CHAPTER 3

AN ACT to amend and supplement the “New Jersey Housing Finance Agency Law of 1967,” approved May 31, 1967 (P. L. 1967, c. 81), and making an appropriation therefor.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 3 of P. L. 1967, c. 81 (C. 55:14J-3) is amended to read as follows:

3. The following terms wherever used or referred to in this act shall have the following meanings, unless a different meaning clearly appears from the context:
   (a) “Act” means this act and the rules and regulations adopted by the agency hereunder.
   (b) “Agency” means the New Jersey Housing Finance Agency created by section 4 of this act, or, if said agency shall be abolished by law, the person, board, body or commission succeeding to the powers and duties thereof or to whom such powers and duties shall be given by law.
   (c) “Bonds, bond anticipation notes and other obligations,” or “bonds, bond anticipation notes or other obligations” means any
bonds, notes, debentures or other evidences of financial indebtedness issued by the agency.

(d) "Family" means two or more persons related by blood, marriage or adoption who live or expect to live together as a single household in the same dwelling unit; provided, however, that any individual who (1) has attained retirement age as defined in section 216a of the Federal Social Security Act, or (2) is under a disability as defined in section 223 of that act, or (3) such other individuals as the agency by rule or regulation shall include, shall be considered as a family for the purpose of this act; and provided further, that the surviving member of a family whose other members died during occupancy of a housing project shall be considered as a family for purposes of permitting continued occupancy of the dwelling unit occupied by such family.

(e) "Family of moderate income" means a family (1) whose income is too low to compete successfully in the normal rental or mutual housing market, and (2) whose gross aggregate family income does not exceed the limits established under section 10 of this act.

(f) "Gross aggregate family income" means the total annual income of all members of a family, from whatever source derived, including but not limited to, pension, annuity, retirement and social security benefits, provided, however, that there may be excluded from income (1) such reasonable allowances for dependents, (2) such reasonable allowances for medical expenses, (3) all or any proportionate part of the earnings of gainfully employed minors or family members other than the chief wage earner, or (4) such income as is not received regularly, as the agency by rule or regulation may determine.

(g) "Housing project" or "project" means any work or undertaking, whether new construction or rehabilitation, which is designed for the primary purpose of providing decent, safe and sanitary dwelling units for families of moderate income in need of housing; such undertaking may include any buildings, land, equipment, facilities, or other real or personal properties which are necessary, convenient, or desirable appurtenances, such as, but not limited to streets, sewers, utilities, parks, site preparation, landscaping, and such stores, offices, and other nonhousing facilities such as administrative, community, health, recreational, educational and welfare facilities as the agency determines to be necessary, convenient or desirable appurtenances.
(h) "Municipality" means any political subdivision of the State other than a county or a school district.

(i) "Mutual housing" means a housing project operated or to be operated upon completion of construction or rehabilitation exclusively for the benefit of the families of moderate income who are entitled to occupancy by reason of ownership of stock in the qualified housing sponsor, or by reason of coownership of premises in a horizontal property regime pursuant to P. L. 1963, c. 168, provided, however, the agency may adopt rules and regulations permitting a reasonable percentage of space in such project to be rented for residential or for commercial use.

(j) "Project cost" means the sum total of all costs incurred in the development of a housing project, which are approved by the agency as reasonable for necessary, which costs shall include, but are not necessarily limited to, (1) cost of land acquisition and any buildings thereon, (2) cost of site preparation, demolition and development, (3) architect, engineer, legal, agency and other fees paid or payable in connection with the planning, execution and financing of the project, (4) cost of necessary studies, surveys, plans and permits, (5) insurance, interest, financing, tax and assessment costs and other operating and carrying costs during construction, (6) cost of construction, reconstruction, fixtures, and equipment related to the real property, (7) cost of land improvements, (8) necessary expenses in connection with initial occupancy of the project, (9) a reasonable profit or fee to the builder and developer, (10) an allowance established by the agency for working capital and contingency reserves, and reserves for any anticipated operating deficits during the first 2 years of occupancy, (11) the cost of such other items, including tenant relocation, as the agency shall determine to be reasonable and necessary for the development of the project, less any and all net rents and other net revenues received from the operation of the real and personal property on the project site during construction.

All costs shall be subject to approval and audit by the agency. The agency may adopt rules and regulations specifying in detail the types and categories of cost which shall be allowable if actually incurred in the construction or reconstruction of a housing project.

(k) "Qualified housing sponsor" means (1) any housing corporation qualified under the provisions of the "Limited-Dividend Nonprofit Housing Corporations or Associations Law," P. L. 1949, c. 184 (C. 55:16-1 et seq.), (2) any urban renewal corporation
or association qualified under the provisions of the “Urban Renewal Corporation and Association Law of 1961,” P. L. 1961, c. 40 (C. 40: 55C–40 et seq.) which has as one of its purposes the construction, rehabilitation or operation of housing projects, (3) any general corporation formed under the provisions of Title 14 or Title 14A of the Revised Statutes which has as one of its purposes the construction, rehabilitation or operation of housing projects, (4) any corporation or association organized not for profit under the provisions of Title 15 of the Revised Statutes or any other law of this State which has as one of its purposes the construction, rehabilitation or operation of housing projects, (5) any horizontal property regime formed under the “Horizontal Property Act,” P. L. 1963, c. 168 (C. 46:8A–1 et seq.) or any condominium formed under the “Condominium Act” P. L. 1969, c. 257 (C. 46:8B–1), which has as one of its purposes the construction, rehabilitation or operation of housing projects, and (6) any individual or association approved by the agency as qualified to own, construct, rehabilitate, operate, manage and maintain a housing project.

(l) “Required minimum capital reserve” means the reserve amount required to be maintained in each housing finance fund under the provisions of section 20 of this act.

(m) “Amortized value” means for securities purchased at a premium above or a discount below par, the value as of any given date obtained by dividing the total amount of the premium or the discount at which such securities were purchased by the number of days remaining to maturity on such securities at the time of such purchase and by multiplying the amount so calculated by the number of days having passed from the date of such purchase; and (1) in the case of securities purchased at a premium, by deducting the product thus obtained from the purchase price, and (2) in the case of securities purchased at a discount, by adding the product thus obtained to the purchase price.

(n) “Projects financed prior to January 1, 1973” means projects on which the agency has made a mortgage loan and financed such loan with the proceeds of bonds issued prior to January 1, 1973.

(o) “Projects financed on or after January 1, 1973” means all agency projects other than projects financed prior to January 1, 1973.

2. Section 10 of P. L. 1967, c. 81 (C. 55:14J–10) is amended to read as follows:
CHAPTER 3, LAWS OF 1976

10. (a) Admission to housing projects constructed or rehabilitated under this act shall be limited to families of moderate income whose gross aggregate family income at the time of admission does not exceed six times the annual rental or carrying charges, including the value or cost to them of heat, light, water, sewerage, parking facilities and cooking fuel, of the dwellings that may be furnished to such families, or seven times said charges if there are three or more dependents. There may be included in the carrying charges to any family for residence in any mutual housing project constructed or rehabilitated with a loan from the agency an amount equal to 6% of the original cash investment of the family in said mutual housing project and, to the extent authorized by the agency where not included in said carrying charges, the value or cost of repainting the apartment and replacing any fixtures or appliances. Notwithstanding the provisions of this section, no family or individual shall be eligible for admission to any housing project constructed or rehabilitated with a loan from the agency whose gross aggregate family income exceeds $15,000.00, as said sum may be adjusted from time to time by the agency, by rules or regulations promulgated hereunder, so as to reflect changes in any wage or salary indices for this State as determined and prepared by any department, division, office or agency of this State.

(b) The agency shall by rules and regulations provide for the periodic examination of the income of any person or family residing in any housing project constructed or rehabilitated with a loan from the agency. In the event that the gross aggregate family income of a family residing in any such housing project increases and the ratio to the current rental or carrying charges of the dwelling unit becomes greater than the ratio prescribed for admission in subsection (a) of this section but is not more than 25% above the family income so prescribed for admission to the project, the owner or managing agent of such housing project shall permit the family to continue to occupy the unit. The agency or (with the approval of the agency) the qualified housing sponsor of any housing project constructed or rehabilitated with a loan from the agency, may terminate the tenancy or interest of any family residing in such housing project whose gross aggregate family income exceeds 25% of that prescribed herein and which continues to exceed the same for a period of 6 months or more; provided, that no tenancy or interest of any such family in any such housing project shall be terminated except upon reasonable notice and opportunity to obtain suitable
alternate housing, in accordance with rules and regulations of the agency; provided further, that any such family, with the approval of the agency, may be permitted to continue to occupy the unit, subject to payment of a rent or carrying charge surcharge to the qualified housing sponsor in accordance with a schedule of surcharges fixed by the agency. Said qualified housing sponsor shall pay such surcharge to the municipality granting tax exemption, but only up to an amount that together with payments made to the municipality in lieu of taxes and for any land taxes equals 25% of the total rents or carrying charges of the housing project for the current and any prior years that the project has been in operation.

For projects financed prior to January 1, 1973, any remainder of the surcharge, or the total surcharge if tax exemption has not been granted, shall be paid into the housing finance fund securing the bonds issued to finance the project for the use of the agency; for projects financed on or after January 1, 1973, any remainder of the surcharge, or the total surcharge if tax exemption has not been granted, shall be paid to the agency.

(c) Any family residing in a mutual housing project required to remove from the project because of excessive income as herein provided shall be discharged from liability on any note, bond or other evidence of indebtedness relating thereto and shall be reimbursed, in accordance with the rules of the agency, for all sums paid by such family to the qualified housing sponsor on account of the purchase of stock or debentures as a condition of occupancy or on account of the acquisition of title for such purpose.

C. 55:14-20.1 Housing finance funds; issuance of bonds.

3. (New section) (a) The agency may create and establish one or more special funds to be known as housing finance funds and may pay into such housing finance funds (1) any moneys appropriated and made available by the State for the purposes of such funds, (2) any proceeds of the sale of the bonds, notes or other obligations to the extent provided in the resolution of the agency authorizing the issuance thereof, (3) the moneys directed to be transferred by the agency to such funds, and (4) any other moneys which may be made available to the agency for the purposes of such funds from any other source or sources. The moneys held in or credited to any housing finance fund established under this act, except as hereinafter provided, shall be used solely for the payment of the principal of and interest on bonds or other obligations of the agency secured by such housing finance fund, as the same mature,
required payments to any sinking fund established for the amortization of such bonds or other obligations (hereinafter referred to as "sinking fund payments"), the purchase or redemption of such bonds or other obligations of the agency or the payment of any redemption premium to be paid when such bonds or other obligations are redeemed prior to maturity provided, however, that moneys in any such fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of such fund to less than the amount of principal (including sinking fund payments) and interest maturing and becoming due in the succeeding calendar year on the bonds or other obligations of the agency then outstanding and secured by such housing finance fund (such amount being hereafter referred to as the "required minimum capital reserve"), except for the purpose of paying principal and interest on the bonds or other obligations of the agency secured by such housing finance fund maturing and becoming due and sinking fund payments for the payment of which other moneys of the agency are not available. Any income or interest earned by or increment to, any such housing finance fund due to the investment thereof may be transferred to any other fund or account of the agency to the extent it does not reduce the amount of such housing finance fund below the required minimum capital reserve. In computing the amount of any housing finance fund for the purposes of this section, securities in which all or a portion of such housing finance fund are invested shall be valued at par if purchased at par or, if purchased at other than par, at amortized value.

(b) The agency shall not issue bonds or other obligations at any time if the maximum amount of principal (including sinking fund payments) and interest maturing and becoming due in the succeeding calendar year on the bonds or other obligations outstanding and then to be issued and secured by a housing finance fund will exceed the amount of such housing finance fund at the time of issuance, unless the agency, at the time of issuance of such bonds or other obligations, shall deposit in such housing finance fund from the proceeds of the bonds or other obligations so to be issued, or otherwise, an amount which together with the amount then in such housing finance fund, will be not less than the required minimum capital reserve.

4. Section 21 of P. L. 1967, c. 81 (C. 55:14J-21) is amended to read as follows:
21. In order to assure the maintenance of the required minimum capital reserve in the housing finance funds, there shall be annually appropriated and paid to the agency for deposit in each of such funds, such sum, if any, as shall be certified by the chairman of the agency to the Governor as necessary to restore each of such funds to an amount equal to the required minimum capital reserve. The chairman shall annually, on or before December 1, make and deliver to the Governor his certificate stating the sum, if any, required to restore each of such funds to the amount aforesaid, and the sum or sums so certified shall be appropriated and paid to the agency during the then current State fiscal year.

5. Section 22 of P. L. 1967, c. 81 (C. 55:14J–22) is amended to read as follows:

C. 55:14J-22 General fund; application of fees and charges; additional funds.

22. (a) The agency shall establish and maintain a fund called the “General Fund” which shall consist of (1) all fees and charges collected by the agency pursuant to subsection (o) of section 34 of this act, (2) any moneys which the agency may transfer from any housing finance fund pursuant to this act, and (3) any other moneys of the agency not required to be deposited in any other fund of that agency, which the agency may deposit therein. To the extent available, after paying all the operating costs of the agency, the moneys remaining in the general fund may be used for the payment of the principal of and interest on the bonds issued by the agency or for such other corporate purposes of the agency as this act authorizes.

(b) All fees and charges collected by the agency pursuant to subsection (y) of section 34 of this act may be applied as provided by resolution of the agency.

(c) The agency may establish such additional and further funds as it may be, in its discretion, necessary and desirable to accomplish any agency purpose or to comply with the provisions of any agreement made by the agency or any resolution approved by the agency. The resolution establishing such a fund shall specify the source of moneys from which it shall be funded and the purposes for which moneys held in the fund shall be disbursed.

6. Section 34 of P. L. 1967, c. 81 (C. 55:14J–34) is amended to read as follows:
C. 55:14J-34 Additional powers.

34. In order to carry out the purposes and provisions of this act, the agency, in addition to any powers granted to it elsewhere in this act, shall have the following powers:

(a) To adopt bylaws for the regulation of its affairs and the conduct of its business; to adopt an official seal and alter the same at pleasure; to maintain an office at such place or places within this State as it may designate; to sue and be sued in its own name;

(b) To conduct examinations and hearings and to hear testimony and take proof, under oath or affirmation, at public or private hearings, on any matter material for its information and necessary to carry out the provisions of this act;

(c) To issue subpenas requiring the attendance of witnesses and the production of books and papers pertinent to any hearing before such agency, or before one or more of the members of the agency appointed by it to conduct such hearing;

(d) To apply to any court, having territorial jurisdiction of the offense, to have punished for contempt any witness who refuses to obey a subpena, or who refuses to be sworn or affirmed to testify, or who is guilty of any contempt after summons to appear;

(e) To acquire by purchase, gift, foreclosure or condemnation any real or personal property, or any interest therein, to enter into any lease of property and to hold, sell, assign, lease, encumber, mortgage or otherwise dispose of any real or personal property, or any interest therein, or mortgage lien interest owned by it or under its control, custody or in its possession and release or relinquish any right, title, claim, lien, interest, easement or demand however acquired, including any equity or right of redemption, in property foreclosed by it and to do any of the foregoing by public or private sale, with or without public bidding, notwithstanding the provisions of any other law;

(f) To adopt such rules and regulations as shall be expressly authorized by this act and such additional rules and regulations as shall be necessary or desirable to carry out the purposes of this act; it shall publish the same and file them with the Secretary of State;

(g) To borrow money or secure credit on a temporary, short-term, interim or on a long-term basis, and to issue negotiable bonds, bond anticipation notes or other obligations and to provide for the rights of the holders thereof;

(h) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution
of its powers under this act, including contracts or agreements with qualified financial institutions for the servicing and processing of mortgage loans pursuant to this act;

(i) To appoint an executive director and such additional officers, who need not be members of the agency as the agency deems advisable, and to employ consulting architects, engineers, attorneys, accountants, construction and financial experts and such other employees and agents as may be necessary in its judgments to fix their compensation; and to promote and discharge such officers, employees and agents, all without regard to the provisions of Title 11 of the Revised Statutes, Civil Service;

CHAPTER 4

Be it enacted by the Senate and General Assembly of the State of New Jersey:

C. 52:27D-64.1 Legislature’s findings.

1. The Legislature finds that the Revolving Housing Development and Demonstration Grant Fund established under section 5
of the act to which this act is a supplement, through advances to nonprofit and mutual housing sponsors to defray initial development costs of housing projects to be constructed or rehabilitated with mortgages subsidized by State and Federal agencies and through the establishment of and grants to demonstration programs which develop, test and report methods and techniques for preventing and eliminating slums and blight in urban and nonfarm rural areas and rehabilitating housing for families of moderate income, has served to encourage nonprofit and mutual housing sponsors to construct and rehabilitate new and improved moderate income housing for the residents of this State. The Legislature further finds, however, that the continued success of this program is dependent upon a healthy, viable, and protected New Jersey Housing Finance Agency since that agency is the primary State instrumentality for financing actual construction and rehabilitation of moderate income housing units. The Legislature finds that the seed money advances and demonstration grants made through the Revolving Housing Development and Demonstration Grant Fund will not continue to generate additional moderate income housing and innovative housing techniques unless private, nonprofit enterprises are able to obtain sufficient moneys to undertake actual development of moderate income housing through mortgages from the New Jersey Housing Finance Agency.

Further, the Legislature finds that uncertainties in the municipal bond market have made it increasingly difficult for the New Jersey Housing Finance Agency, notwithstanding its excellent management and financial records, to sell notes, bonds, and other obligations of the agency and, accordingly, the health, vitality, and productivity of that agency is threatened. The Legislature further finds that expanding the uses of this fund to authorize the commissioner to invest in notes, bonds, or other obligations of the New Jersey Housing Finance Agency and to make grants to the New Jersey Housing Finance Agency so that said agency may establish funds to secure notes, bonds and other obligations of the agency will assist that agency in overcoming the municipal bond market uncertainties and thus retain the vitality of both that agency and the Revolving Housing Development and Demonstration Grant Fund, as well as further serve the valid public purpose of protecting the health and welfare of the residents of this State by eliminating the slums and blighted sections of the urban and nonfarm rural area of this State and ending the shortage of safe and sanitary housing accommodations in this State available to families with moderate income.
C. 52:27D-64.2 Authorization to use moneys held in fund.

2. The commissioner is hereby authorized to use the moneys held in the fund, or any portion thereof, to purchase notes, bonds or other obligations of the New Jersey Housing Finance Agency and to make grants to the New Jersey Housing Finance Agency so that it may establish a fund or funds to secure notes, bonds or other obligations issued by it.

3. This act shall take effect immediately.

Approved February 6, 1976.

The governing body shall in each instance state supporting reasons for its action in the resolution awarding each contract and shall cause such resolution to be printed once in a newspaper authorized by law to publish its legal advertisements;
(b) The doing of any work by employees of the contracting unit;

Any such contract or agreement entered into pursuant to this subsection (4) of section 5 may be made, negotiated or awarded
only upon adoption of a resolution by the affirmative vote of two-thirds of the full membership of the governing body of the contracting unit at a meeting thereof authorizing such a contract or agreement.

AN ACT to amend the "Corporation Business Tax Act (1945),"
approved April 13, 1945 (P. L. 1945, c. 162).

BE IT ENACTED by the Senate and General Assembly of the State
of New Jersey:

1. Section 4 of P. L. 1945, c. 162 (C. 54:10A-4) is amended to
read as follows:

C. 54:10A-4 Definitions.

4. For the purposes of this act, unless the context requires a
different meaning:

(a) "Commissioner" shall mean the Director of the Division
of Taxation of the State Department of the Treasury.

(b) " Allocation factor" shall mean the proportionate part of
a taxpayer's net worth or entire net income used to determine a
measure of its tax under this act.

(c) "Corporation" shall mean any corporation, joint-stock com­
pany or association and any business conducted by a trustee or
trustees wherein interest or ownership is evidenced by a certificate
of interest or ownership or similar written instrument.

(d) "Net worth" shall mean the aggregate of the values dis­
closed by the books of the corporation for (1) issued and outstand­
ing capital stock, (2) paid-in or capital surplus, (3) earned surplus
and undivided profits, (4) surplus reserves which can reasonably
be expected to accrue to holders or owners of equitable shares, not
including reasonable valuation reserves, such as reserves for de­
preciation or obsolescence or depletion, and (5) the amount of all
indebtedness owing directly or indirectly to holders of 10% or more
of the aggregate outstanding shares of the taxpayer’s capital stock
of all classes, as of the close of a calendar or fiscal year. The fore­
going aggregate of values shall be reduced by 50% of the amount
disclosed by the books of the corporation for investment in the
capital stock of one or more subsidiaries, which investment is de­
fined as ownership (1) of at least 80% of the total combined voting
power of all classes of stock of the subsidiary entitled to vote and
(2) of at least 80% of the total number of shares of all other classes
of stock except nonvoting stock which is limited and preferred as to
dividends. In the case of investment in an entity organized under
the laws of a foreign country, the foregoing requisite degree of
ownership shall effect a like reduction of such investment from net
worth of the taxpayer, if the foreign entity is considered a corpora-
tion for any purpose under the United States Federal income tax
laws, such as (but not by way of sole examples) for the purpose of
supplying deemed-paid foreign tax credits or for the purpose of
status as a controlled foreign corporation. In calculating the net
worth of a taxpayer entitled to reduction for investment in sub-
sidiaries, the amount of liabilities of the taxpayer shall be reduced
by such proportion of the liabilities as corresponds to the ratio
which the excluded portion of the subsidiary values bears to the
total assets of the taxpayer.

If in the opinion of the commissioner, the corporation's books
do not disclose fair valuations the commissioner may make a rea-
sonable determination of the net worth which, in his opinion, would
reflect the fair value of the assets, exclusive of subsidiary invest-
ments as defined aforesaid, carried on the books of the corporation,
in accordance with sound accounting principles, and such determi-
nation shall be used as net worth for the purpose of this act.

(e) "Indebtedness owing directly or indirectly" shall include,
without limitation thereto, all indebtedness owing to any stock-
holder or shareholder and to members of his immediate family
where a stockholder and members of his immediate family to-
gether or in the aggregate own 10% or more of the aggregate
outstanding shares of the taxpayer’s capital stock of all classes.

(f) "Investment company" shall mean any corporation whose
business during the period covered by its report consisted, to the
extent of at least 90% thereof of holding, investing and reinvesting
in stocks, bonds, notes, mortgages, debentures, patents, patent
rights and other securities for its own account, but this shall not
include any corporation which: (1) is a merchant or a dealer of
stocks, bonds and other securities, regularly engaged in buying the
same and selling the same to customers; or (2) had less than 90%
of its average gross assets in New Jersey, at cost, invested in
stocks, bonds, debentures, mortgages, notes, patents, patent rights
or other securities or consisting of cash on deposit during the period
covered by its report or (3) is a banking corporation or a financial
business corporation as defined in the Corporation Business Tax
Act.

(g) “Regulated investment company” shall mean any corpora-
tion which for a period covered by its report, is registered and
regulated under the Investment Company Act of 1940 (54 Stat.
789), as amended.
(h) "Taxpayer" shall mean any corporation required to report or to pay taxes, interest or penalties under this act.

(i) "Fiscal year" shall mean an accounting period ending on any day other than the last day of December on the basis of which the taxpayer is required to report for Federal income tax purposes.

(j) Except as herein provided, "privilege period" shall mean the calendar or fiscal accounting period for which a tax is payable under this act.

(k) "Entire net income" shall mean total net income from all sources, whether within or without the United States, and shall include the gain derived from the employment of capital or labor, or from both combined, as well as profit gained through a sale or conversion of capital assets. For the purpose of this act, the amount of a taxpayer's entire net income shall be deemed prima facie to be equal in amount to the taxable income, before net operating loss deduction and special deductions, which the taxpayer is required to report to the United States Treasury Department for the purpose of computing its Federal income tax; provided, however, that in the determination of such entire net income,

1. Entire net income shall exclude 100% of dividends which were included in computing such taxable income for Federal income tax purposes, paid to the taxpayer by one or more subsidiaries owned by the taxpayer to the extent of the 80% or more ownership of investment described in subsection (d) of this section. With respect to other dividends, entire net income shall not exclude 50% of the total included in computing such taxable income for Federal income tax purposes;

2. Entire net income shall be determined without the exclusion, deduction or credit of:

   A) The amount of any specific exemption or credit allowed in any law of the United States imposing any tax on or measured by the income of corporations:

   B) Any part of any income from dividends or interest on any kind of stock, securities or indebtedness, except as provided in subsection (k) (1) of this section;

   C) Taxes paid or accrued to the United States on or measured by profits or income, or the tax imposed by this act, or any tax paid or accrued with respect to subsidiary dividends excluded from entire net income as provided in subsection (k) (1) of this section;

   D) Net operating losses sustained during any year or period other than that covered by the report;
(E) 90% of interest on indebtedness owing directly or indirectly to holders of 10% or more of the aggregate outstanding shares of the taxpayer's capital stock of all classes; except that such interest may, in any event, be deducted
   (i) Up to an amount not exceeding $1,000.00;
   (ii) In full to the extent that it relates to bonds or other evidences of indebtedness issued, with stock, pursuant to a bona fide plan of reorganization, to persons, who, prior to such reorganization, were bona fide creditors of the corporation or its predecessors, but were not stockholders or shareholders thereof;

(3) The commissioner may, whenever necessary to properly reflect the entire net income of any taxpayer, determine the year or period in which any item of income or deduction shall be included, without being limited to the method of accounting employed by the taxpayer.

(1) "Real estate investment trust" shall mean any unincorporated trust or unincorporated association qualifying and electing to be taxed as a real estate investment trust under Federal law.

(m) "Financial business corporation" shall mean any corporate enterprise which is (1) in substantial competition with the business of national banks and which (2) employs moneyed capital with the object of making profit by its use as money, through discounting and negotiating promissory notes, drafts, bills of exchange and other evidences of debt; buying and selling exchange; making of or dealing in secured or unsecured loans and discounts; dealing in securities and shares of corporate stock by purchasing and selling such securities and stock without recourse, solely upon the order and for the account of customers; or investing and reinvesting in marketable obligations evidencing indebtedness of any person, copartnership, association or corporation in the form of bonds, notes or debentures commonly known as investment securities; or dealing in or underwriting obligations of the United States, any State or any political subdivision thereof, or of a corporate instrumentality of any of them. This shall include, without limitation of the foregoing business commonly known as industrial banks, dealers in commercial paper and acceptances, sales finance, personal finance, small loan and mortgage financing businesses, as well as any other enterprise employing moneyed capital coming into competition with the business of national banks; provided, that the holding of bonds, notes, or other evidences of indebtedness by individual persons not employed or engaged in the banking or investment business and rep-
resenting merely personal investments not made in competition with the business of national banks, shall not be deemed financial business. Nor shall "financial business" include national banks, production credit associations organized under the Farm Credit Act of 1933, stock and mutual insurance companies duly authorized to transact business in this State, security brokers or dealers or investment companies or bankers not employing moneyed capital coming into competition with the business of national banks, real estate investment trusts, or any of the following entities organized under the laws of this State: credit unions, savings banks, savings and loan and building and loan associations, pawnbrokers, and State banks and trust companies.

2. Section 9 of P. L. 1945, c. 162 (C. 54:10A-9) is amended to read as follows:

C. 54:10A-9 Taxpayer holding stock of subsidiary; deductions from net worth; "subsidiary" defined.

9. Any taxpayer which holds capital stock of a subsidiary during all or part of any year may, for the purposes of the tax imposed by this act, deduct from its net worth, the following amount:

(a) In the case of a subsidiary which is taxable under this act, such proportion of the average value of such holdings, less net liabilities (if any) to such subsidiary, as corresponds to 50% of the ratio of the subsidiary’s taxable net worth, for the same year under this act, to its entire net worth; or

(b) In the case of a subsidiary subject to a franchise tax measured by gross receipts under any other law of this State, such proportion of the average value of such holdings, less net liabilities (if any) to such subsidiary, as corresponds to 50% of the ratio of the subsidiary's business within the State to its business everywhere during its next preceding taxable year under such law; or

(c) In the case of a subsidiary which is a bank as defined in R. S. 54:9-1, 50% of the difference between the average value of such holdings for the same year and net liabilities (if any) to such subsidiary; or

(d) In the case of a subsidiary which is a financial business as defined in section 2 of P. L. 1946, c. 174 (C. 54:10B-2 (b)), such proportion of the average value of such holdings, less net liabilities (if any) to such subsidiary, as corresponds to 50% of the subsidiary's allocation fraction for the same year determined under section 8 of P. L. 1946, c. 174 (C. 54:10B-8); or

(e) In the case of a subsidiary which is a stock, mutual or assessment insurance company organized or existing under the laws of
this State or under the laws of another state or foreign country, such proportion of the average value of such holdings, less net liabilities (if any) to such subsidiary, as corresponds to 50% of the ratio which the amount of taxable premiums, as defined in sections 4 and 5 of P. CHAPTER 38

An Act concerning municipal bonds and supplementing Title 40A of the New Jersey Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

C. 40A:3-2 Legislature’s findings.

1. The Legislature finds and declares that:
   a. Maintenance of strong financial credit in New Jersey municipalities is essential in providing necessary capital improvement or property at minimum cost, for the citizens of this State;
   b. While the credit status of New Jersey’s municipalities is sound, it can be strengthened by a pledge of State Urban Aid and Business Personal Property Tax Replacement Revenues to guarantee debt service payments on qualified bonds;
   c. Such a pledge should expand the market for and lower the interest costs on qualified bonds issued pursuant to the terms of
this act, thus reducing the borrowing costs of participating municipalities.

C. 40A:3-3 Definitions.
2. For the purposes of this act, unless the context clearly requires a different meaning:
   a. "Business Personal Property Tax Replacement Revenues" means the funds distributed to municipalities pursuant to P. L. 1966, c. 135 (C. 54:11D-1 et seq.) or pursuant to any other law hereinafter enacted providing for funds to municipalities in lieu of or in substitution for or supplementing the funds presently provided pursuant to P. L. 1966, c. 135 (C. 54:11D-1 et seq.);
   b. "Debt service" means and includes payments of principal and interest upon qualified bonds issued pursuant to the terms of this act;
   c. "Director" means Director of the Division of Local Government Services in the Department of Community Affairs, established pursuant to P. L. 1974, c. 35 (C. 52:27D-18.1);
   d. "Local Finance Board" means the Local Finance Board in the Division of Local Government Services in the Department of Community Affairs, established pursuant to P. L. 1974, c. 35 (C. 52:27D-18.1);
   e. "Paying agent" means any bank, trust company or national banking association having the power to accept and administer trusts, named or designated in any qualified bond of a municipality as the agent for the payment of the principal of and interest thereon;
   f. "Qualified bonds" means those bonds of a municipality authorized and issued in conformity with the provisions of this act;
   g. "State urban aid" means the funds made available to municipalities pursuant to P. L. 1971, c. 64 and all acts supplementing that act or pursuant to any other law hereinafter enacted providing for funds to municipalities in lieu of or in substitution for the funds presently provided pursuant to acts supplementing P. L. 1971, c. 64.

C. 40A:3-4 Issuance of qualified bonds.
3. a. Bonds issued by any municipality pursuant to provisions of this act shall be "qualified bonds" and shall be entitled to the benefit of the provisions of this act.
   b. Whenever the governing body of a municipality determines, by passage of a bond ordinance upon first reading, to issue bonds for financing any capital improvement or property which it may
lawfully make or acquire, it may file an application and a certified copy of the ordinance as passed on first reading with the local finance board to qualify the bonds pursuant to the provisions of this act. Upon receipt of any such application, the local finance board shall cause an investigation to be made, taking into consideration such factors as the need for the facilities to be financed from the proceeds of such proposed qualified bonds, the ability of the municipality to supply other essential public improvements and services and during the ensuing 10 years to pay punctually the principal and interest on its debts, the reasonableness of the amounts to be expended for each of the purposes or improvements to be financed pursuant to such bonds, and such other factors as the local finance board may deem necessary.

c. If such investigation shows to the satisfaction of the local finance board that such municipality should be entitled to issue qualified bonds pursuant to the provisions of this act, the local finance board may by resolution determine that such municipality is entitled to issue qualified bonds. In considering any ordinance submitted to it and before endorsing its consent thereon, the local finance board may require the governing body of any municipality to adopt resolutions restricting or limiting any future proceedings with respect to the authorization of bonds or other matters deemed by the local finance board to affect any estimate made or to be made by it in accordance with subsection b. hereof. Every resolution so adopted shall constitute a valid and binding obligation of such municipality running to and enforceable by, and releasable by the local finance board.

d. Within 60 days after the submission to it of an application made in accordance with subsection b. the local finance board shall cause its consent to be endorsed upon the ordinance authorizing the issuance of qualified bonds, if it shall be satisfied and record by resolution that the municipality is entitled to issue qualified bonds. If the local finance board is not so satisfied, it shall cause its disapproval to be endorsed upon such ordinance within said period of 60 days.

e. If the governing body of a municipality shall determine by resolution that a maturity schedule for its qualified bonds, other than the maturity schedule approved by the local finance board pursuant to section 3, is in the best interest of said municipality, it may make application to the local finance board setting forth such belief and the grounds therefor and requesting approval of a schedule of maturities for such qualified bonds set forth in the application.
Within 60 days after submission to the local finance board of such application, the local finance board shall cause its approval to be endorsed thereon if it shall be satisfied, and shall record by resolution its findings, that the belief set forth in such application is well founded and that the issuance of the bonds pursuant to the revised maturity schedule in such application would not materially impair the credit of the municipality or substantially reduce its ability, during the ensuing 10 years, to pay punctually the principal of and interest on its debts and supply essential public improvements and services. If the local finance board is not so satisfied, it shall cause its disapproval to be endorsed on such copy within said period of 60 days.

C. 40A:3-5 Recital of statutory authority on bonds; date of maturity; covenants and provisions for protecting and enforcing rights and remedies of bondholders.

4. a. All qualified bonds when issued shall contain a recital to the effect that they are issued pursuant to Title 40 of the Revised Statutes or Title 40A of the New Jersey Statutes and are entitled to the benefits of the provisions of this act. Except as otherwise provided in this act, all qualified bonds shall be authorized and issued in the manner provided for in Title 40 or Title 40A. Qualified bonds shall mature not later than 30 years from their date of issuance without regard to any limitations as to maturities or amounts of annual installments for bonds as provided in Title 40 or Title 40A.

b. The proceedings of the municipality authorizing the issuance of qualified bonds may contain such covenants and provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants restricting the issuance of additional qualified bonds.

C. 40A:3-6 Issuance of bond anticipation notes.

5. Any municipality which has authorized qualified bonds may issue bond anticipation notes (hereinafter "notes") in anticipation of the issuance of permanent qualified bonds to the extent permitted by the provisions of Title 40A or any other applicable laws, subject to such additional terms or conditions with respect to such notes as may be fixed or required by the local finance board to insure that funds are borrowed only as needed to meet required payments for construction, reconstruction, development, extension, improvement, or acquisition of the facilities or improvements to be financed by the issuance of permanent qualified bonds.
CHAPTER 38, LAWS OF 1976

C. 40A:3-7 Certification of name and address of paying agent, maturity schedule, interest rate and dates of payment to State Treasurer; withholding certain amount of business personal property tax replacement revenues and State urban aid; covenant with purchasers, holders and owners of qualified bonds; payment of debt service conclusive to qualified bonds.

6. a. Each municipality which issues qualified bonds shall certify to the State Treasurer the name and address of the paying agent, the maturity schedule, interest rate and dates of payment of debt service on such qualified bonds within 10 days after the date of issuance of such qualified bonds. After receipt of such certificate the State Treasurer shall withhold from the amount of business personal property tax replacement revenues and State urban aid payable to such municipality an amount of such business personal property tax replacement revenues and State urban aid which will be sufficient to pay the debt service on such qualified bonds as the same shall mature and become due. The State Treasurer shall, on or before each principal and interest payment date, forward such withheld amounts to the paying agent for such qualified bonds for deposit to the account established with such paying agent for the purpose of paying the debt service on such qualified bonds. From the time withheld by the State Treasurer all such business personal property tax replacement revenue and State urban aid so withheld and paid or to be paid to and held by the paying agent shall be exempt from being levied upon, taken, sequestered or applied toward paying the debts of the municipality other than for payment of debt service on such qualified bonds. From the time withheld by the State Treasurer the business personal property tax replacement revenue and State urban aid so withheld and paid or to be paid to the paying agent shall be deemed to be held in trust for the sole purpose of paying the debt service on such qualified bonds.

b. The State of New Jersey hereby covenants with the purchasers, holders and owners, from time to time, of qualified bonds that it will not repeal, revoke, rescind, modify or amend the provisions of subsection a. of this section so as to create any lien or charge on or pledge, assignment, diversion, withholding payment or other use of or deduction from any business personal property tax replacement revenues or State urban aid to be apportioned and paid to any paying agent of qualified bonds which is prior in time or superior in right to the payment required by subsection a. of this section; provided, however, that nothing herein contained shall be deemed or construed to require the State of New Jersey to continue to make payments of business personal property tax
replacement revenues or State urban aid or to limit or prohibit the State from repealing or amending any law heretofore or hereinafter enacted for the payment or apportionment of said revenues or aid or the manner, time, or amount thereof.

c. The certification to the State Treasurer as to amount payable in any year for debt service on such qualified bonds shall be fully conclusive as to such qualified bonds from and after the time of issuance of such qualified bonds notwithstanding any irregularity, omission or failure as to compliance with any of the provisions of this act with respect to such qualified bonds provided that such qualified bonds contain a recital to the effect that they are entitled to the benefits of the provisions of this act. All persons shall be forever estopped from denying that such qualified bonds are entitled to the benefits of the provisions of this act.

C. 40A:3-8 Payment of principal and interest due on qualified bonds; payment of operating expenses.

7. Nothing contained in this act shall be construed to relieve any municipality of the obligation imposed on it by law to include in its annual budget amounts necessary to pay, in each year, the principal and interest maturing and becoming due on any qualified bonds issued by such municipality; provided, however, that to the extent of the amounts withheld from business personal property tax replacement revenues and State urban aid payable to such municipality and forwarded to the paying agent for such qualified bonds pursuant to section 6, such budgeted amounts, to the extent not needed to pay debt service on such qualified bonds, may be applied to the payment of the operating expenses of such municipality for such year; and provided, further, that in any year in which business personal property tax replacement revenues or State urban aid is not appropriated, such budgeted amounts shall be used to pay the debt service maturing and becoming due in such year on such qualified bonds of the municipality.

C. 40A:3-9 Application for authorization to issue qualified bonds prior to effective date of act.

8. The provisions of this act shall not be construed to prohibit any municipality from applying for authorization to issue qualified bonds pursuant to the terms of this act in connection with the construction, reconstruction, development, extension, improvement or acquisition of any capital improvement or property notwithstanding that the construction, reconstruction, development, extension, improvement or acquisition was authorized, approved or commenced prior to the effective date of this act.
C. 40A:3-10 Partial invalidity.

9. If any clause, sentence, paragraph, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

C. 40A:3-1 Short title.

10. This act shall be known and may be cited as the "Municipal Qualified Bond Act."

11. This act shall take effect immediately.

Approved June 28, 1976.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 18A:24-86 Legislature's findings.

1. The Legislature finds and declares that:

a. Provision of adequately equipped, sanitary and secure physical facilities is an integral part of the maintenance of a thorough and efficient system of free public education;

b. Maintenance of strong financial credit in New Jersey school districts is essential in providing necessary physical facilities at minimum cost, for the children of this State between the ages of 5 and 18 years;

c. While the credit status of New Jersey's school districts is sound, it can be strengthened by a pledge of State school aid to guarantee debt service payments on qualified bonds;

d. Such a pledge of State school aid should expand the market for and lower the interest costs on qualified bonds issued pursuant to the terms of this act, thus substantially reducing the costs of participating school districts and making more efficient use of the
funds available for the provision of a thorough and efficient education.

3. a. Bonds issued by any school district or municipality pursuant to the provisions of this act shall be "qualified bonds" and shall be entitled to the benefit of the provisions of this act.
b. Whenever a local board of education or the governing body of a municipality determines by resolution to issue bonds for the construction, reconstruction, development, extension, improvement or acquisition of physical facilities, it may file an application with the commissioner to qualify the bonds pursuant to the provisions of this act. Upon receipt of any such application, the commissioner shall cause an investigation to be made, taking into consideration such factors as the conditions in the school district, any applicable educational goals, objectives and standards established by the State or local board of education, the need for the facilities to be financed from the proceeds of such proposed qualified bonds, the ability of the school district or municipality to maintain a thorough and efficient system of education after issuing qualified bonds, and such other factors as the commissioner may deem necessary.

c. If such investigation shows to the satisfaction of the commissioner that such school district or municipality should be entitled to issue qualified bonds pursuant to the provisions of this act, he shall so recommend to the State board which may by resolution determine that such school district or municipality is entitled to issue qualified bonds.

d. At any time within 1 year after the adoption by the State board of the resolution referred to in subsection c. with respect to a particular issue of bonds, the school district or municipality may submit to the commissioner a copy of a proposal or ordinance authorizing the issuance of qualified bonds entitled to the benefits of this act in accordance with said resolution. The commissioner shall be and is hereby authorized to endorse upon any copy of such proposal or ordinance a certification thereof as being the proposal or ordinance as to which a determination of the State board has been made as aforesaid. Such endorsement shall be made in such form or manner as the commissioner shall determine. If no such proposal or ordinance is submitted within 1 year of the adoption of the resolution, the resolution shall be of no further force and effect and the commissioner shall so notify said school district or municipality.

C. 18A:24-89 Submission of resolution of State board and proposal to local finance board; approval or disapproval.

4. a. A copy of the resolution of the State board referred to in section 3 c. and a copy of the proposal or ordinance referred to in section 3 d. bearing the endorsement of the commissioner as aforesaid, shall be submitted to the local finance board for its consideration. The local finance board, in considering any proposal or ordi-
nance submitted to it and before endorsing its consent thereon, may
require the board of education of any school district or the govern­
ing body of any municipality in such school district to adopt resolu­
tions restricting or limiting any future proceedings with respect
to the authorization of bonds or other matters deemed by the local
finance board to affect any estimate made or to be made by it in
accordance with subsection b. hereof. Every resolution so adopted
shall constitute a valid and binding obligation of such school district
or municipality running to and enforceable by, and releasable by,
the local finance board.

b. Within 60 days after the submission to it of the resolution
and proposal or ordinance, the local finance board shall cause its
consent to be endorsed upon the proposal or ordinance authorizing
such qualified bonds, if it shall be satisfied, and shall record by
resolution, that the amounts to be expended for the education
facilities to be financed pursuant to such proposal or ordinance are
not unreasonable or exorbitant, and that issuance of the qualified
bonds, to be authorized by such proposal or ordinance, will not
materially impair the credit of any municipality comprised within
the district or substantially reduce its ability, during the ensuing
10 years, to pay punctually the principal and interest on its debts
while at the same time supplying essential public improvements
and services. If the local finance board is not so satisfied it shall
cause its disapproval to be endorsed on such copy within said period
of 60 days.

C. 18A:24-90 Application for approval of revised maturity schedule; approval
or disapproval.

5. If the board of education of a school district or governing
body of a municipality shall determine by resolution that a maturity
schedule for its qualified bonds, other than the maturity schedule
approved by the local finance board pursuant to section 4 is in the
best interest of said school district, it may make application to the
local finance board setting forth such belief and the grounds there­
for and requesting approval of a schedule of maturities for such
qualified bonds set forth in the application.

Within 60 days after submission to the local finance board of an
application, the local finance board shall cause its approval to
be endorsed thereon if it shall be satisfied, and shall record by
resolution its findings, that the belief set forth in such application
is well founded and that issuance of the bonds pursuant to the
revised maturity schedule in such application would not materially
impair the credit of any municipality comprised within the school
district or substantially reduce its ability, during the ensuing 10 years, to pay punctually the principal and interest of its debts and supply essential public improvements and services. If the local finance board is not so satisfied, it shall cause its disapproval to be endorsed on such copy within said period of 60 days.

C. 18A:24-91 Recital of statutory authority on bonds; date of maturity; covenants and provisions for protecting and enforcing rights and remedies of bondholders.

6. a. All qualified bonds when issued shall contain a recital to the effect that they are issued pursuant to Title 18A of the New Jersey Statutes and are entitled to the benefits of the provisions of this act. Except as otherwise provided in this act, all qualified bonds shall be authorized and issued in the manner provided for in Title 18A. N. J. S. 18A:24-19 through 18A:24-27 shall not be applicable with respect to authorization or issuance of any bonds pursuant to the provisions of this act. Qualified bonds shall mature not later than 30 years from their date of issuance without regard to any limitations as to maturities or amounts of annual installments for bonds as provided in Title 18A.

b. The proceedings of the school district or municipality authorizing the issuance of qualified bonds may contain such covenants and provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants restricting the issuance of additional qualified bonds.

C. 18A:24-92 Issuance of temporary notes or loan bonds.

7. Any school district or municipality which has authorized qualified bonds may issue temporary notes or loan bonds (hereinafter "notes") in anticipation of the issuance of permanent qualified bonds to the extent permitted by the provisions of Title 18A or any other applicable laws, subject to such additional terms or conditions with respect to such notes as may be fixed or required by the commissioner to insure that funds are borrowed only as needed to meet required payments for construction, reconstruction, development, extension, improvement, or acquisition of the educational facilities to be financed by the issuance of permanent qualified bonds.

C. 18A:24-93 Certification of name and address of paying agent, maturity schedule, interest rate and dates of payment to State Treasurer; withholding certain amount of State school aid for payment of debt; covenant with purchasers, holders and owners of qualified bonds; payment of debt service conclusive to qualified bonds.

8. a. Each school district or municipality, as the case may be, which issues qualified bonds shall certify to the State Treasurer the
name and address of the paying agent, and the maturity schedule, interest rate and dates of payment of debt service on such qualified bonds within 10 days after the date of issuance of such qualified bonds. After receipt of such certificate the State Treasurer shall withhold from the amount of State school aid payable to such school district or municipality an amount of such State school aid which will be sufficient to pay the debt service on such qualified bonds as the same shall mature and become due. The State Treasurer shall, on or before each principal and interest payment date, forward such withheld amounts to the paying agent for such qualified bonds for deposit to the account established with such paying agent for the purpose of paying the debt service on such qualified bonds. From the time withheld by the State Treasurer all State school aid so withheld and paid or to be paid to and held by the paying agent shall be exempt from being levied upon, taken, sequestered or applied toward paying the debts of such school district or municipality other than for payment of debt service on such qualified bonds. From the time withheld by the State Treasurer, such State school aid so withheld and paid or to be paid to said paying agent shall be deemed to be held in trust for the sole purpose of paying the debt service on such qualified bonds.

b. The State of New Jersey hereby covenants with the purchasers, holders and owners, from time to time, of qualified bonds that it will not repeal, revoke, rescind, modify or amend the provisions of subsection a. of this section so as to create any lien or charge on or pledge, assignment, diversion, withholding payment or other use of or deduction from any State school aid to be apportioned and paid to any paying agent of qualified bonds which is prior in time or superior in right to the payment required by subsection a. of this section; provided, however, that nothing herein contained shall be deemed or construed to require the State of New Jersey to continue to make payments of State school aid or to limit or prohibit the State from repealing or amending any law heretofore or hereinafter enacted for the payment or apportionment of State school aid or the manner, time, or amount thereof.

c. The certification to the State Treasurer as to amount payable in any year for debt service on such qualified bonds shall be fully conclusive as to such qualified bonds from and after the time of issuance of such qualified bonds notwithstanding an irregularity, omission or failure as to compliance with any of the provisions of this act with respect to such qualified bonds provided that such qualified bonds contain a recital to the effect that they are entitled
to the benefits of the provisions of this act. All persons shall be forever estopped from denying that such qualified bonds are entitled to the benefits of the provisions of this act.

C. 18A:24-94 Payment of principal and interest due on qualified bonds; payment of operating expenses.

9. Nothing contained in this act shall be construed to relieve any school district or municipality of the obligation imposed on it by law to include in its annual budget amounts necessary to pay, in each year, the principal and interest maturing and becoming due on any qualified bonds issued by such school district or municipality; provided, however, that to the extent of the amounts withheld from State school aid payable to such school district or municipality and forwarded to the paying agent for such qualified bonds pursuant to section 8, such budgeted amounts, to the extent not needed to pay debt service on such qualified bonds, shall be applied to the payment of the operating expenses of such school district or municipality for such year; and provided, further, that in any year in which State school aid is not appropriated, such budgeted amounts shall be used to pay the debt service maturing and becoming due in such year on such qualified bonds of the school district or municipality.

C. 18A:24-95 Application for authorization to issue qualified bonds prior to effective date of act.

10. The provisions of this act shall not be construed to prohibit any school district or municipality from applying for authorization to issue qualified bonds pursuant to the terms of this act in connection with the construction, reconstruction, development, extension, improvement or acquisition of any educational facility notwithstanding that the construction, reconstruction, development, extension, improvement or acquisition of such facility was authorized, approved or commenced prior to the effective date of this act.

11. If any clause, sentence, paragraph, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

2. This act shall take effect immediately.

Approved June 29, 1976.

CHAPTER 41

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 5 of P. L. 1961, c. 49 (C. 52:14-17.29) is amended to read as follows:
CHAPTER 41, LAWS OF 1976 95

C. 52:14-17.29 Coverages.

5. (A) The contract or contracts purchased by the commission pursuant to section 4 shall provide separate coverages or policies as follows:

(1) Basic benefits which shall include:
   (a) Hospital benefits, including outpatient;
   (b) Surgical benefits;
   (c) Inpatient medical benefits;
   (d) Obstetrical benefits, in the case of family contracts; and
   (e) Post-hospital services rendered by an extended care facility or by a home health agency and for specified medical care visits by a physician during an eligible period of such post-hospital services, to the extent and subject to the conditions and limitations agreed to by the commission and the carrier or carriers.

