CHAPTER 323

An Act providing for housing for veterans of World War II and other people of the State and declaring an emergency in respect thereto.

WHEREAS, The Federal Public Housing Authority is unable to provide sufficient emergency housing under its program; therefore,

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. It is hereby declared that an acute public emergency exists in the serious shortage of dwelling accommodations for veterans of World War II, their families, and other people of this State; that adequate, safe, and sanitary dwelling accommodations are unavailable for veterans of World War II and their families; that the resulting conditions of insecurity, overcrowding, use of unsound and unsanitary buildings, and dislocation of family life are disruptive of morale, injurious to health and safety, and detrimental to morals, and constitute a dangerous threat to the well-being of the entire State; that this condition cannot be adequately and immediately remedied by the normal processes of construction of permanent housing, but rather constitutes a critical emergency which requires emergency measures, including provision for the condemnation of property and the taking of certain property before compensation is made therefor; that this emergency requires the mobilization and co-ordination of State and local governmental facilities; that this emergency requires that provision be made for public emergency housing as hereinafter provided; that this emergency requires that municipalities be authorized to co-operate and enter into agreements with the government of the State or with an agency thereof, to the end that emer-
gency housing may be provided as expeditiously as possible; that this emergency requires the temporary suspension of various normal restrictions, prohibitions, limitations, and procedures, in order that immediate relief from this condition may be provided; that the acquisition, construction, management, operation, and disposition of such emergency housing and the real and personal property and other facilities necessary, incidental, or appurtenant thereto is a public use for which public money may be spent, and property acquired; and that the necessity in the public interest for the provisions hereinafter enacted is a matter of legislative determination.

2. The following terms, whenever used or referred to in this act, shall have the following meaning, unless a different meaning clearly appears from the context:

a. "Authority" means the public housing and development authority in the State Department of Economic Development;

b. "Administrator" means the administrator of the public housing and development authority who is the Commissioner of the Department of Economic Development;

c. "Municipality" means any city of any class, or any borough, village, town, township, or other municipality, other than a county or a school district;

d. "Federal Government" and "United States Government" mean the United States of America, or any department, administration, authority, agent, or officer thereof, or any corporation created thereby.

3. The public housing and development authority in the Department of Economic Development shall have complete power and authority to co-ordinate all the programs, planning and construction contemplated by the provisions of this act, and to do and to authorize all things incidental, desirable or necessary to effect the purposes thereof in accordance with such rules and regulations as may be
established by the administrator and approved by the Economic Council of the Department of Economic Development.

4. The administrator, in addition to his powers and duties otherwise provided by this act shall, subject to the approval of the Economic Council of the Department of Economic Development, appoint officers and employees and engage technical and professional experts, and such other personnel as he may consider necessary for the expeditious accomplishment of the purposes of this act. He shall prescribe the duties of all such persons thus appointed and shall, subject to the approval of the Economic Council in the Department of Economic Development, fix their compensation. The compensation of all such persons thus appointed shall be paid from the appropriation hereinafter provided.

5. The administrator, his representatives or any of them, may enter in the day time upon vacant or abandoned lands, tenements, hereditaments, and upon waters which they may deem necessary to be surveyed, used or converted for the purpose of inspecting the same and for the purpose of laying out, surveying, and preparing plans for conversion into emergency housing.

6. The administrator shall adopt such plans for the acquisition of real and personal property as will most speedily provide the emergency housing contemplated by this act. Such plans shall make provision for the immediate erection or conversion of the portable or temporary or movable dwellings which may be acquired, first at such sites as already have available therefor installations of services and facilities, including water, sewerage, gas and electricity. The administrator shall, subject to the approval of the director of the division of purchase and property in the State Department of Taxation and Finance, have power to acquire in the name of the State, real and personal property including, but not limited to, the types hereinafter mentioned, viz.:
a. Military and naval installations, structures or other property which the United States Government is willing to make available to the State of New Jersey for emergency housing and which are so located or constructed that they or any of them in present form or by conversion will furnish emergency housing or materials for emergency housing, or aid in emergency construction for residents of this State;

b. Trucks, trailers, ships, and any dwelling unit, or other structure, vehicle, vessel, machine or thing which in its present form or by conversion may furnish emergency housing, material for emergency housing, or aid in emergency housing construction.

The administrator may acquire any such real or personal property by purchase, gift or lease, subject to any reasonable terms or conditions required by the owner or free from conditions.

7. The administrator shall also have power to acquire in the name of the State, any lands or structures suitable for emergency housing, whether publicly or privately owned, by purchase, gift or lease, subject to any reasonable terms or conditions required by the owner or free from conditions.

8. The administrator shall also have power to acquire by condemnation any vacant land or any property on which a building or buildings has or have been erected, which building or buildings are uninhabitable and vacant.

Whenever the administrator deems it necessary to acquire property by condemnation, he shall proceed pursuant to the provisions of chapter one of Title twenty of the Revised Statutes, relating to Eminent Domain, except that he may enter upon and take such property in advance of making compensation therefor, and shall forthwith institute condemnation proceedings therefor.

9. The administrator may also accept property, real or personal, by loan or license, either free from
conditions or subject to any reasonable terms or conditions.

10. 11. When property is acquired by any of the methods outlined hereinbefore, the administrator shall prepare plans, specifications and estimates of cost for the conversion of such property into emergency housing and shall proceed with such conversion. Any other provisions of law to the contrary notwithstanding, the administrator shall have the power, subject to regulations approved by the Economic Council of the Department of Economic Development:

(1) To retain and employ private engineers, architects, consultants, or firms practicing such professions, on a fixed fee, lump sum or negotiated contract basis for the purpose of preparing designs, plans, specifications and estimates of structures of any type and grade, rendering assistance and advice in connection with any work herein provided for and performing such other and necessary services as the administrator may deem desirable in the prosecution of such work;

(2) To contract with any municipality or any individual, firm or corporation for the performance of all or any part of such work of construction, reconstruction, alteration, repair or improvement, razing, salvage or transportation by individuals, firms and corporations capable of performing such work, such contracts to be awarded, any other provisions of law to the contrary notwithstanding, pursuant to such procedure as the administrator
may deem to be for the best interests of the public and, in his discretion, for a lump sum, fixed fee or on a negotiated contract basis;

(3) To contract with the person, firm or corporation supplying them or with others, for the installation of services and facilities, including water, sewerage, gas and electricity;

(4) To contract with a municipality to have its forces and equipment perform such work and to have its officers or agencies purchase material upon such terms as may be advantageous to the public;

(5) To contract with any municipality for the transfer to and conversion by such municipality of any property so acquired, upon such terms as shall be for the best interests of the public and as will expedite the accomplishment of the purposes of this act;

(6) To purchase and provide, if desirable, furniture, furnishings and equipment and to make arrangements for or otherwise provide any services, utilities and facilities of any nature or description, not competitive with any public utility as defined in section 48:2-13 of the Revised Statutes, incidental to or independent of the construction or operation of such housing when required for the health, welfare or safety of the occupants or proposed occupants of such housing;

(7) To hire and use forces and equipment of any or all State departments, agencies or authorities, and to purchase and to use all the materials, whether obtained directly or indirectly from or through private sources of supply or from any federal or public body or agency by contract or other practicable method. And in the event the administrator deems the means, methods or facilities of delivery or transportation of such material to be inadequate for the purpose of such delivery or transportation, he is authorized to conduct, arrange or supplement such delivery or transportation by such means, methods or facilities as he may deem desirable; and
(8) To carry on the work of conversion by a combination of any of the methods outlined above.

12. Whenever any emergency housing project, as provided by this act, is available for occupancy in whole or in part, the administrator shall, subject to regulations approved by the Economic Council of the Department of Economic Development, have the power for a period not exceeding five years from the date such property is available for occupancy:

   a. To commit to any public corporation, municipality or other public agency such property for operation and management as emergency housing at such rentals and with such preferences as to occupancy and upon such terms and conditions as shall be for the best interests of the public;

In no event shall any provision of any law or of any municipal zoning or other ordinance, or of any municipal requirement as to permit or other authorization be disregarded, as permitted by this section, as to any emergency housing unit or project, for a period in excess of five years from the date such unit or project is available for occupancy. 14. Title to all materials and equipment incor-
porated in such work of conversion of property into emergency shelter or purchased for use in such work shall vest in the State as payment is made therefor by the Authority or by the contractor em-
ployed by the Authority or upon delivery thereof to the Authority or such contractor, whichever of said events shall first occur.

15. Notwithstanding the provisions of any other general or special law, or the provisions of any municipal ordinance, property acquired by the ad-
ministrator pursuant to this act shall be taxable except that so much of the value of any real property and any personal property or improvements installed therein or used in connection with such real property, as represents an increase over the assessed valuation of the real property at the time such property was so acquired shall be exempt from taxation, for a period of five years from the date of the acquisition of such property.

CHAPTER 324

AN ACT authorizing the creation of a debt of the State of New Jersey by the issuance of bonds of the State in the sum of thirty-five million dollars ($35,000,000.00) to provide housing for veterans of World War II and other people of the State; providing the ways and means to pay the interest of said debt, and also to pay and discharge the principal thereof, and providing for the submission of this act to the people at a general election.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The Legislature hereby finds and determines as a fact: (a) that there exists in this State an acute shortage of housing and on account of such shortage, the people of this State, particularly many veterans of World War II, are unable to obtain housing for themselves and their families, and this shortage is likely to continue for a substantial period of time; (b) that this shortage is such as to constitute an emergency requiring intervention by the State in the interest of public health, safety and morals, to provide emergency housing, and to acquire and recondition existing habitations, integrating wherever possible sound programs of slum clearance.

2. Bonds of the State of New Jersey in the sum of thirty-five million dollars ($35,000,000.00) are hereby authorized for the housing of veterans of World War II and other people of the State. Said bonds shall be serial bonds and known as “Housing Bonds” and, as to each series, the last installment thereof (subject to redemption prior to maturity) shall mature and be paid not later than twenty years from the date of issuance of such series, but may be issued in whole or in part for a shorter term.
3. Said bonds shall be issued from time to time as money is required for the purpose aforesaid, as the issuing officials herein named shall determine.

4. The Governor, State Treasurer and Comptroller of the Treasury or any two of such officials (hereinafter referred to as "the issuing officials"), are hereby authorized to carry out the provisions of this act relating to the issuance of said bonds, and shall determine all matters in connection therewith subject to provisions hereof. In case any of said officials shall be absent from the State or incapable of acting for any reason, his powers and duties shall be exercised and performed by such person as shall be authorized by law to act in his place as a State official.

5. Bonds issued in accordance with the provisions of this act shall be a direct obligation of the State of New Jersey and the faith and credit of the State is pledged for the payment of the interest thereon as same shall become due and the payment of the principal at maturity. The principal and interest of such bonds shall be exempt from taxation by the State or by any county, municipality or other taxing district of the State.

6. Said bonds shall be signed in the name of the State by the Governor or by his facsimile signature, under the great seal of the State, and attested by the Secretary of State, or an assistant Secretary of State, and shall be countersigned by the facsimile signature of the Comptroller of the Treasury. Interest coupons attached to said bonds shall be signed by the facsimile signature of the Comptroller of the Treasury. Such bonds may be issued notwithstanding that any of the officials signing them or whose facsimile signatures appear on the bonds or coupons shall cease to hold office at the time of such issue or at the time of the delivery of such bonds to the purchaser.

7. (a) Such bonds shall recite that they are issued for the purpose set forth in section two of this act and that they are issued in pursuance of this act and that this act was submitted to the peo-
ple of the State at the general election held in the month of November, one thousand nine hundred and forty-six, and that it received the sanction of the majority of the votes cast for and against it at such election. Such recital in said bonds shall be conclusive evidence of the authority of the State to issue said bonds and of their validity. Any bonds containing such recital shall in any suit, action or proceeding involving their validity be conclusively deemed to be fully authorized by this act and to have been issued, sold, executed and delivered in conformity herewith and with all other provisions of statutes applicable thereto, and shall be incontestable for any cause.

(b) Such bonds shall be issued in such denominations and in such form or forms, whether coupon or registered as to both principal and interest, as may be determined by the issuing officials.

(c) Whenever such bonds shall have been issued as coupon bonds, whether so issued originally or at the request of a holder thereof subsequent to the original issue, such bonds, or any of them, may be reissued by the issuing officials at the request of a holder as registered bonds, and all registered bonds, whether so issued originally or at the request of the holder subsequent to the original issue, may be reissued by the issuing officials, at the request of a holder, as coupon bonds.

8. When bonds are issued from time to time, the bonds of each issue shall constitute a separate series to be designated by the issuing officials. Each series of bonds shall bear such rate of interest, not exceeding three per centum (3%) per annum, as may be determined by the issuing officials, which interest shall be payable semiannually; provided, that the first and last interest periods may be longer or shorter, in order that intervening semiannual payments may be at convenient dates.

9. Said bonds shall be issued and sold at not less than par and accrued interest, under such terms, conditions, and regulations as the issuing officials may prescribe, after notice of said sale, published
at least three times (the first notice shall be at least seven days prior to the day of bidding) in at least three newspapers published in the State of New Jersey, and in a publication carrying municipal bond notices and devoted primarily to financial news, published in the city of New York or in New Jersey. The said notice of sale may contain a provision to the effect that any or all bids made in pursuance thereof may be rejected. In the event of such rejection or of failure to receive any acceptable bid, the issuing officials are authorized to sell said bonds at private sale. The issuing officials may sell all or a part of the bonds of any series as issued to the sinking fund or funds for other bonds issued by the State or to the trustees for the support of public schools, the Teachers' Pension and Annuity Fund, or any other pension fund established for the benefit of State employees, or to the Federal Government or any agency thereof, at private sale, without advertisement.

10. Until permanent bonds can be prepared, the issuing officials may, in their discretion, issue in lieu of such permanent bonds temporary bonds in such form and with such privileges as to registration and exchange for permanent bonds as may be determined by the issuing officials.

11. The proceeds from the sale of the bonds, exclusive of accrued interest and premiums, and all interest on deposits received from depositories, shall be paid to the State Treasurer and be held by him in a separate fund, and be deposited in such depositories as may be selected by him to the credit of the fund, which fund shall be known as the "State Housing Fund." All accrued interest and premiums from the sale of bonds except as provided in section fourteen hereof, together with interest received from depositories of such funds, shall be held by the State Treasurer to the credit of the said State Housing Fund.

12. The moneys in the said State Housing Fund are hereby specifically dedicated to providing housing for veterans of World War II and other people.
of the State and shall be disposed of in accordance with this act through such agencies or by such means as the Legislature may by act provide for such purpose. Such fund shall be held for the demand of the Commissioner of Economic Development, or his successor, and shall be drawn upon and disbursed on his order, as other funds are now disbursed from the State treasury. At any time prior to the issuance and sale of bonds under this act the State Treasurer is hereby authorized to transfer from any available money in the treasury of the State to the credit of the State Housing Fund such sum as may be deemed necessary for the purposes of this act by the Commissioner of Economic Development, which said sum so transferred shall be returned to the treasury of this State by the treasurer thereof from the proceeds of the sale of the first issue of bonds.

13. In case any coupon bonds and coupons thereunto appertaining or any registered bond shall become mutilated or destroyed, a new bond shall be executed and delivered of like tenor, in substitution for the mutilated or destroyed bonds or coupons, upon the owner furnishing to the issuing officials evidence satisfactory to them of such mutilation or destruction and also such security and indemnity as the issuing officials may require.

14. Any expense incurred by the issuing officials for advertising, engraving, printing, clerical, legal or other services necessary to carry out the duties imposed upon them by the provisions of this act shall be paid from accrued interest and premiums from the sale of bonds or if these funds be insufficient, from the proceeds of the sale of bonds, by the State Treasurer upon warrant of the Comptroller of the Treasury, in the same manner as other obligations of the State are paid.

15. Bonds of each series issued hereunder shall mature in installments commencing not later than the third year and ending not later than the twentieth year from the date of issue of such series, and in such amounts as shall be determined by the
Provisions for payment.

CHAPTER 324, LAWS OF 1946

issuing officials, but the issuing officials may reserve to the State by appropriate provision in the bonds of any series the power of election by resolution or resolutions of the issuing officials to call for redemption at par and accrued interest to date of redemption, and to redeem on any interest payment date beginning in a stated year, as a whole or in part in the inverse order of their numbers, bonds of that series prior to their maturity, upon notice by publication, at least once, at least sixty days prior to the date fixed for redemption, in a newspaper published in the City of Trenton, and in a publication carrying municipal bond notices and devoted primarily to financial news, published in New York City or in New Jersey. On and after the date of redemption so fixed, interest on bonds so called for redemption shall cease to accrue.

16. To provide funds to meet the interest and principal payment requirements for the bonds issued under this act and outstanding, there is hereby appropriated in the order following:

(a) Revenue derived from the tax collected under and by virtue of the provisions of the alcoholic beverage tax law (Chapters 41 to 47 inclusive, Subtitle 8 of Title 54 of the Revised Statutes, as amended and supplemented).

(b) Not more than fifty per centum (50%) of the revenue derived from pari-mutuel betting at race meetings pursuant to chapter seventeen of the laws of one thousand nine hundred and forty and any acts amendatory thereof and supplemental thereto.

(c) If in any year or at any time funds, as hereinabove appropriated necessary to meet interest and principal payments upon outstanding bonds issued under this act, be insufficient or not available, then and in that case there shall be assessed, levied and collected annually in each of the municipalities of the counties of this State a tax on real and personal property upon which municipal taxes are or shall be assessed, levied and collected, sufficient to meet the interest on all outstanding bonds issued hereunder and on such bonds as it is pro-
posed to issue under this act in the calendar year in which such tax is to be raised and for the payment of bonds falling due in the year following the year for which the tax is levied. The tax thus imposed shall be assessed, levied and collected in the same manner and at the same time as other taxes upon real and personal property are assessed, levied and collected. The governing body of each municipality shall cause to be paid to the county treasurer of the county in which such municipality is located, on or before the fifteenth day of December in each year the amount of tax herein directed to be assessed and levied, and the county treasurer shall pay the amount of said tax to the State Treasurer on or before the twentieth day of December in each year.

If on or before the thirty-first day of December in any year the issuing officials shall determine that there are moneys in the General State Fund, other than moneys derived from motor vehicle fees and motor fuel taxes, beyond the needs of the State, sufficient to meet the principal of bonds falling due and all interest payable in the ensuing calendar year, then and in that event such issuing officials shall by resolution so find and shall file the same in the office of the State Treasurer, whereupon the State Treasurer shall transfer such moneys to a separate fund to be designated by him, and shall pay the principal and interest out of said fund as the same shall become due and payable, and the other sources of payment of said principal and interest provided for in this section shall not then be available, and the receipts for said year from alcoholic beverages and pari-mutuel betting above referred to shall thereupon be considered as part of the General State Fund, available for general purposes.

17. Should the State Treasurer by December thirty-first of any year deem it necessary, because of insufficiency of funds to be collected from the sources of revenues as hereinabove provided to meet the interest and principal payments for the
year after the ensuing year, then the Treasurer shall certify to the Comptroller of the Treasury the amount necessary to be raised by taxation for such purposes, the same to be assessed, levied and collected for and in the ensuing calendar year. In such case the Comptroller of the Treasury shall, on or before the first day of March following, calculate the amount in dollars to be assessed, levied and collected as herein set forth in each county. Such calculation shall be based upon the corrected assessed valuation of such county for the year preceding the year in which such tax is to be assessed, but such tax shall be assessed, levied and collected upon the assessed valuation of the year in which the tax is assessed and levied. The Comptroller of the Treasury shall certify said amount to the county board of taxation and the county treasurer of each county. The said county board of taxation shall include the proper amount in the current tax levy of the several taxing districts of the county in proportion to the ratables as ascertained for the current year.

Referendum. 18. For the purpose of complying with the provisions of the State Constitution this act shall, at the general election to be held in the month of November, one thousand nine hundred and forty-six, be submitted to the people. In order to inform the people of the contents of this act it shall be the duty of the Secretary of State, after this section shall take effect, and at least fifteen days prior to the said election, to cause this act to be published in at least ten newspapers published in the State and shall notify the clerk of each county of this State of the passage of this act, and the said clerks respectively shall cause to be printed on each of said ballots, the following:

CHAPTER 325

AN ACT concerning the issuance of warrants for removal in actions to recover possession of premises used for dwelling purposes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Notwithstanding any other provisions of law, in any action brought by a landlord against a tenant to recover possession of premises used for dwelling purposes, the judge of the court having jurisdiction shall use sound discretion in the issuance of a warrant for removal, and if it shall appear that by the issuance of the warrant the tenant will suffer hardship because of the unavailability of other dwelling accommodations the judge may stay the issuance of the warrant and cause the same to issue at such time as he shall deem proper under the circumstances; provided, however, that in no case shall the issuance of the warrant be stayed or the stay thereof be longer continued, as the case may be, if the tenant should (a) fail to pay to the landlord all arrears in rent or the amount that would have been payable as rent if the tenancy had not been interrupted, or both, together with the accrued costs of the action; or (b) during the stay, fail to continue to pay to the landlord the
amount that would be due if the tenancy had not been interrupted; or (c) during the stay, become so disorderly as to destroy the peace and quiet of the other tenants living in the same building or in the neighborhood; or (d) during the stay, willfully destroy, damage or injure the premises.

2. In no event shall any payment made by the tenant to the landlord for continued occupancy of the premises, as provided in section one of this act, be deemed to create a new tenancy.

3. Each judge may adopt his own procedure for inquiring into and determining whether issuance of a warrant for removal should be stayed or the stay thereof longer continued, as the case may be.

4. This act shall take effect immediately but shall become inoperative on and after July first, one thousand nine hundred and forty-eight.

Approved October 1, 1946.
JOINT RESOLUTIONS
JOINT RESOLUTION No. 8

A JOINT RESOLUTION memorializing the Congress of the United States to adopt a national housing policy providing for effective co-operation between Federal, State and local governments to meet the current critical housing emergency, and to adopt immediate measures to facilitate the successful operation of State and local emergency housing programs.

WHEREAS, The Federal Government has heretofore pre-empted the entire field of housing; and

WHEREAS, The Federal emergency housing program has failed to produce emergency housing, particularly for veterans of World War II, in the quantity, at the time, and in the places needed during the current critical housing shortage; and

WHEREAS, In view of this failure of the Federal program and in view of the crucial nature of the emergency, it has become necessary for State and local governments to come to the rescue and institute their own emergency housing programs; and

WHEREAS, Such State and local programs can attain their maximum effectiveness only with the complete co-operation of the Federal Government, avoidance of all unnecessary conflict with Federal agencies, and elimination of all unrealistic Federal regulations; and

(1377)
WHEREAS, States and their political subdivisions are not given opportunities equal to those given to the Federal Public Housing Authority with respect to priorities for building materials and supplies for emergency housing projects; and

WHEREAS, The Federal programs have failed to alleviate the critical shortage in building materials and supplies or to prevent black markets of all kinds in such materials and supplies; and

WHEREAS, Present Federal regulations and policies have seriously hampered the construction of dwelling accommodations by private enterprise, and a complete review and revision of such regulations and policies are essential; and

WHEREAS, Large numbers of veterans of World War II and other residents of this State are still without even minimum housing accommodations despite the Federal emergency housing program heretofore adopted by the Congress and the National Administration; and

WHEREAS, The State of New Jersey has taken emergency action immediately to provide adequate emergency housing accommodations for its residents, and is apprehensive that it may be seriously hampered in the speedy provision of such needed shelter because of the aforementioned Federal policies and failure; and

WHEREAS, A complete review and revision of Federal policies, with a view to effective co-operation with and facilitation of State and local emergency housing programs is essential to meet the present critical emergency; now, therefore,

BE IT RESOLVED by the Senate and General Assembly of the State of New Jersey:

1. The Congress of the United States is respectfully memorialized to adopt a national housing policy.
JOINT RESOLUTION No. 8

policy for the current critical housing emergency which will provide effective co-operation between Federal, State and local governments in this field, and eliminate all unrealistic regulations.

2. The Congress of the United States is further memorialized to adopt all possible measures to facilitate the successful operation of State and local emergency housing programs, including the granting of opportunities to State and local governments equal to those given to the Federal Public Housing Authority with respect to priorities for building materials and supplies.

3. The Congress of the United States is further memorialized to take thorough and immediate action for the complete nation-wide eradication of black markets of all kinds in building materials and supplies, to the end that all emergency housing programs may operate with maximum effectiveness.

4. The Congress of the United States is further memorialized to take immediate action for the complete review and revision of Federal policies and regulations which have hampered the construction of dwelling accommodations by private enterprise, to the end that private enterprise may be enabled to construct housing as speedily as possible.

5. The Secretary of State is directed to transmit copies of this joint resolution, properly authenticated, to the Secretary of the Senate of the United States, to the Clerk of the House of Representatives, and to the Senators and Representatives of the State of New Jersey in the Congress of the United States.

6. This joint resolution shall take effect immediately.

Approved October 1, 1946.
JOINT RESOLUTION No. 9

A JOINT RESOLUTION memorializing the President of the United States to call a conference of the Governors of the several States and the officers charged with administering the Federal housing programs, for the purpose of eliminating unrealistic Federal regulations, alleviating the critical shortage in building materials and supplies and preventing black markets in such materials and supplies, and co-ordinating the emergency housing activities of all levels of government toward the single goal of speedily providing needed dwelling accommodations.

WHEREAS, It appears that the Federal Government is unable, under the programs heretofore adopted by it, to provide adequate relief in the current housing emergency, particularly for veterans of World War II, as is more fully set forth in a joint resolution entitled "A joint resolution memorializing the Congress of the United States to adopt a national housing policy providing for effective co-operation between Federal, State and local governments to meet the current critical housing emergency, and to adopt immediate measures to facilitate the successful operation of State and local emergency housing programs," adopted by the Senate and House of Assembly of the State of New Jersey on this date; and

WHEREAS, State and local government programs to accomplish immediate emergency housing require the full co-operation of the Federal Government and freedom from unworkable Federal regulations in order to function efficiently and successfully; and
WHEREAS, State and local emergency housing programs under present conditions must inevitably be hampered by inability to secure adequate building materials and supplies because of the critical shortage of such materials and supplies, the failure of the Federal Government to afford to such programs opportunities equal to those given to the Federal Public Housing Authority with respect to priorities for such materials and supplies, and the failure of the Federal Government to prevent black markets in such materials and supplies; and

WHEREAS, Construction of dwelling accommodations by private enterprise has been seriously impeded through unrealistic Federal regulations; and

WHEREAS, It is imperative that the nation now mobilize and co-ordinate all its resources; and, through every level of government, Federal, State and local, speedily provide for adequate emergency housing, without regard to political considerations; now, therefore,

BE IT RESOLVED by the Senate and General Assembly of the State of New Jersey:

1. The President of the United States is respectfully memorialized and urged to call an immediate conference of the Governors of the several States and the officers charged with administering the Federal housing programs, for the purpose of coordinating the efforts of all levels of government toward speedy accomplishment of emergency housing, eliminating such Federal regulations as have proved to be unworkable and unrealistic, reviewing and revising completely Federal policies and regulations which impede the construction of dwelling accommodations by private enterprise, alleviating the critical shortage in building materials and supplies, eradicating black markets in such materials
and supplies, and eliminating conflict, overlapping, and duplication, wherever they exist in the housing field.

2. That if, as a result of such conference, it shall appear necessary or desirable to revise, amend, or repeal legislation that is detrimental to the immediate accomplishment of emergency housing, the President convene a special session of the Congress to take whatever legislative action may be most appropriate.

3. The Secretary of State is directed to transmit copies of this joint resolution, properly authenticated, to the President of the United States and to the Senators and Representatives of the State of New Jersey in the Congress of the United States.

4. This joint resolution shall take effect immediately.

Approved October 1, 1946.

AN ACT making an appropriation to the Board of Public Utility Commissioners to defray expenses to be incurred in connection with any investigation, survey, inquiry or hearing on certain schedules filed with said board by New Jersey Bell Telephone Company.

WHEREAS, New Jersey Bell Telephone Company, a public utility of this State, has filed with the Board of Public Utility Commissioners schedules increasing basic exchange telephone rates, intrastate message toll telephone rates, charges for equipment, miscellaneous charges, and changing or altering some of the existing classifications in the State of New Jersey; and

WHEREAS, It appears that said schedules would increase the cost of telephone service to the people of this State by approximately eleven million dollars ($11,000,000.00) annually; and

WHEREAS, Because of the common use of telephone service provided by said public utility and the great dependence of the people of this State thereon, said schedules are of State-wide public interest; and

(11)
WHEREAS, It is imperative that the Board of Public Utility Commissioners have the benefit of adequate technical assistance, to appraise valuations and secure all information relating to the establishment of fair and equitable rates and that the public interest be adequately represented legally in this matter; and

WHEREAS, When appropriations were made for the current fiscal year this matter was not anticipated, and the moneys heretofore appropriated are insufficient for the purpose; therefore,

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. There is hereby appropriated to the Board of Public Utility Commissioners the sum of seventy-five thousand dollars ($75,000.00) for the purpose of defraying any and all expenses to be incurred in connection with any investigation, survey, inquiry or hearing leading to a determination by said board as to the justness and reasonableness of certain schedules filed with said board by New Jersey Bell Telephone Company, increasing basic exchange telephone rates, intrastate message toll telephone rates, charges for equipment, miscellaneous charges, and changing or altering some of the existing classifications in the State of New Jersey.

2. The sum appropriated by section one of this act to the Board of Public Utility Commissioners may be used for the payment of salaries or other compensation to such engineers, surveyors, accountants, auditors, appraisers or other technical aids (other than legal) as the board may deem necessary specially to employ, retain or appoint, and also for the payment of fees to such attorneys or other legal assistants as the Attorney-General may deem necessary specially to engage, in order effectually to carry on any investigation, survey, appraisal, inquiry or hearing for which said appropriation is made. All such employments, re-
tainers and appointments by the board or by the Attorney-General shall be subject to the approval of the Governor.

3. Notwithstanding any other provisions of law, any technical aids that may be employed, retained or appointed by the board, or any attorneys or other legal assistants that may be engaged by the Attorney-General, may be so employed, retained, appointed or engaged upon such terms and in such manner as the board or the Attorney-General, as the case may be, shall see fit, but subject to the approval of the Governor as to the amount of salary or other compensation to be paid each person so employed, retained, appointed or engaged; and salaries or other compensation of technical aids employed, retained or appointed by the board, and fees of attorneys or other legal assistants engaged by the Attorney-General, as well as other expenses incurred by either, shall be certified by the board or the Attorney-General and when approved by the Governor shall be paid by the State Treasurer on warrant of the Commissioner of Taxation and Finance.

4. Any person employed, retained, appointed or engaged pursuant to the provisions of this act in any manner other than by contract, shall serve at the pleasure of the board or the Attorney-General, as the case may be. In the event any contract is made by the board or the Attorney-General with any person pursuant to the provisions of this act, the board shall make requisition on the Commissioner of Taxation and Finance for the reservation of such sum as may be required to make payment for the services and doing the work agreed upon in the contract; and the Commissioner of Taxation and Finance shall reserve, for the purpose of making such payments, from the money appropriated to the board by this act, the sum called for in the requisition.

5. The sum appropriated by this act to the Board of Public Utility Commissioners shall be in addi-

... tion to all sums heretofore or otherwise appropriated to said board, and, if necessary, shall be made out of the Post-War Reserve Account in the General State Fund.

6. This act shall take effect immediately.

Governor.

CHAPTER 2

An Act concerning school board elections, and amending section 18:7-35 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 18:7-35 of the Revised Statutes is amended to read as follows:

18:7-35. The board shall make public proclamation through a board member or other person qualified to vote in the school district designated by the president of said board of the opening of the meeting. A chairman who shall also be judge of elections, a secretary, and two tellers shall be appointed, and assistant tellers not to exceed in number one for every two signature copy registers used in the polling district may be appointed, by the board of education at the regular January meeting of the board from the qualified voters of the district other than regularly nominated candidates, board members, or employees. In case of any vacancy in such offices at the time of the opening of the meeting, the person authorized to open the meeting shall appoint from among those present to fill the vacancy. In any district having a population of twenty-five hundred or more as determined by the last published census, the board of education
may pay each such election officer a compensation not to exceed five dollars ($5.00) and in any district having a population of fifteen thousand or more as so determined, the board of education may pay each such election officer a compensation not to exceed ten dollars ($10.00). At the conclusion of the organization, the election shall be open and the balloting shall continue without recess in accordance with the instructions printed upon the ballot and the provisions of this article until the hour of closing has arrived.

Each candidate nominated by petition may act as a challenger and may appoint also one challenger for each polling district in which he is to be voted for. The appointment of challengers shall be in writing under the hand of the person making the same and shall specify the names and addresses of the challengers and the polling district for which they are severally appointed. The appointment of the challengers shall be filed with the district clerk not later than five days preceding the annual election. No person shall be appointed challenger who is not a legal voter of the school district and no challenger shall serve in any polling district other than that to which he is appointed. The district clerk shall certify such appointed challengers, and such certification shall be submitted by the challengers to the election officials of the respective polling districts to which they are assigned. The challengers shall have power to challenge the right to vote therein of any person claiming such right and shall have the right to ask all necessary questions to determine this right. They may be present while the votes cast at any election are being counted, may stand where they can see the markings on the ballots provided they do not interfere with the orderly counting of the votes, and shall have the right to challenge the counting or rejecting of any ballot or any part of a ballot. The election officers are authorized to maintain order in the polling place and to require to leave the polling room all persons other than challengers,

dollars ($500.00), or by imprisonment not exceeding one year, or both.

AN ACT concerning county and municipal finances.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. CHAPTER 8

An Act to provide for a State constitutional convention so instructed by the legal voters that it shall have no power to propose any change in the present basis of representation in the Legislature, providing for the nomination and election of delegates, at a special election, and for the submission of the proposals of the convention to the people for adoption or rejection, and making an appropriation therefor.

WHEREAS, All political power is inherent in the people, and government is instituted for their protection, security and benefit; and

WHEREAS, The people of the State have the right at all times to alter or reform the Constitution whenever the public good may require it; and

WHEREAS, The present Constitution of one thousand eight hundred and forty-four, adopted at an election in which the total number of votes cast for and against it was only twenty-three thousand eight hundred seventy-one, should be systematically reconsidered and conformed to the needs of a modern industrial and agricultural State with over two million registered voters among a population of over four million people; and

WHEREAS, It is the duty of the Legislature from time to time to enact legislation, as was enacted in the year one thousand eight hundred and forty-four, enabling the people through their delegates in a constituent assembly to exercise their inherent right to alter or reform the Constitution; and
WHEREAS, The people in the exercise of their sovereign power may commit their delegates to binding restrictions on the scope and subject matter of such a constituent assembly; now therefore,

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. A constitutional convention, comprised of delegates elected in the several counties shall, subject to a popular referendum as hereinafter provided, convene at New Brunswick, New Jersey, or at such other place as the Governor may designate by proclamation, on the twelfth day of June, one thousand nine hundred and forty-seven, at eleven o'clock ante meridian, or as soon thereafter as a quorum shall be present.

2. The constitutional convention shall prepare and agree upon a new State Constitution, revising, altering or reforming the present Constitution in such part or parts and in such manner as the convention shall deem in the public interest; provided, however, that the convention shall in no event agree upon, propose or submit to vote of the people, either separately or included among other provisions, any provision for change in the present territorial limits of the respective counties, or any provision for legislative representation other than provision for a Senate composed of one Senator from each county and a General Assembly composed of not more than sixty members apportioned among the counties according to population so that each county shall at all times be entitled to at least one member, chosen for, and elected by the legal voters of, the respective counties.

3. The constitutional convention shall complete and agree upon its proposals on or before the twelfth day of September, one thousand nine hundred and forty-seven, and shall provide for submission thereof at the general election to be held on November fourth, one thousand nine hundred
Delegates.

4. Each county shall be entitled to the same number of delegates to the constitutional convention, to be elected by the legally qualified voters of the county, as the county is presently entitled to representatives in a joint session of the Legislature. Each delegate shall be a legal voter in the county for which he is elected.

Special election June 3, 1947.

5. To determine whether the constitutional convention instructed by the people as herein provided shall be convened, and to elect delegates to such a convention if the people vote in favor thereof, a special election shall be held on June third, one thousand nine hundred and forty-seven, at the same time, at the same places, using the same records and facilities and by the same officers and employees as conduct the primary election on that date, as hereinafter provided. In addition to the remuneration for services rendered at a primary election, as otherwise provided by law, each district board member shall be paid five dollars ($5.00) as payment in full for all services rendered in connection with the special election hereunder. All other public officials who perform services in connection with the special election shall serve without additional compensation. The provisions of Title 19 of the Revised Statutes, insofar as they are not inconsistent with the provisions of this act, shall apply to the nomination and election of delegates and to the submission of the questions hereunder.

Remuneration of officials.

6. Candidates for the office of delegate shall be nominated by petition filed with the clerk of the county for which the nomination is made, on or before April fourteenth, one thousand nine hundred and forty-seven. Each nominating petition shall be signed by legally qualified voters of this State residing within the county in and for which the delegates nominated are to be elected, and the

Provisions of Title 19 not to apply.

Nominating petitions.
CHAPTER 8, LAWS OF 1947

signers of each petition shall number at least three hundred in counties of the first and second class, and one hundred in all other counties.

7. Each nominating petition shall set forth the names, places of residence and post-office addresses of the candidate or candidates thereby nominated, that the nomination is for the office of delegate to the State constitutional convention which may be convened on June twelfth, one thousand nine hundred and forty-seven, and that the petitioners are legally qualified to vote for such candidate or candidates and pledge themselves to support and vote for the persons named in such petition. Every voter signing a nominating petition shall add to his signature, his place of residence, post-office address and street number, if any. No voter shall sign a petition or petitions for a greater number of candidates than are to be elected in the county in which he resides. Signers of petitions need not be members of the political party, if any, in which their nominees are designated, nor shall any member of a political party who signs the nominating petition of a member of another party or of a candidate permitted to use the designation of another political party lose his eligibility to vote in the primary election of the political party of which he is a member.

8. Any nominating petition may designate in not more than three words the political party, group, or principles with which the candidate or candidates therein named shall be identified on the official ballot; provided, however, that no such designation or slogan shall include or refer to the name of any person, corporation, association or political party unless the written consent of such person, corporation, association or political party is endorsed upon or annexed to and filed with the petition of nomination of the candidate or group of candidates desiring to use a slogan or designation. Consent to the use of the designation, name, derivative or any part thereof of any political party by any candidate, whether or not a member
Candidates bracketed.

9. Two or more candidates for nomination as delegate may in their nominating petitions request that their names be grouped and bracketed under such common designation or slogan to be named by them, and that such common designation or slogan shall be printed with their names on the official election ballot. If more than one candidate or group shall select the same slogan or designation, the petition first filed shall be entitled, if it otherwise complies with this act, to the use of such slogan or designation, and the county clerk shall so notify all candidates or groups whose petitions are thereafter filed with the same designation or slogan, and such candidate or group shall within two days select a new slogan or designation; subject to the consent required by this act.

Acceptance by candidate before filing.

10. Each nominating petition shall, before it may be filed with the county clerk, contain an acceptance of such nomination in writing, signed by the candidate or candidates therein nominated, upon or annexed to such petition, or if the same person or persons be named in more than one petition, upon or annexed to one of such petitions. Such acceptance shall certify that the candidate is a legally qualified voter in the county for which he is nominated. Such acceptance shall also certify that the nominee consents to stand as a candidate at the ensuing special election for the election of delegates to a State constitutional convention, and that if elected he agrees to take office and serve as a delegate from the county in which he is nominated.
11. Each nominating petition shall be verified by an oath or affirmation of one or more of the signers thereof, taken and subscribed before a person qualified under the laws of New Jersey to administer an oath, to the effect that the petition was signed by each of the signers thereof in his proper handwriting, that the signers are, to the best knowledge and belief of the affiant, legal voters of the county as stated in the petition, and that the petition is prepared and filed in good faith for the sole purpose of endorsing the person or persons named therein in order to secure his or their selection as stated in the petition.

12. All nominating petitions, their acceptances, requests for the use of designations or slogans and certifications shall when filed be and remain open for public inspection during regular business hours of the county clerk under such reasonable regulation for their proper care and custody as the county clerk may deem necessary. Objections to petitions, the determination of their validity, recourse to the courts by candidates believing themselves aggrieved, and amendment of defective petitions, shall conform to the provisions of Title 19 of the Revised Statutes relating to petitions directly nominating candidates for public office to be voted for in a general election. Vacancies in nominations which occur for any reason may be filled in the same manner as the original nomination by petition filed with the county clerk on or before April twenty-second. Nothing in this act, or in Title 19 of the Revised Statutes, shall be construed to authorize or require any county clerk to defer the printing of ballots, or the mailing of military service ballots, beyond the respective dates herein specifically provided.

13. A public question shall be submitted to the legal voters by printing in not less than ten-point type, at the head of the ballot, above the names of candidates for the office of delegate, a question in substantially the following form:
"Do you favor the holding of a State constitutional convention which shall prepare for submission to the legal voters next November fourth, for their adoption or rejection, in whole or in part, a new State Constitution revising, altering or reforming the present Constitution in such part or parts and in such manner as the convention shall deem in the public interest, provided, that the convention shall in no event agree upon, propose or submit to vote of the people, either separately or included among other provisions, any provision for change in present territorial limits of the respective counties, or any provision for legislative representation other than provision for a Senate composed of one Senator from each county and a General Assembly composed of not more than sixty members apportioned among the counties according to population so that each county shall at all times be entitled to at least one member, chosen for, and elected by the legal voters of, the counties respectively, and provided further, that the Secretary of State shall review such proposed Constitution and parts thereof to determine whether the convention has complied with the foregoing restrictions, and that only upon his certification that it has so complied may the proposed Constitution and parts thereof be submitted as aforesaid?"

14. The Secretary of State, on or before April fourteenth, one thousand nine hundred and forty-seven, shall certify the foregoing public question to the respective county clerks, and in so certifying shall prescribe the style and size of type and the layout of the question which shall be used by the several county clerks in printing the official ballots for the election of delegates and submission of the question. Except as herein provided, the foregoing question shall be submitted in the manner required by Title 19 of the Revised Statutes for the submission to the people of a public question to be voted upon by the electors or voters of the entire State, and it shall be the duty of the Secretary of State and of the several county clerks to arrange for the submission of such public question and for the election of delegates in accordance with the provisions of this act and of Title 19 of the Revised Statutes.
Separate ballot to be used.

Voting machines not to be used.

Booths and boxes furnished.

Additional boxes furnished by Secretary of State.

15. In all counties there shall be used for the election of delegates and for voting on the public question a paper ballot separate from the primary election ballot and from any other ballot used for any other election on that day. Voting machines shall not be used for the purposes of this act in any county. The ballot, including instructions to voters, shall in all respects, except as herein otherwise required, follow the form and practice provided by law with respect to the election of members of the House of Assembly. In counties using voting machines for the primary election, voting booths and ballot boxes shall be provided for the purposes of this act in the same manner as such equipment is required by law to be provided for general elections where voting machines are not used. In the event that voting booths and ballot boxes complying with the specifications of Title 19 of the Revised Statutes should not be on hand or available, without purchase, in sufficient number for all election districts in any county using voting machines for the primary election, such voting booths and ballot boxes used for school elections as may be made available by the various school districts may be used for the purpose of the special election hereunder. Any additional ballot boxes and voting booths which may be required in the several counties shall be provided by the Secretary of State upon certification to him by the officials charged by law with the duties of providing and storing such equipment that some or all of it has been destroyed or otherwise disposed of pursuant to a
duly adopted municipal ordinance or county resolution, as the case may be. Notwithstanding any provision of Title 19 of the Revised Statutes, ballot boxes and voting booths provided by the Secretary of State hereunder shall be deemed sufficient if he determines that they are designed to protect the secrecy and security of the ballot and to guard against fraud.

16. Ballots shall be printed on colored paper clearly distinguishable from any other ballots used on primary day and from the color of sample ballots in connection therewith. The position of the names of candidates on the ballot shall be determined by the drawing of lots as in general elections in the manner provided by Title 19 of the Revised Statutes. The duly selected designation of each candidate or group of candidates shall be printed upon the ballot above, below or to the right of the name or names of each candidate or group and the names of such candidates as may have duly petitioned to bracket their names together with a single designation shall be so printed.

17. The detachable coupon on official ballots used for the purpose of this act shall be numbered consecutively from one to the number of ballots delivered to and received by the member or members of the district boards for their respective election districts, and all such numbers shall be preceded by the letter “X.” For municipalities wherein elections have been held during the year one thousand nine hundred and forty-seven prior to June third, the Secretary of State shall provide a supplementary poll book for each district in such municipality, which shall serve for signature comparison and voting record for the special election only, wherein anyone who votes in the special election hereunder shall sign his name and address, and a member of the district board shall enter alongside each signature the number of the special election ballot given each voter. In all other municipalities, a voter who votes in the primary and in the special election shall sign the signature compari-
son record in the columns headed "Primary" and "Other elections" and the numbers of the ballots which he votes at the primary election and at the special election shall be indicated in their proper columns on the voting record. Sample ballots hereunder shall so far as practicable be mailed together with the sample primary election ballots for the same day.

18. All the ballots for the purposes of this act, including sample ballots, shall be printed by the respective county clerks in conformity with sections 13 through 17 hereof and as to all matters not covered here, with the requirements of Title 19 of the Revised Statutes. The county clerk shall prepare and deliver to the printer complete copy for the ballots as herein required on or before the twenty-fourth day of April, and shall mail the ballots provided by this act together with the primary election military service ballots otherwise provided by law, as soon after the thirtieth day of April as shall be practicable.

19. After being voted, the ballots provided by this act shall be deposited in any of the ballot boxes which shall be provided for that purpose, including either ballot box used for the primary election. The ballots cast in the special election to be held hereunder shall be counted and strung and numbered separately from those cast in the primary election. The result of the votes cast for and against the adoption of the public question shall be returned by the election officers, and a canvass of such election had, as is provided by law in the case of the election of a Governor. The votes cast for delegate shall be counted, and the result thereof returned by the election officers, and a canvass of such election had as is provided by law in the case of the election of members to the House of Assembly. On or before the first Monday following the election, the board of county canvassers in each county shall complete the canvass of the votes cast in the county on the public question and for the election of delegates and determine the results of
the election in the county; and the clerk of the county shall on the following day deliver the results to the Secretary of State. Ballots which have been cast, election records and ballot boxes shall be disposed of and preserved in the manner provided by chapter eighteen of Title 19 of the Revised Statutes.

20. On the tenth day of June, after the election, the Board of State Canvassers shall complete the canvass of the votes on the public question and for the election of delegates and determine and declare the results of the election on the public question. If a majority of those voting on the question shall vote "for" a constitutional convention, then such convention shall be held as provided in this act and the State canvass of voters cast for delegates shall be completed and the board shall determine and declare the persons elected as delegates. But if a majority of those voting on the question shall vote "against" a constitutional convention, then such convention shall not be held and the canvass of votes cast for delegates and the determination by the State board of the results thereof shall be abandoned. The adoption or rejection of said public question so determined shall be declared in the same manner as the result of an election for Governor, and the Secretary of State shall forthwith certify the result of said election to the Legislature.

21. The Governor shall open the convention and preside at its first session and until permanent officers are selected. So long as he presides he may cast the deciding vote in the event of a tie. The convention shall be the judge of the qualifications of its members, their election, or appointment. It shall have the power by the vote of forty-one of the delegates to choose a president and secretary and all other appropriate officers, to prescribe their functions, powers and duties, and to make rules and regulations for the conduct of its business. Before entering upon his office, each delegate shall take and subscribe an oath or affirmation, before
any person qualified to administer an oath, that he will abide by the instructions of the people as contained in the referendum hereunder, and support the Constitution of the United States and faithfully discharge his duties as delegate.

22. If any delegate from any county shall die, resign, remove from the State or county or otherwise become disqualified from serving, or if a vacancy occurs for any reason whatsoever, the vacancy shall be filled by an appointment made by the remaining delegates or delegate from the county; and, in case there be no delegate therefrom, any and all vacancies then existing shall be filled by appointment made by the board of chosen freeholders of the county.

23. The convention may frame a Constitution to be submitted as a whole to the people for adoption or rejection; or it may frame one or more parts of a Constitution, each to be so submitted to the people that they may adopt or reject any part and, if the convention so determines, it may also frame one or more parts to be submitted in the alternative in order that the people may adopt any of the alternatives or reject any or all of them.

24. When the convention by a vote of forty-one of the delegates shall have agreed upon its proposals, and the manner of their submission as aforesaid, an original and two true copies thereof shall be prepared, and signed by the president and secretary of the convention and delivered to the Governor who shall cause the original copy to be filed in the office of the Secretary of State. A printed copy of the proposed Constitution shall be delivered to each member of the Legislature, whether or not it is then in session. The Secretary of State shall forthwith review the proposed Constitution, and the several parts thereof, to be submitted to the people, and shall within two days find and determine whether the convention has complied with its instructions as voted by the people. The Secretary of State shall forthwith certify his finding and determination to the convention, and
CHAPTER 8, LAWS OF 1947

upon certification that the proposed document and parts thereof comply with the instructions of the people as aforesaid, and only upon such certification by the Secretary of State, the convention may proceed to arrange for submission of the Constitution or parts thereof to the people. The convention shall adjourn sine die, and the delegates shall be discharged from their duties, on or before the twelfth day of September, one thousand nine hundred and forty-seven.

25. The convention shall frame the question or questions, to be placed upon the ballot, submitting to the people for adoption or rejection the proposed Constitution or the part or parts agreed upon; and may frame, if it deems it appropriate, an interpretative statement to be placed thereupon or may dispense with any such statement notwithstanding any other requirement of law. The convention shall prepare an address to the people consisting of a summary and an explanation of the proposed Constitution or the part or parts agreed upon. Such an address shall be distributed together with the sample ballots for the general election, and shall be in lieu of any other summary statement which may be required by law. The convention may make such directions to officials and others for the submission to the people of the Constitution or the part or parts agreed upon and for notice and publication of the same and of the address, and for the distribution of copies thereof to such persons, places and institutions through the office of the Secretary of State or other persons and at such times and in such manner as it shall determine. The convention may direct that its provisions, or any of them, for notice, publication and distribution shall be in lieu of any other such provisions of law relating to public questions.

26. The question or questions aforesaid shall be submitted to the people at the general election to be held in the year one thousand nine hundred and forty-seven, the ballots shall be counted, and the results thereof determined, in accordance with the
provisions of Title 19 of the Revised Statutes for the submission to the people of public questions to be voted upon by the voters of the entire State, except as such provisions are inconsistent with this act or the directions of the convention; and, except as stated, all the provisions of that Title are made applicable to the provisions hereof and the acts to be performed hereunder.

27. The convention may require the submission of the question or questions which it may frame, either with the use of voting machines or with paper ballots either separate from or as part of the general election ballot, or with the use of voting machines, where available, and paper ballots elsewhere, as provided in Title 19; provided, that all persons qualified to vote in the general election shall be entitled to vote on the questions to be submitted.

28. If a Constitution as a whole is submitted to the people and a majority of all votes cast for and against its adoption shall be in favor of its adoption, then it shall become the Constitution of this State taking effect according to its terms; and if one or more parts of a Constitution are submitted to the people as aforesaid and a majority of all votes cast for and against the adoption of any part shall be in favor of its adoption, then each part so approved shall become a part of the Constitution of this State, taking effect according to its terms. In any such case the Secretary of State shall certify the results of the election to the Governor and the Governor shall thereupon issue his proclamation which shall contain either the Constitution of the State as adopted or, if but one or more parts have been adopted, then the Constitution of the State as so revised.

29. The convention shall have power to incur such expenses as may be necessary in order to exercise the powers conferred and to perform the duties imposed by this act. The sum of three hundred and fifty thousand dollars ($350,000.00), or so much thereof as may be necessary, is hereby appro-
appropriated for printing, advertising and publication, for compensation of such clerical, technical and professional personnel as the convention may require, and for the other expenses of the convention, the same to be disbursed by the Treasurer of this State upon vouchers or warrants to be signed by the president and the secretary of the convention. Delegates to the convention shall be entitled to be reimbursed for their necessary expenses not in excess of ten dollars ($10.00) for each day the convention is in session, but shall receive no compensation whatever for their services.

30. All procedural requirements of this act, all provisions and requirements of Title 19 of the Revised Statutes made applicable hereunder and all directions of the convention as to the manner of the submission to the people of the Constitution or of a part or parts agreed upon, shall be directory only, and failure to comply or faulty compliance therewith shall not in any manner prevent the submission thereof; provided, that nothing herein shall authorize the submission of any constitution or part thereof in violation of section two of this act.

31. The additional costs incurred in the several counties, in connection with the special election hereunder, for the printing of sample and official ballots, and for compensation of election officials pursuant to section five of this act, and all other expenses incident to such special election, shall be paid by the State Treasurer upon vouchers certified by the county clerk and approved by the State Comptroller. For this purpose, and for the expenses of the Secretary of State in providing such ballot boxes and voting booths as may be required pursuant to section fifteen hereof and supplementary poll books pursuant to section seventeen hereof, there is hereby appropriated, out of any available funds in the State treasury, the sum of one hundred twenty-five thousand dollars ($125,000.00).

CHAPTER 11

An Act to supplement "An act concerning elections, supplementing Title 19 of the Revised Statutes, and repealing 'An act concerning elections, and supplementing Title 19 of the Revised Statutes,' approved April fourteenth, one thousand nine hundred and forty-four (P. L. 1944, c. 141)," approved February fifth, one thousand nine hundred and forty-five (P. L. 1945, c. 7).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

2. Approved March 11, 1947.
CHAPTER 12

An Act concerning military service voting in the elections to be held on the third day of June, one thousand nine hundred and forty-seven, supplementing Title 19 of the Revised Statutes.

Whereas, In order to afford every voter of this State who was in military service in time of war an opportunity to vote notwithstanding the fact that such persons may have been absent from the election district in which they resided, whether such persons were within or without this State or the United States, certain acts were passed by the Legislature; and

Whereas, Since the cessation of hostilities most of the persons who were formerly in military service have been discharged and most of those who still remain in service have not attained the age to qualify them as legal voters of this State; and

Whereas, Only about eleven hundred military service voters voted throughout the State in the general election held in one thousand nine hundred and forty-six; and

Whereas, Adequate records of the names and addresses of persons now in military service from which to compile a list of military service voters in each municipality do not exist; now, therefore,

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. This act shall apply only to the elections to be held on the third day of June, one thousand nine hundred and forty-seven; that is, the primary elec-
tion for the general election and the special election pursuant to an act entitled "An act to provide for a State constitutional convention so instructed by the legal voters that it shall have no power to propose any change in the present basis of representation in the Legislature, providing for the nomination and election of delegates, at a special election, and for the submission of the proposals of the convention to the people for adoption or rejection, and making an appropriation therefor," heretofore enacted at this session of the Legislature.

The operation of sections three to twenty, inclusive, of "An act concerning elections, supplementing Title 19 of the Revised Statutes, and repealing 'An act concerning elections, and supplementing Title 19 of the Revised Statutes,' approved April fourteenth, one thousand nine hundred and forty-four (P. L. 1944, c. 141)," approved February fifth, one thousand nine hundred and forty-five (P. L. 1945, c. 7), as amended, and the operation of "An act to afford certain voters of this State, who are in the military service and in certain services auxiliary to and associated therewith, and in certain veterans' hospitals, in time of war, an opportunity to vote in certain elections to be held in this State notwithstanding that such voters may be absent on election day from the respective election districts in which they reside, and supplementing Title 19 of the Revised Statutes," approved February twelfth, one thousand nine hundred and forty-five (P. L. 1945, c. 11), is hereby suspended with respect to the aforesaid elections.

2. The county clerk of each county, between the thirtieth day of March, one thousand nine hundred and forty-seven and the nineteenth day of April, one thousand nine hundred and forty-seven, shall cause the notice, hereinafter prescribed, to be published once a week for three successive weeks in at least two newspapers published in the county.
The notice hereinabove referred to shall be printed in bold-face type and shall be in substantially the following form:

(name and title of officer taking affidavit)

Such affidavit shall be subscribed and sworn to by a voter in the military service or in a veterans' hospital, before a person authorized to administer oaths or before a commissioned officer of the armed forces of the United States, or by his relative or friend, as the case may be, before a person authorized to administer oaths.

4. Each county clerk, upon receipt of such affidavits, shall file them alphabetically and according to the municipalities of the home addresses of the military service voters appearing thereon and shall, prior to the thirtieth day of April, one thousand nine hundred and forty-seven, cause to be prepared, a sufficient number of military service primary election ballots and military service ballots for the submission of the public question above referred to and for the election of delegates to the constitutional convention, and a list of candidates for the public offices to be filled in each election district in the county whose names do not appear upon the ballot as hereinafter provided, as in his judgment will be necessary for distribution under this act in his county.

The county clerk shall mail to each person, whom he shall ascertain to be a legal military service voter under this act, and by whom or on whose behalf an affidavit shall have been filed, as provided in this act, military service primary election ballots and a military service ballot for the submission of said public question and the election of said delegates, in one envelope, as soon after April thirtieth,
one thousand nine hundred and forty-seven as practicable, and from time to time thereafter as he shall ascertain that applicants are entitled thereto, but not later than the twenty-fifth day of May, one thousand nine hundred and forty-seven.

The military service primary election ballots shall conform generally to the official ballots to be used in the primary election for the general election but shall be so prepared that the military service voter may indicate thereon his choice of the candidates of one political party for each of the offices to be voted upon at said election by the voters of the entire State or of the county in which such military service voter's election district is situate and shall contain at the end of the list of candidates for each different office blank squares and spaces or lines equal to the number of persons to be elected to the offices for the purpose of allowing the military service voter to write in and vote for the name of any person for whom he desires to vote for such office and sufficient space shall also be provided in similar manner for the military service voter to write in the names of and vote for any candidates for, or his personal choice for, any public office to be voted upon in such election district, as the candidates of his political party for the offices which do not appear upon said ballot.

A list of the candidates for the offices to be filled in each election district in the county whose names do not appear upon said ballot, with a statement of the office for which each is a candidate, shall be forwarded with such ballot. Neither the military service ballot nor the list of candidates shall include, however, candidates for party offices.

The military service ballots for submission of the public question as to the convening of a constitutional convention, and for the election of delegates thereto shall conform to the official ballots provided for by "An act to provide for a State constitutional convention so instructed by the legal voters that it shall have no power to propose any change in the present basis of representation in the Legislature,
providing for the nomination and election of delegates, at a special election, and for the submission of the proposals of the convention to the people for adoption or rejection, and making an appropriation therefor," approved February seventeenth, one thousand nine hundred and forty-seven (P. L. 1947; c. 8).

5. Each such military service primary election ballot shall be plainly marked to indicate that but one party ballot is to be voted by each military service voter and that the party ballot to be voted must conform to the name of the political party indicated on the certificate on the flap of the inner envelope in which the military service ballot is to be enclosed and there shall also be indicated upon said ballot the qualifying statement appearing in said certificate and governing such military service voter's choice of the party ballot.

6. Each county clerk shall send, with each military service ballot, printed directions prepared by the Secretary of State for the preparation and transmitting of military service ballots as required by this act (which may be printed upon the inner envelope) together with two envelopes of such sizes that one will contain the other.

7. The outer envelope shall be addressed to the county board of elections of the county in which is located the home address of the person to whom the ballot is sent, as certified in the affidavit provided for by section three of this act.

8. The inner envelope shall be so designed that it can be sealed after the military service ballot has been placed therein and the flap thereof shall be of such length and size as to leave sufficient margin, after sealing, for the printing thereon of the certificate hereinafter described. The flap shall be so arranged, that the margin containing the certificate can be so folded, after the inner envelope has been sealed, that the certificate can be contained, with the said inner envelope, in the outer envelope, and that the margin containing the certificate can be detached without unsealing the inner envelope.
CHAPTER 12, LAWS OF 1947

9. Upon said margin of said flap there shall be printed a certificate in the following form:

I hereby certify that

(1) I am a citizen of the United States;
(2) The date of my birth was ........;
(3) On the third day of June, 1947, I will have resided in New Jersey for ...........
   (Years and months)
County for ................................;
   (Years and months)
(4) My home address is at ................
   (Street and number, if any) (City, borough, town, township or village)
   ..................
(5) My military service address or veterans' hospital address is ..................
   (Write your usual signature above)
   (Print your name clearly above)
Witnessed by me this ................
   day of .......................... 1947.
   (Signature and rank of officer)

In addition to the foregoing, the certificate to be used on the margin of the flap of the inner envelope forwarded with any military service ballot intended to be voted in any primary election for the general

election shall contain the following statement above the place left for signature:

is marked herein, and I am not a member of, or identified with, any other political party or any political organization espousing the cause of candidates of any other political party. I have not voted in a primary election of any other political party in the last two primary elections or contributed to the campaign funds of any other political party within one year prior to the primary election at which this ballot is to be voted.

10. On the outside of each envelope in which a military service ballot is sent to a military service voter, and of each outer envelope for the return of such a ballot, there shall be printed or stamped the words "Official Election Military Ballot," and the several county clerks shall take advantage of any provision for transmission, free of postage, of ballots and the envelopes containing the same provided by the acts of the Congress of the United States but if no such provision is made, proper first-class postage and air mail postage shall be prepaid thereon. If the military service voter is located without the confines of the forty-eight States and the District of Columbia, the military service ballots shall be forwarded by air mail. In all other cases, such ballots shall be forwarded by first-class mail.

11. Each county clerk shall, from time to time, prior to such elections, to be held while this act is in effect, certify in writing, under oath, to the commissioner of registration of the county, the names and home addresses of the persons to whom mili-
CHAPTER 12, LAWS OF 1947

Military service ballots to be voted at such elections have been forwarded pursuant to this act.

