LAWS
An Act to amend the title of "An act concerning passenger railroad service required for the convenience and necessity of the people of New Jersey, and providing for the continuation and improvement of passenger service on a contractual basis and for the cost and expense thereof," approved June 22, 1960 (P. L. 1960, c. 66), so that the same shall read "An act concerning passenger railroad and ferry service required for the convenience and necessity of the people of New Jersey, and providing for the continuation and improvement of passenger service on a contractual basis and for the cost and expense thereof," and to amend the body of said act.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. The title of "An act concerning passenger railroad service required for the convenience and necessity of the people of New Jersey, and providing for the continuation and improvement of passenger service on a contractual basis and for the cost and expense thereof," approved June 22, 1960, is amended to read "An act concerning passenger railroad and ferry service required for the convenience and necessity of the people of New Jersey, and providing for the continuation and improve-
ment of passenger service on a contractual basis and for the cost and expense thereof.'”

2. Section 1 of the act of which this act is amendatory is amended to read as follows:

1. Legislative findings and policy. The Legislature hereby finds and determines that:

   (a) Commuter and suburban rail passenger and ferry service between points within this State and between points in this State and in adjacent metropolitan areas in other States has been declining generally for the last several years;

   (b) This decline has been and is being caused principally by the diversion of potential users of such commuter and suburban rail passenger and ferry service to public highways and to vehicular river crossings and other facilities and is resulting in an increase in highway congestion costly to the State and its people and consequent impairment of the efficiency and adequacy of the State’s public transportation system available for its citizens, commerce and industry;

   (c) In these circumstances, there has been substantial curtailment of commuter and suburban rail passenger and ferry service, and further curtailments are continually being sought by the railroads and ferry operators;

   (d) Continuation of these trends will confront the State with the likelihood of substantial curtailments and discontinuances of vital commuter and suburban rail passenger and ferry service within the next 2 or 3 years;

   (e) Substantial further curtailment of such commuter and suburban rail passenger and ferry service will increase highway congestion which will require the expenditure of many millions of dollars by the State and its counties and municipalities and other agencies for the construction of additional roads, bridges and tunnels;

   (f) Substantial further curtailment of such commuter and suburban rail passenger and ferry service will adversely affect economic values in large
portions of the State to the detriment of the people of the entire State;

(g) It is essential to the public health, safety and welfare and to the development of the industrial potential of the State that such commuter and suburban rail passenger and ferry service be preserved, and increased, if possible, at least until it is determined whether more efficient and desirable alternative means of transportation can be economically provided;

(h) The facilities of railroads and ferries providing necessary commuter and suburban rail passenger and ferry service are an essential part of the State's public transportation system, and it is in the public interest under all conditions now foreseeable that they be preserved and improved and that to this end contracts be made between the State and the railroads and ferry companies operating such facilities providing for necessary and approved commuter and suburban rail passenger and ferry service by the railroads and ferry companies in return for payment to each contracting railroad and ferry company by the State, out of such appropriation or appropriations as may be made by the Legislature, or from such other funds which may be made available from time to time, of compensation not exceeding the value to the State of the consideration received or to be received by the State and the service to the public so rendered by such railroad or ferry company.

3. Section 2 of the act of which this act is amendatory is amended to read as follows:

2. Definitions. Hereafter in this act, unless the context indicates another or different meaning or intent:

(a) “Carrier” shall mean any individual, partnership, association, corporation, joint stock company, receiver or trustee operating any railroad in this State or ferry service between points in this State and adjacent metropolitan areas in other States, for public use except a railroad providing
substantially no transportation service other than the carriage of passengers;

(b) "Commissioner" shall mean the State Highway Commissioner;

(c) "Fiscal year" shall mean a period of 12 consecutive calendar months ending on June 30 of any year;

(d) "Passenger service" as to railroads shall mean activities and facilities provided upon a railroad for or incidental to the carriage of commuter and suburban passengers between points within this State or between points in this State and in adjacent metropolitan areas in other States, and as to ferries shall mean activities and facilities provided upon a ferry for or incidental to the carriage of passengers and vehicles between points in this State and in adjacent metropolitan areas but does not include any nonrevenue movements of trains or ferries;

(e) "Approved service" shall have the meaning ascribed to said term in section 3 of this act;

(f) "Contracted service" shall mean the passenger service which the carrier shall be required to operate and for which the State shall be obligated to pay under the terms of this act;

(g) "Car mile" shall mean the unit which is computed by (1) multiplying the number of passenger seats in a train (including self-propelled units) moved within this State by a railroad in revenue service by the number of miles of such movements, and (2) dividing the product so obtained by 85;

(h) "Approved service car miles" means the total number of car miles operated in trains required to provide the passenger service which the commissioner has found to be necessary for a fiscal year pursuant to the provisions of section 3 of this act;

(i) "Maximum rate" shall mean, with respect to a fiscal year, the dollar obtained by dividing (1) the amount appropriated for such fiscal year for expenditure pursuant to the act by (2) the approved service car-miles for such fiscal year.
4. Section 3 of the act of which this act is amendatory is amended to read as follows:

3. Approved passenger service. The commissioner annually shall investigate, determine and in writing state the passenger service which for and during the next fiscal year is essential in the public interest. The following factors shall be taken into account in addition to whatever other circumstances the commissioner believes just and reasonable, (1) the State’s need of time and money to develop an orderly program for providing substitutes for or supplements to passenger service theretofore discontinued or in danger of discontinuance thereafter, (2) the likelihood of curtailment or discontinuance of passenger service in the area affected by the contract and the alternate means of transportation available for said area, (3) comparisons of the contribution made by the State toward the cost of transportation of passengers (a) by rail or ferry under this act or (b) by vehicle operated on highways, bridges or tunnels, (4) the effect on other transportation facilities of further curtailment of passenger service (5) the growth trends of population in this State and the economic loss to the State if passenger service is not preserved and, in due course, expanded to meet the transportation needs in areas where such trends indicate increasing population, (6) the danger to the public health, safety and welfare inherent in loading more vehicles on highways, bridges and tunnels, and (7) the effect on tax revenues and economic values in any area of continued construction of highways, bridges and tunnels. The determination shall describe what service is essential in the public interest to be maintained or restored for each carrier (such service shall be described as “approved service”). The determination shall be made public and filed with the Secretary of State 90 days before the commencement of each fiscal year. In aid of the investigation leading to the making of such determination the commissioner shall hold hearings, meetings and conferences where interested parties may advise,
make known to, and give the commissioner any facts, material or recommendations that would be of assistance under the circumstances.

5. Section 4 of the act of which this act is amendatory is amended to read as follows:

4. Contracts for approved service. 1. In order to conserve and improve passenger service necessary for public use now and in future years in this State, but subject to the limitations of this act, the State of New Jersey, acting by and through the commissioner, may enter into contract or contracts in accordance with this act with any rail carrier offering and agreeing to the same, providing for operation by such carrier of any part of such approved passenger service during all or any part of a fiscal year subject to the following conditions:

(a) Every such contract shall limit the amounts to be paid by the State pursuant to such contract and all other contracts entered into in accordance with this act with respect to the same fiscal year to a sum not exceeding the amount of the appropriation or appropriations for such fiscal year made by law for expenditure pursuant to this act, and shall contain provisions consistent with this paragraph for the ratable reduction or limitation of amounts payable by the State.

(b) No such contract with respect to any fiscal year shall provide for payment by the State for or with respect to any car mile upon the basis of a rate in excess of the maximum rate determined with respect to such fiscal year.

(c) Every such contract with respect to a fiscal year shall describe the passenger service which the carrier shall be required to operate under the terms of such contract. Such description shall set forth a plan for the operation of the contracted service which shall include timetables, train consists and fare tariffs applicable to the service and all such other provisions as the commissioner may deem reasonable.

(d) If the contract contains any provisions respecting a change from existing fare tariffs the
specific rates to be collected during the term of the contract for all passenger service to be operated shall be stated therein.

2. The State of New Jersey acting by and through the commissioner may enter into a contract or contracts in accordance with this act with any ferry carrier offering and agreeing to the same, providing for operation by such carrier of any part of its approved passenger service during all or any part of a fiscal year. The amount payable to any one ferry carrier shall be determined by the commissioner in his discretion as is necessary to preserve the approved passenger service, provided, however, that payments shall not exceed $100,000.00 to any one ferry carrier in any one fiscal year. Such contracts shall be subject also to the following conditions:

(a) Every such contract shall limit the amounts to be paid by the State pursuant to such contract and all other contracts entered into in accordance with this act, and shall contain provisions consistent with this paragraph for the ratable reduction or limitation of amounts payable by the State.

(b) Every such contract with respect to a fiscal year shall describe the passenger service which the carrier shall be required to operate under the terms of such contract. Such description shall set forth a plan for the operation of the contracted service which shall include timetables, and fare tariffs applicable to the service and all such other provisions as the commissioner may deem reasonable.

(c) If the contract contains any provisions respecting a change from existing fare tariffs the specific rates to be collected during the term of the contract for all passenger service to be operated shall be stated therein.

Any such contracts shall be payable from any amount appropriated to carry out the provisions of this act.

6. Section 5 of the act of which this act is amendatory is amended to read as follows:
5. Obligation of contracting carrier. Each contract entered into in accordance with this act shall obligate the carrier:

(a) To operate a schedule of passenger service, on the main line and branch lines of the railroad operated by it and on or over tracks of other railroads as required, in accordance with and as described in said contract, or to operate a schedule of passenger and vehicular ferry service, and to collect fares from persons (other than those employees of railroads or ferries allowed free passage in such passenger service and those persons allowed free passage or reduced fares in such passenger service under statutes heretofore enacted and now in effect) at not exceeding the rates applicable thereto set forth in the fare tariffs included in such contract;

(b) To secure, keep in effect and abide by all approvals, orders or other proceedings of any State or Federal agency or court necessary for the carrier to fulfill its obligations with respect to the contracted service;

(c) During the term of the contract and such further period as the contract may provide, unless otherwise approved in writing by the commissioner, not to initiate, take or prosecute, and to actively resist, any proceedings before any State or Federal agency or court for any order, approval, judgment, decree or other action (1) impairing or limiting the rights, powers and capacity of the carrier to operate the contracted service and carry out and perform its obligations under said contract with respect to the contracted service, or (2) authorizing, directing or permitting the discontinuance or other curtailment of any passenger service operated by the carrier after the effective date of said contract or the increase of any rate of fare charged or collected after such effective date for the use of such suburban passenger service; and

(d) To maintain and operate passenger service required by virtue of the contract, equipment and all facilities incidental thereto in a safe, adequate, sanitary and proper manner and condition with a
minimum of delays or cancellations and with maintenance of arrival and departure times for all stations and station stops.

7. Section 6 of the act of which this act is amendatory is amended to read as follows:

6. Obligation of State. Each contract entered into in accordance with this act shall obligate the State to pay to the carrier periodically during the fiscal year or during the period of 2 months next following such fiscal year, for each car mile of the contracted service or as to ferries a pro rata share of the contract amount theretofore operated by said carrier during such fiscal year in substantial conformity with its obligations under said contract, such sum of money, based upon the maximum rate or a lesser rate set forth in said contract, or in the case of ferry service the rate set forth in the contract, as may be approved by the commissioner as necessary in order to obtain the objective of this act.

8. Section 10 of the act of which this act is amendatory is amended to read as follows:

10. Obligation to provide passenger service. Subject to the terms of this act every carrier entering into a contract shall be obligated to continue all passenger service during the term of the contract provided however that after 6 months the commissioner may re-evaluate service which under section 3 of this act has not been found to be approved service and determine in his best judgment what part of that service can and should reasonably be required of the railroad or ferry during the remaining term of the contract. In making a study and determination under this section the commissioner shall hold a hearing on notice and, in addition to those factors specified in section 3, take into account the service which the carrier has rendered in the public interest under the terms of the contract. The determination may be based on information and evidence adduced at the hearing or upon other information which has been made available as the result of any investigation or study. Any action
taken pursuant to such a determination shall be for
the duration of the contract only unless by future
contracts or determinations, the rights and obliga-
tions are extended.

Any carrier not entering into a contract under
the terms of this act shall be obligated to provide
passenger service in accordance with law.

9. Section 16 of the act of which this act is
amendatory is amended to read as follows:

16. Suspension of time provisions. During the
first year of the operation of this act, the time re-
quirement of section 3 is modified to permit the
commissioner to issue his determination as to the
approved passenger service by ferries which is es-
sential in the public interest in not more than 60
days following the effective date of this amendatory
act.

10. This act shall take effect immediately.

RICHARD J. HUGHES,
Governor.

7. This act shall take effect upon the enactment into law by the Commonwealth of Pennsylvania of legislation having a substantial similar effect as this act but if the Commonwealth of Pennsylvania shall have already enacted such legislation, this act shall take effect immediately.

CHAPTER 8

An Act to provide for the financing and effectuation by the Port of New York Authority of a port development project, consisting of the Hudson tubes, the Hudson tubes extensions and a world trade center, for co-ordinating, facilitating and promoting the transportation of persons and the flow and exchange of trade and commerce in and through the Port of New York District, and agreeing with the State of New York with respect thereto.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. The States of New York and New Jersey hereby find and determine:

   (1) that the transportation of persons to, from and within the Port of New York, and the flow of
foreign and domestic cargoes to, from and through the Port of New York are vital and essential to the preservation of the economic well-being of the northern New Jersey-New York metropolitan area; 

(2) that in order to preserve the northern New Jersey-New York metropolitan area from economic deterioration, adequate facilities for the transportation of persons must be provided, preserved and maintained and that rail services are and will remain of extreme importance to such transportation of persons; 

(3) that the interurban electric railway now or heretofore operated by the Hudson & Manhattan Railroad Company is an essential railroad facility serving the northern New Jersey-New York metropolitan area, that its physical plant is in a severely deteriorated condition, and that it is in extreme financial condition; 

(4) that the immediate need for the maintenance and development of adequate railroad facilities for the transportation of persons between northern New Jersey and New York would be met by the acquisition, rehabilitation and operation of the said Hudson & Manhattan interurban electric railway by a public agency, and improvement and extensions of the rail transit lines of said railway to permit transfer of its passengers to and from other transportation facilities and in the provision of transfer facilities at the points of such transfers; 

(5) that in order to preserve and protect the position of the Port of New York as the nation's leading gateway for world commerce it is incumbent on the States of New York and New Jersey to make every effort to insure that their port receives its rightful share of the oceanborne cargo volumes generated by the economy of the nation; 

(6) that the servicing functions and activities connected with the oceanborne and overseas air- 
borne trade and commerce of the Port of New York District, as defined in the compact between the said 2 States dated April 30, 1921, (hereinafter called the port district), including customs clearance, ship-
ping negotiations, cargo routing, freight forwarding, financing, insurance arrangements and other similar transactions which are presently performed in various, scattered locations in the city of New York, State of New York, should be centralized to provide for more efficient and economical transportation of persons and more efficient and economical facilities for the exchange and buying, selling and transportation of commodities and other property in world trade and commerce;

(7) that unification, at a single, centrally located site, of the principal New York terminal of the aforesaid interurban electric railway and a facility of commerce accommodating the said functions and activities described in subdivision 6 of this section and the appropriate governmental, administrative and other services connected with or incidental to transportation of persons and property and the promotion and protection of port commerce, and providing a central locale for exhibiting and otherwise promoting the exchange and buying and selling of commodities and property in world trade and commerce, will materially assist in preserving for the 2 States and the people thereof the material and other benefits of a prosperous port community;

(8) that the Port of New York Authority (hereinafter called the port authority), which was created by agreement of the 2 States as their joint agent for the development of the transportation and terminal facilities and other facilities of commerce of the port district and for the promotion and protection of the commerce of their port, is the proper agency to act in their behalf (either directly or by or through wholly-owned subsidiary corporations) to effectuate, as a unified project, the said interurban electric railway and its extensions and the facility of commerce described in subdivision 7 of this section; and

(9) that the undertaking of the aforesaid unified project by the port authority has the single object of preserving, and is part of a unified plan to aid in the preservation of, the economic well-being of
the northern New Jersey-New York metropolitan area and is found and determined to be in the public interest.

3. In furtherance of the aforesaid findings and determinations and in partial effectuation of and supplemental to the comprehensive plan heretofore adopted by the 2 said States for the development of the said port district, the port authority is hereby authorized and empowered to establish, acquire, construct, effectuate, develop, own, lease, maintain, operate, improve and rehabilitate a project herein referred to as the port development project, which shall consist of a facility of commerce herein referred to as the world trade center, to be located within the Hudson tubes-world trade center area, and railroad facilities herein referred to as the Hudson tubes and the Hudson tubes extensions. The port authority shall proceed as rapidly as may be practicable to accomplish the purposes of this act.

The port authority is hereby authorized and empowered to establish, levy and collect such rentals, tolls, fares, fees and other charges as it may deem necessary, proper or desirable in connection with any facility or part of any facility constituting a portion of the port development project and to issue bonds for any of the purposes of this act and to provide for payment thereof, with interest upon and amortization and retirement of such bonds,
and to secure all or any portion of such bonds by a pledge of such rentals, tolls, fares, fees, charges and other revenues or any part thereof (including but not limited to the revenues of any subsidiary corporation incorporated for any of the purposes of this act), and to secure all or any portion of such bonds by mortgages upon any property held or to be held by the port authority (or by any such subsidiary corporation) for any of the purposes of this act, and for any of the purposes of this act to exercise all appropriate powers heretofore or hereafter delegated to it by the States of New York and New Jersey, including, but not limited to, those expressly set forth in this act. The surplus revenues of the port development project may be pledged in whole or in part as hereinafter provided.

Unless and until hereafter expressly authorized by the 2 States the port authority shall not: (a) operate or permit operation by others of its Hudson tubes railroad cars or other rolling stock or equipment or Hudson tubes extensions railroad cars or other rolling stock or equipment except upon the rail transit lines of the Hudson tubes or of the Hudson tubes extensions and also between the Market street station and the South street station of the Pennsylvania Railroad Company in the city of Newark, State of New Jersey; or (b) except by way of Hudson tubes extensions as herein defined, make additions, betterments or other improvements to or of said Hudson tubes or Hudson tubes extensions by way of extensions of their rail transit lines. Nothing herein contained shall be deemed to prevent the making by the port authority of such joint service or other agreements with railroads as it shall deem necessary, convenient or desirable for the use of the Hudson tubes and Hudson tubes extensions by the railroad cars or other rolling stock or equipment of such railroads and the acquisition of the rights of any or all parties in any joint service or other agreements the Hudson & Manhattan Railroad Company or its successors shall have made with other railroads for such use of the Hud-

The port authority shall not proceed with the effectuation of any railroad or railroad facility in addition to the Hudson tubes and the Hudson tubes extensions until hereafter expressly authorized by the 2 States. Nothing contained in this act shall authorize or empower the port authority to establish, construct or otherwise effectuate an air terminal.

4. The moneys in the general reserve fund may be pledged in whole or in part by the port authority as security for or applied by it to the repayment with interest of any moneys which it may raise upon bonds issued or incurred by it from time to time for any of the purposes of this act or upon bonds secured in whole or in part by the pledge of the revenues from the port development project or any portion thereof or upon bonds both so issued or incurred and so secured; and the moneys in said general reserve fund may be applied by the port authority to the fulfillment of any other undertakings which it may assume to or for the benefit of the holders of any such bonds.

Subject to prior liens and pledges (and to the obligation of the port authority to apply revenues to the maintenance of its general reserve fund in the amount prescribed by the general reserve fund statutes), the revenues from facilities established, constructed, acquired or otherwise effectuated through the issuance or sale of bonds of the port authority secured in whole or in part by a pledge of its general reserve fund or any portion thereof may be pledged in whole or in part as security for or applied by it to any of the purposes of this act, including the repayment with interest of any moneys which it may raise upon bonds issued or incurred from time to time for any of the purposes of this act or upon bonds secured in whole or in part by the pledge of the revenues of the port authority from the port development project or any portion thereof or upon bonds both so issued or incurred and so secured; and said revenues may be applied by the port authority to the fulfillment
CHAPTER 8, LAWS OF 1962

of any other undertakings which it may assume to or for the benefit of the holders of such bonds.

5. In all cases where the port authority has raised or shall hereafter raise moneys for any of the purposes of this act by the issue and sale of bonds which are secured in whole or in part by a pledge of the general reserve fund or any portion thereof, the surplus revenues from any facility constituting a portion of the port development project and financed in whole or in part out of the proceeds of such bonds and the surplus revenues from any other port authority facility the surplus revenues of which at such time may be payable into the general reserve fund shall be pooled and applied by the port authority to the establishment and maintenance of the general reserve fund in an amount equal to 1/10 of the par value of all bonds legal for investment, as defined in the general reserve fund statutes, issued by the port authority and currently outstanding, including such bonds issued for any of the purposes of this act; and all such moneys in said general reserve fund may be pledged and applied in the manner provided in the general reserve fund statutes.

In the event that any time the balance of moneys theretofore paid into the general reserve fund and not applied therefrom shall exceed an amount equal to 1/10 of the par value of all bonds upon the principal amount of which the amount of the general reserve fund is calculated, by reason of the retirement of bonds issued or incurred from time to time for any of the purposes of this act the par value of which had theretofore been included in the computation of said amount of the general reserve fund, then the port authority may pledge or apply such excess for and only for the purposes for which it is authorized by the general reserve fund statutes to pledge the moneys in the general reserve fund and such pledge may be made in advance of the time when such excess may occur.

6. The 2 States covenant and agree with each other and with the holders of any affected bonds,
as hereinafter defined, that so long as any of such bonds remain outstanding and unpaid and the holders thereof shall not have given their consent as provided in their contract with the port authority, (a) the 2 States will not diminish or impair the power of the port authority (or any subsidiary corporation incorporated for any of the purposes of this act) to establish, levy and collect rentals, tolls, fares, fees or other charges in connection with any facility constituting a portion of the port development project or any other facility owned or operated by the port authority of which the revenues have been or shall be pledged in whole or in part as security for such bonds (directly or indirectly, or through the medium of the general reserve fund or otherwise), or to determine the quantity, quality, frequency or nature of the service provided in connection with each such facility; and (b) neither the States nor the port authority nor any subsidiary corporation incorporated for any of the purposes of this act will apply any of the rentals, tolls, fares, fees, charges, revenues or reserves, which have been or shall be pledged in whole or in part as security for such bonds, for any railroad purposes whatsoever other than permitted purposes hereinafter set forth.

“Affected bonds” as used in this section shall mean bonds of the port authority issued or incurred by it from time to time for any of the purposes of this act or bonds as security for which there may or shall be pledged, in whole or in part, the general reserve fund or any reserve fund established by or pursuant to contract between the port authority and the holders of such bonds, or the revenues of the world trade center, Hudson tubes, Hudson tubes extensions or any other facility owned or operated by the port authority any surplus revenues of which would be payable into the general reserve fund, or bonds both so issued or incurred and so secured.

“Permitted purposes” as used in this section shall mean purposes in connection with (i) the Hudson tubes as authorized and limited on the effective
date of this covenant and agreement, (ii) railroad freight transportation facilities or railroad freight terminal facilities, (iii) the construction, installation and maintenance of railroad tracks and related facilities on vehicular bridges owned by the port authority, and (iv) any other railroad facility established, acquired, constructed or otherwise effectuated by the port authority (including but not limited to Hudson tubes extensions) as to which the port authority shall have first certified either that said other railroad facility is self-supporting as hereinafter defined or, if not, that at the end of the preceding calendar year the general reserve fund contained an amount equal to 1/10 of the par value of bonds of the port authority which were outstanding at said year end and which were legal for investment as defined in the general reserve fund statutes and that the group of facilities consisting of such other railroad facility and of all prior other railroad facilities will not produce deficits in excess of permitted deficits as hereinafter defined. “Prior other railroad facilities” at the time of any certification by the port authority hereunder shall mean all the railroad facilities described in subdivisions (i) and (iv) of this paragraph which were theretofore established, acquired, constructed or otherwise effectuated by the port authority any surplus revenues of which at such time would be payable into the general reserve fund.

An other railroad facility shall be deemed to be “self-supporting” as of the time of any certification hereunder if the amount estimated by the port authority for the ensuing 10 years to be the average annual net income (computed without deduction for debt service) derived from or incidental to such facility equals or exceeds the amount estimated by the port authority for such 10 years to be the average annual debt service upon bonds for purposes in connection with such proposed facility.

“Deficits” of a group of railroad facilities, as used in this section, shall mean the amount estimated by the port authority for the ensuing 10
years to be the average annual combined debt service upon bonds for purposes in connection with the railroad facilities of such group less the amount estimated by the port authority for such 10 years to be the average annual combined net income (computed without deduction for debt service) derived from or incidental to such railroad facilities or plus the amount estimated by the port authority for such 10 years to be the average annual combined net losses (computed without deduction for debt service) sustained from or incidental to such railroad facilities; the estimate of deficits thus arrived at shall not be effective unless and until concurred in, in writing, by the Governors of the said 2 States.

"Permitted deficits" of a group of railroad facilities as used in this section, shall mean deficits as of the time of any certification hereunder which do not exceed (A) such amount or amounts of deficits as of the time of any certification hereunder for the payment of which one or both of the 2 States, in connection with the proposed other railroad facility as to which the certification is made and in connection with prior other railroad facilities, has made adequate, secure and effective provision for the duration of the period for which the port authority is liable for such deficits, plus (B) the greater of the following 2 amounts: (1) an amount equal to 1/10 of the amount in the general reserve fund at the end of the preceding calendar year, diminished by an amount equal to 1% of the principal amount of all bonds of the port authority outstanding at the end of said preceding calendar year the proceeds of which shall have been applied for purposes in connection with the facilities of such group or (2) an amount equal to the sum of 1/10 of the diminished 1/10 amount calculated under clause (1) of this sentence, plus 1% of the equity, at the end of the said preceding calendar year, of the port authority in its vehicular bridges and tunnels and in all other facilities owned and operated by it (not including railroad cars financed by state-guaranteed bonds) except those of the
aforesaid group of railroad facilities. Equity of the port authority in facilities as to which any calculation of equity shall be made shall mean the principal amount of bonds of the port authority retired from port authority revenues or reserves or both which have been derived from the operation of its facilities and the investment of its funds and not from governmental or other subsidy payments, the proceeds of which retired bonds shall have been applied for purposes in connection with such facilities.

Each certification by the port authority hereunder shall be made at the time of the issuance of its first bonds for permitted purposes in connection with a proposed other railroad facility which bonds would be secured in whole or in part by the aforesaid pledged rentals, tolls, fares, fees, charges, revenues or reserves, or at such time, prior to such issuance, as any application of such pledged rentals, tolls, fares, fees, charges, revenues or reserves for purposes in connection with such proposed other railroad facility would otherwise be permitted or required. Anything herein to the contrary notwithstanding, any such certification by the port authority hereunder shall not be effective unless and until affirmatively concurred in, in writing, by the Governors of the said 2 States.

7. The port authority is authorized and empowered to co-operate with the States of New York and New Jersey, with any municipality, with the Federal Government and with any agency or commission of any one or more of the foregoing, or with any one or more of them, for and in connection with the acquisition, clearance, replanning, rehabilitation, reconstruction or redevelopment of the Hudson tubes-world trade center area or of any other area forming part of the port development project for the purpose of renewal and improvement of said area and for any of the purposes of this act, and to enter into an agreement or agreements (and from time to time to enter into agreements amending or supplementing the same) with any such
municipality, commission or agency and with the States of New York and New Jersey and with the Federal Government, or with any one or more of them, for or relating to such purposes, including but not limited to agreements with respect to financial assistance, loans and grants as provided in title 1 of the housing act of 1949 and all Federal laws amendatory and supplemental thereto and with respect to occupancy of space in the port development project. The port authority is hereby authorized and empowered to apply for and accept financial assistance, loans and grants for such purposes under Federal, State or local laws, and to make application directly to the proper officials or agencies for and receive Federal, State or local loans or grants in aid of any of the purposes of this act.

8. Notwithstanding any contrary provision of law, general, special or local, either State and any municipality and any commission or agency of either or both of said 2 States is authorized and empowered to co-operate with the port authority and to enter into an agreement or agreements (and from time to time to enter into agreements amending or supplementing the same) with the port authority for and in connection with or relating to the acquisition, clearance, replanning, rehabilitation, reconstruction, or redevelopment of the Hudson tubes-world trade center area or of any other area forming part of the port development project for the purpose of renewal and improvement of said area as aforesaid and for any of the purposes of this act, upon such reasonable terms and conditions as may be determined by such State, municipality, agency or commission and the port authority. Such agreement may, without limiting the generality of the foregoing, include consent to the use by the port authority of any real property owned or to be acquired by said State, municipality, agency or commission and consent to the use by such State, municipality, agency or commission of any real property owned or to be acquired by the
port authority which in either case is necessary, convenient or desirable in the opinion of the port authority for any of the purposes of this act, including such real property, improved or unimproved, as has already been devoted to or has been or is to be acquired for urban renewal or other public use, and as an incident to such consents such State, municipality, agency or commission may grant, convey, lease or otherwise transfer any such real property to the port authority and the port authority may grant, convey, lease or otherwise transfer any such real property to such State, municipality, agency or commission for such term and upon such conditions as may be agreed upon. If real property of such State, municipality, agency or commission be leased to the port authority for any of the purposes of this act, such State, municipality, agency or commission may consent to the port authority having the right to mortgage the fee of such property and thus enable the port authority to give as security for its bond or bonds a lien upon the land and improvements, but such State, municipality, agency or commission by consenting to the execution by the port authority of a mortgage upon the leased property shall not thereby assume and such consent shall not be construed as imposing upon such State, municipality, agency or commission any liability upon the bond or bonds secured by the mortgage.

Nothing contained in this section shall impair or diminish the powers vested in either State or in any municipality, agency or commission to acquire, clear, replan, reconstruct, rehabilitate or redevelop substandard or insanitary or deteriorating areas and the powers herein granted to the State, municipality, agency or commission shall be construed to be in aid of and not in limitation or in derogation of any such powers heretofore or hereafter conferred upon or granted to the State, municipality, agency or commission.

Nothing contained in this act shall be construed to authorize the port authority to acquire property
now or hereafter vested in or held by any municipality without the authority or consent of such municipality, provided that the State in which said municipality is located may by statute enact that such property may be taken by the port authority by condemnation or the exercise of the right of eminent domain without such authority or consent; nor shall anything herein impair or invalidate in any way any bonded indebtedness of the State or such municipality, nor impair the provisions of law regulating the payment into sinking funds of revenues derived from municipal property, or dedicating the revenues derived from municipal property to a specific purpose.

The port authority is hereby authorized and empowered to acquire from any such municipality, or from any other agency or commission having jurisdiction in the premises, by agreement therewith, and such municipality, agency or commission, notwithstanding any contrary provision of law, is hereby authorized and empowered to grant and convey, upon reasonable terms and conditions, any real property which may be necessary, convenient or desirable for any of the purposes of this act, including such real property as has already been devoted to a public use.

Any consent by a municipality shall be given and the terms, conditions and execution by a municipality of any agreement, deed, lease, conveyance or other instrument pursuant to this section or any other section of this act shall be authorized in the manner provided in article 22 of the compact of April 30, 1921 between the 2 States creating the port authority. Any consent by either State shall be effective if given, and the terms and conditions and execution of any agreement, deed, lease, conveyance or other instrument pursuant to this section or any other section of this act shall be effective if authorized, by the Governor of such State.

The States of New York and New Jersey hereby consent to suits, actions or proceedings by any municipality against the port authority upon,
in connection with or arising out of any agreement, or any amendment thereof, entered into for any of the purposes of this act, as follows:

(1) for judgments, orders or decrees restraining or enjoining the port authority from transferring title to real property to other persons in cases where it has agreed with said municipality for transfer of such title to the municipality; and

(2) for judgments, orders or decrees restraining or enjoining the port authority from committing or continuing to commit other breaches of such agreement or any amendment thereof; provided, that such judgment, order or decree shall not be entered except upon 2 days’ prior written notice to the port authority of the proposed entry thereof; and provided further that upon appeal taken by the port authority from such judgment, order or decree the service of the notice of appeal shall perfect the appeal and stay the execution of such judgment, order or decree appealed from without an undertaking or other security.

Nothing herein contained shall be deemed to revoke, rescind or affect any consent to suits, actions, or proceedings against the port authority heretofore given by the 2 said States in chapter 301 of the laws of New York of 1950 and chapter 204 of the laws of New Jersey of 1951.

10. The effectuation of the world trade center, the Hudson tubes and the Hudson tubes extensions, or of any of such facilities constituting a portion of the port development project, are and will be in all respects for the benefit of the people of the States of New York and New Jersey, for the increase of their commerce and prosperity and for the improvement of their health and living conditions; and the port authority and any subsidiary corporation incorporated for any of the purposes of this act shall be regarded as performing an essential governmental function in undertaking the effectuation thereof, and in carrying out the provisions of law relating thereto.
11. The port authority shall be required to pay no taxes or assessments upon any of the property acquired or used by it for any of the purposes of this act or upon any deed, mortgage or other instrument affecting such property or upon the recording of any such instrument. However, to the end that no municipality shall suffer undue loss of taxes and assessments by reason of the acquisition and ownership of property by the port authority for any of the purposes of this act, the port authority is hereby authorized and empowered, in its discretion, to enter into a voluntary agreement or agreements with any municipality whereby the port authority will undertake to pay in lieu of taxes a fair and reasonable sum or sums annually in connection with any real property acquired and owned by the port authority for any of the purposes of this act. Such sums in connection with any real property acquired and owned by the port authority for any of the purposes of this act shall not be more than the sum last paid as taxes upon such real property prior to the time of its acquisition by the port authority; provided, however, that in connection with any portion of the Hudson tubes-world trade center area acquired and owned by the port authority for any of the purposes of this act, after such property is improved pursuant to this act with world trade center buildings, structures or improvements greater in value than the buildings, structures or improvements on such Hudson tubes-world trade center area at the time of its acquisition by the port authority, then, with regard to such greater value, such sum or sums may be increased by such additional sum or sums annually as may be agreed upon between the port authority and the city of New York which will not include any consideration of the exhibit areas of the world trade center or of any areas which would be tax exempt in their own right if title were in the governmental occupants or of other areas accommodating services for the public or devoted to general public use. Each such municipality is hereby authorized and empowered
to enter into such agreement or agreements with the port authority and to accept the payment or payments which the port authority is hereby authorized and empowered to make, and the sums so received by such municipality shall be devoted to purposes to which taxes may be applied unless and until otherwise directed by law of the State in which such municipality is located.

12. All details of the effectuation, including but not limited to details of financing, leasing, rentals, tolls, fares, fees and other charges, rates, contracts and service, of the world trade center, the Hudson tubes and the Hudson tubes extensions by the port authority shall be within its sole discretion and its decision in connection with any and all matters concerning the world trade center, the Hudson tubes and the Hudson tubes extensions shall be controlling and conclusive. The local laws, resolutions, ordinances, rules and regulations of the city of New York shall apply to such world trade center if so provided in any agreement between the port authority and the city and to the extent provided in any such agreement.

So long as any facility constituting a portion of the port development project shall be owned, controlled or operated by the port authority (either directly or through a subsidiary corporation incorporated for any of the purposes of this act), no agency, commission or municipality of either or both of the 2 States shall have jurisdiction over such facility nor shall any such agency, commission or municipality have any jurisdiction over the terms or method of effectuation of all or any portion thereof by the port authority (or such subsidiary corporation) including but not limited to the transfer of all or any portion thereof to or by the port authority (or such subsidiary corporation).

Nothing in this act shall be deemed to prevent the port authority from establishing, acquiring, owning, leasing, constructing, effectuating, developing, maintaining, operating, rehabilitating or improving all or any portion of the port develop-
ment project through wholly owned subsidiary corporations of the port authority or from transferring to or from any such corporations any moneys, real property or other property for any of the purposes of this act. If the port authority shall determine from time to time to form such a subsidiary corporation it shall do so by executing and filing with the Secretary of State of New York and the Secretary of State of New Jersey a certificate of incorporation, which may be amended from time to time by similar filing, which shall set forth the name of such subsidiary corporation, its duration, the location of its principal office, and the purposes of the incorporation which shall be one or more of the purposes of establishing, acquiring, owning, leasing, constructing, effectuating, developing, maintaining, operating, rehabilitating or improving all or any portion of the port development project. The directors of such subsidiary corporation shall be the same persons holding the offices of commissioners of the port authority. Such subsidiary corporation shall have all the powers vested in the port authority itself for the purposes of this act except that it shall not have the power to contract indebtedness. Such subsidiary corporation and any of its property, functions and activities shall have all of the privileges, immunities, tax exemptions and other exemptions of the port authority and of the port authority's property, functions and activities. Such subsidiary corporation shall be subject to the restrictions and limitations to which the port authority may be subject, including, but not limited to the requirement that no action taken at any meeting of the board of directors of such subsidiary corporation shall have force or effect until the Governors of the 2 States shall have an opportunity, in the same manner and within the same time as now or hereafter provided by law for approval or veto of actions taken at any meeting of the port authority itself, to approve or veto such action. Such subsidiary corporation shall be subject to suit in accordance with section 9 of this act.
and chapter 301 of the laws of New York of 1950 and chapter 204 of the laws of New Jersey of 1951 as if such subsidiary corporation were the port authority itself. Such subsidiary corporation shall not be a participating employer under the New York Retirement and Social Security law or any similar law of either State and the employees of any such subsidiary corporation, except those who are employees of the port authority, shall not be deemed employees of the port authority.

Whenever any State, municipality, commission, agency, officer, department, board or division is authorized and empowered for any of the purposes of this act to co-operate and enter into agreements with the port authority or to grant any consent to the port authority or to grant, convey, lease or otherwise transfer any property to the port authority or to execute any document, such State, municipality, commission, agency, officer, department, board or division shall have the same authorization and power for any of such purposes to co-operate and enter into agreements with such subsidiary corporation and to grant consents to such subsidiary corporation and to grant, convey, lease or otherwise transfer property to such subsidiary corporation and to execute documents for such subsidiary corporation.

13. The bonds issued by the port authority to provide funds for any of the purposes of this act are hereby made securities in which all State and municipal officers and bodies of both States, all trust companies and banks other than savings banks, all building and loan associations, savings and loan associations, investment companies and other persons carrying on a commercial banking business, all insurance companies, insurance associations and other persons carrying on an insurance business, and all administrators, executors, guardians, trustees and other fiduciaries, and all other persons whatsoever (other than savings banks), who are now or may hereafter be authorized by either State to invest in bonds of such State, may
properly and legally invest any funds, including capital, belonging to them or within their control, and said bonds are hereby made securities which may properly and legally be deposited with and shall be received by any State or municipal officer or agency of either State for any purpose for which the deposit of bonds of such State is now or may hereafter be authorized. The bonds issued by the port authority to provide funds for any of the purposes of this act as security for which the general reserve fund shall have been pledged in whole or in part are hereby made securities in which all savings banks also may properly and legally invest any funds, including capital, belonging to them or within their control.

14. If the port authority shall find it necessary, convenient or desirable to acquire (either directly or through a subsidiary corporation) from time to time any real property or any property other than real property (including but not limited to contract rights and other intangible personal property and railroad cars or other rolling stock, maintenance and repair equipment and parts, fuel and other tangible personal property), for any of the purposes of this act whether for immediate or future use (including temporary construction, rehabilitation or improvement), the port authority may find and determine that such property, whether a fee simple absolute or a lesser interest, is required for a public use, and upon such determination the said property shall be and shall be deemed to be required for such public use until otherwise determined by the port authority, and such determination shall not be affected by the fact that such property has theretofore been taken for and is then devoted to a public use; but the public use in the hands of or under the control of the port authority shall be deemed superior to the public use in the hands of any other person, association or corporation.

The port authority may acquire and is hereby authorized so to acquire from time to time, for any of the purposes of this act, such property, whether
a fee simple absolute or a lesser estate, by condem-
nation (including the exercise of the right of emi-
nent domain) under and pursuant to the provisions
of the condemnation law of the State of New York
in the case of property located in or having its situs
in such State, and Revised Statutes of New Jersey,
Title 20:1–1 et seq., in the case of property located
in or having its situs in such State, or, at the option
of the port authority, as provided in section 15 of
chapter 43 of the laws of New Jersey of 1947, as
amended, in the case of property located in or hav-
ing its situs in such State, and as provided in chap-
ter 819 of the laws of New York of 1947 in the case
of property located in or having its situs in such
State, or pursuant to such other and alternate pro-
cedure as may be provided by law of the State in
which such property is located or has its situs; and
all of said statutes for the condemnation of real
property shall, for any of the purposes of this act,
be applied also to the condemnation of other prop-
erty authorized by this section, except that such
provisions as pertain to surveys, diagrams, maps,
plans or profiles, assessed valuation, lis pendens,
service of notice and papers, filing in the office of
the clerk in which the real property affected is sit-
nated and such other provisions as by their nature
cannot be applicable to property other than real
property, shall not be applicable to the condemna-
tion of such other property. In the event that any
property other than real property is acquired by
condemnation under this act then, with respect to
such other property, notice of such proceeding and
all subsequent notices or court processes shall be
served upon the owners of such other property and
upon the port authority by personal service or by
registered or certified mail, except as may be other-
wise directed by the court.

Anything herein to the contrary notwithstanding,
any property to be acquired for any of the purposes
of this act, which property shall not have been used
by its owner or owners or any of his or their prede-
cessors in connection with and shall not have been
acquired by its owner or owners or any of his or their predecessors for use in connection with the effectuation by a railroad company or companies of the Hudson tubes or the Hudson tubes extensions prior to port authority acquisition, shall, if such property is personal property, be acquired only by agreement with the owner or owners and shall, if such property is not personal property and is to be acquired by condemnation, be acquired in an action or proceeding in the State in which such property is located or has its situs. Except as so provided, the port authority is hereby authorized and empowered, in its discretion, from time to time to combine any property which is to be acquired as aforesaid by condemnation for any of the purposes of this act for acquisition in a single action or proceeding notwithstanding that part of the property so to be acquired is located or has its situs in New Jersey and part in New York or is personal property or mixed real and personal property or may be owned by more than one owner; and, except as hereinafter provided, each such single action or proceeding to acquire property located or having its situs part in New Jersey and part in New York shall be pursuant to the laws of whichever of the 2 said States the port authority shall estimate contains the greater part in value of all the property to be acquired in such action or proceeding (hereinafter sometimes called the forum State) and in the court or courts specified in the laws of the forum State for the condemnation by the port authority of property located or having its situs in the forum State pursuant to this act, in which event, notwithstanding the location or situs of said property, each of said 2 States hereby confers upon its said court or courts jurisdiction of such action or proceeding and the port authority and any subsidiary corporation so acquiring such property and the owners of such property shall be bound by the judgments, orders or decrees therein. In any such action or proceeding the court or courts of the forum State shall apply the laws of valuation of the other State
(hereinafter sometimes called the nonforum State) to the valuation of the property which is located or has its situs in the nonforum State and shall include in the total compensation to be made to any owner of property in both States being acquired in such action or proceeding the increment, if any, in the value of such property in both States, by reason of its being in a single ownership. If a judgment, order or decree in such an action or proceeding shall vest title in or otherwise award to the condemnor the right to possession of property located or having its situs in the nonforum State, then the court or courts of the nonforum State shall grant full faith and credit to such judgment, order or decree and upon petition by the condemnor to the court or courts of the nonforum State specified in the laws thereof for the condemnation by the port authority of property located or having its situs in the nonforum State pursuant to this act, presenting a true copy of such judgment, order or decree and proof that it is in effect, that any conditions thereof have been met, that at least 5 days’ notice of such petition has been served by registered or certified mail upon all owners of the property affected who appeared in the original action or proceeding in the forum State or who may be owners of record, and without further proof, a judgment, order or decree of such court or courts of the nonforum State shall be entered granting condemnor possession of the property located or having its situs in the nonforum State and confirming any title which shall have vested in the condemnor by the judgment, order or decree of the court or courts of the forum State.

The owner of any property acquired by condemnation or the exercise of the right of eminent domain for any of the purposes of this act shall not be awarded for such property any increment above the just compensation required by the constitutions of the United States and of the State or States in which the property is located or has its situs by reason of any circumstances whatsoever.
Nothing herein contained shall be construed to prevent the port authority from bringing any proceedings to remove a cloud on title or such other proceedings as it may, in its discretion, deem proper and necessary, or from acquiring any such property by negotiation or purchase.

Where a person entitled to an award in the proceedings to condemn any property for any of the purposes of this act remains in possession of such property after the time of the vesting of title in the condemnor, the reasonable value of his use and occupancy of such property subsequent to such time, as fixed by agreement or by the court in such proceedings or by any court of competent jurisdiction, shall be a lien against such award, subject only to liens of record at the time of the vesting of title in the condemnor.

15. The port authority and its duly authorized agents, and all persons acting under its authority and by its direction, may enter in the daytime into and upon any real property for the purpose of making such surveys, diagrams, maps, plans, soundings or borings as the port authority may deem necessary, convenient or desirable for any of the purposes of this act.

16. Any declarations contained herein with respect to the governmental nature and public purpose of the world trade center, Hudson tubes and Hudson tubes extensions and to the exemption of the world trade center, Hudson tubes and Hudson tubes extensions property and instruments relating thereto from taxation and to the discretion of the port authority with respect to said facilities shall not be construed to imply that other port authority facilities, property and operations are not of a governmental nature or do not serve public purposes, or that they are subject to taxation, or that the determinations of the port authority with respect thereto are not conclusive. The powers hereby vested in the port authority and in any subsidiary corporation incorporated for any of the purposes of this act (including but not limited to the power
to acquire real property by condemnation) shall be continuing powers and no exercise thereof by the port authority or a subsidiary corporation incorporated for any of the purposes of this act shall be deemed to exhaust them or any of them.

17. This section and the preceding sections hereof constitute an agreement between the States of New York and New Jersey supplementary to the compact between the 2 States dated April 30, 1921 and amendatory thereof, and shall be liberally construed to effectuate the purposes of said compact and of the comprehensive plan heretofore adopted by the 2 States, and the powers granted to the port authority shall be construed to be in aid of and not in limitation or in derogation of any other powers heretofore conferred upon or granted to the port authority.

18. If any section, part, phrase, or provision of this act or the application thereof to any person or circumstances be adjudged invalid by any court of competent jurisdiction, so long as the act or remainder of the act shall nonetheless permit the effectuation, as a unified project, of the Hudson tubes, Hudson tubes extensions and the world trade center, such judgment shall be confined in its operation to the section, part, phrase, provision or application directly involved in the controversy in which such judgment shall have been rendered and shall not affect or impair the validity of the remainder of this act or the application thereof to other persons or circumstances and the 2 States hereby declare that they would have entered into this act or the remainder thereof had the invalidity of such provision or application thereof been apparent.

19. This act shall take effect upon the enactment into law by the State of New York of legislation having an identical effect with this act, but if the State of New York has already enacted such legislation, this act shall take effect immediately.

Approved February 13, 1962.

The authority may also appoint and employ, without regard to the provisions of Title 11, Civil Service, of the Revised Statutes, a secretary, a treasurer, an executive director, a general counsel and a chief engineer and such other consulting engineers, special attorneys or counsel, accountants, construction, legal and financial experts, and other agents and employees as it may require, and it shall determine their qualifications, terms of office, duties and compensation.

7. The powers of the authority shall be vested in the members thereof in office from time to time and a majority of the total authorized membership of the authority shall constitute a quorum at any meeting thereof. Action may be taken and motions and resolutions adopted by the authority at any meeting thereof by the affirmative vote of a majority of the
members present, unless in any case the by-laws of the authority shall require a larger number.

8. The members of the authority shall serve without compensation, but the authority may reimburse its members for necessary expenses incurred in the discharge of their duties.

9. No member of the governing body of a county shall be appointed as a member of, or employed, by the authority.

10. Any member of the authority may be removed by the Governor for incapacity, inefficiency, neglect of duty, misconduct in office or other disqualifying cause but only after he shall have been given a copy of the charges against him and, not sooner than 10 days thereafter, been afforded opportunity for a hearing, in person or by counsel, with respect to such charges.

11. The authority shall be a public body corporate and politic and shall have perpetual succession and shall have the following powers:

(a) To adopt by-laws for the regulation of its affairs and the conduct of its business;

(b) To adopt and have an official common seal and alter the same at pleasure;

(c) To maintain an office at such place or places within the State as it may designate;

(d) To sue and be sued;

(e) To acquire, construct, maintain, improve, repair and operate projects;

(f) To construct, maintain, improve, repair and operate feeder roads;

(g) To issue bonds or notes of the authority and to provide for the rights of the holders thereof as provided in this act;

(h) To fix and revise from time to time and charge and collect tolls or other charges for transit over or use of any project acquired or constructed by it;

(i) To establish rules and regulations for the use of any project;

(j) To acquire, lease as lessee, hold and dispose of real and personal property or any interest
therein, in the exercise of its powers and the performance of its duties under this act;

(k) To acquire in the name of the authority by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper, or by the exercise of the power of eminent domain, any land and other property which it may determine is reasonably necessary for any project or for the relocation or reconstruction of any public highway by the authority under the provisions of this act or for the construction of any feeder road which the authority is or may be authorized to construct and any and all rights, title and interest in such land and other property, including public lands, parks, playgrounds, reservations, highways or parkways owned by or in which any county, municipality or other governmental subdivision of the State has any right, title or interest, or parts thereof or rights therein, and any fee simple absolute or any lesser interest in private property, and any fee simple absolute in, easements upon, or the benefit of restrictions upon abutting property to preserve and protect projects;

(l) To locate and designate, and to establish, limit and control such points of ingress to and egress from each project as may be necessary or desirable in the judgment of the authority to insure the proper operation and maintenance of such project, and to prohibit entrance to such project from any point or points not so designated;

(m) Subject to the limitations of this act, to acquire, construct, maintain, improve, repair or operate any public highway connecting with any one or more projects which in the opinion of the authority will increase the use of a project or projects, to take over for maintenance, improvement, repair or operation any existing public highway as a feeder road and to realign any such existing public highway and build additional sections of road over new alignment in connection with such existing public highway;
(n) To receive and accept from any Federal agency, subject to the approval of the Governor, grants for or in aid of the acquisition or construction of any project, and to receive and accept aid or contributions from any other source, of either money, property, labor or other things of value, to be held, used and applied only for the purposes for which such grants and contributions may be made;

(o) Subject to the limitations of this act, to determine the location, type and character of any project and all other matters in connection with such project; and

(p) To enter into any and all agreements or contracts, execute any and all instruments, and do and perform any and all acts or things necessary, convenient or desirable for the purposes of the authority or to carry out any power expressly given in this act.

12. Nothing contained in this act shall be construed to authorize or empower the authority (1) to vacate, close, connect with, adjust, relocate, cross or otherwise physically affect any State highway unless plans therefor shall have previously been delivered to the commissioner and no objections to said plans shall have been made by the commissioner within 21 days after such delivery, or (2) to acquire State property or any interest therein by the exercise of the power of eminent domain, or (3) to mortgage real property.

13. The authority may by resolution determine to combine 2 or more projects described in such resolution, and the projects so described shall thereafter constitute and be deemed to be one project within the meaning and for all the purposes of this act.

14. The authority and its authorized agents and employees may enter upon any lands, waters and premises other than State property for the purpose of making surveys, soundings, drillings and examinations as it may deem necessary or convenient for the purposes of this act, and such entry shall not be deemed a trespass, nor shall such entry for
such purpose be deemed an entry under any con­demnation proceedings which may be then pending. The authority shall make reimbursement for any actual damages resulting to such lands, waters and premises as a result of such activities.

15. (A) Subject to the limitations of this act, the authority shall have power to construct and reconstruct traffic circles, interchanges and grade separation at intersections of any project with public highways and to change and adjust the lines and grades of such public highways so as to accommodate the same to the design of such project. The cost of construction and any damage incurred in changing and adjusting the lines and grades of such public highways shall be ascertained and, unless otherwise provided for, paid by the authority as a part of the cost of such project.

(B) Subject to the limitations of this act, if the authority shall find it necessary in connection with any project to change the location of any portion of any public highway, it shall cause such public highway to be reconstructed at such location as the authority shall deem most favorable and of substantially the same type and in as good condition as the original public highway. The cost of such reconstruction and any damage incurred in changing the location of any such highway shall be ascertained and, unless otherwise provided for, paid by the authority as a part of the cost of such project.

(C) Any public highway affected by any project may be vacated or relocated by the authority in the manner now provided by law for the vacation or relocation of public roads and any damages awarded on account thereof shall be ascertained and, unless otherwise provided for, paid by the authority as a part of the cost of such project.

16. In addition to the other powers conferred upon it by this act or by any other law and not in limitation thereof, the authority, in connection with construction or operation of any project, shall have power to make reasonable regulations for the installation, construction, maintenance, repair,
renewal, relocation and removal of tracks, pipes, mains, conduits, cables, wires, towers, poles or any other equipment and appliances (in this section called "works") of any public utility as defined in section 48:2-13 of the Revised Statutes, in, on, along, over or under any project, public highway or real property, including public lands or waters. Whenever in connection with construction or operation of any project, the authority shall determine that it is necessary that any such works, which now are or hereafter may be located in, on, along, over or under any project, public highway or such real property, should be relocated in the project, public highway or such real property or should be removed therefrom, the public utility owning or operating such works shall relocate or remove the same in accordance with the order of the authority, provided, however, that the cost and expenses of such relocation or removal, including the cost of installing such works in a new location or new locations, and the cost of any lands or any rights or interest in lands or any other rights acquired to accomplish such relocation or removal, less the cost of any lands or any rights or interests in lands or any other rights of the public utility paid to the public utility in connection with the relocation or removal of such works, shall be paid by the authority and shall be included in the cost of such project. In case of any such relocation or removal of works as aforesaid, the public utility owning or operating the same, its successors or assigns, may maintain and operate such works, with the necessary appurtenances, in the new location or new locations for as long a period, and upon the same terms and conditions, as it had the right to maintain and operate such works in their former location.

In case of any such relocation or removal of works, as aforesaid, the authority shall own and maintain, repair and renew structures within the rights of way of railroad companies carrying any project or feeder road over railroads, and the authority shall bear the cost of maintenance, repair
and renewal of structures within the rights of way of railroad companies carrying railroads over any project or feeder road, but this provision shall not relieve any railroad company from responsibility for damage caused to any authority or railroad structure by the operation of its railroad. Such approaches, curbing, sidewalk paving, guard rails on approaches and surface paving on projects or feeder roads as shall be within the rights of way of a railroad company or companies shall be owned and maintained, repaired and renewed by the authority; rails, pipes and lines shall be owned and maintained, repaired and renewed by the railroad company or companies.

17. If the authority, by resolution, determines that it is a reasonable public necessity to acquire, for any project, lands owned by or under the control or jurisdiction of any county park commission, it shall, within 10 days after its adoption of said resolution, serve a copy of said resolution upon the said park commission. The park commission may within 20 days after said service upon it appeal from the said determination of the authority to the Appellate Division of the Superior Court, which shall hear and determine the question of whether or not the taking of the land in question in preference to some other route, is a reasonable public necessity, and if said court shall determine that said taking is such a reasonable public necessity, the authority may thereupon proceed therewith.

18. Before taking over any existing public highway as a feeder road, the authority shall obtain the consent of any authorities then exercising jurisdiction over said highway, which are hereby authorized to give such consent by resolution of its governing body in the case of any county or municipality or other governmental subdivision or by any written instrument in any other case. Each feeder road or section thereof acquired or constructed, or public highway taken over from such authorities as a feeder road, in connection with a project by the au-
authority shall for all purposes of this act be deemed to constitute part of the project, except that the authority may turn back to such authorities (a) any public highway taken over as a feeder road from such authorities or (b) any feeder road or section thereof constructed upon a new alignment in substitution for the previous alignment of a public highway so taken over unless 80% or more of such feeder road or section is constructed upon a new alignment.

19. (A) Upon the exercise of the power of eminent domain by the authority, the compensation to be paid thereunder shall be ascertained and paid in the manner provided in chapter 1 of Title 20 of the Revised Statutes in so far as the provisions thereof are applicable and not inconsistent with the provisions contained in this act. The authority may join in separate subdivisions in one petition or complaint the descriptions of any number of tracts or parcels of land or property to be condemned, and the names of any number of owners and other parties who may have an interest therein and all such land or property included in said petition or complaint may be condemned in a single proceeding; provided, however, that separate awards be made for each tract or parcel of land or property; and provided, further, that each of said tracts or parcels of land or property lies wholly in or has a substantial part of its value lying wholly within the same county.