Basic benefits shall be substantially equivalent to those available on a group remittance basis to employees of the State and their dependents under the subscription contracts of the New Jersey "Blue Cross" and "Blue Shield" Plans. Such basic benefits shall include benefits for:
   (i) Additional days of inpatient medical service;
   (ii) Surgery elsewhere than in a hospital;
   (iii) X-ray, radioactive isotope therapy and pathology services;
   (iv) Physical therapy services;
   (v) Radium or radon therapy services;
and the extended basic benefits shall be subject to the same conditions and limitations, applicable to such benefits, as are set forth in "Extended Outpatient Hospital Benefits Rider," Form 1500, 71 (9-66), and in "Extended Benefit Rider" (as amended), Form MS 7050J (9-66) issued by the New Jersey "Blue Cross" and "Blue Shield" Plans, respectively, and as the same may be amended or superseded, subject to filing by the Commissioner of Insurance; and

(2) Major medical expense benefits which shall provide benefit payments for reasonable and necessary eligible medical expenses for hospitalization, surgery, medical treatment and other related services and supplies to the extent they are not covered by basic benefits. The commission may, by regulation, determine what types of services and supplies shall be included as "eligible medical services" under the major medical expense benefits coverage as well as those which shall be excluded from or limited under such
coverage. Benefit payments for major medical expense benefits shall be equal to a percentage of the reasonable charges for eligible medical services incurred by a covered employee or an employee's covered dependent, during a calendar year as exceed a deductible for such calendar year of $100.00 subject to the maximums herein-after provided and to the other terms and conditions authorized by this act. The percentage shall be 80% of the first $2,000.00 of charges for eligible medical services incurred subsequent to satisfaction of the deductible and 100% thereafter. There shall be a separate deductible for each calendar year for (a) each enrolled employee and (b) all enrolled dependents of such employee. Not more than $25,000.00 shall be paid for major medical expense benefits with respect to any one person for any 1 calendar year and not more than $100,000.00 shall be paid for such benefits with respect to any one person for the entire period of such person’s coverage under the plan, whether continuous or interrupted except that these maximums may be reapplied to a covered person in amounts not to exceed $2,000.00 a year. Maximums of $10,000.00 per calendar year and $20,000.00 for the entire period of the person’s coverage under the plan shall apply to eligible expenses incurred because of mental illness or functional nervous disorders, and such may be reapplied to a covered person. For retired employees, the maximum lifetime benefit for each person shall be the unused balance of the lifetime maximum remaining while in active service or $20,000.00, whichever is less, with a minimum benefit of $5,000.00. Under the conditions agreed upon by the commission and the carriers as set forth in the contract, the deductible for a calendar year may be satisfied in whole or in part by eligible charges incurred during the last 3 months of the prior calendar year.

Any service determined by regulation of the commission to be an “eligible medical service” under the major medical expense benefits coverage which is performed by a duly licensed practicing psychologist within the lawful scope of his practice shall be recognized for reimbursement under the same conditions as would apply were such service performed by a physician.

(B) Benefits under the contract or contracts purchased as authorized by this act may be subject to such limitations, exclusions, or waiting periods as the commission finds to be necessary or desirable to avoid inequity, unnecessary utilization, duplication of services or benefits otherwise available, including coverage afforded
under the laws of the United States, such as the Federal medicare program, or for other reasons.

(C) The rates charged for any contract purchased under the authority of this act shall reasonably and equitably reflect the cost of the benefits provided based on principles which in the judgment of the commission are actuarially sound. The rates charged shall be determined by the carrier on accepted group rating principles with due regard to the experience, both past and contemplated, under the contract. The commission shall have the right to particularize subgroups for experience purposes and rates. No increase in rates shall be retroactive.

(D) The initial term of any contract purchased by the commission under the authority of this act shall be for such period to which the commission and the carrier may agree, but permission may be made for automatic renewal in the absence of notice of termination by the State. Subsequent terms for which any contract may be renewed as herein provided shall each be limited to a period not to exceed 1 year.

(E) The contract shall contain a provision that if basic benefits of an employee or of an eligible dependent under the contract, after having been in effect for at least 1 month, is terminated, other than by voluntary cancellation of enrollment, there shall be a 31-day period following the effective date of termination during which such employee or dependent may exercise the option to convert, without evidence of good health, to left-group conversion coverage issued by the carrier on a direct payment basis. Such conversion coverage shall include benefits of the type classified as “basic benefits” in subsection (A) hereof. The provision shall further stipulate that the employee or dependent exercising the option to convert shall pay the full periodic charges for the left-group coverage which shall be subject to such terms and conditions as are normally prescribed by the carrier for this type of coverage.

(F) The commission may purchase a contract or contracts to provide drug prescription and other health care benefits or authorize the purchase of a contract or contracts to provide drug prescription and other health care benefits as may be required to implement a duly executed collective negotiations agreement or as may be required to implement a determination by a public employer to provide such benefit or benefits to employees not included in collective negotiations units.

2. This act shall take effect immediately.

Approved June 30, 1976.
Note: In approving the following act certain items, designated by *, were deleted or reduced by the Governor. See Statement appended following the text of the act.

The unexpended balances as of June 30, 1976 in the Student service charges and Parking fees accounts, and the receipts derived therefrom, at all State Colleges are hereby appropriated.

Funds for the operation of Extension and public service program are hereby appropriated out of the receipts derived therefrom, and the unexpended balances of these programs as of June 30, 1976 and all receipts in excess of those anticipated, are hereby appropriated.

Total Appropriation, Capital Construction $83,915,076

Grand Total Appropriation $2,853,314,467*

2. In addition to the amounts hereinabove specifically appropriated, there are appropriated, subject to allotment by the Director of the Division of Budget and Accounting, the following: sums required to refund amounts credited to the State Treasury
which do not represent State revenues; Federal, other non-State, revolving and dedicated funds received or receivable for the use of the State or its agencies in excess of those anticipated and the unexpended balances as of June 30, 1976 of such sums; sums received representing insurance to cover losses by fire and other casualties and the unexpended balance as of June 30, 1976 of such sums; sums received by any State department or agency from the sale of equipment, when such sums are received in lieu of trade-in value in the replacement of such equipment; private funds contributed to the State and the unexpended balance as of June 30, 1976 of such sums; sums received in the State Treasury representing refunds of payments made from appropriations provided in this act.

3. In order that there be flexibility in the handling of appropriations, any department or agency, except the Legislature, receiving an appropriation by any act of the Legislature may apply to the Director of the Division of Budget and Accounting for permission to transfer a part of any item granted to such department or agency to any other item in such appropriation. Such application shall be made only during the current year for which the appropriation was made, and if the Director of the Division of Budget and Accounting shall consent thereto, he shall place the amount so transferred to the credit of the item so designated and so notify the Executive Director, Office of Fiscal Affairs upon the effective date thereof: provided, however, that cumulative transfers in excess of $200,000 in any account, other than transfers from lump sum accounts and of non-State funds, shall be transmitted to the Executive Director, Office of Fiscal Affairs, for his approval or disapproval and returned to the Director of the Division of Budget and Accounting within 5 working days; provided further, however, that no sum appropriated for any capital improvement, except as otherwise provided, shall be used for maintenance or for any temporary purpose except extraordinary snow removal and extraordinary highway maintenance; and provided further, that any item for capital improvement may be transferred to any other item of capital improvement. Regarding appropriations made to the Legislature, upon request of the spending authority, the Executive Director, Office of Fiscal Affairs, shall transfer part of any item to any other item within an appropriation and so notify the Director of the Division of Budget and Accounting upon the effective date thereof.
4. The Director of the Division of Budget and Accounting is hereby empowered and it shall be his duty in the disbursement of funds appropriated for the maintenance and operation of any department or branch thereof, except for the Legislature and any of its agencies, the duties or responsibilities of which are or may hereafter be transferred to any other department or branch, to transfer such appropriations to such department or branch as shall be charged with the responsibility of administering the functions of such department or branch so transferred. The Director of the Division of Budget and Accounting shall also have the authority to create such new accounts as may be necessary to carry out the intent of the transfer. Information copies of such transfers shall be transmitted to the Executive Director, Office of Fiscal Affairs, upon the effective date of such transfers. Where such transfers may be required among appropriations made to the Legislature and its agencies, the Executive Director, Office of Fiscal Affairs, subject to the approval of the President of the Senate and the Speaker of the General Assembly, is hereby empowered and it shall be his duty to effect such transactions hereinabove described and to notify the Director of the Division of Budget and Accounting upon the effective date thereof.

5. The Director of the Division of Budget and Accounting is hereby empowered and it shall be his duty in the disbursement of funds for payment of pensions, contributions to pension funds, social security tax, unemployment compensation contributions, health benefits, debt service, charges for rent, telephone, insurance and postage to credit or transfer to the Department of the Treasury, or to the General State Fund, as applicable, from any other department, branch or non-State fund source out of funds appropriated thereto, such sums as may be required to cover the costs of such payment attributable to such other department, branch or non-State fund source as the Director of the Division of Budget and Accounting shall determine. Any receipts in any non-State fund are hereby appropriated for the purpose of such transfer.

6. The Director of the Division of Budget and Accounting shall make such correction of the title, text or account number of an appropriation necessary to make such appropriation available in accordance with legislative intent. Such correction shall be by written ruling, reciting in appropriate details the facts thereof, and the reasons therefor, attested by the signature of said Director of the Division of Budget and Accounting and filed in the Division
of Budget and Accounting of the Department of the Treasury as an official record thereof, and any action thereunder, including disbursements and the audit thereof, shall be legally binding and of full force and virtue. An official copy of each such written ruling shall be transmitted to the Executive Director, Office of Fiscal Affairs, upon the effective date of such ruling.

7. The Director of the Division of Budget and Accounting is empowered to establish revolving and dedicated funds as required. Notice of the establishment of such funds shall be transmitted to the Executive Director, Office of Fiscal Affairs, upon the effective date thereof.

8. The Director of the Division of Budget and Accounting is empowered to transfer or credit to any central data processing center from any appropriation made to any department for data processing costs which had been appropriated or allocated to such departments for their share of costs of such data processing center.

9. Upon request of any department receiving non-State funds, the Director of the Division of Budget and Accounting is empowered to transfer such funds from that department to other departments as may be charged with the responsibility for the expenditure thereof.

10. The Director of the Division of Budget and Accounting may, upon application therefor, allot from appropriations made to any official, department, commission or board a sum to establish a petty cash fund, for the payment of expenses under rules and regulations established by said Director. The allotments thus made by the Director of the Division of Budget and Accounting shall be paid to such person as shall be designated as the custodian thereof by the official, department, commission or board making a request therefor, and the money thus allotted shall be disbursed by such custodian who shall require a receipt therefor from all persons obtaining money from said fund. Such receipts shall be forwarded monthly by such custodian to the Director of the Division of Budget and Accounting for audit, and said Director shall likewise make regulations governing disbursement from petty cash funds.

11. The Director of the Division of Budget and Accounting may settle any claim not exceeding $25 due and owing to the State.

12. Notwithstanding the provisions of section 1 of this act, the State Treasurer, upon warrant of the Director of the Division of
Budget and Accounting, shall pay any claim not exceeding $250 out of any appropriations made to the several departments, provided such claim is recommended for payment by the head of such department. Any claimant who has presented a claim not exceeding $250 which has been denied or not recommended by the head of such department shall be precluded from presenting said claim to the Legislature for consideration. Notice and description of such claim payment as hereinabove described shall be transmitted to the Executive Director, Office of Fiscal Affairs, at the time such payment is made.

13. There are hereby appropriated the unexpended balances as of June 30, 1976 in the accounts of the several departments and agencies heretofore appropriated or established in the categories of Maintenance of Property: Non-recurring and replacements, and Additions and Improvements where such unexpended balances exceed $100.

14. The unexpended balances as of June 30, 1976 in the accounts of the several departments and agencies which represent the State's share of State Law Enforcement Planning Agency projects for which Federal funds are approved and the State's share of highway safety projects for which Federal funds are approved are hereby appropriated.

15. Out of the appropriations recommended herein, the Director of the Division of Budget and Accounting shall be empowered to approve payments to liquidate any unrecorded liabilities for materials delivered and/or services rendered in prior fiscal years upon the written recommendation of any department head. The Director of the Division of Budget and Accounting shall reject any recommendation for payment which he deems improper.

16. There shall be constituted a Subcommittee on Transfers of the Joint Appropriations Committee, appointed by its Chairman, which shall consist of two members of the Assembly Committee on Appropriations, one of each political party; two members of the Senate Committee on Revenue, Finance, and Appropriations, one of each political party; and the Chairman of the Joint Committee. If pursuant to section 3 of this act, the Executive Director, Office of Fiscal Affairs, should withhold his approval from any transfer, the Subcommittee herein established is empowered to review such transfer and may direct that said Executive Director approve it.

17. Any change by the Department of Institutions and Agencies in the standards upon which or from which grants of categorical
public assistance are determined, shall first be approved by the Director of the Division of Budget and Accounting and the Subcommittee on Transfers of the Joint Appropriations Committee.

18. Unless otherwise provided, Federal grant and project receipts representing reimbursement for agency and central support services, indirect and administrative costs, as determined by the Director of the Division of Budget and Accounting, shall be transmitted to the Department of the Treasury for credit to the General State Fund. Such receipts shall be forwarded to the Director of the Division of Budget and Accounting upon completion of the project or at the end of the fiscal year, whichever occurs earlier.

19. Unless otherwise provided, balances remaining as of June 30, 1976 in accounts of appropriations enacted subsequent to April 1, 1976 are hereby appropriated as the Director of the Division of Budget and Accounting shall determine.

20. The Governor is hereby authorized and directed to identify up to $34,700,000 of the appropriations herein made, which shall be deferred and shall become available for expenditure only upon certification by the Governor that equivalent revenue is available to the State, after December 31 of the fiscal year herein provided for, as Federal Revenue Sharing funds.

21. This act shall take effect July 1, 1976.

Approved July 1, 1976.

The Appropriations Bill allocates $1,722,187 to the Legislative Services Agency for Fiscal Year 1977. This is an increase of $223,831, or 15%, over the amount available to the agency in the current fiscal year. This amount also represents the amount requested by the agency. In this period of economic restraint every department in State Government has been forced to make sacrifices. Revenues have not increased sufficiently to justify large
increases over the current level of spending. Few, if any agencies, have an appropriation which is more than the current year's appropriation. This is particularly true of agencies such as Legislative Services which have the use of unexpended balances, in this case, $100,000. Accordingly, the appropriation to the Legislative Services Agency is reduced by $223,831, to the Fiscal Year 1976 level.

The Appropriations Bill allocates $2,094,800 to the Office of Fiscal Affairs. This represents an increase of $122,742 over the present level of funding and is the amount requested by the agency. A significant part of this increase is due to a 23% increase over the current year's appropriation level for the Division of Program Analysis. While I recognize the importance of the Office of Fiscal Affairs and value its contribution to the operation of State Government, as with the Legislative Services Agency, I cannot justify such an increased appropriation at the present time. The appropriation is therefore reduced by $122,742 to the 1976 appropriation level.

The Department of Law and Public Safety annually conducts State Police Recruit Classes. The funds provided in the Appropriations Bill exceed the amount necessary to conduct one class but are insufficient for two classes. Therefore, the amount is reduced by $150,000. This represents the appropriation necessary to train one recruit class.

Newark Symphony Hall is one of New Jersey's oldest and finest cultural institutions. Its continued existence benefits every citizen of the State. It is therefore appropriate that the State contribute to its operation and maintenance, and I fully support expenditures for this purpose. However, this State is also fortunate to have a State Council on the Arts. The responsibility, and indeed, the obligation to determine priorities for expenditure of the cultural project funds is theirs. The Appropriations Bill is an inappropriate vehicle by which to determine such priorities. Therefore, although I strongly endorse the expenditure of funds by the Council for staffing and operations at Newark Symphony Hall, I delete the language in the bill which would mandate this expenditure.

The amount appropriated for Grants to Soil Conservation districts is reduced by $15,000. The sum recommended in the bill is higher than the Department of Agriculture's request of $93,000.

The Appropriations Committee funded the Delaware and Raritan Canal Commission at a level higher than prior years' appropriations.
The amount provided also exceeds the Department of Environmental Protection's determination of an adequate level of financing for Fiscal Year 1977. In accordance with my policy of fiscal restraint, the appropriation for expenses of the commission is therefore reduced by $20,000.

For several years, New Jersey has purchased veterinary medicine education in out-of-State veterinary institutions. This has permitted many New Jersey residents to obtain an education in veterinary medicine which would otherwise be unavailable because of the absence of an in-State facility. My budget message increased the allocation of this program. The Appropriations Committee, however, reduced the funds available to purchase these educational services by $96,000 and directed that this amount be used to hire a dean and to develop and plan a veterinary school of New Jersey. While I support the concept that New Jersey should have a veterinary school, I must delete that part of the Appropriations Bill which would transfer the usage of funds from purchase of services to planning and the hiring of a dean. I cannot justify commencing the development of a new institution of graduate education, with its necessarily significant cost implications for the future—both capital and operating—at a time when our existing institutions of higher education are operating on restricted budgets. We simply cannot now afford the luxury of undertaking a new and substantial financial obligation for another institution for graduate education, albeit one which will benefit the citizens of this State. Fiscal integrity demands that we maintain, for the present, the purchase of service systems within the Central Office of the Department of Higher Education.

The Appropriations Bill, as submitted to me, designates two specific projects to be financed from appropriations to the Department of Transportation. These are the resurfacing of Route 27 in Highland Park and a feasibility study for the activation of the West Shore Railroad. While these projects may well prove to be highly meritorious and deserving of priority, the Appropriations Bill is an inappropriate vehicle through which to direct their initiation. Effective program management within the department dictates that the department, with its particular expertise and overview of the myriad of proposed projects in the State, determine the priority of such projects. I am certain that the merits of these particular projects will speak for themselves in such a departmental review. Accordingly, the language specifying the completion of these projects is deleted. However, the funding for Comprehensive
Transportation Planning is not reduced. I support the amount provided by the Appropriations Committee.

There is presently in the Appropriations Bill an amount for Emergency Assistance. This amount exceeds what is expected to be required in Fiscal Year 1977. Accordingly, the funds for payments for Emergency Assistance are reduced by $203,000. This sum recommended should be more than adequate to meet the expenses for emergency assistance, even with the recent amendments to the Emergency Assistance regulations which liberalize the availability of payments under extraordinary services.

Provision has been made in the Appropriations Bill for funds for Aid to Depressed Rural Areas, subject to the enactment of enabling legislation. Although a bill has been introduced to implement this program, the Legislature has, to date, failed to enact it. In the absence of authorizing legislation, I cannot approve the inclusion of these funds in the budget. The funds for Aid to Depressed Rural Areas are therefore reduced by $400,000.

Respectfully,

[Seal]  
BRENDAN BYRNE,  
Governor.

Attest:  
JOHN J. DEGNAN,  
Executive Secretary to the Governor.
CHAPTER 43

AN ACT concerning motor vehicles and amending sections 39:3-8, 39:3-30 and 39:8-1 and 39:8-2 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. R. S. 39:3-8 is amended to read as follows:

 Fees for registration of passenger automobiles; license of semitrailers and trailers.

39:3-8. The applicant for registration for passenger automobiles shall pay to the director for each registration a fee of $14.00 for each such vehicle having a manufacturer’s shipping weight of less than 2,700 pounds, a fee of $23.00 for each such vehicle having a manufacturer’s shipping weight of 2,700 pounds or more, but not greater than 3,800 pounds, and a fee of $44.00 for each vehicle having a manufacturer’s shipping weight in excess of 3,800 pounds. The director shall determine the manufacturer’s shipping weight for each passenger automobile on the basis of the information contained in the certificate of origin, the application for registration or for renewal of registration, or the records of the division, or any or all of these; and any case in which the manufacturer’s shipping weight of any particular passenger automobile is unavailable, or in doubt or dispute, the director may require that such automobile be weighed on a scale designated by him, and such actual weight shall be considered the manufacturer’s shipping weight for the purposes of this section; but in all cases the director’s determination of the manufacturer’s shipping weight of any such automobile shall be final.

The director may also license private utility and house type semitrailers and trailers with a gross load not in excess of 2,000 pounds at a fee of $4.00 per annum and all other such utility and house type semitrailers and trailers at $9.00 per annum. Application for such registration shall be made on a blank to be furnished by the division and the application shall contain a statement to the effect that the vehicle so registered will not be used for the commercial transportation of goods, wares and merchandise, or for hire.

No private utility or house type semitrailer or trailer with an outside width of more than 96 inches, a maximum height of 13 feet 6 inches, a maximum length for a single vehicle of more than
35 feet, a maximum length for a semitrailer and its towing vehicle of more than 45 feet, and a maximum length for a trailer and its towing vehicle of more than 50 feet, shall be operated on any highway in this State, except that a vehicle exceeding the above limitations may be operated when a special permit so to operate is secured in advance from the director. The application for such permit shall be accompanied by a fee fixed by the director. A special permit issued by the director shall be in the possession of the operator of the vehicle for which such permit was issued. In computing any dimensions of a vehicle, for the purposes of this section, there shall not be included in the dimensional limitations safety equipment such as mirrors or lights, provided such appliances do not exceed the overall limitations established by the director by rule or regulation.

2. Section 39:3-30 of the Revised Statutes is amended to read as follows:

Transfer of ownership or destruction of motor vehicle.

39:3-30. Upon the transfer of ownership or the destruction of any motor vehicle its registration shall become void. If the motor vehicle is sold the original owner shall remove the license plates therefrom, and, within 48 hours, notify the director of the name and address of the purchaser.

The original owner may, by proper sworn application on a form to be furnished by the division, register another motor vehicle for the unexpired portion of the registration period of the original vehicle, upon payment of a fee of $4.50 if the vehicle is of a weight or other classification equal with or less than the one originally registered, and upon the payment of a fee of $4.50 and the difference between the fee originally paid and that due if the new motor vehicle is properly registrable in a higher class. Unless the original license plates have been destroyed, the owner shall be assigned the license number previously issued to him and shall receive a new registration certificate. If the original license plates have been destroyed, replacement of the plates will be made under the provisions of section 39:3-32 of this Title.

The surviving husband, wife, child or children of a deceased registered owner of any motor vehicle in whom title thereto shall vest by virtue of the terms of the will of such deceased owner, or otherwise, shall, upon application to the director, upon the payment of a fee of $4.50 be entitled to have the registration of such vehicle transferred to his or her name.
3. R. S. 39:8–1 is amended to read as follows:

**Inspection of registered motor vehicles required; exceptions; inspectors; inspection stations.**

39:8–1. The director shall require every motor vehicle registered in this State which is used over the highways of this State, except vehicles and traction equipment registered pursuant to section 39:3–24 of this Title, motor vehicles used for the transportation of passengers for hire which are subject to the jurisdiction of the board of public utility commissioners and historic motor vehicles registered as such, to have such motor vehicles inspected by designated inspectors or at official inspection stations to be designated by the director. The director shall have the discretion to determine what motor vehicle equipment shall be subject to inspection under the provisions of this chapter.

4. Section 39:8–2 of the Revised Statutes is amended to read as follows:

54A:3-3. Medical Expenses. (a) Each taxpayer shall be allowed to deduct from his gross income medical expenses for himself, his spouse, and his dependents with respect to such expenses that were paid during the taxable year and to the extent that such medical expenses exceed 2% of the taxpayer’s gross income. In the case of a nonresident, gross income shall mean gross income which such nonresident would have reported if he had been subject to tax during the entire taxable year as a resident.
(b) Special Rule for Decedents.

C. 54A:4-1 Resident credit for tax of another state.

54A:4-1. Resident credit for tax of another state. (a) A resident taxpayer shall be allowed a credit against the tax otherwise due under this act for the amount of any income tax or wage tax imposed for the taxable year by another state of the United States or political subdivision of such state, or by the District of Columbia, with respect to income which is also subject to tax under this act.

(b) The credit provided under this section shall not exceed the proportion of the tax otherwise due under this act that the amount of the taxpayer’s income subject to tax by the other jurisdiction bears to his entire New Jersey income.

(c) Readjustment of the tax of another state or political subdivision thereof—if the taxpayer is allowed credit under this section for more or less of the tax of another state or political subdivision thereof than he is finally required to pay, the taxpayer shall send notice of the difference to the director who shall re-determine the tax for any years affected regardless of any otherwise applicable statute of limitations.

C. 54A:4-2 Credit for taxes withheld on wages.

54A:4-2. Credit for taxes withheld on wages. Any amount of tax actually deducted and withheld by an employer under this act in any calendar year shall be deemed to have been paid to the director on behalf of the person from whom withheld, and such person shall be credited with having paid that amount of tax for the taxable year beginning in such calendar year. For a taxable
year of less than 12 months, the credit shall be made under regulations of the director.

C. 54A:4-3 Homestead credit for tenant.

54A:4-3. Homestead credit for tenant. a. Any qualified residential tenant or shareholder in a cooperative shall be entitled to a homestead credit of $65.00 against the tax otherwise due hereunder. Any qualified residential tenant or shareholder in a cooperative shall be entitled to an additional homestead credit of $35.00 if such resident is (1) permanently and totally disabled, (2) 65 years of age or over, or (3) a surviving spouse of a person qualified under (2) above who has remained unmarried since becoming a widow or widower at the age of 55 years or over.

b. Husband and wife. A married couple who elect to file separate New Jersey returns shall each be entitled to one-half of the credit otherwise allowable under subsection a.

c. Special limitations (1) If more than one qualified resident tenant, other than a husband and wife, qualify for the credit allowed under this section by reason of their having occupied the same rented homestead, it shall be presumed that the tenant’s credit otherwise allowed under this section shall be equally divided among such taxpayers. A tenant, however, may claim a credit which shall bear the same proportion as the rent he pays to the total rent paid by all members of the unit.

(2) A taxpayer shall not be entitled to more than one homestead credit in any one year. A taxpayer who claims a homestead credit under this section may not claim a homestead exemption for the same year under any other law.

(3) The amount of the homestead credit shall be prorated in the proportion that the number of days the qualified tenant occupied residential property in the year bears to 365 days.

(4) Where more than one tenant occupies a single dwelling unit not more than one qualified tenant credit shall be claimed. No tenant homestead credit shall be allowed for occupants of rooming houses, hotels or motels unless the rooms rented to the tenant are equipped with kitchen and bathroom facilities and unless such person is a permanent resident thereof.
C. 54A:5-1  New Jersey gross income defined.

54A:5-1. New Jersey Gross Income Defined. New Jersey gross income shall consist of the following categories of income:

(a) Salaries, wages, tips, fees, commissions, bonuses, and other remuneration received for services rendered whether in cash or in property;

(b) Net profits from business. The net income from the operation of a business, profession, or other activity, after provision for all costs and expenses incurred in the conduct thereof, determined either on a cash or accrual basis in accordance with the method of accounting allowed for Federal income tax purposes but without deduction of taxes based on income;

(c) Net gains or income from disposition of property. Net gains or net income, less net losses, derived from the sale, exchange or other disposition of property, including real or personal, whether tangible or intangible as determined in accordance with the method of accounting allowed for Federal income tax purposes. For the purpose of determining gain or loss, the basis of property shall be the adjusted basis used for Federal income tax purposes.

The term “net gains or income” shall not include gains or income derived from obligations which are referred to in clauses (1) or (2) of section 54A:6-14 of this act. The term “net gains or net income” shall not include gains or income from transactions to the extent to which non-recognition is allowed for Federal income tax purposes. The term “sale, exchange or other disposition” shall not include the exchange of stock or securities in a corporation a party to a reorganization in pursuance of a plan of reorganization, solely for stock or securities in such corporation or in another corporation a party to the reorganization and the transfer of property to a corporation by one or more persons solely in exchange for stock or securities in such corporation if immediately after the exchange such person or persons are in control of the corporation. For purposes of this clause, stock or securities issued for services shall not be considered as issued in return for property.

For purposes of this clause, the term “reorganization” means—

(i) A statutory merger or consolidation;

(ii) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring corporation) of stock of another corporation if, immediately after the acquisition, the acquiring corporation has control...
of such other corporation (whether or not such acquiring corporation had control immediately before the acquisition);

(iii) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring corporation), of substantially all of the properties of another corporation, but in determining whether the exchange is solely for stock the assumption by the acquiring corporation of a liability of the other, or the fact that property acquired is subject to a liability, shall be disregarded;

(iv) A transfer by a corporation of all or a part of its assets to another corporation if immediately after the transfer the transferor, or one or more of its shareholders (including persons who were shareholders immediately before the transfer), or any combination thereof, is in control of the corporation to which the assets are transferred;

(v) A recapitalization;

(vi) A mere change in identity, form, or place of organization however effected; or

(vii) The acquisition by one corporation, in exchange for stock of a corporation (referred to in this subclause as "controlling corporation") which is in control of the acquiring corporation, of substantially all of the properties of another corporation which in the transaction is merged into the acquiring corporation shall not disqualify a transaction under subclause (i) if such transaction would have qualified under subclause (i) if the merger had been into the controlling corporation, and no stock of the acquiring corporation, is used in the transaction;

(viii) A transaction otherwise qualifying under subclause (i) shall not be disqualified by reason of the fact that stock of a corporation (referred to in this subclause as the "controlling corporation") which before the merger was in control of the merged corporation is used in the transaction, if after the transaction, the corporation surviving the merger holds substantially all of its properties and of the properties of the merged corporation (other than stock of the controlling corporation distributed in the transaction); and in the transaction, former shareholders of the surviving corporation exchanged, for an amount of voting stock of the controlling corporation, an amount of stock in the surviving corporation which constitutes control of such corporation.

For purposes of this clause, the term "control" means the ownership of stock possessing at least 80% of the total combined voting power of all classes of stock entitled to vote and at least 80% of
the total number of shares of all other classes of stock of the corporation.

For purposes of this clause, the term "a party to a reorganization" includes a corporation resulting from a reorganization, and both corporations, in the case of a reorganization resulting from the acquisition by one corporation of stock or properties of another. In the case of a reorganization qualifying under subclause (i) by reason of subclause (vii) the term "a party to a reorganization" includes the controlling corporation referred to in such subclause (vii).

Notwithstanding any provisions hereof, upon every such exchange or conversion, the taxpayer's base for the stock or securities received shall be the same as the taxpayer's actual or attributed base for the stock, securities or property surrendered in exchange therefor.

(d) Net gains or net income derived from or in the form of rents, royalties, patents, and copyrights.

(e) Interest, except interest referred to in clauses (1) or (2) of section 54A:6-14 of this act.

(m) Rental value of a residence furnished by an employer or a rental allowance paid by an employer to provide a home.

(n) Alimony and separate maintenance payments to the extent that such payments are required to be made under a decree of divorce or separate maintenance but not including payments for support of minor children.

C. 54A:5-2 Losses.

54A:5-2. Losses. Losses which occur within one category of gross income may be applied against other sources of gross income within the same category of gross income during the taxable year.
However, a net loss in one category of gross income may not be applied against gross income in another category of gross income.

C. 54A:5-3  Taxability of estates, trusts and their beneficiaries.

54A :5-3. Taxability of estates, trusts and their beneficiaries. The income of a beneficiary of an estate or trust in respect of such estate or trust shall consist of that part of the income or gains received by the estate or trust for its taxable year ending within or with the beneficiary’s taxable year which, under the governing instrument and applicable State law, is required to be distributed currently or is in fact paid or credited to said beneficiary.

The income or gains of the estate or trust, if any, taxable to such estate or trust shall consist of the income or gains received by it which has not been distributed or credited to its beneficiaries.

Where an estate or trust has paid a tax under this act upon income distributed or to be distributed to a beneficiary, such beneficiary may exclude such income from his gross income in the year paid or credited to him.

C. 54A:5-4  Taxability of partners.

54A :5-4. Taxability of partners. A partnership or association as such shall not be subject to the tax imposed by this act, but the income or gain of a member of a partnership or association shall be subject to the tax and the tax shall be imposed on his share, whether or not distributed, of the income or gain received by the partnership or association for its taxable year ending within or with the partner’s or member’s taxable year.

(b) One spouse a nonresident. If either husband or wife is a nonresident and the other a resident, separate taxes shall be determined on their separate incomes on such forms as the director shall prescribe, unless both elect to determine their joint income as if both were residents in which event their tax liabilities shall be joint and several.
(c) The filing requirements for nonresidents shall be governed by the provisions of section 54A:8-3.1 except with respect to the conditions set forth in subsection (b) of this section.

C. 54A:5-7 Allocation of income of nonresidents.

54A:5-7. Allocations of income of nonresidents. Where a nonresident taxpayer earns, receives or acquires income from sources partly within and partly without this State or engages in a business, trade, profession or occupation partly within and partly without this State, and, as a result thereof or for other reasons that portion of the income derived from or connected with sources within this State cannot readily or accurately be ascertained, the director may by regulation prescribe uniform rules for apportionment or allocation of so much of such taxpayer's income as fairly and equitably represents income, derived from sources within this State and subject to tax under this act.

C. 54A:5-8 Income from sources within this State for a nonresident.

54A:5-8. Income from sources within this State for a nonresident individual, estate or trust means the same as compensation, net profits, gains, dividends, interest or income enumerated and classified under chapter 5 of this act to the extent that it is earned, received or acquired from sources within this State:

54A:6-9. Exemption for Gains Derived from the Sale or Exchange
           of Principal Residence.
   a. If a taxpayer realizes a gain from the sale or exchange of
      his principal residence, the gain shall be excludable from gross
      income if the taxpayer purchased or received in exchange another
      principal residence to replace the residence sold, provided that such
      new residence had been acquired either 18 months before or 18
      months after the date of the sale of the original residence except
      that where the taxpayer has constructed a new residence, the period
      prior to and after the date of sale shall be 24 months. Where the
      adjusted sales price of the residence sold exceeds the purchase
      price of the new residence, the taxpayer shall be required to include
      in his gross income that portion of the gain which is represented
      by the amount that the adjusted sales price of the old residence
      exceeds the cost of the new residence. To the extent that any gain
      shall be excludable under this section, the basis of the new residence
      shall be reduced.

   b. In lieu of the exemption allowed under subsection a. of this
      section, a taxpayer who has attained the age of 65 on or before
      the date of the sale of a property which has been used by him as
      a principal residence for at least 5 years of the 8 years immediately
      preceding the date of such sale, may elect to avail himself of the
      exemption allowed under this subsection. If the exemption
      provided for in this subsection is availed of by a taxpayer in or
      for any taxable year, no such exemption shall be allowed with
      respect to such taxpayer or spouse thereof in any subsequent
      taxable year. If the adjusted sales price of the property sold or
      exchanged exceeds $35,000.00, this subsection shall apply to that
      portion of the gain which bears the same ratio to the total amount
      of such gain as $35,000.00 bears to such adjusted sales price. For
      the purpose of this section, the word "sale" means a "sale,"
“exchange,” “transaction,” or “event” through which the taxpayer is divested of all interest in his residence.

c. Subsection a. shall not apply to any sale or exchange by the taxpayer with respect to more than one property during any 18-month period.

d. Subsection b. shall not apply to any sale or exchange by the taxpayer with respect to more than one property.

e. Property used in part as a residence. In case of property only a portion of which has been owned and used by the taxpayer as his principal residence, this section shall apply with respect to so much of the sale or exchange of such property as is determined, under regulations prescribed by the director, to be attributable to the portion of the property so owned and used by the taxpayer.

f. The provisions of this section shall also be applicable with respect to qualified tenant-shareholders in cooperatives.

g. For purposes of this section, the destruction, theft, seizure, requisition, or condemnation of property shall be treated as the sale of such property.

C. 54A:6-10 Pensions and annuities.

54A:6-10. Pensions and annuities. Gross income shall not include that part of any amount received as an annuity under an annuity, endowment, or life insurance contract which bears the same ratio to such amount as the investment in the contract (as of the annuity starting date) bears to the expected return under the contract (as of such date). Where (1) part of the consideration for an annuity, endowment, or life insurance contract is contributed by the employer, and (2) during the 3-year period beginning on the date on which an amount is first received under the contract as an annuity, the aggregate amount receivable by the employee under the terms of the contract is equal to or greater than the consideration for the contract contributed by the employee, then all amounts received as an annuity under the contract shall be excluded from gross income until there has been so excluded an amount equal to the consideration for the contract contributed by the employee.

C. 54A:6-11 New Jersey State lottery winnings.

C. 54A:6-12 Pensions limited.

54A:6-12. Pensions of persons not covered under Social Security. Gross income shall not include pension, disability or retirement
programs of the Federal Government or of any State or its political subdivisions, or agencies thereof, for persons not covered under 54A:6-2 or 54A:6-3 hereof; provided, however, that the total amount of benefits to be allowed exclusion herein shall not be in excess of the maximum amount of benefits payable to and allowable for exclusion in 54A :6-2 and 54A :6-3.

C. 54A:6-13 Unemployment insurance benefits.

54A:6-13. Unemployment insurance benefits. All payments and benefits received under any unemployment insurance law.

C. 54A:6-14 Interest on certain obligations.

54A :6-14. Interest on certain obligations. Gross income shall not include interest on obligations (1) issued by or on behalf of this State or any county, municipality, school or other district, agency, authority, commission, instrumentality, public corporation (including one created or existing pursuant to agreement or compact with this or any other state), body corporate and politic or political subdivision of this State, or (2) those obligations which are statutorily free from State or local taxation under any other act of this State or under the laws of the United States.

CHAPTER 7. WITHHOLDING OF TAX

C. 54A:7-1 Requirements for withholding.

54A :7-1. Requirement of withholding tax from wages. (a) General.—From and after the first day of the first month following at least a full calendar month after the enactment of this act, every employer maintaining an office or transacting business within this State and making payment of any wages subject to New Jersey personal income tax to a resident or nonresident individual shall deduct and withhold from such wages for each payroll period a tax computed in such manner as to result, so far as practicable, in withholding from the employee’s wages during each calendar year an amount substantially equivalent to the tax reasonably estimated to be due resulting from the inclusion in the employee’s New Jersey income of his wages received during such calendar year. The method of determining the amount to be withheld shall be prescribed by regulations of the director, with due regard to the withholding exemptions of the employee.

(b) Withholding exemptions.—For purposes of this section:

An employee shall be entitled to the equivalent of the same number of New Jersey withholding exemptions as the number of withholding exemptions to which he is entitled for Federal income tax
withholding purposes. An employer may rely upon the number of Federal withholding exemptions claimed by the employee.

C. 54A:7-2 Statement for employee.

54A:7-2. Information statement for employee. Every employer required to deduct and withhold tax under this act from the wages of an employee, or who would have been required so to deduct and withhold tax if the employee had claimed no more than one withholding exemption, shall furnish to each such employee in respect of the wages paid by such employer to such employee during the calendar year on or before February 15 of the succeeding year, or, if his employment is terminated before the close of such calendar year, within 30 days from the date on which the last payment of the wages is made, a written statement as prescribed by the director showing the amount of wages paid by the employer to the employee, the amount deducted and withheld as tax, and such other information as the director shall prescribe.

C. 54A:7-3 Credit for tax withheld.

54A:7-3. Credit for tax withheld. Wages upon which tax is required to be withheld shall be taxable under this act as if no withholding were required, but any amount of tax actually deducted and withheld under this act in any calendar year shall be deemed to have been paid to the director on behalf of the person from whom withheld, and such person shall be credited with having paid that amount of tax for the taxable year beginning in such calendar year. For a taxable year of less than 12 months the credit shall be made under regulations of the director.

C. 54A:7-4 Employer's return and payment of tax.

54A:7-4. Employer's return and payment of withheld taxes. (a) General.—Every employer required to deduct and withhold tax under this act shall, for each calendar month, on or before the fifteenth day of the month following the close of such calendar month, file a withholding return as prescribed by the director and pay over to the director or to a depositary designated by the director the taxes so required to be deducted and withheld. The director may, if he deems it necessary, extend the initial filing of withholding returns and payment of withheld taxes for a period not to exceed 60 days. Where the aggregate amount required to be deducted and withheld by any employer is less than $25.00 in a calendar month and the aggregate for the semiannual period ending on June 30 and December 31 can reasonably be expected to be less than $150.00, the director may by regulation permit an employer to file a return on
or before July 31 for the semiannual period ending on June 30 and on or before January 31 for the semiannual period ending on December 31. The director may, if he believes such action necessary for the protection of the revenues, require any employer to make such return and pay to him the tax deducted and withheld at any time, or from time to time. Where the amount of wages paid by an employer is not sufficient under this act to require the withholding of tax from the wages of any of his employees, the director may, by regulation, permit such employer to file an annual return on or before February 28 of the following calendar year.

The director may, by regulation, require the filing and payment of withholding returns and taxes on a semimonthly or more frequent basis where he deems such action in the best interest of the State.

(b) Deposit in trust for director.—Whenever any employer fails to collect, truthfully account for, pay over the tax, or make returns of the tax as required in this section, the director may serve a notice requiring such employer to collect the taxes which become collectible after service of such notice, to deposit such taxes in a bank approved by the director in a separate account, in trust for and payable to the State of New Jersey and to keep the amount of such tax in such account until payment over to the director. Such notice shall remain in effect until a notice of cancellation is served by the director.

C. 54A:7-5 Employer's liability for tax withheld.

54A:7-5. Employer’s liability for withheld taxes. Every employer required to deduct and withhold tax under this act is hereby made liable for such tax. For purposes of assessment and collection, any amount required to be withheld and paid over to the director, and any additions to tax, penalties and interest with respect thereto, shall be considered the tax of the employer. Any amount of tax actually deducted and withheld under this act shall be held to be a special fund in trust for the director. No employee shall have any right of action against his employer in respect to any moneys deducted and withheld from his wages and paid over to the director in compliance or in intended compliance with this act.

C. 54A:7-6 Employer’s failure to withhold.

54A:7-6. Employer’s failure to withhold. If an employer fails to deduct and withhold tax as required, and thereafter the tax against which such tax may be credited is paid, the tax so required to be deducted and withheld shall not be collected from the employer, but the employer shall not be relieved from liability for
any penalties, interest, or additions to the tax otherwise applicable in respect of such failure to deduct and withhold.

C. 54A:7-7 Annual reconciliation of tax withheld.
54A:7-7. Filing annual reconciliation of tax withheld. A reconciliation of tax withheld shall be filed by the employer with the Division of Taxation on or before February 15 following the close of the calendar year in accordance with rules and regulations prescribed by the director.

Chapter 8. Payment of Tax

C. 54A:8-1 Payment; returns; extension of time.
54A:8-1. Payment of tax; returns; extension of time. With respect to each taxpayer, the tax imposed by this act shall be due and payable annually, hereafter, in the manner provided in this section:

a. Every taxpayer shall annually pay the tax imposed by this act with respect to all or any part of each of his fiscal or calendar accounting years beginning on and after July 1, 1976, to be computed as in this act provided, for such fiscal or calendar accounting year or part thereof, on a return which shall be filed, in the case of a taxpayer reporting on a calendar year basis, on or before April 15 following the close of such calendar year, or, in the case of a taxpayer reporting on a fiscal year basis, on or before the fifteenth day of the fourth month following the close of such fiscal year, and the full amount of the tax shall be due and payable on or before the date prescribed herein for the filing of the return.

In the case of a taxable year which ends on or after July 1, 1976, and prior to December 31, 1976, an income tax return for such taxable year shall be filed on or before April 15, 1977.

b. Each return shall carry a certificate signed by the taxpayer to the effect that all statements contained therein are true, under the same penalties as for perjury committed. Blank forms of return shall be furnished on application, but failure to secure the form shall not relieve any taxpayer of the obligation of making any return herein required. Subject to regulations under this act and in such form as may be indicated thereby, taxpayers whose net income taxable under this act is or may be subject to tax under a similar law of another jurisdiction may be permitted to file a simple, short form return attached to a copy of his return as filed or about to be filed by him in such other jurisdiction.

Subject to regulations under this act, reasonable extensions of time for good cause shown, may be granted for not more than 6
months unless exceptional circumstances justify a longer period, within which returns may be filed.

In addition, persons in active service with the Armed Forces of the United States, who may be prevented by distance or injury or hospitalization arising out of such service, may be allowed such extension of time for the filing of returns, without interest or penalty, as may be fixed by regulations under this act.

C. 54A:8-2 Optional tax tables.

54A:8-2. Optional tax tables. (a) General.—The director may promulgate uniform tax tables for individual taxpayers for any taxable year. An individual may elect to use or not to use any such tax table for which he is eligible.

(b) Preparation of tax tables.—Tax tables promulgated hereunder shall be based either upon (i) the individual’s New Jersey income, or (ii) the individual’s taxable income. In computing such tables, the director shall make allowance for the deductions and personal exemptions allowed under this act. In either case the director shall by regulation prescribe the conditions of eligibility for the use of a tax table. In no case shall the amount of tax calculated by use of a tax table deviate by more than $5.00 from the amount otherwise due under section 54A:2-1.

C. 54A:8-3 Accounting periods and methods.

54A:8-3. Accounting periods and methods. (a) Accounting periods.—A taxpayer’s taxable year under this act shall be the same as his taxable year for Federal income tax purposes.

(b) Change of accounting periods.—If a taxpayer’s taxable year is changed for Federal income tax purposes, his taxable year for purposes of this act shall be similarly changed.

(c) Accounting methods.—A taxpayer’s accounting method under this act shall be the same as his accounting method for Federal income tax purposes. In the absence of any accounting method for Federal income tax purposes, New Jersey taxable income shall be computed under such method as in the opinion of the director clearly reflects income.

(d) Change of accounting methods.—(1) If a taxpayer’s accounting method is changed for Federal income tax purposes, his accounting method for purposes of this act shall be similarly changed.

(2) If a taxpayer’s accounting method is changed, other than from an accrual to an installment method, any additional tax which results from adjustments determined to be necessary solely by reason of the change shall not be greater than if such adjustments
were ratably allocated and included for the taxable year of the change and the preceding taxable years, not in excess of two, during which the taxpayer used the accounting method from which the change is made.

(3) If a taxpayer’s accounting method is changed from an accrual to an installment method, any additional tax for the year of such change of method and for any subsequent year which is attributable to the receipt of installment payments properly accrued in a prior year, shall be reduced by the portion of tax for any prior taxable year attributable to the accrual of such installment payments, in accordance with regulations of the director.

C. 54A:8-3.1 Persons required to file.

a. On or before the filing date prescribed in section 1 of this chapter (C. 54A:8-1), an income tax return shall be made and filed by or for every individual, estate or trust having a gross income in excess of $3,000.00 or more ($1,500.00 or more in the case of a married person filing separately).

b. If the income tax liability of husband and wife is determined on a separate return for Federal income tax purposes, they shall each also file a separate return for New Jersey income tax purposes and their income tax liabilities under this act shall be separate.

c. If the income tax liabilities of husband and wife are determined on a joint return for Federal income tax purposes, they shall also file a joint return for New Jersey income tax purposes and their tax liabilities under this act shall be joint and several.

d. If either husband or wife is a resident and the other is a non-resident, they shall file separate tax returns under this act on such single or separate forms as may be required by the director in which event their tax liabilities shall be separate unless both elect to determine their joint taxable income as if both were residents, in which event their liabilities shall be joint and several.

e. The return for any deceased individual shall be made and filed by his fiduciary or other person charged with his property.

f. The return for an individual who is unable to make a return by reason of minority or other disability shall be made and filed by his fiduciary or other person charged with the care of his person or property (other than a receiver in possession of only a part of his property), or by his duly authorized agent.

g. Any tax under this act, and any increase, interest or penalty thereon, shall, from the time it is due and payable, be a personal
C. 54A:8-4 Declarations of estimated tax.

54A:8-4. Declarations of estimated tax. (a) Requirement of filing. Every resident and nonresident individual shall make a declaration of his estimated New Jersey personal income tax for each taxable year beginning after June 30, 1976, if his estimated New Jersey personal income tax can reasonably be expected to be more than $109.00 in excess of any credits allowable against his tax, whether or not he is required to file a Federal declaration of estimated tax for such year.

(b) Definition of estimated tax. The term “estimated tax” means the amount which an individual estimates to be his income tax under this act for the taxable year, less the amount which he estimates to be the sum of any credits allowable against the tax.

(c) Joint declaration of husband and wife. A husband and wife may make a joint declaration of estimated tax as if they were one taxpayer, in which case the liability with respect to the estimated tax shall be joint and several. No joint declaration may be made if husband and wife are separated under a decree of divorce or of separate maintenance, or if they have different taxable years. If a joint declaration is made but husband and wife elect to determine their taxes under this act separately, the estimated tax for such year may be treated as the estimated tax of either husband or wife, or may be divided between them, as they may elect.

(d) Time for filing declaration. Beginning in the taxable year 1976 and every taxable year thereafter a declaration of estimated tax of an individual other than a farmer shall be filed on or before April 15 of the taxable year, except that if the requirements of subsection (a) are first met:

(1) After April 1 and before June 2 of the taxable year, the declaration shall be filed on or before June 15; or

(2) After June 1 and before September 2 of the taxable year the declaration shall be filed on or before September 15; or

(3) After September 1 of the taxable year, the declaration shall be filed on or before January 15 of the succeeding year.

(e) Declaration of estimated tax by a farmer. A declaration of estimated tax of an individual having an estimated New Jersey income from farming (including oyster farming) for the taxable year which is at least two-thirds of his total estimated New Jersey income for the taxable year may be filed at any time on or before
January 15 of the succeeding year, in lieu of the time otherwise prescribed.