12. The commissioner of registration upon receipt of such information from the county clerk shall remove the permanent registration form of each such person from the permanent registration binders, if it appears therein, and file such forms in a special file designated “Military File.”

13. Any military service voter shall be entitled to mark any military service ballot, so forwarded to him, for voting at the elections by indicating his choice of candidates for the offices named, and as to the public question stated thereon, in accordance with the election laws of this State, except that in the case of such ballots to be voted in the primary election for the general election his choice shall be limited to the candidates of his political party or to any person or persons whose names are written thereon by him and, when so marked, such ballot shall be placed in said inner envelope, which shall then be sealed, and the voter shall then fill in the form of certificate attached to said inner envelope, at the end of which he shall sign and print his name in his own handwriting, and his signature thereto shall be witnessed by a commissioned officer in the armed forces of the United States, if the voter is in the military service, or by a person authorized to take an oath, if he is a patient in a veterans’ hospital, and said inner envelope with the certificate shall then be placed in said outer envelope which shall then be sealed.

Said sealed outer envelope with the inner envelope and the ballots enclosed therein shall then be mailed to the county board of elections to which it is addressed.

14. The county board of elections shall, promptly after receiving each military service ballot, remove the inner envelope, containing the ballots, from the outer envelope and ascertain through the commissioner of registration and in any other available way whether or not the name of the person, whose name appears following the certificate
on the flap of said inner envelope, has been certified by the county clerk to the commissioner of registration of the county as a person to whom a military service ballot, to be voted at the election at which it is intended to be voted, has been forwarded pursuant to this act and, in the case of a military service ballot to be voted at a primary election for the general election, whether or not the military service voter has indicated in said certificate his intention to vote it in the primary election of any political party in which he is not entitled to vote it according to the registration records of the county, and if it shall appear from said records that he is not entitled to vote said military service ballot in the primary election of the political party which has been so indicated, such military service ballot shall be rejected. Should any dispute arise as to whether or not such person's name has been so certified or as to whether or not or how any military service ballot shall be counted, the county board shall refer the matter to the court of common pleas for determination.

15. After such investigation the county board of elections shall detach or separate the certificate from the inner envelope containing the military service ballot, unless it has been rejected by it or by the court of common pleas, marking the envelope so as to identify the election district in which the ballot contained therein is to be voted as indicated by the military service voter's home address appearing on the certificate attached to or accompanying said inner envelope and, in the case of ballots to be voted at a primary election for a general election, so as to identify the political party in the primary election of which it is to be voted.

16. It shall not be necessary to qualify any military service voter to vote by a military service ballot in any county, that he shall be or shall have been registered to vote in any election district of this State at the time of any election or at any other time, if his name has been certified by the county clerk of the county to the commissioner of registration
Canvass. of the county as hereinbefore provided. Any military service ballot returned to any county board of elections in the envelopes required by this act shall be counted in determining the result of any election in which it is to be voted in the election district indicated by the military service voter’s home address appearing on the certificate attached to or accompanying the inner envelope, containing such military service ballot, if such certificate contains information which would qualify the military service voter to vote in said election district if he were registered to vote therein, and if said certificate has been filled in and purports to have been executed and witnessed in the manner required by this act and if such military service ballot has been so marked as to comply with the requirements of the election laws of this State and in computing the length of residence, in the county and State, of any military service voter the time which shall have elapsed during his military service or while a patient in any such veterans’ hospital or both shall be counted. All ballots received by the county boards prior to the time designated for the closing of the polls for said election shall be counted.

17. No military service ballot shall be rejected or declared invalid because it does not contain all of the names of the candidates or all of the public questions to be voted for or upon in the election district in the election in which it is to be counted, and any military service ballot shall be counted in determining the result of said election as to any office if the designation of the office and the name of the candidate for election to said office are written thereon so as to indicate the voter’s choice and that, notwithstanding that such designation and name may be or should have been printed upon such military service ballot in the regular manner.

18. Any military service voter who returns to his place of residence within this State, within thirty days before June third, one thousand nine hundred and forty-seven, and who has not received military service ballots, may appear in person be-
fore, and apply by affidavit to the proper county clerk for military service ballots and if he has not been certified as a military service voter or if he has been so certified and the military service ballots have not been mailed to him, he shall be entitled to receive military service ballots from the county clerk and to cast the same by presenting them in person to the proper county board of elections, properly marked, enclosed and sealed in the inner envelopes provided for that purpose, with the certificates on the flap of the inner envelopes duly filled in and signed as required by this act, upon being properly identified and after being permanently registered, at any time before the closing of the polls on the day of such elections, and if the ballots are properly marked, they shall be counted at the elections. Any such person shall be permitted to permanently register if he is otherwise entitled to register notwithstanding that the last registration day before the elections has passed. In any such case the military service voter's permanent registration form shall be transferred to the "Military File."

19. On the day of such elections, each county board of elections shall open in the presence of the commissioner of registration or his assistant or assistants the inner envelopes in which the military service ballots, returned to it, to be voted in such elections, are contained, except those containing the ballots which the board or the court of common pleas of the county has rejected, and shall remove from said inner envelopes the military service ballots and shall then proceed to count and canvass the votes cast on such military service ballots, but no military service ballot shall be counted in the primary election for the general election if the ballot of the political party marked for voting thereon differs from the designation of the political party in the primary election of which such ballot is intended to be voted as marked on said envelope by the county board of elections. Immediately after the canvass is completed, the county
board of elections shall certify the result of such canvass to the county clerk showing the result of the canvass by ward and district, and the votes so counted and canvassed shall be counted in determining the result of said election.

20. The county board of elections shall keep, for a period of one year, all of the ballots, and all of the certificates which have been detached or separated by them from said inner envelopes, and all inner envelopes together with their certificates and together with their contents, which have not been opened because the county board or the court of common pleas rejected them.

21. Any elector who has been in the military service or a patient in any such veterans' hospital, but who has been honorably discharged from such service or discharged from said hospital too late to register at the last registration day before the elections, may obtain an emergency voting form at the office of the proper commissioner of registration if he has been previously permanently registered, and upon presentation of such emergency voting form to the proper district board he shall be permitted to vote. In the event that he has not been permanently registered, upon exhibiting his honorable discharge to such commissioner of registration such commissioner shall require such honorably discharged elector to register notwithstanding any provisions of law prohibiting the taking of registrations at such time, before issuing such emergency voting form.

22. The county board of elections, the superintendent of elections and the commissioner of registration shall exercise the same powers over military service voting as over other voting in elections except as otherwise provided in this act.

23. In order to conform to this act, the actions hereinafter described shall be taken by the persons and officers required by law to take the same at the times hereinafter designated instead of at the times otherwise provided by law.

(f) The officer with whom any objection to the validity of any petition of nomination is filed, in accordance with section 19:13-10 of the Revised Statutes, shall file his determination in the manner required by section 19:13-11 of the Revised Statutes on or before the forty-fourth day prior to the first Tuesday in June except that in the case of delegates to be elected to the constitutional convention, such determination shall be made within two days after the filing of such objections.

(g) Any candidate making application or complaint to the Chief Justice or a justice of the Supreme Court under section 19:13-12 of the Revised Statutes shall make such application or complaint on or before the nineteenth day of April, one thousand nine hundred and forty-seven, and such application or complaint shall be heard, and the order made thereon, within two days after the filing of such application or complaint.

CHAPTER 12, LAWS OF 1947

Statutes may be filled in the manner therein provided for; provided, the certification or new petition, as the case may be, is filed on or before the forty-second day prior to said first Tuesday in June.

24. "Military service voter" means any person in the military service, or any patient in any veterans' hospital, located in any place other than the place of his residence, having served as a
soldier, sailor, marine or nurse in the armed forces of the United States in any war in which the United States has been engaged and having been honorably discharged from said armed forces, who prior to entering the military service or prior to being admitted as a patient in such hospital, was a resident of this State and who, at the time of the holding of any election in this State, while this act is in effect, is a resident of the United States, is of the age of twenty-one years or more, is not disqualified by reason of conviction of crime from voting in this State and has resided in this State at least one year and in the county in which he claims the right to vote at least five months counting the time he has been in the military service or a patient in said veterans' hospital, in said periods of residence.

25. No election shall be held to be invalid by reason of any irregularity or failure in the preparation or forwarding of any military service ballots pursuant to the provisions of this act.

26. This act shall take effect immediately.

Approved March 11, 1947.
CHAPTER 13

An Act to amend "An act for the relief of any county in which the exemption of intangible personal property from the general property tax shall cause a reduction of eighty per centum (80%) or more in net valuation taxable for county purposes," approved April thirteenth, one thousand nine hundred and forty-five (P. L. 1945, c. 166).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section two of the act of which this act is amendatory is amended to read as follows:

2. BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The board of chosen freeholders of any county having a population in excess of four hundred thousand inhabitants other than a county of the first class, may establish, erect and maintain a county hospital or hospitals for sick, disabled, or aged persons, for the mentally ill, and for persons suffering from communicable diseases, including tuberculosis, and for that purpose shall have power to:

Purchase and lease real property therefor or acquire such real property by condemnation pursu-

Erect all necessary buildings and make all necessary improvements, plans and alterations, the plans first to be approved by the State Department of Health;

Appropriate money for the purchase of a site and for the construction or reconstruction of all necessary buildings, including the original furnishings and equipment therefor, and borrow funds therefor on the credit of the county and issue county obligations therefor in like manner as for other county purposes;

2. The board of freeholders of any such county establishing and maintaining a county hospital or hospitals under authority of this act shall have power to appoint a board of seven managers from the citizens of the county, irrespective of religious or political belief, of whom at least three shall be practicing physicians. Three members shall be appointed for one year, two for two years and two for three years and their successors shall be appointed for the full term of three years except that an appointment to fill an unexpired term shall be for the remainder of the term. No physician member of the board of managers shall treat patients in said institution.

Failure of a member to attend three consecutive regular meetings of the board shall cause a vacancy in his office unless his absence be excused by formal action of the board. Members of the board of managers shall receive no compensation for services but shall be allowed their actual and necessary expenses to be audited and paid in the same manner as other expenses of the hospital, by the board of chosen freeholders. A member of the board of
managers may be removed by the board of chosen freeholders for cause after opportunity to be heard.

3. The board of managers shall elect from its membership a president and one or more vice-presidents. It shall appoint a superintendent who shall hold office at the pleasure of the board. The superintendent shall not be a member of the board. The board of managers shall determine the amount of time the superintendent shall be required to spend at the hospital in the discharge of his duties.

4. The board of managers shall appoint a secretary and a custodian of funds. It shall also fix and determine the compensation, term of office, duties and powers of such appointees and remove them at pleasure.

5. The board of managers shall fix the salaries of the superintendent and other officers and employees subject to the approval of the board of chosen freeholders within the limitations of the appropriation made therefor, and such salaries shall be full compensation for all services rendered.

The board of managers shall have the general superintendence, management and control of the hospital, its personnel and the patients and all matters relating to its government, discipline, contracts and fiscal concerns; shall make necessary rules and regulations; shall adopt by-laws; shall furnish such reports, estimates of appropriations and other information as may be required by the board of chosen freeholders; shall perform such other duties and enforce such other regulations as from time to time may be prescribed by the board of chosen freeholders.

6. The superintendent shall be the chief executive officer of the hospital and subject to the rules, regulations and powers of the board of managers shall:

   Have general supervision and control of the records, accounts and buildings of the hospital and its internal affairs, and maintain discipline and enforce all rules and regulations and make such further rules and regulations as he may deem
necessary consistent with law and the rules, regulations and directions of the board of managers;

With the consent of the board of managers appoint such resident officers and such employees as he may think proper and necessary for the efficient performance of the business of the hospital, and prescribe their duties, and for cause stated in writing after opportunity to be heard, discharge or suspend any officer or employee, subject to formal investigation by the board of managers;

Discharge any patient who shall willfully or habitually violate the rules or regulations of the institution, or who is for any reason no longer a suitable patient.

7. The admission of any person to a county hospital established under this act shall be subject to the regulations established by the board of managers and on application in writing signed by the patient or a person interested in the admission of the patient by reason of relationship or marriage, or by a person having the charge or care of such patient, or by the sheriff, or by the overseer of the poor or person charged with the care and relief of the poor, or by any chief of police or police captain in any municipality in the county where such person may be, or by the chief executive officer of any public or private charitable institution or hospital in which the patient may be. All application forms shall be approved by the board of managers for such hospital.

(a) persons suffering from communicable diseases, including tuberculosis;

(b) mentally ill persons;

(c) sick, disabled, or aged persons of the low-wage group, who are hereby defined to be those persons who are unable to pay prevailing semi-private hospital charges.

9. The board of managers shall designate an officer or employee of the institution who shall
be charged with the duty, upon the admission of a patient, of investigating the patient's circumstances and his ability to pay. If upon such investigation it appears that the patient or legally responsible relatives are able to pay for his care and maintenance, an order shall be made by such officer or employee that payment shall be made to the custodian of funds, of a specified charge in proportion to the financial ability of the patient or such relative. Such designated officer or employee shall have the same power to collect the charge specified from the estate of the patient or his relatives as is possessed by an overseer of the poor or director of welfare in like circumstances, including, but not limited to the right to create a lien against the real estate of such patient or his relatives. If the investigation shall disclose that the patient or his relatives are unable to pay, the cost shall become a charge upon the county. Should there be a dispute as to ability to pay or doubt in the mind of such officer or employee, the court of common pleas may hear the matter and make such order as is deemed to be proper.

10. The board of managers may in its discretion require any official or employee to give bond for the faithful performance of his duties and fix the amount of such bond. Where a surety company bond shall be given, the amount of the premium required thereon shall be paid as an expense of the hospital.

11. The board of managers may appoint and commission as many special policemen for such county hospital as it may deem necessary. Within such territory as shall be prescribed and for such time as shall be limited, any such policemen shall have the same powers as a constable of the county or police officer of the municipality or municipalities wherein such hospital shall be located. Such special policemen shall be charged with the duty of preserving order in and about the hospital and shall have power to arrest and hold any offender against the public peace within the limits of said territory.
CHAPTER 34. LAWS OF 1947

12. No action at law shall lie or be maintained against any officer or employee or member of the board of managers for refusing to admit any person as a patient or for admitting, receiving, keeping, detaining, transferring or discharging any patient as provided by this act or as directed by any order made in accordance with this act, whether such person made his own application or the application was made by a friend or relative, or an order was made by a judge or court of the county or State, or any municipality thereof in any of which cases any such application or order, or certified copy thereof, shall be sufficient warrant and authority for the admission, keeping, detention, transfer, discharge and for the reasonable care, treatment, management and control of any patient received or committed under the terms of this act.

13. The board of managers shall have power to abolish any office or employment which it shall find to be unnecessary, to combine and consolidate the functions of any office or employment as it may determine, to transfer officers and employees and to promote and reduce the same, subject to the provisions of the civil service law.

14. The board of chosen freeholders in any such county governed by resolution may consolidate its county hospitals, homes for the aged, almshouses, psychiatric wards and other similar county agencies and facilities on suitable lands owned by the county and erect, enlarge, furnish and maintain suitable buildings thereon for such purpose. Upon the adoption of any such resolution such county hospitals, homes for the aged, almshouses, psychiatric wards and other similar county agencies and facilities shall be regulated by the provisions of this act and the terms of all members of boards of managers, superintendents, and other officers, not being civil service employees, shall cease. The rights of all persons having civil service status shall not be impaired by this act.

15. This act shall take effect immediately.

CHAPTER 35

An Act concerning unemployment compensation, and amending "An act concerning unemployment compensation, and supplementing chapter twenty-one of Title 43 of the Revised Statutes," approved April sixth, one thousand nine hundred and forty-four (P. L. 1944, c. 81), and sections 43:21-4, 43:21-7 and 43:21-19 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 43:21-4 of the Revised Statutes is amended to read as follows:

   43:21-4. An individual, totally or partially unemployed, shall be eligible to receive benefits with respect to any week only if it appears that:

   (a) He has registered for work at, and thereafter continued to report at, an employment office in accordance with such regulations as the commission may prescribe, except that the commission may, by regulation, waive or alter either or both of the requirements of this subsection as to individuals attached to regular jobs and as to such other types of cases or situations with respect to which the commission finds that compliance with such requirements would be oppressive, or would be inconsistent with the purpose of this act; provided, that no such regulation shall conflict with subsection (a) of section 43:21-3 of the Revised Statutes.

   (b) He has made a claim for benefits in accordance with the provisions of subsection (a) of section 43:21-6 of this Title.

   (c) He is able to work, and is available for work.

   (d) Prior to the first week for which he claims benefits in any benefit year he has been totally or
CHAPTER 35, LAWS OF 1947

partially unemployed for a waiting period of one week in that benefit year. No week shall be counted as a week of unemployment for the purposes of this subsection:

(1) If benefits have been paid, or are payable, with respect thereto;

(2) unless the individual fulfills the requirements of subsections (a) and (c) of this section.

(e) His wages within his base year were not less than one hundred fifty dollars ($150.00).

2. Section 43:21-7 of the Revised Statutes is amended to read as follows:

43:21-7. (a) Payment.

(1) On and after December first, one thousand nine hundred and thirty-six, contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this chapter, with respect to having individuals in his employ during such calendar year at the rates and on the basis hereinafter set forth, except that for the month of December, one thousand nine hundred and thirty-six, such contributions shall accrue and become payable with respect to having individuals in his employ during the month of December, one thousand nine hundred and thirty-six. Such contributions shall become due and be paid by each employer to the commission for the fund in accordance with such regulations as may be prescribed, and shall not be deducted, in whole or in part, from the remuneration of individuals in his employ.

(2) In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to one-half cent ($0.005) or more, in which case it shall be increased to one cent ($0.01).
(b) Rate of contribution. Each employer shall pay the following contributions:

(1) Ten and eight-tenths per centum (10 8/10%) of wages payable with respect to employment during the month of December, one thousand nine hundred and thirty-six and paid prior to January first, one thousand nine hundred and forty-seven; provided, that if the total of such contributions at such ten and eight-tenths per centum (10 8/10%) rate equals less than nine-tenths of one per centum (9/10 of 1%) of the annual payroll of any employer payable for the calendar year one thousand nine hundred and thirty-six, such employer shall pay, not later than January twenty-fifth, one thousand nine hundred and thirty-seven, an additional lump-sum contribution with respect to employment for such one month’s period beginning December first, one thousand nine hundred and thirty-six, equal to the difference between nine-tenths of one per centum (9/10 of 1%) of his annual payroll payable for the calendar year one thousand nine hundred and thirty-six and the total of his contributions at such ten and eight-tenths per centum (10 8/10%) for such one month’s period beginning December first, one thousand nine hundred and thirty-six; and provided further, that the total of such contributions with respect to employment for such one month’s period beginning December first, one thousand nine hundred and thirty-six, shall not exceed nine-tenths of one per centum (9/10 of 1%) of such employer’s annual payroll payable for the calendar year one thousand nine hundred and thirty-six.

(2) One and eight-tenths per centum (1 8/10%) of wages payable with respect to employment during the calendar year one thousand nine hundred and thirty-seven and paid prior to January first, one thousand nine hundred and forty-seven;
(3) Two and seven-tenths per centum (2 7/10\%) of wages payable with respect to employment during the calendar years one thousand nine hundred and thirty-eight, one thousand nine hundred and thirty-nine, one thousand nine hundred and forty and one thousand nine hundred and forty-one and paid prior to January first, one thousand nine hundred and forty-seven; and, except as otherwise prescribed by subsection (c) of this section, also during the calendar years one thousand nine hundred and forty-two to one thousand nine hundred and forty-six, inclusive, and paid prior to January first, one thousand nine hundred and forty-seven; and

(4) For the calendar year one thousand nine hundred and forty-seven, and each calendar year thereafter, two and seven-tenths per centum (2 7/10\%) of wages paid by him during each such calendar year, except as otherwise prescribed by subsection (c) of this section.

(5) The "wages" of any individual, with respect to any one employer as the term is used in this subsection (b) and in subsections (c) and (d) of this section, shall include:

(A) All remuneration payable for the month of December, one thousand nine hundred and thirty-six and for the calendar years one thousand nine hundred and thirty-seven, one thousand nine hundred and thirty-eight, one thousand nine hundred and thirty-nine, and paid prior to January first, one thousand nine hundred and forty-seven;

(B) The first three thousand dollars ($3,000.00) earned for each of the calendar years one thousand nine hundred and forty to one thousand nine hundred and forty-six, inclusive, and paid prior to January first, one thousand nine hundred and forty-seven; and

(C) The first three thousand dollars ($3,000.00) paid during the calendar year
one thousand nine hundred and forty-seven
and during each calendar year thereafter,
for services either within or without this
State; provided, that no contribution shall
be required by this State with respect to
services performed in another State if such
other State imposes contribution liability
with respect thereto.

(c) Future rates based on benefit experience:
(1) A separate account for each employer shall be
maintained and this shall be credited with all the
contributions which he has paid on his own behalf
on or before January thirty-first of any calendar
year with respect to employment occurring in pre­
ceding calendar years. But nothing in this chapter
shall be construed to grant any employer or indi­
viduals in his service prior claims or rights to the
amounts paid by him into the fund either on his
own behalf or on behalf of such individuals. Bene­
fits paid to any individual on or before January
thirty-first of any calendar year with respect to
unemployment in preceding calendar years shall be
charged against the account of each of the em­
ployers with whom such individual accrued the
wage credits constituting the basis of such benefits,
in the same proportion as such wage credits with
each such employer bear to such wage credits with
all such employers.

(2) The commission may prescribe regulations
for the establishment, maintenance, and dissolu­
tion of joint accounts by two or more employers,
and shall, in accordance with such regulations and
upon application by two or more employers to
establish such an account, or to merge their several
individual accounts in a joint account, maintain
such joint account as if it constituted a single em­
ployer’s account.

(3) Each employer’s rate shall be two and seven­
tenths per centum (2 7/10%), except as otherwise
provided in the following provisions. No em­
ployer’s rate shall be less than two and seven-
tenths per centum (2 7/10%) unless and until there shall have been three calendar years throughout which any individual in his employ could have received benefits if eligible.

(4) Each employer's rate for the twelve months commencing January first of any calendar year shall be determined on the basis of his record up to the beginning of such calendar year. If, at the beginning of such calendar year, the total of all his contributions, paid on his own behalf, for all past years exceeds the total benefits charged to his account for all such years, his contribution rate shall be:

(A) One and eight-tenths per centum (1 8/10%), if such excess equals or exceeds seven and one-half per centum (7 1/2%), but is less than ten per centum (10%) of his average annual payroll (as defined in paragraph (2), subsection (a) of section 43:21-19 of this Title);

(B) Nine-tenths of one per centum (9/10 of 1%), if such excess equals or exceeds ten per centum (10%) of his average annual payroll.

If the total of his contributions, paid on his own behalf for all past periods or for the past one hundred twenty consecutive calendar months, whichever period is more advantageous to such employer for the purposes of this paragraph, is less than the total benefits charged against his account during the same period, his rate shall be three and six-tenths per centum (3 6/10%).

(5) No employer's rate for the period of twelve months commencing January first of any calendar year shall be less than two and seven-tenths per centum (2 7/10%), unless the total assets of the fund, excluding contributions not yet paid at the beginning of such calendar year, exceed the total benefits paid from the fund within the last preceding calendar year; and no employer's rate shall
be less than one and eight-tenths per centum (1 8/10%) unless such assets at such time were at least twice the total benefits paid from the fund within such last preceding year.

(d) Contribution by workers. (1) Each worker shall contribute to the fund one per centum (1%) of his wages paid by an employer with respect to his employment which occurs after December thirty-first, one thousand nine hundred and thirty-seven, and after such employer has satisfied the conditions set forth in subsection (h) of section 43:21-19 of this Title with respect to becoming an employer. Each employer shall, notwithstanding any provisions of law in this State to the contrary, withhold in trust the amount of his workers' contributions from their wages at the time such wages are paid, shall show such deduction on his payroll records, shall furnish such evidence thereof to his workers as the commission may prescribe, and shall transmit all such contributions, in addition to his own contributions, to the office of the commission in such manner and at such times as may be prescribed. If any employer fails to deduct the contributions of any of his workers at the time their wages are paid, or fails to make a deduction therefor at the time wages are paid, for the next succeeding payroll period, he alone shall thereafter be liable for such contributions, and for the purposes of section 43:21-14 of this Title, such contributions shall be treated as employer's contributions required from him. As used in this chapter, except when the context clearly requires otherwise, the term "contributions" shall include the contributions of workers pursuant to this section.

(2) If an individual does not receive any wages from the employing unit which for the purposes of this chapter is treated as his employer, or receives his wages from some other employing unit, such employer shall nevertheless be liable for such individual's contributions in the first instance; and after payment thereof such employer may deduct the amount of such contributions from any sums
payable by him to such employing unit, or may recover the amount of such contributions from such employing unit or in the absence of such an employing unit, from such individual, in a civil action for debt; provided, proceedings therefor are instituted within three months after the date on which such contributions are payable. General rules shall be prescribed whereby such an employing unit may recover the amount of such contributions from such individuals in the same manner as if it were the employer.

(3) Every employer who has elected to become an employer subject to this chapter or to cease to be an employer subject to this chapter, pursuant to the provisions of section 43:21-8 of this Title, shall post and maintain printed notices of such election on his premises, of such design, in such numbers, and at such places as the executive director may determine to be necessary to give notice thereof to persons in his service.

(4) Contributions by workers, payable to the commission as herein provided, shall be exempt from garnishment, attachment, execution, or any other remedy for the collection of debts.

3. Section one of the act of which this act is amendatory is amended to read as follows:

1. Any employee who is paid wages by two or more employers aggregating more than three thousand dollars ($3,000.00) during the year one thousand nine hundred and forty-seven, or during any calendar year thereafter, shall be entitled to a refund of any amount of contribution deducted from such wages and paid to the commission in excess of the contribution required on three thousand dollars ($3,000.00) of such wages paid. Refund under this act may be made in accordance with the provisions of law applicable in the case of erroneous or illegal collection of the contribution; except that no such refund shall be made unless the employee makes a claim, establishing his right thereto, within two years after the calendar year in which the wages are paid with respect to which
refund of contribution is claimed. No interest shall be allowed or paid with respect to any such refund.

4. Section 43:21-19 of the Revised Statutes is amended to read as follows:

Terms defined: 43:21-19. As used in this chapter, unless the context clearly requires otherwise:

(a) "Annual payroll" means the total amount of wages payable by an employer for employment during a calendar year ending with the calendar year one thousand nine hundred and forty-six which are paid prior to January first, one thousand nine hundred and forty-seven and in respect to the calendar year one thousand nine hundred and forty-seven and each calendar year thereafter means the total amount of wages paid during a calendar year (regardless of when earned) by an employer for employment.

(2) "Average annual payroll" means the average of the annual payrolls of any employer for the last three or five preceding calendar years, whichever average is higher; provided, however, that only those wages be included on which employer contributions have been paid on or before January thirty-first of the calendar year for which the employer's contribution rate is computed.

(b) "Benefits" means the money payments payable to an individual, as provided in this chapter, with respect to his unemployment.

Any claim for benefits made in accordance with subsection (a) of section 43:21-6 of
this Title shall be deemed to be a "valid claim" for the purpose of this subsection if the individual has fulfilled the condition imposed by subsection (e) of section 43:21-4 of this Title.

All individuals performing services within this State for any employing unit which maintains two or more separate establishments within this State shall be deemed to be employed by a single employing unit for all the purposes of this chapter. Whenever any employing unit contracts with or has under it any contractor or subcontractor for any employment which is part of its usual trade, occupation, profession, or business, unless the employing unit as well as each such contractor or subcontractor is an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, the employing unit shall for all the purposes of this chapter be deemed to employ each individual in the employ of each such contractor or subcontractor for each day during which such individual is engaged in performing such employment; except that each such contractor or subcontractor who is an employer by reason of sub-
section (c) of section 43:21-8 of this Title or subsection (h) of this section, shall alone be liable for the contributions measured by wages payable to individuals in his employ, and except that any employing unit who shall become liable for and pay contributions with respect to individuals in the employ of any such contractor or subcontractor who is not an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, may recover the same from such contractor or subcontractor. Each individual employed to perform or to assist in performing the work of any agent or employee of an employing unit shall be deemed to be employed by such employing unit for all the purposes of this chapter, whether such individual was hired or paid directly by such employing unit or by such agent or employee; provided, the employing unit had actual or constructive knowledge of the work.

(h) "Employer" means:

(1) Any employing unit which for some portion of a day, but not necessarily simultaneously, in each of twenty different weeks, whether or not such weeks are or were consecutive, within either the current or the preceding calendar year, has or had in employment four or more individuals (irrespective of whether the same individuals are or were employed in each such day);

(2) Any employing unit which acquired the organization, trade or business, or substantially all the assets thereof, of another which at the time of such acquisition was an employer subject to this chapter;

(3) Any employing unit which acquired the organization, trade or business, or substantially all the assets thereof, of another employing unit and which, if treated as a single unit with such other employing unit, would be an employer under paragraph (1) of this subsection:
CHAPTER 35, LAWS OF 1947

(4) Any employing unit which together with one or more other employing units, is owned or controlled (by legally enforceable means or otherwise), directly or indirectly by the same interests, or which owns or controls one or more other employing units (by legally enforceable means or otherwise), and which, if treated as a single unit with such other employing unit or interest, would be an employer under paragraph (1) of this subsection;

(5) Any employing unit which, having become an employer under paragraphs (1), (2), (3) or (4), has not, under section 43:21-8 of this Title, ceased to be an employer subject to this chapter; or

(6) For the effective period of its election pursuant to subsection (c) of section 43:21-8 of this Title any other employing unit which has elected to become fully subject to this chapter.

(i) (1) "Employment" means service, including service in interstate commerce performed for remuneration or under any contract of hire, written or oral, express or implied.

(2) The term "employment" shall include an individual's entire service, performed within or both within and without this State if:

or

(B) The service is not localized in any State but some of the service is performed in this State, and (i) the base of operations, or, if there is no base of operations, then the place from which such service is directed or controlled, is in this State; or (ii) the base of operations or place from which such service is directed or controlled is not in any State in which some part of the service is performed, but the individual's residence is in this State.
(3) Services performed within this State but not covered under paragraph (2) of this subsection shall be deemed to be employment subject to this chapter if contributions are not required and paid with respect to such services under an unemployment compensation law of any other State or of the Federal Government.

1. Upon the concurrence of the State of New York as provided in section sixteen hereof, the States of New Jersey and New York declare and agree that each air terminal within the Port of New York District serves the entire district, and that the problem of furnishing proper and adequate air terminal facilities within the district is a regional and interstate problem, and that it is and shall be the policy of the two States to encourage the integration of such air terminals so far as practicable in a unified system.

Accordingly, in furtherance of said policy and in partial effectuation of the Comprehensive Plan, heretofore adopted by the two States for the development of terminal and transportation facilities in the Port of New York District, the States of New Jersey and New York agree that the Port of New York Authority (hereinafter called the Port Authority) shall be authorized to effectuate, establish, acquire, construct, rehabilitate, improve, maintain and operate air terminals, as hereinafter defined, within the Port of New York District, and the two said States further agree that all cities and other State and local agencies shall be and they hereby are authorized to co-operate with the Port Authority in the development of air terminals, as hereinafter provided.

2. Nothing herein contained shall be construed to authorize the Port Authority to acquire any air terminal owned or operated by any city or other
municipality or public authority, or any other property now or hereafter vested in or held by any city or other municipality or public authority, without the authority or consent of such city or other municipality or public authority, as provided in the Compact of April thirtieth, one thousand nine hundred and twenty-one, between the State of New Jersey and New York, nor shall anything herein impair or invalidate in any way any bonded indebtedness of the State, or any city or other municipality or public authority, nor impair the provisions of law regulating the payment into sinking funds of revenue derived from municipal property, or dedicating the revenues derived from municipal property to a specific purpose.

3. The following terms as used herein shall mean:

"Air terminals" shall mean developments consisting of runways, hangars, control towers, ramps, wharves, bulkheads, buildings, structures, parking areas, improvements, facilities or other real property necessary, convenient or desirable for the landing, taking off, accommodation and servicing of aircraft of all types, including but not limited to airplanes, airships, dirigibles, helicopters, amphibians, seaplanes, or any other contrivance now or hereafter used for the navigation or flight in air or space, operated by carriers engaged in the transportation of passengers or cargo, or for the loading, unloading, interchange or transfer of such passengers or their baggage, or such cargo, or otherwise for the accommodation, use or convenience of such passengers, or such carriers or their employees (facilities and accommodations at sites removed from landing fields and other landing areas, however, to be limited to ticket stations and passenger stations for air passengers, to express and freight stations for air express and air freight, and to beacons and other aids to air navigation), or for the landing, taking off, accommodation and servicing of aircraft owned or operated by persons other than carriers.

4. The effectuation, establishment, acquisition, construction, rehabilitation, improvement, maintenance and operation of air terminals by the Port Authority.
Authority is and will be in all respects for the benefit of the people of the States of New York and New Jersey, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions; and the Port Authority shall be regarded as performing an essential governmental function in undertaking the effectuation, establishment, acquisition, construction, rehabilitation, improvement, maintenance or operation thereof, and in carrying out the provisions of law relating thereto.

5. The Port Authority shall be required to pay no taxes or assessments upon any of the property acquired or used by it for air terminal purposes; but this shall not be construed to prevent the Port Authority and municipalities from entering into agreements for the payment of fair and reasonable sums by the Port Authority annually in accordance with legislation heretofore adopted by the two States, to the end that such municipalities may not suffer undue loss of taxes and assessments by reason of the acquisition and ownership of property by the Port Authority for air terminal purposes.

6. The moneys in the General Reserve Fund of the Port Authority may be pledged in whole or in part by the Port Authority as security for or applied by it to the repayment with interest of any moneys which it may raise upon bonds issued by it from time to time to provide funds for air terminal purposes; and the moneys in said General Reserve Fund may be applied by the Port Authority to the fulfillment of any other undertakings which it may assume to or for the benefit of the holders of any such bonds.

Subject to prior liens and pledges (and to the obligation of the Port Authority to apply revenues to the maintenance of its General Reserve Fund in the amount prescribed by the General Reserve Fund Statutes), the revenues of the Port Authority from facilities established, constructed, acquired or effectuated through the issuance or sale of
bonds of the Port Authority secured by a pledge of its General Reserve Fund may be pledged in whole or in part as security for or applied by it to the repayment with interest of any moneys which it may raise upon bonds issued by it to provide funds for air terminal purposes, and said revenues may be applied by the Port Authority to the fulfillment of any other undertakings which it may assume to or for the benefit of the holders of such bonds.

7. The bonds issued by the Port Authority to provide funds for air terminal purposes are hereby made securities in which all State and municipal officers and bodies of both States, all banks, bankers, trust companies, savings banks, building and loan associations, savings and loan associations, investment companies and other persons carrying on a banking business, all insurance companies, insurance associations and other persons carrying on an insurance business, and all administrators, executors, guardians, trustees and other fiduciaries, and all other persons whatsoever, who are now or may hereafter be authorized by either State to invest in bonds or other obligations of such State, may properly and legally invest any funds, including capital, belonging to them or within their control; and said bonds are hereby made securities which may properly and legally be deposited with and shall be received by any State or municipal officer or agency of either State for any purpose for which the deposit of bonds or other obligations of such State is now or may hereafter be authorized.

8. (a) Notwithstanding any contrary provision of law, every municipality in the Port of New York District is authorized and empowered to consent to the use by the Port Authority of any air terminal owned by such municipality or of any real or personal property owned by such municipality and necessary, convenient or desirable in the opinion of the Port Authority for air terminal purposes, including such real property as has already
been devoted to a public use, and as an incident to such consent, to grant, convey, lease, or otherwise transfer to the Port Authority any such air terminal or real or personal property. Every such municipality is also authorized and empowered as an incident to such consent to vest in the Port Authority the control, operation, maintenance, rents, tolls, charges and any and all other revenues of any air terminal now owned by such municipality, the title to such air terminal remaining in such municipality. Such consent shall be given and the execution of any agreement, deed, lease, conveyance, or other instrument evidencing such consent or given as an incident thereto shall be authorized in the manner provided in Article XXII of the Compact of April thirtieth, one thousand nine hundred and twenty-one, between the two States creating the Port Authority.

(b) Notwithstanding any contrary provision of law, every municipality outside the Port District is authorized and empowered to consent to the use of real property owned by such municipality and necessary, convenient or desirable in the opinion of the Port Authority for beacons or other aids to navigation, or to the use of any air space over real property owned by such municipality; and as an incident to such consent, to grant, lease, convey or otherwise transfer to the Port Authority such real property or air space.

Such consent shall be given and the execution of any agreement, deed, lease, conveyance or other instrument evidencing such consent or given as an incident thereto, shall be given by the officer, board or body authorized by law to convey such property, or if no officer, board or body be otherwise authorized so to do, by the governing body of such municipality.

(c) The States of New York and New Jersey hereby consent to suits against the Port Authority upon such agreement by any county, city, borough, village, township, municipality, public agency or authority for the recovery of any moneys agreed
to be paid by the Port Authority thereunder, and
for such purpose only, and any judgment therein
against the Port Authority shall be payable only
from such funds as the Port Authority may have
available for the payment of such judgment.

9. The powers hereinafter granted to the Port
Authority to acquire real property by condemna-
tion or the right of eminent domain shall be subject
to the limitations set forth in section two hereof,
and also to the following further limitations:

(a) Unless and until the State of New York
otherwise provides by law, the Port Authority shall
not have power to acquire real property in that
State for air terminal purposes by condemnation
or the right of eminent domain except for the pur-
pose of making additions, extensions and improve-
ments to the three air terminals in New York City
known as LaGuardia Airport, Idlewild Airport,
(sometimes known as Major General Alexander E.
Anderson Airport), and Floyd Bennett Airport,
for the purpose of acquiring air rights or prevent-
ing or removing actual or potential hazards to air
navigation within three miles of the runways at
said air terminals as such runways may now or
hereafter exist, and for the purpose of establishing
or maintaining beacons and other aids to air navi-
gation in connection with said three air terminals,
whether or not within three miles of said runways.

(b) Unless and until the State of New Jersey
otherwise provides by law, the Port Authority
shall not have the power to acquire real property
in the State of New Jersey for air terminal pur-
poses by condemnation or the right of eminent
domain except for the purpose of making additions,
extensions and improvements to the air terminal
known as Newark Airport (including additions,
extensions and improvements thereto located in the
city of Elizabeth), for the purpose of acquiring
air rights or preventing or removing actual or
potential hazards to air navigation within three
miles of the runways at said air terminal as such
runways may now or hereafter exist, and for the
purpose of establishing or maintaining beacons and other aids to air navigation in connection with said air terminal, whether or not within three miles of said runways.

(c) Unless otherwise provided by law by the State in which such real property is located, the Port Authority shall not have power to acquire for air terminal purposes by condemnation or the right of eminent domain subsequent to June thirtieth, one thousand nine hundred and fifty-two, any real property taken for and actually devoted to a public use; provided, that this limitation shall not apply to real property a proceeding for the acquisition of which was initiated prior to that date.

The foregoing limitations shall not be construed to limit, affect or impair the power of the Port Authority to acquire real property at any time and place for air terminal purposes by negotiation or in any other manner than by condemnation or the exercise of the right of eminent domain.

Subject to the foregoing limitations, if the Port Authority shall find it necessary or convenient to acquire any real property for air terminal purposes, whether for immediate or future use, the Port Authority may find and determine that such property, whether a fee simple absolute or a lesser interest, is required for a public use, and upon such determination the said property shall be and shall be deemed to be required for such public use until otherwise determined by the Port Authority, and such determination shall not be affected by the fact that such property has theretofore been taken for and is then devoted to a public use; but the public use in the hands or under the control of the Port Authority shall be deemed superior to the public use in the hands of any other person, association or corporation. The Port Authority may acquire and is hereby authorized to acquire such property, whether a fee simple absolute or a lesser estate, by condemnation or the exercise of the right of eminent domain under and pursuant to the con-
demnation law of the State of New York, in the
case of property located in such State, and Revised
Statutes of New Jersey, Title 20:1-1 et seq., in the
case of property situated in such State, or at the
option of the Port Authority pursuant to such
other and alternate procedure in each State as may
be provided by law by such State. The Port
Authority shall have such power of condemnation
or eminent domain not only in respect to real prop-
erty located within the Port of New York District
but also as to any real property located outside
of the Port District which is necessary, incidental
or convenient for the effectuation, establishment,
acquisition, construction, rehabilitation or im-
provement, and maintenance and operation of air
terminals within the Port District. Nothing herein
contained shall be construed to prevent the Port
Authority from bringing any proceedings to re-
move a cloud on title or such other proceedings
as it may, in its discretion, deem proper and neces-
sary, or acquiring any such property by negotia-
tion or purchase.

In the event the Port Authority shall deem that
the use by it of any real property for any purpose
hereunder will be necessary either immediately
or by a definite future date, it may file with any
petition in any condemnation proceeding brought
pursuant to law or at any time thereafter a notice
that it requires the possession thereof, either
immediately or at a date specified in such notice.
In such event, the Port Authority shall cause a
duplicate of such notice and an affidavit of the filing
thereof to be recorded in the office in which deeds
are required to be recorded in the county wherein
the land involved is situated and upon such record-
ing the Port Authority may enter upon and shall
be entitled to the possession, use and occupation
of such real property at the time specified in said
notice without suit or other judicial proceedings;
provided, that it shall first deposit with the court
a sum equal to the assessed valuation of such real
property, or in the event that the assessed valua-
tion thereof cannot be readily ascertained such sum as in the judgment of the Port Authority shall be sufficient as compensation for the real property acquired. The sum so deposited with the court shall be applied to the satisfaction of any award thereafter made in any condemnation proceeding. Such filing and recording of said notice shall be conclusive evidence of the entry upon and appropriation of said property by the Port Authority, and title to said property shall vest in the Port Authority on the date specified in such notice.

10. The Port Authority may make application directly to the proper Federal officials or Agencies for Federal loans or grants in aid of air terminals owned or operated by it; provided, that if either State shall have or adopt general legislation governing applications for Federal aid for air terminals by municipalities of such State, or the receipt or disbursement of such Federal aid by or on behalf of such municipalities, then such legislation shall at the option of such State apply to applications by the Port Authority for Federal aid for air terminals located in such State and to the receipt and disbursement of such Federal aid by or on behalf of the Port Authority, in the same manner and to the same extent as other municipalities of such State. Except as above provided, no agency or commission of either State shall have jurisdiction over any air terminals under the control of the Port Authority, and all details of financing, construction, leasing, charges, rates, tolls, contracts and the operation of air terminals owned or controlled by the Port Authority shall be within its sole discretion and its decision in connection with any and all matters concerning such air terminals shall be controlling and conclusive.

11. In the event that the Port Authority shall find it necessary or desirable to acquire any unappropriated State lands or lands under water in the State of New York for air terminal purposes, the Board of Commissioners of the Land Office of that State may grant, transfer or convey such un-
appropriated State lands or lands under water to
the Port Authority upon such consideration, terms
and conditions as may be determined by said board.

In the event that the Port Authority shall find
it necessary or desirable to acquire any lands
under water in the State of New Jersey for air
terminal purposes, the Division of Navigation of
the Department of Conservation of that State may
grant, transfer or convey such lands under water
to the Port Authority in accordance with the
statutes of that State governing the making of
riparian grants and leases, upon such terms and
conditions as may be determined by said division.

In the event that the Port Authority shall find
it necessary or desirable to acquire any real prop-
erty required or used for State highway purposes
in the State of New Jersey, the State Highway
Department of the State of New Jersey may grant,
transfer or convey such real property to the Port
Authority upon such terms and conditions as may
be determined by said State Highway Department.

12. The two States covenant and agree with each
other and with the holders of any bonds of the
Port Authority issued or incurred for air terminal
purposes and as security for which there may or
shall be pledged (directly or indirectly, or through
the medium of its General Reserve Fund or other-
wise), the revenues, or any part thereof, of any
air terminal or other facility owned or operated
by the Port Authority, that the two States will
not, so long as any of such bonds or other obligations
remain outstanding and unpaid, diminish or im-
pair the power of the Port Authority to establish,
levy and collect landing fees, charges, rents, tolls
or other fees in connection therewith.

13. Any declarations contained herein and in the
c concurrent act of the State of New York with
respect to the governmental nature of air terminals
and to the exemption of air terminal property from
taxation and to the discretion of the Port Author-
ity with respect to air terminal operations shall
not be construed to imply that other Port Author-

C. 32:1-35.12. States agree not to impair powers of
authority.

ity property and operations are not of a governmental nature, or that they are subject to taxation, or that the determinations of the Port Authority with respect thereto are not conclusive.

14. This section and the preceding sections hereof constitute an agreement between the States of New York and New Jersey supplementary to the compact between the two States dated April thirtieth, one thousand nine hundred and twenty-one, and amendatory thereof, and shall be liberally construed to effectuate the purposes of said compact and of the comprehensive plan heretofore adopted by the two States, and the powers vested in the Port Authority hereby shall be construed to be in aid of and supplemental to and not in limitation of or in derogation of any of the powers heretofore conferred upon or delegated to the Port Authority.

15. The Port Authority may exercise the right of eminent domain or condemnation to acquire real property for air terminal purposes as set forth in this section:

(a) As used in this section, unless otherwise expressly stated or unless context or subject matter otherwise requires, the following terms shall mean:

(1) "Days": Calendar days exclusive of Sundays and full legal holidays.
(2) "Owner": A person having an estate, interest or easement in the real property being acquired or a lien, charge or encumbrance thereon.

(b) Whenever the Port Authority shall determine that it is necessary to acquire real property for air terminal purposes for the public use by the exercise of the right of eminent domain or condemnation, it shall prepare three similar surveys, diagrams, maps, plans or profiles of the real property being acquired, stating thereon that the Port Authority has determined that it is necessary to acquire said property, and the amount or valua-
tion at which each parcel of real property to be acquired has been assessed for purposes of taxation on the tax rolls for each of the three years preceding, and if the interest being taken shall be less than the fee, the estimated value of such interest; one of such surveys, diagrams, maps, plans or profiles shall be filed in the office of the secretary of the Port Authority, the second shall be filed in the office in which instruments affecting real property are required to be recorded, in the county in which such real property is situated, and the third copy shall be filed in the office of the Clerk of the Supreme Court; and it shall file in the office of the clerk of the county where the real property to be acquired or any part thereof is situated a notice of the pendency of a proceeding for the acquisition of such property. Such notice shall briefly state the object of the proceeding and shall contain a brief description of the real property being acquired thereby. It shall also state the names of such of the owners of such real property as may be known to the Port Authority, and in case any of the owners are unknown, a statement to that effect shall be made in such notice. Such notice, from the time of filing, shall be constructive notice to a purchaser or encumbrancer of the real property affected thereby from or against any person interested as owner with respect to whom the notice is directed to be indexed.

It shall be lawful for the duly authorized agents of the Port Authority, and all persons acting under its authority and by its direction, to enter in the daytime into and upon such real property which it shall be necessary so to enter, for the purpose of making such surveys, diagrams, maps or plans, or for the purpose of making such soundings or borings as the Port Authority may deem necessary.

(c) Whenever any land or other property taken for public use shall lie or be in two or more counties, all reports, petitions, orders and other papers required to be filed shall be filed in the clerk’s office of the county in which the greater part in value

Form of notice; Right of entry; Property in two or more counties;
of the land or other property is situate and a certified copy thereof shall be filed and recorded in the clerk's office of the other county or counties. The commissioners, if any be designated, shall be residents of the county in which the greater part in value of the land or other property is situate.

(d) Upon the filing of the lis pendens, the Port Authority shall cause notice by advertisement to be published on one day in each of four successive weeks in a newspaper published and of general circulation in the county in which the real property to be acquired is located, of its intention to make application to one of the justices of the Supreme Court, at a time and place to be stated in such notice, to have the compensation which should justly be made to the respective owners of the real property proposed to be taken, ascertained and determined by the justice. Such notice shall indicate the real property to be taken by a general description and by reference to the map on file in the office of the Port Authority, in the office in which instruments affecting real property are required to be recorded, and in the office of the Clerk of the Supreme Court.

(e) In addition to the provisions contained in subdivision (d) above, written notice of the application shall be given by the Port Authority to the owners of all property affected by the proceeding at least ten days prior to such application, by mailing the same to such owners at the address registered or filed with the collector of taxes for the purpose of forwarding to them bills for taxes or assessments. Such notice shall state the purpose for which the property is to be acquired and the date when such application will be presented and shall contain a copy of such application. Failure to comply with the directions contained in this subdivision shall not invalidate or affect the proceeding.
(f) Upon the application to condemn, the Port Authority shall present to the justice a verified petition setting forth:

1. The action had by the Board of Commissioners of the Port Authority with reference to the proceeding;
2. The real property to be acquired therein by setting forth a specific description thereof, and its location with reasonable certainty and by reference to the map on file in the office of the Port Authority, in the office in which instruments affecting real property are required to be recorded, and in the office of the Clerk of the Supreme Court, a copy of which shall be attached to the petition;
3. The amount of valuation at which each parcel of the real property to be acquired has been assessed for purposes of taxation on the tax rolls for each of the three years preceding the date of the petition, or if the interests being taken shall be less than the fee, the estimated value of such interest;
4. A prayer that the real property described therein be condemned.

(g) At the time and place mentioned in the notice published pursuant to subdivision (d) hereof, unless the justice shall adjourn the application to a subsequent day, and in that event, at the time and place to which such application may be adjourned, upon due proof to his satisfaction of the publication and mailing of such notice and upon filing such petition, the justice shall enter an order granting the application, which order shall be filed in the office of the Clerk of the Supreme Court. The Port Authority shall, within ten days after the entry of such order, cause a certified copy thereof to be recorded in the office where instruments affecting real property are required to be recorded, in every county in which any part of the real property affected is situated, in the same manner as
deeds are recorded, and the register of deeds or county clerk with whom such certified copy shall be recorded, shall index the same in the same manner as recorded deeds are indexed.

(h) The Port Authority, after the filing of the order granting the application to condemn, shall cause to be published on one day in each of four successive weeks in a newspaper published and of general circulation in the county in which the real property to be acquired is located, a notice containing a general description of the real property to be acquired, a statement that such order has been filed and requiring that all owners of such real property shall, on or before a date specified in the order granting the application, file in the office of the Clerk of the Supreme Court, a written claim or demand, duly verified, setting forth the real property owned by the claimant, his post-office address, and the nature of his interest in said real property. The claimant shall within the same time serve on the Port Authority a copy of such verified claim.

(i) Proof of title to the real property to be acquired, where the same is undisputed, together with proof of liens or encumbrances thereon, shall be submitted by the claimant to the Port Authority. The Port Authority shall serve upon all parties or their attorneys who have served upon it copies of their verified claims, a notice of the time and place at which it will receive such proof of title. Where the title of the claimant is disputed, such dispute shall not act as a stay of the proceeding to determine the value of the property to be taken, but the proceeding shall continue in the same manner as it would if there were no dispute as to the title, and the award, if any, shall be paid into the Court of Chancery by order of the Chancellor, and shall there be distributed, according to law, on the application of any person interested therein. Written notice given to the owner or owners and to persons interested that such moneys have been so paid into court shall have the same effect as if the moneys
so awarded had been actually tendered to the owner or persons entitled thereto. Notice by advertisement in such manner as the Chancellor shall direct shall be deemed sufficient notice.

(j) After all parties who have filed verified claims, as provided in subdivision (h) hereof, have proved their titles, or have failed to do so after being notified by the Port Authority of the time and place where such proof of title would be received, the Port Authority shall apply to a justice of the Supreme Court for leave to bring on before him upon a day to be fixed by said justice a hearing upon the claim so filed, or in case no claims are filed, to fix the amount to be paid for such lands.

In order to advise the said justice, he may appoint three commissioners to view said lands, and to advise him what damages, if any, should be assessed for the taking of such lands. The commissioners shall proceed under such directions and rules as shall from time to time be fixed by the said justice to view the lands, to hear such evidence as they may desire, and to fix such sum, if any, that in their judgment will represent the fair value of the lands so taken. The said justice may review such findings and shall not be bound thereby, but may alter or reject such findings in such manner as will, in his judgment, fairly protect the interests of the parties, and such review may be made either with or without further hearing. The commissioners so appointed to advise said justice shall make their report to him within one hundred days from the date of their qualification.

After said justice shall have ascertained and estimated the compensation which should justly be made by the Port Authority to the respective owners of the real property being acquired, he shall then order that judgment be entered in the amount so determined.

(k) It shall be the duty of the justice, or the commissioners designated by him, to view the real property to be acquired. Where title to real property being acquired in a proceeding shall have been
vested in the Port Authority, and buildings or improvements situated thereon shall have been removed or destroyed by the Port Authority or pursuant to its authority prior to the proceeding, and whereby the justice is, or the commissioners are, deprived of a view of the buildings or improvements so removed or destroyed, the fact that the justice has not had, or the commissioners have not had a view thereof, shall not preclude the justice or the commissioners from receiving in the proceeding, testimony and evidence as to the damage sustained by the claimant by reason of the taking thereof, when offered on behalf of either the claimant or the Port Authority.

(1) No evidence shall be admitted in the proceeding, as against an owner of real property being acquired, of an offer made by or on behalf of such owner for the sale of his property or any part thereof to the Port Authority, or for the sale or assignment of any right and title to the award or awards, or any part thereof, to be made for such property or any part thereof, in the proceeding; nor shall any evidence be received, as against the Port Authority, of any offer made to such owner, by or on its behalf, for the purchase of such property or any part thereof or for the purchase of the award or awards or any part thereof, to be made for such property, or any part thereof, in the proceeding.

(m) The Port Authority shall furnish to the justice such surveys, diagrams, maps, plans and profiles as the justice shall require, to enable the justice to hear and determine the claims of the owners of the real property affected by the proceeding. Such surveys, diagrams, maps, plans and profiles shall distinctly indicate by separate numbers, the names of the claimants to, or of the owners of the respective parcels of real property to be taken in such proceeding, so far as the same are known, and shall also specify in figures with sufficient accuracy the dimensions and bounds of such real property. Where possible, such real
property shall be designated on such maps by the same ward or block and lot numbers or other designations as shall be used to designate such real property on the tax books and tax maps of the taxing agency in which it is located. The justice may require the Port Authority to furnish such other surveys, diagrams, maps, plans and profiles and such other information as shall aid and assist the justice in the proceeding.

(n) The Port Authority, or any party or person affected by the proceeding and aggrieved by the judgment made therein as to awards may petition the Supreme Court or a justice thereof for a writ of certiorari to review the proceeding in accordance with the provisions contained in chapter eighty-one of Title 2 of the Revised Statutes. If the judgment entered in the proceeding to condemn should be reversed upon any subsequent review, such reversal shall not divest the Port Authority of title to the real property thereby affected.

(o) All damages awarded by the justice, with interest thereon from the date of the filing of the judgment, or if the title to the real property acquired shall have vested in the Port Authority prior thereto, from the date of such vesting, shall be paid by the Port Authority to the respective owners to whom the damages were awarded in the judgment, within two calendar months after the entry of the judgment, without further order of the court, or application for such payment by said owners. Property owners appearing in the proceeding shall not be entitled to recover counsel fees, costs, disbursements or allowances. Any outstanding taxes, assessments or other liens shall be deducted from the amount of the award and no interest shall be paid by the Port Authority upon the sum or sums so deducted. Payment of an award to a person named in the judgment as the owner thereof, if not under legal disability, shall in the absence of notice in writing to the Port Authority of adverse claims thereto protect the Port Authority and shall be a full acquittance and release of all claims to said award.
In case there shall be a dispute as to title, or the party entitled to receive the amount assessed by the justice shall refuse upon tender thereof to receive the same, or shall be out of the State or under any legal disability, or in case several parties being interested in the fund shall not agree as to the distribution thereof, or in case the lands or other property taken are encumbered by mortgage, judgment or other lien, or if for any other reason the Port Authority cannot safely pay the amount awarded to any person, in all such cases, on petition to the Chancellor, to which shall be annexed a copy of the petition in condemnation and of the findings of the justice or commissioners, if there be any, the amount awarded may be paid into the Court of Chancery by order of the Chancellor, and shall there be distributed according to law, on the application of any person interested therein. Written notice given to the owner or owners and to persons interested that such moneys have been so paid into court shall have the same effect as if the moneys so awarded had been actually tendered to the owner or persons entitled thereto. Notice by advertisement in such manner as the Chancellor shall direct shall be deemed sufficient notice.

(p) The Port Authority may pay to the person entitled to an award for real property acquired in a proceeding, in advance of the final judgment, a sum to be determined by the Port Authority, not exceeding sixty per centum (60%) of the assessed value of the real property taken less the liens and encumbrances of record thereon; provided, that when the real property taken shall be less than the fee, then such sum shall not exceed sixty per centum (60%) of the amount set forth in the petition as the estimated value of such interest, less the liens and encumbrances thereon. If the Port Authority shall make a partial payment in advance either pursuant to this subsection or pursuant to section nine hereof, interest on the sum so paid in advance shall cease to run on and after a date five days after such person shall have been notified.
by mail or otherwise that the Port Authority is ready to pay the same. In case the person entitled to an award at the date of the vesting of title to the real property in the Port Authority shall have transferred or assigned his claim, such transfer or assignment made by him, or by his successor in interest or legal representative, shall not become binding upon the Port Authority unless the instrument or instruments evidencing such transfer or assignment shall have been filed in the office of the Port Authority prior to any such advance payment. When any such advance payment shall have been made, the Port Authority, on paying the awards for the real property acquired, shall deduct from the total amount allowed as compensation the sum advanced plus interest thereon from the date of the payment of such advance to the date of the final judgment, and the balance shall be paid as hereinbefore provided in subdivision (o) hereof.

(q) In any proceeding hereunder, in which title to the real property to be acquired shall have become vested in the Port Authority prior to the entry of final judgment, the Port Authority shall have power and is hereby authorized to purchase from the owners of such real property at the date of the vesting of title thereto, or their successors in interest or legal representatives, their right and title to the award or awards, or any part thereof, to be made in such proceeding and to take an assignment thereof to the Port Authority.

(r) No pledge, sale, transfer or assignment of an award by the person entitled to receive the same by virtue of the judgment or by other order of the justice, shall be valid unless the instrument evidencing such pledge, sale, transfer or assignment shall be acknowledged or proved as instruments are required to be acknowledged or proved for the recording of transfers of real property and shall be filed in the office of the Port of New York Authority. Every such instrument not so filed shall be void as against any subsequent pledgee or assignee in good faith and for a valuable considera-
tion from the same pledgor or assignor, his heirs, administrators or assigns, of the same award or any portion thereof, the assignment of which is first duly filed in the office of the Port Authority. The Port Authority shall maintain in its office a record of all pledges or assignments filed with it under the provisions hereof.

(s) The justice at any time may correct any defect or informality in any notice, petition, pleading, order or judgment in the proceeding, or cause real property affected by such defect, informality or lack of jurisdiction to be excluded therefrom or any other real property affected by such defect, informality or lack of jurisdiction to be included therein by amendment upon ten days' notice published as provided for the institution of the proceeding and may direct such further notices to be given to any party in interest as it shall deem proper.

(t) The Board of Commissioners of the Port Authority by resolution may abandon any proceeding as to the whole or a part of the lands to be acquired in such proceeding, at any time before title to the real property to be thereby acquired shall have vested in the Port Authority, and may cause new proceedings to be taken for the condemnation of such real property. In case of such abandonment, however, the reasonable actual cash disbursements, necessarily incurred and made in good faith by any party interested, shall be paid by the Port Authority, after the same shall have been taxed by a justice of the Supreme Court, upon ten days' notice of such taxation being previously given to the Port Authority, provided the application to have such disbursements taxed shall be made and presented to the justice within one year after the adoption of the resolution of the Board discontinuing the proceeding in whole or in part. For the purposes of this section, the fair and reasonable value of the services of an attorney retained by any interested party to represent his interests in said condemnation proceeding, whether
on a contingent fee basis or otherwise, if such re-
tainer be made in good faith, shall be deemed to
be an actual cash disbursement, necessarily in-
curred by such interested party and shall be tax-
able in the same manner as other disbursements.
The amounts taxed as disbursements shall be due
and payable thirty days after written demand for
payment thereof shall have been filed with the Port
Authority.

(u) The title to any piece or parcel of the real
title vested;
property, or any interest therein, authorized to be
acquired hereunder shall be vested in the Port
Authority upon the entry of the order granting the
application to condemn. The Port Authority, how-
ever, may direct that the title shall be vested in the
Port Authority upon a specified date after the date
of the entry of the order granting the application
to condemn, or upon the date of the filing of the
final judgment, but not later than the date of the
filing of the final judgment. Upon the date when
title to the real property shall have vested as
herein provided, the Port Authority shall become
and be seized in fee of or of an easement in, over,
above, through, upon or under such real property
or such other interest therein as may have been
specified, the same to be held, appropriated, con-
verted and used for the purposes for which the
proceeding was instiuted. The Port Authority or
any person acting under its authority shall immedi-
ately or at any time thereafter take possession of
such property without suit or other judicial pro-
ceedings.

(v) Where the whole of any lot or parcel of real
property, under lease or other contract, shall be
taken, all the covenants, contracts and engage-
ments between landlord and tenant and other
contracting parties touching the same or any
part thereof, upon the vesting of title in the Port
Authority, shall cease and determine and be abso-
lutely discharged. Where a part only of any lot
or parcel of real property so under lease or other
contract shall be so taken, all contracts and engage-
ments respecting the same, upon such vesting of title, shall cease and determine and be absolutely discharged as to the part thereof so taken, but shall remain valid and obligatory as to the residue thereof. All tenants in possession of such premises at the time of the vesting of title therefor in the Port Authority shall become tenants at will of the Port Authority unless within ten days after the vesting of title they shall elect to vacate and give up their respective holdings.