(B) Upon the filing by the authority of a complaint in any action to fix the compensation to be paid for any property or at any time thereafter, the authority may file with the clerk of the county in which such property is located and also with the clerk of the Superior Court a declaration of taking, signed by the authority, declaring that possession of one or more of the tracts or parcels of land or property described in the complaint is thereby being taken by and for the use of the authority. The said declaration of taking shall be sufficient if it sets forth (a) a description of each tract or par-
cel of land or property to be so taken sufficient for
the identification thereof to which there may or
may not be attached a plan or map thereof, (b) a
statement of the estate or interest in the said land
or property being taken, (c) a statement of the sum
of money estimated by the authority by resolution
to be just compensation for the taking of the estate
or interest in each tract or parcel of land or prop-
erty described in said declaration, and (d) an alle-
gation that, in compliance with the provisions of
this act, the authority has established and is main-
taining a trust fund as hereinafter provided.

(C) Upon the filing by the authority of a declara-
tion of taking of property as provided in this act,
the authority shall deposit with the clerk of the
Superior Court the amount of the estimated com-
pensation stated in said declaration. In addition to
the said deposits with the clerk of the Superior
Court, the authority at all times shall maintain a
fund on deposit with a bank or trust company doing
business in the State in an amount at least equal to
the aggregate amount deposited with the clerk of
the Superior Court as estimated compensation for
all property described in declarations of taking
with respect to which the compensation has not been
finally determined and paid to the persons entitled
thereunto or into court. Said fund shall consist of
cash or securities readily convertible into cash con-
stituting legal investments for trust funds under
the laws of the State or may consist of all or some
part of the proceeds of bonds or notes of the au-
thority held by any trustee for the holders of such
bonds or notes and available for payment for the
land or other property described in such declara-
tions of taking. Said fund shall be held by or on
behalf of the authority to secure and may be applied
to the payment of just compensation for the land
or other property described in such declarations of
taking. The authority shall be entitled to withdraw
from said fund from time to time so much as may
then be in excess of the aggregate amount of the
estimated compensation for all land or other prop-

...erty described in declarations of taking with respect to which the compensation has not been finally determined and paid to the persons entitled thereto or into court.

(D) Upon the filing by the authority of a declaration of taking of property as provided in this act and the depositing with the clerk of the Superior Court of the amount of the estimated compensation stated in said declaration, the authority, without other process or proceedings, shall be entitled to the exclusive possession and use of each tract of land or property described in said declaration and may forthwith enter into and take possession of said land or property, it being the intent of this provision that the action to fix compensation to be paid or any other proceedings relating to the taking of said land or interest therein or other property shall not delay the taking of possession thereof and the use thereof by the authority for the purpose or purposes for which the authority is authorized by law to acquire or condemn such land or other property or interest therein.

(E) The authority shall cause notice of the filing of a declaration of taking of property as provided in this act and of the making of the deposit required by this act with respect thereto to be served upon each party to the action to fix the compensation to be paid who resides in the State, either personally or by leaving a copy thereof at his residence if known, and upon each such party who resides out of the State, by mailing a copy thereof to him at his residence if known. In the event that the residence of any such party or the name of such party is unknown, such notice shall be published at least once in a newspaper published or circulating in the county or counties in which the property is located. Such service, mailing or publication shall be made within 30 days after filing such declaration. Upon the application of any party in interest and after notice to other parties in interest, including the authority, the Superior Court may direct that the money deposited with the clerk of the Superior
Court or any part thereof be paid forthwith to the person or persons entitled thereto for or on account of the just compensation to be awarded in said action, provided that each such person shall have filed with the clerk of the Superior Court a consent in writing that, in the event the award in the said action shall be less than the amount deposited, the court, after such notice as the court prescribes and hearing, may determine his liability, if any, for the return of the difference or any part thereof and enter judgment therefor. If the amount of the award as finally determined shall exceed the amount so deposited, the person or persons to whom the award is payable shall be entitled to recover from the authority the difference between the amount of the deposit and the amount of the award, with interest at the rate of 6% per annum thereon from the date of making the deposit. If the amount of the award as so determined shall be less than the amount so deposited, the clerk of the Superior Court shall return the difference between the amount of the award and the deposit to the authority unless the deposit or any part thereof shall have theretofore been distributed, in which event the court, on application of the authority and notice to all persons interested in the award and affording them an opportunity to be heard, shall enter judgment in favor of the authority for the difference against the party or parties liable for the return thereof.

(F) The authority shall not abandon any condemnation proceeding subsequent to the date upon which it has taken possession of the land or property as provided in this act.

20. (A) Each project when constructed and opened to traffic shall be maintained and kept in good condition and repair by the authority. Each such project and any part thereof shall be policed and operated by such force of police, toll-takers, operating employees and other persons as the authority may employ or authorize.
Subject to the terms of any agreement by it with the holders of bonds or notes, if the authority shall find that any part of a project is not suitable or sufficient as a highway to carry mixed traffic, the authority shall have power to exclude from such part any traffic other than passenger motor vehicles.

21. (A) The authority shall have the power and is hereby authorized from time to time to issue its bonds or notes for any of its corporate purposes, including the payment, funding or refunding of principal of or interest or redemption premiums on any bonds or notes issued by it whether the bonds or notes or interest to be funded or refunded have or have not become due.

(B) Except as may be otherwise expressly provided by the authority, every issue of bonds or notes shall be general obligations payable out of any moneys or revenues of the authority, subject only to any agreements with the holders of particular bonds or notes pledging any particular moneys or revenues. The authority may issue such types of bonds or notes as it may determine, including (without limiting the generality of the foregoing) bonds or notes on which the principal and interest are payable (a) exclusively from the income and revenues of the project financed with the proceeds of such bonds or notes; (b) exclusively from the income and revenues of certain designated projects whether or not they are financed in whole or in part with the proceeds of such bonds or notes; or (c) from its revenues generally. Any such bonds or notes may be additionally secured by a pledge of any grant or contributions from the Federal Government or any State or person or a pledge of any moneys, income or revenues of the authority from any source whatsoever.

(C) Any provision of any law to the contrary notwithstanding, any bond or note issued pursuant to this act shall be fully negotiable within the meaning and for all purposes of the negotiable instruments law of the State, and each holder or owner of such a bond or note, or of any coupon appurtenant
thereto, by accepting such bond, note or coupon shall be conclusively deemed to have agreed that such bond, note or coupon is and shall be fully negotiable within the meaning and for all purposes of said negotiable instruments law.

(D) Bonds or notes of the authority shall be authorized by resolution of the authority and may be issued in one or more series and shall bear such date or dates, mature at such time or times not exceeding 40 years from the date thereof, bear interest at a rate or rates within such maximum rate (not exceeding 6% per annum), be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable from such sources in such medium of payment at such place or places within or without the State, and be subject to such terms of redemption (with or without premium) as such resolution or resolutions may provide.

(E) Bonds or notes of the authority may be sold at public or private sale at such price or prices as the authority shall determine, provided, however, that the interest cost to their average maturity of the money received for any group of bonds sold in a single transaction (computed according to standard tables of bond values) shall not exceed 6% per annum.

22. In any resolution of the authority authorizing or relating to the issuance of any bonds or notes, the authority, in order to secure the payment of such bonds or notes and in addition to its other powers, shall have power by provisions therein which shall constitute covenants by the authority and contracts with the holders of such bonds or notes:

(a) To pledge to any payment or purpose all or any part of its tolls or revenues to which its right then exists or may thereafter come into existence, and the moneys derived therefrom, and the proceeds of any bonds or notes;
(b) To covenant against pledging all or any part of its tolls or revenues, or against mortgaging all or any part of its real or personal property then owned or thereafter acquired, or against permitting or suffering any lien on such tolls, revenues or property;

c) To covenant with respect to limitations on any right to sell, lease or otherwise dispose of any project or any part thereof or any property of any kind;

(d) To covenant as to any bonds and notes to be issued and the limitations thereon and the terms and conditions thereof and as to the custody, application and disposition of the proceeds thereof;

(e) To covenant as to the issuance of additional bonds or notes or as to limitations on the issuance of additional bonds or notes and on the incurring of other debts by it;

(f) To covenant as to the payment of the principal of or interest on the bonds or notes, or any other obligations, as to the sources and methods of such payment, as to the rank or priority of any such bonds, notes or obligations with respect to any lien or security or as to the acceleration of the maturity of any such bonds, notes or obligations;

(g) To provide for the replacement of lost, stolen, destroyed or mutilated bonds or notes;

(h) To covenant against extending the time for the payment of bonds or notes or interest thereon;

(i) To covenant as to the redemption of bonds or notes and privileges of exchange thereof for other bonds or notes of the authority;

(j) To covenant as to the rates of toll and other charges to be established and charged, the amount to be raised each year or other period of time by tolls or other revenues and as to the use and disposition to be made thereof;

(k) To covenant to create or authorize the creation of special funds or moneys to be held in pledge or otherwise for construction, operating expenses, payment or redemption of bonds or notes, reserves or other purposes and as to the use and disposition of the moneys held in such funds;
(l) To establish the procedure, if any, by which the terms of any contract or covenant with or for the benefit of the holders of bonds or notes may be amended or abrogated, the amount of bonds or notes the holders of which must consent thereto, and the manner in which such consent may be given;
(m) To covenant as to the construction, improvement, operation or maintenance of its real and personal property, the replacement thereof, the insurance to be carried thereon, and the use and disposition of insurance moneys;
(n) To provide for the rights and liabilities, powers and duties arising upon the breach of any covenant, condition or obligation and to prescribe the events of default and the terms and conditions upon which any or all of the bonds, notes or other obligations of the authority shall become or may be declared due and payable before maturity and the terms and conditions upon which any such declaration and its consequences may be waived;
(o) To vest in a trustee or trustees within or without the State such property, rights, powers and duties in trust as the authority may determine and to limit the rights, duties and powers of such trustee;
(p) To pay the costs or expenses incident to the enforcement of such bonds or notes or of the provisions of such resolution or of any covenant or agreement of the authority with the holders of its bonds or notes;
(q) To limit the powers of the authority to construct, acquire or operate any structures, facilities or properties which may compete or tend to compete with any of its projects;
(r) To limit the rights of the holders of any bonds or notes to enforce any pledge or covenant securing bonds or notes; and
(s) To make covenants other than and in addition to the covenants herein expressly authorized, of like or different character, and to make such covenants to do or refrain from doing such acts and things as may be necessary, or convenient and
desirable, in order to better secure bonds or notes or which, in the absolute discretion of the authority, will tend to make bonds or notes more marketable, notwithstanding that such covenants, acts or things may not be enumerated herein.

23. Any pledge of tolls or other revenues or other moneys made by the authority shall be valid and binding from the time when the pledge is made; the tolls or other revenues or other moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be filed or recorded except in the records of the authority.

24. Neither the members of the authority nor any person executing bonds or notes issued pursuant to this act shall be liable personally on the bonds or notes by reason of the issuance thereof. Bonds and notes issued by the authority pursuant to this act shall not be in any way a debt or liability of the State or any subdivision thereof and shall not create or constitute any indebtedness, liability or obligation of the State or any such subdivision, except the authority and any county which in accordance with this act shall have guaranteed payment of the principal of and interest on such bonds or notes.

25. The authority shall have power to purchase bonds or notes of the authority out of any funds available therefor. The authority may hold, cancel or resell such bonds or notes subject to and in accordance with agreements with holders of its bonds and notes.

26. The authority is hereby authorized to fix, revise, charge and collect tolls and charges for the use of each project and the different parts or sections thereof, and to contract with any person,
partnership, association or corporation desiring the use of any part thereof, including the right-of-way adjoining a paved portion, for operating or placing thereon telephone, telegraph, electric light or power lines, gas stations, garages, stores, hotels, or restaurants, or for any other purpose, and to fix the terms, conditions, rents and rates of charges for such use; provided, that a sufficient number of gas stations may be authorized to be established in the service areas along any project to permit reasonable competition by private business in the public interest; and provided, further, that no toll shall be charged for the passage of any ambulance, first-aid or emergency-aid vehicle, vehicular fire-fighting apparatus, or other similar vehicle, operated for the benefit of the public by the State or by any county or municipality or charitable or nonprofit corporation or organization, first-aid squad, emergency squad, or fire company of this State; and provided, further, that no contract shall be required, and no rent, fee or other charge of any kind shall be imposed, for the use and occupation (other than for railroad, railway, express, subway or auto-bus purposes) of the highway portion of any project for the installation, construction, use, operation, maintenance, repair, renewal, relocation or removal of tracks, pipes, mains, conduits, cables, wires, towers, poles or other equipment or appliances in, on, along, over or under any such project by any public utility as defined in section 27:7-1 of the Revised Statutes which is subject to taxation pursuant to either chapter 4 of the laws of 1940, as amended (R. S. §§ 54:30A-16 et seq.), or chapter 5 of the laws of 1940, as amended (R. S. §§ 54:30A-49 et seq.), or pursuant to any other law imposing a tax for the privilege of using the public streets, highways, roads or other public places in the State. Such tolls and charges shall be so fixed and adjusted as to effectuate the purposes of this act and in any event to carry out and perform the terms and provisions of any contract with or for the benefit of holders of bonds or notes. Such tolls and charges
shall not be subject to supervision or regulation by any other commission, board, bureau or agency of the State or subdivision of the State. The use and disposition of tolls, charges and revenues shall be subject to the provisions of any resolution authorizing the issuance of such bonds or notes.

27. All counties and municipalities and other governmental subdivisions, all authorities, and all public departments, agencies and commissions of the State, notwithstanding any contrary provision of law, are hereby authorized and empowered to lease, lend, grant or convey to the authority at its request upon such terms and conditions as the governing body or other proper authorities of such counties, municipalities and governmental subdivisions, authorities and departments, agencies or commissions of the State may deem reasonable and fair and without the necessity for any advertisement, order of court or other action or formality, other than the authorizing resolution of the governing body of the county, municipality or subdivision concerned or the regular and formal action of any other authority concerned, any real property or interest therein which may be necessary or convenient to the effectuation of the purposes of the authority, including public highways and other real property already devoted to public use. At such time as the authority shall undertake to construct any part of a project and shall acquire any portion of a State highway route as part of such project, the jurisdiction of the department over such portion shall cease. No property of the State, other than riparian lands or lands under water and similar lands or interests therein referred to in Title 12, Commerce and Navigation, of the Revised Statutes, as amended, shall be so granted, leased or conveyed to the authority except upon payment to the State of such price therefor (if any) as may be fixed by the State House Commission.

28. For the purpose of aiding the authority and co-operating in the planning, undertaking, acquisition, construction or operation of any project, any
counties or municipalities authorized to appropriate money to aid authority.

29. For the purpose of aiding the authority and co-operating in the planning, undertaking, acquisition, construction or operation of any project, any county by resolution of its governing body, or any municipality by ordinance of its governing body, shall have power from time to time and for such period and upon such terms, with or without consideration, as may be provided by such resolution or ordinance and accepted by the authority (a) to appropriate moneys for the purposes of the authority, and to loan or donate such money to the authority in such installments and upon such terms as may be agreed upon with the authority, (b) to covenant and agree with the authority to pay to or on the order of the authority annually or at shorter intervals as a subsidy for the promotion of its purposes not exceeding such sums of money as may be stated in such resolution or ordinance or computed in accordance therewith, (c) upon authorization by it in accordance with law of the performance of any act or thing which it is empowered by law to authorize and perform and after appro-
vation of the moneys (if any) necessary for such performance, to covenant and agree with the authority to do and perform such act or thing as to the time, manner and other details of its doing and performance, and (d) to appropriate money for all or any part of the cost of acquisition or construction of such project, and, in accordance with the limitations and any exceptions thereto and in the manner or mode of procedure prescribed by the Local Bond Law to incur indebtedness, borrow money and issue its negotiable bonds for the purpose of financing such project and appropriation, and to pay the proceeds of such bonds to the authority.

30. For the purpose of aiding the authority in the planning, undertaking, acquisition, construction or operation of any project, any county may, pursuant to resolution duly adopted by its governing body after notice published and a hearing thereon held in the manner provided with regard to county bond resolutions pursuant to the Local Bond Law and with or without consideration and upon such terms and conditions as may be agreed to by and between the county and the authority, unconditionally guarantee the punctual payment of the principal of and interest on any bonds or notes of the authority. Any guarantee of bonds or notes of the authority made pursuant to this section shall be evidenced by endorsement thereof on such bonds or notes, executed in the name of the county and on its behalf by such officer thereof as may be designated in the resolution authorizing such guaranty, and such county shall thereupon and thereafter be obligated to pay the principal of and interest on said bonds or notes in the same manner and to the same extent as in the case of bonds or notes issued by it. Any such guaranty of bonds or notes by the authority by a county may be made, and any resolution authorizing such guaranty may be adopted in manner aforesaid, notwithstanding any debt or other limitations including particularly any limitation under or pursuant to said Local Bond Law, but the principal amount of bonds or

notes so guaranteed, shall, after their issuance, be included in the gross debt of such county for the purpose of determining the indebtedness of such county under or pursuant to said Local Bond Law. The principal amount of said bonds or notes so guaranteed and included in gross debt shall be deducted and is hereby declared to be and to constitute a deduction from such gross debt under and for all the purposes of said Local Bond Law (a) from and after the time of issuance of said bonds or notes until the end of the fourth fiscal year beginning next after the completion of acquisition or construction of the project to be financed from the proceeds thereof and (b) in any annual debt statement filed pursuant to said Local Bond Law as of the end of said fiscal year or any subsequent fiscal year unless the county in such year shall have been required to make any payment on account of the principal of or interest on such bonds or notes.

31. Every county or municipality which shall make any contract, covenant or agreement with the authority pursuant to this act is hereby authorized and directed to do and perform any and all acts or things necessary or convenient and desirable, to carry out and perform the same and to provide for the payment or discharge of any obligation thereunder in the same manner as other obligations. Any such contract, covenant or agreement, and any instrument making or evidencing the same, may be pledged or assigned by the authority to secure its bonds and thereafter may not be modified except as provided by the terms of such instrument or by the terms of such pledge or assignment.

32. If the department shall have incurred or paid any costs or expenses with respect to an expressway project or with respect to preliminary studies of the feasibility or location thereof, the commissioner may from time to time certify the amount thereof to the authority. CHAPTER 17, LAWS OF 1962

1. Section 24 of the act of which this act is amendatory is amended to read as follows:

24. In the event any person, partnership, association or corporation is granted a permit under this act to conduct a race meeting pursuant to provisions thereof, such permit shall be renewed upon application of the permit holder yearly for the next succeeding 10 years, for the same dates allotted to such permit holder during the preceding year or for such other dates (not exceeding 50 racing days in the aggregate for running racing and not exceeding 60 days in the aggregate for harness racing) as such permit holder shall request; provided, however, that such permit holder has not violated any of the provisions of this act.

2. Section 27 of the act of which this act is amendatory is amended to read as follows:

27. Upon compliance with the foregoing conditions, the commission shall issue a permit to such applicant to hold or conduct such horse race meeting as authorized by this act. Such permit shall specify the person, partnership, association or corporation to whom the same is issued; the dates upon which such horse race meeting is to be held or conducted; the hours of such days between which such horse racing will be permitted, which shall be between the hours of 12 o'clock noon and 6 o'clock post meridian Eastern Standard Time (excluding Sundays), the location of the place, track or enclosure at, on or within which said horse race meeting is to be held or conducted; and shall acknowledge receipt of the payment of the deposit and the filing of the bond provided for in this act. No permit shall be issued to permit running racing on any track that is less than 1 mile in circumference nor harness racing on any track that is less than 1 1/2 mile in circumference. No such permit shall be transferable nor shall it apply to any place, track or enclosure other than the one specified therein. No such permit shall be issued so as to permit horse racing at any place, track or enclosure except on week days between the hours of 12 o'clock noon...
and 6 o'clock post meridian Eastern Standard Time. No permit shall be granted under this act to any person, partnership, association or corporation so as to permit upon any race track, place or enclosure more than 50 horse racing days in the aggregate in any one calendar year for running races nor more than 60 racing days in the aggregate in any one calendar year for harness races; nor shall any permit be granted to the same person, partnership, association or corporation for the holding or conducting of a horse race meeting except at one track, place or enclosure in this State, nor shall any permit be granted for the holding or conducting of a horse race meeting at any place in this State prior to April 1 in any calendar year or after the last day of November in any calendar year. No such permit shall be issued to any person, partnership, association or corporation that is in any way in default in the payment of any obligation or debt due to the State of New Jersey under the provisions of this act, nor shall any permit be issued to any corporation under the provisions of this act unless said corporation be organized under and by virtue of the laws of the State of New Jersey, nor shall any permit be issued to any applicant who shall be deemed by said commission not to be of sufficient financial integrity and moral responsibility to hold a horse race meeting conducive to the best interests of legitimate racing.

44. Each holder of a permit shall distribute all sums deposited in any pool to the winners thereof, less an amount which in harness races shall not exceed 16% of the total deposits plus the breaks and which in other races shall not exceed 13%, except that during calendar year 1962 such amount for such other races shall not exceed 13½%, of the total deposits plus the breaks. Every permit holder shall distribute to the persons holding winning tickets, as a minimum, a sum not exceeding $0.10, calculated on the basis of each dollar deposited in
any pool after the deduction of the said 16\% or 13\% or 13\%\%\%\%, as the case may be. Should the amount remaining in the pool be insufficient to pay the winners the minimum, the breakage accruing in that race, or any necessary portion thereof, shall be applied toward making up any such deficiency. The breaks are hereby defined as the odd cents over any multiple of $0.10, calculated on the basis of $1.00 otherwise payable to a patron. Every permit holder engaged in the business of conducting running or harness race meetings under this act shall pay to the commission for the use of the State the breaks as herein defined, except as the same shall have been applied toward making up a deficiency in a pool as herein provided. Payment of such breaks shall be made every seventh day of any and every race meeting and shall be accompanied by a report under oath showing the daily and total amount of such breaks together with such other information as the commission may require. All sums held by any permit holder for payment of outstanding pari-mutuel tickets not claimed by the person or persons entitled thereto within 60 days from the time such tickets are issued shall be paid to the commission upon the expiration of such 60-day holding period.

Payment on account of such sum shall be made every seventh day of any and every race meeting in the amount then due as determined in the manner provided above, and shall be accompanied by a report under oath showing the total of all such contributions, together with such other information as the commission may require. No admission or amusement tax, excise tax, license or horse racing fee of any kind, except as expressly provided in this act, shall be assessed or collected from any permit holder by the State of New Jersey, or by any county or municipality, or by any other body having power to assess or collect license fees or taxes.

5. Notwithstanding any of the provisions of the act to which this is a supplement, the commission may grant a special permit, upon joint application of the holders of the outstanding permits authorizing running races in this State, for the holding or conducting of a special running race meeting at one or more of the otherwise authorized running race tracks on such days, other than Sunday, during the entire calendar year of 1962 as the commission may designate. 9. Except to the extent the provisions of this act are inconsistent therewith, the provisions of the act to which this is a supplement shall apply in their entirety to any special running race meeting and any special permit holder.

10. There is hereby appropriated to the Division of Racing of the Department of the Treasury the sum of $45,000.00, or so much thereof as may be required, to defray the expenses of the special running race meeting authorized by this act.

11. This act shall take effect immediately.

CHAPTER 19

An Act concerning the delineation and marking of flood hazard areas; and prescribing the functions, powers, and duties of the Division of Water Policy and Supply of the Department of Conservation and Economic Development in connection therewith.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. It is in the interest of the safety, health, and general welfare of the people of the State that legislative action be taken to empower the Division of Water Policy and Supply to delineate and mark flood hazard areas, and to co-ordinate effectively the development, dissemination, and use of information on floods and flood damages that may be available.

2. As used in this act, unless the context indicates another or different meaning or intent:
   (a) "Division" means the Division of Water Policy and Supply in the Department of Conservation and Economic Development;
   (b) "Council" means the Water Policy and Supply Council in the Division of Water Policy and Supply;
   (c) "Flood plain" means the relatively flat area adjoining the channel of a natural stream, which has been or may be hereafter covered by flood water;
   (d) "Floodway" means the channel of a natural stream and portions of the flood plain adjoining the channel, which are reasonably required to carry and discharge the flood water or flood flow of any natural stream;
   (e) "Flood hazard area" means the floodway and any additional portions of the flood plain, as determined by the council under section 3 hereof;
(f) "Relative risk" means the varying degrees of hazard to life and property in a flood hazard area which are occasioned by differences in depth and velocity of flood waters covering and flowing over it.

3. The division shall study the nature and extent of the flood plains of the State. After public hearing upon notice, the council shall, from time to time, delineate as flood hazard areas such portions of the flood plains as, in the judgment of the council, the improper development and use of which would constitute a threat to the safety, health, and general welfare. Such delineation shall identify the various subportions of the flood hazard area for reasonable and proper use according to relative risk, including the designation of floodways necessary to preserve the flood carrying capacity of natural streams. The council may revoke, amend, alter, or modify actions taken as herein authorized, if in its judgment the public interest so warrants. The resolution adopted by the council delineating any flood hazard area shall be filed with the division and shall be distributed by the council in such manner and in such places as it may determine proper.

4. The division may conspicuously mark in the field (1) any flood hazard area delineated by the council, and (2) any other area the council may deem necessary to effectuate the purposes of this act. The division may erect markers on any property belonging to the State, or any agency or instrumentality thereof. Such markers may be erected on any county, municipal, or private property provided that such county, municipality, or owner shall have consented thereto.

Every person, corporation, municipality, or other public authority removing, defacing, or otherwise disturbing any marker erected under the provisions of this act shall be subject to a penalty not to exceed $50.00 for each and every offense to be collected in accordance with the penalty enforcement law (N. J. S. 2A:58-1 et seq.).
5. The provisions of this act shall not affect the provisions of sections 40:56-1 or 58:1-26 and 27 of the Revised Statutes, provided the council may alter any width, elevation, or condition, however established, upon finding such alterations necessary to effectuate the purpose of this act.

6. The sum of $25,000.00 is hereby appropriated to the division to provide the means for implementation of the act.

7. This act shall take effect immediately.
Approved April 3, 1962.

may be or have been due and payable prior to January 1, 1964, together with such interest and penalties as would have accrued thereon under any provision of law amended or repealed hereby; nor shall this act invalidate any assessments or affect any proceeding for the enforcement thereof pending upon the effective date of this act or upon January 1, 1964, or during the period between said dates.

At any time hereafter the commissioners may enter into an agreement with any contracting agency solely for the use of the commissioners' pumping station and treatment facilities for the disposal of sewage originating from within the municipal boundaries of the contracting agency. No sewage presently being discharged into the commissioners' system may be received under these sections.

3. Before entering into any such agreement the commissioners shall hold a public hearing at which time opportunity shall be afforded the remaining contracting agencies to present objections and suggestions with reference to the proposed agreement, and if it shall appear that the contracting agencies, representing more than 75% of the remaining allowed capacity in the commissioners' facilities, object to said agreement, the commissioners shall not enter into it. Notice of said public hearing with the relative information and data shall be mailed to each contracting agency at least 20 days before the date set for the hearing.

4. The said agreement shall provide as follows:
   A. Said measuring device or meter, however, shall be under the conclusive control of the commissioners; all expenditures for installations and connections made necessary by the agreement, including the construction of a shut-off or closing valve under the control of the commissioners shall be borne by the involved contracting agency and said involved contracting agency shall be required to maintain in a good state of repair and operation, such measuring device, meter, installations and connections at its own costs and expenses; provided, that the involved contracting agency shall not be required to bear the expense of reading the meter or the general expense of maintaining, repairing and operating the commissioners’ facilities except as above provided;

(f) "Local Bond Law" means the Local Bond Law of Title 40A of the New Jersey Statutes.

2. When the board of chosen freeholders of one or more counties, after study and investigation, shall deem it advisable for such county or counties to establish a county college, such board or boards of county freeholders may petition the State board for permission to establish and operate a county college. A report shall be attached to such petition and shall include information on the higher educational needs of the county or counties, a description of the proposed county college, the proposed curriculum, an estimate of the cost of establishing and maintaining such county college, and any other information or data deemed pertinent.

Upon receipt of such petition by the State board, it shall be referred to the commissioner who shall make an independent study as to the higher educational needs of the county or counties, the necessity or advisability of establishing such county college, and whether the county or counties could, with the State aid provided for in this act, financially support such college. The commissioner shall submit a report containing his conclusions to the State board and to the petitioning board or boards of chosen freeholders.

The State board, after studying both the petition of the board or boards of chosen freeholders and the report of the commissioner, shall determine whether there is a need for such college and whether
the county or counties have the financial capacity to support such college. If the State board finds such a need to exist and further finds that establishing and maintaining such college is financially feasible, it shall approve the petition and shall so notify the board or boards of chosen freeholders.

3. Whenever the board or boards of chosen freeholders receive notification that the State board approves the establishment of a county college, each participating board may provide by resolution for the establishment of a county college in accordance with the provisions of this act and the regulations of the State board. Prior to the final passage of said resolution, the board shall have published, in full, in a newspaper circulating in the county, the resolution together with the time and place of a public hearing to be had upon said resolution. Said publication shall be at least 10 days prior to the time fixed for the public hearing.

Within 5 days after passage, the resolution shall be published in full in a newspaper circulating in the county and a copy of said resolution shall be filed for public inspection with the clerk of the board of chosen freeholders and with the clerk of each municipality in said county. The resolution shall become effective in said county 45 days after passage unless there is filed with the county clerk within said 45 days, a petition requesting a referendum in said county signed by either 5% or 10,000 of the registered voters of said county, whichever is lesser, or such a petition authorized by the governing body of a municipality or municipalities representing in total at least 15% of the population of said county. If such petition is so filed, the proposal for the establishment of a county college shall be submitted to the registered voters of said county at the next general election.

Where a county college is to be established by more than one county, similar resolutions authorizing the establishment of such county college shall be passed by the board of chosen freeholders in each participating county. If a petition such as
is described above is filed in one or more said participating counties, then the proposal for the establishment of a county college shall be submitted to the registered voters of the county or counties in which such petition or petitions are filed.

The county clerk of each participating county shall notify the commissioner and the board of chosen freeholders of each other participating county upon the elapse of 45 days after the passage of the resolution in said county whether the question of the establishment of a county college is to be submitted to the registered voters of said county at the next general election.

4. If a proposal for the establishment of a county college is to be submitted to the registered voters of the county, the county clerk shall have published at least 10 days before said general election notice thereof in a newspaper circulating in the county and the county clerk shall have printed or cause to be printed on the official ballot to be used at such general election the following:

If you favor the proposition printed below, make a cross (×), plus (+) or check (√) in the square opposite the word "Yes." If you are opposed thereto, make a cross (×), plus (+) or check (√) in the square opposite the word "No."

If a county college is to be established in one county, the name of the county, and if it is to be established in more than one county, the names of
the counties, should be inserted in the question and the date of approval of this act should also be inserted in the appropriate blank of said question.

In any county in which voting machines are used the question shall be placed upon the official ballots to be used upon the voting machines without the foregoing instructions to the voters and shall be voted upon by the use of such machines without marking as aforesaid.

If the question of the establishment of a county college is submitted to the people of the county, that county clerk shall send notice of the results of said election to the commissioner and the board of chosen freeholders of each of the participating counties.

5. If at said election the proposal for the establishment of the county college is approved by a majority of all the votes cast both for and against said question in the county, then the board of chosen freeholders shall proceed to establish a county college.

Where the county college is to be established by more than one county, then the boards of chosen freeholders of the participating counties shall not establish a county college until the commissioner notifies said boards that a similar resolution of the board of chosen freeholders in each participating county has become effective upon the elapse of the 45-day period or the proposal for the establishment of a county college has been approved by a majority of the registered voters of said county at a general election.

6. If a majority of the votes in a county are cast against a proposal for the establishment of a county college, the board of chosen freeholders of such county may not establish a county college unless thereafter the board:

(a) Submits a petition to the State board in accordance with the provisions of section 2 of this act, and

(b) Submits a proposal for the establishment of a county college at a general election and has it
approved by a majority of the votes of the county voting thereon.

The board of chosen freeholders shall not resubmit a proposal which has been defeated to the voters of the county before the third general election thereafter, however, an alternate proposal may be submitted at any general election.

7. The State board shall establish rules and regulations governing:

(a) The establishment of county colleges; and

(b) The operation of county colleges which shall include but need not be limited to:

(1) accounting systems, auditing and other financial controls,
(2) determining tuition rates,
(3) attendance of nonresident pupils,
(4) standards for granting diplomas, certificates or degrees, and
(5) minimum qualifications for professional staff members.

8. For each county college there shall be a board of trustees, consisting of the county superintendent of schools and 8 persons to be appointed by the director of the board of chosen freeholders with the advice and consent of that board.

When a county college is established by more than one county the board of trustees shall be increased by 2 members for each additional participating county. The membership of the board of trustees shall be apportioned by the commissioner among the several counties as nearly as may be according to the number of inhabitants in each county as shown by the last Federal census, officially promulgated in this State. Each apportionment shall continue in effect until a reapportionment shall become necessary by reason of the official promulgation of the next Federal census or the enlargement of the board by the admission of one or more additional counties as provided for in section 24 of this act. Each county shall be en-
9. Appointed members of the board of trustees shall be citizens of the United States who have been residents of the county appointing them for a period of 4 years prior to said appointment. The term of office of appointed members, except for the first appointments, shall be for 4 years. Each member shall serve until his successor shall have been appointed and qualified.

Vacancies shall be filled in the same manner as the original appointment for the remainder of the unexpired term. Members shall serve without compensation but shall be entitled to be reimbursed for all reasonable and necessary expenses.

In the case of a county college established by one county, the term of office of members initially appointed to the board of trustees shall be as follows: 2 persons shall receive terms of 1 year, 2 terms of 2 years, 2 terms of 3 years and 2 terms of 4 years.

In the case of a county college established by more than one county, the commissioner shall fix the terms of the members initially appointed to the board of trustees so that as nearly as possible, \( \frac{1}{4} \) of the appointed members will receive terms of 4 years, \( \frac{3}{4} \) terms of 3 years, \( \frac{1}{4} \) terms of 2 years and the remainder terms of 1 year. Such terms shall be allocated by the commissioner among the participating counties, in accordance with the number of members on the board of trustees appointed to each county, starting with the terms of 4 years, by allocating one of such terms to each of the participating counties in alphabetical order of the names of such counties, and continuing, still in such order, with the terms of 3 years, the terms of 2 years and the terms of 1 year.

Members initially appointed to the board may serve from the time of their respective appointments, but the term of such office shall be deemed to commence as of November 1 of the year in which the appointment was made.
10. The board of trustees of a county college shall organize annually on the first Monday in November by the election of a chairman, vice-chairman and such other officers as the board shall determine.

11. The board of trustees shall be a body corporate and shall be known as the “Board of Trustees of ..................” (here insert the name of the county college).

The board of trustees, in accordance with the rules and regulations of the State board, shall have custody of and be responsible for the property of the college and shall be responsible for the management and control of said college. The board shall make an annual report in the manner prescribed by the State board to the commissioner and to the board of chosen freeholders of each participating county.

12. For the effectuation of the purposes of this act, the board of trustees of a county college, in addition to such other powers expressly granted to it by this act and subject to the rules and regulations of the State board, is hereby granted the following powers:

(b) To adopt and use a corporate seal;
(c) To sue and be sued;
(d) To determine the educational curriculum and program of the college;
(e) To appoint and fix the compensation and term of office of a president of the college who shall be the executive officer of the college and an ex officio member of the board of trustees;
(f) To appoint, upon nomination of the president, members of the administrative and teaching staffs and fix their compensation and terms of employment subject to the provisions of section 13 of this act;
(g) To appoint or employ such other officers, agents and employees as may be required to carry out the provisions of this act and to fix and deter-
mine their qualifications, duties, compensation, terms of office and all other conditions and terms of employment and retention;

(h) To fix and determine tuition rates and other fees to be paid by students;

(i) To grant diplomas, certificates or degrees;

(j) To enter into contracts and agreements with the State or any of its political subdivisions or with the United States, or with any public body, department or other agency of the State or the United States or with any individual firm or corporation which are deemed necessary or advisable by the board for carrying out the provisions of this act;

(k) To accept from any government or governmental department, agency or other public or private body or from any other source grants or contributions of money or property which the board may use for or in aid of any of its purposes;

(l) To acquire (by gift, purchase, condemnation or otherwise), own, lease, use and operate property, whether real, personal or mixed, or any interest therein, which is necessary or desirable for college purposes;

(m) To determine that any property owned by the county college is no longer necessary for college purposes and to sell the same at such price and in such manner and upon such terms and conditions as shall be established by the State board;

(n) To exercise the right of eminent domain pursuant to the provisions of Title 20 of the Revised Statutes to acquire any property or interest therein;

(o) To make and promulgate such rules and regulations, not inconsistent with the provisions of this act or with the rules and regulations of the State board, that are necessary and proper for the administration and operation of a county college and to implement the provisions of this act; and

(p) To exercise all other powers not inconsistent with the provisions of this act or with the rules and regulations of the State board which may be reasonably necessary or incidental to the establish-
ment, maintenance and operation of a county college.

13. The teaching staff employees and administrative officers other than the president of the county college are hereby held to possess all the rights and privileges of teachers employed by local boards of education. The president and teaching staff members shall be eligible for membership in the Teachers' Pension and Annuity Fund.

For the benefit of its other officers and employees, the county college, as a public agency, may elect to participate in the Public Employees' Retirement System.

14. Counties, municipalities, school districts or special schools may sell, give or lease any of their property to the board of trustees of a county college pursuant to the rules and regulations of the State board.

15. Each county college shall have a board of school estimate.

In the case of a county college established by one county, such board shall consist of the chairman of the board of chosen freeholders, 2 members of the board of chosen freeholders appointed by that board and 2 members of the board of trustees appointed by that board.

In the case of a county college established by more than one county, such board shall consist of the chairman of the board of chosen freeholders from each participating county, one member of the board of chosen freeholders from each participating county appointed by that board and one member of the board of trustees from each participating county appointed by that board.

16. Appointments to the board of school estimate shall be made annually on or before December 1 and any vacancy in the board's membership shall be filled by the board which originally appointed the members. The secretary of the board of trustees shall be the secretary of the board of school estimate but shall receive no additional compensation therefor.
The board of school estimate shall fix and determine the amount of money necessary to be appropriated for use of the county college for the operation and capital outlay expenses for the school year, exclusive of the amount to be received from the State and other sources.

17. On or before February 1 in each year, the board of trustees of the county college shall prepare and deliver to each member of the board of school estimate an itemized statement of the amount of money estimated to be necessary for the operation and capital outlay expenses for the ensuing year.

Between February 1 and February 15 of each year, the board of school estimate shall fix and determine the amount of money necessary for the operation and capital outlay expenses of the college for the ensuing year, exclusive of the amount to be received from the State and from other sources.

The board of school estimate shall, on or before February 15 of each year, make a certificate of such amount signed by at least a majority of its members. Copies thereof shall be delivered to the commissioner, to the board of trustees of the college and to each participating board of chosen freeholders.

In the case of a county college established by more than one county, the amount to be raised for the annual operation and capital outlay expenses shall be apportioned among the participating counties upon the basis of appropriation valuations, as defined in section 54:4-49 of the Revised Statutes. In such case, the certificate of the board of school estimate shall certify the proportioned part of the total to be raised by each participating county.

18. The board of chosen freeholders shall, upon receipt of the certificate, appropriate the amount of the operation expenses certified therein, in the same manner as other appropriations are made by said board and the amount shall be assessed, levied and collected in the same manner as moneys ap-
appropriated for other purposes in the counties are appropriated, levied and collected.

19. The board of chosen freeholders shall, upon receipt of the certificate, appropriate the amount of the capital outlay expenses certified therein by either:

(a) The method provided for in section 18 of this act; or

(b) An ordinance authorizing the borrowing of such amount and securing the repayment thereof, together with the interest thereon, by the issuance of bonds in the name of the county. The bonds so issued shall be designated "county college bonds." They shall be issued and sold pursuant to the Local Bond Law. No county shall issue such bonds if the amount thereof together with the amount of prior outstanding county college bonds shall exceed an amount equal to \( \frac{1}{2} \) of 1% of the equalized valuation of property in said county unless such bond issue shall first have been approved by the commissioner and the Division of Local Government.

20. If the board of trustees shall determine that it is necessary in any school year to raise money in addition to the amount in its annual budget for such year for:

(1) current expenses for the operation and maintenance of the college when the amount necessary therefor was underestimated in the budget;

(2) repair or utilization of property destroyed or made unsuitable by accident or other unforeseen cause;

(3) meeting emergencies arising since the preparation of such budget; the board shall prepare and deliver to each member of the board of school estimate a statement of the amount of money determined to be necessary therefor.

The board of school estimate shall meet within a reasonable time after the delivery of the statement and fix and determine the amount necessary for such purpose or purposes. In the case of a county college established by more than one county, the board shall apportion upon the basis of the appropriation valuations as defined in section 54:4-49 of
the Revised Statutes, such amount among the participating counties. The board shall then certify the amount so determined and apportioned to the and to each participating board of chosen free-commissioner, the board of trustees of the college holders.

The board of chosen freeholders, upon receipt of such certificate, shall appropriate the amount certified therein and shall raise such amount in the manner provided for by sections 18 and 19 of this act.

21. Notwithstanding the time limitations specified in section 17 of this act, during the calendar year in which the board or boards of chosen freeholders first establish a county college, the board of trustees of the county college may prepare and deliver to the board of school estimate of the college an estimate of the amount necessary to finance the county college until the first regular budget is adopted and available.

The board of school estimate shall meet within a reasonable time after the delivery of said estimate and shall fix and determine the amount necessary to so finance the county college and, if more than one county participated in establishing the county college, shall apportion said amount upon the basis of apportionment valuations as defined in section 54:4-49 of the Revised Statutes. The board shall then certify the amount so determined to the commissioner, the board of trustees of the college and to the board of chosen freeholders of each participating county.

The board of chosen freeholders shall, upon receipt of the certification, appropriate its share of said amount in the manner provided for by sections 18 and 19 of this act.

22. The State board shall formulate annual budget requests for State support of county colleges. Within the limits of funds appropriated to the State board for such purposes and in accordance with rules and regulations prescribed by the State board, the board of trustees of a county college may apply to the State board and receive State support:
(a) For capital projects approved by the State board in amounts not to exceed \( \frac{3}{4} \) of the cost of said capital projects, and

(b) For operational costs to the extent of \( \frac{1}{2} \) thereof or $200.00 per equated full-time student, including such students resident in other counties, whichever is the lesser amount.

State support for the operational costs of county colleges shall be made within limits of State appropriation and only after an annual review and approval by the State board of the financial program for operation of the county college, including the charges to be made for student tuition and fees and the establishment of the county share of said costs.

23. The county board of chosen freeholders in any county not operating a county college may, subject to regulations of the State board and in accordance with uniform standards based upon scholarship and financial need, pay the tuition for any of their residents who attend any county college which is financed in part from State funds.

The board of trustees of a county college shall accept pupils from any county which does not have its own county college to the extent that the college’s facilities will permit.

24. If the board of trustees of a county college shall determine that it is in the best interest of the college to allow one or more additional counties to join in the operation of said county college and the board or boards of chosen freeholders of the county or counties then operating the county college shall approve, said board of trustees and the commissioner, pursuant to the rules and regulations of the State board, shall fix the terms and conditions under which said additional county or counties may participate in the operation of the county college.

25. Nothing in this act shall be construed to prohibit or prevent the referenda procedure specified in chapter 37 of Title 19 of the Revised Statutes.

CHAPTER 42

An Act authorizing boards of chosen freeholders of any county to make appropriations for junior colleges.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. It shall be lawful for the board of chosen freeholders of a county having a population in excess of 300,000 and they are hereby authorized and empowered to make appropriations for and pay to any accredited nonprofit junior college established and located in said county for the maintenance, support and operation of said educational institution.

2. This act shall take effect immediately.

Approved May 14, 1962.

CHAPTER 43

An Act granting certain emergency powers to the Commissioner of Banking and Insurance.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. For the purposes of this act:

   (a) “Mortgage loan” means:

      (1) A loan made by a financial institution, secured by a mortgage constituting a lien upon real property or upon a lease of the fee of real property; and,

      (2) An existing mortgage or part interest thereof purchased by a financial institution and constituting a lien upon real property or upon a lease of the fee of real property.
(b) "Financial institution" means any bank, savings bank, savings and loan association, building and loan association or insurance company organized or doing business under the laws of this State and supervised by the Commissioner of Banking and Insurance.

(c) "Disaster area" means any area of this State which has been proclaimed by the President of the United States or the Governor of this State or any official lawfully succeeding to their respective duties to be a disaster area within the meaning of applicable Federal or State law.

(d) "Period of emergency" means a period terminating one year from the date an area was proclaimed to be a disaster area, unless extended as provided in section 5 of this act.

2. The Commissioner of Banking and Insurance may adopt rules and regulations affecting financial institutions which hold, make or purchase mortgage loans within a disaster area during a period of emergency.

Such rules and regulations may, to the extent deemed necessary by the commissioner, authorize financial institutions to refinance, compromise, adjust or otherwise relax provisions of mortgage loans held by them on property within a disaster area, or to make or purchase mortgage loans on such property notwithstanding any law of this State concerning ratio of mortgage loans to appraised value, rank of lien, minimum amortization, maximum maturity date, prior appraisals, or other limitations which the commissioner determines should be waived, modified or relaxed during a period of emergency.

3. In the adoption, implementation and administration of such emergency rules and regulations, the commissioner shall consider the interest of disaster victims, the welfare of the public generally and the safety of the financial institutions involved. The commissioner shall have no power to relax, waive or modify any statutory limitation upon permissible rates or lawful interest charges. He
shall incorporate in such regulations precautions necessary to prevent the use of any broadened mortgage powers permitted by rule or regulation in connection with real property not destroyed, damaged or materially affected by the disaster.

4. Whenever a disaster area is so proclaimed, the Commissioner of Banking and Insurance shall review promptly conditions in the area in order to determine the extent of destruction and damage to real property. If he shall determine, within the standards set forth in section 3 of this act, that exercise of the emergency powers herein delegated is warranted, he may declare operative for such disaster area all or any portion of the rules and regulations adopted pursuant to section 2 of this act. The declaration shall be publicly announced and circulated in newspapers and financial publications throughout the State. Unless the operative period is sooner terminated by the commissioner, such rules and regulations shall be applicable for mortgage loan transactions entered into with respect to property in the disaster area during the period of emergency.

5. The commissioner may, upon publication and filing of his finding that emergency conditions concerning mortgage loans still prevail in a disaster area, extend for not more than 6 months the termination date of any period of emergency as hereinabove defined.

6. This act shall take effect immediately.
Approved May 14, 1962.

Such requirements shall be set forth only in rules and regulations adopted under this act.

C. 34:5-168. Employer to comply with requirements.
4. The commissioner shall make and promulgate rules and regulations reasonably necessary to implement the purposes of this act. Such rules and regulations shall go into effect 90 days following promulgation or at such later date as the rules and regulations shall provide unless disapproved by a majority of the council or there is a vote for disapproval pending as provided for herein. The commissioner shall consult and seek the advice of interested and qualified associations, agencies and persons. 5. The commissioner shall enforce the provisions of this act, make complaints against persons violating its provisions and prosecute violations of the same.

The commissioner shall have the power and authority to examine and inspect any part of any
project or facility included in section 3 of this act, and to make such investigation as is reasonably necessary to carry out the provisions of this act.

No person shall obstruct, hinder or delay or interfere with by force or otherwise the performance by the commissioner of any duty under the provisions of this act.

If upon inspection the commissioner discovers a condition which exists in violation of the provisions of this act he shall be authorized to order such violation to cease and to take such steps necessary to enforce such an order. Said order shall state the items which are in violation of the provisions of this act and shall provide a reasonable specified time within which the violations must cease. If the commissioner rules against the petitioning party, he shall have the right to apply for injunctive relief against the order to cease work. be determined shall be the existence of a violation constituting an imminent hazard. Such relief may be sought by an Order to Show Cause and may be granted ex parte pending a hearing of the matter. Nothing herein shall be deemed to prevent the commissioner from prosecuting any violation of this act, notwithstanding that such violations are corrected in accordance with his order.

6. The commissioner shall have the power and authority to grant exceptions from the literal requirements of rules and regulations promulgated under this act. Such exception shall be granted in any particular case only where it is clearly evident that it is necessary to prevent undue hardship or where existing conditions prevent compliance. In no case shall any exception be granted unless in the opinion of the commissioner reasonable protection of the health and safety of workers and the public will be maintained thereby. An application for an exception shall be filed in writing with the commissioner, setting forth specifically the requirements of the rules and regulations from which an exception is desired and the reason why enforcement of the applicable provisions of the rules and regulations is unreasonable. CHAPTER 48

Whereas, The shores and beaches of this State have been recently devastated by storms, floods and action of the sea to the extent that large sections of the sand barriers which protect the mainland have been washed away and eroded, thereby leaving the remainder of the sand barriers and the shore municipalities in imminent danger of further serious erosion and destruction with consequent peril to life and property; and

Whereas, The existence of this situation has clearly demonstrated the necessity for shore municipalities, under these and similar circumstances, to have clear authority for the undertaking of immediate emergency procedures; and

Whereas, The Legislature finds that such procedures may necessitate authority for the exercise of a right of immediate entry upon property for the purpose of demolishing and removing buildings and structures thereon, and for effecting improvements and repairs so as to prevent a recurrence of such condition; now, therefore,

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. When the governing body of any municipality bordering on the Atlantic ocean or Delaware bay shall find that there exists a threat or danger to
life and property by reason of the damage to or the destruction of sand barriers and other natural or man-made barriers which protect the municipalities, and that it is necessary to the health, safety and welfare of the municipality to repair, restore, replace or construct such protective barriers, such governing body may, by resolution, as an exercise of the police power of the State designate the properties required for the purpose of providing such protective barriers and authorize the appropriate municipal or governmental officials or agencies or the representatives thereof to enter immediately upon such property to take control and possession thereof, and to do such acts as may be required, including removing, destroying or otherwise disposing of any property located thereon without first paying any compensation therefor.

Such resolution shall provide that no entry shall be made upon such property for a period of at least 10 days following the passage of such resolution, unless the governing body shall find that the public safety and interest requires that entry be made within a shorter period of time. In such case, entry may be made after the expiration of such time period as shall be fixed by the resolution.

2. The governing body of any municipality subject to the provisions of this act may by resolution or, where required in order to receive aid from the State or the Federal Government to assist in providing protective barriers, by ordinance, authorize and direct the chief executive official of the municipality acting for and on behalf and in the name of the municipality to enter into such agreements with the State or the Federal Government or any agency thereof to do such acts or things as shall be necessary or convenient to secure such aid and assistance.

Such agreement may provide:

(a) That the municipality will hold and save harmless the State and Federal Government or any agency thereof free from damages which may arise out of the construction, repair, restoration
or replacement and the maintenance of such protective barriers undertaken by the State or the Federal Government or agency thereof in connection with any such agreement;

(b) That the municipality will provide, free of cost to the State and Federal Government, all lands, easements, rights of way or other areas within the municipality required in connection with the work undertaken by the State, the Federal Government or agencies thereof in respect of such agreement;

(c) That the municipality will undertake to maintain and preserve the protective barriers constructed, repaired, restored, or replaced by the State or Federal Government or agencies thereof;

(d) That the municipality will do such other acts as may be necessary to carry out the terms of the agreement.

3. Nothing in this act shall be construed to deny to any person who has an interest in any property which has been possessed by the municipality the right to obtain therefor just compensation to the extent that such property shall have been taken by the municipality. No compensation shall be granted to any individual to the extent that the action of the municipality does not amount to a taking of property but to a reasonable regulation of property pursuant to a proper exercise of the police power.

4. (a) The governing body of the municipality to the extent that the municipality may incur a financial obligation by virtue of the provisions of this act shall satisfy such obligations:

(1) By appropriating the amount necessary by an emergency appropriation adopted pursuant to the provisions of the "Local Budget Law," N. J. S. 40A:4-1 et seq.; or

(2) By the adoption of a bond ordinance pursuant to the provisions of the Local Bond Law which ordinance shall be deemed to authorize obligations within the purposes set forth in section 40A:2-7 of the New Jersey Statutes.
(b) The county in which such municipality shall be located may, with the approval of the Director of the Division of Local Government, pursuant to resolution duly adopted, by its governing body, after notice published in a manner provided for by a resolution authorizing bonds of such county pursuant to the aforesaid Local Bond Law and with or without consideration and upon such terms and conditions as may be agreed to by and between any such county and municipality unconditionally guarantee to the punctual payment of the principal of and interest on any bonds of the municipality so issued for the purposes set forth in this act. Any guaranty of bonds of the municipality made pursuant to this section shall be evidenced by endorsement thereof on such bonds executed in the name of the county and on its behalf by such official thereof as may be designated in the resolution authorizing such guaranty and such county shall thereupon and thereafter be obligated to pay the principal of and interest on said bonds in the same manner and to the same extent as in the case of bonds issued by it. Any such guaranty of bonds of a municipality may be made, and any resolution authorizing such guarantee may be adopted notwithstanding statutory or other debt limitations, including particularly any limitation or requirement under or pursuant to the said Local Bond Law but the principal amount of bonds so guaranteed shall, after their issuance, be included in the gross debt of such county for the purposes of determining the indebtedness of such county under or pursuant to said Local Bond Law.

In order to meet the obligation for payment of principal of or interest on any such bonds by virtue of such guaranty, a county is hereby authorized to borrow the funds necessary to meet such obligation and to issue such promissory note or notes therefore payable within 2 years from the date of such borrowing to the extent that funds of such county are not otherwise available for such purpose.
The municipality shall repay to the county as soon as practicable all sums paid by the county by virtue of the aforesaid bond guaranty.

5. The Commissioner of Conservation and Economic Development is hereby authorized to accept claims submitted to him by any municipality which has taken action pursuant to the provisions of this act for payment from the Special Beach Erosion Fund established by chapter 18, P. L. 1962, approved March 29, 1962, and to process such claims in accordance with the provisions of said chapter 18, P. L. 1962, but in no event shall the total amount of money paid out of such fund for such claims exceed the amount of $400,000.00. The commissioner may require as a condition of the approval of such claim that the municipality enter into an agreement with the commissioner on behalf of the State of New Jersey by which it will permit the beaches of the municipality to be used by the general public upon such reasonable terms and conditions as shall be established by the municipality and approved by the commissioner.

6. This act shall take effect immediately.

Approved May 21, 1962.

CHAPTER 49

An Act concerning unemployment compensation and amending section 43:21-19 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 43:21-19 of the Revised Statutes is amended to read as follows:

43:21-19. As used in this chapter (R. S. 43:21-1 et seq.), unless the context clearly requires otherwise:
(a) (1) "Annual payroll" means the total amount of wages paid during a calendar year (regardless of when earned) by an employer for employment.

(2) "Average annual payroll" means the average of the annual payrolls of any employer for the last 3 or 5 preceding calendar years, whichever average is higher, except that any year or years throughout which an employer has had no "annual payroll" because of military service shall be deleted from the reckoning; the "average annual payroll" in such case is to be determined on the basis of the prior 3 or 5 calendar years in each of which the employer had an "annual payroll" in the operation of his business, if the employer resumes his business within 12 months after separation, discharge or release from such service, under conditions other than dishonorable, and makes application to have his "average annual payroll" determined on the basis of such deletion within 12 months after he resumes his business; provided, however, that "average annual payroll" solely for the purposes of paragraph (3) of subsection (e) of section 43:21-7 of this Title means the average of the annual payrolls of any employer, on which he paid contributions to the State disability benefits fund, for the last 3 or 5 preceding calendar years, whichever average is higher; provided further, that only those wages be included on which employer contributions have been paid on or before January 31 (or the next succeeding day if such January 31 is a Saturday or Sunday) immediately preceding the beginning of the 12 months' period for which the employer's contribution rate is computed.

(b) "Benefits" means the money payments payable to an individual, as provided in this chapter (R.S. 43:21-1 et seq.), with respect to his unemployment.

