AN ACT increasing penalties for violations in the apparel industry of certain laws regarding workplace standards and amending P.L.1987, c.458.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 6 of P.L.1987, c.458 (C.34:6-149) is amended to read as follows:
Powers of apparel industry unit.

6. The apparel industry unit shall have the following powers:
   a. To investigate and conduct inspections at locations where an apparel industry manufacturer or contractor is operating to ensure compliance with this act;
   b. To inspect books, records and premises of manufacturers and contractors, with respect to their production employees, to determine compliance with the State's labor laws, including but not limited to, laws concerning wages, overtime compensation, unemployment compensation and temporary disability insurance, workers' compensation coverage, child labor, and industrial homework laws, and, if the apparel industry unit determines that a manufacturer or contractor has violated a provision of any of those laws with respect to its production employees, to assess and collect, on behalf of the commissioner, any administrative penalty authorized by law. If the violation is of a provision of a labor law for which the assessment and collection of an administrative penalty is not otherwise authorized, the apparel industry unit is hereby authorized to assess and collect an administrative penalty of not less than $250 and not more than $500 for a first violation and not less than $500 and not more than $1,000 for each subsequent violation, specified in a schedule of penalties promulgated by rule or regulation of the commissioner in accordance with the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.). No administrative penalty shall be levied pursuant to this subsection unless the commissioner or his designee provides the violator with notification of the violation and of the amount of the penalty by certified mail and an opportunity to request a hearing within 15 days following the receipt of the notice. If a hearing is requested, the commissioner, or his designee, may issue a final order upon such hearing and a finding that a violation has occurred. If no hearing is requested, the notice shall become a final order upon the expiration of the 15-day period. Payment of the penalty is due when a final order is issued or when the notice becomes a final order. Any penalty imposed under this subsection may be recovered with costs in a summary proceeding pursuant to "the penalty enforcement law" (N.J.S.2A:58-1 et seq.). Any penalty imposed under this subsection shall be paid to the Division of Workplace Standards and applied to enforcement and administrative costs of the division; and
   c. To serve as the designee of the commissioner for the purpose of taking any action authorized by this act necessary to implement its provisions.
2. Section 7 of P.L. 1987, c. 458 (C. 34:6-150) is amended to read as follows:

C. 34:6-150 Violations, penalties.

7. a. Any manufacturer or contractor who has failed to comply with the registration requirements of section 3 of this act shall be deemed to have violated this act.

b. Any manufacturer or contractor who has failed to comply, for the second time within any three-year period, with an order issued by the commissioner to comply with the registration requirements of section 3 of this act shall be deemed to have violated this act.

c. Any manufacturer or contractor who contracts for the performance of any apparel industry service, as identified in subsection a. of section 2 of this act, with any other manufacturer or contractor whom the manufacturer or contractor knows does not hold a valid registration shall be deemed to have violated this act. A contractor or manufacturer who knowingly violates this subsection c. within three years after having been found liable for a civil or administrative penalty for violating this subsection c. is guilty of a crime of the fourth degree.

d. No manufacturer or contractor shall perform services or hold himself out as being able to perform services as a registered manufacturer or contractor unless he holds a valid registration pursuant to this act. A contractor or manufacturer who knowingly violates this subsection d. within three years after having been found liable for a civil or administrative penalty for violating this subsection d. is guilty of a crime of the fourth degree.

e. If the commissioner or his designee determines that any manufacturer or contractor commits a violation as provided in subsection a., b., or c. of this section, or violates subsection d. of this section, the commissioner or his designee may impose a civil penalty, and such penalty shall be made with due consideration of the size and past experience of the manufacturer or contractor and the seriousness of the violation, upon the manufacturer or contractor of not less than $1,000 and not more than $2,000 for an initial violation and not less than $2,000 and not more than $4,000 for each subsequent violation, and, as an alternative or in addition to the civil penalty, the commissioner or his designee is authorized to assess and collect an administrative penalty, of not less than $250 and not more than $500 for a first violation and not less than $500 and not more than $1,000 for each subsequent violation, specified in a schedule of penalties to be promulgated by rule or regulation of the commissioner in accordance with the "Administrative Procedure Act," P.L. 1968, c. 410 (C. 52:14B-1 et seq.). No administrative penalty shall be levied pursuant to this subsection unless the
commissioner or his designee provides the violator with notification of the violation and of the amount of the penalty by certified mail and an opportunity to request a hearing within 15 days following the receipt of the notice. If a hearing is requested, the commissioner, or his designee, may issue a final order upon such hearing and a finding that a violation has occurred. If no hearing is requested, the notice shall become a final order upon the expiration of the 15-day period. Payment of the penalty is due when a final order is issued or when the notice becomes a final order. Any penalty imposed under this subsection may be recovered with costs in a summary proceeding pursuant to "the penalty enforcement law" (N.J.S.2A:58-1 et seq.). The civil or administrative penalties shall be paid to the Division of Workplace Standards and applied to enforcement and administrative costs of the division, except as provided in subsection b. of section 11 of this act. Any civil penalty imposed pursuant to this section shall be enforceable in a summary manner pursuant to Rule 4:70 of the Rules Governing the Courts of the State of New Jersey.

f. If any manufacturer or contractor fails to comply with an order by the commissioner to register or renew registration, the commissioner may seek and obtain in a summary action in Superior Court an injunction prohibiting such unlawful activity.

g. An intentional failure to comply with the registration requirements of section 3 of this act shall be a crime of the fourth degree.

h. The commissioner or his designee may, after a hearing thereon, and after due consideration of the size and past experience of the manufacturer or contractor and the seriousness of the violation, require as a condition of continued registration, the payment of a surety bond or may revoke, by order, the registration of any manufacturer or contractor for any period ranging from 30 days to one year upon being found guilty of:

1) A second violation of the same provision of this act within any three-year period; or

2) A second violation within any three-year period of the same provision of any other labor law applicable to the employment of production employees.

The surety bond shall be payable to the State and shall be for the benefit of production employees damaged by any failure of the manufacturer or contractor to pay wages or benefits or otherwise comply with the provisions of law. The surety bond shall be in the sum and form that the commissioner deems necessary for the protection of the production employees, but shall not exceed $2,500 per production employee.

i. Any manufacturer or contractor who contracts, for the second time within any three-year period, for the performance of any apparel industry service with any other manufacturer or contractor whom the manufacturer
or contractor knows has failed to comply with the registration requirements of section 3 of this act, shall, if the other manufacturer or contractor has failed to pay any civil penalty assessed under subsection e. of this section, be liable to pay a civil penalty equal to the civil penalty that the other manufacturer or contractor has been assessed.

j. Nothing herein shall affect either the authority of the department to enforce the industrial homework laws of this State or the right of any manufacturer to possess or repossess any apparel, or sections or components of apparel, that are located at any contractor with whom it has contracted.

3. This act shall take effect immediately.

Approved January 21, 1999.

 CHAPTER 5

AN ACT concerning the inspection of school buses, supplementing chapter 3B of Title 39 of the Revised Statutes and amending R.S.39:8-2.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.39:3B-18 Short title.

1. This act shall be known and may be cited as the "School Bus Enhanced Safety Inspection Act."

C.39:3B-19 Findings, declarations relative to school bus safety.

2. The Legislature finds and declares that school bus safety is of paramount importance to the health and welfare of the school children of this State. The Legislature further finds that school buses are cited for safety violations during scheduled and random inspections at an unacceptably high level and that recent random school bus inspections conducted by the Division of State Police and the Division of Motor Vehicles found a high percentage of school buses operating with significant violations that warranted the removal of these vehicles from service.

The Legislature concurs with the findings of the Governor's School Bus Safety Task Force that it is appropriate and necessary to revise the existing system of in-lane inspections to a system of in-terminal inspections conducted by motor vehicle inspectors at the facility of the school bus operator. Such a system would provide insight into the carrier's overall operation and commitment to maintenance; allow interaction with the carrier's mechanics and operational personnel to facilitate the immediate
repair of vehicles; provide a mechanism for the audit of a carrier's maintenance records, including daily defect slips, vehicle history records, and driver history and credential records; and, insure the timely inspection of all school buses.

C.39:3B-20 Definitions relative to school bus safety.

3. As used in this act:
   "Director" means the Director of the Division of Motor Vehicles in the Department of Transportation;
   "Division" means the Division of Motor Vehicles in the Department of Transportation;
   "In-terminal inspection" means an inspection conducted by the Division of Motor Vehicles at the operator's terminal of any motor vehicle required to meet the safety regulations for school buses adopted by the Department of Transportation pursuant to R.S.39:3B-5 and P.L.1986, c.92 (C.18A:3B-5.4) and vehicle emissions standards established for engine type pursuant to R.S.39:8-2 and section 3 of P.L.1995, c.157 (C.39:8-61);
   "Operator" means the owner or person responsible for the day to day operation and maintenance of school buses;
   "School bus" means all Type I and Type II school buses as defined in R.S.39:1-1 and school buses retired pursuant to P.L.1986, c.92 (C.39:3B-5.4), under the jurisdiction of the division.

C.39:3B-21 Establishment of school bus enhanced safety inspection program.

4. a. The director shall establish a school bus enhanced safety inspection program which shall include, but not be limited to, the following elements:

   (1) an in-terminal school bus inspection program which provides for the semi-annual or annual inspection of school buses by division inspection teams;

   (2) standards and requirements pertaining to the equipment, maintenance, and repair of school buses subject to inspection pursuant to this act; all in-terminal inspections, including those involving diesel vehicles, shall include an emission inspection to determine whether that vehicle meets the State's emission specifications and standards;

   (3) standards and requirements pertaining to the establishment and maintenance of school bus maintenance, repair, and inspection records for all school buses in the operator's fleet; and

   (4) standards and requirements pertaining to the establishment and maintenance of driver employment records, including records which demonstrate a driver's compliance with all statutory and regulatory requirements for authorization to operate a school bus, and any other records and credentials deemed necessary by the director for school bus drivers.
employed by the operator. The records shall be made available to division inspectors during each in-terminal inspection.

b. If an operator does not have adequate terminal facilities to allow for a proper and thorough in-terminal inspection, the director shall designate an in-lieu-of terminal site and direct the operator to present his buses and records to that site for inspection on such terms and conditions as determined by the director.

c. The time and location of any inspection or reinspection conducted pursuant to this section shall be determined by the director. Unless an owner agrees to a different time schedule, the director shall schedule a reinspection within three days of the date of the inspection that necessitated the reinspection.

C.39:3B-22 Violations, penalties.

5. a. Any operator who violates the standards for driver employment records established pursuant to subsection a. of section 4 of this act, or who fails to retain proper records for inspection as required, or who fails to make available any record or document required at the time of inspection, or who falsifies any record, or who fails to present or otherwise make available any school bus or buses due for inspection, as requested by an examiner, unless notification of the intent to withhold a bus or buses from an examiner is made in writing at least 24 hours prior to the scheduled inspection, shall be fined not less than $50 and not more than $500 per violation, in accordance with a schedule of fines to be established by the director. The director shall waive the requirement of notice upon a showing of good cause by an operator. A bus withheld from an examiner pursuant to this section shall be inspected within 30 days of the date of the originally scheduled inspection, unless otherwise agreed by the operator and the director. The operator shall be responsible for all fines.

Nothing in this subsection shall be deemed to preclude any other enforcement actions provided by law.

b. Any fine imposed pursuant to the provisions of this section may be collected, with costs, in a summary proceeding pursuant to "the penalty enforcement law," N.J.S.2A:58-1 et seq. The Superior Court or municipal court of the county or municipality in which the violation occurs or in which the operator resides or has a place of business or principal office in this State, shall have jurisdiction to enforce the provisions of "the penalty enforcement law" in connection with any violation of this act.

The director or any duly authorized representative of the director may issue a summons and complaint returnable in any court of competent jurisdiction for a violation of this act or any rule or regulation adopted pursuant to this act. A municipal, county, or State prosecutor is authorized
to assist the director in the enforcement of this act. The director may institute an action in the Superior Court for injunctive relief to prevent or restrain any violation of this act, or any rule or regulation adopted, or any administrative or judicial order issued, pursuant to this act.

c. Any officer charged with the enforcement of State and municipal laws is authorized to assist the director or any duly authorized representative of the director in the enforcement of the provisions of this act, or any rule or regulation adopted, or any administrative or judicial order issued, pursuant to this act.

C.39:3B-23 Removal from service upon failure of inspection.

6. Any school bus that fails an inspection based on out-of-service criteria as established by the director shall be immediately removed from service.

C.39:3B-24 Rules, regulations.

7. The director shall adopt, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), rules and regulations to implement the provisions of this act, including the schedule of fines required pursuant to section 5 of this act and the out of service criteria required pursuant to section 6 of this act.

8. R.S.39:8-2 is amended to read as follows:

Examiners of motor vehicles; rules; regulations; inspections; requirements, etc.

39:8-2. a. The director may designate and appoint, subject to existing laws, competent examiners of motor vehicles to conduct examinations, other than the periodic inspections required pursuant to subsection b. of this section, of motor vehicles required to be inspected in accordance with the provisions of this chapter. The examiners may be delegated to enforce the provisions of the motor vehicle and traffic law.

b. (1) The director shall adopt, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), rules and regulations consistent with P.L.1966, c.16 (C.26:2C-8.1 et seq.) and with the requirements of the federal Clean Air Act with respect to the type and character of the inspections to be made, the facility at which the vehicle shall be inspected, the frequency of inspections of motor vehicles and the approval or rejection of motor vehicles as a result of these inspections. These rules and regulations shall require the use of inspection tests that are designed to meet the enhanced inspection and maintenance requirements of the federal Clean Air Act and that have been proven to be feasible and effective for the inspection of large numbers of motor vehicles, except that these tests shall not include the "IM 240" test. Nothing in this subsection shall preclude the
use of the "I/M 240" test in sampling for performance evaluations only or the use of the test at the option of a private inspection facility. The rules and regulations may distinguish between vehicles based on model year, type, or other vehicle characteristics in order to facilitate inspections or to comply with the federal Clean Air Act. A low mileage vehicle shall not be subject to a tailpipe inspection test utilizing a dynamometer but may be subject to an idle test and a purge and pressure test. For the purpose of this paragraph, "low mileage vehicle" means a motor vehicle that is driven less than 10,000 miles during the biennial inspection period, except that the director may set the qualifying number of miles for this exemption at a lower number in order to meet the federal enhanced inspection and maintenance performance standard.

(2) The Department of Environmental Protection and the director shall investigate advanced testing technologies, including but not limited to remote sensing and onboard diagnostics, and shall, to the extent permitted by law, pursue the use of such technologies, other than the "I/M 240" test, in motor vehicle emission inspections required by the United States Environmental Protection Agency pursuant to the federal Clean Air Act. The director shall adopt, to the extent practicable, advanced technologies to facilitate the retrieval of testing and other information concerning motor vehicles, which technologies shall include but not be limited to the use of computer bar codes and personal cards containing encoded information, such as a person's operating license, motor vehicle registration, and motor vehicle insurance, the inspection status of a motor vehicle, and mass transit fares, that can be accessed quickly by a computer.

c. Except as modified by the director to distribute evenly the volume of inspections, all motor vehicles required by the director, in accordance with the provisions of R.S.39:8-1, to be inspected under this chapter shall be inspected biennially, except that classes of vehicles that require more frequent inspections, such as school buses, shall be inspected at such shorter intervals as may be established by the director after consultation with the Department of Environmental Protection. At any time, the director may require the owner, lessee, or operator of a motor vehicle to submit the vehicle for inspection.

d. The director shall furnish to designated examiners or to other persons authorized to conduct inspections or to grant waivers official certificates of approval, rejection stickers or waiver certificates, the form, content and use of which he shall establish. The certificates of approval, rejection stickers and waiver certificates shall be of a type, such as a windshield sticker or license plate decal, that can be attached to the vehicle or license plate in a location that is readily visible to anyone viewing the vehicle. If a certificate of approval cannot be issued, the driver shall be
provided with a written inspection report describing the reasons for rejection and, if appropriate, the repairs needed or likely to be needed to bring the vehicle into compliance with applicable standards.

e. The director may, with the approval of the State House Commission, purchase, lease or acquire by the exercise of the power of eminent domain any property for the purpose of assisting him in carrying out the provisions of this chapter. This property may also be used by the director for the exercise of the duties and powers conferred upon him by the other chapters of this Title.

f. For the purpose of implementing the motor vehicle inspection requirements of the federal Clean Air Act and subject to the approval of the Attorney General, the State Treasurer, prior to January 1, 1997, may:

(1) Purchase, lease or acquire by eminent domain any property for vehicle inspection purposes. Any other provision of law to the contrary notwithstanding, no further approval shall be required for transactions authorized by this paragraph, except that a proposed purchase, lease or acquisition by eminent domain shall require the approval of the Joint Budget Oversight Committee, and shall be submitted to the Joint Budget Oversight Committee, which shall review the proposed purchase, lease or acquisition by eminent domain within 15 business days; and

(2) Sell or lease, or grant an easement in, any property acquired, held or used for vehicle inspection purposes or any other suitable property held by the State that is not currently in use or dedicated to another purpose. For the purpose of this paragraph and notwithstanding any provision of R.S.52:20-1 et seq. to the contrary, the sale or lease of, or the granting of an easement in, real property owned by the State shall be subject to the approval of the State House Commission, which shall meet at the call of the Governor to act on a proposed sale or lease or grant of an easement pursuant to this paragraph. A member of the State House Commission may permit a representative to act on that member's behalf in considering and voting on a sale or lease or grant of an easement pursuant to this paragraph. Any other provision of law to the contrary notwithstanding, any moneys derived from a sale, lease or granting of an easement by the State pursuant to this paragraph shall not be expended unless approved by the Joint Budget Oversight Committee for the purpose of purchasing, leasing or acquiring property pursuant to paragraph (1) of this subsection, except that any moneys derived therefrom and not approved for that purpose shall be appropriated to the Department of Transportation to provide for mass transit improvements.

g. The director shall conduct roadside examinations of motor vehicles required to be inspected, using such inspection equipment and procedures, and standards established pursuant to section 1 of P.L.1966, c.16 (C.26:2C-8.1), including, but not limited to, remote sensing technology, as
the director shall deem appropriate to provide for the monitoring of motor vehicles pursuant to this subsection. At least 20,000 vehicles or 0.5 percent of the total number of motor vehicles required to be inspected under this chapter, whichever is less, shall be inspected during each inspection cycle by roadside examination teams under the supervision of the director. The director may require any vehicle failing a roadside examination to be inspected at an official inspection facility or a private inspection facility within a time period fixed by the director. Failure to appear and pass inspection within the time period fixed by the director shall result in registration suspension in addition to any other penalties provided in this Title. The director shall conduct an aggressive roadside inspection program to ensure that all motor vehicles that are required to be inspected in this State are in compliance with State law.

h. The director, and, when appropriate, the Department of Environmental Protection, shall conduct inspections and audits of licensed private inspection facilities, official inspection facilities and designated examiners to ensure accurate test equipment calibration and use, and compliance with proper inspection procedures and with the provisions of P.L.1995, c.112 (C.39:8-41 et al.) and any regulations adopted pursuant thereto by the Division of Motor Vehicles or by the Department of Environmental Protection. These inspections and audits shall be conducted at such times and in such manner as the director, upon consultation with the Department of Environmental Protection, shall determine in order to provide quality assurance in the performance of the inspection and maintenance program.

i. (1) The director shall make a charge of $2.50 for the initial inspection for each vehicle subject to inspection, which amount shall be paid to the director or his representative when payment of the registration fees fixed in chapter 3 of this Title is made; provided however, that on and after January 1, 1999, a school bus as defined pursuant to section 3 of P.L.1999, c.5 (C.39:3B-20) and having a registration period commencing on or after January 1, 1999, shall be subject to an inspection fee for each in-terminal or in-lieu-of terminal inspection in accordance with the following schedule:

The specification inspection is required when a school bus is put into service in New Jersey, whether a new bus or a bus from another state. The specification inspection is conducted to ensure that the school bus meets New Jersey specification standards. The school bus inspection fee shall be charged to the operator for each in-terminal or in-lieu-of terminal inspection. School Vehicle Type I and School Vehicle Type II buses shall be
inspected semiannually. Retired school buses shall be inspected annually. No school bus inspection fee shall be charged for any reinspection conducted by the division on a previously scheduled trip or if the reinspection is conducted on the same day as the inspection that necessitated the reinspection. If an additional trip is required by the division's inspectors for a reinspection for out of service criteria, a fee of $25 per bus shall be charged. Inspection fees shall be paid to the director or the director's designee subject to the terms and conditions prescribed by the director. Any law or rule or regulation adopted pursuant thereto to the contrary notwithstanding, a registration fee authorized pursuant to chapter 3 of Title 39 of the Revised Statutes shall not be increased for the purpose of paying any costs associated in any manner with the establishment, implementation or operation of the motor vehicle inspection and maintenance program established pursuant to P.L.1995, c.112 (C.39:8-41 et al.).

(2) The director shall establish by regulation a fee to cover the costs of inspecting any vehicle that is required, or has the option, under federal law to be inspected in this State but is registered in another state or is owned or leased by the federal government. In determining these costs, the director shall include all capital and direct and indirect operating costs associated with the inspection of these vehicles including, but not limited to, the costs of the actual inspection, the creation and maintenance of the vehicle inspection record, administrative, oversight and quality assurance costs and the costs associated with reporting inspection information to the owner, the federal government and agencies of other states. All fees collected pursuant to this subsection shall be paid to the State Treasurer and deposited in the "Motor Vehicle Inspection Fund" established pursuant to subsection j. of this section.

j. There is established in the General Fund a special dedicated, non-lapsing fund to be known as the "Motor Vehicle Inspection Fund," which shall be administered by the State Treasurer. The State Treasurer shall deposit into the "Motor Vehicle Inspection Fund" $11.50 from each motor vehicle registration fee received by the State after June 30, 1995. The Legislature shall annually appropriate from the fund an amount necessary to pay the reasonable and necessary expenses of the implementation and operation of the motor vehicle inspection program. The State Treasurer shall:

(1) Pay to a private contractor or contractors contracted to design, construct, renovate, equip, establish, maintain and operate official inspection facilities under a contract or contracts entered into with the State Treasurer pursuant to subsection a. of section 4 of P.L.1995, c.112 (C.39:8-44) from the fund the amount necessary to meet the costs agreed to under the contract or contracts; and
(2) Transfer from the fund to the Division of Motor Vehicles and the Department of Environmental Protection the amounts necessary to finance the costs of administering and implementing all aspects of the inspection and maintenance program, and to the Office of Telecommunications and Information Systems in the Department of the Treasury the amount necessary for computer support upgrades;

Moneys remaining in the fund and any unexpended balance of appropriations from the fund at the end of each fiscal year shall be reappropriated for the purposes of the fund. Any interest earned on moneys in the fund shall be credited to the fund.

9. This act shall take effect on January 1, 1999 except that the division may immediately take such administrative and regulatory action as may be necessary to implement the provisions of this act.

   b. Changes in the operation and lending procedures of financial institutions have significantly restricted the amount of financing available for development activities prior to the initiation of construction;
   c. It is in the public interest to improve regulatory efficiency through standardized sewerage authority procedures;
   d. The public interest is best served through the use of standardized procedures to govern the approval and installation of utility improvements which are consistent with and follow the accepted procedures established in the "Municipal Land Use Law," P.L.1975, c.291 (C.40:55D-1 et seq.).
C.40:14A-39 Definitions relative to utility improvements for sewers.

2. As used in sections 3 through 8 of P.L.1999, c.11 (C.40:14A-40 through C.40:14A-45), "developer" means the legal or beneficial owner or owners of a lot or of any land proposed to be included in a proposed development, including the holder of an option or contract to purchase, or other person having an enforceable proprietary interest in such land, and who is submitting an application for the installation of utility improvements pursuant to P.L.1999, c.11 (C.40:14A-38 et al.). For the purposes of sections 1 through 8 of P.L.1999, c.11 (C.40:14A-38 through C.40:14A-45), "chief financial officer" means the authority official designated by Board of Commissioners to be responsible for the proper administration of the finances of the authority under the Local Bond Law, Local Fiscal Affairs Law, the Local Authorities Fiscal Control Law, the Local Public Contracts Law, and such other statutes, and such rules and regulations promulgated by the Director of the Division of Local Government Services, the Local Finance Board, or any other State agency as may pertain to the financial administration of the authority.

C.40:14A-40 Conditions of final site plan approval.

3. a. Before recording of final subdivision plats or as a condition of final site plan approval, the sewerage authority may require and shall accept in accordance with the standards adopted pursuant to sections 3 through 8 of P.L.1999, c.11 (C.40:14A-40 through C.40:14A-45) for the purpose of assuring the installation and maintenance of on-tract sewer facility improvements:

(1) The furnishing of a performance guarantee in favor of the sewerage authority in an amount not to exceed 120% of the cost of installation, which cost shall be determined or approved by the sewerage authority engineer according to the method of calculation set forth in section 7 of P.L.1999, c.11 (C.40:14A-44), for improvements which the sewerage authority may deem necessary or appropriate including sanitary sewers and related sewer facilities and improvements.

The sewerage authority engineer shall prepare an itemized cost estimate of the improvements covered by the performance guarantee, or approve an itemized cost estimate of the improvements as prepared by the developer's engineer, which itemized cost estimate shall be appended to each performance guarantee posted by the obligor.

(2) The furnishing of a maintenance guarantee to be posted with the sewerage authority for a period not to exceed two years after final acceptance of the improvement, in an amount not to exceed 15% of the cost of the improvement, which cost shall be determined by the sewerage authority.
b. The time allowed for installation of the improvements for which the performance guarantee has been provided may be extended by the sewerage authority by resolution. As a condition or as part of any such extension, the amount of any performance guarantee shall be increased or reduced, as the case may be, to an amount not to exceed 120% of the cost of the installation, which cost shall be determined by the sewerage authority engineer according to the method of calculation set forth in section 7 of P.L.1999, c.11 (C.40:14A-44).

c. If the required improvements are not completed or corrected in accordance with the performance guarantee, the obligor and surety, if any, shall be liable thereon to the sewerage authority for the reasonable cost of the improvements not completed or corrected and the sewerage authority may either prior to or after the receipt of the proceeds thereof complete such improvements. Such completion or correction of improvements shall be subject to the public bidding requirements of the "Local Public Contracts Law," P.L.1971, c.198 (C.40A:11-1 et seq.).

d. (1) Upon substantial completion of all required utility improvements, and the connection of same to the public system, the obligor may request of the sewerage authority in writing, by certified mail addressed in care of the chief administrative officer of the sewerage authority, that the sewerage authority prepare, in accordance with the itemized cost estimate prepared or approved by the sewerage authority engineer and appended to the performance guarantee pursuant to subsection a. of this section, a list of all uncompleted or unsatisfactory completed improvements. If such a request is made, the obligor shall send a copy of the request to the sewerage authority engineer. The request shall indicate which improvements have been completed and which improvements remain uncompleted in the judgment of the obligor. Thereupon the sewerage authority shall inspect all improvements covered by the obligor's request and shall file a detailed list and report, in writing, with the sewerage authority, and shall simultaneously send a copy thereof to the obligor not later than 45 days after receipt of the obligor's request.

(2) The list prepared by the sewerage authority shall state, in detail, with respect to each improvement determined to be incomplete or unsatisfactory, the nature and extent of the incompleteness of each incomplete improvement or the nature and extent of, and remedy for, the unsatisfactory state of each completed improvement determined to be unsatisfactory. The report prepared by the sewerage authority shall identify each improvement determined to be complete and satisfactory together with a recommendation as to the amount of reduction to be made in the performance guarantee
relating to the completed and satisfactory improvements, in accordance with
the itemized cost estimate prepared or approved by the sewerage authority
engineer and appended to the performance guarantee pursuant to subsection
a. of this section.

e. (1) The sewerage authority, by resolution, shall either approve the
improvements determined to be complete and satisfactory by the sewerage
authority, or reject any or all of these improvements upon the establishment
in the resolution of cause for rejection, and shall approve and authorize the
amount of reduction to be made in the performance guarantee relating to the
improvements accepted, in accordance with the itemized cost estimate
prepared or approved by the sewerage authority engineer and appended to
the performance guarantee pursuant to subsection a. of this section. This
resolution shall be adopted not later than 45 days after receipt of the list and
report prepared by the sewerage authority. Upon adoption of the resolution
by the sewerage authority, the obligor shall be released from all liability
pursuant to its performance guarantee, with respect to those approved
improvements except for that portion adequately sufficient to secure
completion or correction of the improvements not yet approved; provided
that an amount of the performance guarantee equal to the cost of the
remaining open improvements may be retained to ensure completion and
acceptability of all improvements.

(2) If the sewerage authority fails to send or provide the list and report
as requested by the obligor pursuant to subsection d. of this section within
45 days from receipt of the request, the obligor may apply to the court in a
summary manner for an order compelling the sewerage authority to provide
the list and report within a stated time and the cost of applying to the court,
including reasonable attorney's fees, may be awarded to the prevailing party.

If the sewerage authority fails to approve or reject the improvements
determined by the sewerage authority to be complete and satisfactory or
reduce the performance guarantee for the complete and satisfactory
improvements within 45 days from the receipt of the sewerage authority's
list and report, the obligor may apply to the court in a summary manner for
an order compelling, within a stated time, approval of the complete and
satisfactory improvements and approval of a reduction in the performance
guarantee for the approvable complete and satisfactory improvements in
accordance with the itemized cost estimate prepared or approved by the
sewerage authority engineer and appended to the performance guarantee
pursuant to subsection a. of this section; and the cost of applying to the
court, including reasonable attorney's fees, may be awarded to the prevailing
party.

(3) In the event that the obligor has made a cash deposit with the
sewerage authority as part of the performance guarantee, then any partial
reduction granted in the performance guarantee pursuant to this subsection shall be applied to the cash deposit in the same proportion as the original cash deposit bears to the full amount of the performance guarantee.

f. If any portion of the required improvements is rejected, the sewerage authority may require the obligor to complete or correct such improvements and, upon completion or correction, the same procedure of notification, as set forth in this section shall be followed.

g. Nothing herein, however, shall be construed to limit the right of the obligor to contest by legal proceedings any determination of the sewerage authority or the sewerage authority engineer.

h. The obligor shall reimburse the sewerage authority for all reasonable inspection fees paid to the sewerage authority for the foregoing inspection of improvements, provided that the sewerage authority may require of the developer a deposit for the inspection fees in an amount not to exceed, except for extraordinary circumstances, the greater of $500 or 5% of the cost of improvements, which cost shall be determined pursuant to section 7 of P.L.1999, c.11 (C.40:14A-44). The developer shall deposit with the sewerage authority the full amount of reasonably anticipated inspection fees unless the section of the development that is under construction is of a large size and the sewer or water utilities, or both, are going to be constructed in phases. When the developer and the sewerage authority reach agreement on the phasing of utility construction, the full amount of reasonably anticipated inspection fees for those phases scheduled to start construction shall be deposited with the sewerage authority. The sewerage authority shall not perform any inspection if sufficient funds to pay for those inspections are not on deposit.

i. In the event that final approval is by stages or sections of development, the provisions of this section shall be applied by stage or section.

j. To the extent that any of the improvements have been dedicated to the sewerage authority on the subdivision plat or site plan, the sewerage authority shall be deemed, upon the release of any performance guarantee required pursuant to subsection a. of this section, to accept dedication for public use of sewer facilities and any other improvements made thereon according to site plans and subdivision plats approved by the sewerage authority, provided that such improvements have been inspected and have received final approval by the sewerage authority.

C.40:14A-41 Payments to professionals for services rendered to sewerage authority.

4. a. The chief financial officer of a sewerage authority shall make all of the payments to professionals for services rendered to the sewerage authority for review of applications for development, review and preparation of documents, inspection of improvements or other purposes under the
provisions of sections 3 through 8 of P.L.1999, c.11 (C.40:14A-40 through C.40:14A-45). Such fees or charges shall be based upon a schedule established by resolution. The application review and inspection charges shall be limited only to professional charges for review of applications, review and preparation of documents and inspections of developments under construction and review by outside consultants when an application is of a nature beyond the scope of the expertise of the professionals normally utilized by the sewerage authority. The only costs that shall be added to any such charges shall be actual out-of-pocket expenses of any such professionals or consultants including normal and typical expenses incurred in processing applications and inspecting improvements. The sewerage authority shall not bill the applicant, or charge any escrow account or deposit authorized under subsection b. of this section, for any sewerage authority clerical or administrative functions, overhead expenses, meeting room charges, or any other sewerage authority costs and expenses except as provided for in this section, nor shall a sewerage authority professional add any such charges to his bill. If the salary, staff support and overhead for a sewerage authority professional are provided by the sewerage authority, the charge shall not exceed 200% of the sum of the products resulting from multiplying (1) the hourly base salary, which shall be established annually by resolution, of each of the professionals by (2) the number of hours spent by the respective professional upon review of the application for development or inspection of the developer's improvements, as the case may be. For other professionals the charge shall be at the same rate as all other work of the same nature by the professional for the sewerage authority when fees are not reimbursed or otherwise imposed on applicants or developers.

b. If the sewerage authority requires of the developer a deposit toward anticipated sewerage authority expenses for these professional services, the deposit shall be placed in an escrow account pursuant to section 1 of P.L.1985, c.314 (C.40:14A-7.3). The amount of the deposit required shall be reasonable in regard to the scale and complexity of the development. The amount of the initial deposit required shall be established by the rules and regulations of the sewerage authority or by resolution of the sewerage authority, or both. For review of applications for development proposing a subdivision, the amount of the deposit shall be calculated based on the number of proposed lots. For review of applications for development proposing a site plan, the amount of the deposit shall be based on the area of the site to be developed, or the square footage of buildings to be constructed, or both. Deposits for inspection fees shall be established in accordance with subsection h. of section 3 of P.L.1999, c.11 (C.40:14A-40).

c. Each payment charged to the deposit for review of applications, review and preparation of documents and inspection of improvements shall
be pursuant to a voucher from the professional, which voucher shall identify the personnel performing the service, and for each date the services were performed, the hours spent to one-quarter hour increments, the hourly rate and the expenses incurred. All professionals shall submit vouchers to the chief financial officer of the sewerage authority on a monthly basis in accordance with schedules and procedures established by the chief financial officer of the sewerage authority. If the services are provided by a sewerage authority employee, the sewerage authority employee shall prepare and submit to the chief financial officer of the sewerage authority a statement containing the same information as required on a voucher, on a monthly basis. The professional shall send an informational copy of all vouchers or statements submitted to the chief financial officer of the sewerage authority simultaneously to the applicant. The chief financial officer of the sewerage authority shall prepare and send to the applicant a statement which shall include an accounting of funds listing all deposits, interest earnings, disbursements, and the cumulative balance of the escrow account. This information shall be provided on a quarterly basis, if monthly charges are $1,000 or less, or on a monthly basis if monthly charges exceed $1,000. If an escrow account or deposit contains insufficient funds to enable the sewerage authority to perform required application reviews or improvement inspections, the chief financial officer of the sewerage authority shall provide the applicant with a notice of the insufficient escrow or deposit balance. In order for work to continue on the development or the application, the applicant shall within a reasonable time period post a deposit to the account in an amount to be agreed upon by the sewerage authority and the applicant. In the interim, any required health and safety inspections shall be made and charged back against the replenishment of funds.

d. The following close-out procedure shall apply to all deposits and escrow accounts established under the provisions of sections 3 through 8 of P.L.1999, c.11 (C.40:14A-40 through C.40:14A-45) and shall commence after the sewerage authority has granted final approval and signed the subdivision plat or site plan, in the case of application review escrows and deposits, or after the improvements have been approved as provided in section 3 of P.L.1999, c.11 (C.40:14A-40), in the case of improvement inspection escrows and deposits. The applicant shall send written notice by certified mail to the chief financial officer of the sewerage authority, and to the relevant sewerage authority professional, that the application or the improvements, as the case may be, are completed. After receipt of such notice, the professional shall render a final bill to the chief financial officer of the sewerage authority within 30 days, and shall send a copy simultaneously to the applicant. The chief financial officer of the sewerage authority shall render a written final accounting to the applicant on the uses
to which the deposit was put within 45 days of receipt of the final bill. Any balances remaining in the deposit or escrow account, including interest in accordance with section 1 of P.L.1985, c.314 (C.40:14A-7.3), shall be refunded to the developer along with the final accounting.

e. All professional charges for review of an application for development, review and preparation of documents or inspection of improvements shall be reasonable and necessary, given the status and progress of the application or construction. Review fees shall be charged only in connection with an application for development presently pending before the sewerage authority or upon review of compliance with conditions of approval, or review of requests for modification or amendment made by the applicant. A professional shall not review items which are subject to approval by any State governmental agency and not under sewerage authority jurisdiction except to the extent consultation with a State agency is necessary due to the effect of State approvals in the subdivision or site plan. Inspection fees shall be charged only for actual work shown on a subdivision or site plan or required by an approving resolution. Professionals inspecting improvements under construction shall charge only for inspections that are reasonably necessary to check the progress and quality of the work and such inspections shall be reasonably based on the approved development plans and documents.

f. If the sewerage authority retains a different professional or consultant in the place of the professional originally responsible for development, application review, or inspection of improvements, the sewerage authority shall be responsible for all time and expenses of the new professional to become familiar with the application or the project, and the sewerage authority shall not bill the applicant or charge the deposit or the escrow account for any such services.

C.40:14A-42 Maintenance, performance guarantee; cash requirement

5. A sewerage authority shall not require that a maintenance guarantee required pursuant to section 3 of P.L.1999, c.11 (C.40:14A-40) be in cash or that more than 10% of a performance guarantee pursuant to that section be in cash. A developer may, however, provide at his option some or all of a maintenance guarantee in cash, or more than 10% of a performance guarantee in cash.

C.40:14A-43 Disputes by applicant of charges made by professional; appeal

6. a. An applicant shall notify in writing the sewerage authority with copies to the chief financial officer and the professional whenever the applicant disputes the charges made by a professional for service rendered to the sewerage authority in reviewing applications for development, review and preparation of documents, inspection of improvements, or other charges
made pursuant to the provisions of sections 3 through 8 of P.L.1999, c.11 (C.40:14A:40 through C.40:14A:45). The disputed charges shall be specifically outlined in the correspondence including the dates, time and personnel in dispute. The sewerage authority, or its designee, shall within a reasonable time period attempt to remediate any disputed charges. If the matter is not resolved to the satisfaction of the applicant, the applicant may appeal to the county construction board of appeals established under section 9 of P.L.1975, c.217 (C.52:27D:127) any charge to an escrow account or a deposit by any sewerage authority professional or consultant, or the cost of the installation of improvements estimated by the sewerage authority engineer pursuant to section 7 of P.L.1999, c.11 (C.40:14A:44). An applicant or his authorized agent shall submit the appeal in writing to the county construction board of appeals. The applicant or his authorized agent shall simultaneously send a copy of the appeal to the sewerage authority and any professional whose charge is the subject of the appeal. An applicant shall file an appeal within 45 days from receipt of the informational copy of the professional's voucher required by subsection c. of section 4 of P.L.1999, c.11 (C.40:14A:41), except that if the professional has not supplied the applicant with an informational copy of the voucher, then the applicant shall file his appeal within 60 days from receipt of the sewerage authority statement of activity against the deposit or escrow account required by subsection c. of section 4 of P.L.1999, c.11 (C.40:14A:41). An applicant may file an appeal for an ongoing series of charges by a professional during a period not exceeding six months to demonstrate that they represent a pattern of excessive or inaccurate charges. An applicant making use of this provision need not appeal each charge individually.

b. The county construction board of appeals shall hear the appeal, render a decision thereon, and file its decision with a statement of the reasons therefor with the sewerage authority not later than 10 business days following the submission of the appeal, unless such period of time has been extended with the consent of the applicant. The decision may approve, disapprove, or modify the professional charges appealed from. A copy of the decision shall be forwarded by certified or registered mail to the party making the appeal, the sewerage authority, and the professional involved in the appeal. Failure by the board to hear an appeal and render and file a decision thereon within the time limits prescribed in this subsection shall be deemed a denial of the appeal for purposes of a complaint, application, or appeal to a court of competent jurisdiction.

c. The county construction board of appeals shall provide rules for its procedure in accordance with this section. The board shall have the power to administer oaths and issue subpoenas to compel the attendance of witnesses and the production of relevant evidence, and the provisions of the

d. During the pendency of any appeal, the sewerage authority shall continue to process, hear, and decide the application for development, and to inspect the development in the normal course, and shall not withhold, delay, or deny reviews, inspections, signing of subdivision plats or site plans, the reduction or the release of performance or maintenance guarantees, the issuance of construction permits or certificates of occupancy, or any other approval or permit because an appeal has been filed or is pending under this section. The chief financial officer of the sewerage authority may pay disputed charges out of the appropriate escrow account or deposit for which an appeal has been filed. If a charge is disallowed after payment, the chief financial officer of the sewerage authority shall reimburse the deposit or escrow account in the amount of any such disallowed charge or refund the amount to the applicant. If a charge is disallowed after payment to a professional or consultant who is not an employee of the sewerage authority, the professional or consultant shall reimburse the sewerage authority in the amount of any such disallowed charge.

e. The Commissioner of Community Affairs shall promulgate rules and regulations pursuant to the "Administrative Procedure Act," P.L. 1968, c.410 (C.52:14B-1 et seq.), to effectuate the purposes of this section.

7. The cost of the installation of improvements for the purposes of section 3 of P.L. 1999, c.11 (C.40:14A-40) shall be estimated by the sewerage authority engineer or by the applicant's engineer based on documented construction costs for public improvements prevailing in the general area of the sewerage authority. Any estimate prepared by the applicant's engineer shall be subject to approval by the sewerage authority engineer. The developer may appeal the sewerage authority engineer's estimate or decision to the county construction board of appeals established under section 9 of P.L. 1975, c.217 (C.52:27D-127).

C.40:14A-45 Acceptance of performance, maintenance guarantee which is irrevocable letter of credit.

8. The sewerage authority shall, for the purposes of section 3 of P.L. 1999, c.11 (C.40:14A-40), accept a performance guarantee or maintenance guarantee which is an irrevocable letter of credit if it:

a. Constitutes an unconditional payment obligation of the issuer running solely to the sewerage authority for an express initial period of time in the amount determined pursuant to section 3 of P.L. 1999, c.11 (C.40:14A-40);
b. Is issued by a banking or savings institution authorized to do and doing business in this State;
c. Is for a period of time of at least one year; and
d. Permits the sewerage authority to draw upon the letter of credit if the obligor fails to furnish another letter of credit which complies with the provisions of this section 30 days or more in advance of the expiration date of the letter of credit or such longer period in advance thereof as is stated in the letter of credit.

C.40:14B-71 Findings, declarations relative to municipal review, approval of plans for utility improvements.

9. The Legislature hereby finds and declares that:
   a. It is necessary for the protection of the public health and safety that municipal authorities review and approve plans for utility improvements which developers will convey to municipal authorities or which will serve more than one user or service unit;
   b. Changes in the operation and lending procedures of financial institutions have significantly restricted the amount of financing available for development activities prior to the initiation of construction;
   c. It is in the public interest to improve regulatory efficiency through standardized municipal authority procedures;
   d. The public interest is best served through the use of standardized procedures to govern the approval and installation of utility improvements which are consistent with and follow the accepted procedures established in the "Municipal Land Use Law," P.L.1975, c.291 (C.40:55D-1 et seq.).

C.40:14B-72 Definitions relative to municipal review, approval of plans for utility improvements.

10. As used in sections 11 through 16 of P.L.1999, c.11 (C.40:14B-73 through C.40:14B-78), "developer" means the legal or beneficial owner or owners of a lot or of any land proposed to be included in a proposed development, including the holder of an option or contract to purchase, or other person having an enforceable proprietary interest in such land, and who is submitting an application for the installation of utility improvements pursuant to P.L.1999, c.11 (C.40:14A-38 et al.). For the purposes of sections 9 through 16 of P.L.1999, c.11 (C.40:14B-71 through C.40:14B-78), "chief financial officer" means the authority official designated by Board of Commissioners to be responsible for the proper administration of the finances of the authority under the Local Bond Law, Local Fiscal Affairs Law, the Local Authorities Fiscal Control Law, the Local Public Contracts Law, and such other statutes, and such rules and regulations promulgated by the Director of the Division of Local Government Services, the Local
Finance Board, or any other State agency as may pertain to the financial administration of the authority.

C.40:14B-73 Conditions of final site plan approval.

11. a. Before recording of final subdivision plats or as a condition of final site plan approval, the municipal authority may require and shall accept in accordance with the standards adopted pursuant to sections 11 through 16 of P.L.1999, c.11 (C.40:14B-73 through C.40:14B-78) for the purpose of assuring the installation and maintenance of on-tract utility improvements:

(1) The furnishing of a performance guarantee in favor of the municipal authority in an amount not to exceed 120% of the cost of installation, which cost shall be determined or approved by the municipal authority engineer according to the method of calculation set forth in section 15 of P.L.1999, c.11 (C.40:14B-77), for improvements which the municipal authority may deem necessary or appropriate including sanitary sewers and related utility facilities and improvements.

The municipal authority engineer shall prepare an itemized cost estimate of the improvements covered by the performance guarantee, or approve an itemized cost estimate of the improvements as prepared by the developer's engineer, which itemized cost estimate shall be appended to each performance guarantee posted by the obligor.

(2) The furnishing of a maintenance guarantee to be posted with the municipal authority for a period not to exceed two years after final acceptance of the improvement, in an amount not to exceed 15% of the cost of the improvement, which cost shall be determined by the municipal authority engineer according to the method of calculation set forth in section 15 of P.L.1999, c.11 (C.40:14B-77).

b. The time allowed for installation of the improvements for which the performance guarantee has been provided may be extended by the municipal authority by resolution. As a condition or as part of any such extension, the amount of any performance guarantee shall be increased or reduced, as the case may be, to an amount not to exceed 120% of the cost of the installation, which cost shall be determined by the municipal authority engineer according to the method of calculation set forth in section 15 of P.L.1999, c.11 (C.40:14B-77) as of the time of the passage of the resolution.

c. If the required improvements are not completed or corrected in accordance with the performance guarantee, the obligor and surety, if any, shall be liable thereon to the municipal authority for the reasonable cost of the improvements not completed or corrected and the municipal authority may either prior to or after the receipt of the proceeds thereof complete such improvements. Such completion or correction of improvements shall be
subject to the public bidding requirements of the "Local Public Contracts Law," P.L.1971, c.198 (C.40A:11-1 et seq.).

d. (1) Upon substantial completion of all required utility improvements, and the connection of same to the public system, the obligor may request of the municipal authority in writing, by certified mail addressed in care of the chief administrative officer of the municipal authority, that the municipal authority prepare, in accordance with the itemized cost estimate prepared or approved by the municipal authority engineer and appended to the performance guarantee pursuant to subsection a. of this section, a list of all uncompleted or unsatisfactory completed improvements. If such a request is made, the obligor shall send a copy of the request to the municipal authority engineer. The request shall indicate which improvements have been completed and which improvements remain uncompleted in the judgment of the obligor. Thereupon the municipal authority shall inspect all improvements covered by the obligor's request and shall file a detailed list and report, in writing, with the municipal authority, and shall simultaneously send a copy thereof to the obligor not later than 45 days after receipt of the obligor's request.

(2) The list prepared by the municipal authority shall state, in detail, with respect to each improvement determined to be incomplete or unsatisfactory, the nature and extent of the incompleteness of each incomplete improvement or the nature and extent of, and remedy for, the unsatisfactory state of each completed improvement determined to be unsatisfactory. The report prepared by the municipal authority shall identify each improvement determined to be complete and satisfactory together with a recommendation as to the amount of reduction to be made in the performance guarantee relating to the completed and satisfactory improvements, in accordance with the itemized cost estimate prepared or approved by the municipal authority engineer and appended to the performance guarantee pursuant to subsection a. of this section.

e. (1) The municipal authority, by resolution, shall either approve the improvements determined to be complete and satisfactory by the municipal authority, or reject any or all of these improvements upon the establishment in the resolution of cause for rejection, and shall approve and authorize the amount of reduction to be made in the performance guarantee relating to the improvements accepted, in accordance with the itemized cost estimate prepared or approved by the municipal authority engineer and appended to the performance guarantee pursuant to subsection a. of this section. This resolution shall be adopted not later than 45 days after receipt of the list and report prepared by the municipal authority. Upon adoption of the resolution by the municipal authority, the obligor shall be released from all liability pursuant to its performance guarantee, with respect to those approved
improvements except for that portion adequately sufficient to secure completion or correction of the improvements not yet approved; provided that an amount of the performance guarantee equal to the cost of the remaining open improvements may be retained to ensure completion and acceptability of all improvements.

(2) If the municipal authority fails to send or provide the list and report as requested by the obligor pursuant to subsection d. of this section within 45 days from receipt of the request, the obligor may apply to the court in a summary manner for an order compelling the municipal authority to provide the list and report within a stated time and the cost of applying to the court, including reasonable attorney's fees, may be awarded to the prevailing party.

If the municipal authority fails to approve or reject the improvements determined by the municipal authority to be complete and satisfactory or reduce the performance guarantee for the complete and satisfactory improvements within 45 days from the receipt of the municipal authority's list and report, the obligor may apply to the court in a summary manner for an order compelling, within a stated time, approval of the complete and satisfactory improvements and approval of a reduction in the performance guarantee for the approvable complete and satisfactory improvements in accordance with the itemized cost estimate prepared or approved by the municipal authority engineer and appended to the performance guarantee pursuant to subsection a. of this section; and the cost of applying to the court, including reasonable attorney's fees, may be awarded to the prevailing party.

(3) In the event that the obligor has made a cash deposit with the municipal authority as part of the performance guarantee, then any partial reduction granted in the performance guarantee pursuant to this subsection shall be applied to the cash deposit in the same proportion as the original cash deposit bears to the full amount of the performance guarantee.

f. If any portion of the required improvements is rejected, the municipal authority may require the obligor to complete or correct such improvements and, upon completion or correction, the same procedure of notification, as set forth in this section shall be followed.

g. Nothing herein, however, shall be construed to limit the right of the obligor to contest by legal proceedings any determination of the municipal authority or the municipal authority engineer.

h. The obligor shall reimburse the municipal authority for all reasonable inspection fees paid to the municipal authority for the foregoing inspection of improvements; provided that the municipal authority may require of the developer a deposit for the inspection fees in an amount not to exceed, except for extraordinary circumstances, the greater of $500 or 5% of the cost of improvements, which cost shall be determined pursuant to
section 15 of P.L.1999, c.11 (C.40:14B-77). The developer shall deposit with the municipal authority the full amount of reasonably anticipated inspection fees unless the section of the development that is under construction is of a large size and the sewer or water utilities, or both, are going to be constructed in phases. When the developer and the municipal authority reach agreement on the phasing of utility construction, the full amount of reasonably anticipated inspection fees for those phases scheduled to start construction shall be deposited with the municipal authority. The municipal authority shall not perform any inspection if sufficient funds to pay for those inspections are not on deposit.

i. In the event that final approval is by stages or sections of development, the provisions of this section shall be applied by stage or section.

j. To the extent that any of the improvements have been dedicated to the municipal authority on the subdivision plat or site plan, the municipal authority shall be deemed, upon the release of any performance guarantee required pursuant to subsection a. of this section, to accept dedication for public use of water and sewer facilities and any other improvements made thereon according to site plans and subdivision plats approved by the municipal authority, provided that such improvements have been inspected and have received final approval by the municipal authority.

C.40:14B-74 Payments to professionals for services rendered to municipal authority.

12. a. The chief financial officer of a municipal authority shall make all of the payments to professionals for services rendered to the municipal authority for review of applications for development, review and preparation of documents, inspection of improvements or other purposes under the provisions of sections 11 through 16 of P.L.1999, c.11 (C.40:14B-73 through C.40:14B-78). Such fees or charges shall be based upon a schedule established by resolution. The application review and inspection charges shall be limited only to professional charges for review of applications, review and preparation of documents and inspections of developments under construction and review by outside consultants when an application is of a nature beyond the scope of the expertise of the professionals normally utilized by the municipal authority. The only costs that shall be added to any such charges shall be actual out-of-pocket expenses of any such professionals or consultants including normal and typical expenses incurred in processing applications and inspecting improvements. The municipal authority shall not bill the applicant, or charge any escrow account or deposit authorized under subsection b. of this section, for any municipal authority clerical or administrative functions, overhead expenses, meeting room charges, or any other municipal authority costs and expenses except as provided for in this section, nor shall a municipal authority professional
add any such charges to his bill. If the salary, staff support and overhead for a municipal authority professional are provided by the municipal authority, the charge shall not exceed 200% of the sum of the products resulting from multiplying (1) the hourly base salary, which shall be established annually by resolution, of each of the professionals by (2) the number of hours spent by the respective professional upon review of the application for development or inspection of the developer's improvements, as the case may be. For other professionals the charge shall be at the same rate as all other work of the same nature by the professional for the municipal authority when fees are not reimbursed or otherwise imposed on applicants or developers.

b. If the municipal authority requires of the developer a deposit toward anticipated municipal authority expenses for these professional services, the deposit shall be placed in an escrow account pursuant to section 1 of P.L.1985, c.316 (C.40:14B-20.1). The amount of the deposit required shall be reasonable in regard to the scale and complexity of the development. The amount of the initial deposit required shall be established by the rules and regulations of the municipal authority or by resolution of the municipal authority, or both. For review of applications for development proposing a subdivision, the amount of the deposit shall be calculated based on the number of proposed lots. For review of applications for development proposing a site plan, the amount of the deposit shall be based on the area of the site to be developed, or the square footage of buildings to be constructed, or both. Deposits for inspection fees shall be established in accordance with subsection h. of section 11 of P.L.1999, c.11 (C.40:14B-73).

c. Each payment charged to the deposit for review of applications, review and preparation of documents and inspection of improvements shall be pursuant to a voucher from the professional, which voucher shall identify the personnel performing the service, and for each date the services were performed, the hours spent to one-quarter hour increments, the hourly rate and the expenses incurred. All professionals shall submit vouchers to the chief financial officer of the municipal authority on a monthly basis in accordance with schedules and procedures established by the chief financial officer of the municipal authority. If the services are provided by a municipal authority employee, the municipal authority employee shall prepare and submit to the chief financial officer of the municipal authority a statement containing the same information as required on a voucher, on a monthly basis. The professional shall send an informational copy of all vouchers or statements submitted to the chief financial officer of the municipal authority simultaneously to the applicant. The chief financial officer of the municipal authority shall prepare and send to the applicant a statement which shall include an accounting of funds listing all deposits,
interest earnings, disbursements, and the cumulative balance of the escrow account. This information shall be provided on a quarterly basis, if monthly charges are $1,000 or less, or on a monthly basis if monthly charges exceed $1,000. If an escrow account or deposit contains insufficient funds to enable the municipal authority to perform required application reviews or improvement inspections, the chief financial officer of the municipal authority shall provide the applicant with a notice of the insufficient escrow or deposit balance. In order for work to continue on the development or the application, the applicant shall within a reasonable time period post a deposit to the account in an amount to be agreed upon by the municipal authority and the applicant. In the interim, any required health and safety inspections shall be made and charged back against the replenishment of funds.

d. The following close-out procedure shall apply to all deposits and escrow accounts established under the provisions of sections 11 through 16 of P.L.1999, c.11 (C.40:14B-73 through C.40:14B-78) and shall commence after the municipal authority has granted final approval and signed the subdivision plat or site plan, in the case of application review escrows and deposits, or after the improvements have been approved as provided in section 11 of P.L.1999, c.11 (C.40:14B-73), in the case of improvement inspection escrows and deposits. The applicant shall send written notice by certified mail to the chief financial officer of the municipal authority, and to the relevant municipal authority professional, that the application or the improvements, as the case may be, are completed. After receipt of such notice, the professional shall render a final bill to the chief financial officer of the municipal authority within 30 days, and shall send a copy simultaneously to the applicant. The chief financial officer of the municipal authority shall render a written final accounting to the applicant on the uses to which the deposit was put within 45 days of receipt of the final bill. Any balances remaining in the deposit or escrow account, including interest in accordance with section 1 of P.L.1985, c.316 (C.40:14B-20.1), shall be refunded to the developer along with the final accounting.

e. All professional charges for review of an application for development, review and preparation of documents or inspection of improvements shall be reasonable and necessary, given the status and progress of the application or construction. Review fees shall be charged only in connection with an application for development presently pending before the municipal authority or upon review of compliance with conditions of approval, or review of requests for modification or amendment made by the applicant. A professional shall not review items which are subject to approval by any State governmental agency and not under municipal authority jurisdiction except to the extent consultation with a State agency
is necessary due to the effect of State approvals in the subdivision or site plan. Inspection fees shall be charged only for actual work shown on a subdivision or site plan or required by an approving resolution. Professionals inspecting improvements under construction shall charge only for inspections that are reasonably necessary to check the progress and quality of the work and such inspections shall be reasonably based on the approved development plans and documents.

f. If the municipal authority retains a different professional or consultant in the place of the professional originally responsible for development, application review, or inspection of improvements, the municipal authority shall be responsible for all time and expenses of the new professional to become familiar with the application or the project, and the municipal authority shall not bill the applicant or charge the deposit or the escrow account for any such services.

C.40:14B-75 Maintenance, performance guarantee; cash requirement.

13. A municipal authority shall not require that a maintenance guarantee required pursuant to section 11 of P.L.1999, c.11 (C.40:14B-73) be in cash or that more than 10% of a performance guarantee pursuant to that section be in cash. A developer may, however, provide at his option some or all of a maintenance guarantee in cash, or more than 10% of a performance guarantee in cash.

C.40:14B-76 Disputes by applicant of charges made by professional; appeal.

14. a. An applicant shall notify in writing the municipal authority with copies to the chief financial officer and the professional whenever the applicant disputes the charges made by a professional for service rendered to the municipal authority in reviewing applications for development, review and preparation of documents, inspection of improvements, or other charges made pursuant to the provisions of sections 11 through 16 of P.L.1999, c.11 (C.40:14B-73 through C.40:14B-78). The disputed charges shall be specifically outlined in the correspondence including the dates, time and personnel in dispute. The municipal authority, or its designee, shall within a reasonable time period attempt to remediate any disputed charges. If the matter is not resolved to the satisfaction of the applicant, the applicant may appeal to the county construction board of appeals established under section 9 of P.L.1975, c.217 (C.52:27D-127) any charge to an escrow account or a deposit by any municipal authority professional or consultant, or the cost of the installation of improvements estimated by the municipal authority engineer pursuant to section 15 of P.L.1999, c.11 (C.40:14B-77). An applicant or his authorized agent shall submit the appeal in writing to the county construction board of appeals. The applicant or his authorized agent shall simultaneously send a copy of the appeal to the municipal authority
and any professional whose charge is the subject of the appeal. An applicant shall file an appeal within 45 days from receipt of the informational copy of the professional’s voucher required by subsection c. of section 12 of P.L.1999, c.11 (C.40:14B-74), except that if the professional has not supplied the applicant with an informational copy of the voucher, then the applicant shall file his appeal within 60 days from receipt of the municipal authority statement of activity against the deposit or escrow account required by subsection c. of section 12 of P.L.1999, c.11 (C.40:14B-74). An applicant may file an appeal for an ongoing series of charges by a professional during a period not exceeding six months to demonstrate that they represent a pattern of excessive or inaccurate charges. An applicant making use of this provision need not appeal each charge individually.

b. The county construction board of appeals shall hear the appeal, render a decision thereon, and file its decision with a statement of the reasons therefor with the municipal authority not later than 10 business days following the submission of the appeal, unless such period of time has been extended with the consent of the applicant. The decision may approve, disapprove, or modify the professional charges appealed from. A copy of the decision shall be forwarded by certified or registered mail to the party making the appeal, the municipal authority, and the professional involved in the appeal. Failure by the board to hear an appeal and render and file a decision thereon within the time limits prescribed in this subsection shall be deemed a denial of the appeal for purposes of a complaint, application, or appeal to a court of competent jurisdiction.

c. The county construction board of appeals shall provide rules for its procedure in accordance with this section. The board shall have the power to administer oaths and issue subpoenas to compel the attendance of witnesses and the production of relevant evidence, and the provisions of the "County and Municipal Investigations Law," P.L.1953, c.38 (C.2A:67A-1 et seq.) shall apply.

d. During the pendency of any appeal, the municipal authority shall continue to process, hear, and decide the application for development, and to inspect the development in the normal course, and shall not withhold, delay, or deny reviews, inspections, signing of subdivision plats or site plans, the reduction or the release of performance or maintenance guarantees, the issuance of construction permits or certificates of occupancy, or any other approval or permit because an appeal has been filed or is pending under this section. The chief financial officer of the municipal authority may pay disputed charges out of the appropriate escrow account or deposit for which an appeal has been filed. If a charge is disallowed after payment, the chief financial officer of the municipal authority shall reimburse the deposit or escrow account in the amount of any such disallowed charge or
refund the amount to the applicant. If a charge is disallowed after payment to a professional or consultant who is not an employee of the municipal authority, the professional or consultant shall reimburse the municipal authority in the amount of any such disallowed charge.

e. The Commissioner of Community Affairs shall promulgate rules and regulations pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), to effectuate the purposes of this section.

C.40:14B-77 Estimate of cost of installation of improvements.

15. The cost of the installation of improvements for the purposes of section 11 of P.L.1999, c.11 (C.40:14B-73) shall be estimated by the municipal authority engineer or by the applicant's engineer based on documented construction costs for public improvements prevailing in the general area of the municipal authority. Any estimate prepared by the applicant's engineer shall be subject to approval by the sewerage authority engineer. The developer may appeal the municipal authority engineer's estimate or decision to the county construction board of appeals established under section 9 of P.L.1975, c.217 (C.52:27D-127).

C.40:14B-78 Acceptance of performance, maintenance guarantee which is irrevocable letter of credit.

16. The municipal authority shall, for the purposes of section 11 of P.L.1999, c.11 (C.40:14B-73), accept a performance guarantee or maintenance guarantee which is an irrevocable letter of credit if it:

a. Constitutes an unconditional payment obligation of the issuer running solely to the municipal authority for an express initial period of time in the amount determined pursuant to section 11 of P.L.1999, c.11 (C.40:14B-73);

b. Is issued by a banking or savings institution authorized to do and doing business in this State;

c. Is for a period of time of at least one year; and

d. Permits the municipal authority to draw upon the letter of credit if the obligor fails to furnish another letter of credit which complies with the provisions of this section 30 days or more in advance of the expiration date of the letter of credit or such longer period in advance thereof as is stated in the letter of credit.

17. This act shall take effect 90 days after enactment.

b. To enter into agreements with federal and State of New Jersey agencies, after consultation with the code advisory board, to provide insofar as practicable (1) single-agency review of construction plans and inspection of construction and (2) intergovernmental acceptance of such review and inspection to avoid unnecessary duplication of effort and fees. The commissioner shall have the power to enter into such agreements although the federal standards are not identical with State standards; provided that the same basic objectives are met. The commissioner shall have the power through such agreements to bind the State of New Jersey and all governmental entities deriving authority therefrom.
c. To take testimony and hold hearings relating to any aspect of or matter relating to the administration or enforcement of this act, including but not limited to prospective interpretation of the code so as to resolve inconsistent or conflicting code interpretations, and, in connection therewith, issue subpoena to compel the attendance of witnesses and the production of evidence. (3) (Deleted by amendment, P.L.1983, c.338).

(1) Setting the amount of and the charging of fees to be paid to the department by a private agency for the review of applications for and the issuance of approvals authorizing a private agency to act as an on-site inspection and plan review agency or an in-plant inspection agency;
(2) The setting of the amounts of fees to be charged by a private agency for inspection and plan review services; provided, however, that such fees shall not be more than those adopted and charged by the department when it serves as a local enforcement agency pursuant to section 10 of P.L.1975, c.217 (C.52:27D-128); and

k. To monitor the compliance of local enforcing agencies with the provisions of the "State Uniform Construction Code Act," P.L.1975, c.217 (C.52:27D-119 et seq.), to order corrective action as may be necessary where a local enforcing agency is found to be failing to carry out its responsibilities under that act, to supplant or replace the local enforcing agency for a specific project, and to order it dissolved and replaced by the department where the local enforcing agency repeatedly or habitually fails to enforce the provisions of the "State Uniform Construction Code Act."

l. To adopt, amend and repeal rules and regulations concerning the installation and maintenance of carbon monoxide sensors.

5. a. During the first 18 months following the adoption of regulations pursuant to section 6 of P.L.1999, c.15 (C.52:27D-133.4), the Commissioner of Community Affairs shall conduct a study to determine the impact of sections 2 and 3 of P.L.1999, c.15 (C.55:13A-7.17 and C.55:13B-6.1) and issue a report pursuant to subsection b. of this section. The study shall consider public health needs, cost issues, the effectiveness of current technology and such other issues as the commissioner deems appropriate to evaluate the effectiveness of carbon monoxide devices used in hotels, multiple dwellings, and rooming and boarding houses.

b. A report of the study's findings and determinations, including whether section 1 of P.L.1999, c.15 (C.52:27D-133.3), or any part thereof, shall become operative, shall be submitted to the Governor, President of the Senate and Speaker of the General Assembly upon the completion of the study and report period established in subsection a. of this section.

CHAPTER 16

AN ACT concerning mental health services for inmates, amending N.J.S.2C:4-6 and supplementing chapter 1B of Title 30 of the New Jersey Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. N.J.S.2C:4-6 is amended to read as follows:

Determination of fitness to proceed; effect of finding of unfitness; proceedings if fitness is regained; post-commitment hearing.

2C:4-6. Determination of Fitness to Proceed; Effect of Finding of Unfitness; Proceedings if Fitness is Regained; Post-Commitment Hearing.

a. When the issue of the defendant's fitness to proceed is raised, the issue shall be determined by the court. If neither the prosecutor nor counsel for the defendant contests the finding of the report filed pursuant to section 2C:4-5, the court may make the determination on the basis of such report. If the finding is contested or if there is no report, the court shall hold a hearing on the issue. If the report is received in evidence upon such hearing, either party shall have the right to summon and examine the psychiatrists or licensed psychologists who joined in the report and to offer evidence upon the issue.
b. If the court determines that the defendant lacks fitness to proceed, the proceeding against him shall be suspended, except as provided in subsection c. of this section. At this time, the court may commit him to the custody of the Commissioner of Human Services to be placed in an appropriate institution if it is found that the defendant is so dangerous to himself or others as to require institutionalization, or it shall proceed to determine whether placement in an out-patient setting or release is appropriate; provided, however, that no commitment to any institution shall be in excess of such period of time during which it can be determined whether it is substantially probable that the defendant could regain his competence within the foreseeable future.

If the court determines that the defendant is fit to proceed, but suffers from mental illness, as defined in section 2 of P.L.1987, c.116 (C.30:4-27.2), that does not require institutionalization, the court shall order the defendant to be provided appropriate treatment in the jail or prison in which the defendant is incarcerated. Where the defendant is incarcerated in a county correctional facility, the county shall provide or arrange for this treatment. The Department of Corrections shall reimburse the county for the reasonable costs of treatment, as determined by the Commissioner of Corrections, provided that the county has submitted to the commissioner such documentation and verification as the commissioner shall require.

c. If the defendant has not regained his fitness to proceed within three months, the court shall hold a hearing on the issue of whether the charges against him shall be dismissed with prejudice or held in abeyance.

The hearing shall be held only upon notice to the prosecutor and with an opportunity for the prosecutor to be heard. When the charges are not dismissed, each defendant's case shall be specifically reviewed by the court at six-month intervals until an order is made by the court that the defendant stand trial or that the charges be dismissed.

There shall be a presumption that charges against a defendant who is not competent to proceed shall be held in abeyance. The presumption can be overcome only if the court determines, using the factors set forth in this subsection, that continuing the criminal prosecution under the particular circumstances of the case would constitute a constitutionally significant injury to the defendant attributable to undue delay in being brought to trial.

In determining whether the charges shall be held in abeyance or dismissed, the court shall weigh the following factors: the defendant's prospects for regaining competency; the period of time during which the defendant has remained incompetent; the nature and extent of the defendant's institutionalization; the nature and gravity of the crimes charged; the effects of delay on the prosecution; the effects of delay on the defendant.
including any likelihood of prejudice to the defendant in the trial arising out
of the delay; and the public interest in prosecuting the charges.

d. When the court, on its own motion or upon application of the
commissioner, his designee or either party, determines after a hearing, if a
hearing is requested, that the defendant has regained fitness to proceed, the
proceedings shall be resumed.

e. (Deleted by amendment, P.L. 1996, c. 133).

f. The fact that the defendant is unfit to proceed does not preclude
determination of any legal objection to the prosecution which is susceptible
of fair determination prior to trial and without the personal participation of
the defendant.

C.30:1B-10.1 Provision of mental health services to certain incarcerated persons.

2. The Commissioner of Corrections shall provide or arrange for
appropriate mental health services to State-sentenced incarcerated persons
who suffer from mental illness, as defined in section 2 of P.L. 1987, c. 116
(C.30:4-27.2), but are not in need of inpatient treatment at a State psychia-
tric facility. The commissioner may, in accordance with the "Administrative
Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), promulgate rules and
regulations governing the provision of mental health services to inmates.

3. This act shall take effect on the first day of the sixth month after
enactment, except that the Commissioner of Corrections may take such
anticipatory action as shall be necessary to effectuate the purposes of this
act.

CHAPTER 18, LAWS OF 1999

CHAPTER 18

AN ACT concerning voluntary compliance reviews by depository institutions and supplementing Title 17 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.17:16U-1 Findings, declarations relative to voluntary compliance reviews by depository institutions.

1. The Legislature finds and declares that it is in the public interest for depository institutions in this State to conduct voluntary internal reviews and audits of their operations, practices and procedures for the purpose of discovering and correcting any operations, practices or procedures which do not comply with applicable law or regulation or which do not comply with recognized industry standards or with the institution's own standards and for the purpose of preventing continuing and more serious violations. However, if studies and reports beyond those legally required are available to third parties and potentially can result in liabilities and penalties to the institution, the institution is discouraged from making these additional efforts. A legal structure that promotes self-policing programs can achieve improved compliance effectively at less cost to the State and to the depository institutions. Voluntary compliance review, when properly conducted and implemented, results not only in better compliance with law, but in the adoption of procedures and policies by the depository institutions that exceed minimum legal requirements, and that save money by benefiting customers, lowering costs and reducing potential liabilities.

The Legislature therefore determines that it is the public policy of the State to encourage depository institutions to participate in voluntary compliance reviews and corrective action programs by protecting the results of voluntary compliance reviews from third parties. This privilege is intended to apply only to efforts beyond the normal processing of customer transactions of the institution, to protect reports newly created for the purpose of testing and monitoring compliance, which otherwise might not be undertaken. Information required to be maintained pursuant to any federal or State law or regulation or in the normal processing of customer transactions will not become privileged just because it is utilized or incorporated in a voluntary compliance review report.

C.17:16U-2 Definitions relative to voluntary compliance reviews by depository institutions.

2. As used in this act:

"Affiliate" shall have the meaning given it pursuant to section 2 of the federal "Bank Holding Company Act of 1956," 12 U.S.C. s.1841.
"Department" means the Department of Banking and Insurance.
"Depository institution" means a state or federally chartered bank, savings bank, savings and loan association or credit union that is authorized to maintain deposit or share accounts.
"Enforcement action" means a criminal investigation or prosecution, or an administrative proceeding or order by a governmental unit or authority which is intended to ensure the safe and sound operation of a depository institution.
"Voluntary compliance review" means review, project, testing program, assessment, audit or evaluation instituted by the governing body of the depository institution or an affiliate of the depository institution to collect information or prepare analyses, not required by statute or regulation and which would not be collected, maintained or prepared in the normal processing of customer transactions, of the transactions, activities, records or policies of the depository institution for the purposes of identifying and correcting procedural and operational problems of compliance with applicable laws and regulations, including without limitation, safe, sound and fair lending practices, financial reporting to federal and state regulatory agencies, compliance with all applicable state and federal laws and regulatory requirements, and compliance with industry standards of due care.

"Voluntary compliance review report" means any document or documents prepared or assembled by any person or group of persons, committee or entity conducting a voluntary compliance review, including without limitation, supporting information and documents such as notes, records of observations, findings, conclusions, drafts, memoranda, drawings, photographs, charts, graphs and surveys, provided, however, that the documents and supporting information are collected or developed for the purpose of and in the course of a voluntary compliance review.

C.17:16U-3 Report deemed privileged.
3. A voluntary compliance review report shall be privileged and neither it nor its existence shall be discoverable or admissible as evidence in any legal action or administrative proceeding of any nature involving the depository institution or an affiliate of the depository institution, except as provided in section 5 or 6 of this act.

4. Persons involved in the preparation of a voluntary compliance review report shall not be required to give answers to any questions or provide testimony regarding the existence, contents or conclusions of any voluntary compliance review report, except as provided in section 5 or 6 of this act.
5. a. The provisions of sections 3 and 4 of this act shall not apply if:
   (1) an enforcement action is taken, that enforcement action is contested, 
and a court of competent jurisdiction, by order in accordance with the rules 
of discovery set forth in the Rules Governing the Courts of the State of New 
Jersey, requires disclosure of materials and documents pertaining to that 
enforcement action;
   (2) there is a statutory requirement that the violation identified or 
discovered as a result of the voluntary compliance review be reported.
   b. The disclosure authorized under paragraphs (1) and (2) of subsec­tion 
a. of this section shall apply only to those sections and portions of the 
voluntary compliance review report that pertain to the specific violation 
which is the subject of the enforcement action. All other sections and 
portions of the voluntary compliance review report shall remain privileged.
   c. If there is a dispute concerning the sections or portions of the 
voluntary compliance review report subject to disclosure, a court of 
competent jurisdiction, upon petition of either party, shall conduct an in 
camera review of those sections or portions subject to dispute.

6. Materials described in this section shall not become privileged 
pursuant to the provisions of sections 3 and 4 of this act because they are 
utilized or incorporated in a voluntary compliance review report:
   a. Documents, communications, data, reports or other information 
required to be collected, developed, maintained, reported or made available 
to a regulatory agency pursuant to any federal or State law, regulation, 
permit or order or in the normal processing of customer transactions.
   b. Information obtained by observation, sampling or monitoring by any 
regulatory agency.
   c. Information obtained from a source independent of the voluntary 
compliance review.
   d. Information exchanged by and among the department and other 
appropriate regulators pursuant to an agreement between or among the 
regulatory agencies; provided, however, that notwithstanding this permitted 
exchange of information by the regulatory agencies, sections 3 and 4 of this 
act shall continue to apply with respect to a person who is not a regulatory 
agency.

7. No person shall use any information privileged pursuant to this act 
to discover any other information and any information so discovered shall 
be inadmissible in any action or proceeding. If a court or an administrative
law judge determines that any information is not privileged, it shall by the
entry of appropriate protective orders ensure that information is disclosed
only to the extent required for the proper conduct of the subject action or
proceeding.

C.17:16U-8 Other privileges unaffected.

8. Nothing in this act shall limit, waive or abrogate the scope or nature
of any statutory or common law privilege, including, without limitation, the
work product doctrine and the attorney-client privilege.

C.17:16U-9 Circumvention of privilege prohibited.

9. No regulatory agency shall adopt a rule for the purpose of circum­
venting the privilege established in this act by requiring disclosure of a
voluntary compliance review report.

C.17:16U-10 Information remains privileged; exceptions.

10. If a depository institution voluntarily discloses information it
obtained from a voluntary compliance review to the department or to
another appropriate regulatory agency, that information and the voluntary
compliance review which resulted in the information shall remain subject
to sections 3 and 4 of this act except that the agency receiving the informa­
tion may use it with respect to an enforcement action. The regulatory
agency, in deciding on the appropriate penalty or sanction for a violation
shall consider the disclosure as a mitigating factor if the violation is
disclosed within 60 days of completion of the voluntary compliance review
and the depository institution responsible for the violation demonstrates and
the regulator determines that the violation is not the result of knowing,
purposeful, reckless or criminally negligent conduct, and that the institution
has made or is making a good-faith effort to prevent similar violations.

C.17:16U-11 Access of third party restricted.

11. Nothing in this act shall be construed to permit any third party
access to any voluntary compliance review report subject to the provisions
of this act. For the purpose of this section, "third party" means a person
other than a State or local enforcing agency.

12. This act shall take effect on the 30th day after enactment and shall
apply to all voluntary compliance reviews and reports completed on or after
that date.

Approved February 8, 1999.

CHAPTER 23

AN ACT concerning competition in the electric power and gas industries
and supplementing, amending and repealing certain sections of the
statutory law.

BE IT ENACTED by the Senate and General Assembly of the State of New
Jersey:

C.48:3-49 Short title.
1. Sections 1 through 46, and sections 51, 57, 59, 60, 63, 65 and 66 of
this act shall be known and may be cited as the "Electric Discount and
Energy Competition Act."

C.48:3-50 Findings, declarations relative to competition in the electric power and gas industries.
2. a. The Legislature finds and declares that it is the policy of this State
to:
   (1) Lower the current high cost of energy, and improve the quality and
   choices of service, for all of this State's residential, business and institutional
   consumers, and thereby improve the quality of life and place this State in an
   improved competitive position in regional, national and international
   markets;
   (2) Place greater reliance on competitive markets, where such markets
   exist, to deliver energy services to consumers in greater variety and at lower
   cost than traditional, bundled public utility service;
   (3) Maintain adequate regulatory oversight over competitive purveyors
   of retail power and natural gas supply and other energy services to assure
   that consumer protection safeguards inherent to traditional public utility
   regulation are maintained, without unduly impeding competitive markets;
   (4) Ensure universal access to affordable and reliable electric power
   and natural gas service;
(5) Maintain traditional regulatory authority over non-competitive energy delivery or other energy services, subject to alternative forms of traditional regulation authorized by the Legislature;

(6) Ensure that rates for non-competitive public utility services do not subsidize the provision of competitive services by public utilities;

(7) Provide diversity in the supply of electric power throughout this State;

(8) Authorize the Board of Public Utilities to approve alternative forms of regulation in order to address changes in technology and the structure of the electric power and gas industries; to modify the regulation of competitive services; and to promote economic development;

(9) Prevent any adverse impacts on environmental quality in this State as a result of the introduction of competition in retail power markets in this State;

(10) Ensure that improved energy efficiency and load management practices, implemented via marketplace mechanisms or State-sponsored programs, remain part of this State's strategy to meet the long-term energy needs of New Jersey consumers;

(11) Preserve the reliability of power supply and delivery systems as the marketplace is transformed from a monopoly to a competitive environment; and

(12) Provide for a smooth transition from a regulated to a competitive power supply marketplace, including provisions which afford fair treatment to all stakeholders during the transition.

b. The Legislature further finds and declares that:

(1) In a competitive marketplace, traditional utility rate regulation is not necessary to protect the public interest and that competition will promote efficiency, reduce regulatory delay, and foster productivity and innovation;

(2) Due to regulatory changes, technological developments and other factors, a competitive electric generation and wholesale supply market has developed over the past several years;

(3) Electric power services are available in the wholesale markets at prices substantially lower than the current cost of electric power generation and supply services provided to retail customers by this State's electric public utilities;

(4) The traditional retail monopoly which electric public utilities have held in this State for electric power generation and supply services should be eliminated, so that all New Jersey energy consumers will be afforded the opportunity to access the competitive market for such services and to select the electric power supplier of their choice;

(5) The traditional electric public utility rate regulation which the Board of Public Utilities has exercised over retail power supply in this State
requires reform in order to provide retail choice and bring the benefits of competition to all New Jersey consumers;

(6) Permitting the competitive electric power generation and supply marketplace to operate without traditional utility rate regulation will produce a wider selection of services at competitive market-based prices;

(7) Certain regulatory authority, including requiring electric power suppliers and gas suppliers to maintain offices in this State, is necessary to ensure continued safety, reliability and consumer protections in the electric power and gas industries; and to ensure accessibility to electric power suppliers and gas suppliers by the Board of Public Utilities, consumers, electric public utilities and gas public utilities; and

(8) The electric power generation marketplace and gas supply marketplace should be subject to appropriate consumer protection standards that will ensure that all classes of customers in all regions of this State are properly and adequately served.

c. The Legislature therefore determines that it is in the public interest to:

(1) Authorize the Board of Public Utilities to permit competition in the electric generation and gas marketplace and such other traditional utility areas as the board determines, and thereby reduce the aggregate energy rates currently paid by all New Jersey consumers;

(2) Provide for regulation of new market entrants in the areas of safe, adequate and proper service and customer protection;

(3) Relieve electric public utilities from traditional utility rate regulation in the provision of services which are deemed to be provided in a competitive market;

(4) Provide each electric public utility the opportunity to recover above-market power generation and supply costs and other reasonably incurred costs associated with the restructuring of the electric industry in New Jersey, the level of which will be determined by the Board of Public Utilities to the extent necessary to maintain the financial integrity of the electric public utility through the transition to competition, subject to the achievement of the other goals and provisions of this act, and subject to the public utility having taken and continuing to take all reasonably available steps to mitigate the magnitude of its above-market electric power generation and supply costs; and

(5) Provide the Board of Public Utilities with ongoing oversight and regulatory authority to monitor and review composition of the electric generation and retail power supply marketplace in New Jersey, and to take such actions as it deems necessary and appropriate to restore a competitive marketplace in the event it determines that one or more suppliers are in a position to dominate the marketplace and charge anti-competitive or above-market prices.

includes, but is not limited to, the winter moratorium program, utility practices concerning "bad debt" customers, low income assistance, deferred payment plans, weatherization programs, and late payment and deposit policies, but does not include any demand side management program or any environmental requirements or controls;

"Societal benefits charge" means a charge imposed by an electric public utility, at a level determined by the board, pursuant to, and in accordance with, section 12 of this act;

"Stranded cost" means the amount by which the net cost of an electric public utility's electric generating assets or electric power purchase commitments, as determined by the board consistent with the provisions of this act, exceeds the market value of those assets or contractual commitments in a competitive supply marketplace and the costs of buydowns or buyouts of power purchase contracts;

"Stranded costs recovery order" means each order issued by the board in accordance with subsection c. of section 13 of this act which sets forth the amount of stranded costs, if any, the board has determined an electric public utility is eligible to recover and collect in accordance with the standards set forth in section 13 and the recovery mechanisms therefor;

"Transition bond charge" means a charge, expressed as an amount per kilowatt hour, that is authorized by and imposed on electric public utility ratepayers pursuant to a bondable stranded costs rate order, as modified at any time pursuant to the provisions of this act;

"Transition bonds" means bonds, notes, certificates of participation or beneficial interest or other evidences of indebtedness or ownership issued pursuant to an indenture, contract or other agreement of an electric public utility or a financing entity, the proceeds of which are used, directly or indirectly, to recover, finance or refinance bondable stranded costs and which are, directly or indirectly, secured by or payable from bondable transition property. References in this act to principal, interest, and acquisition or redemption premium with respect to transition bonds which are issued in the form of certificates of participation or beneficial interest or other evidences of ownership shall refer to the comparable payments on such securities;

"Transmission and distribution system" means, with respect to an electric public utility, any facility or equipment that is used for the transmission, distribution or delivery of electricity to the customers of the electric public utility including, but not limited to, the land, structures, meters, lines, switches and all other appurtenances thereof and thereto, owned or controlled by the electric public utility within this State; and

"Universal service" means any service approved by the board with the purpose of assisting low-income residential customers in obtaining or
retaining electric generation or delivery service.

C.48:3-52 Electric public utilities, unbundled rate schedules.

4. a. Simultaneously with the starting date for the implementation of retail choice as determined by the board pursuant to subsection a. of section 5 of this act, each electric public utility shall unbundle its rate schedules such that discrete services and charges provided, which were previously included in the bundled utility rate, are separately identified and charged in its tariffs. Such discrete services and charges shall include, at a minimum, customer account services and charges, distribution and transmission services and charges and generation services and charges, and the board may require that additional services and charges be unbundled and separately billed. Billings for such services also shall include charges related to regulatory assets and may include restructuring related costs. In the case of commercial and industrial customers, rate schedules shall remain unbundled, and in all billings for such customers after the starting date for the implementation of retail choice as determined by the board pursuant to subsection a. of section 5 of this act, the amount of the market transition charge authorized pursuant to section 13 of this act shall be added to the discrete services and charges identified. Residential rate schedules once unbundled, may be totally or partially rebundled for residential billing purposes. All competitive services offered by an electric public utility shall be charged separately from non-competitive services.

b. As part of its unbundled rate structure established in compliance with subsection a. of this section, an electric public utility providing basic generation service in accordance with section 9 of this act shall establish a separate charge for such service, as reviewed and approved by the board consistent with this act for billing purposes. An electric public utility which offers basic generation service in accordance with section 9 of this act shall also provide, simultaneously with the starting date for the implementation of retail choice as determined by the board pursuant to subsection a. of section 5 of this act, shopping credits applicable to the bills of their retail customers who choose to purchase electric generation service from a duly licensed electric power supplier. The board shall determine the appropriate level of shopping credits for each electric public utility in a manner consistent with the findings and declarations of the Legislature as set forth in section 2 of this act, and other provisions of this act. The reduction in electric public utility rates, as determined by the board in subsections d. and e. of this section, shall be consistent with the goals of this act, including the creation of shopping credits, as appropriate, pursuant to this subsection. Each customer bill issued after the implementation of the rate reductions required or determined by the board pursuant to this section, including but
not limited to any enhanced reductions resulting from a phase-in allowed pursuant to paragraph (2) of subsection d. of this section, shall indicate the dollar amount of the difference between what the customer's total charges would have been without the reduction and the total charges in that bill.

  c. The board shall require electric public utilities to submit rate unbundling filings in a form adopted by the board. The board shall review such filings and, after hearing and an opportunity for public comment, render a determination as to the appropriate, unbundled rates consistent with the provisions of this act. Notwithstanding any other provisions of this act, an unbundling of electric public utility rates implemented as a result of this section shall not result in a reallocation of utility cost responsibility between or among different classes of customers.

  d. (1) During a term to be fixed by the board, each electric public utility shall reduce its aggregate level of rates for each customer class, including any surcharges assessed pursuant to this act, by a percentage to be approved by the board, which shall be at least 10 percent relative to the aggregate level of bundled rates in effect as of April 30, 1997, subject to the provisions of paragraph (2) of this subsection.

  (2) The board may set a term for an electric public utility to phase in a rate reduction of ten percent or more during the first 36 months after the starting date for the implementation of retail choice as provided in subsection a. of section 5 of this act; provided, however, that, on the starting date for the implementation of retail choice as provided in subsection a. of section 5 of this act, each electric public utility shall reduce its aggregate level of rates for each customer class, including any surcharges assessed pursuant to this act, by no less than five percent.

  e. The board may order a rate reduction that exceeds the 10 percent rate reduction as provided in subsection d. of this section, if it determines that such reductions are necessary in order to achieve just and reasonable rates.

  f. The board shall determine, consistent with the provisions of this act, the manner in which to apply the rate reductions established pursuant to subsections d. and e. of this section among some or all of the unbundled rate components, including the distribution and transmission charges and market transition charges, in order to provide for a sustainable aggregate rate reduction for customers and to encourage a competitive retail supply marketplace.

  g. Any subsequent order to reduce rates beyond those authorized by subsections d. and e. of this section may only be issued after notice and hearing.

  h. Any tax reduction implemented pursuant to P.L.1997, c.162 (C.54:30A-100 et al.) shall not be credited towards the rate reductions
CHAPTER 23, LAWS OF 1999

required pursuant to subsection d. and authorized pursuant to subsections d. and e. of this section.

i. The rate reduction associated with the reduction in the utility's capital costs, including related taxes, that results from the issuance of transition bonds pursuant to section 14 of this act shall be made no later than the date on which the transition bond charge, approved pursuant to section 14 of this act, becomes effective.

j. The maximum level of rate reduction determined by the board pursuant to this section shall be sustained at least until the end of the 48th month following the starting date for the implementation of retail choice as provided in subsection a. of section 5 of this act.

C.48:2-53 Provision of retail choice of electric power suppliers.

5. a. By order the board shall provide that by no earlier than June 1, 1999, but in no event later than August 1, 1999, each electric public utility shall provide retail choice of electric power suppliers for its customers. Each electric public utility shall fully implement retail choice in 100 percent of its franchise area within this State on the starting date of retail competition.

b. Each electric public utility shall comply with the schedule for the implementation of retail choice established pursuant to subsection a. of this section. The board shall have the authority to require each electric public utility to submit a restructuring filing, with elements deemed necessary by the board, which shall include the mechanisms by which it will comply with the schedule for implementation of retail choice established pursuant to subsection a. of this section and with the other provisions of this act. Such filing shall be reviewed and, after notice and hearing, may be approved, rejected or modified by the board, and the board may take such additional actions as it deems necessary to enforce compliance with this act.

C.48:3-54 Offering of customer account services on regulated basis.

6. a. An electric public utility may continue to offer customer account services on a regulated basis subsequent to the effective date of this act. Not later than three months after the starting date for the implementation of retail choice for any public utility as determined by the board pursuant to subsection a. of section 5 of this act, the board shall initiate a formal proceeding to investigate the manner and mechanics by which customers are afforded the opportunity to contract with the incumbent utility or an electric power supplier for customer account services and to establish the necessary standards for safety, reliability and testing for meters and information exchange protocols applicable to both electric power suppliers and incumbent utilities that will permit customers to choose a supplier for some or all such customer account services. The board shall issue an order for providing customers the opportunity to choose a supplier for some or all
customer account services not later than one year from the starting date of retail competition as provided for in subsection a. of section 5 of this act and setting forth the manner, mechanics and standards for competitive customer account services. The board shall require that electric public utilities, in the continued regulated provision of customer account services, not take actions that would unreasonably impede a transition to a competitive customer account service market. Notwithstanding any other provision of this act to the contrary, an electric power supplier may, upon written consent from a customer, bill the customer directly for generation services and other services it provides to the customer as of the starting date for implementation of retail choice. The board shall ensure that the standards and protocols for electronic data exchange needed to support this option are adopted and are implemented by electric public utilities in a timely manner.

b. A gas public utility may continue to offer customer account services on a regulated basis subsequent to the effective date of this act. Not later than three months after the starting date for the implementation of retail choice established pursuant to section 10 of this act, the board shall initiate a formal proceeding to investigate the manner and mechanics by which customers are afforded the opportunity to contract with by the incumbent utility or gas supplier and to establish the necessary standards for safety, reliability and testing for meters and information exchange protocols applicable to both gas suppliers and incumbent utilities that will permit customers to choose a supplier for some or all such customer account services. The board shall issue an order for providing customers the opportunity to choose a supplier for some or all customer account services not later than December 31, 2000 and setting forth the manner, mechanics and standards for competitive customer account services. The board shall require that gas public utilities, in the continued regulated provision of customer account services, not take actions which would unreasonably impede a transition to a competitive customer account service market. Notwithstanding any other provision of this act to the contrary, a gas supplier may, upon written consent from a customer, bill the customer directly for gas supply service and other services it provides on and after the first billing which comports with the provisions of section 10 of this act pertaining to the provision of basic gas supply service. The board shall ensure that the standards and protocols for electronic data exchange needed to support this option are adopted and are implemented by gas public utilities in a timely manner.

c. Notwithstanding any provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the board shall initiate a proceeding and shall adopt, after notice, provision of the opportunity for comment, and public hearing, interim technical standards to ensure
the safety, reliability and accuracy of metering equipment provided to
electric or gas customers and to establish protocols for the exchange of
information related to the provision of customer account services.

C.48:3-55 Competitive service to retail customers requires board approval.