16. The State of New Jersey hereby elects to exercise the option reserved to each State by section ten of this act (and by the corresponding section of the New York statute concurring herein); and accordingly, if by the effective date of this act this State has adopted, or if thereafter it shall adopt general legislation governing applications for Federal aid for air terminals by municipalities of this State or the receipt or disbursement of such Federal aid by or on behalf of such municipalities, such legislation shall apply to applications by the Port Authority for Federal aid for air terminals located in this State in the same manner and to the same extent as other municipalities of this State; provided, that if such legislation shall require such applications for Federal aid to be approved by any officer, board, commission, department or other agency of this State or shall require the consent of any such agency of this State to the submission thereof to the Federal Government, or shall require any such agency of this State to be designated by municipalities as their agent to collect or disburse such Federal aid, or shall contain any other requirement vesting any such agency of this State with power or discretion with respect to the making of such applications for Federal aid or the receipt or disbursement thereof, then such officer, board, commission, department or other agency of this State shall have power to waive such requirement in whole or in part temporarily or permanently insofar as the Port Authority is concerned.
CHAPTERS 43 & 44, LAWS OF 1947

17. This act shall take effect upon the enactment into law by the State of New York of legislation having an identical effect with sections one to fourteen, inclusive, of this act; but if the State of New York shall have already enacted such legislation, then this act shall take effect immediately.

Approved April 2, 1947.

CHAPTER 44

An Act to facilitate the development by the Port of New York Authority of marine terminals, and agreeing with the State of New York with respect thereto.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Upon the concurrence of the State of New York as provided in section nine hereof, the States of New Jersey and New York hereby agree that municipalities, as hereinafter defined, located in the State of New Jersey and within the Port of New York District shall be and they hereby are authorized to co-operate with the Port of New York Authority (hereinafter called the Port Authority) in the development of marine terminals, and the two said States further agree that the State of New Jersey may authorize the Port Authority to acquire by condemnation or the exercise of the right of eminent domain real property in the State of New Jersey necessary, convenient or desirable for marine terminal purposes, under and pursuant to the Revised Statutes of New Jersey, Title 20:1-1, et seq., or at the option of the Port Authority, pursuant to such other or alternate procedure as may be provided by law by such State.

2. Nothing herein contained shall be construed to authorize the Port Authority to acquire any marine terminal owned or operated by any munici-
pality or any other property now or hereafter vested in or held by any municipality, without the authority or consent of such municipality as provided in the compact of April thirtieth, one thousand nine hundred and twenty-one, between the States of New Jersey and New York, nor shall anything herein impair or invalidate in any way any bonded indebtedness of the State, or any municipality, nor impair the provisions of law regulating the payment into sinking funds of revenue derived from municipal property, nor dedicating the revenues derived from municipal property to a specific purpose.

3. The following terms as used herein shall mean:

**Terms defined.**

- "**Marine terminals**" shall mean developments, consisting of one or more piers, wharves, docks, bulkheads, slips, basins, vehicular roadways, railroad connections, side tracks, sidings or other buildings, structures, facilities or improvements, necessary or convenient to the accommodation of steamships or other vessels and their cargoes or passengers.

- "**Marine terminal purposes**" shall mean the effectuation, establishment, acquisition, construction, rehabilitation, improvement, maintenance or operation of marine terminals.

- "**Municipality**" shall mean a county, city, borough, village, township, town, public agency, public authority or political subdivision.

- "**Real property**" shall mean lands, structures, franchises and interests in land, including waters, lands under water and riparian rights, and any and all things and rights usually included within the said term, and includes not only fees simple absolute but also any and all lesser interests, including but not limited to easements, rights-of-way, uses, leases, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgages or otherwise.
4. Notwithstanding any contrary provision of law, any municipality of the State of New Jersey located within the Port of New York District is authorized and empowered to consent to the use by the Port Authority of any marine terminal owned by such municipality or of any real or personal property owned by such municipality and necessary, convenient or desirable in the opinion of the Port Authority for marine terminal purposes, including such real property as has already been devoted to a public use and as an incident to such consent, to grant, convey, lease or otherwise transfer to the Port Authority any such marine terminal or real or personal property. Every such municipality is also authorized and empowered to vest in the Port Authority the control, operation, maintenance, rents, tolls, charges and any and all other revenues of any marine terminal now owned by such municipality, the title to such marine terminal remaining in such municipality. Such consent shall be given, and the execution of any agreement, deed, lease, conveyance or other instrument evidencing such consent or given as an incident thereto shall be authorized in the manner provided in Article XXII of the compact of April thirtieth, one thousand nine hundred and twenty-one, between the two States creating the Port Authority.

5. This section and the preceding sections hereof constitute an agreement between the States of New Jersey and New York supplementary to the compact between the two States dated April thirtieth, one thousand nine hundred and twenty-one, and amendatory thereof and shall be liberally construed to effectuate the purposes of said compact and of the comprehensive plan heretofore adopted by the two States pursuant thereto, and the powers vested in the Port Authority hereby shall be construed to be in aid of and supplemental to and not in limitation or derogation of any of the powers heretofore conferred upon or delegated to the Port Authority.
6. If for the purposes of establishing marine terminals or purposes incidental thereto, including temporary construction purposes, the Port Authority shall find it necessary or convenient to acquire any real property as herein defined, whether for immediate or future use, the Port Authority may find and determine that such property, whether a fee simple absolute or a lesser interest, is required for a public use, and upon such determination the said property shall be and shall be deemed to be required for such public use until otherwise determined by the Port Authority.

The Port Authority may acquire and is hereby authorized to acquire such property, whether a fee simple absolute or a lesser estate, by condemnation or the exercise of the right of eminent domain under and pursuant to the Revised Statutes of New Jersey, Title 20:1-1 et seq., or at the option of the Port Authority pursuant to such other and alternate procedure as may be provided by law. Nothing herein contained shall be construed to prevent the Port Authority from bringing any proceedings to remove a cloud on title or such other proceedings as it may, in its discretion, deem proper and necessary, or acquiring any such property by negotiation or purchase.

In the event the Port Authority shall deem that the use by it of any real property for any purpose hereunder will be necessary either immediately or by a definite future date, it may file with any petition in any condemnation proceeding brought pursuant to law or at any time thereafter a notice that it requires the possession thereof, either immediately or at a date specified in such notice. In such event, the Port Authority shall cause a duplicate of such notice and an affidavit of the filing thereof to be recorded in the office in which deeds are required to be recorded in the county wherein the land involved is situated and upon such recording the Port Authority may enter upon and shall be entitled to the possession, use and occupation of such real property at the time specified in said
notice without suit or other judicial proceedings; provided, that it shall first deposit with the court a sum equal to the assessed valuation of such real property, or in the event that the assessed valuation thereof cannot be readily ascertained such sum as in the judgment of the Port Authority shall be sufficient as compensation for the real property acquired. The sum so deposited with the court shall be applied to the satisfaction of any award thereafter made in any condemnation proceeding. Such filing and recording of said notice shall be conclusive evidence of the entry upon and appropriation of said property by the Port Authority, and title to said property shall vest in the Port Authority on the date specified in such notice. The power of the Port Authority to acquire real property by condemnation hereunder shall be a continuing power, and no exercise thereof shall be deemed to exhaust it.

Nothing herein contained shall be construed to permit the taking by the Port Authority of any property owned by any railroad or railway corporation, or by any other corporation which is a "public utility" as defined in section 48:2-13 of the Revised Statutes, and devoted to use by such corporation in its operations, or acquired prior to the effective date of this act and held for such use, without the authority or consent of such corporation.

7. The Port Authority may exercise the right of eminent domain or condemnation to acquire real property for marine terminal purposes as set forth in this section:

(a) As used in this section, unless otherwise expressly stated or unless context or subject matter otherwise requires, the following terms shall mean:

(1) "Days." Calendar days exclusive of Sundays and full legal holidays.

(2) "Owner." A person having an estate, interest or easement in the real property being acquired or a lien, charge or encumbrance thereon.
(b) Whenever the Port Authority shall determine that it is necessary to acquire real property for marine terminal purposes for the public use by the exercise of the right of eminent domain or condemnation, it shall prepare three similar surveys, diagrams, maps, plans or profiles of the real property being acquired, stating thereon that the Port Authority has determined that it is necessary to acquire said property, and the amount or valuation at which each parcel of real property to be acquired has been assessed for purposes of taxation on the tax rolls for each of the three years preceding, and if the interest being taken shall be less than the fee, the estimated value of such interest; one of such surveys, diagrams, maps, plans or profiles shall be filed in the office of the secretary of the Port Authority, the second shall be filed in the office in which instruments affecting real property are required to be recorded, in the county in which such real property is situated, and the third copy shall be filed in the office of the clerk of the Supreme Court; and it shall file in the office of the clerk of the county where the real property to be acquired or any part thereof is situated a notice of the pendency of a proceeding for the acquisition of such property. Such notice shall briefly state the object of the proceeding and shall contain a brief description of the real property being acquired thereby. It shall also state the names of such of the owners of such real property as may be known to the Port Authority, and in case any of the owners are unknown, a statement to that effect shall be made in such notice. Such notice, from the time of filing, shall be constructive notice to a purchaser or encumbrancer of the real property affected thereby from or against any person interested as owner with respect to whom the notice is directed to be indexed.

It shall be lawful for the duly authorized agents of the Port Authority, and all persons acting under its authority and by its direction, to enter in the daytime into and upon such real property which
it shall be necessary so to enter, for the purpose of making such surveys, diagrams, maps or plans, or for the purpose of making such soundings or borings as the Port Authority may deem necessary.

(c) Whenever any land or other property taken for public use shall lie or be in two or more counties, all reports, petitions, orders and other papers required to be filed shall be filed in the clerk’s office of the county in which the greater part in value of the land or other property is situate and a certified copy thereof shall be filed and recorded in the clerk’s office of the other county or counties. The commissioners, if any be designated, shall be residents of the county in which the greater part in value of the land or other property is situate.

(d) Upon the filing of the lis pendens, the Port Authority shall cause notice by advertisement to be published on one day in each of four successive weeks in a newspaper published and of general circulation in the county in which the real property to be acquired is located, of its intention to make application to one of the justices of the Supreme Court, at a time and place to be stated in such notice, to have the compensation which should justly be made to the respective owners of the real property proposed to be taken, ascertained and determined by the justice. Such notice shall indicate the real property to be taken by a general description and by reference to the map on file in the office of the Port Authority, in the office in which instruments affecting real property are required to be recorded, and in the office of the clerk of the Supreme Court.

(e) In addition to the provisions contained in subdivision (d) above, written notice of the application shall be given by the Port Authority to the owners of all property affected by the proceeding at least ten days prior to such application, by mailing the same to such owners at the address registered or filed with the collector of taxes for the purpose of forwarding to them bills for taxes or assessments. Such notice shall state the pur-
pose for which the property is to be acquired and the date when such application will be presented and shall contain a copy of such application. Failure to comply with the directions contained in this subdivision shall not invalidate or affect the proceeding.

(f) Upon the application to condemn, the Port Authority shall present to the justice a verified petition setting forth:

(1) The action had by the Board of Commissioners of the Port Authority with reference to the proceeding;

(2) The real property to be acquired therein by setting forth a specific description thereof, and its location with reasonable certainty and by reference to the map on file in the office of the Port Authority, in the office in which instruments affecting real property are required to be recorded, and in the office of the clerk of the Supreme Court, a copy of which shall be attached to the petition;

(3) The amount of valuation at which each parcel of the real property to be acquired has been assessed for purposes of taxation on the tax rolls for each of the three years preceding the date of the petition, or if the interests being taken shall be less than the fee, the estimated value of such interest;

(4) A prayer that the real property described therein be condemned.

(g) At the time and place mentioned in the notice published pursuant to subdivision (d) hereof, unless the justice shall adjourn the application to a subsequent day, and in that event, at the time and place to which such application may be adjourned, upon due proof to his satisfaction of the publication and mailing of such notice and upon filing such petition, the justice shall enter an order granting the application, which order shall be filed in the office of the clerk of the Supreme Court.
The Port Authority shall, within ten days after the entry of such order, cause a certified copy thereof to be recorded in the office where instruments affecting real property are required to be recorded, in every county in which any part of the real property affected is situated, in the same manner as deeds are recorded, and the register of deeds or county clerk with whom such certified copy shall be recorded, shall index the same in the same manner as recorded deeds are indexed.

(h) The Port Authority, after the filing of the order granting the application to condemn, shall cause to be published on one day in each of four successive weeks in a newspaper published and of general circulation in the county in which the real property to be acquired is located, a notice containing a general description of the real property to be acquired, a statement that such order has been filed and requiring that all owners of such real property shall, on or before a date specified in the order granting the application, file in the office of the Clerk of the Supreme Court, a written claim or demand, duly verified, setting forth the real property owned by the claimant, his post-office address, and the nature of his interest in said real property. The claimant shall within the same time serve on the Port Authority a copy of such verified claim.

(i) Proof of title to the real property to be acquired, where the same is undisputed, together with proof of liens or encumbrances thereon, shall be submitted by the claimant to the Port Authority. The Port Authority shall serve upon all parties or their attorneys who have served upon it copies of their verified claims, a notice of the time and place at which it will receive such proof of title. Where the title of the claimant is disputed, such dispute shall not act as a stay of the proceeding to determine the value of the property to be taken, but the proceeding shall continue in the same manner as it would if there were no dispute as to the title, and the award, if any, shall be paid into the
Court of Chancery by order of the Chancellor, and shall there be distributed, according to law, on the application of any person interested therein. Written notice given to the owner or owners and to persons interested that such moneys have been so paid into court shall have the same effect as if the moneys so awarded had been actually tendered to the owner or persons entitled thereto. Notice by advertisement in such manner as the Chancellor shall direct shall be deemed sufficient notice.

(j) After all parties who have filed verified claims, as provided in subdivision (h) hereof, have proved their titles, or have failed to do so after being notified by the Port Authority of the time and place where such proof of title would be received, the Port Authority shall apply to a justice of the Supreme Court for leave to bring on before him upon a day to be fixed by said justice a hearing upon the claim so filed, or in case no claims are filed, to fix the amount to be paid for such lands.

In order to advise the said justice, he may appoint three commissioners to view said lands, and to advise him what damages, if any, should be assessed for the taking of such lands. The commissioners shall proceed under such directions and rules as shall from time to time be fixed by the said justice to view the lands, to hear such evidence as they may desire, and to fix such sum, if any, that in their judgment will represent the fair value of the lands so taken. The said justice may review such findings and shall not be bound thereby, but may alter or reject such findings in such manner as will, in his judgment, fairly protect the interests of the parties, and such review may be made either with or without further hearing. The commissioners so appointed to advise said justice shall make their report to him within one hundred days from the date of their qualification.

After said justice shall have ascertained and estimated the compensation which should justly be made by the Port Authority to the respective

...
owners of the real property being acquired, he shall then order that judgment be entered in the amount so determined.

(k) It shall be the duty of the justice, or the commissioners designated by him, to view the real property to be acquired. Where title to real property being acquired in a proceeding shall have been vested in the Port Authority, and buildings or improvements situated thereon shall have been removed or destroyed by the Port Authority or pursuant to its authority prior to the proceeding, and whereby the justice is, or the commissioners are, deprived of a view of the buildings or improvements so removed or destroyed, the fact that the justice has not had, or the commissioners have not had a view thereof, shall not preclude the justice or the commissioners from receiving in the proceeding, testimony and evidence as to the damage sustained by the claimant by reason of the taking thereof, when offered on behalf of either the claimant or the Port Authority.

(l) No evidence shall be admitted in the proceeding, as against an owner of real property being acquired, of an offer made by or on behalf of such owner for the sale of his property or any part thereof to the Port Authority, or for the sale or assignment of any right and title to the award or awards, or any part thereof, to be made for such property or any part thereof, in the proceeding; nor shall any evidence be received, as against the Port Authority, of any offer made to such owner, by or on its behalf, for the purchase of such property or any part thereof or for the purchase of the award or awards or any part thereof, to be made for such property, or any part thereof, in the proceeding.

(m) The Port Authority shall furnish to the justice such surveys, diagrams, maps, plans and profiles as the justice shall require, to enable the justice to hear and determine the claims of the owners of the real property affected by the proceeding. Such surveys, diagrams, maps, plans and
profiles shall distinctly indicate by separate numbers, the names of the claimants to, or of the owners of the respective parcels of real property to be taken in such proceeding, so far as the same are known, and shall also specify in figures with sufficient accuracy the dimensions and bounds of such real property. Where possible, such real property shall be designated on such maps by the same ward or block and lot numbers or other designations as shall be used to designate such real property on the tax books and tax maps of the taxing agency in which it is located. The justice may require the Port Authority to furnish such other surveys, diagrams, maps, plans and profiles and such other information as shall aid and assist the justice in the proceeding.

(n) The Port Authority, or any party or person affected by the proceeding and aggrieved by the judgment made therein as to awards may petition the Supreme Court or a justice thereof for a writ of certiorari to review the proceeding in accordance with the provisions contained in chapter eighty-one of Title 2 of the Revised Statutes. If the judgment entered in the proceeding to condemn should be reversed upon any subsequent review, such reversal shall not divest the Port Authority of title to the real property thereby affected.

(o) All damages awarded by the justice, with interest thereon from the date of the filing of the judgment, or if the title to the real property acquired shall have vested in the Port Authority prior thereto, from the date of such vesting, shall be paid by the Port Authority to the respective owners to whom the damages were awarded in the judgment, within two calendar months after the entry of the judgment, without further order of the court, or application for such payment by said owners. Property owners appearing in the proceeding shall not be entitled to recover counsel fees, costs, disbursements or allowances. Any outstanding taxes, assessments or other liens shall be deducted from the amount of the award and no
interest shall be paid by the Port Authority upon the sum or sums so deducted. Payment of an award to a person named in the judgment as the owner thereof, if not under legal disability, shall in the absence of notice in writing to the Port Authority of adverse claims thereto protect the Port Authority and shall be a full acquittance and release of all claims to said award.

In case there shall be a dispute as to title, or the amount assessed paid into court of chancery, the justice shall refuse upon tender thereof to receive the same, or shall be out of the State or under any legal disability, or in case several parties being interested in the fund shall not agree as to the distribution thereof, or in case the lands or other property taken are encumbered by mortgage, judgment or other lien, or if for any other reason the Port Authority cannot safely pay the amount awarded to any person, in all such cases, on petition to the Chancellor, to which shall be annexed a copy of the petition in condemnation and of the findings of the justice or commissioners, if there be any, the amount awarded may be paid into the Court of Chancery by order of the Chancellor, and shall there be distributed according to law, on the application of any person interested therein. Written notice given to the owner or owners and to persons interested that such moneys have been so paid into court shall have the same effect as if the moneys so awarded had been actually tendered to the owner or persons entitled thereto. Notice by advertisement in such manner as the Chancellor shall direct shall be deemed sufficient notice.

(p) The Port Authority may pay to the person entitled to an award for real property acquired in a proceeding, in advance of the final judgment, a sum to be determined by the Port Authority, not exceeding sixty per centum (60%) of the assessed value of the real property taken less the liens and encumbrances of record thereon; provided, that when the real property taken shall be less than
the fee, then such sum shall not exceed sixty per centum (60%) of the amount set forth in the petition as the estimated value of such interest, less the liens and encumbrances thereon. If the Port Authority shall make a partial payment in advance either pursuant to this subsection or pursuant to section six hereof, interest on the sum so paid in advance shall cease to run on and after a date five days after such person shall have been notified by mail or otherwise that the Port Authority is ready to pay the same. In case the person entitled to an award at the date of the vesting of title to the real property in the Port Authority shall have transferred or assigned his claim, such transfer or assignment made by him, or by his successor in interest or legal representative, shall not become binding upon the Port Authority unless the instrument or instruments evidencing such transfer or assignment shall have been filed in the office of the Port Authority prior to any such advance payment. When any such advance payment shall have been made, the Port Authority, on paying the awards for the real property acquired, shall deduct from the total amount allowed as compensation the sum advanced plus interest thereon from the date of the payment of such advance to the date of the final judgment, and the balance shall be paid as hereinbefore provided in subdivision (o) hereof.

(q) In any proceeding hereunder, in which title to the real property to be acquired shall have become vested in the Port Authority prior to the entry of final judgment, the Port Authority shall have power and is hereby authorized to purchase from the owners of such real property at the date of the vesting of title thereto, or their successors in interest or legal representatives, their right and title to the award or awards, or any part thereof, to be made in such proceeding and to take an assignment thereof to the Port Authority.

(r) No pledge, sale, transfer or assignment of an award by the person entitled to receive the same by virtue of the judgment or by other order of the
justice, shall be valid unless the instrument evidencing such pledge, sale, transfer or assignment shall be acknowledged or proved as instruments are required to be acknowledged or proved for the recording of transfers of real property and shall be filed in the office of the Port of New York Authority. Every such instrument not so filed shall be void as against any subsequent pledgee or assignee in good faith and for a valuable consideration from the same pledgor or assignor, his heirs, administrators or assigns, of the same award or any portion thereof, the assignment of which is first duly filed in the office of the Port Authority. The Port Authority shall maintain in its office a record of all pledges or assignments filed with it under the provisions hereof.

(s) The justice at any time may correct any defect or informality in any notice, pleading, order or judgment in the proceeding, or cause real property affected by such defect, informality or lack of jurisdiction to be excluded therefrom or any other real property affected by such defect, informality or lack of jurisdiction to be included therein by amendment upon ten days' notice published as provided for the institution of the proceeding and may direct such further notices to be given to any party in interest as it shall deem proper.

(t) The Board of Commissioners of the Port Authority by resolution may abandon any proceeding as to the whole or a part of the lands to be acquired in such proceeding, at any time before title to the real property to be thereby acquired shall have vested in the Port Authority, and may cause new proceedings to be taken for the condemnation of such real property. In case of such abandonment, however, the reasonable actual cash disbursements, necessarily incurred and made in good faith by any party interested, shall be paid by the Port Authority, after the same shall have been taxed by a justice of the Supreme Court, upon ten days' notice of such taxation being previously
given to the Port Authority; provided, the application to have such disbursements taxed shall be made and presented to the justice within one year after the adoption of the resolution of the board discontinuing the proceeding in whole or in part. For the purposes of this section, the fair and reasonable value of the services of an attorney retained by any interested party to represent his interests in said condemnation proceeding, whether on a contingent fee basis or otherwise, if such retainer be made in good faith, shall be deemed to be an actual cash disbursement, necessarily incurred by such interested party and shall be taxable in the same manner as other disbursements. The amounts taxed as disbursements shall be due and payable thirty days after written demand for payment thereof shall have been filed with the Port Authority.

(u) The title to any piece or parcel of the real property, or any interest therein, authorized to be acquired hereunder shall be vested in the Port Authority upon the entry of the order granting the application to condemn. The Port Authority, however, may direct that the title shall be vested in the Port Authority upon a specified date after the date of the entry of the order granting the application to condemn, or upon the date of the filing of the final judgment, but not later than the date of the filing of the final judgment. Upon the date when title to the real property shall have vested as herein provided, the Port Authority shall become and be seized in fee of or of an easement in, over, above, through, upon or under such real property or such other interest therein as may have been specified, the same to be held, appropriated, converted and used, for the purposes for which the proceeding was instituted. The Port Authority or any person acting under its authority shall immediately or at any time thereafter take possession of such property without suit or other judicial proceedings.
(v) Where the whole of any lot or parcel of real property, under lease or other contract, shall be taken, all the covenants, contracts and engagements between landlord and tenant and other contracting parties touching the same or any part thereof, upon the vesting of title in the Port Authority, shall cease and determine and be absolutely discharged. Where a part only of any lot or parcel of real property so under lease or other contract shall be so taken, all contracts and engagements respecting the same, upon such vesting of title, shall cease and determine and be absolutely discharged as to the part thereof so taken, but shall remain valid and obligatory as to the residue thereof. All tenants in possession of such premises at the time of the vesting of title thereto in the Port Authority shall become tenants at will of the Port Authority unless within ten days after the vesting of title they shall elect to vacate and give up their respective holdings.

8. In the event that the Port Authority shall find it necessary or desirable to acquire any lands under water in the State of New Jersey for marine terminal purposes, the Division of Navigation of the Department of Conservation of that State may grant, transfer or convey such lands under water to the Port Authority in accordance with the statutes of that State governing the making of riparian grants and leases, upon such terms and conditions as may be determined by said Division.

9. This act shall take effect upon the enactment into law by the State of New York of legislation having an identical effect with sections one to five, inclusive, of this act; but if the State of New York shall have already enacted such legislation, then this act shall take effect immediately.

Approved April 2, 1947.

(e) “Indebtedness owing directly or indirectly” shall include, without limitation thereto, all indebtedness owing to any stockholder or shareholder and to members of his immediate family where a stockholder and members of his immediate family together or in the aggregate own ten per centum (10%) or more of the aggregate outstanding shares of the taxpayer’s capital stock of all classes.

(d) The tax assessed to any taxpayer pursuant to this act, notwithstanding the provisions of the preceding subsections of this section, shall not be less than the greater of 2/10 of a mill per dollar of total assets allocated to this State in accordance with subsection (b) hereof, and twenty-five dollars ($25.00) in the case of a domestic corporation, or fifty dollars ($50.00) in the case of a foreign corporation.

(e) In lieu of the tax imposed by subsections (a), (b), (c) and (d) of this section, any taxpayer, the value of whose total assets everywhere, less reasonable reserves for depreciation, as of the close of the period covered by its report, amounts to less than one hundred thousand dollars ($100,000.00), may elect to pay the tax shown in the following table:

to enable him to determine the existence, nature or extent of an agreement, understanding or arrangement to which this section relates, whether or not such person or corporation is subject to the tax imposed by this act.

4. Section eleven of the act of which this act is amendatory is amended to read as follows:

11. Any receiver, referee, trustee, assignee or other fiduciary, or any officer or agent appointed by any court, to conduct the business or conserve the assets of any corporation shall be subject to the tax imposed by this act in the same manner and to the same extent as a corporation hereunder.

5. Section thirteen of the act of which this act is amendatory is amended to read as follows:

13. In the case of any corporation which organizes or qualifies on or after January first in any year no tax shall be payable in such privilege year; provided, however, that this section shall not apply to a foreign corporation, which after January first, one thousand nine hundred and thirty-seven, and prior to the year in which it qualifies, possessed the privilege of exercising its corporate franchise in this State, or did business, or employed or owned capital or property, or maintained an office in this State.

6. Section fifteen of the act of which this act is amendatory is amended to read as follows:

15. The tax imposed by this act shall be due and payable with respect to the calendar year one thousand nine hundred and forty-six, and each year thereafter, measured by the taxpayer’s net worth as of the close of the calendar year or of its fiscal year next preceding the privilege year, except that in the case of a taxpayer whose fiscal year ends not later than June thirtieth in the privilege year such measure shall be as of the close of such fiscal year. For the purpose of this section every taxpayer shall use the same calendar or fiscal year upon which it reports to the United States Treasury Department for Federal income tax purposes.
7. Section seventeen of the act of which this act is amended is amended to read as follows:

17. (a) On or before the fifteenth day of April, in the case of taxpayers reporting on a calendar year basis, and on or before the fifteenth day of April or the fifteenth day of the fourth month following the close of a fiscal year, whichever is later, in the case of taxpayers reporting on a fiscal year basis, each taxpayer shall duly execute and file a tax return with the commissioner, in such form and containing such information as he may prescribe, which return shall truly and accurately, set forth its liability under this act; and the full amount of the tax hereunder shall be due and payable to the commissioner on or before the date prescribed herein for the filing of the return; provided, however, that for the privilege year one thousand nine hundred and forty-seven any return and tax payment which under the foregoing provisions of this section would be due on or before the fifteenth day of April or on or before the fifteenth day of May shall be due on or before the thirty-first day of May, one thousand nine hundred and forty-seven.

If any tax be not paid when the same becomes due, as herein provided, there shall be added to the amount of the tax a sum equivalent to five per centum (5%) thereof, as a penalty, and, in addition thereto, interest at the rate of one per centum (1%) per month or fraction thereof from the date the tax became due until the same be paid. 9. Section twenty-three of the act of which this act is amendatory is amended to read as follows:

23. The administration, collection and enforcement of the tax imposed by this act shall be subject to the provisions of the State tax uniform procedure law as therein provided (chapters forty-eight through fifty-two of Title 54 of the Revised Statutes) to the extent that the provisions of such law are not inconsistent with any provision of this act.

10. The act of which this act is amendatory and supplementary is amended by adding a new section, numbered 19:1, to read as follows:

19:1. (a) After a final return in due form is filed, the commissioner shall cause the same to be examined and may make such further audit or in-
vestigation or reaudit as he may deem necessary, and if therefrom he shall determine that there is a deficiency with respect to the payment of any tax due under this act, he shall assess or reassess the additional taxes, penalties and interest due the State, give notice of such assessment or reassessment to the taxpayer, and make demand upon him for payment. There shall be added to the amount of any deficiency assessment or reassessment interest at the rate of one per centum (1%) for each month or fraction thereof to be calculated from the date the tax was originally due and payable until the date of actual payment. 12. This act shall take effect immediately, and shall apply to taxes due and payable in the year one thousand nine hundred and forty-seven and thereafter.

L. 1946, c. 196); and supplementing chapter fifteen of Title twenty-seven of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 27:15-1 of the Revised Statutes is amended to read as follows:
   27:15-1. A. There shall be set aside annually on October first or as soon thereafter as available from the net receipts of the motor vehicle revenues
in the General State Fund the sum of three million, nine hundred fifty thousand dollars ($3,950,000.00) and such additional amounts as may be necessary to meet the requirements of subsection E of this section. Such sums shall be used to meet the State's share of the cost of the work as in this chapter prescribed. Payments from these amounts shall be made in the same way as other payments from the motor vehicle revenues.

B. As used in this chapter.
'‘Municipality’’ means any city, town, township, borough or village in this State;
'Municipal roads’’ means the public roads or streets of any municipality as hereinabove defined.
C. The sums set aside as hereinabove provided shall be made available by the State Highway Commissioner to the several municipalities in the State in the manner, to the extent and in the proportion herein provided, for the construction, reconstruction, grading, drainage, maintenance, lighting or repair of municipal roads, or any other purpose permitted by this chapter.
D. On or before December tenth of each year the State Highway Commissioner shall notify the governing body of each municipality of the amount of State aid available for such municipality for the purposes hereinabove provided, and applicable to the ensuing calendar year. Except as provided in subsection E of this section: the amount of such State aid to any municipality shall be such as shall result from the application of the average of the following two percentages, namely:

(1) The percentage of population in such municipality to the total population of the State based upon the latest official Federal census; and
(2) The percentage of municipal road mileage in such municipality to the total municipal road mileage in the State;
to the sum of three million, nine hundred fifty thousand dollars ($3,950,000.00) set aside in accordance with the provisions of this section; provided, however, that the amount of such State aid available hereunder to any municipality in any year shall in no event be less than the average annual amount of State aid allotted to such municipality under the provisions of this chapter during the ten-year period commencing with the calendar year one thousand nine hundred and thirty-six; nor more than either such average annual amount or thirty-eight per centum (38%) of the average annual expenditures of such municipality, exclusive of State aid, as shown in the annual budgets of such municipality, for the purposes hereinafter provided, during the five-year period commencing with the calendar year one thousand nine hundred and forty-one, whichever is the greater.

E. The total amount of such State aid available to all municipalities in any county of the State, for the purposes hereinafter provided, shall not, in any year, be less than the sum of one hundred fifty thousand dollars ($150,000.00).

If, in any year, the total amount of such State aid available to all municipalities in any county of the State shall, as determined by the method prescribed in subsection D of this section, be less than the sum of one hundred fifty thousand dollars ($150,000.00), then the amount which shall be available to each municipality in such county, as determined by the method prescribed in subsection D of this section, shall be increased proportionately so that the aggregate amount of such State aid available to all of the municipalities in such county shall total one hundred fifty thousand dollars ($150,000.00).

F. It shall be lawful for each municipality to include the amount of such State aid made available for it in its budget. All such amounts shall be available to the State Highway Commissioner for allotment to said municipalities in accordance with the provisions of this chapter. Commitments may
be made, subject to the provisions of this chapter, against said amounts by said municipalities, immediately after the beginning of the calendar year next ensuing the date of notification by the State Highway Commissioner as required by the provisions of subsection D of this section.

G. All roads, works and improvements constructed or reconstructed in any municipality with State aid under this chapter shall be maintained by such municipality in accordance with such standards as the State Highway Commissioner shall prescribe.

2. The governing body of any municipality desiring to avail itself of the State aid provided in section 27:15-1 of the Revised Statutes shall, on or before the first day of March following receipt of the notification of amount of State aid available to it as provided for in said section, file with the State Highway Commissioner a schedule, approved by resolution of the governing body of such municipality, setting forth all work proposed to be undertaken by such municipality in which all or any part of such State aid is to be used, together with the respective estimated costs thereof. When requested by the State Highway Commissioner, any such municipality shall file with said commissioner the latest official map of such municipality showing all municipal roads of such municipality and indicating those which are improved and those which are unimproved, setting forth the mileage of each.

3. The State Highway Commissioner may, on application of any municipality, extend the date for filing the schedule referred to in section two hereof.

4. All work undertaken by any municipality, in which all or any part of the State aid, provided in section 27:15-1 of the Revised Statutes is used, shall be performed in accordance with such standards as the State Highway Commissioner shall prescribe.

5. In any case where any such State aid is to be expended for construction or reconstruction work,
the schedule referred to in section two hereof shall provide for any necessary engineering and planning work to be performed by the municipality.

6. In any case where any such State aid is to be expended for the construction of any municipal road between curbs and gutters, where such curbs and gutters have heretofore been laid at the cost of the municipality and are in existence at the time the schedule referred to in section two hereof is filed, the State shall participate, within the limits of such State aid herein prescribed, in the entire cost of the construction of the road between the gutters regardless of the width thereof.

7. In any case where any such State aid is to be expended for construction work, such work shall include, in addition to constructing the road, the survey and preparation of plans, profiles and cross sections, the grading and drainage of the road and the construction of the necessary culverts and bridges, the construction and maintenance of which is by law imposed upon the municipal authorities, together with the cost of necessary embankments and retaining walls, engineering fees and the cost of the acquisition of the necessary rights of way.

8. In any case where any such State aid is to be expended for construction or reconstruction work, there shall be filed by the municipality with the State Highway Commissioner plans and specifications therefor, approved by resolution of the governing body of such municipality; and no such construction or reconstruction work shall be undertaken by such municipality unless such plans and specifications therefor have been approved by the State Highway Commissioner.

9. On or before the thirtieth day of June following the filing of a schedule by any municipality as required pursuant to the provisions of section two hereof, there shall be disbursed to such municipality, out of the amount of State aid made available to it pursuant to the provisions of section 27:15-1 of the Revised Statutes, in accordance with such regulations as the State Highway Commissioner
shall prescribe, the State's share of the cost, as shown in such schedule, for maintenance, lighting and repair of the municipal roads of such municipality.

During the month of January in the year following that in which such State aid was disbursed, such municipality shall file with the State Highway Commissioner a report, on such form as the commissioner shall prescribe. Such report shall include a statement setting forth all expenditures made by such municipality, out of, or obligations incurred by it against, such State aid. In the event that any part of such State aid has not been expended for any of the aforementioned purposes, and is not required to meet obligations incurred for any of such purposes against such State aid, the State Highway Commissioner shall deduct an amount equal to such amount unexpended and not required to meet such obligations, from any amount of State aid made available to such municipality in accordance with the provisions of section 27:15–1 of the Revised Statutes and applicable to the calendar year in which the report mentioned in this paragraph is made. The State Highway Commissioner shall cause the amount so deducted to be reserved to the credit of such municipality in the same manner, and subject to the same terms, as if such municipality had requested such reservation, prior to disbursement to it of such amount, in accordance with the provisions of section thirteen of this act.

10. Disbursement of all or any part of the amount of State aid made available to any municipality pursuant to the provisions of section 27:15–1 of the Revised Statutes and required in the construction or reconstruction of municipal roads in such municipality shall be made on approval by the State Highway Commissioner of the application of such municipality therefor directed to him. The application shall be made on such form as the State Highway Commissioner shall prescribe, and shall include a statement setting forth the work per-
CHAPTER 62, LAWS OF 1947

formed and the detailed cost thereof. Disbursement may be made, under such regulations as the State Highway Commissioner shall prescribe, during the progress of such work, final payment to be made upon completion thereof.

11. The State’s share of the cost of any work undertaken pursuant to the provisions of this act shall not exceed ninety per centum (90%) of the total cost of such work.

12. Any municipality which has filed a schedule with the State Highway Commissioner, as required pursuant to the provisions of section two hereof, may request the board of chosen freeholders of the county wherein such municipality is situated to perform any or all of the work proposed to be performed on the part of such municipality by such schedule, whereupon such board of chosen freeholders shall, if it agrees to so perform such work, enter into a written agreement with such municipality.

Such agreement shall set forth the work to be performed by such board and the amounts, exclusive of State aid available to such municipality for such work, to be borne by the board and the municipality respectively. The amount required to be so borne by the municipality shall be paid by it to the board prior to the commencement of such work. Upon receipt by such municipality of any amounts of State aid disbursed by the State Highway Commissioner for such work, such municipality shall thereupon pay the same forthwith to said board of chosen freeholders.

Any such agreement entered into between said board and municipality shall become effective only upon approval thereof by the State Highway Commissioner, whereupon the work of said board required pursuant to such agreement shall be performed by it in accordance with such regulations as the State Highway Commissioner shall prescribe.
13. Notwithstanding the provisions of any other law to the contrary:

Any municipality may, on or before the first day of March following receipt of the notification provided for in subsection D of section 27:15–1 of the Revised Statutes, submit to the State Highway Commissioner a written request to reserve to the credit of such municipality all or any portion of the State aid made available to it pursuant to such notification; such amount of State aid to be used by such municipality, during any of the three calendar years next ensuing the receipt of such notification, for any of the purposes, and in accordance with the provisions, of this act.

Such request shall contain a statement to the effect that such municipality does not intend to use such amount of State aid during the year in which the same is made applicable pursuant to the provisions of section 27:15–1 of the Revised Statutes. Upon receipt of such request, the State Highway Commissioner shall cause to be reserved to the credit of such municipality said amount of State aid; and such amount may be used by such municipality for any of the purposes and in accordance with the provisions of this act, during any of the three calendar years next ensuing the receipt of the notification provided for in subsection D of section 27:15–1 of the Revised Statutes. Any amount of the sum so reserved to the credit of such municipality remaining unused by such municipality at the expiration of such three-year period shall lapse and become part of the motor vehicle revenues in the General State Fund.

14. Notwithstanding the provisions of any other law to the contrary:

Unless reserved as provided in this act, any amount of the State aid made available to any municipality pursuant to the provisions of section 27:15–1 of the Revised Statutes remaining undistributed to such municipality at the expiration of the calendar year in which the same is by said sections applicable and not required to meet any
obligations incurred during said year by such municipality under said allotment, shall lapse and become part of the motor vehicle revenues in the General State Fund.

15. A. Exclusive of the sum set aside in accordance with the provisions of section 27:15-1 of the Revised Statutes, there shall be set aside annually on October first, as soon thereafter as available from the net receipts of the motor vehicle revenues in the General State Fund the sum of one million fifty thousand dollars ($1,050,000.00), which shall be used to meet the State's share of the cost of the work hereinafter in this section prescribed during the calendar year next ensuing the setting aside of such sum. Payments from these amounts shall be made in the same way as other payments from the motor vehicle revenues.

B. The State Highway Commissioner shall reserve from the sum set aside in accordance with the provisions of subsection A of this section the sum of fifty thousand dollars ($50,000.00) to meet the State's share in each county during such ensuing calendar year. The sum so reserved shall be made available by the State Highway Commissioner to the several municipalities in such county in the manner prescribed in this section, for the construction or reconstruction of municipal roads.

C. Any municipality may on its own motion apply to the State Highway Commissioner for aid in construction or reconstruction under this section. The application shall be on such form as the commissioner shall prescribe and may be passed by resolution of the governing body of the municipality at any meeting. It shall set forth the road or roads on which it is proposed that the work shall be done and the beginning and ending points of such work, and the amount of money the governing body may be authorized to spend on such work, including contributions thereto. The State Highway Commissioner shall decide which of such applications in any county will best serve the interests of the municipality, county and State. He

shall, upon approval of any such application, notify the governing body of the municipality of the same and shall thereupon enter into a written agreement with such municipality for the necessary planning and surveying and for the actual work and the inspection thereof.

D. The total of all sums made available to all municipalities in any county under the provisions of this section shall in no calendar year, except as otherwise provided in subsection G of this section, exceed the said sum of fifty thousand dollars ($50,000.00) reserved to meet the State’s share in such county during such year.

E. All work undertaken by any municipality in which all or any part of the State aid provided for in this section is used shall be performed in accordance with such standards as the State Highway Commissioner shall prescribe.

F. The State’s share of the cost of any work undertaken pursuant to the provisions of this section shall not exceed ninety per centum (90%) of the total cost of such work.

G. If in any calendar year any part of the said fifty thousand dollars ($50,000.00) reserved to meet the State’s share in any county during such year remains uncommitted, the sum so remaining at the expiration of such calendar year shall be reserved by the commissioner for application by the municipalities within such county, in accordance with the provisions of this section, during any of the three calendar years next ensuing; and the sum so reserved shall, unless distributed to the municipalities in such county in accordance with the provisions of this section within such three calendar years, lapse and become part of the motor vehicle revenues in the General State Fund.

CHAPTER 71

An Act authorizing any city of the fourth class by ordinance, subject to referendum, to impose, in the municipality, certain retail sales and services taxes and providing for the collection thereof.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

WHEREAS, The Legislature, in furtherance of public policy, has for a period of years greatly enlarged municipal activities, principally in matters of public health and public safety, with no consequent grant of revenue power to meet these modern and constantly expanding conditions; and
CHAPTER 71, LAWS OF 1947

WHEREAS, The sources of revenue in the various municipalities, particularly in cities of this State bordering upon the Atlantic ocean and being seaside or summer resorts, are inadequate and insufficient to meet existing municipal obligations; and

WHEREAS, Many of these impositions are mandatory in character, and it is necessary and essential that such cities be given power to increase existing revenues; therefore

1. Any city of the fourth class in this State is authorized and empowered to enact an ordinance or ordinances for the purposes of increasing public revenue and to levy and collect taxes upon retail sales, or sale at retail, as defined in this act, and to devote the proceeds from such sales to municipal purposes as herein defined.

2. As used in this act:
   “Retail sale” or “sale at retail” means and includes
   (1) Any sale in the ordinary course of business for consumption or use, or for any purpose other than resale, of
       (a) Cigarettes, cigars or other tobacco products; or
       (b) Whiskey, beer or other alcoholic beverages including the sales of drinks in restaurants, cafes, bars, hotels and other similar establishments;
   (2) Any cover charge, minimum charge, entertainment or other similar charge made to any patron of any restaurant, cafe, bar, hotel or other similar establishment;
   (3) The hiring, with or without service, of any room in any hotel, inn, rooming or boarding house;
   (4) The hiring of any rolling chair, beach chair or cabana, and
(5) The granting or sale of any ticket, license or permit for admission to any theatre, moving picture exhibition or show, pier, exhibition, or place of amusement.

Vendor; "Vendor" means any person selling or hiring property or services to another person upon the receipts from which a tax is imposed.

Purchaser. "Purchaser" means any person purchasing or hiring property or services from another person, the receipts from which are taxable.

3. Any such ordinance may impose such tax up to the amount set forth in the following schedule but not in excess thereof:

(a) twelve cents ($0.12) or less, no tax;
(b) over twelve cents ($0.12) and not over fifty cents ($0.50), a tax of two cents ($0.02);
(c) over fifty cents ($0.50) and not over one dollar ($1.00), a tax of three cents ($0.03);
(d) over one dollar ($1.00), a tax of three cents ($0.03) on each even dollar ($1.00) thereof and if there is any fraction of a dollar ($1.00), a tax on such fraction according to the schedule above.

In imposing any such tax on the sale of any cigars, cigarettes or other tobacco products, any such ordinance may provide that each cigar, each pack or tin of cigarettes and each other tobacco container involved in a sale shall be considered as a separate sale and any tax imposed on any such sale may be fixed in such ordinance at a different rate than on other retail sales but not in excess of the schedule above on each cigar, pack or tin of cigarettes and other tobacco container.

4. No such tax sale shall be imposed:

(a) upon any isolated transaction not made in the ordinary course of repeated and successive transactions of a like character;
(b) upon sales by any State use industry or any sales by any governmental agency in this State to any other governmental agency in this State;
(c) upon any sale to or by the State or any county, municipality, school district, or other political subdivision thereof;
(d) upon any sales which this State is prohibited from taxing under the Constitution and laws of the United States of America;

(e) upon sales or charges made by any church or bona fide purely charitable association not conducted for profit.

5. Such ordinance shall provide for the collection of such tax by an officer of such municipality who shall be designated in such ordinance; shall provide methods for enforcement; and may provide penalties for the violation of any of the provisions of such ordinance.

6. Every ordinance imposing a tax under the authority of this act shall contain the following provisions:

(a) all taxes imposed by such ordinance shall be paid by the purchaser;

(b) no vendor shall assume or absorb any tax imposed by such ordinance;

(c) no vendor shall in any manner advertise or in any manner represent that any tax imposed by such ordinance will be assumed or absorbed by him;

(d) each such assumption or absorption by any vendor of any such tax shall be deemed a separate offense and each such representation and each such advertisement by any vendor, each day the same shall continue, shall be deemed a separate offense;

(e) penalties, as fixed in such ordinance, for violation of the foregoing provisions.

7. All revenues collected under any such ordinance shall be deposited in the general fund of the municipality and may be used for general municipal purposes, including the reduction and liquidation of bonded indebtedness, the payment of salaries, construction, reconstruction, maintenance and repair of municipal buildings, installations and properties, and for such other purposes as may be provided by existing ordinances or ordinances hereafter enacted for general municipal purposes.
8. Any tax imposed under the authority of any such ordinance shall have application only within the territorial limits of such municipality and shall be in addition to all other taxes and excises.

9. No such tax shall be imposed on any sale or transaction originating or consummated, or both, outside such municipality, notwithstanding that some act be necessarily performed with respect to such sale or transaction within such municipality.

10. No such tax shall be imposed on a nonresident of such municipality or on account of any sale or transaction by or with a nonresident of such municipality, except when imposed without discrimination as between residents and nonresidents on account of tangible property actually located in such municipality, or service actually rendered in such municipality or on account of transfers, retail sales or other transactions actually made or consummated within such municipality by a nonresident while within such municipality.

11. Any ordinance adopted pursuant to the provisions of this act shall, before the same becomes operative, be submitted by the governing body of the municipality to the electors thereof at any general election, at any primary election, or at a special municipal election held for that purpose. Such ordinance shall provide for and fix the time of the holding of such election, of which the municipal clerk shall give notice by causing the same to be published in a newspaper or newspapers circulating in such municipality. The municipal clerk shall likewise prepare the ballots for use in said election. Such election shall be conducted by the respective district boards of registry and election in such municipality, and the canvass and return thereof shall be made in the same manner and subject to the same election procedure now governing general or special elections.
12. The ballots to be used at such election shall be in substantially the following form:

"To vote upon the public question printed below, if in favor thereof mark a cross (×) or plus (+) in the square at the left of the word YES, and if opposed thereto mark a cross (×) or plus (+) in the square at the left of the word NO.

"Shall the ordinance (here insert the title of the proposed ordinance) be adopted?"

☐ YES
☐ NO

13. If a majority of the qualified electors voting on the proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the municipality. Any such ordinance shall continue in force and effect until the same shall be repealed by the governing body or until the voters of such municipality shall authorize such repeal at a referendum election held for such purpose.

14. If the ordinance so submitted shall be adopted by the voters of the municipality, the cost of such election shall be paid from the first revenues obtained under such ordinance. Should, however, the ordinance be rejected, the cost of such election shall be paid from general municipal revenues.

15. This act shall take effect immediately.

Filed April 19, 1947.
CHAPTER 72

An Act to provide for the payment of unclaimed deposits in the Court of Chancery to the State Treasurer for the use of the State and to claimants by the State Treasurer, regulating the practice and procedure, inspection of records and fees, and making certain violations of the act misdemeanors.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. "Unclaimed deposit" as used in this act shall mean any property or sum of money or portions thereof with all accumulations of interest thereon or increments thereto, heretofore deposited or paid into or which hereafter shall have been deposited or paid into the Court of Chancery to the credit of a specific cause or account under the provisions of any rule or order or decree of the Chancellor and has or shall have remained uncalled for or unclaimed for a period of twenty years.

Such "unclaimed deposit" shall not include

(a) Any sum to the credit of any cause or account which has been reduced by withdrawal or increased by deposit, exclusive of interest credit, within a period of twenty years,

(b) Any sum to the credit of any cause or account with respect to which any proper paper or pleading has been filed with and docketed in such cause by the Clerk in Chancery within a period of twenty years.

2. Whenever any property or sum of money has heretofore been deposited or hereafter shall have been deposited or paid into the Court of Chancery by virtue of the provisions of any rule or decree or order of the Chancellor and shall have remained uncalled for or unclaimed for a period of twenty years, such unclaimed deposit shall be deemed to
be abandoned and shall be payable to the State Treasurer for the use of the State in accordance with the provisions of this act.

3. Not later than sixty days after the effective date of this act, the Attorney-General, for and on behalf of the State and in the name of the State Treasurer, shall present to the Chancellor a petition setting forth a list of such unclaimed deposits computed as of the thirty-first day of December in the year one thousand nine hundred and forty-six which the Chancellor shall have determined to be subject to the provisions of this act, together with the title of the cause or account, the date of the original deposit and the existing balance thereof, computed as of the thirty-first day of December in the year one thousand nine hundred and forty-six.

On the filing of the said petition, the Attorney-General shall promptly mail a copy of the petition to the sheriff of each county of this State and to the sergeants-at-arms at the respective Chancery chambers throughout the State. It shall be the duty of the sheriff to promptly post said copy of the petition upon the bulletin board of the court house of such county and the sergeants-at-arms shall be under a similar duty to post said copy of the petition upon the bulletin boards of the respective Chancery chambers. The Attorney-General shall attach to the copy of said petition a notice stating that on a date not less than thirty days from the date of the filing of the petition, he will apply to the Chancellor at his chambers in the city of Trenton for an order to pay the unclaimed deposits listed in the petition to the State Treasurer. The original notice shall be filed with the Clerk in Chancery. Immediately following such posting, each sheriff and each sergeant-at-arms shall certify in writing to the Chancellor the date on which the copy of the petition and notice were posted. Such posting of copies of the petition and notice shall be deemed to be notice to all interested parties.
The Attorney-General shall send an additional copy of said petition and notice to the sergeants-at-arms at the respective Chancery chambers and it shall be the duty of each sergeant-at-arms to keep said copy available for public inspection during regular office hours. The Attorney-General shall also cause to be posted on the bulletin board in the office of the Clerk in Chancery a copy of the said petition and notice.

4. The Attorney-General, for and on behalf of the State and in the name of the State Treasurer shall present to the Chancellor a petition similar to the petition required to be presented under section three of this act, at least once in every five years, for the payment of unclaimed deposits to the State Treasurer for the use of the State as of the thirty-first day of December of the year preceding the one in which the petition shall be presented, which shall include as of such date, all unclaimed deposits which the Chancellor shall determine to be subject to the provisions of this act. Notice of any such petition and the proceedings thereon shall be similar to the notice and proceedings in respect to the petition first to be presented under this act. Any such petition may be presented in any one year whenever the Chancellor shall so direct.

5. The Chancellor upon being satisfied that the unclaimed deposits as set forth in the petition have remained uncalled for or unclaimed for a period of twenty years, may order such deposits paid to the State Treasurer for the use of the State in accordance with the provisions of this act.

6. At any time after any unclaimed deposit shall have been paid to the State Treasurer, any person claiming an interest in and a right to any such deposit or any part thereof, may petition the Chancellor for an order directing the State Treasurer to pay to the petitioner such amount as the Chancellor shall determine the petitioner is entitled to, which in no case shall include interest on such deposit from the date of payment to the State Treasurer. Not less than fifteen days' notice of
the said application together with a copy of the petition, shall be served upon the State Treasurer and the Attorney-General, and such service shall be deemed to be service upon the State of New Jersey. The Chancellor shall hear and determine the matter, and may make an order directing the State Treasurer to pay to the petitioner such amount as he determines the petitioner is entitled to. The State Treasurer upon receipt of a certified copy of the said order shall be authorized, empowered and required to pay such sum as the said order shall direct from any available funds in his hands and if there are no available funds he shall report the fact to the Governor and the Legislature and an appropriate item for the payment thereof shall be included in the next annual appropriation bill, unless the appropriation shall be previously made.

7. Any person aggrieved by any order of the Chancellor made upon a petition for an order directing the State Treasurer to pay an unclaimed deposit, may appeal to the Court of Errors and Appeals, provided such appeal be taken within forty days after the making of the said order and prosecuted according to statutory provisions and the rules of the Court of Chancery and the Court of Errors and Appeals applicable to appeals from the Court of Chancery.

8. Upon any payment to the State Treasurer of an unclaimed deposit pursuant to the provisions of this act, any and all liability of the Chancellor and the Clerk in Chancery to any person whomsoever in respect to such deposit, shall cease and be at an end.

9. The records, accounts, files, dockets, and other papers pertaining to unclaimed deposits shall be withheld from indiscriminate public inspection, but shall be open to inspection during the usual office hours by a person having a right, title or interest in or to such unclaimed deposits or his duly authorized solicitor or counsel, and to no other person except by order of the Chancellor made for that purpose.
10. It shall be unlawful for any person attached to or connected with or employed in or by the Court of Chancery or office of the Clerk in Chancery, to suffer or permit the inspection of the records, accounts, files, dockets, and other papers pertaining to such unclaimed deposits, other than as authorized by this act, and any person who shall violate the provisions of this section shall be guilty of a misdemeanor.

An Act to amend “An act concerning savings and loan associations and building and loan associations, and revising chapter twelve of Title 17 of the Revised Statutes,” approved April fourth, one thousand nine hundred and forty-six (P. L. 1946, c. 56).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section seventy-eight of the act of which this act is amendatory is amended to read as follows:

78. Loans. Investments in loans may be made as follows:

(1) Mortgage loans. In direct reduction, sinking fund, and straight mortgage loans. Each such loan shall be evidenced by an obligation and secured by a mortgage which shall be a first lien, except as to current taxes, on real estate in this State, or outside of the State if located within fifty miles of the principal office of the association. Such loans shall be on real estate used or to be used wholly or partially for dwelling purposes. An association may hold one or more subsequent mortgages on real estate; provided, it also holds all prior encumbrances, except current taxes, thereon. If the proceeds of any such loan are used in whole or in part to improve the mortgaged real estate, they may be advanced in installments as the construction of a building or the making of other improvements thereon progresses and the value of the contemplated improvement may be included in arriving at the appraised value of the property.

Each direct reduction loan shall require periodical payments sufficient to pay the principal and interest of the loan in full in a period of twenty years or less. Any association may by agreement with the borrowing member reduce the amount of
periodical payments, but the amount of the periodical payments thereafter required shall be sufficient to pay the balance of the loan and interest thereon within a period of twenty years or less from the time of making such agreement. Each sinking fund loan shall require periodical payments, at least monthly, on an account pledged as collateral security for such loan which shall be sufficient to pay such loan in a period of twenty years or less. Any association may by agreement with the borrowing member provide for the application of such account to the principal of the loan and for a reduction in the periodical payments required on an account thereafter; provided, however, that such periodical payments thereafter required shall be sufficient to retire the loan in a period of twenty years or less from the time of the making of such agreement. The amount of any direct reduction loan or sinking fund loan, less the withdrawal value of any account which may be pledged as collateral security therefor, shall not exceed eighty per centum (80%) of the value of such real estate as found by appraisal at the time when the loan is granted.

The term of any straight mortgage loan shall not exceed three years. The amount of any such straight mortgage loan shall not exceed fifty per centum (50%) of the value of the property as found by appraisal at the time the loan is granted. An association may renew any straight mortgage loan held by it for a period not exceeding three years and for amounts not in excess of fifty per centum (50%) of the value of the real estate as found by appraisal at the time of such renewal. The total amount invested in straight mortgage loans by any association shall not exceed ten per centum (10%) of its assets at the time any such investment is made.

(2) Improvement or repair loans. In additional loans to members for the repair, alteration, or improvement of real estate owned by such members, upon which the lending association already holds
a mortgage lien. If the mortgage already held by the lending association secures payment of a direct reduction loan, such additional loan shall not exceed the sum of one thousand dollars ($1,000.00) or the amount which has been repaid in reduction of the principal of such mortgage loan, whichever is less. If the mortgage already held by the lending association secures payment of a sinking fund loan, such additional loan shall not exceed the sum of one thousand dollars ($1,000.00) or the withdrawal value of the installment account which is pledged as collateral security for the payment of such sinking fund loan, whichever is less. Each such additional loan shall be evidenced by an obligation which shall state the terms on which such loan is made, and the amount thereof shall be added to the amount due on the association’s mortgage against such real estate, and payment thereof shall be secured thereby. All persons who acquire any rights in, or liens upon, the mortgaged real estate subsequent to the recording of any association’s mortgage shall hold such rights and liens subject to the association’s right to make such additional loans. For the purpose of such additional loans, no search or examination of the title to the mortgaged real estate shall be required. The power to make such additional loans is in addition to, and not to the exclusion of, the power to make any other lawful loan.

(3) Camp meeting leaseholds. In any obligation secured by first mortgage on any leasehold estate of real estate in this State of any camp meeting association, to the extent authorized by, and subject to, the limitations and restrictions contained in section 17:2-1 of the Revised Statutes.

(4) Purchase of loans. In the purchase of any loan which an association is authorized to make.

(5) Account loans. In loans secured by a pledge of a member’s account. No such loan shall exceed the withdrawal value of the pledged account, less interest thereon for a period of six months.
(6) Guaranteed loans. In loans guaranteed or insured in whole or in part by the United States of America or the State of New Jersey any instrumentality or agency of either of them, or for which a commitment to so guarantee or insure has been made. Such loans shall not be subject to the limitations defined in section seventy-eight subdivision (1) and section eighty-two of this act. Such loans shall include only those which are made for the purchase or improvement of real estate, or for the construction, alteration, repair, or improvement of buildings erected thereon, used or to be used, wholly or partially for dwelling purposes, in which case they may or may not be secured by mortgages; or those which may be made for any other purpose provided they be secured by a mortgage on real estate used or to be used wholly or partially for dwelling purposes. The real estate in connection with which any such loan is made shall be located in this State, or outside of the State if located within fifty miles of the principal office of the association.

2. This act shall take effect immediately.

2. "Unclaimed bank deposit" means and includes an unpaid balance of money to the credit or
in the name of a maker or payee of a certified check held by a bank, together with all interest accrued thereon whether credited thereto or not on the records of the bank, and which after a period of twenty years has remained unclaimed, and also means and includes an unpaid balance of money to the credit or in the name of a depositor, in any capacity whatsoever, with a bank in any demand or time deposit account, together with all interest accrued thereon whether credited thereto or not on the records of the bank, which after a period of twenty years has remained unclaimed exclusive of the following:

(a) the unpaid balance in any such account which has been reduced by withdrawal or increased by deposit, exclusive of interest credit within twenty years;

(b) the unpaid balance in any such account which is evidenced by a passbook in which entry of interest credit has been made within twenty years or which passbook has been presented for entry of interest credit within twenty years;

(c) the unpaid balance in any such account with respect to which the bank has written evidence received within twenty years that the depositor or other person entitled thereto had knowledge thereof;

(d) the unpaid balance in any such account of a depositor known by an officer or employee of the bank to be living;

(e) the unpaid balance in any such account which is evidenced by a passbook, which book has, to the knowledge of the bank, within twenty years been balanced or verified.

The above definition of "unclaimed bank deposit" is hereby further amplified to mean, include, and refer to credits and deposits of every kind, character or form in any name whatsoever and in any capacity whatsoever, including but not limited to individuals, corporations, companies, associations, societies, firms, partnerships, joint stock companies, and fiduciaries of any nature.
2. Any bank which, through merger, reorganization, consolidation, or otherwise, acquired any certified check or any account of any depositor in any capacity whatsoever, shall, for the purpose of this act, be deemed to have been in existence from the date such check was certified by any other bank or such account originated in any other bank; and such certified check or such account shall constitute an unclaimed bank deposit if the same otherwise accords with the definition of an unclaimed bank deposit as provided in section two of the act of which this act is amendatory and supplementary.

3. Section three of the act of which this act is amendatory is amended to read as follows:

It shall be presumed that there is or are no claimant or claimants who or which directly or indirectly has or have any right, title or interest in any unclaimed bank deposit held by a bank, and such unclaimed bank deposit shall be subject to escheat to the State.

4. The provisions of section six of the act of which this act is amendatory and supplementary, under which the Attorney-General is required to institute suit for the escheat of unclaimed bank deposits of fifty dollars ($50.00) or more in amount, shall not apply to unclaimed bank deposits disclosed in the reports made by banks to the State Treasurer, pursuant to the act of which this act is amendatory and supplementary, as of December thirty-first, one thousand nine hundred and forty-six, nor to unclaimed bank deposits disclosed in any such reports in like manner made by banks to the State Treasurer as of December thirty-first of each year thereafter.

