LAWS
AN ACT to implement Article IV, Section III of the Constitution and to repeal sections 52:10-1 and 52:10-2 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. This act shall be known and may be referred to as "The General Assembly Apportionment Act."

2. The General Assembly shall consist of 60 members who shall be apportioned among the several counties as nearly as may be according to the number of their inhabitants, but each county shall at all times be entitled to no less than 1 member.

3. (a) Within 10 days after the effective date of this act, according to the 1960 census, and within 30 days of the promulgation by the Governor of the certified totals of the number of inhabitants of each county according to the next and each subsequent decennial census made by the United States Government, the number of members of the General Assembly to which each county shall be entitled, shall be determined as nearly as may be according to the Method of Equal Proportions, described in subsection (b).

(b) Each county shall first be allotted 1 member. A priority list for the assignment of the remaining members shall then be determined in the following manner. The population of each county shall be
CHAPTER 1, LAWS OF 1961

divided successively by the square root of the product, commonly referred to as the geometric mean, of each pair of successive integers beginning with 1 and 2 and following with 2 and 3, 3 and 4 and with like successive pairs of integers until the number of quotients so calculated for each county exceeds the total number of members to be allotted to that county. The quotients so calculated for all the counties shall be arranged together in order of magnitude, beginning with the largest, to form the priority list. One remaining member shall then be assigned for each quotient in the priority list, beginning with the largest, until the total number of 60 members shall have been allotted.

4. The Secretary of State shall certify to the several county clerks the number of members of the General Assembly to which each county is entitled. From the date of the certification of the Secretary of State, each county shall be entitled to elect only the number of members of the General Assembly so certified to the county clerk unless such certification shall be made within the 40 days immediately preceding the general election at which members of the General Assembly are to be elected in which case such certification shall not be in effect for that general election.

5. If the certification of the Secretary of State is made after the last day provided in the general election law for the filing of petitions for nominations at the primary election for the general election at which the members of the General Assembly are to be elected but not later than 40 days before such general election, the following changes in the ballot can be made but not later than 34 days before such general election:

(a) In a county which is entitled to an increased number of members of the General Assembly, each political party which nominated a candidate for the General Assembly at such primary election may designate, in the same manner provided in the general election laws for the filling of vacancies among candidates nominated at a primary election,
as many additional candidates for the General Assembly as the county is entitled to additional members of the General Assembly. Candidates for the General Assembly may also be nominated directly by petition in accordance with the provisions of the general election laws, except that such petitions may be filed with the county clerk no later than 34 days prior to the general election.

(b) In a county which is entitled to a decreased number of members of the General Assembly, the county committee of each political party which nominated a candidate for the General Assembly at such primary election may direct the county clerk to place on the official ballot only as many names of candidates of such party, commencing with the name of the candidate who received the highest total vote at the primary election, as the county is entitled to members of the General Assembly. If the county clerk does not receive such a direction no later than 34 days prior to the general election, the names of all the candidates nominated at the primary election as well as directly by petition shall remain on the official ballot.

6. The member or members of the General Assembly of this State to which any county is entitled under the provisions of this act shall be voted for by the registered voters of the counties respectively, and the person or persons receiving the highest number of votes in the county for such office shall be elected such member or members, as heretofore.

7. Sections 52:10-1 and 52:10-2 of the Revised Statutes are repealed but nothing herein shall be construed to reduce the term for which any member of the General Assembly was elected.

8. This act shall take effect immediately and shall be operative as to the election of all the members of the General Assembly at the election to be held in November 1961, and thereafter.

Approved February 1, 1961.

ROBERT B. MEYNER,
Governor.

3. This act shall take effect immediately.
Approved March 16, 1961.

CHAPTER 5

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 23:3–32 of the Revised Statutes is amended to read as follows:

23:3–32. No pheasants, wild turkeys, partridge or quail propagated in a semiwild state shall be sold. No such pheasants, wild turkeys, partridge or quail shall be possessed or transported outside of licensed areas unless each bird shall have been tagged with the special tag prescribed by sections 23:3–28 to 23:3–39 of this Title. Except as to the additional tags hereinafter provided for, no licensee raising pheasants, partridge or quail in a semiwild state shall procure from the division during any year of operation more tags to be affixed to the dead bodies of pheasants, partridge or quail propagated in a semiwild state than 4 times the number of female pheasants, partridge or quail released prior to May 1 in each year. Additional tags may be provided to any licensee in number equal to 4/5 of the
number of birds released after May 1 in each year. The tags shall be of a special kind provided for the purpose. The number of birds taken in any year, either alive or dead, on lands on which pheasants, wild turkeys, partridge or quail are propagated in a semiwild state shall not exceed the number of tags obtained from the division. Pheasants, wild turkeys, and partridge propagated in a semiwild state may be taken by shooting only from November 10 to January 20, except where the licensee shall have produced evidence satisfactory to the division that he has liberated on the land during the year covered by his license, or that he has in his possession on the land or in some other designated place or places and will liberate on the land prior to February 28 a total of at least 100 pheasants and partridge or combination thereof for any acreage up to 100 acres and at least 1 pheasant or partridge for each additional acre, in which cases the licensee or any person or persons authorized by him so to do may take pheasants, wild turkeys, and partridge by shooting from November 10 to the next following February 28, both inclusive, and during any further period, not exceeding 31 days, which the Commissioner of Conservation and Economic Development may, from time to time, designate for that purpose upon the recommendation of the Director of the Division of Fish and Game of the Department of Conservation and Economic Development on the land described in his license. The number of pheasants, wild turkeys, and partridge so taken by shooting shall not exceed $\frac{4}{5}$ of the total number of pheasants, wild turkeys, and partridge liberated on said land during the year covered by such license. Section 23:4-24 of this Title relating to hunting on Sunday shall not apply to any person authorized to shoot pheasants, wild turkeys, quail and partridge under sections 23:3-28 to 23:3-39 of this Title. Quail propagated in a semiwild state may be taken by shooting only from November 10 to the next following February 28, both days inclusive and during any further period,
CHAPTER 5, LAWS OF 1961

not exceeding 31 days, which the Commissioner of Conservation and Economic Development may, from time to time, designate for that purpose upon the recommendation of the Director of the Division of Fish and Game of the Department of Conservation and Economic Development. No pheasants, wild turkeys, partridge or quail propagated in a semiwild state shall be trapped without the written permission of the division.

Under a "commercial pheasant, wild turkey, quail and partridge-shooting preserve" license, pheasants, wild turkeys, and partridge may be taken by shooting only on lands described in the application and license, without regard to sex and daily bag limit, by fully licensed hunters authorized by the licensee to shoot on said land between September 1 and the following March 15, both dates inclusive and during any further period, not exceeding 31 days, which the Commissioner of Conservation and Economic Development may, from time to time, designate for that purpose upon the recommendation of the Director of the Division of Fish and Game of the Department of Conservation and Economic Development.

All pheasants, wild turkeys, quail and partridge liberated on a "commercial pheasant, wild turkey, quail and partridge-shooting preserve" for which a license has been issued shall first be banded with a leg band which shall bear upon it a symbol identifying the shooting preserve, and a description of said band and symbol shall be set forth in the application for license. No pheasants, wild turkeys, quail or partridge shall be possessed or transported outside the licensed area, unless each bird shall have been tagged with a suitable tag or seal supplied by the division, and no licensee shall receive from the division, during any year of operation, more tags to be affixed to the bodies of pheasants, quail and partridge than 4 times the number of female pheasants, quail and partridge released prior to May 1 in each year, in addition to 1 tag for each pheasant, wild turkey, quail and partridge
liberated during the shooting period hereinbefore specified.

2. Section 23:3-36 of the Revised Statutes is amended to read as follows:

23:3-36. All licenses under sections 23:3-28 to 23:3-39 of this Title shall expire on March 15 of each year, except that if the time under which licensed hunters are authorized to shoot upon any preserve is extended beyond said date, pursuant to law, the license to operate such preserve shall not expire until the end of such extended period.

No renewal of a propagating license for pheasants, wild turkeys, partridge or quail in a semiwild state or for a "commercial pheasant, wild turkey, quail and partridge-shooting preserve" license shall be granted until the required number of birds have been released as provided in section 23:3-29 of this Title, or until the applicant for renewal shall have submitted evidence satisfactory to the division showing that the minimum number of birds required in said section 23:3-29 are present on his property.

3. This act shall take effect immediately.

Approved March 22, 1961.
CHAPTER 6

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The Director of the Division of Employment Security on behalf of the division is authorized to enter into agreements with the Secretary of Labor of the United States on behalf of the United States under which the division

(a) will make, as agent of the United States, payments of unemployment compensation to individuals who may be eligible therefor under any law of the United States, and will otherwise co-operate with the Secretary of Labor of the United States and with agencies of other states in making payments of unemployment compensation under any such laws; provided, however, that all costs incurred, all expenses paid and all such compensation benefits paid shall be paid or reimbursed by the United States and shall not devolve upon the State of New Jersey; or

(b) will receive reimbursement from the United States for unemployment compensation paid pursuant to any law of this State or of the United States;

and the division shall perform such agreements.

2. This act shall take effect immediately.

CHAPTER 7

Be it enacted by the Senate and General Assembly of the State of New Jersey:

2. This act shall take effect immediately.

Approved March 29, 1961.

3. The covered bridge shall be restored upon the existing stone abutments in accordance with its original design as a covered bridge, with such modifications as the commissioner may deem necessary to accommodate present and prospective vehicular traffic thereon. In the restoration of said covered bridge the commissioner shall use as many of the members and pieces of the present dismantled bridge as shall be practicable. Upon completion of the restoration both the covered bridge and the new modern bridge heretofore mentioned shall be under the control of and maintained by the board of chosen freeholders.

6. This act shall take effect immediately.

Approved April 3, 1961.
CHAPTER 9

An Act concerning exemptions from taxation on real property of citizens and residents of this State of the age of 65 or more years having an income not in excess of $5,000.00 per year, and supplementing chapter 4 of Title 54 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. As used in this act:

(a) "Income" means all income from whatever source derived including, but not limited to, realized capital gains and, in their entirety, pension, annuity, retirement and social security benefits. For any tax year for which an exemption is claimed, "income" shall be determined to be equal in amount to the income received during the calendar year or the taxpayer’s fiscal year ended immediately preceding October 1 of the pretax year, but no taxpayer shall use a fiscal year basis unless he so elects to do and files his Federal income tax return on such basis.

(b) "Pretax year" means the calendar year immediately preceding the "tax year."

(c) "Resident" means one legally domiciled within the State of New Jersey for a period of 3 years immediately preceding October 1 of the pretax year. Mere seasonal or temporary residence within the State, of whatever duration, shall not constitute domicile within the State for the purposes of this act. Absence from this State for a period of 12 months shall be prima facie evidence of abandonment of domicile in this State. The burden of establishing legal domicile within the State shall be upon the claimant.

(d) "Tax year" means the calendar year in which the general property tax is due and payable.
2. Every person, a citizen and resident of this State of the age of 65 or more years, having an income not in excess of $5,000.00 per year and residing in a dwelling house owned by him which is a constituent part of his real property, shall be entitled, on proper claim being made therefor, to exemption from taxation on such real property to an assessed valuation not exceeding $800.00 in the aggregate, but no such exemption shall be in addition to any other exemption to which said person may be entitled.

3. No exemption from taxation on the valuation of real property, as provided herein, shall be allowed except upon written application therefor, which application shall be on a form prescribed by the Director, Division of Taxation, in the Department of the Treasury, and provided for the use of claimants hereunder by the governing body of the municipality constituting the taxing district in which such claim is to be filed. Each assessor may at any time inquire into the right of a claimant to the continuance of an exemption hereunder and for that purpose he may require the filing of a new application or the submission of such proof as he shall deem necessary to determine the right of the claimant to continuance of such exemption.

4. An application for exemption hereunder may be filed with the assessor of the taxing district on or before November 1 of the pretax year. If an application is approved by the assessor, he shall allow an exemption from taxation against the assessed valuation of the real property assessed to the claimant in the amount of the claim approved by him.

5. Applications for the tax year 1961, however, may be filed on or before July 1, 1961. If an application for 1961 is approved by the assessor, he shall promptly notify the collector and the collector shall note the exemption from taxation on his tax duplicate. For the purpose of computing the amount of tax due upon such property for said tax year, however, the exemption so noted shall not
operate to reduce the taxable valuation of the property for the tax year 1961, but, in lieu thereof, the cash value, without interest, of the exemption so noted, computed according to the 1961 tax rate, shall be credited against the taxes due upon such property for the tax year 1962. If the amount so allowable as a credit in 1962 shall exceed the amount of the taxes otherwise due upon such property for 1962, the collector shall, in the period beginning on August 1, 1962, through September 30, 1962, pay the amount of such excess, without interest, to the person appearing as owner of the property on the collector’s tax duplicate as of August 1, 1962.

6. Notwithstanding the provisions of sections 5 of this act, if the governing body of the municipality constituting the taxing district shall, on or before September 15, 1961, determine by ordinance that the financial position of the taxing district for 1961 will not thereby be impaired, it may, by such ordinance, direct that the exemptions claimed and allowed for 1961 shall operate to reduce the taxable valuations for 1961 for the purpose of computing the amount of tax due upon such properties for such year. If the governing body so determines, the collector shall ascertain the amount of the reduction in tax to which the claimant is thereby entitled and shall, on or before October 15, 1961, credit said amount against the tax then remaining unpaid. If such credit shall exceed the amount of the tax then unpaid for 1961, the collector shall, in the period beginning on October 15, 1961, through December 1, 1961, pay the amount of such excess, without interest, to the person appearing as owner of the property on the collector’s tax duplicate as of October 15, 1961.

7. Every fact essential to support a claim for exemption hereunder shall exist on October 1 of the pretax year. Every application by a claimant therefor shall establish that he was, on October 1 of the pretax year, (a) a citizen and resident of this State for the period required, (b) of the age
of 65 or more years, (c) the owner of a dwelling house which is a constituent part of the real property for which the exemption is claimed, (d) residing in said dwelling house. Such application shall also establish that his income for the yearly period as provided by this act did not exceed $5,000.00.

8. A claim having been filed with and allowed by the assessor shall continue in force from year to year thereafter without the necessity for further claim so long as the claimant shall be entitled to exemption hereunder, but the claimant shall be required yearly to establish his income and the assessor may at any time require the filing of a new application or such proof as he shall deem necessary to establish the right of the claimant to continuance of the exemption. It shall be the duty of every claimant to inform the assessor of any change in his status or property which may affect his right to continuance of the exemption.

9. Where title to property on which an exemption is claimed is held by claimant and another or others, either as tenants in common or as joint tenants, claimant shall not be allowed an exemption against his interest in said property in excess of the assessed valuation of his proportionate share in said property, which proportionate share, for the purposes of this act, shall be deemed to be equal to that of each of the other tenants, unless it is shown that the interests in question are not equal, in which event claimant’s proportionate share shall be as shown. Nothing herein shall preclude more than 1 tenant, whether title be held in common or joint tenancy, from claiming exemption against the property so held, but no more than the equivalent of 1 full exemption in regard to such property shall be allowed in any year, and in any case in which the claimants cannot agree as to the apportionment thereof, the exemption shall be apportioned between or among them in proportion to their interest. Property held by husband and wife, as tenants by the entirety, shall be deemed wholly owned by each tenant, but no more than 1 exemption in regard to
such property shall be allowed in any year. Right to claim exemption hereunder shall extend to property the title to which is held by a partnership, to the extent of the claimant’s interest as a partner therein, and by a guardian, trustee, committee, conservator or other fiduciary for any person who would otherwise be entitled to claim exemption hereunder, but not to property the title to which is held by a corporation.

10. The director may promulgate such rules and regulations and prescribe such forms as he shall deem necessary to implement this act. He may, in his discretion, eliminate the necessity for sworn application, in which event all declarations by the claimant shall be considered as if made under oath and the claimant, as to false declarations, shall be subject to the penalties as provided by law for perjury.

11. Each assessor and collector and his duly designated assistants are hereby authorized to take and administer the oath, where required, on any claim for exemption hereunder and no charge shall be made for the taking of any affidavit or the preparation of any form required by this act.

12. An aggrieved taxpayer may appeal from the disposition of an exemption claim under this act in the same manner as is provided for appeals from assessments generally.

13. This act shall take effect immediately.

CHAPTER 10

An Act concerning agreements between this State and other jurisdictions to furnish certain information to such jurisdictions to secure income or wage tax advantages for residents of this State with income from such other jurisdictions, to authorize withholding of taxes in certain cases, and amending section 34:11-4 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. It is hereby found that residents of this State with income taxable in the State of New York heretofore have been allowed only limited itemized deductions, as compared with residents of the State of New York, in the computation of income taxable by the State of New York; that by chapter 68 of the laws of New York of 1961, approved March 1, 1961, the State of New York altered this discriminatory feature of its laws by authorizing residents of the State of New Jersey to claim all or part of all types of itemized deductions available to residents of the State of New York; but that said chapter 68 provided that residents of the State of New Jersey may claim such additional itemized deductions only if the State of New Jersey shall have authorized certain withholding of taxes by employers in New Jersey who employ residents of New York and shall have entered into an agreement with the State of New York to provide to it certain information concerning its residents who are employed in the State of New Jersey, to aid in the collection of the income tax from such residents. It being the desire of the Legislature to authorize the steps necessary to secure for its residents the benefits of said chapter 68, and such other tax benefits as may
be or become available by virtue of other laws of the State of New York or other jurisdictions, this act is enacted to authorize compliance with the conditions so prescribed by the State of New York and with other similar conditions prescribed by such other laws.

2. In this act, unless the context otherwise indicates,

(a) "Tax advantage" refers to income or wage taxes, and means (1) a less inclusive definition of taxable income or wages, (2) a lower rate of tax, (3) a greater number of or amount of available exemptions, or (4) a greater number or amount of available deductions, or any of the foregoing, and

(b) "Foreign taxing jurisdiction" or "jurisdiction" means a sister State or any municipality or other subdivision of a sister State which imposes a tax on the income or wages of residents of this State from sources within such jurisdiction.

3. If the State Treasurer shall determine, as evidenced by a declaration filed in the office of the Secretary of State, that (a) the laws of a foreign taxing jurisdiction offer a tax advantage to residents of this State contingent in whole or in part upon the existence of an agreement between that jurisdiction and this State under which this State will furnish to that jurisdiction, or agency thereof, information in regard to names and addresses, in that jurisdiction, of such categories of residents of that jurisdiction employed in this State as shall be specified by that jurisdiction, or agency thereof, and that (b) compliance with the prerequisites to securing such tax advantage is within the authority of this State under this act and will not, in the judgment of the State Treasurer, be unduly burdensome in comparison to the advantage to be derived; then, upon the filing of such declaration of determination, the Division of Taxation in the Department of the Treasury, on behalf of this State, shall enter into such agreement with that jurisdiction.
CHAPTER 10, LAWS OF 1961

4. If an agreement with a foreign taxing jurisdiction is in force pursuant to section 3 hereof, the Division of Taxation shall ascertain, from any source available to it, such information as may be required to be furnished to such jurisdiction under or by virtue of the terms of the agreement, and shall furnish that information to such jurisdiction in compliance with said agreement. The division is authorized, to the extent necessary to comply with the terms of said agreement, to adopt and enforce rules and regulations requiring employers within this State to furnish the division with information in regard to names and addresses, in such jurisdiction, of persons employed by them who reside in such jurisdiction. The division, by such rules and regulations, may provide that any employer who fails to furnish the required information within the time prescribed by the division, shall, unless the employer shall establish to the satisfaction of the division that such failure was in good faith and was not willful, be liable to a penalty, with respect to each such name and address not reported, of $1.00 for each calendar month or fraction thereof that the information was withheld; provided, nevertheless, that the amount of such penalties which may be assessed against a single employer shall not exceed $1,000.00 for any calendar year. Such penalty shall be recoverable under the provisions of the Penalty Enforcement Law.

5. An agreement under section 3, hereof, may provide for payment or reimbursement by the foreign taxing jurisdiction, if authorized by the laws of such jurisdiction, of expenses incurred or paid by the State of New Jersey in the performance of such agreement. Such agreement may also provide for its termination by the State Treasurer of this State.

6. Any person, firm, association, partnership or corporation employing 1 or more persons in this State who are residents of a foreign taxing juris-
Section amended.

Payment of wages every two weeks; exceptions; agreements to contrary void; payment by negotiable check; application of act.

7. Section 34:11-4 of the Revised Statutes is amended to read as follows:

34:11-4. Except as otherwise provided by law, every person, firm, association or partnership doing business in this State, and every corporation organized under or acting by virtue of or governed by the provisions of Title 14, Corporations, General, or by the provisions of the act entitled "An act concerning corporations" (Revision 1896), approved April 21, 1896, in this State, shall pay at least every 2 weeks, in lawful money of the United
States to each and every employee engaged in his, their or its business, or to the duly authorized representative of such employee, the full amount of wages earned and unpaid in lawful money to such employee, up to within 12 days of such payment. If, however, at any time of payment, any employee shall be absent from his regular place of labor and shall not receive his wages through a duly authorized representative, he shall be entitled to such payment at any time thereafter upon demand.

It shall not be lawful for any such person, firm, association, partnership or corporation to enter into or make any agreement with any employee for the payment of the wages of any such employee otherwise than as provided by this section, except to pay such wages at shorter intervals than every 2 weeks. Every agreement made in violation of this section shall be deemed to be null and void, and the penalties provided for in section 34:11-6 of this Title may be enforced notwithstanding such agreement; and each and every employee with whom any agreement in violation of this section shall be made by any such person, firm, association, partnership or corporation, or the agent or agents thereof, shall have his action and right of action against any such person, firm, association or corporation for the full amount of his wages in any court of competent jurisdiction in this State. Any such person, firm, partnership, association or corporation that can reasonably satisfy the commissioner that he, they or it have a paid-up cash capital invested in this State of not less than $200,000.00, and that arrangements have been made with a banking institution for the payment in full of any negotiable check issued for the payment of wages, may, with the written consent of the commissioner, pay any such wages by negotiable check instead of in lawful money. Any person, firm, association, partnership or corporation may, with the written consent of the Commissioner of Labor and Industry, pay the wages of his, their or its employees by check if he, they or it furnish satisfactory proof to the
commissioner of his, their or its financial responsibility and file with the commissioner a bond running to the commissioner for the benefit of said employees in double the amount of the maximum weekly payroll paid by him, them or it during the calendar year preceding the date of the filing thereof conditioned upon the payment by the bank upon which any such check is drawn immediately upon proper presentation of such check and secured by a surety authorized to do business in New Jersey and approved by the Commissioner of Banking and Insurance, which bond and the terms thereof may be enforced by an action at law either by the commissioner or, with the written consent of the commissioner, by any aggrieved employee. Any person, firm, association, partnership, or corporation shall, as a condition precedent to the obtaining of the written consent of the commissioner under this section, make suitable arrangements for the cashing of such checks by employees without difficulty and for the full amount for which they are drawn.

This section shall not apply to employees engaged in agricultural work or as watermen.

8. This act shall take effect immediately.
Approved April 19, 1961.

ment system for the police and firemen of a
municipality, county or political subdivision
thereof," approved May 23, 1944 (P. L. 1944,
c. 255) and "An act to amend and supplement
‘An act for the establishment of a police and fire­
men’s retirement system for the police and
firemen of a municipality, county or political
subdivision thereof,’ approved May 23, 1944
(P. L. 1944, c. 255),” approved July 23, 1953
(P. L. 1953, c. 266).

Be it enacted by the Senate and General Assem­
by of the State of New Jersey:
1. Section 9 of chapter 255 of the laws of 1944 is
amended to read as follows:
9. (1) Upon the receipt of proper proof of the
death of a member in service on account of which
no accidental death benefit is payable under section
10 there shall be paid to such person, if living, as
he shall have nominated by written designation
duly executed and filed with the board of trustees,
otherwise to the executor or administrator of the
member’s estate:
(a) His aggregate contributions at the time
of death; and
(b) An amount equal to 1 and \( \frac{1}{2} \) times the compensation received by the member in the last year of creditable service.

(2) A member may file, and alter from time to time during his lifetime, as desired, a request with the board of trustees naming the payee of the death benefit provided under this section. Such member may also file, and alter from time to time during his lifetime, as desired, a request with the board of trustees directing payment of said benefit in 1 sum or in equal annual installments over a period of years or as a life annuity. Upon the death of such member, a beneficiary to whom a benefit is payable in 1 sum may elect to receive the amount payable in equal annual installments over a period of years or as a life annuity.

(3) For the purposes of this section, a member shall be deemed to be in service for a period of no more than 93 days while on official leave of absence without pay when such leave is due to any reason other than illness, and for a period of no more than 2 years if satisfactory evidence is presented to the board of trustees establishing the fact that such leave of absence without pay is due to illness.

2. Section 5 of chapter 266 of the Laws of 1953 is amended to read as follows:

5. (1) Any member shall have the right prior to January 1, 1962, to select additional death benefit coverage as follows:

   (a) Upon the receipt of proper proofs of the death of a member selecting coverage under this section who has retired on a service retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to \( \frac{3}{4} \) of the compensation received by the member in the last year of creditable service.

   (b) Upon the receipt of proper proofs of the death of a member selecting coverage under
this section who has retired on an ordinary
disability retirement allowance, there shall be
paid to such person, if living, as he shall have
nominated by written designation duly ex­
ecuted and filed with the board of trustees,
otherwise to the executor or administrator of
the member's estate, an amount equal to \( \frac{3}{16} \) of
the compensation received by the member in
the last year of creditable service.

(c) Upon the receipt of proper proof of the
death in service of a member selecting cover­
age under this section, on account of which no

received by the member in the last year of
creditable service. In the event the member
had less than 1 year of creditable service, the
benefit payable under this subsection shall be
an amount equal to \( 1\frac{1}{2} \) times the members' annual rate of compensation.

(2) Each member selecting the additional death
benefit coverage under this section shall agree to
the deduction of a percentage of his compensation
in addition to that required under section 15. The
actuary of the retirement system shall determine
the uniform and constant percentage of contribu­
tions which, if deducted from each payment of the
prospective earnable compensation throughout
active service of all members selecting coverage
under this section, is computed to be sufficient to
provide for all benefits of this section.

(3) The percentage rate of contribution payable
by members selecting coverage under this section
shall be subject to adjustment from time to time
by the board of trustees on the basis of annual
actuarial valuations and experience investigations.
as provided under section 13, so that the value of future contributions of members selecting the additional death benefit coverage under this section when taken with present assets held for such additional death benefits, shall be equal to the value of prospective benefit payments.

(4) All other provisions of this section notwithstanding, this section and the benefits provided under this section shall not come into effect until a required percentage of the members shall have applied for the additional death benefit coverage under this section. This required percentage shall be fixed by the board of trustees and shall not be less than 65% nor more than 75% of the members. Such application shall be made with the secretary of the board of trustees in such manner and upon such forms as the board of trustees shall provide.

(5) Any other provision of this act notwithstanding, the additional contributions of members selecting the additional death benefit coverage under this section shall not be returnable to the member or his beneficiary in any manner, or for any reason whatsoever, nor shall such contributions be included in any annuity payable to any such member or his beneficiary.

(6) A member selecting the additional death benefit coverage under this section may file, and alter from time to time during his lifetime, as desired, a request with the board of trustees naming the payee of the death benefit provided under this section. Such member may also file and alter from time to time during his lifetime, as desired, a request with the board of trustees directing payment of said benefit in 1 sum or in equal annual installments over a period of years or as a life annuity. Upon the death of such a member, a beneficiary to whom a benefit is payable in 1 sum may elect to receive the amount payable in equal annual installments over a period of years or as a life annuity.

(7) For the purposes of this section, a member shall be deemed to be in service for a period of no
more than 93 days while on official leave of absence without pay when such leave is due to any reason other than illness, and for a period of no more than 2 years if satisfactory evidence is presented to the board of trustees establishing the fact that such leave of absence without pay is due to illness.

In order to continue coverage under this section while on official leave of absence without pay, the member must continue to make contributions for such coverage during the period of such leave of absence without pay in accordance with the rules and regulations established by the board of trustees.

3. Any person becoming a member of the retirement system after June 30, 1961 shall, for the first year of such membership, be covered by the additional death benefit coverage provisions of this retirement system. Such member shall make contributions to the members’ death benefit fund in the amount fixed by the board of trustees. After the completion of the first year of membership, such member may terminate his additional death benefit coverage by giving written notice to the board of trustees, or he may, without notice, continue the coverage by continuing to make contributions therefor in the amount fixed by the board of trustees.

4. This act shall take effect immediately.

Approved April 24, 1961.
CHAPTER 13

An Act to create a regional agency by intergovernmental compact for the planning, conservation, utilization, development, management and control of the water and related natural resources of the Delaware River Basin, for the improvement of navigation, reduction of flood damage, regulation of water quality, control of pollution, development of water supply, hydroelectric energy, fish and wildlife habitat and public recreational facilities, and other purposes, and defining the functions, powers and duties of such agency.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

PART I

COMPACT

WHEREAS, The signatory parties recognize the water and related resources of the Delaware basin as regional assets vested with local, State and national interests, for which they have a joint responsibility; and

WHEREAS, The conservation, utilization, development, management and control of the water and related resources of the Delaware River Basin under a comprehensive multipurpose plan will bring the greatest benefits and produce the most efficient service in the public welfare; and

WHEREAS, Such a comprehensive plan administered by a basin-wide agency will provide effective flood damage reduction; conservation and
development of ground and surface water supply for municipal, industrial and agricultural uses; development of recreational facilities in relation to reservoirs, lakes and streams; propagation of fish and game; promotion of related forestry, soil conservation and watershed projects; protection and aid to fisheries dependent upon water resources; development of hydroelectric power potentialities; improved navigation; control of the movement of salt water; abatement and control of stream pollution; and regulation of stream flows toward the attainment of these goals; and

Preamble. **WHEREAS,** Decisions of the United States Supreme Court relating to the waters of the basin have confirmed the interstate regional character of the water resources of the Delaware River Basin, and the United States Corps of Engineers has in a prior report on the Delaware River Basin (House Document 179, 73d Cong., 2nd Sess.) officially recognized the need for an interstate agency and the economies that can result from unified development and control of the water resources of the basin; and

Preamble. **WHEREAS,** The water resources of the basin are presently subject to the duplicating, overlapping and unco-ordinated administration of some 43 State agencies, 14 interstate agencies and 19 Federal agencies which exercise a multiplicity of powers and duties resulting in a splintering of authority and responsibilities; and

Preamble. **WHEREAS,** The joint advisory body known as the Interstate Commission on the Delaware River Basin (INCODEL), created by the respective commissions or committee on Interstate Co-operation of the States of Delaware, New Jersey, New York and Pennsylvania, has on the basis of its extensive investigations, surveys and studies concluded that regional development of
the Delaware River Basin is feasible, advisable and urgently needed; and has recommended that an interstate compact with Federal participation be consummated to this end; and

WHEREAS, The Congress of the United States and the executive branch of the government have recognized the national interest in the Delaware River Basin by authorizing and directing the Corps of Engineers, United States Department of the Army, to make a comprehensive survey and report on the water and related resources of the Delaware River Basin, enlisting the technical aid and planning participation of many Federal, State and municipal agencies dealing with the waters of the basin, and in particular the Federal Departments of Agriculture, Commerce, Health, Education and Welfare, Interior, and Federal Power Commission; and

WHEREAS, Some 22,000,000 people of the United States at present live and work in the region of the Delaware River Basin and its environs, and the government, employment, industry and economic development of the entire region and the health, safety and general welfare of its population are and will continue to be vitally affected by the use, conservation, management and control of the water and related resources of the Delaware River Basin; and

WHEREAS, Demands upon the waters and related resources of the basin are expected to mount rapidly because of the anticipated increase in the population of the region projected to reach 30,000,000 by 1980 and 40,000,000 by 2010, and because of the anticipated increase in industrial growth projected to double by 1980; and

WHEREAS, Water resources planning and development is technical, complex and expensive, and has often required 15 to 20 years from the conception
to the completion of a large dam and reservoir; and

Whereas, The public interest requires that facilities must be ready and operative when needed, to avoid the catastrophe of unexpected floods or prolonged drought, and for other purposes; and

Whereas, The Delaware River Basin Advisory Committee, a temporary body constituted by the Governors of the four basin States and the mayors of the cities of New York and Philadelphia, has prepared a draft of an interstate-federal compact for the creation of a basin agency, and the signatory parties desire to effectuate the purposes thereof; now therefore

The States of Delaware, New Jersey and New York and the Commonwealth of Pennsylvania, and the United States of America hereby solemnly covenant and agree with each other, upon the enactment of concurrent legislation by the Congress of the United States and by the respective State Legislatures, having the same effect as this part, to the following compact:

**Article 1**

**Short Title, Definitions, Purpose and Limitations**

1.1 Short Title. This act shall be known and may be cited as the Delaware River Basin Compact.

1.2 Definitions. For the purposes of this compact, and of any supplemental or concurring legislation enacted pursuant thereto, except as may be otherwise required by the context:

(a) "Basin" shall mean the area of drainage into the Delaware river and its tributaries, including Delaware bay;
(b) "Commission" shall mean the Delaware River Basin Commission created and constituted by this compact;

(c) "Compact" shall mean Part I of this act.

(d) "Cost" shall mean direct and indirect expenditures, commitment, and net induced adverse effects, whether or not compensated for, used or incurred in connection with the establishment, acquisition, construction, maintenance and operation of a project;

(e) "Facility" shall mean any real or personal property, within or without the basin, and improvements thereof or thereon, and any and all rights of way, water, water rights, plants, structures, machinery and equipment, acquired, constructed, operated or maintained for the beneficial use of water resources or related land uses including, without limiting the generality of the foregoing, any and all things and appurtenances necessary, useful or convenient for the control, collection, storage, withdrawal, diversion, release, treatment, transmission, sale or exchange of water; or for navigation thereon, or the development and use of hydroelectric energy and power, and public recreational facilities; or the propagation of fish and wildlife; or to conserve and protect the water resources of the basin or any existing or future water supply source, or to facilitate any other uses of any of them;

(f) "Federal Government" shall mean the government of the United States of America, and any appropriate branch, department, bureau or division thereof, as the case may be;

(g) "Project" shall mean any work, service or activity which is separately planned, financed, or identified by the commission, or any separate facility undertaken or to be undertaken within a specified area, for the conservation, utilization, control, development or management of water resources which can be established and utilized independently or as an addition to an existing
facility, and can be considered as a separate entity for purposes of evaluation;

(h) "Signatory party" shall mean a State or Commonwealth party to this compact, and the Federal Government;

(i) "Water resources" shall include water and related natural resources in, on, under, or above the ground, including related uses of land, which are subject to beneficial use, ownership or control.

1.3 Purpose and Findings. The legislative bodies of the respective signatory parties hereby find and declare:

(a) The water resources of the basin are affected with a local, State, regional and national interest and their planning, conservation, utilization, development, management and control, under appropriate arrangements for intergovernmental co-operation, are public purposes of the respective signatory parties.

(b) The water resources of the basin are subject to the sovereign right and responsibility of the signatory parties, and it is the purpose of this compact to provide for a joint exercise of such powers of sovereignty in the common interests of the people of the region.

(c) The water resources of the basin are functionally interrelated, and the uses of these resources are interdependent. A single administrative agency is therefore essential for effective and economical direction, supervision and co-ordination of efforts and programs of Federal, State and local governments and of private enterprise.

(d) The water resources of the Delaware River Basin, if properly planned and utilized, are ample to meet all presently projected demands, including existing and added diversions in future years; and ever-increasing economies and efficiencies in the use and reuse of water resources can be brought about by comprehensive planning, programming and management.

(e) In general, the purposes of this compact are to promote interstate comity; to remove causes of
CHAPTER 13, LAWS OF 1961

present and future controversy; to make secure
and protect present developments within the States;
to encourage and provide for the planning, con­
servation, utilization, development, management
and control of the water resources of the basin; to
provide for co-operative planning and action by the
signatory parties with respect to such water re­
sources; and to apply the principle of equal and
uniform treatment to all water users who are
similarly situated and to all users of related facili­
ties, without regard to established political bound­
aries.

1.4 Powers of Congress; Withdrawal. Nothing
in this compact shall be construed to relinquish the
functions, powers or duties of the Congress of the
United States with respect to the control of any
navigable waters within the basin, nor shall any
provision hereof be construed in derogation of any
of the constitutional powers of the Congress to
regulate commerce among the States and with
foreign nations. The power and right of the
Congress to withdraw the Federal Government as
a party to this compact or to revise or modify the
terms, conditions and provisions under which it
may remain a party by amendment, repeal or
modification of any Federal statute applicable
thereto is recognized by the signatory parties.

1.5 Existing Agencies; Construction. It is the
purpose of the signatory parties to preserve and
utilize the functions, powers and duties of existing
offices and agencies of government to the extent
not inconsistent with this compact, and the com­
mission is authorized and directed to utilize and
employ such offices and agencies for the purpose
of this compact to the fullest extent it finds feasible
and advantageous.

1.6 Duration of Compact.

(a) The duration of this compact shall be for
an initial period of 100 years from its effective date,
and it shall be continued for additional periods of
100 years if not later than 20 years nor sooner
than 25 years prior to the termination of the initial period or any succeeding period none of the signatory States, by authority of an act of its Legislature, notifies the commission of intention to terminate the compact at the end of the then current 100-year period.

(b) In the event that this compact should be terminated by operation of paragraph (a) above, the commission shall be dissolved, its assets and liabilities transferred, and its corporate affairs wound up, in such manner as may be provided by act of the Congress.

**Article 2**

**Organization and Area**

2.1 Commission Created. The Delaware River Basin Commission is hereby created as a body politic and corporate, with succession for the duration of this compact, as an agency and instrumentality of the governments of the respective signatory parties.

2.2 Commission Membership. The commission shall consist of the Governors of the signatory States, ex officio, and 1 commissioner to be appointed by the President of the United States to serve during the term of office of the President.

2.3 Alternates. Each member of the commission shall appoint an alternate to act in his place and stead, with authority to attend all meetings of the commission, and with power to vote in the absence of the member. Unless otherwise provided by law of the signatory party for which he is appointed, each alternate shall serve during the term of the member appointing him, subject to removal at the pleasure of the member. In the event of a vacancy in the office of alternate, it shall be filled in the same manner as an original appointment for the unexpired term only.
2.4 Compensation. Members of the commission and alternates shall serve without compensation but may be reimbursed for necessary expenses incurred in and incident to the performance of their duties.

2.5 Voting Power. Each member shall be entitled to 1 vote on all matters which may come before the commission. No action of the commission shall be taken at any meeting unless a majority of the membership shall vote in favor thereof.

2.6 Organization and Procedure. The commission shall provide for its own organization and procedure, and shall adopt rules and regulations governing its meetings and transactions. It shall organize annually by the election of a chairman and vice-chairman from among its members. It shall provide by its rules for the appointment by each member in his discretion of an advisor to serve without compensation, who may attend all meetings of the commission and its committees.

2.7 Jurisdiction of the Commission. The commission shall have, exercise and discharge its functions, powers and duties within the limits of the basin, except that it may in its discretion act outside the basin whenever such action may be necessary or convenient to effectuate its powers or duties within the basin, or to sell or dispose of water, hydroelectric power or other water resources within or without the basin. The commission shall exercise such power outside the basin only upon the consent of the State in which it proposes to act.

ARTICLE 3

POWERS AND DUTIES OF THE COMMISSION

3.1 Purpose and Policy. The commission shall develop and effectuate plans, policies and projects relating to the water resources of the basin. It shall adopt and promote uniform and co-ordinated policies for water conservation, control, use and
management in the basin. It shall encourage the planning, development and financing of water resources projects according to such plans and policies.

3.2 Comprehensive Plan, Program and Budgets. The commission shall, in accordance with Article 13 of this compact, formulate and adopt:

(a) A comprehensive plan, after consultation with water users and interested public bodies, for the immediate and long range development and uses of the water resources of the basin;

(b) A water resources program, based upon the comprehensive plan, which shall include a systematic presentation of the quantity and quality of water resources needs of the area to be served for such reasonably foreseeable period as the commission may determine, balanced by existing and proposed projects required to satisfy such needs, including all public and private projects affecting the basin, together with a separate statement of the projects proposed to be undertaken by the commission during such period; and

(c) An annual current expense budget, and an annual capital budget consistent with the water resources program covering the commission’s projects and facilities for the budget period.

3.3 Allocations, Diversions and Releases. The commission shall have the power from time to time as need appears, in accordance with the doctrine of equitable apportionment, to allocate the waters of the basin to and among the States signatory to this compact and to and among their respective political subdivisions, and to impose conditions, obligations and release requirements related thereto, subject to the following limitations:

(a) The commission, without the unanimous consent of the parties to the United States Supreme Court decree in New Jersey v. New York, 347 U. S. 995 (1954), shall not impair, diminish or otherwise adversely affect the diversions, compensating releases, rights, conditions, obligations, and provisions for the administration thereof as provided in
said decree; provided, however, that after consultation with the river master under said decree the commission may find and declare a state of emergency resulting from a drought or catastrophe and it may thereupon by unanimous consent of its members authorize and direct an increase or decrease in any allocation or diversion permitted or releases required by the decree, in such manner and for such limited time as may be necessary to meet such an emergency condition.

(b) No allocation of waters hereafter made pursuant to this section shall constitute a prior appropriation of the waters of the basin or confer any superiority of right in respect to the use of those waters, nor shall any such action be deemed to constitute an apportionment of the waters of the basin among the parties hereto; provided that this paragraph shall not be deemed to limit or restrict the power of the commission to enter into covenants with respect to water supply, with a duration not exceeding the life of this compact, as it may deem necessary for the benefit or development of the water resources of the basin.

(c) Any proper party deeming itself aggrieved by action of the commission with respect to an out-of-basin diversion or compensating releases in connection therewith, notwithstanding the powers delegated to the commission by this compact may invoke the original jurisdiction of the United States Supreme Court within 1 year after such action for an adjudication and determination thereof de novo. Any other action of the commission pursuant to this section shall be subject to judicial review in any court of competent jurisdiction.

3.4 Supreme Court Decree; Waivers. Each of the signatory States and their respective political subdivisions, in consideration of like action by the others, and in recognition of reciprocal benefits, hereby waives and relinquishes for the duration of this compact any right, privilege or power it may have to apply for any modification of the terms of
the decree of the United States Supreme Court in New Jersey v. New York, 347 U. S. 995 (1954) which would increase or decrease the diversions authorized or increase or decrease the releases required thereunder, except that a proceeding to modify such decree to increase diversions or compensating releases in connection with such increased diversions may be prosecuted by a proper party to effectuate rights, powers, duties and obligations under section 3.3 of this compact, and except as may be required to effectuate the provisions of paragraphs III B 3 and V B of said decree.

3.5 Supreme Court Decree; Specific Limitations on Commission. Except as specifically provided in sections 3.3 and 3.4 of this article, nothing in this compact shall be construed in any way to impair, diminish or otherwise adversely affect the rights, powers, privileges, conditions and obligations contained in the decree of the United States Supreme Court in New Jersey v. New York, 347 U. S. 995 (1954). To this end, and without limitation thereto, the commission shall not:

(a) Acquire, construct or operate any project or facility or make any order or take any action which would impede or interfere with the rights, powers, privileges, conditions or obligations contained in said decree;

(b) Impose or collect any fee, charge or assessment with respect to diversions of waters of the basin permitted by said decree;

(c) Exercise any jurisdiction, except upon consent of all parties to said decree, over the planning, design, construction, operation or control of any projects, structures or facilities constructed or used in connection with withdrawals, diversions and releases of waters of the basin authorized by said decree or of the withdrawals, diversions or releases to be made thereunder; or

(d) Serve as river master under said decree, except upon consent of all the parties thereto.
3.6 General Powers: The commission may:

(b) Establish standards of planning, design and operation of all projects and facilities in the basin which affect its water resources, including without limitation thereto water and waste treatment plants, stream and lake recreational facilities, trunk mains for water distribution, local flood protection works, small watershed management programs, and ground water recharging operations;

(c) Conduct and sponsor research on water resources, their planning, use, conservation, management, development, control and protection, and the capacity, adaptability and best utility of each facility thereof, and collect, compile, correlate, analyze, report and interpret data on water resources and uses in the basin, including without limitation thereto the relation of water to other resources, industrial water technology, ground water movement, relation between water price and water demand, and general hydrological conditions;

(d) Compile and co-ordinate systematic stream stage and ground water level forecasting data, and publicize such information when and as needed for water uses, flood warning, quality maintenance or other purposes;

(e) Conduct such special ground water investigations, tests, and operations and compile such data relating thereto as may be required to formulate and administer the comprehensive plan;

(f) Prepare, publish and disseminate information and reports with respect to the water problems of the basin and for the presentation of the needs, resources and policies of the basin to executive and legislative branches of the signatory parties;

(g) Negotiate for such loans, grants, services or other aids as may be lawfully available from
CHAPTER 13, LAWS OF 1961

public or private sources to finance or assist in effectuating any of the purposes of this compact; and to receive and accept such aid upon such terms and conditions, and subject to such provisions for repayment as may be required by Federal or State law or as the commission may deem necessary or desirable;

(h) Exercise such other and different powers as may be delegated to it by this compact or otherwise pursuant to law, and have and exercise all powers necessary or convenient to carry out its express powers or which may be reasonably implied therefrom.

3.7 Rates and Charges. The commission may from time to time after public notice and hearing fix, alter and revise rates, rentals, charges and tolls and classifications thereof, for the use of facilities which it may own or operate and for products and services rendered thereby, without regulation or control by any department, office or agency of any signatory party.

3.8 Referral and Review. No project having a substantial effect on the water resources of the basin shall hereafter be undertaken by any person, corporation or governmental authority unless it shall have been first submitted to and approved by the commission, subject to the provisions of sections 3.3 and 3.5. The commission shall approve a project whenever it finds and determines that such project would not substantially impair or conflict with the comprehensive plan and may modify and approve as modified, or may disapprove any such project whenever it finds and determines that the project would substantially impair or conflict with such plan. The commission shall provide by regulation for the procedure of submission, review and consideration of projects, and for its determinations pursuant to this section. Any determination of the commission hereunder shall be subject to judicial review in any court of competent jurisdiction.
3.9 Co-ordination and Co-operation. The commission shall promote and aid the co-ordination of the activities and programs of Federal, State, municipal and private agencies concerned with water resources administration in the basin. To this end, but without limitation thereto, the commission may:

(a) Advise, consult, contract, financially assist, or otherwise co-operate with any and all such agencies;

(b) Employ any other agency or instrumentality of any of the signatory parties or of any political subdivision thereof, in the design, construction, operation and maintenance of structures, and the installation and management of river control systems, or for any other purpose;

(c) Develop and adopt plans and specifications for particular water resources projects and facilities which so far as consistent with the comprehensive plan incorporate any separate plans of other public and private organizations operating in the basin, and permit the decentralized administration thereof;

(d) Qualify as a sponsoring agency under any Federal legislation heretofore or hereafter enacted to provide financial or other assistance for the planning, conservation, utilization, development, management or control of water resources.

3.10 Advisory Committees. The commission may constitute and empower advisory committees which may be comprised of representatives of the public and of Federal, State, county and municipal governments, water resources agencies, water-using industries, water-interest groups, labor and agriculture.

ARTICLE 4
WATER SUPPLY

4.1 Generally. The commission shall have power to develop, implement and effectuate plans and projects for the use of the waters of the basin for domestic, municipal, agricultural and industrial
water supply. To this end, without limitation thereto, it may provide for, construct, acquire, operate and maintain dams, reservoirs and other facilities for utilization of surface and ground water resources, and all related structures, appurtenances and equipment on the river and its tributaries and at such off-river sites as it may find appropriate, and may regulate and control the use thereof.

4.2 Storage and Release of Waters.

(a) The commission shall have power to acquire, operate and control projects and facilities for the storage and release of waters, for the regulation of flows and supplies of surface and ground waters of the basin, for the protection of public health, stream quality control, economic development, improvement of fisheries, recreation, dilution and abatement of pollution, the prevention of undue salinity and other purposes.

(b) No signatory party shall permit any augmentation of flow to be diminished by the diversion of any water of the basin during any period in which waters are being released from storage under the direction of the commission for the purpose of augmenting such flow, except in cases where such diversion is duly authorized by this compact, or by the commission pursuant thereto, or by the judgment, order or decree of a court of competent jurisdiction.

4.3 Assessable Improvements. The commission may undertake to provide stream regulation in the main stream or any tributary in the basin and may assess on an annual basis or otherwise the cost thereof upon water users or any classification of them specially benefited thereby to a measurable extent, provided that no such assessment shall exceed the actual benefit to any water user. Any such assessment shall follow the procedure prescribed by law for local improvement assessments and shall be subject to judicial review in any court of competent jurisdiction.
CHAPTER 13, LAWS OF 1961

4.4 Co-ordination. Prior to entering upon the execution of any project authorized by this article, the commission shall review and consider all existing rights, plans and programs of the signatory parties, their political subdivisions, private parties, and water users which are pertinent to such project, and shall hold a public hearing on each proposed project.

4.5 Additional Powers. In connection with any project authorized by this article, the commission shall have power to provide storage, treatment, pumping and transmission facilities, but nothing herein shall be construed to authorize the commission to engage in the business of distributing water.

ARTICLE 5
POLLUTION CONTROL

5.1 General Powers. The commission may undertake investigations and surveys, and acquire, construct, operate and maintain projects and facilities to control potential pollution and abate or dilute existing pollution of the water resources of the basin. It may invoke as complainant the power and jurisdiction of water pollution abatement agencies of the signatory parties.

5.2 Policy and Standards. The commission may assume jurisdiction to control future pollution and abate existing pollution in the waters of the basin, whenever it determines after investigation and public hearing upon due notice that the effectuation of the comprehensive plan so requires. The standard of such control shall be that pollution by sewage or industrial or other waste originating within a signatory state shall not injuriously affect waters of the basin as contemplated by the comprehensive plan. The commission, after such public hearing may classify the waters of the basin and establish standards of treatment of sewage,
industrial or other waste, according to such classes including allowance for the variable factors of surface and ground waters, such as size of the stream, flow, movement, location, character, self-purification, and usage of the waters affected. After such investigation, notice and hearing the commission may adopt and from time to time amend and repeal rules, regulations and standards to control such future pollution and abate existing pollution, and to require such treatment of sewage, industrial or other waste within a time reasonable for the construction of the necessary works as may be required to protect the public health or to preserve the waters of the basin for uses in accordance with the comprehensive plan.

5.3 Co-operative Legislation and Administration. Each of the signatory parties covenants and agrees to prohibit and control pollution of the waters of the basin according to the requirements of this compact and to co-operate faithfully in the control of future pollution in and abatement of existing pollution from the rivers, streams, and waters in the basin which flow through, under, into or border upon any of such signatory States, and in order to effect such object, agrees to enact any necessary legislation to enable each such party to place and maintain the waters of said basin in a satisfactory condition, available for safe and satisfactory use as public and industrial water supplies after reasonable treatment, suitable for recreational usage, capable of maintaining fish and other aquatic life, free from unsightly or malodorous nuisances due to floating solids or sludge deposits and adaptable to such other uses as may be provided by the comprehensive plan.

5.4 Enforcement. The commission may, after investigation and hearing, issue an order or orders upon any person or public or private corporation, or other entity, to cease the discharge of sewage, industrial or other waste into waters of the basin which it determines to be in violation of such rules and regulations as it shall have adopted for the
prevention and abatement of pollution. Any such order or orders may prescribe the date, including a reasonable time for the construction of any necessary works, on or before which such discharge shall be wholly or partially discontinued, modified or treated, or otherwise conformed to the requirements of such rules and regulations. Such order shall be reviewable in any court of competent jurisdiction. The courts of the signatory parties shall have jurisdiction to enforce against any person, public or private corporation, or other entity, any and all provisions of this article or of any such order. The commission may bring an action in its own name in any such court of competent jurisdiction to compel compliance with any provision of this article, or any rule or regulation issued pursuant thereto or of any such order, according to the practice and procedure of the court.

5.5 Further Jurisdiction. Nothing in this compact shall be construed to repeal, modify or qualify the authority of any signatory party to enact any legislation or enforce any additional conditions and restrictions to lessen or prevent the pollution of waters within its jurisdiction.