7. a. An electric public utility or a related competitive business segment
of an electric public utility shall not offer any competitive service to retail
customers within this State without the prior express written approval of the
board. The board shall require that an electric public utility file and
maintain tariffs for competitive services, which tariffs shall be subject to
review and approval by the board. The board shall approve a competitive
service only upon a finding that:

(1) The provision of a competitive service by an electric public utility
or its related competitive business segment shall not adversely impact the
ability of the electric public utility to offer its non-competitive services to
customers in a safe, adequate and proper manner, and in all instances where
resources are jointly deployed by the utility to provide competitive and non­
competitive services and resource constraints arise, the provision of non­
competitive services shall receive a higher priority; and

(2) The price which an electric public utility charges for a competitive
service shall not be less than the fully allocated cost of providing such
service, as determined by the board, which cost shall include an allocation
of the cost of all equipment, vehicles, labor, related fringe benefits and
overheads, and administration utilized, and all other assets utilized and costs
incurred, directly or indirectly, in providing such competitive service.

b. The board shall apply 50 percent of the net revenues earned from the
offering of competitive services by an electric public utility or its related
competitive business segment, or from the offering of competitive services
by an electric public utility holding company or its related competitive
business segment when the provision of such services utilizes affiliated
electric public utility assets, including, but not limited to, equipment and
personnel, unless the board finds that the electric public utility will receive
and reflect such receipt as an offset to its regulated rates the full market
value for the use of such assets pursuant to a contract between the parties
filed with the board by the electric public utility and subject to the provi­
sions of this section and section 8 of this act:

(1) To offset any market transition charge or equivalent rate mechanism
assessed to customers pursuant to section 13 of this act; or

(2) If the electric public utility is not assessing a market transition
charge, to offset the rates charged to customers for distribution service,
except that such offset shall cease to be required after the term of the
transition bond charge has expired as provided in paragraph (1) of subsection d. of section 14 of this act.

c. For the purposes of subsection b. of this section the following shall not constitute the utilization of electric public utility assets:

(1) movement or delivery of power pursuant to a federally-regulated open access tariff over transmission facilities owned by the electric public utility;

(2) movement or delivery of power pursuant to board regulated tariffs over distribution facilities owned by the electric public utility; and

(3) shared corporate overhead or administrative services subject to the provisions of section 8 of this act.

d. Pursuant to rules and regulations to be adopted by the board, the transfer of electric public utility assets from an electric public utility to a related competitive business segment of that electric public utility or of a public utility holding company, other than in the ordinary course of business, shall require board approval, and shall be recorded at full value as determined by the board. Notwithstanding this subsection, no transfer of assets shall affect the whole value of the assessment of the transitional energy facility assessment set forth in P.L.1997, c.162 (C.54:30A-100 et al.).

e. Tariffs for competitive services filed with the board shall be in the public records, except that if the board determines that the rates are proprietary, they shall be filed under seal and made available under the terms of an appropriate protective agreement, as provided by board order. A public utility shall have the burden of proof by affidavit and motions to demonstrate the need for proprietary treatment. The rates shall become public upon board approval.

f. Subject to the approval of the board pursuant to subsection a. of this section, an electric public utility or a related competitive business segment of an electric public utility may provide the following competitive services:

(1) Metering, billing and related administrative services that are deemed competitive by the board pursuant to section 8 of this act;

(2) Services related to safety and reliability of utility businesses;

(3) Competitive services that have been offered by any electric public utility or gas public utility prior to January 1, 1993 or that have been approved by the board prior to the effective date of this act to be offered by any electric public utility or gas public utility. An electric public utility that has offered a competitive service since prior to January 1, 1993 or a competitive service that was approved by the board prior to the effective date of this act is not required to obtain board approval pursuant to subsection a. of this section for that service, but any electric public utility
that has not offered a competitive service since prior to January 1, 1993 or has not received previous board approval for such a competitive service shall apply for approval pursuant to subsection a. of this section. Except as otherwise provided by this paragraph, a competitive service that is permitted pursuant to this paragraph shall be subject to all requirements of this act for competitive services and to any standards or other rules or regulations adopted pursuant to this act;

(4) Services that the board determines to be substantially similar to competitive services that are permitted under paragraph (3) of this subsection; and

(5) Competitive services to non-residential customers using existing utility employees.

g. An electric public utility or a related competitive business segment of that electric public utility may provide other services that are offered for nominal or no consideration to existing non-residential customers in the ordinary course of business.

h. An electric public utility shall not use regulated rates to subsidize its competitive services or competitive services offered by a related competitive business segment of the public utility holding company of which the electric public utility is an affiliate, and expenses incurred in conjunction with its competitive services shall not be borne by its regulated rate customers. The regulated rates of an electric public utility shall be subject to the review and approval of the board to determine that there is no subsidization of its related competitive business segment. Each such public utility shall maintain books and records, and provide accounting entries of its regulated business to the board as may be required by the board, to show that there is strict separation and allocation of the utility's revenues, costs, assets, risks and functions, between the electric public utility and its related competitive business segment.

i. Any other provision of this act to the contrary notwithstanding, commencing on the effective date of this act, an electric public utility or a related competitive business segment of that electric public utility shall not offer any competitive service except those approved or pending approval as of July 1, 1998 pursuant to subsections a. and f. of this section.

j. A public utility holding company may offer any competitive service, including, but not limited to, electric generation service, telecommunications service, and cable television service, to retail customers of an electric public utility that is owned by the holding company, but only through a related competitive business segment of the holding company that is not an electric public utility or a related competitive business segment of the electric public utility. Competitive services shall be offered in compliance with all rules and regulations promulgated by the board for carriers of such
services, including, but not limited to, telecommunications and cable.

k. Notwithstanding any other provisions of this section, by no later than December 31, 2000, the board shall render a decision, after notice and hearing, on any further restrictions required for any or all non-safety related competitive services offered by an electric public utility in addition to the provisions of this section, including whether an electric public utility offering non-safety related services shall establish and provide such services through a business unit which is functionally separated from the electric public utility business unit.

(1) Upon completion of the audit process required pursuant to paragraph (1) of subsection f. of section 8 of this act, the board shall commence a hearing process to examine the use of utility assets in providing retail competitive services as permitted in subsection f. of this section. The board shall evaluate and balance the following factors: the prevention of cross-subsidization; the issues attendant to separation and relative to the board's affiliate relation and fair competition standards as provided in section 8 of this act; the effect on ratepayers of the use of utility assets in the provision of non-safety related competitive services; the effect on utility workers; and the effect of utility practices on the market for such services.

(2) The relationship between the electric public utility and its related competitive service business unit shall be subject to affiliate relations standards to be promulgated by the board pursuant to subsection f. of section 8 of this act.

l. If a separate unit is established by the electric public utility as a related competitive business segment of the electric public utility such that other than shared administration and overheads, employees of the competitive services business unit shall not also be involved in the provision of non-competitive utility and safety services, and the competitive services are provided utilizing separate assets than those utilized to provide non-competitive utility and safety services, the board shall apply 25 percent of the net revenues:

(1) To offset any market transition charge or equivalent rate mechanism assessed to customers pursuant to section 13 of this act; or

(2) If the electric public utility is not assessing or has eliminated a market transition charge, to offset the rates charged to customers for distribution service, except that such offset shall cease to be required eight years after the start date of retail competition as provided in subsection a. of section 5 of this act.
C.48:3-56 Board shall not regulate certain aspects of competitive services.

8. a. Except as otherwise provided in this act, and notwithstanding any provisions of R.S.48:2-18, R.S.48:2-21, section 31 of P.L.1962, c.198 (C.48:2-21.2), R.S.48:3-1 or any other law to the contrary, the board shall not regulate, fix or prescribe the rates, tolls, charges, rate structures, rate base, or cost of service of competitive services.

b. For the purposes of this act, electric generation service is deemed to be a competitive service.

c. The board is authorized to determine, after notice and hearing, whether any other service offered by an electric public utility is a competitive service. In making such a determination, the board shall develop standards of competitive service which, at a minimum, shall include: evidence of ease of market entry; presence of other competitors; and the availability of like or substitute services in the relevant market segment and geographic area. Notwithstanding the presence of these factors, the board may determine that any service shall remain regulated for purposes of the public safety and welfare.

d. The board is authorized to determine, after notice and hearing, and after appropriate review by the Legislature pursuant to subsection k. of this section, whether to reclassify as regulated any electric service or segment thereof that it has previously found to be competitive, including electric generation service, if it determines that sufficient competition is no longer present, upon application of the criteria set forth in subsection c. of this section. Upon such a reclassification, subsection a. of this section shall no longer apply and the board shall determine such rates for that electric service which it finds to be just and reasonable. The board, however, shall continue to monitor the electric service or segment thereof and, whenever the board shall find that the electric service has again become sufficiently competitive pursuant to subsection c. of this section, the board shall again apply the provisions of subsection a. of this section.

e. Nothing in this act shall limit the authority of the board, pursuant to Title 48 of the Revised Statutes, to ensure that electric public utilities do not make or impose unjust preferences, discriminations, or classifications for any services provided to customers.

f. (1) The board shall adopt, by rule, regulation or order, such fair competition standards, affiliate relation standards, accounting standards and reports as are necessary to ensure that electric public utilities or their related competitive business segments do not enjoy an unfair competitive advantage over other non-affiliated purveyors of competitive services and in order to monitor the allocation of costs between competitive and non-competitive services offered by an electric public utility, and within 60 days after the starting date for implementation of retail choice pursuant to
subsection a. of section 5 of this act, shall commence the process of conducting audits, at the expense of the electric public utilities, to ensure compliance with this section and section 7 of this act and with the board's rules, regulations and orders adopted pursuant to this section and section 7 of this act. The board shall hire an independent contractor to perform such audits.

(2) Subsequent audits shall take place no less than every two years after the date of the decision rendered pursuant to subsection k. of section 7 of this act.

(3) The public utility or an intervenor shall have the right to contest the methodology and rebut the findings of an audit performed pursuant to this subsection, in a filing with the board. The board shall take no action to functionally separate, structurally separate or require the divestiture of any portion of a public utility's operations pursuant to this subsection until the public utility, and any intervenors, have been afforded timely opportunity to make such filing and until the board has issued a decision thereon.

(4) If the board finds, as a result of any such audit, that substantial violations of this act or of the board's rules, regulations or orders adopted pursuant to this section and section 7 of this act have occurred which result in unfair competitive advantages for an electric public utility, it shall: order the electric public utility to establish and provide such services through a business unit which is functionally separated from the electric public utility business unit as a related competitive business segment of the utility, such that, other than shared administration and overheads, employees of the competitive services business unit shall not also be involved in the provision of non-competitive utility and safety services, and the competitive services are provided utilizing separate assets than those utilized to provide noncompetitive utility and safety services; order the electric public utility to establish and provide such services through a structurally separate business unit or units including, but not limited to, a related competitive business segment of the public utility holding company; or order the electric public utility to divest itself of any business units that provide such services.

(5) If the board determines, as a result of the audit performed pursuant to this subsection that an electric public utility has unfairly allocated costs between its competitive and non-competitive services, the board is authorized to require such utility to return to the ratepayers an amount, equivalent to the amount of the costs determined to be unfairly allocated, with interest, during the time that the unfair allocation of costs occurred. In addition, the board is authorized to order such utility to pay a fine of up to $10,000 as a result of the violation or violations determined to have occurred pursuant to this subsection.
(6) Notwithstanding any requirements of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the board shall initiate a proceeding and shall adopt, after notice, provision of the opportunity for comment, and public hearing, such fair competition and accounting standards as are necessary on an interim basis to implement retail electric choice. Such standards shall be effective as regulations immediately upon filing with the Office of Administrative Law and shall be effective for a period not to exceed 18 months, and may, thereafter, be amended, adopted or readopted by the board in accordance with the provisions of the "Administrative Procedure Act."

g. The board shall determine, by rule or order, what reports are necessary to monitor the competitiveness of any service offered to a customer of an electric public utility.

h. The board shall have the authority to take appropriate increasingly stringent action, including the issuance of an order that an electric public utility or its related competitive business segment cease the offering of a competitive service, functionally separate or structurally separate its competitive service offering from non-competitive business functions, or divest itself of such services, in the event that the board determines, after hearing, that recurring and significant violations of its rules or orders adopted pursuant to subsection f. of this section have occurred.

i. Nothing in this act shall exempt an electric public utility from obtaining all applicable local, State and federal licenses or permits associated with the offering of competitive services and complying with all applicable laws and regulations regarding the provision of such services.

j. If the board finds, as a result of any audit conducted pursuant to this section, that violations of the board's rules, regulations or orders adopted pursuant to this section and section 7 of this act have occurred, which are not substantial violations, the board is authorized to impose a fine of up to $10,000 against the electric public utility.

k. Prior to reclassifying as regulated any service it previously found to be competitive, the board shall make recommendations to the Legislature concerning the proposed reclassification. The recommendations shall be deemed to be approved unless the Legislature adopts a concurrent resolution stating that the Legislature is not in agreement with all or any part of the recommendations within 90 days following the date of transmittal of the recommendations to the Legislature. The concurrent resolution shall advise the board of the Legislature's specific objections to the recommendations and shall direct the board to submit revised recommendations which respond to those objections within 45 days of the date of transmittal of the concurrent resolution to the board.
CHAPTER 23, LAWS OF 1999

C.48:3-57 Electric public utility to provide basic generation service.

9. a. Simultaneously with the starting date for the implementation of retail choice as determined by the board pursuant to subsection a. of section 5 of this act, and for at least three years subsequent and thereafter until the board specifically finds it to be no longer necessary and in the public interest, each electric public utility shall provide basic generation service. Power procured for basic generation service by an electric public utility shall be purchased, at prices consistent with market conditions. The charges assessed to customers for basic generation service shall be regulated by the board and shall be based on the reasonable and prudent cost to the utility of providing such service, including the cost of power purchased at prices consistent with market conditions by the electric public utility in the competitive wholesale marketplace and related ancillary and administrative costs, as determined by the board. The board shall approve unbundled rates to assure that aggregate rate reductions established pursuant to section 4 of this act are sustained notwithstanding changes in basic generation charges approved pursuant to this section.

b. The board may allow an electric public utility to purchase power for basic generation service through a bilateral contract from a related competitive business segment of its public utility holding company only if:

(1) The related competitive business segment is not a related competitive business segment of the electric public utility; and

(2) The board determines that the procurement of power from the related competitive business segment of the public utility holding company is necessary in order to ensure the reliability of service to basic generation service customers or to address other extraordinary circumstances, and that the purchase price does not exceed the market price for such power or the power was procured through a competitive bid process subject to board review and approval. The board shall require that all net revenues derived from such sales, when the source of power is assets or contracts which costs are included in stranded costs recovery charges assessed pursuant to sections 13 and 14 of this act, shall be applied:

(a) To offset any market transition charge or equivalent rate mechanism assessed to customers pursuant to section 13 of this act; or

(b) If the electric public utility is not assessing a market transition charge, to offset the rates charged to customers for distribution service, except that such offset shall cease to be required after the term of the transition bond charge has expired as provided in paragraph (1) of subsection d. of section 14 of this act.

(3) The board may devise an alternative accounting or cost recovery process that permits an electric public utility to purchase power from a related competitive business segment of its public utility holding company,
or otherwise, to provide basic generation service to its customers during the period that the electric public utility is providing for sustainable rate reductions pursuant to subsection j. of section 4 of this act and subsection a. of this section, if the board determines that such process is necessary to mitigate the impacts of market price fluctuations and to sustain such rate reductions.

c. No later than three years after the starting date of retail competition as provided in subsection a. of section 5 of this act, the board shall issue a decision as to whether to make available on a competitive basis the opportunity to provide basic generation service to any electric power supplier, any electric public utility, or both.

d. Power procured for basic generation service by an electric power supplier shall be purchased at prices consistent with market conditions. The charges assessed to customers for basic generation service shall be regulated by the board and shall be based on the reasonable and prudent cost to the supplier of providing such service, including the cost of power purchased at prices consistent with market conditions, by the supplier in the competitive wholesale marketplace and related ancillary and administrative costs, as determined by the board or shall be based upon the result of a competitive bid.

e. Each electric public utility or electric power supplier that provides basic generation service pursuant to subsection a., c. or d. of this section shall be permitted to recover in its basic generation charges on a full and timely basis all reasonable and prudently incurred costs incurred in the provision of basic generation services consistent with the provisions of this section, except to the extent that certain costs related to the provision of basic generation service are already being recovered in other elements of an electric public utility's charges. The board may approve ratemaking and other pricing mechanisms that provide incentives, including financial risks and rewards, for the utility or electric power supplier to procure a portfolio of electric power supply that provides maximum benefit to basic generation service customers.

f. Each electric public utility shall submit a quarterly report to the board of all electricity generation contracts between the public utility and any related competitive business segment. A utility that submits a report pursuant to this subsection may petition the board for confidential treatment as trade secrets of any or all of the information provided.

g. Nothing in this section shall apply to any existing board approved bilateral power purchase contract by an electric public utility as of the effective date of this act.
C.48:3-58 Gas public utilities, unbundled rate schedules.

10. a. After the implementation of retail electric choice pursuant to subsection a. section 5 of this act, the board shall order each gas public utility to unbundle its rate schedules such that discrete services provided, which were previously included in the bundled utility rate, are separately identified and charged in its tariffs. Billing for unbundled services also shall include charges for regulatory assets and may include restructuring related costs. The board shall order each gas public utility to submit a rate unbundling filing no later than May 1, 1999, in a form and of a content to be determined by the board. The board shall review such filings and, after hearing and an opportunity for public comment, render a determination as to the appropriate unbundled rates consistent with the provisions of this act. Notwithstanding any other provisions of this act, an unbundling of gas public utility rates implemented as a result of this section shall not result in a reallocation of utility cost responsibility between or among different classes of customers. The board shall continue to allow commercial and industrial customers to choose a gas supplier and shall order that all retail customers of a gas public utility shall be able to choose a gas supplier by no later than December 31, 1999, except that the board may approve an accelerated schedule for retail gas customer choice.

b. Subject to the approval of the board pursuant to subsection d. of this section, a gas public utility or a related competitive business segment of that gas public utility may provide the following competitive services:

(1) Metering, billing and related administrative services that are deemed competitive by the board pursuant to this section;

(2) Services related to safety and reliability of utility businesses;

(3) Competitive services that have been offered by any electric or gas public utility since prior to January 1, 1993 or that have been approved by the board prior to the effective date of this act to be offered by any electric public utility or gas public utility. A gas public utility that has offered a competitive service since prior to January 1, 1993 or a competitive service that was approved prior to the effective date of this act is not required to obtain board approval pursuant to subsection d. of this section, but any gas public utility that has not offered a competitive service prior to January 1, 1993 or has not received previous board approval for such a competitive service shall apply for approval pursuant to subsection d. of this section. Except as otherwise provided by this paragraph, a competitive service that is permitted by this paragraph shall be subject to all requirements of this act for competitive services and to any standards or other rules or regulations adopted pursuant to this act;

(4) Services that are substantially similar to competitive services that are permitted under paragraph (3) of this subsection; and
(5) Competitive services to non-residential customers using utility employees and assets.

c. A gas public utility or a related competitive business segment of that gas public utility may provide other services that are offered for nominal or no consideration to existing non-residential customers in the ordinary course of business.

d. A gas public utility shall not offer any competitive service to retail customers without the express prior written approval of the board. The board may require that a gas public utility file and maintain tariffs for competitive services, which tariffs shall be subject to review and approval by the board. The board shall approve a competitive service only upon a finding that:

   (1) The provision of a competitive service by a gas public utility or its related competitive business segment shall not adversely impact the ability of the gas public utility to offer its non-competitive services to customers in a safe, adequate and proper manner, and in all instances where resources are jointly deployed by the utility to provide competitive and non-competitive services and resource constraints arise, the provision of non-competitive services shall receive a higher priority; and

   (2) The price that a gas public utility charges for a competitive service shall not be less than the fully allocated cost of providing such service, as determined by the board, which cost shall include an allocation of the cost of all equipment, vehicles, labor, related fringe benefits and overheads, and administration utilized, and all other assets utilized and costs incurred, directly or indirectly, in providing such competitive service.

e. Tariffs for competitive services filed with the board shall be in the public records, except that if the board determines that the rates are proprietary, they shall be filed under seal and made available under the terms of an appropriate protective agreement, as provided by board order. A public utility shall have the burden of proof by affidavit and motions to demonstrate the need for proprietary treatment. The rates shall become public upon board approval.

f. A gas public utility shall not use regulated rates to subsidize its competitive services or competitive services offered by a related competitive business segment of the public utility holding company of which the public utility is an affiliate, and expenses incurred in conjunction with its competitive services shall not be borne by its regulated rate customers. The regulated rates of a gas public utility shall be subject to the review and approval of the board to determine that there is no subsidization of its related competitive business segment. Each such public utility shall maintain books and records, and provide accounting entries of its regulated business to the board as required by the board, to show that there is strict
separation and allocation of the utility's revenues, costs, assets, risks and functions, between the gas public utility and its related competitive business segment.

g. Except as otherwise provided in this act, and notwithstanding any provisions of R.S.48:2-18, R.S.48:2-21, section 31 of P.L.1962, c.198 (C.48:2-21.2), R.S.48:3-1 or any other law to the contrary, the board shall not regulate, fix or prescribe the rates, tolls, charges, rate structures, rate base, or cost of service of competitive services.

h. The board is authorized to determine, after notice and hearing, whether any service offered by a gas public utility is a competitive service. In making such a determination, the board shall develop standards of competitive service which, at a minimum, shall include: evidence of ease of market entry; presence of other competitors; and the availability of like or substitute services in the relevant geographic area. Notwithstanding the presence of these factors, the board may determine that any service shall remain regulated for purposes of the public safety and welfare.

i. The board shall have the authority to reclassify as regulated any gas service or segment thereof that it has previously found to be competitive, if, after notice and hearing, and after appropriate review by the Legislature pursuant to subsection v. of this section, it determines that sufficient competition is no longer present, upon application of the criteria set forth in subsection h. of this section. Upon such a reclassification, subsection g. of this section shall no longer apply and the board shall determine such rates for that gas service as it finds to be just and reasonable. The board, however, shall continue to monitor the gas service or segment thereof and, whenever the board shall find that the gas service has again become sufficiently competitive pursuant to subsection h. of this section, the board shall again apply the provisions of subsection g. of this section.

j. Nothing in this act shall limit the authority of the board, pursuant to Title 48 of the Revised Statutes, to ensure that gas public utilities do not make or impose unjust preferences, discriminations, or classifications for any services provided to customers.

k. (1) The board shall adopt, by rule, regulation or order, such fair competition standards, affiliate relation standards, accounting standards and reports as are necessary to ensure that gas public utilities or their related competitive business segments do not enjoy an unfair competitive advantage over other non-affiliated purveyors of competitive services and in order to monitor the allocation of costs between competitive and non-competitive services offered by a gas public utility, and within 60 days after the date for implementation of retail choice pursuant to this section, shall commence the process of conducting audits, at the expense of the gas public utilities, to ensure compliance with this section and with the board's rules.
regulations or orders adopted pursuant to this section. The board shall hire an independent contractor to perform such audits.

(2) Subsequent audits shall take place no less than every two years after the date of the decision rendered pursuant to subsection q. of this section.

(3) The public utility and an intervenor shall have the right to contest the methodology and rebut the findings of an audit performed pursuant to this subsection, in a filing with the board. The board shall take no action to functionally separate, structurally separate or require the divestiture of any portion of a public utility's operations pursuant to this subsection until the public utility, and any intervenors have been afforded timely opportunity to make such filing and until the board has issued a decision thereon.

(4) If the board finds as a result of any such audit, that substantial violations of this act or of the board’s rules, regulations or orders adopted pursuant to this section have occurred which result in unfair competitive advantages for a gas public utility, it shall: order the gas public utility to establish and provide such services through a business unit which is functionally separated from the gas public utility business unit as a related competitive business segment of the utility, such that, other than shared administration and overheads, employees of the competitive services business unit shall not also be involved in the provision of non-competitive utility and safety services, and the competitive services are provided utilizing separate assets than those utilized to provide non-competitive utility and safety services; order the gas public utility to establish and provide such services through a structurally separate business unit or units including, but not limited to, a related competitive business segment of the public utility holding company; or order the gas public utility to divest itself of any business units that provide such services.

(5) If the board determines, as a result of the audit performed pursuant to this subsection that a gas public utility has unfairly allocated costs between its competitive and non-competitive services, the board is authorized to require such utility to return to the ratepayers an amount, equivalent to the amount of the costs determined to be unfairly allocated, with interest, during the time that the unfair allocation of costs occurred. In addition, the board is authorized to order such utility to pay a fine of up to $10,000 as a result of the violation or violations determined to have occurred pursuant to this subsection.

i. The board shall determine, by rule or order, what reports are necessary to monitor the competitiveness of any service offered to a customer of a gas public utility.

m. The board shall have the authority to take appropriate action, including the issuance of an order that a gas public utility or its related competitive business segment cease the offering of a competitive service,
functionally separate its competitive service offering from non-competitive business functions, structurally separate or divest itself of such services, in the event that the board determines, after hearing, that recurring and significant violations of its rules, regulations or orders adopted pursuant to subsection k. of this section have occurred.

n. Any other provision of this act to the contrary notwithstanding, commencing on the effective date of this act, a gas public utility or a related competitive business segment of that gas public utility shall not offer any competitive service except those approved or pending approval as of July 1, 1998 pursuant to subsections b. and d. of this section; provided, however, that in the event that a gas public utility is not part of a holding company legal structure, competitive services may be offered by a related competitive business segment of that gas public utility as long as that related competitive business segment is structurally separated from the gas public utility, and provided that the interactions between the gas public utility and the related competitive business segment are subject to the affiliate relation standards adopted by the board pursuant to subsection k. of this section.

o. A public utility holding company may offer a gas competitive service to retail customers of a gas public utility that is owned by the holding company, but only through a related competitive business segment of the holding company that is not a related competitive business segment of the gas public utility; provided, however, that in the event that a gas public utility is not part of a holding company legal structure, competitive services may be offered by a related competitive business segment of that gas public utility as long as that related competitive business segment is structurally separated from the gas public utility, and provided that interactions between the gas public utility and the related competitive business segment are subject to the affiliate relation standards adopted by the board pursuant to subsection k. of this section.

do. Nothing in this act shall exempt a gas public utility from obtaining all applicable local, State and federal licenses or permits associated with the offering of competitive services and complying with all applicable laws and regulations regarding the provision of such services.

q. Notwithstanding any other provisions of this section, by no later than December 31, 2000, the board shall render a decision, after notice and hearing, on any further restrictions required for any or all non-safety related competitive services offered by a gas public utility in addition to the provisions of this section, including whether a gas public utility offering non-safety related services must establish and provide such services through a business unit which is functionally separated from the gas public utility business unit.

(1) Upon the completion of the audit process required by paragraph (1)
of subsection k. of this section, the board shall initiate the process of organizing and conducting hearings to examine the use of utility assets in providing retail competitive services as permitted in subsection f. of this section. The board shall evaluate and balance the following factors: the prevention of cross subsidization, the issues attendant to separation and relative to the board's affiliate relation and fair competition standards as provided in subsection k. of this section, the effect on ratepayers of the use of utility assets in the provision of non-safety related competitive services, the effect on utility workers, and the effect of utility practices on the market for such services.

(2) The relationship between the gas public utility and its related competitive service business unit shall be subject to affiliate relations standards to be promulgated by the board pursuant to subsection k. of this section.

r. For at least three years subsequent to the starting date of 100 percent retail competition as provided in subsection a. of this section and thereafter until the board specifically finds it to be no longer in the public interest, each gas public utility shall provide basic gas supply service. Gas supply procured for basic gas supply service by a gas public utility shall be purchased at prices consistent with market conditions. The charges assessed to customers for basic gas supply service shall be regulated by the board and shall be based on the cost to the utility of providing such service, including the cost of gas commodity and capacity purchased at prices consistent with market conditions by the gas public utility in the competitive wholesale marketplace and related ancillary and administrative costs, as determined by the board. A gas supply service offered by a gas public utility under a tariff approved by the board as of the effective date of this act shall qualify for the provision of basic gas supply service required hereunder.

s. By no later than January 1, 2002, the board shall issue a decision as to whether to make available basic gas service on a competitive basis to any gas supplier, any gas public utility, or both.

t. Gas procured for basic gas supply service by a gas supplier shall be purchased at prices consistent with market conditions. The charges assessed to customers for basic gas service shall be regulated by the board and shall be based on the cost to the supplier of providing such service, including the cost of gas commodity and capacity purchased at prices consistent with market conditions by the supplier in the competitive wholesale marketplace and related ancillary and administrative costs, as determined by the board or shall be based upon the result of a competitive bid.

u. Each gas public utility or gas supplier that provides basic gas supply service pursuant to subsections r., s. and t. of this section shall be permitted to recover in its basic gas supply charges on a full and timely basis all
reasonable and prudently incurred costs incurred in the provision of basic
gas supply services pursuant to this section, except to the extent that certain
costs related to the provision of basic gas supply service are already being
recovered in other elements of a gas public utility's charges. The board may
approve ratemaking and other pricing mechanisms that provide incentives,
including financial risks and rewards, for the gas public utility or gas
supplier to procure a portfolio of gas supply that provides maximum benefit
to basic gas supply service customers.

v. Prior to reclassifying as regulated, pursuant to subsection i. of this
section, any service previously found to be competitive, the board shall
make recommendations to the Legislature concerning the proposed
reclassification. The recommendations shall be deemed to be approved
unless the Legislature adopts a concurrent resolution stating that the
Legislature is not in agreement with all or any part of the recommendations
within 90 days following the date of transmittal of the recommendations to
the Legislature. The concurrent resolution shall advise the board of the
Legislature's specific objections to the recommendations and shall direct the
board to submit revised recommendations which respond to those objec­
tions within 45 days of the date of transmittal of the concurrent resolution
to the board.

w. If the board finds, as a result of any audit conducted pursuant to this
section, that violations of the board's rules, regulations or orders adopted
pursuant to this section have occurred, which are not substantial violations,
the board is authorized to impose a fine of up to $10,000 against the gas
public utility.

C.48:3-59 Requirements for electric public utility after retail choice.

11. a. On or after the starting date for the implementation of retail
choice as determined by the board pursuant to subsection a. of section 5 of
this act and for the duration of the transition charges established pursuant to
subsection i. of section 13 and subsection a. of section 14 of this act, the
board may require that an electric public utility either:

(1) Functionally separate its non-competitive business functions from
its competitive electric generation service or its electric power generator
functions so that such services or functions are provided by a related
competitive business segment of the public utility or the public utility
holding company. A related competitive business segment of the public
utility holding company that is providing competitive electric generation
services or performing electric power generator functions shall not be
considered a public utility for the purposes of regulation under Title 48 of
the Revised Statutes or any other State law or rule or regulation, except that
the interrelationships between the related competitive business segment and
CHAPTER 23, LAWS OF 1999

the electric public utility shall be subject to board authority and oversight consistent with the provisions of this section; or

(2) Divest to an unaffiliated company all or a portion of its electric generation assets and operations, upon a finding by the board, that such divestiture is necessary because the concentration or location of electric generation facilities under the electric public utility's ownership or control enable it to exercise market control that adversely affects the formation of a competitive electricity generation market and adversely affects retail electric supply customers by enabling the electric public utility or its related competitive business segment to gain an unfair competitive advantage or otherwise charge non-competitive prices.

b. Prior to the commencement by an electric public utility or a related competitive business segment of an electric public utility of any solicitation of bids for the sale of generating assets subject to recovery pursuant to sections 13 and 14 of this act or of the public utility holding company of any solicitation of bids for the sale of generating assets which have not been previously approved by the board for transfer from the electric public utility to the electric public utility holding company and are subject to recovery pursuant to sections 13 and 14 of this act, whether ordered by the board or not, the board shall establish standards for the conduct of such sale by the utility. Such standards shall include provisions for the board to monitor the progress of the bid process to ensure that the process is conducted by parties acting in their own best interest and in a manner designed to ensure a fair market value determination and does not unreasonably preclude participation by prospective purchasers. An order by the board, pursuant to paragraphs (1) and (2) of subsection a. of this section, ordering a public utility to functionally separate or divest its competitive services to a related competitive business segment of the public utility, a public utility, a public utility holding company or an unaffiliated company shall include a provision that the related competitive business segment of the public utility, public utility holding company or unaffiliated company shall:

(1) Recognize the existing employee bargaining unit and shall continue to honor and abide by an existing collective bargaining agreement for the duration of the agreement. The new entity shall be required to bargain in good faith with the existing collective bargaining unit when the existing collective bargaining agreement has expired;

(2) Shall hire its initial employee complement from among qualified employees of the electric public utility employed at the generating facility at the time of the functional separation or divestiture; and

(3) Continue such terms and conditions of employment of employees as are in existence at the generating facility at the time of the functional separation or divestiture.
c. Prior to completing any sale of generating assets subject to recovery pursuant to sections 13 and 14 of this act, an electric public utility shall file for and obtain approval by the board of the sale. The board shall approve the filing, subject to the provisions of subsection d. of this section, if it finds that:

(1) The sale reflects the full market value of the assets;
(2) The sale is otherwise in the best interest of the electric public utility's ratepayers;
(3) The sale will not jeopardize the reliability of the electric power system;
(4) The sale will not result in undue market control by the prospective buyer;
(5) The impacts of the sale on the utility's workers have been reasonably mitigated;
(6) The sale process is consistent with standards established by the board pursuant to subsection b. of this section;
(7) The sale, merger, or acquisition of the generation or other utility assets includes a provision that the purchasing, merging or new entity shall recognize the existing employee bargaining unit and shall continue to honor and abide by any existing collective bargaining agreement for the duration of the agreement. The new entity shall be required to bargain in good faith with the existing collective bargaining unit when the existing collective bargaining agreement has expired;
(8) The sale, merger, or acquisition of the generation or other utility assets includes a provision that the purchasing, merging or new entity shall hire its initial employee complement from among the employees of the electric public utility employed at the generating facility at the time of the sale, merger or acquisition; and
(9) The sale, merger or acquisition of the generation or other utility assets includes a provision that the purchasing, merging or new entity shall continue such terms and conditions of employment of employees as are in existence at the generating facility at the time of the sale, merger or acquisition.

d. Whenever an electric public utility sells generating assets subject to recovery pursuant to sections 13 and 14 of this act and the net proceeds from such sale exceed the level of market value used in determining the level of stranded costs being recovered through a market transition charge or equivalent rate mechanism established pursuant to section 13 of this act, the board shall require that all such excess revenues derived by the electric public utility or its related competitive business segment from that sale be applied:

(1) To offset any market transition charge or equivalent rate mechanism
assessed to customers pursuant to section 13 of this act; or

(2) If the electric public utility is not assessing a market transition
cost, to offset the rates charged to customers for distribution service.

e. Notwithstanding this subsection no transfer of assets shall affect the
whole value of the assessment of the transitional energy facility assessment
set forth in P.L.1997, c.162 (C.54:30A-100 et seq.).

C.48:3-60 Societal benefits charge by public utility; Universal Service
Fund.

12. a. Simultaneously with the starting date for the implementation of
retail choice as determined by the board pursuant to subsection a. of section
5 of this act, the board shall permit each electric public utility and gas public
utility to recover some or all of the following costs through a societal
benefits charge that shall be collected as a non-bypassable charge imposed
on all electric public utility customers and gas public utility customers, as
appropriate:

(1) The costs for the social programs for which rate recovery was
approved by the board prior to April 30, 1997. For the purpose of establish­
ing initial unbundled rates pursuant to section 4 of this act, the societal
benefits charge shall be set to recover the same level of social program costs
as is being collected in the bundled rates of the electric public utility on the
effective date of this act. The board may subsequently order, pursuant to its
rules and regulations, an increase or decrease in the societal benefits charge
to reflect changes in the costs to the utility of administering existing social
programs. Nothing in this act shall be construed to abolish or change any
social program required by statute or board order or rule or regulation to be
provided by an electric public utility. Any such social program shall
continue to be provided by the utility until otherwise provided by law,
unless the board determines that it is no longer appropriate for the electric
public utility to provide the program, or the board chooses to modify the
program;

(2) Nuclear plant decommissioning costs;

(3) The costs of demand side management programs that were
approved by the board pursuant to its demand side management regulations
prior to April 30, 1997. For the purpose of establishing initial unbundled
rates pursuant to section 4 of this act, the societal benefits charge shall be set
to recover the same level of demand side management program costs as is
being collected in the bundled rates of the electric public utility on the
effective date of this act. Within four months of the effective date of this
act, and every four years thereafter, the board shall initiate a proceeding and
cause to be undertaken a comprehensive resource analysis of energy
programs, and within eight months of initiating such proceeding and after
notice, provision of the opportunity for public comment, and public hearing,
the board, in consultation with the Department of Environmental Protection, shall determine the appropriate level of funding for energy efficiency and Class I renewable energy programs that provide environmental benefits above and beyond those provided by standard offer or similar programs in effect as of the effective date of this act; provided that the funding for such programs be no less than 50% of the total Statewide amount being collected in public electric and gas utility rates for demand side management programs on the effective date of this act for an initial period of four years from the issuance of the first comprehensive resource analysis following the effective date of this act, and provided that 25% of this amount shall be used to provide funding for Class I renewable energy projects in the State. In each of the following fifth through eighth years, the Statewide funding for such programs shall be no less than 50 percent of the total Statewide amount being collected in public electric and gas utility rates for demand side management programs on the effective date of this act, except that as additional funds are made available as a result of the expiration of past standard offer or similar commitments, the minimum amount of funding for such programs shall increase by an additional amount equal to 50 percent of the additional funds made available, until the minimum amount of funding dedicated to such programs reaches $140,000,000 total. After the eighth year the board shall make a determination as to the appropriate level of funding for these programs. Such programs shall include a program to provide financial incentives for the installation of Class I renewable energy projects in the State, and the board, in consultation with the Department of Environmental Protection, shall determine the level and total amount of such incentives as well as the renewable technologies eligible for such incentives which shall include, at a minimum, photovoltaic, wind, and fuel cells. The board shall simultaneously determine, as a result of the comprehensive resource analysis, the programs to be funded by the societal benefits charge, the level of cost recovery and performance incentives for old and new programs and whether the recovery of demand side management programs' costs currently approved by the board may be reduced or extended over a longer period of time. The board shall make these determinations taking into consideration existing market barriers and environmental benefits, with the objective of transforming markets, capturing lost opportunities, making energy services more affordable for low income customers and eliminating subsidies for programs that can be delivered in the marketplace without electric public utility and gas public utility customer funding;

(4) Manufactured gas plant remediation costs, which shall be determined initially in a manner consistent with mechanisms in the remediation adjustment clauses for the electric public utility and gas public utility
adopted by the board; and

(5) The cost of consumer education, as determined by the board, which shall be in an amount that, together with the consumer education surcharge imposed on electric power supplier license fees pursuant to subsection h. of section 29 of this act and the consumer education surcharge imposed on gas supplier license fees pursuant to subsection g. of section 30 of this act, shall be sufficient to fund the consumer education program established pursuant to section 36 of this act.

b. There is established in the Board of Public Utilities a nonlapsing fund to be known as the "Universal Service Fund." The board shall determine: the level of funding and the appropriate administration of the fund; the purposes and programs to be funded with monies from the fund; which social programs shall be provided by an electric public utility as part of the provision of its regulated services which provide a public benefit; whether the funds appropriated to fund the "Lifeline Credit Program" established pursuant to P.L.1979, c.197 (C.48:2-29.15 et seq.), the "Tenants' Lifeline Assistance Program" established pursuant to P.L.1981, c.210 (C.48:2-29.31 et seq.), the funds received pursuant to the Low Income Home Energy Assistance Program established pursuant to 42 U.S.C. s. 8621 et seq., and funds collected by electric and natural gas utilities, as authorized by the board, to offset uncollectible electricity and natural gas bills should be deposited in the fund; and whether new charges should be imposed to fund new or expanded social programs.

C.48:3-61 Market transition charge for stranded costs.

13. a. The provisions of R.S.48:2-21 or any other law to the contrary notwithstanding, and simultaneously with the starting date for the implementation of retail choice as determined by the board pursuant to subsection a. of section 5 of this act, the board shall, pursuant to the findings made in connection with the stranded cost filing under subsection c. of this section and the related stranded costs recovery order, permit each electric public utility the opportunity to recover the following categories of costs through a market transition charge that shall be collected as a limited duration non-bypassable charge payable by all of the electric public utility's customers, except as provided pursuant to section 28 of this act:

(1) Utility generation plant stranded costs;

(2) Stranded costs related to long-term and short-term power purchase contracts with other utilities, including buydowns and buyouts of such contracts and interim debt, the issuance of which has been approved by the board, issued to effectuate the buydown or buyout of such contracts;

(3) Stranded costs related to long-term power purchase contracts with non-utility generators, including buydowns and buyouts of such contracts
and interim debt issued to effectuate the buydown or buyout of such contracts, and the costs of new power contracts approved by the board which are the result of the renegotiation, restructuring or termination of previous non-utility generator power purchase contracts pursuant to subsection 1. of this section; and

(4) Such restructuring related costs, if any, as the board determines to be appropriate for recovery in a market transition charge.

b. Costs that may be collected pursuant to subsection a. of this section must be otherwise unrecoverable as a direct result of the implementation of retail choice mandated by subsection a. of section 5 of this act.

c. In order for an electric public utility to have a market transition charge established it must submit a stranded cost filing to the board, the elements of which are to be established by the board. After notice and hearing, the board may approve, reject or approve with modifications the filing as it deems necessary and appropriate to comply with the provisions of this act and shall thereafter issue a stranded cost recovery order setting forth the amount of stranded costs, if any, eligible to be recovered by such electric public utility. The order or a successor order also shall set forth the board authorized mechanism to be used by the electric public utility for recovery of stranded costs which the board has determined are eligible for recovery.

d. Costs that may be eligible for recovery pursuant to paragraphs (1) and (2) of subsection a. of this section must have been committed to by the utility and included in rates through the conclusion of the utility's most recent base rate case prior to April 30, 1997, except that the board may determine certain costs that were not previously included in base rates to be eligible upon a showing by the utility that such costs were prudently incurred and either:

(1) were needed to maintain plant integrity, performance or reliability or to meet safety, environmental or other regulatory standards consistent with the utility's obligation to serve; or

(2) in the case of major investments or major upgrades not meeting the standard in subsection a. of this section, the utility demonstrates that it had no more cost-effective power supply source available at the time the commitment was made to meet their energy consumers' needs consistent with applicable board standards and to provide benefits to ratepayers.

e. For the purposes of quantifying the magnitude of stranded costs eligible for recovery via the market transition charge, the board shall require the electric public utility to demonstrate the full market value of each eligible generating asset or power purchase commitment over its remaining useful life or term and, in fixing the level of the market transition charge, the board shall reach a determination as to the market value of such eligible
assets and commitments, or implement a mechanism for such value to be
determined. Such determination or mechanism shall reflect or provide a
means to reflect the full value of the eligible asset or commitment, including
value which may not be realized by the electric public utility until after the
expiration of the market transition charge, and may reflect a reduced return,
if any, on investment in quantifying stranded costs which the board
determines to be reasonable given the changes in capital costs or risks to the
utility, or to reflect the impaired value of the uneconomic generating assets
to ratepayers.

f. For the purposes of quantifying the magnitude of stranded costs
eligible for recovery via the market transition charge, the board shall require
or impute all reasonably available measures for the electric public utility to
mitigate the quantity of stranded costs, by:

(1) Reducing the cost of power purchase commitments and the on­
going capital and operations costs of the generating plant;

(2) Maximizing the market value of the generating asset or purchase
commitment; or

(3) Undertaking other reasonably achievable cost reductions.

g. The board shall conduct a periodic review and, if necessary, adjust
the market transition charge or implement other ratemaking mechanisms in
order to ensure that the utility will not collect charges that exceed its actual
stranded costs. Net proceeds from the sale or lease of generating assets as
provided in subsection d. of section 11 of this act or from the offering of
competitive services by the electric public utility or a related competitive
business segment of the public utility as provided in subsection b. of section
7 of this act, shall be reflected on a timely basis in the first instance by the
adjustment of the market transition charge or equivalent rate mechanism
implemented pursuant to this subsection. Any adjustment mechanism shall
reflect changes in market price and may reflect other factors such as changes
in sales.

h. Notwithstanding the provisions of subsection a. of this section, the
board shall not determine a level for the market transition charge for
recovery of a utility's eligible stranded costs, as determined in accordance
with this section, which prevents the achievement of the rate reductions
required pursuant to section 4 of this act and that such rate reductions will
not impair the electric public utility's financial integrity such that access to
the capital markets for the continued provision of safe, adequate, and proper
utility service is impaired.

i. The market transition charge for each utility shall be limited to a
term not to exceed eight years, except that the board may extend the term of
the charge to allow a utility:
126 CHAPTER 23, LAWS OF 1999

(1) To recover the non-mitigable stranded costs associated with payments under long-term power purchase contracts with non-utility generators over the lives of the contracts;

(2) To recover costs associated with a particular generating asset, the costs of which represent at least 20 percent of an electric public utility's stranded costs as determined by the board and the remaining life of which for depreciation purposes at April 30, 1997 was 10 years or greater, in which case the board may extend the market transition charge up to three additional years if necessary to achieve the rate reduction levels established by the board pursuant to section 4 of this act; or

(3) To achieve the mandatory rate reductions established pursuant to subsection d. of section 4 of this act if the board determines that such mandatory rate reductions cannot be achieved by a public electric utility absent such extension.

j. The board shall issue orders with respect to each electric public utility's amortization of stranded costs through the market transition charge pursuant to this section prior to the starting date for implementation of retail choice as provided in subsection a. of section 5 of this act.

k. Nothing in this act shall be construed to alter non-utility generator power purchase contracts in existence on the effective date of this act or the board's orders approving said contracts.

l. (1) The board may approve the buyout or buydown of a power purchase agreement with a non-utility generator or a new power purchase contract which is the result of the renegotiation, restructuring or termination of a previous non-utility generator purchase agreement, if it determines that such buyout, buydown or new contract, including any and all transaction costs, will result in a substantial reduction in the total stranded costs of the utility, which resulting savings will be passed through to ratepayers on a full and timely basis.

(2) Each electric public utility shall be permitted to recover the costs of qualified replacement power on a full and timely basis pursuant to section 9 of this act.

(3) Each electric public utility shall be permitted to recover on a full and timely basis through the market transition charge:

(a) all costs of power contract buydowns and buyouts approved by the board which are the result of the renegotiation, restructuring, buyout, buydown or termination of existing non-utility power purchase contracts; and

(b) debt issued to effectuate the board-approved renegotiation, restructuring, buyout, buydown, or termination of existing non-utility power purchase contracts.
(4) The board’s approval of any contract renegotiation, restructuring, buyout, buydown, termination or new contract shall not be subject to modification except as requested jointly by the parties to such contracts.

(5) As used in this subsection, "qualified replacement power" is power that the utility purchases subsequent to the board-approved buyout, buydown or renegotiation of a non-utility generator power purchase contract which is necessary to provide basic generation service and in order to replace power not provided as part of the buydown, buyout or new contract, and which is obtained at a cost no higher than that which is available in the market.

14. a. For purposes of recovering a portion of the stranded costs of an electric public utility that are deemed eligible for rate recovery in a stranded cost recovery order consistent with the provisions of section 13 of this act, and for compliance by the electric public utility with the rate reduction requirements determined by the board to be necessary and appropriate consistent with the provisions of sections 4 and 13 of this act, the board may authorize the issuance of transition bonds by the electric public utility or other financing entity approved by the board. Such bonds shall be secured through an irrevocable bondable stranded cost rate order imposing a non-bypassable transition bond charge as provided in section 18 of this act and shall provide for collection of the transition bond charge by the electric public utility or another entity approved by the board. This transition bond charge shall be assessed in connection with the recovery of stranded costs pursuant to section 13 of this act, but each electric public utility shall maintain separate accounting for transition bond charges so that the board can determine, at any time, the amount of each type of charge that has been assessed and collected by the electric public utility. The net proceeds of the transition bonds shall be used by or on behalf of the electric public utility solely for the purposes of reducing the amount of its otherwise recovery-eligible stranded costs, as determined by the board in accordance with the provisions of section 13 of this act, through the refinancing or retirement of electric public utility debt or equity, or both, or the buyout, buydown or other restructuring of a power purchase agreement if such buyout, buydown or restructuring leads directly to substantial customer benefits over the term of the power purchase agreement. The entire amount of cost savings achieved as a result of the issuance of such transition bonds, whether as a result of a reduction in capital costs or a lengthened recovery period associated with otherwise recovery-eligible stranded costs or as a source of cash for the buyout, buydown or other restructuring of a power purchase agreement, shall be passed on to the customers of the electric public utility.
in the form of reduced rates for electricity. Anything in this act or any other law to the contrary notwithstanding, except for adjustments authorized under paragraph (2) of subsection a. and subsection b. of section 15 of this act, transition bond charges approved by the board in a bondable stranded costs rate order shall not be offset, reduced, adjusted or otherwise diminished either directly or indirectly.

b. The issuance of transition bonds for an electric public utility may be authorized by the board if all the following findings are made by the board in connection with its review of a stranded cost filing made by an electric public utility pursuant to section 13 of this act:

(1) The electric public utility has taken reasonable measures to date, and has the appropriate incentives or plans in place to take reasonable measures, to mitigate the total amount of its stranded costs;

(2) The electric public utility will not be able to achieve the level of rate reduction deemed by the board to be necessary and appropriate pursuant to the provisions of sections 4 and 13 of this act absent the issuance of transition bonds;

(3) The issuance of such bonds will provide tangible and quantifiable benefits to ratepayers, including greater rate reductions than would have been achieved absent the issuance of such bonds and net present value savings over the term of the bonds; and

(4) The structuring and pricing of the transition bonds assure that the electric public utility's customers pay the lowest transition bond charges consistent with market conditions and the terms of the bondable stranded costs rate order. If so authorized in the financing order by the board, the structure and pricing of the transition bonds shall be conclusively deemed to satisfy this requirement if so certified by a designee of the board upon the pricing of the transition bonds, which certification will be final and uncontestable as of its date.

c. Subject to the other requirements of this section:

(1) The board may authorize the issuance of transition bonds for utility generation plant stranded costs determined by the board to be recoverable pursuant to paragraph (1) of subsection a. of section 13 of this act in a principal amount of up to 75 percent of the total amount of the electric public utility's recovery-eligible utility generation plant stranded costs, as determined by the board in accordance with the provisions of section 13 of this act, or, in the event that an electric public utility divests itself of a majority of its generating assets, which divestiture will result in a lower market transition charge than that which would have been collected from customers had the electric public utility not divested such assets, and the utility has established, as determined by the board, the stranded cost amount with certainty attributable to its remaining generating asset or assets, the
board may authorize the issuance of transition bonds in a principal amount up to the full stranded cost value of such remaining generating asset or assets based on the following criteria:

(a) The greater the level of aggregate rate reduction provided pursuant to subsections d. and e. of section 4 of this act, the higher the percentage of stranded costs for which transition bonds may be issued;

(b) The higher the degree of certainty, such as might be obtained by auction or sale of the assets, as to the magnitude of the electric public utility's actual stranded costs, the larger the magnitude of transition bonds which may be permitted; and

(c) Based on evidence on the record, such amount will produce substantial and quantifiable savings for the customers of that utility; and

(2) The board may authorize the issuance of transition bonds for the buyout or buydown of long-term power purchase contracts with non-utility generators determined by the board to be recoverable pursuant to paragraph (3) of subsection a. of section 13 of this act in a principal amount to be determined by the board in accordance with the provisions of section 13 of this act, based on the following criteria:

(a) The greater the level of aggregate rate reduction provided pursuant to subsections d. and e. of section 4 of this act, the higher the percentage of stranded costs that may be securitized;

(b) The higher the degree of certainty as to the magnitude of the electric public utility's actual stranded costs, the larger the magnitude of transition bonds which may be permitted; and

(c) Based on evidence on the record, such amount will produce substantial and quantifiable savings for the customers of that electric public utility because the amount of the buyout or buydown payment is substantially less than the total projected stranded costs associated with the contract.

d. The board may approve transition bonds with scheduled amortization upon issuance of up to:

(1) Fifteen years if the electric public utility intends to utilize the proceeds from such transition bonds to reduce the stranded costs related to utility-owned generation; or

(2) The remaining term of a power purchase agreement if the electric public utility intends to utilize the proceeds from such transition bonds solely for the purposes and requirements of paragraph (2) of subsection c. of this section.

e. Transition bonds for the purpose and requirements of paragraphs (1) and (2) of subsection c. of this section may be issued in one or more series, in one or more offerings, and each such series may consist of one or more classes of transition bonds.

f. The board shall issue orders with respect to each electric public
utility's amortization of stranded costs through the transition bond charges pursuant to this section.

C.48:3-64 Bondable stranded costs rate orders.

15. a. A bondable stranded costs rate order issued by the board pursuant to section 14 of this act shall:

(1) Authorize the electric public utility or other financing entity approved by the board to issue transition bonds to finance the bondable stranded costs and to pledge or assign, sell or otherwise transfer the related bondable transition property without further order of the board, except as provided in paragraph (2) of subsection a. of this section;

(2) Approve the amount of the initial transition bond charge to be imposed upon, charged to and collected and received from the customers of the electric public utility in an amount not less than the amount necessary to fully recover bondable stranded costs, and provide for adjustment in a manner approved by the board of the initial transition bond charge prior to the closing of the related transition bonds to reflect the actual rate of interest thereon and all other costs, including any required overcollateralization, associated with the issuance of such transition bonds; and

(3) Require the electric public utility to obtain the approval of the board or its designee at the time of pricing of the terms and conditions of any transition bonds secured by or payable from the transition bond charges, servicing fees, if any, imposed with respect to the collection of such transition bond charges, or any pledging, assignment, sale or other transfer of bondable transition property in connection with the initial transition bond charge provided in paragraph (2) of subsection a. of this section, including a schedule of payments of principal and interest on the transition bonds, which notice shall be given not later than five business days after issuance and sale of the transition bonds. Notwithstanding any other provision of law, the notice to the board required to be given by the electric public utility in connection with the issuance and sale of transition bonds under this subsection shall not be subject to the provisions of R.S.48:3-7 and R.S.48:3-9 and shall not affect the rights of bondholders.

b. Each bondable stranded costs rate order shall provide for mandatory periodic adjustments by the board of the transition bond charges that are the subject of the bondable stranded costs rate order, upon petition of the affected electric public utility, its assignee or financing entity, to conform the transition bond charges to the schedule of payments of principal and interest on the transition bonds provided to the board by the electric public utility pursuant to subsection a. of this section. Such adjustments shall be made at least annually. Each such adjustment shall be formula-based, shall be in the amount required to ensure receipt of revenues sufficient to provide
for the full recovery of bondable stranded costs, including, without limitation, the timely payment of principal of, and interest and acquisition or redemption premium on, transition bonds issued to finance such bondable stranded costs, which shall be recovered over the term of the transition bonds and in accordance with the schedule of payments of principal and interest on the transition bonds provided to the board by the electric public utility pursuant to subsection a. of this section and shall become effective 30 days after filing thereof with the board absent a determination of manifest error by the board. The electric public utility shall propose such adjustments in a filing with the board at least 30 days in advance of the date upon which it is requested to be effective. The proposed adjustment shall become effective on an interim basis on such date and, in the absence of a board order to the contrary, shall become final 60 days thereafter. Each such adjustment shall be formula-based and shall be in the amount required to ensure receipt of revenues sufficient to provide for the full recovery of bondable stranded costs including, without limitation, the timely payment of principal of, and interest and acquisition or redemption premium on, transition bonds issued to finance such bondable stranded costs, which shall be recovered over the term of the transition bonds and in accordance with the schedule of payments of principal and interest on the transition bonds provided to the board by the electric public utility pursuant to subsection a. of this section. Such periodic adjustments shall not in any way affect the validity or irrevocability of the bondable stranded costs rate order or any sale, assignment or other transfer of or any pledge or security interest granted with respect to the related bondable transition property and shall not affect rights of bondholders.

c. A bondable stranded costs rate order and the authority to meter, charge, collect and receive the transition bond charges authorized thereby shall remain in effect until the related bondable stranded costs, including, without limitation, the principal of, and accrued interest and acquisition or redemption premium on, any transition bonds issued to finance such bondable stranded costs, have been paid in full and all other obligations and undertakings with respect thereto have been fully satisfied. Until the bondable stranded costs, including, without limitation, the principal of, and accrued interest and acquisition or redemption premium on, any transition bonds issued to finance such bondable stranded costs, have been paid in full and all other obligations and undertakings with respect thereto have been fully satisfied, the electric public utility shall be obligated to provide electricity through its transmission and distribution system to its customers and shall have the right to meter, charge, collect and receive the transition bond charges arising therefrom from its customers, which rights and obligations may be assignable solely within the discretion of the electric

public utility.

d. Each bondable stranded costs rate order shall provide that any transition bond charges held by the assignee or trustee of the related transition bonds in excess of those amounts necessary to fully recover bondable stranded costs approved in the bondable stranded costs rate order shall be applied as a credit to reduce charges to customers of the electric public utility, except that all bondable stranded costs as quantified in the bondable stranded costs rate orders with respect to the electric public utility shall be aggregated for purposes of determining whether or not the total transition bond charges collected exceed the total bondable stranded costs attributable to such electric public utility and provided, further, that unless the electric public utility can demonstrate to the satisfaction of the board that such credit will result in a recharacterization of the tax, accounting, and other intended characteristics of the transition bonds, including, but not limited to, the following characteristics:

(1) the recognition of transition bonds as debt on balance sheet of the electric public utility for financial accounting purposes;
(2) treatment of the transition bonds as debt of the electric public utility or its affiliates for federal income tax purposes;
(3) treatment of the transfer of bondable transition property by the electric public utility as a true sale for bankruptcy purposes; and
(4) an adverse impact of the transition bonds on the credit rating of the electric public utility.

e. An electric public utility may commingle the revenues received from amounts charged, collected and received under transition bond charges for bondable stranded costs approved in any one or more bondable stranded costs rate orders with other funds of the electric public utility, which shall in no way affect the validity or irrevocability of any bondable stranded costs rate order issued in connection therewith or any sale, assignment or other transfer of or any pledge or security interest granted with respect to the bondable transition property created thereby.

f. Except as provided otherwise in this act, all proceedings in connection with the determination of bondable stranded costs, transition bond charges and bondable stranded costs rate orders shall be exempt from the provisions of Title 48 of the Revised Statutes and any regulations promulgated thereunder.

C.48:3-65 Orders become irrevocable upon issuance.

16. a. Notwithstanding any other provision of law, each bondable stranded costs rate order and the transition bond charges authorized therein shall become irrevocable upon the issuance of such order and its becoming effective pursuant to section 19 of this act. The bondable stranded costs rate
order, the transition bond charges and the bondable transition property shall constitute a vested, presently existing property right upon the transfer to an assignee and receipt of consideration for such bondable transition property. Following such transfer and receipt of consideration, such property right in bondable transition property shall be vested *ab initio* in such assignee.

b. Neither the board nor any other governmental entity shall have the authority, directly or indirectly, legally or equitably, to rescind, alter, repeal, modify or amend a bondable stranded costs rate order, to revalue, re-evaluate or revise the amount of bondable stranded costs, to determine that the transition bond charges or the revenues required to recover bondable stranded costs are unjust or unreasonable, or in any way to reduce or impair the value of bondable transition property, nor shall the amount of revenues arising with respect thereto be subject to reduction, impairment, postponement or termination, provided, however, that nothing in this section shall preclude adjustments of the transition bond charges in accordance with the provisions of paragraph (2) of subsection a. and of subsection b. of section 15 of this act.

C.48:3-66 State pledge to holders of transition bonds; orders not pledge of State's credit.

17. a. The State of New Jersey does hereby pledge and agree with the holders of any transition bonds issued under the authority of this act, with the pledgee, owner or assignee of bondable transition property, with any financing entity which has issued transition bonds with respect to which a bondable stranded costs rate order has been issued and with any person who may enter into agreements with an electric public utility or an assignee or pledgee thereof or a financing entity pursuant to this act, that the State will not limit, alter or impair any bondable transition property or other rights vested in an electric public utility or an assignee or pledgee thereof or a financing entity or vested in the holders of any transition bonds pursuant to a bondable stranded costs rate order until such transition bonds, together with the interest and acquisition or redemption premium, if any, thereon, are fully paid and discharged or until such agreements are fully performed on the part of the electric public utility, any assignee or pledgee thereof or the financing entity or in any way limit, alter, impair or reduce the value or amount of the bondable transition property approved by a bondable stranded costs rate order, provided, however, that nothing in this section shall preclude the adjustment of the transition bond charges in accordance with subsection b. of section 15 of this act. Any financing entity is authorized to include this covenant and undertaking of the State of New Jersey in any documentation with respect to the transition bonds issued thereby.

b. A bondable stranded costs rate order issued under this act does not constitute a debt or liability of the State or of any political subdivision
thereof, nor does it constitute a pledge of the full faith and credit of the State or any of its political subdivisions. The issuance of transition bonds under this act shall not directly, indirectly, or contingently obligate the State or any political subdivision thereof to levy or pledge any form of taxation therefor or to make an appropriation for their payment, and any such transition bonds shall be payable solely from the bondable transition property and such other proceeds or property as may be pledged therefor.

C.48:3-67 Customers assessed for transition bond charges.
18. The transition bond charges established by the board in bondable stranded costs rate orders shall be assessed against all customers of the electric public utility, except as provided in section 28 of this act. Transition bond charges shall be established by the board in accordance with sections 14 and 15 of this act and shall apply equally to each customer of the electric public utility based on the amount of electricity delivered to the customer through the transmission and distribution system of the electric public utility or any successor.

C.48:3-68 Effectiveness of bondable stranded costs rate order.
19. Each bondable stranded costs rate order shall be effective only in accordance with the terms thereof and upon the written consent of the petitioning electric public utility to all such terms.

C.48:3-69 Recourse against issuer only.
20. Transition bonds shall be recourse only to the credit and assets of the issuer of the transition bonds.

C.48:3-70 Electric public utility to maintain records of transition bond charges.
21. An electric public utility shall maintain or cause to be maintained records of transition bond charges which have been assessed and collected by the electric public utility for each bondable stranded costs rate order applicable to the electric public utility. Such electric public utility records and any records of a financing entity shall be made available by the electric public utility for inspection and examination within a reasonable time upon demand therefor by the board or the related financing entity.

C.48:3-71 Issuance of transition bonds; security.
22. a. Electric public utilities or other financing entities may, but are not required to, issue transition bonds authorized by the board in any bondable stranded costs rate order.

b. An electric public utility or its assignee may sell, assign and otherwise transfer all or portions of its interest in bondable transition property to assignees or financing entities in connection with the issuance of transition bonds. In addition, an electric public utility, an assignee or a
financing entity may pledge, grant a security interest in, or encumber bondable transition property as collateral for transition bonds.

c. Bondable transition property shall constitute an account and shall constitute presently existing property for all purposes, including for contracts securing transition bonds, whether or not the revenues and proceeds arising with respect thereto have accrued and notwithstanding the fact that the value of the property right may depend upon consumers using electricity or, in those instances where consumers are customers of a particular electric public utility, such electric public utility performing certain services. The validity of any sale, assignment or other transfer of bondable stranded cost shall not be defeated or adversely affected by the commingling by the electric public utility of revenues received from amounts charged, collected and received as transition bond charges with other funds of the electric public utility. Any description of the bondable transition property in a security agreement or financing statement filed with respect to the transfer of such bondable transition property in accordance with N.J.S.12A:9-401 shall be sufficient if it refers to the bondable stranded costs rate order establishing the bondable transition property.

d. A perfected security interest in bondable transition property is a continuously perfected security interest in all revenues and proceeds arising with respect thereto, whether or not the revenues and proceeds shall have accrued. The validity and relative priority of a pledge of, or security interest in, bondable transition property shall not be defeated or adversely affected by the commingling by the electric public utility of revenues received from amounts charged, collected and received as transition bond charges with other funds of the electric public utility. Any description of the bondable transition property in a security agreement or financing statement filed with respect to the granting of a security interest in such bondable transition property in accordance with N.J.S.12A:9-401 shall be sufficient if it refers to the bondable stranded costs rate order establishing the bondable transition property.

e. In the event of default by the electric public utility or its assignee in payment of revenues arising with respect to the bondable transition property, and upon the application by the pledgees or transferees of the bondable transition property, the board or any court of competent jurisdiction shall order the sequestration and payment to the pledgees or transferees of revenues arising with respect to the bondable transition property, which application shall not limit any other remedies available to the pledgees or transferees by reason of the default. Any such order shall remain in full force and effect notwithstanding any bankruptcy, reorganization or other insolvency proceedings with respect to the debtor, pledgor or transferor of the bondable transition property. Any amounts in excess of amounts
necessary to satisfy obligations then outstanding on or related to transition bonds shall be applied in the manner set forth in subsection d. of section 15 of this act.

f. To the extent that any such interest in bondable transition property is so sold or assigned, or is so pledged as collateral, the electric public utility shall be authorized to enter into a contract with the secured party, the assignee or the financing entity providing that the electric public utility shall continue to operate its transmission and distribution system to provide service to its customers, shall impose, charge, collect and receive transition bond charges in respect of the bondable transition property for the benefit and account of the secured party, the assignee or the financing entity, and shall account for and remit such amounts to and for the account of the secured party, the assignee or the financing entity. In the event of a default by the electric public utility in respect of charging, collecting and receiving revenues derived from transition bond charges and upon the application by the secured party, the assignee or the financing entity, the board or any court of competent jurisdiction shall by order designate a trustee or other entity to act in the place of the electric public utility to impose, meter, charge, collect and receive transition bond charges in respect of the bondable transition property for the benefit and account of the pledgee, the assignee or the financing entity. The board may, at its discretion, establish criteria for the selection of any entity that may become a servicer of bondable transition property upon the default or other adverse material change in the financial condition of the electric public utility.

g. An agreement by an assignor of bondable transition property not to assert any defense, claim or set-off against an assignee of the bondable transition property shall be enforceable against the assignor by the assignee and by any successor or subsequent assignee thereof.

C.48:3-72 Transfer of bondable transition property.

23. a. If an agreement by an electric public utility or its assignee to transfer bondable transition property expressly states that the transfer is a sale or other absolute transfer, then, notwithstanding any other provisions of law:

(1) Such transfer shall constitute a sale by the electric public utility or its assignee of all right, title, and interest of the electric public utility or its assignee, as applicable, in and to such bondable transition property;

(2) Such transfer shall constitute a sale or other absolute transfer of, and not a borrowing secured by, such bondable transition property;

(3) Upon execution and delivery of such agreement, the electric public utility or its assignee shall have no right, title or interest in or to such bondable transition property, except to the extent of any retained equity
interest permitted by the provisions of this act; and

(4) The characterization of a transfer as a sale or other absolute transfer shall not be affected or impaired in any manner by, among other things: (a) the assignor's retention, or acquisition as part of the assignment transaction or otherwise, of a pari passu equity interest in bondable transition property or the fact that only a portion of the bondable transition property is otherwise transferred; (b) the assignor's retention, or acquisition as part of the assignment transaction or otherwise, of a subordinate equity interest or other provision of credit enhancement on terms substantially commensurate with market practices; (c) the fact that the electric public utility acts as the collector or servicer of transition bond charges; (d) the assignor's retention of bare legal title to bondable transition property for the purpose of servicing or supervising the servicing of such property and collections with respect thereto; or (e) treatment of such transfer as a financing for federal, State or local tax purposes or financial accounting purposes.

b. Such transfer shall be perfected against any third party when:

(1) The board has issued a bondable stranded costs rate order with respect to such bondable transition property;
(2) Such agreement has been executed and delivered by the electric public utility or its assignee; and
(3) A financing statement has been filed with respect to the transfer of such bondable transition property in accordance with N.J.S.12A:9-401 et seq.

C.48:3-73 Successor to electric public utility.

24. Any successor to an electric public utility, whether pursuant to any bankruptcy, reorganization or other insolvency proceedings or pursuant to any merger, consolidation or sale or transfer of assets of the electric public utility, by operation of law, as a result of electric power industry restructuring or otherwise, shall perform and satisfy all obligations and be entitled to the same rights of its predecessor electric public utility under this act or the bondable stranded costs rate order or any contract entered into pursuant to this act in the same manner and to the same extent as such predecessor electric public utility, including, but not limited to, charging, collecting, receiving and paying to the person entitled thereto the revenues in respect of the transition bond charges relating to the bondable transition property. Bondable transition property, and any payments in respect to bondable transition property, including, without limitation, transition bond charges, shall not be subject to any setoffs, counterclaims, surcharges or defenses by the electric public utility, any customer, or any other person, in connection with the bankruptcy, insolvency or default of the electric public utility or otherwise.
C.48:3-74 Application for bondable stranded costs rate order not required.

25. Notwithstanding any of the provisions of this act, an electric public utility shall not be obligated under this act to apply to the board for any bondable stranded costs rate order, consent to the terms of any bondable stranded costs rate order, or sell, transfer or pledge any bondable transition property, or issue transition bonds in connection therewith.

The consideration or approval by the board of a petition by any electric public utility under this act, including the periodic adjustment provided in subsection b. of section 15 of this act shall be wholly separate from and shall not be utilized in the board's consideration of any other ratemaking or other proceeding involving the electric public utility except as otherwise provided in this act.

C.48:3-75 Expedited judicial review of bondable stranded costs rate orders.

26. In order to maximize the rate savings to customers of the electric public utility under a bondable stranded costs rate order, which order may be time-sensitive because financial market conditions may affect the feasibility and terms of transition bonds approved for issuance therein, the parties involved in proceedings resulting in such an order shall attempt to expedite judicial review pursuant to the following procedures:

a. Upon the issuance of a bondable stranded costs rate order, the board shall forthwith cause a certified copy of such order to be served upon each party entitled thereto. The electric public utility shall, within 10 days of such service upon it, file with the board its written consent to such order or its objections thereto.

b. Any party to the proceedings resulting in a bondable stranded costs rate order who claims to be aggrieved by such order, including but not limited to any electric public utility which has withheld its consent and objected thereto or any financing entity interested therein, may seek judicial review of such order in accordance with the applicable Rules Governing the Courts of the State of New Jersey and the provisions of this act. Such judicial review shall be the exclusive remedy for the parties involved in a proceeding resulting in a bondable stranded costs rate order and no petition for rehearing to the board shall be made or entertained.

c. Any party seeking judicial review under this section shall file a motion for expedited consideration of the appeal before any appellate court in which an appeal may be pending on the ground that acceleration is warranted because the subject of the appeal involves matters of important public interest.

C.48:3-76 Bondable transition property constitutes an account.

27. a. For purposes of this act, and the Uniform Commercial Code -
Secured Transactions, N.J.S.12A:9-101 et seq., bondable transition property, as defined in N.J.S.12A:9-105(1), shall constitute an account. For purposes of this act, and the Uniform Commercial Code - Secured Transactions, N.J.S.12A:9-101 et seq., bondable transition property shall be in existence whether or not the revenues or proceeds in respect thereof have accrued, in accordance with subsection c. of section 22 of this act. The validity, perfection or priority of any security interest in bondable transition property shall not be defeated or adversely affected by changes to the bondable stranded costs rate order or to the transition bond charges payable by any customer. Any description of bondable transition property in a security agreement or other agreement or a financing statement shall be sufficient if it refers to the bondable stranded costs rate order establishing the bondable transition property.

b. In addition to the other rights and remedies provided or authorized by this act, and by the Uniform Commercial Code - Secured Transactions, N.J.S.12A:9-101 et seq., when a debtor is in default under a security agreement and the collateral is bondable transition property, then upon application by the secured party, the board or any court of competent jurisdiction shall order the sequestration and payment to the secured party of all collections and other proceeds of such bondable transition property up to the value of the property. In the event of any conflicts, priority among pledgees, transferees or secured parties shall be determined under chapter 9 of Title 12A of the New Jersey Statutes. The secured party must account to the debtor for any surplus and, unless otherwise agreed, the debtor shall be liable for any deficiency.

C.48:3-77 Charges for sale, delivery of power to off-site customer.

28. a. Whenever an on-site generation facility produces power that is not consumed by the on-site customer, and that power is delivered to an off-site end-use customer in this State, all the following charges shall apply to the sale or delivery of such power to the off-site customer:

(1) The societal benefits charge or its equivalent, imposed pursuant to section 12 of this act;
(2) The market transition charge or its equivalent, imposed pursuant to section 13 of this act; and
(3) The transition bond charge or its equivalent, imposed pursuant to section 18 of this act.

b. None of the following charges shall be imposed on the electricity sold solely to the on-site customer of an on-site generating facility, except pursuant to subsection c. of this section:

(1) The societal benefits charge or its equivalent, imposed pursuant to section 12 of this act;
(2) The market transition charge or its equivalent, imposed pursuant to section 13 of this act; and
(3) The transition bond charge or its equivalent, imposed pursuant to section 18 of this act.
c. Upon finding that generation from on-site generation facilities installed subsequent to the starting date of retail competition as provided in subsection a. of section 5 of this act has, in the aggregate, displaced customer purchases from an electric public utility by an amount such that the kilowatt hours distributed by the electric public utility have been reduced to an amount equal to 92.5 percent of the 1999 kilowatt hours distributed by the electric public utility, the board shall impose, except as provided in subsection d. of this section, the charges listed in subsections a., b., and c. of this section on the on-site customer. Such charges shall not be levied on any power consumption that is displaced by an on-site generation facility that is installed before the date of such finding:
   (1) The societal benefits charge or its equivalent, imposed pursuant to section 12 of this act;
   (2) The market transition charge or its equivalent, imposed pursuant to section 13 of this act; and
   (3) The transition bond charge or its equivalent, imposed pursuant to section 18 of this act.
d. Notwithstanding the provisions of subsection c. of this section, a charge shall not be imposed on power consumption by the on-site customer that is derived from an on-site generation facility:
   (1) That the on-site customer or its agent installed on or before the effective date of this act, including any expansion of such a facility for the continued provision of on-site power consumption by the same on-site customer that occurs after the effective date of this act; or
   (2) For which the on-site customer or its agent has made, on or before the effective date of this act, substantial financial and contractual commitments in planning and development, including having applied for any appropriate air permit from the Department of Environmental Protection, including any expansion of such a facility for the continued provision of on-site power consumption by the same on-site customer that occurs after the effective date of this act.

C.48:3-78 Electric power supplier license.

29. a. A person shall not offer to provide or provide electric generation service to retail customers in this State unless that person has applied for and obtained from the board, pursuant to standards adopted by the board, an electric power supplier license. Persons providing such services on the
effective date of this act shall have 120 days to apply for and receive the requisite license.

b. The board shall issue a license to an electric power supplier that is in compliance with the licensing standards adopted pursuant to subsection c. of this section. A license shall expire one year from the date of issuance unless the holder thereof pays to the board, within 30 days before the expiration date, a renewal fee accompanied by a renewal application on a form prescribed by the board. If a licensee has made, in accordance with this section and any applicable board rules or regulations, timely and sufficient application for renewal, the license shall not expire until the application has been reviewed and acted upon by the board. Nothing in this section shall limit the authority of the board to deny, suspend or revoke a license at any time, consistent with the provisions of this act.

c. Notwithstanding any provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the board shall initiate a proceeding and shall adopt, in consultation with the Division of Consumer Affairs in the Department of Law and Public Safety, after notice, provision of the opportunity for comment, and public hearing, interim electric power supplier licensing standards within 90 days of the effective date of this act. Such standards shall be effective as regulations immediately upon filing with the Office of Administrative Law and shall be effective for a period not to exceed 18 months, and may, thereafter, be amended, adopted or readopted by the board in accordance with the provisions of the "Administrative Procedure Act." The standards shall include, but need not be limited to, the following requirements that an electric power supplier:

(1) Register with the board, which shall include the filing of basic information pertaining to the supplier, such as name, address, telephone number, and company background and profile, and a list of the services or products offered by the supplier. A supplier shall provide annual updates of this information to the board. The registration shall also include:

(a) Evidence of financial integrity;

(b) Information on any disciplinary proceedings or actions by law enforcement authorities in which the electric power supplier, its subsidiaries, affiliates or parent has been involved in this State or any other states;

(c) The ownership interests of the supplier including the interests owned by the supplier and the interests owning the supplier;

(d) The name and address of the in-State agent of the supplier that is authorized to receive service of process;

(e) The name and address of the in-State customer service agent for the supplier; and

(f) The quantity of retail electric sales made in this State during the 12 months preceding the application.
(2) Agree to meet all reliability standards established by the Mid­
Atlantic Area Council of the North American Electric Reliability Council
or its successor, the PJM Interconnection, L.L.C. independent system
operator or its successor, the Federal Energy Regulatory Commission, the
board, or any other state, regional, federal or industry body with authority
to establish reliability standards. The board may establish specific standards
applicable to electric power suppliers to ensure the adequacy of electric
power capacity, if it determines that standards established by any other state,
regional, federal or industry bodies are not sufficient to assure the provision
of safe, adequate, proper and reliable electric generation service to retail
customers in this State. Such reliability standards shall ensure bulk power
system operations and security, and shall ensure the adequacy of electric
power capacity necessary to meet retail loads;
(3) Maintain an office within this State for the purposes of accepting
service of process, maintaining such records as the board requires and
ensuring accessibility to the board, consumers and electric public utilities;
(4) Maintain a surety bond under terms and conditions as determined
by the board;
(5) Provide a description of the products and services to be rendered;
(6) Comply with such specific standards of conduct for electric power
suppliers as the board shall adopt; and
(7) Provide through legal certification by an officer of the electric power
supplier such information as the board or its staff shall require to assist the
board in making any determination concerning revocation, suspension,
isuance or renewal of the supplier's license pursuant to section 32 of this
act.

d. An electric public utility shall:
(1) Incorporate by reference the board's licensing requirements in its
tariffs for transmission and distribution service;
(2) Apply the licensing requirements and other conditions for access to
the transmission and distribution system uniformly to all electric power
suppliers; and
(3) Report alleged violations of the board's licensing requirements of
which it becomes aware to the board.
e. The board shall establish an alternative dispute resolution program
to resolve any licensure or access dispute between an electric power supplier
and an electric public utility. The board may establish reasonable fees, not
to exceed actual costs, for the provision of alternate dispute resolution
services. If informal resolution of the dispute is unsuccessful, the board
shall adjudicate the dispute as a contested case pursuant to the "Administra­
tive Procedure Act."
f. The board shall monitor the retail supply market in this State, and
shall consider information available from the PJM Interconnection, L.L.C. independent system operator or its successor with respect to the conduct of electric power suppliers. The board shall monitor proposed acquisitions of electric generating facilities by electric power suppliers as it deems necessary, in order to ascertain whether an electric power supplier has or is proposed to have control over electric generating facilities of sufficient number or strategic location to charge non-competitive prices to retail customers in this State. The board shall have the authority to deny, suspend or revoke an electric power supplier's license, after hearing, if it determines that an electric power supplier has or may acquire such control, or if the electric power supplier's violations of the rules, regulations or procedures of the PJM Interconnection, L.L.C. independent system operator or its successor may adversely affect the reliability of service to retail customers in this State or may result in retail customers being charged non-competitive prices.

g. The board may establish safety and service quality standards for electric power suppliers, and nothing in this act shall limit the authority of the board to promulgate such safety or service quality standards or to resolve complaints regarding the quality of electric generation service.

h. The board may establish, by written order pursuant to subsection c. of this section or by rule, a licensure fee to cover the costs of licensing electric power suppliers. The fee shall include a reasonable surcharge to fund a consumer education program in this State established pursuant to section 36 of this act.

i. Any provision of this act to the contrary notwithstanding, any person acting as an energy agent shall be required to register with the board. This registration shall include, but need not be limited to, the name, address, telephone number, and business affiliation or profile of the energy agent, evidence of financial integrity as determined by the board, and evidence of knowledge of the energy industry. This registration shall be updated annually. Nothing in this subsection shall be construed to limit or exempt an energy agent from liability under any other law pertaining to any activity which an energy agent may engage in.

C.48:3-79 Gas supplier license.

30. a. A person shall not offer to provide or provide gas supply service to retail customers in this State unless that person has applied for and obtained from the board, pursuant to standards adopted by the board, a gas supplier license. A person providing such services on the effective date of this act shall have 120 days to apply for and receive the requisite license.

b. The board shall issue a license to a gas supplier that is in compliance with the licensing standards adopted pursuant to subsection c. of this
section. A license shall expire one year from the date of issuance unless the holder thereof pays to the board, within 30 days before the expiration date, a renewal fee accompanied by a renewal application on a form prescribed by the board.

c. Notwithstanding any provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, in consultation with the Division of Consumer Affairs in the Department of Law and Public Safety, the board shall initiate a proceeding and shall adopt, after notice, provision of the opportunity for comment, and public hearing, interim gas supplier licensing standards within 90 days of the effective date of this act. Such standards shall be effective as regulations immediately upon filing with the Office of Administrative Law and shall be effective for a period not to exceed 18 months, and may, thereafter, be amended, adopted or readopted by the board in accordance with the provisions of the "Administrative Procedure Act." The standards shall include, but need not be limited to, the following requirements that a gas supplier:

1. Register with the board, which shall include the filing of basic information pertaining to the gas supplier, such as name, address, telephone number, and company background and profile, and a list of the services or products offered by the gas supplier. A gas supplier shall provide annual updates of this information to the board. The registration shall also include:
   a. Evidence of financial integrity;
   b. Information on any disciplinary proceedings or actions by law enforcement authorities in which the gas supplier, its subsidiaries, affiliates or parent has been involved in this State or any other states;
   c. The ownership interests of the gas supplier including the interests owned by the gas supplier and the interests owning the gas supplier;
   d. The name and address of the in-State agent of the gas supplier that is authorized to receive service of process;
   e. The name and address of the in-State customer service agent for the gas supplier;
   f. The quantity of retail gas sales made in this State during the 12 months preceding the application; and
   g. A list of the services or products offered by the gas supplier;
2. Agree to meet all reliability standards established by the board or any other state, regional, federal or industry body with authority to establish reliability standards. The board may establish specific standards applicable to gas suppliers to ensure the adequacy of gas capacity, if it determines that standards established by any other state, regional, federal or industry bodies are not sufficient to assure the provision of safe, adequate, proper and reliable gas supply service to retail customers in this State;
CHAPTER 23, LAWS OF 1999

(3) Maintain an office within this State for purposes of accepting service of process, maintaining such records as the board requires and ensuring accessibility to the board, consumers and gas public utilities;

(4) Maintain a surety bond under terms and conditions approved by the board;

(5) Provide a description of the products and services to be rendered;

(6) Comply with such specific standards of conduct for gas suppliers as the board shall adopt; and

(7) Provide through legal certification by an officer of the gas supplier such information as the board or its staff shall require to assist the board in making any determination concerning revocation, suspension, issuance or renewal of the gas supplier's license pursuant to section 32 of this act.

d. A gas public utility shall:

(1) Incorporate by reference the board's licensing requirements in its tariffs for distribution service;

(2) Apply the licensing requirements and other conditions for access to the distribution system uniformly to all gas suppliers;

(3) Not unreasonably deny a licensed gas supplier access to its distribution system; and

(4) Report alleged violations of the board's licensing requirements of which it becomes aware to the board.

e. The board shall establish an alternative dispute resolution program to resolve any licensure or access dispute between a gas supplier and a gas public utility. The board may establish reasonable fees, not to exceed actual costs, for the provision of alternate dispute resolution services. If informal resolution of the dispute is unsuccessful, the board shall adjudicate the dispute as a contested case pursuant to the "Administrative Procedure Act."

f. The board may establish safety and service quality standards for gas suppliers, and nothing in this act shall limit the authority of the board to promulgate such safety or service quality standards or to resolve complaints regarding the quality of gas supply service.

g. The board may establish, by written order pursuant to subsection c. of this section or by rule, a licensure fee to cover the costs of licensing gas suppliers. The fee shall include a reasonable surcharge to fund a consumer education program in this State established pursuant to section 36 of this act.

C.48:3-80 Investigative powers of board relative to suppliers.

31. a. Whenever it shall appear to the board that an electric power supplier or a gas supplier has engaged in, is engaging in, or is about to engage in any act or practice that is in violation of this act, or when the board shall deem it to be in the public interest to inquire whether any such violation may exist, the board may exercise any of the following investiga-
tive powers:

(1) Require any person to file, on such form as may be prescribed, a statement or report in writing under oath, or otherwise, as to the facts and circumstances concerning the rendition of any service or conduct of any sale incidental to the discharge of this act;

(2) Examine under oath any person in connection with any act or practice subject to the requirements of this act;

(3) Inspect any premises from which an electric power supplier or a gas supplier conducts business;

(4) Examine any goods, ware, item or facility used in the supply of electric power or gas;

(5) Examine any record, book, document, account, electronic data or paper maintained by or for any electric power supplier or gas supplier;

(6) For the purpose of preserving evidence of an unlawful act or practice, pursuant to an order of the Superior Court, impound any record, book, document, account, paper, electronic data, goods, ware, item or facility used or maintained by or for any electric power supplier or gas supplier in the regular course of business. In such cases as may be necessary, the Superior Court may, on application of the board, issue an order sealing items or material subject to this paragraph.

b. If any person shall fail or refuse to file any statement or report or refuse access to premises from which an electric power supplier or a gas supplier conducts business in any lawfully conducted investigative matter or fail to obey a subpoena issued pursuant to this act, the board may apply to the Superior Court and obtain an order:

(1) Adjudging such person in contempt of court;

(2) Granting such other relief as may be required; or

(3) Suspending the license of any such person unless and until compliance with the subpoena or investigative demand is effected.

c. Whenever the board finds that a violation by an electric power supplier or a gas supplier of this act, including the unlicensed supplying of electric power or gas, or of any rule or regulation adopted by the board pursuant thereto, has occurred, is occurring or will occur, the board, in addition to any other proceeding authorized by law, may seek and obtain in a summary proceeding in the Superior Court an injunction prohibiting such act or practice.

C.48:3-81 Revocation, suspension, refusal to issue, renew supplier’s license.

32. a. The board may revoke, suspend, or refuse to issue or renew an electric power supplier's license or a gas supplier’s license at any time upon a finding that the supplier:

(1) Has obtained a license through fraud, deception or misrepresentation;
(2) Has engaged in the use or employment of dishonesty, fraud, deception, misrepresentation, false promise or false pretense;
(3) Has engaged in gross negligence or gross incompetence;
(4) Has engaged in repeated acts of negligence or incompetence;
(5) Has engaged in misconduct as may be determined by the board;
(6) Has been convicted of any crime involving moral turpitude or any crime relating adversely to the activity regulated by the board, has not fulfilled the licensure requirements or is not in compliance with the safety and service quality standards adopted by the board. For the purpose of this subsection, a plea of guilty, non vult, nolo contendere or any other such disposition of alleged criminal activity shall be deemed a conviction;
(7) Has violated any consumer protection law or regulation in this State or any other state or has had its authority to engage in supplying electric power or gas revoked or suspended by any other state, agency or authority for reasons consistent with this section;
(8) Has violated or failed to comply with the provisions of any law or regulation or order adopted by the board;
(9) Is incapable, for any good cause, of discharging the functions of an electric power supplier or a gas supplier in a manner consistent with the public health, safety and welfare; or
(10) Has repeatedly failed to submit completed applications, or parts of such applications, or documentation submitted in conjunction with such applications, required to be filed with the Department of Environmental Protection.

b. The board may, upon a duly verified application alleging an act or practice violating any provision of this act or any rule adopted pursuant thereto, enter a temporary order suspending or limiting any license issued by the board pending plenary hearing on an administrative complaint when the application made to the board and imminent danger to the public health, safety or welfare, and notice of such application is given to the licensee affected by such order.

C.48:3-82 Additional remedies.

33. a. In addition or as an alternative, as the case may be, to revoking, suspending or refusing to issue or to renew the license of an electric power supplier or a gas supplier, the board may, after notice and opportunity for a hearing:
   (1) Issue a letter of warning, reprimand or censure with regard to any act, conduct or practice that in the judgment of the board, upon consideration of all relevant facts and circumstances, does not warrant the initiation of formal action;
   (2) Assess a civil penalty pursuant to section 34 of this act;
(3) Order that any person violating any provision of this act or any rule adopted pursuant to this act cease and desist from future violations thereof or take affirmative corrective action as may be necessary with regard to any act or practice found unlawful by the board;

(4) Order any person found to have violated any provision of this act or any rule adopted pursuant thereto to restore to any person aggrieved by an unlawful act or practice any moneys or property, real or personal, or the equivalent value of any property, real or personal, acquired by means of such act or practice; except that the board shall not order restoration in a dollar amount greater than the total value of those monies or property received by a licensee or a licensee's agent or any other person violating the act or rule.

b. In any administrative proceeding commenced on a complaint alleging a violation of this act or of a rule adopted pursuant thereto, the board or the board secretary may issue subpoenas to compel the attendance of witnesses or the production of electronic data, books, records, or documents at the hearing on the complaint.

c. In any action brought pursuant to this act, the board or the court may order the payment of costs for the use of the State.

d. Pursuit of any remedy specified in this section shall not preclude the pursuit of any other remedy, including any civil remedy for damage, provided by any other law. Administrative and judicial remedies provided in this section may be pursued simultaneously.

C.48:3-83 Violations, penalties.

34. Any person who violates any provision of this act shall be liable for a civil penalty of not more than $5,000 for the first offense, except for a violation of section 37 of this act, for which a person shall be liable for a civil penalty of not more than $10,000 for the first offense, and not more than $25,000 for the second and each subsequent offense, for each day that the violation continues. Any civil penalty which may be imposed pursuant to this section may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in compromise, the board shall consider: the nature, circumstances and gravity of the violation; the degree of the violator's culpability; any history of prior violations; the prospective effect of the penalty on the ability of the violator to conduct business; any good faith effort on the part of the violator in attempting to achieve compliance; the violator's ability to pay the penalty; and other factors the board determines to be appropriate. The amount of the penalty when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owing by the State to the person charged, or may be recovered, if necessary, in a summary proceeding pursuant to "the
penalty enforcement law," N.J.S.2A:58-1 et seq. The Superior Court shall have jurisdiction to enforce the provisions of "the penalty enforcement law" in connection with this act.

C.48:3-84 Rights, remedies, prohibitions; cumulative.

35. a. The rights, remedies and prohibitions accorded by the provisions of this act are in addition to and cumulative of any right, remedy or prohibition accorded by the common law or any statute of this State and nothing contained herein shall be construed to deny, abrogate or impair any such common law or statutory right, remedy or prohibition. The Attorney General and the Division of Consumer Affairs in the Department of Law and Public Safety shall continue to have the authority to enforce civil and criminal violations of the consumer fraud act, P.L.1960, c.39 (C.56:8-1 et seq.) or any other applicable law, rule or regulation in connection with the activities of electric power suppliers and gas suppliers.

b. Administrative and judicial remedies provided in this act may be pursued simultaneously.

C.48:3-85 Consumer protection standards.

36. a. Notwithstanding any provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the board, in consultation with the Division of Consumer Affairs in the Department of Law and Public Safety, shall initiate a proceeding and shall adopt, after notice, provision of the opportunity for comment, and public hearing, interim consumer protection standards for electric power suppliers or gas suppliers within 90 days of the effective date of this act, including, but not limited to, standards for collections, credit, contracts, authorized changes of an energy consumer's electric power supplier or gas supplier, for the prohibition of discriminatory marketing, for advertising and for disclosure. Such standards shall be effective as regulations immediately upon filing with the Office of Administrative Law and shall be effective for a period not to exceed 18 months, and may, thereafter, be amended, adopted or readopted by the board in accordance with the provisions of the "Administrative Procedure Act."

(1) Contract standards shall include, but not be limited to, requirements that electric power supply contracts or gas supply contracts must conspicuously disclose the duration of the contract; state the price per kilowatt hour or per therm or other pricing determinant approved by the board; have the customer's written signature or such alternative forms of verification as the board, in consultation with the Division of Consumer Affairs, may permit for switching electric power suppliers or gas suppliers and for contract renewal; and include termination procedures, notice of any fees, and toll-free or local telephone numbers for the electric power supplier or gas
supplier and for the board.

(2) Standards for the prohibition of discriminatory marketing standards shall provide at a minimum that a decision made by an electric power supplier or a gas supplier to accept or reject a customer shall not be based on race, color, national origin, age, gender, religion, source of income, receipt of public benefits, family status, sexual preference, or geographic location. The board shall adopt reporting requirements to monitor compliance with such standards.

(3) Advertising standards for electric power suppliers or gas suppliers shall provide, at a minimum, that optional charges to the consumer will not be added to any advertised cost per kilowatt hour or per therm, and that the only unit of measurement that may be used in advertisements is cost per kilowatt hour or per therm, unless otherwise approved by the board. If an electric power supplier or gas supplier does not advertise using cost per kilowatt hour or per therm, the electric power supplier or gas supplier shall provide, at the consumer’s request, an estimate of the cost per kilowatt hour or per therm. Any optional charges to the consumer shall be identified separately and denoted as optional.

(4) Credit standards shall include, at a minimum, that the credit requirements used to make offer decisions must be the same for all residential customers and that electric power suppliers, gas suppliers and private aggregators not impose unreasonable income or credit requirements.

(5) Billing standards shall include, at a minimum, provisions prohibiting electric public utilities, gas public utilities, electric power suppliers and gas suppliers from charging a fee to residential customers for either the commencement or termination of electric generation service or gas supply service.

b. (1) An electric power supplier, a gas supplier, an electric public utility, and a gas public utility shall not disclose, sell or transfer individual proprietary information, including, but not limited to, a customer’s name, address, telephone number, energy usage and electric power payment history, to a third party without the written consent of the customer. Whenever such individual proprietary information is disclosed, sold or transferred, upon the written consent of the customer, it may be used only for the provision of continued electric generation service, electric related service, gas supply service or gas related service to that customer. In the case of a transfer or sale of a business, customer consent shall not be required for the transfer of customer proprietary information to the subsequent owner of the business for maintaining the continuation of such services.