(c) "Base year" with respect to benefit years commencing on or after January 1, 1953, shall mean the 52 calendar weeks ending with the second
week immediately preceding an individual’s benefit year.

(d) “Benefit year” with respect to any individual means the 364 consecutive calendar days beginning with the day on, or as of, which he first files a valid claim for benefits, and thereafter beginning with the day on, or as of, which the individual next files a valid claim for benefits after the termination of his last preceding benefit year. Any claim for benefits made in accordance with subsection (a) of section 43:21-6 of this Title shall be deemed to be a “valid claim” for the purpose of this subsection if (1) no remuneration was paid or is payable for the day on which, or as of which he files a claim for benefits, and no work is available to him with his current employing unit on such day, or, he is unemployed for the week in which, or as of which, he files a claim for benefits; and (2) he has fulfilled the conditions imposed by subsection (e) of section 43:21-4 of this Title.

(e) “Division” means the Division of Employment Security of the Department of Labor and Industry established by chapter 446, P. L. 1948, and any transaction or exercise of authority by the director of the division thereunder, or under this chapter (R. S. 43:21-1 et seq.), shall be deemed to be performed by the division.

(f) “Contributions” means the money payments to the State unemployment compensation fund required by this chapter (R. S. 43:21-1 et seq.).

(g) “Employing unit” means any individual or type of organization, including any partnership, association, trust, estate, joint-stock company, insurance company or corporation, whether domestic or foreign, or the receiver, trustee in bankruptcy, trustee or successor thereof, or the legal representative of a deceased person, which has or subsequent to January 1, 1936, had in its employ one or more individuals performing services for it within this State. All individuals performing services within this State for any employing unit which
maintains 2 or more separate establishments within this State shall be deemed to be employed by a single employing unit for all the purposes of this chapter (R. S. 43:21-1 et seq.). Whenever any employing unit contracts with or has under it any contractor or subcontractor for any employment which is part of its usual trade, occupation, profession, or business, unless the employing unit as well as each such contractor or subcontractor is an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, the employing unit shall for all the purposes of this chapter be deemed to employ each individual in the employ of each such contractor or subcontractor for each day during which such individual is engaged in performing such employment; except that each such contractor or subcontractor who is an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, shall alone be liable for the contributions measured by wages payable to individuals in his employ, and except that any employing unit who shall become liable for and pay contributions with respect to individuals in the employ of any such contractor or subcontractor who is not an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, may recover the same from such contractor or subcontractor. Each individual employed to perform or to assist in performing the work of any agent or employee of an employing unit shall be deemed to be employed by such employing unit for all the purposes of this chapter (R. S. 43:21-1 et seq.), whether such individual was hired or paid directly by such employing unit or by such agent or employee; provided, the employing unit had actual or constructive knowledge of the work.

(h) "Employer" means:

The president of each county board shall, in addition to the above, receive the further sum of $625.00 per annum.

2. This act shall take effect July 1, 1962. Approved May 29, 1962.
AN ACT to amend an act entitled "An act concerning fraternal benefit societies, defining certain terms relative thereto, providing for the enforcement of the act, providing penalties for violations, repealing chapters 39 to 44, both inclusive, of Title 17 and supplementing Title 17, of the Revised Statutes," approved November 12, 1959 (P. L. 1959, c. 167).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 10 of the act of which this act is amendatory is amended to read as follows:

10. Qualifications for membership. A society may admit to benefit membership any person not less than 15 years of age, nearest birthday, who has furnished evidence of insurability acceptable to the society. Any such member who shall apply for additional benefits more than 6 months after becoming a benefit member shall furnish additional evidence of insurability acceptable to the society, unless such additional benefits are issued under a certificate provision which grants the privilege to purchase additional insurance at some future time without furnishing evidence of insurability.

Any person admitted prior to attaining the full age of 21 years shall be bound by the terms of the application and certificate and by all the laws and rules of the society and shall be entitled to all the rights and privileges of membership therein to the same extent as though the age of majority had been attained at the time of application. A society may also admit general or social members who shall have no voice or vote in the management of its insurance affairs.
2. Section 17 of the act of which this act is amendatory is amended to read as follows:

17. Nonforfeiture benefits, cash surrender values, certificate loans and other options. A society may grant paid-up nonforfeiture benefits, cash surrender values, certificate loans and such other options as its laws may permit. As to certificates issued 1 year from the effective date of this act, and thereafter, a society shall grant at least one paid-up nonforfeiture benefit, except in the case of pure endowment, annuity or reversionary annuity contracts, reducing term insurance contracts or contracts of term insurance of uniform amount of 15 years or less expiring before age 66.

In the case of certificates other than those for which reserves are computed on the Commissioners 1941 Standard Ordinary Mortality Table, the Commissioners 1958 Standard Ordinary Mortality Table or the 1941 Standard Industrial Table, the value of every paid-up nonforfeiture benefit and the amount of any cash surrender value, loan or other option granted shall not be less than the excess, if any, of (a) over (b) as follows:

(a) The reserve under the certificate determined on the basis specified in the certificate; and

(b) the sum of any indebtedness to the society on the certificate, including interest due and accrued, and a surrender charge equal to 2½% of the face amount of the certificate, which, in the case of insurance on the lives of children, shall be the ultimate face amount of the certificate, if death benefits provided therein are graded.

However, in the case of certificates issued on a substandard basis or in the case of certificates, the reserves for which are computed upon the American Men Ultimate Table of Mortality, the term of any extended insurance benefit granted including accompanying pure endowment, if any, may be computed upon the rates of mortality not greater than 130% of those shown by the mortality table specified in the certificate for the computation of the reserve.
In the case of certificates for which reserves are computed on the Commissioners 1941 Standard Ordinary Mortality Table, the Commissioners 1958 Standard Ordinary Mortality Table or the 1941 Standard Industrial Table, every paid-up nonforfeiture benefit available under the certificate in the event of default in a premium payment due on any policy anniversary shall be such that its present value as of such anniversary shall be an amount not less than the excess, if any, of the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the certificate, including any existing paid-up additions, if there had been no default, over the sum of (1) the then present value of the adjusted premiums as hereinafter defined, corresponding to premiums which would have fallen due on and after such anniversary, and (2) the amount of any indebtedness to the society on the certificate. Any cash surrender value available within 30 days after any policy anniversary under any certificate paid up by completion of all premium payments or any certificate continued under any paid-up nonforfeiture benefit shall be an amount not less than the present value, on such anniversary, of the future guaranteed benefits provided for by the certificate, including any existing paid-up additions, decreased by any indebtedness to the society on the certificate.

The adjusted premiums for any certificate shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the certificate for each policy year that the present value, at the date of issue of the certificate, of all such adjusted premiums shall be equal to the sum of (1) the then present value of the future guaranteed benefits provided for by the certificate; (2) 2% of the amount of insurance, if the insurance be uniform in amount, or of the equivalent uniform amount, as hereinafter defined, if the amount of insurance varies with duration of the certificate; (3) 40% of the adjusted premium for the first policy year; (4) 25% of either the adjusted
premium for the first policy year or the adjusted premium for a whole life certificate of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less; provided, however, that in applying the percentage specified in (3) and (4) above, no adjusted premium shall be deemed to exceed 4% of the amount of insurance or level amount equivalent thereto. The date of issue of a certificate for the purpose of this paragraph shall be the date as of which the rated age of the insured is determined. In the case of a certificate providing an amount of insurance varying with duration of the policy, the equivalent level amount thereof for the purpose of this paragraph shall be deemed to be the level amount of insurance provided by an otherwise similar certificate, containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the inception of the insurance as the benefits under the certificate.

All adjusted premiums and present values referred to above shall be calculated on the basis of the Commissioners 1941 Standard Ordinary Table, the Commissioners 1958 Standard Ordinary Mortality Table or the 1941 Standard Industrial Table and the rate of interest, not exceeding 3½% per annum, specified in the certificate for calculating cash surrender values and paid-up nonforfeiture benefits; provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than 130% of the rates of mortality according to such applicable table, except that where the Commissioners 1958 Standard Ordinary Mortality Table is used, such rates of mortality assumed may be not more than those shown in the Commissioners 1958 Extended Term
Insurance Table; provided, further, that for any category of such certificates issued on female risks adjusted premiums and present values, referred to in this section, may be calculated at the option of the society with the approval of the commissioner, according to an age not more than 3 years younger than the actual age of the insured. Any cash surrender value and any paid-up nonforfeiture benefit, available under the certificate in the event of default in a premium payment due at any time other than on the policy anniversary, shall be calculated with allowance for the lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary. All values referred to above may be calculated upon the assumption that any death benefit is payable at the end of the policy year of death. The net value of any paid-up additions, other than paid-up term additions, shall not be less than the dividends used to provide such additions. Additional benefits payable (1) in the event of death or dismemberment by accident or accidental means, (2) in the event of total and permanent disability, (3) as reversionary annuity or deferred reversionary annuity benefits, (4) as reducing term insurance benefits provided by a rider or supplemental policy provision, and (5) as other policy benefits additional to life insurance and endowment benefits, and premiums for all such additional benefits, shall be disregarded in ascertaining cash surrender and nonforfeiture benefits as described above and no such additional benefits shall be required to be included in any paid-up nonforfeiture benefits. Notwithstanding any other provisions of this section, additional benefits providing the privilege to purchase additional insurance at some future time without furnishing evidence of insurability, and premiums therefor, may, with the consent of the commissioner, be disregarded in ascertaining cash surrender values and nonforfeiture benefits as described in this section, and no such additional benefits shall be required to be included in any paid-up nonforfeiture benefits.
3. Section 34 of the act of which this act is amendatory is amended to read as follows:

34. Reports and valuations. Reports shall be filed and synopses of annual statements shall be published in accordance with the provisions of this section.

(1) Every society transacting business in this State shall annually, on or before March 1, unless for cause shown such time has been extended by the commissioner, file with the commissioner a true statement of its financial condition, transactions and affairs for the preceding calendar year and pay a fee of $20.00 for filing same. The statement shall be in general form and context as approved by the National Association of Insurance Commissioners for fraternal benefit societies and as supplemented by additional information required by the commissioner.

(2) A synopsis of its annual statement providing an explanation of the facts concerning the condition of the society thereby disclosed shall be printed and mailed to each benefit member of the society not later than June 1 of each year, or, in lieu thereof, such synopsis may be published in the society's official publication.

(3) As a part of the annual statement herein required, each society shall, on or before March 1, file with the commissioner a valuation of its certificates in force on December 31 last preceding provided, the commissioner may, in his discretion for cause shown, extend the time for filing such valuation for not more than 2 calendar months. Such report of valuation shall show, as reserved liabilities, the difference between the present mid-year value of the promised benefits provided in the certificates of such society in force and the present mid-year value of the future net premiums as the same are in practice actually collected, not including therein any value for the right to make extra assessments and not including any amount by which the present mid-year value of future net premiums exceeds the
present mid-year value of promised benefits on individual certificates. At the option of any society, in lieu of the above, the valuation may show the net tabular value. Such net tabular value as to certificates issued prior to 1 year after the effective date of this act shall be determined in accordance with the provisions of law applicable prior to the effective date of this act and as to certificates issued 1 year from the effective date of this act, and thereafter, shall not be less than the reserves determined according to the Commissioners Reserve Valuation method as hereinafter defined. If the premium charged is less than the tabular net premium according to the basis of valuation used, an additional reserve equal to the present value of the deficiency in such premiums shall be set up and maintained as a liability. The reserve liabilities shall be properly adjusted in the event that the mid-year or tabular values are not appropriate.

(4) Reserves according to the Commissioners' Reserve Valuation method, for the life insurance and endowment benefits of certificates providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such certificates, over the then present value of any future modified net premiums therefor. The modified net premiums for any such certificate shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the certificate, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the certificate and the excess of (a) over (b) as follows:

(a) a net level premium equal to the present value, at the date of issue, of such benefits provided for after the first certificate year, divided by the present value, at the date of issue, of an annuity of one per annum payable
on the first and each subsequent anniversary of such certificate on which a premium falls due; provided however, that such net level annual premium shall not exceed the net level annual premium on the 19-year premium whole life plan for insurance of the same amount at an age 1 year higher than the age at issue of such certificate; and

(b) a net 1-year term premium for such benefits provided for in the first certificate year.

Reserves according to the Commissioners’ Reserve Valuation method for (1) life insurance benefits for varying amounts of benefits or requiring the payment of varying premiums, (2) annuity and pure endowment benefits, (3) disability and accidental death benefits in all certificates and contracts, and (4) all other benefits except life insurance and endowment benefits, shall be calculated by a method consistent with the principles of this subsection.

(5) The present value of deferred payments due under incurred claims or matured certificates shall be deemed a liability of the society and shall be computed upon mortality and interest standards prescribed in the following subsection.

(6) Such valuation and underlying data shall be certified by a competent actuary, or at the expense of the society, verified by the actuary of the Department of Insurance of the State of domicile of the society, if such department consents to undertake the valuation.

The minimum standards of valuation for certificates issued prior to 1 year from the effective date of this act shall be for adult certificates the “National Fraternal Congress Table of Mortality” and 4% interest and for certificates on the lives of children the “Standard Industrial Mortality Table” or the “English Life Table Number 6” and 4% interest, but the minimum standards shall not be lower than the standards used in the calculating of rates for such certificates.
The minimum standard of valuation for certificates issued 1 year from the effective date of this act, and thereafter, shall be 3½% interest and the following tables:

(a) for certificates of life insurance—American Men Ultimate Table of Mortality, with Bowerman's or Davis' Extension thereof, with the consent of the commissioner, the Commissioners 1941 Standard Ordinary Mortality Table, the Commissioners 1958 Standard Ordinary Mortality Table or the Commissioners 1941 Standard Industrial Table of Mortality, provided that for any category of such certificates issued on female risks modified net premiums and present values, referred to in this section, may be calculated at the option of the society with approval of the commissioner, according to an age not more than 3 years younger than the actual age of the insured;

(b) for annuity and pure endowment certificates, excluding any disability and accidental death benefits in such certificates and including life annuities provided or available under optional modes of settlement in any certificates—the 1937 Standard Annuity Table or the Annuity Mortality Table for 1949, Ultimate, or any modification of either of these tables approved by the commissioner;

(c) for total and permanent disability benefits in or supplementary to life insurance certificates—Hunter's Disability Table, except that either the Class III Disability Table (1926) modified to conform to the contractual waiting period or the tables of Period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 Disability Study of the Society of Actuaries with due regard to the type of benefit shall be used in computing reserves for disability benefits under a contract which presumes that total disability shall
be considered to be permanent after a specified period. Any such table shall, for active lives, be combined with a mortality table permitted for calculating the reserves for life insurance certificates;

(d) for accidental death benefits in or supplementary to life insurance certificates—the Inter-Company Double Indemnity Mortality Table or the 1959 Accidental Death Benefits Table. Either table shall be combined with a mortality table permitted for calculating the reserves for life insurance certificates;

(e) for noncancelable accident and health benefits—the Class III Disability Table (1926) with conference modifications or, with the consent of the commissioner, tables based upon the society's own experience; and

(f) for paid-up term insurance and accompanying pure endowment, the table of mortality based on the rates of mortality assumed in calculating the paid-up nonforfeiture benefit.

The commissioner may, in his discretion, accept other standards for valuation if he finds that the reserves produced thereby will not be less in the aggregate than reserves computed in accordance with the minimum valuation standard herein prescribed. The commissioner may, in his discretion, vary the standards of mortality applicable to all certificates of insurance on substandard lives or other extra hazardous lives by any society authorized to do business in this State. Whenever the mortality experience under all certificates valued on the same mortality table is in excess of the expected mortality according to such table for a period of 3 consecutive years, the commissioner may require additional reserves when deemed necessary in his judgment on account of such certificates.

may establish and maintain reserves on its certificates in excess of the reserves required thereunder, but the contractual rights of any insured member shall not be affected thereby.

(7) A society neglecting to file the annual statement in the form and within the time provided by this section shall be penalized $100.00 for each day during which such neglect continues, and, upon notice by the commissioner to that effect, its authority to do business in this State shall cease while such default continues.

4. This act shall take effect immediately.

10. Any such corporation, by its constitution or other agreement with its constituent and affiliated congregations, may provide for the settlement and determination of strife and division in any congregation which is a member of or is affiliated with said corporation, and in case of any such strife and division, such settlement and determination shall provide for a continuation in possession and title

In similar manner, the said corporation may provide for the acquisition by the corporation of all of the real and personal property of any constituent or affiliated congregation which shall be dissolved by voluntary or involuntary action or which shall become inactive or extinct. In the event of any such acquisition, the Lutheran Synod incorporated under this act may manage, use, sell, convey, mortgage or otherwise dispose of all such real and personal property so acquired for the uses and purposes of the said corporation. Any sale, conveyance or other disposition of any such property so acquired shall be sufficient and as effectual as if made by the former congregation or its proper trustees, officers, agents or legal representatives, and shall vest in the grantee, vendee, purchaser, or person acquiring an interest therein, all the right, title and interest in and to such property theretofore vested in the said congregation, or in its trustees, officers, agents or legal representatives.

7. Section 11 of chapter 84 of the laws of 1950 is repealed.

8. Section 3 of chapter 82 of the laws of 1957 is amended to read as follows:

3. The incorporation of a Lutheran Church Congregation shall be secured in the following manner:

An organization meeting or a special meeting of the members of the congregation, or of the intended charter members of the congregation, shall be called either by the council of the congregation or by 5 or more of the said intended charter members. Notice of any such meeting shall be given at least 10 days previous to the date of the meeting by posting such notice in a conspicuous place on or near to the premises where the congregation customarily conducts its public worship or, instead of
such posting, notice may be given by ordinary mail addressed to each confirmed member of the congregation in good standing, at least 10 days before the date of the meeting, or to each of the intended charter members of the congregation, as the case may be. If the congregation shall have by-laws or other rules and regulations pertaining to the giving of notice of an organization or special meeting of the congregation, such by-laws, rules and regulations shall be complied with. The said notice shall state that the purpose, or one of the purposes, of the meeting is to decide whether the congregation shall be incorporated.

9. Section 12 of chapter 82 of the laws of 1957 is amended to read as follows:

12. Every such incorporated congregation may affiliate itself with a constituent synod or district of the Lutheran Church or its successor but, after any such affiliation, may not withdraw therefrom except as provided in the constitution and by-laws of the synod or district or the laws of the church. Any Lutheran Church which has heretofore been incorporated under any law of this State, by a majority vote of its members at a regular, annual or at a special meeting to be called for the purpose, may accept the provisions of this act and thereby and thereafter become subject to the provisions of this act. Any such acceptance shall be evidenced by the filing of a certificate in the office of the Secretary of State, which shall substantially set forth the proceedings of the meeting of acceptance. Any such certificate shall be filed and acknowledged in manner similar to that required by this act for the execution, filing and recording of a certificate of incorporation, as provided in this act. The Secretary of State and the county clerk shall be entitled to the same fees as in the case of the filing and recording of certificates of incorporation under this act.

10. Section 13 of chapter 82 of the laws of 1957 is amended to read as follows:
13. Any incorporated Lutheran Church or congregation may merge, with the consent of the synod with which it is affiliated, with any other incorporated Lutheran Church or congregation with the consent of \( \frac{2}{3} \) of the members of each such church or congregation. All such consents shall be evidenced by votes cast at regular or special meetings called for the purpose and \( \frac{2}{3} \) of the members present and voting upon the proposition shall be deemed to be the \( \frac{2}{3} \) required by this section. A certificate evidencing the merger and substantially setting forth the proceedings of such meeting shall be executed by the trustees or designated officers of each of the churches or congregations so merging and shall be filed in the office of the Secretary of State. All such certificates shall be executed, acknowledged, filed and recorded in the same manner as is required for the execution, filing and recording of certificates of incorporation under this act.

11. Section 14 of chapter 82 of the laws of 1957 is amended to read as follows:

14. In the event that any incorporated Lutheran Church or congregation disbands, or ceases to function or to conduct public worship or fails to elect a board of trustees for more than 2 years after such election should have been held pursuant to this act or to the by-laws of the corporation and the property of such church or congregation is not properly maintained the title to all such property shall pass to and be vested in the synod or district or its successor with which the said church or congregation is affiliated at the time of such default, nonuser or abandonment, and thereupon the said synod or district shall have the unrestricted right to use or dispose of such property.

12. Any 2 or more organizations incorporated under the provisions of this chapter as amended and supplemented may combine, consolidate or merge in the same manner as in the case of combinations, consolidations or merger of corporations organized for purposes other than for pecuniary profit. Any organization incorporated under the
provisions of this chapter as amended and supplemented may combine, consolidate or merge with any organization having a similar purpose and incorporated under the laws of any other State if the said other incorporated organization is authorized so to do by the laws of the State of its incorporation.

13. This act shall take effect immediately.
Approved May 29, 1962.

This compensation shall be paid during the period of such disability, not, however, beyond 300 weeks.

b. For disability total in character and permanent in quality, weekly compensation shall be paid based upon the weekly wage received at the time of injury, subject to a maximum compensation of $45.00 per week and a minimum of $10.00 per week in accordance with the "wage and compensation schedule" set forth in paragraph "a" of this section but expressly subject to the provisions of Revised Statutes 34:15-37. AN ACT concerning municipalities in relation to the regulation of buildings and structures and their use and occupancy, and supplementing Title 40 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The governing body of any municipality may make, amend, repeal and enforce ordinances to regulate buildings and structures and their use and occupation to prevent and abate conditions therein harmful to the health and safety of the occupants of said buildings and structures and the general public in the municipality.

2. The authority conferred by this act shall be in addition to authority heretofore or hereafter conferred on the governing bodies of municipalities in respect to the construction and maintenance of buildings and structures, local health ordinances and the removal or destruction of buildings and structures and parts thereof endangering the public health and safety.

3. Any ordinance adopted pursuant to this act may provide for the registration of the owners and management of every building and structure in the municipality which is occupied by 2 or more families as tenants of the owner or lessor. Such registration shall be with the clerk of the municipality upon forms prescribed by and furnished by the municipality. Every such registration form shall include the name and address of the owner, the name and address of the lessor if other than the owner, and the name and address of an agent in charge of the premises residing in the municipality.

4. Any ordinance adopted pursuant to this act may provide for the service of notices under any ordinance of the municipality or under any State
law applicable to the municipality, upon the said
owner, lessor and agent, as being sufficient notice
to the owner or lessor, and for the service of any
such notice by posting it upon the premises in a
conspicuous place where the owner or lessor has
failed to register his premises with the municipal
clerk as required by the ordinance, and designate an
agent in respect to the premises, residing in the
municipality or where such an agent has been desig­
nated but cannot be found at the address given in
the registration.

5. Any ordinance adopted pursuant to this act
may provide that in the event of the imposition of a
fine or penalty by the municipal court of the munici­
pality or any other court of competent jurisdiction
against the owner or lessor of any such building or
structure in the municipality for the violation of
any ordinance of the municipality or of any State
law applicable to the municipality, any such fine or
penalty shall be collectible as provided in this act.

6. Any ordinance adopted pursuant to this act
may also provide that the municipality, by resolu­
tion of its governing body, may abate a nuisance,
correct a defect, or put the premises in proper con­
dition so as to comply with the requirements of any
municipal ordinance or State law applicable thereto,
at the cost of the owner or lessor, and expend mu­
nicipal funds for such purpose and charge the same
against the premises, and the amount thereof as
determined by the governing body of the munici­
pality shall be a lien against the premises and col­
lectible as provided in this act.

7. Any ordinance adopted pursuant to this act
may also provide for the appointment of a custodian
of any such building or structure on behalf of the
municipality, who may be either an officer of the
municipality or any other person specially desig­
nated to enter into and take charge of the premises
and supervise abatement of the nuisance, the cor­
rection of the defective condition, or the mainte­
nance of the premises in a proper condition so as
to conform to the requirements of municipal ordi-
nances and State laws applicable thereto. In any such case, the compensation of the custodian shall be as provided in the ordinance and the costs and expenses shall be collectible as provided in this act.

8. Upon the adoption of an ordinance pursuant to this act and in the event that any owner of a building or structure in the municipality shall violate such ordinance or fail to abate a condition harmful to the health and safety of the occupants of the building or structure and the general public in the municipality after notice and opportunity so to do, the municipal officer designated by the governing body of the municipality to administer and enforce such ordinance may, by and with the approval of the governing body of such municipality, bring an action in the Superior Court to be appointed receiver ex officio of the rents and income of such real property for the purpose of collecting the rents and income from such property and expend the same for the purpose of abating said conditions. The said rents and income so collected by the said receiver shall also be available for the payment of such costs and expenses of the receivership, as may be adjudged by the court, and for the payment to the municipality of any fines or penalties which may have been imposed on the owner for violations of the ordinance and which have not been paid by the person liable therefor. The court may proceed in the action in a summary manner or otherwise. Such receiver shall not be required to give bond and shall be appointed only for the said purposes.

9. Upon his appointment, the receiver, by and with the approval of the governing body of such municipality, in all cases where the real property in question is encumbered by a first mortgage shall appoint such first mortgagee, if such mortgagee is a proper person and is willing to accept such appointment, as the receiver’s agent to collect the rents and income from such real property and manage the same and in all other cases the receiver, by and with the approval of the governing body of
such municipality may designate the person in charge or management of such real property or some other competent person as the receiver's agent to collect the rents and income from such real property and manage the same, which mortgagee or other person shall account promptly to the receiver for the rents and income so collected; provided, however, that if the mortgagee or other person so designated is derelict in collecting or accounting for such rents and income or in the management of such real property, the receiver shall apply to the court for the removal of such designated mortgagee or other person, upon notice in writing to him, and the court upon removing such designated mortgagee or other person, in its discretion, may designate another person to collect the rents and income from such real property and manage the same and account to the receiver for the rents and income of such real property as aforesaid.

10. In any such receivership no fees shall be allowed the receiver or his counsel for action as such receiver or counsel.

11. Except as otherwise provided herein, the procedure in respect to any such receivership shall be as in the case of receiverships to secure the payment of delinquent taxes, penalties, interest, costs and expenses wherein a collector of taxes of a municipality or other officer of the municipality is such receiver. In any receivership proceeding under this act, the court shall have jurisdiction to make such orders and directions to the receiver as may be necessary to effectuate the purposes of this act and to conserve the real property during the pendency of the receivership.

12. Any ordinance adopted pursuant to this act shall provide penalties for a failure to comply with the registration provisions of the ordinance within the limitations prescribed in article 2 of chapter 49 of the Title to which this act is a supplement.

13. This act shall take effect immediately.

CHAPTER 70

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 3 of the act of which this act is amendatory is amended to read as follows:

3. The word “resident” applies only to natural persons and includes any person domiciled in the State, except a person who, though domiciled in the State, maintains no permanent place of abode within the State, but does maintain a permanent
place of abode without the State, and who spends in the aggregate not to exceed 30 days of the taxable year within the State. In addition, it includes any person who maintains a permanent place of abode within the State and spends in the aggregate more than 183 days of the taxable year within the State, whether or not domiciled in the State during any portion of said period, and such a person shall be taxed the same as though he had been domiciled in the State during the entire taxable year. However, it does not include a person in the Armed Forces of the United States, whether in a land, sea or air service or any auxiliary corps or guard thereof, during any period when individuals are liable for induction for training and service under applicable law, if not domiciled in the State notwithstanding his maintenance of a permanent place of abode within the State and his spending an aggregate of more than 183 days in the State.

2. Section 8 of the act of which this act is amendatory is amended to read as follows:

8. "Taxpayer" means any person subject to a tax imposed by this act, or whose income is in whole or in part subject to a tax imposed by this act, and does not include corporations.

3. Section 9 of the act of which this act is amendatory is amended to read as follows:

9. Any taxpayer may elect to deduct 10% of his gross income, or $1,000.00, whichever is less, in lieu of all deductions otherwise permitted under this act. The deduction provided for by this section shall become known as the "standard deduction." A husband and wife shall not be entitled to a standard deduction in an amount greater than one computed on their aggregate gross income, whether they file separate or joint returns. If they file separate returns, neither may elect the standard deduction unless the other also so elects. If both so elect, either may take such deduction, or they may divide it.

Such election may be changed for a taxable year after the filing of the return, subject to regulations
issued under this act. If a taxpayer wishing to make such change has a spouse who filed a separate return, the change shall not be allowed unless (1) such spouse also makes a change consistent with the change desired by the taxpayer and (2) both consent in writing to the assessment of any additional tax resulting from such change without regard to time limits otherwise preventing such assessment.

4. Section 16 of the act of which this act is amendatory is amended to read as follows:

16. (A) (1) A nonresident of this State shall be allowed a credit against the tax otherwise due under this act for any income tax imposed for the taxable year by another critical area State, of which the taxpayer is a resident but such credit shall not exceed either:

(a) the percentage of the other tax determined by dividing the portion of the taxpayer’s income subject to taxation under this act which is also subject to the other tax by the total amount of his income subject to such other tax, or

(b) the percentage of the tax otherwise due under this act, determined by dividing the portion of the taxpayer’s income subject to taxation under this act which is also subject to the other tax by the total amount of the taxpayer’s income which is taxable under this act.

(2) No credit shall be allowed under this section unless the jurisdiction of which the taxpayer is a resident:

(a) grants a substantially similar credit to residents of this State, or

(b) imposes an income tax on its own residents with respect to income derived from this State, and exempts from income tax the income of residents of this State.

(B) A resident of this State shall be allowed a credit against the tax otherwise due under this act for any income tax imposed for the taxable year by another critical area State, upon income both derived therefrom and subject to tax under this act.
(1) The credit allowable under this subsection shall not exceed the percentage otherwise due under this act determined by dividing the portion of the taxpayer's income subject to taxation by such other jurisdiction by the total amount of the taxpayer's income subject to taxation under this act.

(2) The credit allowable under this subsection shall not reduce the tax otherwise due under this act to an amount less than would have been due if the income subject to taxation by such other jurisdiction were excluded from the taxpayer's income subject to tax under this act.

(3) No credit shall be allowed under this subsection for a tax of a jurisdiction which allows residents of this State a credit against the taxes imposed by such other jurisdiction for the tax under this act, if such other credit is substantially similar to the credit granted to nonresident taxpayers by subsection (A) of this section.

5. Section 18 of the act of which this act is amendatory is amended to read as follows:

  18. With respect to each taxpayer, the tax imposed by this act shall be due and payable annually hereafter, in the manner provided in this section:

  (a) Every taxpayer shall annually pay the tax imposed by this act with respect to all or any part of each of his fiscal or calendar accounting years beginning after January 1, 1961, to be computed as in this act provided, for such fiscal or calendar accounting year or part thereof, on a return which shall be filed, in the case of a taxpayer reporting on a calendar year basis, on or before April 15 following the close of such calendar year, or, in the case of a taxpayer reporting on a fiscal year basis, on or before the fifteenth day of the fourth month following the close of such fiscal year, and the full amount of the tax shall be due and payable on or...
before the date prescribed herein for the filing of the return.

(b) Every taxpayer shall pay a like tax with respect to all or any part of the period beginning January 1, 1961 and extending through any subsequent part of its first fiscal or calendar accounting year ending after said date, to be computed as in this act provided, for such period, on a return which shall be filed on or before April 1, 1962, and the full amount of the tax shall be due and payable on or before the date prescribed herein for the filing of the return.

(c) Each return shall carry a certificate signed by the taxpayer to the effect that all statements contained therein are true, under the same penalties as for perjury committed. Blank forms of return shall be furnished on application, but failure to secure the form shall not relieve any taxpayer of the obligation of making any return herein required. Subject to regulations under this act and in such form as may be indicated thereby, taxpayers whose net income taxable under this act is or may be subject to tax under a similar law of another jurisdiction may be permitted to file a simple, short form return attached to a copy of his return as filed or about to be filed by him in such other jurisdiction.

Subject to regulations under this act, reasonable extensions of time for good cause shown, may be granted for not more than 6 months unless exceptional circumstances justify a longer period, within which returns may be filed.

In addition, persons in active service with the Armed Forces of the United States, who may be prevented by distance or injury or hospitalization arising out of such service, may be allowed such extension of time for the filing of returns, without interest or penalty, as may be fixed by regulations under this act.

6. Section 19 of the act of which this act is amendatory is amended to read as follows:
19. (a) Every resident of this State who is subject to tax in some other jurisdiction for income and gains derived from sources within such other jurisdiction, which jurisdiction grants to residents of this State a credit substantially similar to that allowed to nonresidents of this State by section 16 (A) of this act, and who is subject to tax under this act and who has made payment on the estimated amount of such tax, or who has, in such jurisdiction, been subject to deduction and withholding of money, otherwise payable to him, for the purpose of crediting the same to the payment of such tax, shall be entitled to satisfy his obligation to pay the tax due under this act by entering into an agreement with the division, in such form and containing such provisions as may be fixed by regulation, which shall constitute an assignment and transfer to the State of New Jersey of the chose in action consisting of his claim for refund of moneys so paid or deducted and withheld, as well as an agreement to pay to the division so much of any refund as may be received by him as equals the tax under this act, within such period, to be not longer than 1 month after receipt by him of any such refund, as may be fixed by regulation; and for said purposes shall execute, deliver and file such document or documents, in such forms, in such place or places and at such times as may be provided by regulation; and upon the making of any such assignment the State of New Jersey shall thereupon become the owner and holder of all such claims and shall be entitled to assert the same in its own right and as its own property, whether it asserts the same in its own name or in the name of the assigning taxpayers or otherwise.

In the event that the amount so paid or deducted and withheld, and received by the State of New Jersey pursuant to such agreement, shall exceed the amount necessary to satisfy the obligation of taxpayer under this act, the excess shall be repaid to taxpayer upon application therefor in accordance with procedures and forms fixed by regulation.
Every taxpayer exercising any option under this subsection shall be obliged to co-operate fully in any proceedings which may be taken for recovery of the claim for refund, and for that purpose shall execute and deliver such papers, affidavits, forms or other documents, shall appear and be available to give testimony at such place or places and at such time or times, shall furnish such information, shall permit the institution of such proceeding or proceedings in his name or otherwise, but at the sole cost and expense of the State, and do all other things, as the division shall deem appropriate or desirable for the effective recovery of any sum due and payable on such claim.

The provisions of this subsection shall not apply to any tax, or to any payment or deduction and withholding for the satisfaction of the same, imposed by any Federal law.

(b) If it shall appear to the satisfaction of the division, based upon an opinion of the Attorney General of this State, that any residents of this State, or class of residents of this State, who are subject to the tax imposed by this act, are liable for tax upon the same income under the law imposed for the taxable year by another critical area State and are thereby entitled to the credit allowed by section 16(B) of this act against the tax otherwise due under this act and that said credit is substantially sufficient to offset the taxes imposed hereunder, the division may by regulation relieve such residents or class of residents from being required to make any return under this act.

7. Section 39 of the act of which this act is amendatory is amended to read as follows:

39. (a) The net capital gain or loss of a taxpayer shall be computed by totaling the gains from sales or other dispositions during the taxable year of capital assets having an actual situs within the source State and subtracting therefrom the losses from sales or other dispositions of capital assets having an actual situs in the source State.
(b) (1) In any taxable year in which a taxpayer has a net capital loss, such loss shall be allowed as a deduction from gross income only to the extent of $1,000.00 or the taxpayer’s net income whichever is lower.

(2) Subject to the limitation of paragraph (1) hereof, if for any taxable year the taxpayer has a net capital loss, the amount thereof shall be treated as a capital loss and deductible from gross income in each of the 5 succeeding taxable years to the extent that such amount exceeds the total of any net capital gains of any taxable years intervening between the taxable year in which the net capital loss arose and such succeeding taxable year. For purposes of this section, a net capital gain shall be computed without regard to such net capital loss or to any net capital losses arising in any such intervening taxable years.

(c) In any taxable year in which the net capital gain exceeds the net capital loss, 50% of the amount of such excess shall be a deduction from gross income.

8. Section 44 of the act of which this act is amendatory is amended to read as follows:

44. (a) On or before the filing date prescribed in section 18 of this act, an income tax return shall be made and filed by or for every individual having a gross income derived from sources within his source State in excess of the sum of his personal exemptions allowed in section 10 of this act.

(b) (1) If the Federal income tax liability of husband or wife is determined on a separate Federal return, their New Jersey income tax liabilities and returns shall be separate.

(2) If the Federal income tax liabilities of husband and wife (other than a husband and wife described in paragraph (3)) are determined on a joint Federal return, or if neither files a Federal return:

(A) they shall file a joint New Jersey income tax return, and their tax liabilities shall be joint and several, or
(B) they may elect to file separate New Jersey income tax returns on a single form if they comply with the requirements of the Division of Taxation in setting forth information, and in such event their tax liabilities shall be separate.

(3) If either husband or wife is a resident and the other is a nonresident, they shall file separate New Jersey income tax returns on such single or separate forms as may be required by the Division of Taxation, and in such event their tax liabilities shall be separate.

(c) The return for any deceased individual shall be made and filed by his fiduciary or other person charged with his property.

(d) The return for an individual who is unable to make a return by reason of minority or other disability shall be made and filed by his fiduciary or other person charged with the care of his person or property (other than a receiver in possession of only a part of his property), or by his duly authorized agent.

(e) Any tax under this act, and any increase, interest or penalty thereon, shall, from the time it is due and payable, be a personal debt of the person liable to pay the same, to the State of New Jersey.

(f) If the amount of net income for any year of any taxpayer as returned to the United States Treasury Department or to an appropriate State officer is changed or corrected by the taxpayer or the Commissioner of Internal Revenue or other officer of the United States or other competent authority, or where a renegotiation of a contract or subcontract with the United States results in a change in net income, such taxpayer shall report such change or corrected net income, or the results of such renegotiation, within 90 days after the final determination of such change or correction or renegotiation, or as required by regulation, and shall concede the accuracy of such determination or state wherein it is erroneous. Any taxpayer filing an amended return with such department or officer shall also file within 90 days thereafter an amended
return in this State which shall contain such information as the regulations shall require.

9. Section 46 of the act of which this act is amendatory is amended to read as follows:

46. (a) At the request of the Division of Taxation, the Attorney General may bring suit, in the name of this State, in the appropriate court of any other State to collect any tax legally due this State under this act.

(b) The courts of this State shall recognize and enforce liabilities for taxes lawfully imposed by any other State, upon incomes, which extends a like comity to this State, and the duly authorized officer of any such State may sue for the collection of such a tax in the courts of this State. A certificate by the Secretary of State of such other State that an officer suing for the collection of such a tax is duly authorized to collect the same shall be conclusive proof of such authority.

(c) For the purposes of this section, the words “tax” and “taxes” shall include interest and penalties due under this act, and liability for such interest or penalties or both, due under a taxing statute of another State shall be recognized and enforced by the courts of this State to the same extent that the laws of such other State permit the enforcement in its courts of liability for such interest or penalties or both, due under this act.

10. Section 51 of the act of which this act is amendatory is amended to read as follows:

51. (a) If an employer fails to deduct and withhold tax as required, and thereafter the tax against which such tax may be credited is paid, the tax so required to be deducted and withheld shall not be collected from the employer, but the employer shall not be relieved from liability for any penalties, interest, or additions to the tax otherwise applicable in respect of such failure to deduct and withhold.

(b) If any employer shall fail to make a return and pay a tax withheld by him at the time required by or under the provisions of this act, such employer shall be liable for such tax and shall pay
the same together with all penalties and interest charges thereon as provided in the case of any taxpayer under section 53 of this act, and such additional amount of penalties and interest shall in no case be charged to or collected from the taxpayer by said employer. The Division of Taxation shall have the same rights and powers for the collection of such tax, penalties and interest against such employer as are now prescribed by this act for the collection of a tax against a taxpayer.

11. Section 53 of the act of which this act is amendatory is amended to read as follows:

53. Any taxpayer who shall fail to file his return when due shall be liable to a penalty of $2.00 for each day of delinquency, which penalty shall be payable to, and recoverable by, the Division of Taxation as a part of the tax herein imposed. If any tax be not paid when the same becomes due, as herein provided, there shall be added to the amount of the tax a sum equivalent to 5% thereof, as a penalty, and, in addition thereto, interest at the rate of 1% per month or fraction thereof from the date the tax became due until the same be paid. If the Division of Taxation determines that the failure to comply with any provision of this act was excusable under the circumstances, it may abate or remit such part or all of the penalty as shall be appropriate under such circumstances.

With respect to taxes paid not later than October 1, 1962, the Division of Taxation may also abate or remit such part or all of the interest as shall be appropriate under such circumstances.

12. Sections 24, 25, 26, 27, 28 and 45 of the act of which this act is amendatory are hereby repealed in their entirety.

13. This act shall take effect immediately and shall apply to all taxable years, including taxable years of less than 12 months beginning on or after January 1, 1961.

Approved June 5, 1962.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

   (b) “Power vessel” shall mean a vessel temporarily or permanently equipped with machinery for propulsion, and shall not include a vessel propelled wholly by sails or by muscular power.
   (c) “Owner” means a person, other than a lien holder, having the property in or title to a power vessel. The term includes a person entitled to the use or possession of the vessel subject to an interest of another person, reserved or created by agreement and securing payment or performance of an obligation, but the term excludes a lessee under a lease not intended as security.
   (d) “Operate” means to navigate or otherwise use a vessel.
   (e) “Department” means the Department of Conservation and Economic Development or its duly constituted successor.
(f) "Commissioner" shall refer to the Commissioner of the Department of Conservation and Economic Development.

(g) "Commission" shall refer to the Boat Regulation Commission established in this act.

(h) "Waters of this State" means all waters within the jurisdiction of this State, both tidal and nontidal, and the marginal sea adjacent to this State.

(i) "Number," "Numbering" and "Certificates of number" as used in this act are the equivalent of the terms "register," "registration" and "Certificate of Registration" as used in the Power Vessel Act (1954) being chapter 236 of the laws of 1954.

3. Every power vessel, except as herein provided, which is upon the waters of this State shall be numbered in accordance with the provisions of this act, and no person shall operate or give permission to operate any power vessel on such waters unless it is so numbered.

A power vessel shall not be required to be numbered under this act if it is:

(a) A vessel which has a valid Marine Document issued by the Bureau of Customs of the United States Government or any Federal agency successor thereto;

(b) Being legally operated pursuant to applicable Federal law or a Federally-approved numbering system of another State; provided, that such vessel shall not have been within this State for a period in excess of 180 consecutive days, unless it is in New Jersey for the purpose of set or dry storage, or for repairs, in which case the actual time for said storage or repair shall not be counted as included within the 180 days aforesaid.

4. (a) The owner of a power vessel required to be numbered in this State shall file an application with the department on forms approved by it. The application shall be signed by the owner and shall be accompanied by the fee prescribed by this act for such power vessel. Upon receipt of the application in the approved form and the prescribed fee, the department shall enter the same upon the records of its office and issue to the applicant, a pocket-size, waterproof, certificate of number, which shall state the name and address of the owner, a description of the power vessel, its use, and the number assigned.

(b) The certificate of number shall be available at all times for inspection on the power vessel for which issued whenever such vessel is in operation.

(c) The number assigned to a vessel shall be displayed on each side of the bow thereof, as prescribed by regulations of the department, using letters and numerals not less than 3 inches in height. No other number shall be displayed on the bow.

5. Such rules and regulations shall go into effect immediately upon promulgation.

6. The owner of any power vessel identified by a number in full force and effect which has been awarded to it pursuant to a then operative Federal
law or Federally-approved numbering system or another State shall record with the department the vessel’s description and number prior to using such power vessel upon the waters of this State in excess of the 180-day reciprocity period provided for in section 3 of this act. Such recording shall be in the same manner and pursuant to the same procedure prescribed in section 4 of this act except that no additional or substitute number shall be assigned.

10. (a) Whenever the owner of a vessel numbered under this act changes his address from that shown on his certificate of number, he shall, within 10 days thereof, notify the department, in writing, of his new address. The department may provide, by regulation, for showing the new address by the alteration of the certificate or for its surrender and replacement by a corrected certificate.

(b) Whenever a vessel numbered under this act is sold, transferred, lost, destroyed or abandoned, the owner of record shall, within 10 days thereof, notify the department in writing of the change in the status of the vessel. The department may, by regulation, also require the surrender of the cer-

He shall also give his name, address, and identifying information regarding his vessel to any person injured and to the owner of any property damaged in the accident.

(d) The report of a boating accident herein required to be made shall not, during any judicial proceeding, be referred to in any way; it shall not be subject to subpoena nor admissible as evidence in any proceeding. Subject to these restrictions, information contained in a boating accident report and any statistical information based thereon will be made available upon request for official purposes to the United States Coast Guard or any Federal agency successor thereto.

For each number so assigned the fee shall be $5.00 for one year.

13. All fees received pursuant to this act shall be deposited as part of the State's general funds with the State Treasurer, who shall keep a record of the same. The said sums shall be credited to a permanent revolving fund for the then current fiscal year and thereafter, from year to year, as a replacement thereof, and shall not lapse into the unappropriated funds of the State Treasury, for the purposes of meeting necessary expenses to assure a continuous administration of this act, except that at the end of each fiscal year all revenue in excess of a sum calculated to meet the projected annual costs for its administration, shall be used and are hereby appropriated for the purpose of dredging and maintaining lakes, waterways and streams of this State.

14. (a) There is established within the department a 7 member Boat Regulation Commission which shall consist of the commissioner of the department as ex officio member and 6 public members. Said rules and regulations shall be such as are reasonably necessary for the protection of the health, safety and welfare of the public and for the free and proper use of said waters by any persons or vessels in, on or about such waters. Said regulations shall be in conformity with regulations issued by the agency or agencies of the United States having jurisdiction with respect to power vessels upon the waters of this State.

The commission shall meet monthly or at the call of the commissioner of the department or the chairman of the commission or when requested by any 3 members of the commission. The commissioner of the department shall designate a staff from the department to handle administrative matters for the commission.

15. (a) Rules and regulations, other than emergency rules and regulations or rules and regulations promulgated pursuant to the provisions of section 5 of this act, shall go into effect 60 days following promulgation or at such later date as the rules and regulations shall provide.
(b) No changes in the rules and regulations shall go into effect from May 1 to September 30 of any year unless the Boat Regulation Commission shall find a need for the adoption of emergency rules and regulations. Such emergency rules and regulations after approval by the commissioner shall go into effect 15 days after publication in at least one newspaper in every county of the State and shall remain in effect for 120 days or such shorter period as such rules and regulations shall provide.

(c) A copy of the rules and regulations adopted pursuant to this act, and of any amendments thereto, shall be filed in the office of the Secretary of State.

17. The department shall be responsible for the enforcement of this act.

A supervisory force of marine patrolmen shall be formed and their appointments, rank and pay shall be regulated by the Civil Service Commission in compliance with the provisions of Title 11. Harbor Masters and Power Vessel Inspectors shall hereafter be known as marine patrolmen and those appointed in accordance with Title 12 of the Revised Statutes will serve in accordance with rules and regulations to be promulgated by the commission.

18. Nothing in this act shall be construed to prevent the adoption of any ordinance or local law relating to operation and equipment of vessels the provisions of which are identical to the provisions of this act, amendments thereto or regulations issued thereunder: Provided, that such ordinance or local laws shall be operative only so long as and to the extent that they continue to be identical to pro-
visions of this act, amendments thereto or regulations issued thereunder.

(a) Any subdivision of this State may, at any time, but only after public notice, make formal application to the department for special rules and regulations with reference to the operation of vessels on any waters within its territorial limits and shall set forth herein the reasons which make such special rules and regulations necessary or appropriate.

CHAPTER 96

An Act to supplement "An act relating to, regulating and providing for the government of cities of the second class which have now or may hereafter have a population of less than 20,000," approved April 23, 1907 (P. L. 1907, c. 99).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The governing body of any municipality which is governed pursuant to the provisions of the act to which this act is a supplement is hereby authorized to create, by ordinance, a local industrial commission to be known as "the industrial commission of ...........................................

(insert here the name of the municipality)."

Any commission so created shall consist of 7 members, shall be a body corporate and shall have the powers provided in this act.

2. The members of each commission shall be appointed by the mayor of the municipality of its creation. Each member shall be, for the last 5 years preceding his appointment, a citizen of the United States and a qualified voter of the State of New Jersey. One member shall be appointed for 1 year, 1 member for 2 years, 1 member for 3 years, 2 members for 4 years and 2 members for 5 years. At the expiration of each of the above terms, the new member or members shall be appointed for a term of 5 years. Vacancies in the membership of any commission, occurring for whatever cause, shall be promptly filled by appointment by the mayor for the unexpired term thereof. Members shall serve for their respective terms and until their successors are appointed and qualify.

Each member shall be chosen with a special view to his qualifications and fitness for service on the commission. He shall have had experience in labor, industry or commerce and shall be conversant with
the industrial needs and facilities of his commission's municipality, and shall be of known devotion to public service.

No member, officer or employee of any commission shall be interested directly or indirectly in any contracts for work or materials used by the commission, or in any sales, leases or agreements in connection with lands, buildings or other property owned or controlled by it, or in any fees or compensation of any kind paid to any broker, architect, engineer, merchant or other person doing business with the commission or in any other transaction of or with the commission, or the benefits or profits thereof.

Each member and officer of the commission shall, before assuming office, take and subscribe an oath that he will faithfully and impartially discharge the duties of his office.

The members and officers of the commission shall serve without compensation, but each shall receive his actual disbursements for his expenses in performing his duties.

The members of the commission shall choose annually from among its members a chairman or president, and such other officers as it may deem necessary. The mayor of the municipality served by the commission, shall be ex officio a member thereof.

A majority of the members shall constitute a quorum of the board.

The members and officers may be required to furnish bonds to the commission, to secure the faithful discharge of their duties, in form, amount and with such surety as may from time to time be required by resolution of the governing body of the municipality served by the commission.

3. Insofar as may be practicable, the employees and assistants required by the commission shall be recruited from the public officers and employees of the municipality served by the commission. The municipal counsel shall be the counsel to the commission; the municipal engineer shall be the
engineer of the commission; and the several departments of the municipal government shall be available to the commission for the purposes of the commission’s business. Municipal employees serving the commission shall do so without compensation other than their regular compensation as employees of the municipality. The commission shall, from time to time, make known to the mayor of the municipality served by it, its wants in the nature of services by employees of the municipality, and the mayor shall designate which of the municipality’s employees, if any, shall render such services.

To the extent that the commission shall deem it necessary to carry on its function, and to the extent that it shall consider the services of existing employees of the municipality insufficient for its purposes, it may employ such additional employees or services and at such compensation as may be approved by resolution of the governing body of the municipality. Its requirements in this direction shall be submitted from time to time in writing to such governing body.

The Civil Service laws, rules and regulations of the State, applicable to the municipality served by the commission, shall govern the appointment of employees of the commission. Such laws, rules and regulations shall not be deemed to prevent the use of services of existing employees, without extra compensation therefor, nor shall the use of such services operate to enlarge the civil service rights or the status of the municipal employee rendering the same.

The commission shall have and maintain a suitable office, where its maps, plans, documents, records and accounts shall be kept, subject to public inspection at such times and under such reasonable regulations as the commission shall determine. If practicable, existing office facilities of the municipality served by the commission shall be used without charge by the municipality, and the office and similar equipment of the municipality shall, wherever possible, be used by and be made available for the use of the commission, without charge.
4. Every commission created under this act shall have the responsibility and obligation:
   a. To inquire into, survey and publicize the extent, advantages and utility of the lands of such municipality, whether municipally owned or otherwise.
   b. To study and analyze the various industries of the nation and, to the extent it deems necessary for its purposes, the industries of other nations, with a view to ascertaining the opportunities for the industrial expansion of the municipality. In this connection the reports, records, statistics, compendia and similar documents of existing Federal, State, county, municipal and other governmental and public agencies, as well as of responsible private institutions, boards, agencies and similar bodies interested in the compilation of the information relating to industry, shall be resorted to, wherever possible, in order to avoid unnecessary original research and gathering of source material.
   c. To advertise the industrial advantages and opportunities of its municipality and the availability of real estate within the municipality for industrial settlement and to encourage and accomplish such industrial settlement within the municipality.
   d. To solicit industries to purchase or lease the lands and property of or in the municipality.
   e. To construct and lease, where it is necessary or desirable to do so, facilities, buildings and structures, herein referred to as industrial facilities, for the use of any industry which has agreed with the commission to locate within the municipality on lands owned by the municipality or the commission. Such agreement shall be subject to the provisions of section 6 of this act.

5. In addition to any other powers conferred upon a commission by this act, each commission shall have the following powers:
   a. To adopt and have a common seal and to alter the same at pleasure;
   b. To sue and be sued;
c. To acquire, hold, use and dispose of its facility charges and other revenues and other moneys;

d. To acquire, rent, hold, use and dispose of other personal property for the purposes of the commission;

e. Subject to the provisions of section 9 of this act, to acquire by purchase, gift, condemnation or otherwise, or lease as lessee, real property and easements or interests therein necessary or useful and convenient for the purposes of the commission, whether subject to mortgages, deeds of trust or other liens or otherwise, and to hold and to use the same, and to dispose of property so acquired no longer necessary for the purposes of the commission;

f. Subject to the provisions of section 6 of this act, to lease to any person, all or any part of any industrial facility for such consideration and for such period or periods of time and upon such other terms and conditions as it may fix and agree upon;

g. To borrow money and issue negotiable bonds or notes or other obligations and provide for and secure the payment of any bonds and the rights of the holders thereof, and to purchase, hold and dispose of any bonds;

h. To apply for and to accept gifts or grants of real or personal property, money, material, labor or supplies for the purposes of the commission from any governmental unit or person, and to make and perform agreements and contracts and to do any and all things necessary or useful and convenient in connection with the procuring, acceptance or disposition of such gifts or grants;

i. To determine the location, type and character of any industrial facility and all other matters in connection with all or any part of any industrial facility which it is authorized to own, construct, establish, effectuate or control;

j. To make and enforce by-laws or rules and regulations for the management and regulation of its business and affairs and for the use, mainte-
nance and operation of any industrial facility, and to amend the same;

k. To do and perform any acts and things authorized by this act under, through or by means of its own officers, agents and employees, or by contracts with any governmental unit or person;

1. To acquire, purchase, construct, lease, operate, maintain and undertake any project and to fix and collect facility charges for the use thereof; and

m. To enter into any and all agreements or contracts, execute any and all instruments, and do and perform any and all acts or things necessary, convenient or desirable for the purposes of the commission or to carry out any power expressly given in this act.

6. Whenever a commission after investigation and study shall plan to undertake any industrial facility or facilities the commission shall make to the governing body of the municipality a detailed report dealing with the proposed industrial facility or facilities. Notwithstanding any other provision of this act, the commission shall not construct or acquire such industrial facility or facilities, or make any lease or other agreement relating to use by any governmental unit or person of all or any part of any industrial facility for a term in excess of 2 years, until there has been filed with the commission a copy of a resolution adopted by the governing body of the municipality certified by its clerk, describing such industrial facility or facilities in terms sufficient for reasonable identification and consenting to the construction or acquisition thereof by the commission or the making of such lease or other agreement.

7. Every commission is hereby authorized to charge and collect tolls, rents, rates, fees or other charges (in this act sometimes referred to as "facility charges") in connection with, or for the use of services of, or otherwise relating to any industrial facility or other property owned or controlled by the commission.
8. The facility charges fixed, charged and collected by a commission with respect to any industrial facility shall comply with the terms of any lease or other agreement of the commission with regard to such industrial facility, and the facility charges fixed, charged and collected by an authority may be so adjusted that the revenues of the authority will at all times be adequate to pay all expenses of the authority, including the expenses of operation and maintenance of any industrial facility or other property owned or controlled by the authority, including insurance, improvements, replacements, reconstruction and any other required payments, and to pay the principal of and interest on any bonds, and to maintain such reserves or sinking funds for any of the foregoing purposes as may be required by the terms of any lease or other agreement of the authority or as may be deemed necessary or convenient and desirable by the authority.

9. Every commission is hereby empowered, in its own name but for the municipality, to acquire by purchase, gift, grant or device and to take for public use real property within the municipality, or any interest therein which may be deemed by the authority necessary for its purposes. Such commission is hereby empowered to acquire and take such real property or interests therein, by condemnation, in the manner provided by chapter 1 of Title 20, Eminent Domain, of the Revised Statutes (R.S. 20:1-1 et seq.) and, to that end, may invoke and exercise in the manner or mode of procedure prescribed in said chapter, either in its own name or in the name of the municipality, all of the powers of such municipality to acquire or take property for public use; provided, however, that, notwithstanding the foregoing or any other provision of this act, no commission shall take by condemnation, any real property except upon consent thereto by the municipality which created the authority given by resolution adopted by its governing body.
10. Each commission shall make an annual report to the municipality by which it has been created, setting forth in detail its operations and transactions for the preceding 12 months.