ARTICLE 6

FLOOD PROTECTION

6.1 General Powers. The commission may plan, design, construct and operate and maintain projects and facilities, as it may deem necessary or desirable for flood damage reduction. It shall have power to operate such facilities and to store and release waters on the Delaware river and its tributaries and elsewhere within the basin, in such manner, at such times, and under such regulations as the commission may deem appropriate to meet flood conditions as they may arise.
6.2 Flood Plain Zoning.

(a) The commission shall have power to adopt, amend and repeal recommended standards, in the manner provided by this section, relating to the nature and extent of the uses of land in areas subject to flooding by waters of the Delaware river and its tributaries. Such standards shall not be deemed to impair or restrict the power of the signatory parties or their political subdivisions to adopt zoning and other land use regulations not inconsistent therewith.

(b) The commission may study and determine the nature and extent of the flood plains of the Delaware river and its tributaries. Upon the basis of such studies, it may establish encroachment lines and delineate the areas subject to flood, including a classification of lands with reference to relative risk of flood and the establishment of standards for flood plain use which will safeguard the public health, safety and property. Prior to the adoption of any standards delineating such area or defining such use, the commission shall hold public hearings, in the manner provided by article 14, with respect to the substance of such standards. At or before such public hearings the proposed standards shall be available, and all interested persons shall be given an opportunity to be heard thereon at the hearing. Upon the adoption and promulgation of such standards, the commission may enter into agreements to provide technical and financial aid to any municipal corporation for the administration and enforcement of any local land use ordinances or regulations giving effect to such standards.

6.3 Flood Lands Acquisition. The commission shall have power to acquire the fee or any lesser interest in lands and improvements thereon within the area of a flood plain for the purpose of restricting the use of such property so as to minimize the flood hazard, converting property to uses appropriate to flood plain conditions, or preventing unwarranted constructions that reduce the ability of the river channel to carry flood water. Any such
action shall be in accord with the standards adopted and promulgated pursuant to section 6.2.

6.4 Flood and Stream Stage Warnings and Posting. The commission may cause lands particularly subject to flood to be posted with flood hazard warnings, and may from time to time cause flood advisory notices to be published and circulated as conditions may warrant.

ARTICLE 7
WATERSHED MANAGEMENT

7.1 Watersheds Generally. The commission shall promote sound practices of watershed management in the basin, including projects and facilities to retard runoff and waterflow and prevent soil erosion.

7.2 Soil Conservation and Forestry. The commission may acquire, sponsor or operate facilities and projects to encourage soil conservation, prevent and control erosion, and to promote land reclamation and sound forestry practices.

7.4 Co-operative Planning and Operation.
(a) The commission shall co-operate with the appropriate agencies of the signatory parties and with other public and private agencies in the planning and effectuation of a co-ordinated program of facilities and projects authorized by this article.

(b) The commission shall not operate any such project or facility unless it has first found and determined that no other suitable unit or agency of government is available to operate the same upon reasonable conditions, in accordance with the intent and purpose expressed in section 1.5 of this compact.
CHAPTER 13, LAWS OF 1961

ARTICLE 8

RECREATION

8.1 Development. The commission shall provide for the development of water related public sports and recreational facilities. The commission on its own account or in co-operation with a signatory party, political subdivision or any agency thereof, may provide for the construction, maintenance and administration of such facilities, subject to the provisions of section 8.2 hereof.

8.2 Co-operative Planning and Operation.

(a) The commission shall co-operate with the appropriate agencies of the signatory parties and with other public and private agencies in the planning and effectuation of a co-ordinated program of facilities and projects authorized by this article.

(b) The commission shall not operate any such project or facility unless it has first found and determined that no other suitable unit or agency of government is available to operate the same upon reasonable conditions, in accordance with the intent and purpose expressed in section 1.5 of this compact.

8.3 Operation and Maintenance. The commission, within limits prescribed by this article, shall:

(a) Encourage activities of other public agencies having water related recreational interests and assist in the co-ordination thereof;

(b) Recommend standards for the development and administration of water related recreational facilities;

(c) Provide for the administration, operation and maintenance of recreational facilities owned or controlled by the commission and for the letting and supervision of private concessions in accordance with this article.

8.4 Concessions. The commission shall after notice and public hearing provide by regulation
CHAPTER 13, LAWS OF 1961

for the award of contracts for private concessions in connection with recreational facilities, including any renewal or extension thereof, upon sealed competitive bids after public advertisement therefor.

ARTICLE 9

HYDROELECTRIC POWER

9.1 Development. The waters of the Delaware river and its tributaries may be impounded and used by or under authority of the commission for the generation of hydroelectric power and hydroelectric energy, in accordance with the comprehensive plan.

9.2 Power Generation. The commission may develop and operate, or authorize to be developed and operated, dams and related facilities and appurtenances for the purpose of generating hydroelectric power and hydroelectric energy.

9.3 Transmission. The commission may provide facilities for the transmission of hydroelectric power and hydroelectric energy produced by it where such facilities are not otherwise available upon reasonable terms, for the purpose of wholesale marketing of power and nothing herein shall be construed to authorize the commission to engage in the business of direct sale to consumers.

9.4 Development Contracts. The commission may after public notice and hearing enter into contracts on reasonable terms, consideration and duration under which public utilities or public agencies may develop hydroelectric power and hydroelectric energy through the use of dams, related facilities and other appurtenances.

9.5 Rates and Charges. Rates and charges fixed by the commission for power which is produced by its facilities shall be reasonable, nondiscriminatory, and just.
ARTICLE 10

REGULATION OF WITHDRAWALS AND DIVERSIONS

10.1 Power of Regulation. The commission may regulate and control withdrawals and diversions from surface waters and ground waters of the basin, as provided by this article. The commission may enter into agreements with the signatory parties relating to the exercise of such power of regulation or control and may delegate to any of them such powers of the commission as it may deem necessary or desirable.

10.2 Determination of Protected Areas. The commission may from time to time after public hearing upon due notice determine and delineate such areas within the basin wherein the demands upon supply made by water users have developed or threaten to develop to such a degree as to create a water shortage or to impair or conflict with the requirements or effectuation of the comprehensive plan, and any such areas may be designated as "protected areas." The commission, whenever it determines that such shortage no longer exists, shall terminate the protected status of such area and shall give public notice of such termination.

10.3 Withdrawal Permits. In any protected areas so determined and delineated, no person, firm, corporation or other entity shall divert or withdraw water for domestic, municipal, agricultural or industrial uses in excess of such quantities as the commission may prescribe by general regulation, except (i) pursuant to a permit granted under this article, or (ii) pursuant to a permit or approval heretofore granted under the laws of any of the signatory States.

10.4 Emergency. In the event of a drought or other condition which may cause an actual and immediate shortage of available water supply within the basin, or within any part thereof, the commission may, after public hearing, determine
and delineate the area of such shortage and declare a water supply emergency therein. For the duration of such emergency as determined by the commission no person, firm, corporation or other public or private entity shall divert or withdraw water for any purpose, in excess of such quantities as the commission may prescribe by general regulation or authorize by special permit granted hereunder.

10.5 Standards. Permits shall be granted, modified or denied as the case may be so as to avoid such depletion of the natural stream flows and ground waters in the protected area or in an emergency area as will adversely affect the comprehensive plan or the just and equitable interests and rights of other lawful users of the same source, giving due regard to the need to balance and reconcile alternative and conflicting uses in the event of an actual or threatened shortage of water of the quality required.

10.6 Judicial Review. The determinations and delineations of the commission pursuant to section 10.2 and the granting, modification or denial of permits pursuant to section 10.3 through 10.5 shall be subject to judicial review in any court of competent jurisdiction.

10.7 Maintenance of Records. Each State shall provide for the maintenance and preservation of such records of authorized diversions and withdrawals and the annual volume thereof as the commission shall prescribe. Such records and supplementary reports shall be furnished to the commission at its request.

10.8 Existing State Systems. Whenever the commission finds it necessary or desirable to exercise the powers conferred by this article any diversion or withdrawal permits authorized or issued under the laws of any of the signatory States shall be superseded to the extent of any conflict with the control and regulation exercised by the commission.
ARTICLE 11

INTERGOVERNMENTAL RELATIONS

11.1 Federal Agencies and Projects. For the purposes of avoiding conflicts of jurisdiction and of giving full effect to the commission as a regional agency of the signatory parties, the following rules shall govern Federal projects affecting the water resources of the basin, subject in each case to the provisions of section 1.4 of this compact:

(a) The planning of all projects related to powers delegated to the commission by this compact shall be undertaken in consultation with the commission;

(b) No expenditure or commitment shall be made for or on account of the construction, acquisition or operation of any project or facility nor shall it be deemed authorized, unless it shall have first been included by the commission in the comprehensive plan;

(c) Each Federal agency otherwise authorized by law to plan, design, construct, operate or maintain any project or facility in or for the basin shall continue to have, exercise and discharge such authority except as specifically provided by this section.

11.2 State and Local Agencies and Projects. For the purpose of avoiding conflicts of jurisdiction and of giving full effect to the commission as a regional agency of the signatory parties, the following rules shall govern projects of the signatory States, their political subdivisions and public corporations affecting water resources of the basin:

(a) The planning of all projects related to powers delegated to the commission by this compact shall be undertaken in consultation with the commission;

(b) No expenditure or commitment shall be made for or on account of the construction, acquisition or operation of any project or facility
unless it shall have first been included by the commission in the comprehensive plan;

(c) Each State and local agency otherwise authorized by law to plan, design, construct, operate or maintain any project or facility in or for the basin shall continue to have, exercise and discharge such authority, except as specifically provided by this section.

11.3 Reserved Taxing Powers of States. Each of the signatory parties reserves the right to levy, assess and collect fees, charges and taxes on or measured by the withdrawal or diversion of waters of the basin for use within the jurisdictions of the respective signatory parties.

11.4 Project Costs and Evaluation Standards. The commission shall establish uniform standards and procedures for the evaluation, determination of benefits, and cost allocations of projects affecting the basin, and for the determination of project priorities, pursuant to the requirements of the comprehensive plan and its water resources program. The commission shall develop equitable cost sharing and reimbursement formulas for the signatory parties including:

(a) Uniform and consistent procedures for the allocation of project costs among purposes included in multiple-purpose programs;

(b) Contracts and arrangements for sharing financial responsibility among and with signatory parties, public bodies, groups and private enterprise, and for the supervision of their performance;

(c) Establishment and supervision of a system of accounts for reimbursable purposes and directing the payments and charges to be made from such accounts;

(d) Determining the basis and apportioning amounts (i) of reimbursable revenues to be paid signatory parties or their political subdivisions, and (ii) of payments in lieu of taxes to any of them.
11.5 Co-operative Services. The commission shall furnish technical services, advice and consultation to authorized agencies of the signatory parties with respect to the water resources of the basin, and each of the signatory parties pledges itself to provide technical and administrative services to the commission upon request, within the limits of available appropriations and to co-operate generally with the commission for the purposes of this compact, and the cost of such services may be reimbursable whenever the parties deem appropriate.

ARTICLE 12
CAPITAL FINANCING

12.1 Borrowing Power. The commission may borrow money for any of the purposes of this compact, and may issue its negotiable bonds and other evidences of indebtedness in respect thereto. All such bonds and evidences of indebtedness shall be payable solely out of the properties and revenues of the commission without recourse to taxation. The bonds and other obligations of the commission, except as may be otherwise provided in the inden­ture under which they were issued, shall be direct and general obligations of the commission and the full faith and credit of the commission are hereby pledged for the prompt payment of the debt service thereon and for the fulfillment of all other undertakings of the commission assumed by it to or for the benefit of the holders thereof.

12.2 Funds and Expenses. The purposes of this compact shall include without limitation thereto all costs of any project or facility or any part thereof, including interest during a period of construction and a reasonable time thereafter and any incidental expenses (legal, engineering, fiscal, financial consultant and other expenses) connected with issuing and disposing of the bonds; all amounts required
for the creation of an operating fund, construction fund, reserve fund, sinking fund, or other special fund; all other expenses connected with the planning, design, acquisition, construction, completion, improvement or reconstruction of any facility or any part thereof; and reimbursement of advances by the commission or by others for such purposes and for working capital.

12.3 Credit Excluded; Officers, State and Municipal. The commission shall have no power to pledge the credit of any signatory party, or of any county or municipality, or to impose any obligation for payment of the bonds upon any signatory party or any county or municipality. Neither the commissioners nor any person executing the bonds shall be liable personally on the bonds of the commission or be subject to any personal liability or accountability by reason of the issuance thereof.

12.4 Funding and Refunding. Whenever the commission deems it expedient, it may fund and refund its bonds and other obligations whether or not such bonds and obligations have matured. It may provide for the issuance, sale or exchange of refunding bonds for the purpose of redeeming or retiring any bonds (including the payment of any premium, duplicate interest or cash adjustment required in connection therewith) issued by the commission or issued by any other issuing body, the proceeds of the sale of which have been applied to any facility acquired by the commission or which are payable out of the revenues of any facility acquired by the commission. Bonds may be issued partly to refund bonds and other obligations then outstanding, and partly for any other purpose of the commission. All provisions of this compact applicable to the issuance of bonds are applicable to refunding bonds and to the issuance, sale or exchange thereof.

12.5 Bonds; Authorization Generally. Bonds and other indebtedness of the commission shall be authorized by resolution of the commission. The validity of the authorization and issuance of any
bonds by the commission shall not be dependent upon nor affected in any way by: (i) the disposition of bond proceeds by the commission or by contract, commitment or action taken with respect to such proceeds; or (ii) the failure to complete any part of the project for which bonds are authorized to be issued. The commission may issue bonds in 1 or more series and may provide for 1 or more consolidated bond issues, in such principal amounts and with such terms and provisions as the commission may deem necessary. The bonds may be secured by a pledge of all or any part of the property, revenues and franchises under its control. Bonds may be issued by the commission in such amount, with such maturities and in such denominations and form or forms, whether coupon or registered, as to both principal and interest, as may be determined by the commission. The commission may provide for redemption of bonds prior to maturity on such notice and at such time or times and with such redemption provisions, including premiums, as the commission may determine.

12.6 Bonds; Resolutions and Indentures Generally. The commission may determine and enter into indentures providing for the principal amount, date or dates, maturities, interest rate, denominations, form, registration, transfer, interchange and other provisions of the bonds and coupons and the terms and conditions upon which the same shall be executed, issued, secured, sold, paid, redeemed, funded and refunded. The resolution of the commission authorizing any bond or any indenture so authorized under which the bonds are issued may include all such covenants and other provisions other than any restriction on the regulatory powers vested in the commission by this compact as the commission may deem necessary or desirable for the issue, payment, security, protection or marketing of the bonds, including without limitation covenants and other provisions as to the rates or amounts of fees, rents and other charges to be charged or made for use of the facilities; the use,
pledge, custody, securing, application and disposition of such revenues, of the proceeds of the bonds, and of any other moneys of the commission; the operation, maintenance, repair and reconstruction of the facilities and the amounts which may be expended therefor; the sale, lease or other disposition of the facilities; the insuring of the facilities and of the revenues derived therefrom; the construction or other acquisition of other facilities; the issuance of additional bonds or other indebtedness; the rights of the bondholders and of any trustee for the bondholders upon default by the commission or otherwise; and the modification of the provisions of the indenture and of the bonds. Reference on the face of the bonds to such resolution or indenture by its date of adoption or the apparent date on the face thereof is sufficient to incorporate all of the provisions thereof and of this compact into the body of the bonds and their appurtenant coupons. Each taker and subsequent holder of the bonds or coupons, whether the coupons are attached to or detached from the bonds, has recourse to all of the provisions of the indenture and of this compact and is bound thereby.

12.7 Maximum Maturity. No bond by its terms shall mature in more than 50 years from its own date and in the event any authorized issue is divided into 2 or more series or divisions, the maximum maturity date hereby authorized shall be calculated from the date on the face of each bond separately, irrespective of the fact that different dates may be prescribed for the bonds of each separate series or division of any authorized issue.

12.8 Tax Exemption. All bonds issued by the commission under the provisions of this compact and the interest thereof shall at all times be free and exempt from all taxation by or under authority of any of the signatory parties, except for transfer, inheritance and estate taxes.

12.9 Interest. Bonds shall bear interest at a rate of not to exceed 6% per annum, payable annually or semiannually.
12.10 Place of Payment. The commission may provide for the payment of the principal and interest of bonds at any place or places within or without the signatory States, and in any specified lawful coin or currency of the United States of America.

12.11 Execution. The commission may provide for the execution and authentication of bonds by the manual, lithographed or printed facsimile signature of officers of the commission, and by additional authentication by a trustee or fiscal agent appointed by the commission. If any of the officers whose signatures or counter signatures appear upon the bonds or coupons cease to be officers before the delivery of the bonds or coupons, their signatures or counter signatures are nevertheless valid and of the same force and effect as if the officers had remained in office until the delivery of the bonds and coupons.

12.12 Holding Own Bonds. The commission shall have power out of any funds available therefor to purchase its bonds and may hold, cancel or resell such bonds.

12.13 Sale. The commission may fix terms and conditions for the sale or other disposition of any authorized issue of bonds. The commission may sell bonds at less than their par or face value but no issue of bonds may be sold at an aggregate price below the par or face value thereof if such sale would result in a net interest cost to the commission calculated upon the entire issue so sold of more than 6% per annum payable semiannually, according to standard tables of bond values. All bonds issued and sold for cash pursuant to this act shall be sold on sealed proposals to the highest bidder. Prior to such sale, the commission shall advertise for bids by publication of a notice of sale not less than 10 days prior to the date of sale, at least once in a newspaper of general circulation printed and published in New York City carrying municipal bond notices and devoted primarily to
financial news. The commission may reject any and all bids submitted and may thereafter sell the bonds so advertised for sale at private sale to any financially responsible bidder under such terms and conditions as it deems most advantageous to the public interest, but the bonds shall not be sold at a net interest cost calculated upon the entire issue so advertised, greater than the lowest bid which was rejected. In the event the commission desires to issue its bonds in exchange for an existing facility or portion thereof, or in exchange for bonds secured by the revenues of an existing facility, it may exchange such bonds for the existing facility or portion thereof or for the bonds so secured, plus an additional amount of cash, without advertising such bonds for sale.

12.14 Negotiability. All bonds issued under the provisions of this compact are negotiable instruments, except when registered in the name of a registered owner.

All such rates, rents, tolls, fees, charges and other revenues, together with interest thereon, shall constitute a trust fund for the security and payment of such bonds and except as and to the extent provided in the indenture with respect to the payment therefrom of expenses for other purposes including administration, operation, maintenance, improvements or extensions of the facilities or other purposes shall not be used or pledged for any other purpose so long as such bonds, or any of them, are outstanding and unpaid.

12.19 Remedies. The holder of any bond may for the equal benefit and protection of all holders of bonds similarly situated: (a) by mandamus or other appropriate proceedings require and compel the performance of any of the duties imposed upon the commission or assumed by it, its officers, agents or employees under the provisions of any indenture, in connection with the acquisition, construction, operation, maintenance, repair, reconstruction or insurance of the facilities, or in connection with the collection, deposit, investment, application and disbursement of the rates, rents, tolls, fees, charges and other revenues derived from the operation and use of the facilities, or in connection with the deposit, investment and disbursement of the proceeds received from the sale of bonds; or (b) by action or suit in a court of competent jurisdiction of any signatory party require the commission to account as if it were the trustee of an express trust, or enjoin any acts or things which may be unlawful or in violation of the rights of the holders.

(a) The signatory parties will provide such capital funds required for projects of the commission as may be authorized by their respective statutes in accordance with a cost sharing plan prepared pursuant to Article 11 of this compact; but nothing in this section shall be deemed to impose any mandatory obligation on any of the signatory parties other than such obligations as may be assumed by a signatory party in connection with a specific project or facility.

(b) Bonds of the commission, notwithstanding any other provision of this compact, may be executed and delivered to any duly authorized agency of any of the signatory parties without public offering and may be sold and resold with or without the guarantee of such signatory party, subject to and in accordance with the constitutions of the respective signatory parties.

(c) The commission may receive and accept, and the signatory parties may make, loans, grants, appropriations, advances and payments of reimbursable or nonreimbursable funds or property in any form for the capital or operating purposes of the commission.

The commission may adopt a comprehensive plan or any revision thereof in such part or parts as it may deem appropriate, provided that before the adoption of the plan or any part or revision thereof the commission shall consult with water users and interested public bodies and public utilities and shall consider and give due regard to the findings and recommendations of the various agencies of the signatory parties and their political subdivisions. Such budget shall include the commission’s estimated expenses for administration, operation, maintenance and repairs, including a separate statement thereof for each project, together with its cost allocation. The total of such expenses shall be balanced by the commission’s estimated revenues from all sources, including the cost allocations undertaken by any of the signatory parties in connection with any project. Following the adoption of the annual current expense budget by the commission, the executive director of the commission shall:

1. certify to the respective signatory parties the amounts due in accordance with existing cost sharing established for each project; and

The amount required to balance the current expense budget in addition to the aggregate amount of item (1) above and all other revenues available to the commission shall be apportioned equitably among the signatory parties by unanimous vote of the commission, and the amount of such apportionment to each signatory party shall be certified together with the budget.

(c) The respective signatory parties covenant and agree to include the amounts so apportioned for the support of the current expense budget in their respective budgets next to be adopted, subject to such review and approval as may be required by their respective budgetary processes. Such amounts shall be due and payable to the commission in
quarterly installments during its fiscal year, provided that the commission may draw upon its working capital to finance its current expense budget pending remittances by the signatory parties.

14.15 Conveyance of Lands and Relocation of Public Facilities.

(a) The respective officers, agencies, departments, commissions or bodies having jurisdiction and control over real and personal property owned by the signatory parties are authorized and empowered to transfer and convey in accordance with the laws of the respective parties to the commission any such property as may be necessary or convenient to the effectuation of the authorized purposes of the commission.

(b) Each political subdivision of each of the signatory parties is authorized and empowered, notwithstanding any contrary provision of law, to grant and convey to the commission, upon the commission's request, any real property or any interest therein owned by such political subdivision including lands lying under water and lands already devoted to public use which may be necessary or convenient to the effectuation of the authorized purposes of the commission.

For the purposes of this section in the event of a continuing offense each day of such violation, attempt or conspiracy shall constitute a separate offense.
14.18 Tort Liability. The commission shall be responsible for claims arising out of the negligent acts or omissions of its officers, agents and employees only to the extent and subject to the procedures prescribed by law generally with respect to officers, agents and employees of the government of the United States.

14.21 Construction and Severability. The provisions of this act and of agreements thereunder shall be severable and if any phrase, clause, sentence or provision of this compact or such agreement is declared to be unconstitutional or the applicability thereof to any signatory party, agency or person is held invalid, the constitutionality of the remainder of this compact or such agreement and the applicability thereof to any other signatory party, agency, person or circumstance shall not be affected thereby. CHAPTER 32

An Act for the imposition of an emergency tax for a limited period for transportation purposes, measured by certain income and gains derived by residents of this State from sources within another State with respect to which there is a critical transportation problem interstate and by residents of such other State from sources within this State; providing for the allowance of credits on a reciprocal basis in respect to taxes imposed by such other State upon its own residents, limiting the application of revenues derived hereunder to objects for which compensation may reasonably be exacted, providing for suspension of such tax and for certain refunds in case of any application of such revenues to other purposes, providing for the administration of the provisions of this act, and supplementing Title 54 of the Revised Statutes.

Whereas, Metropolitan areas in the United States, and particularly in this State and the States bordering it, have grown and become established without regard to the boundary lines of separate States; and

Whereas, Such growth and establishment have brought about the creation of actual regions within which patterns of activity have developed which have given rise to and increased the degree of the practice of maintaining a place residence in 1 State and a place of employment in another, also without regard to the boundary lines of separate States; and

Whereas, These conditions have given rise to extremely complex problems, culminating in a
severe transportation crisis, particularly in the providing of necessary and appropriate facilities and services for the transportation of persons living within 1 State and employed within another; and

WHEREAS, Extensive studies conducted over many years have demonstrated that efforts of great magnitude are required to meet the need for appropriate facilities and services for transportation within metropolitan regions, and that such efforts will require substantial funds for their financing; and

WHEREAS, Due to the existence of great rivers at the State boundaries, which are obstacles to the movement of land vehicles, the cost of the interstate portions of transportation facilities and services for any kind of land vehicle is massively greater than the cost of connecting or feeder facilities within the boundaries of a single State; and

WHEREAS, One or another of these facts, as well as other relevant facts touching upon the transportation problem have been the subject of formal and informal findings or other recognition by legislative and other public bodies at the Federal and State level; and

WHEREAS, In the face of the great need for such facilities there have been advanced various proposals for the securing of the funds essential to the fulfillment of any realistic program, including proposals to create an interstate district empowered to raise funds by the imposition of taxes upon real estate within the district, and, alternatively, proposals to seek the release of certain funds or revenues of the New Jersey Turnpike Authority, among others, none of which proposals, regardless of what inherent merit and fairness they might have, and despite extensive
and sincere efforts on the part of their pro­ponents to convey a full understanding of the facts supporting them, have been capable of se­curing the essential approval of the people either directly or through the action of their legislative representatives, as the case may be; and

WHEREAS, The nature and intensity of the problem requires that some reasonable, practicable and acceptable method for raising the funds requisite to the achievement of projects and programs to solve the same,

BE IT ENACTED by the Senate and General As­sembly of the State of New Jersey:

1. This act shall be known and referred to by its short title, the “emergency transportation tax act.”

2. A temporary emergency tax is hereby im­posed, and shall be levied, collected and paid annually, at the rates specified in this act,

   (a) upon every resident of this State, who is not a resident of another critical area State under and pursuant to its laws, upon and with respect to the entire net income and net capital gain as defined in this act and subject to taxation under this act, for the taxable year, derived from sources within a critical area State other than New Jersey; and

   (b) upon and with respect to the entire net in­come and net capital gain as defined in this act and subject to taxation under this act, for the taxable year, derived from sources within this State by natural persons who are not residents of this State and who are residents of another critical area State under and pursuant to the law of such State.

3. The word “resident” applies only to natural persons and includes any person domiciled in the State, except a person who, though domiciled in the State, maintains no permanent place of abode within the State, but does maintain a permanent place of abode without the State, and who spends in the aggregate not to exceed 30 days of the taxable year within the State. In addition, it includes
any person who maintains a permanent place of abode within the State and spends in the aggregate more than 183 days of the taxable year within the State, whether or not domiciled in the State during any portion of said period, and such a person shall be taxed the same as though he had been domiciled in the State during the entire taxable year. However, it does not include a person in the Armed Forces of the United States, whether in a land, sea or air service or any auxiliary corps or guard thereof, during any period when individuals are liable for induction for training and service under applicable law, if not domiciled in the State notwithstanding his maintenance of a permanent place of abode within the State and his spending an aggregate of more than 183 days in the State. A resident estate or trust includes an estate or trust created by or consisting of property of a person domiciled within the State or an estate of a deceased person who at the time of death was domiciled within the State.

4. "Derived from sources within" 1 State or another, as applied to entire net income and net capital gain, means such income and gain from all property owned and from all business, trade, profession or occupation carried on, in the particular State. No person who is not a dealer holding property primarily for sale to customers in the ordinary course of his trade or business, shall be deemed to carry on a business, trade, profession or occupation in a State solely by reason of the purchase and sale of property for his own account.

5. (a) "Critical area State" means this State and such other State bordering thereon within which there exists part of an area, another part of which is in this State, and within which area there is, as of January 1 of any year, a critical transportation problem in respect to the transportation of persons and property interstate.

(b) The Legislature finds and declares that a critical transportation problem exists in connection with transportation interstate between this
Computation of tax on net income.

CHAPTER 32, LAWS OF 1961

State and another State bordering thereon when there is such number of daily commuters between said States as to create a severe peak-load demand requiring facilities and services, by any means or mode of transportation far in excess of those needed for normal travel outside of usual commuter hours, caused by the carrying on of activities in 1 of the States by persons residing in another, from which activities such persons derive income or gain from sources within the State other than that in which they reside. The Legislature further finds and declares that whenever the aggregate number of persons, residing in each of such States who are employed, or carry on a trade, business, occupation or profession in the other, exceeds 100,000, that fact reasonably indicates that a critical transportation problem exists.

(c) Within 40 days after the taking effect of this act, and within 40 days after the first day of each year hereafter so long as this act shall remain in effect, the State Highway Commissioner shall certify to the State Treasurer his findings with respect to the existence of the conditions herein set forth and the identity of any States which he determines to come within the definition in this section. Upon receipt of such certification, the State Treasurer shall cause public notice thereof to be given, by publication in such newspaper or newspapers, and in such form, as he shall find will fairly apprise all persons subject to taxation under this act, of the making of said certification and of the significance thereof to such persons. Any certification so made shall be effective for the entire calendar year as of the first day of which it ascertains the facts.

6. The tax imposed by this act upon entire net income shall be computed at the following rates:

8. "Taxpayer" means any person, trust or estate subject to a tax imposed by this act, or whose income is in whole or in part subject to a tax imposed by this act, and does not include corporations.

9. Any taxpayer other than a trust or estate may elect to deduct 10% of his gross income, or $1,000.00, whichever is less, in lieu of all deductions otherwise permitted under this act. The deduction provided for by this section shall become known as the "standard deduction."

A husband and wife living together shall not be entitled to a standard deduction in an amount greater than one computed on their aggregate gross income, whether they file separate or joint returns. If they file separate returns, neither may elect the standard deduction unless the other also so elect. If both so elect, either may take such deduction, or they may divide it.

Such election may be changed for a taxable year after the filing of the return, subject to regulations issued under this act. If a taxpayer wishing to
make such change has a spouse who filed a separate
return, the change shall not be allowed unless (1)
such spouse also makes a change consistent with
the change desired by the taxpayer and (2) both
consent in writing to the assessment of any addi­
tional tax resulting from such change without re­
gard to time limits otherwise preventing such
assessment.

If a return is for a period of less than 12 months,
for any reason, the standard deduction shall be
apportioned according to the number of months,
subject to regulations under this act. Fractions
less than half a month shall be disregarded and
those more than a half month shall be considered
a whole month, for apportionment purposes.

10. Each taxpayer is allowed the following ex­
emptions with respect to net income; if they exceed
net income the excess is allowed with respect to
net capital gain:

for each taxpayer, $600.00; for the taxpayer’s
spouse, if taxpayer does not file a joint return and
if such spouse has no gross income for the eligibil­
ity year and is not a dependent of another tax­
payer, an additional $600.00; for each taxpayer
who is at least 65 years of age or over at the close
of his taxable year, an additional $600.00, and for
taxpayer’s spouse under the same conditions and if
the initial $600.00 exemption is allowable, an addi­
tional $600.00; for each taxpayer who is blind at the
close of his taxable year, an additional $600.00, and
for taxpayer’s spouse under the same conditions
and if the initial $600.00 exemption is allowable,
an additional $600.00. Blindness shall be deemed
to exist when central visual acuity in at least one
eye does not exceed 20/200 with correcting lenses,
or if it exceeds said limit, exists only in a visual
field which subtends an angle of not more than 20
degrees in any plane;

for each dependent whose gross income for the
eligibility year is less than $600.00, or who is tax­
payer’s child or stepchild and has not attained age
19 at the close of the eligibility year or is a student:
$600.00, but this exemption shall not be allowed on a joint return made by a dependent with taxpayer, for such dependent.

11. "Dependent' means any individual related to taxpayer, over half of whose support (exclusive of any amount received by a child or stepchild as a scholarship for study at an educational institution) for the eligibility year was received from the taxpayer, in fact or constructively.

12. "Related to taxpayer" means related by blood, to the extent of any lineal descendant or ancestor of taxpayer, other children or grandchildren of a parent of taxpayer, and children of a grandparent of taxpayer; or related by marriage, to the extent of a stepchild, stepparent, stepbrother or stepsister of taxpayer, or a spouse, parent or sibling of such spouse married to a child of taxpayer; or related by household, to the extent of a person having taxpayer's home as his principal place of abode and being a member of taxpayer's household for the taxable year. Brothers and sisters of the half blood shall be regarded as though of the whole blood.

13. An individual receiving over half of his support for the eligibility year from persons who would be entitled to claim him as a dependent except that no one of them contributed over half of such support, may be claimed as a dependent by any one of such persons who contributed over 10% of such support, provided that all other such persons execute written declaration, to be filed with the return of the person making the claim, not to claim the same dependent for the eligibility year of each of them.

14. "Eligibility year" means the calendar year in which the taxable year of the taxpayer begins.

15. The following maximum credits are allowed against the tax imposed by this act for any year:

(a) $10.00, for a single taxpayer, or a married taxpayer not living with his spouse;
(b) $25.00, for a head of a household;
(c) $25.00, for a married taxpayer living with his spouse, but if they file separate returns, the maximum credit allowable to each is $12.50;
(d) $25.00, for a decedent who is married and living with his spouse at the date of death, if his surviving spouse has no gross income for the eligibility year and is not the dependent of another taxpayer;
(e) if a return is for a period of less than 12 months, for any reason, the credit allowed by this section shall be apportioned in the same manner and under the same principles as govern apportionment of the standard deduction;
(f) the credits allowed by this section shall be subtracted from the tax as computed without regard to such credit, and the amount of the credit shall in no case exceed the amount of the tax from which it is subtracted.

16. Whenever a taxpayer other than a resident of this State has become liable to income tax to the State where he resides upon his net income and net taxable gain for the taxable year, derived from sources within this State and subject to taxation under this act, he shall receive a credit against the amount of income tax payable by him under this act for such proportion of the tax payable by him to the State where he resides as his income subject to taxation under this act bears to his entire income upon which the tax so payable to such other State was imposed, provided that such credit shall be allowed only if the laws of said State grant a substantially similar credit to residents of this State subject to income tax under such laws, and provided further that no credit shall be allowed against the amount of tax on any income taxable under this act which is exempt from taxation under the laws of such other State.

17. From and after the first day of the first month following at least a full calendar month after the enactment of this act, every employer in this State of a taxpayer subject to tax in respect of wages, salaries or commissions derived from
sources within this State shall deduct and withhold upon the same for each payroll period an amount computed in such manner as to result, as far as practicable, with due regard to the personal exemptions and standard deduction allowable under this act, in withholding during each calendar year a sum substantially equivalent to the amount of tax reasonably estimated to be due under this article. Methods for determining the amount to be withheld shall be prescribed by regulation, as shall procedures and requirements for the furnishing of written exemption certificates to the employer, the amending or substitution of the same, the furnishing by the employer of written statements showing the total compensation, the amount withheld and other specified information.

18. Taxpayers on a calendar year basis shall file their returns on or before April 1 of each year, for the preceding calendar year. Other taxpayers shall file their returns for each fiscal year on or before the 1st day of the 4th month following the end of the fiscal year. Each return shall carry a certificate signed by taxpayer to the effect that all statements contained therein are true, under the same penalties as for perjury committed within the county in this State where the return is filed. Blank forms of return shall be furnished on application, but failure to secure the form shall not relieve any taxpayer of the obligation of making any return herein required. Subject to regulations under this act and in such form as may be indicated thereby, taxpayers whose net income and net capital gain taxable under this act is or may be subject to tax under a similar law of another jurisdiction may be permitted to file a simple, short form return attached to a copy of his return as filed or about to be filed by him in such other jurisdiction.

Subject to regulations under this act, reasonable extensions of time for good cause shown, may be granted for not more than 6 months unless exceptional circumstances justify a longer period, within which returns may be filed.
In addition, persons in active service with the Armed Forces of the United States, who may be prevented by distance or by injury or hospitalization arising out of such service, may be allowed such extension of time for the filing of returns, without interest or penalty, as may be fixed by regulations under this act.

19. Every taxpayer who is subject to tax in some other jurisdiction for income and gains derived from sources within such other jurisdiction and subject to tax under this act and who has made payment on the estimated amount of such tax, or who has, in such jurisdiction, been subject to deduction and withholding of money, otherwise payable to him, for the purpose of crediting the same to the payment of such tax, shall be entitled to satisfy his obligation to pay the tax due under this act by entering into an agreement with the division, in such form and containing such provisions as may be fixed by regulation, which shall constitute an assignment and transfer to the State of New Jersey of the chose in action consisting of his claim for refund of moneys so paid or deducted and withheld, as well as an agreement to pay to the division so much of any refund as may be received by him as equals the tax under this act, within such period, to be not longer than 1 month after receipt by him of any such refund, as may be fixed by regulation; and for said purposes shall execute, deliver and file such document or documents, in such forms, in such place or places and at such times as may be provided by regulation; and upon the making of any such assignment the State of New Jersey shall thereupon become the owner and holder of all such claims and shall be entitled to assert the same in its own right and as its own property, whether it asserts the same in its own name or in the name of the assigning taxpayers or otherwise.

In the event that the amount so paid or deducted and withheld, and received by State of New Jersey pursuant to such agreement, shall exceed the
amount necessary to satisfy the obligation of taxpayer under this act, the excess shall be repaid to taxpayer upon application therefor in accordance with procedures and forms fixed by regulation.

Every taxpayer exercising any option under this section shall be obliged to co-operate fully in any proceedings which may be taken for recovery of the claim for refund, and for that purpose shall execute and deliver such papers, affidavits, forms or other documents, shall appear and be available to give testimony at such place or places and at such time or times, shall furnish such information, shall permit the institution of such proceeding or proceedings in his name or otherwise, but at the sole cost and expense of the State, and do all other things, as the division shall deem appropriate or desirable for the effective recovery of any sum due and payable on such claim.

The provisions of this section shall not apply to any tax, or to any payment or deduction and withholding for the satisfaction of the same, imposed by any Federal law.

20. All moneys which shall be received by way of tax or by way of moneys deducted and withheld under this act, shall be kept in a special fund, to be known as the Transportation Fund, separate and apart from all other funds, and the moneys in such fund at any time shall be used only for 1 or more of the following purposes, within the limits of available appropriations made by law from time to time:

(a) to meet the expenses of administering the provisions of this act and of the regulations made hereunder and the expenses of any proceedings or actions involving the same;

(b) to defray the cost of, or to provide financing by way of advances, loans or otherwise for, projects and programs to meet transportation problems, whether such transportation be by motor vehicle, by rail or rapid transit, or by any other mode or vehicle of transportation whatever, when such project or program includes the transporta-
tion of persons or property interstate, between the State of New Jersey and the source State, from which States taxpayers derive income or gain subject to tax under this act, and for the furnishing of such other facilities, services or other benefits for which the class of taxpayers covered by this act will be the major eligible recipient and for which the tax imposed by this act may reasonably be exacted, as may be authorized by law from time to time:

(c) to make payment of refunds to taxpayers entitled to receive the same;

(d) to make payment to another State of moneys deducted and withheld from its residents subject to tax hereunder in lieu of and in satisfaction of credits to which such residents may be entitled under the reciprocity clause contained in this act, whenever such State so provides by or pursuant to its law.

21. So much of the moneys as may be in the Transportation Fund at any time and as may be in excess of the amounts needed to meet anticipated uses thereof pursuant to this act during any fiscal year, shall be held and accumulated as an endowment fund, and may be invested and reinvested from time to time, in the same manner as any State funds may be invested, and the income thereof, as well as so much of the principal as may be necessary from time to time, shall be applied to the purposes authorized for the said Transportation Fund, within the limits of available appropriations.

22. In the event that any part of the moneys in the Transportation Fund shall, at any time, be applied to a purpose or purposes other than one set forth in this act, every taxpayer who shall have been subject to the tax imposed by this act and who shall have paid the same, shall thereupon be entitled to a refund, or to a credit against taxes subsequently accruing, equal to his pro rata share of the amount so applied, disregarding any amounts less than $1.00. Upon application made within 1 year after it shall be determined that any
such moneys have been so applied, in such form and by such procedure as may be provided by regulation, the division shall determine the pro rata share of each taxpayer according to the following formula: (a) multiply the total amount of taxes paid by the taxpayer for all taxable years from the enactment hereof to July 1 of the year in which the right to refund arises under this section, by the dollar amount of the moneys determined to have been applied to a purpose other than one set forth in this act; then (b) divide the product by the total amount paid by all taxpayers during the same period; then (c) from the quotient strike off any amount less than $1.00 to obtain the sum to be refunded or credited. If the amount so applied to another purpose shall have been determined by a court of competent jurisdiction, the amount so determined shall be used in the computation, otherwise, the division shall make determination of the amount.

23. "Source State" means, in the case of residents of this State, a critical area State other than the State of New Jersey; and in the case of non-residents of this State who are residents of another critical area State, the term means the State of New Jersey.

24. The tax imposed by this act shall apply to estates and trusts created by or consisting of property of a person domiciled in a critical area State other than the source State, estates of deceased persons who at the time of death were domiciled in a critical area State other than the source State and trusts resulting from the dissolution of a corporation organized under the law of a critical area State other than the source State, which tax shall be levied, collected and paid annually upon and with respect to the income of estates or of any kind of property held in trust, but only to the extent that the same is derived from sources within the source State, including:

a. income received during administration or settlement of deceased’s estate, income accumulated
in trust for the benefit of unborn or unascertained persons, income held for future distribution, income which is or may be, under the will or trust, applied to the payment of premiums on life insurance or annuity contracts (except where the proceeds are irrevocably payable to recipients, payments to whom are allowable as charitable deductions), and income received during the winding up of a corporation in dissolution; and

b. income to be distributed to beneficiaries periodically (whether or not at regular intervals), income collected by a guardian of an infant to be held or distributed as the court may direct, and income received during administration or settlement of an estate which is permitted to be deducted from the net income upon which the tax is to be paid by the fiduciary.

25. "Fiduciary" means a guardian, trustee, executor, administrator, receiver, conservator, or any person, whether individual or corporate, acting in any fiduciary capacity for any person, trust or estate.

26. The fiduciary shall be responsible for making the return of income for the estate or trust, whether such income be taxable to the estate or trust or to the beneficiaries. The net income and net capital gain of an estate or trust shall be computed in the same manner, on the same basis and only to the extent that individuals are liable to tax under this act, except that there shall be allowed as a deduction any income or gain which under the will or instrument creating the trust is paid to or held for the United States, any State, territory, or any political subdivision thereof, or the District of Columbia, or any corporation or association organized and operated exclusively for religious, charitable, scientific or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private stockholder or individual; and except also that in computing gain or loss on the sale, exchange or other disposition of the assets
of a dissolved corporation, the basis shall be the same as though the corporation were the taxpayer; and in cases under paragraph b of section 24 of this act, the fiduciary shall include in the return a statement of each beneficiary’s distributive share of such net income, whether or not distributed before the close of the taxable year covered by the return.

27. In cases under paragraph a of section 24 of this act, the tax shall be imposed upon the estate or trust with respect to the net income of the estate or trust and shall be paid by the fiduciary, except that in determining the net income of the estate of any deceased person during the period of administration or settlement there may be deducted the amount of any income properly paid or credited to any legatee, heir or other beneficiary. In such cases, the estate or trust shall be allowed an exemption of $600.00.

The provisions of this section shall also apply to cases under paragraph b of section 24 of this act, except that in computing the net income of the estate or trust there shall be deducted the distributive share of each beneficiary, whether distributed or not, of the net income of the estate or trust for the taxable year.

Any amount deducted under this section in computing net income of the estate or trust for the taxable year shall be included in computing the net income of the beneficiary for the same taxable year, or, where his taxable year is different, then for the taxable year of the beneficiary in which ends the taxable year of the estate or trust.

28. A trust forming part of a stock bonus, pension or profit-sharing plan of an employer for the exclusive benefit of some or all of his employees and which cannot, by its terms, be used for or diverted to purposes other than that of distributing the earnings and principal in the fund to such employees in accordance with the plan, shall not be taxable as a trust under this act. Amounts actually distributed or made available to any
distributee subject to tax under this act shall be taxable to him in the year in which so distributed or made available, to the extent that the same exceed amounts contributed or paid in by the employee. If, due to the termination of employment or the death of the employee (whether before or after such termination), the total remaining distributions payable on account of any employee are paid to the distributee during a single taxable year, the amount thereof which exceeds the contributions of the employee not theretofore recovered by him, shall be considered as a capital gain. The amount actually distributed or made available, whether in installments or in a lump sum, shall not include the net unrealized appreciation in securities of a corporate employer (or of any parent or subsidiary corporation in an unbroken chain of which the corporate employer is a part and in which each parent owns stock entitled to 50% or more of the total combined voting power of all classes of stock of its immediate subsidiary) attributable to the amounts to the plan by the employee.

29. (a) Taxable trust income which is or may be, under the will or trust, applied to the payment of premiums on life insurance policies on the life of the settlor or on annuity contracts payable to the settlor shall, to that extent, be included in the computation of the net income of the settlor and the amount thereof shall be disclosed on the fiduciary's return.

(b) The tax required by this act to be levied, collected and paid with respect to net capital gains realized by an estate or trust shall be imposed upon and paid by the estate or trust whether or not paid, credited or distributable to any legatee, heir or beneficiary; but income of an estate or trust with respect to which a tax is imposed upon the estate or trust shall not be included in the gross income of a beneficiary when so distributed.

30. "Partnership" includes all forms of unincorporated organization other than an estate or
trust or a corporation, through or by means of which any business, financial operation or venture is carried on or liquidated.

31. Individuals carrying on business in partnerships shall be liable for tax under this act only in their individual capacity. Each partner, in computing his net income and net capital gain, shall include his distributive share, whether distributed or not, of the partnership's net income, net capital gain, net loss and net capital loss for the taxable year, or, where his taxable year is different, then for the taxable year of the partner in which ends the taxable year of the partnership. If a partner's entire interest is sold, exchanged or liquidated, his distributive share of such income, gain or loss shall be included in his taxable year in which ends the partnership period ending with such transaction. Under this section, a partner's death does not constitute such liquidation. Taxpayers who are partners may be required by regulation to file returns for the partnership, in which income, gain or loss shall be computed on the same basis and in the same manner as for individuals except that charitable contributions and personal exemptions shall not be allowed on the partnership return.

Payments made in liquidation of the interest of a partner who retires or dies shall be taxed as a sale or exchange of such partner's interest in partnership assets, to the extent that they represent such interest, and the balance shall be taxed as the partner's distributive share of partnership income. Under this section, amounts paid for unrealized receivables or good will of the partnership shall not be included in payments representing a partner's interest in partnership assets except to the extent that the partnership agreement provides for payment with respect to good will.

32. Except as otherwise provided in this act or by regulations pursuant to this act, the term "gross income" includes gains, profits and income derived from salaries, wages or compensation for
personal services, of whatever kind and in whatever form paid, or from professions, vocations, trades, businesses, commerce, or sales, or dealings in property of whatever nature, growing out of the ownership or use of or interest in such property; also from interest, rent, dividends, securities, or the transaction of any business carried on for gain or profits and income derived from any source whatever within the source State, including prizes and awards (other than those primarily in recognition of some achievement in the arts, sciences or public interest without active entry by the recipient and without requirement that he render substantial future services as a condition), or gains or profits or income derived through estates or trusts by the beneficiaries thereof, whether as distributed or distributive shares. In addition to the provisions of regulations pursuant to this act, items exempt or excluded from gross income under the United States internal revenue code, or under a similar law of the source State, shall be prima facie excluded from gross income under this act, and if there be any substantial difference in the treatment of any such items which cannot be resolved feasibly and practicably by regulation hereunder, the treatment accorded the same pursuant to such law of the source State shall be prima facie correct. In any case, the term "gross income" does not include capital gains, which shall be computed separately from other income to ascertain the amount to be taxed at the rates specified for net capital gains.

33. Income arising from annuities, interest on bank deposits, interest on bonds, notes or other interest-bearing obligations or dividends from corporations are excluded from gross income of a taxpayer under this act except to the extent to which the same are part of the income from any business, trade, profession or occupation carried on by the taxpayer within a source State and taxable under this act.

34. The term "net income" means the gross income of a taxpayer less the deductions allowed by this act.
35. In the computation of net income, the taxpayer may deduct from gross income the ordinary and necessary expenditures directly connected with or pertaining to the taxpayer’s trade or business; the ordinary and necessary nonbusiness or non-trade expenditures paid or incurred for the production or collection of income which, if and when realized, will be required to be included in income for the purpose of taxation under this act, or for the management, conservation or maintenance of property held for the production of such income; the amount of periodic payments in the nature of, or in lieu of, alimony or an allowance for support actually paid by the taxpayer during his taxable year and subject to taxation as income of the payee wife or former wife, as the case may be, under this act; contributions or gifts within the taxable year to an aggregate amount not in excess of 15% of taxpayer’s net income as computed without the benefit of this deduction, if made to or for the use of taxpayer’s source State or any political subdivision thereof for exclusively public purposes, or to corporations or associations organized or operated under the laws of taxpayer’s source State exclusively for religious, charitable, scientific or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private stockholder or individual and no substantial part of the activities of which is carrying on propaganda or otherwise attempting to influence legislation, or to the special vocational rehabilitation fund authorized by the Act of Congress known as the World War Veterans’ Act of 1924, or to posts or organizations of war veterans or auxiliary units or societies of the same, if organized in taxpayer’s source State, and if no part of their net earnings inures to the benefit of any private shareholder or individual, or to a fraternal society, order, or association operating under the lodge system if organized in taxpayer’s source State, but only if such contributions or gifts are to be used
exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals, or to a nonprofit cemetery corporation or association for the improvement or upkeep of a cemetery owned or controlled by it, organized or operated under the laws of the source State. A gift to a common agency for several such corporations or associations is to be treated like a gift directly to them to the extent of the amount of the gift which is allocable to corporations or associations organized or operated under the laws of the source State.

36. Except as otherwise provided in this act or by regulation hereunder, deductions from gross income are allowable only if, and to the extent that, they are connected with income arising from sources within taxpayer's source State and taxable under this act.

37. Any taxpayer other than an estate or trust may also deduct from gross income the amount of periodic payments (whether or not made at regular intervals) made during his taxable year to or for the benefit of a spouse or former spouse provided such payments are made subsequent to a judgment of divorce or a judgment or order for separate maintenance and pursuant to the terms of any such judgment or order or of any written agreement incident to such judgment or order, but only to the extent that the same represent a discharge of a legal obligation to support such spouse or former spouse and not a minor child or children of taxpayer. Specific rules for the computation and treatment of payments where lump sum amounts are to be paid in installments, or where property is to be transferred, or for any other arrangements of a different form than simple periodic payments, shall be set forth in regulations under this act.

38. Whenever the use of inventories is necessary in order clearly to determine the income of any taxpayer, inventories shall be taken by such taxpayer upon such basis as the regulations hereunder may prescribe, conforming as nearly as may be to
the best accounting practice in the trade or business and most clearly reflecting the income.

39. In computing net capital gain there shall be allowed as deductions all capital losses sustained during the taxable year and capital deductions and, if a taxpayer has a net capital loss in any taxable year, the amount thereof may be deducted as a capital loss in each of the 5 succeeding taxable years to the extent that such amount exceeds the total of any net capital gains of any taxable years intervening between the taxable year in which the net capital loss arose and such succeeding taxable year. Net capital gain shall be computed, for purposes of carrying over net capital losses, without regard to such net capital loss or any net capital losses arising in any such intervening years. Where there are net capital losses in more than 1 year, such losses shall be carried over, as hereinbefore provided, in the order in which such losses arose. The abovementioned deductions shall be allowed only as to such transactions involving capital assets having an actual situs within the source State.

40. In computing net income and net capital gain no deduction shall in any case be allowed in respect of:

   a. Personal, living, or family expenses.
   b. Any amount paid out for new buildings or for permanent improvements or betterments made to increase the value of any property or estate.
   c. Any amount expended in restoring property or in making good the exhaustion thereof for which an allowance is or has been made; or
   d. Premiums paid on any life insurance policy, covering the life of any officer or employee, or of any person financially interested in any trade or business carried on by the taxpayer, when the taxpayer is directly or indirectly a beneficiary under such policy.
   e. Any amount otherwise allowable as a deduction which is allocable to income not required to be included in gross income for the purposes of this act, unless allowed by regulation, which shall also
provide for the apportionment or allocation of such deductions as between income which would be required to be included in gross income under this act and income which would not be required to be so included.

41. The words "capital assets" mean property held by the taxpayer (whether or not connected with his trade or business), but do not include stock in trade of the taxpayer or other property of a kind which would properly be included in the inventory of the taxpayer if on hand at the close of the taxable year, or property held by the taxpayer primarily for sale to customers in the ordinary course of his trade or business, or land used in the trade or business, or property used in the trade or business of a character which is subject to an allowance for depreciation.

