn pursuant to subparagraph (a) of paragraph (1) of this subsection, or the check is verified in accordance with regulations promulgated by the commission in the case of a check issued pursuant to subparagraph (b), (c), (d) or (e) of paragraph (1) of this subsection; and

(5) The regulations concerning check cashing procedures are observed by the casino licensee and its employees and agents.

No casino licensee shall issue a check for the purpose of making a loan or otherwise providing or allowing any advance or credit to a person to enable the person to take part in gaming or simulcast wagering activity as a player.

h. Notwithstanding the provisions of subsection b. and subsection c. of this section to the contrary, a casino licensee may, at a location outside the casino, accept a personal check or checks from a person for up to $5,000 in exchange for cash or cash equivalents, and may, at such locations within the casino or casino simulcasting facility as may be permitted by the commission, accept a personal check or checks for up to $5,000 in exchange for cash, cash equivalents, tokens, chips, or plaques to enable the person to take part in gaming or simulcast wagering activity as a player, provided that:

(a) The check is drawn on the patron's bank or brokerage cash management account;

(b) The check is for a specific amount;

(c) The check is made payable to the casino licensee;

(d) The check is dated but not post-dated;

(e) The patron's identity is established by examination of one of the following: valid credit card, driver's license, passport, or other form of identification credential which contains, at a minimum, the patron's signature;

(f) The check is restrictively endorsed "For Deposit Only" to the casino licensee's bank account and deposited on the next banking day following the date of the transaction;

(g) The total amount of personal checks accepted by any one licensee pursuant to this subsection that are outstanding at any time, including the current check being submitted, does not exceed $5,000;

(h) The casino licensee has an approved system of internal controls in place that will enable it to determine the amount of outstanding personal checks received from any patron pursuant to this subsection at any given point in time; and

(i) The casino licensee maintains a record of each such transaction in accordance with regulations established by the commission.

i. Checks cashed pursuant to the provisions of subsection i. of this section which are subsequently uncollectible may not be deducted from the total of
all sums received in calculating gross revenue pursuant to section 24 of P.L.1977, c.110 (C.5:12-24).

j. A person may request the commission to put that person's name on a list of persons to whom the extension of credit by a casino as provided in this section would be prohibited by submitting to the commission the person's name, address, and date of birth. The person does not need to provide a reason for this request. The commission shall provide this list to the credit department of each casino; neither the commission nor the credit department of a casino shall divulge the names on this list to any person or entity other than those provided for in this subsection. If such a person wishes to have that person's name removed from the list, the person shall submit this request to the commission, which shall so inform the credit departments of casinos no later than three days after the submission of the request.

k. Notwithstanding the provisions of paragraph (4) of subsection b. of this section to the contrary, a casino licensee may, prior to the completion of the verifications that are otherwise required by the rules of the commission for a casino licensee to issue credit, accept a check from a person to enable such person to take part in gaming or simulcast wagering as a player, or may give cash or cash equivalents in exchange for such check, provided that:

(1) the casino licensee records in the credit file of the person:
(a) the efforts that were made to complete the required verifications and the reasons why the verifications could not be completed; and
(b) a description of the criteria that were relied upon in determining to issue credit to the person prior to the completion of the required verifications;
(2) the check otherwise complies with the requirements of subsection b. of this section and is processed by the casino licensee in accordance with all other provisions of this section and the regulations of the commission; and
(3) any check accepted by a casino licensee pursuant to the provisions of this subsection:
(a) is clearly marked as such in a manner approved by the commission; and
(b) may not be deducted from the total of all sums received in calculating gross revenue pursuant to section 24 of P.L.1977, c.110 (C.5:12-24), even if such check should subsequently prove uncollectible or the casino licensee completes all of the required verifications prior to its deposit or presentment.

24. Section 102 of P.L.1977, c.110 (C.5:12-102) is amended to read as follows:

C.5:12-102 Junkets and complimentary services.

a. No junkets may be organized or permitted except in accordance with the provisions of this act. No person may act as a junket representative or junket enterprise except in accordance with this section.

b. A junket representative employed by a casino licensee, an applicant for a casino license or an affiliate of a casino licensee shall be licensed as a casino employee in accordance with the provisions of P.L.1977, c.110 (C.5:12-1 et seq.); provided, however, that said licensee need not be a resident of this State. Any person who holds a current and valid casino employee license may act as a junket representative while employed by a casino licensee or an affiliate. No casino licensee or applicant for a casino license may employ or otherwise engage a junket representative who is not so licensed.

c. Junket enterprises which, and junket representatives not employed by a casino licensee or an applicant for a casino license or by a junket enterprise who, are engaged in activities governed by this section shall be subject to the provisions of subsection c. of section 92 and subsection b. of section 104 of P.L.1977, c.110 (C.5:12-92 and 5:12-104) with regard to those activities, unless otherwise directed by the commission pursuant to subsection k. of this section. Such of the owners, management and supervisory personnel, and other principal employees of a junket enterprise as the commission may consider appropriate for qualification shall qualify under the standards, except for residency, established for qualification of a casino key employee under P.L.1977, c.110 (C.5:12-1 et seq.).

d. Prior to the issuance of any license required by this section, an applicant for licensure shall submit to the jurisdiction of the State of New Jersey and shall demonstrate to the satisfaction of the commission that he is amenable to service of process within this State. Failure to establish or maintain compliance with the requirements of this subsection shall constitute sufficient cause for the denial, suspension or revocation of any license issued pursuant to this section.

e. Upon petition by the holder of a casino license, an applicant for junket representative licensure may be issued a temporary license by the commission, provided that:

(1) the applicant for licensure is employed by a casino licensee;

(2) the applicant for licensure has filed a completed application as required by the commission;

(3) the division either certifies to the commission that the completed application for licensure as specified in paragraph (2) of this subsection has been in the possession of the division for at least 60 days or agrees to allow the commission to consider the application in some lesser time; and

(4) the division does not object to the temporary licensure of the applicant; provided, however, that failure of the division to object prior to the temporary
licensure of the applicant shall not be construed to reflect in any manner upon
the qualifications of the applicant for licensure.

In addition to any other authority granted by P.L.1977, c.110 (C.5:12-1
et seq.), the commission shall have the authority, upon receipt of a representation
by the division that it possesses information which raises a reasonable possibility
that a junket representative does not qualify for licensure, to immediately
suspend, limit or condition any temporary license issued pursuant to this
subsection, pending a hearing on the qualifications of the junket representative,
in accordance with the provisions of P.L.1977, c.110 (C.5:12-1 et seq.).

Unless otherwise terminated pursuant to P.L.1977, c.110 (C.5:12-1 et
seq.), any temporary license issued pursuant to this subsection shall expire
12 months from the date of its issuance, and shall be renewable by the
commission, in the absence of an objection by the division, as specified in
paragraph (4) of this subsection, for one additional six-month period.

f. Every agreement concerning junkets entered into by a casino licensee
and a junket representative or junket enterprise shall be deemed to include
a provision for its termination without liability on the part of the casino licensee,
if the commission orders the termination upon the suspension, limitation,
conditioning, denial or revocation of the licensure of the junket representative
or junket enterprise, in accordance with the provisions of P.L.1977, c.110
(C.5:12-1 et seq.). Failure to expressly include such a condition in the agreement
shall not constitute a defense in any action brought to terminate the agreement.

g. A casino licensee shall be responsible for the conduct of any junket
representative or junket enterprise associated with it and for the terms and
conditions of any junket engaged in on its premises, regardless of the fact
that the junket may involve persons not employed by such a casino licensee.

h. A casino licensee shall be responsible for any violation or deviation
from the terms of a junket. Notwithstanding any other provisions of this act,
the commission may, after hearings in accordance with this act, order restitution
to junket participants, assess penalties for such violations or deviations, prohibit
future junkets by the casino licensee, junket enterprise or junket representative,
and order such further relief as it deems appropriate.

i. The commission shall, by regulation, prescribe methods, procedures
and forms for the delivery and retention of information concerning the conduct
of junkets by casino licensees. Without limitation of the foregoing, each casino
licensee, in accordance with the rules of the commission, shall:

(1) Maintain on file a report describing the operation of any junket engaged
in on its premises;

(2) (Deleted by amendment, P.L.1995, c.18).

(3) Submit to the commission and division a list of all its employees who
are acting as junket representatives.
j. Each casino licensee, junket representative or junket enterprise shall, in accordance with the rules of the commission, file a report with the division with respect to each list of junket patrons or potential junket patrons purchased directly or indirectly by the casino licensee, junket representative or enterprise.

k. The commission shall have the authority to determine, either by regulation, or upon petition by the holder of a casino license, that a type of arrangement otherwise included within the definition of "junket" established by section 29 of P.L.1977, c.110 (C.5:12-29) shall not require compliance with any or all of the requirements of this section. The commission shall seek the opinion of the division prior to granting any exemption. In granting exemptions, the commission shall consider such factors as the nature, volume and significance of the particular type of arrangement, and whether the exemption would be consistent with the public policies established by this act. In applying the provisions of this subsection, the commission may condition, limit, or restrict any exemption as the commission may deem appropriate.

l. No junket enterprise or junket representative or person acting as a junket representative may:

1. Engage in efforts to collect upon checks that have been returned by banks without full and final payment;

2. Exercise approval authority with regard to the authorization or issuance of credit pursuant to section 101 of P.L.1977, c.110 (C.5:12-101);

3. Act on behalf of or under any arrangement with a casino licensee or a gaming patron with regard to the redemption, consolidation, or substitution of the gaming patron's checks awaiting deposit pursuant to subsection c. of section 101 of P.L.1977, c.110 (C.5:12-101);

4. Individually receive or retain any fee from a patron for the privilege of participating in a junket;

5. Pay for any services, including transportation, or other items of value provided to, or for the benefit of, any patron participating in a junket.

m. No casino licensee shall offer or provide any complimentary services, gifts, cash or other items of value to any person unless:

1. The complimentary consists of room, food, beverage or entertainment expenses provided directly to the patron and his guests by the licensee or indirectly to the patron and his guests on behalf of a licensee by a third party; or

2. The complimentary consists of documented transportation expenses provided directly to the patron and his guests by the licensee or indirectly to the patron and his guests on behalf of a licensee by a third party, provided that the licensee complies with regulations promulgated by the commission to ensure that a patron's and his guests' documented transportation expenses are paid for or reimbursed only once; or
(3) The complimentary consists of coins, tokens, cash or other complimentary items or services provided through a bus coupon or other complimentary distribution program which, notwithstanding the requirements of section 99 of P.L.1977, c.110 (C.5:12-99), shall be filed with the commission upon the implementation of the program or maintained pursuant to commission regulation.

Notwithstanding the foregoing, a casino licensee may offer and provide complimentary cash or noncash gifts which are not otherwise included in paragraphs (1) through (3) of this subsection to any person, provided that any such gifts in excess of $2,000.00 per trip, or such greater amount as the commission may establish by regulation, are supported by documentation regarding the reason the gift was provided to the patron and his guests, including where applicable, a patron's player rating, which documentation shall be maintained by the casino licensee. For the purposes of this paragraph, all gifts presented to a patron and the patron's guests directly by the licensee or indirectly on behalf of the licensee by a third party within any five-day period shall be considered to have been made during a single trip.

Each casino licensee shall maintain a regulated complimentary service account, for those compliments which are permitted pursuant to this section, and shall submit a quarterly report to the commission based upon such account and covering all complimentary services offered or engaged in by the licensee during the immediately preceding quarter. Such reports shall include identification of the regulated complimentary services and their respective costs, the number of persons by category of service who received the same, and such other information as the commission may require.

n. As used in this subsection, "person" means any State officer or employee subject to financial disclosure by law or executive order and any other State officer or employee with responsibility for matters affecting casino activity; any special State officer or employee with responsibility for matters affecting casino activity; the Governor; any member of the Legislature or full-time member of the Judiciary; any full-time professional employee of the Office of the Governor, or the Legislature; members of the Casino Reinvestment Development Authority; the head of a principal department; the assistant or deputy heads of a principal department, including all assistant and deputy commissioners; the head of any division of a principal department; any member of the governing body, or the municipal judge or the municipal attorney of a municipality wherein a casino is located; any member of or attorney for the planning board or zoning board of adjustment of a municipality wherein a casino is located, or any professional planner or consultant regularly employed or retained by such planning board or zoning board of adjustment.

No casino applicant or licensee shall provide directly or indirectly to any person any complimentary service or discount which is other than such service
or discount that is offered to members of the general public in like circumstance.

o. Any person who, on the effective date of this 1992 amendatory act, P.L.1992, c.9, holds a current and valid pleary junket representative license, a junket representative license with a sole owner-operator endorsement, or a junket enterprise license authorizing the conduct of junket activities, shall be considered licensed in accordance with the provisions of this section and subsection c. of section 92 of P.L.1977, c.110 (C.5:12-92) for the remaining term of his current license.

25. Section 103 of P.L.1977, c.110 (C.5:12-103) is amended to read as follows:

C.5:12-103 Alcoholic beverages in casino hotel facilities.

103. Alcoholic Beverages in Casino Hotel Facilities.

a. Notwithstanding any law to the contrary, the authority to grant any license for, or to permit or prohibit the presence of, alcoholic beverages in, on, or about any premises licensed as part of a casino hotel shall exclusively be vested in the commission.

b. Unless otherwise stated, and except where inconsistent with the purpose or intent of this act or the common understanding of usage thereof, definitions contained in Title 33 of the Revised Statutes shall apply to this section. Any definition contained therein shall apply to the same word in any form.

c. Notwithstanding any provision of Title 33 of the Revised Statutes, the rules, regulations and bulletins promulgated by the director of the Division of Alcoholic Beverage Control, or any provision promulgated by any local authority, the authority to issue, renew, transfer, revoke or suspend a Casino Hotel Alcoholic Beverage License or any portion, location, privilege or condition thereof; to fine or penalize a Casino Hotel Alcoholic Beverage Licensee; to enforce all statutes, laws, rulings, or regulations relating to such license; and to collect license fees and establish application standards therefor, shall be, consistent with this act, exclusively vested in the commission or the division.

d. Except as otherwise provided in this section, the provisions of Title 33 of the Revised Statutes and the rules, regulations and bulletins promulgated by the Director of the Division of Alcoholic Beverage Control shall apply to a Casino Hotel and Casino Hotel Alcoholic Beverage Licensee licensed under this act.

e. Notwithstanding any provision to the contrary, the commission may promulgate any regulations and special rulings and findings as may be necessary for the proper enforcement, regulation, and control of alcoholic beverages in casino hotels when the commission finds that the uniqueness of casino operations and the public interest require that such regulations, rulings, and findings are appropriate. Regulations of the commission may include but are
not limited to: designation and duties of enforcement personnel; all forms
necessary or convenient in the administration of this section; inspections,
investigations, searches, seizures; licensing and disciplinary standards;
requirements and standards for any hearings or disciplinary or other proceedings
that may be required from time to time; the assessment of fines or penalties
for violations; hours of sale; sales in original containers; sales on credit;
out-of-door sales; limitations on sales; gifts and promotional materials; locations
or places for sale; control of signs and other displays; identification of licensees
and their employees; employment of aliens and minors; storage, transportation
and sanitary requirements; records to be kept by the Casino Hotel Alcoholic
Beverage Licensees and availability thereof; practices unduly designed to
increase consumption of alcoholic beverages; and such other matters whatsoever
as are or may become necessary and consistent with the administration of
this act.

f. (1) It shall be unlawful for any person, including any casino licensee
or any of its lessees, agents or employees, to expose for sale, solicit or promote
the sale of, possess with intent to sell, sell, give, dispense, or otherwise transfer
or dispose of alcoholic beverages in, on or about any portion of the premises
of a casino hotel, unless said person possesses a Casino Hotel Alcoholic
Beverage License. Nothing herein or in any other law to the contrary, however,
shall prohibit a casino beverage server in the course of his or her employment
from inquiring of a casino patron whether such patron desires a beverage,
whether or not such inquiry is phrased in terms of any word which may connote
that the beverage is an alcoholic beverage.

(2) It shall be unlawful for any person issued a Casino Hotel Alcoholic
Beverage License to expose, possess, sell, give, dispense, transfer, or otherwise
dispose of alcoholic beverages, other than within the terms and conditions
of the Casino Hotel Alcoholic Beverage License issued, the provisions of
Title 33 of the Revised Statutes, the rules and regulations promulgated by
the Director of the Division of Alcoholic Beverage Control, and, when
applicable, the regulations promulgated pursuant to this act.

g. In issuing a Casino Hotel Alcoholic Beverage License the commission
shall describe the scope of the particular license and the restrictions and
limitations thereon as it deems necessary and reasonable. The commission
may, in a single Casino Hotel Alcoholic Beverage License, permit the holder
of such a license to perform any or all of the following activities, subject to
applicable laws, rules and regulations:

(1) To sell any alcoholic beverage by the glass or other open receptacle
including, but not limited to, an original container, for on-premise consumption
within a casino or simulcasting facility; provided, however, that no alcoholic
beverage shall be sold or given for consumption; delivered or otherwise brought
to a patron; or consumed at a gaming table unless so requested by the patron.
(2) To sell any alcoholic beverage by the glass or other open receptacle for on-premise consumption within a casino hotel, but not in a casino or simulcasting facility, or from a fixed location outside a building or structure containing a casino but on a casino hotel premises.

(3) To sell any alcoholic beverage in original containers for consumption outside the licensed area from an enclosed package room not in a casino or simulcasting facility.

(4) To sell any alcoholic beverage by the glass or other open receptacle or in original containers from a room service location within an enclosed room not in a casino or simulcasting facility; provided, however, that any sale of alcoholic beverages is delivered only to a guest room or to any other room in the casino hotel authorized by the commission, other than any room authorized by the commission pursuant to paragraph (1), (3), or (5) of this subsection.

(5) To possess or to store alcoholic beverages in original containers intended but not actually exposed for sale at a fixed location on a casino hotel premises, not in a casino or simulcasting facility; and to transfer or deliver such alcoholic beverages only to a location approved pursuant to this section; provided, however, that no access to or from a storage location shall be permitted except during the normal course of business by employees or agents of the licensee, or by licensed employees or agents of wholesalers or distributors licensed pursuant to Title 33 of the Revised Statutes and any applicable rules and regulations; and provided further, however, that no provision of this section shall be construed to prohibit a Casino Hotel Alcoholic Beverage Licensee from obtaining an off-site storage license from the Division of Alcoholic Beverage Control.

h. (1) No Casino Hotel Alcoholic Beverage License which authorizes the sale of alcoholic beverages within a casino pursuant to subsection g.(1) of this section shall issue to any applicant who does not hold a casino license issued pursuant to this act.

(2) No Casino Hotel Alcoholic Beverage License which authorizes the possession, sale or storage of alcoholic beverages pursuant to subsection g.(2), (3), (4), or (5) of this section shall issue to any applicant who would not qualify under the standards for licensure of a casino service industry pursuant to subsection c. of section 92 of P.L.1977, c.110 (C.5:12-92).

(3) No Casino Hotel Alcoholic Beverage License which authorizes the possession or storage of alcoholic beverages pursuant to subsection g. of this section shall issue to any applicant who does not hold a Casino Hotel Alcoholic Beverage License, permitting any activity pursuant to subsection g.(1), (2), (3), or (4) of this section.

i. The commission may revoke, suspend, refuse to renew or refuse to transfer any Casino Hotel Alcoholic Beverage License, or fine or penalize
any Casino Hotel Alcoholic Beverage Licensee for violations of any provision of Title 33 of the Revised Statutes, the rules and regulations promulgated by the Director of the Division of Alcoholic Beverage Control, and the regulations promulgated by the commission.

j. Jurisdiction over all alcoholic beverage licenses previously issued with respect to the casino hotel facility is hereby vested in the commission, which in its discretion may by regulation provide for the conversion thereof into a Casino Hotel Alcoholic Beverage License as provided in this section.

26. Section 104 of P.L.1977, c.110 (C.5:12-104) is amended to read as follows:

C.5:12-104 Casino licensee -- leases and contracts.

104. a. Unless otherwise provided in this subsection, no agreement shall be lawful which provides for the payment, however defined, of any direct or indirect interest, percentage or share of: any money or property gambled at a casino or simulcasting facility; any money or property derived from casino gaming activity or wagering at a simulcasting facility; or any revenues, profits or earnings of a casino or simulcasting facility. Notwithstanding the foregoing:

(1) Agreements which provide only for the payment of a fixed sum which is in no way affected by the amount of any such money, property, revenues, profits or earnings shall not be subject to the provisions of this subsection; and receipts, rentals or charges for real property, personal property or services shall not lose their character as payments of a fixed sum because of contract, lease, or license provisions for adjustments in charges, rentals or fees on account of changes in taxes or assessments, cost-of-living index escalations, expansion or improvement of facilities, or changes in services supplied.

(2) Agreements between a casino licensee and a junket enterprise or junket representative licensed, qualified or registered in accordance with the provisions of P.L.1977, c.110 (C.5:12-1 et seq.) and the regulations of the commission which provide for the compensation of the junket enterprise or junket representative by the casino licensee based upon the actual casino gaming or simulcast wagering activities of a patron procured or referred by the junket enterprise or junket representative shall be lawful if filed with the division prior to the conduct of any junket that is governed by the agreement.

(3) Agreements between a casino licensee and its employees which provide for casino employee or casino key employee profit sharing shall be lawful if the agreement is in writing and filed with the commission prior to its effective date. Such agreements may be reviewed by the commission under any relevant provision of P.L.1977, c.110 (C.5:12-1 et seq.).

(4) Agreements to lease an approved casino hotel or the land thereunder and agreements for the complete management of all casino gaming operations
in a casino hotel shall not be subject to the provisions of this subsection but shall rather be subject to the provisions of subsections b. and c. of section 82 of this act.

(5) Agreements which provide for percentage charges between the casino licensee and a holding company or intermediary company of the casino licensee shall be in writing and filed with the commission but shall not be subject to the provisions of this subsection.

(6) Agreements relating to simulcast racing and wagering between a casino licensee and an in-State or out-of-State sending track licensed or exempt from licensure in accordance with subsection c. of section 92 of P.L. 1977, c.110 (C.5:12-92) shall be in writing, be filed with the commission, and be lawful and effective only if expressly approved as to their terms by the commission and the New Jersey Racing Commission, except that any such agreements which provide for a percentage of the parimutuel pool wagered at a simulcasting facility to be paid to the sending track shall not be subject to the provisions of this subsection.

(7) Agreements relating to simulcast racing and wagering between a casino licensee and a casino service industry licensed pursuant to the provisions of subsection a. of section 92 of P.L. 1977, c.110 (C.5:12-92) as a hub facility, as defined in joint regulations of the Casino Control Commission and the New Jersey Racing Commission, shall be in writing, be filed with the commission, and be lawful and effective only if expressly approved as to their terms by the commission and the New Jersey Racing Commission, except that any such agreements which provide for a percentage of the casino licensee’s share of the parimutuel pool wagered at a simulcasting facility to be paid to the hub facility shall not be subject to the provisions of this subsection.

(8) Agreements relating to simulcast racing and wagering between a casino licensee and a casino service industry licensed pursuant to the provisions of subsection a. of section 92 of P.L. 1977, c.110 (C.5:12-92) to conduct casino simulcasting in a simulcasting facility shall be in writing, be filed with the commission, and be lawful and effective only if expressly approved as to their terms by the commission, except that any such agreements which provide for a percentage of the casino licensee’s share of the parimutuel pool wagered at a simulcasting facility to be paid to the casino service industry shall not be subject to the provisions of this subsection.

(9) Existing agreements or any renewals thereof relating to the operation of multi-casino progressive slot machine systems between one or more casino licensees and a casino service industry licensed pursuant to the provisions of subsection a. of section 92 of P.L. 1977, c.110 (C.5:12-92) and provided such agreements are approved by the commission.

b. Each casino applicant or licensee shall maintain, in accordance with the rules of the commission, a record of each written or unwritten agreement
CHAPTER 65, LAWS OF 2002

regarding the realty, construction, maintenance, or business of a proposed or existing casino hotel or related facility. The foregoing obligation shall apply regardless of whether the casino applicant or licensee is a party to the agreement. Any such agreement may be reviewed by the commission on the basis of the reasonableness of its terms, including the terms of compensation, and of the qualifications of the owners, officers, employees, and directors of any enterprise involved in the agreement, which qualifications shall be reviewed according to the standards enumerated in section 86 of this act. If the commission disapproves such an agreement or the owners, officers, employees, or directors of any enterprise involved therein, the commission may require its termination.

Every agreement required to be maintained, and every related agreement the performance of which is dependent upon the performance of any such agreement, shall be deemed to include a provision to the effect that, if the commission shall require termination of an agreement pursuant to this subsection, such termination shall occur without liability on the part of the casino applicant or licensee or any qualified party to the agreement or any related agreement. Failure expressly to include such a provision in the agreement shall not constitute a defense in any action brought to terminate the agreement. If the agreement is not maintained or presented to the commission in accordance with commission regulations, or the disapproved agreement is not terminated, the commission may pursue any remedy or combination of remedies provided in this act.

For the purposes of this subsection, "casino applicant" includes any person required to hold a casino license pursuant to section 82 of P.L.1977, c.110 (C.5:12-82) who has applied to the commission for a casino license or any approval required under P.L.1977, c.110 (C.5:12-1 et seq.).

c. Nothing in this act shall be deemed to permit the transfer of any license, or any interest in any license, or any certificate of compliance or any commitment or reservation.

27. Section 113 of P.L.1977, c.110 (C.5:12-113) is amended to read as follows:

C.5:12-113 Swindling and cheating; penalties.

113. Swindling and Cheating; Penalties.
a. A person is guilty of swindling and cheating if the person purposely or knowingly by any trick or sleight of hand performance or by a fraud or fraudulent scheme, cards, dice or device, for himself or herself or for another, wins or attempts to win money or property or a representative of either or reduces a losing wager or attempts to reduce a losing wager in connection to casino gaming.
b. Consolidation of offenses. Conduct denominated swindling and cheating in this section constitutes a single offense, but each episode or transaction may be the subject of a separate prosecution and conviction. A charge of swindling and cheating may be supported by evidence that it was committed in any manner that would be swindling and cheating under this section, notwithstanding the specification of a different manner in the indictment or accusation, subject only to the power of the court to ensure a fair trial by granting a bill of particulars, discovery, continuance, or other appropriate relief when the conduct of the defense would be prejudiced by a lack of fair notice or by surprise.

c. Grading of swindling and cheating offenses.
   (1) Swindling and cheating constitutes a crime of the second degree if the amount involved is $75,000 or more.
   (2) Swindling and cheating constitutes a crime of the third degree if the amount involved exceeds $500.
   (3) Swindling and cheating constitutes a crime of the fourth degree if the amount involved is at least $200 but not more than $500.
   (4) Swindling and cheating constitutes a disorderly persons offense if the amount involved is less than $200.
   (5) The amount involved in swindling and cheating shall be determined by the trier of fact. Amounts involved in acts of swindling and cheating committed pursuant to one scheme or course of conduct, whether from the same person or several persons, may be aggregated in determining the grade of the offense.

28. Section 46 of P.L.1991, c.182 (C.5:12-113.1) is amended to read as follows:

C.5:12-113.1 Use of certain devices in playing games, grading of offense; forfeiture of devices.

46. a. A person commits a third degree offense if, in playing a game in a licensed casino or simulcasting facility, the person uses, or assists another in the use of, a computerized, electronic, electrical or mechanical device which is designed, constructed, or programmed specifically for use in obtaining an advantage at playing any game in a licensed casino or simulcasting facility, unless the advantage obtained can be assessed a monetary value or loss of $75,000 or greater in which case the offense is a crime of the second degree.

b. Any computerized, electronic, electrical or mechanical device used in violation of subsection a. of this section shall be considered prima facie contraband and shall be subject to the provisions of N.J.S. 2C:64-2. A device used by any person in violation of this section shall be subject to forfeiture pursuant to the provisions of N.J.S.2C:64-1 et seq.
c. Each casino licensee shall post notice of this prohibition and the penalties of this section in a manner determined by the commission.

29. Section 118 of P.L.1977, c.110 (C.5:12-118) is amended to read as follows:

C.5:12-118 Regulations requiring exclusion or rejection of certain persons from licensed casinos; unlawful entry by person whose name has been placed on list; penalty.

118. Regulations Requiring Exclusion or Rejection of Certain Persons from Licensed Casinos; Unlawful Entry by Person Whose Name Has Been Placed on List; Penalty. Any person whose name is on the list of persons promulgated by the commission pursuant to the provisions of section 71 of this act, P.L.1977, c.110 (C.5:12-71), who knowingly enters the premises of a licensed casino is guilty of a crime of the fourth degree.

30. Section 119 of P.L.1977, c.110 (C.5:12-119) is amended to read as follows:

C.5:12-119 Gaming by certain persons prohibited; penalties; defenses.

119. Gaming by Certain Persons Prohibited; Penalties; Defenses.

a. No person under the age at which a person is authorized to purchase and consume alcoholic beverages shall enter, or wager in, a licensed casino or simulcasting facility; provided, however, that such a person may enter a casino or simulcasting facility by way of passage to another room, and provided further, however, that any such person who is licensed or registered under the provisions of the “Casino Control Act,” P.L.1977, c.110 (C.5:12-1 et seq.), may enter a casino or simulcasting facility in the regular course of the person’s permitted activities.

Any person who violates this subsection shall be guilty of a disorderly persons offense and shall be fined not less than $500 and not more than $1,000. In addition, the court shall suspend or postpone the person’s license to operate a motor vehicle for six months.

Upon the conviction of any person under this section, the court shall forward a report to the Division of Motor Vehicles stating the first and last day of the suspension or postponement period imposed by the court pursuant to this section. If a person at the time of the imposition of a sentence is less than 17 years of age, the period of license postponement, including a suspension or postponement of the privilege of operating a motorized bicycle, shall commence on the day the sentence is imposed and shall run for a period of six months after the person reaches the age of 17 years.

If a person at the time of the imposition of a sentence has a valid driver’s license issued by this State, the court shall immediately collect the license and forward it to the division along with the report. If for any reason the license
cannot be collected, the court shall include in the report the complete name, address, date of birth, eye color, and sex of the person as well as the first and last date of the license suspension period imposed by the court.

The court shall inform the person orally and in writing that if the person is convicted of operating a motor vehicle during the period of license suspension or postponement, the person shall be subject to the penalties set forth in R.S.39:3-40. A person shall be required to acknowledge receipt of the written notice in writing. Failure to receive a written notice or failure to acknowledge in writing the receipt of a written notice shall not be a defense to a subsequent charge of a violation of R.S.39:3-40.

If the person convicted under this section is not a New Jersey resident, the court shall suspend or postpone, as appropriate given the age at the time of sentencing, the non-resident driving privilege of the person and submit to the division the required report. The court shall not collect the license of a non-resident convicted under this section. Upon receipt of a report by the court, the division shall notify the appropriate officials in the licensing jurisdiction of the suspension or postponement.

b. Any licensee or employee of a casino who allows a person under the age at which a person is authorized to purchase and consume alcoholic beverages to remain in or wager in a casino or simulcasting facility is guilty of a disorderly persons offense; except that the establishment of all of the following facts by a licensee or employee allowing any such underage person to remain shall constitute a defense to any prosecution therefor:

(1) That the underage person falsely represented in writing that he or she was at or over the age at which a person is authorized to purchase and consume alcoholic beverages;

(2) That the appearance of the underage person was such that an ordinary prudent person would believe him or her to be at or over the age at which a person is authorized to purchase and consume alcoholic beverages; and

(3) That the admission was made in good faith, relying upon such written representation and appearance, and in the reasonable belief that the underage person was actually at or over the age at which a person is authorized to purchase and consume alcoholic beverages.

c. A person who knowingly allows or permits another person who is under his or her lawful care, custody, or control and who is under the age at which a person is authorized to purchase and consume alcoholic beverages to wager or attempt to wager in a licensed casino or simulcasting facility in violation of subsection a. of this section is guilty of a disorderly persons offense.

C.5:12-141.1 Fees to recoup costs of the division or commission.

31. Fees to Recoup Costs of the Division or Commission. The commission may, by regulation, establish fees to recoup the costs of services, equipment
or other expenses that are rendered, utilized or incurred by the division or commission, including any unusual or out of pocket expenses directly related thereto, in response to requests arising under P.L.1977, c. 110 (C. 5:12-1 et seq.) that are unrelated to the investigation or consideration of the issuance or renewal of a registration or license.

32. Section 3 of P.L.1984, c.218 (C.5:12-144.1) is amended to read as follows:

C.5:12-144.1 Imposition of investment alternative tax.

3. a. (1) Commencing with the first annual tax return of a licensee for any calendar year beginning after December 31, 1983, there is imposed an investment alternative tax on the gross revenues as defined in section 24 of P.L.1977, c.110 (C.5:12-24) of the licensee in the amount of 2.5% of those gross revenues. The tax imposed with respect to each calendar year shall be due and payable on the last day of April next following the end of the calendar year. The State Treasurer shall have a lien against the property constituting the casino of a licensee for the amount of any tax not paid when due. No tax shall be imposed, however, on the gross revenues received by a licensee during the first 12 months of the operation of any casino that commences operation after January 1, 1984, but prior to the effective date of this act, P.L.1996, c.118 (C.5:12-173.3a et al.).