(f) Declaration of estimated tax of $100.00 or less. A declaration of estimated tax of an individual having a total estimated tax for the taxable year of $100.00 or less may be filed at any time on or before January 15 of the succeeding year under regulations of the director.

(g) Amendments of declaration. An individual may amend a declaration under regulations of the director.

(h) Return as declaration or amendment. If on or before February 15 of the succeeding taxable year an individual files his return for the taxable year for which the declaration is required, and pays therewith the full amount of the tax shown to be due on the return:

(1) Such return shall be considered as his declaration if no declaration was required to be filed during the taxable year, but is otherwise required to be filed on or before January 15;

(2) Such return shall be considered as the amendment permitted by subsection (g) to be filed on or before January 15 if the tax shown on the return is greater than the estimated tax shown in a declaration previously made.

(i) Fiscal year. This section shall apply to a taxable year other than a calendar year by the substitution of the months of such fiscal year for the corresponding months specified in this section,

(j) Short taxable year. An individual having a taxable year of less than 12 months shall make a declaration in accordance with regulations of the director.

(k) Declaration for individual under a disability. The declaration of estimated tax for an individual who is unable to make a declaration by reason of minority or other disability shall be made and filed by his guardian, committee, fiduciary or other person charged with the care of his person or property (other than a receiver in possession of only a part of his property), or by his duly authorized agent.

(1) In the taxable year 1976, no declaration shall be required until the lapse of at least one full calendar quarter following enactment of this act.

C. 54A:8-5 Payments of estimated tax.

54A:8-5. Payments of estimated tax (a) General. The estimated tax with respect to which a declaration is required shall be paid as follows:
(1) If the declaration is filed on or before April 15 of the taxable year the estimated tax shall be paid in four equal installments. The first installment shall be paid at the time of the filing of the declaration, and the second, third and fourth installments shall be paid on the following June 15, September 15, and January 15, respectively.

(2) If the declaration is filed after April 15 and not after June 15 of the taxable year, the estimated tax shall be paid in three equal installments. The first installment shall be paid at the time of the filing of the declaration, and the second and third installments shall be paid on or before the following September 15 and January 15, respectively.

(3) If the declaration is filed after June 15 and not after September 15 of the taxable year, and is not required to be filed on or before June 15 of the taxable year, the estimated tax shall be paid in two equal installments. The first installment shall be paid at the time of the filing of the declaration, and the second shall be paid on or before the following January 15.

(4) If the declaration is filed after September 15 of the taxable year, and is not required to be filed on or before September 15 of the taxable year, the estimated tax shall be paid in full at the time of the filing of the declaration.

(5) If the declaration is filed after the time prescribed therefor, or after the expiration of any extension of time therefor, paragraphs (2), (3), and (4) of this subsection shall not apply, and there shall be paid at the time of such filing all installments of estimated tax payable at or before such time, and the remaining installments shall be paid at the times at which, and in the amounts in which, they would have been payable if the declaration had been filed when due.

(b) Farmers. If an individual referred to in subsection (e) of section 54A:8-4 (relating to income from farming) makes a declaration of estimated tax after September 15 of the taxable year and on or before the following January 15, the estimated tax shall be paid in full at the time of the filing of the declaration.

(c) Amendments of declaration. If any amendment of a declaration is filed, the remaining installments, if any, shall be ratably increased or decreased (as the case may be) to reflect any increase or decrease in the estimated tax by reason of such amendment, and if any amendment is made after September 15 of the taxable year, any increase in the estimated tax by reason thereof shall be paid at the time of making such amendment.
(d) Application to short taxable year. This section shall apply to a taxable year of less than 12 months in accordance with regulations of the director.

(e) Fiscal year. This section shall apply to a taxable year other than a calendar year by the substitution of the months of such fiscal year for the corresponding months specified in this section.

(f) Installments paid in advance. An individual may elect to pay any installment of his estimated tax prior to the date prescribed for its payment.

C. 54A:8-6 Returns; notices; records; statements.

54A:8-6. Requirements concerning returns, notices, records and statements. (a) General. The director may prescribe regulations as to the keeping of records, the content and form of returns and statements, and the filing of copies of Federal income tax returns and determinations. The director may require any person, by regulation or notice served upon such person, to make such returns, render such statements, or keep such records, as the director may deem sufficient to show whether or not such person is liable under this act for tax or for collection of tax.

(b) Partnerships. Every partnership having a resident partner or having any income derived from New Jersey sources, shall make a return for the taxable year setting forth all items of income, gain, loss and deduction and such other pertinent information as the director may by regulations and instructions prescribe. Such return shall be filed on or before the fifteenth day of the fourth month following the close of each taxable year. For the purposes of this subsection, "taxable year" means a year or period which would be a taxable year of the partnership if it were subject to tax under this act.

(c) Information at source. The director may prescribe regulations and instructions requiring returns of information to be made and filed on or before February 15 of each year as to the payment or crediting in any calendar year of amounts of $100.00 or more to any taxpayer under this act. Such returns may be required of any person, including lessees or mortgagors of real or personal property, fiduciaries, employers, and all officers and employees of this State, or of any municipal corporation or political subdivision of this State, having the control, receipt, custody, disposal or payment of interest, rents, salaries, wages, premiums, annuities, compensations, remunerations, emoluments or other fixed or determinable gains, profits or income, except interest coupons payable to
bearer. A duplicate of the statement as to tax withheld on wages, required to be furnished by an employer to an employee, shall constitute the return of information required to be made under this section with respect to such wages.

(d) Notice of qualification as receiver, et cetera. Every receiver, trustee in bankruptcy, assignee for benefit of creditors, or other like fiduciary shall give notice of his qualification as such to the director, as may be required by regulation.

C. 54A:8-7 Report of change in taxable income.

54A:8-7. Report of change in taxable income. If the amount of a taxpayer’s Federal taxable income reported on his Federal income tax return for any taxable year is changed or corrected by the United States Internal Revenue Service or other competent authority, or as the result of a renegotiation of a contract or subcontract with the United States, the taxpayer shall report such change or correction in Federal taxable income within 90 days after the final determination of such change, correction, or renegotiation, or as otherwise required by the director, and shall concede the accuracy of such determination or state wherein it is erroneous. Any taxpayer filing an amended Federal income tax return shall also file within 90 days thereafter an amended return under this act, and shall give such information as the director may require. The director may by regulation prescribe such exceptions to the requirements of this section as he deems appropriate.

CHAPTER 9. ADMINISTRATION OF TAX

C. 54A:9-1 Applicability of State tax uniform procedure.

54A:9-1. Applicability of State Tax Uniform Procedure Law. The taxes imposed by this act shall be governed in all respects by the provisions of the State Tax Uniform Procedure Law (subtitle 9 of Title 54 of the Revised Statutes) except only to the extent that a specific provision of this act may be in conflict therewith.

C. 54A:9-2 Notice of deficiency.

54A:9-2. Notice of deficiency. (a) General. If upon examination of a taxpayer’s return under this act the director determines that there is a deficiency of income tax, he may mail a notice of deficiency to the taxpayer. If a taxpayer fails to file an income tax return required under this act, the director is authorized to estimate the taxpayer’s New Jersey income and tax thereon, from any information in his possession, and to mail a notice of deficiency to the taxpayer. A notice of deficiency shall be mailed to the taxpayer at
his last known address in or out of this State. If a husband and wife are jointly liable for tax, a notice of deficiency may be a single joint notice, except that if the director has been notified in writing by either spouse that separate residences have been established, then, in lieu of the single joint notice, a duplicate original of the joint notice shall be mailed to each spouse at his or her last known address in or out of this State. If the taxpayer is deceased or under a legal disability, a notice of deficiency may be mailed to his last known address in or out of this State, unless the director has received written notice of the existence of a fiduciary relationship with respect to the taxpayer.

(b) Notice of deficiency as assessment. After 90 days from the mailing of a notice of deficiency, such notice shall be an assessment of the amount of tax specified in such notice, together with the interest, additions to tax and penalties stated in such notice, except only for any such tax or other amounts as to which the taxpayer has within such 90-day period filed with the director a petition under section 54A:9-9. If the notice of deficiency is addressed to a person outside of the United States, such period shall be 150 days instead of 90 days.

(c) Restrictions on assessment and levy. No assessment of a deficiency in tax and no levy or proceeding in court for its collection shall be made, begun or prosecuted, except as otherwise provided in section 54A:9-14, until a notice of deficiency has been mailed to the taxpayer, nor until the expiration of the time for filing a petition contesting such notice, nor, if a petition with respect to the taxable year has been filed with the director, until the decision of the director has become final. For exception in the case of review of the decision of the director, see subsection (e) of section 54A:9-10.

(d) Exceptions for mathematical errors. If a mathematical error appears on a return (including an overstatement of the credit for income tax withheld at the source, or of the amount paid as estimated income tax), the director shall notify the taxpayer that an amount of tax in excess of that shown upon the return is due, and that such excess has been assessed. Such notice shall not be considered as a notice of deficiency for the purposes of this section, subsection (e) of section 54A:9-8 (limiting credits or refunds after petition to the director), or subsection (b) of section 54A:9-9 (authorizing the filing of a petition with the director based on a notice of deficiency) nor shall such assessment or collection be prohibited by the provisions of subsection (e).
(e) Exception where change in Federal taxable income is not reported.

(1) If the taxpayer fails to comply with section 54A:8-7 in not reporting a change or correction increasing his Federal taxable income as reported on his Federal income tax return or in not reporting a change or correction which is treated in the same manner as if it were a deficiency for Federal income tax purposes or in not filing an amended return, instead of the mode and time of assessment provided for in subsection (b) of this section, the director may assess a deficiency based upon such changed or corrected Federal taxable income by mailing to the taxpayer a notice of additional tax due specifying the amount of the deficiency, and such deficiency, together with the interest, additions to tax and penalties stated in such notice, shall be deemed assessed on the date such notice is mailed unless within 30 days after the mailing of such notice a report of the Federal change or correction or an amended return, where such return was required by section 54A:8-7, is filed accompanied by a statement showing wherein such Federal determination and such notice of additional tax due are erroneous.

(2) Such notice shall not be considered as a notice of deficiency for the purposes of this section, subsection (e) of section 54A:9-8 (limiting credits or refunds after petition to the director), or subsection (b) of section 54A:9-9 (authorizing the filing of a petition with the director based on a notice of deficiency), nor shall such assessment or the collection thereof be prohibited by the provisions of subsection (c).

(3) If a husband and wife are jointly liable for tax, a notice of additional tax due may be a single joint notice, except that if the director has been notified in writing by either spouse that separate residences have been established, then, in lieu of the joint notice, a duplicate original of the joint notice shall be mailed to each spouse at his or her last known address in or out of this State. If the taxpayer is deceased or under a legal disability, a notice of additional tax due may be mailed to his last known address in or out of this State, unless the director has received written notice of the existence of a fiduciary relationship with respect to the taxpayer.

(f) Waiver of restrictions. The taxpayer shall at any time (whether or not a notice of deficiency has been issued) have the right to waive the restrictions on assessment and collection of the
whole or any part of the deficiency by a signed notice in writing filed with the director.

(g) Deficiency defined. For purposes of this act, a deficiency means the amount of the tax imposed by this act, less (i) the amount shown as the tax upon the taxpayer's return (whether the return was made or the tax computed by him or by the director), and less (ii) the amounts previously assessed (or collected without assessment) as a deficiency and plus (iii) the amount of any rebates. For the purpose of this definition, the tax imposed by this act and the tax shown on the return shall both be determined without regard to payments on account of estimated tax or the credit for withholding tax; and a rebate means so much of an abatement, credit, refund or other repayment (whether or not erroneous) made on the ground that the amounts entering into the definition of a deficiency showed a balance in favor of the taxpayer.

C. 54A:9-3 Assessment.

54A:9-3. Assessment. (a) Assessment date. The amount of tax which a return shows to be due, or the amount of tax which a return would have shown to be due but for a mathematical error, shall be deemed to be assessed on the date of filing of the return (including any amended return showing an increase of tax). In the case of a return properly filed without computation of tax, the tax computed by the director shall be deemed to be assessed on the date on which payment is due. If a notice of deficiency has been mailed, the amount of the deficiency shall be deemed to be assessed on the date specified in subsection (b) of section 54A:9-2 if no petition to the director is filed, or if a petition is filed, then upon the date when a decision of the director establishing the amount of the deficiency becomes final. If an amended return or report filed pursuant to section 54A:8-7 concedes the accuracy of a Federal change or correction, any deficiency in tax under this act resulting therefrom shall be deemed to be assessed on the date of filing such report or amended return, and such assessment shall be timely notwithstanding section 54A:3-4. If a notice of additional tax due, as prescribed in subsection (e) of section 54A:9-2 has been mailed, the amount of the deficiency shall be deemed to be assessed on the date specified in such subsection unless within 30 days after the mailing of such notice a report of the Federal change or correction or an amended return, where such return was required by section 54A:8-7 is filed accompanied by a statement showing wherein such Federal determination and such notice of additional tax due are erroneous. Any amount paid as a tax or in respect of
a tax, other than amounts withheld at the source or paid as estimated income tax, shall be deemed to be assessed upon the date of receipt of payment, notwithstanding any other provisions.

(b) Other assessment powers. If the mode or time for the assessment of any tax under this act (including interest, additions to tax and assessable penalties) is not otherwise provided for, the director may establish the same by regulations.

(c) Estimated income tax. No unpaid amount of estimated tax under section 54:8-5 shall be assessed.

(d) Supplemental assessment. The director may, at any time within the period prescribed for assessment, make a supplemental assessment, subject to the provisions of section 54A:9-2 where applicable, whenever it is ascertained that any assessment is imperfect or incomplete in any material respect.

C. 54A:9-4 Limitation on assessment.

54A:9-4. Limitations on assessment. (a) General. Except as otherwise provided in this section, any tax under this act shall be assessed within 3 years after the return was filed (whether or not such return was filed on or after the date prescribed).

(b) Time returned deemed filed.

(1) Early return. For purposes of this section a return of income tax, except withholding tax, filed before the last day prescribed by law or by regulations promulgated pursuant to law for the filing thereof, shall be deemed to be filed on such last day.

(2) Return of withholding tax. For purposes of this section, if a return of withholding tax for any period ending with or within a calendar year is filed before April 15 of the succeeding calendar year, such return shall be deemed to be filed on April 15 of such succeeding calendar year.

(c) Exceptions.

(1) Assessment at any time. The tax may be assessed at any time if—

(A) No return is filed,

(B) A false or fraudulent return is filed with intent to evade tax, or

(C) The taxpayer fails to comply with section 54A:8-7, in not reporting a change or correction increasing his Federal taxable income as reported on his Federal income tax return, or in not reporting a change or correction which is treated in the same manner as if it were a deficiency for Federal income tax purposes, or in not filing an amended return.
(2) Extension by agreement. Where, before the expiration of the time prescribed in this section for the assessment of tax, both the director and the taxpayer have consented in writing to its assessment after such time, the tax may be assessed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

(3) Report of changed or corrected Federal income. If the taxpayer shall, pursuant to section 54A:8-7, report a change or correction or file an amended return increasing his Federal taxable income or report a change or correction which is treated in the same manner as if it were a deficiency for Federal income tax purposes, the assessment (if not deemed to have been made upon the filing of the report or amended return) may be made at any time within 2 years after such report or amended return was filed. The amount of such assessment of tax shall not exceed the amount of the increase in New Jersey tax attributable to such Federal change or correction. The provisions of this paragraph shall not affect the time within which or the amount for which an assessment may otherwise be made.

(4) Recovery of erroneous refund. An erroneous refund shall be considered an underpayment of tax on the date made, and an assessment of a deficiency arising out of an erroneous refund may be made at any time within 3 years from the making of the refund, except that the assessment may be made within 5 years from the making of the refund if it appears that any part of the refund was induced by fraud or misrepresentation of a material fact.

(5) Request for prompt assessment. If a return is required for a decedent or for his estate during the period of administration, the tax shall be assessed within 18 months after written request therefor (made after the return is filed) by the executor, administrator or other person representing the estate of such decedent, but not more than 3 years after the return was filed, except as otherwise provided in this subsection and subsection (d).

(d) Omission of income on return. The tax may be assessed at any time within 6 years after the return was filed if—

(1) An individual omits from his New Jersey income an amount properly includible therein which is in excess of 25% of the amount of New Jersey income stated in the return; or

(2) An estate or trust omits income from its return in an amount in excess of 25% of its income determined as if it were an individual, computing his New Jersey income under this act.
For purposes of this subsection there shall not be taken into account any amount which is omitted in the return if such amount is disclosed in the return, or in a statement attached to the return, in a manner adequate to apprise the director of the nature and amount of such item.

(e) Suspension of running of period of limitation. The running of the period of limitations on assessment or collection of tax or other amount (or of a transferee's liability) shall, after the mailing of a notice of deficiency, be suspended for the period during which the director is prohibited under subsection (c) of section 54A:9-2 from making the assessment or from collecting by levy.

C. 54A:9-5 Interest on underpayment.

54A:9-5. Interest on underpayment. (a) General. If any amount of income tax is not paid on or before the last date prescribed in this act for payment, interest on such amount at the rate of 9% per annum shall be paid for the period from such last date to the date paid, whether or not any extension of time for payment was granted. Interest under this subsection shall not be paid if the amount thereof is less than $1.00. If the time for filing of a return of tax withheld by an employer is extended, the employer shall pay interest for the period for which the extension is granted and may not charge such interest to the employee.

(b) Exception as to estimated tax. This section shall not apply to any failure to pay estimated tax under section 54A:8-5.

(c) Exception for mathematical error. No interest shall be imposed on any underpayment of tax due solely to mathematical error if the taxpayer files a return within the time prescribed in this act (including any extension of time) and pays the amount of underpayment within 3 months after the due date of such return, as it may be extended.

(d) No interest on interest. No interest under this act shall be imposed on any interest provided by this act.

(e) Suspension of interest on deficiencies. If a waiver of restrictions on assessment of a deficiency has been filed by the taxpayer, and if notice and demand by the director for payment of such deficiency is not made within 30 days after the filing of such waiver, interest shall not be imposed on such deficiency for the period beginning immediately after such thirtieth day and ending with the date of notice and demand.

(f) Interest treated as tax. Interest under this section shall be paid upon notice and demand and shall be assessed, collected and
CHAPTER 47, LAWS OF 1976

319

paid in the same manner as income tax. Any reference in this act to the tax imposed by this act shall be deemed also to refer to interest imposed by this section on such tax.

(g) Interest on penalties or additions to tax. Interest shall be imposed under subsection (a) in respect of any assessable penalty or addition to tax only if such assessable penalty on addition to tax is not paid within 10 days from the date of the notice and demand therefor under subsection (b) of section 54A:9-12, and in such case interest shall be imposed only for the period from such date of the notice and demand to the date of payment.

(h) Payment prior to notice of deficiency. If, prior to the mailing to the taxpayer of a notice of deficiency under subsection (b) of section 54A:9-2, the director mails to the taxpayer a notice of proposed increase of tax and within 30 days after the date of the notice of proposed increase the taxpayer pays all amounts shown on the notice to be due to the director, no interest under this section on the amount so paid shall be imposed for the period after the date of such notice of proposed increase.

(i) Payment within 10 days after notice and demand. If notice and demand is made for payment of any amount under subsection (b) of section 54A:9-12, and if such amount is paid within 10 days after the date of such notice and demand, interest under this section on the amount so paid shall not be imposed for the period after the date of such notice and demand.

(j) Limitation on assessment and collection. Interest prescribed under this section may be assessed and collected at any time during the period within which the tax or other amount to which such interest relates may be assessed and collected, respectively.

(k) Interest on erroneous refund. Any portion of tax or other amount which has been erroneously refunded, and which is recoverable by the director, shall bear interest at the rate of 9% per annum from the date of the payment of the refund, but only if it appears that any part of the refund was induced by fraud or a misrepresentation of a material fact.

(l) Satisfaction by credits. If any portion of a tax is satisfied by credit of an overpayment, then no interest shall be imposed under this section on the portion of the tax so satisfied for any period during which, if the credit had not been made, interest would have been allowable with respect to such overpayment.

C. 54A:9-6 Additions to tax and civil penalties.

54A:9-6. Additions to tax and civil penalties. (a) Failure to file tax return. In case of failure to file a tax return under this act on
or before the prescribed date (determined with regard to any extension of time for filing), unless it is shown that such failure is due to reasonable cause and not due to willful neglect, there shall be added to the amount required to be shown as tax on such return such amount as is required under the State Tax Uniform Procedure Law, Subtitle 9 of Title 54 of the Revised Statutes. For this purpose, the amount of tax required to be shown on the return shall be reduced by the amount of any part of the tax which is paid on or before the date prescribed for payment of the tax and by the amount of any credit against the tax which may be claimed upon the return.

(b) Deficiency due to negligence. If any part of a deficiency is due to negligence or intentional disregard of this act or rules or regulations hereunder (but without intent to defraud), there shall be added to the tax an amount equal to 5% of the deficiency.

(c) Failure to file declaration or underpayment of estimated tax. If any taxpayer fails to file a declaration of estimated tax or fails to pay all or any part of an installment of estimated tax, he shall be deemed to have made an underpayment of estimated tax. There shall be added to the tax for the taxable year an amount at the rate of 9% per annum upon the amount of the underpayment for the period of the underpayment but not beyond the fifteenth day of the fourth month following the close of the taxable year. The amount of underpayment shall be the excess of the amount of the installment which would be required to be paid if the estimated tax were equal to 80% of the tax (two-thirds of the tax for farmers referred to in subsection (e) of section 54A:8-4) shown on the return for the taxable year (or if no return was filed, of the tax for such year) over the amount, if any, of the installment paid on or before the last day prescribed for such payment. No underpayment shall be deemed to exist with respect to a declaration or installment otherwise due on or after the taxpayer's death.

(d) Exception to addition for underpayment of estimated tax. The addition to tax under subsection (c) with respect to any underpayment of any installment, shall not be imposed if the total amount of all payments of estimated tax made on or before the last date prescribed for the payment of such installment equals or exceeds whichever of the following is the lesser—

(1) The amount which would have been required to be paid on or before such date if the estimated tax were whichever of the following is the least—
(A) The tax shown on the return of the individual for the preceding taxable year, if a return showing a liability for tax was filed by the individual for the preceding taxable year and such preceding year was a taxable year of 12 months, or

(B) An amount equal to the tax computed, at the rates applicable to the taxable year, on the basis of the taxpayer’s status with respect to his personal exemptions for the taxable year, but otherwise on the basis of the facts shown on his return for, and the law applicable to, the preceding taxable year, or

(C) An amount equal to 80% of the tax for the taxable year (two-thirds of the tax for farmers referred to in subsection (e) of section 54A:8-4) computed by placing on an annualized basis the income for the months in the taxable year ending before the month in which the installment is required to be paid. For purposes of this subparagraph, the income shall be placed on an annualized basis by—

(i) Multiplying by 12 (or, in the case of a taxable year of less than 12 months, the number of months in the taxable year) the income for the months in the taxable year ending before the month in which the installment is required to be paid,

(ii) Dividing the resulting amount by the number of months in the taxable year ending before the month in which such installment date falls, and

(iii) Deducting from such amount the deductions for personal exemptions allowable for the taxable year (such personal exemptions being determined as of the last date prescribed for payment of the installment); or

(2) An amount equal to 90% of the tax computed, at the rates applicable to the taxable year, on the basis of the actual income for the months in the taxable year ending before the month in which the installment is required to be paid.

(e) Deficiency due to fraud. If any part of a deficiency is due to fraud, there shall be added to the tax an amount equal to 50% of the deficiency. This amount shall be in lieu of any other addition to tax imposed by subsection (a) or (b).

(f) Non-willful failure to pay withholding tax. If any employer, without intent to evade or defeat any tax imposed by this act or the payment thereof, shall fail to make a return and pay a tax withheld by him at the time required by or under the provisions of section 54A:7-4, such employer shall be liable for such tax and shall pay
the same together with interest thereon and the addition to tax provided in subsection (a), and such interest and addition to tax shall not be charged to or collected from the employee by the employer. The director shall have the same rights and powers for the collection of such tax, interest and addition to tax against such employer as are now prescribed by this act for the collection of tax against an individual taxpayer.

(g) Willful failure to collect and pay over tax. Any person required to collect, truthfully account for, and pay over the tax imposed by this act who willfully fails to collect such tax or truthfully account for and pay over such tax or willfully attempts in any manner to evade or defeat the tax or the payment thereof, shall, in addition to other penalties provided by law, be liable to a penalty equal to the total amount of the tax evaded, or not collected, or not accounted for and paid over. No addition to tax under subsections (b) or (c) shall be imposed for any offense to which this subsection applies.

(h) Failure to file certain information returns. In case of each failure to file a statement of a payment to another person, required under authority of subsection (c) of section 54A:8–6 (relating to information at source, including the duplicate statement of tax withheld on wages) on the date prescribed therefor (determined with regard to any extension of time for filing), unless it is shown that such failure is due to reasonable cause and not to willful neglect, there shall, upon notice and demand by the director and in the same manner as tax, be paid by the person so failing to file the statement, a penalty of $1.00 for each statement not so filed, but the total amount imposed on the delinquent person for all such failures during any calendar year shall not exceed $1,000.00.

(i) Additional penalty. Any person who with fraudulent intent shall fail to pay, or to deduct or withhold and pay, any tax, or to make, render, sign or certify any return or declaration of estimated tax or to supply any information within the time required by or under this act, shall be liable to penalty of not more than $1,000.00, in addition to any other amounts required under this act, to be imposed, assessed and collected by the director. The director shall have the power, in his discretion, to waive, reduce or compromise any penalty under this subsection.

(j) Additions treated as tax. The additions to tax and penalties provided by this section shall be paid upon notice and demand and shall be assessed, collected and paid in the same manner as taxes and any reference in this act to income tax or tax imposed by this
act, shall be deemed also to refer to the additions to tax and penalties provided by this section. For purposes of section 54A:9-2, this subsection shall not apply to:

(1) Any addition to tax under subsection (a) except as to that portion attributable to a deficiency;

(2) Any addition to tax under subsection (e); and

(3) Any additional penalty under subsection (i).

(k) Determination of deficiency. For purposes of subsections (b) and (c), the amount shown as the tax by the taxpayer upon his return shall be taken into account in determining the amount of the deficiency only if such return was filed on or before the last day prescribed for the filing of such return, determined with regard to any extension of time for such filing.

(l) Person defined. For purposes of subsections (g) and (i), the term person includes an individual, corporation or partnership or an officer or employee of any corporation (including a dissolved corporation) or a member or employee of any partnership, who as such officer, employee, or member is under a duty to perform the act in respect of which the violation occurs.

C. 54A:9-7 Overpayment.

54A:9-7. Overpayment. (a) General. The director, within the applicable period of limitations may credit an overpayment of income tax against any liability in respect of any tax imposed by the tax law on the person who made the overpayment, and the balance shall be refunded by the comptroller out of the proceeds of the tax retained by him for such general purpose. Any refund under this section shall be made only upon the filing of a return and upon a certificate of the director approved by the comptroller. The State Treasurer, as a condition precedent to the approval of such a certificate, may examine into the facts as disclosed by the return of the person who made the overpayment and other information and data available in the files of the director.

(b) Excessive withholding. If the amount allowable as a credit for tax withheld from the taxpayer exceeds his tax to which the credit relates, the excess shall be considered an overpayment.

(c) Overpayment by employer. If there has been an overpayment of tax required to be deducted and withheld under section 54A:7-4, refund shall be made to the employer only to the extent that the amount of the overpayment was not deducted and withheld by the employer.
(d) Credits against estimated tax. The director may prescribe regulations providing for the crediting against the estimated income tax for any taxable year of the amount determined to be an overpayment of the income tax for a preceding taxable year. If any overpayment of income tax is so claimed as a credit against estimated tax for the succeeding taxable year, such amount shall be considered as a payment of the income tax for the succeeding taxable year (whether or not claimed as a credit in the declaration of estimated tax for such succeeding taxable year), and no claim for credit or refund of such overpayment shall be allowed for the taxable year for which the overpayment arises.

(e) Rule where no tax liability. If there is no tax liability for a period in respect of which an amount is paid as income tax, such amount shall be considered an overpayment.

(f) Under regulations prescribed by the director with approval of the State Treasurer interest shall be allowed and paid at the rate of 6% per annum upon any overpayment in respect of the tax imposed by this act; but no interest shall be allowed or paid on an overpayment of less than $1.00, nor upon any overpayment refunded within 6 months after the last date prescribed, or permitted by extension of time, for filing the return or within 6 months after the return is filed, whichever is later.

C. 54A:9-8 Limitations on credit or refund.

54A:9-8. Limitations on credit or refund. (a) General. Claim for credit or refund of an overpayment of income tax shall be filed by the taxpayer within 3 years from the time the return was filed or 2 years from the time the tax was paid, whichever of such periods expires the later, or if no return was filed, within 2 years from the time the tax was paid. If the claim is filed within the 3-year period, the amount of the credit or refund shall not exceed the portion of the tax paid within the 3 years immediately preceding the filing of the claim plus the period of any extension of time for filing the return. If the claim is not filed within the 3-year period, but is filed within the 2-year period, the amount of the credit or refund shall not exceed the portion of the tax paid during the 2 years immediately preceding the filing of the claim. Except as otherwise provided in this section, if no claim is filed, the amount of a credit or refund shall not exceed the amount which would be allowable if a claim had been filed on the date the credit or refund is allowed.

(b) Extension of time by agreement. If an agreement under the provisions of paragraph (2) of subsection (c) of section 54A:9-4
(extending the period for assessment of income tax) is made within
the period prescribed in subsection (a) for the filing of a claim for
credit or refund, the period for filing a claim for credit or refund,
or for making credit or refund if no claim is filed, shall not expire
prior to 6 months after the expiration of the period within which
an assessment may be made pursuant to the agreement or any
extension thereof. The amount of such credit or refund shall not
exceed the portion of the tax paid after the execution of the agree­
ment and before the filing of the claim or the making of the credit
or refund, as the case may be, plus the portion of the tax paid within
the period which would be applicable under subsection (a) if a
claim had been filed on the date the agreement was executed.

(c) Notice of change or correction of Federal income. If a tax­
payer is required by section 54A:8-7 to report a change or
correction in Federal taxable income reported on his Federal
income tax return, or to report a change or correction which
is treated in the same manner as if it were an overpayment
for Federal income tax purposes, or to file an amended return with
the director, claim for credit or refund of any resulting overpay­
ment of tax shall be filed by the taxpayer within 2 years from the
time the notice of such change or correction or such amended re­
turn was required to be filed with the director. The amount of such
credit or refund shall not exceed the amount of the reduction in
tax attributable to such Federal change, correction or items
amended on the taxpayer’s amended Federal income tax return.
This subsection shall not affect the time within which or the amount
for which a claim for credit or refund may be filed apart from this
subsection.

(d) Failure to file claim within prescribed period. No credit or
refund shall be allowed or made, except as provided in subsection
(e) of this section or subsection (d) of section 54A:9-10, after the
expiration of the applicable period of limitation specified in this
act, unless a claim for credit or refund is filed by the taxpayer
within such period. Any later credit shall be void and any later
refund erroneous. No period of limitations specified in any other
law shall apply to the recovery by a taxpayer of moneys paid in
respect of taxes under this act.

(e) Effect of petition to director. If a notice of deficiency for a
taxable year has been mailed to the taxpayer under section 54A:9-2
and if the taxpayer files a timely petition with the director under
section 54A:9-9, he may determine that the taxpayer has made an
overpayment for such year (whether or not he also determines a deficiency for such year). No separate claim for credit or refund for such year shall be filed, and no credit or refund for such year shall be allowed or made, except—

(1) As to overpayments determined by a decision of the director which has become final; and

(2) As to any amount collected in excess of an amount computed in accordance with the decision of the director which has become final; and

(3) As to any amount claimed as a result of a change or correction described in subsection (e).

(f) Limit on amount of credit or refund. The amount of overpayment determined under subsection (e) shall, when the decision of the director has become final, be credited or refunded in accordance with subsection (a) of section 54A:6-6 and shall not exceed the amount of tax which the director determines as part of his decision was paid—

(1) After the mailing of the notice of deficiency; or

(2) Within the period which would be applicable under subsections (a), (b) or (c), if on the date of the mailing of the notice of a deficiency a claim had been filed (whether or not filed) stating the grounds upon which the director finds that there is an overpayment.

(g) Early return. For purposes of this section, any return filed before the last day prescribed for the filing thereof shall be considered as filed on such last day, determined without regard to any extension of time granted the taxpayer.

(h) Prepaid income tax. For purposes of this section, any tax paid by the taxpayer before the last day prescribed for its payment, any income tax withheld from the taxpayer during any calendar year, and any amount paid by the taxpayer as estimated income tax for a taxable year shall be deemed to have been paid by him on the fifteenth day of the fourth month following the close of his taxable year with respect to which such amount constitutes a credit or payment.

(i) Return and payment of withholding tax. Notwithstanding subsection (h), for purposes of this section with respect to any withholding tax—

(1) If a return for any period ending with or within a calendar year is filed before April 15 of the succeeding calendar year, such return shall be considered filed on April 15 of such succeeding calendar year; and
(2) If a tax with respect to remuneration paid during any period ending with or within a calendar year is paid before April 15 of the succeeding calendar year, such tax shall be considered paid on April 15 of such succeeding calendar year.

C. 54A:9-9 Petition to director.

54A:9-9. Petition to director. (a) General. The form of a petition to the director, and further proceedings before the director in any case initiated by the filing of a petition, shall be governed by such rules as the director shall prescribe. No petition shall be deemed in whole or in part without opportunity for a hearing on reasonable prior notice. Such hearing shall be conducted by the director, or by a hearing officer designated by him to take evidence and report to the director. The director shall decide the case as quickly as practicable. Notice of the decision shall be mailed promptly to the taxpayer at his last known address, and such notice shall set forth the director’s findings of fact and a brief statement of the grounds of decision in each case decided in whole or in part adversely to the taxpayer.

(b) Petition for redetermination of a deficiency. Within 90 days, or 150 days if the notice is addressed to a person outside of the United States, after the mailing of the notice of deficiency authorized by section 54A:9-2, the taxpayer may file a petition with the director for a redetermination of the deficiency. Such petition may also assert a claim for refund for the same taxable year or years, subject to the limitations of subsection (f) of section 54A:9-8.

(c) Petition for refund. A taxpayer may file a petition with the director for the amounts asserted in a claim for refund if—

(1) The taxpayer has filed a timely claim for refund with the director;

(2) The taxpayer has not previously filed with the director a timely petition under subsection (b) for the same taxable year unless the petition under this subsection relates to a separate claim for credit or refund properly filed under subsection (e) of section 54A:9-8; and

(3) Either (A) 6 months have expired since the claim was filed, or (B) the director has mailed to the taxpayer a notice of disallowance of such claim in whole or in part.

No petition under this subsection shall be filed more than 2 years after the date of mailing of a notice of disallowance, unless prior to the expiration of such 2-year period it has been extended by written agreement between the taxpayer and the director. If a taxpayer
files a written waiver of the requirement that he be mailed a notice
of disallowance, the 2-year period prescribed by this subsection for
filing a petition for refund shall begin on the date such waiver is
filed.

(d) Assertion of deficiency after filing petition.—

(1) Petition for redetermination of deficiency. If a taxpayer
files with the director a petition for redetermination of a defi-
ciency, the director shall have power to determine a greater
deficiency than asserted in the notice of deficiency and to deter-
mine if there should be assessed any addition to tax or penalty
provided in section 54A:9-6, if claim therefor is asserted at or
before the hearing under rules of the director.

(2) Petition for refund. If the taxpayer files with the director a
petition for credit or refund for a taxable year, the director may

(A) Determine a deficiency for such year as to any amount
of deficiency asserted at or before the hearing under rules of
the director, and within the period in which an assessment
would be timely under section 54A:9-4, or

(B) Deny so much of the amount for which credit or refund
is sought in the petition, as is offset by other issues pertaining
to the same taxable year which are asserted at or before the
hearing under rules of the director.

(3) Opportunity to respond. A taxpayer shall be given a reason-
able opportunity to respond to any matters asserted by the director
under this subsection.

(4) Restriction on further notices of deficiency. If the taxpayer
files a petition with the director under this section, no notice of
deficiency under section 54A:9-2 may thereafter be issued by the
director for the same taxable year, except in case of fraud or with
respect to a change or correction in Federal taxable income re-
quired to be reported under section 54A:8-7.

(e) Burden of proof. In any case before the director under this
act, the burden of proof shall be upon the petitioner except for the
following issues, as to which the burden of proof shall be upon the
director:

(1) Whether the petitioner has been guilty of fraud with intent
to evade tax;

(2) Whether the petitioner is liable as the transferee of property
of a taxpayer, but not to show that the taxpayer was liable for the
tax; and
(3) Whether the petitioner is liable for any increase in a
deficiency where such increase is asserted initially after a notice of
deficiency was mailed and a petition under this section filed, unless
such increase in deficiency is the result of a change or correction of
Federal taxable income required to be reported under section
54A:8-7, and of which change or correction the director had no
notice at the time he mailed the notice of deficiency.

(f) Evidence of related Federal determination. Evidence of a
Federal determination relating to issues raised in a case before the
director under this section shall be admissible, under rules estab­
lished by the director.

(g) Jurisdiction over other years. The director shall consider
such facts with relation to the taxes for other years as may be
necessary correctly to determine the tax for the taxable year, but
in so doing shall have no jurisdiction to determine whether or not
the tax for any other year has been overpaid or underpaid.

C. 54A:9-10 Review of director's decision.

54A:9-10. Review of director's decision. (a) Appeal to Division
of Tax Appeals. Any aggrieved taxpayer may, within 4 months
after any decision, order, finding, assessment or action of the
Director of Taxation made pursuant to the provisions of this act,
appeal therefrom to the Division of Tax Appeals, by filing a peti­
tion of appeal with said Division of Tax Appeals in the manner
and form prescribed by the said Division of Tax Appeals.

(b) Appeal exclusive remedy of taxpayer. The appeal provided
by this section shall be the exclusive remedy available to any tax­
payer for review of a decision of the director in respect of the
determination of the liability of the taxpayer for the taxes imposed
by this act.

(c) Credit, refund or abatement after review. If the amount of
a deficiency determined by the director is disallowed in whole or in
part, the amount so disallowed shall be credited or refunded to the
taxpayer, without the making of claim therefor, or, if payment has
not been made, shall be abated.

(d) Date of finality of director's decision. A decision of the
director shall become final upon the expiration of the period
specified in subsection (a) for filing a petition of appeal, if no such
petition has been filed within such time, or if such petition has been
duly made, upon expiration of the time for all further appeals, or
upon the rendering by the director of a decision in accordance with
the mandate of the Division of Tax Appeals or the courts on appeal.
Notwithstanding the foregoing, for the purpose of forming a petition of appeal, the decision of the director shall be deemed final on the date the notice of decision is sent by mail to the taxpayer.

(e) Judicial review. The judgment or order of the Division of Tax Appeals respecting any matter arising under the provisions of this act may be reviewed by a proceeding in lieu of prerogative writ in the same manner as other judgments of said division.

C. 54A:9-11 Mailing rules; holidays.

54A:9-11. Mailing rules; holidays. (a) Timely mailing. If any claim, statement, notice, petition, or other document (including to the extent authorized by the director, a return or a declaration of estimated tax) required to be filed within a prescribed period or on or before a prescribed date under authority of any provision of this act is, after such period or such date, delivered by United States mail to the director, bureau, office, officer or person with which or with whom such document is required to be filed, the date of the United States postmark stamped on the envelope shall be deemed to be the date of delivery. This subsection shall apply only if the postmark date falls within the prescribed period or on or before the prescribed date for the filing of such document, determined with regard to any extension granted for such filing, and only if such document was deposited in the mail, postage prepaid, properly addressed to the director, bureau, office, officer or person with which or with whom the document is required to be filed. If any document is sent by United States registered mail, such registration shall be prima facie evidence that such document was delivered to the director, bureau, office, officer or person to whom addressed. To the extent that the director shall prescribe by regulation, certified mail may be used in lieu of registered mail under this section. This subsection shall apply to the case of postmarks not made by the United States Post Office only if and to the extent provided by regulations of the director.

(b) Last known address. For purposes of this act, a taxpayer’s last known address shall be the address given in the last return filed by him, unless subsequently to the filing of such return the taxpayer shall have notified the director of a change of address.

(c) Last day a Saturday, Sunday or legal holiday. When the last day prescribed under authority of this act (including any extension of time) for performing any act falls on Saturday, Sunday, or a legal holiday in the State of New Jersey, the performance of such act shall be considered timely if it is performed on the next succeeding day which is not a Saturday, Sunday or a legal holiday.
C. 54A:9-12 Collection, levy and liens.

54A:9-12. Collection, levy and liens. (a) Collection procedures. The taxes imposed by this act shall be collected by the director, and he may establish the mode or time for the collection of any amount due him under this act if not otherwise specified. The director shall, upon request, give a receipt for any sum collected under this act. The director may authorize banks or trust companies which are depositaries or financial agents of the State to receive and give a receipt for any tax imposed under this act in such manner, at such times, and under such conditions as the director may prescribe; and the director shall prescribe the manner, times and conditions under which the receipt of such tax by such banks and trust companies is to be treated as payment of such tax to the director.

(b) Notice and demand for tax. The director shall as soon as practicable give notice to each person liable for any amount of tax, addition to tax, penalty or interest, which has been assessed but remains unpaid, stating the amount and demanding payment thereof. Such notice shall be left at the dwelling or usual place of business of such person or shall be sent by mail to such person's last known address. Except where the director determines that collection would be jeopardized by delay, if any tax is assessed prior to the last date (including any date fixed by extension) prescribed for payment of such tax, payment of such tax shall not be demanded until after such date.

(c) Issuance of Certificate of Debt after notice and demand. If any person liable under this act for the payment of any tax, addition to tax, penalty or interest neglects or refuses to pay the same within 10 days after the notice and demand therefor is given to such person under subsection (b), the director may within 6 years after the date of such assessment issue a certificate of debt, pursuant to the State Tax Uniform Procedure Law (Subtitle 9 of Title 54 of the Revised Statutes).

(d) Taxpayer not a resident. Where a notice and demand under subsection (b) shall have been given to a taxpayer who is not then a resident, and it appears to the director that it is not practicable to find in this State property of the taxpayer sufficient to pay the entire balance of tax or other amount owing by such taxpayer who is not then a resident, the director may, in accordance with subsection (c), issue a certificate of debt. Thereupon the director may authorize the institution of any action or proceeding to collect or enforce the certificate of debt in any place and by any procedure that a civil certificate of debt of the Superior Court of the State of
New Jersey could be collected or enforced. The director may also, in his discretion, designate agents or retain counsel for the purpose of collecting, outside the State of New Jersey, any unpaid taxes, additions to tax, penalties or interest which have been assessed under this act against taxpayers who are not residents of this State, may fix the compensation of such agents and counsel to be paid out of money appropriated or otherwise lawfully available for payment thereof, and may require of them bonds or other security for the faithful performance of their duties, in such form and in such amount as the director shall deem proper and sufficient.

(e) Action by State for recovery of taxes. Action may be brought by the Attorney General at the instance of the director in the name of the State to recover the amount of any unpaid taxes, additions to tax, penalties or interest which have been assessed under this act within 6 years prior to the date the action is commenced.

(f) Actions for collection of tax. (1) At the request of the Division of Taxation, the Attorney General may bring suit, in the name of this State, in the appropriate court of any other state to collect any tax legally due this State under this act.

(2) The courts of this State shall recognize and enforce liabilities for taxes lawfully imposed by any other state, upon incomes, which extends a like comity to this State, and the duly authorized officer of any such state may sue for the collection of such a tax in the courts of this State. A certificate by the secretary of state of such other state that an officer suing for the collection of such a tax is duly authorized to collect the same shall be conclusive proof of such authority.

(3) For the purposes of this section, the words "tax" and "taxes" shall include interest and penalties due under this act, and liability for such interest or penalties or both, due under a taxing statute of another state shall be recognized and enforced by the courts of this State to the same extent that the laws of such other state permit the enforcement in its courts of liability for such interest or penalties or both, due under this act.

(g) Renewal and release of lien. Within 20 years from the date of the filing or from the date of the last extension of the lien, the lien may be extended by the filing of a new warrant with the county recording officer. The director if he finds that the interests of the State will not thereby be jeopardized, and upon such conditions as he may require, may release any property from the lien of any
warrant for unpaid taxes, additions to tax, penalties and interest filed pursuant to this section, and such release may be recorded in the office of any recording officer in which such warrant has been filed.

C. 54A:9-13 Transferees.

54A:9-13. Transferees. (a) General. The liability, at law or in equity, of a transferee of property of a taxpayer for any tax, additions to tax, penalty or interest due the director under this act, shall be assessed, paid, and collected in the same manner and subject to the same provisions and limitations as in the case of the tax to which the liability relates, except that the period of limitations for assessment against the transferee shall be extended by 1 year for each successive transfer, in order, from the original taxpayer to the transferee involved, but not by more than 3 years in the aggregate. The term transferee includes, donee, heir, legatee, devisee and distributee.

(b) Exceptions.

(1) If before the expiration of the period of limitations for assessment of liability of the transferee, a claim has been filed by the director in any court against the original taxpayer or the last preceding transferee based upon the liability of the original taxpayer, then the period of limitation for assessment of liability of the transferee shall in no event expire prior to 1 year after such claim has been finally allowed, disallowed or otherwise disposed of.

(2) If, before the expiration of the time prescribed in subsection (a) or the immediately preceding paragraph of this subsection for the assessment of the liability, the director and the transferee have both consented in writing to its assessment after such time, the liability may be assessed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon. For the purpose of determining the period of limitation on credit or refund to the transferee of overpayments of tax made by such transferee or overpayments of tax made by the transferor as to which the transferee is legally entitled to credit or refund, such agreement and any extension thereof shall be deemed an agreement and extension thereof referred to in subsection (b) of section 54A:9-8. If the agreement is executed after the expiration of the period of limitation for assessment against the original taxpayer, then in applying the limitations under subsection (b) of section 54A:9-8 on the amount of the credit
or refund, the periods specified in subsection (a) of section 54A:9-8 shall be increased by the period from the date of such expiration to the date of the agreement.

(c) Deceased transferor. If any person is deceased, the period of limitation for assessment against him shall be the period that would be in effect if he had lived.

(d) Evidence. Notwithstanding the provisions of R. S. 54:50-8 of the State Tax Uniform Procedure Law, Subtitle 9 of Title 54 of the Revised Statutes, the director shall use his powers to make available to the transferee evidence necessary to enable the transferee to determine the liability of the original taxpayer and of any preceding transferees, but without undue hardship to the original taxpayer or preceding transferee. See subsection (e) of section 54A:9-9 for rule as to burden of proof.

C. 54A:9-14 Jeopardy assessment.

54A:9-14. Jeopardy assessment. (a) Authority for making. If the director believes that the assessment or collection of a deficiency will be jeopardized by delay, he shall, notwithstanding the provisions of sections 54A:9-2 and 54A:9-16, immediately assess such deficiency (together with all interests, penalties and additions to tax provided for by law), and notice and demand shall be made by the director for the payment thereof.

(b) Notice of deficiency. If the jeopardy assessment is made before any notice in respect of the tax to which the jeopardy assessment relates has been mailed under section 54A:9-2, then the director shall mail a notice under such section within 60 days after the making of the assessment.

(c) Amount assessable before decision of director. The jeopardy assessment may be made in respect of a deficiency greater or less than of which notice is mailed to the taxpayer and whether or not the taxpayer has theretofore filed a petition with the director. The director may, at any time before rendering his decision, abate such assessment, or any unpaid portion thereof, to the extent that he believes the assessment to be excessive in amount. The director may in his decision redetermine the entire amount of the deficiency and of all amounts assessed at the same time in connection therewith.

(d) Amount assessable after decision of director. If the jeopardy assessment is made after the decision of the director is rendered, such assessment may be made only in respect of the deficiency determined by the director in his decision.
(e) Expiration of right to assess. A jeopardy assessment may not be made after the decision of the director has become final or after the taxpayer has filed a petition with the Division of Tax Appeals for review of the decision of the director.

(f) Collection of unpaid amounts. When a petition has been filed with the director and when the amount which should have been assessed has been determined by a decision of the director which has become final, then any unpaid portion, the collection of which has been stayed by bond, shall be collected as part of the tax upon notice and demand from the director, and any remaining portion of the assessment shall be abated. If the amount already collected exceeds the amount determined as the amount which should have been assessed, such excess shall be credited or refunded to the taxpayer as provided in section 54A:9-7 without the filing of claim therefor. If the amount determined as the amount which should have been assessed is greater than the amount actually assessed, then the difference shall be assessed and shall be collected as part of the tax upon notice and demand from the director.

(g) Abatement if jeopardy does not exist. The director may abate the jeopardy assessment if he finds that jeopardy does not exist. Such abatement may not be made after a decision of the director in respect of the deficiency has been rendered or, if no petition is filed with the director, after the expiration of the period for filing such petition. The period of limitation on the making of assessments and levy or a proceeding for collection, in respect of any deficiency, shall be determined as if the jeopardy assessment so abated had not been made, except that the running of such period shall in any event be suspended for the period from the date of such jeopardy assessment until the expiration of the tenth day after the day on which such jeopardy assessment is abated.

(h) Bond to stay collection. The collection of the whole or any amount of any jeopardy assessment may be stayed by filing with the director, within such time as may be fixed by regulation, a bond in an amount equal to the amount as to which the stay is desired, conditioned upon the payment of the amount (together with interest thereon) the collection of which is stayed at the time at which, but for the making of the jeopardy assessment, such amount would be due. Upon the filing of the bond the collection of so much of the amount assessed as is covered by the bond shall be stayed. The taxpayer shall have the right to waive such stay at any time in respect of the whole or any part of the amount covered by the bond, and if as a result of such waiver any part of the amount covered
by the bond is paid, then the bond shall at the request of the taxpayer, be proportionately reduced. If any portion of the jeopardy assessment is abated, or if a notice of deficiency under section 54A:9-2 is mailed to the taxpayer in a lesser amount, the bond shall, at the request of the taxpayer, be proportionately reduced.