(2) An electric power supplier, a gas supplier, a gas public utility or an electric public utility may use individual proprietary information that it has
obtained by virtue of its provision of electric generation service, electric related service, gas supply service or gas related service to:

(a) Initiate, render, bill and collect for such services to the extent otherwise authorized to provide billing and collection services;

(b) Protect the rights or property of the electric power supplier, gas supplier or public utility; and

(c) Protect consumers of such services and other electric power suppliers, gas suppliers or electric and gas public utilities from fraudulent, abusive or unlawful use of, or subscription to, such services.

c. The board shall establish and maintain a database for the purpose of recording customer complaints concerning electric and gas public utilities, electric power suppliers, gas suppliers, private aggregators, and energy agents.

d. The board, in consultation with the Division of Consumer Affairs in the Department of Law and Public Safety, shall establish, or cause to be established, a multi-lingual electric and gas consumer education program. The goal of the consumer education program shall be to educate residential, small business, and special needs consumers about the implications for consumers of the restructuring of the electric power and gas industries. The consumer education program shall include, but need not be limited to, the dissemination of information to enable consumers to make informed choices among available electricity and gas services and suppliers, and the communication to consumers of the consumer protection provisions of this act.

The board shall ensure the neutrality of the content and message of advertisements and materials.

The board shall promulgate standards for the recovery of consumer education program costs from customers which include reasonable measures and criteria to judge the success of the program in enhancing customer understanding of retail choice.

C.48:3-86 "Slamming" prevention; penalties.

37. a. Notwithstanding any provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the board, in consultation with the Division of Consumer Affairs in the Department of Law and Public Safety, shall initiate a proceeding and shall adopt, after notice, provision of the opportunity for comment, and public hearing, interim standards for electric power suppliers or gas suppliers, within 90 days of the effective date of this act, to prevent and establish penalties for unauthorized changes of a consumer's electric power supplier or gas supplier, a practice commonly known as "slamming." Such standards shall be effective as regulations immediately upon filing with the Office of
CHAPTER 23, LAWS OF 1999

Administrative Law and shall be effective for a period not to exceed 18 months, and may, thereafter, be amended, adopted or readopted by the board in accordance with the provisions of the "Administrative Procedure Act."

b. Standards for the prohibition of unauthorized changes in a customer's electric power supplier or gas supplier shall include:

(1) An electric power supplier, an electric public utility, a gas supplier or a gas public utility shall not cause an unauthorized change in a customer's electric power supplier or gas supplier, a practice known as "slamming." A change in a customer's electric power supplier or gas supplier shall be deemed to be unauthorized unless the customer has done so affirmatively and voluntarily and the supplier has obtained the customer's approval either through a written signature or such alternative forms of verification as the board, in consultation with the Division of Consumer Affairs, may permit;

(2) An electric power supplier, an electric public utility, a gas supplier or a gas public utility shall not fail to cause a change in a customer's electric power supplier or gas supplier, within a period of time determined to be appropriate by the board, when a supplier or utility is in receipt of a change order provided that such change order has been received in a manner that complies with federal and State rules and regulations, including as provided in this subsection;

(3) The acts of an agent of an electric power supplier, an electric public utility, a gas supplier or a gas public utility shall be considered the acts of the electric power supplier, electric public utility, gas supplier or gas public utility.

c. A customer's new electric power supplier, electric public utility, gas supplier or gas public utility shall notify the customer of the change in the customer's electric or gas supplier within 30 days in a manner to be determined by the board.

d. Bills to customers from an electric power supplier, electric public utility, gas supplier or gas public utility shall contain the name and telephone number of each supplier for whom billing is provided, and any other information deemed applicable by the board.

e. In addition to any other penalties, fines or remedies authorized by law, any electric power supplier, electric public utility, gas supplier or gas public utility that violates this section and collects charges for electric power supply or gas supply services from a customer or through an entity providing customer account services shall be liable to the electric power supplier, electric public utility, gas supplier or gas public utility previously selected by the customer in an amount equal to all charges paid by the customer after such violation in accordance with such procedures as the board may prescribe. Any electric power supplier, electric public utility, gas supplier or gas public utility that violates this section shall also be liable for
CHAPTER 23, LAWS OF 1999

a civil penalty pursuant to section 34 of this act; and the board is hereby authorized to revoke the license of any entity that violates this section.

C.48:3-87 Environmental disclosure requirements.

38. a. The board shall require an electric power supplier or basic generation service provider to disclose on a customer's bill or on customer contracts or marketing materials, a uniform, common set of information about the environmental characteristics of the energy purchased by the customer, including, but not limited to:

(1) Its fuel mix, including categories for oil, gas, nuclear, coal, solar, hydroelectric, wind and biomass, or a regional average determined by the board;

(2) Its emissions, in pounds per megawatt hour, of sulfur dioxide, carbon dioxide, oxides of nitrogen, and any other pollutant that the board may determine to pose an environmental or health hazard, or an emissions default to be determined by the board; and

(3) Any discrete emission reduction retired pursuant to rules and regulations adopted pursuant to P.L.1995, c.188.

b. Notwithstanding any provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the board shall initiate a proceeding and shall adopt, in consultation with the Department of Environmental Protection, after notice and opportunity for public comment and public hearing, interim standards to implement this disclosure requirement, including, but not limited to:

(1) A methodology for disclosure of emissions based on output pounds per megawatt hour;

(2) Benchmarks for all suppliers and basic generation service providers to use in disclosing emissions that will enable consumers to perform a meaningful comparison with a supplier's or basic generation service provider's emission levels; and

(3) A uniform emissions disclosure format that is graphic in nature and easily understandable by consumers. The board shall periodically review the disclosure requirements to determine if revisions to the environmental disclosure system as implemented are necessary.

Such standards shall be effective as regulations immediately upon filing with the Office of Administrative Law and shall be effective for a period not to exceed 18 months, and may, thereafter, be amended, adopted or readopted by the board in accordance with the provisions of the "Administrative Procedure Act."

c. (1) The board may adopt, in consultation with the Department of Environmental Protection, after notice and opportunity for public comment,
an emissions portfolio standard applicable to all electric power suppliers and basic generation service providers, upon a finding that:

(a) The standard is necessary as part of a plan to enable the State to meet federal Clean Air Act or State ambient air quality standards; and

(b) Actions at the regional or federal level cannot reasonably be expected to achieve the compliance with the federal standards.

(2) The board shall adopt an emissions portfolio standard applicable to all electric power suppliers and basic generation service providers, if two other states in the PJM power pool comprising at least 40 percent of the retail electric usage in the PJM Interconnection, L.L.C. independent system operator or its successor adopt such standards.

d. Notwithstanding any provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the board shall initiate a proceeding and shall adopt, after notice, provision of the opportunity for comment, and public hearing, interim renewable energy portfolio standards that shall require:

(1) that two and one-half percent of the kilowatt hours sold in this State by each electric power supplier and each basic generation service provider be from Class I or Class II renewable energy sources; and

(2) beginning on January 1, 2001, that one-half of one percent of the kilowatt hours sold in this State by each electric power supplier and each basic generation service provider be from Class I renewable energy sources. The board shall increase the required percentage for Class I renewable energy sources so that by January 1, 2006, one percent of the kilowatt hours sold in this State by each electric power supplier and each basic generation service provider shall be from Class I renewable energy sources and shall additionally increase the required percentage for Class I renewable energy sources by one-half of one percent each year until January 1, 2012, when four percent of the kilowatt hours sold in this State by each electric power supplier and each basic generation service provider shall be from Class I renewable energy sources.

An electric power supplier or basic generation service provider may satisfy the requirements of this subsection by participating in a renewable energy trading program approved by the board in consultation with the Department of Environmental Protection.

Such standards shall be effective as regulations immediately upon filing with the Office of Administrative Law and shall be effective for a period not to exceed 18 months, and may, thereafter, be amended, adopted or readopted by the board in accordance with the provisions of the "Administrative Procedure Act."

e. Notwithstanding any provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the board shall
initiate a proceeding and shall adopt, after notice, provision of the opportunity for comment, and public hearing:

1) Net metering standards for electric power suppliers and basic generation service providers. The standards shall require electric power suppliers and basic generation service providers to offer net metering at non-discriminatory rates to residential and small commercial customers that generate electricity, on the customer's side of the meter, using wind or solar photovoltaic systems for the net amount of electricity supplied by the electric power supplier or basic generation service provider over an annualized period. Where the amount of electricity generated by the customer-generator plus any kilowatt hour credits held over from the previous billing periods exceed the electricity supplied by the electric power supplier or basic generation service provider, the electric power supplier or basic generation service provider, as the case may be, shall credit the customer for the excess kilowatt hours until the end of the annualized period at which point the customer-generator will be compensated for any remaining credits at the electric power supplier's or basic generation service provider's avoided cost of wholesale power. The board may authorize an electric power supplier or basic generation service provider to cease offering net metering whenever the total rated generating capacity owned and operated by net metering customer-generators Statewide equals 0.1 percent of the State's peak electricity demand or the annual aggregate financial impact to electric power suppliers and basic generation service providers Statewide, as determined by the board, exceeds $2,000,000, whichever is less; and

2) Safety and power quality interconnection standards for wind and solar photovoltaic systems that shall be eligible for net metering.

Such standards shall take into consideration the standards of other states and the Institute of Electrical and Electronic Engineers and shall allow customers to use a single, non-demand, non-time differentiated meter.

Such standards shall be effective as regulations immediately upon filing with the Office of Administrative Law and shall be effective for a period not to exceed 18 months, and may, thereafter, be amended, adopted or readopted by the board in accordance with the provisions of the "Administrative Procedure Act."

f. The board may assess, by written order and after notice and opportunity for comment, a separate fee to cover the cost of implementing and overseeing an emission disclosure system or emission portfolio standard, which fee shall be assessed based on an electric power supplier's or basic generation service provider's share of the retail electricity supply market.
39. a. A municipal electric corporation, a municipal electric utility, or a cooperative electric utility that existed prior to the effective date of this act shall not be subject to the requirements of this act, except that a local governmental entity may choose to require the municipal electric corporation, municipal electric utility or cooperative electric utility to implement retail choice, or except as otherwise provided in subsection b. of this section.

b. (1) A municipal electric corporation shall become subject to the provisions of this act if it was an exclusive provider of retail power within its municipal boundaries prior to the effective date of this act, and subsequent to the effective date of this act, it chooses to serve retail customers outside of its municipal boundaries.

b. A government aggregator may enter into a contract with a licensed electric power supplier or a licensed gas supplier, as provided in section 42 of this act, for the provision of any combination of electric generation service, electric related service, gas supply service or gas related service for its own use or as combined with the use of other government aggregators in a manner provided by law.

c. For residential customers, gas and electric services cannot be bundled until the gas market is opened up for retail competition for that residential customer.

d. Aggregation of electric generation service or gas supply service by a government aggregator shall not be construed to constitute the formation of a municipal electric corporation or a municipal electric utility created
subsequent to the effective date of this act solely for purposes of State taxation and shall not exempt the sale of such services or income from that sale from any tax to which the sale or income would otherwise be subject, including but not limited to the sales and use tax imposed pursuant to P.L.1966, c.30 (C.54:32B-1 et seq.) and the corporation business tax imposed pursuant to P.L. 1945, c.162 (C.54:10A-1 et seq.).

C.48:3-90 Registration of private aggregator.

41. a. A private aggregator shall register with the board, which shall include the filing of basic information pertaining to the supplier, such as name, address, telephone number, and company background and profile. A private aggregator shall provide annual updates of this information to the board. The registration shall also include evidence of financial integrity, as determined by the board, and evidence that the private aggregator has knowledge of the energy industry.

b. Any residential customer that elects to purchase electric generation service or gas supply service, after the implementation of gas unbundling pursuant to section 10 of this act, through a private aggregator must do so affirmatively and voluntarily, either through a written signature or such alternative forms of verification as the board, in consultation with the Division of Consumer Affairs in the Department of Law and Public Safety, may permit.

C.48:3-91 Government aggregator.

42. a. Pursuant to the provisions of sections 42 through 45 of this act, a government aggregator may obtain: electric generation service, electric related service, gas supply service or gas related service, either separately or bundled, for its own facilities or with other government aggregators; and a government aggregator that is a county or municipality may contract for the provision of electric generation service or gas supply service, either separately or bundled, for the business and residential customers within the territorial jurisdiction of the government aggregator. Such a government aggregator may combine the need for its own facilities for electric generation service or gas supply service with that of business and residential customers.

b. A government aggregator shall purchase electric generation service and gas supply service only from licensed electric power suppliers and licensed gas suppliers.

c. The government aggregator shall enter into the contract for electric generation service, electric related service, gas supply service or gas related service for its own facilities or with other government aggregators under the provisions of the "Local Public Contracts Law," P.L.1971, c.198 (C.40A:11-1 et seq.), the "Public School Contracts Law," N.J.S.18A:18A-1

d. e. Nothing in this section shall preclude a government aggregator from aggregating its own accounts for regulated utility services, including basic generation or gas service.

f. Nothing in this act shall preclude any interstate authority or agency from exercising authority to obtain electric generation service or gas supply service, either separately or bundled, for its own facilities in this State, including tenants in this State and other utility customers in this State at such facilities, on an aggregated basis. By exercising such authority, no interstate authority or agency shall be deemed to be a public utility pursuant to R.S. 48:1-1 et seq.; provided, however, that nothing in this act shall be construed to exempt such authority or agency from the payment of the market transition charge or its equivalent, imposed pursuant to section 13 of this act, the transition bond charge or its equivalent, imposed pursuant to section 18 of this act and any societal benefits charge or its equivalent, which may be imposed pursuant to section 12 of this act, to the same extent that other customers of an electric public utility pay such charges in conjunction with any transmission and distribution service provided by an electric public utility to the authority or agency.

g. Notwithstanding any other provision of this act to the contrary, a private aggregator that is a private institution of higher education may enter into a contract with a licensed electric power supplier other than a municipal electric corporation, a municipal electric utility, or cooperative electric utility for the provision of electric generation service or electric related service, either separately or bundled, including any private aggregator that is a four-year private institution of higher education which is located within the jurisdiction of a municipality that contains a municipal electric corporation or a municipal electric utility. The right hereunder of a four-year private institution of higher education to enter into a contract with a licensed electric power supplier other than the municipal electric corporation or municipal electric utility shall be subject to the condition that the municipal electric corporation or municipal electric utility shall have the right of first refusal to offer a competitive, market-based price for electric power.

h. The "New Jersey School Boards Association," established pursuant
to N.J.S.18A:6-45, is authorized to serve as a government aggregator to obtain electric generation service, electric related service, gas supply service or gas related service, either separately or bundled, in accordance with the "Public School Contracts Law," N.J.S.18A:18A-1 et seq., for members of the association who wish to voluntarily participate.

i. Notwithstanding any provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the board shall initiate a proceeding and shall adopt, after notice, provision of the opportunity for comment, and public hearing, interim standards governing government energy aggregation programs. Such standards shall be effective as regulations immediately upon filing with the Office of Administrative Law and shall be effective for a period not to exceed 18 months, and may, thereafter, be amended, adopted or readopted by the board in accordance with the provisions of the "Administrative Procedure Act."

j. No government aggregator shall implement the provisions of section 42, 43, 44, or 45 of this act, as appropriate, prior to the starting date of retail competition pursuant to section 5 of this act, or the date on which the board adopts interim standards pursuant to subsection i. of this section, whichever is earlier.

C.48:3-92 Government energy aggregation programs.

43. Government energy aggregation programs shall be subject to the following provisions:

a. A contract between a government aggregator and a licensed electric power supplier or licensed gas supplier shall include the following provisions:

(1) The specific responsibilities of the government aggregator and the licensed electric power supplier or licensed gas supplier;

(2) The charges, rates, fees, or formulas to be used to determine the charges, rates or fees, to be charged to the energy consumers electing to receive electric generation service or gas supply service pursuant to the government energy aggregation program;

(3) The method and procedures to be followed by the licensed electric power supplier or licensed gas supplier to solicit the affirmative and voluntary written consent of the consumer to participate in the government energy aggregation program including, but not necessarily limited to, mechanisms to educate energy consumers concerning the provisions of the aggregation program;

(4) The proposed terms and conditions of a standard contract between energy consumers and the licensed electric power supplier or licensed gas supplier including, but not necessarily limited to:
(a) The allocation of the risks in connection with the provision of such services between the licensed electric power supplier or licensed gas supplier and the energy consumers receiving such services;

(b) The terms of the proposed contract;

(c) The allocation of the risks associated with circumstances or occurrences beyond the control of the parties to the contract;

(d) Default and remedies; and

(e) The allocation of any penalties that may be imposed by any electric public utility or gas public utility as a result of over-delivery of electricity or gas, under-delivery of electricity or gas, or non-performance by the licensed electric power supplier or licensed gas supplier;

(5) The use of government aggregator resources, equipment, systems or employees in connection with such services;

(6) The term of the contract with the government aggregator;

(7) A provision indemnifying and holding the government aggregator harmless from all liabilities, damages and costs associated with any contract between a resident of the government aggregator and the licensed electric power supplier or licensed gas supplier;

(8) The requirements for the provision of a performance bond by the licensed electric power supplier or licensed gas supplier, if so required by the government aggregator;

(9) Procedures to ensure that participation in the aggregation program is the result of an affirmative choice by energy consumers, as evidenced by a written signature, and is consistent with rules and regulations adopted by the board;

(10) Terms and conditions applicable to consumer protection as provided in rules and regulations adopted by the board, in consultation with the Division of Consumer Affairs in the Department of Law and Public Safety; and

(11) Such other terms and conditions as the government aggregator deems necessary.

b. The award of a contract for a government energy aggregation program shall be based on the most advantageous, price and other factors considered. The governing body shall only award a contract for service to residential customers where the rate is lower than that guaranteed by the State-mandated rate reductions pursuant to section 4 of this act and the price of basic generation service pursuant to section 9 of this act, as determined by the board.

c. No concession fees, finders' fees, or other direct monetary benefit shall be paid to any government aggregator by, or on behalf of, a licensed electric power supplier or licensed gas supplier or broker or energy agent as a result of the contract.
d. A licensed electric power supplier or licensed gas supplier shall be subject to the prohibitions against political contributions in accordance with the provisions of R.S.19:34-45.

e. For any specific time period, a government aggregator may enter into only one contract for the provision of electric generation service and one contract for the provision of gas supply service to the consumers within its territorial jurisdiction.

f. A county government acting as a government aggregator shall not enter into a contract for the provision of a government energy aggregation program that is in competition with any existing contract of any government aggregator within its territorial jurisdiction.

(1) A county government may enter into a contract for a government energy aggregation program only if one or more constituent municipalities in the county adopt an ordinance authorizing the county to enter into such a contract.

(2) A county government energy aggregation program shall only be conducted for residential and business customers located within the constituent municipalities that have approved participation in the county's government energy aggregation program.

C.48:3-93 Opportunity for participation in government energy aggregation program.

44. A government aggregator that chooses to provide a government energy aggregation program that includes residential or business customers shall provide such residential and business customers the opportunity to participate in a government energy aggregation program on a voluntary basis and in a clear and consistent manner. Any business or residential customer that elects to purchase electric generation service or gas supply service through a government energy aggregation program must do so affirmatively and voluntarily, as evidenced by a signature authorizing the customer's participation in a government energy aggregation program for electric generation service or a gas supply service where the terms and conditions of the program are clearly and plainly articulated in writing to the customer before the customer's signature. Residential and business customers who do not voluntarily and affirmatively choose, as evidenced by a written signature, to participate in a government energy aggregation program shall continue to be entitled to contract with and purchase electric generation service or gas supply service from any corporation or entity authorized by law to engage in the retail sale of such services.

C.48:3-94 Operation of limited governmental energy aggregation program.

45. A government aggregator that is a municipality or a county may, notwithstanding the provisions of section 44 of this act to the contrary, operate a limited government energy aggregation program that provides for
the aggregation of residential electric generation service or gas supply service without the initial, affirmative, voluntary, written consent of residential customers for electric generation service or gas supply service, either separately or bundled, in accordance with the following procedures:

a. Electric generation service or gas supply service for residential customers may be aggregated together with electric generation service, electric related service, gas supply service or gas related service, either separately or bundled, for the government aggregator's own facilities or with other government aggregators, provided that:

(1) the governing body adopts an ordinance in the case of a municipality, or resolution in the case of a county, indicating its intent to solicit bids for the provision of electric generation service or gas supply service, either separately or bundled, without the affirmative, voluntary, written consent of the residential customer, which approval shall require passage by a majority plus one vote of the full membership of the governing body;

(2) within 15 days of the adoption of such an ordinance or resolution, as appropriate, the governing body provides notice, in a form as determined by the board, to its residential customers advising them of their individual right to affirmatively decline participation in the government energy aggregation program, and providing 30 days for residential customers to respond in writing to the governing body of their decision to affirmatively decline participation in the government energy aggregation program; and

(3) upon expiration of the 30-day period required pursuant to paragraph (2) of subsection a. of this section, the governing body shall determine the number and identity of residential customers who did not affirmatively decline to participate in the government energy aggregation program.

b. (1) The governing body shall commence public bidding pursuant to the provisions of the "Local Public Contracts Law," P.L.1971, c.198 (C.40A:11-1 et seq.) to receive bids from a licensed electric power supplier or licensed gas supplier, as appropriate, for electric generation service or gas supply service, either separately or bundled, for those residential customers who did not affirmatively decline to participate in the government energy aggregation program pursuant to paragraph (2) of subsection a. of this section, and for electric generation service, electric related service, gas supply service or gas related service, either separately or bundled, for the government aggregator's own facilities.

(2) Upon receipt of the bids, the governing body shall evaluate the proposals. The governing body shall select a licensed electric power supplier or licensed gas supplier, or both, based on the most advantageous, price and other factors considered. The governing body shall only select a licensed electric power supplier to be awarded a contract for service where the rate is lower than that guaranteed by the State-mandated rate reductions
pursuant to section 4 of this act and the price of basic generation service pursuant to section 9 of this act.

c. Upon selection of a licensed electric power supplier or licensed gas supplier, or both, pursuant to subsection b. of this section, the governing body shall enter into a written agreement with the selected licensed supplier. The written agreement shall include:

(1) the contract with the selected licensed electric power supplier or licensed gas supplier, or both, for the government aggregator's own load;

(2) a contract form which shall comply with and include the requirements of subsection a. of section 43 of this act; and

(3) that the written agreement shall not take effect until the proposed contract in paragraph (2) of this subsection is approved by the board.

d. After entering into a written agreement with the selected licensed supplier, the governing body shall submit, to the board for approval, the proposed contract to be entered into by the selected licensed electric power supplier or licensed gas supplier, or both, with each residential customer who affirmatively consents to enter into a contract with the selected licensed electric power supplier or licensed gas supplier, or both. This submission shall include the proposed contract and any other information deemed appropriate by the board.

(1) Within 30 days of receipt of the submission, the board shall determine whether the submission is complete. If it is determined to be incomplete, it shall be returned, forthwith, along with a notice specifying the deficiency or deficiencies. The governing body shall correct the deficiency or deficiencies and resubmit the submission to the board.

(2) Upon being notified by the board that the submission is complete, the governing body shall cause a copy to be forwarded to the Division of the Ratepayer Advocate. Within 45 days of receipt, the Division of the Ratepayer Advocate shall recommend to the board to approve, modify or reject the submission.

(3) The board shall approve, reject or modify the submission within 60 days of the date the submission is deemed complete.

e. Upon approval of the proposed contract to be entered into by the selected licensed electric power supplier or licensed gas supplier, or both, with each residential customer who affirmatively consents to enter into a contract with the selected licensed electric power supplier or licensed gas supplier, or both, the governing body shall authorize the selected licensed electric power supplier or licensed gas supplier, or both, to solicit the affirmative and voluntary written consent to participate in the government energy aggregation program of any residential customer within the municipality who did not initially affirmatively decline to be part of a government energy aggregation program pursuant to the provisions of
paragraph (2) of subsection a. of this section.

f. The licensed electric power supplier or licensed gas supplier, or both, selected pursuant to the provisions of this section shall be subject to the provisions of section 37 of this act.

g. Whenever the process results in a change of provider of energy or of price to program participants, the governing body shall give residential customers notice, as determined by the board, of their right to decline continued participation.

h. A government aggregator which is a county may implement the provisions of this section only as authorized pursuant to the provisions of subsection f. of section 43 of this act.

i. The provisions of this section shall only apply to government energy aggregation programs for residential customers.

j. Nothing in this section shall preclude a limited government energy aggregation program from including business customers as participants pursuant to section 44 of this act.

C.48:3-95 Rule adoptions by board.

46. Notwithstanding the provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the board shall initiate a proceeding and shall adopt, after notice, provision of the opportunity for comment, and public hearing, such interim rules and regulations as the board determines to be necessary to effectuate the provisions of this act within 90 days of the effective date of this act. Such standards shall be effective as regulations immediately upon filing with the Office of Administrative Law and shall be effective for a period not to exceed 18 months, and may, thereafter, be amended, adopted or readopted by the board in accordance with the provisions of the "Administrative Procedure Act."

(b) Except as otherwise provided in this subsection, perfection and the effect of perfection or nonperfection of a security interest in collateral are governed by the law of the jurisdiction where the collateral is when the last event occurs on which is based the assertion that the security interest is perfected or unperfected.

(c) If the parties to a transaction creating a purchase money security interest in goods in one jurisdiction understand at the time that the security interest attaches that the goods will be kept in another jurisdiction, then the law of the other jurisdiction governs the perfection and the effect of perfection or nonperfection of the security interest from the time it attaches until 30 days after the debtor receives possession of the goods and thereafter if the goods are taken to the other jurisdiction before the end of the 30-day period.

(d) When collateral is brought into and kept in this State while subject to a security interest perfected under the law of the jurisdiction from which the collateral was removed, the security interest remains perfected, but if action is required by subchapter 3 of this chapter to perfect the security interest,
(i) if the action is not taken before the expiration of the period of perfection in the other jurisdiction or the end of four months after the collateral is brought into this State, whichever period first expires, the security interest becomes unperfected at the end of that period and is thereafter deemed to have been unperfected as against a person who became a purchaser after removal;

(ii) if the action is taken before the expiration of the period specified in subparagraph (i), the security interest continues perfected thereafter;

(iii) for the purpose of priority over a buyer of consumer goods (subsection (2) of 12A:9-307), the period of the effectiveness of a filing in the jurisdiction from which the collateral is removed is governed by the rules with respect to perfection in subparagraphs (i) and (ii).

(2) Certificate of title.

(a) This subsection applies to goods covered by a certificate of title issued under a statute of this State or of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection.

(b) Except as otherwise provided in this subsection, perfection and the effect of perfection or nonperfection of the security interest are governed by the law (including the conflict of laws rules) of the jurisdiction issuing the certificate until four months after the goods are removed from that jurisdiction and thereafter until the goods are registered in another jurisdiction, but in any event not beyond surrender of the certificate. After the expiration of that period, the goods are not covered by the certificate of title within the meaning of this section.

(c) Except with respect to the rights of a buyer described in the next paragraph, a security interest, perfected in another jurisdiction otherwise than by notation on a certificate of title, in goods brought into this State and thereafter covered by a certificate of title issued by this State is subject to the rules stated in paragraph (d) of subsection (1).

(d) If goods are brought into this State while a security interest therein is perfected in any manner under the law of the jurisdiction from which the goods are removed and a certificate of title is issued by this State and the certificate does not show that the goods are subject to the security interest or that they may be subject to security interests not shown on the certificate, the security interest is subordinate to the rights of a buyer of the goods who is not in the business of selling goods of that kind to the extent that he gives value and receives delivery of the goods after issuance of the certificate and without the knowledge of the security interest.

(3) Accounts, general intangibles and mobile goods.

(a) This subsection applies to accounts (other than an account described in subsection (5) on minerals) and general intangibles (other than uncertifi-
cated securities) and to goods which are mobile and which are of a type normally used in more than one jurisdiction, such as motor vehicles, trailers, rolling stock, airplanes, shipping containers, road building and construction machinery and commercial harvesting machinery and the like, if the goods are equipment or are inventory leased or held for lease by the debtor to others, and are not covered by a certificate of title described in subsection (2).

(b) The law (including the conflict of laws rules) of the jurisdiction in which the debtor is located governs the perfection and the effect of perfection or nonperfection of the security interest.

(c) If, however, the debtor is located in a jurisdiction which is not a part of the United States, and which does not provide for perfection of the security interest by filing or recording in that jurisdiction, the law of the jurisdiction in the United States in which the debtor has its major executive office in the United States governs the perfection and the effect of perfection or nonperfection of the security interest through filing. In the alternative, if the debtor is located in a jurisdiction which is not a part of the United States or Canada and the collateral is accounts or general intangibles for money due or to become due, the security interest may be perfected by notification to the account debtor. As used in this paragraph, "United States" includes its territories and possessions and the Commonwealth of Puerto Rico.

(d) A debtor shall be deemed located at his place of business if he has one, at his chief executive office if he has more than one place of business, otherwise at his residence. If, however, the debtor is a foreign air carrier under the Federal Aviation Act of 1958, ASCUS.1301 et seq., as amended, it shall be deemed located at the designated office of the agent upon whom service of process may be made on behalf of the foreign air carrier.

(e) A security interest perfected under the law of the jurisdiction of the location of the debtor is perfected until the expiration of four months after a change of the debtor's location to another jurisdiction, or until perfection would have ceased by the law of the first jurisdiction, whichever period first expires. Unless perfected in the new jurisdiction before the end of that period, it becomes unperfected thereafter and is deemed to have been unperfected as against a person who became a purchaser after the change.

(4) Chattel paper.

The rules stated for goods in subsection (1) apply to a possessory security interest in chattel paper. The rules stated for accounts in subsection (3) apply to a nonpossessory security interest in chattel paper, but the security interest may not be perfected by notification to the account debtor.

(5) Minerals.

Perfection and the effect of perfection or nonperfection of a security interest which is created by a debtor who has an interest in minerals or the
like (including oil and gas) before extraction and which attaches thereto as extracted, or which attaches to an account resulting from the sale thereof at the wellhead or minehead are governed by the law (including the conflict of laws rules) of the jurisdiction wherein the wellhead or minehead is located.

(6) Investment property.

(a) This subsection applies to investment property.

(b) Except as otherwise provided in paragraph (f), during the time that a security certificate is located in a jurisdiction, perfection of a security interest, the effect of perfection or non-perfection, and the priority of a security interest in the certificated security represented thereby are governed by the local law of that jurisdiction.

(c) Except as otherwise provided in paragraph (f), perfection of a security interest, the effect of perfection or non-perfection, and the priority of a security interest in an uncertificated security are governed by the local law of the issuer's jurisdiction as specified in subsection d. of 12A:8-110.

(d) Except as otherwise provided in paragraph (f), perfection of a security interest, the effect of perfection or non-perfection, and the priority of a security interest in a security entitlement or securities account are governed by the local law of the securities intermediary's jurisdiction as specified in subsection e. of 12A:8-110.

(e) Except as otherwise provided in paragraph (f), perfection of a security interest, the effect of perfection or non-perfection, and the priority of a security interest in a commodity contract or commodity account are governed by the local law of the commodity intermediary's jurisdiction. The following rules determine a "commodity intermediary's jurisdiction" for purposes of this paragraph:

(i) If an agreement between the commodity intermediary and commodity customer specifies that it is governed by the law of a particular jurisdiction, that jurisdiction is the commodity intermediary's jurisdiction.

(ii) If an agreement between the commodity intermediary and commodity customer does not specify the governing law as provided in subparagraph (i) of this paragraph, but expressly specifies that the commodity account is maintained at an office in a particular jurisdiction, that jurisdiction is the commodity intermediary's jurisdiction.

(iii) If an agreement between the commodity intermediary and commodity customer does not specify a jurisdiction as provided in subparagraph (i) or (ii) of this paragraph, the commodity intermediary's jurisdiction is the jurisdiction in which is located the office identified in an account statement as the office serving the commodity customer's account.

(iv) If an agreement between the commodity intermediary and commodity customer does not specify a jurisdiction as provided in subparagraph (i) or (ii) of this paragraph and an account statement does not
identify an office serving the commodity customer's account as provided in subparagraph (iii) of this paragraph, the commodity intermediary's jurisdiction is the jurisdiction in which is located the chief executive office of the commodity intermediary.

(f) Perfection of a security interest by filing, automatic perfection of a security interest in investment property granted by a broker or securities intermediary, and automatic perfection of a security interest in a commodity contract or commodity account granted by a commodity intermediary are governed by the local law of the jurisdiction in which the debtor is located.

(7) Notwithstanding subsection (3) of this section, the law of this State shall govern the perfection and the effect of perfection of any security interest in bondable transition property.

49. N.J.S.12A:9-105 is amended to read as follows:

Definitions and index of definitions.

(1) In this chapter unless the context otherwise requires:

(a) "Account debtor" means the person who is obligated on an account, chattel paper or general intangible;

(b) "Chattel paper" means a writing or writings which evidence both a monetary obligation and a security interest in or a lease of specific goods, but a charter or other contract involving the use or hire of a vessel is not chattel paper. When a transaction is evidenced both by a security agreement or a lease and by an instrument or a series of instruments, the group of writings taken together constitutes chattel paper;

(c) "Collateral" means the property subject to a security interest, and includes accounts and chattel paper which have been sold;

(d) "Debtor" means the person who owes payment or other performance of the obligation secured, whether or not he owns or has rights in the collateral, and includes the seller of accounts or chattel paper. Where the debtor and the owner of the collateral are not the same person, the term "debtor" means the owner of the collateral in any provision of the chapter dealing with the collateral, the obligor in any provision dealing with the obligation, and may include both where the context so requires;

(e) "Deposit account" means a demand, time, savings, passbook or like account maintained with a bank, savings and loan association, credit union or like organization, other than an account evidenced by a certificate of deposit;

(f) "Document" means document of title as defined in the general definitions of chapter 1 (12A:1-201), and a receipt of the kind described in subsection (2) of 12A:7-201;
(g) "Encumbrance" includes real estate mortgages and other liens on real estate and all other rights in real estate that are not ownership interests;

(h) "Goods" includes all things which are movable at the time the security interest attaches or which are fixtures (12A:9-313), but does not include money, documents, instruments, investment property, accounts, chattel paper, general intangibles, or minerals or the like (including oil and gas) before extraction. "Goods" also includes standing timber which is to be cut and removed under a conveyance or contract for sale, the unborn young of animals, and growing crops;

(i) "Instrument" means a negotiable instrument (defined in 12A:3-104), or any other writing which evidences a right to the payment of money and is not itself a security agreement or lease and is of a type which is in ordinary course of business transferred by delivery with any necessary indorsement or assignment. The term does not include investment property;

(j) "Mortgage" means a consensual interest created by a real estate mortgage, a trust deed on real estate, or the like;

(k) An advance is made "pursuant to commitment" if the secured party has bound himself to make it, whether or not a subsequent event of default or other event not within his control has relieved or may relieve him from his obligation;

(l) "Security agreement" means an agreement which creates or provides for a security interest;

(m) "Secured party" means a lender, seller or other person in whose favor there is a security interest, including a person to whom accounts or chattel paper have been sold. When the holders of obligations issued under an indenture of trust, equipment trust agreement or the like are represented by a trustee or other person, the representative is the secured party;

(n) "Bondable transition property" shall have the meaning set forth in section 3 of P.L.1999, c.23 (C.48:3-51).

50. N.J.S. 12A:9-403 is amended to read as follows:

**Filing of financing statement.**

12A:9-403. (1) Presentation for filing of a financing statement, tender of the filing fee and acceptance of the statement by the filing officer constitute filing under this chapter.

(2) Except as provided in subsection (6) a filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the five-year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected...
until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the five-year period, whichever occurs later. Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within six months prior to the expiration of the five-year period specified in subsection (2). Any such continuation statement must be signed by the secured party, identify the original statement by file number and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of 12A:9-405, including payment of the required fee.

Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if he physically destroys the financing statements of a period more than five years past, those which have been continued by a continuation statement or which are still effective under subsection (6) shall be retained.

(4) Except as provided in subsection (7), a filing officer shall mark each statement with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition, the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement. A financing statement covering collateral which is or is to become a fixture or fixtures, or crops growing or to be grown, shall also be indexed in the name of the record owner of the realty.

(5) The uniform fee for filing, indexing and furnishing filing data for an original or a continuation statement or any amendment of either shall be $25.00.

(6) A real estate mortgage which is effective as a fixture filing under subsection (6) of 12A:9-402 remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate. If a filed financing statement relates to a
security interest in bondable transition property and the financing statement so states, it is effective until a termination statement is filed.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of 12A:9-103, or is filed as a fixture filing, it shall be filed for record and the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagees in a mortgage of the real estate described, and, to the extent that the law of this State provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he were the mortgagee thereunder, or where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described.

C.48:3-63 Proceeds of transition bonds not considered income to utility; tax consequences of sale of assets.

51. a. All proceeds received from the issuance of transition bonds shall not be considered income to the electric public utility or gas public utility for the purposes of the "Corporation Business Tax Act (1945)," P.L.1945, c.162 (C.54:10A-1 et seq.) or the "New Jersey Gross Income Tax Act," P.L.1976, c.47 (C.54A:1-1 et seq.).

b. The Director of the Division of Taxation in the Department of the Treasury is authorized to issue regulations regarding the determination of profit or loss related to the sale of assets which have been deemed to be part of stranded costs pursuant to sections 13 and 14 of this act for purposes of computing the corporation business tax to which the utility is subject.

52. R.S.48:2-13 is amended to read as follows:

Powers of board; public utility defined; exemptions from jurisdiction.

48:2-13. a. The board shall have general supervision and regulation of and jurisdiction and control over all public utilities as defined in this section and their property, property rights, equipment, facilities and franchises so far as may be necessary for the purpose of carrying out the provisions of this Title.

The term "public utility" shall include every individual, copartnership, association, corporation or joint stock company, their lessees, trustees or receivers appointed by any court whatsoever, their successors, heirs or assigns, that now or hereafter may own, operate, manage or control within this State any railroad, street railway, traction railway, autobus, charter bus operation, special bus operation, canal, express, subway, pipeline, gas, electricity distribution, water, oil, sewer, solid waste collection, solid waste disposal, telephone or telegraph system, plant or equipment for public use,
under privileges granted or hereafter to be granted by this State or by any political subdivision thereof.

b. Nothing contained in this Title shall extend the powers of the board to include any supervision and regulation of, or jurisdiction and control over any vehicles engaged in ridesharing arrangements with a maximum carrying capacity of not more than 15 passengers, including the driver, where the transportation of passengers is incidental to the purpose of the driver or any vehicles engaged in the transportation of passengers for hire in the manner and form commonly called taxicab service unless such service becomes or is held out to be regular service between stated termini; hotel buses used exclusively for the transportation of hotel patrons to or from local railroad or other common carrier stations, including local airports, or bus employed solely for transporting school children and teachers, to and from school, or any autobus with a carrying capacity of not more than 10 passengers now or hereafter operated under municipal consent upon a route established wholly within the limits of a single municipality or with a carrying capacity of not more than 20 passengers operated under municipal consent upon a route established wholly within the limits of not more than four contiguous municipalities within any county of the fifth or sixth class, which route in either case does not in whole or in part parallel upon the same street the line of any street railway or traction railway or any other autobus route.

c. Except as provided in section 7 of P.L.1995, c.101 (C.58:26-25), the board shall have no regulatory authority over the parties to a contract negotiated between a public entity and a private firm pursuant to P.L.1995, c.101 (C.58:26-19 et al.) in connection with the performance of their respective obligations thereunder. Nothing contained in this title shall extend the powers of the board to include any supervision and regulation of, or jurisdiction and control over, any public-private contract for the provision of water supply services established pursuant to P.L.1995, c.101 (C.58:26-19 et al.).

d. Unless otherwise specifically provided pursuant to P.L.1999, c.23 (C.48:3-49 et al.), all services necessary for the transmission and distribution of electricity and gas, including but not limited to safety, reliability, metering, meter reading and billing, shall remain the jurisdiction of the Board of Public Utilities. The board shall also maintain the necessary jurisdiction with regard to the production of electricity and gas to assure the reliability of electricity and gas supply to retail customers in the State as prescribed by the board or any other federal or multi-jurisdictional agency responsible for reliability and capacity in the State.

e. Notwithstanding the provisions of subsection a. of this section, the board shall have the authority to classify as regulated the sale of any thermal energy service by a cogenerator or district heating system, for the purpose
of providing heating or cooling to a residential dwelling if, after notice and hearing, it determines that the customer does not have sufficient space on its property to install an alternative source of equivalent thermal energy, there is no contract governing the provision of thermal energy service for the relevant period of time, and that sufficient competition is no longer present, based upon consideration of such factors as: ease of market entry; presence of other competitors; and the availability of like or substitute services in the relevant geographic area. Upon such a classification, the board may determine such rates for the thermal energy service for the purpose of providing heating or cooling to a residential dwelling as it finds to be consistent with the prevailing cost of alternative sources of thermal energy in similar situations. The board, however, shall continue to monitor the thermal energy service to such residential dwellings and, whenever the board finds that the thermal energy service has again become sufficiently competitive pursuant to the criteria listed above, the board shall cease to regulate the sale or production of the service. The board shall not have the authority to regulate the sale or production of steam or any other form of thermal energy, including hot and chilled water, to non-residential customers.

f. Nothing contained in this Title shall extend the powers of the board to include supervision and regulation of, or jurisdiction and control over, an entity engaged in the provision or use of sewage effluent for the purpose of providing a cooling medium to an end user or end users on a single site, which provision results in the conservation of potable water which would otherwise have been used for such purposes.

53. Section 3 of P.L.1995, c.180 (C.48:2-21.26) is amended to read as follows:

3. a. No later than October 18, 1995 and notwithstanding any provision of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the Board of Public Utilities shall initiate a proceeding and shall adopt, after notice, provision of the opportunity for comment, and public hearing, specific standards regarding minimum prices, confidentiality standards, maximum contract duration, filing requirements, and such other standards as the board may determine are necessary for off-tariff rate agreements consistent with this act. Any subsequent modification of the standards that is adopted by the board shall be adopted pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.).

b. After the adoption by the board of specific standards pursuant to subsection a. of this section, an electric public utility may, within seven
years of July 20, 1995, enter into an off-tariff rate agreement with an individual retail customer pursuant to the provisions of sections 3 and 4 of P.L.1995, c.180 (C.48:2-21.26 and 48:2-21.27). The provisions of sections 3 and 4 shall not apply to an off-tariff rate agreement entered into by an electric public utility after that seven-year period, except as otherwise provided by the board. Notwithstanding the seven-year limitation imposed pursuant to this subsection, an off-tariff rate agreement that is entered into during that seven-year period shall remain in effect until its expiration pursuant to the terms of the agreement.

c. An off-tariff rate agreement shall be filed with the board a minimum of 30 days prior to its effective date along with sufficient information to demonstrate that the off-tariff rate agreement meets the conditions established in subsection d. of this section and the standards established pursuant to subsection a. of this section. The entire agreement shall be available to the public, except that a public utility may petition the board to keep confidential certain parts of the agreement or supporting documentation that are competitively sensitive. Upon petition by the public utility, the board may classify as confidential any part of the agreement that is found to contain competitively sensitive information that, if revealed, would harm the competitive position of either party to the agreement. A copy of the off-tariff rate agreement and supporting information shall be served simultaneously upon the Director of the Division of the Ratepayer Advocate, or its successor agency. The staff of the board and the division shall have full access to all portions of the agreement and to any supporting documentation, subject to a standard non-disclosure agreement to be approved by the board. The board or its staff shall review the agreement, and upon review the board may delay its implementation if it requires additional time to review the agreement or shall disapprove the agreement upon a finding that it does not meet the conditions established in subsection d. of this section and the standards established pursuant to subsection a. of this section. If the board does not issue notice that it is delaying implementation for further review or that it disapproves the agreement, the utility may implement the off-tariff rate agreement.

An off-tariff rate agreement implemented pursuant to this subsection shall not include any reduction in the gross receipts and franchise tax or a successor tax pursuant to P.L.1997, c.162 (C.54:30A-100 et seq.).

d. An off-tariff rate agreement implemented pursuant to this section prior to the effective date of retail competition as provided in subsection a. of section 5 of P.L.1999, c.23 (C.48:3-53) may establish a price for electricity to a retail customer that is different from, but in no case higher than, that specified in the utility's current cost-of-service based tariff rate otherwise applicable to that customer. An off-tariff rate agreement
implemented pursuant to this section on or after the effective date of retail competition as provided in subsection a. of section 5 of P.L.1999, c.23 (C.48:3-53) may establish a price for the transmission or distribution of electricity to a retail customer that is different from, but in no case higher than, that specified in the electric public utility's current cost-of-service based tariff rate for transmission or distribution service otherwise applicable to that customer. An off-tariff rate agreement shall be subject to the following conditions:

1. There shall be no retroactive recovery by the utility from its general ratepayer base of any revenue erosion that occurs prior to the conclusion of the utility's next base rate case. Subsequent to the conclusion of the utility's next base rate case, any such recovery shall be prospective only and in accordance with section 4 of P.L.1995, c.180 (C.48:2-21.27).

2. In no event shall any customer be required to enter into an off-tariff rate agreement.

3. An off-tariff rate for electricity at a minimum shall equal the sum of the following:
   a. the electric public utility's marginal cost to provide transmission or distribution service to the customer over the term of the off-tariff rate agreement,
   b. the per kilowatt hour contribution to the societal benefits charge, market transition charge, and transition bond charge, as established pursuant to P.L.1999, c.23 (C.48:3-49 et al.) and otherwise chargeable under the standard applicable rate schedule, and
   c. a floor margin to be specified by the board pursuant to subsection a. of this section, which shall constitute the minimum contribution by an off-tariff customer toward a public utility's fixed transmission and distribution costs.

4. Evidence of a comprehensive energy audit of the customer's facility must be submitted to the utility prior to the effective date of the off-tariff rate agreement, in order to ensure that the customer has evaluated cost-effective energy efficiency and demand side management measures at its facility as part of its efforts to reduce electricity costs.

5. The term of the off-tariff rate agreement shall not exceed a maximum number of years, to be specified by the board pursuant to subsection a. of this section, except that the term of an off-tariff rate agreement may exceed the maximum contract term established by the board, only with the prior review and approval of the board on a case by case basis.

6. The electric public utility shall not make the provision of any competitive service or basic generation service offered by the public utility or its related competitive business segment to the customer a pre-condition
to the offering of or agreement to an off-tariff rate agreement.

(7) The utility shall submit any information required by the filing requirements established pursuant to subsection a. of this section.

e. Each electric public utility shall file with the board and the Director of the Division of the Ratepayer Advocate, on a periodic basis to be determined by the board, a report, which shall be made available to the public, that includes the number of off-tariff rate contracts implemented, the aggregate expected revenues and margins derived thereunder, and an estimate of the aggregate differential between the revenues produced under the off-tariff rate agreements and the revenues that would have been produced under a standard board-approved tariff rate, so that the board can evaluate the total impact of off-tariff rate agreements on the financial integrity of the utility and on its ratepayers.

f. Upon notice and hearing, the board may suspend an electric public utility's implementation of additional off-tariff rate agreements based upon information in the report filed pursuant to subsection e. of this section or with other good cause. The board may suspend additional off-tariff rate agreements during the pendency of any such hearings.

54. Section 4 of P.L.1995, c.180 (C.48:2-21.27) is amended to read as follows:

C.48:2-21.27 Base rate case proceedings.

4. a. An electric public utility that enters into an off-tariff rate agreement pursuant to section 3 of P.L.1995, c.180 (C.48:2-21.26) shall not recover through rates any revenue erosion that occurs between the effective date of the agreement and the conclusion of the public utility's next base rate case.

b. As part of a base rate case proceeding, an electric public utility may request prospective recovery of a portion of the quantifiable revenue erosion resulting from an existing off-tariff rate agreement with a customer that previously purchased power from the utility under a tariff set by the board. Whenever a public utility requests partial recovery of revenue erosion from an off-tariff rate agreement, and notwithstanding any provision of subsection c. of section 3 of P.L.1995, c.180 (C.48:2-21.26) to the contrary, the entire agreement shall be available to the public, except that a public utility may petition the board to keep confidential certain parts of the agreement or supporting documentation that are competitively sensitive. Upon petition by the public utility, and after an opportunity for all interested parties to comment, the board may classify as confidential any part of the agreement that is found to contain competitively sensitive information that, if revealed, would harm the competitive position of either party to the agreement. An intervenor in the base rate case proceeding may request access to informa-
tion that has been classified as confidential. The board shall grant such access, subject to an executed non-disclosure agreement, if the board determines that the intervenor's interest cannot be pursued fully in the base rate case proceeding without access to the information and that the intervenor is not a direct competitor of either party to the agreement.

c. In a base rate case proceeding at which an electric public utility requests, pursuant to subsection b. of this section, prospective recovery of revenue erosion, the board may approve prospective recovery of 50 percent of the revenue erosion occurring after the conclusion of that base rate case proceeding, in order to ensure that ratepayers shall not bear a greater portion of the revenue erosion resulting from the off-tariff rate agreement than the public utility, if the board determines that:

1. All appropriate offsetting financial adjustments, including but not limited to sales growth, standby and backup sales to the customer, are credited to the revenue requirement calculation and that the utility is not already achieving a fair and reasonable rate of return;

2. The utility has developed and implemented a corporate strategy to lower its cost of delivering power;

3. Ratepayers are paying lower rates with the implementation of an off-tariff rate agreement for a particular customer than without such implementation, because the off-tariff rate agreement allowed the utility to continue to maintain the customer and thus to continue to receive the customer's contribution to the fixed transmission and distribution costs of the electric public utility. A determination that the public utility's ratepayers are paying lower rates with the implementation of an off-tariff rate agreement prior to the effective date of P.L.1999, c.23 (C.48:3-49 et al.) will therefore include a finding that the customer receiving the off-tariff rate:

   a. Had a viable alternative source of power deliverable to its site and, had it not received the off-tariff rate, would have ceased to obtain its power primarily from the public utility; or

   b. Would have relocated its facility outside of the State to a location where power could be obtained at a lower cost, had it not received the off-tariff rate.

A determination that the public utility's ratepayers are paying lower rates with the implementation of an off-tariff rate agreement on or after the effective date of P.L.1999, c.23 (C.48:3-49 et al.) will therefore include a finding that the customer receiving the off-tariff rate would have relocated its facility outside of the State to a location where it could have obtained delivered power at a lower cost, had it not received the off-tariff rate; and

4. The utility and the customer have otherwise complied with the provisions of P.L.1995, c.180 (C.48:2-21.24 et seq.) and the off-tariff rate...

55. Section 5 of P.L.1995, c.180 (C.48:2-21.28) is amended to read as follows:

C.48:2-21.28 Petitions for alternative forms of regulation; NJSAVE program.

5. a. An electric or gas public utility may petition the Board of Public Utilities to be regulated under an alternative form of regulation for its distribution system only, for the setting of prices for all or a portion of its retail customer base, or for the purpose of creating incentives consistent with the provisions of this act without changing the rate reductions for the sustained period as set forth under section 4 of P.L.1999, c.23 (C.48:3-52), no earlier than 12 months after the starting date of retail competition as provided in subsection a. of section 5 of P.L.1999, c.23 (C.48:3-53). The public utility shall submit its plan for an alternative form of regulation with its petition. The public utility shall also file its petition and plan concurrently with the Director of the Division of the Ratepayer Advocate, or its successor. The public utility shall provide, within 15 days of the filing of its petition and plan, notice of the specific filing to the clerk of each municipality, to the clerk of each board of Chosen Freeholders, and to each county executive, in the service territory of the public utility. The public utility shall also provide, within 15 days of the filing, public notice to its customers of the filing, either by notice in a newspaper that has a general circulation in its service territory or by bill inserts as directed by the board. The board shall review the plan and may approve the plan, or approve it with modifications, if the board finds, after notice and hearing, that the plan will provide benefits to customers of the public utility, and that the plan meets the following standards:

1) Will further the State's objective of producing lower rates for New Jersey consumers;
2) Will provide incentives for the utility to lower its costs and rates;
3) Will provide incentives to improve utility efficiency and productivity;
4) Will foster the long-term delivery of electricity or natural gas in a manner that will improve the quality and choices of service;
5) Includes a mechanism for the board to monitor and review the plan on a periodic basis over its term and to take appropriate actions if it is found that the plan is not achieving its intended results;
6) Will maintain or improve pre-existing service quality standards, except that an individual customer may agree to accept lower quality
service. A public utility shall continue to provide safe, adequate and proper service pursuant to R.S.48:2-23:

(7) Will not result in cross-subsidization among or between groups of utility customers, or between the portion of the utility's business or operations subject to the alternative form of regulation and the portion of the utility's business or operations that is not subject to the alternative form of regulation;

(8) Will reduce regulatory delay and cost;

(9) Is in the public interest and will produce just and reasonable rates;

(10) Will enhance economic development in the State;

(11) Will not discourage energy efficiency or distributed generation as alternatives to distribution plant investment and will explore ways to remove the linkage between retail throughput and the recovery of fixed and stranded costs; and

(12) Is otherwise consistent with the provisions of P.L.1999, c.23 (C.48:3-49 et al.).

In preparation for the development of such plans, each electric public utility shall begin to collect distribution cost data that will be needed to evaluate accurately alternatives to traditional infrastructure investments.

b. Consistent with the provisions of P.L.1995, c.180 (C.48:2-21.24 et seq.), and provided that the plan meets the standards established in subsection a. of this section, the board may approve a plan for an alternative form of regulation that permits a gas or electric public utility to establish a rate for a group of retail customers without a finding of rate base and reasonable rate of return pursuant to the pre-existing provisions of Title 48 of the Revised Statutes, if the board determines that the rate being charged by the utility to a retail customer is no lower than a minimum price that is determined by the board to prevent anti-competitive pricing and that:

(1) The group of customers has access to a competitive market for supply of power to its site and that market pricing of delivery services for that group of customers is thereby appropriate; or

(2) The group of customers has otherwise voluntarily agreed in writing to accept a price that has not been established based upon rate base and reasonable rate of return standards pursuant to Title 48 of the Revised Statutes;

(3) At the time of the plan's approval, the level of retail prices of the utility for the group of customers is determined to be reasonably reflective of the level necessary to produce a fair and reasonable rate of return pursuant to a current evaluation under pre-existing standards of Title 48 of the Revised Statutes, and that the plan provides mechanisms for prospective adjustments to rates that will track trends in utility rates.

c. (Deleted by amendment, P.L.1999, c.23).
d. An alternative regulation plan as provided for in this section shall not include any mechanism for:
   (1) Recovery of revenue erosion from other ratepayers; or
   (2) A reduction in the gross receipts and franchise tax or a successor tax pursuant to P.L. 1997, c. 162 (C. 54:30A-100 et seq.).

e. The board may require an independent audit or such accounting and reporting systems from electric and gas utilities as are necessary to allow a proper allocation of investments, costs or expenses for all services provided under the provisions of P.L. 1995, c. 180 (C. 48:2-21.24 et seq.) that are subject to the jurisdiction of the board.

f. Consistent with the provisions of this section, the Legislature hereby authorizes and directs the New Jersey Economic Development Authority, in conjunction with the Board of Public Utilities, to establish the New Jersey Senior and Alternate Vital Energy (NJ SAVE) program for the purpose of funding capital improvements of natural gas distribution facilities, and for purchase and installation of natural gas heating equipment and appliances located on the premises of homeowners, where those homeowners reside in all-electric homes in age-restricted communities.

The authority may issue bonds on behalf of gas public utilities, the proceeds of which may be used for the purpose of distributing in the form of loans to eligible customers for the purpose of allowing such customers to pay home heating and appliance conversion costs and the customer's contribution, to the extent applicable, to gas distribution system extension costs required to serve those customers.

The gas public utility shall be permitted to assess a meter charge, as approved by the board, to recover the funds to repay loan principal and interest. Monies collected by the gas public utility as a result of such meter charge shall be utilized by the gas public utility to repay the bonds issued by the authority. Nothing in this section shall be construed to relieve the gas public utility of its obligation to repay any bonds issued by the authority.

56. Section 6 of P.L. 1995, c. 180 (C. 48:2-21.29) is amended as follows:

C. 48:2-21.29 Reports.

6. The Board of Public Utilities shall submit a report to the Legislature on the implementation of P.L. 1995, c. 180 (C. 48:2-21.24 et seq.) and of the restructuring of the electric power industry pursuant to P.L. 1999, c. 23 (C. 48:3-49 et al.) on December 1 of the third year following the effective date of P.L. 1999, c. 23 (C. 48:3-49 et al.) and every four years thereafter.

C. 48:3-96 Standards for inspection, maintenance, repair, replacement of electric equipment, facilities.

57. a. The Board of Public Utilities shall adopt, pursuant to the
"Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), standards for the inspection, maintenance, repair and replacement of the distribution equipment and facilities of electric public utilities. The standards may be prescriptive standards, performance standards, or both, and shall provide for high quality, safe and reliable service. The board shall also adopt standards for the operation, reliability and safety of such equipment and facilities during periods of emergency or disaster. The board shall adopt a schedule of penalties for violations of these standards.

b. In adopting standards pursuant to this section, the board shall consider cost, local geography and weather, applicable industry codes, national electric industry practices, sound engineering judgment, and past experience.

c. The board shall require each electric public utility to report annually on its compliance with the standards adopted pursuant to this section, and the utility shall make these reports available to the public.

58. Section 10 of P.L.1975, c.291 (C.40:55D-19) is amended to read as follows:

C.40:55D-19 Appeal or petition in certain cases to the Board of Public Utilities.

10. Appeal or petition in certain cases to the Board of Public Public Utilities.

If a public utility, as defined in R.S.48:2-13, or an electric power generator, as defined in section 3 of P.L.1999, c.23 (C.48:3-51), is aggrieved by the action of a municipal agency through said agency's exercise of its powers under this act, with respect to any action in which the public utility or electric power generator has an interest, an appeal to the Board of Public Utilities of the State of New Jersey may be taken within 35 days after such action without appeal to the municipal governing body pursuant to section 8 of this act unless such public utility or electric power generator so chooses. In such case appeal to the Board of Public Utilities may be taken within 35 days after action by the governing body. A hearing on the appeal of a public utility to the Board of Public Utilities shall be had on notice to the agency from which the appeal is taken and to all parties primarily concerned, all of whom shall be afforded an opportunity to be heard. If, after such hearing, the Board of Public Utilities shall find that the present or proposed use by the public utility or electric power generator of the land described in the petition is necessary for the service, convenience or welfare of the public, including, but not limited to, in the case of an electric power generator, a finding by the board that the present or proposed use of the land is necessary to maintain reliable electric or natural gas supply service for the general public and that no alternative site or sites are reasonably available to achieve
an equivalent public benefit, the public utility or electric power generator may proceed in accordance with such decision of the Board of Public Utilities, any ordinance or regulation made under the authority of this act notwithstanding.

This act or any ordinance or regulation made under authority thereof, shall not apply to a development proposed by a public utility for installation in more than one municipality for the furnishing of service, if upon a petition of the public utility, the Board of Public Utilities shall after hearing, of which any municipalities affected shall have notice, decide the proposed installation of the development in question is reasonably necessary for the service, convenience or welfare of the public.

Nothing in this act shall be construed to restrict the right of any interested party to obtain a review of the action of the municipal agency or of the Board of Public Utilities by any court of competent jurisdiction according to law.

59. The provisions of this act are severable. If any provision of this act or its application to any person or circumstance is held invalid by any court of competent jurisdiction, the invalidity shall not affect any other provision or the application of this act which can be given effect without the invalid provision or application.

C.48:3-97 Construction of act relative to DOT, DEP.

60. a. No provision of this act shall be interpreted or construed in any fashion so as to amend or alter the functions, powers and duties of the Commissioner of Transportation in respect to autobuses, charter and special bus operations, railroads, street railways, traction railways, and subways as transferred to the commissioner by Executive Reorganization filed on October 5, 1978, pursuant to the provisions of the "State Agency Transfer Act," P.L.1971, c.375 (C.52:14D-1 et seq.).

If a municipal electric corporation makes sales of electricity used outside of its municipal boundaries or within a franchise area served by an electric public utility other than the municipal electric corporation, then receipts from those sales of electricity by the municipal electric corporation shall be subject to tax under P.L.1966, c.30; or

(b) Is sold by a municipal electric utility in existence as of December 31, 1995, and used within its municipal boundaries. (1) Natural gas or utility service that is used to generate electricity that is sold for resale or to an end user other than the end user upon whose property is located a co-generation facility or self-generation unit that generated the electricity or upon the property purchased or leased from the
end user by the person owning the co-generation facility or self-generation unit if such property is contiguous to the user's property and is the property upon which is located a co-generation facility or self-generation unit that generated the electricity; and

(2) Natural gas and utility service that is used for co-generation at any site at which a co-generation facility was in operation on or before March 10, 1997, or for which an application for an operating permit or a construction permit and a certificate of operation in order to comply with air quality standards under P.L.1954, c.212 (C.26:2C-1 et seq.) has been filed with the Department of Environmental Protection on or before March 10, 1997, to produce electricity for use on that site.

8. The Attorney General, county prosecutor or a person designated to act for such an official and to perform his duties in and during his actual absence or disability, may authorize, in writing, an ex parte application to a judge designated to receive the same for an order authorizing the interception of a wire, or electronic or oral communication by the investigative or law enforcement officers or agency having responsibility for an investigation when such interception may provide evidence of the commission of the offense of murder, kidnapping, gambling, robbery, bribery, a violation of paragraph (1) or (2) of subsection b. of N.J.S.2C:12-1, a violation of N.J.S.2C:21-19 punishable by imprisonment for more than one year, a violation of P.L.1994, c.121 (C.2C:21-23 et seq.), terroristic threats, violations of N.J.S.2C:35-3, N.J.S.2C:35-4 and N.J.S.2C:35-5, violations of sections 112 through 116, inclusive, of the "Casino Control Act," P.L.1977, c.110 (C.5:12-112 through 5:12-116), arson, burglary, theft and related offenses punishable by imprisonment for more than one year, endangering the welfare of a child pursuant to N.J.S.2C:24-4, escape, forgery, alteration of motor vehicle identification numbers, unlawful manufacture, purchase, use, or transfer of firearms, unlawful possession or use of destructive devices or explosives, racketeering or a violation of subsection g. of N.J.S.2C:5-2, leader of organized crime, organized criminal activity directed toward the unlawful transportation, storage, disposal, discharge, release, abandonment or disposition of any harmful, hazardous, toxic, destructive, or polluting substance, or any conspiracy to commit any of the foregoing offenses or which may provide evidence aiding in the apprehension of the perpetrator or perpetrators of any of the foregoing offenses.

2. N.J.S.2C:5-4 is amended to read as follows:

Grading of criminal attempt and conspiracy; mitigation in cases of lesser danger.

2C:5-4. Grading of Criminal Attempt and Conspiracy; Mitigation in Cases of Lesser Danger. a. Grading. Except as provided in subsections c.
and d., an attempt or conspiracy to commit a crime of the first degree is a crime of the second degree; except that an attempt to commit murder is a crime of the first degree. Otherwise an attempt is a crime of the same degree as the most serious crime which is attempted, and conspiracy is a crime of the same degree as the most serious crime which is the object of the conspiracy; provided that, leader of organized crime is a crime of the second degree. An attempt or conspiracy to commit an offense defined by a statute outside the code shall be graded as a crime of the same degree as the offense is graded pursuant to sections 2C:1-4 and 2C:43-1.

b. Mitigation. The court may impose sentence for a crime of a lower grade or degree if neither the particular conduct charged nor the defendant presents a public danger warranting the grading provided for such crime under subsection a. because:

(1) The criminal attempt or conspiracy charged is so inherently unlikely to result or culminate in the commission of a crime; or

(2) The conspiracy, as to the particular defendant charged, is so peripherally related to the main unlawful enterprise.

c. Notwithstanding the provisions of subsection a. of this section, conspiracy to commit a crime set forth in subsection a., b., or d. of N.J.S. 2C:17-1 where the structure which was the target of the crime was a church, synagogue, temple or other place of public worship is a crime of the first degree.

d. Notwithstanding the provisions of subsection a. of this section, conspiracy to commit a crime as set forth in P.L. 1994, c.121 (C.2C:21-23 et seq.) is a crime of the same degree as the most serious crime that was conspired to be committed.

3. Section 3 of P.L.1994, c.121 (C.2C:21-25) is amended to read as follows:

A person is guilty of a crime if the person:

a. transports or possesses property known to be derived from criminal activity; or

b. engages in a transaction involving property known to be derived from criminal activity:

(1) with the intent to facilitate or promote the criminal activity; or

(2) knowing that the transaction is designed in whole or in part:

(a) to conceal or disguise the nature, location, source, ownership or control of the property derived from criminal activity; or

(b) to avoid a transaction reporting requirement under the laws of this State or any other state or of the United States; or
c. directs, organizes, finances, plans, manages, supervises, or controls the transportation of or transactions in property known to be derived from criminal activity.

d. For the purposes of this act, property is known to be derived from criminal activity if the person knows that the property involved represents proceeds from some form, though not necessarily which form, of criminal activity. Among the factors that the finder of fact may consider in determining that a transaction has been designed to avoid a transaction reporting requirement shall be whether the person, acting alone or with others, conducted one or more transactions in currency, in any amount, at one or more financial institutions, on one or more days, in any manner. The phrase "in any manner" includes the breaking down of a single sum of currency exceeding the transaction reporting requirement into smaller sums, including sums at or below the transaction reporting requirement, or the conduct of a transaction, or series of currency transactions, including transactions at or below the transaction reporting requirement. The transaction or transactions need not exceed the transaction reporting threshold at any single financial institution on any single day in order to demonstrate a violation of subparagraph (b) of paragraph (2) of subsection b. of this section.

4. Section 5 of P.L.1994, c.121 (C.2C:21-27) is amended to read as follows:

C.2C:21-27 Degrees of offense; penalties; nonmerger.

5. a. The offense defined in section 3 of P.L.1994, c.121 (C.2C:21-25) constitutes a crime of the first degree if the amount involved is $500,000.00 or more. If the amount involved is at least $75,000.00 but less than $500,000.00 the offense constitutes a crime of the second degree; otherwise, the offense constitutes a crime of the third degree. Notwithstanding the provisions of N.J.S.2C:43-3, the court may also impose a fine up to $500,000.00. The amount involved in a prosecution for violation of this section shall be determined by the trier of fact. Amounts involved in transactions conducted pursuant to one scheme or course of conduct may be aggregated in determining the degree of the offense. Notwithstanding the provisions of paragraph (1) of subsection a. of N.J.S.2C:43-6, a person convicted of a crime of the first degree pursuant to the provisions of this subsection shall be sentenced to a term of imprisonment that shall include the imposition of a minimum term which shall be fixed at, or between, one-third and one-half of the sentence imposed, during which time the defendant shall not be eligible for parole.
b. In addition to any other dispositions authorized by this Title, upon conviction of a violation of this section, the court may sentence the defendant to pay an amount as calculated pursuant to subsection a. of section 6 of P.L.1994, c.121 (C.2C:21-28).

c. Notwithstanding N.J.S.2C:1-8 or any other provision of law, a conviction of an offense defined in this section shall not merge with the conviction of any other offense constituting the criminal activity involved or from which the property was derived, and a conviction of any offense constituting the criminal activity involved or from which the property was derived shall not merge with a conviction of an offense defined in section 3 of P.L.1994, c.121 (C.2C:21-25), and the sentence imposed upon a conviction of any offense defined in section 3 of P.L.1994, c.121 (C.2C:21-25) shall be ordered to be served consecutively to that imposed for a conviction of any offense constituting the criminal activity involved or from which the property was derived. Nothing in P.L.1994, c.121 (C.2C:21-23 et. seq.) shall be construed in any way to preclude or limit a prosecution or conviction for any other offense defined in this Title or any other criminal law of this State.

Where, pursuant to section 8 of P.L.1999, c.25 (C.2C:21-27.1) the prosecutor has established by a preponderance of the evidence that the defendant was convicted of a violation of P.L.1994, c.121 (C.2C:21-23 et seq.), the court shall assess a monetary penalty as follows:

CHAPTER 25, LAWS OF 1999

The court may, for good cause shown, and subject to the provisions of this section, grant permission for the payment of an anti-money laundering profiteering penalty assessed pursuant to section 9 of P.L.1999, c.25 (C.2C:21-27.2) to be made within a specified period of time or in specified installments, provided however that the payment schedule fixed by the court shall require the defendant to pay the anti-money laundering profiteering penalty in the shortest period of time consistent with the nature and extent of his assets and his ability to pay, and further provided that the prosecutor shall be afforded the opportunity to present evidence or information concerning the nature, extent and location of the defendant's assets or interests in property which are or might be subject to levy and execution. In such event, the court may only grant permission for the payment to be made within a specified period of time or installments with respect to that portion of the assessed penalty which would not be satisfied by the liquidation of property which is or may be subject to levy and execution, unless the court finds that the immediate liquidation of such property would result in undue hardship to innocent persons. If no permission to make payment within a specified period of time or in installments is embodied in the sentence, the entire penalty shall be payable forthwith.

C.2C:21-27.5 Relation to other dispositions.
12. Relation to Other Dispositions.

   b. An anti-money laundering profiteering penalty imposed pursuant to section 9 of P.L.1999, c.25 (C.2C:21-27.2) shall be in addition to and not in lieu of any forfeiture or other cause of action instituted pursuant to chapter 41 or 64 of Title 2C of the New Jersey Statutes, and nothing in this chapter shall be construed in any way to preclude, preempt or limit any such cause of action. A defendant shall not be entitled to receive credit toward the payment of an anti-money laundering profiteering penalty imposed pursuant to section 9 of P.L.1999, c.25 (C.2C:21-27.2) for the value of property forfeited, or subject to forfeiture, pursuant to the provisions of chapter 41 or 64 of Title 2C of the New Jersey Statutes.

14. This act shall take effect immediately.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of P.L.1987, c.20 (C.39:3-9a) is amended to read as follows:

C.39:3-9a Legal name of licensee; endorsement.

2. Each driver's license issued pursuant to R.S.39:3-10 shall have the legal name of the licensee endorsed thereon in his own handwriting. For purposes of this section, legal name shall mean the name recorded on a birth certificate unless otherwise changed by marriage, divorce or order of court. The director may require that only the legal name be recorded on the driver's
CHAPTER 28, LAWS OF 1999 211

license. A person who has been issued a driver's license pursuant to R.S.39:3-10 whose name is changed due to marriage, divorce or by order of court shall notify the director of the change in name within two weeks after the change is made.

A person who fails to notify the Director of the Division of Motor Vehicles of a change in name as required in this section shall be subject to a fine. A person who is fined under this section for a violation of this section shall not be subject to a surcharge under the New Jersey Merit Rating Plan as provided in section 6 of P.L.1983, c.65 (C.17:29A-35).

For the purposes of this section, a digitized signature image shall constitute a licensee's signature in his own handwriting. A digitized signature image is an electronic representation of a person's written signature.

2. R.S.39:3-10 is amended to read as follows:

**Licensing of drivers; classifications.**

39:3-10. No person shall drive a motor vehicle on a public highway in this State unless in possession of a validated permit, or a provisional or basic driver's license issued to him in accordance with this article.

No person under 18 years of age shall be issued a basic license to drive motor vehicles, nor shall a person be issued a validated permit, including a validated examination permit, until he has passed a satisfactory examination and other requirements as to his ability as an operator. The examination shall include a test of the applicant's vision, his ability to understand traffic control devices, his knowledge of safe driving practices and of the effects that ingestion of alcohol or drugs has on a person's ability to operate a motor vehicle, his knowledge of such portions of the mechanism of motor vehicles as is necessary to insure the safe operation of a vehicle of the kind or kinds indicated by the applicant and of the laws and ordinary usages of the road. A road test shall be required for a provisional license and serve as a demonstration of the applicant's ability to operate a vehicle of the class designated. The road test shall be given on public streets, where practicable and feasible, but may be preceded by an off-street screening process to assess basic skills. The director shall approve locations for the road test which pose no more than a minimal risk of injury to the applicant, the examiner and other motorists. No new locations for the road test shall be approved unless the test can be given on public streets.

The director shall issue a basic driver's license to operate a motor vehicle other than a motorcycle to a person over 18 years of age who previously has not been licensed to drive a motor vehicle in this State or another jurisdiction only if that person has: (1) operated a passenger automobile in compliance with the
requirements of this title for not less than one year, not including any period of
suspension or postponement, either from the date of issuance of an examination
permit pursuant to R.S.39:3-13 or a provisional license pursuant to section 4 of
P.L.1950, c.127 (C.39:3-13.4); (2) not been assessed more than two motor vehicle
points and has not been convicted in the previous year for a violation of
R.S.39:4-50; section 2 of P.L.1981, c.512 (C.39:4-50.4a); P.L.1992, c.189
(C.39:4-50.14); R.S.39:4-129; N.J.S.2C:11-5; subsection c. of N.J.S.2C:12-l; or
any other motor vehicle-related violation the director determines to be significant
and applicable pursuant to regulation; and (3) passed an examination of his ability
to operate a motor vehicle pursuant to this section.

The director shall expand the driver's license examination by 20%. The
additional questions to be added shall consist solely of questions developed
in conjunction with the State Department of Health and Senior Services
concerning the use of alcohol or drugs as related to highway safety. The
director shall develop in conjunction with the State Department of Health
and Senior Services supplements to the driver's manual which shall include
information necessary to answer any question on the driver's license
examination concerning alcohol or drugs as related to highway safety.

Up to 20 questions may be added to the examination on subjects to be
determined by the director that are of particular relevance to youthful
drivers, after consultation with the Director of the Office of Highway
Traffic Safety.

The director shall expand the driver's license examination to include a
question asking whether the applicant is aware of the provisions of the
procedure for indicating on the driver's license the intention to make a
donation of body organs or tissues pursuant to P.L.1978, c.181
(C.39:3-12.2).

Any person applying for a driver's license to operate a motor vehicle or
motorized bicycle in this State shall surrender to the director any current
driver's license issued to him by another state or jurisdiction upon his receipt
of a driver's license for this State. The director shall refuse to issue a driver's
license if the applicant fails to comply with this provision. An applicant for
a permit or license who is less than 18 years of age, and who holds a permit
or license for a passenger automobile issued by another state or country that
is valid or has expired within a time period designated by the director, shall
be subject to the permit and license requirements and penalties applicable
to State permit and license applicants who are of the same age; except that
if the other state or country has permit or license standards substantially
similar to those of this State, the credentials of the other state or country
shall be acceptable.
The director shall create classified licensing of drivers covering the following classifications:

a. Motorcycles, except that for the purposes of this section, motorcycle shall not include any three-wheeled motor vehicle equipped with a single cab with glazing enclosing the occupant, seats similar to those of a passenger vehicle or truck, seat belts and automotive steering;

b. Omnibuses as classified by R.S.39:3-10.1 and school buses classified under N.J.S.18A:39-1 et seq.;

c. (Deleted by amendment, P.L.1999, c.28).

d. All motor vehicles not included in classifications a.and b. A license issued pursuant to this classification d. shall be referred to as the "basic driver's license."

Every applicant for a license under classification b. shall be a holder of a basic driver's license. Any issuance of a license under classification b. shall be by endorsement on the basic driver's license.

A driver's license for motorcycles may be issued separately, but if issued to the holder of a basic driver's license, it shall be by endorsement on the basic driver's license.

The director, upon payment of the lawful fee and after he or a person authorized by him has examined the applicant and is satisfied of the applicant's ability as an operator, may, in his discretion, issue a license to the applicant to drive a motor vehicle. The license shall authorize him to drive any registered vehicle, of the kind or kinds indicated, and shall expire, except as otherwise provided, on the last day of the 120th calendar month following the calendar month in which such license was issued.

The director may, at his discretion and for good cause shown, issue licenses which shall expire on a date fixed by him. The fee for licenses with expiration dates fixed by the director shall be fixed by the director in amounts proportionately less or greater than the fee herein established.

The required fee for a license for the 120-month period shall be as follows:

<table>
<thead>
<tr>
<th>License Type</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Motorcycle license or endorsement</td>
<td>$35</td>
</tr>
<tr>
<td>Omnibus or school bus endorsement</td>
<td>$35</td>
</tr>
<tr>
<td>Basic driver's license</td>
<td>$35</td>
</tr>
</tbody>
</table>

The director shall waive the payment of fees for issuance of omnibus endorsements whenever an applicant establishes to the director's satisfaction that said applicant will use the omnibus endorsement exclusively for operating omnibuses owned by a nonprofit organization duly incorporated under Title 15 or 16 of the Revised Statutes or Title 15A of the New Jersey Statutes.
The director shall issue licenses for the following license period on and after the first day of the calendar month immediately preceding the commencement of such period, such licenses to be effective immediately. All applications for renewals of licenses shall be made in a manner prescribed by the director and in accordance with procedures established by him.

The director in his discretion may refuse to grant a permit or license to drive motor vehicles to a person who is, in his estimation, not a proper person to be granted such a permit or license, but no defect of the applicant shall debar him from receiving a permit or license unless it can be shown by tests approved by the Director of the Division of Motor Vehicles that the defect incapacitates him from safely operating a motor vehicle.

In addition to requiring an applicant for a driver's license to submit satisfactory proof of identity and age, the director also shall require the applicant to provide, as a condition for obtaining a permit and license, satisfactory proof that the applicant's presence in the United States is authorized under federal law.

A person violating this section shall be subject to a fine not exceeding $500 or imprisonment in the county jail for not more than 60 days, but if that person has never been licensed to drive in this State or any other jurisdiction, he shall be subject to a fine of not less than $200 and, in addition, the court shall issue an order to the Director of the Division of Motor Vehicles requiring the director to refuse to issue a license to operate a motor vehicle to the person for a period of not less than 180 days. The penalties provided for by this paragraph shall not be applicable in cases where failure to have actual possession of the operator's license is due to an administrative or technical error by the Division of Motor Vehicles.

Nothing in this section shall be construed to alter or extend the expiration of any license issued prior to the date this amendatory and supplementary act becomes operative.

3. Section 1 of P.L.1979, c.261 (C.39:3-10f) is amended to read as follows:

C.39:3-10f Initial license, renewal, color picture of licensee required; exceptions.

1. In addition to the requirements for the form and content of a motor vehicle driver's license under R.S.39:3-10, on and after January 1, 2000, each initial New Jersey license and each renewal of a New Jersey driver's license shall have a color picture of the licensee except that a person born before January 1, 1939 or a handicapped person may elect to have a license issued that does not bear a color picture of the licensee. All licenses issued on and after January 1, 2000 shall be valid for a period of 120 calendar months. However, the director may, at his discretion, issue licenses and endorsements which shall expire on a date fixed by him. The fee for such licenses or
 endorsements shall be fixed in amounts proportionately less or greater than the fee otherwise established. Notwithstanding the provisions of this section to the contrary, a person 62 years of age or older or a handicapped person may elect to have a license issued for a period of five or 10 years, which election may not be altered by the director. The fee for the five-year license shall be proportionately less than the fee otherwise established.

Each initial motor vehicle license issued to a person under the age of 21 after the effective date of P.L.1999, c.28 shall be conspicuously distinct, through the use of color, from the driver's licenses issued to persons 21 years of age or older. The director, in consultation with the Superintendent of State Police, shall determine the color and the manner in which that color shall be used to achieve this result. The license shall also bear the words "UNDER 21" in a conspicuous manner. The director shall provide that upon attaining the age of 21, a licensee shall be issued a replacement driver's license.

As conditions for the renewal of a driver's license, the director shall provide that the picture of a licensee be updated except that in the case of a person born before January 1, 1939 or a handicapped person, the licensee may elect to have a license issued that does not bear a color picture of the licensee.

Whenever a person has reconstructive or cosmetic surgery which significantly alters the person's facial features, the person shall notify the division and the director may require the picture of the licensee to be updated.

Nothing in this section shall be construed to alter or change any expiration date on any New Jersey driver's license issued prior to January 1, 2000 and, unless a licensee's driving privileges are otherwise suspended or revoked, that license shall remain valid until that expiration date.

Specific use of the driver's license and any information stored or encoded, electronically or otherwise, in relation thereto shall be in accordance with P.L.1997, c.188 (C.39:2-3.3 et seq.) and the federal Driver's Privacy Protection Act of 1994, Pub. L.103-322.

To replace a photo-license issued prior to the effective date of this act for a licensee who is temporarily out of this State, the director may issue a "valid without picture" picture license for the unexpired term of the license.

As used in this section, a "handicapped person" means any individual who has been issued a handicapped person identification card pursuant to section 2 of P.L.1949, c.280 (C.39:4-205).

4. Section 3 of P.L.1979, c.261 (C.39:3-10h) is amended to read as follows:

**C.39:3-10h Process to prevent forgery, alteration.**

3. The director shall provide for the use of a process or processes in the issuance of licenses with color pictures that prevent, to the extent possible,
the alteration, delamination, duplication, counterfeiting, photographing, forging or other modification of the license and prevent the superimposition of a color picture other than the authorized original on such license. The director shall provide that material used for, and the manufacturing process of, the license shall prevent, to the greatest extent possible, any alteration, delamination, duplication, counterfeiting, photographing, forging or other modification of the license. In addition, the director may provide that the license include features to ensure the security and integrity of the license. Any information encoded in a bar code or magnetic stripe on the license shall be limited to the following: name, address, municipality of residence, state, zip code of residence, date of birth, under 21 until xx/xx/xx (date of licensee's 21st birthday), gender, color of eyes, height, driver's license number, date of issuance, expiration date, document type, class, endorsements and restrictions, organ donor status, identification of issuer, license fee, transaction number, and the licensee's digitized signature. Any information encoded in a bar code or magnetic stripe on the license shall be displayed on the driver's license, which may be done in abbreviated form.

5. Section 22 of P.L.1990, c.103 (C.39:3-10.30) is amended to read as follows:

C.39:3-10.30 Fees; duration of license.

22. Notwithstanding the provisions of R.S.39:3-14 or any other sections of law which permit or require the issuance of a driver's license without charge, the required fee for a commercial driver license examination or learner's permit shall be $35. A permit issued before April 1, 1992 shall be valid for a period of two years from the date of issuance, unless another time period is established for such permits in federal regulations promulgated by the Secretary of the United States Department of Transportation. The permit holder shall have unlimited testing opportunities consistent with the scheduling obligations of the Division of Motor Vehicles and the need to provide testing opportunities to all persons affected by this act. For an examination or learner's permit issued on or after April 1, 1992, the director may limit the permit's validity to a specific length of time or number of testing opportunities.

After the issuance of a commercial driver license, the examination or learner's permit fee for an additional endorsement or license class shall be $10 per endorsement or class.

In addition to fees for a basic driver license and any non-commercial endorsement and renewals thereof, the required fee for a 120-month licensing period shall be $35 for each commercial driver license and renewal thereof and $10 for each endorsement and renewal thereof.
The commercial driver license shall expire on the last day of the 120th calendar month following the calendar month in which the license was issued. However, the director may, at his discretion, issue licenses and endorsements which shall expire on a date fixed by him. The fee for such licenses or endorsements shall be fixed in amounts proportionately less or greater than the fee otherwise established.

Nothing in this section shall be construed to alter or change any expiration date on any New Jersey commercial driver license issued prior to January 1, 2000 and, unless a licensee's driving privileges are otherwise suspended or revoked, the license shall remain valid until its expiration date.

6. Section 1 of P.L.1978, c.181 (C.39:3-12.2) is amended to read as follows:

C.39:3-12.2 License to include designation as organ donor.

1. a. The Director of the Division of Motor Vehicles shall provide with every new license, renewal license, identification card or renewal identification card the opportunity for each person pursuant to the provisions of the "Uniform Anatomical Gift Act," P.L.1969, c.161 (C.26:6-65 et seq.), to designate that the person shall donate all or any body organs or parts for the purposes of transplantation, therapy, medical research or education upon his death.

b. The designation indicating that a person is a donor pursuant to subsection a. of this section shall be done in accordance with procedures prescribed by the director. The designation shall be displayed in print in a conspicuous form and manner on the license or identification card, and electronically, by substantially the following statement: "ORGAN DONOR" and shall constitute sufficient legal authority for the removal of a body organ or part upon the death of the licensee or identification cardholder. The designation shall be removed in accordance with procedures prescribed by the director.

c. (Deleted by amendment, P.L.1999, c.28).

d. For the purposes of this section, license shall not include any temporary license or learner's permit.

7. Section 3 of P.L.1980, c.47 (C.39:3-29.4) is amended to read as follows:

C.39:3-29.4 Identification card to bear color picture.

3. Every identification card authorized by section 2 of this act shall bear a color picture of the person to whom it is issued and shall be issued upon the standard license form prescribed by the Division of Motor Vehicles for color picture drivers' licenses, except that the card shall prominently contain the words "For Identification Only."
8. Section 4 of P.L. 1980, c. 47 (C. 39:3-29.5) is amended to read as follows:

C. 39:3-29.5 Expiration of card; renewal; cards for blind, handicapped valid for life.

4. Each original identification card authorized by section 2 of this act shall, unless canceled earlier, be valid for 120 calendar months from its date of issuance, and shall be renewable upon the request of the bearer of the card, pursuant to terms of license renewal established by the Division of Motor Vehicles, and upon payment of a fee as required by section 6 of this act. An identification card issued pursuant to this act to an applicant who is blind, disabled, or handicapped shall be valid for the life of the holder unless canceled by the holder. Cards issued prior to October 16, 1989 and valid upon the effective date of this amendatory act shall be valid for the life of the holder unless canceled by the holder. Cards issued to blind, disabled or handicapped persons between October 16, 1989 and the effective date of this amendatory act, and which are valid on the effective date of this act, shall be made valid for the life of the holder unless canceled by the holder, upon presentation of proof that the blindness, disability, or handicap existed at the time of the original application. The director is authorized to require periodic verification of information included on any identification card issued for or valid for the life of the holder. Nothing in this section shall be construed to alter or change any expiration date on any New Jersey identification card issued prior to January 1, 2000 and any such identification card shall remain valid until its expiration date.

9. Section 6 of P.L. 1980, c. 47 (C. 39:3-29.7) is amended to read as follows:

issue a duplicate or amended registration certificate or motorized bicycle registration certificate to the original holder thereof, upon the payment to the director of a fee of $5 for each duplicate or amended registration certificate or motorized bicycle registration certificate so issued. The director, upon presentation of a statement, duly sworn to, stating that the original driver's license has been destroyed, lost or stolen, or requesting a new color picture, may, if he is satisfied that the facts as set forth in the statement are substantially true, issue a duplicate driver's license to the original holder thereof, upon payment to the director of a fee of $5 if the color picture used is a stored color picture or $10 if the color picture used is a new color picture for each duplicate driver's license so issued.

11. R.S.39:3-36 is amended to read as follows:

b. Each New Jersey power vessel operator's license issued pursuant to section 3 of P.L.1995, c.401 (C.12:7-72) shall have a color picture of the licensee.

e. In addition to any other disposition authorized by this Title, the provisions of section 24 of P.L.1982, c.77 (C.2A:4A-43), or any other statute indicating the dispositions that may be ordered for an adjudication of delinquency, and, notwithstanding the provisions of subsection c. of N.J.S.2C:43-2, every person convicted of or adjudicated delinquent for a violation of any offense defined in this section shall forthwith forfeit his right to operate a motor vehicle over the highways of this State for a period to be fixed by the court at not less than six months or more than two years which shall commence on the day the sentence is imposed. In the case of any person who at the time of the imposition of the sentence is less than 17 years of age, the period of the suspension of driving privileges authorized herein, including a suspension of the privilege of operating a motorized bicycle, shall commence on the day the sentence is imposed and shall run for a period as fixed by the court of not less than six months or more than
two years after the day the person reaches the age of 17 years. If the driving
privilege of any person is under revocation, suspension, or postponement for
a violation of any provision of this Title or Title 39 of the Revised Statutes
at the time of any conviction or adjudication of delinquency for a violation
of any offense defined in this chapter or chapter 36 of this Title, the

commence as of the date of termination of the existing revocation,
suspension or postponement.

The court before whom any person is convicted of or adjudicated

forward the license or licenses to the Director of the Division of Motor
Vehicles along with a report indicating the first and last day of the suspen­

If the court is for any reason unable to collect the license or licenses of the
person, the court shall cause a report of the conviction or adjudication of
delinquency to be filed with the director. The report shall include the
complete name, address, date of birth, eye color and sex of the person and
shall indicate the first and last day of the suspension or postponement period
imposed by the court pursuant to this section. The court shall inform the
person orally and in writing that if the person is convicted of personally

conviction, be subject to the penalties set forth in R.S.39:3-40. A person
shall be required to acknowledge receipt of the written notice in writing.
Failure to receive a written notice or failure to acknowledge in writing the
receipt of a written notice shall not be a defense to a subsequent charge of
a violation of R.S.39:3-40. If the person is the holder of a driver's license
from another jurisdiction, the court shall not collect the license, but shall
notify forthwith the director who shall notify the appropriate officials in that
licensing jurisdiction. The court shall, however, in accordance with the
provisions of this section, revoke the person's non-resident driving
privileges in this State.

In addition to any other condition imposed, a court, in its discretion, may

plea of guilty or finding of guilt.

C.39:3-10f1 Construction of act concerning local law enforcement costs.

municipal law enforcement agency to acquire or use any electronic reader
or other device in order to verify the authenticity of a driver's license issued
pursuant to the provisions of this act, unless the cost of acquiring and using such devices is paid for by the State of New Jersey.

CHAPTER 29

AN ACT concerning truck dimensions and amending R.S.39:3-84.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. R.S.39:3-84 is amended to read as follows:
Vehicles: dimensional, weight limitations.

39:3-84. a. The following constitute the maximum dimensional limits for width, height and length for any vehicle or combination of vehicles, including load or contents or any part or portion thereof, found or operated on any public road, street or highway or any public or quasi-public property in this State. Violations shall be enforced pursuant to subsection i. of section 5 of P.L.1950, c.142 (C.39:3-84.3).

The dimensional limitations set forth in this subsection are exclusive of safety and energy conservation devices necessary for safe and efficient operation of a vehicle or combination of vehicles, including load or contents, except that no device excluded herein shall have by its design or use the capability to carry, transport or otherwise be utilized for cargo.

Any rules and regulations authorized to be promulgated pursuant to this subsection shall be consistent with any rules and regulations promulgated by the Secretary of Transportation of the United States of America, and shall be in accordance with the provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.). In addition to the other requirements of this subsection and notwithstanding any other provision of this Title, no vehicle or combination of vehicles, including load or contents or any part or portion thereof, except as otherwise provided by this subsection shall be operated in this State, unless by special permit authorized by subsection d. of this section with a dimension, the allowance of which would disqualify the State of New Jersey or any department, agency or governmental subdivision thereof for the purpose of receiving federal highway funds.

As used herein and pursuant to R.S.39:1-1, the term "vehicle" includes, but is not limited to, commercial motor vehicles, trucks, tractor tractors, tractors, road tractors, recreation vehicles, or omnibuses. As used herein and pursuant to R.S.39:1-1, the term "combination of vehicles" includes, but is not limited to, vehicles as heretofore designated. When those vehicles are the drawing or power unit of a combination of vehicles and motor-drawn vehicles, such as, but not limited to, trailers, semi-trailers, or other vehicles. As used herein, the term "recycling vehicle" means a commercial motor vehicle used for the collection or transportation of recyclable material; or any truck, trailer or other vehicle approved by the New Jersey Office of Recycling for use by persons engaging in the business of recycling or otherwise providing recycling services in this State; and "recyclable material" means those materials which would otherwise become solid waste, and which may be collected, separated or processed and returned to the economic mainstream in the form of raw materials or products.

1) The maximum outside width of any vehicle or combination of vehicles, including load or contents of any part or portion thereof, except as
otherwise provided by this subsection, shall be no more than 102 inches; except that the Commissioner of Transportation, after consultation with the Director of the Division of Motor Vehicles and the Superintendent of State Police, may promulgate rules and regulations for those public roads, streets or highways or public or quasi-public property in this State, where it is determined that the interests of public safety and welfare require the maximum outside width be no more than 96 inches.

(2) The maximum height of any vehicle or combination of vehicles, including load or contents of any part or portion thereof, except as otherwise provided by this subsection, shall not exceed 13 feet, 6 inches.

(3) The maximum overall length of any vehicle, as set forth in this subsection, including load or contents or any part or portion thereof, except as otherwise provided by this subsection, shall not exceed 40 feet, except that the overall length of a vehicle, including load or contents or any part or portion thereof, otherwise subject to the provisions of this paragraph shall not exceed 50 feet when transporting poles, pilings, structural units or other articles which cannot be dismembered, dismantled or divided. When a vehicle, subject to this paragraph, is the drawing or power unit of a combination of vehicles, as set forth in this subsection, the overall length of the combination of vehicles, including load or contents or any part or portion thereof, shall not exceed 62 feet. The provisions of this paragraph shall not apply to omnibuses or to vehicles which are not designed, built or otherwise capable of carrying cargo or loads.

