EXECUTIVE ORDER NO. 209

WHEREAS, on February 16, 2016, I fulfilled my obligations as Governor of the State of New Jersey by delivering the Governor's annual budget recommendations to the Legislature with respect to Fiscal Year 2017; and

WHEREAS, in recognition of ongoing, skyrocketing growth in health care costs that threatens to erode the State's ability to address important priorities including pensions, education, public safety, and critical services to those in need, my budget recommendations included an assumption that a combination of reasonable, common-sense reforms would be implemented to save $250 million in public employee and retiree health care costs to offset anticipated growth in those costs during Fiscal Year 2017; and

WHEREAS, on May 19, 2016, the Acting State Treasurer (“Treasurer”) appeared before the Senate and General Assembly budget committees to update the Governor's Fiscal Year 2017 budget recommendations, reiterating the need for health care savings to offset anticipated growth in health care costs during the upcoming fiscal year, and that the Governor's budget recommendations did not otherwise include funding for those escalating costs; and

WHEREAS, on June 3, 2016, my Administration transmitted to the Legislature a series of budget resolutions to implement the Governor's updated budget recommendations, consistent with the Treasurer's May testimony; and

WHEREAS, one of those resolutions recommended an item of budget language establishing an orderly procedure for achieving the assumed budget savings in a timely manner, prior to the expiration of Fiscal Year 2017; and

WHEREAS, more specifically, the recommended budget language provided: “Notwithstanding the provisions of P.L.2011, c.78 or any other law or regulation to the contrary, the amounts hereinabove appropriated for employee health benefits are subject to the following conditions: (1) the employee health benefits appropriations do not provide for year-over-year growth in State health benefits spending, instead of approximately $250 million in additional new State spending that would be required in FY 2017 without common sense reforms; accordingly,
within 30 days of the effective date of this act, the State Health Benefits Program (SHBP) Plan Design Committee and the School Employees' Health Benefits Program (SEHBP) Plan Design Committee (Plan Design Committees) shall approve cost-saving measures that will result in FY 2017 State health benefits savings totaling not less than $250 million; (2) provided further, in the event that the PDCs fail to satisfy the first condition set forth in this paragraph by approving less than $250 million in health benefits savings for FY 2017 within the specified time period, the State Treasurer, in consultation with the Division of Pensions and Benefits and the Division of Budget and Accounting, shall identify cost-saving measures that will result in FY 2017 State health benefits savings totaling $250 million, or such lesser amount as the State Treasurer shall determine, and those measures shall be implemented as plan design changes.

WHEREAS, instead of including the recommended budget language, or restoring the funding that would be necessary to support anticipated growth during Fiscal Year 2017 in the unreformed health benefits system, the legislative majority included the following budget language in its appropriations bill: “The State Health Benefits Program Plan Design Committee and the School Employees' Health Benefits Program Plan Design Committee may review potential cost-savings for FY 2017 State health benefits of $250,000,000.”; and

WHEREAS, the permissive nature of the Legislature's budget language, considered in conjunction with the historical reluctance of some members of the Plan Design Committees to embrace even the most modest of common-sense reforms, calls into question whether the Fiscal Year 2017 health benefits savings embedded in the Legislature's budget is realistically likely to be achieved; and

WHEREAS, the New Jersey State Constitution requires the Governor to take care that the laws of this State be faithfully executed, N.J.Const. (1947) Article V, Section 1, Paragraph 11, including ensuring compliance with the constitutional mandate that a balanced State budget be maintained, N.J.Const. (1947) Article VIII, Section 2, Paragraph 2; and

WHEREAS, during the course of a fiscal year, the Director of the Division of Budget and Accounting ("Director") may take steps to freeze State spending by placing certain funds in reserve in order to ensure that the State's budget remains balanced and to protect against and meet emergencies that may arise during the fiscal year pursuant to N.J.S.A. 52:27B-26, and the Governor also may enjoin expenditures and prescribe the terms on which such expenditures may be made, if at all, pursuant to N.J.S.A. 52:27B-31 to ensure that appropriations are not used to support waste, mismanagement or extravagance in a time of potentially diminished fiscal resources; and

WHEREAS, failure to exercise any of these powers risks the State potentially lacking resources necessary to maintain a responsible fund balance while providing for essential State services and basic operations of State government for Fiscal Year 2017, potentially causing immediate adverse impacts on the residents of the State;
NOW, THEREFORE, I, CHRIS CHRISTIE, Governor of the State of New Jersey, by virtue of the authority vested in me by the Constitution and by the Statutes of this State, do hereby ORDER and DIRECT:

1. In light of these facts and circumstances described above, the Director is hereby ordered immediately to identify and place into reserve items of appropriation, pursuant to N.J.S.A 52:27B-26, in an amount sufficient to ensure that the State budget remains in balance while maintaining a responsible anticipated closing fund balance. The amounts immediately reserved shall include all legislative additions to my recommended budget for Fiscal Year 2017, as determined by the Director, and half of the appropriation for Transitional Aid to Localities, along with such other amounts of such items of appropriation as the Director shall determine to be necessary to effectuate the purposes of this Order. The Director shall notify the Governor immediately of the list of items placed into reserve.