The creation of a commission by a municipality shall not be deemed to limit in any manner the municipality’s right to deal with its lands, or to sell or lease the same, independently of such commission, as heretofore, but the powers conferred upon such municipality and commission by this chapter shall be in addition to any rights or powers now possessed by such municipality with reference to its lands or other properties.

The governing body of such municipality creating a commission under this chapter may appropriate annually, during the life of its commission, such sums as may be reasonably necessary to conduct the normal operations of the commission, but no moneys so appropriated shall be used by a commission for the construction of any building or to finance such construction. The commission shall annually present to the chief financial officer of the municipality its budget for operations for the ensuing year, reflecting therein all unexpended balances on hand from previous appropriations received from the municipality, at the same time and in the same manner and form as is required by several departments of the municipality’s government, and the budget so submitted shall be acted upon as in the case of the budgets of such several municipal departments, and, being so acted upon, shall be made a part of the municipality’s budget. Each commission shall keep complete and accurate records of its accounts, and separate accounts shall be kept for its normal functions. No commission shall exceed its budget, and moneys received from the municipality by which it has been created shall be expended only for the purposes for which they have been appropriated.

11. This act shall take effect immediately.

Approved June 26, 1962.

CHAPTER 98

An Act concerning the fund for the retirement upon pension of certain employees of the boards of education in school districts in first-class counties, amending sections 18:5-76, 18:5-77, 18:5-78 and 18:5-79 of the Revised Statutes and section 1 of chapter 339 of the laws of 1950 and supplementing article 16 of chapter 5 of Title 18 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. a. Each veteran now holding permanent or provisional office, position or employment, not covered by the retirement system established under article 3 of chapter 13 of Title 18 of the Revised Statutes, with a board of education or school district in a county in which there exists a pension fund established under article 16 of chapter 5 of Title 18 of the Revised Statutes, shall become a member of said pension fund as of the effective date of this legislation; and each veteran hereafter commencing service in such office, position, or employment shall become a member of said pension fund as of the date of the commencement of said service.

b. No public employee veteran who is eligible to be a member of such pension fund shall be eligible for or receive retirement benefits under sections 43:4-1, 43:4-2 and 43:4-3 of the Revised Statutes.

2. Section 1 of chapter 339 of the laws of 1950 is amended to read as follows:

1. Persons heretofore permanently or provisionally employed by such boards of education who became members of the pension fund at any time prior to the effective date of this amendatory and supplementary act shall be permitted to purchase credit covering any period of temporary, permanent or provisional service preceding said perma-
ment or provisional employment, by making application therefor, and in such case, the payments to be made by the employee and board of education for such previous service shall be based on appropriate tables of factors submitted by the actuary as being applicable to the salary and contribution rate in effect at the time of making the application to purchase such credit. Persons becoming members hereafter shall be permitted to purchase credit for any temporary service which immediately precedes their permanent or provisional appointment by making application therefor at the time of becoming members and paying into the fund, the amount determined to be due for such service on the basis of appropriate tables of factors submitted by the actuary as being applicable to the salary and contribution rate in effect based on the salary at that time.

Any person coming into the employ of any such board of education as a provisional employee after the effective date of this amendatory and supplementary act shall become a member of the pension fund as a condition of employment.

3. Section 18:5-76 of the Revised Statutes is amended to read as follows:

18:5-76. The contributions to the pension fund shall be as follows:

a. There shall be deducted from every payment of salary of all employees who are members of the fund 6% of the amount of such salary.

b. Each board of education shall pay into the fund in each fiscal year a proportionate amount of the total contributions required from all employing boards of education, as determined by the actuary, which shall be sufficient to: (1) provide for the pension credits being accrued by the members, after taking into account contributions being made by the members, and (2) provide for the payment of the unfunded accrued liability in annual payments over a period of 30 years, commencing July 1, 1963. Such payments shall be provided for by each board...
in its annual appropriation for the support and maintenance of the public schools.

c. The amount to be appropriated by each board under subsection b of this section shall be determined by applying the percentage certified by the actuary as determined under section b hereof.

4. Section 18:5-77 of the Revised Statutes is amended to read as follows:

18:5-77. a. The board of trustees may, in the manner prescribed by the by-laws of the corporation, assess and collect monthly or semimonthly from each member of the pension fund, the amount required to be paid by said member into the fund. All moneys so collected shall be paid to the treasurer of the corporation.

The board of trustees may make it a condition of membership that each member sign an order on the custodian of school moneys, or other disbursing officer, directing the retention from his or her salary or wage of the amount of his or her assessments and the payment of the amount so retained directly to the treasurer of the corporation, and the custodian of school moneys, or other disbursing officer, shall make such retention and payment, but such right of retention and payment shall become operative only in the event of the same being authorized by the by-laws of the corporation.

b. Whenever any member shall die in service or his or her employment be terminated, for reasons other than retirement, all payments made by such employee to the fund shall be returned to the employee, if alive; or to such person if living, as he shall have nominated by written designation, duly executed and filed with the board of trustees; otherwise to the executor or administrator of the member’s estate, together with simple interest at the rate of 2% per annum.

c. Upon the receipt of proper proof of the death of a member in service, on account of which no accidental death benefit is payable under subsection e. of this section or the death of a member who has been retired for disability but who has not yet
attained 60 years of age, there shall be paid to such
person, if living, as he shall have nominated by
written designation, duly executed and filed with
the board of trustees otherwise to the executor or
administrator of the member’s estate an amount
equal to 1½ times the compensation upon which his
contributions are based or received by the member
in the last year of creditable service, provided,
however, that if such a member shall have attained
70 years of age, or the member who has been re­tired for disability has attained 60 years of age,
the amount payable shall equal ½ of the comp­ensation received by the member in the last year
of creditable service instead of 1½ times such com­pensation. Such member may also file, and alter
from time to time during his lifetime, as desired, a
request with the board of trustees directing pay­ment of said benefit in one sum or in equal install­ments over a period of years or as a life annuity.
Upon the death of such member, a beneficiary to
whom a benefit is payable in one sum may elect to
receive the amount payable in equal annual install­ments over a period of years or as a life annuity.

d. Whenever any member who was a member as
of the effective date of this amendatory and supple­mentary act shall die after retirement on pension,
not having received in pension payments an amount
equal to the total amount of his or her contributions
to the fund, including simple interest at 2% per
annum, the difference between the amount so re­ceived and the amount of contributions, plus in­terest, shall be paid to the surviving named benefi­ciary on file with the board of trustees, and if none,
then to his or her legal representative; unless said
employee has made provisions with the board of
trustees for optional benefits under the provisions
of section 18:5-79 of the Revised Statutes.

e. Upon the death of a member in active service
as a result of an accident in the performance of his
or her duties as such employee and not as the result
of his willful negligence, an accidental death bene­fit shall be payable, if a report, in a form acceptable
to the board of trustees, of the accident is filed with the pension fund within 60 days next following the accident and an application for such benefit is filed with the said board of trustees within 2 years of the date of the accident, but the board of trustees may waive such time limits for a reasonable period, if in the judgment of the board the circumstances warrant such action. Evidence must be submitted to the board of trustees proving that the natural and proximate cause of death was an accident arising out of and in the course of employment in some definite time and place. Upon application by or on behalf of the dependents of such deceased member, the board of trustees in addition to the payment of his contributions, as provided in this section, shall grant a pension of \( \frac{1}{2} \) of the average annual salary received by him or her during the 5 years immediately preceding his or her death, if the member was a male employee, as a pension to his widow, to continue during her widowhood; or if no widow, or in case the widow dies or remarries before the youngest child of such deceased member attains age 18, or if the member was a married female employee, then to the child or children of such member under age 18, divided in such manner as the board in its discretion shall determine to continue until the youngest surviving child dies or attains age 18.

5. Section 18:5-78 of the Revised Statutes is amended to read as follows:

18:5-78. No money shall be paid out of the pension fund except by the treasurer of the corporation upon warrants signed by the chairman of the board of trustees and countersigned by the secretary thereof. No warrant shall be drawn except by the order of the board upon a yeas and nays vote recorded in the minutes of the board.

The board of trustees may deposit the moneys of the fund in any of the banks or trust companies in the county wherein it is established, and may invest the same in bonds secured by first mortgages on improved property worth at least twice the
amount loaned, or in mortgages guaranteed or insured by agencies or instrumentalities of the United States of America, and shall have authority to invest and reinvest the moneys in other evidences of indebtedness, or capital stock or other securities issued by any company incorporated within the United States or within the Dominion of Canada, which shall be authorized or approved and to the proportion in which life insurance companies organized under the laws of this State may legally invest, and the bonds and other evidences of indebtedness of the United States of America, any State, city, county, school district or of the instrumentality of any State or of the United States of America. All income, interest, or dividends paid or agreed to be paid on account of any loan or deposit shall constitute a part of the fund.

6. Section 18:5-79 of the Revised Statutes is amended to read as follows:

18:5-79. Pensions shall be paid from the fund in the manner following:

a. A member of the pension fund who was a member on or before the effective date of this act and who has or shall hereafter have credit in the pension fund for 30 years or more as an employee of a board of education in a county wherein the fund has been established and maintained shall, upon application to the board of trustees of the pension fund be retired by such board of trustees and shall thereupon receive annually from the fund, for and during the remainder of his or her life, by way of pension, an amount equal to \( \frac{1}{60} \) of the average annual salary received by him or her during the 5 years immediately preceding his or her retirement multiplied by the number of years he or she has credit in the pension fund, the amount to be determined by resolution of the board.

b. Upon the retirement of a member who has reached the age of 60 years, the person so retired shall be entitled to receive during his or her life, by way of pension, \( \frac{1}{60} \) of the average annual salary received by him or her during the 5 years immedi-
ately preceding his or her retirement multiplied by the number of years for which he or she has credit in the pension fund, the amount to be determined by resolution of the board. Upon the receipt of proper proofs of death of a member who has retired on a service retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member’s estate an amount equal to \( \frac{3}{16} \) of the compensation received by the member in the last year of creditable service.

c. A member of the fund who has credit therein for 10 years, who shall become incapacitated, either mentally or physically, and who cannot perform the regular duties of employment, or who is found unfit for the performance of his or her duties, upon the application of his employer or upon his own application or the application of someone acting in his behalf shall be retired by the board of trustees of the pension fund and thereupon shall receive annually from the fund a retirement allowance as described in subsection b. of this section if he has reached or passed age 60 and if he is under age 60 an amount equal to \( \frac{3}{10} \) of \( \frac{3}{10} \) of the average annual salary of such employee during the 5 years immediately preceding the retirement multiplied by the number of years of creditable service, provided, however, that in no event shall the pension be based upon less than 17 years nor more than 30 years of service unless the member would have had less than 17 years of service at age 60, in which event he shall be given credit for the years to age 60; however, a member who has not attained age 70 who shall become incapacitated, either mentally or physically, as a result of personal injuries sustained in an accident occurring in the performance of his or her duties of such employee, shall, upon the application of his employer or upon his own application or the application of someone acting in his behalf, be retired by the board of trustees of
the pension fund, and, thereupon, if a report of the accident, in a form acceptable to the board of trustees of the pension fund is filed with the said board of trustees within 60 days next following the accident and the application for retirement is filed with the said board of trustees within 2 years of the date of the accident, shall receive annually from the fund an amount equal to \( \frac{1}{2} \) of the annual salary being received by such employee on the date of the accident. The board of trustees may waive strict compliance with the time limits within which a report of the accident and an application for retirement must be filed with the board if it is satisfied: (1) that a report of the accident from which the disability is claimed to have resulted was filed with the employing board of education with reasonable promptitude and in no event later than 60 days after the accident, and (2) the applicant shall show that his failure to file a report with the board of trustees or to file his application for retirement within the time limited by law was due to mistake, inadvertence, ignorance of fact or law, inability, or to the fraud, misrepresentation or deceit of any person, or to a delay in the manifestation of the incapacity, or to any other reasonable cause or excuse, and (3) that the application for retirement was filed in good faith and the circumstances justify its favorable consideration.

The trustees of the pension fund shall have the power to determine whether or not any employee is permanently and totally disabled, and whether or not a disability of an employee is the result of an accident at some definite time and place in the performance of his or her duties as such employee. The claimant shall have the right to present physicians, witnesses or other testimony in his or her behalf before the board of trustees. The chairman, or any other member of the board of trustees, may administer oaths to any physician or other persons called before the trustees regarding the employee’s disability. The board of trustees shall decide, by resolution, whether the applicant is entitled to the benefit of this act.
Once in each year, the board of trustees may, and upon the member’s application shall, require any member retired for a disability who is under the age of 60, to undergo medical examination by a physician or physicians designated by the board of trustees. The examination shall be made at the residence of the pensioner or any other place mutually agreed upon. If the physician or physicians thereupon report and certify to the board of trustees that the disabled pensioner is not permanently and totally incapacitated, either mentally or physically, for the performance of duty, and the board finds that said member is engaged in a gainful occupation, or could be engaged in a gainful occupation, and if the board concurs in the report, then the amount of the pension shall be reduced to an amount which, when added to the amount then being earned by him or her or an amount which he or she could earn if gainfully employed, shall not exceed the amount of compensation received by him or her at the time of his or her retirement. If subsequent examination of such pensioner shows that his or her earnings have changed since the date of his or her last examination, then the amount of the pension shall be further altered, but the new pension shall not exceed the amount of the pension originally granted, nor shall the new pension, when added to the amount then being earned by the pensioner, exceed the salary or compensation received by him or her at the time of his or her retirement.

d. At the time of retirement, any member may elect to receive his or her benefits in a retirement allowance payable throughout life, or he or she may, on retirement, elect to convert the benefits, otherwise payable to him or her, into a retirement allowance of the equivalent actuarial value computed on the basis of such mortality tables as shall be adopted by the board of trustees, in accordance with one of the optional forms following:

Option 1. A reduced retirement allowance, payable during life, with a provision that in the case
CHAPTER 98, LAWS OF 1962

of death, before the total pension payments have equaled the actuarial value computed as aforesaid, the balance shall be paid to his or her surviving designated beneficiary, duly acknowledged and filed with the board of trustees; and if none, then to the executor or administrator of his or her estate.

Option 2. A reduced retirement allowance, payable during the retired member’s life, with the provision that after his or her death it will continue during the life of and be paid to his or her designated beneficiary, if such person survives him or her.

Option 3. A reduced retirement allowance, payable during the retired member’s life, with the provision that after his or her death, an allowance at \( \frac{1}{2} \) of the rate of his or her reduced allowance will be continued during the life of and be paid to his or her designated beneficiary, if such person survives him or her.

Option 4. A reduced retirement allowance, payable during the retired member’s life, with some other benefit payable after his or her death, provided, the benefit is approved by the board of trustees.

No optional selection shall be effective in case a member dies within 30 days after retirement and such a member shall be considered an active member at the time of death until the first payment on account of any benefit becomes normally due.

The board of trustees shall, from time to time and as often as they deem it necessary, employ an actuary who shall recommend, and the board shall keep in convenient form, such data as shall be necessary for actuarial valuations of the various funds created by this chapter. At least once in every 5-year period, or more frequently as determined by the board of trustees the actuary shall make an actuarial investigation into the mortality, service and salary experience of the members and beneficiaries of the retirement system, and shall make a valuation of the assets and liabilities of the various funds thereof, and upon the basis of such investigation the board of trustees shall:
(a) Adopt for the retirement system such mortality, service and other tables as shall be deemed necessary.

(b) Certify the rate of contribution which shall be made by each board of education to the pension fund as provided by this act.

7. Any member who shall have reached 70 years of age shall be retired by the board of trustees forthwith, except that an employee reaching 70 years of age may be continued in service until the end of the school year upon written notice to the board of trustees by the board of education where the member is employed.

8. A member of the pension fund who has 20 years of service credit in the pension fund and who separates voluntarily or involuntarily before attaining the age of 60 years, and not by removal for cause on charges of misconduct or delinquency, may elect to receive a deferred retirement allowance beginning at the age of 60 years, equal to 1/60 of the average annual salary received by him during the 5 years immediately preceding his separation from service multiplied by the number of years of credited service, with optional privileges as provided for in R. S. 18:5-79d.

Such member shall advise the board of trustees of his election of such a deferred retirement allowance in writing, and shall complete such forms as shall be specified by the board of trustees in its administration of this section.

Subsequent to making such an election, but prior to attaining age 60 a member may later elect to withdraw all payments which he has made to the pension fund together with simple interest at the rate of 2% per annum figured on such employee contributions. Upon such withdrawal of contributions, no further benefits shall be payable on behalf of said employee by the pension fund. If such a member should die before attaining the age of 60 years, all payments which he has made, together with simple interest at the rate of 2% per annum figured on such employee’s contributions to the
fund from the date of membership, shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member’s estate.

9. a. Each public employee veteran member of a pension fund now in existence and established under article 16 of chapter 5 of Title 18 of the Revised Statutes shall have returned to him the contributions made by him as of the first day of the month following the effective date of this amendatory and supplementary act with simple interest at 2% per annum to such date. All service rendered in office, position or employment of this State or of a county, municipality, school district or board of education or service rendered for the State University of New Jersey, an instrumentality of this State, after April 16, 1945, and the New Jersey State Agricultural Experiment Station established by an act approved March 10, 1880 (P. L. 1880, c. 106 and continued pursuant to chapter 16 of Title 4 of the Revised Statutes), an instrumentality of this State, excluding service rendered as County Extension Service Farm and Home Demonstration Agents, by such veteran member previous to the effective date of this legislation, for which evidence satisfactory to the board of trustees is presented within one year of the effective date of this section, shall be credited to him as a member and such credit shall be known as prior service credit and the obligation of the board of education employing such veteran member on account of such credit shall be known as the accrued liability on behalf of such veteran member, and the board of education which employed such veteran member as of the effective date of this amendatory and supplementary act shall liquidate said accrued liability by annual payments for a period of 30 years commencing July 1, 1963, the amount of these payments to be computed by the actuary and certified by the board of trustees.
b. In the event that a public employee veteran who prior to the effective date of this amendatory and supplementary act rendered service in office, position or employment of this State, including such service rendered for any instrumentality enumerated in paragraph a of this section, or of a county, municipality, or school district or board of education shall become a member of the pension fund on or after said date, such public employee veteran shall receive prior service credit for such service for which evidence satisfactory to the board of trustees is presented in the same manner as received by other public employee veteran members. Each person who is a member on the date this section takes effect may elect to purchase such contributory death benefit coverage and such member shall become covered therefor on the first day on or after such election, on which he is actively at work and performing all his regular duties at his customary place of employment, provided that in no event may such election be made more than one year after the date this section takes effect. Each
person becoming a member after the effective date of this section shall automatically be covered for such contributory death benefit coverage from the first day of his membership on which he is actively at work and performing all his regular duties at his customary place of employment. Such automatic coverage shall continue during the member’s first year of membership and during such year contributions as fixed by the board of trustees shall be made by or on behalf of the member. 15. a. In the event the county superintendent of schools shall determine to purchase group life insurance coverage for the noncontributory death
benefits, premiums for the same shall be paid from a special fund, hereby created, called the "Group Insurance Premium Fund." The county superintendent of school shall estimate annually the amount of premiums which will be required for such benefits for the ensuing fiscal year and shall certify such amounts to the participating employers as due and owing from them. The participating employers shall pay over to the county superintendent of schools the amount for premiums so certified and the county superintendent of schools shall deposit these amounts in the Group Insurance Premium Fund.

b. In the event that the county superintendent of schools shall determine to purchase group coverage for the contributory death benefits, premiums for same shall be paid from a special fund hereby created called the "Contributory Group Insurance Premium Fund." While such group coverage shall be in force, the contributions from the compensation of members or on behalf of members to provide such contributory death benefits shall be accumulated in said Contributory Group Insurance Premium Fund.

c. Any dividend or retrospective rate credit allowed by an insurance company shall be accredited to the aforesaid funds in an equitable manner. During the period such group insurance policy or policies are in effect, there shall be no commingling of the moneys in said funds with any other fund established pursuant to this act.

version privilege shall be paid as a claim under the group policy.

b. If any member who has exercised the conversion privilege under the group policy or policies again becomes a member of the pension fund while the individual policy obtained pursuant to the conversion privilege is still in force, he shall not again be eligible for any of the death benefits provided by the noncontributory or contributory insurance group policy or policies unless he furnishes satisfactory evidence of insurability.

17. Benefits under such group policy or policies shall be paid by the company to such person, if living, as the member shall have nominated by written designation duly executed and filed with the insurance company through the policyholder, otherwise to the executors or administrators of the member’s estate. A member may file with the insurance company through the policyholder and alter from time to time, during his lifetime, as desired, a duly attested written nomination of his payee for the death benefit.

18. Any such group policy or policies shall provide that payment of any death benefits which are payable by the insurance company may be made in one sum directly to the beneficiary as hereinafter provided, in equal installments over a period of years or as a life annuity or in such other manner as may be made available by the insurance company. A member may make such arrangements for settlement, and may alter from time to time during his lifetime any arrangement previously made, by making written request to the insurance company through the policyholder. Upon the death of a member, a beneficiary to whom a benefit is payable in one sum by the insurance company may likewise arrange for a settlement as described above. Any arrangement for payment under a group policy to a beneficiary shall be in lieu of that provided by the sections of this act establishing the benefits covered under such policy.
19. a. For the purpose of section 12 of this act, a member shall be deemed to be in service for a period of no more than 2 years while on official leave of absence without pay; provided that satisfactory evidence is presented to the board of trustees that such leave of absence without pay is due to illness.

b. For the purpose of section 12 of this act, a member shall be deemed to be in service for a period of no more than 93 days while on official leave of absence without pay when such leave of absence is due to any reason other than illness, including military leave of absence.

20. All pensions paid by a pension fund established under article 16 of chapter 5, Title 18 of the Revised Statutes, shall be paid in equal semimonthly installments and shall not be decreased, revoked or repealed, except as otherwise provided in this act.

21. This act shall take effect immediately.

CHAPTER 104

An Act to amend "An act concerning banking and banking institutions (Revision of 1948)," approved April 29, 1948 (P. L. 1948, c. 67).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 36 of the act of which this act is amendatory is amended to read as follows:

36. Definitions.

As used in this article, and except as the context otherwise requires,

(1) "common trust fund" means a fund established and maintained by a bank exclusively for the collective investment and reinvestment of moneys contributed thereto by the bank in any fiduciary capacity specified in paragraphs (5), (6), (9) and (10) of section 28;

(2) "bank" means a qualified bank which is empowered to invest moneys entrusted to it in any
capacity specified in paragraphs (5), (6), (9) and (10) of section 28;

(3) "cofiduciary" means one or more individuals or corporations, or both, lawfully acting or entitled to act jointly with a bank in the exercise of the powers referred to in the next preceding paragraph;

(4) "trust instrument" means the will, deed, agreement, court order or other instrument pursuant to which money or other property is entrusted to a bank as sole fiduciary or jointly with a cofiduciary;

(5) "trust estate" means money or other property entrusted to a bank solely or jointly with a cofiduciary pursuant to a trust instrument;

(6) "legal investments," (a) when applied to the investments of a trust estate, means those investments which a fiduciary is authorized to make pursuant to any statute of this State, and which the fiduciary may make at any time, without limitation or restriction imposed by statute on the percentage of the value of the trust estate which may be invested in such investments; and, (b) when applied to the investments of a common trust fund, "legal investments" means all legal investments, as defined in subdivision (a) of this paragraph, which qualify as investments for common trust funds under the provisions of section 39;

(7) "limited legal investments," (a) when applied to the investments of a trust estate, means all investments other than legal investments as defined in subdivision (a) of paragraph (6) of this section; and, (b) when applied to the investments of a common trust fund, "limited legal investments" means all limited legal investments, as defined in subdivision (a) of this paragraph, which qualify as investments for common trust funds under the provisions of section 39;

(8) "legal common trust fund" means a common trust fund which, in addition to uninvested cash balances held pursuant to subsection C of section 39, consists wholly of legal investments, or
partly of legal investments and partly of limited
legal investments in the ratio hereinafter in this
paragraph provided. No investment of the funds
of a legal common trust fund shall be made in a
limited legal investment unless such investment is
made not later than the end of the seventh full
business day next following a date as of which (a)
the aggregate value of all the limited legal in­
vestments held in such legal common trust fund
does not exceed, or (b) the making of such limited
legal investment would not cause such aggregate
value to exceed, 60% of the aggregate value of all
the property which constitutes the principal of such
legal common trust fund. No change in the invest­
ments of a legal common trust fund shall be re­
quired solely by reason of fluctuations in the value
of the investments held in such fund, notwithstand­
ing that such fluctuations cause the aggregate value
of the limited legal investments held in such fund
to exceed 60% of the aggregate value of all the
property which constitutes the principal of such
legal common trust fund. A participation in a
legal common trust fund shall be deemed to be a
legal investment;

(9) “discretionary common trust fund” means a
common trust fund other than a legal common trust
fund; and, in addition to uninvested cash balances
held pursuant to subsection C of section 39, a dis­
cretionary common trust fund may consist wholly
of limited legal investments, or partly of limited
legal investments and partly of legal investments in
such proportions as the trust investment com­
mittee may, from time to time, determine. A par­
ticipation in a discretionary common trust fund
shall be deemed to be a limited legal investment;

in a common trust fund which accrues to a trust
estate as the result of a bank’s investment of funds
of such trust estate in such common trust fund;

(11) “trust investment committee” means a
trust committee of a bank created pursuant to
section 109, a trust committee of a savings bank
created pursuant to section 190, and a trust investment committee of a national banking association; and, where no trust committee has been established by such bank or savings bank, "trust investment committee" means the board of directors of a bank and the board of managers of a savings bank acting as a trust investment committee.

2. Section 38 of the act of which this act is amendatory is amended to read as follows:

38. Effect of trust instruments.

A. Except as otherwise provided by subsection B of this section, where the trust instrument defines, limits, or specifies the investments which may be made of a trust estate, any common trust fund in which all or any part of such trust estate is invested shall consist only of the investments defined, limited, or specified in such trust instrument.

B. Where the trust instrument makes no provision governing the investments which may be made of a trust estate, or where the trust instrument directs that an estate be invested in "legal investments" or in "investments in which a fiduciary may by law invest" or in "legal investments for trustees," or uses words of similar import, investment of such trust estate may be made, in whole or in part, in a legal common trust fund, or in part, in a discretionary common trust fund, or in both; but no investment of such an estate shall be made in a discretionary common trust fund at any time when the aggregate value of all limited legal investments held in such trust estate exceeds, or if the investing in such discretionary common trust fund would cause such aggregate value to exceed 60% of the aggregate value of all the property which constitutes the principal of such trust estate.

C. Where the trust instrument permits investments of the trust estate to be made in limited legal investments, investment of all or any part of such trust estate may be made in either a legal common trust fund, or in a discretionary common trust fund, or in both, as the trust investment committee shall deem advisable.

3. This act shall take effect immediately.

Approved July 6, 1962.
CHAPTER 105

An Act concerning education, authorizing boards of education to require the classification of bidders, and supplementing Title 18 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. As used in this chapter:
   "Person" means and includes any individual, co-partnership, association, corporation or joint stock company, their lessees, trustees, assignees or receivers appointed by any court whatsoever.
   "Board of education" means and includes the board of education of any local school district, consolidated school district, regional school district, county vocational school and any other board of education or other similar body other than the State Board of Education, established and operating under the provisions of Title 18 of the Revised Statutes and having authority to engage contractors for the performance of public works for the board.

2. Every board of education shall require that all persons proposing to bid on any contract with the board for public work shall first be classified by the State Board of Education as to the character and amount of public work on which they shall be qualified to submit bids. So long as such requirement is in effect, the board of education shall accept bids only from persons qualified in accordance with such classification.

3. Any person desiring such classification shall file with the State Board of Education a statement under oath in response to a questionnaire, prepared and standardized for like classes of work, by the State Department of Education. The statement shall develop fully the financial ability, adequacy
of plant and equipment, organization and prior experience of the prospective bidder, and also such other pertinent and material facts as may be deemed desirable.

4. The State Department of Education shall classify all such prospective bidders as to the character and amount of public work on which they shall be qualified to submit bids. The classification shall be made and an immediate notice thereof shall be sent to the prospective bidder or bidders by registered mail within a period of 15 days after the date of receipt of the statement in response to the questionnaire; provided, however, that if the State Department of Education shall require additional information from the prospective bidder, the classification shall be made and the notice sent within 15 days after receipt of such additional information.

5. Any person, after being notified of his classification, being dissatisfied therewith or with the classification of another person or persons, may request in writing a hearing before the Commissioner of Education, and may present such further evidence with respect to his financial ability, plant and equipment or prior experience, or that of the other person or persons, as might tend to justify a different classification.

Where the request for a hearing is related to the classification of another person, the applicant for the hearing shall notify such other person, by registered mail, of the time and place of hearing and at the hearing shall present to the commissioner satisfactory evidence that such notice was given before any matters pertaining to the classification of such other person shall be taken up.

After the hearing the commissioner may change or affirm the classification or classifications, the subject of the hearing.

Decisions of the commissioner, made after hearing, shall be subject to appeal to the State Board of Education in accordance with the procedure described in sections 18:3-14 and 18:3-15 of the Revised Statutes.
6. Nothing contained in this act shall be construed as depriving any board of education of the right to reject all bids. Where there have been developments subsequent to the qualification and classification of a bidder which in the opinion of the awarding board would affect the responsibility of the bidder, information to that effect shall forthwith be transmitted to the State Department of Education for its review and reconsideration of the classification. Before taking final action on any such bid, the board of education concerned shall notify the bidder and give him an opportunity to present to the State Department of Education any additional information which might tend to substantiate the existing classification.

7. No person shall be qualified to bid on any contract with the board who shall not have submitted a statement as required by section 3 of this act within a period of 6 months preceding the date of opening of bids for such contract. Every bidder shall submit with his bid an affidavit that subsequent to the latest such statement submitted by him there has been no material adverse change in his qualification information except as set forth in said affidavit. The specifications for every contract subject to this chapter shall provide that the board of education, through its architect or other authorized agent, shall upon completion of the contract report to the State Department of Education as to the contractor's performance, and shall also furnish such report from time to time during performance if the contractor is then in default.

8. Any person who makes, or causes to be made, a false, deceptive or fraudulent statement in the questionnaire required to be submitted, or in the course of any hearing under this act shall be guilty of a misdemeanor, and upon conviction shall be sentenced to pay a fine of not less than $100.00 nor more than $1,000.00; or, in the case of an individual or the officer or employee charged with the duty of making such questionnaire for a person, firm, copartnership, association or corporation, to pay
such fine or undergo imprisonment, not exceeding 6 months, or both. All such persons and any co-partnership, association, corporation or joint stock company of which any such person is a partner or officer or director, and any corporation of which he owns more than 25% of the stock, shall for 5 years from the date of such conviction be disqualified from bidding on all public work in this State.

9. The board of education shall cause the forfeiture as liquidated damages to the board of any certified check or certificate of deposit deposited as bid security by any person who makes or causes to be made any false, deceptive or fraudulent statement in the questionnaire or bid affidavit required to be submitted, or in the course of any hearing under this act.

10. The State Board of Education shall establish such reasonable regulations as to it may seem appropriate for controlling the qualifications of prospective bidders. The regulations shall fix the qualification requirements for bidders according to available capital and equipment, and with due regard to the organization and prior experience of the bidder and all other pertinent and material facts. No regulations of the State Board of Education for controlling the qualifications of bidders shall become effective until at least 30 days after the regulations shall have been formally adopted and published in not less than 10 newspapers of this State.

11. No action for damages out of any court of competent jurisdiction shall lie against the State Board of Education or any State official because of any action taken by virtue of the provisions of this act.

Wherever a reduction in retirement allowances has been made prior to the effective date of this act and with respect to any retired member covered by this act, an amount equal to the total of all such monthly reductions shall be paid to any such retired member. The liability created by this act shall be computed by the actuary and shall be paid by the State in annual installments over a period of 30 years commencing July 1, 1963, in such a manner as will provide for this liability.

3. This act shall take effect immediately.

CHAPTER 109

An Act to regulate the practice of professional planning, establishing a State Board of Professional Planners in the Division of Professional Boards of the Department of Law and Public Safety, requiring the licensing of professional planners and the certification of planners-in-training by said board, and providing penalties for the violation of the provisions hereof.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. In order to safeguard life, health and property, and promote the public welfare, any person practicing or offering to practice professional planning in this State shall hereafter be required to submit evidence that he is qualified so to practice and shall be licensed as hereinafter provided. After the effective date of this act, it shall be unlawful for any person to practice or to offer to practice professional planning in this State, or to use the title “professional planner” or any other title, sign, card or device in such manner as to tend to convey the impression that such person is practicing professional planning or is a professional planner, unless such person is duly licensed under the provisions of this act. Every holder of a license shall display it in a conspicuous place in his principal office, place of business or employment.

No corporation, firm, partnership or association shall be granted a license under this act. No corporation, firm, partnership or association shall use or assume a name involving the word “planners” or “planning,” or any modification or derivative of such terms, unless an executive officer, if a corporation, or a member, if a firm, partnership or
association, shall be a licensed professional planner of the State of New Jersey.

No corporation, firm, partnership or association shall practice or offer to practice professional planning in this State unless the person or persons in responsible charge of professional planning work shall be so licensed to practice in this State. The person or persons carrying on the actual practice of professional planning on behalf of or designated as "professional planners," with or without qualifying or characterizing words, by any such corporations, firms, partnerships, or associations, shall be licensed to practice professional planning as provided in this act.

Nothing in this act shall be construed as requiring licensing for the purpose of practicing professional planning by any person, firm, or corporation with relation to property owned or leased by such person, firm, or corporation, unless otherwise required by statute or ordinance.

2. Definitions.

(a) The term "professional planner" as used in this act shall mean a person who engages in the practice of professional planning as hereinafter defined.

(b) The term "planner-in-training" as used in this act shall mean a person who is a potential candidate for license as a professional planner who is a graduate in an approved planning curriculum of 4 years or more from a school or college accredited by the board as of satisfactory standing; or a person who, in lieu of such graduation, has had 4 years or more of experience in planning work of a character satisfactory to the board, and who, in addition, has successfully passed an examination in the fundamental planning subjects, as defined elsewhere herein.

(c) The term "practice of professional planning" within the meaning and intent of this act shall mean the administration, advising, consultation or performance of professional work in the development of master plans in accordance with
the provisions of chapters 27 and 55 of Title 40 of the Revised Statutes, as amended and supplemented; and other professional planning services related thereto intended primarily to guide governmental policy for the assurance of the orderly and co-ordinated development of municipal, county, regional, and metropolitan land areas, and the State or portions thereof. The work of the professional planner shall not include or supersede any of the duties of an attorney at law, a licensed professional engineer, land surveyor or registered architect of the State of New Jersey.

(d) The term "board" as used in this act shall mean the State Board of Professional Planners.

(e) The term "responsible charge of professional planning work" as used in this act shall mean such degree of competence and accountability gained by education and experience of a grade and character as is sufficient to qualify an individual to personally and independently engage in and be entrusted with the work involved in the practice of professional planning.

3. Nothing in this act shall be construed to prohibit any licensed professional engineer, land surveyor or registered architect in the State of New Jersey from engaging in any or all of the functions or performing any or all of the services set forth in this act, provided however that such persons shall not hold themselves out as professional planners or planners.

4. To carry out the provisions of this act, there is hereby created in the Division of Professional Boards of the Department of Law and Public Safety an examining board for the licensing of professional planners and the certification of planners-in-training. The board is authorized to make and enforce rules and regulations necessary to carry out the provisions of this act. The board shall consist of 5 members who shall be professional planners licensed pursuant to the provisions of this act, and who shall be appointed by the Governor, with the advice and consent of the
Senate, within 60 days after the passage of this act. The initial appointments to the board shall be for one term each of 1, 2, 3, 4 and 5 years, beginning July 1 next following their appointment. One member's term shall expire each calendar year, and members shall thereafter be appointed for terms of 5 years. Each member shall hold office after the expiration of his term until his successor shall be duly appointed and qualified. A member of the board shall not be eligible to succeed himself more than once. Except as to the terms of the first members appointed, which shall commence upon the date of appointment, the term of office of the members of the board shall commence on July 1. Vacancies in the membership of the board, however created, shall be similarly filled by appointment of the Governor, with the advice and consent of the Senate, for the unexpired term only.

To supervise all necessary administrative work of the board, there is hereby created the position of secretary-director to the board. The board shall appoint such a secretary-director, to serve for a term of 1 year, at a salary determined by the board. Duties of the secretary-director of the board shall be those defined by the board. The board may provide for the creation of additional positions, as deemed necessary to make effective provisions of this act.

The board shall arrange through lease or otherwise to maintain suitable offices within the State of New Jersey for the conduct of the business of the board.

5. Said board, when so appointed, shall be designated and known as the "State Board of Professional Planners."

All persons appointed to the board shall be citizens of the United States and residents of the State of New Jersey. Appointees shall have at least 5 years active experience in professional planning, shall be of good standing in the planning profession, and shall be licensed under the provisions of this act.
The Governor may remove any member of the board after hearing, for misconduct, incompetence, neglect of duty, or any other sufficient cause.

The members of the board shall receive no compensation for their services, but may be reimbursed for all necessary expenses, incidental to their duties as members of the board, incurred in carrying out the provisions of this act.

6. Each member of the board, before entering upon the duties of his office, shall subscribe to an official oath of office as provided by R. S. 41:1-3, which oath shall be filed in the office of the Secretary of State. The board shall be entitled to the services of the Attorney General in connection with the affairs of the board, and shall have the power to compel the attendance of witnesses and to require the production of evidence, such as books, papers and documents. Any member of the board may administer oaths, and the board may take testimony and proofs concerning any matters within its jurisdiction.

7. The board shall, at its first meeting, to be called by the Governor as soon as may be following the appointment of its members, and at all annual meetings, to be held in July of each year thereafter, organize by electing from its membership a president and vice-president.

The board shall adopt annually a schedule of regular meetings, and special meetings may be held at the call of the president.

A quorum of the board shall consist of 3 members. No action of any meeting shall be taken without at least 3 votes in accord.

An itemized account of all receipts and expenditures of the board shall be kept by the secretary-director, and a detailed report thereof, verified by the affidavit of the secretary-director, shall be filed with the Director of the Division of Budget and Accounting, Department of the Treasury, within 20 days after the close of the fiscal year. A copy of this report shall be forwarded also to the office of
The Attorney General, as head of the Department of Law and Public Safety.

The board is authorized to review the content and duration of courses of study offered by colleges and universities for degrees in planning, and to establish and maintain a list of colleges and universities whose planning degrees are approved by the board; and the board is also authorized to establish and maintain a list of recognized planning subjects and courses of study, and to establish minimum requirements therefor which shall be acceptable to the board.

The examining board shall keep a record of its proceedings and a record of all applicants for license, showing for each the date of application, name, age, education, and other qualifications, place of practice and place of residence, whether or not an examination was required, and whether the applicant was rejected or a certificate of license granted, and the date of such action.

The books and register of the board shall be prima facie evidence of all matters recorded therein. A public register showing the names and places of practice and residence of all licensed professional planners and planners-in-training shall be prepared under the direction of the secretary-director during the month of August of each year. Such public register shall be printed, a copy mailed to each licensee, and a copy mailed to the clerk of each city, town, township, village, borough, county, and other municipal corporation of this State, which public register shall be placed on file in the office of said clerk.

8. Applications for licenses as professional planners shall be on forms prescribed and furnished by the board, shall contain statements under oath, showing the applicant's education and detailed statement of his planning experience, and shall contain not less than 5 references, of whom 3 or more shall be licensed professional planners having personal knowledge of the applicant's planning experience. For the first year after the effective date of
this act, full members of the American Institute of Planners may be used as references in lieu of licensed professional planners.

The application fee for professional planners shall be $50.00, and shall accompany the application.

Applications for a certificate of registration as planner-in-training shall be on forms prescribed and furnished by the board, shall be accompanied by a fee of $25.00, and shall contain the names of 3 references, of whom at least one shall be a licensed professional planner having personal knowledge of the applicant’s planning training or experience. For the first year after the effective date of this act, full members of the American Institute of Planners may be used as references in lieu of licensed professional planners.

All application fees shall be collected and accounted for by the board, and by it remitted to the State Treasury.

9. The following shall be considered as minimum evidence satisfactory to the board that an applicant is qualified for license as a professional planner.

(a) The applicant for license as a professional planner shall:

(1) Be of good moral character;
(2) Be a citizen of the United States or have declared his intention to become a citizen of the United States;
(3) Pass the required examinations.

(b) The applicant for license as a professional planner shall submit the following minimum educational and experience qualifications:

(1) A graduate degree in professional planning from an accredited college or university in a curriculum offering instruction in such recognized planning subjects as principles of land use
planning, history of city planning, planning project design, and planning law and administration, as shall be approved by the board; with a minimum of 3 years experience in the full time practice of professional planning; or

(2) An undergraduate degree from an accredited college or university in a curriculum offering a major or option comprising a minimum of 21 credit hours in such recognized planning subjects as shall be approved by the board; with a minimum of 4 years experience in the full-time practice of professional planning; or

(3) Graduation from a secondary school and at least 12 years of professional planning experience acceptable to the board; or

(4) For a period of 8 years only subsequent to July 1, 1963, a degree in a closely related course of study such as architecture, landscape architecture, engineering, law, sociology, geography, public administration, political science or economics, with a minimum of 18 credit hours in recognized planning subjects included as part of or in addition to such courses of study in an accredited college or university, with a minimum of 5 years experience in the full-time practice of professional planning.

c) The applicant for license as a professional planner shall obtain a passing grade, as determined by the board, upon a qualifying written examination. Such examination shall comprise subject matter covering:

(1) History of urban, rural, and regional planning;

(2) Fundamental theories, research methods and common basic standards in professional planning;

(3) Administrative and legal problems, instruments and methods;

(4) Current planning design and techniques.
(5) History, principles and requirements of planning and zoning procedures in the State of New Jersey.

In considering the qualifications of applicants, the teaching of recognized planning subjects may be construed as planning experience.

Any person having the necessary qualifications prescribed in this act to entitle him to license as a professional planner shall be eligible for such license even though he may not be practicing his profession at the time of making application.

10. The following shall be considered as minimum evidence satisfactory to the board that an applicant is qualified for a certificate of registration as a planner-in-training.

(a) The applicant for certificate of registration as planner-in-training shall:

(1) Be of good moral character;

(2) Be a citizen of the United States or have declared his intention to become a citizen of the United States;

(3) Pass the required examinations.

(b) The applicant for certificate of registration as planner-in-training shall present the following minimum qualifications:

(1) Graduation in an approved course in planning of 4 years or more from a school or college approved by the board, and a passing grade, as determined by the board, upon a qualifying written examination in the fundamental professional planning subjects; or

(2) A specific record of 4 years or more of active practice in planning work of a character satisfactory to the board, and a passing grade, as determined by the board, upon a qualifying written examination in the fundamental professional planning subjects.
Any person having the necessary qualifications prescribed in this act to entitle him to a certificate of registration as a planner-in-training shall be eligible for such license even though he may not be practicing his profession at the time of making application.

11. Examinations for license as a professional planner or certificate of registration as a planner-in-training shall be offered at least once annually at such times and places as the board shall determine. Such examination shall be prepared by the board or by such qualified experts as the board may choose, and may cover any and all aspects of planning previously described herein. The examinations shall be administered by such qualified expert examiners as may be appointed by the board.

An applicant who has failed to obtain a passing grade in an examination may be examined again upon filing a new application and the payment of the application fee fixed by this act, provided that a period of at least 6 months has elapsed before re-examination.

The board, upon application therefor on its prescribed form and the payment of the application and license fees fixed by this act, may issue a certificate of license as a professional planner without written examination to any person holding a certificate of license as a professional planner issued to him by any State, when the applicant's qualifications meet the requirements of this act and the rules established by the board.

The board upon application therefor and the payment of the application and license fees fixed by this act shall issue a certificate of license as a professional planner to any duly licensed professional engineer, licensed land surveyor or registered architect of New Jersey.

Any applicant who has passed the examination and has otherwise qualified hereunder as a professional planner, upon payment of the license fee fixed by this act, shall have a certificate of license issued to him as a professional planner, signed by
the president and secretary-director of the board under the seal of the board. The certificate of license shall authorize the practice of the applicant as a "professional planner." Certificates of license shall show the full name of the licensee and shall have a license number. The issuance of a license certificate by this board shall be evidence that the person named therein is entitled to all the rights and privileges of a licensed professional planner while such certificate remains unrevoked or unexpired.

12. Each professional planner shall, upon receipt of a license certificate, obtain a seal of a design authorized by the board bearing his name, license number, and the legend "Licensed Professional Planner." Maps, charts, reports, documents, and other supporting data issued by persons licensed as professional planners under this chapter shall be signed and sealed when submitted to public authorities, during the life of the licensee's certificate, but it shall be unlawful for anyone to sign or seal any document unless he holds a valid license. The exact method of fulfilling the requirement as to the signing and sealing of documents shall be regulated by the board.

A duplicate certificate of license to replace one lost, destroyed or mutilated may be issued subject to the rules and regulations of the board, and a reasonable fee, to be established by the board, may be charged for such duplicate certificate.

An unsuspended, unrevoked and unexpired certificate of license as a professional planner under this act shall be prima facie evidence in all courts and places that the person named therein is legally licensed.

All license certificates shall be recorded by the board in the office of the Secretary of State, in a book kept for that purpose, and any recording fee as may be provided by law shall be paid by the applicant before the license certificate is delivered.
13. The board shall be empowered to issue a certificate of registration as "planner-in-training" to an applicant who meets the qualifications outlined herein.

An applicant who meets the requirements of this act shall receive a certificate of registration as "planner-in-training," which certificate shall remain in effect, unless sooner revoked, for a period of 10 years from the date of issuance.

14. The yearly license fee for professional planners shall be $100.00.

License certificates shall expire on May 30 following issuance, renewal or reinstatement, and shall become invalid on that day unless renewed. Licensees shall apply for renewal on or before May 30 of each year. It shall be the duty of the secretary-director of the board to notify all persons licensed under this act of the date of the expiration of their certificates and the amount of the fee that shall be required for their renewal for one year; such notice shall be mailed to each licensee at his last post-office address known to the board at least one month in advance of the date of expiration of the license. Renewal of any certificate issued under this chapter may be effected at any time during the month of May by the payment of the fee of $100.00.

The failure on the part of the licensee to renew his license annually in the month of May as required shall not deprive such person of the right of renewal during the ensuing year, but the fee to be paid if the license be renewed in any month during the license year subsequent to May shall be $110.00 instead of $100.00 and, if the license be not renewed within a year after its expiration, the licensee shall pay a reinstatement fee of $110.00 plus $10.00 for each year in which the licensee is in arrears. One notice to the licensee, by mail, on or before May 15, addressed to his last post-office address known to the board, informing him of his failure to have applied for a renewal of his license certificate, shall constitute legal notification of such delinquency by
the board. Continuing to practice as a "professional planner" after the expiration of his license shall render the person so doing liable to all the penalties prescribed for practicing without a license certificate.

15. The board shall have the power to revoke the certificate of license of any professional planner or the certificate of registration of any planner-in-training licensed or registered hereunder who is found guilty by the board of any fraud or deceit in obtaining a certificate of license or a certificate of registration, or of gross negligence, incompetence or misconduct in the practice of professional planning.

Any person may prefer charges of such fraud, deceit, negligence, incompetence, or misconduct against any professional planner or planner-in-training.

Such charges shall be in writing, sworn by the complainant, and submitted to the board. Such charges, unless dismissed without hearing by the board as unfounded or trivial, shall be heard and determined by the board within 3 months after the date on which they are preferred.

The time and place for such hearing shall be fixed by the board. A copy of the charges, together with a notice of the time and place of hearing shall be personally served on the accused by the board at least 30 days before the day fixed for the hearing, and in the event that such service cannot be effected 30 days before the hearing, then the date of hearing and determination shall be postponed so long as may be necessary to permit the carrying out of this requirement. At the hearing, the accused shall have the right to appear personally and by counsel, to cross examine witnesses against him, and to produce evidence and witnesses in his defense. If after said hearing 3 or more members of the board vote in favor of finding the accused guilty of any fraud or deceit in obtaining a certificate, or of gross negligence, incompetence or misconduct in the practice of professional planning,
CHAPTER 109, LAWS OF 1962

the board may revoke or suspend the certificate of license of the accused, or may levy an appropriate fine, not to exceed $500.00 for any specific violation, according to a schedule to be adopted by the board. The board may under circumstances which to it may seem proper, reissue a certificate of license to any person whose certificate has been revoked.

16. Any person, who, hereafter, is not legally authorized to practice professional planning in this State according to the provisions of this act, who shall so practice or offer so to practice in this State, or any person presenting or attempting to file as his own the certificate of license of another, or who shall give false or forged evidence of any kind to the board, or to any member or representative thereof, in obtaining a certificate of license, or who shall falsely impersonate another licensed practitioner of like or different name, or who shall use or attempt to use an expired certificate of license, or an unexpired and revoked certificate of license, or who shall use the title “planner-in-training” without holding a valid certificate of registration issued by the board, or who shall otherwise violate any of the provisions of this act, shall be subject to a penalty of not more than $200.00 for the first offense and not more than $500.00 for each and every subsequent offense. The penalties provided for by this section shall be collected and enforced by summary proceedings by the State Board of Professional Planners, pursuant to the Penalty Enforcement Law (N.J.S.A. 2A:58-1, et seq.).

Every county court and every county district court, within its respective territorial jurisdiction, shall have jurisdiction of actions for penalties under this act.

17. Hereafter the State, or any department, institution, commission, authority, board or body of the State Government or of any political subdivision thereof shall not appoint or employ any person in responsible charge of any work with the title or job classification of professional planner except a licensed professional planner as the same is defined and as provided in this act.
CHAPTER 109, LAWS OF 1962

Notwithstanding the foregoing or any other provision of this act to the contrary, no professional engineer, licensed land surveyor or registered architect of New Jersey presently holding an appointment by the State or by any department, institution, commission, authority, board or body of the State Government or any political subdivision thereof shall be deprived of the right to continue in office, position or employment or to be reappointed to the same office, position, or employment or to be appointed to any other office, position or employment requiring similar qualifications.

18. Where professional planners are employed subject to the provisions of the civil service law, the appointment of such person shall be understood to mean and include appointment after such person has been certified as having satisfactorily passed a civil service examination. CHAPTER 119

An Act to protect the civil rights of persons serving in the armed forces, providing for the deferment of certain tax and contractual obligations of such persons, providing for stays of proceedings to evict such persons and their families from their homes, according re-employment rights to persons returning from military service and providing penalties for persons violating this act.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. It has been nationally recognized that because of the emergent conditions which are threatening the peace and imperiling the security of the nation, there is imperative need to augment and strengthen the national defense. It is further recognized that the emergent conditions which endanger the national well-being likewise constitute an imminent threat and hazard to the peace and security of the people of the State. Moreover, it is acknowledged that the exigencies of national defense require that the people of the State, in large numbers, be called into military service, and as a consequence, the health, prosperity and welfare of all of the people of the State is inevitably affected.

In these circumstances, and in order to promote and to assist the national defense, and thereby to protect the peace, prosperity and health of the people of the State, it is necessary that citizens and residents of the State in the military service as well as those who are members of the organized militia or of a reserve component of the Armed Forces of the United States should be free to devote their entire energy and effort to the defense needs of the nation and of the State. To assist in this end, it is essential to provide in certain cases for the tempo-
rary suspension of legal proceedings and transactions which may prejudice the civil rights of persons in the military service. It is further essential in the interests of the prosperity and well-being of the people of the State, that such persons, upon completion of military service, be restored to their former employment.

In the interpretation and application of this act, it is hereby declared to be the public policy of the State to maintain, secure and protect the civil and property rights of persons in the military service, as hereinafter defined, and of employees who are members of the organized militia or members of a reserve component of the Armed Forces of the United States.

The Legislature hereby declares the existence of a public emergency affecting the health, safety and comfort of the people, requiring the enactment of the provisions of this act to protect the vital interests of the State.

All the provisions of this act shall be liberally construed for the accomplishment of this purpose.

This act shall be deemed an exercise of the police power of the State, for the protection of the public welfare, prosperity, health and peace of the people of the State.

2. As used in this article:
   a. The term "military service" means duty by any person, male or female, in the active military service of the United States and active duty in the military service of the State pursuant to an order of the Governor issued pursuant to law.
   b. The term "person" when used herein with reference to the holder of any right alleged to exist against a person in military service, or against a person secondarily liable under such right, shall include individuals, partnerships, corporations, and any other forms of business association.
   c. The term "court" as used herein, shall include any State court of competent jurisdiction, whether or not a court of record.
3. a. Whenever, pursuant to any of the provisions of this act, the enforcement of any obligation or liability, the prosecution of any suit or proceeding, the entry or enforcement of any order, writ, judgment or decree, or the performance of any act, may be stayed, postponed or suspended, such stay, postponement or suspension may, in the discretion of the court, likewise be granted to sureties, guarantors, endorsers and others subject to the obligation or liability, the performance or enforcement of which is stayed, postponed or suspended.

b. When a judgment or decree is vacated or set aside, in whole or in part, as provided in this act, the same may, in the discretion of the court, likewise be set aside and vacated as to any surety, guarantor, endorser, accommodation maker or other person whether primarily or secondarily liable upon the contract or liability for the enforcement of which the judgment or decree was entered.

c. Nothing contained in this act shall prevent a waiver in writing of the benefits afforded by paragraphs a. and b. of this section by any surety, guarantor, endorser, accommodation maker, or other persons whether primarily or secondarily liable upon the obligation or liability except that after the date of enactment of this act no such waiver shall be valid unless it is executed as an instrument separate from the obligation or liability in respect of which it applies, and no such waiver shall be valid after the beginning of the period of military service if executed by an individual who, subsequent to the execution of such waiver becomes a person in military service.

4. In any civil action or proceeding commenced in any court, if there shall be a default of an appearance by the defendant, the plaintiff, within 20 days before the entry of judgment or final order, shall file in the court an affidavit setting forth facts showing that the defendant is not in military service. If unable to file such affidavit, plaintiff shall in lieu thereof file an affidavit setting forth either
that the defendant is in the military service or that plaintiff is not able to determine whether or not defendant is in such service. If an affidavit is not filed showing that the defendant is not in the military service, no judgment or final order shall be entered without first securing an order of court directing such entry, and no such order shall be made if the defendant is in such service until after the court shall have appointed an attorney to represent defendant and protect his interest, and the court shall on application make such appointment. Unless it appears that the defendant is not in such service the court may require, as a condition before judgment or final order is entered, that the plaintiff file a bond, approved by the court, conditioned to indemnify the defendant, if in military service, against any loss or damage that he may suffer by reason of any judgment or final order should the judgment or final order be thereafter set aside in whole or in part. And the court may make such other and further order or enter such judgment as in its opinion may be necessary to protect the rights of the defendant under this act.

5. Any person who shall make or use an affidavit required under section 4, above, knowing it to be false, shall be guilty of perjury, and shall be punishable by imprisonment not to exceed one year or by fine not to exceed $1,000.00, or both.

6. In any action or proceeding in which a person in military service is a party, if such party does not personally appear therein or is not represented by an authorized attorney, the court may appoint an attorney to represent him; and in such case a like bond may be required and an order made to protect the rights of such person. But no attorney appointed under this act to protect a person in military service shall have power to waive any right of the person for whom he is appointed or bind him by his acts.

7. If any judgment or final order shall be rendered in any action or proceeding governed by sections 4, 5 and 6, above against any person in milit-
tary service during the period of such service, or within 30 days thereafter, and it appears that such person was prejudiced by reason of his military service in making his defense thereto, such judgment or order may, upon application, made by such person or his legal representative, not later than 90 days after the termination of such service, be opened by the court rendering the same and such defendant or his legal representative let in to defend; provided it is made to appear that the defendant has a meritorious or legal defense to the action or proceeding, or to some part thereof. Vacating, setting aside, or reversing any judgment or final order because of any of the provisions of this act shall not impair any right or title acquired by any bona fide purchaser for value under such judgment or order.