(4) The maximum overall length of a motor-drawn vehicle, as set forth in this subsection, including load or contents or any part or portion thereof, except as otherwise provided by this subsection, shall not exceed 53 feet when operated as part of a combination of vehicles consisting of one motor-drawn vehicle and a drawing or power unit vehicle not designed, built or otherwise capable of carrying cargo or loads, except that a motor-drawn vehicle, the overall length of which is greater than 48 feet and not more than 53 feet, shall be constructed so that the distance between the kingpin of the motor-drawn vehicle and the centerline of its rear axle or rear axle group does not exceed 41 feet; the motor-drawn vehicle shall be equipped with a rear-end protection device of substantial construction consisting of a continuous lateral beam extending to within four inches of the lateral extremities of the motor-drawn vehicle and located not more than 22 inches from the surface as measured with the vehicle empty and on a level surface; the kingpin of the trailer shall not be set back further than 3.5 feet from the front of the semitrailer; the rear overhang, measured from the center of the rear tandem axles to the rear of the semitrailer shall not exceed 35% of the semitrailer's wheelbase; the width of the semitrailer and the distance between the outside edges of the trailer tires shall be 102 inches;
and the vehicle shall be equipped with such reflectorization, including but not limited to side-marker reflectorization strips located between the rear axle and the rear of the motor-drawn vehicle, as shall be prescribed by the Division of Motor Vehicles, and as is consistent with any applicable federal standards concerning reflectorization. The overall length of a motor-drawn vehicle otherwise subject to the provisions of this paragraph shall not exceed 63 feet when transporting poles, pilings, structural units or other articles that cannot be dismembered, dismantled or divided. The provisions of this paragraph shall not apply to any vehicle or combination of vehicles designed, built and utilized solely to transport other motor vehicles. The Commissioner of Transportation, after consultation with the Director of the Division of Motor Vehicles and the Superintendent of State Police, shall promulgate rules and regulations specifying those portions or parts of the National System of Interstate and Defense Highways, Federal-aid Primary System Highways and public roads, streets, highways, toll roads, freeways or parkways in this State where the combination of vehicles as described in this paragraph may lawfully operate. The commissioner shall promulgate rules and regulations within 120 days after the effective date of this amendatory act to identify a network of roads with reasonable access for motor-drawn vehicles greater than 48 feet in length but not more than 53 feet in length. The commissioner shall, in establishing this network, consider all portions of the network for 48 foot long and 102 inch wide motor-drawn vehicles and specify those routes or portions thereof where motor-drawn vehicles greater than 48 feet in length but not more than 53 feet in length shall be excluded from lawful operation for reasons of safety.

(5) No combination of vehicles, including load or contents, consisting of more than two motor-drawn vehicles, as set forth in this subsection, and any other vehicle, shall be found or operated on any public road, street or highway or any public or quasi-public property in this State.

(6) The maximum overall length of a motor-drawn vehicle, as set forth in this section, including load or contents or any part or portion thereof, except as otherwise provided by this subsection, when operated as part of a combination of vehicles consisting of two motor-drawn vehicles and a drawing or power unit vehicle which is not designed, built or otherwise capable of carrying cargo or loads, shall not exceed 28 feet for each motor-drawn vehicle in the combination of vehicles. The provision of this paragraph shall not apply to any vehicle or combination of vehicles designed, built and utilized solely to transport other motor vehicles. The Commissioner of Transportation, after consultation with the Director of the Division of Motor Vehicles and the Superintendent of State Police, shall promulgate rules and regulations specifying those portions or parts of the National System of Interstate and Defense Highways, Federal-aid Primary
System Highways and public roads, streets, highways, toll roads, freeways or parkways in this State where combinations of vehicles as described in this paragraph may lawfully operate.

(7) The maximum length and outside width of an omnibus found or operated in this State shall be established by rules and regulations promulgated by the Commissioner of Transportation, after consultation with the Director of the Division of Motor Vehicles and the Superintendent of State Police. Unless otherwise specified in the aforesaid rules and regulations, the maximum outside width shall be 102 inches; any other dimension established for width in the aforesaid rules and regulations shall be based upon a determination that operation of an omnibus with a width of less than 102 inches is required in the interest of public safety on those public roads, streets, highways, toll roads, freeways, parkways or the National System of Interstate and Defense Highways in this State specified in the aforesaid rules and regulations, or that operation of an omnibus with a width greater than 102 inches is not unsafe on those public roads, streets, highways, toll roads, freeways, parkways or the National System of Interstate and Defense Highways in this State specified in the aforesaid rules and regulations.

(8) The maximum width and length of farm tractors and traction equipment and farm machinery and implements shall be established by rules and regulations promulgated by the Director of the Division of Motor Vehicles. The operation of the aforesaid vehicles shall be subject to the provisions of R.S.39:3-24 and they shall not be operated on any highway which is part of the National System of Interstate and Defense Highways or on any highway which has been designated a freeway or parkway as provided by law.

(9) The maximum outside width of the cargo or load of a vehicle or combination of vehicles, including farm trucks, loaded with hay or straw shall not exceed 105 1/2 inches, but the maximum outside width of the vehicle or combination of vehicles, including farm trucks, shall otherwise comply with the provisions of paragraph (1) of this subsection. The Commissioner of Transportation, after consultation with the Director of the Division of Motor Vehicles and the Superintendent of State Police, may promulgate rules and regulations establishing a maximum outside width of 102 inches for the aforesaid cargo or load when operating on those highways where a greater width is prohibited by operation of law.

(10) Notwithstanding the provisions of paragraphs (4) and (6) of this subsection pertaining to length, the Director of the Division of Motor Vehicles may adopt rules and regulations specifying maximum length dimensions for any vehicle or combination of vehicles designed, built and utilized solely to transport other motor vehicles.
(11) The provisions of this subsection pertaining to length shall not apply to a vehicle or combination of vehicles or special mobile equipment operated by a public utility, as defined in R.S.48:2-13, when that vehicle or combination of vehicles or special mobile equipment is used by the public utility in the construction, reconstruction, repair or maintenance of its property or facilities.

(12) The provisions of this subsection pertaining to width shall not apply to a recycling vehicle when that vehicle is used for the collection of recyclable material on a street or highway other than a highway which is designated part of the National System of Interstate and Defense Highways in this State or as a freeway or parkway as provided by law. The maximum outside width of any recycling vehicle so used, including load or contents of any part or portion thereof, shall be no more than 96 inches, except that the width may be up to 105 inches whenever that vehicle is operating at 15 miles per hour or less, and access steps are deployed and recyclable materials are actually being collected.

b. No vehicle or combination of vehicles, including load or contents, found or operated on any public road, street or highway or any public or quasi-public property in this State shall exceed the weight limitations set forth in this Title. Violations shall be enforced pursuant to subsection j. of section 5 of P.L.1950, c.142 (C.39:3-84.3).

Where enforcement of a weight limit provision of this Title requires a measurement of length between axle centers, the distance between axle centers shall be measured to the nearest whole foot or whole inch, whichever is applicable, and when the measurement includes a fractional part of a foot equaling six inches or more or a fractional part of an inch equaling one-half inch or more, the next larger whole foot or whole inch, whichever is applicable, shall be utilized. The term "tandem axle" as used in this act is defined as a combination of consecutive axles, consisting of only two axles, where the distance between axle centers is 40 inches or more but no more than 96 inches.

In addition to the other requirements of this section and notwithstanding any other provision of this Title, no vehicle or combination of vehicles, including load or contents, shall be operated in this State, unless by special permit authorized by this Title, with a gross weight, single or multiple axle weight, or gross weight of two or more consecutive axles, the allowance of which would disqualify the State of New Jersey or any department, agency or governmental subdivision thereof for the purpose of receiving federal highway funds.

(1) The gross weight imposed on the highway or other surface by the wheels of any one axle of a vehicle or combination of vehicles, including load or contents, shall not exceed 22,400 pounds.
For the purpose of this Title the combined gross weight imposed on the
highway or other surface by all the wheels of any one axle of a vehicle or
combination of vehicles, including load or contents, shall be deemed to
mean the total gross weight of all wheels whose axle centers are spaced less
than 40 inches apart.

(2) The gross weight imposed on the highway or other surface by all the
wheels of all consecutive axles of a vehicle or combination of vehicles,
including load or contents, shall not exceed 34,000 pounds where the
distance between consecutive axle centers is 40 inches or more, but no more
than 96 inches apart.

(3) The combined gross weight imposed on the highway or other surface
by all the wheels of consecutive axles of a vehicle or combination of vehicles,
including load or contents, shall not exceed 22,400 pounds for each single
axle where the distance between consecutive axle centers is more than 96
inches; except that on any highway in this State which is part of, or designated
as part of, the National Interstate System, as provided at 23 U.S.C.s.103(e),
this single axle limitation shall not apply and in those instances the provisions
of this Title as set forth at R.S.39:3-84b.(5) shall apply.

(4) The maximum total gross weight imposed on the highway or other
surface by a vehicle or combination of vehicles, including load or contents,
shall not exceed 80,000 pounds.

(5) On any highway in this State which is part of, or designated as part
of, the National Interstate System, as provided at 23 U.S.C.s.103(e), the total
gross weight, in pounds, imposed on the highway or other surface by any
group of two or more consecutive axles of a vehicle or combination of
vehicles, including load or contents, shall not exceed that listed in the
following Table of Maximum Gross Weights, for the respective distance,
in feet, between the axle centers of the first and last axles of the group of
two or more consecutive axles under consideration; except that in addition
to the weights specified in that Table, two consecutive sets of tandem axles
may carry a gross weight of 34,000 pounds each if the overall distance
between the first and last axles of the consecutive sets of tandem axles is 36
feet or more. The gross weight of each set of tandem axles shall not exceed
34,000 pounds and the combined gross weight of the two consecutive sets
of tandem axles shall not exceed 68,000 pounds.

In all cases the combined gross weight for a vehicle or combination of
vehicles, including load or contents, or the maximum gross weight for any
axle or combination of axles of the vehicle or combination of vehicles,
including load or contents, shall not exceed that which is permitted pursuant
to this paragraph or R.S.39:3-84b.(2); R.S.39:3-84b.(3); or R.S.39:3-84b.(4)
of this act, whichever is the lesser allowable gross weight.

c. The dimensional and weight restrictions set forth herein shall not apply to a combination of vehicles which includes a disabled vehicle or a combination of vehicles being removed from a highway in this State, provided that such oversize or overweight vehicle combination may not travel on the public highways more than five miles from the point where such disablement occurred. If the disablement occurred on a limited access highway, the distance to the nearest exit of such highway shall be added to the five-mile limitation.

d. The Director of the Division of Motor Vehicles may promulgate rules and regulations, including the establishment of fees, for the issuance, at his discretion and if good cause appears, of a special written permit authorizing the applicant:

(1) To operate or move a vehicle or combination of vehicles or special mobile equipment, transporting one piece loads that cannot be dismembered, dismantled or divided in order to comply with the weight limitations set forth in this act. The special written permit issued by the director shall be in the possession of the driver or operator of the vehicle or combination of vehicles or special mobile equipment for which said permit was issued; and

(2) To operate or move a vehicle or combination of vehicles or specialized mobile equipment, transporting a load or cargo that cannot be dismembered, dismantled or divided in order to comply with the dimensional limitations set forth in this act. The special written permit shall be in
the possession of the driver or operator of the vehicle or combination of vehicles or special mobile equipment for which the permit was issued; and

(3) Under emergency conditions, to operate or move a type of vehicle or combination of vehicles or special mobile equipment of a size or weight, including load or contents, which exceeds the maximum size or weight limitations specified in this act.

2. This act shall take effect immediately.

Approved February 26, 1999.

CHAPTER 30

AN ACT concerning the lease of park lands and concessions by county park commissions and amending P.L.1946, c.276.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 13 of P.L.1946, c.276 (C.40:37-95.13) is amended to read as follows:

13. The commission may:
   a. Acquire, maintain and make available to the inhabitants of the county, public parks, playgrounds and recreation places;
   b. Locate such public parks, playgrounds and recreation places at such point or points within the limits of the county as it may determine;
   c. membership of the board.

the members of the board.

(6) The board shall meet regularly as it may determine, and shall also
meet at the call of the chairperson of the board or the Governor. Meetings

d. Maintain an office or offices at such place or places within the State as it may designate;
e. Appoint such officers, who need not be trustees, in addition to a secretary and a treasurer, as the trust shall deem advisable, to establish advisory groups, and to employ such other employees, consultants, and agents, including an executive director, as may be necessary or desirable in its judgment, to fix their compensation, and to promote and discharge such officers, employees, consultants, and agents, all without regard to the provisions of Title 11A, Civil Service, of the New Jersey Statutes;
f. of the Board of Public Utilities, and tariffs and schedules of the charges made, charged, or exacted by the public utility for such products to be supplied or services to be rendered are filed with the Board of Public Utilities. The provisions of this subsection shall not prevent the trust from having any work done by its own employees, nor does it apply to repairs, or to the furnishing of materials, supplies or labor, or the hiring of equipment or vehicles, when the safety or protection of its or other public property or the public convenience requires, or the exigency of the circumstances will not admit of such advertisement. In such case the trust shall, by resolution passed by the affirmative vote of a majority of the trustees in attendance, declare the exigency or emergency to exist, and set forth in the resolution the nature thereof and the approximate amount to be expended:

l. Apply for and accept any grant or aid, whether from a governmental entity, a nonprofit organization, a foundation or trust, or any other public or private source, that might be or may become available for programs in furtherance of the purposes of the trust, to subscribe to and comply with any rule or regulation with respect to the application of such grant or aid, and to enter into and perform any contract or agreement with respect to the application of such grant or aid;

n. Solicit and accept rents or royalties, if appropriate, and to apply them to furthering the purposes of the trust;

o. Apply all moneys, assets, property, or other things of value it may receive as an incident to its operation to furthering the purposes of the trust;

p. Plan and implement strategies to maximize land acquisition and preservation and environmental enhancement in the Hackensack meadowlands and the Hackensack river watershed in keeping with the purposes of the trust;

q. Acquire and hold, or acquire and convey to other governmental entities, including but not limited to the New Jersey Natural Lands Trust created pursuant to P.L.1968, c.425 (C.13:1B-15.119 et seq.), or to qualified nonprofit organizations, environmentally important, valuable, or sensitive lands located in the Hackensack meadowlands or within the Hackensack river watershed; and to preserve and manage those lands in their natural state or in a largely natural or undeveloped state for the purposes of conserving and enhancing natural resources, including but not limited to wetlands mitigation sites and banks, and protecting elements of natural
diversity, providing open space, or providing public outdoor passive recreational opportunities;

r. Establish a special working relationship with the Hackensack Meadowlands Development Commission established pursuant to section 5 of P.L.1968, c.404 (C.13:17-5) and the Hackensack Meadowlands Municipal Committee established pursuant to section 7 of P.L.1968, c.404 (C.13:17-7) in furthering the purposes of the trust;

s. Establish incentive programs to encourage landowners within the Hackensack meadowlands or the Hackensack river watershed to (1) convey land to the trust or to other public or private entities seeking to preserve land in keeping with the purposes of the trust, or (2) manage their lands in keeping with the purposes of the trust;

t. Establish a volunteer stewardship program, and take all reasonable action necessary for management and maintenance of trust property;

u. Procure insurance against any losses in connection with its property, operations, or assets, in such amounts and from such insurers as it deems desirable;

v. Exercise its powers and perform its duties as required pursuant to sections 9 through 14 of P.L.1999, c.31 (C.39:3-27.100 through C.39:3-27.105) pertaining to the issuance of Meadowlands conservation license plates; and

w. Do all acts and things necessary or convenient to exercising its powers and performing its duties under this act in furthering the purposes of the trust.

6. a. The State Treasurer shall deposit into the trust fund all moneys: (1) received as a grant or other form of aid by the trust or by the State and designated for the trust; (2) given, donated, bequeathed, or endowed to the trust from public or private sources; (3) received as rent or as a royalty by the trust or by the State on behalf of the trust; (4) received as net revenues from the Division of Motor Vehicles in the Department of Transportation in connection with the issuance of Meadowlands conservation license plates as provided pursuant to sections 9 through 14 of P.L.1999, c.31 (C.39:3-27.100 through C.39:3-27.105); and (5) appropriated or otherwise made available to the trust by the State. The moneys in the trust fund are specifically dedicated and shall be utilized only for the purposes of the trust as set forth in this act. Such grants, contributions, donations, and reimbursements from federal aid programs as may be lawfully used for the purposes of the trust as set forth in this act shall also be held in the trust fund. Moneys in the trust fund shall not be expended except in accordance with appropriations from the trust fund made by law. Any act appropriating moneys from the trust fund to acquire land shall identify the particular project or projects to be funded by the moneys, and any expenditure for a land
acquisition project for which the location is not identified by municipality and county in the appropriation shall require the approval of the Joint Budget Oversight Committee or its successor. Pending their application to the purposes set forth in this act, the moneys in the trust fund shall be invested and reinvested as are trust funds in the custody of the State Treasurer, in the manner provided by law. Net earnings received from the investment or deposit of moneys in the trust fund shall be redeposited therein and become part of the trust fund to be used only for the purposes of the trust.

b. (1) No moneys in the Meadowlands Conservation Trust Fund shall be utilized for the development of any land for any purpose or for the acquisition of land that will not remain in a natural or largely natural or undeveloped state, except that up to 5% of the moneys annually received and deposited into the trust fund may be utilized to pay for development of sites to allow for public access and environmental education and interpretation and for the development of trails, and up to 2% of the moneys annually received and deposited into the trust fund may be utilized to pay for promotional and program awareness efforts.

(2) No moneys in the trust fund shall be utilized to pay or discharge the principal of or interest on any indebtedness incurred for any purpose by the trust or any other governmental entity.

c. Notwithstanding any law, rule, or regulation to the contrary, any proceeds returned to the trust or the State from the conveyance of lands acquired by the trust with moneys from the "Meadowlands Conservation Trust Fund" or from other sources shall be redeposited therein and become part of the trust fund to be used only for the purposes of the trust.

C.39:3-27.100 Issuance of Meadowlands conservation license plates.
9. The Director of the Division of Motor Vehicles in the Department of Transportation shall, upon proper application therefor, issue Meadowlands conservation license plates for any motor vehicle owned or leased and registered in the State. In addition to the registration number and other markings or identification otherwise prescribed by law, a Meadowlands
conservation license plate shall display words or a slogan and an emblem indicating support for, or an interest in, conservation of the Hackensack meadowlands and the Hackensack river watershed. The words or slogan and emblem shall be chosen by the director; however, the director shall solicit, in conjunction with the Legislature, input on the design of the plate from the general public and from the board of trustees of the Meadowlands Conservation Trust created pursuant to section 4 of P.L.1999, c.31 (C.13:17-90), and shall review the submissions prior to choosing the design. Issuance of Meadowlands conservation license plates in accordance with this section shall be subject to the provisions of chapter 3 of Title 39 of the Revised Statutes, except as hereinafter otherwise specifically provided.

b. The annual fee for the registration certificate of a motor vehicle that has been issued a Meadowlands conservation license plate pursuant to the provisions of sections 9 through 14 of P.L.1999, c.31 (C.39:3-27.100 through C.39:3-27.105) shall include in each year subsequent to the year of issuance a fee in the amount of $10, which fee shall be in addition to all fees otherwise required by law for the renewal of the registration of the motor vehicle and shall be collected by the Division of Motor Vehicles and remitted to the Meadowlands Conservation Trust created pursuant to section 3 of P.L.1999, c.31 (C.13:17-89) for deposit in the Meadowlands Conservation Trust Fund created pursuant to section 6 of P.L.1999, c.31 (C.13:17-92).

C.39:3-27.102 Fees deposited into Meadowlands Conservation Trust Fund.

11. There shall be deposited in the Meadowlands Conservation Trust Fund created pursuant to section 6 of P.L.1999, c.31 (C.13:17-92) the amount collected from all license plate fees collected pursuant to section 10 of P.L.1999, c.31 (C.39:3-27.101), less the amounts necessary to reimburse the Division of Motor Vehicles for all costs authorized pursuant to section 12 of P.L.1999, c.31 (C.39:3-27.103).

C.39:3-27.103 Reimbursement to Division of Motor Vehicles.

12. a. Prior to the deposit of license plate fees collected pursuant to section 10 of P.L.1999, c.31 (C.39:3-27.101) into the Meadowlands Conservation Trust Fund created pursuant to section 6 of P.L.1999, c.31 (C.13:17-92), amounts thereof as are necessary shall be used to reimburse
CHAPTER 31, LAWS OF 1999

the Division of Motor Vehicles for all costs reasonably and actually incurred, as stipulated by the director, for:

(1) producing, issuing, renewing, and publicizing the availability of Meadowlands conservation license plates; and

(2) any initial computer programming changes that may be necessary to implement the Meadowlands conservation license plate program established pursuant to sections 9 through 14 of P.L.1999, c.31 (C.39:3-27.100 through C.39:3-27.105).

b. The Director of the Division of Motor Vehicles shall annually certify to the board of trustees of the Meadowlands Conservation Trust created pursuant to section 4 of P.L.1999, c.31 (C.13:17-90) the average cost per license plate incurred in the immediately preceding year by the Division of Motor Vehicles in producing, issuing, renewing, and publicizing the availability of Meadowlands conservation license plates. The annual certification of the average cost per license plate shall be approved by the Joint Budget Oversight Committee or its successor.

c. In the event that the average cost per license plate as certified by the director and approved by the Joint Budget Oversight Committee, or its successor, is greater than the $50 application fee established in subsection a. of section 10 of P.L.1999, c.31 (C.39:3-27.101) in two consecutive fiscal years, the director may discontinue the issuance of Meadowlands conservation license plates.

The notices, posters, and signs shall be designed by the board of trustees of the Meadowlands Conservation Trust created pursuant to section 4 of P.L.1999, c.31 (C.13:17-90). The designs shall be subject to the approval of the director, and the board of trustees of the Meadowlands Conservation Trust shall supply the Division of Motor Vehicles with the notices, posters, and signs to be circulated or posted by that division.

If, at the time of acquisition by the trust, the prior owner has paid the taxes or any in lieu of tax obligation for the current tax year in full or for a period beyond the date of acquisition by the trust, the prior owner shall be entitled to a prorated refund from the taxing authority of the taxes or in lieu of tax obligations paid by the prior owner for the remaining portion of the tax year beyond the date of acquisition by the trust. CHAPTER 32

AN ACT concerning agricultural commodities and supplementing Title 4 of the Revised Statutes.

C.52:32-1.6 Review, modification of bid, product specifications relative to purchase of N.J. agricultural commodities.

1. The Director of the Division of Purchase and Property in the Department of the Treasury shall, upon consultation with the Department of Agriculture, review and modify all bid and product specifications
relating to the purchase of agricultural commodities, so that the specifications do not discriminate against, but encourage the maximum purchase of New Jersey agricultural commodities. In purchasing any agricultural commodities for use by the various agencies and departments of the State government or for any county, municipality or school district pursuant to P.L.1969, c.104 (C.52:25-16.1 et al.), the Director of the Division of Purchase and Property, to the maximum extent possible, shall make contracts available for New Jersey agricultural commodities. The Department of Agriculture shall provide information regarding the location and time of year New Jersey agricultural commodities are available to the Division of Purchase and Property.

2. This act shall take effect immediately.

Approved March 2, 1999.

CHAPTER 33

AN ACT concerning railroads and amending R.S.48:12-57.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. R.S.48:12-57 is amended to read as follows:

Safety measure for locomotives; penalties; "supplementary safety measure" defined.

48:12-57. Every railroad company shall place on each engine a bell weighing not less than 30 pounds which shall be rung continuously in approaching a grade crossing of a highway, beginning at a distance of at least 300 yards from the crossing and continuing until the engine has crossed such highway, or a whistle or horn operated by steam, air or electricity, which shall be sounded, except in cities, at least 300 yards from the crossing and at intervals until the engine has crossed the highway.

For every default the company operating such road shall pay a penalty of $100.00 to be sued for by any informer within 10 days after such penalty was incurred, 1/2 to go to the informer and 1/2 to the county wherein such default occurred. Nothing herein shall take away any remedy for such neglect from any person injured thereby.

Upon application from the governing body of a county or municipality in which a grade crossing is located, the Commissioner of Transportation may, in his discretion, exempt railroad companies from observing the provisions of this section with respect to grade crossings in that county or municipality employing supplementary safety measures which have been
approved by the Federal Railroad Administration or the Secretary of Transportation of the United States pursuant to 49 U.S.C.s. 20153 as fully compensating for the absence of the warning provided by the locomotive horn and which have received a waiver or exemption under 49 U.S.C. s.20153(d).

As used in this act, "supplementary safety measure" means a safety system or procedure, provided by the appropriate traffic control authority or law enforcement authority responsible for safety at the highway-rail grade crossing, that is determined by the Secretary of Transportation of the United States to be an effective substitute for the locomotive horn in the prevention of highway-rail casualties. A traffic control arrangement that prevents careless movement over the crossing, for example, as where adequate median barriers prevent movement around crossing gates extending over the full width of the lanes in the particular direction of travel, and that conforms to standards prescribed by the Secretary, shall be deemed to constitute a supplementary safety measure. However, the following do not, individually, or in combination, constitute supplementary safety measures: standard traffic control devices or arrangements such as reflectorized crossbucks, stop signs, flashing lights, flashing lights with gates that do not completely block travel over the line of railroad, or traffic signals.

2. This act shall take effect immediately.

Approved March 5, 1999.

CHAPTER 34

AN ACT concerning certain emergency medical services and supplementing Title 2A of the New Jersey Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.2A:62A-23 Legislative findings relative to acquisition, deployment, use of automated external defibrillators.

1. The Legislature finds that more than 350,000 Americans die annually from out-of-hospital sudden cardiac arrest. Many die needlessly because life saving defibrillators are not immediately available. The American Heart Association estimates that almost 100,000 deaths could be prevented each year if defibrillators were more widely available to designated responders.
Many communities in this State have invested in 911 emergency telephone equipment, ambulances and the training of emergency personnel. Not all emergency personnel, however, have been trained in or have immediate access to defibrillators. It is the intent of the Legislature to encourage greater acquisition, deployment and use of automated external defibrillators by trained personnel throughout this State.

2. As used in this act:
   "Automated external defibrillator" or "defibrillator" means a medical device heart monitor and defibrillator that:
   a. Has received approval of its pre-market notification filed pursuant to 21 U.S.C. s.360(k) from the United States Food and Drug Administration;
   b. Is capable of recognizing the presence or absence of ventricular fibrillation or rapid ventricular tachycardia, and is capable of determining, without intervention by an operator, whether defibrillation should be performed; and
   c. Upon determining that defibrillation should be performed, automatically charges and requests delivery of an electrical impulse to an individual's heart.

3. A person or entity that acquires an automated external defibrillator shall:
   a. Ensure that any person, prior to using that defibrillator, has successfully completed and holds a current certification from the American Red Cross, American Heart Association or other training program recognized by the Department of Health and Senior Services in cardiopulmonary resuscitation and use of a defibrillator;
   b. Ensure that the defibrillator is maintained and tested according to the manufacturer's operational guidelines;
   c. Notify the appropriate first aid, ambulance or rescue squad or other appropriate emergency medical services provider that the person or entity has acquired the defibrillator, the type acquired and its location; and
   d. Prior to purchasing the automated external defibrillator, provide the prescribing licensed physician with documentation that the person or entity purchasing the defibrillator has a protocol in place to comply with the requirements of subsections a., b. and c. of this section.

C.2A:62A-26 Requirements for user of defibrillator.

4. a. A person shall not use a defibrillator unless he has successfully completed and holds a current certification from the American Red Cross, American Heart Association or other training program recognized by the
Department of Health and Senior Services in cardio-pulmonary resuscitation and
use of a defibrillator; provided however, this section shall not be applicable to a
person who is licensed as a paramedic, emergency medical technician-D, or a first
responder-D by the Department of Health and Senior Services.

b. Any person who uses a defibrillator shall request emergency
medical assistance from the appropriate first aid, ambulance or rescue squad
as soon as practicable.

C.2A:62A-27 Immunity from civil liability for user of defibrillator; exceptions.

5. a. Any person or entity who, in good faith, acquires or provides a
defibrillator, renders emergency care or treatment by the use of a defibrilla-
tor or supervises such care or treatment and, who has complied with the

personal injury as a result of such care or treatment, or as a result of any acts

the emergency care or treatment.

b. The immunity provided in subsection a. of this section shall include
the prescribing licensed physician and the person or entity who provided the
training in cardio-pulmonary resuscitation and use of the defibrillator.

c. This subsection shall not immunize a person for any act of gross
negligence or willful or wanton misconduct. It shall not be considered gross
negligence or willful or wanton misconduct to fail to use a defibrillator in
the absence of an otherwise preexisting duty to do so.

6. This act shall take effect immediately.

Approved March 8, 1999.

CHAPTER 38

AN ACT concerning export financing and amending P.L.1995, c.209.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of P.L.1995, c.209 (C.34:1B-94) is amended to read as follows:

C.34:1B-94 Findings, declarations relative to export financing.

2. The Legislature finds and declares that:
   a. Currently, despite the existence of banks with active international export departments, small and medium-sized businesses in New Jersey find it difficult to obtain pre-export financing and other export finance services needed to defray the costs of potentially profitable orders.
   b. Although there is currently a State-sponsored export working capital program for small and medium-sized businesses and an export loan guarantee program offered in conjunction with participating banks, relatively few transactions have been approved under these programs.

2. This act shall take effect immediately.

Approved March 9, 1999.
c. The public interest calls for encouraging the growth of exports and small and medium-sized businesses as well as providing stimulation to the economy and to employment by the creation of an export financing company supported by both public and private funds.

d. The public funding of an export financing company shall be accomplished by the purchase of stock or an interest in the company, as the case may be, by the New Jersey Economic Development Authority and other public entities involved in international export markets, such purchases to be specifically limited as to the percentage of participation.

e. The capitalization of the export financing company would be so structured that the New Jersey Economic Development Authority and other public entities would incur minimal risk on their investment, with private investors assuming most of the risk and earning more of the profits should the new venture prove successful.

2. Section 3 of P.L.1995, c.209 (C.34:1B-95) is amended to read as follows:

C.34:1B-95 Definitions.

3. As used in this act:

"Authority" means the New Jersey Economic Development Authority, established pursuant to section 4 of P.L.1974, c.80 (C.34:1B-4).

"Commissioner" means the Commissioner of Commerce and Economic Development.

"Department" means the Department of Commerce and Economic Development.

"Export financing company" means a private corporation or limited liability company incorporated or organized for the purpose of financing the export activities of small or medium-sized businesses.

"Small or medium-sized business" means a business enterprise, which has its principal place of business in this State, is independently owned and operated as a sole proprietorship, partnership, corporation, or limited liability company with a level of gross income from operations defined by the authority as a small or medium-sized business.

3. Section 4 of P.L.1995, c.209 (C.34:1B-96) is amended to read as follows:
CHAPTER 38, LAWS OF 1999

C.34:1B-96 Investment of moneys in export financing company.

4. The authority is authorized, notwithstanding any law to the contrary, to invest such moneys from the "Economic Recovery Fund," established pursuant to section 3 of P.L.1992, c.16 (C.34:1B-7.12), or from other export or business assistance programs administered by the authority, as may be available and which the authority deems appropriate for the purposes of this act, in an export financing company, hereinafter "the company," to be incorporated or organized pursuant to the provisions of this act, which, together with those investments which may be made in the stock or interest of the company by other public entities involved in international export markets that may include, but not necessarily be limited to, the Delaware River Port Authority and the Port Authority of New York and New Jersey, shall be at a minimum amount to be determined by the Export Finance Company Advisory Council established pursuant to section 7 of this act. The moneys shall be used for the purchase of stock or an interest in the company, provided that the class of stock or interest purchased by the authority and other public entities shall be of such type and character as to require the company to repay the investment of funds from the authority and other public entities prior to the repayment of funds from private sources, but in no event shall the amount of such stock or interest purchased by the authority and other public entities exceed 49% of the total outstanding stock or total shared interest of the company. The authority is authorized in its discretion to sell or otherwise dispose of the stock or interest purchased by the authority as shall be in the interest of the authority but the authority shall sell or otherwise dispose of the stock or interest no later than three years after the date of purchase.

Nothing in this act shall be construed to preclude the company from being organized as a limited liability company or to preclude the authority and other public entities involved in international export markets from purchasing an interest in such a limited liability company provided that the interest purchased by the authority and other public entities shall not exceed 49 percent of the total shared interest of the company, and provided that the operating agreement of the company grants the authority and any other public entity the right to resign and receive a distribution, representing the fair value of the authority's or public entity's interest in the company, prior to the resignation of and distribution to any private members.

4. Section 5 of P.L.1995, c.209 (C.34:1B-97) is amended to read as follows:

C.34:1B-97 Qualification as export financing company.

5. In order to qualify as an export financing company eligible to be the subject of an investment by the authority and by the other public entities involved in international export markets, a company shall:
a. Have a board of directors or board of trustees appropriate to the form of incorporation or organization of the company consisting of: (1) the commissioner and the chairman of the authority, who shall be members ex officio; and (2) representatives of export trading companies, banking and other financial institutions, and other representatives of the private sector, who shall be selected by private stockholders or members, and who shall constitute the majority of the membership of the board.

b. Retain the services of an independent commercial auditor:
(1) to determine the extent to which funds made available to the company for its purposes have been expended in a manner that is consistent with the purposes of this act and the charter or operating agreement of the company; and
(2) to prepare and submit to the Legislature, the State Treasurer, the authority and the other public entities participating in the purchase of stock or an interest in the company, an independent certified statement annually containing the findings and determinations of such auditor.

c. In connection with the investment of authority moneys in the company pursuant to this act, solicit other forms of support, such as grants from the federal government or from other public and private sources, and make available its stock or a shared interest for purchase by private entities.

5. Section 7 of P.L.1995, c.209 (C.34:1B-99) is amended to read as follows:

C.34:1B-99 Export Finance Company Advisory Council.

7. a. There is established an Export Finance Company Advisory Council in, but not of, the Department of Commerce and Economic Development. The council shall be made up of eleven members: one shall be the Commissioner of Commerce and Economic Development, or the commissioner's designee; one shall be the Chairman of the New Jersey Economic Development Authority, or the chairman's designee; three public members shall be appointed by the Governor; three public members shall be appointed by the President of the Senate; and three public members shall be appointed by the Speaker of the General Assembly, one of whom shall be designated by the Speaker as chair of the council. The appointment of the members shall take place within 60 days of the effective date of this act. The appointee of the Speaker of the General Assembly designated as chair of the council shall convene the council as soon as is practicable following the appointment of at least six public members to the council.

b. The members of the council shall serve without compensation.

c. The council is authorized, empowered and directed to:
(1) Develop a form of organization and a plan of operation for the export financing company consistent with the purposes of this act. In so doing the council shall consider, but not be limited to, the form of organization, plan of operation and experiences of local and regional business partnerships organized jointly by the public and private sectors in the State for business development purposes.

(2) Seek out and gain commitments from persons, natural and otherwise, to be initial investors in, incorporators of or founding members of the export financing company.

(3) Cooperate and coordinate its efforts at gaining public and private sources of equity capital for the establishment of the company with the Department of Commerce and Economic Development.

(4) Investigate the feasibility of gaining additional public sources of equity capital for the establishment of the company from sources which may include, but need not be limited to, other departments and agencies of this State and in other states which are engaged in economic development and which seek to cooperate with the council to assist it in the accomplishment of its mission.

(5) Continue to interact with and to monitor the export finance company, as well as provide advisory input, during and subsequent to its creation and expansion.

d. Within one year of the effective date of this act, the council shall provide the Governor and the Legislature with information concerning the results of its efforts under subsection c. of this section, the status of the export financing company and the implementation of the goals of this act.

e. Nothing in this act shall prohibit public members of the council from being among those who serve on the export finance company board of directors or board of trustees, as appropriate to its organizational charter or operating agreement.

6. This act shall take effect immediately.

Approved March 9, 1999.

CHAPTER 39

AN ACT concerning bids submitted for local public contracts, and supplementing and amending P.L.1971, c.198.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:
C.40A:11-23.1 Plans, specifications, bid proposal documents; required contents.

1. All plans, specifications and bid proposal documents for the erection, alteration, or repair of a building, structure, facility or other improvement to real property, the total price of which exceeds the amount set forth in, or the amount calculated by the Governor pursuant to, section 3 of P.L.1971, c.198 (C.40A:11-3), shall include:
   a. a document for the bidder to acknowledge the bidder's receipt of any notice or revisions or addenda to the advertisement or bid documents; and
   b. a form listing those documentary and informational forms, certifications, and other documents that the contracting agent requires each bidder to submit with the bid. The form shall list each of the items to be submitted with the bid proposal and a place for the bidder to indicate, by initialing each entry, that the bidder has included those required items with the completed bid proposal. Each bidder shall complete this form and submit it with the bid proposal in addition to those documentary and informational forms, certifications, and other documents that are listed on the form.

C.40A:11-23.2 Required mandatory items for bid plans, specifications.

2. When required by the bid plans and specifications, the following requirements shall be considered mandatory items to be submitted at the time specified by the contracting unit for the receipt of the bids; the failure to submit any one of the mandatory items shall be deemed a fatal defect that shall render the bid proposal unresponsive and that cannot be cured by the governing body:
   a. A guarantee to accompany the bid pursuant to section 21 of P.L.1971, c.198 (C.40A:11-21);
   b. A certificate from a surety company pursuant to section 22 of P.L.1971, c.198 (C.40A:11-22);
   c. A statement of corporate ownership pursuant to section 1 of P.L.1977, c.33 (C.52:25-24.2);
   d. A listing of subcontractors pursuant to section 16 of P.L.1971, c.198 (C.40A:11-16); and
   e. A document provided by the contracting agent in the bid plans, specifications, or bid proposal documents for the bidder to acknowledge the bidder's receipt of any notice or revisions or addenda to the advertisement or bid documents.

3. Section 21 of P.L.1971, c.198 (C.40A:11-21) is amended to read as follows:

C.40A:11-21 Guarantee to be furnished with bid.

21. A person bidding on a contract or agreement for the erection, alteration or repair of a public building, structure, facility or other improve-
ment to real property, the total price of which exceeds $100,000, shall furnish a guarantee as provided for herein. A contracting unit may provide that a person bidding on any other contract or agreement, advertised in accordance with law, shall furnish a guarantee as provided for herein. The guarantee shall be payable to the contracting unit so that if the contract or agreement is awarded to the bidder, the bidder will enter into a contract therefor and will furnish any performance bond or other security required as a guarantee or indemnification. The guarantee shall be in the amount of 10% of the bid, but not in excess of $20,000.00, except as otherwise provided herein, and may be given, at the option of the bidder, by certified check, cashier's check or bid bond. In the event that any law or regulation of the United States imposes any condition upon the awarding of a monetary grant to any contracting unit, which condition requires the depositing of a guarantee in an amount other than 10% of the bid or in excess of $20,000.00 the provisions of this section shall not apply and the requirements of the law or regulation of the United States shall govern.

4. Section 22 of P.L.1971, c. 198 (C.40A:11-22) is amended to read as follows:

C.40A:11-22 Surety company certificate.

22. a. A person bidding on a contract or agreement for the erection, alteration or repair of a building, structure, facility or other improvement to real property, the total price of which exceeds $100,000, shall furnish a certificate from a surety company, as provided for herein. A contracting unit may provide that a person bidding on any other contract or agreement shall furnish a certificate from a surety company, as provided for herein.

b. When a surety company bond is required in the advertisement or specifications for a contract or agreement, every contracting unit shall require from any bidder submitting a bid in accordance with plans, specifications and advertisements, as provided for by law, a certificate from a surety company stating that it will provide the contractor with a bond in such sum as is required in the advertisement or in the specifications.

This certificate shall be obtained for a bond--

(1) For the faithful performance of all provisions of the specifications or for all matters which may be contained in the notice to bidders, relating to the performance of the contract or agreement, and

(2) If any be required, for a guarantee bond for the faithful performance of the contract provisions relating to the repair and maintenance of any work, project or facility and its appurtenances and keeping the same in good and serviceable condition during the term of the bond as provided for in the notice to bidders or in the specifications, or
(3) In such other form as may be provided in the notice to bidders or in the specifications.

If a bidder desires to offer the bond of an individual instead of that of a surety company, the bidder shall submit with the bid a certificate signed by such individual similar to that required of a surety company.

The contracting unit may reject any such bid if it is not satisfied with the sufficiency of the individual surety offered.

5. This act shall take effect on the first day of the fourth month after enactment.

Approved March 12, 1999.

CHAPTER 44
AN ACT concerning collateral protection insurance and supplementing Title 17 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.17:16V-1 Short title.
1. This act shall be known and may be cited as the "Collateral Protection Insurance Act."

C.17:16V-2 Definitions relative to collateral protection insurance.
2. As used in this act:
   "Collateral" means all personal property used to secure payment or performance pursuant to a credit transaction.
   "Collateral protection insurance" means insurance purchased by a creditor in which the creditor is made the loss payee or beneficiary providing coverage against loss or damage to collateral as a result of fire, theft, damage or other risks that would impair the creditor's interest in the
CHAPTER 44, LAWS OF 1999

Collateral, which insurance is purchased as a result of the debtor's failure to provide evidence of insurance or failure to maintain insurance covering the collateral as required in a credit agreement. "Collateral protection insurance" shall not include (1) insurance to protect the creditor following completion of foreclosure and sale or repossession and sale of the collateral, (2) credit insurance or mortgage protection insurance, (3) credit life insurance or credit health insurance as defined in N.J.S.17B:29-2, (4) insurance issued to cover personal or real property of the debtor which is not required by the creditor and is purchased by the creditor voluntarily, or (5) title insurance. The fact that the insurance may have some other designation or title, such as "creditor placed insurance," shall not mean it is not collateral protection insurance as defined in this act.

"Cost of collateral protection insurance" or "cost" means the premium paid which premium includes all commissions and fees paid by the insurer, whether the commission is paid to the creditor, to a person or entity that is an affiliate of the creditor or to a person or entity that is unrelated to the creditor, or whether such commissions are for a fixed percentage. "Cost" shall also include all fees, penalties and administrative costs charged to the creditor upon cancellation of the collateral protection insurance but shall not include any placement charges or fees for the collateral protection insurance charged by the creditor.

"Credit agreement" means the open-end or closed-end loan agreement, promissory note, security agreement, sales agreement, line of credit agreement, contract or other document or documents that set forth the terms of the credit transaction.

"Credit transaction" means any transaction pursuant to which a creditor gives consideration for an obligation by a debtor to make payment or repayment at a future date or dates, which obligation is secured in whole or in part by collateral. "Credit transaction" includes, but is not limited to, an advance of money, opening a line of credit, a letter of credit and an installment sale.

"Creditor" means any entity chartered, licensed or otherwise authorized by law to provide credit through a credit transaction and includes successors and assignees of the original creditor.

"Debtor" means a natural person obligated to a creditor pursuant to a credit transaction in which the money, property or services which are the subject of the transaction are primarily for personal, family or household purposes, whether the obligation is primary or secondary, and includes all persons who are successors to a debtor.

C.17:16V-3 Collateral protection insurance, purchase by creditor.

3. a. If the terms of the credit agreement require the debtor to obtain and continue to maintain insurance which designates the creditor as loss payee
or beneficiary protecting against loss or damage to the collateral and the debtor has not obtained or does not maintain that insurance, a creditor may purchase collateral protection insurance as of the date of the debtor’s failure to provide evidence of insurance or failure to maintain insurance covering the collateral, or at a later date at the option of the creditor, with the cost to be paid or reimbursed by the debtor.

b. Collateral protection insurance purchased by the creditor shall be effective: as of the date of the initial credit transaction, if insurance designating the creditor as loss payee or beneficiary protecting against loss or damage to the collateral is not purchased by the debtor; as of the date the required coverage lapsed, if purchased initially but not maintained by the debtor; or at a later date as determined by the creditor.

c. Within 14 calendar days following the placement of the collateral protection insurance, the creditor shall mail or cause a notice to be mailed to the debtor at the address on file with the creditor, by United States mail, first class, postage prepaid, informing the debtor that:

(1) as of (insert date), evidence that you have purchased or maintained the insurance required by the terms of your credit agreement has not been provided to the creditor, (name of creditor);

(2) collateral protection insurance has been purchased by the creditor, with respect to the following credit transaction: (insert type of credit transaction);

(3) you are responsible for the cost of the collateral protection insurance purchased by the creditor, which cost is $ ______;

(4) the amount stated under paragraph (3) of this notice has been added to the principal balance in your account as of (indicate date);

(5) all or part of the cost of the collateral protection insurance stated under paragraph (3) of this notice may be paid by you at any time and amounts paid will be applied to your account;

(6) the effective date of coverage of the collateral protection insurance purchased by the creditor is the date of the initial credit transaction, if you failed to obtain insurance coverage initially, or the date of the lapse of coverage, if you failed to maintain or renew your coverage, or on (specify date if on a later date as determined by the creditor pursuant to subsection b. of this section);

(7) the cost of the collateral protection insurance purchased by the creditor may be more than the cost of insurance you can obtain on your own;

(8) the amount of coverage will not be greater than the outstanding principal balance in your account as of the effective date of the collateral protection insurance purchased by the creditor, which may be less than the value of your property, and as a result, you may be underinsured;
(9) the coverage purchased by the creditor will not include any liability coverage for claims made against you and will not satisfy any mandatory liability insurance law or financial responsibility law of this or any other state;

(10) if you provide us with evidence that you have the required insurance, we shall cause the collateral protection insurance to be canceled as of the effective date of the coverage which you provide (as shown on the policy or other evidence of coverage sent to us), and any unearned premium, costs and interest applicable to the collateral protection insurance after that date will be applied to the balance of your account, and the excess, if any, will be paid to you; and

(11) if you have insurance coverage in place, or if you have replaced the coverage, and it has been in place without any lapse in the coverage but you have failed to provide the creditor with evidence of that coverage, you may, within 30 days after this notice was mailed, provide the creditor evidence of the insurance coverage showing the creditor as loss payee or beneficiary, and the collateral protection insurance coverage placed by the creditor will be canceled and the creditor will deduct from your principal balance all costs of the collateral protection insurance purchased by the creditor, including any interest charged to your account as a result of the costs of that insurance being added to your principal balance.

d. Paragraph (9) of the notice required in subsection c. of this section shall be in a larger type size than the other paragraphs in that notice, and in bold type.

e. The creditor shall inform the debtor, in the notice, that if the debtor has insurance coverage naming the creditor as loss payee or beneficiary in place, or has replaced the insurance coverage, without a lapse in coverage but has failed to notify the creditor, the debtor has 30 days from the date the notice required under subsection c. of this section was mailed to provide evidence of that coverage and include the address to which evidence of coverage is to be sent.

f. If, within 30 days after the notice required by subsection c. of this section was mailed to the debtor, the debtor provides evidence of insurance coverage to the creditor and evidence that the insurance coverage required by the credit agreement was in place or has been replaced, without any lapse in the coverage, and the only failure to comply with the credit agreement was the failure to provide evidence of that coverage to the creditor in a timely fashion, then the creditor shall cancel the coverage placed by the creditor and, if the costs of purchasing collateral protection insurance have been added to the obligation of the borrower, deduct those costs from the debtor's obligation, including interest, and no costs for the purchase of collateral protection insurance by the lender shall be assessed against the borrower.
g. The costs charged to the debtor shall not be excessive or discriminatory. Any cost or element of cost which is approved by the Department of Banking and Insurance or filed with the department and not disapproved, pursuant to P.L.1944, c.27 (C.17:29A-1 et seq.) or P.L.1982, c.114 (C.17:29AA-1 et seq.), shall not be deemed to be excessive or discriminatory for the purposes of this act.

C.17:16V-4 Collateral protection insurance; effective date, face amount, term.

4. a. The effective date of the collateral protection insurance policy purchased by the creditor shall not be sooner than the earlier of the date the debtor's insurance lapsed or the date that the debtor failed to provide evidence of insurance on the collateral.

b. The face amount of the collateral protection insurance policy shall not exceed the outstanding balance of the obligation as of the effective date of the coverage purchased by the creditor even though the coverage may exceed the actual cash value or cost of repair.

c. A collateral protection insurance policy term may, but need not, extend to the full life of the credit transaction.

C.17:16V-5 Termination, cancellation conditions.

5. a. Collateral protection insurance shall terminate or shall be canceled upon the occurrence of any of the following:

(1) the date the creditor is provided with evidence of proper insurance coverage purchased by the debtor as required by the credit transaction agreement;

(2) completion of foreclosure, including sale, or repossession or similar event, including sale;

(3) the date that there is no further balance due from the debtor to the creditor; or

(4) the date specified in the collateral protection insurance policy.

b. If the collateral protection insurance is canceled and there is any unearned premium paid by the debtor which is refunded to the creditor, the creditor shall pay or credit the debtor with the amount of the refund pursuant to paragraph (10) of subsection c. of section 3 of this act. All statements of the loan balance and activity provided by the creditor to the debtor shall include all amounts debited or credited to the obligation due to the purchase and cancellation of collateral protection insurance.

C.17:16V-6 Obtaining insurance.

6. Collateral protection insurance may be obtained from an insurance carrier chosen by the creditor which is licensed or otherwise authorized to provide such insurance in this State, and shall be set forth in an individual policy or certificate of insurance.
C17:16V-7 Cause of action not created to debtor or third party; remedy; exempt transactions.

7. a. A creditor that places, or a person that receives commissions or fees arising out of collateral protection insurance shall not be liable to any debtor, guarantor or other party for the placement of collateral protection insurance, except if the purchase of collateral protection insurance is the result of error by the creditor. If the creditor does not substantially comply with the provisions of this act in purchasing collateral protection insurance, the sole and exclusive remedy of the debtor is that the debtor does not have to pay for the insurance and any associated creditor fees or costs. A creditor is not, by virtue of this act, required to purchase collateral protection insurance or otherwise insure collateral.

b. This act shall not create a cause of action to the debtor or any third party:
   (1) for the purchase or placement of collateral protection insurance in substantial compliance with the terms of this act;
   (2) for not purchasing collateral protection insurance;
   (3) as a result of the amount or level of coverage, geographical scope of coverage or deductible associated with collateral protection insurance purchased by the creditor;
   (4) because the creditor purchases collateral protection insurance that protects only the interest of the creditor or less than all of the interest of the debtor; or
   (5) nondisclosure of commissions or fees included in costs.

c. The list under subsection b. of this section does not imply that a cause of action is otherwise created by this act.

d. This act shall not apply to credit transactions involving extensions of credit primarily for business, commercial or agricultural purposes, and shall not be deemed to regulate or limit the rights of the parties to a business, commercial or agricultural transaction to contract for terms and provisions regarding insurance otherwise not prohibited by law.

C17:16V-8 Fiduciary relationship not imposed.

8. Neither this act nor the purchase of collateral protection insurance nor receipt of commission or other consideration by the creditor shall impose a fiduciary relationship between the creditor and debtor. Placement of collateral protection insurance is for the purpose of protection of the interest of the creditor when the debtor fails to insure collateral as required by the credit transaction agreement.

C17:16V-9 Remedies, rights, options unimpaired.

9. This act shall not impair any other remedies, rights or options available to a creditor pursuant to law, regulation, ruling or contract.
C.17:16V-10 Notices to primary debtor.

10. If a credit transaction involves more than one debtor, notices or warnings required to be mailed under this act, shall be mailed to any primary debtor.

C.17:16V-11 Applicability when debtor resides in State.

11. This act shall apply to all credit transactions entered into in this State or if the debtor resides in this State, provided, however, that if the debtor resides in another state, compliance with that state's requirements regarding notice of purchase by the creditor of collateral protection insurance shall be deemed compliance with the notice provisions of this act.

C.17:16V-12 Transactions to which act applies.

12. This act shall apply to all credit transactions whether entered into prior or subsequent to the effective date of this act but shall apply only to collateral protection insurance purchased after the effective date of this act.

13. This act shall take effect on the first business day following the 60th day after enactment.

Approved March 12, 1999.

1. Section 7 of P.L.1971, c.356 (C.56:10-7) is amended to read as follows:

C.56:10-7 Prohibited practices.

7. It shall be a violation of this act for any franchisor, directly or indirectly, through any officer, agent or employee, to engage in any of the following practices:

a. To require a franchisee at time of entering into a franchise arrangement to assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability imposed by this act.

b. To prohibit directly or indirectly the right of free association among franchisees for any lawful purpose.
c. To require or prohibit any change in management of any franchisee unless such requirement or prohibition of change shall be for good cause, which cause shall be stated in writing by the franchisor.

d. To restrict the sale of any equity or debenture issue or the transfer of any securities of a franchise or in any way prevent or attempt to prevent the transfer, sale or issuance of equity securities or debentures to employees, personnel of the franchisee, or spouse, child or heir of an owner, as long as basic financial requirements of the franchisor are complied with, and provided any such sale, transfer or issuance does not have the effect of accomplishing a sale or transfer of control, including, but not limited to, change in the persons holding the majority voting power of the franchise. Nothing contained in this subsection shall excuse a franchisee's obligation to provide prior written notice of any change of ownership to the franchisor if that notice is required by the franchise.

e. To impose unreasonable standards of performance upon a franchisee.

f. To provide any term or condition in any lease or other agreement ancillary or collateral to a franchise, which term or condition directly or indirectly violates this act.

2. Section 3 of P.L.1991, c.459 (C.56:10-13.2) is amended to read as follows:

C.56:10-13.2 Violations related to termination or nonrenewal.

3. Within 90 days of the termination, cancellation or nonrenewal of a motor vehicle franchise as provided for in section 5 of P.L.1971, c.356 (C.56:10-5), the termination, cancellation or nonrenewal of a motor vehicle franchise by the motor vehicle franchisee or by mutual agreement of the motor vehicle franchisee and motor vehicle franchisor, or the termination, cancellation or nonrenewal of a motor vehicle franchise as a result of a termination or cessation of a part of the franchisor's business operations throughout the United States, which is not a part of any change in the ownership, operation or control of all or any part of the franchisor's business, the motor vehicle franchisor shall repurchase from the motor vehicle franchisee:

a. any unused, undamaged and unsold inventory, and any unused, undamaged and unsold parts, supplies and accessories, listed in the franchisor's current price catalog and acquired from the franchisor or a source approved or recommended by the franchisor at the franchisee's net acquisition cost therefor, plus the franchisee's cost of handling, packing, loading and transporting the inventory, parts, supplies and accessories for return to the franchisor. For the purposes of this subsection, inventory, parts, supplies and accessories used by the franchisee or its employees for
display, demonstration or other marketing purposes shall be deemed to be unused or unsold.

   (1) the franchisee's net acquisition cost if the item was acquired in the 12 months immediately preceding the effective date of the termination, cancellation or nonrenewal;
   (2) the greater of the fair market value or 75% of the franchisee's net acquisition cost if the item was acquired more than 12 but less than 24 months immediately preceding the effective date of the termination, cancellation or nonrenewal;
   (3) the greater of the fair market value or 50% of the franchisee's net acquisition cost if the item was acquired more than 24 but less than 36 months immediately preceding the effective date of the termination, cancellation or nonrenewal;
   (4) the greater of the fair market value or 25% of the franchisee's net acquisition cost if the item was acquired more than 36 but less than 60 months immediately preceding the effective date of the termination, cancellation or nonrenewal; or
   (5) the fair market value if the item was acquired more than 60 months immediately preceding the effective date of the termination, cancellation or nonrenewal; plus the franchisee's cost of handling, packing, loading and transporting the item for return to the franchisor.

Payment shall be made by the motor vehicle franchisor within 30 days after the tender of the property by the motor vehicle franchisee free and clear of liens and encumbrances.

Nothing in this section shall prohibit the franchise from containing provisions in addition to, but not inconsistent with, those required by this section.

3. Section 3 of P.L.1977, c.84 (C.56:10-15) is amended to read as follows:

C.56:10-15 Reimbursement for services or parts under warranty or law.

3. If any motor vehicle franchise shall require or permit motor vehicle franchisees to perform services or provide parts in satisfaction of a warranty issued by the motor vehicle franchisor:
   a. The motor vehicle franchisor shall reimburse each motor vehicle franchisee for such services as are rendered and for such parts as are supplied, in an amount equal to the prevailing retail price charged by such motor vehicle franchisee for such services and parts in circumstances where such services are rendered or such parts supplied other than pursuant to warranty; provided that such motor vehicle franchisee's prevailing retail price is not unreasonable when compared with that of the holders of motor
vehicle franchises from the same motor vehicle franchisor for identical 
merchandise or services in the geographic area in which the motor vehicle 
franchisee is engaged in business. 

b. The motor vehicle franchisor shall not by agreement, by restrictions 
upon reimbursement, or otherwise, restrict the nature and extent of services 
to be rendered or parts to be provided so that such restriction prevents the 
motor vehicle franchisee from satisfying the warranty by rendering services 
in a good and workmanlike manner and providing parts which are required 
in accordance with generally accepted standards. Any such restriction shall 
constitute a prohibited practice hereunder.

c. The motor vehicle franchisor shall reimburse the motor vehicle 
franchisee pursuant to subsection a. of this section, without deduction, for 
services performed on, and parts supplied for, a motor vehicle by the motor 
vehicle franchisee in good faith and in accordance with generally accepted 
standards, notwithstanding any requirement that the motor vehicle 
franchisor accept the return of the motor vehicle or make payment to a 
consumer with respect to the motor vehicle pursuant to the provisions of 
P.L.1988, c.123 (C.56:12-29 et seq.).

d. For the purposes of this section, the "prevailing retail price" charged 
by a motor vehicle franchisee for parts means the price paid by the motor 
vehicle franchisee for those parts, including all shipping and other charges, 
multiplied by the sum of 1.0 and the franchisee's average percentage markup 
over the price paid by the motor vehicle franchisee for parts purchased by 
the motor vehicle franchisee from the motor vehicle franchisor and sold at 
retail. The motor vehicle franchisee may establish average percentage 
markup under this section by submitting to the motor vehicle franchisor 100 
sequential customer paid service repair orders or 90 days of customer paid 
repair orders, whichever is less, covering repairs made no more than 
180 days before the submission, and declaring what the average percentage 
markup is. The average percentage markup so declared shall go into effect 
30 days following the declaration subject to audit of the submitted repair 
orders by the motor vehicle franchisor and adjustment of the average 
percentage markup based on that audit. Only retail sales not involving 
part by part or 
transaction by transaction calculations. A motor vehicle franchisee shall not 
request a change in the average percentage markup more than twice in one 
calendar year.
e. If a motor vehicle franchisor supplies a part or parts for use in a repair rendered under a warranty other than by sale of that part or parts to the motor vehicle franchisee, the motor vehicle franchisee shall be entitled to compensation equivalent to the motor vehicle franchisee’s average percentage markup on the part or parts, as if the part or parts had been sold to the motor vehicle franchisee by the motor vehicle franchisor. The requirements of this section shall not apply to entire engine assemblies and entire transmission assemblies. In the case of those assemblies, the motor vehicle franchisor shall reimburse the motor vehicle franchisee in the amount of 30% of what the motor vehicle franchisee would have paid the motor vehicle franchisor for the assembly if the assembly had not been supplied by the franchisor other than by the sale of that assembly to the motor vehicle franchisee.

f. The motor vehicle franchisor shall reimburse the motor vehicle franchisee for parts supplied and services rendered under a warranty within 30 days after approval of a claim for reimbursement. All claims for reimbursement shall be approved or disapproved within 30 days after receipt of the claim by the motor vehicle franchisor. When a claim is disapproved, the motor vehicle franchisee shall be notified in writing of the grounds for the disapproval. No claim that has been approved and paid shall be charged back to the motor vehicle franchisee unless it can be shown that the claim was false or fraudulent, that the services were not properly performed, that the parts or services were unnecessary to correct the defective condition, or that the motor vehicle franchisee failed to reasonably substantiate the claim in accordance with reasonable written requirements of the motor vehicle franchisor, provided that the motor vehicle franchisee had been notified of the requirements prior to the time the claim arose and the requirements were in effect at the time the claim arose. A motor vehicle franchisor shall not audit a claim after the expiration of two years following the payment of the claim, unless the motor vehicle franchisor has reasonable grounds to believe that the claim was fraudulent.

g. The obligations imposed on motor vehicle franchisors by this section shall apply to any parent, subsidiary, affiliate or agent of the motor vehicle franchisor, any person under common ownership or control, any employee of the motor vehicle franchisor and any person holding 1% or more of the shares of any class of securities or other ownership interest in the motor vehicle franchisor, if a warranty or service or repair plan is issued by that person instead of or in addition to one issued by the motor vehicle franchisor.

h. The provisions of this section shall also apply to franchisor administered service and repair plans:
(1) if the motor vehicle franchisee offers for sale only the franchisor administered service or repair plan; or
(2) if the motor vehicle franchisee is paid its prevailing retail price for all service or repair plans the motor vehicle franchisee offers for sale to purchasers of new motor vehicles; or
(3) for the first 36,000 miles of coverage under the franchisor administered service or repair plan, if the warranty offered by the motor vehicle franchisor on the motor vehicle provides coverage for less than 36,000 miles; or
(4) for motor vehicles covered by a franchisor administered service or repair plan, if the motor vehicle franchisee does not offer for sale the franchisor administered service or repair plan.

With respect to franchisor administered service or repair plans covering only routine maintenance service, this section applies only to those plans sold to customers on or after the effective date of P.L.1999, c.45.

4. Section 8 of P.L.1982, c.156 (C.56:10-23) is amended to read as follows:

C.56:10-23 Factors for consideration whether proposed franchise will harm public interest.

8. a. In determining whether the grant, relocation, reopening or reactivation of a franchise or establishment, relocation, reopening or reactivation of a business will be injurious to existing franchisees or to the public interest, the committee may consider, but shall not be limited to considering the following:

(1) The effect that the proposed franchise or business would have on the provision of stable, adequate and reliable sales and service to purchasers of vehicles in the same line make in the relevant market area;
(2) The effect that the proposed franchise or business would have on the stability of existing franchisees in the same line make in the relevant market area;
(3) Whether the existing franchisees in the same line make in the relevant market area are providing adequate and convenient consumer service for motor vehicles of the line make in the relevant market area, which shall include the adequacy of motor vehicle sales and service facilities, equipment, supply of motor vehicle parts and qualified service personnel;
(4) The effect on a relocating dealer of a denial of its relocation into the relevant market area.

b. In determining whether the grant, relocation, reopening or reactivation of a franchise or establishment, relocation, reopening or reactivation of a business will be injurious to existing franchisees or to the public interest, it shall be presumed that the proposed grant, relocation, reopening or
reactivation of the franchise or establishment, relocation, reopening or reactivation of the business will be injurious to existing franchisees or to the public interest if:

1. for the 24-month period prior to notice pursuant to section 4 of P.L.1982, c.156 (C.56:10-19), the average market penetration of the franchisees given notice pursuant to section 4 of P.L.1982, c.156 (C.56:10-19) is at least equal to the average market penetration of all franchisees in the same line make in the zone, district, region or other similar geographic designation, other than a national geographic designation, used by the motor vehicle franchisor into which the proposed franchise or business will be assigned, it being the intent of this paragraph (1) of this subsection b. not to compare the franchisees given notice to the national market penetration of the motor vehicle franchisor;

2. the proposed franchise or business is likely to cause not less than a 25% reduction in new vehicle sales or not less than a 25% reduction in gross income for the protesting franchisee;

3. the proposed franchise or business will not operate a full service franchise or business at the proposed location; or

4. an owner or operator of the proposed franchise or business has engaged in materially unfair or deceptive business practices with respect to a motor vehicle franchise or business.

c. The presumption in subsection b. of this section shall not apply to the grant, reopening or reactivation of a franchise or to the establishment, reopening or reactivation of a business if the proposed franchisee is a minority or a woman. For the purposes of this subsection, "minority" means a person who is:

1. Black, which is a person having origins in any of the black racial groups in Africa; or

2. Hispanic, which is a person of Spanish or Portuguese culture with origins in Mexico, South or Central America, or the Caribbean Islands, regardless of race; or

3. Asian American, which is a person having origins in any of the original peoples of the Far East, Southeast Asia, Indian Subcontinent, Hawaii, or the Pacific Islands; or

4. American Indian or Alaskan native, which is a person having origins in any of the original peoples of North America.

C.56:10-7.4 Additional practices prohibited.

5. It shall be a violation of P.L.1971, c.356 (C.56:10-1 et seq.) for any motor vehicle franchisor, directly or indirectly, through any officer, agent or employee, to engage in any of the following practices:
a. To impose unreasonable standards of performance or unreasonable facilities, financial, operating or other requirements upon a motor vehicle franchisee.

b. To base the disapproval of the transfer, sale or assignment of a motor vehicle franchise, or any interest therein, on the ground that the proposed transferee is not a natural person.

c. To fail to compensate a motor vehicle franchisee for all reasonable costs incurred by the franchisee in complying with the requirements imposed on the franchisee by the franchisor relating to a product recall.

d. To utilize an arbitrary or unreasonable formula or other calculation or process intended to gauge performance as a basis for making any decision or taking any action governed by P.L.1971, c.356 (C.56:10-1 et seq.).

e. To own or operate or enter into an agreement with a person, other than an existing motor vehicle franchisee, to operate a retail facility for the servicing of motor vehicles, which is authorized to perform warranty service on motor vehicles manufactured or distributed by the motor vehicle franchisor. The establishment, relocation, reopening or reactivation of such a facility pursuant to an agreement with a motor vehicle franchisee shall be subject to the provisions of P.L.1982, c.156 (C.56:10-16 et seq.), except that paragraph (3) of subsection b. of section 8 of that act (C.56:10-23) shall not be applicable. Notice shall be given to motor vehicle franchisees in the same line make or makes within six miles of the proposed retail facility for the servicing of motor vehicles which is authorized to perform warranty service on motor vehicles manufactured or distributed by the motor vehicle franchisor.

f. To require an unconditional release from a motor vehicle franchisee without permitting the franchisee to except from the release any claims for outstanding financial obligations of the motor vehicle franchisor to the motor vehicle franchisee for which payment will not be made at or before the giving of the release.

g. To require or attempt to require a motor vehicle franchisee to accept delivery of any motor vehicle, or accessory or equipment thereof not required by law, which is not as ordered by the motor vehicle franchisee.

h. To fail or refuse to sell or offer to sell to all motor vehicle franchisees in a line make every motor vehicle sold or offered for sale to any motor vehicle franchisee of the same line make. However, the failure to deliver any such motor vehicle shall not be considered a violation of this section if the failure is not arbitrary and is due to a lack of manufacturing capacity or to a strike or labor difficulty, a shortage of materials, a freight embargo or other cause over which the franchisor has no control. A motor vehicle franchisor shall not require a motor vehicle franchisee to purchase unreasonable quantities of advertising materials, purchase special tools not required to properly service a motor vehicle or undertake sales person or
service person training unrelated to the motor vehicle or meet unreasonable display requirements as a condition of receiving a motor vehicle.

i. Unless compelled by law or legal process, (1) if the customer has objected thereto in writing, to require a motor vehicle franchisee to publish, release, convey or otherwise provide information obtained with respect to any customers, contracts, products, services or other transactions of the motor vehicle franchisee which is not necessary for the motor vehicle franchisor to meet its obligations to consumers or the motor vehicle franchisee, including vehicle recalls or other requirements imposed by State or federal law, or for complying with the duties or obligations of the respective parties under the franchise; or (2) to release such information which has been provided to it by the motor vehicle franchisees to any third party.

6. This act shall take effect immediately.

Approved March 12, 1999.

a. Meetings of the board shall be held at such time and place as the members shall determine. A majority of the members in office at a meeting at which public members of the board are present shall be necessary to constitute a quorum for the transaction of business, and the acts of a majority of the members present at a meeting at which a quorum is present shall be the acts of the authority. The board shall hold all meetings attended by, or open to, all members of the board in accordance with the "Open Public Meetings Act," P.L. 1975, c.231 (C.10:4-6 et seq.).

b. A true copy of the minutes of every meeting of the board shall be forthwith delivered by and under the certification of the secretary thereof, to the Governor. No action taken at the meeting by the board shall have force or effect until 10 days after the copy of the minutes has been delivered.
If, in the 10-day period, the Governor returns the copy of the minutes with a veto of any action taken by the authority or any member thereof at the meeting, the action shall be null and of no effect. If the Governor does not return the minutes within the 10-day period, any action therein recited shall have force and effect according to the wording thereof. Any vacancy of the chairperson or vice-chairperson caused by the death, disability, resignation, or removal of any officer shall be filled by the members of the board.

\textit{Contracts, purchases, records, travel.}

a. The authority, in the exercise of its power to make and enter into contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers, shall adopt standing operating rules and procedures providing that, except as hereinafter provided, no contract on behalf of the authority shall be entered into for the doing of any work, or for the hiring of equipment or vehicles, when the sum to be expended exceeds the sum of $12,300 or, after June 30, 1998, the amount determined pursuant to subsection b. of this section, unless the authority shall first publicly advertise for bids therefor, and shall award the contract to the lowest responsible bidder. Waiver of bid advertising and of actual bidding shall be made by resolution of the authority for those goods, services, and contracts described in sections 4 and 5 of P.L.1954, c.48 (C.52:34-9 and 52:34-10). Special rules shall apply to the procurement of professional services when the authority shall consider a variety of factors associated with rendering the professional services, including price, in awarding of a contract.

This subsection shall not prevent the authority from having any work done by its own employees, nor shall it apply when the safety or protection of its or other public property requires. In the case of exigency or emergency, the authority shall, by resolution passed by the affirmative vote of a majority of its members, declare the exigency or emergency to exist, and set forth in the resolution the nature thereof and the approximate amount to be so expended.

Notwithstanding the provisions of any law to the contrary, eligible employees of the authority shall be eligible to obtain supplemental tax-deferred annuities with outside investment carriers on the same basis and with the same carriers as available to members of the alternate benefit program under the provisions of P.L.1969, c.242 (C.18A:66-168 et seq.).

d. The total number of employees in unclassified service including the number of vacant unclassified service positions on the date this act becomes effective shall not decrease without prior authorization by the board.

The authority may issue bond anticipation notes and other short-term obligations which may be renewed from time to time, but the maximum maturity
of the notes or obligations, including renewals thereof, shall not exceed five years
from the date of issue of the original. The notes or obligations shall be paid from
any revenues or other moneys of the authority available therefor and not
otherwise pledged, or from the proceeds of sale of the bonds of the authority in
anticipation of which they were issued. The notes or obligations shall be issued
in the same manner as bonds, and the resolution or resolutions authorizing them
may contain any provisions, conditions or limitations which a bond resolution of
the authority may contain.

Except as may otherwise be expressly provided by the authority, every
issue of its bonds, notes or obligations shall be general obligations of the
authority payable from any revenues or moneys of the authority, subject only
to any agreements with the holders of particular bonds, notes or obligations
pledging any particular revenues or moneys. Notwithstanding that bonds,
notes, and other obligations may be payable from a special fund, they shall be
fully negotiable within the meaning of Title 12A of the New Jersey Statutes,
the Uniform Commercial Code, subject only to the provision of the bonds,
notes, and other obligations for registration. The bonds may be issued as
serial bonds or as term bonds, or the authority, in its discretion, may issue
bonds of both types. The bonds shall be authorized by resolution of the
members of the authority and shall bear such date or dates, mature at such
time or times, not exceeding 35 years from their respective dates, bear interest
at such rate or rates including, but not limited to, fixed, variable, floating or
adjustable interest rates, be payable at such time or times, be in such
denominations, be in such form, either coupon or registered, carry such
registration privileges, be executed in such manner, be payable in lawful
money of the United States of America at such place or places, and be subject
to such terms of redemption, as the resolution or resolutions may provide.
The bonds, notes or obligations may be sold at public or private sale for such
price or prices as the authority shall determine. Pending preparation of the
definitive bonds, the authority may issue interim receipts or certificates which
shall be exchanged for the definitive bonds.

At any time prior to the issuance and sale of bonds or other obligations by the
authority under this act, the State Treasurer is authorized to transfer from any
available moneys in any fund of the Treasury of the State to the credit of any fund
of the authority those sums which the State Treasurer may deem necessary. The
sums so transferred shall be returned to the same fund of the Treasury of the State
by the State Treasurer from the proceeds of the sale of the first issue of authority
bonds, notes or other obligations issued for the same programmatic purpose as the funds transferred by the State Treasurer.

**Bond resolutions.**

Any resolution or resolutions of the authority authorizing any bonds or any issues of bonds may contain provisions, which shall be a part of the contract with the holders of the bonds to be authorized as to:

a. the pledging of all or any part of the revenues of the authority;

b. the use and disposition of the revenues;

c. the setting aside of reserves or sinking funds, and the regulations and disposition thereof;

d. limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding bonds;

e. the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which the consent may be given;

f. limitations on the purpose to which the proceeds of sale of any issue of bonds then or thereafter to be issued may be applied and pledging the proceeds to secure the payment of the bonds or any issue of the bonds;

g. defining the acts or omissions to act which shall constitute a default in the duties of the authority to holders of its obligations and providing the rights and remedies of the holders in the event of a default; and

h. the making of covenants other than and in addition to the covenants herein expressly authorized, of like or different character; and the making of the covenants to do or refrain from doing such acts and things as may be necessary or convenient or desirable in order to better secure the bonds, notes or other obligations which, in the absolute discretion of the authority, will tend to make the bonds, notes, or other obligations more marketable, notwithstanding that the covenants, acts or things may not be enumerated herein.

**Personal liability on bonds, notes and other obligations.**

Neither the members of the authority, nor any person executing bonds, notes or other obligations issued by it, nor any officer or employee of the authority shall be liable personally on the bonds, notes or other obligations or be subject to any personal liability or accountability by reason of the issuance thereof.

**Purchase by authority of bonds, notes and other obligations.**

The authority shall have the power out of any funds available therefor to purchase its bonds, notes or other obligations. The authority may hold, pledge, cancel or resell the bonds, subject to and in accordance with agreements with bondholders.

Security for bonds.

In the discretion of the authority, any bonds issued by it may be secured by a trust agreement between the authority and a qualified bank as defined in section 1 of "The Banking Act of 1948," P.L.1948, c.67 (C.17:9A-1 et seq.). The trust agreement or resolution providing for the issuance of the bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including particularly those provisions authorized to be included in any resolution or resolutions of the authority authorizing bonds. Any banking institution, as defined in section 1 of "The Banking Act of 1948," P.L.1948, c.67 (C.17:9A-1 et seq.), may act as depository of the proceeds of bonds or of revenues or other moneys and may furnish such indemnifying bonds or pledge such securities as may be required by the authority. The trust agreement may set forth the rights and remedies of the bondholders and of the trustee or trustees, and may restrict the individual right of action by bondholders. In addition to the foregoing, the trust agreement or resolution may contain such other provisions as the authority may deem reasonable and proper for the security of the bondholders.

Liability for payment of bonds.

Bonds issued pursuant to N.J.S.18A:71A-8 shall not be deemed to constitute a debt or liability of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any political subdivision, but shall be payable solely from the funds herein provided. The bonds shall contain on the face a statement to the effect that neither the State of New Jersey nor the authority shall be obligated to pay the same or the interest thereon except from revenues or other moneys of the authority and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged to the payment of the principal of or the interest on the bonds. The issuance of bonds under the provisions of this act shall not directly or indirectly or contingently obligate the State or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor.

Rights of bondholders.

A holder of bonds issued by the authority pursuant to N.J.S.18A:71A-8, or any of the coupons appertaining thereto, and the trustee or trustees under any trust agreement, except to the extent the rights herein given may be restricted by any resolution authorizing the issuance of, or any trust agreement securing the bonds, may, either at law or in equity, by suit, action or other proceedings, protect and enforce any and all rights under the laws of the State or granted hereunder or under the resolution of trust agreement, and may enforce and compel the performance of all duties required by this act or by the resolution or trust agreement to be performed by the authority or by any officer, employee or agent thereof.

Refunding bonds.

a. The authority shall have power to issue bonds for the purposes of refunding any of its bonds then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the earliest or subsequent date of redemption, purchase or maturity of the bonds.

b. The proceeds of bonds issued for the purpose of refunding outstanding bonds may, in the discretion of the authority, be applied to the purchase or retirement at maturity or redemption of outstanding bonds either on their earliest or any subsequent redemption date or upon the purchase or at the maturity thereof and may, pending such application, be placed in escrow to be applied to the purchase or retirement at maturity or redemption on such date as may be determined by the authority. Any escrowed proceeds, pending such use, may be invested and reinvested in obligations of or guaranteed by the United States of America, or in certificates of deposit or time deposits secured by obligations of or guaranteed by the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, as to principal, interest and redemption premium, if any, of the outstanding bonds to be so refunded. The interest, income and profits, if any, earned or realized on any such investment may also be applied to the payment of the outstanding bonds to be so refunded. After the terms of the escrow have been fully satisfied and carried out, any balance of the proceeds and interest, income and profits, if any, earned or realized on the investments thereof may be returned to the authority for use by it in any lawful manner. All such bonds shall be subject to the provisions of this act in the same manner and to the same extent as other bonds issued pursuant to this act and N.J.S.18A:71A-8.

Bonds as legal investments.

Bonds, notes and other obligations issued by the authority under the provisions of this act and N.J.S.18A:71A-8, are hereby made securities in
which the State and all political subdivisions of the State, their officers, boards, commissions, departments or other agencies, banks, savings banks, savings and loan associations, investment companies, all insurance companies, insurance associations and all administrators, executors, guardians, trustees and other fiduciaries, and all other persons who now are or may hereafter be authorized to invest in bonds, notes or other obligations of the State, may properly and legally invest any funds, including capital belonging to them or within their control; and the bonds, notes or other obligations are hereby made securities which may properly and legally be deposited with and received by any State or municipal officers or agency of the State for any purpose for which the deposit of bonds or other obligations of the State is now or may hereafter be authorized by law.

Pledge of state; exemption from taxation; taxable bond option.

a. The State of New Jersey does pledge to and agree with the holders of the bonds, notes and other obligations issued pursuant to authority contained in this act and N.J.S.18A:71A-8, that the State will not limit the power and obligation of the authority to fulfill the terms of any agreements made with the holders of bonds, notes and other obligations so issued, or in any way impair the rights or remedies of the holders of the bonds, and will not modify in any way the exemptions for taxation provided for in this act, until the bonds, notes and other obligations together with interest thereon, are fully paid and discharged. The authority as a public body corporate and politic shall have the right to include the pledge herein made in its bonds and contracts.

b. Unless otherwise determined by the authority, all bonds, notes or other obligations issued pursuant to this act are hereby declared to be issued by a body corporate and politic of this State and for an essential public and governmental purpose. The bonds, notes and other obligations, and the interest thereon and the income therefrom, and all fees, charges, funds, revenues, income and other moneys pledged or available to pay or secure the payment of the bonds, notes or other obligations, or interest thereon, shall at all times be exempt from taxation except for transfer, inheritance and estate taxes.

c. With respect to all or any portion of any issue of any bonds, notes or other obligations that the authority may issue in accordance with this act, the authority may covenant, elect and consent that the interest on the bonds be includable under the federal Internal Revenue Code of 1986, as amended, in the gross income of the holders of the bonds to the same extent and in the same manner that the interest on bills, bonds, notes or other obligations of the United States is includable in the gross income of the holders under the federal Internal Revenue Code of 1986, as amended, or in such other
manner as the authority may covenant, elect and consent. Bonds issued pursuant to this act are not subject to any limitations or restrictions of any law that may limit the authority’s power to issue those bonds.

Higher Education Student Assistance Fund.

The authority shall establish and maintain a special fund called the “Higher Education Student Assistance Fund” solely for its activities as a guaranty agency and lender under 20 U.S.C.s.1071 et seq. The fund shall consist of: a. all moneys appropriated by the Legislature for inclusion in the fund; b. federal advances and other revenues realized as a result of guaranty and lender activities under 20 U.S.C.s.1071 et seq.; c. investment earnings of the fund; d. moneys contributed to the authority by private sources, to be used for the purposes of this act; e. the proceeds received by the sale of its bonds, bond anticipation notes and other obligations as provided by law; and f. the proceeds received by the authority from the resale of notes evidencing approved loans made pursuant to this act.

The authority may in any resolution authorize the establishment within the Higher Education Student Assistance Fund of separate special funds as necessary for moneys to be held in pledge or otherwise for payment or redemption of bonds, notes or other obligations, reserves or other purposes and to covenant as to use and disposition of the moneys held in these special funds.

Loan Reserve Fund.

a. Within the Higher Education Student Assistance Fund, the authority shall establish and maintain a special fund called the “Loan Reserve Fund” in which shall be deposited: (1) all reserve funds held by the authority; (2) all moneys appropriated by the State for the purpose of the fund, and (3) any other moneys or funds of the authority which it determines to deposit therein. Moneys in the Loan Reserve Fund shall be held and approved solely for the purchase by the fund of defaulted loans either by payment to a lender or by transfer to the Higher Education Student Assistance Fund, of the total amount of principal and interest then due and owing on any defaulted note, except to the extent that the moneys represent advances made to the authority by the United States of America, or agencies thereof, which the authority may be required to repay, and in the event repayment is required, it shall be made from the Loan Reserve Fund.

b. The sum total of all funds on deposit in the Loan Reserve Fund, hereafter referred to as the “loan reserve requirement,” shall in no event be less than the amount required under 20 U.S.C. s.1071 et seq.

c. In order to assure the maintenance of the loan reserve requirement in the Loan Reserve Fund, there shall be appropriated annually and paid to
the authority for deposit in the fund, such sum, if any, as shall be certified by the chairperson of the Board of the Higher Education Student Assistance Authority to the Governor as necessary to maintain the fund in an amount equal to the loan reserve requirement during the then current fiscal year. The chairperson shall annually, on or before December 1, make and deliver to the Governor a certificate stating the sums, if any, required to maintain the fund in the amount equal to the loan reserve requirement, and the sum or sums so certified shall be appropriated and paid to the authority during the then current State fiscal year.

d. Moneys in the fund at any time in excess of the loan reserve requirement, whether by reason of investment or otherwise, may be withdrawn at any time by the authority and transferred to any other fund or account of the authority, to the extent permitted under 20 U.S.C.s.1071 et seq.

e. Moneys at any time in the Loan Reserve Fund may be invested in any direct obligations of, or obligations as to which the principal and interest thereof is guaranteed by, the United States of America or such other obligations as the authority may approve, to the extent permitted under 20 U.S.C.s.1071 et seq.

f. For purposes of valuation, investments in the Loan Reserve Fund shall be valued at the lowest of the par value, cost to the authority, or market value of the investments. Valuation on any particular date shall include the amount of interest then earned or accrued to the date on any moneys or investments in the Loan Reserve Fund.

Capital Reserve Fund; use; investment.

a. The authority shall establish and maintain a special fund called the “New Jersey Higher Education Student Assistance Capital Reserve Fund” in which there shall be deposited: (1) all moneys appropriated by the State for the purpose of the fund; (2) all proceeds of bonds required to be deposited therein by terms of any contract between the authority and its bondholders or any resolution of the authority with respect to the proceeds or bonds; and (3) any other moneys or funds of the authority which it determines to deposit therein. Moneys in the capital reserve fund shall be held and applied solely to the payment of the interest on and principal of bonds of the authority as the same shall become due and payable and for the retirement of bonds, and shall not be withdrawn therefrom if the withdrawal would reduce the amount in the capital reserve fund to an amount equal to less than the maximum debt service reserve, except for payment of interest then due and payable on bonds and the principal of bonds then maturing and payable and for the retirement of bonds in accordance with the terms of any contract between the authority and its bondholders and for the payments on
account of which interest or principal or retirement of bonds other moneys of the authority are not then available in accordance with the terms of the contract. As used in this section, "maximum debt service reserve" means, as of any date of computation, the lesser of: the largest amount of money required by the terms of all contracts between the authority and its bondholders to be raised in any succeeding calendar year for the payment of interest on and maturing principal of outstanding bonds and payments required by the terms of the contracts to sinking funds established for the payment or redemption of the bonds, all calculated on the assumption that bonds will cease to be outstanding after the date of the computation by reason of the payment of bonds at their respective maturities and the payments of the required moneys to sinking funds and the application thereof in accordance with the terms of the contracts to the retirement of bonds; or the amount of money required by the terms of all contracts between the authority and its bondholders to be maintained in the fund.

b. Moneys in the fund at any time in excess of the maximum debt service reserve, whether by reason of investment or otherwise, may be withdrawn at any time by the authority and transferred to any other fund or account of the authority.

c. Moneys at any time in the fund may be invested in any direct obligations of, or obligations as to which the principal and interest thereof is guaranteed by, the United States of America or such other obligations as the authority may approve.

d. For purposes of valuation, investments in the capital reserve fund shall be valued at the lowest of the par value, cost to the authority or market value of the investments. Valuation on any particular date shall include the amount of interest then earned or accrued to the date on any moneys or investments in the reserve fund.

e. Notwithstanding any other provisions contained in this act, no bonds shall be issued by the authority unless there is in the capital reserve fund the maximum debt service reserve for all bonds then issued and outstanding and the bonds about to be issued; provided that nothing herein shall prevent or preclude the authority from satisfying the foregoing requirement by depositing so much of the proceeds of the bonds about to be issued, upon their issuance, as is needed to achieve the maximum debt service reserve. The authority may at any time issue its bonds, notes or other obligations for the purpose of providing any amount necessary to increase the amount in the capital reserve fund to the maximum debt service reserve, or to meet such higher or additional reserve as may be fixed by the authority with respect to the fund.

f. In order to assure the maintenance of the maximum debt service reserve in the capital reserve fund, there shall be appropriated annually and paid to the
authority for deposit in the fund, such sum, if any, as shall be certified by the chairperson of the Board of Higher Education Student Assistance Authority to the Governor as necessary to restore the fund to an amount equal to the maximum debt service reserve. The chairperson shall annually, on or before December 1, make and deliver to the Governor a certificate stating the sums, if any, required to restore the fund to the amount equal to the maximum debt service reserve, and the sum or sums so certified shall be appropriated and paid to the authority during the then current State fiscal year.

g. The capital reserve fund shall be kept separate from any other reserve fund established by the authority and shall not be subject to the provisions of N.J.S. 18A:71A-24.

Dissolution.

Should the Legislature act to dissolve the authority, the dissolution shall not be complete until all loans guaranteed have been paid by the borrower, or if in default, by the authority. Thereafter, upon dissolution of the authority, or the cessation of its activities, all assets of the authority, after payment and discharge of its debts and other liabilities, shall be distributed to the State, for exclusively public purposes, or distributed for one or more exempt purposes within the meaning of paragraph (3) of subsection (c) of section 501 of the federal Internal Revenue Code of 1986, 26 U.S.C.s.501.

Effect of partial invalidity; severability.

If any clause, sentence, article, paragraph, section or part of this act be adjudged to be unconstitutional or invalid, that judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, article, paragraph, section or part thereof directly involved in the controversy in which the judgment has been rendered.

Eligible institution defined.

Unless otherwise restricted by the authority by regulation, "eligible institution" for purposes of this chapter only means an institution of higher education in this State that is licensed by the Commission on Higher Education and accredited or preaccredited by a nationally recognized accrediting association. Eligible institution shall also include certain proprietary institutions but only for certain degree granting programs as approved by the commission.

Student eligibility.

a. A student who is enrolled in an eligible institution and who is eligible for and receives any form of student financial aid through a program administered by the State under this chapter shall be considered to remain domiciled in New Jersey and eligible for continued financial assistance notwithstanding the fact that the student is financially dependent upon the student’s parents or guardians and that the parents or guardians change their domicile to another State.

b. A person shall not be awarded financial aid under this chapter unless the person has been a resident of this State for a period of not less than 12 months immediately prior to receiving the financial aid.

c. A person shall not be awarded student financial aid under this chapter unless the person is a United States citizen or eligible noncitizen, as determined under 20 U.S.C.s.1091. The authority shall determine whether persons who were eligible noncitizens prior to the effective date of the "Personal Responsibility and Work Opportunity Reconciliation Act of 1996," Pub.L.104-193, but not after that date, shall continue to be eligible for student financial aid under this chapter.

d. A person who is incarcerated shall not be eligible for student financial aid under this chapter.

Discrimination forbidden.

Financial aid under this chapter shall be awarded without regard to race, religion, creed, age, sex, national origin or handicapped status.
Academic year defined.

a. An academic year for the purpose of this chapter means the period between the time the institution which the student is attending opens after the general summer vacation until the beginning of the next succeeding summer vacation.

b. In case an institution operates on a full calendar-year program, the academic year shall be determined in accordance with rules adopted by the authority, but in no case shall be less than one-fifth of the time required for the completion of a five-year program, or one-fourth of the time required for the four-year program in an institution operating on an academic year as defined in subsection a. of this section.

Notification of authority in the case of withdrawal or change in status.

18A:71B-5. Notification of Authority in the Case of Withdrawal or Change in Status.

In the event a student for any reason ceases to continue to be enrolled or otherwise becomes ineligible during the course of an academic year, the student shall cease to be eligible for financial aid under this chapter. Both the student and the institution shall have the responsibility to notify the authority when a student ceases to be eligible to receive student assistance because of withdrawal for any reason or a change in status from a full to part-time student.

Verification of compliance with military selective service act.

A student who is subject to the provisions of the "Military Selective Service Act," 50 U.S.C. App. 453, shall not be eligible to receive any State-funded loan, grant, or scholarship for attendance at any postsecondary institution without verification of compliance with the requirements of that act. Verification of compliance shall be satisfied as follows:

a. for a student who uses the Free Application for Federal Student Aid or its equivalent to receive financial aid, verification of military selective service compliance provided under the federal "Higher Education Act of 1965," Pub.L.89-329 (20 U.S.C.s.1001 et seq.) shall be satisfactory;

b. for a student who does not use the Free Application for Federal Student Aid or its equivalent, the institution or agency awarding the financial aid shall not disburse the aid until provided proof, as specified by regulations, that the student has complied with the requirements of the "Military Selective Service Act."

Rules and regulations.

CHAPTER 46, LAWS OF 1999

The Higher Education Student Assistance Authority shall adopt rules and regulations pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), which are necessary to carry out the provisions of N.J.S.18A:71B-6.

False information; penalty.

A person who knowingly and willfully furnishes any false or misleading information for the purpose of obtaining a scholarship or tuition assistance grant, or of enabling another to obtain a scholarship or tuition assistance grant under any program administered by the authority shall be guilty of a crime of the fourth degree. A statement to this effect shall be distributed with all State application forms utilized for any State scholarship or grant programs administered by the authority.

Collection of overpayments and ineligible payments of financial aid.

Because the institution is responsible for ensuring a student's eligibility for financial aid awarded under this chapter, the institution shall be responsible for collecting any State awards which are overpayments or any State awards for which the student is ineligible in whole or in part. In the event an institution is unable to collect an overpayment or ineligible payment from the student, the institution may request the authority to collect the debt from the student. If the institution demonstrates to the authority that it has made a good faith effort to collect the debt, the authority may, on a case by case basis, approve this request. If the authority approves this request from an institution, the authority may use collection procedures that include, but are not limited to, the procedures set forth under N.J.S.18A:71C-1 through N.J.S.18A:71C-20.

Article 2. Garden State Scholarships.

Scholarships created.

There are hereby created Garden State Scholarships which shall be maintained by the State, awarded to secondary school students with records

Any revisions to criteria, methodology and guidelines in effect at the date this act becomes effective shall, after consultation with the Commission on Higher Education, be submitted to the Legislature by the authority, together with appropriate supporting information, and the criteria, methodology, and guidelines shall be deemed approved by the Legislature at the end of 60 calendar days after the date on which they are transmitted to the Legislature, or if the Legislature is not in session on the sixtieth day, then on the next succeeding day on which it is meeting, unless between the date of transmittal and the end of the 60-day period the Legislature passes a concurrent resolution rejecting the criteria, methodology and guidelines in which case the criteria, methodology and guidelines then in effect shall continue in effect.

Award of scholarships.

As determined by the authority and subject to the amount of appropriations available therefor, a Garden State Scholarship shall be awarded annually to each eligible New Jersey resident enrolled as a full-time undergraduate in a curriculum leading to a degree or certificate in an eligible institution.

Renewal of scholarships.

Each Garden State Scholarship awarded shall be renewable annually for up to four years except that, in the case of a scholarship holder who is enrolled in a course of study required by the institution to cover five years, the period of the scholarship shall be the length of time regularly required for the completion of the course of study, but each scholarship shall remain in effect only during such period as the undergraduate holder thereof achieves satisfactory academic progress as defined by the institution,
continues to meet the eligibility criteria and guidelines established pursuant to N.J.S.18A:71B-12, and is regularly enrolled as a full-time student in an eligible institution.

Amount of scholarship; payments.

A Garden State Scholarship shall entitle the recipient to an award in an amount established by the authority pursuant to N.J.S.18A:71B-12, and subject to the amount of appropriations available therefor. Payments under this article shall be made by the State Treasurer on the order of the executive director in accordance with the rules adopted by the authority.

Grants created; use.

There are hereby created State tuition aid grants which shall be maintained by the State, awarded and administered pursuant to this act, and used by the holders thereof for undergraduate study in eligible institutions.