42. For the purpose of ascertaining gain or loss from the sale or other disposition of property, the regulations authorized by this act shall particularize the methods and computation to be employed in order fairly to reflect the same, taking into account the method of acquisition, period for which held, the purpose for which held, the relationship of taxpayer to his transferor, the nature of the disposition, and other factors commonly recognized and taken into account for such purpose.

43. The net income and net capital gain shall be computed upon the basis of the taxpayer's annual accounting period (fiscal year or calendar year as the case may be); but if the taxpayer's annual accounting period is other than a fiscal year, or if the taxpayer has no annual accounting period or does not keep books, the net income and net capital gain shall be computed on the basis of the calendar year. Such net income and net capital gain shall be computed in accordance with the method of accounting regularly employed in keeping the books of such taxpayer; but if no such method of accounting has been so employed, or if the method employed does not clearly reflect the income, the computation shall be made upon such
basis and in such manner as does clearly reflect the income. The regulations authorized by this act shall particularize the methods of computation to be employed in the case of the death of a taxpayer, including the treatment of amounts accrued up to the date of death and the allowance of deductions, as well as options to exclude such accrued amounts under agreements to include the same in computing net income and net capital gain of an estate or trust for taxable periods in which such amounts are received or the right to receive the same is transferred, with such bond or other security as may be appropriate to insure payment of the tax thereon; and also the computations to be made when a taxpayer's accounting period or accounting method is changed and when a taxpayer returns his income to reflect business conducted on the installment plan.

44. Every taxpayer having for the taxable year a combined net income and net capital gain of $600.00 or more or a combined gross income and net capital gain of $5,000.00 or more shall make a return on forms to be prescribed by regulation stating his name, his residence address, the items of his gross income and capital gain and the deductions and credits allowed by this act (except that an individual who has attained the age of 65 before the close of his taxable year shall be required to make a return only if he has for the taxable year a combined net income and net capital gain of $1,200.00 or more or a combined gross income and net capital gain of $5,000.00 or more). In the case of a husband and wife living together the income of each (even though one has no gross income or capital gain) may be included in a single return made by them jointly, in which case the tax shall be computed on the aggregate income, and the liability with respect to the tax shall be joint and several. No joint return may be made if they have different taxable years. If the taxpayer is unable to make his own return, the return shall be made by a duly authorized agent or by the guardian or
other person charged with the care of the person or property of such taxpayer. The fact that an individual’s name is signed to a filed return shall be prima facie evidence for all purposes that the return was actually signed by him.

b. If the amount of net income for any year of any taxpayer as returned to the United States treasury department or to an appropriate State officer is changed or corrected by the commissioner of internal revenue or other officer of the United States or other competent authority, or where a renegotiation of a contract or subcontract with the United States results in a change in net income, such taxpayer shall report such change or corrected net income, or the results of such renegotiation, within 90 days after the final determination of such change or correction or renegotiation, or as required by regulation, and shall concede the accuracy of such determination or state wherein it is erroneous. Any taxpayer filing an amended return with such department or officer shall also file within 90 days thereafter an amended return in this State which shall contain such information as the regulations shall require.

c. 45. If a taxpayer during the taxable year changes his status from that of a resident to that of nonresident, or from that of nonresident to that of resident, he shall file 2 returns, 1 as a resident covering the fraction of the year during which he was a resident, and 1 as a person other than a resident covering the fraction of the year during which he was a nonresident. There shall be included in the return for the period prior to the change of residence amounts accrued up to the date of such change, if not otherwise properly includible in respect of such period or prior period, and any amounts not includible in respect of such period or a prior period by reason of an election to report on an installment basis, provided, however, that the taxpayer may at his option exclude such amounts in computing net income and net capital gain for such period if he files a bond in such
amount and with such sureties as it may be re-
quired by regulation, conditioned upon the return
as income of such amounts, in the same manner
as such amounts would be returnable as income by
the taxpayer if he had not changed his residence.
The exemptions provided in this act shall be
divided ratably between the 2 returns so filed, ac-
cording to time. In case 2 returns for 1 taxable
year are filed as aforesaid the taxes due thereon
shall not be less than would be payable if the total
net income and net capital gain shown by the 2
returns were included in a single return. If the
aggregate of the taxpayer’s net income and net
capital gain from sources within the critical area
State during the fraction of the year in which he
was a resident, and his net income and net capital
gain from sources within this State during the
fraction of the year in which he was a nonresident,
shall be less than $600.00 in the case of a taxpayer
who is single, or married and not living with
husband or wife, or under $1,200.00 in the case of
a taxpayer who is married and living with husband
or wife, no return shall be required under this
section, unless the aggregate of the taxpayer’s
gross income and capital gain from sources within
the critical area State during the fraction of the
year in which he was a resident plus the aggregate
of his gross income and capital gain from sources
within this State during the fraction of the year in
which he was a nonresident is $5,000.00 or over, in
which event returns shall be required.

46. Every partnership shall make a return for
each taxable year, stating specifically the items of
its gross income, capital gains, capital losses and
the deductions allowed by this act, and shall include
in the return the names and addresses of the in-
dividuals who would be entitled to share in the net
income and net capital gain if distributed and the
amount of the distributive share of each individual.
The return shall be executed by any one of the
partners.
47. Every fiduciary (except receivers appointed by authority of law in possession of part only of the property of a taxpayer) shall make a return for the individual or estate or trust for whom he acts, as follows:

a. If he acts for an individual whose entire income from whatever source derived is in his charge and the combined net income and net capital gain of such individual is $600.00 or over or $1,200.00 or over if age 65 or more at the end of the taxable year, or whose combined gross income and net capital gain for the taxable year is $5,000.00 or over.

b. If he acts for an estate of a deceased person during the period of administration or settlement, whether or not the income of such estate during such period of administration or settlement is properly paid or credited to any legatee, heir or other beneficiary; or for an estate or trust the income of which is accumulated in trust for the benefit of unborn or unascertained persons, or persons with contingent interest; or for an estate or trust the income of which is held for future distribution or is distributable in the discretion of the fiduciary under the terms of the will or trust; and the combined net income and net capital gain of such estate or trust is $600.00 or over or the combined gross income and net capital gain for the taxable year is $5,000.00 or over.

c. If he acts for an estate or trust the income of which is to be distributed to the beneficiaries periodically; or as the guardian of an infant whose income is to be held or distributed as the court may direct; and any beneficiary of such estate or trust or such infant receives or is entitled to a distributive share of the income of $600.00 or more. The return made by a fiduciary shall state specifically the items of the gross income, capital gains, capital losses, and the deductions, exemptions and credits allowed by this act. A return made by 1 of 2 or more joint fiduciaries shall be sufficient compliance with the above requirement. The
fiduciary shall certify that he has sufficient knowl-
dedge of the affairs of the individual, estate or
trust for whom or which he acts to enable him to
make the return and that the same is, to the best
of his knowledge and belief true and correct.
Fiduciaries required to make returns under this
act shall be subject to all the provisions of this act
which apply to taxpayers.

48. Procedures, forms and requirements for
the filing of returns and computation of tax in
cases where taxpayer’s accounting period is
changed, with such individual approval, if any, as
may be indicated, shall be prescribed by regulation
under this act.

49. Every employer required to deduct and with-
hold any tax under this act shall, on or before the
last day of the month following the close of each
calendar quarter, file a withholding return with and
pay over to the division the taxes required to be
deducted and withheld under this act. The form
of the withholding return, as well as the records
to be kept and maintained, shall be provided for
by regulation. Provision may also be made by
regulation to require the making of such payment
to the division or to 1 or more depositaries
designated by it, on a monthly, rather than
quarterly, basis where the amounts to be deducted
and withheld by an employer aggregate $100.00 or
more in a calendar month, and to permit the mak-
ing of a semiannual or annual return and pay-
ment when such amounts aggregate less than $50.00
(for semiannual returns) or $25.00 (for annual
returns) in a calendar quarter and can be reason-
ably expected to be less than $200.00 per year (for
semiannual returns) or $100.00 per year (for
annual returns). The regulations may also provide
for the making of such return and payment at
other times or from time to time, and according to
specified methods, under such circumstances as are
determined by the division to be appropriate and
reasonable in order to insure performance of the
requirements of this section and of the regulations adopted to implement them.

50. All amounts actually deducted and withheld as required by this act shall be held as a special fund in trust for payment to the division. Every person required to deduct and withhold any tax under this act is hereby made liable for such tax as though jointly and severally liable with the taxpayer in all respects including the assessment and collection of interest and penalties.

51. No person whose wages, salaries or commissions are made subject to deduction and withholding shall have any right of action against the person required to withhold the same with respect to any moneys so deducted and withheld and actually paid over to or for the use of the division for the purpose of complying with this act.

52. If it shall appear to the satisfaction of the division, based upon an opinion of the Attorney General of this State, that any person whose wages, salaries or commissions are subject to deduction and withholding are liable for tax upon the same income and net capital gains under the law of the State of which he is a resident, under circumstances such as will entitle him to a reciprocity credit under this act sufficient to offset all taxes imposed hereunder, and that such State makes payment to the division of amounts deducted and withheld on account of earnings and gains derived by residents of this State from sources within such State and subject to tax under this act, the division may, by regulation, relieve residents of such State from being required to make any return under this act, and, upon the filing of such proofs as the regulations may require, relieve the employer of such taxpayers from the requirement to deduct and withhold any amount otherwise required by this act, for such period as the conditions herein stated continue to be satisfied; but the division may, notwithstanding the existence of such conditions, continue to require the making of such returns and the deduction and withholding of such amounts when-
ever it determines such action is appropriate or reasonably required to insure compliance with this act or whenever an appropriate official of such other State certifies that such State desires that such deduction and withholding be continued.

53. For failure to comply with any applicable provision of this act, there shall be assessed a penalty in an amount estimated to equal the cost incurred by the State in securing compliance therewith. The division may adopt regulations reflecting the average cost of securing compliance in the case of various categories of violations, according to its best estimate, and the amounts so estimated shall be prima facie the amount of the penalty. The penalty provided herein shall be in addition to any other penalty provided by law.

54. The taxes imposed by this act shall be governed in all respects by the provisions of the State tax uniform procedure law (subtitle 9 of Title 54 of the Revised Statutes) except only to the extent that a specific provision of this act may be in conflict therewith.

55. (a) The Division of Taxation in the Department of the Treasury shall administer the provisions of this act, adopt regulations necessary or desirable to effectuate its purposes or to make explicit the treatment of various items, authorize appropriate systems of accounting and computation, provide for the allocation of income, itemized deductions, gains and losses in cases where the source or connection thereof may be partly within and partly without the source State of the taxpayer, and prepare instructions for the guidance and information of taxpayers. Wherever possible, consistent with reasonable application of the provisions of this act, the division shall so prepare its regulations, forms, instructions and other acts to reduce the burden of making computations and returns under this act differently from similar computations and returns required of the same taxpayer with respect to the same income and gain to some other jurisdiction. The division shall also
make procedural regulations for its review and correction of returns of taxpayers, the making of refunds or additional assessments of tax on such review or correction, and the assessment of the tax where no return is filed, as well as the method and time of giving due notice thereof and providing suitable methods for appropriate protest or hearing.

In addition to objects mentioned elsewhere in this act, such regulations may describe the treatment to be accorded to items of exchange of property and the recognition or non-recognition thereof, the deferment of gains from the sale of a personal residence, war losses, employee stock options, inclusions, exclusions and exemptions from gross income, pensions, common trust funds, and may provide for the determination and assessment of interest or penalties, extensions of time for performing any act or making any payment, suspension of penalty or interest or both for limited periods, waiver or reduction of additional taxes, gathering of information and filing of reports for information, and all other matters reasonably required for the fair, impartial and practical administration of this act.

(b) Except as otherwise provided, the amount of tax due on any return shall be determined by the division within 3½ years after the return was made. When the return omits an amount greater than 25% of the gross income or capital gain reported, and which should have been included, such determination shall be made within 6½ years after the return was made. When no return is made, or when a return is made willfully false or fraudulent with intent to evade the tax, or if taxpayer fails to report a change or correction made by another taxing jurisdiction or fails to file an amended return when required to by this act, the amount of the tax may be determined at any time. Where, for 1 taxable year, a deduction disallowed appears to have been allowable in some other taxable year not more than 5 years prior thereto, the return for
such earlier year may be revised and the tax for said year resettled, and if the same shall result in a lower tax for said earlier year, the overpayment may be allowed as a credit against, but not in excess of, any assessment resulting from the disallowance for the later year.

56. Where the amount of any tax under this act, or the obligation of any taxpayer, may be in dispute, the division may enter into an agreement to settle, adjust or compromise the same, provided that the terms of such agreement shall be first approved by the Attorney General, who shall find that the outcome of the dispute is uncertain and that the best interests of the State will be best served by said agreement.

57. This act shall take effect immediately, but the tax imposed hereby, and the obligation to pay the same as well as the obligation to deduct and withhold shall be suspended and inoperative in the event that any of the moneys in the Transportation Fund shall be applied to a purpose or purposes other than one set forth in this act, from the date when such application is made until the amounts to be refunded to taxpayers as a result thereof have been allowed and paid; and the tax hereby imposed shall cease to be imposed, assessed and collected after the assessment thereof for any taxable year ending December 31, 1970, and for any part of a taxable year beginning during the year 1970 and ending December 31, 1970.

Approved May 29, 1961.
CHAPTER 33

AN ACT requiring the registration of crew leaders of day-haul farm or food processing laborers, and providing penalties for its violation and supplementing Title 34 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. As used in this act:
   (a) "Crew leader" means any person who, for a fee, recruits, supplies or hires farm or food processing laborers, on a day-haul basis but shall not include any owner or lessee of a farm or food processing plant who recruits or hires laborers for work on his farm or in his plant, or any employment agency licensed in New Jersey.
   (b) "Day-haul basis" means on a daily basis without provision for living quarters.
   (c) "Fee" means any money or other valuable consideration, paid or promised to be paid either on a percentage or flat rate basis.
   (d) "Commissioner" means the Commissioner of the Department of Labor and Industry or his authorized representative.

2. No person shall act as a crew leader until he has applied for and received a crew leader certificate of registration from the Department of Labor and Industry. The application and certificate forms shall be prescribed by the commissioner.

A certificate of registration shall expire at midnight on December 31 of the year for which it is granted, unless sooner revoked or suspended by the commissioner. A certificate of registration may be renewed each year upon the filing of an application for renewal on a form prescribed by the commissioner. The certificate of registration, once issued, shall not be transferable, shall be kept by the registrant in his immediate personal posses-
sion and shall be displayed by the registrant upon request of the commissioner.

3. The commissioner shall establish by rules and regulations requirements that must be met by an applicant for a crew leader certificate of registration, which requirements shall include that the applicant be of good character and have a reasonable knowledge of labor laws applicable to crew leaders and day-haul farms and food processing laborers. The commissioner shall refuse to issue a certificate of registration to any applicant who does not meet such requirements.

4. The commissioner may refuse to renew and may revoke or suspend any certificate of registration after a hearing upon reasonable notice if the applicant:
   (a) misrepresents to any day-haul laborer facts relating to working conditions and hours or to the wages to be paid;
   (b) charges day-haul laborers unreasonable or excessive prices for transportation to and from the place of work or for food and drink;
   (c) misrepresents any material fact on the application for a crew leader certificate of registration;
   (d) violates any State or Federal labor or criminal law; or
   (e) acts contrary to the meaning and purpose of this act or the rules and regulations promulgated hereunder.

5. This act shall be enforced by the Department of Labor and Industry through the Bureau of Migrant Labor. The commissioner shall have authority to promulgate all rules and regulations which, in his discretion, are necessary to carry out the provision of this act.

6. Any person who violates or whose authorized representative violates any of the provisions of this act or of the rules and regulations promulgated hereunder shall be a disorderly person and, upon conviction, for each violation, shall be punishable by a fine of not less than $25.00 and
not more than $200.00, or imprisonment for not more than 15 days, or both.
7. This act shall take effect immediately.

CHAPTER 34

A Supplement to "An act to provide for and regulate the granting of sick leave to certain persons in the public schools of this State, and supplementing Title 18 of the Revised Statutes, and to repeal 'An act to provide for and regulate the granting of sick leave to certain teachers, principals, assistant superintendents and superintendents in the public schools of this State, and supplementing chapter 13 of Title 18 of the Revised Statutes,' approved May 6, 1942 (P. AN ACT relating to the taxation of motor fuels, and amending section 54:39-27 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 54:39-27 of the Revised Statutes is amended to read as follows:

54:39-27. Every distributor shall, on or before the next to the last business day of each month, render a report to the commissioner, on forms prescribed, prepared and furnished by the commissioner, stating the number of gallons of fuel sold or used in this State by him during the preceding calendar month. A tax of $0.06 per gallon on each gallon so reported shall be paid by each distributor, such payment to accompany the filing of the report. Such report shall contain such further information as the commissioner may require. Under such regulations as the commissioner may prescribe, sales of fuel may be made by 1 licensed distributor to another licensed distributor free of such tax. If any distributor shall fail, neglect or refuse to file the report within the time prescribed by this section, the commissioner shall note such failure, neglect or refusal upon his records, and shall estimate the sales, distribution and use of said distributor, assessing the tax thereon, adding to said tax a penalty of 20% thereof for failure, neglect or refusal to report, and such estimate shall be prima facie evidence of the true amount of tax due to the commissioner from such distributor; provided, that if a good and sufficient cause or reason is shown for such delinquency, the commissioner may remit or waive the payment of the whole or any part of the penalty. Reports required by this section, exclusive of schedules,
itemized statements and other supporting evidence annexed thereto, shall at all reasonable times be open to the public, anything contained in section 54:50-8 to the contrary notwithstanding.

2. This act shall take effect immediately.

7. The Director of the Division of Budget and Accounting is hereby empowered, notwithstanding any other provision of the law, to transfer or credit from the various appropriations for construction, reconstruction, additions to and betterments of State buildings and appurtenances thereto, herein contained, to the appropriation for the bureau of architecture and construction of the Department of the Treasury a sufficient sum to pay for the cost of all architectural work, superintendence and other expert services in connection with such work.

This definition shall not pertain to a distribution of prizes by chance when there is an intent to distribute prizes as a gift where the class of donees performs acts not exceeding those necessary to become a member of the class of donees or to receive the gift.

CHAPTER 40

An Act concerning the clearance, replanning, development, and redevelopment of blighted areas in certain cases; authorizing private urban renewal corporations to undertake, and municipalities to participate in, the clearance, replanning, development, and redevelopment of such areas; granting limited period exemptions from taxation in respect to the improvements made in the development and redevelopment of such areas; limiting the profits of, and dividends payable by, private urban renewal corporations enjoying such tax exemption and regulating said private urban renewal corporations and the conditions of use, ownership, management and control of said improvements.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. This act shall be known as the “Urban Renewal Corporation Law of 1961.”

2. It is hereby declared that there are areas in many municipalities, which are so blighted as to retard or arrest the growth and development of said municipalities or are so blighted as to be detrimental to the social and economic progress of the community because of buildings which are deteriorated, insanitary or unsafe or are blighted by reason of subsoil conditions, or by reason of deleterious land use, or excessive land coverage and it is further declared that in the interest of the health, safety and welfare of the public, and the economic and social progress of the municipality, land should be restored to a use resulting in the elimination of the blighted condition; that in order to accomplish this purpose investment of private capital and participation by private enter-
prise should be encouraged; that the clearance, replanning, development and redevelopment of such blighted areas are public purposes and public uses for which public money may be expended and private property acquired and that the successful clearance, replanning, development and redevelopment of blighted areas necessitates the use of special financial arrangements to secure adequate private investment and participation by private enterprise and that the necessity, in the public interest, for the provisions herein enacted is hereby declared as a matter of legislative determination.

3. The terms hereinafter defined shall have the indicated respective meanings when used or referred to in this act unless a different meaning is clearly apparent from the context.

4. "Governing body" means, in the case of a municipality, the common council, or the board of commissioners, or the body managing its affairs, except that, in cities having a board of finance, such board shall be the "governing body" for the purpose of this act.

5. "Urban renewal corporation" means a corporation qualified under this act to acquire, construct, operate and maintain a project hereunder, or to acquire, operate and maintain a project constructed by a corporation so qualified under this act, and the term "corporation" when used within act shall be understood to be a contraction of the term "urban renewal corporation" except when the context indicates otherwise.

9. "Allowable profit rate" means that percentage per annum arrived at by adding \( 1\frac{1}{4}\% \) to the annual interest percentage rate payable on the urban renewal corporation’s initial permanent mortgage financing. In the event that the initial permanent mortgage is insured or guaranteed by a governmental agency, any mortgage insurance premium or similar charges, if payable on a per annum basis, shall be considered as interest for the purposes hereof. If there is no permanent mortgage financing the allowable profit rate shall be arrived at by adding \( 1\frac{1}{4}\% \) per annum to the interest rate per annum which the municipality determines to be the prevailing rate on mortgage financing on comparable improvements in the locality.

10. "Allowable net profit" means the amount arrived at by applying the allowable profit rate to each total project unit cost, if the project is to be undertaken in units or the total project cost if the project is not to be undertaken in units for the period commencing on the date on which the construction of the unit or the project is completed, as the case may be, and terminating at the end of the fiscal year of the urban renewal corporation preceding the date on which a computation is being made.

11. "Net profit" means the gross revenues of the urban renewal corporation less all operating and nonoperating expenses of the corporation, all determined in accordance with generally accepted accounting principles provided that (a) there shall be included in expenses (1) all annual service charges paid pursuant to section 26 of this act, (2) all payments to the municipality of excess profit pursuant to section 27 of this act, and (3) an annual amount sufficient to amortize the total project cost over the life of the improvements, as set forth in the financial agreement herein provided for, which in no case shall be less than 25 years, and (b) there shall not be included in expenses either (1) depreciation or obsolescence, (2) interest
on debt, (3) taxes on income, or (4) salaries, bonuses and other compensation paid, directly or indirectly, to directors, officers and stockholders of the corporation.

12. "Annual gross revenue" means the total annual gross rental and other income of an urban renewal corporation from the project. If in any leasing, any real estate taxes or assessments on property included in the project, any premiums for fire or other insurance on or concerning property included in the project or any operating or maintenance expenses ordinarily paid by a landlord are to be paid by the tenant, then such payments shall be computed and deemed to be part of the rent and shall be included in the annual gross revenue. The financial agreement hereinafter provided for shall establish the method of computing such additional revenue and may establish a method of arbitration where either the landlord or the tenant dispute the amount of such payments so included in the annual gross revenue.

13. Any urban renewal corporation qualifying under this act may undertake a project, and when so authorized by a financial agreement with a municipality pursuant to this act, may acquire, plan, develop, construct, alter, maintain or operate housing, business, industrial, commercial, cultural or recreational projects or any combination of 2 or more such types of improvement in a single project. The conditions of use, ownership, management and control of the improvements in any such project shall be regulated as herein provided.

14. When any municipality or agency or authority thereof has acquired land constituting or being a part of a blighted area, pursuant to chapter 187 of the laws of 1949, chapter 300 of the laws of 1949, or chapter 306 of the laws of 1949, the governing body of the municipality, or the agency or authority, by resolution, may make such land available for use for a project by an urban renewal corporation, qualified under this act, by private sale, upon such terms and conditions as shall be
agreed upon by the said governing body or said agency or authority and said corporation. Any such resolution shall include a determination of the use value of the said land and the price to be paid therefor by the said corporation shall not be less than the amount so determined.

15. Any corporation formed, or which shall be formed, under Title 14, "Corporations, General" of the Revised Statutes may qualify to operate under the provisions of this act, if its certificate of incorporation, originally or by amendment thereof, shall contain the following provisions:

(a) The name of the corporation shall include the words "Urban Renewal."

(b) The object for which it is formed shall be to operate under this act and to initiate and conduct projects for the clearance, replanning, development and redevelopment of blighted areas in municipalities and, when so authorized by financial agreement with a municipality pursuant to this act, to acquire, plan, develop, construct, alter, maintain or operate housing, business, industrial, commercial, cultural or recreational projects or any combination of any 2 or more such types of improvement in a single project, under such conditions as to use, ownership, management and control as shall be regulated pursuant to this act.

(c) A provision that so long as the corporation is obligated under a financial agreement with a municipality made pursuant to this act, it shall engage in no business other than the ownership, operation and management of a single project.

(d) A declaration that the corporation has been organized to serve a public purpose, that its operations shall be directed toward providing for and making possible the clearance, replanning, development or redevelopment of blighted areas or the acquisition, management and operation of a project hereunder; and that it shall, as provided herein, be subject to regulation by the municipality in which its project is situated, and to a limitation on profits and dividends for so long as it remains
the owner of a project subject to the provisions of this act.

(e) A provision that the corporation shall not voluntarily transfer the project undertaken by it under the terms of this act, until it has first removed both itself and the project from all restrictions hereunder in the manner hereinafter set forth; but with a proviso that the foregoing restriction shall not be applied to prevent the transfer of a project to another urban renewal corporation which, with the consent of the municipality in which the project is located, shall assume all the contractual obligations of the transferor corporation under its financial agreement with the said municipality.

16. Each urban renewal corporation, qualifying under this act, shall have and may exercise such of the powers conferred by Title 14 of the Revised Statutes as shall be necessary for the operation of the business of such corporation and as shall be consistent with the provisions of this act and shall and may exercise, also, the powers conferred by this act but, so long as it shall be operated under this act, it shall be subject to the restrictions in this act contained. If such corporation shall have freed itself and its project from the restrictions of this act and its financial agreement with the municipality, in the manner provided in this act, it shall no longer exercise any of the powers, or be subject to any of the restrictions, contained in this act.

17. When an urban renewal corporation has, with the consent of the municipality in which its project is located, transferred its project to another such corporation which has assumed the contractual obligations of the transferor corporation with the municipality, the transferor corporation shall be discharged from any further obligation under the said financial agreement and shall be qualified to undertake another project with the same or a different municipality.
18. An urban renewal corporation in carrying out projects may:
   (a) Accept loans from the Federal Government, the State or a political subdivision thereof or other public agency in aid of a development or redevelopment project owned or to be acquired or undertaken by the corporation.
   (b) Obtain, or aid in obtaining, from the Federal Government any insurance or guarantee, or commitment therefor, as to, or for the payment or repayment of interest or principal, or both, or any part thereof, of any loan or other extension of credit, or of any instrument evidencing or securing the same, obtained or to be obtained or entered into by it, and to enter into any agreement or contract, or execute any instrument whatsoever with respect to any such insurance or guarantee.

19. Every urban renewal corporation qualifying under this act, before proceeding with any project herein authorized, shall make written application to the municipality for approval thereof. Said application shall be in such form and shall certify to such facts and data as shall be required by the municipality, and may include but shall not be limited to:
   (a) A general statement of the nature of the proposed project, that the undertaking conforms to all applicable municipal ordinances, that its completion will meet an existing need, and that the project accords with the master plan or official map, if any, of the municipality.
   (b) A description of the proposed project outlining the area included and a description of each unit thereof if the project is to be undertaken in units and setting out such architectural and site plans as may be required.
   (c) A statement of the estimated cost of the proposed project in such detail as may be required, including the estimated cost of each unit if it is to be so undertaken.
   (d) The source, method and amount of money to be subscribed through the investment of private
capital, setting forth the amount of stock or other securities to be issued therefor.

(e) A fiscal plan for the project outlining a schedule of rents, the estimated expenditures for operation and maintenance, payments for interest, amortization of debt and reserves, and payments to the municipality to be made pursuant to a financial agreement to be entered into with said municipality.

Such application shall be addressed and submitted, to the mayor of the municipality, who shall, within 60 days after receipt thereof, submit it with his recommendations to the governing body. The governing body shall by resolution approve or disapprove the application, but in the event of disapproval, changes may be suggested to secure its approval. An application may be revised and resubmitted.

20. Every approved project shall be evidenced by a financial agreement between the municipality and the corporation. Such agreement shall be prepared by the corporation and submitted as a separate part of its application for project approval.

The financial agreement shall be in the form of a contract requiring full performance within 20 years from the date of completion of the project and shall include the following:

(a) That the profits of and dividends payable by the corporation shall be limited as hereinafter provided;

(b) That all improvements in the project to be constructed or acquired by the corporation shall be exempt from taxation as hereinafter provided;

(c) That the corporation shall make payments for municipal services as hereinafter provided;

(d) That the corporation shall submit annually, within 90 days after the close of its fiscal year, its auditor’s reports to the mayor and governing body of the municipality;

(e) That the corporation shall, upon request, permit inspection of property, equipment, build-
ings and other facilities of the corporation, and
also permit examination and audit of its books,
contracts, records, documents and papers by
authorized representatives of the municipality;
(f) That in the event of any dispute between
the parties the matters in controversy shall be
resolved by arbitration in the manner provided
therein;
(g) That operation under the financial agree­
ment shall be terminable by the corporation in the
manner provided by this act;
(h) That the corporation shall at all times prior
to the expiration or other termination of the
financial agreement remain bound by the provisions
of this act.
21. The financial agreement may provide that the
municipality will consent to a sale of the project
by the urban renewal corporation to another such
corporation owning no other project at the time of
the transfer and that, upon assumption by the
transferee corporation of the transferor’s obliga­
tions under the financial agreement, the tax exemp­
tion of the improvement as herein provided shall
continue and inure to the transferee corporation.
22. The financial agreement may also provide
that the corporation furnish bond or other security
for the completion of the project and for the dis­
position of the project property including the
buildings in the event of a default in construction
or abandonment of the work.
23. The financial agreement shall contain detailed
representations and covenants by the corporation
as to the manner in which it proposes to manage
or operate the project. The financial agreement
shall further set forth the plans for financing the
project, including the estimated total project cost,
the amortization rate on the total project cost, the
source of funds, the interest rates to be paid on the
construction financing, the source and amount of
paid-in capital, the terms of mortgage amortization
or payment of principal on any mortgage, and the
rental schedules and lease terms to be used in the project.

24. The financial agreement may further provide that the municipality for its part will undertake and carry out any work, which a municipality may legally undertake, in order to assist in the completion of the project.

25. Modifications of the financial agreement may from time to time be made by agreement between the governing body of the municipality and the corporation.

26. The improvements made in the development or redevelopment of a blighted area, pursuant to this act, shall be exempt from taxation for a period of not more than 20 years from the date of the execution of a financial agreement for the development or redevelopment of the property upon which the improvements are to be made pursuant to a financial agreement entered into with the municipality in which said area is situate. Any such exemption shall be claimed and allowed in the same or a similar manner as in the case of other real property exemptions and no such claim shall be allowed unless the municipality wherein said property is situated shall certify that a financial agreement with an urban renewal corporation for the development or the redevelopment of the property has been entered into and is in effect as required by the provisions of this act. In event that an exemption status changes during a tax year, the procedure for the apportionment of the taxes for said year shall be the same as in the case of other changes in tax exemption status during the tax year.

The urban renewal corporation shall make payment to the municipality of an annual service charge for municipal services supplied to said project, in an annual amount equal to 15% of the annual gross revenues from each unit of the project, if the project is undertaken in units, or from the total project if the project is not to be undertaken in units, for each of the years of operation commencing with the date of the completion of
such unit or of the project, as the case may be. Where because of the nature of the development, ownership, use or occupancy of the project or any unit thereof if the project is to be undertaken in units, the total annual gross rental cannot be reasonably ascertained under the provisions of section 12 of this act, the governing body shall provide in the financial agreement that the annual service charge shall be a sum equal to 2\% of the total project cost or total project unit cost determined pursuant to section 8 of this act, calculated from first day of the month following the substantial completion of the project or any unit thereof if the project is undertaken in units; provided, however, that in no event shall such payment together with the taxes on the land, in any year after first occupancy of the project be less than the total taxes assessed on all real property in the area covered by the project in the calendar year immediately preceding the acquisition of the said area by the municipality or its agency.

The aforesaid payment shall be made annually within 30 days after the close of each such calendar year.

Against such annual charge the corporation shall be entitled to credit for the amount, without interest, of the real estate taxes on land paid by it in the last 4 preceding quarterly installments. On or before January 15 in each year each taxing district shall report to the county board of taxation, in such form as shall be approved by the Director of the Division of Taxation, the amount of the service charge in excess of the taxes on the land chargeable for the preceding calendar year for each project or unit thereof subject to the provisions of this act. The county tax board shall capitalize the amount so reported by each taxing district by dividing the same by the tax rate per hundred dollars of valuation for the taxing district for the preceding year and multiplying the resultant quotient by 100. The result of such capitalization shall be included in the ensuing table of aggre-
gates in a separate column as locally assessed real estate and shall be equalized in the same manner as other real estate for the purposes of apportionment of county taxes and the distribution of State school aid.

At the end of 20 years from the date of the execution of said financial agreement or earlier at the end of 15 years of operation of any unit, if the project is undertaken in units, or of the entire project, if it is not undertaken in units, whichever occurs first, the tax exemption upon said unit, if the project is undertaken in units, or upon the entire project, if the project is not undertaken in units, shall cease and the improvements and any other property of the corporation as well as the land shall be assessed and taxed, according to general law, like other property in the municipality.

At the same date all restrictions and limitations upon the corporation shall terminate and be at an end upon the corporation’s rendering its final account with the municipality.

27. An urban renewal corporation operating under this act shall, for the period of its enjoyment of tax exemption as under this act and the financial agreement provided, be subject to limitation of its profits and of the dividends payable by it. In the event the net profits of the corporation for the period (taken as 1 accounting period) commencing on the date on which the construction of the first unit of the project is completed or on which the project is completed, if it is not undertaken in units and terminating at the end of any fiscal year shall exceed the allowable net profit for such period, the corporation shall, within 90 days after the end of such fiscal year, pay such excess profit to the municipality as an additional service charge; provided, however, that the corporation may maintain a reserve against vacancies, unpaid rentals and contingencies in an amount not exceeding 10% of the gross revenues of the corporation for the fiscal year preceding the date on which a determination is being made and may retain such
part of such excess profit as may be necessary to eliminate the deficiency, if any, in said reserve. The corporation shall not pay or declare any dividend on any shares of any class of its stock, or make any other distributions on account of any shares of any class of its stock unless, after giving effect thereto, the allowable net profit for the period commencing on the date on which construction of the first unit of the project or the project, if it is not undertaken in units, is completed and terminating at the end of the last fiscal year preceding the date of such proposed dividend or distribution would equal or exceed the aggregate amount of all dividends and other distributions paid or declared on any shares of its stock since its incorporation.

Where an urban renewal corporation purchases an existing project from another such corporation, the purchasing corporation shall compute its allowable net profits, net profits, and dividend payments permitted under this section, commencing with the date that it acquires the project. The date of the transfer of title of the project to the purchasing corporation shall be considered to be the end of the fiscal year of the selling corporation. Within 90 days after the date of such transfer of title, the selling corporation shall pay to the municipality a sum equal to the amount of reserve, if any, maintained by the selling corporation pursuant to this section, as well as the excess profit, if any, payable pursuant to this section by reason of the treatment of such date as the end of a fiscal year.

28. The tax exemption provided herein shall apply only so long as the urban renewal corporation and its project remain subject to the provisions of this act but in no event longer than 20 years from the date of the execution of the financial agreement. Any corporation organized hereunder may, at any time after the expiration of 1 year from the completion date of the project, notify the governing body of the municipality with which it has entered into a financial agreement that, as of a certain date designated in the notice, it relin-
quishes its status hereunder. As of the date so set, the tax exemption, the service charges and the profit and dividend restrictions shall terminate. Upon any termination of such tax exemption, obligations and restrictions, whether by affirmative action of the corporation as above provided or by the provisions of this act or pursuant to the financial agreement made hereunder the date of such termination shall be deemed to be the end of the fiscal year of said corporation. Within 90 days after the date of such termination, the corporation shall pay to the municipality a sum equal to the amount of the reserve, if any, maintained pursuant to section 27 of this act, as well as the excess profit, if any, payable pursuant to said section 27 by reason of the treatment of such date as the end of a fiscal year.

29. An urban renewal corporation shall not have the power, nor shall any financial agreement made pursuant to this act provide that the municipality for its part will undertake, to construct, install, acquire, maintain or operate any property, plant, equipment or facilities which would be competitive with any public utility as the same is defined in section 48:2-13 of the Revised Statutes or competitive with any public utility subject to regulation, supervision or control by any Federal regulatory body.

30. A municipality shall not have the power to acquire by the exercise of the right of eminent domain, for any of the purposes of this act, any property used by any public utility as the same is defined in section 48:2-13 of the Revised Statutes or used by any public utility subject to regulation, supervision or control by any Federal regulatory body, in furnishing any commodity or service which by law it is authorized to furnish.

31. If any municipality, or its duly authorized agency, as part of or in connection with any plan, plan of a project or projects initiated or undertaken in accordance with the provisions of this act, shall vacate any street, avenue, highway, road or

C. 40:55C-72. Utility to retain right of entry.

CHAPTER 40, LAWS OF 1961

other public place or way (herein called "street") on, in or under which is located any property owned or used by any public utility as defined in section 48:2-13 of the Revised Statutes, or owned or used by any public utility subject to regulation, supervision or control by any Federal regulatory body in furnishing any commodity or service which by law it is authorized to furnish, such municipality shall determine, upon the completion of the vacation proceedings, whether the retention of such property in the existing location will interfere with the consummation of the project.

32. If such municipality, or its duly authorized agency, shall determine that the retention of such property in such location will interfere with the consummation of the project, it shall make an order requiring the public utility using such property to remove, relocate, rearrange or change such property in accordance with such order, and the cost and expense of such removal, relocation, rearrangement or change, including the cost of installing such property in a new location or locations or changed condition, and the cost of any lands or any rights or interest in lands and any other rights acquired to accomplish such removal, relocation, rearrangement or change shall be paid by the municipality or its duly authorized agency as part of the cost of making land available for use by an urban renewal corporation. In case of the relocation of any such property the public utility using the same, its successors and assigns, may maintain and operate such property, with the necessary appurtenances, in the new locations for as long a period and upon the same terms and conditions and with the same franchise rights as it had the right to maintain and operate such property in its former location.

33. If such municipality, or its duly authorized agency, shall determine that the retention of such property in its existing location will not interfere with the consummation of the project, it shall express such determination in a writing which shall
be delivered to such public utility, and thereupon and thenceforth such public utility, its successors and assigns, shall have the right, privilege and authority to enter upon the lands which comprised such street prior to its vacation, for the purpose of maintaining, repairing, renewing or removing any such property.

34. If any municipality, or its duly authorized agency, as a part of or in connection with any plan, plan of a project or projects initiated or undertaken in accordance with the provisions of this act shall determine that any property owned or used by any public utility as defined in section 48:2-13 of the Revised Statutes, or owned or used by any public utility subject to regulation, supervision or control by a Federal regulatory body, in furnishing any commodity or service which it is authorized by law to furnish, which now is or hereafter may be located in, on, along, over or under any street, avenue, highway, road or other public place or way (herein called “street”) shall be removed, relocated, rearranged, changed, reconstructed or abandoned, the cost and expense of the removal, relocation, rearrangement, change, reconstruction or abandonment of such property, including the cost of installing, reconstructing and replacing such property in a new location or locations and the cost of any lands or any rights or interests in lands and any other rights acquired to accomplish such removal, relocation, rearrangement, change, reconstruction or replacement of such property shall be paid by the municipality or its duly authorized agency as a part of the cost of making land available for use by an urban renewal corporation. In case of the relocation of any such property the public utility using the same, its successors and assigns, may maintain and operate such property, with the necessary appurtenances, in the new locations for as long a period and upon the same terms and conditions as it had a right to maintain and operate such property in its former location.

(d) Maximum total benefits.

With respect to an individual to whom benefits shall be payable for benefit years commencing on or after July 1, 1961 as provided in this section:

(1) Such individual shall be entitled to receive, under each successive benefit determination relating to each of his base year employers, a total amount of benefits equal to \( \frac{3}{4} \) of his base weeks from the employer in question multiplied by his weekly benefit rate; but the amount of benefits thus resulting under any determination made with respect to an employer shall be adjusted to the next higher multiple of $1.00 if not already a multiple thereof.

(2) No such individual shall be entitled to receive benefits under this chapter (R.S. 43:21-1 et seq.) for more than 26 weeks in any benefit year under either of subsections (c) and (f) of section 43:21-4 of this chapter (R.S. 43:21-1 et seq.). In the event that any individual qualifies for benefits under both of said subsections during any benefit year, the maximum total amount of benefits payable under said subsections combined to such individual during the benefit year shall be 1\( \frac{1}{2} \) times the maximum amount of benefits payable under 1 of said subsections.
(3) The maximum total benefits of any individual shall be reduced by an amount equal to 17 times his weekly benefit rate upon the discovery by the division that such individual illegally received any sum as benefits contrary to the provisions of this chapter as the result of any false or fraudulent representation; provided, however, that such reduction shall apply only to a benefit year in existence at the time of the discovery and to a benefit year established within 1 year from the time of such discovery.

2. Section 43:21-4 of the Revised Statutes is amended to read as follows:

43:21-4. An unemployed individual shall be eligible to receive benefits with respect to any week only if it appears that:

(a) He has registered for work at, and thereafter continued to report at, an employment office in accordance with such regulations as the division may prescribe, except that the division may, by regulation, waive or alter either or both of the requirements of this subsection as to individuals attached to regular jobs, and as to such other types of cases or situations with respect to which the division finds that compliance with such requirements would be oppressive, or would be inconsistent with the purpose of this act; provided, that no such regulation shall conflict with subsection (a) of section 43:21-3 of the Revised Statutes.

(b) He has made a claim for benefits in accordance with the provisions of subsection (a) of section 43:21-6 of the Revised Statutes.

(c) He is able to work, is available for work, and has demonstrated that he is actively seeking work, except as hereinafter provided in this subsection or in subsection (f) of this section:

(1) No woman shall be deemed to be able or available for work during the 4 weeks immediately before the expected birth of her child
or the 4 weeks immediately following the birth of her child, in either of which cases the division may require the production of a doctor’s certificate to establish such dates;

(2) The director may, in his discretion, modify the requirement of actively seeking work if, in his judgment, such modification of this requirement is warranted by economic conditions;

but no individual, who is otherwise eligible, shall be deemed ineligible, or unavailable for work, because he is on vacation, without pay, during said week, if said vacation is not the result of his own action as distinguished from any collective action of a collective bargaining agent or other action beyond his individual control.

(d) He has been totally or partially unemployed for a waiting period of 1 week in the benefit year which includes that week. When benefits become payable with respect to the third consecutive week next following the waiting period, he shall be eligible to receive benefits as appropriate with respect to the waiting period. No week shall be counted as a week of unemployment for the purposes of this subsection:

(1) if benefits have been paid, or are payable with respect thereto; provided, that the requirements of this paragraph shall be waived with respect to any benefits paid or payable for a waiting period as provided in this subsection;

(2) if it has constituted a waiting period week under Temporary Disability Benefits Law;

(3) unless the individual fulfills the requirements of subsections (a) and (c) of this section;

(4) if it has constituted a week with respect to which it is found that his unemployment was due to a stoppage of work which exists because of a labor dispute, in accordance with the provisions of subsection (d) of section 43:21–5 of the Revised Statutes.
(e) With respect to a base year as defined in subsection (c) of section 43:21-19 of the Revised Statutes he has established at least 17 base weeks as defined in subsection (t) (1) of section 43:21-19 of the Revised Statutes.

(f) (1) He has suffered any accident or sickness not compensable under the Workmen’s Compensation Law (Title 34 of the Revised Statutes) and resulting in his total disability to perform any work for remuneration, and would be eligible to receive benefits under this chapter (R. S. 43:21-1 et seq.) (without regard to the maximum amount of benefits payable during any benefit year) except for his inability to work and has furnished notice and proof of claim to the division, in accordance with its rules and regulations, and payment is not precluded by the provisions of section 43:21-3(d) of the Revised Statutes; provided, however, that no benefits shall be payable under this subsection to any individual:

(A) for any period during which such individual is not under the care of a legally licensed physician, dentist or chiropodist;

(B) for any period of disability due to pregnancy or resulting childbirth, miscarriage, or abortion, except for disability existing during the 4 weeks immediately before the expected birth of child, and the 4 weeks following the termination of the pregnancy;

(C) for any period of disability due to willfully or intentionally self-inflicted injury, or to injuries sustained in the perpetration by the individual of a high misdemeanor;

(D) for any week with respect to which or a part of which he has received or is seeking benefits under any unemployment compensation or disability benefit law of any other State or of the United States; provided, that if the appropriate agency of such other State or of the United States finally determines that he
CHAPTER 43, LAWS OF 1961

is not entitled to such benefits, this disqualification shall not apply;

(E) for the 2 weeks immediately following detachment from any maritime services performed under shipping articles;

(F) for any week with respect to which or part of which he has received or is seeking disability benefits under the Temporary Disability Benefits Law;

(G) for any period of disability commencing while such individual is a "covered individual" as defined in subsection 3 (b) of the Temporary Disability Benefits Law (chapter 110, P. L. 1948).

(2) Benefit payments under this subsection shall be charged to and paid from the State Disability Benefits Fund established by the Temporary Disability Benefits Law, and shall not be charged to any employer account in computing any employer's experience rate for contributions payable under this chapter.

(g) Notwithstanding any other provision of this chapter, the director may, to the extent that he deems efficient and economical provide for consolidated administration by 1 or more representatives or deputies of claims made pursuant to subsection (f) of this section with those made pursuant to article III (State plan) of the Temporary Disability Benefits Law.

3. Section 43:21-5 of the Revised Statutes is amended to read as follows:

43:21-5. An individual shall be disqualified for benefits:

(a) For the week in which he has left work voluntarily without good cause attributable to such work, and for each week thereafter until he has earned in employment (which may be with an employing unit having in employment 1 or more individuals) at least 4 times his weekly benefit rate, as determined in each case; provided, however, that no disqualification shall be applicable to a
woman who left or was separated from her work solely by reason of her pregnancy.

(b) For the week in which he has been discharged for misconduct connected with his work, and for the 5 weeks which immediately follow such week (in addition to the waiting period), as determined in each case.

(c) If it is found that he has failed, without good cause, either to apply for available, suitable work when so directed by the employment office or the director or to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the director. Such disqualification shall continue for the week in which such failure occurred and for the 3 weeks which immediately follow such week (in addition to the waiting period), as determined:

(1) In determining whether or not any work is suitable for an individual, consideration shall be given to the degree of risk involved to his health, safety and morals, his physical fitness and prior training, his experience and prior earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence.

(2) Notwithstanding any other provisions of this chapter, no work shall be deemed suitable and benefits shall not be denied under this chapter to any otherwise eligible individual for refusing to accept new work under any of the following conditions: (a) If the position offered is vacant due directly to a strike, lockout, or other labor dispute; (b) If the remuneration, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality; (c) If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.
(d) For any week with respect to which it is found that his unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which he is or was last employed; provided, that this subsection shall not apply if it is shown that:

1. He is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work; and
2. He does not belong to a grade or class of workers of which, immediately before the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute; provided, that if in any case in which (1) or (2) above applies separate branches of work which are commonly conducted as separate businesses in separate premises are conducted in separate departments of the same premises, each such department shall, for the purposes of this subsection, be deemed to be a separate factory, establishment, or other premises;

(e) For any week with respect to which he is receiving or has received remuneration in lieu of notice.

(f) For any week with respect to which or a part of which he has received or is seeking unemployment benefits under an unemployment compensation law of any other State or of the United States; provided, that if the appropriate agency of such other State or of the United States finally determines that he is not entitled to such unemployment benefits, this disqualification shall not apply.

(g) For the 2 weeks immediately following detachment from any maritime services performed under shipping articles.

(h) (1) For a period of 17 weeks from the date of the discovery by the division of the illegal receipt
of benefits contrary to the provisions of this chapter as the result of any false or fraudulent representation and his maximum total benefits shall be reduced by an amount equal to 17 times his weekly benefit rate in the benefit year in existence at the time of the discovery and in a benefit year established within 1 year thereafter, but the maximum reduction shall not exceed 17 times the weekly benefit rate; provided, that any such disqualification may be appealed in the same manner as any other disqualification imposed hereunder; and, provided further, that a conviction in the courts of this State arising out of the illegal receipt of such benefits in any proceeding instituted against him, under the provisions of this chapter or any other law of this State, shall be conclusive upon the appeals tribunal and the board of review.

(2) A disqualification under this subsection shall not preclude the prosecution of any civil, criminal or administrative action or proceeding to enforce other provisions of this chapter for the assessment and collection of penalties or the refund of any amounts collected as benefits under the provisions of section 43:21-16 of the Revised Statutes, or to enforce any other law where an individual obtains or attempts to obtain by theft or robbery or false statements or representations any money from any fund created or established under this chapter or any negotiable or nonnegotiable instrument for the payment of money from such funds, or to recover money erroneously or illegally obtained by an individual from any fund created or established under this chapter.

4. Section 43:21-6 of the Revised Statutes is amended to read as follows:

(a) Filing. Claims for benefits shall be made in accordance with such regulations as the Director of the Division of Employment Security of the Department of Labor and Industry of the State of New Jersey may approve. Each employer shall post and maintain on his premises printed notices of his
subject status, of such design, in such numbers,
and at such places as the director of the division
may determine to be necessary to give notice
thereof to persons in the employer’s service. Each
employer shall give to each individual at the time
he becomes unemployed a printed copy of benefit
instructions. Both the aforesaid notices and
instructions shall be supplied by the division to
employers without cost to them.

(b) (1) Procedure for making initial determina-
tions with respect to benefit years commencing on
or after January 1, 1953.

A representative or representatives designated
by the director of the division and hereafter re-
ferred to as a “deputy” shall promptly examine the
claim, and shall notify the most recent employing
unit and, successively as necessary, each employer
in inverse chronological order during the base year.
Such notification shall require said employing unit
and employer to furnish such information to the
deputy as may be necessary to determine the
claimant’s eligibility and his benefit rights with
respect to the employer in question, and such
notification shall also provide the most recent
chargeable employer in the base year with the
name and address of the most recent employing
unit of the claimant.

In his discretion, the director may appoint special
deputies to make initial or subsequent determina-
tions under subsections 4(f) and 5(d) of this
chapter.

If any employer or employing unit fails to
respond to the request for information within 7
days after the mailing of such request, the deputy
shall rely entirely on information from other
sources, including an affidavit to the best of the
knowledge and belief of the claimant with respect
to his wages and time worked. Except in the event
of fraud, if it is determined that any information
in such affidavit is erroneous, no penalty shall be
imposed on the claimant.
The deputy shall promptly make an initial determination based upon the available information. The initial determination shall show the weekly benefit amount payable, the maximum duration of benefits with respect to the employer to whom the determination relates, and also shall show whether the claimant is ineligible or disqualified for benefits under the initial determination. The claimant and the employer whose account may be charged for benefits payable pursuant to said determination shall be promptly notified thereof.

Whenever an initial determination is based upon information other than that supplied by an employer because such employer failed to respond to the deputy’s request for information, such initial determination and any subsequent determination thereunder shall be incontestable by the noncomplying employer, as to any charges to his employer’s account because of benefits paid prior to the close of the calendar week following the receipt of his reply. Such initial determination shall be altered if necessary upon receipt of information from the employer, and any benefits paid or payable with respect to weeks occurring subsequent to the close of the calendar week following the receipt of the employer’s reply shall be paid in accordance with such altered initial determination.

The deputy shall issue a separate initial benefit determination with respect to each of the claimant’s base year employers, starting with the most recent employer and continuing as necessary in the inverse chronological order of the claimant’s last date of employment with each such employer. If an appeal is taken from an initial determination as herein-after provided by any employer other than the first chargeable base-year employer, then such appeal shall be limited in scope to include only 1 or more of the following matters:

(A) the correctness of the benefit payments authorized to be made under the determination;
(B) fraud in connection with the claim pursuant to which the initial determination is issued; or

(C) the refusal of suitable work offered by the chargeable employer filing the appeal.

The amount of benefits payable under an initial determination may be reduced or canceled if necessary to avoid payment of benefits for a number of weeks in excess of the maximum specified in subsection (d) of section 43:21-3 of this Title.