8. At any stage thereof, any action or proceeding in any court in which a person in military service is involved, either as plaintiff or defendant, during the period of such service or within 60 days thereafter may, in the discretion of the court in which it is pending, on its own motion, and shall, on application to it by such person or some person on his behalf, be stayed as provided in this act, unless, in the opinion of the court, the ability of plaintiff to prosecute the action, or the defendant to conduct his defense, is not materially affected by reason of his military service.

9. When an action for compliance with the terms of any contract is stayed pursuant to this act no fine or penalty shall accrue by reason of failure to comply with the terms of such contract during the period of such stay, and in any case where a person fails to perform any obligation and a fine or penalty for such nonperformance is incurred a court may, on such terms as may be just, relieve against the enforcement of such fine or penalty if it shall appear that the person who would suffer by such fine or penalty was in the military service when the penalty was incurred, and that by reason of such
service the ability of such person to pay or perform was thereby materially impaired.

10. In any action or proceeding commenced in any court against a person in military service; before or during the period of such service, or within 60 days thereafter, the court may, in its discretion, on its own motion, or on application to it by such person or some person on his behalf shall, unless in the opinion of the court the ability of the defendant to comply with the judgment or order entered or sought is not materially affected by reason of his military service:

a. Stay the execution of any judgment or order entered against such person, as provided in this act; and

b. Vacate or stay any attachment or garnishment of property, money, or debts in the hands of another, whether before or after judgment as provided in this act.

11. Any stay of any action, proceeding, attachment, or execution ordered by any court under the provisions of this act may, except as otherwise provided, be ordered for the period of military service and 3 months thereafter or any part of such period, and subject to such terms as may be just, whether as to payment in installments of such amounts and at such times as the court may fix or otherwise. Where the person in military service is a co-defendant with others the plaintiff may nevertheless, by leave of court, proceed against the others.

12. The period of military service shall not be included in computing any period now or hereafter to be limited by any law, regulation or order for the bringing of any action or proceeding in any court, board, bureau, commission, department or other agency of government of this State or any of its governmental subdivisions by or against any person in military service, or by or against his heirs, executors, administrators, or assigns, whether such cause of action or the right or priv-
Eviction or distress stayed; period of stay; penalty for participating in eviction, etc.

CHAPTER 119, LAWS OF 1962

It is hereby declared to be illegal to institute such an action or proceeding shall have accrued prior to or during the period of such service, nor shall any part of such period which occurs after the date of enactment of this act be included in computing any period now or hereafter provided by any law for the redemption of real property sold or forfeited to enforce any obligation, tax or assessment.

13. a. No eviction or distress shall be made during the period of military service in respect of any premises for which the agreed rent does not exceed $80.00 per month, occupied chiefly for dwelling purposes by the wife, children, or other dependents of a person in military service, except upon leave of court granted upon application therefore or granted in any action or proceeding affecting the right of possession.

b. On any such application or in any such action the court may, in its discretion, on its own motion, and shall, on application, unless in the opinion of the court the ability of the tenant to pay the agreed rent is not materially affected by reason of military service, stay the proceedings for not longer than 3 months, as provided in this act, or it may make such other order as may be just.

c. Any person who shall knowingly take part in any eviction or distress otherwise than as provided in paragraph a of this section, or attempts so to do, shall be adjudged a disorderly person, and shall be punishable by imprisonment not to exceed one year or by fine not to exceed $1,000.00, or both.

14. a. The provisions of this section shall apply to any lease covering premises occupied for dwelling, professional, business, agricultural, or similar purposes in any case in which such lease was executed by or on the behalf of a person who, after the execution of such lease, entered military service, and the premises so leased have been occupied for such purposes, or for a combination of such purposes by such person or by him and his dependents.
b. Any such lease may be terminated by notice in writing delivered to the lessor (or his grantee) or to the lessor's (or his grantee's) agent by the lessee at any time following the date of the beginning of his period of military service. Delivery of such notice may be accomplished by placing it in an envelope properly stamped and duly addressed to the lessor (or his grantee) or to the lessor's (or his grantee's) agent and depositing the notice in the United States mails. Termination of any such lease providing for monthly payment of rent shall not be effective until 30 days after the first date on which the next rental payment is due and payable subsequent to the date when such notice is delivered or mailed. In the case of all other leases, termination shall be effected on the last day of the month following the month in which such notice is delivered or mailed and in such case any unpaid rental for a period preceding termination shall be proratably computed and any rental paid in advance for a period succeeding termination shall be refunded by the lessor (or his assignee). Upon application by the lessor to the appropriate court prior to the termination period provided for in the notice, any relief granted in this paragraph shall be subject to such modifications or restrictions as in the opinion of the court justice and equity may in the circumstances require.

c. Any person who shall knowingly seize, hold or detain the personal effects, clothing, furniture or other property of any person who has lawfully terminated a lease covered by this section, or in any manner interfere with the removal of such property from the premises covered by such lease, for the purpose of subjecting or attempting to subject any of such property to a claim for rent accruing subsequent to the date of termination of such lease, or attempts so to do, shall be adjudged a disorderly person and shall be punished by imprisonment not to exceed one year or by fine not to exceed $1,000.00, or both.
Installment contracts; exceptions; penalty for resuming possession of property; order for repayment.

15. a. No person who has received, or whose assignor has received, under a contract for the purchase of real or personal property, or of lease or bailment with a view to purchase of such property, a deposit or installment of the purchase price or a deposit or installment under the contract, lease or bailment from a person or from the assignor of a person who, after the date of payment of such deposit or installment, has entered military service, shall exercise any right or option under such contract to rescind or terminate the contract or resume possession of the property for nonpayment of any installment thereunder due or for any other breach of the terms thereof occurring prior to or during the period of such military service, except by action in a court of competent jurisdiction; provided, that nothing contained in this section shall prevent the modification, termination, or cancellation of any such contract, or prevent the repossession, retention, foreclosure, sale or taking possession of property purchased or received or which is security for any obligation under such contract, pursuant to a mutual agreement of the parties thereto, or their assignees, if such agreement is executed in writing subsequent to the making of such contract and during or after the period of military service of the person concerned.

b. Any person who shall knowingly resume possession of property which is the subject of this section otherwise than as provided in paragraph a. of this section or attempt so to do, shall be adjudged a disorderly person shall be punished by imprisonment not to exceed one year, or by fine not to exceed $1,000.00, or both.

c. Upon the hearing of such action the court may order the repayment of prior installments or deposits or any part thereof, as a condition of terminating the contract and resuming possession of the property, or may, in its discretion, on its own motion, and shall, except as provided in section 17 of this act, on application to it by such person in military service or some person on his behalf, order a
stay of proceedings as provided in this act except that such stay under this section may be ordered for the period of military service and 6 months thereafter or any part of such period, unless, in the opinion of the court, the ability of the defendant to comply with the terms of the contract is not materially affected by reason of such service; or it may make such other disposition of the case as may be equitable to conserve the interests of all parties.

16. a. The provisions of this section shall apply only to obligations secured by mortgage, trust deed, or other security in the nature of a mortgage upon real or personal property owned by a person in military service at the commencement of the period of his military service and still so owned by him which obligations originated prior to such person’s period of military service.

b. In any proceeding commenced in any court during the period of military service to enforce such obligation arising out of nonpayment of any sum thereunder due or out of any other breach of the terms thereof occurring prior to or during the period of such service the court may, after hearing, in its discretion, on its own motion, and shall, except as hereinafter provided in this act, on application to it by such person in military service or some person on his behalf, unless in the opinion of the court the ability of the defendant to comply with the terms of the obligation is not materially affected by reason of his military service

(1) stay the proceedings as provided in this act; or

(2) make such other disposition of the case as may be equitable to conserve the interests of all parties.

17. Where a proceeding to foreclose a mortgage upon or to resume possession of personal property, or to rescind or terminate a contract for the purchase thereof, has been stayed as provided in this act, the court may, unless in its opinion an undue hardship would result to the dependents of the person in military service, appoint 3 disinterested parties to appraise the property and, based upon the report of the appraisers, order such sum, if any, as may be just, paid to the person in military service or his dependent, as the case may be, as a condition of foreclosing the mortgage, resuming possession of the property, or rescinding or terminating the contract.

18. a. The provisions of this section shall apply when any taxes or assessments, whether general or special, other than taxes on income, whether falling due prior or during the period of military service in respect of personal property, money or credits or real property owned and occupied for dwelling, agricultural, or business purposes by a person in military service, or his dependents, at the commencement of his period of military service and still so occupied by his dependents or employees, are not paid.

b. No sale of such property shall be made to enforce the collection of such tax or assessment, or any proceeding or action for such purpose commenced, except upon leave of court granted upon
application made therefor by the collector of taxes or other officer whose duty it is to enforce the collection of taxes or assessments. The court thereupon, unless in its opinion the ability of the person in military service to pay such taxes or assessments is not materially affected by reason of such service, may stay such proceedings or such sale, as provided in this act, for a period extending not more than 6 months after the termination of the period of military service of such person.

c. When by law such property may be sold or forfeited to enforce the collection of such tax or assessment, such person in military service shall have the right to redeem or commence an action to redeem such property, at any time not later than 6 months after the termination of such service, but in no case later than 6 months after the date when this act ceases to be in force; but this shall not be taken to shorten any period, now or hereafter provided by the laws of the State, or any political subdivision thereof, for such redemption.

d. Whenever any tax or assessment shall not be paid when due, such tax or assessment due and unpaid shall bear interest until paid at the rate of 6% per annum from the date when such tax first became a lien, and no other penalty or interest shall be incurred by reason of such nonpayment, whether such penalty or interest shall have accrued prior or shall accrue subsequent to the commencement of the period of military service of such person. Any lien for such unpaid taxes or assessment shall also include such interest thereon.

19. a. No policy which has not lapsed for the nonpayment of premium before the commencement of the period of military service of the insured, and which has been brought within the benefits of the Federal “soldiers’ and sailors’ civil relief act” shall lapse or be forfeited for the nonpayment of premium during the period of such service, or during 1 year after the expiration of such period, provided that in no case shall this prohibition extend
for more than 1 year after this act ceases to be in force.

b. For the purposes of this section, the term "policy" shall include any contract of life insurance on the level premium or legal reserve plan. It shall also include any benefit in the nature of life insurance arising out of membership in any fraternal or beneficial association. In no case, however, shall the term "policy" include insurance exceeding a total face value of $5,000.00 whether in one or more companies. (2) is still qualified to perform the duties of such position; and

(3) makes application for re-employment within 90 days after he is relieved from such service, if such position was in the employ of a private employer, such employer shall restore such person to such position, or to a position of like seniority, status and pay, unless the employer's circumstances have so changed as to make it impossible or unreasonable to do so.

b. The benefits, rights and privileges granted to persons in the military service by this section shall be extended to and be applicable to any person who,
in order to participate in assemblies or annual training or in order to attend service schools conducted by the Armed Forces of the United States for a period or periods up to and including 3 months, temporarily leaves or has left his position, other than a temporary position, in the employ of any employer and who, being qualified to perform the duties of such position, makes application for re-employment within 10 days after completion of such temporary period of service; provided that no such person shall be entitled to the said benefits, rights and privileges for such attendance at any service school or schools exceeding a total of 3 months during any 4-year period.

c. The benefits, rights and privileges granted to persons in the military service by this section shall be extended to and be applicable to any person who is or becomes a member of the organized militia or of a reserve component of the Armed Forces of the United States and who, because of such membership is discharged by his employer or whose employment is suspended by his employer because of such membership and who, being qualified to perform the duties of such position, makes application for re-employment or termination of the period of his suspension within 10 days after such discharge or suspension.

d. Any person who is restored to a position in accordance with the provisions of this section shall be considered as having been on furlough or leave of absence during his period of military service, temporary service under paragraph b. hereof, or of discharge or suspension under paragraph c. hereof, shall be so restored without loss of seniority, shall be entitled to participate in insurance or other benefits offered by the employer pursuant to established rules and practices relating to employees on furlough or leave of absence in effect with the employer at the time such person entered the military service or commenced such temporary service or was so discharged or suspended, and
shall not be discharged from such position without cause, within 1 year after such restoration.

e. In case any private employer fails or refuses to comply with the provisions of this section, the County Court of the county in which such private employer maintains a place of business, shall have the power, upon the filing of a complaint, by the person entitled to the benefits of such provisions, to specifically require such employer to comply with such provisions, and may, as an incident thereto, compensate such person for any loss of wages or benefits suffered by reason of such employer's unlawful action. The court shall order a speedy hearing in any such case, and shall advance it on the calendar. Any person claiming to be entitled to the benefits of the provisions of this section may appear and be represented by counsel, or, upon application to the Attorney General of the State, may request that the Attorney General appear and act on his behalf. If the Attorney General is reasonably satisfied that the person so applying is entitled to such benefits, he shall appear and act as attorney for such person in the amicable adjustment of the claim, or in the filing of any complaint and the prosecution thereof. In the hearing and determination of such applications under this section no fees or court costs shall be assessed against a person so applying for such benefits.

21. Where in any proceeding to enforce a civil right in any court it is made to appear to the satisfaction of the court that any interest, property, or contract has since the date of the approval of this act been transferred or acquired with intent to delay the just enforcement of such right by taking advantage of this act, the court shall enter such judgment or make such order as might lawfully be entered or made, the provisions of this act to the contrary notwithstanding.

22. a. In any proceeding under this act a certificate executed by an officer of the applicable force of the Armed Forces of the United States or by an officer of the applicable force of the organized
militia shall, when produced, be prima facie evidence of the facts therein certified and of the authority of the signer to issue the same.

b. When a person in military service has been reported missing he shall be presumed to continue in such service until accounted for, and no period herein limited which begins or ends with the death of such person shall begin or end until the death of such person is in fact reported to or proved by the applicable force of the Armed Forces of the United States or of the organized militia, or until such death is proved by a court of competent jurisdiction; provided, that no period herein limited which begins or ends with the death of such person shall be extended beyond a period of 6 months after the time when this act ceases to be in force.

23. a. A person may, at any time during his period of military service or within 6 months thereafter, apply to a court for relief in respect of any obligation or liability incurred by such person prior to his period of military service or in respect of any tax or assessment whether falling due prior to or during his period of military service. The court, after appropriate notice and hearing, unless in its opinion the ability of the applicant to comply with the terms of such obligation or liability or to pay such tax or assessment has not been materially affected by reason of his military service, may grant the following relief:

In the case of an obligation payable under its terms in installments under a contract for the purchase of real estate, or secured by a mortgage or other instrument in the nature of a mortgage upon real estate, a stay of the enforcement of such obligation during the applicant's period of military service and, from the date of termination of such period of military service or from the date of application if made after such service, for a period equal to the period of the remaining life of the installment contract or other instrument plus a period of time equal to the period of military service of the applicant, or any part of such combined
period, subject to payment of the balance of principal and accumulated interest due and unpaid at the date of termination of the period of military service or from the date of application, as the case may be, in equal installments during such combined period at such rate of interest on the unpaid balance as is prescribed in such contract, or other instrument evidencing the obligation, for installments paid when due, and subject to such other terms as may be just.

In the case of any other obligation, liability, tax, or assessment, a stay of the enforcement thereof during the applicant's period of military service and, from the date of termination of such period of military service or from the date of application if made after such service, for a period of time equal to the period of military service of the applicant or any part of such period, subject to payment of the balance of principal and accumulated interest due and unpaid at the date of the termination of such period of military service or the date of application, as the case may be, in equal periodic installments during such extended period at such rate of interest as may be prescribed for such obligation, liability, tax, or assessment, if paid when due, and subject to such other terms as may be just.

b. When any court has granted a stay as provided in this section no fine or penalty shall accrue during the period the terms and conditions of such stay are complied with by reason of failure to comply with the terms or conditions of the obligation, liability, tax, or assessment in respect of which such stay was granted.

24. If any clause, sentence, paragraph, section or part of this act or the application thereof to any person or circumstances, shall, for any reason, be adjudged by a court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder of this act, and the application thereof to other persons or circumstances, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof
directly involved in the controversy in which such judgment shall have been rendered and to the person or circumstances involved. It is hereby declared to be the legislative intent that this act would have been adopted had such invalid provisions not been included.

25. Insofar as the provisions of this act are inconsistent with the provisions of any other act, the provisions of this act shall be controlling.

26. This act shall remain in force and effect until July 1, 1964; provided, that wherever in any section or provision of this act a proceeding, remedy, privilege, stay, limitation, accounting or other transaction has been authorized or provided with respect to military service performed prior to the date herein fixed for the termination of this act, such section or provision shall be deemed to continue in full force and effect so long as may be necessary for the exercise or enjoyment of such proceeding, remedy, privilege, stay, limitation, accounting or other transaction.

1. Section 3 of the act of which this act is amendatory is amended to read as follows:

3. (1) After the date of the establishment of this retirement system, any person becoming a full time policeman or fireman in a county or municipality or fire district located in a township where, prior to the date this act takes effect, a pension under chapter 16 of Title 43 or article 4 of chapter 10 of Title 43 of the Revised Statutes for policemen or firemen has been established, shall become a member of this retirement system as a condition of his employment; provided, that his age at becoming such full time policeman or fireman is not over 30 years or if such person shall have met the requirements at the announced closing date of a civil service examination for such position and was appointed during the existence of the civil service list promulgated as a result of such examination; and
further provided, that he shall furnish such evidence of good health at the time of becoming a member as the board of trustees shall require.

(3) The board of trustees may accept as members into the retirement system, full time policemen and firemen who are serving as probationers. The board of trustees may in its discretion deny the right to become members to any class of policemen or firemen whose compensation is only partly paid by the employer and shall deny it to those who are serving in a temporary or other than per annum basis, and it may also, in its discretion, make
optional with members in any such class their individual entrance into membership.

(4) Should any member in any period of 4 consecutive years after last becoming a member be absent from service for more than 2 years, or withdraw his aggregate contributions, or become a beneficiary or die, he shall thereupon cease to be a member.

(5) Should any member resign or be dismissed from the police or fire service of the employing agency and not make application for the return of his aggregate contributions, the board of trustees may upon receiving conclusive advice of such separation, terminate the membership immediately thereafter. The employees’ contributions from memberships so terminated shall be held by the retirement system and returned to the employee without interest when application for such return is made.

(6) Any member of this retirement system in good standing on the effective date of this amendment shall not have his membership affected as a result of this amendment but the same shall apply to any person becoming a full time policeman or fireman after the effective date of this amendment.

Every motor vehicle, except a motor cycle and except a motor-drawn vehicle, shall be equipped with brakes adequate to control the movement of
and to stop and to hold such vehicle, including 2 separate means of applying the brakes. If these 2 separate means of applying the brakes are connected in any way, they shall be so constructed that failure of any one part of the operating mechanism shall not leave the vehicle without brakes adequate to stop and to hold such vehicle. One of these means of applying the brakes shall be so constructed that it can be set to hold the vehicle, or any combination of which it forms a part, stationary on any up or down grade upon which it is operated, whether the vehicle or combination is empty or loaded.

Every combination of motor vehicles shall be equipped with brakes upon one or more of such motor vehicles, adequate to stop and to hold such combination of motor vehicles. Every motor vehicle, except a motor cycle, manufactured on or after July 1, 1938 when used on a highway shall be equipped with brakes on all wheels, except the front wheels of a 3-axle truck tractor and except any trailer or semitrailer of a gross weight not exceeding 3,000 pounds; provided, however, that the gross weight of any such trailer without brakes shall not exceed 40% of the gross weight of the towing vehicle, and that the gross weight of any such semitrailer without brakes shall not exceed 40% of the gross weight of the towing vehicle when the vehicles are connected. All brakes on a combination of vehicles shall be controlled by the driver thereof.

Every trailer and semitrailer, required to be equipped with brakes, shall be equipped with brakes of such a character as to be automatically applied upon break-away from the towing vehicle, and means shall be provided to stop and hold such vehicle for an adequate period of time.

In any combination of motor vehicles, means shall be provided for applying the trailer or semitrailer brakes, of any trailer or semitrailer equipped with brakes, in approximate synchronism with the brakes on the towing vehicle and developing the required braking effort on the wheels of the rearmost vehicle at the fastest rate; or means shall
be provided for applying braking effort first on the rearmost vehicle equipped with brakes; or both of the above means capable of being used alternatively may be employed.

No person shall drive, move, park or be in custody of on any highway any motor vehicle not equipped as herein required.

The fee shall be paid in accordance with the following table:

In addition to the registrations authorized pursuant to the aforesaid provisions of this section, the director shall issue registrations for automobile commercial vehicles, trailers, semitrailers, and tractors providing for the gross weight of vehicle and load over 40,000 pounds but not exceeding 70,000 pounds, upon application therefor and proof to the satisfaction of the director that the applicant is actually engaged in construction work or in the business of supplying material, transporting material, or using such registered vehicle for construction work. The license plate so issued shall be marked “constructor” and shall be placed upon the vehicle or vehicles registered under this section. In no event shall a vehicle or combination of vehicles, operating as a unit, registered under this section and using “constructor” registration plates exceed a maximum gross weight, inclusive of load, of 70,000 pounds.

The applicant for “constructor” registration plates authorized herein shall pay therefor on each
vehicle at the rate of $15.00 per thousand pounds of gross weight of vehicle and load.

Vehicles registered and using "constructor" registration plates may not be operated at a distance greater than 30 miles from the point established as a headquarters for the particular construction operation and such vehicles, except as hereafter provided, must comply with the speed limitations of Title 39 of the Revised Statutes. Such vehicles when carrying a gross weight of vehicle and load less than 50% of the certificate of registration shall comply with applicable speed laws and shall not move along a highway at a speed greater than 40 miles per hour. When carrying a gross weight of vehicle and load in excess of 50% of the certificate of registration, such vehicles shall comply with applicable speed laws and shall not move along a highway at a speed greater than 30 miles per hour.

It shall be unlawful for any vehicle registered under this act having gross weight of load and vehicle in excess of the gross weight provided on the registration certificate to be operated on the highways of this State. The owner, lessee, and bailee of any commercial motor vehicle, tractor, trailer or semitrailer registered under this act and found on a highway with a gross weight of vehicle and load in excess of that provided for on the certificate of registration of the vehicle, shall be fined in an amount equal to $0.02 per pound for each pound of excess weight, if the excess weight does not exceed 10,000 pounds, and $0.03 per pound for each pound of excess weight if the excess weight exceeds 10,000 pounds, but in no event less than $50.00.

In the event that a tractor, trailer or semitrailer registered under this act is found on a highway in combination with a tractor, trailer or semitrailer duly registered in any other State or Federal district, the unit of the combination registered under this act shall have a gross weight registration equal at least to 1/2 of the combined gross weight of both vehicles and load. If it does not, the owner, lessee
and bailee shall be fined an amount equal to $0.02 for each pound by which \( \frac{1}{2} \) of said combined gross weight exceeds the gross weight registration of the unit registered under this act, if the excess is not greater than 10,000 pounds, and $0.03 for each pound of the excess if it is greater than 10,000 pounds, but in no event less than $50.00.

Nothing in this section shall be deemed to alter or affect the application of the 5% allowance as to statutory and registered weight limitations set forth in section 5 of chapter 142, laws of 1950. Said allowance shall be applicable as heretofore to all registered weight limitations provided in this section. In the case of a tractor, trailer or semitrailer registered under this act in combination with a tractor, trailer or semitrailer duly registered in any other State or Federal district, known as a mixed combination, the 5% allowance shall be applied by adding to the registered weight of the unit registered under this act 5% of said registered weight. If the resulting sum is equal at least to \( \frac{1}{2} \) of the combined gross weight of the mixed combination, then the mixed combination shall be in compliance with the registration requirements of this section.

Moneys realized from the increase of the fees for registrations issued pursuant to the provisions of this act shall be paid into the State treasury and credited to the General State Fund and available for general State purposes.

This section shall not be construed to supersede or repeal the provisions of either sections 39:3-84 or 39:4-75 of this Title.

2. This act shall take effect immediately.

Approved August 22, 1962.
CHAPTER 156

An Act concerning group life insurance, and amending section 17:34-31 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 17:34-31 of the Revised Statutes is amended to read as follows:

17:34-31. (A) No policy of group life insurance shall be delivered in this State unless it conforms to one of the following descriptions:

(1) A policy issued to an employer, or to the trustees of a fund established by an employer, which employer or trustees shall be deemed the policyholder, to insure employees of the employer for the benefit of persons other than the employer, subject to the following requirements:

(a) The employees eligible for insurance under the policy shall be all of the employees of the employer, or all of any class or classes thereof determined by conditions pertaining to their employment. The policy may provide that the term “employees” shall include the employees of one or more subsidiary corporations and the employees, individual proprietors and partners of one or more affiliated corporations, proprietors or partnerships if the business of the employer and such affiliated corporations, proprietors or partnerships is under common control through stock ownership, contract or otherwise. The policy may provide that the term “employees” shall include the individual proprietor or partners if the employer is an individual proprietor or a partnership. The policy may provide that the term “employees” shall include retired employees. No director of
a corporate employer shall be eligible for insurance under the policy unless such person is otherwise eligible as a bona fide employee of the corporation by performing services other than the usual duties of a director. No individual proprietor or partner shall be eligible for insurance under the policy unless he is actively engaged in and devotes a substantial part of his time to the conduct of the business of the proprietor or partnership. The policy may provide that the term "employees" shall include the trustees or their employees, or both, if their duties are principally connected with such trusteeship.

(b) The premium for the policy shall be paid by the policyholder, either wholly from the employer's funds or funds contributed by him, or partly from such funds and partly from funds contributed by the insured employees. No policy may be issued on which the entire premium is to be derived from funds contributed by the insured employees. A policy on which part of the premium is to be derived from funds contributed by the insured employees may be placed in force only if at least 75% of the then eligible employees, excluding any as to whom evidence of individual insurability is not satisfactory to the insurer, elect to make the required contributions. A policy on which no part of the premium is to be derived from funds contributed by the insured employees must insure all eligible employees.

(c) The policy must cover at least 10 employees at date of issue.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the employees or by the employer or trustees.

(2) A policy issued to a creditor, who shall be deemed the policyholder, to insure debtors of the creditor, subject to the following requirements:
(a) The debtors eligible for insurance under the policy shall be all of the debtors of the creditor whose indebtedness is repayable in installments, or all of any class or classes thereof determined by conditions pertaining to the indebtedness or to the purchase giving rise to the indebtedness. The policy may provide that the term "debtors" shall include the debtors of one or more subsidiary corporations, and the debtors of one or more affiliated corporations, proprietors or partnerships if the business of the policyholder and of such affiliated corporations, proprietors or partnerships is under common control through stock ownership, contract, or otherwise.

(b) The premium for the policy shall be paid by the policyholder, either from the creditor's funds, or from charges collected from the insured debtors, or from both. A policy on which part or all of the premium is to be derived from the collection from the insured debtors of identifiable charges not required of uninsured debtors shall not include, in the class or classes of debtors eligible for insurance, debtors under obligations outstanding at its date of issue without evidence of individual insurability unless at least 75% of the then eligible debtors elect to pay the required charges. A policy on which no part of the premium is to be derived from the collection of such identifiable charges must insure all eligible debtors, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(c) The policy may be issued only if the group of eligible debtors is then receiving new entrants at the rate of at least 100 persons yearly or may reasonably be expected to receive at least 100 new entrants during the first policy year, and only if the policy reserves to the insurer the right to require evidence of indi-
vidual insurability if less than 75% of the new entrants become insured.

(d) The amount of insurance on the life of any debtor shall at no time exceed the amount owed by him which is repayable in installments to the creditor, or $10,000.00, whichever is less.

(e) The insurance shall be payable to the policyholder. Such payment shall reduce or extinguish the unpaid indebtedness of the debtor to the extent of such payment.

(3) A policy issued to a labor union, which shall be deemed the policyholder, to insure members of such union for the benefit of persons other than the union or any of its officials, representatives or agents, subject to the following requirements:

(a) The members eligible for insurance under the policy shall be all of the members of the union, or all of any class or classes thereof determined by conditions pertaining to their employment, or to membership in the union, or both.

(b) The premium for the policy shall be paid by the policyholder, either wholly from the union's funds or partly from such funds and partly from funds contributed by the insured members specifically for their insurance. No policy may be issued on which the entire premium is to be derived from funds contributed by the insured members specifically for their insurance. A policy on which part of the premium is to be derived from funds contributed by the insured members specifically for their insurance may be placed in force only if at least 75% of the then eligible members, excluding any as to whom evidence of individual insurability is not satisfactory to the insurer, elect to make the required contributions. A policy on which no part of the premium is to be derived from funds contributed by the insured members specifically
for their insurance must insure all eligible members.

(c) The policy must cover at least 10 members at date of issue.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the members or by the union.

(4) A policy issued to the trustees of a fund established by 2 or more employers in the same industry or by one or more labor unions, or by one or more employers and one or more labor unions, which trustees shall be deemed the policyholder, to insure employees of the employers or members of the unions for the benefit of persons other than the employers or the unions, subject to the following requirements:

(a) The persons eligible for insurance shall be all of the employees of the employers or all of the members of the unions, or all of any class or classes thereof determined by conditions pertaining to their employment, or to membership in the unions, or to both. The policy may provide that the term "employees" shall include the individual proprietor or partners if an employer is an individual proprietor or a partnership. The policy may provide that the term "employees" shall include retired employees. No director of a corporate employer shall be eligible for insurance under the policy unless such person is otherwise eligible as a bona fide employee of the corporation by performing services other than the usual duties of a director. No individual proprietor or partner shall be eligible for insurance under the policy unless he is actively engaged in and devotes a substantial part of his time to the conduct of the business of the proprietor or partnership. The policy may provide that the term "employees" shall include the trustee or their employees, or both, if their duties are
principally connected with such trusteeship. If the fund is established by the members of an association of employers, the policy may provide that the term "employees" shall include the employees of the association.

(b) The premium for the policy shall be paid by the trustees wholly from fund contributed by the employer or employers of the insured persons, or by the union or unions, or by both. No policy may be issued on which any part of the premium is to be derived from funds contributed by the insured persons specifically for their insurance. The policy must insure all eligible persons, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(c) The policy must cover at least 100 persons and not less than an average of 5 persons per employer unit; and if the fund is established by the members of an association of employers the policy may be issued only if (i) either (a) the participating employers constitute at date of issue at least 60% of those employer-members whose employees are not already covered for group life insurance or (b) the total number of persons covered at date of issue exceeds 600; and (ii) the policy shall not require that, if a participating employer discontinues membership in the association, the insurance of his employees shall cease solely by reason of such discontinuance.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the insured persons or by the policyholder, employers, or unions.

(5) A policy issued to a duly incorporated State Policemen's Benevolent Association, which association shall be deemed the policyholder, to insure members of such association for the benefit of persons other than the association or any of its officials, subject to the following requirements:
(a) The persons eligible for insurance under the policy shall be all of the members of the association or all of any class or classes thereof determined by conditions pertaining to their employment, or to membership in the association, or both.

(b) The premium for the policy shall be paid by the policyholder wholly from the association's funds. No policy may be issued on which any part of the premium is to be derived from funds contributed by the insured members specifically for their insurance. The policy must insure all eligible members, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(c) The policy must cover at least 10 members at date of issue.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the members of the association. In no event may the amount of insurance under the policy on a member exceed $5,000.00.

(B) No policy of group life insurance may be issued to an employer, or to a labor union, or to the trustee of a fund established in whole or in part by an employer or a labor union, which provides term insurance on any person which together with any other term insurance under any group life insurance policy or policies issued to the employer or employers of such person or to a labor union or labor unions of which such person is a member or to the trustees of a fund or funds established in whole or in part by such employer or employers or such labor union or labor unions, exceeds $20,000.00, unless 150% of the annual compensation of such person from his employer or employers exceeds $20,000.00, in which event all such term insurance shall not exceed $40,000.00 or 150% of such annual compensation, whichever is the lesser.

5. Commissions public corporations. The North Jersey district water supply commission shall continue to be, and the South Jersey district water supply commission when appointed shall be, a public body politic and corporate established as an instrumentality exercising public and essential governmental functions and to provide for the public health and welfare.

7. Contracts with municipalities relating to water transmission facilities. Subject to the provisions of the water supply law, but notwithstanding the provisions of any other law, a commission and any municipality or municipalities may enter into a contract or contracts providing for or relating to: the treatment, filtration, transmission or distribution of any supply of water made available by the State including the formulation of plans for a project, the necessary engineering, financial and other studies and investigations of the feasibility of such project and the method of payment of the costs of such studies and investigations; the acquisition and construction of a project and the financing of the costs thereof and of any additions, extensions and improvements thereof and the terms and conditions upon which such acquisition, construction and financing shall be undertaken; and the operation and maintenance of a project, the treatment, filtration, or transmission of water, and the apportionment and distribution of water among and to the municipalities participating in a project, and the payments to be made to the commission by the municipalities to meet the costs of purchase of water, operating and maintenance expenses and debt service including any payments into reserve or other funds for the security of bondholders and to meet or discharge other obligations to bondholders. Any such contract may provide for the
payment to the commission by a municipality annually or at more frequent intervals of such sum or sums of money, computed at fixed amounts or by formula based on any pertinent factors or other matters or in any other manner as said contract may provide. Any such contract may be authorized on behalf of the municipality by ordinance and may be made with or without consideration and for a specified or an unlimited time and on any terms and conditions which may be approved by such municipality and which may be agreed to by the commission in conformity with its contracts with the holders of any bonds, and shall be valid whether or not an appropriation with respect thereto is made by such municipality prior to authorization or execution thereof. Such municipality is hereby authorized and directed to do and perform any and all acts or things necessary, convenient or desirable to carry out and perform every such contract and to provide for the payment or discharge of any obligation thereunder in the same manner as other obligations of such municipality. Subject to any such contracts with the holders of bonds, the commission is hereby authorized to do and perform any and all acts or things necessary, convenient or desirable to carry out and perform every such contract.

8. Appropriation of funds by municipality. Any municipality shall have power, in the discretion of its governing body, to appropriate moneys for the purposes of the commission, and to pay, lend or donate such moneys to the commission in such installments and upon such terms as may be agreed upon between such municipality and the commission.

No trustee or receiver appointed under this act, and no holder of any bond or coupon or other obligation issued pursuant to this act, no contracting municipality or person having any right or interest in any project acquired or constructed under this act and no creditor or other claimant

whose claim arises out of or in connection with the acquisition, construction, operation or ownership of any project by a commission under or pursuant to this act, shall acquire or have any rights whatsoever against any part of any water supply or water supply system acquired or operated by a commission for and on behalf of one or more participants pursuant to the provisions of the original act or any agreements thereunder. No moneys or other property received by a commission for payment of the costs of acquiring, constructing, maintaining or operating a particular water supply system shall be used for or in connection with any other water supply system or project.

10. Notwithstanding any other provision of this act, a commission may apportion to and among participants and contracting municipalities as part of the operating expenses of a project or water supply system in which they have an interest a portion of its general expenses not wholly or directly attributable to the operation or maintenance of any particular project or water supply system. Such allocation shall be fair and equitable taking into account the amounts of direct cost of operating and maintaining, or the volume of water supplied or allocated by or to, particular projects and water supply systems and such other factors as may reasonably be considered for the purpose of such apportionment. Except as provided in this section, a commission shall not use any moneys received by it for use in connection with a particular water supply system or project to pay any costs or expenses incurred by it in connection with any other water supply system or project.

11. Sale of unused water by a commission. (a) A commission shall have power to sell any unused water to any municipality or person for the account of any contracting municipality or municipalities having the right to use such water (herein called “interested municipality”). Any such sale shall be subject however to the prior right of the interested municipality to use such water;
(b) Any such sale shall be made by an agreement in writing on such terms and for such periods as the commission shall determine, but not at a price lower than the cost of the water to the interested municipality unless such municipality shall consent thereto;

(c) No sale of unused water shall be made to any consumer without the consent of the municipality in which such water will be used, but such consent shall not unreasonably be withheld;

(d) No person and no municipality which is not a contracting municipality in a project shall have any right to require a commission to sell nor have any right to purchase any unused water available as a result of such project unless and until a party to a sale agreement and then only to the extent and upon the terms set forth therein.

12. Control of project after payment of bonds. After all bonds issued by a commission to finance the acquisition of a project, and all obligations to the holders of any such bonds, have been fully met and discharged, the commission shall retain and have sole control and charge of such project, in trust however, for the contracting municipalities in the same manner and to the same extent as if the project were a water supply or water supply system acquired and constructed under the original act.

13. Bond resolution. For the purpose of raising funds to pay the cost of any part of any project or for the purpose of funding or refunding any bonds, including refunding by exchange of bonds for outstanding bonds, a commission shall have power to authorize or provide for the issuance of bonds pursuant to this act. Such commission shall adopt a resolution (in this act sometimes referred to as "bond resolution") which shall

(1) describe in brief and general terms sufficient for reasonable identification the project or part thereof to be constructed or acquired, or describe the bonds which are to be funded or refunded (if any);
(2) state the cost or estimated cost of the project (if any); and
(3) provide for the issuance of bonds in accordance with the provisions of this act.

14. Issuance of bonds. Upon adoption of a bond resolution, a commission shall have power to incur indebtedness, borrow money and issue its bonds (including bonds to be exchanged for outstanding bonds) for the purpose of financing the project or of funding or refunding the bonds described therein. Such bonds shall be authorized by the bond resolution and may be issued in one or more series and shall bear such date or dates, mature at such time or times not exceeding 50 years from the date thereof, bear interest at such rate or rates not exceeding 6% per annum, be in such denomination or denominations, be in such form, either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable from such sources in such medium of payment at such place or places within or without the State, and be subject to such terms of redemption (with or without premium) as the bond resolution may provide.

15. Sale of bonds. Bonds of a commission may be sold by the commission at public or private sale at such price or prices as the commission shall determine; provided, however, that the interest cost to maturity of the money received for any issue of bonds (computed according to standard tables of bond values) shall not exceed 6% per annum.

16. Publication of bond resolution; limitation on actions. A commission may cause a copy of any bond resolution adopted by it to be filed for public inspection in its office and in the office of the clerk of the governing body of the contracting municipality or municipalities and may thereupon cause to be published once in a newspaper or newspapers circulating in the contracting municipality or municipalities, a notice stating the fact and date of such adoption and the places where such bond resolution has been so filed for public inspection.
and also the date of the first publication of such notice and also that any action or proceeding of any kind or nature in any court questioning the validity of its creation and establishment of the commission or the validity or proper authorization of bonds provided for by the bond resolution, or the validity of any covenants, agreements or contract provided for by the bond resolution shall be commenced within 20 days after the publication of such notice. If any such notice shall at any time be published and if no action or proceeding questioning the validity of the creation and establishment of the commission, or the validity or proper authorization of bonds provided for by the bond resolution referred to in said notice, or the validity of any covenants, agreements or contract provided for by said bond resolution shall be commenced or instituted within 20 days after the first publication of said notice, then all residents and taxpayers and owners of property in any contracting municipality and all other persons whatsoever shall be forever barred and foreclosed from instituting or commencing any action or proceeding in any court, or from pleading any defense to any action or proceedings, questioning the validity of the creation and establishment of the commission, or the validity of proper authorization of such bonds, or the validity of any such covenants, agreements or contracts, and said commission shall be conclusively deemed to have been validly created and established and to be authorized to transact business and exercise powers as a commission under this act, and said bonds, covenants, agreements and contracts shall be conclusively deemed to be valid and binding obligations in accordance with their terms and tenor.

17. Negotiability of bonds. Any provision of any law to the contrary notwithstanding, any bond or other obligation issued pursuant to this act shall be fully negotiable within the meaning and for all purposes of the negotiable instruments law of the State, and each holder or owner of such a bond or obligation, or of any coupon appurtenant thereto, by
accepting such bond or coupon shall be conclusively deemed to have agreed that such bond, obligation or coupon is and shall be fully negotiable within the meaning and for all purposes of said negotiable instruments law.

18. Agreements with holders of bonds. Any bond resolution of a commission providing for or authorizing the issuance of any bonds may contain provisions, and such commission, in order to secure the payment of such bonds and in addition to its other powers, shall have power by provision in such bond resolution to covenant and agree with the several holders of such bonds, as to:

(1) the custody, security, use, expenditure or application of the proceeds of the bonds;

(2) the construction and completion, or replacement, of all or any part of a project;

(3) the use, regulation, operation, maintenance, insurance or disposition of all or any part of a project or restrictions on the exercise of the powers of the commission to dispose, or to limit or regulate the use, of all or any part of a project;

(4) payment of the principal of or interest on the bonds, or any other obligations, and the sources and methods thereof, the rank or priority of any such bonds or obligations as to any lien or security, or the acceleration of the maturity of any such bonds or obligations;

(5) the use and disposition of any moneys of the commission, including revenues (in this act sometimes called "project revenues") derived or to be derived from the operation of all or any part of a project, including any parts thereof theretofore constructed or acquired and any parts, extensions, replacements or improvements thereof thereafter constructed or acquired;

(6) pledging, setting aside, depositing or trusteeing all or any part of the facility revenues or other moneys of the commission to secure the payment of the principal of or interest on the bonds or any other obligations or the payment of expenses of operation or maintenance of a project, and the powers and duties of any trustee with regard thereto;
(7) the setting aside out of project revenues or other moneys of the commission of reserves and sinking funds, and the source, custody, security, regulation, application and disposition thereof;

(8) determination or definition of project revenues or of the expenses of operation and maintenance of a project;

(9) the rents, rates, fees, or other charges for connection with or the use or services of a project, including any parts thereof theretofore constructed or acquired and any parts, extensions, replacements or improvements thereof thereafter constructed or acquired, and the fixing, establishment, collection and enforcement of the same, the amount or amounts of project revenues to be produced thereby, and the disposition and application of the amounts charged or collected;

(10) the assumption or payment or discharge of any indebtedness, liens or other claims relating to any part of a project or any obligations having or which may have a lien on any part of the project revenues;

(11) limitations on the issuance of additional bonds or any other obligations or on the incurrence of indebtedness of the commission;

(12) limitations on the powers of the commission to construct, acquire or operate, or permit the construction, acquisition or operation of, any plants, structures, facilities or properties which may compete or tend to compete with a project;

(13) vesting in a trustee or trustees within or without the State such property, rights, powers and duties in trust as the commission may determine which may include any or all of the rights, powers and duties of the trustee appointed by the holders of bonds pursuant to section 19 of this act, and limiting or abrogating the right of such holders to appoint a trustee pursuant to section 19 of this act or limiting the rights, duties and powers of such trustee;

(14) payment of costs or expenses incident to the enforcement of the bonds or of the provisions of the
bond resolution or of any covenant or contract with the holders of the bonds;

(15) the procedure, if any, by which the terms of any covenant or contract with, or duty to, the holders of bonds may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given or evidenced; or

(16) any other matter or course of conduct which, by recital in the bond resolution, is declared to further secure the payment of the principal of or interest on the bonds.

All such provisions of the bond resolution and all such covenants and agreements shall constitute valid and legally binding contracts between the commission and the several holders of the bonds, regardless of the time of issuance of such bonds, and shall be enforceable by any such holder or holders by appropriate action, suit or proceeding in any court of competent jurisdiction, or by proceeding in lieu of prerogative writ.

19. Trustees for bondholders. (1) If the bond resolution of a commission authorizing or providing for the issuance of a series of its bonds shall provide in substance that the holders of the bonds of such series shall be entitled to the benefits of this section, then in the event that there shall be a default in the payment of principal of or interest on any bonds of such series after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of 30 days, or in the event that the commission shall fail or refuse to comply with the provisions of this act shall fail or refuse to carry out and perform the terms of any contract with the holders of any such bonds, and such failure or refusal shall continue for a period of 30 days after written notice to the commission of its existence and nature, the holders of 25% in aggregate principal amount of the bonds of such series then outstanding by instrument or instruments filed in the office of the Secretary of State and proved or acknowledged in the same manner as a
deed to be recorded, may appoint a trustee to represent the holders of the bonds of such series for the purposes provided in this section.

(2) Such trustee may and upon written request of the holders of 25% in aggregate principal amount of the bonds of such series then outstanding shall, in his or its own name:

(a) By any action, writ, proceeding in lieu of prerogative writ, or other proceeding, enforce all rights of the holders of such bonds, including the right to require the commission to charge and collect service charges adequate to carry out any contract as to, or pledge of, project revenues, and to require the commission to carry out and perform the terms of any contract with the holders of such bonds or its duties under this act;

(b) Bring an action upon all or any part of such bonds or interest coupons or claims appurtenant thereto;

(c) By action, require the commission to account as if it were the trustee of an express trust for the holders of such bonds;

(d) By action, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; or

(e) Declare all such bonds due and payable, whether or not in advance of maturity, upon 30 days' prior notice in writing to the commission and, if all defaults shall be made good, then with the consent of the holders of 25% of the principal amount of such bonds then outstanding, annul such declaration and its consequences.

(3) Such trustee shall, in addition to the foregoing, have and possess all of the powers necessary or appropriate for the exercise of the functions specifically set forth herein or incident to the general representation of the holders of bonds of such series in the enforcement and protection of their rights.

(4) In any action or proceeding by such trustee, the fees, counsel fees and expenses of the trustee
and of the receiver, if any, appointed pursuant to this act, shall constitute taxable costs and disbursements, and all costs and disbursements, allowed by the court, shall be a first charge upon any service charges and project revenues of the commission pledged for the payment or security of bonds of such series.

20. Receivers; powers. If the bond resolution of a commission authorizing or providing for the issuance of a series of its bonds shall provide in substance that the holders of the bonds of such series shall be entitled to the benefits of section 19 of this act and shall further provide in substance that any trustee appointed pursuant to said section or having the powers of such a trustee shall have the powers provided by this section, then such trustee, whether or not all of the bonds of such series shall have been declared due and payable, shall be entitled as of right to the appointment of a receiver of the project, the revenues of which are pledged for the payment or security of bonds of such series. Such receiver may enter upon and take possession of said project and, subject to any pledge or contract with the holders of such bonds, shall take possession of all moneys and other property derived from or applicable to the acquisition, construction, operation, maintenance or reconstruction of said project and proceed with such acquisition, construction, operation, maintenance or reconstruction which the commission is under any obligation to do, and operate, maintain and reconstruct the said project and fix, charge, collect, enforce and receive all revenues from said project thereafter arising subject to any pledge thereof or contract with the holders of such bonds relating thereto and perform the public duties and carry out the contracts and obligations of the commission in the same manner as the commission itself might do and under the direction of the court.

21. Liability on bonds. Neither the members of the commission nor any person executing bonds issued pursuant to this act shall be liable personally
on the bonds by reason of the issuance thereof. Bonds or other obligations issued pursuant to this act shall not be in any way a debt or liability of the State, or of any municipality or municipalities and shall not create or constitute any indebtedness, liability or obligation of the State or of any such municipality, either legal, moral or otherwise, and nothing in this act contained shall be construed to authorize any commission to incur any indebtedness on behalf of or in any way to obligate the State or any municipality.

22. Real property; acquisition. (1) In addition to the powers granted to it by the provisions of the original act, to acquire or use for its purposes land and other property, each commission is hereby empowered, in its own name but for the contracting municipality or municipalities, to acquire by purchase, gift, grant or devise and to take for public use real property, within the district, in fee simple absolute, or any interest therein which may be deemed by the commission necessary for its purposes. Each commission is hereby empowered to acquire and take such property including public property or interests therein, by condemnation, in the manner provided by chapter 1 of Title 20, Eminent Domain, of the Revised Statutes (R. S. 20:1-1 et seq.) and, to that end, may invoke and exercise in the manner or mode of procedure prescribed in said chapter in its own name all of the powers of a municipality to acquire or take property for public use.

(2) Upon the filing by a commission of a complaint in any action to fix the compensation to be paid for any property, or at any time thereafter, the commission may file with the clerk of the county in which such property is located and also with the Clerk of the Superior Court a declaration of taking, signed by the commission, declaring that possession of one or more of the tracts or parcels of land or property described in the complaint is thereby being taken by and for the use of the commission. The said declaration of taking shall be sufficient if it sets
forth (a) a description of each tract or parcel of land or property to be so taken sufficient for the identification thereof to which there may or may not be attached a plan or map thereof, (b) a statement of the estate or interest in the said land or property being taken, (c) a statement of the sum of money estimated by the commission by resolution to be just compensation for the taking of the estate or interest in each tract or parcel of land or property described in said declaration, and (d) an allegation that, in compliance with the provisions of this act, the commission has established and is maintaining a trust fund as hereinafter provided.

(3) Upon the filing by a commission of a declaration of taking of property as provided in this act, the commission shall deposit with the Clerk of the Superior Court the amount of the estimated compensation stated in said declaration. In addition to the said deposits with the Clerk of the Superior Court, the commission at all times shall maintain a fund on deposit with a bank or trust company doing business in the State in an amount at least equal to 25% of the aggregate amount deposited with the Clerk of the Superior Court as estimated compensation for all property described in declarations of taking with respect to which the compensation has not been finally determined and paid to the persons entitled thereto or into court. Said fund shall consist of cash or securities readily convertible into cash constituting legal investments for trust funds under the laws of the State or may consist of all or some part of the proceeds of bonds of the commission held by any trustee for the holders of such bonds and available for payment for the land or other property described in such declarations of taking. Said fund shall be held by or on behalf of the commission to secure and may be applied to the payment of just compensation for the land or other property described in such declarations of taking. The commission shall be entitled to withdraw from said fund from time to time so much as may then be in excess of the aggregate amount deposited with
the Clerk of the Superior Court as estimated compensation for all land or other property described in declarations of taking with respect to which the compensation has not been finally determined and paid to the persons entitled thereto or into court.

(4) Upon the filing by a commission of a declaration of taking of property as provided in this act and the depositing with the Clerk of the Superior Court of the amount of the estimated compensation stated in said declaration, the commission, without other process or proceedings, shall be entitled to the exclusive possession and use of each tract of land or property described in said declaration and may forthwith enter into and take possession of said land or property, it being the intent of this provision that the action to fix compensation to be paid or any other proceedings relating to the taking of said land or interest therein or other property shall not delay the taking of possession thereof and the use thereof by the commission for the purpose or purposes for which the commission is authorized by law to acquire or condemn such land or other property or interest therein.

(5) Each commission shall cause notice of the filing of a declaration of taking of property as provided in this act and of the making of the deposit required by this act with respect thereto to be served upon each party to the action to fix the compensation to be paid who resides in the State, either personally or by leaving a copy thereof at his residence if known, and upon each such party who resides out of the State, by mailing a copy thereof to him at his residence if known. In the event that the residence of any such party or the name of such party is unknown, such notice shall be published at least once in a newspaper published or circulating in the county or counties in which the property is located. Such service, mailing or publication shall be made within 30 days after filing such declaration.

(6) A commission shall not abandon any condemnation proceeding subsequent to the date upon
which it has taken possession of the land or property as provided in this act.

23. Limitations on mortgage and sale of facilities. Neither a commission nor any contracting municipality shall have power to mortgage, pledge, encumber or otherwise dispose of any part of a water transmission facility, except that a commission may dispose of such part or parts thereof as may be no longer necessary for the purposes of the commission. The provisions of this section shall be deemed to constitute a part of the contract with the holder of any bonds. All property of the commission shall be exempt from levy and sale by virtue of an execution and no execution or other judicial process shall issue against the same nor shall any judgment against the commission be a charge or lien upon its property; provided, however, that nothing herein contained shall apply to or limit the rights of the holder of any bonds to pursue any remedy for the enforcement of any pledge or lien given by the commission on its facility revenues or other moneys.

24. Investment in bonds of a commission. Notwithstanding any restriction contained in any other law, the State and all public officers, municipalities, counties, political subdivisions and public bodies, and agencies thereof, all banks, bankers, trust companies, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, and other persons carrying on a banking business, all insurance companies, insurance associations and other persons carrying on an insurance business, and all executors, administrators, guardians, trustees and other fiduciaries, may legally invest any sinking funds, moneys or other funds belonging to them or within their control in any bonds of a commission and such bonds shall be authorized security for any and all public deposits.

25. Tax exemption of interest and revenues. All bonds of a commission are hereby declared to be issued by a political subdivision of this State and
for an essential public and governmental purpose and to be bonds of a public instrumentality exercising public and essential governmental functions and such bonds, and the interest thereon and the income therefrom, and all funds, income, facility revenues and other moneys pledged or available to pay or secure the payment of such bonds, or interest thereon, shall at all times be exempt from taxation except for estate and transfer inheritance taxes and taxes on transfers by or in contemplation of death.

26. Pledge of State to bondholders. The State of New Jersey does hereby pledge to and covenant and agree with the holders of any bonds of a commission that the State will not limit or alter the rights hereby vested in the commission to acquire, construct, maintain, reconstruct and operate the project and to fulfill the terms of any agreement made with the holders of such bonds or other obligations, and will not in any way impair the rights or remedies of such holders, and will not modify in any way the exemptions from taxation provided for in this act, until the bonds, together with interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged.

27. Construction. This act shall be construed liberally to effectuate the legislative intent and purpose and as complete and independent authority for the performance of every act and thing herein authorized. The powers granted to and duties imposed upon a commission by this act are granted or imposed in addition to and not in substitution for existing powers or duties of a commission and of any municipality, and are not subject to any limitation or restriction prescribed in the original act or by any other law excepting only the water supply law. If there shall be any conflict between the terms or provisions of this act and the terms and provisions of the original act, the terms and provisions of this act shall govern.
28. Severability clause. If any section, subsection, clause or provision of this act shall be adjudged unconstitutional or be ineffective in whole or in part, to the extent that it is not adjudged unconstitutional or is not ineffective it shall be valid and effective and no other section, subsection, clause or provision of this act shall on account thereof be deemed invalid or ineffective, and the inapplicability or invalidity of any section, subsection, clause or provision of this act in any one or more instances or under any one or more circumstances shall not be taken to affect or prejudice in any way its applicability or validity in any other instance or under any other circumstance.

The county's application shall be upon forms prepared and provided by the State board and shall contain such information as the State board shall require to carry out the provisions of this act. For the purposes of this act, a "qualified junior college" or "qualified county-assigned junior college" shall mean a junior college, other than a junior college established pursuant to the provisions of c. 41, P. L. 1962, which is certified annually, on or before January 31, by the Commissioner of Education to the State Treasurer to be operated in accordance with the applicable rules and regulations relating to the operation of county junior colleges which have been adopted by the State board pursuant to the provisions of chapter 41, P. Funds paid to a board of chosen freeholders pursuant to the provisions of this act shall be used by said board only for the purpose of paying the operational costs of the junior college and shall be paid to the junior college in the manner prescribed by the State board. Such funds that are unexpended at the end of a fiscal period shall be returned by the county board to the General Treasury of the State unless the State board and the Director of the Division of Budget and Accounting of the Department of the Treasury shall otherwise direct.

3. The State Board of Education may adopt such rules and regulations as shall be necessary to implement the provisions of this act.

4. This act shall take effect July 1, 1963.

Nothing contained in this act shall be deemed to prevent the incumbent of any office from abstaining from voting in any matter in which he believes he has a conflict of duty or of interest, nor to prevent a challenge of a right to vote on that account under the principles of the common law or any statute.

4. (a) Nothing herein contained shall be deemed to repeal or supersede any statute prohibiting the dual holding of offices or positions.

(2) The resale prices so established within such range and producer prices established under this act are at a level which the director, in his opinion, determines will maintain fair price competition, help insure an ample supply of fresh, wholesome milk and promote orderly marketing conditions.

The director in establishing or adjusting any resale price pursuant to the provisions of this subsection shall take into consideration any changes in the prices which are to be paid producers under the provisions of this act or any Federal marketing order.