18A:71B-20. Eligibility, Prerequisite.

a. A State tuition aid grant shall be awarded annually to each eligible, qualified full-time undergraduate student enrolled in a curriculum leading to a degree or certificate in an eligible institution, or in an institution of higher education in another state, provided that state permits its residents to utilize its state student financial assistance grants in New Jersey institutions of higher education through reciprocity agreements approved by the authority. In no event shall a State tuition aid grant be utilized at an out-of-State institution which is not licensed by that state and accredited by a regional accrediting association recognized by a national accrediting organization.
b. To each New Jersey resident enrolled as a full-time student and meeting the other requirements for eligibility under this chapter, the State shall grant an amount as provided in N.J.S.18A:71B-21. A student shall not be eligible for a grant unless the application is in a form satisfactory to the authority. A student shall not be eligible for grants for more than four and one-half academic years, unless the recipient is enrolled in an undergraduate program regularly requiring five academic years for completion, in which case the authority shall permit five and one-half years of eligibility. Notwithstanding the foregoing provisions, a student receiving aid under the provisions of P.L.1968, c.142 (C.18A:71-28 et seq.) shall be entitled to a sixth year of eligibility. Notwithstanding the foregoing provisions, a county college student who transfers to a four-year institution, or any student who is required to pursue 18 or more credit hours in a remedial or developmental curriculum, as defined by regulations adopted by the authority, is entitled to an additional half year of eligibility. For the purpose of this article, a remedial curriculum shall include only noncredit courses in which a student is directed to enroll by the institution. Eligibility for tuition aid grants may be extended to part-time students through regulations developed by the authority if funds are separately appropriated for this purpose. A student shall not be eligible for grants unless the student maintains such minimum standards of academic performance as are required by the institution of enrollment. A student who is enrolled in a course leading to a degree in theology or divinity shall not be eligible for a tuition aid grant.

The amount of a State tuition aid grant awarded under this act to any student attending an institution of higher education in any state other than New Jersey pursuant to this section shall not exceed $500 in an academic year. The amount of grant to be paid for each semester or its equivalent shall be based on the financial need for the grant, as determined by standards and procedures established by the authority, and subject to the amount of appropriations available therefor.

b. Appropriations for each program category of tuition aid grants shall be separately made by line item.

c. State tuition aid grants shall be awarded by the authority to all eligible applicants without any limitation on the number to be awarded in any year other than the amount of appropriations available therefor. In the event that the amount appropriated is insufficient for full awards to all eligible applicants, the authority, in consultation with the Commission on Higher Education, shall reduce awards equitably among eligible students according to such procedures and guidelines as it shall establish. Any revisions of procedures and guidelines in effect as of the effective date of this act shall be submitted on or before March 1 of the prebudget year by the executive director of the authority to the Joint Budget Oversight Committee of the Legislature, or its successor, together with supporting information. The revised criteria and guidelines may be approved or disapproved by the Joint Budget Oversight Committee, or its successor, at any time; provided that if at the end of a 60-calendar day period after the date on which the revisions are transmitted to the committee, the committee has taken no action, the proposed revised criteria and guidelines shall be deemed to be approved by the committee.

The Higher Education Student Assistance Authority shall administer the NJBEST Program. The authority shall have the power to:

Immunity.

Neither the members of the authority, nor any officer or employee of the authority shall be liable personally for the debts, liabilities or obligations of the program established pursuant to this article.

Selection of investment manager.

a. The authority shall select an investment manager or managers to invest the funds of the trust or the funds in accounts. In making this selection, any investment manager shall be subject to the "prudent person" standard of care applicable to the Division of Investment in the Department of the Treasury pursuant to subsection b. of section 11 of P.L. 1950, c. 270 (C. 52: 18A-89), and the authority shall consider the impact of fees and costs imposed by the manager or managers on yield to contributors.

b. The authority may select more than one investment manager and investment instrument for the program if it is in the best interest of contributors and will not interfere with the administration of the program.

c. The authority may provide a contributor with a choice of investment managers or investment instruments or both for the program if both of the following conditions exist:

(1) the federal Internal Revenue Service has provided guidance that providing a contributor with a choice of investment managers or instruments under a State tuition program will not cause the program to fail to qualify for favorable tax treatment under section 529 of the federal Internal Revenue Code of 1986, 26 U.S.C.s.529; and

(2) the authority concludes that a choice of investment managers or of investment instruments is in the best interest of contributors and will not interfere with the administration of the program.

d. If the authority terminates the designation of an investment manager to hold accounts, and accounts must be moved from that investment manager to another investment manager, the authority shall select the investment manager and type of investment instrument to which the balance of the account is moved, unless the federal Internal Revenue Service provides guidance that allowing the contributor to select among several investment managers or investment instruments that have been selected by the authority would not cause a program to cease to be a qualified State tuition program for the purposes of section 529 of the federal Internal Revenue Code, 26 U.S.C.s.529.

Operation of program; fees.

18A:71B-41. Operation of Program; Fees.

a. The program shall be operated as a trust through the use of accounts for designated beneficiaries. An account may be opened by any person who desires to save to pay the qualified higher education expenses of an individual by satisfying each of the following requirements:

(1) completing an application in the form prescribed by the authority;

(2) paying the one-time application fee established by the authority;

(3) making the minimum contribution required by the authority for opening an account;
(4) designating the account or accounts to be opened; and
(5) in the case of an account to which subsection a. of N.J.S.A.18A:71B-44 would apply, demonstrating to the satisfaction of the authority that either the contributor, if an individual, or the designated beneficiary is a New Jersey resident. The requirement of New Jersey residency for either the contributor or the designated beneficiary would not apply to an account to which subsection b. of N.J.S.18A:71B-44 would apply unless otherwise determined by the authority.

b. Except as provided under N.J.S.18A:71B-42, only the contributor may make contributions to an account after the account is opened.

e. A contributor may change the designated beneficiary of an account or rollover all or a portion of an account to another account if the change or rollover would not result in a distribution includible in gross income under section 529 of the federal Internal Revenue Code of 1986, 26 U.S.C.s.529, in accordance with procedures established by the authority.

f. In the case of any nonqualified withdrawal, a penalty at a level established by the authority and sufficient to be considered a more than de minimis penalty for purposes of section 529 of the federal Internal Revenue Code of 1986, 26 U.S.C.s.529, shall be withheld and paid to the authority for use in operating and marketing the program. The authority may elect not to impose a penalty if that section ceases to include a provision requiring more than de minimis penalties for a program to qualify as a qualified State tuition program.

g. If a contributor makes a nonqualified withdrawal and a penalty amount is not withheld pursuant to subsection f. of this section or the amount withheld is less than the amount required to be withheld under that subsection, the contributor shall pay the unpaid portion of the penalty to the authority at the same time that the contributor files a State income tax return for the taxable year of the withdrawal, or if the contributor does not file a return, the unpaid portion of the penalty shall be paid on or before the due date for the filing of that income tax return.

h. Each account shall be maintained separately from each other account under the program.

i. Separate records and accounting shall be maintained for each account for each designated beneficiary.
j. A contributor to or designated beneficiary of any account shall not direct the investment of any contributions to an account or the earnings from the account, except as permitted under section 529 of the federal Internal Revenue Code of 1986, 26 U.S.C.s.529.

k. A contributor or a designated beneficiary shall not use an interest in an account as security for a loan. Any pledge of an interest in an account is of no force and effect.

l. The maximum contribution for any designated beneficiary shall be determined by the authority pursuant to regulations, in accordance with section 529 of the federal Internal Revenue Code of 1986, 26 U.S.C.s.529.

m. Statements, reports on distributions and information returns relating to accounts shall be prepared, distributed, and filed to the extent required by section 529 of the federal Internal Revenue Code of 1986, 26 U.S.C.s.529, or regulations issued thereunder.

n. The authority may charge, impose and collect reasonable administrative fees and service charges in connection with any agreement, contract or transaction relating to the program. These fees and charges may be imposed directly on contributors or may be taken as a percentage of the investment earnings on accounts.

o. The State or any State agency, municipality, or other political subdivision may, by contract or collective bargaining agreement, agree with any employee to remit contributions to accounts through payroll deductions made by the appropriate officer or officers of the State, State agency, county, municipality, or political subdivision. The contributions shall be held and administered in accordance with this act.

NJBEST scholarship; conditions.

18A:71B-42. NJBEST Scholarship; Conditions.

a. An amount of no less than $500 shall be provided by the State for the qualified higher education expenses of a designated beneficiary at the time of a qualified withdrawal provided that:

   (1) the contributor demonstrates, to the satisfaction of the authority, that the contributor participated in the program for at least four years by making a qualifying minimum initial deposit or qualifying minimum annual contributions, or both, as shall be determined by the authority, for a designated beneficiary;

   (2) the designated beneficiary demonstrates, to the satisfaction of the authority, attendance or enrollment in a higher education institution in this State, at the time of initial attendance or enrollment in the higher education institution; and

Assurance of availability of principal.

18A:71B-44. Assurance of Availability of Principal.

a. If the investment manager is the Division of Investment in the Department of the Treasury, in order to assure the availability of principal of any amount contributed under this article, there shall be paid to the authority for deposit in the trust, at the time of distribution, subject to appropriation, such sum, if any, as shall be certified by the chairperson of the authority as necessary to provide that amount at the time of distribution. The chairperson shall make and deliver to the Governor, or his designee, the certificate stating the sums, if any, required to make available in the trust the amount aforesaid, and the sums so certified shall be appropriated and paid to the authority during the then current State fiscal year.

No account balance shall exceed the maximum amount of insurance provided by the insurer. No investment is permitted in derivatives of eligible securities, and any

(2) establish State residency for a person merely because the person is a designated beneficiary; or

(3) guarantee that amounts saved pursuant to the program will be sufficient to cover the qualified higher education expenses of a designated beneficiary.

determines that the program participant is not a suitable candidate for the
program, the executive director shall take this recommendation into
consideration in regard to the participant’s final acceptance into the
program. No loan redemption payment shall be made during the six-month
probationary period; however, a program participant shall receive credit for
the six-month period in calculating the first year of required service under
the loan redemption contract.

Matching of participants with areas.

The executive director or designee, in consultation with the Commis­
sioner of Health and Senior Services, shall match program participants to

participant preference.

Determination of number of positions; selection of participants.

Participants.

The executive director or designee shall annually determine the number
of program positions available on the basis of the need for primary care

underserved areas as determined by the Commissioner of Health and Senior
Services and the State and federal funds available for the program. Once
the number of program positions has been determined, the executive
director or designee shall select the program participants from among those
students who have applied to the program and who meet the criteria
established pursuant to N.J.S.18A:71C-34. In selecting program partici­

A participant seeking to nullify the contract before completing a second full year of service shall be required to pay 50% of the redeemed portion of indebtedness in not more than one year following nullification of the agreement.

Death or permanent disability of participant.

18A:71C-42. Death or Permanent Disability of Participant.

In case of a program participant’s death or total and permanent disability, the authority shall nullify the service obligation of the student. The nullification shall terminate the authority’s obligations under the loan redemption contract, except in the event that a participant’s death or total and permanent disability occurs after the second year of service, the authority shall redeem the current year of service. When continued enforcement of the contract may result in extreme hardship, the authority may nullify or suspend the service obligation of the student.

Conviction of crime; gross negligence; license suspension or revocation.

18A:71C-43. Conviction of Crime; Gross Negligence; License Suspension or Revocation.

In case of a program participant’s conviction of a crime or an act of gross negligence in the performance of service obligations or when the license to practice has been suspended or revoked, the executive director or designee shall have the authority to terminate the participant’s service in the program and require forfeiture of the amount redeemed for the current year of service.

(a) There is hereby established in but not of the Department of the Treasury a public body corporate and politic, with corporate succession to be known as the "New Jersey educational facilities authority." Notwithstanding this allocation, the authority shall be independent of any supervision or control by the department or any officer thereof. The authority shall constitute a political subdivision of the State established as an instrumentality exercising public and essential governmental functions, and the exercise by the authority of the powers conferred by this chapter shall be deemed and held to be an essential governmental function of the State.

(b) The authority shall consist of seven members, two of whom shall be the chairman of the Commission on Higher Education, ex officio, and the State Treasurer, ex officio, or when so designated by them, their deputies and five citizens of the State to be appointed by the Governor with the advice and consent of the Senate for terms of five years; provided that the terms of the members first appointed shall be arranged by the Governor so that one of such terms shall expire on April 30 in each successive year ensuing after such appointments. Each member shall hold office for the term of his appointment and shall continue to serve during the term of his successor unless and until his successor shall have been appointed and qualified. Any vacancy among the members appointed by the Governor shall be filled by appointment for the unexpired term only. A member of the authority shall be eligible for reappointment.

(c) Any member of the authority appointed by the Governor may be removed from office by the Governor for cause after a public hearing.
(d) The members of the authority shall serve without compensation, but

in the discharge of their duties.

(e) The authority, upon the first appointment of its members and
thereafter on or after April 30 in each year, shall annually elect from among
its members a chairman and a vice chairman who shall hold office until
April 30 next ensuing and shall continue to serve during the terms of their
respective successors unless and until their respective successors shall have

to exercise all the rights and perform all the duties of the authority.

(g) Before the issuance of any bonds under the provisions of this
chapter, the members and the officer of the authority charged with the

If the Governor shall not return the minutes within said 10-day period, any action therein recited shall have force and effect according to the wording thereof.

At any time prior to the expiration of the said 10-day period, the Governor may sign a statement of approval of any such action of the authority, in which case the action so approved shall not thereafter be disapproved.

Notwithstanding the foregoing provisions of this subsection (i), with regard to the authorization or sale of bonds of the authority, the authority shall furnish to the Governor a certified copy of the minutes of the meeting at which the bonds are authorized or sold and the Governor shall indicate approval or disapproval of the action upon receipt of the certified copy of the minutes.

The powers conferred in this subsection (i) upon the Governor shall be exercised with due regard for the rights of the holders of bonds of the authority at any time outstanding, and nothing in or done pursuant to this subsection (i) shall in any way limit, restrict or alter the obligation or powers of the authority or any representative or officer of the authority to carry out and perform in every detail each and every covenant, agreement or contract at any time made or entered into by or on behalf of the authority with respect to its bonds or for the benefit, protection or security of the holders thereof.

With respect to employees for whom there is no majority representative for collective negotiations purposes, the employer may, in its sole discretion, determine the payment obligations for the employer and the employees, except that if there are collective negotiations agreements binding upon the employer for employees who are within the same community of interest as employees in a collective negotiations unit but are excluded from participation in the unit by the "New Jersey Employer-Employee Relations Act," P.L.1941, c.100 (C.34:13A-1 et seq.), the payment obligations shall be determined in a manner consistent with the terms of any collective negotiations agreement applicable to the collective negotiations unit.

b. Upon such hearing, if the court finds that continued removal is necessary to avoid an ongoing risk to the child's life, safety or health, it shall affirm the removal of the child to an appropriate place or place him in the custody of a suitable person.

If the court determines that removal of the child by a physician, police officer, designated employee of the Probation Division or designated employee of the Division of Youth and Family Services was necessary due to imminent danger to the child's life, safety or health, the court shall find that the Division of Youth and Family Services was not required to provide reasonable efforts to prevent placement of the child in accordance with section 24 of P.L.1999, c.53 (C.30:4C-11.2).

e. Such adjustment may include a preliminary conference held by the division at its discretion upon written notice to the parent or guardian and the potential complainant for the purpose of attempting such adjustment, provided however that the division shall not be authorized under this section to compel any person to appear at any conference, produce any papers, or visit any place.

Any adjournment granted in the course of such a proceeding should be for as short a time as possible.

b. (1) Placements under this section may be for an initial period of 12 months and the court, in its discretion, may at the expiration of that period, upon a hearing make successive extensions for additional periods of up to one year each. The court on its own motion may, at the conclusion of any period of placement, hold a hearing concerning the need for continuing the placement.

(2) The court shall conduct a permanency hearing for the child no later than 30 days after placement in cases in which the court has determined that reasonable efforts to prevent placement are not required pursuant to subsection a. of this section, or no later than 12 months after placement in cases in which the court has determined that efforts to reunify the child with the parent or guardian are required. The hearing shall include, but not necessarily be limited to, consideration and evaluation of information provided by the division and other interested parties regarding such matters as those listed in subsection c. of section 50 of P.L.1999, c.53 (C.30:4C-61.2).

(3) The court shall review the permanency plan for the child periodically, as deemed appropriate by the court, to ensure that the permanency plan is achieved.

   b. The State has an affirmative obligation to recognize and protect these rights through its articulation of a clear and specific bill of rights that reflects the best interests of the child whereby the safety of the child is of paramount concern and an affirmation by the State of its commitment to enforce these rights in order to protect and promote the welfare of the child placed outside his home; and
   c. The obligation of the State to recognize and protect the rights of the child placed outside his home shall be fulfilled in the context of a clear and consistent policy to promote the child's eventual return to his home or placement in an alternative permanent setting, which this Legislature has expressly declared to be in the public interest in section 2 of the "Child Placement Review Act," P.L.1977, c.424 (C.30:4C-51).

   (4) such other provisions as may be appropriate to implement the proper administration of the compact.

20. Section 1 of P.L.1951, c.138 (C.30:4C-1) is amended to read as follows:

C.30:4C-1 Administration of act in accordance with public policy.

   1. This act is to be administered strictly in accordance with the general principles laid down in this section, which are declared to be the public policy of this State, whereby the safety of children shall be of paramount concern:

      (a) That the preservation and strengthening of family life is a matter of public concern as being in the interests of the general welfare, but the health and safety of the child shall be the State's paramount concern when making a decision on whether or not it is in the child's best interest to preserve the family unit;

      (b) That the prevention and correction of dependency and delinquency among children should be accomplished so far as practicable through welfare services which will seek to continue the living of such children in their own homes;

      (c) That necessary welfare services to children should be strengthened and extended through the development of private and voluntary agencies qualified to provide such services;

      (d) That wherever in this State necessary welfare services are not available to children who are dependent or adjudged delinquent by proper judicial tribunal, or in danger of so becoming, then such services should be
provided by this State until such times as they are made available by private and voluntary agencies;

(e) That the State may assist private, public and voluntary agencies to construct, purchase, upgrade or renovate youth facilities for the residential care or day treatment of children in need of these services; and

(f) That each child placed outside his home by the State has the need for permanency: through return to the child's own home, if the child can be returned home without endangering the child's health or safety; through adoption, if family reunification is not possible; or through an alternative permanent placement, if termination of parental rights is not appropriate.

21. Section 3 of P.L.1951, c.138 (C.30:4C-3) is amended to read as follows:

C.30:4C-3 Duties of Division of Youth and Family Services.

3. The Division of Youth and Family Services, in administering the provisions of this act, whereby the safety of children shall be of paramount concern, shall:

(a) provide care and custody for children eligible therefor in such manner that the children may, so far as practicable, continue to live in their own homes and family life be thereby preserved and strengthened;

(b) provide necessary welfare services as may be required by such children, so far as practicable, without assumption of custody;

(c) encourage the development of private and voluntary agencies qualified to provide welfare services for children to the end that through cooperative effort the need for such services may be limited or reduced; and

(d) for each child placed outside his home by the division, provide permanency through return of the child to the child's own home, if the child can be returned home without endangering the child's health or safety; through adoption, if family reunification is not possible; or through an alternative permanent placement, if termination of parental rights is not appropriate.

22. Section 11 of P.L.1951, c.138 (C.30:4C-11) is amended to read as follows:

C.30:4C-11 Application for care and custody; verification, investigation.

11. Whenever it shall appear that any child within this State is of such circumstances that the child's safety or welfare will be endangered unless proper care or custody is provided, an application setting forth the facts in the case may be filed with the Division of Youth and Family Services by a parent or other relative of such child, by a person standing in loco parentis to such child, by a person or association or agency or public official having a special
interest in such child or by the child himself, seeking that the division accept and provide such care or custody of such child as the circumstances may require. Such application shall be in writing, and shall contain a statement of the relationship to or special interest in such child which justifies the filing of such application. The provisions of this section shall be deemed to include an application on behalf of an unborn child when the prospective mother is within this State at the time of application for such services.

Upon receipt of an application as provided in this section, the division shall verify the statements set forth in such application and shall investigate all the matters pertaining to the circumstances of the child. If upon such verification and investigation it shall appear (a) that the safety or welfare of such child will be endangered unless proper care or custody is provided; (b) that the needs of such child cannot properly be provided for by financial assistance as made available by the laws of this State; (c) that there is no person legally responsible for the support of such child whose identity and whereabouts are known and who is willing and able to provide for the care and support required by such child; and (d) that such child, if suffering from a mental or physical disability requiring institutional care, is not immediately admissible to any public institution providing such care; then the division may accept and provide such care or custody as the circumstances of such child may require.

C.30:4C-11.1 Health, safety of paramount concern in placement of child.

23. a. In accordance with the provisions of subsections b., c., and d. of this section, when determining the reasonable efforts to be made and when making the reasonable efforts, the child’s health and safety shall be of paramount concern.

b. In any case in which the division accepts a child in care or custody, the division shall make reasonable efforts, prior to placement, to preserve the family in order to prevent the need for removing the child from his home. After placement, the division shall make reasonable efforts to make it possible for the child to safely return to his home.

c. Reasonable efforts to place a child for adoption or with a legal guardian or in an alternative permanent placement may be made concurrently with reasonable efforts to preserve and reunify the child’s family.

d. In any case in which family reunification is not the permanency plan for the child, reasonable efforts shall be made to place the child in a timely manner and to complete the steps necessary to finalize the permanent placement of the child.

C.30:4C-11.2 Exceptions to requirement to make reasonable efforts to prevent placement of child.

24. In any case in which the Division of Youth and Family Services accepts a child in care or custody, including placement, the division shall
not be required to provide reasonable efforts to prevent placement of the child if a court of competent jurisdiction has determined that both of the following criteria are met:

a. One of the following actions has occurred:
   (1) the parent has subjected the child to aggravated circumstances of abuse, neglect, cruelty or abandonment,
   (2) the parent has been convicted of murder, aggravated manslaughter or manslaughter of a child; aiding or abetting, attempting, conspiring or soliciting to commit murder, aggravated manslaughter or manslaughter of a child; committing or attempting to commit an assault that resulted, or could have resulted, in the significant bodily injury to a child; or committing a similarly serious criminal act which resulted, or could have resulted, in the death or significant bodily injury to a child,
   (3) the rights of the parent to another of the parent’s children have been involuntarily terminated or
   (4) removal of the child was required due to imminent danger to the child’s life, safety or health; and

b. Efforts to prevent placement were not reasonable due to risk of harm to the child’s health or safety.

When determining whether reasonable efforts are required to prevent placement, the health and safety of the child shall be of paramount concern to the court.

C.30:4C-11.3 Exceptions to requirement to provide reasonable efforts to reunify child with parent.

25. In any case in which the Division of Youth and Family Services accepts a child in care or custody, including placement, the division shall not be required to provide reasonable efforts to reunify the child with a parent if a court of competent jurisdiction has determined that:

a. The parent has subjected the child to aggravated circumstances of abuse, neglect, cruelty or abandonment;

b. The parent has been convicted of murder, aggravated manslaughter or manslaughter of a child; aiding or abetting, attempting, conspiring or soliciting to commit murder, aggravated manslaughter or manslaughter of a child; committing or attempting to commit an assault that resulted, or could have resulted, in significant bodily injury to a child; or committing a similarly serious criminal act which resulted, or could have resulted, in the death of or significant bodily injury to a child; or

c. The rights of the parent to another of the parent’s children have been involuntarily terminated.
When determining whether reasonable efforts are required to reunify the child with the parent, the health and safety of the child and the child's need for permanency shall be of paramount concern to the court.

This section shall not be construed to prohibit the division from providing reasonable efforts to reunify the family, if the division determines that family reunification is in the child's best interests.

A permanency plan for the child may be established at the same hearing at which the court determines that reasonable efforts are not required to reunify the child with the parent, if the hearing meets all of the requirements of a permanency hearing pursuant to section 50 of P.L.1999, c.53 (C.30:4C-61.2).

C.30:4C-11.4 Permanency hearing.

26. Any hearing held before the Family Part of the Chancery Division of the Superior Court may serve as a permanency hearing to provide judicial review and approval of a permanency plan for the child if all the requirements of section 50 of P.L.1999, c.53 (C.30:4C-61.2) are met.

27. Section 12 of P.L.1951, c.138 (C.30:4C-12) is amended to read as follows:

C.30:4C-12 Filing complaint; investigation; application for court order; hearing.

12. Whenever it shall appear that the parent or parents, guardian, or person having custody and control of any child within this State is unfit to be entrusted with the care and education of such child, or shall fail to provide such child with proper protection, maintenance and education, or shall fail to ensure the health and safety of the child, or is endangering the welfare of such child, a written or oral complaint may be filed with the Division of Youth and Family Services by any person or by any public or private agency or institution interested in such child. When such a complaint is filed by a public or private agency or institution, it shall be accompanied by a summary setting forth the reason for such complaint and other social history of the child and his family's situation which justifies such complaint; or, if this is not feasible, such summary shall be made available to the Division of Youth and Family Services as soon thereafter as possible. Upon receipt of a complaint as provided in this section, the Division of Youth and Family Services shall investigate, or shall cause to be investigated, the statements set forth in such complaint. If the circumstances so warrant, the parent, parents, guardian, or person having custody and control of the child shall be afforded an opportunity to file an application for care, as provided in section 11 of P.L.1951, c.138 (C.30:4C-11). If the parent, parents, guardian, or person having custody and control of the child shall refuse to permit or shall in any way impede investigation, and the division determines that further investigation is necessary in the best
CHAPTER 53, LAWS OF 1999

interests of the child, the division may thereupon apply to the Family Part of the Chancery Division of the Superior Court in the county where the child resides, for an order directing the parent, parents, guardian, or person having custody and control of the child to permit immediate investigation. The court, upon such application, may proceed to hear the matter in a summary manner and if satisfied that the best interests of the child so require may issue an order as requested.

If, after such investigation has been completed, it appears that the child requires care and supervision by the Division of Youth and Family Services or other action to ensure the health and safety of the child, but the parent, parents, guardian, or person having custody and control of the child continue to refuse to apply for care in the manner provided in section 11 of P.L.1951, c.138 (C.30:4C-11) or to take action to ensure the health and safety of the child, the division may apply to the Family Part of the Chancery Division of the Superior Court in the county where the child resides for an order making the child a ward of the court and placing such child under the care and supervision of the Division of Youth and Family Services.

The court, at a summary hearing held upon notice to the Division of Youth and Family Services, and to the parent, parents, guardian, or person having custody and control of the child, if satisfied that the best interests of the child so require, may issue an order as requested, which order shall have the same force and effect as the acceptance of a child for care by the division as provided in section 11 of P.L.1951, c.138 (C.30:4C-11); provided, however, that such order shall not be effective beyond a period of six months from the date of entry unless the court, upon application by the Division of Youth and Family Services, at a summary hearing held upon notice to the parent, parents, guardian, or person having custody of the child, extends the time of the order.

Immediately after the court's order and while the child is in the division's care, the division shall initiate a search for the child's mother or father, if they are not known to the division. The search shall be initiated within 30 days of the court order. The search will be completed when all sources contacted have either responded to the inquiry or failed to respond within 45 days. The results shall be valid for six months after the date it was completed.

C.30:4C-12.2 Foster parent notice, opportunity to be heard.

28. In any case in which the Division of Youth and Family Services accepts a child in its care or custody, the child's foster parent, preadoptive parent or relative providing care for the child, as applicable, shall receive written notice of and an opportunity to be heard at any review or hearing held with respect to the child, but the foster parent, preadoptive parent or
relative shall not be made a party to the review or hearing solely on the basis of the notice and opportunity to be heard.

29. Section 15 of P.L.1951, c.138 (C.30:4C-15) is amended to read as follows:

C.30:4C-15 Petition to terminate parental rights, conditions.

15. Whenever (a) it appears that a court wherein a complaint has been proffered as provided in chapter 6 of Title 9 of the Revised Statutes, has entered a conviction against the parent or parents, guardian, or person having custody and control of any child because of abuse, abandonment, neglect of or cruelty to such child; or (b) (Deleted by amendment, P.L.1991, c.275); (c) it appears that the best interests of any child under the care or custody of the Division of Youth and Family Services require that he be placed under guardianship; or (d) it appears that a parent or guardian of a child, following the acceptance of such child by the division pursuant to section 11 or 12 of P.L.1951, c.138 (C.30:4C-11 or 12), or following the placement or commitment of such child in the care of an authorized agency, whether in an institution or in a foster home, and notwithstanding the reasonable efforts of such agency to encourage and strengthen the parental relationship, has failed for a period of one year to remove the circumstances or conditions that led to the removal or placement of the child, although physically and financially able to do so, notwithstanding the division's reasonable efforts to assist the parent or guardian in remedying the conditions; (e) the parent has abandoned the child; or (f) the parent of a child has been found by a criminal court of competent jurisdiction to have committed murder, aggravated manslaughter or manslaughter of another child of the parent; to have aided or abetted, attempted, conspired, or solicited to commit such murder, aggravated manslaughter or manslaughter of the child or another child of the parent; or to have committed, or attempted to commit, an assault that resulted, or could have resulted, in the significant bodily injury to the child or another child of the parent; or the parent has committed a similarly serious act which resulted, or could have resulted, in the death or significant bodily injury to the child or another child of the parent; a petition to terminate the parental rights of the child's parents, setting forth the facts in the case, shall be filed by the division with the Family Part of the Chancery Division of the Superior Court in the county where such child may be at the time of the filing of such petition. A petition shall be filed as soon as any one of the circumstances in subsections (a) through (f) of this section is established, but no later than when the child has been in placement for 15 of the most recent 22 months, unless the division establishes an exception to the requirement to seek termination of parental
rights in accordance with section 31 of P.L.1999, c.53 (C.30:4C-15.3). Upon filing the petition, the division shall initiate concurrent efforts to identify, recruit, process and approve a qualified family to adopt the child.

A petition as provided in this section may be filed by any person or any association or agency, interested in such child in the circumstances set forth in subsections (a) and (f) of this section. The division shall seek to be joined as a party to a petition filed to terminate the parental rights of a child in the care and custody of the division unless the division has established an exception to the requirement to seek termination of parental rights in accordance with section 31 of P.L.1999, c.53 (C.30:4C-15.3).

30. Section 7 of P.L.1991, c.275 (C.30:4C-15.1) is amended to read as follows:

C.30:4C-15.1 Termination of parental rights, standards.

7. a. The division shall initiate a petition to terminate parental rights on the grounds of the "best interests of the child" pursuant to subsection (c) of section 15 of P.L.1951, c.138 (C.30:4C-15) if the following standards are met:

(1) The child's safety, health or development has been or will continue to be endangered by the parental relationship;

(2) The parent is unwilling or unable to eliminate the harm facing the child or is unable or unwilling to provide a safe and stable home for the child and the delay of permanent placement will add to the harm. Such harm may include evidence that separating the child from his foster parents would cause serious and enduring emotional or psychological harm to the child;

(3) The division has made reasonable efforts to provide services to help the parent correct the circumstances which led to the child's placement outside the home and the court has considered alternatives to termination of parental rights; and

(4) Termination of parental rights will not do more harm than good.

b. The division shall initiate a petition to terminate parental rights on the ground that the "parent has abandoned the child" pursuant to subsection (e) of section 15 of P.L.1951, c.138 (C.30:4C-15) if the following standards are met:

(1) a court finds that for a period of six or more months:
   (a) the parent, although able to have contact, has had no contact with the child, the child's foster parent or the division; and
   (b) the parent's whereabouts are unknown, notwithstanding the division's reasonable efforts to locate the parent; or

(2) where the identities of the parents are unknown and the division has exhausted all reasonable methods of attempting identification, the division
may immediately file for termination of parental rights upon the completion of the law enforcement investigation.

c. As used in this section and in section 15 of P.L.1951, c.138 (C.30:4C-15) "reasonable efforts" mean attempts by an agency authorized by the division to assist the parents in remedying the circumstances and conditions that led to the placement of the child and in reinforcing the family structure, including, but not limited to:

(1) consultation and cooperation with the parent in developing a plan for appropriate services;
(2) providing services that have been agreed upon, to the family, in order to further the goal of family reunification;
(3) informing the parent at appropriate intervals of the child's progress, development and health; and
(4) facilitating appropriate visitation.

d. The division shall not be required to provide "reasonable efforts" as defined in subsection c. of this section prior to filing a petition for the termination of parental rights if an exception to the requirement to provide reasonable efforts to reunify the family has been established pursuant to section 25 of P.L.1999, c.53 (C.30:4C-11.3).

C.30:4C-15.3 Exemptions from requirement to file petition seeking termination of parental rights.

31. The Division of Youth and Family Services shall not be required to file a petition seeking the termination of parental rights if:

a. The child is being cared for by a relative and a permanent plan for the child can be achieved without termination of parental rights;
b. The division has documented in the case plan, which shall be available for court review, a compelling reason for determining that filing the petition would not be in the best interests of the child; or
c. The division is required to provide reasonable efforts to reunify the family but the division has not provided to the family of the child, consistent with the time period in the case plan, such services as the division deems necessary for the safe return of the child to his home.

32. Section 20 of P.L.1951, c.138 (C.30:4C-20) is amended to read as follows:

C.30:4C-20 Order terminating parental rights; committing child to guardianship.

20. If upon the completion of such hearing the court is satisfied that the best interests of such child require that he be placed under proper guardianship, such court shall make an order terminating parental rights and committing such child to the guardianship and control of the Division of Youth and Family Services, and such child shall thereupon become the legal
ward of the division, which shall be the legal guardian of such child for all purposes, including the placement of such child for adoption.

If the court shall have made an interlocutory order as provided in section 17 of P.L.1951, c.138 (C.30:4C-17), but at the final hearing a further order of commitment shall not be made as provided in this section, the Division of Youth and Family Services shall return the child forthwith to the parent or parents, guardian or person having had custody of the child immediately prior to the filing of the petition; provided, however, that if the return does not ensure the safety of the child or if the parent or parents, guardian or person having had custody cannot be found or, for other reason satisfactory to the court, is unable to accept the child, the division, upon order of the court, may place the child with such other person or persons who, at the time of final hearing, expressed willingness to accept the child, but such order shall in no wise be construed as a grant of custody or guardianship. In all such cases the interlocutory order shall continue in full force and effect until the division shall have made disposition of the child as provided herein or as otherwise provided by law, but in no case for a period longer than 30 days after the final hearing.

33. Section 2 of P.L.1992, c.139 (C.30:4C-26.11) is amended to read as follows:

C.30:4C-26.11 Findings, declarations.
2. The Legislature finds and declares that:
   a. It is in the public interest, whereby the safety of the child is of paramount concern, to afford every child placed outside of his home by the Division of Youth and Family Services the opportunity for eventual return to his home or placement in an alternative permanent home;
   b. If it has been determined that reuniting the child with the child's parents or placing the child for adoption will not serve a child's best interest, the child's best interest may be served through a transfer to long-term foster care custody with the child's foster parent; and
   c. It is the purpose of this act to establish conditions and procedures for the transfer of a child to long-term foster care custody.

34. Section 1 of P.L.1985, c.396 (C.30:4C-26.8) is amended to read as follows:

C.30:4C-26.8 Adoptive, foster parent; investigation.
1. a. A person, in addition to meeting other requirements as may be established by the Department of Human Services, shall become a foster parent or eligible to adopt a child only upon the completion of an investigation to ascertain if there is a State or federal record of criminal history for the
prospective foster or adoptive parent or any other adult residing in the prospective parent's home. The investigation shall be conducted by the Division of State Police in the Department of Law and Public Safety and shall include an examination of its own files and the obtaining of a similar examination by federal authorities.

b. If the prospective foster or adoptive parent or any adult residing in the prospective parent's home has a record of criminal history, the Department of Human Services shall review the record with respect to the type and date of the criminal offense and make a determination as to the suitability of the person to become a foster parent or adoptive parent or the suitability of placing a child in that person's home, as the case may be.

c. For the purposes of this section, a conviction for one of the offenses enumerated in subsection d. or e. of this section has occurred if the person has been convicted under the laws of this State or any other state or jurisdiction for an offense that is substantially equivalent to the offenses enumerated in these subsections.

d. A person shall be disqualified from being a foster parent or shall not be eligible to adopt a child if that person or any adult residing in that person's household ever committed a crime which resulted in a conviction for:

(4) stalking pursuant to P.L.1992, c.209 (C.2C:12-10);

(10) endangering the welfare of an incompetent person pursuant to N.J.S.2C:24-7 or endangering the welfare of an elderly or disabled person pursuant to N.J.S.2C:24-8;

(11) terrorist threat pursuant to N.J.S.2C:12-3;
(12) arson pursuant to N.J.S.2C:17-1, or causing or risking widespread injury or damage which would constitute a crime of the second degree pursuant to N.J.S.2C:17-2; or
(13) an attempt or conspiracy to commit an offense listed in paragraphs (1) through (12) of this subsection.

e. A person shall be disqualified from being a foster parent or shall not be eligible to adopt a child if that person or any adult residing in that person's household was convicted of one of the following crimes and the date of release from confinement occurred during the preceding five years:

(1) simple assault pursuant to subsection a. of N.J.S.2C:12-1;
(2) aggravated assault which would constitute a crime of the fourth degree pursuant to subsection b. of N.J.S.2C:12-1;
(3) a drug-related crime pursuant to P.L.1987, c.106 (C.2C:35-1 et seq.);
(4) robbery which would constitute a crime of the second degree pursuant to N.J.S.2C:15-1;
(5) burglary which would constitute a crime of the third degree pursuant to N.J.S.2C:18-2; or

For the purposes of this subsection, the "date of release from confinement" means the date of termination of court-ordered supervision through probation, parole, or residence in a correctional facility, whichever date occurs last.

35. Section 1 of P.L.1989, c.21 (C.30:4C-26.9) is amended to read as follows:

C.30:4C-26.9 Provisional approval for foster parent.

1. The Department of Human Services may grant approval to a prospective foster parent for a period not to exceed six months, upon completion of the State portion of the criminal history record investigation required pursuant to P.L.1985, c.396 (C.30:4C-26.8), pending completion and review of the federal portion of the criminal history record investigation required pursuant to that act, if (1) the State portion of the criminal history record investigation indicates no information which would disqualify the person, (2) the prospective foster parent and any adult residing in the prospective foster parent's home submit a sworn statement to the Department of Human Services attesting that the person does not have a record of criminal history which would disqualify the person and (3) there is substantial compliance with department standards for foster homes indicating there is no risk to a child's health or safety.
36. Section 4 of P.L. 1992, c.139 (C.30:4C-26.13) is amended to read as follows:

4. The division may file a petition seeking long-term foster care custody of a child in the Family Part of the Chancery Division of the Superior Court. The petition shall be verified and shall show that:

a. The child has reached the age of 12, or there are unique circumstances which make the age of the child irrelevant;

b. Unless an exception to make reasonable efforts to reunify the family of the child has been established in accordance with section 25 of P.L.1999, c.53 (C.30:4C-11.3), reasonable efforts have been made for at least one year by the division to reunite the child with the child's family and it has been documented in the case record that the attempts have been unsuccessful;

c. Reasonable efforts have been made by the division to place the child for adoption for at least one year and it has been documented in the case record that the attempts have been unsuccessful, or the division has made the determination that adoption is not in the child's best interests; and

d. The child has resided as a foster child in the home of the person seeking long-term foster care custody for at least one year and wishes to remain with his foster parent.

The division shall attach to the long-term foster care custody petition a written agreement signed by the child and the child's foster parent and, where in concurrence, the child's parent, which delineates the conditions of the custody arrangement. The consent of the child's parent is desirable, but not necessary if all other conditions have been met.

37. Section 2 of P.L.1977, c.424 (C.30:4C-51) is amended to read as follows:

C.30:4C-51 Legislative declarations.

2. The Legislature declares that it is in the public interest, whereby the safety of children shall be of paramount concern, to afford every child placed outside his home by the Division of Youth and Family Services with the opportunity for eventual return to his home or placement in an alternative permanent home; that it is the obligation of the State to promote this end through effective planning and regular review of each child's placement; and that it is the purpose of this act to establish procedures for both administrative and judicial review of each child's placement in order to ensure that such placement ensures the safety and health and serves the best interest of the child.
38. Section 3 of P.L.1977, c.424 (C.30:4C-52) is amended to read as follows:

C.30:4C-52 Definitions.

3. As used in this act, unless the context indicates otherwise:
   a. "Child" means any person less than 18 years of age;
   b. "Child placed outside his home" means a child under the care, custody or guardianship of the division, through voluntary agreement or court order, who resides in a foster home, group home, residential treatment facility, shelter for the care of abused or neglected children or juveniles considered as juvenile-family crisis cases, or independent living arrangement operated by or approved for payment by the division, or a child who has been placed by the division in the home of a person who is not related to the child and does not receive any payment for the care of the child from the division, or a child placed by the court in juvenile-family crisis cases pursuant to P.L.1982, c.77 (C.2A:4A-20 et seq.), but does not include a child placed by the court in the home of a person related to the child who does not receive any payment from the division for the care of the child;
   c. "County of supervision" means the county in which the division has established responsibility for supervision of the child;
   d. "Division" means the Division of Youth and Family Services in the Department of Human Services;
   e. "Temporary caretaker" means a foster parent as defined in section 1 of P.L.1962, c.136 (C.30:4C-26.4) or a director of a group home or residential treatment facility;
   f. "Designated agency" means an agency designated by the court pursuant to P.L.1982, c.80 (C.2A:4A-76 et seq.) to develop a family services plan.

39. Section 4 of P.L.1977, c.424 (C.30:4C-53) is amended to read as follows:

C.30:4C-53 Filing notice of placement of child outside home.

4. Within five calendar days after the placement of a child outside his home pursuant to a voluntary agreement, the division or the designated agency, as the case may be, shall file notice of such placement with the Family Part of the Chancery Division of the Superior Court in the child’s county of supervision. Such notice shall be in the form of a petition encaptioned "In the matter of................., a minor" and shall include the date and type of placement and the reasons for such placement, which shall include the specific efforts to prevent the placement or the specific situation which the division has documented to establish an exception to the requirement to make reasonable efforts to prevent placement in accordance with

The division shall also file immediate notice with the court of any change in placement and of the permanent placement or return home of the child. The court's jurisdiction shall cease upon receipt of such notification of the return home or alternative permanent placement of the child, except as permitted pursuant to subsection e. of section 8 of P.L.1984, c.85 (C.30:4C-61.1).

40. Section 1 of P.L.1991, c.448 (C.30:4C-53.1) is amended to read as follows:

C.30:4C-53.1 Findings, declarations.

1. The Legislature finds and declares that it is in the public interest, whereby the safety of children shall be of paramount concern, to afford every child placed outside his home by the division with permanency through return to his own home, if the child can be returned home without endangering the child's health or safety; through adoption, if family reunification is not possible; or through an alternative permanent placement, if termination of parental rights is not appropriate:

   a. Due to the severity of health and social problems such as AIDS, drug abuse and homelessness, the Division of Youth and Family Services in the Department of Human Services often works with families over a period of many years, and the children of these families often spend a majority of their young lives in foster care; and

   b. Research has shown that the longer children remain in the foster care system, the greater number of placements they experience. As a result of these multiple placements, from birth family to foster home and from one foster home to another foster home, children develop emotional and psychological problems, making it more difficult for them to develop a positive self-image; and

   c. For the majority of these children, placement in residential treatment facilities becomes the only viable option left to the division because it is more difficult for the division to find adoptive homes for them when, and if, adoption becomes a case goal; and

   d. The obligation of the State to recognize and protect the rights of children in the child welfare system should be fulfilled in the context of a clear and consistent policy which limits the repeated placement of children in foster care and promotes the eventual placement of these children in stable and safe permanent homes.
41. Section 3 of P.L.1991, c.448 (C.30:4C-53.3) is amended to read as follows:

C.30:4C-53.3 Revised, repeated placement plans, requisites.

3. a. The division shall not treat a child's repeated placement into foster care as an initial placement. The child's revised placement plan, updated at the time of the child's repeated placement, shall summarize the child's prior history with the division regarding previous placements, the findings of the child placement review board, as well as a copy of the court order for the removal of the child from the custody of his parents or guardian. The revised placement plan shall be used by the division when preparing the child's repeated placement plan pursuant to this section.

b. Whenever a child is placed again into foster care, the division shall prepare a repeated placement plan which shall ensure the goals of safety and permanency through the safe return of the child to his parents or, if this is not possible, through the State's assumption of guardianship for the purpose of finding the child an adoptive home or, if termination of parental rights is not appropriate, through an alternative permanent placement. The plan shall be prepared within 30 days after the child's repeated placement and submitted to the court. The plan shall be valid for 12 months after the date the child was placed again into foster care.

c. The repeated placement plan shall include, but not be limited to:

(1) The specific reasons for the repeated placement of the child, including a description of the problems or conditions in the home of the parents or guardian which necessitated the child's removal, and a summary of the efforts made by the division to prevent the child's repeated placement or the exception to the requirement to make reasonable efforts to prevent placement in accordance with section 24 of P.L.1999, c.53 (C.30:4C-11.2);

(2) The specific actions to be taken by the child's parents or guardian to eliminate the identified problems or conditions which were the basis of the child's repeated placement into foster care, which actions shall be taken within a specific time limit agreed upon by the child's caseworker and the parents or guardian;

(3) The social services to be provided to the child and the foster parents during the period the child is in foster care and the social services to be provided to the child's parent or guardian, or the exception to the requirement to make reasonable efforts toward family reunification in accordance with section 25 of P.L.1999, c.53 (C.30:4C-11.3), and the goal for the child and anticipated date for achieving the goal. The purpose of the supportive services shall be to promote the child's best interest and to facilitate his safe return to his home, placement for adoption or an alternative permanent placement. Services to facilitate adoption or an alternative permanent
placement may be provided concurrently with services to reunify the child with the parent or guardian;

(4) An assessment of the division's ability to obtain a child's birth certificate, locate the child's parents for future contact and have access to the child's extended family; in the event that a plan for adoption or an alternative permanent placement becomes necessary;

(5) A stipulation that the child be placed with his prior foster family, if possible and if in the child's best interest, to provide the child with continuity and stability in his living environment; and

(6) A permanency plan for the child and the reasonable efforts of the division to achieve that plan, if: the division has established an exception to the requirement to provide reasonable efforts toward family reunification in accordance with section 25 of P.L.1999, c.53 (C.30:4C-11.3); or the child has, in any period of 22 consecutive months, been in any placement or placements for a total of 12 months.

The permanency plan shall include whether and, if applicable, when:

(a) the child will be returned to the parent or guardian, if the child can be returned home without endangering the child's health or safety;

(b) the division has determined that family reunification is not possible, and the division shall file a petition for the termination of parental rights for the purpose of adoption; or

(c) the division has determined that termination of parental rights is not appropriate in accordance with section 31 of P.L.1999, c.53 (C.30:4C-15.3), and the child shall be placed in an alternative permanent placement.

42. Section 4 of P.L.1991, c.448 (C.30:4C-53.4) is amended to read as follows:

C.30:4C-53.4 Petition to terminate parental rights.

4. If the division is required to provide reasonable efforts toward family reunification, and if the parents or guardian of the child are unwilling or unable to remedy the problems or conditions outlined in the child's repeated placement plan within the specified time limit despite reasonable efforts by the division, and if the permanency plan for the child requires the termination of parental rights, the division shall file a petition to terminate the rights of the child's parents with the family part of the Chancery Division of the Superior Court pursuant to section 15 of P.L.1951, c.138 (C.30:4C-15). The division shall concurrently provide services to facilitate the child's placement into an adoptive home.

The court shall set a hearing, with notice to all parties, on the guardianship petition within 45 days from the date the petition was filed.
43. Section 5 of P.L.1977, c.424 (C.30:4C-54) is amended to read as follows:

C.30:4C-54 Determination by court as to placement.

5. The court shall, within 15 days following receipt of the notice of the initial placement pursuant to a voluntary agreement, determine, based solely upon the petition and other affidavits and written materials submitted to the court, whether or not reasonable efforts have been made to prevent the placement and whether or not the continuation of the child in his home would be contrary to the welfare of the child, and either approve the placement or order the return of the child to his home, except that, lack of reasonable efforts to prevent placement shall not be the sole basis for the court's order of a return of the child to his home.

If the division has documented an exception to the requirement to provide reasonable efforts towards family reunification, the court shall make a finding of whether reasonable efforts are required in accordance with section 25 of P.L.1999, c.53 (C.30:4C-11.3). The child's health, safety and need for permanency shall be of paramount concern to the court when it makes its finding.

The court also may require the submission of supplementary material or schedule a summary hearing if:

a. The court has before it conflicting statements of material fact;

b. The court determines that it is in the best interest of the child; or

c. The child's parents or legal guardian requests the hearing.

The court shall provide written notice to the parties involved in the hearing at least five days prior to the hearing. The court shall provide written notice of the date, time and place of such hearing to the parents or legal guardian of the child, the child or the child's counsel, the child's temporary caretaker, the division, and any other party the court deems appropriate. If the child's caretaker is a foster parent, preadoptive parent or relative, the caretaker shall receive written notice of and an opportunity to be heard at the hearing, but the caretaker shall not be made a party to the hearing solely on the basis of the notice and opportunity to be heard.

44. Section 6 of P.L.1977, c.424 (C.30:4C-55) is amended to read as follows:

C.30:4C-55 Placement plans, requirements.

6. The division shall prepare and revise, when necessary, in consultation with the child's parents or legal guardian and, when appropriate, the child, a placement plan for each child placed outside his home. The placement plan shall include:
a. A statement of the goal for the permanent placement or return home of the child and anticipated date that the goal will be achieved;

b. The intermediate objectives relating to the attainment of the goal;

c. A statement of the duties and responsibilities of the division, the parents or legal guardian and the temporary caretaker, including the services to be provided by the division to the child and to the temporary caretaker;

d. A statement of the services to be provided to the parent or legal guardian or an exception to the requirement to provide reasonable efforts toward family reunification in accordance with section 25 of P.L.1999, c.53 (C.30:4C-11.3). Services to facilitate adoption or an alternative permanent placement may be provided concurrently with services to reunify the child with the parent or guardian; and

e. A permanency plan for the child and the division's reasonable efforts to achieve that plan, if: the division has established an exception to the requirement to provide reasonable efforts toward family reunification in accordance with section 25 of P.L.1999, c.53 (C.30:4C-11.3); or the child has been in placement for 12 months.

The permanency plan shall include whether and, if applicable, when:

(a) the child shall be returned to the parent or guardian, if the child can be returned home without endangering the child's health or safety;

(b) the division has determined that family reunification is not possible, and the division shall file a petition for the termination of parental rights for the purpose of adoption; or

(c) the division has determined that termination of parental rights is not appropriate in accordance with section 31 of P.L.1999, c.53 (C.30:4C-15.3) and the child shall be placed in an alternative permanent placement.

45. Section 9 of P.L.1977, c.424 (C.30:4C-58) is amended to read as follows:

C.30:4C-58 Review of placements.

9. Each board shall act on behalf of the Family Part of the Chancery Division of the Superior Court in reviewing the case of every child placed outside his home pursuant to a voluntary agreement, to determine whether the best interests and safety of the child are being served by such placement.

Each board shall also act on behalf of the Family Part of the Chancery Division of the Superior Court in reviewing the case of each child placed outside his home by the division in accordance with a court order pursuant to P.L.1974, c.119 (C.9:6-8.21 et seq.), section 12 of P.L.1951, c.138 (C.30:4C-12), section 24 of P.L.1982, c.77 (C.2A:4A-43) or section 25 of P.L.1982, c.77 (C.2A:4A-44). The division or designated agency shall submit to the board within 30 days of a child's placement, a placement plan...
A board shall initiate a review of a placement pursuant to a voluntary agreement or in accordance with a court order within 45 days following the initial or repeated placement and shall complete the review within 15 days thereafter. A periodic review shall take place at least every 12 months thereafter.

The board may schedule additional reviews on its own motion, upon the request of any person listed in section 5 of P.L.1977, c.424 (C.30:4C-54) or upon an order of the court.

Notwithstanding the provisions of section 3 of P.L.1977, c.424 (C.30:4C-52) to the contrary, if a child placed outside his home attains 18 years of age or older and his out of home placement costs are being paid by the division, the board shall continue to conduct periodic reviews until the division terminates supervision.

All such reviews shall include, but not necessarily be limited to, the consideration and evaluation of such matters as:

a. The appropriateness of the goal and objectives of the placement plan and anticipated date that the goal will be achieved;
b. The appropriateness of the services provided to the child and to the temporary caretaker;
c. Whether the child has siblings who are also placed outside of their home;
d. Whether the wishes of the child were considered regarding placement and development of the placement plan, when appropriate;
e. Whether the division, the parents or legal guardian and the temporary caretaker are fulfilling their respective responsibilities in accordance with the placement plan;
f. Whether the parents or legal guardian have been afforded the opportunity and been encouraged to participate in a program of regular visitation with the child;
g. Whether there are obstacles which hinder or prevent the attainment of the placement plan objectives and goal;
h. The circumstances surrounding the placement;
i. The appropriateness of the services provided to the parent or legal guardian or the circumstances which do not require the division to make reasonable efforts toward family reunification in accordance with section 25 of P.L.1999, c.53 (C.30:4C-11.3); and
j. The appropriateness of the division's permanency plan and the division's reasonable efforts to achieve that plan, if an exception to the requirement to provide reasonable efforts toward family reunification has been established in accordance with section 25 of P.L.1999, c.53 (C.30:4C-11.3) or the child has been in placement for 12 months.
In the case of a child in placement outside of his home on the effective date of this act, the first review shall be completed as soon as possible, but not later than 12 months following such effective date.

46. Section 10 of P.L.1977, c.424 (C.30:4C-59) is amended to read as follows:

C.30:4C-59 Written notice in advance of review.

10. Each board shall provide written notice of the date, time and place of each review at least 15 days in advance to the following, each of whom shall be entitled to attend the review and to submit information in writing to the board:
   a. The division or agency;
   b. The child;
   c. The parents including a non-custodial parent or legal guardian;
   d. The temporary caretaker;
   e. Any other person or agency whom the board determines has an interest in or information relating to the welfare of the child;
   f. The counsel for a parent, child or other interested party who has provided or is providing representation in the case before the board; and

If the child's caretaker is a foster parent, preadoptive parent or relative, the caretaker shall receive written notice of and an opportunity to be heard at the review, but the caretaker shall not be made a party to the review solely on the basis of the notice and opportunity to be heard.

The board may determine who may be in attendance at any particular portion of its meeting. Nothing herein shall be interpreted to exclude judges and court support staff from attending review board meetings.

The written notice shall inform the person of his right to attend the review and to submit written information and shall be prepared in a manner which will encourage the person's attendance at the review.

Notice to the child may be waived by the court on a case by case basis either on its own motion or on the petition of any of the above persons in cases where the court determines that notice would be harmful to the child. A waiver of notice to the child shall not waive the notice requirement to counsel for the child or other representatives of the child.

The review board may seek information from any agency which has been involved with the child, parents or legal guardian or temporary caretaker. If the agency fails to provide the requested information, the court may, upon the request of the board, issue a subpoena to the agency for the information.

The board shall conduct a review and make recommendations based upon the written materials; provided, however, that the board shall afford
any party or person entitled to notice pursuant to this section a reasonable opportunity to appear and to present his views and recommendations. Upon the request of the board, the Family Part of the Chancery Division of the Superior Court may subpoena a person to attend the review board meeting.

A designated agency shall provide relevant and necessary information to the board regarding a child who is reviewed by the board.

47. Section 11 of P.L. 1977, c. 424 (C.30:4C-60) is amended to read as follows:

C.30:4C-60 Submission of report.
11. Within 10 days after the completion of such review, the board shall submit a written report to the Family Part of the Chancery Division of the Superior Court and the division. Such report shall offer one of the following findings, stating the specific reasons therefore:
   a. That continued placement of the child outside of the home is not in the child's best interest and the child should be returned home within two weeks and that the division or designated agency, as appropriate, shall provide reasonable and available services which are necessary to implement the return home;
   b. That continued placement outside of the home is in the child's best interest on a temporary basis until the long-term goal is achieved, which long-term goal is:
      (1) Return to the child's parents or legal guardian,
      (2) Adoption,
      (3) Permanent placement with a relative,
      (4) Long-term foster care custody,
      (5) Independent living,
      (6) Institutionalization, or
      (7) An alternative permanent placement;
   c. That continued placement outside of the home on a temporary basis is in the child's best interest, but that there is not sufficient information for the board to make a recommendation, therefore, the board requests the court to order the division or designated agency, as appropriate, to provide the needed information within two weeks of the court order.
   d. (Deleted by amendment, P.L. 1987, c. 252.)

In addition to the finding, the board shall state in its report if the placement plan satisfies the criteria provided in section 9 of P.L. 1977, c. 424 (C.30:4C-58) and if it does not, that the placement plan should be modified or a new plan should be developed.

When making its finding pursuant to this section, the child's health, safety and need for permanency shall be of paramount concern to the board.
The board shall give priority to the goal of return to the child's parents or legal guardian unless that goal is not in the best interest of the child. If the return has not been achieved within one year, and after considering the family's efforts; the division's or designated agency's provision of reasonable and available services, if reasonable efforts are required; or other relevant factors; the board shall recommend another permanent plan for the child.

In addition to the finding, the board shall state the reasons and additional factors it deems appropriate to explain its conclusions. When any change in the plan or situation of the child is recommended, the board shall state its specific recommendations and the factual basis thereof.

In accordance with section 8 of P.L.1985, c.85 (C.30:4C-61.1), the board may recommend that the division shall not return a child to his home prior to a review by the board and an order of the court.

Within 10 days of the completion of its review, the board shall provide to those persons entitled to notice under section 10 of P.L.1977, c.424 (C.30:4C-59) the specific finding made pursuant to this section, unless the board recommends that the finding shall not be provided to specific individuals as provided in this paragraph. The court may waive notice of findings to the child on a case-by-case basis on its own motion or on the petition of a person listed in section 10 of P.L.1977, c.424 (C.30:4C-59) in cases where the court determines that the nature of the findings would be harmful to the child, or if notice to the child of review was waived. The court may waive notice of findings to persons included in subsection e. of section 10 of P.L.1977, c.424 (C.30:4C-59) on the recommendation of the board or on the petition of other persons entitled to notice.

48. Section 12 of P.L.1977, c.424 (C.30:4C-61) is amended to read as follows:

C.30:4C-61 Issuance of order by court.

12. a. Upon review of the board's report, the Family Part of the Chancery Division of the Superior Court shall issue an order concerning the child's placement which it deems will best serve the health, safety and interests of the child. The court shall issue the order within 21 calendar days of the court's receipt of the board's report unless the court schedules a summary hearing. The court shall either:

(1) Order the return of the child to his parents or legal guardian within two weeks and order the division or designated agency, as appropriate, to provide any reasonable and available services which are necessary to implement the return home;

(2) Order continued placement on a temporary basis until the long-term goal is achieved; or
(3) Order continued placement on a temporary basis but that the division shall provide further information within two weeks to the court, which information shall be reviewed by the board within 30 days of its receipt.

(4) (Deleted by amendment, P.L.1987, c.252.)

In accordance with section 8 of P.L.1984, c.85 (C.30:4C-61.1), the court may order that the division shall not return a child to his home prior to review by the board and an order of the court.

In addition, if the placement plan does not return a child to his home prior to review by the board and an order of the court.

b. In reviewing the report, the court may request that, where available, any written or oral information submitted to the board be provided to the court. The court shall make a determination based upon the report and any other information before it; provided, however, that the court may schedule a summary hearing if:

1. The court has before it conflicting statements of material fact which it cannot resolve without a hearing; or
2. A party entitled to participate in the proceedings requests a hearing; or
3. The court concludes that the interests of justice require that a hearing be held; or
4. The board recommends that a hearing be held due to lack of compliance with the placement plan, including achievement of the permanent placement identified in the permanency plan; or
5. The division has documented an exception to the requirement to provide reasonable efforts toward family reunification pursuant to section 25 of P.L.1999, c.53 (C.30:4C-11.3); or
6. If the review is to serve as a permanency hearing.

c. Notice of such hearing, including a statement of the dispositional alternatives of the court, shall be provided at least 30 days in advance, unless the court finds that it is in the best interest of the child to provide less notice in order to conduct the hearing sooner. Notice shall be provided to the following persons unless the court determines it is not in the best interests of the child:

1. The division;
2. The child;
3. The child's parents including a non-custodial parent or legal guardian;
4. The review board;
5. The temporary caretaker;
6. The counsel for any parent, child or other interested party who has provided or is providing representation in the case before the board; and
If the child's caretaker is a foster parent, preadoptive parent or relative, the caretaker shall receive written notice of and an opportunity to be heard at the hearing, but the caretaker shall not be made a party to the hearing solely on the basis of the notice and opportunity to be heard.

The court may also request or order additional information from any other persons or agencies which the court determines have an interest in or information relating to the welfare of the child.

The court shall hold the hearing within 60 days of receipt of the board's report and shall issue its order within 15 days of the hearing.

d. The court shall send a copy of its order concerning the child's placement to all persons listed in subsection c. of this section, except that, if notice to the child of the board review was waived pursuant to section 10 of P.L.1977, c.424 (C.30:4C-59), the court may waive the requirement of sending a copy of its order to the child.

e. Any person who receives a copy of the court order shall comply with the confidentiality requirements established by the Supreme Court for the purposes of this act.

49. Section 8 of P.L.1984, c.85 (C.30:4C-61.1) is amended to read as follows:

C.30:4C-61.1 Proposal to return child home.

8. a. If the division proposes to return a child home, although the return home is either prohibited by the placement plan approved by the court or expressly contingent upon certain conditions in the placement plan that have not been met, the division shall promptly notify the board and the court in writing.

b. The board shall conduct a special review within 15 days of receipt of the notice provided pursuant to subsection a. or f. of this section to consider and evaluate the reasons for the proposed action and determine whether the action ensures the safety and serves the best interests of the child. The board shall provide written notice of the special review pursuant to section 10 of P.L.1977, c.424 (C.30:4C-59), except that the 15-day advance notice requirement is waived. The board shall submit its report to the court pursuant to section 11 of P.L.1977, c.424 (C.30:4C-60), except that the board shall submit the report within five days of completion of the special review.

c. The court shall review the board's recommendations within 10 days and issue an order within five days unless a summary hearing is scheduled concerning the child's placement pursuant to section 12 of P.L.1977, c.424 (C.30:4C-61), except that if a party entitled to participate in the proceeding requests a hearing, the court shall hold a summary hearing within 15 days of receipt of the board's report unless the court determines that the request
for the hearing is frivolous. The court shall issue its order within five days of the hearing.

d. The division shall not return the child home unless the court approves the division's proposed action and orders the return home of the child.

e. Notwithstanding the provisions of this section to the contrary, in an emergency situation, the court may waive the special review provisions of this section and approve the return home, upon the request of the division to do so. The request of the division for a court waiver of the special review provisions shall be accompanied by a written statement from the division declaring and finding that the out-of-home placement has been disrupted, that no appropriate alternative placement for the child can be found in the home of a relative, a foster home, group home, shelter, residential care facility or other setting following the change in placement, and that the return home will not endanger the health, safety or welfare of the child. The written statement submitted with a request shall also outline the specific reasons for the findings made. The division shall conduct an on-site visit of the home of a child when in an emergency situation the division plans to request of the court a waiver of the special review provisions. A report of the on-site visit shall be included with the request.

If the court approves the division's request, the division shall promptly notify the board of the court's approval of the request. The board shall conduct a review of the change in the placement plan within 15 days of the date the child is returned home. The division shall conduct a minimum of two on-site visits to the home of a child returned there in an emergency situation within the first 10 days of the return to ascertain the continued health, safety and welfare of the child. The court, upon granting a request for a waiver, may require additional on-site visits. A detailed written report of each on-site visit to the home of a child returned in an emergency situation shall promptly be submitted to the court and to the child placement review board.

Notwithstanding any other provisions of law to the contrary, the court shall retain jurisdiction over the placement of the child after a child has been returned home in an emergency situation for up to six months unless there is a subsequent court hearing or court order.

In any case where, following a court order for the implementation of a placement plan, the board determines upon re-review of the case that there has been insufficient effort on the part of the division or any other parties toward implementation of the court ordered plan, the board may petition the court for an order to show cause as to why the plan is not being implemented as ordered.

f. If, subsequent to the review and approval of a plan by the court, the division proposes to change the long-term goal in the plan or otherwise
substantially modify the plan, it shall notify the court and the board in writing, within five days. The board shall schedule review of the modification. The division shall continue to implement the current court ordered plan until the court orders a modified or new plan.

g. Nothing in this section is intended to limit the court's authority to exercise its regular remedies for enforcement of an order.

C.30:4C-61.2 Permanency hearing.

50. a. A permanency hearing shall be held that provides review and approval by the court of the placement plan:

(1) within 30 days after the determination of an exception to the reasonable effort requirement to reunify the child with the parent in accordance with section 25 of P.L.1999, c.53 (C.30:4C-13.1); or

(2) no later than 12 months after the child has been in placement.

b. Written notice of the date, time and place of the permanency hearing shall be provided at least 15 days in advance to the following, each of whom shall be entitled to attend the hearing and to submit written information to the court:

(1) the division or agency;
(2) the child;
(3) the parents, including a non-custodial parent or legal guardian;
(4) the temporary caretaker;
(5) any other person or agency whom the court determines has an interest in or information relating to the welfare of the child;
(6) the counsel for a parent, child or other interested party who has provided or is providing representation in the case before the court; and
(7) the child's foster parent, preadoptive parent or relative providing care for the child shall also receive written notice of and an opportunity to be heard at the hearing, but the foster parent, preadoptive parent or relative shall not be made a party to the hearing solely on the basis of the notice and opportunity to be heard.

c. The hearing shall include, but not necessarily be limited to, consideration and evaluation of information provided by the division and other interested parties regarding such matters as:

(1) a statement of the goal for the permanent placement or return home of the child and the anticipated date that the goal will be achieved;
(2) the intermediate objectives relating to the attainment of the goal;
(3) a statement of the duties and responsibilities of the division, the parents or legal guardian and the temporary caretaker, including the services to be provided by the division to the child and to the temporary caretaker;
(4) a statement of the services to be provided to the parent or legal guardian or an exception to the requirement to provide reasonable efforts
toward family reunification in accordance with section 25 of P.L.1999, c.53 (C.30:4C-11.3). Services to facilitate adoption or an alternative permanent placement may be provided concurrently with services to reunify the child with the parent or guardian;

(5) a permanency plan which includes whether and, if applicable, when:
   (a) the child shall be returned to the parent or guardian, if the child can be returned home without endangering the child’s health or safety;
   (b) the division has determined that family reunification is not possible and the division shall file a petition for the termination of parental rights for the purpose of adoption; or
   (c) the division has determined that termination of parental rights is not appropriate in accordance with section 31 of P.L.1999, c.53 (C.30:4C-15.3) and the child shall be placed in an alternative permanent placement.

51. Section 2 of P.L.1992, c.111 (C.30:4C-67) is amended to read as follows:

C.30:4C-67 Findings, declarations.

2. The Legislature finds and declares that it is the intent of the Legislature to preserve the sanctity of the family unit, to the extent that the preservation does not jeopardize the safety of children, which shall be of paramount concern, and to prevent the unnecessary out-of-home placement of emotionally disturbed children, whether in New Jersey or out-of-State.

The Legislature further finds and declares that it is in the best interest of children that an individualized, appropriate child and family driven care system be developed so that children with special emotional needs and their families receive safe and appropriate educational, nonresidential, residential and family supportive services.

C.30:4C-11.5 Commissioner's report to Legislature, Governor.

52. The Commissioner Human Services shall report to the Legislature and the Governor within 18 months of the date of enactment of this act on the implementation of the act.

C.30:4C-11.6 Rules, regulations.

53. The Commissioner of Human Services, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), shall adopt rules and regulations to implement the provisions of this act. The commis-
sioner shall provide an opportunity for public input in the development of the rules and regulations.

C.30:4C-15.4 Notice to parent of right to counsel; public defender appointments.

54. When a petition is filed under section 15 of P.L.1951, c.138 (C.30:4C-15), the court shall provide the parent with notice of his right to retain counsel and consult with him. The court shall advise the parent that if he is indigent, he may obtain an attorney through the Office of the Public Defender who is authorized to provide such representation pursuant to this section.

The court shall appoint legal representation for the child from the Law Guardian Program in the Office of the Public Defender. The attorney appointed by the court to represent the child shall represent such child in all proceedings before the Superior Court, Chancery Division, Family Part filed pursuant to chapter 6 of Title 9 of the Revised Statutes and chapter 4C of Title 30 of the Revised Statutes unless relieved by the court upon application for substitution counsel or other just cause.

55. Section 1 of P.L.1974, c.119 (C.9:6-8.21) is amended to read as follows:

1. As used in this act, unless the specific context indicates otherwise:
   a. "Parent or guardian" means any natural parent, adoptive parent, foster parent, stepparent, or any person, who has assumed responsibility for the care, custody or control of a child or upon whom there is a legal duty for such care. Parent or guardian includes a teacher, employee or volunteer, whether compensated or uncompensated, of an institution who is responsible for the child's welfare and any other staff person of an institution regardless of whether or not the person is responsible for the care or supervision of the child. Parent or guardian also includes a teaching staff member or other employee, whether compensated or uncompensated, of a day school as defined in section 1 of P.L.1974, c.119 (C.9:6-8.21).
   b. "Child" means any child alleged to have been abused or neglected.
   c. "Abused or neglected child" means a child less than 18 years of age whose parent or guardian, as herein defined, (1) inflicts or allows to be inflicted upon such child physical injury by other than accidental means which causes or creates a substantial risk of death, or serious or protracted disfigurement, or protracted impairment of physical or emotional health or protracted loss or impairment of the function of any bodily organ; (2) creates or allows to be created a substantial or ongoing risk of physical injury to such child by other than accidental means which would be likely to cause death or serious or protracted disfigurement, or protracted loss or impair-
ment of the function of any bodily organ; (3) commits or allows to be committed an act of sexual abuse against the child; (4) or a child whose physical, mental, or emotional condition has been impaired or is in imminent danger of becoming impaired as the result of the failure of his parent or guardian, as herein defined, to exercise a minimum degree of care (a) in supplying the child with adequate food, clothing, shelter, education, medical or surgical care though financially able to do so or though offered financial or other reasonable means to do so, or (b) in providing the child with proper supervision or guardianship, by unreasonably inflicting or allowing to be inflicted harm, or substantial risk thereof, including the infliction of excessive corporal punishment; or by any other acts of a similarly serious nature requiring the aid of the court; (5) or a child who has been willfully abandoned by his parent or guardian, as herein defined; (6) or a child upon whom excessive physical restraint has been used under circumstances which do not indicate that the child's behavior is harmful to himself, others or property; (7) or a child who is in an institution and (a) has been placed there inappropriately for a continued period of time with the knowledge that the placement has resulted or may continue to result in harm to the child's mental or physical well-being or (b) who has been willfully isolated from ordinary social contact under circumstances which indicate emotional or social deprivation.

A child shall not be considered abused or neglected pursuant to paragraph (7) of subsection c. of this section if the acts or omissions described therein occur in a day school as defined in this section.

No child who in good faith is under treatment by spiritual means alone through prayer in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner thereof shall for this reason alone be considered to be abused or neglected.

d. "Law guardian" means an attorney admitted to the practice of law in this State, regularly employed by the Office of the Public Defender or appointed by the court, and designated under this act to represent minors in alleged cases of child abuse or neglect and in termination of parental rights proceedings.

e. "Attorney" means an attorney admitted to the practice of law in this State who shall be privately retained; or, in the instance of an indigent parent or guardian, an attorney from the Office of the Public Defender or an attorney appointed by the court who shall be appointed in order to avoid conflict between the interests of the child and the parent or guardian in regard to representation.

CHAPTER 57

AN ACT concerning certain individuals who are considering whether to be candidates for public office, amending P.L.1973, c.83 and repealing section 8 of P.L.1989, c.4.
BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.19:44A-2.1 Findings, declarations relative to individuals considering candidacy for public office.

1. The Legislature finds and declares that:
   a. Accessible public disclosure of money and other things of value given to a candidate for public office by an individual, another candidate or a political committee has proven to be the most effective means of fostering public awareness of and reducing public skepticism about the current system of financing elections for public office;
   b. However, under the current disclosure system, certain individuals who collect and spend money while considering whether to become a candidate for public office at a future election do not have to disclose anything about the money they raise or expend until they become a candidate;
   c. The continuation of this practice undermines public confidence in the current system of financing elections for public office;
   d. The State has a compelling interest in preventing the actuality or appearance of corruption and in protecting public confidence in democratic institutions by requiring an individual who is considering whether to be a candidate for office to comply with the same laws that apply to any candidate for public office; and
   e. It is, therefore, reasonable for the State to promote these compelling interests by requiring an individual who acts like a candidate to comply with the current limitations, prohibitions and requirements on campaign contributions and the disclosure of the sources and amounts of contributions and expenditures.

2. Section 3 of P.L.1973, c.83 (C.19:44A-3) is amended to read as follows:

C.19:44A-3 Definitions.

3. As used in this act, unless a different meaning clearly appears from the context:

   b. (Deleted by amendment, P.L.1993, c.65.)
   c. The term "candidate" means: (1) an individual seeking election to a public office of the State or of a county, municipality or school district at an election; except that the term shall not include an individual seeking party office; (2) an individual who shall have been elected or failed of election to an office, other than a party office, for which he sought election and who receives contributions and makes expenditures for any of the
purposes authorized by section 17 of P.L.1993, c.65 (C.19:44A-11.2) during the period of his service in that office; and (3) an individual who has received funds or other benefits or has made payments solely for the purpose of determining whether the individual should become a candidate as defined in paragraphs (1) and (2) of this subsection.

In determining the value, for the purpose of reports required under this act, of contributions made in the form of paid personal services, the person contributing such services shall furnish to the treasurer through whom such contribution is made a statement setting forth the actual amount of compensation paid by said contributor to the individuals actually performing said services for the performance thereof. But if any individual or individuals actually performing such services also performed for the contributor other services during the same period, and the manner of payment was such that payment for the services contributed cannot readily be segregated from contemporary payment for the other services, the contributor shall in his statement to the treasurer so state and shall either (1) set forth his best estimate of the dollar amount of payment to each such individual which is attributable to the contribution of his paid personal services, and shall certify the substantial accuracy of the same, or (2) if unable to determine such amount with sufficient accuracy, set forth the total compensation paid by him to each such individual for the period of time during which the services contributed by him were performed. If any candidate is a holder of public office to whom there is attached or assigned, by virtue of said office, any aide or aides whose services are of a personal or confidential nature in assisting him to carry out the duties of said office, and whose salary or other compensation is paid in whole or part out of public funds, the services of such aide or aides which are paid for out of public funds shall be for public purposes only; but they may
contribute their personal services, on a voluntary basis, to such candidate for election campaign purposes.

"Shall a joint municipal consolidation study commission be formed to study the feasibility of consolidating (insert the names of each of the municipalities named in such ordinances or petitions) into a single new municipality, to study the question of the form of government under which such new municipality should be governed, to study the feasibility of consolidating the local school districts of the aforesaid municipalities, and to make recommendations thereon; or, in the alternative, to make recommendations on the consolidation of certain municipal services?"

The question shall be submitted to the voters of each municipality so named in the ordinances or petitions on the date for the next general election or on the date for the next regular municipal election, whichever shall first occur at least 60 days after the date of the filing with the county clerk of the final ordinance or petition necessary to require the submission of the question to the voters.

The five candidates for commission member receiving the greatest number of votes shall be elected and shall constitute the commission members from the participating municipality in which they reside, provided that if a majority of those voting on the public question in any of the municipalities in which the question was submitted shall have voted against the formation of a commission, none of the candidates in any of the municipalities shall be elected. In the instance that the vote for commission members results in six or more candidates in any one participating municipality receiving sufficient votes to be elected, then those candidates receiving the least and equal number of votes shall draw lots to determine which shall be elected.

b. Members of a consolidation commission formed pursuant to paragraph (2) of subsection a. of section 7 of P.L.1977, c.435 (C.40:43-66.41) shall be appointed by the governing body of the participating municipality.

Each nominating petition shall be verified by an oath or affirmation of one or more of the signers thereof, taken and subscribed before a person qualified under the laws of New Jersey to administer an oath, to the effect that the petition was signed by each of the signers thereof in each signer's proper handwriting, that the signers are, to the best knowledge and belief of the affiant, registered voters of the municipality, and that the petition is prepared and filed in good faith for the sole purpose of endorsing the person or persons named therein for election as stated in the petition.

e. If any nominating petition, or any oath, affirmation or written statement attached thereto, is defective, the person designated in the petition for such purpose may cause such petition or oath, affirmation or written statement to be amended in the manner prescribed for the amendment of defective petitions for nominating candidates for general elections in R.S.19:13-13.

The commission shall elect from its membership a chair and a vice-chair. The commission shall fix its hours and places of meeting, adopt such rules for the conduct of its business as it may deem necessary and advisable, and appoint a secretary, who need not be a member of the commission. A majority of the total membership of the commission shall constitute a quorum for the transaction of business, but no recommendation of said commission shall have any legal effect pursuant to P.L.1977, c.435 (C.40:43-66.35 et seq.), unless adopted by a majority of the five commission members from each of the participating municipalities.

At its first meeting, or as soon thereafter as possible, the commission shall establish a schedule for the conduct of its business which shall take into account the following mandatory dates:

20. a. The Department of Community Affairs shall, within five months from the date of its receipt of all the election results or ordinances, or both,
establishing a commission pursuant to section 7 of P.L.1977, c.435 (C.40:43-66.41), prepare an objective study of the fiscal aspects of the proposed consolidation, and shall report its findings to the commission.

b. The department shall, to every possible extent, advise and cooperate with any consolidation commission created pursuant to P.L.1977, c.435 (C.40:43-66.35 et seq.) and shall make available its facilities, records, and technical and professional resources. The department shall consider promptly any commission application for a State grant to conduct, or any commission request for the department to conduct, any other feasibility study or studies consistent with the provisions of P.L.1977, c.435 (C.40:43-66.35 et seq.); provided, however, that whenever any such study or studies are to be conducted by a party other than the department, said party shall be approved by, and conduct such study or studies under the supervision of, the department. Upon approval of such study or studies, the commissioner shall certify the amount approved therefor to the State Treasurer, who shall make immediate payment thereon. At the written request of such a commission, a reservation of moneys shall be made by the commissioner prior to the formal filing of an application therefor by such commission.

8. Section 22 of P.L.1977, c.435 (C.40:43-66.56) is amended to read as follows:

22. a. The joint municipal consolidation study commission shall publish and file its final report and recommendations within ten calendar months from the date all of its members are elected or appointed. A copy of such final report signed by the chairman of the commission shall be filed with the Secretary of State, the department, the county clerk and with the municipal clerk of each participating municipality. Included in such final report shall be: a statement, if any, by any member of the commission dissenting from the findings and recommendations set forth in the final report; and the department's findings on the fiscal aspects of the proposed consolidation. The municipal clerks shall deliver a copy of such final report to each member of the governing body of their respective municipalities. The commission shall cause a reasonable number of copies of the final report to be printed and made available to the general public upon request.

b. If the commission recommends consolidation, it shall prepare an "official abstract" of its report and recommendations and plan of consolida-
tion consisting of a concise statement, which shall be objective in content and presentation, and shall be descriptive of the substance of the plan. At the time the commission publishes and files its final report, and again on a date not less than 30 days preceding the date fixed for the election, the commission shall cause the official abstract to be published at least once in a newspaper of general circulation in the participating municipalities, together with notice of:

1. The time, place and purpose of the election;
2. The manner in which copies of the commission's final report and recommendations may be obtained;
3. (Deleted by amendment, P.L.1999, c.58.)

9. Section 5 of P.L.1952, c.72 (C.40:48B-5) is amended to read as follows:

C.40:48B-5 Management committee; membership, appointment; organization, powers, etc.

5. The joint contract shall provide for the constitution and appointment of a management committee to consist of not more than three members to be appointed by the governing body of each of the local units executing same, who shall be residents of the appointing local unit, except that a member who is the chief financial officer, business administrator, municipal administrator or municipal manager of the local unit making the appointment need not be a resident of the appointing local unit. Such appointees may or may not be members of the appointing governing body. Each member of the management committee shall hold office for the term of one year and until the member's successor has been appointed and qualified. In the event that only two local units are parties to the contract and only one member is appointed by each governing body, the management committee shall consist of three members, one appointed by each of the governing bodies and one member selected by the two other appointed members.

The management committee shall elect annually from among its members a chair to preside over its meetings. The management committee may appoint such other officers and employees, including counsel, who need not be members of the management committee or members of the governing bodies or employees or residents of the local units, as it may deem necessary. The employees appointed by the management committee shall hold office for such term not exceeding four years as may be provided by the joint contract. The management committee shall adopt rules and regulations to provide for the conduct of its meetings and the duties and
powers of the chairman and such other officers and employees as may be appointed. All actions of the management committee shall be by vote of the majority of the entire membership of the committee, except for those matters for which the contract requires a greater number, and shall be binding on all local units who have executed the joint contract. The management committee shall exercise all of the powers of the joint meeting subject to the provisions of the joint contract.

The joint contract may provide for the delegation of the administration of any or all of the services, lands, public improvements, works, facilities or undertakings of the joint meeting to the governing body of any one of the several contracting local units, in which event such governing body shall have and exercise all of the powers and authority of the management committee with respect to such delegated functions.

The program shall be limited to full-time employees in any department, office, section, or other organizational component of the local unit in which the number of employees will be reduced or which will be eliminated as a result of the interlocal services contract or joint services contract or municipal consolidation. The incentive program may include one or more of the following:

C.43:8C-3 Submission of detailed information concerning incentive program.

3. a. No later than six months prior to the date on which a proposed incentive program is to begin, the local unit shall submit detailed information concerning the incentive program to the director, in a form and manner prescribed by the director, which shall include the following:

(1) the governmental services affected by the interlocal services contract or joint services contract or municipal consolidation;

(2) the departments, offices, sections, and other organizational components of the local unit to be affected, and a list of the employees thereof;

(3) the incentives to be offered;

(4) the estimated number of employees who will retire or terminate employment under the incentive program;

(5) fiscal information sufficient to demonstrate that the incentive program in conjunction with the interlocal services contract or joint services contract or municipal consolidation will result in a reduction for the local unit in the number of employees providing the affected governmental services, including information on the number of employees by which the local unit will reduce employment for a period of at least five years;

(6) fiscal information sufficient to demonstrate that, taking into consideration the costs of the incentive program, the interlocal services contract or joint services contract or municipal consolidation will result in a reduction in the cost of providing the affected governmental services for the local unit;

(7) information on the fiscal stability of the local unit sufficient to demonstrate that the local unit will be able to pay the costs for the incentive program and for the interlocal services contract or joint services contract or municipal consolidation which will result in net savings and shall not necessitate any increase in property taxes for the local unit;
(8) information sufficient to demonstrate that the local unit will continue to provide the affected governmental services without the number of employees that are expected to take the incentive;
(9) copies of proposed interlocal services contracts or joint services contracts; and
(10) any other information which the director may require.

The director may, for good cause, permit a local unit to submit information without complying with the time period for submission of information or which does not conform to the specific informational requirements of this subsection.

b. The director shall provide to the Director of the Division of Pensions and Benefits in the Department of the Treasury sufficient information relating to the incentive program so that the Director of the Division of Pensions and Benefits may provide to the director:
(1) an estimate of the anticipated liability of the affected retirement systems;
(2) a determination of whether the incentive program is reasonably calculated to produce a reduction in the number of employees of the local unit; and
(3) taking into consideration the liability for the incentive program, an estimate of the net savings in the employment costs to provide the affected governmental services.

c. In order to make the calculation required by paragraph (2) of subsection b. of this section, the Director of the Division of Pensions and Benefits in the Department of the Treasury shall submit the proposed incentive program to the actuary of each retirement system which would be affected by the incentive program. Each actuary shall estimate the additional liability to the retirement system for the incentive program, including the liability for the additional service credit and the earlier retirement of employees under the incentive program. Each actuary shall provide the Director of the Division of Pensions and Benefits with an opinion on whether the incentive program is reasonably calculated to produce a reduction in the number of employees of the local unit providing the affected governmental services, and a net savings, taking into consideration the liability for the incentive program, in the employment costs to provide the affected governmental services. The State shall conduct the actuarial work required by this subsection at no charge to the local units.

d. If the incentive program includes the provision of additional service credit under State retirement systems for eligible employees, the beginning and ending dates for the incentive program and the time period during which the eligible employees will have to elect to participate in the incentive
program shall be subject to approval by the Director of the Division of Pensions and Benefits in the Department of the Treasury.

e. If the director determines that the incentive program, in conjunction with the interlocal services contract or joint services contract or municipal consolidation, will result in the local unit continuing to provide the affected governmental services with fewer employees and at a lower cost, and that the incentive program and the interlocal services contract or joint services contract or municipal consolidation will result in net savings and will not necessitate any increase in local property taxes for the local unit, the director shall approve the incentive program for implementation.

C.43:8C-4 Additional service credits, PFRS, PERS; conditions.

4. a. For employees who are members of the Police and Firemen's Retirement System of New Jersey, pursuant to P.L.1944, c.255 (C.43:16A-1 et seq.), an incentive program for retirement may provide additional months of service credit for an employee who has 20 or more years of service credit on the last day for retirement under the incentive program, so that the employee shall have an aggregate amount of service credit under the retirement system of no more than 30 years on the effective date of retirement. In no case shall more than 60 months of additional service credit be provided under the incentive program.

b. For employees who are members of the Public Employees' Retirement System of New Jersey, pursuant to P.L.1954, c.84 (C.43:15A-1 et seq.), or a county or municipal retirement system, an incentive program for retirement may provide not more than 60 additional months of service credit for an employee who has 20 or more years of service credit on the last day for retirement under the incentive program.

c. An incentive program may require one or more of the following criteria: a minimum number of years of service credit in a retirement system, a minimum number of years of service with the local unit, or a minimum age for eligibility to participate in the program.

d. An employee who receives an incentive benefit for retirement or termination of employment under P.L.1999, c.59 (C.43:8C-1 et seq.) shall forfeit any tenure, civil service, or other employment right for continued employment or for return to employment based upon the employment for which the employee receives the incentive benefit.

e. When the needs of the local unit require the continuation in service of an employee who elects to retire and receive an incentive benefit under P.L.1999, c.59 (C.43:8C-1 et seq.), the effective retirement date of the employee may be delayed, with the approval of the governing body of the local unit and the agreement of the employee, until the first day of any month not later than the twelfth month after the last date for retirement.
under the incentive program. If an employee whose retirement is delayed under this subsection dies before the retirement becomes effective, the retirement shall be effective on the first day of the month after the date of death of the employee, unless the employee's beneficiary for retirement benefits requests in writing to the board of trustees of the retirement system that benefits payable for death in active service be paid on behalf of the employee.

f. An employee retiring with an incentive benefit under P.L.1999, c.59 (C.43:8C-1 et seq.) who has not paid the full amount of a loan from the retirement system by the effective date of retirement may repay the loan through deductions from the monthly retirement benefits in the same monthly amount which was deducted from the member's compensation immediately preceding retirement, until the balance of the amount borrowed with interest at the statutory rate is repaid. If the retiree dies before the outstanding balance of the loan and interest is repaid, the remaining balance shall be repaid as provided in the laws governing the retirement system for repayment of loans.

g. Notwithstanding the provisions of the laws governing the retirement system, an employee purchasing service credit to qualify for a benefit under P.L.1999, c.59 (C.43:8C-1 et seq.) may, for each affected retirement system, purchase a portion of the service credit which the employee is eligible to purchase.

h. If the incentive program is approved and implemented, the actuary to the affected retirement system shall determine the full amount of the liability of the retirement system for the incentive program including the liability for the additional service credit and the earlier retirement of employees under the incentive program in accordance with the assumptions used by the retirement system to determine the full liabilities of the system. The local unit shall pay the amount of the liability determined by the actuary to the retirement system in a lump sum or through annual installment payments with regular interest at the rate used by the retirement system to determine liabilities and to estimate investment return for a period approved by the Director of the Division of Pensions and Benefits in the Department of the Treasury which shall not exceed 15 years. The local unit shall pay the cost for the actuarial work to determine the full liability of the retirement system if the incentive program is approved and implemented. If the local unit does not make payments for the liability, the cost of the actuarial work, and administrative expenses in a timely manner, the local unit shall be subject to interest and penalties on the payments on the same basis provided for late payment of employer contributions to the retirement system under the laws and rules governing the retirement system.
i. The Director of the Division of Pensions and Benefits in the Department of the Treasury shall provide a local unit with information on the estimated liability for the proposed incentive program, and actual liability if the program is approved and implemented. If the program provides additional service credit to employees under the Public Employees’ Retirement System of New Jersey, pursuant to P.L. 1954, c.84 (C.43:15A-1 et seq.) or the Police and Firemen’s Retirement System of New Jersey, pursuant to P.L. 1944, c.255 (C.43:16A-1 et seq.), the director shall provide the eligible employees of the local unit with information on the benefits they would receive under the incentive program, and other appropriate assistance, to enable employees to decide whether to accept the incentive benefit and retire from the retirement systems if they accept the incentive benefit.

j. The powers, duties and responsibilities related to retirement systems under P.L.1999, c.59 (C.43:8C-1 et seq.) for county and municipal retirement systems shall be exercised and performed by the governing bodies of the retirement systems.

C.43:8C-5 Consultation with representative of bargaining unit.

5. Prior to the beginning date of the incentive program, appropriate representatives of the governing body of a local unit which implements an incentive program shall meet and consult with the majority representative of the bargaining unit or units which include the employees of the local unit who would be eligible for the incentive program.

C.43:8C-6 Employment level of affected local unit.

6. a. For a period of five years after the last date for retirement or termination of employment under an incentive program implemented pursuant to P.L.1999, c.59 (C.43:8C-1 et seq.), the employment level of the local unit for the provision of governmental services previously performed by employees that participated in the incentive program shall not, without the approval of the director, exceed the employment level specified in the incentive program approved by the director. The director may approve an increase in the employment level to provide the affected governmental services if the director determines that:

(1) changes in local conditions such as increased residential or commercial development, increased population, or other changes, have created an increased need or demand for the affected governmental services; and

(2) an increase in the employment level for the affected governmental services is warranted and will provide for the delivery of governmental services in an effective and cost efficient manner. The local unit shall submit annual reports to the director for five years after the last date for retirement or termination of employment under an incentive program implemented pursuant to P.L.1999, c.59 (C.43:8C-1 et seq.), in the form and
manner required by the director, concerning the number of employees and the employment costs to provide the affected governmental services.

b. If a local unit exceeds the employment levels under subsection a. of this section, it shall be required by the director to reimburse the Division of Pensions and Benefits in the Department of the Treasury for the costs of the actuarial work performed for the local unit pursuant to subsection c. of section 3 of P.L.1999, c.59 (C.43:8C-3), as determined by the director of that division.

C.43:8C-7 Rules by Director of Division of Local Government Services.

7. The director may adopt rules to effectuate the purposes of this act in accordance with the provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.).

C.43:8C-8 Rules by Director of Division of Pensions and Benefits.

8. The Director of the Division of Pensions and Benefits in the Department of the Treasury may adopt rules to effectuate the purposes of this act in accordance with the provisions of the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.).

C.43:8C-9 Incentive program for employees of merging school districts, conditions.

9. Notwithstanding the provisions of any other law to the contrary, if a school district merges with one or more other school districts due solely to municipal consolidation pursuant to the "Municipal Consolidation Act," P.L.1977, c.435 (C.40:43-66.35 et seq.), then the board of education of the merging district may offer and implement an incentive program for retirement or termination of employment of its employees after approval of such incentive program by the director under substantially similar terms and conditions as are provided for in sections 2, 3, 5 and 6 of P.L.1999, c.59 (C.43:8C-2, C.43:8C-3, C.43:8C-5 and C.43:8C-6), as prescribed by, and subject to the determination of, the Commissioner of the Department of Education.

10. This act shall take effect immediately.

Approved April 13, 1999.

CHAPTER 60

AN ACT concerning the regionalization of certain local government services, supplementing Title 40 of the Revised Statutes and making an appropriation.
CHAPTER 60, LAWS OF 1999

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.40:8B-14 Short title.
   1. This act shall be known and may be referred to as the "Regional Efficiency Development Incentive Act."

C.40:8B-15 Findings, declarations relative to regionalization of local government services.
   2. The Legislature finds and declares:
      a. One of the most effective ways to reduce property taxes is through the regionalization, consolidation or sharing of services by counties, municipalities and school districts.
      b. Before decisions are made by local officials concerning which services to regionalize or share, and with which partners to enter into shared services agreements, regional service or consolidation opportunities need to be studied and evaluated.
      c. It is therefore a valid public purpose to establish a program to provide State aid, in the form of loans and grants, to local government units to assist them in making decisions concerning the most efficient ways to regionalize or share various services and to provide funding for one-time costs required by such agreements, in order to accelerate such agreements to the benefit of the local property taxpayers.

C.40:8B-16 Definitions relative to regionalization of local government services.
   3. For the purposes of this act:
      "Commissioner" means the Commissioner of Education with regard to local units that are school districts.