Unless the claimant or any interested party within 7 calendar days after delivery of notification of an initial determination or within 10 calendar days after such notification was mailed to his or their last-known address and addresses, files an appeal from such decision, such decision shall be final and benefits shall be paid or denied in accordance therewith, except for such determinations as may be altered in benefit amounts or duration as provided in this paragraph. If an appeal is duly filed, benefits with respect to the period covered by the appeal shall be payable only after a determination of entitlement by the appellate tribunal; benefits payable for periods pending an appeal and not in dispute shall be paid as such benefits accrue; provided, that insofar as any such appeal is or may be an appeal from a determination to the effect that the claimant is disqualified under the provisions of section 43:21-5 of the Revised Statutes or any amendments thereof or supplements thereto, benefits pending determination of the appeal shall be withheld only for the period of disqualification as provided for in said section, and notwithstanding such appeal the benefits otherwise provided by this act shall be paid for the period subsequent to such period of disqualification; and provided, also, that if there are 2 determinations of entitlement, benefits for the period covered by such determinations shall be paid regardless of any appeal which may thereafter be taken, but no employer’s account shall be charged with benefits so paid if the decision is finally reversed.
(2) Procedure for making initial determinations in certain cases of concurrent employment, with respect to benefit years commencing on or after January 1, 1953.

Notwithstanding any other provisions of this Title, if an individual shows to the satisfaction of the deputy that there were at least 13 weeks in his base period in each of which he earned wages from 2 or more employers totaling $15.00 or more but in each of which there was no single employer from whom he earned as much as $15.00, then such individual's claim shall be determined in accordance with the special provisions of this paragraph. In such case, the deputy shall determine the individual's eligibility for benefits, his average weekly wage, weekly benefit rate and maximum total benefits as if all his base year employers were a single employer. Such determination shall apportion the liability for benefit charges thereunder to the individual's several base year employers so that each employer's maximum liability for charges thereunder bears approximately the same relation to the maximum total benefits allowed as the wages earned by the individual from each employer during the base year bears to his total wages earned from all employers during the base year. Such initial determination shall also specify the individual's last date of employment within the base year with respect to each base year employer, and such employers shall be charged for benefits paid under said initial determination in the inverse chronological order of such last dates of employment.

(3) Procedure for making subsequent determinations with respect to benefit years commencing on or after January 1, 1953. The deputy shall make determinations with respect to claims for benefits thereafter in the course of the benefit year in accordance with any initial determination allowing benefits, and under which benefits have not been exhausted, and each notification of a benefit payment shall be a notification of an affirmative sub-
sequent determination. The allowance of benefits by
the deputy on any such determination, or the denial
of benefits by the deputy on any such determination,
shall be appealable in the same manner and under
the same limitations as is provided in the case of
initial determinations.

(c) Appeals. Unless such appeal is withdrawn,
an appeal tribunal, after affording the parties
reasonable opportunity for fair hearing, shall affirm
or modify the findings of fact and the determina-
tion. The parties shall be duly notified of such
tribunal's decision, together with its reasons
therefor, which shall be deemed to be the final
decision of the board of review, unless within 10
days after the date of notification or mailing of
such decision, further appeal is initiated pursuant
to subsection (e) of this section.

(d) Appeal tribunals. To hear and decide dis-
puted benefit claims, including appeals from deter-
minations with respect to demands for refunds of
benefits under section 43:21-16 (d) of this chapter
(R. S. 43:21-1 et seq.), the director with the
approval of the Commissioner of Labor and In-
dustry shall establish 1 or more impartial appeal
tribunals consisting in each case of either a salaried
examiner or a body, consisting of 3 members, 1 of
whom shall be a salaried examiner, who shall serve
as chairman, 1 of whom shall be a representative
of employers and the other of whom shall be a
representative of employees; each of the latter 2
members shall serve at the pleasure of the com-
missioner and be paid a fee of not more than $20.00
per day of active service on such tribunal plus
necessary expenses. No person shall participate
on behalf of the division in any case in which he is
an interested party. The director may designate
alternates to serve in the absence or disqualification
of any member of an appeal tribunal. The chairman
shall act alone in the absence or disqualification of
any other members and his alternates. In no case
shall the hearings proceed unless the chairman of
the appeal tribunal is present.
(e) Board of review. The board of review may on its own motion affirm, modify, or set aside any decision of an appeal tribunal on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it. The board of review shall permit such further appeal by any of the parties interested in a decision of an appeal tribunal which is not unanimous and from any determination which has been overruled or modified by any appeal tribunal. The board of review may remove to itself or transfer to another appeal tribunal the proceedings on any claim pending before an appeal tribunal. Any proceeding so removed to the board of review shall be heard by a quorum thereof in accordance with the requirements of subsection (c) of this section. The board of review shall promptly notify the interested parties of its findings and decision.

(f) Procedure. The manner in which disputed benefit claims, and appeals from determinations with respect to (1) claims for benefits and (2) demands for refunds of benefits under section 43:21–16 (d) of this chapter (R. S. 43:21–1 et seq.) shall be presented, the reports thereon required from the claimant and from employers, and the conduct of hearings and appeals shall be in accordance with rules prescribed by the board of review for determining the rights of the parties, whether or not such rules conform to common law or statutory rules of evidence and other technical rules of procedure. A full and complete record shall be kept of all proceedings in connection with a disputed claim. All testimony at any hearing upon a disputed claim shall be recorded, but need not be transcribed unless the disputed claim is further appealed.

(g) Witness fees. Witnesses subpoenaed pursuant to this section shall be allowed fees at a rate fixed by the director. Such fees and all expenses of proceedings involving disputed claims shall be deemed
a part of the expense of administering this chapter (R. S. 43:21-1 et seq.).

(h) Court review. Any decision of the board of review shall become final as to any party upon the mailing of a copy thereof to such party or to his attorney, or upon the mailing of a copy thereof to such party at his last-known address. The Division of Employment Security and any party to a proceeding before the board of review may secure judicial review of the final decision of the board of review. Any party not joining in the appeal shall be made a defendant; the board of review shall be deemed to be a party to any judicial action involving the review of, or appeal from, any of its decisions, and may be represented in any such judicial action by any qualified attorney who may be a regular salaried employee of the board of review or has been designated by it for that purpose, or, at the board of review’s request, by the Attorney General.

(i) Failure to give notice. The failure of any public officer or employee at any time heretofore or hereafter to give notice of determination or decision required in subsections (b), (c) and (e) of this section, as originally passed or amended, shall not relieve any employer’s account of any charge by reason of any benefits paid unless and until that employer can show to the satisfaction of the director of the division that the said benefits, in whole or in part, would not have been charged or chargeable to his account had such notice been given. Any determination hereunder by the director shall be subject to court review.

5. Section 43:21-7 of the Revised Statutes is amended to read as follows:

(a) Payment

(1) Contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this chapter (R. S. 43:21-1 et seq.), with respect to having individuals in his
employ during such calendar year at the rates and on the basis hereinafter set forth. Such contributions shall become due and be paid by each employer to the Division of Employment Security for the fund in accordance with such regulations as may be prescribed, and shall not be deducted, in whole or in part, from the remuneration of individuals in his employ.

(2) In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to $\frac{1}{2}$ cent or more, in which case it shall be increased to 1 cent.

(b) Rate of contributions. Each employer shall pay the following contributions:

(1) For the calendar year 1947, and each calendar year thereafter, $2\frac{7}{10}\%$ of wages paid by him during each such calendar year, except as otherwise prescribed by subsection (c) of this section.

(2) The “wages” of any individual, with respect to any employer as the term is used in this subsection (b) and in subsections (c), (d) and (e) of this section 7, shall include the first $3,000.00 paid during each calendar year commencing on or after January 1, 1947 for services either within or without this State; provided, that no contribution shall be required by this State with respect to services performed in another State if such other State imposes contribution liability with respect thereto. If an employer (hereinafter referred to as successor employer) during any calendar year acquires substantially all the property used in a trade or business of another employer (hereinafter referred to as a predecessor), or used in a separate unit of a trade or business of a predecessor, and immediately after the acquisition employs in his trade or business an individual who immediately prior to the acquisition was employed in the trade or business of such predecessor, then, for the purpose of determining whether the successor employer has paid wages with respect to employment equal to $3,000.00 to such individual during such calendar year, any wages paid to such individual by such
predecessor during such calendar year and prior to such acquisition shall be considered as having been paid by such successor employer.

(c) Future rates based on benefit experience:

(1) A separate account for each employer shall be maintained and this shall be credited with all the contributions which he has paid on his own behalf on or before January 31 of any calendar year with respect to employment occurring in preceding calendar years; provided, however, that if January 31 of any calendar year falls on a Saturday or Sunday, an employer’s account shall be credited as of January 31 of such calendar year with all the contributions which he has paid on or before the next succeeding day which is not a Saturday or Sunday. But nothing in this chapter (R.S. 43:21-1 et seq.) shall be construed to grant any employer or individuals in his service prior claims or rights to the amounts paid by him into the fund either on his own behalf or on behalf of such individuals. Benefits paid with respect to benefit years commencing on and after January 1, 1953, to any individual on or before December 31 of any calendar year with respect to unemployment in such calendar year and in preceding calendar years shall be charged against the account or accounts of the employer or employers in whose employment such individual established base weeks constituting the basis of such benefits. Benefits paid under a given benefit determination shall be charged against the account of the employer to whom such determination relates. When each benefit payment is made the division shall promptly send either a copy of the benefit check or other form of notification to the employer against whose account the benefits are to be charged. Such copy or notification shall identify the employer against whose account the amount of such payment is being charged, shall show at least the name and social security account number of the claimant and shall specify the period of unemployment to which said check applies. If the total amount of benefits paid to a claimant and charged
to the account of the appropriate employer exceeds 50% of the total base-year base week wages paid to the claimant by that employer, then such employer may apply to the division to have canceled from his account such excess benefit charges as specified above. Any such application for the cancellation of excess charges shall be submitted by the employer within 6 months from the date of the benefit check, payment of which creates such charges. In no event will the erasure of such charges affect a contribution rate already assigned to the employer with respect to any fiscal year commencing prior to the date the application is received by the division.

The division shall furnish to each employer an annual summary statement of benefits charged to his account.

(2) The Division of Employment Security may prescribe regulations for the establishment, maintenance, and dissolution of joint accounts by 2 or more employers, and shall, in accordance with such regulations and upon application by 2 or more employers to establish such an account, or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer’s account.

(3) Each employer’s rate shall be 2½%, except as otherwise provided in the following provisions: No employer’s rate shall be other than 2½% unless and until there shall have been 3 calendar years throughout which any individual in his employ could have received benefits if eligible. No employer’s rate shall be lower than 2½% unless assignment of such lower rate is consistent with the conditions applicable to additional credit allowance for such year under section 1602 (a) (1) of the Internal Revenue Code (U. S. Code Title 26, section 1602 (a) (1)), any other provision of this section to the contrary notwithstanding.

(4) (A) Each employer’s rate for the 12 months commencing July 1 of any calendar year shall be determined on the basis of his record up to the beginning of such calendar year. If, at the begin-
ning of such calendar year, the total of all his contributions, paid on his own behalf, for all past years exceeds the total benefits charged to his account for all such years, his contribution rate shall be:

(1) 2\%\%\%, if such excess equals or exceeds 4\%, but less than 5\% of his average annual payroll (as defined in paragraph (2), subsection (a) of section 43:21-19 of this Title);
(2) 2\%\%\%, if such excess equals or exceeds 5\%, but is less than 6\%, of his average annual payroll;
(3) 1\%\%\%, if such excess equals or exceeds 6\%, but is less than 7\%, of his average annual payroll;
(4) 1\%\%\%\%, if such excess equals or exceeds 7\%, but is less than 8\%, of his average annual payroll;
(5) 1\%\%\%\%, if such excess equals or exceeds 8\%, but is less than 9\%, of his average annual payroll;
(6) 1\%, if such excess equals or exceeds 9\%, but is less than 10\%, of his average annual payroll;
(7) \% of 1\%, if such excess equals or exceeds 10\%, but is less than 11\%, of his average annual payroll;
(8) \% of 1\%, if such excess equals or exceeds 11\%, of his average annual payroll.

(B) If the total of an employer’s contributions, paid on his own behalf, for all past periods for the purposes of this paragraph (4), is less than the total benefits charged against his account during the same period, his rate shall be 3\%\%\%; provided, however, if the total of the contributions of such an employer for the past 120 consecutive calendar months is more than the total benefits charged against his account during the same period, his rate shall be 2\%\%\%.

(C) The contribution rates prescribed by subparagraphs (A) and (B) of this paragraph (4)
shall be increased or decreased in accordance with the provisions of paragraph (5) of this subsection (c).

(5) (A) If on March 31 of any calendar year the balance in the Unemployment Trust Fund equals or exceeds 4% but is less than 7% of the total taxable wages reported to the division as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be increased by \( \frac{3}{10} \) of 1% over the contribution rate otherwise established under the provisions of paragraphs (3) or (4) of this subsection. If on March 31 of any calendar year the balance of the Unemployment Trust Fund is less than 4% of the total taxable wages reported to the Division of Employment Security as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be increased by \( \frac{3}{10} \) of 1% over the contribution rate otherwise established under the provisions of paragraphs (3) or (4) of this subsection; provided, that if on such March 31, such balance is less than 23/2% of such total taxable wages, the contribution rate so effective, of any employer, shall be not less than 23/2%; provided, further, that the contribution rate of any employer increased pursuant to the provisions of this subparagraph, when so increased, shall not exceed 43/2%.

(B) If on March 31 of any calendar year the balance in the Unemployment Trust Fund equals or exceeds 10% but is less than 123/2% of the total taxable wages reported to the Division of Employment Security as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be reduced by \( \frac{3}{10} \) of 1% under the contribution rate
otherwise established under the provisions of paragraphs (3) and (4) of this subsection; provided, that in no event shall the contribution rate of any employer be reduced to less than \( \frac{1}{10} \) of 1%. If on March 31 of any calendar year the balance in the Unemployment Trust Fund equals or exceeds 12\( \frac{1}{2} \)% of the total taxable wages reported to the division as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be reduced by \( \frac{1}{10} \) of 1% if his account for all past periods reflects an excess of contributions paid over total benefits charged of 3% or more of his average annual payroll, otherwise by \( \frac{1}{10} \) of 1% under the contribution rate otherwise established under the provisions of paragraphs (3) and (4) of this subsection; provided, that in no event shall the contribution rate of any employer be reduced to less than \( \frac{1}{10} \) of 1%.

(6) Additional contributions.

Notwithstanding any other provision of law, any employer who has been assigned a contribution rate pursuant to subsection (e) of this section for the year commencing July 1, 1948, and for any year commencing July 1 thereafter, may voluntarily make payment of additional contributions, and upon such payment shall receive a recomputation of the experience rate applicable to such employer including in the calculation the additional contribution so made. Any such additional contribution shall be made during the 30-day period following the date of the mailing to the employer of the notice of his contribution rate as prescribed in this section, unless, for good cause, the time for payment has been extended by the director for not to exceed an additional 60 days; provided, that in no event may such payments which are made later than 120 days after the beginning of the year for which such rates are effective be considered in determining the experience rate for the year in
which the payment is made. Any employer receiving any extended period of time within which to make such additional payment and failing to make such payment timely shall pay, in addition to the required amount of additional payment, a penalty of 5% thereof or $5.00, whichever is greater, not to exceed $50.00. Any adjustment under this subsection shall be made only in the form of credits against accrued or future contributions.

(7) Transfers.

(8) Upon the transfer of the organization, trade or business, or substantially all the assets of an employer to a successor in interest, whether by merger, consolidation, sale, transfer, descent or otherwise, the Division of Employment Security shall transfer the employment experience of the predecessor employer to the successor in interest, including credit for past years, contributions paid, annual payrolls, benefit charges, et cetera, applicable to such predecessor employer, pursuant to regulations adopted by the division, if the division finds that the employment experience of the predecessor employer with respect to the organization, trade, assets or business, which has been transferred, may be considered indicative of the future employment experience of the successor in interest. Unless the predecessor employer was owned or controlled (by legally enforceable means or otherwise), directly or indirectly, by the successor in interest, or the predecessor employer and the successor in interest were owned or controlled (by legally enforceable means or otherwise), directly or indirectly, by the same interest or interests, the transfer of the employment experience of the predecessor shall not be effective if such successor in interest, within 4 months of the date of such transfer of the organization, trade, assets or business, or thereafter upon good cause shown, files a written notice with the division protesting the transfer of the employment experience of the predecessor employer.
(B) An employer, who transfers part of his or its organization, trade, assets or business to a successor in interest, whether by merger, consolidation, sale, transfer, descent or otherwise, may jointly make application with such successor in interest for transfer of that portion of the employment experience of the predecessor employer relating to the portion of the organization, trade, assets, or business transferred to the successor in interest, including credit for past years, contributions paid, annual payrolls, benefit charges, et cetera, applicable to such predecessor employer. The Division of Employment Security may allow such transfer of employment experience pursuant to regulations adopted by the division, only if it finds that the employment experience of the predecessor employer with respect to the portion of the organization, trade, assets or business which has been transferred may be considered indicative of the future employment experience of the successor in interest. Credit shall be given to the successor in interest only for the years during which contributions were paid by the predecessor employer with respect to that part of the organization, trade, assets or business transferred.

(C) A transfer of the employment experience in whole or in part having become final, the predecessor employer thereafter shall not be entitled to consideration for an adjusted rate based upon his or its experience or the part thereof, as the case may be, which has thus been transferred. A successor in interest to whom employment experience or a part thereof is transferred pursuant to this subsection shall, as of the date of the transfer of the organization, trade, assets or business, or part thereof, immediately become an employer if not theretofore an employer subject to this chapter (R. S. 43:21-1 et seq.).

(d) (1) Contribution of workers; transfers to temporary disability benefit fund.

Each worker shall contribute to the fund $\frac{3}{4}$ of 1% of his wages paid by an employer with respect
to his employment which occurs on and after January 1, 1953, and after such employer has satisfied the conditions set forth in subsection (h) of section 43:21-19 of this Title with respect to becoming an employer; provided, however, that such contribution shall be at the rate of \( \frac{1}{4} \) of 1% of wages paid with respect to employment while the worker is covered by an approved private plan under the Temporary Disability Benefits Law or while the worker is exempt from the provisions of the Temporary Disability Benefits Law under section 7 of that law. Each employer shall, notwithstanding any provisions of law in this State to the contrary, withhold in trust the amount of his workers' contributions from their wages at the time such wages are paid, shall show such deduction on his payroll records, shall furnish such evidence thereof to his workers as the division may prescribe, and shall transmit all such contributions, in addition to his own contributions, to the office of the Division of Employment Security in such manner and at such times as may be prescribed. If any employer fails to deduct the contributions of any of his workers at the time their wages are paid, or fails to make a deduction therefor at the time wages are paid for the next succeeding payroll period, he alone shall thereafter be liable for such contributions, and for the purpose of section 43:21-14 of this Title, such contributions shall be treated as employer's contributions required from him. As used in this chapter (R. S. 43:21-1 et seq.), except when the context clearly requires otherwise, the term "contributions" shall include the contributions of workers pursuant to this section.

(2) (A) There shall be deposited in and credited to the State disability benefits fund, as established by law, \( \frac{3}{4} \) of all worker contributions, received by the Division of Employment Security with respect to wages paid prior to January 1, 1953, and upon which the rate of contributions is 1%.
(B) There shall be deposited in and credited to the State disability benefits fund, as established by law, ¾ of all worker contributions, received by the Division of Employment Security pursuant to paragraph (1) above after December 31, 1952, with respect to wages paid on and after January 1, 1953, and upon which the rate of contributions is ¾ of 1%.

(3) If an employee receives wages from more than 1 employer during any calendar year commencing with the calendar year 1953, and either the sum of his contributions deposited in and credited to the State disability benefits fund (in accordance with subparagraph (B) of paragraph (2) of this subsection) plus the amount of his contributions, if any, required towards the cost of benefits under 1 or more approved private plans under the provisions of section 9 of the Temporary Disability Benefits Law and deducted from his wages, or the sum of such latter contributions if the employee is covered, during such calendar year, only by 2 or more private plans, exceeds $15.00 in any calendar year commencing on or after January 1, 1953, the employee shall be entitled to a refund of the excess if he makes claim to the Division of Employment Security within 2 years after the end of the calendar year in which the wages are received with respect to which the refund is claimed and establishes his right to such refund. Such refund shall be made by the Division of Employment Security from the State disability benefits fund. No interest shall be allowed or paid with respect to any such refund. The division shall, in accordance with prescribed regulations, determine the portion of the aggregate amount of such refunds made during any calendar year which is applicable to private plans for which deductions were made under section 9 of the "Temporary Disability Benefits Law," such determination to be based upon the ratio of the amount of such wages exempt from contributions to such fund as provided in subparagraph (B) of paragraph (1) of this subsection with
respect to coverage under private plans to the total wages so exempt plus the amount of such wages subject to contributions to the disability benefits fund as provided in subparagraph (B) of paragraph (2) of this subsection. The division shall, in accordance with prescribed regulations, prorate the amount so determined among the applicable private plans in the proportion that the wages covered by each plan bears to the total private plan wages involved in such refunds, and shall assess against and recover from the employer, or the insurer if the insurer has indemnified the employer with respect thereto, the amount so prorated. The provisions of Revised Statutes, section 43:21-14, with respect to collection of employer contributions shall apply to such assessments. The amounts so recovered by the division shall be paid into the State disability benefits fund.

(4) If an individual does not receive any wages from the employing unit which for the purposes of this chapter (R. S. 43:21-1 et seq.) is treated as his employer, or receives his wages from some other employing unit, such employer shall nevertheless be liable for such individual’s contributions in the first instance; and after payment thereof such employer may deduct the amount of such contributions from any sums payable by him to such employing unit, or may recover the amount of such contributions from such employing unit, or, in the absence of such an employing unit, from such individual, in a civil action; provided, proceedings therefor are instituted within 3 months after the date on which such contributions are payable. General rules shall be prescribed whereby such an employing unit may recover the amount of such contributions from such individuals in the same manner as if it were the employer.

(5) Every employer who has elected to become an employer subject to this chapter (R. S. 43:21-1 et seq.), or to cease to be an employer subject to this chapter (R. S. 43:21-1 et seq.), pursuant to the provisions of section 43:21-8 of this Title, shall
post and maintain printed notices of such election on his premises, of such design, in such numbers, and at such places as the director may determine to be necessary to give notice thereof to persons in his service.

(6) Contributions by workers, payable to the Division of Employment Security as herein provided, shall be exempt from garnishment, attachment, execution, or any other remedy for the collection of debts.

(e) Contributions by employers to State disability benefits fund.

(1) Except as hereinafter provided, each employer shall, in addition to the contributions required by subsections (a), (b), and (c) of this section, contribute $\frac{1}{4}$ of 1\% of the wages paid by such employer to workers with respect to employment after January 1, 1949. Such contributions shall become due and be paid by each employer to the Division of Employment Security for the State disability benefits fund as established by law, in accordance with such regulations as may be prescribed, and shall not be deducted, in whole or in part, from the remuneration of individuals in his employ. In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to $\frac{1}{2}$ cent or more, in which case it shall be increased to 1 cent.

(2) During the continuance of coverage of a worker by an approved private plan of disability benefits under the Temporary Disability Benefits Law, the employer shall be exempt from the contribution required by subparagraph (1) above with respect to wages paid to such worker.

(3) (A) The rates of contribution as specified in subparagraph (1) above shall be subject to modification as provided herein with respect to employer contributions due on and after July 1, 1951.

(B) A separate disability benefits account shall be maintained for each employer required to contribute to the State disability benefits fund and such account shall be credited with contributions
deposited in and credited to such fund with respect to employment occurring on and after January 1, 1949. Each employer’s account shall be credited with all contributions paid on or before January 31 of any calendar year on his own behalf and on behalf of individuals in his service with respect to employment occurring in preceding calendar years; provided, however, that if January 31, of any calendar year falls on a Saturday or Sunday an employer’s account shall be credited as of January 31 of such calendar year with all the contributions which he has paid on or before the next succeeding day which is not a Saturday or Sunday. But nothing in this act shall be construed to grant any employer or individuals in his service prior claims or rights to the amounts paid by him to the fund either on his own behalf or on behalf of such individuals. Benefits paid to any covered individual in accordance with article III of the Temporary Disability Benefits Law on or before December 31 of any calendar year with respect to disability in such calendar year and in preceding calendar years shall be charged against the account of the employer by whom such individual was employed at the commencement of such disability or by whom he was last employed if out of employment.

(C) The division may prescribe regulations for the establishment, maintenance, and dissolution of joint accounts by 2 or more employers, and shall, in accordance with such regulations and upon application by 2 or more employers to establish such an account, or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer’s account.

(D) Prior to July 1 of each calendar year, the Division of Employment Security shall make a preliminary determination of the rate of contribution for the 12 months commencing on such July 1 for each employer subject to the contribution requirements of this subsection (e).
(1) Such preliminary rate shall be \( \frac{1}{4} \) of 1\% unless on the preceding January 31 of such year such employer shall have been a covered employer who has paid contributions to the State disability benefits fund with respect to employment in the 3 calendar years immediately preceding such year.

(2) If the minimum requirements in (1) above have been fulfilled and the credited contributions exceed the benefits charged by more than $500.00, such preliminary rate shall be as follows:

(i) \( \frac{3}{10} \) of 1\% if such excess over $500.00 exceeds 1\% but is less than \( \frac{1}{4} \)\% of his average annual payroll (as defined in this chapter (R. S. 43:21-1 et seq.));

(ii) \( \frac{1}{100} \) of 1\% if such excess over $500.00 equals or exceeds \( \frac{1}{4} \)\% but is less than \( \frac{1}{2} \)\% of his average annual payroll;

(iii) \( \frac{1}{10} \) of 1\% if such excess over $500.00 equals or exceeds \( \frac{1}{2} \)\% of his average annual payroll.

(3) If the minimum requirements in (1) above have been fulfilled and the contributions credited exceed the benefits charged but by not more than $500.00 plus 1\% of his average annual payroll, or if the benefits charged exceed the contributions credited but by not more than $500.00, the preliminary rate shall be \( \frac{1}{4} \) of 1\%.

(4) If the minimum requirements in (1) above have been fulfilled and the benefits charged exceed the contributions credited by more than $500.00, such preliminary rate shall be as follows:

(i) \( \frac{5}{100} \) of 1\% if such excess over $500.00 is less than \( \frac{1}{4} \) of 1\% of his average annual payroll;

(ii) \( \frac{4}{100} \) of 1\% if such excess over $500.00 equals or exceeds \( \frac{1}{4} \) of 1\% but is less than \( \frac{1}{2} \) of 1\% of his average annual payroll;

(iii) \( \frac{5}{100} \) of 1\% if such excess over $500.00 equals or exceeds \( \frac{1}{2} \) of 1\% but is less than \( \frac{3}{4} \) of 1\% of his average annual payroll;
(iv) $\frac{6}{100}$ of 1% if such excess over $500.00 equals or exceeds $\frac{1}{4}$ of 1% but is less than 1% of his average annual payroll;

(v) $\frac{7}{100}$ of 1% if such excess over $500.00 equals or exceeds 1% of his average annual payroll.

(5) Determination of the preliminary rate as specified in (2), (3) and (4) above shall be subject, however, to the condition that it shall in no event be decreased by more than $\frac{3}{10}$ of 1% of wages or increased by more than $\frac{3}{10}$ of 1% of wages from the preliminary rate determined for the preceding year in accordance with (1), (2), (3) or (4), whichever shall have been applicable.

(E) (1) Prior to July 1 of each calendar year the Division of Employment Security shall determine the amount of the State disability benefits fund as of December 31 of the preceding calendar year increased by the contributions paid thereto during January of the current calendar year with respect to employment occurring in preceding calendar years. If such amount exceeds the total of the amounts withdrawn from the unemployment trust fund pursuant to section 23 of the Temporary Disability Benefits Law plus the amount at the end of such preceding calendar year of the unemployment disability account (as defined in section 22 of said law), such excess shall be expressed as a percentage of the wages on which contributions were paid to the State disability benefits fund on or before January 31 with respect to employment in the preceding calendar year.

(2) The Division of Employment Security shall then make a final determination of the rates of contribution for the 12 months commencing July 1 of such year for employers whose preliminary rates are determined as provided in (D) hereof, as follows:

(i) If the percentage determined in accordance with paragraph (1) of this subsection
equals or exceeds 1¼% the final employer rates shall be the preliminary rates determined as provided in (D) hereof, except that if the employer's preliminary rate is determined as provided in (D) (2) or (D) (3) hereof, the final employer rate shall be the preliminary employer rate decreased by such percentage of excess taken to the nearest ½% of 1%, but in no case shall such final rate be less than ¼ of 1%

(ii) If the percentage determined in accordance with paragraph (1) of this subsection equals or exceeds ¼ of 1% and is less than 1¼ of 1%, the final employer rates shall be the preliminary employer rates.

(iii) If the percentage determined in accordance with paragraph (1) of this subsection is less than ¼ of 1%, the final employer rates shall be the preliminary employer rates determined as provided in (D) hereof increased by the difference between ¼ of 1% and such percentage taken to the nearest ½% of 1%; provided, however, that no such final rate shall be more than ¼ of 1% in the case of an employer whose preliminary rate is determined as provided in (D) (2) hereof, more than ½ of 1% in the case of an employer whose preliminary rate is determined as provided in (D) (1) and (D) (3) hereof, nor more than ¾ of 1% in the case of an employer whose preliminary rate is determined as provided in (D) (4) hereof.

(iv) If the amount of the State disability benefits fund determined as provided in paragraph (1) of this subsection is equal to or less than the total of the amounts withdrawn from the unemployment trust fund pursuant to section 23 of the Temporary Disability Benefits Law plus the amount at the end of the preceding calendar year of the unemployment disability account, then the final rate shall be ¼ of 1% for all employers.
6. Section 43:21-8 of the Revised Statutes is amended to read as follows:

43:21-8. (a) Any employing unit which is or becomes an employer subject to this chapter (R. S. 43:21-1 et seq.) within any calendar year shall be subject to this chapter (R. S. 43:21-1 et seq.) during the whole of such calendar year.

(b) Except as otherwise provided in subsection (c) of this section, an employing unit shall cease to be an employer subject to this chapter (R. S. 43:21-1 et seq.) only as of January 1 of any calendar year, if

(1) The employing unit files with the Division of Employment Security prior to February 1 of such year, a written application for termination of coverage, and the division finds that there were no 20 different days, each day being in a different week within the preceding calendar year, within which such employing unit employed 4 or more individuals in employment subject to this chapter (R. S. 43:21-1 et seq.).

(2) The division finds that during the 2 calendar years preceding such January 1, there was no day on which such employing unit employed 1 or more individuals in employment subject to this chapter (R. S. 43:21-1 et seq.).

For the purpose of this subsection, the employing units mentioned in section 43:21-19 (h) (2) or (3) of the Revised Statutes shall be treated as a single employing unit.

(c) (1) An employing unit, not otherwise subject to this chapter (R. S. 43:21-1 et seq.), which files with the division its written election to become an employer subject hereto for less than 2 calendar years shall, with the written approval of such election by the division, become an employer subject hereto, to the same extent as all other employers, as of the date stated in such approval; provided, that the division shall not approve such election by such employing unit to become an employer subject hereto if written objections on the part of a substantial proportion of the individuals in the employ
of such unit are presented to the division within 10 days following the filing of such election, and shall cease to be subject to this chapter (R. S. 43:21-1 et seq.) as of January 1 of any calendar year subsequent to such period of election, only, if, (a) prior to February 1, of such calendar year, such employing unit has filed with the division a written notice to that effect; and it meets the conditions for termination of coverage set forth in subsection (b) hereof.

(2) Any employing unit for which services do not constitute employment as defined in this chapter (R. S. 43:21-1 et seq.) are performed, may file with the division a written notice that all such services performed by individuals in its employ in 1 or more distinct establishments or places of business shall be deemed to constitute employment for all purposes of this chapter (R. S. 43:21-1 et seq.) for not less than 2 calendar years; provided written objections on the part of a substantial proportion of such individuals affected are not presented to the division within 10 days following the filing of such election. Upon the written approval of such election by the division, such services shall be deemed to constitute employment subject to this chapter (R. S. 43:21-1 et seq.) from and after the date stated in such approval such services shall be deemed employment subject to this chapter (R. S. 43:21-1 et seq.) as of January 1 of any calendar year subsequent to such period of election, only, if, (A) prior to February 1 of such calendar year, such employing unit has filed with the division a written notice to that effect, or (B) the division finds that during the 2 calendar years preceding such January 1, there was no day on which such services were performed for the employing unit.

7. Section 43:21-11 of the Revised Statutes is amended to read as follows:

43:21-11. (a) Duties and powers of the division. It shall be the duty of the division to determine all matters of policy; and it shall have power and authority to adopt, amend, or rescind such rules
and regulations, require such reports, make such investigations, and take such other action as it deems necessary or suitable to that end or to administer this chapter; provided, that the division may delegate such power and authority to the director subject to their ultimate supervision and control. Such rules and regulations shall be effective upon publication in the manner, not inconsistent with the provisions of this chapter, which the division shall prescribe. The division shall determine its own organization and methods of procedure in accordance with the provisions of this chapter, and shall have an official seal which shall be judicially noticed. Not later than March 1 of each year, the division shall submit to the Governor a report covering the administration and operation of this chapter during the preceding calendar year and shall make such recommendations for amendments to this chapter as the division deems proper. Such report shall include a balance sheet of the moneys in the fund in which there shall be provided, if possible, a reserve against the liability in future years to pay benefits in excess of the then current contributions, which reserve shall be set up by the division in accordance with accepted actuarial principles on the basis of statistics of employment, business activity, and other relevant factors for the longest possible period. Whenever the division believes that a change in contribution or benefit rates will become necessary to protect the solvency of the fund, it shall promptly so inform the Governor and the Legislature, and make recommendations with respect thereto. The division shall make a study of the problem of paying partial benefits for partial unemployment.

(b) Regulations and general and special rules. General and special rules may be adopted, amended, or rescinded by the division. General rules shall become effective 10 days after filing with the Secretary of State and publication in 1 or more newspapers of general circulation in this State. Special rules shall become effective 10 days after notifica-
tion to or mailing to the last known address of the individuals or concerns affected thereby. Regulations may be adopted, amended, or rescinded by the division and shall become effective in the manner and at the time prescribed by the division.

(c) Publication. The division shall cause to be printed for distribution to the public the text of this chapter, the division's regulations and general rules, its annual reports to the Governor, and any other material the division deems relevant and suitable and shall furnish the same to any person upon application therefor.

(d) Personnel. Subject to other provisions of this chapter, the division is authorized to appoint (subject to the provisions of Title 11, Civil Service), fix the compensation, and prescribe the duties and powers of such officers, accountants, attorneys, experts, and other persons as may be necessary in the performance of its duties. All positions shall be filled by persons selected and appointed on a nonpartisan merit basis from lists of eligible persons prepared by the Civil Service Commission, in accordance with the provisions of Title 11, Civil Service, except that any attorney, now or hereafter in office or position of legal assistant for the division, shall be placed in the exempt class of the civil service and thereafter shall not be subject to removal except for cause and then only in accordance with the provisions of Title 11, Civil Service; provided, however, that nothing herein shall be construed to apply to any attorney designated as special counsel in accordance with the provisions of sections 43:21-6, subsection (h), and 43:21-17. The division shall not employ or pay any person who is an officer or committee member of any political party organization. The division may delegate to any such person so appointed such power and authority as it deems reasonable and proper for the effective administration of this chapter, and may in its discretion bond any person handling moneys or signing checks hereunder.
(e) Employment Security Council. There shall be within the Division of Employment Security, an Employment Security Council, as established and constituted under the Department of Labor and Industry Act of 1948 (P. L. 1948, c. 446; N. J. S. 34:1A-1 et seq.)

(f) Employment stabilization. The division, with the advice and aid of the Employment Security Council shall take all appropriate steps to reduce and prevent unemployment; to encourage and assist in the adoption of practical methods of vocational training, retraining and vocation guidance; to investigate, recommend, advise, and assist in the establishment and operation, by municipalities, counties, school districts, and the State, of reserves for public works to be used in times of business depression and unemployment; to promote the re-employment of unemployed workers throughout the State in every other way that may be feasible, and to these ends to carry on and publish the results of investigations and research studies.

(g) Records and reports. Each employing unit shall keep true and accurate employment records, containing such information as may be prescribed. Such records shall be open to inspection and be subject to being copied by the director of the division or his authorized representatives at any reasonable time. The director may require from any employing unit any sworn or unsworn reports, with respect to persons employed by it, which are deemed necessary for the effective administration of this chapter. Under such rules and regulations as may be adopted by the division reports relative to wages and separation from employment may be required from any employer or employing unit at the time such employer or employing unit suspends business operations in this State, or from any employer or employing unit which fails to co-operate in submitting promptly the wage and employment data which may be required under paragraph (2) of subsection (b) of section 43:21-6 of this Title. If the nature of such suspension is
temporary or in the nature of a transfer, then the director may excuse the employer or employing unit from furnishing such a termination report upon assurances that proper arrangements have been made to supply any information which may be required under paragraph (2) of subsection (b) of section 43:21-6 of this Title. The director may, in his discretion, require from any employer or employing unit, reports relative to wages and separation in such manner and at such time as he may deem necessary for the effective administration of this chapter.

Information thus obtained shall not be published or be open to public inspection (other than to public employees in the performance of their public duties) in any manner revealing the employing unit's identity, but any claimant at a hearing before an appeal tribunal, the division or the board of review, shall be supplied with information from such records to the extent necessary for the proper presentation of his claim. Any officer or employee of the division who violates any provision of this section shall be liable to a fine of $200.00, to be recovered in a civil action in the name of the division, said fine when recovered to be paid to the unemployment compensation fund for the use of said fund.

(h) Oaths and witnesses. In the discharge of the duties imposed by this chapter, the chairman of an appeal tribunal and any duly authorized representative or member of the division, the director or any deputy director thereof or member of the board of review shall have power to administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda and other records deemed necessary as evidence in connection with a disputed claim or the administration of this chapter. Witnesses subpoenaed pursuant to this section shall in the discretion of the division be allowed fees at a rate to be fixed by it. Such fees
shall be deemed a part of the expense of administering this chapter.

(i) Subpoenas. In case of contumacy by or refusal to obey a subpoena issued to any person, any court of this State within the jurisdiction of which the inquiry is carried on or within the jurisdiction of which said person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the division or its duly authorized representative, or the board of review, shall have jurisdiction to issue to such person an order requiring such person to appear before the board of review or a member thereof, the division, the director, or his duly authorized representative, there to produce evidence if so ordered or there to give testimony touching the matter under investigation or in question; and any failure to obey such order of the court may be punished by said court as a contempt thereof. Any person who shall without just cause fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, papers, correspondence, memoranda, and other records, if it is in his power so to do, in obedience to a subpoena of the division or of the board of review shall be punished by a fine of not more than $200.00 or by imprisonment for not longer than 60 days, or by both such fine and imprisonment, and each day such violation continues shall be deemed to be a separate offense.

(j) Protection against self-incrimination. No person shall be excused from attending and testifying or from producing books, papers, correspondence, memoranda and other records before the division or the board of review or in obedience to the subpoena of a member of the division or the director thereof, the board of review or a member thereof, or any duly authorized representative of the division in any cause or proceeding before the division, the board of review or a member thereof, on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty

Upon request therefor the director shall furnish to any agency of the United States charged with the administration of public works or assistance through public employment, the name, address, ordinary occupation and employment status of each recipient of benefits and such recipient’s rights to further benefits under this chapter.

The division may afford reasonable co-operation with every agency of the United States charged with the administration of any unemployment insurance law.
The division is authorized to make such investigations and exercise such of the other powers provided herein with respect to the administration of this chapter and to transmit such information and make available such services and facilities to the agency charged with the administration of any State or Federal unemployment insurance or public employment service law as it deems necessary or appropriate to facilitate the administration of such law and to accept and utilize information, services and facilities made available to this State by such agency.

8. Section 43:21-16 of the Revised Statutes is amended to read as follows:

43:21-16. (a) Whoever makes a false statement or representation knowing it to be false or knowingly fails to disclose a material fact, to obtain or increase any benefit or other payment under this chapter (R.S. 43:21-1 et seq.), or under an employment security law of any other State or of the Federal Government, either for himself or for any other person, shall be liable to a fine of $20.00 for each offense, to be recovered in an action at law in the name of the Division of Employment Security of the Department of Labor and Industry of the State of New Jersey or as provided in subsection (e) of section 43:21-14, said fine when recovered to be paid to the unemployment compensation auxiliary fund for the use of said fund; and each such false statement or representation or failure to disclose a material fact shall constitute a separate offense. Any penalties imposed by this subsection shall be in addition to those otherwise prescribed in this chapter (R.S. 43:21-1 et seq.).

(b) (1) An employing unit or any officer or agent of an employing unit or any other person who makes a false statement or representation knowing it to be false, or who knowingly fails to disclose a material fact, to prevent or reduce the payment of benefits to any individual entitled thereto or to avoid becoming or remaining subject thereto or to avoid or reduce any contribution or other payment
required from an employing unit under this chapter (R. S. 43:21–1 et seq.), or under an employment security law of any other State or of the Federal Government, or who willfully fails or refuses to furnish any reports required hereunder (except for such reports as may be required under paragraph 43:21–6(b) (2) of this Title) or to produce or permit the inspection or copying of records as required hereunder, shall be liable to a fine of $50.00, to be recovered in an action at law in the name of the Division of Employment Security of the Department of Labor and Industry of the State of New Jersey or as provided in subsection (e) of section 43:21–14, said fine when recovered to be paid to the unemployment compensation auxiliary fund for the use of said fund; and each such false statement or representation or failure to disclose a material fact, and each day of such failure or refusal shall constitute a separate offense. Any penalties imposed by this paragraph shall be in addition to those otherwise prescribed in this chapter (R. S. 43:21–1 et seq.).

Any employing unit or any officer or agent of an employing unit or any other person who fails to submit any report required under paragraph 43:21–6 (b) (2) of this Title shall be subject to a penalty of $5.00 for each such report not submitted within 7 days after the mailing of a request for such report, and an additional $5.00 penalty may be assessed for each 7-day period which may elapse after the end of the initial 7-day period and before the report is filed; provided, that when such report or reports are not filed within the prescribed time but it is shown to the satisfaction of the director that the failure was due to a reasonable cause, no such penalty shall be imposed. Any penalties imposed by this paragraph shall be recovered as provided in subsection (e) of section 43:21–14 of this Title, and when recovered shall be paid to the unemployment compensation auxiliary fund for the use of said fund.
(c) Any person who shall willfully violate any provision of this chapter (R. S. 43:21-1 et seq.) or any rule or regulation thereunder, the violation of which is made unlawful or the observance of which is required under the terms of this chapter (R. S. 43:21-1 et seq.), and for which a penalty is neither prescribed herein nor provided by any other applicable statute, shall be liable to a fine of $50.00, to be recovered in an action at law in the name of the Division of Employment Security of the Department of Labor and Industry of the State of New Jersey or as provided in subsection (e) of section 43:21-14, said fine when recovered to be paid to the unemployment compensation auxiliary fund for the use of said fund; and each day such violation continues shall be deemed to be a separate offense.

(d) When it is determined by a representative or representatives designated by the Director of the Division of Employment Security of the Department of Labor and Industry of the State of New Jersey that any person, whether (i) by reason of the nondisclosure or misrepresentation by him or by another, of a material fact (whether or not such nondisclosure or misrepresentation was known or fraudulent), or (ii) for any other reason, has received any sum as benefits under this chapter (R. S. 43:21-1 et seq.) while any conditions for the receipt of benefits imposed by this chapter (R. S. 43:21-1 et seq.) were not fulfilled in his case, or while he was disqualified from receiving benefits, or while otherwise not entitled to receive such sum as benefits, such person shall be liable, if the director in his discretion directs recovery, either to have such sum deducted from any future benefits payable to him under this chapter (R. S. 43:21-1 et seq.) or to repay to the division for the unemployment compensation fund, a sum equal to the amount so received by him, and such sum shall be collectible in the manner provided in subsection (e) of section 43:21-14 of this chapter (R. S. 43:21-1 et seq.) for the collection of past-due contributions; provided, however, that, except in the event of fraud, no
person shall be liable for any such refunds or deductions against future benefits unless so notified before 4 years have elapsed from the time the benefits in question were paid. Such person shall be promptly notified of the determination and the reasons therefor. Unless such person, within 5 calendar days after the delivery of such determination, or within 7 calendar days after such notification was mailed to his last-known address, files an appeal from such determination, such determination shall be final.

(e) Any employing unit or any officer or agent of an employing unit, employer or person failing to remit, when payable, any employer contributions, or worker contributions (if withheld or deducted), or the amount of such worker contributions (if not withheld or deducted), or filing or causing to be filed with the Division of Employment Security of the Department of Labor and Industry of the State of New Jersey, any false or fraudulent report or statement, and any person who aids or abets an employing unit, employer, or any person in the preparation or filing of any false or fraudulent report or statement with the aforesaid division with intent to defraud the aforesaid division or the State of New Jersey or an employment security agency of any other State or of the Federal Government, or with intent to evade the payment of any contributions, interest or penalties, or any part thereof, which shall be due under the provisions of this chapter (R. S. 43:21-1 et seq.), shall be liable for each offense upon conviction before any County Court, county district court, criminal judicial district court, or magistrate’s court, to a fine not to exceed $1,000.00 or by imprisonment for a term not to exceed 90 days, or both, at the discretion of the court. Any penalties imposed by this sub-
section shall be in addition to those otherwise prescribed in this chapter (R. S. 43:21–1 et seq.).

(f) Any employing unit or any officer or agent of an employing unit or any other person who aids and abets any person to obtain any sum of benefits under this chapter to which he is not entitled, or a larger amount as benefits than that to which he is justly entitled, shall be liable for each offense upon conviction before any County Court, county district court, criminal judicial district court, or magistrate’s court, to a fine not to exceed $1,000.00 or by imprisonment for a term not to exceed 90 days or both, at the discretion of the court. The fine upon conviction shall be payable to the unemployment compensation auxiliary fund of the Division of Employment Security of the Department of Labor and Industry of New Jersey. Any penalties imposed by this subsection shall be in addition to those otherwise prescribed in this chapter (R. S. 43:21–1 et seq.).

(g) There shall be created in the Division of Employment Security of the Department of Labor and Industry of the State of New Jersey an investigating staff for the purpose of investigating violations referred to in this section and enforcing the provisions thereof.

9. Section 43:21–19 of the Revised Statutes is amended to read as follows:

43:21–19. As used in this chapter (R. S. 43:21–1 et seq.), unless the context clearly requires otherwise:

(a) (1) "Annual payroll" means the total amount of wages paid during a calendar year (regardless of when earned) by an employer for employment.

(2) "Average annual payroll" means the average of the annual payrolls of any employer for the last 3 or 5 preceding calendar years, whichever average is higher, except that any year or years throughout which an employer has had no "annual payroll" because of military service shall be deleted from the reckoning; the "average annual payroll" in such case is to be determined on the
basis of the prior 3 or 5 calendar years in each of which the employer had an "annual payroll" in the operation of his business, if the employer resumes his business within 12 months after separation, discharge or release from such service, under conditions other than dishonorable, and makes application to have his "average annual payroll" determined on the basis of such deletion within 12 months after he resumes his business; provided, however, that "average annual payroll" solely for the purposes of paragraph (3) of subsection (e) of section 43:21-7 of this Title means the average of the annual payrolls of any employer, on which he paid contributions to the State disability benefits fund, for the last 3 or 5 preceding calendar years, whichever average is higher; provided further, that only those wages be included on which employer contributions have been paid on or before January 31 (or the next succeeding day if such January 31 is a Saturday or Sunday) immediately preceding the beginning of the 12 months’ period for which the employer’s contribution rate is computed.

(b) "Benefits" means the money payments payable to an individual, as provided in this chapter (R. S. 43:21-1 et seq.), with respect to his unemployment.

(c) "Base year" with respect to benefit years commencing on or after January 1, 1953, shall mean the 52 calendar weeks ending with the second week immediately preceding an individual’s benefit year.

(d) "Benefit year" with respect to any individual means the 364 consecutive calendar days beginning with the day on, or as of, which he first files a valid claim for benefits, and thereafter beginning with the day on, or as of, which the individual next files a valid claim for benefits after the termination of his last preceding benefit year. Any claim for benefits made in accordance with subsection (a) of section 43:21-6 of this Title shall be deemed to be a "valid claim" for the purpose of this subsection if (1) no remuneration was paid or is payable
for the day on which, or as of which he files a claim for benefits, and no work is available to him with his current employing unit on such day, or, he is unemployed for the week in which, or as of which, he files a claim for benefits; and (2) he has fulfilled the conditions imposed by subsection (e) of section 43:21-4 of this Title.

(e) "Division" means the Division of Employment Security of the Department of Labor and Industry established by chapter 446, P. L. 1948, and any transaction or exercise of authority by the director of the division thereunder, or under this chapter (R. S. 43:21-1 et seq.), shall be deemed to be performed by the division.

(f) "Contributions" means the money payments to the State unemployment compensation fund required by this chapter (R. S. 43:21-1 et seq.).

(g) "Employing unit" means any individual or type of organization, including any partnership, association, trust, estate, joint-stock company, insurance company or corporation, whether domestic or foreign, or the receiver, trustee in bankruptcy, trustee or successor thereof, or the legal representative of a deceased person, which has or subsequent to January 1, 1936, had in its employ 1 or more individuals performing services for it within this State. All individuals performing services within this State for any employing unit which maintains 2 or more separate establishments within this State shall be deemed to be employed by a single employing unit for all the purposes of this chapter (R. S. 43:21-1 et seq.). Whenever any employing unit contracts with or has under it any contractor or subcontractor for any employment which is part of its usual trade, occupation, profession, or business, unless the employing unit as well as each such contractor or subcontractor is an employer by reason of subsection (e) of section 43:21-8 of this Title or subsection (h) of this section, the employing unit shall for all the purposes of this chapter be deemed to employ each individual in the employ of each such contractor or sub-
contractor for each day during which such individual is engaged in performing such employment; except that each such contractor or subcontractor who is an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, shall alone be liable for the contributions measured by wages payable to individuals in his employ, and except that any employing unit who shall become liable for and pay contributions with respect to individuals in the employ of any such contractor or subcontractor who is not an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, may recover the same from such contractor or subcontractor. Each individual employed to perform or to assist in performing the work of any agent or employee of an employing unit shall be deemed to be employed by such employing unit for all the purposes of this chapter (R. S. 43:21-1 et seq.), whether such individual was hired or paid directly by such employing unit or by such agent or employee; provided, the employing unit had actual or constructive knowledge of the work.

(h) "Employer" means:

(1) Any employing unit which for some portion of a day, but not necessarily simultaneously, in each of 20 different weeks, whether or not such weeks are or were consecutive, within either the current or the preceding calendar year has or had in employment 4 or more individuals (irrespective of whether the same individuals are or were employed in each such day)

(2) Any employing unit (whether or not an employing unit at the time of acquisition) which acquired the organization, trade or business, or substantially all the assets thereof, of another which at the time of such acquisition was an employer subject to this chapter (R. S. 43:21-1 et seq.);

S. C. 3301), as amended, by virtue of any other provisions of law), and which for some portion of a day in each of 20 different weeks, whether or not such weeks are or were consecutive, within either the current or the preceding calendar year, has or had in employment the number of individuals required to become an employer under paragraph (1) of this subsection, subject, however, to section 5240 of the Revised Statutes of the United States (12 U. S. C. 484), as amended and modified by subsection (c) of section 3305 of said Federal Unemployment Tax Act as amended; if in any year, this State shall not be certified under section 3304 of said Federal Unemployment Tax Act (26 U. S. C. 3304), as amended, any contributions, penalties and interest required under this chapter (R. S. 43:21–1 et seq.) from any such instrumentality of the United States, or its employees, with respect to such year shall be refunded without interest upon application not later than 2 years after the calendar year in which the contributions, penalties and interest were paid to, or collected by, the division;

(5) Any employing unit which, having become an employer under paragraphs (1), (2), (3) or (4) has not, under section 43:21–8 of this chapter (R. S. 43:21–1 et seq.) ceased to be an employer subject to this chapter (R. S. 43:21–1 et seq.) or

(6) For the effective period of its election pursuant to subsection (c) of section 43:21–8 of this chapter (R. S. 43:21–1 et seq.) any other employing unit which has elected to become fully subject to this chapter (R. S. 43:21–1 et seq.).

directed or controlled is not in any State in
which some part of the service is performed,
but the individual's residence is in this State.