(i) Petition to director. If the bond is given before the taxpayer has filed his petition under section 54A:9-9, the bond shall contain a further condition that if a petition is not filed within the period provided in such section, then the amount, the collection of which is stayed by the bond, will be paid on notice and demand at any time after the expiration of such period, together with interest thereon from the date of the jeopardy notice and demand to the date of notice and demand under this subsection. The bond shall be conditioned upon the payment of so much of such assessment (collection of which is stayed by the bond) as is not abated by a decision of the director which has become final. If the director determines that the amount assessed is greater than the amount which should have been assessed, then the bond shall, at the request of the taxpayer, be proportionately reduced when the decision of the director is rendered.

(j) Stay of sale of seized property pending director's decision. Where a jeopardy assessment is made, the property seized for the collection of the tax shall not be sold—

(1) If subsection (b) is applicable, prior to the issuance of the notice of deficiency and the expiration of the time provided in section 54A:9-9, for filing a petition with the director, and

(2) If a petition is filed with the director (whether before or after the making of such jeopardy assessment), prior to the expiration of the period during which the assessment of the deficiency would be prohibited if subsection (a) were not applicable.

Such property may be sold if the taxpayer consents to the sale, or if the director determines that the expenses of conservation and maintenance will greatly reduce the net proceeds, or if the property is perishable.

(k) Interest. For the purpose of subsection (a) of section 54A:9-5, the last date prescribed for payment shall be determined without regard to any notice and demand for payment issued under this section prior to the last date otherwise prescribed for such payment.

(1) Early termination of taxable year. If the director finds that a taxpayer designs quickly to depart from this State or to remove
his property therefrom, or to conceal himself or his property therein, or to do any other act tending to prejudice or to render wholly or partly ineffectual proceedings to collect the income tax for the current or the preceding taxable year unless such proceedings be brought without delay, the director shall declare the taxable period for such taxpayer immediately terminated, and shall cause notice of such finding and declaration to be given the taxpayer, together with a demand for immediate payment of the tax for the taxable period so declared terminated and of the tax for the preceding taxable year or so much of such tax as is unpaid, whether or not the time otherwise allowed by law for filing return and paying the tax has expired; and such taxes shall thereupon become immediately due and payable. In any proceeding brought to enforce payment of taxes made due and payable by virtue of the provisions of this subsection, the finding of the director made as herein provided, whether made after notice to the taxpayer or not, shall be for all purposes presumptive evidence of jeopardy.

(m) Reopening of taxable period. Notwithstanding the termination of the taxable period of the taxpayer by the director, as provided in subsection (l), the director may reopen such taxable period each time the taxpayer is found by the director to have received income, within the current taxable year, since the termination of such period. A taxable period so terminated by the director may be reopened by the taxpayer if he files with the director a true and accurate return of taxable income and credits allowed under this act for such taxable period, together with such other information as the director may by regulations prescribe.

(n) Furnishing of bond where taxable year is closed by the director. Payment of taxes shall not be enforced by any proceedings under the provisions of subsection (l) prior to the expiration of the time otherwise allowed for paying such taxes if the taxpayer furnishes, under regulations prescribed by the director, a bond to insure the timely making of returns with respect to, and payment of, such taxes or any income taxes for prior years.

C. 54A:9-15 Criminal penalties.

54A:9-15. Criminal penalties. (a) Attempt to evade tax. Any individual, corporation or partnership or any officer or employee of any corporation, or member or employee of any partnership, who, with intent to evade any tax or any requirement of this act or any lawful requirement of the director thereunder, shall fail to pay the tax, or to make, render, sign or certify any return or declaration of estimated income, or to supply any information
within the time required by or under the provisions of this act, or who, with like intent, shall make, render, sign or certify any false or fraudulent return, declaration or statement, or shall supply any false or fraudulent information, or who shall fail to comply with the provisions of subsection (b) of section 54A:7-4 after the service of a notice by the director thereunder, shall be guilty of a misdemeanor and shall, upon conviction, be fined not to exceed $5,000.00 or be imprisoned not to exceed 1 year, or both, at the discretion of the court.

(b) Limitations. Notwithstanding the provisions of any other law, a prosecution for any offense under this section may be commenced at any time not later than 5 years after the commission of such offense provided that, if such offense is the failure to do an act required by or under the provision of this act to be done before a certain date, a prosecution for such offense may be commenced not later than 5 years after such date.

(c) Willful failure to withhold. Any individual, corporation or partnership or any officer or employee of any corporation (including a dissolved corporation), or member or employee of any partnership, who willfully fails to collect or pay over any withholding tax as required, shall, in addition to other penalties provided by law, be guilty of a misdemeanor, and, upon conviction thereof shall be fined not to exceed $5,000.00 or imprisoned not to exceed 1 year, or both.

(d) Two or more charges. In the prosecution of offenses under this section, if there are two or more charges against any person or corporation, involving a violation or violations of any provision or provisions of this act, whether for the same or different taxable years, instead of returning several indictments or filing several informations, all of such charges may be joined in one indictment or information, in separate counts, and if two or more indictments are found, or two or more informations are filed, the court may order them to be consolidated. If a person or corporation shall be convicted of two or more offenses constituting different crimes set forth in different counts of one indictment or information, or in separate indictments or informations consolidated as hereinbefore provided, the court may impose a separate sentence for each offense, and if imprisonment is imposed, the court may order any of such sentences to be served concurrently or consecutively.

(e) Miscellaneous rules. The failure to do any act required by or under the provisions of this act shall be deemed an act committed in part at the office of the director in Trenton. Any prosecution
under this section may be conducted in any county where the person or corporation to whose tax liability the proceeding relates resides, or has a place of business, or from which such person or corporation received any income, or in any county in which any such crime is committed, or in the county of Mercer. The Attorney General shall have concurrent jurisdiction with any prosecuting attorney in the prosecution of any offenses under this section. If the provisions of this section conflict with those contained in any other law, this section shall control. The certificate of the director to the effect that a tax has not been paid, that a return or declaration of estimated tax has not been filed, or that information has not been supplied, as required by or under the provisions of this act, shall be prima facie evidence that such tax has not been paid, that such return or declaration has not been filed, or that such information has not been supplied. All fines levied under this section shall be paid to the director and deposited in the same manner as revenues collected or received under this act.

C. 54A:9-16 Armed forces relief provisions.

54A:9-16. Armed forces relief provisions. (a) Time to be disregarded. In the case of an individual serving in the Armed Forces of the United States, or serving in support of such armed forces, in an area designated by the President of the United States by executive order as a "combat zone" at any time during the period designated by the president by executive order as the period of combatant activities in such zone, or hospitalized outside the State as a result of injury received while serving in such an area during such time, the period of service in such area, plus the period of continuous hospitalization outside the State attributable to such injury, and the next 180 days thereafter, shall be disregarded in determining, under this act, in respect of the income tax liability (including any interest, penalty, or addition to the tax) of such individual.

(1) Whether any of the following acts was performed within the time prescribed therefor:

(A) Filing any return of income tax (except withholding tax);

(B) Payment of any income tax (except withholding tax) or any installment thereof or of any other liability to the State, in respect thereof;

(C) Filing a petition with the director for credit or refund or for redetermination of a deficiency, or application for review of a decision rendered by the director;
(D) Allowance of a credit or refund of income tax;
(E) Filing a claim for credit or refund of income tax;
(F) Assessment of income tax;
(G) Giving or making any notice or demand for the payment of any income tax, or with respect to any liability to the State in respect of income tax;
(H) Collection, by the director, by levy or otherwise of the amount of any liability in respect of income tax;
(I) Bringing suit by the State, or any officer, on its behalf, in respect of any liability in respect of income tax; and
(J) Any other act required or permitted under this act or specified in regulations prescribed under this section by the director.

(2) The amount of any credit or refund (including interest).

(b) Action taken before ascertainment of right to benefits. The assessment or collection of the tax imposed by this act or of any liability to the State in respect of such tax, or any action or proceeding by or on behalf of the State in connection therewith, may be made, taken, begun, or prosecuted in accordance with law, without regard to the provisions of subsection (a), unless prior to such assessment, collection, action, or proceeding it is ascertained that the person concerned is entitled to the benefits of subsection (a).

(c) Members of armed forces dying in action. In the case of any person who dies during an induction period while in active service as a member of the Armed Forces of the United States, if such death occurred while serving in a combat zone during a period of combatant activities in such zone, as described in subsection (a), or as a result of wounds, disease or injury incurred while so serving, the tax imposed by this act shall not apply with respect to the taxable year in which falls the date of his death, or with respect to any prior taxable year ending on or after the first day he so served in a combat zone, and no returns shall be required in behalf of such person or his estate for such year, and the tax for any such taxable year which is unpaid at the date of his death, including interest, additions to tax and penalties, if any, shall not be assessed and, if assessed, the assessment shall be abated and, if collected, shall be refunded to the legal representative of his estate if one has been appointed and has qualified, or, if no legal representative has been appointed or has qualified, to his widow.

C. 54A:9-17  General powers of director.

54A:9-17. General powers of the director. (a) General. The director shall administer and enforce the tax imposed by this act.
and is authorized to make such rules and regulations, and to require such facts and information to be reported as he may deem necessary to enforce the provisions of this act. The director may divide the State into districts in each of which a branch office may be maintained by him, but in no case shall a county be divided in forming a district.

(b) Delegation of powers. The director may delegate to any officer or employee of his division such of his powers as he may deem necessary to carry out efficiently the provisions of this act, and the person or persons to whom such power has been delegated shall possess and may exercise all of the power and perform all of the duties herein conferred and imposed upon the director.

(c) Examination of books and witnesses. The director for the purpose of ascertaining the correctness of any return, or for the purpose of making an estimate of taxable income of any person, shall have power to examine or to cause to have examined, by any agent or representative designated by him for that purpose, any books, papers, records or memoranda bearing upon the matters required to be included in the return, and may require the attendance of the person rendering the return or any officer or employee of such person, or the attendance of any other person having knowledge in the premises, and may take testimony and require proof material for his information, with power to administer oaths to such person or persons.

(d) Abatement authority. The director, on his own motion, may abate any small unpaid balance of an assessment of income tax, or any liability in respect thereof, if the director determines under uniform rules prescribed by him that the administration and collection costs involved would not warrant collection of the amount due. He may also abate, on his own motion, the unpaid portion of the assessment of any tax or any liability in respect thereof, which is excessive in amount, or is assessed after the expiration of the period of limitation properly applicable thereto, or is erroneously or illegally assessed. No claim for abatement under this subsection shall be filed by a taxpayer.

(e) The Department of the Treasury, Division of Taxation, may enter into an agreement with the taxing authorities of any state which imposes a tax on or is measured by income to provide that compensation paid in such state to residents of this State shall be exempt from such tax; in such case any compensation paid in this State to residents of such state shall be exempt from New Jersey personal income tax. The Division, in such agreements,
may provide for reciprocal withholding, employer liability, exchange of information and all other matters relating to cooperation between the states.

C. 54A:9-17.1 Identifying numbers.

54A:9-17.1. Identifying numbers. (a) Supplying of identifying numbers. When required by regulations prescribed by the director:

(2) Furnishing number to other person. Any person with respect to whom a return, statement, or other document is required under the authority of this act to be made by another person shall furnish to such other person such identifying number as may be prescribed for securing his proper identification.

(3) Furnishing number of another person. Any person required under the authority of this act to make a return, statement, or other document with respect to another person shall request from such other person, and shall include in any such return, statement, or other document, such identifying number as may be prescribed for securing proper identification of such other person.

(b) Limitation. (1) Except as provided in paragraph (2), a return of any person with respect to his liability for tax, or any statement or other document in support thereof, shall not be considered for purposes of paragraphs (2) and (3) of subsection (a) as a return, statement, or other document with respect to another person.

(2) For purposes of paragraphs (2) and (3) of subsection (a), a return of an estate or trust with respect to its liability for tax, and any statement or other document in support thereof, shall be considered as a return, statement, or other document with respect to each beneficiary of such estate or trust.

(c) Requirement of information. For purposes of this section, the director is authorized to require such information as may be necessary to assign an identifying number to any person.

C. 54A:9-18 Order to compel compliance.

54A:9-18. Order to compel compliance. (a) Failure to file tax return. If any person willfully refuses to file an income tax return required by this act, the director may apply to a judge of the su-
perior court for an order directing such person to file the required return. If a person fails or refuses to obey such order, he shall be guilty of contempt of court.

(b) Failure to furnish records or testimony. If any person willfully refuses to make available any books, papers, records or memoranda for examination by the director or his representative or willfully refuses to attend and testify, pursuant to the powers conferred on the director under this act, the director may apply to a judge in the superior court in the county where such person resides, for an order directing that person to comply with the director’s request for books, papers, records or memoranda or for his attendance and testimony. If the books, papers, records or memoranda required by the director are in the custody of a corporation, the order of the court may be directed to any principal officer of such corporation. If a person fails or refuses to obey such order, he shall be guilty of contempt of court.

C. 54A:9-21 Severability clause.

54A:9-21. Severability clause. If any provision of this act, or any application of any provision, is held invalid, the invalidity shall not affect other applications of the provision, or other provisions of the act, which reasonably can be given effect despite the invalidity.

54A:9-22. Repeal of emergency transportation tax act. (a) Savings clause. Chapter 32, laws of 1961 (C. 54:8A-1 et seq.), as amended, is hereby repealed, effective July 1, 1976 and shall be inoperative with respect to income subject to tax, under said act, paid or accrued on and after said date. Such repeal shall not affect the obligation, lien or duty to pay any taxes, interest or penalties which have accrued or may accrue by virtue of any
assessment made or which may be made with respect to taxes levied for any taxable year prior to, July 1, 1976 nor shall this act affect the legal authority to assess and collect taxes which may be or have been due and payable under said chapter 32, laws of 1961, as amended, together with such interest and penalties as would have accrued thereon under any provision of law amended or repealed hereby; nor shall this act invalidate any assessments or affect any proceeding for the enforcement thereof.

(b) Credit for tax withheld on and after July 1, 1976. A taxpayer whose taxes have been withheld under chapter 32, laws of 1961, as amended, on and after July 1, 1976 shall be entitled to a credit against his tax liability under this act.

C. 54A:9-23 Repeal of transportation benefits tax act.

Chapter 172, laws of 1975 (C. 54:8B-1 et seq.) is hereby repealed, effective July 1, 1976, and shall be inoperative with respect to capital gains and other unearned income subject to tax, under said act, paid or accrued on and after said date. Such repeal shall not affect the obligation, lien or duty to pay any taxes, interest or penalties which have accrued or may accrue by virtue of any assessment made or which may be made with respect to
taxes levied for any taxable year or part of a taxable year prior to July 1, 1976, nor shall this act affect the legal authority to assess and collect the taxes which may be or have been due and payable under said chapter 172, laws of 1975 as amended, together with such interest and penalties as would have accrued thereon under any provision of law amended or repealed hereby; nor shall this act invalidate any assessments or affect any proceeding for the enforcement thereof. In the event of such repeal, the adjusted gross income requirements and the personal exemptions allowed shall be prorated according to the number of taxable months required to be reported divided by 12. The taxpayer may, at his option, determine actual adjusted gross income for the period required to be reported.

C. 54A:9-25 Property tax relief fund.

54A:9-25. Taxes collected under the provisions of this act shall be deposited by the State Treasurer in a special account to be known as the Property Tax Relief Fund. Moneys in the Property Tax Relief Fund shall be annually appropriated, pursuant to formulas established from time to time by the Legislature, to the several counties, municipalities and school districts of this State exclusively for the purpose of providing property tax relief and for the purpose of reducing or offsetting property taxes, including the funding of the requirement of P. L. 1975, c. 212, and homestead exemptions under 1976 Assembly Bill No. 1330, as said acts may hereafter be amended or supplemented and provided there may be deducted the administrative costs of the collection hereof and in replacement of revenues resulting from the repeal of certain laws under this and companion legislation.

C. 54A:9-25.1 Election fund checkoff.

54A:9-25.1. There is hereby established within the General Treasury a special fund to be known as the "Gubernatorial General Elections Fund." Where a taxpayer has indicated on a return filed pursuant to this act that one dollar of his taxes is to be reserved for such fund, the Treasurer shall credit such fund from the taxes collected under the provisions of this act. The fund shall be available for appropriation pursuant to section 5 of P. L. 1974, c. 26 (C. 19:44A-30), provided however that establishment of the "Gubernatorial General Elections Fund" shall in no way affect the operation of said section.

Blank forms of return provided by the director for use in reporting under this act shall include, in a conspicuous place, the
opportunity for a taxpayer to indicate his preference under this section in substantially the following manner:

C. 54A:9-26 Blank.

C. 54A:9-27. Effective date.

54A :9–27. Effective date. (a) This act shall take effect immediately and shall be applicable with respect to items of income, deduction, loss or gain occurring in taxable years ending on or after July 1, 1976 but only to the extent such items have been earned, or incurred on or after July 1, 1976.

(b) New Jersey taxable income for 1976 from a person or entity with an accounting period for Federal income tax purposes which begins before July 1, 1976 shall be determined by computing the total taxable income of the person or entity for the full accounting period and by multiplying such taxable income by the quotient of the number of days in such year after July 1, 1976, divided by 365. However, where the taxpayer’s taxable year covers a period of less than 12 months, the taxpayer may determine total taxable income solely on the basis of the items of income, deductions, loss or gain occurring during such taxable year.

(c) This act shall remain inoperative unless and until the "Tenants’ Property Tax Rebate Act” now pending before the Legislature as Senate Bill No. 1546 and Assembly Bill No. 1330 and Assembly Bill No. 1663 are enacted.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Those municipalities which receive State aid pursuant to the provisions of P. L. 1975, c. 229, may anticipate in the municipal budget prepared for the year 1976 an amount equivalent to that which they were entitled to receive under said act, provided that each such municipality makes application to the Commissioner of the Department of Community Affairs and meets the criteria and standards contained in said act and the rules, regulations and guidelines in connection therewith issued by the commissioner.

2. If the Legislature funds this program for an amount less than the amount appropriated in State fiscal year 1976, the Commissioner of the Department of Community Affairs shall adjust the amount of the grants and the time limits for the grants in accordance with the amount appropriated and may promulgate any rules, regulations, and guidelines deemed appropriate to effectuate the purpose of this section.

3. In the event that any funds remain unapportioned as certified by the Commissioner of the Department of Community Affairs after each qualifying municipality has had an opportunity to apply for State aid under section 1 of this act and any adjustments have been made pursuant to section 2 of this act, there shall be established a discretionary fund and participating municipalities may make application for such funds as still remain unapportioned as determined by the commissioner for special nonrecurring projects.

4. The Commissioner of the Department of Community Affairs shall, within 5 days of the effective date of this act, determine and certify to the State Treasurer and the chief financial officer of each municipality which shall receive aid under this act the amount payable to each qualifying municipality. The State Treasurer upon the certification of the commissioner and upon the warrant of the State Comptroller, shall pay and distribute, from funds appropriated therefor, to each qualifying municipality the amount so determined and certified.
5. Such funds as a qualifying municipality shall acquire pursuant to this act shall be appropriated by said municipality in compliance with the "Local Budget Law" (N.J.S. 40A:4-1 et seq.). Notwithstanding any provisions of the local budget law, any municipality qualifying for State aid under the provisions of this act may anticipate the receipt of the amount of State aid certified by the Commissioner of the Department of Community Affairs and may file such amendments or corrections in its local budget as may be required to properly reflect such amount in its budget for the year 1976.

6. The commissioner is hereby authorized to hire, employ or assign such secretarial, clerical and other technical or professional personnel as shall be required for the purposes of providing technical assistance, conducting performance evaluations and otherwise securing the accountability of the municipalities for complying with the provisions of this act. The commissioner may, with the approval of the Director of the Division of Budget and Accounting of the Department of the Treasury, allocate from any appropriation made to implement this act not more than $75,000.00 for the administration of this act.

7. This act shall take effect immediately.

Approved July 8, 1976.

CHAPTER 50

AN ACT appropriating $5,000,000.00 from the State Recreation and Conservation Land Acquisition and Development Fund for State programs to acquire and conserve lands for recreation and conservation purposes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 4:1B-1 Short title.

1. This act shall be known and may be cited as the "Agricultural Preserve Demonstration Program Act."

C. 4:1B-2 Legislature's findings.

2. The Legislature hereby finds and declares:

   a. That the preservation of agricultural open space and the retention of agricultural activities would serve the best interests of all citizens of this State by insuring the numerous social, economic and environmental benefits which accrue from the continuation of agriculture in the Garden State.

   b. That past and present policies and efforts of this State intended to promote such preservation and retention, while beneficial and worthy of continuation, have been inadequate to insure the permanent existence of such activities, which constitute a vital and benevolent use of the land which is so rapidly disappearing in this, the most densely populated and highly urbanized State in the nation.

   c. That it is both necessary and desirable to implement additional policies, including the creation of an agricultural preserve, designed to provide for such preservation and retention.

   d. That it is the express intention of this act to promote and insure the continuation of such activities within the agricultural preserve as provided herein.

C. 4:1B-3 Legislature's additional findings.

3. The Legislature further finds and declares that the State preservation of agricultural open space through the purchase of development easements to prime agricultural lands is wholly compatible with, and specifically authorized by, the provisions of the "New Jersey Green Acres and Recreation Opportunities Bond Act of 1974" (P. L. 1974, c. 102).
CHAPTER 50, LAWS OF 1976

C. 4:1B-4 Definitions.

4. As used in this act:

a. "Agricultural preserve" means a significant mass of reasonably contiguous prime agricultural lands created through the State purchase of development easements to such lands;

b. "Committee" means the Joint Legislative Oversight Committee for the Agricultural Preserve Demonstration Program designated pursuant to section 10 of this act;

c. "Departments" means the Department of Environmental Protection and the Department of Agriculture;

d. "Development easement" means an interest in land, less than fee simple absolute title thereto, which interest represents the right to develop such lands for all nonagricultural purposes as determined by the provisions of this act and any relevant rules or regulations promulgated pursuant hereto;

e. "Prime agricultural land" means land having soil classifications of Class I, II or III, according to Soil Conservation class, except that a certain amount of land supportive of cranberry, blueberry or other special agricultural production and woodland immediately supportive of agriculture may be considered as prime agricultural lands for the purposes of this act;

f. "Program" means the Agricultural Preserve Demonstration Program established by this act;

g. "Program area" means the location of the program designated pursuant to section 14 of this act;

h. "Steering committee" means the Steering Committee on the Agricultural Preserve Demonstration Program created pursuant to section 8 of this act.

C. 4:1B-5 Agricultural preserve demonstration program; establishment; purposes; goal.

5. There is hereby established the Agricultural Preserve Demonstration Program. The purpose of this program shall be the creation of an agricultural preserve, which shall remain undeveloped for other than agricultural purposes as determined in accordance with the provisions of this act. Such preserve shall be established through the State purchase of development easements to such lands. It shall further be the purpose of this program to provide information and experience concerning such State efforts to preserve agricultural open space. It shall be the goal of the program to acquire such easements to approximately 5,000 acres of such land within the agricultural preserve.
C. 4:1B-6 Administration of program.

6. The program shall be administered by the Department of Environmental Protection and the Department of Agriculture. The Division of Rural Resources of the Department of Agriculture shall have operating responsibility for the program.

C. 4:1B-7 Program voluntary for landowners.

7. The program shall be conducted on a voluntary basis for all landowners in the program area; the provisions of any law to the contrary notwithstanding, it is the intention of this act to prohibit the exercise of eminent domain by the State, or any agency or instrumentality thereof, in acquiring development easements to prime agricultural lands pursuant to the provisions of this act.

C. 4:1B-8 Implementation of program.

8. The program shall be implemented by the departments in the following manner:

a. An intensive informational and educational effort will be undertaken to provide residents, landowners and elected officials within the program area with the basic objectives and details of the program. Such effort shall be conducted at public meetings held within, or in the vicinity of, the program area as well as through the mails.

b. Voluntary offers to sell the development easements to prime agricultural lands will be solicited from such landowners in the program area. Such landowners will be asked to offer to sell such development easements to the State at a price which, in the opinion of the landowner, represents a fair value of the development potential of such lands for nonagricultural purposes as determined in accordance with the provisions of this act. A final date for the submission of such offers shall be fixed by the departments in the regulations promulgated pursuant to section 14 of this act.

c. Such offers will be reviewed and evaluated by the departments, with the advice of the steering committee as provided in section 9 of this act, in order to determine the suitability of the prime agricultural lands represented thereby for inclusion in the program. Decisions regarding such suitability shall be based upon the satisfaction of the following criteria:

(1) The degree to which such offers reflect price levels which appear to be within the financial resources of the program;

(2) Suitability as to soil classification or other criteria for prime agricultural lands as provided by this act;

(3) The degree to which such offers would facilitate the formulation of an agricultural preserve as defined in section 4 of this act.
The departments shall reject any offer for the sale of development easements to prime agricultural lands which are unsuitable according to the above criteria.

d. Two separate independent appraisals shall be conducted for each remaining parcel of prime agricultural lands so offered and deemed suitable. Such appraisals shall determine the current overall fair market value of such parcels for all purposes, including nonagricultural and development purposes, as well as the current fair market value of such parcels for agricultural purposes. The difference between current overall fair market value and current agricultural fair market value shall represent an appraisal of the value of development easements to such parcels.

Such appraisals shall be conducted by independent, professional appraisers selected by the departments from among members of recognized organizations of real estate appraisers.

e. After receiving the results of such appraisals, the departments shall compare the appraised value and the offered value of development easements to such parcels. Following such comparison, and after consultation with the steering committee, the departments shall determine (1) whether the acquisition of all or a portion of such development easements would be within the financial resources of the program and (2) whether such acquisition would provide for the formulation of the agricultural preserve as provided by this act. Decisions concerning the acquisition of specific development easements shall be made within 6 months of the final date fixed for the submission of offers for such easements.

f. Following a determination of the satisfaction of such criteria and the submission to the committee of a report containing a positive recommendation concerning such acquisition, the Department of Environmental Protection is hereby empowered to purchase such development easements on behalf of the State.

C. 4:1B-9 Steering Committee on the Agricultural Preserve Demonstration Program; establishment; purpose; membership; duties and responsibilities.

9. a. There is hereby established a Steering Committee on the Agricultural Preserve Demonstration Program. Such steering committee shall be a local advisory body composed of elected officials and residents of the program area. The purpose of the steering committee shall be to provide the departments with local input concerning the implementation of the program. Membership on the steering committee shall be as follows:
(1) Two members appointed by the governing body of each municipality located within the program area;
(2) One member appointed by the planning board of each municipality located within the program area;

(7) The Commissioner of Environmental Protection, or his designated representative;
(8) Ex-officio members of the Legislature representing legislative districts located, in whole or part, within the program area.

b. The duties and responsibilities of the steering committee shall be:
(1) To communicate to residents and landowners in the program area the details of the program and the implications and effects of participation therein;
(2) To advise the departments on guidelines furnished to the owners of prime farmlands within the program area concerning the offer and sale of development easements to such land to the State;
(3) To advise the departments, following the receipt of development easements offers as provided by section 9 of this act, as to the compatibility of such easements with municipal and county zoning and master plans, and to make recommendations concerning the suitability of such easements for inclusion in the program;
(4) To advise the departments on the guidelines used to appraise prime agricultural lands for overall market and agriculture value pursuant to section 8 of this act;
(5) To make recommendations to the departments, following the results of such appraisals, on the acquisition of such development easements.

C. 4:1B-10 Joint Legislative Oversight Committee for the Agricultural Preserve Demonstration Program; duties and responsibilities.
10. The Assembly Committee on Agriculture and Environment and the Senate Committee on Agriculture are hereby designated as the Joint Legislative Oversight Committee for the Agricultural
Preserve Demonstration Program. The duties and responsibilities of the committee shall be as follows:

a. To review and evaluate the proposed rules, regulations and guidelines for the implementation and administration of the agricultural preserve program, in terms of feasibility, effect and conformance with the intentions and provisions of this act.

b. To analyze the progress of the program prior to the State acquisition of development easements to prime agricultural lands, so as to determine the advisability of proceeding therewith.

c. To conduct a final program review and evaluation following the State acquisition of such easements; such final review and evaluation shall be conducted and transmitted to the Legislature within 1 year of such acquisition, and shall include the following:

1. A statement of the social, economic and environmental effects of the program on the program area and on the State;

2. An evaluation of the impact of the program on agriculture and related industries in this State;

3. An analysis of the mechanism of the State purchase of developments rights to prime agricultural lands as a means of preserving agricultural open space, the feasibility of further use of such mechanism in other areas of the State, and potential sources of funding therefor; and,

4. An identification of possible alternative methods of preserving agricultural open space in New Jersey.

d. To review and evaluate all relevant existing and proposed statutes, rules, regulations and ordinances, so as to determine the individual and cumulative effect upon the conduct of agricultural activities in this State.

e. To recommend to the Legislature and to the departments, prior to, during and following the implementation of the program, any legislation, rule, regulation, guideline, or revision thereto which it deems necessary in order to effectuate the purposes of this act or the findings of the committee concerning the program created herein.

The departments are hereby directed to cooperate with the committee in providing any assistance or information necessary for or incident to the performance of the duties and responsibilities of the committee as herein provided.

C. 4:1B-11 Statement of conditions of conveyance and terms of restrictions on land; recording.

11. Following the purchase by the State of any development easement to prime agricultural land as provided by this act, the
owner of such lands shall cause a statement containing the conditions of such conveyance and the terms of the restrictions on the use and development of such land to be attached to and recorded with the deed to such land in the same manner as such deed was originally recorded.

C. 4:1B-12 Enforcement of conditions or restrictions.

12. The Department of Environmental Protection is hereby empowered to institute, in the name of the State, any proceeding intended to enforce the conditions or restrictions on the use and development of land created pursuant to the State purchase of development easements as provided herein.

C. 4:1B-13 Conveyance of development easements; public hearing; approval.

13. No development easement purchased by the State pursuant to the provisions of this act shall be sold, given, transferred or otherwise conveyed in any manner and no lands within the agricultural preserve shall be diverted to a use other than conservation or recreation without the approval of the Commissioner of Environmental Protection, the Secretary of Agriculture and the State House Commission and following a public hearing at least 1 month prior to any such approvals. In the case of the conveyance of such development easements, such approvals shall not be given unless an amount equal to the value of such development easement, as determined by the State House Commission, shall be deposited in the State Recreation and Conservation Land Acquisition and Development Fund created pursuant to P. L. 1974, c. 102. Money so returned to said fund shall be deemed wholly a part of the portion of that fund available for land acquisition or development by the State pursuant to the provisions of P. L. 1974, c. 102 and P. L. 1975, c. 155.

C. 4:1B-14 Rules and regulations; contents.

14. a. The departments shall have the power, in accordance with the provisions of the "Administrative Procedure Act" (C. 52:14B-1 et seq.) to adopt, amend or repeal any rule or regulation deemed necessary to effectuate the purposes of this act. Such rules or regulations shall include a designation of the following:

(1) The specific location of the program. Such designation shall result from studies conducted by the departments of alternate locations offering prime agricultural lands which are reasonably representative of all such lands located within this State in terms
of agricultural characteristics, value, and vulnerability to pressures for development for other than agricultural purposes.

(2) The maximum acceptable percentage of woodland contained in specific offers of such development easements;

(3) The minimum acceptable percentage of total farm acreage to be represented by such offers;

(4) Guidelines concerning the specific restrictions on the use and development of prime agricultural lands subject to a development easement purchased by the State pursuant to this act. Such guidelines shall prohibit nonagricultural uses and development of such lands except for limited improvements or construction designed to provide housing for persons deriving a substantial portion of their income from agricultural activities conducted on such lands.

b. The departments shall transmit copies of all proposed rules and regulations to the committee in order to facilitate the review and evaluation of the program.

C. 4:1B-15 Partial invalidity.

15. If any clause, sentence, paragraph, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or party thereof directly involved in the controversy in which such judgement shall have been rendered.

16. There is hereby appropriated to the Department of Environmental Protection, from the State Recreation and Conservation Land Acquisition and Development Fund created pursuant to the “New Jersey Green Acres and Recreation Opportunities Bond Act of 1974” (P. L. 1974, c. 102) a sum of $5,000,000.00, or so much thereof as may be necessary, in order to defray the cost of State acquisition of development easements to prime agricultural lands in accordance with the provisions of this act. Any portion of such sum which is not expended for such purposes within 2 years of the effective date of this act shall revert to the aforecited fund to be used, subject to appropriation, in accordance with the provisions of P. L. 1974, c. 102, and P. L. 1975, c. 155.

17. This act shall take effect immediately.

Approved July 22, 1976.
CHAPTER 51

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 1 of P. L. 1975, c. 160 (C. 17:1B-5.1) is amended to read as follows:

C. 17:1B-5.1 Legislature's findings and determination.

1. The Legislature hereby finds that national economic conditions have caused the persistence of a critical shortage of adequate housing in this State and a drastic decline in new housing starts; that as a result an increasingly large number of New Jersey residents will be subjected to hardship in finding adequate, safe and sanitary housing unless new housing is constructed and existing housing, where appropriate, rehabilitated or improved; that unless the supply of housing and the availability to residents of this State of residential mortgage, rehabilitation, and improvement financing is increased over present levels, a large number of residents of this State will continue to be compelled to live in unsanitary, overcrowded and unsafe conditions to the detriment of the health, welfare and well-being of these residents and of the whole community of which they are a part; and that an increase in the housing supply of this State will assist in the clearance, replanning, development and redevelopment of blighted areas and will ameliorate the critical shortage of adequate housing.

It is hereby found that existing programs of the New Jersey Mortgage Finance Agency will not be sufficient in the future to meet the demands for available funds to assist in the financing of the new residential mortgage loans and, where appropriate, the rehabilitation or improvement of existing housing which is needed to remedy the continuing housing crisis.

The Legislature hereby determines that in order to more effectively promote the expansion of the supply of funds available for residential mortgage, rehabilitation and improvement loans and thus help alleviate the shortage of adequate housing in this State, the New Jersey Mortgage Finance Agency shall be granted power to raise funds from private investors and make those funds avail-
able through mortgage lending institutions and firms in this State for new residential loans through the purchase by the agency of existing residential mortgage loans and residential rehabilitation and improvement loans from mortgage lending institutions and firms within the State during periods when there is an inadequate supply of credit otherwise available in the State, any particular area or areas of the State or available to persons or families of the State of low or moderate income for residential loans and that this program will be accomplished by the agency on terms designed to assure the expansion of available funds in the State or any such area or areas or for any such persons or families while protecting against the realization by mortgage lending institutions and firms of any excessive financial return or benefit.

The Legislature further finds and determines that a secondary mortgage market which will be provided by the residential loan purchase program of the agency will be an appropriate and effective means of encouraging investment in New Jersey residential loans, of reducing the volatility of mortgage flows over the business cycle, and of providing greater stability for the economy of the State of New Jersey.

The Legislature further finds and determines that the shortage of adequate housing in the State will be reduced if the present authority of the New Jersey Mortgage Finance Agency to raise funds from private investors and loan such funds to mortgage lending institutions to make residential mortgage loans is extended to permit the agency to loan such funds to mortgage lending institutions to make residential rehabilitation and improvement loans.

2. Section 3 of P. L. 1970, c. 38 (C. 17:1B-6) is amended to read as follows:

C. 17:1B-6 Definitions.
3. The following words or terms as used in this act shall have the following meanings unless a different meaning clearly appears from the context:
   (a) "Act" means this New Jersey Mortgage Finance Agency Law.
   (b) "Agency" means the New Jersey Mortgage Finance Agency created by section 4 of the act.
   (c) "Bonds" means bonds issued by the agency pursuant to the act.
   (d) "Mortgage lender" means any bank or trust company, savings bank, national banking association, savings and loan associa-
tion, or building and loan association maintaining an office in the State, or any insurance company authorized to transact business in the State.

(e) "New residential loan" means: (1) a loan made by a mortgage lender or mortgage seller and secured by a mortgage constituting a first lien upon real property (or a lease of the fee of real property) located in the State and improved by a residential building or unimproved if the proceeds of such loan shall be used for the purpose of erecting a residential building thereon, or (2) a loan made for the rehabilitation or improvement of a residence whether or not secured by a mortgage; provided that such loan shall be made from the proceeds of a loan made by the agency to such mortgage lender or from the proceeds of a purchase of eligible mortgages by the agency from such mortgage seller, as the case may be, all pursuant to the act.

(f) "Notes" means notes issued by the agency pursuant to the act.

(g) "State" means the State of New Jersey.

(h) "Eligible loan" means: (1) a loan made or owned by a mortgage seller and secured by a mortgage on real property (or lease of the fee of real property) located in the State and improved by a residential building or unimproved if the proceeds of such loan shall be used for the purpose of erecting a residential building thereof, or (2) a loan made for the rehabilitation or improvement of a residence which is not secured by a mortgage provided that such a loan satisfies agency regulations promulgated pursuant to this act. Any undivided interest in a loan secured by a mortgage shall qualify as an eligible loan.

(i) "Mortgage seller" means any bank or trust company, savings bank, national banking association, savings and loan association, or building and loan association maintaining an office in the State, or any insurance company or any mortgage banking firm or mortgage banking corporation authorized to transact business in the State, or any agency or instrumentality of the United States or the State or a political subdivision of the State, which is authorized to make residential mortgage, rehabilitation, or home improvement loans.

(j) "Persons and families of low and moderate income" means persons and families, irrespective of race, creed, national origin or sex, determined by the agency to require assistance through any mortgage interest subsidy program or other special program estab-
lished by the agency therefor on account of personal or family income not sufficient to afford adequate housing. In making such determination the agency shall take into account the following:

1. the amount of the total income of such persons and families available for housing needs,

2. the size of the family,

3. the cost and condition of housing facilities available,

4. the eligibility of such persons and families to compete successfully in the normal housing market and to pay the amounts at which private enterprise is providing sanitary, decent and safe housing. In the case of Federally subsidized mortgages with respect to which income limits have been established by any agency of the Federal Government having jurisdiction thereover for the purpose of defining eligibility of low and moderate income families, the agency may determine that the limits so established shall govern. In all other cases income limits for the purpose of defining low or moderate income persons shall be established by the agency in its rules and regulations.

3. Section 5 of P. L. 1975, c. 160 (C. 17:1B-9.1) is amended to read as follows:

C. 17:1B-9.1 Agency's additional powers.

5. In addition to the powers granted by section 5 of the act, the agency shall have the further power:

(a) To purchase or participate in the purchase, and to contract to purchase or participate in the purchase, of eligible loans owned by mortgage sellers and to enter into advance commitments to mortgage sellers for the purchase, or for participation in the purchase, of eligible loans, all subject to the applicable provisions of the act;

(b) To sell eligible loans acquired by the agency at public or private sale and at such price or prices and upon such terms and conditions as shall be determined by the agency;

(c) To enter into arrangements or agreements with mortgage sellers, which may be a part of any contract with the mortgage sellers for the purchase or participation in the purchase of eligible loans, containing such provisions as shall be determined by the agency to be necessary or appropriate to provide security for its bonds or notes, including but not limited to provisions requiring the repurchase of eligible loans or participations therein by the mortgage sellers at the option of the agency, payments of such premiums, fees, charges or other amounts by mortgage sellers to provide a reserve or escrow fund for the purposes, among others, of protecting against defaults with respect to eligible loans, and
provisions for the guarantee by, or for recourse against, mortgage
sellers with respect to defaults on eligible loans of the agency;

(d) To enter into contracts for the servicing and custody of
eligible loans of the agency by mortgage sellers, which contracts
may provide for the payment of the reasonable value of services
rendered to the agency pursuant to such contracts;

CHAPTER 56

AN ACT concerning interest and usury and amending R. S. 31:1-1.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. R. S. 31:1-1 is amended to read as follows:

Contract rate; computation of interest or discount; determination of rates.

31:1-1. (a) Except as otherwise provided by law, no person shall, upon contract, take, directly or indirectly for loan of any money,
wares, merchandise, goods and chattels, above the value of $6.00 for the forbearance of $100.00 for a year; except that the Commissioner of Banking, with the advice of a special advisory board constituted as hereinafter provided, may by regulation adopted, amended and rescinded from time to time, provide that the value which may be taken for any such loan shall be a value more than $6.00 but not more than $9.50 for the forbearance of $100.00 for a year, as shall be prescribed in such regulation, and after that rate for a greater or less sum or for longer or shorter time. The special advisory board herein provided for shall consist of the members of the Banking Advisory Board as constituted pursuant to Article 43 of the Banking Act of 1948, P. L. 1948, c. 67, plus two additional persons appointed by the Governor with the advice and consent of the Senate, one of whom shall be an officer of an association as defined in section 5 (3) of the Savings and Loan Act (1963), P. L. 1963, c. 144, and the other of whom shall be an officer of a life insurance company incorporated under the laws of this State. The two additional persons so appointed shall hold office for a term of 1 year. When, however, pursuant to any such contract, interest or discount is taken or reserved for a period of less than 1 year, or when interest is required to be paid at intervals of less than 1 year, such interest or discount may be computed on a daily basis, or on a monthly basis, or on a combination of both such bases when the period for which interest or discount is taken or reserved contains 1 or more months and 1 or more days; and, in any such case, a day shall be deemed to be a 1/360 part of a year, and a month shall be deemed to be a 1/12 part of a year, regardless of the number of days contained in such month. Any computation of interest or discount made on any such basis shall constitute a compliance with this section, and any such basis may be applied regardless whether the principal debt is payable in more than or less than 1 year from the time of making the loan.

(b) In making, amending and rescinding regulations pursuant to subsection (a) of this section, the Commissioner of Banking and the special advisory board shall consider the general state of the economy, the discount rates prescribed by the Federal Reserve Bank of New York and the Federal Reserve Bank of Philadelphia, the advance rate as prescribed by the Federal Home Loan Bank of New York, the availability of funds for loans, studies and statistics published by the Federal Home Loan Bank Board and other agencies of the United States and of this State, and such other factors and bases for determination as the commis-
tioner and the board may deem pertinent. The rate established by any such regulation shall reasonably reflect prevailing market conditions, regionally and nationally, based upon the studies, statistics and factors considered, and shall remain in force until such time as such regulation is rescinded or such rate is increased or decreased by a subsequent regulation. Any such regulation shall have prospective effect only, and any rate established in excess of 8% shall apply only to loans secured by real estate on which there is erected or to be erected a structure containing one, two, three, four, five or six dwelling units, a portion of which structure may also be used for nonresidential purposes. Notwithstanding the provisions of paragraph (a) of this section, contracts for the following classes or types of loans may provide for any rate of interest which the parties agree upon, and interest at any such rate may be taken, notwithstanding that it exceeds a rate limited by paragraph (a) of this section:

(1) Loans in the amount of $50,000.00 or more, except loans where the security given is a mortgage on real property consisting of a lot of land upon which there is constructed or in the course of construction a dwelling house of three family units or less. The rate of interest stated in such contract upon the origination of such loans may be taken notwithstanding that payments thereon reduce the amount outstanding to less than $50,000.00;

(2) Loans or advances of credit made by savings and loan associations, banking institutions, or any Department of Housing and Urban Affairs or Federal Housing Administration approved mortgagees which are subsequently purchased, in whole or in part, by the Federal Housing Administration, Veterans Administration, Farmers Home Administration, Federal National Mortgage Association, Government National Mortgage Association, Federal Home Loan Mortgage Corporation, and any successor thereof or by any organization authorized by the Emergency Home Finance Act of 1970 to purchase such loans or by any State or Federal Governmental or quasi-governmental organizations.

If such loan is not purchased within 395 days from the date the loan instruments are executed, the maximum rate of interest which may be charged on such loan shall not be in excess of that authorized by the commissioner under the provisions of this section and such rate of interest, if in excess of that rate, shall be reduced to the rate in effect at the date of the execution of the loan instruments. No such reduction shall change the maturity date of the
loan without the written consent of the borrower nor shall such reduction affect the lien of the mortgage which secures the loan.

Any provision in a mortgage commitment contracted prior to the effective date of this act providing for an increase in interest rates to be charged based on the highest lawful interest rate shall be null and void.

2. This act shall take effect immediately.

AN ACT temporarily prohibiting contracts for revaluation of real property in cities of the first class having a population in excess of 300,000.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The Legislature finds and declares that in cities of the first class having a population in excess of 300,000 substantial areas of such cities are characterized by a high incidence of buildings and structures in need of rehabilitation; that the expressed intent of
Article VIII, Section I, paragraph 6 of the Constitution was to provide authorization for the Legislature to enact laws providing for the rehabilitation of buildings and structures in need thereof; that no legislation effectuating the provisions of Article VIII, Section I, Paragraph 6 of the Constitution has yet been enacted into law; and that unless such legislation is enacted into law and a program for rehabilitation of buildings and structures implemented, any program for the general revaluation of real property in such cities at this time can only result in the further deterioration of both commercial and residential property and to gross inequities in the relative tax burden borne by the residents of such cities, a result directly contrary to the expressed intent of Article VIII, Section I, paragraph 6 of the Constitution.

2. Notwithstanding any provisions of law or any judicial order to the contrary, no city of the first class having a population in excess of 300,000, or any of its officers or employees, shall execute a program for the general revaluation of real property or enter into any contract with any person, firm or corporation for the preparation and execution of a program for the general revaluation of real property within such city, nor shall any such program or contract be entered into on behalf of, or with respect to, such a city by any other governmental unit of this State.

3. This act shall take effect immediately and shall expire 6 months after the date of enactment.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:
C. 52:9H-5 Short title.
1. This act shall be known and may be cited as the "State Expenditures Limitation Act."

C. 52:9H-6 Definitions.
2. As used in this act:
   a. "Base year" means the year prior to the current fiscal year of the State;
   b. "Expenditures" means all amounts appropriated by the State in the general appropriation law and all other laws appropriating money for any purpose in any fiscal year, exclusive of money appropriated and paid or to be paid by the State as State aid to counties, municipalities and local school districts or on behalf of counties, municipalities and school districts, or other instrumentalities; and exclusive of all expenditures of money received by the State from the Federal Government, and of money derived from, expended in payment of any interest or principal on, any general obligation bond issues approved by the legally qualified voters of the State at any general election;

C. 52:9H-7 Formula limiting maximum permissible State expenditures; definitions; computation of per capita personal income.
3. In each fiscal year commencing after June 30, 1977, the expenditures of the State shall not exceed the maximum expenditures permitted pursuant to the following formula:

\[
\frac{\text{PCI}_i}{\text{PCI}_{i-1}} \times \text{b. exp.} = \text{Maximum expenditures}
\]

where:
   a. \(\text{PCI}_i\) means State per capita personal income as certified by the United States Department of Commerce in the current fiscal year;
   b. \(\text{PCI}_{i-1}\) means State per capita personal income as defined above in the base year; and
   c. "b.exp" means the appropriations of the State in the base year; provided, however, that for the purposes of this formula, the State Per Capita Personal Income in the base year and in each fiscal year other than the base year shall be computed:

(1) In the case of each year other than the base year, by taking the amount certified by the United States Department of Commerce for the last calendar quarter preceding the commencement of the fiscal year for which either preliminary or final figures are available, and adding to such amount the amounts certified by said
United States Department of Commerce for the three calendar quarters immediately preceding said last calendar quarter; and

(2) In the case of the base year, by taking the amount certified by the United States Department of Commerce for the same calendar quarter of 1975 as the calendar quarter determined in the case of each year other than the base year, and adding to such amount the amounts certified by said United States Department of Commerce for the three calendar quarters immediately preceding said calendar quarter.

C. 52:9H-8 Adjustment of formula resulting from transfer or assumption of functions, performance of services or costs of operations.

4. If in any fiscal year any function or service performed by the State is transferred to, or its costs of operation or performance are assumed by, any of the counties or municipalities or if any function or service performed by any of the counties or municipalities is transferred to, or its costs of operation or performance are assumed by the State, such transfer or assumption shall, for the purposes of the formula prescribed in section 3 of this act, be deemed to have occurred in the base year and, therefore, the "b.exp" component of the aforesaid formula shall be adjusted accordingly to reflect any increase or decrease in expenditures as a result of such transfer or assumption by the State.

C. 52:9H-9 Financing of transferred functions or performance of services by issuance of bonds; adjustment of formula; "bonds" defined.

5. If in any fiscal year any function or service performed by the State is transferred to, or its operation or performance is assumed by, any agency or instrumentality of the State or any county or municipality with the power to issue bonds to finance the undertaking of such function or the performance of such service, or if any function or service performed by any such agency or instrumentality of the State or any county or municipality is transferred to, or its operation or performance is assumed by the State, such transfer or assumption shall, for the purposes of the formula prescribed in section 3 of this act, be deemed to have occurred in the base year and, therefore, the "b.exp" component of the aforesaid formula shall be adjusted accordingly to reflect any increase or decrease in expenditures as a result of such transfer or assumption by the State.

The word "bonds" as used in this section means bonds which do not constitute a debt or liability of the State or of any of its counties or municipalities or a pledge of the faith and credit of the State or of any of its counties or municipalities.
C. 52:9H-10 Exception.
6. Any provisions of this act to the contrary notwithstanding, the State may exceed the maximum expenditures permitted pursuant to the formula prescribed in section 3 of this act in any fiscal year if such increase over such maximum expenditures is submitted to the people of the State in the form of a referendum at a general election held prior to or during any such fiscal year and approved by a majority of the legally qualified voters of the State or county or municipality, as the case may be, voting thereon.