(2) A licensee shall pay to the State Treasurer on or before the 15th day of the first, fourth, seventh, and 10th months of each year as partial payment of the investment alternative tax imposed pursuant to paragraph (1) of this subsection an amount equal to 1.25% of the estimated gross revenues for the three-month period immediately preceding the first day of those months. The moneys received shall be placed in an escrow account and shall be held until the licensee directs that the moneys be transferred to the Casino Reinvestment Development Authority for the purchase of bonds issued by or offered through the Casino Reinvestment Development Authority or pursuant to a contract for such a purchase, be made available to the licensee for a direct investment approved by the authority, or be transferred to the Casino Revenue Fund as partial payment of the investment alternative tax imposed pursuant to paragraph (1) of this subsection. Any interest derived from the moneys in the escrow account shall be paid or made available to the Casino Revenue Fund. If a licensee fails to pay the amount due or underpays by an unjustifiable amount, the Casino Control Commission shall impose a fine of 5% of the amount due or of the underpayment, as the case may be, for each month or portion thereof the licensee is in default of payment, up to 25% of the amount in default. Any fine imposed shall be paid to the Casino Reinvestment Development Authority.
Authority and shall be used for the purposes of this 1984 amendatory and supplementary act.

b. Each licensee shall be entitled to an investment tax credit against the tax imposed by subsection a. of this section, provided the licensee shall pay over the moneys required pursuant to section 5 of P.L.1993, c.159 (C.5:12-173.5): (1) for the first 10 years of a licensee's tax obligation, in an amount equal to twice the purchase price of bonds issued by the Casino Reinvestment Development Authority pursuant to sections 14 and 15 of this 1984 amendatory and supplementary act, purchased by the licensee, or twice the amount of the investments authorized in lieu thereof, and (2) for the remainder of a licensee's tax obligation, in an amount equal to twice the purchase price of bonds issued by the Casino Reinvestment Development Authority pursuant to sections 14 and 15 of this 1984 amendatory and supplementary act, purchased by the licensee, or twice the amount of the investments authorized in lieu thereof, and twice the amount of investments made by a licensee in other approved eligible investments made pursuant to section 25 of this act. The Casino Reinvestment Development Authority shall have the power to enter into a contract or contracts with a licensee pursuant to which the Casino Reinvestment Development Authority agrees to issue and sell bonds to the licensee, and the licensee agrees to purchase the bonds issued by or offered through the Casino Reinvestment Development Authority, in annual purchase price amounts as will constitute a credit against at least 50% of the tax to become due in any future year or years. The contract may contain those terms and conditions relating to the terms of the bonds and to the issuance and sale of the bonds to the licensee as the Casino Reinvestment Development Authority shall deem necessary or desirable. The contract shall not be deemed to be in violation of section 104 of P.L.1977, c.110 (C.5:12-104). After the first 10 years of a licensee's investment alternative tax obligation, a licensee will have the option of entering into a contract with the Casino Reinvestment Development Authority to have its tax credit comprised of direct investments in approved eligible projects. These direct investments shall not comprise more than 50% of a licensee's eligible tax credit in any one year. The entering of a contract pursuant to this section shall be sufficient to entitle a licensee to an investment tax credit for the appropriate tax year.

c. A contract entered into between a licensee and the Casino Reinvestment Development Authority may provide for a deferral of payment for and delivery of bonds required to be purchased and for a deferral from making approved eligible investments in any year, but no deferral shall occur more than two years consecutively. A deferral of payment for any bonds required to be purchased by a licensee and a deferral from making approved eligible investments may be granted by the Casino Reinvestment Development Authority only upon a determination by the Casino Control Commission that
purchase of these bonds or making approved eligible investments would cause extreme financial hardship to the licensee and a determination by the Casino Reinvestment Development Authority that the deferral of the payment would not violate any covenant or agreement or impair any financial obligation of the Casino Reinvestment Development Authority. The contract may establish a late payment charge to be paid in the event of deferral or other late payment at a rate as shall be agreed to by the Casino Reinvestment Development Authority. If a deferral of purchase or investment is granted, the licensee shall be deemed to have made the purchase or investment at the time required by the contract, except that if the purchase is not made at the time to which the purchase or investment was deferred, then the licensee shall be deemed not to have made the purchase or investment. The Casino Control Commission shall adopt regulations establishing a uniform definition of extreme financial hardship applicable to all these contracts. If a licensee petitions the Casino Reinvestment Development Authority for a deferral, the Casino Reinvestment Development Authority shall give notice of that petition to the Casino Control Commission and to the Division of Gaming Enforcement within three days of the filing of the petition. The Casino Control Commission shall render a decision within 60 days of notice as to whether the licensee has established extreme financial hardship, after consultation with the Division of Gaming Enforcement. The Casino Reinvestment Development Authority shall render a decision as to the availability of the deferral within 10 days of the receipt by it of the decision of the Casino Control Commission and shall notify the Division of Gaming Enforcement and the Casino Control Commission of that decision. If a deferral is granted, the Casino Reinvestment Development Authority may determine whether the purchases or investments shall be made in a lump sum, made over a period of years, or whether the period of obligation shall be extended an additional period of time equivalent to the period of time deferred.

d. The license of any licensee which has defaulted in its obligation to make any purchase of bonds or investment in any approved eligible project under a contract entered into pursuant to subsection b. of this section for a period of 90 days may be suspended by the Casino Control Commission until that purchase is made or deferred in accordance with subsection b. of this section, or a fine or other penalty may be imposed upon the licensee by the commission. If the Casino Control Commission elects not to suspend the license of a licensee after the licensee has first defaulted in its obligation but instead imposes some lesser penalty and the licensee continues to be in default of its obligation after a period of 30 additional days and after any additional 30-day period, the commission may impose another fine or penalty upon the licensee, which may include suspension of that licensee's license. The fine shall be 5% of the amount of the obligation owed for each month or portion
thereof a licensee is in default, up to 25% of that obligation; shall be paid to the Casino Reinvestment Development Authority; and shall be used for the purposes of this 1984 amendatory and supplementary act.

e. A contract entered into by a licensee and the Casino Reinvestment Development Authority pursuant to subsection b. of this section may provide that after the first 10 years of a licensee's investment alternative tax obligation imposed by subsection a. of this section, the Casino Reinvestment Development Authority may repurchase bonds previously sold to the licensee, which were issued after the 10th year of a licensee's investment alternative tax obligation, by the Casino Reinvestment Development Authority, if the Casino Reinvestment Development Authority determines that the repurchase will not violate any agreement or covenant or impair any financial obligation of the Casino Reinvestment Development Authority and that the licensee will reinvest the proceeds of the resale in an eligible project approved by the Casino Reinvestment Development Authority.

f. (1) During the 35 years a licensee is obligated to pay an investment alternative tax pursuant to subsection k. of this section, the total of (a) the proceeds of all bonds purchased by a licensee from or through the Casino Reinvestment Development Authority and (b) all approved investments in eligible projects by a licensee shall be devoted to the financing of projects in the following areas and amounts:

except that, with respect to the obligations for calendar years 1994 through 1998, the amount allocated for the financing of projects in North Jersey from each casino licensee's obligation shall be the amount allocated for calendar year 1993, and the difference between that amount and the amount to be allocated to North Jersey, on the basis of the above schedule, from each casino licensee's obligations for calendar years 1994 through 1998 shall be paid into or credited to the Atlantic City Fund established by section 44 of P.L.1995, c.18 (C.5:12-161.1) and be devoted to the financing of projects in Atlantic City through that fund. For the purposes of this paragraph, "South Jersey" means the counties of Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, Mercer, Ocean, and Salem; and "North Jersey" means the remaining 12 counties of the State. For the purposes of this 1984 amendatory and
supplementary act, bond "proceeds" means all funds received from the sale of bonds and any funds generated or derived therefrom.

In the financing of projects outside Atlantic City, the Casino Reinvestment Development Authority shall give priority to the revitalization of the urban areas of this State in the ways specified in section 12 of this 1984 amendatory and supplementary act. Those areas shall include, but not be limited to, all municipalities qualifying for aid pursuant to P.L.1978, c.14 (C.52:27D-178 et seq.).

Within nine months from the effective date of this 1984 amendatory and supplementary act, the Casino Reinvestment Development Authority shall determine the allocation of projected available moneys to municipalities in South Jersey for the first seven years of their receipt of funds, giving priority to the revitalization of the urban areas of the region. Municipalities receiving such an allocation shall present to the Casino Reinvestment Development Authority for its approval comprehensive plans or projects for which the allocations shall be used. Any such comprehensive plan or project may be submitted to the Casino Reinvestment Development Authority for a determination of eligibility at any time prior to the year for which the funds are allocated, and the Casino Reinvestment Development Authority shall make a determination of eligibility of the plan or project within a reasonable amount of time. If the Casino Reinvestment Development Authority makes a positive determination of eligibility for any comprehensive plan or project, or combination of comprehensive plans or projects, for any municipality whose total cost exceeds the amount allocated to that municipality for the first seven years of the receipt of funds by South Jersey municipalities, the Casino Reinvestment Development Authority shall make available sufficient funds in subsequent years necessary to complete those plans or projects, or to complete that portion of the plan or project originally agreed to be funded through the Casino Reinvestment Development Authority, from funds received by the Casino Reinvestment Development Authority in the years following the seventh year of the receipt of funds by South Jersey municipalities. If the comprehensive plan or project is determined by the Casino Reinvestment Development Authority not to be an eligible plan or project, the municipality may submit any other comprehensive plan or project for a determination of eligibility. If, however, the municipality fails to receive a positive determination of eligibility for any comprehensive plan or project, or combination of comprehensive plans or projects, sufficient to exhaust the total allocation to that municipality for any year prior to April 30 of the following year for which the allocation was made, the allocation to that municipality for that year shall cease, and the Casino Reinvestment Development Authority may apply those excess funds to any other comprehensive plan or project in any other municipality in the region whose comprehensive plan or project has received
a positive determination of eligibility by the Casino Reinvestment Development Authority.

Within 36 months from the effective date of this 1984 amendatory and supplementary act, the Casino Reinvestment Development Authority shall determine the allocation of projected available moneys to municipalities in North Jersey for the first five years of their receipt of funds, giving priority to the revitalization of the urban areas of the region. Municipalities receiving such an allocation shall present to the Casino Reinvestment Development Authority for its approval comprehensive plans or projects for which the allocations shall be used. Any such comprehensive plan or project may be submitted to the Casino Reinvestment Development Authority for a determination of eligibility at any time prior to the year for which the funds are allocated, and the Casino Reinvestment Development Authority shall make a determination of eligibility of the plan or project within a reasonable amount of time. If the Casino Reinvestment Development Authority makes a positive determination of eligibility for any comprehensive plan or project, or combination of comprehensive plans or projects, for any municipality whose total cost exceeds the amount allocated to that municipality for the first five years of the receipt of funds by North Jersey municipalities, the Casino Reinvestment Development Authority shall make available sufficient funds in subsequent years necessary to complete those plans or projects, or to complete that portion of the plan or project originally agreed to be funded through the Casino Reinvestment Development Authority, from funds received by the Casino Reinvestment Development Authority in the years following the fifth year of the receipt of funds by North Jersey municipalities. If the comprehensive plan or project is determined by the Casino Reinvestment Development Authority not to be an eligible plan or project, the municipality may submit any other comprehensive plan or project for a determination of eligibility. If, however, the municipality fails to receive a positive determination of eligibility for any comprehensive plan or project, or combination of comprehensive plans or projects, sufficient to exhaust the total allocation to that municipality for any year prior to April 30 of the following year for which the allocation was made, the allocation to that municipality for that year shall cease, and the Casino Reinvestment Development Authority may apply those excess funds to any other comprehensive plan or project in any other municipality in the region whose comprehensive plan or project has received a positive determination of eligibility by the Casino Reinvestment Development Authority.

(2) Commencing with the first year in which a licensee incurs a tax obligation pursuant to this section, and for the period of two years thereafter, 100% of the proceeds of all bonds purchased by a licensee from the Casino Reinvestment Development Authority which are devoted to the financing
of projects in the city of Atlantic City pursuant to paragraph (1) of this subsection shall be used exclusively to finance the rehabilitation, development, or construction of, or to provide mortgage financing of, housing facilities in the city of Atlantic City for persons or families of low through middle income, as defined in this subsection. For the purposes of this subsection, the "rehabilitation, development, or construction of housing facilities" shall include expenses attributable to site preparation, infrastructure needs and housing-related community facilities and services, including supporting commercial development. Commencing with the fourth year in which a licensee incurs a tax obligation pursuant to this subsection, 50% of the proceeds of all bonds purchased by a licensee from the Casino Reinvestment Development Authority which are devoted to the financing of projects in the city of Atlantic City shall be used exclusively to finance the rehabilitation, development, or construction of housing facilities in the city of Atlantic City for persons or families of low through middle income. Commencing with the 11th year in which a licensee incurs a tax obligation pursuant to this section, 50% of the annual aggregate of the proceeds of bonds purchased by a licensee from the Casino Reinvestment Development Authority which are devoted to the financing of projects in the city of Atlantic City and investments in approved eligible projects commenced by a licensee in the city of Atlantic City shall be used exclusively to finance the rehabilitation, development, or construction of, or to provide mortgage financing of, housing facilities in the city of Atlantic City for persons or families of low through middle income.

(3) The Legislature finds that it is necessary to provide for a balanced community and develop a comprehensive housing program. The Casino Reinvestment Development Authority shall determine the need for housing in the city of Atlantic City, in consultation with the city of Atlantic City and specifically its zoning and planning boards. This shall include determining the types and classes of housing to be constructed and the number of units of each type and class of housing to be built. The Casino Reinvestment Development Authority shall give priority to the housing needs of the persons and their families residing in the city of Atlantic City in 1983 and continuing such residency through the effective date of this 1984 amendatory and supplementary act. The actual percentage of the proceeds of bonds and investments in approved eligible projects commenced by a licensee in the city of Atlantic City, which shall be used exclusively to finance the rehabilitation, development, or construction of, or to provide mortgage financing of, housing facilities in the city of Atlantic City for persons or families of low through middle income, shall be based upon the authority's determination of the need for housing in the city of Atlantic City conducted pursuant to this subsection. Once the housing needs of the persons residing in the city of Atlantic City in 1983 and continuing such residency through the effective
date of this 1984 amendatory and supplementary act have been met, as determined by the Casino Reinvestment Development Authority pursuant to this subsection, any required percentages for such housing in the city of Atlantic City may, in its sole discretion, be waived by the Casino Reinvestment Development Authority. To aid the Casino Reinvestment Development Authority in making these determinations, the Casino Reinvestment Development Authority shall review the proposal for a housing redevelopment program and strategy for the city of Atlantic City approved and adopted by the Casino Control Commission and shall give priority to same and any other plan or project which is consistent with the standards of this subsection and is acceptable to the Casino Reinvestment Development Authority, pursuant to section 25 of this 1984 amendatory and supplementary act. The Casino Reinvestment Development Authority may determine whether the funds used to finance housing facilities in the city of Atlantic City for persons or families of low, moderate, median range, and middle income are derived from the proceeds of bonds purchased by a licensee from the Casino Reinvestment Development Authority to be devoted to the financing of projects in the city of Atlantic City, investments in approved eligible projects commenced by a licensee in the city of Atlantic City, or a combination of both. Any investment made by a licensee in excess of 100% of its eligible investment tax credit during the first three years and in excess of 50% thereafter in either the purchase of bonds or direct investments in approved eligible projects for low, moderate, median range, and middle income family housing facilities in the city of Atlantic City may be carried forward and credited against the licensee's obligation to make a 100% investment during the first three years and 50% thereafter in low, moderate, median range, and middle income family housing in any future year, with the approval of the Casino Reinvestment Development Authority. For the purposes of this act, "low income families" means families whose income does not exceed 50% of the median income of the area, with adjustments for smaller and larger families. "Moderate income families" means families whose income does not exceed 80% and is not less than 50% of the median income for the area, with adjustments for smaller and larger families. "Median range income families" means families whose income does not exceed 120% and is not less than 80% of the median income for the area, with adjustments for smaller and larger families. "Middle income families" means families whose income does not exceed 150% and not less than 120% of the median income for the area, with adjustments for smaller and larger families. "Median income" means an income defined as median within the Standard Metropolitan Statistical Area for Atlantic City by the United States Department of Housing and Urban Development.

In order to achieve a balanced community, the authority shall ensure that the development of housing for families of low and moderate income shall
proceed at the same time as housing for families of median range and middle income, until such time as there is no longer a need for such facilities in the city of Atlantic City, as determined by the Casino Reinvestment Development Authority.

(4) Notwithstanding any other law or section to the contrary, particularly this subsection regarding the waiver of the required percentages for housing in the city of Atlantic City, subsection I. of section 14, and sections 26, 27, 28, 29, and 31 of this 1984 amendatory and supplementary act, nothing shall be implemented or waived by the Casino Reinvestment Development Authority which would reduce, impair, or prevent the fulfillment of the priorities established and contained in this subsection of this 1984 amendatory and supplementary act.

g. If a person is a licensee with regard to more than one approved hotel pursuant to section 82 of P.L.1977, c.110 (C.5:12-82), the person shall separately account for the gross revenues, the investment alternative tax obligations, and the investments for a tax credit against the investment alternative tax for each approved hotel, and the tax obligations of the licensee under this section shall be determined separately for each approved hotel. The licensee may apportion investments between its approved hotels; provided that no amount of investment shall be credited more than once. If a licensee receives the prior approval of the Casino Reinvestment Development Authority, the licensee may make eligible investments in excess of the investments necessary to receive a tax credit against the investment alternative tax for a given calendar year, and the licensee may carry forward this excess investment and have it credited to its next investment alternative tax obligation. If the Casino Reinvestment Development Authority approves of such excess investment and approves the carry forward of this excess investment, and a licensee elects to purchase bonds of the Casino Reinvestment Development Authority or makes direct investments in approved eligible projects in excess of the investments necessary to receive a tax credit against the investment alternative tax for its current obligation, the licensee shall be entitled to a reduction of the amount of investments necessary in future years, which amount shall be determined annually by the Casino Reinvestment Development Authority, taking into account a current market discount rate from the date of the purchase or investment to the date the purchase or investment would have been required to be made.

h. Each casino licensee shall prepare and file, in a form prescribed by the Casino Reinvestment Development Authority, an annual return reporting that financial information as shall be deemed necessary by the Casino Reinvestment Development Authority to carry out the provisions of this act. This return shall be filed with the Casino Reinvestment Development Authority and the Casino Control Commission on or before April 30 following the
calendar year on which the return is based. The Casino Control Commission shall verify to the Casino Reinvestment Development Authority the information contained in the report, to the fullest extent possible. Nothing in this subsection shall be deemed to affect the due dates for making any investment or paying any tax under this section.

i. Any purchase by a licensee of bonds issued by or offered through the Casino Reinvestment Development Authority pursuant to sections 14 and 15 of this act and subsection b. of this section and all approved eligible investments made by a licensee pursuant to section 25 of this act and subsection b. of this section are to be considered investments and not taxes owed or grants to the State or any political subdivision thereof. As such, a licensee shall have the possibility of the return of principal and a return on the capital invested as with other investments. Investors in the bonds issued by or offered through the Casino Reinvestment Development Authority shall be provided with an opinion from a recognized financial rating agency or a financial advisory firm with national standing that each loan of bond proceeds by the Casino Reinvestment Development Authority has the minimum characteristics of an investment, in that a degree of assurance exists that interest and principal payments can be made and other terms of the proposed investment be maintained over the period of the investment, and that the loan of the bond proceeds would qualify for a bond rating of "C" or better. If an opinion cannot be obtained from a recognized financial rating agency or a financial advisory firm with national standing, an opinion shall be obtained from an expert financial analyst with national standing, selected and hired by the Casino Reinvestment Development Authority. In order to achieve a balanced portfolio, assure the viability of the authority and the projects, facilities and programs undertaken pursuant to this 1984 amendatory and supplementary act, no more than 25% of the total investments made by or through the Casino Reinvestment Development Authority with the proceeds of bonds generated in each year shall be investments which would qualify for a bond rating of "C," unless all holders of obligations in each year agree to waive the 25% limit for that year. Nothing herein shall be interpreted as limiting the Casino Reinvestment Development Authority from taking any steps it deems appropriate to protect the characteristics of its investment in projects or any other investments from not being real investments with a prospect for the return of principal and a return on the capital invested. Anything contained in this section shall not be considered a guarantee by the State or any political subdivision thereof of any return of principal or interest, but any purchase by a licensee of bonds or approved eligible investments made by a licensee pursuant to this act shall be at the risk of the licensee. A licensee or the licensees purchasing an issue of bonds issued by the Casino Reinvestment Development Authority in any given year may arrange, at their option, for those bonds or the investments,
made by or through the Casino Reinvestment Development Authority with the proceeds of those bonds, to be insured. The cost of any such insurance purchased by a licensee or licensees shall be paid by the licensee or licensees desiring such insurance.

j. The Casino Reinvestment Development Authority shall promulgate rules and regulations deemed necessary to carry out the purposes of this section.

k. The obligation of a licensee to pay an investment alternative tax pursuant to subsection a. of this section, including a casino licensee subject to the provisions of section 13 of P.L.2001, c.221 (C.5:12-173.21), shall end for each licensed facility operated by the licensee 35 years after any investment alternative tax obligation is first incurred in connection with each licensed facility operated by the licensee, unless extended in connection with a deferral granted by the Casino Reinvestment Development Authority pursuant to subsection c. of this section.

33. Section 4 of P.L.2001, c.221 (C.5:12-173.12) is amended to read as follows:

C.5:12-173.12 Urban revitalization incentive program.

4. a. There is established the incentive program that shall be administered by the authority. The purpose of the incentive program is to facilitate the development of entertainment-retail districts for the city of Atlantic City and to promote revitalization of other urban areas in the State. The provisions of section 30 of P.L.1984, c.218 (C.5:12-178) shall not apply to the incentive program established pursuant to this section. In order to implement the incentive program, the authority is authorized to accept applications from casino licensees on or before September 1, 2001 for approval of a district project and to designate by resolution up to six districts on or before September 30, 2001 and to enter into project grant agreements with casino licensees to develop district projects within each district or to approve a district project sponsored by the authority. The authority may disburse district project grants in accordance with sections 7 and 8 of P.L.2001, c.221 (C.5:12-173.15 and 5:12-173.16) to casino licensees with approved district projects or to the authority for an authority sponsored district project under the incentive program, if the authority determines that:

(1) construction of the district project will commence no later than June 30, 2002 or as otherwise provided pursuant to the project grant agreement with the authority, or pursuant to the district project plan approved by the authority for an authority sponsored district project;

(2) a proposed district project plan submitted pursuant to section 10 of P.L.2001, c.221 (C.5:12-173.18) is economically sound and will assist in the overall development of the city of Atlantic City and will benefit the people of New Jersey by increasing employment opportunities and strengthening New Jersey's economy;
(3) the disbursement of grants to a casino licensee is a material factor in the licensee's decision to go forward with a district project; and

(4) the casino licensee has agreed to invest a minimum of $20 million in its investment alternative tax obligations under section 3 of P.L.1984, c.218 (C.5:12-144.1), such obligation to be made in $10 million increments to one or more entertainment-retail projects, or housing and community development projects, approved by the authority and the department, in an urban area outside of Atlantic City, and designated by the commissioner as eligible for, and in need of the project, pursuant to section 11 of P.L.2001, c.221 (C.5:12-173.19).

b. Notwithstanding any provision to the contrary in P.L.2001, c.221 (C.5:12-173.9 et al.), the authority and the commissioner jointly may, in their discretion, also designate two entertainment-retail projects, one in North Jersey and one in South Jersey, as eligible for funds under the incentive program.

c. If construction of a designated district project does not commence within the time required pursuant to this section, the authority may remove that designation and, in accordance with procedures adopted by the authority by resolution, accept applications for and designate another district project of another casino licensee notwithstanding the application time requirements of this section.

d. The authority may amend its designation of a district project to increase the area of the district project by up to 50% with the agreement of the casino licensee.

34. Section 7 of P.L.2001, c.221 (C.5:12-173.15) is amended to read as follows:

C.5:12-173.15 Project fund created.

7. a. There is created a dedicated, nonlapsing project fund to be held by the State Treasurer, which shall be the repository for all moneys required to be deposited therein under section 5 of P.L.2001, c.221 (C.5:12-173.13) and any moneys appropriated or otherwise made available to the project fund.

b. All moneys deposited in the project fund shall be held and disbursed, subject to the requirements of section 11 of P.L.2001, c.221 (C.5:12-173.19), in the form of district project grants as follows:

(1) an amount from the project fund equivalent to the total revenues received pursuant to the "Sales and Use Tax Act," P.L.1966, c.30 (C.54:32B-1 et seq.) from the taxation of construction materials used for building a district project approved by the authority pursuant to a project grant agreement, or for building a district project sponsored by the authority, shall be rebated in the form of a one-time grant to the authority for disbursement to the casino licensee with an approved district project or to the authority for an authority sponsored district project;
(2) an amount from the project fund equivalent to the total revenues received pursuant to the "Sales and Use Tax Act," P.L.1966, c.30 (C.54:32B-1 et seq.) from the taxation of retail sales of tangible property and services originating from and delivered from business locations in a district project approved by the authority pursuant to a project grant agreement or from business locations in a district project sponsored by the authority, shall be rebated in the form of annual grants to the authority for disbursement to the casino licensee with an approved district project, or to the authority for an authority sponsored district project, with each annual grant not to exceed $2.5 million per district project and payable annually for 20 years from the date of completion of the district project, or until such time as the combined total of grants disbursed under this section and under section 8 of P.L.2001, c.221 (C.5:12-173.16) equals the approved cost of the district project, as determined by the authority, whichever is earlier;

(3) the balance of the revenues in the project fund shall be deposited in the General Fund if the authority, in consultation with the State Treasurer, determines that the revenues are no longer needed for the purposes of the project fund or for the uses prescribed in P.L.2001, c.221 (C.5:12-173.9 et al.),

c. The State Treasurer may invest and reinvest any moneys in the project fund, or any portion thereof, in legal obligations of the United States or of the State or any political subdivision thereof. Any income from, interest on, or increment to moneys so invested or reinvested shall be included in the project fund.

35. Section 11 of P.L.2001, c.221 (C.5:12-173.19) is amended to read as follows:

C.5:12-173.19 Proposal for entertainment-retail project, community and housing development project.

11. a. A casino licensee shall submit a proposal to the authority and to the department for an entertainment-retail project or community and housing development project in an urban area outside of Atlantic City, consistent with the requirements of paragraph (4) of subsection a. of section 4 of P.L.2001, c.221 (C.5:12-173.12), that will further the development and revitalization of an urban area designated by the department as eligible for, and in need of, the proposed project. The department shall evaluate the proposal and determine whether the proposed project meets the department's project criteria, and the authority shall evaluate the proposal and determine whether the proposed project meets the authority's project criteria for approval of urban development projects outside of the city of Atlantic City under the incentive program. The authority and the commissioner jointly may, in their discretion, also designate two entertainment-retail projects, one in North Jersey and one in South Jersey, as eligible for funds under the incentive program. Investment by a casino
licensee of a minimum of $20 million of its investment alternative tax obligation under section 3 of P.L.1984, c.218 (C.5:12-144.1) in a North Jersey investment fund established for the purpose of furthering the development and revitalization of one or more urban areas designated by the commissioner shall satisfy the requirements of this section and section 4 of P.L.2001, c.221 (C.5:12-173.12).

b. The commissioner and the authority are authorized to approve the proposed project submitted under subsection a. of this section if the commissioner and the authority determine that the project meets the criteria established by the department and the authority, respectively. Upon approval by the commissioner, the State Treasurer shall annually, upon receipt of a written statement from the department certifying the satisfactory status of the project, rebate the district project grants to the authority for disbursement to casino licensees under the incentive program.

c. The authority and the commissioner shall give preference to those proposed projects that best leverage non-authority funds for the total construction project cost.

36. Section 13 of P.L.2001, c.221 (C.5:12-173.21) is amended to read as follows:

C.5:12-173.21 Termination of investment alternative tax for licensed facility.

13. a. Notwithstanding the provisions of any other law to the contrary, if a district project of a casino licensee is approved by the authority under the incentive program established by section 4 of P.L.2001, c.221 (C.5:12-173.12), the investment alternative tax imposed by subsection a. of section 3 of P.L.1984, c.218 (C.5:12-144.1), and any credits which may by law be applied against that tax, shall end for the casino licensee's licensed facility, as determined by the authority, 35 years after any investment alternative tax obligation is first incurred in connection with the licensed facility operated by the licensee.

b. If a district project of a casino licensee is approved by the authority under the incentive program established by section 4 of P.L.2001, c.221 (C.5:12-173.12), then during the last five years of a casino licensee's investment alternative tax obligations, the total of the proceeds of all bonds purchased by a licensee from or through the authority and all approved investments in eligible projects by a licensee shall not be devoted as set forth in subsection f.(1) of section 3 of P.L.1984, c.218 (C.5:12-144.1) and instead shall be devoted to the financing of projects in the following areas and amounts: a) 25% for the city of Atlantic City; b) 25% for South Jersey; and c) 50% for North Jersey.

37. This act shall take effect immediately.

2. An operator who either responds to a call for assistance from a motorist with an inoperable vehicle or who offers to transport or repair the vehicle of such a motorist shall comply with any reasonable request of the motorist either to repair the vehicle or to transport it to a site where the repair may be made.

C.56:13-3 Transport, repair; payment, rights of operator, motorist.

3. If the operator cannot repair the inoperable vehicle to the satisfaction of the motorist he shall, with the motorist's consent, transport the vehicle to the operator's place of business or to another mutually agreed upon location. The vehicle, once repaired, may be retained in the possession of the operator or other repairer, as the case may be, pending payment, pursuant to N.J.S.2A:44-20 et seq. The operator, if other than the repairer, shall be eligible for reimbursement for transporting the vehicle to the repair site. If the estimated cost of repairs exceeds $50, the motorist shall be given a written estimate of the repair costs.

C.56:13-4 Acceptability of payment; forms.

   b. If after examining the card, the operator is unable to determine to his satisfaction the credit worthiness or financial responsibility of the motorist, the operator may request additional identification, as determined by the Director of the Division of Consumer Affairs, before proceeding with repairs or towing. Unless the motorist is unable to produce such identification, or the operator
has a bona fide reason to believe the card or other identification is fictitious, altered, stolen, expired or revoked or not valid for any other cause or is clearly offered with intent to defraud the issuer, the charge card or credit card shall be deemed an acceptable form of payment in lieu of cash if the operator ordinarily accepts the card at his place of business. Nothing in this act shall preclude payment by a motorist in the form of check or money order, if this form of payment is acceptable to the operator.

C.56:13-5 Violation, fine.

5. A violation of this act shall be punishable by a fine of $500. The second and any subsequent offense shall be punishable by a fine not to exceed $1,000.

C.56:13-6 Rules, regulations.

6. The Director of the Division of Consumer Affairs shall adopt rules and regulations pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), as are necessary to effectuate the purposes of this act.

CHAPTER 69, LAWS OF 2002

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 6 of P.L. 1985, c.334 (C.58:11B-6) is amended to read as follows:

C.58:11B-6 Issuance of bonds, notes, other obligations.

6. a. Except as may be otherwise expressly provided in the provisions of P.L. 1985, c.334 (C.58:11B-1 et seq.) or P.L. 1997, c.224 (C.58:11B-10.1 et al.), the trust may from time to time issue its bonds, notes or other obligations in any principal amounts as in the judgment of the trust shall be necessary to provide sufficient funds for any of its corporate purposes, including the payment, funding or refunding of the principal of, or interest or redemption premiums on, any bonds, notes or other obligations issued by it, whether the bonds, notes or other obligations or the interest or redemption premiums thereon to be funded or refunded have or have not become due, the establishment or increase of reserves or other funds to secure or to pay the bonds, notes or other obligations or interest thereon and all other costs or expenses of the trust incident to and necessary to carry out its corporate purposes and powers.

b. Whether or not the bonds, notes or other obligations of the trust are of a form and character as to be negotiable instruments under the terms of Title 12A of the New Jersey Statutes, the bonds, notes and other obligations are made negotiable instruments within the meaning of and for the purposes of Title 12A of the New Jersey Statutes, subject only to the provisions of the bonds, notes and other obligations for registration.

c. Bonds, notes or other obligations of the trust shall be authorized by a resolution or resolutions of the trust and may be issued in one or more series and shall bear any date or dates, mature at any time or times, bear interest at any rate or rates of interest per annum, be in any denomination or denominations, be in any form, either coupon, registered or book entry, carry any conversion or registration privileges, have any rank or priority, be executed in any manner, be payable in any coin or currency of the United States which at the time of payment is legal tender for the payment of public and private debts, at any place or places within or without the State, and be subject to any terms of redemption by the trust or the holders thereof, with or without premium, as the resolution or resolutions may provide. A resolution of the trust authorizing the issuance of bonds, notes or other obligations may provide that the bonds, notes or other obligations be secured by a trust indenture between the trust and a trustee, vesting in the trustee any property, rights, powers and duties in trust consistent with the provisions of P.L. 1985, c.334 (C.58:11B-1 et seq.) or P.L. 1997, c.224 (C.58:11B-10.1 et al.) as the trust may determine.

d. Bonds, notes or other obligations of the trust may be sold at any price or prices and in any manner as the trust may determine. Each bond, note or
other obligation shall mature and be paid not later than 20 years from the
effective date thereof, or the certified useful life of the project or projects to
be financed by the bonds, whichever is less.

All bonds of the trust shall be sold at such price or prices and in such manner
as the trust shall determine, after notice of sale, a summary of which shall
be published at least once in at least three newspapers published in the State
of New Jersey and at least once in a publication carrying municipal bond notices
and devoted primarily to financial news published in New Jersey or the city
of New York, the first summary notice to be at least five days prior to the day
of bidding. The notice of sale may contain a provision to the effect that any
or all bids made in pursuance thereof may be rejected. In the event of such
rejection or of failure to receive any acceptable bid, the trust, at any time within
60 days from the date of such advertised sale, may sell such bonds at private
sale upon terms not less favorable to the State than the terms offered by any
rejected bid. The trust may sell all or part of the bonds of any series as issued
to any State fund or to the federal government or any agency thereof, at private
sale, without advertisement.

e. Bonds, notes or other obligations of the trust may be issued under
the provisions of P.L.1985, c.334 (C.58:11B-1 et seq.) or P.L.1997, c.224
(C.58:11B-10.1 et al.) without obtaining the consent of any department,
division, board, bureau or agency of the State, and without any other
proceedings or the happening of any other conditions or things, other than
those consents, proceedings, conditions or things which are specifically required
by P.L.1985, c.334 (C.58:11B-1 et seq.) or P.L.1997, c.224 (C.58:11B-10.1
et al.).

f. Bonds, notes or other obligations of the trust issued under the provisions
of P.L.1985, c.334 (C.58:11B-1 et seq.) or P.L.1997, c.224 (C.58:11B-10.1
et al.) shall not be a debt or liability of the State or of any political subdivision
thereof other than the trust and shall not create or constitute any indebtedness,
liability or obligation of the State or any political subdivision, but all these
bonds, notes and other obligations, unless funded or refunded by bonds, notes
or other obligations, shall be payable solely from revenues or funds pledged
or available for their payment as authorized in P.L.1985, c.334 (C.58:11B-1
et seq.) or P.L.1997, c.224 (C.58:11B-10.1 et al.). Each bond, note and
obligation shall contain on its face a statement to the effect that the trust is
obligated to pay the principal thereof or the interest thereon only from its
revenues, receipts or funds pledged or available for their payment as authorized
in P.L.1985, c.334 (C.58:11B-1 et seq.) or P.L.1997, c.224 (C.58:11B-10.1
et al.), and that neither the State, nor any political subdivision thereof, is
obligated to pay the principal or interest and that neither the faith and credit
nor the taxing power of the State, or any political subdivision thereof, is pledged
to the payment of the principal of or the interest on the bonds, notes or other obligations.

g. The aggregate principal amount of bonds, notes or other obligations, including subordinated indebtedness of the trust, shall not exceed $1,600,000,000. In computing the foregoing limitations there shall be excluded all the bonds, notes or other obligations, including subordinated indebtedness of the trust, which shall be issued for refunding purposes, whenever the refunding shall be determined to result in a savings.

(1) Upon the decision by the trust to issue refunding bonds, and prior to the sale of those bonds, the trust shall transmit to the Joint Budget Oversight Committee, or its successor, a report that a decision has been made, reciting the basis on which the decision was made, including an estimate of the debt service savings to be achieved and the calculations upon which the trust relied when making the decision to issue refunding bonds. The report shall also disclose the intent of the trust to issue and sell the refunding bonds at public or private sale and the reasons therefor.

(2) The Joint Budget Oversight Committee or its successor shall have the authority to approve or disapprove the sales of refunding bonds as included in each report submitted in accordance with paragraph (1) of this subsection. The committee shall notify the trust in writing of the approval or disapproval as expeditiously as possible.

(3) No refunding bonds shall be issued unless the report has been submitted to and approved by the Joint Budget Oversight Committee or its successor as set forth in paragraphs (1) and (2) of this subsection.

(4) Within 30 days after the sale of the refunding bonds, the trust shall notify the committee of the result of that sale, including the prices and terms, conditions and regulations concerning the refunding bonds, the actual amount of debt service savings to be realized as a result of the sale of refunding bonds, and the intended use of the proceeds from the sale of those bonds.

(5) The committee shall review all information and reports submitted in accordance with this subsection and may, on its own initiative, make observations to the trust, or to the Legislature, or both, as it deems appropriate.

h. Each issue of bonds, notes or other obligations of the trust may, if it is determined by the trust, be general obligations thereof payable out of any revenues, receipts or funds of the trust, or special obligations thereof payable out of particular revenues, receipts or funds, subject only to any agreements with the holders of bonds, notes or other obligations, and may be secured by one or more of the following:

(1) Pledge of revenues and other receipts to be derived from the payment of the interest on and principal of notes, bonds or other obligations issued to the trust by one or more local government units, and any other payment made to the trust pursuant to agreements with any local government units,
or a pledge or assignment of any notes, bonds or other obligations of any local
government unit and the rights and interest of the trust therein;

(2) Pledge of rentals, receipts and other revenues to be derived from leases
or other contractual arrangements with any person or entity, public or private,
including one or more local government units, or a pledge or assignment of
those leases or other contractual arrangements and the rights and interest of
the trust therein;

(3) Pledge of all moneys, funds, accounts, securities and other funds,
including the proceeds of the bonds, notes or other obligations;

(4) Pledge of the receipts to be derived from the payments of State aid,
payable to the trust pursuant to section 12 of P.L.1985, c.334 (C.58:11B-12);

(5) A mortgage on all or any part of the property, real or personal, of the
trust then owned or thereafter to be acquired, or a pledge or assignment of
mortgages made to the trust by any person or entity, public or private, including
one or more local government units and the rights and interest of the trust
therein.

i. The trust shall not issue any bonds, notes or other obligations, or
otherwise incur any additional indebtedness, on or after November 5, 2025.

j. (Deleted by amendment, P.L.1996, c.88).

2. Section 20 of P.L.1985, c.334 (C.58:11B-20) is amended to read as
follows:

b. The Senate Environment Committee and the General Assembly Environment and Solid Waste Committee shall, either individually or jointly, consider the legislation containing the project priority list, and shall report the legislation, together with any modifications, out of committee for consideration by each House of the Legislature. On or before July 1 of each year, the Legislature shall approve an appropriations act containing the project priority list, including any amendatory or supplementary provisions thereto, which act shall include the authorization of an aggregate amount of funds of the trust to be expended for loans and guarantees for the specific water supply projects, including the individual amounts therefor, on the list.