5. All unclaimed bank deposits reported by any bank as held by it as of December thirty-first, one thousand nine hundred and forty-six, shall be subject to the provisions of a bill pending in the Legislature and entitled "An act in respect to certain unclaimed bank deposits, and the escheat thereof to the State." In the event said bill does not become law, the provisions of the act of which this act is
amendatory and supplementary, as well as all amendments thereof and supplements thereto, shall apply to the unclaimed bank deposits in this section mentioned, notwithstanding the provisions of section four of this amendatory and supplementary act.

6. All unclaimed bank deposits reported by any bank as held by it as of December thirty-first, one thousand nine hundred and forty-seven, and as of December thirty-first of each year thereafter, regardless of the amount thereof, shall escheat to the State when report thereof is made to the State Treasurer and shall be paid over to the State Treasurer by such bank simultaneously with the making of the report by such bank pursuant to the provisions of the act of which this act is amendatory and supplementary.

7. Any bank which fails to pay over to the State Treasurer any unclaimed bank deposit at the time the same is payable over under the provisions of section six of this amendatory and supplementary act, shall forfeit to the State the sum of twenty-five dollars ($25.00) for each day such payment shall not be made, and such penalty, if not paid, shall be sued for and be recovered by the State Treasurer in an action at law in the name of the State.

8. Section seven of the act of which this act is amendatory is amended to read as follows:

7. Any bank which shall pay over to the State Treasurer any unclaimed bank deposit shall be saved harmless from all liability to any claimant having or asserting any right, title or interest in or to the same personally or in any capacity whatsoever; and no action or proceedings of any kind or character for the recovery of moneys represented thereby, or any part thereof, shall lie against such bank.

9. Section eight of the act of which this act is amendatory is amended to read as follows:

8. (a) The State Treasurer shall establish and maintain records of all escheated unclaimed bank

deposits received by him showing in alphabetical order the names of the depositors, the amounts received, the name and address of the bank from which the funds were received, the identification numbers of the accounts if any, and shall establish and maintain an index thereto, which records and index shall at all times during the usual business hours be open to public examination.

(b) The State Treasurer shall credit seventy-five per centum (75%) of the amount of each escheated unclaimed bank deposit received by him to the general funds of the State to be held, used and expended by the State Treasurer in the same manner as other general funds of the State and shall establish and maintain an account to be designated as the "unclaimed bank deposits escheat reserve fund" which is hereinafter referred to as the "reserve fund" and shall credit to the reserve fund, the other twenty-five per centum (25%) of the amount of each escheated unclaimed bank deposit received by the State Treasurer.

(c) The State Treasurer shall invest and reinvest all moneys credited to the reserve fund in bonds or interest-bearing notes or obligations of the United States or in bonds or interest-bearing notes or obligations guaranteed as to principal and interest by the United States or in bonds or interest-bearing notes or obligations for the payment of the principal and interest of which the faith and credit of the United States are distinctly pledged or in bonds or interest-bearing notes or other obligations of this State or in bonds or interest-bearing notes or other obligations of any county, city, town, township, borough, village or other municipal or political subdivision of this State, issued under authority of any law of this State.

(d) The income received from the investments and reinvestments of the reserve fund shall be commingled with and added to the reserve fund and held and retained as part thereof subject to like investment and reinvestment, as part of the reserve fund.
(e) The reserve fund shall be used and expended by the State Treasurer for the payment of expenses and costs incurred by the State Treasurer and the Attorney-General pursuant to the provisions of section nine of this act.

(f) At any time after receipt by the State Treasurer of any escheated unclaimed bank deposit any one claiming to be entitled thereto or to any part thereof may file claim therefor with the State Treasurer who is authorized to pass upon and determine the claimant’s claim; if the State Treasurer shall determine the claimant’s proofs of title thereto to be sufficient he shall pay the escheated unclaimed bank deposit or such part thereof to which he may determine the claimant is entitled, without interest, out of the reserve fund, to the claimant, and if the cash balance in the reserve fund is insufficient to make such payment the State Treasurer shall sell such of the investments of the reserve fund as may be necessary to make such payment.

(g) If the State Treasurer determines that the claimant’s proofs of title are not sufficient to entitle the claimant to such payment, the claimant may, within sixty days after the date of such determination by the State Treasurer, file a petition in the Court of Chancery setting forth the fact of the escheat of the unclaimed bank deposit and the facts of petitioner’s claim thereto or to any part thereof, whereupon an order to show cause shall be made directed to the State Treasurer commanding him to show cause why the petition should not be granted and a copy of said petition and of the order to show cause shall be served upon the State Treasurer and upon the Attorney-General, and it shall be their duty to take such action with respect thereto as they may deem necessary to protect the interests of the State. Upon proof satisfactory to the court of petitioner’s claim of title to the escheated unclaimed bank deposit or any part thereof, an order shall be entered establishing petitioner’s claim and ordering the State Treas-
Appeals.

SECTION 7. If the court shall determine that petitioner’s proofs of title are not sufficient to establish petitioner’s claim to the escheated unclaimed bank deposit or any part thereof, an order to that effect shall be made from which order appeal will lie to the Court of Errors and Appeals, and any such appeal shall be taken within forty days after the entry of such order and shall be taken and prosecuted according to the statutes and the rules of the Courts of Chancery and Errors and Appeals in such case made and provided. If on such appeal the order is reversed and petitioner’s claim of title to the escheated unclaimed bank deposit or any part thereof is sustained, the State Treasurer shall pay to the claimant, out of the reserve fund, the amount or amounts to which the petitioner shall be entitled, together with such costs and counsel fees as may be allowed to the petitioner.

10. This act shall take effect immediately.

Approved May 1, 1947.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. "Bank" means and includes any bank, trust company, savings bank and savings bank having shares of capital stock, organized and existing under any general or special law of this State, including any such bank, trust company, savings bank and savings bank having shares of capital stock, which may be in voluntary dissolution or which may be in possession of the Commissioner of Banking and Insurance or in receivership, and any private banker including any private banker for whose banking business a receiver has been appointed and any national banking association organized under the Acts of Congress and doing business in this State including any national banking association which may be in voluntary dissolution or in receivership.

twenty years has remained unclaimed exclusive of the following:

(a) the unpaid balance in any such account which has been reduced by withdrawal or increased by deposit, exclusive of interest credit within twenty years;

(e) the unpaid balance in any such account which is evidenced by a passbook, which book has, to the knowledge of the bank, within twenty years been balanced or verified.

The above definition of "unclaimed bank deposit" is hereby further amplified to mean, include, and refer to credits and deposits of every kind, character or form in any name whatsoever and in any capacity whatsoever, including but not limited to individuals, corporations, companies, associations, societies, firms, partnerships, joint stock companies, and fiduciaries of any nature.

3. Any bank which, through merger, reorganization, consolidation, or otherwise, acquired any certified check or any account of any depositor in any capacity whatsoever, shall, for the purpose of this act, be deemed to have been in existence from the date such check was certified by any other bank or such account originated in any other bank; and such certified check or such account shall constitute an unclaimed bank deposit if the same otherwise accords with the definition of an unclaimed bank deposit as provided by section two of this act.
4. For the purpose of this act, it shall be presumed that on December thirty-first, one thousand nine hundred and forty-six, there was or were no claimant or claimants who or which directly or indirectly had any right, title or interest in any unclaimed bank deposit as defined in section two of this act.

5. All unclaimed bank deposits defined in section two of this act are hereby declared to have escheated to the State, and the same shall be paid over to the State Treasurer pursuant to the appropriate provisions of this act; provided, however, that any such unclaimed bank deposits which were paid over to the State Treasurer by a bank on, before or after December thirty-first, one thousand nine hundred and forty-six, whether pursuant to a decree of the Court of Chancery or not, shall be deemed to have been held by such bank on said date, and the payment over thereof to the State Treasurer before this act takes effect shall be deemed to be payment over to the State Treasurer under this act notwithstanding the same were so paid over by virtue of "An act providing for the escheat of unclaimed bank deposits," approved April twentieth, one thousand nine hundred and forty-five (P. L. 1945, c. 199), or any amendment thereof or supplement thereto.

6. Any suit now pending in the Court of Chancery pursuant to "An act providing for the escheat of unclaimed bank deposits," approved April twentieth, one thousand nine hundred and forty-five (P. L. 1945, c. 199), or any amendment thereof or supplement thereto, wherein no final decree has been entered, shall be terminated by the filing by the Attorney-General of a petition for discontinuance, which petition shall recite this section as authority therefor; whereupon the court shall make an order conforming therewith, which order shall be termed "Statutory Order for Discontinuance."

The Attorney-General shall cause to be served upon the defendant bank a true copy of such order, certified as such by the Clerk of the Court of Chanc

cery, and the bank so served shall, within thirty days after service upon it of such copy, pay over to the State Treasurer all unclaimed bank deposits upon which the suit was brought, in the same manner as if a final decree had been made in the cause ordering the payment thereof over to the State Treasurer; and such payment shall be accompanied by a writing sufficient to identify the same as made pursuant to the provisions of this section, citing this act by the title and chapter.

After the service upon the bank of such certified copy of the order for discontinuance, the State Treasurer shall pay out of the reserve fund provided by "An act providing for the escheat of unclaimed bank deposits," approved April twentieth, one thousand nine hundred and forty-five (P. L. 1945, c. 199), or any amendment thereof or supplement thereto, all expenses and costs incurred by the Attorney-General, including costs and expenses for legal and clerical services.

7. Within sixty days after this act takes effect, every bank shall make in duplicate a written report to the State Treasurer containing a true and accurate statement of all unclaimed bank deposits, as defined in section two of this act, held by such bank. Such report shall set forth the name and address of the bank and where the name of the bank has been changed by merger, reorganization, consolidation or otherwise, also the original name and address of the bank in which the deposit originated, and shall list in alphabetical order the name of each person to whose credit an unclaimed bank deposit stands, the last address of the depositor appearing on the records of the bank, the identification number, if any, of each account and the amount to the credit of each account.

The person signing such report shall certify that such report is a true and accurate statement of all such unclaimed bank deposits held by the bank, to the best of his knowledge, information and belief after diligent inquiry, and that such report accurately sets forth all other information required under the provisions of this section.
If the bank shall have no such unclaimed bank deposits a written report so stating shall be made to the State Treasurer.

The person signing such report may, in making the report, rely upon information with respect to such unclaimed bank deposits furnished by the officers and employees and records of the bank.

Such report shall, where the bank is a corporation, be signed by its president or a vice-president or treasurer or assistant treasurer or cashier or assistant cashier. If such bank is in voluntary dissolution, the report shall be signed by one or more of its trustees designated by its board of trustees for that purpose. If such bank is in possession of the Commissioner of Banking and Insurance, the report shall be signed by the commissioner or by a deputy commissioner or by a special deputy commissioner appointed by him and in actual charge of the business and affairs of the bank. If a receiver has been appointed for a corporate bank or private banker, the report shall be signed by such receiver. In the case of a private banker, the report shall be signed by such banker.

Provided, however, that any bank which has already included in any report of unclaimed bank deposits required to be filed in duplicate with the State Treasurer under "An act providing for the escheat of unclaimed bank deposits," approved April twentieth, one thousand nine hundred and forty-five (P. L. 1945, c. 199), or any amendment thereof or supplement thereto, the information hereinabove required to be filed with respect to unclaimed bank deposits declared escheated under this act, shall not again make such disclosures but shall file, in the same manner hereinabove specified, a report that such disclosures have already been made to the State Treasurer and shall identify the report in which the same were set forth; provided further, that if any bank in any such report heretofore filed by it has not set forth a complete list of the unclaimed bank deposits required to be disclosed in the report hereinabove.
first provided, such bank shall report as to un­
claimed bank deposits not heretofore disclosed and
shall clearly show such to be the case.

If, between December thirty-first, one thousand
nine hundred and forty-six and the date this act
takes effect, a bank has satisfied itself as to the
existence of a proper claimant or proper claimants
to an unclaimed bank deposit as defined in section
two of this act and has reclassified the same as
a claimed deposit or has paid the amount thereof
to the proper claimant or claimants, the report
hereinabove required to be made by the bank to
the State Treasurer shall, after including the
same as held on December thirty-first, one thou­
sand nine hundred and forty-six, separately iden­
tify the same and shall further set forth full facts
with respect thereto.

The State Treasurer shall cause to be printed
within thirty days after this act takes effect, a
form or forms of report, which shall be identified
by reference to this act by title and chapter number
and by such other markings as in his judgment
will readily distinguish the same from any other
form used in filing reports under any other law
providing for the escheat of unclaimed bank de­
posits, and all reports required to be made by a
bank under the provisions of this act shall be made
on such form or forms.

Any bank which fails to file in duplicate an ap­
propriate and full report with the State Treasurer,
in compliance with the provisions of this section,
shall forfeit to the State the sum of twenty-five
dollars ($25.00) for each day such report shall not
be filed, and if not paid, such penalty shall be sued
for and be recovered by the State Treasurer in an
action at law in the name of the State.

8. Any unclaimed bank deposit defined by sec­
tion two of this act, which has not heretofore been
paid over to the State Treasurer, shall be paid
over to the State Treasurer simultaneously with
the filing of the appropriate report as required to
be filed by the provisions of this act; provided,
however, that if any such report shall show that any such unclaimed bank deposits were paid over to the State Treasurer at any time before the filing of such report, there shall be included in such report an explanation of the payment or payments so made, in such manner that the payment or payments so made shall reconcile with the tenor of such report.

Any bank which fails to pay over to the State Treasurer any unclaimed bank deposit by the latest day the same shall be so payable over under the provisions of this act, shall forfeit to the State the sum of twenty-five dollars ($25.00) for each day such payment shall not be made, and such penalty, if not paid, shall be sued for and be recovered by the State Treasurer in an action at law in the name of the State. For the purpose of this section, in the event a report is filed by a bank which indicates that the same should have been accompanied by a payment, as required by this act, the day on which such report is received by the State Treasurer shall be deemed to be the latest day for such payment without penalty; otherwise thirty days or sixty days, according to the section of this act applicable in the circumstances, shall be the latest day on which payment shall be made without penalty.

9. Immediately upon receipt of such reports the State Treasurer shall deliver one duplicate of each report to the Attorney-General, and the State Treasurer shall cause the other duplicate reports to be permanently bound with an alphabetical index of the depositors with appropriate references to the bound reports. Such bound reports and indices shall be open for public inspection during usual business hours and under such reasonable regulations as the State Treasurer shall prescribe; provided, however, that the State Treasurer may, if he shall find it more convenient to do so, include the duplicate reports to be held by him under this act with those held by him under “An act providing for the escheat of unclaimed bank de-
Bank not liable after payment.

10. Any bank which has paid over, or which shall pay over, to the State Treasurer any unclaimed bank deposit declared escheated under this act, shall be saved harmless from all liability to any claimant having or asserting any right, title or interest in or to the same personally or in any capacity whatsoever; and no action or proceedings of any kind or character for the recovery of the moneys represented thereby, or any part thereof, shall lie against any such bank.

C. 17:9-37. Use of moneys received.

11. All moneys received by the State Treasurer pursuant to the provisions of this act shall be treated, set up in reserve, invested, reinvested and disposed of by the State Treasurer in the same manner, both as to principal and interest, as moneys paid over to him under the provisions of "An act providing for the escheat of unclaimed bank deposits," approved April twentieth, one thousand nine hundred and forty-five (P. L. 1945, c. 199), or any amendment thereof or supplement thereto; and moneys received under this act may be co-ordinately commingled with such other moneys.

C. 17:9-38. Banks to retain files and records.

12. No bank shall destroy or otherwise dispose of any of its records or files pertaining to any unclaimed bank deposit escheated under this act; but all banks shall preserve such records and files, and any of the originals thereof or photostatic copies thereof duly certified by any official of the bank to be true copies, shall be furnished to the State Treasurer whenever he shall make request therefor in writing.

13. Any claimant who or which in any capacity has or asserts any right, title or interest in or to any such moneys escheated under this act, or to any part of any such moneys, may file claim therefor with the State Treasurer who is authorized
to pass upon and determine the claimant's claim; if the State Treasurer shall determine the claimant's proofs of title thereto to be sufficient he shall pay the escheated unclaimed bank deposit or such part thereof to which he may determine the claimant is entitled, without interest, out of the reserve fund, to the claimant, and if the cash balance in the reserve fund is insufficient to make such payment the State Treasurer shall sell such of the investments of the reserve fund as may be necessary to make such payment.

If the State Treasurer determines that the claimant's proofs of title are not sufficient to entitle the claimant to such payment, the claimant may, within sixty days after the date of such determination by the State Treasurer, file a petition in the Court of Chancery setting forth the fact of the escheat of the unclaimed bank deposit and the facts of petitioner's claim thereto or to any part thereof, whereupon an order to show cause shall be made directed to the State Treasurer commanding him to show cause why the petition should not be granted and a copy of said petition and of the order to show cause shall be served upon the State Treasurer and upon the Attorney-General, and it shall be their duty to take such action with respect thereto as they may deem necessary to protect the interests of the State. Upon proof satisfactory to the court of petitioner's claim of title to the escheated unclaimed bank deposit or any part thereof, an order shall be entered establishing petitioner's claim and ordering the State Treasurer to pay to the petitioner the amount specified in such order together with such costs and counsel fees as the court may allow the petitioner, and upon service upon the State Treasurer of a copy of such order certified to be a true copy by the Clerk in Chancery, the State Treasurer shall pay to the petitioner out of the reserve fund the amount or amounts specified in such order.

If the court shall determine that petitioner's proofs of title are not sufficient to establish peti-

CHAPTER 104, LAWS OF 1947

X, plus + or check √ in the square at the left of the names of such candidates not in excess of the number to be elected to the office.

(4) To vote for any person whose name is not printed on this ballot, write or paste the name of such person under the proper title of office in the column designated personal choice and mark a cross X, plus + or check √ in the square to the left of the name so written or pasted.

(5) To vote upon any public question printed on this ballot if in favor thereof, mark a cross X, plus + or check √ in the square at the left of the word "Yes," and if opposed thereto, mark a cross X, plus + or check √ in the square at the left of the word "No."

(6) Do not mark this ballot in any other manner than above provided for and make no erasures. Should this ballot be wrongly marked, defaced, torn or any erasure made thereon or otherwise rendered unfit for use return it and obtain another. In presidential years, the following instructions shall be printed upon the general election ballot:

(7) To vote for all the electors of any party, mark a cross X, plus + or check √ in black ink or black pencil in the square at the left of the surnames of the candidates for president and vice-president for whom you desire to vote.

Below the above-stated instructions and information and, except when compliance with section 19:14-15 of this Title as to State-wide propositions otherwise requires, three inches below the perforated line and parallel to it, there shall be printed a six-point diagram rule extending across the ballot to within not less than a half inch to the right and left edges of the paper.

2. Section 19:14-6 of the Revised Statutes is amended to read as follows:

19:14-6. In each column, immediately below the six-point rule, shall be printed the proper word or
words to designate the column, to be known as the "column designation."

In the columns at the extreme left shall be printed the name of each of the political parties which made nominations at the next preceding primary election, directly under which shall appear the words "to vote for any candidate whose name appears in the column below, mark a cross \(\times\), plus \(\pm\) or check \(\checkmark\) in the square at the left of the name of such candidate. Do not vote for more candidates than are to be elected to any office." Such columns shall be three inches in width.

The column next to the right of such columns shall be designated "personal choice," under which shall appear the words "in the blank column below, under the proper title of office, the voter may write or paste the name of any person for whom he desires to vote, whose name is not printed on this ballot, and shall mark a cross \(\times\), plus \(\pm\) or check \(\checkmark\) in the square at the left of such name. Do not vote for more candidates than are to be elected to any office." There shall also be the same instructions regarding electors of president and vice-president which now appear at the head of all other columns. This column shall be four inches in width.

The remaining column or columns, as the case may be, shall each be designated "Nomination by Petition," under which shall be printed the words "to vote for any candidate whose name appears in the column below mark a \(\times\), plus \(\pm\) or check \(\checkmark\) in the square at the left of the name of such candidate. Do not vote for more candidates than are to be elected to any office." These columns shall be four inches in width.

Below the column designations and accompanying instructions and not more than one and one-half inches below the six-point diagram rule and parallel thereto, shall be printed a six-point diagram rule extending across the entire ballot from one four point rule to the other.
3. Section 19:14-14 of the Revised Statutes is amended to read as follows:

19:14-14. Immediately below the six-point diagram rule to be printed in place of the last two-point hair line rule across the entire ballot, from one four-point rule to the other, shall be printed as near to the center of the ballot as possible the following words: "Public Questions to be voted upon." Below these words and above the first public question, beginning one and one-half inches to the right of the four-point rule at the left of the ballot and extending to not more than one and one-half inches from the four-point rule at the right of the ballot, shall be printed in one line, if possible, the following instructions: "To vote upon the Public Questions printed below, if in favor thereof mark a cross \(\times\), plus \(+\) or check \(\checkmark\) in the square at the left of the word 'Yes,' and if opposed thereto, mark a cross \(\times\), plus \(+\) or check \(\checkmark\) in the square at the left of the word 'No,' " underscored with a two-point diagram rule. Below and flush with the left end of said two-point diagram rule shall be printed two separate squares; one under the other, three-eighths of an inch in size formed by two-point diagram rules. Immediately to the right of the upper square shall be printed the word "Yes," and immediately to the right of the lower square shall be printed the word "No." To the right of the words "Yes" and "No" shall be printed a bracket embracing these words and to the right of the bracket shall be printed across the ballot, to not nearer than one and one-half inches from the four-point diagram rule at the right of the ballot, each public question to be voted upon except as provided by section 19:14-15 of this Title as to state-wide propositions to be printed elsewhere on the ballot. Below each such public question shall be printed two-point diagram rule beginning one and one-half inches to the right of the four-point rule at the left of the ballot and extending to not nearer than one and one-half inches from the four-point rule at the right of the ballot. In place of the last two-point
diagram rule there shall be printed a four-point diagram rule extending across the entire ballot not less than a half inch from the lower edge of the paper and terminating at the lower ends of the four-point diagram rules at either side of the ballot.

4. Section 19:15-27 of the Revised Statutes is amended to read as follows:

19:15-27. To vote for any candidates whose names are printed in any column, the voter shall mark a cross ×, plus + or check √ in black ink or black lead pencil in the square at the left of the name of each candidate in any column for whom he desires to vote to the number to be elected for each office.

To vote upon the public questions printed on the ballot the voter shall indicate his choice by marking a cross ×, plus + or check √ in black ink or black lead pencil in the square at the left of either the word "Yes" or "No" of each public question.

5. Section 19:15-28 of the Revised Statutes is amended to read as follows:

19:15-28. Nothing in this Title shall prevent any voter from writing or pasting under the proper title of office in the column designated personal choice the name or names of any person or persons for whom he desires to vote whose name or names are not printed upon the ballot for the same office or offices, and who shall mark a cross ×, plus + or check √ in the square at the left of such name or names. Such writing shall be in black ink or black lead pencil. All pasters shall be printed with black ink on white paper.

6. Section 19:16-3 of the Revised Statutes is amended to read as follows:

19:16-3. In canvassing the ballots the district board shall count the votes as follows:

a. If proper marks are made in the squares to the left of the names of any candidates in any column and the total number voted for, for each office, does not exceed the number of candidates
to be elected to each office, a vote shall be counted for each candidate so marked.

b. If proper marks are made in the squares to the left of any names of any candidates in any column and in addition thereto, proper marks are made to the right of said names, a vote shall be counted for each candidate so marked; but if the district board canvassing the ballots or the county board, justice of the Supreme Court or other judge or officer conducting a recount thereof, shall be satisfied that the placing of such marks to the left and right of the names was intended to identify or distinguish the ballot, then the ballot shall not be counted and shall be declared null and void.

c. If no marks are made in the squares to the left of the names of any candidates in any column, but are made to the right of said names, a vote shall not be counted for the candidates so marked, but shall be counted for such other candidates as are properly marked; but if the district board canvassing the ballot or the county board, justice of the Supreme Court or other judge or officer conducting a recount thereof, shall be satisfied that the placing of the marks to the right of the names was intended to identify or distinguish the ballot, the ballot shall be declared null and void.

d. Where the name of any person is written or pasted in the column designated personal choice, and a cross X, plus + or check √ appears in the square to the left of name, it shall be counted as a vote for such person.

e. In the case of any public question printed on the ballot where a proper mark is made in the square to the left of the word “Yes,” it shall be counted as a vote in favor of such public question. If a proper mark is made in the square to the left of the word “No,” it shall be counted as a vote against same. If no mark is made in the square to the left of either the word “Yes” or “No” it shall not be counted as a vote either in favor of or against said public question. If a mark is made in each of the squares to the left of both the words
"Yes" and "No" it shall not be counted either as a vote in favor of or against the public question nor shall it invalidate the ballot.

f. CHAPTER 104, LAWS OF 1947

No ballot which shall have, either on its face or back, any mark, sign, erasure, designation or device whatsoever, other than is permitted by this Title, by which such ballot can be distinguished from another ballot, shall be declared null and void, unless the district board canvassing such ballots, or the county board, justice of the Supreme Court or other judge or officer conducting the recount thereof, shall be satisfied that the placing of the mark, sign, erasure, designation or device upon the ballot was intended to identify or distinguish the ballot.

No ballot shall be declared invalid by reason of the fact that the mark made with ink or the mark made with lead pencil appears other than black.

No ballot cast for any candidate shall be invalid by reason of the fact that the name of such candidate may be misprinted, or his Christian name or his initials may be omitted.

No ballot cast for any candidate shall be invalid by reason of the use of any paste permitted by this Title on which the title of office may be printed or the name of such candidate may be misprinted or part of his Christian or surname or initials may be omitted, or because the voter in writing the name of such candidate may misspell the same or omit part of his Christian name or surname or initials.

Below the perforated line shall be printed the words "Official Democratic Party Primary Ballot," or "Official Republican Party Primary Ballot," or, as the case may be, naming the proper political party, as provided in this Title; below which and extending across the ballot in one or more lines, as may be necessary, shall be printed the words

"................. name of municipality .......
ward ........ election district .............
date of election ................. John Doe,
municipal clerk; the blank spaces shall be filled in with the name of the proper municipality, the ward and the district number and the date of election. The name of the municipal clerk shall be a facsimile of his signature. This heading shall be set apart from the body of the ballot by a heavy diagram rule. Below this rule shall be printed the following directions instructing the voter how to indicate his choice for each office and position, and for how many persons to vote for each office and position: To vote for any person whose name is printed upon this ballot mark a cross $\times$, plus $\pm$ or check $\checkmark$ with black ink or black lead pencil in the square at the left of the name of such person. To vote for any person whose name is not printed upon this ballot write or paste the name in the blank space under the proper title of office and mark a cross $\times$, plus $\pm$ or check $\checkmark$ with black ink or black lead pencil in the square at the left of the name of such person. Below these instructions shall be printed a heavy diagram rule below which shall be printed the titles of offices and positions for which candidates are to be voted for at the primary election, together with such directions to the voter as may be necessary, as "Vote for one," "Vote for two," or a greater number, as the case may be. Underneath the proper title of office and position shall be printed the names of all those persons certified as candidates for the offices to the municipal
clerk by the county clerk as hereinbefore provided, and the names of persons indorsed as such candidates in petitions on file in the office of the municipal clerk as they appear signed to the certificate of acceptance. The name of any person indorsed in a petition as provided who shall fail to certify his consent and agreement to be a candidate for nomination to the office specified therein shall not be printed upon the ballots to be used at the primary election. In the case of a vacancy among nominees the name of the person selected in the manner provided in this Title to fill same shall be printed upon the ballots in the place of the person vacating such nomination. The candidates shall be arranged in groups and the groups bracketed in all cases where the petitions indorsing such candidates request such grouping. The designation named by candidates in their petitions for nomination, as provided by this Title shall be printed to the right of the names of such candidates or groups of candidates in as large type as the space will allow. Immediately to the left and on the same line with the name of each candidate for office and position shall be printed a square approximately one-quarter of an inch in size, or by printing vertical single line rules connecting the single line rules between the names of the candidates and thus form a square in which the voter shall indicate his choice. A single light-faced rule shall be used to separate the different names in each group of candidates. A heavy diagram rule shall be used between each group of candidates for different offices. Where candidates are arranged in groups and the groups bracketed, the groups shall be separated from other groups and candidates by two single line rules approximately one-eighth of an inch apart.

Each primary ballot shall contain, at the end of the list of candidates for each different office, blank squares and spaces or lines equal to the number of persons to be elected to the office, for the purpose of allowing any voter to write or paste the name
of any person for whom he desires to vote for any office or party position.

Reserve for uncollected taxes. 1. There shall be included in every budget or tax ordinance of such municipality an appropriation under the caption "reserve for uncollected taxes," sufficient in amount so that the anticipated cash receipts for the fiscal year for which such budget or tax ordinance is adopted (hereinafter referred to as the "current fiscal year"), estimated and computed in accordance with subsection (2) of this section, shall equal or exceed the sum of (a) the amounts of all appropriations included in such budget or tax ordinance (except such appropriation under the caption, "reserve for uncollected taxes"); (b) the amounts due or to become due for school, county, state and local district taxes prior to the end of the current fiscal year; (c) the amounts required for the payment of principal and interest during the current fiscal year upon any indebtedness incurred for the creation of any municipal enterprise or utility and of the operating and upkeep cost of such municipal enterprise or utility during such current fiscal year; (d) the amounts required for the payment of principal and interest during the current fiscal year on bonds payable or to be payable in whole or in part out of special assessments on property specially benefited and (e) the amounts of any other anticipated current expenditures of the municipality for current fiscal year, each of the items of which sum is hereinafter for brevity referred to as "lawful yearly expenditure." In the event that any lawful yearly expenditure shall be included under any one of the above subdivisions "a," "b," "c," "d" and "e," then it shall not be necessary to include such lawful yearly expenditure under any other of said subdivisions. In the event that the liability and actual cash disbursements of the municipality in the current fiscal year for lawful yearly expenditures shall exceed the actual cash receipts in such current fiscal year applicable to such lawful yearly expenditures, there shall be included in the budget or tax ordinance of the municipality adopted in or for the following fiscal year, an appropriation under the caption "cash deficit of preceding year" in an amount equal to or exceeding the amount of such excess of liability and cash disbursements over cash receipts.

In estimating the cash receipts for the current fiscal year for the purpose of determining the amount of the appropriation under the caption "reserve for uncollected taxes" to be included in the budget or tax ordinance of the municipality, the receipt shall not be anticipated of any sum or sums of money which will not be applicable to any lawful yearly expenditure for the current fiscal year or which the governing body does not by resolution declare will be received in cash in full prior to the expiration of the current fiscal year, or in any event of any sum or sums of money other than or in excess of the following:

a. Surplus revenue, not in excess of the amount thereof appropriated or to be appropriated in such budget or tax ordinance and applicable to any lawful yearly expenditure

Any sum or sums of money, applicable to any lawful yearly expenditure for the current fiscal year, certified by an officer, board, agency, or commission of the State as receivable in cash by or for the account of the municipality during the current fiscal year under existing legislation, from such officer, board, agency, or commission, or from the State through such officer, board, agency, or commission, free from any set-off or counterclaim;

c. Miscellaneous revenues anticipated in such budget or tax ordinance, applicable to any lawful yearly expenditure for the current fiscal year, not in any instance or as to any item in an amount in excess of the amount of such miscellaneous revenues collected in cash during the next preceding fiscal year;

d. e. Collections of a proportion of the delinquent taxes unpaid and owing to the municipality or the collector of the taxing district on the first day of the current fiscal year, not in excess of the proportion of the delinquent taxes unpaid and owing to the municipality or the collector of the taxing district on the first day of the next preceding fiscal year and not subsequently abated, remitted or canceled, which was collected or realized in cash during such preceding fiscal year, to the extent only, however, that such collections during the cur-
rent fiscal year will not be required by statute to be set aside and applied to the retirement of tax revenue notes or bonds or tax title notes or bonds;

g. Collection of a proportion of special assessments on property specially benefited finally confirmed at the time of the adoption of such budget or tax ordinance and payable during the current fiscal year and applicable to any lawful yearly expenditure for the current fiscal year, not in excess of the proportion of similar special assessments on property specially benefited, payable during the next preceding fiscal year which was collected in cash during such preceding fiscal year;

h. Any other or additional sums reasonably anticipated as receivable in cash during the current fiscal year from the above or other sources; provided, however, that approval thereof and consent thereto by the Director of the Division of Local Government in the State Department of Taxation and Finance be first had and obtained as hereinafter provided.

3. No budget or tax ordinance shall be adopted by the governing body of the municipality unless a copy of such budget or tax ordinance has been submitted to the Director of the Division of Local Government in the State Department of Taxation and Finance and the said director has certified upon such copy that such budget or tax ordinance complies with all the requirements of this article. Before making any such certificate, the said director is hereby empowered and directed to examine into and approve the appropriations required by this article to be included in such budget or tax ordinance, under the caption "reserve for uncollected taxes" and "cash deficit of preceding year" and any estimates, computations or calculations made in connection therewith, and to require the production of any or all such papers, documents, witnesses and information and make such audits and such other investigation and do all such other acts and things as he may deem advisable, and he is hereby empowered and directed to include such appropriations calculated in pursuance of this article in any such budget or tax ordinance or in any tax levy in the municipality. Any budget or tax ordinance may be finally adopted by the governing body of a municipality at any time within ten days after the said director shall have made the certificate with respect thereto provided for by this section, whether or not the time for the final adoption thereof prescribed by any other law shall have passed. Any expenditure by the said director incurred in making any such audit, examination or investigation shall be charged to and recovered from the municipality and may be included by him in the budget or tax ordinance so examined and investigated or in any tax levy in such municipality. The provisions of subsections (1) and (2) of this section shall constitute and be deemed a
contract between the holders of any refunding bonds issued under an ordinance in which it shall have been determined that such bonds shall be issued pursuant to this section and the municipality which shall have issued the same, and shall be enforceable by mandamus or other appropriate action, suit or proceeding at law or in equity instituted by any such holder on behalf of all the other holders thereof, or by the owner of any property subject to taxation in such municipality; provided, however, that such provisions and any contract or contracts constituted thereby shall in any event be subject to repeal, alteration, abrogation or amendment at the will of the Legislature at the expiration of ten years from the date of any bonds issued pursuant to this section.

Such statement shall be known as the annual debt statement. All such debt statements shall be under oath and shall be a public record open to public inspection. The said director shall prescribe in such detail as he may deem advisable the form of annual debt statement required by this article.

8. Section 40:1–83 of the Revised Statutes is amended to read as follows:

CHAPTER 111

An Act to amend "An act concerning county and municipal finances, and supplementing chapter one of Title 40 of the Revised Statutes," approved April twenty-fourth, one thousand nine hundred and forty-five (P. L. 1945, c. 220).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section one of the act of which this act is amendatory is amended to read as follows:

1. If the governing body of any county or municipality proposing to issue bonds under the authority of chapter one of Title 40 of the Revised Statutes believes that the application to such bonds of the limits on maturities or amounts of annual installments or both as set forth in section 40:1-25 of said Title will adversely affect the financial position of such county or municipality, it may make application in writing to the local government board of the Division of Local Government in the State Department of Taxation and Finance setting forth such belief and the reasons therefor and containing a schedule of proposed maturities or amounts of annual installments or of both which are desired. If the said local government board finds such belief to be well founded, it may, by order, fix the maturities or the amounts of annual installments or both as desired by the applicant, or it may, by order, fix any other maturities or amounts
of annual installments or both as, in its opinion, the circumstances warrant. If such proposed bonds are issued, the maturities and amounts of annual installments fixed by order of the said local government board, and not those contained in section 40:1-25 of said Title, shall apply to such bond issue.

2. This act shall take effect July first, one thousand nine hundred and forty-seven. Approved May 7, 1947.

CHAPTER 112

An Act to amend "An act relative to the purchase and retirement of bonds, notes or other obligations by counties and municipalities and the transfer of unappropriated funds to the sinking funds of such counties and municipalities, and supplementing article one of chapter one of Title 40 of the Revised Statutes,," approved December twenty-first, one thousand nine hundred and forty (P. L. 1940, c. 240), as said title was amended by chapter one hundred thirty-seven of the laws of one thousand nine hundred and forty-four.

   1. Article one of chapter one of Title 40 of the Revised Statutes is hereby supplemented by adding thereto a new section to read as follows:

      (1) Any county or any municipality, by resolution adopted by vote of at least two-thirds of the members of its governing body, may at any time appropriate and apply any unappropriated funds
to the purchase and retirement of any of its then outstanding bonds, notes or other obligations. The purchase price may be the face value, or may be below or above the face value, of such bonds, notes or other obligations. Any such proposed purchase shall be subject to the following provisions:

(a) Before adoption of the resolution, the governing body shall cause satisfactory proof to be filed with the Director of the Division of Local Government in the State Department of Taxation and Finance that such funds then are, or within a reasonable time will be, available.

(b) Before contracting to purchase any bonds, notes or other obligations at a price above their face value, the governing body shall submit such resolution to the said director for approval by the local government board of the Division of Local Government in the State Department of Taxation and Finance. Before taking definite action, the said local government board may require the submission of additional information and may require that the governing body of the county or municipality shall call for public tenders of bonds, notes or other obligations on such notice and subject to such rules as the board may prescribe. On receipt of such tenders, the governing body shall report them to the said local government board together with a further proposed resolution for approval by that board.

In approving or disapproving any proposed purchase of bonds, notes or other obligations, the said local government board shall find and determine that such appropriation of available funds is in the interest of the county or municipality, having regard for (1) the prospective need of funds for other purposes, (2) reasonableness of the price proposed to be paid, (3) any saving of interest to result from retirement of the bonds, notes or other
obligations at the price proposed to be paid, (4) the equality and reasonableness of the debt service on obligations which will remain outstanding, and (5) fairness to the holders of other obligations.

After purchase of any bonds, notes or other obligations, satisfactory proof of cancellation of the bonds, notes or other obligations and of any coupons thereto annexed shall forthwith be filed with the Director of the Division of Local Government in the State Department of Taxation and Finance by the chief financial officer of the county or municipality.

Any county or municipality, by resolution adopted by the vote of at least two-thirds of the members of its governing body, may at any time appropriate to and pay into any sinking fund maintained by such county or municipality, any unappropriated funds; provided, a certified copy of such resolution shall be submitted to the local government board and the local government board, by resolution, shall determine that it is satisfied by proof submitted to it that such funds then are, or within a reasonable time will be, available, and shall consent to such appropriation.

2. This act shall take effect July first, one thousand nine hundred and forty-seven.

Approved May 7, 1947.

The time fixed for the hearing shall be not less than eighteen days after the approval of the budget. 3. Section 40:2-8 of the Revised Statutes is amended to read as follows:

4. Section 40:2-9 of the Revised Statutes is amended to read as follows:

40:2-9. Unless the director shall give his prior written consent thereto, no amendment of the approved budget as certified by the director pursuant to section 40:2-53 of this Title shall be made which omits or decreases any appropriation or inserts or increases any statement or estimate of anticipated revenues (except the amount to be raised by taxation) which is required by section 40:2-52 of this Title to be examined by the director.

5. Section 40:2-10 of the Revised Statutes is amended to read as follows:

40:2-10. A county budget shall be adopted not later than the fifty-fifth day after the beginning of the budget year. A municipal budget shall be adopted not later than the seventieth day after the beginning of the budget year. No budget may be adopted, however, unless the director shall have certified his approval thereof and returned the same within the period hereinabove provided. The budget may be adopted at any time within ten days after the director shall have certified his approval thereof and returned the same. Within three days after its adoption, two certified copies of the budget as adopted shall be filed in the office of the director.

6. Section 40:2-14 of the Revised Statutes is amended to read as follows:

40:2-14. For the information of taxpayers, at the head of the budget as published there shall appear in bold-face type a statement setting forth separately in parallel columns the amount of the tax levy for State, county, school and local purposes in the case of a municipal budget, and for county purposes in the case of a county budget, in the two fiscal years next preceding the budget year, together with the amount (actual or estimated, as
the case may be) to be raised by taxation for such purposes in such budget year. There shall be likewise set forth in such statement the amount of any State aid received and to be received in such years and the amount by which such county or municipality has benefited and will benefit by taxes to be raised by the State from sources other than the general property tax under the provisions of any legislation which is now in force or may hereafter be enacted. Not later than two weeks after the final adoption of the budget, the items in such statement which were estimates shall be corrected in so far as the actual amounts shall be known and such statement as so corrected shall be separately published at least once in at least one newspaper circulating in the municipality or county, as the case may be. Such statement shall be in such form and any estimates therein contained shall be made in accordance with such rules and regulations as the director may prescribe.

7. Section 40:2-16 of the Revised Statutes is amended to read as follows:

40:2-16. As used in this chapter:

"Surplus revenue" shall include:

a. The unexpended balances of the budget appropriations of the previous year in excess of obligations incurred during the said fiscal year therefor, which are properly chargeable thereto; except that, if no other means have been provided therefor, there shall be first deducted from the aggregate of such unexpended balances the amount involved in the adjustment of the duplicate and of taxes which shall have been cancelled or remitted during such fiscal year or charged off as uncollectible.

b. The receipts from miscellaneous revenues during any fiscal year which are in excess of the aggregate amount of the classified miscellaneous revenues as stated in the budget of such year.
c. The revenues coming into the general treasury from time to time from any and all sources, applicable to the lawful expenditures for the fiscal year of the municipality or county, as the case may be, which are not included in any of the several items of anticipated revenues as stated in the budget of such year.

Unless the director shall give his prior written consent thereto, the amount of any item of "surplus revenue appropriated" included in any budget shall not exceed the amount of surplus revenue held in cash at the beginning of the budget year, less all outstanding commitments or obligations against such cash.

8. Section 40:2-17 of the Revised Statutes is amended to read as follows:

40:2-17. "Miscellaneous revenues" shall include such amounts as may reasonably be expected to be realized in cash during the budget year from known and regular sources, or from sources reasonably capable of anticipation, and lawfully applicable to the appropriations made in the budget, other than dedicated revenues, revenues from taxes to be levied to support the budget, receipts from delinquent taxes, and surplus revenue. Miscellaneous revenues shall include such amounts as may reasonably be expected to be realized in cash during the budget year from the tax on Class II railroad property and from the municipality's share of the railroad franchise taxes. Miscellaneous revenues stated in the budget shall be classified according to their respective sources. A municipality may anticipate as a miscellaneous revenue the total amount of all payments due and payable to the municipality during the budget year directly or indirectly as a result of the sale of property by the municipality, when the obligation to make such payment is entered into before the fortieth day of the budget year but no miscellaneous revenues from any other source shall be included
as an anticipated revenue in the budget in an amount in excess of the amount actually realized in cash from the same source during the next preceding fiscal year, unless the director shall determine upon application by the governing body that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the budget year and shall certify such determination in writing to the county or municipality, as the case may be.

9. Section 40:2-18 of the Revised Statutes is amended to read as follows:

40:2-18. "Dedicated revenues" shall include all amounts reasonably expected to be realized in cash during the budget year from any source other than the issuance of bonds or notes and required by law to be applied to a specific purpose. Dedicated revenues stated in the budget shall be classified according to their respective sources and shall be stated in a separate section of the budget together with the appropriations to the purposes to which such dedicated revenues are applicable. In the event such appropriations include payments to be made for the principal of or interest on bonds or notes, the amount required for such purpose shall be separately stated. Any anticipated deficit in expenditures to which dedicated revenues are applicable shall be provided for by an appropriation in the budget. Such revenues, when derived from the collection of special assessments on property specially benefited, shall not be stated in the budget in an amount which is in excess of the amount of the appropriation in such budget to the purposes to which such revenues are applicable or in excess of the amount of the revenues so derived which is held in cash at the beginning of the fiscal year; provided, however, nothing herein contained shall prevent a municipality from paying in full or on account at maturity any note or notes to which such revenues are applicable. Such revenues, when derived from any other source, including publicly owned or operated utilities or enterprises, shall
not be stated in the budget in an amount which is in excess of the amount of the appropriations in such budget to the purposes to which such revenues are applicable or in excess of the amount actually realized in cash from the same source during the next preceding fiscal year, unless the director shall determine upon application by the governing body that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the budget year and shall certify such determination in writing to the county or municipality, as the case may be.

10. Section 40:2-22 of the Revised Statutes is amended to read as follows:

40:2-22. A county or municipality shall be upon a full cash basis when all obligations and disbursements representing lawful expenditures under a budget for the current fiscal year, together with all current obligations and deficits remaining unpaid from all preceding fiscal years are paid or provided for in full from cash reserves and revenues actually collected during such current fiscal year.

11. Section 40:2-31 of the Revised Statutes is amended to read as follows:

40:2-31. A county or municipality may, in accordance with this section, make emergency appropriations after the adoption of a budget for a fiscal year for a purpose which was not foreseen at the time of the adoption of the budget or for which adequate provision was not made in the budget. Such an appropriation shall be made only to meet a pressing need for public expenditure, to protect or promote the public health, safety, morals or welfare or to provide for temporary housing or relief of the poor prior to the ensuing budget year. An emergency appropriation shall be made only in accordance with subdivisions (1) or (2) of this section, as the case may be. The total amount of all emergency appropriations shall be provided in full by the local governing body as a deferred
charge in the budget of the next succeeding fiscal year.

(1) An emergency appropriation other than an appropriation to provide for relief of the poor which together with all prior emergency appropriations other than appropriations for relief of the poor made during the same year, does not exceed three per centum (3%) of the total of current operating appropriations made in the budget adopted for that year or an emergency appropriation for the relief of the poor shall be made as follows: The governing body shall, by resolution adopted by two-thirds vote of all the members, declare that an emergency exists requiring a supplementary appropriation. The resolution shall be in the form and content prescribed by the Board, and shall set out the nature of the emergency in full. A copy of the resolution shall be filed forthwith with the director.

(2) An emergency appropriation other than an appropriation for the relief of the poor which together with all prior emergency appropriations other than appropriations for relief of the poor made during the same year exceeds three per centum (3%) of the total current operating appropriations in the budget for that year shall be made as follows: The governing body shall, by resolution adopted by two-thirds vote of all members, petition the commissioner for permission to exceed the limitation of three per centum (3%). The petition shall be in the form and content prescribed by the Board, and shall set out the nature of the emergency in full. The director shall consider the petition and, if requested by local taxpayers or by the local governing body, hold a hearing. The director shall, within five days after receipt of the petition, or if a hearing is held, after the hearing, determine whether an emergency exists which requires an excess appropriation, and the amount of expenditure reasonably required. If the director approves an excess appropriation he shall fix the maximum amount for the emergency
appropriation. The governing body shall not exceed the maximum amount fixed by the director. Any county or municipality may borrow money and issue its negotiable notes to meet any such emergency appropriation. Each such note shall be authorized by resolution of the governing body, shall be designated an "emergency note," and may be renewed from time to time, but all such notes and any renewals thereof shall mature not later than the last day of the fiscal year next succeeding the fiscal year in which the emergency appropriation was made to meet which such notes were issued. The provisions of sections 40:2-40 and 40:2-41 and 40:2-43 to 40:2-46 of this Title shall apply to such notes as fully as though such notes were mentioned therein.

For the purposes of this section, an affidavit of a financial officer of the county or municipality shall be a conclusive determination of the total amount of any such emergency appropriations made in any fiscal year and of the amount of all budget appropriations for such year. If any resolution providing for the issuance of notes to meet any such emergency appropriation shall recite or determine that such appropriation was required to meet a pressing need for public expenditure to protect or promote the public health, safety, morals or welfare or to provide for temporary housing or relief of the poor, such recital or determination shall be deemed to be true for the purpose of determining the validity of such notes and the county or municipality issuing such notes and all others interested shall forever thereafter be estopped from denying the same.

12. Section 40:2-52 of the Revised Statutes is amended to read as follows:

40:2-52. The director shall examine the budget as filed in his office pursuant to section 40:2-7 of this Title with reference to all estimates of revenue and to the following appropriations:

a. Payment of interest and debt redemption charges,
b. Deferred charges and statutory expenditures,
c. Payment of floating debt,
d. Reserve for uncollectible taxes,
e. Cash deficit of preceding year,
f. Reserve for uncollected taxes,
g. Other reserves and nondisbursement items.

The director shall also examine the budget for detail and accuracy of itemization and for compliance as to form, arrangement and content with the provisions of this chapter and the regulations of the Board.

13. Section 40:2-53 of the Revised Statutes is amended to read as follows:

40:2–53. The director shall determine upon the basis of information and data available whether:

a. All estimates of revenue are reasonable, accurate, correctly stated and in accordance with the provisions of this chapter and the regulations of the board.
b. Specific items of appropriations enumerated in section 40:2–52 comply with the requirements of this chapter and the regulations of the board.
c. Items of appropriation are fully and correctly stated.
d. In itemization, form, arrangement and content, the budget will permit the exercise of the comptroller function within the municipality or county.
e. In all other respects the budget complies with the requirements of law and the regulations of the board.

The director shall approve the budget if he finds that all requirements of law and of the regulations of the board have been met. The director shall refuse to approve the budget if the requirements of law or of the regulations of the board have not
The director in refusing to approve a budget shall not substitute his discretion with respect to the amount of an appropriation where such amount is not made mandatory because of the requirements of law.

The director shall certify the result of his determination to the governing body immediately. If the budget is not approved, a full statement of reasons with instructions for correction of the budget shall be transmitted with notice of refusal to approve. A governing body shall not finally adopt a budget until a certification of approval by the director has been received. If the budget is not approved, the certification of the director shall be published at least once in a newspaper of general circulation within the municipality. Cost of publication shall be paid by the county or municipality as the case may be.

A governing body shall amend a disapproved budget in accordance with the instructions of the director except that the governing body may petition the Board for a hearing upon the budget. If a petition for hearing is filed with the Board, the director shall postpone the time for final adoption of the budget as required by section 40:2-10 to permit a reasonable opportunity for hearing and re-determination in accordance with this section.

If an aggrieved party applies for judicial review of a final determination made by the Board, the local governing body shall, nevertheless, adopt the budget in accordance with the Board’s determination, subject to such subsequent adjustment as may be consonant with the court’s decision.

If the final decision of the court is adverse to the Board’s determination, the director shall, forthwith, by written order, authorize the immediate amendment of the budget by resolution of the local governing body, in accordance with the court’s decision.
14. Section 40:2-55 of the Revised Statutes is amended to read as follows:

40:2-55. For the purposes of this chapter the director may hold hearings and make such investigations as may be appropriate to the exercise of his powers, in accordance with law.

A final order of the director shall be binding upon the governing body and shall be complied with. The director may apply for compulsory process to enforce an order in accordance with law.

If a governing body fails or refuses to comply with a final order of the director, the members of a governing body who willfully fail or refuse to comply shall each be subject to a personal penalty of twenty-five dollars ($25.00) for each day after the date fixed for final action, that failure or refusal to comply continues. The amount of the penalty may be recovered by the director in the name of the State as a personal debt of the member of the governing body, and shall be paid, upon receipt, into the State treasury.

15. Sections 40:2-23, 40:2-47 and 40:2-54 of the Revised Statutes are repealed.

16. This act shall take effect July first, one thousand nine hundred and forty-seven.

Approved May 7, 1947.

The governing body of each municipality and each county shall prepare, approve and adopt a budget for the expenditure of public funds for capital purposes to give effect to general improvement programs. A capital budget shall be a plan for the expenditure of public funds for capital purposes, showing as income the revenues, special assessments, borrowings, receipts from the sale of capital assets, free surpluses, and down payment appropriations to be applied to the cost of a capital project or projects, expenses of issuance of obligations, engineering, supervision, contracts and any other related expenditures.

The budget shall be prepared in accordance with the regulations of and in the form and arrangement and detail prescribed by the Local Government Board of the Division of Local Government in the State Department of Taxation and Finance. After promulgation of regulations by the Board, the governing body shall expend or incur obligations for capital purposes only after the adoption of a capital budget, and in accordance with such budget except for the preliminary expense of plans, specifications and estimates.
The Board shall adopt, and from time to time, may amend, reasonable rules and regulations for capital budgets. Regulations may classify the type of budget required, according to size of municipality or county, nature of capital projects or any other reasonable basis of distinction, and shall require a statement of capital undertakings under way or projected over the next ensuing three years as a general improvement program. Regulations shall be uniform within the classifications established. The Board may require different capital budgets to give effect to a general improvement program as follows:

a. A special capital budget for the expenditure of funds realized from the sale of obligations and adopted at the time such sale is authorized.

b. A separate capital budget adopted at the same time and as part of the annual budget.

c. A consolidated capital budget providing for the consolidation of capital projects, with the annual budget treating borrowed funds and other receipt as special revenue and capital projects as separately itemized appropriations under the proper office, department, institutions or other agency of the municipality or county, as the case may be.

d. Any other type or form of budget adapted to planning and guiding expenditures for capital improvement programs.

The Board shall also adopt reasonable regulations for capital budgets for projects supported from funds borrowed in successive installments as the work proceeds. A capital budget need not be limited in duration to a single fiscal year, but may continue for the life of the project. The Board shall adopt reasonable regulations for the amendment of capital budgets and for the transfer of amounts among the several items of appropriation in the capital budget.
CHAPTER 117

AN ACT concerning the Division of Local Government in the State Department of Taxation and Finance, and amending sections 40:3-3, 40:3-9, 40:3-17, 40:3-20, 40:3-23, 40:3-24, 40:4-4, 40:4-8, 40:4-9, 40:4-12, 40:4-13, 40:4-14, 40:4-15, 40:5-8, 40:5-9, 40:5-12, 40:5-13 and 40:48-12 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 40:3-3 of the Revised Statutes is amended to read as follows:

40:3-3. In the event of the failure of the Director of the Division of Local Government in the State Department of Taxation and Finance to certify the requirements or other matters required by this chapter to be certified by him, the sinking fund commission shall itself determine such requirements and other matters.

2. Section 40:3-9 of the Revised Statutes is amended to read as follows:

40:3-9. The sinking fund commissioners shall have sole custody and control of all sinking fund moneys, securities, books, papers and records appertaining thereto. They shall deposit all moneys which shall come into their hands in a depository or depositories selected by them. They shall invest, reinvest and keep invested all moneys coming into their hands in the securities or forms of investment authorized by this chapter and in none other. They may sell or convert into cash such
investments or property as may be necessary from time to time to provide funds from which to pay bonds of the municipality, county or school district, upon maturity, or sell such securities or forms of investment for the purpose of protecting the sinking fund from loss or for bettering the investment.

The commission shall keep accurate and detailed books of account covering all moneys coming into its custody, and the investment, return on investment, increase or loss thereof and the expenditure thereof, in accordance with the requirements of this chapter, make the reports and certificates as and when required, and permit access to and inspection of its accounts and records, at all reasonable hours, by any person duly authorized by the governing body of the municipality, county, school district or the Director of the Division of Local Government in the State Department of Taxation and Finance, or his agents or any interested citizen taxpayer.

3. Section 43:3-17 of the Revised Statutes is amended to read as follows:

40:3-17. The sinking fund commission of a municipality, county or school district (where a sinking fund commission exists only for such school district) shall calculate the annual requirements of the sinking fund for all term bonds for the ensuing fiscal year, in accordance with the provisions of section 40:3-16 of this Title, and on or before November first next before the final date fixed for the adoption of the budget for the fiscal year of the municipality or county, and on or before December first next before the annual school meeting for school districts as to bonds issued by such districts, shall submit such calculation of the sinking fund requirements for the fiscal year for which the budget shall apply, to the governing body of the municipality or county or the board of education of the school district, as the case may be, and to the Director of the Division of Local Government in the State Department of Taxation and Finance.
The said director shall correct and audit such calculations, and on or before December first next before the date fixed for the adoption of the budget as to requirements for municipal or county bonds, and on or before February first next before the meeting at which school appropriations are voted for such school districts as to requirements for bonds of school districts, shall issue a certificate of the sinking fund requirements for such year to the sinking fund commission, and shall transmit a copy of such certificate to the governing body of the municipality, county or the board of education of the school district, as the case may be, and the amount as certified by the said director shall be the official determination of the sinking fund requirements for such fiscal year, which shall be included in the annual budget and tax ordinance of the municipality, or the annual budget or tax resolution of the county, and the appropriations of school districts, and shall be assessed, levied and collected as required by law.

The required amount as certified shall be turned over to the sinking fund commission for the municipality, county or school district, as the case may be, on or before December thirty-first of the year for which such budget shall apply. The sinking fund commission shall, on or before January fifth following, transmit to the said director a certificate as to the receipt or nonreceipt by it of the sinking fund requirements previously certified, but the failure on the part of any sinking fund commission or the said director to issue a certificate of the amount of sinking fund requirements for any year shall in nowise relieve the governing body of any municipality or county, or the board of education of any school district, of their obligation to make provisions for the proper sinking fund requirements for the year in their appropriations for municipal, county or school purposes, as the case may be.

Should such appropriations not be included in the budget, as adopted, they shall, nevertheless, be
included in the tax ordinance or resolution, as the
case may be, but in no case shall the district clerk
and the county board of taxation be relieved from
their duty to determine that such requirements
have been provided for in the case of bonds issued
by school districts.

4. Section 40:3-20 of the Revised Statutes is
amended to read as follows:

40:3-20. If upon any tabulation heretofore made
of outstanding term bonds and the calculation to
determine whether the sinking fund for each issue
is equal to the amortization basis set forth in
section 40:3-16 of this Title, or upon any subsequent
labulation and calculation ordered by the
Director of the Division of Local Government in
the State Department of Taxation and Finance,
the sinking fund for any issue of term bonds of
any municipality, county or school district shall
be found to be in excess of the proper amortization
basis, and any other sinking fund shall be found
to be deficient, such excess shall be transferred and
credited to the deficient sinking funds.

Where a distribution of surpluses is made,
it must be first made to the sinking funds for
bonds within the classification as defined in section
40:3-12 of this Title, and then to the sinking funds
for other bonds in the order of their maturities.

Should there be a surplus in the sinking fund
after the distribution herein directed, the same
may be transferred to a surplus account, and the
principal thereof shall be distributed only as pro-
vided in sections 40:3-13 and 40:3-24 of this Title.

5. Section 40:3-23 of the Revised Statutes is
amended to read as follows:

40:3-23. The special sinking fund shall be held
intact, as such, until it shall have accumulated an
amount sufficient to create or equalize the sinking
fund for each issue of term bonds in accordance
with the standard as defined in section 40:3-16 of
this Title. Then the special sinking fund shall be
distributed to the several sinking fund accounts,
and the special sinking fund shall be retired.
If during the process of accumulation of the special sinking fund there shall fall due any bonds for whose payment no sinking fund has been accumulated, or the sinking fund for which is insufficient for the payment thereof, then the amount of the deficiency for the payment of such bonds shall be taken from the special sinking fund and the yearly installment shall continue to be raised and set aside until the sinking fund, with its accumulations, shall be equal to the deficiency of the sinking fund for all term bonds.

The annual requirements for the distribution of, and the discontinuance of the special sinking funds shall be subject to the approval of the Director of the Division of Local Government in the State Department of Taxation and Finance.

6. Section 40:3-24 of the Revised Statutes is amended to read as follows:

40:3-24. The surplus in the sinking fund of any municipality, county or school district, as provided in section 40:3-20 of this Title, shall be held in the sinking fund, but the estimate of the annual earnings of such surplus figured on a three and one-half per centum (3½%) basis may be used as a credit or offset to the annual requirements for the sinking fund, but the principal of the surplus may be used to reduce the appropriation for the annual sinking fund requirements as set forth in section 40:3-16 of this Title.

The fund so used in any one year shall not be in excess of fifty per centum (50%) of the requirements for the sinking fund for that year, but in no case shall such credit or offset be used unless a certificate of approval shall first have been obtained from the Director of the Division of Local Government in the State Department of Taxation and Finance.

7. Section 40:4-4 of the Revised Statutes is amended to read as follows:

40:4-4. On failure of any municipality or county to carry out the provisions of section 40:4-1 of this Title by reason of the failure of the governing
body thereof to institute such audit or audits as therein provided and to complete the same within the time limited therein, the Director of the Division of Local Government in the State Department of Taxation and Finance may, by his employees and agents or by auditors employed for that purpose, conduct an audit of the books of such municipality or county, and such audit shall be taken to be the audit of the municipality or county as if made in accordance with the provisions of said section 40:4–1, and shall be paid for out of the funds of the municipality or county, on bill rendered therefor as a liability of the municipality or county.

For the services of the said director, or his representatives or assistants, or the pay of the auditors employed by him, whether permanent employees of the division or not, there shall be paid, to him for deposit in the State treasury by the municipality or county, a per diem allowance of twenty-five dollars ($25.00) for each person for work done in connection with the audit or examination of the accounts of any such municipality or county. Such amount, after bill rendered by the said director, shall be, after thirty days, recoverable in an action at law in any court having jurisdiction in suits of this nature in similar amount.

8. Section 40:4–8 of the Revised Statutes is amended to read as follows:

40:4–8. Every such municipal accountant shall within five days after filing the report of his audit and recommendations with the municipality or county, as the case may be, file a certified duplicate copy of the report and recommendations as filed with the municipality or county, as the case may be, over his signature, in the office of the Director of the Division of Local Government in the State Department of Taxation and Finance.

9. Section 40:4–9 of the Revised Statutes is amended to read as follows:

40:4–9. Upon proof that any accountant so registered shall have knowingly omitted to report any
Appeal.

Referred to master to determine facts.

Section amended.

Report signed by licensed accountant.

error, omission, irregularity, violation of law or discrepancy found in the books or accounts, or shall have issued false reports of his audit of any municipality or county; that is to say, shall have issued audits of such a nature as not to show an accurate, intelligent and complete statement of the financial condition of the municipality or county, or of such a nature as not to comply with the requirements of the Director of the Division of Local Government in the State Department of Taxation and Finance, or if such auditor or accountant shall fail to file such report and recommendations as herein directed, or neglect or refuse to carry out any agreement or contract for audit, his registration license may be canceled by the State Board of Public Accountants.