C. 52:9H-11 Maximum expenditure not construed as requirement to expend full amount.
7. Nothing herein contained shall be construed as requiring the State to expend in any fiscal year the full amount of maximum expenditures permitted pursuant to the formula prescribed in section 3 of this act.

8. This act shall take effect immediately.

Approved August 18, 1976.

CHAPTER 68

An Act to place limits on expenditures by counties and municipalities and supplementing Title 40A of the New Jersey Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

C. 40A:445.1 Declaration of policy; recommendation.
1. It is hereby declared to be the policy of the Legislature that the spiraling cost of local government must be controlled to protect the homeowners of the State and enable them to maintain their homesteads.

At the same time the Legislature recognizes that local government cannot be constrained to the point that it is impossible to provide necessary services to its residents.

In recognition that the two concepts may be at cross purposes, the Legislature recommends that the program proposed hereunder be instituted on an experimental basis with a review at the end of the period to adjust the program based upon experience.
C. 40A:4-45.2 Limitation on increase of appropriations.

2. Beginning with the tax year 1977 municipalities, other than those having a municipal purposes tax levy of $0.10 or less per $100.00 and counties shall be prohibited from increasing their final appropriations by more than 5% over the previous year except within the provisions set forth hereunder.

C. 40A:4-45.3 Limitation on increase in budget to 5% over previous year; modifications.

3. In the preparation of its budget a municipality shall limit any increase in said budget to 5% over the previous year's final appropriations subject to the following modifications:
   a. The amount of revenue generated by the increase in its valuations based solely on applying the preceding year's general tax rate of the municipality to the assessed value of new construction or improvements;
   b. Capital expenditures funded by any source other than the local property tax, and programs funded wholly or in part by Federal or State funds in which the financial share of the municipality is not required to increase the final appropriations by more than 5%;
   c. An increase based upon an ordinance declaring an emergency situation according to the definition provided in N. J. S. 40A:4-46 approved by at least two-thirds of the governing body and approved by the Local Finance Board; provided, however, any such emergency authorization shall not exceed 3% of current and utility operating appropriations made in the budget adopted for that year; or
   d. All debt service, including that of a Type I school district;
   e. Amounts required for funding a preceding year's deficit;
   f. Amounts reserved for uncollected taxes;
   g. Expenditures mandated after the effective date of this act pursuant to State or Federal law;
   h. Expenditure of amounts derived from new or increased service fees imposed by ordinance, or derived from the sale of municipal assets.
   i. When approved by referendum.

C. 40A:4-45.4 Limitation on increase in tax levies to 5% over previous year; modifications.

4. In the preparation of its budget, a county may not increase the county tax levies to be apportioned among its constituent municipalities in excess of 5% of the previous year's tax levy, subject to the following modifications:
a. The amount of revenue generated by the increase in valuations within the county based solely on applying the preceding year's county tax rate to the apportionment valuation of new construction or improvements within the county and such increase shall be levied in direct proportion to said valuation;
b. Capital expenditures funded by any source other than the county tax levy;
c. An increase based upon an ordinance declaring an emergency according to the definition provided in N. J. S. 40A:4-46 approved by at least two-thirds of the board of chosen freeholders of the county and, where pertinent, approved by the county executive;
d. All debt service;
e. Expenditures mandated after the effective date of this act pursuant to State or Federal law.

C. 40A:4-45.5 Emergency increase in tax levy; exception to limitation.
5. In any county wherein the freeholder board has approved an emergency increase in the county tax levy, the amount of such increase apportioned to each municipality shall not be considered in the limitation set forth in sections 2 and 3 herein, limiting the increase in municipal budgets.

C. 40A:4-45.6 Inconsistent acts repealed.
6. All acts, and parts of acts inconsistent with the provisions set forth herein are hereby repealed.

7. This act shall take effect immediately and be applicable to the tax years beginning in 1977 and shall expire December 31, 1979.

Approved August 18, 1976.

CHAPTER 71

AN ACT concerning the admissibility of evidence in prosecutions for rape and related offenses and supplementing Title 2A of the New Jersey Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 2A:84A-32.1 Admissibility of evidence; application for court order; hearing.

1. In prosecutions for the crime of rape, assault with intent to commit rape, and breaking and entering with intent to commit rape, evidence of the complaining witness' previous sexual conduct shall not be admitted nor reference made to it in the presence of the jury except as provided in this act. When the defendant seeks to admit the evidence for any purpose, he may apply for an order of the court at any time before or during the trial or preliminary
hearing. After the application is made, the court shall conduct a hearing in camera to determine the admissibility of the evidence. If the court finds that evidence offered by the defendant regarding the sexual conduct of the complaining witness is relevant, and that the probative value of the evidence offered is not outweighed by the probability that its admission will create undue prejudice, confusion of the issues, or unwarranted invasion of the privacy of the complaining witness, the court shall make an order stating what evidence may be introduced and the nature of the questions which shall be permitted. The defendant may then offer evidence under the order of the court.

C. 2A:84A-32.2 Inadmissible evidence.
2. In the absence of clear and convincing proof to the contrary, evidence of the complaining witness' sexual conduct occurring more than 1 year before the date of the offense charged is presumed to be inadmissible under this act.

C. 2A:84A-32.3 "Complaining witness" defined.
3. As used in this act "complaining witness" means the alleged victim of the crime charged, the prosecution of which is subject to this act.

4. This act shall take effect immediately.

Approved August 26, 1976.

CHAPTER 72

An Act concerning exemptions from taxation, providing for homestead exemptions for citizens and residents of this State, and supplementing chapter 4 of Title 54 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

C. 54:4-3.80 Homestead exemption; additional exemptions to citizens of age 65 or more years or disabled; "dwelling house" defined.
1. a. Every citizen and resident of this State shall be entitled, annually, to a homestead exemption on a dwelling house and the land upon which such dwelling house is situated, which constitutes the place of his domicile and which is owned and used by him as his principal residence. If such citizen and resident of this
State is of the age of 65 or more years, or is less than 65 years of age yet permanently and totally disabled, as "disabled" is defined in the "New Jersey Gross Income Tax Act" (54A:1-2f), or is the surviving spouse of a deceased citizen and resident of this State who during his lifetime received a real property tax deduction pursuant to this act or P. L. 1963, c. 172 (C. 54:4-8.40 et seq.), upon the same conditions, with respect to real property, notwithstanding that said surviving spouse is under the age of 65 and is not permanently and totally disabled, provided that said surviving spouse was 55 years of age or older at the time of death of said citizen and resident and remains unmarried, said taxpayer shall annually, upon proper claim being made therefor, be entitled to an additional exemption as set forth in section 2 of this act. The said requirement of ownership shall be satisfied by the holding of the beneficial interest where the legal title thereto is held by another for the benefit of the said citizen and resident.

b. As used in this act "dwelling house" includes any residential property consisting of not more than four units of which not more than one may be used for business or commercial purposes.

C. 54:4-3.81 Calculation of exemption; limitation; "effective rate" defined; exemption on residential property consisting of more than one unit.

2. a. The exemption to be granted such citizen and resident of this State shall be calculated at $1.50 per $100.00 to $10,000.00 of equalized value, or two-thirds of equalized value, whichever is less, plus 12.5% of the effective tax rate in the municipality wherein the exemption is claimed, multiplied by $10,000.00 of equalized value or two-thirds of equalized value whichever is less. If the claimant qualifies as a senior citizen, a totally disabled citizen under 65 or a surviving spouse, as set forth in section 1, such claimant shall be granted an additional $50.00 exemption for the tax year 1977 and thereafter.

b. In no instance shall the amount of the homestead exemption be greater than 50% of the property tax otherwise due for the pretax year. For the purpose of this section, "effective rate" means the total tax levy for the pretax year on which the tax rate is computed divided by the apportionment valuation for the pretax year, as shown in the Table of Aggregates, prepared pursuant to R. S. 54:4-52.

c. Where the dwelling house as to which a homestead exemption is claimed is a residential property consisting of more than one unit, the claimant shall not be allowed an exemption in an amount
in excess of the proportionate share that the equalized value of the residential unit occupied by the claimant bears to the total equalized value of the property, as determined by the assessor.

C. 54:4-3.82 Written application; form; inquiry into right of continuance.

3. No homestead exemption, as provided herein, shall be allowed except upon written application therefor, which application shall be on a form prescribed by the Director of the Division of Taxation, and provided for the use of claimants hereunder by the tax assessor of the municipality constituting the taxing district in which such claim is to be filed, and the application has been approved as provided in this act. Each assessor may at any time inquire into the right of a claimant to the continuance of a homestead exemption hereunder and for that purpose he may require the filing of a new application or the submission of such proof as he shall deem necessary to determine the right of the claimant to continuance of such exemption.

C. 54:4-3.83 Filing application; date; approval and assessment.

4. a. An application for a homestead exemption hereunder shall be filed with the assessor of the taxing district on or before November 1, 1976 and shall reflect the prerequisites for exemption as of October 1, 1975, and on or before September 1 annually thereafter and shall reflect the prerequisites for exemption on October 1 of the respective pretax year; provided, however, that the director may, by rule, waive the requirement for filing an annual application for any year or years subject to any limitations and conditions he may deem appropriate. If an application is approved by the assessor, he shall allow a homestead exemption on the real property assessed to the claimant as described therein and shall indicate upon the assessment list and duplicates or as the director may otherwise prescribe the approval thereof in such manner as shall be prescribed by rules of the Director of the Division of Taxation together with the proportionate share of such property deemed to be owned by the claimant for the purposes of this act if he is not the sole owner thereof. In addition, the director may require such approval to be indicated and further tax duplicate to be filed with him on or before January 10 of the tax year.

b. An application for exemption may be filed on or before December 31 of the pretax year setting forth the prerequisites for exemption as of October 1 of said pretax year by any property owner subject to tax for the ensuing tax year who has not previously filed a claim for exemption or has previously filed a claim for
exemption and there has taken place subsequent thereto with respect to said property an added or omitted assessment or a change in the status of the property owner.

C. 54:4-3.84 Establishment of facts to support claim for homestead exemption.

5. Every fact essential to support a claim for a homestead exemption hereunder shall exist on October 1 of the pretax year, except as in this section otherwise provided. Every application by a senior citizen, totally disabled person, or surviving spouse shall establish that he is or will be on or before December 31 of the pretax year 65 or more years of age or is permanently and totally disabled or is a surviving spouse and that he was, on October 1 of the pretax year, (a) a citizen and resident of this State, (b) the owner of a dwelling house which is a constituent part of the real property for which the homestead exemption is claimed, (c) residing in said dwelling house as his principal residence. It shall be the duty of every claimant to inform the assessor of any change in his status or property which may affect his right to continuance of such exemption.

C. 54:4-3.85 Certification of certain information to director on or before February 15.

6. On or before February 15, 1977 and on or before February 15 of each year thereafter, each county board of taxation shall, on a form prescribed by the director certify to the director from the tax lists certified with it for each taxing district for the current year such information as the director may prescribe including the following: (a) number of homestead exemptions allowed for the current year; (b) number of additional exemptions allowed for surviving spouse; (c) number of additional exemptions allowed for senior citizens; (d) number of additional exemptions allowed for totally disabled citizens under 65 years of age; (e) total dollar amount separately of exemptions in (a), (b), (c) and (d); (f) the totals for (a), (b), (c), (d) and (e) above by district and for the county as a whole.

C. 54:4-3.86 Claim of exemption by claimant and others; apportionment; property held by husband and wife; extension of right to claim to partnership, guardian, trustee or other fiduciary.

7. Where title to property as to which a homestead exemption is claimed is held by claimant and another or others, either as tenants in common or as joint tenants, claimant shall not be allowed a homestead exemption in an amount in excess of his proportionate share of the taxes assessed against said property, which proportionate share, for the purposes of this act, shall be deemed to be equal to
that of each of the other tenants, unless it is shown that the interests in question are not equal, in which event claimant’s proportionate share shall be as shown. Nothing herein shall preclude more than one tenant, whether title be held in common or joint tenancy, from claiming a homestead exemption from the taxes assessed against the property so held, but no more than the equivalent of one full homestead exemption in regard to such property shall be allowed in any year, and in any case in which the claimants cannot agree as to the apportionment thereof, such exemption shall be apportioned between or among them in proportion to their interest. Property held by husband and wife, as tenants by the entirety, shall be deemed wholly owned by each tenant, but no more than one homestead exemption in regard to such property shall be allowed in any year. Right to claim a homestead exemption hereunder shall extend to property the title to which is held by a partnership, to the extent of the claimant’s interest as a partner therein, and by a guardian, trustee, committee, conservator or other fiduciary for any person who would otherwise be entitled to claim such exemption hereunder, but not to property the title to which is held by a corporation.

C. 54:4-3.87 Rules and regulations; powers of director.

8. The director may promulgate such rules and regulations and prescribe such forms as he shall deem necessary to implement this act. He may require verification of eligibility or noneligibility for a homestead exemption where doubt exists. The director shall, for good cause shown extend the time of any applicant to file a claim for a homestead exemption for a reasonable period. In such case, the application shall be processed and payments and credits made in accordance with the procedures established in the case of applications timely filed. He may, in his discretion, eliminate the necessity for sworn application, in which event all declarations by the claimant shall be considered as if made under oath and the claimant, as to false declarations, shall be subject to the penalties as provided by law for perjury.

C. 54:4-3.88 Authorization to take and administer oath.

9. Each assessor and collector and his duly designated assistants are hereby authorized to take and administer the oath, where required, on any claim for or statement in connection with a homestead exemption hereunder and no charge shall be made for the taking of any affidavit or the preparation of any form required by this act.
C. 54:4-3.89 Appeal or review; when taken.
10. No appeal or review may be taken by any person or any municipality with respect to the determination or calculation of the effective rate or ratios except in the case of an arithmetical or typographical error. An exemption under this act shall not be affected by any change in the assessment of any property.

C. 54:4-3.90 Applicability of act.
11. This act shall apply to property taxes due and payable on and after January 1, 1977 and to property taxes due and payable thereafter, and shall not affect the obligation, lien, or duty to pay any taxes, interest or penalties which have accrued or may accrue by virtue of any assessment made or which may be made with respect to taxes for any period prior to January 1, 1977.

C. 54:4-3.91 Determination of equalized value of property.
12. The assessor shall determine the equalized value of a property by using the equalization ratio appearing in the tables of equalized valuation promulgated by the director on October 1 of the pretax year pursuant to P. L. 1954, c. 86, and applying such ratio to the assessed valuation of the property claimed for homestead exemption. In the case of a revaluation or complete reassessment of the real property of a municipality, the ratio shall be determined to be the percentage level of the taxable value of real property established by the county board of taxation for that year pursuant to section 3 of P. L. 1960, c. 51 (C. 54:4-2.27).

C. 54:4-3.92 Certification of amount due to State Treasurer; inspection of records; furnishing list of delinquent property owners to assessor; payment of homestead exemption.
13. a. After review, the director shall certify the amount due each taxing district for homestead exemptions and shall certify these amounts to the State Treasurer on or before March 15, 1977, and on or before March 15, of each year thereafter. The director may inspect all records in the office of the collector and the assessor with respect to claims and allowances for homestead exemptions.

b. Each tax collector shall, on or before January 1 of each year furnish the tax assessor of his taxing district with a list of delinquent property tax owners and the assessor shall indicate by symbol on the tax list and duplicates prior to submitting the same to the director the fact of such delinquency. No homestead payment under this act shall be made to any property owner while such delinquency remains.

The State Treasurer semiannually on or before April 1 and on or before October 1 commencing in the year 1977, upon the cer-
CHAPTERS 72 & 73, LAWS OF 1976

tification of the Director of the Division of Taxation and upon the warrant of the State Comptroller, shall pay and distribute, in equal quarterly installments, the amount of the homestead exemption to each qualified property owner as certified by the director.

C. 54:4-3.93 Inclusion of identifying number in application, statement or other document.
14. Any person required under the authority of this act to make an application, statement or other document shall include in such application, statement or other document such identifying number as may be prescribed for securing proper identification of such person. For purposes of this section, the director is authorized to require such information as may be necessary to assign an identifying number to any person.

C. 54:4-3.94 Appropriation.
15. There is hereby appropriated to the Division of Taxation in the Department of the Treasury from the revenues of the New Jersey Gross Income Tax Act such sums as may be necessary to carry out the provisions of this act through the period ending June 30, 1977.

16. This act shall take effect immediately but shall remain inoperative unless and until a New Jersey Gross Income Tax has been enacted. In that event, prior to the effective date of this act, the director is hereby empowered and directed to promulgate such regulations and take such other steps as may be necessary for the full implementation of this act.

Approved August 30, 1976.

CHAPTER 74

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. N. J. S. 17B:20-1 is amended to read as follows:

Investments of domestic insurers.

17B:20-1. Any domestic insurer may invest its capital, surplus and other funds, or any part thereof, in:

a. Bonds, notes, or other evidences of indebtedness or public stock issued, created, insured or guaranteed by the United States, any territory or possession thereof, this or any other State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, Canada, or any of the provinces thereof, or any in-
strumentality, agency or political subdivision of one or more of the foregoing.

b. Real estate which may be improved or which is unimproved but acquired in accordance with a definite plan for development within not more than 5 years, and in the improvement, development, operation or leasing thereof; provided, that if the commissioner shall determine that the interest of such insurer’s policyholders requires that any specific real estate so acquired be disposed of, then such insurer shall dispose of such real estate within such reasonable time as the commissioner shall direct; and provided further, that the sum of (1) the aggregate amount invested in such real estate (including real estate held pursuant to section 17B:18-45 of this Title) and (2) the aggregate amount invested in capital stock of any subsidiary of the insurer pursuant to section 17B:20-4 engaged in a business primarily involving the owning, improving, developing, operating or leasing of real estate shall not exceed 10% of the total admitted assets of such insurer as of December 31 next preceding. Real estate used primarily for agricultural, horticultural, ranching, mining, forestry or recreational purposes shall be deemed improved within the meaning of this subsection b. The term “real estate” as used in this chapter shall include any real property and any interest therein including, without limitation, any interest on, above or below the surface of the land, any leasehold estate therein, and any such interest held or to be held by the insurer in cotenancy with one or more other persons and any partnership interest held by the insurer in any general or limited partnership engaged in a business primarily involving the owning, improving, developing, operating or leasing of real estate. Income produced by investment in any such leasehold shall be applied in a manner calculated to amortize the amount invested in such leasehold within a period not exceeding eight-tenths of the unexpired term of the leasehold, inclusive of enforceable options, or within 40 years, whichever is the lesser, or where the peculiar nature of the leasehold involved so dictates, within such period and subject to such other reasonable limitations as the commissioner shall by regulation impose. For the purposes of this subsection b., a mortgage loan shall not be deemed to be an investment in real estate notwithstanding the mortgagor is an institution in which such insurer has an ownership interest as shareholder, partner, or otherwise. The commissioner may promulgate a regulation in connection with investments under this subsection b. which shall, as far as practicable, be consistent with those regulations of the de-
c. Mortgage loans on unencumbered real estate, located within the United States, any territory or possession thereof, the Commonwealth of Puerto Rico or Canada. The amount of any such loan shall not exceed 80% of the value of the real estate mortgaged unless (1) the loan is also secured by the mortgagor’s interest in a lease or leases whose aggregate rentals shall be sufficient, after payment of operating expenses and fixed charges, to repay 90% of the loan with interest thereon during the initial term or terms of such lease or leases and shall be payable directly or indirectly by any governmental units, instrumentalities, agencies or political subdivisions or an institution or institutions which meet the credit standards of the insurer for an unsecured loan to such institution or institutions or (2) the loan is secured by a purchase money mortgage or like security received by the insurer upon the sale or exchange of real estate acquired pursuant to any provision of this Title or (3) the excess over such 80% is insured or guaranteed or to be insured or guaranteed by the United States, any territory or possession thereof, this or any other State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, Canada or any of the provinces thereof, or any instrumentality, agency or political subdivision of one or more of the foregoing. Any mortgage loan so insured or guaranteed or to be insured or guaranteed shall not be subject to the provisions of any law of this State prescribing or limiting the interest which may be charged or taken upon any such loan.

Any such insurer may hold a participation in any such mortgage loan if (1) such participation is senior and gives the holder substantially the rights of a first mortgagee or (2) the interest of such insurer in the evidence or evidences of indebtedness is of equal priority, to the extent of such interest, with other interests therein.

Any such mortgage loan which exceeds two-thirds of the value of the real estate mortgaged shall provide for such payments of principal, whatever the period of the loan, that at no time during the period of the loan shall the aggregate payments of principal theretofore required to be made under the terms of the loan be less than would have been necessary to reduce the loan to two-thirds of such value by the end of 35 years through payments of interest only for 5 years and equal payments applicable first to interest and then to principal at the end of each year thereafter. The commissioner may promulgate such supplemental regulations as
he deems necessary with regard to particular classes of such investments, taking into consideration the type of security and the ratio of the loan to the value of the real estate mortgaged. No loan may be made on leasehold real estate unless the terms of such loan provide for payments to be made by the borrower on the principal thereof in amounts sufficient to completely repay the loan within a period not exceeding nine-tenths of the term of the leasehold, inclusive of the term or terms which may be provided by any enforceable option or options of extension or of renewal, which is unexpired at the time the loan is made.

Real estate shall not be deemed to be encumbered within the meaning of this subsection c. by reason of the existence of taxes or assessments that are not delinquent, or encumbrances that do not adversely affect the salability of the property to a material extent or as to which the insurer is insured against loss by title insurance, or any prior mortgage or mortgages held by such insurer if the aggregate of the mortgages held shall not exceed the amount hereinbefore set forth, nor when such real estate is subject to lease in whole or in part; provided, that the security created by the mortgage on such real estate is a first lien thereon. Real estate shall not be deemed to be encumbered and the security of the mortgage thereon shall be deemed a first lien within the meaning of this subsection c. notwithstanding the mortgagor is an institution in which such insurer has an ownership interest as shareholder, partner or otherwise.

No such insurer shall, pursuant to this subsection c. invest more than 2% of its total admitted assets as of December 31 next preceding in any mortgage loan secured by any one property, nor shall its total mortgage investments pursuant to this subsection c., exclusive of any mortgage loans secured by a purchase money mortgage or like security received by the insurer upon the sale or exchange of real estate acquired pursuant to any provision of this Title or insured or guaranteed or to be insured or guaranteed as hereinbefore provided, exceed 50% of such admitted assets.

d. Tangible personal property, equipment trust obligations or other instruments evidencing an ownership interest or other interest in tangible personal property where there is a right to receive determined portions of rental, purchase or other fixed obligatory payments for the use or purchase of such personal property, provided, that the aggregate of such payments together with the estimated salvage value of such property at the end of its minimum useful life and the estimated tax benefits to the insurer result-
ing from ownership of such property, is adequate to return the cost of the investment in such property, and provided further, that the aggregate net investments therein shall not exceed 10% of the total admitted assets of such insurer as of December 31 next preceding; or certificates of receivers of any institution where such purchase is necessary to protect an investment in the securities of such institution theretofore made under authority of this chapter; or the capital stock, beneficial shares or other instruments evidencing an ownership interest, bonds, securities or evidences of indebtedness issued, assumed or guaranteed by any institution created or existing under the laws of the United States, any territory or possession thereof, this or any other State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, Canada or any of the provinces thereof; provided, that no purchase of any evidence of indebtedness which is in default as to interest shall be made by such insurer unless such purchase is necessary to protect an investment theretofore made under statutory authority.

The term "institution" as used in this chapter shall include any corporation, joint stock association, business trust, business joint venture, business partnership, savings and loan association, credit union or other mutual savings institution. No purchase shall be made of the stock of any class of any corporation except a subsidiary of the insurer pursuant to section 17B:20-4 unless (1) such corporation has paid cash dividends on such class of stock during each of the past 5 years preceding the time of purchase or (2) such corporation shall have earned during the period of such 5 years an aggregate sum available for dividends upon such stock which would have been sufficient, after all fixed charges and obligations, to pay dividends upon all shares of such class of stock outstanding during such period averaging 4% per annum computed upon the par value (or in the case of stock having no par value, upon the stated capital in respect thereof) of such stock. In the case of the stock of a corporation resulting from or formed by merger, consolidation, acquisition or otherwise less than 5 years prior to such purchase, each consecutive year next preceding the effective date of such merger, consolidation or acquisition during which dividends or other distributions of profits shall have been paid by any one or more of its constituent or predecessor institutions shall be deemed a year during which dividends have been paid on such class of stock and the earnings of such constituent or predecessor institutions available for dividends during each of such years may be included as
earnings of the existing corporation whose stock is to be purchased for each of such years; provided, however, that nothing herein contained shall prohibit the purchase of stock of any class which is preferred, as to dividends, over any class the purchase of which is not prohibited by this section; and provided further, that no purchase of its own stock shall be made by any insurer except for the purpose of the retirement of such stock or except as specifically permitted by any law of this State applicable by its terms only to insurers.

e. Securities, properties and other investments in foreign countries in addition to those specified in section 17B:20–5 which are substantially of the same character as prescribed for authorized investments for funds of the insurer under the preceding subsections of this section, to an amount valued at cost not exceeding in the aggregate at any one time 2% of the total admitted assets of such insurer as of December 31 next preceding; provided, however, that the amount invested in authorized investments in any one foreign country pursuant to this subsection e. shall not exceed in the aggregate, at any one time, 1% of such admitted assets. For the purposes of this subsection e., Canada shall not be deemed to be a foreign country.

f. Bonds, notes, or other evidences of indebtedness, issued, insured or guaranteed or to be insured or guaranteed by the International Bank for Reconstruction and Development, or by the Inter-American Development Bank, or by the Asian Development Bank.

g. Collateral loans secured by a pledge of capital stock, beneficial shares or other instruments evidencing an ownership interest, bonds, securities or evidences of indebtedness qualified or permitted for investment under any of the preceding subsections of this section. The amount of any such loan shall not exceed 80% of the market value of the security pledged at the date of the loan.

h. Loans or investments which are not qualified or permitted under any of the preceding subsections of this section or which are not otherwise expressly authorized by law; provided, that the aggregate amount of such loans and investments, valued at cost, shall not exceed at any one time 5% of the total admitted assets of such insurer as of December 31 next preceding.

For the purposes of subsection c. and this subsection h., the portion of a mortgage loan on unencumbered real estate which does not exceed 80% of the value of the real estate mortgaged shall be deemed to be a permitted investment under subsection c.
and the remainder of said loan may be deemed to be made under this subsection h. Any investment originally made under this subsection h. which would subsequently, if it were being made, qualify as a permitted investment under another subsection of this section shall thenceforth be deemed to be a permitted investment under such other subsection.

2. N. J. S. 17B:20–2 is amended to read as follows:

**Limitation of investments.**

17B:20–2. No domestic insurer shall purchase more than 8% of the voting stock of any one corporation, unless it be: a municipal corporation; a subsidiary of such insurer pursuant to section 17B:20–4; or an investment company within the meaning of the Investment Company Act of 1940 for which such insurer or its subsidiary is the investment manager or investment adviser, provided, that such investment company shall not own, control or hold in its portfolio any investment which, if added to the other investments of such insurer, would result in such insurer holding more than 8% of the voting stock of any one corporation. The term "voting stock" of any corporation shall mean any shares of capital stock of such corporation having general voting power under ordinary circumstances, when voting (together with one or more other classes, if any) as a class, to elect a majority of the board of directors of such corporation irrespective of whether or not at the time stock of any other class or classes shall have, or might have voting power by reason of the happening of any contingency. No such insurer shall hold more than 8% of any such class of stock of any investment company pursuant to this section at any time when such insurer could not purchase such stock pursuant to the foregoing provisions of this section. The amount (excluding amounts invested in the common stock of any corporation pursuant to sections 17B:20–3 and 17B:20–4) invested by any such insurer (a) in the common stock of any one corporation shall not exceed 2% of the total admitted assets of such insurer as of December 31 next preceding, or (b) in the common stock of all corporations valued at cost shall not exceed 15% of such assets except that to the extent that such aggregate investment in common stock exceeds 10% of such assets, further investments shall be subject to regulation by the commissioner under a formula which shall take into consideration the actual mandatory securities valuation reserve, as defined by the Subcommittee on Valuation of Securities of the National Association of Insurance Commissioners, held by a company which is applicable to such common stocks in the correspond-
ing annual statement filed with the department. The term "common stock" shall mean any voting stock of any class of a corporation which shall not be limited to a fixed sum or percentage of par value in respect of the rights of the holders thereof to participate in dividends or in the distribution of assets upon the voluntary or involuntary liquidation, dissolution or winding up of the corporation. Neither shall the amount invested in the beneficial shares or other ownership interests (other than common stock), evidences of indebtedness (excluding amounts invested in mortgage loans pursuant to subsection c. of section 17B:20-1), preferred stock and certificates of receivers of any one institution exceed 5% of such assets of the insurer. Nothing herein contained shall prevent any such insurer from purchasing, or in any other way acquiring the voting stock of, or otherwise investing in certain corporations as hereinafter provided in section 17B:20-3 and 17B:20-4.

All investments made by any such insurer shall be authorized or approved by the board of directors, or by a committee thereof charged with the duty of supervising such investment, or shall be made in conformity with standards approved by such board of directors or such committee.

No such insurer shall enter into any agreement to withhold from sale any of its property or jointly or severally enter into any agreement to purchase the unsold amount of securities which are the subject of an offering for sale to the public or otherwise to guarantee the sale of such securities.

Nothing contained in this section shall prevent any such insurer from distributing shares of an investment company within the meaning of the Investment Company Act of 1940 for which such insurer or its subsidiary is the investment manager or investment adviser.

The term "Investment Company Act of 1940" as used in this section shall mean an act of Congress approved August 22, 1940 entitled "Investment Company Act of 1940" as amended from time to time, or any similar statute enacted in substitution therefor.

3. N. J. S. 17B:20-4 is amended to read as follows:

Stock of subsidiary corporations.

17B:20-4. In addition to the authority expressly contained in this chapter and notwithstanding any limitation contained in this Title, any domestic insurer may invest in the voting stock of one or more subsidiaries, as provided in this section.
a. As used in this section the following terms shall have the follow-
ing meanings: (1) "voting stock" as used with reference to any cor-
poration means any shares of capital stock of such corpora-
tion having general voting power under ordinary circum-
stances, when voting (together with one or more other classes, if any) as a
class, to elect a majority of the board of directors of such corpora-
tion irrespective of whether or not at the time stock of any other
class or classes shall have, or might have, voting power by reason
of the happening of any contingency, and shall also include voting
trust certificates, certificates of deposit, interim receipts and other
similar instruments representing such stock and (2) "subsidiary"
means a corporation of which a majority of the voting stock is
owned or controlled by a domestic insurer, or by one or more sub-
sidiaries of such insurer or by such insurer and one or more
subsidiaries of such insurer, except that "subsidiary" shall not
include a corporation of which a majority of the voting stock is
acquired by the insurer or its subsidiaries pursuant to any other
section of this chapter.

b. The business of a subsidiary, whether or not it is organized
under the laws of this State, shall be limited to that authorized for
a corporation organized under any law of this State, except that
"subsidiary" shall not include any bank organized pursuant to the
laws of this State and shall not include any national bank main-
taining its principal office in this State.

c. No investment in the voting stock of any subsidiary shall be
retained by a domestic insurer or by any of its subsidiaries unless
a majority of the voting stock of such subsidiary is owned or
controlled by such insurer or by one or more subsidiaries of such
insurer or by such insurer and one or more subsidiaries of such
insurer.

d. The investments of any such subsidiary of the kinds permitted
by subsections b, c, d or e of section 17B:20–1, except a subsidiary
engaged primarily in any kind of insurance business, when added,
on a basis proportional to the insurer's interest in such subsidiary,
to the investments of such insurer (referred to herein as the "con-
trolling insurer") shall not cause the investments of the controlling
insurer to exceed any of the limitations applicable to domestic
insurers contained therein or in section 17B:20–2 of this chapter
except as may be permitted by section 17B:20–1h or section
17B:20–3; provided that investments by any subsidiary which if
made by the controlling insurer would be subject to the limita-
tions of section 17B:20–1b shall not be included to the extent the
controlling insurer’s investment in the capital stock of such subsidiary is subject to the limitations of section 17B:20–1b; and provided further that the limitation upon the percentage of voting stock of any one corporation that may be purchased or acquired by a domestic insurer set forth in section 17B:20–2 shall apply with respect to the aggregate of the voting stock of any one corporation held by the controlling insurer and all of its subsidiaries, including any insurance subsidiaries. Notwithstanding the foregoing limitations of this subsection d., any such subsidiary shall be permitted to invest in the voting stock of one or more other corporations if:

(1) after such investment, such subsidiary, the controlling insurer and all other subsidiaries of the controlling insurer shall own a majority of the voting stock of such other corporation and such other corporation would, within the meaning of this section, constitute a permitted subsidiary of the controlling insurer, or

(2) the proportion of such investment attributable to the controlling insurer pursuant to this subsection d. could then have been made in the same manner by the controlling insurer under any other provision of this chapter.

e. The investment in such subsidiary shall not tend substantially to lessen competition or tend to create a monopoly.

f. Such subsidiary shall not be used directly or indirectly to promote the private interests of any officer or director of such insurer except that compensation may be paid by any subsidiary to officers and directors of such insurer for services rendered when such compensation is authorized by the board of directors of such subsidiary and approved by the board of directors of such insurer.

g. The aggregate amount invested by the controlling insurer in the voting stock of all subsidiaries pursuant to this section together with the aggregate amount of all other investments of the controlling insurer in such subsidiaries, valued at cost, (less any amount invested by the controlling insurer and such subsidiaries in any subsidiary engaged in a business primarily involving the owning, improving, developing, operating or leasing of real estate) shall not exceed 5%, or with the approval of the commissioner 10%, of the total admitted assets of such insurer as of December 31 next preceding.

h. No investment in voting stock of any subsidiary shall be made by such insurer or any subsidiary thereof pursuant to this section unless a notice of intention to make such proposed investment is filed with the commissioner not less than 30 days, or such
shorter period as may be permitted by the commissioner, in advance of such proposed investment, nor shall any such investment be made if the commissioner at any time prior thereto finds that the proposed investment does not meet the requirements of this section or determines, in his sole discretion, that such proposed investment would be contrary to the best interests of policyholders or the public; provided, that after an investment in voting stock has been made pursuant to this section, no notice of intention to make further investments in the voting stock or other securities of the same subsidiary shall be required, and such further investments may be made subject to the limitations contained in subsection d. and subsection g. of this section. The commissioner shall have the power to conduct periodic examinations and require reports in connection with the operation of subsidiaries and, if he shall determine either that the interests of policyholders or the public so requires or that the investments of any subsidiary do not comply with the requirements of this section, to order that a domestic insurer or any subsidiary thereof dispose of its investment in any subsidiary or that any subsidiary dispose of any non-complying investments, in each case within a reasonable period of time.

4. N. J. S. 17B:20-7 is amended to read as follows:

Safekeeping of securities.
17B:20-7. All securities of domestic insurers, except:
   a. mortgages and evidences of indebtedness secured thereby which are held for safekeeping in one or more offices operated by and under the direct control of an officer of such a company;
   b. stock and other securities representing stock or convertible into stock, and options, warrants or rights to acquire stock;
   c. debt securities with a maturity of less than 1 year; and
   d. securities issued or guaranteed by the United States or any department or agency or instrumentality thereof; shall be held for safekeeping within the geographical limits of this State; provided, that any such company may make and maintain such deposits of securities with public officials of other states, the District of Columbia, the United States, any territory or possession thereof, the Commonwealth of Puerto Rico, and foreign countries to such extent as may be required by the laws of such jurisdictions as a condition for authority to transact business therein. This section shall not prohibit the deposit of such securities under transactions as provided in section 17B:20-3 or the transmission of
such securities outside the State for the purpose of securing or recording title to such securities or to property, or for the purpose of the sale, exchange or alteration of the provisions of such securities, or for the collection of any payment due thereon, nor shall this section prohibit the deposit of such securities as collateral for loans or as security for the performance of contracts or the holding of such securities in the names of nominees designated by the board of directors of such insurer, or the lending of such securities to any institution upon adequate collateral security.

5. This act shall take effect immediately.

Approved August 31, 1976.

In case any of said officials shall be absent from the State or incapable of acting for any reason, his powers and duties shall be exercised and performed by such person as shall be authorized by law to act in his place as a State official.

8. Bonds issued in accordance with the provisions of this act shall be a direct obligation of the State of New Jersey and the faith and credit of the State are pledged for the payment of the interest thereon as same shall become due and the payment of the principal at maturity. The principal and interest of such bonds shall be exempt from taxation by the State or by any county, municipality or other taxing district of the State.
9. Such bonds may be issued notwithstanding that any of the officials signing them or whose facsimile signatures appear on the bonds or coupons shall cease to hold office at the time of such issue or at the time of the delivery of such bonds to the purchaser.

10. a. Such bonds shall recite that they are issued for the purposes set forth in section 4 of this act and that they are issued in pursuance of this act and that this act was submitted to the people of the State at the general election held in the month of November, 1976, and that it received the approval of the majority of votes cast for and against it at such election. Such recital in said bonds shall be conclusive evidence of the authority of the State to issue said bonds and of their validity. Any bonds containing such recital shall in any suit, action or proceeding involving their validity be conclusively deemed to be fully authorized by this act and to have been issued, sold, executed and delivered in conformity herewith and with all other provisions of statutes applicable thereto, and shall be incontestable for any cause.

b. Such bonds shall be issued in such denominations and in such form or forms, whether coupon or registered as to both principal and interest, and with or without such provisions for interchangeability thereof, as may be determined by the issuing officials.

11. When the bonds are issued from time to time the bonds of each issue shall constitute a separate series to be designated by the issuing officials. Each series of bonds shall bear such rate or rates of interest as may be determined by the issuing officials, which interest shall be payable semiannually; provided, that the first and last interest periods may be longer or shorter, in order that intervening semiannual payments may be at convenient dates.

12. Said bonds shall be issued and sold at such price not less than the par value thereof and accrued interest thereon, and under such terms, conditions and regulations, as the issuing officials may prescribe, after notice of said sale, published at least once in at least three newspapers published in the State of New Jersey, and at least once in a publication carrying municipal bond notices and devoted primarily to financial news, published in the city of New
York or in New Jersey, the first notice to be at least 5 days prior to the day of bidding. The said notice of sale may contain a provision to the effect that any or all bids in pursuance thereof may be rejected. In the event of such rejection or of failure to receive any acceptable bid, the issuing officials, at any time within 60 days from the date of such advertised sale, may sell such bonds at private sale at such price not less than the par value thereof and accrued interest thereon and under such terms and conditions as the issuing officials may prescribe. The issuing officials may sell all or part of the bonds of any series as issued to any State fund or to the Federal Government or any agency thereof, at private sale, without advertisement.

13. Until permanent bonds can be prepared, the issuing officials may, in their discretion, issue in lieu of such permanent bonds temporary bonds in such form and with such privileges as to registration and exchange for permanent bonds as may be determined by the issuing officials.

14. The proceeds from the sale of the bonds shall be paid to the State Treasurer and be held by him in a separate fund, and be deposited in such depositories as may be selected by him to the credit of the fund, which fund shall be known as the "Clean Waters Fund."

15. a. The moneys in said "Clean Waters Fund" are hereby specifically dedicated and shall be applied to the cost of the purposes set forth in section 4 of this act, and all such moneys are hereby appropriated for such purposes, and no such moneys shall be expended for such purpose (except as otherwise hereinbelow authorized) without the specific appropriation thereof by the Legislature, but bonds may be issued as herein provided notwithstanding that the Legislature shall not have then adopted an act making specific appropriation of any of said moneys.

b. At any time prior to the issuance and sale of bonds under this act, the State Treasurer is hereby authorized to transfer from any available money in the treasury of the State to the credit of the "Clean Waters Fund" such sum as he may deem necessary. Said sum so transferred shall be returned to the treasury of this State by the treasurer thereof from the proceeds of the sale of the first issue of bonds.

c. Pending their application to the purpose provided in this act, moneys in the "Clean Waters Fund" may be invested and reinvested as other trust funds in the custody of the State Treasurer in the manner provided by law. Net earnings received from
the investment or deposit of such fund shall be paid into the General State Fund.

16. In case any coupon bonds or coupons thereunto appertaining or any registered bond shall become lost, mutilated or destroyed, a new bond shall be executed and delivered of like tenor, in substitution for the lost, mutilated or destroyed bonds or coupons, upon the owner furnishing to the issuing officials evidence satisfactory to them of such loss, mutilation or destruction, proof of ownership and such security and indemnity and reimbursement for expenses as the issuing officials may require.

17. Accrued interest received upon the sale of said bonds shall be applied to the discharge of a like amount of interest upon said bonds when due. Any expense incurred by the issuing officials for advertising, engraving, printing, clerical, legal or other services necessary to carry out the duties imposed upon them by the provisions of this act shall be paid from the proceeds of the sale of said bonds, by the State Treasurer upon warrant of the Comptroller of the Treasury, in the same manner as other obligations of the State are paid.

18. Bonds of each series issued hereunder shall mature in annual installments commencing not later than the tenth year and ending not later than the thirty-fifth year from the date of issue of such series, and in such amounts as shall be determined by the issuing officials, and the issuing officials may reserve to the State by appropriate provision in the bonds of any series the power to redeem all or any of such bonds prior to maturity at such price or prices and upon such terms and conditions as may be provided in such bonds.

19. The issuing officials may at any time and from time to time issue refunding bonds for the purpose of refunding in whole or in part an equal principal amount of the bonds of any series issued and outstanding hereunder, which by their terms are subject to redemption prior to maturity, provided such refunding bonds shall mature at any time or times not later than the latest maturity date of such series, and the aggregate amount of interest to be paid on the refunding bonds, plus the premium, if any, to be paid on the bonds refunded, shall not exceed the aggregate amount of interest which would be paid on the bonds refunded if such bonds were not so refunded. Refunding bonds shall constitute direct obligations of the State of New Jersey, and the faith and credit of the State are pledged for the payment of the principal thereof and the interest thereon. The proceeds received from the sale of refunding bonds shall be held in trust and applied to the payment of the bonds re-
funded thereby. Refunding bonds shall be entitled to all the bene-
fits of this act and subject to all its limitations except as to the
maturities thereof and to the extent herein otherwise expressly
provided.

20. To provide funds to meet the interest and principal payment
requirements for the bonds issued under this act and outstanding,
there is hereby appropriated in the order following:

a. Revenue derived from the collection of taxes as provided by
the "Sales and Use Tax Act" (P. L. 1966, c. 30) as amended and
supplemented, or so much thereof as may be required; and

b. If in any year or at any time funds, as hereinabove appro-
priated, necessary to meet interest and principal payments upon
outstanding bonds issued under this act, be insufficient or not
available then and in that case there shall be assessed, levied and
collected annually in each of the municipalities of the counties of
this State a tax on real and personal property upon which munici-
pal taxes are or shall be assessed, levied and collected, sufficient to
meet the interest on all outstanding bonds issued hereunder and
on such bonds as it is proposed to issue under this act in the
calendar year in which such tax is to be raised and for the payment
of bonds falling due in the year following the year for which the
tax is levied. The tax thus imposed shall be assessed, levied and
collected in the same manner and at the same time as other taxes
upon real and personal property are assessed, levied and collected.
The governing body of each municipality shall cause to be paid to
the county treasurer of the county in which such municipality is
located, on or before December 15 in each year, the amount of tax
herein directed to be assessed and levied, and the county treasurer
shall pay the amount of said tax to the State Treasurer on or
before December 20 in each year.

If on or before December 31 in any year the issuing officials shall
determine that there are moneys in the General State Fund beyond
the needs of the State, sufficient to meet the principal of bonds
falling due and all interest payable in the ensuing calendar year,
then and in the event such issuing officials shall by resolution so
find and shall file the same in the office of the State Treasurer,
whereupon the State Treasurer shall transfer such moneys to a
separate fund to be designated by him, and shall pay the principal
and interest out of said fund as the same shall become due and
payable, and the other sources of payment of said principal and
interest provided for in this section shall not then be available, and
the receipts for said year from the tax specified in subsection a.
of this section shall thereon be considered and treated as part of the General State Fund, available for general purposes.

21. Should the State Treasurer, by December 31 of any year, deem it necessary, because of insufficiency of funds to be collected from the sources of revenues as hereinabove provided, to meet the interest and principal payments for the year after the ensuing year, then the treasurer shall certify to the Comptroller of the Treasury the amount necessary to be raised by taxation for such purposes, the same to be assessed, levied and collected for and in the ensuing calendar year. In such case the Comptroller of the Treasury shall, on or before March 1 following, calculate the amount in dollars to be assessed, levied and collected as herein set forth in each county. Such calculation shall be based upon the corrected assessed valuation of such county for the year preceding the year in which such tax is to be assessed, but such tax shall be assessed, levied and collected upon the assessed valuation of the year in which the tax is assessed and levied. The Comptroller of the Treasury shall certify said amount to the county board of taxation and the county treasurer of each county. The said county board of taxation shall include the proper amount in the current tax levy of the several taxing districts of the county in proportion to the ratables as ascertained for the current year.

22. For the purpose of complying with the provisions of the State Constitution this act shall, at the general election to be held in the month of November, 1976 be submitted to the people. In order to inform the people of the contents of this act it shall be the duty of the Secretary of State, after this section shall take effect, and at least 15 days prior to the said election, to cause this act to be published in at least 10 newspapers published in the State and to notify the clerk of each county of this State of the passage of this act, and the said clerks respectively, in accordance with the instructions of the Secretary of State, shall cause to be printed on each of the said ballots, the following:

If you approve the act entitled below, make a cross (✓), plus (+), or check (✓) mark in the square opposite the word "Yes."

meet the interest on all outstanding bonds issued hereunder and
on such bonds as it is proposed to issue under this act in the
calendar year in which such tax is to be raised and for the payment
of bonds falling due in the year following the year for which the
tax is levied. The tax thus imposed shall be assessed, levied and
collected in the same manner and at the same time as other taxes
upon real and personal property are assessed, levied and collected.
The governing body of each municipality shall cause to be paid to
the county treasurer of the county in which such municipality is
located, on or before December 15 in each year, the amount of tax
herein directed to be assessed and levied, and the county treasurer
shall pay the amount of said tax to the State Treasurer on or
before December 20 in each year.

If on or before December 31 in any year the issuing officials shall
determine that there are moneys in the General State Fund beyond
the needs of the State, sufficient to meet the principal of bonds
falling due and all interest payable in the ensuing calendar year,
then and in the event such issuing officials shall by resolution so
find and shall file the same in the office of the State Treasurer,
whereupon the State Treasurer shall transfer such moneys to a
separate fund to be designated by him, and shall pay the principal
and interest out of said fund as the same shall become due and payable, and the other sources of payment of said principal and interest provided for in this section shall not then be available, and the receipts for said year from the tax specified in subsection b. of this section shall thereon be considered and treated as part of the General State Fund, available for general purposes.

22. Should the State Treasurer, by December 31 of any year, deem it necessary, because of insufficiency of funds to be collected from the sources of revenues as hereinabove provided, to meet the interest and principal payments for the year after the ensuing year, then the treasurer shall certify to the Comptroller of the Treasury the amount necessary to be raised by taxation for such purposes, the same to be assessed, levied and collected for and in the ensuing calendar year. In such case the Comptroller of the Treasury shall, on or before March 1 following, calculate the amount in dollars to be assessed, levied and collected as herein set forth in each county. Such calculation shall be based upon the corrected assessed valuation of such county for the year preceding the year in which such tax is to be assessed, but such tax shall be assessed, levied and collected upon the assessed valuation of the year in which the tax is assessed and levied. The Comptroller of the Treasury shall certify said amount to the county board of taxation and the county treasurer of each county. The said county board of taxation shall include the proper amount in the current tax levy of the several taxing districts of the county in proportion to the ratables as ascertained for the current year.

23. For the purpose of complying with the provisions of the State Constitution this act shall, at the general election to be held in the month of November, 1976 be submitted to the people. In order to inform the people of the contents of this act it shall be the duty of the Secretary of State, after this section shall take effect, and at least 15 days prior to the said election, to cause this act to be published in at least 10 newspapers published in the State and to notify the clerk of each county of this State of the passage of this act, and the said clerks respectively, in accordance with the instructions of the Secretary of State, shall cause to be printed on each of the said ballots, the following:

If you approve the act entitled below, make a cross (×), plus (+), or check (√) mark in the square opposite the word “Yes.”

If you disapprove the act entitled below, make a cross (×), plus (+), or check (√) mark in the square opposite the word “No.”
If voting machines are used, a vote of "Yes" or "No" shall be equivalent to such markings respectively.

CHAPTER 94

AN ACT authorizing the creation of debt of the State of New Jersey by the issuance of bonds of the State in the sum of $25 million to provide money for mortgage assistance and to spur construction, rehabilitation, and maintenance of housing; to enable such housing to be occupied by senior citizens and families of low and moderate income; to provide the ways and means to pay the interest of said debt and also to pay and discharge the principal thereof; and to provide for the submission of this act to the people at a general election and making an appropriation therefor.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. This act may be cited as the "New Jersey Mortgage Assistance Bond Act of 1976."