CHAPTER 72

AN ACT providing "Phase 2 Tourism Funding" to tourism and improvement development districts, amending and supplementing P.L.1992, c.165.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of P.L.1992, c.165 (C.40:54D-2) is amended to read as follows:

C.40:54D-2 Findings, determinations relative to tourism improvement and development.

2. The Legislature finds and determines:

a. The State of New Jersey contains many unique natural, recreational, and economic resources that are enjoyed not only by the citizens of the State but also by millions of visitors from all over the United States and the world,
which in turn results in a multi-billion dollar tourism industry that is crucial to the economic well-being of the State.

b. The provision of appropriate public facilities and improvements necessary to promote and sustain tourism is especially difficult for public entities located in sixth class counties of this State. In those counties a relatively small permanent population combines with a relative lack of a diversification in the economic base to present special obstacles for public entities which seek to undertake and fund tourism facilities and improvements without damaging the economic prosperity of the locality by imposing onerous taxes on permanent residents or businesses.

c. The creation of tourism improvement and development districts may assist municipalities in those counties in promoting economic growth and employment related to a tourism-economy and that municipalities in counties of the sixth class should be encouraged to create tourism improvement and development districts to finance the acquisition, maintenance, operation and support of convention center facilities and to promote tourism in order to enhance the local tourism business climates.

d. It is in the public interest to encourage these municipalities in counties of the sixth class to seek regional solutions to common problems related to economic prosperity of this State, and to enhance the prosperity of those municipalities by the adoption of appropriate ordinances to assess, levy and collect taxes upon receipts from certain sales and services, and to impose certain municipal fees. These special public finance measures which are not generally available to other local units of the State, are appropriate to address the particular economic conditions of sixth class counties, and are not necessary or appropriate in areas with a larger population base and more diversified economic structure, which are not so heavily affected by the seasonal fluctuations of a tourism-based economy.

e. The extension of the tourism development fees provided by the amendatory and supplementary act, P.L.2002, c.72 is intended to serve as a tool for the tourism improvement and development authority to attract visitors and tourists to the State. The municipalities that constitute the tourism improvement and development district will establish the amounts of the fees, in their sole discretion, with no fee schedule set by the State.

2. Section 3 of P.L.1992, c.165 (C.40:54D-3) is amended to read as follows:

In addition, the director may require payments of tax and assessment liability at any intervals and based upon any classifications as the director may designate. In prescribing any other periods to be covered by the return or intervals or classifications for payment of tax and assessment liability, the director may take into account the dollar volume of tax and assessment involved as well as the need for ensuring the prompt and orderly collection of the tax imposed.

c. The director may require amended returns to be filed within 20 days after notice and to contain the information specified in the notice.

d. The director shall inform the authority for each month in which this tax and assessment is collected and returns made of the amount so collected in each month.

C.40:54D-10 "State Tax Uniform Procedure Law" applicable.

10. The tourism assessment and the tax imposed upon predominantly tourism related retail receipts pursuant to this act shall be governed by the provisions of the "State Tax Uniform Procedure Law," R.S.54:48-1 et seq.

8. Section 12 of P.L.1992, c.165 (C.40:54D-12) is amended to read as follows:

C.40:54D-12 Revenues deposited in funds.

12. a. All revenues from a tax on predominantly tourism related retail receipts collected by the director under an ordinance adopted and authorized pursuant to this act, P.L.1992, c.165 (C.40:54D-1 et seq.), shall be retained by the State Treasurer for deposit in the fund established pursuant to section 13 of this act, P.L.1992, c.165 (C.40:54D-13), to be used and distributed according to P.L.1992, c.165 (C.40:54D-1 et seq.).

b. All revenues from tourism assessments collected by the director under an ordinance adopted and authorized pursuant to this act, P.L.1992, c.165 (C.40:54D-1 et seq.), shall be retained by the State Treasurer for deposit in the fund established pursuant to section 9 of P.L.2002, c.72 (C.40:54D-14.1) to be used and distributed according to the terms of that section.

c. The State Treasurer may deduct from amounts so retained prior to deposit in the funds an amount equal to that necessary to compensate the Department of the Treasury for costs actually incurred by that department in administering the provisions of this act. The State Treasurer shall annually provide the authority to which the funds pertain with a written account of the amounts so deducted and of the costs so incurred in the previous fiscal year.
Amounts deducted by the State Treasurer shall be retained by the Department of the Treasury and used exclusively for costs so incurred.

C.40:54D-14.1 Tourism assessment funds; use.

9. a. There is created for a tourism improvement and development district established pursuant to P.L.1992, c.165 (C.40:54D-1 et seq.), a tourism assessment fund to be held by the State Treasurer, but not to exist in the State Treasury, to be the repository for monies paid to the State Treasurer pursuant to P.L.1992, c.165 (C.40:54D-1 et seq.) representing net collections of the tourism assessments.

b. The revenues deposited by the State Treasurer in the tourism assessment fund shall be used by the authority first to make payment for services provided by a municipality in which a tourism project is located to that extent that those payments are required by an agreement entered into on or before February 8, 2000. The remaining tourism assessments collected shall be used for a beach operation offset payment and the balance of the funds shall be used by the authority for advertising, promotion and other tourism development activities as approved and budgeted by the authority.

c. The beach operation offset payment payable within the district in each calendar year shall be equal to the permitted percentage of 50% of the amount deposited by the State Treasurer in the tourism assessment fund that remains after payment for the calendar year for services provided by a municipality in which a tourism project is located to that extent that those payments are required by an agreement entered into on or before February 8, 2000. Each municipality within the district shall receive an equal share of the beach operations offset payment payable in the district in which the municipality is located; provided however, that the share of a municipality that may not receive a payment due to the provisions of subsection d. of this section shall be used by the authority for advertising, promotion and other tourism development activities as approved and budgeted by the authority.

d. No beach operation offset payments may be made to a municipality in any year in which that municipality imposes beach fees, beach taxes or similar user fees, or "beach tag" type fees for access to, or the use of, a beach within the boundaries of that municipality.

e. For the purposes of this section, "permitted percentage" means, in the initial year after the implementation of the amendments to P.L.1992, c.165 (C.40:54D-1 et seq.) pursuant to P.L.2002, c.72 (C.40:54D-14.1 et al.), 100%. The permitted percentage shall be determined in the second year after the implementation of the amendments to P.L.1992, c.165 (C.40:54D-1 et seq.) pursuant to P.L.2002, c.72 (C.40:54D-14.1 et al.) as the ratio of total of tourism development fees collected in that district in that year to 50% of the tourism assessments remaining after payments of services provided by a municipality
in which a tourism project is located to the extent that those payments are required by an agreement entered into on or before February 8, 2000, expressed as a percentage, but not to exceed 100%. That permitted percentage of tourism development fees collected shall be used to calculate the beach operation offset payment to municipalities in years two through six, subject to the other restrictions of this section. The permitted percentage shall be recalculated for each fifth year following a calculation or recalculation year by comparing the average of the tourism development fees collected in the previous five year period to the average of 50% of the tourism assessments remaining after payments of services provided by a municipality in which a tourism project is located, to that extent that those payments are required by an agreement entered into on or before February 8, 2000, in the previous five year period.

10. Section 15 of P.L.1992, c.165 (C.40:54D-15) is amended to read as follows:

C.40:54D-15 Imposition of tourism development fee.

15. Ordinances adopted pursuant to this act, P.L.1992, c.165 (C.40:54D-1 et seq.) shall impose a tourism development fee. The ordinances imposing the fee shall set forth the method for the calculation thereof which shall be similar to that used for mercantile licenses and other such fees as established by the municipalities. A business paying the tourism development fee or tourism assessment shall be exempt from any future room taxes, tourism taxes, beach fees, or other similar taxes imposed by a county or the State of New Jersey on tourism related business. The fee shall be uniform throughout the district and shall apply to:

a. all persons making sales of tangible personal property or services, the receipts from which are subject to the "Sales and Use Tax Act," P.L.1966, c.30 (C.54:32B-1 et seq.), not required to collect a tax on predominantly tourism related retail receipts;

b. all persons making charges for participant amusements;

c. all persons operating businesses that charge for parking, garaging or storing motor vehicles;

d. all persons maintaining or operating coin-operated vending machines within the district, for the machines within the district, regardless of the types of commodities sold through the machines;

e. all persons making sales of tangible personal property or services, the receipts from which are subject to the "Sales and Use Tax Act," P.L.1966, c.30 (C.54:32B-1 et seq.) and who are required to collect a tax on predominantly tourism related retail receipts, but only to the extent that the amount of tax on those receipts collected in a year by the person is less than the amount of
the tourism development fee for that year, provided however that persons
making sales of food and drink subject to taxation pursuant to subsection (c)
of section 3 of P.L.1966, c.30 (C.54:32B-3) shall pay a tourism development
fee in the amount determined in the sole discretion of the municipality by
ordinance, which shall be in addition to any amount of the tax on predominately
tourism related retail receipts; and

f. all persons providing tourism lodging, who shall pay a tourism
development fee in an amount determined in the sole discretion of the
municipality by ordinance regardless of whether those sales are otherwise
subject to the "Sales and Use Tax Act," P.L.1966, c.30 (C.54:32B-1 et seq.). If
the lodging is rented by an agent on behalf of the owner, the agent shall
retain the amount of the fee for each unit of lodging from the amount or amounts
of rent first collected on behalf of the owner on that unit in a year, and forward
the amount or amounts on behalf of the person providing tourism lodging
pursuant to the requirements of section 17 of P.L.1992, c.165 (C.40:54D-17).

A person shall be exempt from payment of a tourism development fee
for a year if that person is a vendor required to collect the tax upon
predominantly tourism related retail receipts under an ordinance authorized
under this act, P.L.1992, c.165 (C.40:54D-1 et seq.), in an amount equal to
the amount of tax so collected in that year, except as provided in subsection
e.

A person claiming any exemption for an amount of fee otherwise required
by this section by reason of the collection of amounts of tax on predominately
tourism related retail receipts is deemed to have consented to the release of
information concerning that person's tax on predominately tourism related
retail receipts collections for the fee period sufficient, as determined by the
director, to verify the claim for exemption. The municipality shall provide
safeguards which restrict the use or disclosure of any such information provided
to purposes directly connected with the administration of the fee.

A municipality may, at any time, notwithstanding the approval provisions
of subsection b. of section 4 of P.L.1992 c.165 (C.40:54D-4), adjust by
municipal ordinance, otherwise in compliance with the requirements of
subsection b. of section 4 of P.L.1992 c.165 (C.40:54D-4), the schedule of
tourism development fees to reflect changes in the funds available for beach
operation offset payments so as to maximize the beach operation offset

a. During the period beginning late in the 15th century through the 19th century, millions of persons of African origin were enslaved and brought to the Western Hemisphere, including the United States of America; anywhere from between 20 to 50 percent of enslaved Africans died during their journey to the Western Hemisphere; the enslavement of Africans and their descendants was part of a concerted effort of physical and psychological terrorism that deprived groups of people of African descent the opportunity to preserve many of their social, religious, political and other customs; the vestiges of slavery
in this country continued with the legalization of second class citizenship status for African-Americans through Jim Crow laws, segregation and other similar practices; the legacy of slavery has pervaded the fabric of our society; and in spite of these events there are endless examples of the triumphs of African-Americans and their significant contributions to the development of this country;

b. All people should know of and remember the human carnage and dehumanizing atrocities committed during the period of the African slave trade and slavery in America and of the vestiges of slavery in this country; and it is in fact vital to educate our citizens on these events, the legacy of slavery, the sad history of racism in this country, and on the principles of human rights and dignity in a civilized society;

c. It is the policy of the State of New Jersey that the history of the African slave trade, slavery in America, the depth of their impact in our society, and the triumphs of African-Americans and their significant contributions to the development of this country is the proper concern of all people, particularly students enrolled in the schools of the State of New Jersey; and

d. It is therefore desirable to create a State-level commission, which as an organized body, on a continuous basis, will survey, design, encourage, and promote the implementation of education and awareness programs in New Jersey concerned with the African slave trade, slavery in America, the vestiges of slavery in this country, and the contributions of African-Americans in building our country; to develop workshops, institutes, seminars, and other teacher training activities designed to educate teachers on this subject matter; and which will be responsible for the coordination of events on a regular basis, throughout the State, that provide appropriate memorialization of the events concerning the enslavement of Africans and their descendants in America as well as their struggle for freedom and liberty.

C.52:16A-87 Amistad Commission established.

2. a. The Amistad Commission, so named in honor of the group of enslaved Africans led by Joseph Cinque who, while being transported in 1839 on a vessel named the Amistad, gained their freedom after overthrowing the crew and eventually having their case successfully argued before the United States Supreme Court, is created and established in the Executive Branch of the State Government. For the purposes of complying with the provisions of Article V, Section IV, paragraph 1 of the New Jersey Constitution, the commission is allocated within the Department of State.

The public members shall be residents of this State, chosen with due regard to broad geographic representation and ethnic diversity, who have an interest in the history of the African slave trade and slavery in America and the contributions of African-Americans to our society.

b. Each public member of the commission shall serve for a term of three years, except that of the initial members so appointed: one member appointed by the President of the Senate, one member appointed by the Speaker of the General Assembly, and two members appointed by the Governor shall serve for terms of one year; one member appointed by the President of the Senate, one member appointed by the Speaker of the General Assembly, and three members appointed by the Governor shall serve for terms of two years; and two members appointed by the President of the Senate, two members appointed by the Speaker of the General Assembly, and three members appointed by the Governor shall serve for terms of three years. Public members shall be eligible for reappointment. They shall serve until their successors are appointed and qualified, and the term of the successor of any incumbent shall be calculated from the expiration of the term of that incumbent. A vacancy occurring other than by expiration of term shall be filled in the same manner as the original appointment but for the unexpired term only.

c. The members of the commission shall serve without compensation but shall be entitled to reimbursement for all necessary expenses incurred in the performance of their duties.

d. The Secretary of State, or a designee, shall serve as the chair and the Commissioner of Education, or a designee, shall serve as the vice-chair of the commission. The presence of a majority of the authorized membership of the commission shall be required for the conduct of official business.

e. The New Jersey Historical Commission shall serve as staff for the Amistad Commission. The New Jersey Historical Commission may, subject to the availability of appropriations, hire additional staff and consultants to carry out the duties and responsibilities of the Amistad Commission.

f. The Department of Education shall:

(3) assist the Amistad Commission in monitoring the inclusion of such materials and curricula in the State's educational system; and

(4) consult with the Amistad Commission to determine ways it may survey, catalog, and extend slave trade and American slavery education presently being incorporated into the Core Curriculum Content Standards and taught in the State's educational system.

3. The Amistad Commission shall have the following responsibilities and duties:

a. to provide, based upon the collective interest of the members and the knowledge and experience of its staff and consultants, assistance and advice to public and nonpublic schools within the State with respect to the implementation of education, awareness programs, textbooks, and educational materials concerned with the African slave trade, slavery in America, the vestiges of slavery in this country and the contributions of African-Americans to our society;

b. to survey and catalog the extent and breadth of education concerning the African slave trade, slavery in America, the vestiges of slavery in this country and the contributions of African-Americans to our society presently being incorporated into the curricula and textbooks and taught in the school systems of the State; to inventory those African slave trade, American slavery, or relevant African-American history memorials, exhibits and resources which should be incorporated into courses of study at educational institutions and schools throughout the State; and to assist the Department of State, the Department of Education and other State and educational agencies in the development and implementation of African slave trade, American slavery and African-American history education programs;

c. to act as a liaison with textbook publishers, public and nonpublic schools, public and private nonprofit resource organizations, and members of the United States Senate and House of Representatives and the New Jersey Senate and General Assembly in order to facilitate the inclusion of the history of African slavery and of African-Americans in this country in the curricula of public and nonpublic schools:

b. These departments, offices, divisions and agencies shall, to the extent possible and not inconsistent with any other law of this State, cooperate with the commission and shall furnish it with such information, personnel and assistance as may be necessary or helpful to accomplish the purposes of this act.

5. This act shall take effect immediately.

Approved August 28, 2002.
BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of P.L.1999, c.152 (C.13:8C-2) is amended to read as follows:

C.13:8C-2 Findings, declarations relative to open space, farmland, and historic preservation.

2. The Legislature finds and declares that enhancing the quality of life of the citizens of New Jersey is a paramount policy of the State; that the acquisition and preservation of open space, farmland, and historic properties in New Jersey protects and enhances the character and beauty of the State and provides its citizens with greater opportunities for recreation, relaxation, and education; that the lands and resources now dedicated to these purposes will not be adequate to meet the needs of an expanding population in years to come; that the open space and farmland that is available and appropriate for these purposes will gradually disappear as the costs of preserving them correspondingly increase; and that it is necessary and desirable to provide funding for the development of parks and other open space for recreation and conservation purposes.

The Legislature further finds and declares that agriculture plays an integral role in the prosperity and well-being of the State as well as providing a fresh and abundant supply of food for its citizens; that much of the farmland in the State faces an imminent threat of permanent conversion to non-farm uses; and that the retention and development of an economically viable agricultural industry is of high public priority.

The Legislature further finds and declares that there is an urgent need to preserve the State's historic heritage to enable present and future generations to experience, understand, and enjoy the landmarks of New Jersey's role in the birth and development of this nation; that the restoration and preservation of properties of historic character and importance in the State is central to meeting this need; and that a significant number of these historic properties are located in urban centers, where their restoration and preservation will advance urban revitalization efforts of the State and local governments.

The Legislature further finds and declares that there is growing public recognition that the quality of life, economic prosperity, and environmental quality in New Jersey are served by the protection and timely preservation of open space and farmland and better management of the lands, resources, historic properties, and recreational facilities that are already under public ownership or protection; that the protection and preservation of New Jersey's water resources, including the quality and quantity of the State's limited water supply, is essential to the quality of life and the economic health of the citizens of the State; that the acquisition of flood-prone areas is in the best interests of the State to prevent the loss of life and property; that the preservation of
the existing diversity of animal and plant species is essential to sustaining both the environment and the economy of the Garden State, and the conservation of adequate habitat for endangered, threatened, and other rare species is necessary to preserve this biodiversity; that there is a need to establish a program to serve as the successor to the programs established by the "Green Acres, Farmland and Historic Preservation, and Blue Acres Bond Act of 1995," P.L. 1995, c.204, nine previous similar bond acts enacted in 1961, 1971, 1974, 1978, 1981, 1983, 1987, 1989, and 1992, and various implementing laws; and that any such successor program should support implementation of Statewide policies, goals, and strategies concerned with and emphasizing the importance of preserving open space, sensitive environmental areas, critical wildlife habitat, farmland, and historic resources.

The Legislature further finds and declares that the citizens of the State have indicated their very strong support for open space, farmland, and historic preservation efforts not only in the past approval of State Green Acres bond acts and numerous county and municipal dedicated funding sources for those purposes, but most recently in 1998 with the approval of an amendment to the New Jersey Constitution that provides for a stable and dedicated source of funding for those purposes for the next decade and beyond.

The Legislature therefore determines that it is in the public interest to preserve as much open space and farmland, and as many historic properties, as possible within the means provided by the 1998 constitutional amendment; that of the open space preserved, as much of those lands as possible shall protect water resources and preserve adequate habitat and other environmentally sensitive areas; that, in recognition of the recommendations of the Governor's Council on New Jersey Outdoors, it is a worthy goal to preserve one million more acres of open space and farmland in the Garden State in the next decade to protect the quality of life for New Jersey residents; and that, to accomplish that goal, it is also in the public interest to create the Garden State Preservation Trust and to enable it to raise revenue for those purposes, and to delegate to it such other duties and responsibilities as shall be necessary to further the purposes of the constitutional amendment and to advance the policies and achieve the goals set forth in this preamble.

2. Section 24 of P.L.1999, c.152 (C.13:8C-24) is amended to read as follows:

C.13:8C-24 Office of Green Acres established.

24. a. (1) There is established in the Department of Environmental Protection the Office of Green Acres. The commissioner may appoint an administrator or director who shall supervise the office, and the department may employ such other personnel and staff as may be required to carry out

The criteria and policies established pursuant to this subparagraph for the evaluation and priority ranking of projects for eligibility to receive funding for recreation and conservation purposes using constitutionally dedicated moneys may be based upon, but need not be limited to, such factors as: protection of the environment, natural resources, water resources, watersheds, aquifers, wetlands, floodplains and flood-prone areas, stream...
corridors, beaches and coastal resources, forests and grasslands, scenic views, biodiversity, habitat for wildlife, rare, threatened, or endangered species, and plants; degree of likelihood of development; promotion of greenways; provision for recreational access and use; protection of geologic, historic, archaeological, and cultural resources; relative cost; parcel size; and degree of public support; and

(b) addressing any other matters deemed necessary to implement and carry out the goals and objectives of Article VIII, Section II, paragraph 7 of the State Constitution and this act with respect to the acquisition and development of lands for recreation and conservation purposes; and

C.13:8C-26 Allocation of funds appropriated; conditions.

26. a. Moneys appropriated from the Garden State Green Acres Preservation Trust Fund to the Department of Environmental Protection shall be used by the department to:

   (1) Pay the cost of acquisition and development of lands by the State for recreation and conservation purposes;
   
   (2) Provide grants and loans to assist local government units to pay the cost of acquisition and development of lands for recreation and conservation purposes; and
   
   (3) Provide grants to assist qualifying tax exempt nonprofit organizations to pay the cost of acquisition and development of lands for recreation and conservation purposes.

   c. (1) Notwithstanding the provisions of section 5 of P.L. 1985, c.310 (C.13:18A-34) or this act, or any rule or regulation adopted pursuant thereto, to the contrary, the value of a pinelands development credit, allocated to a parcel pursuant to P.L. 1979, c.111 (C.13:18A-1 et seq.) and the pinelands comprehensive management plan adopted pursuant thereto, shall be made utilizing a value to be determined by either appraisal, regional averaging based upon appraisal data, or a formula supported by appraisal data. The appraisal and appraisal data shall consider as appropriate: land values in the pinelands regional growth areas; land values in counties, municipalities, and other areas reasonably contiguous to, but outside of, the pinelands area; and other relevant factors as may be necessary to maintain the environmental, ecological, and agricultural qualities of the pinelands area.
(2) No pinelands development credit allocated to a parcel of land pursuant to P.L.1979, c.111 (C.13:18A-1 et seq.) and the pinelands comprehensive management plan adopted pursuant thereto that is acquired or obtained in connection with the acquisition of the parcel for recreation and conservation purposes by the State, a local government unit, or a qualifying tax exempt nonprofit organization using constitutionally dedicated moneys in whole or in part may be conveyed in any manner. All such pinelands development credits shall be retired permanently.

d. (1) (a) For State fiscal years 2000 through 2004 only, when the department, a local government unit, or a qualifying tax exempt nonprofit organization seeks to acquire lands for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part or Green Acres bond act moneys in whole or in part, it shall conduct or cause to be conducted an appraisal or appraisals of the value of the lands that shall be made using the land use zoning of the lands (I) in effect at the time of proposed acquisition, and (ii) in effect on November 3, 1998 as if that land use zoning is still in effect at the time of proposed acquisition. The higher of those two values shall be utilized by the department, a local government unit, or a qualifying tax exempt nonprofit organization as the basis for negotiation with the landowner with respect to the acquisition price for the lands. The landowner shall be provided with both values determined pursuant to this subparagraph.

A landowner may waive any of the requirements of this paragraph and may agree to sell the lands for less than the values determined pursuant to this paragraph.

(b) After the date of enactment of P.L.2001, c.315 and through June 30, 2004, in determining the two values required pursuant to subparagraph (a) of this paragraph, the appraisal shall be made using not only the land use zoning but also the Department of Environmental Protection wastewater, water quality and watershed management rules and regulations and associated requirements and standards applicable to the lands subject to the appraisal (i) in effect at the time of proposed acquisition, and (ii) in effect on November 3, 1998 as if those rules and regulations and associated requirements and standards are still in effect at the time of proposed acquisition.

(2) The requirements of this subsection shall be in addition to any other requirements of law, rule, or regulation not inconsistent therewith.

(3) This subsection shall not:

(a) apply if the land use zoning of the lands at the time of proposed acquisition, and the Department of Environmental Protection wastewater, water quality and watershed management rules and regulations and associated requirements and standards applicable to the lands at the time of proposed acquisition, have not changed since November 3, 1998;
(b) apply in the case of lands to be acquired with federal moneys in whole or in part;
(c) apply in the case of lands to be acquired in accordance with subsection c. of this section;
(d) apply to projects funded using constitutionally dedicated moneys appropriated pursuant to the annual appropriations act for State fiscal year 2000 (P.L.1999, c.138); or
(e) alter any requirements to disclose information to a landowner pursuant to the "Eminent Domain Act of 1971," P.L.1971, c.361 (C.20:3-1 et seq.).

Moneys appropriated from the fund may be used to match grants, contributions, donations, or reimbursements from federal aid programs or from other public or private sources established for the same or similar purposes as the fund.

Moneys appropriated from the fund shall not be used by local government units or qualifying tax exempt nonprofit organizations to acquire lands that are already permanently preserved for recreation and conservation purposes, as determined by the department.

Whenever lands are donated to the State by a public utility, as defined pursuant to Title 48 of the Revised Statutes, for recreation and conservation purposes, the commissioner may make and keep the lands accessible to the public, unless the commissioner determines that public accessibility would be detrimental to the lands or any natural resources associated therewith.

Whenever the State acquires land for recreation and conservation purposes, the agency in the Department of Environmental Protection responsible for administering the land shall, within six months after the date of acquisition, inspect the land for the presence of any buildings or structures thereon which are or may be historic properties and, within 60 days after completion of the inspection, provide to the New Jersey Historic Preservation Office in the department (1) a written notice of its findings, and (2) for any buildings or structures which are or may be historic properties discovered on the land, a request for determination of potential eligibility for inclusion of the historic building or structure in the New Jersey Register of Historic Places. Whenever such a building or structure is discovered, a copy of the written notice provided to the New Jersey Historic Preservation Office shall also be sent to the New Jersey Historic Trust and to the county historical commission or advisory committee, the county historical society, the local historic preservation commission or advisory committee, and the local historical society if any of those entities exist in the county or municipality wherein the land is located.

(i) Commencing July 1, 2004 and until five years after the date of enactment of P.L.2001, c.315, when the department, a local government unit, or a qualifying tax exempt nonprofit organization seeks to acquire lands for
recreation and conservation purposes using constitutionally dedicated moneys in whole or in part or Green Acres bond act moneys in whole or in part, it shall conduct or cause to be conducted an appraisal or appraisals of the value of the lands that shall be made using the Department of Environmental Protection wastewater, water quality and watershed management rules and regulations and associated requirements and standards applicable to the lands subject to the appraisal (a) in effect at the time of proposed acquisition, and (b) in effect on November 3, 1998 as if those rules and regulations and associated requirements and standards are still in effect at the time of proposed acquisition. The higher of those two values shall be utilized by the department, a local government unit, or a qualifying tax exempt nonprofit organization as the basis for negotiation with the landowner with respect to the acquisition price for the lands. The landowner shall be provided with both values determined pursuant to this paragraph. A landowner may waive any of the requirements of this paragraph and may agree to sell the lands for less than the values determined pursuant to this paragraph.

(2) The requirements of this subsection shall be in addition to any other requirements of law, rule, or regulation not inconsistent therewith.

(3) This subsection shall not:

(a) apply if the Department of Environmental Protection wastewater, water quality and watershed management rules and regulations and associated requirements and standards applicable to the lands at the time of proposed acquisition have not changed since November 3, 1998;

(b) apply in the case of lands to be acquired with federal moneys in whole or in part;

(c) apply in the case of lands to be acquired in accordance with subsection c. of this section;

(d) alter any requirements to disclose information to a landowner pursuant to the "Eminent Domain Act of 1971," P.L. 1971, c.361 (C.20:3-1 et seq.).

j. The department shall adopt guidelines for the evaluation and priority ranking process which shall be used in making decisions concerning the acquisition of lands by the State for recreation and conservation purposes using moneys from the Garden State Green Acres Preservation Trust Fund and from any other source. The guidelines, and any subsequent revisions thereto, shall be published in the New Jersey Register. The adoption of the guidelines or of the revisions thereto, shall not be subject to the requirements of the "Administrative Procedure Act," P.L. 1968, c.410 (C.52:14B-1 et seq.).

k. In making decisions concerning the acquisition of lands by the State for recreation and conservation purposes using moneys from the Garden State Green Acres Preservation Trust Fund, in the evaluation and priority ranking process the department shall accord three times the weight to acquisitions of lands that would protect water resources, and two times the weight to
acquisitions of lands that would protect flood-prone areas, as those criteria are compared to the other criteria in the priority ranking process.

1. The department, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), shall adopt rules and regulations that establish standards and requirements regulating any activity on lands acquired by the State for recreation and conservation purposes using constitutionally dedicated moneys to assure that the activity on those lands does not diminish the protection of surface water or groundwater resources.

Any rules and regulations adopted pursuant to this subsection shall not apply to activities on lands acquired prior to the adoption of the rules and regulations.

C.13:8C-25.1 Submission of Open Space Master Plan.

5. a. Within one year after the date of enactment of P.L.2002, c.76 (C.13:8C-25.1 et al.), and annually thereafter, the Department of Environmental Protection, in consultation with the Office of State Planning in the Department of Community Affairs and the Pinelands Commission, shall prepare and submit to the Governor and the Legislature an Open Space Master Plan, which shall indicate those areas of the State where the acquisition and development of lands by the State for recreation and conservation purposes is planned or is most likely to occur, and those areas of the State where there is a need to protect water resources, including the identification of lands where protection is needed to assure adequate quality and quantity of drinking water supplies in times of drought, and which shall provide a proposed schedule and expenditure plan for those acquisitions and developments for the next reporting period, which shall include an explanation of how those acquisitions and developments will be distributed throughout all geographic regions of the State to the maximum extent practicable and feasible.

b. The department shall provide any information the Garden State Preservation Trust deems necessary in preparing its biennial report pursuant to section 25 of P.L.1999, c.152 (C.13:8C-25).

6. Section 38 of P.L.1999, c.152 (C.13:8C-38) is amended to read as follows:

C.13:8C-38 Acquisitions, grants with respect to farmland preservation.

38. a. All acquisitions or grants made pursuant to section 37 of this act shall be made with respect to farmland devoted to farmland preservation under programs established by law.

b. The expenditure and allocation of constitutionally dedicated moneys for farmland preservation purposes shall reflect the geographic diversity of the State to the maximum extent practicable and feasible.
c. The committee shall implement the provisions of section 37 of this act in accordance with the procedures and criteria established pursuant to the "Agriculture Retention and Development Act," P.L. 1983, c.32 (C.4:1C-11 et seq.) except as provided otherwise by this act.

d. The committee shall adopt the same or a substantially similar method for determining, for the purposes of this act, the committee's share of the cost of a development easement on farmland to be acquired by a local government as that which is being used by the committee on the date of enactment of this act for prior farmland preservation funding programs.

e. Notwithstanding the provisions of section 24 of P.L. 1983, c.32 (C.4:1C-31) or this act, or any rule or regulation adopted pursuant thereto, to the contrary, whenever the value of a development easement on farmland to be acquired using constitutionally dedicated moneys in whole or in part is determined based upon the value of any pinelands development credits allocated to the parcel pursuant to P.L. 1979, c.111 (C.13:18A-1 et seq.) and the pinelands comprehensive management plan adopted pursuant thereto, the committee shall determine the value of the development easement by:

1. conducting a sufficient number of fair market value appraisals as it deems appropriate to determine the value for farmland preservation purposes of the pinelands development credits;
2. considering development easement values in counties, municipalities, and other areas (a) reasonably contiguous to, but outside of, the pinelands area, which in the sole opinion of the committee constitute reasonable development easement values in the pinelands area for the purposes of this subsection, and (b) in the pinelands area where pinelands development credits are or may be utilized, which in the sole opinion of the committee constitute reasonable development easement values in the pinelands area for the purposes of this subsection;
3. considering land values in the pinelands regional growth areas;
4. considering the importance of preserving agricultural lands in the pinelands area; and
5. considering such other relevant factors as may be necessary to increase participation in the farmland preservation program by owners of agricultural lands located in the pinelands area.

f. No pinelands development credit that is acquired or obtained in connection with the acquisition of a development easement on farmland or fee simple title to farmland by the State, a local government unit, or a qualifying tax exempt nonprofit organization using constitutionally dedicated moneys in whole or in part may be conveyed in any manner. All such pinelands development credits shall be retired permanently.

g. (1) (a) For State fiscal years 2000 through 2004 only, when the committee, a local government unit, or a qualifying tax exempt nonprofit
organization seeks to acquire a development easement on farmland or the fee simple title to farmland for farmland preservation purposes using constitutionally dedicated moneys in whole or in part, it shall conduct or cause to be conducted an appraisal or appraisals of the value of the lands that shall be made using the land use zoning of the lands (I) in effect at the time of proposed acquisition, and (ii) in effect on November 3, 1998 as if that land use zoning is still in effect at the time of proposed acquisition. The higher of those two values shall be utilized by the committee, a local government unit, or a qualifying tax exempt nonprofit organization as the basis for negotiation with the landowner with respect to the acquisition price for the lands. The landowner shall be provided with both values determined pursuant to this subparagraph.

A landowner may waive any of the requirements of this paragraph and may agree to sell the lands for less than the values determined pursuant to this paragraph.

(b) After the date of enactment of P.L.2001, c.315 and through June 30, 2004, in determining the two values required pursuant to subparagraph (a) of this paragraph, the appraisal shall be made using not only the land use zoning but also the Department of Environmental Protection wastewater, water quality and watershed management rules and regulations and associated requirements and standards applicable to the lands subject to the appraisal (I) in effect at the time of proposed acquisition, and (ii) in effect on November 3, 1998 as if those rules and regulations and associated requirements and standards are still in effect at the time of proposed acquisition.

(2) The requirements of this subsection shall be in addition to any other requirements of law, rule, or regulation not inconsistent therewith.

(3) This subsection shall not:

(a) apply if the land use zoning of the lands at the time of proposed acquisition, and the Department of Environmental Protection wastewater, water quality and watershed management rules and regulations and associated requirements and standards applicable to the lands at the time of proposed acquisition, have not changed since November 3, 1998;

(b) apply in the case of lands to be acquired with federal moneys in whole or in part;

(c) apply in the case of lands to be acquired in accordance with subsection e. of this section;

(d) apply to projects funded using constitutionally dedicated moneys appropriated pursuant to the annual appropriations act for State fiscal year 2000 (P.L.1999, c.138); or

(e) alter any requirements to disclose information to a landowner pursuant to the "Eminent Domain Act of 1971," P.L.1971, c.361 (C.20:3-1 et seq.).
h. Any farmland for which a development easement or fee simple title has been acquired pursuant to section 37 of this act shall be entitled to the benefits conferred by the "Right to Farm Act," P.L.1983, c.31 (C.4:1C-1 et al.) and the "Agriculture Retention and Development Act," P.L.1983, c.32 (C.4:1C-11 et al.).

i. (1) Commencing July 1, 2004 and until five years after the date of enactment of P.L.2001, c.315, when the committee, a local government unit, or a qualifying tax exempt nonprofit organization seeks to acquire a development easement on farmland or the fee simple title to farmland for farmland preservation purposes using constitutionally dedicated moneys in whole or in part, it shall conduct or cause to be conducted an appraisal or appraisals of the value of the lands that shall be made using the Department of Environmental Protection wastewater, water quality and watershed management rules and regulations and associated requirements and standards applicable to the lands subject to the appraisal (a) in effect at the time of proposed acquisition, and (b) in effect on November 3, 1998 as if those rules and regulations and associated requirements and standards are still in effect at the time of proposed acquisition. The higher of those two values shall be utilized by the committee, a local government unit, or a qualifying tax exempt nonprofit organization as the basis for negotiation with the landowner with respect to the acquisition price for the lands. The landowner shall be provided with both values determined pursuant to this paragraph. A landowner may waive any of the requirements of this paragraph and may agree to sell the lands for less than the values determined pursuant to this paragraph.

(2) The requirements of this subsection shall be in addition to any other requirements of law, rule, or regulation not inconsistent therewith.

(3) This subsection shall not:
   (a) apply if the Department of Environmental Protection wastewater, water quality and watershed management rules and regulations and associated requirements and standards applicable to the lands at the time of proposed acquisition have not changed since November 3, 1998;
   (b) apply in the case of lands to be acquired with federal moneys in whole or in part;
   (c) apply in the case of lands to be acquired in accordance with subsection e. of this section; or
   (d) alter any requirements to disclose information to a landowner pursuant to the "Eminent Domain Act of 1971," P.L.1971, c.361 (C.20:3-1 et seq.).

j. The committee and the Department of Environmental Protection, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), shall jointly adopt rules and regulations that establish standards and requirements regulating any improvement on lands acquired by the State for farmland preservation purposes using constitutionally dedicated moneys to
assure that any improvement does not diminish the protection of surface water or groundwater resources.