If the party whose license is thus canceled or refused shall feel that there was not sufficient cause for the cancellation or refusal of the license as herein described, he shall have the right of appeal by petition to the Court of Chancery, and pending the hearing of the appeal on the return of an order to show cause why such cancellation should not be revoked, the Chancellor may stay such cancellation of license until such hearing. The proceedings shall be summary upon the petition and affidavits in reply thereto, and the final order shall finally dispose of the right to exercise the privileges so licensed.

If in the course of the hearing it shall be necessary to refer the same to a master to determine the facts as to accounts or to hear the same by production of the books and accounts of municipalities, the hearing need not then be confined to the reading of the petition and affidavits supporting the petition and in reply thereto, and in such case the finding of the court shall be as in other cases upon the report of a master after reference.

10. Section 40:4–12 of the Revised Statutes is amended to read as follows:

40:4–12. All reports of audit of accounts of municipalities or counties shall be signed by the au-
editor or accountant making the audit or in charge of the same, holding a license as herein provided, whether such audit or statement of account is made by any person employing such auditor or accountant, or otherwise, and the licensing or the revocation of the license of any such auditor shall not be construed to affect the contracting with any municipality or county by any person employing auditors or accountants; but upon the revocation of the license of an auditor or accountant for the purposes herein specified and authorized, such person shall not employ in such work such auditors or accountants but only such persons as may be licensed as herein required, except that the auditor or accountant whose license may have been revoked may be employed in a subordinate capacity.

If any person shall willfully employ any person not holding a license in full force and effect as auditor or accountant in municipal work within the purview of this chapter and other laws in which audits shall be subject to the supervision and orders of the Director of the Division of Local Government in the State Department of Taxation and Finance, the said director may direct the municipalities or counties to refuse to employ such person in such work during the continuance of such violation.

11. Section 40:4-13 of the Revised Statutes is amended to read as follows:

40:4-13. The board of chosen freeholders of any county may by agreement with the Director of the Division of Local Government in the State Department of Taxation and Finance cause the annual audit of the county books to be made by one of his employees designated by him, in the same manner that such accounts are required to be audited by law. For such purpose the board of freeholders may pay to the said director the charges and expenses therefor.
Section amended.

Audit of municipal books.

12. Section 40:4-14 of the Revised Statutes is amended to read as follows:

40:4-14. The board of chosen freeholders of any county may enter into agreements with the governing bodies of the various municipalities in the county for the purpose of having the employee of the Director of the Division of Local Government in the State Department of Taxation and Finance audit the books of such municipality or municipalities. The moneys paid for such audit and expenses shall be paid to the board of chosen freeholders and by it paid to the said director.

Section amended.

Director may make audit by agreement.

13. Section 40:4-15 of the Revised Statutes is amended to read as follows:

40:4-15. The said director may enter into agreements with the boards of chosen freeholders of the several counties and with the several municipalities for the making of the audits herein referred to. The moneys received by the said director shall be used by him for the payment of the salaries and expenses of the employee or employees and any other expenses relative to the making of the audits.

Section amended.

Application to establish petty cash fund.

14. Section 40:5-8 of the Revised Statutes is amended to read as follows:

40:5-8. Prior to the establishment of a petty cash fund, written application shall be made therefor to the Director of the Division of Local Government in the State Department of Taxation and Finance, setting forth the reasons for the creation of such fund, the amount deemed to be necessary, the official custodian of the proposed fund and such other details as may be deemed pertinent.

Section amended.

May grant or refuse application.

15. Section 40:5-9 of the Revised Statutes is amended to read as follows:

40:5-9. Upon receipt of such application the said director shall make such inquiry as may be necessary and, if satisfied that such petty cash fund is necessary or advantageous, shall grant such application, or may refuse to grant such application, stating in the refusal the reasons therefor.
16. Section 40:5-12 of the Revised Statutes is amended to read as follows:

40:5-12. All matters relating to the establishment, accounting, repayment and discontinuance of any such petty cash fund shall be in the power and discretion of the said director and his decision in respect thereof shall be final.

17. Section 40:5-13 of the Revised Statutes is amended to read as follows:

40:5-13. The comptroller of each city, the financial officer of each other municipality, and the treasurer of each county, shall file annually within two months after the close of the fiscal year of such municipality or county, with the Director of the Division of Local Government in the State Department of Taxation and Finance, upon forms furnished and prescribed by him, a statement, under the oath of the official required to make the same, of the financial condition of the municipality or county as of the close of the fiscal year of such municipality or county immediately preceding the time fixed for filing such statement. The statement shall include such information concerning the finances of the municipality or county as the said director shall require.

18. Section 40:48-12 of the Revised Statutes is amended to read as follows:

40:48-12. In all cases where the governing body has not designated the officer or officers to issue, countersign and audit, and the manner of issuing all warrants for the disbursement of money, the same shall be drawn on the treasurer or general custodian of the funds of the municipality, and signed by the mayor or other chief executive officer of the municipality, and by the clerk or comptroller or auditor thereof. The warrants so drawn on the treasurer or other custodian and so signed shall be valid as payment vouchers to be issued to the payee when countersigned by the treasurer or general custodian, so that it shall not be necessary for the treasurer or general custodian to issue a check-voucher separate and distinct from the warrant,
and this provision shall be construed to be mandatory.

Bookkeeping. The comptroller, or, in municipalities where there is no such official, the treasurer, or other officer charged with the custody of the general funds of the municipality, shall maintain general books of account subject to the direction, as to detail, of the Director of the Division of Local Government in the State Department of Taxation and Finance. The governing body of the municipality shall provide the means, financial and otherwise, to carry out this purpose.

Act effective. 19. This act shall take effect July first, one thousand nine hundred and forty-seven.

Access to the recording section of the machine shall be restricted to the clerk, who, not less than once each week, shall remove the recorded figures and compare them with the collector's bank deposits during the same period. Upon application to such county board of taxation by any county or other municipality for such reduction or reductions, such county board shall within thirty days fix a date for the hearing of such application, of which hearing public notice shall be given by the county board of taxation, and at the time and place so fixed any party in interest may be heard. Upon being satisfied of the sufficiency of
such application the county board of taxation may correct and reduce the item or items within the limits fixed by this section.

25. Director not to issue order with respect to budget in certain cases. Whenever the board shall be functioning as the municipal finance commission in any municipality pursuant to the provisions of law, the director may issue no order with respect to the budget or the tax ordinance or tax levy of such municipality pursuant to the provisions of section twenty-four of this act, except upon the direction of such board so functioning.

ARTICLE 3

FISCAL ADMINISTRATION IN LOCAL GOVERNMENT

26. Purpose of article. The purpose of this article is to make provision for modernized practices of fiscal administration in local government.

27. Uniform accounting systems. The board shall, after careful study and investigation of accounting requirements, prescribe uniform accounting systems for municipalities and counties, and may, from time to time, revise or amend such systems. The board may classify municipalities and counties in accordance with different types of accounting requirements and may prescribe a suitable variation of the uniform system to apply to each class. The use of the system when prescribed, shall be mandatory in accordance with the regulations of the board. This section shall not be construed to prevent the director, with the consent of the board, from approving the continued use of a system used by county or municipality that meets the requirements of and is in substantial conformity with the uniform system prescribed.

28. Rules and regulations as to accounting methods. The board may promulgate rules and regulations for the proper use of uniform accounting systems and for proper accounting methods.
29. Account books and forms. The board may have prepared account books, blank forms and other accounting materials for use in uniform accounting systems and may furnish them at cost to municipalities and counties.

30. Installations of accounting systems. The director may make installations of uniform accounting systems prescribed by the board at the request of the governing body of a municipality or county, and may make installations on his own motion with or without the consent of the governing body if local officers or a governing body fail or refuse to comply with the regulations of the board as to accounting systems or methods. The cost of installation shall be paid by the municipality or county.

31. Instruction and consultation. Where the director installs accounting systems he shall supply without additional charge reasonable instruction and consultation in the use of the system and in proper accounting methods. So far as possible, instruction and consultation shall be extended to all municipalities and counties.

32. Systems of financial administration. The board may prescribe systems of financial administration for municipalities and counties. Systems may be prescribed for a group or class of municipalities or counties having similar requirements, and separate systems may be prescribed for each of as many groups or classes as the board may determine.

Systems of financial administration shall include:

1. Definite procedures for the receipt, custody, control and disbursement of public funds.
2. Forms for receipts, requisitions, disbursement, purchase orders and other necessary documents.
3. The exercise of a comptroller function by a designated local officer.
4. Definitions of the respective powers and duties of the several local officers engaged in financial administration.
(5) Instructions, rules and regulations for the proper procedures and practices of financial administration.

A system of financial administration, when prescribed, shall be mandatory upon the municipalities and counties to which it applies.

33. Advisory committees. The board may appoint special or standing advisory committees to render advice and consultation to the director and to the board in the preparation, operation and revision of uniform accounting systems and systems of financial administration. An advisory committee shall perform only those duties specifically assigned to it by the board. An advisory committee may consist of local officers, registered municipal accountants, other persons, or any combination of them, as the board may determine. Members of the committee shall serve without compensation but actual and necessary expenses, as determined by the board, may be paid.

34. Form of reports and financial statements. The board shall prescribe the forms upon which financial statements and other reports pertaining to local financial affairs shall be made. The director shall supply forms to local officers at least thirty days prior to the date upon which the report is due.

35. Audits. Authority of board. The board shall promulgate rules and regulations governing the method, scope and procedure of regular audits of the financial affairs of municipalities and counties. Regulations shall prescribe the form and content of the audit report and shall specify the matters upon which comment and analysis shall be required of the auditing accountant.

36. Audits by department. Whenever the director finds that the financial affairs of a municipality or county require special supervision, he may require that the regular audits of such municipality or county be made only by the auditing staff of the division. In such cases the director may make such investigations and analyses in addition to the
standard requirements for audits, as the financial affairs of the municipality may warrant. Reasonable notice of the decision of the director to make the regular audit in a municipality or county shall be given to the governing body.

37. Rejection of audit report. If the director finds that an audit report as filed is incomplete or inaccurate; was not made in accordance with the regulations promulgated by the board; or does not reflect the true financial condition of the municipality or county, he may:

(1) Order supplementary examinations to be made of specified funds, accounts or offices by the accountant making the original audit.

(2) Reject the audit report and require that the audit be made de novo in whole or in part.

(3) Require that supplementary or de novo examinations be made by the auditing staff of the division.

38. Examination of sinking fund. The director shall examine and audit the books, papers, securities and moneys in the custody of the sinking fund commission of a political subdivision. Examination and audit shall be made at least once every two years and oftener if the director deems necessary.

39. Duty of sinking fund commission. A sinking fund commission of a political subdivision shall at the request of the director produce its books, papers, securities and moneys, and all other records pertaining to its business. The sinking fund commission shall co-operate with the director and facilitate examination and audit in every way.

40. Sinking fund: Recommendation by the director. The director shall examine the report of audit of a sinking fund commission and may make such recommendations pertaining to the management and administration of the affairs of the sinking fund commission as he finds desirable. Notice and statement of recommendations shall be filed forthwith with the secretary of the commission. The secretary shall immediately send a copy of the statement to each member of the commission.
and to the executive head of the political subdivision. The secretary shall, within thirty days after receipt of the statement of recommendations, report to the director the action taken by the sinking fund commission.

41. Sinking funds: Enforcement of recommendations. If after forty-five days following filing of notice and statement of recommendations with the secretary of a sinking fund commission, the commission has failed or refused to act in accordance with such recommendations, the director may order the sinking fund commission to take such specific steps as he may find necessary and proper to protect the solvency and proper administration of the sinking fund. Orders may be enforced in accordance with sections fifty and fifty-two of this act.

42. Sinking funds: Accounting. The board shall prescribe and enforce a uniform system for the setting up and keeping of sinking fund accounts in political subdivisions. The director may at the request of a sinking fund commission install the system of accounts in a political subdivision, and may make such installations on his own motion with or without consent of the sinking fund commission if he finds that sinking fund accounts are not kept in accordance with the uniform system prescribed by the board. The cost of installation shall be charged against the political subdivision.

43. Sinking funds: Examination of requirements. The director shall, upon receipt, examine and audit the statement of annual sinking fund requirements of a political subdivision. The director shall determine the sufficiency of the amount certified, and shall make such corrections as may be necessary. After correction or approval the director shall certify sinking fund requirements at the time and in the manner required by section 40:3-19 of the Revised Statutes.

44. Sinking funds: Amortization requirements. The director shall examine the calculations and tabulations of the conditions of sinking funds as submitted by a sinking fund commission of a polit-
tical subdivision, and shall determine the sufficiency of the funds for the amortization of bonded debt in accordance with the standards fixed by law.

If the director finds that the sinking funds are insufficient for such amortization, he shall certify to the sinking fund commission a statement of the amount required to make good the deficiency and the additional annual requirements to be made to the special sinking fund account as required by sections 40:3-20 and 40:3-24, both inclusive, of the Revised Statutes.

45. Compensation of department for services rendered. The board shall fix reasonable charges, for the services rendered under sections twenty-nine, thirty, thirty-six, thirty-seven, thirty-eight and forty-two of this act, and by agreement for the making of a regular audit. Such charges shall represent, as nearly as possible, the actual cost of the services, but shall not exceed twenty-five dollars ($25.00) per diem for each person actually engaged in the performance of the services. The charges for the services, as so fixed, shall be paid by the political subdivision receiving the services. The charges may be recovered, in the name of the State, by the director, as a contractual debt, in any court of competent jurisdiction. All moneys received or collected for such charges shall be paid forthwith into the State treasury.

46. Inspection of local administration. The director may at any time during regular business hours make inspections and examinations of the financial administration of a county or municipality. Inspection and examination may extend to the use of the uniform accounting system; accounting methods; the collection, custody and disbursement procedure; a selective audit of particular funds and accounts; and to any other matter or practice subject to regulation by the board, or regulated by any State law which is administered by the division.

Reports of inspection and examination shall be certified to the local governing body together with
instructions for the correction of procedures or practices found not to be in accordance with the requirements of law or of the regulations of the board. Instructions of the director shall fix a date for compliance by the local governing body. On or before the date for compliance the local governing body shall give effect to the instructions and shall so certify to the director.

47. Inquiring into financial affairs. The director may make a special investigation of a county or municipality, if, upon examination of the reports of audit and recommendations of an accountant, there appear to be errors, inaccuracies or omissions in the report of audit or recommendations, or evidence of illegal financial practices; or if the director has reason to believe that irregularities in the conduct of the financial affairs have occurred.

48. Special investigation: Enforcement of orders. The director may issue such orders as he may find appropriate to correct errors, inaccuracies or omissions in the report of audit or recommendations, illegal financial practices, or irregularities in the conduct of financial affairs, disclosed at an investigation made in accordance with section forty-seven of this act. Orders may be enforced in accordance with sections fifty and fifty-two of this act.

49. Powers of inquiry. In any inspection, audit, inquiry, examination or other investigation authorized by this act, the director may hold hearings and exercise the powers of investigation granted by law.

50. Issuance of orders; compliance. The director may issue instructions and orders requiring compliance with the requirements of this article and the regulations of the board. Instructions and orders may be based upon the audit report and recommendations of accountants or of the director; a special investigation; an inspection and examination; reports filed with the division; failure or refusal to file documents or make reports; or
any other evidence of illegal financial practice or procedures in the political subdivision.

An order shall be issued and may be enforced in the manner provided for other orders of the director.

51. Duty of local officers. An officer of a municipality or county who is charged with duties pertaining to fiscal administration shall keep accounts and in other respects perform his duties in accordance with the regulations promulgated by the board. An officer who willfully violates this section shall be guilty of a misdemeanor. Upon conviction he shall be fined not less than twenty-five dollars ($25.00) nor more than one thousand dollars ($1,000.00), or imprisoned not less than ten days nor more than one year, or both; and shall in addition forfeit his office.

52. Enforcement of orders; penalties. A local officer or member of a local governing body who, after the date fixed for compliance, fails or refuses to obey an order of the director, under the provisions of this article, shall be guilty of a misdemeanor and, upon conviction, may be fined not more than one thousand dollars ($1,000.00) or imprisoned for not more than one year, or both, and in addition shall forfeit his office.

53. Construction of this article. The provisions of this article shall be construed to be in addition to the provisions of sections 40:4–1 to 40:4–3, inclusive, and sections 40:4–13 to 40:4–16, inclusive, of the Revised Statutes.

ARTICLE 4

MUNICIPALITIES IN UNSOUND FINANCIAL CONDITION AND SCHOOL DISTRICTS THEREIN

54. Purpose of article. The purpose of this article is to make provision for the imposition of special restraints upon municipalities in, or in danger of falling into, unsound financial condition and in this way to forestall serious defaults upon local obligations and demoralized finances that bur-
den local taxpayers and destroy the efficiency of local services.

55. Application of article. The provisions of this article shall take effect in a municipality when, at the end of a fiscal year, any of the following conditions exist:

(1) A default exists in the payment of principal or interest upon bonded obligations or bond anticipation obligations, for which no funds or insufficient funds are on hand and segregated in a special trust fund.

(2) Payments due and owing the State, county, school district or special district, or any of them, are unpaid for other than the year just closed and the year next preceding that year.

(3) An appropriation for "cash deficit of preceding year" in an amount in excess of five per centum (5%) of the total amount of taxes levied upon real and personal property for all purposes in such preceding year, is required to be included in the next regular budget and was required to be included in the budget for the year just closed; provided, however, in establishing the excess, if any, over the said five per centum (5%) there shall first be deducted from such appropriation the amount, if any, that was caused by the failure to receive miscellaneous anticipated revenue from franchise and gross receipts taxes.

(4) Less than fifty per centum (50%) of the total amount of taxes levied for all purposes upon real and personal property in the taxing district, in the year just closed and in the year next preceding that year, respectively, were collected during the year of levy. This subsection shall apply only if more than twenty-five per centum (25%) of the amount of such taxes for such year next preceding remained outstanding at the end of the year just closed.
(5) The appropriation required to be included in the next regular budget for the liquidation of floating debt in accordance with sections 40:2-21 (d) and 40:2-23 (b) of the Revised Statutes exceeds twenty-five per centum (25%) of the total of appropriations for operating purposes (except dedicated revenue appropriations) in the budget for the year just ended.

C. 52:27BB-56.
To be placed before board.

56. Determination by the board: Notice and hearing. If the director finds in the course of his annual examination of the approved budget, the statement of current liabilities, the annual financial statement, or any other report, regular or special, filed with the division by a governing body or a municipal officer, that any of the conditions listed in section fifty-five of this act exist in a municipality not subject to supervision under sections 52:27-1 to 52:27-66, inclusive, of the Revised Statutes, he shall forthwith give notice to the governing body that the question of the application of this article to that municipality will be placed before the board for its determination at a time and place which shall be stated in the notice.

The board, at the time and place stated in the notice, shall give the local governing body and any other interested parties an opportunity to be heard. If the board finds, after hearing, that any of the conditions listed in section fifty-five of this act exist in the municipality, it shall by resolution determine that the provisions of this article are, from and after the date of such resolution, in effect within that municipality.

Notice shall be given by registered mail to the clerk of the municipality. Upon receipt of such notice the governing body and municipal officers shall observe the provisions of this article and shall comply with all orders of the director issued under it while the municipality remains subject to its provisions.
57. Limitation on debt. In a municipality subject to this article, obligations, bonded or otherwise, shall not be issued or authorized by the municipality, school district, or any special district except as expressly authorized by this section.

This section shall not affect the power:

(1) To issue tax anticipation, tax revenue, or any other obligations of a strictly current character, except emergency obligations.

(2) To fund outstanding obligations in accordance with sections 40:1-61 to 40:1-74, both inclusive, of the Revised Statutes.

(3) To issue obligations in order to comply with an order issued in accordance with law by a State Board, department or other agency.

(4) To issue obligations, with the prior written approval of the board, in accordance with any law authorizing borrowing to finance the relief of the poor, the operation of work relief projects, or other measures for the relief of unemployment; and for emergencies.

58. Limitation upon appropriations. In a municipality subject to this article, the amount to be raised by taxes on real and personal property for municipal purposes, school purposes, and any special district purposes shall not be increased by more than five per centum (5%) in excess of such amount, respectively, for the year next preceding the year in which this article takes effect in that municipality.

This section shall not be construed to authorize an appropriation of less than the full amount required for the payment of debt service; or to authorize the abrogation of any covenant entered into with bondholders.

The board, upon application of the governing body setting forth the circumstances in full, may authorize a municipality to adopt a budget in excess of the limitation of this section. The board shall authorize such a budget only if it finds that
the appropriation of an amount in excess of the limitation is necessary for:

(1) Appropriations required by law or for purposes made mandatory by law, including debt service, judgments and deferred charges.
(2) The protection of the public health, safety, morals or welfare.
(3) The prevention of irreparable damage to public property or the realization upon municipal assets.
(4) The meeting of any lawful yearly expenditure of the municipality; provided, the board shall first hold a public hearing after five days’ notice published at the expense of the municipality in a newspaper published or circulating in said municipality.

If the board grants an authorization, it shall determine the amount necessary to meet the need of the municipality and shall fix the total amount of all municipal appropriations including the excess above the limitation of this section.

59. Limitations upon counties. The provisions of section fifty-seven of this act (for the purpose of limiting the issuance of county obligations bonded or otherwise) and of section fifty-eight of this act (for the purpose of limiting the amount to be raised by taxation for county purposes) shall apply to a county when and so long as:

(1) The limitations of sections fifty-seven and fifty-eight of this act apply to three or more municipalities within the county because of the operation of section fifty-five of this act; and five or more per centum of the average of assessed valuations of taxable real property (including improvements) of the county, as stated in the annual debt statements for the preceding fiscal year (in accordance with subsection two, section 40:1–80 of the Revised Statutes) are located in each of two of such municipalities;
and, in addition, either of the following exists:

(2) Fifty or more per centum of the average of assessed valuations of taxable real property (including improvements) of the county, as stated in the annual debt statements, for the preceding fiscal year (in accordance with subsection two, section 40:1-80 of the Revised Statutes) are located in such three or more municipalities, or

(3) Fifty or more per centum of the number of municipalities in the county are affected by the limitations of sections fifty-seven and fifty-eight of this act.

The director shall give notice, and the board shall give interested parties an opportunity to be heard and shall make its determinations as to the application of this section to counties at the same time and in the same manner as required by sections fifty-six and sixty-four of this act in the case of municipalities.

60. Compliance with requirements of law. The director may order the governing body or an officer of a municipality subject to this article to perform any duty prescribed by law whether or not a specific penalty or enforcement procedure is provided by such law. The orders may be enforced as authorized by law.

61. Liquidation of floating debt. The board may, under this section, authorize a municipality subject to this act to liquidate its current debt other than as required by sections 40:2-21 (d), and 40:2-23 (b) of the Revised Statutes.

The board may:

(1) Authorize liquidation to continue for as many years as may be necessary to avoid an appropriation for the liquidation of all current obligations in any one year, of more than twenty-five per centum (25%) of the total of appropriations for operating purposes (ex-
Plan of liquidation.

Liquidations under this section shall be in accordance with a plan of liquidation adopted by resolution of the governing body and approved by the board. A plan so adopted and approved shall be binding upon the municipality and annual appropriations as required by the plan shall be mandatory. A plan shall not be amended except with the prior written consent of the board.

Whenever a municipality is operating under an approved plan of liquidation and none of the conditions listed in subsections one, three and four of section fifty-five of this act exist in that municipality, the limitations of sections fifty-seven and fifty-eight of this act shall not apply. The supervision of the State Board, however, shall continue for the duration of the liquidation plan.

62. Analysis of financial conditions. The director may at any time, and shall if the governing body so requests, make a special analysis of the financial conditions of a municipality subject to this article. The analysis shall extend to all factors and circumstances contributing to the financial conditions of the municipality and shall if possible, recommend definite steps to be taken to correct such conditions.

63. Consultation and assistance. The director shall extend all possible consultation and assistance to municipalities subject to this article to assist in the improvement of local financial conditions.

64. Duration of supervision. A municipality shall remain subject to this article as long as any of the conditions listed in section fifty-five of this act exist; and until the municipality has operated
during the last fiscal year without incurring a cash deficit (as computed in the manner provided by section 40:2-27 of the Revised Statutes).

When the director finds in his annual examination of the approved budget, the statement of current liabilities, the annual financial report, or any other report, regular or special, of financial condition filed in the office of the division that none of the conditions listed in section fifty-five of this act exist in a municipality subject to this article, and he finds that the municipality operated during the last fiscal year without incurring a cash deficit (as computed in the manner provided by section 40:2-27 of the Revised Statutes), he shall give notice to the local governing body that the question of the application of this article to that municipality will be placed before the board for its determination at a time and place which shall be stated in the notice.

The board, at the time and place stated in the notice, shall, after giving the local governing body and other interested parties an opportunity to be heard, determine whether any of the conditions listed in section fifty-five of this act continue to exist in the municipality, and whether the municipality operated during the last fiscal year without incurring such cash deficit. If the board finds that none of such conditions exists, and that the municipality operated during said year without incurring such cash deficit, it shall, by resolution, determine that the provisions of this article are no longer in effect in the municipality.

The director shall forthwith certify to the governing body that the provisions of this article no longer affect that municipality.

Notice shall be given by registered mail to the clerk of the municipality.

65. Municipalities under the Municipal Finance Commission. If a municipality subject to this act is placed under the supervision of the Municipal Finance Commission in accordance with section 52:27-2 or section 52:27-3 of the Revised Statutes,
the application of this article in such municipality shall thereupon be terminated.

66. Additional powers of the board. For the purpose of this article the board shall have, in addition to its other powers, authority to

(1) Promulgate rules and regulations for the interpretation and administration of this article.

(2) Require, and prescribe the form of, special reports to be made by a financial officer or governing body pertaining to the financial affairs of municipalities.

(3) Hold hearings.

67. Additional powers of the director. For the purposes of this article, the director shall have, in addition to his other powers, authority to issue and enforce orders as authorized by law for other orders issued by him.

68. Construction. This article shall be construed liberally to give effect to its intent that unsound financial conditions in municipalities shall be forestalled and corrected.

69. Special remedial treatment for municipalities. Specialized remedial treatment for municipalities that are in definitely unsound fiscal condition may be imposed pursuant to section sixty-nine to ninety-one, inclusive, of this act, as the board in its judgment finds appropriate for the rehabilitation of such municipalities.

70. Special powers of board; when to apply. Whenever the board finds, in accordance with section seventy-one of this act, that such a municipality has incurred a cash deficit in each of two of the last three years, of not less than ten per centum (10%) of the amount levied for all purposes on real and personal property the powers and duties conferred upon the board by sections sixty-nine to ninety-one, inclusive, of this act shall apply to, and may be exercised with respect to, a municipality under supervision.
71. Determination by board. The board shall, from time to time, determine whether the conditions set forth in section seventy of this act exist in a municipality. If the board finds that such conditions exist, it shall by resolution determine that the provisions of sections sixty-nine to ninety-one, inclusive, of this act apply to that municipality.

72. Investigations by board. If the board finds that the provisions of sections sixty-nine to ninety-one, inclusive, of this act apply to a municipality, the director shall make a complete analysis of the causes of unsound condition; the economic capacity of the community; and the need for local governmental services. He shall submit his findings to the board. The board may make further investigations and shall hold at least one public hearing at which interested parties shall be given an opportunity to be heard. The board, after the hearing, shall determine by resolution which, if any, of the methods of action authorized by said sections are applicable to the municipality.

73. Supervision of revenue administration. If the board finds that tax assets are not being realized upon because of weak or inadequate revenue administration, it may supervise and control the methods and procedures used for the assessment, collection, and enforcement of taxes upon real and personal property; and the administration of licenses and other miscellaneous revenues.

The board shall determine the specific changes in revenue administration that are necessary in the municipality. The measures determined by the board as necessary may be enforced by order of the board in the same manner as authorized for other orders of the board. But the concurrence of the Director of the Division of Taxation in the State Department of Taxation and Finance shall be a condition precedent to the enforcement by the board of such orders as fall within the scope of the said director’s supervisory powers.
74. Separation of assessment lists. If the board finds that unsound fiscal conditions result in whole or in part from the continued treatment of taxes levied upon delinquent property as liquid tax assets, it may order that tax lists be prepared and used in accordance with sections seventy-five to seventy-eight, inclusive, of this act.

75. Preparation of assessment lists. The board may require that two separate assessment lists, an active list and an inactive list, be prepared:

1. The inactive list shall include all property on which taxes levied during the three years immediately preceding have not been paid in whole or in part.

2. The active list shall include all other taxable property.

76. Inactive lists; preparation and effect. (a) After the board orders the preparation of tax lists pursuant to its powers under sections seventy-four and seventy-five of this act, the collector shall for each year prepare and certify to the county board of taxation a list of all properties, real and personal, upon which no tax payments have been made during the three fiscal years immediately preceding, to be known as the "inactive list." In each municipality in which the collector is required by this section to prepare an inactive list, the assessor shall file his duplicate with the collector at least ten days before he is required to file his assessment list and duplicate with the county board of taxation. The collector shall indicate by a check mark in the left-hand margin of each page at the appropriate lines those properties which are on his inactive list. The collector shall attend before the county board of taxation upon two days' notice from the county board, but not less than ten days after the duplicate is delivered to him, and at such time he shall file with the board the assessor's duplicate, together with his complete inactive list and a true copy thereof, such list and copy to be
verified by affidavit of the collector. The county
board shall cause the inactive list and the copy
thereof to be annexed to the appropriate tax list
and duplicate, respectively.

(b) The county board of taxation shall deduct
from the valuations upon the assessor’s tax list
and duplicate the aggregate valuations of prop-
ties appearing upon inactive lists prior to fixing
and adjusting the amount of State, State school
and county tax to be levied in each taxing district
and prior to causing the tax rate to be entered as
provided by law. The amount of tax at the rate
so entered, however, shall also be extended on the
tax duplicates against each assessment on the in-
active lists, and shall be and remain payable and
enforceable in accordance with the provisions of
Title 54 of the Revised Statutes. The table of
aggregates, as required by section 54:4-52 of the
Revised Statutes, shall not include items appearing
upon the inactive lists.

(c) Nothing in this section shall be construed
to relieve an assessor of any duty or obligation
otherwise imposed by law, except that an assessor
shall not incur any penalty for failure to file his
duplicate with the county board of taxation during
such period and only so long as it is actually in
the physical possession of the collector pursuant
to this act.

77. Apportionment of receipts from inactive
properties. The local governing body shall cause to
be paid to the county treasurer and to the cus-
todian of school funds, at such time and in such
manner as the director may prescribe, amounts
collected from properties on an inactive list, less
reasonable costs of collection, in the proportion
that the amounts levied for State, State school,
county and school district purposes, respectively,
during the fiscal year of such collections bore to
the total levy for all purposes upon real and per-
sonal property within the municipality.

78. Rate of tax collections. The rate of tax col-
lections for whatever purpose used, shall be com-
CHAPTER 151, LAWS OF 1947

puted as the percentage that all tax collections were of amounts levied against both active and inactive lists.

79. Notice of proceedings of county tax board.
The county board of taxation shall not revise, correct or equalize the assessed value of property in a municipality to which the provisions of sections sixty-nine to ninety-one, inclusive, of this act, apply, nor shall the county board hear or determine an appeal concerning an assessment in such a municipality, without first giving at least five days' notice in writing to the director so that the board or its representative may be heard as a party in interest in behalf of the State.

80. Local administrator of finance. If the board finds that unsound conditions in a municipality to which sections sixty-nine to ninety-one, inclusive, of this act apply are due, in whole or in part, to a failure to liquidate old obligations, the board may recommend to the local governing body that a local administrator of finance be appointed. If the board recommends the appointment of an administrator, it shall submit to the governing body the names of not less than three persons who are found by the board to be qualified to perform the duties of administrator for that municipality. The governing body shall, thereupon, appoint as administrator one of the persons so named.

The administrator shall receive compensation for his services to be paid out of the funds of the municipality in an amount fixed by the governing body and approved by the board. He shall give bond for the faithful performance of his duties in an amount fixed by the governing body and approved by the board. An administrator shall continue his employment until his services are terminated by the governing body, with the approval of the board.

81. Local administrator; powers and duties. An administrator shall have such of the powers and duties authorized by sections eighty-two to eighty-seven, inclusive, of this act, as are specifically as-
CHAPTER 151, LAWS OF 1947

signed to him by the governing body upon the recommendation of the board. An administrator shall exercise his powers and perform his duties under the general supervision of the board.

82. Administration of assets and liabilities. A local governing body, upon the recommendation of the board, may authorize and direct the administrator to liquidate all of the municipality's liabilities which are due and unpaid for more than two years and all of its unrealized assets which have been outstanding for two years, computed in the case of taxes and assessments from December first of the year of levy or assessment, other intangible property from the date of accrual, and tangible property from the date of acquisition of title. The several officers of the municipality shall thereafter, immediately upon request by the administrator, certify to him all assets and liabilities of the municipality which have been placed under his administration pursuant to this section and shall at the same time deliver to him all evidences and records of the existence and legality of such assets and liabilities as may be in their possession or control.

The administrator shall exercise, in the name of the municipality, all powers pertaining to the enforcement of obligations that are vested by law in the municipality. But the administrator shall have no power to accept less than the full amount in satisfaction of the obligations, nor to agree to the transfer of title of property to the municipality in lieu thereof without the prior approval of the governing body. The administrator shall forthwith pay all moneys coming into his hands to the treasurer.

83. Liquidation fund. In a municipality not operating on a full cash basis, the treasurer shall place such moneys, paid to him pursuant to section eighty-two of this act, in a separate "liquidation fund." The administrator may apply the proceeds of the "liquidation fund" to the payment of obligations placed under his administration.
84. Study of co-operative agreements. An administrator, when so instructed by the board or by the local governing body, shall fully investigate and determine the possibilities of maintaining the services of the municipality at lower cost through the use of contractual agreements with other municipalities or with the county. He shall report his conclusions to the governing body and to the board. When so designated by the governing body, he shall act as the agent of the municipality in the negotiations of agreements with other jurisdictions.

The director and the board shall render all possible guidance and assistance to the administrator for the purpose of effectuating sound interjurisdictional agreements.

85. Administrator may act as controller. If the board finds that sound fiscal conditions will be promoted by the exercise of a control function in a municipality to which sections sixty-nine to ninety-one, inclusive, of this act apply, and that the function is not, or cannot be, maintained in a practical manner by regular local officers, the board may recommend to the governing body that the administrator perform the control function. When the board so recommends, it shall be the duty of the governing body to authorize and direct the administrator to act in accordance with this section.

86. Procedure of control. The board may prescribe the procedure to be followed in each municipality in which the administrator is authorized and directed to exercise the control function. The board shall prescribe a procedure that so far as possible will restrict expenditures and commitments for expenditure to actual cash available and will safeguard the payment of commitments and regular expenses.

87. Preparation of budgets. A municipality to which sections sixty-nine to ninety-one, inclusive, apply, may, with the approval of the board, prepare and adopt its annual budget in accordance with this section.
CHAPTER 151, LAWS OF 1947

If the board finds that the appropriation of the amounts required by chapter two, Title 40, of the Revised Statutes for "deferred charges and statutory expenditures" other than debt service, cannot be made without a probable increase in the cash deficit, the board may authorize by written order an appropriation of less than the full amount required for "deferred charges and statutory expenditures" but not less than the greatest amount that the board finds possible without an anticipated increase in the cash deficit. If a liquidation fund has been created in the municipality, in accordance with section eighty-three of this act, the board may authorize the appropriation to be made to the liquidation fund in lieu of that for "deferred charges and statutory expenditures."

This section shall not be construed to authorize the appropriation of less than the full amount required for the payment of debt services, for a judgment, or for any other item for which the municipality is obligated by contract to appropriate a specific sum.

88. Administrator agent of board. The administrator shall perform as the agent of the board such duties with respect to the fiscal affairs of the municipality as the board, in the exercise of its powers, may require.

89. General duties of board. The board shall exercise its powers, shall offer guidance and assistance, and shall in every other respect promote the rehabilitation of the financial affairs of a municipality to which sections sixty-nine to ninety-one, inclusive, of this act apply.

90. Delegation of powers to director. The powers and duties vested by sections sixty-one to ninety-one, inclusive, of this act in the board may be exercised by the director under the supervision of the board when so authorized by resolution of the board.
C. 52:27BB-91. Termination of supervision. The application of sections sixty-nine to ninety-one, inclusive, of this act to a municipality shall terminate when:

(1) The provisions of article four of this act no longer apply to the municipality; or

(2) The municipality has operated for three successive years without incurring a cash deficit in excess of five per centum (5%) of the amount levied for all purposes upon real and personal property within the municipality.

C. 52:27BB-92. Limitation of school debt and appropriations. In a municipality subject to the provisions of this article:

(a) A board of school estimate shall neither determine nor certify pursuant to sections 18:6-50 or 18:6-51 of the Revised Statutes, nor shall the governing body appropriate or levy pursuant to sections 18:6-53 or 18:6-62 of the Revised Statutes, a greater amount for school district purposes than is permitted under section ninety-three of this act.

(b) A school district tax authorized pursuant to sections 18:7-78 or 18:7-79, and certified pursuant to sections 54:4-45, 18:7-82 or 18:7-83 of the Revised Statutes, shall not be greater in amount than is permitted under section ninety-three of this act; nor shall the board of education designate, in the notices calling an annual or special meeting pursuant to section 18:7-78 of the Revised Statutes, a sum or sums not permitted under said section ninety-three.

(c) A governing body shall not borrow for school district purposes pursuant to section 18:6-61 of the Revised Statutes except as permitted under section ninety-three of this act.

(d) The authorization to borrow for school district purposes pursuant to section 18:7-85 of the Revised Statutes, and a proposal to be
submitted to the voters by the board of education pursuant to section 18:7-86 of the Revised Statutes, shall be subject to the provisions of section ninety-three of this act.

93. Amount of taxes for school purposes. Pursuant to subsections (a) and (b) of section ninety-two of this act, the total amount to be raised by taxes on real and personal property for school purposes shall not exceed by more than five per centum (5%) such amount for the year next preceding the year in which this article takes effect in the municipality.

This section shall not be construed to authorize an appropriation of less than the full amount required for the payment of debt service; nor to authorize the abrogation of any covenant entered into with bondholders.

The limitation of this section may be exceeded for the purpose of meeting increased requirements for appropriations (a) made mandatory by law, (b) for judgments, (c) for debt service, and (d) for emergencies. The excess, however, shall not be greater than the extent that the requirements of the total of such appropriations to be made for the year, exceed the total of all such appropriations made for the year next preceding the year that this article takes effect in the municipality.

94. Obligations for school purposes. Pursuant to subsections (c) and (d) of section ninety-two of this act, obligations, bonded or otherwise, shall not be authorized or issued for school district purposes except as permitted by this section.

This section shall not affect the power:

(1) To authorize and issue obligations of a strictly current character.

(2) To fund outstanding obligations in accordance with applicable school funding laws.

(3) To authorize and issue obligations so as to comply with an order issued in accordance with law, by a board, department, or other agency of the State Government.
(4) To authorize and issue obligations in accordance with a law providing for the relief of unemployment.

95. School budgets. The board of education of a school district wherein the limitations of this article are in operation shall, within twenty days after the request therefor by the board, transmit to such board a summary of the proposed school budget and of the school budget of any prior year. The summary shall be in the form prescribed by the board, which is hereby authorized to require such summaries and to prescribe their form.

CHAPTER 152

AN ACT relating to bonds and other obligations of certain school districts, and repealing section 18:7-88 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 18:7-88 of the Revised Statutes is repealed.
2. This act shall take effect immediately.

Approved May 12, 1947.
CHAPTER 153

An Act concerning the issuance of bonds and other obligations and the incurring of indebtedness by school districts, and amending section 18:5-86 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 18:5-86 of the Revised Statutes is amended to read as follows:

18:5-86. (a) Any school district, upon compliance with the provisions of this section, may authorize the issuance of bonds notwithstanding the provisions of section 18:5-84 of this article. The issuance of any such bonds shall be authorized upon the adoption by the legal voters of such school district, by a majority of the legal ballots cast thereon, of a proposal authorizing the board of education to issue such bonds, which proposal, in the case of a local school district, shall be in form and substance as stated in this section and upon a copy of which proposal shall have been endorsed, prior to its adoption by said legal voters, the consents of the State Commissioner of Education and of the Local Government Board hereinafter in this section provided for.

(b) A copy of any proposal for authorizing the issuance of bonds of a school district may, before its adoption by the legal voters of such school district, be submitted by the board of education for consideration by the State Commissioner of Education under subsection (c), and by the Local Government Board under subsection (d), of this section. As a part of such consideration and before endorsing any approval on such copy, the commissioner or board may require the board of education of such school district to adopt resolutions restricting or limiting any future proceedings
therein or other matters or things deemed by the commissioner or board to affect any estimate made or to be made under said subsections, and every such resolution so adopted shall constitute a valid and binding obligation of the school district running to and enforceable or releasable by the commissioner or board, as the case may be.

(c) Within sixty days after submission to the State Commissioner of Education of any copy of a proposal pursuant to subsection (b) of this section, he shall endorse his consent thereon if he shall be satisfied and shall record in writing his estimates that existing educational facilities in such school district are or within five years will be less than eighty per centum (80%) adequate, that the new educational facilities to be financed pursuant to such proposal will within ten years be fully utilized, and that under existing statutes there is no alternative method of providing such new educational facilities which would be more economical. If the State Commissioner of Education shall not be so satisfied within said period of sixty days, he shall endorse his disapproval on such copy.

(d) Within sixty days after the submission to the Local Government Board of any copy of a proposal pursuant to subsection (b) of this section, it shall cause its consent to be endorsed thereon if it shall be satisfied and shall record by resolution its estimates that the amounts to be expended for the new educational facilities to be financed pursuant to such proposal are not unreasonable or exorbitant, and that issuance of the bonds mentioned and described in such proposal will not materially impair the credit of any municipality comprised within such school district or substantially reduce its ability during the ensuing ten years to pay punctually the principal and interest of its debts and supply essential public improvements and services, and that authorization of such bonds would not be possible under the provisions of either section 18:5-84 or section 18:5-85 of this article, and that, taking into consideration trends...
in population and in values and uses of property and in needs for educational facilities, the net school debt of such school district will at some date within fifteen years be less, in the case of a certified local school district, than eight per centum (8%), or in the case of a regional school district, than four per centum (4%), or in the case of any other school district, than six per centum (6%) of the average assessed valuation of property in such school district as stated in supplemental debt statements, which might be filed on such date. If the Local Government Board shall not be so satisfied within said period of sixty days, it shall cause its disapproval to be endorsed on such copy.

(e) Every proposal for authorizing the issuance of bonds of a school district other than a regional school district pursuant to this section, after stating the purpose or purposes of the bonds and any other matters or things authorized or required by law, shall disclose its effect on the borrowing margin of each municipality comprised within such school district. Such disclosure shall include showing the amount, if any, of such borrowing margin before adoption of the proposal and showing the amount of such borrowing margin, if any, which will be used up in event of adoption of the proposal and showing the amount, if any, of net debt in excess of the measure of such borrowing margin in event of adoption of the proposal, and shall be sufficient if set forth in substantially the following form with appropriate figures inserted:

Resolved that the board of education is hereby authorized:

To * * * ; and

To issue bonds of the school district for said purpose (or purposes) in the principal amount of $ (insert amount of bonds to be issued), thus using up all of the $ (insert amount of borrowing margin before adoption of proposal) borrowing margin of the (insert name of municipality) presently available for other improvements and also increasing its net debt $ (insert amount, after adoption of
proposal, of net debt of the municipality in excess of seven per centum (7%) of the amount stated in the supplemental debt statement required by this article to be filed prior to the authorization of the bonds to be issued as the average of the three next preceding assessed valuations of the taxable real property (including improvements) of the municipality, as stated in the annual debt statement of the municipality last filed) beyond such borrowing margin, and (if there be other municipality or municipalities comprised within such school district) using up all (or, in an appropriate case, an amount) of the $ (insert amount of borrowing margin before adoption of proposal) borrowing margin of the (insert name of municipality) presently available for other improvements and (in every case where all borrowing margin is used) also increasing its net debt $ (insert amount, after adoption of proposal, of net debt of the municipality in excess of seven per centum (7%) of the amount stated in the supplemental debt statement required by this article to be filed prior to the authorization of the bonds to be issued as the average of the three next preceding assessed valuation of the taxable real property (including improvements) of the municipality, as stated in the annual debt statement of the municipality last filed) beyond such borrowing margin, et cetera, et cetera.

4. The board of chosen freeholders of such counties shall provide suitable room or rooms for the transaction of the business of such superintendent and procure suitable furniture therefor and any books, stationery, fuel and supplies that may be necessary from time to time. It shall provide a proper place for the safe-keeping of the records and papers.

5. Such superintendents and their assistants, in order to enforce the laws of this State regarding the conduct of elections, shall investigate all complaints relating to the registration of voters, and for that purpose the superintendents and their assistants shall have full power and authority to visit and inspect any house, dwelling, building, inn, lodging house or hotel and interrogate any inmate, house-dweller, keeper, caretaker, owner, proprietor
or landlord thereof or therein as to any person or persons residing or claiming to reside therein or thereat; to inspect and copy any books, records, papers or documents relating to or affecting the elections, either general, special, primary or municipal, or the registration of voters in the custody and control of district boards, county boards, or the clerks or other officers of municipalities; to require every lodging-house keeper, landlord or proprietor to exhibit his register of lodges therein at any time to the superintendent, his subordinates or any other person so designated by such superintendent.

Any person who neglects or refuses to furnish any information required or authorized by this Title, or to exhibit the records, papers, or documents herein authorized to be inspected, or which are required to be exhibited, shall be guilty of a misdemeanor.

6. The superintendent shall have power to issue subpœnas for the purpose of investigating any complaint of violation of the election laws of the State, such subpœnas to be issued in the name of the superintendent and for the purpose of aiding him in enforcing the provisions of the election laws. He may in proper cases issue subpœnas duces tecum. A subpœna issued by the superintendent may be served by any peace officer or any other person designated by him for that purpose.

A person who shall omit, neglect or refuse to obey a subpœna attested in the name of the superintendent and made returnable by him or who shall refuse to testify under oath before such superintendent shall be guilty of a misdemeanor and punished accordingly.

A person who shall make any false statement under oath before the superintendent shall be guilty of a misdemeanor and punished accordingly.

7. The superintendent, his subordinates, or any person or persons designated by him, may attend at any election, any of whom shall be admitted at any time within any polling place and within the guard rails thereof.
8. When directed by the superintendent, every landlord, proprietor, lessee or keeper of a lodging house, inn or hotel shall keep a register in which shall be entered the names and residences, the date of arrival and departure of his guests, and the room, rooms or bed occupied by them. This register shall be arranged so that there shall be a space on the same line in which each male guest or male lodger shall sign his name.

Such landlord, proprietor, lessee or keeper shall make a sworn report upon a blank to be prepared and furnished by the superintendent thirty days before the election next ensuing to such superintendent, containing a detailed description of the premises so used and occupied as a lodging house, inn or hotel, including the size and character of building, and in case only part of a building is so used, a statement as to what part, and the names of the lodgers therein, and all the employees, and all other persons living therein, including the landlord, proprietor, lessee or keeper, and members of his family, who claim a voting residence at or in such lodging house, inn or hotel, together with the length of time they have been regularly lodged or lived therein, the beginning of such residence, the color, approximate age, height, weight, whereby the persons may be identified, the nationality, the occupation and place of business of such persons, and the room occupied by each person, and whether the person is a guest, landlord, proprietor, lessee or keeper, and the signature of each person. In the form of affidavit, which shall be sworn to by the landlord, proprietor, lessee or keeper of such lodging house, inn or hotel, shall be included the statement that the signatures of the guests or lodgers certified to in such report were written in the presence of such landlord, proprietor, lessee or keeper, and that he personally knows them to be the persons therein described.
To the end that the sworn report herein required shall truly set forth the facts therein stated, each landlord, proprietor, lessee or keeper shall question each male person lodging or living in the lodging house, inn or hotel as to his intention of claiming such place as a voting residence, and the person shall thereupon declare his intention thereof, and if he shall claim the place as his voting residence he shall give to such landlord, proprietor, lessee or keeper such facts regarding himself as are required to be incorporated in the sworn report herein provided for. Such report and affidavit shall be filed personally by the landlord, proprietor, lessee or keeper with the superintendent at his office.

Any such landlord, proprietor, lessee or keeper or any lodger who shall violate this section shall be deemed guilty of a misdemeanor.

9. The superintendent, his chief deputy or assistants, shall have the power, when in his or their judgment it is deemed necessary at any election, upon the completion of the counting and canvassing of the ballots by any district board, to enter any place containing ballot boxes for the purpose of taking possession and sealing any ballot box or boxes with a seal to be adopted by the superintendent. When any ballot box shall be so sealed it may be removed to a vault or other place of security by the superintendent, his chief deputy or assistants, but shall not be opened and the seal thereof destroyed or affected without an order first had and obtained from a justice of the Supreme Court. Taping or any other mechanical device may be used to make such sealing secure.

10. Any person preventing, hindering or interfering with the said superintendent or his chief deputy or assistants in sealing such ballot box or boxes shall be guilty of a misdemeanor, and shall be punished by imprisonment for a term not exceeding three years, or by the payment of a fine not exceeding one thousand dollars ($1,000.00), or both.
11. Any person who destroys, defaces or removes, or attempts to destroy, deface or remove, such a seal shall be guilty of a misdemeanor, and shall be punished by imprisonment for a term not exceeding three years, or by the payment of a fine not exceeding one thousand dollars ($1,000.00), or both.

12. The powers herein granted may be exercised by the superintendent, his chief deputy or assistants, upon the completion of the counting and canvassing of the ballots at any election by the district board or within a period of ninety days thereafter.

13. The superintendent shall investigate all registry lists prior to the holding of any election. When as a result of such investigation or during the course thereof the superintendent shall ascertain that a person registered has died or been disqualified by conviction of a crime which would disfranchise a person under the laws of this State, or never has resided at the place of registry or is registered from some place other than his actual residence or does not possess the qualifications to vote required by the constitution of this State or is otherwise not entitled to vote at such election, the superintendent shall serve an order in writing, signed by him, upon the proper district board, ordering it to refuse to allow such person to vote at the election.

No such order shall be signed by the superintendent unless notice to the person to be affected shall be given as hereinafter provided.

14. The superintendent, before signing such order in writing to any district board, shall give notice of his proposed action to such registered person, (1) personally, or (2) by leaving the same at the person's registered place of residence with a person above the age of fourteen years, if any such person can be found, and if not, by affixing the same to the outer door of such place of residence or to any other portion of such premises if no building be found thereon, or (3) by sending the same by mail addressed to the person at his reg-
istered place of residence at least two entire days before the issuance of the order. The superintendent also shall cause a list of the names of such persons, with their registry addresses, to be published at least two entire days before the issuance of the order in two or more newspapers published within the county, at least one of which shall be a daily newspaper.

Such published notice, in addition to containing the names and addresses of such persons, shall give notice to them of the proposed action of the superintendent. No such order in writing shall be signed by the superintendent subsequent to the Tuesday preceding an election.

15. The superintendent shall cause such order to be delivered to the district board at the same time as the challenge lists are delivered, which order shall be receipted for by the judge of the district board, who shall use the order in conjunction with the registry list, so that no person whose name appears upon the order shall be allowed to vote. Such order shall be signed and certified to by each member of the district board to the effect that no person whose name appears therein has been allowed to vote. The order shall be returned to the superintendent at the same time and together with the challenge lists.

The superintendent, concurrently with the return of such order, shall deliver to the commissioner a true copy, certified by him as correct, of each order delivered by him pursuant to this section to each district board. Upon receipt of such copy the commissioner shall thereupon transfer the permanent registration forms of the person named in such order to the inactive, death or conviction file, as the case may be, and he shall not be permitted to vote at any subsequent election, by court order or otherwise, unless he has reregistered.

16. Any person affected by the action of the superintendent shall during the week immediately preceding the election and on the election day have the right to make application to a judge of the
court of common pleas of the county for the purpose of obtaining an order entitling him to vote in the district in which he actually resides. The burden of proof shall be upon the applicant.

The judge of the court of common pleas, if satisfied that the applicant is entitled under the law to vote at such election and after determining the election district in which the person actually resides may issue an order directing the district board of that district to permit such person to vote. If the order is directed to a district board in municipalities having permanent registration, the district board shall certify and return the order to the commissioner at the close of the election, who thereupon shall restore the permanent registration forms of such person to the active file. Before the issuance of such order, the superintendent shall be heard personally, or by his chief deputy or assistants, as to the reasons why he has issued an order denying such person the right to vote. The superintendent or any one representing him shall have full power to cross-examine any witness.

The judge of the court of common pleas making such order shall cause a full record of the proceedings of the application to be taken stenographically, transcribed and filed in the office of the county clerk of the county, which record shall be an open and public record. All costs and expense of such proceedings shall be paid by the county.

17. Any member of a district board who, after the receipt of an order from the superintendent denying any person the right to vote, unless the order of the superintendent has been revoked by a judge of the court of common pleas of the county, as herein above provided, allows such person to vote, shall be guilty of a misdemeanor, shall forfeit his right to such office and be subject to imprisonment for a term not exceeding three years, or the payment of a fine of one thousand dollars ($1,000.00), or both.

18. Any expenses in connection with the service, mailing or advertising of the notices as herein-
before provided shall be paid by the county treasurer, upon certification by the superintendent.

19. The superintendent and his chief deputy and assistants shall have and possess all the powers of constables, policemen and other peace officers.

20. The superintendent and his chief deputy and assistants are hereby authorized and empowered and without warrant, to arrest any person violating any provision of this Title.

The superintendent and his chief deputy and assistants, as the case may be, shall have the right and power to call upon any constable, police officer or other peace officer to aid in taking any person so arrested to the nearest police station in the municipality in which the arrest is made, and such constable, police officer or other peace officer shall render such aid.

Any constable, police officer or other peace officer failing to comply with such request shall be guilty of a misdemeanor.

21. Upon delivering the person so arrested to the officer in charge of the police station to which he is removed, such officer shall hold and detain the person so arrested until ordered released by the magistrate taking the complaint hereinafter provided for or by other process of law.

22. Upon delivering the person so arrested to the officer in charge of such police station the superintendent or his chief deputy and assistants, as the case may be, shall make and sign before a magistrate of the municipality in which the arrest was made a complaint in writing, duly verified, setting forth the particular act for which such person was arrested. Upon the complaint being made, the magistrate before whom it is made shall forthwith and as soon as may be cause the person so arrested to be brought before him and proceed on such complaint, as in the case of other persons arrested on a complaint charging a criminal offense.
23. The superintendent, his chief deputy and assistants are hereby authorized and empowered to remove from any polling place or place where any election is being held any person found violating any provision of this Title or in any way unlawfully interfering with the lawful conduct of any election.

24. In addition to the foregoing, said superintendent of elections hereby is constituted the commissioner of registration for said county and he shall, within the county, have and exercise all the powers of, and be charged with all the duties had and exercised and required to be performed by, the superintendent of elections and the commissioner of registration in any county, including the custody and control of voting machines heretofore or hereafter installed in the county in any manner provided by law, except those heretofore or hereafter installed in any municipality by the governing body thereof, which shall be placed and remain in the custody of the municipal clerk unless taken over the county according to law.

25. If during the fiscal year in which this act becomes effective, the board of chosen freeholders of the county shall not have made provision in its annual budget for the payment of the salaries and other expenses of the superintendent of elections and his office during such fiscal year, all appropriations made in said budget to the county board of elections, except those made for the payment of the salaries of the members of said board and the expenses of the board in connection with the functions to be performed by it during said year, notwithstanding the provisions of this act, shall be transferred and made available to the superintendent of elections for the carrying out of the powers and functions vested in him under this act, which shall include all appropriations for (a) salaries and wages, except for the salaries of the members of the board, (b) the control and conduct of permanent registration, and (c) the custody, maintenance and distribution of voting machines.
26. All employees of the county board of elections of the county hereby are transferred to the office of superintendent of elections but the board of chosen freeholders may provide two clerks for the county board of elections and fix the salary to be paid to such clerks.

27. In the event that said appropriations shall not be sufficient to provide full payment of the salaries and other expenses of the superintendent of elections and his office and of the county board of elections and its office, during such fiscal year, the board of chosen freeholders shall appropriate and use any county funds, not otherwise appropriated or dedicated, for such purposes.

28. Upon the taking effect of such resolution the county board of elections of the county shall turn over to the superintendent of elections all voting machines of the county with the keys thereto, and all records, books, binders, folders, files, card indexes, documents and forms, used or unused, relating to or used or useful in connection with the registration of voters, or the use of voting machines, in the county, together with all racks, cabinets, furniture, equipment and supplies used or useful for the filing, storing, repair servicing or use of the same.

19. Section 19:31-15 of the Revised Statutes is amended to read as follows:

19:31-15. For the purpose of preventing fraudulent voting and of eliminating names improperly registered, the commissioner in counties having a superintendent of elections, and the county board in all other counties, shall within ninety days after each general election preceding the general election at which members of the House of Representatives are elected send by government reply postal card to each registrant who failed to vote at such election, at his registered address, a notice substantially as follows:

"Please answer the question as to residence and removal as indicated on attached reply card.

Commissioner of Registration."

The reply card shall be addressed to the commissioner and shall bear substantially the following questions with appropriate spaces for answers:

"(1) Do you still reside at the address to which this notice has been mailed?
(2) If not, where do you now reside? (stating street address and city or town to which you have moved.)
Signed ........................."

The county board in counties not having a superintendent of elections, may also, and in addition to the method hereinbefore provided, direct at any time an authorized clerk or clerks to make any personal investigation which the commissioner or county board may deem necessary to establish the
fact of continued residence or of removal of any registrant.

The commissioner in counties having a superintendent of elections, and the county board in all other counties, shall, in addition to the method hereinbefore provided, at least once during every four years and as often as the commissioner in counties having a superintendent of elections or the county board in all other counties, may deem necessary cause the entire registry list to be investigated by house-to-house canvass to establish the fact of continued residence, removal, death, disqualification or improper registration.

In case of registrants who have been found to the satisfaction of the commissioner in counties having a superintendent of elections and to the county board in all other counties, to have moved from one address to another within the same county, the commissioner in counties having a superintendent of elections, and the county board in all other counties, shall cause the permanent registration forms of saidregistrants to be transferred to the proper registers, upon receipt of a change of residence notice duly executed by such registrants, as provided by law.

In case of registrants so found to have moved to any place outside the county or State, the commissioner in counties having a superintendent of elections, and the county board in all other counties shall cause the permanent registration forms of such persons to be transferred to the inactive file. Such persons upon return to any municipality within the county shall be required to reregister before being allowed to vote.

In case of registrants so found to have died, been disqualified or improperly registered, the county board in counties not having a superintendent of elections shall cause the permanent registration forms of such persons to be transferred to the inactive or death file as the case may be.

The county board in counties not having a superintendent of elections before removing, for any rea-
son whatsoever, the permanent registration forms of any registrant from the signature copy registers, or before transferring such forms to the inactive file shall cause to be published a notice setting forth the proposed action of the county board. This notice shall contain the list of the names and registered addresses of all registrants to be affected by the proposed action. Such notice and list shall be published at least two entire days prior to the removal of such names and shall be published in two or more newspapers published within the county, one of which newspapers, at least, shall be published in the municipality affected. At least one of such newspapers shall be a daily newspaper, but if there be no daily newspapers published in the county then such notices shall be published as above provided in weekly papers. The notice and list shall in addition specify the reason or reasons for the contemplated removal or transfer of the permanent registration forms of the registrants affected. The notice and list shall be published in the manner above provided prior to the second Tuesday preceding any election.

Any person affected by any action of the county board in counties not having a superintendent of elections, shall, during the two weeks immediately preceding any election and on election day, have the right to make application to any judge of the court of common pleas of that county, for the purpose of obtaining an order entitling him to vote in the district in which he actually resides. The burden of proof shall be upon the applicant. The judge of the court of common pleas, if satisfied that the applicant is entitled, under the law, to vote at such election, and after determining the election district in which such person actually resides, may issue an order directing the district board of that district to permit such person to vote. Such person must reregister before voting at any subsequent election by court order or otherwise. If the applicant shall be refused the right to vote, due to inability of the district board or of the commissioner
or of the county board to find the permanent registration forms of such applicant, then in addition such applicant shall establish by reference to the registry lists of former elections, that he was previously registered. Such evidence shall be deemed sufficient to establish the fact that the applicant was formerly registered. If the order is directed to a district board, the district board shall certify and return the order at the close of the election to the commissioner.

In counties having a superintendent of elections, any registrant so found to have died, or been disqualified by conviction of a crime which would disfranchise a person under the laws of this State, or never has resided at the place of registry or is registered from some place other than his actual residence, or does not possess the qualifications to vote required by the Constitution of this State, or is otherwise not entitled to vote, the commissioner shall cause the permanent registration forms of such registrant to be transferred to the inactive or death file as the case may be.

The commissioner in counties having a superintendent of elections, before transferring such forms to the inactive file or death file, shall serve an order in writing signed by him, upon the proper district board, ordering it to refuse to allow such person to vote at the next election.