(3) Services performed within this State but not
covered under paragraph (2) of this subsection
shall be deemed to be employment subject to this
chapter (R. S. 43:21-1 et seq.) if contributions are
not required and paid with respect to such services
under an unemployment compensation law of any
other State or of the Federal Government.

(4) Services not covered under paragraph (2)
of this subsection, and performed entirely without
this State, with respect to no part of which con-

employment subject to this chapter (R. S. 43:21-1
et seq.) if the individual performing such services
is a resident of this State and the division approves
the election of the employing unit for whom such
services are performed that the entire service of
such individual shall be deemed to be employment
subject to this chapter (R. S. 43:21-1 et seq.); pro-
vided, written objections on the part of a sub-
stantial proportion of such individuals affected are
not presented to the division within 10 days follow-
ing the filing of such election.
(5) Service shall be deemed to be localized within a State if

In the event that such claimant had no employer in his base year with whom he had established at least 17 base weeks, then such individual's average weekly wage shall be computed as if all of his base week wages were received from 1 employer and as if all his base weeks of employment had been performed in the employ of 1 employer.

CHAPTER 44

An Act concerning corporations and amending sections 14:7-2 and 48:12-9 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 14:7-2 of the Revised Statutes is amended to read as follows:

14:7-2. Each director shall be a bona fide shareholder in the corporation at the time of his election, or a bona fide shareholder in a corporation holding 25% or more of its capital stock.

Any corporation may determine by its certificate of incorporation or by-laws how many shares a person shall hold to qualify him as a director.

Any director ceasing to be a bona fide stockholder shall cease to be a director.

The provisions of this section shall not apply (1) to a corporation all of the stock of which is owned by savings and loan associations and directors of such a corporation need not be or become holders of shares of the capital stock of such corporation or (2) to a trustee of a corporation in a reorganization proceeding in a Federal court under the national bankruptcy act if the trustee was initially appointed as a director of such corporation by such court.

2. Section 48:12-9 of the Revised Statutes is amended to read as follows:

48:12-9. There shall be not less than 7 nor more than 17 directors of every railroad company, who shall be stockholders, and the first directors shall be those specified as such in the certificate of incorporation, and thereafter directors shall be chosen at the annual meetings of stockholders.

The directors may add to their number by selecting from the stockholders from time to time addi-
tional members to act as vice-presidents with such powers, duties and compensation as the company or directors may determine, but the number of directors shall not thereby be made more than 20.

The number of directors may be decreased to not less than 3 when authorized by the affirmative vote, cast in person or by proxy, of 4/5 in interest of the holders of each class of stock having voting powers on such proposal given at a stockholders’ meeting duly called for that purpose.

One of the directors shall be an actual resident of this State, but it shall not be necessary for the president or more than 1 director to be such resident notwithstanding the provisions of any special charter or other law.

The requirement that such directors be stockholders shall not apply to a trustee of a corporation in a reorganization proceeding in a Federal court under the national bankruptcy act if the trustee was initially appointed as a director of such corporation by such court.

CHAPTER 45

An Act concerning the acquisition of lands for recreation and conservation purposes, governing the expenditure of money for such purposes, appropriating $60,000,000.00 from the State Recreation and Conservation Land Acquisition Fund for such expenditure, and supplementing Title 13 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. This act may be cited as the “New Jersey Green Acres Land Acquisition Act of 1961.”
2. The Legislature hereby finds that:

(a) The provision of lands for public recreation and the conservation of natural resources promotes the public health, prosperity and general welfare and is a proper responsibility of government;

(b) Lands now provided for such purposes will not be adequate to meet the needs of an expanding population in years to come;

(c) The expansion of population, while increasing the need for such lands, will continually diminish the supply and tend to increase the cost of public acquisition of lands available and appropriate for such purposes;

(d) The State of New Jersey must act now to acquire and to assist local governments to acquire substantial quantities of such lands as are now available and appropriate for such purposes so that they may be used and preserved for use for such purposes; and

(e) The sum of $60,000,000.00 is needed now to make such acquisition possible.

(f) Such sum will be made available by the sale of bonds authorized by the New Jersey Green Acres Bond Act of 1961, if the same be approved by the people;

(g) It is desirable to appropriate said sum for prompt use and to specify the manner in which the Legislature now proposes that such sum, and such other funds as may be appropriated, shall be used for such purposes.

3. Except as the context may otherwise require:

(a) "Commissioner" means the Commissioner of Conservation and Economic Development or his designated representative;

(b) "Local unit" means a municipality, county or other political subdivision of this State, or any agency thereof.

(c) "Recreation and conservation purposes" means use of lands for parks, natural areas, forests, camping, fishing, water reserves, wildlife, reservoirs, hunting, boating, winter sports and similar
uses for public outdoor recreation and conservation of natural resources; and

(d) "Land" or "lands" means real property, including improvements thereof or thereon, rights of way, water, riparian and other rights, easements, privileges and all other rights or interests of any kind or description in, relating to or connected with real property.

4. The commissioner shall use the sum appropriated by this act from the proceeds of the sale of bonds under the New Jersey Green Acres Bond Act of 1961, and such other sums as may be appropriated from time to time for like purpose, to acquire lands for recreation and conservation purposes and to make grants to assist local units to acquire lands for such purposes, subject to the conditions and limitations prescribed by this act.

5. In acquiring lands and making grants to assist local units to acquire lands the commissioner shall:

(a) seek to achieve a reasonable balance among all areas of the State in consideration of the relative adequacy of area recreation and conservation facilities at the time and the relative anticipated future needs for additional recreation and conservation facilities;

(b) insofar as practicable, limit acquisition to predominantly open and natural land to minimize the cost of acquisition and the subsequent expense necessary to render land suitable for recreation and conservation purposes;

(c) wherever possible, select land for acquisition which is suitable for multiple recreation and conservation purposes;

(d) give due consideration to co-ordination with the plans of other departments of State Government with respect to land use or acquisition. For this purpose, the commissioner is authorized to use the facilities of any interdepartmental committee or other agency suitable to assist in such co-ordination.

6. Lands acquired by the State shall be acquired by the commissioner in the name of the State. They
may be acquired by purchase or otherwise on such terms and conditions as the commissioner shall determine, or by the exercise of the power of eminent domain in the manner provided in chapter 1 of Title 20 of the Revised Statutes. This power of acquisition shall extend to lands held by any local unit.

At least 60 days prior to any acquisition the commissioner shall submit a statement of any such intended acquisition to each of the following bodies in the Department of Conservation and Economic Development: the Water Policy and Supply Council, the Planning and Development Council, the Fish and Game Council and the Shell Fisheries Council.

7. The commissioner shall prescribe rules and regulations governing the administration, operation and use of lands acquired by the State under this act to effect the purpose of this act.

8. Lands approved by the commissioner for acquisition by a local unit with State assistance shall be acquired by and in the name of the local unit and may be acquired in any manner authorized by law for the acquisition of lands for such purposes by the local unit.

9. A grant to assist a local unit to acquire lands for recreation and conservation purposes shall not be made under this act until:

(a) The local unit has applied to the commissioner on forms prescribed by him describing the land acquisition for which a grant is sought, stating the recreation and conservation purpose or purposes to which such lands will be devoted, stating the facts which give rise to the need for such lands for such purpose, enclosing a comprehensive plan for the development of the local unit approved by its governing body, and stating such other matters as the commissioner shall prescribe;

(b) The commissioner shall have prescribed the terms and conditions under which the grant applied for will be made; and
(c) The local unit shall have filed with the commissioner its acceptance of such terms and conditions, and has otherwise complied with the provisions of this act.

10. A grant may not be made under this act until the local unit has adopted regulations governing the administration, use and development of the lands in question, and until the commissioner shall have approved such regulations. No such regulation may be altered thereafter without the approval of the commissioner.

11. Grants under this act shall be made by the State Treasurer upon certification of approval by the commissioner. Each grant shall be in an amount equal to 50% of the actual price to be paid for the lands in question.

12. Without limitation of the definition of “lands” herein, the commissioner may acquire, or approve grants to assist a local unit to acquire:

(a) lands subject to the right of another to occupy the same for a period measured in years or otherwise; or

(b) an interest or right consisting, in whole or in part, of a restriction on the use of land by others including owners of other interests therein; such interest or right sometimes known as a “conservation easement.”

13. (a) Lands acquired by a local unit with the aid of a grant under this act shall not be disposed of or diverted to a use for other than recreation and conservation purposes without the approval of the commissioner and the State House Commission. Such approval of the State House Commission shall not be given unless the local unit shall agree to pay an amount equal to 50% of the value of such land, as determined by the commission, into the State Recreation and Conservation Land Acquisition Fund, if the original grant shall have been made from that fund, or, if not, then into the State Treasury. Money so returned to said fund shall be deemed wholly a part of the portion of that fund available for grants to local units under this act.
(b) Lands acquired by the State under this act with money from the State Recreation and Conservation Land Acquisition Fund shall not be disposed of or diverted to use for other than recreation and conservation purposes without the approval of the State House Commission. Such approval shall not be given unless the commissioner shall agree to pay an amount equal to the value of such land, as determined by the commission, into said fund. Money so returned to said fund shall be deemed wholly a part of the portion of that fund available for land acquisition by the State under this act.

(c) If land acquired by the State under this act with money from the State Recreation and Conservation Land Acquisition Fund is subsequently developed for any water supply projects, the commission shall pay an amount equal to the value of the land so developed, as said value is determined by the State House Commission, into said fund. Money so returned to the fund shall be deemed wholly a part of the portion of that fund available for land acquisition by the State under this act. The commissioner shall make said payment from any funds available for such purpose in the State Water Development Fund or other water development moneys appropriated and available for such purpose.

14. Use of lands acquired under this act by the State or with State assistance shall not be restricted by any conditions of race, creed, color or nationality, and shall not be restricted by any condition of residence except by direction of or with the approval of the commissioner.

15. Notwithstanding any other provision of law, lands to be acquired by the State under this act from any local unit may be sold to the State by the unit at private sale.

16. The commissioner, in executing this act, may do all things necessary or useful and convenient in connection with the acquisition of lands by the
State or with the assistance of the State, including the following:

(a) Make arrangements for and direct (i) engineering, inspection, legal, financial, geological, hydrological and other professional services, estimates and advice; (ii) and organizational, administrative and other work and services;

(b) Enter on any lands for the purpose of making surveys, borings, soundings or other inspections or examinations;

(c) Prescribe rules and regulations to implement any provisions of this act.

17. The money in the State Recreation and Conservation Land Acquisition Fund created by the New Jersey Green Acres Bond Act of 1961 is hereby appropriated to the Department of Conservation and Economic Development for use in executing the provisions of this act, according to the following division:

(a) with respect to acquisition of lands by the State under this act, $40,000,000.00;
(b) with respect to State grants under this act to assist local units to acquire lands, $20,000,000.00.

18. Section 17 of this act shall take effect upon approval by the people at a general election of the New Jersey Green Acres Bond Act of 1961, and the remainder of this act shall take effect immediately.

Approved June 3, 1961.
CHAPTER 46

AN ACT authorizing the creation of a debt of the State of New Jersey by the issuance of bonds of the State in the sum of $60,000,000.00 to provide money for public acquisition of lands for recreation and conservation purposes to meet the future needs of the expanding population; to enable the State to acquire such lands and to provide for State grants to assist municipalities and counties and other units of local government to acquire such lands; providing the ways and means to pay the interest of said debt and also to pay and discharge the principal thereof; and providing for the submission of this act to the people at a general election.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. This act may be cited as the "New Jersey Green Acres Bond Act of 1961."

2. The Legislature hereby finds that:
   (a) The provision of lands for public recreation and the conservation of natural resources promotes the public health, prosperity and general welfare and is a proper responsibility of government;
   (b) Lands now provided for such purposes will not be adequate to meet the needs of an expanding population in years to come;
   (c) The expansion of population, while increasing the need for such lands, will continually diminish the supply and tend to increase the cost of public acquisition of lands available and appropriate for such purposes;
   (d) The State of New Jersey must act now to acquire and to assist local governments to acquire substantial quantities of such lands as are now
available and appropriate for such purposes so that they may be used and preserved for use for such purposes; and

(e) The sum of $60,000,000.00 is needed now to make such acquisition possible.

3. Bonds of the State of New Jersey in the sum of $60,000,000.00 are hereby authorized to provide money to meet the cost of public acquisition of lands for recreation and conservation purposes.

The cost of public acquisition of such lands shall include the full cost of acquisition of any such lands by the State and, subject to legislation and the conditions prescribed therein, not more than 50% of the cost of acquisition of any such lands by any municipality or county.

4. Except as the context may otherwise require:

(a) "Recreation and conservation purposes" means use of lands for parks, natural areas, forests, camping, fishing, water reserves, wildlife, reservoirs, hunting, boating, winter sports and similar uses for public outdoor recreation and conservation of natural resources;

(b) "Lands" means real property, including improvements thereof or thereon, rights of way, water, riparian and other rights, easements, privileges and all other rights or interests of any kind or description in, relating to or connected with real property; and

(c) "Cost," as used with respect to cost of acquisition, shall include, in addition to the usual connotations thereof, the cost of all things deemed necessary or useful and convenient in connection with the acquisition of lands by or with the assistance of the State, for recreation and conservation purposes, including interest or discount on bonds, cost of issuance of bonds, the cost of engineering, inspection, legal, financial, geological, hydrological and other professional services, estimates and advice, the cost of organizational, administrative and other work and services, and the cost of reimbursement of any fund from which moneys shall have
been advanced to the State Recreation and Conservation Land Acquisition Fund, created herein.

(d) "Municipality" and "county" shall mean any political subdivision of this State, and any agency thereof.

5. Said bonds shall be serial bonds and known as "State Recreation and Conservation Land Acquisition Bonds" and, as to each series, the last installment thereof (subject to redemption prior to maturity) shall mature and be paid not later than 35 years from the date of its issuance.

6. Said bonds shall be issued from time to time as money is required for the purpose aforesaid, as the issuing officials herein named shall determine.

7. The Governor, State Treasurer and Comptroller of the Treasury or any 2 of such officials (hereinafter referred to as "the issuing officials") are hereby authorized to carry out the provisions of this act relating to the issuance of said bonds, and shall determine all matters in connection therewith subject to provisions hereof. In case any of said officials shall be absent from the State or incapable of acting for any reason his powers and duties shall be exercised and performed by such person as shall be authorized by law to act in his place as a State official.

8. Bonds, issued in accordance with the provisions of this act shall be a direct obligation of the State of New Jersey and the faith and credit of the State are pledged for the payment of the interest thereon as same shall become due and the payment of the principal at maturity. The principal and interest of such bonds shall be exempt from taxation by the State or by any county, municipality or other taxing district of the State.

9. Said bonds shall be signed in the name of the State by the Governor or by his facsimile signature, under the Great Seal of the State, and attested by the Secretary of State, or an assistant Secretary of State, and shall be countersigned by the facsimile signature of the Comptroller of the Treasury. Interest coupons attached to said bonds shall be
signed by the facsimile signature of the Comptroller of the Treasury. Such bonds may be issued notwithstanding that any of the officials signing them or whose facsimile signatures appear on the bonds or coupons shall cease to hold office at the time of such issue or at the time of the delivery of such bonds to the purchaser.

10. (a) Such bonds shall recite that they are issued for the purpose set forth in section 3 of this act and that they are issued in pursuance of this act and that this act was submitted to the people of the State at the general election held in the month of November, 1961, and that it was approved by a majority of the legally qualified voters of the State voting thereon at such election. Such recital in said bonds shall be conclusive evidence of the authority of the State to issue said bonds and of their validity. Any bonds containing such recital shall in any suit, action or proceeding involving their validity be conclusively deemed to be fully authorized by this act and to have been issued, sold, executed and delivered in conformity herewith and with all other provisions of statutes applicable thereto, and shall be incontestable for any cause.

(b) Such bonds shall be issued in such denominations and in such form or forms, whether coupon or registered as to both principal and interest, and with or without such provisions for interchangeability thereof, as may be determined by the issuing officials.

11. When the bonds are issued from time to time, the bonds of each issue shall constitute a separate series to be designated by the issuing officials. Each series of bonds shall bear such rate or rates of interest, that the aggregate amount of interest payable over the life of such series, less the premium, if any, received upon the sale thereof, shall not exceed an amount equal to 4% per annum computed over the life of such series, as may be determined by the issuing officials, which interest shall be payable semianually; provided, that the first and last interest periods may be longer or
shorter, in order that intervening semiannual payments may be at convenient dates.

12. Said bonds shall be issued and sold at such price not less than the par value thereof and accrued interest thereon, and under such terms, conditions and regulations, as the issuing officials may prescribe, after notice of said sale, published at least 3 times in at least 3 newspapers published in the State of New Jersey, and at least once in a publication carrying municipal bond notices and devoted primarily to financial news, published in the city of New York or in New Jersey, the first notice to be at least 7 days prior to the day of bidding. The said notice of sale may contain a provision to the effect that any or all bids made in pursuance thereof may be rejected. In the event of such rejection or of failure to receive any acceptable bid, the issuing officials, at any time within 60 days from the date of such advertised sale, may sell such bonds at private sale upon terms not less favorable to the State than the terms offered by any rejected bid. The issuing officials may sell all or part of the bonds of any series as issued to any State fund or to the Federal Government or any agency thereof, at private sale, without advertisement.

13. Until permanent bonds can be prepared, the issuing officials may, in their discretion, issue in lieu of such permanent bonds temporary bonds in such form and with such privileges as to registration and exchange for permanent bonds as may be determined by the issuing officials.

14. The proceeds from the sale of the bonds shall be paid to the State Treasurer and be held by him in a separate fund, and be deposited in such depositories as may be selected by him to the credit of the fund, which fund shall be known as the "State Recreation and Conservation Land Acquisition Fund."

15. The moneys in the said State Recreation and Conservation Land Acquisition Fund are hereby specifically dedicated to meeting the cost of public
acquisition of lands for recreation and conservation purposes and shall not be expended except in accordance with appropriations from said fund made by law.

At any time prior to the issuance and sale of bonds under this act, the State Treasurer is hereby authorized to transfer from any available money in the treasury of the State to the credit of the State Recreation and Conservation Land Acquisition Fund such sum as may be deemed necessary for the purposes of this act by the State House Commission, which said sum so transferred shall be returned to the treasury of this State by the treasurer thereof from the proceeds of the sale of the first issue of bonds.

Pending their application to the purposes provided in this act, moneys in the State Recreation and Conservation Land Acquisition Fund may be invested and reinvested as other trust funds in the custody of the State Treasurer in the manner provided by law. All earnings received from the investment or deposit of such funds shall be paid into the General Treasury and become a part of the General State Fund.

16. In case any coupon bonds and coupons thereunto appertaining or any registered bond shall become lost, mutilated or destroyed, a new bond shall be executed and delivered of like tenor, in substitution for the lost, mutilated or destroyed bonds or coupons, upon the owner furnishing to the issuing officials evidence satisfactory to them of such loss, mutilation or destruction and also such security and indemnity as the issuing officials may require.

17. Accrued interest received upon the sale of said bonds shall be applied to the discharge of a like amount of interest upon said bonds when due. Any expense incurred by the issuing officials for advertising, engraving, printing, clerical, legal or other services necessary to carry out the duties imposed upon them by the provisions of this act shall be paid from the proceeds of the sale of said
Maturities.

18. Bonds of each series issued hereunder shall mature in installments commencing not later than the fifth year and ending not later than the thirty-fifth year from the date of issue of such series, and in such amounts as shall be determined by the issuing officials, but the issuing officials may reserve to the State by appropriate provision in the bonds of any series the power to redeem all or any of such bonds prior to maturity at such price or prices and upon such terms and conditions as may be provided in such bonds.

Refunding bonds.

19. The issuing officials may at any time and from time to time issue refunding bonds for the purpose of refunding in whole or in part an equal principal amount of the bonds of any series issued and outstanding hereunder, which by their terms are subject to redemption prior to maturity, providing such refunding bonds shall mature at any time or times not later than the latest maturity date of such series, and the aggregate amount of interest to be paid on the refunding bonds, plus the premium, if any, to be paid on the bonds refunded, shall not exceed the aggregate amount of interest that would be paid on the bonds refunded if such bonds were not so refunded. Refunding bonds shall constitute direct obligations of the State of New Jersey, and the faith and credit of the State are pledged for the payment of the principal thereof and the interest thereon. The proceeds received from the sale of refunding bonds shall be held in trust and applied to the payment of the bonds refunded thereby. Refunding bonds shall be entitled to all the benefits of this act and subject to all its limitations except as to the maturities thereof and to the extent herein otherwise expressly provided.

Payment of interest and principal.

20. To provide funds to meet the interest and principal payment requirements for the bonds
issued under this act and outstanding, there is hereby appropriated in the order following:

(a) Revenue derived by the State from fees and other charges of any nature made for the use of State parks and other State recreational facilities or so much thereof as may be required;

(b) Revenue derived from the tax collected under and by virtue of the provisions of the Corporation Business Tax Act (1945) (P.L. 1945, c. 162, as amended and supplemented), or so much thereof as may be required; and

(c) If in any year or at any time funds, as hereinabove appropriated, necessary to meet interest and principal payments upon outstanding bonds issued under this act, be insufficient or not available, then and in that case there shall be assessed, levied and collected annually in each of the municipalities of the counties of this State a tax on real and personal property upon which municipal taxes are or shall be assessed, levied and collected, sufficient to meet the interest on all outstanding bonds issued hereunder and on such bonds as it is proposed to issue under this act in the calendar year in which such tax is to be raised and for the payment of bonds falling due in the year following the year for which the tax is levied. The tax thus imposed shall be assessed, levied and collected in the same manner and at the same time as other taxes upon real and personal property are assessed, levied and collected. The governing body of each municipality shall cause to be paid to the county treasurer of the county in which such municipality is located, on or before December 15 in each year, the amount of tax herein directed to be assessed and levied, and the county treasurer shall pay the amount of said tax to the State Treasurer on or before December 20 in each year.

If on or before December 31 in any year the issuing officials shall determine that there are moneys in the General State Fund beyond the needs of the State, sufficient to meet the principal of bonds falling due and all interest payable in the
ensuing calendar year, then and in that event such issuing officials shall by resolution so find and shall file the same in the office of the State Treasurer, whereupon the State Treasurer shall transfer such moneys to a separate fund to be designated by him, and shall pay the principal and interest out of said fund as the same shall become due and payable, and the other sources of payment of said principal and interest provided for in this section shall not then be available, and the receipts for said year from the fees, charges and taxes specified in subsections (a) and (b) of this section treated as part of the General State Fund, available for general purposes.

21. Should the State Treasurer by December 31 of any year deem it necessary, because of insufficiency of funds to be collected from the sources of revenues as hereinabove provided, to meet the interest and principal payments for the year after the ensuing year, then the treasurer shall certify to the Comptroller of the Treasury the amount necessary to be raised by taxation for such purposes, the same to be assessed, levied and collected for and in the ensuing calendar year. In such case the Comptroller of the Treasury shall, on or before March 1 following, calculate the amount in dollars to be assessed, levied and collected as herein set forth in each county. Such calculation shall be based upon the corrected assessed valuation of such county for the year preceding the year in which such tax is to be assessed, but such tax shall be assessed, levied and collected upon the assessed valuation of the year in which the tax is assessed and levied. The Comptroller of the Treasury shall certify said amount to the county board of taxation and the county treasurer of each county. The said county board of taxation shall include the proper amount in the current tax levy of the several taxing districts of the county in proportion to the ratables as ascertained for the current year.
22. For the purpose of complying with the provisions of the State Constitution this act shall, at the general election to be held in the month of November, 1961, be submitted to the people. In order to inform the people of the contents of this act it shall be the duty of the Secretary of State, after this section shall take effect, and at least 15 days prior to the said election, to cause this act to be published in at least 10 newspapers published in the State and to notify the clerk of each county of this State of the passage of this act, and the said clerks respectively shall cause to be printed on each of the said ballots, the following:
If you approve the act entitled below, make a cross $\times$, plus $+$, or check $\checkmark$ mark in the square opposite the word "Yes."

If you disapprove the act entitled below, make a cross $\times$, plus $+$, or $\checkmark$ mark in the square opposite the word "No."

If voting machines are used, a vote of "Yes" or "No" shall be equivalent to such markings respectively.

CHAPTER 47

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. The Legislature hereby finds and determines that:

a. The rapid urbanization and continuing growth and development of the State and its regions, technological advances and changing standards of
living have created, and are creating a need for continuing assembly and analysis of pertinent facts on a State-wide basis pertaining to existing development conditions and trends in economic growth, population change and distribution, land use, urban, suburban and rural development and redevelopment, resource utilization, transportation facilities, public facilities, housing and other factors, and has created and will continue to create a greater need for the preparation and maintenance of comprehensive State plans and long term development programs for the future improvement and development of the State.

b. The public services and facilities which the State Government provides, especially those of education, recreation, conservation of resources, water storage, highways, industrial development, agriculture, and many others have a definite impact both on each other and on the sound development and redevelopment of the State and its regions. Further, the planning and construction of such facilities and the provision of such services should be directly related to each other and to a comprehensive view of State development objectives. This impact has created and will continue to create a need to undertake the task of achieving fuller coordination of the activities of the several State departments including the preparation of long range capital improvement programs; and that

c. Local, county and regional planning assistance is a function of State Government and a vital aspect of State planning. Such assistance should be provided as part of an over-all continuing program of obtaining and considering information on local problems and trends in the growth and development of the State. There is also a vital need for stimulating, assisting and co-ordinating local, county and regional planning activities as an integral part of State development planning to insure a permanent and continuing interaction between and among various governmental activities.
2. Section 5 of the act of which this act is amendatory is amended to read as follows:

5. There is hereby established in the Department of Conservation and Economic Development, a Division of Resource Development, a Division of Veterans' Services, a Division of Fish and Game, a Division of Shell Fisheries, a Division of Water Policy and Supply and a Division of State and Regional Planning.

The commissioner shall have authority to organize and maintain in his offices an Administrative Division and to assign to employment therein such secretarial, clerical and other assistants in the department as his office and the internal operations of the department shall require.

CHAPTER 49

An Act concerning hospital, medical, surgical and major medical expense benefits for State employees and providing for the procuring of such benefits.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. This is the "State Employees Health Benefits Act."

2. As used in this act
   (a) The term "State" means the State of New Jersey.
   (b) The term "commission" means the State Employees Health Benefits Commission, created by section 3 of this act.
(c) The term "employee" means an appointive or elective officer or full-time employee of the State of New Jersey. For the purposes of this act an employee of Rutgers, the State University of New Jersey, shall be deemed to be an employee of the State. For the purposes of this act the term "employee" shall not include persons employed on a short-term, seasonal, intermittent or emergency basis, persons compensated on a fee basis, persons having less than 3 months of continuous service or persons whose compensation from the State is limited to reimbursement of necessary expenses actually incurred in the discharge of their official duties. A determination by the commission that a person is an eligible employee within the meaning of this act shall be final and shall be binding on all parties.

(d) The term "dependents" means an employee's spouse and the employee's unmarried children under the age of 19 years who live with the employee in a regular parent-child relationship. "Children" shall include stepchildren, legally adopted children and foster children provided they are reported for coverage and are wholly dependent upon the employee for support and maintenance. A spouse or child enlisting or inducted into military service shall not be considered a dependent during such military service.

(e) The term "carrier" means a voluntary association, corporation or other organization which is lawfully engaged in providing or paying for or reimbursing the cost of, personal health services, including hospitalization, medical and surgical services, under insurance policies or contracts, membership or subscription contracts, or the like, in consideration of premiums or other periodic charges payable to the carrier.

3. There is hereby created a State Employees Health Benefits Commission, consisting of the State Treasurer, the Commissioner of Banking and Insurance and the President of the Civil Service Commission. The treasurer shall be chairman of
the commission and the health benefits program authorized by this act shall be administered in the Treasury Department. The commission shall establish a health benefits program for the employees of the State, the cost of which shall be paid as specified in section 6 of this act. The program shall commence at the earliest date in the fiscal year ending June 30, 1962, consistent with available appropriations. The commission shall establish rules and regulations as may be deemed reasonable and necessary for the administration of this act.

4. The commission shall negotiate with and arrange for the purchase, on such terms as it deems to be in the best interests of the State and its employees, from carriers licensed to operate in the State, contracts providing hospital, surgical, obstetrical, medical and major medical expense benefits covering employees of the State and their dependents, and shall execute all documents pertaining thereto for and on behalf and in the name of the State. The contracts providing the basic benefits of hospital, surgical, obstetrical and medical expense benefits shall be purchased from carriers authorized by chapter 48 of Title 17 of the Revised Statutes of New Jersey as amended and by chapter 74 of the laws of 1940 as amended. The contract providing the major medical expense benefits shall be purchased from an insurance company licensed to operate in the State whose premium income, as last reported to the Department of Banking and Insurance, from accident and health, hospitalization, medical-surgical or major medical expense contracts in force in the State amounts to at least $5,000,000.00 annually. The commission shall not enter into a contract under this act unless the benefits provided thereunder equal or exceed the minimum standards specified in section 5 for the particular coverage which such contract provides; and unless coverage is available to all eligible employees and their dependents on the basis specified by section 7.
5. (A) The contract or contracts purchased by
the commission pursuant to section 4 shall as a
minimum provide 2 separate coverages or policies
as follows:

(1) Basic benefits which shall include
(a) Hospital benefits, including out-patient,
(b) Surgical benefits,
(c) In-patient medical benefits, and
(d) Obstetrical benefits, in the case of family
contracts.

Basic benefits shall be substantially equivalent to
those available on a group remittance basis to em­
ployees of the State and their dependents under the
subscription contracts of the New Jersey “Blue
Cross” and “Blue Shield” Plans in effect on the
effective date of this act; and

(2) Major medical expense benefits which shall
provide benefit payments for reasonable and neces­
sary eligible medical expenses for hospitalization,
surgery, medical treatment and other related
services and supplies to the extent they are not
covered by basic benefits. The commission may, by
regulation, determine what types of services and
supplies shall be included as “eligible medical
services” under the major medical expense benefits
coverage as well as those which shall be excluded
from or limited under such coverage. Benefit pay­
ments for major medical expense benefits shall be
equal to a percentage of the reasonable charges for
eligible medical services incurred by a covered em­
ployee or an employee’s covered dependent, during
a calendar year as exceed a deductible for such
calendar year of $100.00 subject to the maximums
hereinafter provided and to the other terms and
conditions authorized by this act. The percentage
shall be 80%, except that it shall be 50% in the case
of charges for eligible medical services for the
treatment of mental or nervous disorders in the
out-patient department of a hospital or on an out­
of-hospital basis. There shall be a separate de-
ductible for each covered person for each calendar year. Not more than $7,500.00 shall be paid for major medical expense benefits with respect to any 1 person for any 1 calendar year and not more than $15,000.00 shall be paid for such benefits with respect to any 1 person for the entire period of such person's coverage under the plan, whether continuous or interrupted, except that the maximums of $7,500.00 and $15,000.00 may be reapplied to a covered person. Under the conditions agreed upon by the commission and the carriers as set forth in the contract, the deductible for a calendar year may be satisfied in whole or in part by eligible charges incurred during the last 3 months of the prior calendar year.

(B) Benefits under the contract or contracts purchased as authorized by this act may be subject to such limitations, exclusions, or waiting periods as the commission finds to be necessary or desirable to avoid inequity, unnecessary utilization, duplication of services or benefits otherwise available, including coverage afforded under the laws of the United States, or for other reasons.

(C) The rates charged for any contract purchased under the authority of this act shall reasonably and equitably reflect the cost of the benefits provided based on principles which in the judgment of the commission are actuarially sound. The rates charged shall be determined by the carrier on accepted group rating principles with due regard to the experience, both past and contemplated, under the contract. No increase in rates shall be retroactive.

(D) The initial term of any contract purchased by the commission under the authority of this act shall be for such period, not extending beyond June 30, 1962 to which the commission and the carrier may agree, but permission may be made for automatic renewal in the absence of notice of termination by the State. Subsequent terms for which any contract may be renewed as herein provided shall each be limited to a period not to exceed 1 year.
(E) The contract shall contain a provision that if basic benefits of an employee or of an eligible dependent under the contract, after having been in effect for at least 1 month, is terminated, other than by voluntary cancellation of enrollment, there shall be a 31-day period following the effective date of termination during which such employee or dependent may exercise the option to convert, without evidence of good health, to left-group conversion coverage issued by the carrier on a direct payment basis. Such conversion coverage shall include benefits of the type classified as "basic benefits" in subsection A hereof. The provision shall further stipulate that the employee or dependent exercising the option to convert shall pay the full periodic charges for the left-group coverage which shall be subject to such terms and conditions as are normally prescribed by the carrier for this type of coverage.

6. (A) For each covered employee the State, from funds appropriated therefore, shall pay the premium or periodic charges for the benefits provided under the contract in amounts equal to the premium or periodic charges for the benefits provided under such a contract covering the employee alone.

(B) An employee may, on an optional basis, enroll his dependents for coverage under the contract subject to such regulations and conditions as the commission and the carrier may prescribe. The amount of the total premium or periodic charge for such contract in excess of the amount paid by the State under subsection (A) of this section shall be the sole responsibility of the employee who, at the time of such enrollment, shall authorize the State to withhold the amount of such excess, on an advance basis, from his wages or salary. There is hereby created a health benefits fund consisting of all such withholdings from wages or salaries of employees. All such withholdings shall be remitted to such fund. Said fund shall be used to pay the portions of the premiums or periodic charges for
which the employee is responsible under this act. Whenever any dividend or retrospective rate credit is declared or allowed by a carrier under a contract, the commission shall determine, in an equitable manner, the amount thereof attributable to the dependents coverage and shall credit said fund with such amount.

7. The coverage provided solely for employees shall, subject to the provisions below, automatically become effective for all eligible employees from the first day on or after the effective date of the program on which they satisfy the definition of "employee" contained in this act.

The commission shall establish such rules and regulations governing the enrollment and effective dates of coverage of dependents of employees as it deems are necessary or desirable. Under the rules and regulations established by the commission, each employee shall be given the opportunity to enroll for coverage for his dependents as of the earliest date he becomes eligible for such enrollment. An employee may elect to enroll his dependents for basic coverage, or basic coverage and major medical expense coverage, but may not enroll for major medical expense coverage alone.

If, on the date coverage for an employee would become effective, he is not actively at work on full time at his customary place of employment or other location to which his employment requires him to travel, he shall not be covered until he is so actively at work.

Each employee shall furnish the commission, in such form as is prescribed, such information as is necessary on account of his own coverage and as is necessary to enroll his dependents. Any employee not desiring coverage at the time he first becomes eligible, shall give the commission written notice of that fact in such form as the commission may prescribe. Such employee may not enroll thereafter except at such times and under such conditions as the commission may prescribe.
If an employee eligible for coverage has a spouse who is also an employee eligible for coverage, the spouse may elect to forego coverage as an employee and to enroll for both basic benefits and the major medical expense benefits as a dependent, in which event no coverage shall be provided for such spouse as an employee while covered as a dependent. When both husband and wife are covered as employees, only 1 may enroll for their children as dependents.

8. The basic coverage and the major medical coverage of any employee, and of his dependents, if any, shall cease upon the discontinuance of his term of office or employment or upon cessation of active full-time employment subject to such regulations as may be prescribed by the commission for limited continuance of basic coverage and major medical coverage during disability, part-time employment, leave of absence or lay off, and for continuance of basic coverage after retirement, any such continuance after retirement to be provided on the basis that the total premium or periodic charges therefor is the sole responsibility of the retired employee. The commission may also establish regulations prescribing an extension of coverage when an employee or dependent is totally disabled at termination of coverage.

9. The Legislature shall annually make appropriations to cover the expense of procuring the benefits contracts and for the other purposes of this act. No obligation of the State shall be incurred under this act except within the limits of available appropriations. Premiums or periodic charges for such contracts payable to carriers from appropriated funds and from the health benefits fund shall be remitted to said carriers at intervals not less frequent than monthly.

10. This act shall take effect immediately.

Approved June 3, 1961.

CHAPTER 54

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 4 of the act of which this act is amendatory is amended to read as follows:

4. (a) There is hereby created the New Jersey Public Market Commission, a public body corporate and politic. The commission is allocated to the Department of Agriculture. The commission shall consist of 5 members known as "commissioners." The Secretary of Agriculture and the Commissioner of Conservation and Economic Development shall be commissioners. The other 3 commissioners, hereinafter sometimes referred to as "term commissioners," shall be appointed by the Governor with the advice and consent of the Senate. The term commissioners first appointed shall be designated to serve for terms respectively expiring on April 30 of the second, fourth and sixth years next ensuing after the year in which this act takes effect. Subsequent appointments of term commissioners shall be made for terms of 6 years. Each term commissioner shall hold office for the term of his appointment and until his successor shall have been appointed and qualified. Vacancies among the term commissioners shall be filled only for the unexpired term. Each term commissioner shall be a resident of this State, and shall have been a qualified elector of this State for at least 1 year next preceding his appointment.

Term commissioners appointed by the Governor shall be selected from a list of nominees submitted by the board of chosen freeholders of the county in which the market facility is to be located. Any
such list submitted by said board shall nominate 2 persons for each appointment then to be made. If the Governor declines to appoint either of the persons nominated for an appointment in any list, said board shall submit a replacement list according to the same procedure. No person shall be nominated in a replacement list if he has been nominated in the original or any preceding replacement list for the same appointment.

(b) The commission, upon the first appointment of its members and thereafter on or after May 1 in each year, shall annually elect from among the commissioners a chairman and a vice-chairman who shall hold office until May 1 next ensuing and until their respective successors shall have been elected and taken office. The commission may appoint and employ an executive director, a secretary, a treasurer and a general counsel and determine their qualifications, terms of office, duties and compensation. The commission may appoint and employ such other agents and employees as it may require and determine their qualifications, terms of office, duties and compensation, subject to the provisions of Title 11 of the Revised Statutes.

(c) The powers of the commission shall be vested in the commissioners in office from time to time and 4 commissioners shall constitute a quorum at any meeting thereof. Action may be taken and motions and resolutions adopted at any meeting of the commission by a vote of 3 of the commissioners unless in any case the by-laws of the commission shall require a larger number. Each commissioner shall be given reasonable notice in advance of any such meeting. The Secretary of Agriculture and the Commissioner of Conservation and Economic Development each may designate an officer or employee of his department to represent him at meetings of the commission, and each such designee may lawfully vote and otherwise act in behalf of the commissioner he represents. Such designation shall be in writing delivered to the commission and
shall continue in effect until revoked or amended by writing delivered to the commission.

In the event that "special commissioners" are appointed pursuant to the provisions of section 25 of this act, 70% of the number of commissioners authorized by this act shall constitute a quorum at any meeting of the commission, and action may be taken and motions and resolutions adopted at any such meeting by vote of a majority of the number of commissioners authorized by this act.

(d) The market facility shall be located at a site selected by the Governor upon recommendation of the Secretary of Agriculture and the Commissioner of Conservation and Economic Development. After receipt of the recommendation aforesaid the Governor shall file a declaration of his selection with the Secretary of State. The selection shall be effective upon the filing of the declaration.

The recommendation and selection shall be made upon the basis of the purposes and policy expressed in this act, and to the particular end that the site selected shall provide a location for the market facility to be established by the commission such that that facility, in the judgment of the Governor, will effectively advance the public interest and policy declared in section 2 hereof.

(e) A commissioner shall not receive compensation for his services, but, upon request, he shall be reimbursed by the commission for his necessary expenses incurred in the discharge of his duties.

(f) No commissioner, officer, agent or employee of the commission shall have or acquire any interest, direct or indirect, in the market facility, or in any property included or planned to be included in the market facility or in any contract or proposed contract for materials or services to be furnished to, or used by the commission. Neither the holding of any office of employment in the government of any county or municipality, or of the State, nor being engaged in any food business or enterprise shall be deemed a disqualifying interest.
(g) Each commissioner may be removed by the Governor for incapacity, inefficiency, neglect of duty, misconduct in office or other disqualifying cause, but only after he shall have been given a copy of the charges against him and afforded a hearing, in person or by counsel, but no sooner than 10 days after receiving a copy of such charges.

(h) The commission may be dissolved by act of the Legislature on condition that (1) either no commissioners of such commission have been appointed or the commission, by resolution, consents to such dissolution, and (2) the commission has no debts or obligations outstanding. Upon the dissolution of the commission the property of the commission shall be vested in the State.

2. Section 25 of the act of which this act is amendatory is amended to read as follows:

25. For the purpose of aiding the commission in the planning, undertaking, acquisition, construction or operation of all or any part of the market facility the county in which the site of the market facility is located, and any municipality may, pursuant to resolution or ordinance duly adopted by its governing body after notice published in the manner provided for a resolution or ordinance authorizing bonds of such county or municipality pursuant to the aforesaid local bond law and with or without consideration and upon such terms and conditions as may be agreed to by and between any such county or municipality and the commission, unconditionally guaranty to the punctual payment of the principal of and interest on any bonds of the commission. Any guaranty of bonds of the commission made pursuant to this section shall be evidenced by endorsement thereof on such bonds, executed in the name of the county or municipality and on its behalf by such officer thereof as may be designated in the resolution or ordinance authorizing such guaranty, and such county or municipality shall thereupon and thereafter be obligated to pay the principal of and interest on said bonds in the same manner and to the same extent as in the case of
bonds issued by it. Any such guaranty of bonds of the commission may be made, and any resolution or ordinance authorizing such guaranty may be adopted, notwithstanding any statutory or other debt limitations, including particularly any limitation or requirement under or pursuant to the said local bond law but the principal amount of bonds so guaranteed, shall, after their issuance, be included in the gross debt of such county or municipality for the purpose of determining the indebtedness of such county or municipality under or pursuant to said local bond law. The principal amount of said bonds so guaranteed and included in gross debt shall be deducted and is hereby declared to be and to constitute a deduction from such gross debt under and for all the purposes of said local bond law (a) from and after the time of issuance of said bonds and until the end of the fifth fiscal year beginning next after the completion of acquisition or construction of the project to be financed from the proceeds of such bonds, and (b) in any annual debt statement filed pursuant to said local bond law as of the end of any fiscal year succeeding said fifth fiscal year unless the county or municipality in such succeeding fiscal year shall have been required to make any payment on account of the principal and interest on said guaranteed bonds. The agreement between the commission and a county providing for the guaranty of payment of the principal and interest due on any bonds of the commission (a) may provide for the guaranty by the county of the principal of and interest on bonds issued by the commission at one time or issued in series from time to time during the year in which the agreement is executed or in any subsequent year or years, and (b) may secure the potential indebtedness of the county by providing that in the event that the county by virtue of such guaranty has been required and has paid, on behalf of the commission, the principal of or interest on any such guaranteed bonds, and such amount or amounts shall not be repaid to the county
from funds of the commission or from any appro-
priation made by the Legislature, or from any other
source, the county, by resolution of its governing
body, may appoint members of the commission who
shall be known as “special commissioners” with
the same powers and duties as the commissioners
provided for in section 4 of this act, subject to the
following conditions: (i) in the event that the
county has paid the principal of or the interest on
any such bonds and has not been repaid for a period
of 2 years following the payment by the county
of such principal or interest, the governing body
of the county may by resolution appoint 2 such
special commissioners; (ii) in the event that the
county has paid the principal of or the interest on
any such bonds and has not been repaid for a period
of 4 years following the payment by the county of
such principal or interest, the governing body
of the county may by resolution appoint a number of
special commissioners such that the total number
of special commissioners is 1 greater than the num-
ber of commissioners provided for under section 4
of this act; (iii) each special commissioner shall
serve until the second anniversary of his appoint-
ment or until the amount paid by the county under
its guaranty shall be repaid in full, whichever is
earlier; (iv) each special commissioner shall be,
for at least 1 year preceding his appointment, and
during his term shall continue to be, a resident and
qualified elector of the county in which the site of
the market facility is located and may be an officer
or employee of such county; and (v) vacancies
among said special commissioners shall be filled
only for the unexpired term.

In order to meet the obligation for payment of
principal of or interest on any such bonds by virtue
of such guaranty, the county is hereby authorized
to borrow the funds necessary to meet such obliga-
tion and to issue its promissory note or notes there-
for, payable within 2 years from the date of such
borrowing, to the extent that funds of the county
are not otherwise available for such purpose.
The commission shall repay to the county, as soon as practicable, all sums paid by the county by virtue of the aforesaid bond guaranty.

Promptly after each occurrence, the commission shall give written notice to the State Auditor of any default in payment of principal or interest on bonds of the commission and of the payment by the county of any sums by virtue of the county's guaranty. The State Auditor shall thereafter have the right to examine any and all records of the commission, and, within 6 months after any default and at the end of each 6-month period thereafter, the State Auditor shall certify by writing delivered to the Governor and to the commission that there are no funds of the commission available for payment to the county of the commission's obligation to the county.

No special commissioner shall be appointed unless the State Auditor shall have certified that there are no funds of the commission available for such purpose.

3. Section 27 of the act of which this act is amendatory is amended to read as follows:

27. The commission may dispose of such part or parts of the market facility as may be no longer necessary for the purposes of the commission subject to its contract with the holder of any bonds or with the county or municipality which shall have guaranteed outstanding bonds.

31. The market facility of the commission and all other properties of the commission are hereby declared to be public property of a political subdivision of the State and devoted to an essential public and governmental function and purpose and shall be exempt from all taxes and special assessments of the State or any subdivision thereof. All bonds issued pursuant to this act are hereby declared to be issued by a political subdivision of this State and for an essential public and governmental purpose and to be a public instrumentality and such

Any county having a population less than 800,000 may make annual appropriations not exceeding in the aggregate 1/12 of 1% of the total assessed valuations of real and personal property of the county, or a sum of money not in excess of the amount which might be raised at that rate, in the manner in which other appropriations for county purposes are made, for the maintenance of a charitable hospital or hospitals located in the county, the facilities of which are used by the poor or indigent residents of the county, to an amount
not exceeding the estimated annual deficit in operating expenses of the hospital, which sum, so appropriated, shall be included in the annual tax levy of the county and collected in the same manner and at the same time as other county taxes.

The amount so appropriated when paid over to a charitable hospital shall be used towards the current maintenance and expense of operation thereof. The appropriation may be made for a specifically named hospital or it may be made generally and in such case, the board of freeholders may, by resolution, apportion the amount so appropriated to any such hospital in the manner which in their judgment may be deemed for the best interest of the county, but in no case shall a hospital receive more than the amount of its actual deficit in operating expenses.

The officials and auditors of the county shall have access at all reasonable times to the books and records of a hospital which shall receive the appropriation or part thereof, for the purpose of ascertaining the deficit in operating expenses and the application of the moneys so appropriated or apportioned and the financial needs or requirements of the hospital.

B. Any county having a population less than 800,000 may make annual appropriations, for the medical care, treatment and maintenance of the poor and indigent residents of the county in any charitable hospital or hospitals in a sum not exceeding in the aggregate for all such hospitals, 1/12 of 1% of the total assessed valuations of real and personal property of the county, or a sum of money not in excess of the amount which might be raised at that rate in the manner in which other appropriations for the county are made, regardless of whether the hospital or hospitals to which such moneys are paid, shall have an annual deficit in operating expenses of such hospital, which appropriation shall be included in the annual tax levy of the county and collected in the same manner and at the same time as other county taxes.
No such hospital shall receive any payment pursuant to this subsection at a rate in excess of the average cost per patient in any county hospital operated by the county making the payment and provided further that no person shall be considered poor and indigent for the purpose of this subsection unless such status is established to the satisfaction of the board of chosen freeholders of such county.

C. Subsections A and B of this act are mutually exclusive and no hospital shall receive payment under both subsections.

2. Section 44:5–17 of the Revised Statutes is amended to read as follows:

44:5–17. The board of chosen freeholders of a county having a population of 800,000 or more may make provision for the support of resident indigent patients, who cannot be maintained by private means, in a hospital or hospitals located in the county and having 50 or more beds of which 20 or more are open to the public at all times.

Provision for the maintenance and treatment of an individual patient in the hospital shall be made by the county upon the certification by the county physician of the name of the person and upon the approval of the board of chosen freeholders; but the certification shall not be approved unless there is attached thereto a verified bill to the board for that maintenance and treatment, signed by the head officer and chief physician of the hospital and stating that the patient was in need of such maintenance and medical treatment for the time charged for and no longer. The amount to be paid shall not exceed the sum charged in the hospital in which the resident indigent is placed for patients occupying beds in wards open to the public.

3. Section 44:5–18 of the Revised Statutes is amended to read as follows:

44:5–18. The board of chosen freeholders of a county having a population of 800,000 or more may make for the purposes of section 44:5–17 of this Title an annual appropriation of not more than
$5,000.00 for each hospital, to pay for the support and maintenance of such persons therein, which sum shall be included in the annual tax levy and collected in the same manner and at the same time as the other county taxes; but that sum or so much thereof as may be unexpended at the end of the fiscal year in the county shall become a part of the sum authorized to be appropriated for the next fiscal year and be deducted from the amount authorized by said section 44:5-17 to be appropriated and collected for the succeeding year.

4. This act shall take effect immediately.
Approved June 3, 1961.

In the establishment of rules, regulations and orders respecting the use of any crossing, transportation or terminal facility owned or operated by the authority, including approach roads, it shall consult with appropriate officials of both States in order to insure, as far as possible, uniformity of such rules, regulations and orders with the law of both States.

If the authority shall find and determine that any property or interest therein is required for a public use because in furtherance of the purposes of the authority, said determination shall not be affected by the fact that such property has theretofore been taken over or is then devoted to a public use, but the public use in the hands or under the control of the authority, shall be deemed superior to the public use for which it has theretofore been taken or to which it is then devoted.

In any condemnation proceeding in connection with the acquisition by the authority of property or
property rights of any character in either State and
the right of inspection and immediate entry
thereon, through the exercise by it of its power of
eminent domain, any existing or future law or rule
of court of the State in which such property is
located with respect to the condemnation of prop-

which the authority may proceed by virtue of this
article.

If the established grade of any street, avenue,
highway or other route shall be changed by reason
of the construction by the authority of any work
so as to cause loss or injury to any property
abutting on such street, avenue, highway or other
route, the authority may enter into voluntary
agreements with such abutting property owners and
pay reasonable compensation for any loss or injury
so sustained, whether or not it be compensable as
damages under the condemnation law of the State.
The power of the authority to acquire property
by condemnation shall be a continuing power, and
no exercise thereof shall be deemed to exhaust it.

be authorized at any time to construct, own, oper-

There shall be allocated to the cost of the acquisition, construction, operation, maintenance and improvement of such facilities and projects, such proportion of the general expenses of the authority as it shall deem properly chargeable thereto.

ARTICLE XI

The 2 said States covenant and agree with each other and with the holders of any bonds or other securities or obligations of the authority, assumed, issued or incurred by it and as security for which there may be pledged the tolls and revenues or any part thereof of any crossing, transportation or terminal facility or other project, that the 2 said States will not, so long as any of such bonds or other obligations remain outstanding and unpaid, diminish or impair the power of the authority to establish, levy and collect tolls and other charges in connection therewith, and that neither of the 2 said States will, so long as any of such bonds or other obligations remain outstanding and unpaid,
authorize any crossing of the Delaware river or Delaware bay south of the line mentioned in Article IV (a) of this compact, by any person or body other than the authority; unless, in either case, adequate provisions shall be made by law for the protection of those advancing money upon such obligations.

hereof or supplements hereto are and will be in all respects for the benefit of the people of the States of Delaware and New Jersey, the region and nation, for the increase of their commerce and prosperity and for the enhancement of their general welfare. To this end, the authority shall be regarded as performing essential governmental functions in exercising such powers and functions and in carrying out the provisions of this compact and of any law relating thereto, and shall not be required to pay any taxes or assessments of any character, levied by either State or political subdivision thereof, upon any of the property used by it for such purposes, or any income or revenue therefrom, including any profit from a sale or exchange. proceeding with respect to any agency of such State
might be brought.
Each State may provide by law what penalty or
penalties shall be imposed for violation of any
lawful rule, regulation or order of the authority,
and, by law or rule of court, for the manner of en-

**ARTICLE XVI**

6. As soon as possible after the taking of any action by the commissioners of the authority, they shall cause the minutes thereof to be prepared in writing and shall cause 3 copies thereof, duly certified as true copies by the secretary, to be delivered to the Governor, either by handling the same personally to him or to some person in charge of his offices, or by mailing the same to him at his offices by certified mail, return receipt requested. They shall also cause 1 copy thereof to be similarly delivered to the Secretary of State. In the event that the Governor shall act to cancel the vote of any 1 or more of the commissioners for the State of New Jersey, he shall sign a statement of cancellation, identifying the vote so canceled by reference to the minutes where said vote appears, on or before the termination of the time provided for such action by Article VI of said compact, and the said vote shall thereupon be deemed to be canceled. At any time prior to the expiration of the time provided by said compact for such cancellation, the Governor may sign a statement of approval of any such vote, in which case the vote so approved shall not thereafter be canceled. Upon the signing of a statement of cancellation or approval, the Governor
shall cause a true copy thereof to be delivered to the secretary of the authority by having the same handed to him personally or by mailing the same to him by certified mail, return receipt requested, and shall also cause a true copy thereof to be affixed to the copies of said minutes in his possession and to the copy in the possession of the Secretary of State.