Any rules and regulations adopted pursuant to this subsection shall not apply to improvements on lands acquired prior to the adoption of the rules and regulations.

7. This act shall take effect immediately.

Approved August 29, 2002.

1. The Legislature finds and declares that: a safe and civil environment in school is necessary for students to learn and achieve high academic standards; harassment, intimidation or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe environment; and since students learn by example, school administrators, faculty, staff, and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation or bullying.

(5) a procedure for reporting an act of harassment, intimidation or bullying, including a provision that permits a person to report an act of harassment, intimidation or bullying anonymously; however, this shall not be construed to permit formal disciplinary action solely on the basis of an anonymous report;

(6) a procedure for prompt investigation of reports of violations and complaints, identifying either the principal or the principal's designee as the person responsible for the investigation;

(7) the range of ways in which a school will respond once an incident of harassment, intimidation or bullying is identified;
(8) a statement that prohibits reprisal or retaliation against any person who reports an act of harassment, intimidation or bullying and the consequence and appropriate remedial action for a person who engages in reprisal or retaliation;

4. a. A school employee, student or volunteer shall not engage in reprisal, retaliation or false accusation against a victim, witness or one with reliable information about an act of harassment, intimidation or bullying.

   b. A school employee, student or volunteer who has witnessed, or has reliable information that a student has been subject to, harassment, intimidation or bullying shall report the incident to the appropriate school official designated by the school district's policy.

   c. A school employee who promptly reports an incident of harassment, intimidation or bullying, to the appropriate school official designated by the school district's policy, and who makes this report in compliance with the procedures in the district's policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

5. a. Schools and school districts are encouraged to establish bullying prevention programs, and other initiatives involving school staff, students, administrators, volunteers, parents, law enforcement and community members.

14. a. For purposes of recovering a portion of the stranded costs of an electric public utility that are deemed eligible for rate recovery in a stranded cost recovery order consistent with the provisions of section 13 of this act, and for compliance by the electric public utility with the rate reduction requirements determined by the board to be necessary and appropriate consistent with the provisions of sections 4 and 13 of this act, or for the purposes of recovering basic generation service transition costs of an electric public utility, the board may authorize the issuance of transition bonds by the electric public utility or other financing entity approved by the board. Such bonds shall be secured through an irrevocable bondable stranded cost rate order imposing a non-bypassable transition bond charge as provided in section 18 of this act and shall provide for collection of the transition bond charge by the electric public utility or another entity approved by the board. This transition bond charge shall be assessed in connection with the recovery of stranded costs pursuant to section 13 of this act or basic generation service transition costs pursuant to this section, but each electric public utility shall maintain separate accounting for transition bond charges so that the board can determine, at any time, the amount of each type of charge that has been assessed and collected by the electric public utility. The net proceeds of the transition bonds shall be used by or on behalf of the electric public utility solely for the purposes of reducing the amount of its otherwise recovery-eligible stranded costs, as determined by the board in accordance with the provisions of section 13 of this act, or reducing the amount of basic generation service transition costs through the refinancing or retirement of electric public utility debt or equity, or both, or the buyout, buydown or other restructuring of a power purchase agreement if such buyout, buydown or restructuring leads directly to substantial customer benefits over the term of the power purchase agreement. The entire amount of cost savings achieved as a result of the issuance of such transition bonds, whether as a result of a reduction in capital costs or a lengthened recovery period associated with otherwise recovery-eligible stranded costs or basic generation service transition costs or as a source of cash for the buyout, buydown or other restructuring of a power purchase agreement, shall be passed on to the customers of the electric public utility in the form of reduced rates or mitigated rate increases for electricity. Anything in this act or any other law to the contrary notwithstanding, except for adjustments authorized under paragraph (2) of subsection a. and subsection b. of section 15 of this act, transition bond charges approved by the board in a bondable stranded costs rate order shall not be offset, reduced, adjusted or otherwise diminished either directly or indirectly.
b. For the purposes of recovering stranded costs of an electric public utility, the issuance of transition bonds for an electric public utility may be authorized by the board if all the following findings are made by the board in connection with its review of a stranded cost filing made by an electric public utility pursuant to section 13 of this act:

1. The electric public utility has taken reasonable measures to date, and has the appropriate incentives or plans in place to take reasonable measures, to mitigate the total amount of its stranded costs;

2. The electric public utility will not be able to achieve the level of rate reduction deemed by the board to be necessary and appropriate pursuant to the provisions of sections 4 and 13 of this act absent the issuance of transition bonds;

3. The issuance of such bonds will provide tangible and quantifiable benefits to ratepayers, including greater rate reductions than would have been achieved absent the issuance of such bonds and net present value savings over the term of the bonds; and

4. The structuring and pricing of the transition bonds assure that the electric public utility's customers pay the lowest transition bond charges consistent with market conditions and the terms of the bondable stranded costs rate order. If so authorized in the financing order by the board, the structure and pricing of the transition bonds shall be conclusively deemed to satisfy this requirement if so certified by a designee of the board upon the pricing of the transition bonds, which certification will be final and uncontestable as of its date.

c. Subject to the other requirements of this section:

1. The board may authorize the issuance of transition bonds for utility generation plant stranded costs determined by the board to be recoverable pursuant to paragraph (1) of subsection a. of section 13 of this act in a principal amount of up to 75 percent of the total amount of the electric public utility's recovery-eligible utility generation plant stranded costs, as determined by the board in accordance with the provisions of section 13 of this act, or, in the event that an electric public utility divests itself of a majority of its generating assets, which divestiture will result in a lower market transition charge than that which would have been collected from customers had the electric public utility not divested such assets, and the utility has established, as determined by the board, the stranded cost amount with certainty attributable to its remaining generating asset or assets, the board may authorize the issuance of transition bonds in a principal amount up to the full stranded cost value of such remaining generating asset or assets based on the following criteria:

a. The greater the level of aggregate rate reduction provided pursuant to subsections d. and e. of section 4 of this act, the higher the percentage of stranded costs for which transition bonds may be issued;
(b) The higher the degree of certainty, such as might be obtained by auction or sale of the assets, as to the magnitude of the electric public utility's actual stranded costs, the larger the magnitude of transition bonds which may be permitted; and

(c) Based on evidence on the record, such amount will produce substantial and quantifiable savings for the customers of that utility;

(2) The board may authorize the issuance of transition bonds for the buyout or buydown of long-term power purchase contracts with non-utility generators determined by the board to be recoverable pursuant to paragraph (3) of subsection a. of section 13 of this act in a principal amount to be determined by the board in accordance with the provisions of section 13 of this act, based on the following criteria:

(a) The greater the level of aggregate rate reduction provided pursuant to subsections d. and e. of section 4 of this act, the higher the percentage of stranded costs that may be securitized;

(b) The higher the degree of certainty as to the magnitude of the electric public utility's actual stranded costs, the larger the magnitude of transition bonds which may be permitted; and

(c) Based on evidence on the record, such amount will produce substantial and quantifiable savings for the customers of that electric public utility because the amount of the buyout or buydown payment is substantially less than the total projected stranded costs associated with the contract; and

(3) The board may authorize the issuance of transition bonds for the recovery of up to the full amount of a recoverable reasonably and prudently incurred basic generation service transition costs based on the criteria that such amount will produce benefits for customers of the electric public utility which include the lowest transition bond charges consistent with market conditions and the terms of the bondable stranded costs rate order.

d. The board may approve transition bonds with scheduled amortization upon issuance of up to:

(1) Fifteen years if the electric public utility intends to utilize the proceeds from such transition bonds to reduce the stranded costs related to utility-owned generation;

(2) The remaining term of a power purchase agreement if the electric public utility intends to utilize the proceeds from such transition bonds solely for the purposes and requirements of paragraph (2) of subsection c. of this section; or

(3) Fifteen years if the electric public utility intends to utilize the proceeds from such transition bonds for the purpose of the recovery of basic generation service transition costs.

e. Transition bonds for the purpose and requirements of paragraph (1), (2) or (3) of subsection c. of this section may be issued in one or more series,
in one or more offerings, and each such series may consist of one or more classes of transition bonds.

f. The board shall issue orders with respect to each electric public utility's amortization of stranded costs or basic generation service transition costs through the transition bond charges pursuant to this section.  
g. For the purpose of recovering basic generation service transition costs, an electric public utility may make a filing in a form to be adopted by the board to request the board to authorize the issuance of transition bonds and to issue a bondable stranded cost rate order. The board shall review such filing, and after providing appropriate notice and an opportunity for hearing, may render a determination authorizing the issuance of transition bonds. If so authorized in the financing order by the board, the structure and pricing of the transition bonds shall be conclusively deemed to assure the lowest transition bond charges consistent with market conditions and the terms of the bondable stranded costs rate order when so certified by a designee of the board upon the pricing of the transition bonds, which certification will be final and uncontestable as of its date.

In addition to any other disposition authorized by this Title, the provisions of section 24 of P.L.1982, c.77 (C.2A:4A-43), or any other statute indicating the dispositions that may be ordered for an adjudication of delinquency, and, notwithstanding the provisions of subsection c. of N.J.S.2C:43-2, every person convicted of or adjudicated delinquent for a violation of any offense defined in this section shall forthwith forfeit his right to operate a motor vehicle over the highways of this State for a period to be fixed by the court at not less than six months or more than two years which shall commence on the day the sentence is imposed. In the case of any person who at the time of the imposition of the sentence is less than 17 years of age, the period of the suspension of driving privileges authorized herein, including a suspension of the privilege of operating a motorized bicycle, shall commence on the day the sentence is imposed and shall run for a period as fixed by the court of not less than six months or more than two years after the day the person reaches the age of 17 years. If the driving privilege of any person is under revocation, suspension, or postponement for a violation of any provision of this Title or Title 39 of the Revised Statutes at the time of any conviction or adjudication of delinquency for a violation of any offense defined in this chapter or chapter 36 of this Title, the revocation, suspension, or postponement period imposed herein shall commence as of the date of termination of the existing revocation, suspension or postponement.

Failure to receive a written notice or failure to acknowledge in writing the receipt of a written notice shall not be a defense to a subsequent charge of a violation of R.S.39:3-40. If the person is the holder of a driver's license
from another jurisdiction, the court shall not collect the license, but shall notify forthwith the director who shall notify the appropriate officials in that licensing jurisdiction. The court shall, however, in accordance with the provisions of this section, revoke the person's non-resident driving privileges in this State.

In addition to any other condition imposed, a court, in its discretion, may suspend, revoke or postpone the driving privileges of a person admitted to supervisory treatment under N.J.S.2C:36A-1 or N.J.S.2C:43-12 without a plea of guilty or finding of guilt.

6. This act shall take effect immediately.

Nothing in this act shall be construed to prevent the practice of architecture, engineering or land surveying or professional planning by the holder of a license to practice that profession issued by this State, but no architect, engineer, surveyor or professional planner shall use the designation "certified interior designer" unless certified as such under the provisions of this act.
5. There is established a committee of the board to be known as the Interior Design Examination and Evaluation Committee. The committee shall consist of five certified interior designers, one of whom is a member of the board. The committee members shall be appointed by the Governor within 60 days after the effective date of this act. Two initial members shall be appointed to one term each of two years and three shall be appointed for three years, and thereafter their successors shall be appointed for terms of five years and shall serve until the appointment and qualification of their successors. A member of the committee shall not be eligible to serve for more than two successive terms. Vacancies in the membership of the committee, however created, shall be similarly filled by appointment of the Governor for the unexpired terms only. In making appointments to the board and the committee the Governor shall give due consideration to the recommendations by State organizations of the interior design profession and shall promptly give due notice to those organizations of any vacancy in the membership of the board or committee. Members of the committee shall be residents of this State, shall have at least 10 years' experience in interior design services, shall be of good standing in the interior design services profession, shall be full-time providers of interior design services and, except as to the initial appointments to the committee, shall be certified under the provisions of this act. Members of the committee shall receive no compensation for their services, but may be reimbursed for all necessary expenses incidental to performance of their duties as members of the committee.

Each member of the committee, before entering upon the duties of the office, shall subscribe to an oath to faithfully perform the duties of the office.

interior design services experience of a grade and character satisfactory to the committee; and

c. Has passed the examination offered by the National Council for Interior Design Qualification (NCIDQ). This examination may have been passed before the effective date of this act.

C.45:3-39 Review of application.

9. The committee shall review the qualifications of each person who applies for certification. No applicant shall be certified by the board unless a majority of the full committee first determines that the applicant has met the education and experience requirements and performed satisfactorily on the appropriate examination required pursuant to this act. All applicants who are determined to be qualified and are recommended for certification by the committee shall be certified by the board.

The committee is authorized to make recommendations to the board with the final decisions to be made by the board. The board is authorized to review the actions taken by the committee with respect to the committee's evaluation and examination of applicants for certification and the board may reverse, modify or fail to implement any determination by the committee with an affirmative vote of a majority of the board.

C.45:3-40 Exemption from examination.

10. The committee may exempt from examination an applicant who is certified, registered or licensed as an interior designer in another state, if that state's requirements for certification, registration or licensure are substantially equivalent to those required for a certification in this State.

C.45:3-41 Fees.

11. The following fees shall be assessed and collected by the board:
   a. An application fee for certification as a certified interior designer which shall not be subject to refund;
   b. The initial two-year certification fee for certified interior designers;
   c. A two-year renewal fee for certified interior designers; and
   d. A reinstatement fee for certified interior designers.

C.45:3-42 Certification without examination.

12. For a period of 360 days from the date of the first meeting of the Interior Design Examination and Evaluation Committee, any individual of good moral character who was residing in this State on the effective date of this act shall qualify as a certified interior designer without examination, upon application for certification and payment of the appropriate fee, provided that the individual has a total of at least 10 years of full-time diversified professional experience
on the effective date of this act in interior design of a grade and character acceptable to the committee.

C.45:3-43 Issuance of certificate.
13. a. The Division of Consumer Affairs shall issue to each certified interior designer a certificate bearing that interior designer's certificate number, which certificate number shall appear on all design related documents.

b. Any design related documents including, but not limited to, drawings, schedules and specifications prepared by a certified interior designer shall bear the signature and certificate number of the certified interior designer who prepared those documents and the date on which the documents were signed and shall appear within the document's title block. The signature, date and certificate number shall be evidence of the authenticity of those documents.

C.45:3-44 Expiration, renewal of certificate.
14. Certificates for certified interior designers shall expire on a date to be determined by the Director of the Division of Consumer Affairs in the second year following the year of issuance, renewal or reinstatement, and shall become invalid on that day unless renewed. On a date to be determined by the Director of the Division of Consumer Affairs in the year of expiration of a certificate, the secretary of the board shall notify all persons certified under this act of the date of the expiration of their certificates and the amount of the renewal fee. Notice shall be mailed to each holder of a certificate at the holder's last post office address known to the board.

Certified interior designers shall apply for renewal on a date to be determined by the Director of the Division of Consumer Affairs in the year of expiration of a certificate. A certificate shall not be renewed until the certificate holder submits satisfactory evidence to the committee that during the preceding two years the certificate holder has completed such continuing education credits as are to be determined by the committee. The committee shall approve continuing education that builds upon basic knowledge of interior design services in accordance with the guidelines established by the Interior Design Continuing Education Council (IDCEC), and which updates the competency of the certificate holder. The committee may make exceptions from the continuing education requirement in emergency or hardship cases with the approval of an affirmative vote of a majority of the board.

Failure on the part of the holder of a certificate to renew the certificate every two years shall not deprive that person of the right of renewal during the ensuing two years, but a reinstatement fee shall be added to the certification fee; and if the certificate is not renewed within the two years following its expiration, the holder of the certificate shall pay a reinstatement fee for each two years or portion thereof in which the holder is in arrears. Continuing to
use the title "certified interior designer" after the expiration of the certificate shall be a violation of this act.

A duplicate certificate to replace one lost, destroyed or mutilated may be issued subject to the rules and regulations of the board, and a reasonable fee, to be established by the board, may be charged for each duplicate certificate. An unsuspended, unrevoked and unexpired certificate as a certified interior designer under this act shall be prima facie evidence in all courts and places that the person named therein is certified. Each certificate shall be recorded by the board in the office of the Secretary of State, in a book kept for that purpose, and any recording fee as may be provided by law shall be paid by the applicant before the certificate is delivered.

C.45:3-45 Construction of act relative to interior design services.

15. Nothing in this act shall be construed to prohibit any person from rendering interior design services, provided that person shall not be identified by the title "certified interior designer" unless certified in accordance with the provisions of this act.

C.45:3-46 Construction of act relative to uncertified interior designers.

16. Nothing in this act shall be construed to authorize the board or committee to regulate persons who are rendering interior design services and are not certified interior designers under the provisions of this act or to adopt regulations that would exceed the powers and responsibilities expressly authorized under this act.

17. R.S.45:3-1 is amended to read as follows:

45:3-1. The New Jersey State Board of Architects, hereinafter in this chapter designated as the "board," created and established by an act entitled "An act to regulate the practice of architecture," approved March twenty-fourth, one thousand nine hundred and two (P.L.1902, c.29, p.54), as amended and supplemented, is continued. CHAPTER 87

AN ACT concerning the reimbursement of remediation costs for contaminated sites, and amending P.L. 1997, c.278.
CHAPTER 87, LAWS OF 2002

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 35 of P.L.1997, c.278 (C.58:10B-27) is amended to read as follows:

C.58:10B-27 Terms and conditions of agreements.

35. a. The provisions of any other law, or rule or regulation adopted pursuant thereto, to the contrary notwithstanding, any developer may enter into a redevelopment agreement with the State pursuant to the provisions of this section. The State may not enter into a redevelopment agreement with a developer who is liable, pursuant to paragraph (1) of subsection c. of section 8 of P.L.1976, c.141 (C.58:10-23.1g), for the contamination at the site proposed to be in the redevelopment agreement.

The decision whether or not to enter into a redevelopment agreement is solely within the discretion of the Commissioner of Commerce and Economic Development and the State Treasurer and both must agree to enter into the redevelopment agreement. Nothing in P.L.1997, c.278 (C.58:10B-1.1 et al.) may be construed to compel the commissioner and the State Treasurer to enter into any redevelopment agreement.

The Commissioner of Commerce and Economic Development in consultation with the State Treasurer shall negotiate the terms and conditions of any redevelopment agreement on behalf of the State. The redevelopment agreement shall specify the amount of the reimbursement to be awarded the developer, the frequency of payments and the length of time in which that reimbursement shall be granted. In no event shall the amount of the reimbursement, when taken together with the property tax exemption received pursuant to the "Environmental Opportunity Zone Act," P.L.1995, c.413 (C.54:4-3.151), less any in lieu of tax payments made pursuant to that act, or any other State, local, or federal tax incentive or grant to remediate a site, exceed 75% of the total cost of the remediation.

The commissioner and the State Treasurer may only enter into a redevelopment agreement if they make a finding that the State tax revenues to be realized from the redevelopment project will be in excess of the amount necessary to reimburse the developer. This finding may be made by an estimation based upon the professional judgment of the commissioner and the State Treasurer.

The percentage of each payment to be made to the developer pursuant to the redevelopment agreement shall be conditioned on the occupancy rate of the residential dwelling units, buildings, or other work areas located on the property. The redevelopment agreement shall provide for the payments made in order to reimburse the developer to be in the same percentages as
the occupancy rate at the site except that upon the attainment of a 90% occupancy rate, the developer shall be entitled to the entire amount of each payment toward the reimbursement as set forth in the redevelopment agreement. The redevelopment agreement shall provide for the frequency of the director's finding of the occupancy rate during the payment schedule.

b. In deciding whether or not to enter into a redevelopment agreement and in negotiating a redevelopment agreement with a developer, the commissioner shall consider the following factors:

(1) the economic feasibility of the redevelopment project;
(2) the extent of economic and related social distress in the municipality and the area to be affected by the redevelopment project;
(3) the degree to which the redevelopment project will advance State, regional and local development and planning strategies;
(4) the likelihood that the redevelopment project shall, upon completion, be capable of generating new tax revenue in an amount in excess of the amount necessary to reimburse the developer for the remediation costs incurred as provided in the redevelopment agreement;
(5) the relationship of the redevelopment project to a comprehensive local development strategy, including other major projects undertaken within the municipality;
(6) the need of the redevelopment agreement to the viability of the redevelopment project; and
(7) the degree to which the redevelopment project enhances and promotes job creation and economic development.

2. Section 36 of P.L.1997, c.278 (C.58:10B-28) is amended to read as follows:

C.58:10B-28 Eligibility for reimbursement; certification.

36. a. The provisions of any other law, or rule or regulation adopted pursuant thereto, to the contrary notwithstanding, any developer that enters into a redevelopment agreement pursuant to section 35 of P.L.1997, c.278 (C.58:10B-27), may be eligible for reimbursement of up to 75% of the costs of the remediation of the subject real property pursuant to the provisions of this section upon the commencement of a business operation, or the completion of the construction of one or more new residences, within a redevelopment project.

b. To be eligible for reimbursement of the costs of remediation, a developer shall submit an application, in writing, to the director for review and certification of the reimbursement. The director shall review the request for the reimbursement upon receipt of an application therefor, and shall approve or deny the application for certification on a timely basis. The director shall
also make a finding of the occupancy rate of the property subject to the redevelopment agreement in the frequency set forth in the redevelopment agreement as provided in section 35 of P.L.1997, c.278 (C.58:10B-27).

The director shall certify a developer to be eligible for the reimbursement if the director finds that:

1. residential construction is complete, or a place of business is located, in the area subject to the redevelopment agreement that has generated new tax revenues;

2. the developer had entered into a memorandum of agreement with the Commissioner of Environmental Protection, after the developer entered into the redevelopment agreement, for the remediation of contamination located on the site of the redevelopment project pursuant to section 37 of P.L.1997, c.278 (C.58:10B-29) and the developer is in compliance with the memorandum of agreement; and

3. the costs of the remediation were actually and reasonably incurred. In making this finding the director may consult with the Department of Environment Protection.

c. When filing an application for certification for a reimbursement pursuant to this section, the developer shall submit to the director a certification of the total remediation costs incurred by the developer for the remediation of the subject property located at the site of the redevelopment project as provided in the redevelopment agreement, information concerning the occupancy rate of the buildings or other work areas located on the property subject to the redevelopment agreement, and such other information as the director deems necessary in order to make the certifications and findings pursuant to this section.

3. Section 38 of P.L.1997, c.278 (C.58:10B-30) is amended to read as follows:

C.58:10B-30 Brownfield Site Reimbursement Fund.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.5:5-65.1 List of persons voluntarily excluded from certain racetracks and off-track wagering facilities.

1. a. The commission shall provide by regulation for the establishment of a list of persons who voluntarily seek to be excluded from entry into permitted racetracks and licensed off-track wagering facilities located in this State and from opening or maintaining a wagering account with the account wagering system established in this State. A person may request placement on the self-exclusion list by acknowledging in a manner to be established by the commission that the person is a problem gambler and by agreeing that, during a period of voluntary exclusion, the person may not collect winnings or recover losses resulting from wagering at a racetrack or off-track wagering facility or from account wagering.

b. The commission shall promulgate regulations to: (1) establish procedures for placements on, and removals from, the list of self-excluded persons; (2) establish procedures for the transmittal to the permitted racetracks, licensed off-track wagering facilities and the account wagering system of identifying information concerning persons on the self-exclusion list; and (3) require permitted racetracks, licensed off-track wagering facilities and the account wagering system to establish procedures designed, at a minimum, to remove persons on the self-exclusion list from targeted mailings or other forms of advertising or promotions and deny such persons access to credit, complementaries, check cashing privileges, club programs, and other similar benefits.
c. The commission, a permitted racetrack, a licensed off-track wagering facility, the account wagering system or an employee thereof shall not be liable to a person on the self-exclusion list or to another party in a judicial proceeding for harm, monetary or otherwise, which may arise as a result of:

(1) the failure of a permitted racetrack, licensed off-track wagering facility or the account wagering system to withhold wagering privileges from, or restore wagering privileges to, a person on the self-exclusion list; or

(2) permitting a person on the self-exclusion list to engage in wagering activity at a permitted racetrack or licensed off-track wagering facility, or through the account wagering system.

d. Notwithstanding the provisions of section 8 of P.L.1940, c.17 (C.5:5-28), the commission's self-exclusion list shall be privileged and confidential and shall not be accessible to the public pursuant to P.L.1963, c.73 (C.47:1A-1 et seq.), as amended and supplemented

e. The commission, a permitted racetrack, a licensed off-track wagering facility, the account wagering system or an employee thereof shall not be liable to a person on the self-exclusion list or to another party in a judicial proceeding for harm, monetary or otherwise, which may arise as a result of disclosure or publication, other than a willfully unlawful disclosure or publication, of the identity of a self-excluded person.

C.5:5-65.2 Regulations applicable to persons on self-exclusion list; enforcement; sanctions.

2. a. A person on the self-exclusion list established pursuant to section 1 of P.L.2002, c.89 (C.5:5-65.1), shall not collect, in any manner or proceeding, winnings or recover losses arising as a result of wagering activity at a permitted racetrack or licensed off-track wagering facility, or through the account wagering system.

b. Money or a thing of value which has been obtained by, or is owed to, a person on the self-exclusion list from a permitted racetrack, licensed off-track wagering facility or account wagering system as a result of wagers made by that person shall be subject to forfeiture by order of the executive director of the commission, following notice to the person on the self-exclusion list and opportunity to be heard.

Money or a thing of value forfeited shall be deposited into the State General Fund for appropriation by the Legislature to the Department of Health and Senior Services to provide funds for compulsive gambling treatment and prevention programs in the State.

c. In a proceeding brought by the commission against a live racing permit holder, the off-track wagering licensee or the account wagering licensee for a willful violation of the commission's self-exclusion regulations, the commission may order in addition to a permit or license suspension, a fine not to exceed $5,000 per wagering incident, the forfeiture of money or a thing
of value obtained by the permit holder, off-track wagering licensee or account wagering licensee from a person on the self-exclusion list and other remedial conditions the commission deems appropriate. Money or a thing of value so forfeited shall be disposed of in the same manner as money or a thing of value forfeited pursuant to subsection b. of this section.

3. This act shall take effect immediately but shall be inoperative until the 60th day after enactment.

Approved November 4, 2002.

CHAPTER 90

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. N.J.S.18A:18A-4 is amended to read as follows:

Contract awarded by board of education resolution; disqualification conditions.

18A:18A-4. a. Every contract for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the board of education to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this chapter or specifically by any other law.

The board of education may, by resolution approved by a majority of the board of education and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the board of education finds that any board or, in the case of a contract for a school facilities project, the New Jersey Economic Development Authority, has had prior negative experience with the bidder within the past 10 years, as reported in a contractor evaluation submitted pursuant to N.J.S. 18A:18A-15 or in a school facilities project performance evaluation submitted pursuant to regulations of the Department of the Treasury or section 62 of P.L.2000, c.72 (C.18A:7G-36), as appropriate.

b. As used in this section, "prior negative experience" means any of the following:

(1) the bidder has been found, through either court adjudication, arbitration, mediation, or other contractually stipulated alternate dispute resolution
mechanism, to have: failed to provide or perform goods or services; or failed to complete the contract in a timely manner; or otherwise performed unsatisfactorily under a prior contract with a board of education or, in the case of a school facilities project, with the New Jersey Economic Development Authority;

(2) the bidder defaulted on a contract, thereby requiring a board of education or, in the case of a school facilities project, the New Jersey Economic Development Authority, to utilize the services of another contractor to provide the goods or perform the services or to correct or complete the contract;

(3) the bidder defaulted on a contract, thereby requiring a board of education or, in the case of a school facilities project, the New Jersey Economic Development Authority, to look to the bidder's surety for completion of the contract or tender of the costs of completion; or

(4) the bidder is debarred or suspended from contracting with any of the agencies or departments of the executive branch of the State of New Jersey at the time of the contract award, whether or not the action was based on experience with a board of education or, in the case of a school facilities project, with the New Jersey Economic Development Authority.

c. The following conditions apply if the board of education is contemplating a disqualification based on prior negative experience:

(1) The existence of any of the indicators of prior negative experience set forth in this section shall not require that a bidder be disqualified. In each instance, the decision to disqualify shall be made within the discretion of the board of education and shall be rendered in the best interests of the board of education.

(2) All mitigating factors shall be considered in determining the seriousness of the prior negative experience and in deciding whether disqualification is warranted.

(3) The bidder shall be furnished by the board of education with a written notice (a) stating that a disqualification is being considered; (b) setting forth the reason for the disqualification; and (c) indicating that the bidder shall be accorded an opportunity for a hearing before the board of education if the bidder so requests within a stated period of time. At the hearing, the bidder shall show good cause why the bidder should not be disqualified by presenting documents and testimony. If the board of education determines that good cause has not been shown by the bidder, it may vote to find the bidder lacking in responsibility and, thus, disqualified.

(4) Disqualification shall be for a reasonable, defined period of time which shall not exceed five years.

(5) A disqualification, other than a disqualification pursuant to which a board of education is prohibited by law from entering into a contract with a bidder, may be voided or the period thereof may be reduced, in the discretion
of the board of education, upon the submission of a good faith application under oath, supported by documentary evidence, setting forth substantial and appropriate grounds for the granting of relief, such as reversal of a judgment, or actual change of ownership, management or control of the bidder.

(6) An opportunity for a hearing need not be offered to a bidder whose disqualification is based on its suspension or debarment by an agency or department of the executive branch of the State of New Jersey. The term of such a disqualification shall be concurrent with the term of the suspension or debarment by the State agency or department.

d. The purchase of textbooks and materials that exceed the bid threshold and are approved by a board of education pursuant to N.J.S. 18A:34-1 shall not require the further adoption of a resolution for purchase.

2. This act shall take effect 90 days after enactment.

Approved November 4, 2002.

AN ACT exempting pay for election board work on election day from the calculation of unemployment benefits and amending R.S.43:21-4 and R.S.43:21-19.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. R.S.43:21-4 is amended to read as follows:
Benefit eligibility conditions.

43:21-4. Benefit eligibility conditions. An unemployed individual shall be eligible to receive benefits with respect to any week only if:

(a) The individual has filed a claim at an unemployment insurance claims office and thereafter continues to report at an employment service office or unemployment insurance claims office, as directed by the division in accordance with such regulations as the division may prescribe, except that the division may, by regulation, waive or alter either or both of the requirements of this subsection as to individuals attached to regular jobs, and as to such other types of cases or situations with respect to which the division finds that compliance with such requirements would be oppressive, or would be inconsistent with the purpose of this act; provided that no such regulation shall conflict with subsection (a) of R.S.43:21-3.

(b) The individual has made a claim for benefits in accordance with the provisions of subsection (a) of R.S.43:21-6.

(c) (1) The individual is able to work, and is available for work, and has demonstrated to be actively seeking work, except as hereinafter provided in this subsection or in subsection (t) of this section.

(2) The director may modify the requirement of actively seeking work if such modification of this requirement is warranted by economic conditions.

(3) No individual, who is otherwise eligible, shall be deemed ineligible, or unavailable for work, because the individual is on vacation, without pay, during said week, if said vacation is not the result of the individual's own action as distinguished from any collective action of a collective bargaining agent or other action beyond the individual's control.

(4) (A) Subject to such limitations and conditions as the division may prescribe, an individual, who is otherwise eligible, shall not be deemed unavailable for work or ineligible because the individual is attending a training program approved for the individual by the division to enhance the individual's employment opportunities or because the individual failed or refused to accept work while attending such program.

(B) For the purpose of this paragraph (4), any training program shall be regarded as approved by the division for the individual if the program and the individual meet the following requirements:

(i) The training is for a labor demand occupation and is likely to enhance the individual's marketable skills and earning power;

(ii) The training is provided by a competent and reliable private or public entity approved by the Commissioner of Labor pursuant to the provisions of section 8 of the "1992 New Jersey Employment and Workforce Development Act," P.L.1992, c.43 (C.34:15D-8);
(iii) The individual can reasonably be expected to complete the program, either during or after the period of benefits;

(iv) The training does not include on the job training or other training under which the individual is paid by an employer for work performed by the individual during the time that the individual receives benefits, and

(v) The individual enrolls in vocational training, remedial education or a combination of both on a full-time basis.

(C) If the requirements of subparagraph (B) of this paragraph (4) are met, the division shall not withhold approval of the training program for the individual for any of the following reasons:

(i) The training includes remedial basic skills education necessary for the individual to successfully complete the vocational component of the training;

(ii) The training is provided in connection with a program under which the individual may obtain a college degree, including a post-graduate degree;

(iii) The length of the training period under the program; or

(iv) The lack of a prior guarantee of employment upon completion of the training.

(D) For the purpose of this paragraph (4), "labor demand occupation" means an occupation for which there is or is likely to be an excess of demand over supply for adequately trained workers, including, but not limited to, an occupation designated as a labor demand occupation by the New Jersey Occupational Information Coordinating Committee pursuant to the provisions of subsection h. of section 1 of P.L.1987, c.457 (C.34:1A-76) or section 12 of P.L.1992, c.43 (C.34:1A-78).

(5) An unemployed individual, who is otherwise eligible, shall not be deemed unavailable for work or ineligible solely by reason of the individual's attendance before a court in response to a summons for service on a jury.

(6) An unemployed individual, who is otherwise eligible, shall not be deemed unavailable for work or ineligible solely by reason of the individual's attendance at the funeral of an immediate family member, provided that the duration of the attendance does not extend beyond a two-day period.

For purposes of this paragraph, "immediate family member" includes any of the following individuals: father, mother, mother-in-law, father-in-law, grandmother, grandfather, grandchild, spouse, child, foster child, sister or brother of the unemployed individual and any relatives of the unemployed individual residing in the unemployed individual's household.

(7) No individual, who is otherwise eligible, shall be deemed ineligible or unavailable for work with respect to any week because, during that week, the individual fails or refuses to accept work while the individual is participating on a full-time basis in self-employment assistance activities authorized by
the division, whether or not the individual is receiving a self-employment allowance during that week.

(8) Any individual who is determined to be likely to exhaust regular benefits and need reemployment services based on information obtained by the worker profiling system shall not be eligible to receive benefits if the individual fails to participate in available reemployment services to which the individual is referred by the division or in similar services, unless the division determines that:

(A) The individual has completed the reemployment services; or
(B) There is justifiable cause for the failure to participate, which shall include participation in employment and training, self-employment assistance activities or other activities authorized by the division to assist reemployment or enhance the marketable skills and earning power of the individual and which shall include any other circumstance indicated pursuant to this section in which an individual is not required to be available for and actively seeking work to receive benefits.

(9) An unemployed individual, who is otherwise eligible, shall not be deemed unavailable for work or ineligible solely by reason of the individual's work as a board worker for a county board of elections on an election day.

(d) With respect to any benefit year commencing before January 1, 2002, the individual has been totally or partially unemployed for a waiting period of one week in the benefit year which includes that week. When benefits become payable with respect to the third consecutive week next following the waiting period, the individual shall be eligible to receive benefits as appropriate with respect to the waiting period. No week shall be counted as a week of unemployment for the purposes of this subsection:

(1) If benefits have been paid, or are payable with respect thereto; provided that the requirements of this paragraph shall be waived with respect to any benefits paid or payable for a waiting period as provided in this subsection;
(2) If it has constituted a waiting period week under the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-25 et seq.);
(3) Unless the individual fulfills the requirements of subsections (a) and (c) of this section;
(4) If with respect thereto, claimant was disqualified for benefits in accordance with the provisions of subsection (d) of R.S.43:21-5.

The waiting period provided by this subsection shall not apply to benefit years commencing on or after January 1, 2002. An individual whose total benefit amount was reduced by the application of the waiting period to a claim which occurred on or after January 1, 2002 and before the effective date of P.L.2002, c.13, shall be permitted to file a claim for the additional benefits attributable to the waiting period in the form and manner prescribed by the division, but not later than the 180th day following the effective date of
P.L.2002, c.13 unless the division determines that there is good cause for a later filing.

(e) (1) (Deleted by amendment, P.L.2001, c.17).