The commissioner in counties having a superintendent of elections, before signing such order in writing to any district board, shall give notice of his proposed action to such registered person, (1) personally, or (2) by leaving the same at the person's registered place of residence with a person above the age of fourteen years, if any such person can be found, and if not, by affixing the same to the outer door of such place of residence or to any other portion of such premises if no building be found thereon, or (3) by sending the same by mail addressed to the person at his registered place of residence at least two entire days before the issuance of the order and the commissioner shall
CHAPTER 168, LAWS OF 1947

cause a list of the names of such persons, with their registry addresses, to be published at least two entire days before the issuance of the order in two or more newspapers published within the county, at least one of which shall be a daily newspaper. Such published notice, in addition to containing the names and addresses of such persons, shall give notice to them of the proposed action of the commissioner. No such order in writing shall be signed by the commissioner subsequent to the Tuesday preceding an election.

In all counties when the transfer of any person's permanent registration form is to be made to the death file or is to be made to the inactive file because such person did not vote at a general election during four consecutive years, or because the name of such person has been ordered stricken from the register by the court, or because such person has changed his or her name by decree of court, or because such person is a woman who changed her name due to marriage or divorce and neglected to reregister in accordance with law, or because the information which forms the basis of such proposed action in making such transfer was received from such person directly, no notice of such proposed action need be given to such registered person and such person's name and registry address need not be published as required in this section.

The commissioner in counties having a superintendent of elections, shall cause such order to be delivered to the district board at the same time as the challenge lists are delivered, which order shall be receipted for by the judge of the district board, who shall use the order in conjunction with the registry list, so that no person whose name appears upon the order shall be allowed to vote. Such order shall be signed and certified to by each member of the district board to the effect that no person whose name appears therein has been allowed to vote. The order shall be returned to the commissioner at the same time and together with the challenge lists. Upon receipt of such order the
commissioner shall thereupon transfer the permanent registration forms of the person named in such order to the inactive, death or conviction file, as the case may be, and he shall not be permitted to vote at any subsequent election, by court order or otherwise, unless he has reregistered.

Any person affected by the action of the commissioner in counties having a superintendent of elections shall, during the week immediately preceding the election and on the election day have the right to make application to a judge of the court of common pleas of the county for the purpose of obtaining an order entitling him to vote in the district in which he actually resides. The burden of proof shall be upon the applicant. The judge of the court of common pleas, if satisfied that the applicant is entitled under the law to vote at such election and after determining the election district in which the person actually resides may issue an order directing the district board of that district to permit such person to vote. If the applicant shall be refused the right to vote, due to the inability of the district board or of the commissioner or of the county board to find the permanent registration forms of such applicant, then in addition such applicant shall establish by reference to the registry lists of former elections, that he was previously registered. Such evidence shall be deemed sufficient to establish the fact that the applicant was formerly registered. The district board shall certify and return the order to the commissioner at the close of the election, who thereupon shall restore the permanent registration forms of such person to the active file. Before the issuance of such order, the commissioner shall be heard personally, or by his chief deputy or assistants, as to the reasons why he has issued an order denying such person the right to vote. The commissioner or any one representing him shall have full power to cross-examine any witness. The judge of the court of common pleas making such order shall cause a full record of the proceedings of the ap-
Application to be taken stenographically, transcribed and filed in the office of the county clerk of the county, which record shall be open and public record. All costs and expense of such proceedings shall be paid by the county.

In no event shall the permanent registration forms or voting record of any registrant be removed or transferred to the inactive file subsequent to the second Tuesday preceding any election, until after such election; nor shall the permanent registration forms or voting record of any registrant in counties not having a superintendent of elections be removed or transferred to the inactive file if the name of such registrant is not first published in the manner above described, except as herein otherwise provided.

Any commissioner who, after ascertaining that a person has died, been disqualified, moved out of the permanent registration area or has been improperly registered, and who willfully or fraudulently refuses to cause to transfer the permanent registration forms of such persons to the proper file shall be guilty of a misdemeanor.

20. Section 19:31-16 of the Revised Statutes is amended to read as follows:

19:31-16. The health officer or other officer in charge of records of death in each municipality shall file with the commissioner in counties not having a superintendent of elections and with the superintendent in counties having a superintendent of elections once each month, during the first five days thereof, the age, date of death, and the names and addresses of all persons over twenty-one years of age who have died within such municipality during the previous month. Upon receipt of such list the commissioner or superintendent, as the case may be, shall make such investigation as is necessary to establish to his satisfaction that such deceased person is actually the same person who is permanently registered. If such fact is so established, the commissioner shall cause the permanent registration and record of voting forms of the de-
ceased registrant to be transferred to the death file. In counties having a superintendent of elections the superintendent shall certify to the commissioner such fact forthwith, including the address, municipality, ward and district of the deceased registrant, and the commissioner shall cause the permanent registration and record of voting forms of the deceased registrant to be transferred to the death file.

21. Section 19:31-17 of the Revised Statutes is amended to read as follows:

19:31-17. Once each month during the first five days thereof the prosecutor of the pleas shall deliver to the commissioner in counties not having a superintendent of elections and to the superintendent in counties having a superintendent of elections a list of the names and addresses of all persons and their ages and offenses who have been convicted during the previous month of a crime which would disfranchise them under the laws of this State. Upon the receipt of the list the commissioner or superintendent, as the case may be, shall make such investigation as is necessary to establish to his satisfaction that the convicted person is actually the same person who is permanently registered. If it is so established, the commissioner shall cause the permanent registration and record of voting forms of such convicted registrant to be transferred to the conviction file. In counties having a superintendent of elections, the superintendent shall certify to the commissioner such fact forthwith, including the address, municipality, ward and district of the convicted registrant and the commissioner shall cause the permanent registration and record of voting forms of the convicted registrant to be transferred to the inactive file. Such persons upon the restoration of their citizenship rights or upon being pardoned shall be required to reregister before being allowed to vote.
22. Section 19:31-20 of the Revised Statutes is amended to read as follows:

19:31–20. On or before the second Monday preceding the primary election for the general election and the general election, respectively, the commissioner in counties not having a superintendent of elections, shall deliver to the municipal clerk in each municipality the signature copy registers for each election district in such municipality and shall take a receipt for same. The municipal clerk shall thereupon deliver at his office, or in any other way he sees fit, such registers to a member or members of the proper district boards at the same time and together with the primary for the general election sample ballots or the general election sample ballots, as the case may be. The registers shall be used by the district boards on election days and for the purpose of mailing the sample ballots. The commissioner in counties having a superintendent of elections shall deliver such registers at his office, or in any other way he may see fit, to the various district boards, taking a receipt for same.

In counties of the second class where a member of the county board serves as commissioner of registration, he shall receive no additional compensation for the performance of his duties as such commissioner unless he shall devote his full time to the performance of his duties as a member of the county board, secretary thereof, and commissioner of registration. “Full time” as here used means such time as is daily required of employees in the office of the county board.

Such custodians shall be employed or appointed and instructed at least thirty days before the election and shall be considered as officers of elections; provided, however, that for the purpose aforesaid in counties having a superintendent of elections, the superintendent of elections may employ or appoint, in addition
to one or more custodian or custodians, other fully

delivered to such county board of elections or such
superintendent of elections or such municipal clerk,
as the case may be, together with a written report made by a custodian stating that it is in every way properly prepared for the election.

After the voting machines shall be delivered to the polling places, the governing body of the municipality, wherein such polling places are located, shall provide ample police protection against molestation, or tampering or damage to the machines. Every voting machine shall be furnished with a lantern, or an electric light fixture, which shall give sufficient light to enable voters while voting to read the ballots and be suitable for use by the district board in examining the counters. act in any district court may be docketed as other
judgments recovered in said court are docketed.
Execution may issue for the collection of any judg­

17. Section twenty-five of the act of which this act is amendatory is amended to read as follows:

Upon default in the condition of such bond the Director may enforce the collection thereof in any court of competent jurisdiction. Such appeal properly taken and perfected, in accordance with the provisions of this act, shall be a stay of and upon the enforcement of a sentence of imprisonment, whether the execution of such sentence shall have been entered upon or not, as well as such other judgment as may be pronounced.
The said defendant shall serve upon the prosecutor of the pleas of the county wherein the offense was committed and upon the magistrate, recorder or judge imposing such sentence, or the clerk or deputy clerk of such magistrate, recorder or judge, a written notice of appeal within ten days from the rendering of judgment; the bond so taken under this section shall, by the magistrate, recorder or judge or clerk, be duly filed in the office of the clerk of the county, or the cash deposited be turned over to the said clerk of the county by such magistrate, recorder, judge or his clerk and such magistrate, recorder or judge shall promptly notify the prosecutor of the service of such notice of appeal made upon him; and provided further, that if the said defendant shall, after the rendering of said judgment or sentence, announce to said magistrate, recorder or judge his intention to appeal therefrom and either give bond or make the deposit as herein provided, he shall have ten days from the date of the rendition of such judgment or sentence within which to complete his appeal, during which said ten days the execution of whatever sentence or judgment shall have been rendered, whether of imprisonment or fine, shall be stayed and in case the said defendant shall fail to complete his appeal within said days, like proceedings may be had as would follow an appeal taken and the entry of a judgment of affirmance thereon.

Whenever an appeal shall be taken, as aforesaid, it shall be the duty of the magistrate within ten days after defendant had completed his appeal to send all papers and all moneys, if any, deposited in accordance with the provisions of this act, and all moneys paid for the cost of prosecution, together with a transcript of the proceedings in the case, to the court of special sessions of the said county, and the trial on appeal must be noticed for a hearing by the said defendant for a day not more than thirty days after he has completed his appeal, and in the event that the court be not

Whenever an appeal shall be taken under the provisions of this act to the court of special sessions, such appeal shall not operate to bring up the proceedings in the court appealed from for review, but shall operate as an application for a trial de novo and as a consent that said court of special sessions may during or before the trial amend the complaint by making the charge more specific, definite or certain, or in any other manner, including the substitution of any charge growing out of the same transaction or surrounding circumstances of which the tribunal appealed from had jurisdiction. In the event of any amendment by which a new or different charge is made, the court shall give to the defendant a reasonable time in its discretion in which to prepare for and proceed with the trial. The court of special sessions shall de novo and in a summary manner try and determine all such charges and appeals and in case the defendant is convicted by such court, it shall impose the penalty prescribed by this act, which conviction and sentence shall supersede and nullify the conviction and judgment in the court below; and in case the defendant is acquitted upon such trial de novo, the court of special sessions shall order the conviction below set aside and the return of all moneys deposited and all costs of prosecution paid by the said defendant.

of the payment of said fines, or within ten days after the decision of the court of special sessions in those cases where appeal proceedings were had. The Director upon receipt of such moneys shall pay over the same to the Treasurer of the State of New Jersey.

It shall meet at such other times and places within the State as, in its judgment, may be necessary. Four members of the council shall constitute a quorum thereof and, except as otherwise provided in section seven of this act, all action shall be taken by a majority vote. The commissioner shall attend all meetings of the council.

The council shall elect one of its members chairman who shall hold office for one year and until his successor shall be elected.

The council shall keep complete and accurate minutes of all its meetings, hearings, and other sessions. All such minutes shall be retained in a permanent record, and shall be available for public inspection at all times during the office hours of the department.

7. The Public Health Council shall have power, by the affirmative vote of a majority of all its members, to establish, and from time to time amend and repeal, such reasonable sanitary regulations not inconsistent with the provisions of this act or the provisions of any other law of this State as may be necessary properly to preserve and improve the public health in this State. The regulations so established shall be called the State Sanitary Code.

The State Sanitary Code may cover any subject affecting public health, or the preservation and improvement of public health and the prevention of disease in the State of New Jersey. In addition thereto, and not in limitation thereof, said State Sanitary Code may contain sanitary regulations:
(a) prohibiting nuisances hazardous to human health; (b) prohibiting pollution of any water supply; (c) regulating the use of privies and cesspools; (d) regulating the disposition of excremental matter; (e) regulating the control of fly and mosquito breeding places; (f) regulating the detection, reporting, prevention and control of communicable
and preventable diseases; (g) regulating the conduct of public funerals; (h) regulating the conduct of boarding homes for children; (i) regulating the conduct of maternity homes and the care of maternity and infant patient therein; (j) regulating the conduct of camps; (k) regulating the production, distribution and sale of certified milk; (l) regulating the preparation, handling, transportation, burial or other disposal, disinterment and reburial of dead human bodies; and (m) prescribing standards of cleanliness for public eating rooms and restaurants.

Prior to the final adoption by the council of any sanitary regulation or amendment thereto or repealer thereof the council shall hold a public hearing thereon. The council shall cause to be published, at least fifteen days prior to such hearing, in such manner as such council shall determine, a notice of such hearing, specifying the time when and the place where such hearing will be held, together with the text of the proposed regulation, amendment or repealer.

8. Every sanitary regulation or amendment thereto or repealer thereof adopted in accordance with the provisions of section seven of this act shall state the date on which it takes effect, and a copy thereof, duly signed by the chairman of the council, shall be sent by the commissioner to each local board of health and to the governing body of each municipality within the State, and shall be published in such manner as the Public Health Council may from time to time determine. The commissioner, or one of the bureau directors designated by him, shall, for a fee of one dollar ($1.00) each, furnish copies of the State Sanitary Code and its amendments certified by the chairman of the council and such certified copies shall be received in evidence in all court or other judicial proceedings in the State.

9. The provisions of the State Sanitary Code shall have the force and effect of law. Such code shall be observed throughout the State and shall
be enforced by each local board of health, the local police authorities and other enforcement agencies. Nothing herein contained however shall be deemed to limit the right of any local board of health to adopt such ordinances, rules and regulations, as, in its opinion, may be necessary for the particular locality under its jurisdiction; but such ordinances, rules and regulations shall not be in conflict with the laws of this State or the provisions of the State Sanitary Code, except, however, that such ordinances, rules and regulations may be more restrictive than the provisions of the State Sanitary Code.

10. Each violation of any provision of the State Sanitary Code shall constitute a separate offense and each such violation shall be punishable by a penalty of not less than twenty-five dollars ($25.00) nor more than one hundred dollars ($100.00). Each such penalty shall be sued for and recovered in an action at law, in any court of competent jurisdiction, by and in the name of the State Department of Health or by and in the name of the local board of health of the municipality in which the violation occurred.

The pleadings in any such action shall conform in all respects to the practice prevailing in the court in which the action shall be instituted, but no pleading or process shall be set aside or invalidated by reason of any formal or technical defects therein if the same contain a statement of the nature of the alleged violation and of the section of the State Sanitary Code alleged to have been violated. Upon the attention of the court being called to any such formal or technical defect, the same shall be immediately corrected and the pleading or process amended as a matter of course. As to all other defects in pleadings or process, the same may be amended in the discretion of the court, as in any other action or proceeding in such court.

In any such action when judgment is rendered against a defendant other than a body corporate, execution may be issued against his goods and chattels and body without any order of the court for that purpose first had and obtained.
If the officer executing such writ is unable to find within his jurisdiction sufficient goods and chattels of the defendant to satisfy the judgment, he shall deliver the body of the defendant to the keeper of the common jail of such county, there to be detained until discharged by the court in which the judgment was obtained, or by one of the justices of the Supreme Court, when such court or justice is satisfied that further confinement will not result in the payment of the judgment and costs.

If judgment is rendered against a body corporate, execution shall be issued against the goods and chattels of such body corporate as in other actions at law.

Any penalty recovered in any such action shall be paid to the plaintiff therein. When the plaintiff is the State Department of Health, the penalty recovered shall be paid by the department to the State Treasurer. When the plaintiff is a local board of health, the penalty recovered shall be paid by the local board into the treasury of the municipality within which the local board has jurisdiction.

11. In addition to its powers and duties otherwise provided in this act, the Public Health Council may:

12. Every local board of health shall file with the
commissioner a certified copy of every by-law or
ordinance of such board immediately upon passage
of the same.

The Public Health Council may modify or annul
any order, regulation, by-law or ordinance of any
local board of health if, after giving reasonable no-
tice and affording an opportunity to be heard to
the members of such local board, the council shall
determine that such order, regulation, by-law or
ordinance concerns a matter which affects the pub-
lic health beyond the territory over which such
local board has jurisdiction.

20. Every local health official shall furnish the commissioner with such information as the commissioner may demand, and shall perform such acts as the commissioner may direct, with regard to, and within, the territory under the jurisdiction of the local health official.

21. At least once in every year the commissioner shall call together local health officials for a general conference on the subject of the health of the people of the State, and a discussion of ways and means to promote the same and to prevent disease.

22. Each local board of health may appoint one or more of its members, officers, or employees as a delegate or delegates to attend the annual conference. The actual traveling and hotel expenses of each delegate shall be paid by the treasurer or other disbursing officer of the municipality within which the local board has jurisdiction, upon presentation by each delegate of a certificate of his appointment and a bill of his expenses duly verified by affidavit.

23. The commissioner shall call to the attention of any local board of health, by such notice as he may deem reasonable, any failure on its part to enforce the laws of the State or the provisions of the State Sanitary Code and afford such local board an opportunity to explain its failure. The determination of the commissioner as to what is a reasonable notice shall be conclusive. If, after a hearing, it is found that no good reason exists for the failure of the local board of health to enforce the law or the provisions of the State Sanitary Code, the commissioner shall issue an order directing it to do so.

If the local board fails to comply with such order within the time specified, or, if none is specified, within a reasonable time, the commissioner shall immediately take such action as may be necessary to perform the acts specified in the order.

In all legal proceedings the order of the commissioner shall be prima facie evidence of compliance with the provisions of this section, and conclusive evidence of the violation recited in the order.
24. Any contracts which the commissioner may make for the purpose of carrying out the power given to him in the second paragraph of section twenty-three of this act shall be binding upon the local municipality and shall have the same force and effect as if duly authorized and made by the local board of health.

25. Any moneys expended by the State, and the amount of all obligations incurred by the State Department, to comply with the orders mentioned in section twenty-three of this act may be recovered in an action at law, in the name of the State Department, from the municipality the local board of health of which failed to comply with the order, and when recovered shall be paid to the State Treasurer.

26. Whenever any nuisance or source of foulness within the territorial jurisdiction of any local board of health is of such a nature that, in the opinion of the commissioner, it is hazardous to the health of persons residing within the limits of the jurisdiction of such local board, the commissioner may cause a notice in writing, signed by him, to be sent to the local board, requiring it to cause the nuisance or source of foulness to be abated within such time as the commissioner by the notice may specify.

27. If no action for abatement, as provided in section twenty-six of this act shall be taken by the local board within the time specified in the notice, or if in the opinion of the commissioner the action of the local board shall not be such as the necessities of the case seem to him to require, the commissioner may file a bill in the Court of Chancery in the name of the State on the relation of the commissioner for an injunction to prohibit the continuance of the nuisance or source of foulness.

28. Whenever any nuisance or foul odors injurious to the public health within the territorial jurisdiction of a local board shall have a source of origin outside such territorial jurisdiction, the State Commissioner of Health may file a bill in
the Court of Chancery, in the name of the State, on the relation of the commissioner, for an injunction to prohibit the continuance of the nuisance or source of foulness or ill health.

29. Any action instituted under sections twenty-six to twenty-eight of this act shall proceed in the Court of Chancery according to the rules and practice in such cases on the relation of individuals. Cases of emergency shall have precedence over other pending litigation and may have final hearing within such time and on such notice as the Chancellor may direct.

30. In every such action in which it shall be ascertained by the Court of Chancery that the nuisance or source of foulness or ill health existed at the time of the filing of the bill, substantially as therein set forth, the court may abate the same by an injunction or otherwise, according to the practice of the court. The court may charge the costs of the action upon the property whereon the nuisance or source of foulness or ill health is found. Payment of the costs may be enforced by the sale of property or any part of it, by writ of fieri facias, or the court may order the persons who caused the nuisance or source of foulness or ill health, or allowed the same to continue, to pay the costs, and may enforce obedience to such order.

31. In case no such nuisance or source of foulness or ill health shall be found to exist, costs shall not be awarded against the commissioner unless it shall appear that no probable cause existed for bringing such suit.

32. Whenever the approval of the Department of Health is required to any act, plan, paper, or proposed undertaking, the commissioner or one of the bureau directors authorized for such purpose by him, shall examine the same. If such examination is made by a bureau director he shall report to the commissioner the results of his examination, together with his recommendations for action. If in conducting such examination the commissioner deems it necessary, he shall conduct hearings and examine witnesses.
33. The commissioner may cause to be made, in
the State laboratory, analyses and examinations
of samples of water, food, drugs, pathological
materials and similar substances, when requested
to do so by any official agency in this State or by
any duly licensed physician, dentist, pharmacist, or
veterinarian of this State.

The commissioner shall fix the charges to be
made for analyses and examinations and shall
make rules governing the collection and examination
of samples.

All moneys received for the analyses and exam-
inations of such samples shall be paid by the com-
missioner to the State Treasurer.

34. Subject to approval by the Governor and the
Public Health Council, the commissioner may ac-
cept and administer for the State any grant, gift
or bequest to be applied, principal or income, or
both, for the purpose specified in such grant, gift
or bequest, to the maintenance and use of any
service in, or activity of, the department.

35. Subject to approval by the Public Health
Council, the commissioner may accept the services
of any local or Federal official or agency in such
manner and in such capacities as he may deem ap-

Public Health Council, the commissioner may ap-
ply for and accept grants from the Federal Gov-
ernment or any officer or agency thereof, and may
comply with the terms, conditions and limitations
thereof, for any of the purposes of this act. Any
moneys so received may be expended by the depart-

L. 1944, c. 253).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section one of the act of which this act is amendatory is amended to read as follows:

43:16-1. In all municipalities any active member of a police department or of a paid or part paid fire department or of a county police department including active members of the paid or part paid fire departments of any fire district located in any township which has adopted the provisions of this
act, who shall have served honorably in the police or fire department for a period of twenty-five years and reached the age of fifty-one years, or any employee member of any such department who shall have served honorably in such department for a period of twenty-five years and who has reached the age of sixty years shall, on his own application, be retired on a service retirement pension equal to one-half of his average salary. Any active member of the police or paid or part paid fire department including active members of the paid or part paid fire department of any fire district as aforesaid who shall have served honorably for a period of twenty-five years and reached the age of sixty-five years and any employee member of any such department who shall have served honorably in such departments for a period of twenty-five years and reached the age of seventy years shall be retired on a service retirement pension equal to one-half of his average salary.

2. Section two of the act of which this act is amendatory is amended to read as follows:

43:16-2. Any member of such police or paid or part paid fire department who shall have received permanent disability while on duty shall be retired upon a service disability pension equal to one-half of his average salary.

A member of any such department who shall have served honorably, desiring to retire because of permanent disability not sustained while on duty, shall upon approval of his application or the application of his employer be retired on a nonservice disability pension equal to one-half of his average salary.

A member of any such department seeking to retire on a service disability or nonservice disability pension shall make application to the pension commission in writing; or the commission may, upon application of the employer, cite any such member of any such department before it to examine such member concerning his alleged disability and in either case the pension commission shall
call to its assistance the aid of a surgeon or physician, and the member may likewise call to his aid a regularly licensed and practicing physician or surgeon. The president of the board of pension commissioners is authorized to administer oaths to such physicians or surgeons or any other person called with respect to the matter before the commission. If the two physicians or surgeons so called fail to agree upon the physical or mental condition of the member, the pension commission may call a third and disinterested, licensed and practicing physician or surgeon, and the determination of a majority of such surgeons or physicians, after they shall have been duly sworn in the case, shall be reduced to writing and signed by them. The determination shall specify whether or not such member is permanently disabled from performing his usual duty and any other available duty in the department which his employer is willing to assign to him and whether or not his permanent disability occurred while on duty. The pension commission shall determine by resolution whether the member is fit for the performance of his usual duty or such other duty in his department which his employer is willing to assign to him and if it is determined that he is unfit for such duty or there is no available duty which he could perform then he shall be entitled to the benefits of this subtitle. In determining whether the member should be retired on a disability pension, the pension commission shall consider the physicians' and surgeons' determination in arriving at its decision.

The pension commission shall require any member who is less than fifty-one years of age and who shall have been retired on a service disability or nonservice disability pension to submit to a physical examination twice a year for a period of three years and once a year thereafter in order to determine whether or not the disability which existed at the time that he was retired still exists. Such examination shall be made in accordance with the same procedure in the instance of the examination.
made by virtue of a member’s application for retirement for disability. If the physicians or surgeons or a majority of them report that the member is able to perform either his former usual duties, if such be available, or such other available duties in the department which his employer shall assign to him, the pensioner shall report for such duty within ten days, and be reinstated to duty at the salary prevailing for the position at the time of his reinstatement and thereupon his pension payments shall cease. If the pensioner fails to submit to a medical examination or fails to return to duty within ten days after receiving either request or within such further time as may be allowed by the commission for valid reason, his pension payments shall be discontinued during such default. Any pensioner who may be of the opinion that he has recovered from the disability which existed at the time of his retirement may request and be granted an examination by the commission at any time and if it be found by the physicians or surgeons or a majority of them that he be fit for his usual duty or any other available duty in the department which his employer is willing to assign to him and the commission concurs therein then he shall be reinstated thereto, if such be available, at the salary prevailing for the position at the time of his reinstatement and thereupon his pension payments shall cease.

3. Section three of the act of which this act is amendatory is amended to read as follows:

43:16-3. The widow of a member of such police or paid or part paid fire department, who shall have been retired on a service retirement pension, or who shall have continued in service after becoming eligible for such pension and shall not have lost his life while on duty, or who shall have been retired on a service disability pension, and which member shall have paid into the fund the amount of his annual assessments or contributions required by section six of this act and if he shall have been retired on pension continued so to do after his
retirement and until his death, shall, if she married her husband before the date of his retirement and before he reached fifty years of age and did not marry such member while he was suffering from the last illness which resulted in his death, receive a pension for so long as she remains unmarried equal to one-half of the average salary of her deceased husband but not to exceed the sum of one thousand dollars ($1,000.00) annually for the use of herself and the children of her deceased husband, if any, under sixteen years of age, or if no widow but children under sixteen years of age or if widow dies leaving children under sixteen years of age, of the deceased member, the pension which the widow would have received had she survived shall be paid to such children.

The widow of a member who shall not have been retired but shall die before becoming eligible for a service retirement pension while still employed by the department and shall not have lost his life while on duty, and the widow of a member who shall have been retired on a nonservice disability pension and which member shall have paid into the fund the amount of his annual assessments or contributions required by section six of this act, until his death, shall, if she married her deceased husband before the date of his retirement and before he reached fifty years of age, and did not marry such member while he was suffering from the last illness which resulted in his death, receive a pension, for so long as she remains unmarried, equal to one-half of the average salary of her deceased husband, but not to exceed the sum of one thousand dollars ($1,000.00) annually, for the use of herself and the children of her deceased husband, if any, under sixteen years of age, or if no widow but children under sixteen years of age or if widow dies leaving children under sixteen years of age, of the deceased member, the pension which the widow would have received had she survived shall be paid to such children. The widow of any member who died on or after July first, one thousand
nine hundred and forty-four, and who is not receiving at the time this amendment takes effect a pension equal to the amount provided by this amendment, shall, beginning with the effective date of this act, receive a pension in the amount provided by this amendment.

If a member who shall have been retired on a service retirement pension or a member who shall have continued in service after becoming eligible for such pension and shall not have lost his life while on duty or a member who shall have been retired upon a service disability or nonservice disability pension, or a member who dies while still employed by the department but who shall not have lost his life while on duty, leaves no widow, but leaves a child or children under sixteen years of age, or if such widow dies leaving children of the deceased member, the pension which the widow would have received had she survived shall be paid to those children who have not reached sixteen years of age in equal shares, if there be three or more of them, if there be only two they shall be paid twenty dollars ($20.00) each monthly and if there be only one, the child shall be paid twenty-five dollars ($25.00) monthly, until the age of sixteen years is reached but in no event are the pensions paid to the children to exceed in the aggregate the sum of one thousand dollars ($1,000.00) annually.

If the member dies leaving no widow and no children under sixteen years of age, the pension shall be paid to the dependent parent or parents of the deceased member; but in no event shall any pension paid to a dependent parent exceed five hundred dollars ($500.00) per annum if there be one, or exceed three hundred seventy-five dollars ($375.00) per annum each if there be two.

4. Section six of the act of which this act is amendatory is amended to read as follows:

43:16–5. For the purpose of paying such pensions a fund shall be created as follows:

(a) There shall be deducted from every payment of salary to each member of the police department
and of a paid or part paid fire department in such municipality five per centum (5%) of the amount thereof if he entered the service on or before attaining the age of thirty-five years, and if he enters the service after attaining the age of thirty-five years the percentage shall be increased to such an amount as shall be determined by the pension commission to correspond to the risk arising by his additional age. There shall be deducted from every pension payment to each retired or pensioned member two and one-half per centum (2 1/2%) of the amount thereof instead of five per centum (5%).

(b) The municipality shall include in its budget, raise by taxation and pay into the fund yearly an amount equal to five per centum (5%) of the total salaries paid to the members of the police department and of a paid or part paid fire department and shall include in its budget, raise by taxation and pay into the fund yearly such additional amount or amounts as, upon the recommendation of the pension commission of the municipality, the governing body shall determine to be necessary to maintain the fund.

(c) There shall be added to the fund all fines imposed on any member of the police department and of a paid or part paid fire department, moneys given or donated to the funds, moneys deducted from the salary of any member of the police or fire department because of absence or loss of time and one-half of all rewards paid for any purpose.

(d) In addition, there shall be added one-half of the two per centum (2%) tax paid to the State Tax Commissioner, pursuant to the provisions of chapters seventeen and eighteen of the Title Taxation (sections 54:17-1 et seq. and 54:18-1 et seq.), from insurance companies of other States and foreign countries on premiums of insurance against automobile liability, automobile property damage, automobile collision and automobile fire and theft insurance risks in this State. The State Tax Commissioner shall distribute the funds so collected as follows: There shall first be deducted one per
centum (1%) of such fund, which shall be distributed pro rata among the several counties now or hereafter maintaining county police pension funds, payment being made to the county treasurer of such counties for the use of such funds. The balance of the fund remaining in the hands of the commissioner shall be distributed among the municipalities now or hereafter maintaining pension funds pursuant to this subtitle, in proportion to the membership of each of such funds on December thirty-first of the year preceding the distribution, as such membership bears to the total membership of all such funds on that date. Every such pension fund commission shall annually, on or before March first, make a report to the State Tax Commissioner, subscribed and sworn to by its president and secretary or treasurer, showing the membership of the fund on December thirty-first of the preceding year. For the purposes of this section a widow or dependent children or parent of a deceased member drawing a pension at the time shall be considered as one member. Any pension fund commission failing to make the report in any year shall forfeit its right to share in the distribution for that year and the State Tax Commissioner shall be relieved of any responsibility in that case.

If there is not sufficient money in the pension fund, the governing body shall include in its budget and in the tax levy for the next fiscal year a sum sufficient to meet the requirements of the fund for the time being.

The requirement for each municipality and county to include in its budget, raise by taxation, and pay into the pension fund established and maintained therein for members of the police department and paid or part paid fire departments the amounts so required, hereby are established and constituted as an obligation of such municipality or county.

In addition to the foregoing remedy the board may apply to the Supreme Court, or to a justice thereof, who shall have the power of the court for that purpose, upon proof by affidavits of the facts, for an order returnable in not less than two or more than ten days directing such person to show cause before the court or the justice thereof who made the order, or to any other justice, why he or she should not comply with the subpoena or order of the board, and upon the return of such order the court or justice before whom the matter may come on for hearing, shall examine under oath the person whose testimony may be relevant and such person shall be given an opportunity to be heard, and if the court or justice determines that such person shall be given an opportunity to be heard, and if the court or justice determines that such person refused, without legal excuse, to obey the command of such subpoena to be examined or to answer a proper question or to produce a record or documents which he or she was ordered to produce, said court or justice may order said person to comply forthwith with the subpoena or order of the board, and any failure to obey such order of the court or justice may be punished by the court or justice as a contempt of such Supreme Court.

15. Violations of the act. It shall be unlawful for any person (including any corporation, partnership, association or individual):

a. To represent in any way that such person is a registered nurse or to use after his or her name the abbreviation "R. N." unless such person holds a subsisting, unsuspended license as a professional nurse under this act; or

b. To represent in any way that such person is licensed as a practical nurse or to use the title

‘licensed practical nurse’ unless such person holds a subsisting, unsuspended license as a practical nurse under this act; or

c. After two years after the effective date of this act, to conduct or to represent in any way that such person conducts a school for professional nursing, unless such person holds a subsisting, unsuspended certificate of accreditation under this act.

d. After two years after the effective date of this act, to represent in any way that such person conducts a school for practical nursing approved by the board unless such person holds the subsisting, unsuspended approval of the board.

e. To obtain or attempt to obtain by fraud a license or renewal thereof or a certificate of accreditation or a renewal thereof under this act; or

f. To represent in any way that such person is authorized to issue a license for the practice of professional nursing or practical nursing or a certificate of accreditation for a school of professional nursing; or

g. To transfer, offer to transfer, or permit the use by another of any license issued under this act; or

h. Without the approval of the board, to transfer, offer to transfer, or permit the use by another of a certificate of accreditation issued under this act; or

i. Otherwise to violate any provision of this act; or

j. To aid or abet any person to violate any provision of this act.

Every person violating any of the foregoing provisions of this section shall be subject to a penalty of two hundred dollars ($200.00) for each violation, and if after conviction as hereinafter provided such person shall again violate any provision of this act, such person shall be subject to a penalty of five hundred dollars ($500.00) for each subsequent offense. A voluntary payment of a penalty for a violation of any provision of this act shall be deemed to be a conviction rendering such
person liable for the greater penalty for subsequent violations, and the continuation of an offense after conviction shall be deemed to be a subsequent offense.

16. Recovery of penalties provided in section 15. The penalties provided for by section fifteen shall be sued for and recovered by and in the name of the board. Every district court and every court of common pleas is hereby empowered, upon the filing of a complaint in writing duly verified, which verification when made by any member of the board may be made upon information and belief, that any person has violated any provision of this act, to issue process at the suit of the board as plaintiff. The process shall be either in the nature of a summons or a warrant, which process may issue without an order of the court or judge first being obtained against the person so charged, which process, when in the nature of a warrant, shall be returnable forthwith, and when in the nature of a summons shall be returnable in not less than five nor more than fifteen entire days; and such process shall state what provision or provisions of the law are alleged to have been violated by the defendant. The officers to serve and execute all process under this section shall be the officers authorized to serve and execute process in said courts. In any action to recover such penalty, the certification of any member of the board under the seal of the board, that at the time of the offense charged the defendant was not licensed or the defendant's license was suspended, shall be received in evidence and shall be prima facie proof of the facts so certified.

17. Judgment; commitment of defendant for non-payment; defendant to be detained, unless bond filed, upon adjournment of trial. Upon the return of such process, or at any time to which the trial shall be adjourned, the court shall proceed in a summary manner, without a jury, to hear testimony and to determine and give judgment in the matter without the filing of any pleadings of the
plaintiff for the recovery of such penalty, with
costs, or for the defendant. If judgment be ren-
dered for the plaintiff the court shall cause any
defendant, who refuses or neglects forthwith to
pay the amount of the judgment rendered against
such defendant and all the costs and charges inci-
dent thereto, to be committed to the county jail for
a period of not less than ten days and not exceed-
ing one hundred days in the case of a first convic-
tion, and for a period of not less than thirty days
and not more than two hundred days in the case
of a subsequent conviction. The district court or
court of common pleas shall have power to adjourn
the hearing or trial from time to time, but, except
in cases in which the first process was a summons,
it shall be the duty of the judges thereof to detain
the defendant in safe custody, unless the de-
fendant shall enter into bond to the board, with at
least one sufficient surety in double the amount of
the penalty claimed, conditioned for the defend-
ant’s appearance on the day to which the hearing
shall be adjourned, and thence from day to day
until the case is disposed of, and to abide by the
judgment of the court. The bond, if forfeited, may
be prosecuted by the board. All penalties recovered
for any violations of this act and all recoveries
upon such bonds shall be paid to the board. Neither
the commitment of a defendant nor the confinement
of a defendant for all or any period prescribed in
the commitment shall be deemed to constitute pay-
ment of the judgment.

18. Form of conviction. The convictions in pros-
cution under this chapter shall be in the following
or similar form:

"State of New Jersey
County of ................."

Be It Remembered, that on this ............
day of ................. at .................,
in said county, C. D., defendant, was by (the
district court of ................., or the court
of common pleas of the county of ............, as the case may be), convicted of violating section ........ of chapter ........ of the laws of one thousand nine hundred and forty-seven, in a summary proceeding at the suit of the New Jersey Board of Nursing upon a complaint made by ......................; and further, that the witnesses in said proceeding who testified for the plaintiff were (name them), and the witnesses who testified for the defendant were (name them).

Wherefore, the said court doth hereby give judgment that the plaintiff recover of the defendant ................ dollars, penalty, and ................................ dollars, cost of this proceeding."

19. Signing of conviction; form of commitment. The conviction shall be signed by the judge of the court before whom the conviction is had. If the defendant is committed to jail in default of payment of the penalty, a commitment in the following form shall be added, beneath the judge’s signature, to the conviction:

"And the said C. D., neglecting and refusing to pay the amount of the penalty above mentioned, with costs, it is hereby ordered that the said C. D. be, and he (or she) hereby is, committed to the common jail of the county of ............... for the period of ............. days, unless the said penalty and costs are sooner paid." This commitment shall also be signed by the judge, and in case of commitment of any defendant to jail, the conviction and commitment shall be signed in duplicate, and one of the duplicate copies shall serve the purposes of a warrant of commitment.

20. Signing and sealing of process; docketing of judgments in district courts; issuance of execution. The clerk of any district court or of any court of common pleas may sign and seal any process required to be issued under this section, except a warrant of commitment. The costs recoverable in
any such proceeding shall be the same as costs
taxed in actions in said courts, and shall be re-
covered by the board in the event of the conviction
of the defendant. A judgment recovered for a
penalty under the provisions of this section in any
district court may be docketed in the same manner
as judgments in said court are docketed under the
provisions of article fourteen of chapter thirty-two
of the Title, Administration of Civil and Criminal
Justice (2:32-186 et seq.). Execution may issue
for the collection of any judgment obtained under
this section against the personal property and body
of the defendant without an order first obtained for
that purpose.

21. Court of Chancery jurisdiction to restrain
violations of this act. The Court of Chancery of
this State is hereby vested with the jurisdic-
tion and discretionary power at the suit of the
Attorney-General or of the board to prevent and
restrain any violation of this act.

22. Section 18:20-4 of the Revised Statutes is
hereby repealed. Sections 45:11-1 to 22, inclusive,
of the Revised Statutes are hereby repealed; pro-
vided, however, that the said sections shall con-
tinue in effect for the following purposes, the
necessary powers and duties vested by said sec-
tions in the New Jersey State Board of Examiners
of Nurses being hereby transferred to the board:
a. to complete all proceedings with reference to
applications for registration under said chapter
filed with the New Jersey State Board of Examin-
ers of Nurses prior to the effective date of this act;
b. to complete and to institute and complete all
proceedings for revocation of certificates of regis-
tration issued under that chapter by reason of any
facts arising prior to the effective date of this act.

The board is hereby empowered to take over and
complete all unfinished undertakings or projects of
the New Jersey State Board of Examiners of
Nurses and to assume and pay all obligations in-
curred by that board.
23. Should any section or provision of this act or its application to any person in any situation be held to be invalid for any reason by any court of competent jurisdiction, such invalidity shall not affect the validity of this act as a whole or any part thereof, other than the portion or the application of any portion so held to be invalid.

24. This act shall take effect immediately.
Approved June 11, 1947.

Notwithstanding any provisions to the contrary contained in the act to which this is a supplement, the discretion conferred upon such board of chosen freeholders, common council, governing body, board of education, board, body or officer by whatsoever name, of any county, municipality or school district, is hereby limited so that in the exercise thereof there shall be no discrimination among the persons holding office, position or employment in such department.

Bonus payments on the basis of a percentage of salary, pursuant to the act to which this is a supplement, shall not be deemed to be discriminatory under this act; *provided,* that the same percentage of salary or the same amount of bonus shall be granted to all permanent employees within the specified salary ranges. The provisions of this act shall not be deemed to entitle any persons to a bonus or to authorize the payment of a bonus to any person whose regular annual rate of the usual or regular salary or pay is more than five thousand dollars ($5,000.00) per annum, for any period either preceding or following the adoption of this act.

Such person, firm or corporation shall thereafter be precluded from disposing of said property rights until said lien is satisfied or until the holder of the lien consents thereto.

If the member has not had twenty years of service or if such person as he shall have nominated is other than a widow, such person as he shall have nominated may elect to receive the amount payable in one sum or in equal installments as an annuity certain over a period of years or as a life annuity, with interest computed at the regular rate of four percentum (4%) per annum.

The provisions of this section shall apply to the widow of any contributor with credit for twenty or more years of total service before retirement who died between April twenty-first, one thousand nine hundred and forty-four, and May first, one thousand nine hundred and forty-six.

If any clause, sentence, paragraph, or part of this subdivision or the application thereof to any person or circumstances, shall, for any reason, be adjudged by a court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder of this subdivision, and the application thereof to any other person or circumstances, but shall be confined in its operation to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which such judgment shall have been rendered and to the person or circumstances involved.

2. Upon the concurrence of the State of New York herein, in accordance with section four of this act, the States of New Jersey and New York agree that section ten of chapter forty-three of the laws of New Jersey of one thousand nine hundred and forty-seven, entitled "An act to facilitate the financing and effectuation of air terminals by the Port of New York Authority and agreeing with the State of New York with respect thereto," and the corresponding provisions of any act of New York, heretofore or hereafter adopted, concurring in said chapter forty-three of the laws of New Jersey of one thousand nine hundred and forty-seven, shall be and it hereby is amended to read as follows:

10. The Port Authority may make application directly to the proper Federal officials or agencies for Federal loans or grants in aid of air terminals owned or operated by it; provided, that if either State shall have or adopt general legislation governing applications for Federal aid for air term-
inals by municipalities of such State, or the receipt or disbursement of such Federal aid by or on behalf of such municipalities, then such legislation shall at the option of such State apply to applications by the Port Authority for Federal aid for air terminals located in such State and to the receipt and disbursement of such Federal aid by or on behalf of the Port Authority, in the same manner and to the same extent as other municipalities of such State. Except as above provided, and except as otherwise provided in any agreement between the Port Authority and a municipality, no agency or commission of either State shall have jurisdiction over any air terminals under the control of the Port Authority, and all details of financing, construction, leasing, charges, rates, tolls, contracts and the operation of air terminals owned or controlled by the Port Authority shall be within its sole discretion and its decision in connection with any and all matters concerning such air terminals shall be controlling and conclusive.

3. Section fifteen of the act of which this act is amendatory is amended to read as follows:

15. Subject to the foregoing limitations, the Port Authority may exercise the right of eminent domain or condemnation to acquire real property for air terminal purposes as set forth in this section:

(a) As used in this section, unless otherwise expressly stated or unless context or subject matter otherwise requires, the following terms shall mean:

(1) "Days": Calendar days exclusive of Sundays and full legal holidays.

(2) "Owner": A person having an estate, interest or easement in the real property being acquired or a lien, charge or encumbrance thereon.

(b) Whenever the Port Authority shall determine that it is necessary to acquire real property
for air terminal purposes for the public use by the exercise of the right of eminent domain or condemnation, it shall prepare three similar surveys, diagrams, maps, plans or profiles of the real property being acquired, stating thereon that the Port Authority has determined that it is necessary to acquire said property, and the amount or valuation at which each parcel of real property to be acquired has been assessed for purposes of taxation on the tax rolls for each of the three years preceding, and if the interest being taken shall be less than the fee, the estimated value of such interest; one of such surveys, diagrams, maps, plans or profiles shall be filed in the office of the secretary of the Port Authority, the second shall be filed in the office in which instruments affecting real property are required to be recorded, in the county in which such real property is situated, and the third copy shall be filed in the office of the Clerk of the Supreme Court; and it shall file in the office of the clerk of the county where the real property to be acquired or any part thereof is situated a notice of the pendency of a proceeding for the acquisition of such property. Such notice shall briefly state the object of the proceeding and shall contain a brief description of the real property being acquired thereby. It shall also state the names of such of the owners of such real property as may be known to the Port Authority, and in case any of the owners are unknown, a statement to that effect shall be made in such notice. Such notice, from the time of filing, shall be constructive notice to a purchaser or encumbrancer of the real property affected thereby from or against any person interested as owner with respect to whom the notice is directed to be indexed.

It shall be lawful for the duly authorized agents of the Port Authority, and all persons acting under its authority and by its direction, to enter in the daytime into and upon such real property which it shall be necessary so to enter, for the purpose
of making such surveys, diagrams, maps or plans, or for the purpose of making such soundings or borings as the Port Authority may deem necessary.

(c) Whenever any land or other property taken for public use shall lie or be in two or more counties, all reports, petitions, orders and other papers required to be filed shall be filed in the clerk’s office of the county in which the greater part in value of the land or other property is situate and a certified copy thereof shall be filed and recorded in the clerk’s office of the other county or counties. The commissioners, if any be designated, shall be residents of the county in which the greater part in value of the land or other property is situate.

(d) Upon the filing of the lis pendens, the Port Authority shall cause notice by advertisement to be published on one day in each of four successive weeks in a newspaper published and of general circulation in the county in which the real property to be acquired is located, of its intention to make application to one of the justices of the Supreme Court, at a time and place to be stated in such notice, to have the compensation which should justly be made to the respective owners of the real property proposed to be taken, ascertained and determined by the justice. Such notice shall indicate the real property to be taken by a general description and by reference to the map on file in the office of the Port Authority, in the office in which instruments affecting real property are required to be recorded, and in the office of the Clerk of the Supreme Court.

(e) In addition to the provisions contained in subdivision (d) above, written notice of the application shall be given by the Port Authority to the owners of all property affected by the proceeding at least ten days prior to such application, by mailing the same to such owners at the address registered or filed with the collector of taxes for the purpose of forwarding to them bills for taxes or assessments. Such notice shall state the pur-
pose for which the property is to be acquired and the date when such application will be presented and shall contain a copy of such application. Failure to comply with the directions contained in this subdivision shall not invalidate or affect the proceeding.

(f) Upon the application to condemn, the Port Authority shall present to the justice a verified petition setting forth:

(1) The action had by the Board of Commissioners of the Port Authority with reference to the proceeding;

(2) The real property to be acquired therein by setting forth a specific description thereof, and its location with reasonable certainty and by reference to the map on file in the office of the Port Authority, in the office in which instruments affecting real property are required to be recorded, and in the office of the Clerk of the Supreme Court, a copy of which shall be attached to the petition;

(3) The amount of valuation at which each parcel of the real property to be acquired has been assessed for purposes of taxation on the tax rolls for each of the three years preceding the date of the petition, or if the interests being taken shall be less than the fee, the estimated value of such interest;

(4) A prayer that the real property described therein be condemned.

(g) At the time and place mentioned in the notice published pursuant to subdivision (d) hereof, unless the justice shall adjourn the application to a subsequent day, and in that event, at the time and place to which such application may be adjourned, upon due proof to his satisfaction of the publication and mailing of such notice and upon filing such petition, the justice shall enter an order granting the application, which order shall be filed in the office of the Clerk of the Supreme Court.
The Port Authority shall, within ten days after the entry of such order, cause a certified copy thereof to be recorded in the office where instruments affecting real property are required to be recorded, in every county in which any part of the real property affected is situated, in the same manner as deeds are recorded, and the register of deeds or county clerk with whom such certified copy shall be recorded, shall index the same in the same manner as recorded deeds are indexed.

(h) The Port Authority, after the filing of the order granting the application to condemn, shall cause to be published on one day in each of four successive weeks in a newspaper published and of general circulation in the county in which the real property to be acquired is located, a notice containing a general description of the real property to be acquired, a statement that such order has been filed and requiring that all owners of such real property shall, on or before a date specified in the order granting the application, file in the office of the Clerk of the Supreme Court, a written claim or demand, duly verified, setting forth the real property owned by the claimant, his post-office address, and the nature of his interest in said real property. The claimant shall within the same time serve on the Port Authority a copy of such verified claim.

(i) Proof of title to the real property to be acquired, where the same is undisputed, together with proof of liens or encumbrances thereon, shall be submitted by the claimant to the Port Authority. The Port Authority shall serve upon all parties or their attorneys who have served upon it copies of their verified claims, a notice of the time and place at which it will receive such proof of title. Where the title of the claimant is disputed, such dispute shall not act as a stay of the proceeding to determine the value of the property to be taken, but the proceeding shall continue in the same manner as if there were no dispute as to the title, and the award, if any, shall be
paid into the Court of Chancery by order of the Chancellor, and shall there be distributed, according to law, on the application of any person interested therein. Written notice given to the owner or owners and to persons interested that such moneys have been so paid into court shall have the same effect as if the moneys so awarded had been actually tendered to the owner or persons entitled thereto. Notice by advertisement in such manner as the Chancellor shall direct shall be deemed sufficient notice.

(j) After all parties who have filed verified claims, as provided in subdivision (h) hereof, have proved their titles, or have failed to do so after being notified by the Port Authority of the time and place where such proof of title would be received, the Port Authority shall apply to a justice of the Supreme Court for leave to bring on before him upon a day to be fixed by said justice a hearing upon the claim so filed, or in case no claims are filed, to fix the amount to be paid for such lands.

In order to advise the said justice, he may appoint three commissioners to view said lands, and to advise him what damages, if any, should be assessed for the taking of such lands. The commissioners shall proceed under such directions and rules as shall from time to time be fixed by the said justice to view the lands, to hear such evidence as they may desire, and to fix such sum, if any, that in their judgment will represent the fair value of the lands so taken. The said justice may review such findings and shall not be bound thereby, but may alter or reject such findings in such manner as will, in his judgment, fairly protect the interests of the parties, and such review may be made either with or without further hearing. The commissioners so appointed to advise said justice shall make their report to him within one hundred days from the date of their qualification.

After said justice shall have ascertained and estimated the compensation which should justly
be made by the Port Authority to the respective owners of the real property being acquired, he shall then order that judgment be entered in the amount so determined.

(k) It shall be the duty of the justice, or the commissioners designated by him, to view the real property to be acquired. Where title to real property being acquired in a proceeding shall have been vested in the Port Authority, and buildings or improvements situated thereon shall have been removed or destroyed by the Port Authority or pursuant to its authority prior to the proceeding, and whereby the justice is, or the commissioners are, deprived of a view of the buildings or improvements so removed or destroyed, the fact that the justice has not had, or the commissioners have not had a view thereof, shall not preclude the justice or the commissioners from receiving in the proceeding, testimony and evidence as to the damage sustained by the claimant by reason of the taking thereof, when offered on behalf of either the claimant or the Port Authority.

(l) No evidence shall be admitted in the proceeding, as against an owner of real property being acquired, of an offer made by or on behalf of such owner for the sale of his property or any part thereof to the Port Authority, or for the sale or assignment of any right and title to the award or awards, or any part thereof, to be made for such property or any part thereof, in the proceeding; nor shall any evidence be received, as against the Port Authority, of any offer made to such owner, by or on its behalf, for the purchase of such property or any part thereof or for the purchase of the award or awards or any part thereof, to be made for such property, or any part thereof, in the proceeding.

(m) The Port Authority shall furnish to the justice such surveys, diagrams, maps, plans and profiles as the justice shall require, to enable the justice to hear and determine the claims of the owners of the real property affected by the pro-
ceeding. Such surveys, diagrams, maps, plans and profiles shall distinctly indicate by separate numbers, the names of the claimants to, or of the owners of the respective parcels of real property to be taken in such proceeding, so far as the same are known, and shall also specify in figures with sufficient accuracy the dimensions and bounds of such real property. Where possible, such real property shall be designated on such maps by the same ward or block and lot numbers or other designations as shall be used to designate such real property on the tax books and tax maps of the taxing agency in which it is located. The justice may require the Port Authority to furnish such other surveys, diagrams, maps, plans and profiles and such other information as shall aid and assist the justice in the proceeding.

(n) The Port Authority, or any party or person affected by the proceeding and aggrieved by the judgment made therein as to awards may petition the Supreme Court or a justice thereof for a writ of certiorari to review the proceeding in accordance with the provisions contained in chapter eighty-one of Title 2 of the Revised Statutes. If the judgment entered in the proceeding to condemn should be reversed upon any subsequent review, such reversal shall not divest the Port Authority of title to the real property thereby affected.

(o) All damages awarded by the justice, with interest thereon from the date of the filing of the judgment, or if the title to the real property acquired shall have vested in the Port Authority prior thereto, from the date of such vesting, shall be paid by the Port Authority to the respective owners to whom the damages were awarded in the judgment, within two calendar months after the entry of the judgment, without further order of the court, or application for such payment by said owners. Property owners appearing in the proceeding shall not be entitled to recover counsel fees, costs, disbursements or allowances. Any
outstanding taxes, assessments or other liens shall be deducted from the amount of the award and no interest shall be paid by the Port Authority upon the sum or sums so deducted. Payment of an award to a person named in the judgment as the owner thereof, if not under legal disability, shall in the absence of notice in writing to the Port Authority of adverse claims thereto protect the Port Authority and shall be a full acquittance and release of all claims to said award.

In case there shall be a dispute as to title, or the party entitled to receive the amount assessed by the justice shall refuse upon tender thereof to receive the same, or shall be out of the State or under any legal disability, or in case several parties being interested in the fund shall not agree as to the distribution thereof, or in case the lands or other property taken are encumbered by mortgage, judgment or other lien, or if for any other reason the Port Authority cannot safely pay the amount awarded to any person, in all such cases, on petition to the Chancellor, to which shall be annexed a copy of the petition in condemnation and of the findings of the justice or commissioners, if there be any, the amount awarded may be paid into the Court of Chancery by order of the Chancellor, and shall there be distributed according to law, on the application of any person interested therein. Written notice given to the owner or owners and to persons interested that such moneys have been so paid into court shall have the same effect as if the moneys so awarded had been actually tendered to the owner or persons entitled thereto. Notice by advertisement in such manner as the Chancellor shall direct shall be deemed sufficient notice.

(p) The Port Authority may pay to the person entitled to an award for real property acquired in a proceeding, in advance of the final judgment, a sum to be determined by the Port Authority, not exceeding sixty per centum (60%) of the assessed value of the real property taken less the
liens and encumbrances of record thereon; provided, that when the real property taken shall be less than the fee, then such sum shall not exceed sixty per centum (60%) of the amount set forth in the petition as the estimated value of such interest, less the liens and encumbrances thereon. If the Port Authority shall make a partial payment in advance either pursuant to this subsection or pursuant to section nine hereof, interest on the sum so paid in advance shall cease to run on and after a date five days after such person shall have been notified by mail or otherwise that the Port Authority is ready to pay the same. In case the person entitled to an award at the date of the vesting of title to the real property in the Port Authority shall have transferred or assigned his claim, such transfer or assignment made by him, or by his successor in interest or legal representative, shall not become binding upon the Port Authority unless the instrument or instruments evidencing such transfer or assignment shall have been filed in the office of the Port Authority prior to any such advance payment. When any such advance payment shall have been made, the Port Authority, on paying the awards for the real property acquired, shall deduct from the total amount allowed as compensation the sum advanced plus interest thereon from the date of the payment of such advance to the date of the final judgment, and the balance shall be paid as hereinafter provided in subdivision (o) hereof.

(q) In any proceeding hereunder, in which title to the real property to be acquired shall have become vested in the Port Authority prior to the entry of final judgment, the Port Authority shall have power and is hereby authorized to purchase from the owners of such real property at the date of the vesting of title thereto, or their successors in interest or legal representatives, their right and title to the award or awards, or any part thereof, to be made in such proceeding and to take an assignment thereof to the Port Authority.
(r) No pledge, sale, transfer or assignment of an award by the person entitled to receive the same by virtue of the judgment or by other order of the justice, shall be valid unless the instrument evidencing such pledge, sale, transfer or assignment shall be acknowledged or proved as instruments are required to be acknowledged or proved for the recording of transfers of real property and shall be filed in the office of the Port of New York Authority. Every such instrument not so filed shall be void as against any subsequent pledgee or assignee in good faith and for a valuable consideration from the same pledgor or assignor, his heirs, administrators or assigns, of the same award or any portion thereof, the assignment of which is first duly filed in the office of the Port Authority. The Port Authority shall maintain in its office a record of all pledges or assignments filed with it under the provisions hereof.

(s) The justice at any time may correct any defect or informality in any notice, petition, pleading, order or judgment in the proceeding, or cause real property affected by such defect, informality or lack of jurisdiction to be excluded therefrom or any other real property affected by such defect, informality or lack of jurisdiction to be included therein by amendment upon ten days’ notice published as provided for the institution of the proceedings and may direct such further notices to be given to any party in interest as it shall deem proper.

(t) The Board of Commissioners of the Port Authority by resolution may abandon any proceeding as to the whole or a part of the lands to be acquired in such proceeding, at any time before title to the real property to be thereby acquired shall have vested in the Port Authority, and may cause new proceedings to be taken for the condemnation of such real property. In case of such abandonment, however, the reasonable actual cash disbursements, necessarily incurred and made in good faith by any party interested, shall be paid
by the Port Authority, after the same shall have been taxed by a justice of the Supreme Court, upon ten days' notice of such taxation being previously given to the Port Authority, provided the application to have such disbursements taxed shall be made and presented to the justice within one year after the adoption of the resolution of the Board discontinuing the proceeding in whole or in part. For the purposes of this section, the fair and reasonable value of the services of an attorney retained by any interested party to represent his interests in said condemnation proceeding, whether on a contingent fee basis or otherwise, if such retainer be made in good faith, shall be deemed to be an actual cash disbursement, necessarily incurred by such interested party and shall be taxable in the same manner as other disbursements. The amounts taxed as disbursements shall be due and payable thirty days after written demand for payment thereof shall have been filed with the Port Authority.

(u) The title to any piece or parcel of the real property, or any interest therein, authorized to be acquired hereunder shall be vested in the Port Authority upon the entry of the order granting the application to condemn. The Port Authority, however, may direct that the title shall be vested in the Port Authority upon a specified date after the date of the entry of the order granting the application to condemn, or upon the date of the filing of the final judgment, but not later than the date of the filing of the final judgment. Upon the date when title to the real property shall have vested as herein provided, the Port Authority shall become and be seized in fee of or of an easement in, over, above, through, upon or under such real property or such other interest therein as may have been specified, the same to be held, appropriated, converted and used for the purposes for which the proceeding was instituted. The Port Authority or any person acting under its authority shall immediately or at any time thereafter take
possession of such property without suit or other judicial proceedings.

(v) Where the whole of any lot or parcel of real property, under lease or other contract, shall be taken, all the covenants, contracts and engagements between landlord and tenant and other contracting parties touching the same or any part thereof, upon the vesting of title in the Port Authority, shall cease and determine and be absolutely discharged. Where a part only of any lot or parcel of real property so under lease or other contract shall be so taken, all contracts and engagements respecting the same, upon such vesting of title, shall cease and determine and be absolutely discharged as to the part thereof so taken, but shall remain valid and obligatory as to the residue thereof. All tenants in possession of such premises at the time of the vesting of title thereto in the Port Authority shall become tenants at will of the Port Authority unless within ten days after the vesting of title they shall elect to vacate and give up their respective holdings.

4. This act shall take effect upon the enactment into law by the State of New York of legislation having an identical effect with sections one and two of this act, but if the State of New York shall have already enacted such legislation, then this act shall take effect immediately.

Approved June 20, 1947.

Any proceeding instituted under the provisions of this act shall be commenced by the filing of a verified petition in the office of the Clerk of the Court of Chancery.
7. The petition shall set forth the said tax fore-

this act. The petition shall also include a descrip-

list the said recording officer shall forthwith index
the same in the appropriate book so kept. Every
name of an owner set forth in the copy of the peti-
tion so filed shall be indexed in said book according
to each such name. No other recording or index-

10. In any proceeding under this act, no personal decree shall be entered against any person for taxes, assessments, other municipal charges, interest, penalties, or costs of collection, or any part thereof, or for any costs allowable under this act.

11. The court shall, upon application of the petitioner, make an order designating one newspaper, circulated in the county wherein the lands to be affected are located for the publication of a notice of foreclosure in the form hereinafter required. Upon such designation being made, the petitioner shall thereupon cause such notice to be published once in the designated newspaper. No final decree shall be entered in the proceeding without the filing in the Court of Chancery of proof, by affidavit, of such publication.

12. The said notice, so to be published, shall include a copy of the tax foreclosure list and such other matters as appear in the form below and in addition to such publication the notice shall be posted and mailed as hereinafter directed. The notice shall be substantially in the following form:

Any person desiring to protect a right, title or interest in the described real property or any parcel thereof by redemption or to contest petitioner's right to foreclose must do so by paying the amount required to redeem as set forth below, plus interest to the date of redemption and such costs as the court may allow, prior to the entry of a decree herein, or by filing an answer to the petition setting forth respondent's defense within forty-five days after the date of the publication of this notice.

(Date of publication)

The notice shall be signed by the solicitor of the petitioner.

13. After the expiration of a period of forty-five days from the date of the publication of the said
notice, the court may enter a final decree forever 
barring the rights of redemption of any and all 
persons who have neither redeemed nor answered.

14. Any person having or claiming to have a 
right, title or interest in, or to, or lien upon, any 
real property may file with the tax collector of 
the taxing district wherein such real property is 
located, a request for notice of the filing of any 
petition filed under this act. Such request shall 
state the name, residence and post-office address, 
and a description of the parcel of real property 
in which such person is interested, according to 
the lot and block number, as shown in the current 
tax duplicate of the taxing district. Any petitioner 
under this act shall, within fifteen days after the 
date of the publication of the said notice, mail, or 
cause to be mailed a copy of the notice, required 
to be mailed to respondents, to any person who 
shall have filed any such request applicable to a 
parcel of real property to be affected by the peti-
tion, and no final decree shall be entered as to any 
parcel of real property without the filing in the 
Court of Chancery of proof of such mailing to 
all persons who shall have filed requests, as pro-
vided in this section, and which are applicable to 
the parcel of real property to be affected by the 
decree.