Except as provided in the act, no action taken at any meeting of The Delaware River and Bay Authority by any commissioner appointed from the State of New Jersey shall have any force or effect until the expiration of the period herein provided without cancellation by the Governor, or until his approval, whichever first occurs.

7. The authority shall furnish for each year an independent audit of its fiscal affairs, in which items of current and capital nature shall be separately set forth, and shall cause 1 copy of the report on such audit to be delivered to the State Auditor and 3 copies to be delivered to the Governor.

8. The authority shall, from and after the effective date of this act be the agent of the States of Delaware and New Jersey in connection with the construction, operation, maintenance, improvement and control of the said bridge which was constructed pursuant to legislation enacted in said States, being 45 laws of Delaware, chapters 274, 275 and 334, and P. L. 1946, chapter 18 of the laws of New Jersey, and commonly known as "The Delaware Memorial Bridge."

9. Subject to the rights of the holders of bonds heretofore or hereafter issued, as set forth in any applicable statute, resolution, indenture or other instrument, said authority, as agent for said bridge, shall be deemed the successor, for all purposes touching the said bridge, of the Delaware Interstate Highway Division (successor to the Delaware State Highway Department), and shall thereafter deal with said bridge as a crossing as the same is defined in said compact.
10. Upon first organizing, and to provide for an orderly transition, the authority shall promptly arrange with the Delaware Interstate Highway Division for the preparation of an independent audit and accounting of its assets, liabilities and operations, and for the fixing of a date upon which the books and records of said division shall be closed and from and after which the authority shall undertake operation and control of the said bridge; and it shall at the same time provide for the assumption by it of all outstanding obligations of the said Delaware Interstate Highway Division for the construction, maintenance, improvement and operation of the said bridge and for the acceptance by it of all personnel, maps, books, records, revenues, funds and other assets relating thereto.

11. If any term or provision of this act shall be determined to be in conflict with paramount law, such term or provision shall be enforced and effectuated to the extent that it is not so determined, and shall, in any event, be deemed severable from the remaining terms or provisions hereof.

12. Sections 2 and 11 of this act shall take effect immediately; and the remaining sections shall take effect upon the enactment by the State of Delaware of legislation for the entering into of the said compact, for the transfer of the operation of the said bridge to the authority, and upon the granting of the consent of Congress thereto and the enactment by the Congress of an amendment of 60 Stat. 533 to eliminate the present requirement for the cessation of tolls for the use of the said bridge upon the payment of bonds presently outstanding; and if such legislation has already been enacted and such consent already given, then this act shall take effect immediately.

Approved June 3, 1961.

An Act concerning the establishment of branch offices of banks and savings banks and supplementing "An act concerning banking and banking institutions (Revision of 1948)," approved April 29, 1948 (P. L. 1948, c. 67).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. A bank may, with the approval of the Commissioner of Banking and Insurance, establish and maintain a branch office on any United States Army, Navy, or Air Force installation in this State.

2. Before approving an application to establish a branch office at any Army, Navy, or Air Force installation in this State, the commissioner, after such investigation or hearing, or both, as he shall determine to be advisable, shall be satisfied (1) that the applying bank has complied with all requirements and conditions imposed by the Federal department, agency, or officer having power to authorize or to approve the establishment and maintenance of a branch office of a bank on such installation; and (2) that the conditions under which the bank will operate the branch office will not be inconsistent with the best interest of its depositors and stockholders.

3. a. A branch office established pursuant to this act may be located in a municipality other than the municipality in which the applying bank maintains its principal office, but no bank shall establish any such branch office outside the county in which it maintains its principal office.

b. No branch office established pursuant to this act shall be removed to a location outside the installation on which it has been established.

c. The principal office of the bank may not be interchanged with any branch office established pursuant to this act.

4. Except as herein otherwise expressly provided, the establishment and maintenance of branch offices on Army, Navy, or Air Force installations shall be subject to all provisions of law otherwise applicable to the establishment and maintenance of branch offices by banks.

CHAPTER 68

An Act to amend "An act concerning banking and banking institutions (Revision of 1948)" approved April 29, 1948 (P. L. 1948, c. 67).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 69 of the act of which this act is amendatory is amended to read as follows:

69. Limitations on mortgage loans.

A. No bank shall make a mortgage loan when the total cost of acquisition by the bank of all real
property owned by it, other than real property held for the purposes specified in subparagraph (a) of paragraph (5) of section 24, and the total of all principal balances owing to the bank on mortgage loans, less all write-offs and reserves with respect to such real property and mortgage loans, together exceed, or by the making of such loan will exceed, 60% of the time deposits of the bank or 100% of the aggregate of its unimpaired capital stock and its surplus, whichever is the greater. For the purposes of this subsection, principal balances owing to the bank on mortgage loans which are subject to the provisions of subsection A of section 68, other than mortgage loans upon 1-family, 2-family, 3-family and 4-family dwellings, the payment of which is fully insured by the Federal Housing Commissioner, shall only to the extent of 66 2/3% of such balances owing to the bank, be included in the total of all principal balances owing to the bank on mortgage loans, and principal balances owing to the bank on mortgage loans upon 1-family, 2-family, 3-family and 4-family dwellings the payment of which is fully insured by the Federal Housing Commissioner shall, only to the extent of 50% of such balances owing to the bank, be included in the total of all principal balances owing to the bank on mortgage loans. This subsection shall not, however, prevent the renewal or extension of the time for payment of a mortgage loan for the amount due thereon at the time of such renewal or extension.

B. Except as in this article otherwise provided, no bank shall, as sole lender or as a co-lender, make a loan secured by mortgage on real property or by mortgage on a lease of the fee of real property, nor shall any bank purchase the entire interest or a part interest in any such mortgage, if the making of such loan or the purchase of such interest would cause the total of all unpaid balances secured by a mortgage or mortgages held by the bank as sole owner or as co-owner upon such real property or such leasehold, to exceed the limitations imposed
by this article upon the amount of a mortgage loan
which may be made upon the security of such real
property or such leasehold.
C. The granting of mortgage loans to any person
shall be without regard to race, creed, color,
national origin or ancestry. The granting of such
loans shall be without discrimination of any nature
including, but not limited to, interest rates, terms
and duration, because of race, creed, color, national
origin or ancestry.
D. When a bank makes a mortgage loan the
proceeds of which are to be used to pay, in whole
or in part, the cost of constructing a farm or
residential building on the mortgaged property,
and such loan has a maturity of not more than 9
months, the bank may, at its option to be exercised
from time to time, treat such loan either as a
mortgage loan for all purposes of this article, or as
an unsecured commercial loan. If the bank elects to
treat such loan as an unsecured commercial loan,
the loan shall be subject to all limitations and re-
quirements applicable to unsecured commercial
loans otherwise made, and shall also be subject to
all the provisions of this article, except that the
principal balance owing to the bank on any such
loan shall not be included in the total of all principal
balances owing to the bank on mortgage loans for
the purpose of determining the limitations imposed
by subsection A of this section. No bank shall treat
any such loan as a commercial loan as in this sub-
section provided at any time when the principal
balances owing to the bank on all such loans so
treated exceed 50% of the aggregate of bank’s
unimpaired capital stock and its surplus, or if the
making of any such loan so treated would cause
the principal balances owing to the bank on all
such loans so treated to exceed 50% of the aggre-
gate of its unimpaired capital stock and its surplus.
2. This act shall take effect immediately.
Approved June 3, 1961.
CHAPTER 69

1. Section 18 of the act of which this act is amendatory is amended to read as follows:

   18. The board may, from time to time, adopt, amend and enforce all reasonable rules and regulations necessary or desirable in its opinion in connection with its functions, duties and responsibilities in administering this act.

   Notwithstanding the provisions of sections 4, 11 and 13 of chapter 20 of the laws of 1944, the board, with the approval of the Attorney General, shall have the power to engage the services of such attorneys and other persons as may be deemed necessary or desirable for the purpose of suing for, enforcing, collecting and taking any other action for the collection of moneys due to the director or treasurer on any right, claim, agreement, judgment, assignment and other obligation arising out of the application of this act. After repayment to the director or treasurer of all sums paid from the fund and all moneys due to the director and treasurer on any claim, agreement, judgment, assignment or other obligation, the director or treasurer may assign to the original claimant, judgment creditor or other person entitled thereto all of the right, title and interest that the director or treasurer has in and to the balance due upon such obligation. The compensation of an attorney so engaged for services so rendered shall be deemed an expense of the board under section 4 of the act and shall be paid out of the moneys recovered on the obligation in connection with which the services were rendered, upon such terms as may be authorized by the board with the approval of the Attorney General.

2. This act shall take effect immediately.

Approved June 3, 1961.

CHAPTER 70

AN ACT to amend the "Teachers' Pension and Annuity Fund-Social Security Integration Act," approved June 1, 1955 (P. L. 1955, c. 37).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 36 of the act of which this act is amendatory is amended to read as follows:

36. Should a member, after having completed 20 years of service, be separated voluntarily or involuntarily from the service, before reaching service retirement age, and not by removal for inefficiency, incapacity, conduct unbecoming a teacher or other just cause under the provisions of sections 18:13-16 to 18:13-19 of the Revised Statutes, inclusive, such person may elect to receive, in lieu of the payment provided in section 34:

a. the payments provided for in section 37 of this act, if he so qualified under said section; or

b. a deferred retirement allowance, beginning at age 60, which shall be $50 of his final compensation for each year of service credited as Class A service
and 3/4 of his final compensation for each year of service credited as Class B service, calculated in accordance with section 44 of this act, with optional privileges provided for in section 47 of this act; provided, that such election is communicated by such member to the board of trustees in writing stating at what time subsequent to the execution and filing thereof he desires to be retired; and provided, further, that such member may later elect: (a) to receive the payments provided for in section 37 of this act, if he had qualified under that section at the time of leaving service; or (b) to withdraw his accumulated deductions with interest as provided in section 34. If such member shall die before attaining service retirement age, then his accumulated deductions, plus regular interest after January 1, 1956, shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member’s estate, or if such member shall die after attaining service retirement age and has not withdrawn his accumulated deductions, there shall be paid an amount equal to 3/4 of the compensation received by the member in the last year of creditable service to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member’s estate.

2. Section 53 of the act of which this act is amendatory is amended to read as follows:

53. a. Each member who is a member on January 1, 1958 and each person who thereafter becomes a member will be eligible to purchase the additional death benefit coverage hereinafter described, provided that he selects such coverage within 1 year after January 1, 1958 or after the effective date of membership, whichever date is later.

b. The board of trustees shall establish schedules of contributions to be made by the members who elect to purchase the additional death benefit cover-
Such contributions shall be so computed that the contributions made by or on behalf of all covered members in the aggregate shall be sufficient to provide for the cost of the benefits established by subsections c and e of this section. Such schedules of contribution shall be subject to adjustment from time to time, by the board of trustees, as the need may appear.

c. Upon the receipt of proper proofs of the death in service of any such member while covered for the additional death benefit coverage there shall be paid to such person, if living, as the member shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to \(1\frac{1}{2}\) times the compensation received by the member in the last year of creditable service or some lesser amount as may be provided by the board of trustees and elected to purchase by the member; provided, that if such death in service shall occur on or after July 1, 1956, and after the member has attained age 70, the amount payable shall equal \(\frac{3}{4}\) of the compensation received by the member in the last year of creditable service instead of \(1\frac{1}{2}\) times such compensation.

d. The board of trustees may also provide, effective as of January 1, 1961, for additional death benefit coverage, as described in subsection e of this section, for former members who are receiving retirement allowances pursuant to the provisions of this act, subject to the provisions hereinafter stated, and the board may terminate such coverage at any time. The additional death benefit coverage to be so provided shall be in accordance with rules as determined by the board from time to time on the basis of dates of retirement or other factors deemed appropriate by it. In no event shall the additional death benefit coverage described in subsection e of this section apply to any former member receiving a retirement allowance unless such member was covered by the additional death
benefits described in subsection c of this section during the member's last month of creditable service, nor shall such coverage apply prior to a member's attainment of age 60. No contributions toward the cost of additional death benefit coverage described in subsection e of this section shall be required of a former member while he is receiving a retirement allowance pursuant to the provisions of this act.

   e. Upon receipt of proper proofs of the death of a former member who was covered for the additional death benefit coverage pursuant to subsection d of this section, there shall be paid to such person, if living, as the member shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to \( \frac{2}{3} \) of the compensation received by the member in the last year of creditable service.

   f. The contributions of a member for the additional death benefit coverage shall be deducted from his compensation, but if there is no compensation from which such contributions may be deducted it shall be the obligation of the member to make such contributions directly to the board of trustees or as directed by the board; provided, however, that no contributions shall be required while a member remains in service after attaining age 70 but that his employer shall be required to pay into the fund on his behalf in such case an amount equal to the contributions otherwise required by the board of trustees in accordance with this section.

   g. Any other provisions of this act notwithstanding, the contributions of a member for the additional death benefit coverage under this section shall not be returnable to the member or his beneficiary in any manner, or for any reason whatsoever, nor shall any contributions made for the additional death benefit coverage be included in any annuity payable to any such member or to his beneficiary.
h. A member who has elected to purchase the additional death benefit coverage provided by this section may file with the board of trustees, and alter from time to time during his lifetime, as desired, a duly attested, written, new nomination of the payee of the death benefit provided under this section. Such member may also file and alter from time to time during his lifetime, as desired, a request with the board of trustees directing payment of said benefit in 1 sum or in equal annual installments over a period of years or as a life annuity. Upon the death of such a member, a beneficiary to whom a benefit is payable in 1 sum may elect to receive the amount payable in equal installments over a period of years or as a life annuity.

i. All other provisions of this section notwithstanding, this section and the benefits provided under this section shall not come into effect until a required percentage of the members shall have applied for the additional death benefit coverage under this section. This required percentage shall be fixed by the board of trustees. Any such percentage may be made applicable to male or female members only or to other groupings as determined by the board of trustees. Applications for such additional death benefit coverage shall be submitted to the secretary of the board of trustees in such manner and upon such forms as the board of trustees shall provide.

j. Any person becoming a member of the retirement system after benefits provided under this section shall have come into effect, who is, by sex or other characteristic, within the grouping to which the additional death benefit coverage under this section is applicable, for the first year of his membership in the retirement system shall be covered by the additional death benefit coverage provisions of this section with the benefit in the event of death, in the first year of membership only, being based upon contractual salary instead of compensation actually received and shall make
contribution contributions as fixed by the board of trustees during such period. Such member shall have the right to continue to be covered by the benefits of this section and to contribute therefor after his first year of membership has been completed. This subsection shall not apply in the case of such a member who has already attained his sixtieth birthday prior to becoming a member of the retirement system unless he shall furnish satisfactory evidence of insurability at the time of becoming a member.

3. This act shall take effect immediately.

Approved June 3, 1961.

CHAPTER 71

AN ACT concerning motor vehicles, and amending sections 39:3-24 and 39:3-84 of the Revised Statutes and repealing section 1 of P. L. 1941, c. 31.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 39:3-84 of the Revised Statutes is amended to read as follows:

   39:3-84. No commercial motor vehicle, tractor, trailer or semitrailer shall be operated on any highway in this State the outside width of which is more than 96 inches or the height of which exceeds 13\(\frac{1}{2}\) feet, and no commercial motor vehicle, tractor or trailer shall be operated on any highway in this State the extreme over-all length of which exceeds 35 feet either for a 2-axle 4-wheeled vehicle or 35 feet for a 3-axle 6-wheeled vehicle, except that a vehicle exceeding the above limitations may be operated when a special permit so to operate is secured in advance from the director.

   In the case of an omnibus the maximum width and length dimensions shall be such as the Board
of Public Utility Commissioners prescribe, but no outside width in excess of 96 inches shall be prescribed with respect to 1 or more highways specified or otherwise described except upon certifications, (1) of the Division of Motor Vehicles in the Department of Law and Public Safety that the proposed width is not unsafe for use on the highways in this State and (2) of the State Highway Department that the proposed width, if in excess of 96 inches, is not in conflict with the requirements of any agency of the United States having jurisdiction over the National System of Interstate and Defense Highways authorized by law. No outside width so prescribed shall be valid if the allowance or use of the same would disqualify the State of New Jersey or any department, agency or governmental subdivision thereof for the purpose of receiving Federal highway funds.

In the case of farm tractors and traction equipment and farm machinery and implements, the maximum width and length shall be such as the Director of the Division of Motor Vehicles shall prescribe by uniform rules and regulations but the operation of such vehicles shall be subject to the provisions of section 39:3-24 of this Title and any such vehicle shall not be operated on any highway which is part of the National System of Interstate and Defense Highways or on any highway which has been designated a freeway or parkway as provided by law.

No commercial motor vehicle drawing or having attached thereto any other such vehicle, nor any combination of vehicles, shall be operated on any highway in this State, except a tractor and semi-trailer combination not in excess of a total over-all length, inclusive of load, of 50 feet and a truck and trailer combination not in excess of a total over-all length, inclusive of load, of 50 feet, and also except a vehicle or a combination of vehicles transporting poles, pilings, structural units or other articles incapable of dismemberment the total over-all length of which, inclusive of load, shall not exceed
70 feet, but the provisions of this paragraph shall not apply to a vehicle nor to any combination of vehicles, operated by a public utility as defined in R. S. 48:2-13 which vehicle or combination of vehicles is used by such public utility in the construction, reconstruction, repair or maintenance of its property or facilities.

Subject to the provisions of section 39:3-82 and the axle weight limitations of this section, no commercial motor vehicle, tractor, trailer or semitrailer shall be operated on any highway in this State having a combined weight of vehicle and load of more than (a) 30,000 pounds in the case of a 2-axle 4-wheeled vehicle, (b) 40,000 pounds in the case of a 3-axle 6-wheeled vehicle, (c) 60,000 pounds in the case of a tractor and semitrailer combination, and (d) 60,000 pounds in the case of a truck and trailer combination.

The gross weight imposed on the highway by the wheels of any 1 axle of a vehicle shall not exceed 22,400 pounds.

For the purpose of this Title the gross weight imposed on the highway by the wheels of any 1 axle of a vehicle shall be deemed to mean the total load transmitted to the road by all wheels whose centers are included between 2 parallel transverse vertical planes less than 40 inches apart, extending across the full width of the vehicle.

The combined gross weight imposed on the highway by all wheels of all axles whose centers are on or between 2 parallel transverse vertical planes spaced 40 inches, but less than 96 inches apart, extending across the full width of the vehicle, shall not exceed 32,000 pounds.

Every commercial motor vehicle or motor-drawn vehicle used on the public highways carrying loads extending beyond the outside dimensions of the vehicle shall have displayed at the outside extremity of the load a red flag by day, which shall not be less than 18 inches square, and a red light by night, and they shall be so hung as to present a full view to the drivers of approaching vehicles. This red
light shall be in addition to the red light provided for in section 39:3-61 of this Title.

2. Section 39:3-24 of the Revised Statutes is amended to read as follows:

39:3-24. (a) The director shall register farm tractors and traction equipment used for farm operation to travel upon the public highways. The fee for such registration shall be $3.00 per annum, whether the registration is issued for the yearly period or only a portion thereof. Such traction equipment or farm tractors may draw farm machinery and implements while in transit from 1 farm to another without additional registration therefor.

(b) The director may register motor vehicles, not for hire, used exclusively as farm machinery or farm implements, to travel upon the public highways, from 1 farm, or portion thereof, to another farm, or portion thereof, both owned or managed by the registered owner of the vehicle or vehicles. The fee for such registration shall be $1.00 per annum, whether the registration is issued for a yearly period or only a portion thereof. Any vehicle so registered and any truck registered pursuant to the provisions of 39:3-25 of this Title may draw not more than 1 vehicle used exclusively on the farm and a vehicle so drawn need not be registered.

(c) Any vehicle registered pursuant to this section shall not be operated on a public highway at any time from sunset to sunrise and shall be operated in accordance with uniform rules and regulations prescribed by the Director of the Division of Motor Vehicles. Such rules and regulations shall specify the coverings that may be used on the wheels of such vehicles, the days, hours and conditions under which such vehicles can be operated, the circumstance under which escort vehicles shall be required, the distance that may be traveled upon the public highways and such other requirements or restrictions as may be necessary to protect the safety of the users of the public highways.
3. Section 1 of P. L. 1941, c. 31, is hereby repealed.
4. This act shall take effect immediately.
Approved June 3, 1961.

CHAPTER 72

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 13 of the act of which this act is amendatory is amended to read as follows:

13. (a) Tangible household personal property and personal effects shall be assessed and taxed for local use unless the governing body of the municipality within which the same is located shall determine, by ordinance, not to tax the same, in which event such property shall not be so assessed and taxed so long as the ordinance is in effect. A certified copy of such ordinance shall be filed with the Division of Taxation in the Department of the Treasury, and with the county board of taxation. Such property shall be assessed according to the fair value thereof, and the assessment shall be expressed at that percentage of such fair value as is established pursuant to law as the percentage level for the taxation of real property within the county in which the municipality is located. Such property shall be taxed at the general tax rate of
the taxing district for the year preceding the year in which the tax is payable. The valuations of such property shall not be included in computing the "apportionment valuation" to be determined under R. S. 54:4-49 or in computing the "equalized valuation" to be determined under section 2, chapter 86 of the laws of 1954, and the revenue from such taxation shall be treated as anticipated revenue from sources other than the general taxation of property. The taxable valuations of tangible household personal property and personal effects determined under this section shall be reported by the assessor of each taxing district on a separate tax list and duplicate which shall be filed with the county board of taxation on or before January 10 in each year.

(b) The fair value of tangible household personal property taxable pursuant to law shall be the value thereof for each household if offered for sale as a single lot. The owner of such property may file proofs with the assessor to assist in the determination of such fair value. In the absence of such proof, or of other proof, the assessor may assess the same by estimating the fair value thereof in terms of an average value per room, taking into account the size of the household, the general economic level of the neighborhood in which it is located, and such other relevant factors as will assist him in arriving at a fair, equitable and practicable valuation; but any such assessment shall be made according to standards and practices set forth in uniform rules and regulations promulgated by the Director of the Division of Taxation.

2. Section 38 of the act of which this act is amendatory is amended to read as follows:

38. Section 13 of this act shall apply to taxes on tangible household personal property and personal effects due and payable in the year 1962 and thereafter, and the remainder of this act shall apply to real and personal property taxes due and payable in the year 1963 and thereafter, and shall not affect the obligation, lien, or duty to pay any taxes,
interest or penalties which have accrued or may accrue by virtue of any assessment made or which may be made with respect to taxes levied for any year prior to the year 1963, nor shall this act affect the legal authority to assess and collect taxes which may be or have been due and payable prior to January 1, 1963, together with such interest and penalties as would have accrued thereon under any provision of law amended or repealed hereby; nor shall this act invalidate any assessments or affect any proceeding for the enforcement thereof pending upon the effective date of this act or upon January 1, 1963, or during the period between said dates.

3. This act shall take effect immediately.

Approved June 3, 1961.

1. "Unclaimed funds" within the meaning of this act shall mean and include all moneys, debts and other obligations of $3.00 or more due and payable by any life insurance company organized under the laws of this State or any life insurance company organized under the laws of any other State and authorized to do business in this State which became due and payable on or after July 13, 1945 and have remained due and payable but unclaimed by the person entitled thereto for a period of 5 years or more and which are payable to any person whose last known address according to the company’s records is within this State; provided,
that for the purposes of this act, the amount of insurance under a policy of life insurance payable upon proof of the death of the insured shall be deemed to become due and payable not later than the end of the calendar year in which the insured, if living, would have attained the limiting age under the mortality table upon which the reserves are based. However, "unclaimed funds" as defined herein shall not include any such funds which any domestic or foreign life insurance company in good faith has reported paid or escheated to any State other than the State of New Jersey pursuant to the statute or statutes of such other State prior to the effective date of this act. If a person other than an insured or annuitant is entitled to unclaimed funds payable under a policy of insurance or an annuity contract issued by the company and no address of such person is known to the company or if it is not definite and certain from the company’s records what person is entitled to the funds, it shall be presumed that the last known address of the person entitled to the unclaimed funds is the same as the last known address of the insured or annuitant according to the company’s records. If a person other than an insured or annuitant is entitled to the unclaimed funds payable on a policy of insurance or an annuity contract issued by any life insurance company organized under the laws of this State and there is no last known address according to the company’s records of either such person or the insured or the annuitant, it shall be presumed that the last known address of the person entitled to the unclaimed funds is within this State.

On or before June 1 of each year, every life insurance company organized under the laws of this State and every life insurance company organized under the laws of any other State and authorized to do business in this State shall make a report in writing to the State Treasurer, which shall contain a true and accurate statement as to all un-
claimed funds as defined in section 1 of this act which have been unclaimed prior to the end of the preceding calendar year. Such report shall be verified by an officer of such insurance company and shall include the names and last known addresses of the persons, as shown by the records of the insurance company, entitled to such unclaimed funds, the nature of such unclaimed funds and the individual amounts thereof, and shall be made upon forms furnished by the State Treasurer for that purpose. If any such insurance company has no unclaimed funds, it shall, on or before the date herein specified, make a report to the State Treasurer so stating, which report shall be verified as hereinbefore provided. The State Treasurer is authorized to waive any report when in his judgment the expense of reporting the last known addresses of the persons entitled to such unclaimed funds and the individual amounts thereof would be unreasonable in respect to the amount involved, in which case such insurance company may report such unclaimed funds in the aggregate.

4. Section 3 of the act of which this act is amendatory is amended to read as follows:

3. Every insurance company which reports any unclaimed funds under the provisions of this act shall cause to be published during the month of July in each year in a newspaper of general circulation published in the county of this State in which, according to the last known address shown by the company's records, the person to whom the amount is payable resided, or in a newspaper in the county in this State in which the principal office of the company is located, or in Mercer county of this State, a notice entitled "Notice of unclaimed funds held by (name of company)." Such notice shall be in such form as shall be approved by the State Treasurer and shall list in alphabetical order the names, with such last known addresses, of the persons to whom amounts are payable and whose names appeared on the last report filed pursuant to section 2 of this act, exclusive of any funds which
have ceased to be unclaimed prior to the date of publication. The State Treasurer is authorized to waive any publication when in his judgment the expense thereof would be unreasonable in respect to the amount involved. The insurance company shall file with the State Treasurer, on or before October 1 of each year, proof by affidavit of such publication. The expenses attendant upon such publication may be charged equally against the amounts owing to the persons whose names were so published.

5. Section 4 of the act of which this act is amendatory is amended to read as follows:

4. On or before October 1 of each year, all unclaimed funds which were contained in the last preceding report required to be filed by section 2 of this act and which have not been claimed, less a sum equal to 5% of such unclaimed funds, which sum the insurance company shall be entitled to retain for expenses in connection with the preparation of such report, and less the cost of publication pursuant to section 3 of this act, shall be paid over to the State Treasurer.

The State Treasurer shall have the power, for cause shown, to extend for a period of not more than 1 year the time within which any insurance company shall file any report and make any publication required by this act, and he shall have the power, for cause shown, to extend for a period of not more than 1 year the time within which any insurance company shall make any payment to him required by this act. Any life insurance company which willfully fails to make the report in writing as required by section 2 of this act or which willfully fails to pay over to the State Treasurer the unclaimed funds as required by this section shall be subject to a penalty of $25.00 for each day the said willful failure to make a report or willful failure to pay the moneys continues, which penalty may be recovered in a summary manner as provided in the Penalty Enforcement Law.

5. Upon the payment of such unclaimed funds to the State Treasurer, the State shall assume, for the benefit of those entitled to receive the same and for the safety of the moneys so paid, the custody of such unclaimed funds. The payment of such unclaimed funds to the State Treasurer shall automatically operate as a full, absolute and unconditional release and discharge of the insurance company from any and all claims or demands of or liability to any person whose moneys have been paid to the State Treasurer, or to any other claimant or State, and such payment may be pleaded as an absolute bar to any action brought against the insurance company by any person entitled thereto, or by any other claimant or State. The insurance company making such payment shall immediately and thereafter be relieved of and held harmless by the State from any and all liabilities for any claim or claims which exist at such time with reference to such unclaimed funds or which may thereafter be made or may come into existence on account of or in respect to any such unclaimed funds. Any right to such unclaimed funds which any person entitled thereto, or any other claimant or State, may have shall thereby be transferred against, and become the obligation of, the State of New Jersey. In the event legal proceedings are instituted by any person entitled to such unclaimed funds, or any other claimant or State, in this State or in any other State with respect to the unclaimed funds paid to the State Treasurer, the insurance company shall notify the Attorney General of this State of such proceedings and the Attorney General may, in his discretion, intervene therein. If after the insurance company has actively defended a judgment in such proceedings is entered against the insurance company for any amount paid to the State Treasurer under this act, the State Treasurer shall, upon being furnished with proof of payment in satisfaction of said judgment, immediately re-
imburse the insurance company the amount so paid to the State Treasurer.

When carrying a gross weight of vehicle and load in excess of 50% of the certificate of registration, such vehicles shall comply with applicable speed laws and shall not move along a highway at a speed greater than 30 miles per hour.

It shall be unlawful for any vehicle registered under this act having gross weight of load and vehicle in excess of the gross weight provided on the registration certificate to be operated on the highways of this State. The owner, lessee, and bailee of any commercial motor vehicle, tractor, trailer or semitrailer registered under this act and found on a highway with a gross weight of vehicle and load in excess of that provided for on the certificate of registration of the vehicle, shall be fined in an amount equal to $0.02 per pound for each pound of excess weight, if the excess weight does not exceed 10,000 pounds, and $0.03 per pound for each pound of excess weight if the excess weight exceeds 10,000 pounds, but in no event less than $50.00.

In the event that a tractor, trailer or semitrailer registered under this act is found on a highway in combination with a tractor, trailer or semitrailer duly registered in any other State or Federal district, the unit of the combination registered under this act shall have a gross weight registration equal at least to \( \frac{1}{2} \) of the combined gross weight of both vehicles and load. If it does not, the owner, lessee and bailee shall be fined an amount equal to $0.02 for each pound by which \( \frac{1}{2} \) of said combined gross weight exceeds the gross weight registration of the unit registered under this act, if the excess is not greater than 10,000 pounds, and $0.03 for each pound of the excess if it is greater than 10,000 pounds, but in no event less than $50.00.

Moneys realized from the increase of the fees for registrations issued pursuant to the provisions of
CHAPTER 113, LAWS OF 1961

this act shall be paid into the State treasury and credited to the General State Fund and available for general State purposes.

This section shall not be construed to supersede or repeal the provisions of either sections 39:3-84 or 39:4-75 of this Title.

2. Section 39:3-84 of the Revised Statutes is amended to read as follows:

39:3-84. No commercial motor vehicle, tractor, trailer or semitrailer shall be operated on any highway in this State the outside width of which is more than 96 inches or the height of which exceeds 13\frac{1}{2} feet, and no commercial motor vehicle, tractor or trailer shall be operated on any highway in this State the extreme over-all length of which exceeds 35 feet either for a 2-axle 4-wheeled vehicle or 35 feet for a 3-axle 6-wheeled vehicle, except that a vehicle exceeding the above limitations may be operated when a special permit so to operate is secured in advance from the director.

In the case of an omnibus the maximum width and length dimensions shall be such as the Board of Public Utility Commissioners prescribe, but no outside width in excess of 96 inches shall be prescribed with respect to 1 or more highways specified or otherwise described except upon certifications, 

(1) of the Division of Motor Vehicles in the Department of Law and Public Safety that the proposed width is not unsafe for use on the highways in this State and (2) of the State Highway Department that the proposed width, if in excess of 96 inches, is not in conflict with the requirements of any agency of the United States having jurisdiction over the National System of Interstate and Defense Highways authorized by law. No outside width so prescribed shall be valid if the allowance or use of the same would disqualify the State of New Jersey or any department, agency or governmental subdivision thereof for the purpose of receiving Federal highway funds.

In the case of farm tractors and traction equipment and farm machinery and implements, the
maximum width and length shall be such as the Director of the Division of Motor Vehicles shall prescribe by uniform rules and regulations but the operation of such vehicles shall be subject to the provisions of section 39:3-24 of this Title and any such vehicle shall not be operated on any highway which is part of the National System of Interstate and Defense Highways or on any highway which has been designated a freeway or parkway as provided by law.

No commercial motor vehicle drawing or having attached thereto any other such vehicle, nor any combination of vehicles, shall be operated on any highway in this State, except a tractor and semitrailer combination not in excess of a total over-all length, inclusive of load, of 50 feet and a truck and trailer combination not in excess of a total over-all length, inclusive of load, of 50 feet, and also except a vehicle or a combination of vehicles transporting poles, pilings, structural units or other articles incapable of dismemberment the total over-all length of which, inclusive of load, shall not exceed 70 feet, but the provisions of this paragraph shall not apply to a vehicle nor to any combination of vehicles, operated by a public utility as defined in R. S. 48:2-13 which vehicle or combination of vehicles is used by such public utility in the construction, reconstruction, repair or maintenance of its property or facilities.

The gross weight imposed on the highway by the wheels of any 1 axle of a vehicle shall not exceed 22,400 pounds.

For the purpose of this Title the gross weight imposed on the highway by the wheels of any 1 axle of a vehicle shall be deemed to mean the total load transmitted to the road by all wheels whose centers are included between 2 parallel transverse vertical plane less than 40 inches apart, extending across the full width of the vehicle.

The combined gross weight imposed on the highway by all wheels of all axles whose centers are on or between 2 parallel transverse vertical planes
spaced 40 inches, but less than 96 inches apart, extending across the full width of the vehicle, shall not exceed 32,000 pounds.

Every commercial motor vehicle or motor-drawn vehicle used on the public highways carrying loads extending beyond the outside dimensions of the vehicle shall have displayed at the outside extremity of the load a red flag by day which shall not be less than 18 inches square and a red light by night and they shall be so hung as to present a full view to the drivers of approaching vehicles. This red light shall be in addition to the red light provided for in section 39:3-61 of this Title.

In addition to the other requirements of this section and notwithstanding any other provision of this Title, no commercial motor vehicle, tractor, trailer or semitrailer shall be operated on any highway in this State with a combined weight of vehicle and load, an axle weight or a vehicle dimension the allowance of which would disqualify the State of New Jersey or any department, agency or governmental subdivision thereof for the purpose of receiving Federal highway funds.

3. Section 5 of chapter 142 of the laws of 1950 is amended to read as follows:

5. Any State Police officer or motor vehicle inspector having reason to believe that the size or weight of a vehicle and load is unlawful is authorized to require the driver to stop and submit to a measurement or weighing of the same by means of either portable or stationary scales and may require that such vehicle be driven to the nearest public scales in the event such scales are within 2 miles.

Whenever an officer or inspector upon measuring or weighing a vehicle and load, as above provided, determines that the size or weight is unlawful, such officer shall require the driver to stop the vehicle in a suitable place and remain standing until such portion of the load is removed as may be necessary to reduce the size or gross weight of such vehicle to such limit as permitted under this act, or per-
mitted by the certificate of registration for the vehicle, whichever may be lower. All material so unloaded shall be cared for by the owner or operator of such vehicle at the risk of such owner or operator.

No vehicle shall be deemed to be in violation of the overweight provisions of this act when, upon examination by an officer or inspector, the vehicle's dispatch papers show it is proceeding from its last preceding freight pickup point within the State of New Jersey by a reasonably expeditious route to the nearest available scales or to the first available scales in the general direction towards which the vehicle has been dispatched, or is returning from such scales after weighing-in to the last preceding pickup point.

When an officer or inspector determines that a vehicle is in violation of the axle weight limitations of this act but is within the legal gross maximum weight, the driver shall be permitted before proceeding to redistribute the weight of the vehicle's contents so that no axle is overweight, in which event there is no violation.

No arrest shall be made in cases where weight limitations provided in this section are not exceeded by more than 5%.

Any person who prepares, presents to an officer or has in his possession false dispatch papers, that is to say, dispatch papers which do not correspond to the cargo carried, shall be subject to a fine not exceeding $100.00.

Any driver of a vehicle who fails or refuses to stop and submit the vehicle and load to a measurement or weighing, or who fails or refuses when directed by an officer upon a measurement or weighing of the vehicle to stop the vehicle and otherwise comply with the provisions of this section, shall be subject to a fine not exceeding $100.00.

The owner, lessee and bailee of any commercial motor vehicle, tractor, trailer or semitrailer found on a highway in violation of the dimensional restrictions of R. S. 39:3–84 shall be fined not less
than $200.00 nor more than $500.00. The owner, lessee and bailee of any commercial motor vehicle, tractor, trailer or semitrailer found on a highway with a gross weight of vehicle and load in excess of the gross weight limitations imposed by this Title for vehicle and load or an axle weight in excess of the axle weight limitations imposed by this Title, shall be fined an amount equal to $0.02 per pound for each pound of excess weight if the excess does not exceed 10,000 pounds, and $0.03 per pound for each pound of excess weight if the excess weight exceeds 10,000 pounds, but in no event less than $50.00.

The vehicle involved, but not its contents, may be detained until the person charged with the violation submits to the jurisdiction of the court and posts a bond sufficient in amount to insure payment of the maximum fine which may be imposed in the event of a conviction, or, if there is a conviction, pays the fine which is imposed or posts a proper bond required for an appeal from such conviction. If the owner is found to be responsible for the violation then, in addition to the penalties herein contained, the registration of the motor vehicle involved may be revoked by the Director of the Division of Motor Vehicles.

4. Section 39:4-26 of the Revised Statutes is amended to read as follows:

39:4-26. A person may move along or across a public road or highway, road building machinery, vehicles, traction engines, rollers, structural units incapable of dismemberment or other apparatus or machinery of unusual size or weight, on trailers or semitrailers, after registering the trailers or semitrailers with the Director of Motor Vehicles and paying him a registration fee of $150.00 and obtaining a permit therefor from the director for the State highways traversed by them, or from the county supervisor or supervisors of roads of the county or counties for the county roads traversed by them or from the duly authorized official or officials of the municipality or municipalities for
the municipal roads traversed by them, subject to
the provisions of this article, provided, however,
that the provision for registration and registration
fee shall not apply to such vehicles duly registered
in any other State or Federal district which grants
exemption from registration and registration fee
to vehicles properly registered in New Jersey under
provisions of this article, traversing the roads of
said other State or Federal district.

The director, board of chosen freeholders and
a municipality, may by regulation in the case of the
director and by resolution in the case of the board
of freeholders or municipality, adopt general rules
and regulations with respect to the issuance and
use of permits and may impose reasonable fees
therefor provided that no permit shall be issued
unless the said director, county supervisor or au­
thorized municipal official is reasonably satisfied
as to the financial responsibility of the applicant
for permit to meet any claims for damages which
may arise and reasonable evidence of such financial
responsibility is filed with the said director, super­
visor or municipal official.

5. This act shall take effect on the tenth day
following the day of its enactment.

Approved November 29, 1961.
CHAPTER 114

An Act concerning the Protestant Episcopal Church and amending sections 16:12-1, 16:12-10 and 16:12-15 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 16:12-1 of the Revised Statutes is amended to read as follows:

16:12-1. Any congregation or parish of the Protestant Episcopal Church in this State, duly organized in accordance with the constitution and canons of such church, may incorporate in the following manner:

A meeting shall be called by notice, designating the time and place of such meeting and the object for which it is called, signed by the minister, if there be one, and 5 male members of full age, and read during public service at the usual place of worship, on the 2 successive Sundays next preceding. At such meeting only those persons who are qualified in accordance with the constitution and canons of the Protestant Episcopal Church in the diocese in which the parish is located shall be entitled to vote or act as officers. Five qualified voters shall constitute a quorum, and all questions shall be decided by a majority vote of those present. The minister shall preside at the meeting, but if he is absent, or if there be no minister in charge of the congregation, another person shall be chosen to act as chairman. The presiding officer shall be the judge of the qualification of voters, shall receive the votes and declare the result. A secretary shall be chosen to record the proceedings.

The meeting shall determine by ballot whether the congregation shall become incorporated, and if so determined, the meeting shall determine further:

a. The corporate title, which shall be in the form
as follows: "The Rector, Wardens and Vestrymen of ................. Church in .................";
b. The date of the annual meeting, which shall not be inconsistent with the constitution, canons or laws of such church; and
c. The number of vestrymen, which shall be 3, 6, 9, or 12.
The meeting shall then elect, by ballot, 2 wardens, 1 to hold office until the first annual meeting, and the other to hold office until the second annual meeting thereafter. The number of vestrymen determined upon shall be elected in like manner, ½ to hold office until the first annual meeting, ½ until the second annual meeting, and ½ until the third annual meeting thereafter.
2. Section 16:12–10 of the Revised Statutes is amended to read as follows:
16:12–10. The annual election of any such parish shall be held on such day as may be designated in its certificate of incorporation, if consistent with the constitution, canons or laws of such church. Notice of the time and place of the annual election shall be given by advertisement set up in open view at the door of the church or usual place of worship, 10 days prior to the election and shall also be read by the rector or officiating minister on the 2 Sundays next preceding the election, in time of public service.
The rector shall preside, with the right to vote, or if he is absent or if no rector is settled in the parish, the meeting shall choose 1 of the wardens, or if neither of the wardens is present, 1 of the vestrymen, or if no vestryman is present, then some duly qualified voter to act as chairman. The secretary of the vestry, or in his absence a person appointed by the chairman, shall enter the proceedings in the minute book of the vestry, and shall sign the same together with the chairman. The qualifications for voters, and for such officers as may be elected by the meeting, shall be as provided from time to time by the constitution and canons of the Protestant Episcopal Church in the diocese in which
the parish is located; provided, however, that, at any annual parish meeting held for the election of wardens or vestrymen, a by-law may be adopted providing that no warden or vestryman who has been duly elected at any parish meeting may succeed himself, which by-law shall remain in full force and effect until repealed at a subsequent annual parish meeting. The chairman shall be the judge of the qualifications of the voters, shall receive the votes and declare the result. The election shall be by ballot, and the polls shall remain open for 1½ hour, and for such longer time as may be required to receive the ballots of the persons present and ready to vote. Three persons shall constitute a quorum. In case of failure to elect on the first ballot the required number of wardens or vestrymen to be elected at the meeting, 1 or more further ballots shall be taken in the same manner.

3. Section 16:12–15 of the Revised Statutes is amended to read as follows:

16:12–15. Two or more incorporated parishes of such church may consolidate and become 1 parish in the following manner:

A meeting of the vestry of each parish may be called by the rector or wardens upon 1 week's notice to each member. If each vestry shall determine by a vote of ¾ of all the members thereof that such consolidation is advisable, a further resolution shall be adopted by a like vote, requesting the consent of the bishop and standing committee of the diocese in which the parishes are located. Such consent shall be given in writing, signed by the bishop and a majority of the standing committee, and acknowledged or proved in the same manner as deeds of real estate.

A special meeting of the congregation of each parish shall then be called and conducted in the manner provided in section 16:12–13 of this Title. Each meeting shall determine by a vote of ¾ of those present balloting separately upon each question:
a. Whether such consolidation is advisable, and, if the determination is favorable; then

b. Whether the consolidated parish shall act under the charter of 1 of the consolidated parishes, or under a new certificate of organization;

c. The corporate title of the consolidated parish, which may be identical with the name of the parish whose charter has been adopted. If no such charter is adopted, or if any change is made in the corporate title, it shall be in the form provided in section 16:12-1 of this Title;

d. The date of the annual meeting, which shall not be inconsistent with the constitution, canons or laws of such church;

e. The number of vestrymen, which shall be identical with the number fixed by the charter adopted, or if any change is made, shall be 3, 6 or 9; and

f. The wardens and vestrymen, who shall be chosen either in accordance with the provisions of the charter adopted, or as hereinbefore provided for new parishes.

A certificate shall then be made by the rector and secretary of each parish, and executed and acknowledged in accordance with section 16:12-2 of this Title, setting forth:

a. The meeting and action of the vestry;

b. That the bishop and a majority of the standing committee have consented; and

c. The meeting of the congregation, and its action upon the questions required to be determined.

All such certificates, and the written consent of the bishop and standing committee, shall be forthwith filed and recorded together in the offices of the clerks of the counties in which the parishes are located. Thereupon the consolidated parish shall immediately become vested with all the temporalities and real and personal property of the parishes so consolidated.

4. This act shall take effect immediately.

Approved November 29, 1961.
CHAPTER 115

L. 1961, c. 9).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of the act of which this act is amendatory is amended to read as follows:

2. Every person, a citizen and resident of this State of the age of 65 or more years, having an income not in excess of $5,000.00 per year and residing in a dwelling house owned by him which is a constituent part of his real property, shall be entitled, on proper claim being made therefor, to exemption from taxation on such real property to an assessed valuation not exceeding $800.00 in the aggregate, but no such exemption shall be in addition to any other exemption to which said person may be entitled.

For the purposes of this act the income of a married person shall be deemed to include an amount equal to the income of the spouse during the applicable income year, except for such portion of that year as the 2 were living apart in a state of separation, whether under judicial decree or otherwise.

2. This act shall take effect immediately and shall be applicable beginning with the tax year 1962. Approved November 29, 1961.
CHAPTER 116

1. Section 13 of the act of which this act is amendatory is amended to read as follows:

13. Each member shall file a detailed statement of school service and service in a similar capacity in other States rendered by him prior to becoming a member for which he desires credit and on account of which he desires to contribute, and of such other facts as the board of trustees may require for the proper operation of the system. Members shall have the right to purchase credit for the prior service evidenced therein, up to the nearest number of years and months, but not exceeding 10 years. No application shall be accepted after the effective date of this act for the purchase of credit for such prior service, however, if, at the time of application, the member has a vested right to retirement benefits in another retirement system based in whole or in part upon that service.

The board of trustees shall verify as soon as practicable the statement of service submitted. The member may obtain credit for such service by making a lump sum payment or by contributing installment payments in such manner as the board of trustees shall approve. The board of trustees shall issue to the member a service certificate certifying to the aggregate length of such service on account of which he has contributed or agreed to contribute.

Any member electing to contribute toward such service, who retires prior to completing payments as agreed with the retirement system for the purchase of such service will receive pro rata credit...
for service purchased prior to the date of retirement, subject to provisions of section 68 of this act, but if he so elects at the time of retirement, he may make such additional lump sum payment as will be necessary to provide full credit at that time.

2. This act shall take effect immediately.

Service which under the Social Security Act may be included in an agreement only upon certification by the Governor, or an official of the State designated by him, in accordance with section 218 (d) (3) of that act shall be included in the term "employment" if and when the Governor, or an official designated by him, issues with respect to such service, a certificate to the Secretary of Health, Education, and Welfare pursuant to section 6 (b) of this amendatory and supplementary act.

Such agreement may contain such provisions relating to coverage, benefits, contributions, effective date, modification and termination of the agreement, administration, and other appropriate provisions as the State agency and Secretary of Health, Education and Welfare shall agree upon, but, except as may be otherwise required by or under the Social Security Act as to the services to be covered, such agreement shall provide in effect that:

3. Section 6 of the act of which this act is amendatory is amended to read as follows:

6(a). The Governor is empowered to authorize a referendum on the question whether service in positions covered by a retirement system which is supported in whole or in part by the State and which is established by the State or by a political subdivision thereof should be included under an agreement under this act. With respect to em-
employees of a political subdivision in positions covered by a retirement system which is not supported in whole or in part by the State and which is applicable to more than 1 political subdivision, the Governor is empowered to authorize such a referendum. With respect to employees of any political subdivision in positions covered by a retirement system which is not supported in whole or in part by the State and which is established by a political subdivision thereof, the Governor shall authorize such a referendum upon the request of the governing body of such subdivision; and in all cases the referendum shall be conducted, and the Governor shall designate an agency or individual to supervise its conduct, in accordance with the requirements of section 218 (d) (3) of the Social Security Act on the question of whether service in positions covered by a retirement system established by the State or by a political subdivision thereof should be included under an agreement under this act.

(b). Upon receiving evidence satisfactory to him that with respect to any such referendum the conditions specified in section 218 (d) (3) of the Social Security Act have been met, the Governor or the official designated by him shall so certify to the Secretary of Health, Education and Welfare.

4. This act shall take effect immediately.

Approved November 29, 1961.

(e) Accept and administer according to law loans, grants or other funds or gifts from the Federal Government and from other sources, public or private, for carrying out its functions under this act;

(f) Encourage, participate in or conduct studies, investigations, training, research and demonstrations relating to the control of radiation hazard, the measurement of radiation, the effects on health of exposure to radiation and related problems as it may deem necessary or advisable for the discharge of its duties under this act;

(g) Collect and disseminate health education information relating to radiation protection;

(h) Require registration of sources of radiation, and require records concerning sources of radiation to be kept in such manner as may be prescribed by codes, rules or regulations of the commission;

(i) Review plans and specifications on the design and shielding for radiation sources submitted pursuant to codes, rules or regulations of the commission for the purpose of determining possible radiation hazards;

(j) Inspect radiation sources, their shielding and immediate surroundings and records concerning their operation for the determination of any possible radiation hazard;

(k) Have power, to be exercised subject to codes, rules and regulations of the commission, to require, issue, renew, amend, suspend and revoke licenses for the construction, operation or maintenance of sources of radiation including byproduct materials, source materials and special nuclear materials in quantities not sufficient to form a critical mass. The codes, rules and regulations may provide for recognition of other State or Federal licenses, subject to the registration requirements prescribed by or under the authority of this act.
Section 11 of the act of which this act is amendatory is amended to read as follows:

11. Whenever the department finds that there has been a violation of any of the provisions of this act or any codes, rules or regulations of the commission, resulting from the construction, operation or maintenance of a source of radiation, it shall notify any person or legal entity found to be causing, allowing or permitting such violation, of the nature of that violation and order that prior to a time fixed by the department, which time shall not be later than 2 years from the date of service of the notice, that person or legal entity shall cease and abate causing, allowing or permitting such violation and take such action as may be necessary for the source of radiation to be constructed, operated or maintained in compliance with this act and codes, rules or regulations promulgated by the commission.

If the person or legal entity fails to comply with the order prior to the time fixed by the department, the department may cause the source of radiation being so constructed, operated or maintained to be secured or impounded. Within 10 days after securing or impounding a source of radiation, the department shall give notice to said person or legal entity prescribing conditions of construction, operation or maintenance under which the source of radiation will be returned to the custody of such person or legal entity. If such person or legal entity, within such reasonable time as may be fixed in said notice, furnishes evidence satisfactory to the department of present and intended future compliance with such conditions, the source of radiation so secured or impounded shall be returned to the custody of such person or legal entity for construction, operation or maintenance in accordance with such conditions, upon payment to the department of the costs incurred by the department incident to the securing or impounding. If the person or legal entity does not furnish such satisfactory evidence within such time, the rights of
such person or legal entity with respect to the source of radiation so secured or impounded shall become the property of the State to be disposed of by the department on behalf of the State in any manner consistent with public health and safety. Any person or legal entity who (1) operates, maintains or otherwise uses a source of radiation while the same is so secured or impounded, or (2) violates a condition under which a source of radiation so secured or impounded is returned, shall be subject to a fine not exceeding $500.00 for each day during which the violation exists, to be enforced by the department in a summary action in the Superior Court.