2. The Legislature hereby finds that:

   a. Despite the existence of numerous Federal programs designed to provide housing for senior citizens and families of low and moderate income, construction and rehabilitation of such housing units has not proceeded at a pace sufficient to provide for the housing needs of the State.

   b. The need for such new and rehabilitated housing is great and continues to increase, with growing numbers of New Jersey citizens unable to obtain safe and sound dwelling places.

   c. A significant portion of the State's existing housing stock is threatened with decay and eventual loss because insufficient private capital is made available for the maintenance and rehabilitation of housing.

   d. The State, through the investment of a relatively modest sum of money, can cause the production of such new and rehabilitated housing to be increased and can assist in preventing existing housing from falling into disrepair and eventual abandonment; in conjunction with Federal, other State and local programs acting in concert, such State money can encourage the increased investment of private funds in housing on a multiplier basis far exceeding the initial expenditure of these State funds.
e. The actual cost of providing new and rehabilitated housing units of decent quality and size and maintaining same generally places such units beyond the means of senior citizens and families of low and moderate income. In order to enable such senior citizens and families to occupy such units, some additional form of assistance is necessary. This assistance can take many forms, because of the large number of housing programs presently available. By providing conditions that will accelerate housing production under various housing programs, the maximum potential for a rapid increase in housing production is achieved.

f. At this time of serious unemployment in New Jersey, particularly in the housing and construction industries, there is an urgent need for the public sector to stimulate increased economic activity to create expanded employment opportunities for New Jersey's workers.

g. The Legislature also finds and declares that the expenditure of public funds toward these ends is for a public purpose and in the public interest.

3. Except as the context may otherwise require:

a. "Department" means the Department of Community Affairs.

b. "Commissioner" means the Commissioner of the Department of Community Affairs.

d. "Act" means this act, and any amendments and supplements thereto, and any rules and regulations promulgated thereunder.

e. "Mortgage assistance fund" or "fund" shall mean the fund created by section 4b. of this act.

f. "Low income," and "moderate income" shall be determined by the commissioner pursuant to regulations promulgated under this act, provided however, that the commissioner, in his determination, shall consider the Federal standards for low and moderate income for the various communities within the State of New Jersey.

g. "Qualified mortgagor" means any nonprofit or limited dividend housing sponsor, owner entity or individual, or any municipality, county or public authority, constructing, rehabilitating, maintaining or operating housing in New Jersey under a Federal low or moderate income housing program, the New Jersey Housing Finance Agency program, or other programs for low or moderate income occupancy.
h. "Qualified housing development" means any housing project built or rehabilitated or to be built or rehabilitated and operated by a qualified mortgagor.

i. "Senior citizen" means a person of low or moderate income, 62 years of age or older, or families of low or moderate income which consist of two or more persons and the head of which, or his spouse, is 62 years of age or older.

4. a. Bonds of the State of New Jersey in the sum of $25 million are hereby authorized to obtain funds to meet the cost of providing housing assistance as set forth herein.

b. There is hereby created and established in the department a "mortgage assistance fund" which shall consist of:

(1) All moneys derived from the proceeds of any bonds which may be authorized by this act;

(2) Any moneys which the department shall receive in repayment of loans or advances from the fund, notwithstanding the provisions of any other act or part thereof;

(3) Any other moneys made available to the department from any source or sources which the commissioner shall allocate to the fund for the purposes authorized by this act.

5. The commissioner is authorized to utilize moneys from the mortgage assistance fund for the purpose of granting financial assistance, including interest subsidy assistance, for senior citizens and low or moderate income families and for qualified housing developments, including but not limited to those constructed, financed, or rehabilitated under Federal, other State, or locally aided low and moderate income programs, where such assistance is necessary to provide financial feasibility and stability. Without limiting the generality of the foregoing, such assistance may include: a direct loan to qualified mortgagor, subordinated to the Federal or other State mortgage loan, with repayment of principal, and interest, if any, deferred until such time as such Federal or other State loan is paid or otherwise discharged or released, a direct loan for maintenance and operating subsidy to a qualified mortgagor subordinated to the Federal or other State mortgage loan, with repayment of principal, and interest, if any, deferred to such time as the commissioner may deem appropriate, a reserve fund to assist the New Jersey Housing Finance Agency to provide construction or permanent financing for developments financed by it; grants or loans to municipalities for urban homesteading, code enforcement, neighborhood preservation activities, or rehabilita-
tion and direct sale of properties acquired through tax foreclosure or from the United States Department of Housing and Urban Development; and grants or loans to residential property owners in viable urban neighborhoods threatened by the lack of private capital for mortgage loans and loans for rehabilitation.

6. The commissioner shall issue and promulgate such rules and regulations as are necessary and appropriate to carry out the provisions of this act. The commissioner shall review and consider the findings and recommendations of the commission in the administration of the provisions of this act.

7. The bonds provided for herein shall be serial bonds and known as "State Mortgage Assistance Bonds" and, as to each series, the last installment thereof (subject to redemption prior to maturity) shall mature and be paid not later than 35 years from the date of its issuance, but may be issued in whole or in part for a shorter term.

8. Said bonds shall be issued from time to time as the issuing officials herein named shall determine.

9. The Governor, State Treasurer and Comptroller of the Treasury, or any two such officials (hereinafter referred to as the "issuing officials") are hereby authorized to carry out the provisions of this act relating to the issuance of said bonds, and shall determine all matters in connection therewith subject to provisions hereof. In case any of said officials shall be absent from the State or incapable of acting for any reason, his powers and duties shall be exercised and performed by such person as shall be authorized by law to act in his place as a State official.

10. Bonds, issued in accordance with the provisions of this act shall be a direct obligation of the State of New Jersey and the faith and credit of the State are pledged for the payment of the interest thereon as same shall become due and the payment of the principal at maturity. The principal and interest of such bonds shall be exempt from taxation by the State or by any county, municipality or other taxing district of the State.

11. Said bonds shall be signed in the name of the State by the Governor or by his facsimile signature, under the Great Seal of the State, and attested by the Secretary of State, or an assistant Secretary of State, and shall be countersigned by the facsimile signature of the Comptroller of the Treasury. Interest coupons attached to said bonds shall be signed by the facsimile signature of the Comptroller of the Treasury. Such bonds may be issued notwith-
standing that any of the officials signing them or whose facsimile signatures appear on the bonds or coupons shall cease to hold office at the time of such issue or at the time of delivery of such bonds to the purchaser.

12. a. Such bonds shall recite that they are issued for the purpose set forth in section 5 of this act and that they are issued in pursuance of this act and that this act was submitted to the people of the State at the general election held in the month of November, 1976, and that it was approved by a majority of the legally qualified voters of the State voting thereon at such election. Such recitals in said bonds shall be conclusive evidence of the authority of the State to issue said bonds and of their validity. Any bonds containing such recital shall in any suit, action or proceeding involving their validity be conclusively deemed to be fully authorized by this act and to have been issued, sold, executed and delivered in conformity herewith and with all other provisions of statutes applicable thereto, and shall be incontestable for any cause.

b. Such bonds shall be issued in such denominations and in such form or forms, whether coupon or registered as to both principal and interest, and with or without such provisions for interchangeability thereof, as may be determined by the issuing officials.

13. When the bonds are issued from time to time, the bonds of each issue shall constitute a separate series to be designated by the issuing officials. Each series of bonds shall bear such rate or rates of interest as may be determined by the issuing officials, which interest shall be payable semiannually; provided, that the first and last interest periods may be longer or shorter, in order that intervening semiannual payments may be at convenient dates.

14. Said bonds shall be issued and sold at such price not less than the par value thereof and accrued interest thereon, and under such terms, conditions and regulations, as the issuing officials may prescribe, after notice of said sale, published at least once in at least three newspapers published in the State of New Jersey, and at least once in a publication carrying municipal bond notices and devoted primarily to financial news, published in the city of New York or in New Jersey, the first notice to be at least 5 days prior to the day of bidding. The said notice of sale may contain a provision to the effect that any or all bids made in pursuance thereof may be rejected. In the event of such rejection or of failure to receive any acceptable bid, the issuing officials, at any time within 60 days from the date of such advertised sale, may sell such bonds
at private sale at such price not less than the par value thereof and accrued interest thereon and in such terms and conditions as the issuing officials may prescribe. The issuing officials may sell all or part of the bonds of any series as issued to any State fund or to the Federal Government or any agency thereof, at private sale, without advertisement.

15. Until permanent bonds can be prepared, the issuing officials may, in their discretion, issue in lieu of such permanent bonds, temporary bonds in such form and with such privileges as to registration and exchange for permanent bonds as may be determined by the issuing officials.

16. The proceeds from the sale of bonds shall be paid to the State Treasurer and be held by him for the mortgage assistance fund in a separate account, to be deposited in such depositories as may be selected by him to the credit of the fund, which fund shall be known as the mortgage assistance fund.

17. a. The moneys in said fund are hereby specifically dedicated and shall be applied to the cost of the purposes set forth in section 5 of this act, and all of such moneys are hereby appropriated for such purpose, and no such moneys shall be expended for such purpose (except as otherwise hereinbelow authorized) without the specific appropriation thereof by the Legislature, but bonds may be issued as herein provided notwithstanding that the Legislature shall not have then adopted an act making specific appropriation of any of said moneys.

b. At any time prior to the issuance and sale of bonds under this act, the State Treasurer is hereby authorized to transfer from any available money in the treasury of the State to the credit of such fund, such sums as he may deem necessary for the purposes of this act.

Said sum so transferred shall be returned to the treasury of this State by the treasurer thereof from the proceeds of the sale of the first issue of bonds.

c. Pending their application to the purposes provided in this act, moneys in the mortgage assistance fund may be invested and reinvested as other trust funds in the custody of the State Treasurer in the manner provided by law. Net earnings received from the investment or deposit of such funds shall be paid into the General Fund.

18. In case any coupon bonds and coupons appertain thereunto or any registered bond shall become lost, mutilated or destroyed,
a new bond shall be executed and delivered of like tenor, in substitution for the lost, mutilated or destroyed bonds or coupons, upon the owner furnishing to the issuing officials evidence satisfactory to them of such loss, mutilation or destruction and also such security and indemnity and reimbursement for expenses as the issuing officials may require.

19. Accrued interest received upon the sale of said bonds shall be applied to the discharge of a like amount of interest upon said bonds when due. Any expense incurred by the issuing officials for advertising, engraving, printing, clerical, legal or other services necessary to carry out the duties imposed upon them by the provisions of this act shall be paid from the proceeds of the sale of said bonds, by the State Treasurer upon warrant of the Comptroller of the Treasury, in the same manner as other obligations of the State are paid.

20. Bonds of each series issued hereunder shall mature in annual installments commencing not later than the tenth year and ending not later than the thirty-fifth year from the date of issue of such series, and in such amounts as shall be determined by the issuing officials, but the issuing officials may reserve to the State by appropriate provision in the bonds of any series the power to redeem all or any of such bonds prior to maturity at such price or prices and upon such terms and conditions as may be provided in such bonds.

21. The issuing officials may at any time and from time to time issue refunding bonds for the purpose of refunding in whole or in part an equal principal amount of the bonds of any series issued and outstanding hereunder, which by their terms are subject to redemption prior to maturity, providing such refunding bonds shall mature at any time or times not later than the latest maturity date of such series, and the aggregate amount of interest to be paid on the refunding bonds, plus the premium, if any, to be paid on the bonds refunded, shall not exceed the aggregate amount of interest that would be paid on the bonds to be refunded if such bonds were not so refunded. Refunding bonds shall constitute direct obligations of the State of New Jersey, and the faith and credit of the State are pledged for the payment of the principal thereof and the interest thereon. The proceeds received from the sale of refunding bonds shall be held in trust and applied to the payment of the bonds refunded thereby. Refunding bonds shall be entitled to all the benefits of this act and subject to all its limita-
tions except as to the maturities thereof and to the extent herein otherwise expressly provided.

22. To provide funds to meet the interest and principal payments required for the bonds issued in this act and outstanding, there is hereby appropriated in the order following:

a. Revenue derived from the tax collected under and by virtue of the Sales and Use Tax Act (P. L.1966, c. 30, C. 54:32B-1 et seq.), or so much thereof as may be required; and

b. If in any year or at any time funds as hereinabove appropriated, necessary to meet interest and principal payments upon outstanding bonds issued under this act, be insufficient or not available, then and in that case there shall be assessed, levied and collected annually in each of the municipalities of the counties of this State a tax on real and personal property upon which municipal taxes are or shall be assessed, levied and collected, sufficient to meet the interest on all outstanding bonds issued hereunder and on such bonds as it is proposed to issue under this act in the calendar year in which such tax is to be raised and for the payment of bonds falling due in the year following the year for which the tax is levied. The tax thus imposed shall be assessed, levied and collected in the same manner and at the same time as other taxes upon real and personal property are assessed, levied and collected. The governing body of each municipality shall cause to be paid to the county treasurer of the county in which such municipality is located, on or before December 15 in each year, the amount of tax herein directed to be assessed and levied, and the county treasurer shall pay the amount of said tax to the State Treasurer on or before December 20 in each year.

If on or before December 31 in any year the issuing officials shall determine that there are moneys in the General State Fund beyond the needs of the State, sufficient to meet the principal of bonds falling due and all interest payable in the ensuing calendar year, then and in that event such issuing officials shall by resolution so find and shall file the same in the office of the State Treasurer, whereupon the State Treasurer shall transfer such moneys to a separate fund to be designated by him, and shall pay the principal and interest out of said fund as the same shall become due and payable, and the other sources of payment of said principal and interest provided for in this section shall not then be available, and the receipts for said year from the fees, charges and taxes specified in subsection a. of this section shall thereon be considered and
treated as part of the General State Fund, available for general purposes.

23. Should the State Treasurer by December 31 of any year deem it necessary, because of insufficiency of funds to be collected from the sources of revenues as hereinabove provided, to meet the interest and principal payments for the year after the ensuing year, then the treasurer shall certify to the Comptroller of the Treasury the amount necessary to be raised by taxation for such purposes, the same to be assessed, levied and collected for and in the ensuing calendar year. In such case, the Comptroller of the Treasury shall, on or before March 1 following, calculate the amount in dollars to be assessed, levied and collected as herein set forth in each county. Such calculation shall be based upon the corrected assessed valuation of such county for the year in which such tax is to be assessed, but such tax shall be assessed, levied and collected upon the assessed valuation of the year in which the tax is assessed and levied. The Comptroller of the Treasury shall certify said amount to the county board of taxation and the county treasurer of each county. The said county board of taxation shall include the proper amount in the current tax levy of the several taxing districts of the county in proportion to the ratables as ascertained for the current year.

24. For the purpose of complying with the provisions of the State Constitution this act shall, at the general election to be held in the month of November, 1976, be submitted to the people. In order to inform the people of the contents of this act it shall be the duty of the Secretary of State after this section shall take effect, and at least 15 days prior to the said election, to cause this act to be published in at least 10 newspapers published in the State and to notify the clerk of each county of this State of the passage of this act, and the said clerks respectively, in accordance with the instructions of the Secretary of State, shall cause to be printed on each of the said ballots, the following:

Be it enacted by the Senate and General Assembly of the State of New Jersey:

2. This act shall take effect immediately.

Approved September 21, 1976.

CHAPTER 96

An Act concerning the procedure to fix and determine the salaries of certain municipal officers and employees and amending certain sections of Title 40A of the New Jersey Statutes and Title 40 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. N. J. S. 40A:9-165 is amended to read as follows:

Salaries, wages or compensation of mayor or other chief executive; officers and employees; exceptions; referendum.

40A:9-165. The governing body of a municipality, by ordinance, shall fix and determine the salaries, wages or compensation to be paid to the officers and employees of the municipality, including the members of the governing body and the mayor or other chief executive, who by law are entitled to salaries, wages, or compensation. Such salaries, wages or compensation from time to time, by ordinance, may be increased, decreased or altered but no such ordinance shall reduce the salary of any appointed or elected tax assessor or tax collector during the term for which he shall have been appointed or elected and, except with respect to an ordinance
or a portion thereof fixing salaries, wages or compensation of elective officials or any managerial executive or confidential employee as defined in section 3 of the New Jersey Employer-Employee Relations Act, P. L. 1941, c. 100 (C. 34:13A-3) as amended, the ordinance shall take effect as provided therein. In municipalities wherein the provisions of Title 11 (Civil Service) of the Revised Statutes are in operation, this section shall be subject thereto.

Where any such ordinance shall provide for increases in salaries, wages or compensation of elective officials or any managerial executive or confidential employee, the ordinance or that portion thereof which provides an increase for such elective or appointive officials, shall become operative in 20 days after the publication thereof, after final passage, unless within said 20 days, a petition, signed by voters of such municipality, equal in number to at least 5% of the registered voters of the municipality, protesting against the passage of such ordinance, be presented to the governing body, in which case such ordinance shall remain inoperative unless and until a proposition for the ratification thereof shall be adopted at an election by a majority of the voters voting on said proposition. The question shall be submitted at the next general election, occurring not less than 40 days from the date of the certification of the petition. The submission of the question to the voters shall be governed by the provisions of Title 19 (Elections) of the Revised Statutes, as in the case of public questions to be voted upon in a single municipality.

2. N. J. S. 40A:9-167 is amended to read as follows:

Referendum on ordinance fixing salaries, wages or compensation.

40A:9-167. When the governing body of any municipality shall be required by petition to submit to the voters proposed increases in salaries, wages or compensation or if the governing body shall deem it advisable to have a referendum in respect to the salaries of its members, or any other elective official, or any managerial executive or confidential employee, the governing body shall adopt an ordinance definitely fixing such salaries and the operative date. Where any such ordinance provides for salary increases, they may be made to take effect on a specified date or apportioned to be effective on different specified dates during a period not to exceed 3 years. Any such ordinance may be adopted notwithstanding a prior referendum in respect to salaries, wages or compensation.
The clerk of the municipality shall forthwith forward a certified copy of the ordinance to the officer whose duty it is to prepare the ballots for the election, notifying such officer that there is to be a vote on the question.

Such officer, in the manner and form provided by law, shall place the question upon the ballot, to be used at the election in such municipality, in substantially the following form: "Shall the salaries of the .................................... CHAPTER 97

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of P. L. 1975, c. 212 (C. 18A:7A-2) is amended to read as follows:

C. 18A:7A-2 Legislative findings and declaration.

2. a. The Legislature finds and declares that:

(1) The New Jersey Constitution provides that the maintenance and support of a thorough and efficient system of free public schools for the instruction of all the children in the State between the ages of 5 and 18 years is a legislative responsibility;

(2) It has been determined by the Supreme Court of New Jersey that the constitutional requirement has not been met and that action must be taken to correct any deficiencies;

(3) Extensive efforts have been made by the Executive and Legislative branches of State Government and others since the Supreme Court's decision to determine the content of a thorough and efficient system of education and how it may be assured;

(4) Because the sufficiency of education is a growing and evolving concept, the definition of a thorough and efficient system of education and the delineation of all the factors necessary to be included therein, depend upon the economic, historical, social and cultural context in which that education is delivered. The Legislature must, nevertheless, make explicit provision for the design of State and local systems by which such education is delivered, and should, therefore, explicitly provide after 4 years from the effective date of this act for a major and comprehensive evaluation of both the State and local systems, and the sufficiency of education provided thereby;

(5) In order to encourage citizen involvement in educational matters, New Jersey should provide for free public schools in a manner which guarantees and encourages local participation consistent with the goal of a thorough and efficient system serving all of the children of the State;

(6) A thorough and efficient system of education includes local school districts in which decisions pertaining to the hiring and
dismissal of personnel, the curriculum of the schools, the establishment of district budgets, and other essentially local questions are made democratically with a maximum of citizen involvement and self-determination and are consistent with Statewide goals, guidelines and standards; and

(7) Such a system should be in part locally funded to encourage involvement of and assure the financial supervision by the residents of the local unit, and in part State funded, to equalize Statewide the tax effort required for a thorough and efficient system of free public schools.

b. The Legislature, therefore, hereby accepts the responsibility:

(1) To define the overall goal of a thorough and efficient system of free public schools in New Jersey;

(2) To establish guidelines within which such a system shall operate;

(3) To delegate to appropriate State and local agencies the authority:

(a) To establish goals and objectives consistent with legislative guidelines, and

(b) To define standards of performance, including uniform Statewide standards of pupil proficiency in basic communications and computational skills, necessary to indicate achievement of the goals and objectives;

(4) To establish a funding structure which will ensure that adequate financial resources shall be available to enable a system of free public schools to operate throughout the State; and

(5) To monitor the system of free public schools and provide for corrective action when necessary to ensure adequate progress toward the achievement of goals and objectives.

2. Section 6 of P. L. 1975, c. 212 (C. 18A:7A-6) is amended to read as follows:

C. 18A:7A-6   State board; establishment of goals and standards; rules.

6. The State board, after consultation with the commissioner and review by the Joint Committee on the Public Schools shall (a) establish goals and standards which shall be applicable to all public schools in the State, including uniform Statewide standards of pupil proficiency in basic communications and computational skills at appropriate points in the educational careers of the pupils of the State, which standards of proficiency shall be reasonably related to those levels of proficiency ultimately necessary as part of the preparations of individuals to function politically, economically and
socially in a democratic society, and which shall be consistent with the goals and guidelines established pursuant to sections 4 and 5 of this act, and (b) make rules concerning procedures for the establishment of particular educational goals, objectives and standards by local boards of education.

3. Section 7 of P. L. 1975, c. 212 (C. 18A:7A-7) is amended to read as follows:

C. 18A:7A-7 Local boards of education; determination of goals, objectives and standards for achievement of proficiency; basic skills improvement plan.

7. Each local board of education shall establish particular educational goals, objectives and standards pursuant to rules prescribed by the State board. In each district in which there are pupils whose proficiency in basic communications and computational skills is below the Statewide standard, the local board annually shall establish an interim goal designed to assure reasonable progress toward the goal of achievement by each such pupil of at least the Statewide standard of proficiency. Each such district as part of its annual educational plan, shall develop a basic skills improvement plan for progress toward such interim goal. Any such improvement plan shall be approved by the commissioner, and may include (a) curricular changes; (b) in-service training programs for teachers; (c) diagnostic, remedial, or skill-maintenance programs for pupils; (d) consultations with parents or guardians; (e) any other measure designed to promote progress toward such interim goal. Each year each district shall evaluate pupil proficiency in basic communications and computational skills, and determine its relation to, and progress toward Statewide and any interim goals concerning pupil proficiency in such skills. Such evaluation may be based in part on annual testing and in part on such other means as the board deems proper to determine pupil status and needs, ensure pupil progress, and assess the degree to which the goals have been achieved.

4. Section 11 of P. L. 1975, c. 212 (C. 18A:7A-11) is amended to read as follows:

C. 18A:7A-11 Annual progress report by local school district; contents; annual report of commissioner to Governor and legislature.

11. Each school district shall make an annual report of its progress in conforming to the goals, objectives and standards developed pursuant to this act. Each district's annual report shall include but not be limited to:
a. Demographic data related to each school;
b. Results of assessment programs, including Statewide and
district testing conducted at each school, and the result of the
district evaluation of pupil proficiency in basic communication and
computational skills;
c. Information on each school’s fiscal operation, including the
budget of each school;
d. Results of each school’s effectiveness in achieving State,
district, and school goals and objectives applicable to the pupils,
including the effectiveness of any “basic skills improvement plan”;
e. Plans and programs for professional improvement;
f. Plans to carry out innovative or experimental educational pro-
g. Recommendations for school improvements during the ensu-
h. Additionally, the State Board of Education may from time to
time require each district to submit a facilities survey, including
current use practices and projected capital project needs, but not
more frequently than once every 2 years.

The district reports shall be submitted to the commissioner by
July 1 of each year and he shall make them the basis for an annual
report to the Governor and the Legislature, describing the condi-
tion of education in New Jersey, the efforts of New Jersey schools
in meeting the standards of a thorough and efficient education, the
steps underway to correct deficiencies in school performance, and
the progress of New Jersey schools in comparison to other state
education systems in the United States.

In addition to such annual report the commissioner shall, 4 years
from the effective date of this amendatory act, report to the
Governor and the Joint Committee on the Public Schools assessing
the effectiveness of this amendatory act in improving the proficiency of the pupils of this State in basic communications and
computational skills. Within 6 months of receiving such report the
Joint Committee on the Public Schools shall recommend to the
Legislature any necessary or desirable changes or modifications in
this amendatory act.

5. Section 14 of P. L. 1975, c. 212 (C. 18A:7A-14) is amended to
read as follows:

C. 18A:7A-14 Failure to show progress; remedial plan.
14. The commissioner shall review the results of the evaluations
conducted and reports submitted pursuant to sections 10 and 11 of
this act. If the commissioner shall find that a school or a school district has failed to show sufficient progress toward the goals, guidelines, objectives and standards, including the State goal and any local interim goal concerning pupil proficiency in basic communications and computational skills, established in and pursuant to this act, he shall advise the local board of education of such determination, and shall direct that a remedial plan be prepared and submitted to him for approval. If the commissioner approves the plan, he shall assure its implementation in a timely and effective manner. If the commissioner finds that the remedial plan prepared by the local board of education is insufficient, he shall order the local board to show cause why the corrective actions provided in section 15 of this act should not be utilized. The hearing upon said order to show cause shall be conducted in the manner prescribed by subdivision B of article 2 of chapter 6 of Title 18A of the New Jersey Statutes.

6. This act shall take effect immediately.

Approved September 22, 1976.

A SUPPLEMENT to the "Solid Waste Management Act (1970)"
approved May 6, 1970 (P. L. 1970, c. 39; C. 13:1E-1 et seq.).

BE IT ENACTED by the Senate and General Assembly of the State
of New Jersey:

C. 13:1E-38 Definitions.

1. As used in this act, the following words and phrases shall
have the following meanings, unless the context clearly requires
another meaning:

a. "Bulk liquids" means liquid or semiliquid waste, including
petroleum products, which is contained within, or is discharged
from, any one vessel, tank or other container which has a capacity
of 20 or more gallons;

b. "Chemical waste" means a material normally generated by
or used in chemical, petrochemical, plastic, pharmaceutical, bio-
chemical or microbiological manufacturing processes or petroleum
refining processes, which has been selected for waste disposal and
which is known to hydrolize, ionize or decompose, which is soluble,
burns or oxidizes, or which may react with any of the waste
materials which are introduced into the landfill, or which is buoyant
on water, or which has a viscosity less than that of water or which
produces a foul odor. Chemical waste may be either hazardous or
nonhazardous.

c. "Hazardous waste" means any waste or combination of waste
which poses a present or potential threat to human health, living
organisms or the environment. "Hazardous waste" shall include,
but not be limited to, waste material that is toxic, corrosive, irritat-
ing, sensitizing, radioactive, biologically infectious, explosive, or
flammable;

d. "Leachate" is a liquid that has been in contact with solid
waste and contains dissolved or suspended materials from that
solid waste.

e. "Pesticide" means and includes any substance or mixture of
substances labeled, designed, intended for or capable of use in
preventing, destroying, repelling, sterilizing or mitigating any
insects, rodents, nematodes, predatory animals, fungi, weeds and
other forms of plant or animal life or viruses, except viruses on or
in living man or other animals. "Pesticide" shall also include any
substance or mixture of substances labeled, designed or intended for use as a defoliant, desicant or plant regulator.

f. "Commercial solid waste facility" means any solid waste facility operated for profit which accepts any solid waste generated from any other source and is subject to the jurisdiction of the Public Utilities Commission pursuant to the provisions of P. L. 1970, c. 40 (C. 48:13A-1 et seq.).

2. After January 1, 1977, no commercial solid waste facility located within: 1,000 yards of a river flood hazard area delineated prior to the effective date of this act pursuant to P. L. 1962, c. 19 (C. 58:16A-50 et seq.), shall accept for disposal on or in the ground any hazardous waste, chemical waste, bulk liquids or pesticides.

C. 13:1E-40 Maintenance of list of hazardous wastes; contents of list.

3. The registered operator of each solid waste facility shall maintain a list of all hazardous wastes received for disposal, treatment or storage during the past calendar year. The list shall be forwarded to the department and to the municipality by February 15 of each year. The list shall identify the material; source; quantity; type of container in which disposed or stored, if any, and how marked; the carrier delivering the material; shipping document reference number; date received; type of treatment, if any; and the location where disposed or stored.

C. 13:1E-41 Monitoring wells; construction and location; analyses of samples; results furnished to department; real or potential threat to State waters; corrective measures.

4. Any solid waste facility accepting hazardous waste, chemical waste, bulk liquids or pesticides for disposal or storage on or in the ground, shall install monitoring wells which are constructed and located in accordance with rules and regulations promulgated by the department. Samples shall be taken from each well and analyzed by a laboratory acceptable to the department at least once every three months. Analyses shall be made for the factors or determinations specified by the department. Results of the analyses shall be furnished to the department within 30 days of sampling. Should monitoring well analyses or any other means of detection indicate to the department a real or potential threat to the quality of the waters of this State by the solid waste facility, the acceptance of hazardous waste, chemical waste, bulk liquids or pesticides by the operator shall be immediately discontinued upon
the receipt of an order from the department requiring same. An acceptable system of interception, collection, and treatment shall be implemented at once and such treatment shall continue until the threat to the waters of the State by the solid waste facility is determined by the department to no longer exist. Prior to reacceptance of the discontinued material, an engineering design acceptable to the department which describes corrective measures to prevent recurrence of the threat shall be submitted and the design implemented.

C. 13:1E-42 Acceptance or reception of hazardous or chemical wastes, bulk liquid or pesticide after March 15, 1980; proper system for interception, collection and treatment; departmental approval.

5. After March 15, 1980, no solid waste facility shall accept or receive for disposal, any hazardous waste, chemical waste, bulk liquid or pesticide unless such facility has installed a system for the interception, collection and treatment of any and all leachate generated at the facility, and has obtained approval from the department for the entire system. Requests for department approval may be in the form of an addendum to the registration statement submitted in accordance with section 5 (C. 13:1E-5) of the act to which this act is a supplement, shall be prepared by a New Jersey licensed professional engineer, and shall include detailed engineering drawings and specifications of the proposed system. In addition, requests for department approval shall specify the exact nature and quantity of the waste to be accepted at the facility, the method of handling and treating those wastes, and shall include proof that all necessary permits and licenses have been obtained for any discharge into the waters of the State.

CHAPTER 101

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:
1. N. J. S. 17B:27-30 is amended to read as follows:

Dependents.
17B:27-30. Benefits of group health insurance, except benefits for loss of time on account of disability, may be provided for one or more members of the families or one or more dependents of persons who may be insured under a group policy referred to in sections 17B:27-27, 17B:27-28 or 17B:27-29. Any group health insurance policy which contains provisions for the payment by the insurer of benefits for expenses incurred on account of hospital, nursing, medical, or surgical services for members of the family or dependents of a person in the insured group must, subject to payment of the appropriate premium, permit such family members or dependents to have coverage continued for at least 180 days after the death of the person in the insured group, subject to the policy.
provision as to termination of coverage with respect to family members or dependents for reasons other than the death of the person in the insured group.

All group health insurance policies which provide coverage for a family member or dependent of an insured on an expense incurred basis shall also provide that the benefits applicable for children shall be payable with respect to a newly-born child of that insured from the moment of birth. The coverage for newly-born children shall consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities. If payment of a specific premium is required to provide coverage for a child, the policy may require that notification of birth of a newly-born child and payment of the required premium must be furnished to the insurer within 31 days after the date of birth in order to have the coverage continue beyond such 31-day period.

All group health insurance policies which provide coverage on an expense incurred basis for the insured but do not provide coverage for a family member or dependent of the insured on an expense incurred basis, except such group policies as provide no dependent coverage whatsoever for the insured's class, shall nevertheless provide for coverage of newborn children of the insured which shall commence with the moment of birth of each child and shall consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities, provided application and payment of the required premium are made to the insurer to include in said policy coverage for a newly-born child as described in the previous paragraph of this section within 31 days from the date of birth of a newborn child.

A policy under which coverage of a dependent of an employee or other member of the insured group terminates at a specified age shall, with respect to an unmarried child covered by the policy prior to the attainment of age 19, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap and who became so incapable prior to attainment of age 19 and who is chiefly dependent upon such employee or member for support and maintenance, not so terminate while the insurance of the employee or member remains in force and the dependent remains in such condition, if the insured employee or member has within 31 days of such dependent's attainment of the termination age submitted proof of such dependent's incapacity as described
herein. The foregoing provision of this paragraph shall not require an insurer to insure a dependent who is a mentally retarded or physically handicapped child of an employee or other member of the insured group where such dependent does not satisfy the conditions of the group policy as to any requirements for evidence of insurability or other provisions as may be stated in the group policy required for coverage thereunder to take effect. In any such case the terms of the policy shall apply with regard to the coverage or exclusion from coverage of such dependent.

2. Section 2 of P.L. 1964, c. 104 (C. 17:48-6.1) is amended to read as follows:

C. 17:48-6.1 Group contracts; issuance; description; benefits; “employees” defined.

2. A hospital service corporation may issue to a policyholder a group contract, covering at least 10 employees or members at the date of issue, if it conforms to the following description:

(a) A contract issued to an employer or to the trustees of a fund established by one or more employers, or issued to a labor union, or issued to an association formed for purposes other than obtaining such contract, or issued to the trustees of a fund established by one or more labor unions, or by one or more employers and one or more labor unions, covering employees and members of associations or labor unions.

(b) A contract issued to cover any other group which the Commissioner of Insurance determines may be covered in accordance with sound underwriting principles.

Benefits may be provided for one or more members of the families or one or more dependents of persons who may be covered under a group contract referred to in (a) or (b) above.

Family type contracts shall provide that the services applicable for children shall be payable with respect to a newly-born child of the subscriber, or his or her spouse from the moment of birth. The services for newly-born children shall consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and abnormalities. If a subscription payment is required to provide services for a child, the contract may require that notification of birth of a newly-born child and the required payment must be furnished to the service corporation within 31 days after the date of birth in order to have the coverage continue beyond such 31-day period. Group contracts which provide for services to the subscriber but not to family
members or dependents of that subscriber, other than contracts which provide no dependent coverage whatsoever for the subscriber’s class, shall also provide services to newly-born children of the subscriber which shall commence with the moment of birth of each child and shall consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and abnormalities, provided that application therefore and payment of the required subscription amount are made to include in said contract the coverage described in the preceding paragraph of this section within 31 days from the date of birth of a newborn child.

A contract under which coverage of such a dependent terminates at a specified age shall, with respect to an unmarried child, covered by the contract prior to attainment of age 19, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap and who became so incapable prior to attainment of age 19 and who is chiefly dependent upon the covered employee or member for support and maintenance, not so terminate while the coverage of the employee or member remains in force and the dependent remains in such conditions, if the employee or member has within 31 days of such dependent’s attainment of the termination age submitted proof of such dependent’s incapacity as described herein. The foregoing provisions of this paragraph shall not apply retrospectively or prospectively to require a hospital service corporation to insure as a covered dependent any mentally retarded or physically handicapped child of the applicant where the contract is underwritten on evidence of insurability based on health factors required to be set forth in the application. In such cases any contract heretofore or hereafter issued may specifically exclude such mentally retarded or physically handicapped child from coverage.

Any group contract which contains provisions for the payment by the insurer of benefits for members of the family or dependents of a person in the insured group shall provide that, subject to payment of the appropriate premium, such family members or dependents be permitted to have coverage continued for at least 180 days after the death of the person in the insured group.

The contract may provide that the term “employees” shall include as employees of a single employer the employees of one or more subsidiary corporations and the employees, individual proprietors and partners of affiliated corporations, proprietorships and partnerships if the business of the employer and such corpora-
tions, proprietorships or partnerships is under common control through stock ownership, contract or otherwise. The contract may provide that the term “employees” shall include the individual proprietor or partners of an individual proprietorship or a partnership. The contract may provide that the term “employees” shall include retired employees. A contract issued to trustees may provide that the term “employees” shall include the trustees or their employees, or both, if their duties are principally connected with such trusteeship. A contract issued to the trustees of a fund established by the members of an association of employers may provide that the term “employees” shall include the employees of the association.

3. Section 1 of P. L. 1964, c. 105 (C. 17:48A-7.1) is amended to read as follows:

C. 17:48A-7.1 Group contracts; issuance; description; benefits; “employees” defined.

1. A medical service corporation may issue to a policyholder a group contract, covering at least 10 employees or members at the date of issue, if it conforms to the following description:

(a) A contract issued to an employer or to the trustees of a fund established by one or more employers, or issued to a labor union, or issued to an association formed for purposes other than obtaining such contract, or issued to the trustees of a fund established by one or more labor unions or by one or more employers and one or more labor unions, covering employees and members of associations or labor unions.

(b) A contract issued to cover any other group which the Commissioner of Insurance (hereinafter called the commissioner) determines may be covered in accordance with sound underwriting principles.

Benefits may be provided for one or more members of the families or one or more dependents of persons who may be covered under a group contract referred to in (a) or (b) above.

Family type contracts shall provide that the services applicable for children shall be payable with respect to a newly-born child of the subscriber, or his or her spouse from the moment of birth. The services for newly-born children shall consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and abnormalities. If a subscription payment is required to provide services for a child, the contract may require that notification of birth of a newly-born child and the
required payment must be furnished to the service corporation within 31 days after the date of birth in order to have the coverage continue beyond such 31-day period.

Group contracts which provide for services to the subscriber but not to family members or dependents of that subscriber, other than contracts which provide no dependent coverage whatsoever for the subscriber's class, shall also provide services to newly-born children of the subscriber which shall commence with the moment of birth of each child and shall consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and abnormalities, provided that application therefor and payment of the required subscription amount are made to include in said contract the coverage described in the preceding paragraph of this section within 31 days from the date of birth of a newborn child.

A contract under which coverage of such a dependent terminates at a specified age shall, with respect to an unmarried child, covered by the contract prior to attainment of age 19, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap and who became so incapable prior to attainment of age 19 and who is chiefly dependent upon the covered employee or member for support and maintenance, not so terminate while the coverage of the employee or member remains in force and the dependent remains in such condition, if the employee or member has within 31 days of such dependent's attainment of the termination age submitted proof of such dependent's incapacity as described herein. The foregoing provisions of this paragraph shall apply retrospectively or prospectively to require a medical service corporation to insure as a covered dependent any mentally retarded or physically handicapped child of the applicant where the contract is underwritten on evidence of insurability based on health factors required to be set forth in the application. In such cases any contract heretofore or hereafter issued may specifically exclude such mentally retarded or physically handicapped child from coverage.

Any group contract which contains provisions for the payment by the insurer of benefits for members of the family or dependents of a person in the insured group shall, subject to payment of the appropriate premium, provide that such family members or dependents be permitted to have coverage continued for at least 180 days after the death of the person in the insured group.

The contract may provide that the term "employees" shall include as employees of a single employer the employees of one or
more subsidiary corporations and the employees, individual proprietors and partners of affiliated corporations, proprietorships and partnerships if the business of the employer and such corporations, proprietorships or partnerships is under common control through stock ownership, contract or otherwise. The contract may provide that the term "employees" shall include the individual proprietor or partners of an individual proprietorship or a partnership. The contract may provide that the term "employees" shall include retired employees. A contract issued to trustees may provide that the term "employees" shall include the trustees or their employees, or both, if their duties are principally connected with such trusteeship. A contract issued to the trustees of a fund established by the members of an association of employers may provide that the term "employees" shall include the employees of the association.

1. Section 1 of P. L. 1976, c. 25 is amended to read as follows:

1. Notwithstanding the provisions of section 15 of P. L. 1975, c. 353, the amendatory and supplementary provisions of the aforesaid act shall remain inoperative for a period of 330 days after the effective date of this act.

CHAPTER 105

An Act concerning minimum milk prices to be charged the consumer and supplementing P. L. 1941, c. 274 (C. 4:12A-1 et seq.).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

C. 4:12A-22.1 Additional powers and duties of director.

1. The provisions of section 21 and 22 of the act to which this act is a supplement notwithstanding, the director's power to fix or re-fix minimum prices to be charged the consumer for milk shall be subject to the following:

a. In fixing or re-fixing the minimum price to be charged the consumer, the director shall utilize a single minimum marketing margin which will yield no more than a reasonable return for the lowest cost, most efficient milk dealers and store outlets. This minimum marketing margin shall represent the difference between the minimum price for producer milk established under the applicable Federal-State milk marketing orders (adjusted to 3.25% butterfat content) and the minimum price established for milk sold by stores to consumers. To provide assurance that low cost milk will continue to be available to consumers throughout the State, the director shall not increase the minimum marketing margin in effect under Order 69-1 of the Division of Dairy Industry (measured from the midpoint of the applicable Class I bracket) unless the director shall find, after such notice and hearing as are required by section 23 of the act to which this act is a supplement, that the costs of processing, distributing and selling milk through stores has increased above the average of such costs during the base year of 1974. In making such determination of subsequent cost increases, the director may utilize such economic formulas embodying indices of cost and productivity as may be appropriate to effectuate the provisions of this act and the act to which this act is a supplement.

b. Pursuant to the provisions of section 23 of the act to which this act is a supplement, public hearings shall be held before the adoption or amendment of any such economic formula. Such hearings, however, shall not be required in order to implement changes in the minimum marketing margin pursuant to said economic formulas; provided, however, that any interested party who contr-
tends that the application of a specific economic formula will result in minimum milk prices charged the consumer in excess of that price level required to yield no more than a reasonable return for the lowest cost, most efficient milk dealers and store outlets shall be given a reasonable opportunity to demonstrate such contention at a public hearing.

C. 4:12A-22.2 Size or type of container; establishment of cost-justified lower minimum margins or differentials.

2. Nothing contained herein shall preclude the director from establishing cost-justified lower minimum margins or differentials with respect to any particular size or type of container.

3. This act shall take effect immediately.

Approved October 18, 1976.

CHAPTER 106

AN ACT concerning pension funds of employees of counties of the first class having a population of less than 800,000, amending sections 43:10-1, 43:10-2, 43:10-7 of the Revised Statutes and P. L. 1973, c. 345, and supplementing chapter 10 of Title 43 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. R. S. 43:10-1 is amended to read as follows:

Definitions.

43:10-1. As used in this article:

"Be retired on half pay" means retired on a pension equal to one-half of the average annual salary during any 3 fiscal years, of the employee’s membership, for which contributions were made, which years shall be selected in such manner as to provide for the largest possible benefit to the retirant, or surviving spouse or children, as the case may be; provided, however, that nothing in this amendatory act shall serve to reduce any employee’s pension below the amount to which he would have been entitled had he been eligible to apply for his pension prior to the effective date of this amendatory act.
“Salary” or “average annual compensation,” when used for the purpose of computing benefits under this act, means the average annual salary for which contributions are made during any 3 fiscal years of the employee’s membership providing the largest possible benefit to the member or surviving spouse or children. If the total service is less than 3 years, the salary shall be that paid for the entire period of membership. “Salary” means the base compensation for services as an employee, including normal and longevity increments earned in accordance with the established salary policies of the employer for all employees in the same position, but shall not include individual salary adjustments which are granted primarily in anticipation of the member’s retirement or additional remuneration for performing temporary or extra curricular duties beyond the regular work day or the regular work year. In cases where salary includes maintenance, the retirement system shall fix the value of that part of the salary not paid in money which shall be considered under this act.

“County employee” or “employee” means and includes all employees and officers in service in any county of the first class, and of any county board, body or commission maintained out of county funds in a county of the first class, including laborers recognized as permanent laborers, whether paid on an hourly, daily, monthly or annual basis (if being the intent to exclude transient labor from the operation of this article), but does not include any member of the police or fire department. The pension commission may determine whether or not the employment of an employee is permanent within the meaning of this article. Notwithstanding the provisions of section 43:1-1 of this Title, any person heretofore or hereafter accepting any employment in the county under the age of 45 years shall be eligible to join as a “county employee” or “employee” as herein above defined.

“Widow” means the woman to whom a member was married at least 5 years before the date of his death and to whom he continued to be married until the date of his death and who was receiving at least one-half of her support from the member in the 12-month period immediately preceding the member’s death or the accident which was the direct cause of the member’s death. The dependency of such a widow will be considered terminated by the marriage of the widow subsequent to the member’s death. In the event of the payment of an accidental death benefit, the 5-year qualification shall be waived.

“Widower” means the man to whom a member was married at least 5 years before the date of her death and to whom she con-
tinued to be married until the date of her death and who was re-
ceiving at least one-half of his support from the member in the 
12-month period immediately preceding the member’s death or the 
accident which was the direct cause of the member’s death. The 
dependency of such a widower will be considered terminated by 
marrige of the widower subsequent to the death of the member. 
In the event of the payment of an accidental death benefit, the 5-
year qualification shall be waived.

2. R. S. 43:10–2 is amended to read as follows:

Retirement for service and age.

43:10–2. An employee of a county of the first class who shall 
have served in the county’s employ for a period of 20 years and 
reached 60 years of age, shall, upon his own application, but not 
later than, except as provided in this section, his attainment of 
age 65, be retired on half pay.

Any present employee who shall have served in the employ of 
the county for a period of 20 years, shall be retired in the follow-
ing manner:

All members 70 years of age, or older, shall file their applications 
for retirement by July 1, 1977.

All members attaining 69 years of age by July 1, 1976, shall file 
their applications for retirement by July 1, 1977.

All members attaining 68 years of age by July 1, 1977, shall file 
their applications for retirement by July 1, 1978.

All members attaining 67 years of age by July 1, 1978, shall file 
their applications for retirement by July 1, 1979.

All members attaining 66 years of age by July 1, 1979, shall file 
their applications for retirement by July 1, 1980.

All members attaining 65 years of age by July 1, 1980, shall file 
their applications for retirement by July 1, 1981.

After July 1, 1981, all members shall file their applications for 
retirement immediately upon attaining 65 years of age.

Any member required to retire under this section may be con-
tinued in service on an annual basis after the required date of 
retirement at the request of the head of the employee’s department, 
and with the approval of the head of the executive branch of 
government in a county organized under chapter 41A of Title 40 
of the Revised Statutes, or, in all other counties, the board of 
chosen freeholders, given in written notice to the pension com-
mision; provided, however, that in no event shall any employee 
be continued beyond age 70.
Any member who upon his attainment of age 65 shall have served in the employ of the county for a total of less than 20 years shall be retired on a pension equal to 21/2% of his average annual salary or compensation as defined in R. S. 43:10-1, multiplied by the number of years of his service.

No elected official shall be required to retire pursuant to this section. Any employee appointed to an office for a fixed term of years may continue his membership beyond the mandatory date of retirement specified herein, but shall be retired immediately thereafter.

Should any member, after having completed 15 years of service for which credit has been established in the pension fund, be separated voluntarily or involuntarily from the service, before reaching age 60, and not by removal for cause or charges of misconduct or delinquency, he may elect to withdraw his contribution from the fund as provided in R. S. 43:10-8 or to receive a deferred pension beginning at age 60 in the amount based on his years of service credited in the fund bear to the total number of years of service that he could have achieved had he continued to age 60 and qualified for the pension of one-half of the annual salary he was receiving at the time he elected the deferred pension.

Subject to the other provisions of this amendatory and supplementary act and of article 1 of chapter 10 of Title 43 of the Revised Statutes, upon and after the death of such pensioner, said pension, which the pensioner was receiving prior to his death, shall be paid to the surviving spouse, so long as he or she remains unmarried, or minor children up to 18 years of age as the case may be.

3. Section 9 of P. L. 1973, c. 345 (C. 43:10-5.1) is amended to read as follows:

C. 43:10-5.1 Pension to permanently and totally disabled employee with 10 years of service.

9. Subject to the other provisions of this amendatory and supplementary act and of article 1 of chapter 10 of Title 43 of the Revised Statutes, any county employee who shall have served or who shall hereafter have served in the employ of such county continuously or in the aggregate for a period of 10 years and shall become permanently and totally disabled as the result of injury or illness not arising out of and in the course of his employment shall, upon his application, or upon the application of the head of the department in which he shall have been employed, be retired on pension equal to 21/2% of his salary for each year of service, and for each additional year of service more than 10 years the
amount of said pension shall be increased to the extent of 2\(\frac{1}{2}\)% of said salary, not exceeding in any event 50% of said salary. Upon and after the death of such employee while on such pension the said pension shall be paid to the surviving widow, so long as she remains unmarried, surviving widower, so long as he remains unmarried, or minor children up to 18 years of age, as the case may be.

The pension commission shall determine as provided in section 10 of this amendatory and supplementary act whether or not such employee has become permanently and totally disabled.

4. Section 10 of P. L. 1973, c. 345 (C. 43:10-5.2) is amended to read as follows:

C. 43:10-5.2 Retirement of employee permanently and totally disabled in course of employment; determination of disability.

10. Subject to the other provisions of this amendatory and supplementary act and article 1 of chapter 10 of Title 43 of the Revised Statutes, any county employee who shall become permanently and totally disabled as a result of injury, accident or sickness arising out of and in the course of his employment shall, upon his application, or upon the application of the head of the department in which he shall have been employed, and approval thereof by the pension commission be retired on half pay. Upon and after the death of such employee or upon and after the death of any employee who dies as a result of any disability injury or disease arising out of and in the course of his employment, a pension of one-half the salary of such employee shall be paid to the surviving widow, so long as she remains unmarried, surviving widower, so long as he remains unmarried, or minor children up to 18 years of age, as the case may be.

The pension commission shall have power to determine whether or not any employee is permanently and totally disabled and whether or not a disability, or death of an employee is the result of an injury, accident or sickness arising out of and in the course of the employee's employment. Before approval of an application the physician or physicians designated by the commission shall make a medical examination of the member at his residence or at any other place mutually agreed upon and shall certify to the board that he is physically or mentally incapacitated for the performance of duty, and should be retired. The claimant shall have the right to present physicians, witnesses or other testimony in his behalf before the commission. The president or any other member of the pension commission may administer oaths to any physicians or
other persons called before the commission regarding the employee's disability or death. The commission shall decide, by resolution, whether the applicant is entitled to the benefits of this act and of article 1 of chapter 10 of Title 43 of the Revised Statutes.