3. Whenever the director shall proceed pursuant to the provisions of section 2 of this act, he shall, within the period of time designated, undertake such studies, examinations and investigations as necessary to determine what actions should be taken by the Office of Milk Industry under any of

1. Section 6 of the act of which this act is
amendatory is amended to read as follows:

   6. Powers. A commission shall have the power
   in its own name and on its own behalf, to acquire,
   hold, use and dispose of its revenues and other
   moneys and to provide for and secure the payment
   of any bonds or notes and the rights of the holders
   thereof and to carry out the purposes of this act,
   shall have the power in addition to all other powers
   granted to it by law:

   (a) to own, maintain, repair, reconstruct, oper­
   ate and use water transmission facilities and, to
   that end, to acquire, by purchase, gift, condemna­
   tion or otherwise, and, to construct, maintain, re­
   pair, reconstruct, operate and use all plants, struc­
   tures, equipment and other real and personal
property, deemed necessary for, or incident to, any such facilities; and for said purposes may enter into any contracts or agreements, execute all instruments, and do all things necessary or convenient to carry out any power given in this act; provided, however, that a commission shall not have the power to condemn any waterworks, reservoir, transmission facility, water supply system, pipeline or any appurtenances thereto owned by a municipality or by a municipal or intermunicipal authority or commission;

(b) to enter into contracts pursuant to and in accordance with the provisions of the water supply law with the State to be executed on behalf of the State by the Commissioner of Conservation and Economic Development for the purchase of water from the State and determining the terms and conditions of such purchase; and

c) to enter into contracts with any municipality or person for the sale or exchange of water and determining the terms and conditions of such sale or exchange.

2. Section 10 of the act of which this act is amendatory is amended to read as follows:

10. Annual budgets and apportionment of expenses. (a) A commission shall cause to be prepared, not later than December 31 of each year, a separate annual budget for the operating expenses of each water supply system and water transmission facility which it may operate pursuant to the original act or to the provisions of this act. The commission shall thereupon fix a time and place for a hearing on each of the said budgets. Notice of each hearing, together with a copy of each of the said budgets, shall be sent to the participants and contracting municipalities of all water supply systems and water transmission facilities administered by or under the control of such commission at least 10 days before the date fixed for the hearing by mailing a copy of the same to the officer of the board or body having charge of the water supply of said municipality. The commission shall
approve the budget not later than 15 days after the beginning of the municipal budget year. Copies thereof shall be filed with the respective municipal officials within 5 days after approval.

(b) 1. The operating expenses of a water supply system operated by a commission pursuant to the original act shall be estimated in advance each year and be apportioned among participants in proportion to the amounts of water contracted to be used by each. Payment shall be made to the commission in advance upon request.

2. At the end of each year the commission shall apportion the actual cost of the operation of such system which it operates pursuant to the original act among participants upon the basis of the actual water consumed by each municipality, but such amount shall be in no event less than the quantity contracted for. In apportioning such cost, no municipality shall be charged with any item of interest or rental upon, or the cost of operation of, any part of a water supply system which is not used in supplying water to the municipality. Each participant and contracting municipality shall be charged with the amount so apportioned and credited with any amount previously paid on account of the estimated operating expenses for such year.

(c) Notwithstanding any other provision of this act, a commission may apportion to and among participants and contracting municipalities as part of the operating expenses of a project or water supply system in which they have an interest a portion of the commission’s general expenses not wholly or directly attributable to the operation or maintenance of any particular project or water supply system. Such allocation shall be fair and equitable taking into account the amounts of direct cost of operating and maintaining, or the volume of water supplied or allocated by or to, particular projects and water supply systems and such other factors as may reasonably be considered for the purpose of such apportionment. Except as provided in this
section, a commission shall not use any moneys received by it for use in connection with a particular water supply system or project to pay any costs or expenses incurred by it in connection with any other water supply system or project.

3. Section 13 of the act of which this act is amendatory is amended to read as follows:

13. Bond resolution. For the purpose of raising funds to pay the cost of any part of any project or for the purpose of funding or refunding any bonds, including refunding by exchange of bonds for outstanding bonds, a commission shall have power to authorize or provide for the issuance of bonds pursuant to this act. Such commission shall adopt a resolution (in this act sometimes referred to as "bond resolution") which shall

(1) describe in brief and general terms sufficient for reasonable identification the project or part thereof to be constructed or acquired, or describe the bonds which are to be funded or refunded (if any);

(2) state the cost or estimated cost of the project (if any); and

(3) provide for the issuance of bonds in accordance with the provisions of this act.

No general bond resolution establishing an issuance of bonds of the commission shall become effective unless at least 10 days prior to its adoption the commission shall have given notice thereof to all participants and contracting municipalities having an interest in any water supply system or water transmission facility under the administration or control of the commission. Such notice shall specify the time and place at which such resolution will be considered by the commission for adoption and shall be served, together with a copy of the proposed resolution, either personally or by certified or registered mail upon the clerk of each such participant or contracting municipality.

4. Section 22 of the act of which this act is amendatory is amended to read as follows:
22. Real property; acquisition. (1) In addition to the powers granted to it by the provisions of the original act, to acquire or use for its purposes land and other property, each commission is hereby empowered, in its own name but for the contracting municipality or municipalities, to acquire by purchase, gift, grant or devise and to take for public use real property, within the district, in fee simple absolute, or any interest therein which may be deemed by the commission necessary for its purposes. Each commission is hereby empowered, subject to the limitations specified in subsection (a) of section 6 of this act, to acquire and take such property including public property or interest therein, by condemnation, in the manner provided by chapter 1 of Title 20, Eminent Domain, of the Revised Statutes (R. S. 20:1-1 et seq.) and, to that end, may invoke and exercise in the manner or mode of procedure prescribed in said chapter in its own name all of the powers of a municipality to acquire or take property for public use.

(2) Upon the filing by a commission of a complaint in any action to fix the compensation to be paid for any property, or at any time thereafter, the commission may file with the clerk of the county in which such property is located and also with the Clerk of the Superior Court a declaration of taking, signed by the commission, declaring that possession of one or more of the tracts or parcels of land or property described in the complaint is thereby being taken by and for the use of the commission. The said declaration of taking shall be sufficient if it sets forth (a) a description of each tract or parcel of land or property to be so taken sufficient for the identification thereof to which there may or may not be attached a plan or map thereof, (b) a statement of the estate or interest in the said land or property being taken, (c) a statement of the sum of money estimated by the commission by resolution to be just compensation for the taking of the estate or interest in each tract or parcel of land or property described in said decla-
ration, and (d) an allegation that, in compliance with the provisions of this act, the commission has established and is maintaining a trust fund as hereinafter provided.

(3) Upon the filing by a commission of a declaration of taking of property as provided in this act, the commission shall deposit with the Clerk of the Superior Court the amount of the estimated compensation stated in said declaration. In addition to the said deposits with the Clerk of the Superior Court, the commission at all times shall maintain a fund on deposit with a bank or trust company doing business in the State in an amount at least equal to 25% of the aggregate amount deposited with the Clerk of the Superior Court as estimated compensation for all property described in declarations of taking with respect to which the compensation has not been finally determined and paid to the persons entitled thereto or into court. Said fund shall consist of cash or securities readily convertible into cash constituting legal investments for trust funds under the laws of the State or may consist of all or some part of the proceeds of bonds of the commission held by any trustee for the holders of such bonds and available for payment for the land or other property described in such declarations of taking. Said fund shall be held by or on behalf of the commission to secure and may be applied to the payment of just compensation for the land or other property described in such declarations of taking. The commission shall be entitled to withdraw from said fund from time to time so much as may then be in excess of the aggregate amount deposited with the Clerk of the Superior Court as estimated compensation for all land or other property described in declarations of taking with respect to which the compensation has not been finally determined and paid to the persons entitled thereto or into court.

(4) Upon the filing by a commission of a declaration of taking of property as provided in this act and the depositing with the Clerk of the Superior

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 39:10-8 of the Revised Statutes is amended to read as follows:

   39:10-8. When a new motor vehicle is delivered in this State by the manufacturer to his agent or a dealer, or a person purchasing directly from the manufacturer, the manufacturer shall execute and deliver to his agent or a dealer, or a person purchasing directly from the manufacturer, a certificate of origin in the form prescribed by the director of motor vehicles, and no person shall bring into this State any new motor vehicle unless he has in his possession the certificate of origin as prescribed by the director. The certificate of origin shall contain the manufacturer’s vehicle identification number and the motor number when used of the motor vehicle sold, name of the manufacturer, the manufacturer’s shipping weight, a general description of the body, if any, the type and model.

   When a new motor vehicle is sold in this State, the manufacturer, his agent or a dealer shall execute and deliver to the purchaser an assignment of the certificate of origin, with the genuine names and business or residence addresses of both stated thereon, and certified to have been executed with full knowledge of the contents and with the consent of both purchaser and seller. If, in connection with such sale, a security interest is taken or retained by the seller to secure all or a part of the purchase price of the motor vehicle, or is taken by a person who by making an advance or incurring an obliga-
tion gives value to enable the purchaser to acquire rights in the motor vehicle, the name and the business or residence address of the secured party or his assignee shall be noted on the manufacturer’s certificate of origin. Nothing in this section shall apply to security interests in motor vehicles which constitute inventory held for sale, but such interests shall be subject to chapter 9 of Title 12A of the New Jersey Statutes.

2. Section 39:10–9 of the Revised Statutes is amended to read as follows:

39:10–9. When a used motor vehicle is sold in this State, the seller shall, except as provided in section 39:10–15 of this Title, execute and deliver to the purchaser, an assignment of the certificate of ownership or an assignment of the bill of sale issued prior to October 1, 1946. If a security interest exists at the time of such sale or if, in connection with such sale, a security interest is taken or retained by the seller to secure all or a part of the purchase price of the motor vehicle, or is taken by a person who by making an advance or incurring an obligation gives value to enable the purchaser to acquire rights in the motor vehicle, the name and the business or residence address of the secured party or his assignee shall be noted on the certificate of ownership. Nothing in this section shall apply to security interests in motor vehicles which constitute inventory held for sale, but such interests shall be subject to chapter 9 of Title 12A of the New Jersey Statutes.

3. Section 39:10–11 of the Revised Statutes is amended to read as follows:

39:10–11. A. The purchaser of a motor vehicle in this State shall, within 10 days after its purchase, submit to the director evidence of the purchase. Upon the presentation to the director of the certificate of origin, or certificate of ownership, or bill of sale issued prior to October 1, 1946, with proper assignment and certification of the seller, a record of the transaction shall be made and filed. A certificate of ownership shall be issued by the
director and delivered to the buyer, in case of a sale not subject to a security interest, and the director shall collect a fee of $1.50 for the issuance and filing thereof.

B. In the case of a sale subject to a security interest, a certificate of ownership, with the name and address of the holder of the encumbrance or secured party or his assignee recorded thereon, shall be delivered to the holder of the encumbrance or secured party or his assignee, and a copy thereof shall be delivered to the buyer. The director shall collect a fee of $2.00 for his services in issuing a certificate and copy thereof, and for making a record of and filing the record of the transaction pursuant to this subsection.

C. Except as hereinafter in this section otherwise expressly provided, whenever a security interest is created in a motor vehicle, other than a security interest which is required to be noted on the certificate of origin or the certificate of ownership as provided in sections 39:10-8 and 39:10-9 of this Title, there shall be filed with the director, the certificate of ownership of the motor vehicle, together with a financing statement on a form prescribed by the director. The director shall make and file a record of the transaction and shall issue a certificate of ownership recording the name and address of the secured party or his assignee thereon, and shall deliver it to the secured party or his assignee. A copy of the certificate of ownership so issued shall be delivered to the buyer. The director shall collect a fee of $2.00 for his services in issuing a certificate and copy thereof and for making a record of and filing the record of the transaction pursuant to this subsection.

D. The financing statement required to be filed pursuant to subsection C hereof shall be signed only by the buyer, shall not be required to be acknowledged or proved, and shall show, in addition to such matters as the director may require for the proper identification of the motor vehicle affected, the date of the security agreement, and the names
and addresses of the parties thereto. Nothing in this section 39:10–11 contained shall be construed as requiring that the security agreement or a copy thereof, or any proof of execution thereof other than that contained in the financing statement, shall be presented to the director. When the buyer is a corporation, it shall be sufficient if the financing statement is signed by any officer thereof, or by any agent designated by the corporation for that purpose, and it shall not be necessary that the financing statement recite the authorization of the agent. When there is more than one buyer, it shall be sufficient if the financing statement is signed by any one of them.

E. Nothing in subsections C and D of this section shall apply to security interests in motor vehicles which constitute inventory held for sale, but such interests shall be subject to chapter 9 of Title 12A of the New Jersey Statutes, nor shall anything in the said subsections apply to interests in personal property subject to chapter 28 of the Title, Property (46:28–4 et seq.).

F. In addition to the fees elsewhere in this section provided for, there shall be paid to the director a fee of $0.50 for notice of satisfaction of the lien or encumbrance of the record or abstract, or of the termination of the security interest where the motor vehicle is subject to a lien or encumbrance or a security interest as provided in section 39:10–14 of this Title.

G. Notwithstanding any other provision in this section contained, when any dealer licensed under the provisions of section 39:10–19 of this Title is the purchaser of a motor vehicle in this State, he shall, within 10 days after its purchase, submit to the director the evidence of purchase. Upon presentation of the certificate of ownership with proper assignment and certification of the seller to the director, a record of the transaction shall be made and filed. A certificate of ownership shall be issued by the director and delivered to such purchaser and
the director shall collect a fee of $0.50 for the issuing and filing thereof.

H. Any purchaser of a motor vehicle who fails to comply with the provisions of this section shall pay to the director a penalty of $5.00 plus the issuing and filing fee.

I. The failure of any person to comply with the requirements of this section shall not constitute a misdemeanor within the provisions of section 39:10-24 of this Title, nor shall such failure affect the validity of any instrument creating or reserving a security interest in a motor vehicle, as between the parties to such instrument.

J. The notation of the name and business or residence address of a secured party or his assignee, on the certificate of origin or on the certificate of ownership, as provided in sections 39:10-8 and 39:10-9 of this Title, and the presentation to the director in accordance with section 39:10-11 of this Title, of the certificate of origin or certificate of ownership so noted, and the compliance with the requirements of subsections C and D of section 39:10-11 of this Title, shall be in lieu of all filing requirements imposed by chapter 9 of Title 12A of the New Jersey Statutes and shall constitute the perfection of a security interest in the motor vehicle, and the rights and remedies of the debtors and the secured parties in respect to such security interest shall, except as otherwise expressly provided in this chapter, be subject to and governed by chapter 9 of Title 12A of the New Jersey Statutes.

The Commission for the Blind shall, from among persons nominated by the commissioner, and with the advice and consent of the Board of Public Welfare and of the director of the division, appoint the chief executive officer of the commission, which position shall be in the unclassified service. In the event of any disagreement with respect to any of such appointments as between 2 or more of the parties whose participation in such appointment is so required, the State Board of Control shall make the appointment. This act shall not affect the terms of office of members of the State Commission for the Blind, and such agency shall continue to be constituted and to exercise such functions as otherwise provided by law, operating as a constituent agency within the Division of Public Welfare pursuant to the provisions of this act.

3. The Bureau of Childrens Services, in administering the provisions of this act, shall:

(b) provide necessary welfare services as may be required by such children, so far as practicable, without assumption of custody;

(c) encourage the development of private and voluntary agencies qualified to provide welfare services for children to the end that through cooperative effort the need for such services may be limited or reduced.

10. Section 4 of chapter 138 of the laws of 1951 is amended to read as follows:

4. The Bureau of Childrens Services shall have the requisite powers to:
(a) exercise general supervision over children for whom care, custody or guardianship is provided in accordance with article 2 of this act;

(c) administer for the Commissioner of Institutions and Agencies the powers and duties as provided in chapter 7 of Title 9 of the Revised Statutes (dependent children; bringing into State), as amended and supplemented, as the same may be delegated and assigned by the said commissioner;

(d) administer for the State Board of Control the powers and duties provided in sections 30:1-14 through 30:1-17 of chapter 1 of Title 30 of the Revised Statutes (visitation and inspection), as amended and supplemented, so far as the same may be delegated and assigned by the said State Board of Control with respect to institutions, organizations and noninstitutional agencies for the care, custody and welfare of children;

(e) provide care and exercise supervision over children paroled or released from State correctional institutions for juveniles in accordance with rules and regulations established by the State Board of Control;

(f) make investigations or provide supervision of any child in this State at the request and on behalf of a public or private agency or institution of any other State;

(g) meet and confer, as the unmet needs of New Jersey's children may require, with representatives of the public welfare boards and the private agencies and institutions for the care of children in this State in order that the programs of such boards, agencies and institutions may be developed and fully utilized and that there may be a co-ordination of all public and private facilities for the protection and care of children;
(h) issue such reasonable rules and regulations as may be necessary for the purpose of carrying into effect the meaning of this act, which rules and regulations shall be binding so far as they are consistent with such purpose.

(i) promulgate and file with the Secretary of State, subject to the approval of the Board of Public Welfare, rules and regulations as may be necessary as a basis for the provision for payment for services rendered by privately sponsored agencies or institutions to children under the care, custody or guardianship of the Bureau of Children's Services. Such rules and regulations shall include, but shall not be limited to, standards of professional training, experience and practices, and requirements relating to the moral responsibility of the trustees, officers or other persons supervising or conducting the program, the adequacy of the facilities, the maintenance of adequate casework records, and the furnishing of comprehensive reports.

11. Section 5 of chapter 138 of the laws of 1951 is amended to read as follows:

5. Except as provided in section 12 and sections 15 through 22 of this act, nothing in this act shall authorize the Bureau of Children's Services to accept the care or custody of any child, nor to provide welfare services for any child, except with the voluntary approval and consent of the parent, parents, legal custodian, guardian or other person with whom the child may be living.

12. Section 6 of chapter 138 of the laws of 1951 is amended to read as follows:

6. No person to whom or for whom payments for maintenance are made under this act shall be deemed to be or classified as a pauper by reason thereof.

The provisions of this act shall not be construed to deny treatment by spiritual means or prayer, of any child, in accordance with the religious faith of the parents or parents of such child. The provisions of this act shall not be construed to author-
ize or empower the Bureau of Childrens Services to compel a child to undergo medical or surgical treatment, if the child, or parent or guardian of said child, objects thereto in a signed statement upon the ground that the proposed action interferes with the free exercise of his religious principles.

13. Section 7 of chapter 138 of the laws of 1951 is amended to read as follows:

7. All birth, death and marriage certificates which may be required under the provisions of this act, or under any rule or regulation issued by the Bureau of Childrens Services, shall be issued free of charge upon the order of such bureau.

14. Section 11 of chapter 138 of the laws of 1951 is amended to read as follows:

11. Whenever it shall appear that any child within this State is of such circumstances that his welfare will be endangered unless proper care or custody is provided, an application setting forth the facts in the case may be filed with the Bureau of Childrens Services by a parent or other relative of such child, by a person standing in loco parentis to such child, by a person or association or agency or public official having a special interest in such child or by the child himself, seeking that the Bureau of Childrens Services accept and provide such care or custody of such child as the circumstances may require. Such application shall be in writing, and shall contain a statement of the relationship to or special interest in such child which justifies the filing of such application. The provisions of this section shall be deemed to include an application on behalf of an unborn child when the prospective mother is within this State at the time of application for such services.

Upon receipt of an application as provided in this section, the Bureau of Childrens Services shall verify the statements set forth in such application and shall investigate all the matters pertaining to the circumstances of the child. If upon such verification and investigation it shall appear (a)
that the welfare of such child will be endangered unless proper care or custody is provided; (b) that the needs of such child cannot properly be provided for by financial assistance as made available by the laws of this State; (c) that there is no person legally responsible for the support of such child whose identity and whereabouts are known and who is willing and able to provide for the care and support required by such child; and (d) that such child, if suffering from a mental or physical disability requiring institutional care, is not immediately admissable to any public institution providing such care; then the Bureau of Childrens Services may accept and provide such care or custody as the circumstances of such child may require.

15. Section 12 of chapter 138 of the laws of 1951 is amended to read as follows:

12. Whenever it shall appear that the parent or parents, guardian, or person having custody and control of any child within this State is grossly immoral or unfit to be entrusted with the care and education of such child, or shall fail to provide such child with proper protection, maintenance and education, or is of such vicious, careless or dissolute habits as to endanger the welfare of such child, a written or oral complaint may be filed with the Bureau of Childrens Services by any person or by any public or private agency or institution interested in such child. When such a complaint is filed by a public or private agency or institution, it shall be accompanied by a summary setting forth the reason for such complaint and other social history of the child and his situation which justifies such complaint; or, if this is not feasible, such summary shall be made available to the Bureau of Childrens Services as soon thereafter as possible.

Upon receipt of a complaint as provided in this section, the Bureau of Childrens Services shall investigate, or shall cause to be investigated, the statements set forth in such complaint. If the circumstances so warrant, the parent, parents, guard-
ian, or person having custody and control of the child shall be afforded an opportunity to file an application for care, as provided in section 11 of this act. If the parent, parents, guardian, or person having custody and control of the child shall refuse to permit or shall in any way impede investigation, and the bureau determines that further investigation is necessary in the best interests of the child, the bureau may thereupon apply to the Juvenile and Domestic Relations Court of the county where the child resides, for an order directing the parent, parents, guardian, or person having custody and control of the child to permit immediate investigation. The court, upon such application, may proceed to hear the matter in a summary manner and if satisfied that the best interests of the child so require may issue an order as requested.

If, after such investigation has been completed, it appears that the child requires care and supervision by the Bureau of Childrens Services but the parent, parents, guardian, or person having custody and control of the child continue to refuse to apply for care in the manner provided in section 11, the bureau may apply to the Juvenile and Domestic Relations Court of the county where the child resides for an order making the child a ward of the court and placing such child under the care and supervision of the Bureau of Childrens Services.

The court, at a summary hearing held upon notice to the Bureau of Childrens Services, and to the parent, parents, guardian, or person having custody and control of the child, if satisfied that the best interests of the child so require, may issue an order as requested, which order shall have the same force and effect as the acceptance of a child for care by the bureau as provided in section 11 of this act; provided, however, that such order shall not be effective beyond a period of 6 months from the date of entry unless the court, upon application by the Bureau of Childrens Serv-
ices, at a summary hearing held upon notice to the parent, parents, guardian, or person having custody of the child, extends the time of the order.

16. Section 13 of chapter 138 of the laws of 1951 is amended to read as follows:

13. If in the course of verifying and investigating any applications or complaints, as provided for in sections 11 and 12 hereof, it shall appear that there is a person legally responsible for the support of the child who is willing and able to provide the care and support required by such child; or it shall appear that the needs of the child can properly be provided for by financial assistance as made available by the laws of this State; then, the Bureau of Children Services, before accepting and providing care or custody, shall first make proper referral of the matter to such legally responsible person, or to the agency charged with the administration of such financial assistance. If it shall appear that the welfare of the child is endangered, and that such condition can be eliminated or ameliorated by making available to or for such child any one or more of whatever specific services the Bureau of Children Services may be authorized, within the limits of legislative appropriations, to provide for all children in similar circumstances, then the child shall be found eligible for care or custody, and the bureau shall proceed to furnish such services either by direct provision or, if the bureau so determines in the specific case, by purchasing such services from any appropriate privately sponsored agency or institution which complies with whatever rules and regulations, established pursuant to this act, may govern such arrangements for purchase of service.

17. Section 14 of chapter 138 of the laws of 1951 is amended to read as follows:

14. The Bureau of Children Services shall give due notice in writing to the applicant or complainant of the action taken on any application as provided in sections 11 and 12 hereof.
18. Section 15 of chapter 138 of the laws of 1951 is amended to read as follows:

15. Whenever (a) it appears that a court wherein a complaint has been proffered as provided in chapter 6 of Title 9 of the Revised Statutes, has entered a conviction against the parent or parents, guardian, or person having custody and control of any child because of abuse, abandonment, neglect of or cruelty to such child; or (b) it appears that any child has been adjudged delinquent by a court of proper jurisdiction in this State; or (c) it appears that the best interests of any child under the care or custody of the Bureau of Childrens Services require that he be placed under guardianship; or (d) it appears that a parent or guardian of a child, following the acceptance of such child by the Bureau of Childrens Services pursuant to sections 11 or 12 of this act, or following the placement or commitment of such child in the care of an authorized agency, whether in an institution or in a foster home, and notwithstanding the diligent efforts of such agency to encourage and strengthen the parental relationship, has failed substantially and continuously or repeatedly for a period of more than 1 year to maintain contact with and plan for the future of the child, although physically and financially able to do so; a petition, setting forth the facts in the case, may be filed with the juvenile and domestic relations court of the county where such child may be at the time of the filing of such petition. A petition as provided in this section may be filed by any person or any association or agency, interested in such child, or by the Bureau of Childrens Services in the circumstances set forth in items (c) and (d) hereof.

19. Section 17 of chapter 138 of the laws of 1951 is amended to read as follows:

17. When a petition is filed under section 15 hereof by a person, association or agency other than the Bureau of Childrens Services, the court, in addition to causing service to be made upon the parent, parents, guardian or person having
custody and control of such child in accordance with rules of court, shall also cause a copy of the petition and notice of the time and place of hearing to be served on or mailed to the Bureau of Childrens Services at least 20 days before the time of such hearing.

Whenever a petition is filed under section 15 hereof, and there shall be filed with such petition a statement or statements made under oath and attesting that the best interests of the child require that he be placed under the guardianship of the Bureau of Childrens Services immediately and pending final hearing, the court, at a special summary hearing held upon notice to the Bureau of Childrens Services, may make an interlocutory order committing such child to the Bureau of Childrens Services until a final hearing on the petition. Such interlocutory order shall have the same force and effect as an order of commitment provided for in section 20 hereof.

20. Section 18 of chapter 138 of the laws of 1951 is amended to read as follows:

18. Immediately upon receipt of the copy of a petition served on or mailed to the Bureau of Childrens Services as provided by section 17 hereof, such bureau shall verify such petition and investigate all the facts pertaining to the eligibility of the child for commitment, and prior to the day set for hearing shall file with the court a report of its findings. Such report shall show such facts as will assist the court in making a decision in the matter.

21. Section 20 of chapter 138 of the laws of 1951 is amended to read as follows:

20. If upon the completion of such hearing the court is satisfied that the best interests of such child require that he be placed under proper guardianship, such court shall make an order terminating parental rights and committing such child to the guardianship and control of the Bureau of Childrens Services, and such child shall thereupon become the legal ward of such bureau, and such bureau shall be the legal guardian of such child
for all purposes, including the placement of such child for adoption.

If the court shall have made an interlocutory order as provided in section 17 hereof, but at the final hearing a further order of commitment shall not be made as provided in this section, the Bureau of Childrens Services shall return the child forthwith to the parent or parents, guardian or person having had custody of the child immediately prior to the filing of the petition; provided, however, that if such parent or parents, guardian or person having had custody cannot be found or, for other reason satisfactory to the court, is unable to accept the child, the Bureau of Childrens Services, upon order of the court, may place the child with such other person or persons who, at the time of final hearing, expressed willingness to accept the child, but such order shall in no wise be construed as a grant of custody or guardianship. In all such cases the interlocutory order shall continue in full force and effect until the Bureau of Childrens Services shall have made disposition of the child as provided herein, but in no case for a period longer than 30 days after the final hearing.

22. Section 21 of chapter 138 of the laws of 1951 is amended to read as follows:

21. The order of the court committing a child to the guardianship of the Bureau of Childrens Services, shall in no wise be restrictive of the duties, powers and authority of such bureau in the care, custody, placement, welfare and exclusive guardianship of the child as provided in this act, and such bureau shall be removed as such guardian only by a court of competent jurisdiction upon charges preferred and upon good cause shown after an opportunity to be heard.

23. Section 22 of chapter 138 of the laws of 1951 is amended to read as follows:

22. The guardianship of the Bureau of Childrens Services shall be full and complete for all purposes and shall vest in such bureau the custody and control of both the person and property of its
wards, whether committed prior or subsequent to the effective date of this act, without the necessity of giving bond, and notwithstanding any previous appointment of a guardian for such wards.

Such guardianship of the Bureau of Childrens Services shall enable such bureau, acting through the chief executive officer of the bureau or his authorized representative, to prosecute suits, claims and any and all manner of proceedings or actions in law or equity for and on behalf of its wards; to demand and receive from all persons, including guardians previously appointed, any and all property of its wards; and to hold and administer the real and personal property of its wards, or any interest they may have therein; provided, however, that it shall be proper for the said bureau, in its discretion, to hold funds of its wards on deposit in one or more banks, building and loan associations, or trust companies in this State, and to apply funds, other than earnings, of any ward against expenditures for the maintenance of such ward.

The County Court of the county where the commitment was made shall have jurisdiction to hear and determine any and all proceedings affecting the guardianship of the Bureau of Childrens Services. The County Court of each county shall have jurisdiction to hear and determine petitions by such bureau, on behalf of its wards, for the transfer of any or all assets being held by guardians previously appointed. The County Court shall have jurisdiction, in its discretion, to waive costs in any proceedings by the Bureau of Childrens Services on behalf of its wards.

24. Section 23 of chapter 138 of the laws of 1951 is amended to read as follows:

23. In addition to the methods otherwise provided in this article for establishing guardianship by the Bureau of Childrens Services, and when necessary to carry out the provisions of this act, the Bureau of Childrens Services, after due investigation and consideration, may, in cases where
it would be to the permanent advantage of the child, take voluntary surrenders and releases of custody and consents to adoption from the parent, parents, guardians or other persons or agencies having the right or authority to give such surrenders, releases or consents. Such surrenders, releases or consents, when properly acknowledged before a person authorized to take acknowledgments of proofs in the State of New Jersey, shall be valid and binding irrespective of the age of the person giving the same, and shall be irrevocable except at the discretion of the Bureau of Childrens Services or upon order of a court of competent jurisdiction.

25. Section 24 of chapter 138 of the laws of 1951 is amended to read as follows:

24. Whenever the director of welfare of any county or municipality in this State shall be called upon to serve any child whose needs cannot properly be provided for by financial assistance as made available by the laws of this State, such director shall, within 24 hours thereafter, give written notice thereof to the Bureau of Childrens Services, and shall file an application for care or custody, as provided in section 11 of this act, or shall file a complaint as provided in section 12 of this act, or shall file a petition as provided in section 15 of this act, as the situation of the child may require.

Such notice shall contain all available information concerning the child and his circumstances, which will enable the Bureau of Childrens Services to take proper action. If the immediate needs of the child so require, the director shall provide for his care in a suitable place, approved with reasonable promptness for that purpose by the bureau, paying therefor as a charge against county or municipal funds until such time as the child has been found eligible for care, custody or guardianship in accordance with the provisions of this act.

26. Section 25 of chapter 138 of the laws of 1951 is amended to read as follows:
25. The Bureau of Childrens Services, by its agent or agents, shall regularly visit all children under its care, custody or guardianship under the provisions of this act in order to assure the maximum benefit from such services.

27. Section 26 of chapter 138 of the laws of 1951 is amended to read as follows:

26. Whenever the circumstances of a child are such that his needs cannot be adequately met in his own home, the Bureau of Childrens Services may effect his placement in a foster home, with or without payment of board, or in an appropriate institution if such care is deemed essential for him. The Bureau of Childrens Services shall make every reasonable effort to select a foster home or an institution of the same religious faith as the parent or parents of such child.

Whenever the Bureau of Childrens Services shall place any child, as provided by this section, in any municipality and county of this State, the child shall be deemed a resident of such municipality and county for all purposes, and he shall be entitled to the use and benefit of all health, educational, recreational, vocational and other facilities of such municipality and county in the same manner and extent as any other child living in such municipality and county.

No municipality shall enact a planning or zoning ordinance governing the use of land by, or for, single family dwellings which shall, by any of its terms or provisions or by any rule or regulation adopted in accordance therewith, discriminate between children who are members of such single families by reason of their relationship by blood, marriage or adoption, and foster children placed with such families in such dwellings by the Bureau of Childrens Services.

Any planning or zoning ordinance, heretofore or hereafter enacted by a municipality, which violates the provisions of this section, shall be invalid and inoperative.
28. Section 27 of chapter 138 of the laws of 1951 is amended to read as follows:

27. Pursuant to the providing of care, custody or guardianship for any child, in accordance with the provisions of this act, the Bureau of Childrens Services may expend such sums as may be necessary for the reasonable and proper cost of maintenance, including board, lodging, clothing, medical, dental, and hospital care, or any other similar or specialized commodity or service as the needs of any such child may require, except that the bureau shall not maintain a clothing warehouse for the distribution of clothing to children under its jurisdiction. In lieu thereof, the bureau may pay foster parents caring for children under their supervision a sufficient amount to enable them to purchase necessary clothing items required by the children from the local merchants of the locality in which they reside. Such maintenance costs shall be chargeable against State and county funds as made available in accordance with article 4 of this act, except that the total cost of hospital care for children as provided for herein shall be borne by the State and contributions required to be paid by the counties toward the cost of maintenance of the children involved shall include no part of the cost of such hospital care. However, no costs shall be chargeable if incurred earlier than the date of the child’s acceptance in care as provided in section 12 hereof, or earlier than the date of an order of commitment to guardianship as provided in section 20 hereof.

Whenever a medical or psychological examination shall be required for any child as a condition to providing care or custody, or whenever the Bureau of Childrens Services avails itself of the facilities and services of any privately sponsored agency or institution, the cost of the examination or service shall be a proper charge against State and county funds, within the limits of available appropriations, in the same manner and extent as expenditures and maintenance.
In providing care, custody or guardianship for any child or in the course of determining the eligibility of any child for care, custody or guardianship in accordance with the provisions of this act, the Bureau of Childrens Services may avail itself of the facilities and services of any privately sponsored agency or institution, with due regard to the religious background of the child, which complies with those rules and regulations as established pursuant to this act, paying such fees for service as may be mutually agreed upon by the bureau and the privately sponsored agency or institution providing service.

Whenever a child under care, custody or guardianship is in need of operation, anaesthesia, diagnostic tests or treatment, the Bureau of Childrens Services may give its consent thereto. A consent to operation, anaesthesia, diagnostic tests or treatment when given by the Bureau of Childrens Services on behalf of any child receiving care, custody or guardianship shall be deemed legal and valid for all purposes with respect to any person or hospital affording service to such child pursuant to and in reliance upon such consent.

Nothing contained herein shall modify the provisions of section 6 of the act of which this act is amendatory.

29. Section 28 of chapter 138 of the laws of 1951 is amended to read as follows:

28. The Bureau of Childrens Services may at any time discharge from its care, custody or guardianship any child, if in the opinion of such bureau the best interests of the child will be promoted thereby.

30. Section 29 of chapter 138 of the laws of 1951 is amended to read as follows:

29. Subject to the provisions of section 30 hereof, payments for maintenance shall be made by the Bureau of Childrens Services.

The Bureau of Childrens Services is hereby empowered to receive from the State Treasurer and from the county treasurer of each county such sums as shall be appropriated for the purposes of this
act, and shall cause such sums to be set up in a special account or accounts subject to disbursement by the Bureau of Childrens Services.

31. Section 30 of chapter 138 of the laws of 1951 is amended to read as follows:

30. Except as provided in section 27 hereof relating to hospital care, the cost of maintenance provided under this act for or on behalf of any child shall be shared equally by the State and by that county where such child may be or may have been at the time of the filing of an application seeking care or custody or at the time of the filing of a petition seeking guardianship.

The Governor shall fix and determine and state in his annual budget message a sum sufficient to pay the estimated amount required to carry into effect the provisions of this act, together with the deficiencies, if any, incurred in the previous year. The Legislature shall include the amount so determined and stated in the annual appropriation bill.

Payments from State funds appropriated for the provision of maintenance as authorized by this act shall be made monthly in advance by the State Treasurer, on the warrant of the Director of the Division of Budget and Accounting to the Bureau of Childrens Services, upon statements furnished by the Bureau of Childrens Services, approved by the Department of Institutions and Agencies.

The Bureau of Childrens Services shall annually fix and determine and report to the board of chosen freeholders of each county a sum sufficient to pay the estimated amount of the county’s proportionate share of maintenance. Each board of chosen freeholders shall appropriate and make available such amount to the order of the Bureau of Childrens Services. Should the amount so appropriated, however, be expended or exhausted during the year and for the purpose for which it was appropriated, additional sums shall be appropriated by such board of chosen freeholders as occasion demands to carry out the provisions of this act, from funds in the county treasury available therefor. Where
such county funds are not available or adequate, or should there be no such county funds, such additional sums shall be raised by temporary loans or notes, certificates of indebtedness or temporary loan bonds, to be issued as otherwise provided and limited by law for counties of this State, and the amounts necessary to pay such obligations shall be placed in the budget for the next ensuing fiscal year.

Payments from county funds appropriated for the provision of maintenance as authorized by this act shall be made monthly in advance by the treasurer of the county to the Bureau of Childrens Services on the basis of commitments for such county upon bills furnished by the Bureau of Childrens Services.

32. Section 31 of chapter 138 of the laws of 1951 is amended to read as follows:

31. The State Board of Control or its duly authorized representative is hereby empowered to negotiate with the Federal Government to secure such financial assistance for the carrying out of this act as may be provided in the Federal Social Security Act, and the State Treasurer is hereby empowered to receive such moneys and shall cause them to be placed in the account or accounts of the Bureau of Childrens Services, acting as the agent of the State Board of Control, for the purpose of carrying into effect the provisions of this act.

The State Board of Control is further empowered to organize the work of the Department of Institutions and Agencies in behalf of children to comply, in any manner consistent with law, with the reasonable requirements of the Federal Department of Health, Education and Welfare pursuant to Federal law, and to cooperate in extending and strengthening public welfare services for the protection and care of homeless, dependent and neglected children and children in danger of becoming delinquent.

33. Section 32 of chapter 138 of the laws of 1951 is amended to read as follows:
32. Whenever a child receiving care, custody, or guardianship as provided by this act has died, and an investigation by the Bureau of Childrens Services discloses that there are insufficient funds from any other source to provide proper burial, such bureau may authorize the expenditure of an amount reasonably necessary to provide proper burial for such child, and such amount shall be a proper charge against State and county funds, within the limits of available appropriations, in the same manner and extent as expenditures for maintenance.

34. Section 33 of chapter 138 of the laws of 1951 is amended to read as follows:

33. The Bureau of Childrens Services may compromise and settle any claim due or which may become due such bureau for reimbursement of moneys paid to any individual or organization for maintenance of a child. A memorandum of the compromise and settlement shall be entered in the official records of the bureau.

35. Section 34 of chapter 138 of the laws of 1951 is amended to read as follows:

34. conditions, limitations and procedures established
by and pursuant to chapter 7 of Title 44 of the
Revised Statutes, excepting section 44:7-3, sub-
section a. of section 44:7-5, sections 44:7-14 to
44:7-16 inclusive, and section 44:7-25 of the Re-

43. Under general policies established by the
State Board of Control, the Commissioner of Insti-
tutions and Agencies is authorized, directed and
empowered to issue, or to cause to be issued by the
appropriate departmental officers or agencies, all
necessary rules and regulations and administrative
orders, and to do or cause to be done all other acts

(d) To provide safeguards which restrict the use or disclosure of information concerning applicants and recipients to purposes directly connected with the administration of the program;

(e) To assure that all persons to or for whom assistance is being paid under the provisions of this act shall not receive, during the same period, any other financial assistance from this State or any political subdivision thereof, with respect to any maintenance requirements or other items for which allowance is made in the assistance grant paid pursuant to this act;

(f) To prescribe appropriate services which shall be made available by or utilized by the county welfare boards for the purpose of helping needy blind individuals to attain self-support or self-care, including particularly the services of the Commission for the Blind, and requiring every county welfare board to promptly report to such commission every individual coming to its attention who is known to be or is believed likely to become permanently blind, and to prescribe administrative
and procedural methods assuring opportunity for the commission to review all such cases to make appropriate recommendations, and otherwise to participate in the planning and providing of special services for such cases;

(g) To assure that payments of assistance will be denied or promptly terminated with respect to any person who publicly solicits alms by wearing, carrying or exhibiting signs denoting blindness, or carrying receptacles for the reception of alms, or doing same by proxy or by begging from house to house.

The State shall pay to each county welfare board the full amount of any funds received by the State from the Federal Government as Federal participation with respect to expenditures made by such county welfare board for assistance for the blind, plus an additional amount equal to $50\%$ of the balance of such expenditures after deducting the amount of such Federal participation.

The State shall also pay to each county welfare board the full amount of any funds received by the State from the Federal Government as Federal participation with respect to the costs of administration of the program of assistance for the blind by such county welfare board.

45. All of the functions, powers and duties of, and records and property maintained by, and unexpended appropriation balances available to the Commission for the Blind, under and with respect to statutes repealed by sections 47 and 48 of this act, are hereby transferred to and vested in the Bureau of Assistance and shall be exercised, performed and used by the bureau in accordance with the provisions of sections 41 through 44 of this act and as otherwise provided by law.

46. Sections 41 through 45 of this act shall supplement chapter 7 of Title 44 of the Revised Statutes.

49. This act shall become effective July 1, 1963, but all arrangements necessary or appropriate to enable the act to become fully effective on said date shall be made as promptly as possible as though the act were effective immediately.

Nothing contained in this Title shall extend the powers of the board to include any supervision and regulation of, or jurisdiction and control over any vehicles engaged in the transportation of passengers for hire in the manner and form commonly called taxicab service unless such service becomes or is held out to be regular service between stated termini; hotel busses used exclusively for the transportation of hotel patrons to or from local railroad or other common carrier stations, including local airports, or bus employed solely for transporting school children and teachers, to and from school, or any autobus with a carrying capacity of not more than 10 passengers now or hereafter operated under municipal consent upon a route established wholly within the limits of a single municipality, which route does not in whole or in part parallel upon the same street the line of any street railway or traction railway or any other autobus route.

10. Section 48:2-16 of the Revised Statutes is amended to read as follows:

48:2-16. 1. The board may, after hearing, upon notice, by order in writing, require every public utility:

(a) To comply with the laws of the State and any municipal ordinance relating thereto, and to conform to the duties imposed upon it thereby or by the provisions of its own charter, whether obtained under general or special law of this State.

2. The board may, upon notice, by order in writing require every public utility:

(a) To keep its books, records and accounts so as to afford an intelligent understanding of the conduct of its business and to that end require every public utility of the same class to adopt a uniform system of accounting. Such system shall conform, in so far as in the judgment of the board
is practicable, to any system adopted or approved by any Federal regulatory agency having jurisdiction.

(b) To furnish periodically a detailed report of finances and operations in such form and containing such matters as the board may from time to time prescribe.

(c) To give such notice to the board as the board may by rule require, of any and all accidents which may occur within the State upon the property of any public utility directly or indirectly arising from or connected with its maintenance or operation, and the board may investigate any such accident and make such order or recommendation with respect thereto as in its judgment may be just and reasonable.

11. Section 48:2-17 of the Revised Statutes is amended to read as follows:

48:2-17. The board may require every public utility to file with the board a statement in writing, verified by the oaths of the president and secretary of the public utility, setting forth the name, title of office or position and post-office address, and the authority, power and duties of every officer, member of the board of directors, trustees, executive committee, superintendent, chief or head of construction and operation, or department, division or line of construction and operation thereof, in such form as to disclose the source and origin of each administrative act, rule, decision, order or other action of the corporation.

Every public utility shall, within 10 days after any change is made in the title of, or authority, powers or duties appertaining to any such office or position or the person holding the same, file with the board a like statement, verified in like manner, setting forth such change.

Every public utility shall file with the board the name, address and telephone number of the person or persons whom the board may contact, at any time, in the event of an emergency.
12. Section 48:2-18 of the Revised Statutes is amended to read as follows:

48:2-18. The board may, after hearing, upon notice, by order in writing, require every public utility to carry, whenever in the judgment of the board it may reasonably be required for the protection of stockholders, bondholders or creditors, a proper and adequate depreciation account in accordance with such rules, regulations and forms of account as the board may prescribe.

The board shall from time to time ascertain and determine, and by order in writing after hearing, fix proper and adequate rates of depreciation of the property of each public utility in accordance with such regulations or classifications. Such rates shall be sufficient to provide the amounts required, over and above the expense of maintenance, to keep the property in a state of efficiency corresponding to the progress of the industry.

Each public utility shall conform its depreciation accounts to the rate so ascertained. Amounts so provided shall not be expended otherwise than for depreciation, improvements, new construction, replacements, extensions or additions to the property of the public utility or for the retirement of debt incurred in connection therewith.

13. Section 48:2-21 of the Revised Statutes is amended to read as follows:

48:2-21. (a) The board may require every public utility to file with it complete schedules of every classification employed and of every individual or joint rate, toll, fare or charge made, charged or exacted by it for any product supplied or service rendered within this State, as specified in the requirement.

(b) The board may after hearing, upon notice, by order in writing:

1. Fix just and reasonable rates, joint rates, tolls, charges or schedules thereof, as well as commutation, mileage and other special rates which shall be imposed, observed and followed
thereafter by any public utility, whenever the
board shall determine any existing rate, toll,
charge or schedule thereof, commutation, mile-
age or other special rate to be unjust, un-
reasonable, insufficient or unjustly discrimina-
tory or preferential. In every such proceeding
the board shall complete and close the hearing
within 6 months and enter its final order within
8 months after the filing of the order of the
board initiating such proceeding, when such
proceeding is on the board’s own motion; or
after issue is joined through the filing of an
answer to a complaint, when such proceeding
is initiated by complaint.

2. Fix just and reasonable joint rates, which
shall be charged, enforced, collected and ob-
served by railroads and street railroads in the
carrying of freight. Whenever the railroads
or street railroads involved fail to agree upon
the apportionment or division of a joint rate
so established, the board may issue a supple-
mental order declaring the apportionment or
division of the joint rate.

(c) The board may fix the rates or charges to be
made by any corporation subject to the provisions
of this chapter for the detention of a railroad car
containing property transported by railroad to any
point in this State or for the use of railroad tracks
occupied by such car, commonly called demurrage
or car service, or for both such detention and use.
Such rates and charges shall conform as nearly as
possible to the rates and charges for demurrage or
car service prescribed and fixed by the Interstate
Commerce Commission for similar service.

(d) When any public utility shall increase any
existing individual rates, joint rates, tolls, charges
or schedules thereof, as well as commutation, mile-
age and other special rates, or change or alter any
existing classification, the board, either upon
written complaint or upon its own initiative, shall
have power after hearing, upon notice, by order in
writing to determine whether the increase, change or alteration is just and reasonable. The burden of proof to show that the increase, change or alteration is just and reasonable shall be upon the public utility making the same. The board, pending such hearing and determination, may order the suspension of the increase, change or alteration until the board shall have approved the same, not exceeding 4 months. If the hearing and determination shall not have been concluded within such 4 months the board may during such hearing and determination order a further suspension for an additional period not exceeding, 4 months. The board shall approve the increase, change or alteration upon being satisfied that the same is just and reasonable.

14. Section 48:2-21.1 of the Revised Statutes is amended to read as follows:

48:2-21.1. The board may, during the pendency of any hearing instituted by it, on its own initiative or on petition, in which the approval or fixing of just and reasonable individual rates, joint rates, tolls, charges or schedules thereof, as well as commutation, mileage or other special rates is in issue, or at any other time, negotiate and agree with any public utility for an adjustment of the individual rates, joint rates, tolls, charges or schedules thereof, as well as commutation, mileage or other special rates for any product or service supplied or rendered by such public utility. Such adjustment may be for, or without, a specified limit of time. In no event shall any such adjustment be regarded as contractual. Such adjustment shall at all times be subject to change through the proceedings provided for by this chapter, or through negotiation and agreement under this section. The board as a part of any such negotiation and adjustment shall provide for the continuance, suspension or other disposition of any hearing of the character aforesaid then pending.

15. Section 48:2-23 of the Revised Statutes is amended to read as follows:
48:2-23. The board may, after hearing, upon notice, by order in writing, require any public utility to furnish safe, adequate and proper service and to maintain its property and equipment in such condition as to enable it to do so.

The board may, pending any such proceeding, require any public utility to continue to furnish service and to maintain its property and equipment in such condition as to enable it to do so.

16. Section 48:2-24 of the Revised Statutes is amended to read as follows:

48:2-24. No public utility shall discontinue, curtail or abandon any service without obtaining permission from the board, after notice. The board may withhold permission until after hearing to determine if the discontinuance, curtailment or abandonment will adversely affect public convenience and necessity. With respect to common carriers the provisions of this paragraph shall apply only to service operated in accordance with base schedules on file with the board.

A public utility may terminate service for a violation of the terms of its approved tariffs on file with the Board of Public Utility Commissioners upon giving the customer at least 3 days’ notice of such termination unless otherwise provided for by rules, regulations or orders of the board, except that in those situations where a hazardous condition prevails the utility may terminate service without notice.

If any public utility shall discontinue, curtail or abandon service and the board after hearing upon notice shall find and determine that service should be resumed, the board may order that service be resumed forthwith or on such date as it may fix.

17. Section 48:2-29.2 of the Revised Statutes is amended to read as follows:

48:2-29.2. The board may, after hearing, upon notice, by order in writing, prohibit or limit the payment of dividends by a public utility if the board, after such hearing, finds and determines that such public utility fails to comply with any order
of the board ascertaining, determining and fixing reasonably adequate working capital or rates of depreciation or with any order requiring such public utility by adequate maintenance to keep its property and equipment in condition to furnish safe, adequate, and proper service. Every order so made by the board shall continue in effect until the board by its order in writing determines that the conditions on the existence of which the making of the order was based have been corrected.

18. Section 1 of P. L. 1951, c. 357 (C. 48:2-31.1) is amended to read as follows:

1. Whenever there is pending before the Board of Public Utility Commissioners a proceeding instituted by a public utility as defined in section 48:2-13 of the Revised Statutes (hereinafter called "the public utility") for authority to increase the rates, tolls, fares, or charges made or charged by it for any product supplied or service rendered within this State, the Attorney General may employ, on a temporary basis, and, subject to the provisions of this act, may fix the compensation of, such legal counsel, experts and assistants as in his judgment may be necessary to protect the public interest in such proceeding. The public utility shall pay to the State, in the manner hereinafter provided, the reasonable compensation and expenses of such legal counsel, experts and assistants; provided, however, that the total amount which the public utility may be required to pay pursuant to this act with respect to such proceeding shall not exceed 1/10 of 1% of its revenues derived in the calendar year last preceding the institution of such proceeding from its intrastate sales of the product supplied or intrastate service rendered the rates, tolls, fares, or charges for which are the subject matter of such proceeding provided, however that in cases where the compensation, as computed above, is deemed to be inadequate by the Attorney General, the Board, on application of the Attorney General, after hearing on notice, may fix reasonable compensation not to exceed $250.00. Any and all amounts paid by
the public utility pursuant to this act shall be deemed to be operating expenses of the public utility.

19. Section 48:2-32 of the Revised Statutes is amended to read as follows:

48:2-32. All hearings and investigations before the board or any member thereof or any hearing examiner designated by the board shall be governed by rules adopted by the board. Neither the board nor such member or hearing examiner shall be bound by the technical rules of evidence. The members of the board may sit singly for the purpose of taking testimony in any proceeding.

20. Section 48:2-33 of the Revised Statutes is amended to read as follows:

48:2-33. The board may compel the attendance of witnesses and the production of tariffs, contracts, papers, books, accounts and all other documents. Any member of the board or any hearing examiner designated by the board to preside at a hearing may administer oaths to all witnesses. Subpoenas issued by the board shall be signed by one of the members thereof and by the secretary, or an assistant secretary and may be served by any person of full age.

21. Section 48:2-35 of the Revised Statutes is amended to read as follows:

48:2-35. If a person subpoenaed to attend before the board or a member thereof fails to obey the command of the subpoena without reasonable cause, or if a person in attendance before the board or a member thereof refuses without lawful cause to be examined or to answer a legal or pertinent question, or to produce a book or paper, when ordered so to do by the board or a member thereof, the board or the member may apply to the Superior Court or any judge thereof, upon proof by affidavit of the facts, for an order returnable in not less than 2 nor more than 10 days, directing such person to show cause before the court or judge why he should not comply with the subpoena or order of the board.
Upon the return of the order the court or judge before whom the matter shall come on for hearing shall examine under oath such person whose testimony may be relevant and such person shall be given an opportunity to be heard, and if the court or judge shall determine that such person refused without legal excuse to comply with the subpoena or the order of the board, the court or judge may order such person to comply forthwith with the subpoena or order. Any failure to obey the order of the court or judge may be punished by the court or judge as a contempt of the Superior Court.

22. Section 48:2–38 of the Revised Statutes is amended to read as follows:

48:2–38. No member or employee of the board shall be required to give testimony or to furnish documents in a civil suit to which the board is not a party, with regard to information obtained by him in the discharge of his official duty.

23. Section 48:2–39 of the Revised Statutes is amended to read as follows:

48:2–39. The fees of witnesses required to attend before the board shall be at the same rates as are prescribed by law for attendance under subpoena in the Superior Court of the State.

24. Section 48:2–41 of the Revised Statutes is amended to read as follows:

48:2–41. Observance of the orders of the board may be enforced by complaint in lieu of prerogative writ or injunction in appropriate cases, or by suit in equity to compel the specific performance of the order or of the duties imposed by law upon the public utility affected by the order.

25. Section 48:2–43 of the Revised Statutes is amended to read as follows:

48:2–43. Any order made by the board may be reviewed by appeal to the appellate division of the Superior Court. Notice of appeal shall be within the time provided by rules of court. The notice shall be served upon the secretary of the board either personally or by leaving it at the office of the board. The evidence presented to the board
together with the findings and the order issued thereon, shall be certified by the board to the ap­pellate division as its return.

26. Section 48:2-46 of the Revised Statutes is amended to read as follows:

48:2-46. The Superior Court, appellate division is hereby given jurisdiction to review any order of the board and to set aside such order in whole or in part when it clearly appears that there was no evidence before the board to support the same rea­sonably or that the same was without the jurisdic­tion of the board.

No order shall be set aside in whole or in part for any irregularity or informality in the proceed­ings of the board unless the irregularity or in­formality tends to defeat or impair the substantial right or interest of the appellant.

27. Section 48:2-47 of the Revised Statutes is amended to read as follows:

48:2-47. If, with respect to any order brought under review it shall appear equitable and just that a rehearing should be had before the board, the Superior Court, appellate division may order that a rehearing be had before the board upon such terms and conditions as are reasonable. The board shall thereupon proceed to a rehearing on the evidence upon which the order under review was based, and upon such additional evidence, if any, as may be produced. As the result of the rehearing the board may readopt the order or alter, amend, modify or extend it.

The Supreme Court of New Jersey on appeal from a judgment of the Superior Court, appellate division to review an order of the board, may, whenever it shall deem it equitable and just that a rehearing should be had before the board, remit the record and proceedings before it to the Superior Court, appellate division to the end that said court may order that such rehearing may be had before the board upon such terms and conditions as are reasonable, as hereinbefore provided.
28. Section 1 of P. L. 1959, c. 43 (C. 48:2-56) is amended to read as follows:

When several utilities or petitioners join in the filing of a single petition, then the fees herein provided shall apply to each petitioner as may be appropriate.

29. The Board may provide for the examination and audit of all accounts and may determine, after notice and hearing, the propriety of the allocation and entry of parts of items to 2 or more accounts, and the propriety of the entry of any items, and of
the account or accounts in which they are entered, upon the books of a public utility.

30. The board's officers and employees may, under direction of the board, inspect and examine all books, accounts, papers, records and memorandum kept by any public utility in respect of any matter within the board's jurisdiction and which would not be privileged in any judicial proceeding.

31. In arriving at any determination as to the justness or reasonableness of any existing rate, fare or charge or in prescribing a just and reasonable rate, fare or charge, the board shall not be bound:

1. To find a rate base, if it determines that
   (a) the applicable operating expenses plus depreciation and taxes of conducting the business, for which the rate, fare or charge is established, computed on the basis of the 12 months next preceding the month in which the proceeding is initiated, exceeds the revenue from such operation, during said period, under the existing rates, fares or charges and that the revenue under the proposed increased rates, fares or charges will not exceed such operating expenses, depreciation and taxes, or
   (b) the gross operating revenue of the public utility, computed on the basis of the 12 months next preceding the month in which the proceeding is initiated, exceeds the depreciated book cost of its property used and useful in its business as a public utility, or
   (c) the product or service is a new offering and not covered by an existing rate, fare or charge approved by the board.

When the board shall prescribe a rate, fare or charge without finding a rate base, it shall, in its determination, make a finding of the facts on the basis of which is prescribed such rate, fare or charge.

32. Any public utility may file with the board a written stipulation subject to the board's approval at any time extending the suspension periods pro-
vided for in this chapter or waiving the effective
date of any tariff or rate.