15. The petitioner shall, within fifteen days after 
the date of the publication of the said notice, cause 
the copy of such notice to be posted in the office of 
the tax collector of the petitioning municipality, 
and in the county clerk’s office of the county in 
which the property to be affected by the proceed-
ing is situated and in three other conspicuous 
places within the taxing district in which the prop-
erty is located. The petitioner shall also cause a 
copy of such notice to be mailed to the last known 
address of each last known owner of property 
affected thereby as the same appears upon the 
county records and the municipal tax record, and 
such mailing need not be by registered mail. The 
petitioner shall file an affidavit of such posting and
mailing with the Clerk in Chancery, but the failure of any person to receive such notice by mail shall not affect the validity of any proceedings brought pursuant to this act. Any person whose record ownership of the property to be affected is not disclosed by a search of the county records covering the period of sixty years last past before the filing of the petition shall be deemed to be a respondent in the proceeding, but the petitioner shall not be required to mail a notice to any such person or to search the county records prior to the last record of ownership.

16. The notice to a corporate respondent not having a registered agent may be mailed in care of any officer of such corporation or to the Secretary of State. The notice to any respondent under the age of twenty-one years shall be mailed to the respondent and also to the parent, guardian or other representative as shown by any record on file in the county wherein the real property to be affected is located, of the respondent.

The notice to a mental incompetent shall be mailed to the incompetent and also to the guardian, or other representative as shown by any record on file in the county wherein the real property to be affected is located, of the incompetent or person standing in loco parentis to the incompetent, and an executive official of an institution in which the incompetent is an inmate shall be deemed to be a person in loco parentis to an incompetent inmate.

The notice to the State of New Jersey shall be mailed to the Attorney-General and there shall be appended to the notice a copy of the petition and a statement as to which parcels of real property are, or may be subject to the State’s interest or lien and the nature of such interest or lien.

17. Any person, corporation or association having, or claiming to have, a right, title or interest in, or to, or lien upon, any real property to be affected by a proceeding under this act which arises or occurs under any deed, mortgage, or
other instrument, judgment, decree, will, intestate succession, devolution of title, operation of law, or in any other manner, subsequent to the filing of a petition in the Court of Chancery, under the provisions of this act, may upon his, or its, application to the Court of Chancery intervene in the proceeding and become a respondent therein, but it shall be unnecessary for the petitioner to make any such person, corporation or association a party respondent to the proceeding, and any such person, corporation or association having any such interest does not so intervene and become a party to the proceeding shall be barred and forever foreclosed of all such right, title, interest, claim, lien or right of redemption by the decree, or decrees, in the proceeding.

In the event that any respondent in the proceeding shall die after the mailing to such respondent of the notice of the proceeding, as provided in this act, the proceeding shall not abate and his personal representatives, heirs and devisees shall be bound by the proceeding and the petitioner shall not be required to make them, or any of them, respondents in the proceeding, but they shall have the right to apply to the court for leave to intervene in the proceeding as respondents in the same manner and to the same effect as in the case of persons whose right or interest accrues subsequent to the filing of the petition in the Court of Chancery.

18. The court shall, upon application and notice, at any time after the petition is filed, fix the costs of the proceedings, which shall include reasonable search fees, disbursements incurred by the petitioner, and by its solicitor, and a counsel fee commensurate with the services rendered, in addition to the other fees and expenses provided for in chapter five of Title 54 of the Revised Statutes, and other statutes and rules of the court regulating the practice and procedure in the court, which costs and fees shall be added to the amount required to redeem the several parcels of real prop-
property subject to redemption in the proceeding and
equitably allocated or apportioned.

19. Redemption shall be made at the office of the
tax collector.
Redemption may be made at any time after the
filing of the petition, and before final decree, and
when so made shall be deemed to be made in the
cause. The petitioner or its solicitor shall promptly
file a statement with the Clerk in Chancery setting
forth that redemption has been made in respect
to any parcel of real property described in the
petition which is redeemed. The petitioner or its
solicitor shall also file a similar statement with the
county recording officer which shall operate
to discharge the notice effective as a lis pendens, pur­
suant to section eight of this act. Any person
making redemption shall be entitled to receive
from the tax collector a certificate of redemption
and a duplicate thereof and may file such duplicate
with the county recording officer in lieu of and
with the same effect as a statement of redemption
signed by the petitioner or its solicitor, as provided
in this section.

20. Any person having or claiming to have an
interest in any parcel of real property described in
the petition may file an answer within the time
hereinabove set forth, setting forth in detail the
nature of the respondent's interest and the grounds
of his defense.

21. No omission of any of the procedures or ac­
tions required by law in relation to levy and as­
essment shall be a defense or objection to the
foreclosure of any tax lien title included in the
petition unless it be also made to appear to the
court that such omission has been prejudicial to
the answering respondent.

22. In any proceeding brought under the provi­
sions of this act, if a respondent shall answer and
set up as a defense thereto the invalidity of the tax
or other municipal lien or the invalidity of the pro­
ceedings to sell, or the invalidity of the sale, such
an answer shall operate as a stay of the proceed­
ings in the Court of Chancery for four months from the date of the filing of such answer, to enable such respondent to apply for a writ of certiorari to review the legality of the tax lien, the proceedings to sell or the sale, and if such a writ shall issue, the proceedings shall be stayed until the final determination of the writ shall have been made. If the respondent fails to obtain a writ of certiorari for said purposes within four months after the filing of the answer, the court shall strike out such part of the answer as denies the validity of the tax lien or legality of proceedings to sell or the sale, and shall proceed as if no such defense had been interposed. No writ of certiorari shall be allowed in any case under this act unless an answer has been filed within the time limited or in any event after the expiration of four months from the filing of an answer denying the validity of the tax lien for which the lands were sold and certificate issued, or denying the legality of the proceedings to sell the lands or denying the legality of sale if such answer be filed.

23. Upon the filing of an answer, the court shall hear and determine the issues raised by the petition and answer in the same manner and under the same rules as it hears and determines other issues, except as in this act otherwise provided. Upon the filing of an answer petitioner or respondent shall have an absolute right to the severance of the proceedings as to any parcel or parcels of real property in relation to which said answer has been filed, upon written demand therefor. The petitioner shall have an absolute right to discontinue as to any parcel or parcels of real property to be affected by the proceeding. Upon any such severance, the further proceedings in respect to the parcel or parcels of real property involved shall be deemed to be the subject matter of a separate and distinct proceeding, and the petitioner shall be liable for and shall pay to the Clerk of Chancery the fees and costs, as in the case of the commencement and prosecution of a new, separate and distinct proceeding.
CHAPTER 333, LAWS OF 1947

24. The court shall determine and find upon such proof by affidavit, testimony of other evidence whether there has been due compliance by the petitioner with the provisions of this act. If an answer is filed, the party shall be entitled to a trial and hearing as fully as in suits in equity in the Court of Chancery. If no answer has been filed, such proof may be made by the verified petition and affidavits required under this act, together with an affidavit of nonredemption. If any respondent is a person under the age of twenty-one years or mentally incompetent and no appearance is made or answer filed on behalf of such person, the petitioner shall apply to the Chancellor to have a special guardian appointed for such person and no final decree shall be entered affecting the rights of such person until after a special guardian appointed by the Chancellor shall have filed a report setting forth the facts respecting the interest of such person and any other pertinent facts, and the Chancellor shall have determined upon such report what, if any, other or further action shall be taken on behalf of such person, or that such other or further action be dispensed with. Any such special guardian shall be compensated for his services by the petitioner and the Chancellor shall fix the amount of such compensation. The appointment of a special guardian shall in no wise preclude an appearance and answer by a general or other guardian of such person, or redemption for or on behalf of such person by any one authorized to act for or represent such person. Upon satisfactory proof of such compliance the court shall make a final decree granting the relief provided by this act. Such decree shall contain a description of the affected real property by metes and bounds as described in the petition or by reference to a map filed in the office of the county recording officer, including a recital of the name or names of the grantee or grantees appearing in the petition, together with such other explanatory description of the tax duplicate designations of the respective

parcels affected, as the petitioner may desire to insert. Upon the entry of such decree and the recording of a certified copy thereof in the office of the county recording officer, the petitioner shall be seized of an estate in fee simple, absolute, in such real property and all other persons, including the State of New Jersey, and political subdivisions thereof, infants and incompetents, absentees and nonresidents of the State of New Jersey, and unknown owners, who may have had any right, title, interest, claim, lien or right of redemption in or upon such lands.

25. The Court of Chancery, upon filing of the petition, may give full and complete relief in accordance with the provisions of this act and in accordance with any other statutory authority and with the practice of the court, to bar the right of redemption and to foreclose all prior or subsequent alienations and descents of the lands and encumbrances thereon, and to decree an absolute and indefeasible estate of inheritance in fee simple to be vested in the petitioner. The decree shall be final upon the respondents, their heirs, devisees and personal representatives and their or any of their heirs, devisees, executors, administrators, grantees, assigns or successors in right, title or interest, and no application shall be entertained to reopen the decree after three months from the date thereof, and then only upon the grounds of lack of jurisdiction or fraud in conduct of the suit.

26. If any clause, sentence, paragraph, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but such adjudication shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly invalidated in and by such judgment.

27. This act shall take effect immediately but no proceeding hereunder shall be instituted until sixty days after the effective date of this act.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 30:11-1 of the Revised Statutes is amended to read as follows:

30:11-1. It is declared to be the public policy of this State to provide for the development, establishment and enforcement of basic standards for the care and treatment of individuals in private nursing homes and private hospitals and for the construction, maintenance and operation of such hospitals in such a manner as to insure safe and adequate treatment of all such individuals in said private nursing homes and private hospitals. No private nursing home or private hospital for the care, treatment, or nursing of persons ill with disease, or who are crippled, infirm or in any way afflicted, shall operate within this State except upon license first had and obtained for that purpose from the department, upon application made therefor as hereinafter provided. No such license shall be granted by the department, unless the commissioner shall be satisfied that the institution in question is adequately prepared to furnish the care and service to be provided by it. Nothing herein contained shall be so construed as to interfere with the
powers of the State Board of Medical Examiners to license medical practitioners in New Jersey.

Application for the license required by this section shall be made upon forms furnished by the department, shall set forth the location of the home or hospital, the person in charge thereof, and the facilities for caring for persons who may seek treatment therein. The applicant shall be required to furnish evidence of its ability to comply with minimum standards of nursing and hospital care, financial ability to successfully operate the institution for which the license is sought, and of the good moral character of the person in charge thereof.

Upon receipt of an application for license and the license fee, the Department of Institutions and Agencies shall cause an investigation to be made of the applicant and the hospital facilities and shall issue a license if it is found that said applicant and facilities comply with the provisions of this act, the regulations of the department and the minimum standards established for the operation of a private nursing home or private hospital. The license shall not be transferable or assignable except with the written approval of the department and shall be posted in a conspicuous place on the licensed premises as prescribed by the regulations of the department. Prior to the revocation, suspension or denial of
any license hereunder, the department, if re­

for a prompt and fair hearing before the department on the question of the issuance, suspension or revocation of the license. The procedure governing such hearings shall be in accordance with the rules and regulations of the department adopted by and with the consent of the hospital licensing board. Either party may subpœna witnesses and compel their attendance on forms furnished by the department.

**Procedure.**

Notice of revocation, suspension or denial of a license shall be sent to the applicant or licensee by registered mail and the notice shall set forth the particular reasons for the denial, suspension or revocation of the license. Such denial, suspension or revocation shall become effective thirty days after mailing, unless the applicant or licensee, within such thirty-day period shall meet the requirements of the department or shall give written notice to the department of its desire for a hearing, in which case the denial, suspension or revocation shall be held in abeyance until the hearing has been concluded and a final decision rendered.

**Notice.**

The Commissioner of the Department of Institutions and Agencies is hereby empowered to arrange for prompt and fair hearings on all such cases and to render written decisions stating conclusions and reasons therefor upon each matter so heard, and to enter orders of denial, suspension or revocation consistent with the circumstances in each case.

4. Section 30:11-4 of the Revised Statutes is amended to read as follows:

30:11-4. Any person, firm, corporation or association who shall operate or conduct a private nursing home or private hospital without first obtaining the license required by this chapter, or who shall operate such private nursing home or private hospital after revocation or suspension of license shall be liable to a penalty of five hundred dollars.

**Section amended.**

The penalty authorized by this section shall be recovered in an action at law, brought in the name of the State of New Jersey in the court of common
pleas of any county, which court shall have jurisdiction of all actions to recover such penalty. Money penalties, when recovered, shall be payable to the Department of Institutions and Agencies for its use in connection with the administration of this chapter.

The department may, in the manner provided by law, maintain an action in the name of the State of New Jersey for injunction against any person, firm, association or corporation continuing to conduct, manage or operate a private nursing home or private hospital without a license, or after suspension or revocation of license.

The practice and procedure in actions instituted under authority of this section shall conform to the practice and procedure in the court in which the action is instituted.

5. Section 30:11-5 of the Revised Statutes is repealed.

6. The department shall make or cause to be made such inspections of the premises of the licensee from time to time as it may deem necessary to be assured that the licensee is at all times complying with the provisions of this chapter, with the rules and regulations promulgated hereunder and with the minimum standards of nursing and hospital care established by virtue of the authority of this chapter. The licensee, prior to making any alterations, additions or improvements to its facilities or prior to the construction of new facilities, shall, before commencing such work, submit plans and specifications to the department for preliminary inspection and approval or recommendations with respect thereto.

7. The State Board of Control, subject to the approval of the Governor, shall appoint a hospital licensing board which shall consist of the Commissioner of the Department of Institutions and Agencies, the State Director of Health, the president of the State Board of Medical Examiners, two hospital administrators of recognized ability and two qualified persons who shall represent the in-

The board shall meet not less than once each year and, in addition, as often as shall be required to conduct the business of the board and to assist and advise in the administration of the duties and responsibilities imposed by this chapter.

9. Nothing in this act or in chapter eleven of Title 30 of the Revised Statutes shall give the licensing authority or agency herein provided for the power or authority to require any hospital to practice or permit sterilization of human beings, euthanasia, birth control or any other similar practice contrary to the dogmatic or moral beliefs of any well established religious body or denomination, nor shall any of the provisions thereof vest authority or be construed to vest authority in the Department of Institutions and Agencies or in the licensing authority or agency herein provided for to deny any application for license or approval as
may be required by this act or said chapter on the sole ground that adequate hospital or nursing home facilities are already available in the vicinity or area for which the license or approval is sought.

Nothing in this act or in chapter eleven of Title 30 of the Revised Statutes shall be so construed as to give authority to supervise or regulate or control the remedial care or treatment of individual patients who are adherents of any well recognized church or religious denomination which subscribes to the act of healing by prayer and the principles of which are opposed to medical treatment and who are resident in any home or institution operated by a member or members, or by an association or corporation composed of members of such well recognized church or religious denomination; provided, that such home or institution admits only adherents of such church or denomination and is so designated; nor shall the existence of any of the above conditions alone militate against the licensing of such a home or institution; and provided further, that such home or institution shall comply with all rules and regulations relating to sanitation and safety of the premises and be subject to inspection therefor.

three stories in height which shall be provided with two independent stairways, as remote from each other as possible, leading from the top floor of the said house to the first floor thereof, to both of which stairways all of the persons occupying the second and third floors, shall have access without entering any apartment other than the one occupied by such persons, one of which said stairways may be an outside stairway, if said stairway is, in the opinion of said board, substantially constructed. Where a tenement house is not more than three stories in height fire escapes shall not be required for any floor which is provided with two stairways as set forth in the preceding sentence except as may be required elsewhere in this section. If an additional stairway is constructed, egress to the street must be provided as directed by the board. amended to read as follows:

55:3-15. An iron drop ladder to reach to a safe
landing place shall be required from the lowest
balcony of every fire escape on a tenement house,
except where the lowest balcony is more than
seventeen feet above the sidewalk or ground and
a landing platform is required as hereinafter pro-

piece. It shall not be less than fifteen inches in
width with strings not less than three-eighths of an
inch by one and one-half inches, and rungs not less

a yoke of wrought iron fifteen inches in width and
extending at least five feet above the top rung, and

the rim of such wheel shall be covered and the chain
or cable and pulley wheel shall be of a size and

wrought iron or steel plate and be properly
fastened with nuts and washers; such plate shall be
not less than three inches wide and one-quarter of
an inch in thickness and pass across and bear upon
the entire inner faces of at least two studs and be
backed and re-enforced by a solid backing as thick
as the studs, firmly secured to the studs across
which the plate passes. At the upper end of each
string there shall be a fixed hook by which the
d ladder may be held against the top rail of the bal-
cony, and there shall be two hooks of round
wrought iron not less than five-eighths of an inch
in diameter securely fastened to the bottom of the
lowest balcony, placed not more than one-half inch
further apart than the width of the ladder, and so
constructed as to hold the ladder not less than four
inches away from the bottom rail of the balcony.
Every counterbalanced drop ladder must be pro-
vided with a basket or other safety device to receive
the counterweight and ladder if directed by the
board. When evidence is submitted to the board
that it is impractical to construct the drop ladder
as herein set forth, the board may approve an
equivalent form of construction for such ladder.
In every fire escape where the floor of the lowest
balcony is more than seventeen feet above the side-
walk or ground, a suitable landing platform shall
be provided. Such platform shall be located not
more than ten feet above the ground and shall be
connected with the balcony above by means of a
stairway constructed as required by this subtitle
for stairways between balconies; such platform
shall not be less than three feet in width and four
feet long and be provided with proper railings and
a drop ladder without a yoke or counterweight, but
with a hook at the upper end of each string by
which the ladder may be held against the top rail
of the platform.

stories in height, erected after March twenty-fifth,

the roof a fireproof bulkhead with a fireproof door
to the same, and the stairs leading to it shall be the
same as required or installed throughout the build-

tenants at all times.
6. Section 55:3-23 of the Revised Statutes is amended to read as follows:

55:3-23. Each flight of stairs mentioned in sections 55:3-20 to 55:3-22 of this Title shall have an entrance on the entrance floor from the street or street court, or from an inner court which connects directly with the street. Each flight of stairs mentioned in sections 55:3-21 and 55:3-22 of this Title shall be constructed of approved fireproof material. Subtreads shall be provided where necessary. If all of these stairs open to a common hall, they shall, except one stairway and its stair hall, be completely separated from the public and entrance halls and any elevator shaft by fireproof walls as set forth in section 55:3-29 of this Title, except for door openings, which shall be closed by self-closing fireproof doors in fireproof frames. All stairs shall be constructed with a rise of not more than eight inches and with treads not less than ten inches wide and not less than three feet long in the clear. In tenement houses erected after March twenty-first, one thousand nine hundred and twenty-five, the use of winders in the stairs will not be permitted.

7. Section 55:3-24 of the Revised Statutes is amended to read as follows:

55:3-24. In all nonfireproof tenement houses erected after March twenty-fifth, one thousand nine hundred and four, which are occupied or arranged to be occupied by more than two families on any floor, stairs leading from the entrance floor to the cellar may be constructed inside the building if they are enclosed in the cellar with an eight-inch fireproof wall with a self-closing fireproof door hung in a fireproof frame, set three feet from the lowest step. The enclosing partitions on the first floor shall be plastered on both sides over metal lath or approved plaster board and have a self-closing fireproof door hung in a fireproof frame at the top; and that portion of the cellar or other lowest story, into which said stairs lead must be entirely shut off by fireproof walls from those por-
tions of the cellar in which heating appliances, boilers or machinery are located. All openings in such walls shall be provided with self-closing fireproof doors. If such stairs are placed under the stairs leading to the upper stories, then the flight of stairs under which they are placed shall be fireproof, except that in tenement houses erected prior to one thousand nine hundred and forty-three in which inside cellar stairs have been or may be constructed the existing flight of stairs above them shall be safeguarded against fire with the use of such fire retarding material in such manner as shall be satisfactory to the board. In nonfireproof tenement houses erected after said date, which are not occupied or arranged to be occupied by more than two families on any floor, stairs leading from the entrance floor to the cellar may be placed inside the building, if they are enclosed with fireproof walls in the cellar, with a self-closing fireproof door hung in a fireproof frame three feet from the lowest step and a self-closing fireproof door hung in a fireproof frame at the top of the stairs and the enclosing partition on the first floor must be plastered on both sides over metal lath or approved plaster board, except that in tenement houses arranged to be occupied by not more than three families in all, the fireproof door and enclosure at the top may be omitted if the stairs to cellar are not located under the main stairway. If new stairs are constructed from the entrance floor to the cellar in a tenement house existing on said date, such stairs shall be enclosed as directed by the board. The provisions of this section shall not apply where the stairs extend from the entrance floor to a masonry-enclosed portion of a lower floor used for other than cellar purposes, having not more than one entrance, into the cellar proper, which is provided with a fireproof self-closing door hung in a fireproof frame.
8. Section 55:3-25 of the Revised Statutes is amended to read as follows:

55:3-25. In every fireproof tenement house erected after March twenty-fifth, one thousand nine hundred and four, the stairs communicating between the lowest cellar or other lowest story, if said lowest story is used for cellar purposes, and the next floor above, may be placed inside of the said building. All such inside stairs shall be inclosed in the cellar with eight-inch fireproof walls with a self-closing fireproof door located three feet from the lowest step and the inclosing partitions on the first floor shall be fireproof with self-closing fireproof door at the top. The portion of the cellar or other lowest story into which such inside stairs lead shall be entirely shut off by fireproof walls from those portions thereof which are used for the storage of fuels, or in which heating appliances, boilers, or machinery are located. All openings in such walls shall be provided with self-closing fireproof doors. The provisions of this section shall not apply where the stairs extend from the entrance floor to a masonry-enclosed portion of a lower floor used for other than cellar purposes, having not more than one entrance, into the cellar proper, which is provided with a fireproof self-closing door hung in a fireproof frame.

9. Section 55:3-26 of the Revised Statutes is amended to read as follows:

55:3-26. All stairs in tenement houses and all outside stairs having more than 4 risers which lead to any part of a tenement house shall be provided and maintained with proper banisters and railings and shall be kept in good repair. All public halls, stair halls and stairs in any tenement house shall be kept free of any encumbrance at all times.

10. Section 55:3-29 of the Revised Statutes is amended to read as follows:

55:3-29. Every nonfireproof tenement house erected after March twenty-fifth, one thousand nine hundred and four, may have stud partitions above the cellar or basement. All such stud partitions
which inclose public halls, all stair halls, and the entrance hall shall be lathed on both sides with metal laths or approved plaster board and plastered at least three-eighths of an inch thick with plaster of good material. The ceilings of these halls must be lathed and plastered in a similar manner. In every tenement house erected after March twentieth, one thousand nine hundred and twenty-five, which is arranged for more than twelve apartments above the entrance story the entrance hall, public hall and stair halls shall be inclosed in fireproof walls at least eight inches thick except for the two upper stories where they may be six inches thick if they are nonbearing walls. If these walls are carried from floor to floor on fireproof floor construction, or steel beams, they may be of such thickness as the board may direct. In every tenement house erected after March twentieth, one thousand nine hundred and twenty-five, containing over thirty-six apartments, or suites of rooms, above the entrance story the floors of the entrance hall, stair halls and public halls shall be constructed of iron or steel beams and fireproof filling or of re-enforced concrete. No wooden flooring or sleepers shall be permitted. All doors and door frames opening from these halls to the apartment shall be fireproof or the doors and frames may be of hardwood at least two inches thick, nominal measurement.

11. Section 55:3-30 of the Revised Statutes is amended to read as follows:

55:3–30. In all nonfireproof tenement houses erected after March twenty-sixth, one thousand nine hundred and twenty-eight, all bearing stud partitions which rest directly over each other shall run through the wooden floor beams and rest upon the plate of the partition below, and shall have the space between the studding filled in solid to the full depth of the floor beams and to a point three inches above the said beams with approved incombustible materials.
12. Section 55:3–34 of the Revised Statutes is amended to read as follows:

55:3–34. All stud partitions constructed in any tenement house after March twenty-fifth, one thousand nine hundred and four, shall be plastered from the floor to the ceiling. The ceilings of all rooms shall be plastered in a similar manner, except that rooms used for business and also living rooms in the basement shall have the ceilings finished as required by section 55:3–35 of the Revised Statutes. In tenement houses existing on such date, new stud partitions separating rooms may be lathed with approved fireproof wall board and need not be plastered if the board so directs. All partitions separating stores must be stud partitions or may be of other construction if approved by the board.

13. Section 55:3–35 of the Revised Statutes is amended to read as follows:

55:3–35. In every nonfireproof tenement house erected after March twenty-fifth, one thousand nine hundred and four, the entire ceiling of the cellar or other lowest story if such lowest story is used for cellar purposes, must be plastered at least three-eighths of an inch thick with plaster of good material over metal lath or approved plaster board; except, that where such tenement house is not over three stories in height and is not arranged to be occupied by more than eight families in all, the ceiling of the cellar may be lathed with approved fireproof wall board and the joints well pointed.

When any part of the entrance floor or of the basement is used as a store or workshop or for the storage of combustible materials, then the ceiling of the part of the floor so used must be plastered at least three-eighths of an inch thick with plaster of good material, over metal lath or approved plaster board. If any store ceiling is to be covered with a metal ceiling or any sound proofing material, it must be covered with approved plaster board with the joints between boards filled solidly with plaster in lieu of plastering.
The soffits of all flights of stairs, except those which are fireproof and except the stairs leading to the cellar, must be plastered at least three-eighths of an inch thick with plaster of good material, over metal lath or approved plaster board.

14. Section 55:3-39 of the Revised Statutes is amended to read as follows:

55:3-39. Within the fire limits no wooden tenement houses shall be erected after March twenty-fifth, one thousand nine hundred and four, and no wooden building so situated and not then used as a tenement house shall thereafter be altered or converted to such use. Outside of the fire limits wooden tenement houses not exceeding three stories in height, nor more than forty feet in height, may be erected; but if three stories in height, shall not provide accommodations for, or be occupied by, more than eight families in all or more than two families on any floor; and if built within three feet of any division or party line the side walls shall have the spaces between the studding filled in solid with brick laid in cement mortar, or other approved fireproof material, and in no case shall any such side wall, if built partially or entirely of frame, be used as a party wall. A building converted into a tenement house may have a stud party wall provided the space between the studs is filled with fireproof material and both sides of wall are plastered three-eighths of an inch thick. All supplementary windows in any lot line wall, except street lot line, shall be in fireproof frames and glazed with a good quality wire glass.

15. Section 55:3-45 of the Revised Statutes is amended to read as follows:

55:3-45. All doors, transoms and windows opening into public halls from any portion of a tenement house where paint, oil, spirituous liquors or drugs are stored for the purposes of sale or otherwise, shall be removed and closed up as solidly as the rest of the wall. In lieu of removing the doors specified in this section, such doors may be made fireproof self-closing and hung in fireproof frames.
16. Section 55:3-46 of the Revised Statutes is amended to read as follows:

55:3-46. All shafts and vent flues constructed in tenement houses shall be constructed fireproof throughout, with fireproof self-closing doors at all openings at each story, except window openings in vent shafts which shall be closed with wire glass windows in metal frames; and if they extend to the cellar shall also be inclosed in the cellar with fireproof walls and fireproof self-closing doors at all openings. In no case shall any shaft be constructed of materials in which any inflammable material or substance enters into any of the component parts.

All shafts constructed in existing tenement houses and in buildings converted into tenement houses shall be inclosed in the cellar with fireproof walls with a self-closing fireproof clean-out door at the bottom and such shafts may be constructed of two-inch by four-inch studs on the upper floors. The space between the studs shall be filled in solidly with fireproof material and the outside face of such shaft shall be covered with fireproof weather resisting material. The inside face of the shaft shall be plastered with two coats of plaster over metal lath or approved plaster board. Window openings shall be closed with wire glass windows set in a metal frame or a wood frame covered with metal.

17. Section 55:4-9 of the Revised Statutes is amended to read as follows:

55:4-9. No separate tenement house shall be erected after March twenty-fifth, one thousand nine hundred and four, upon the rear of any lot where there is a tenement house on the front of said lot, nor upon the front of any such lot upon the rear of which is a tenement house, except as provided in section 55:4-8 of this Title. Where a series of tenement houses is to be erected as a plot or acreage development the board may grant an exception to the provisions of this section if there is maintained between each series of tenement houses an open space equal to the width of a street as set
forth in section 55:4–1 of this Title, or the build-
ings may be so plotted as to meet the approval
of the board and the intent of this provision. The
height of the tenement house or houses shall also
be regulated by the provisions of section 55:4–1 of
this Title. Lot lines for each unit need not be
shown, provided the boundary lines of the plot are
clearly indicated. Where a row of these buildings
are attached to each other and where one or more
of these buildings may be greater in height than the
adjoining building, windows in rooms of the higher
building which light over the roof of the lower
building shall be deemed as adding to or providing
the required window area of such room—all such
windows shall be in fireproof frames and glazed
with wire glass. Frame gables extending above the
roof of a lower adjacent building shall be filled with
fireproof material. This exception shall also apply
to any supplementary window in the wall of an ad-
joining building where such wall extends beyond
the front or rear wall of the adjacent building ex-
cept that such windows need not be fireproof. These
exceptions shall not be construed as permitting
courts of a less width and length than that set
forth elsewhere in this subtitle where rooms depend
for light upon courts.

18. Section 55:4–10 of the Revised Statutes is
amended to read as follows:

55:4–10. When any building is placed on the same
lot with a tenement house after April twenty-first,
one thousand nine hundred and thirty; when a
garage is placed on the same lot with a tenement
house after such date or when a garage is erected
within a tenement house or adjoins the rear wall
of a tenement house, it shall comply with the fol-
lowing requirements except as set forth in section
55:4–9 of this Title:

a. When any building is placed on the same
lot with a tenement house after April twenty-first, one
thousand nine hundred and thirty, there shall be
always maintained between the said buildings an
open, unoccupied space extending upward from
the ground and across the entire width of the lot. Where either building is fifty feet or more in height, such open space shall, except as hereinafter provided in this section, be at least twenty-four feet from wall to wall; and for every twelve feet of increase or fraction thereof in the height of such building above fifty feet, such open space shall be increased one foot in depth throughout its entire width, and for every twelve feet of decrease in the height of such building below fifty feet the depth of such open space may be decreased one foot; and no building of any kind shall be placed upon the same lot as a tenement house after such date, so as to decrease the minimum size of courts or yards as prescribed by this subtitle. When such building is not more than twelve feet in height and is not to be used as a dwelling, the distance between the two buildings shall not be less than the yard space required for the tenement house.

If any tenement house is erected after such date, upon any lot upon which there is already another building, it shall comply with all of the provisions of this subtitle, and in addition to the space between the said building and the said tenement house shall be of such size and arranged in such manner as is prescribed in this section, the height of the highest building on the lot to regulate the dimensions.

The use to which such other building is put shall not be detrimental to the health or safety of the occupants of said tenement house and shall be subject to the written approval of the board.

b. The word "garage" wherever occurring in this subtitle shall mean a building or any part thereof in which there shall be housed or kept self-propelled vehicles, or automobiles, containing inflammable liquids for fuel or power. Such a garage, if not located with an open space between it and the tenement house equal to the yard required for the tenement house as set forth elsewhere in this subtitle, without any deduction for setback, shall be deemed a private garage and
shall be of masonry construction. All automo-
biles or vehicles housed or stored in a private
garage shall be for the use of the tenants of such
tenement house. All garages shall conform with
the several subdivisions of this section as they
may apply. No such garage shall be more than
one story in height nor shall it be used for any
other purpose than the storage of automobiles.
In no case shall the number of autos housed ex-
ceed, by twenty-five per centum (25%), the number
of apartments provided in the tenement house.

e. A private garage, other than frame, one story
in height, may be placed five feet from the rear
line of the tenement house if the open unoccu-
pied yard space is equal in square feet to that
required for a tenement house of that height. Any
garage hereafter erected with an open space be-
tween it and the tenement house as set forth
in subdivision b. the capacity of which exceeds
four cars shall be of masonry construction.

d. On a corner lot a private garage may adjoin
the rear wall of the tenement house if said wall
is unpierced and the roof of the garage is of fire-
proof construction except where the capacity of
the garage does not exceed three cars the ceil-
ing of the garage may be plastered one-half inch
thick with cement plaster over approved metal
lath.

e. A private garage may be constructed within
the first floor, basement or cellar. If constructed
within the basement or cellar or attached to the
rear wall of the tenement house it may extend
into the yard of said tenement house and to the
rear line of the lot; provided, the roof of this ex-
tension is of fireproof construction and is not
above the basement or cellar ceiling. Where
the roof of such extension is above the level of
the adjoining yard or yards the entire perimeter
of such roof shall be protected with an iron rail-
ing at least two feet six inches high and the roof
of such extension shall be used as the yard of
the tenement house.
The ceiling forming the floor of the portion of the tenement house above the garage shall be of fireproof construction except that where the capacity of said garage does not exceed three cars and also where the required yard is maintained in the rear of said garage the ceiling may be plastered one-half inch thick with cement plaster over approved metal lath. All walls separating garage from other parts of the tenement house shall be of brick at least eight inches thick. Where the windows in the tenement house are located immediately above the roof of the garage such windows shall be fireproof and glazed with a good quality wire glass.

Where the driveway to any garage is within the tenement house the ceiling and side walls shall be constructed as required for garages. Entrance from the garage to the cellar of the tenement house may be through a vestibule one side of which shall be open for its entire width from floor to ceiling facing a street, yard, court or vent shaft.

Where the wall between the tenement house and the garage is pierced for steam mains or for any other similar purpose, such opening shall be no larger than is necessary for its purpose and all crevices and cracks shall be tightly closed with fireproof material.

No gasoline, oil or other fuel shall be sold, stored or handled in any garage, but this shall not prevent the keeping of such gasoline and oil or other fuel as may be actually contained in the tanks of motor vehicles kept in such garage.

Where the area of the section of a tenement house to be used for garage purposes exceeds one thousand square feet the garage section shall be sprinklered with an automatic sprinkler system approved by that board as being appropriate for the premises.

Garage floors shall be of concrete or equally fire resistive and impervious material.
In no case shall a garage be connected with the house sewer. No stove or forge is to be permitted in any garage. No artificial light will be permitted except incandescent electric light. There shall be no pit in any floor. Adequate signs marked "no smoking" shall be posted in the garage. Self-closing metal cans must be used for all wastes, oily waste, or wasted oils, and no oily waste shall be allowed to remain exposed to the danger of spontaneous combustion. All garages the capacity of which exceeds three cars, whether a common garage or a battery of garages, which are erected within, partly within or attached to a tenement house shall be provided with a fire-extinguisher of at least two and one-half gallon capacity, bearing the label of the Fire Underwriters Laboratory; there shall also be provided at least one pail of sand. The fire-extinguisher and sand shall be so located as to be readily accessible at all times in the event of an emergency. Where the capacity of the garage exceeds fifteen cars an additional fire-extinguisher and pail of sand shall be provided. For each additional fifteen cars or major fraction over the first fifteen there shall be provided an additional fire-extinguisher and pail of sand.

Every garage with floor level more than one-half its height below street or yard grade shall have a ventilating and exhaust system so designed as to assure suitable dilution and removal of gasoline vapors and motor exhaust fumes and an affidavit by the engineer of the company installing the same, stating that the said system will meet the requirements of this section, shall be filed with the plan. Every garage within or partly within a tenement house, the ceiling of which is more than one-half above the street or yard grade shall be provided with movable windows sufficient in number to afford adequate ventilation, or such other method of ventilation as the board may require.
Garages which are entirely above ground shall be provided with movable louvers or sash in the entrance door and with movable louvers or movable windows sufficient in number to afford adequate ventilation in at least one exterior wall, or such other method of ventilation as the board may require. These louvers or sash shall open to the yard, or to the street or court of the size required for the tenement house.

A separate water-closet complying with all the requirements of this subtitle shall be provided within all garages the capacity of which exceeds fifteen cars.

All garages erected under the provisions of this section shall also comply with all regulations of the municipality in which the tenement house is situated.

19. Section 55:4–14 of the Revised Statutes is amended to read as follows:

Section 55:4–14. In every tenement house erected after March thirty-first, one thousand nine hundred and five, exceeding three stories in height, where an outer court is situated between wings or parts of the same building, the width of the said court, measured from wall to wall, shall not be less than seven feet, running parallel with wall. Whenever an outer court so situated exceeds thirty-six feet in depth, the entire court shall be increased in width six inches for every additional fifteen feet or fraction thereof.

20. Section 55:4–15 of the Revised Statutes is amended to read as follows:

Section 55:4–15. In every tenement house erected after March thirty-first, one thousand nine hundred and five, not exceeding three stories in height, and which is not occupied or arranged to be occupied by more than eight families in all, or by more than two families on a floor, and in which also each apartment extends through from the street to the yard, the width of an outer court situated between wings or parts of the same building, measured from wall to wall, shall be not less than
seven feet, running parallel with wall. Where such court extends sixty-five feet in depth, its width shall be increased one foot for every thirty feet or fraction thereof that said court exceeds sixty-five feet in depth. Where such tenement house is occupied by more than eight families in all, or by more than two families on any floor, and where the apartments do not extend through from the street to the yard, the width of an outer court, situated between wings or parts of the same building, or between different buildings on the same lot, shall be regulated by section 55:4-14 of this Title.

21. Section 55:4-17 of the Revised Statutes is amended to read as follows:

55:4-17. Where an outer court is, in width, as wide as the depth of the yard which would be required for the tenement house, without any deduction for a setback, an offset may be construed as a court between wings but it shall not be greater than the dimensions set forth in section 55:4-14 of this Title.

22. Section 55:5-4 of the Revised Statutes is amended to read as follows:

55:5-4. In every tenement house erected after March twenty-fifth, one thousand nine hundred and four, all rooms except water-closet compartments and bathrooms shall be of the following minimum sizes: In each apartment there shall be at least one room containing not less than one hundred and twenty square feet of floor area. Each other room shall contain not less than ninety square feet of floor area, except a pullman corner, breakfast room or dinette, which may be fifty-five square feet in area; and except a kitchen which shall contain not less than seventy square feet of floor area or kitchenette which shall not be more than fifty-five square feet in area. Where a dressing closet is provided it shall not be greater than six feet in its maximum dimension.

Each room shall be in every part not less than nine feet high from the finished floor to the fin-
ished ceiling; except as hereinafter in this section provided, and except that an attic room need be the required height in but half of its area. No part of an attic room which is less than four feet six inches in height shall be considered as part of the required floor area of such room. In tenement houses erected after such date, which do not occupy more than eighty-five per centum (85%) of a corner lot or sixty per centum (60%) of an inside lot, and in which the minimum dimension of any court is not less than fifty per centum (50%) greater than the minimum dimension of any similarly situated court, required by the provisions of this subtitle, for tenement houses of equal height erected after such date, each room shall be not less than eight feet and six inches from the finished floor to the finished ceiling. In such tenement houses, the minimum floor area of any room, other than the rooms excepted in this section shall be not less than one hundred square feet.

In tenement houses erected after such date which do not occupy more than seventy-five per centum (75%) of a corner lot or fifty per centum (50%) of an inside lot, and in which the minimum dimension of any court is not less than twice the minimum dimension of any similarly situated court required by the provisions of this subtitle for tenement houses of equal height, erected after such date, in which the rooms are required by this subtitle to measure nine feet from the finished floor to the finished ceiling, each room shall be not less than eight feet high from the finished floor to the finished ceiling.

23. Section 55:5-5 of the Revised Statutes is amended to read as follows:

55:5-5. A kitchenette may be separated from the adjoining room by doors. Every kitchenette shall have a window at least one-tenth the area of the kitchenette, opening to the street or to a yard or court of the size prescribed in this subtitle. In fireproof tenement houses erected after April twenty-first, one thousand nine hundred and thirty-
one, kitchenettes may be ventilated by means of a smooth masonry or metal duct, which shall be provided with some approved system of mechanical exhaust ventilation of sufficient capacity to provide not less than four changes of air per hour. The exhaust duct shall discharge into the outside air and in such a manner as not to create objectionable odors or nuisance on the premises or adjacent premises and if gas outlets are provided or cooking appliances other than electricity are installed, additional ventilation must be provided by a grill of sufficient size between the kitchenette and the adjoining room.

24. Section 55:5–7 of the Revised Statutes is amended to read as follows:

55:5–7. In every tenement house erected after March twenty-fifth, one thousand nine hundred and four, which is occupied or arranged to be occupied by more than two families, on any floor, or which exceeds four stories in height, every public hall shall have at least one window opening directly upon the street, or upon a yard or court. Either such window shall be at the end of said hall, with the plane of the window at right angles to the axis of the said hall, or there shall be at least one window opening directly upon the street, or upon a yard or court in every twenty feet in length or fraction thereof of said hall; but this provision for the window in every twenty feet of hallway shall not apply to that portion of the entrance hall between the entrance and the first flight of stairs, if the entrance door contains not less than five square feet of glazed surface.

In every public hall in such tenement house recesses or returns, the length of which does not exceed twice their width, will be permitted without an additional window, but wherever the length of such recess or return exceeds twice its width, the above provisions in reference to one window in every twenty feet of hallway shall be applied.

Any part of the hallway which is shut off from any other part of said hall by a door or doors shall
be deemed a separate hall, within the meaning of this section.

In every tenement house erected after such date where the public hall is not provided with a window opening directly to the outer air as above provided, there shall be a stair-well not less than twelve inches wide in the clear, extending from the entrance floor to the roof, and all doors leading from such public halls shall be provided with translucent panels of wire glass having an area of not less than five square feet for each door.

In every tenement house erected after said date not more than two stories in height a skylight of the size provided in section 555-13 of this Title may be accepted in lieu of a window, if, in the opinion of the board, it adequately lights all parts of the hall.

In fireproof tenement houses erected after said date, in lieu of the window requirements as provided for in this section, electric light may be substituted in all public halls and any elevator vestibule. Such electric light shall burn continuously and shall adequately light all portions of these halls and shall be maintained to the satisfaction of the board. In addition to the regular electric supply an approved auxiliary lighting system shall be installed which shall adequately light these halls during any interruption of the regular service. Where the fireproof tenement house is over four stories in height and the halls are artificially lighted in the manner here set forth, all public halls, except the entrance hall and the top floor hall, if this hall is provided with a ventilating skylight or skylights, shall be ventilated by fireproof gravity vent flues of at least twelve inches in each dimension or by mechanical means approved by the board. There shall be one vent flue for each one thousand cubic feet of air content of such public hall. Such vent flues shall be continuous for the height of the building and the openings at each story shall be equipped with fire dampers held open by a fusible link at
each opening and properly hooded or provided with louvers at the top above the roof.

25. Section 55:5-15 of the Revised Statutes is amended to read as follows:

55:5-15. In every tenement house a proper light shall be provided by the owner or agent of the owner, in the entrance hall and all stair halls throughout the tenement house. All lights shall be located near the stairways and be kept burning every night throughout the year during the hours herein set forth. Where the tenement house is not over two stories in height the light shall burn in the entrance hall from sunset to sunrise and in the second floor hall from sunset to ten o'clock post meridian. Where the tenement house is over two stories and not over four stories in height the light shall burn in the entrance and third floor halls from sunset to sunrise and on the second and fourth floors from sunset to ten o'clock post meridian. Where the tenement house is over four stories in height the light shall burn in all halls from sunset to sunrise. Where the tenement house is over three stories in height and where the public halls and stairs are, in the opinion of the board, not sufficiently lighted, the owner of such house shall keep a proper light burning in the hallways near the stairs upon each floor as may be necessary, twenty-four hours of the day. All such lights shall be so arranged as to guard effectually against fire.

26. Section 55:5-16 of the Revised Statutes is amended to read as follows:

55:5-16. Every vent shaft constructed after March twenty-first, one thousand nine hundred and twenty-five, in a tenement house shall be at least nine square feet in area, and the least dimensions of such shaft shall be not less than three feet; and if the building be above fifty feet in height, such shaft shall throughout its entire height be increased in area three square feet for each additional twelve feet in height or fraction thereof; and for each twelve feet in height less than fifty
feet, such shaft may be decreased in area three square feet. A vent shaft may be inclosed on all four sides, but it shall not be roofed or covered over in any way, except that in tenement houses erected prior to March twenty-fifth, one thousand nine hundred and four, and in buildings converted into tenement houses such shafts may be covered by a fixed louver skylight, if such covering does not, in the opinion of the board, interfere with the proper ventilating of the shaft. Every such shaft shall be provided with a horizontal intake or duct at the bottom, communicating with the street or yard or a court, such duct or intake shall be constructed of metal, or other fire resisting material, and be not less than four square feet in total area and must be arranged so as to be easily cleaned out.

27. Section 55:6-2 of the Revised Statutes is amended to read as follows:

55:6-2. In tenement houses erected after March twenty-fifth, one thousand nine hundred and four, no room in the cellar or in the basement shall be constructed, altered, converted or occupied for living purposes unless all of the following conditions are complied with:

a. Such room shall be at least eight feet and six inches high in every part, from the floor to the ceiling; except that in buildings erected prior to such date and not then used as tenement houses, but thereafter altered or converted to such use, such room shall not be less than eight feet in every part, from the floor to the ceiling;

b. The ceiling of such room shall be at least five feet above the surface of the street. If the rooms front on the yard or on a court the ceiling of such rooms shall be at least four feet six inches above the court or yard level;

c. There shall be, appurtenant to such room, the use of a separate water-closet;

d. Such room shall have a window or windows opening upon the street or upon a yard or court. The total area of windows in such room shall be
CHAPTER 345, LAWS OF 1947

Every cellar or basement in which living rooms are constructed after the date of this amendment shall have at least two exits by doorways opening to the street or yard, or to a court having direct egress to the street or yard.

28. Section 55:6-6 of the Revised Statutes is amended to read as follows:

55:6-6. In every tenement house, erected after March twenty-fifth, one thousand nine hundred and four, the bottom of all shafts, courts, areas and yards which extend below the adjoining ground level, shall be paved with flagstones, cement or asphalt, or may be finished in a manner approved by the board if, in their opinion, the size of the court is such as to make the paving unnecessary. Every court shall be properly drained. Where basement rooms open on a court, area or yard, the ceiling of such rooms opening on the court or yard level shall be as required by paragraph 6-2, subdivision b.

29. Section 55:6-16 of the Revised Statutes is amended to read as follows:

55:6-16. In all nonfireproof tenement houses erected after April twenty-first, one thousand nine hundred and thirty-one, there shall be an air space between the ceiling of the upper story and the roof, which air space shall not be less than eighteen inches in every part between beams; and such space shall be properly ventilated with louveres, except where ceiling or roof beams are insulated four inches deep with rockwool or its equal, the board may grant an exception to the eighteen-inch air space herein required.

30. Section 55:8-2 of the Revised Statutes is amended to read as follows:

55:8-2. In every tenement house erected after March twenty-fifth, one thousand nine hundred and four, there shall be, within each apartment, at least
one water-closet. There shall also be provided similar water-closet accommodations, separate and distinct from that provided for any apartment, for any store or workshop which may be located on the premises, except that where store and apartment are connected and rented to one tenant a separate water-closet for the store may be omitted if the board so directs. The board may, in its discretion, permit a water-closet for a store or workshop to be ventilated by a ten-inch by twelve-inch fireproof duct which shall extend to the outer air. This duct shall be equipped with an exhaust fan which shall operate on the water-closet light.

31. Section 55:8-4 of the Revised Statutes is amended to read as follows:

The record of conviction or the entry of such a plea in any court of this State or any other State or in any of the courts of the United States or any foreign country, shall be sufficient warrant for the revocation or suspension of a license.

CHAPTER 357

An Act to amend and supplement "An act providing for the escheat of certain unclaimed personal property," approved April twenty-fifth, one thousand nine hundred and forty-six (P. L. 1946, c. 155).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section one of the act of which this act is amendatory is amended to read as follows:

1. The term "personal property" as used in this act shall mean and include moneys, negotiable instruments, choses in action, interest, debts or demands due to the escheated estate, stocks, bonds, deposits, machinery, farm crops, live stock, fix-
tures, and every other kind of tangible or intangible property and the accretions thereon, up until the time of the filing of the bill of escheat, but shall not mean and include real property or property in the custody of any court in this State, nor any personal property covered by chapter one hundred ninety-nine of the laws of one thousand nine hundred and forty-five.

Unless a different meaning clearly appears from the context, the word, phrase or term "owner", "beneficial owner", "person", "person having custody or possession", "person having any interest", "person entitled to", or any word, term or phrase of similar import, shall mean, include and refer to corporations, companies, associations, societies, firms, partnerships, joint stock companies, fiduciaries of any nature, as well as individuals.

2. Section three of the act of which this act is amendatory is amended to read as follows:

3. Whenever the owner, beneficial owner, or person entitled to any personal property within this State, has been or shall be and remain unknown for the period of fourteen successive years, or whenever the whereabouts of such owner, beneficial owner or person, has been or shall be and remain unknown for the period of fourteen successive years, or whenever any personal property wherever situate has been or shall be and remain unclaimed for the period of fourteen successive years, then, in any such event, such personal property shall escheat to the State.

3. Section four of the act of which this act is amendatory is amended to read as follows:

4. The Court of Chancery shall have jurisdiction in all cases where an escheat has occurred or shall occur under the provisions of this act.

4. Section seven of the act of which this act is amendatory is amended to read as follows:

7. The proceedings in the Court of Chancery shall be by petition, in the name of the State of New Jersey, which petition shall set out that cer-
tain personal property therein designated has escheated to the State of New Jersey under the provisions of this act, and that the defendant named in such petition has custody or possession of such personal property. Such petition shall contain such other information as may be pertinent to the issue and shall petition the court to enter a decree escheating the personal property mentioned in said petition to the State of New Jersey. Such petition may describe in general terms the type or kind of such personal property, and may set forth:

(a) That the defendant named in such petition has custody or possession of such personal property, and that the owner of, beneficial owner of, or person entitled to, the same has been and remains unknown for the period of fourteen successive years; or

(b) That the whereabouts of such owner, beneficial owner or person entitled to such personal property has been and remains unknown for the period of fourteen successive years; or

(c) That such personal property of such owner has been and remains unclaimed for the period of fourteen successive years; or

(d) That the owner of such personal property has died intestate without heirs or known kindred capable of inheriting the same and without leaving a surviving spouse.

Such petition may combine more than one of the above contingencies and relate to more than one person. The person having possession of such personal property may, after the filing of such petition, be required by an order of the Court of Chancery to furnish to the Attorney-General, or his deputy appointed to prosecute the action, all information such person having possession of such personal property may have with relation to the last known address of any person having any interest in, together with any other information relating to, such personal property.
The Court of Chancery shall, upon the filing of such petition, make an order requiring the defendant to answer the petition within a time therein limited. Such order shall contain such other directions as the court may deem appropriate for the speedy determination of the cause, the protection of the property, or for the disclosure of information pertinent to the prosecution of the cause. A copy of the petition and order shall be served upon the defendant in the manner provided in the said order, whereupon the defendant shall, within the time limited, answer said petition and comply with said order. Upon the filing of defendant's answer, and his compliance with such order, the court shall, by a further order, designate a time and place for the hearing of said petition.

A notice containing a summary of the order designating the time and place of hearing, as approved by the court shall be published in a manner directed by the court and shall also be published once a week for three successive weeks in a newspaper of general circulation designated by the court; provided, however, that in the event the value of the personal property of any one owner is less than fifty dollars ($50.00), publication may be dispensed with if the court so directs. Such notice shall direct that any person who may claim to be entitled to the personal property mentioned in the petition, or to any part thereof or interest therein, shall file with the court his claim in writing, at least five days prior to the date fixed for the hearing.

5. Section eight of the act of which this act is amendatory is amended to read as follows:

8. Any person claiming to be entitled to the personal property described in the petition, or to any part thereof, or to any interest therein, shall file his claim in the general form of an answer to the petition, which answer shall set forth in such detail as the court may require why the answering party contends that the property mentioned in the petition should not escheat to the State and, if the
answering party shall claim any right to or interest in said property, the nature thereof; and the court shall at the time of hearing take such evidence as may be proper, and proceed to determine the cause and enter such final decree as shall be equitable and just and in conformity with the provisions of this act. Such decree may determine the title to such personal property, and where the court shall find that such personal property, in whole or in part, has escheated to the State the decree shall so declare, and such personal property, or so much of it as the court shall decree, shall thereupon escheat to the State.

In the event no answering pleadings be filed within the time fixed by order of the court, the court may proceed upon the petition alone and enter a decree declaring that the property described in the petition has escheated to the State.

All the proceedings outlined herein shall be in conformity with the rules and practice of the Court of Chancery except as herein otherwise specified.

6. Any decree entered pursuant to the act to which this act is a supplement, shall automatically operate as a full, absolute and unconditional release and discharge of the person having such property in possession or custody from any and all claim, demand, or liability to any person whatever other than the State Treasurer with respect to such property, and such decree may be pleaded as an absolute bar to any action brought against such person with respect to such property by any person other than the State Treasurer.

7. This act shall take effect immediately.

Approved June 26, 1947.
CHAPTER 358

AN ACT concerning investments by insurance companies, and amending sections 17:24–1 and 17:24–2 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 17:24–1 of the Revised Statutes is amended to read as follows:

17:24–1. Any insurance company of this State, for the purpose of investing its capital, surplus and other funds, or any part thereof, may:

a. Purchase or hold as collateral security or otherwise and sell and convey any bonds or public stock issued, created or guaranteed by the United States, or any territory or insular possession thereof, or by this State, or by any of the other States of the United States or the District of Columbia, or the Dominion of Canada or any of the provinces thereof, or by any of the incorporated cities, counties, parishes, townships or other municipal corporations situated in any of the countries or subdivisions thereof hereinafter mentioned; or bonds authorized to be issued by any commission appointed by the Supreme Court of this State;

b. Purchase or hold real estate for business or residential purposes (other than as provided for in sections 17:19–8 to 17:19–12, inclusive, of this Title) as an investment for the production of income, and improve or otherwise develop such real estate; provided, that if the commissioner shall decide, after due hearing upon notice to any such insurance company, that the interests of such insurance company’s policyholders require that any specified real estate so purchased or held be disposed of, then such insurance company shall dispose of such real estate within such reasonable time as the commis-
sioner shall direct; and provided further, the aggregate amount of such investments and all other real estate held by such insurance company, except real estate held as provided for in said sections 17:19-8 to 17:19-12, inclusive, and except such real estate as may be necessary for its accommodation in the convenient transaction of its business, shall not exceed five per centum (5%) of the total admitted assets of such insurance company. The term "real estate" as used in this subsection "b" shall include a leasehold of real estate for business or residential purposes having an unexpired term of not less than twenty years, inclusive of the term which may be provided by any enforceable option of renewal. Income produced by investment in any such leasehold shall be applied by such insurance company in a manner calculated to amortize the amount invested for acquisition and improvement thereof within a period not exceeding eight-tenths of such unexpired term of the leasehold following such acquisition or improvement, or within a period of forty years thereafter, whichever is less;

c. Invest in bonds or notes secured by mortgages or trust deeds on unencumbered fee simple or leasehold real estate, which shall include areas above the surface of the ground but not contiguous thereto, or any interest therein, located within said States, the District of Columbia, or the Dominion of Canada, worth at least one-half more than the sum invested or loaned; or invest in bonds or notes secured by mortgages or trust deeds or unencumbered fee simple or leasehold real estate or any interest therein so located worth less than as above provided but worth at least one-third more than the sum so invested, provided, (1) that any such bonds or notes so secured shall provide for amortization payments to be made by the borrower on the principal amount thereof at least once in each year, and (2) that in every such case such insurance company shall carry as a reserve any amount by which such investment or loan, or balance thereof remaining after such amortization payments, may exceed
the amount which could otherwise have been so invested or loaned as hereinabove provided. No loan may be made on leasehold real estate unless the terms of such loan provide for amortization payments to be made by the borrower on the principal thereof at least once in each year in amounts sufficient to completely amortize the loan within a period not exceeding nine-tenths of the term of the leasehold unexpired at the time the loan is made. For the purposes of this section fee simple or leasehold real estate or any interest therein shall not be deemed to be encumbered within the meaning of this section by reason of the existence of taxes or assessments that are not delinquent, easements, profits or licenses, nor by reason of building restrictions or other restrictive covenants, nor when such real estate or interest therein is subject to lease in whole or in part whereby rents or profits are reserved to the owner; provided, that the security created by the mortgage or trust deed on such real estate or interest therein securing such bond or note is a first lien upon such real estate or interest therein;

   d. Invest in bonds or notes evidencing loans to veterans if the full amount of any such loan is guaranteed by the Government of the United States or by the Administrator of Veterans’ Affairs pursuant to the Servicemen’s Readjustment Act of one thousand nine hundred and forty-four, as heretofore or hereafter amended; and in the case of loans so guaranteed for less than the full amount thereof, the maximum amount which may be loaned or invested by any such insurance company pursuant to the provisions of any law of this State shall be increased by the amount so guaranteed;

   e. Lend on or purchase mortgage or collateral trust bonds of railroad companies organized under the laws of said States, or the District of Columbia, or the Dominion of Canada, or operated wholly or partly in such States, district or country; or equipment trust certificates payable within sixteen
years from their date of issue in annual or semi-
annual installments beginning not later than the
fifth year after such date, and which certificates
are a first lien on the specific equipment pledged
as security for the payment thereof, which are
either the direct obligations of such railroad com-
panies, or are guaranteed by them, or are executed
by trustees holding title to the equipment; or cer-
tificates of receivers of any corporation where such
purchase is necessary to protect an investment in
the securities of such corporation theretofore made
under authority of chapters seventeen to thirty-
three of this Title (§17:17-1, et seq.); or the bonds
or other evidences of indebtedness of public utility
companies organized under the laws of the Domin-
ion of Canada or any province thereof; or the cap-
ital stock, bonds, securities or evidences of indebt-
edness created by any corporation of the United
States or of any State; provided, that no purchase
of any bond or evidence of indebtedness which is
in default as to interest shall be made by such
company unless such purchase is necessary to pro-
tect an investment theretofore made under author-
ity of said chapters seventeen to thirty-three in
the securities of the corporation which issued, as-
sumed or guaranteed such bond or evidence of in-
debtedness in default; provided, further, that no
purchase of the stock of any company of a class on
which dividends have not been paid during each
of the past five years preceding the time of pur-
chase shall be made unless the stock so purchased
shall represent a majority in control of all the
stock then outstanding; and provided further, that
in the case of the stock of a corporation resulting
from or formed by merger or consolidation less
than five years prior to such purchase, each con-
secutive year next preceding the effective date of
such merger or consolidation during which divi-
dends shall have been paid by any one or more
of its constituent corporations on any or all classes
of its or their stock in an aggregate amount suffi-
cient to have paid dividends on that class of stock
of the existing corporation whose stock is to be purchased, had such corporation then been in existence, shall be deemed a year during which dividends have been paid on such class of stock; provided, however, that nothing herein contained shall prohibit the purchase of stock of any class which is preferred, as to dividends, over any class the purchase of which is not prohibited by this section; and provided further, that no purchase of its own stock shall be made by any insurance company except for the purpose of the retirement of such stock or except as specifically permitted by any law of this State applicable by its terms only to insurance companies.

2. Section 17:24-2 of the Revised Statutes is amended to read as follows:

17:24-2. No life insurance company of this State shall purchase or acquire more than twenty per centum (20%) of the common stock, or of any other class of stock which entitles the holder thereof to vote at all elections of directors, of any one corporation, unless it be a municipal corporation, nor shall the amount invested by any life insurance company in the stock of any one corporation exceed two per centum (2%) of the assets of said life insurance company, nor shall the amount invested in the bonds, equipment trust certificates and receiver's certificates of any one corporation exceed ten per centum (10%) of said assets, except that nothing herein contained shall prevent any company from holding as much as fifty thousand dollars ($50,000.00), par value, of the bonds of any corporation, when none of the stock of said corporation is held by said company. No loan shall be made or retained on any of the securities in which investment is authorized by this chapter, except the bonds or stock issued or created by the United States or this State, exceeding ninety per centum (90%) of the market value thereof; and no such life insurance company shall at any time lend in the aggregate more than two per centum (2%) of its assets upon the security of the stock of any
one corporation, nor more than ten per centum (10%) of its assets upon the security of the bonds of any one corporation.

No such life insurance company shall keep on deposit in any one bank or trust company for more than ten days consecutively a sum exceeding three per centum (3%) of the assets of the said life insurance company, but this provision shall not in any case limit the deposit to less than one hundred thousand dollars ($100,000.00); and no loan shall be made by any such company on its own stock.

No investment shall be made by any life insurance company, unless the same shall first have been authorized by the board of directors, or by a committee thereof charged with the duty of supervising such investment. No such company shall underwrite or participate in any underwriting of the purchase or sale of securities or property, or enter into any transaction for such purchase or sale on account of such company jointly with any other person, firm or corporation, nor shall any such company enter into any agreement to withhold from sale any of its property, but the disposition of its property shall be at all times within the control of its board of directors; any company, however, shall be free to subscribe for any proposed issue of bonds of the United States, or of any other bonds of the character hereinbefore permitted, provided such subscription be made for a definite amount and at a definite price.

Any person who has been engaged in the occupation, business or calling of well driller for a period of five years may, within ninety days after said effective date, procure a license as a journey-

applicants who are duly licensed under the laws of
any other State having requirements deemed by
the said board at least equivalent to those of this
State.

13. Every license issued under the authority of
this act, unless sooner revoked, shall expire on the
thirtieth day of June next following the date of
issue of such license.