(2) With respect to benefit years commencing on or after January 1, 1996 and before January 7, 2001, except as otherwise provided in paragraph (3) of this subsection, the individual has, during his base year as defined in subsection (c) of R.S.43:21-19:

(B) if the individual has not met the requirements of subparagraph (A) of this paragraph (2), earned remuneration not less than an amount 12 times the Statewide average weekly remuneration paid to workers, as determined under R.S.43:21-3(c), which amount shall be adjusted to the next higher multiple of $100.00 if not already a multiple thereof; or

(C) if the individual has not met the requirements of subparagraph (A) or (B) of this paragraph (2), earned remuneration not less than an amount 1,000 times the minimum wage in effect pursuant to section 5 of P.L.1966, c.113 (C.34:11-56a4) on October 1 of the calendar year preceding the calendar year in which the benefit year commences, which amount shall be adjusted to the next higher multiple of $100.00 if not already a multiple thereof.

(3) With respect to benefit years commencing before January 7, 2001, notwithstanding the provisions of paragraph (2) of this subsection, an unemployed individual claiming benefits on the basis of service performed in the production and harvesting of agricultural crops shall, subject to the limitations of subsection (i) of R.S.43:21-19, be eligible to receive benefits if during his base year, as defined in subsection (c) of R.S.43:21-19, the individual:

(A) Has established at least 20 base weeks as defined in paragraph (2) of subsection (t) of R.S.43:21-19; or

(B) Has earned 12 times the Statewide average weekly remuneration paid to workers, as determined under R.S.43:21-3(c), raised to the next higher multiple of $100.00 if not already a multiple thereof, or more; or

(C) Has performed at least 770 hours of service in the production and harvesting of agricultural crops.

(4) With respect to benefit years commencing on or after January 7, 2001, except as otherwise provided in paragraph (5) of this subsection, the individual has, during his base year as defined in subsection (c) of R.S.43:21-19:

(A) Established at least 20 base weeks as defined in paragraphs (2) and (3) of subsection (t) of R.S.43:21-19; or

(B) If the individual has not met the requirements of subparagraph (A) of this paragraph (4), earned remuneration not less than an amount 1,000 times the minimum wage in effect pursuant to section 5 of P.L.1966, c.113
(C.34:11-56a4) on October 1 of the calendar year preceding the calendar year in which the benefit year commences, which amount shall be adjusted to the next higher multiple of $100 if not already a multiple thereof.

(5) With respect to benefit years commencing on or after January 7, 2001, notwithstanding the provisions of paragraph (4) of this subsection, an unemployed individual claiming benefits on the basis of service performed in the production and harvesting of agricultural crops shall, subject to the limitations of subsection (i) of R.S.43:21-19, be eligible to receive benefits if during his base year, as defined in subsection (c) of R.S.43:21-19, the individual:

(A) Has established at least 20 base weeks as defined in paragraphs (2) and (3) of subsection (t) of R.S.43:21-19; or

(B) Has earned remuneration not less than an amount 1,000 times the minimum wage in effect pursuant to section 5 of P.L.1966, c.113 (C.34:11-56a4) on October 1 of the calendar year preceding the calendar year in which the benefit year commences, which amount shall be adjusted to the next higher multiple of $100 if not already a multiple thereof; or

(C) Has performed at least 770 hours of service in the production and harvesting of agricultural crops.

(6) The individual applying for benefits in any successive benefit year has earned at least six times his previous weekly benefit amount and has had four weeks of employment since the beginning of the immediately preceding benefit year. This provision shall be in addition to the earnings requirements specified in paragraph (2), (3), (4) or (5) of this subsection, as applicable.

(f) (1) The individual has suffered any accident or sickness not compensable under the workers' compensation law, R.S.34:15-1 et seq. and resulting in the individual's total disability to perform any work for remuneration, and would be eligible to receive benefits under this chapter (R.S.43:21-1 et seq.) (without regard to the maximum amount of benefits payable during any benefit year) except for the inability to work and has furnished notice and proof of claim to the division, in accordance with its rules and regulations, and payment is not precluded by the provisions of R.S.43:21-3(d); provided, however, that benefits paid under this subsection (f) shall be computed on the basis of only those base year wages earned by the claimant as a "covered individual," as defined in R.S.43:21-27(b); provided further that no benefits shall be payable under this subsection to any individual:

(A) For any period during which such individual is not under the care of a legally licensed physician, dentist, optometrist, podiatrist, practicing psychologist or chiropractor;

(B) (Deleted by amendment, P.L.1980, c.90.)
(C) For any period of disability due to willfully or intentionally self-inflicted injury, or to injuries sustained in the perpetration by the individual of a crime of the first, second or third degree;

(D) For any week with respect to which or a part of which the individual has received or is seeking benefits under any unemployment compensation or disability benefits law of any other state or of the United States; provided that if the appropriate agency of such other state or the United States finally determines that the individual is not entitled to such benefits, this disqualification shall not apply;

(E) For any week with respect to which or a part of which the individual has received or is seeking disability benefits under the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-25 et seq.);

(F) For any period of disability commencing while such individual is a "covered individual," as defined in subsection (b) of section 3 of the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-27).

(2) Benefit payments under this subsection (f) shall be charged to and paid from the State disability benefits fund established by the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-25 et seq.), and shall not be charged to any employer account in computing any employer's experience rate for contributions payable under this chapter.

(g) Benefits based on service in employment defined in subparagraphs (B) and (C) of R.S.43:21-19 (i) (1) shall be payable in the same amount and on the terms and subject to the same conditions as benefits payable on the basis of other service subject to the "unemployment compensation law"; except that, notwithstanding any other provisions of the "unemployment compensation law":

(1) With respect to service performed after December 31, 1977, in an instructional research, or principal administrative capacity for an educational institution, benefits shall not be paid based on such services for any week of unemployment commencing during the period between two successive academic years, or during a similar period between two regular terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, to any individual if such individual performs such services in the first of such academic years (or terms) and if there is a contract or a reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of such academic years or terms;

(2) With respect to weeks of unemployment beginning after September 3, 1982, on the basis of service performed in any other capacity for an educational institution, benefits shall not be paid on the basis of such services to any individual for any week which commences during a period between two successive academic years or terms if such individual performs such
services in the first of such academic years or terms and there is a reasonable assurance that such individual will perform such services in the second of such academic years or terms, except that if benefits are denied to any individual under this paragraph (2) and the individual was not offered an opportunity to perform these services for the educational institution for the second of any academic years or terms, the individual shall be entitled to a retroactive payment of benefits for each week for which the individual filed a timely claim for benefits and for which benefits were denied solely by reason of this clause;

(3) With respect to those services described in paragraphs (1) and (2) above, benefits shall not be paid on the basis of such services to any individual for any week which commences during an established and customary vacation period or holiday recess if such individual performs such services in the period immediately before such vacation period or holiday recess, and there is a reasonable assurance that such individual will perform such services in the period immediately following such period or holiday recess;

(4) With respect to any services described in paragraphs (1) and (2) above, benefits shall not be paid as specified in paragraphs (1), (2), and (3) above to any individual who performed those services in an educational institution while in the employ of an educational service agency, and for this purpose the term "educational service agency" means a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing those services to one or more educational institutions.

(h) Benefits shall not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two successive sports seasons (or similar periods) if such individual performed such services in the first of such seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

(i) (1) Benefits shall not be paid on the basis of services performed by an alien unless such alien is an individual who was lawfully admitted for permanent residence at the time the services were performed and was lawfully present for the purpose of performing the services or otherwise was permanently residing in the United States under color of law at the time the services were performed (including an alien who is lawfully present in the United States as a result of the application of the provisions of section 212(d)(5) (8 U.S.C. s.1182 (d)(5)) of the Immigration and Nationality Act (8 U.S.C. s.1101 et seq.)); provided that any modifications of the provisions of section 3304(a)(14) of the Federal Unemployment Tax Act (26 U.S.C. s.3304 (a)(14)), as provided by Pub.L.94-566, which specify other conditions or other effective dates than stated herein for the denial of benefits based on services performed by aliens and which modifications are required to be implemented under State law as
a condition for full tax credit against the tax imposed by the Federal
Unemployment Tax Act, shall be deemed applicable under the provisions
of this section.

(2) Any data or information required of individuals applying for benefits
to determine whether benefits are not payable to them because of their alien
status shall be uniformly required from all applicants for benefits.

(3) In the case of an individual whose application for benefits would
otherwise be approved, no determination that benefits to such individual are
not payable because of alien status shall be made except upon a preponderance
of the evidence.

(j) Notwithstanding any other provision of this chapter, the director may,
to the extent that it may be deemed efficient and economical, provide for
consolidated administration by one or more representatives or deputies of
claims made pursuant to subsection (f) of this section with those made pursuant
to Article III (State plan) of the "Temporary Disability Benefits Law," P.L.1948,
c.110 (C.43:21-25 et seq.).

2. R.S.43:21-19 is amended to read as follows:

Definitions.

43:21-19. Definitions. As used in this chapter (R.S.43:21-1 et seq.), unless
the context clearly requires otherwise:

(a) (1) "Annual payroll" means the total amount of wages paid during
a calendar year (regardless of when earned) by an employer for employment.

(2) "Average annual payroll" means the average of the annual payrolls
of any employer for the last three or five preceding calendar years, whichever
average is higher, except that any year or years throughout which an employer
has had no "annual payroll" because of military service shall be deleted from
the reckoning; the "average annual payroll" in such case is to be determined
on the basis of the prior three or five calendar years in each of which the
employer had an "annual payroll" in the operation of his business, if the
employer resumes his business within 12 months after separation, discharge
or release from such service, under conditions other than dishonorable, and
makes application to have his "average annual payroll" determined on the
basis of such deletion within 12 months after he resumes his business; provided,
however, that "average annual payroll" solely for the purposes of paragraph
(3) of subsection (e) of R.S.43:21-7 means the average of the annual payrolls
of any employer on which he paid contributions to the State disability benefits
fund for the last three or five preceding calendar years, whichever average
is higher; provided further that only those wages be included on which employer
contributions have been paid on or before January 31 (or the next succeeding
day if such January 31 is a Saturday or Sunday) immediately preceding the
(b) "Benefits" means the money payments payable to an individual, as provided in this chapter (R.S.43:21-1 et seq.), with respect to his unemployment.

(c) (1) "Base year" with respect to benefit years commencing on or after July 1, 1986, shall mean the first four of the last five completed calendar quarters immediately preceding an individual's benefit year.

With respect to a benefit year commencing on or after July 1, 1995, if an individual does not have sufficient qualifying weeks or wages in his base year to qualify for benefits, the individual shall have the option of designating that his base year shall be the "alternative base year," which means the last four completed calendar quarters immediately preceding the individual's benefit year; except that, with respect to a benefit year commencing on or after October 1, 1995, if the individual also does not have sufficient qualifying weeks or wages in the last four completed calendar quarters immediately preceding his benefit year to qualify for benefits, "alternative base year" means the last three completed calendar quarters immediately preceding his benefit year and, of the calendar quarter in which the benefit year commences, the portion of the quarter which occurs before the commencing of the benefit year.

The division shall inform the individual of his options under this section as amended by P.L.1995, c.234. If information regarding weeks and wages for the calendar quarter or quarters immediately preceding the benefit year is not available to the division from the regular quarterly reports of wage information and the division is not able to obtain the information using other means pursuant to State or federal law, the division may base the determination of eligibility for benefits on the affidavit of an individual with respect to weeks and wages for that calendar quarter. The individual shall furnish payroll documentation, if available, in support of the affidavit. A determination of benefits based on an alternative base year shall be adjusted when the quarterly report of wage information from the employer is received if that information causes a change in the determination.

(2) With respect to a benefit year commencing on or after June 1, 1990 for an individual who immediately preceding the benefit year was subject to a disability compensable under the provisions of the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-25 et seq.), "base year" shall mean the first four of the last five completed calendar quarters immediately preceding the individual's period of disability, if the employment held by the individual immediately preceding the period of disability is no longer available at the conclusion of that period and the individual files a valid claim for unemployment benefits after the conclusion of that period. For the purposes of this paragraph, "period of disability" means the period defined as a period of disability by section 3 of the "Temporary Disability Benefits Law," P.L.1948, c.110.
(C.43:21-27). An individual who files a claim under the provisions of this paragraph (2) shall not be regarded as having left work voluntarily for the purposes of subsection (a) of R.S.43:21-5.

(3) With respect to a benefit year commencing on or after June 1, 1990 for an individual who immediately preceding the benefit year was subject to a disability compensable under the provisions of the workers' compensation law (chapter 15 of Title 34 of the Revised Statutes), "base year" shall mean the first four of the last five completed calendar quarters immediately preceding the individual's period of disability, if the period of disability was not longer than two years, if the employment held by the individual immediately preceding the period of disability is no longer available at the conclusion of that period and if the individual files a valid claim for unemployment benefits after the conclusion of that period. For the purposes of this paragraph, "period of disability" means the period from the time at which the individual becomes unable to work because of the compensable disability until the time that the individual becomes able to resume work and continue work on a permanent basis. An individual who files a claim under the provisions of this paragraph (3) shall not be regarded as having left work voluntarily for the purposes of subsection (a) of R.S.43:21-5.

(d) "Benefit year" with respect to any individual means the 364 consecutive calendar days beginning with the day on, or as of, which he first files a valid claim for benefits, and thereafter beginning with the day on, or as of, which the individual next files a valid claim for benefits after the termination of his last preceding benefit year. Any claim for benefits made in accordance with subsection (a) of R.S.43:21-6 shall be deemed to be a "valid claim" for the purpose of this subsection if (1) he is unemployed for the week in which, or as of which, he files a claim for benefits; and (2) he has fulfilled the conditions imposed by subsection (e) of R.S.43:21-4.

(e) (1) "Division" means the Division of Unemployment and Temporary Disability Insurance of the Department of Labor, and any transaction or exercise of authority by the director of the division thereunder, or under this chapter (R.S.43:21-1 et seq.), shall be deemed to be performed by the division.

(2) "Controller" means the Office of the Assistant Commissioner for Finance and Controller of the Department of Labor, established by the 1982 Reorganization Plan of the Department of Labor.

(f) "Contributions" means the money payments to the State Unemployment Compensation Fund, required by R.S.43:21-7. "Payments in lieu of contributions" means the money payments to the State Unemployment Compensation Fund by employers electing or required to make payments in lieu of contributions, as provided in section 3 or section 4 of P.L.1971, c.346 (C.43:21-7.2 or 43:21-7.3).

All individuals performing services within this State for any employing unit which maintains two or more separate establishments within this State shall be deemed to be employed by a single employing unit for all the purposes of this chapter (R.S.43:21-1 et seq.). Each individual employed to perform or to assist in performing the work of any agent or employee of an employing unit shall be deemed to be employed by such employing unit for all the purposes of this chapter (R.S.43:21-1 et seq.), whether such individual was hired or paid directly by such employing unit or by such agent or employee; provided the employing unit had actual or constructive knowledge of the work.

(2) Any employing unit (whether or not an employing unit at the time of acquisition) which acquired the organization, trade or business, or substantially all the assets thereof, of another which, at the time of such acquisition, was an employer subject to this chapter (R.S.43:21-1 et seq.);

(3) Any employing unit which acquired the organization, trade or business, or substantially all the assets thereof, of another employing unit and which, if treated as a single unit with such other employing unit, would be an employer under paragraph (1) of this subsection;

(4) Any employing unit which together with one or more other employing units is owned or controlled (by legally enforceable means or otherwise), directly or indirectly by the same interests, or which owns or controls one or more other employing units (by legally enforceable means or otherwise), and which, if treated as a single unit with such other employing unit or interest, would be an employer under paragraph (1) of this subsection;

(7) Any employing unit not an employer by reason of any other paragraph of this subsection (h) for which, within either the current or preceding calendar year, service is or was performed with respect to which such employing unit is liable for any federal tax against which credit may be taken for contributions required to be paid into a state unemployment fund; or which, as a condition for approval of the "unemployment compensation law" for full tax credit against the tax imposed by the Federal Unemployment Tax Act, is required pursuant to such act to be an employer under this chapter (R.S.43:21-1 et seq.);

(i) (1) "Employment" means:

(A) Any service performed prior to January 1, 1972, which was employment as defined in the "unemployment compensation law" (R.S.43:21-1 et seq.) prior to such date, and, subject to the other provisions of this subsection, service performed on or after January 1, 1972, including service in interstate commerce, performed for remuneration or under any contract of hire, written or oral, express or implied.

(aa) such other entity and not the crew leader shall be treated as the employer of such individual; and

(bb) such other entity shall be treated as having paid cash remuneration to such individual in an amount equal to the amount of cash remuneration paid to such individual by the crew leader (either on his own behalf or on behalf

(C) Such individual is customarily engaged in an independently established trade, occupation, profession or business.

(7) Provided that such services are also exempt under the Federal Unemployment Tax Act, as amended, or that contributions with respect to such services are not required to be paid into a state unemployment fund as a condition for a tax offset credit against the tax imposed by the Federal Unemployment Tax Act, as amended, the term "employment" shall not include:

(A) Agricultural labor performed prior to January 1, 1978; and after December 31, 1977, only if performed in a calendar year for an entity which is not an employer as defined in the "unemployment compensation law," (R.S.43:21-1 et seq.) as of January 1 of such calendar year; or unless performed for an employing unit which

In granting a permit to the authority to conduct a horse race meeting, the Racing Commission shall not be subject to any limitation as to the number of tracks authorized for the conduct of horse race meetings pursuant to any provision of P.L.1940, c.17 (C.5:5-22 et seq.). Said permit shall set forth the dates to be allotted to the authority for its initial horse race meetings. Thereafter application for dates for horse race meetings by the authority and the allotment thereof by the Racing Commission, including the renewal of the same dates theretofore allotted, shall be governed by the applicable provisions of P.L.1940, c.17 (C.5:5-22 et seq.). Notwithstanding the provisions of any other law to the contrary, the Racing Commission shall allot annually to the authority (1) for the Meadowlands Complex, in the case of harness racing, not less than 100 racing days, and in the case of running racing, not less than 56 racing days, if and to the extent that application is made therefor, and (2) for any other project which is set forth in paragraph (5) of subsection a. of section 6 of P.L.1971, c.137 (C.5:10-6), and which was previously operated by a permitholder other than the authority, racing days shall be limited, in type of racing and amount of days, to those allotted by the Racing Commission to the prior permitholder for the year 1985, as of December 13, 1984; except that the authority may apply to the Racing Commission for an extension of the number and type of racing days pursuant to section 2 of P.L.1984, c.247 (C.5:5-43.1).

d. No hearing, referendum or other election or proceeding, and no payment, surety or cash bond or other deposit, shall be required for the authority to hold or conduct the horse race meetings with parimutuel wagering herein authorized.

e. The authority shall determine the amount of the admission fee for the races and all matters relating to the collection thereof.

f. Distribution of sums deposited in parimutuel pools to winners thereof shall be in accordance with the provisions of section 44 of P.L.1940, c.17 (C.5:5-64) pertaining thereto. The authority shall make disposition of the deposits remaining undistributed as follows:

(a) Hold and set aside in an account designated as a special trust account 1% of such total contributions in all pools, to be used and distributed as hereinafter provided and as provided in section 5 of P.L.1967, c.40, for the following purposes and no other:
(i) 42 1/2% thereof to increase purses and grant awards for starting horses, as provided or as may be provided by rules of the New Jersey Racing Commission, with payment to be made in the same manner as payment of other purses and awards;

(ii) 49% thereof for the establishment of a Sire Stakes Program for standardbred horses, with payment to be made to the Department of Agriculture for administration as hereinbefore provided;

(iii) 5 1/2% thereof to the Sire Stakes Program for purse supplements designed to improve and promote the standardbred breeding industry in New Jersey by increasing purses for owners of horses that are sired by a New Jersey registered stallion and are eligible to participate in the Sire Stakes Program. The Sire Stakes Program board of trustees shall consult with the Standardbred Breeders' and Owners' Association of New Jersey before disbursing money for purse supplements;

(iv) 3% thereof for other New Jersey horse breeding and promotion conducted by the New Jersey Department of Agriculture.

Payment of the sums held and set aside pursuant to subparagraphs (iii) and (iv) shall be made to the commission every seventh day of any and every race meeting in the amount then due, as determined in the manner provided above, and shall be accompanied by a report under oath showing the total of all such contributions, together with such other information as the commission may require.

(b) Distribute as purse money and for programs designed to aid the horsemen and the Standardbred Breeders' and Owners' Association of New Jersey 5.1175%, or in the case of races on a charity racing day 5%, of such total contributions. Expenditures for programs designed to aid the horsemen and the Standardbred Breeders' and Owners' Association of New Jersey shall not exceed 3.5% of the sum available for distribution as purse money. The formula for distribution of the purse money as either overnight purses or special stakes shall be determined by an agreement between the Standardbred Breeders' and Owners' Association of New Jersey and the authority. Notwithstanding the foregoing, for pools where the patron is required to select two or more horses, the authority shall distribute as purse money 5.6175%, or in the case of races on a charity racing day 5.5%, of the total contributions and for pools where the patron is required to select three or more horses, the authority shall distribute as purse money 7.1175%, or in the case of races on a charity racing day 7%, of the total contributions. Notwithstanding the foregoing, for pools where a patron is required to select three or more horses, the authority shall retain out of the 7.1175% or 7% to be distributed as purse money a sum deemed necessary by the racing commission, for use by the commission to finance a prerace blood testing program, and such other testing programs which the
commission shall deem proper and necessary and which shall be subject to the regulation and control of said commission.

(c) In the case of races on a racing day other than a charity racing day, distribute to the Standardbred Breeders' and Owners' Association of New Jersey for the administration of a health benefits program for horsemen .1175% of such total contributions.

(d) In the case of races on a racing day other than a charity racing day, distribute to the Sire Stakes Program for standardbred horses .02% of such total contributions.

(e) In the case of races on a racing day other than a charity racing day, distribute to the Backstretch Benevolency Programs Fund created pursuant to P.L.1993, c.15 (C.5:5-44.8) .01% of such total contributions.

(2) In the case of running races:

(a) Hold and set aside in an account designated as a special trust account .05% of such total contributions, to be used and distributed for State horse breeding and development programs, research, fairs, horse shows, youth activities, promotion and administration, as provided in section 5 of P.L.1967, c.40 (C.5:5-88).

(b) Distribute as purse money and for programs designed to aid the horsemen and the New Jersey Thoroughbred Horsemen's Association 4.475%, or in the case of races on a charity racing day 4.24%, of such total contributions. Expenditures for programs designed to aid the horsemen and the New Jersey Thoroughbred Horsemen's Association shall not exceed 2.9% of the sum available for distribution as purse money. The formula for distribution of the purse money as either overnight purses or special stakes shall be determined by an agreement between the New Jersey Thoroughbred Horsemen's Association and the authority. Notwithstanding the foregoing, for pools where the patron is required to select three or more horses, the authority shall distribute as purse money 7.475%, or in the case of races on a charity racing day 7.24%, of the total contributions.

(c) Deduct and set aside in a special trust account established pursuant to section 46b.(1)(e) and 46b.(2)(e) of P.L.1940, c.17 (C.5:5-66) for the establishment and support by the commission of the thoroughbred breeding industry in New Jersey .1% of such total contributions, except that for pools where the patron is required to select three or more horses, the amount shall be .6%. The money in the special trust account shall be used to: (i) improve purses for closed races; (ii) provide awards to owners and breeders of registered New Jersey bred horses who earn portions of purses in open and closed races at New Jersey race tracks or in closed races at an out-of-State track as part of a multi-state event to promote thoroughbred breeding, and to owners of stallions posted on the official stallion roster of the Thoroughbred Breeders' Association of New Jersey, which sire such New Jersey bred money earners;
and (iii) provide awards to the New Jersey Thoroughbred Breeders’ Association for programs beneficial to thoroughbred breeding in this State. The New Jersey thoroughbred award program shall be administered and disbursed by the Thoroughbred Breeders’ Association of New Jersey subject to the approval of the commission. The special trust account to be established pursuant to this paragraph shall be separate and apart from the special trust account established and maintained pursuant to subparagraph (a) of this paragraph.

(d) In the case of races on a racing day other than a charity racing day, distribute to the Thoroughbred Breeders’ Association of New Jersey .02% of such total contributions.

(e) In the case of races on a racing day other than a charity racing day, distribute to the Backstretch Benevolency Programs Fund created pursuant to P.L.1993, c.15 (C.5:5-44.8) .01% of such total contributions.

Payment of the sums held and set aside pursuant to subparagraphs (a) and (c) of this subsection shall be made to the commission every seventh day of any and every race meeting in the amount then due, as determined in the manner provided above, and shall be accompanied by a report under oath showing the total of all such contributions, together with such other information as the commission may require.

All amounts remaining in parimutuel pools, including the breaks, after such distribution and payments shall constitute revenues of the authority. Except as otherwise expressly provided in this section 7, the authority shall not be required to make any payments to the Racing Commission or others in connection with contributions to parimutuel pools.

In the event that a written agreement between the authority and the respective horsemen’s associations shall require the distribution of additional sums of money to increase purses or contributions to the special trust accounts hereinabove provided, or both, any such distribution to be made in the year 1981 shall be made by the authority only from, and to the extent of, available moneys from the preceding year set aside for such purpose, after application of the authority’s revenues, moneys or other funds as provided in subsection c.(1), (2), (3), (4), (5), (6) and (7) of section 6 of P.L.1971, c.137 (C.5:10-6).

(1) In the case of running and harness races, beginning July 1, 1997 50% of those sums shall be paid to the Racing Commission for deposit in the general fund of the State and disposition in accordance with section 4 of P.L.1997, c.29 (C.5:5-68.1);

(2) In the case of running races, 50% of those sums shall be paid to the commission and set aside in the special trust account established pursuant to section 46b.(1)(e) and section 46b.(2)(e) of P.L.1940, c.17 (C.5:5-66); and

(3) In the case of harness races, 25% of those sums shall be retained by the permitholder to supplement purses for sire stakes races on which there is parimutuel wagering, and 25% shall be retained by the permitholder to supplement overnight purses.

h. No admission or amusement tax, excise tax, license or horse racing fee of any kind shall be assessed or collected from the authority by the State of New Jersey, or by any county or municipality, or by any other body having power to assess or collect license fees or taxes.

i. Any horse race meeting and the parimutuel system of wagering upon the results of horse races held at such race meeting shall not under any circumstances, if conducted as provided in the act and in conformity thereto, be held or construed to be unlawful, other statutes of the State to the contrary notwithstanding.

j. Each employee of the authority engaged in the conducting of horse race meetings shall obtain the appropriate license from the Racing Commission, subject to the same terms and conditions as is required of similar employees of other permitholders. The Racing Commission may suspend any member of the authority upon approval of the Governor and the license of any employee of the authority in connection with the conducting of horse race meetings, pending a hearing by the Racing Commission, for any violation of the New Jersey laws regulating horse racing or any rule or regulation of the commission. Such hearing shall be held and conducted in the manner provided in said laws.

3. This act shall take effect immediately.

CHAPTER 106

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.13:1E-208 Findings, declarations relative to recycling, reuse of used computers.

1. The Legislature finds and declares that as computers have become more popular, many innovative programs have been developed throughout the nation to recover those being discarded; that the recycling of used computers represents one electronic by-product that may create new opportunities in the evolving re-manufacturing industry, in which private firms recapture household appliances and old electronic equipment; that during the course of the past ten years, personal computer sales have increased enormously, and surveys reveal that up to 25 percent of American households now own at least one personal computer; and that with the proliferation of personal computers and the continuously emerging computer technologies, computer recycling has evolved, and with it programs of reuse and recycling of such component parts as metal and plastic.
The Legislature further finds and declares that approximately every year two computers will be discarded for every three manufactured in this country, thereby contributing approximately 200,000 tons of old electronic equipment to the nation's solid waste stream; that while many used computers may end up in the trash, others may be taken home by employees or donated to friends or schools; that there are several dozen computer recycling programs throughout the United States, with numerous others sprouting up to serve social service community organizations; and that keyboards, circuit boards, monitors and other computer components and accessories can become obsolete just with the advent of new processing chips.

The Legislature further finds and declares that, to date, over 25 million personal computers had been discarded globally; that this number is expected to increase to 150 million by the end of the decade; that it has been estimated that between 50 and 70 million computers alone have been disposed of between 1992 and 1996; that at landfill disposal "tipping fees" of $50.00 per ton, the discarded computers would cost more than $100 million, not including the potential cleanup costs of any hazardous materials that the computers may leach into the environment; and that the disposal of used computers in an environmentally-sound manner as solid waste is costly.

The Legislature further finds and declares that computers contain numerous heavy metals; that cathode ray tubes (CRTs), commonly known as "monitors," have high levels of lead in the glass, as well as mercury, cadmium, and phosphorous in the vacuum tubes; that CRTs are also found in television sets; that the CRT comprises about two-thirds of the weight of a typical computer workstation; that the lead in a monitor is about eight percent by weight, and the glass more than 18 pounds in a typical 17-inch monitor; and that both of these items may be recycled.

The Legislature therefore determines that it is in the public interest to limit and eventually reduce the volume of used computer monitors entering New Jersey's solid waste stream; and that the State, through the Department of Environmental Protection, in conjunction with the manufacturers, retailers and distributors of computers and other electronic equipment, should seek to develop an environmentally-sound strategy for the proper management, recycling and reuse of used computers.

C.13:1E-209 DEP educational materials on computer recycling and reuse.

2. a. The Department of Environmental Protection, pursuant to state and Federal law, and in consultation with manufacturers, retailers and distributors of computers and other electronic equipment, and environmental groups, and with the cooperation of the Department of Education, shall prepare educational materials relating to the reclamation, recycling or reuse of used computer monitors and used consumer electronics.
b. The materials shall promote the values of recycling used computer monitors and other used consumer electronics, such as television sets and other cathode ray tubes mercury lamps; provide information on the environmentally-sound disposal of such items; and encourage the reuse of all cathode ray tubes found in consumer electronics.

C.13:1E-210 Distribution of educational materials by DOE.

3. Local school boards are encouraged to integrate these educational materials into the curricula whenever possible, and to otherwise make them available to elementary and secondary school children for extracurricular activities and to their parents.

C.13:1E-211 DEP evaluation demonstration project; report.

4. a. The Department of Environmental Protection, pursuant to State and federal law, and in consultation with manufacturers, retailers and distributors of computers and other electronic equipment, and environmental groups, shall organize and coordinate a cooperative public-private demonstration project to evaluate the practicability and feasibility of requiring the Statewide mandatory source separation and recycling of used computer monitors, used consumer electronic equipment or used television sets or other cathode ray tube-containing devices, found to be of particular concern to the department, as a means of encouraging the recycling rather than disposal of these items.

b. The department shall investigate the availability of, and apply for, funds available from the federal government, or any private or public source, to finance the costs of the demonstration project.

c. The department shall prepare and submit a report to the Governor, to the Legislature, and to the Chairmen of the Senate Environment Committee and the Assembly Environment and Solid Waste Committee or their successor committees no later than two years following the effective date of this act. 16. Whenever a county prepares and adopts a district household hazardous waste management plan, the commissioner may require the plan to be adopted as an amendment to the district solid waste management plan required pursuant to the "Solid Waste Management Act," P.L.1970, c.39 (C.13:1E-1 et seq.). Any district household hazardous waste management plan adopted by a county shall be subject to approval by the department.

   (4) include such other information as may be prescribed in rules or regulations of the department.

CHAPTER 108

AN ACT clarifying certain provisions of P.L.2002, c.43, amending and supplementing P.L.2002, c.43 (C.52:27BBB-1 et seq.).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.52:27BBB-2.1 Findings, declarations relative to "Municipal Rehabilitation and Economic Recovery Act."

1. The Legislature finds and declares that:

a. The court decision striking certain provisions of P.L.2002, c.43 requires the Legislature to clarify its intent in approving that act;

b. The court's interpretation of P.L.2002, c.43 is contrary to the intent of the Legislature and as a result, amendatory legislation removing any question regarding the intent, scope and applicability of that act is appropriate;
c. It is also important to clarify and expand upon a legislative intent of focusing redevelopment efforts in qualified municipalities by ensuring that the expenditure of public dollars for development and redevelopment is coordinated with the expenditure of public dollars supporting schools and educational efforts in such municipalities; and
d. Given the magnitude of the State's investment in a qualified municipality, it is incumbent upon the State to take the appropriate steps necessary to ensure effective governance at the school district level in addition to effective governance at the municipal level. Not only will limited school district oversight ensure the coordinated expenditures of public funds, it will ensure that the proposed local tax levy to support the district's schools will not further burden the municipal tax base. Additionally, this oversight will assist the district in improving the quality of education provided to students in the municipality. Enhancing educational quality will, in turn, assist housing revitalization by attracting new families to the community and preventing flight of current residents. It will also serve to attract new businesses and potential employers because the community can offer better-prepared graduates to the workforce.

2. Section 2 of P.L.2002, c.43 (C.52:27BBB-2) is amended to read as follows:

C.52:27BBB-2 Findings, declarations relative to municipal rehabilitation and economic recovery.

2. The Legislature finds and declares that:
   a. There exists in certain municipalities a continuing state of fiscal distress which endures despite the imposition of a series of measures authorized pursuant to law;
   b. Economically impoverished, those municipalities have a history of high crime rates, including arson, that has necessitated the maintenance of large police and fire departments, at enormous taxpayer cost in municipalities without a sound tax base;
   c. The past fifty years have witnessed the depopulation of those municipalities characterized by such problems;
   d. Spending power on the part of residents of these municipalities is severely limited and local businesses thereby suffer from the lack of an indigenous client base so that rebuilding the fortunes of city residents in order to recreate a viable urban economy will require a considerable period of time;
   e. Notwithstanding the prosperity which has been experienced elsewhere throughout New Jersey in recent years, the unemployment rate in these municipalities is substantially higher than that of most other municipalities;
   f. While the rest of New Jersey has enjoyed increased land values, the ratable base in these municipalities has declined steadily during the 1990's,
marked by their low equalized value per capita which can be about one-half that of other cities;

g. Coupled with this economic deprivation, many of these municipalities are characterized by a lack of internal audit controls, accountability and oversight, evidenced by the fact that although real estate taxes comprise over two-thirds of locally generated revenues, many of these municipalities do not rigorously enforce collection and receive but a portion of their levy;

h. Although the State has experienced a period of tremendous prosperity and economic growth over the past few years, such municipalities continue to languish without any obvious signs of improvement;

i. These municipalities have experienced a substantial budget deficit for many years which has only been addressed through extraordinary payments of State aid;

j. While State aid dollars which have been directed toward such municipalities have served to address their structural deficits, they have not, and cannot, function as an economic impetus toward the rebuilding of those municipalities;

k. Because a significant proportion of the population of such municipalities lacks adequate health insurance coverage, causing many to seek basic care in municipal emergency rooms, municipal hospitals are heavily dependent upon State assistance commonly referred to as "charity care" for reimbursement. Such health services are crucial to the overall health of the infrastructure and social growth and stability of qualified municipalities. Moreover, the demand for such health services has necessitated planning for a major expansion of medical school programs within qualified municipalities;

l. Given the high crime rates in these municipalities, if economic recovery is to be successful, it is vital that municipal residents feel that their basic safety is assured; accordingly, the State will continue to commit to assist such municipalities in maintaining not less than that number of police officers employed by the municipality at the time of the determination by the commissioner that the municipality fulfills the definition of a qualified municipality and in creating working relationships between State agencies, local law enforcement and the community to identify and develop strategies to improve the quality of life and the security of residents in qualified municipalities;

m. In order to ensure the long-term economic viability of such municipalities, it is critical that the Legislature encourage, to the extent possible, the production of market-rate housing within the municipality so as to expand the local tax base and provide a greater diversity of income levels among municipal inhabitants;

n. When faced with analogous situations, other states have employed extraordinary measures to provide leadership and oversight for struggling
cities and the necessary tools to spur an economic revival within those cities; and

o. In light of the dire needs faced by such municipalities and the lack of progress in addressing those needs either governmentally or through private sector initiative, and given the successful interventions on the part of other states in analogous circumstances, it is incumbent upon the State to take exceptional measures, on an interim basis, to rectify certain governance issues faced by such municipalities and to strategically invest those sums of money necessary in order to assure the long-term financial viability of these municipalities.