C.40:8B-17 Regional Efficiency Development Incentive Program.
   4. a. A local unit that plans to study or implement a regional service agreement may apply to the commissioner or director, for grants or loans to study regional service or consolidation opportunities and to fund one-time
start-up costs of regional or consolidated services. The commissioner and the director shall establish a program to be known as the Regional Efficiency Development Incentive Program, or “REDI,” to accomplish this purpose, and shall jointly or separately, as appropriate, promulgate rules and regulations necessary to effectuate the purposes of the program.

b. The commissioner and director shall provide guidelines and procedures for the submission of REDI grant and loan applications.

c. Applications for regional service study funds:

(1) May require such local match of funds, as is determined by the director or commissioner, for the studies if the director or commissioner finds that the local unit is financially capable of providing such matching funds.

d. Applications for one-time start-up costs shall provide that:

(1) Local units may apply for financial assistance for the one-time start-up costs necessary to implement regional services. Costs that may be financed through the issuance of debt or capital lease agreements shall be excluded from this program.

(2) The commissioner and director may set limits on aid awards and negotiate the various provisions, costs, payment provisions, and amounts of grants or loans to ensure that the regional service is cost effective and in the public interest.

e. The commissioner and director may provide technical support programs to assist local units in applying for grants or aid for studying regional services.

5. There is created a Regional Efficiency Development Incentive account within the Property Tax Relief Fund as a non-lapsing revolving account which shall receive monies as may be credited to it from the Property Tax Relief Fund, the repayments of loans made from the account, and any other funds as may be appropriated to the account from time to time. Monies in the account shall be appropriated for the purposes of this act.

6. The Director of the Division of Budget and Accounting shall credit to the Regional Efficiency Development Incentive (REDI) account from the Property Tax Relief Fund the amount of $10,000,000. The amount in the REDI account is appropriated for allocation by the commissioner and the director for aid and loans to be awarded to local government units pursuant to P.L.1999, c.60 (C.40:8B-14 et seq.).

7. This act shall take effect immediately.

Approved April 13, 1999.
AN ACT concerning the regionalization of certain local government services, supplementing P.L.1990, c.61 (C.54:4-8.57 et seq.), and repealing various sections of law.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.54:4-8.76 Short title.
1. This act shall be known and may be referred to as the "Regional Efficiency Aid Program Act."

C.54:4-8.77 Findings, declarations relative to regionalization of certain local government services.
2. The Legislature finds and declares:
   a. One of the most effective ways to reduce property taxes is through the regionalization, consolidation or sharing of services by local units and school districts.
   b. Due to institutional and financial limitations on these governmental units, regionalized, consolidated and shared alternatives have not been widely adopted, resulting in duplication of services and excess costs levied on property taxpayers.
   c. A program of providing State aid to governmental units that successfully implement strategies to regionalize, consolidate and share services will be an innovative and important means of providing a financial incentive to overcome the institutional limitations of local units and school districts.
   d. To overcome these institutional limitations and to ensure property tax relief, the State should provide State aid in the form of a property tax credit of a sum of money related to property taxes as authorized by Article VIII, Section 1, paragraph 5 of the Constitution directly to the taxpayer, while the governmental unit realizes the budgetary savings from shared, regionalized or consolidated services and passes these additional savings through to taxpayers through a reduction in property tax obligations.
   e. Further, combining State-funded property tax relief with fiscal assistance for the planning and start-up costs associated with new shared, regionalized or consolidated services will provide additional incentives for government units to take advantage of the potential savings.

C.54:4-8.78 Definitions relative to regionalization of certain local government services.
3. For the purposes of this act:
   "Commissioner" means the Commissioner of Education with regard to local units that are school districts.
"Director" means the Director of the Division of Local Government Services in the Department of Community Affairs with regard to local units that are not school districts.

"Local unit" means any municipal government, county government, board of education, fire or other special district that raises or relies upon property tax revenue as a budget revenue, or joint meeting.

"Residential property" means a homestead as defined in P.L.1990, c.61, s.2 (C.54:4-8.58).

"Regional service agreement" means any agreement entered into on or after July 1, 1997, between local units, or local units and authorities, pursuant to the "Interlocal Services Act," P.L.1973, c.208 (C.40:8A-1 et seq.), the "Municipal Consolidation Act," P.L.1977, c.435 (C.40:43-66.35 et seq.), the "Consolidated Municipal Service Act," P.L.1952, c.72 (C.40:48B-1 et seq.) or any agreement, entered into on or after July 1, 1997, between two or more boards of education to provide regional, consolidated, or joint services as may be allowed by law, which agreement shall contain projections by the local units or authorities of their total cost savings anticipated through the agreement.

C.54:4-8.79 Application for State aid to reduce property taxes; REAP formula.

4. a. Local units that enter into regional service agreements, either as providers or receivers of services after July 1, 1997, may apply for State aid to reduce property taxes owed on residential property as provided in P.L.1999, c.61 (C.54:4-8.76 et seq.). Each residential property shall receive a reduction in the total property tax obligation during each calendar year in which the local unit receives aid based on the regional services that are entered into by the local units serving the residential property. Aid shall be granted for each calendar year during which a regional service agreement is in effect. This program shall be known as the "Regional Efficiency Aid Program" or "REAP."

b. The formula for allocating REAP aid shall use the following variables, where:

\[ T = P \times C \times D \times W; \]

\( P \) = total number of points accumulated for the regional services of the local unit provided by or to the local unit

\( D \) = dollar value per point

\( C \) = latest population of a municipality using the most recent State population estimates provided by the New Jersey Department of Labor or the U.S. Bureau of the Census, whichever is most recent.

\( W \) = weighting factor of fiscal stress

\( T \) = total aid
or: \[ \text{Total aid} = \text{total number of points} \times \text{population} \times \text{dollar value of a point} \times \text{weighting factor}. \]

c. A system of determining variables in the formula for allocating State aid, other than for determining the dollar value of a point, shall be proposed within six months of enactment of this act by the commissioner and director, and shall be adopted by each as rules pursuant to the "Administrative Procedure Act," P.L.1968, 410 (C.52:14B-1 et seq.). The dollar value (D) of a point shall be one dollar per point. The system shall have the following provisions:

1. A schedule of the number of points for each type of service shall be set by the commissioner or director, as appropriate to the local government unit.

2. The director or the commissioner may assign the amount of points for services that are not included on the schedule on a case-by-case basis.

3. The assignment of the number of points may be based on the percentage of the cost of the service in the current budget of the local unit, a relative value scale of the importance of the service, a combination of the two, or such other criteria that shall be designated by the commissioner or the director to provide incentives as they deem necessary or appropriate.

4. An increase to the number of points by an amount not to exceed 25% of the number provided to the recipient, to be granted to the provider of regional service.

5. A formula for weighting points based on a local unit's degree of fiscal stress.

d. The commissioner and the director shall establish procedures for the administration of REAP aid and provide for an application and award process that:

1. is concurrent with the timetable and process of setting property tax rates;

2. ensures that regional services are bonafide;

3. ensures that to qualify for the receipt of REAP aid under P.L.1999, c.61 (C.54:4-8.76 et seq.), regional services result in savings for the cost of services, including any new capital expenditures, reflected as current or future budget reductions, limits on future cost increases, minimizing the costs of a new service, or such other criteria as the commissioner or director may deem relevant; and

4. provides for monitoring, oversight, and enforcement of the provisions of REAP.

e. Each year the director and commissioner shall review applications and calculate the allowable number of points accumulated by the respective local units and calculate the amount of REAP aid each local unit has earned. The commissioner shall properly allocate aid to ensure that the municipalities constituting sending districts, and regional and consolidated school
districts receive their share of aid based on their proportion of taxes or tuition paid, or other appropriate measure.

f. All local unit appropriations for regional services for which REAP aid is provided shall be exempt from the limitations on appropriations pursuant to the provisions of the laws limiting local unit expenditures, P.L.1976, c.68 (C.40A:4-45.1 et seq.), and subsection d. of section 5 of P.L.1996, c.138 (C.18A:7F-5).

g. The tax assessor of each taxing district for which a local unit has applied to receive REAP aid shall identify those parcels that qualify as residential property.

(1) As a condition of eligibility for a REAP property tax credit, taxpayers of the taxing district may be required to answer questionnaires and to certify that the property for which a REAP property tax credit is sought is residential property as defined in section 3 of P.L.1999, c.61 (C.54:4-8.78). Such questionnaires and certifications may be appended to the notice required by section 32 of P.L.1991, c.75 (C.54:4-38.1), in a form to be adopted by the Director of the Division of Taxation. The assessor may also utilize any other information that will aid in determining whether a parcel qualifies as residential property. The determination of the tax assessor as to whether a parcel qualifies as residential property shall be final unless such determination is appealed to the county board of taxation.

(2) The assessor shall provide to each local unit making its first application for REAP aid an explanation of how residential properties shall be identified, which explanation shall be included in the application.

(3) By May 1 of each year, the assessor shall identify to the county board of taxation the properties which the assessor has identified as residential property, together with a certification that the assessor has made good faith efforts in so identifying those properties.

h. A REAP property tax credit shall be applied to each residential property each year as follows:

(1) The director and commissioner shall certify to each county board of taxation, the Director of the Division of Budget and Accounting, the Legislative Budget and Finance Officer, and the Senate President and the Speaker of the General Assembly, by May 1 of each year, the amount of REAP aid due to each local unit for that tax year.

(2) When the table of aggregates prepared pursuant to R.S.54:4-52 for each municipality is prepared, a tax credit rate shall be calculated using the calculation of total REAP aid divided by the total taxable value of residential property.

(3) The tax credit rate shall be multiplied by the taxable value for each residential property, the product of which shall be deducted from the total
CHAPTER 61, LAWS OF 1999

461

taxes due, before deductions, on each residential property for the tax year. The tax credit rate and amount of the credit shall be displayed on the tax bill.

i. The total amount of REAP aid shall be paid by the Director of the Division of Budget and Accounting as State aid to each municipality in two equal installments payable on August 1 and November 1 of each year.

j. The director shall establish a procedure for information about the aid program and the amount of REAP aid earned by each taxing district to be printed on, or mailed with, the tax bill.

k. The Director of the Division of Taxation shall assist in identifying residential properties as defined in this act and may make any additions to notices of assessments or to other forms or notices as the Director of the Division of Taxation deems appropriate, and may promulgate regulations for the identification of residential property, including a requirement that taxpayers timely complete certifications or questionnaires in order to be eligible for a REAP tax credit. Notwithstanding the provisions of R.S. 54:50-8 to the contrary, the Director of the Division of Taxation may provide such information as he deems necessary to the commissioner, the director or the county boards of taxation to implement the provisions of P.L. 1999, c. 61 (C. 54:4-8.76 et seq.). The Director of the Division of Taxation, the director and the commissioner may adopt rules to effectuate the purposes of P.L. 1999, c. 61 (C. 54:4-8.76 et seq.) in accordance with the provisions of the "Administrative Procedure Act," P.L. 1968, c. 410 (C. 52:14B-1 et seq.).

C. 54:4-8.80 Regional Efficiency Aid Program.

5. a. There is created a Regional Efficiency Aid Program within the Property Tax Relief Fund which shall be a non-lapsing revolving account which shall receive appropriations and repayments of loans as may be determined necessary by the State Treasurer.

b. Each year the Legislature shall appropriate such funds for REAP as are determined to be appropriate based upon certification by the commissioner and director, subject to the approval of the State Treasurer.

C. 54:4-8.81 Rules for REAP aid to tenants.

6. In addition to any provisions of the "Tenants' Property Tax Rebate Act," P.L. 1976, c. 63 (C. 54:4-6.2 et seq.), the director shall, through rules adopted pursuant to the "Administrative Procedure Act," P.L. 1968, c. 410 (C. 52:14B-1 et seq.), provide that REAP aid received by owners of residential property under P.L. 1999, c. 61 (C. 54:4-8.76 et seq.) shall be provided to tenants as a tenant property tax rebate.

Title shall be presumed to be held in equal shares among all co-owners, but if the applicant satisfactorily demonstrates to the director that under the conveyance under which the title is held, or otherwise satisfactorily demonstrates that the title provides for unequal interests therein, that applicant's NJ SAVER rebate shall be in proportion to the claimant's interest in the title.

d. If the homestead of an NJ SAVER applicant is a residential property consisting of more than one unit, that applicant shall be allowed an NJ SAVER rebate pursuant to this section only in relation to the proportionate share of the school property taxes assessed and levied against the residential unit occupied by that applicant, as satisfactorily demonstrated by the applicant to the director.

A homestead held by husband and wife, as tenants by the entirety, shall be deemed wholly owned by each tenant, but no more than one NJ SAVER rebate in regard to that homestead shall be allowed in any year.    (1) in the case of a married couple filing a joint New Jersey gross income tax return or an individual filing a return who determines gross income tax pursuant to subsection a. of N.J.S.54A:2-1, gross income does not exceed $70,000 for that year;

   (2) in the case of an unmarried individual who determines gross income tax pursuant to subsection b. of N.J.S.54A:2-1, gross income does not exceed $35,000 for that year;

   (3) in the case of a married individual filing a separate New Jersey gross income tax return, if the spouse of the claimant maintains the same homestead as the claimant and also files a separate gross income tax return in this State, the combined gross income of both spouses does not exceed $70,000, but in no event shall the homestead rebate claimed under this subsection exceed one-half of the amount of the homestead rebate allowable had the spouses filed a joint return and homestead rebate application; and

   (4) in the case of a married individual filing a separate gross income tax return and maintaining a homestead apart from that individual's spouse, gross income does not exceed $35,000.

b. A homestead rebate shall be allowed pursuant to subsection a. of this section in relation to the amount of the property taxes actually paid by or allocable to a resident property taxpayer who is a claimant on more than one homestead, but the aggregate amount of the property taxes claimed shall not exceed the total of the proportionate amounts of property taxes assessed and levied against or allocable to each homestead for the portion of the tax year the claimant occupied it as the claimant's principal residence.

c. If title to a homestead is held by more than one individual as joint tenants or tenants in common, each individual shall be allowed a homestead rebate pursuant to this section only in relation to the individual's proportionate share of the property taxes assessed and levied against the homestead.
The individual's proportionate share of the property taxes on that homestead shall be equal to the share of that individual's interest in the title. Title shall be presumed to be held in equal shares among all co-owners, but if the claimant satisfactorily demonstrates to the director that title provides for unequal interests, either under the conveyance under which the title is held, or as otherwise may be demonstrated, that claimant's share of the property taxes paid on that homestead shall be in proportion to the claimant's interest in the title.

d. If the homestead of a claimant is a residential property consisting of more than one unit, that claimant shall be allowed a homestead rebate pursuant to this section only in relation to the proportionate share of the property taxes assessed and levied against the residential unit occupied by that claimant, as determined by the local tax assessor.

e. Nothing in this section shall preclude a co-owner, other than a husband or wife claiming a homestead rebate on the same homestead, from receiving a homestead rebate determined pursuant to subsection f. or g. of this section if another co-owner claims a homestead rebate pursuant to subsection a. of this section, provided however, that each claim for a homestead rebate determined pursuant to subsections a. and f. of this section shall be separately subject to the provisions of subsections c. and d. of this section and each claim for a homestead rebate determined pursuant to subsection g. of this section shall be separately subject to the provisions of that subsection.

f. (1) Notwithstanding the provisions of subsection a. of this section to the contrary, a homestead rebate shall be allowed for a resident of this State who is 65 years of age or older at the close of the tax year, or who is allowed to claim a personal deduction as a blind or disabled taxpayer pursuant to subsection b. of N.J.S.54A:3-1, who has paid property taxes in that tax year on the claimant's homestead, which shall not be less than:

(a) $150 for property taxes paid on one homestead for the tax year if the claimant's gross income does not exceed $70,000 for that year; or
(b) $100 for property taxes paid on one homestead for the tax year if the claimant's gross income exceeds $70,000 but does not exceed $100,000 for that year.

(2) If a claimant who is eligible to receive a homestead rebate in an amount set forth in paragraph (1) of this subsection paid property taxes on homesteads maintained as such in this State for less than the full tax year, the homestead rebate amount set forth in paragraph (1) shall be prorated in the proportion which the number of days that the homesteads were maintained during the tax year bears to 365 days. The homestead rebate amount set forth in paragraph (1) of this subsection shall be subject to any further proportionate reduction as may be applicable pursuant to subsections
c. and d. of this section. The homestead rebate amount set forth in paragraph (1) of this subsection that is subject to any proportionate reduction shall be rounded to the nearest whole dollar. The homestead rebate amount set forth in paragraph (1) of this subsection that is claimed based upon a homestead maintained by both spouses shall be determined based upon the combined gross income of both spouses regardless of whether the claimants filed a joint New Jersey gross income tax return or separate New Jersey gross income tax returns for the tax year.

   g. (1) A resident of this State who is not 65 years of age or older at the close of the tax year, and who is not allowed to claim a personal deduction as a blind or disabled taxpayer pursuant to subsection b. of N.J.S.54A:3-1, who maintains a homestead for which property taxes have been paid for the tax year, who has gross income for the tax year not in excess of $40,000, shall be allowed a homestead rebate pursuant to this subsection of $90, provided however, that the homestead rebate allowed pursuant to this subsection shall be subject to the limitations and reductions as may apply pursuant to the provisions of subsections b. through d. of this section.

   (2) In the case of a claimant who is a married individual filing a separate New Jersey gross income tax return, if the spouse of the claimant maintains the same homestead as the claimant and also files a separate gross income tax return in this State: (a) if the combined gross income of both spouses exceeds $40,000 then neither spouse shall be entitled to a rebate pursuant to this subsection; or (b) if the combined gross income of both spouses does not exceed $40,000, then the maximum homestead rebate paid pursuant to this subsection to each spouse shall not exceed one-half of the amount of the homestead rebate allowable had the spouses filed a joint return and homestead rebate application.

   (3) A rebate paid pursuant to this subsection shall be subject to such proportionate reductions in amount as relate to the claimant's number of days as an owner of the homestead during the tax year.

6. Section 4 of P.L.1990, c.61 (C.54:4-8.60) is amended to read as follows:

C.54:4-8.60 Rebates for residential rental property units, amount; eligibility, conditions.

   4. a. A resident of this State who is 65 years of age or older at the close of the tax year, or who is allowed to claim a personal deduction as a blind or disabled taxpayer pursuant to subsection b. of N.J.S.54A:3-1, whose homestead is a unit of residential rental property shall be allowed a homestead rebate for the tax year equal to the amount by which the claimant's rent constituting property taxes in that tax year exceeds 5% of the
claimant's gross income, up to a maximum rebate of $500 (rounded to the nearest whole dollar), provided that:

(1) in the case of a married couple filing a joint New Jersey gross income tax return or an individual filing a return who determines gross income tax pursuant to subsection a. of N.J.S.54A:2-1, gross income does not exceed $70,000 for that year;

(2) in the case of an unmarried individual who determines gross income tax pursuant to subsection b. of N.J.S.54A:2-1, gross income does not exceed $35,000 for that year;

(3) in the case of a married individual filing a separate New Jersey gross income tax return, if the spouse of the claimant maintains the same homestead as the claimant and also files a separate gross income tax return in this State, the combined gross income of both spouses does not exceed $70,000, but in no event shall the homestead rebate claimed under this subsection exceed one-half of the amount of the homestead rebate allowable had the spouses filed a joint return and homestead rebate application; and

(4) in the case of a married individual filing a separate gross income tax return and maintaining a homestead apart from that individual's spouse, gross income does not exceed $35,000.

b. If more than one resident, other than a husband and wife, qualify for a homestead rebate by reason of their having occupied the same unit of residential rental property as their homestead, it shall be presumed that each claimant shall be allowed a homestead rebate pursuant to this section only in relation to the individual's proportionate share of the total rent constituting property taxes paid by that claimant which homestead rebate shall be in proportion to the percentage that the total rent paid by that claimant bears to the total rent paid by all tenants of the same unit. For the purposes of a homestead rebate claimed by an individual subject to this subsection, the names and social security numbers of each co-tenant shall be reported by the claimant and the total rent paid shall be presumed to be paid in equal parts among all co-tenants.

c. If a claimant for a homestead rebate pursuant to this section has no other homestead in this State other than a unit of residential rental property, and that claimant was not a resident of this State for the full tax year, but paid rent for the full tax year for one or more units of residential rental property in this State, the claimant's total homestead rebate otherwise calculated pursuant to this section shall be prorated in the proportion which the number of days the claimant occupied residential rental property in this State as a homestead during the tax year bears to 365 days.

d. Nothing in this section shall preclude a co-tenant, other than a husband or wife claiming a homestead rebate on the same homestead, from receiving a homestead rebate determined pursuant to subsection e. or f. of
this section if another co-tenant claims a rebate pursuant to subsection a. of this section, provided however, that each such claim shall be separately subject to the provisions of subsections b. and c. of this section.

e. (1) Notwithstanding the provisions of subsection a. of this section to the contrary, a homestead rebate shall be allowed for a resident of this State who is 65 years of age or older at the close of the tax year, or who is allowed to claim a personal deduction as a blind or disabled taxpayer pursuant to subsection b. of N.J.S.54A:3-1, whose homestead is a unit of residential rental property which shall not be less than:

(a) $65 for property taxes paid through rent on the homestead for the tax year if the claimant's gross income does not exceed $70,000 for that year; or

(b) $35 for property taxes paid through rent on the homestead for the tax year if the claimant's gross income exceeds $70,000 but does not exceed $100,000 for that year.

(2) If a claimant who is eligible to receive a homestead rebate in an amount set forth in paragraph (1) of this subsection paid rent for less than the full tax year on one or more homesteads in this State maintained as such for less than the full tax year, the homestead rebate amount set forth in paragraph (1) shall be prorated in the proportion which the number of days that the homestead was maintained during the tax year bears to 365 days. A claim for a homestead rebate in an amount set forth in paragraph (1) of this subsection shall be subject to such further proportionate reduction as may be required pursuant to subsections b. and c. of this section. A homestead rebate in an amount set forth in paragraph (1) of this subsection subject to any proportionate reduction shall be rounded to the nearest whole dollar. A claim for a homestead rebate in an amount set forth in paragraph (1) of this subsection based upon a homestead maintained by both spouses shall be determined based upon the combined gross income of both spouses regardless of whether the claimants filed a joint New Jersey gross income tax return or separate New Jersey gross income tax returns for the tax year.

f. (1) A resident of this State who is not 65 years of age or older at the close of the tax year, and who is not allowed to claim a personal deduction as a blind or disabled taxpayer pursuant to subsection b. of N.J.S.54A:3-1, whose homestead is a unit of residential rental property, who has gross income for the tax year not in excess of $100,000, shall be allowed a homestead rebate pursuant to this subsection of $30 for property taxes paid through rent during the 1998 tax year, $40 for property taxes paid through rent during the 1999 tax year, $60 for property taxes paid through rent during the 2000 tax year, $80 for property taxes paid through rent during the 2001 tax year, and $100 for property taxes paid through rent during any tax year thereafter, provided however, that the homestead rebate allowed
pursuant to this subsection shall be subject to the limitations and reductions as may apply pursuant to the provisions of subsections b. and c. of this section and such proportionate reduction as may relate to the number of days the claimant was a tenant in a unit of residential rental property maintained as a homestead in this State during the tax year.

(2) The gross income limit imposed in paragraph (1) of this subsection for a claim for a homestead rebate made pursuant to this subsection that is based upon a homestead maintained by both spouses shall be based upon the combined gross income of both spouses if the claimants filed a joint New Jersey gross income tax return for the tax year. If a claim by a married individual for a homestead rebate made pursuant to this subsection is based upon a homestead maintained by both spouses who each file separate New Jersey gross income tax returns for the tax year, no homestead rebate for the tax year shall be paid to either spouse if their combined gross income exceeds the gross income limit imposed in paragraph (1) of this subsection.

For such a claim, if the combined gross income of both spouses does not exceed the gross income limit imposed in paragraph (1) of this subsection, then each such spouse making a claim shall be allowed a homestead rebate amount equal to one-half of the homestead rebate amount otherwise allowed pursuant to this subsection.

7. Section 5 of P.L.1990, c.61 (C.54:4-8.61) is amended to read as follows:

C.54:4-8.61 Rebates for property taxes and rent.

5. a. A resident of this State who is 65 years of age or older at the close of the tax year, or who is allowed to claim a personal deduction as a blind or disabled taxpayer pursuant to subsection b. of N.J.S.54A:3-1, who is a resident of this State for the full tax year for which a homestead rebate is claimed, whose homestead has been other than a unit of residential rental property for a part of the tax year and has been a unit of residential rental property for the remainder of that year, shall be allowed a homestead rebate for that tax year equal to the amount by which the sum of the actual property taxes paid by the claimant and the rent constituting property taxes paid by the claimant in that tax year exceeds 5% of the claimant's gross income, up to a maximum rebate of $500 (rounded to the nearest whole dollar), provided that:

(1) in the case of a married couple filing a joint New Jersey gross income tax return or an individual filing a return who determines gross income tax pursuant to subsection a. of N.J.S.54A:2-1, gross income does not exceed $70,000 for that year;
(2) in the case of an unmarried individual who determines gross income tax pursuant to subsection b. of N.J.S.54A:2-1, gross income does not exceed $35,000 for that year;

(3) in the case of a married individual filing a separate New Jersey gross income tax return, if the spouse of the claimant maintains the same homestead as the claimant and also files a separate gross income tax return in this State, the combined gross income of both spouses does not exceed $70,000, but in no event shall the homestead rebate claimed under this subsection exceed one-half of the amount of the homestead rebate allowable had the spouses filed a joint return and rebate application; and

(4) in the case of a married individual filing a separate gross income tax return and maintaining a homestead apart from that individual's spouse, gross income does not exceed $35,000.

d. (1) Notwithstanding the provisions of subsection a. of this section to the contrary, a homestead rebate shall be allowed for a resident of this State who is 65 years of age or older at the close of the tax year, or who is allowed to claim a personal deduction as a blind or disabled taxpayer pursuant to subsection b. of N.J.S.54A:3-1, who is a resident of this State for the full tax year for which a homestead rebate is claimed, who has paid property taxes on a homestead other than a unit of residential rental property for a part of the tax year and has paid property taxes through rent on a unit of residential rental property for the remainder of that year, which shall not be less than:

(a) the sum of that portion of $150 which the number of days that the claimant's homestead was other than a unit of residential rental property bears to 365 days and that portion of $65 which the number of days that the claimant's homestead was a unit of residential rental property bears to 365 days, if the claimant's gross income does not exceed $70,000 for that year; or

(b) the sum of that portion of $100 which the number of days that the claimant's homestead was other than a unit of residential rental property bears to 365 days and that portion of $35 which the number of days that the claimant's homestead was a unit of residential rental property bears to 365 days, if the claimant's gross income exceeds $70,000 but does not exceed $100,000 for that year.

(2) A claim for a homestead rebate pursuant to this subsection shall first be subject to such further proportionate reductions to the respective portions of the sums determined pursuant to subparagraph (a) or (b) of paragraph (1) of this subsection as may be required pursuant to subsections c. and d. of section 3 of P.L.1990, c.61 (C.54:4-8.59) and subsections b. and c. of section 4 of P.L.1990, c.61 (C.54:4-8.60). A homestead rebate determined pursuant to this subsection shall be rounded to the nearest whole dollar. A claim for a homestead rebate determined pursuant to this subsection based upon a homestead maintained by both spouses shall be determined based
upon the combined gross income of both spouses regardless of whether the claimants filed a joint New Jersey gross income tax return or separate New Jersey gross income tax returns for the tax year.

C. A claim for a homestead rebate for a resident of this State who is not 65 years of age or older at the close of the tax year, and who is not allowed to claim a personal deduction as a blind or disabled taxpayer pursuant to subsection b. of N.J.S.54A:3-1, who is a resident of this State for the full tax year for which a homestead rebate is claimed, who has paid property taxes on a homestead other than a unit of residential rental property for a part of the tax year and has paid property taxes through rent on a unit of residential rental property for the remainder of that year shall be determined based upon the sum of:

1. a homestead rebate determined under subsection g. of section 3 of P.L.1990, c.61 (C.54:4-8.59), as may apply, subject to such proportionate reduction as relates to the number of days that the claimant's homestead was other than a unit of residential rental property bears to 365 days; and

2. a homestead rebate determined under subsection f. of section 4 of P.L.1990, c.61 (C.54:4-8.60), as may apply, subject to such proportionate reduction as relates to the number of days that the claimant's homestead was a unit of residential rental property bears to 365 days.

8. Section 6 of P.L.1990, c.61 (C.54:4-8.62) is amended to read as follows:

C.54:4-8.62 Rebate applications.

6. a. No NJ SAVER rebate or homestead rebate shall be allowed pursuant to this act except upon annual application therefor, in any manner, upon any form, and in any format, whether in writing or otherwise, as shall be prescribed by the director. The director may require a claimant for a homestead rebate to attach to the homestead rebate application a copy of the appropriate property tax bill or proof of rent paid for the prior tax year. The director may require such other verification of eligibility for an NJ SAVER rebate or homestead rebate as the director may deem necessary. The application for a homestead rebate shall be submitted (1) as part of the claimant's gross income tax return filed pursuant to the "New Jersey Gross Income Tax Act," N.J.S.54A:1-1 et seq., or, (2) on any other form, in any manner or format and at any time and prior to any date as the director shall prescribe if (a) the claimant is not required to file a gross income tax return or (b) the claimant has filed an application for extension of time to file the claimant's gross income tax return. The director may require that the application for an NJ SAVER rebate shall be submitted (i) as part of the applicant's gross income tax return filed pursuant to the "New Jersey Gross
Income Tax Act," N.J.S.54A:1-1 et seq., or (2) on any other form, in any other format and at any time and prior to any date as the director shall prescribe. The director shall, for good cause shown, extend the time of any applicant to file a claim for an NJ SAVER rebate or homestead rebate for a reasonable period, and in such case, the application shall be processed and payment of an NJ SAVER or homestead rebate made in accordance with the procedures established in the case of applications timely filed. The director may require sworn applications. In the event that the director waives the requirement of sworn applications, all declarations by claimants shall be considered as if made under oath and claimants, as to false declarations, shall be subject to the penalties as provided by law for perjury.

b. Upon approval of NJ SAVER and homestead rebate applications by the director, the director shall prepare lists of individuals entitled to a rebate, together with the respective amounts due each claimant and shall forward such lists to the State Treasurer, the Director of the Division of Budget and Accounting and any other officials as the director deems appropriate on or before the earliest of such date or dates as may be convenient for the director to compile such lists. The director may inspect all records in the offices of the tax collector and tax assessor of a municipality with respect to applications, claims and allowances for NJ SAVER rebates and homestead rebates.

c. If an NJ SAVER or homestead rebate application contains a claim for a rebate that is incorrectly determined by the claimant or is based upon incorrect or insufficient information from which the director is to approve the claim, the director may determine the eligibility of the claimant for an NJ SAVER or homestead rebate and the correct amount of an NJ SAVER or homestead rebate to be paid to that claimant from such other information as may be available to the director. In addition, the director may adjust the amount of any NJ SAVER or homestead rebate to which a claimant may be entitled by any part of the amount of any previous NJ SAVER or homestead rebate erroneously claimed by and paid to that claimant.

d. In the case of a claimant for an NJ SAVER rebate or a homestead rebate whose homestead is a unit in a cooperative, mutual housing corporation or continuing care retirement community, the director may provide that the application shall include the name and address of the location of the property and the amount of real property taxes attributed to the cooperative, mutual housing residential unit or continuing care retirement community residential unit, as shall be indicated in an official notice which shall be furnished by the cooperative, mutual housing corporation or continuing care retirement community for the same year.

e. An NJ SAVER rebate or a homestead rebate shall be allowed pursuant to this act for a claimant whose ownership of an interest in a
homestead is satisfied by the holding of the beneficial interest if legal title thereto or share therein is held by another for the benefit of the claimant.

9. Section 7 of P.L.1990, c.61 (C.54:4-8.63) is amended to read as follows:

C.54:4-8.63 Rebates, distribution.

7. The State Treasurer annually on or before October 31, upon certification of the director and upon warrant of the State Comptroller, shall pay and distribute the amount of the NJ SAVER rebate or homestead rebate claimed for the prior tax year to each claimant whose NJ SAVER rebate or homestead rebate is approved by the director.

10. Section 8 of P.L.1990, c.61 (C.54:4-8.64) is amended to read as follows:

C.54:4-8.64 Property tax delinquency; withholding of rebates.

8. a. The tax collector of each municipality shall, on or before May 15 of each year, furnish the director with a list of property taxpayers in the district delinquent for taxes due and payable for the year immediately preceding and the amounts of such delinquencies. The collector shall report on such list the name, lot and block number on the property tax duplicate as may be applicable, and the address of each owner to whom a delinquency is attributable together with the amount of such delinquency so identified. No NJ SAVER rebate or homestead rebate payment under this act shall be made to a property owner while that property owner's delinquency remains, provided however that for the purposes of this act, for an assessment on a property which is on appeal and for which the statutory percentage of the tax as provided in R.S.54:3-27 has been paid, the taxes assessed on that property shall not be regarded as delinquent.

b. If the director receives the list as provided for in subsection a. of this section, and the director determines that a property tax delinquency remains for the preceding tax year on May 15, the director shall ascertain the amount of the NJ SAVER rebate or homestead rebate, or the amount of both, required to be withheld because of such delinquency in each municipality in the State, and shall certify such amounts to the State Treasurer as soon thereafter as may be practicable.

c. On or before November 15, the director shall notify each NJ SAVER rebate and homestead rebate claimant whose rebate or rebates have been withheld because of delinquency that the amount of the rebate or rebates to which the claimant otherwise would have been entitled has been sent to the tax collector in the municipality to be credited against the claimant's delinquency.
CHAPTER 63, LAWS OF 1999

479

d. Upon certification by the director as to the amount of NJ SAVER and homestead rebates required to be withheld because of delinquency in the several municipalities, the State Treasurer upon the warrant of the State Comptroller, shall pay such amount on or before October 30 to the tax collector in each municipality.

e. The tax collector in each municipality shall credit the tax delinquency of each property taxpayer who appears on the delinquency list set forth in subsection a. of this section in the amount that otherwise would have been returned to the property taxpayer as an NJ SAVER rebate or homestead rebate. In the event that the amount so credited exceeds the amount of delinquency, the tax collector may return the difference to the taxpayer or credit such amount to the subsequent property tax bill.

f. In the case of delinquency in the payment of property taxes by a cooperative, mutual housing corporation or continuing care retirement community, an NJ SAVER rebate or a homestead rebate that may be due an individual resident shall be paid by the State Treasurer to the tax collector of the municipality. The tax collector shall credit the cooperative, mutual housing corporation or continuing care retirement community with such payment and the cooperative, mutual housing corporation or continuing care retirement community shall, in turn, credit the individual unit owner to the extent of the rebate and notify the applicant of the amount to be credited.

g. If a tax collector fails to comply with the provisions of subsection a. of this section requiring the tax collector to furnish the director with a list, on or before May 15 of each year, of property taxpayers in the district delinquent for taxes due and payable for the year immediately preceding and the amounts of such delinquencies, the director shall pay the NJ SAVER rebate or homestead rebate directly to the delinquent applicant rather than to the tax collector of the municipality as set forth in subsection d. of this section.

11. Section 9 of P.L.1990, c.61 (C.54:4-8.65) is amended to read as follows:

C.54:4-8.65 Rebates not subject to legal process; exceptions.

9. The NJ SAVER rebate and homestead rebate authorized under this act shall not be subject to garnishment, attachment, execution or other legal process, except as provided in section 1 of P.L.1981, c.239 (C.54A:9-8.1), or except for an income withholding order issued pursuant to P.L.1981, c.417 (C.2A:17-56.8 et seq.), nor shall the payment thereof be anticipated.

12. Section 1 of P.L.1981, c. 239 (C.54A:9-8.1) is amended to read as follows:
CHAPTER 63, LAWS OF 1999

13. Section 10 of P.L.1990, c.61 (C.54:4-8.66) is amended to read as follows:

10. a. An applicant for an NJ SAVER rebate or a homestead rebate aggrieved by the denial by the director of all or part of that applicant's NJ SAVER or homestead rebate may protest the denial under procedures as may be determined by the director by regulation. If the protest results in a final determination that affirms or modifies the denial under review, the final determination shall be subject to judicial review pursuant to N.J.S.54:51A-13 et seq. in the New Jersey Tax Court within 90 days of the issuance of the final determination.

b. The appeal provided by this section shall be the exclusive remedy available to an applicant for review of a decision of the director in respect to the denial of all or part of an NJ SAVER rebate or homestead rebate.

C.54:4-8.66a Misrepresentation, penalty.

14. Any individual who receives an NJ SAVER rebate or homestead rebate as a result of an intentional misrepresentation of a material fact shall
be required to repay to the director the amount of the NJ SAVER rebate or homestead rebate and shall be liable to a penalty equal to 150% of the amount of the NJ SAVER rebate or homestead rebate paid as a result of that misrepresentation.

C.54:4-8.66b Erroneous rebates.

15. Any person who receives an NJ SAVER rebate or a homestead rebate which has been paid in error and which is recoverable by the director, and fails to return the payment within 45 days of receiving notice from the director that such payment was erroneous, shall pay, in addition to the amount of the erroneous rebate, interest at the rate prescribed in R.S.54:49-3, assessed for each month or fraction thereof, compounded annually at the end of each year, from the date next following the 45th day after receiving the notice from the director that such payment was erroneous until the date of the return of the erroneous payment.

C.54:4-8.66c Recovery of erroneous or misrepresented rebates, procedures.

16. An NJ SAVER rebate or homestead rebate paid as a result of misrepresentation or paid in error and any penalties and interest as imposed thereon by this act, shall be payable to and recoverable by the director in the same manner as a deficiency with respect to the payment of a State tax in accordance with the State Tax Uniform Procedure Law, R.S.54:48-1 et seq.

17. Section 2 of P.L.1997, c.348 (C.54:4-8.69) is amended to read as follows:

1. The Department of Community Affairs shall adopt by regulation a standardized form for a performance guarantee, maintenance guarantee and letter of credit required by an approving authority pursuant to section 41 of P.L.1975, c.291 (C.40:55D-53).

C.40:55D-53b Acceptance of standardized form.

2. Notwithstanding any ordinance to the contrary, an approving authority shall accept the standardized form for a performance guarantee, maintenance guarantee or letter of credit adopted by regulation by the Department of Community Affairs pursuant to section 1 of P.L.1999, c.68 (C.40:55D-53a) as complying with the provisions of section 41 of P.L.1975, c.291 (C.40:55D-53).

3. Section 41 of P.L.1975, c.291 (C.40:55D-53) is amended to read as follows:

C.40:55D-53 Guarantees required; surety; release.

41. Guarantees required; surety; release. a. Before recording of final subdivision plats or as a condition of final site plan approval or as a condition to the issuance of a zoning permit pursuant to subsection d. of section 52 of P.L.1975, c.291 (C.40:55D-65), the approving authority may require and shall accept in accordance with the standards adopted by ordinance and regulations adopted pursuant to section 1 of P.L.1999, c.68 (C.40:55D-53a) for the purpose of assuring the installation and maintenance of on-tract improvements:

(1) The furnishing of a performance guarantee in favor of the municipality in an amount not to exceed 120% of the cost of installation, which cost shall be determined by the municipal engineer according to the method of calculation set forth in section 15 of P.L.1991, c.256 (C.40:55D-53.4), for improvements which the approving authority may deem necessary or appropriate including: streets, grading, pavement, gutters, curbs, sidewalks, street lighting, shade trees, surveyor's monuments, as shown on the final map and required by "the map filing law," P.L.1960, c.141 (C.46:23-9.9 et seq.), water mains, culverts, storm sewers, sanitary sewers or other means of sewage disposal, drainage structures, erosion control and sedimentation control devices, public improvements of open space and, in the case of site plans only, other on-site improvements and landscaping.

The municipal engineer shall prepare an itemized cost estimate of the improvements covered by the performance guarantee, which itemized cost
estimate shall be appended to each performance guarantee posted by the obligor.

(2) Provision for a maintenance guarantee to be posted with the governing body for a period not to exceed two years after final acceptance of the improvement, in an amount not to exceed 15% of the cost of the improvement, which cost shall be determined by the municipal engineer according to the method of calculation set forth in section 15 of P.L.1991, c.256 (C.40:55D-53.4). In the event that other governmental agencies or public utilities automatically will own the utilities to be installed or the improvements are covered by a performance or maintenance guarantee to another governmental agency, no performance or maintenance guarantee, as the case may be, shall be required by the municipality for such utilities or improvements.

b. The time allowed for installation of the improvements for which the performance guarantee has been provided may be extended by the governing body by resolution. As a condition or as part of any such extension, the amount of any performance guarantee shall be increased or reduced, as the case may be, to an amount not to exceed 120% of the cost of the installation, which cost shall be determined by the municipal engineer according to the method of calculation set forth in section 15 of P.L.1991, c.256 (C.40:55D-53.4) as of the time of the passage of the resolution.

c. If the required improvements are not completed or corrected in accordance with the performance guarantee, the obligor and surety, if any, shall be liable thereon to the municipality for the reasonable cost of the improvements not completed or corrected and the municipality may either prior to or after the receipt of the proceeds thereof complete such improvements. Such completion or correction of improvements shall be subject to the public bidding requirements of the "Local Public Contracts Law," P.L.1971, c.198 (C.40A:11-1 et seq.).

d. (1) Upon substantial completion of all required street improvements (except for the top course) and appurtenant utility improvements, and the connection of same to the public system, the obligor may request of the governing body in writing, by certified mail addressed in care of the municipal clerk, that the municipal engineer prepare, in accordance with the itemized cost estimate prepared by the municipal engineer and appended to the performance guarantee pursuant to subsection a. of this section, a list of all uncompleted or unsatisfactory completed improvements. If such a request is made, the obligor shall send a copy of the request to the municipal engineer. The request shall indicate which improvements have been completed and which improvements remain uncompleted in the judgment of the obligor. Thereupon the municipal engineer shall inspect all improvements covered by obligor’s request and shall file a detailed list and report,
in writing, with the governing body, and shall simultaneously send a copy thereof to the obligor not later than 45 days after receipt of the obligor's request.

(2) The list prepared by the municipal engineer shall state, in detail, with respect to each improvement determined to be incomplete or unsatisfactory, the nature and extent of the incompleteness of each incomplete improvement or the nature and extent of, and remedy for, the unsatisfactory state of each completed improvement determined to be unsatisfactory. The report prepared by the municipal engineer shall identify each improvement determined to be complete and satisfactory together with a recommendation as to the amount of reduction to be made in the performance guarantee relating to the completed and satisfactory improvement, in accordance with the itemized cost estimate prepared by the municipal engineer and appended to the performance guarantee pursuant to subsection a. of this section.

e. (1) The governing body, by resolution, shall either approve the improvements determined to be complete and satisfactory by the municipal engineer, or reject any or all of these improvements upon the establishment in the resolution of cause for rejection, and shall approve and authorize the amount of reduction to be made in the performance guarantee relating to the improvements accepted, in accordance with the itemized cost estimate prepared by the municipal engineer and appended to the performance guarantee pursuant to subsection a. of this section. This resolution shall be adopted not later than 45 days after receipt of the list and report prepared by the municipal engineer. Upon adoption of the resolution by the governing body, the obligor shall be released from all liability pursuant to its performance guarantee, with respect to those approved improvements, except for that portion adequately sufficient to secure completion or correction of the improvements not yet approved; provided that 30% of the amount of the total performance guarantee posted may be retained to ensure completion and acceptability of all improvements.

For the purpose of releasing the obligor from liability pursuant to its performance guarantee, the amount of the performance guarantee attributable to each approved improvement shall be reduced by the total amount for each such improvement, in accordance with the itemized cost estimate prepared by the municipal engineer and appended to the performance guarantee pursuant to subsection a. of this section, including any contingency factor applied to the cost of installation. If the sum of the approved improvements would exceed 70 percent of the total amount of the performance guarantee, then the municipality may retain 30 percent of the amount of the total performance guarantee to ensure completion and acceptability of all improvements, as provided above.
(2) If the municipal engineer fails to send or provide the list and report as requested by the obligor pursuant to subsection d. of this section within 45 days from receipt of the request, the obligor may apply to the court in a summary manner for an order compelling the municipal engineer to provide the list and report within a stated time and the cost of applying to the court, including reasonable attorney's fees, may be awarded to the prevailing party.

If the governing body fails to approve or reject the improvements determined by the municipal engineer to be complete and satisfactory or reduce the performance guarantee for the complete and satisfactory improvements within 45 days from the receipt of the municipal engineer's list and report, the obligor may apply to the court in a summary manner for an order compelling, within a stated time, approval of the complete and satisfactory improvements and approval of a reduction in the performance guarantee for the approvable complete and satisfactory improvements in accordance with the itemized cost estimate prepared by the municipal engineer and appended to the performance guarantee pursuant to subsection a. of this section; and the cost of applying to the court, including reasonable attorney's fees, may be awarded to the prevailing party.

(3) In the event that the obligor has made a cash deposit with the municipality or approving authority as part of the performance guarantee, then any partial reduction granted in the performance guarantee pursuant to this subsection shall be applied to the cash deposit in the same proportion as the original cash deposit bears to the full amount of the performance guarantee.

f. If any portion of the required improvements is rejected, the approving authority may require the obligor to complete or correct such improvements and, upon completion or correction, the same procedure of notification, as set forth in this section shall be followed.

g. Nothing herein, however, shall be construed to limit the right of the obligor to contest by legal proceedings any determination of the governing body or the municipal engineer.

h. The obligor shall reimburse the municipality for all reasonable inspection fees paid to the municipal engineer for the foregoing inspection of improvements; provided that the municipality may require of the developer a deposit for the inspection fees in an amount not to exceed, except for extraordinary circumstances, the greater of $500 or 5% of the cost of improvements, which cost shall be determined pursuant to section 15 of P.L.1991, c.256 (C.40:55D-53.4). For those developments for which the inspection fees are less than $10,000, fees may, at the option of the developer, be paid in two installments. The initial amount deposited by a developer shall be 50% of the inspection fees. When the balance on deposit drops to 10% of the inspection fees because the amount deposited by the
developer has been reduced by the amount paid to the municipal engineer for inspection, the developer shall deposit the remaining 50% of the inspection fees. For those developments for which the inspection fees are $10,000 or greater, fees may, at the option of the developer, be paid in four installments. The initial amount deposited by a developer shall be 25% of the inspection fees. When the balance on deposit drops to 10% of the inspection fees because the amount deposited by the developer has been reduced by the amount paid to the municipal engineer for inspection, the developer shall make additional deposits of 25% of the inspection fees. The municipal engineer shall not perform any inspection if sufficient funds to pay for those inspections are not on deposit.

i. In the event that final approval is by stages or sections of development pursuant to subsection a. of section 29 of P.L.1975, c.291 (C.40:55D-38), the provisions of this section shall be applied by stage or section.

j. To the extent that any of the improvements have been dedicated to the municipality on the subdivision plat or site plan, the municipal governing body shall be deemed, upon the release of any performance guarantee required pursuant to subsection a. of this section, to accept dedication for public use of streets or roads and any other improvements made thereon according to site plans and subdivision plats approved by the approving authority, provided that such improvements have been inspected and have received final approval by the municipal engineer.

4. This act shall take effect immediately.

Approved April 22, 1999.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. N.J.S.2C:3-4 is amended to read as follows:

Use of force in self-protection.

2C:3-4. Use of Force in Self-Protection. a. Use of force justifiable for protection of the person. Subject to the provisions of this section and of section 2C:3-9, the use of force upon or toward another person is justifiable when the actor reasonably believes that such force is immediately necessary for the purpose of protecting himself against the use of unlawful force by such other person on the present occasion.

b. Limitations on justifying necessity for use of force.

(1) The use of force is not justifiable under this section:

(a) To resist an arrest which the actor knows is being made by a peace officer in the performance of his duties, although the arrest is unlawful, unless the peace officer employs unlawful force to effect such arrest; or

(b) To resist force used by the occupier or possessor of property or by another person on his behalf, where the actor knows that the person using the force is doing so under a claim of right to protect the property, except that this limitation shall not apply if:

(i) The actor is a public officer acting in the performance of his duties or a person lawfully assisting him therein or a person making or assisting in a lawful arrest;

(ii) The actor has been unlawfully dispossessed of the property and is making a reentry or recaption justified by section 2C:3-6; or

(iii) The actor reasonably believes that such force is necessary to protect himself against death or serious bodily harm.

(2) The use of deadly force is not justifiable under this section unless the actor reasonably believes that such force is necessary to protect himself against death or serious bodily harm; nor is it justifiable if:

(a) The actor, with the purpose of causing death or serious bodily harm, provoked the use of force against himself in the same encounter; or

(b) The actor knows that he can avoid the necessity of using such force with complete safety by retreating or by surrendering possession of a thing to a person asserting a claim of right thereto or by complying with a demand that he abstain from any action which he has no duty to take, except that:
(i) The actor is not obliged to retreat from his dwelling, unless he was the initial aggressor; and
(ii) A public officer justified in using force in the performance of his duties or a  
    person justified in using force in his assistance or a person

    obliged to desist from efforts to perform such duty, effect such arrest or 
    prevent such escape because of resistance or threatened resistance by or on 
    behalf of the person against whom such action is directed.
(3) Except as required by paragraphs (1) and (2) of this subsection, a person employing protective force may estimate the necessity of using force when the force is used, without retreating, surrendering possession, doing any other act which he has no legal duty to do or abstaining from any lawful action.

c. (1) Notwithstanding the provisions of N.J.S.2C:3-5, N.J.S.2C:3-9, or                        
    this section, the use of force or deadly force upon or toward an intruder who                      
    is unlawfully in a dwelling is justifiable when the actor reasonably believes that the force is immediately necessary for the purpose of protecting himself or other persons in the dwelling against the use of unlawful force by the intruder on the present occasion.
(2) A reasonable belief exists when the actor, to protect himself or a third person, was in his own dwelling at the time of the offense or was privileged to be thereon and the encounter between the actor and intruder was sudden and unexpected, compelling the actor to act instantly and:
   (a) The actor reasonably believed that the intruder would inflict personal injury upon the actor or others in the dwelling; or
   (b) The actor demanded that the intruder disarm, surrender or withdraw, and the intruder refused to do so.
(3) An actor employing protective force may estimate the necessity of using force when the force is used, without retreating, surrendering possession, withdrawing or doing any other act which he has no legal duty to do or abstaining from any lawful action.

2. This act shall take effect immediately.

Approved April 30, 1999.

1. The Legislature finds and declares that:
   a. There are more than two million people in the State with disabilities whose civil rights are guaranteed under the "Americans with Disabilities Act of 1990"; and
   b. A multitude of caregivers support persons with disabilities and assist them to achieve their fullest potential; and

   e. The "Loyal Heart Award" was initiated in 1994 by Elayne Hyman Risley, chairwoman of the Middlesex County Chapter Coalition on Women and Disabilities, to recognize the contributions made by these selfless individuals who give their time and consideration to care for persons with disabilities; and
   f. In order to promote a spirit of community and to ensure continued public recognition of the important role these Loyal Heart Award recipients and all caregivers, who are often family members, friends, neighbors, health care professionals or aides, play in the life of persons with disabilities, it is only fitting that an annual Loyal Heart Award Day be celebrated during Human Potential Week.

1. As used in this act:
   a. The words "the board" mean the New Jersey Board of Nursing created by this act.
   b. Diagnosing in the context of nursing practice means that identification of and discrimination between physical and psychosocial signs and symptoms essential to effective execution and management of the nursing regimen. Such diagnostic privilege is distinct from a medical diagnosis. Treating means selection and performance of those therapeutic measures essential to the effective management and execution of the nursing regimen. Human responses means those signs, symptoms, and processes which denote the individual's health need or reaction to an actual or potential health problem.

The practice of nursing as a licensed practical nurse is defined as performing tasks and responsibilities within the framework of casefinding; reinforcing the patient and family teaching program through health teaching, health counseling and provision of supportive and restorative care, under the direction of a registered nurse or licensed or otherwise legally authorized physician or dentist.

The terms "nursing," "professional nursing," and "practical nursing" as used in this act shall not be construed to include nursing by students enrolled in a school of nursing accredited or approved by the board performed in the prescribed course of study and training, nor nursing performed in hospitals, institutions and agencies approved by the board for this purpose by graduates of such schools pending the results of the first licensing examination scheduled by the board following completion of a course of study and training and the attaining of age qualification for examination, or thereafter with the approval of the board in the case of each individual pending results of subsequent examinations; nor shall any of said terms be construed to include nursing performed for a period not exceeding 12 months unless the board shall approve a longer period, in hospitals, institutions or agencies by a nurse legally qualified under the laws of another state or country, pending results of an application for licensing under this act, if such nurse does not represent or hold himself or herself out as a nurse licensed to practice under this act; nor shall any of said terms be construed to include the practice of nursing in this State by any legally qualified nurse of another state whose engagement made outside of this State requires such nurse to accompany and care for the patient while in this State during the period of such engagement, not to exceed six months in this State, if such nurse does not represent or hold himself or herself out as a nurse licensed to practice in this State; nor shall any of said terms be construed to include nursing performed by employees or officers of the United States Government or any agency or service thereof while in the discharge of his or her official duties; nor shall any of said terms be construed to include services performed by nurses aides, attendants, orderlies and ward helpers in hospitals, institutions and agencies or by technicians, physiotherapists, or medical secretaries, and such duties performed by said persons aforementioned shall not be subject to rules or regulations which the board
may prescribe concerning nursing; nor shall any of said terms be construed to include first aid nursing assistance, or gratuitous care by friends or members of the family of a sick or infirm person, or incidental care of the sick by a person employed primarily as a domestic or housekeeper, notwithstanding that the occasion for such employment may be sickness, if such incidental care does not constitute professional nursing and such person does not claim or purport to be a licensed nurse, nor shall any of said terms be construed to include services rendered in accordance with the practice of the religious tenets of any well-recognized church or denomination which subscribes to the art of healing by prayer. A person who is otherwise qualified shall not be denied licensure as a professional nurse or practical nurse by reason of the circumstances that such person is in religious life and has taken a vow of poverty.

CHAPTER 86
AN ACT establishing a "Fost-Adopt Demonstration Program for Boarder Babies and Children" and making an appropriation.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The Legislature finds and declares that:
   a. New Jersey is experiencing a serious problem regarding infants and young children living in hospitals beyond medical necessity, or "boarder babies" and "boarder children," many of whom are at risk of physiological, developmental and emotional problems because of prenatal exposure to drugs, alcohol or the HIV virus.
   b. According to data from the Division of Youth and Family Services in the Department of Human Services, during the period from November 1, 1994 through December 31, 1995: a cumulative total of 795 boarder babies and children were medically cleared for discharge from hospitals and referred to the division; an average of 54 boarder babies and children were in hospital boarding status monthly; and approximately 60% of boarder babies and children who left the hospital went home, 30% were placed in foster care, while the remaining 10% were placed in other arrangements including group homes, adoptive homes and long-term pediatric facilities. The average hospital stay for boarder babies and children in the State is 29 days; those who went home stayed an average of 13 days, and those who
were placed in foster care stayed an average of almost 60 days. Approximately 83% were under three months of age and slightly less than five percent were over one year of age.

c. There is, therefore, a need to immediately address this serious problem and ensure that the "boarder babies" and "boarder children" in our State's hospitals are appropriately placed in homes as quickly as possible so that they can receive the care and nurturing that all infants and young children need for sound development and growth.

2. There is established a "Fost-Adopt Demonstration Program for Boarder Babies and Children" in the Division of Youth and Family Services in the Department of Human Services. This program shall: create more placement options for boarder babies and boarder children; enhance permanency services for those infants and children who are not likely to return home or be placed with a relative; reduce the need for interim placements by creating more stable placement options; and with the provision of intensive services to ensure a permanent plan for a boarder baby or boarder child, reduce the length of time in temporary foster care. The program shall be established in one county in the State with a significant number of boarder babies and boarder children awaiting placement out of the hospital.

3. The Director of the Division of Youth and Family Services shall develop the demonstration program which shall include, but not be limited to, the following:
   a. Development of fost-adopt families from already approved foster or adoptive homes or recruited specifically for this program;
   b. Commitment by a fost-adopt family to accept an infant or child on a foster care basis but agree to adopt the infant or child if the infant or child becomes available for adoption;
   c. Establishment of criteria to determine which infants and children can be placed in fost-adopt homes;
   d. Provision of intensified services to the biological parent to effect family reunification;
   e. Provision of intensive services to the adoptive parents; and
   f. Development of concurrence within the legal community, including family court judges, law guardians and deputy attorney generals regarding aggressive, time-limited permanency planning which would lead to guardianship litigation and adoption finalization.

4. Within six months of the expiration of this act, the Commissioner of Human Services shall report to the Governor and the Legislature on the
effectiveness of the program and present recommendations for expanding the program Statewide, as appropriate.

5. In accordance with the "Administrative Procedure Act," P.L. 1968, c.410 (C.52:14B-1 et seq.), the commissioner shall promulgate rules and regulations necessary to effectuate the purposes of this act.

6. There is appropriated $90,000 to the Department of Human Services from the General Fund to effectuate the purposes of this act.

7. This act shall take effect immediately and expire two years after enactment.

Approved May 3, 1999.

No teaching staff member shall acquire tenure in any position in the public schools in any school district or under any board of education, who is not the holder of an appropriate certificate for such position, issued by the State Board of Examiners, in full force and effect, except that no board of education shall terminate the employment or refuse to continue the employment or reemployment of

a. any school nurse appointed prior to May 9, 1947 for the reason that such nurse is not the holder of such a certificate and the State Board of
Examiners shall make no rule or regulation which will affect adversely the rights of any such nurse under any certificate issued prior to said date; or

b. a school athletic trainer appointed prior to the effective date of P.L.1999, c.87 (C.18A:26-2.4 et al.) for the reason that the school athletic trainer is not the holder of a certificate, provided that the person is registered with the New Jersey State Board of Medical Examiners as an athletic trainer. That person shall be issued the new certificate without being required to meet any additional qualifications, and any periods of employment as an athletic trainer prior to the effective date of that act shall count toward the acquisition of tenure to the same extent as employment after the effective date of that act.

3. N.J.S.18A:28-5 is amended to read as follows:

Requirements for tenure.

18A:28-5. The services of all teaching staff members employed in the positions of teacher, principal, other than administrative principal, assistant principal, vice-principal, assistant superintendent, and all school nurses including school nurse supervisors, head school nurses, chief school nurses, school nurse coordinators, and any other nurse performing school nursing services, school athletic trainer and such other employees as are in positions which require them to hold appropriate certificates issued by the board of examiners, serving in any school district or under any board of education, excepting those who are not the holders of proper certificates in full force and effect and school business administrators shared by two or more school districts, shall be under tenure during good behavior and efficiency and they shall not be dismissed or reduced in compensation except for inefficiency, incapacity, or conduct unbecoming such a teaching staff member or other just cause and then only in the manner prescribed by subarticle B of article 2 of chapter 6 of this Title, after employment in such district or by such board for:

(a) Three consecutive calendar years, or any shorter period which may be fixed by the employing board for such purpose; or

(b) Three consecutive academic years, together with employment at the beginning of the next succeeding academic year; or

(c) The equivalent of more than three academic years within a period of any four consecutive academic years.

For purposes of this chapter, tenure in any of the administrative or supervisory positions enumerated herein shall accrue only by employment in that administrative or supervisory position. Tenure so accrued shall not extend to any other administrative or supervisory position and nothing herein shall limit or restrict tenure rights which were or may be acquired pursuant to N.J.S.18A:28-6 in a position in which the individual actually served.

Notwithstanding the provisions of this section, any person who is employed as a school athletic trainer in a public school prior to the effective date of P.L.1999, c.87 (C.18A:26-2.4 et al.) may continue to be so employed pursuant to the provisions of N.J.S.18A:28-4.

C.18A:26-2.5 Rules relative to athletic trainer certification.

CHAPTER 89

AN ACT concerning financial assistance for petroleum underground storage tanks and amending P.L.1997, c.235.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 5 of P.L.1997, c.235 (C.58:10A-37.5) is amended to read as follows:

C.58:10A-37.5 Awarding of financial assistance.

a. The authority may award financial assistance from the fund to an eligible owner or operator in the form of a loan or a conditional hardship grant as provided in this section. An award of financial assistance, either as a loan or a grant, or a combination of both, may, upon application therefor, be for 100% of the eligible project costs. However, a loan that any applicant may receive from the fund for an upgrade, remediation, or closure, or any combination thereof, for any one facility, may not exceed $1,000,000 and a grant that any applicant may receive from the fund for any one facility, may not exceed $250,000. The total amount of financial assistance awarded as grants in any one year may not exceed one third of the total amount of financial assistance awarded in that year except that this limitation upon the award of grants shall not apply to financial assistance awarded between January 1, 1999 and March 31, 2000.

b. A public entity applying for financial assistance from the fund may only be awarded financial assistance in the form of an interest free loan.

c. An applicant, other than a public entity, may apply for and receive a conditional hardship grant as provided in paragraph (1) of this subsection, or a loan for an upgrade, closure, or remediation as provided in paragraph (2) of this subsection. Financial assistance awarded an applicant pursuant to this subsection may consist entirely of a conditional hardship grant, a loan
for an upgrade, or loan for a closure, or a loan for a remediation, or any combination thereof, except that the total amount of the award of financial assistance shall be subject to the per facility dollar limitation enumerated in subsection a. of this section. Notwithstanding any other provision of this subsection to the contrary, no tax exempt, nonprofit organization, corporation, or association shall be awarded a conditional hardship grant pursuant to paragraph (1) of this subsection.

(1) A conditional hardship grant for eligible project costs of an upgrade, closure or remediation shall be awarded by the authority based upon a finding of eligibility and financial hardship and upon a finding that the applicant meets the criteria set forth in this act.

In order to be eligible for a conditional hardship grant, the applicant shall have owned or operated the subject petroleum underground storage tank as of December 1, 1996 and continually thereafter or shall have inherited the property from a person who owned the petroleum underground storage tank as of that date. No applicant shall be eligible for a conditional hardship grant if the applicant has a taxable income of more than $100,000 or a net worth, exclusive of the applicant's primary residence, of over $100,000.

A finding of financial hardship by the authority shall be based upon a determination that an applicant cannot reasonably be expected to repay all or a portion of the eligible project costs if the financial assistance were to be awarded as a loan. The amount of an award of a conditional hardship grant shall be the amount of that portion of the eligible project costs the authority determines the applicant cannot reasonably be expected to repay.

In making a finding of financial hardship for an application for the upgrade, closure, or remediation of a petroleum underground storage tank, where the petroleum underground storage tank is a part of the business property of the owner, the authority shall base its finding upon the cash flow of the applicant's business, whether or not any part of the applicant's business is related to the ownership or operation of that petroleum underground storage tank. In making a finding of financial hardship for an application for the upgrade or remediation of a petroleum underground storage tank, where the petroleum underground storage tank is not a part of the business property of the owner, the authority shall base its finding upon the applicant's taxable income in the year prior to the date of the application being submitted.

If the authority awards a conditional hardship grant in combination with a loan pursuant to this subsection, the authority shall release to the applicant the loan monies prior to the release of the conditional hardship grant monies.
Conditional hardship grants awarded to an applicant shall be subject to the lien provisions enumerated in section 16 of P.L. 1997, c.235 (C.58:10A-37.16).

(2) A loan to an eligible owner or operator for the eligible project costs of an upgrade, closure, or remediation shall be awarded by the authority only upon a finding that the applicant other than a public entity is able to repay the amount of the loan.

In making a finding of an applicant's ability to repay a loan for the upgrade, closure, and remediation of a regulated tank, or for the remediation of a discharge from a petroleum underground storage tank, the authority shall base its finding, as applicable, upon the cash flow of the applicant's business, the applicant's taxable income and the applicant's personal and business assets, except that the authority may not consider the applicant's primary residence as collateral, except that the authority may consider the applicant's primary residence as collateral with the permission of the applicant or where the subject petroleum underground storage tank or regulated tank is located at the primary residence.

d. The authority shall, where applicable, require an applicant applying for financial assistance from the fund to submit to the authority the financial statements of the applicant's business for three years prior to the date of the application, the most recent interim financial statement for the year of the application, the applicant's federal income tax returns, or other relevant documentation.

e. Nothing in this section is intended to alter the priority or criteria for awarding financial assistance established pursuant to section 4 of P.L. 1997, c.235 (C.58:10A-37.4).

f. An eligible owner or operator may only be awarded that amount of financial assistance issued as a loan for which the applicant demonstrates he could not qualify for and obtain as a commercial loan. The provisions of this subsection shall not apply to an owner or operator or petroleum underground storage tank used to store heating oil for onsite consumption in a residential building.

2. Section 6 of P.L. 1997, c.235 (C.58:10A-37.6) is amended to read as follows:

C.58:10A-37.6 Application for financial assistance; fee.

6. An eligible owner or operator seeking financial assistance from the fund shall file an application on a form to be developed by the authority. The application form shall be submitted with the application fee. The application fee per facility for residential petroleum underground storage tanks shall be $250. The authority may establish the application fee per facility for nonresidential petroleum underground storage tanks.
The authority shall adopt rules and regulations listing the filing requirements for a complete application for financial assistance. If a financial assistance application is determined to be incomplete by the authority, an applicant shall have 30 days from the date of receipt of written notification of incompleteness to file such additional information as may be required by the authority for a completed application. If an applicant fails to file the additional information within the 30 days, the filing date for that application shall be the date that such additional information is received by the authority. If the additional information is filed within the 30 days and is satisfactory to the authority, the filing date for that application shall be the initial date of application with the authority. Notwithstanding the above, if a completed application has been submitted and the applicant fails to submit the filing fee, then the filing date for the application shall not be established until the date on which the authority receives the application fee. A change in the filing date resulting from failure to submit a completed application or from failure to submit the application fee in a timely fashion for applications filed for financial assistance for a regulated tank to meet the upgrade or closure requirements pursuant to 42 U.S.C. s.6991 et seq. or P.L.1986, c.102 (C.58:10A-21 et seq.) or for the remediation of a discharge from any such regulated tank shall not render the application ineligible for financial assistance as long as the initial date of application is prior to January 1, 1999, or prior to August 31, 1999, as applicable.

An applicant shall have 120 days from receipt of notice of approval of a financial assistance award to submit to the authority an executed contract for the upgrade, closure, or remediation, or all three, as the case may be, that is consistent with the terms and conditions of the financial assistance approval. Failure to submit an executed contract within the allotted time, without good cause, may result in an alteration of an applicant's priority ranking.

3. Section 7 of P.L.1997, c.235 (C.58:10A-37.7) is amended to read as follows:

C.58:10A-37.7 Conditions for awarding financial assistance.

7. a. The authority shall award financial assistance to an owner or operator of a facility only if the facility is properly registered with the department pursuant to section 3 of P.L.1986, c.102 (C.58:10A-23), where applicable, and if all fees or penalties due and payable on the facility to the department pursuant to P.L.1986, c.102 have either been paid or the nature or the amount of the fee or penalty is being contested in accordance with law.

b. The authority may deny an application for financial assistance, and any award of financial assistance may be recoverable by the authority, upon a finding that:
(1) in the case of financial assistance awarded for a remediation, the discharge was proximately caused by the applicant's knowing conduct;

(2) in the case of financial assistance awarded for a remediation, the discharge was proximately caused or exacerbated by knowing conduct by the applicant with regard to any lawful requirement applicable to petroleum underground storage tanks intended to prevent, or to facilitate the early detection of, the discharge;

(3) the applicant failed to commence or complete a remediation, closure, or an upgrade for which an award of financial assistance was made within the time required by the department in accordance with the applicable rules and regulations, within the time prescribed in an administrative order, an administrative consent agreement, a memorandum of agreement, or a court order; or

(4) the applicant provided false information or withheld information on a loan or grant application, or other relevant information required to be submitted to the authority, on any matter that would otherwise render the applicant ineligible for financial assistance from the fund, that would alter the priority of the applicant to receive financial assistance from the fund, that resulted in the applicant receiving a larger grant or loan award than the applicant would otherwise be eligible, or that resulted in payments from the fund in excess of the actual eligible project costs incurred by the applicant or the amount to which the applicant is legally eligible.

Nothing in this subsection shall be construed to require the authority to undertake an investigation or make any findings concerning the conduct described in this subsection.

c. An application for financial assistance from the fund for an upgrade or closure of a regulated tank shall include all regulated tanks at the facility for which the applicant is seeking financial assistance. Once financial assistance for an upgrade, closure or a remediation is awarded for a facility, no additional award of financial assistance may be made for that facility. However, if an applicant discovers while performing upgrade or closure activities that a remediation is necessary at the site of a facility, and if financial assistance was previously awarded for that site only for an upgrade or closure of a regulated tank, the applicant may amend his application and apply for financial assistance for the required remediation subject to the limitations enumerated in section 5 of this act. An application for financial assistance for an upgrade or closure of a regulated tank shall be conditioned upon the applicant agreeing to perform, at the time of the upgrade or closure, any remediation necessary as a result of a discharge from the regulated tank and commencement of the remediation within the time prescribed and in accordance with the rules and regulations of the department.
d. Except as provided below, no financial assistance for upgrade or closure shall be awarded for any regulated tank required to meet the upgrade or closure requirements pursuant to 42 U.S.C. s.6991 et seq. or P.L.1986, c.102 (C.58:10A-21 et seq.), or for the remediation of a discharge from any such regulated tank except as provided in subsection c. of this section, unless the application is filed with the authority prior to January 1, 1999 and the application is complete and the application fee is received by August 1, 1999. No financial assistance for upgrade or closure shall be awarded for any underground storage tank with a capacity of over 2,000 gallons used to store heating oil for onsite consumption in a nonresidential building required to be upgraded pursuant to P.L.1986, c.102 (C.58:10A-21 et seq.) but not pursuant to 42 U.S.C. s.6991 et seq. or for the remediation of a discharge from any such regulated tank except as provided in subsection c. of this section, unless the application is filed with the authority prior to August 31, 1999 and the application is complete and the application fee is received by March 31, 2000.

e. The date of occurrence of a discharge shall not affect eligibility for financial assistance from the fund. Except for a preliminary assessment or a site investigation performed after the effective date of P.L.1997, c.235 (C.58:10A-37.1 et seq.), and except as provided in subsection g. of this section, no award of financial assistance shall be made from the fund for the otherwise eligible project costs of a remediation, closure, or an upgrade, or parts thereof, completed prior to an award of financial assistance from the fund.

f. No financial assistance may be awarded from the fund for the remediation of a discharge from a petroleum underground storage tank if financial assistance from the Hazardous Discharge Site Remediation Fund established pursuant to section 26 of P.L.1993, c.139 (C.58:10B-4) has previously been made for a remediation at that site as a result of a discharge from that petroleum underground storage tank. No financial assistance may be awarded from the fund for the remediation of a discharge from a petroleum underground storage tank if the discharge began subsequent to the completion of an upgrade of that petroleum underground storage tank, which upgrade was intended to meet all applicable upgrade regulations of the department, no matter when the upgrade was performed.

g. Notwithstanding any provision of P.L.1997, c.235 (C.58:10A-37.1 et seq.), where an eligible owner or operator has filed an application for financial assistance from the fund, and there are either insufficient monies in the fund or the authority has not yet acted upon the application or awarded the financial assistance, the eligible owner or operator may expend its own funds for the upgrade, closure, or remediation, and upon approval of the application, the authority shall award the financial assistance as a reimbursement of the monies expended for eligible project costs.
4. Section 10 of P.L.1997, c.235 (C.58:10A-37.10) is amended to read as follows:

C.58:10A-37.10 Terms of loans

10. a. All loans awarded from the fund shall be for a term not to exceed ten years. Except as provided in subsection b. of section 5 of P.L.1997, c.235 (C.58:10A-37.5), all loans shall be at a rate between two percent and the prime rate at the time of approval, or at the time of loan closing if the prime rate is lower at that time. The authority shall determine the interest rate to be imposed based on the applicant’s ability to repay the loan.

b. Upon the sale of the facility for which the loan was made, the unpaid balance of the loan shall become immediately payable in full. Upon the sale of a facility for which a conditional hardship grant was made pursuant to section 5 of P.L.1997, c.235 (C.58:10A-37.5), that amount of the conditional hardship grant that must be repaid, as calculated pursuant to section 16 of P.L.1997, c.235 (C.58:10A-37.16), shall become immediately payable in full. No repayment of a conditional hardship grant awarded pursuant to paragraph (1) of subsection c. of section 5 of P.L.1997, c.235 (C.58:10A-37.5) for a remediation necessitated by a discharge from a petroleum underground storage tank used to store heating oil at the applicant’s primary residence shall be required.

5. Section 16 of P.L.1997, c.235 (C.58:10A-37.16) is amended to read as follows:

C.58:10A-37.16 Liens for financial assistance.

16. a. In addition to any other financial assistance requirements imposed by the authority pursuant to P.L.1997, c.235 (C.58:10A-37.1 et seq.), any award of financial assistance from the fund except for any grant awarded pursuant to paragraph (1) of subsection c. of section 5 of P.L.1997, c.235 (C.58:10A-37.5) for a remediation necessitated by a discharge from a petroleum underground storage tank used to store heating oil at the applicant’s primary residence, shall constitute, in each instance, a debt of the applicant to the fund. The debt shall constitute a lien on the real property at which the subject facility is located. The lien shall be in the amount of the financial assistance awarded the applicant. The lien shall attach when a notice of lien, incorporating the name of the property owner, a description of the real property on which the subject facility is located and an identification of the amount of the financial assurance awarded, is duly filed with the county recording officer in the county in which the property is located.

Where financial assistance from the fund is awarded as a combination of a loan and a grant, separate liens for the loan and the grant shall be filed. No lien shall be placed on any real property of an applicant based on a
conditional hardship grant awarded pursuant to paragraph (1) of subsection c. of section 5 of P.L.1997, c.235 (C.58:10A-37.5), for a remediation necessitated by a discharge from a petroleum underground storage tank used to store heating oil at the applicant's primary residence.

b. A lien that is filed on real property pursuant to a loan shall be removed upon repayment of the loan.

c. The lien that is filed on real property pursuant to a conditional hardship grant shall be removed upon repayment of the amount of the grant that is unsatisfied or upon the end of a 15-year period in which the site for which the financial assistance was awarded continued to be operated in substantially the same manner as it was operated at the time of the award of financial assistance. The period of operation need not run consecutively. Beginning with the 11th year of operating in substantially the same manner, 20% of the conditional hardship grant shall be deemed satisfied with an additional 20% to be satisfied each year until the entire amount of the conditional hardship grant is satisfied at the end of the 15-year period. The owner or operator of the facility claiming to have satisfied a conditional hardship grant due to the 15-year period of operation, shall submit a certification of this fact to the authority. Upon repayment of the unsatisfied grant award or upon submittal of this certification, unless the authority has made a finding that the certification is not correct, the authority shall remove the lien from the property.

Where real property for which a conditional hardship grant was awarded is not being operated in substantially the same manner, the 15-year period to satisfy the lien shall be tolled. If at any time prior to the satisfaction of the lien the property is developed or operated for a purpose that is not substantially the same as its operation at the time of the award of the conditional hardship grant, the grant recipient shall so certify to the authority upon the change in operation. Upon receipt of this certification, the authority shall determine, based upon the new operation of the property if the financial assistance shall continue as a conditional hardship grant or if it shall be converted into a loan. In making this determination, the authority shall base its decision on the financial hardship factors used in determining the original eligibility for the conditional hardship grant.

The authority may take whatever enforcement actions it deems necessary to verify the operation of any property for which a conditional hardship grant was made. The terms and conditions of any loan converted from a grant pursuant to this subsection shall be the same as those authorized pursuant to this act.

d. The provisions of this section do not apply to any real property of an applicant who is a public entity.
6. This act shall take effect immediately and shall be retroactive to August 30, 1997.

Approved May 3, 1999.

CHAPTER 91

AN ACT establishing the Office of Disability Services in the Department of Human Services and revising parts of the statutory law.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.30:6E-1 Findings, declarations relative to establishment of Office of Disability Services.

1. The Legislature finds and declares that:
a. New Jersey citizens with disabilities want the same things in life as the other residents of this State: to be productive citizens who contribute to the communities in which they live, to be good family members and good neighbors, and to work hard at jobs that provide satisfaction and independence.

b. These individuals deserve the recognition and support of State, county and local governments to protect their rights and to reach their full potential.

c. To fulfill this responsibility, State government should establish a designated agency, to work cooperatively with appropriate agencies in each county, which is empowered to serve citizens with disabilities effectively so that comprehensive programs can be developed and coordinated on a Statewide basis to support the efforts of these citizens to overcome those barriers which their disabilities may pose to reaching their goals.

C.30:6E-2 Definitions relative to Office of Disability Services.

2. As used in this act:
   "Commissioner" means the Commissioner of Human Services.
   "Department" means the Department of Human Services.
   "Director" means the Director of the Office of Disability Services in the Department of Human Services.
   "Office" means the Office of Disability Services in the Department of Human Services.

3. a. There is established an Office of Disability Services in the Department of Human Services.
   b. The office shall not subsume within it any other office, commission or other agency of State government, nor shall funds appropriated for the operation of any other office, commission or other agency of State government be expended for the establishment or operation of the Office of Disability Services.

C.30:6E-4 Director; appointment, removal of officers, employees.

4. The administrator and head of the office shall be a director who shall be known as the Director of the Office of Disability Services. The director shall be a person qualified by training and experience to perform the duties of the office and shall devote his entire time to the performance of those duties. The director shall be appointed by the commissioner.

   The commissioner shall appoint and remove officers and employees of the office subject to the provisions of Title 11A of the New Jersey Statutes and other applicable statutes as are necessary to enable the office to perform its duties pursuant to this act and he shall fix their compensation within the limits of available appropriations and as is provided by law. In order to
utilize the State's disabled citizens in the work of the Office of Disability Services to the maximum extent possible, the commissioner or director, as appropriate, also may appoint, retain or employ officers or consultants on a contract basis or otherwise, as deemed necessary, and employ other qualified personnel who shall be in the noncompetitive division of the career service of the Civil Service.

C.30:6E-5 Functions, duties of office.

5. a. The office shall serve as the single point of entry within State government for persons with disabilities who are seeking assistance and who do not meet the requirements for disability-specific programs currently located in the department or another agency of State government. The office shall operate a toll-free telephone service to provide a comprehensive information and referral system for persons with disabilities and their families and those who serve and advocate for them, as well as members of the general public, and shall periodically publish a Statewide directory of disability services.

   b. The office shall operate as the State-level coordinating body between all agencies of State government providing services to persons with disabilities and shall serve as a locus within State government for the interests of persons with disabilities and their families.

   c. The office shall serve as the primary liaison within State government to the county offices for the disabled and shall provide technical assistance to the county offices and seek to establish an electronic network which connects it to each of the county offices. (4) Criminal mischief is a crime of the fourth degree if the actor damages, removes or impairs the operation of any device, including, but not limited to, a sign, signal, light or other equipment, which serves to regulate or ensure the safety of air traffic at any airport, landing field, landing strip, heliport, helistop or any other aviation facility; however, if the damage, removal or impediment of the device recklessly causes bodily injury or damage to property, the actor is guilty of a crime of the third degree, or if it recklessly causes a death, the actor is guilty of a crime of the second degree.

(5) Criminal mischief is a crime of the fourth degree if the actor interferes or tampers with any airport, landing field, landing strip, heliport, helistop or any other aviation facility; however if the interference or tampering with the airport, landing field, landing strip, heliport, helistop or other aviation facility recklessly causes bodily injury or damage to property, the actor is guilty of a crime of the third degree, or if it recklessly causes a death, the actor is guilty of a crime of the second degree.

Consolidation of theft offenses; grading; provisions applicable to theft generally.

2C:20-2. Consolidation of Theft Offenses; Grading; Provisions Applicable to Theft Generally. a. Consolidation of Theft Offenses. Conduct denominated theft in this chapter constitutes a single offense, but each episode or transaction may be the subject of a separate prosecution and conviction. A charge of theft may be supported by evidence that it was
committed in any manner that would be theft under this chapter, notwithstanding the specification of a different manner in the indictment or accusation, subject only to the power of the court to ensure fair trial by granting a bill of particulars, discovery, a continuance, or other appropriate relief where the conduct of the defense would be prejudiced by lack of fair notice or by surprise.

b. Grading of theft offenses.

(1) Theft constitutes a crime of the second degree if:
   (a) The amount involved is $75,000.00 or more;
   (b) The property is taken by extortion;
   (c) The property stolen is a controlled dangerous substance or controlled substance analog as defined in N.J.S. 2C:35-2 and the quantity is in excess of one kilogram;
   (d) The property stolen is a person's benefits under federal or State law, or from any other source, which the Department of Human Services or an agency acting on its behalf has budgeted for the person's health care and the amount involved is $75,000 or more; or
   (e) The property stolen is human remains or any part thereof.

(2) Theft constitutes a crime of the third degree if:
   (a) The amount involved exceeds $500.00 but is less than $75,000.00;
   (b) The property stolen is a firearm, motor vehicle, vessel, boat, horse, domestic companion animal or airplane;
   (c) The property stolen is a controlled dangerous substance or controlled substance analog as defined in N.J.S. 2C:35-2 and the amount involved is less than $75,000.00 or is undetermined and the quantity is one kilogram or less;
   (d) It is from the person of the victim;
   (e) It is in breach of an obligation by a person in his capacity as a fiduciary;
   (f) It is by threat not amounting to extortion;
   (g) It is of a public record, writing or instrument kept, filed or deposited according to law with or in the keeping of any public office or public servant;
   (h) The property stolen is a person's benefits under federal or State law, or from any other source, which the Department of Human Services or an agency acting on its behalf has budgeted for the person's health care and the amount involved is less than $75,000;
   (i) The property stolen is any real or personal property related to, necessary for, or derived from research, regardless of value, including, but not limited to, any sample, specimens and components thereof, research subject, including any warm-blooded or cold-blooded animals being used for research or intended for use in research, supplies, records, data or test
results, prototypes or equipment, as well as any proprietary information or other type of information related to research;

(i) The property stolen is a New Jersey Prescription Blank as referred to in R.S.45:14-14; or

(k) The property stolen consists of an access device or a defaced access device.

(3) Theft constitutes a crime of the fourth degree if the amount involved is at least $200.00 but does not exceed $500.00. If the amount involved was less than $200.00 the offense constitutes a disorderly persons offense.

(4) The amount involved in a theft shall be determined by the trier of fact. The amount shall include, but shall not be limited to, the amount of any State tax avoided, evaded or otherwise unpaid, improperly retained or disposed of. Amounts involved in thefts committed pursuant to one scheme or course of conduct, whether from the same person or several persons, may be aggregated in determining the grade of the offense.

c. Claim of right. It is an affirmative defense to prosecution for theft that the actor:

(1) Was unaware that the property or service was that of another;
(2) Acted under an honest claim of right to the property or service involved or that he had a right to acquire or dispose of it as he did; or
(3) Took property exposed for sale, intending to purchase and pay for it promptly, or reasonably believing that the owner, if present, would have consented.

d. Theft from spouse. It is no defense that theft was from the actor's spouse, except that misappropriation of household and personal effects, or other property normally accessible to both spouses, is theft only if it occurs after the parties have ceased living together.

3. This act shall take effect immediately.

The Office of Legislative Services, through its Legislative Counsel, is authorized to correct in the text, but not in the title, of any law, such errors in references to other laws and in punctuation and spelling, and other obvious errors in form, which will not affect the substance of the law, as

Only amendments that may be put into simultaneous operation may be reconciled. CHAPTER 105

AN ACT concerning autism, supplementing Title 30 of the Revised Statutes and making an appropriation.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.30:6D-56 Short title.

1. This act shall be known and may be cited as the "New Jersey Infantile Autism Biomedical Research Act."

C.30:6D-57 Findings, declarations relative to autism.

2. The Legislature finds and declares that:
   a. Infantile autism and autism spectrum disorders are biologically-based developmental disorders which cause severe impairments in language and communication and generally manifest in young children sometime during the first two years of life, and the devastation caused by autism lasts a lifetime due to the emotional and financial distress that families experience from the intense support which most individuals with autism require throughout their lives;
b. With three quarters of those with infantile autism spending their adult lives in institutions or group homes, and usually entering institutions by the age of 13, the cost of caring for individuals with autism and autism spectrum disorder is great, and is estimated to be $.5 billion per year in the State, solely for direct costs;

c. Best estimates indicate that one in 500 children born in the State will be diagnosed with an autism spectrum disorder and that 12,000 individuals in the State have autism or an autism spectrum disorder, but these numbers may be understated because current diagnostic procedures lack accuracy and sensitivity for those with atypical symptoms and because there is a need for epidemiological data on incidence and prevalence of this disorder in the State;

d. While infantile autism is the third most common developmental disorder and is more prevalent than Down's syndrome, childhood cancer or cystic fibrosis, autism research receives less than 5% of the funding of these other diseases from the federal government and to date little biomedical research has been done on this disorder, despite the fact that scientists consider autism to be one of the most heritable of all the developmental disorders and the most likely to yield to the latest scientific advancements in genetics and neurology;

e. The lack of research was due to 40 years of neglect of autism by the scientific community, arising from the formerly widespread but now discredited belief that autism was an emotional disorder caused by faulty parenting, and thus, few dollars were allocated to researchers, leaving an entire generation of children to be overlooked; however, the rapid advancements in biomedical science suggest that effective treatment and a cure for autism are attainable, if sufficient dollars are allocated to research so that another generation of children in the State is not lost to this disorder;

f. While promising findings in the field of autism research have been made in recent years, the diverse symptoms and etiology of autism require a high level of activity in the widest variety of scientific fields, from genetics and neurology to neuroimaging, immunology and gastroenterology, if effective treatments and a cure are to be found quickly;

g. Other states such as New York, Connecticut and Maryland have nationally recognized centers for researching and treating autism that attract significant funding from private sources and the National Institutes of Health, but since New Jersey lacks such centers, the State is unable to attract comparable funding, despite the presence of highly regarded medical facilities in the State such as Robert Wood Johnson University Hospital and Hackensack University Medical Center, as well as a higher education medical institution such as the University of Medicine and Dentistry of New Jersey.
h. The State's substantial pharmaceutical industry would benefit from having medical centers dedicated to autism research and treatment by gaining access to families for clinical trials and by enabling easy collaboration between public and private scientists; and

i. Legislation has been introduced in the United States Congress which, if passed, will increase the level of federal funding for biomedical research on autism; however, in order for State researchers to be eligible for these dollars, funding must be made available for State researchers to carry out preliminary pilot studies.

C.30:6D-58 Definitions relative to autism.

3. As used in this act:

"Autism" includes autism spectrum disorders to the extent determined by the council to be appropriate.

"Center" means the Center of Excellence for Autism established pursuant to this act.

"Council" means the "Governor's Council for Medical Research and Treatment of Infantile Autism" established pursuant to this act.

"President" means the President of the University of Medicine and Dentistry of New Jersey.

C.30:6D-59 "Governor’s Council for Medical Research and Treatment of Infantile Autism."

4. a. There is established in the University of Medicine and Dentistry of New Jersey, the "Governor's Council for Medical Research and Treatment of Infantile Autism." The council shall be composed of seven members as follows: the President of the University of Medicine and Dentistry of New Jersey, or his designee, the director of the center, and the director of one other treatment center at the University of Medicine and Dentistry of New Jersey that is devoted to biomedical research on autism, to be appointed by the president, all of whom shall serve as ex officio members; and four public members from autism organizations in New Jersey as follows: one representative designated by New Jersey Cure Autism Now, one representative designated by the National Alliance for Autism Research, one representative designated by the Center for Outreach and Services for the Autism Community, Inc., and one representative designated by the Autism Autoimmunity Project, Inc.

b. The president or his designee shall serve as chairman of the council. Public members of the council shall serve for three-year terms. Each member shall hold office for the term of appointment and until a successor is appointed and qualified. All vacancies shall be filled in the same manner as the original appointment. Members appointed to fill a vacancy occurring for any reason other than the expiration of the term shall serve for the
unexpired term only. A public member of the council shall be eligible for reappointment.

c. Public members shall serve without compensation, but shall be reimbursed for necessary expenses incurred in the performance of their duties.

d. A majority of the members of the council shall constitute a quorum, but a lesser number may hold hearings.

e. The council shall meet periodically at the call of the chairman, but not less than four times in the first year in which the center is established and not less than twice in each subsequent year.

f. The president shall appoint a salaried administrator for the council and shall provide the council with additional administrative staff and support as may be necessary to enable the council to carry out its functions.

C.30:6D-60 Center of Excellence for Autism.

5. a. The University of Medicine and Dentistry of New Jersey, upon the recommendation of the council, shall make awards of grants and contracts to public and nonprofit private entities to pay all or part of the cost of planning, establishing, improving and providing basic operating support for a Center of Excellence for Autism in the State where basic and applied biomedical research, diagnosis and treatment for autism shall take place.

b. The council shall define the scope of the programs to be undertaken at the center with the understanding that the center shall conduct:

(1) basic and clinical research into the cause, diagnosis, early detection, prevention, control and treatment of autism, including research in the fields of developmental neurobiology, genetics, psychopharmacology, neuroimaging, immunology, infectious diseases, gastroenterology and endocrinology;

(2) training programs on biomedical treatments, diagnosis and prevention for autism for physicians, scientists and other health care and allied health care professionals in the State; and

(3) information and continuing educational programs on the latest advances in biomedical research on autism for physicians and other health care and allied health care professionals who provide care for patients with autism in the State.

c. The center may carry out programs to make individuals in the State aware of opportunities to participate as subjects in research conducted by the center. The program may provide fees to these subjects. The program may, in accordance with guidelines established by the council, provide to these subjects health care, referrals for health and other services and such incidental services as will facilitate the participation of individuals as subjects.

d. The center may provide stipends for health care professionals enrolled in training programs established under paragraph (2) of subsection b. of this section.
e. The council may require the periodic preparation of reports on the activities of the center and the submission of the reports to the council.

f. The center shall use the facilities of a single medical facility or higher education medical institution, or be formed from a consortium of cooperating facilities or institutions, and shall meet any requirements as may be prescribed by the council, with the understanding that the work carried out at the center shall be comprehensive and fully collaborative.

C.30:6D-61 Duties of council.

6. The council shall:
   a. Carry out a program to provide information and education on advances in the diagnosis and biomedical treatment of autism to families in the State with autistic members and to the general public.
   b. Establish a five-member Scientific Advisory Committee whose members shall serve at the pleasure of the council. The members of the committee shall include: three biomedical research scientists with demonstrated achievements in biomedical research relating to autism; and two medical clinicians whose practice is primarily devoted to the treatment of individuals with autism. The committee shall identify and make recommendations to the council regarding grants for the most promising pilot studies for biomedical research, diagnosis and treatment for autism and autism spectrum disorders and establish the procedures for soliciting research proposals and applying for grants for pilot studies.
   c. Select the final grants for pilot studies based on recommendations of the Scientific Advisory Committee.
   d. Establish mechanisms to use the results of biomedical research on autism and autism spectrum disorders, conducted at the center and through the pilot studies in the development of policies and programs to improve the outcomes of individuals in the State with these disorders.
   e. Establish a mechanism for the sharing of information among researchers and clinicians in the State conducting biomedical research on autism and autism spectrum disorders.
   f. Provide for a mechanism that would permit the public to obtain information on the existing and planned programs and activities being conducted through the center and the pilot studies, and the council to receive comments from the public regarding these programs and activities.

7. a. There is appropriated to the Department of State $1,500,000 from the General Fund for a grant to the University of Medicine and Dentistry of New Jersey for the Governor's Council for Medical Research and Treatment of Infantile Autism.
b. Of the amount appropriated under subsection a. of this section, the council shall make available: $600,000 to the Center of Excellence for Autism for the purpose of conducting basic and clinical research; $600,000 to the center for the purpose of providing the training, information and continuing education programs, the participant research and the stipends for health care professionals; $200,000 for the purpose of carrying out the research pilot studies; $50,000 for the council administrator’s salary; and $50,000 for carrying out the initiatives established under subsections a., d. and e. of section 6 of this act.

AN ACT establishing the Small-Medium Business Child Care Consortium Incentive Demonstration Program.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The Legislature finds and declares that: the need for quality child care is of vital importance due to the growing number of single-parent households and two-career families; small and medium-sized businesses generally lack adequate resources to provide child care services to their employees; the State can play a useful and important role in the promotion of quality and adequate child care services which will benefit the well-being of children and families; the availability of quality child care allows parents the peace of mind to pursue their careers and lead active, productive, professional lives; and it is, therefore, in the public interest to establish a Small-Medium Business Child Care Consortium Incentive Demonstration Program to assist small and medium-sized businesses in providing child care to the children of their employees, and to expand the family day care model.

Priority consideration for the selection of the participating consortia shall be given to those proposals which: increase the number of children for whom child care is available in the region; use a partnership approach; use a large network of volunteers that have social, educational or professional qualifications that will further the goal of expanding child care
services; and leverage moneys and in-kind contributions, including, but not limited to, physical space and equipment for the child care centers, from other public or private sources. In selecting the consortia, the director shall select one consortium located in the southern region, one consortium located in the central region, and one consortium located in the northern region of the State.

d. Any staff member, including full-time, part-time and voluntary staff, whether compensated or not, directly involved in the delivery of child care services at a center participating in the program shall undergo a background check in a manner determined to be appropriate by the director to ensure the highest quality and safety of child care.