2. The Treasurer shall monitor the meetings and activities of the Plan Design Committees, and shall identify the value of estimated health benefits savings achieved by the Committees for Fiscal Year 2017, in addition to the impact that any reforms may have in future fiscal years. The Treasurer shall immediately notify the Governor as such savings are achieved. Thereafter, upon receiving notification from the Treasurer that health benefits savings have been achieved, the Director may release from reserve, pursuant to N.J.S.A. 52:27B-26, items of appropriation in consideration of the savings achieved.

3. The Treasurer is further ordered, in consultation with the Acting Attorney General ("Attorney General"), to determine the specific steps that would be necessary to withdraw the State of New Jersey from the Reciprocal Personal Income Tax Agreement Between the Commonwealth of Pennsylvania and the State of New Jersey, and shall prepare an estimate of the effects such a withdrawal would have on New Jersey’s revenue collections.

4. All State officials and agencies shall cooperate fully in the implementation of this Order.

5. This Order shall take effect immediately and shall remain in full force and effect until rescinded, modified, or supplemented by me.

Dated June 30, 2016.

3. The Commissioner of DOT shall take all appropriate steps to ensure that work performed at the municipal level that is funded by the TTFA, through grant or otherwise, shall cease in a manner consistent with this Executive Order, with the understanding that any work that is funded by federal funds may continue.

4. Notwithstanding the above paragraphs, transportation project work may continue when it is, in the discretion of the Commissioner and Executive Director, respectively, after consultation with the Office of the Governor, determined that such projects are absolutely essential for the protection of the health, safety, and welfare of the citizens of the State of New Jersey, or are required to ensure the receipt of federal funding.

5. I authorize and empower the Attorney General, pursuant to the provisions of N.J.S.A. 39:4-213, acting through the Superintendent of State Police, to determine the control and direction of the flow of vehicular traffic on any State or interstate highway, municipal or county road, and any access road, including the right to detour, reroute, or divert any or all traffic, and to prevent ingress or egress and further authorize all law enforcement officers to enforce any such order of the Superintendent of State Police within their respective municipalities.

7. In accordance with N.J.S.A. App. A:9-34 and -51, I reserve the right to utilize and employ all available resources of the State government and of each and every political subdivision of the State, whether of persons, properties, or instrumentalities, and to commandeer and utilize any personal services and any privately owned property necessary to protect against this emergency.

8. In accordance with N.J.S.A. App. A:9-40, no municipality, county, or any other agency or political subdivision of this State shall enact or enforce any order, rule, regulation, ordinance, or resolution, which will or might in any way conflict with any of the provisions of this Order, or which will in any way interfere with or impede the achievement of the purposes of this Order.

9. It shall be the duty of every person or entity in this State or doing business in this State and of the members of the governing body and every official, employee, or agent of every political subdivision in this State and of each member of all other governmental bodies, agencies, and authorities in this State of any nature whatsoever, to cooperate fully with the Commissioner in all matters concerning this state of emergency.

10. This Order shall take effect immediately and shall remain in full force and effect until such time as it is determined by me that an emergency no longer exists.

Dated June 30, 2016.
WHEREAS, in 2014, the citizens of New Jersey voted overwhelmingly to amend the State Constitution to eliminate the State's "resource-based" approach to pretrial release of individuals facing criminal charges, which allowed potentially dangerous defendants to be released if they had the financial wherewithal to make bail, while requiring defendants who posed no threat to the community to remain in jail simply because of an inability to pay bail or post bond; and

WHEREAS, in lieu of the resource-based system, the voters authorized a "risk-based" system, which, through individualized, objective, and scientifically-based assessments, allows for the detention of criminal defendants who pose a danger to the community, a flight risk, or potential to obstruct justice, where these concerns cannot be mitigated through release conditions; and

WHEREAS, the Legislature passed, and I subsequently signed, P.L. 2014, c. 31, implementing legislation that will take effect on January 1, 2017, and will bring about the sweeping reforms to New Jersey's adult criminal justice system consistent with the aforementioned constitutional amendment; and