3. The Governor, on behalf of the State, may enter into agreements with the Federal Government providing for discontinuance by the Federal Government and assumption by the State of the authority, in the interest of the protection of the public from radiation hazards, to regulate sources of radiation including byproduct materials, source materials and special nuclear materials in quantities not sufficient to form a critical mass. Subject to the terms of such agreements, regulatory authority assumed by the State by virtue of such agreements shall be exercised by the department in the manner provided in this act and as may be further provided by codes, rules and regulations of the commission promulgated pursuant to this act.

4. The department may (a) enter into agreements, subject to the approval of the Governor, with the Federal Government, other States or interstate agencies to perform inspections and other radiation protection functions on a cooperative basis with the Federal Government, other States or interstate agencies; and (b) subject to available appropriations, make its personnel available for participation in training programs of the Federal Government and otherwise secure assistance from the Federal Government to maintain

5. This act shall take effect immediately.
Approved December 4, 1961.

   (a) "Act" means this act and the rules and regulations adopted hereunder.
   (b) "Commissioner" means the State Commissioner of Health.
   (c) "Distribute" means to offer for sale, to barter, exchange or otherwise to supply grain.
   (d) "Distributor" means any person who sells or distributes grain.
   (e) "Director" means the Director of the New Jersey Agricultural Experiment Station.
   (f) "Grain" means whole seeds or entire grains or any altered form thereof of field peas, field beans, soybeans or other large seeded legumes, or corn, wheat, rye, barley, oats, sorghum, or any other large seeded cereals.

2. No distributor shall sell or distribute or have in his possession with intent to sell or distribute for food or feed purposes any treated grain in bulk or package or any grain in bulk or package in which treated grain has been co-mingled or blended which he knows or has reason to know contains any poisonous or deleterious substance in quantity which may render it injurious to the health of man or animal and such treated grain shall not be sold or distributed for any purpose, other than for seeding, unless it is colored or dyed a color contrasting with its natural color so as to make such grain readily identifiable as treated grain.

A distributor of any treated grain which is sold or distributed for a purpose other than seeding shall comply with all provisions of this act.

3. A distributor of any treated grain which is sold or distributed for a purpose other than seeding shall deliver or have delivered to the purchaser or other transferee at the time of the sale or transfer thereof a written statement setting forth the specific treatment, known by him to have been applied to the grain and the quantity of such grain delivered. Such statement shall also be made a part of the invoice or bill of lading covering such sale or transfer. The distributor shall deliver or have delivered to the State Seed Analyst within 7 days of such sale or transfer 2 copies of such statement together with the name and address of the distributor and the purchaser or other transferees. The State Seed Analyst shall forward forthwith 1 copy of such statement to the commissioner.

4. In order to protect the health and welfare of the public, the director shall adopt and promulgate rules and regulations:

(a) To establish standards for the treatment of grain and tolerances within which such treated grain shall be usable for food or feed;
(b) To establish standards and specifications for the adequate coloring of treated grain to insure such grain will be readily ascertainable as such on inspection.

To the extent feasible and to the extent compatible with relevant local conditions, the director may adopt such rules and regulations in substantial conformity with similar rules and regulations of the Federal Government.

5. The State Seed Analyst, individually or through his authorized agents, shall issue and enforce a written or printed "stop sale" order to the owner or custodian of any lot of treated grain when it is found that such grain is being sold or distributed in violation of any of the provisions of this act. Such order shall continue in effect until the law has been complied with and such grain is released in writing by the State Seed Analyst or until such "stop sale" order is otherwise legally terminated, and, in either case, upon the payment of the costs and expenses incurred in connection therewith.

6. Any lot of treated grain which is sold or distributed in violation of any provision of this act may be confiscated by a summary proceeding instituted by the State Seed Analyst. The county district court or municipal court having jurisdiction in the county or municipality, as the case may be, in which such grain is found shall have jurisdiction to hear and determine such proceeding.

7. Upon the filing of a verified complaint the court may issue a warrant directed to the sheriff or a constable of the county or other peace officer, commanding such officer to seize and take in his possession the grain described in the complaint, and bring the same before the court which issued the warrant and to summon the person named in the warrant, and any other person who may be found in possession of the grain, to appear at the time and place therein specified.
8. If upon the hearing it shall appear that the grain was sold or distributed in violation of any provision of this act, it shall be confiscated and disposed of by destruction or sale as the court may direct, but no such grain shall be sold contrary to any provision of this act. The proceeds of any sale, less the legal costs and charges, shall be paid into the State Treasury.

9. In case the grain seized is of such a character that it may be sold or distributed in compliance with this act, upon the recommendation of the State Seed Analyst, the court may order such grain delivered to the owner upon the payment of the costs of the proceeding and the execution and delivery to the State Seed Analyst of a good and sufficient bond that such grain shall not be sold or otherwise disposed of contrary to the provisions of this or any other law of this State.

10. Any person who violates any provision of this act is a disorderly person and upon conviction as such shall be fined not less than $500.00 nor more than $1,000.00, or be imprisoned for not less than 30 days nor more than 1 year, or both.

11. Nothing contained herein shall in any way be construed to alter, limit or repeal any of the functions, powers and duties of the State Department of Health or the State Commissioner of Health, as otherwise provided by law.

12. This act shall take effect immediately but shall not be operative for 60 days thereafter.

Approved December 18, 1961.

All of the administrative functions, powers and duties of the municipality, other than those vested in the office of the municipal clerk, shall be allocated and assigned among and within such departments.

(b) Each department shall be headed by a director, who shall be appointed by the mayor with the advice and consent of the council. Each department head shall serve during the term of office of the mayor appointing him, and until the appointment and qualification of his successor.

(c) The mayor may in his discretion remove any department head after notice and an opportunity to be heard. Prior to removing a department head the mayor shall first file written notice of his intention with the council, and such removal shall become effective on the twentieth day after the filing of such notice unless the council shall prior thereto have adopted a resolution by a 2/3 vote of the whole number of the council, disapproving the removal.

(d) Department heads shall appoint subordinate officers and employees within their respective departments and may, with approval of the mayor,
remove such officers and employees subject to the provisions of the Revised Statutes, Title 11, Civil Service, where that Title is effective in the municipality, or other general law; provided, however, that council may provide by ordinance for the appointment and removal of specific boards or commissions by the mayor.

Such board shall be comprised of 3 members, no more than 2 of whom shall be of the same political party, who shall be appointed by the mayor, with the advice and consent of the council, each to serve for a term of 3 years, provided that of those first appointed, 1 shall be appointed to serve for a term of 1 year, 1 for 2 years, and 1 for 3 years. Any vacancy in such office shall be filled in the same manner as the original appointment for the balance of the unexpired term. Except in cities of the first class having a population of more than 250,000 the members of such board shall serve without compensation but may be reimbursed for necessary expenses incurred in the performance of their duty; in cities of the first class having a population of more than 250,000, the members of such board shall receive such compensation as shall be established by ordinance of the municipality. They shall be removable by the mayor for cause. Any person appointed hereunder shall not be subject to the provisions of Title 11 of the Revised Statutes, Civil Service, and no such person shall be a member of the city council.

Nothing in this subsection shall be construed to limit the general power of the municipal council under this act to establish, alter and abolish offices, boards and commissions in any municipality other
than a city of the first class having a population of more than 250,000.

(f) Whenever in any city of the first class having a population of more than 250,000 the governing body is authorized by any provision of general law to appoint the members of any board, authority or commission, such power of appointment shall be deemed to vest in the mayor with the advice and consent of the council.

2. This act shall take effect immediately.

   2. A temporary emergency tax is hereby imposed, and shall be levied, collected and paid annually, at the rates specified in this act,

      (a) upon every resident of this State, who is not a resident of another critical area State under and pursuant to its laws, upon and with respect to the entire net income as defined in this act and subject to taxation under this act, for the taxable year, derived from sources within a critical area State other than New Jersey; and

Primarily for sale to customers in the ordinary course of his trade or business, shall be deemed to carry on a business, trade, profession or occupation in a State solely by reason of the purchase and sale of property for his own account.

3. Section 7 of the act of which this act is amendatory is amended to read as follows:

7. The term "gross income" means the total of a taxpayer's gains, losses, profits and income derived from sources within his source State. Gross income shall be computed in accordance with the provisions of section 32 or section 36 of this act. In computing gross income, the items of gain, loss, profit or income set forth in section 33 of this act shall not be included except to the extent provided therein.

For the purpose of applying the deductions permitted in sections 9 and 37 of this act, gross income computed in accordance with the provisions of section 32 of this act shall be reduced by the amount of the deduction allowed in section 35 (a) of this act.

4. Section 9 of the act of which this act is amendatory is amended to read as follows:

9. Any taxpayer other than a trust or estate may elect to deduct 10% of his gross income, or $1,000.00, whichever is less, in lieu of all deductions otherwise permitted under this act. The deduction provided for by this section shall become known as the "standard deduction."

A husband and wife shall not be entitled to a standard deduction in an amount greater than one computed on their aggregate gross income, whether they file separate or joint returns. If they file separate returns, neither may elect the standard deduction unless the other also so elects. If both so elect, either may take such deduction, or they may divide it.

Such election may be changed for a taxable year after the filing of the return, subject to regulations issued under this act. If a taxpayer wishing to make such change has a spouse who filed a separate return, the change shall not be allowed unless (1)
such spouse also makes a change consistent with the change desired by the taxpayer and (2) both consent in writing to the assessment of any additional tax resulting from such change without regard to time limits otherwise preventing such assessment.

5. Section 10 of the act of which this act is amendatory is amended to read as follows:

10. Each taxpayer is allowed the following exemptions with respect to net income:

For each taxpayer, $600.00; for the taxpayer’s spouse, if taxpayer does not file a joint return and if such spouse has no gross income for the eligibility year and is not a dependent of another taxpayer, an additional $600.00; for each taxpayer who is at least 65 years of age or over at the close of his taxable year, an additional $600.00, and for taxpayer’s spouse under the same conditions and if the initial $600.00 exemption is allowable, an additional $600.00; for each taxpayer who is blind at the close of his taxable year, an additional $600.00, and for taxpayer’s spouse under the same conditions and if the initial $600.00 exemption is allowable, an additional $600.00. Blindness shall be deemed to exist when central visual acuity in the better eye does not exceed 20/200 with correcting lenses, or when the widest diameter of the visual field subtends an angle of not more than 20 degrees;

For each dependent whose gross income for the eligibility year is less than $600.00, or who is taxpayer’s child or stepchild and has not attained age 19 at the close of the eligibility year or is a student: $600.00.

6. Section 11 of the act of which this act is amendatory is amended to read as follows:

11. “Dependent” means any individual related to taxpayer, over half of whose support (exclusive of any amount received by a child or stepchild as a scholarship for study at an educational institution) for the eligibility year was received from the taxpayer, in fact or constructively. No person may be claimed as a dependent by any taxpayer if such
person has filed a joint return with his or her spouse.

7. Section 12 of the act of which this act is amendatory is amended to read as follows:

12. "Related to taxpayer" means related by blood, to the extent of any lineal descendant or ancestor of taxpayer, other children or grandchildren of a parent of taxpayer, children of a grandparent of taxpayer, and grandchildren of a grandparent of taxpayer who are receiving institutional care for physical or mental disability and who had been members of taxpayer's household prior to institutionalization; or related by marriage, to the extent of a stepchild, stepparent, stepbrother or stepsister of taxpayer, the parents, brother or sister of the spouse of the taxpayer, or the spouse of a child of taxpayer; or related by household, to the extent of a person having taxpayer's home as his principal place of abode and being a member of taxpayer's household for the taxable year. Brothers and sisters of the half blood shall be regarded as though of the whole blood.

8. Section 15 of the act of which this act is amendatory is amended to read as follows:

15. The following maximum credits are allowed against the tax imposed by this act for any year:

(a) $10.00, for a single taxpayer;
(b) $25.00, for a head of a household or for a surviving spouse;
(c) $25.00, for husband and wife, but if they file separate returns, the credit allowable to each is $12.50;
(d) the credits allowed by this section shall be subtracted from the tax as computed without regard to such credit, and the amount of the credit shall in no case exceed the amount of the tax from which it is subtracted.

9. Section 16 of the act of which this act is amendatory is amended to read as follows:

16. (a) A nonresident of this State shall be allowed a credit against the tax otherwise due under this act for any income tax imposed for the taxable
year by another critical area State, of which the taxpayer is a resident but such credit shall not exceed either:

(1) the percentage of the other tax determined by dividing the portion of the taxpayer’s income subject to taxation under this act which is also subject to the other tax by the total amount of his income subject to such other tax, or

(2) the percentage of the tax otherwise due under this act, determined by dividing the portion of the taxpayer’s income subject to taxation under this act which is also subject to the other tax by the total amount of the taxpayer’s income which is taxable under this act.

(b) No credit shall be allowed under this section unless the jurisdiction of which the taxpayer is a resident:

(1) grants a substantially similar credit to residents of this State, or

(2) imposes an income tax on its own residents with respect to income derived from this State, and exempts from income tax the income of residents of this State.

10. Section 18 of the act of which this act is amendatory is amended to read as follows:

18. With respect to each taxpayer, the tax imposed by this act shall be due and payable annually hereafter, in the manner provided in this section:

(a) Every taxpayer shall annually pay the tax imposed by this act with respect to all or any part of each of his fiscal or calendar accounting years beginning after January 1, 1961, to be computed as in this act provided, for such fiscal or calendar accounting year or part thereof, on a return which shall be filed, in the case of a taxpayer reporting on a calendar year basis, on or before April 1 following the close of such calendar year, or, in the case
of a taxpayer reporting on a fiscal year basis, on or before the first day of the fourth month following the close of such fiscal year, and the full amount of the tax shall be due and payable on or before the date prescribed herein for the filing of the return.

(b) Every taxpayer shall pay a like tax with respect to all or any part of the period beginning January 1, 1961 and extending through any subsequent part of its first fiscal or calendar accounting year ending after said date, to be computed as in this act provided, for such period, on a return which shall be filed on or before April 1, 1962, and the full amount of the tax shall be due and payable on or before the date prescribed herein for the filing of the return.

(c) Where a taxpayer files a return for a period of less than 12 months under subsection (b) hereof, the standard deduction, personal exemptions and the specific credit allowable shall be prorated in the same manner and to the same extent as provided in section 45(c).

(d) Each return shall carry a certificate signed by the taxpayer to the effect that all statements contained therein are true, under the same penalties as for perjury committed. Blank forms of return shall be furnished on application, but failure to secure the form shall not relieve any taxpayer of the obligation of making any return herein required. Subject to regulations under this act and in such form as may be indicated thereby, taxpayers whose net income taxable under this act is or may be subject to tax under a similar law of another jurisdiction may be permitted to file a simple, short form return attached to a copy of his return as filed or about to be filed by him in such other jurisdiction.

Subject to regulations under this act, reasonable extensions of time for good cause shown, may be granted for not more than 6 months unless exceptional circumstances justify a longer period, within which returns may be filed.
In addition, persons in active service with the Armed Forces of the United States, who may be prevented by distance or injury or hospitalization arising out of such service, may be allowed such extension of time for the filing of returns, without interest or penalty, as may be fixed by regulations under this act.

11. Section 20 of the act of which this act is amendatory is amended to read as follows:

20. (a) All moneys which shall be received by way of tax or by way of moneys deducted and withheld under this act, shall be kept in a special fund, to be known as the Transportation Fund, separate and apart from all other funds, and the moneys in such fund at any time shall be used only for one or more of the following purposes, within the limits of available appropriations made by law from time to time:

(1) to meet the expenses of administering the provisions of this act and of the regulations made hereunder and the expenses of any proceedings or actions involving the same;

(2) to defray the cost of, or to provide financing by way of advances, loans or otherwise for, projects and programs to meet transportation problems, whether such transportation be by motor vehicle, by rail or rapid transit, or by any other mode or vehicle of transportation whatever, when such project or program includes the transportation of persons or property interstate, between the State of New Jersey and the source State, from which States taxpayers derive income or gain subject to tax under this act, and for the furnishing of such other facilities, services or other benefits for which the class of taxpayers covered by this act will be the major eligible recipient and for which the tax imposed by this act may reasonably be exacted, as may be authorized by law from time to time;

(3) to make payment of refunds to taxpayers entitled to receive the same;

(4) to make payment to another State of moneys deducted and withheld from its residents subject
to tax hereunder in lieu of and in satisfaction of credits to which such residents may be entitled under the reciprocity clause contained in this act, whenever such State so provides by or pursuant to its law.

(b) Funds in the Transportation Fund may not be used for any purpose except upon:

(1) presentation to the Attorney General of an itemization of the purposes for which funds are proposed to be used, stating the amount of each such proposed expenditure, which presentation shall be made by:

(A) The Director of the Division of Taxation, in the case of any purpose other than those described in subsection (a) (2) hereof, or

(B) The State Highway Commissioner in the case of any purpose described in said subsection (a) (2), and upon,

(2) transmittal of such itemization by the Attorney General to the State Treasurer, with a certification by the Attorney General endorsed thereon that the purposes for which funds are therein proposed to be used are within the terms and intent of the act and are otherwise in compliance with law.

12. Section 24 of the act of which this act is amendatory is amended to read as follows:

24. (a) The tax imposed by this act shall apply to estates and trusts created by or consisting of property of a person domiciled in a critical area State other than the source State, estates of deceased persons who at the time of death were domiciled in a critical area State other than the source State and trusts resulting from the dissolution of a corporation organized under the law of a critical area State other than the source State, which tax shall be levied, collected and paid annually upon and with respect to the income of estates or of any kind of property held in trust, but only to the extent that the same is derived from sources within the source State, including:
(1) Income accumulated in trust for the benefit of unborn or unascertained persons or persons with contingent interests, and income accumulated or held for future distribution under the terms of the will or trust;
(2) Income which is to be distributed currently by the fiduciary to the beneficiaries, and income collected by a guardian of an infant which is to be held or distributed as the court may direct;
(3) Income received by estates of deceased persons during the period of administration or settlement of the estate; and
(4) Income which, in the discretion of the fiduciary may be either distributed to the beneficiaries or accumulated.

(b) The net income of an estate or trust shall be computed in the same manner as in the case of an individual, except as otherwise provided in this act. The tax shall be computed on such net income and shall be paid by the fiduciary.

(c) An estate or trust shall be allowed as a deduction in computing its net income (in lieu of the deductions allowed by section 37(b)(4), relating to deduction for charitable, etc., contributions and gifts) any amount of the gross income, without limitation, which pursuant to the terms of the governing instrument is, during the taxable year, paid or permanently set aside for a purpose specified in section 37(b)(4), or is to be used exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals, or for the establishment, acquisition, maintenance or operation of a public cemetery not operated for profit.

(d) An estate or trust shall be entitled to the deductions provided in sections 26 and 27 of this act to the extent permitted therein but there shall not be included:

(1) Any amount which under the terms of the governing instrument, is properly paid or
credited as a gift or bequest of a specific sum of money or of specific property and which is paid or credited all at once or in not more than 3 installments. For this purpose an amount which can be paid or credited only from the income of the estate or trust shall not be considered as a gift or bequest of a specific sum of money.

(2) Any amount paid or permanently set aside or otherwise qualifying for the deduction provided in subsection (e) hereof.

(3) Any income paid, credited or distributed in the taxable year, if section 26 or section 27 applied to such amounts for a preceding taxable year of an estate or trust because credited or required to be distributed in such preceding taxable year.

(e) In lieu of the deduction authorized in subsection (d) hereof, an estate or trust may compute its deduction for distributions to beneficiaries in accordance with the provisions of section 28 of this act.

(f) An estate or trust shall be allowed $600.00 as an exemption but shall not be entitled to the exemptions provided in section 10 of this act.

13. Section 25 of the act of which this act is amendatory is amended to read as follows:

25. (a) "Fiduciary" means a guardian, trustee, executor, administrator, receiver, conservator, or any person, whether individual or corporate, acting in any fiduciary capacity for any person, trust or estate.

(b) "Beneficiary" includes heir, legatee and devisee.

(e) For purposes of this act, the term "distributable net income" means, with respect to any taxable year, the net income of the estate or trust computed with the following modifications—

(1) No deduction shall be taken under section 24(f) for personal exemption;
(2) No deduction shall be taken for the amounts of income, gain and corpus distributed or required to be distributed by a trust or estate to a beneficiary.

(3) Gains from the sale or exchange of capital assets shall be excluded to the extent that such gains are allocated to corpus and are not (A) paid, credited, or required to be distributed to any beneficiary during the taxable year, or (B) paid, permanently set aside, or to be used for the purposes specified in section 24(c).

Losses from the sale or exchange of capital assets shall be excluded, except to the extent such losses are taken into account in determining the amount of gains from the sale or exchange of capital assets which are paid, credited, or required to be distributed to any beneficiary during the taxable year.

(4) In the case of a trust which is subject to the provisions of section 26 of this act, there shall be excluded those items of gross income constituting extraordinary dividends or taxable stock dividends which the fiduciary, acting in good faith, does not pay or credit to any beneficiary by reason of his determination that such dividends are allocable to corpus under the terms of the governing instrument and applicable local law.

(5) In the case of an estate or trust which computes its gross income in accordance with the provisions of section 36, there shall be included the amount of any dividends excluded from such gross income in the computation of Federal adjusted gross income.

14. Section 26 of the act of which this act is amendatory is amended to read as follows:

26. a. In the case of any trust the terms of which—

(1) provide that all of its income is required to be distributed currently, and
(2) do not provide that any amounts are to be paid, permanently set aside, or used for the purposes specified in section 24(c) (relating to deduction for charitable, et cetera, purposes), there shall be allowed as a deduction in computing the taxable income of the trust the amount of the income for the taxable year which is required to be distributed currently. This section shall not apply in any taxable year in which the trust distributes amounts other than amounts of income described in paragraph (1).

(b) If the amount of income required to be distributed currently exceeds the distributable net income of the trust for the taxable year, the deduction shall be limited to the amount of the distributable net income. For this purpose, the computation of distributable net income shall not include items of income which are not included in the gross income of the trust and the deductions allocable thereto.

(c) (1) Subject to paragraph (2) hereof, the amount of income for the taxable year required to be distributed currently by a trust described in subsection (a) shall be included in the gross income of the beneficiaries to whom the income is required to be distributed, whether distributed or not. If such amount exceeds the distributable net income, there shall be included in the gross income of each beneficiary an amount which bears the same ratio to distributable net income as the amount of income required to be distributed to such beneficiary bears to the amount of income required to be distributed to all beneficiaries.

(2) The amounts specified in paragraph (1) hereof shall have the same character and source in the hands of the beneficiary as in the hands of the trust. For this purpose, the amounts shall be treated as consisting of the same proportion of each class of items entering into the computation of distributable net income of the trust as the total of each class bears to the total distributable net
income of the trust, unless the terms of the trust specifically allocate different classes of income to different beneficiaries. In the application of the preceding sentence, the items of deduction entering into the computation of distributable net income shall be allocated among the items of distributable net income in accordance with the regulations prescribed by the Division of Taxation.

(d) If the taxable year of a beneficiary is different from that of the trust, the amount which the beneficiary is required to include in gross income in accordance with the provisions of this section shall be based upon the amount of income of the trust for any taxable year or years of the trust ending within or with his taxable year.

15. Section 27 of the act of which this act is amendatory is amended to read as follows:

27. (a) In any taxable year there shall be allowed as a deduction in computing the taxable income of an estate or trust (other than a trust to which section 26 applies), the sum of—

(1) any amount of income for such taxable year required to be distributed currently (including any amount required to be distributed which may be paid out of income or corpus to the extent such amount is paid out of income for such taxable year); and

(2) any other amounts properly paid or credited or required to be distributed for such taxable year;

but such deduction shall not exceed the distributable net income of the estate or trust.

(b) The amount determined under subsection (a) shall be treated as consisting of the same proportion of each class of items entering into the computation of distributable net income of the estate or trust as the total of each class bears to the total distributable net income of the estate or trust in the absence of the allocation of different classes of income under the specific terms of the governing
instrument. In the application of the preceding sentence, the items of deduction entering into the computation of distributable net income (including the deduction allowed under section 24(c)) shall be allocated among the items of distributable net income in accordance with regulations prescribed by the Division of Taxation.

(c) No deduction shall be allowed under subsection (a) in respect of any portion of the amount allowed as a deduction under that subsection (without regard to this subsection) which is treated under subsection (b) as consisting of any item of distributable net income which is not included in the gross income of the estate or trust.

(d) Subject to subsection (e), there shall be included in the gross income of a beneficiary to whom an amount specified in subsection (a) is paid, credited, or required to be distributed (by an estate or trust described in this section), the sum of the following amounts:

(1) The amount of income for the taxable year required to be distributed currently to such beneficiary, whether distributed or not. If the amount of income required to be distributed currently to all beneficiaries exceeds the distributable net income (computed without the deduction allowed by section 24(c), relating to deduction for charitable, et cetera, purposes) of the estate or trust, then, in lieu of the amount provided in the preceding sentence, there shall be included in the gross income of the beneficiary an amount which bears the same ratio to distributable net income (as so computed) as the amount of income required to be distributed currently to such beneficiary bears to the amount required to be distributed currently to all beneficiaries. For purposes of this section, the phrase “the amount of income for the taxable year required to be distributed currently” includes any amount required to be paid out of income or corpus to the extent
such amount is paid out of income for such taxable year.

(2) All other amounts properly paid, credited, or required to be distributed to such beneficiary for the taxable year. If the sum of—

(A) the amount of income for the taxable year required to be distributed currently to all beneficiaries, and

(B) all other amounts properly paid, credited, or required to be distributed to all beneficiaries

exceeds the distributable net income of the estate or trust, then, in lieu of the amount provided in the preceding sentence, there shall be included in the gross income of the beneficiary an amount which bears the same ratio to distributable net income (reduced by the amounts specified in (A)) as the other amounts properly paid, credited or required to be distributed to the beneficiary bear to the other amounts properly paid, credited, or required to be distributed to all beneficiaries.

(e) The amounts determined under subsection (d) shall have the same character and source in the hands of the beneficiary as in the hands of the estate or trust. For this purpose, the amounts shall be treated as consisting of the same proportion of each class of items entering into the computation of distributable net income as the total of each class bears to the total distributable net income of the estate or trust unless the terms of the governing instrument specifically allocate different classes of income to different beneficiaries. In the application of the preceding sentence, the items of deduction entering into the computation of distributable net income (including the deduction allowed under section 24 (e)) shall be allocated among the items of distributable net income in accordance with regulations prescribed by the Division of Taxation. In the application of this subsection to the amount
determined under paragraph (1) of subsection (d), distributable net income shall be computed without regard to any portion of the deduction under section 24 (e) which is not attributable to income of the taxable year.

(f) If the taxable year of a beneficiary is different from that of the estate or trust, the amount to be included in the gross income of the beneficiary shall be based on the distributable net income of the estate or trust and the amounts properly paid, credited, or required to be distributed to the beneficiary during any taxable year or years of the estate or trust ending within or with his taxable year.

16. Section 28 of the act of which this act is amendatory is amended to read as follows:

28. (a) An estate or trust may deduct from its gross income as the amount of the distributive share of its beneficiaries that amount which it reported or is about to report on its Federal income tax return as the distributive shares of its beneficiaries to the extent that such shares are derived from sources within such estate’s or trust’s source State. In no event shall such deduction exceed the distributable net income of the estate or trust. Where necessary, the distributive shares of the beneficiaries shall be reduced in proportion to their respective shares of Federal distributable net income.

Any amount deducted by an estate or trust pursuant to this section shall be deemed to be equal in amount to the deductions allowed such estate or trust pursuant to sections 26 and 27 of this act but if it shall appear to the Division of Taxation that the method prescribed by this section does not properly reflect the tax liability of an estate or trust or its beneficiaries, it may require such estate or trust to take the deductions provided in sections 26 and 27 of this act.

(b) If an estate or trust computes its deduction for distributions to beneficiaries in accordance with the provisions of this section, each beneficiary of such estate or trust subject to this tax shall include in his gross income the distributive share of his
which was deducted by the estate or trust. If it shall appear to the Division of Taxation that the distributive share of any taxpayer is not properly reflected as a result of computing such share in accordance with the provisions of this section, it may permit such taxpayer to compute his distributive share in accordance with the provisions of sections 26 and 27.

(c) The provisions contained in subsections (c) (2) and (d) of section 26 and subsection (b), (e) and (f) of section 27 of this act shall apply to the distributive shares of beneficiaries computed hereunder to the extent not inconsistent with the provisions of this section.

(d) The provisions set forth in subsection (d) of section 36 of this act concerning the reporting of a change or correction in the taxpayer’s Federal taxable income shall be applicable to any taxpayer who computes the amount of any distributive share in accordance with the provisions of this section.

17. Section 29 of the act of which this act is amendatory is amended to read as follows:

29. (a) The term “taxable year” means

(1) the taxpayer’s annual accounting period, if it is a calendar year or a fiscal year;

(2) the calendar year,
   (A) if the taxpayer keeps no books, or
   (B) the taxpayer does not have an annual accounting period, or
   (C) the taxpayer has an annual accounting period, but such period does not qualify as a fiscal year; or

(3) the period for which the return is made, if the return is made for a period of less than 12 months.

(b) The term “annual accounting period” means the annual period on the basis of which the taxpayer regularly computes his income in keeping his books.
(c) The term "calendar year" means a period of 12 months ending on December 31.
(d) The term "fiscal year" means a period of 12 months ending on the last day of any month other than December.

18. Section 31 of the act of which this act is amendatory is amended to read as follows:

31. (a) Individuals carrying on business in partnerships shall be liable for tax under this act only in their individual capacity. Each partner shall include in his gross income his distributive share, whether distributed or not, of the partnership's net income and net loss for the taxable year, or, where his taxable year is different, then for the taxable year of the partner in which ends the taxable year of the partnership.

(b) If a partner shall compute his gross income in accordance with section 32 of this act, he shall be entitled to take the deductions set forth in section 35(a) of the act. If such a partner's entire interest is sold, exchanged or liquidated, his distributive share of such income, gain or loss shall be included in his taxable year in which ends the partnership period ending with such transaction. Under this subsection, a partner's death does not constitute such liquidation.

Payments made in liquidation of the interest of a partner who retires or dies shall be taxed as a sale or exchange of such partner's interest in partnership assets, to the extent that they represent such interest, and the balance shall be taxed as the partner's distributive share of partnership income. Under this subsection, amounts paid for unrealized receivables or good will of the partnership shall not be included in payments representing a partner's interest in partnership assets except to the extent that the partnership agreement provides for payment with respect to good will.

(c) If a partner shall compute his gross income in accordance with the provisions of section 36 of this act, he shall not be entitled to take the deductions set forth in section 35(a) of this act.
(d) In determining the extent to which a partner’s distributive share is derived from sources within his source State, no effect shall be given to a provision in the partnership agreement which

1. characterizes payments to the partner as being for services or for the use of capital, or
2. allocates to the partner, as income or gain derived from sources outside his source State, a greater proportion of his distributive share of partnership income or gain than the ratio of partnership income or gain derived from sources outside his source State to partnership income or gain from all sources, except as authorized in subsection (e), or
3. allocates to the partner a greater proportion of a partnership item of loss or deduction derived from sources within his source State than his proportionate share of partnership loss or deduction from all sources, except as authorized in subsection (e).

(e) The Division of Taxation may adopt regulations to authorize the use of such other methods of determining a partner’s portion of partnership items derived from sources within his source State, and the modifications related thereto, as may be appropriate and equitable to insure that only that portion of a partner’s distributive share derived from sources within his source State shall be included within such share.

19. Section 32 of the act of which this act is amendatory is amended to read as follows:

32. Except as otherwise provided in this act or by regulations pursuant to this act, a taxpayer shall compute his gross income by totaling his gains, losses, profits and income derived from salaries, wages or compensation for personal services, of whatever kind and in whatever form paid, or from professions, vocations, trades, businesses, commerce, or sales, or dealings in property of whatever nature, growing out of the ownership or use of or
interest in such property; also from interest, rent, royalties, dividends, securities, or the transaction of any business carried on for gain or profits and income derived from any source whatever within the source State, including prizes and awards (other than those primarily in recognition of some achievement in the arts, sciences or public interest without active entry by the recipient and without requirement that he render substantial future services as a condition), or gains or profits or income derived through estates or trusts by the beneficiaries thereof, whether as distributed or distributive shares. In any case, the term “gross income” shall include capital gains or capital losses only to the extent provided in section 39 of this act.

20. Section 33 of the act of which this act is amendatory is amended to read as follows:

33. (a) Income from intangible personal property, including annuities, dividends, interest, and gains from the disposition of intangible personal property, shall constitute income derived from sources within the taxpayer’s source State only to the extent that such income is from property employed in a business, trade, profession, or occupation carried on in his source State.

(b) Compensation paid by the United States for service in the Armed Forces of the United States, performed by an individual during an induction period, shall not constitute income derived from sources within his source State.

(c) There shall be excluded from gross income all amounts received:

(1) as a pension or retirement allowance,
(2) under a life insurance contract payable by reason of death,
(3) under a workmen’s compensation act for personal injuries or sickness,
(4) through accident and health insurance for personal injuries or sickness except to the extent that such amounts are paid by or are attributable to contributions by the employer,
(5) by gift, bequest, devise or inheritance,
(6) which constitute payments in lieu of wages during a period of absence from work because of personal injury or sickness but such amounts shall not exceed a weekly rate of $100.00. In the case of absence on account of sickness, amounts attributable to the first 7 calendar days shall not be included unless the employee was hospitalized for at least 1 day during such 7 day period.

(d) In the case of a taxpayer who computes his gross income in accordance with the provisions of section 36, income and other amounts excluded from gross income under the provisions of this section shall be excluded only to the extent that such income and amounts would otherwise be included in Federal adjusted gross income.

21. Section 35 of the act of which this act is amendatory is amended to read as follows:

Section 35 of the act of which this act is amendatory is amended to read as follows:

35. (a) In the computation of net income, the taxpayer may deduct from gross income the ordinary and necessary expenditures directly connected with or pertaining to the taxpayer’s trade or business; the ordinary and necessary nonbusiness or nontrade expenditures paid or incurred for the production or collection of income which, if and when realized, will be required to be included in income for the purpose of taxation under this act, or for the management, conservation or maintenance of property held for the production of such income but such deductions from gross income are allowable only if, and to the extent that, they are connected with income arising from sources within taxpayer’s source State and taxable under this act.

(b) The taxpayer may also deduct from his gross income, in lieu of his standard deduction:

(1) Deductions for charitable contributions as defined in section 37(b)(5) but limited to his source State or to any political subdivision thereof, or to any corporation, trust, commun-
ity chest, fund, foundation or other entity organized or operated under the laws of his source State;

(2) Deductions for alimony or separate maintenance payments includible in the gross income of a recipient subject to tax under this act;

(3) Deductions for losses of real or tangible personal property having an actual situs in his source State, arising from fire, storm, shipwreck or other casualty, or from theft;

(4) Deductions, with respect to real or tangible personal property having an actual situs in his source State, for losses (other than capital losses) incurred in any transaction entered into for profit but not connected with the taxpayer’s trade or business; and

(5) Deductions determined under regulations of the Division of Taxation to be connected with his gross income, except deductions for income taxes imposed by this State or any other taxing jurisdiction.

22. Section 36 of the act of which this act is amendatory is amended to read as follows:

36. (a) The Legislature hereby finds and determines that to permit taxpayers under this act to compute their gross income for tax purposes from the Federal adjusted gross income figure used in their tax returns to the Federal Government will reduce the cost and simplify the administration of this act, and will simplify the preparation of State income tax returns by taxpayers. The Legislature further finds and determines that such method of computing gross income will not materially reduce and may increase the amount of revenue derived with respect to this act; and, therefore, directs that each taxpayer be permitted, as an alternative to the method prescribed by section 32 of this act, to compute his gross income as provided in subsection (b) of this section.
(b) A taxpayer computing his gross income under the provisions of this subsection shall:

(1) determine the net amount of income, gain, loss and deduction entering into his Federal adjusted gross income for the taxable year which is derived from sources within his source State, including:

(A) his distributive share of partnership income, gain, loss and deduction derived from sources within his source State, and

(B) his share of estate and trust income, gain, loss and deduction derived from sources within his source State.

(2) add to such amount the following types of income and gain derived from the sources of income and gain listed below:

(A) interest income from the obligations of any State or political subdivision thereof except where, by the laws of such State, its own taxpayers are exempted from taxation with respect to such interest income, subject to the provisions of section 33;

(B) interest or dividend income from the obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from Federal income taxation, but not from State income taxation, subject to the provisions of section 33;

(C) amounts deductible with respect to income taxes imposed by this State or any other taxing jurisdiction in determining Federal adjusted gross income unless such amounts are credited against Federal income tax; and

(D) amounts deductible with respect to interest on indebtedness which is incurred
or continued in order to purchase or retain securities or obligations the income from which is exempt from tax under this act, subject to the provisions of section 33;

(3) subtract from such net amount the following types of income and gain derived from the sources of income and gain listed below:

(A) interest income from obligations of the United States and its possessions to the extent that such interest is includible in gross income for Federal income tax purposes;
(B) interest or dividend income from the obligations or securities of any authority, commission or instrumentality of the United States, to the extent that such amounts of income are includible in gross income for Federal income tax purposes, and exempt from State income taxation under the laws of the United States;
(C) interest or dividend income from obligations or securities to the extent that such income is exempted from taxation by the laws of this State authorizing the issuance of the underlying obligations and securities and includible in gross income for Federal income tax purposes;
(D) the amount of any refund or credit for overpayment of income taxes imposed by this State or any other taxing jurisdiction, to the extent that such refund is includible in gross income for Federal income tax purposes.

(4) There may be provided by regulation such modifications as shall be necessary to ensure that only that portion of the taxpayer's Federal adjusted gross income which is derived from sources within his source State shall be included in his gross income for purposes of this act.
(c) A taxpayer who computes his gross income in accordance with the provisions of this section shall not be entitled to the deductions set forth by section 35 (a) but, in lieu of the standard deduction, shall be permitted the deductions in sections 35 (b) and 37 of this act.

(d) The amount of the gross income of a taxpayer computed in accordance with the provisions of this section shall be conclusively presumed by the Division of Taxation to be the same as such taxpayer's gross income would have been if computed in accordance with the provisions of section 32 except that if the amount of a taxpayer's Federal adjusted gross income is changed or corrected by the taxpayer or the United States Internal Revenue Service or other competent authority, or as the result of a renegotiation of a contract or subcontract with the United States, the taxpayer shall report such change or correction in Federal taxable income within 90 days after the final determination of such change, correction, or renegotiation, or as otherwise required by regulation, and shall concede the accuracy of such determination or state wherein it is erroneous. Any taxpayer filing an amended Federal income tax return shall also file within 90 days thereafter an amended return under this act, and shall give such information as the Division of Taxation may require. There may be provided by regulation such exceptions to the requirements of this section as may be necessary to carry out the purposes of this section.

23. Section 37 of the act of which this act is amendatory is amended to read as follows:

37. (a) In addition to the deductions authorized in section 35 (b), any taxpayer shall be allowed the deductions itemized in this section to the same extent that such deductions are allowed to New Jersey residents who are subject to the income tax laws of a critical area State other than New Jersey. To the extent that any deduction itemized in this section has been taken by a taxpayer to compute his Federal adjusted gross income, such deductions
shall not be allowed to a taxpayer computing his gross income in accordance with the provisions of section 36 of this act.

(b) Subject to the limitations expressed in subsection (a) hereof and any other limitations set forth in this act, the following deductions shall be allowed:

(1) Deduction of interest paid or accrued within the taxable year on indebtedness, except interest on indebtedness incurred or continued to purchase or carry obligations or securities the income from which is exempt from tax under this act.

(2) Deduction of taxes paid or accrued within the taxable year except—

(A) income taxes imposed by this State or any other taxing jurisdiction,

(B) Federal import duties, excise and stamp taxes,

(C) estate, inheritance, legacy, succession and gift taxes, and

(D) taxes assessed against local benefits of a kind tending to increase the value of the property assessed.

(3) Deduction of losses sustained during the taxable year, not compensated by insurance or otherwise, except—

(A) losses, not incurred in a trade or business or in any transaction entered into for profit, shall be allowed only if they arise from fire, storm, shipwreck or other casualty or from theft, and

(B) losses from gambling activities shall be allowed only to the extent of the gains from such activities;

(4) Deduction of any charitable contribution payment of which is made within the taxable year to the extent that the aggregate of such contributions does not exceed 20% of the taxpayer’s gross income.
In addition, there shall be allowed a deduction of any charitable contribution not in excess of 10% of the taxpayer’s gross income which is made by the taxpayer within the taxable year to a religious organization, an educational organization which normally maintains a regular faculty and has a regularly enrolled body of students in attendance, or an organization, the principal purposes or functions of which are the providing of medical or hospital care or medical education or medical or agricultural research.

For the purposes of this section, the term “charitable contribution” means a contribution or gift to or for the use of

(A) A State, a territory, a possession of the United States, or any political subdivision of any of the foregoing, or the United States or the District of Columbia, but only if the contribution or gift is made for exclusively public purposes.

(D) A domestic fraternal society, order, or association, operating under the lodge system, but only if such contribution or gift is to be used exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals.

(E) A cemetery company owned and operated exclusively for the benefit of its members or any corporation chartered solely for burial purposes as a cemetery corporation and not permitted by its charter to engage in any business not necessarily incident to that purpose, if such company or corporation is not operated for profit and no part of the net earnings of such company or corporation inures to the benefit of any private shareholder or individual.

(5) (A) Deduction of expenses paid during the taxable year, not compensated for by insurance or otherwise, for medical care of the taxpayer, his spouse or a dependent as follows:

(i) If neither the taxpayer nor his spouse has attained the age of 65 before the close of the taxable year—

(a) the amount of such expenses for the care of any dependent who —

(1) is the mother or father of the taxpayer or of his spouse, and

(2) has attained the age of 65 before the close of the taxable year, and
(b) the amount by which such expenses for the care of the taxpayer, his spouse, and such dependents (other than any dependent described in paragraph (a) of this subsection) exceed 3% of gross income.

(C) Except as provided in subsection (E), the deduction under this section shall not exceed $2,500.00, multiplied by the number of $600.00 exemptions allowed for the taxable year as a deduction under section 10 of this act (other than exemptions relating to additional exemptions for age or blindness); except that the maximum deduction under this section shall be—

(i) $5,000.00, if the taxpayer is single and not the head of a household and not a surviving spouse or is married but files a separate return; or

(ii) $10,000.00, if the taxpayer files a joint return with his spouse or is the head of a household or a surviving spouse.
(D) For purposes of subsection (A), expenses for the medical care of the taxpayer which are paid out of his estate during the one-year period beginning with the day after the date of his death shall be treated as paid by the taxpayer at the time incurred.

(E) (i) Subject to the provisions of paragraph (ii) hereunder the deduction under this subsection shall not exceed—

(a) $15,000.00, if the taxpayer has attained the age of 65 before the close of the taxable year and is disabled, or if his spouse has attained the age of 65 before the close of the taxable year and is disabled and if his spouse does not make a separate return for the taxable year, or

(a) amounts paid by the taxpayer during the taxable year for medical care, other than amounts paid for—

(1) his medical care, if he has attained the age of 65 before the close of the taxable year and is disabled, or

(2) the medical care of his spouse, if his spouse has attained the age of 65 before the close of the taxable year and is disabled, shall be taken into account only to the extent that such amounts do not exceed the maximum limitation provided in subsection (C) herein which would (but for the provisions of this subsection) apply to the taxpayer for the taxable year;
(b) if the taxpayer has attained the age of 65 before the close of the taxable year and is disabled, amounts paid by him during the taxable year for his medical care shall be taken into account only to the extent that such amounts do not exceed $15,000.00; and

(c) if the spouse of the taxpayer has attained the age of 65 before the close of the taxable year and is disabled, amounts paid by the taxpayer during the taxable year for the medical care of his spouse shall be taken into account only to the extent that such amounts do not exceed $15,000.00.

(iii) For purposes of paragraph (i) hereunder, an individual shall be considered to be disabled if he is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or to be of long-continued and indefinite duration. An individual shall not be considered to be disabled unless he furnishes proof of the existence thereof in such form and manner as the Division of Taxation may require.

(iv) For purposes of paragraph (i) hereunder, the determination as to whether the taxpayer or his spouse is disabled shall be made as of the close of the taxable year of the taxpayer, except that if his spouse dies during such taxable year such determination shall be made with respect to his spouse as of the time of such death.

(6) Deduction for expenses paid during the taxable year by a taxpayer who is a woman or a widower for the care of the taxpayer's child or stepchild under the age of 12 years but only if such care is for the purpose of enabling the taxpayer to be gain-
fully employed but such deduction shall not exceed $600.00 for any taxable year.

In the case of a married woman, this deduction shall be allowed only if she files a joint return with her husband. To the extent that the gross income of the taxpayer and her husband exceeds $4,500.00, the deduction shall be reduced by a like amount unless such husband is incapable of self-support.

(7) Deduction for amounts paid by a husband to his wife for alimony, support or separate maintenance pursuant to a court decree or for support or maintenance pursuant to a written separation agreement.

(8) In addition to any deductions taken under section 35(a) of this act or in the computation of Federal adjusted gross income in the case of a taxpayer who has computed his gross income in accordance with the provisions of section 36 of this act, there shall be allowed a deduction for all the ordinary and necessary expenses paid or incurred by a taxpayer, including traveling expenses while away from home, as an employer or an employee during the taxable year in carrying on or working at any trade or business.

(9) Deduction for net premiums paid or incurred by a taxpayer during the taxable year with respect to any life insurance or endowment policy upon his life, but such deduction shall not exceed $150.00 in the aggregate.

(e) Any taxpayer who elects to take the itemized deductions allowed in this section shall be permitted to take the full amount of the deduction permitted in section 35(b) and in this section except that if (a) his gross income, as defined in section 7, is exceeded by (b) his entire gross income by more than $100.00, his itemized deductions allowed in section 35(b) and this section shall be limited by the percentage which (a) is of (b). The manner for determining a taxpayer’s entire gross income shall be provided by regulation. Such regulations may
authorize the use of Federal adjusted gross income for this purpose.

24. Section 39 of the act of which this act is amendatory is amended to read as follows:

39. (a) The net capital gain or loss of a taxpayer shall be computed by totaling the gains from sales or other dispositions during the taxable year of capital assets having an actual situs within the source State and subtracting therefrom the losses from sales or other dispositions of capital assets having an actual situs in the source State.

(b) (1) In any taxable year in which a taxpayer has a net capital loss such loss shall be allowed as a deduction from gross income only to the extent of $1,000.00 or the taxpayer’s net income whichever is lower.

(2) Subject to the limitation of paragraph (1) hereof, if for any taxable year the taxpayer has a net capital loss, the amount thereof shall be treated as a capital loss and deductible from gross income in each of the 5 succeeding taxable years to the extent that such amount exceeds the total of any net capital gains of any taxable years intervening between the taxable year in which the net capital loss arose and such succeeding taxable year. For purposes of this section, a net capital gain shall be computed without regard to such net capital loss or to any net capital losses arising in any such intervening taxable years.

(c) In any taxable year in which the net capital gain exceeds the net capital loss, 50 percent of the amount of such excess shall be a deduction from gross income. In the case of an estate or trust, the deduction shall be computed by excluding the portion (if any), of the gains for the taxable year from sales or exchanges of capital assets, which, under sections 26, 27 or 28 (relating to inclusions of amounts in gross income of beneficiaries of trusts), is includible by the income beneficiaries as gain derived from the sale or exchange of capital assets.
25. Section 40 of the act of which this act is amendatory is amended to read as follows:

40. In computing net income and net capital gain no deduction shall in any case be allowed in respect of:

a. Personal, living, or family expenses.

b. Any amount paid out for new buildings or for permanent improvements or betterments made to increase the value of any property or estate.

c. Any amount expended in restoring property or in making good the exhaustion thereof for which an allowance is or has been made.

d. Any amount otherwise allowable as a deduction which is allocable to income not required to be included in gross income for the purposes of this act, unless allowed by regulation, which shall also provide for the apportionment or allocation of such deductions as between income which would be required to be included in gross income under this act and income which would not be required to be so included.

26. Section 42 of the act of which this act is amendatory is amended to read as follows:

42. (a) The basis of property, except as otherwise provided in this act, shall be the cost of such property.

(1) If the property should have been included in the last inventory, the basis shall be the last inventory value thereof.

(2) The basis of property in the hands of a person acquiring the property from a decedent other than by purchase or to whom the property passed from a decedent shall, if not sold, exchanged, or otherwise disposed of before the decedent’s death by such person, be the fair market value of the property at the date of the decedent’s death.

(3) If the property was acquired by gift the basis shall be the same as it would be in the hands of the donor or the last preceding owner by whom it was not acquired by gift, except that if such basis is greater than the fair
market value of the property at the time of the gift, then for the purpose of determining loss the basis shall be such fair market value.  

(4) If the basis of property cannot otherwise be established, the basis of such property shall be the fair market value at the time of acquisition.

(b) The gain from the sale or other disposition of property shall be the excess of the amount realized over the basis of such property and the loss shall be the excess of the basis of such property over the amount realized.

27. Section 43 of the act of which this act is amendatory is amended to read as follows:

43. The Division of Taxation is authorized to enter into a written agreement with any taxpayer relating to the liability of such taxpayer in respect of any tax, fee, penalty or interest heretofore or hereafter imposed by this act, if it is found that such agreement is in the best interests of the State, which agreement shall be final and conclusive, and except upon a showing of fraud, malfeasance, or misrepresentation of a material fact:

(a) the case shall not be reopened as to the matters agreed upon or the agreement modified, by any officer, employee, or agent of this State, and

(b) in any suit, action, or proceeding, such agreement, or any determination, assessment, collection, payment, cancellation, refund or credit made in accordance therewith, shall not be annulled, modified, set aside or disregarded.

28. Section 44 of the act of which this act is amendatory is amended to read as follows:

44. (a) On or before the filing date prescribed in section 18 of this act, an income tax return shall be made and filed by or for:

(1) every individual having a gross income derived from sources within his source State in excess of the sum of his personal exemptions allowed in section 10 of this act; and
(2) every estate and trust having a gross income derived from sources within its source State in excess of its exemption allowed in section 24 of this act.

(b) (1) If the Federal income tax liability of husband or wife is determined on a separate Federal return, their New Jersey income tax liabilities and returns shall be separate.

(2) If the Federal income tax liabilities of husband and wife (other than a husband and wife described in paragraph (3)) are determined on a joint Federal return, or if neither files a Federal return:

(A) they shall file a joint New Jersey income tax return, and their tax liabilities shall be joint and several, or

(B) they may elect to file separate New Jersey income tax returns on a single form if they comply with the requirements of the Division of Taxation in setting forth information, and in such event their tax liabilities shall be separate.

(3) If either husband or wife is a resident and the other is a nonresident, they shall file separate New Jersey income tax returns on such single or separate forms as may be required by the Division of Taxation, and in such event their tax liabilities shall be separate.

(c) The return for any deceased individual shall be made and filed by his fiduciary or other person charged with his property.

(d) The return for an individual who is unable to make a return by reason of minority or other disability shall be made and filed by his fiduciary or other person charged with the care of his person or property (other than a receiver in possession of only a part of his property), or by his duly authorized agent.

(e) The return for an estate or trust shall be made and filed by the fiduciary.
(f) If 2 or more fiduciaries are acting jointly, a return may be made by any one of them.

(g) Any tax under this act, and any increase, interest or penalty thereon, shall, from the time it is due and payable, be a personal debt of the person liable to pay the same, to the State of New Jersey.

(h) If the amount of net income for any year of any taxpayer as returned to the United States Treasury Department or to an appropriate State officer is changed or corrected by the taxpayer or the Commissioner of Internal Revenue or other officer of the United States or other competent authority, or where a renegotiation of a contract or subcontract with the United States results in a change in net income, such taxpayer shall report such change or corrected net income, or the results of such renegotiation, within 90 days after the final determination of such change or correction or renegotiation, or as required by regulation, and shall concede the accuracy of such determination or state wherein it is erroneous. Any taxpayer filing an amended return with such department or officer shall also file within 90 days thereafter an amended return in this State which shall contain such information as the regulations shall require.