33. The board may, in any order approving the
supplying of any product or service or the installa-
tion of any facilities or equipment by any public
utility or requiring any public utility so to do, de-
terminate and fix the time within which such product
or service shall be supplied or such facilities or
equipment shall be installed and may provide in
any order granting such approval that the approval
thereof shall be subject to such condition.

34. Every municipality may intervene in any
hearing or investigation held by the board, which
involves public utility rates, fares or charges, serv-
vice or facilities, affecting the municipality or the
public within the municipality.

35. On any argument or hearing had in the Su-
perior Court or the Supreme Court in any proceed-
ing in review of any order or determination of the
board, the board may appear, and be heard, as a
party in said proceeding.

36. Section 48:3-7 of the Revised Statutes is

wise dispose of or encumber its property, fran-
chises, privileges or rights, or any part thereof; or
merge or consolidate its property, franchises,
privileges or rights, or any part thereof, with that
of any other public utility.

Every sale, mortgage, lease, disposition, encum-
brance, merger or consolidation made in violation
of this section shall be void.

Nothing herein shall prevent the sale, lease or
other disposition by any public utility of any of its
property in the ordinary course of business, nor
require the approval of the board to any grant,
conveyance or release of any property or interest
therein heretofore made or hereafter to be made
by any public utility to the United States, State or
any county or municipality or any agency, author-
ity or subdivision thereof, for public use.
The approval of the board shall not be required to validate the title of the United States, State or any county or municipality or any agency, authority or subdivision thereof, to any lands or interest therein heretofore condemned or hereafter to be condemned by the United States, State or any, county or municipality or any agency, authority or subdivision thereof for public use.

37. Section 48:3-7.10 of the Revised Statutes is amended to read as follows:

48:3-7.10. 38. Section 48:3-7.12 of the Revised Statutes is amended to read as follows:

48:3-7.12. The provisions of sections 48:3-7.8 to 48:3-7.11 of this Title shall not apply to any public utility subject to the jurisdiction of the interstate commerce commission operating, managing or controlling a railroad or railway express within this State.

39. Section 48:3-9 of the Revised Statutes is amended to read as follows:

48:3-9. No public utility shall, unless it shall have first obtained authority from the board so to do:

(a) Issue any stocks, or any bonds, notes or other evidence of indebtedness payable more than 12 months after the date or dates thereof, or extend or renew any bond, note or any other evidence of indebtedness so that any extension or renewal thereof shall be payable later than 12 months after the date of the original instrument, or

(b) Permit any demand note to remain unpaid for a period of more than 12 months after the date thereof.
The board shall approve any such proposed issue, with or without hearing at its discretion, when satisfied that such issue is to be made in accordance with law and the purpose thereof is approved by the board.

The provisions of this act shall not apply to any public utility operating, managing or controlling a railroad or a railway express which is subject to the rules and regulations from time to time issued by the Interstate Commerce Commission.

40. Section 1 of P. L. 1957, c. 130 (C. 48:3-17.2) is amended to read as follows:

1. As used herein:

   (d) "street" means any highway, road, street, alley, lane or place dedicated to public use whether or not accepted and whether or not subsequently vacated and includes the sidewalk area and other areas between the sidelines thereof.

41. Section 48:3-18 of the Revised Statutes is amended to read as follows:

48:3-18. Any person municipal or otherwise, may enter into a written agreement with any other such person owning or using any poles erected under municipal consent in any street, highway or other public place for the use by the former person of the poles upon such terms and conditions as may be agreed upon by the persons.

42. Section 48:3-19 of the Revised Statutes is amended to read as follows:

48:3-19. The consent of the municipality shall be obtained for the use by a person of the poles of another person unless each person has a lawful
right to maintain poles in such street, highway or other public place.

43. Section 48:3-28 of the Revised Statutes is amended to read as follows:

48:3-28. Whenever any railroad, canal or turnpike company, incorporated under the laws of this State, has become insolvent or failed for 90 days after the same becomes due, to pay the principal or interest on any mortgage on its property and franchise, the Superior Court upon the application of a creditor, mortgagee or stockholder of the company, may appoint a receiver or receivers, or 3 trustees, who shall have and exercise all the powers and authority that it is lawful for receivers and trustees to exercise under Title 14, Corporations, General.

The receivers or trustees may sell or lease the canal, railroad or turnpike belonging to the company, together with all its chartered rights, privileges and franchises. The purchasers or lessees of such works, rights, privileges and franchises shall thereafter hold, use and enjoy the same during the residue of the term limited in the charter of the company, or during the term specified in the lease, in as full and ample a manner as the stockholders of the company could or might have enjoyed the same, subject, however, to all the restrictions, limitations and conditions contained in the charter.

Upon filing in the office of the Secretary of State, within 6 months after the sale or lease, a certificate that they accept the charter of the company whose property has been sold or leased, under a corporate name different from that of such company, the purchasers or lessees shall become a corporation under the name so specified, with all the powers, rights, privileges and franchises of the former company.

The purchasers or lessees, or the corporation formed by them as aforesaid, shall hold and enjoy the same, free and clear of all debts, claims and demands of creditors, mortgagees or stockholders, who shall look only to the fund arising from the
sale or lease, which money, as collected, shall be
paid into the Superior Court. Where the property
is subject to a mortgage, the Superior Court may,
with the consent of the complainant, or without
such consent if the principal is not due, direct a
sale or lease to be made subject to the lien of the
mortgage.

44. Section 48:3-34 of the Revised Statutes is
amended to read as follows:

48:3-34. Any totally blind person and guide may
be transported by any street railway, traction rail-
way, autobus company, or railroad company at
the usual and ordinary fare charged to one person,
under such reasonable regulations as may be estab-
lished by the carrier, anything in this Title to the
contrary notwithstanding.

45. No public utility shall refuse to furnish or
supply service to or for any building or premises
by reason of a bill remaining unpaid by a previous
occupant, providing the person applying for service
shall not be in arrears to such company for service
previously furnished to or for such building or
premises or furnished to or for any other building

or of such estate and the surviving partner or

estate or of such estate and said surviving partner
or partners, with the consent of the board.

person in case of his death pending the appoint-
ment of his personal representative and the lawful
authorization of such personal representative to
continue to operate such public utility and such agent shall be authorized to operate or participate in the operation of such public utility until such appointment and authorization is made.

48. Any of the following types of public utilities now or hereafter organized and existing under and by virtue of any law of this State: electric light, heat and power; canal; gas; pipeline; railroad; underground railroad; sewerage; water power; street railway or traction; telegraph or telephone; or water, in addition to and not in substitution of whatever other right, power and authority it may have and possess, may, subject to the restrictions as provided hereinafter, take or acquire under the provisions of chapter 1 of Title 20, Eminent Domain, such property or other interest therein which may be reasonably necessary for the purposes enumerated for each such utility in the succeeding sections hereto.

49. The power of condemnation shall not be used or enforced by any such public utility unless the necessary land or other property or any interest therein as stated in this chapter, cannot be acquired from the owner by reason of disagreement as to the price or legal incapacity or absence of the owner, or inability to convey a valid title, or because the names or addresses of the owner or owners may be unknown, or for any other reason. The poles shall be so located as in no way to interfere with the safety or convenience of persons traveling on the highways.

No poles shall be erected in any street of an incorporated city or town without first obtaining from the incorporated city or town a designation of the street in which the same shall be placed and the manner of placing the same. The notice shall be delivered to the principal office of the other company between the hours of 10 in the morning and 4 in the afternoon.

In default of repairing the damage, the gas company shall, for each default, forfeit and pay to the other company any sum not exceeding $25.00 together with the costs and expenses which shall have been incurred by it in protecting or securing any such other water or gas pipe or in repairing any injury that may have been done thereto, such costs and expenses to be ascertained by any court, and to be recovered in the same manner as any expenses or penalty under this chapter may be recovered.

48:9-21. Every gas company organized under the laws of this State shall lay its main or distributing gas pipes at the greatest practicable distance from any pipe of any other company and at a horizontal distance of 4 feet at least from the nearest part of any such pipe, unless it shall be unavoidably necessary to lay the gas pipe across or nearer to any other pipe, in which case the gas pipe shall be laid under such pipe at the greatest practicable distance therefrom, this distance in no case to be less than 12 inches, and shall form therewith a right angle, or as near thereto as the situation will admit.

In no case shall any pipe be laid or apparatus used that will interfere in any way either with the present or future supply pipes of any company, or that may interfere with or increase the expense of
replacing, removing or repairing the supply pipes or apparatus of any company.

All gas companies which were in operation on April 21, 1876, shall have the same rights and privileges of laying their mains and pipes, and making and supplying gas, that their respective charters and contracts then gave them.

When such permission shall be granted, the company shall have the same rights and privileges of laying gas mains and the like to and in the neighboring municipality as it has in the municipality where it was originally located.

or place, which may be occupied by such corporation for such purpose. If any governing body or official having control of any public street, road, highway or place, after having received from such corporation a request to designate such public street, road, highway or place, for occupancy by such corporation for such purpose, shall fail or refuse to make such designation or to designate a practicable route, the Board of Public Utility Commissioners, upon application by the corporation, and after hearing on notice to such governing body or official, shall make such designation.

All railroad corporations organized under this Title shall be subject to all general laws now or hereafter passed to regulate railroads and their operation.
106. Section 48:12-13 of the Revised Statutes is amended to read as follows:

48:12-13. Every railroad company shall have the general powers conferred by Title 14, Corporations, Generally, of the Revised Statutes and the supplements thereto and shall be governed by the provisions and be subject to the restrictions and liabilities therein contained, so far as the same are appropriate to and not inconsistent with this Title or with the provisions of the act under which any such company may have been created and organized, and, in addition thereto, shall have power:

I. To enter at all times upon all lands or waters for the purpose of exploring, surveying and laying out the routes of its railroad and of locating the same, to make such surveys as may be necessary to the selection of the most advantageous route, and to locate all necessary buildings, works, conveniences and appurtenances, doing no unnecessary injury to property and subject to responsibility for all damages done thereto;

II. To acquire from time to time and hold and use all such real estate and other property as may in the judgment of its directors be necessary for terminal purposes and for the construction and maintenance of its railroad, stations, branches, sidings, car yards, engine houses, repair shops and other accommodations necessary to accomplish the objects of its incorporation, and to sell land thus acquired when not necessary for such purposes and objects;

III. To construct and operate its road, to construct or purchase all engines, cars, machinery and appliances for the transportation of persons and property, to charge and collect fares and charges for transportation of passengers and freight and to exercise all other powers by this chapter granted.

107. Section 48:12-30 of the Revised Statutes is amended to read as follows:

48:12-30. Any railroad company organized under the laws of this State which shall fail to comply with the provisions of section 48:12-29 of
this Title shall forfeit thereby the franchises given to it by such laws.

Where any company has failed to construct its road upon any part of the location shown by its filed survey within the time allowed by law and after the expiration of such time any other railroad company duly files a survey of a location crossing or occupying the same, the company last filing its location shall have priority of right over such location.

108. Section 1 of P. L. 1947, c. 17 (C. 48:12-32.1) is amended to read as follows:

1. Any railroad company may lay out, construct, acquire, lease, contract in respect to, or purchase any branch line or lines, spur or side track of railroad, not exceeding 4 miles in length, either entirely or partially, in, through, along, across or upon any public or private road or street, and may maintain and operate the same, connecting with and extending from the main line or any branch line of the company, to extend to the premises, place, track or enclosure where any horse race meeting is held or conducted or to be held or conducted by any person, partnership, association or corporation, pursuant to a license or permit heretofore or hereafter issued by the New Jersey Racing Commission.

Such railroad company may make and enter into an agreement or contract with any such licensee or permit holder for any such construction, maintenance and operation of any such branch line or lines, spur or side track of railroad.

Such railroad company may take, hold, occupy and use the land necessary for any such purpose or purposes and shall file a map and description of the survey of the route of the branch line or lines, spur or side track of railroad, in the office of the Secretary of State and shall make the deposit required by section 48:12–25 of this Title, pending construction, with the State Treasurer.

Such railroad company shall not construct any branch line or lines, spur or side track of railroad for any such purpose or purposes within the limits
of any city, town, borough, village or township until it shall have first obtained the consent of the municipal governing body, which consent may be given by resolution or by the grant of an easement and any such consent of a municipal governing body shall be subject to the approval of the Board of Public Utility Commissioners.

109. Section 48:12-36 of the Revised Statutes is amended to read as follows:

48:12-36. No railroad company shall cross another railroad at grade at a less angle than 20 degrees, but a railroad may be located upon the surveyed route or location of any other railroad company with the consent of such other company.

110. Section 48:12-39 of the Revised Statutes is amended to read as follows:

48:12-39. Any railroad company may straighten, shorten or improve its road or connect points thereon by shorter lines or branches upon filing and recording a survey of the straightened, shortened or improved line in the same manner as is required in the case of an original survey of location.

Any such company may take and acquire by condemnation all the land necessary for that purpose.

The company may retain and continue to use or may sell or otherwise dispose of all or any part of the original road for which such line has been substituted after it has constructed its road on its new location.

111. Section 48:12-40 of the Revised Statutes is amended to read as follows:

48:12-40. Any railroad company prior to the operation of any trains may abandon any part of its line before the same shall have been wholly completed upon filing and recording in the office of the Secretary of State a certificate of abandonment, executed by its president and secretary, under its seal, describing the part to be abandoned.

Thereupon the Treasurer of the State shall repay to the company out of the money of the company therefor deposited with the treasurer as required by law, $2,000.00 for every mile, and a
proportionate sum for any distance less than a
mile of its route so abandoned.

The company shall not thereafter extend or
construct its road upon the portion so abandoned
without first filing and recording a new survey
thereof in the office of the Secretary of State and
making the deposit with the treasurer required by
law.

112. Section 48:12-41 of the Revised Statutes is
amended to read as follows:

48:12-41. Any railroad company may build and
maintain over such streams as its roads may cross,
such piers and bridges as it may deem expedient,
and may build viaducts over or tunnels under any
navigable or other river, stream or bay which the
railroad may cross.

Except as hereinafter otherwise provided, every
such bridge or viaduct shall have a pivot draw
with 2 openings, each of no less width than the
widest opening of any viaduct or bridge now built
over any such river, stream or bay, at right angles
to the main channel, located at a point convenient
for navigation.

No such company shall take any land under
water belonging to this State without first obtain­
ing the consent of the Department of Conservation
and Economic Development, unless such land is at
least 25 feet under the bed of the water. The de­
partment may convey the same on receiving the
compensation it may fix.

113. Section 48:12-43 of the Revised Statutes is
amended to read as follows:

48:12-43. Where a railroad is constructed across
a stream where the tide ebbs and flows and by rea­
son of the narrowness of the stream or shallow­
ness of water it is unnecessary or impracticable to
construct a pivot draw with 2 openings or any
draw, the company may apply to the Department
of Conservation and Economic Development, who
shall, after personal inspection and due inquiry,
determine what character of bridge is proper and
whether any drawbridge is necessary and if so, the
character and dimensions thereof and how the same shall be maintained, considering the extent and importance both of the navigation of the stream and of the public travel over the railroad.

The determination of the department shall be filed by it with the clerk of the county or counties in which the bridge lies and shall bind the company. A compliance with this determination by the company shall be a full performance of its duties and obligations with respect to the bridge.

114. Section 48:12-44 of the Revised Statutes is amended to read as follows:

48:12-44. Where the line of any railroad company of this State is constructed to the Delaware river, such company may extend such line, with as many tracks as it shall deem necessary, by means of a bridge and its approaches, to the middle of the river and connect the same with any railroad of an adjoining State and may change the location of its line or make such other improvements therein as may be necessary or convenient for this purpose. The company may acquire by condemnation such lands as may be necessary.

The company may occupy so much of the land belonging to this State as shall be required for the bridge and the piers and abutments thereof and approaches thereto, upon payment to the Department of Conservation and Economic Development of such compensation as it shall fix. The department shall convey such lands in fee to the company upon receiving such payment.

The company may retain that portion of the line which has been relocated if in its opinion the abandonment of the original line would be inconvenient or injurious to the interests of the public and the company.

115. Section 48:12-45 of the Revised Statutes is amended to read as follows:

48:12-45. Any railroad company organized under the laws of this State whose route lies in part under the bed of waters of an interstate river or other interstate waters may build its railroad under the same by tunnel.
In approaching such river or waters the company may build its railroad in part by tunnel under lands and longitudinally or otherwise under streets and public places in municipalities and under railroads and rivers, and in part on or above the surface of the land.

The company may construct and secure the foundations and other structures required for the construction, maintenance and operation of the road and may connect the road under the bed of the waters of the river with the railroad of any company organized under the laws of an adjoining State.

The tunnel shall be so built and maintained as to make the surface of the ground above the same firm and safe for building and other erections thereon and shall be at such depths beneath the lands, rivers, railroads, streets and public places as not to interfere with the use thereof.

The company may enter upon, purchase or acquire in the manner provided by law, such lands or rights and easements in lands along its said route, upon, over or beneath the surface of the land as shall be necessary for its purposes.

The right of way beneath the streets and public places and the use thereof for the purpose of the railroad is hereby declared to be a public use consistent with and one of the uses for which the same are publicly held.

Whenever it shall be necessary to alter the position of any public sewer or water pipe the same shall be done at the expense of such company under the direction of the public authorities having charge thereof.

Any such company shall have 10 years from the date of its organization to open and complete one track of its road.

Nothing in this section shall authorize the building of any railroad either upon or above the surface or by open cut longitudinally along any street of a city or town.
116. Section 48:12-46 of the Revised Statutes is amended to read as follows:

48:12-46. Every railroad company shall erect and maintain fences on the sides of its road of the height and strength of division fences required by law, with gates or barways at farm crossings. Every such company shall also construct and maintain cattle guards at road crossings sufficient to prevent cattle and other animals from getting on the railroad.

Until such fences and guards are erected the company shall be liable for damages done by its trains to cattle or other animals straying on its railroad. Where such fences and guards have been duly erected and maintained the company shall not be liable for such damages unless negligently or willfully done.

117. Section 1 of P. L. 1960 c. 152 is amended to read as follows:

1. The railroad company or companies involved shall pay 15% and the board, out of funds to be provided for that purpose, shall pay 85% of the entire expense of: (a) enlarging, changing, reconstructing, relocating or modifying any bridge or passage over or under the railroad or right of way pursuant to order of the board under section 48:12-49 of the Revised Statutes; or (b) the installation, change, reconstruction, relocation, or modification of protective devices or other provision for the protection of the traveling public at grade crossings of a railroad which operates passenger service within this State, pursuant to order of the board under sections 48:2-29, 48:12-54 or 48:12-55 of the Revised Statutes, provided, however, that if the board orders the installation of protective devices or other provision for the protection of the traveling public at grade crossings of any other railroad under said sections 48:2-29, 48:12-54 or 48:12-55 and finds that such installation is necessary due to increased vehicular or pedestrian traffic it may pay, out of such funds, a percentage of the entire expense, not to exceed
85%, and the railroad company or companies involved shall pay the remaining percentage of the entire expense. Such expense shall include, without limitation thereto, damages to adjacent property and the cost of removing, relaying or relocating any municipal pipes, conduits or subways.

The protective devices or other provision for the protection of the traveling public at grade crossings installed under (b) above shall be maintained by the railroad at its own cost and expense.

In lieu of the apportionment of expenses as set forth above, if the board finds that such installation, enlargement, change, reconstruction, relocation or modification is necessary due to increased vehicular or pedestrian traffic within the limits of the municipality or county having jurisdiction over the road, street or avenue involved, the board may order the entire expense to be paid as follows: 15% by the railroad company or companies involved, 15% by the municipality (or municipalities) or county (or counties) having jurisdiction over the roads, streets or avenues involved and 70% by the board.

The municipalities and counties involved are hereby authorized and empowered to make such payments.

118. Section 48:12-54 of the Revised Statutes is amended to read as follows:

48:12-54. Every company operating on a fixed track or tracks, freight or passenger trains or cars, shall provide protection to pedestrians and the traveling public at every crossing of its tracks by any public road. Such protection may be in the form of safety gates, flagmen, electric bell, electric signs or other recognized system of alarm or protection by the Board of Public Utility Commissioners.

When several crossings lie so close together that an audible signal at one crossing may be sufficiently heard at others near it, such crossings may be protected by such device or signals as will sufficiently protect all crossings in the group.
When on any line or part thereof all traffic is discontinued for any part of the night, no crossing guards need be operated while traffic is so discontinued.

This section shall not apply to street car lines or tracks used principally for street car purposes.

The provisions of this section shall be construed to be mandatory and shall be operative without order or direction of the board.

119. Section 48:12-55 of the Revised Statutes is amended to read as follows:

48:12-55. The Board of Public Utility Commissioners, upon its own initiative or upon the application of any municipality or citizen dissatisfied with the protection provided or the failure to provide any or sufficient protection at any crossing within such municipality or used by such citizen may by order compel proper compliance with section 48:12-54 of this Title. Such application shall be considered and acted upon in accordance with the board’s rules of practice.

120. Section 48:12-57 of the Revised Statutes is amended to read as follows:

48:12-57. Every railroad company shall place on each engine a bell weighing not less than 30 pounds which shall be rung continuously in approaching a grade crossing of a highway, beginning at a distance of at least 300 yards from the crossing and continuing until the engine has crossed such highway, or a whistle or horn operated by steam, air or electricity, which shall be sounded, except in cities, at least 300 yards from the crossing and at intervals until the engine has crossed the highway.

For every default the company operating such road shall pay a penalty of $100.00 to be sued for by any informer within 10 days after such penalty was incurred, 1/2 to go to the informer and 1/2 to the county wherein such default occurred. Nothing herein shall take away any remedy for such neglect from any person injured thereby.
121. Section 48:12-58 of the Revised Statutes is amended to read as follows:

48:12-58. Every railroad company shall install and maintain at each highway crossing at grade a conspicuous sign with such inscription and of such standard and design as shall be approved by the Board of Public Utility Commissioners, so as to be easily seen by travelers.

122. Section 48:12-62 of the Revised Statutes is amended to read as follows:

48:12-62. The railroad company or companies involved shall pay 15% and the board, out of funds to be provided for that purpose, shall pay 85% of the entire expense of such alterations, reconstructions, changes, relocation or opening, including damages to adjacent property and the cost of removing, relaying or relocating any municipal pipes, conduits or subways.

In lieu of the apportionment of expenses as set forth above, if the board finds that such alterations, reconstructions, changes, relocations or openings are necessary due to increased vehicular or pedestrian traffic within the limits of the municipality or county having jurisdiction over such public highways involved, the board may order such expenses to be paid as follows: 15% by the railroad company or companies involved, 15% by the municipality (or municipalities) or county (or counties) having jurisdiction over such public highways involved and 70% by the board.

The municipalities and counties involved are hereby authorized and empowered to make such payments.

123. Section 48:12-63 of the Revised Statutes is amended to read as follows:

48:12-63. Where the order of the board shall require changes in or the removal of the property or facilities of any other public utility, the public utility shall at its own expense move or change the location or grade of its property or facilities in conformity with such order; provided, that if funds are granted or allotted by the United States Gov-
ernment or any of its agencies, the board may, with the consent and approval of the Governor, allot and credit any or all of the funds so received toward the payment of the expenses to be borne by such utility or utilities. They shall be deemed parties in interest and be given notice of hearing and opportunity to be heard.

124. Section 48:12-64 of the Revised Statutes is amended to read as follows:

48:12-64. Nothing in this section shall exonerate any railroad company from carrying goods other than of the kind above mentioned that shall be offered to their agents for transportation on the terms prescribed by their respective charters or by the laws of this State.

143. Section 48:12-126 of the Revised Statutes is amended to read as follows:

48:12-126. After such lease, consolidation or merger the company or companies so acquiring such stock, property, franchises and road may use and operate such road as their own road and collect fares and freight as provided in the case of railroad companies organized under the laws of this State, but not in excess of the charges on the line of any of the consolidated or merged companies, nor in excess of the rates limited by any special act incorporating such company.
Such leasing, consolidation or merger may be made where the roads of the companies connect either directly or over the intervening line of one or more other railroad companies.

144. Section 48:12–131 of the Revised Statutes is amended to read as follows:

48:12–131. The several parties to any such agreement of consolidation or merger shall, from the time of the recording thereof in the office of the Secretary of State, be taken to be one railroad company by the name adopted in case of a consolidation or by the name of the acquiring company in case of a merger, possessing within this State all the rights and franchises and subject to all the restrictions, disabilities and duties of the companies of this State, or owning or operating any railroad in this State, so consolidated or merged and in case of a consolidation, if any of the constituent companies so consolidated was a corporation of this State, the new company formed by such consolidation shall be a corporation of this State or of this State and some other State or States.

All the rights, privileges and franchises of each of the companies parties to any such agreement of consolidation or merger and all rights-of-way, real estate and personal property, and all debts, stock subscriptions and other things in action of the companies consolidated or merged shall be taken to be transferred to the new or acquiring company without further act or deed and to be vested in the new or acquiring company as effectually as they were in the former companies.

The new or acquiring company may take land by purchase or condemnation in the same manner and to the same extent as companies organized under the laws of this State.

All rights of creditors and all liens upon property shall be preserved unimpaired and all debts, liabilities and duties of any of the former companies shall thenceforth attach to the new or acquiring company and be enforced against it to the same extent as if incurred by it.

48:12-132. Any stockholder of any company of this State who shall refuse to convert his stock into the stock or securities of the consolidated or acquiring company or who shall dissent from any merger or lease of the property and franchises of his company to another company, may at any time within 30 days after the adoption of the agreement by the stockholders of his company apply by complaint on reasonable notice to the company, or to the consolidated or acquiring company if the consolidation or merger shall have become effective, to the Superior Court who shall appoint 3 disinterested citizens of this State to estimate the damage if any done to the stockholder by such consolidation, merger or lease. Such appraisers shall also separately appraise the shares of the stockholders at the full market value thereof without regard to any depreciation or appreciation thereof in consequence of the consolidation, merger or lease. Their award when filed with the clerk of the Superior Court and confirmed by the Superior Court shall be final and conclusive.

The company, or the consolidated or acquiring company if the consolidation or merger shall have become effective, may, at its election, pay to the stockholder the amount of damages so found, if any, or the value of the stock so appraised and determined. Upon the payment of the value of his stock it shall be transferred and belong to the company, or to the consolidated or acquiring company if the consolidation or merger shall have become effective, as the case may be, to be disposed of by the directors or retained.

In case the value of the stock shall not be paid within 30 days after the confirmation of the award and notice to the company, or to the consolidated or acquiring company if the consolidation or merger shall have become effective, the damages so found and confirmed shall have the force and effect of a judgment of the Superior Court for such
damages against the company or, in the case of a consolidation or merger which shall have become effective, against the consolidated or acquiring company.

146. Section 48:12-134 of the Revised Statutes is amended to read as follows:

48:12-134. In all cases of merger or consolidation under this article, the consolidated or acquiring company may borrow an amount of money, sufficient to cover all the indebtedness of the companies united by such consolidation or merger and complete, extend, repair, improve and equip its railroad and furnish all necessary lands, personal property, engines, cars and equipment, and may issue bonds for the money borrowed secured by mortgage on its corporate property and franchises or any part thereof.

147. Section 48:12-137 of the Revised Statutes is amended to read as follows:

48:12-137. When any railroad company organized under the laws of this State shall, by agreement of lease, merger or consolidation, become possessed of a line of railroad between the termini named in its certificate of incorporation and cars are actually being operated thereon, and shall file a certificate of that fact with the State Treasurer over its corporate seal, signed by its president and attested by its secretary and verified by the affidavit of its treasurer, the State Treasurer shall repay to such company the sum of money deposited with the State Treasurer as required by section 48:12-8 of this Title or so much thereof as shall not have been already repaid. In case the company has become merged or consolidated, the sum shall be paid to the new or acquiring company formed by the consolidation or merger.

48:12-138. When a sale is made of a railroad in this State under execution or by force of a decree or judgment in foreclosure or insolvency proceedings or otherwise, or when a lease of a railroad is
made by a receiver by order of the Superior Court, the sale and conveyance or lease shall vest in the purchaser or lessee such title of the parties to the suit as the court may direct, and may include all property and franchises of the company subject to all conditions, limitations and restrictions.

149. Section 48:12-139 of the Revised Statutes is amended to read as follows:

48:12-139. The purchaser or lessee and his associates or assigns not less than 3 in number, may within 18 months after the sale or lease, organize as a railroad company under a different corporate name from that of the former company by filing and recording in the office of the Secretary of State a certificate that they accept the charter of the company whose property has been sold or leased and setting forth the further particulars required in a certificate of incorporation under this Title, so far as applicable. Such company shall have all the powers and franchises and be subject to all the restrictions, limitations and conditions of the former company.

In lieu of such acceptance of the former charter the purchaser or lessee may form a railroad company under the laws of this State at any time after the sale or lease. The new company may take conveyance of and operate such railroad with the franchises and powers by this chapter conferred in lieu of those granted by special charter.

150. Section 48:12-141 of the Revised Statutes is amended to read as follows:

48:12-141. Where suit is brought to foreclose a mortgage of the railroad and franchises of any railroad company of another State, any part of whose route, whether acquired by lease or otherwise, lies within this State, the suit in this State shall, so far as is consistent with the protection of parties having liens in this State, be conducted as auxiliary to the foreclosure suit in the State where the company is domiciled. The Superior Court may order the sale of property and franchises in this State to be made in such other State at the same time
and place as the foreclosure sale therein under such regulations as to advertisement or otherwise and on such terms as the Chancellor may direct.

No conveyance shall be made until confirmation of the sale by the Superior Court. The Superior Court may impose such terms as may be equitable upon the acquisition by the purchaser of the property and franchises of the company in the hands of the receiver, if any, in this State.

151. Section 48:12-142 of the Revised Statutes is amended to read as follows:

48:12-142. Where a new railroad company is formed in the State of the domicile of such former company by or on behalf of the purchasers, to take and operate the railroad and its franchises, the new company may, within 6 months after the sale, apply to the Superior Court in the foreclosure suit in this State by complaint containing a copy of its charter, certificate of incorporation or other documentary legal evidence, and the Superior Court on due proof may adjudge that the new company has been legally created and has acquired the property and franchises of the original company. A duly certified copy of the complaint, proceedings and judgment shall be filed in the office of the Secretary of State. Said record or a copy thereof, shall be evidence of the incorporation and rights in this State of the new company.

The purchasers at the official sale of the property and franchises may transfer them to the new company, or, if no conveyance has been made, may assign their bids, in which case the Superior Court may direct the receiver, master or officer to make conveyance to the new company on such terms as shall be equitable. The new company shall possess all powers of corporations organized under the laws of this State and all powers conferred by such laws on the company whose property and franchises were sold. The new company may enjoy the property and exercise the franchises so conveyed to it within this State as fully as if it were organized under the laws of this State, subject to all liens,
contracts, limitations, covenants and agreements relative to the mortgaged premises, property and franchises prior to the making of such mortgage. The filing of the record in the office of the Secretary of State shall operate as a covenant to perform such contracts, limitations, covenants and agreements.

152. Section 48:12-145 of the Revised Statutes is amended to read as follows:

48:12-145. If a railroad company shall fail or neglect to run daily trains on any part of its road for a space of 10 days the Superior Court, on petition of a citizen of this State and on due proof of the facts, may appoint a receiver who shall take possession of all of the real estate and personal property of the company and operate the road and transact the ordinary business thereof in the transportation of freight and passengers for such time as the Superior Court may direct.

All expenses incurred thereby shall be a first lien on all the earnings of the company prior to any other claim and the surplus if any shall be distributed as the Superior Court may direct. The receiver shall apply all unencumbered personal property not required in the operation of the road and all moneys transferred to him at the time of his appointment, towards the payment of wages then due to employees of the company, not exceeding 2 months’ wages.

This section shall not apply to a railroad at any seaside resort built principally for the transportation of summer travelers nor to a temporary suspension necessary to complete, reconstruct or change the grade of any railroad.

153. Section 48:12-146 of the Revised Statutes is amended to read as follows:

48:12-146. When a railroad company in this State shall become insolvent and its property shall have passed into the hands of a receiver by order of the Superior Court, the receiver shall operate the railroad for the use of the public, subject at all times to the order of the Superior Court. All expenses incident to the operation of the railroad
shall be a first lien on the receipts, to be paid before any other encumbrances whatever.

154. Section 48:12–147 of the Revised Statutes is amended to read as follows:

48:12–147. The receiver, appointed by the Superior Court, of an insolvent railroad company of this State, or of another State holding railroad franchises and property in this State, may, with the approval of the Superior Court, lease or sell the railroad with all its chartered rights, privileges and franchises.

The purchaser or lessee shall hold, use and enjoy the same during the residue of the term limited in the charter of the company or during the term in such lease specified as fully as the company could have enjoyed the same, subject to all the restrictions, limitations and conditions contained in the charter.

Where the railroad of an insolvent company lies partly in another State, the Superior Court may order the sale of any of its property or franchises at the same time or place, whether in or out of this State, of any official or foreclosure sale thereof out of this State. Such sale may be made in such manner that a purchase thereof may be made on one and the same bid by the purchaser of the property and franchises out of this State or otherwise as the Superior Court may direct, imposing on the purchaser such terms as shall be equitable.

The Superior Court may order the company to join with the receiver in the conveyance of the property and franchises.

155. Section 48:12–148 of the Revised Statutes is amended to read as follows:

48:12–148. No lease of a railroad shall be made by a trustee or receiver appointed by the Superior Court except upon a rental and adequate security for the payment of the same, both to be first approved by the Superior Court and a majority of the stockholders of the railroad in interest, upon such public notice to the parties in interest as the Superior Court shall direct.
156. Section 48:12–149 of the Revised Statutes is amended to read as follows:

48:12–149. When the Superior Court or a court of competent jurisdiction has adjudged a railroad company to be insolvent and appointed a receiver to wind up its affairs, the Superior Court or such court may, upon petition of such receiver and upon such notice as the Superior Court or court may require, order the State Treasurer to pay to the receiver any money of the company deposited with the State Treasurer at the time of its organization, or such part thereof as may remain on deposit.

Upon the making of such order the State Treasurer shall pay the money so deposited, or such part thereof as may remain in his hands, to the receiver who shall, after paying his expenses, distribute the balance to such creditors or stockholders as may by law be entitled to receive the same.

157. Section 48:12–151 of the Revised Statutes is amended to read as follows:

48:12–151. Actions by an executor or administrator for injuries causing the death of the testator or intestate shall be commenced and sued within 2 years next after the death, and not after. All actions for injury done to any property by fire communicated by an engine of any railroad company of any railroad within this State shall be commenced and sued within 2 years after the cause of action accrued, and not after, except that action for injury occurring after the effective date of this act shall be commenced within 6 years after the cause of action accrued, and not thereafter.

158. Section 48:12–166 of the Revised Statutes is amended to read as follows:
48:12-166. Any person who shall:

a. Travel or attempt to travel on any train on a railroad without having previously paid his fare and with intent to avoid payment thereof; or

b. Having paid his fare for a certain distance, knowingly and willfully proceed on such train beyond such distance without previously paying the additional fare for the additional distance, and with intent to avoid the payment thereof; or

c. Knowingly and willfully refuse or neglect on arriving at the point to which he has paid his fare to quit such train—

Shall for every such offense forfeit to the company running the train a sum not exceeding $5.00.

On complaint made on oath and after summary bearing of the facts and circumstances or on admission of the parties, any magistrate of the municipality where the offender may be arrested shall have jurisdiction to impose such fine with costs.

159. Section 48:13-9 of the Revised Statutes is amended to read as follows:

48:13-9. Every sewerage company organized under the laws of this State may enter upon lands in the neighborhood of the municipality which it is intended to supply with a sewerage system and make all such preliminary surveys, examinations, explorations, measurements and levelings as may be necessary for its corporate purposes, subject to the right of the owners to full compensation for damages to their lands.

Such pipes shall be laid at least 3 feet below the surface and shall not unnecessarily interfere with public travel or damage public or private property.

No consent shall be granted by the corporate authorities to such company to lay its pipes beneath such public roads, streets, avenues or alleys for the purposes aforesaid until a map and specifications of the proposed system of sewerage shall have been submitted to the State Department of Health and to the corporate authorities of any such municipality in which such system of sewerage is proposed, and the map and specifications shall have been approved by them.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 3 of the act of which this act is amendatory is amended to read as follows:

   3. Each applicant for such a license shall file with the clerk of the municipality a written application therefor in the form prescribed in said rules and regulations, duly executed and verified, in which shall be stated the name and address of the applicant, together with sufficient facts relating to its incorporation and organization if the applicant be a corporation or organization; the specific kind of

Every such license so issued shall be inoperative unless the licensee named therein shall also procure a State license authorizing the licensee holding the municipal license to operate and conduct certain games according to the terms of such municipal license. The said State license shall be issued by the State Amusement Games Control Commissioner, if he find that all of the conditions, terms and requirements of this act and of said rules and regulations have been fully met and complied with. As a condition of granting any such State license the applicant therefor shall pay to the said commissioner an annual fee of $100.00. If any such municipal license authorizes the licensee to conduct and operate games at more than one place or of more than one specific kind the applicant for the State license shall pay the said annual fee of $100.00 for each such place and for each such specific kind.

2. Section 4 of the act of which this act is amendatory is amended to read as follows: 4. Such application may be made upon the expiration of a period of 5 years from the date of conviction or, if the applicant had been confined under sentence imposed as a result of the conviction, from the date of unrevoked release from that confinement. If the commissioner shall find that the applicant has conducted himself in a law abiding manner since his conviction or release
from confinement and that the association of the applicant will not be contrary to the public interest, the commissioner shall remove such disqualification.

Whenever any change shall occur in the facts as set forth in any application for license, the licensee shall file with the municipal governing body and the commissioner a notice in writing of such change within 10 days after the occurrence thereof, and said notice of change shall thereupon become part of said application.

(1) A security interest cannot attach until there is agreement (subsection (3) of 12A:1-201) that it attach and value is given and the debtor has rights in the collateral. It attaches as soon as all of the events in the preceding sentence have taken place unless explicit agreement postpones the time of attaching.

(2) For the purposes of this section the debtor has no rights

   (a) (deleted by amendment)
   (b) in fish until caught, in oil, gas or minerals until they are extracted, in timber until it is cut;
   (c) in a contract right until the contract has been made;
   (d) in an account until it comes into existence.

(5) Obligations covered by a security agreement may include future advances or other value whether or not the advances or value are given pursuant to commitment.

2. Section 12A:9-302 of the New Jersey Statutes is amended to read as follows:

(2) If a secured party assigns a perfected security interest, no filing under this chapter is required in order to continue the perfected status of the security interest against creditors of and transferees from the original debtor.

(3) The filing provisions of this chapter do not apply to a security interest in property subject to a statute

(a) of the United States which provides for a national registration or filing of all security interests in such property; or

(b) of this State which provides for central filing of, or which requires indication on a certificate of title of, such security interests in such property.

(4) A security interest in property covered by a statute described in subsection (3) can be perfected only by registration or filing under that statute or by indication of the security interest on a certificate of title or a duplicate thereof by a public official.

3. Section 12A:9-307 of the New Jersey Statutes is amended to read as follows:

(1) A buyer in ordinary course of business (subsection (9) of 12A:1-201) other than a person buying farm products from a person engaged in farming operations takes free of a security interest created by his seller even though the security interest is perfected and even though the buyer knows of its existence.

(2) In the case of consumer goods and in the case of farm equipment having an original purchase price not in excess of $500.00 (other than fixtures, see 12A:9-313), a buyer takes free of a security interest even though perfected if he buys without
knowledge of the security interest, for value and for his own personal, family or household purposes or his own farming operations unless prior to the purchase the secured party has filed a financing statement covering such goods.

4. Section 12A:9-312 of the New Jersey Statutes is amended to read as follows:

12A:9-312. Priorities among conflicting security interests in the same collateral.

(1) The rules of priority stated in the following sections shall govern where applicable: 12A:4-208 with respect to the security interest of collecting banks in items being collected, accompanying documents and proceeds; 12A:9-301 on certain priorities; 12A:9-304 on goods covered by documents; 12A:9-306 on proceeds and repossessions; 12A:9-307 on buyers of goods; 12A:9-308 on possessor against nonpossessor interests in chattel paper or nonnegotiable instruments; 12A:9-309 on security interests in negotiable instruments, documents or securities; 12A:9-310 on priorities between perfected security interests and liens by operation of law; 12A:9-313 on security interests in fixtures as against interests in real estate; 12A:9-314 on security interests in accessions as against interest in goods; 12A:9-315 on conflicting security interests where goods lose their identity or become part of a product; and 12A:9-316 on contractual subordination.

(2) (deleted by amendment)

(3) A purchase money security interest in inventory collateral has priority over a conflicting security interest in the same collateral if

(a) the purchase money security interest is perfected at the time the debtor receives possession of the collateral; and

(b) any secured party whose security interest is known to the holder of the purchase money security interest or who, prior to the date of the filing made by the holder of the purchase money security interest, had filed a financing
statement covering the same items or type of inventory, has received notification of the purchase money security interest before the debtor receives possession of the collateral covered by the purchase money security interest; and

(c) such notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within 10 days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subsections (3) and (4) of this section), priority between conflicting security interest in the same collateral shall be determined as follows:

(a) in the order of filing if both are perfected by filing, regardless of which security interest attached first under 12A:9-204(1) and whether it attached before or after filing;

(b) in the order of perfection unless both are perfected by filing, regardless of which security interest attached first under 12A:9-204(1) and, in the case of a filed security interest, whether it attached before or after filing; and

(c) in the order of attachment under 12A:9-204(1) so long as neither is perfected.

(6) For the purpose of the priority rules of the immediately preceding subsection, a continuously perfected security interest shall be treated at all times as if perfected by filing if it was originally so
perfected and it shall be treated at all times as if perfect ed otherwise than by filing if it was originally perfected otherwise than by filing.

5. Section 12A:9-403 of the New Jersey Statutes
is amended to read as follows:

12A:9-403. What constitutes filing; duration of filing; effect of lapsed filing; duties of filing officer.

(1) Presentation for filing of a financing statement, tender of the filing fee and acceptance of the statement by the filing officer constitutes filing under this chapter.

(2) A filed financing statement which states a maturity date of the obligation secured of 5 years or less is effective until such maturity date and thereafter for a period of 60 days. Any other filed financing statement is effective for a period of 5 years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of such 60-day period after a stated maturity date or on the expiration of such 5-year period, as the case may be, unless a continuation statement is filed prior to the lapse. Upon such lapse the security interest becomes unperfected. A filed financing statement which states that the obligation secured is payable on demand is effective for 5 years from the date of filing.

(3) A continuation statement may be filed by the secured party (i) within 6 months before and 60 days after a stated maturity date of 5 years or less, and (ii) otherwise within 6 months prior to the expiration of the 5-year period specified in subsection (2). Any such continuation statement must be signed by the secured party, identify the original statement by file number and state that the original statement is still effective. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for 5 years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same
manner to continue the effectiveness of the original statement.

(4) A filing officer shall mark each statement with a consecutive file number and with the date and hour of filing and shall hold the statement for public inspection. In addition, the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement. A financing statement covering collateral which is or is to become a fixture or fixtures, or crops growing or to be grown, shall also be indexed in the name of the record owner of the realty.

(5) The uniform fee for filing, indexing and furnishing filing data for an original or a continuation statement or any amendment of either shall be $3.00.

6. Section 12A:9-404 of the New Jersey Statutes is amended to read as follows:

(1) Whenever there is no outstanding secured obligation and no commitment to make advances, incur obligations or otherwise give value, the secured party must on written demand by the debtor send the debtor a statement that he no longer claims a security interest under the financing statement, which shall be identified by the filing officer’s file number. A termination statement signed by a person other than the secured party of record must include or be accompanied by the assignment or a statement by the secured party of record that he has assigned the security interest to the signer of the termination statement. The uniform fee for filing and indexing such an assignment or statement thereof shall be $3.00. If the affected secured party fails to send such a termination statement within 10 days after proper demand therefor he shall be liable to the debtor for $100.00, and in addition for any loss caused to the debtor by such failure.

(2) On presentation to the filing officer of such a termination statement he must note it in the index
and attach it to the original financing statement. The filing officer shall mark terminated the financing statement and any continuation statement, statement of assignment, or statement of release, pertaining thereto.

(3) The uniform fee for filing, attaching and indexing a termination statement including sending or delivering the financing statement shall be $1.00.

7. Add a new section to be known as 12A:9-408, as follows:

12A:9-408. Destruction of old records.

Unless otherwise provided by law, or unless a filing officer has notice of an action pending relative thereof, he may remove from the files and destroy (a) a lapsed financing statement, a lapsed continuation statement, a statement of assignment or release relating to either and any index of any of them, one year or more after lapse; and (b) a termination statement and the index on which it is noted, one year or more after the filing of the termination statement.

(1) Where the seller discovers the buyer to be insolvent he may refuse delivery except for cash including payment for all goods theretofore delivered under the contract, and stop delivery under this chapter (12A:2-705).

(2) Where the seller discovers that the buyer has received goods on credit while insolvent he may
reclaim the goods upon demand made within 10 days after the receipt, but if misrepresentation of solvency has been made to the particular seller in writing within 3 months before delivery the 10 day limitation does not apply. Except as provided in this subsection the seller may not base a right to reclaim goods on the buyer’s fraudulent or innocent misrepresentation of solvency or of intent to pay.

(3) The seller’s right to reclaim under subsection (2) is subject to the rights of a buyer in ordinary course or other good faith purchaser under this chapter (12A:2-403). Successful reclamation of goods excludes all other remedies with respect to them.

2. Section 12A:3–122 of the New Jersey Statutes is amended to read as follows:

(1) A cause of action against a maker or an acceptor accrues

(a) in the case of a time instrument on the day after maturity;
(b) in the case of a demand instrument upon its date or, if no date is stated, on the date of issue.

(2) A cause of action against the obligor of a demand or time certificate of deposit accrues upon demand, but demand on a time certificate may not be made until on or after the date of maturity.

(3) A cause of action against a drawer of a draft or an indorser of any instrument accrues upon demand following dishonor of the instrument. Notice of dishonor is a demand.

(4) Unless an instrument provides otherwise, interest runs at the rate provided by law for a judgment

(a) in the case of a maker, acceptor or other primary obligor of a demand instrument, from the date of demand;
Section 12A:9-401 of the New Jersey Statutes is amended to read as follows:

12A:9-401. Place of Filing; Erroneous Filing; Removal of Collateral.

(1) The proper place to file in order to perfect a security interest is as follows:

(a) when the collateral is consumer goods, or equipment used in farming operations, or farm products, or accounts, contract rights or general intangibles arising from or relating to the sale of farm products by a farmer, then in the office of the recording officer of the county of the debtor's residence or if the debtor is not a resident of this State, then in the office of the recording officer of the county where the goods are kept, and in addition to the foregoing requirements, when the collateral is crops, in the office of the recording officer of the county where the land on which the crops are growing or to be grown is located. The recording officer of the county means the register of deeds and mortgages and his office in counties having such an officer and office, and the county clerk and his office in other counties;

(b) when the collateral is goods which at the time the security interest attaches are or are to become fixtures, then in the office where mortgage on the real estate concerned would be filed or recorded;

(c) In all other cases, in the office of the Secretary of State.

(2) A filing which is made in good faith in an improper place or not in all of the places required by this section is nevertheless effective with regard to any collateral as to which the filing complied with the requirements of this chapter and is also effective with regard to collateral covered by the financing statement against any person who has
knowledge of the contents of such financing statement.

(3) A filing which is made in the proper place in this State continues effective even though the debtor's residence or place of business or the location of the collateral or its use, whichever controlled the original filing, is thereafter changed.

(4) If collateral is brought into this State from another jurisdiction, the rules stated in 12A:9-103 determine whether filing is necessary in this State.

4. Section 12A:9-402 of the New Jersey Statutes is amended to read as follows:

(1) A financing statement is sufficient if it is signed by the debtor and the secured party, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor and contains a statement indicating the types, or describing the items, of collateral. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers crops growing or to be grown or goods which are or are to become fixtures, the statement must also contain a description of the real estate concerned and the name of the record owner thereof. A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by both parties.

(2) A financing statement which otherwise complies with subsection (1) is sufficient although it is signed only by the secured party when it is filed to perfect a security interest in

(a) collateral already subject to a security interest in another jurisdiction when it is brought into this State. Such a financing statement must state that the collateral was brought into this State under such circumstances.
(b) proceeds under 12A:9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral.

(3) A form substantially as follows is sufficient to comply with subsection (1):

CHAPTER 219

An Act to amend "An act concerning banking and banking institutions (Revision of 1948)," approved April 29, 1948 (P. L. 1948, c. 67).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 25 of the act of which this act is amendatory is amended to read as follows:

25. Additional powers of banks.

In addition to the powers specified in section 24, every bank shall, subject to the provisions of this act, have the following powers, whether or not such powers are specifically set forth in its certificate of incorporation:

(1) to discount, buy, invest in, hold, assign, transfer, sell, and negotiate promissory notes, drafts, bills of exchange, mortgages, trade acceptances, bankers’ acceptances, bonds, debentures, bonds or notes secured by mortgages, installment obligations, balances due on conditional sales, and other evidences of debt for its own account, or for the account of customers;

(2) to accept for payment at future dates drafts drawn upon it by its customers;

(3) to issue letters of credit authorizing holders thereof to draw drafts upon it or upon its correspondents at sight or on time not exceeding one year; to guarantee, for a period not exceeding one year from the date of such guarantee, the payment by its customers of amounts due or to become due upon the purchase by such customers of real or personal property;

(4) to receive interest and non-interest bearing demand and time deposits to be repaid on such terms as may be agreed upon between the depositors and the bank, and to furnish security for such deposits when required by the laws of this
State or of the United States, or by rules or orders of any court of this State or of the United States or by the regulations of an officer or agency of this State or of the United States, made pursuant to such law; provided, that, no bank shall be required to give security for deposits made by this State, or any political subdivision thereof, or any other body politic existing under the laws of this State, to the extent that such deposits are insured under any Federal legislation providing for the insurance of bank deposits;

(5) to maintain savings departments for the receipt of interest and non-interest bearing deposits to be repaid on such terms as may be agreed upon between the depositors and the bank, and to commingle such deposits with deposits otherwise received;

(6) during hours other than the bank’s usual hours for receipt of deposits, to provide the equipment for receiving, and to receive containers purporting to contain moneys or instruments for the payment of money;

(7) to make loans, secured or unsecured, including loans to its stockholders;

(9) to buy and sell gold and silver bullion, foreign coin, and exchange;

(10) to purchase and sell stocks of other corporations, without recourse, solely upon order and for the account of customers. This paragraph shall not limit the power of a bank to take stocks of other corporations as collateral security for loans, discounts, or other extensions of credit, or to acquire such stocks when their acquisition is necessary to prevent or minimize loss upon debts previously contracted in good faith. Stocks acquired pursuant to this paragraph shall be sold within 5 years after their acquisition, except that the commissioner may, by order, extend the time within which sales of
stocks described in such order shall be made; but this paragraph shall not invalidate the holding of any stocks lawfully acquired on or before the effective date of this act. This paragraph shall not apply to any case in which, pursuant to any other provision of this act, or pursuant to any other act, a bank is expressly authorized to subscribe for, purchase or otherwise acquire or hold stocks;

(11) to receive any tangible personal property for safekeeping and storage on the terms provided by chapter 7 of Title 12A of the New Jersey Statutes, and to keep, maintain, and rent out for hire, space for the storage and safekeeping of personal property of such kind and description, or represented by the depositor thereof to be of such kind and description, as the commissioner may by regulation from time to time prescribe; but nothing herein contained shall limit the power of a bank to let space for the storage and safekeeping of personal property to which the bank has security title or in which it has a lien interest;

(12) to avail itself of the provisions of any Federal legislation providing for the extension of any lawful banking activity in the making of loans or the extension of credit to individuals, or for the financing of business enterprises, or in such other banking activity as may be specified in such legislation and made available for participation by banks; except that the power by this paragraph conferred shall not be exercised unless the commissioner shall make a general order authorizing such participation upon such terms and conditions as may in such order be prescribed;

(13) to act as the fiscal agent of the United States, and of any corporation, and of any State, county, municipality, board, commission or other body politic, and to perform all duties as such fiscal agent as may lawfully be required of it;

(14) to assist customers or act for customers in the preparation, handling and disbursement of payrolls and payroll deductions and in the preparation, maintenance and furnishing of records and statistical information in connection therewith.

Every bank shall issue to each of its stockholders a certificate or certificates signed by the president or a vice-president and by the cashier or an assistant cashier or the secretary or an assistant secretary, evidencing the number of shares of the capital stock of the bank held by him. If a certificate is signed on behalf of the bank by a transfer clerk or transfer agent, the signature of the president or a vice-president may be a facsimile.

L. 1951, c. 139).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Subject to the provisions of this act, any resident of New Jersey who has attained the age of 65 years, who is not a recipient of old age assistance, and whose income and resources are insufficient to meet the costs of health services provided under this act, shall be entitled to receive medical assistance from the county welfare board of the county in which he resides.

2. For the purposes of this act "medical assistance" means payment for and on behalf of eligible individuals of part or all of the costs of the following services to the extent authorized in regulations adopted pursuant to this act:
   (a) in-patient hospital ward services;
   (b) skilled nursing home services; and
(e) home health care services required by reason of an illness necessitating confinement at home for a prolonged period.

3. There may be included in a grant of medical assistance for any of the services set forth in section 2:

   (b) the cost of prosthetics and appliances; and
   (c) the cost of a reasonable allowance for personal incidental expenses; provided, however, that such costs cannot be met through other resources available to the individual or through any other program of public assistance.

4. Medical assistance shall be administered in accordance with the provisions of chapter 7 of Title 44 of the Revised Statutes, excepting sections 44:7-3, 44:7-5, 44:7-14 through 44:7-16, and 44:7-25.

5. No grant of medical assistance shall be made prior to the filing of an application therefor, and the making of an investigation to determine eligibility and the extent of need. No grant of medical assistance shall include any costs for services incurred prior to the date of the application, except costs for in-patient hospital services incurred within 30 days of the date of the application and subsequent to the effective date of this act.

6. Under general policies established by the State Board of Control, the Commissioner of Institutions and Agencies is authorized, directed and empowered to issue, or to cause to be issued by the appropriate departmental officers or agencies, all necessary rules and regulations and administrative orders, and to do or cause to be done all other acts and things necessary to secure for the State of New Jersey the maximum Federal financial participation that is available with respect to a program of medical assistance for the aged and otherwise to accomplish the purposes of this act, including specifically the following:

(g) to prescribe appropriate services which shall be made available by or utilized by the county welfare boards for the purposes of effecting, so far as possible, cure and rehabilitation;
(h) to prescribe methods and procedures for repayment or recovery of medical assistance granted;
provided, however, that no lien may be imposed against the property of any individual prior to his death on account of medical assistance granted or to be granted under this act (except pursuant to the judgment of a court on account of assistance incorrectly paid on behalf of such individual), and that there shall be no adjustment or recovery (except, after the death of such individual and his surviving spouse, if any, from such individual's estate) of any medical assistance correctly paid on behalf of such individual under this act.

7. The State shall pay to each county welfare board the full amount of any funds received by the State from the Federal Government as Federal participation with respect to expenditures made by such county welfare board for medical assistance for the aged, plus an additional amount equal to 60% of the balance of such expenditures after deducting the amount of such Federal participation.

The State shall also pay to each county welfare board the full amount of any funds received by the State from the Federal Government as Federal participation with respect to the costs of administration of the program of medical assistance for the aged by such county welfare board.

8. 2. This act shall take effect immediately.