5. Section 11 of P. L. 1973, c. 345 (C. 43:10-5.3) is amended to read as follows:

C. 43:10-5.3 Employee with one year of service; death benefits; deferred pension; payment.

11. If any member of the pension fund who shall have paid into the fund the full amount of his or her assessments or contributions and been in the county services for a period of at least 1 year, dies, \(2\frac{1}{2}\%\) of the salary received by such person shall be paid each year to the surviving spouse or minor children, as the case may be, and for each additional year of service more than 1 year, the amount of the pension shall be increased to the extent of \(2\frac{1}{2}\%\) of the salary, but not to exceed in any event 50% thereof.

If any member of the pension fund who shall have deferred his pension under the provisions of R. S. 43:10-2, dies before receiving any benefits, the pension shall be payable to the surviving spouse or children, as the case may be, and shall be based on the amount of salary earned and years of service which the member had at the time of deferral.

6. R. S. 43:10-7 is amended to read as follows:

Pension fund.

43:10-7. A fund to pay pensions under this article shall be created as follows:

a. The county treasurer shall deduct from every payment of salary to any county employee who is benefited by this article and pay to the fund, \(3\%\) of the amount of the salary.

b. The board of chosen freeholders shall annually raise in the county budget and contribute annually to the fund for a period of 30 years from the date this amendatory act becomes effective an amount as certified by the commission, with the advice of the actuary, to meet the liabilities of the fund.

c. All moneys donated for the purpose of the fund and all rewards paid to any county employee while acting as county employee shall be paid over to the board of chosen freeholders of the county to be deposited in the fund.

If, at any time, there is not sufficient money in the pension fund to pay the pension, the board of chosen freeholders shall, from
time to time, include in any tax levy a sum sufficient to meet the requirements of the pension fund.

C. 43:10-7.2 Actuary; designation; powers and duties.

The actuary shall recommend, and the retirement system shall keep in convenient form, such data as shall be necessary for actuarial valuation of the funds. At least once in every 3-year period, the actuary shall make an actuarial investigation into the mortality, service, and compensation or salary experience of the members and survivors as defined in this act and shall make a valuation of the assets and liabilities of the funds. Upon the basis of such investigation and valuation, with the advice of the actuary, the commission shall:

(1) Adopt for the retirement system such mortality, service and other tables as shall be deemed necessary; and,

(2) Certify the employer’s contribution to the system, which shall be raised annually by the board of chosen freeholders.

b. Upon the basis of tables recommended by the actuary as the commission shall adopt and regular interest, the actuary of the retirement system shall make an annual valuation of the assets and liabilities of the system. On the basis of such valuation the employer contribution shall be computed so that paid annually for a period of 30 years, beginning with the year following the year in which this amendatory act becomes effective, the amount certified by the actuary of the system shall meet the liabilities of the system.

8. This act shall take effect immediately.

CHAPTER 113

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. The Legislature finds and declares:
   a. That in this year of transition in the funding of education, special procedures must be established for the distribution of State aid to school districts;
   b. That these special procedures must include a method for assuring substantial property tax relief for the citizens of this State, as well as a guarantee that additional aid to school districts will be spent for educational programs and special educational services necessary for a thorough and efficient education;
   c. That such special procedures must include the restoration of funds, after sufficient justification and adequate public notice, to
those districts in which the budget was reduced by action of munici­
pal governing bodies and to those districts which, upon recom­
mandation, reduced their budget at the expense of educational pro­
grams and special educational services necessary for a thorough
and efficient education; and
  d. That in providing such funds it is the intent of the Legislature
that they be used to implement such educational programs and
special educational services and to provide local property tax relief.

2. For the purpose of this act:
  a. "Unbudgeted State aid" means the difference between the
amount of State aid budgeted by the school district, as adjusted
pursuant to this act, and the amount of State aid to which the school
district is entitled pursuant to the Public School Education Act of
  b. "Cap leeway" means the difference between the current
expense budget adopted by the school district, as adjusted pur­
suant to this act, and the maximum current expense budget allow­

3. The following adjustments shall be made to the 1976-77 budget
adopted by school districts:
  a. The current expense budget shall be decreased by any amount
budgeted for a 25% local share of the employer's contribution
to the Teachers' Pension and Annuity Fund. Unbudgeted State
aid and cap leeway for current expenses shall be increased by
such amount.
  b. The current expense budget shall be increased by the difference
between the full amount of categorical aid to which the school
district is entitled for compensatory and bilingual education pro­
grams pursuant to section 20 of P. L. 1975, c. 212 (C. 18A:7A-20)
and the amount of appropriations already included in the budget
for such programs; provided, however, to the extent such increase
exceeds the smaller of cap leeway or unbudgeted State aid, it
shall be funded by deduction from other current expense items.
Unbudgeted State aid and cap leeway for current expenses shall
be decreased by the amount of the current expense budget increase.
  c. The current expense budget shall be decreased by an amount
equal to the tax levy reduction made pursuant to chapter 22 of
Title 18A of the New Jersey Statutes.

4. Upon application by the local district and approval by the
commissioner, the 1976-77 current expense budget may be increased
in the amounts and as provided below to the extent of the smaller
of unbudgeted State aid or cap leeway as adjusted pursuant to
section 3 of this act to a. restore that amount of any tax levy reduction which is necessary for a thorough and efficient education in any district in which the board of education had previously filed an appeal of such reduction pursuant to chapter 22 of Title 18A of the New Jersey Statutes; b. to restore programs reduced or eliminated because of tax levy reduction and necessary for a thorough and efficient education in any district in which the budget was reduced by the municipal governing body or board of school estimate and in which the board of education had not filed an appeal pursuant to chapter 22 of Title 18A of the New Jersey Statutes; and c. make additional appropriations to maintain any school program existing during the 1975-76 school year and necessary to a thorough and efficient system of education but for which no provision is made in the current expense budget as adjusted by sections 2 and 3 of this act, and for any other program necessary to a thorough and efficient system of education but for which no provision is made in the current expense budget as adjusted by sections 3 and 4 of this act.

Filing an appeal pursuant to chapter 22 of Title 18A of the New Jersey Statutes shall constitute an application for funds pursuant to a. Such appeals shall proceed according to the procedures for appeals filed pursuant to chapter 22 of Title 18A of the New Jersey Statutes, except that the commissioner, after determining the amount necessary to be appropriated in any district, shall first direct the district to use the smaller of unbudgeted State aid or cap leeway as adjusted pursuant to this act for such purpose, and, if such State aid is insufficient for such purpose, he shall direct that the necessary measures be taken according to the procedures for such appeals to raise the additional amount necessary for such purposes.

With respect to funds available pursuant to c., local boards of education may apply for and the commissioner may approve, as provided below, appropriations to the limit of the smaller of the district's unbudgeted State aid or cap leeway which would remain if full restoration were made pursuant to a. and b.; provided, however, that the total amount of State aid paid to school districts pursuant to c. shall not exceed $30 million, and if the total amount approved by the commissioner is in excess of such amount, the amount paid to each district shall be prorated. In considering applications for such appropriations, the commissioner shall give first consideration to applications from districts which eliminated
programs existing during the 1975-76 school year and which are necessary for a thorough and efficient system of education.

Prior to any application made pursuant to b. or c., the board of education shall resolve in writing that without such restoration or additional appropriation the board’s capacity to provide a thorough and efficient education for the children of the district shall be substantially impaired. This conclusion shall be supported by specific findings in writing confirmed in the resolution, which shall also specify the proposed use of such funds and their relation to a thorough and efficient education.

In addition to the notice required under the “Open Public Meeting Act” (P. L. 1975, c. 231, C. 10:4–6, et seq.), the board shall cause notice of the public meeting at which such application is to be considered to be published not less than 7 days prior to such meeting in at least one newspaper published in the district, and if no newspaper is published therein, then in at least one newspaper circulated in the district. Such notice shall state the time, date and place of the meeting and shall contain the following language:

“The purpose of this meeting is to decide what portion of the available unbudgeted State aid shall be requested for programs needed for a thorough and efficient education and what portion shall be used for school tax levy replacement in the 1977-78 school year”.

If adopted, such resolution shall be forwarded to the commissioner and to the municipal governing body or board of school estimate not later than 30 days after the effective date of this act. The municipal governing body or board of school estimate shall, at a public meeting held not later than 15 days after receipt of such resolution, evaluate the contents of such resolution and determine by resolution the amount of money, if any, which the district may expend pursuant to b. and c. Such resolution shall be forwarded immediately to the commissioner. The commissioner shall evaluate the contents of the resolution by the board and determine within 45 days of receipt of the resolution from the municipal governing body or board of school estimate the amount of money, if any, within the amount approved by the municipal governing body or board of school estimate, which the district may use for programs requested pursuant to b. and c.

All increases in State aid approved for expenditure pursuant to this section shall be included in the net current expense budget for the purpose of State aid calculation and maximum budget determination for the 1977-78 school year. Any State aid not ap-
proved for expenditure shall not be included in such budget for the purpose of State aid calculation and maximum budget determination for the 1977-78 school year. Unbudgeted State aid remaining after adjustments pursuant to section 3 shall then be decreased by the amount of such increases in State aid. Any unbudgeted State aid up to cap leeway as adjusted pursuant to section 3 of this act which is not applied for or is not approved by the municipal governing body or board of school estimate and the commissioner shall be retained by the local board of education as a special free appropriation balance during the 1976-77 school year and shall be used by the board as a tax levy replacement in the 1977-78 school year.

5. Unbudgeted State aid for capital outlay and debt service shall be used for the replacement of tax levy reductions in the capital outlay account made pursuant to chapter 22 of Title 18A of the New Jersey Statutes.

6. The commissioner shall compute the net amount of unbudgeted State aid for each school district after adjustments to each budget are made pursuant to sections 3, 4 and 5. By December 31, 1976, he shall notify the governing body and the tax collector of each municipality of such amount to be apportioned to the municipality. The tax collector shall reduce the school tax levy by such amount and the total amount of the reduction shall then be prorated among the properties in each municipality according to their assessed valuation pursuant to rules and regulations promulgated by the Division of Taxation. If a taxpayer has prepaid his tax or if the reduction is larger than the tax bill, he shall be given a credit upon his next succeeding tax payment. Any tax levy reduction applicable to a county vocational school and in any municipality in which the amount of the tax levy reduction divided by the aggregate assessed valuation of property is less than .0004, the reduction shall not be prorated among the properties but shall be a deduction from taxes to be raised for school district purposes in 1977.

7. State aid for bilingual and compensatory education programs shall be distributed to each school district only when such programs have been approved and implemented. Any district not having implemented approved programs by the beginning of the 1976-77 school year shall receive that share of such aid which is proportional to the remainder of the school year during which the programs will be implemented.
8. Except as modified by section 7 of this act, the State Treasurer shall pay each school district the full amount of State aid to which it is entitled pursuant to P. L. 1975, c. 212.

9. This act shall take effect immediately upon appropriation of funds necessary for full implementation of P. L. 1975, c. 212.

Approved November 9, 1976.

C. 54:3-26.2 Equal period of time for appeal by property owner.

2. Notwithstanding the provisions of R. S. 54:3-39, a property owner shall have an equivalent period of time in which to file an appeal with the State Division of Tax Appeals, as that granted to the county board of taxation by the Superior Court.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 30:13-1 Legislature’s findings.

Maintaining a complete record of all funds, personal property and possessions of a nursing home resident from any source whatsoever, which have been deposited for safekeeping with the nursing home for use by the resident. This record shall contain a listing of all deposits and withdrawals transacted, and these shall be substantiated by receipts given to the resident or his guardian. A nursing home shall provide to each resident or his guardian a quarterly statement which shall account for all of such resident’s property on deposit at the beginning of the accounting period, all deposits and withdrawals transacted during the period, and the property on deposit at the end of the period. The resident or his guardian shall be allowed daily access to his property on deposit during specific periods established by the nursing home for such transactions at a reasonable hour. A nursing home may, at its own discretion, place a limitation as to dollar value and size of any personal property accepted for safekeeping.

   b. Providing for the spiritual needs and wants of residents by notifying, at a resident’s request, a clergyman of the resident’s choice and allowing unlimited visits by such clergyman. Arrangements shall be made, at the resident’s expense, for attendance at religious services of his choice when requested. No religious beliefs or practices, or any attendance at religious services, shall be imposed upon any resident.

   d. Ensuring that discrimination based upon age, race, religion, sex or nationality with respect to participation in recreational activities, meals or other social functions is prohibited. However, the participation of a resident in recreational activities, meals or other social functions may be restricted or prohibited if recommended by a resident’s attending physician in writing and consented to by the resident.

   e. Ensuring that no resident shall be subjected to physical restraints except upon written orders of an attending physician for a specific period of time when necessary to protect such resident from injury to himself or others. Restraints shall not be employed for purposes of punishment or the convenience of any nursing
home staff personnel. The confinement of a resident in a locked room shall be prohibited.

f. Ensuring that drugs and other medications shall not be employed for purposes of punishment, for convenience of any nursing home staff personnel or in such quantities so as to interfere with a resident's rehabilitation or his normal living activities.

g. (1) Such access shall be permitted by the nursing home at a reasonable hour.

(2) Such access shall not substantially disrupt the provision of nursing and other care to residents in the nursing home.

(3) All persons entering a nursing home pursuant to this section shall promptly notify the person in charge of their presence. No such person shall enter the immediate living area of any resident without first identifying himself and then receiving permission from the resident to enter. The rights of other residents present in the room shall be respected. A resident shall have the right to terminate a visit by a person having access to his living area pursuant to this section at any time. C. 30:13-4 Nursing home's responsibilities not limited to those enumerated in act.

4. The responsibilities of nursing homes shall include, but shall not be limited to, those enumerated in this act.

C. 30:13-5 Rights of nursing home residents.

5. Every resident of a nursing home shall:

a. Have the right to manage his own financial affairs unless he or his guardian authorizes the administrator of the nursing home to manage such resident's financial affairs. Such authorization shall be in writing and shall be attested by a witness that is unconnected with the nursing home, its operations, its staff personnel and the administrator thereof, in any manner whatsoever.

b. Have the right to wear his own clothing. If clothing is provided to the resident by the nursing home, it shall be of a proper fit.

Every resident shall have the right to obtain from his own physician or the physician attached to the nursing home complete and current information concerning his medical diagnosis, treatment and prognosis in terms and language the resident can reasonably be expected to understand, except when the physician deems it medically inadvisable to give such information to the resident and records the reason for such decision in the resident's medical record. In such a case, the physician shall inform the resident's next-of-kin or guardian. The resident shall be afforded the opportunity to participate in the planning of his total care and medical treatment to the extent that his condition permits. A resident shall have the right to refuse treatment. A resident shall have the right to refuse to participate in experimental research, but if he chooses
to participate, his informed written consent must be obtained. Every resident shall have the right to confidentiality and privacy concerning his medical condition and treatment, except that records concerning said medical condition and treatment may be disclosed to another nursing home or health care facility on transfer, or as required by law or third-party payment contracts.

h. Have the right to unrestricted communication, including personal visitation with any persons of his choice, at any reasonable hour.

i. Have the right to present grievances on behalf of himself or others to the nursing home administrator, State governmental agencies or other persons without threat of discharge or reprisal in any form or manner whatsoever. The administrator shall provide all residents or their guardians with the name, address, and telephone number of the appropriate State governmental office where complaints may be lodged. Such telephone number shall be posted in a conspicuous place near every public telephone in the nursing home.

j. Have the right to a safe and decent living environment and considerate and respectful care that recognizes the dignity and individuality of the resident.

k. Have the right to refuse to perform services for the nursing home that are not included for therapeutic purposes in his plan of care as recorded in his medical record by his physician.

l. Have the right to reasonable opportunity for interaction with members of the opposite sex. If married, the resident shall enjoy reasonable privacy in visits by his spouse and, if both are residents of the nursing home, they shall be afforded the opportunity, where feasible, to share a room, unless medically inadvisable.

m. Not be deprived of any constitutional, civil or legal right solely by reason of admission to a nursing home.

C. 30:13-6 Transfer or discharge of resident.

6. Any nursing home resident may discharge himself from a nursing home upon presentation of a written release and if the resident is an adjudicated mental incompetent, upon the written consent of his guardian. In such case, the nursing home is free from any responsibility for the resident upon his release. When a nursing home wishes to transfer or discharge a competent or an adjudicated mental incompetent resident on a nonemergency basis, it may do so for medical reasons or for his welfare or that of other residents upon receiving a written order from the attending
physician, or for nonpayment of his stay, except as prohibited by Title XVIII or Title XIX of the Social Security Act, as amended, and such action shall be recorded in the resident’s medical record. When a transfer or discharge on a nonemergency basis of a resident is requested by a nursing home, the resident or, in the case of an adjudicated mental incompetent resident, the guardian, shall be given at least 30 days advance notice of such transfer or discharge.

C. 30:13-7 Written notice of rights, obligations and prohibitions; distribution and posting.

7. The administrator of a nursing home shall ensure that a written notice of the rights, obligations and prohibitions set forth in this act be given to every resident or his guardian upon admittance to the nursing home and to each individual already in residence or to his guardian. The administrator shall also post this notice in a conspicuous, public place in the nursing home.

C. 30:13-8 Violation of rights; court action; recovery of attorney’s fees and court costs.

8. Any person or resident whose rights as defined herein are violated shall have a cause of action against any person committing such violation. The Department of Health may maintain an action in the name of the State to enforce the provisions of this act and any rules or regulations promulgated pursuant to this act. The action may be brought in any court of competent jurisdiction to enforce such rights and to recover actual and punitive damages for their violation. Any plaintiff who prevails in any such action shall be entitled to recover reasonable attorney’s fees and costs of the action.

C. 30:13-9 Nursing homes operated by certain religious denominations; construction of certain provisions in relation to.

C. 30:13-10 Rules and regulations.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 53 of P. L. 1948, c. 67 (C. 17:9A-53) is amended to read as follows:

C. 17:9A-53 Scope of article; definitions; interest.

53. Scope of article; definitions; interest.

A. In addition to such other loans which banks are authorized to make, a bank may make secured and unsecured installment loans upon the terms and conditions prescribed by this article, but this article shall not be construed as prescribing an exclusive method for the making of loans which are payable in installments.

B. As used in this article:

(1) "bank" means a banking institution as defined in section 1 (C. 17:9A-1) of this act;

(2) "installment loan" means a loan (1) which is required by its terms to be repaid in two or more installments; (2) upon which interest is contracted for at a rate in excess of that authorized pursuant to R. S. 31:1-1; (3) the amount of which does not exceed $10,000.00; and (4) the final installment of which is payable not more than 7 years and 3 months subsequent to the date upon which such loan is made. The terms "installment loan" and "installment loans" as used in this article include both precomputed and non-precomputed installment loans unless otherwise expressly stated;

(3) (Deleted by amendment.)

(4) (Deleted by amendment.)

(5) "person" means an individual, a partnership and an association;

(6) (Deleted by amendment.)

(7) (Deleted by amendment.)

(8) (Deleted by amendment.)

(9) "actuarial method" means the method of applying payments made on a loan between principal and interest pursuant to which
a payment is applied first to accumulated interest on the principal amount of the loan and the remainder is applied to the unpaid principal balance of the loan in reduction thereof;

(10) "precomputed interest" means an amount equal to the whole amount of interest payable on an installment loan for the period from the making of the loan to the date scheduled by the terms of the loan for the payment of the final installment;

(11) "precomputed loan" means an installment loan which is evidenced by a note the face amount of which consists of the aggregate of the principal amount of the loan so evidenced, and the precomputed interest thereon;

(12) "nonprecomputed loan" means an installment loan which is evidenced by a note the face amount of which consists solely of the principal amount of the loan so evidenced;

(13) "unpaid balance" of an installment loan means the aggregate of the following:

(i) the face amount of the note evidencing such loan;
(ii) all amounts paid by the bank and added to such loan as provided in paragraph (2) of subsection A of section 55;
(iii) all interest accrued and unpaid;
(iv) such further charges as the bank may make pursuant to law in protecting or enforcing a security interest in any property securing the payment of such loan or otherwise;
(v) in the case of precomputed loans, the amount of all late charges imposed pursuant to section 55;

less the aggregate of the following:

(vi) all installment payments made in the case of a precomputed loan, or all payments made in reduction of principal in the case of a nonprecomputed loan;
(vii) all payments made on account of or in payment in full of any charges or amounts referred to in subparagraphs (ii), (iii), (iv) and (v) of this paragraph (13); and

(14) "Class I installment loan" means an installment loan which is unsecured, and also means an installment loan which is secured by an interest in tangible personal property;

(15) "Class II installment loan" means an installment loan which is secured by an interest in real property.

C. A bank may contract for and receive interest on installment loans calculated according to the actuarial method, at a rate not exceeding 12% per annum on the unpaid balances of the principal,
except that the commissioner may, with the advice of the special advisory board created pursuant to P. L. 1970, c. 205, section 11 (C. 17:11A-44) by regulation adopted, amended and rescinded from time to time, provide that the rate of interest which may be contracted for and received on Class II installment loans may be more than 12% per annum but not more than 15% per annum as shall be established by such regulation. For the purpose of establishing rates as provided by this subsection, the commissioner may, with the advice of the special advisory board referred to above, classify installment loans into two categories, one of which shall consist of Class I installment loans and the other of which shall consist of Class II installment loans. In adopting, amending, and rescinding regulations pursuant to this subsection, the commissioner and the special advisory board shall consider the general state of the economy, the discount rates prescribed by the Federal Reserve Bank of New York and the Federal Reserve Bank of Philadelphia, the advance rate as prescribed by the Federal Home Loan Bank of New York, the availability of funds for loans, studies and statistics published by the Federal Home Loan Bank Board and other agencies of the United States and of this State, and such other factors and bases for determination as the commissioner and the board may deem pertinent. The rate established by any such regulation shall reasonably reflect prevailing market conditions, regionally and nationally, based upon the studies, statistics and factors considered, and shall remain in force until such time as such regulation is rescinded or such rate is increased or decreased by a subsequent regulation. Any such regulation shall have prospective effect only. This subsection shall not limit or restrict the manner of contracting for the interest charge, whether by way of add-on, discount or otherwise, so long as the interest rate does not exceed that permitted by this subsection. In the case of a precomputed loan, the interest may be computed on the assumption that all scheduled payments will be made when due, and all scheduled installment payments made on a precomputed loan may be applied as if they were received on their scheduled due dates. In the case of nonprecomputed loans, all installment payments shall be applied no later than the next day, other than a public holiday, after the date of receipt, and a day shall be counted as one-three-hundred-sixty-fifth of a year.

D. (Deleted by amendment.)
E. (Deleted by amendment.)
F. (Deleted by amendment.)
G. The commissioner may prepare and distribute to such banks as shall make a request therefor, a schedule or schedules to be used in ascertaining precomputed interest, or he may approve a subsisting schedule or schedules, and interest taken pursuant to such schedule or schedules shall constitute a complete compliance with this section. A copy of such schedule or schedules, certified by the commissioner, shall be evidence in all courts and places.

2. Section 54 of P. L. 1948, c. 67 (C. 17:9A-54) is amended to read as follows:

C. 17:9A-54 Limitations and conditions.

54. Limitations and conditions.

A. Every installment loan shall be evidenced by a note the face value of which shall be in an amount determined pursuant to paragraph (11) or (12) of subsection B. of section 53, as the case may require, and which shall provide for payments to be made at monthly intervals on the corresponding date in each month. Scheduled installment payments shall be in substantially equal amounts, except that the final installment scheduled may be in an amount twice the amount of a preceding installment, plus $1.00. Such note may further provide that up to 3 months may elapse between the date of the loan and the date scheduled for the payment of the first installment, or between the dates scheduled for the payment of subsequent installments, provided that in any 12-month period there shall be not more than 3 months during which no installment is scheduled to be paid.

B. No installment loan shall be made the final installment of which is scheduled to be paid more than 7 years and 3 months subsequent to the date upon which such loan is made.

C. No bank shall make any further interest or other charge or demand in connection with such loan, other than those expressly authorized by this article.

D. No bank shall make a Class I installment loan for the payment of which any person shall be liable to the bank in any capacity, if the amount of such Class I installment loan, and the amounts of the unpaid balances owing to the bank on all other Class I installment loans for the payment of which such person is liable to the bank, will in the aggregate exceed $10,000.00, nor shall any bank make a Class II installment loan for the payment of which any person shall be liable to the bank in any capacity, if the amount of such Class II installment loan, and the amounts of the unpaid balances owing to the bank on all other Class II install-
ment loans for the payment of which such person is liable to the bank, will in the aggregate exceed $10,000.00.

E. No bank which holds a mortgage which is a first lien on real property shall make a Class II installment loan secured by a mortgage on such real property within 3 years from the time when such first mortgage was recorded, but this prohibition shall not apply to any Class II installment loan the purpose of which, as represented to the bank by the borrower, is to enable the borrower to pay the cost, in whole or in part, of modernizing, altering, repairing, improving or rehabilitating such real property.

F. Nothing in this section or elsewhere in this article contained shall prevent a bank from making an installment loan, the proceeds of which will be applied in whole or in part to the repayment at or before final maturity of a loan theretofore made under the provisions of this article or otherwise.

3. Section 55 of P. L. 1948, c. 67 (C. 17:9A-55) is amended to read as follows:

C. 17:9A-55 Permissible provisions and actions.

55. Permissible provisions and actions.

A. A bank which makes an installment loan may

(1) require one or more comakers or endorsers of the note evidencing the loan, or one or more guarantors of payment of the loan, and, prior to default, take as security for any such loan an interest in either tangible personal property or real property. After default, an interest in personal property, tangible and intangible, and in real property may be taken as security for a Class I installment and a Class II loan. An interest in real property taken as security for an installment loan shall not be deemed a mortgage loan within the meaning of section 181 or article 14;

(2) when the payment of such loan is secured, require that any property constituting such security be insured for the benefit of the bank, against such loss or damage as the bank may require, and may retain out of the proceeds of such loan the premium for such insurance. The bank may further require that all taxes, assessments, water rents and other governmental charges against such property be paid when due and that the security be maintained free of all executions, levies, encumbrances and other charges which adversely affect the value of the bank's interest in such security. If such insurance expires, lapses, or is canceled, and other insurance by insurers and in amounts satisfactory to the bank is not furnished to the bank without lapse of coverage, or if
such taxes, assessments, water rents or other governmental charges are not paid when due, or if any execution, levy, encumbrance or other charge which adversely affects the value of the bank’s interest in such security is not paid or otherwise removed, the bank may, but shall be under no duty to, obtain such insurance upon such property, or pay the amount of any such tax, assessment, water rent or other governmental charge or pay the amount of such execution, levy, encumbrance or other charge. The amount paid by the bank for such insurance, less the amount of the return premium, if any, received by the bank on cancellation of prior insurance paid for by the borrower or the cost of which was retained out of the proceeds of the loan, together with the amount, if any, paid by the bank for such tax, assessment, water rent or other governmental charge, shall be added to and become part of such loan, payable upon demand with interest at the rate charged on the loan so secured; and, in default of such payment within 30 days after such demand, the entire unpaid balance of the loan shall, at the election of the bank, become immediately due and payable;

(3) upon institution of a suit for the collection of an installment loan in default, charge a collection fee, in addition to court costs allowable by law, equal to 10% of the unpaid balance of the loan, but not more than $100.00;

(4) when the payment of such loan is secured, and provision is made by law for the filing or recording of the instrument of security or notice or abstract thereof, require compliance with such provision and retain the cost of such recording or filing out of the proceeds of the loan;

(5) In connection with a precomputed installment loan, defer the scheduled due date or dates of any installment payment or payments, and, as a consideration therefor make an additional charge at a rate not exceeding 1% per month computed on the amount of the scheduled installment payment or payments deferred for the period or periods for which each such installment payment or part thereof is so deferred.

B. A note evidencing an installment loan, or an instrument providing for the securing of an installment loan, may provide that

(1) upon default in the payment of an installment on its due date, or upon default in any other term or provision contained in any note evidencing an installment loan, or in any security agreement given in connection with any installment loan, the entire unpaid balance of such loan shall, at the election of the bank, become immediately due and payable;
(2) when the maturity of the unpaid balance of an installment loan is accelerated as provided by this section, the bank may charge interest upon such unpaid balance from the date such acceleration takes place at a rate not exceeding the rate charged on the loan;

(3) on any installment of a precomputed installment loan in arrears for more than 15 days, the bank may make a late charge which shall not exceed 5% of such installment, or $5.00, whichever is the lesser; provided, that only one such late charge shall be made on any one installment, and that no such late charge shall be made upon any installment scheduled, by the terms of such note or instrument, to fall due upon a date subsequent to the date upon which the maturity of the unpaid balance of the loan is accelerated as provided by this section;

(4) no person who is a party to the note evidencing the loan or to any instrument securing such loan shall be released or discharged from liability to the bank by reason of the bank’s extending the time for the payment of an installment or installments owing or due upon such loan, or by reason of the bank’s waiver of any term or condition of such note or of the instrument securing the payment thereof;

(5) all parties to the note evidencing the loan shall waive presentation for payment, demand for payment, protest and notice of protest, nonpayment, dishonor, and the bank’s election to accelerate the maturity of the unpaid balance of the loan.

C. (Deleted by amendment.)

4. Section 56 of P. L. 1948, c. 67 (C. 17:9A-56) is amended to read as follows:

C. 17:9A-56 Rebates on prepayment

56. Rebates on prepayment.

A. When the unpaid balance owing upon a precomputed loan is repaid in full or the maturity of the unpaid balance of such loan is accelerated before the date scheduled for the payment of the final installment, the bank shall allow a credit on account of the precomputed interest, the amount of which shall not be less than the amount determined by the application of the formula $C = \frac{AN}{D}$ ("the rule of 78's") in which "C" represents the amount of the credit to be given; "A" represents the amount of the precomputed interest; "D" is determined by ascribing to each month included in the period for which interest was precomputed reckoning from the day upon which the loan was made, the cardinal number descriptive of the number of months scheduled, by the terms of the
loan, to elapse from the beginning of each such month to the date
to which interest was precomputed, and the total of all the cardinal
numbers so ascribed constitutes the quantity "D"; and "N" repre­
sents the difference between the quantity "D" and the total of
all the cardinal numbers ascribed to months which have elapsed,
in whole or in part, from the date of the loan, to the day upon which
such repayment is made, or to the day upon which the maturity
of the unpaid balance of such loan is accelerated as the case may be.

B. The commissioner may prepare and distribute to such banks
as shall make a request therefor, a schedule or schedules based
upon the formula specified in subsection A. of this section, for
use in determining the credit to be allowed pursuant to such sub­
section, and allowances of interest made as provided in such
schedule shall constitute a complete compliance with such subsec­
tion. A copy of such schedule, duly certified by the commissioner,
shall be evidence in all courts and places.

C. This section shall not apply where the amount of the credit
to be allowed is less than $1.00.

D. The unpaid balance of a nonprecomputed loan may be paid
in full at any time without penalty.

5. Section 57 of P. L. 1948, c. 67 (C. 17:9A-57) is amended to
read as follows:

C. 17:9A-57 Statement on instrument.

57. Statement on instrument.

Every note evidencing an installment loan shall contain a state­
ment that such loan was made pursuant to this article. If this
article or any section hereof shall be amended, no reference to such
amendment need be made in such statement.

6. Section 58 of P. L. 1948, c. 67 (C. 17:9A-58) is amended to
read as follows:

C. 17:9A-58 Exempt transactions.

58. Exempt transactions.

Nothing in this article applies to
(1) any loan or extension of credit which a bank may make per­
suant to any other law of this State or any regulation promulgated
pursuant to such law, nor does this article apply to any loan or
other extension of credit otherwise authorized or not prohibited
by law, or otherwise enforceable at law;
(2) any loan which bears interest at a rate not in excess of a rate authorized pursuant to R. S. 31:1-1 computed upon its unpaid balances; or

(3) any instrument or obligation, lawful upon its face, which is purchased or discounted by a bank pursuant to paragraph (1) of section 25, and which represents, evidences, or secures an existing indebtedness having its inception in a transaction to which the bank is not a party; regardless whether such instrument or obligation is acquired by the bank with or without rights of recourse against the person from whom the bank obtains such instrument through such purchase or discount. A bank shall not be deemed to be a party to a transaction within the meaning of this paragraph, because prior to the inception of rights in any instrument, obligation or indebtedness purchased or discount by it, the bank approves the credit of any person liable for the payment of such instrument, obligation or indebtedness at the request of the person who supplies the consideration which supports the liability of any person to pay such instrument, obligation or indebtedness.

7. Section 59 of P. L. 1948, c. 67 (C. 17:9A-59) is amended to read as follows:

C. 17:9A-59 Penalty for violations.

59. Penalty for violations.

If a bank knowingly violates any provision of this article in the making or collection of an installment loan, the bank shall forfeit the entire interest which the note or other evidence of debt carries with it, or which has been agreed to be paid thereon, and the borrower, or his legal representatives, may recover back, in an action against the bank, twice the amount of interest received by the bank on such loan; provided, such action is commenced within 2 years from the date such violation occurred. The amount of any interest credit allowed pursuant to section 56 shall not be deemed to be interest received by the bank for the purposes of this section.

8. This act shall take effect on the sixtieth day following its enactment.

Approved December 21, 1976.

L. 1964, c. 255, s. 5.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

Title amended.

1. The title of P. L. 1963, c. 172 is amended to read as follows:
An act concerning deductions from the taxes assessed against certain real property of citizens and residents of this State of the age of 65 or more years, or less than 65 years of age who are permanently and totally disabled, and their surviving spouses in certain cases, having incomes not in excess of $5,000.00 per year, providing for reimbursement by the State to taxing districts in connection therewith, supplementing chapter 4 of Title 54 of the Revised Statutes and repealing P. L. 1961, c. 9.

2. Section 1 of P. L. 1963, c. 172 (C. 54:4-8.40) is amended to read as follows:

C. 54:4-8.40 Definitions.

1. As used in this act:

(a) "Income" means all income from whatever source derived including, but not limited to, realized capital gains except for a capital gain resulting from the sale or exchange of real property owned and used by the taxpayer as his principal residence, and on which he received a deduction allowed by this act, and, in their entirety, pension, annuity and retirement benefits. For the purpose of claiming a deduction from taxes for any tax year, pursuant to this act, "income" shall be deemed to be equal in amount to the income which the taxpayer reasonably anticipates he will receive during the tax year for which such deduction is claimed and shall be exclusive of benefits under any one of the following:

(1) The Federal Social Security Act and all amendments and supplements thereto;

(2) Any other program of the Federal Government or pursuant to any other Federal law which provides benefits in whole or in part in lieu of benefits referred to in, or for persons excluded from coverage under, (1) hereof including but not limited to the Federal Railroad Retirement Act and Federal pension, disability and retirement programs; or

(3) Pension, disability or retirement programs of any state or its political subdivisions, or agencies thereof, for persons not covered under (1) hereof;

provided, however, that the total amount of benefits to be allowed exclusion by any owner under (2) or (3) hereof shall not be in excess of the maximum amount of benefits payable to, and allowable for exclusion by, an owner in similar circumstances under (1) hereof.

(b) "Permanently and totally disabled" means total and permanent inability to engage in any substantial gainful activity by
reason of any medically determinable physical or mental impairment, including blindness. For purposes of this subsection, "blindness" means central visual acuity of 20/200 or less in the better eye with the use of a correcting lens. An eye which is accompanied by a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees shall be considered as having a central visual acuity of 20/200 or less.

(c) "Pretax year" means the calendar year immediately preceding the "tax year."

(d) "Post-tax year" means the calendar year immediately following the "tax year."

(e) "Resident" means one legally domiciled within the State of New Jersey for a period of 1 year immediately preceding October 1 of the pretax year. Mere seasonal or temporary residence within the State, of whatever duration, shall not constitute domicile within the State for the purposes of this act. Absence from this State for a period of 12 months shall be prima facie evidence of abandonment of domicile in this State. The burden of establishing legal domicile within the State shall be upon the claimant.

(f) "Deduction" means the senior citizen's deduction or the deduction for the permanently and totally disabled against the taxes payable by any person, allowable pursuant to this act.

(g) "Tax year" means the calendar year in which the general property tax is due and payable.

3. Section 2 of P. L. 1963, c. 172 (C. 54:4-8.41) is amended to read as follows:

C. 54:4-8.41 Deduction against tax assessed against real property of resident citizen 65 years of age or permanently and totally disabled having less than $5,000.00 yearly income.

2. Every person, a citizen and resident of this State of the age of 65 or more years, or less than 65 years of age who is permanently and totally disabled, having an income not in excess of $5,000.00 per year and residing in a dwelling house owned by him which is a constituent part of his real property, shall be entitled, annually, on proper claim being made therefor, to a deduction against the tax or taxes assessed against such real property to an amount not exceeding the amount of said tax, or the sum of $160.00, whichever is the lesser, but no such deduction from taxes shall be in addition to any other deduction or exemption from taxes to which said person may be entitled, except said citizen and resident may receive in addition any homestead rebate or credit provided by law.
For the purposes of this act the income of a married person shall be deemed to include an amount equal to the income of the spouse during the applicable income year, except for such portion of that year as the two were living apart in a state of separation, whether under judicial decree or otherwise.

C. 54:4-8.41a Surviving spouse of deceased citizen; deduction against tax; conditions.

4. (New section) The surviving spouse of a deceased citizen and resident of this State who during his or her life received a real property tax deduction pursuant to this act shall be entitled, so long as he or she shall remain unmarried and a resident in the same dwelling house with respect to which said deduction was granted, to the same deduction, upon the same conditions, with respect to the same real property, notwithstanding that said surviving spouse is under the age of 65 and is not permanently and totally disabled, provided that said surviving spouse is 55 years of age or older at the time of the death of said citizen and resident.

5. Section 3 of P. L. 1963, c. 172 (C. 54:4-8.42) is amended to read as follows:

C. 54:4-8.42 Written application for deduction; inquiry into right.

3. No deduction, as provided herein, shall be allowed except upon written application therefor, which application shall be on a form prescribed by the Director, Division of Taxation, in the Department of the Treasury, and provided for the use of claimants hereunder by the governing body of the municipality constituting the taxing district in which such claim is to be filed and the application has been approved as provided in this act. As to claims for exemption from taxation filed with an assessor on or before November 1, 1963 on forms prescribed by the director, the assessor shall not require of any person who has filed such a claim the filing of an application for a tax deduction but shall approve such person for a tax deduction if it appears from the claim for exemption from taxation that such person meets all the other prerequisites required by this act for the approval of the tax deduction. Each assessor may at any time inquire into the right of a claimant to the continuance of a deduction hereunder and for that purpose he may require the filing of a new application or the submission of such proof as he shall deem necessary to determine the right of the claimant to continuance of such deduction.

6. Section 4 of P. L. 1963, c. 172 (C. 54:4-8.43) is amended to read as follows:
4. An application for a deduction hereunder may be filed with the assessor of the taxing district on or before December 31 of the pre-tax year. If an application is approved by the assessor, he shall allow a deduction from the taxes assessed against the real property assessed to the claimant as described therein and shall indicate upon the assessment list and duplicates the approval thereof in such manner as shall be prescribed by rules of the Director of the Division of Taxation together with the proportionate share of such property deemed to be owned by the claimant for the purposes of this act if he is not the sole owner thereof.

Upon approval of the application for a tax deduction the tax collector shall note in his records the existence of a contingent liability for taxes in the amount of the deduction in the event the deduction is subsequently disallowed on the basis of the taxpayer’s income, the transfer of title to the property to a person not entitled to such deduction, or on the basis of the failure to meet any other prerequisites required by this act for a tax deduction, which contingent liability shall be reported on any tax search made on the property for which the deduction was approved.

The application, if not filed with the assessor within the time aforementioned, may be filed with the collector during the tax year and upon approval by the collector of such application he shall determine the amount of the reduction in tax to which the claimant is entitled and shall allow said amount as an offset against the tax then remaining unpaid. If the amount allowable as an offset shall exceed the amount of the tax then unpaid for that tax year, or if the application for a tax deduction is not filed with the collector until after all taxes for the tax year have been fully paid, the claimant may make application to the governing body of the municipality constituting the taxing district for the refund of any tax overpaid, but without interest, and the governing body may, in its discretion, direct the return of any tax deemed by it to have been overpaid by reason of claimant’s failure to make timely application for a tax deduction; provided, however, that no application for a tax deduction for any previous tax year shall be allowed by any assessor, collector or governing body. Where an application for a tax deduction is filed with and allowed by a collector he shall promptly transmit such application and all exhibits attached thereto, or a photostatic copy thereof, to the assessor of the taxing district. Upon receipt thereof the assessor shall re-
view the application and if approved by him it shall have the same force as if originally filed with him.

7. Section 5 of P. L. 1963, c. 172 (C. 54:4-8.44) is amended to read as follows:

C. 54:4-8.44 Facts essential to support claims for deduction.
5. Every fact essential to support a claim for a deduction hereunder shall exist on October 1 of the pretax year, except as in this section otherwise provided. Every application by a claimant therefor shall establish that he is or will be on or before December 31 of the pretax year 65 or more years of age or on that date was permanently and totally disabled, and that he was, on October 1 of the pretax year, (a) a citizen and resident of this State for the period required, (b) the owner of a dwelling house which is a constituent part of the real property for which the deduction is claimed, (c) residing in said dwelling house. Said application shall also establish that his anticipated income, including the income of his or her spouse, for the tax year will not exceed $5,000.00. In the case of a claim for a deduction by a person who is permanently and totally disabled, said application shall include a physician’s certificate verifying the claimant’s permanent and total disability. The Director of the Division of Taxation may promulgate rules and regulations prescribing the form and content of the certificate.

In the case of claims for a deduction authorized by section 4 of this amendatory and supplementary act every application by a claimant therefor shall establish that he is or will be on or before December 31 of the pretax year 55 or more years of age and was 55 or more years of age at the time of the death of the decedent and unmarried and that he was, on October 1 of the pretax year, (a) a citizen and resident of this State for the period required, (b) the owner of a dwelling house which is a constituent part of the real property for which the deduction is claimed, (c) residing in said dwelling house. Said application shall also establish that his anticipated income for the tax year will not exceed $5,000.00. The collector or the assessor of the taxing district as the case may be shall establish whether the deceased spouse of the claimant received a deduction.

8. Section 5 of P. L. 1964, c. 255 (C. 54:4-8.44a) is amended to read as follows:
C. 54:4-8.44a Post-tax year statement; extension; lien and tax liability proration.

5. Every person who is allowed a deduction shall, except as hereinafter provided, be required to file with the collector of the taxing district on or before February 1 of the post-tax year a statement under oath of his income for the tax year and his anticipated income for the ensuing tax year as well as any other information deemed necessary to establish his right to a tax deduction for such ensuing tax year. The collector may grant a reasonable extension of time for filing the statement required by this section, which extension shall terminate no later than March 1 of the post-tax year, in any event where it shall appear to the satisfaction of the collector, verified by a physician's certificate, that the failure to file by February 1 was due to illness. In any case where such an extension is granted by the collector, the required statement shall be filed on or before March 1 of the post-tax year.

Such statement shall be on a form prescribed by the Director, Division of Taxation, in the Department of the Treasury and provided for the use of persons required to make such statement by the governing body of the municipality constituting the taxing district in which such statement is required to be filed. Each collector may require the submission of such proof as he shall deem necessary to verify any such statement. Upon the failure of any such person to file the statement within time herein provided or to submit such proof as the collector deems necessary to verify a statement that has been filed, or if it is determined that the income of any such person exceeded $5,000.00 for said tax year, his tax deduction for said tax year shall be disallowed and his taxes to the extent represented by the amount of said deduction shall be payable on or before March 1 of the post-tax year or, where an extension of time for filing has been granted no later than 30 calendar days after the expiration of said extension, after which date if unpaid, said taxes shall be delinquent, constitute a lien on the property, and, in addition, the amount of said taxes shall be a personal debt of said person.

The amount of any lien and tax liability shall be prorated by the tax collector upon the transfer of title based on the number of days during the tax year that entitlement to the tax deduction is established. The lien shall be considered satisfied by the tax collector upon payment of the prorated amount for that portion of the tax year for which entitlement to the tax deduction is not established.

9. Section 6 of P. L. 1963, c. 172 (C. 54:4-8.45) is amended to read as follows:
C. 54:4-8.45 Continuance of deduction right; change in status.

6. A claim having been filed with and allowed by the assessor on and after the effective date of this act shall continue in force from year to year thereafter without the necessity for further claim so long as the claimant shall be entitled to a deduction hereunder, but the claimant shall be required yearly to establish by post-tax year statement, as provided for in this act, his income for the tax year, his anticipated income for the ensuing tax year and his compliance with all other prerequisites for eligibility for the tax deduction for such ensuing tax year and the assessor may at any time require the filing of a new application or such proof as he may deem necessary to establish the right of the claimant to continuance of such deduction. It shall be the duty of every claimant to inform the assessor of any change in his status or property which may affect his right to continuance of such deduction.

10. Section 7 of P. L. 1963, c. 172 (C. 54:4-8.46) is amended to read as follows:

C. 54:4-8.46 Tenants in common; joint tenants; tenants by the entirety; deduction rights.

7. Where title to property as to which a deduction is claimed is held by claimant and another or others, either as tenants in common or as joint tenants, claimant shall not be allowed a deduction in an amount in excess of his proportionate share of the taxes assessed against said property, which proportionate share, for the purposes of this act, shall be deemed to be equal to that of each of the other tenants, unless it is shown that the interests in question are not equal, in which event claimant’s proportionate share shall be as shown. Nothing herein shall preclude more than one tenant, whether title be held in common or joint tenancy, from claiming a deduction from the taxes assessed against the property so held, but no more than the equivalent of one full deduction in regard to such property shall be allowed in any year, and in any case in which the claimants cannot agree as to the apportionment thereof, such deduction shall be apportioned between or among them in proportion to their interest. Property held by husband and wife, as tenants by the entirety, shall be deemed wholly owned by each tenant, but no more than one deduction in regard to such property shall be allowed in any year. Right to claim a deduction hereunder shall extend to property the title to which is held by a partnership, to the extent of the claimant’s interest as a partner therein, and by a guardian, trustee, committee, conservator or other fiduciary for any person who
would otherwise be entitled to claim such deduction hereunder, 
but not to property the title to which is held by a corporation.

11. Section 8 of P. L. 1963, c. 172 (C. 54:4–8.47) is amended to 
read as follows:

C. 54:4-8.47 Rules and regulations; forms.
8. The director may promulgate such rules and regulations and 
prescribe such forms as he shall deem necessary to implement this 
act. He may, in his discretion, eliminate the necessity for sworn 
application, in which event all declarations by the claimant shall 
be considered as if made under oath and the claimant, as to false 
declarations, shall be subject to the penalties as provided by law 
for perjury.

12. Section 9 of P. L. 1963, c. 172 (C. 54:4–8.48) is amended to

9. 1. Any member of the Police and Firemen’s Retirement System of New Jersey who has been or shall be elected to the position of sheriff or who has accepted or shall accept appointment to the office or position of undersheriff may, by written notification to the Director of the Division of Pensions and the county treasurer, elect to continue to be a member of the retirement system while serving as sheriff or undersheriff and shall be deemed to have waived any and all benefits to which he would otherwise be entitled by eligibility for membership in the Public Employees’ Retirement System. 2. The Director of the Division of Pensions in the Department of the Treasury is authorized and directed to make appropriate debits and credits between the respective retirement systems which are necessary to reflect the retroactive application of this bill by any sheriff or undersheriff electing to continue as a member of the Police and Firemen’s Retirement System.

CHAPTER 135

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:
1. Section 25 of P. L. 1975, c. 212 (C. 18A:7A-25) is amended to read as follows:

C. 18A:7A-25 Net current expense budget per pupil; increase by local district; certification.

25. A district which has a net current expense budget per pupil in the prebudget year of less than the State average net current expense budget per pupil may increase its net current expense budget per pupil in the following year by no more than an amount found by multiplying three-fourths of the latest annual percentage increase in the total State equalized valuation by the State average net current expense budget per pupil for the prebudget year, and multiplying the product by the quotient resulting from dividing the State average net current expense budget per pupil by the school district net current expense budget per pupil for the prebudget year. Any other district may increase its net current expense budget per pupil by no more than an amount found by multiplying three-fourths of the latest annual percentage increase in the total State equalized valuation by the school district's net current expense budget per pupil for the prebudget year, and multiplying the product by the quotient resulting from dividing the State average net current expense budget per pupil by the school district net current expense budget per pupil for the prebudget year. For the purpose of these calculations, the enrollment of a district shall be assumed to remain constant between the prebudget year and the year during which the budget will be implemented and the figure used for the latest annual percentage increase in the total State equalized valuation shall not be less than the average of such percentage increases for the latest 3 years.

Annually, on or before November 15, the commissioner shall certify to each local board of education the amount by which the school district may increase its budget for the next year without exceeding the permissible rate of increase.

The commissioner may approve the request of a local board of education for a greater increase, having adjudged that (1) a reallocation of resources or any other action taken within the permissible level of spending would be insufficient to meet the goals, objectives and standards established pursuant to this act, or (2) an increased enrollment may reasonably be anticipated in the district.

2. This act shall take effect immediately.

Approved December 28, 1976.