5. a. To implement the demonstration program, the authority may make available up to $300,000 in assistance to qualified consortia participating in the "Small-Medium Business Child Care Consortium Incentive Demonstration Program," which shall be funded with moneys from any sources of funds or programs administered by the authority which the authority determines is necessary to effectively implement the program.

The Department of Human Services shall give priority consideration for the awarding of moneys for Mini Child Care Center Project Grants to consortia participating in the program who use a volunteer network in addition to the required professional child care personnel as determined by the director to be necessary in the delivery of quality child care services and demonstrate a need for training of volunteer child care staff.

c. The volunteers trained under the training program established pursuant to subsection b. of this section shall supplement, but not supplant, current full and part-time staff employed by the consortia participating in the program.

7. No later than six months before the expiration of this act, the director, in consultation with the authority, shall report to the Legislature and the Governor on the effectiveness of the program and present recommendations regarding the advisability and feasibility of expanding the program Statewide, as appropriate. Specific recommendations pertaining to expanding financing opportunities for the program shall be provided in the report.

8. The director, in consultation with the authority, shall adopt, pursuant to the "Administrative Procedure Act," P.L. 1968, c.410 (C.52:14B-1 et seq.), any rules and regulations necessary to effectuate the purposes of this act and as deemed appropriate by the director to promote the quality and safety of child care and the success of the demonstration program.

9. This act shall take effect immediately and shall expire on the first day of the 37th month following enactment.

CHAPTER 131

AN ACT requiring the New Jersey Historical Commission to establish two
programs for the support of activities in New Jersey history, supple­menting Title 18A of the New Jersey Statutes and making an appropria­tion.

BE IT ENACTED by the Senate and General Assembly of the State of
New Jersey:

C.18A:73-22.1 Findings, declarations relative to support of activities in New Jersey history.

1. The Legislature finds and declares that:

a. The Task Force on New Jersey History was established pursuant to
P.L.1994, c.146 to study the ways history services are delivered to the
people of this State and to make recommendations for improvements in the
delivery of such services;

b. The Task Force conducted a detailed and comprehensive study and
submitted its report to the Legislature and the Governor in June of 1997;

c. The report includes 36 recommendations for ways to strengthen the
structure and function of agencies and organizations that provide New
Jersey history services to the public;

d. In combination with other recent studies of aspects of New Jersey
history and the cultural life of New Jersey, the Task Force's report provides
indisputable proof that New Jersey's program of history services has
suffered for many years from severe underfunding, especially in comparison
with funding provided to other cultural interests in the State and to history
services in other states; and

e. This underfunding has resulted in deteriorating historic sites and
collections of historical artifacts and materials; inadequate education of
collections management personnel in the techniques of collection preserva­
tion; inadequate training of volunteers who staff historic sites; insufficient
research and publication on New Jersey history; inadequate maintenance
and interpretation of State-owned and other historic sites; and low levels of innovation in and support of the tourism industry on New Jersey's heritage.

The Legislature therefore deems it necessary that the residents of a democratic and increasingly diverse society such as the State of New Jersey be provided with greater access to the materials of their history in order to understand how our society developed and to safeguard its continued free and open evolution; and that increased funding for history services is needed so that the agencies and organizations that provide these services can provide them more adequately to the people of New Jersey and their historical institutions.

C.18A:73-22.2 Definitions relative to support of activities in New Jersey history.

2. For the purposes of this act:
   "General operating support" means support for expenses incurred in categories such as, but not limited to: wages, salaries and fringe benefits; insurance; utilities; installation and maintenance of appropriate environmental conditions in which to maintain collections; facility and equipment leases and rentals; facility maintenance; materials, supplies, and equipment; and staff training in museum operations, collections acquisition and maintenance, or management, exhibition, and presentation of educational programs for the public by historical agencies, organizations or entities;

   "Historic site" means a structure or a site associated with the history of New Jersey that is on the State or National Register of Historic Places, or is eligible for placement on the State or national register, and that is owned or administered by a not-for-profit organization or by an agency of county or local government;

   "Historical society" or "historical library" or "history museum" means a not-for-profit organization or an agency of county or local government that, within a museum or library environment, houses collections of New Jersey historical materials, presents historical collections to the public in the form of exhibitions or educational programs, and makes such collections available to the public for research; and

   "Related agency or organization" means a not-for-profit entity that performs functions similar to those carried out by history museums, historic sites, historical societies, historical libraries, or historical agencies of local or county government for the purpose of providing history services, and that adheres to the same standards of performance as those museums, libraries, sites, societies or agencies, although its primary mission may not be the provision of New Jersey history services to the public.

3. a. The New Jersey Historical Commission within the Department of State shall establish:
CHAPTER 131, LAWS OF 1999 663

(1) A program for the purpose of awarding grants from the fund established pursuant to subsection a. of section 4 of this act for general operating support to public or private historical libraries, history museums, historical societies, historic sites, historical agencies of county or local governments, or any related agency or organization; and

c. (1) All applications received by the commission for grants to be awarded under the programs established pursuant to this section shall be
reviewed and evaluated by a panel of reviewers selected by the commission. A separate panel of reviewers shall be selected for each program. The commission shall identify a pool of potential panel reviewers for each program and shall select from that pool the panel for each program to review the applications received for the program. Each panel shall be composed of persons who are experts in the area for which the program provides support. The panel of reviewers for each program shall evaluate each application received for a grant to be awarded under the program and make recommendations to the commission.

(2) The commission shall make the final decision on each application received, taking into consideration the recommendations of the panel of reviewers. The commission, may within its discretion, offer an approved applicant an award amount less than the amount requested by the applicant.

d. (1) The commission shall inform the public about the programs established pursuant to subsection a. of this section in a manner determined by the commission to result in as wide a dissemination of information as possible within the limits of monies available to the commission for this purpose. The commission may utilize such methods for the dissemination of information as may be available to State agencies for the dissemination of information on other such programs.

(2) At the request of the applicant, the commission shall provide advice, in any manner the commission deems appropriate, to interested applicants on the preparation of their applications.

4. a. There is hereby established within the Department of State a revolving, nonlapsing fund which shall be credited with the monies appropriated in section 5 of this act and such other monies as may be appropriated or made available to the New Jersey Historical Commission for the purposes of the programs established pursuant to subsection a. of section 3 of this act. The fund shall be administered by the Secretary of State and all disbursements from the fund shall be made by the secretary at the request of the commission. Disbursements from the fund shall be solely for the purposes of the programs established in subsection a. of section 3 of this act and disbursements for a program shall be made from the separate account in the fund created for the purposes of that program. Any interest that shall accrue on the monies in the fund shall be credited to the fund, and to each separate account within the fund as determined by the secretary.

CHAPTER 133

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. N.J.S.2C:35-3 is amended to read as follows:

Leader of Narcotics Trafficking Network.

2C:35-3. Leader of Narcotics Trafficking Network.

As used in this section:

"Financier" means a person who, with the intent to derive a profit, provides money or credit or other thing of value in order to purchase a controlled dangerous substance or an immediate precursor, or otherwise to finance the operations of a drug trafficking network.
A person is a leader of a narcotics trafficking network if he conspires with two or more other persons in a scheme or course of conduct to unlawfully manufacture, distribute, dispense, bring into or transport in this State methamphetamine, lysergic acid diethylamide, phencyclidine, gamma hydroxybutyrate, flunitrazepam or any controlled dangerous substance classified in Schedule I or II, or any controlled substance analog thereof as a financier, or as an organizer, supervisor or manager of at least one other person.

Leader of narcotics trafficking network is a crime of the first degree and upon conviction thereof, except as may be provided by N.J.S.2C:35-12, a person shall be sentenced to an ordinary term of life imprisonment during which the person must serve 25 years before being eligible for parole. Notwithstanding the provisions of subsection a. of N.J.S.2C:43-3, the court may also impose a fine not to exceed $750,000.00 or five times the street value of the controlled dangerous substance, controlled substance analog, gamma hydroxybutyrate or flunitrazepam involved, whichever is greater.

Notwithstanding the provisions of N.J.S.2C:1-8, a conviction of leader of narcotics trafficking network shall not merge with the conviction for any offense which is the object of the conspiracy. Nothing contained in this section shall prohibit the court from imposing an extended term pursuant to N.J.S.2C:43-7; nor shall this section be construed in any way to preclude or limit the prosecution or conviction of any person for conspiracy under N.J.S.2C:5-2, or any prosecution or conviction under N.J.S.2C:35-4 (maintaining or operating a CDS production facility), N.J.S.2C:35-5 (manufacturing, distributing or dispensing), N.J.S.2C:35-6 (employing a juvenile in a drug distribution scheme), N.J.S.2C:35-9 (strict liability for drug induced death), N.J.S.2C:41-2 (racketeering activities) or subsection g. of N.J.S.2C:5-2 (leader of organized crime).

It shall not be necessary in any prosecution under this section for the State to prove that any intended profit was actually realized. The trier of fact may infer that a particular scheme or course of conduct was undertaken for profit from all of the attendant circumstances, including but not limited to the number of persons involved in the scheme or course of conduct, the actor's net worth and his expenditures in relation to his legitimate sources of income, the amount or purity of the specified controlled dangerous substance, controlled substance analog, gamma hydroxybutyrate or flunitrazepam involved, or the amount of cash or currency involved.

It shall not be a defense to a prosecution under this section that such controlled dangerous substance, controlled substance analog, gamma hydroxybutyrate or flunitrazepam was brought into or transported in this State solely for ultimate distribution or dispensing in another jurisdiction; nor shall it be a defense that any profit was intended to be made in another jurisdiction.
It shall not be a defense that the defendant was subject to the supervision or management of another, nor that another person or persons were also leaders of the narcotics trafficking network.

2. N.J.S.2C:35-4 is amended to read as follows:

Maintaining or operating a controlled dangerous substance production facility.

2C:35-4. Except as authorized by P.L.1970, c.226 (C.24:21-1 et seq.), any person who knowingly maintains or operates any premises, place or facility used for the manufacture of methamphetamine, lysergic acid diethylamide, phencyclidine, gamma hydroxybutyrate, flunitrazepam, marijuana in an amount greater than five pounds or ten plants or any substance listed in Schedule I or II, or the analog of any such substance, or any person who knowingly aids, promotes, finances or otherwise participates in the maintenance or operations of such premises, place or facility, is guilty of a crime of the first degree and shall, except as provided in N.J.S.2C:35-12, be sentenced to a term of imprisonment which shall include the imposition of a minimum term which shall be fixed at, or between, one-third and one-half of the sentence imposed, during which the defendant shall be ineligible for parole. Notwithstanding the provisions of subsection a. of N.J.S.2C:43-3, the court may also impose a fine not to exceed $750,000.00 or five times the street value of all controlled dangerous substances, controlled substance analogs, gamma hydroxybutyrate or flunitrazepam at any time manufactured or stored at such premises, place or facility, whichever is greater.

3. This act shall take effect immediately.

Such funds, if so pledged, shall be made available by the State Treasurer upon receipt of a written notification by the Director of the Division of Local Government Services that the municipality does not have sufficient funds available for prompt payment of principal and interest on such notes, and shall be paid by the State Treasurer directly to the holders of such notes at such time and in such amounts as specified by the director, notwithstanding that payment of such funds does not coincide with any date for payment otherwise fixed by law.

The amount hereinabove for the Regional Efficiency Development Incentive Grant Program shall be reduced by any amounts expended in fiscal year 1999 for the same purpose, such that the total amount made available for fiscal years 1999 and 2000 shall not exceed $10,000,000, as determined by the Director of the Division of Budget and Accounting.

Less: 31,063,000

Of the amount hereinabove for Core Curriculum Standards Aid, an amount equal to the total earnings of investments of the School Fund shall first be charged to such fund.

Notwithstanding the provisions of section 8 of P.L.1991, c.226 (C.18A:40-30), the amount appropriated hereinabove for Nonpublic Nursing Services Aid shall be made available to local school districts based upon the number of pupils enrolled in each nonpublic school on the last day prior to October 16, 1998.

Notwithstanding the provisions of any other law, the amount appropriated hereinabove for Nonpublic Nursing Services Aid shall be made available to local school districts based upon the number of pupils enrolled in each nonpublic school on the last day prior to October 16, 1998.

Notwithstanding the provisions of section 9 of P.L.1977, c.192 (C.18A:46A-9), the per pupil amount for compensatory education for the 1999-2000 school year for the purposes of computing nonpublic auxiliary services aid shall equal $730.73.
CHAPTER 138, LAWS OF 1999

Notwithstanding the provisions of section 14 of P.L.1977, c.193 (C.18A:46A-19.8) for the purpose of computing Nonpublic Handicapped Aid for pupils requiring the following services, the per pupil amounts shall be: $1,135.24 for an initial evaluation or reevaluation for examination and classification; $340.39 for an annual review for examination and classification; and $862.76 for speech correction.

Nonpublic School Technology Initiative Aid shall be paid to school districts and allocated for nonpublic school pupils at the rate of $40 per pupil in a manner that is consistent with the provisions of the federal and State constitutions.

In addition to the aid provided hereinafore, there is appropriated such amount as may be necessary to enable the department to distribute supplementary aid to reimburse any school district which was previously involved in a sending-receiving relationship with an "Abbott district" for the education of its grade 9-12 students but which subsequently joined a limited purpose regional school district for grades 9-12 as approved by both school districts during the 1996-97 school year. The additional aid shall be distributed to the district to fund any remaining tuition obligation to the "Abbott district" which the district incurred through the 1996-97 school year and any outstanding tuition obligation to the limited purpose regional school district which the district incurred for the 1997-98 school year. The additional aid received shall be an adjustment to the district's spending growth limitation. A district receiving aid pursuant to this provision may apply some or all of the additional funds to its originally certified General fund tax levy for the 1999-2000 school year and shall file a revised certificate and report of school taxes from A4P with its county board of taxation.

Notwithstanding any other law to the contrary, the amount of State aid made available to the Department of Human Services pursuant to "The State Facilities Education Act of 1979," P.L.1979, c.207 (C.18A:7B-1 et al.), to defray the costs of educating eligible children in approved private schools under contract with the Department of Human Services shall not exceed the actual costs of the education of those children in such private schools.

Notwithstanding any other law to the contrary, Special Education Aid for pupils classified as eligible for day training shall be paid directly to the resident school district; provided however, that for pupils under contract for service in a regional day school operated by or under contract with the Department of Human Services, tuition shall be withheld and paid to the Department of Human Services.

The Commissioner of Education shall not authorize the disbursement of funds to any "Abbott district" until the commissioner is satisfied that all educational expenditures in the district will be spent effectively and efficiently in order to enable those students to achieve the Core Curriculum Content Standards. The commissioner shall be authorized to take any necessary action to fulfill this responsibility. The commissioner may deduct from the State aid of any "Abbott district" the expenses required to manage, control and supervise the implementation of that State aid. In order to expeditiously fulfill the responsibilities of the commissioner under the Abbott order, determinations by the commissioner hereunder shall be considered to be final agency action and appeal of that action shall be directly to the Appellate Division of the Superior Court.
The unexpended balances as of June 30, 1999, in the Abbott v. Burke Parity Remedy account shall be held in escrow and the Commissioner of Education shall disburse the funds in such amounts as the commissioner deems necessary for the purpose of implementing whole school reform initiatives in the "Abbott districts."

The unexpended balances due to enrollment adjustments made pursuant to the fiscal year 1999 appropriations act, as of June 30, 1999 in the Abbott v. Burke Parity Remedy account is appropriated for the same purpose and with the same conditions as are applied to the fiscal year 2000 appropriation for this purpose.

Notwithstanding any other law to the contrary, "district income" for the purposes of section 14 of P.L.1996, c.138 (C.18A:7F-14) shall mean the aggregate of total income reported on NJ-1040 for 1996 and all public assistance including Aid for Families with Dependent Children for 1996 of the residents of the taxing district or taxing districts.

Notwithstanding any other law to the contrary, State aid for each "Abbott district" whose per pupil regular education expenditure for 1999-2000 under P.L.1996, c.138 is below the estimated per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1999-2000 shall be increased. The amount of increase shall be appropriated as Abbott v. Burke Parity Remedy Aid and shall be determined as follows: funds shall be allocated in the amount of the difference between each "Abbott district's" per pupil regular education expenditure for 1999-2000 and the actual per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1998-99 indexed by the actual percentage increase in the per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1998-99 over the per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1997-98. In calculating the per pupil regular education expenditure of each "Abbott district" for 1999-2000, regular education expenditure shall equal the sum of the general fund tax levy for 1998-99, Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid and all forms of stabilization aid pursuant to section 10 of P.L.1996, c.138 (C.18A:7F-10); enrollments shall initially be those resident enrollments for preschool through grade 12 contained on the Application for State School Aid for 1999-2000 indexed by the annual growth rates used to determine the estimated enrollments of October 1999 for calculation of Core Curriculum Standards Aid and T & E budgets for 1999-2000; enrollments shall be calculated at their full-time equivalent and reduced by preschool and one half of full-day kindergarten enrollments. State aid shall be adjusted upon receipt of resident enrollment for the "Abbott districts" as of October 15, 1999 as reflected on the Application for State School Aid for 2000-2001. State aid shall also be adjusted based on the actual per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1999-2000. In calculating the actual per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1999-2000, regular education expenditure shall equal the sum of the general fund tax levy for 1999-2000, Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid and all forms of stabilization aid pursuant to section 10 of P.L.1996, c.138 (C.18A:7F-10); enrollments shall be the resident enrollment for preschool through grade 12 as of October 15, 1999 as reflected on the
Application for State School Aid for 2000-2001; enrollments shall be calculated at their full-time equivalent and reduced by preschool and one half of full-day kindergarten enrollments in districts receiving Early Childhood program aid.

The expenditures associated with the amounts appropriated herein for Abbott v. Burke Parity Remedy Aid shall not be included in the calculation of the actual cost per pupil for tuition purposes, pursuant to a sending/receiving agreement.

Notwithstanding any other law to the contrary, as a condition of receiving Abbott v. Burke Parity Remedy Aid, an "Abbott district" shall raise a general fund tax levy which shall be no less than the difference between the product of the actual per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1998-99 indexed by the actual percentage increase in the per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1998-99 over the per pupil average regular education expenditure of districts in District Factor Groups "I" and "J" for 1997-98 multiplied by each "Abbott district's" estimated "resident enrollment" for October 15, 1999 less one half of kindergarten enrollments and the sum of Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid, all forms of stabilization aid pursuant to section 10 of P.L.1996, c.138 (C.18A:7F-10) and Abbott v. Burke Parity Remedy Aid.

Pursuant to subsections c. and h. of section 10 of P.L.1996, c.138 (C.18A:7F-10), any district which received Supplemental Stabilization Aid in 1998-99 shall receive an amount equal to that received in 1998-99.

Notwithstanding any other provision of P.L.1996, c.138 (C.18A:7F-1 et seq.) the County Special Services School Districts' tuition losses provided for in subsection b. of section 3 of P.L.1971, c.271 (C.18A:46-31) as amended by section 77 of P.L.1996, c.138 shall be calculated by using the enrollment counts taken on October 15 in order to compare the budget to the pre-budget year.

Pursuant to subsection a. of section 5 of P.L.1996, c.138 (C.18A:7F-5), the net amount hereinabove appropriated for 1998-99 enrollment adjustments in the Aid for Enrollment Adjustments and Debt Service account shall be determined by using the actual October 15, 1998 pupil counts to recalculate the State aid amounts payable to each district for the 1998-99 school year, for each aid category impacted by enrollment under the provisions of the "Comprehensive Educational Improvement and Financing Act of 1996," other than rewards and recognition, and comparing the recalculated amounts to the amounts originally determined as payable to the district for the 1998-99 school year for each aid category based upon the projected October 15, 1998 pupil counts. For the purposes of this recalculation, the State’s Core Curriculum Standards Aid contribution for the 1998-99 school year shall be determined by indexing the amount for the 1997-98 school year by the sum of 1.0, the CPI and the actual State average enrollment growth percentage between the 1998-99 and 1997-98 school years and the Core Curriculum Standards Aid amount payable to each district shall be calculated using the October 15, 1998 pupil counts, the formulas and criteria contained in
sections 12 through 15 of P.L.1996, c.138 (C.18A:7F-12 through 18A:7F-15) and based upon this indexed amount of Statewide available Core Curriculum Standards Aid. Corrections made after January 27, 1999 to Core Curriculum Standards Aid and Debt Service Aid resulting from a correction of the October 15, 1998 pupil counts, district income or any other discrepancy shall be calculated using the multipliers and county shares established on January 27, 1999 pursuant to subsection a. of section 14 of P.L.1996, c.138 (C.18A:7F-14) and the other language in this paragraph. The percentage concentration of low income pupils for each district or each individual school used for the purposes of recalculating Early Childhood program aid, Demonstrably Effective Program Aid and Instructional Supplement Aid shall remain the same as the percentage concentration originally determined for the 1998-99 school year. The percentage concentration of low income pupils for individual schools in operation on October 15, 1998 that would otherwise qualify for Demonstrably Effective Program Aid that were not in operation on October 15, 1997 shall be redetermined based upon the actual October 15, 1998 pupil counts for the school.

Notwithstanding any other law to the contrary, districts shall receive Stabilization Aid II in an amount to limit the decrease between the sum of Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid, Abbott v. Burke Parity Remedy Aid, Stabilization Aid, additional Supplemental Stabilization Aid, Supplemental School Tax Reduction Aid, Distance Learning Network Aid, categorical aids for Special Education programs, Bilingual Education programs, and County Vocational Programs, Early Childhood Program Aid, Demonstrably Effective Program Aid, Instructional Supplement Aid, Transportation Aid, Aid for Adult, Postgraduate and Post-Secondary Programs, and Academic Achievement rewards received in the 1998-99 school year and the sum of the same categories to be received in 1999-2000 school year to 1 percent of the district’s net budget for the 1998-99 school year. For this purpose the Abbott v. Burke Parity Remedy Aid adjustments for the 1998-99 school year shall be applied to state aid payable for the 1999-2000 school year.

Notwithstanding any other law to the contrary, when calculating the State aid adjustments for 1998-1999 pursuant to subsection a. of section 5 of P.L.1996, c.138 (C.18A:7F-5) , districts which did not experience a projected or actual decline in enrollment between October 15, 1997 and October 15, 1998 shall receive stabilization aid in the amount of any decrease between the sum of Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid, Abbott v. Burke Parity Remedy Aid, Stabilization Aid, additional Supplemental Stabilization Aid, Supplemental School Tax Reduction Aid, Distance Learning Network Aid, categorical aids for Special Education programs, Bilingual Education programs, and County Vocational Programs, Early Childhood Program Aid, Demonstrably Effective Program Aid, Instructional Supplement Aid, Transportation Aid, Aid for Adult, Postgraduate and Post-Secondary Programs, and Academic Achievement rewards received in the 1997-98 school year and the adjusted sum of the same categories for 1998-99 including additional Supplemental Stabilization Aid for districts which had pupils placed in a county special services school district.
Notwithstanding section 11 of P.L.1996, c.138 (C.18A:7F-11), $5,000,000 of the State’s Core Curriculum Standards Aid contribution for the 1999-2000 school year shall be held in reserve pending the determination of income appeals filed pursuant to section 15 of P.L.1996, c.138 (C.18A:7F-15). In addition to the amount appropriated hereinafore for Core Curriculum Standards Aid, there is appropriated $5,000,000 for such purpose. In determining income appeals the property value multiplier and income multipliers shall be the same as originally calculated.

Notwithstanding the provisions of subsection d. of section 10 of P.L.1996, c.318 (C.18A:7F-10), each school district which receives State aid pursuant to the provisions of that subsection shall be entitled to receive aid in the amount of an additional $750,000 per school district.

Notwithstanding any other law to the contrary, districts which experienced an average annual increase in enrollment over the past 6 years from October 15, 1998 and October 15, 1992 as determined by the commissioner shall receive Stabilization Aid III in the amount of any decrease between the sum of Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid, Abbott v. Burke Parity Remedy Aid, Stabilization Aid, additional Supplemental Stabilization Aid, Supplemental School Tax Reduction Aid, Distance Learning Network Aid, categorical aids for Special Education programs, Bilingual Education programs, and County Vocational Programs, Early Childhood Program Aid, Demonstrably Effective Program Aid, Instructional Supplement Aid, Transportation Aid, Aid for Adult, Postgraduate and Post-Secondary Programs, Academic Achievement Rewards and Stabilization Aid II received in the 1998-99 school year and the sum of the same categories to be received in the 1999-2000 school year, when the amount of the aid decrease divided by the district’s equalized valuation determined pursuant to section 3 of P.L.1996 c.138 (C.18A:7F-3) rounds to an amount that is equal to or greater than .0002. For this purpose the amount of Stabilization Aid II received in the 1999-2000 school year shall be calculated as if the decrease in aid in accordance with the requirements of that paragraph had limited the decrease to 2 percent of the district’s net budget for the 1998-99 school year and the Abbott v. Burke Parity Remedy Aid adjustments for the 1998-99 school year shall be applied to State aid payable for the 1999-2000 school year.

Notwithstanding any other law to the contrary, districts that were subject to a Stabilization Aid reduction in 1997-98 pursuant to subsection a. of section 10 of P.L.1996, c.138 (C.18A:7F-10) that will receive a State aid increase in excess of 75 percent, shall be permitted to increase their maximum permitted spending for the 1999-2000 school year beyond the level established in section 5 of P.L.1996, c.138 (C.18A:7F-5) by an amount equal to 50 percent of the projected increase in aid.

The amounts hereinabove appropriated for Payments for Medical Assistance Recipients-Nursing Homes are available for the payment of obligations applicable to prior fiscal years.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the General Medical Services program classification in the Division of Medical Assistance and Health Services in the Department of Human Services and the Medical Services for the Aged program classification in the Division of Senior Services in the Department of Health and Senior Services, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

All funds recovered pursuant to P.L.1968, c.413 (C.30:4D-1 et seq.) and P.L.1975, c.194 (C.30:4D-20 et seq.) during the fiscal year ending June 30, 2000 are
appropriated for payments to providers in the same program class from which the recovery originated.

Notwithstanding any other law to the contrary, a sufficient portion of receipts generated or savings realized in Medical Services for the Aged Grants-in-Aid accounts from initiatives included in the fiscal year 2000 budget may be transferred to administration accounts to fund costs incurred in realizing these additional receipts or savings, subject to the approval of the Director of the Division of Budget and Accounting.

The Division of Medical Assistance and Health Services in the Department of Human Services and the Department of Health and Senior Services, subject to federal approval, shall implement policies that would limit the ability of persons who have the financial ability to provide for their own long-term care needs to manipulate current Medicaid rules to avoid payment for that care. The division and Department of Health and Senior Services shall require, in the case of a married individual requiring long-term care services, that the portion of the couple's resources which are not protected for the needs of the community spouse be used solely for the purchase of long-term care services.

Funding for community care alternative initiatives is made available from the Payments for Medical Assistance Recipients-Nursing Homes account, subject to both federal waiver approval and approval of the Director of the Division of Budget and Accounting.

Such sums as may be necessary are appropriated from enhanced audit recoveries obtained by the Department of Health and Senior Services to fund the costs of enhanced audit recovery efforts of the department within the Medical Services for the Aged program classification subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law to the contrary, no funds appropriated for Medicaid nursing facility reimbursement shall be expended for administrator or assistant administrator costs or non-food general costs in excess of 100% of the median for those cost centers, subject to the notice provisions of 42 CFR 447.205.

Notwithstanding any other law to the contrary, effective July 1, 1996, reimbursement for nursing facility services shall be 90% of the per diem rate when a Medicaid beneficiary is hospitalized. As in the past, these payments shall be limited to be the first ten days of the hospitalization. Medicaid reimbursement for nursing facility services shall be discontinued beyond the 10th day of the hospitalization.

The funds appropriated hereinabove for Payments for Medical Assistance Recipients - High Medicaid Occupancy Nursing Homes shall be distributed for patient services among those nursing homes where the Medicaid patient day occupancy level is at or above 75%. Each such facility shall receive its distribution through a prospective per diem rate adjustment according to the following formula: 

$$E = \frac{A \times \text{Medicaid days}}{T} \times F$$

where $E$ is the entitlement for a specific nursing home resulting from this allocation; $A$ is an individual nursing home's reported Medicaid days on June 30, 1999; $T$ is the total reported Medicaid days for all affected nursing homes; and $F$ is the total amount of State and federal funds to be distributed. No nursing home shall receive a total allocation greater than the amount lost, due to adjustments in Medicaid reimbursement methodology, which became effective April 1, 1995.
Any balances remaining undistributed from the abovementioned amount, shall be deposited in a reserve account in the General Fund.

The amounts hereinafore appropriated for payments for Pharmaceutical Assistance to the Aged and Disabled program, P.L.1975, c.194 (C.30:4D-20 et seq.), are available for the payment of obligations applicable to prior fiscal years.

Benefits provided under the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program, P.L.1975, c.194 (C.30:4D-20 et seq.) shall be the last resource benefits, notwithstanding any provisions contained in contracts, wills, agreements or other instruments. Any provision in a contract of insurance, will, trust agreement or other instrument which reduces or excludes coverage or payment to an individual because of that individual's eligibility for or receipt of PAAD benefits shall be void, and no PAAD payments shall be made as a result of any such provision.

Notwithstanding the provisions of section 3 of P.L.1975, c.194 (C.30:4D-22) to the contrary, the copayment in the Pharmaceutical Assistance to the Aged and Disabled program shall be $5.00.

Notwithstanding the provisions of any law to the contrary, rebates from pharmaceutical manufacturing companies for prescriptions purchased by the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program shall continue throughout fiscal year 2000. All revenues from such rebates during the fiscal year ending June 30, 2000, are appropriated for the PAAD program.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 1999, each prescription order dispensed in the Pharmaceutical Assistance to the Aged and Disabled program for Maximum Allowable Cost (MAC) drugs shall state “Brand Medically Necessary” in the prescriber's own handwriting if the prescriber determines that it is necessary to override generic substitution of drugs, and each prescription order shall follow the requirements of P.L.1977, c.240 (C.24:6E-1 et seq.). The list of drugs substituted shall conform to the Drug Utilization Review Council approved list of substitutable drugs and all other requirements pertaining to drug substitution and federal upper limits for MAC drugs as administered by the State Medicaid Program.

Notwithstanding the provisions of any law to the contrary, no funds appropriated for the Pharmaceutical Assistance to the Aged and Disabled program pursuant to P.L.1975, c.194 (C.30:4D-20 et seq.) shall be expended unless participating pharmaceutical manufacturing companies execute contracts with the Department of Health and Senior Services through the Department of Human Services providing for the payment of rebates to the State.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 1999 consistent with the notice provisions of 42 CFR 447.205 where applicable, no funds appropriated in the Pharmaceutical Assistance to the Aged and Disabled program classification shall be expended except under the following conditions: legend and non-legend drugs dispensed by a retail pharmacy shall be limited to a maximum 34-day supply for an initial prescription and a 34-day or 100 unit dose supply, whichever is greater, for any prescription refill.
Aged and Disabled program classification shall be expended except under the following conditions: (a) reimbursement for prescription drugs shall be based on the Average Wholesale Price less a 10% discount; (b) prescription drugs dispensed by a retail pharmacy shall be limited to a maximum 34-day supply for the initial prescription and a 34-day or 100 unit dose supply, whichever is greater, for any prescription refill; and (c) the current prescription drug dispensing fee structure set as a variable rate of $3.73 to $4.07 in effect on June 30, 1999 shall remain in effect through fiscal year 2000, including the current increments for patient consultation, impact allowances, and allowances for 24-hour emergency services.

Notwithstanding any laws to the contrary, payments for Pharmaceutical Assistance for the Aged and Disabled Programs shall not cover quantities of impotence therapy medication in excess of four treatments per month. Moreover, payment will only be provided if the diagnosis of impotence is written on the prescription form and the treatment is provided to males over the age of 18 years.

From the amount appropriated for the Payments for Medical Assistance Recipients - Nursing Home account, funds shall be available to develop and implement a new nursing home rate setting system, subject to the approval of the Director of the Division of Budget and Accounting.

In addition to the amount hereinabove, there are appropriated from the Casino Revenue Fund and available federal matching funds such additional sums as may be required for the payment of claims, credits and rebates, subject to the approval of the Director of the Division of Budget and Accounting.

All funds recovered under P.L.1968, c.413 (C.30:4D-1 et seq.) and P.L.1975, c.194 (C.30:4D-20 et seq.) during the fiscal year ending June 30, 2000, are appropriated for payments to providers in the same program class from which the recovery originated.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the Medical Services for the Aged program classification, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

For the purposes of account balance maintenance, all object accounts in the Medical Services for the Aged program classification shall be considered as one object. This will allow timely payment of claims to providers of medical services but ensure that no overspending will occur in the program classification.

Notwithstanding the provisions of P.L.1988, c.92 (C.30:4E-5 et seq.), funds appropriated for the Home Care Expansion (HCE) Program shall be paid only for individuals enrolled in the program as of June 30, 1996 who are not eligible for the Community Care Program for the Elderly and Disabled or alternative programs, and only for so long as those individuals require services covered by the HCE Program. Individuals enrolled in the HCE Program as of June 30, 1996, and eligible for the Community Care Program for the Elderly and Disabled may apply to be enrolled in that program.
Notwithstanding the provisions of P.L. 1979, c. 197 (C.48:2-29.15 et seq.), or the provisions of P.L. 1981, c. 210 (C.48:2-29.30 et seq.), or any other law to the contrary, the benefits of the "Lifeline Credit Program" and the "Tenants' Lifeline Assistance Program" may be distributed throughout the entire year from July through June, and are not limited to an October to March heating season, and therefore applications for Lifeline benefits and benefits from the Pharmaceutical Assistance to the Aged and Disabled program may be combined.

Notwithstanding any other law to the contrary, a sufficient portion of receipts generated or savings realized in Casino Revenue Fund Medical Services for the Aged or Pharmaceutical Assistance to the Aged and Disabled Grants-in-Aid accounts from initiatives included in the fiscal year 2000 budget may be transferred to administration accounts to fund costs incurred in realizing these additional receipts or savings, subject to the approval of the Director of the Division of Budget and Accounting.

The amounts hereinafter appropriated for payments in the Pharmaceutical Assistance to the Aged and Disabled program, P.L. 1975, c. 194 (C.30:4D-20 et seq.), are available for the payment of obligations applicable to prior fiscal years. Benefits provided under the Pharmaceutical Assistance to the Aged and Disabled (PAAD) Program, P.L. 1975, c. 194 (C.30:4D-20 et seq.) shall be the last resource benefits, notwithstanding any provision contained in contracts, wills, agreements or other instruments. Any provision in a contract of insurance, will, trust agreement or other instrument which reduces or excludes coverage or payment to an individual because of that individual's eligibility for or receipt of PAAD benefits shall be void, and no PAAD payments shall be made as a result of any such provision.

Notwithstanding the provisions of section 3 of P.L. 1975, c. 194 (C.30:4D-22) to the contrary, the copayment in the Pharmaceutical Assistance to the Aged and Disabled program shall be $5.00.

Notwithstanding the provisions of any law to the contrary, rebates from pharmaceutical manufacturing companies for prescriptions purchased by the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program shall continue throughout fiscal year 2000. All revenues from such rebates during the fiscal year ending June 30, 2000, shall be appropriated for the cost of the PAAD program.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 1999, each prescription order dispensed in the Pharmaceutical Assistance to the Aged and Disabled program for Maximum Allowable Cost (MAC) drugs shall state "Brand Medically Necessary" in the prescriber's own handwriting if the prescriber determines that it is necessary to override generic substitution of drugs, and each prescription order shall follow the requirements of P.L. 1977, c. 240 (C.24:6E-1 et seq.). The list of drugs substituted shall conform to the Drug Utilization Review Council approved list of substitutable drugs and all other requirements pertaining to drug substitution and federal upper limits for MAC drugs as administered by the State Medicaid Program.

Notwithstanding the provisions of any law to the contrary, no funds appropriated in the Pharmaceutical Assistance to the Aged and Disabled program pursuant to P.L. 1975, c. 194 (C.30:4D-20 et seq.) shall be expended unless participating pharmaceutical manufacturing companies execute contracts with the Department
of Health and Senior Services through the Department of Human Services providing for the payment of rebates to the State.

Notwithstanding the provisions of any law or regulation to the contrary, effective July 1, 1999 consistent with the notice provisions of 42 CFR 447.205 where applicable, no funds appropriated in the Pharmaceutical Assistance to the Aged and Disabled program classification shall be expended except under the following conditions: legend and non-legend drugs dispensed by a retail pharmacy shall be limited to a maximum 34-day supply for an initial prescription and a 34-day or 100 unit dose supply, whichever is greater, for any prescription refill.

Notwithstanding the provisions of section 2 of P.L.1988, c.114 (C.26:2M-10) to the contrary, private for profit agencies shall be eligible grantees for funding from the Demonstration Adult Day Care Center Program - Alzheimer's Disease account.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 1999 consistent with the notice provisions of 42 CFR 447.205 where applicable, no funds appropriated in the Pharmaceutical Assistance to the Aged and Disabled program classification shall be expended except under the following conditions: (a) reimbursement for prescription drugs shall be based on the Average Wholesale Price less a 10% discount; (b) prescription drugs dispensed by a retail pharmacy shall be limited to a maximum 34-day supply for an initial prescription and a 34-day or 100 unit dose supply, whichever is greater, for any prescription refill; and (c) the current prescription drug dispensing fee structure set as a variable rate of $3.73 to $4.07 in effect on June 30, 1999 shall remain in effect through fiscal year 2000, including the current increments for patient consultation, impact allowances, and allowances for 24-hour emergency services.

The amounts hereinabove for payments for the Lifeline Credit Program and payments for Tenants Lifeline Assistance Rebates are available for the payment of obligations applicable to prior fiscal years.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of Lifeline claims, amounts may be transferred from the various items of appropriation within the Lifeline program classification, subject to the approval of the Director of the Division of Budget and Accounting.

The total amount appropriated in the Community Services Waiting List Reduction Initiatives - FY 1997, FY 1998, FY 1999 and FY 2000 are available for transfer to community support programs, subject to the approval of the Director of the Division of Budget and Accounting.

The Division of Developmental Disabilities is authorized to transfer funds from the Dental Program for Non-Institutionalized Children account to the Division of Medical Assistance and Health Services, in proportion to the number of program participants who are Medicaid eligible.

Excess State funds realized by federal involvement through Medicaid in the Dental Program for Non-Institutionalized Children are committed for the program’s support during the subsequent fiscal year, rather than for expansion.

Notwithstanding the provisions of Title 30 of the Revised Statutes or any other law or regulation to the contrary, the Director of the Division of Developmental Disabilities is authorized to waive statutory, regulatory or licensing requirements for the implementation of a self determination pilot program included in the Community Services Waiting List Reduction Initiatives - FY 1997, FY 1998, FY 1999 and FY 2000 accounts, subject to the approval of a plan by the Director of the Division of Developmental Disabilities, which will allow an individual to be removed from the waiting list.

The unexpended balance as of June 30, 1999, in the Home Assistance account is appropriated for the same purpose.

Notwithstanding any law to the contrary, the State Treasurer, in consultation with the Commissioner of Human Services, may transfer pursuant to the terms and conditions the State Treasurer deems to be in the best interest of the State, the operation, care, custody, maintenance and control of State-owned buses utilized for transportation of clients of the Adult Activity Centers funded from appropriations in the Adult Activities program classification within the Division of Developmental Disabilities to any party under contract with the Department of Human Services to operate an Adult Activity Center. That transfer shall be for a time to run concurrent with the contract for the operation of the Adult Activity Center. That transfer as a non-cash award, and in conjunction with a cash appropriation shall complete the terms of any contract with the Department of Human Services for the operation of the Adult Activity Center. Upon termination
of any contract for the operation of an Adult Activity Center, the operation, care, custody, maintenance and control of the State-owned buses shall revert to the State. The State Treasurer shall execute any agreements necessary to effectuate the purpose of this provision.

Amounts required to return persons with mental retardation or developmental disabilities presently residing in out-of-State institutions to group homes within the State may be transferred from the Private Institutional Care account to the Group Homes account, subject to the approval of the Director of the Division of Budget and Accounting.

CHAPTER 138, LAWS OF 1999 803

Any change by the Department of Human Services in the standards upon which or from which grants of categorical public assistance are determined, first shall be approved by the Director of the Division of Budget and Accounting.

In order to permit flexibility and ensure the timely payment of benefits to welfare recipients, amounts may be transferred between the various items of appropriation within the Income Maintenance Management program classification, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Receipts from counties for persons receiving Old Age Assistance, Disability Assistance, and Assistance for the Blind under the Supplemental Security Income (SSI) program are appropriated for the purpose of providing State aid to the counties, subject to the approval of the Director of the Division of Budget and Accounting.

In addition to the provisions of section 3 of P.L.1973, c.256 (C.44:7-87), the Department of Human Services shall assess welfare boards at the beginning of each fiscal year in the same proportion that the counties currently participate in the federal categorical assistance programs, in order to obtain the amount of each county’s share of the supplementary payments for eligible persons in this State, based upon the number of eligible persons in the county. Welfare boards shall pay the amount assessed.

Notwithstanding any law to the contrary, the Director of the Division of Budget and Accounting is authorized to withhold State Aid payments to municipalities to satisfy any obligations due and owing from audits of that municipality’s General Assistance program.

Notwithstanding the provisions of any other law or regulation to the contrary, effective July 1, 1999, the following provisions shall apply to the dispensing of prescription drugs through the Payments to Municipalities for the Cost of General Assistance account: (a) for all Maximum Allowable Cost (MAC) drugs dispensed, the prescription order shall state “Brand Medically Necessary” in the prescriber’s

participating pharmacies are also Medicare providers.

Notwithstanding the provisions of subsection a. of section 4 of P.L.1997, c.37
(C.44:10-74), for cash assistance benefits to recipients with dependent children,

(C.44:10-74).

Notwithstanding any law to the contrary and subject to the notice provisions of 42
CFR 447.205, effective July 1, 1999, approved nutritional supplements will be

Total Appropriation, Federal Funds ................. $6,721,888,000

Notwithstanding any State law to the contrary, no State agency shall accept or expend federal funds except as appropriated by the Legislature or otherwise provided in this act.

In addition to the federal funds appropriated in this act, there are appropriated the following federal funds, subject to allotment by the Director of the Division of Budget and Accounting: emergency disaster aid funds; pass-through grants to political subdivisions of the State over which the State is not permitted to exercise discretion in the use or distribution of the funds and for which no State matching funds are required; the first 25 percent of unanticipated grant awards, and up to 25 percent of increases in previously anticipated grant awards for which no State matching funds are required except, for the purpose of this section, federal funds received by one executive agency that are ultimately expended by another executive agency shall not be considered pass-through grants; federal financial aid funds for students attending post-secondary educational institutions in excess of the amount specifically appropriated, provided however, that the Director of the Division of Budget and Accounting shall notify the Legislative Budget and Finance Officer of such grants; and all other grants of $500,000 or less which have been awarded competitively.

For the purposes of federal funds appropriations, “political subdivisions of the State” means counties, municipalities, school districts, or agencies thereof, regional, county or municipal authorities, or districts other than interstate authorities or districts; “discretion” refers to any action in which an agency may determine either the amount of funds to be allocated or the recipient of the allocation; and “grants” refers to one-time, or time limited awards, which are received pursuant to submission of a grant application in competition with other grant applications.

The unexpended balances of federal funds as of June 30, 1999 are continued for the same purposes. The Director of the Division of Budget and Accounting shall inform the Legislative Budget and Finance Officer by November 1, 1999 of any unexpended balances which are continued.

The appropriate executive agencies shall prepare and submit to the Senate Budget and Appropriations Committee and the Assembly Appropriations Committee, or their successors, by March 1, 2000, reports on proposed expenditures during fiscal year 2000 for the following federal programs: the alcohol, drug abuse and mental health block grant; the education block grant; the community
services block grant; the jobs training partnership block grant; the low income energy assistance block grant; the maternal and child health block grant; the preventive health and health services block grant; the small cities block grant; the social services block grant; and the child care block grant. These reports shall account for all federal, State and local funds which are anticipated to be expended on block grant programs, shall provide an accounting of block grant expenditures during the prior fiscal year, and shall provide a detailed list of contracts awarded to provide services under the block grants.

Out of the appropriations herein, the Director of the Division of Budget and Accounting is empowered to approve payments to liquidate any unrecorded liabilities for materials delivered or services rendered in prior fiscal years, upon the written recommendations of any department head or the department head's designated representative. The Director of the Division of Budget and Accounting shall reject any recommendations for payment which the director deems improper.

The sum herein appropriated to the Department of Transportation for the Hudson-Bergen Light Rail Transit System is hereby appropriated, to the extent necessary, to pay the principal of and interest on the grant anticipation notes issued by the New Jersey Transit Corporation.

To the extent that federal funds are received in fiscal year 2000 pursuant to the full funding grant agreement for the Hudson-Bergen Light Rail Transit System subsequent to the payment by the New Jersey Transportation Trust Fund Authority of its obligations under a Standby Deficiency Agreement, such federal funds are hereby appropriated to the New Jersey Transportation Trust Fund Authority to be allotted to projects as shall be determined by the Commissioner of Transportation.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the General Medical Services program classification, and within the federal matching funding, in the Division of Medical Assistance and Health Services in the Department of Human Services, and within the Medical Services for the Aged program classification, and within the federal matching funding, in the Division of Senior Services in the Department of Health and Senior Services, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Grand Total Appropriation, All Funds .................. $26,236,270,000

2. There are appropriated, subject to allotment by the Director of the Division of Budget and Accounting and with the approval of the Legislative Budget and Finance Officer, private contributions, revolving funds and dedicated funds received, receivable or estimated to be received for the use of the State or its agencies in excess of those anticipated, unless otherwise provided herein, and the unexpended balances as of June 30, 1999 of such funds, subject to the approval of the Director of the Division of Budget and Accounting.
3. There are appropriated, subject to allotment by the Director of the Division of Budget and Accounting, the following: sums required to refund amounts credited to the State Treasury which do not represent State revenue; sums received representing insurance to cover losses by fire and other casualties and the unexpended balance as of June 30, 1999 of such sums; sums received by any State department or agency from the sale of equipment, when such sums are received in lieu of trade-in value in the replacement of such equipment; and sums received in the State Treasury representing refunds of payments made from appropriations provided in this act.

4. There are appropriated, subject to allotment by the Director of the Division of Budget and Accounting, sums required to satisfy receivables previously established from which non-reimbursable costs and ineligible expenditures have been incurred.

5. There are appropriated, subject to allotment by the Director of the Division of Budget and Accounting, from federal or other non-State sources amounts not to exceed the cost of services necessary to document and support retroactive claims.

6. There are appropriated such sums as may be required to pay interest liabilities to the federal government as required by the Treasury/State agreement pursuant to the provisions of the Cash Management Improvement Act of 1990, Pub. L. 101-453 (31 U.S.C. s.6501 et seq.), subject to the approval of the Director of the Division of Budget and Accounting.

7. There are appropriated, subject to the approval of the Director of the Division of Budget and Accounting, from interest earnings of the various bond funds, such sums as may be necessary for the State to comply with the federal “Tax Reform Act of 1986,” Pub. L. 99-514 (26 U.S.C. s.1 et seq.), which requires issuers of tax-exempt debt obligations to rebate any arbitrage earnings to the federal government.

8. There are appropriated from the General Fund, subject to the approval of the Director of the Division of Budget and Accounting, such sums as are necessary to pay interest, at the average rate of earnings during the fiscal year from the State’s general investments, to those bond funds that have borrowed money from the General Fund or other bond funds and that have insufficient resources to accrue and pay the interest expense on such borrowing.

9. In addition to the amounts appropriated hereinabove, such additional sums as may be necessary are appropriated to fund the costs of the collection of debts, taxes and other fees and charges owed to the State, including but not limited to the services of auditors and attorneys and enhanced compliance programs, subject to the approval of the Director of the Division of Budget and Accounting.
10. Notwithstanding any provision of law to the contrary, any surplus balance remaining in the New Jersey Medical Malpractice Reinsurance Recovery Fund after all financial obligations of the New Jersey Medical Malpractice Reinsurance Association are funded, as determined by the Director of the Division of Budget and Accounting, is appropriated for transfer to the General Fund as State revenue.

11. There is appropriated $5,000,000 from the Sanitary Landfill Facility Contingency Fund for transfer to the General Fund as State revenue.

12. There is appropriated $21,600,000 from the Health Care Subsidy Fund for transfer to the General Fund as State revenue.

13. There is appropriated $11,600,000 from the Legal Services Trust Fund established pursuant to section 6 of P.L.1996, c.52 (C.22A:2-51), for transfer to the General Fund as State revenue to fund the following programs: $8,000,000 for Legal Services of New Jersey grant, $3,000,000 for ten additional judgeships in the Judiciary, and $600,000 for Clinical Legal Programs for the Poor at the Rutgers-Camden Law School, the Rutgers-Newark Law School and Seton Hall Law School.

14. There is appropriated $30,000,000 from the Second Injury Fund for transfer to the General Fund as State revenue.

15. The unexpended balances as of June 30, 1999 in the accounts of the several departments and agencies heretofore appropriated or established in the category of Additions, Improvements and Equipment are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

16. Unless otherwise provided, balances remaining as of June 30, 1999 in accounts of appropriations enacted subsequent to April 1, 1999 are appropriated.

17. The unexpended balances as of June 30, 1999 in accounts that are funded by Interfund Transfers are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

18. There are appropriated the unexpended balances as of June 30, 1999 in accounts that are funded by transfers from the Year 2000 Data Processing Initiative special purpose account in the Inter-Departmental accounts as the Director of the Division of Budget and Accounting shall determine.

19. Notwithstanding any other provisions in this act, no unexpended balances as of June 30, 1999 are appropriated without the approval of the Director of the Division of Budget and Accounting, except that the Legislative Branch of State government shall be exempt from this provision. The Director of the Division of Budget and Accounting shall notify the Legislative Budget and Finance Officer of those instances in which unexpended balances are not appropriated pursuant to this section.
20. The administrative costs of the Special Education Medicaid Initiative and the Early Periodic Screening, Diagnosis and Treatment (EPSDT) program, including the participation of a consultant, are appropriated and shall be paid from the revenue received, subject to the approval of the Director of the Division of Budget and Accounting.

21. a. To permit flexibility in the handling of appropriations, any department or agency that receives an appropriation by law, may, subject to the provisions of this section, or unless otherwise provided in this act, apply to the Director of the Division of Budget and Accounting for permission to transfer funds from one item of appropriation to a different item of appropriation. For the purposes of this section, "item of appropriation" means the spending authority identified by an organization code, appropriation source, and program code, unique to the item. If the director consents to the transfer, the amount transferred shall be credited by the director to the designated item of appropriation and notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer. However, the director, after consenting thereto, shall submit the following transfer requests to the Legislative Budget and Finance Officer for legislative approval or disapproval unless otherwise provided in this act:

   (1) Requests for the transfer of State and other nonfederal funds, in amounts greater than $300,000, to or from any item of appropriation;

   (2) Requests for the transfer of State and other nonfederal funds, in amounts greater than $50,000, to or from any Special Purpose account, as defined by major object 5, or Grant account, as defined by major object 6, within an item of appropriation, from or to a different item of appropriation;

   (3) Requests for the transfer of State and other nonfederal funds, in amounts greater than $50,000, to or from any Special Purpose or Grant account in which the identifying organization code, appropriation source, and program code, remain the same, provided that the transfer would effect a change in the legislative intent of the appropriations;

   (4) Requests for the transfer of State funds, in amounts greater than $50,000, between items of appropriation in different departments or between items of appropriation in different appropriation classifications herein entitled as Direct State Services, Grants-In-Aid, State Aid, Capital Construction and Debt Service;

   (5) Requests for the transfer of federal funds, in amounts greater than $300,000, from one item of appropriation to another item of appropriation, if the amount of the transfer to an item in combination with the amount of the appropriation to that item would result in an amount in excess of the appropriation authority for that item, as defined by the program class;

   (6) Requests for such other transfers as are appropriate in order to ensure compliance with the legislative intent of this act.

b. The Joint Budget Oversight Committee or its successor may review all transfer requests submitted for legislative approval and may direct the Legislative Budget and Finance Officer to approve or disapprove any such transfer request. Transfers submitted for legislative approval pursuant to paragraph (4) of subsection a. of this section shall be made only if approved by the Legislative Budget and Finance Officer at the direction of the committee.
The Legislative Budget and Finance Officer shall approve or disapprove requests for the transfer of funds submitted for legislative approval within 10 working days of the physical receipt thereof and shall return them to the director. If any provision of this act or any supplement thereto requires the Legislative Budget and Finance Officer to approve or disapprove requests for the transfer of funds, the request shall be deemed to be approved by the Legislative Budget and Finance Officer if, within 20 working days of the physical receipt of the request, he has not disapproved the request and so notified the requesting officer. However, this time period shall not pertain to any transfer request under review by the Joint Budget Oversight Committee or its successor, provided notice of such review has been given to the director.

d. No amount appropriated for any capital improvement shall be used for any temporary purpose except extraordinary snow removal or extraordinary transportation maintenance subject to the approval of the Director of the Division of Budget and Accounting. However, an amount from any appropriation for an item of capital improvement may be transferred to any other item of capital improvement subject to the approval of the director, and, if in an amount greater than $300,000, subject to the approval of the Legislative Budget and Finance Officer.

e. The provisions of subsections a through d. of this section shall not apply to appropriations made to the Legislative branch of State government. To permit flexibility in the handling of these appropriations, amounts may be transferred to and from the various items of appropriation by the appropriate officer or designee with notification given to the director on the effective date thereof.

f. Notwithstanding any provisions of this section to the contrary, transfers to and from the Special Purpose appropriation to the Governor for emergency or necessity under the State Contingency Fund and transfers from the appropriations to the various accounts in the category of Salary and Other Benefits, both in the Inter-Departmental Accounts, shall not be subject to legislative approval or disapproval.

22. The Director of the Division of Budget and Accounting shall make such correction of the title, text or account number of an appropriation necessary to make such appropriation available in accordance with legislative intent. Such correction shall be by written ruling, reciting in appropriate detail the facts thereof, and reasons therefor, attested by the signature of the Director of the Division of Budget and Accounting and filed in the Division of Budget and Accounting of the Department of the Treasury as an official record thereof, and any action thereunder, including disbursement and the audit thereof, shall be legally binding and of full force and virtue. An official copy of each such written ruling shall be transmitted to the Legislative Budget and Finance Officer, upon the effective date of the ruling.

23. The Legislative Budget and Finance Officer with the cooperation and assistance of the Director of the Division of Budget and Accounting is authorized to adjust this appropriations bill to reflect any reorganizations which have been implemented since the presentation of the Governor's Budget Recommendation Document dated January 25, 1999.
24. None of the funds appropriated to the Executive Branch of State government for Information Processing, Development, Telecommunications, and Related Services and Equipment shall be available to pay for any of these services or equipment without the review of the Office of Information Technology, compliance with Statewide policies and standards and an approved department Information Technology Strategic Plan; authorization and approval by the Office of Information Technology is required for expenditure of amounts in excess of $25,000, as shall be specified by Circular Letter.

25. If the sum provided in this act for a State aid payment pursuant to formula is insufficient to meet the full requirements of the formula, all recipients of State aid shall have their allocation proportionately reduced, subject to the approval of the Director of the Division of Budget and Accounting.

26. When the duties or responsibilities of any department or branch, except for the Legislature and any of its agencies, are transferred to any other department or branch, it shall be the duty of the Director of the Division of Budget and Accounting and the director is hereby empowered to transfer funds appropriated for the maintenance and operation of any such department or branch to such department or branch as shall be charged with the responsibility of administering the functions so transferred. The Director of the Division of Budget and Accounting shall have the authority to create such new accounts as may be necessary to carry out the intent of the transfer. Information copies of such transfers shall be transmitted to the Legislative Budget and Finance Officer upon the effective date thereof. If such transfers may be required among appropriations made to the Legislature and its agencies, the Legislative Budget and Finance Officer, subject to the approval of the President of the Senate and the Speaker of the General Assembly, is hereby empowered and it shall be that officer’s duty to effect such transactions hereinabove described and to notify the Director of the Division of Budget and Accounting upon the effective date thereof.

27. The Director of the Division of Budget and Accounting is empowered and it shall be the director’s duty in the disbursement of funds for payment of expenses classified as employee benefits, debt service, rent, telephone, motor pool, insurance, postage, lease payments on equipment purchases and compensation awards to credit or transfer to the Department of the Treasury, to an Inter-Departmental account, or to the General Fund, as applicable, from any other department, branch or non-State fund source out of funds appropriated thereto, such sums as may be required to cover the costs of such payment attributable to such other department, branch or non-State fund source as the director shall determine. Receipts in any non-State funds are appropriated for the purpose of such transfer.

28. The Governor is empowered to direct the State Treasurer to transfer from any State department to any other State department such sums as may be necessary for the cost of any emergency occasioned by aggression, civil disturbance, sabotage, disaster, or for flood loss expenses for State owned structures to comply with Federal Insurance Administration requirements.
29. Upon request of any department receiving non-State funds, the Director of the Division of Budget and Accounting is empowered to transfer such funds from that department to other departments as may be charged with the responsibility for the expenditure thereof.

30. The Director of the Division of Budget and Accounting is empowered to transfer or credit appropriations to any State agency for services provided, or to be provided, by that agency to any other agency or department; provided further, however, that funds have been appropriated or allocated to such agency or department for the purpose of purchasing these services.

31. Notwithstanding any law to the contrary, should appropriations in the Property Tax Relief Fund exceed available revenues, the Director of the Division of Budget and Accounting is authorized to transfer General Fund unreserved, undesignated fund balances into the Property Tax Relief Fund, providing unreserved, undesignated fund balances are available from the General Fund, as determined by the Director of the Division of Budget and Accounting.

32. Notwithstanding any law to the contrary, should appropriations in the Casino Revenue Fund exceed available revenues, the Director of the Division of Budget and Accounting is authorized to transfer General Fund unreserved, undesignated fund balances into the Casino Revenue Fund, providing unreserved, undesignated fund balances are available from the General Fund, as determined by the Director of the Division of Budget and Accounting.

33. All funds representing recoveries under the Set Off of Individual Liabilities (SOIL) program are lapsed, subject to the approval of the Director of the Division of Budget and Accounting.

34. Notwithstanding the provisions of P.L.1983, c.303 (C.52:27H-60 et seq.), each of the municipalities in which an enterprise zone is designated whose separate account in the enterprise zone assistance fund was reduced in fiscal year 1995 shall be entitled to receive such additional sums, not to exceed 100% of the annual sales tax revenue collected by certified vendors in their individual zones, to be distributed in a cumulative amount not to exceed: Elizabeth ($3,300,000), Jersey City ($3,870,000), Kearny ($780,000), Orange ($285,000), subject to the approval of the Director of the Division of Budget and Accounting.

35. No funds shall be expended by any State Department in the Executive Branch in connection with a contract for the production of films, videotapes, video conferences, video-assisted training or multi-media projects that include video images unless the New Jersey Public Broadcasting Authority (PBA) has the opportunity to match any successful bid as part of any formal or informal contract award process. This is not a requirement to award a contract to PBA since the decision to award a contract may also be based on non-cost considerations.
36. Notwithstanding the provisions of P.L.1954, c.48 (C.52:34-6 et seq.), sums appropriated for services for the various State departments and agencies may be expended for the purchase of contract services from the New Jersey Marine Sciences Consortium as if it were a State government agency pursuant to subsection (a) of section 5 of P.L.1954, c.48 (C.52:34-10).

37. Out of the appropriations herein, the Director of the Division of Budget and Accounting is empowered to approve payments to liquidate any unrecorded liabilities for materials delivered or services rendered in prior fiscal years, upon the written recommendation of any department head, or the department head's designated representative. The Director of the Division of Budget and Accounting shall reject any recommendations for payment which the director deems improper.

38. Whenever any county, municipality, or school district entitled to receive State aid from appropriations made herein withholding funds from State agencies entitled to payment for services, the Director of the Division of Budget and Accounting is authorized to withhold State aid payments to such county, municipality, or school district and transfer the same as payment for funds so withheld.

39. The Director of the Division of Budget and Accounting is empowered to establish revolving and dedicated funds as required. Notice of the establishment of such funds shall be transmitted to the Legislative Budget and Finance Officer, upon the effective date thereof.

40. The Director of the Division of Budget and Accounting may, upon application therefor, allot from appropriations made to any official, department, commission or board, a sum to establish a petty cash fund for the payment of expenses under rules and regulations established by the director. Allotments thus made by the Director of the Division of Budget and Accounting shall be paid to such person as shall be designated as the custodian thereof by the official, department, commission or board making a request therefor, and the money thus allotted shall be disbursed by such custodian who shall require a receipt therefor from all persons obtaining money from the fund. The director shall make regulations governing disbursement from petty cash funds.

41. From appropriations to the various departments of State government, the Director of the Division of Budget and Accounting is empowered to transfer sums sufficient to pay any obligation due and owing in any other department or agency.

42. Notwithstanding the provision of any other law, the State Treasurer may transfer from any fund in the State Treasurer’s custody, deposited with the State Treasurer pursuant to law, sufficient sums to enable payments from any appropriation made herein for any obligations due and owing. Any such transfer shall be restored out of the taxes or other revenue received in the Treasury in support of this act. Except for transfers from the several funds established pursuant to statutes that provide for interest earnings to accrue to those funds, all such transfers shall be without interest. If the statute provides for interest earnings, it shall be calculated at
the average rate of earnings during the fiscal year from the State’s general investments.

43. Any qualifying State aid appropriation, or part thereof, made from the General Fund may be transferred and recorded as an appropriation from the Property Tax Relief Fund, as deemed necessary by the State Treasurer, in order that the Director of the Division of Budget and Accounting may warrant the necessary payments; provided however, that the available unreserved, undesignated fund balance in the Property Tax Relief Fund, as determined by the State Treasurer, is sufficient to support the expenditure.

44. The Director of the Division of Budget and Accounting may settle any claim not exceeding $2,000 due and owing to the State.

45. Notwithstanding any other provisions of this act, the State Treasurer, upon warrant of the Director of the Division of Budget and Accounting, shall pay any claim not exceeding $4,000 out of any appropriations made to the several departments, provided such claim is recommended for payment by the head of such department. The Legislative Budget and Finance Officer shall be notified of the amount and description of any such claim at the time such payment is made. Any claimant who has presented a claim not exceeding $4,000, which has been denied or not recommended by the head of such department, shall be precluded from presenting said claim to the Legislature for consideration.

46. Unless otherwise provided, federal grant and project receipts representing reimbursement for agency and central support services, indirect and administrative costs, as determined by the Director of the Division of Budget and Accounting, shall be transmitted to the Department of the Treasury for credit to the General Fund; provided however, that a portion of the indirect and administrative cost recoveries received which are in excess of the amount anticipated may be reclassified into a dedicated account and returned to State departments and agencies, as determined by the Director of the Division of Budget and Accounting, who shall notify the Legislative Budget and Finance Officer of the amount of such funds returned, the departments or agencies receiving such funds and the purpose for which such funds will be used, within 10 working days of any such transaction. Such receipts shall be forwarded to the Director of the Division of Budget and Accounting upon completion of the project or at the end of the fiscal year, whichever occurs earlier.

47. Notwithstanding any other law to the contrary, each local school district which participates in the Special Education Medicaid Initiative including the new Early and Periodic Screening, Diagnosis and Treatment (EPSDT) initiative, shall receive a percentage of the federal revenue that the district’s participation yields for the current year claims. The percentage share for local school districts shall be 15% of the first $53,000,000 of federal reimbursements realized. After federal reimbursements are realized in excess of $53,000,000, local school districts shall receive a percentage of such revenue based on the level of participation they achieve. Each district’s reimbursement percentage shall be calculated as the product
of its special education enrollment multiplied by the percentage of its enrolled pupils eligible for the federal free lunch program. Districts with a participation rate of 80% or more shall receive 85% of its share of federal revenues in excess of $53,000,000 in recognition of their successful efforts to maximize participation. Each district with a participation rate of 60% to 79% shall receive 50% of its share of federal revenues in excess of $53,000,000. Each district with a participation rate of less than 60% shall receive 15% of its share of federal revenues in excess of $53,000,000.

48. Notwithstanding the provisions of P.L.1943, c.188 (C.52:14-17.1 et seq.), the rate of reimbursement for mileage allowed for employees traveling by personal automobile on official business shall be $.25 per mile.

49. State agencies shall prepare and submit a copy of their agency or departmental budget requests for Fiscal Year 2001 by October 1, 1999 to the Director of the Division of Budget and Accounting and a copy of their spending plans involving all State, federal and other non-State funds to the Director of the Division of Budget and Accounting and the Legislative Budget and Finance Officer by November 1, 1999, and updated spending plans on February 1, and May 1, 2000. The spending plans shall account for any changes in departmental spending which differ from this appropriation act and all supplements to this act. The spending plans shall be submitted on forms specified by the Director of the Division of Budget and Accounting.

50. The Director of the Division of Budget and Accounting shall provide the Legislative Budget and Finance Officer with copies of all BB-4s, Application for Non-State funds, and accompanying project proposals or grant applications, which require a State match and that may commit or require State support after the grant’s expiration.

51. In order to provide effective cash flow management for revenues and expenditures of the General Fund and the Property Tax Relief Fund in the implementation of the fiscal year 2000 annual appropriations act, there are appropriated from the General Fund such sums as may be required to pay the principal of and interest on tax and revenue anticipation notes including notes in the form of commercial paper (hereinafter collectively referred to as short-term notes), together with any costs or obligations relating to the issuance thereof or contracts related thereto, according to the terms set forth herein. Provided further that, to the extent that short-term notes are issued for cash flow management purposes in connection with the Property Tax Relief Fund, there are appropriated from the Property Tax Relief Fund such sums as may be required to pay the principal of those short-term notes.

52. The State Treasurer is authorized to issue short-term notes, which notes shall not constitute a general obligation of the State or a debt or a liability within the meaning of the State Constitution, and the State Treasurer is authorized to pay any costs or obligations relating to the issuance of such short-term notes or contracts
relating thereto. Such short-term notes shall be issued in such amounts and at such
times as the State Treasurer shall deem necessary for the above stated purposes and
for the payment of related costs, and on such terms and conditions, sold in such
manner and at such prices, bearing interest at such fixed or variable rate or rates,
renewable at such time or times, and entitled to such security, and using such paying
agents as shall be determined by the State Treasurer. The State Treasurer is
authorized to enter into such contracts and to take such other actions, all as
determined by the State Treasurer to be appropriate to carry out the above cash flow
management purposes. The State Treasurer shall give consideration to New
Jersey-based vendors in entering into such contracts. Whenever the State Treasurer
issues such short-term notes, the State Treasurer shall report on each such issuance
to the Chairman of the Senate Budget and Appropriations Committee and the
Chairman of the Assembly Appropriations Committee.

53. There is hereby created and established in the Department of the Treasury
a separate non-lapsing fund, to be known as the "Tobacco Settlement Fund," to be
deposited in such depositories as the State Treasurer may select. The Tobacco
Settlement Fund shall be maintained as a separate account and shall consist of all
payments made by the tobacco manufacturers pursuant to the settlement agreement
entered into by the tobacco manufacturers and the State on November 23, 1998 that
resolved the State’s pending claims against the tobacco industry and all other
moneys credited or transferred thereto from any other fund or source pursuant to
law. The following appropriations in various departments shall be charged to the
Tobacco Settlement Fund and shall be excluded when calculating compliance with
Tobacco settlement funds received in excess of $92,808,000 shall be excluded when
calculating deposits to the Surplus Revenue Fund, section 1 of P.L.1990, c.44 (C.52:9H-14):

CHAPTER 139

AN ACT concerning the State Parole Board and amending P.L.1979, c.441.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 3 of P.L.1979, c.441 (C.30:4-123.47) is amended to read as follows:

C.30:4-123.47 State parole board.

3. a. There is hereby created and established within the Department of Corrections a State Parole Board which shall consist of a chairman, 10 associate members and one alternate board member. The chairman, associate members and alternate board member shall be appointed by the Governor with the advice and consent of the Senate from qualified persons with training or experience in law, sociology, criminal justice, juvenile justice or related branches of the social sciences. Members of the board and the alternate board member shall be appointed for terms of six years and the terms of their successors shall be calculated from the expiration of the
incumbent's term. Members shall serve until their successors are appointed and have qualified.

The Governor shall designate a vice-chairman from among the associate members. The vice-chairman shall assume the duties of the chairman when the chairman is absent or otherwise incapable of performing his duties, or, in the case of removal or a permanent incapacity, until the qualification of a successor chairman appointed by the Governor.

The alternate board member may assume the duties of an associate member when the associate member is absent or otherwise unable to perform his duties or assumes the duties of the chairman, and shall perform those duties only until the associate resumes his duties, or, in the case of removal or a permanent incapacity, the qualification of a successor appointed by the Governor.

b. Any vacancy occurring in the membership of the board, otherwise than by expiration of term, shall be filled in the same manner as one occurring by expiration of term, but for the unexpired term only. In the event that any member of the board shall be rendered incapable of performing his duties and the alternate board member is incapable of performing that associate's duties, either because the alternate board member has assumed the duties of another associate or is otherwise rendered incapable of performing the associate's duties, the Governor shall appoint a qualified person to act in his stead during the period of his incapacity. Any member of the board, including the alternate board member, may be removed from office by the Governor for cause.

c. The members of the board shall devote their full time to the performance of their duties and be compensated pursuant to section 2 of P.L.1974, c.55 (C.52:14-15.108). The alternate member shall be entitled to compensation. The amount of such compensation shall be determined by multiplying the rate an associate member would be paid on a per diem basis times the number of days the alternate board member actually performed the duties of an associate member in accordance with the provisions of this section.

d. At the time of appointment, the Governor shall designate two associate members of the board to serve on a panel on juvenile commitments. The remaining eight associate members of the board shall be appointed by the Governor to panels on adult sentences. The chairman of the board shall assign six of the associate members so appointed to three panels on prison sentences, and the remaining two associate members so appointed to a panel on young adult sentences. The chairman of the board shall be a member of each panel. Nothing provided herein shall prohibit the chairman from reassigning any member appointed to a panel on adult sentences to facilitate the efficient function of the board. Nothing provided herein shall prohibit the chairman from temporarily reassigning any member appointed to a panel
on juvenile commitments to a panel on adult sentences either as a member of a panel on prison sentences or a panel on young adult sentences to facilitate the efficient function of the board. The alternate board member may assume, in accordance with the provisions of this section, the duties of any associate member, regardless of whether that associate member serves on a panel on juvenile commitments or panels on adult sentences either as a member of a panel on prison sentences or a panel on young adult sentences.

2. This act shall take effect immediately.

Approved June 28, 1999.

CHAPTER 140

AN ACT clarifying the corporation business tax surrendered tax benefit certificate transfer program for new or expanding emerging technology and biotechnology companies in this State, amending and supplementing P.L.1997, c.334.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.34:1B-7.42b Definitions relative to certain corporation tax benefits program.

1. As used in P.L.1997, c.334 (C.34:1B-7.42a et al.):
   "Authority" means the New Jersey Economic Development Authority established pursuant to section 4 of P.L. 1974, c.80 (C.34:1B-4);
   "Biotechnology" means the continually expanding body of fundamental knowledge about the functioning of biological systems from the macro level to the molecular and sub-atomic levels, as well as novel products, services, technologies and sub-technologies developed as a result of insights gained from research advances that add to that body of fundamental knowledge;
   "Biotechnology company" means an emerging corporation that has its headquarters or base of operations in this State and that is engaged in the research, development, production, or provision of biotechnology for the purpose of developing or providing products or processes for specific commercial or public purposes, including but not limited to, medical, pharmaceutical, nutritional, and other health-related purposes, agricultural purposes, and environmental purposes, or a person whose headquarters or base of operations is located in this State, engaged in providing services or products necessary for such research, development, production, or provision;
"New or expanding" means a technology or biotechnology company that has fewer than 225 employees, of whom 75% are New Jersey-based employees filling a position or job in this State; and

"Technology company" means an emerging corporation that has its headquarters or base of operations in this State and that employs some combination of the following: highly educated or trained managers and workers, or both, employed in this State who use sophisticated scientific research service or production equipment, processes or knowledge to discover, develop, test, transfer or manufacture a product or service.

2. Section 1 of P.L.1997, c.334 (C.34:1B-7.42a) is amended to read as follows:

C.34:1B-7.42a Corporation business tax benefit certificate transfer program.

1. a. The New Jersey Economic Development Authority shall establish within the New Jersey Emerging Technology and Biotechnology Financial Assistance Program established pursuant to P.L.1995, c.137 (C.34:1B-7.37 et seq.), a corporation business tax benefit certificate transfer program to allow new or expanding emerging technology and biotechnology companies in this State with unused amounts of research and development tax credits otherwise allowable which cannot be applied for the credit's tax year due to the limitations of subsection b. of section 1 of P.L.1993, c.175 (C.54:10A-5.24) and unused net operating loss carryover pursuant to subparagraph (B) of paragraph (6) of subsection (k) of section 4 of P.L.1945, c.162 (C.54:10A-4), to surrender those tax benefits for use by other corporation business taxpayers in this State, provided that the taxpayer receiving the surrendered tax benefits is not affiliated with a corporation that is surrendering its tax benefits under the program established under P.L.1997, c.334. For the purposes of this section, the test of affiliation is whether the same entity directly or indirectly owns or controls 5% or more of the voting rights or 5% or more of the value of all classes of stock of both the taxpayer receiving the benefits and a corporation that is surrendering the benefits. The tax benefits may be used on the corporation business tax returns to be filed by those taxpayers in exchange for private financial assistance to be provided by the corporation business taxpayer that is the recipient of the corporation business tax benefit certificate to assist in the funding of costs incurred by the new or expanding emerging technology and biotechnology company.

b. The authority, in cooperation with the Division of Taxation in the Department of the Treasury, shall review and approve applications by new or expanding emerging technology and biotechnology companies in this State with unused but otherwise allowable carryover of research and
development tax credits pursuant to section 1 of P.L.1993, c.175 (C.54:10A-5.24), and unused but otherwise allowable net operating loss carryover pursuant to paragraph (6) of subsection (k) of section 4 of P.L.1945, c.162 (C.54:10A-4), to surrender those tax benefits in exchange for private financial assistance to be made by the corporation business taxpayer that is the recipient of the corporation business tax benefit certificate in an amount equal to at least 75% of the amount of the surrendered tax benefit. Provided that the amount of the surrendered tax benefit for a surrendered research and development tax credit carryover is the amount of the credit, and provided that the amount of the surrendered tax benefit for a surrendered net operating loss carryover is the amount of the loss multiplied by the new or expanding emerging technology or biotechnology company’s anticipated allocation factor, as determined pursuant to section 6 of P.L.1945, c.162 (C.54:10A-6) for the tax year in which the benefit is transferred and subsequently multiplied by the corporation business tax rate provided pursuant to subsection (c) of section 5 of P.L.1945, c.162 (C.54:10A-5). The authority shall be authorized to approve the transfer of no more than $50,000,000 of tax benefits over State fiscal year 2000 and $40,000,000 of tax benefits over each State fiscal year thereafter. If the total amount of transferable tax benefits requested to be surrendered by approved applicants exceeds $50,000,000 for State fiscal year 2000 or $40,000,000 for each State fiscal year thereafter, the authority, in cooperation with the Division of Taxation in the Department of the Treasury, shall not be authorized to approve the transfer of more than $50,000,000 for State fiscal year 2000 or more than $40,000,000 for each State fiscal year thereafter and shall allocate the transfer of tax benefits by approved companies using the following method:

(1) an eligible applicant with $250,000 or less of transferable tax benefits shall be authorized to surrender the entire amount of its transferable tax benefits;

(2) an eligible applicant with more than $250,000 of transferable tax benefits shall be authorized to surrender a minimum of $250,000 of its transferable tax benefits;

(3) an eligible applicant with more than $250,000 of transferable tax benefits that was approved to surrender tax benefits in the prior fiscal year shall be authorized to surrender a minimum of 50% of the transferable tax benefits surrendered in the prior fiscal year or $250,000 whichever is greater, provided that the amount of transferable tax benefits authorized shall not exceed the applicant’s transferable tax benefits for the current fiscal year;

(4) an eligible applicant with more than $250,000 shall also be authorized to surrender additional transferable tax benefits determined by multiplying the applicant’s transferable tax benefits less the minimum
transferable tax benefits that company is authorized to surrender under paragraph (2) or (3) of this subsection by a fraction, the numerator of which is the total amount of transferable tax benefits that the authority is authorized to approve less the total amount of transferable tax benefit approved under paragraphs (1), (2) and (3) of this subsection and the denominator of which is the total amount of transferable tax benefits requested to be surrendered by all eligible applicants less the total amount of transferable tax benefits approved under paragraphs (1), (2) and (3) of this subsection.

If the total amount of transferable tax benefits that would be authorized using the above method exceeds $50,000,000 for State fiscal year 2000 or $40,000,000 for each State fiscal year thereafter, then the authority, in cooperation with the Division of Taxation in the Department of the Treasury, shall limit the total amount of tax benefits authorized to be transferred to $50,000,000 for State fiscal year 2000 or $40,000,000 for each State fiscal year thereafter by applying the above method on an apportioned basis.

For purposes of this section transferable tax benefits include an eligible applicant's unused but otherwise allowable carryover of net operating losses multiplied by the applicant's anticipated allocation factor as determined pursuant to section 6 of P.L. 1945, c.162 (C.54:10A-6) for the tax year in which the benefit is transferred and subsequently multiplied by the corporation business tax rate as provided in subsection (c) of section 5 of P.L.1945, c.162 (C.54:10A-5) plus the total amount of the applicant's unused but otherwise allowable carryover of research and development tax credits. An eligible applicant's transferable tax benefits shall be limited to net operating losses and research and development tax credits that the applicant requests to surrender in its application to the authority and shall not, in total, exceed the maximum amount of tax benefits that the applicant is eligible to surrender.

The maximum lifetime value of surrendered tax benefits that a corporation shall be permitted to surrender pursuant to the program is $10,000,000. Applications must be received within 30 days from enactment of P.L. 1999, c.140 (C.34:1B-7.42b et al.) for State fiscal year 2000 and on or before June 30 for each subsequent State fiscal year.

The private financial assistance shall be used to fund expenses incurred in connection with the operation of the new or expanding emerging technology or biotechnology company in the State, including but not limited to the expenses of fixed assets, such as the construction and acquisition and development of real estate, materials, start-up, tenant fit-out, working capital, salaries, research and development expenditures and any other expenses determined by the authority to be necessary to carry out the
purposes of the New Jersey Emerging Technology and Biotechnology Financial Assistance Program.

c. The authority, in cooperation with the Division of Taxation in the Department of the Treasury, shall review and approve applications by taxpayers under the Corporation Business Tax Act (1945), P.L. 1945, c. 162 (C. 54: 10A-1 et seq.), to acquire surrendered tax benefits approved pursuant to subsection b. of this section which shall be issued in the form of corporation business tax benefit transfer certificates, in exchange for private financial assistance to be made by the taxpayer in an amount equal to at least 75% of the amount of the surrendered tax benefit of an emerging technology or biotechnology company in the State. The private financial assistance shall assist in funding expenses incurred in connection with the operation of the new or expanding emerging technology or biotechnology company in the State, including but not limited to the expenses of fixed assets, such as the construction and acquisition and development of real estate, materials, start-up, tenant fit-out, working capital, salaries, research and development expenditures and any other expenses determined by the authority to be necessary to carry out the purposes of the New Jersey Emerging Technology and Biotechnology Financial Assistance Program.

d. The authority shall coordinate the applications for surrender and acquisition of unused but otherwise allowable tax benefits pursuant to this section in a manner that can best stimulate and encourage the extension of private financial assistance to new and expanding emerging technology and biotechnology companies in this State. The applications shall be submitted and the authority shall approve or disapprove the applications.

The authority shall, in consultation with the New Jersey Commerce and Economic Growth Commission, the New Jersey Commission on Science and Technology and any institution of higher education in New Jersey, develop criteria for the approval or disapproval of applications. Such criteria shall include, but need not be limited to, an evaluation of the new or expanding emerging technology or biotechnology company's actual or potential scientific and technological viability, a determination that the new or expanding emerging technology or biotechnology company's principal products or services are sufficiently innovative to provide a competitive advantage, a determination that the proposed financial assistance will result in significant growth in permanent, full-time employment in the State, a determination made by the authority that the new or expanding emerging technology or biotechnology company does not have sufficient resources to operate in the short term or cannot secure financial assistance from venture capital, stock issuance, product sales revenue, a parent corporation or other affiliates, bank or any other method of obtaining capital, and a determination that the financial assistance provided pursuant to this act demonstrates
the prospect of a significant positive change in the applicant's net income. The authority shall establish the weight of importance to be given each criterion utilized in its application approval process. No application shall be approved in which the new or expanding technology or biotechnology company (1) has demonstrated positive net income in any of the two previous full years of ongoing operations as determined on its financial statements; or (2) has demonstrated a ratio in excess of 110% or greater of operating revenues divided by operating expenses in any of the two previous full years of operations as determined on its financial statements; or (3) is directly or indirectly at least 50% owned or controlled by another corporation that has demonstrated positive net income in any of the two previous full years of ongoing operations as determined on its financial statements or is part of a consolidated group of affiliated corporations, as filed for federal income tax purposes, that in the aggregate has demonstrated positive net income in any of the two previous full years of ongoing operations as determined on its combined financial statements.

Once an application has been approved, the applicant shall be permitted to surrender, subject to the limitations set forth in subsection b. of this section and the net operating loss carryover and research and development tax credit carryover time periods pursuant to subparagraph (B) of paragraph (6) of subsection (k) of section 4 of P.L.1945, c.162 (C.54:10A-4) and subsection b. of section 1 of P.L.1993, c.175 (C.54:10A-5.24), the surrendered tax benefits that are requested in the application regardless of whether the applicant continues to meet the eligibility criteria set forth in the act in subsequent years.

The authority shall require a corporation business taxpayer that acquires a corporation business tax benefit certificate to enter into a written agreement with the new or expanding emerging technology or biotechnology company concerning the terms and conditions of the private financial assistance made in exchange for the certificate. The written agreement may contain terms concerning the maintenance by the new or expanding emerging technology or biotechnology company of a headquarters or a base of operation in this State.

3. Section 2 of P.L.1997, c.334 (C.54:10A-4.2) is amended to read as follows:

C.54:10A-4.2 Attachment of certificate to return for net operating loss carryover.

2. a. Notwithstanding the provisions of paragraph (6) of subsection (k) of section 4 of P.L.1945, c.162 (C.54:10A-4) to the contrary, a taxpayer that has acquired a corporation business tax benefit certificate pursuant to the provisions of section 1 of P.L.1997, c.334 (C.34:1B-7.42a), that includes the
right to a net operating loss carryover deduction shall attach that certificate to any return the taxpayer is required to file under P.L.1945, c.162 (C.54:10A-1 et seq.), and shall determine the amount of its net operating loss carryover deduction by multiplying the surrendered net operating loss by the new or expanding emerging technology or biotechnology company’s anticipated allocation factor determined pursuant to subsection b. of section 1 of P.L.1997, c.334 (C.34:1B-7.42a) and subsequently dividing the amount by the taxpayer’s allocation factor determined pursuant to section 6 of P.L.1945, c.162 (C.54:10A-6) for the tax year in which the surrendered tax benefit is used. The taxpayer shall otherwise apply the net operating loss carryover deduction as evidenced by the certificate according to the provisions of subsection (k) of section 4 of P.L.1945, c.162 and any rules or regulations the director may adopt to carry out the provisions of this section.

b. A new or expanding emerging technology or biotechnology company that has surrendered an unused net operating loss carryover pursuant to the provisions of section 1 of P.L.1997, c.334 (C.34:1B-7.42a), shall not be allowed a net operating loss carryover deduction based upon the right to such a deduction as evidenced by the corporation business tax benefit certificate and shall attach a copy of the certificate to any return the taxpayer is required to file under P.L.1945, c.162 (C.54:10A-1 et seq.).

4. Notwithstanding any provision of P.L.1968, c.410 (C.52:14B-1 et seq.) to the contrary, the New Jersey Economic Development Authority and the Division of Taxation in the Department of the Treasury may adopt, immediately upon filing with the Office of Administrative Law, such regulations as the authority or division respectively deems necessary for it to implement the provisions of P.L.1999, c.140 (C.34:1B-7.42b et al.), which regulations shall be effective for a period not to exceed 180 days from the date of the filing. Such regulations may thereafter be amended, adopted or readopted by the authority or the division as the authority or division deems necessary in accordance with the requirements of P.L.1968, c.410.

5. This act shall take effect immediately and apply to tax years beginning on and after January 1, 1999.

AN ACT concerning parental notification for abortion, amending and supplementing P.L.1965, c.217.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 1 of P.L.1965, c.217 (C.9:17A-1) is amended to read as follows:

C.9:17A-1 Consent by minor to medical, surgical care.

1. The consent to the performance of medical or surgical care and procedure by a hospital or by a physician licensed to practice medicine and surgery executed by a married person who is a minor, or by a pregnant woman who is a minor, on his or her behalf or on behalf of any of his or her children, shall be valid and binding, and, for such purposes, a married person who is a minor or a pregnant woman who is a minor shall be deemed to have the same legal capacity to act and shall have the same powers and obligations as has a person of legal age. Notwithstanding any other provision of the law, an unmarried, pregnant minor may give consent to the furnishing of hospital, medical and surgical care related to her pregnancy or her child, although prior notification of a parent may be required pursuant to P.L. 1999, c.145 (C.9:17A-1.1 et al.) and such consent shall not be subject to disaffirmance because of minority. The consent of the parent or parents of an unmarried, pregnant minor shall not be necessary in order to authorize hospital, medical and surgical care related to her pregnancy or her child.

C.9:17A-1.1 Short title.

2. Sections 2 through 13 of this act shall be known and may be cited as the "Parental Notification for Abortion Act."

C.9:17A-1.2 Findings relative to parental notification for abortion.

3. The Legislature finds that there exist compelling and important State interests in protecting minors against their own immaturity, in fostering the family structure and preserving it as a viable social unit, and in protecting the rights of parents to rear their children.

The Legislature further finds that minors often lack the ability to make fully informed choices that take into account both immediate and long-range consequences of their actions; that the medical, emotional, and psychological consequences of abortion are serious and of indeterminate duration, particularly when the patient is a minor; that parents ordinarily possess information essential to a physician's exercise of his best medical judgment
concerning their child; and that parents who are aware that their minor daughter has had an abortion may better insure that the minor receives adequate medical attention after her abortion. The Legislature further finds that parental consultation regarding abortion is desirable and in the best interests of the minor.

It is, therefore, the intent of the Legislature to further the interests stated above by enacting this parental notice provision.

C.9:17A-1.3 Definitions relative to parental notification for abortion.

4. As used in this act:

"Abortion" means the use of any means to terminate the pregnancy of a female known to be pregnant with knowledge that the termination with those means will, with reasonable likelihood, cause the death of the fetus.

"Medical emergency" means a condition which, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of a pregnant unemancipated minor as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create serious risk of substantial and irreversible impairment of a major bodily function.

"Parent" means a parent with care and control of the unemancipated minor, unless the parent has no custodial rights; or if there is no parent with care and control, then the foster parent or the guardian of the unemancipated minor; or a person standing in loco parentis to the unemancipated minor.

"Person standing in loco parentis" means (1) that the biological or adoptive parent consented to and fostered, the person's formation and establishment of a parent-like relationship with the minor; (2) that the person and the minor live together in the same household; (3) that the person assumed obligations of parenthood by taking significant responsibility for the minor's care, education and development, including contributing towards the minor's support, without expectation of financial compensation; and (4) that the person has been in a parental role for a length of time sufficient to have established with the minor a bonded, dependent relationship parental in nature.

"Unemancipated minor" means a female under the age of 18 years who is unmarried and is not currently serving active duty in one of the military services of the United States of America or a female for whom a guardian has been appointed pursuant to N.J.S.3B:12-25 because of a finding of incompetency. For the purposes of this act, pregnancy does not emancipate a female under the age of 18 years.

C.9:17A-1.4 Written notice of pending operation.

5. a. Notwithstanding any other provision of law to the contrary, an abortion shall not be performed upon an unemancipated minor until at least
48 hours after written notice of the pending operation has been delivered in the manner specified in this act.

b. The notice shall be addressed to the parent at the parent's last known address and delivered personally to the parent by the physician.

c. In lieu of the personal delivery required in subsection b. of this section, notice may be made by certified mail addressed to the parent at the parent's last known address with return receipt requested and restricted delivery to the addressee, which means a postal employee may only deliver the mail to the authorized addressee. At the same time that notice is mailed by certified mail, it shall also be sent by first class mail to the parent at the parent's last known address. The 48-hour period for notice sent under the provisions of this subsection shall begin at noon on the next day on which regular mail delivery takes place following the day on which the mailings are posted.

C.9:17A-1.5 Notice not required if parent already notified.

6. Notice of a pending abortion shall not be required under this act if the parent who is entitled to notice has set forth in a notarized writing that notice was received.

C.9:17A-1.6 Notice not required if abortion due to medical emergency.

7. Notice of a pending abortion shall not be required under this act if the attending physician certifies in the unemancipated minor's medical records that the abortion is necessary due to a medical emergency.

C.9:17A-1.7 Waiver of parental notification by court proceedings.

8. a. A minor may, by petition or motion, seek a waiver of parental notification from a judge of the Superior Court. The petition or motion shall include a statement that the minor is pregnant and is not emancipated.

b. The minor may participate in proceedings in the court on her own behalf, and the court may appoint a guardian ad litem for her. The court shall, however, advise her that she has a right to court appointed counsel, and shall, upon her request, provide her with such counsel.

c. Proceedings in the court under this section shall be confidential and insure the anonymity of the minor and shall be given such precedence over other pending matters so that the court may reach a decision promptly and without delay so as to serve the best interests of the minor. A judge of the Superior Court who conducts proceedings under this section shall make written factual findings and legal conclusions within 48 hours of the time that the petition or motion is filed unless the time is extended at the request of the unemancipated minor. If the court fails to rule within 48 hours and the time is not extended, the petition is granted and the notice requirement shall be waived. The judge shall order a record of the evidence to be
maintained including the judge's written factual findings and legal conclusions supporting the decision.

d. (1) If the judge finds, by clear and convincing evidence, that the unemancipated minor is sufficiently mature to decide whether to have an abortion, the judge shall authorize a waiver of notification.

(2) If the judge finds, by clear and convincing evidence, that there is evidence of a pattern of physical, sexual or emotional abuse of the minor by the parent, guardian or legal custodian, the judge shall authorize a waiver of notification. Notice of a determination made under this paragraph shall be made to the Division of Youth and Family Services.

(3) If the judge finds, by clear and convincing evidence, that the notification of the parent is not in the best interests of the minor, the judge shall authorize a waiver of notification.

e. If the judge does not make a finding specified in subsection d. of this section, the judge shall dismiss the petition or motion and notice shall be given as provided for in section 5 of this act.

f. An expedited confidential appeal shall be available to a minor for whom the court denies an order waiving notification. No filing fees shall be required of any minor at either the trial or the appellate level. Access to the trial court for the purposes of such a petition or motion, and access to the appellate courts for purposes of making an appeal from denial of the same, shall be afforded such a minor on an emergent basis in accordance with the Rules of Court.

C.9:17A-1.8 Fact sheet for distribution to unemancipated pregnant minors.

9. The Department of Health and Senior Services shall prepare a fact sheet for distribution to unemancipated pregnant minors who are seeking abortion services.

a. The fact sheet shall be written in terms generally understood by a teenager and shall explain the parental notification requirements of this act, including, but not limited to:

(1) that a minor may, by petition or motion, seek a waiver of parental notification from a judge of the Superior Court;

(2) that a minor may participate in proceedings in the court on her own behalf, that the court may appoint a guardian ad litem for her and that the minor has a right to court appointed counsel, which shall be provided to her by the court upon her request; and

(3) the procedure established by the court for petitioning or making a motion before the court.

b. The department shall distribute the fact sheet, at no charge, to ambulatory care facilities and hospitals licensed pursuant to P.L.1971, c.136
c. The physician who is responsible for providing notification to an unemancipated minor's parent pursuant to this act, or his designee, shall provide the unemancipated minor with a copy of the fact sheet at the time the minor initially requests abortion services from the physician.

C.9:17A-1.9 Entitlement to benefits unaffected.

10. Nothing in this act shall be interpreted to deny a pregnant unemancipated minor who is under the age of 18 any benefits to which she would otherwise be entitled pursuant to law.

C.9:17A-1.10 Violation; penalty.

11. Any person who performs an abortion in violation of this act shall be subject to a civil penalty of not less than $1,000 and not more than $5,000 and shall be liable in a civil action by a parent wrongfully denied notification. A person shall not be liable under this act if the person establishes by written evidence that the person relied upon evidence sufficient to convince a careful and prudent person that the representations of the unemancipated minor regarding information necessary to comply with this section are bona fide and true, or if the person has attempted with reasonable diligence to deliver notice, but has been unable to do so.

C.9:17A-1.11 Rules, regulations.