WHEREAS, upon full implementation of the constitutional amendment and the implementing legislation, fewer defendants will be incarcerated in county jails at taxpayer expense while awaiting trial; and

WHEREAS, the speedy indictment and speedy trial deadlines in the implementing legislation will result in shorter periods of pretrial detention for defendants who are not eligible for release based on the objective risk assessment; and

WHEREAS, the Judiciary is currently revising the Rules of Court to implement the aforementioned reforms and establish new practices and procedures that will impact the operations and workload of police agencies and prosecutors' offices; and

WHEREAS, the Attorney General, in his capacity as the State's chief law enforcement officer, is preparing to issue a Law Enforcement Directive to provide guidance to police and prosecutors to ensure the uniform and efficient implementation of these reforms and the new Court Rules; and

WHEREAS, the Directive will encourage prosecutors to review arrests for certain offenses before a decision is made whether to issue a complaint-summons (allowing release of the defendant pending a court appearance) or to apply for a complaint-warrant (requiring evaluation of the defendant by the risk-based assessment to determine if release is appropriate), which represents a significant change in practice for most prosecutors, and may require significant realignment of resources to perform these early case-screening functions quickly and efficiently, often outside of normal business hours; and

WHEREAS, the reforms will require the appropriate prioritization of judicial and prosecutorial resources; and

WHEREAS, it is necessary and appropriate to study, project, and monitor the savings and the costs associated with these reforms, and to develop additional policies and procedures to address administrative challenges in order to successfully implement the reforms to our pretrial release system; and
WHEREAS, preparations for implementation are sufficiently advanced such that the savings and costs resulting from the reforms can be reasonably estimated;

NOW, THEREFORE, I, CHRIS CHRISTIE, Governor of the State of New Jersey, by virtue of the authority vested in me by the Constitution and the Statutes of this State, do hereby ORDER and DIRECT:

1. The Attorney General shall evaluate the costs, savings, and administrative challenges associated with the reforms to our pretrial release system set forth in the State Constitution, implementing legislation, and the forthcoming Attorney General Law Enforcement Directive, with specific focus on County Prosecutors' Offices, county jails, and local police departments.

2. The study shall be conducted by the Division of Criminal Justice and the Office of Law Enforcement Professional Standards in the Department of Law and Public Safety, in consultation with the State Police and the County Prosecutors Association of New Jersey, and shall solicit the input of appropriate stakeholders.

3. To effectuate the study, the Attorney General shall be authorized to call upon any department, office, division, or agency of this State to supply it with any information, personnel, or other assistance available as deemed necessary to discharge the duties under this Order. Each department, office, division, and agency of this State is hereby required, to the extent not inconsistent with law, to cooperate fully with the Attorney General within the limits of its statutory authority and to furnish such assistance on as timely a basis as is necessary to accomplish the purposes of this Order.

4. The Attorney General shall, within 60 days, report to the Governor on the progress of the study of anticipated costs, savings, and administrative challenges.

5. This Order shall take effect immediately.

Dated June 30, 2016.

EXECUTIVE ORDER NO. 213

WHEREAS, on June 30, 2016, the final day of State Fiscal Year 2016 ("FY 2016"), I signed Executive Order No. 210 (2016) declaring a state of emergency occasioned by the failure of the Legislature to send any bill to my desk providing for reauthorization of the Transportation Trust Fund Authority ("TTFA") following expiration of the five-year funding authorization that financed transportation projects from FY 2012 through the end of FY 2016; and

WHEREAS, at the time of that signing, it was evident that, absent additional funding sources, the TTFA would exhaust its remaining available funds no later than August 2016; and

WHEREAS, pursuant to Executive Order No. 210, work on most transportation projects funded by the TTFA was shut down in an orderly manner in early July
and the remaining TTF A funds have been carefully rationed to support projects
determined to be absolutely essential for the protection of the health, safety,
and welfare of the citizens of the State of New Jersey, or that are required to
ensure the receipt of federal funding; and
WHEREAS, the TTF A is days away from exhausting all of its available funds; and
WHEREAS, no evident progress has been made by the Legislature to pass a single,
viable bill to reauthorize the TTF A; and
WHEREAS, the current situation will persist until such time as the Senate and the
General Assembly pass a TTF A funding bill acceptable to all parties; and
WHEREAS, a well-maintained transportation infrastructure is essential to the op­
eration of New Jersey's economy and the people of the State of New Jersey
who rely upon that system of transportation as they conduct all aspects of their
daily lives; and
WHEREAS, suspending emergency TTF A work while the people of New Jersey
wait for the Senate and the General Assembly to pass a TTF A reauthorization
bill would jeopardize the health, safety, and welfare of all who rely on our
transportation infrastructure; and
WHEREAS, the New Jersey State Constitution requires the Governor to take care
that the laws of this State be faithfully executed; and
WHEREAS, the Governor of the State of New Jersey is entrusted with the respon­
sibility to protect the health, safety, and welfare of the citizens of this State, as
well as the responsibility to aid in the prevention of damage, loss, or destruction
of property in the event of emergencies affecting the State; and
WHEREAS, the Constitution and statutes of the State of New Jersey, particularly
the provisions of N.J.S.A. App. A:9-33, et seq., and all amendments and sup­
plements thereto, confer upon the Governor of the State of New Jersey certain
emergency powers;