Approved January 14, 1963.
CHAPTER 224

An Act concerning acquisition in the public interest of lands and other property disposed of by the Federal Government and the development or redevelopment, use and disposition thereof, and amending the title and body of the act entitled "An act relating to the authorization, acquisition, financing and operation, by or on behalf of any county, of lands, structures, and other property and facilities for certain public purposes, and providing for the creation of authorities as public bodies corporate and politic to undertake the same, establishing the powers of such authorities and of other public bodies with respect thereto, and providing for the issuance of bonds and other obligations therefor and for rents, charges and other means to meet the expense thereof, and supplementing Title 40 of the Revised Statutes" approved January 18, 1961 (P. L. 1960, c. 183).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. It is hereby found and declared: (a) that there are located within this State various Federal installations comprising substantial tracts of land and buildings and other improvements thereon; (b) that, as the defense and other requirements and plans of the Federal Government continue to change and develop, large areas of such lands are liable to become surplus to the needs of the Federal Government and it is probable that such surplus areas will from time to time be disposed of by the Federal Government and become available for other use and development; (c) that, unless developed or redeveloped in the public interest on a comprehensive basis and under
appropriate controls, any such surplus land, when so disposed of by the Federal Government, will constitute or be in danger of becoming a blighted area which will impair economic values and tax revenues, result in increased unemployment, and cause an increase in and spread of poverty, disease and crime, and accordingly be a menace to the health, safety, morals and welfare of residents of this State necessitating excessive and disproportionate expenditure of public funds for relief, crime prevention and punishment, public health and safety, and other public services and facilities; (d) that the several counties of this State, by means and through the agency of a county improvement authority, are best qualified and able to provide for public acquisition of such surplus lands and accordingly the orderly development and redevelopment thereof in the public interest in order to remove or prevent the conditions hereinabove recited and to encourage industrial, commercial, residential or other proper uses of such lands or restore or increase employment opportunities for residents of this State; and (e) that the acquisition of such surplus lands and development or redevelopment thereof as aforesaid are public uses and purposes for which public funds may be expended and private property taken or acquired, and are governmental functions of State concern. The necessity in the public interest for the provisions hereinafter enacted is hereby declared as a matter of legislative determination.

2. The title of the act entitled "An act relating to the authorization, acquisition, financing and operation, by or on behalf of any county, of lands, structures, and other property and facilities for certain public purposes, and providing for the creation of authorities as public bodies corporate and politic to undertake the same, establishing the powers of such authorities and of other public bodies with respect thereto, and providing for the issuance of bonds and other obligations therefor and for rents, charges and other means to meet the
expense thereof, and supplementing Title 40 of the Revised Statutes” approved January 18, 1961 (P. L. 1960, c. 183) is amended to read as follows:

7. Section 22 of said act is amended to read as follows:

22. If the bond resolution of an authority authorizing or providing for the issuance of a series of its bonds shall provide in substance that the holders of the bonds of such series shall be entitled to the benefits of section 21 of this act and shall further provide in substance that any trustee appointed pursuant to said section or having the powers of such a trustee shall have the powers provided by this section, then such trustee, whether or not all of the bonds of such series shall have been declared due and payable, shall be entitled to the appointment of a receiver of the public facility or facilities of the authority, and such receiver may enter upon and take possession of such public facility or facilities and, subject to any pledge or contract with the holders of bonds of the authority, shall take possession of all moneys and other property derived from or applicable to the acquisition, construction, operation, maintenance, reconstruction, sale, lease or disposition of such public facility or facilities and proceed with such acquisition, construction, operation, maintenance, reconstruction, sale, lease or disposition which the authority is under any obligation to do, and operate, maintain, reconstruct,
and prosecute such public facility or facilities and fix, charge, collect, enforce and receive the facility charges and all facility revenues and other moneys thereafter arising subject to any pledge thereof or contract with the holders of bonds relating thereto and perform the public duties and carry out the contracts and obligations of the authority in the same manner as the authority itself might do and under the direction of the court.

8. Section 37 of said act is amended to read as follows:

37. For the purpose of aiding an authority in the planning, undertaking, acquisition, construction or operation of any public facility, the county may, pursuant to resolution duly adopted by its governing body in the manner provided for adoption of a bond ordinance as provided in the local bond law and with or without consideration and upon such terms and conditions as may be agreed to by and between the county and the authority, unconditionally guarantee the punctual payment of the principal of and interest on any bonds of the authority. Any guaranty of bonds of an authority made pursuant to this section shall be evidenced by endorsement thereof on such bonds, executed in the name of the county and on its behalf by such officer thereof as may be designated in the resolution authorizing such guaranty, and such county shall thereupon and thereafter be obligated to pay the principal of and interest on said bonds in the same manner and to the same extent as in the case of bonds issued by it. Any such guaranty of bonds of an authority may be made, and any resolution authorizing such guaranty may be adopted, notwithstanding any statutory debt or other limitations, including particularly any limitation or requirement under or pursuant to the local bond law, but the principal amount of bonds so guaranteed, shall, after their issuance, be included in the gross debt of such county for the purpose of determining the indebtedness of such county under or pursuant to the local bond law. The principal
amount of said bonds so guaranteed and included in gross debt shall be deducted and is hereby declared to be and to constitute a deduction from such gross debt under and for all the purposes of said local bond law (a) from and after the time of issuance of said bonds until the end of the fiscal year beginning next after the completion of acquisition or construction of the public facility to be financed from the proceeds of such bonds and (b) in any annual debt statement filed pursuant to said local bond law as of the end of said fiscal year or any subsequent fiscal year if the revenues or other receipts or moneys of the authority in such year are sufficient to pay its expenses of operation and maintenance in such year and all amounts payable in such year on account of the principal and interest on all such guaranteed bonds, all bonds of the county issued as provided in section 36 of this act, and all bonds of the authority issued under this act.

9. Section 43 of said act is amended to read as follows:

43. The State of New Jersey does hereby pledge to and covenant and agree with the holders of any bonds issued pursuant to a bond resolution of an authority adopted pursuant to this act that the State will not limit or alter the rights hereby vested in the authority to acquire, construct, maintain, reconstruct, operate, sell, lease or dispose of any public facility or to fix, establish, charge and collect its facility charges or other moneys and to fulfill the terms of any agreement made with the holders of such bonds or other obligations, so as to in any way impair the rights or remedies of such holders, and will not modify in any way the exemptions from taxation provided for in this act, until the bonds, together with interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged or provided for.

10. This act shall take effect immediately.

Approved January 14, 1963.

CHAPTER 227

AN ACT to amend the "Banking Act of 1948," approved April 29, 1948 (P. L. 1948, c. 67).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 181 of the act of which this act is amendatory is amended to read as follows:

181. Mortgage loans.

A-1. A savings bank may make or invest in mortgage loans in the manner and subject to the limitations prescribed by this section. For the purposes of this section, "mortgage loan" shall include every indebtedness secured by mortgage on real property, or on a lease of the fee of real property (in any case in which such lease is lawful security for such mortgage loan), except as otherwise provided by subsection Q of this section, and a savings bank shall be deemed to have made a mortgage loan when

(a) it lends or participates in lending money to a borrower upon the security of real property; or

(b) it acquires, by purchase or otherwise, a mortgage loan or any share or part of or interest in a mortgage loan which is not subordinate to any share or part thereof or interest therein held by any other person.

A savings bank may sell, assign or otherwise dispose of a share or part of or interest in a mortgage loan held by it to any other person.

A-2. For all purposes of compliance with the applicable provisions and restrictions of subsections D, E, F and G of this section as to the percentage of the mortgage loan to the appraised value of the mortgaged property, and the term of and rate of amortization of such loan, the date of the acquisition by a savings bank of a mortgage loan or a share or part thereof or interest therein shall, as respects such savings bank, be deemed to be the
date as of which the mortgage loan was made, and the unpaid amount of the principal then due shall be deemed to be the amount of such mortgage loan.

B. No savings bank shall make a mortgage loan at any time when the total cost of acquisition by the savings bank of all real property owned by it, other than real property held for the purposes specified in subparagraph (a) of paragraph (5) of section 24, and the total of all principal balances owing to the savings bank on mortgage loans, less all write-offs and reserves with respect to such real property and mortgage loans, together exceeds, or by the making of such loan will exceed, 80% of its deposits. For the purposes of this subsection, principal balances owing on mortgage loans made pursuant to subsection Q(1) of this section shall, only to the extent of the unguaranteed portion of such balances, and loans made pursuant to subsection Q(2) of this section shall, only to the extent of 50% of such balances, be included in the total of all principal balances owing to the savings bank on mortgage loans.

C. Every mortgage loan shall be evidenced by a note or bond, and shall be secured by a mortgage on the fee of real property located within this State, or, if outside this State, upon the fee of real property located within 50 miles of the principal office of the savings bank. Every mortgage shall be certified to be a first lien by an attorney-at-law of the State in which the real property is located, or certified or guaranteed to be a first lien by a corporation authorized to guarantee titles to land in such State. For the purposes of this section, a mortgage shall be deemed to be a first lien, notwithstanding the existence of a prior mortgage or mortgages held by the savings bank, or a lien for current taxes or assessments not due or payable at the time the loan is made, and notwithstanding the existence of leases, building restrictions, easements, encroachments, or covenants which, in the opinion of an officer of the savings bank designated for that purpose by the board of managers, do not materially
CHAPTER 227, LAWS OF 1962

 lessen the value of the real property to be mortgaged.

D. When the real property offered as security for a mortgage loan consists of a lot of land upon which there is 1 or more 1-family dwellings including appropriate garages or other outbuildings, if any, or upon which such a dwelling or dwellings, garages or outbuildings are in the course of construction or are to be constructed, the amount of the mortgage loan shall not exceed (a) 70% of the appraised value of the real property, or $35,000.00 whichever is lesser; or (b) 80% of the appraised value of the real property, or $25,000.00, whichever is lesser.

E. When the real property offered as security for a mortgage loan consists of a lot of land upon which there is 1 or more 2-, 3-, or 4-family dwellings including appropriate garages or other outbuildings, if any, or upon which such a dwelling or dwellings and appropriate garages or other outbuildings are in the course of construction or are to be constructed, the amount of the mortgage loan shall not exceed 80% of the first $30,000.00 of the appraised value of the real property, plus 50% of the excess, if any, of such appraised value over $30,000.00.

F. The instrument evidencing a mortgage loan made pursuant to either subsection D or subsection E of this section shall require that

(1) interest shall be paid on such loan monthly, and that equal monthly payments be made in reduction of such loan of an annual rate equal to at least 4% of the original amount of such loan; or

(2) that a constant sum be paid monthly in an amount sufficient for current interest and for the payment of the loan in full in not more than 25 years and 1 month from the making of such loan.

G. When the real property offered as security for a mortgage loan consists of a lot of land upon which there is a building or buildings other than dwellings of the nature described in subsections D and E of this section, or upon which such other buildings are in the course of construction or are
to be constructed, or when such land is paved for parking lot purposes, the amount of the mortgage loan shall not exceed 66% of appraised value of such real property. The instrument evidencing a mortgage loan made pursuant to this subsection shall require that the loan be repaid in full in not more than 10 years and 1 month from the date it is made, except that in the case of dwellings consisting of 5 or more dwelling units, the instrument shall require that the loan be repaid in full in not more than 25 years and 1 month from the date it is made; and (a) if the amount of such loan, when made, exceeds 50% of the appraised value of the real property, that payments shall be made in reduction thereof at least semiannually, at an annual rate equal to at least 2% of the original amount of such loan; or (b) if the amount of such loan, when made, does not exceed 50% of the appraised value of the real property, that payments shall be made in reduction thereof at least semiannually, at an annual rate equal to at least 1% of the original amount of such loan. When, however, the amount of such loan does not, when made, exceed 50% of the appraised value of such real property, and the instrument evidencing such loan requires that it be paid in full in not more than 5 years and 1 month from the date it is made, the instrument need not require that any payment be made in reduction of such loan prior to its maturity date. Notwithstanding the limitations prescribed by subsections D and E and hereinabove in this section, a savings bank may make a mortgage loan secured by a lot of land or 2 or more lots of land, contiguous or not, upon each of which there is a building or buildings, or upon each of which a building or buildings are in the course of construction or are to be constructed. The limitations of this section governing the term of the loan, rate of amortization, and the percentage of the mortgage loan to the appraised value of each type of building, including land, shall apply.

H. When the real property offered as security for a mortgage loan is of the nature described in
subsection D or E of this section, and the amount of the loan does not exceed $66\%$ of the appraised value of such real property, the instrument evidencing such loan shall be sufficient if it conforms to the requirements of either subsection F or subsection G of this section.

I. A mortgage loan may be made for the purpose of enabling a borrower to construct a building or buildings upon real property owned by him, and, in such a case, the appraised value of the real property shall include the value of the building or buildings to be constructed, but at no time shall a greater sum be advanced on account of such loan than, in the opinion of (1) the appraisers hereinafter provided for, or (2) 1 of such appraisers and an officer of the savings bank designated for that purpose by the board of managers, is warranted by the state of completion of the buildings in process of construction. For the purposes of compliance with the applicable requirements of subsection F or G of this section as to the term of and the rate of amortization of a loan made pursuant to this section, such loan shall be deemed to have been made when the final advance shall be made to the borrower on such loan, or 18 months from the date of the mortgage securing such loan, whichever is earlier.

J. When the real property offered as security for a mortgage loan consists of unimproved land, and the proceeds of such loan are not to be used to construct a building on such land, the amount of such loan shall not exceed 40% of the appraised value of such real property. The instrument evidencing a loan made pursuant to this subsection shall require that such loan be paid in full in not more than 10 years and 1 month from the date it is made. No loan made pursuant to this subsection shall exceed $10,000.00, or $750 of 1% of the deposits of the savings bank, whichever is greater; nor shall any loan be made at any time when the total of all such loans exceeds, or if the making of such loan
would cause such total to exceed 1% of the deposits of the savings bank.

K. No mortgage loan shall be made except upon a written certification signed by at least 2 persons, each of whom shall be either a manager of the bank or an appraiser appointed by its board of managers. In the case of a mortgage loan secured by a mortgage upon real property, such certification shall state the opinion of such persons as to the value of the land and the improvements thereon or to be erected thereon and the character of such improvements. In the case of a mortgage loan secured by a mortgage upon a lease of the fee of real property, such certification shall state the opinion of such persons as to the value of the leasehold interest to be subject to the mortgage, including the leasehold interest in the improvements erected or to be erected upon the leased property and the character of such improvements. Such certification shall be filed with the records of the bank, and shall be preserved until the savings bank has no interest, as mortgagee or otherwise, in the real property.

L. Purchase money mortgage loans made by a savings bank on the sale of real property owned by it shall not be subject to the preceding subsections or to subsection P of this section, except that such loans shall be included in determining whether the total amount of mortgage loans held by a savings bank exceeds 80% of its deposits.

M. No savings bank shall make a mortgage loan secured by a mortgage upon a lease of the fee of real property unless

(1) the leased property is located within this State or, if outside this State, the leased property is located within 50 miles of the border of this State;

(2) the leased property shall consist of improved real property, including farm lands, or unimproved real property if the proceeds of such loan shall be used for the purpose of erecting improvements thereon;
(3) the mortgage securing such loan shall constitute a first lien on a lease of the fee of real property, which fee is not subject to any prior lien; the fee shall be deemed not subject to any prior lien notwithstanding the existence of liens of taxes which are not delinquent, building restrictions or other restrictive covenants or conditions, joint driveways, sewer rights, rights in walls, rights of way or other easements, or encroachments, which the persons signing the certificate provided for in subsection K of this section report in their opinion do not materially affect the security for the mortgage loan. Every mortgage shall be certified to be such a first lien by an attorney-at-law of the State in which the real property is located, or certified or guaranteed to be such a first lien by a corporation authorized to guarantee titles to land in such State;

(4) such loan shall not exceed 66⅔% of the appraised value of the leasehold interest subject to the mortgage, including the leasehold interest in the improvements erected upon the mortgaged property, or to be erected thereon wholly or partly with the proceeds of the mortgage loan; and

(5) the instrument evidencing the loan shall require that payment be made on account of the principal amount of such loan at an annual rate sufficient to repay such loan not later than 1 year prior to the expiration of the lease.

N. The instrument evidencing a mortgage loan may be in such form, and may contain such provisions, not inconsistent with law, as the savings bank may choose to insert for the protection of its lien and the preservation of its interest in the real property mortgaged to it.

O. Notwithstanding the limitations prescribed by the preceding subsections or by subsection P of this section, a savings bank may

(1) for the purposes of preventing or mitigating loss, or of preserving the lien of its mortgage, or of conserving the value of the real property affected by its mortgage, (a) extend the time for the payment of principal or interest, (b) modify or waive
any of the terms or conditions of the instrument evidencing a mortgage loan, (c) settle or compromise all or part of the amount due or to grow due on a mortgage loan, (d) sell or assign the mortgage loan, or a share or part thereof or interest therein, for such consideration as it shall deem proper, and (e) advance funds for the payment of any tax, lien, charge or claim whatsoever; and

(2) make a loan in addition to an existing mortgage loan or loans held by it, upon the security of the same real property and secured by the existing mortgage or mortgages, in an amount not to exceed the difference between the balance due on the existing mortgage or mortgages and the original amount thereof, or the sum of $2,500.00, whichever is less; provided, however, that no such additional loan shall be made which shall increase the total amount due upon such mortgages over the amount which could be loaned upon the security of such real property. Such additional loan shall be repaid in equal monthly installments, beginning within 1 year from the date of such loan, with the payments adjusted so that the additional loan shall be repaid in full either before or at the maturity of the existing mortgage. If the unexpired term of such mortgage or mortgages shall have been reduced to 10 years or less such term may be extended for an additional period of not more than 10 years. Adjustment of payments and extension of mortgage terms pursuant to this section shall comply with the provisions of subsection F, G or H of this section. If so provided in the original mortgage or a supplement or amendment thereto, persons who acquire any rights in or liens upon the mortgaged real property subsequent to the recording of the original mortgage or such supplement or amendment, as the case may be, shall hold such rights and liens subject to the prior lien of the original mortgage and such supplement or amendment, if any, as security for such additional loan; and in such
case, no title certificate or insurance under subsec­tion C of this section shall be required with respect
to such additional loan.

P. Except as otherwise provided by this section,
no savings bank shall make a mortgage loan if the
making of such loan would cause the total of all un­
paid balances of such loans held by the savings
bank upon the security of the same real property
or leasehold, to exceed the limitations imposed by
this section upon the amount of a mortgage loan
which may be made upon the security of such real
property or such leasehold.

Q. A savings bank may invest in

(c) the provisions and restrictions contained in
this section, except those relating to the percentage

shall apply to investments made pursuant to para­
graph (1) of this subsection of this section.

(2) (a) mortgages or deeds of trust or other se­
curities of the character of mortgages which are

CHAPTER 231, LAWS OF 1962

1. Section 18:13–16 of the Revised Statutes is amended to read as follows:

18:13–16. The services of all teachers, principals, assistant principals, superintendents, assistant superintendents, and such other employees of the public schools as are in positions which require them to hold an appropriate certificate issued by the Board of Examiners, excepting those who are not the holders of proper certificates in full force and effect, shall be during good behavior and efficiency, (a) after the expiration of a period of employment of 3 consecutive calendar years in that district unless a shorter period is fixed by the employing board, or (b) after employment for 3 consecutive academic years together with employment at the beginning of the next succeeding academic year, or (c) after employment, within a period of any 4 consecutive academic years, for the equivalent of more than 3 academic years, some part of which must be served in an academic year after July 1, 1940; provided, that the time any such employee had taught in the district in which he was employed at the end of the academic year immediately preceding July 1, 1962, shall be counted in determining such period or periods of employment in that district, except that no employee shall obtain tenure in a position other than as a teacher, principal, assistant superintendent or superintendent prior to July 1, 1964.

An academic year, for the purpose of this section, means the period between the time school opens in the district after the general summer vacation until the next succeeding summer vacation.

Other provisions of this section notwithstanding, any employee under tenure or eligible to obtain tenure pursuant thereto, who is transferred or promoted with his consent to another position covered by this section on or after July 1, 1962, shall not obtain tenure in the new position until (a) after the expiration of a period of employment of 2 consecutive calendar years in the new position unless a shorter period is fixed by the board, or (b) after...
employment for 2 academic years in the new position together with employment in the new position at the beginning of the next succeeding academic year, or (e) after employment in the new position within a period of any 3 consecutive academic years, for the equivalent of more than 2 academic years; provided that the period of employment in such new position shall be included in determining the tenure and seniority rights in the former position held by such employee, and in the event the employment in such new position is terminated before tenure is obtained therein, if he then has tenure in the district, such employee shall be returned to his former position at the salary which he would have received had the transfer or promotion not occurred together with any increase to which he would have been entitled during the period of such transfer or promotion.

2. Section 18:13-17 of the Revised Statutes is amended to read as follows:

18:13-17. No teacher, principal, superintendent, assistant superintendent or any other employee under the tenure referred to in section 18:13-16 of this Title shall be dismissed or subjected to a reduction of salary in the school district except for inefficiency, incapacity, conduct unbecoming a teacher or other just cause and after a written charge of the cause or causes has been preferred against him, signed by the person or persons making the same, and filed with the secretary of the board of education having control of the school in which the service is being rendered, and after the charge has been examined into and found true in fact after a hearing conducted in accordance with the Tenure Employees Hearing Act. Charges may be filed by any person, whether a member of the school board or not.

3. Section 18:13-19 of the Revised Statutes is amended to read as follows.

18:13-19. Nothing contained in sections 18:13-16 and 18:13-17 of this Title or any other provisions of law relating to tenure of service shall be held to
limit the right of any board of education to reduce the number of superintendents of schools, assistant superintendents, principals, teachers, or other employees holding tenure pursuant to section 18:13-16 employed in the school district whenever, in the judgment of the board of education it is advisable to abolish any office, position or employment for reasons of a reduction in the number of pupils, economy, a change in the administrative or supervisory organization of the district, or other good cause. Dismissals resulting from such reduction shall not be by reason of residence, age, sex, marriage, race, religion or political affiliation. Any dismissals occurring because of the reduction of the number of persons under the terms of this section shall be made on the basis of seniority according to standards to be established by the Commissioner of Education with the approval of the State Board of Education. In establishing such standards, the commissioner shall classify, in so far as practicable, the fields or categories of administrative, supervisory, teaching or other educational services which are being performed in the school districts of this State and may, at his discretion, determine seniority upon the basis of years of service and experience within such fields or categories of service as well as in the school system as a whole. Whenever it is necessary to reduce the number of persons covered by this section, the board of education shall determine the seniority of such persons according to the standards established by the Commissioner of Education with the approval of the State Board of Education and shall notify each person as to his seniority status. A board of education may request the Commissioner of Education for an advisory opinion with respect to the applicability of the standards to particular situations and all such requests shall be referred to a panel to consist of the county superintendent of schools of the county in which the school district is situate, the secretary of the State Board of Examiners, and 1 assistant commissioner of education to be designated by the Com-
missioner of Education. No determination of any panel shall be binding upon the board of education or any other party in interest, nor upon the Commissioner of Education and the State Board of Education in the event of an appeal pursuant to sections 18:3-14 and 18:3-15 of the Revised Statutes. All persons dismissed shall be placed on a preferred eligible list to be prepared by the board of education of the school district, and shall be re-employed by the board of education of the school district in order of seniority as determined by the said board of education. In computing length of service within the district, the time of service by such superintendents of schools, whether served as superintendents of schools, city superintendents or supervising principals, assistant superintendents, principals, teachers, or other employees holding tenure pursuant to section 18:13-16 in or with the military or naval forces of the United States of America or of this State subsequent to September 1, 1940, shall be credited in determining seniority under this act as though such superintendents, assistant superintendents, principals, teachers, or other employees holding tenure pursuant to section 18:13-16 had been regularly employed within the district during the time of such military service. Should any superintendent of schools, assistant superintendent, principal, teacher, or other employee holding tenure pursuant to section 18:13-16 under tenure be dismissed as a result of such reduction, such person shall be and remain upon a preferred eligible list in the order of seniority for re-employment whenever vacancies occur and shall be re-employed by the body causing dismissal in such order when and if a vacancy in a position for which such superintendent, assistant superintendent, principal, teacher, or other employee holding tenure pursuant to section 18:13-16 shall be qualified. Such re-employment shall give full recognition to previous years of service.

The services of any superintendent of schools, assistant superintendent, principal, teacher, or
other employee holding tenure pursuant to section 18:13-16 may be terminated, without charge or trial, who is not the holder of an appropriate certificate in full force and effect issued by the State Board of Examiners under rules and regulations prescribed by the State Board of Education.

4. Section 18:13-20 of the Revised Statutes is amended to read as follows:

18:13-20. Any teacher, principal, superintendent of schools, assistant superintendent, or other employee, under tenure of service, desiring to relinquish his position, shall give the employing board of education 60 days' written notice of his intention, unless the local board of education shall approve of a release on shorter notice. Any teacher failing to give such notice shall be deemed guilty of unprofessional conduct, and the commissioner may suspend his certificate for a period not exceeding 1 year.

5. This act shall take effect immediately.

Approved February 1, 1963.

CHAPTER 233

An Act authorizing the creation of professional service corporations; providing definitions; providing exceptions; providing the manner and method of creating such corporations; providing for individual liability of officers, employees and agents of such corporations in certain instances; authorizing certain investments of corporate funds; limiting issuance and transfer of capital stock; providing forfeiture of corporate franchise in certain instances; requiring identification as a corporation; providing an effective date.
CHAPTER 233, LAWS OF 1962

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. It is the legislative intent to provide for the incorporation of an individual or group of individuals to render the same professional service to the public for which such individuals are required by law to be licensed or to obtain other legal authorization.

2. This act may be cited as "The Professional Service Corporation Act."

3. As used in this act the following words shall have the meaning indicated:

   (1) The term "professional service" shall mean any type of personal service to the public which requires as a condition precedent to the rendering of such service the obtaining of a license or other legal authorization and which prior to the passage of this act and by reason of law could not be performed by a corporation. By way of example and without limiting the generality thereof, the personal services which come within the provisions of this act are the personal services rendered by certified public accountants, architects, optometrists, professional engineers, chiropractors, dentists, osteopaths, physicians and surgeons, doctors of medicine, doctors of dentistry, pediatricians, chiropodists, veterinarians and subject to the Rules of the Supreme Court, attorneys at law.

   (2) the term "professional corporation" means a corporation which is organized under this act for the sole and specific purpose of rendering professional service and which has as its shareholders only individuals who themselves are duly licensed or otherwise legally authorized within this State to render the same professional service as to the corporation.

4. This act shall not apply to any individual or groups of individuals within this State who prior to the passage of this act were permitted to organize a corporation and perform personal services to the public by the means of a corporation, and this act shall not apply to any corporations organized
by such individual or group of individuals prior to the passage of this act; provided, however, any such individual or group of individuals or any such corporation may bring themselves and such corporation within the provisions of this act by amending the certificate of incorporation in such a manner so as to be consistent with all the provisions of this act and by affirmatively stating in the amended certificate of incorporation that the shareholders have elected to bring the corporation within the provisions of this act.

5. One or more persons, each of whom is duly licensed or otherwise legally authorized to render the same professional services within this State, may organize and become a shareholder or shareholders of a professional corporation for pecuniary profit under the provisions of the General Corporation Law of New Jersey, (Title 14, Corporations, General, of the Revised Statutes of New Jersey), for the sole and specific purpose of rendering the same and specific professional service.

6. A professional corporation which has only 1 shareholder need have only 1 director, who shall be such shareholder. Such 1 shareholder shall also serve as the president of the corporation. The other officers of the corporation in such a case need not be licensed or otherwise legally authorized to render the same professional service within this State, as such 1 shareholder. A professional corporation which has only 2 shareholders need have only 2 directors who shall be such shareholders. The 2 shareholders shall, between them, fill all the officerships of the professional corporation.

7. No corporation organized and incorporated under this act may render professional services except through its officers, employees and agents who are duly licensed or otherwise legally authorized to render such professional services within this State; provided, however, this provision shall not be interpreted to include in the term "employee" as used herein clerks, secretaries, nurses, administrators, bookkeepers, technicians and other assist-
ants who are not usually and ordinarily considered by law, custom and practice to be rendering professional services to the public for which a license or other legal authorization is required in connection with the profession to be practiced, nor does the term "employee" include any other person who performs all his employment under the direct supervision and control of an officer, agent, or employee who is himself rendering professional service to the public on behalf of the professional corporation; provided that, no person shall, under the guise of employment, practice a profession unless duly licensed to practice that profession under the laws of this State. Notwithstanding any other or contrary provisions of the laws of this State, a professional corporation organized under this act may charge for the services of its officers, employees, and agents, may collect such charges, and may compensate those who render such personal service.

8. Nothing contained in this act shall be interpreted to abolish, repeal, modify, restrict or limit the law now in effect in this State applicable to the professional relationship and the contract, tort and other legal liabilities between the person furnishing the professional services and the person receiving such professional service and to the standards for professional conduct; and including the confidential relationship between the person rendering the professional services and the person receiving such professional service, if any, and all confidential relationships previously enjoyed under the laws of this State or hereafter enacted shall remain inviolate. Any officer, shareholder, agent or employee of a corporation organized under this act shall remain personally and fully liable and accountable for any negligent or wrongful acts or misconduct committed by him, or by any person under his direct supervision and control, while rendering professional service on behalf of the corporation to the person for whom such professional services were being rendered. The corporation shall be liable up to the full value of its property for any negligent
or wrongful acts or misconduct committed by any of its officers, shareholders, agents or employees while they are engaged on behalf of the corporation in the rendering of professional services. The assets of a professional corporation shall not be liable to attachment for the individual debts of its shareholders. Notwithstanding the foregoing, the relationship of an individual to a professional corporation organized under this act, with which such individual is or may be associated, whether as shareholder, director, officer, employee or agent, shall in no way modify, extend or diminish the jurisdiction of such individual, of and by whatever State, agency or office which licensed or otherwise legally authorized him for or to render service in a particular field of endeavor.

9. No corporation organized under this act shall engage in any business other than the rendering of the professional services for which it was specifically incorporated; provided, however, nothing in this act or in any other provisions of existing law applicable to corporations shall be interpreted to prohibit such corporation from investing its funds in real estate, mortgages, stocks, bonds or any other type of investments, or from owning real or personal property necessary for, or appropriate or desirable in, the fulfillment or rendering of its professional services.

10. No corporation organized under the provisions of this act may issue any of its capital stock to anyone other than an individual who is duly licensed or otherwise legally authorized to render the same specific professional services as those for which the corporation was incorporated. No shareholder of a corporation organized under this act shall enter into a voting trust agreement or proxy or any other type agreement vesting another person with the authority to exercise the voting power of any or all of his stock. Subject to the provisions of the corporation's certificate of incorporation, the estate of a shareholder who was a person duly licensed or otherwise legally authorized to render
the same professional service as that for which the professional corporation was organized may continue to hold stock pursuant to the certificate of incorporation for a reasonable period of administration of the estate, but shall not be authorized to participate in any decisions concerning the rendering of professional service.

11. If any officer, shareholder, agent or employee of a corporation organized under this act becomes legally disqualified to render such professional services within this State, or is elected to a public office or accepts employment that, pursuant to existing law, places restrictions or limitations upon his continued rendering of such professional services, he shall sever all employment with, and financial interests in, such corporation forthwith. A corporation’s failure to require compliance with this provision shall constitute a ground for the forfeiture of its charter and its dissolution. When a corporation’s failure to comply with this provision is brought to the attention of the office of the Secretary of State, the Secretary of State forthwith shall certify that fact to the Attorney General for appropriate action to dissolve the corporation.

12. No shareholder of a corporation organized under this act may sell or transfer his shares in such corporation except to the corporation or to another individual who is eligible to be a shareholder of such corporation, and such sale or transfer may be made only after the same shall have been approved, at a stockholders’ meeting specially called for such purpose, by such proportion, not less than a majority, of the outstanding stock as may be provided in the certificate of incorporation or in the by-laws. At such shareholders’ meeting the shares of stock held by the shareholder proposing to sell or transfer his shares may not be voted or counted for any purpose. The certificate of incorporation may provide specifically for additional restraints on the alienation of shares and may require the redemption or purchase of such shares by the corporation at prices and in a
manner specifically set forth in such certificate or
the certificates may specifically authorize the cor­
poration's board of directors or its shareholders
to adopt by-laws restraining the alienation of shares
and providing for the purchase or redemption by
the corporation of its shares; provided, however,
such provisions dealing with the purchase or re-
demption by the corporation of its shares may not
be invoked at a time or in a manner that would im-
pair the capital of the corporation.

13. If the certificates of incorporation or by-laws
of a professional corporation fail to fix a price at
which a professional corporation or its shareholders
may purchase the shares of a deceased, retired, ex-
pelled, or disqualified shareholder, and if the cer-
tificates of incorporation or by-laws do not other-
wise provide, then the price for such share or shares
shall be the book value of such share or shares at
the end of the month immediately preceding the
death of or disqualification of the shareholder. Book
value shall be determined by an independent certi-
fied public accountant employed by the professional
corporation. The determination by the certified
public accountant of book value shall be conclusive
on the professional corporation and its share-
holders.

(a) A corporation under this act shall have per-
petual existence until dissolved in accordance with
other provisions of this act.

(b) Whenever all shareholders of a corporation
licensed under this act shall cease at any one time
and for any reason to be licensed, certified or reg-
istered in the particular field of endeavor for which
such corporation was organized, said corporation
shall thereupon be treated as converted into and
shall operate henceforth solely as a business cor-
poration under applicable provisions of said Title
14 of the Revised Statutes, exclusive of this act.

(c) Within 375 days following the date of death
of a shareholder, or within 30 days following his
disqualification as hereinbefore provided, to own
shares in the corporation, all of the shares of such
shareholder shall be transferred to, and acquired by, the corporation or persons qualified to own such shares. If no other provision to accomplish such transfer and acquisition is in effect and carried out within said period, the corporation shall thereafter purchase and redeem all of his shares of its stock at the book value thereof, determined as of the end of the month immediately preceding death or disqualification. For this purpose, the book value shall be determined from the books and records of the corporation in accordance with the regular methods of accounting used by it for the purposes of determining its net taxable income for Federal income tax purposes; and no subsequent adjustment of such income, whether by the corporation itself, by Federal income tax audit made and agreed to, or by a court decision which has become final, shall alter the redemption price. Nothing contained in this section shall prevent the parties involved from making any other arrangement or provision in the certificate of incorporation, by-laws, or by contract to transfer the shares of a deceased or disqualified shareholder to the corporation or to persons qualified to own the same, whether made before or after the death or disqualification of the shareholder, provided that within the period herein specified all the stock involved shall have been so transferred.

14. The corporate name of a corporation organized under this act shall contain the last names of some or all of the shareholders and shall also contain the words "chartered" or "professional association", or the abbreviation "P. A.". The use of the word "company", "corporation" or "incorporated", or any other word, words, abbreviations, affix or prefix indicating that it is a corporation, in the corporate name of a corporation organized under this act, other than the words "chartered" or "professional association", or the abbreviation "P. A.", is specifically prohibited. It shall be permissible, however, for the corporation and the shareholders to render professional services and to exercise its authorized powers under a
name which is identical to its corporate name except that the words “chartered” or “professional association” or the abbreviation “P. A.” is omitted.

15. The General Corporation Law of New Jersey (Title 14, Corporations, General, of the Revised Statutes of New Jersey), shall be applicable to a corporation organized pursuant to this act except to the extent that any of the provisions of this act are interpreted to be in conflict with the provisions of the General Corporation Law of New Jersey, and in such event the provisions and sections of this act shall take precedence with respect to a corporation organized pursuant to the provisions of this act. A professional corporation organized under this act may consolidate or merge only with another professional corporation organized under this act, empowered to render the same specific professional service; and a merger or consolidation with any foreign corporation is prohibited. A corporation organized and operating under this act shall furnish a report to the office of the Secretary of State by March 31 of each year showing the names and post office addresses of all its shareholders, directors and officers, which shall certify that, with the exceptions permitted in section 5, all such persons are duly licensed, certified, registered or otherwise legally authorized to render the same professional or other personal service in this State. This report shall be made on forms prescribed and furnished by the Secretary of State, but shall contain no fiscal or other information except that expressly called for by this section. It shall be signed by the president or vice-president and the secretary or an assistant secretary of the corporation, and acknowledged before a notary public by the persons signing the report, shall be filed in the office of the Secretary of State, and shall be in lieu of the regular annual report of corporations otherwise required by the General Corporation Law of New Jersey.
16. If any provision of this act or the application thereof to any person or circumstances be held invalid, such invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable. All laws and parts of laws in conflict with any of the provisions of this act are hereby repealed, to the extent so in conflict.

17. The provisions of this act shall not be construed as repealing, modifying or restricting the applicable provisions of law relating to incorporations, sales of securities or regulating the several professions enumerated in this act except insofar as such laws conflict with the provisions of this act.

An Act to amend "An act to amend and supplement 'An act concerning banking and banking institutions (Revision of 1948),' approved April 29, 1948 (P. L. 1948, c. 67)," approved April 29, 1953 (P. L. 1953, c. 124), and repealing sections 13 and 14 thereof.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 4 of the act of which this act is amendatory is amended to read as follows:

4. Adoption of plan; scope of plan.

A. If the original or amended certificate of incorporation of a bank other than a savings bank so provides, a plan or plans may be adopted and maintained by such bank pursuant to resolution of its board of directors; otherwise, such bank may
adopt and maintain a plan or plans only with the approval of a majority in interest of its stockholders.

B. A savings bank may adopt and maintain a plan or plans pursuant to a resolution of its board of managers.

C. The officers and employees of a subsidiary of a bank may be included in a retirement plan of a bank with the same effect as if such officers and employees were employed by the bank, or upon such other terms and provisions as the plan may provide; but, in such case, all employer contributions and other employer charges required to be made or paid to a fund by reason of the inclusion of the officers and employees of a subsidiary shall be made or paid by the subsidiary.

2. Section 5 of the act of which this act is amendatory is amended to read as follows:

5. Provisions of plans.

In addition to the objects stated in paragraph (f) of section 3 of this act, and in addition to those provisions which are elsewhere in this act required or permitted to be included in a plan, and without limitation as to the nature and scope of the provisions which a plan may contain, a plan may make provision for 1 or more of the following, to the extent that they are consistent one with the other:

(1) rights, privileges, options and benefits, to accrue or to be exercised by the employee, or by a beneficiary or beneficiaries designated by the employee, when employment terminates otherwise than by retirement, including provision for the payment of a death benefit if death occurs before retirement;

(2) the designation by the employee of a person as a joint annuitant, or as a joint and survivor annuitant;

(3) the designation by the employee of a person or persons as beneficiaries to receive payment of a sum or sums, or to exercise an option or options, after the happening, before or after retirement, of a contingency or contingencies specified in the re-
retirement plan, including the death of the employee within a specified period after retirement begins, or the death of the employee after retirement begins but before the receipt by him of a stated or ascertainable sum in retirement benefits;

(4) the continued employment or re-employment by the bank of employees or former employees who are receiving retirement benefits under a plan maintained by the bank;

(5) any further provisions which the bank may choose to make, and which are not prohibited by law.

3. Section 7 of the act of which this act is amendatory is amended to read as follows:

7. Alteration and rescission of plan.

A. A plan maintained by a savings bank may, subject to the provisions of section 22 of this act, be rescinded, or may be altered from time to time in the manner provided by such plan, and in the absence of such provision, by resolution of the board of managers.

B. A plan maintained by a bank other than a savings bank may be rescinded, and may be altered in a manner which is not substantial, pursuant to resolution of the board of directors.

C. If the original or amended certificate of incorporation of a bank, other than a savings bank, so provides, a plan may be altered by resolution of the bank’s board of directors, whether or not the alteration is substantial; otherwise, a bank may make a substantial alteration in a plan only with the approval of a majority in interest of its stockholders.

D. For the purposes of this act, an alteration in a plan is substantial when it provides for (1) the payment, in whole or in part at the cost of the bank, of benefits greater than those specified in the plan; or (2) the retirement of employees at an age earlier than that specified in the plan; or (3) a decrease in the period of employment specified in the plan to qualify an employee to receive retirement benefits.
4. Section 13 of the act of which this act is amendatory is hereby repealed.

5. Section 14 of the act of which this act is amendatory is hereby repealed.

6. Section 22 of the act of which this act is amendatory is amended to read as follows:

22. Approval of commissioner of adoption or alteration of plan.

A. Every plan hereafter adopted by a savings bank or hereafter substantially altered by a savings bank within the meaning of subsection D of section 7 of this act, shall, before it or such alteration is placed in operation, be submitted to the commissioner for his approval.

B. The commissioner may disapprove such plan or alteration thereof if he shall find (1) that it does not conform to law, or (2) that its adoption or alteration would be hazardous to the savings bank, or (3) that its provisions are unfair or inequitable, or (4) that the cost thereof to the savings bank is excessive or unreasonable, considering the current earnings of the savings bank, and the savings bank's current deposits, surplus, undivided profits and reserves.

C. The commissioner may, from time to time, make such orders in respect to the maintenance and administration of a plan as, in his judgment, the condition of the savings bank may require.

7. Section 23 of the act of which this act is amendatory is amended to read as follows:

23. Additional powers.

In addition to the powers conferred by the preceding sections of this act, a bank shall have power to do all, or some, or 1 of the following, whether or not such bank maintains a retirement plan or fund:

(1) pay premiums for insurance on the lives or health of its employees, under policies commonly known as group insurance policies;

(2) pay premiums on behalf of its employees and their dependents, for hospitalization or hospital service insurance and for surgical and medical service insurance;
(3) pay reasonable amounts to aid present or former employees who are disabled by accident, illness or otherwise;

(4) pay salaries or wages in whole or in part, to employees who are disabled by accident, illness or otherwise;

(5) pay the reasonable cost of educational and recreational facilities for employees, or for the promotion of their health and general welfare.

8. Section 24 of the act of which this act is amendatory is amended to read as follows:

24. Retirement benefits not paid pursuant to plan.

A. A bank which maintains a retirement plan may pay

(1) retirement benefits in reasonable amounts to employees whose employment has heretofore terminated or shall hereafter have terminated, and who are not entitled, for any reason, to receive payment of benefits under a retirement plan in operation; and

(2) reasonable amounts to employees whose employment has heretofore terminated or shall hereafter have terminated, and who are entitled to receive payment of retirement benefits under a retirement plan in operation, but whose benefits under such plan are, in the opinion of the board of directors, inadequate.

B. A bank which maintains no retirement plan, may pay retirement benefits in reasonable amounts to employees whose employment has heretofore terminated or shall hereafter have terminated.

9. Section 26 of the act of which this act is amendatory is amended to read as follows:

26. Approval by commissioner.

Whenever, under the provisions of this act, the approval of the commissioner is required, written application for such approval shall be made to the commissioner in such form as he may prescribe. The commissioner shall, within 60 days after the receipt by him of such application, approve or disapprove it, and shall notify the applying bank in
writing of his determination, stating his reasons in any case where he disapproves. The disapproval of the commissioner of any application made pursuant to this section shall be subject to review in a proceeding in lieu of prerogative writ.

10. This act shall take effect immediately.
Approved February 9, 1963.

CHAPTER 235

As Act to amend "An act concerning banking and banking institutions (Revision of 1948)," approved April 29, 1948 (P. L. 1948, c. 67).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 65 of the act of which this act is amendatory is amended to read as follows:

65. Real property mortgages.

No bank shall make a mortgage loan secured by a mortgage upon real property unless

(1) the mortgaged property is located within this State, or, if outside this State, the mortgaged property is located within 50 miles of the border of this State; or if the mortgaged property is located outside this State and is more than 50 miles from the border of this State, the payment of the mortgage loan is insured or guaranteed, or is the subject of an unconditional commitment for such insurance or guarantee, to the extent provided for in subsection A of section 68, by the Federal Housing Commissioner or by the United States, or by this State;

(2) the mortgaged property shall consist of improved real property, including farm lands, or unimproved real property if the proceeds of such loan shall be used for the purpose of erecting improvements thereon;
(3) the mortgage securing such loan shall constitute a first lien on a fee; a mortgage shall be deemed a first lien notwithstanding the existence of a prior mortgage or mortgages held by the bank, or liens of taxes which are not delinquent, building restrictions or other restrictive covenants or conditions, leases or tenancies whereby rents or profits are reserved to the owner, joint driveways, sewer rights, rights in walls, rights-of-way or other easements, or encroachments, which the persons signing the certificate provided for in section 67 report in their opinion do not materially affect the security for the mortgage loan. Every mortgage shall be certified to be such a first lien by an attorney-at-law of the State in which the real property is located, or certified or guaranteed to be such a first lien by a corporation authorized to guarantee titles to land in such State;

(4) such loan shall not exceed 66\% of the appraised value of the mortgaged property, except that

(a) in the case of a mortgage upon a single family dwelling, such loan may equal 80\% of the appraised value of the mortgaged property, but no such loan shall be made for a period longer than 20 years from its date;

(b) in the case of a mortgage upon a 2-family, 3-family or 4-family dwelling, such loan may equal 80\% of the first $30,000.00 of the appraised value of the mortgaged property, plus 50\% of the excess, if any, of such appraised value;

provided, that there shall be included in the appraised value of the mortgaged property, for the purpose of this paragraph (4), the value of improvements to be erected upon the mortgaged property wholly or partly with the proceeds of such loan; and

(5) the instrument evidencing the loan shall require payment to be made during each year on account of the principal amount of the loan at a
rate not less than 1% per annum of the original amount of the loan, if the original amount of the loan does not exceed 50% of the appraised value of the mortgaged property; or 2% per annum of the original amount of the loan, if the loan exceeds 50% but does not exceed 66% of such appraised value; or 4% per annum of the original amount of the loan, if the mortgaged property is a single family dwelling, and if the loan exceeds 66% of such appraised value; or 5% per annum of the original amount of the loan, if the mortgaged property is not a single family dwelling, and if the loan exceeds 66% of such appraised value; provided, that, in lieu of such principal payments, the instrument evidencing any mortgage loan may require equal monthly payments, each applicable to principal and interest, in an amount sufficient to pay current interest and to repay the amount of the loan in not more 20 years from its date; and provided further, that, in lieu of such principal payments, the instrument evidencing a mortgage loan upon a single family dwelling may require equal monthly payments, each applicable to principal and interest, in an amount sufficient to pay current interest on, and to repay an amount equal to the amount of the loan in not more than 25 years from its date, but no such loan shall be made for a period longer than 20 years from its date; and provided further, that when the proceeds of any such loan are to be used to pay, in whole or in part, the cost of constructing a building or buildings on the mortgaged property, and such proceeds are paid by the bank from time to time, final payment being made at or after completion, the instrument evidencing such loan need not require that any payment be made on account of the principal amount of the loan during the period from the date of such loan to a date not more than 18 months from the date of such loan; and such date marking the end of the period during which no payments are required to be made on account of the principal amount of the loan, shall be deemed to be the date of such loan for the pur-
pose of reckoning the 20-year period limited for the payment of such loan by this paragraph (5), and by subparagraph (a) of paragraph (4) of this section.

2. Section 69 of the act of which this act is amendatory is amended to read as follows:

69. Limitations on mortgage loans.

A. No bank shall make a mortgage loan when the total cost of acquisition by the bank of all real property owned by it, other than real property held for the purposes specified in subparagraph (a) of paragraph (5) of section 24, and the total of all principal balances owing to the bank on mortgage loans, less all write-offs and reserves with respect to such real property and mortgage loans, together exceed, or by the making of such loan will exceed, 60% of the time deposits of the bank or 100% of the aggregate of its unimpaired capital stock and its surplus, whichever is the greater. For the purposes of this subsection, principal balances owing to the bank on mortgage loans which are subject to the provisions of subsection A of section 68, other than mortgage loans upon one-family, 2-family, 3-family and 4-family dwellings, the payment of which is fully insured by the Federal Housing Commissioner, shall only to the extent of 66 2/3% of such balances owing to the bank, be included in the total of all principal balances owing to the bank on mortgage loans, and principal balances owing to the bank on mortgage loans upon one-family, 2-family, 3-family and 4-family dwellings the payment of which is fully insured by the Federal Housing Commissioner shall, only to the extent of 50% of such balances owing to the bank, be included in the total of all principal balances owing to the bank on mortgage loans. This subsection shall not, however, prevent the renewal or extension of the time for payment of a mortgage loan for the amount due thereon at the time of such renewal or extension.

B. Except as in this Article otherwise provided, no bank shall, as sole lender or as a co-lender, make a loan secured by mortgage on real property or by mortgage on a lease of the fee of real property, nor
shall any bank purchase the entire interest or a part interest in any such mortgage, if the making of such loan or the purchase of such interest would cause the total of all unpaid balances secured by a mortgage or mortgages held by the bank as sole owner or as co-owner upon such real property or such leasehold, to exceed the limitations imposed by this Article upon the amount of a mortgage loan which may be made upon the security of such real property or such leasehold.

C. The granting of mortgage loans to any person shall be without regard to race, creed, color, national origin or ancestry. The granting of such loans shall be without discrimination of any nature including, but not limited to, interest rates, terms and duration, because of race, creed, color, national origin or ancestry.

D. When a bank makes a mortgage loan the proceeds of which are to be used to pay, in whole or in part, the cost of constructing one or more industrial or commercial buildings on the mortgaged property, and such loan has a maturity of not more than 18 months, and a financially responsible lender has entered into a valid and binding agreement to repay to the bank the full amount of the bank’s loan upon the completion of such industrial or commercial building or buildings; or when a bank makes a mortgage loan the proceeds of which are to be used to pay, in whole or in part, the cost of constructing a farm or residential building on the mortgaged property, and such loan has a maturity of not more than 9 months, the bank may, at its option to be exercised from time to time, treat any such loan either as a mortgage loan for all purposes of this article, or as an unsecured commercial loan. If the bank elects to treat any such loan as an unsecured commercial loan, the loan shall be subject to all limitations and requirements applicable to unsecured commercial loans otherwise made, and the principal balance owing to the bank on any such loan shall not be included in the total of all principal balances owing to the bank on mort-
gage loans for the purpose of determining the limitations imposed by subsection A of this section. No bank shall treat any such loan as a commercial loan as in this subsection provided at any time when the principal balances owing to the bank on all such loans so treated exceed 100% of the aggregate of the bank’s unimpaired capital stock and its surplus, or if the making of any such loan so treated would cause the principal balances owing to the bank on all such loans so treated to exceed 100% of the aggregate of its unimpaired capital stock and its surplus.

3. This act shall take effect immediately.
   Approved February 9, 1963.

CHAPTER 236

Proof of such prior service
shall be furnished by the affidavit of the member, supported by other evidence if required by the board of trustees of the said retirement system, and the said board may prescribe rules and regulations to effectuate the purposes of this act. Any such member desiring to acquire such credits for prior service shall be required to contribute either in a lump sum or by installment payments an amount calculated in accordance with the rules and regulations of the board of trustees to cover the required contribution for his acquisition of such prior service credits.

An executory contract for the sale of land, under which the vendee is entitled to or does take possession thereof, shall be deemed, for the purpose of this act, a mortgage of said land for the unpaid balance of purchase price. 1. A devise or bequest may be made by a will to the trustee or trustees of a trust established by a testator, or by a testator and some other person or persons, or by some other person or persons, if the trust is identified in such testator's will, and its terms are set forth in a written instrument, other than a will, executed before or concurrently with the execution of such testator's will, or in the valid last will and testament of a person who has predeceased such testator. A devise or bequest so made shall be valid and enforceable to the same extent as if the trust had been created by the testator by such will, and as if the terms of the trust, as contained in the will or other instrument creating or evidencing it, had been set out in full in such will of the testator. The existence, size or character of the trust property shall not affect the validity of the devise or bequest, nor shall any such devise or bequest be invalid because the trust is a funded or unfunded life insurance trust, although the creator of the trust has reserved any or all rights of ownership of the insurance contracts.

A revocation or termination of the trust before the death of the testator shall cause the devise or bequest to lapse.

3. This act shall have no effect upon any devise or bequest made by a will executed prior to the effective date of this act.

4. This act shall not be construed as providing an exclusive method for making devises or bequests to trustees of trusts created otherwise than by the will of the testator making such devise or bequest.

Nothing herein contained shall be deemed to affect or impair the right of any beneficiary or any of the funds so created, but all rights of such beneficiaries which have accrued or may accrue in or against any such pension fund shall be deemed to have accrued or to accrue against the funds so consolidated under the jurisdiction of the commission hereby created. Said consolidated fund shall be maintained as follows:

The amount of each of such annual payments shall be certified by the commission to the treasurer of each employer prior to the first day of the year in which such payment is required to be made, and said amount shall be appropriated in said employer's budget for that year. Commencing January 1, 1954, said annual payment shall be made in 2 equal portions; the first on the first day of each year, and the second on July 1 of each year.

(3) A fee, payable on July 1 of each year commencing with the year 1953, and consisting of such proportion of the administrative expense of the consolidated fund, as determined by the commission, as the number of members under the jurisdiction of such employer then bears to the total number of members in the consolidated fund.

(e) The State of New Jersey shall contribute annually, throughout a period of 30 years, commencing July 1, 1953, such amount as may be necessary to make up the balance of each annual payment required by subdivision (b) (2) of this section, so as to bring to actuarial solvency at the expiration of said 30-year period the consolidated fund hereby created. The amount of such annual contributions by the State shall be certified to the State Treasurer by the actuary of the commission at the time required for other State departmental budgetary certifications. Secretary of State.
PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, As a result of a report made on the 4th day of January, 1954, by the Director, Division of Taxation, Department of the Treasury, to the Governor of this State, setting forth that the Conservative Realty Company, a corporation of this State, had failed to pay the corporation franchise taxes levied against said corporation for the year 1951, the Governor of this State, on the 10th day of February, 1954, issued a Proclamation declaring that the charter of said corporation is repealed and that all powers conferred by law upon such corporation be thereafter inoperative and void; and

WHEREAS, Said report of the Director, Division of Taxation, Department of the Treasury, to the Governor in the above particular was inadvertently made in that it appears that prior to the making of the said report, the Conservative Realty Company duly paid the corporation franchise taxes levied against said corporation for the year 1951; and

WHEREAS, The aforesaid Conservative Realty Company has duly filed all returns required under the Corporation Business Tax Act down to the present date and has paid all taxes due under the said act.

THEREFORE, acting pursuant to the provisions of R. S. 54:11-4, I, Richard J. Hughes, Governor of the State of New Jersey, do hereby declare and make known that it has been established to my satisfaction that said Conservative Realty Company did not fail to pay the corporation franchise taxes levied against it for the year 1951, but that said corporation duly paid the taxes levied against it for said year; that the report made on the 4th day of January, 1954, by the Director, Division of Taxation, Department of the Treasury, to the Gov-
ernor, stating that said corporation had failed to pay the said corporation franchise taxes, was inadvertently made and that the proclamation of the Governor on the 10th day of February, 1954, declaring that the powers conferred by law upon the said corporation be thereafter inoperative and void, was without warrant in the law in the way of depriving said corporation of its said powers as a corporation of this State, and I hereby make proclamation to that effect.

Given, under my hand and the Great [SEAL] Seal of the State of New Jersey, this thirty-first day of December in the year of Our Lord one thousand nine hundred and sixty-two and in the Independence of the United States, the one hundred and eighty-seventh.

RICHARD J. HUGHES,
Governor.

By the Governor:
ROBERT J. BURKHARDT,
Secretary of State.
WHEREAS, As a result of a report made on the 20th day of January, 1960, by the Acting Director, Division of Taxation, Department of the Treasury, to the Governor of this State, setting forth that Albar Investment Company, a corporation of this State (incorporated September 9, 1952), had failed to pay the corporation franchise taxes levied against said corporation for the year 1957, the Governor of this State, on the 21st day of January, 1960, issued a Proclamation declaring that the charter of said corporation was repealed and that all powers conferred by law upon such corporation would thereafter be inoperative and void, and

WHEREAS, Said report in the above particular was inadvertently made in that it appears that prior to the making thereof, said Albar Investment Company, duly paid the corporation franchise taxes levied against it for the year 1957.

Therefore, acting pursuant to the provisions of R. S. 54:11-4, I, Richard J. Hughes, Governor of the State of New Jersey, do hereby declare and make known that it has been established to my satisfaction that said Albar Investment Company, did not neglect nor fail to pay the corporation franchise taxes levied against it for the year 1957, but that said corporation duly paid the taxes levied against it for said year; that the report by the Acting Director to the Governor, stating that said corporation had failed to pay the said corporation franchise taxes, was inadvertently made and that the Proclamation of the Governor of the 21st day of January, 1960, insofar as it voided the charter of the said corporation, was itself inoperative and void and was ineffective to deprive the said corporation of its powers as a corporation of this
State, and I hereby make Proclamation to that effect.

Given, under my hand and the Great Seal of the State of New Jersey, this twenty-fifth day of January, in the year of Our Lord, one thousand nine hundred and sixty-three, and in the Independence of the United States, the one hundred and eighty-seventh.

RICHARD J. HUGHES,
Governor.

ROBERT J. BURKHARDT,
Secretary of State.