29. Section 45 of the act of which this act is amendatory is amended to read as follows:

45. (a) If a taxpayer during the taxable year changes his status from that of a resident to that of nonresident, or from that of nonresident to that of resident, he shall file 2 returns, one as a resident covering the fraction of the year during which he was a resident, and one as a person other than a resident covering the fraction of the year during which he was a nonresident. There shall be included in the return for the period prior to the change of residence amounts accrued up to the date of such change, if not otherwise properly includible in respect of such period or prior period, and any amounts not includible in respect of such period or a prior period by reason of an election to report on an installment basis, provided, however, that the
taxpayer may at his option exclude such amounts in computing net income for such period if he files a bond in such amount and with such sureties as it may be required by regulation, conditioned upon the return as income of such amounts, in the same manner as such amounts would be returnable as income by the taxpayer if he had not changed his residence.

(b) Where 2 returns are required under this section, the total of the taxes due thereon shall not be less than would be due if the net incomes reportable on the 2 returns were includible in one return.

(c) Where 2 returns are required under this section: (1) the exemptions allowable under sections 10 and 24, and the specific credit allowable under section 15 shall be prorated, under regulations of the Division of Taxation, between the 2 returns to reflect the portions of the entire taxable year during which the individual was a resident and a nonresident; and

(2) the standard deduction allowable on each return shall be 10% or $1,000.00 prorated according to the period covered by the return, whichever is less.

30. Section 46 of the act of which this act is amendatory is amended to read as follows:

46. Every partnership shall make an informational return for each taxable year, stating specifically the items of its gross income, capital gains, capital losses and the deductions allowed by this act, and shall include the amount of the distributive share of each individual whether such distributive share has been distributed or not. The return shall be executed by any one of the partners.

31. Section 47 of the act of which this act is amendatory is amended to read as follows:

47. (a) A person required to make and file a return under this act shall, without assessment, notice or demand, pay any tax due thereon to the Division of Taxation on or before the date fixed for filing such return (determined without regard to
any extension of time for filing the return). The Division of Taxation shall prescribe by regulation the place for filing any return, declaration, statement, or other document required pursuant to this act and for payment of any tax.

(b) Any return, declaration, statement or other document required to be made pursuant to this act shall be signed in accordance with regulations or instructions prescribed by the Division of Taxation. The fact that an individual’s name is signed to a return, declaration, statement, or other document, shall be prima facie evidence for all purposes that the return, declaration, statement or other document was actually signed by him.

(c) The making or filing of any return, declaration, statement or other document or copy thereof required to be made or filed pursuant to this act, including a copy of a Federal return, shall constitute a certification by the person making or filing such return, declaration, statement or other document or copy thereof that the statements contained therein are true and that any copy filed is a true copy.

32. Section 48 of the act of which this act is amendatory is amended to read as follows:

48. (a) A taxpayer’s taxable year under this act shall be the same as his taxable year for Federal income tax purposes.

(b) If a taxpayer’s taxable year is changed for Federal income tax purposes, his taxable year for purposes of this act shall be similarly changed. If a taxable year of less than 12 months results from a change of taxable year, the standard deduction, the exemptions and the specific credit (allowable under section 15) shall be prorated under regulations of the Division of Taxation.

(c) A taxpayer’s method of accounting under this act shall be the same as his method of accounting for Federal income tax purposes. Net income shall be computed under such method as shall be prescribed by the Division of Taxation to reflect income.
(d) (1) If a taxpayer’s method of accounting is changed for Federal income tax purposes, his method of accounting for purposes of this act shall be similarly changed.

(2) If a taxpayer’s method of accounting is changed, other than from an accrual to an installment method, any additional tax which results from adjustments determined to be necessary solely by reason of the change shall not be greater than if such adjustments were ratably allocated and included for the taxable year of the change and the preceding taxable years, not in excess of 2, during which the taxpayer used the method of accounting from which the change is made.

(3) If a taxpayer’s method of accounting is changed from an accrual to an installment method, any additional tax for the year of such change of method and for any subsequent year which is attributable to the receipt of installment payments properly accrued in a prior year, shall be reduced by the portion of tax for any prior taxable year attributable to the accrual of such installment payments, in accordance with regulations of the Division of Taxation.

33. Section 49 of the act of which this act is amendatory is amended to read as follows:

49. (a) Every employer required to deduct and withhold tax under this act shall, for each calendar quarter, on or before the last day of the month following the close of such calendar quarter, file a withholding return as prescribed by the Division of Taxation and pay over to the Division of Taxation the taxes so required to be deducted and withheld; but the Division of Taxation may, by regulation, provide that every such employer shall on or before the fifteenth day of each month pay over to the Division of Taxation, or a depositary designated by the Division of Taxation, the taxes so required to be deducted and withheld if such taxes aggregate $100.00 or more for the preceding calendar month. Where the aggregate amount so deducted and withheld by any employer is less than
$25.00 in a calendar quarter and the aggregate for
the calendar year can reasonably be expected to
be less than $100.00, the Division of Taxation may
by regulation permit an employer to file an annual
return. The Division of Taxation may, if it believes
such action necessary for the protection of the
revenues, require any employer to make such return
and pay to it the tax deducted and withheld at any
time, or from time to time.

(b) Whenever any employer fails to collect,
truthfully account for, pay over the tax, or make
returns of the tax as required in this section, the
Division of Taxation may serve a notice requiring
such employer to collect the taxes which become
collectible after service of such notice, to deposit
such taxes in a bank approved by the Division of
Taxation in a separate account, in trust for and
payable to the Division of Taxation and to keep
the amount of such tax in such account until pay-
ment over to the Division of Taxation. Such notice
shall remain in effect until a notice of cancellation
is served by the Division of Taxation.

34. Section 50 of the act of which this act is
amendatory is amended to read as follows:

50. Every employer required to deduct and with-
hold tax under this act is hereby made liable for
such tax. For such purposes any amount required
to be withheld and paid over to the Division of
Taxation shall be considered the tax of the em-
ployer. Any amount of tax actually deducted and
withheld under this act shall be held to be a special
fund in trust for the Division of Taxation. No
employee shall have any right of action against his
employer in respect to any moneys deducted and
withheld from his wages and paid over to the Di-
vision of Taxation in compliance or in intended
compliance with this act.

35. Section 51 of the act of which this act is
amendatory is amended to read as follows:

51. (a) If an employer fails to deduct and with-
hold tax as required, and thereafter the tax against
which such tax may be credited is paid, the tax so
required to be deducted and withheld shall not be collected from the employer, but the employer shall not be relieved from liability for any penalties, interest, or additions to the tax otherwise applicable in respect of such failure to deduct and withhold.

(b) If any employer shall fail to make a return and pay a tax withheld by him at the time required by or under the provisions of this act, such employer shall be liable for such tax and shall pay the same together with all penalties and interest charges thereon as provided in the case of any taxpayer under section 53 of this act, and such additional amount of penalties and interest shall in no case be charged to or collected from the taxpayer by said employer. The Division of Taxation shall have the same rights and powers for the collection of such tax, penalties and interest against such employer as are now prescribed by this act for the correction of a tax against a taxpayer.

36. Section 52 of the act of which this act is amendatory is amended to read as follows:

52. If it shall appear to the satisfaction of the division, based upon an opinion of the Attorney General of this State, that any person whose wages, salaries or commissions are subject to deduction and withholding are liable for tax upon the same income under the law of the State of which he is a resident, under circumstances such as will entitle him to a reciprocity credit under this act sufficient to offset all taxes imposed hereunder, and that such State makes payment to the division of amounts deducted and withheld on account of earnings and gains derived by residents of this State from sources within such State and subject to tax under this act, the division may, by regulation, relieve residents of such State from being required to make any return under this act, and, upon the filing of such proofs as the regulations may require, relieve the employer of such taxpayers from the requirement to deduct and withhold any amount otherwise required by this act, for such period as the conditions herein stated continue to be satisfied; but the
division may, notwithstanding the existence of such conditions, continue to require the making of such returns and the deduction and withholding of such amounts whenever it determines such action is appropriate or reasonably required to insure compliance with this act or whenever an appropriate official of such other State certifies that such State desires that such deduction and withholding be continued.

The division may consider amounts withheld under the provisions of this act as withheld for the benefit of the State of which such persons are resident but such amounts shall not be paid over to such State unless such State has complied with the provisions of this act and is thereby entitled to such amounts. Any amounts withheld, however, may be expended for any of the purposes specified in section 20 of this act.

37. Section 53 of the act of which this act is amendatory is amended to read as follows:

53. Any taxpayer who shall fail to file his return when due shall be liable to a penalty of $2.00 for each day of delinquency, which penalty shall be payable to, and recoverable by, the Division of Taxation as a part of the tax herein imposed. If any tax be not paid when the same becomes due, as herein provided, there shall be added to the amount of the tax a sum equivalent to 5% thereof, as a penalty, and, in addition thereto, interest at the rate of 1% per month or fraction thereof from the date the tax became due until the same be paid. If the Division of Taxation determines that the failure to comply with any provision of this act was excusable under the circumstances, it may abate or remit such part or all of the penalty as shall be appropriate under such circumstances.

38. Section 56 of the act of which this act is amendatory is amended to read as follows:

56. All the powers, duties and responsibilities vested in the Division of Taxation by this act shall be exercised by the director thereof or his duly designated representative.
39. There is hereby appropriated $250,000.00 from the general treasury to the Division of Taxation for the expense of administering and enforcing the “emergency transportation tax act” in the fiscal year ending June 30, 1962, provided, however, that this amount shall not be deemed to be in addition to any amounts heretofore appropriated for such purposes and the total amount appropriated by this or any act supplemental to the “emergency transportation tax act” for this fiscal period shall not exceed $250,000.00.

40. Any supplement to the “emergency transportation tax act” heretofore adopted is hereby repealed.

41. This act shall take effect immediately.
Approved December 22, 1961.

1. Section 30:6-3 of the Revised Statutes is amended to read as follows:

30:6-3. Any person of either sex, above the age of 18 years, who by reason of blindness is unable to earn sufficient money to provide for the necessities of life, and who has no relatives or other person able to provide and legally responsible for his maintenance, excepting that grandchildren even if able to provide shall not be legally responsible for his maintenance, and who, if not relieved, would lack adequate support, is a proper person to make application to the welfare board of the county wherein he resides for the relief granted by this article.

Any person making application under the terms of this article shall first have been a resident of this State continuously for one year immediately prior to the making of such application.

Whenever anyone deemed a proper person to make application for relief as provided for in this article shall make application to the welfare board, the welfare board shall fully investigate and establish the facts as set forth in the petition and as outlined above, as well as other facts it deems necessary, including the county of the State in which the applicant has last resided continuously for one year. Upon completion of its investigation the welfare board shall then present a recommendation, together with a copy of the application and record of its investigation, to the commission for relief for the person named in order that the commission may ameliorate the condition of the blind person named, in the manner set forth in this article; but
the sum asked for or granted shall be sufficient when added to all other income and support of the individual to provide such person with a reasonable subsistence compatible with decency and health.

In determining need, the commission shall take into consideration all income and resources of the individual claiming relief, except that, in making such determination, the commission shall disregard the first $85.00 per month of earned income plus 1/2 of earned income per month in excess of such $85.00.

The welfare board may in its discretion order the petitioner to appear before it or its representatives appointed to act with the commission in establishing the facts set forth in the petition, or may make such further investigation as it deems necessary. Whenever the facts set forth in the petition shall have been fully established, the welfare board shall recommend relief in the amount provided by law.

The commission shall supervise the administration by the counties of the relief made available hereunder, and shall establish and enforce such rules and regulations as may appear necessary or desirable to carry out the provisions of this act. All such rules and regulations shall be binding upon the county departments.

The commission shall further establish and enforce reasonable rules and regulations governing the custody, use and preservation of the records, papers, files and communications of the department. The use of such records, papers, files and communications by any other agency or department of government to which they may be furnished shall be limited to the purpose for which they are furnished and by the provisions of the law under which they may be furnished. The commission shall have power to enter into reciprocal agreements with appropriate public agencies in other States whereby blind assistance benefits may be extended to New Jersey residents living in other States or to residents of other States living in New Jersey on a reciprocal basis, and shall have the power to waive the eligibility requirement of residence for
any individual coming within the purview of any such reciprocal agreement.

All relief granted under this article is granted with the understanding that the amount is to be available only for the use of the commission, which shall expend it only on behalf of the person named in the petition and for whom the relief is granted.

Any applicant or recipient whose claim with respect to blind assistance is denied or is not acted upon with reasonable promptness by the commission or the county welfare board, may appeal to the State board or to its designated representative in the manner prescribed by the State board, and shall be afforded reasonable notice and opportunity for a fair hearing by the State board. All decisions of the State board shall be final and shall be binding upon and shall be complied with by the county welfare board.

Nothing contained herein shall be construed to affect the right of any applicant to secure relief through a proceeding in lieu of prerogative writ.

2. This act shall take effect immediately.

Approved January 8, 1962.

CHAPTER 141

An Act to amend "An act to facilitate vehicular traffic in the State of New Jersey by providing for the construction, maintenance, repair and operation of turnpike projects; creating the New Jersey Turnpike Authority and defining its powers and duties; providing for financing such projects by the issuance of turnpike revenue bonds of the authority, payable solely from the tolls, other revenues and proceeds of such bonds; and providing for the collection of tolls and other revenues to pay the cost of construction, maintenance, repair and operation of such projects and to pay such bonds and the interest thereon," approved October 27, 1948 (P. L. 1948, c. 454), as said title was amended by chapter 1 of the laws of 1950.

Be it enacted by the Senate and General Assembly of the State of New Jersey:
1. Section 6 of the act of which this act is amendatory is amended to read as follows:
6. Incidental powers. The authority shall have power to construct grade separations at intersections of any turnpike project with public highways and to change and adjust the lines and grades of such highways so as to accommodate the same to the design of such grade separation. The cost of such grade separations and any damage incurred in changing and adjusting the lines and grades of such highways shall be ascertained and paid by the authority as a part of the cost of such turnpike project.

If the authority shall find it necessary to change the location of any portion of any public highway, it shall cause the same to be reconstructed at such location as the authority shall deem most favorable and of substantially the same type and in as good condition as the original highway. The cost of such reconstruction and any damage incurred in changing the location of any such highway shall be ascertained and paid by the authority as a part of the cost of such turnpike project.

Any public highway affected by the construction of any turnpike project may be vacated or relocated by the authority in the manner now provided by law for the vacation or relocation of public roads, and any damages awarded on account thereof shall be paid by the authority as a part of the cost of such project.

In addition to the foregoing powers the authority and its authorized agents and employees may enter upon any lands, waters and premises in the State for the purpose of making surveys, soundings, drillings and examinations as it may deem necessary or convenient for the purposes of this act, and such entry shall not be deemed an entry under any condemnation proceedings which may be then pending. The authority shall make reimbursement for any actual damages resulting to such lands, waters and premises as a result of such activities.

The authority shall also have power to make reasonable regulations for the installation, construction, maintenance, repair, renewal, relocation
and removal of tracks, pipes, mains, conduits, cables, wires, towers, poles and other equipment and appliances (herein called "public utility facilities") of any public utility as defined in section 27:7-1 of the Revised Statutes, in, on, along, over or under any turnpike project. Whenever the authority shall determine that it is necessary that any such public utility facilities which now are, or hereafter may be, located in, on, along, over or under any turnpike project, shall be relocated in such turnpike project, or should be removed from such turnpike project, the public utility owning or operating such facilities shall relocate or remove the same in accordance with the order of the authority; provided, however, that the cost and expenses of such relocation or removal, including the cost of installing such facilities in a new location, or new locations, and the cost of any lands, or any rights or interests in lands, and any other rights, acquired to accomplish such relocation or removal, shall be ascertained and paid by the authority as a part of the cost of such turnpike project. In case of any such relocation or removal of facilities, as aforesaid, the public utility owning or operating the same, its successors or assigns, may maintain and operate such facilities, with the necessary appurtenance, in the new location or new locations, for as long a period, and upon the same terms and conditions, as it had the right to maintain and operate such facilities in their former location or locations.

In case of any such relocation or removal of facilities, as aforesaid, the authority shall own and maintain, repair and renew structures within the rights of way of railroad companies carrying turnpike projects or feeder roads over railroads, and the authority shall bear the cost of maintenance, repair and renewal of structures within the rights of way of railroad companies carrying railroads over turnpike projects or feeder roads, but this provision shall not relieve any railroad company from responsibility for damage caused to any authority or railroad structure by the operation of
its railroad. Such approaches, curbing, sidewalk paving, guard rails on approaches and surface paving on turnpike projects or feeder roads as shall be within the rights of way of a railroad company or companies shall be owned and maintained, repaired and renewed by the authority; rails, pipes and lines shall be owned and maintained, repaired and renewed by the railroad company or companies.

2. This act shall take effect immediately.
Approved January 12, 1962.

CHAPTER 142

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 6 of the act of which this act is amendatory is amended to read as follows:

6. The authority shall have power to construct and reconstruct traffic circles, interchanges and grade separations at intersections of any project with public highways and to change and adjust the lines and grades of such highways so as to accommodate the same to the design of such grade separation. The cost of construction and any damage incurred in changing and adjusting the lines and grades of such highways shall be ascertained and paid by the authority as a part of the cost of such project.

If the authority shall find it necessary in connection with any project to change the location of any portion of any public highway, it shall cause the same to be reconstructed at such location as the authority shall deem most favorable and of sub-

substantially the same type and in as good condition as the original highway. The cost of such reconstruction and any damage incurred in changing the location of any such highway shall be ascertained and paid by the authority as a part of the cost of such project.

Any public highway affected by the construction of any project may be vacated or relocated by the authority in the manner now provided by law for the vacation or relocation of public roads and any damages awarded on account thereof shall be paid by the authority as a part of the cost of such project.

In addition to the foregoing powers the authority and its authorized agents and employees may enter upon any lands, waters and premises in the State for the purpose of making surveys, soundings, drillings and examinations as it may deem necessary or convenient for the purposes of this act, and such entry shall not be deemed a trespass, nor shall such entry for such purpose be deemed an entry under any condemnation proceedings which may be then pending. The authority shall make reimbursement for any actual damages resulting to such lands, waters and premises as a result of such activities.

The authority shall also have power to make reasonable regulations for the installation, construction, maintenance, repair, renewal, relocation and removal of tracks, pipes, mains, conduits, cables, wires, towers, poles and other equipment and appliances (herein called "public utility facilities") of any public utility as defined in section 27:7-1 of the Revised Statutes, in, on, along, over or under any project. Whenever the authority shall determine that it is necessary that any such public utility facilities which now are, or hereafter may be, located in, on, along, over or under any project should be relocated in such project, or should be removed from such project, the public utility owning or operating such facilities shall relocate or remove the same in accordance with the order of the authority; provided, however, that the cost and expenses of such relocation or removal, including
the cost of installing such facilities in a new location, or new locations, and the cost of any lands, or any rights or interests in lands, and any other rights acquired to accomplish such relocation or removal, less the cost of any lands or any rights or interests in lands or any other rights of the public utility paid to the public utility in connection with the relocation or removal of such property, shall be ascertained and paid by the authority as a part of the cost of such project. In case of any such relocation or removal of facilities, as aforesaid, the public utility owning or operating the same, its successors or assigns, may maintain and operate such facilities, with the necessary appurtenances, in the new location or new locations, for as long a period, and upon the same terms and conditions, as it had the right to maintain and operate such facilities in their former location or locations.

In case of any such relocation or removal of facilities, as aforesaid, the authority shall own and maintain, repair and renew structures within the rights of way of railroad companies carrying any highway project or feeder road over railroads, and the authority shall bear the cost of maintenance, repair and renewal of structures within the rights of way of railroad companies carrying railroads over any highway project or feeder road, but this provision shall not relieve any railroad company from responsibility for damage caused to any authority or railroad structure by the operation of its railroad. Such approaches, curbing, sidewalk paving, guard rails on approaches and surface paving on highway projects or feeder roads as shall be within the rights of way of a railroad company or companies shall be owned and maintained, repaired and renewed by the authority; rails, pipes and lines shall be owned and maintained, repaired and renewed by the railroad company or companies.

If the authority, by resolution, determines that it is a reasonable public necessity to acquire, for any project, lands owned by or under the control or jurisdiction of any county park commission, it
shall, within 10 days after its adoption of said resolution, serve a copy of said resolution upon the said park commission. The park commission may within 20 days after said service upon it appeal from the said determination of the authority to the appellate division of the Superior Court, which shall hear and determine the question of whether or not the taking of the land in question in preference to some other route, is a reasonable public necessity; and if said court shall determine that said taking is such a reasonable public necessity, the authority may thereupon proceed therewith.

2. This act shall take effect immediately.
Approved January 12, 1962.

CHAPTER 143

An Act to amend "An act providing for the establishment, construction and maintenance of freeways and parkways," approved April 3, 1945 (P. L. 1945, c. 83), as said title was amended by chapter 461 of the laws of 1948.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 7 of the act of which this act is amendatory is amended to read as follows:

7. The State Highway Commissioner shall also have authority to make reasonable regulations for the installation, construction, maintenance, repair, renewal and removal of tracks, pipes, mains, conduits, cables, wires, towers, poles and other equipment and appliances (herein called "facilities") of any public utility as defined in section 27:7-1 of the Revised Statutes, in, on, along, over or under any such freeway or parkway. Whenever the State Highway Commissioner shall determine that it is
necessary that any such facilities which now are, or hereafter may be, located in, on, along, over or under any such freeway or parkway should be relocated in such freeway or parkway, or should be removed from such freeway or parkway, the public utility owning or operating such facilities shall relocate or remove the same in accordance with the order of the State Highway Commissioner; provided, however, that the cost and expenses of such relocation or removal, including the cost of installing such facilities in a new location, or new locations, and the cost of any lands, or any rights or interests in lands, and any other rights, acquired to accomplish such relocation or removal, shall be paid by the State Highway Commissioner. In case of any such relocation of facilities, as aforesaid, the public utility owning or operating the same, its successors or assigns, may maintain and operate such facilities, with the necessary appurtenances, in the new location or new locations for as long a period, and upon the same terms and conditions, as it had the right to maintain and operate such facilities in their former location. No order of the State Highway Commissioner for the removal of such facilities from such freeway or parkway or the relocation thereof outside of such freeway or parkway shall be effective except as such order is approved by the Board of Public Utility Commissioners.

In case of any such relocation or removal of facilities, as aforesaid, (1) the State shall own and maintain, repair and renew structures within the rights of way of railroad companies carrying freeways or parkways over railroads, and (2) the State shall bear the cost of maintenance, repair and renewal of structures within the rights of way of railroad companies carrying railroads over freeways or parkways constructed after the effective date of this act and after the acquisition by the railroad of such right of way, and (3) where the State is not liable for cost under (2), above, and the railroad structure is enlarged or replaced by
reason of improvement made in a freeway or parkway after the effective date of this act, the State shall bear the cost of maintenance, repair and renewal of the new or enlarged structure other than such proportion of that cost as the length of the span of the pre-existing railroad structure bears to the length of the span of the enlarged or new railroad structure. For the purpose of the foregoing provisions of this subsection, a structure shall be deemed constructed on the date the contract therefor is awarded by the commissioner, and a freeway or parkway shall be deemed constructed or improved on the date the contract is awarded by the commissioner for the construction of the section of the freeway or parkway or improvement, as the case may be, passing under the railroad structure in question. None of the foregoing provisions of this subsection shall relieve any railroad company from responsibility for damage caused to any freeway or parkway or railroad structure by the operation of its railroad. Such approaches, curbing, sidewalk paving, guard rails on approaches and surface paving on freeways or parkways as shall be within the rights of way of a railroad company or companies shall be owned and maintained, repaired and renewed by the State; rails, pipes and lines shall be owned and maintained by the railroad company or companies.

2. This act shall take effect immediately.

Approved January 12, 1962.

JOINT RESOLUTIONS
JOINT RESOLUTION No. 1

A Joint Resolution to declare the month of February as "American History Month" in the State of New Jersey and for a proclamation thereof by the Governor.

Whereas, Under our Federal Constitution liberty for the first time in history became an actuality— "Liberty is not a heritage but a conquest to be achieved by each generation"; and

Whereas, The American Servicemen of World War I, World War II and the Korean War fought for and offered their lives to stop tyranny and totalitarianism and to preserve the American ideals of individual freedom as embodied in the most permanent Constitution in the history of government; and

Whereas, Our country, born in the travail of tyranny, must remain under God's providence forever free and independent and alien ideologies must never be permitted to reach out and choke God-given liberty; and

Whereas, The best protection of our American heritage must always be in the hearts and minds of our people; and

Whereas, In February we observe the birthdays of 3 great Americans, George Washington, Abraham Lincoln and Thomas Edison, who symbolize in their divergent achievements America's immortal heritage, and are representative of the
great men who toiled and died to develop our resources and to win and maintain the freedom necessary for the pursuit of happiness; now, therefore,

Be it resolved by the Senate and General Assembly of the State of New Jersey:

1. That the month of February is directed to be known in New Jersey as "American History Month," and the citizens thereof are urged to formulate and sponsor appropriate programs in commemoration of the achievements of George Washington, Abraham Lincoln and Thomas Edison.

2. That the Governor by appropriate proclamation set aside the said month of February as "American History Month" in New Jersey.

3. That this resolution shall take effect immediately.

Approved February 24, 1961.

JOINT RESOLUTION No. 2

A Joint Resolution to declare the week of March 5 through 11, 1961 as "Save Your Vision Week" dedicated to the theme, "See More Years," and for a proclamation thereof by the Governor.

Whereas, The New Jersey Optometric Association and the American Optometric Association, which sponsor "Save Your Vision Week" for the purpose of reminding and informing the public concerning the conservation and improvement of vision, dedicate this year's observance to the theme, "See More Years"; and

Whereas, The number of senior citizens in the State of New Jersey has grown to more than a half million persons; and
JOINT RESOLUTION No. 2

WHEREAS, These senior citizens have a great deal to offer their community, their State and their nation through proven ability, valuable experience and mature judgment; and

WHEREAS, Aging brings about certain normal physiological changes in the eyes making it necessary to use vision aids; and

WHEREAS, The science of optometry has made great strides through research in developing new and better corrective lenses, subnormal vision aids, and contact lenses, thus helping to make it possible for senior citizens to use their valuable assets to the fullest; therefore,

BE IT RESOLVED by the Senate and General Assembly of the State of New Jersey:

1. The week of March 5 through 11, 1961 is declared to be "Save Your Vision Week" in the State of New Jersey and dedicated to the theme "See More Years"; the dissemination of information to senior citizens to help make their later years greater years through improved vision; and commending the optometrists of New Jersey for their efforts in encouraging, through this educational activity, all senior citizens to enjoy their golden years to the fullest.

2. That the Governor, by appropriate proclamation, so proclaim the said week of March 5 through 11, 1961 and its dedication to the theme "See More Years."

3. This joint resolution shall take effect immediately.

Approved February 24, 1961.
JOINT RESOLUTION No. 3

WHEREAS, The American Cancer Society reports encouraging progress in the fight against cancer, man's cruelest enemy, through the discoveries of scientists engaged in research under grants of the said society; and

WHEREAS, The New Jersey Division of the said society, and its 21 county chapters, is carrying on well-planned programs to alert the people of this State to the cancer problem and to assist those already stricken;

By the Governor,

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, As a result of a report made on the 20th day of January 1960 by the Deputy Director, Division of Taxation, Department of the Treasury, to the Governor of this State, setting forth that Hudson Packing Co. Inc., a corporation of this State (incorporated July 11, 1955), had failed to pay the corporation franchise taxes levied against said corporation for the years 1956 and 1957, the Governor of this State, on the 21st day of January 1960, issued a Proclamation declaring that the charter of said corporation was repealed and that all powers conferred by law upon such corporation would thereafter be inoperative and void, and

WHEREAS, Said report in the above particular was inadvertently made in that it appears that prior to the making thereof, said Hudson Packing Co. Inc. duly paid the corporation franchise taxes levied against it for the years 1956 and 1957.

THEREFORE, Acting pursuant to the provisions of R. S. 54:11-4, I, ROBERT B. MNEYER, Governor of the State of New Jersey, do hereby declare and make known that it has been established to my satisfaction that said Hudson Packing Co. Inc. did not neglect nor fail to pay the corporation franchise taxes levied against it for the years 1956 and 1957, but that said corporation duly paid the taxes levied against it for said years; that the report by the Deputy Director to the Governor, stating that said corporation had failed to pay the said corporation franchise taxes, was inadvertently made and that the Proclamation of the Governor of the 21st day of January 1960, insofar as it voided the charter of the said corporation, was itself inoperative and void and was ineffective to deprive the said corporation of its powers as a corporation of this

Given, under my hand and the Great Seal of the State of New Jersey, this 18th day of May in the year of Our Lord, one thousand nine hundred and sixty-one, and in the Independence of the United States the one hundred and eighty-fifth.

ROBERT B. MEYNER,
Governor.

State of New Jersey

Standard State Travel Regulations

(Effective July 1, 1959, superseding all previous travel regulations)

The following regulations effective July 1, 1959 are issued for the guidance of officials and employees of the several departments, institutions and agencies of the State who are traveling on official business for the State and who expect to be reimbursed for charges incurred in such travel. These regulations supersede the amended regulations promulgated on July 1, 1950. All questions arising in connection with these regulations are to be addressed to the Director of the Division of Budget and Accounting, Room 241, State House, Trenton, New Jersey.

I. General

1.1 Officers and employees traveling on official business are expected to exercise the same care in incurring expenses that they would if traveling on personal business at their own expense. Since excessive and unnecessary travel and other expenses will not be approved or reimbursed, officers and employees are cautioned to plan their travel routes so that the minimum amount of travel will be involved with the maximum amount of inspections, field service and other activities involved. Expenditures for official travel will be considered as reimbursable if they are incurred in accordance with the standards set forth herein. These regulations are intended to cover most travel requirements which may arise in the normal operation of the State Government. However, situations may arise requiring extraordinary handling not specifi-
cally covered by these regulations. Under those circumstances, the approval of the Director of the Division of Budget and Accounting and the Governor will be necessary before any deviations from these rules are made.

Department administrators are under obligation to see that these regulations are properly carried out. It is anticipated that from time to time, interpretations may be necessary concerning particular regulations. Such inquiries should be addressed to the Director of the Division of Budget and Accounting.

Each department may prepare a set of departmental travel regulations as they pertain to the peculiar circumstances of each department, incorporating the regulations contained herein, and including such additional regulations as may be required to meet the needs of the department. There shall be no conflict between these official regulations and those promulgated by the department. Departmental regulations shall be submitted for approval by the Director of the Division of Budget and Accounting and then filed with him and the Secretary of State.

1.2 Funds for traveling expenses. Under normal conditions, employees traveling on official business will provide themselves with sufficient funds of their own for all current expenses. Except where a statute expressly permits it, advanced funds are not to be provided from petty cash or other special funds. However, where employees are required to undertake travel which will require expenditures—over and above transportation for which State credit arrangements may be provided—of $150.00 or more, the Director of the Division of Budget and Accounting may authorize, in his discretion, advances up to 75% of such anticipated expenditures.
1.3 Reimbursable expenses.
   (a) Reimbursable travel expenses are confined to those which are essential to transacting the official business of the State. Only the actual and necessary expenses incidental to the ordinary usual comforts of a traveler in the performance of such official duties will be reimbursed. Expenses for laundry, valet service, entertainment and others of a similar nature are considered to be personal charges and will not be reimbursed.

   (b) Reimbursement for tips, gratuities and similar fees, other than those given in connection with meals, will be permitted not to exceed the following maximum allowances:

   Porter fees .... $.50 for each train trip or per day if the trip takes more than one day
   Red cap fees ... $.25 per bag
   Bell hop fees .... $.25 when checking in and checking out

   Reasonable tips for meals are reimbursable as part of the allowance for meals provided in Section 4.2.

1.4 Official station.
   (a) The official station of an employee is the office or headquarters provided by the State to which the employee is regularly assigned. No transportation costs will be allowed between the employee’s official station and place of residence. Meals or lodging within the limits of the official station will not be allowed, except as hereinafter provided.

   (b) Where it is necessary to assign an employee to another office or headquarters,
the place thus to which the employee is assigned will be designated as his temporary official station. Transportation costs to such temporary official station will be reimbursed if they involve an increase in travel expenses exceeding the amount incurred in traveling to the original official station. Department heads are cautioned, in making such assignments, to consider the additional cost involved commensurate with the importance of the particular employee to the field task involved. In other words, it may be necessary to reassign several employees to cut down the amount of additional travel expense involved.

(c) Unless otherwise specified, the limits of an official station in a city or town are the corporate limits of the city or town where the official station of the employee is located. However, where necessary transportation expenses arise within the limits of an official station, other than between home and office or place of duty, reimbursement for such expenses will be made as hereinafter provided.

II. Approval for Travel

2.1 Approval.

(a) Travel within the State. All travel within the borders of the State for the regular conduct of State business, including travel which requires per diem subsistence allowance, requires authorization by the responsible department head or his duly authorized agent.

(b) Travel outside of the State. All travel to points within 25 miles outside of the State borders, shall be covered by the same regulations governing travel within
the State. All travel to points beyond 25 miles of the borders of the State, involving an expenditure of $50.00 or more, whether it is in the performance of regular duties or in connection with special missions, shall require approval in advance, on Budget Bureau Travel Form B, by the Director of the Division of Budget and Accounting.

(c) Prior approval. In connection with attendance at conventions and interstate conferences, and in connection with trips to be made to points in excess of 25 miles outside the borders of the State, except as provided in sub-paragraph (d) following, approval shall be obtained at least five working days prior to the incurrence of the expenses. Such request for approval shall specify the travel to be performed as definitely as circumstances will permit.

(d) Emergencies. Whenever travel has been performed which would require prior approval as outlined herein, but which approval was not possible to be obtained on account of emergency, request for approval must be submitted on Budget Bureau Travel Form B immediately after the trip and prior to the submission of request for reimbursement. In such cases, the Travel Form B submitted must contain a satisfactory statement of the facts constituting the necessity therefor.

2.2 Conventions and interstate conferences. No attendance at conventions or interstate conferences, which will involve expenses to be paid by the State, regardless of whether such conventions or interstate conferences are held within the borders or outside of the State, is permitted without obtaining approval from the Director of the Division of Budget and
Accounting prior to the incurrence of the expenses. Such request is to be filed on Budget Bureau Travel Form B and shall specify the nature of the convention or interstate conference and the necessity for attending. Unless circumstances make attendance by more than two representatives of the department necessary, approval will be given for only two members of the department to attend.

III. TRANSPORTATION

3.1 Definition. Transportation includes all necessary official travel on railroads, airlines, steamboats, street-cars, buses, taxicabs and other usual means of conveyance.

3.2 Tax exemption certificates. All officials and employees traveling on State business shall present tax exemption certificates, U. S. Treasury Department Form 731, obtainable from the Internal Revenue Service or the Budget Bureau, to the railroad ticket agent when purchasing transportation tickets. This is required since the State is not obligated to pay Federal transportation taxes. Taxes paid on transportation are not reimbursable. Employees will be personally responsible for such tax charges for failure to submit a tax exemption certificate. Only the expense for travel, without taxes, can be submitted in the employee’s claim for reimbursement of transportation expenses.

3.3 Air travel. Transportation by airlines may be authorized when the cost, less savings through reduced travel time, does not exceed the cost of rail or steamer transportation. Actual cost of airline transportation may be allowed when it is satisfactorily shown that no other usual means of public transportation are available, or that the use of airline trans-
portation is distinctly to the advantage of the State.

3.4 Taxicabs. Taxicab charges will not be permitted when street-cars or regularly established public bus lines are obtainable, unless reasons are given that will justify such charges. All taxicab charges must be explained.

3.5 Routing of travel.

(a) All travel shall be by the most direct, economical and usually-traveled route. Travel by other routes may be allowed when official necessity therefor is satisfactorily established in advance of such travel.

(b) In case a person travels by an indirect route for his own personal convenience, the extra expense will be borne by himself and reimbursement for expenses will be based only on such charges as were actually incurred, not to exceed what would have been incurred by the most direct, economical and usually-traveled route.

3.6 Special conveyances.

(a) The hire of boat, automobile, aircraft, or other special conveyances will be allowed only when no public or regular means of transportation are available or when such regular means of transportation cannot be used advantageously in the interest of the State. In such cases a satisfactory explanation shall accompany the travel expense voucher. Since this type of arrangement is usually to the disadvantage of the State, it is requested that such arrangements be kept at the minimum.
(b) If the hire of a special conveyance includes payment by the traveler of the incidental expenses of gasoline or oil, rent of garage, hangar or boathouse, subsistence of operator, ferriage, tolls, etc., such payments should be made first, if practicable, by the person furnishing the accommodation, or his operator, and itemized in the bill.

(c) Where two or more employees travel by means of such special conveyances, that fact, together with the names of those accompanying the employee requesting reimbursement shall be stated by each traveler in his travel expense voucher.

(d) Charges for the hire of conveyance owned by another State employee or by a member of the traveler’s family, or by a member of the family of another State employee, will not be allowed in the absence of a satisfactory explanation showing that the conveyance was not so procured because of such personal or official relationship, that it was impracticable to otherwise procure, that the member of the family so furnishing the conveyance was not dependent upon the traveler for support and that the cost was not more than would have been incurred if hired from commercial sources. The material facts should be reported on the travel expense voucher.

3.7 Transportation by personally-owned car (mileage basis).

(a) Mileage in lieu of all actual expenses of transportation may be allowed an officer or employee traveling by his own automobile on official business away from his designated post of duty, or official station, at the rate authorized by law, pro-
vided such mode of travel has been previously authorized by the head of a department. Parking and toll charges shall be allowed in addition to mileage allowance. Reimbursement for travel to points outside the State by automobile shall not exceed the cost of first class air or rail travel, whichever is least expensive.

(b) Use of personally-owned car on a mileage basis will not be permitted where a State-owned car is available.

(c) As provided in paragraph 1.4 (c) herein, necessary transportation expenses which may be allowable within the limits of an official station, other than between home and office or place of duty, will be authorized in privately-owned automobile, providing the amount of charges do not exceed the total cost of transportation by existing public utility facilities.

(d) All employees using privately-owned cars in the performance of their duties for the State of New Jersey and for which they are being reimbursed, shall carry liability insurance with minimum coverage of $10/20,000 for personal injury liabilities and $5,000 for property damage, and evidence that such insurance coverage is in full force and effect in companies approved by the New Jersey Department of Banking and Insurance shall be made available to the department head before authorization is given the employees to use their privately-owned cars.

In this connection, it is suggested that employees using their privately-owned cars for State purposes should be provided with adequate additional insurance to cover any personal loss which they
may incur, since the State will not, under any circumstances, reimburse the employee for losses to his automobile if he is being reimbursed for mileage.

3.8 Use of State-owned vehicles

(a) State-owned vehicles shall be operated only by authorized State officials and employees possessing New Jersey driver licenses.

(b) Operators of State-owned vehicles shall be personally responsible for vehicles assigned to or operated by them. Should damage result through their negligence, misuse or abuse, the operators shall be charged for such damage and may be subject to suspension.

(c) Fines for traffic violations, including overtime parking, shall be paid by the operator of the vehicle responsible for the violation. Fines shall not be reimbursed.

(d) The purchase of all gasoline and oil is handled by the Division of Purchase and Property of the Department of the Treasury on an annual contract basis, and employees driving State vehicles are furnished with credit cards for this purpose. In addition, the Division of Purchase and Property makes available tires, batteries and other accessories purchased at State prices. Except for emergencies, all of these supplies should be obtained through the Division of Purchase and Property.

(e) Where emergencies arise and it is necessary to purchase supplies for State-owned vehicles while in the course of performing his duties, the employee should obtain the best quality at the lowest possible price, commensurate with the situation. In filing the invoice for reimburse-
ment, an explanation is to be made as to the necessity for making such a purchase.

(f) Where transportation is by use of State-owned vehicles, parking fees, parking meter and toll expenses will be allowed. Employees are expected to examine into the reasonableness of such charges, on the same basis as if they were paying these charges personally.

(g) Charges for garaging of State-owned vehicles will be permitted. However, no such garage rents will be paid if the garage is owned by the employee or a member of his immediate family or if the garage is part of the premises rented to the employee and included in his total rent.

(h) The fact that an employee is authorized to drive a State-owned vehicle is not to be considered as approval for use of such vehicle for purposes other than those for which the vehicle was assigned. Arrangements should be made for storage of the vehicle immediately upon the close of business at the end of each day and at the end of the official working week. Where a State-owned vehicle is to be used at times other than official hours, approval shall be obtained from the head of the department.

(i) Where State-owned vehicles are to be used for travel to points in excess of 25 miles beyond the borders of the State, authorization shall be obtained first from the Director of the Division of Budget and Accounting.

3.9 Accommodations on trains and steamers. The following accommodations will be obtained on trains and steamers:

(a) Where overnight travel is involved, one standard lower berth for each person
and first-class stateroom accommodations on steamers, when provision is not included in price of passage ticket. If more costly accommodations are used and claimed, an explanation shall be furnished, together with a statement of the difference in cost over and above the allowable accommodations, when submitting voucher for reimbursement.

Through sleeping-car accommodations should be obtained in all cases where practicable. Where a change of sleeping-car en route is necessary, the traveler should secure the usual transfer check from the sleeping-car conductor for exchange at the ticket office for accommodations beyond the point where change is made.

(b) Where overnight travel is not involved, one seat in sleeping, parlor or chair car, when journey is more than 100 miles from the borders of the State. If journey is less than 100 miles from the borders of the State, the necessity for the seat must be shown in advance of receiving approval.

3.10 Extra-fare trains. Travel on extra-fare trains will be allowed only where official necessity requires such means of travel. Such charges may be allowed only when authorized in advance or a satisfactory explanation is submitted, showing that the travel to be performed in that manner is in the State’s interest.

3.11 Special tickets. Through tickets, excursion tickets, reduced rate, round-trip, commutation or party tickets should be secured whenever practicable and economical.
IV. Subsistence

4.1 Limitations on reimbursement.

(a) Reimbursement for expenses of subsistence shall be limited to the actual allowable expenses incurred, not exceeding the following maximum per diem allowances:

1. $16.00 per diem outside the State.
2. $15.00 per diem when attending a convention or interstate conference within the State.
3. $12.00 per diem within the State while engaged in activity other than attendance at a convention or interstate conference.

(b) Subsistence expenses will not be allowed when departure from official station is after 8:00 A.M. and return is on same day prior to 6:00 P.M., or any absences not exceeding three hours, except as otherwise provided herein.

(c) Personal charges appearing on a hotel bill shall be deducted and the deduction shown on the bill.

(d) Charges for liquor are not reimbursable.

(e) Under ordinary circumstances no subsistence expenses will be allowed an employee at his official station, at the place where he resides, or within a radius of 10 miles from such station.

4.2 Meals.

(a) Breakfast. Reimbursement will not be allowed for breakfast unless incident to overtime employment. Maximum allowance for breakfast shall be $1.00, including tip. In computing actual expenses
within a per diem subsistence authorization, breakfast shall be reimbursed at a rate not to exceed $1.00, including tip.

(b) Noon-day lunch. Noon-day lunches will not be authorized as State expenses, unless such meal is normally provided at the official station as part of the regular salary, as part of the working arrangements of the particular employment, or is incident to overtime employment, except as approved by the Director of the Division of Budget and Accounting. In computing actual expenses within a per diem subsistence authorization, or as provided herein, noon-day lunch shall be reimbursed at a rate not to exceed $1.50, including tip.

(c) Dinner. If an employee works overtime 3 hours or more, dinner will be authorized at a rate not to exceed $3.00, including tip. In computing actual expenses within a per diem subsistence authorization, dinner shall be reimbursed at a rate not to exceed $3.00, including tip.

(d) Board luncheons and dinners. Luncheons and dinners for non-salaried members of boards, commissions, etc., will be approved in a reasonable amount providing authorization is obtained from the Governor or the Director of the Division of Budget and Accounting.

(e) No allowance will be made for meals when they are served as part of transportation accommodations and the cost is included in the transportation charge.

4.3 Subsistence furnished a State officer or employee by a member of his family, by another State employee, or by a member of the family of another State employee. Subsistence expenses on an actual expense basis are not re-
imbursable if paid by the traveler to a member of his family, to another State employee, or to a member of the family of another State employee. Subsistence expenses under such conditions may be paid only if a satisfactory explanation is furnished showing that the expense was not incurred because of such personal or official relationship, that it was impracticable to obtain subsistence otherwise and that the member of his family furnishing the subsistence was not dependent upon the employee for support. The material facts should be reported on the travel expense voucher.

4.4 Time of departure and arrival.

(a) The time of arrival at and departure from a place will be considered as the hour at which the train, airplane, boat, bus or other conveyance used by the traveler actually leaves or arrives at its regular terminal.

(b) All requests to incur reimbursable expenses involving per diem allowances should state the time of departure from and return to official station. This information should also be furnished on the travel expense voucher.

(c) If duty at a particular place within the traveler’s itinerary is prolonged beyond the period of thirty (30) days, his travel expense voucher should also state the approximate period to be covered by his duty assignment at such place, or the approximate date of return to official headquarters, or both, as well as any other pertinent facts which will tend to show that his duty at such place is of a temporary nature.

4.5 Indirect route or interrupted travel. Where, for traveler’s personal convenience or
through the taking of leave, there is interruption of travel or deviation from the direct route, the subsistence allowed will not exceed that which would have been incurred on interrupted travel by the most economical usually-traveled route.

4.6 Sharing of lodging. When lodging is shared jointly with others, the fact should be stated on the travel expense voucher, and reimbursement will be limited to the traveler's proportionate share of the cost thereof.

4.7 Transportation to and from lodging. When the nature and location of the work where temporarily stationed are such that meals and lodging cannot be procured there, and the daily travel required to procure subsistence at the nearest available place is not such as may be made by the public generally for that purpose, nor performed for the personal convenience of the traveler, the expense thereof will be considered as necessary transportation. A full statement of the necessity for such daily travel should accompany the travel expense voucher.

V. TELEGRAPH, CABLE AND RADIO SERVICE

5.1 Copies of messages. A copy of each official telegram, cablegram and radiogram paid for by the traveler shall accompany his travel expense voucher, except where the subject matter is of such a confidential nature that to divulge its contents would be prejudicial to the public interest. In such cases the points between which sent and number of words shall be stated, and a receipt from the person to whom payment was made shall be furnished.

5.2 Personal messages. Telegrams, cablegrams and radiograms applying or inquiring for
leave of absence or extension thereof, or as to payment of salary or expense vouchers, and answers thereto, or those containing any matter of a purely personal nature, shall not be sent at State expense.

VI. Telephone Service

6.1 Local calls. Charges for local telephone calls on official business will be allowed. The travel expense voucher shall show the dates on which such calls were made, the points between which each call was made and the cost per call.

6.2 Long-distance calls. Charges for long-distance telephone calls on official business will be allowed. The travel expense voucher shall show the dates on which such calls were made, the points between which each call was made and the cost per call.

6.3 Non-reimbursable calls. Telephone calls applying for or inquiring about leave of absence or extension thereof, inquiries as to payment of salary or expense vouchers or calls concerning any matter of a purely personal nature shall not be reimbursable.

6.4 Reverse telephone calls. Employees out-of-state on official business who find it necessary to call home stations may reverse the cost of such telephone calls.

6.5 Federal tax. Employees using their home telephones for State business may request reimbursement less Federal Communications Tax. Calls for State business are tax exempt and the Telephone Company will make allowance for the tax, if a tax exemption certificate is filed by the employee when paying his home telephone bill. Forms for this purpose are
available from the Internal Revenue Service or the Budget Bureau.

VII. MISCELLANEOUS EXPENSES

7.1 Miscellaneous expenses.

(a) Charges for necessary stenographic or typewriting services or rental of typewriter in connection with the preparation or reports or correspondence; clerical assistance; services of guides, interpreters, packers, drivers of vehicles; storage of property used on official business, will be allowed when authorized or approved by the head of the department.

(b) Neither payment nor reimbursement for personal services will be allowed under any agreement made by the traveler with an officer or employee of the State.

(c) Charges for handling, storage and checking of baggage at stations will be authorized.

(d) Registration fees required as part of attendance at conventions will be approved.

(e) When necessary to engage a room in a hotel or other place in order to transact official business, a separate charge therefor will be allowed when authorized by the head of the department.

(f) Miscellaneous expenses, not enumerated herein, when necessarily incurred by the traveler in connection with the transaction of official business, will be allowed only when the necessity and nature of the expense are clearly, fully and satisfactorily explained and the travel expense voucher is approved by the head of the department.
(g) Wherever possible, charges for miscellaneous services listed herein should not be paid by the traveler. A State voucher form should be prepared, certified by the payee, approved by the traveler and forwarded to his administrative official for approval. Thereafter, payment will be made directly to the person who rendered the service. The voucher shall show the dates of services, quantity, unit price and such other particulars as may be necessary for a clear understanding of the charge.

(h) Where cash payment is demanded for such services, reimbursement for the charges actually paid may be allowed. Reimbursement expense vouchers shall be supported by receipts showing the quantity, unit, and unit price, and statement that cash payment was demanded.

7.2 Travel incident to recall or return from leave status. When an officer or employee who is absent from his official station on leave of absence, either with or without pay, is ordered by the Governor or department head to return to his station for temporary duty and later returns to the place where he received such order, he may submit a claim for reimbursement for the travel expenses involved in reporting to his place of duty and returning to the point from which he was recalled. No definite assurance can be given that such claims will be paid since each case would have to be decided by the Director of the Division of Budget and Accounting, after review and consideration of all the facts. Therefore, recall of an employee to duty during a period of leave of absence should be avoided, except in cases of extreme emergencies.
VIII. Receipts and Vouchers

8.1 Memorandum of expenditures. All persons authorized to travel on business for the State, should keep a memorandum of expenditures properly chargeable to the State, noting each item at the time the expense is incurred, together with the date. Information thus accumulated will be available for the proper preparation of travel expense vouchers.

8.2 Receipts required. Receipts, where usually issued, will be required for hotel and lodging; also for sleeping-car, parlor-car and state-room fares, when paid for in cash. If it is impracticable to obtain receipts, an explanation shall accompany the voucher submitted. Wherever possible, the employee should pay by personal check. If it is not possible to obtain a receipt, file the check or a photostat copy thereof with the voucher.

8.3 Travel expense vouchers.

(a) All claims for reimbursement of traveling expenses shall be submitted on the regular authorized form of travel expense voucher (Accounting Bureau Travel Form No. 105) and shall be itemized and stated in accordance with these regulations.

(b) Travel expense vouchers shall be supported by receipts as required by these regulations.

(c) The travel expense voucher shall show the dates and individual points of travel, number of miles traveled between such points and kind of conveyance used. If the distance traveled between any given point is greater than the usual route between these points, the reason for the greater distance should be stated.
(d) When travel is authorized in the employee's own automobile on a mileage basis, the points between which travel was made and the distance traveled between each place shall be shown in the travel expense voucher.

(e) A statement as to the ownership of the automobile or other conveyance used, as well as a certification that liability insurance is in effect, shall be made on the travel expense voucher.

(f) Unless otherwise approved, vouchers shall be rendered monthly by calendar month, and submitted to the Division of Budget and Accounting by the tenth day of the month following the end of the month for which the voucher is rendered. The voucher shall be filed with the department in duplicate, should be prepared by typewriter, with carbon duplicate, whenever practicable; the original only being signed. When vouchers are prepared with ink, only ink of a permanent nature should be used.

(g) If the total of the monthly expenses does not exceed $1.00, it should be carried over to the following month, unless the employee has been or is about to take a leave of absence or whose employment has been or is about to be terminated. At the close of the fiscal year, however, even though the amount is less than $1.00, a voucher should be submitted inasmuch as such expenses cannot be carried forward into the new year.

(h) The voucher must be filled out completely and each expense item should be listed chronologically and in the proper column and the totals carried forward as required. Failure to complete the voucher in full, will mean delay in reimbursement of expenses.
(i) Where travel is not by the most economical, usually-traveled route, the travel expense voucher should set forth the details of the route, the expenses actually incurred, the hour of departure and the hour of arrival.

8.4 Payments to other State employees. Reimbursement will not be allowed for payments made to other State employees for travel or subsistence expenses, except in cases of necessity, which shall be satisfactorily explained.

8.5 Certification of travel expense vouchers. Every State official or employee incurring reimbursable travel expenses contemplated by these regulations shall execute a Travel Expense Voucher (Form 105) on which he shall declare that the voucher is correct in all respects, that the distances charged have been actually and necessarily traveled, that the amount charged has actually been paid and that the expenses were incurred on State business.