3. Section 3 of P.L.2002, c.43 (C.52:27BBB-3) is amended to read as follows:

There may be included in the carrying charges to any family for residence in any mutual housing project constructed, improved or rehabilitated with a loan from the agency an amount equal to 6% of the original cash investment of the family in the mutual housing project and, to the extent authorized by the agency where not included in the carrying charges, the value or cost of repainting the apartment and replacing any fixtures or appliances. Notwithstanding the provisions of this section, no family or individual shall be eligible for admission to any housing project constructed, improved or rehabilitated with a loan from the agency whose gross aggregate family income exceeds such amount as shall be established from time to time by the agency, by rules or regulations promulgated hereunder; except that with respect to any project financed by an agency loan insured or guaranteed by the United States of America or any agency or instrumentality thereof, the agency may adopt the admission standards for such projects then currently utilized or required by the guarantor or insurer.

prescribed for admission to the project, the owner or managing agent of the
housing project shall permit the family to continue to occupy the unit. The
agency or (with the approval of the agency) the housing sponsor of any housing
project constructed, improved or rehabilitated with a loan from the agency,
may terminate the tenancy or interest of any family residing in the housing
project whose gross aggregate family income exceeds by 25% or more the
amount prescribed herein and which continues to do so for a period of six
months or more; but no tenancy or interest of any such family in any such
housing project shall be terminated except upon reasonable notice and
opportunity to obtain suitable alternate housing, in accordance with rules and
regulations of the agency; and any such family, with the approval of the agency,
may be permitted to continue to occupy the unit, subject to payment of a rent
or carrying charge surcharge to the housing sponsor in accordance with a

and for any land taxes equals 25% of the total rents or carrying charges of
the housing project for the current and any prior years that the project has been
in operation.

The provisions of this subsection shall not apply to any housing project
situated in a qualified municipality that is constructed, improved or rehabilitated
on or after the date upon which the commissioner determines that the

of the surcharge, or the total surcharge if tax exemption has not been granted,
shall be paid into the housing finance fund securing the bonds issued to finance
the project for the use of the agency; for projects financed on or after January
1, 1973, any remainder of the surcharge, or the total surcharge if tax exemption
has not been granted, shall be paid to the agency.

d. Any family residing in a mutual housing project required to remove
from the project because of excessive income as herein provided shall be
discharged from liability on any note, bond or other evidence of indebtedness
relating thereto and shall be reimbursed, in accordance with the rules of the
agency, for all sums paid by the family to the housing sponsor on account
of the purchase of stock or debentures as a condition of occupancy or on account
of the acquisition of title for such purpose.

The provisions of this subsection shall not apply to any housing project
situated in a qualified municipality that is constructed, improved or rehabilitated
on or after the date upon which the commissioner determines that the
municipality fulfills the definition of a qualified municipality pursuant to section 4 of P.L.2002, c.43 (C.52:27BBB-4).

C.43:10-5.6 Election for adjustment of pension benefits.

2. a. A county that is paying pension benefits to retirants or their surviving beneficiaries pursuant to the provisions of article 1 of chapter 10 of Title 43 of the Revised Statutes may elect to make adjustments in accordance with the provisions of this act in the amount of the pension benefits paid in order

b. A pension adjustment shall not be made for any retirant or beneficiary who is not receiving the regular, full, monthly pension. The adjustment made shall be effective only on the first day of a month, shall be paid in monthly installments, and shall not be decreased, increased, revoked or repealed except as otherwise provided in this act. No adjustment shall be due to a retirant or beneficiary unless it constitutes a payment for an entire month.

c. In the case of any retirant or beneficiary first becoming eligible to receive an adjustment under the provisions of this act, such adjustment shall be paid beginning in the 25th month in which the retirant or beneficiary is entitled to receive the pension benefit.

Any adjustment so certified shall apply to all of the months of the following calendar year for eligible retirants and beneficiaries. For those qualifying for the first time, the adjustment shall apply only to those months of the following calendar year in which the retirant or beneficiary is eligible to receive the adjustment.

c. In no instance shall the amount of the pension originally granted and payable to any retirant or beneficiary be reduced as a result of this adjustment.

d. The employer shall bear the cost of the adjustment in the pensions payable to retirants who retired from the employ of such employer and to beneficiaries of active or retired members who were in the employ of the employer at the time of the member's death or retirement. Such waiver may be withdrawn at any time and upon such withdrawal the adjustment in the pension shall commence with the pension payment for the next following month.

C.43:10-5.9 Conditions for termination of adjustment.

5. If legislation is adopted providing for a blanket increase in original pensions or minimum pensions to any group of retirants or beneficiaries eligible for benefits under this act, other than legislation enacted prior to 2003; all adjustments provided under this act shall be terminated on the first of the month when such blanket increases or minimum pensions are payable, except in those instances where the retirant's or beneficiary's original pension plus the adjustments provided under this act will exceed the amounts payable to such retirant or beneficiary as a result of such other legislation; in such event the amount payable under this act shall thereafter be the difference between the new pension payable by the pension fund and the amount which would otherwise have been paid under this act. Any subsequent annual review of amounts payable under this act for such retirants and beneficiaries shall continue to be determined on the basis of the original pension as granted by the retirement system prior to any blanket increase or provision for minimum pension for any group of retirants or beneficiaries eligible for benefits under this act.

C.2A:168-26 Interstate Compact for Adult Offender Supervision.

1. a. The Interstate Compact for Adult Offender Supervision is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

INTERSTATE COMPACT FOR ADULT OFFENDER SUPERVISION

The Legislature hereby finds and declares the following:

The interstate compact for the supervision of Parolees and Probationers was established in 1937; it is the earliest corrections "compact" established among the states and has not been amended since its adoption for over 62 years;

This compact is the only vehicle for the controlled movement of adult parolees and probationers across state lines, and it currently has jurisdiction over more than a quarter of a million offenders;

The complexities of the compact have become more difficult to administer, and many jurisdictions have expanded supervision expectations to include currently unregulated practices such as victim input, victim notification requirements and sex offender registration;

After hearings, national surveys and a detailed study by a task force appointed by the National Institute of Corrections, the overwhelming recommendation has been to amend the document to bring about an effective management capacity that addresses public safety concerns and offender accountability; and

Upon the adoption of this Interstate Compact for Adult Offender Supervision by all states and territories of the United States, it is the intention of the Legislature to repeal the previous Interstate Compact for the Supervision of Parolees and Probationers.

b. This act shall be known and may be cited as the "Interstate Compact for Adult Offender Supervision."

c. Article I. Purpose. The compacting states to this Interstate Compact recognize that each state is responsible for the supervision of adult offenders
in the community who are authorized pursuant to the bylaws and rules of this compact to travel across state lines both to and from each compacting state in such a manner as to track the location of offenders, transfer supervision authority in an orderly and efficient manner and when necessary return offenders to the originating jurisdictions.

The compacting states also recognize that Congress, by enacting the Crime Control Act, 4 U.S.C.s.112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime.

It is the purpose of this compact and the Interstate Commission created hereunder, through means of joint and cooperative action among the compacting states: to provide the framework for the promotion of public safety and protect the rights of victims through the control and regulation of the interstate movement of offenders in the community; to provide for the effective tracking, supervision and rehabilitation of these offenders by the sending and receiving states; and to equitably distribute the costs, benefits and obligations of the compact among the compacting states.

In addition, this compact will: create an Interstate Commission which will establish uniform procedures to manage the movement between states of adults placed under community supervision and released to the community under the jurisdiction of courts, paroling authorities, corrections or other criminal justice agencies which will promulgate rules to achieve the purpose of this compact; ensure an opportunity for input and timely notice to victims and to jurisdictions where defined offenders are authorized to travel or to relocate across state lines; establish a system of uniform data collection, access to information on active cases by authorized criminal justice officials, and regular reporting of compact activities to heads of state councils, state executive, judicial and legislative branches and criminal justice administrators; monitor compliance with rules governing interstate movement of offenders and initiate interventions to address and correct non-compliance; and coordinate training and education regarding regulations of interstate movement of offenders for officials involved in such activity.

The compacting states recognize that there is no "right" of any offender to live in another state and that duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any offender under supervision subject to the provisions of this compact and bylaws and rules promulgated hereunder.

It is the policy of the compacting states that the activities conducted by the Interstate Commission created herein are the formation of public policies and are therefore public business.

g. The existing rules governing the operation of the previous compact superseded by this act shall be null and void twelve months after the first meeting of the Interstate Commission created hereunder.

h. Upon determination by the Interstate Commission that an emergency exists, it may promulgate an emergency rule which shall become effective immediately upon adoption, provided that the usual rulemaking procedures provided hereunder shall be retroactively applied to said rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule.

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, taking into consideration the population of the state and the volume of interstate movement of offenders in each Compacting State and
shall promulgate a rule binding upon all Compacting States which governs
said assessment.

c. The Interstate Commission shall not incur any obligations of any kind
prior to securing the funds adequate to meet the same; nor shall the Interstate

C.2A:168-37 Withdrawal, default, termination and judicial enforcement.

12. Article XII. Withdrawal, Default, Termination and Judicial Enforcement.
   a. Withdrawal. Once effective, the Compact shall continue in force and remain binding upon each and every Compacting State; provided, that a Compacting State may withdraw from the Compact ("Withdrawing State") by enacting a statute specifically repealing the statute which enacted the Compact into law.

   The effective date of withdrawal is the effective date of the repeal.

   The Withdrawing State shall immediately notify the Chairman of the Interstate Commission in writing upon the introduction of legislation repealing this Compact in the Withdrawing State.

   The Interstate Commission shall notify the other Compacting States of the Withdrawing State's intent to withdraw within sixty days of its receipt thereof.

   The Withdrawing State is responsible for all assessments, obligations and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal.

   Reinstatement following withdrawal of any Compacting State shall occur upon the Withdrawing State reenacting the Compact or upon such later date as determined by the Interstate Commission.

   b. Default. If the Interstate Commission determines that any Compacting State has at any time defaulted ("Defaulting State") in the performance of any of its obligations or responsibilities under this Compact, the bylaws or any duly promulgated rules, the Interstate Commission may impose any or all of the following penalties:

      Fines, fees and costs in such amounts as are deemed to be reasonable as fixed by the Interstate Commission;

      Remedial training and technical assistance as directed by the Interstate Commission; and

      Suspension and termination of membership in the compact.

      Suspension shall be imposed only after all other reasonable means of securing compliance under the bylaws and rules have been exhausted. Immediate notice of suspension shall be given by the Interstate Commission to the Governor, the Chief Justice or Chief Judicial Officer of the state; the majority and minority leaders of the defaulting state's legislature, and the State Council.

      The grounds for default include, but are not limited to, failure of a Compacting State to perform such obligations or responsibilities imposed upon it by this compact, Interstate Commission bylaws, or duly promulgated
rules. The Interstate Commission shall immediately notify the Defaulting State in writing of the penalty imposed by the Interstate Commission on the Defaulting State pending a cure of the default. The Interstate Commission shall stipulate the conditions and the time period within which the Defaulting State must cure its default. If the Defaulting State fails to cure the default within the time period specified by the Interstate Commission, in addition to any other penalties imposed herein, the Defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the Compacting States and all rights, privileges and benefits conferred by this Compact shall be terminated from the effective date of suspension.

Within sixty days of the effective date of termination of a Defaulting State, the Interstate Commission shall notify the Governor, the Chief Justice or Chief Judicial Officer and the Majority and Minority Leaders of the Defaulting State's legislature and the state council of such termination.

The Defaulting State is responsible for all assessments, obligations and liabilities incurred through the effective date of termination including any obligations, the performance of which extends beyond the effective date of termination.

The Interstate Commission shall not bear any costs relating to the Defaulting State unless otherwise mutually agreed upon between the Interstate Commission and the Defaulting State.

Reinstatement following termination of any Compacting State requires both a reenactment of the Compact by the Defaulting State and the approval of the Interstate Commission pursuant to the rules.

c. Judicial Enforcement. The Interstate Commission may, by majority vote of the Members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the Federal District where the Interstate Commission has its offices to enforce compliance with the provisions of the Compact, its duly promulgated rules and bylaws, against any Compacting State in default. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorneys fees.

d. Dissolution of Compact. The Compact dissolves effective upon the date of the withdrawal or default of the Compacting State which reduces membership in the Compact to one Compacting State.

Upon the dissolution of this Compact, the Compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be wound up and any surplus funds shall be distributed in accordance with the bylaws.

13. Article XIII. Severability and Construction. The provisions of this Compact shall be severable, and if any phrase, clause, sentence or provision
is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

The provisions of this Compact shall be liberally constructed to effectuate its purposes.

   a. Other Laws. Nothing herein prevents the enforcement of any other law of a Compacting State that is not inconsistent with this Compact.
      All Compacting States' laws conflicting with this Compact are superseded to the extent of the conflict.
   b. Binding Effect of the Compact. All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Interstate Commission, are binding upon the Compacting States.
      All agreements between the Interstate Commission and the Compacting States are binding in accordance with their terms.
      Upon the request of a party to a conflict over meaning or interpretation of Interstate Commission actions, and upon a majority vote of the Compacting States, the Interstate Commission may issue advisory opinions regarding such meaning or interpretation.
      In the event any provision of this Compact exceeds the constitutional limits imposed on the legislature of any Compacting State, the obligations, duties, powers or jurisdiction sought to be conferred by such provision upon the Interstate Commission shall be ineffective and such obligations, duties, powers or jurisdiction shall remain in the Compacting State and shall be exercised by the agency thereof to which such obligations, duties, powers or jurisdiction are delegated by law in effect at the time this Compact becomes effective.

1. This act shall be known and may be cited as the "School Integrated Pest Management Act."

C.13:1F-20 Findings, declarations relative to the "School the Integrated Pest Management Act."

2. The Legislature finds and declares that in 1992, the National Parent Teacher Association passed a resolution calling for the reduced use of pesticides
in schools and calling on policy makers to consider all possible alternatives before using any pesticides; that the National Education Association and many national public interest organizations have announced support for reducing or eliminating pesticide use in schools; that the State, as well as 87 local government entities throughout the State, have adopted integrated pest management policies for their buildings and grounds; that childhood cancer is continuing to increase at the alarming rate of one percent per year; that the overall incidence of childhood cancer increased 10 percent between 1974 and 1991, making cancer the leading cause of childhood death from disease; and that approximately 4,800,000 children in the United States under the age of 18 have asthma, the most common chronic illness in children, and the incidence of asthma is on the rise.

The Legislature further finds and declares that children are more susceptible to hazardous impacts from pesticides than are adults; that numerous scientific studies have linked both cancer and asthma to pesticide exposure; that the United States Environmental Protection Agency has recommended the use of an integrated pest management system by local educational agencies, which emphasizes nonchemical ways of reducing pests, such as sanitation and maintenance; that integrated pest management is an effective and environmentally sensitive approach to pest management that relies on common sense practices; that integrated pest management programs use current, comprehensive information on the life cycles of pests and their interaction with the environment, and that this information, in combination with available pest control methods is used to manage pest damage with the least hazard to people, property and the environment and by economical means; and that integrated pest management programs take advantage of all pest management options possibly including, but not limited to, the judicious use of pesticides; that a notification process should be established for schools under which each student, parent, guardian, staff member, and teacher shall be notified of a pesticide application; that parents and guardians have a right to know that there is an integrated pest management system in their children's schools; that an integrated pest management system provides long-term health and economic benefits; and that parents and guardians should have a right to be notified in advance of any use of a pesticide in their children's schools.

The Legislature therefore determines that it is in the public interest of all of the people of New Jersey that the schools in this State establish an integrated pest management policy.

Nevertheless, the EPA and DEP cannot guarantee that registered pesticides do not pose any risk to human health, thus unnecessary exposure to pesticides should be avoided. The EPA has issued the statement that where possible, persons who are potentially sensitive, such

C.13:1F-29 Prohibited use of certain pesticides.

to be present for academic instruction or for organized extra-curricular activities within seven hours of the application.

b. A pesticide, other than a low impact pesticide, shall not be applied in a school building when students are present. Students may not be present in an untreated portion of a school building unless the area being treated with a pesticide, other than a low impact pesticide, is served by a separate ventilation system and is separated from the untreated area by smoke or fire doors.

c. A low impact pesticide may be applied in areas of a school building where students will not contact treated areas until sufficient time is allowed for the substance to dry or settle, or after the period of time prescribed for re-entry or for ventilation requirements on the pesticide label has elapsed.

d. This section shall not apply when pesticides are applied on school property for student instructional purposes or by public health officials during the normal course of their duties.

C.13:1F-30 Immunity from liability of commercial pesticide applicator.

12. A commercial pesticide applicator shall not be liable to any person for damages resulting from the application of a pesticide at a school if the damages are solely due to the failure of the local school board, the board of trustees of a charter school, or the principal or chief administrator of a private school, as appropriate, to provide the notice required prior to the application of a pesticide pursuant to the provisions of section 7, 8, 9, or 10 of P.L.2002, c.117 (C.13:1F-25, C.13:1F-26, C.13:1F-27 or C.13:1F-28).

The form developed pursuant to this section shall set forth a certification by the integrated pest management coordinator that the notice and posting requirements for the application of a pesticide established pursuant to section 7 and section 8 of this act, or the posting requirement established pursuant to section 10 of this act, as appropriate, have been complied with. Upon being presented by a commercial pesticide applicator with a form pursuant to this section, the signature of the integrated pest management coordinator shall be required as a condition for the application of the pesticide.

C.13:1F-32 Issuance of administrative order; notice of violation.

14. a. The Department of Environmental Protection may issue an administrative order against a local school board, the board of trustees of a charter school, or a principal or chief administrator of a private school that fails to adopt and implement a pesticide use and school integrated pest
management policy in compliance with the provisions of this act. Upon identification of a violation of this act, the department shall issue a notice of violation by certified mail or personal service to the person responsible for the violation that identifies the violation and states that an administrative order may be issued requiring compliance with the act. Any notice of violation or administrative order shall (1) specify the provision or provisions of this act, or the rule or regulation adopted pursuant thereto, of which the person is in violation; (2) cite the action that caused the violation; and (3) require compliance with the provision of this act or the rule or regulation adopted pursuant thereto of which the person is in violation. In addition, any administrative order issued pursuant to this section shall give notice to the person of his right to a hearing on the matters contained in the order. The person shall have 20 days from receipt of the order within which to deliver to the commissioner a written request for a hearing. Subsequent to the hearing and upon finding that a violation has occurred, the commissioner may issue a final order. If no hearing is requested, the order shall become a final order upon the expiration of the 20-day period.

b. The provisions of section 10 of P.L.1971, c.176 (C.13:1F-10) shall not apply to this act.

C.13:1F-33 Rules, regulations.

15. The commissioner shall adopt, pursuant to the provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), such rules or regulations as are necessary to implement the provisions of this act.

16. This act shall take effect immediately.

CHAPTER 128

AN ACT concerning the Clean Communities Program, and amending, supplementing and repealing parts of the statutory law.
BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Sections 1 through 10 and section 13 of P.L.2002, c.128 (C.13:1E-213 et seq.) shall be known and may be cited as the "Clean Communities and Recycling Grant Act."

C.13:1E-214 Findings, declarations relative to the Clean Communities Program.

2. The Legislature finds that an uncluttered landscape is among the most priceless heritages which New Jersey can bequeath to posterity; that it is the duty of government to promote and encourage a clean and safe environment; that the proliferation and accumulation of carelessly discarded litter may pose a threat to the public health and safety; that the litter problem is especially serious in a State as densely populated and heavily traveled as New Jersey; and that unseemly litter has an adverse economic effect on New Jersey by making the State less attractive to tourists and new industry and residents.

The Legislature further finds that the recycling of waste materials decreases waste flow to county solid waste facilities and out-of-State disposal sites, reduces waste flow to the State's solid waste incinerators while contributing to their overall combustion efficiency through the removal of noncombustible and nonprocessible materials at the source, recovers valuable resources, conserves energy in the manufacturing process, and offers a supply of domestic raw materials for the State's industries; that economically viable municipal and county recycling programs are necessary to achieve the maximum practicable recovery of reusable materials from solid waste in this State; and that such programs will reduce the amount of solid waste disposed at county solid waste facilities, result in more efficient solid waste incinerators, conserve energy and resources, and recover materials for industrial uses.

The Legislature, therefore, declares it to be in the aesthetic, environmental, and economic interests of the State of New Jersey to support a Clean Communities Program and to maintain support for municipal and county recycling programs.

4. a. There is imposed upon each person engaged in business in the State as a manufacturer, wholesaler, or distributor of litter-generating products a user fee of 3/100 of 1% (.0003) on sales of those products within the State, and each person engaged in business in the State as a retailer of litter-generating products a user fee of 2.25/100 of 1% (.000225) on sales of those products within the State, except any retailer with less than $500,000.00 in annual retail sales of litter-generating products is exempt from the user fee imposed under this section. For the purposes of this section, "retailer" includes the owner or operator of a take-out or drive-thru restaurant, the principal activity of which consists of selling for consumption off the premises of the restaurant a meal or food prepared and ready to be eaten. A retailer shall not include (1) the owner or operator of a restaurant with less than 10% in annual retail sales of meals or food prepared and ready to be eaten for consumption off the premises of the restaurant; or (2) the owner or operator of a restaurant, the principal activity of which consists of preparing for consumption within the restaurant a meal or food to be eaten on the premises.

Any person who is registered under any law administered by the division or who is subject to and files returns under any of these laws shall not be required to comply with the provisions of this subsection.

c. Every person subject to the user fee on the sale of litter-generating products imposed pursuant to subsection a. of this section shall, on or before March 15 of each year, prepare and file a return, under oath, for the preceding
calendar year with the director on forms and containing any information as the director shall prescribe. The return shall indicate the dollar value of the sales within the State of litter-generating products and at the same time the person shall pay the full amount of user fees due.

d. If a return required by this section is not filed, or if a return when filed is incorrect or insufficient in the opinion of the director, the amount of user fees due shall be determined by the director based on collections from the person liable for the payment of the user fees during the previous five years. Notice of the determination shall be given to the person liable for the payment of the user fees. The determination shall finally and irrevocably fix the user fees unless the person against whom it is assessed, within 90 days after the giving of the notice of the determination, shall file a protest in writing as provided in R.S.54:49-18 and request a hearing, or unless the director on the director's own motion shall redetermine the same. e. Any person who shall fail to file a return when due or to pay any user fee when the user fee becomes due, as herein provided, shall be subject to such penalties and interest as may be provided by law. If the director determines that the failure to comply with any provision of this section was excusable under the circumstances, the director may remit any part of the penalty as shall be appropriate under the circumstances.

f. In addition to the other powers granted by this section, the director may:

(1) Delegate to any officer or employee of the division those powers and duties as the director may deem necessary to carry out efficiently the provisions of this section, and the person or persons to whom the powers have been delegated shall possess and may exercise all of the powers and perform all of the duties delegated by the director;

Moneys in the fund may also be used by an eligible municipality to abate graffiti;

b. The director shall adopt, pursuant to the "Administrative Procedure Act," rules and regulations as are necessary to effectuate the provisions of section 4 of P.L.2002, c.128 (C.13:1E-216).

11. Section 5 of P.L.1981, c.278 (C.13:1E-96) is amended to read as follows:

C.13:1E-96 State Recycling Fund; allocation of moneys.

5 a. The State Recycling Fund (hereinafter referred to as the "fund") is established as a nonlapsing, revolving fund. The fund shall be administered by the Department of Environmental Protection, and shall be credited with all sums received from the Clean Communities Program Fund established pursuant to section 5 of P.L.2002, c.128 (C.13:1E-217). Interest received on moneys in the fund and sums received as repayment of principal and interest on outstanding loans made from the fund shall be credited to the fund.

b. Unless otherwise expressly provided by the specific appropriation thereof by the Legislature, moneys in the fund shall be allocated and used as follows:
Moneys in the fund received from the Clean Communities Program Fund established pursuant to section 5 of P.L.2002, c.128 (C.13:1E-217) shall be used for the annual expenses of a program for direct recycling grants to municipalities or counties in those instances where a county, at its own expense, provides for the collection, processing and marketing of recyclable materials on a regional basis. The amount of these grants shall be calculated on the basis of the total number of tons of recyclable materials annually recycled from residential, commercial and institutional sources within that municipality, or group of municipalities in the case of a county recycling program, except that no such grant shall exceed $10 per ton of recyclable materials recycled. The department may allocate a portion of these grant moneys as bonus grants to municipalities and counties in those instances where a municipality or county, at its own expense, provides for the collection of recyclable materials in its recycling program. The department shall announce each year the total amount of moneys available in the bonus grant fund.

A municipality may distribute a portion of its grant moneys to nonprofit groups that are located within that municipality and which have contributed to the receipt of the recycling grant, except that this distribution shall not exceed the value of approved documented tonnage contributed by a nonprofit group.

A municipality may designate any nonprofit group as a recycling agent. A recycling agent shall receive that part of the municipality's recycling grant under this subsection that represents the percentage of the grant received by the municipality due to the documented tonnage contributed by that recycling agent. Moneys received by a recycling agent shall be expended only for its recycling program. Any moneys not used for recycling shall be returned by the recycling agent to the municipality.

To be eligible for a grant pursuant to this subsection, a municipality or county in the case of a county recycling program shall demonstrate that the recyclable materials recycled by the municipal or county recycling program were not diverted from a commercial recycling program already in existence on the effective date of the ordinance or resolution establishing the municipal or county recycling program.

No recycling grant to any municipality shall be used for constructing or operating any facility for the baling of wastepaper or for the shearing, baling or shredding of ferrous or nonferrous materials.

Approved December 20, 2002.
AN ACT concerning missing or abducted children, establishing Amber's Plan and supplementing chapter 17B of Title 52 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.52:17B-194.1 Short title.
1. This act shall be known and may be cited as "Amber's Plan."

C.52:17B-194.2 Findings, determinations relative to "Amber's Plan."
2. a. The Legislature finds and determines that:
   - Public alerts can be one of the most effective tools in combating child abductions;
   - Law enforcement officers and other professionals specializing in the field of abducted and missing children agree that the most critical moments in the search for an abducted child are the first few hours immediately following the abduction, asserting that if a child is not found within two to four hours, it is unlikely that child will be found alive;
   - The rapid dissemination of information, including a description of the missing child, details of the abduction, abductor and vehicle involved, to the citizens of the affected community and region is, therefore, critical;
   - Alerted to an abduction, the citizenry become an extensive network of eyes and ears serving to assist law enforcement in quickly locating and safely recovering the child; and
   - The most effective method of immediately notifying the public of a child abduction is through the broadcast media.

   b. The Legislature declares that:
      - Given the successes other states and regions have experienced in using broadcast media alerts to quickly locate and safely recover abducted children, it is altogether fitting and proper, and within the public interest, to establish such a program for New Jersey.

C.52:17B-194.3 Establishment of "Amber's Plan"; activation of Amber Alert; criteria.
3. a. The Attorney General shall establish "Amber's Plan," a program authorizing the broadcast media, upon notice from the State Police, to transmit an emergency alert to inform the public of a child abduction. The program shall be a voluntary, cooperative effort between State and local law enforcement agencies and the broadcast media.

   b. The Attorney General shall notify the broadcast media serving the State of New Jersey of the establishment of "Amber's Plan" and invite their voluntary participation.
c. The following criteria shall be met before the State Police activate the Amber Alert:
   (1) The child is believed to be abducted;
   (2) The child is 17 years of age or younger;
   (3) The child may be in danger of death or serious bodily injury; and
   (4) There is sufficient information available to indicate that an "Amber Alert" would assist in locating the child.

d. The participating media shall voluntarily agree, upon notice from the State Police, to transmit emergency alerts to inform the public of a child abduction that has occurred within their broadcast service regions. The notice shall be provided through the State Police operational dispatch unit.

   The alerts shall be read after a distinctive sound tone and the statement: "This is an Amber Abducted Child Alert.” The alerts shall be broadcast as often as possible, pursuant to the guidelines established by the New Jersey Broadcasters' Association, for the first three hours. After the initial three hours, the alert shall be rebroadcast at such intervals as the investigating authority, the State Police and the participating media deem appropriate.

   The alerts shall include a description of the child, such details of the abduction and abductor as may be known, and such other information as the State Police may deem pertinent and appropriate. The State Police shall in a timely manner update the broadcast media with new information when appropriate concerning the abduction.

   The alerts also shall provide information concerning how those members of the public who have information relating to the abduction may contact the State Police or other appropriate law enforcement agency.

   Concurrent with the notice provided to the broadcast media, the State Police operational dispatch unit shall also notify the Department of Transportation, the New Jersey Highway Authority, the New Jersey Turnpike Authority and the South Jersey Transportation Authority of the "Amber Alert.” Through the use of their variable message signs, the department and the affected authorities shall inform the motoring public that an "Amber Alert” is in progress and provide information relating to the abduction and how motorists may report any information they have to the State Police or other appropriate law enforcement agency.

e. The alerts shall terminate upon notice from the State Police.

f. The Attorney General, with the assistance of the participating broadcast media, shall develop and undertake a public education campaign to inform the public about "Amber's Plan" and the emergency alert program established under this act.

g. The Attorney General may adopt guidelines to effectuate the purposes of this act.
CHAPTER 130

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.2C:58-2.2 Findings, declarations relative to sale of handguns.
1. a. The Legislature finds:
   New Jersey's commitment to firearms safety is unrivaled anywhere in the nation;
   New Jersey was the first state to require retail dealers to include, as part of every handgun sale, either a State Police approved trigger lock or a locked case, gun box, container or other secure facility;
   To encourage all firearms owners to practice safe storage, the State has waived all sales taxes on trigger locks, firearms lock-boxes and vaults and, under the "KeepSafe" program, offers an instant $5 rebate to all retail firearms purchasers who buy a compatible trigger locking device along with their firearm;
   New Jersey was the first state to require all firearms dealers to prominently display State-provided firearms information and safety warnings;
   New Jersey was one of the first states to make parents and guardians statutorily responsible for unwittingly or carelessly permitting minors under their control to gain access to loaded firearms;
   New Jersey statutorily prohibits anyone under the age of 18 years from purchasing or otherwise acquiring a firearm and permits such minors to possess or carry a firearm only in a very limited number of strictly defined situations and under the direct supervision of a qualified parent, guardian or instructor;
   To enforce this strict regulatory scheme, New Jersey imposes harsh penalties, including a mandatory minimum prison term of three years, on anyone who knowingly sells, transfers or gives a firearm to a person under the age of 18 years; and
   New Jersey was the first state to allocate, as part of its annual Appropriations Act, moneys dedicated exclusively for the development of personal handgun technology, and the amount so allocated, $1,000,000, was one-fifth the total amount the federal government allocated toward the development of this important firearms safety technology in the same fiscal year.

4. This act shall take effect immediately.

Approved December 22, 2002.
b. The Legislature, therefore, declares:

It is within the public interest, and vital to the safety of our families and children, for New Jersey to take the bold and innovative step of fostering the development of personalized handguns by firearms manufacturers. To accomplish this objective, the Legislature determines that it should enact legislation designed to further enhance firearms safety by requiring that, within a specified period of time after the date on which these new personalized handguns are deemed to be available for retail sales purposes, no other type of handgun shall be sold or offered for sale by any registered or licensed firearms dealer in this State.

C.2C:58-2.3 Report as to availability of personalized handguns.

2. a. On the first day of the sixth month following the effective date of P.L.2002, c.130 (C.2C:58-2.2 et al.), the Attorney General shall report to the Governor and the Legislature as to the availability of personalized handguns for retail sales purposes. If the Attorney General determines that personalized handguns are not available for retail sales purposes, the Attorney General, every six months thereafter, shall report to the Governor and the Legislature as to the availability of personalized handguns for retail sales purposes until such time as the Attorney General shall deem that personalized handguns are available for retail sales purposes and so report to the Governor and the Legislature. In making this determination, the Attorney General may consult with any other neutral and detached public or private entity that may have useful information and expertise to assist in determining whether, through performance and other relevant indicators, a handgun meets the statutory definition of a personalized handgun set forth in N.J.S.2C:39-1.

b. For the purposes of this section, personalized handguns shall be deemed to be available for retail sales purposes if at least one manufacturer has delivered at least one production model of a personalized handgun to a registered or licensed wholesale or retail dealer in New Jersey or any other state. As used in this subsection, the term “production model” shall mean a handgun which is the product of a regular manufacturing process that produces multiple copies of the same handgun model, and shall not include a prototype or other unique specimen that is offered for sale.

C.2C:58-2.4 List of personalized handguns.

3. a. On the first day of the 24th month following the date on which the Attorney General reports that personalized handguns are available for retail sales purposes pursuant to section 2 of P.L.2002, c.130 (C.2C:58-2.3), the Attorney General shall direct the Superintendent of State Police to promulgate a list of personalized handguns that may be sold in the State. This list shall identify those handguns by manufacturer, model and caliber.
b. The list required under subsection a. of this section shall be prepared within six months of the Attorney General's directive to the superintendent and a copy thereof made available to registered and licensed firearms dealers in this State. Whenever a handgun is determined to meet the statutory definition of a personalized handgun as set forth in N.J.S.2C:39-1, the Attorney General shall report that determination in writing to the Governor and the Legislature within 60 days. The superintendent shall promptly amend and supplement the list to include handguns which meet the statutory definition of a personalized handgun as set forth in N.J.S.2C:39-1 or to remove previously listed handguns, if appropriate. Registered and licensed retail firearms dealers in this State shall be notified forthwith of any such changes in the list. The notice shall be given in a manner prescribed by rule and regulation. The Attorney General shall promulgate rules and regulations establishing a process for handgun manufacturers to demonstrate that their handguns meet the statutory definition of a personalized handgun set forth in N.J.S.2C:39-1 and request that their handgun be added to this list. These rules and regulations may require that the handgun manufacturer: (1) deliver a handgun or handguns to the Attorney General or his designee for testing; (2) pay a reasonable application fee; and (3) pay any reasonable costs incurred in, or associated with, the testing and independent scientific analysis of the handgun, including any analysis of the technology the manufacturer has incorporated within the handgun's design to limit its operational use, that is conducted to determine whether the handgun meets the statutory definition of a personalized handgun set forth in N.J.S.2C:39-1.

4. a. On and after the first day of the sixth month following the preparation and delivery of the list of personalized handguns which may be sold in the State pursuant to section 3 of P.L.2002, c.130 (C.2C:58-2.4), no person registered or licensed by the superintendent as a manufacturer, wholesale dealer of firearms, retail dealer of firearms or agent or employee of a wholesale or retail dealer of firearms pursuant to the provisions of N.J.S.2C:58-1 or N.J.S.2C:58-2 shall transport into this State, sell, expose for sale, possess with the intent of selling, assign or otherwise transfer any handgun unless it is a personalized handgun or an antique handgun.

b. The provisions of this section shall not apply to handguns to be sold, transferred, assigned and delivered for official use to: (1) State and local law enforcement officers of this State; (2) federal law enforcement officers and any other federal officers and employees required to carry firearms in the performance of their official duties and (3) members of the Armed Forces of the United States or of the National Guard.
c. The provisions of this section also shall not apply to handguns to be sold, transferred, assigned and delivered solely for use in competitive shooting matches sanctioned by the Civilian Marksmanship Program, the International Olympic Committee or USA Shooting. The Attorney General may promulgate rules and regulations governing the scope and application of the exemption afforded under this section. The Attorney General, by rule and regulation, may require, at a minimum, that a person acquiring a handgun pursuant to this section submit valid proof of participation in these sanctioned shooting matches.

d. No later than 30 days after the preparation and delivery of the list of personalized handguns which may be sold in the State pursuant to section 3 of P.L.2002, c.130 (C.2C:58-2.4), there shall be established a seven-member commission in the Department of Law and Public Safety that shall meet at least once a year to determine whether personalized handguns qualify for use by State and local law enforcement officers. The Governor shall appoint the following six members of the commission: a county sheriff; a county law enforcement officer; a county prosecutor; one local law enforcement officer who shall be an active member of the New Jersey Fraternal Order of Police; one local law enforcement officer who shall be an active member of the New Jersey State Policemen’s Benevolent Association; and an experienced firearms instructor qualified to teach a firearms training course approved by the Police Training Commission. The seventh member of the commission shall be the Superintendent of State Police.

The commission shall issue a report to the Attorney General upon its determination that personalized handguns qualify for use by State and local law enforcement officers. In making this determination, the commission shall consider any advantages and disadvantages to using these weapons in the performance of the official duties of law enforcement officers and shall give due regard to the safety of law enforcement officers and others. The commission shall expire thereafter. The Attorney General shall be authorized to promulgate rules and regulations that apply the provisions of this section to handguns to be sold, transferred, assigned and delivered for official use to State and local law enforcement officers upon a determination by the commission that personalized handguns qualify for use by State and local law enforcement officers.

e. A person who knowingly violates the provisions of this section is guilty of a crime of the fourth degree.

6. N.J.S.2C:58-2 is amended to read as follows:

Retailing of firearms; licensing of dealers and their employees.