NOW, THEREFORE, I, CHRIS CHRISTIE, Governor of the State of New
Jersey, by virtue of the authority vested in me by the Constitution and by the Stat­
tutes of this State, DO DECLARE and PROCLAIM that a State of Emergency con­
tinues to exist in the State of New Jersey and I hereby ORDER and DIRECT the
following:

1. The State Treasurer, as well as the Director of the Division of Budget and
Accounting ("OMB Director"), the Commissioner of the Department of Transpor­
tation ("Commissioner"), and the Executive Director of the New Jersey Transit Cor­
poration ("Executive Director"), are instructed to undertake all steps necessary and
appropriate to effectuate the purposes of Executive Order No. 210, as continued and
supplemented by this Order, using general State funds. More specifically, pursuant
to the authority granted to the Governor in General Provision No. 24 of the Fiscal
Year 2017 Appropriations Act, P.L.2016, c.10, I hereby direct the State Treasurer to
transfer from any State department to the TTF A such amounts as are determined to
be necessary by the OMB Director, in consultation with the Commissioner and the
Executive Director, to support transportation projects that are determined to be absolutely essential for the protection of the health, safety, and welfare of the people of the State of New Jersey, or are required to ensure the receipt of federal funding, according to the standards set forth in paragraph 4 of Executive Order No. 210.

2. All State officials and agencies shall cooperate fully in the implementation of this Order.

3. This Order shall take effect immediately and shall remain in full force and effect until it is determined by me that an emergency no longer exists.

WHEREAS, the National Weather Service forecast currently indicates that Hermine is a slow-moving storm that likely will impact the entire New Jersey shoreline for several days, and Ocean County, Atlantic County and Cape May County in particular; and

WHEREAS, these impending weather conditions may threaten homes and other structures, endanger lives, jeopardize public and private property, cause power outages, impede transportation and the flow of traffic in New Jersey, and thereby make it difficult or impossible for residents to obtain the necessities of life, as well as essential services such as police, fire, and first aid; and

WHEREAS, the impending weather conditions constitute an imminent hazard, which threatens and presently endangers the health, safety, and resources of the residents of Ocean County, Atlantic County and Cape May County; and

WHEREAS, this situation may become too large in scope to be handled by the normal county and municipal operating services in Ocean County, Atlantic County and Cape May County, and this situation may spread to other parts of the State; and

WHEREAS, the Constitution and statutes of the State of New Jersey, particularly the provisions of N.J.S.A. App. A:9-33 et seq., N.J.S.A. 38A:3-6.1, and N.J.S.A. 38A:2-4, and all amendments and supplements thereto, confer upon the Governor of the State of New Jersey certain emergency powers;

NOW, THEREFORE, I, CHRIS CHRISTIE, Governor of the State of New Jersey, in order to protect the health, safety and welfare of the people of the State of New Jersey, do DECLARE AND PROCLAIM that a State of Emergency exists in Ocean County, Atlantic County, and Cape May County, and hereby ORDER AND DIRECT the following:
1. I authorize and empower the State Director of Emergency Management, who is the Superintendent of State Police, to implement the State Emergency Operations Plan and to direct the activation of county and municipal emergency operations plans as necessary, and to coordinate the preparation, response, and recovery efforts for this emergency with all governmental agencies, volunteer organizations, and the private sector.

I further authorize all law enforcement officers to enforce any such order of the Attorney General or Superintendent of State Police within their respective municipalities or jurisdictions.

4. I authorize and empower the State Director of Emergency Management to order the evacuation of all persons, except for those emergency, governmental, or essential personnel whose presence the State Director deems necessary, from any area where their continued presence would present a danger to their health, safety, or welfare because of the conditions created by this emergency.

5. I authorize and empower the State Director of Emergency Management to utilize all facilities owned, rented, operated, and maintained by the State of New Jersey to house and shelter persons who may need to be evacuated from a residence, dwelling, building, structure, or vehicle during the course of this emergency.

9. In accordance with N.J.S.A.