CHAPTER 137

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 13 of P. L. 1971, c. 199 (C. 40A:12-13) is amended to read as follows:

C. 40A:12-13 Sales of real property, capital improvements or personal property; exceptions; procedure.

13. Sales of real property, capital improvements or personal property; exceptions; procedure. Any county or municipality may sell any real property, capital improvements or personal property, or interests therein, not needed for public use, as set forth in the resolution or ordinance authorizing the sale, other than county or municipal lands, real property otherwise dedicated or restricted pursuant to law, and, except as otherwise provided by law, all such sales shall be made by one of the following methods:

(a) By public sale to the highest bidder after advertisement thereof in a newspaper circulating in the municipality or municipalities in which the lands are situated by two insertions at least once a week during 2 consecutive weeks, the last publication to be not earlier than 7 days prior to such sale. In the case of public sales, the governing body may by resolution fix a minimum price, or prices, with or without the reservation of the right, to reject all bids where the highest bid is not accepted. Notice of such reservation shall be included in the advertisement of the sale.
and public notice thereof shall be given at the time of sale. Such resolution may provide, without fixing a minimum price, that upon the completion of the bidding, the highest bid may be accepted or all the bids may be rejected. The invitation to bid may also impose restrictions on the use to be made of such real property, capital improvement or personal property and any conditions of sale as to buildings or structures, or as to the type, size, or other specifications of buildings or structures to be constructed thereon, or as to demolition, repair, or reconstruction of buildings or structures, and the time within which such conditions shall be operative, or any other conditions of sale in like manner and to the same extent as by any other vendor. Such conditions shall be included in the advertisement, as well as the nature of the interest retained by the county or municipality. Such restrictions or conditions shall be related to a lawful public purpose and encourage and promote fair and competitive bidding of the county or municipality and shall not, in the case of a municipality, be inconsistent with or impose a special or higher standard than any zoning ordinance or building, plumbing, electrical, or similar code or ordinance then in effect in the municipality.

In any case in which a county or municipality intends to retain an estate or interest in any real property, capital improvement or personal property, in the nature of an easement, contingent or reversionary, the invitation to bid and the advertisement required herein shall require each bidder to submit one bid under each Option A and Option B below.

(1) Option A shall be for the real property, capital improvement or personal property subject to the conditions or restrictions imposed, or interest or estate retained, which the county or municipality proposes to retain or impose.

(2) Option B shall be for the real property, capital improvement or personal property to be sold free of all such restrictions, conditions, interests or estates on the part of the county or municipality.

The county or the municipality may elect or reject either or both options and the highest bid for each. Such acceptance or rejection shall be made not later than at the second regular meeting of the governing body following the sale, and, if the governing body shall not so accept such highest bid, or reject all bids, said bids shall be deemed to have been rejected. Any such sale may be adjourned at the time advertised for not more than 1 week without readvertising.
(b) At private sale when authorized by resolution, in the case of a county, or by ordinance, in the case of a municipality, in the following cases:

1. A sale to any political subdivision, agency, department, commission, board or body corporate and politic of the State of New Jersey or to an interstate agency or body of which the State of New Jersey is a member or to the United States of America or any department or agency thereof.

2. A sale to a person submitting a bid pursuant to subsection (a) of this section where all bids have been rejected, provided that the terms and price agreed to shall in no event be less than the highest bid rejected and provided further that the terms and conditions of sale shall remain identical.

3. A sale by any county or municipality when it has or shall have conveyed its right, title and interest in any real property, capital improvement or personal property not needed for public use, and it was assumed and intended that there should be conveyed a good and sufficient title in fee simple to said real property, capital improvement or personal property, free of all encumbrances and the full consideration has been paid therefor, and it shall thereafter appear that the title conveyed was insufficient or that said county or municipality at the time of said conveyance was not the owner of some estate or interest in said real property, capital improvement or personal property or of some encumbrances thereon and the county or municipality shall thereafter acquire a good and sufficient title in fee simple, free of all encumbrances of said real property, capital improvement or personal property or shall acquire such outstanding estate or interest thereon or outstanding encumbrance thereon and said county or municipality, by resolution of the governing body and without the payment of any additional consideration, has deemed to convey or otherwise transfer to said purchaser, his heirs or assigns, such after-acquired title, or estate or interest in, or encumbrance upon, such real property, capital improvement or personal property to perfect the title or interest previously conveyed.

4. A sale of an easement upon any real property previously conveyed by any county or municipality may be made when the governing body of any county by resolution, or any municipality, by ordinance, has elected to release the public rights in the nature of easements, in, on, over or under any real property within the county or the municipality, as the case may be, upon
such terms as shall be agreed upon with the owner of such lands, if the use of such rights is no longer desirable, necessary or required for public purposes.

(5) A sale to the owner of the real property contiguous to the real property being sold provided that the property being sold is less than the minimum size required for development under the municipal zoning ordinance and is without any capital improvement thereon; except that when there is more than one owner with real property contiguous thereto, said property shall be sold to the highest bidder from among all such owners. Any such sale shall be for not less than the fair market value of said real property.

In the case of any sale of real property hereafter made pursuant to subsection (b) of this section, in no event shall the price agreed upon with the owner be less than the difference between the highest bid accepted for the real property subject to easements (Option A) and the highest bid rejected for the real property not subject to easements (Option B). After the adoption of the resolution or ordinance, and compliance by the owner of said real property with the terms thereof, said real property shall be free, and entirely discharged of and from such rights of the public and of the county or municipality, as the case may be, but no such release shall affect the right of lawful occupancy or use of any such real property by any municipal or private utility to occupy or use any such real property lawfully occupied or used by it.

A list of the property so authorized to be sold, pursuant to subsection (b) of this section, together with the minimum prices respectively, as determined by the governing body, shall be included in the resolution or ordinance authorizing the sale, and said list shall be posted on the bulletin board or other conspicuous space in the building which the governing body usually holds its regular meetings, and advertisement thereof made in a newspaper circulating in the municipality or municipalities in which the real property, capital improvement or personal property is situated within 5 days following enactment of said resolution or ordinance. Offers for any or all properties so listed may thereafter be made to the governing body or its designee for a period of 20 days following the advertisement herein required, at not less than said minimum prices, by any prospective purchaser, real estate broker, or other authorized representative. In any such case, the governing body may reconsider its resolution or ordinance, not later than 30 days after its enactment, and advertise the real property, capital im-
provement, or personal property in question for public sale pur-
suit to subsection (a) of this section.

Any county or municipality selling any real property, capital
improvement or personal property pursuant to subsection (b) of
this section shall file with the Director of the Division of Local
Government Services in the Department of Community Affairs,
sworn affidavits verifying the publication of advertisements as
required by this subsection.

All sales either public or private may be made for cash or upon
credit. A deposit not exceeding 10% of the minimum price or value
of the property to be sold may be required of all bidders. When
made upon credit, the county or municipality may accept a pur-
chase-money mortgage, upon terms and conditions which shall be
fixed by the resolution of the governing body; provided, however,
that when such mortgage shall be fully payable within 5 years from
the date of the sale and shall bear interest at a rate equal to that
authorized under Title 31 of the Revised Statutes, as amended and
supplemented, and the regulations issued pursuant thereto, or the
rate last paid by the county or municipality upon any issue of notes
pursuant to the Local Bond Law (chapter 2 of Title 40A of the
New Jersey Statutes), whichever is highest. The governing body
may, by resolution, fix the time for closing of title and payment of
the consideration.

In all sales made pursuant to this section, the governing body of
any county or municipality may provide for the payment of a com-
mision to any real estate broker, or authorized representative
other than the purchaser actually consummating such sale; pro-
vided, however, that no commission shall be paid unless notice of
the governing body’s intention to pay such a commission shall have
been included in the advertisement of sale and the recipient thereof
shall have filed an affidavit with the governing body stating that
said recipient is not the purchaser. Said commissions shall not
exceed, in the aggregate, 5% of the sale price, and be paid, where
there has been a public sale, only in the event that the sum of the
commission and the highest bid price does not exceed the next
highest bid price (exclusive of any realtor’s commission). As used
in this section, “purchaser” shall mean and include any person,
corporation, company, association, society, firm, partnership, or
other business entity owning or controlling, directly or indirectly,
more than 10% of the purchasing entity.

2. This act shall take effect immediately.

Approved December 28, 1976.

CHAPTER 141

An Act prohibiting the discharge of petroleum and other hazardous substances, providing for the cleanup and removal of any such discharge, establishing a spill compensation fund, providing for the raising of revenues therefor, all in order to protect the economy and environment of this State, supplementing Title 58 of the Revised Statutes and repealing sections 1 through 10 of the "New Jersey Water Quality Improvement Act of 1971," approved June 1, 1971 (P. L. 1971, c. 173; C. 58:10-23.1 et seq.).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

C. 58:10-23.11 Short title.

1. This act shall be known and may be cited as the "Spill Compensation and Control Act."
C. 58:10-23.1a Legislature's findings and declaration.

2. The Legislature finds and declares: that New Jersey's lands and waters constitute a unique and delicately balanced resource; that the protection and preservation of these lands and waters promotes the health, safety and welfare of the people of this State; that the tourist and recreation industry dependent on clean waters and beaches is vital to the economy of this State; that the State is the trustee, for the benefit of its citizens, of all natural resources within its jurisdiction; and that the storage and transfer of petroleum products and other hazardous substances between vessels, between facilities and vessels, and between facilities, whether onshore or offshore, is a hazardous undertaking and imposes risks of damage to persons and property within this State.

The Legislature finds and declares that the discharge of petroleum products and other hazardous substances within or outside the jurisdiction of this State constitutes a threat to the economy and environment of this State. The Legislature intends by the passage of this act to exercise the powers of this State to control the transfer and storage of hazardous substances and to provide liability for damage sustained within this State as a result of any discharge of said substances, by requiring the prompt containment and removal of such pollution and substances, and to provide a fund for swift and adequate compensation to resort businesses and other persons damaged by such discharge.

Compliance with such standards and plans shall not be deemed a defense in addition to the defenses enumerated in subsection d. of section 8 of this act.

C. 58:10-23.11e Notification to department by person causing discharge; penalty for failure.

   6. Any person responsible for causing a discharge shall immediately notify the department. Failure to so notify shall make persons liable to the penalty provisions of section 22 of this act.
C. 58:10-23.11f Removal of hazardous substances.

7. Whenever any hazardous substance is discharged, the department shall act to remove or arrange for the removal of such discharge, unless it determines such removal will be done properly and expeditiously by the owner or operator of the major facility or any other source from which the discharge occurs.

Removal of hazardous substances and actions to minimize damage from discharges shall, to the greatest extent possible, be in accordance with the National Contingency Plan for removal of oil and hazardous substances established pursuant to section 311 (c) (2) of the Federal Water Pollution Control Act Amendments of 1972 (P. L. 92-500, 33 U. S. C. 1251 et seq.).

Whenever the department acts to remove a discharge or contracts to secure prospective removal services, it is authorized to draw upon the money available in the fund. Such moneys shall be used to pay promptly for all cleanup costs incurred by the department in removing or in minimizing damage caused by such discharge.

Nothing in this section is intended to preclude removal and cleanup operations by any person threatened by such discharges, provided such persons coordinate and obtain approval for such actions with ongoing State or Federal operations. No action taken by any person to contain or remove a discharge shall be construed as an admission of liability for said discharge. No person who renders assistance in containing or removing a discharge shall be liable for any civil damages to third parties resulting solely from acts or omissions of such person in rendering such assistance except for acts or omissions of gross negligence or willful misconduct.

In the course of cleanup operations, no person shall discharge any detergent into the waters of this State without prior authorization of the commissioner.

C. 58:10-23.11g Liability for cleanup and removal costs.

8. The fund shall be strictly liable, without regard to fault, for all cleanup and removal costs and for all direct and indirect damages no matter by whom sustained, including but not limited to:

(1) The cost of restoring, repairing, or replacing any real or personal property damaged or destroyed by a discharge, any income lost from the time such property is damaged to the time such property is restored, repaired or replaced, and any reduction in value of such property caused by such discharge by comparison with its value prior thereto;

(2) The cost of restoration and replacement, where possible, of any natural resource damaged or destroyed by a discharge;
(3) Loss of income or impairment of earning capacity due to damage to real or personal property, including natural resources destroyed or damaged by a discharge; provided that such loss or impairment exceeds 10% of the amount which claimant derives, based upon income or business records, exclusive of other sources of income, from activities related to the particular real or personal property or natural resources damaged or destroyed by such discharge during the week, month or year for which the claim is filed;

(4) Loss of tax revenue by the State or local governments for a period of 1 year due to damage to real or personal property proximately resulting from a discharge;

(5) Interest on loans obtained or other obligations incurred by a claimant for the purpose of ameliorating the adverse effects of a discharge pending the payment of a claim in full as provided by this act.

b. The damages which may be recovered by the fund, without regard to fault, subject to the defenses enumerated in subsection d. of this section, against the owner or operator of a major facility or vessel, shall not exceed $50,000,000.00 for each major facility or $250.00 per gross ton for each vessel, except that such maximum limitation shall not apply and the owner or operator shall be liable for the full amount of such damages if it can be shown that such discharge was the result of (1) gross negligence or willful misconduct, within the knowledge and privity of the owner, operator or person in charge, or (2) a gross or willful violation of applicable safety, construction or operating standards or regulations. Damages which may be recovered from, or by, any other person shall be limited to those authorized by common or statutory law.

c. Any person who has discharged a hazardous substance shall be strictly liable, without regard to fault, for all cleanup and removal costs.

d. An act or omission caused solely by war, sabotage, governmental negligence, God, or a third party or a combination thereof shall be the only defenses which may be raised by any owner or operator of a major facility or vessel responsible for a discharge in any action arising under the provisions of this act. For the purposes of this act, no employee or agent of such owner or operator shall be considered as a third party. Any other person shall have available to him any defense authorized by common or statutory law.
C. 58:10-23.11b Imposition of tax; measurement; amount; return; filing; failure to file; penalty; presumptive evidence; powers of director.

9. a. There is hereby levied upon each owner or operator of one or more major facilities a tax to insure compensation for cleanup costs and damages associated with any discharge of hazardous substances to be paid by the transferee. The tax shall be measured by the number of barrels of hazardous substances transferred to the major facility, provided, however, that the same barrel, including any products derived therefrom, subject to multiple transfers from or between major facilities shall be taxed only once at the point of the first transfer.

b. The tax shall be $0.01 per barrel transferred until the balance in the fund equals or exceeds $25,000,000.00. In each fiscal year following any year in which the balance of the fund equals or exceeds $25,000,000.00, no tax shall be levied unless (1) the current balance in the fund is less than $20,000,000.00 or (2) pending claims against the fund exceed 50% of the existing balance of the fund. The provisions of the foregoing notwithstanding, should claims paid from the fund not exceed $5,000,000.00 within 3 years after the tax is first levied, the tax shall be $0.01 per barrel transferred until the balance in the fund equals or exceeds $18,000,000.00, and thereafter shall not be levied unless: (1) the current balance in the fund is less than $15,000,000.00 or (2) pending claims against the fund exceed 50% of the existing balance of the fund. In the event of either such occurrence and upon certification thereof by the State Treasurer, the director shall within 10 days of the date of such certification relevy the excise tax, which shall take effect on the first day of the month following such relevy. In the event of a major discharge or series of discharges resulting in claims against the fund exceeding the existing balance of the fund, the tax shall be levied at the rate of $0.04 per barrel transferred until the balance in the fund equals pending claims against the fund; provided, however, that the rate may be set at less than $0.04 per barrel transferred if the administrator determines that the revenue produced by such lower rate shall be sufficient to pay outstanding claims against the fund within 1 year of such levy. Should the fund exceed $18,000,000.00 or $25,000,000.00, as herein provided, as a result of such interest, the administrator and the commissioner shall report to the Legislature and the Governor concerning the options for the use of such interest.

c. (1) Every taxpayer shall on or before the twentieth day of the month following the close of each tax period render a return under oath to the director on such forms as may be prescribed by the
CHAPTER 141, LAWS OF 1976 629

director indicating the number of barrels of hazardous substances transferred to his major facility during the tax period and at said time shall pay the full amount of the tax due. (2) Every owner or operator of a major facility or vessel which transfers a hazardous substance, as defined in this act, and who is subject to the tax under subsection a. shall within 20 days after the first such transfer in any fiscal year register with the director on such form as shall be prescribed by him.

d. If a return required by this act is not filed, or if a return when filed is incorrect or insufficient in the opinion of the director, the amount of tax due shall be determined by the director from such information as may be available. Notice of such determination shall be given to the taxpayer liable for the payment of the tax. Such determination shall finally and irrevocably fix the tax unless the person against whom it is assessed, within 30 days after receiving notice of such determination, shall apply to the director for a hearing, or unless the director on his own motion shall redetermine the same. After such hearing the director shall give notice of his determination to the person to whom the tax is assessed.

e. Any taxpayer who shall fail to file his return when due or to pay any tax when the same becomes due, as herein provided, shall be subject to such penalties and interest as provided in the "State Tax Uniform Procedure Law," Subtitle 9 of Title 54 of the Revised Statutes. If the Division of Taxation determines that the failure to comply with any provision of this section was excusable under the circumstances, it may remit such part or all of the penalty as shall be appropriate under such circumstances.

f. (1) Any person failing to file a return, failing to pay the tax, or filing or causing to be filed, or making or causing to be made, or giving or causing to be given any return, certificate, affidavit, representation, information, testimony or statement required or authorized by this act, or rules or regulations adopted hereunder which is willfully false, or failing to keep any records required by this act or rules and regulations adopted hereunder, shall, in addition to any other penalties herein or elsewhere prescribed, be guilty of a misdemeanor.

(2) The certificate of the director to the effect that a tax has not been paid, that a return has not been filed, that information has not been supplied or that inaccurate information has been supplied pursuant to the provisions of this act or rules or regulations adopted hereunder shall be presumptive evidence thereof.
g. In addition to the other powers granted to the director in this section, he is hereby authorized and empowered:

(1) To delegate to any officer or employee of his division such of his powers and duties as he may deem necessary to carry out efficiently the provisions of this section, and the person or persons to whom such power has been delegated shall possess and may exercise all of said powers and perform all of the duties delegated by the director;

(2) To prescribe and distribute all necessary forms for the implementation of this section.

h. The tax imposed by this section shall be governed in all respects by the provisions of the “State Tax Uniform Procedure Law,” Subtitle 9 of Title 54 of the Revised Statutes, except only to the extent that a specific provision of this section may be in conflict therewith.

C. 58:10-23.11 New Jersey spill compensation fund established.

10. The New Jersey Spill Compensation Fund is hereby established as a nonlapsing, revolving fund in the Department of the Treasury to carry out the purposes of this act. The fund shall be credited with all taxes and penalties related to this act. Interest received on moneys in the fund shall be credited to the fund.

C. 58:10-23.11j Appointment and supervision of administrator of fund; powers and duties of administrator.

11. a. The State Treasurer shall appoint and supervise an administrator of the fund. The administrator shall be the chief executive of the fund and shall have the following powers and duties:

(1) To represent the State in meetings with the alleged discharger and claimants concerning liability for the discharge and the amount of the claims;

(2) To determine if boards of arbitration are needed to settle particular claims;

(3) To administer boards of arbitration;

(4) To certify the amount of claims and names of claimants to the State Treasurer.

C. 58:10-23.11k Claims.

12. Claims shall be filed with the administrator not later than 1 year after the date of discovery of damage nor later than 6 years after the date of the incident which caused the damage. The administrator shall prescribe appropriate forms and procedures for such claims, which shall include a provision requiring the claimant to make a sworn verification of the claim to the best of
his knowledge. Any person who knowingly gives or causes to be given any false information as a part of any such claim shall, in addition to any other penalties herein or elsewhere prescribed, be guilty of a misdemeanor. Upon receipt of any claim, the administrator shall as soon as practicable inform all affected parties of the claim.

C. 58:10-23.11 Settlement between claimant and person responsible for discharge.

13. The administrator shall attempt to promote and arrange a settlement between the claimant and the person responsible for the discharge. If the source of the discharge can be determined and liability is conceded, the claimant and the alleged discharger may agree to a settlement which shall be final and binding upon the parties and which will waive all recourse against the fund.

C. 58:10-23.11m Settlement when source of discharge unknown.

14. If the source of the discharge is unknown or cannot be determined, the claimant and the administrator shall attempt to arrange a settlement of any claim against the fund. The administrator is authorized to enter and certify payment of such settlement subject to such proof and procedures contained in regulations promulgated by the administrator.

C. 58:10-23.11n Boards of arbitration; when convened; selection; powers; expenses; decisions and determinations; judicial review; certification of settled claims and awards.

15. a. Boards of arbitration shall be convened by the administrator when persons alleged to have caused the discharge, the administrator or other persons contest the validity or amount of damage claims or cleanup and removal costs presented to the fund for payment. If the source of discharge is not known, any person may contest such claims presented for payment to the fund.

b. In the discretion of the administrator, a board of arbitration may consist of three persons or a single neutral person. In the case of three-person boards, one person shall be chosen by the person alleged to have caused the discharge, one person shall be chosen by the claimant, and one person shall be chosen by the first two to serve as chairman. If the two arbitrators cannot agree upon, select, and name the neutral arbitrator after their appointment, the administrator shall request the American Arbitration Association to utilize its procedures to select the neutral arbitrator. If the source of the discharge is unknown or liability is not conceded, the administrator shall request the American Arbitration Association to utilize its procedures to select the neutral arbitrator and
an arbitrator normally selected by the absent or unknown person. Representation by any party on the board shall not be considered as any admission of liability for such discharges. In the case of a one-person board, such neutral arbitrator may, in the discretion of the administrator, be selected by the administrator, by agreement of the affected parties or by utilization of the procedures of the American Arbitration Association; provided, however, that the administrator or any regular employee of the administrator or the department shall not act as an arbitrator.

(1) Arbitrators shall be designated by their principals within 30 calendar days after the administrator notifies the principals of claims against the fund arising from a discharge.

(2) Should either party fail to name an arbitrator within the designated time, then the administrator shall request the American Arbitration Association to utilize its procedures to select that arbitrator. The two arbitrators thus chosen shall select the neutral arbitrator required by this section.

c. One board of arbitration may be convened to hear and determine all claims arising from or related to a common discharge.

d. The boards shall have the power to order testimony under oath and may subpoena attendance and testimony of witnesses and the production of such documentary materials pertinent to the issues presented to the board for determination. Each person appearing before the board shall have the right to counsel.

e. All costs and expenses approved by the administrator attributable to the employment of any arbitrator shall be payable from the fund.

f. All decisions of the boards of arbitration shall be in writing with notification to all appropriate parties, and shall be rendered within 60 calendar days of the final appointment of the board unless the parties otherwise agree in writing to an extension.

g. Determinations made by the board shall be final. Any action for judicial review shall be filed in the Appellate Division of the Superior Court within 30 days of the filing of the decision with the administrator.

h. No sooner than 30 days after the determination of the arbitrators, nor more than 60 days thereafter, the arbitrators shall certify all claims settled or arbitrated to the administrator who, in turn, shall certify the amount of the award and the name of the claimant to the treasurer who shall pay the award from the fund. In any case in which the person responsible for the discharge
seeks judicial review, reasonable attorneys' fees and costs shall be awarded to the claimant if the decision of the board is affirmed.

C. 58:10-23.11o  Disbursement of moneys from fund; purposes.
16. Moneys in the New Jersey Spill Compensation Fund shall be disbursed by the administrator for the following purposes and no others:

(1) Costs incurred under section 7 of this act;
(2) Damages as defined in section 8 of this act;
(3) Such sums as may be necessary for research on the prevention and the effects of spills of hazardous substances on the marine environment and on the development of improved cleanup and removal operations as may be appropriated by the Legislature; provided, however, that such sums shall not exceed the amount of interest which is credited to the fund;
(4) Such sums as may be necessary for the boards, general administration of the fund, equipment and personnel costs of the department and any other State agency related to the enforcement of this act as may be appropriated by the Legislature;
(5) Such sums as may be appropriated by the Legislature for research and demonstration programs concerning the causes and abatement of ocean pollution; provided, however, that such sums shall not exceed the amount of interest which is credited to the fund.

The Treasurer may invest and reinvest any moneys in said fund in legal obligations of the United States, this State or any of its political subdivisions. Any income or interest derived from such investment shall be included in the fund.

C. 58:10-23.11p  Class action by public advocate.
17. The Department of the Public Advocate may act to assert such claims as are alleged against the fund by persons who in the opinion of the Public Advocate, may be better represented as a class in recovery of damage or cleanup costs provided by this act. All moneys recovered for this class from the fund shall be distributed by the Department of the Treasury after certification by the administrator. Failure by the Department of Public Advocate to act on behalf of such class shall in no way prejudice the claims to be asserted by such class or individuals under the provisions of this act.

C. 58:10-23.11q  Payment of cleanup costs or damages arising from single incident.
18. Payment of any cleanup costs or damages by the fund arising from a single incident shall be conditioned upon the administrator
acquiring by subrogation all rights of the claimant to recovery of such costs or damages from the discharger or other responsible party. The administrator shall then seek satisfaction from the discharger or other responsible party in the Superior Court if the discharger or other responsible party does not reimburse the fund. In any such suit, except as provided by subsection d. of section 8 of this act, the administrator need prove only that an unlawful discharge occurred which was the responsibility of the discharger or other responsible party. The administrator is hereby authorized and empowered to compromise and settle the amount sought for costs and damages from the discharger or other responsible party and any penalty arising under this act.

C. 58:10-23.11r Payments on prorated basis; priorities.
19. In the event that the total awards for a specific occurrence exceed the current balance of the fund, the immediate award shall be paid on a prorated basis, and all claimants paid on a prorated basis shall be paid, as determined by the administrator, a pro rata share of all funds received by the fund until the total amount of the proven damages is paid to the claimant or claimants. The administrator may also provide through regulation to fix the priority for the payment of claims based on extreme hardship.

C. 58:10-23.11s Claims against bond, insurer or other person with financial responsibility.
20. Any claims for costs of cleanup, civil penalties or damages by the State, and any claim for damages by any injured person, may be brought directly against the bond, the insurer, or any other person providing evidence of financial responsibility.

C. 58:10-23.11t Rules and regulations.
21. The commissioner, the State Treasurer and the director, respectively, are authorized to adopt, amend, repeal, and enforce such rules and regulations pursuant to the Administrative Procedure Act, P. L. 1968, c. 410 (C. 52:14B-1 et seq.) as they may deem necessary to accomplish their respective purposes and responsibilities under this act.

C. 58:10-23.11u False claims; violation of act; penalty enforcement.
22. Any person who knowingly gives or causes to be given any false information as a part of, or in response to, any claim made pursuant to this act for cleanup costs, removal costs, direct damages or indirect damages resulting from a discharge, or who otherwise violates any of the provisions of this act or any rule promulgated thereunder shall be liable to a penalty of not more than $25,000.00
for each offense, to be collected in a summary proceeding under the "Penalty Enforcement Law" (N. J. S. 2A:58-1 et seq.) or in a court of competent jurisdiction wherein injunctive relief has been requested. The Superior Court shall have jurisdiction to enforce said Penalty Enforcement Law. If the violation is of a continuing nature each day during which it continues shall constitute an additional, separate and distinct offense.

C. 58:10-23.11v Pursuit of other civil or injunctive remedy.
23. Nothing in this act shall be deemed to preclude the pursuit of any other civil or injunctive remedy by any person. The remedies provided in this act are in addition to those provided by existing statutory or common law, but no person who receives compensation for damages or cleanup costs pursuant to any other State or Federal law shall be permitted to receive compensation for the same damages or cleanup costs under this act.

C. 58:10-23.11w Partial invalidity.
24. If any section, subsection, provision, clause or portion of this act is adjudged unconstitutional or invalid by a court of competent jurisdiction, the remainder of this act shall not be affected thereby.

C. 58:10-23.11x Construction of act.
25. This act, being necessary for the general health, safety, and welfare of the people of this State, shall be liberally construed to effect its purposes.

C. 58:10-23.11y Annual report.
26. The commissioner and administrator shall make an annual report to the Legislature and Governor which shall describe the quality and quantity of spills of hazardous substances, the costs and damages paid by and recovered for the fund, and the economic and environmental impact on the State as a result of the administration of this act.

C. 58:10-23.11z Federal legislation providing compensation; commissioner's determinations and recommendations.
27. If the United States Congress enacts legislation providing compensation for the discharge of petroleum and hazardous products, the commissioner shall determine to what degree that legislation provides the needed protection for our citizens, businesses and environment and shall make the appropriate recommendations to the Legislature for amendments to this act.
Repealer.

28. Sections 1 through 10 of P. L. 1971, c. 173 (C. 58:10–23.1 to 58:10–23.10) are repealed.

29. This act shall take effect on the first day of the third month after enactment.

Approved January 6, 1977.

JOHN J. DEGNAN,
Executive Secretary to the Governor.
WHEREAS, It is essential that all persons supplying goods or services to the State of New Jersey, or performing contracts or otherwise executing public works with the assistance of and subject to the approval of the State, must meet a standard of responsibility which assures the State and its citizens that such persons will both compete and perform honestly in their dealings with the State and avoid secret or illicit dealing; and

WHEREAS, It is essential that such persons be fully informed of policies of the State in this regard, and be afforded procedural safeguards appropriate to circumstances which such policies may occasion; and

WHEREAS, The courts have affirmed the duty and obligation of State officials to develop and effectuate such policies; and

WHEREAS, It is essential that such policies be uniformly applied by the various agencies of the Executive Branch, and that uniform procedures be adopted to implement them;

Now, THEREFORE, I, Brendan T. Byrne, Governor of the State of New Jersey, do hereby ORDER and DIRECT that:

1. Debarment, suspension and disqualification are measures which shall be invoked by the State to exclude or render ineligible certain persons from participation in contracts and subcontracts with the State, or in projects or contracts performed with the assistance of and subject to the approval of the State, on the basis of a lack of responsibility. These measures shall be used for the purpose of protecting the interests of the State and not for punishment. To assure the State the benefits to be derived from the full and free competition between and among such persons and to maximize the opportunity for honest competition and performance, these measures shall not be invoked for any time longer than deemed necessary to protect the interests of the State.

2. As used in this Order:
   (a) "Debarment" means an exclusion from State contracting, on the basis of a lack of responsibility evidenced by an offense, failure, or inadequacy of performance, for a reason-
able period of time commensurate with the seriousness of the offense, failure, or inadequacy of performance.

(b) "Suspension" means an exclusion from State contracting for a temporary period of time, pending the completion of an investigation or legal proceedings.

c) "Disqualification" means a debarment or a suspension which denies or revokes a qualification to bid or otherwise engage in State contracting which has been granted or applied for pursuant to statute, or rules and regulations.

(e) "Person" means any natural person, company, firm, association, corporation, or other entity.

(f) "State contracting" means any arrangement giving rise to an obligation to supply any thing to or perform any service for the State, other than by virtue of State employment, or to supply any thing to or perform any service for a private person where the State provides substantial financial assistance and retains the right to approve or disapprove the nature or quality of the goods or service or the persons who may supply or perform the same.

g) "Affiliates" means persons having an overt or covert relationship such that any one of them directly or indirectly controls or has the power to control another.

3. The executive head of each department or agency in the Executive Branch, with the lawful authority to engage in State contracting, shall, within 90 days of the date of this Order and in accordance with the provisions of the Administrative Procedures Act (P. L. 1968, c. 410, C. 52:14B-1 et seq.), promulgate rules and regulations governing the causes, conditions and procedures applicable to determinations of debarment, suspension and disqualification by that department or agency. Such rules and regulations shall to the extent consistent with existing law conform to the minimum standards hereinafter set forth, but need not be limited to such standards. In addition to any other filing required by law to be made, each executive head shall file with the Attorney General and the Treasurer a copy of such rules and regulations as may be promulgated.

4. Subject to the conditions hereinafter described, the rules and regulations referred to in Section 3 supra, shall authorize the
department or agency to debar a person in the public interest for any of the following causes:

(a) Commission of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract, or subcontract thereunder, or in the performance of such contract or subcontract.

(b) Violation of the Federal Organized Crime Control Act of 1970, or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, perjury, false swearing, receiving stolen property, obstruction of justice, or any other offense indicating a lack of business integrity or honesty.

(d) Violations of any of the laws governing the conduct of elections of the State of New Jersey or of its political subdivisions.

(e) Violation of the "Law Against Discrimination" (P. L. 1945, c. 169, C. 10:5-1 et seq., as supplemented by P. L. 1975, c. 127), or of the act banning discrimination in public works employment (C. 10:2-1 et seq.) or of the Act prohibiting discrimination by industries engaged in defense work in the employment of persons therein C. 114, L. 1942, C. 10:1-10 et seq.).

(f) Violations of any laws governing hours of labor, minimum wage standards, prevailing wage standards, discrimination in wages, or child labor.

(g) Violations of any laws governing the conduct of occupations or professions or regulated industries.

(h) Willful failure to perform in accordance with contract specifications or within contractual time limits.

(i) A record of failure to perform or of unsatisfactory performance in accordance with the terms of one or more contracts, provided that such failure or unsatisfactory performance has occurred within a reasonable time preceding the determination to debar and was caused by acts within the control of the person debarred.

(j) Violation of contractual or statutory provisions regulating contingent fees.

(k) Any other cause affecting responsibility as a State contractor of such serious and compelling nature as may be
determined by the department or agency to warrant debarment, including such conduct as may be prescribed by the laws or contracts enumerated in this paragraph even if such conduct has not been or may not be prosecuted as violations of such laws or contracts.

(1) Debarment by some other department or agency in the Executive Branch.

5. The rules and regulations concerning debarment required herein shall include in substance the following conditions:

(a) Debarment shall be made only upon approval of the executive head of the department or agency, except as otherwise provided by law.

(b) The existence of any of the causes set forth in paragraph 4 of this Order shall not necessarily require that a person be disbarred. In each instance, the decision to debar shall be made within the discretion of the head of the department or agency unless otherwise required by law, and shall be rendered in the best interests of the State.

(c) All mitigating factors shall be considered in determining the seriousness of the offense, failure or inadequacy of performance and in deciding whether debarment is warranted.

(d) The existence of a cause set forth in subparagraphs (a), (b), (c), (d), (e), (f), and (g) of paragraph 4 of this Order shall be established upon the rendering of a final judgment or conviction by a court of competent jurisdiction or by an administrative agency empowered to render such judgment. In the event an appeal taken from such judgment or conviction results in reversal thereof, the debarment shall be removed upon the request of the debarred person unless other cause for debarment exists.

(e) The existence of a cause set forth in subparagraphs (h), (i), (j), and (k) of paragraph 4 of this Order shall be established by evidence which the department or agency determines to be clear and convincing in nature.

(f) Debarment for the cause set forth in subparagraph (l) of paragraph 4 of this Order shall be proper provided that one of the causes set forth in subparagraph 4(a) through 4(k) was the basis for debarment by the original debarring agency. Such debarment may be based entirely on the record of facts obtained by the original debarring agency, or upon a combination of such facts and additional facts.
6. The rules and regulations concerning debarment required by this Order shall include in substance the following provisions regarding procedures, period of debarment and scope of debarment:

(a) A department or agency seeking to debar a person or his affiliates shall furnish such party with a written notice: (i) stating that debarment is being considered, (ii) setting forth the reasons for the proposed debarment, and (iii) indicating that such party will be accorded an opportunity for a hearing if he so requests within a stated period of time. All such hearings shall be conducted in accordance with the provisions of the Administrative Procedures Act. However, where one department or agency has imposed debarment upon a party, a second department or agency may also impose a similar debarment without accoring an opportunity for a hearing, provided that the second agency furnishes notice of the proposed similar debarment to that party, and accords that party an opportunity to present information in his behalf to explain why the proposed similar debarment should not be imposed in whole or in part.

(b) Debarment shall be for a reasonable, definitely stated period of time which as a general rule shall not exceed 5 years. Debarment for an additional period shall be permitted provided that notice thereof is furnished and the party is accorded an opportunity to present information in his behalf to explain why the additional period of debarment should not be imposed.

(c) Except as otherwise provided by law, a debarment may be removed or the period thereof may be reduced in the discretion of the debarring agency upon the submission of a good faith application under oath, supported by documentary evidence, setting forth substantial and appropriate grounds for the granting of relief, such as newly discovered material evidence, reversal of a conviction or judgment, actual change of ownership, management or control, or the elimination of the causes for which the debarment was imposed.

(d) A debarment may include all known affiliates of a person, provided that each decision to include an affiliate is made on a case by case basis after giving due regard to all relevant facts and circumstances. The offense, failure or inadequacy of performance of an individual may be imputed
to a person with whom he is affiliated, where such conduct was accomplished within the course of his official duty or was effected by him with the knowledge or approval of such person.

7. Subject to the conditions hereinafter described, the rules and regulations required by this Order shall authorize the department or agency to suspend a person in the public interest for any cause specified in paragraph 4 of this Order, or upon a reasonable suspicion that such cause exists.

8. The rules and regulations concerning suspension required by this Order shall include in substance the following conditions:

(a) Suspension shall be imposed only upon approval of the executive head of the department or agency and upon approval of the Attorney General, except as otherwise provided by law.

(b) The existence of any cause for suspension shall not require that a suspension be imposed, and a decision to suspend shall be made at the discretion of the executive head of the department and of the Attorney General, and shall be rendered in the best interests of the State.

(c) Suspension shall not be based upon unsupported accusation, but upon adequate evidence that cause exists or upon evidence adequate to create a reasonable suspicion that cause exists.

(d) In assessing whether adequate evidence exists, consideration shall be given to the amount of credible evidence which is available, to the existence or absence of corroboration as to important allegations, and to inferences which may properly be drawn from the existence or absence of affirmative facts.

(e) Reasonable suspicion of the existence of a cause described in subparagraphs (a), (b), (c), (d), (e), (f), and (g) of paragraph 4 of this Order may be established by the rendering of a final judgment or conviction by a court or administrative agency of competent jurisdiction, by grand jury indictment, or by evidence that such violations of civil or criminal law did in fact occur.

(f) A suspension invoked by an agency for any of the causes described in subparagraphs (a), (b), (c), (d), (e), (f), (g), (h), (i), (j), (k), and (l) of paragraph 4 of this Order may be the basis for the imposition of a concurrent suspen-
sion by another agency, which may impose such suspension without the approval of the Attorney General.

9. The rules and regulations concerning suspension required by this Order shall include in substance the following provisions regarding procedures, period of suspension and scope of suspension:

(a) A department or agency may suspend a person or his affiliates, provided that within 10 days after the effective date of the suspension, the agency provides such party with a written notice: (i) stating that a suspension has been imposed and its effective date, (ii) setting forth the reasons for the suspension to the extent that the Attorney General determines that such reasons may be properly disclosed, (iii) stating that the suspension is for a temporary period pending the completion of an investigation and such legal proceedings as may ensue, and (iv) indicating that, if such legal proceedings are not commenced or the suspension removed within 60 days of the date of such notice, the party will be given either a statement of the reasons for the suspension and an opportunity for a hearing if he so requests, or a statement declining to give such reasons and setting forth the agency’s position regarding the continuation of the suspension. Where a suspension by one agency has been the basis for suspension by another agency, the latter shall note that fact as a reason for its suspension.

(b) A suspension shall not continue beyond 18 months from its effective date unless civil or criminal action regarding the alleged violation shall have been initiated within that period, or unless debarment action has been commenced. Whenever prosecution or debarment action has been initiated, the suspension may continue until the legal proceedings are completed.

(c) A suspension may include all known affiliates of a person, provided that each decision to include an affiliate is made on a case by case basis after giving due regard to all relevant facts and circumstances. The offense, failure or inadequacy of performance of an individual may be imputed to a person with whom he is affiliated, where such conduct was accomplished within the course of his official duty or was effectuated by him with the knowledge or approval of such person.

10. The rules and regulations required by this Order shall contain such provisions as may be necessary to conform existing
practices and procedures under any relevant prequalification statutes to the procedures governing debarment and suspension required herein, to the extent that such existing practices and procedures may concern the disqualification of any person from State contracting.

11. The rules and regulations required by this Order shall provide that the exclusion from State contracting by virtue of debarment, suspension or disqualification shall extend to all State contracting and subcontracting within the control or jurisdiction of the department or agency which imposes the exclusion. However, when it is determined essential to the public interest by the head of the department or agency, and upon filing of a finding thereof with the Attorney General, an exception from total exclusion may be made with respect to a particular State contract.

12. Insofar as practicable, prior notice shall be given to the Attorney General and the Treasurer of any proposed debarment or suspension.

13. The Treasurer shall maintain a current list of the names of all persons suspended or debarred, the effective date and term if any thereof, and the agency or agencies which imposed same. Such list shall be available for public inspection.

14. Departments and agencies required by this Order to promulgate rules and regulations governing debarment and suspension are hereby authorized in connection with any proceeding thereunder to receive such information regarding the criminal conduct or criminal record of any person to the extent that such disclosure is deemed appropriate by the Attorney General, consistent with existing Federal and State law.

15. Nothing required by this Order shall be construed to limit the authority of any department or agency to refrain from contracting within the discretion allowed by law.

Given, under my hand and seal this 29th day of March, in the year of Our Lord, one thousand nine hundred and seventy-six, of the Independence of the United States, the two hundredth.

The formulation of the State housing goal, to the extent the director deems appropriate, shall take into account the capacity of the public and private sector to ameliorate the State housing need within a reasonable time period. The director also may announce the State housing goal in time stages.

6. a. The director, in allocating this goal to each county or group of counties, shall take into account the following:
   (1) The extent to which housing need exists in each county or group of counties.
(2) The extent to which employment growth or decline has been experienced in each county or group of counties.

(3) The extent to which the fiscal capacity to absorb the housing goal exists within each county or group of counties.

(4) The extent to which appropriate sites to provide for the housing goal exist within each county or group of counties.

(5) Other factors as may be necessary and appropriate.

b. Consistent with these standards, the director may suballocate the housing goal or goals of a county or group of counties to groups of contiguous municipalities comprising major geographic areas of a county or group of counties.

7. The housing goal allocated to each county shall specify a minimum number of housing units economically suitable for different segments of the population for which an adequate range of appropriate sites should be made available within the county. Appropriate sites include any land or residential structure that is suitable or amenable to providing a location for housing development, redevelopment, rehabilitation, or program of assistance for existing housing.

8. The director, except as provided in section 9 of this Order, shall allocate each county housing goal among the municipalities in a county and each housing goal for a group of contiguous municipalities selected pursuant to subsection 6 b. of this Order among the municipalities within such a group. This allocation of a county housing goal among municipalities in a county or a group housing goal among the municipalities in a group of contiguous municipalities selected pursuant to subsection 6 b. of this Order shall take into account the following factors:

(a) The existence at the municipal level of physically substandard and overcrowded housing.

(b) The existence at the municipal level of households paying a disproportionate share of income for rent.

(c) Past, present and anticipated employment growth and relative access to these employment opportunities by low and moderate income workers.

(d) Relative availability of appropriate sites for housing on a municipal basis.

(e) Relative capacity of municipalities to absorb additional housing units as measured by fiscal capacity.
(f) Relative municipal shares of low and moderate income households, and anticipated change in such households.

(g) Past, present and anticipated residential and nonresidential municipal growth patterns.

(h) The existence of a county development plan as it relates to fair share housing needs in that county.

(i) Other factors as may be necessary and appropriate.

9. The director may delegate to a county planning board the authority to allocate the county housing goal among the municipalities in the county and any housing goals for groups of contiguous municipalities selected pursuant to subsection 6 b. of this Order among the municipalities within such groups. Such county planning board allocation shall conform to the standards in section 8 of this Order and appropriate guidelines provided by the director. If a county planning board does not allocate the municipal housing goals in a reasonable period of time, as determined by the director and consistent with the time periods of section 2 of this Order, or if the director determines that the allocations do not conform to the standards in section 8 of this Order and the guidelines provided by the director; then the director, consistent with the standards of section 8, shall perform the housing goal allocation which had been delegated to the county planning board.

10. (a) The director may promulgate the allocations required pursuant to section 8 of this Order and may authorize a county planning board to promulgate allocations pursuant to section 9 of this Order in time stages which give a priority to the promulgation of allocations for developing municipalities.

(b) The director may promulgate the allocations required pursuant to section 8 of this Order and may authorize a county planning board to promulgate the allocations required pursuant to section 9 of this Order by initially promulgating collective allocations to small groups of contiguous municipalities which individually would receive relatively low allocations pursuant to section 8 of this Order.

11. The director shall provide opportunities for the public, other agencies of State government; and regional, county, and municipal planning agencies to comment on the determinations of housing need and the allocation of housing goals pursuant to this Order.

12. State officials administering State and Federal programs providing grant and loan aid and technical assistance to munici-
palities and counties for open space preservation, sewerage improvements, community development, local program management and comprehensive planning, housing development and demonstration projects, housing finance, interlocal services; and the construction, repair, and maintenance of municipal and county roads and bridges; local street lighting projects, and programs supporting public transportation shall, in accordance with existing law and for purposes of providing incentive aid consistent with the objectives of this Executive Order, give priority where appropriate to municipalities which are meeting or are in the process of meeting a fair share of low and moderate income housing needs. State officials participating in regional planning activities and regional clearinghouse review and comment decisions on municipal and county applications for Federal funding shall take into account whether a municipality or group of municipalities is meeting or in the process of meeting a fair share of low and moderate income housing. Any municipality in which a disproportionately large share of low and moderate income households resides and which is making an effort to improve housing conditions shall not be assigned a lower priority under the provisions of this section.

13. The director may establish procedures and guidelines for determining whether a municipality has reasonably accommodated its municipal housing goal, as determined pursuant to this Order, and may report periodically on the progress of municipalities in complying with their respective allocations.

14. The director of the Division of State and Regional Planning shall continue to prepare comprehensive housing and land-use plans for guiding development decisions in this State. This comprehensive planning activity, consistent with the fair share housing objectives of this Order, shall continue to be a part of the housing and land-use programs of this State.

REORGANIZATION PLANS
REORGANIZATION PLAN OF THE DIVISION OF LOCAL GOVERNMENT SERVICES

The Bureau of Financial Regulation and Assistance in the Division of Local Government Services in the Department of Community Affairs, together with all its functions, powers and duties, and the Local Finance Board in the Division of Local Government Services in the Department of Community Affairs, together with all its functions, powers and duties, are hereby transferred to the Department of the Treasury.

The Bureau of Financial Regulation and Assistance, as presently organized, reviews and certifies all municipal budgets, is responsible for post-audit review of municipal and county government, and provides financial guidance to local governments. The Local Finance Board approves fiscal transactions of municipalities in, or in danger of falling into, unsound fiscal condition, and has jurisdiction over municipalities which are insolvent.

Placing these local budgeting and financing functions in the Department of the Treasury will assure more effective oversight of municipal and county finance. The problems of local finance have changed to such a degree that a new organization of State oversight and advisory functions is necessary. The transfer proposed by the reorganization plan will enable the State to coordinate better its own financings with the borrowing schedules of local governments. Also a merger of governmental budgeting and financing functions will promote a greater sharing of expertise of the officials of State Government concerned with State and local finance. In addition, this proposed transfer enables the Bureau of Financial Regulation and Assistance and the Local Finance Board to work more effectively with the Division of Investment to improve local investment and debt management practices.

In accordance with the provisions of the Executive Reorganization Act of 1969, P. L. 1969, c. 203 (C. 52:34C-2), I find and declare that this transfer and reorganization is necessary:

(1) To promote the more effective management of the Executive Branch;

(2) To reduce expenditures and promote economy to the fullest extent practicable;
(3) To increase the efficiency of the operations of the Executive Branch to the fullest extent practicable;

(4) To group, coordinate, and consolidate agencies and functions of the Executive Branch, as nearly as practicable, according to major purposes;

(5) To eliminate overlapping and duplication of effort.

All acts and parts of acts inconsistent with any of the provisions of this reorganization plan are superseded to the extent of such inconsistencies. All transfers directed by this reorganization plan shall be effective pursuant to the "State Agency Transfer Act," P. L. 1971, c. 375 (C. 52:14D-1 et seq.).

Any provisions of this plan which conflict with Federal law are null and void.

REORGANIZATION PLAN OF THE OFFICE OF CIVILIAN DEFENSE DIRECTOR

The functions, powers and duties of the Office of Civilian Defense Director are hereby transferred from the Department of Defense to the Department of Law and Public Safety.

The Office of Civilian Defense Director is directed by statute to assist the Governor in protecting the public health, safety and welfare during any emergency. To a large extent, these functions and responsibilities are also within the scope of the public safety and law enforcement responsibilities of the Department of Law and Public Safety. In emergency situations, the State Police in the Department of Law and Public Safety provide communications services and personnel to coordinate and perform rescue services throughout the State, and maintain continuing contacts with local police, fire and rescue units utilized during periods of emergency.

The placement of civil defense responsibilities within the Department of Defense has reflected the traditional concept of civil defense as preparation for possible enemy attacks. In recent years, however, civil defense's activities have been primarily confined to responding to natural disasters and other emergencies. During most emergencies, relief efforts have been undertaken by the State
Police with the assistance of county and local relief units. This proposed reorganization is intended to promote coordination of such activities, and to eliminate duplication of effort in emergency relief situations. The reorganization will also improve disaster planning, which is now conducted by the Governor’s Advisory Council on Emergency Services, an officer.

In accordance with the provisions of the Executive Reorganization Act of 1969, P. L. 1969, c. 203 (C. 52:14C-2), I find and declare that this transfer and reorganization is necessary:

(1) To promote the more effective management of the Executive Branch;
(2) To reduce expenditures and promote economy to the fullest extent practicable;
(3) To increase the efficiency of the operations of the Executive to the fullest extent practicable;
(4) To group, coordinate, and consolidate agencies and functions of the Executive Branch, as nearly as may be, according to major purposes;
(5) To reduce the number of agencies by consolidating those having similar functions under a single head; and
(6) To eliminate overlapping and duplication of effort.

All acts and parts of acts inconsistent with any of the provisions of this reorganization plan are superseded to the extent of such inconsistencies. The civilian defense director shall continue to be appointed by the Governor pursuant to the provisions of N. J. S. A.9-35. All transfers directed by this reorganization plan shall be in accordance with the provisions of the “State Agency Transfer Act,” P. L. 1971, c. 375 (C. 52:14D-1 et seq.).

Any provisions of this plan which conflict with Federal law are null and void.

Governor.