2C:58-2 a. Licensing of retail dealers and their employees. No retail dealer of firearms nor any employee of a retail dealer shall sell or expose for sale, or possess with the intent of selling, any firearm unless licensed to do so as hereinafter provided. Applications shall be made in the form prescribed by the superintendent, accompanied by a fee of $50.00 payable to the superintendent, and shall be made to a judge of the Superior Court in the county where the applicant maintains his place of business. The judge shall grant a license to an applicant if he finds that the applicant meets the standards and qualifications established by the superintendent and that the applicant can be permitted to engage in business as a retail dealer of firearms or employee thereof without any danger to the public safety, health and welfare. Each license shall be valid for a period of three years from the date of issuance, and shall authorize the holder to sell firearms at retail in a specified municipality.

In addition, every retail dealer shall pay a fee of $5.00 for each employee actively engaged in the sale or purchase of firearms. The superintendent shall issue a license for each employee for whom said fee has been paid, which license shall be valid for so long as the employee remains in the employ of said retail dealer.

No license shall be granted to any retail dealer under the age of 21 years or to any employee of a retail dealer under the age of 18 or to any person who could not qualify to obtain a permit to purchase a handgun or a firearms purchaser identification card, or to any corporation, partnership or other business organization in which the actual or equitable controlling interest is held or possessed by such an ineligible person.

All licenses shall be granted subject to the following conditions, for breach of any of which the license shall be subject to revocation on the application of any law enforcement officer and after notice and hearing by the issuing court:

1. The business shall be carried on only in the building or buildings designated in the license, provided that repairs may be made by the dealer or his employees outside of such premises.
2. The license or a copy certified by the issuing authority shall be displayed at all times in a conspicuous place on the business premises where it can be easily read.
3. No firearm or imitation thereof shall be placed in any window or in any other part of the premises where it can be readily seen from the outside.
4. No rifle or shotgun, except antique rifles or shotguns, shall be delivered to any person unless such person possesses and exhibits a valid firearms purchaser identification card and furnishes the seller, on the form prescribed by the superintendent, a certification signed by him setting forth his name, permanent address, firearms purchaser identification card number and such other information as the superintendent may by rule or regulation require.
The certification shall be retained by the dealer and shall be made available for inspection by any law enforcement officer at any reasonable time.

(5) No handgun shall be delivered to any person unless:
   (a) Such person possesses and exhibits a valid permit to purchase a firearm and at least seven days have elapsed since the date of application for the permit;
   (b) The person is personally known to the seller or presents evidence of his identity;
   (c) The handgun is unloaded and securely wrapped;
   (d) Except as otherwise provided in subparagraph (e) of this paragraph, the handgun is accompanied by a trigger lock or a locked case, gun box, container or other secure facility; provided, however, this provision shall not apply to antique handguns. The exemption afforded under this subparagraph for antique handguns shall be narrowly construed, limited solely to the requirements set forth herein and shall not be deemed to afford or authorize any other exemption from the regulatory provisions governing firearms set forth in chapter 39 and chapter 58 of Title 2C of the New Jersey Statutes; and
   (e) On and after the first day of the sixth month following the date on which the list of personalized handguns is prepared and delivered pursuant to section 3 of P.L.2002, c.130 (C.2C:58-2.4), the handgun is identified as a personalized handgun and included on that list or is an antique handgun. The provisions of subparagraph (d) of this section shall not apply to the delivery of a personalized handgun.

(6) The dealer shall keep a true record of every handgun sold, given or otherwise delivered or disposed of, in accordance with the provisions of subsections b. through e. of this section and the record shall note whether a trigger lock, locked case, gun box, container or other secure facility was delivered along with the handgun.

b. Records. Every person engaged in the retail business of selling, leasing or otherwise transferring a handgun, as a retail dealer or otherwise, shall keep a register in which shall be entered the time of the sale, lease or other transfer, the date thereof, the name, age, date of birth, complexion, occupation, residence and a physical description including distinguishing physical characteristics, if any, of the purchaser, lessee or transferee, the name and permanent home address of the person making the sale, lease or transfer, the place of the transaction, and the make, model, manufacturer's number, caliber and other marks of identification on such handgun and such other information as the superintendent shall deem necessary for the proper enforcement of this chapter. The register shall be retained by the dealer and shall be made available at all reasonable hours for inspection by any law enforcement officer.

c. Forms of register. The superintendent shall prepare the form of the register as described in subsection b. of this section and furnish the same in
triplicate to each person licensed to be engaged in the business of selling, leasing or otherwise transferring firearms.

d. Signatures in register. The purchaser, lessee or transferee of any handgun shall sign, and the dealer shall require him to sign his name to the register, in triplicate, and the person making the sale, lease or transfer shall affix his name, in triplicate, as a witness to the signature. The signatures shall constitute a representation of the accuracy of the information contained in the register.

e. Copies of register entries; delivery to chief of police or county clerk. Within five days of the date of the sale, assignment or transfer, the dealer shall deliver or mail by certified mail, return receipt requested, legible copies of the register forms to the office of the chief of police of the municipality in which the purchaser resides, or to the office of the captain of the precinct of the municipality in which the purchaser resides, and to the superintendent. If hand delivered a receipt shall be given to the dealer therefor.

Where a sale, assignment or transfer is made to a purchaser who resides in a municipality having no chief of police, the dealer shall, within five days of the transaction, mail a duplicate copy of the register sheet to the clerk of the county within which the purchaser resides.

C.2C:58-2.6 Rules, regulations.

7. The Attorney General, in accordance with the provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), shall promulgate rules and regulations to effectuate the purposes of this act.

C.59:2-11 Actions of public entity, employee; immunity.

8. No action or inaction by a public entity or public employee in implementing the provisions of P.L.2002, c.130 (C.2C:58-2.2 et al.), including but not limited to the promulgating, amending or supplementing of a list of personalized handguns that may be sold in this State, shall constitute a representation, warranty or guarantee by any public entity or employee with regard to the safety, use or any other aspect or attribute of a personalized handgun.

No action to recover damages shall arise or shall be brought against any public entity or public employee for any action or inaction related to or in connection with the implementation of any aspect of P.L.2002, c.130 (C.2C:58-2.2 et al.).

9. This act shall take effect immediately.

CHAPTER 132

AN ACT concerning pension funds of certain boards of education in first-class counties and amending chapter 66 of Title 18A of the New Jersey Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. N.J.S.18A:66-110 is amended to read as follows:

Manner of payment.

18A:66-110. Pensions shall be paid from the fund in the manner following:

a. A member of the pension fund who was a member on or before June 26, 1962 and who has or shall hereafter have credit in the pension fund for 30 years or more as an employee of a board of education in a county wherein the fund has been established and maintained shall, upon application to the
board of trustees of the pension fund, be retired by such board of trustees and shall thereupon receive annually from the fund, for and during the remainder of his or her life, by way of pension, an amount equal to one-forty-fifth of the average annual compensation received in any three years of creditable service providing the largest possible benefit multiplied by the number of years for which he or she has credit in the pension fund, the amount to be determined by resolution of the board.

b. Upon the retirement of a member who has reached the age of 60 years, the person so retired shall be entitled to receive during his or her life, by way of pension, one-forty-fifth of the average annual compensation received in any three years of creditable service providing the largest possible benefit multiplied by the number of years for which he or she has credit in the pension fund, the amount to be determined by resolution of the board. Upon the receipt of proper proof of death of a member who has retired on a service retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate an amount equal to one-half of the highest annual compensation received by the member in any year of creditable service.

c. A member of the fund who has credit therein for 10 years, who shall become incapacitated, either mentally or physically, and who cannot perform the regular duties of employment, or who is found unfit for the performance of his or her duties, upon the application of his employer or upon his own application or the application of someone acting in his behalf, shall be retired by the board of trustees of the pension fund and thereupon shall receive annually from the fund a retirement allowance as described in subsection b. of this section if he has reached or passed age 60 and if he is under age 60, an amount equal to nine-tenths of one-forty-fifth of the average annual compensation received in any three years of creditable service providing the largest possible benefit multiplied by the number of years of creditable service; provided, however, that in no event shall the pension be based upon less than 17 years nor more than 30 years of service unless the member would have had less than 17 years of service at age 60, in which event he shall be given credit for the years to age 60; however, a member who has not attained age 70 who shall become incapacitated, either mentally or physically, as a direct result of a traumatic event occurring in the performance of his or her duties of such employee, shall, upon the application of his employer or upon his own application or the application of someone acting in his behalf, be retired by the board of trustees of the pension fund, and, thereupon, if a report of the accident, in a form acceptable to the board of trustees of the pension fund, is filed with the said board of trustees within 60 days next following the accident and the application for retirement is filed with the said board of trustees within two years of the
date of the accident, shall receive annually from the fund an amount equal
to two-thirds of the annual salary being received by such employee on the
date of the accident. The board of trustees may waive strict compliance with
the time limits within which a report of the accident and an application for
retirement must be filed with the board if it is satisfied: (1) that a report of
the accident from which the disability is claimed to have resulted was filed
with the employing board of education with reasonable promptitude and in
no event later than 60 days after the accident, and (2) the applicant shall show
that his failure to file a report with the board of trustees or to file his application
for retirement within the time limited by law was due to mistake, inadvertence,
ignorance of fact or law, inability, or to the fraud, misrepresentation or deceit
of any person, or to a delay in the manifestation of the incapacity, or to any
other reasonable cause or excuse, and (3) that the application for retirement
was filed in good faith and the circumstances justify its favorable consideration.

The trustees of the pension fund shall have the power to determine whether
or not any employee is permanently and totally disabled, and whether or not
a disability of an employee is the direct result of a traumatic event occurring
at a definite time and place in the performance of his or her duties as such
employee. The claimant shall have the right to present physicians, witnesses
or other testimony in his or her behalf before the board of trustees. The
chairman, or any other member of the board of trustees, may administer oaths
to any physician or other persons called before the trustees regarding the
employee's disability. The board of trustees shall decide, by resolution, whether
the applicant is entitled to the benefit of this article.

Permanent and total disability resulting from a cardiovascular, pulmonary
or muscular-skeletal condition which was not a direct result of a traumatic
event occurring in the performance of duty shall be deemed an ordinary
disability.

Once in each year, the board of trustees may, and upon the member's
application shall, require any member retired for a disability, who is under
the age of 60, to undergo medical examination by a physician or physicians
designated by the board of trustees. The examination shall be made at the
residence of the pensioner or any other place mutually agreed upon. If the
physician or physicians thereupon report and certify to the board of trustees
that the disabled pensioner is not permanently and totally incapacitated, either
mentally or physically, for the performance of duty, and the board finds that
said member is engaged in a gainful occupation, or could be engaged in a
gainful occupation, and if the board concurs in the report, then the amount
of the pension shall be reduced to an amount which, when added to the amount
then being earned by him or her or an amount which he or she could earn if
gainfully employed, shall not exceed the amount of compensation received
by him or her at the time of his or her retirement, including any cost of living
adjustment. If subsequent examination of such pensioner shows that his or her earnings have changed since the date of his or her last examination, then the amount of the pension shall be further altered, but the new pension shall not exceed the amount of the pension originally granted, nor shall the new pension, when added to the amount then being earned by the pensioner, exceed the salary or compensation received by him or her at the time of his or her retirement, including any cost of living adjustment.

d. At the time of retirement, any member may elect to receive his or her benefits in a retirement allowance payable throughout life, or he or she may, on retirement, elect to convert the benefits, otherwise payable to him or her, into a retirement allowance of the equivalent actuarial value computed on the basis of such mortality tables as shall be adopted by the board of trustees, in accordance with one of the optional forms following:

Option 1. A reduced retirement allowance, payable during life, with a provision that in the case of death, before the total pension payments have equaled the actuarial value computed as aforesaid, the balance shall be paid to his or her surviving designated beneficiary, duly acknowledged and filed with the board of trustees; and if none, then to the executor or administrator of his or her estate.

Option 2. A reduced retirement allowance, payable during the retired member's life, with the provision that after his or her death it will continue during the life of and be paid to his or her designated beneficiary, if such person survives him or her.

Option 3. A reduced retirement allowance, payable during the retired member's life, with the provision that after his or her death, an allowance at one-half of the rate of his or her reduced allowance will be continued during the life of and be paid to his or her designated beneficiary, if such person survives him or her.

Option 4. A reduced retirement allowance, payable during the retired member's life, with some other benefit payable after his or her death, provided the benefit is approved by the board of trustees.

Option 5. Some other benefit, which is equivalent to the full amount, three-quarters, one-half or one-quarter of the member's retirement allowance, shall be paid upon the member's death to the beneficiary designated by the member, and if that beneficiary dies before the member, the member's retirement allowance shall increase to the maximum retirement allowance for the member's lifetime, provided that such other benefit together with the member's lesser and maximum retirement allowances shall be certified by the actuary to be of equivalent actuarial value.

Except in the case of members who have elected to receive (1) a deferred retirement allowance pursuant to N.J.S.18A:66-113 or (2) an early retirement allowance pursuant to section 4 of P.L.1971, c.382 (C.18A:66-113.1) after
separation from service pursuant to N.J.S. 18A:66-113, if a member dies within 30 days after the date of retirement or the date of board approval, whichever is later, the member's retirement allowance shall not become effective and the member shall be considered an active member at the time of death. However, if the member dies after the date the application for retirement was filed with the system, the retirement will become effective if:

1. The deceased member had designated a beneficiary under an optional settlement provided by this section; and

2. The surviving beneficiary requests in writing that the board make such a selection. Upon formal action by the board approving that request, the request shall be irrevocable.

The board may select an Option 3 settlement on behalf of the beneficiary of a member who applied for and was eligible for retirement but who died prior to the effective date of the retirement allowance if all of the above conditions, with the exception of 1), are met.

The board of trustees shall, from time to time and as often as they deem it necessary, employ an actuary, who shall recommend, and the board shall keep in convenient form, such data as shall be necessary for actuarial valuations of the various funds created by this article. At least once in every five-year period, or more frequently as determined by the board of trustees, the actuary shall make an actuarial investigation into the mortality, service and salary experience of the members and beneficiaries of the retirement system, and shall make a valuation of the assets and liabilities of the various funds thereof, and upon the basis of such investigation the board of trustees shall:

1. Adopt for the retirement system such mortality, service and other tables as shall be deemed necessary.

2. Certify the rate of contribution which shall be made by each board of education to the pension fund as provided by this article.

2. This act shall take effect immediately and shall be retroactive to October 1, 1998.

Approved December 24, 2002.
CHAPTER 133, LAWS OF 2002

1. The Governor shall be empowered, whenever declaring a state of emergency, to determine whether the emergency will, or is likely to, significantly affect the availability and pricing of rental housing in the areas included in the declaration. If the Governor determines that unconscionable rental practices are likely to occur unless the protections afforded under P.L.2002, c.133 (C.2A:18-61.62 et seq.) are invoked, the Governor may issue a "Notice of Rent Protection Emergency" at any time during the declared state of emergency.

C.2A:18-61.63 Effect of issuance of "Notice of Rent Protection Emergency."

2. Whenever the Governor declares a state of emergency within certain areas of the State, and issues a "Notice of Rent Protection Emergency," the following shall apply:

a. Within a zone which includes the area declared to be in a state of emergency and, if so indicated in the Notice of Rent Protection Emergency extending a distance not to exceed 10 miles in all directions from the outward boundaries thereof, there shall be a presumption of unreasonableness given to a notice of increase in rental charges provided subsequent to the date of the declaration by a landlord to a tenant occupying premises which are utilized as a residence, when the proposed percentage increase in rent is greater than twice the rate of inflation as indicated by increases in the CPI for the immediately preceding nine-month period. For the purposes of this section, "CPI" means the annual average over a 12-month period beginning September 1 and ending August 31 of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W), All Items Series A, of the United States Department of Labor (1957-1959 = 100), for the New York, NY-Northeastern New Jersey region.

b. Within a zone which includes the area declared to be in a state of emergency and, if so indicated in the Notice of Rent Protection Emergency extending a distance not to exceed 10 miles in all directions from the outward boundaries thereof, there shall be a limitation on the amount of rent which may be charged a tenant undertaking a new lease for residential premises during the duration of the declaration of a "Notice of Rent Protection Emergency" made pursuant to section 1 of P.L.2002, c.133 (C.2A:18-61.62). The amount of rent which may be charged shall be limited to the product of the fair market rental value of the premises prior to the emergency conditions and two times the rate of inflation as determined by the increase in the CPI for the immediately preceding nine-month period. For the purposes of this section, "CPI" means the annual average over a 12-month period beginning September 1 and ending August 31 of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W), All Items Series A, of the United States Department of
Labor (1957-1959 = 100), for the New York, NY-Northeastern New Jersey region.

c. In the event that a landlord believes that the limitations on increases in rental charges imposed by a "Notice of Rent Protection Emergency" prevent the landlord from realizing a just and reasonable rate of return on the landlord's investment, the landlord may file an application with the Director of the Division of Consumer Affairs in the Department of Law and Public Safety for the purpose of requesting permission to increase rental charges in excess of the increases otherwise authorized under the "Notice of Rent Protection Emergency". In evaluating such an application, the director shall take into consideration the purposes intended to be achieved by P.L.2002, c.133 (C.2A:18-61.62 et seq.), and the "Notice of Rent Protection Emergency" and the amount of rental charges required to provide the landlord with a just and reasonable return. The Director shall promulgate rules and regulations in accordance with the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to effectuate the purposes of this act.

d. The provisions of subsections a. and b. of this section will serve to supplement, not replace, any existing local, State, or federal restrictions on rent increases for any dwelling units in residential buildings located within the zone described in subsections a. and b. of this section, and will only apply to those dwelling units where they cause a lowering of the maximum allowable rent increase or of the maximum reasonable rent increase.

e. The provisions of subsections a. and b. of this section shall cease to apply upon the expiration of the state of emergency, or upon the rescission of the either the declaration of the state of emergency or the "Notice of Rent Protection Emergency."

3. a. A tenant or prospective tenant may report a violation of the provisions of P.L.2002, c.133 (C.2A:18-61.62 et seq.) to the Director of the Division of Consumer Affairs in the Department of Law and Public Safety. The director shall investigate any complaint within 10 days of receipt of the complaint.

b. If the director determines that a violation of this act has occurred:
   (1) a penalty may be assessed against the landlord in an amount equal to six times the monthly rental sought to be imposed upon a tenant in contravention of the "Notice of Rent Protection Emergency"; or
   (2) any penalties for violations of the New Jersey consumer fraud act, P.L.1960, c.39 (C.56:8-1 et seq.) may be sought by the director.

c. Notwithstanding the provisions of subsections a. and b. of this section, a tenant shall have the right to petition a court of competent jurisdiction to terminate a lease containing a provision in violation of the provisions of P.L.2002, c.133 (C.2A:18-61.62 et seq.).
C.2A:18-61.65 Violations considered as consumer fraud.

5. This act shall take effect immediately.

Approved December 24, 2002.

JOINT RESOLUTIONS
JOINT RESOLUTION NO. 1, LAWS OF 2002

JOINT RESOLUTION NO. 1

A JOINT RESOLUTION designating October 31st, Halloween, of each year as "UNICEF Day" in New Jersey.

WHEREAS, UNICEF, the United Nations Children's Fund, was established in 1946 as the United Nations International Children's Emergency Fund to relieve the suffering of children in Europe as a result of World War II; and

WHEREAS, Since then, UNICEF has been helping governments, communities and families make the world a better place for children by advancing children's rights and by helping to meet children's needs; and

WHEREAS, UNICEF now works in 161 countries throughout the world, particularly in devastated areas and developing countries, to assist poor children and their families; and

WHEREAS, UNICEF works to prevent childhood illness and death, to make pregnancy and childbirth safe, to fight the onslaught of HIV/AIDS, to eradicate polio, to combat discrimination, and to cooperate with communities to ensure that girls as well as boys attend school; and

WHEREAS, When wars, conflicts or other disruptions occur, UNICEF helps recreate a sense of stability and normalcy for children by reopening schools and establishing safe spaces; and

WHEREAS, UNICEF is financed through voluntary contributions from governments and individuals, rather than by regular United Nations assessments; and

WHEREAS, UNICEF NJ was founded as a division of the New York Metropolitan Affiliate to work with schools in this State to raise funds for UNICEF, as well as to educate young students about the horrible experiences some of their counterparts abroad must face; and

WHEREAS, October 31st, Halloween, is the culmination of UNICEF NJ's annual fundraiser, "Trick or Treat for UNICEF"; and

WHEREAS, It is appropriate to honor and support the efforts of UNICEF in helping the underprivileged children of the world; now, therefore,
BE IT RESOLVED by the Senate and General Assembly of the State of New Jersey:

C.36:2-72 "UNICEF Day," October 31; designated.

1. October 31st, Halloween, of each year is designated as "UNICEF Day" in New Jersey for the purpose of honoring and supporting the efforts of UNICEF, the United Nations Children's Fund, in helping the underprivileged children of the world.

2. The people of this State are urged to observe "UNICEF Day" in New Jersey by supporting the activities of UNICEF NJ and by contributing to its annual fundraiser, "Trick or Treat for UNICEF".

3. This joint resolution shall take effect immediately.

Approved October 31, 2002.

JOINT RESOLUTION NO. 2

A JOINT RESOLUTION designating the month of September in each year as "Minority and Multicultural Health Month."

WHEREAS, For decades, the racial and ethnic minority residents of this State and nation have suffered higher death rates from nearly all major causes than the Caucasian non-Hispanic population; and

WHEREAS, Government and academic research indicates a widening gap between racial and ethnic minority populations and others in the incidences of asthma, diabetes, obesity, maternal mortality, fetal alcohol syndrome, major infectious diseases and several forms of cancer; and

WHEREAS, Racial and ethnic minority populations often receive less, and worse, health care than other groups, according to many analysts, which translates into higher rates of morbidity, as well as mortality; and

WHEREAS, African Americans still have twice the infant mortality rate of the Caucasian population, a gap that has not changed in at least a decade; the overall death rate for all causes is highest in the African-American population; and
WHEREAS, The uninsured rate among the Hispanic population is more than twice the Caucasian non-Hispanic rate; and

WHEREAS, The growth in the disparity between racial and ethnic minority populations and others with regard to numerous health indicators stands in stark contrast to advances made by minorities in areas such as employment, education and housing during the past three decades; and

WHEREAS, Many analysts assert that the major disparities between racial and ethnic minority populations and others in regard to morbidity and mortality arise less from inherent differences than from perceptions of those populations and the corresponding provision of unequal health care; and

WHEREAS, The widening gap between racial and ethnic minority populations and the Caucasian non-Hispanic population in regard to health care has created a two-tiered health care system in our State and nation that requires urgent attention from government and the health care provider community; now, therefore,

BE IT RESOLVED by the Senate and General Assembly of the State of New Jersey:

C.36:2-73 "Minority and Multicultural Health Month," September; designated.
1. The month of September in each year is designated as "Minority and Multicultural Health Month" in the State of New Jersey.

EXECUTIVE ORDER NO. 2

WHEREAS, The State is confronting a severe fiscal crisis caused by a pattern of profligate spending and irresponsible borrowing practices;

WHEREAS, These fiscal practices have been exacerbated by increasing statutory spending obligations and declining tax revenues;

WHEREAS, The State has heretofore failed, even in the face of mounting evidence that the State would confront tremendous and debilitating budget deficits in Fiscal Years 2003 and 2004, to implement timely remedial actions such as implementing significant budget freezes, cutting costs and ending unnecessary discretionary spending;

WHEREAS, The denial of the magnitude of the fiscal problems confronting the State and the consequent failure to take sufficient and timely corrective actions have placed the State in fiscal jeopardy, causing the leading rating agencies to downgrade New Jersey's creditworthiness;
WHEREAS, The unprecedented scope of the fiscal dilemma has impaired and will impair the ability of the State to provide necessary programs to its citizens;

WHEREAS, As Governor, I have a responsibility to ensure a balanced budget, manage the operations of State Government effectively and efficiently, and maintain necessary government programs and assistance to the public;

WHEREAS, N.J. Const. (1947), Art. VIII, s.II, para.2, requires that State government expenditures do not exceed available State revenues;

WHEREAS, N.J.S.A. 52:27B-31 and -26 empower the Governor to prohibit the expenditures of existing or future appropriations, and to set aside necessary reserve funds, if necessary to avoid a budget deficit and to guard against extravagance, waste or fiscal mismanagement in the administration of any State appropriations; and

WHEREAS, The looming prospect of a projected $2.4 Billion budget deficit in Fiscal Year 2003, and a projected $5 Billion budget deficit in Fiscal Year 2004 requires swift corrective action predicated on a thorough understanding of the depth and scope of the State's fiscal circumstances;

NOW, THEREFORE, I, JAMES E. MCGREEVEY, Governor of the State of New Jersey, by virtue of the authority vested in me by the Constitution and statutes of this State, do hereby ORDER and DIRECT:

Upon completion of its work, the Commission will render a final report of its findings as it deems appropriate.

6. The BEST Commission recommendations shall further be designed to assist in the preparation of the State Budgets for Fiscal Years 2003 and later years, and to establish any factual or public policy foundation to support the issuance of any additional Executive Orders that may be required pursuant to N.J.S.A. 52:27B-31 and -26 to reduce or enjoin State government spending or future expenditures, or to provide for necessary reserve funds, to ensure a balanced budget and the delivery of critical State programs and assistance.

7. This Executive Order shall take effect immediately.

poor land use planning and decision-making such as increased
commuter times, loss of open space, loss of natural resources,

WHEREAS, New Jersey has had to declare water supply emergencies as recently as 1999 and 1995 and the unusually dry weather conditions over these time periods highlight the importance of preserving and protecting the State's water resources to sustain our natural resources and economy; and

WHEREAS, New Jersey is divided into six drought regions, based on watershed location and other conditions relevant to water supply, as follows: Central Drought Region (Middlesex, Somerset and Union Counties, and parts of Hunterdon, Mercer and Morris Counties); Coastal North Drought Region (parts of Monmouth and Ocean Counties); Coastal South Drought Region (Atlantic, Cape May and Cumberland Counties, and parts of Burlington, Camden, Gloucester, Ocean and Salem Counties); Northeast Drought Region (Bergen, Passaic, Hudson and parts of Essex and Morris Counties);
Northwest Drought Region (Sussex and Warren Counties, and part of Hunterdon County) and Southwest Drought Region (parts of Burlington, Camden, Gloucester, Mercer, Monmouth and Salem Counties); and

WHEREAS, On January 24, 2002, the New Jersey Department of Environmental Protection issued a drought warning for the Northeast, Northwest, Southwest, Coastal South and Coastal North Drought Regions, due to the precipitation deficit, record low ground water levels and stream flows, and depleted reservoir levels; and

WHEREAS, Voluntary efforts to curtail nonessential consumption of water resources and the transfer of water among the Northeast Drought Region reservoir systems have not succeeded in maintaining adequate storage levels of existing water supplies in that region; and

WHEREAS, The consumption of water in all of the drought regions of New Jersey must be managed and reduced in order to preserve an adequate and dependable supply of water for the State; and

WHEREAS, The Commissioner of the Department of Environmental Protection has found that there exists or impends a water supply shortage, resulting from the prolonged drought, of a dimension which endangers the public health, safety and welfare of the residents and industry of the State of New Jersey; and

WHEREAS, The full cooperation of every person in the affected regions, including every business, State agency and political subdivision, is urgently needed in order to avert more severe restrictions on water use; and

WHEREAS, It is essential that steps be taken immediately to ensure the maximum conservation of all water resources in the State and to provide for the equitable distribution of the existing water supply; and

- Identify and implement Statewide strategies for the use of alternate water supplies, including the restoration of surface and groundwater resources currently not available for potable use.
- Identify and implement measures to establish Statewide priorities for the distribution of any water supply so as to mitigate and prevent drought through protection of surface and groundwater resources, and other natural resources.
- Work with State departments and agencies to identify and implement water conservation measures in order to reduce the consumption of water at those departments and agencies.
- Develop appropriate processes to incorporate stakeholder input in order to identify the above Statewide measures and strategies.

4. It shall be the duty of every person in the State, including every business, State agency and political subdivision, to fully cooperate in all matters concerning this water emergency, and to comply with the mandatory restrictions on adjustable uses of water as defined in the Administrative Orders to be issued by the Commissioner of the Department of Environmental Protection.

Dated June 11, 2002.
WHEREAS, In January, 2002, the New Jersey Legislature enacted and Acting Governor DiFrancesco signed into law Chapter 404, P.L.2001, commonly known as the Open Public Records Act; and

WHEREAS, The Open Public Records Act contained substantial revisions to Chapter 73, P.L.1963, the New Jersey Right to Know Law that had governed the public's access to government records for almost 40 years; and

WHEREAS, The Legislature in enacting the Open Public Records Act reaffirmed it to be the public policy of this State that public records shall be readily accessible for examination by the citizens of this State, with certain exceptions for the protection of the public interest; and

WHEREAS, The Legislature further found and declared in the Open Public Records Act that a public agency has a responsibility and an obligation to safeguard from public access a citizen's personal information with which it has been entrusted when disclosure thereof would violate the citizen's reasonable expectation of privacy; and

WHEREAS, The Open Public Records Act provides that all government records shall be subject to public access unless exempt from such access by the provisions of the Act; any other statute; a resolution of either or both houses of the Legislature; a regulation promulgated under the authority of a statute or Executive Order of the Governor; an Executive Order of the Governor; the Rules of Court; or any federal law, federal regulation or federal order; and

WHEREAS, The Legislature has found and declared in Chapter 246, P.L.2001 that domestic preparedness is essential to preventing and responding to the threat of terrorist attack; and

WHEREAS, The World Trade Center and Pentagon attacks and other significant events, both domestic and foreign, and the ongoing threat to security of our citizens have emphasized this State's compelling interest in developing and maintaining a precisely coordinated counter-terrorism and preparedness effort to enhance the public's safety; and
WHEREAS, In furtherance of this goal the Legislature has created the Domestic Security Preparedness Task Force and Executive Order No. 3 has established the Office of Counter-Terrorism to coordinate the State's counter-terrorism and preparedness efforts to provide for the public's safety and welfare; and

WHEREAS, The right of public access to government records as provided in the Open Public Records Act must be balanced against the risk of disclosing information that would facilitate terrorist activity and balanced against a citizen's reasonable expectation of privacy; and

WHEREAS, The Open Public Records Act does not afford county and local governments with any means for exempting access to their records, even where the public interest or a citizen's reasonable expectation of privacy would clearly be harmed by disclosure of those records; and

WHEREAS, The Open Public Records Act takes effect on July 7, 2002, the 180th day after its enactment; and

WHEREAS, The enactment of the Open Public Records Act occurred one week before this Administration took office; and

WHEREAS, It was necessary for all State agencies to conduct a comprehensive review of all records maintained by that agency, and a thoughtful analysis of those records to determine which of those records should be exempted from disclosure in order to protect the public interest or a citizen's reasonable expectation of privacy; and

WHEREAS, That review and analysis was required to be performed during a time of shifting personnel and priorities and changing the way government does business with its citizens; and

WHEREAS, That process has been largely completed and the various agencies have identified those documents that should be exempted from public disclosure in order to protect the public interest or a citizen's reasonable expectation of privacy; and

WHEREAS, The proposed regulations of the various agencies specifying which records under their jurisdiction are not to be subject to public examination have been published in the New Jersey Register on July 1, 2002; and
WHEREAS, Due to the provisions of the Administrative Procedure Act and the implementing regulations adopted pursuant to that Act, the agencies' proposed rules will not be finalized until October 1, 2002 at the earliest; and

WHEREAS, It is essential to preserve the confidentiality of certain records maintained by the Office of the Governor, in order to protect the public interest;

NOW, THEREFORE, I, JAMES E. McGREEVEY, Governor of the State of New Jersey, by virtue of the authority vested in me by the Constitution and by the Statutes of this State, do hereby ORDER and DIRECT:

1. At all levels of government - State, county, municipal and school district -- the following records shall not be deemed to be public records under the provisions of Chapter 404, P.L.2001, and Chapter 73, P.L. 1963, and thus shall not be subject to public inspection, copying or examination:

   (a) Any government record where the inspection, examination or copying of that record would substantially interfere with the State's ability to protect and defend the State and its citizens against acts of sabotage or terrorism, or which, if disclosed, would materially increase the risk or consequences of potential acts of sabotage or terrorism.

   (b) The Attorney General is hereby directed to promulgate, in consultation with the Domestic Security Preparedness Task Force, a regulation to govern the determination of which government records shall be deemed to be confidential pursuant to subsection (a).

   (c) Public agencies are hereby directed to handle all government records requests in a manner consistent with the standard contained in subsection (a) of this Order, until the regulation is proposed by the Attorney General pursuant to subsection (b). Once the rule has been proposed, public agencies shall respond to records requests in a manner consistent with this Order and the proposed regulation. When that regulation is finally adopted, it shall govern all government record requests filed thereafter.

2. In addition to those records of the Office of the Governor that are exempted by the provisions of the Open Public Records Act, the following records maintained by the Office of the Governor, or any part thereof, shall not be deemed to be government records under the provisions of Chapter 404, P.L.2001, and Chapter 73, P.L.1963, and thus shall not be subject to public inspection, copying or examination:
(a) All records that, prior to the effective date of Chapter 404, P.L.2001, have been found by a court to be confidential, or have been found not to be public records.

(b) All records or portions of records, including electronic communications, that contain advisory, consultative or deliberative information or other records protected by a recognized privilege.

(c) Records containing information provided by a person outside the Office of the Governor who has or would have had a reasonable expectation of privacy in that information when it was provided to the Office of the Governor.

3. In order to effectuate the legislative directive that a public governmental agency has the responsibility and the obligation to safeguard from public access a citizen's personal information with which it has been entrusted, an individual's home address and home telephone number, as well as his or her social security number, shall not be disclosed by a public agency at any level of government to anyone other than a person duly authorized by this State or the United States, except as otherwise provided by law, when essential to the performance of official duties, or when authorized by a person in interest. Moreover, no public agency shall disclose the resumes, applications for employment or other information concerning job applicants while a recruitment search is ongoing, and thereafter in the case of unsuccessful candidates.

4. In light of the fact that State departments and agencies have proposed rules exempting certain government records from public disclosure, and these regulations have been published for public comment, but cannot be adopted prior to the effective date of the Open Public Records Act, State agencies are hereby directed to handle all government records requests in a manner consistent with the rules as they have been proposed and published, and the records exempted from disclosure by those proposed rules are exempt from disclosure by this Order. Once those regulations have been adopted, they shall govern all government records requests filed thereafter.

5. Executive Orders Nos. 9 (Hughes), 11 (Byrne), 79 (Byrne) and 69 (Whitman) are hereby continued to the extent that they are not inconsistent with this Executive Order.