12. The Commissioner of the Department of Health and Senior Services, in consultation with the Department of Law and Public Safety, shall promulgate rules and regulations pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), concerning procedures for physicians to follow in effectuating the notice required pursuant to the provisions of P.L.1999, c.145 (C.9:17A-1.1 et al.).

13. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the sections which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

14. This act shall take effect on the 90th day following enactment except for section 12 which shall take effect immediately.

Approved June 28, 1999.

CHAPTER 148

AN ACT concerning certain tobacco product manufacturers and supplementing Title 52 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.52:4D-1 Cigarette smoking, health, financial concerns to State; policy.

1. a. Cigarette smoking presents serious public health concerns to the State and to the citizens of the State. The Surgeon General has determined that smoking causes lung cancer, heart disease and other serious diseases, and that there are hundreds of thousands of tobacco-related deaths in the United States each year. These diseases most often do not appear until many years after the person in question begins smoking.

b. Cigarette smoking also presents serious financial concerns for the State. Under certain health care programs, the State may have a legal obligation to provide medical assistance to eligible persons for health conditions associated with cigarette smoking, and those persons may have a legal entitlement to receive such medical assistance.

c. Under these programs, the State pays millions of dollars each year to provide medical assistance for these persons for health conditions associated with cigarette smoking.

d. It is the policy of the State that financial burdens imposed on the State by cigarette smoking be borne by tobacco product manufacturers rather than by the State to the extent that such manufacturers either determine to enter into a settlement with the State or are found culpable by the courts.

e. On November 23, 1998, leading United States tobacco product manufacturers entered into a settlement agreement, entitled the "Master Settlement Agreement," with the State. The Master Settlement Agreement obligates these manufacturers, in return for a release of past, present and certain future claims against them as described therein, to: pay substantial sums to the State, tied in part to their volume of sales; fund a national foundation devoted to the interests of public health; and make substantial changes in their advertising and marketing practices and corporate culture, with the intention of reducing underage smoking.

f. It would be contrary to the policy of the State if tobacco product manufacturers who determine not to enter into such a settlement could use a resulting cost advantage to derive large, short-term profits in the years before liability may arise without ensuring that the State will have an eventual source of recovery from them if they are proven to have acted
culpably. It is thus in the interest of the State to require that such manufactur­ers establish a reserve fund to guarantee a source of compensation and to prevent such manufacturers from deriving large, short-term profits and then becoming judgment-proof before liability may arise.

C.52:40-2 Definitions relative to tobacco product manufacturers.
2. As used in this act:
   "Adjusted for inflation" means increased in accordance with the formula for inflation adjustment set forth in Exhibit C to the Master Settlement Agreement.
   "Affiliate" means a person who directly or indirectly owns or controls, is owned or controlled by, or is under common ownership or control with, another person. Solely for purposes of this definition, the term "owns," "is owned" and "ownership" mean ownership of an equity interest, or the equivalent thereof, of 10% or more, and the term "person" means an individual, partnership, committee, association, corporation or any other organization or group of persons.
   "Allocable share" means allocable share as that term is defined in the Master Settlement Agreement.
   "Cigarette" means any product that contains nicotine, is intended to be burned or heated under ordinary conditions of use, and consists of or contains:
      (1) any roll of tobacco wrapped in paper or in any substance not containing tobacco; or
      (2) tobacco, in any form, that is functional in the product, which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette; or
      (3) any roll of tobacco wrapped in any substance containing tobacco which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette described in paragraph (1) of this definition.
   The term "cigarette" includes "roll-your-own," which means any tobacco that, because of its appearance, type, packaging, or labeling is suitable for use and likely to be offered to, or purchased by, consumers for making cigarettes. For purposes of this definition of "cigarette," 0.09 ounces of "roll-your-own" tobacco shall constitute one individual "cigarette."
   "Master Settlement Agreement" means the settlement agreement, and related documents, entered into on November 23, 1998 by the State and leading United States tobacco product manufacturers.
   "Qualified escrow fund" means an escrow arrangement with a federally or State chartered financial institution having no affiliation with any tobacco product manufacturer and having assets of at least $1,000,000,000 where
such arrangement requires that such financial institution hold the escrowed funds' principal for the benefit of releasing parties and prohibits the tobacco product manufacturer placing the funds into escrow from using, accessing or directing the use of the funds' principal except as consistent with paragraph (2) of subsection b. of section 3 of this act.

"Released claims" means released claims as that term is defined in the Master Settlement Agreement.

"Releasing parties" means releasing parties as that term is defined in the Master Settlement Agreement.

"Tobacco Product Manufacturer" means an entity that after the date of enactment of this act directly, and not exclusively through any affiliate:

1. manufactures anywhere cigarettes that the manufacturer intends to be sold in the United States, including cigarettes intended to be sold in the United States through an importer; provided, however, that an entity that manufactures cigarettes that it intends to be sold in the United States shall not be considered to be a tobacco product manufacturer under this paragraph (1) if (a) such cigarettes are sold in the United States exclusively through an importer that is an original participating manufacturer, as that term is defined in the Master Settlement Agreement, that will be responsible for the payments under the Master Settlement Agreement with respect to such cigarettes as a result of the provisions of subsection II(mm) of the Master Settlement Agreement and that pays the taxes specified in subsection II(z) of the Master Settlement Agreement, and (b) the manufacturer of such cigarettes does not market or advertise such cigarettes in the United States;

2. is the first purchaser anywhere for resale in the United States of cigarettes manufactured anywhere that the manufacturer does not intend to be sold in the United States; or

3. becomes a successor of an entity described in paragraph (1) or (2) of this definition.

The term "tobacco product manufacturer" shall not include an affiliate of a tobacco product manufacturer unless such affiliate itself falls within any of paragraphs (1) through (3) of this definition.

"Units sold" means the number of individual cigarettes sold in the State by the applicable tobacco product manufacturer, whether directly or through a distributor, retailer or similar intermediary or intermediaries, during the year in question, as measured by excise taxes collected by the State on containers of "roll-your-own" tobacco, and on packs of cigarettes bearing the excise tax stamp of the State. The State Treasurer shall promulgate such regulations as are necessary to ascertain the amount of State excise tax paid on the cigarettes of such tobacco product manufacturer for each year.
C.52:4D-3 Responsibilities of tobacco product manufacturer.

3. Any tobacco product manufacturer selling cigarettes to consumers within the State, whether directly or through a distributor, retailer or similar intermediary or intermediaries, after the date of enactment of this act shall do one of the following:

a. become a participating manufacturer, as that term is defined in section II(jj) of the Master Settlement Agreement, and generally perform its financial obligations under the Master Settlement Agreement; or

b. (1) place into a qualified escrow fund by April 15 of the year following the year in question the following amounts, as such amounts are adjusted for inflation:

   a. 1999, $.0094241 per unit sold after the date of enactment of this act;
   b. 2000, $.0104712 per unit sold;
   c. for each of 2001 and 2002, $.0136125 per unit sold;
   d. for each of 2003 through 2006, $.0167539 per unit sold; and
   e. for each of 2007 and each year thereafter, $.0188482 per unit sold.

   (2) A tobacco product manufacturer that places funds into escrow pursuant to paragraph (1) of this subsection shall receive the interest or other appreciation on such funds as earned. Such funds themselves shall be released from escrow only under the following circumstances:

   a. to pay a judgment or settlement on any released claim brought against such tobacco product manufacturer by the State or any releasing party located or residing in the State. Funds shall be released from escrow under this subparagraph: (i) in the order in which they were placed into escrow; and (ii) only to the extent and at the time necessary to make payments required under such judgment or settlement;

   b. to the extent that the tobacco product manufacturer establishes that the amount that it was required to place into escrow in a particular year was greater than the State's allocable share of the total payments that such manufacturer would have been required to make in that year under the Master Settlement Agreement had it been a participating manufacturer, as such payments are determined pursuant to section IX(i)(2) of the Master Settlement Agreement, and before any of the adjustments or offsets described in section IX(i)(3) of that agreement other than the inflation adjustment, the excess shall be released from escrow and revert back to the tobacco product manufacturer; or

   c. to the extent not released from escrow under subparagraph (a) or (b) of this paragraph, funds shall be released from escrow and revert back to the tobacco product manufacturer 25 years after the date on which they were placed into escrow.

   (3) Each tobacco product manufacturer that elects to place funds into escrow pursuant to this subsection shall annually certify to the Attorney
General that it is in compliance with this subsection. The Attorney General may bring a civil action on behalf of the State against any tobacco product manufacturer that fails to place into escrow the funds required under this section. Any tobacco product manufacturer that fails in any year to place into escrow the funds required under this section shall:

(a) be required within 15 days to place such funds into escrow as shall bring it into compliance with this section. The court, upon a finding of a violation of this subsection, may impose a civil penalty, to be paid into the General Fund, in an amount not to exceed 5% of the amount improperly withheld from escrow per day of the violation and in a total amount not to exceed 100% of the original amount improperly withheld from escrow;

(b) in the case of a knowing violation, be required within 15 days to place such funds into escrow as shall bring it into compliance with this section. The court, upon a finding of a knowing violation of this subsection, may impose a civil penalty, to be paid into the General Fund, in an amount not to exceed 15% of the amount improperly withheld from escrow per day of the violation and in a total amount not to exceed 300% of the original amount improperly withheld from escrow; and

(c) in the case of a second knowing violation, be prohibited from selling cigarettes to consumers within the State, whether directly or through a distributor, retailer or similar intermediary or intermediaries, for a period not to exceed two years.

Each failure to make an annual deposit required under this section shall constitute a separate violation. A person who violates this section shall pay the State's costs and attorney's fees incurred during a successful prosecution under this paragraph (3).

4. This act shall take effect immediately.

Approved June 28, 1999.

An operator of a switchboard, or an officer, agent or employee of a provider of wire or electronic communication service, whose facilities are used in the transmission of a wire or electronic communication, to intercept, disclose or use that communication in the normal course of his employment while engaged in any activity which is a necessary incident to the rendition of his service or to the protection of the rights or property of the provider of that service. No provider of wire or electronic communication service shall utilize service observing or random monitoring except for mechanical or service quality control checks;

b. Any investigative or law enforcement officer to intercept a wire, electronic or oral communication, where such officer is a party to the communication or where another officer who is a party to the communication requests or requires him to make such interception;

c. Any person acting at the direction of an investigative or law enforcement officer to intercept a wire, electronic or oral communication, where such person is a party to the communication or one of the parties to the communication has given prior consent to such interception; provided, however, that no such interception shall be made without the prior approval of the Attorney General or his designee or a county prosecutor or his designee;

d. A person not acting under color of law to intercept a wire, electronic or oral communication, where such person is a party to the communication or one of the parties to the communication has given prior consent to such
interception unless such communication is intercepted or used for the purpose of committing any criminal or tortious act in violation of the Constitution or laws of the United States or of this State or for the purpose of committing any other injurious act. The fact that such person is the subscriber to a particular telephone does not constitute consent effective to authorize interception of communications among parties not including such person on that telephone. Any person who unlawfully intercepts or uses such communication as provided in this paragraph shall be subject to the civil liability established in section 24 of P.L.1968, c.409 (C.2A:156A-24), in addition to any other criminal or civil liability imposed by law;

(4) by any marine or aeronautical communications system;

g. Any person to engage in any conduct which:

(1) is prohibited by section 633 of the Communications Act of 1934; or

(2) is excepted from the application of section 705(a) of the Communications Act of 1934 by section 705(b) of that Act;

h. Any person to intercept any wire or electronic communication the transmission of which is causing harmful interference to any lawfully operating station or consumer electronic equipment, to the extent necessary to identify the source of such interference; or for other users of the same frequency to intercept any radio communication made through a system that utilizes frequencies monitored by individuals engaged in the provision or the use of such system, if such communication is not scrambled or encrypted; or

i. A provider of electronic communication service to record the fact that a wire or electronic communication was initiated or completed in order to protect such provider, another provider furnishing service toward the completion of the wire or electronic communication, or a user of that service, from fraudulent, unlawful or abusive use of such service.

8. The Attorney General, county prosecutor or a person designated to act for such an official and to perform his duties in and during his actual absence or disability, may authorize, in writing, an ex parte application to a judge designated to receive the same for an order authorizing the interception of a wire, or electronic or oral communication by the investigative or law enforcement officers or agency having responsibility for an investigation when such interception may provide evidence of the commission of the offense of murder, kidnapping, gambling, robbery, bribery, a violation of paragraph (1) or (2) of subsection b. of N.J.S.2C:12-1, a violation of section 3 of P.L.1997, c.353 (C.2C:21-4.3), a violation of N.J.S.2C:21-19 punishable by imprisonment for more than one year, a violation of P.L.1994, c.121 (C.2C:21-23 et seq.), terroristic threats, violations of N.J.S.2C:35-3, N.J.S.2C:35-4 and N.J.S.2C:35-5, violations of sections 112 through 116, inclusive, of the "Casino Control Act," P.L.1977, c.110 (C.5:12-112 through 5:12-116), arson, burglary, theft and related offenses punishable by imprisonment for more than one year, endangering the welfare of a child pursuant to N.J.S.2C:24-4, escape, forgery and fraudulent practices punishable by imprisonment for more than one year, alteration of motor vehicle identification numbers, unlawful manufacture, purchase, use, or transfer of firearms, unlawful possession or use of destructive devices or explosives, racketeering or a violation of subsection g. of N.J.S.2C:5-2, leader of organized crime, organized criminal activity directed toward the unlawful transportation, storage, disposal, discharge, release, abandonment or disposition of any harmful, hazardous, toxic, destructive, or polluting substance, or any conspiracy to commit any of the foregoing offenses or which may provide evidence aiding in the apprehension of the perpetrator or perpetrators of any of the foregoing offenses.

5. Section 12 of P.L.1968, c.409 (C.2A:156A-12) is amended to read as follows:

C.2A:156A-12 Order; contents; limitations; extensions; renewals; progress reports; assistance of providers; point of execution.

12. Each order authorizing the interception of any wire, electronic or oral communication shall state:
   a. The judge is authorized to issue the order;
   b. The identity of, or a particular description of, the person, if known, whose communications are to be intercepted;
c. The character and location of the particular communication facilities as to which, or the particular place of the communication as to which, authority to intercept is granted, or, in the case of an application meeting the requirements of subsection g. of section 9 of P.L. 1968, c.409 (C.2A:156A-9) that specification is not practical or that the purpose to thwart interception by changing facilities has been shown;

d. A particular description of the type of the communication to be intercepted and a statement of the particular offense to which it relates;

e. The identity of the investigative or law enforcement officers or agency to whom the authority to intercept a wire, electronic or oral communication is given and the identity of whoever authorized the application; and

f. The period of time during which such interception is authorized, including a statement as to whether or not the interception shall automatically terminate when the described communication has been first obtained.

No order entered under this section shall authorize the interception of any wire, electronic or oral communication for a period of time in excess of that necessary under the circumstances. Every order entered under this section shall require that such interception begin and terminate as soon as practicable and be conducted in such a manner as to minimize or eliminate the interception of such communications not otherwise subject to interception under this act by making reasonable efforts, whenever possible, to reduce the hours of interception authorized by said order. In the event the intercepted communication is in a language other than English, or is in a code, and an interpreter or expert in that language or code is not reasonably available during the interception period or a portion of the interception period, minimization shall be accomplished as soon as practicable after the interception. Except as provided below in subsection g. of this section, no order entered under this section shall authorize the interception of wire, electronic or oral communications for any period exceeding 20 days. Extensions or renewals of such an order may be granted for two additional periods of not more than 10 days. No extension or renewal shall be granted unless an application for it is made in accordance with this section, and the court makes the findings required by sections 10 and 11 of P.L. 1968, c.409 (C.2A:156A-10 and 2A:156A-11) and by this section.

g. Orders entered under this section to provide evidence of racketeering in violation of N.J.S.2C:41-2, leader of organized crime in violation of subsection g. of N.J.S.2C:5-2, or leader of narcotics trafficking network in violation of N.J.S.2C:35-3, may authorize the interception of wire, electronic or oral communications for a period not to exceed 30 days and extensions or renewals of any order may be granted for additional periods of not more than 30 days, without limitation on the number of extension or
renewal orders; provided, however, that orders authorized pursuant to this subsection shall not exceed six months.

h. Whenever an order authorizing an interception is entered, the order may require reports to be made to the judge who issued the order showing what progress has been made toward achievement of the authorized objective and the need for continued interception. Such reports shall be made at such intervals as the court may require.

An order authorizing the interception of a wire, electronic or oral communication shall, upon request of the applicant, direct that a provider of electronic communication service shall furnish the applicant forthwith all information, facilities and technical assistance necessary to accomplish the interception unobtrusively and with a minimum of interference with the services that such provider is affording the person whose communications are to be intercepted.

The obligation of a provider of electronic communication service under such an order shall include but is not limited to conducting an in-progress trace during an interception and shall also include the provision of technical assistance and equipment and utilization of any technological features which are available to the provider of electronic communication service. The obligation of the provider of electronic communication service to conduct an in-progress trace and provide other technical assistance may arise pursuant to court order based upon probable cause, under circumstances not involving an interception pursuant to this act. Any provider of electronic communication service furnishing such facilities or assistance shall be compensated therefor by the applicant at the prevailing rates. Said provider shall be immune from civil liability for any assistance rendered to the applicant pursuant to this section.

An order authorizing the interception of a wire, electronic or oral communication may be executed at any point of interception within the jurisdiction of an investigative or law enforcement officer executing the order.

6. Section 23 of P.L.1993, c.29 (C.2A:156A-29) is amended to read as follows:

C.2A:156A-29 Requirements for access.

23. Requirements for access.

a. A law enforcement agency, but no other governmental entity, may require the disclosure by a provider of electronic communication service or remote computing service of the contents of an electronic communication without notice to the subscriber or the customer if the law enforcement agency obtains a warrant.
b. Except as provided in subsection c. of this section, a provider of electronic communication service or remote computing service may disclose a record or other information pertaining to a subscriber or customer of the service to any person other than a governmental entity. This subsection shall not apply to the contents covered by subsection a. of this section.

c. A provider of electronic communication service or remote computing service shall disclose a record or other information pertaining to a subscriber or customer of the service, other than contents covered by subsections a. and f. of this section, to a law enforcement agency under the following circumstances:

(1) the law enforcement agency has obtained a warrant;
(2) the law enforcement agency has obtained the consent of the subscriber or customer to the disclosure; or
(3) the law enforcement agency has obtained a court order for such disclosure under subsection e. of this section.

A law enforcement agency receiving records or information pursuant to this subsection is not required to provide notice to the customer or subscriber.

d. Notwithstanding any other provision of law to the contrary, no service provider, its officers, employees, agents or other specified persons shall be liable in any civil action for damages as a result of providing information, facilities or assistance in accordance with the terms of a court order or warrant under this section.

e. A court order for disclosure under subsection b. or c. may be issued by a judge of competent jurisdiction and shall issue only if the law enforcement agency offers specific and articulable facts showing that there are reasonable grounds to believe that the record or other information pertaining to a subscriber or customer of an electronic communication service or remote computing service is relevant and material to an ongoing criminal investigation. A judge who has issued an order pursuant to this section, on a motion made promptly by the service provider, may quash or modify such order, if the information or records requested are unusually voluminous in nature or compliance with such order otherwise would cause an undue burden on such provider.

f. A provider of electronic communication service or remote computing service shall disclose to a law enforcement agency the name, address, telephone number or other subscriber number or identity, and length of service provided to a subscriber or customer of such service and the types of services the subscriber or customer utilized, when the law enforcement entity obtains a grand jury or trial subpoena.

g. Upon the request of a law enforcement agency, a provider of wire or electronic communication service or a remote computing service shall take all necessary steps to preserve, for a period of 90 days, records and
other evidence in its possession pending the issuance of a warrant. The preservation period shall be extended for an additional 90 days upon the request of the law enforcement agency.

7. This act shall take effect immediately.

Approved June 30, 1999.

CHAPTER 152

AN ACT concerning open space, farmland, and historic preservation, establishing the Garden State Preservation Trust, supplementing Title 13 of the Revised Statutes, and amending various parts of the statutory law.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.13:8C-1 Short title.

1. Sections 1 through 42 of this act shall be known, and may be cited, as the "Garden State Preservation Trust Act."

C.13:8C-2 Findings, declarations relative to open space, farmland, and historic preservation.

2. The Legislature finds and declares that enhancing the quality of life of the citizens of New Jersey is a paramount policy of the State; that the acquisition and preservation of open space, farmland, and historic properties in New Jersey protects and enhances the character and beauty of the State and provides its citizens with greater opportunities for recreation, relaxation, and education; that the lands and resources now dedicated to these purposes will not be adequate to meet the needs of an expanding population in years to come; that the open space and farmland that is available and appropriate for these purposes will gradually disappear as the costs of preserving them correspondingly increase; and that it is necessary and desirable to provide funding for the development of parks and other open space for recreation and conservation purposes.

The Legislature further finds and declares that agriculture plays an integral role in the prosperity and well-being of the State as well as providing a fresh and abundant supply of food for its citizens; that much of the farmland in the State faces an imminent threat of permanent conversion to non-farm uses; and that the retention and development of an economically viable agricultural industry is of high public priority.
The Legislature further finds and declares that there is an urgent need to preserve the State's historic heritage to enable present and future generations to experience, understand, and enjoy the landmarks of New Jersey's role in the birth and development of this nation; that the restoration and preservation of properties of historic character and importance in the State is central to meeting this need; and that a significant number of these historic properties are located in urban centers, where their restoration and preservation will advance urban revitalization efforts of the State and local governments.

The Legislature further finds and declares that there is growing public recognition that the quality of life, economic prosperity, and environmental quality in New Jersey are served by the protection and timely preservation of open space and farmland and better management of the lands, resources, historic properties, and recreational facilities that are already under public ownership or protection; that the preservation of the existing diversity of animal and plant species is essential to sustaining both the environment and the economy of the Garden State, and the conservation of adequate habitat for endangered, threatened, and other rare species is necessary to preserve this biodiversity; that there is a need to establish a program to serve as the successor to the programs established by the "Green Acres, Farmland and Historic Preservation, and Blue Acres Bond Act of 1995," P.L.1995, c.204, nine previous similar bond acts enacted in 1961, 1971, 1974, 1978, 1981, 1983, 1987, 1989, and 1992, and various implementing laws; and that any such successor program should support implementation of Statewide policies, goals, and strategies concerned with and emphasizing the importance of preserving open space, sensitive environmental areas, critical wildlife habitat, farmland, and historic resources.

The Legislature further finds and declares that the citizens of the State have indicated their very strong support for open space, farmland, and historic preservation efforts not only in the past approval of State Green Acres bond acts and numerous county and municipal dedicated funding sources for those purposes, but most recently in 1998 with the approval of an amendment to the New Jersey Constitution that provides for a stable and dedicated source of funding for those purposes for the next decade and beyond.

The Legislature therefore determines that it is in the public interest to preserve as much open space and farmland, and as many historic properties, as possible within the means provided by the 1998 constitutional amendment; that, in recognition of the recommendations of the Governor's Council on New Jersey Outdoors, it is a worthy goal to preserve one million more acres of open space and farmland in the Garden State in the next decade to protect the quality of life for New Jersey residents; and that, to
accomplish that goal, it is also in the public interest to create the Garden State Preservation Trust and to enable it to raise revenue for those purposes, and to delegate to it such other duties and responsibilities as shall be necessary to further the purposes of the constitutional amendment and to advance the policies and achieve the goals set forth in this preamble.

The trust is hereby constituted as an instrumentality of the State, exercising public and essential governmental functions, no part of whose revenues shall accrue to the benefit of any individual, and the exercise by the trust of the powers conferred by this act shall be deemed and held to be an essential governmental function of the State.

b. The trust shall consist of nine voting members as follows: the Commissioner of Environmental Protection, the Secretary of Agriculture, the Secretary of State, and the State Treasurer, who shall be members ex officio; and five public members, one of whom shall be appointed by the Governor, two of whom shall be appointed by the President of the Senate and of those two so appointed no more than one shall be from the same political party, and two of whom shall be appointed by the Speaker of the General Assembly and of those two so appointed no more than one shall be from the same political party. All designees may lawfully vote and otherwise act on behalf of the member for whom they constitute the designee. The designation shall be in writing delivered to the trust and shall continue in effect until revoked or amended in writing delivered to the trust.

i. A true copy of the minutes of every meeting of the trust shall be delivered forthwith by and under the certification of the secretary thereof to
the Governor. No action taken at the meeting by the trust shall have force or effect until 15 days after the copy of the minutes shall have been so delivered, unless during this 15-day period the Governor shall approve in writing the minutes or any part thereof, in which case the action shall become effective upon approval. If, within that 15-day period, the Governor returns a copy of the minutes with the Governor's veto of any action taken by the trust or any member thereof at the meeting, the action shall be null and void and of no effect. Notwithstanding the foregoing, if the last day of the 15-day period shall be a Saturday, Sunday or legal holiday, then the 15-day period shall be deemed extended to the next following business day. 23. a. (1) At least twice each State fiscal year, the Department of Environmental Protection shall submit to the trust a list of projects that the department recommends to receive funding from: the Garden State Green Acres Preservation Trust Fund, based upon a priority system, ranking criteria, and funding policies established by the department pursuant to this act; or any Green Acres bond act with respect to monies allocated therein for appropriation for the purpose of acquiring or developing lands for recreation and conservation purposes, based upon a priority system, ranking criteria, and funding policies established by the department pursuant to law and any rules or regulations adopted pursuant thereto.

To the extent the department receives a sufficient number of applications from local government units for the funding of projects to acquire or develop, for recreation and conservation purposes, lands located in municipalities eligible to receive State aid pursuant to P.L.1978, c.14 (C.52:27D-178 et seq.), and those projects qualify for funding based upon the priority system, ranking criteria, and funding policies established by the department, in any State fiscal year the percentage of funding from the Garden State Green Acres Preservation Trust Fund for such projects recommended by the department shall be substantially equivalent to or greater than the percentage derived by dividing the total amount allocated pursuant to P.L.1983, c.354, P.L.1987, c.265, P.L.1989, c.183, P.L.1992, c.88, and P.L.1995, c.204, for local government unit projects for recreation and conservation purposes in municipalities eligible to receive State aid pursuant to P.L.1978, c.14 (C.52:27D-178 et seq.) by the total amount allocated pursuant to P.L.1983, c.354, P.L.1987, c.265, P.L.1989, c.183, P.L.1992, c.88, and P.L.1995, c.204, for all local government unit projects for recreation and conservation purposes. In any State fiscal year, not less than 20% of the total amount of funding from the Garden State Green Acres Preservation Trust Fund for all State projects to acquire and develop lands for recreation and conservation purposes throughout the State recommended by the department shall be for State projects located in highly populated counties of the State with population densities of at least 1,000 persons per square mile according to the latest federal decennial census.
The trust shall review the list and may make such deletions, but not additions, of projects therefrom as it deems appropriate and in accordance with the procedures established for such deletions pursuant to subsection d. of this section, whereupon the trust shall approve the list. At least twice each State fiscal year: (a) the trust shall prepare, and submit to the Governor and to the President of the Senate and the Speaker of the General Assembly for introduction in the Legislature, proposed legislation appropriating moneys from the Garden State Green Acres Preservation Trust Fund, or from any Green Acres bond act with respect to moneys allocated therein for appropriation for the purpose of acquiring or developing lands for recreation and conservation purposes, to fund projects on any such list; and (b) the Legislature may approve one or more appropriation acts containing a project list or lists submitted by the trust pursuant to this paragraph.

(2) Any act appropriating moneys from the Garden State Green Acres Preservation Trust Fund, or from any Green Acres bond act with respect to moneys allocated therein for appropriation for the purpose of acquiring or developing lands for recreation and conservation purposes, shall identify the particular project or projects to be funded by those moneys, and any expenditure for a project for which the location is not identified by county and municipality in the appropriation shall require the approval of the Joint Budget Oversight Committee or its successor.

Moneys may be appropriated to a local government unit that has prepared and adopted an open space acquisition and development plan approved by the department, or to a qualifying tax exempt nonprofit organization that in cooperation and with the approval of a local government unit is implementing or assisting in the implementation of an open space acquisition and development plan adopted by the local government unit and approved by the department, without identifying in the act the particular project or projects to be funded, provided that the appropriation will be expended in accordance with that approved plan and, with respect to Green Acres bond act moneys, the appropriation in that form is not inconsistent with the Green Acres bond act.

(3) Any transfer of moneys appropriated from the Garden State Green Acres Preservation Trust Fund, or from any Green Acres bond act with respect to moneys allocated therein for appropriation for the purpose of acquiring or developing lands for recreation and conservation purposes, or any change in project sponsor, site, or type that has received an appropriation from the fund or from a Green Acres bond act, shall require the approval of the Joint Budget Oversight Committee or its successor but shall not require the approval of the Garden State Preservation Trust.

b. (1) At least twice each State fiscal year, the State Agriculture Development Committee shall submit to the trust a list of projects that the
committee recommends to receive funding from the Garden State Farmland Preservation Trust Fund, based upon a priority system, ranking criteria, and funding policies established by the committee pursuant to this act and the "Agriculture Retention and Development Act," P.L.1983, c.32 (C.4:1C-11 et seq.), and any rules or regulations adopted pursuant thereto. The trust shall review the list and may make such deletions, but not additions, of projects therefrom as it deems appropriate and in accordance with the procedures established for such deletions pursuant to subsection d. of this section, whereupon the trust shall approve the list. At least twice each State fiscal year: (a) the trust shall prepare, and submit to the Governor and to the President of the Senate and the Speaker of the General Assembly for introduction in the Legislature, proposed legislation appropriating moneys from the Garden State Farmland Preservation Trust Fund to fund projects on any such list; and (b) the Legislature may approve one or more appropriation acts containing a project list or lists submitted by the trust pursuant to this paragraph.

(2) Any act appropriating moneys from the Garden State Farmland Preservation Trust Fund shall identify the particular project or projects to be funded with those moneys, and any expenditure for a project for which the location is not identified by county and municipality in the appropriation shall require the approval of the Joint Budget Oversight Committee or its successor.

Notwithstanding the provisions of this paragraph to the contrary, any appropriation of moneys from the fund to pay the cost of acquisition of a fee simple title to farmland shall not be required to identify the particular project or identify its location by county or municipality, and the expenditure of those moneys shall not require the approval of the Joint Budget Oversight Committee or its successor.

(3) Any transfer of moneys appropriated from the Garden State Farmland Preservation Trust Fund, or change in project sponsor, site, or type that has received an appropriation from the fund, shall require the approval of the Joint Budget Oversight Committee or its successor but shall not require the approval of the Garden State Preservation Trust.

c. (1) At least once each State fiscal year, or at such other interval as the New Jersey Historic Trust in consultation with the Garden State Preservation Trust deems appropriate, the New Jersey Historic Trust shall submit to the Garden State Preservation Trust a list of projects that the New Jersey Historic Trust recommends to receive funding from the Garden State Historic Preservation Trust Fund, based upon a priority system, ranking criteria, and funding policies established by the New Jersey Historic Trust pursuant to this act and P.L.1967, c.124 (C.13:1B-15.111 et al.), and any rules or regulations adopted pursuant thereto. The Garden State Preserva-

At least once each State fiscal year, or at such other interval as the Garden State Preservation Trust in consultation with the New Jersey Historic Trust deems appropriate: (a) the Garden State Preservation Trust shall prepare, and submit to the Governor and to the President of the Senate and the Speaker of the General Assembly for introduction in the Legislature, proposed legislation appropriating moneys from the Garden State Historic Preservation Trust Fund to fund projects on any such list; and (b) the Legislature may approve one or more appropriation acts containing a project list or lists submitted by the Garden State Preservation Trust pursuant to this paragraph.

(2) Any act appropriating moneys from the Garden State Historic Preservation Trust Fund shall identify the particular project or projects to be funded by those moneys, and any expenditure for a project for which the location is not identified by county and municipality in the appropriation shall require the approval of the Joint Budget Oversight Committee or its successor.

(3) Any transfer of moneys appropriated from the Garden State Historic Preservation Trust Fund, or change in project sponsor, site, or type that has received an appropriation from the fund, shall require the approval of the Joint Budget Oversight Committee or its successor but shall not require the approval of the Garden State Preservation Trust.

d. Whenever the Garden State Preservation Trust deletes a project from a list of projects that has been submitted to the Garden State Preservation Trust pursuant to subsection a., b., or c. of this section, the Garden State Preservation Trust shall, in consultation with the applicant and the department, the committee, or the New Jersey Historic Trust, as the case may be, review and reevaluate the merits and validity of the project. After completion of this review and reevaluation, if the department, committee, or New Jersey Historic Trust, as the case may be, continues to recommend funding of the project, it shall transmit its reasons therefor in writing to the Garden State Preservation Trust and place the project on the next or a subsequent list of projects submitted to the Garden State Preservation Trust pursuant to subsection a., b., or c. of this section. The Garden State Preservation Trust shall include the project in the next proposed legislation appropriating moneys from the Garden State Green Acres Preservation Trust Fund, Green Acres bond act, Garden State Farmland Preservation Trust Fund, or Garden State Historic Preservation Trust Fund, as the case may be, that is submitted to the Governor, President of the Senate, and
Speaker of the General Assembly pursuant to subsection a., b., or c. of this section, together with a written report setting forth the rationale of the Garden State Preservation Trust in recommending deletion of the project from the proposed legislation and the rationale of the department, committee, or New Jersey Historic Trust, as the case may be, in recommending retention of the project in the proposed legislation.

e. The Garden State Preservation Trust may at any time suggest projects to be considered or rejected for consideration by the department, the committee, or the New Jersey Historic Trust in the preparation of recommended project funding lists pursuant to this section.

f. Projects involving the joint effort of more than one level of government or qualifying tax exempt nonprofit organization, or the joint effort of the department, the committee, and the New Jersey Historic Trust, or any combination thereof, shall be encouraged.

g. For the purposes of efficiency and convenience, nothing in this section shall prohibit the Garden State Preservation Trust from combining the project lists, in whole or in part, of the department, committee, and New Jersey Historic Trust into one proposed appropriation bill or bills to be submitted to the Governor and Legislature for consideration and enactment into law as otherwise prescribed pursuant to this section.

h. The total amount appropriated for proposed projects pursuant to subsections a. and b. of this section in any State fiscal year shall not exceed $200,000,000.

The appraisal and appraisal data shall consider as appropriate: land values in the pinelands regional growth areas; land values in counties, municipalities, and other areas reasonably contiguous to, but outside of, the pinelands area; and other relevant factors as may be necessary to maintain the environmental, ecological, and agricultural qualities of the pinelands area.

The higher of those two values shall be utilized by the department, a local government unit, or a qualifying tax exempt nonprofit organization as the basis for negotiation with the landowner with respect to the acquisition price for the lands. The landowner shall be provided with both values determined pursuant to this paragraph. A landowner may waive any of the requirements of this paragraph and may agree to sell the lands for less than the values determined pursuant to this paragraph.

F. Moneys appropriated from the fund shall not be used by local government units or qualifying tax exempt nonprofit organizations to acquire lands that are already permanently preserved for recreation and conservation purposes, as determined by the department.

G. Whenever lands are donated to the State by a public utility, as defined pursuant to Title 48 of the Revised Statutes, for recreation and conservation purposes, the commissioner may make and keep the lands accessible to the public, unless the commissioner determines that public accessibility would be detrimental to the lands or any natural resources associated therewith.

H. Whenever the State acquires land for recreation and conservation purposes, the agency in the Department of Environmental Protection responsible for administering the land shall, within six months after the date of acquisition, inspect the land for the presence of any buildings or structures thereon which are or may be historic properties and, within 60 days after completion of the inspection, provide to the New Jersey Historic Preservation Office in the department (1) a written notice of its findings, and (2) for any buildings or structures which are or may be historic properties discovered on the land, a request for determination of potential eligibility for inclusion of the historic building or structure in the New Jersey Register of Historic Places. Whenever such a building or structure is discovered, a copy of the written notice provided to the New Jersey Historic Preservation Office shall also be sent to the New Jersey Historic Trust and to the county historical commission or advisory committee, the county historical society, the local historic preservation commission or advisory committee, and the

b. A loan by the State for lands to be acquired or developed by a local government unit for recreation and conservation purposes may include up to 100% of the cost of acquisition or development of the lands by the local government unit, shall bear interest of not more than 2% per year, and shall be for a term of not more than 30 years for an acquisition project and not more than 20 years for a development project.

c. (1) A grant by the State for lands to be acquired or developed by a qualifying tax exempt nonprofit organization for recreation and conservation purposes may include up to 50% of the cost of acquisition or development of the lands by the qualifying tax exempt nonprofit organization.

(b) A qualifying tax exempt nonprofit organization shall not use as its matching share of the cost of acquisition or development of lands for recreation and conservation purposes any constitutionally dedicated grant moneys or any grant moneys obtained from a Green Acres bond act.

(3) To qualify to receive a grant pursuant to this subsection, the board of directors or governing body of the applying tax exempt nonprofit organization shall:

(a) demonstrate to the commissioner that the organization qualifies as a charitable conservancy for the purposes of P.L.1979, c.378 (C.13:8B-1 et seq.);

(b) demonstrate that the organization has the resources to match the grant requested;

(c) agree to make and keep the lands accessible to the public, unless the commissioner determines that public accessibility would be detrimental to the lands or any natural resources associated therewith;

(d) agree not to convey the lands except to the federal government, the State, a local government unit, or another qualifying tax exempt nonprofit organization, for recreation and conservation purposes; and

(e) agree to execute and donate to the State at no charge a conservation restriction pursuant to P.L.1979, c.378 (C.13:8B-1 et seq.) on the lands to be acquired with the grant.

d. The local government unit or qualifying tax exempt nonprofit organization share of the cost of an acquisition of lands, if any, may be reduced (1) by the fair market value, as determined by the commissioner, of any portion of the lands to be acquired that have been donated to, or otherwise received without cost by, the local government unit or qualifying tax exempt nonprofit organization; or (2) in the case of a conveyance of the lands, or any portion thereof, to the local government unit or qualifying tax exempt nonprofit organization at less than fair market value, by the difference between the fair market value at the time of the conveyance and the conveyance price to the local government unit or qualifying tax exempt nonprofit organization.

e. Whenever a local government unit or qualifying tax exempt nonprofit organization acquires land for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part, the local government unit or qualifying tax exempt nonprofit organization, shall, within six months after the date of acquisition, inspect the land for the presence of any buildings or structures thereon which are or may be historic properties and, within 60 days after completion of the inspection, provide to the New Jersey Historic Preservation Office in the Department of Environmental Protection (1) a written notice of its findings, and (2) for any buildings or structures which are or may be historic properties discovered
on the land, a request for determination of potential eligibility for inclusion of the historic building or structure in the New Jersey Register of Historic Places. Whenever such a building or structure is discovered, a copy of the written notice provided to the New Jersey Historic Preservation Office shall also be sent to the New Jersey Historic Trust and to the county historical commission or advisory committee, the county historical society, the local historic preservation commission or advisory committee, and the local historical society if any of those entities exist in the county or municipality wherein the land is located.

C.13:8C-28 Use of power of eminent domain.
28. The State shall not use the power of eminent domain in any manner for the acquisition of lands by the State for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part unless a concurrent resolution approving that use is approved by both Houses of the Legislature; except that, without the need for such a concurrent resolution, the State may use the power of eminent domain to the extent necessary to establish a value for lands to be acquired from a willing seller by the State for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part.

C.13:8C-29 Payments to municipalities in lieu of taxes for lands acquired using dedicated money.
29. a. (1) (a) To the end that municipalities may not suffer a loss of taxes by reason of the acquisition and ownership by the State of lands in fee simple for recreation and conservation purposes, or the acquisition and ownership by qualifying tax exempt nonprofit organizations of lands in fee simple for recreation and conservation purposes that become certified exempt from property taxes pursuant to P.L.1974, c.167 (C.54:4-3.63 et seq.) or similar laws, using constitutionally dedicated moneys in whole or in part, the State shall pay annually on October 1 to each municipality in which lands are so acquired and owned, for a period of 13 years following an acquisition the following amounts: in the first year a sum of money equal to the tax last assessed and last paid by the taxpayer upon this land and the improvements thereon for the taxable year immediately prior to the time of its acquisition and thereafter the following percentages of the amount paid in the first year: second year, 92%; third year, 84%; fourth year, 76%; fifth year, 68%; sixth year, 60%; seventh year, 52%; eighth year, 44%; ninth year, 36%; 10th year, 28%; 11th year, 20%; 12th year, 12%; 13th year, 4%.
(b) Notwithstanding the provisions of subparagraph (a) of this paragraph to the contrary, any payment made pursuant to that subparagraph shall be not less than the amount that would be paid as provided pursuant to paragraph (2) of this subsection.
(2) After the 13th year, or sooner as provided pursuant to subparagraph (b) of paragraph (1) of this subsection, the State shall pay annually on October 1 to each municipality in which lands are so acquired and owned the following amounts: $2 per acre of lands so acquired and owned for any municipality for which all lands owned in fee simple by the State or by a qualifying tax exempt nonprofit organization for recreation and conservation purposes constitute less than 20% of the total land area of the municipality; $5 per acre of lands so acquired and owned for any municipality for which all lands owned in fee simple by the State or by a qualifying tax exempt nonprofit organization for recreation and conservation purposes constitute at least 20% but less than 40% of the total land area of the municipality; $10 per acre of lands so acquired and owned for any municipality for which all lands owned in fee simple by the State or by a qualifying tax exempt nonprofit organization for recreation and conservation purposes constitute at least 40% but less than 60% of the total land area of the municipality; and $20 per acre of lands so acquired and owned for any municipality for which all lands owned in fee simple by the State or by a qualifying tax exempt nonprofit organization for recreation and conservation purposes constitute at least 60% of the total land area of the municipality.

b. In the event that land acquired by the State, a local government unit, or a qualifying tax exempt nonprofit organization for recreation and conservation purposes was assessed at an agricultural and horticultural use valuation in accordance with provisions of the "Farmland Assessment Act of 1964," P.L.1964, c.48 (C.54:4-23.1 et seq.) at the time of its acquisition by the State, local government unit, or qualifying tax exempt nonprofit organization, no roll-back tax pursuant to section 8 of P.L.1964, c.48 (C.54:4-23.8) shall be imposed as to this land nor shall this roll-back tax be applicable in determining the annual payments to be made pursuant to subsection a. of this section by the State to the municipality in which this land is located.

c. Any payments made by the State pursuant to this section shall be paid from the General Fund but not from constitutionally dedicated moneys.

d. All sums of money received by the respective municipalities as compensation for loss of tax revenue pursuant to this section shall be applied to the same purposes as is the tax revenue from the assessment and collection of taxes on real property of these municipalities, and to accomplish this end the sums shall be apportioned in the same manner as the general tax rate of the municipality for the tax year preceding the year of receipt.

e. For the purposes of this section, lands owned in fee simple by the State for recreation and conservation purposes shall mean State parks and forests, as defined pursuant to section 3 of P.L.1983, c.324 (C.13:1L-3),
State wildlife management areas, and any other lands owned in fee simple by the State and administered by the Department of Environmental Protection for recreation and conservation purposes.

C.13:8C-30 Payments to municipalities in lieu of taxes for lands acquired using other than dedicated money.

30. a. With respect to lands acquired using any funding source other than constitutionally dedicated moneys, whether prior to the date of enactment of this act or thereafter, and owned in fee simple by the State or by a qualifying tax exempt nonprofit organization, and which lands are permanently preserved for recreation and conservation purposes, the State shall pay annually on October 1 to each municipality in which those lands are located the following amounts: $2 per acre of lands so acquired and owned for any municipality for which all lands owned in fee simple by the State or by a qualifying tax exempt nonprofit organization for recreation and conservation purposes constitute less than 20% of the total land area of the municipality; $5 per acre of lands so acquired and owned for any municipality for which all lands owned in fee simple by the State or by a qualifying tax exempt nonprofit organization for recreation and conservation purposes constitute at least 20% but less than 40% of the total land area of the municipality; $10 per acre of lands so acquired and owned for any municipality for which all lands owned in fee simple by the State or by a qualifying tax exempt nonprofit organization for recreation and conservation purposes constitute at least 40% but less than 60% of the total land area of the municipality, and $20 per acre of lands so acquired and owned for any municipality for which all lands owned in fee simple by the State or by a qualifying tax exempt nonprofit organization for recreation and conservation purposes constitute at least 60% of the total land area of the municipality.

b. In the event payments in lieu of taxes are due and payable from the State on those lands pursuant to another law, and those payments, if made by the State, would exceed those that would be paid pursuant to this section, the payments shall be made in accordance with the other law. In no case shall payments be made to a municipality in compliance with both this section and any other applicable law.

c. Any payments made by the State pursuant to this section shall be paid from the General Fund but not from constitutionally dedicated moneys.

d. All sums of money received by the respective municipalities as compensation for loss of tax revenue pursuant to this section shall be applied to the same purposes as is the tax revenue from the assessment and collection of taxes on real property of these municipalities, and to accomplish this end
the sums shall be apportioned in the same manner as the general tax rate of the municipality for the tax year preceding the year of receipt.

e. For the purposes of this section, lands owned in fee simple by the State for recreation and conservation purposes shall mean State parks and forests, as defined pursuant to section 3 of P.L.1983, c.324 (C.13:1L-3), State wildlife management areas, and any other lands owned in fee simple by the State and administered by the Department of Environmental Protection for recreation and conservation purposes.

C.13:8C-31 Use of lands acquired, developed by State using dedicated money.

31. Lands acquired or developed by the State for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part shall not be conveyed, disposed of, or diverted to use for other than recreation and conservation purposes without the approval of the commissioner and the State House Commission established pursuant to R.S.52:20-1 et seq. Approval shall not be given unless the commissioner shall agree to pay an amount equal to or greater than the fair market value of the land at the time of the proposed conveyance, disposal, or diversion, as determined by the State House Commission, into the Garden State Green Acres Preservation Trust Fund; and the amount to be paid shall be determined also in accordance with the requirements of P.L.1993, c.38 (C.13:1D-51 et seq.). Moneys so returned to that fund shall be deemed wholly a part of the portion of that fund available for the acquisition by the State of lands for recreation and conservation purposes as provided pursuant to this act.

C.13:8C-32 Use of lands acquired, developed by local government unit, tax exempt nonprofit organization using dedicated money.

32. a. Lands acquired or developed by a local government unit or a qualifying tax exempt nonprofit organization for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part shall not be conveyed, disposed of, or diverted to a use for other than recreation and conservation purposes without the approval of the commissioner and the State House Commission and following a public hearing held at least one month prior to those approvals. Approval of the commissioner and the State House Commission shall not be given unless the local government unit or qualifying tax exempt nonprofit organization agrees to (1) replace the lands with lands of equal or greater fair market value and of reasonably equivalent size, quality, location, and usefulness for recreation and conservation purposes, as approved by the commissioner, or (2) pay an amount equal to or greater than the fair market value of the lands, as determined by the commission, into the Garden State Green Acres Preservation Trust Fund. Moneys so returned to that fund shall be deemed wholly a part of the portion of that fund available for grants or loans to local
government units or grants to qualifying tax exempt nonprofit organizations for the acquisition of lands for recreation and conservation purposes as provided pursuant to this act.

b. A local government unit that receives a grant or loan for recreation and conservation purposes pursuant to this act shall not convey, dispose of, or divert to a use for other than recreation and conservation purposes any lands held by the local government unit for those purposes at the time of receipt of the grant or loan without the approval of the commissioner and the State House Commission and following a public hearing held by the local government unit at least one month prior to those approvals. Approval of the commissioner and the State House Commission shall not be given unless the local government unit agrees to (a) replace the lands with lands of equal or greater fair market value and of reasonably equivalent size, quality, location, and usefulness for recreation and conservation purposes, as approved by the commissioner, or (b) pay an amount equal to or greater than the fair market value of the lands, as determined by the commission, into the Garden State Green Acres Preservation Trust Fund. Moneys so returned to that fund shall be deemed wholly a part of the portion of that fund available for grants or loans to local government units for the acquisition of lands for recreation and conservation purposes as provided pursuant to this act.

c. For the purposes of this section, "fair market value" shall mean the fair market value at the time of the proposed conveyance, disposal, or diversion.

C.13:8C-33 Permissible actions by local government unit for other lands.

33. a. For lands held by a local government unit for recreation and conservation purposes that were neither acquired nor developed for any of those purposes with any financial assistance from the State, and which have been included in an inventory of lands prepared for the purposes of complying with section 32 of this act, the local government unit may (1) change the recreation and conservation purpose for which the lands are being used to another recreation and conservation purpose, including but not limited to developing the lands for public outdoor recreation, or (2) construct a building or other structure on the lands for public indoor recreation, provided that the local government unit has held at least one public hearing on the proposed change in purpose or use at least 90 days prior to final approval thereof by the local government unit. Any action taken by a local government unit pursuant to this section shall not be deemed to be a conveyance, disposal, or diversion for the purposes of subsection b. of section 32 of this act.
b. The local government unit shall provide to the commissioner (1) at least 30 days' advance written notice of any public hearing to be held on any such change in purpose or use, (2) within 90 days after final approval of the change in purpose or use by the local government unit, written proof that any such public hearing was held, and (3) written notice of the change in purpose or use within 90 days after it has been effected.

C.13:8C-34 Conveyance of land by local government unit, conditions.

34. a. A local government unit may convey lands held by the local government unit for recreation and conservation purposes to the federal government, the State, another local government unit, or a qualifying tax exempt nonprofit organization, provided that (1) the lands will continue to be preserved and used for recreation and conservation purposes, (2) any restrictions on the lands when they were held by the local government unit are maintained by the new owner, and (3) at least one public hearing on the proposed conveyance is held by the local government unit at least 90 days prior to final approval thereof by the local government unit.

b. The local government unit shall provide to the commissioner (1) at least 30 days' advance written notice of any public hearing to be held on any such conveyance, (2) within 90 days after final approval of the conveyance by the local government unit, written proof that any such public hearing was held, and (3) written notice of the conveyance within 90 days after it has been executed.

C.13:8C-35 Conveyance of land acquired using dedicated money by State, county, local government unit, restrictions.

35. a. No lands acquired or developed by the State for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part may be conveyed except in accordance with the provisions of this act, P.L.1993, c.38 (C.13:1D-51 et seq.), and any other applicable law.

b. No lands acquired or developed by a county for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part may be conveyed except in accordance with the provisions of this act, P.L.1993, c.36 (C.40A:12-13.5 et seq.), and any other applicable law.

c. No lands acquired or developed by a local government unit, other than a county, for recreation and conservation purposes using constitutionally dedicated moneys in whole or in part may be conveyed except in accordance with the provisions of this act and any other applicable law.

C.13:8C-36 Operation, maintenance of lands.

36. A local government unit that receives a grant or loan for recreation and conservation purposes pursuant to this act shall satisfactorily operate and maintain the lands acquired or developed pursuant to the conditions of the agreement between the local government unit and the department when
the grant or loan is made. In the event that the local government unit cannot or will not correct deficiencies in the operation and maintenance within a reasonable time period, the commissioner may require the repayment of all or a portion of the grant or loan amount received by the local government unit.

C.13:8C-37 Use of funds appropriated for farmland preservation.

37. a. Moneys appropriated from the Garden State Farmland Preservation Trust Fund to the State Agriculture Development Committee for farmland preservation purposes shall be used by the committee to:

(1) Provide grants to local government units to pay up to 80% of the cost of acquisition of development easements on farmland, and to qualifying tax exempt nonprofit organizations to pay up to 50% of the cost of acquisition of development easements on farmland as provided in section 39 of this act, provided that any funds received for the transfer of a development easement shall be dedicated to the future purchase of development easements on farmland and the State's pro rata share of any such funds shall be deposited in the Garden State Farmland Preservation Trust Fund to be used for the purposes of that fund and provided that the terms of any such development easement to be acquired by a qualifying tax exempt nonprofit organization shall be approved by the committee;

(2) Provide grants to local government units to pay up to 80% of the cost of acquisition of fee simple titles to farmland from willing sellers only, and to qualifying tax exempt nonprofit organizations to pay up to 50% of the cost of acquisition of fee simple titles to farmland from willing sellers only as provided in section 39 of this act, which shall be offered for resale or lease with agricultural deed restrictions, as determined by the committee, and any proceeds received from a resale shall be dedicated for farmland preservation purposes and the State's pro rata share of any such proceeds shall be deposited in the Garden State Farmland Preservation Trust Fund to be used for the purposes of that fund;

(3) Pay the cost of acquisition by the State of development easements on farmland, provided that any funds received for the transfer of a development easement shall be deposited in the Garden State Farmland Preservation Trust Fund to be used for the purposes of that fund; and

(4) Pay the cost of acquisition by the State of fee simple titles to farmland from willing sellers only, which shall be offered for resale or lease with agricultural deed restrictions, as determined by the committee, and any proceeds received from a resale or lease shall be deposited in the Garden State Farmland Preservation Trust Fund to be used for the purposes of that fund.

b. Moneys appropriated from the fund may be used to match grants, contributions, donations, or reimbursements from federal aid programs or
from other public or private sources established for the same or similar purposes as the fund.

C.13:8C-38 Acquisitions, grants with respect to farmland preservation.

38. a. All acquisitions or grants made pursuant to section 37 of this act shall be made with respect to farmland devoted to farmland preservation under programs established by law.

b. The expenditure and allocation of constitutionally dedicated moneys for farmland preservation purposes shall reflect the geographic diversity of the State to the maximum extent practicable and feasible.

c. The committee shall implement the provisions of section 37 of this act in accordance with the procedures and criteria established pursuant to the "Agriculture Retention and Development Act," P.L.1983, c.32 (C.4:1C-11 et seq.) except as provided otherwise by this act.

d. The committee shall adopt the same or a substantially similar method for determining, for the purposes of this act, the committee's share of the cost of a development easement on farmland to be acquired by a local government as that which is being used by the committee on the date of enactment of this act for prior farmland preservation funding programs.

e. Notwithstanding the provisions of section 24 of P.L.1983, c.32 (C.4:1C-31) or this act, or any rule or regulation adopted pursuant thereto, to the contrary, whenever the value of a development easement on farmland to be acquired using constitutionally dedicated moneys in whole or in part is determined based upon the value of any pinelands development credits allocated to the parcel pursuant to P.L.1979, c.111 (C.13:18A-1 et seq.) and the pinelands comprehensive management plan adopted pursuant thereto, the committee shall determine the value of the development easement by:

1) conducting a sufficient number of fair market value appraisals as it deems appropriate to determine the value for farmland preservation purposes of the pinelands development credits;

2) considering development easement values in counties, municipalities, and other areas (a) reasonably contiguous to, but outside of, the pinelands area, which in the sole opinion of the committee constitute reasonable development easement values in the pinelands area for the purposes of this subsection, and (b) in the pinelands area where pinelands development credits are or may be utilized, which in the sole opinion of the committee constitute reasonable development easement values in the pinelands area for the purposes of this subsection;

3) considering land values in the pinelands regional growth areas;

4) considering the importance of preserving agricultural lands in the pinelands area; and
(5) considering such other relevant factors as may be necessary to increase participation in the farmland preservation program by owners of agricultural lands located in the pinelands area.

f. No pinelands development credit that is acquired or obtained in connection with the acquisition of a development easement on farmland or fee simple title to farmland by the State, a local government unit, or a qualifying tax exempt nonprofit organization using constitutionally dedicated moneys in whole or in part may be conveyed in any manner. All such pinelands development credits shall be retired permanently.

g. (1) For State fiscal years 2000 through 2004 only, when the department, a local government unit, or a qualifying tax exempt nonprofit organization seeks to acquire a development easement on farmland or the fee simple title to farmland for farmland preservation purposes using constitutionally dedicated moneys in whole or in part, it shall conduct or cause to be conducted an appraisal or appraisals of the value of the lands that shall be made using the land use zoning of the lands (a) in effect at the time of proposed acquisition, and (b) in effect on November 3, 1998 as if that land use zoning is still in effect at the time of proposed acquisition. The higher of those two values shall be utilized by the department, a local government unit, or a qualifying tax exempt nonprofit organization as the basis for negotiation with the landowner with respect to the acquisition price for the lands. The landowner shall be provided with both values determined pursuant to this paragraph. A landowner may waive any of the requirements of this paragraph and may agree to sell the lands for less than the values determined pursuant to this paragraph.

(2) The requirements of this subsection shall be in addition to any other requirements of law, rule, or regulation not inconsistent therewith.

(3) This subsection shall not:

(a) apply if the land use zoning of the lands at the time of proposed acquisition has not changed since November 3, 1998;

(b) apply in the case of lands to be acquired with federal moneys in whole or in part;

(c) apply in the case of lands to be acquired in accordance with subsection e. of this section;

(d) apply to projects funded using constitutionally dedicated moneys appropriated pursuant to the annual appropriations act for State fiscal year 2000 (P.L.1999, c.138); or

(e) alter any requirements to disclose information to a landowner pursuant to the "Eminent Domain Act of 1971," P.L.1971, c.361 (C.20:3-1 et seq.).

h. Any farmland for which a development easement or fee simple title has been acquired pursuant to section 37 of this act shall be entitled to the

C.13:8C-39 Grant to qualifying tax exempt nonprofit organization for farmland.

39. a. The committee may provide a grant to a qualifying tax exempt nonprofit organization for up to 50% of the cost of acquisition of (1) a development easement on farmland, provided that the terms of any such development easement shall be approved by the committee, or (2) fee simple title to farmland, which shall be offered for resale or lease with an agricultural deed restriction, as determined by the committee, and any proceeds received from a resale shall be dedicated for farmland preservation purposes and the State's pro rata share of any such proceeds shall be deposited in the Garden State Farmland Preservation Trust Fund to be used for the purposes of that fund.

b. The value of a development easement or fee simple title shall be established by two appraisals conducted on each parcel and certified by the committee. The appraisals shall be conducted by independent professional appraisers selected by the qualifying tax exempt nonprofit organization and approved by the committee from among members of recognized organizations of real estate appraisers.

c. The appraisals shall determine the fair market value of the fee simple title to the parcel, as well as the fair market value of the parcel for agricultural purposes. The difference between the two values shall represent an appraisal of the value of the parcel for nonagricultural purposes, which shall be the value of the development easement.

d. Any grant provided to a qualifying tax exempt nonprofit organization pursuant to this section shall not exceed 50% of the appraised value of the development easement, or of the fee simple title in the case of fee simple acquisitions, plus up to 50% of any costs incurred including but not limited to the costs of surveys, appraisals, and title insurance.

e. The appraisals conducted pursuant to this section or the fair market value of land restricted to agricultural use shall not be used to increase the assessment and taxation of agricultural land pursuant to the "Farmland Assessment Act of 1964," P.L.1964, c.48 (C.54:4-23.1 et seq.).

f. To qualify to receive a grant pursuant to this section, the applicant shall:

(1) demonstrate that it has the resources to match the grant requested; and

(2) in the case of the acquisition of a development easement, agree not to convey the development easement except to the federal government, the State, a local government unit, or another qualifying tax exempt nonprofit organization, for farmland preservation purposes.
C.13:8C-40 Acquisition, permanent retirement of development easements on farmland.

40. a. The committee may acquire and permanently retire development easements on farmland.

   b. The committee shall evaluate the suitability of the acquisition of a development easement based upon the eligibility criteria listed in subsection b. of section 24 of P.L.1983, c.32 (C.4:1C-31) and any other criteria that may be adopted by the committee.

   c. Appraisals to determine the fair market value of a development easement to be acquired by the committee shall be conducted by appraisers approved by the committee and in a manner consistent with the process set forth in subsection c. of section 24 of P.L.1983, c.32 (C.4:1C-31).

   d. Any development easement acquired by the committee shall be held of record in the name of the committee.

C.13:8C-41 Use of moneys appropriated to New Jersey Historic Trust.

41. a. Moneys appropriated from the Garden State Historic Preservation Trust Fund to the New Jersey Historic Trust for historic preservation purposes shall be used by the New Jersey Historic Trust to provide grants to local government units or qualifying tax exempt nonprofit organizations to pay a portion of the cost of preservation of historic properties. Grants shall be awarded on a competitive basis based upon the following criteria:

   (1) submission of specific plans and objectives for the preservation of the architectural and historical integrity of the project, including a statement of public benefit and the need for the work proposed;

   (2) demonstration by the applicant of administrative capabilities to carry out the preservation plans required pursuant to paragraph (1) of this subsection;

   (3) evidence of ability to meet the eligibility standards set forth in subsection b. of this section; and

   (4) evidence that the historic property is and shall remain accessible to the public, or if it is not accessible to the public at the time of application, that it shall be made, and shall remain, accessible to the public.

   b. To qualify to receive a construction grant pursuant to this section, the applicant shall:

      (1) if not in ownership in fee simple of the property, obtain a valid lease of a term acceptable to the New Jersey Historic Trust within 18 months after the date of the appropriation by law of the moneys for the grant, or the grant for the project shall lapse into the Garden State Historic Preservation Trust Fund;

      (2) certify that the property is an historic property and, if it is not listed in the New Jersey Register of Historic Places pursuant to P.L.1970, c.268 (C.13:1B-15.128 et seq.), agree to list it in that register;
CHAPTER 152, LAWS OF 1999

(3) demonstrate that it has the resources to match the grant requested;
(4) agree, if requested by the New Jersey Historic Trust, to execute and donate at no charge to the New Jersey Historic Trust or another entity designated by the New Jersey Historic Trust, an historic preservation restriction pursuant to P.L.1979, c.378 (C.13:8B-1 et seq.) on the historic property; and
(5) in the case of a qualifying tax exempt nonprofit organization, agree not to convey the historic property to any person or organization that does not have tax exempt nonprofit or governmental status without the approval of the New Jersey Historic Trust.

c. Moneys raised within two years prior to the date of enactment of this act for ongoing historic preservation projects may be used by an applicant to meet the matching requirements of this section, but moneys raised prior thereto may not be used for that purpose.
d. No grant awarded pursuant to this section may exceed $750,000.
e. Recipients of grants awarded pursuant to this section shall reflect the racial, ethnic, and geographic diversity of the State.
f. Any local government unit or qualifying tax exempt nonprofit organization awarded a grant pursuant to this section shall execute a contract between that entity and the New Jersey Historic Trust within 18 months after the date of the appropriation by law of the moneys for the grant, or the grant for the project shall lapse into the Garden State Historic Preservation Trust Fund.
g. The New Jersey Historic Trust shall establish an advisory committee composed of trustees of the New Jersey Historic Trust and other individuals with the requisite professional expertise to evaluate the grant applications submitted pursuant to this section and to advise the New Jersey Historic Trust on the merits of each application received.
h. Moneys appropriated from the fund may be used to match grants, contributions, donations, or reimbursements from federal aid programs or from other public or private sources established for the same or similar purposes as the fund.

C.13:8C-42 Rules, regulations; contracts; study of utility easements.

42. a. The Department of Environmental Protection, the State Agriculture Development Committee, the New Jersey Historic Trust, and the Department of the Treasury shall each adopt, pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), such rules and regulations as may be necessary to implement and carry out the goals and objectives of Article VIII, Section II, paragraph 7 of the State Constitution and this act.
b. Notwithstanding the provisions of any law to the contrary, any rules and regulations of the Department of Environmental Protection, the State Agriculture Development Committee, the New Jersey Historic Trust, and the Department of the Treasury that have been adopted pursuant to the "Administrative Procedure Act" and are in effect as of the date of enactment of this act, that are not inconsistent with the provisions of this act, and that pertain to the Green Acres, farmland preservation, and historic preservation programs continued pursuant to this act, shall continue in effect until amended or supplemented and readopted as necessary to reflect the provisions and requirements of Article VIII, Section II, paragraph 7 of the State Constitution and this act.

c. In order to implement the funding provisions provided for in this act, the State Treasurer, the Department of Environmental Protection, the State Agriculture Development Committee, the New Jersey Historic Trust, and the Garden State Preservation Trust are hereby authorized to enter into one or more contracts. The contracts shall commence in the State fiscal year beginning July 1, 1999, and provide for the credit to the Garden State Preservation Trust Fund Account in the amounts provided for in section 17 of this act and for the payment to the Garden State Preservation Trust of the amounts credited to the Garden State Preservation Trust Fund Account in accordance with the provisions of section 17 of this act. The contracts shall also provide for the payment by the Garden State Preservation Trust of the amounts provided for in section 18 of this act and for expenditures from the Garden State Green Acres Preservation Trust Fund, the Garden State Farmland Preservation Trust Fund, and the Garden State Historic Preservation Trust Fund, as provided in section 18 of this act. The contract or contracts shall be on terms and conditions as determined by the parties and may contain terms and conditions necessary and desirable to secure the bonds, notes and other obligations of the Garden State Preservation Trust, provided, however, that the incurrence of any obligation by the State under the contract or contracts, including any payments to be made thereunder from the Garden State Preservation Trust Fund Account, the Garden State Green Acres Preservation Trust Fund, the Garden State Farmland Preservation Trust Fund, or the Garden State Historic Preservation Trust Fund, as provided in sections 17, 19, 20, and 21 of this act, shall be subject to and dependent upon appropriations being made from time to time by the Legislature for the purposes of this act.

d. Within one year after the date of enactment of this act, the Department of Environmental Protection, the State Agriculture Development Committee, and the State House Commission established pursuant to R.S.52:20-1 et seq., shall conduct a study of the process by which easements are granted to public utilities, as defined in Title 48 of the Revised Statutes,
on lands acquired for recreation and conservation purposes or for farmland preservation purposes, and prepare and submit to the Legislature a written report of the study findings together with any recommendations for legislative or administrative action that would improve that process. The agencies shall jointly hold at least one public hearing to receive testimony on the issue prior to preparation of the report.

50. R.S.34:15-10 is amended to read as follows:

Employment of minors.

34:15-10. In the employment of minors, this article shall be presumed to apply unless the notice be given by or to the parent or guardian of the minor. If the injured employee at the time of the accident or compensable occupational disease is a minor under 14 years of age employed in violation of the labor law or a minor between 14 and 18 years of age employed, permitted or suffered to work without an employment certificate or special permit if required by law or at an occupation prohibited at the minor's age by law, a compensation or death benefit shall be payable to the employee or his dependents which shall be double the amount payable under the schedules provided in R.S.34:15-12 and R.S.34:15-13.

The possession of such duly issued employment certificate shall be conclusive evidence for an employer that the minor has reached the age certified to therein and no extra compensation shall be payable to any minor engaged in an employment allowed by the law for the age and sex certified to in such certificate. If the certificate presented by the employee as one issued to that person shall have been really issued to another child and the real age of the employee shall be such that employment in any capacity or in the particular capacity the employee was employed by the employer was prohibited and if the employer shall show to the satisfaction of the Division of Workers' Compensation that the employer accepted the certificate in good faith as having been issued to the employee and could not have, despite reasonable diligence, discovered the fraud, in such event no extra compensation shall be paid to the employee illegally employed.

The employer alone and not the insurance carrier shall be liable for the extra compensation or death benefit which is over and above the amount of the compensation or death benefit provided under R.S.34:15-12 or R.S.34:15-13. Any provision in an insurance policy undertaking to relieve an employer from the liability for the extra compensation or extra death benefit shall be void.

Nothing in this chapter contained shall deprive an infant under the age of 18 years of the right or rights now existing to recover damages in a common law or other appropriate action or proceeding for injuries received by reason of the negligence of his or her master.

51. R.S.34:15-43 is amended to read as follows:

No former employee who has been retired on pension by reason of injury or disability shall be entitled under this section to compensation for such injury.
or disability; provided, however, that such employee, despite retirement, shall, nevertheless, be entitled to the medical, surgical and other treatment and hospital services as set forth in R.S.34:15-15.

Benefits available under this section to emergency management volunteers and volunteers participating in activities of the Division of Parks and Forestry, the Division of Fish, Game and Wildlife, the New Jersey Natural Lands Trust or the New Jersey Historic Trust, shall not be paid to any claimant who has another single source of injury or death benefits that provides the claimant with an amount of compensation that exceeds the compensation available to the claimant under R.S.34:15-1 et seq.

As used in this section, the terms "doing public fire duty" and "who may be injured in line of duty," as applied to members of volunteer fire companies, county fire marshals or assistant county fire marshals, and the term "doing public first aid or rescue duty," as applied to active volunteer first aid or rescue squad workers, shall be deemed to include participation in any authorized construction, installation, alteration, maintenance or repair work upon the premises, apparatus or other equipment owned or used by the fire company or the first aid or rescue squad, participation in any authorized public drill, showing, exhibition, fund raising activity or parade, and to include also the rendering of assistance in case of fire and, when authorized, in connection with other events affecting the public health or safety, in any political subdivision or territory of another state of the United States or on property ceded to the federal government while such assistance is being rendered and while going to and returning from the place in which it is rendered.

Every member of a volunteer fire company shall be deemed to be doing public fire duty under the control or supervision of any such commission, council, governing body, board of fire commissioners or fire district or board of managers of any State institution within the meaning of this section, if such control or supervision is provided for by statute or by rule or regulation of the board of managers or the superintendent of such State institution, or if the fire company of which he is a member receives contributions from, or a substantial part of its expenses or equipment are paid for by, the municipality, or board of fire commissioners of the fire district or if such fire company has been or hereafter shall be designated by ordinance as the fire department of the municipality.

Every active volunteer, first aid or rescue squad worker, including every authorized worker who is not a member of the volunteer fire company within which the first aid or rescue squad may have been created, shall be deemed to be doing public first aid or rescue duty under the control or supervision of any such commission, council, governing body, board of fire commissioners or fire district within the meaning of this section if such control or supervision is provided for by statute, or if the first aid or rescue squad of which he is a member or authorized worker receives or is eligible to receive contributions from, or a substantial part of its expenses or equipment are paid for by, the municipality, or board of fire commissioners of the fire district, or if such first aid or rescue squad has been or hereafter shall be designated by ordinance as the first aid or rescue squad of the municipality.

As used in this section and in R.S.34:15-74, the term "authorized worker" shall mean and include, in addition to an active volunteer fireman and an active volunteer first aid or rescue squad worker, any person performing any public fire duty or public first aid or rescue squad duty, as the same are defined in this section, at the request of the chief or acting chief of a fire company or the president or person in charge of a first aid or rescue squad for the time being.

Nothing herein contained shall be construed as affecting or changing in any way the provisions of any statute providing for sick, disability, vacation or other leave for public employees or any provision of any retirement or pension fund provided by law.

(2) The timetable for implementation adopted by the commissioner shall provide for extensions and waivers of the implementation requirement
pursuant to paragraph (1) of this subsection in cases when it has been demonstrated to the commissioner's satisfaction that compliance with the timetable for implementation will result in an undue hardship to a hospital, medical or health service corporation, individual or group health insurer, health maintenance organization, dental service corporation, dental plan organization or prepaid prescription service organization, respectively, or a subsidiary of such corporation, insurer or organization that processes health care benefits claims as a third party administrator, authorized to do business in this State.

payment and shall be made upon motion based upon affidavits showing
sufficient reasons for the failure to file the claim with the third party payer
within 180 days.

c. The provisions of this section shall not apply to any claims filed
pursuant to P.L.1972, c.70 (C.39:6A-1 et seq.).
d. A health care professional who violates the provisions of subsection
a. of this section may be subject to a civil penalty of $250 for each violation
plus $50 for each day after the 60th day that the provider fails to submit a
claim. The penalty shall be sued for and collected by the Division of
Consumer Affairs in the Department of Law and Public Safety pursuant to
"the penalty enforcement law," N.J.S.2A:58-1 et seq.

14. Effective 12 months after the adoption of regulations establishing
standard health care enrollment and claim forms by the Commissioner of
Banking and Insurance pursuant to section 1 of P.L.1999, c.154 (C.17B:30-
23), a health care facility licensed pursuant to P.L.1971, c.136 (C.26:2H-1
et seq.) is responsible for filing all claims for third party payment, including
claims filed on behalf of the health care facility's patient for any health care
service provided by the health care facility that is eligible for third party
payment, except that at the patient's option, the patient may file the claim for
third party payment.

a. In the case of a claim filed on behalf of the health care facility's
patient, the health care facility shall file the claim within 60 days of the last
date of service for a course of treatment, on the standard claim form adopted
by the Commissioner of Banking and Insurance pursuant to section 1 of

claim form adopted by the Commissioner of Banking and Insurance
pursuant to section 1 of P.L.1999, c.154 (C.17B:30-23). If the health care
facility does not file the claim within 180 days of the last date of service for a course of treatment, the third party payer shall reserve the right to deny payment of the claim, in accordance with regulations established by the Commissioner of Banking and Insurance, and the health care facility shall be prohibited from seeking any payment directly from the patient.

1. In establishing the standards for denial of payment, the Commissioner of Banking and Insurance shall consider the length of delay in filing the claim, the good faith use of information provided by the patient to the health care facility with respect to the identity of the patient's third party payer, delays in filing a claim related to coordination of benefits between third party payers and any other factors the commissioner deems appropriate, and, accordingly, shall define specific instances where the sanctions permitted pursuant to this subsection shall not apply.

2. A health care facility which fails to file a claim within 180 days and whose claim for payment has been denied by the third party payer in accordance with this subsection may, in the discretion of a judge of the Superior Court, be permitted to refile the claim if the third party payer has not been substantially prejudiced thereby. Application to the court for permission to refile a claim shall be made within 14 days of notification of denial of payment and shall be made upon motion based upon affidavits showing sufficient reasons for the failure to file the claim with the third party payer within 180 days.

c. The provisions of this section shall not apply to any claims filed pursuant to P.L.1972, c.70 (C.39:6A-1 et seq.).

d. A health care facility which violates the provisions of subsection a. of this section may be subject to a civil penalty of $250 for each violation plus $50 for each day after the 60th day that the health care facility fails to submit a claim. CHAPTER 156

AN ACT concerning special municipal aid and extraordinary municipal aid, amending and supplementing P.L.1987, c.75, amending P.L.1991, c.63, supplementing Title 52 of the Revised Statutes, amending the State Fiscal Year 2000 annual appropriations act, and making an appropria-
CHAPTER 156, LAWS OF 1999

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of P.L.1987, c.75 (C.52:27D-118.25) is amended to read as follows:

C.52:27D-118.25 Findings, declarations.

2. The Legislature finds that certain large and small municipalities in this State experience fiscal distress as a result of insufficient collection of tax revenues, insufficient collection of other revenues, over-anticipation of revenues of prior years, or from other causes; that these municipalities function within stringent budgetary constraints, straining their revenue sources to provide basic public services for their residents; that these municipalities may benefit from the expertise of the State in recommending fiscal recovery measures designed to alleviate the fiscal distress they are currently experiencing; and that short-term State assistance, in the form of State grants and loans, may provide the temporary revenue bridge these few municipalities need in order to overcome their current difficulties and regain their financial stability.

The Legislature, therefore, declares that it is fitting and proper, and within the public interest, to provide loans and grants to certain municipalities experiencing budgetary difficulties in generating adequate local revenues in order to assist those municipalities not only in meeting their immediate budgetary needs, but also to enable them to regain their financial stability.

2. Section 3 of P.L.1987, c.75 (C.52:27D-118.26) is amended to read as follows:

C.52:27D-118.26 Definitions.

3. As used in this act:

"Board" means the Local Finance Board of the Division of Local Government Services in the Department of Community Affairs.

"Director" means the Director of the Division of Local Government Services in the Department of Community Affairs.

"Eligible municipality" means a municipality that is qualified to receive assistance under P.L.1978, c.14 (C.52:27D-178 et seq.), a municipality under the supervision of the Local Finance Board pursuant to the provisions of the "Local Government Supervision Act (1947)," P.L.1947, c.151 (C.52:27BB-1 et seq.), a municipality that has issued qualified bonds pursuant to the provisions of the "Municipal Qualified Bond Act," P.L.1976, c.38 (C.40A:3-1 et seq.), or a municipality identified by the director to be facing serious fiscal distress.
3. Section 5 of P.L. 1987, c.75 (C.52:27D-118.28) is amended to read as follows:

C.52:27D-118.28 Finding of fiscal distress; notification; review.

5. Whenever the director, during the exercise of the director's duty under the provisions of the "Local Budget Law," N.J.S.40A:4-1 et seq., to examine each local budget, or upon the basis of any other information and data available to the director, shall find that an eligible municipality is experiencing fiscal distress and may require assistance under P.L. 1987, c.75 (C.52:27D-118.24 et seq.), the director shall notify the Local Finance Board of the director's finding. The director's finding of fiscal distress in an eligible municipality may be based on the municipality's tax rate, cash deficit, insufficient percentage of tax collections, insufficient collection of other revenues, over-anticipation of the revenues of prior years, non-liquidation of interfund transfers, reliance on emergency authorizations, continual rollover of tax anticipation notes, or other factors indicating a constrained ability to raise sufficient revenues to meet its budgetary requirements.

At a time and place determined by the director, the governing body of the eligible municipality, and any other interested parties the director may deem appropriate, shall meet to review the implementation of the provisions of P.L. 1987, c.75 (C.52:27D-118.24 et seq.). The review shall include, but not be limited to:

a. The director's assessment of the difference between the eligible municipality's revenue needs for the current local budget year and its revenue raising capacity for the current local budget year;

b. The actions the governing body of the eligible municipality intends to take in the current local budget year to meet the municipality's revenue needs; and

c. The actions the governing body intends to take to expand the eligible municipality's local revenue generating capacity for subsequent local budget years.

After the review has taken place, the director shall notify the board of the findings of the review and shall recommend to the board actions necessary to be taken by the municipality, which may include the provision of short-term financial aid.

4. Section 6 of P.L. 1987, c.75 (C.52:27D-118.29) is amended to read as follows:
6. a. The board shall determine the total amounts of grants and loans, or any combination thereof, to be provided to each eligible municipality and the director shall certify that amount to the State Treasurer and the governing body of the eligible municipality. In the case of loans to an eligible municipality, the board shall set forth the terms of the loan agreement, including whether or not any interest shall be paid and, if so, the rate of that interest. The term of a loan authorized under the provisions of P.L. 1987, c.75 (C.52:27D-118.24 et seq.) shall not exceed 10 years.

As a condition of receiving assistance under the provisions of P.L.1987, c.75 (C.52:27D-118.24 et seq.), an eligible municipality shall implement any government, administrative and operational efficiency, and oversight measures necessary for the fiscal recovery of the municipality as recommended by the director and approved by the board, and be subject to management and fiscal audit by the director.

The determination of the board pursuant to P.L.1987, c.75 as to the amount of financial assistance to be paid to an eligible municipality shall be final and conclusive, and there shall be no appeal therefrom nor any review thereof.

b. The director may withhold from an eligible municipality any State aid payments that are disbursed by the Division of Local Government Services if the director finds the municipality has failed to implement fiscal recovery measures approved by the board. Upon withholding aid payment, the director shall report to the board the circumstances surrounding the reasons for withholding aid. The board shall then hold a hearing to give the eligible municipality an opportunity to explain why such aid payments should not continue to be withheld, and what action the eligible municipality plans to take to implement the fiscal recovery measures. Upon completion of the hearing, the board shall determine if State aid payments should continue to be made to the municipality, establish a schedule for such payments when appropriate, and determine what other actions should be taken.

c. If an eligible municipality receives increased amounts of aid under P.L.1987, c.75 (C.52:27D-118.24 et seq.) after January 1, 1999 and continues to receive such aid for two continuous fiscal years, at the end of each second year, or at such other time the board deems appropriate, the board shall hold a hearing for the eligible municipality to demonstrate why the board should not create a financial review board to oversee the fiscal condition of the eligible municipality. If the board finds that the eligible municipality has successfully implemented fiscal recovery measures or has otherwise acted to improve sufficiently its fiscal condition, the board shall
permit the eligible municipality to continue to receive aid without the creation of a financial review board and be subject to such other fiscal recovery conditions the board may place on it; otherwise, the board shall order, by resolution, the creation of a financial review board to operate in accordance with the provisions of subsections b. through d. of section 5 of P.L.1999, c.156 (C.52:27D-118.30a).

C.52:27D-118.30a Creation of financial review board for municipality.

5. a. Upon a finding by the director that an eligible municipality possesses conditions that create extreme difficulty in adopting a budget in compliance with the "Local Budget Law," N.J.S.40A:4-1 et seq., in issuing indebtedness as permitted by law, or in funding capital improvements essential to the protection of the public health, safety, and welfare, the board may create, by resolution, a financial review board for that municipality.

b. A financial review board shall be authorized to approve, implement and enforce a financial plan for any municipality in which it has been created. A financial review board so created shall consist of five members, one of whom shall be the mayor of the municipality or the mayor's designee; one of whom shall be appointed by the Governor and shall be a resident of the municipality who is not an elected official or employee of the municipality; one of whom shall be the Commissioner of the Department of Community Affairs or the commissioner's designee; one of whom shall be the State Treasurer or the Treasurer's designee; and one of whom shall be appointed by the Governor and shall be an officer of the Executive Branch of State government. The financial review board shall exercise its powers and duties under rules and regulations adopted by the board. A municipality subject to a financial review board shall establish a financial plan, subject to the financial review board's approval, to address the budgetary, operational, capital and economic development needs of the municipality. The financial review board shall also have the power to approve: the annual budget of the municipality, the issuance of debt, all contracts entered into during the time of supervision of the financial review board, and municipal expenditures, if so directed by the board, to the extent that the financial review board shall specify. The financial review board may delegate to the municipality such of its powers, under such circumstances and subject to such conditions, as it may determine. A financial review board shall operate until such time that the board finds that the conditions that led to the creation of the financial review board have been substantially abated.

c. At the end of each year of its operation the financial review board shall report to the board on its activities. The report shall include: a review of the financial review board's activities generally; the status of the municipality's finances; recommendations concerning the municipality's
fiscal condition; the criteria for municipal performance which will lead the financial review board to recommend to the board that the financial review board be dissolved; a review of the municipality's economic development needs, and policy recommendations that would achieve those goals; comment on the municipality's compliance with the financial review board's directives; and any other information the financial review board deems necessary. After review, a copy of the financial review board's report and any comments of the board shall be forwarded to Governor, the Senate President, the Senate Minority Leader, the Speaker of the General Assembly, and the Assembly Minority Leader.

d. The board shall review the status of each municipality in which a financial review board has been created at least each two years, at which time the municipality shall be given the opportunity to demonstrate why the financial review board should be ended or its role modified. The board shall determine whether the municipality shall continue to be subject to the oversight of the financial review board and if the conditions that led to the creation of the financial review board have been substantially abated, and shall take such other actions as the board deems appropriate in light of the municipality's financial condition.

6. Section 4 of P.L. 1991, c.63 (C.52:27D-118.35) is amended to read as follows:

D.52:27D-118.35 Distributions of extraordinary aid.

4. The director shall on or before December 31, 1991 and annually thereafter make distributions of "Supplemental Municipal Property Tax Relief Act" extraordinary aid. The director shall annually notify the chief financial officer of each municipality, other than a municipality that received $500,000 or more in regular grant financial assistance in the prior year pursuant to the "Special Municipal Aid Act," P.L. 1987, c.75 (C.52:27D-118.24 et seq.), that, in addition to State aid provided pursuant to section 3 of P.L.1991, c.63 (C.52:27D-118.34), the municipality is eligible to apply for "Supplemental Municipal Property Tax Relief Act" extraordinary aid. The municipality may apply to the board for financial assistance pursuant to this section on forms promulgated by the director.

5. Section 5 of P.L. 1991, c.63 (C.52:27D-118.36) is amended to read as follows:

D.52:27D-118.36 Selection of recipients of extraordinary aid.

5. The director shall select among the municipalities that have applied for extraordinary aid pursuant to section 4 of P.L.1991, c.63 (C.52:27D-118.35) and shall forward to the board the list of selected municipalities...
municipalities along with the amount of financial assistance to be paid to each municipality. The director in selecting among those eligible municipalities for payment of extraordinary aid shall use criteria which shall include:

a. whether a municipality is experiencing fiscal distress, whether the cost of providing municipal services is extraordinarily high, and whether the tax base is inadequate to meet property tax demands;

b. whether a municipality will use the extraordinary aid for costs associated with activities that improve operations and provide short-term and long-term property tax savings, including but not limited to shared and regionalized services, enhanced tax and revenue collection efforts and other activity that can be demonstrated to meet those requirements; or

c. whether a municipality has incurred other unusual or atypical expenses.

C.52:27D-118.30c Transfers authorized to provide loan.

8. The State Treasurer, in consultation with the Commissioner of the Department of Community Affairs, is empowered to direct the Director of the Division of Budget and Accounting to transfer from any State department to any other State department sums as may be necessary to provide a loan for a term not to exceed 30 days to a municipality faced with a fiscal crisis, including but not limited to a potential default on tax anticipation notes. Extension of a loan shall be conditioned on the municipality being an "eligible municipality" pursuant to P.L.1987, c.75 (C.52:27D-118.24 et seq.).

C.52:27D-118.30b Authority to approve continuation of financial review board for City of Camden.

9. Notwithstanding the provisions of section 5 of P.L.1999, c.156 (C.52:27D-118.30a) or any other law to the contrary, in addition to other powers conferred by law, the Local Finance Board is hereby authorized to approve, by resolution, the continuation of the financial review board for the City of Camden as constituted which was created by the Local Finance Board pursuant to P.L.1998, c.45. On and after the continuation of the financial review board pursuant to resolution of the Local Finance Board, the financial review board is deemed to be a financial review board created pursuant to section 5 of P.L.1999, c.156 (C.52:27D-118.30a), and in all other respects subject to the procedures pursuant to that section. CHAPTER 157

AN ACT authorizing the undertaking by the State and local governmental units of structured financing transactions, supplementing Title 52 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:
CHAPTER 157, LAWS OF 1999

C.52:31C-1 Short title.
1. This act shall be known and may be cited as the "Structured Financing Act."

C.52:31C-2 Findings, declarations relative to structured financing transactions.
2. The Legislature finds and declares that:
   a. In this era of limited sources of State and local revenues coupled with the increasing demands placed on State and local government to fulfill its governmental functions, the need exists to maximize the value of their assets;
   b. One possible way of maximizing such value is to utilize new and innovative financing structures which take advantage of the existing assets;
   c. A new and innovative financing structure that has been developed is the structured financing transaction whereby a governmental entity can obtain additional revenues by conveying its interest in its assets to other parties and by so conveying such interests, transfer certain benefits which the State or local government unit enjoys in connection with its assets, which would have value to the other party but of which the State or local government unit cannot take advantage;
   d. Entry into such structured financing transactions is not intended to interfere with the governmental unit's ownership, occupation or use of its assets, although under the terms of a structured financing transaction, upon the occurrence of certain events, the other party may have the right to exercise certain rights and remedies and to acquire certain interests which may interfere with the governmental unit's ownership, occupation or use of its assets;
   e. By the State or local government unit entering into such structured financing transactions, the State or local government unit can obtain additional revenues required to carry out its governmental functions without affecting the use by the State or local government unit of its assets for its governmental functions;
   f. It is in the best interests of the State or local government unit to be able to enter into structured financing transactions.

C.52:31C-3 Definitions relative to structured financing transactions.

A structured financing transaction shall not include the conveyance of fee simple title interest to real property, nor entail or permit a change in the operation or name of a State asset.

C.52:31C-4 Authority to enter into structured financing transaction.

4. Notwithstanding any other provisions of law to the contrary:
   a. The State Treasurer is authorized to enter into a structured financing transaction, on such terms, covenants and conditions and at such times as the State Treasurer may determine, to enter into, execute and deliver a structured financing agreement, and to do any act necessary or convenient to carrying out a structured financing transaction; provided that the State Treasurer shall not enter into a structured financing transaction relating to any State assets that are otherwise restricted by law, regulation or contract with respect to the transfer of the State’s interest in those assets. A structured financing transaction shall not result in a change in the use or occupancy by the State of the assets that are the subject of a structured financing transaction; provided however, that the structured financing transaction may permit that, upon the occurrence of certain events, the investor may have the right to exercise certain rights and remedies and to acquire certain interests which may interfere with or terminate the State’s ownership, occupation or use of the assets.
   b. No consent or approval of any State agency or State authority, other than the approval as required by subsection a. and subsection c. of this section, shall be required to effectuate a structured financing transaction and to enter into, execute, deliver and perform a structured financing agreement.
   c. If with respect to assets that are the subject of a structured financing agreement, the participation of a State agency or State authority is required, the State Treasurer shall not enter into that structured financing agreement without the consent of the participating State agency or State authority, as the case may be, and upon such consent if given, such State agency or State...
authority is hereby authorized, notwithstanding any other law to the contrary, to enter into, execute, deliver and perform a structured financing agreement upon such terms and conditions as such State agency, State authority and the State Treasurer shall determine; and no consent or approval of any other State agency or State authority, except as otherwise required by this section, shall be required to authorize entry into, execution, delivery and performance of a structured financing agreement. Notwithstanding anything to the contrary, the entry into, execution, delivery and performance of a structured financing agreement by the New Jersey Building Authority established pursuant to the "New Jersey Building Authority Act," P.L.1981, c.120 (C.52:18A-78.1 et seq.) shall not constitute a "project" for the purposes of the "New Jersey Building Authority Act."

e. The State Treasurer is authorized to engage, in such manner as the State Treasurer may determine, the services of financial advisors and experts, placement agents, underwriters, appraisers, and such other advisors, consultants and agents as may be necessary in the State Treasurer’s judgment to assist the State Treasurer in carrying out a structured financing transaction.

f. An obligation of the State to make payments pursuant to a structured financing transaction shall not constitute a general obligation of the State or a debt or a liability within the meaning of the State Constitution. An obligation of the State to make payments pursuant to a structured financing agreement shall be subject to and dependent upon appropriations being made by the Legislature for the purposes of this act. The net receipt made in connection with a structured financing transaction and received by the State Treasurer shall be deposited in the General Fund of the State.

(3) Take any actions necessary or convenient in connection with the establishment of the State payment account.

b. The Joint Budget Oversight Committee, or its successor, shall have authority to approve or disapprove of the structured financing transaction as included in each preliminary report submitted in accordance with subsection a. of this section. The committee shall approve or disapprove the transaction within 10 business days after physical receipt of the report. The committee shall notify the State Treasurer in writing of the approval or disapproval as expeditiously as possible.

c. No structured financing transaction shall be entered into unless the preliminary report has been submitted to and approved by the Joint Budget Oversight Committee, or its successor, as set forth in subsection b. of this section.

e. A final report for a structured financing agreement shall include a detailed explanation of the terms of the structured financing agreement including, but not limited to, the investor's obligations, the State assets, the amount of the State receipt, transaction charges and service agreements entered into as part of the structured financing transaction and the names of the parties to those agreements and those persons providing the services of counsel, financial advisors, payment bank, rating agencies, trustee, credit enhancement, liquidity facility; and the fees charged for those services.

C.52:31C-7 Construction of act as to State obligations.
7. Nothing in this act shall be deemed or construed as to limit, alter or impair in any way the rights and obligations of the State, a State agency or a State authority under the provisions of contracts made with the holders
from time to time of bonds, notes and other obligations heretofore or hereafter issued by the State, a State agency or a State authority with respect to assets that are the subject of a structured financing transaction.

C.52:31C-8 Immunity from personal liability.
8. No State Treasurer or any officer, director or employee of any State agency or State authority executing a structured financing agreement pursuant to this act shall be personally liable for any debt, obligation or other liability of the State, State agency, or State authority incurred by or on behalf of the State, State agency or State authority arising from a structured financing agreement.

C.52:31C-9 Powers constitute performance of essential governmental function; tax exemption.
9. The exercise of the powers granted by this act shall constitute the performance of an essential governmental function and no person shall be required to pay taxes or assessments upon or in respect of a State asset. The entry into, filing, and performance of a structured financing transaction and a structured financing agreement shall be free from taxation by any unit of local government including, without limitation, taxation imposed upon the filing of a structured financing agreement. No person shall be deemed to be doing business, or employing or owning capital or property in this State, for purposes of P.L.1945, c.162 (C.54:10A-1 et seq.), by reason of the entry into and performance of a structured financing agreement.

C.52:31C-10 Local procedures for undertaking structured financing agreements.
10. Notwithstanding any law to the contrary, the State Treasurer shall establish procedures under which a county or municipal governing board or a board of education may undertake structured financing agreements involving local assets in a manner similar to that provided for State assets.

11. This act shall be deemed to provide an additional, alternative and complete method for the doing of the things authorized hereby and shall be deemed and construed to be supplemental and additional to any powers conferred by other laws on public entities and not in derogation of any such powers now existing, provided that, it is the intent of the Legislature that in the event of any conflict or inconsistency in this act and any other law, general, special, or local now in existence or hereafter (unless with specific reference to this act) adopted, pertaining to matters herein established or provided, to the extent of the conflict or inconsistency, the provisions of this
act shall be enforced and the provisions of the other acts shall be of no effect.

C.52:31C-12 Severability.

12. If any clause, sentence, paragraph, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, the judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which the judgment shall have been rendered.

C.52:31C-13 Liberal construction.

13. This act shall be construed liberally to effectuate the legislative intent and the purposes of this act as complete and independent authority for the performance of each and every act and thing herein authorized and all powers herein granted shall be broadly interpreted to effectuate such intent and purposes and not as a limitation of powers.

14. This act shall take effect immediately.