14. A license once issued may be renewed at any
time within one year from the date of its expira-

20. Any person who shall engage in the trade, business or calling of a well driller without having a license, or who shall operate without a permit, as provided in this act, or who shall refuse to perform any duty or obey any direction lawfully enjoined upon him by said division or the State Geologist, shall be deemed to have violated the provisions of this act and shall be subject to a penalty of not less than ten dollars ($10.00) nor more than fifty dollars ($50.00) for each and every such violation. Each day such violation shall continue shall constitute a separate offense. The display by an unlicensed person of any sign or the advertising in any way, or the acceptance by any unlicensed person of any money or other consideration for the construction of any well, shall be deemed prima facie evidence of the violation of this act.

21. Actions for penalties under this act shall be brought by and in the name of the division of water policy and supply in any court of competent jurisdiction, according to the practice and procedure of said court. All penalties and costs col-
LECTED in such actions shall be payable to said division which shall transmit the same to the State Treasurer.

22. The said division shall prescribe and promulgate rules and regulations for the administration of the provisions of this act.

23. If any part, section, subsection, clause or phrase of this act shall be held unconstitutional or void for any reason, such decisions shall not affect the validity of the remaining portions of this act.

24. This act shall take effect immediately, except that section twenty shall be inoperative until ninety days thereafter.

The following are hereby defined as unfair methods of competition and unfair and deceptive acts or practices in the business of insurance:

(1) Misrepresentations and false advertising of policy contracts. Making, issuing, circulating, or causing to be made, issued or circulated, any estimate, illustration, circular or statement misrepresenting the terms of any policy issued or to be issued or the benefits or advantages promised thereby or the dividends or share of the surplus to be received thereon, or making any false or misleading statement as to the dividends or share of surplus previously paid on similar policies, or making any misleading representation or any misrepresentation as to the financial condition of any insurer, or as to the legal reserve system upon which any life insurer operates, or using any name or title of any policy or class of policies misrepresenting the true nature thereof, or making any misrepresentation to any policyholder insured in any company for the purpose of inducing or tending to induce such policyholder to lapse, forfeit, or surrender his insurance.

(2) False information and advertising generally. Making, publishing, disseminating, circulating, or placing before the public, or causing, directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in a newspaper, magazine or other publication, or in the form of a notice, circular, pamphlet, letter or poster, or over any radio station, or in any other way, an

(5) False financial statements. Filing with any supervisory or other public official, or making, publishing, disseminating, circulating or delivering to any person, or placing before the public, or causing directly or indirectly, to be made, published, disseminated, circulated, delivered to any person, or placed before the public, any false statement of financial condition of an insurer with intent to deceive.

Making any false entry in any book, report or statement of any insurer with intent to deceive any agent or examiner lawfully appointed to examine into its condition or into any of its affairs, or any public official to whom such insurer is required by law to report, or who has authority by law to examine into its condition or into any of its affairs, or, with like intent, willfully omitting to make a true entry of any material fact pertaining to the business of such insurer in any book, report or statement of such insurer.
(6) Stock operations and advisory board contracts. Issuing or delivering or permitting agents, officers, or employees to issue or deliver, agency company stock or other capital stock, or benefit certificates or shares in any common-law corporation, or securities or any special or advisory board contracts or other contracts of any kind promising returns and profits as an inducement to insurance.

(7) Unfair discrimination. (a) Making or permitting any unfair discrimination between individuals of the same class and equal expectation of life in the rates charged for any contract of life insurance or of life annuity or in the dividends or other benefits payable thereon, or in any other of the terms and conditions of such contract.

(8) Rebates. (a) Except as otherwise expressly provided by law, knowingly permitting or offering to make or making any contract of life insurance, life annuity or accident and health insurance, or agreement as to such contract other than as plainly expressed in the contract issued thereon, or paying or allowing, or giving or offering to pay, allow, or give, directly or indirectly, as inducement to such insurance, or annuity, any rebate of premiums payable on the contract, or any special favor or advantage in the dividends or other benefits thereon, or any valuable consideration or inducement whatever not specified in the contract; or giving, or selling, or purchasing or offering to give, sell, or purchase as induce-
ment to such insurance or annuity or in connection therewith, any stocks, bonds, or other securities of any insurance company or other corporation, association, or partnership, or any dividends or profits accrued thereon, or anything of value whatsoever not specified in the contract.

(b) Nothing in clause seven or paragraph (a) of this clause eight shall be construed as including within the definition of discrimination or rebates any of the following practices: (i) in the case of any contract of life insurance or life annuity, paying bonuses to policyholders or otherwise abating their premiums in whole or in part out of surplus accumulated from nonparticipating insurance; provided, that any such bonuses or abatement of premiums shall be fair and equitable to policyholders and for the best interests of the company and its policyholders; (ii) in the case of life insurance policies issued on the industrial debit plan, making allowance to policyholders who have continuously for a specified period made premium payments directly to an office of the insurer in an amount which fairly represents the saving in collection expense; (iii) readjustment of the rate of premium for a group insurance policy based on the loss or expense experience thereunder, at the end of the first or any subsequent policy year of insurance thereunder, which may be made retroactive only for such policy year.

(9) The enumeration in this act of specific unfair methods of competition and unfair or deceptive acts and practices in the business of insurance is not exclusive or restrictive or intended to limit the powers of the commissioner or any court of review under the provisions of section nine of this act.
5. Power of commissioner. The commissioner shall have power to examine and investigate into the affairs of every person engaged in the business of insurance in this State in order to determine whether such person has been or is engaged in any unfair method of competition or in any unfair or deceptive act or practice prohibited by section three of this act.

6. Hearings, witnesses, appearances, production of books and service of process.

(a) Whenever the commissioner shall have reason to believe that any such person has been engaged or is engaging in this State in any unfair method of competition or any unfair or deceptive act or practice defined in section four, and that a proceeding by him in respect thereto would be to the interest of the public, he shall issue and serve upon such person a statement of the charges in that respect and a notice of a hearing thereon to be held at a time and place fixed in the notice, which shall not be less than ten days after the date of the service thereof.

(b) At the time and place fixed for such hearing, such person shall have an opportunity to be heard and to show cause why an order should not be made by the commissioner requiring such person to cease and desist from the acts, methods or practices so complained of. Upon good cause shown, the commissioner shall permit any person to intervene, appear and be heard at such hearing by counsel or in person.

(c) Nothing contained in this act shall require the observance at any such hearing of formal rules of pleading or evidence.

(d) The commissioner, upon such hearing, may administer oaths, examine and cross-examine witnesses, receive oral and documentary evidence, and shall have the power to subpoena witnesses, compel their attendance, and require the production of books, papers, records, correspondence, or other documents which he deems relevant to the inquiry. The commissioner, upon such hearing, may, and
upon the request of any party shall, cause to be made a stenographic record of all the evidence and all the proceedings had at such hearing. If no stenographic record is made and if a judicial review is sought, the commissioner shall prepare a statement of the evidence and proceeding for use on review. In case of a refusal of any person to comply with any subpœna issued hereunder or to testify with respect to any matter concerning which he may be lawfully interrogated, the Supreme Court of New Jersey, on application of the commissioner, may issue an order requiring such person to comply with such subpœna and to testify; and any failure to obey any such order of the court may be punished by the court as a contempt thereof.

(e) Statements of charges, notices, orders, and other processes of the commissioner under this act may be served by anyone duly authorized by the commissioner, either in the manner provided by law for service of process in civil actions, or by registering and mailing a copy thereof to the person affected by such statement, notice, order, or other process at his or its residence or principal office or place of business. The verified return by the person so serving such statement, notice, order, or other process, setting forth the manner of such service, shall be proof of the same, and the return postcard receipt for such statement, notice, order, or other process, registered and mailed as aforesaid, shall be proof of the service of the same.

7. Cease and desist orders and modifications thereof.

(a) If, after such hearing, the commissioner shall determine that the method of competition or the act or practice in question is defined in section four and that the person complained of has engaged in such method of competition, act or practice in violation of this act, he shall reduce his findings to writing and shall issue and cause to be served upon the person charged with the violation an order requiring such person to cease and desist
CHAPTER 379, LAWS OF 1947

from engaging in such method of competition, act or practice.
(b) Until the expiration of the time allowed under section eight (a) of this act for filing a petition for review by writ of certiorari, if no such petition has been duly filed within such time or, if a petition for review has been filed within such time, then until the transcript of the record in the proceeding has been filed in the Supreme Court, as hereinafter provided, the commissioner may at any time, upon such notice and in such manner as he shall deem proper, modify or set aside in whole or in part any order issued by him under this section.
(c) After the expiration of the time allowed for filing such a petition for review if no such petition has been duly filed within such time, the commissioner may at any time, after notice and opportunity for hearing, reopen and alter, modify or set aside, in whole or in part, any order issued by him under this section, whenever in his opinion conditions of fact or of law have so changed as to require such action or if the public interest shall so require,
(a) Any person required by an order of the commissioner under section seven to cease and desist from engaging in any unfair method of competition or any unfair or deceptive act or practice defined in section four may obtain a review of such order by filing in the Supreme Court of New Jersey within thirty days from the date of the service of such order, a written petition praying that the order of the commissioner be set aside. A copy of such petition shall be forthwith served upon the commissioner, and thereupon the commissioner forthwith shall certify and file in such court a transcript of the entire record in the proceeding, including all the evidence taken and the report and order of the commissioner. Upon such filing of the petition and transcript such court shall have jurisdiction of the proceeding and of the question determined.
therein, shall determine whether the filing of such petition shall operate as a stay of such order of the commissioner, and shall have power to make and enter upon the pleadings, evidence, and proceedings set forth in such transcript a decree modifying, affirming or reversing the order of the commissioner, in whole or in part. The findings of the commissioner as to the facts, if supported by the weight of the evidence, shall be conclusive.

(b) To the extent that the order of the commissioner is affirmed, the court shall thereupon issue its own order commanding obedience to the terms of such order of the commissioner. If either party shall apply to the court for leave to adduce additional evidence, and shall show to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceedings before the commissioner, the court may order such additional evidence to be taken before the commissioner and to be adduced upon the hearing in such manner and upon such terms and conditions as to the court may seem proper. The commissioner may modify his findings of fact, or make new findings by reason of the additional evidence so taken, and he shall file such modified or new findings which shall be conclusive, and his recommendation, if any, for the modification or setting aside of his original order, with the return of such additional evidence.

(c) A cease and desist order issued by the commissioner under section seven shall become final

(1) Upon the expiration of the time allowed for filing a petition for review if no such petition has been duly filed within such time; except that the commissioner may thereafter modify or set aside his order to the extent provided in section seven (b); or

(2) Upon the final decision of the court if the court directs that the order of the commissioner be affirmed or the petition for review dismissed.
(d) No order of the commissioner under this act or order of a court to enforce the same shall in any way relieve or absolve any person affected by such order from any liability under any other laws of this State.

9. Procedure as to unfair methods of competition and unfair or deceptive acts or practices which are not defined.

(a) Whenever the commissioner shall have reason to believe that any person engaged in the business of insurance is engaging in this State in any method of competition or in any act or practice in the conduct of such business which is not defined in section four, that such method of competition is unfair or that such act or practice is unfair or deceptive and that a proceeding by him in respect thereto would be to the interest of the public, he may issue and serve upon such person a statement of the charges in that respect and a notice of a hearing thereon to be held at a time and place fixed in the notice, which shall not be less than ten days after the date of the service thereof. Each such hearing shall be conducted in the same manner as the hearings provided for in section six. The commissioner shall, after such hearing, make a report in writing in which he shall state his findings as to the facts, and he shall serve a copy thereof upon such person.

(b) If such report charges a violation of this act and if such method of competition, act or practice has not been discontinued, the commissioner may, through the Attorney-General of this State, at any time after ten days after the service of such report cause a petition to be filed in the Court of Chancery to enjoin and restrain such person from engaging in such method, act or practice. The court shall have jurisdiction of the proceeding and shall have power to make and enter appropriate orders in connection therewith and to issue such writs as are ancillary to its jurisdiction or are necessary in its judgment to prevent injury to the public pendente lite.
(c) A transcript of the proceedings before the commissioner including all evidence taken and the report and findings shall be filed with such petition. If either party shall apply to the court for leave to adduce additional evidence and shall show, to the satisfaction of the court, that such additional evidence is material and there were reasonable grounds for the failure to adduce such evidence in the proceeding before the commissioner, the court may order such additional evidence to be taken before the commissioner and to be adduced upon the hearing in such manner and upon such terms and conditions as to the court may seem proper. The commissioner may modify his findings of fact or make new findings by reason of the additional evidence so taken, and he shall file such modified or new findings with the return of such additional evidence.

(d) If the court finds that the method of competition complained of is unfair or that the act or practice complained of is unfair or deceptive, that the proceeding by the commissioner with respect thereto is to the interest of the public and that the findings of the commissioner are supported by the weight of the evidence, it shall issue its order enjoining and restraining the continuance of such method of competition, act or practice.

10. Judicial review by intervenor. If the report of the commissioner does not charge a violation of this act, then any intervenor in the proceedings may, within thirty days after the service of such report, cause a petition for a petition to be filed in the Court of Chancery for a review of such report. Upon such review, the court shall have authority to issue appropriate orders and decrees in connection therewith, including, if the court finds that it is to the interest of the public, orders enjoining and restraining the continuance of any method of competition, act or practice which it finds, notwithstanding such report of the commissioner, constitutes a violation of this act.
11. Penalty. Any person who violates a cease and desist order of the commissioner under section seven, after it has become final, and while such order is in effect, shall forfeit and pay to the State of New Jersey a sum not to exceed five thousand dollars ($5,000.00) for each violation, which may be recovered in a civil action. In determining the amount of the penalty the question of whether the violation was willful shall be taken into consideration. Nothing herein shall be construed as limiting a court in enforcing its own orders.

12. Provisions of act additional to existing law. The powers vested in the commissioner by this act shall be additional to any other powers to enforce any penalties, fines or forfeitures authorized by law with respect to the methods, acts and practices hereby declared to be unfair or deceptive.

13. Immunity from prosecution. If any person shall ask to be excused from attending and testifying or from producing any books, papers, records, correspondence or other documents at any hearing on the ground that the testimony or evidence required of him may tend to incriminate him or subject him to a penalty or forfeiture; and shall notwithstanding be directed to give such testimony or produce such evidence, he must none the less comply with such direction, but he shall not thereafter be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he may testify or produce evidence pursuant thereto, and no testimony so given or evidence produced shall be received against him upon any criminal action, investigation or proceeding; provided, however, that no such individual so testifying shall be exempt from prosecution or punishment for any perjury committed by him while so testifying and the testimony or evidence so given or produced shall be admissible against him upon any criminal action, investigation or proceeding concerning such perjury, nor shall he be exempt from the refusal, revocation or suspension of any license, permission or authority.
conferred, or to be conferred, pursuant to the insurance law of this State. Any such individual may execute, acknowledge and file in the office of the commissioner a statement expressly waiving such immunity or privilege in respect to any transaction, matter or thing specified in such statement and thereupon the testimony of such person or such evidence in relation to such transaction, matter or thing may be received or produced before any judge or justice, court, tribunal, grand jury or otherwise, and if so received or produced such individual shall not be entitled to any immunity or privilege on account of any testimony he may so give or evidence so produced.

14. Separability provision. If any provision of this act, or the application of such provision to any person or circumstances, shall be held invalid, the remainder of the act, and the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.

Approved July 3, 1947.

CHAPTER 381

An Act concerning actions upon agreements, express or implied, to assume the payment of bonds secured by mortgages, and supplementing chapter sixty-five of Title 2 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Where an agreement, express or implied, to assume the payment of any bond secured by a mortgage, has been made, all proceedings to enforce payment of the obligation against the person making such assumption shall be:

First, a foreclosure of the mortgage or the extinguishment of the mortgage lien by the foreclosure of a prior mortgage or lien; and

Second, an action upon the agreement of assumption, express or implied; provided, no such action may be maintained unless

(a) the obligor of record upon the agreement of assumption was made a party defendant in the suit to foreclose the mortgage, and

(b) the action is commenced within three months from the date of the confirmation of
the sale of the mortgaged premises, in the foreclosure suit, or in the case of the extinguishment of the mortgage lien by the foreclosure of a prior mortgage or lien, then within twelve months from the date of such extinguishment, and

e) a notice of intention to bring the action, is filed in the office of the clerk of the county wherein the mortgaged premises are located, before the commencement of the action, and

d) the plaintiff shall in his complaint offer to credit upon the indebtedness the fair market value, which shall be specified, of the mortgaged premises as of the date of the sale in the foreclosure suit, in any case where the plaintiff was the purchaser of the mortgaged premises at such sale, and in such case the defendant may contest, in the action, the amount of such fair market value; and

e) the plaintiff shall join in the action any and all persons within the jurisdiction of the State of New Jersey alleged to be liable as obligors upon the bond and upon any other agreement of assumption of payment of the same bond, express or implied, and upon any and all agreements or covenants to pay the same bond, or any moneys alleged to be due thereon, as principal, guarantor, surety or otherwise, whether such persons are alleged to be liable directly, indirectly, jointly, severally, or in the alternative.

2. This act shall be applicable to all agreements, express or implied, to assume the payment of any bond secured by a mortgage, whether heretofore or hereafter made, but in the case of such agreements heretofore made, the time within which the action may be brought unless previously barred by any provision of law shall in no such case be less than three months from the effective date of this act or within three months from the date of the accrual of the cause of action thereon whichever is later.
3. In any such action wherein the fair value of the mortgaged premises in issue and such fair value has been determined in any prior action or proceeding, such determination shall be prima facie evidence of such fair value.

4. In any such action the court shall by the judgment therein entered determine the respective rights and interests of all of the parties as between themselves and all of the other parties as to primary, secondary and other liability to the plaintiff and as to the direct, or indirect, or alternative liability of any party to any other party.

5. Whenever the bringing of any such action shall revive the right to redeem the mortgaged premises and shall open the foreclosure and sale of the mortgaged premises, under section 2:65-4 of the Revised Statutes, the provisions of sections 2:65-6 and 2:65-7 of the Revised Statutes shall be applicable to such action.

6. Nothing contained in this act shall be deemed to repeal or supersede any of the provisions of chapter sixty-five of Title 2 of the Revised Statutes.

7. The provisions of this act shall not apply to any action commenced before the effective date hereof.

8. This act shall take effect immediately.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. When any park commission established pursuant to the provisions of subdivision C of article four of chapter thirty-seven of Title 40 of the Revised Statutes (R.S. 40:37-96 et seq.) shall have acquired land in any municipality amounting in the aggregate to thirty-five per centum (35%) of the tax ratables of such municipality estimated on the basis of the value of such lands, with any buildings or improvements thereon, at the time they, or the respective parcels thereof, were acquired, said park commissioners may acquire additional lands in such municipality only upon compliance with the provisions of this act.

2. The assessor of the municipality shall file with the county board of taxation, in each year, with his assessment list, a certificate that the value of the land, with any buildings and improvements thereon, at the time they, or the respective parcels thereof, were acquired by such park commissioners in such municipality, exceeds in the aggregate thirty-five per centum (35%) of the total value of ratables in the municipality, briefly describing the same and separately describing the lands acquired in excess of such percentage and stating the value
of such lands with any buildings and improvements thereon, at the time they, or the respective parcels thereof, were acquired.

3. Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. The purpose of this act is to continue war adjustment payments to the persons who received such payments during the fiscal year one thousand nine hundred and forty-six to one thousand nine hundred and forty-seven and to provide for such payments to persons holding office, position or employment in an educational institution whose com-
Compensation is paid in whole or in part from State funds through the Commissioner of Education, and to persons holding office, position or employment under the Interstate Sanitation Commission, and in all cases where increments, reclassification and increase in compensation received since July first, one thousand nine hundred and forty-six, do not equal or exceed one hundred twenty dollars ($120.00) per year and thus guarantee to all State employees for the fiscal year one thousand nine hundred and forty-seven to one thousand nine hundred and forty-eight a total income comparable to that received during the fiscal year one thousand nine hundred and forty-six to one thousand nine hundred and forty-seven.

2. In order to insure fair and equitable treatment for all State employees and to carry out the purpose of this act, the State Treasurer, the president of the Civil Service Commission and the Commissioner of Taxation and Finance are empowered to make such rules and regulations as, in their discretion, are necessary or proper, to carry out such objectives. They shall meet quarterly and at such other times as may be necessary to carry out the purposes of this act.

3. 4. Each person holding office, position or employment in an educational institution whose compensation is paid in whole or in part from State funds through the Commissioner of Education shall be paid the same war adjustment as if he were a State employee and his compensation were paid wholly from State funds, subject to such conditions as may be imposed by the State Treasurer, the president of the Civil Service Commission and the State Commissioner of Taxation and Finance, which conditions shall be as nearly like the conditions applying to State employees as the circumstances of the case will permit.

5. Each person holding office, position or employment under the Delaware River Joint Toll Bridge Commission or under the Interstate Sanitation Commission shall be paid additional compensation in lieu of a further salary increase equal in amount to the war adjustment which he would receive during said fiscal year if he were a State employee and his compensation were paid wholly from State funds, subject to such conditions as may be imposed by the State Treasurer, the president of the Civil Service Commission and the Commissioner of Taxation and Finance, which conditions shall be as nearly like the conditions applying to State employees as the circumstances of the case will permit, but only to the extent that such additional compensation exceeds any increase of the regular salary of such person payable otherwise than by way of war adjustment and effective during the fiscal year one thousand nine hundred and forty-seven to one thousand nine hundred and forty-eight.

6. Any person on leave of absence granted because of entry into any branch of the military or naval forces of this State or of the United States or any organization authorized by the United States to serve with the Army or Navy, who comes back into the active service as a State employee in the fiscal year one thousand nine hundred and forty-seven to one thousand nine hundred and
forty-eight shall receive for each payroll period after his return, the same war adjustment payment under this act as he would have received if he had continued in the active State service as a State employee.

Act effective.

He shall receive reimbursement therefore and two dollars ($2.00) for every day he shall attend for his services from the taxing district.

3. At the time and place of the hearing or of the adjournment thereof and upon proof of the service of the notice, the county board of taxation shall hear the matter in a summary manner and shall render such judgment as shall be proper upon the proofs presented. A copy of the judgment shall be sent to the assessor of the taxing district and to the owner of the property.

4. If the county board, by its said judgment, shall determine that the property specified was omitted from the assessment for the particular year, the amount of the assessment shall be fixed by the judgment and the omitted property shall thereupon be assessed for the particular year in such amount. The amount of the assessment shall be entered by the assessor as an omitted assessment against such property in an "Omitted property assessment list, 19...," according to the particular year.

5. The omitted assessment list and the listing of assessments therein shall follow such forms and methods as may be prescribed by the director of the division of taxation in the State Department of Taxation and Finance.
6. On October first in any year wherein prior thereto the county board of taxation shall have rendered a judgment assessing omitted property for that year or the preceding year, the assessor shall file the omitted assessment list and a true copy thereof, to be called the "Assessor's omitted property assessment duplicate," with the county board of taxation. The county board of taxation shall examine, revise and correct the omitted assessment lists and duplicates, if any be filed, and, on or before October tenth in each year, cause the corrected, revised and completed duplicate, if any, certified by it to be a true record of the omitted taxes assessed, to be delivered to the collectors of the taxing districts in the county, affected by such omitted assessments and the omitted property assessment lists shall remain in the office of the board as a public record.

7. Omitted assessments shall be entered in the appropriate columns upon the omitted assessment lists and duplicates, and there shall be extended on the duplicates the amount of tax computed on each assessment at the same rate as similar property was taxed for the particular year.

8. As soon as an omitted property assessment duplicate is delivered to the collector of the taxing district, he shall at once begin the work of preparing, completing, mailing or otherwise delivering the tax bills therefor to the owners whose property has been assessed as omitted for the particular year; and shall complete that work at least one week before November first. The validity of any such tax or assessment or the time at which it shall be payable shall not be affected by the failure of a taxpayer to receive a tax bill, but every taxpayer, to whom a copy of any such judgment of a county board of taxation is sent, is put upon notice to ascertain from the proper official of the taxing district the amount which may be due for taxes upon the assessment of the omitted property according to such judgment.
9. Taxes assessed upon omitted property shall be payable on the first day of November following the rendering of the judgment of assessment by the county board of taxation; provided, such judgment be rendered before October first of that year. When the judgment of the county board of taxation is rendered subsequent to October first and prior to December thirty-first, the taxes assessed upon omitted property shall be payable on the first day of November in the following year. After the date when such taxes become payable, if unpaid, they shall become delinquent. Any such taxes, if upon real property, shall become a lien upon the real property assessed, from January first of the year in which the judgment of the county board of taxation shall be rendered.

10. All taxes on account of assessments entered in the omitted property assessment list shall be collected and accounted for in the same manner as other taxes.

11. The municipality, on February fifteenth of each year, shall, in addition to the regular installment of county taxes to be paid on said date, pay to the county an amount determined by multiplying the total amount of assessments, if any, in the omitted property assessment list for the previous year by the county and State rate for the particular year of the assessment, and such amount shall be for the use of the county.

12. And judgment of the county board of taxation assessing omitted property for a particular year may be reviewed by the Division of Tax Appeals in the State Department of Taxation and Finance, upon an appeal taken by the taxing district, owner or other interested party, taken and prosecuted in the same manner as other appeals to said division are taken and prosecuted; provided, the notice of appeal be filed with said division on or before the first day of December following the rendering of the judgment by the county board of taxation or within three months from the time of the rendering of such judgment, whichever date is the later.

CHAPTER 417

An Act concerning the sale by municipalities of property owned by such municipalities, and amending section 40:60-26 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 40:60-26 of the Revised Statutes is amended to read as follows:

40:60-26. The governing body of any municipality may sell any lands or buildings or any right or interest therein not needed for public use. All such sales or disposition except as provided in sections 40:60-27 to 40:60-29 of this Title shall be authorized to be made by one of the following methods:

(a) By public sale to the highest bidder after public advertisement thereof in a newspaper circulating in a municipality in which the lands are situated by two insertions at least once a week during two consecutive weeks, the last publication to be not more than seven days prior to the sale. In the case of public sales the governing body of any municipality may by resolution fix a minimum price to be included in the advertisement of sale of lands and public notice thereof given at the time of sale, or may by resolution provide that upon the completion of the public sale, the highest bid made thereof shall be subject to acceptance or rejection by the governing body, but the acceptance or rejection thereof shall be made not later than at the second regular meeting of the governing body following the sale, and, that if the governing body shall fail or refuse to accept or reject any such highest bid, as aforesaid, the said bid shall be deemed to have been rejected. Such sales may be adjourned at the time advertised for not more than one week without readvertising.
(b) Such governing body may from time to time, by ordinance, authorize the sale of any such properties at private sale for a period of time to be stated in said ordinance, which ordinance shall also fix the minimum sale price for each property so to be sold. A list of the properties so authorized to be sold, together with the minimum prices respectively, as determined by the governing body, shall be included in the ordinance and said list shall be posted in the city hall, or in such other municipal building in which the governing body usually holds its regular meetings. Additional copies of said list shall be made available for distribution. Offers for any or all properties so listed may be made to the governing body, at not less than the minimum prices as published by any prospective purchaser or any real estate broker or other persons legally authorized to consummate the transaction. The commission to be paid to any such broker or person consummating a sale, other than the purchaser, shall be not more than five per centum (5%) of the sale price, and may be paid out of the down payment on account of the purchase price.

Any and all private sales made in the manner specified shall not become effective until ratified by the governing body of the municipality at a regular meeting.

(c) In place of the above methods the governing body of any municipality may sell any such properties at private sale, as follows: Upon any offer being made by any person to the municipality to purchase any such property, the said offer shall be submitted to and considered by the governing body thereof at a regular or special meeting, and said governing body may then reject said offer, or may approve the same subject to final approval at a further public meeting of said governing body not less than ten days after said first meeting. Notice of the said further meeting of the governing body, containing said offer of purchase with a description of the land to be sold, the price thereof, and the terms and conditions of said sale, shall be
published at least once in a newspaper circulating in said municipality, not less than two days nor more than ten days before said further meeting; and at said further meeting the said offer to purchase said property shall be considered by the governing body, which may then reject the same, or may confirm and ratify said sale under said terms and conditions, or a modification thereof; provided, that no higher price or better terms shall then be bid for said property by any other person, in which case the sale is to be made to the highest bidder; and said governing body may then authorize the proper officers thereof either to execute a formal agreement of sale with the purchaser which shall be binding upon said municipality and upon the purchaser, or may authorize the proper officers to make a deed of conveyance to said purchaser, as the case may require.

(d) In place of the above methods the governing body of any municipality may sell any such properties at public or private sale upon such terms and conditions as shall be authorized by resolution of said governing body, with the approval in writing of the director of the Division of Local Government in the State Department of Taxation and Finance.

All sales, either public or private, may be for cash or upon credit. The governing body may by resolution fix the time for settlement and payment of the consideration and when the sales are upon credit the municipality may accept a purchase money mortgage to be given by the purchaser or purchasers, the terms and conditions of which mortgage shall be fixed by the resolution of the governing body of the municipality; provided, however, that any such mortgage shall be fully payable within five years from the date of the sale and shall bear interest at a rate not less than five per centum (5%) per annum. The governing body may also impose any restrictions on the use to be made of such land and any conditions of sale as to buildings or structures to be erected thereon, or
as to the type, size, or other specifications of such buildings or structures, or as to demolition, repair, or reconstruction of buildings or structures, and the time within which such conditions shall commence or be concluded, or any other conditions of sale in the manner and to the same extent as any other vendor of real estate, whether such sale shall be made at public or private sale; provided, however, that any conditions for the payment of the consideration upon credit and the restrictions on the use to be made of the land and the conditions of sale shall be set forth at length in any advertisement of sale hereinabove required. In all sales made pursuant to paragraphs (a), (c) or (d) of this section, the governing body of any municipality may pay a commission to any real estate broker or other person other than the purchaser actually consummating such sale, but said commissions shall not be more than five per centum (5%) of the sale price.

2. This act shall take effect immediately.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, The Congress of the United States has passed a bill and the President of the United States has given it his approval, thereby enacting it into law, which law, among other things, assumes jurisdiction over and controls and regulates rents and the possession of housing space within the State of New Jersey and provides for the enforcement of said law by means of Federal agencies, and

WHEREAS, The Legislature of the State of New Jersey did on the 22d day of July, 1946, with the approval of the Governor, enact a law entitled "An act to regulate, control and stabilize rents and possession of housing space and declaring an emergency with respect thereto and providing an appropriation therefor," which act has now become chapter 319 of the laws of 1946 and is known as the "Rent Control Act," and

WHEREAS, The continuance in force and effect of the said Rent Control Act (chapter 319 of the laws of 1946) would in many respects be in conflict with the act of Congress above referred to and the operation of which would be a duplication of the efforts of Federal agencies and would mean the cost of considerable sums of money to the State of New Jersey without any additional benefit to its citizens,

THEREFORE, I, WALTER E. EDGE, Governor of the State of New Jersey, by virtue of the power and

(1319)
authority vested in me by paragraph 18 of chapter 319 of the laws of 1946 do hereby suspend the operation of all of the provisions of said chapter 319, laws of 1946 until such time as the same may be restored by proclamation of the Governor in accordance with the provisions above referred to.

Given under my hand and the Great Seal of the State of New Jersey, this thirtieth day of July, in the year of Our Lord one thousand nine hundred and forty-six, and in the Independence of the United States, the one hundred and seventy-first.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

Upon the first anniversary of the cessation of hostilities in World War II it is most appropriate that we give thanks to Almighty God for sparing this nation the destruction and misery suffered by so many other nations and populations—both our allies and our enemies.

At the same time we honor and revere the millions of young men and women who served in the armed forces with such distinction, so many of whom gave their lives that this nation might live. As we mourn our dead heroes and acclaim the living let us fervently hope that this nation and the rest of the world will not again be scourged by a war that may well wipe out civilization itself.

Therefore, I, Walter E. Edge, Governor of the State of New Jersey, do hereby proclaim

and I urge our people to pause briefly in prayer to the end that we may have a secure and lasting peace.

Given under my hand and the Great Seal of the State of New Jersey, this thirteenth day of August, in the year of Our Lord one thousand nine hundred and forty-six, and in the Independence of the United States, the one hundred and seventy-first.

PROCLAMATION

State of New Jersey,
Executive Department.

As a matter of broad social policy the physically handicapped in New Jersey are entitled to every opportunity to gainful employment in which they can achieve a productive place in society. Most of the physically handicapped, both war veterans and those who have suffered injuries through industrial accidents or otherwise, are eager and de-
sorously of earning their own living and contributing to the wealth and welfare of their State. In fact, many of them would take on burdens beyond their physical capacity in their fierce determination to hold up their end.

The State Government has a well co-ordinated program to find employment for disabled veterans through the Division of Veterans’ Services and both the Labor Department and Rehabilitation Division are working closely with the United States Employment Service in seeking to aid non-veterans in the same manner.

The national program approved by the Congress designating the first week of October as “National Employ the Physically Handicapped Week” constitutes a most appropriate manner of calling attention to this great responsibility.

Therefore, I, Walter E. Edge, Governor of the State of New Jersey, do hereby proclaim

OCTOBER 6TH TO 12TH, INCLUSIVE,

as

NATIONAL EMPLOY THE PHYSICALLY HANDICAPPED WEEK,

and call upon all employers, organized labor, our various civic agencies, and our counties and municipalities to co-operate with the United States Employment Service, Division of Veterans’ Services and the Labor Department to the end that every possible opportunity be afforded the physically handicapped to enable them to hold or regain a productive place in our peacetime economy, and I urge that all such employment opportunities be referred to any of the forty-four United States Employment Service offices in New Jersey, so that jobs and physically handicapped workers can be brought together.
Given under my hand and the Great [seal] Seal of the State of New Jersey, this seventeenth day of September, in the year of Our Lord one thousand nine hundred and forty-six, and in the Independence of the United States, the one hundred and seventy-first.

Whereas, In my opinion, public necessity requires the convening of the Legislature of the State of New Jersey in Special Session,

Therefore, I, WALTER E. PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

We meet today to celebrate the solemn yet happy occasion of the 200th anniversary of the founding of one of the greatest educational institutions in the world—originally the College of New Jersey but now famed as Princeton University.

To observe all historical amenities I must record that the actual charter granted for the College of New Jersey was approved by His Majesty King George II of Great Britain and issued by my predecessor, Acting Governor John Hamilton on October 22, 1746. More important than the actual date was the premise on which this college was founded by a group of liberal men who opened its doors to students “of every religious denomination.”

The intention of its founders, in protesting against the narrow conservatism of the times, was two-fold. First, these trustees stated their purpose was “to cultivate the Minds of the Pupils in all these Branches of Erudition which are generally taught in the Universities abroad” and secondly, “To rectify the Heart by inculcating the Precepts of Christianity in order to make them good Men.” It is appropriate to observe that our
problems today, as they were 200 years ago, are fundamentally spiritual in nature.

While the origin of Princeton, to a certain degree at least, was to educate students for the ministry, the institution from its modest beginning in Elizabeth and later at Newark adhered undeviatingly to its principles for development of the human mind and to make men better citizens and better able to live with their fellow men. Later, in 1756, the college was moved to Princeton with historic Nassau Hall as the first college building. There its traditions were firmly rooted. Two centuries have passed and these roots have not wilted but instead the original precepts and traditions of the College of New Jersey have flourished to the end that the very name of Princeton University is a synonym for liberalism, tolerance and educational development.

It was in 1896 at the sesquicentennial celebration, which I remember as a young man, that the name of the College of New Jersey was changed to Princeton University. Woodrow Wilson, later to become President of the University and President of the United States, dedicated the institution to “the nation’s service.” This simple phrase still stands today for the very soul, if I may say so, of this great institution of learning.

As Princeton University begins its third century “to the end of applying, in consultation with scholars throughout the world, our common skills, knowledge, and wisdom to the reconsideration of the fundamental obligations of higher learning to human society, hoping thus to contribute to the advancement of the comity of all nations and to the building of a free and peaceful world.”

Therefore, I, Walter E. Edge, Governor of the State of New Jersey, do hereby make public proclamation of this great event in New Jersey history, and

I hereby enjoin and urge all agencies and departments of the State Government and our mu-
nicipal and county governments, our educational institutions, churches and civic organizations to take just pride in the accomplishment of Princeton's distinguished past and its part in the development of this great State and nation, and

**Further,** I suggest that all citizens show their interest and co-operation in this bicentennial program and the significance of this great academic convocation of the post-war era as representing the real road to a just and lasting peace.

Given under my hand and the Great
[seal] Seal of the State of New Jersey, this nineteenth day of October, in the year of Our Lord one thousand nine hundred and forty-six, and in the Independence of the United States, the one hundred and seventy-first.

**State of New Jersey,**

Although the world is officially at peace, the celebration Sunday, October 27, 1946, of Navy Day, takes on added significance in a period of international unrest and maneuvering which has been reflected in the current uneasiness at home.

It is fitting at this time that we pay tribute and homage to the United States Navy which was responsible to such a large extent for keeping the
fighting of the last war away from our shores so that today our cities and communities are intact. Without this great battle fleet and its air arm, this nation could not have escaped for the second time in a generation the destruction and misery visited upon the cities across the sea, both of our allies and our enemies.

The gallant officers and brave men who manned these ships and the heroes who died in battle are entitled to the fullest measure of public acclaim. At no time in the history of our nation did the Navy acquit itself with more distinction or reach a greater point of effectiveness.

Particularly, we are proud of the USS New Jersey and the officers and men who sailed and fought this ship through the Pacific. On behalf of the citizens of this great State let me assure the officers and men of this battleship, which is our namesake, that their deeds will never be forgotten and that a warm welcome awaits them on their return.

As many of these fighting ships are decommissioned let us fervently hope they will not be recalled to battle again. But on the same basis we must realize, just as did Theodore Roosevelt, a founder of our great modern Navy, whose birthday we also celebrate tomorrow, that we cannot weaken ourselves to the point of vulnerability. This country was in grave peril until all the resources of the nation combined produced the world's greatest Navy. We cannot afford to be found again in the same defenseless position.

Therefore, I, Walter E. Edge, Governor of the State of New Jersey, do hereby proclaim

SUNDAY, OCTOBER 27TH

as

NAVY DAY

to welcome and pay tribute to the officers, men and ships of our Navy; and I hereby urge that the Flag
be displayed on all public buildings and homes; and I further urge that appropriate exercises be conducted throughout the State.

Given under my hand and the Great [SEAL] Seal of the State of New Jersey, this twenty-third day of October, in the year of Our Lord one thousand nine hundred and forty-six, and in the Independence of the United States, the one hundred and seventy-first.

WALTER E. EDGE,
Governor.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The production of bituminous coal in the nation has ceased and except for the coal stock now held by consumers in retail yards and on commercial docks, there is only available at the mines for distribution less than two days' production of bituminous coal. This situation threatens the safety, health and welfare of the people of the State of New Jersey.

The Federal Government, through the Civilian Production Administration and the Solid Fuels Administration for War, has requested the cooperation of the State, its municipalities and its people in conserving the existing coal supplies.

In accordance with the request of the Federal Government, John E. Boswell, President of the Board of Public Utility Commissioners of the State
of New Jersey, is hereby appointed State Fuel Conservator to act on behalf of the State and to exercise all the powers vested in the Chief Executive of the State to alleviate the conditions caused by the situation so created and to co-ordinate in that connection the activities of all State and local offices and governing bodies in the State, and authority is hereby conferred upon him to designate and appoint any assistants that he may deem necessary to the fulfillment of his duties and to prescribe the authority of such assistants.

And Therefore, now, I, Haydn Proctor, Acting Governor of the State of New Jersey, by virtue of all authority vested in me do hereby:

Proclaim that a state of emergency exists in the State of New Jersey caused by the ceasing of production of bituminous coal in the nation and that the exhausting of the bituminous coal supply in the State threatens serious consequences to the safety, health and welfare of the people of the State, and I hereby direct:

1. All State and local officials to take appropriate action to procure the suspension of all unnecessary use of electricity, gas and coal.

2. To exercise their powers to the full to bring about compliance within the State of the orders of the Federal Civilian Production Administration designated U-13 and U-14, dated November 22, 1946 and fully co-operate with John E. Boswell, the State Fuel Conservator, and fully comply with any direction issued by him and any request he may make, and

I hereby request all public utilities, fuel dealers and all others having fuel supplies to co-operate with and assist the State Fuel Conservator, his assistants and appropriate State and local officials in conserving available essential coal supplies, and I hereby call upon the public of the State of New Jersey to comply in all respects with the orders of the Civilian Production Administrator and State
Fuel Conservator to effect immediate economies in the use of electricity, gas and coal.

This proclamation and the direction and request contained therein shall be effective immediately.

Given under my hand and the Great Seal of the State of New Jersey, this twenty-fifth day of November, in the year of Our Lord one thousand nine hundred and forty-six, and in the Independence of the United States, the one hundred and seventy-first.

New Jersey and the nation have much for which to be grateful as we celebrate Thanksgiving Day. As we give thanks for the blessings, accomplishments and progress during 1946, we must recognize we are living in grave times. Momentous days and important decisions lie ahead that will require all of our perseverance, energy and our faith in Almighty God if this nation is to go on as a symbol of freedom and liberty.

With the war behind us it is incumbent that we subordinate our petty jealousies and differences for the common welfare. We should celebrate Thanksgiving Day in a reverent manner, thanking the Almighty for the blessings we have had and expressing the fervent hope that under the aegis of the
United Nations that our people will be protected
from another war that may well destroy everything
man has built since the dawn of civilization.

Therefore, I, Haydn Proctor, Acting Governor

Proclamation

State of New Jersey,
Executive Department.

The peoples throughout the world will in this year of 1947 mark the one hundredth anniversary of the birth of Thomas Alva Edison, whose most productive years were spent here in New Jersey at Menlo Park.

Rising as he did from humble origin to become one of the outstanding benefactors of mankind, Thomas Alva Edison stands as a symbol of freedom of opportunity to men and women in all walks of life. His scientific discoveries and inventions have helped to raise the standard of living in all nations, have brought the peoples of the world into
closer communication with one another, have multiplied their productivity and blessed their daily lives with innumerable benefits and conveniences.

In this year of struggle to establish the unity of the peoples of all nations, it is particularly fitting that we dedicate a day to the centennial of a man whose long and productive life continues to benefit humanity everywhere.

Therefore, I, Alfred E. Driscoll, Governor of the State of New Jersey, do hereby urge all citizens of this State to commemorate on

FEBRUARY 11, 1947,

by appropriate observance, the one hundredth anniversary of the birth of Thomas Alva Edison.

Given under my hand and the Great [seal] Seal of the State of New Jersey, this tenth day of February, in the year of Our Lord one thousand nine hundred and forty-seven, and in the Independence of the United States, the one hundred and seventy-first.

ALFRED E. DRISCOLL,
Governor.

Lloyd B. Marsh,
Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

It is fitting that the people of New Jersey take cognizance that the year 1947 marks the Golden Jubilee of the National Congress of Parents and Teachers. This institution, and its constituent
local parent-teacher associations, have long been dedicated to the cause of a constantly better, stronger and more vital free public education in this State.

By offering a forum by and through which parents and public school teachers may exchange ideas and learn to appreciate each other’s viewpoint, the parent-teacher organizations have brought the wholesome effects of parental influence directly to the daily life of our schools. It is only through a continuing common interest of parents and teachers, through a constantly expanding participation by a greater number of parents in the work of these associations, with the encouragement and support of the State government, that we may keep free public education the vital force that it must be in a successful democracy.

The improvement of the quality of education in our public schools has for many years been the keystone of parent-teacher organizations. The need for prudent management at every level of educational effort has likewise been an uppermost consideration of their efforts. To this end they can and do contribute greatly by setting high standards of educational achievement, by seeing that our schools are adequately financed and that our teachers are secure in their important responsibilities. These significant functions, and the distinguished position that parent-teacher organizations have made for themselves in the field of free public education merit the recognition of an appreciative State.

Therefore, I, Alfred E. Driscoll, Governor of the State of New Jersey, do hereby proclaim

FEBRUARY 17, 1947,

as

PARENT-TEACHER DAY

on which I urge all citizens to join in the celebration of the fiftieth anniversary of the parent-teacher movement.
PROCLAMATIONS

Given under my hand and the Great [seal] Seal of the State of New Jersey, this fourteenth day of February, in the year of Our Lord one thousand nine hundred and forty-seven, and in the Independence of the United States, the one hundred and seventy-first.

ALFRED E. DRISCOLL,
Governor.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The war-related activities of the American Red Cross will, during the coming year, continue to be vitally necessary to aid in the extensive and difficult human problems of these post-war times. Many men will still be in uniform, and will require welfare and recreational services. Large numbers of veterans and their families will require help in connection with claims, counseling, referrals, and financial assistance. Army, Navy and Veterans' hospitals will continue to have many patients for a long time to come. The Red Cross organization, with its workers, over 99% of whom are volunteers, is trained and ready to perform whatever services are needed.

In a great number of New Jersey communities, Red Cross health and educational services are benefiting many people through programs in First Aid, Water Safety, Accident Prevention, Home Nursing and Nutrition. These contribute toward the welfare of the individual, the safety of the
home, and the improvement of family life. Moreover, in time of public calamity, fire, flood, hurricane, or other disaster, the Red Cross assumes the obligation to be on the scene with speedy emergency help, and prepared to minister to human needs.

The Red Cross organization is completely dependent upon voluntary contributions in providing its great humanitarian services. These services, which would otherwise be a burden upon government, require for their continuance the co-operative support of all who are interested in the welfare of their fellowmen.

Therefore, I, Alfred E. Driscoll, Governor of the State of New Jersey, hereby proclaim

THE MONTH OF MARCH, 1947,

as Red Cross Month, and urge every resident of New Jersey to support to the best of his ability the Red Cross appeal for funds for the year 1947.

Given under my hand and the Great Seal of the State of New Jersey, this twenty-fourth day of February, in the year of Our Lord one thousand nine hundred and forty-seven, and in the Independence of the United States, the one hundred and seventy-first.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The American Legion will celebrate its twenty-ninth birthday on March 15, 1947, marking a period of service to the Nation which has carried through the readjustments following two devastating wars.

While the American Legion is customarily identified with its interest in veterans’ affairs, its sphere of interest and service has in fact extended into activities of every kind designed to preserve our free institutions and liberties. It has assumed great responsibility in the fields of national defense, Americanism, rehabilitation, child welfare, and the building of good citizenship. The Legion’s service programs have become an integral part of communities large and small throughout our State and Nation.

It is with a sense of deep appreciation for the sound leadership which the Legion has exerted in matters of veterans’ affairs and for its positive approach to the common welfare of all people that the citizens of New Jersey should join in paying
tribute to the American Legion on its birthday anniversary.

Therefore, I, Alfred E. Driscoll, Governor of the State of New Jersey, do hereby proclaim

THE WEEK OF MARCH 10TH THROUGH 16TH, 1947,

as

AMERICAN LEGION WEEK

as a token of appreciation of the war-time and peace-time services of our State's and Nation's Legionnaires, and urge all citizens, business establishments, and organizations to display the American Legion emblem during that week in recognition of the humanitarian work and national and community services of the American Legion.

Given under my hand and the Great Seal of the State of New Jersey, this eleventh day of March, in the year of Our Lord one thousand nine hundred and forty-seven, and in the Independence of the United States, the one hundred and seventy-first.

ALFRED E. DRISCOLL, Governor.

By the Governor:
Lloyd B. Marsh, Secretary of State.
The American people are justly appreciative of the tremendous progress which has been made by modern medical science on the prevention, control, and cure of hitherto fatal diseases; but this progress is impaired so long as the dread disease of cancer continues to be the number two killer of our people. The tragedy of cancer leaves its mark on almost every American family, killing annually 184,000, or one in every eight.

A magnificent campaign is being conducted against this disease through the increasing efforts of the American Cancer Society which has marshalled the best of our scientific minds to carry on co-ordinated research to discover the causes and cure of cancer, has set up national, State and local educational programs to combat ignorance about the disease, improved services and equipment in the cancer-diagnostic-and-treatment clinics and, generally, provided services to cancer patients in this and other States.

The New Jersey Division of the American Cancer Society, which conducts an annual fund-raising drive during the month of April, deserves the support of all the people of the State for its worth and necessary purpose.

Therefore, I, ALFRED E. DRISCOLL, Governor of the State of New Jersey, do hereby proclaim

THE MONTH OF APRIL

as

"CANCER CONTROL MONTH"

in the State of New Jersey and urge the citizens of this State to contribute to and support the
American Cancer Society and its cancer control program.

Given under my hand and the Great Seal of the State of New Jersey, this thirty-first day of March, in the year of Our Lord one thousand nine hundred and forty-seven, and in the Independence of the United States, the one hundred and seventy-first.

ALFRED E. DRISCOLL,
Governor.

By the Governor:
LLOYD B. MARSH,
Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, It is the annual custom of the people of the United States to observe "Army Day"; and

WHEREAS, The President of the United States has proclaimed the week commencing April 7th as Army Week for commemorating the feats of valor of our military men in past wars; and

WHEREAS, This year it is particularly fitting that our celebrations assume a twofold aspect;

All Americans should give thanks and tangibly express appreciation for the glorious accomplishments of our military men and women during the armed conflict so recently concluded.

Americans now tensely await the results of the current peace treaty negotiations, while many of our statesmen, as well as some of our military leaders, warn the people of the United States that another armed conflict between nations is not im-
possible at this moment. And yet, the people of New Jersey have not recovered from the horrors and disastrous effect of World War II. The poignancy of sorrow strikes our souls when we recall the supreme sacrifices of some, the disability of others and the economic maladjustment of many of our veterans. In this welter of confusion it would be well for all citizens of New Jersey, and indeed of the world, to give serious consideration to the grave problems confronting us. Let us search our minds and hearts in order to determine that which each of us may fittingly do to preserve peace and to protect and defend America.

Let us do so as we honor and celebrate the glorious achievements of our military men and women in the past conflict and salute the youth of America which now constitutes our Army.

Therefore, I, Alfred E. Driscoll, Governor of the State of New Jersey, do hereby proclaim

THURSDAY, APRIL 10TH

as

"ARMY DAY,"

and I sincerely request thoughtful and appropriate observance of the day in conjunction with Army Week activities. I ask that the flag be flown from places of business, homes and public buildings. I further request that suitable celebrations be conducted throughout the State and that such events be confined to the period of this day insofar as practicable.

And I do further proclaim the

MONTH OF APRIL

as

RECRUITING MONTH,

and I do earnestly call upon all qualified young men to give serious consideration to devoting their time
and talents to the military services, whether it be a full-time career in the Army or Navy; part-time service with the New Jersey National Guard or other patriotic service.

Given under my hand and the Great Seal of the State of New Jersey, this first day of April, in the year of Our Lord one thousand nine hundred and forty-seven, and in the Independence of the United States, the one hundred and seventy-first.

ALFRED E. DRISCOLL, Governor

By the Governor:
LLOYD B. MARSH, Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

During the week of April 7th through 13th, citizens throughout the Nation have been called upon to take part in a common observance of the work of the Society for the Prevention of Cruelty to Animals. The work of this humane organization in educating the people of our State and Nation, and particularly our youth, to understand animal life, and to have a sense of responsibility and an affection for animals occupies a unique place in our culture.

In recognition of the far-reaching value in the every-day life of all people, of a well-founded education and philosophy of being kind to animals, I,
ALFRED E. DRISCOLL, Governor of the State of New Jersey, do hereby proclaim

APRIL 13TH

as

HUMANE SUNDAY,

and urge the citizens of New Jersey to join in support of humane organizations and with the fullest spirit to participate in appropriate observance with the schools, the press, radio, and religious institutions of this State, in the cultivation of the kindness and human understanding which reaches far beyond the animal world.

Given under my hand and the Great Seal of the State of New Jersey, this eleventh day of April, in the year of Our Lord one thousand nine hundred and forty-seven, and in the Independence of the United States, the one hundred and seventy-first.

ALFRED E. DRISCOLL,
Governor.

By the Governor:
LLOYD B. MARSH,
Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, The youth of America are its most valued resources of today and its responsible trustees of our culture and civilization for the future; and
WHEREAS, The building of character in growing boys and girls, and the recognition of their potentialities and problems are vital functions of youth-serving organizations of America; and

WHEREAS, The objectives of a boys’ and girls’ week are to focus public attention upon the activities and problems of our youth, to the end that the potentialities of boys and girls may be fully realized, and that a greater number of adults may be enlisted in the joys and opportunities of youth service; and

WHEREAS, It is desirable to emphasize the co-ordinate and significant functions of home, school, church and community in meeting our responsibilities to help boys and girls through these disturbed and trying times; and

WHEREAS, It is essential to stimulate the broadest public participation in the teaching of the ways of democracy and of respect for our Nation’s laws and institutions, as essential for the development of responsible citizens and sound leaders of tomorrow;

NOW, THEREFORE, I, ALFRED E. DRISCOLL, Governor of the State of New Jersey, do hereby proclaim the week of

APRIL 26 TO MAY 3, 1947,

as

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

As we approach the date set for the annual observance of Mothers' Day, we may well dedicate ourselves this year to honoring the millions of mothers throughout the world who are still tormented by the horrors and aftermath of war.

A lifetime of devotion to her family, to the rearing of her children, to the making of useful citizens, has brought many, many a mother to the fears and tragedies of war. To those who have lost their loved ones forever, or who have seen them broken in mind and body, May 11th will indeed be a painful reminder of better days. For them we can only hope that they may be able to reconcile themselves to the ways of a world ridden with the evils of excessive power and still to learn the meaning of the brotherhood of man. To those who have lived through the torments of world conflict to enjoy a family reunited in peace and safety, the mark of suffering will long remain.

Millions of mothers throughout the world have found the coming of peace to mean only the sorrowful task of maintaining life and a ray of hope in the pitiful remnants of a family ravaged by war. On this coming Mothers' Day, it is perhaps their
plight above all that we should recognize. There can be no better way of honoring motherhood than of paying homage to the mothers of every nation who from time immemorial have made the family the principal influence upon our society, whose heroic stand in the face of poverty, disease and despair still upholds human dignity in cities and hamlets everywhere.

Now, Therefore, I, Alfred E. Driscoll, Governor of the State of New Jersey, do hereby proclaim

SUNDAY, MAY 11, 1947,

as

MOTHERS’ DAY,

and do urge the people of New Jersey to observe this day as their hearts may dictate, and especially to remember the mothers at home and abroad who may be destitute and in need; to aid them with food, clothing and household articles; to support the Catholic, Protestant and Jewish relief programs and the work of welfare agencies.

Given under my hand and the Great Seal of the State of New Jersey, this seventh day of May, in the year of Our Lord one thousand nine hundred and forty-seven, and in the Independence of the United States, the one hundred and seventy-first.

ALFRED E. DRISCOLL,
Governor.

By the Governor:

Lloyd B. Marsh,
Secretary of State.
PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, The President of the United States recently proclaimed Sunday, May 18, 1947, as "I AM AN AMERICAN DAY," the day on which our Nation will honor those who this year have assumed the full responsibilities of citizenship by coming of age or by naturalization; and

WHEREAS, An alert, well-informed and public-spirited citizenry is one of the strongest bulwarks against bigotry, demagoguery and tyranny, which have been the curse of peace-loving peoples throughout history; and

WHEREAS, Education of new citizens in the values of representative democracy and in the discharge of their constitutional responsibilities, without which their rights and privileges cannot endure, is a vital function of the States in our federal system; and

WHEREAS, Emphasis upon the responsibilities of citizenship is peculiarly fitting and proper in New Jersey this year, when we are about to return to the most fundamental task in a republican form of government, the making of a new State Constitution;

NOW, THEREFORE, I, ALFRED E. DRISCOLL, Governor of the State of Jersey, do hereby proclaim, in and for the State of New Jersey,

SUNDAY, MAY 18, 1947,
as
I AM AN AMERICAN DAY,

and I do urge that this day be devoted by public officials, educational agencies, and by the public
press to appropriate programs explaining the
growth of American institutions, the origin of
constitutional liberties and responsibilities, and
the meaning of citizenship in general.

Given under my hand and the Great
[seal] Seal of the State of New Jersey, this
twelfth day of May, in the year of
Our Lord one thousand nine hundred
and forty-seven, and in the Independ­
ence of the United States, the one hun­
dred and seventy-first.

ALFRED E. DRISCOLL,
Governor.

By the Governor:
LLOYD B. MARSH,
Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, National Maritime Day is observed
annually throughout the Nation by proclamation
of the President issued pursuant to a Joint Reso­
lution of the Congress adopted in 1933; and

WHEREAS, The daily life and economic welfare
of the people of New Jersey are, to a greater ex­
tent than in other States, affected by the maritime
commerce of the New York-New Jersey harbor
facilities and of the Philadelphia-Camden port
area; and

WHEREAS, A strong well-equipped and well-
trained merchant marine is vital to our national
security and to our economic welfare; and
Whereas, We welcome the opportunity to honor the men and women, afloat and ashore, who have served our Nation heroically in time of war and who are contributing so much to maintain the supremacy of its merchant fleet,

Now, Therefore, I, Alfred E. Driscoll, Governor of the State of New Jersey, do hereby call upon the people of New Jersey to join in the observance of

NATIONAL MARITIME DAY,
MAY 22, 1947,

by displaying the Flag on their homes and other suitable places and by appropriate local civic programs marking this event, and I hereby direct that the Flag be displayed on all public buildings on that day.

Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

Whereas, There was assembled in Trenton on the 14th day of May, 1844, a convention of delegates who in six weeks prepared the Constitution
under which the people of this State have lived and prospered for 103 years; and a like work which we are about to consider will profoundly influence the welfare and happiness of this and future generations; and

Whereas, A special election will be held on June 3, 1947, at which the citizens of New Jersey will, by their vote, determine whether or not a State constitutional convention shall again be convened; as well as select their delegates to the convention, if one is to be held; and

Whereas, Such elections and the processes of democracy which they represent have suffered in past experiences in this and other States from a lack of a broad and informed public participation; and

Whereas, The systematic and comprehensive re-examination of our century-old State Constitution, with the opportunity of making a new Constitution as need appears, is a fundamental liberty of a free people which we must ever guard and protect; and

Whereas, Neglect by the people of the fundamental liberties in a representative democracy may lead to decay and destruction of those liberties, tends to undermine faith and confidence in the methods of democracy, and may defeat the will of the majority; and

Whereas, It is highly desirable, in the best interest of the people of New Jersey, that there be the broadest possible citizen participation at the coming June 3d special election, and in the consideration of the problems of government which would come before the constitutional convention for its deliberation and proposals;
NOW, THEREFORE, I, ALFRED E. DRISCOLL, Governor of the State of New Jersey, do hereby proclaim the period from

WEDNESDAY, MAY 14,

through

TUESDAY, JUNE 3, 1947,

as

STATE CONSTITUTION DAYS,

and I urge the public press and radio, all public officials, educational and civic organizations to devote STATE CONSTITUTION DAYS to activities and programs designed to achieve the broadest possible understanding of the public interest in constitutional revision; to promote a full appreciation of the importance of exercising the solemn prerogative of citizenship—the right to vote—at the special election on June 3d next, when the people of New Jersey will decide whether or not they want a constitutional convention, as well as select delegates to the convention if one is to be held.

Given under my hand and the Great Seal of the State of New Jersey, this twelfth day of May, in the year of Our Lord one thousand nine hundred and forty-seven, and in the Independence of the United States, the one hundred and seventy-first.

ALFRED E. DRISCOLL,
Governor.

By the Governor:

LLOYD B. MARSH,
Secretary of State.
PROCLAMATION

STATE OF NEW JERSEY,

WHEREAS, The government of the United States has, in the interest of securing this Nation’s international commitments, adopted the policy of maintaining a strong peacetime Naval Reserve; and

WHEREAS, Naval Reserve Week will be conducted nationally from May 18 through May 25, culminating in the observance of Naval Reserve Day on May 25; and

WHEREAS, The government of the State of New Jersey is desirous of co-operating with the National Government in assuming the full measure of State responsibility in our Federal system, and of participating in all programs vested with a national interest,
Now, therefore, I, Alfred E. Driscoll, Governor of the State of New Jersey, do hereby proclaim and designate the week of

as

as

By the Governor:

LLOYD B. MARSH,

CUMULATIVE TABLE OF CONTENTS
OF
NEW JERSEY LAWS OF 1942 (CHAPTERS 281 TO END),
1943, 1944, 1945, 1946 and 1947
GENERAL AND PERMANENT LEGISLATION

The following Table of Contents with the Schedules annexed have been prepared and printed pursuant to chapter 379 of the laws of 1939 to indicate changes made in the general and permanent statute law subsequent to the enactment of chapter 280 of the laws of 1942.

Changes made in the general and permanent statute law from the enactment of the Revised Statutes (1937) through chapter 280 of the laws of 1942 are to be found in the Cumulative Table of Contents contained in the Pamphlet Laws of 1942 at page 875, etc.

The classification used is that of the Revised Statutes amplified so as to include material for which no adequate classification units appear in the Revised Statutes. In all cases in which new chapter or other subdivision headings or new section numbers are set up they are designated in the Table as "Added" or "New." Where a chapter or other subdivision heading or section number is designated as "Added" it has been set up in the statute classified under it. Where a chapter or other subdivision heading is designated as "New" it has been set up and a number assigned, for convenience in classification, by the Law Revision and Bill Drafting Commission (formerly Commission on Statutes). The use of such designations or numbers alone, whether they are designated as "Added" or "New," in citation or in legislation is not sufficiently descriptive to indicate where the material is to be found in the Pamphlet Laws and, when so used, such designations should be amplified by adding the year and chapter numbers of the material intended to be referred to.

Acknowledgment is made to Charles DeF. Besoré, Esq., for the use of the arrangement of his "Table of Contents, etc., of 1938," which forms the basis of the arrangement of this Table of Contents.