6. This Executive Order shall take effect immediately.

EXECUTIVE ORDER NO. 24

WHEREAS, The Legislature in July 2000 enacted the "Educational Facilities Construction and Financing Act," P.L.2000, c.72 ("the Act") to address the inadequacies in the quality, utility and safety of
educational facilities throughout the State of New Jersey and to meet the constitutional requirement for a thorough and efficient system of free public schools; and

WHEREAS, The Act commits significant State and local resources to address the compelling, urgent need to construct new school facilities and rehabilitate existing school facilities; and

WHEREAS, The Act provides that the New Jersey Economic Development Authority ("NJEDA") is responsible for funding and undertaking the repair, renovation and construction of all the school facilities projects determined by the Commissioner of the Department of Education ("DOE") to meet the school facilities efficiency standards in the Abbott Districts and for undertaking construction of school facilities projects in the districts receiving over 55% in State aid for education and the "Level II" monitoring districts; and

WHEREAS, The Act also provides for State funding of a significant portion of the costs of school facilities projects in the districts receiving less than 55% State aid for education through grants administered by the NJEDA; and

WHEREAS, In the two years since adoption of the Act, the NJEDA has made progress in implementing the school construction program, through development of an infrastructure, policies, procedures and regulations, and the hiring of the staff and consultants required to implement a program of this complexity and magnitude; and

WHEREAS, Many projects have already been undertaken and completed throughout the State largely in the nature of repair of "health and safety conditions" but most new construction, renovation and addition projects remain to be done; and

WHEREAS, The State now enjoys a unique and timely opportunity to design and construct schools for the 21st century which will be adequate to serve the needs of children for years to come, will incorporate long life cycles and reduce operating costs; and

WHEREAS, The primary purpose of these new and renovated school facilities is to serve as places of learning for children, and as such should incorporate "high performance" design features that accommodate and enhance the learning process; and
WHEREAS, The Legislature provided in Section 2(d) of the Act that "design of school facilities should incorporate maximum operating efficiencies and new technologies to advance the energy efficiency of school facilities and the efficiency of other school building systems;" and

WHEREAS, School facilities are public buildings, and should be designed in a manner to provide maximum access and benefit to the residents of the communities where they are situated, in order to serve as centers of community; and

WHEREAS, Schools that are true centers of community must be sited and designed with the participation of the members of the community to be served by the school facility; and

WHEREAS, It is in the best interests of the people of New Jersey that school facilities developed under the Act shall be modern facilities of the 21st century, combining all of these features: the best possible learning environment, the most energy-efficient design, the most environmentally sustainable systems, and the highest community-relevance; and

WHEREAS, In February 2002 pursuant to Executive Order the Abbot Implementation and Compliance Coordinating Council was created to coordinate and direct State policy regarding education reform implementation and school facility construction in the Abbott districts; and

WHEREAS, The Abbott Implementation Council formed a facilities working group that included representation from school districts, community organizations, and the architectural and construction community to recommend improvements to the School Construction Program; and

WHEREAS, In order to accomplish the purposes of the Act, to begin implementation of the recommendations of the Abbott Facilities Work Group, and to ensure that schools are equipped for the 21st century, it is necessary now to focus, streamline and coordinate the activities of various State agencies involved in this monumental and most important effort;
NOW, THEREFORE, I, JAMES E. McGREEVEY, Governor of the State of New Jersey, by virtue of the authority vested in me by the Constitution and by the Statutes of this State, do hereby ORDER and DIRECT:

1. In order to establish the school construction program as a separate activity of the NJEDA apart from its economic development mission and to provide for more focused attention, the NJEDA shall establish a subsidiary corporation, which will be responsible for the school facilities project. This shall include:
   a. The creation of a corporation Board of Directors consisting of the following members: the Commissioner of Education; Commissioner of Labor; Commissioner of Community Affairs; State Treasurer; CEO/Secretary of Commerce and Economic Growth Commission; Executive Director of EDA; Member of the Governor's Executive Staff; Three public members of the EDA Board of Directors selected by the Governor; and two members of the public to be appointed by the Governor.
   b. The Schools Corporation will be headed by a CEO to oversee the program, which individual will have experience in construction management commensurate with the task of overseeing a multi-billion dollar, long-term program.

2. The NJEDA and all school districts developing school facilities projects to be funded under the Act should attempt to incorporate community design features to maximize public access to the building and enhance the utility of the building to the needs of the community.

3. The NJEDA and all school districts developing school facilities projects to be funded under the Act are strongly encouraged to provide opportunity for the community at large to have meaningful participation in the site selection process for the school facilities projects, and in the design of school facilities.

4. All new school designs shall incorporate the guidelines developed by the United States Green Building Council known as "Leadership in Energy & Environmental Design ("LEED"). Version 2.0 to achieve maximum energy efficiency and environmental sustainability in the design of schools.

5. The DOE shall not approve any school facilities project for funding under the Act and the NJEDA shall not construct any project unless the project is designed using best design practices to create space that
enhances the learning process and accommodates modern teaching
techniques.

6. In order to improve the delivery of early childhood services, the
Commissioner of DOE should adopt regulations, which will establish
facilities efficiency standards for early childhood education facilities and
criteria for the use by districts of community providers.

7. The NJEDA should undertake actions to ensure that there is an
adequate pool of qualified contractors and consultants to carry out the
school facilities projects funded under the Act. The NJEDA should explore
with other agencies, including the Department of Treasury, the feasibility of
consolidating and integrating the current multiple systems for the classifica-
tion and pre-qualification of consultants and contractors.

8. To facilitate and expedite the completion of school facilities
projects, the NJEDA is hereby directed to take the following actions:

(a) Streamline the procurement process and make it more efficient
through the use of term contracts where appropriate to provide for such
things, as the (i) acquisition and installation of furniture, fixtures and
equipment; (ii) acquisition of items requiring long-lead times such as
boilers, chillers and windows; (iii) services related to land acquisition, and
(iv) the ability to respond on an expedited basis to health and safety issues
in school facilities.

(b) Examine and implement changes in the process for delegating
school facilities projects under $500,000 back to the districts pursuant to
Section 13(a) of the Act and for funding grants to the under 55% districts
pursuant to Section 15 of the Act so that these projects can be completed
more rapidly while still maintaining moral and fiscal integrity.

9. The NJEDA is authorized to call upon any department, office or
agency of State government to provide such information, resources or other
assistance deemed necessary to discharge its responsibilities under this
Order. Each department, officer, division and agency of this State is
required to cooperate with the Authority and to furnish it with assistance
necessary to accomplish the purposes of this Order. Furthermore, the DOE
is directed to establish a satellite office at the NJEDA staffed by DOE
personnel involved in the review and approval of school facilities projects
to better coordinate and share information with the NJEDA.
EXECUTIVE ORDER NO. 25

WHEREAS, The Legislature passed and Governor Whitman signed into law the Electric Discount and Energy Competition Act ("EDECA") in February of 1999; and

WHEREAS, EDECA required the State's electric utilities to divest themselves of their electric generation assets and mandated a reduction in electricity rates for a period of four years which was to be justified by anticipated competition in the electricity marketplace; and

WHEREAS, EDECA authorizes utilities to recover from ratepayers the difference between the market cost of the electricity and the mandated rates, also known as "deferred balances," such recovery to occur after the mandated rate cuts expire; and

WHEREAS, The competition in the electricity marketplace anticipated under EDECA has, to a large degree, not occurred and the market cost of electricity has not declined below the mandated rates; and

WHEREAS, The Board of Public Utilities ("BPU") now projects that accumulated deferred balances in the State will total approximately $1 billion dollars; and

WHEREAS, According to BPU projections the deferred balances will be unevenly distributed among the State's electric utilities, including: Jersey Central Power and Light with an estimated $687 million in deferred balances, averaging approximately $675 per ratepayer; Rockland Electric with an estimated $119 million in deferred balances, averaging approximately $1,700 per ratepayer; Connectiv with an estimated $165 million in deferred balances, averaging approximately $325 per ratepayer; and Public Service Electric and Gas Company which is not projected to have any deferred balances; and

10. This Order shall take effect immediately.

Dated July 29, 2002.
WHEREAS, N.J.S.A.48:2-23 requires utilities to provide New Jersey consumers with safe, adequate and proper utility service at reasonable rates and there is a compelling State interest in maintaining affordable utility prices for New Jersey consumers; and

WHEREAS, EDECA mandates that BPU permit the recoupment of deferred balances sought by utility companies, which will likely result in rate increases for consumers in the upcoming years; and

WHEREAS, The utilities that incurred deferred balances will file for rate increases by August 30, 2002 to recover those balances beginning August 1, 2003, when the statutory period for the rate caps expires; and

WHEREAS, Senate Bill No. 869 would grant the BPU the express authority to allow utilities to securitize deferred balances by issuing long-term bonds and has been presented to me for signature into law; and

WHEREAS, Such bonds could extend the time period to up to 15 years for recovering deferred balances, thereby reducing the short term rate increases but increasing overall payments because of interest costs; and

WHEREAS, The BPU will in its review of deferred balance filings determine how best to balance and resolve the potential impact of increased rates on consumers with the need to ensure the fiscal integrity of electric utilities; and

WHEREAS, A Task Force will assist in examining the reasons why some of the State's electric utilities have accumulated large deferred balances and how these deferred balances should be addressed;

WHEREAS, New Jersey's public transportation system is over capacity and suffering from ten years of deferred maintenance; and

WHEREAS, The aging transportation infrastructure in New Jersey poses a significant and ongoing safety and security concern; and

WHEREAS, New Jersey drivers waste 261 million hours sitting in traffic, costing each New Jersey driver nearly $1,300 per year, negatively impacting our quality of life and losing valuable time that could be better spent with our families; and
WHEREAS, Improving the transportation system to meet the needs of the 21st century is an important goal of this Administration, especially as it relates to reducing congestion, enhancing safety, and improving the quality of life for all working families in New Jersey; and

WHEREAS, The needs of New Jersey's transportation system outweigh the resources available; and

WHEREAS, In this time of limited resources it is important to identify and prioritize transportation needs and allocate available resources by incorporating the principles of "Fix it First" and "Smart Growth"; and

WHEREAS, A "Fix it First" strategy will focus our efforts on improving aging bridges and rehabilitating highways, rail and aviation systems first, instead of pursuing an expansion policy; and

WHEREAS, Smart growth principles will focus and direct transportation investments into the redevelopment of our older urban and suburban areas, protect existing open space, conserve natural resources, increase transportation options and transit availability, reduce automobile traffic and dependency, stabilize property taxes, and provide affordable housing; and

WHEREAS, The Transportation Equity Act for the 21st Century is a vital funding mechanism for the Department of Transportation to address the transportation system needs in New Jersey; and

WHEREAS, The United States Congress is scheduled to reauthorize the Transportation Equity Act for the 21st Century in 2003; and

tools and resources needed to maintain and operate these local roadways, which account for nearly 90% of New Jersey's roadways; and

WHEREAS, The Transportation Trust Fund must be renewed by July of 2004; and

WHEREAS, The current and future transportation needs of New Jersey are greater than the resources provided by the Transportation Trust Fund and the Transportation Equity Act for the 21st Century;

NOW, THEREFORE, I, JAMES E. McGREEVEY, Governor of the State of New Jersey, by virtue of the authority vested in me by the Constitution and by the statutes of this State, do hereby ORDER and DIRECT:

1. There is hereby established a Blue Ribbon Transportation Commission ("Commission") to examine and make recommendations on the pressing transportation issues facing New Jersey over the next ten years. The Commission shall also identify the means necessary to address these pressing transportation issues and recommendations for their consideration during the upcoming renewal of the Transportation Trust Fund. The Commission shall issue a final report containing its findings and recommendations, including any recommendations for legislation that it deems appropriate, within one year after the Commission organizes.

2. The Commission shall consist of seven (7) public members appointed by the Governor, and the Commissioner of the New Jersey Department of Transportation (DOT), ex officio. The Commissioner of DOT shall serve as Chair of the Commission. The public members shall include representatives of the business, labor and environmental communities, as well as individuals with expertise in New Jersey transportation issues. The Commission shall organize as soon as may be practicable after the appointment of its members. The members shall appoint a secretary, who need not be a member of the Commission.

3. The Commission shall meet at the call of the chairperson. The Commission shall be entitled to call to its assistance and avail itself of the services of the employees of any State department, board, bureau, commission or agency, as it may require and as may be available for its purposes, and to employ stenographic and clerical assistance and incur traveling and other miscellaneous expenses as may be necessary in order to perform its
duties, within the limits of funds appropriated or otherwise made available to it for its purposes.

4. DOT shall work closely with the New Jersey congressional delegation and with other similarly situated states to establish funding priorities and develop a strategy to maximize the State's share of federal resources. This strategy shall consider proposals to provide DOT with the flexibility to ensure the expedited and efficient completion of transportation infrastructure improvements.

5. DOT, New Jersey Transit (NJT), the New Jersey Turnpike Authority (NJTA), the New Jersey Parkway Authority (NJPA) and the South Jersey Transportation Authority (SJTA) shall implement:

An expedited project delivery pipeline initiative, that will shave 1 to 4 years off the time to deliver a typical project, reduce project cost and increase the total number of projects that can be advanced in a year. This initiative will replace the "one-size-fits-all" schedule historically used by State agencies, whether projects are minor or major in nature. This improved project delivery process will accelerate the amount of work contracted by State agencies, create jobs and ensure that State agencies spend the maximum possible on transportation improvements; and
   b. A highway safety initiative designed to reduce accidents on our highways through improved infrastructure, driver education, and traffic safety compliance enforcement; and
   c. A Statewide rail plan designed to increase the efficiency of freight movement and thereby reduce the number of trucks on our highways; and
   d. An improved access permit process that will expedite regulatory review and incorporate the principles of Smart Growth, when allowing access to New Jersey highways. This new process will curtail sprawl by directing development in growth areas, such as urban and older suburban corridors, and prevent it in environmentally sensitive and overdeveloped areas; and

This initiative will consist of a Pilot Program to identify the resources necessary for Statewide implementation. DOT, NJT, NJTA, NJHA and SJTA will immediately begin to take steps to implement this Pilot Program and report to the Governor's Office on its progress in sixty days. The Pilot Program will fix confusing directional signs and implement technology to provide real-time traffic information. The Pilot Program will also reduce red tape by transferring traffic engineering decision-making from the State to local

In addition, these bi-state authorities shall consider the following measures:
   a. implementing an expedited project delivery pipeline initiative to reduce project costs and increase the number of projects that can be advanced in a year;
   b. coordinating their efforts, where appropriate, with the development of a Statewide rail plan;
   c. implementing highway safety initiatives;
   d. improving their access permits process to allow expedited regulatory review, while incorporating smart growth principles;

REORGANIZATION PLANS
REORGANIZATION PLAN NO. 001-2002
A PLAN FOR THE TRANSFER, CONSOLIDATION AND REORGANIZATION OF THE HISTORIC TRUST INTO THE DEPARTMENT OF COMMUNITY AFFAIRS

PLEASE TAKE NOTICE that on September 19, 2002, Governor James E. McGreevey hereby issues the following Reorganization Plan No. 001-2002 to provide for the increased efficiency, coordination and integration of the State's grant making functions by the transfer of the functions, powers, duties and personnel of the Historic Trust from the Department of State to the Department of Community Affairs.

GENERAL STATEMENT OF PURPOSE

The purpose of this Reorganization Plan is to further centralize the State's local grant-making functions and services in one executive department, the Department of Community Affairs (Department). That Department long has had broad responsibility for making grants to local government entities and private entities, and has developed substantial expertise in the administration of such grants. The Historic Trust, established by P.L.1976, c.124, as amended (C.13:1B-15.111 et seq.) is currently located in but not of the Department of State. Its purpose is to assist in the preservation, improvement, restoration, rehabilitation or acquisition of historic properties in the State.

To that end, the Trust is authorized to accept gifts, bequests and legacies, to acquire and hold real and personal property and to apply for and accept grants of monies from the federal government for historic site preservation. It may cooperate with State and local government entities to further the purposes of the Trust.

Since the passage of the New Jersey Green Acres, Cultural Centers and Historic Preservation Bond Act of 1987, P.L.1987, c.265, the Trust has been involved in making grants for the preservation of historic sites to State, county or municipal governments or non-profit organizations. These grants funded the actual construction activities at the historic sites. These projects also included funds for any work related to providing access for handicapped or disabled persons in accord with the Americans with Disabilities Act, 42 U.S.C.ss.12101 through 12213. In later years the Trust was given additional funds for historic preservation grants with the passage of the Green Acres, Clean Water, Farmland and Historic Preservation Bond Act of 1992, P.L.1992. c.88, and the Green Acres, Farmland and Historic
Preservation, and Blue Acres Bond Act of 1995, P.L.1995, c.204. These bond acts provided grants to State, county and municipal government entities or non-profit organizations for historic preservation construction projects. In 1987, pursuant to P.L.1987, c.265, the State also established the Historic Preservation Revolving Loan Fund which authorized the Trust to make loans to county and municipal governments and nonprofit corporations for the purpose of historic preservation. Finally, in 1999 the State enacted the Garden State Preservation Trust Act, P.L.1999, c.152 (C.13:8C-1 et seq.), for the purpose of providing funds to acquire and preserve open space, farmland and historic properties in New Jersey. As stated in N.J.S.A.13:8C-2, "a significant number of these historic properties are located in urban centers, where their restoration and preservation with advance urban revitalization efforts of the State and local governments." In 2000, the Garden State Historic Preservation Trust Fund Grants program was established at N.J.A.C.15:34-1 et seq., which provides both construction and planning grants to local government units or nonprofit organizations for historic preservation.

Based on the above, it is clear that the Trust's main purpose now is to administer grant programs that make grants to local governmental units and nonprofit organizations for the preservation of historic properties. Most of the grants are for construction activities and even the planning grants made ultimately lead to construction activities. Grants are awarded to local governments and nonprofit organizations by the Trust on a competitive basis. All applicants are evaluated in accord with the rules and regulations adopted by the Trust. The applicants that score the highest in each grant round receive grants.

Once an applicant receives a grant, the applicant must enter into an agreement with the Trust. These grant agreements contain the terms and conditions grantees must comply with in order to be reimbursed for the construction or planning activities. Most of the construction standards that all grantees must meet are contained within the Uniform Construction Code, N.J.A.C.5:23-1 et seq. ("UCC") administered by the Department of Community Affairs. The U.C.C. contains standards for construction and preservation of historic property at N.J.A.C.5:23-6 and construction standards that meet the requirements of the Americans with Disabilities Act at N.J.A.C.5:23-7. Placing the Historic Trust in but not of the Department of Community Affairs would improve the ability of both the Trust and its grantees to interact with the divisions and bureaus in the Department responsible for establishing and interpreting the construction standards for the State of New Jersey.
Many local government units have found it difficult to compete with well-funded nonprofit organizations for grant funds because they must comply with the public contracting requirements. The Department of Community Affairs is responsible for assisting local governments in fulfilling their governmental responsibilities and achieve their community goals, N.J.S.A.52:27D-9. Placing the Trust in but not of the Department, which is responsible for overseeing the finances of local public units, should make it possible for the local public units to better access the Department's expertise in financial matters. The transfer of the Trust to the Department will also increase the efficiency and coordination of the State's grant-making functions by improving the interaction between the Trust, its grantees, and the Department which oversees the construction standards grantees must comply with when implementing their grant. This greater access to financial and construction expertise will make it possible for local government units to better compete for grants in the first instance and will make it more likely that they will be able to successfully implement the grants once they have obtained them.

NOW, THEREFORE, in accordance with the provisions of the Executive Reorganization Act of 1969, P.L.1969, c.203 (C.52:14C-1 et seq.), I find with respect to the reorganization included in this Plan that it is necessary to accomplish the purposes set forth in section 2 of that act and will do the following:

1. promote more effective management of the Executive Branch and of its agencies and functions and the expeditious administration of the public business;

2. promote economy to the fullest extent consistent with the efficient operation of the Executive Branch;

3. increase the efficiency of the operations of the Executive Branch to the fullest extent practicable;

4. group, coordinate and consolidate functions in a more consistent and practical way according to major purpose;

5. eliminate overlapping and duplication of effort within the Executive Branch by reallocating certain functions and responsibilities and thereby better utilize the resources of the Executive Branch.
PROVISIONS OF THE REORGANIZATION PLAN

1. The New Jersey Historic Trust, created in the Department of Environmental Protection pursuant to P.L.1967, c.124, as amended (C.13:1B-15.111), and allocated in but not of the Department of Environmental Protection pursuant to P.L.1995, c.217, and transferred to the Department of State pursuant to Reorganization Plan No. 004-1998, and its functions, powers and duties as set forth in P.L.1967, c.124, as amended (C.13:1B-15.114, -115) and P.L.1999, c.152 (C.13:8C-1 et seq.), and personnel are continued and transferred to and established in but not of the Department of Community Affairs. A proportionate share of those support services or funds to purchase such services utilized for the support of the Historic Trust within the Department of State shall be transferred to the Department of Community Affairs. These transfers shall be made as determined by agreement between the Secretary of State and the Commissioner of the Department of Community Affairs after considering the number and type of positions presently utilized for support of the Historic Trust and the appropriateness of transferring personnel, positions or funding.

2. All records, property, revolving funds, including, but not limited to the Historic Preservation Revolving Loan Fund, created pursuant to P.L.1991, c.41 (C.13:1B-15.115a), appropriations and any unexpended balance of funds appropriated or otherwise available to the Department of State in connection with the administration of the Historic Trust shall be transferred to the Department of Community Affairs pursuant to the "State Agency Transfer Act," P.L.1971, c.375 (C.52:14D-1 et seq.).

3. Monies collected or received by the Department of Community Affairs shall be deposited in such accounts or funds as may be provided by law for deposit of such monies.

4. Whenever in any law, rule, regulation, order, contract, tariff, document, judicial or administrative proceeding or otherwise relating to the Historic Trust reference is made to the Department of State or the Secretary of State, the same shall mean the Department of Community Affairs or the Commissioner of the Department of Community Affairs, respectively.

GENERAL PROVISIONS

1. I find that this reorganization is necessary to accomplish the purposes set forth in section 2 of P.L.1969, c.203. Specifically, this reorganization
will promote the more effective management of the Executive Branch and its agencies, and it will promote economy to the fullest extent consistent with the efficient operation of the Executive Branch according to major purposes. It will group, coordinate and consolidate functions in a more consistent and practical manner and eliminate overlapping and duplication of functions.

2. All acts and parts of acts and plans or parts of plans inconsistent with any of the provisions of this Plan are superseded to the extent of such inconsistencies.

3. If any provision of this Plan or the application thereof to any person, or circumstance, or the exercise of any power or authority hereunder is held invalid or contrary to law, such holding shall not affect other provisions or applications of the Plan, which can be given effect without the invalid provisions or applications of the Plan, or affect other exercises of power or authority under said provisions not contrary to law. To this end, the provisions of the Plan are declared to be severable.

4. This Plan is intended to protect and promote the public health, safety and welfare and shall be liberally construed to attain the objectives and effect the purposes thereof.

5. All transfers directed by this Plan shall be effected pursuant to the "State Agency Transfer Act," P.L. 1971, c. 375 (C.52:14D-1 et seq.).

A copy of this Reorganization Plan was filed on September 19, 2002 with the Secretary of State and the Office of Administrative Law for publication in the New Jersey Register. This Plan shall become effective in 60 days on November 18, 2002 unless disapproved by each House of the Legislature by the passage of a concurrent resolution stating in substance that the Legislature does not favor this Reorganization Plan, or at a date later than November 18, 2002, should the Governor establish such a later date for the effective date of the Plan, or any part thereof, by Executive Order.

PLEASE TAKE NOTICE that this Plan, if not disapproved, has the force and effect of law and will be printed and published in the annual edition of the Public Laws and in the New Jersey Register under the heading of "Reorganization Plans."

REORGANIZATION PLAN NO.002-2002
A PLAN TO PROVIDE FOR THE TRANSFER, CONSOLIDATION AND REORGANIZATION OF CERTAIN FUNCTIONS RELATED TO THE SAFE CONSTRUCTION AND MAINTENANCE OF BUILDINGS AND STRUCTURES FROM THE DEPARTMENT OF COMMUNITY AFFAIRS TO THE DEPARTMENT OF LABOR

PLEASE TAKE NOTICE that on November 18, 2002, Governor James E. McGreevey hereby issues the following Reorganization Plan No. 002-2002 to provide for the transfer, consolidation and reorganization of certain functions from the Department of Community Affairs to the Department of Labor. The Plan reverses two aspects of Reorganization Plan 002-1998: (1) the transfer of enforcement of the Asbestos Control and Licensing Act from the Department of Labor to the Department of Community Affairs and (2) the transfer of the Mechanical Inspection Bureau, which is responsible for the licensing and safety inspection of all engineers' and firemen's licenses, steam boilers, pressure vessels and refrigeration plants along with long boom crane operators from the Department of Labor to the Department of Community Affairs. Thus, under the Plan, the functions, powers, duties and personnel, as described herein, shall be returned to the Department of Labor.

GENERAL STATEMENT OF PURPOSE

This Plan transfers crucial licensing and safety oversight responsibilities from the Department of Community Affairs to the Department of Labor, which traditionally was responsible for these services and which is better situated to undertake them.

The Mechanical Inspection Bureau, which is approaching its centennial, is the licensing agency for long boom crane operators, pressure vessels and refrigeration equipment. Since its inception, the Mechanical Inspection Bureau was part of the Department of Labor, until it was transferred to the Department of Community Affairs in May 1998 by Reorganization Plan 002-1998. The Department of Labor is better equipped to oversee the Mechanical Inspection Bureau because one of the Department's historic central responsibilities has been the safety and inspection of equipment and the job performance of workers that handle this machinery. Indeed, a central focus of the Department of Labor is worker and workplace safety. Transferring the Mechanical Inspection Bureau back to the Department of Labor will enhance governmental efficiency and oversight for the benefit of
the men and women who operate these machines and also for those people that come within the machines' vicinity. Oversight and inspection of these machines is important to prevent dangerous occurrences such as leaks of hazardous substances and explosions that can injure the operators of the machines and the public located in the nearby area.

Similarly, asbestos worker licensing is an historic responsibility of the Department of Labor. At the present time, responsibility for licensing asbestos abatement contractors, issuing asbestos worker permits, receiving 10-day notices on pending asbestos abatement work and inspecting job sites for safety compliance is under the control of the Department of Community Affairs. Transferring this responsibility to the Department of Labor, which focuses on worker and job site safety, will provide for greater efficiency and, more importantly, greater safety for workers and the public at large.

NOW, THEREFORE, in accordance with the provisions of the Executive Reorganization Act of 1969, P.L.1969, c.203 (C.52:14C-1 et seq.), I find with respect to the transfer, consolidation and reorganization provided for in this Plan, that each aspect is necessary to accomplish the purposes set forth in section 2 of the act and that each aspect will:

1. promote the more effective management of the Executive Branch by consolidating similar functions and activities within one agency;

2. promote better and more efficient execution of the laws and expeditious administration of the public business by consolidating and integrating within one agency similar functions;

3. group, coordinate and consolidate functions in a more consistent and practical manner according to major purposes;

4. promote economy to the fullest extent consistent with the efficient operations of the Executive Branch;

5. increase the efficiency of the operations of the Executive Branch to the fullest extent practicable;

6. increase the safety goals of services rendered by the Executive Branch; and

7. eliminate overlapping and duplication in effort.
Therefore, I hereby order the following reorganization:

1. a. All of the powers, functions and duties exercised by the Commissioner of the Department of Community Affairs, or any division, bureau or office therein, pursuant to P.L.1984, c.173, as amended, to enforce the "Asbestos Control and Licensing Act of 1984," P.L.1984, c.173, as amended (C.34:5A-32 et seq.), or pursuant to Reorganization Plan 002-1998, are continued, transferred to, established within the Department of Labor and shall henceforth be exercised by the Commissioner of the Department of Labor.

b. All of the powers, functions and duties exercised by the Commissioner of the Department of Community Affairs, the Department of Community Affairs, or any division, bureau or office therein, pursuant to P.L.1913, c.363, as amended and P.L.1918, c.213, as amended (C.34:7-1 et seq. and 34:7-14 et seq.), to license engineers and firemen and to regulate and inspect steam boilers, pressure vessels and refrigeration plants, in accordance with section 7 of Title 34 of the Revised Statutes, are continued, transferred to, established within the Department of Labor and shall henceforth be exercised by the Commissioner of the Department of Labor.

c. The Mechanical Inspection Bureau, the Examining Board of the Mechanical Inspection Bureau and the Board of Boiler, Pressure Vessel and Refrigeration Rules established pursuant to section 1 of P.L.1960, c.134 (C.34:1-38.1) and section 1 of P.L.1917, c.185, as amended (C.34:1-47), are continued and are transferred to the Department of Labor. All the powers, functions, and duties exercised by the Commissioner of the Department of Community Affairs, the Mechanical Inspection Bureau, the Examining Board of the Mechanical Inspection Bureau and the Board of Boiler, Pressure Vessel and Refrigeration Rules pursuant to sections 1 and 2 of P.L.1960, c.134 (C.34:1-38.1 and 38.2), sections 2 and 9 of P.L.1913, c.363, as amended (C.34:1-40 and 41), sections 3, 4 and 5 of P.L.1918, c.213, as amended (C.34:1-44 and 45), section 1 of P.L.1917, c.185, as amended (C.34:1-47), are continued, transferred to, established within the Department of Labor and shall henceforth be exercised by the Commissioner of the Department of Labor.

d. A proportionate share of those support services or funds to purchase such services utilized for the support of the units transferred under this section and for the enforcement of the powers, functions and duties transferred under this section with the Department of Community Affairs
shall be transferred to the Department of Labor. These transfers shall be made as determined by agreement between the Commissioners of the Departments of Community Affairs and Labor after considering the number and type of positions presently utilized for support of the units transferred and the enforcement of the powers, functions and duties transferred, and the appropriateness of transferring personnel, positions or funding.

c. The powers, functions and duties hereby transferred shall be organized and implemented within the Department of Labor as determined by the Commissioner of the Department of Labor.

d. All employees of the Department of Community Affairs who are employed in the programs hereby transferred shall be employees of the Department of Labor and shall be transferred to that Department pursuant to the "State Agency Transfer Act," P.L.1971, c.375 (C.52:14D-1 et seq.). Additionally, all records, property, appropriations and any unexpended balance of funds appropriated or otherwise available to the Department of Community Affairs for purposes of the programs hereby transferred, including, without limitation, any fees, penalties or other monies authorized to be collected and applied to the enforcement and administration costs of the Department of Community Affairs for any of the programs hereby transferred, are transferred to the Department of Labor pursuant to the "State Agency Transfer Act," P.L.1971, c.375 (C.52:14D-1 et seq.).

e. Whenever, in any law, rule, regulation, order, contract, tariff, document, judicial or administrative proceeding or otherwise, that involves the programs hereby transferred, there shall be any reference to the Department of Community Affairs, the same shall mean the Department of Labor, except where the context clearly requires otherwise.

f. The Commissioner of Labor shall confer with the Commissioner of the Department of Community Affairs to ensure that the highest degree of safety is provided with regard to inspections.

**GENERAL PROVISIONS**

1. I find that each aspect of this reorganization is necessary to accomplish the purposes set forth in section 2 of P.L.1969, c.203. Specifically, this reorganization will promote the more effective management of the Executive Branch and its agencies, and it will promote economy to the fullest extent consistent with the efficient operation of the Executive Branch according to major purposes. It will group, coordinate and consolidate
functions in a more consistent and practical manner and eliminate overlapping and duplication of functions. The Plan will provide greater safety for workers and the public at large.

2. Any section or part of this Plan that conflicts with federal law or regulation shall be considered null and void unless and until addressed and corrected through an interagency agreement, federal waiver or other means.

3. All acts and parts of acts and plans or parts of plans inconsistent with any of the provisions of this Plan are superseded to the extent of such inconsistencies.

4. If any provisions of this Plan or the application thereof to any person, or circumstance, or the exercise of any power of authority hereunder is held invalid or contrary to law, such holding shall not affect other provisions or applications of the Plan, which can be given effect without the invalid provisions or applications of the Plan, or affect other exercises of power or authority under said provisions not contrary to law. To this end, the provisions of the Plan are declared to be severable.

5. This Plan is intended to protect and promote the public health, safety and welfare and shall be liberally construed to attain the objectives and affect the purposes thereof.

6. All transfers directed by this Plan shall be effected pursuant to the "State Agency Transfer Act," P.L.1971, c.375 (C.52:14D-1 et seq.).

7. A copy of this Reorganization Plan was filed on November 18, 2002 with the Secretary of State and the Office of Administrative Law for publication in the New Jersey Register. This Plan shall become effective in 60 days on January 17, 2003 unless disapproved by each House of the Legislature by the passage of a concurrent resolution stating in substance that the Legislature does not favor this Reorganization Plan, or at a date later than January 17, 2003, should the Governor establish such a later date for the effective date of the Plan, or any part thereof, by Executive Order.

PLEASE TAKE NOTICE that this Plan, if not disapproved, has the force and effect of law and will be printed and published in the annual edition of the Public Laws and in the New Jersey Register under the heading of "Reorganization Plans."

Filed November 18, 2002.
PLEASE TAKE NOTICE that on November 25, 2002, Governor James E. McGreevey hereby issues the following Reorganization Plan No.003-2002; (the "Plan"), to provide for the reorganization of four of six divisions within the Department of Agriculture. This Plan represents an ongoing effort to more properly align the structure and functions of the Department of Agriculture in the interests of greater efficiency, without loss of service delivery to the public.

GENERAL STATEMENT OF PURPOSE

Pursuant to its present statutory authority, the Department of Agriculture is a regulatory, service and promotion agency which conducts programs in support of agriculture and agribusiness as well as natural and renewable resources associated with open lands, for the benefit of all New Jersey citizens. Under current statutes, the Department of Agriculture consists of six divisions, each headed by a Division Director. This Plan would consolidate the Division of Markets, created by N.J.S.A.4:1-17 and the Division of Dairy and Commodity Regulation, created pursuant to Reorganization Plan No. 003-1995, issued March 13, 1995.

The Division of Dairy and Commodity Regulation conducts onsite inspections and grading services at agribusiness plants, farms, packers, processors, and wholesale and retail markets to assure a supply of the highest quality fresh fruits and vegetables, fish, shell eggs and egg and poultry products. The Division also operates the agricultural chemistry program which determines compliance with stated contents of animal feeds, fertilizers and liming materials offered for sale for farm and non-farm use. The dairy program licenses dealers that purchase milk from New Jersey farmers or who sell fluid dairy products to other dealers and retail outlets. Such licensing helps foster a stable and competitive dairy industry. In order to be licensed, dealers must post a bond with the Secretary of Agriculture conditioned upon the payment of all amounts due and owing to New Jersey Dairy farmers.

The Division of Markets conducts advertising, market development and promotion programs to increase the sale and use of New Jersey produced agricultural commodities both domestically and abroad. The Division's equine programs focus on promoting the State's equine industry, creating
incentives to help the industry thrive. A vibrant equine industry makes significant economic contribution to the State economy while retaining thousands of acres of scenic, taxpaying open space. Among its other responsibilities, the Division works with the not-for-profit group of equine interests which operate the Horse Park of New Jersey in Stone Tavern, Monmouth County, to oversee the continuing development of this 147-acre facility for horse shows and competitions. The Division also runs the New Jersey Sire Stakes program to encourage excellence in the breeding of harness racing standardbred horses. The Division completes its diverse mission by coordinating the State's commodity distribution, child nutrition and emergency feeding assistance programs. The commodity distribution and emergency feeding program assistance programs receive, store and distribute federal surplus foods to schools, institutions, soup kitchens and pantries as well as New Jersey's neediest citizens. Child nutrition programs provide cash reimbursement to school districts and other providers for their participation in a variety of nutritional programs aimed at improving the diets of children and senior citizens.

The purpose of the Plan is to create a structure that will foster an improved service delivery function for New Jersey's farmers and the State's citizens. The Plan accomplishes this by:

1. Consolidating the functions of the Division of Dairy and Commodity Regulation into a new Division named the Division of Marketing and Development. Consolidating these functions into the Division of Marketing and Development will increase the efficiency and effect of commodity inspection and grading efforts related to the development of specific promotion and advertising programs targeted to New Jersey produced agricultural products. Inasmuch as the inspection and grading of agricultural products relates to the establishment of prices in the marketplace as well as sales and marketing efforts, the consolidation of these inspection and marketing functions into one Division will promote a more effective, consistent and practical marketing and regulatory effort by the Department.

2. The renaming of the Division of Markets to the Division of Marketing and Development. This name change more accurately reflects the mission of this organizational unit.

NOW, THEREFORE, in accordance with the provisions of the Executive Reorganization Act of 1969, P.L.1969, c.203 (C.52:14C-1 et seq.), I find with respect to the transfers and reorganization provided for in
this Plan, that each aspect is necessary to accomplish the purposes set forth in section 2 of the act and that each aspect will:

1. promote more effective management of the Executive Branch and more efficient execution of the law by consolidating similar programs;

2. group, coordinate and consolidate functions in a more consistent and practical manner according to major purposes;

3. promote economy to the fullest extent consistent with the efficient operation of the Executive Branch;

4. increase the efficiency of the Executive Branch to the fullest extent practicable;

5. reduce the number of agencies by consolidating those having similar functions;

6. eliminate duplication and overlapping of effort, thereby better utilizing State resources.

PROVISIONS OF THE REORGANIZATION PLAN

1. The Division of Markets, including the functions, powers and duties assigned to it pursuant to P.L.1916, c.268 (C.4:1-1 et seq.), as amended and supplemented, is hereby continued and renamed the Division of Marketing and Development.

2. The functions, powers and duties assigned to the Division of Dairy and Commodity Regulation, including the functions, powers and duties pursuant to P.L.1916, c.268 (C.4:1-1 et seq.), as amended and supplemented, are hereby continued and transferred to the Division of Marketing and Development.

3. The powers, functions and duties hereby transferred shall be organized and implemented within the Department of Agriculture as determined by the State Board of Agriculture.

4. All employees who serve the Division of Dairy and Commodity Regulation shall be transferred to the Division of Marketing and Development pursuant to the "State Agency Transfer Act," P.L.1971, c.375 (C.52:14D-1 et seq.). In addition, all records, property, appropriations and any unexpended balance of funds appropriated or otherwise available to the
Division of Dairy and Commodity Regulation shall be transferred to the Division of Marketing and Development, pursuant to the "State Agency Transfer Act," P.L.1971, c.375 (C.52:14D-1 et seq.).
