Any municipality in which a State-operated college of medicine or college of medicine and dentistry, is located, or proposed to be located, is hereby empowered to acquire by purchase, gift, grant, devise or otherwise, and to take for public use, any estate or interest in any real property within the municipality by condemnation, in the manner provided by chapter 1 of Title 20 of the Revised Statutes, except as otherwise provided by this act. The municipality may thereupon sell and convey any estate or interest in any real property so acquired to such college for use by the college for the construction of such facilities as may be required by the college in the performance of its teaching, research and treatment functions. Any estate or interest in any real property so acquired may be sold by the municipality to such college for a nominal consideration for the purpose of promoting the health and general welfare of the municipality.

C. 40:60-25.58 Filing of declaration of taking.

2. On or after the institution of an action by the municipality for condemnation of property and to fix the compensation to be
paid for such property, the municipality may file with the Clerk of the Superior Court a declaration of taking, signed by the duly authorized municipal official, declaring that all or any part of such property described in the petition is being taken by and for the use of the municipality. The declaration of taking shall set forth (1) a description of such tract or parcel of property to be taken, to which there may be attached a plan or map thereof; (2) a statement of the estate or interest in the said property being taken; and (3) a statement of the sum of money estimated by the municipality to be just compensation for the property taken, which sum shall not be less than the last assessed valuation for tax purposes of the estate or interest in the property to be taken.

Upon the filing of the aforesaid declaration of taking and the deposit in court to the use of the persons entitled thereto, of the sum of money estimated by the municipality to be just compensation for the property taken as stated above, title to the property described as being taken by said declaration shall vest in the municipality (free from the right, title, interest or lien of all persons), and said property shall be deemed to be condemned and taken for the use of the municipality and the right to just compensation for the same shall vest in the persons entitled thereto.

Upon the filing of the declaration of taking and the making of the deposit as aforesaid, the court shall designate a day not exceeding 90 days after such filing, except for good cause shown, on which persons in possession shall be required to surrender possession to the municipality.

Upon the expiration of the period designated by the court as herein provided, the municipality, without other process or proceedings shall be entitled to the exclusive possession and use of each tract or parcel of property described in the declaration and may forthwith enter into and take possession of said property, it being the intent of this provision that the action to fix the compensation to be paid or any other proceeding relating to the taking of such property or entering therein shall not delay the taking of possession and the use thereof by the municipality for purposes authorized by this act. The municipality shall not abandon any condemnation proceeding pursuant to this act subsequent to the date upon which it has taken possession of the property as herein provided.

The municipality shall cause notice of the filing of said declaration of taking and the making of said deposit to be served upon each party to the action to fix the compensation to be paid, who
resides in this State, either personally or by leaving a copy thereof at his dwelling house or usual place of abode, and upon each such party who resides out of the State by mailing notice thereof to him at his usual place of abode if known. In the event that the usual place of abode of any such party or the name of such party is unknown, such notice shall be published at least once in a newspaper published or circulating in the county or counties in which the property is located. Such service, mailing or publishing, shall be made within 30 days after the filing of the declaration.

Any party in interest after notice to other parties in interest, including the municipality, may make application to a judge of the Superior Court who may order that the money deposited with the Clerk of the Superior Court, or any part thereof, be paid forthwith to the person or persons entitled thereto for or on account of the just compensation to be awarded in said proceeding; provided, that each such person shall have filed with Clerk of the Superior Court a consent in writing and such security as may be required by the court that, in the event the award in the condemnation proceeding shall be less than the amount deposited, the court, after notice and hearing as herein provided, may determine the liability, if any, for the return of such difference or any part thereof and enter judgment therefor.

The ultimate amount of compensation shall be determined pursuant to Title 20 of the Revised Statutes. If the amount so fixed shall exceed the amount so deposited in court by the municipality or otherwise paid to the persons entitled thereto, the court shall enter judgment against the municipality in the amount of such deficiency, together with interest at the legal rate on such deficiency from the date of the vesting of title to the date of the entry of the final judgment (subject, however, to abatement for use, income, rents or profits derived from such property by the owner thereof subsequent to the vesting of title in the municipality), and the court shall order the municipality to deposit the amount of such deficiency in court. The money deposited into court by a municipality shall be secured in such manner as may be directed by the court and shall be disbursed according to the order or judgment of the court to the persons found to be entitled thereto by the final award or judgment of the court. In case the amount deposited in court by the municipality as the estimated compensation for the property shall exceed the amount of the award or judgment, such excess shall be returned to the municipality, unless the amount of the deposit or any part thereof shall have been distributed as
CHAPTER 11, LAWS OF 1967

...aforesaid, in which event, the court, on petition of the municipality and notice to all persons interested in the award and affording them an opportunity to be heard, shall enter judgment in favor of the municipality for such difference against the party or parties liable for the return thereof. The municipality shall cause notice of the date, fixed for such hearing, to be served upon each party thereto residing in this State in accordance with the requirements of the laws of this State relating to service of process. In the event that the residence of any party or the name of any party is unknown, such notice shall be published at least once in a newspaper published or circulating in the county in which the property is located. Such service, mailing or publication, shall be made at least 10 days before the date fixed for such hearing.

C. 40:60-25.59 Relocation of persons and concerns.

3. (a) Any municipality which acquires, or seeks to acquire, real property pursuant to the provisions of this act for the purposes authorized herein shall do any and all things necessary to assure that a workable relocation assistance program for displaced persons and business concerns, offering the services prescribed by subsection (b) of this section, is available to reduce hardship to those affected, and to reduce delays in public improvements.

          upon equalized valuation;
       4. $1.00 per capita if its annual expenditure for library
          services is more than $\frac{5}{2}$ mill, but less than $\frac{3}{2}$ mill per dollar
          upon equalized valuation;
       5. $1.25 per capita if its annual expenditure for library
          services is more than $\frac{3}{2}$ mill per dollar upon equalized
          valuation;
provided, however, that payments hereunder to a municipality or county shall not be less than the amount which such municipality or county received in State library aid in the year preceding the effective date of this act, except that in no case shall payments under this section exceed \( \frac{1}{2} \) of the annual expenditure for library services by the municipality or the county, as the case may be.

(b) For those municipalities which provide tax support for both a local library and a county library, the per capita aid provided for in subparagraph (a) of this section shall be determined as follows: the total expenditure for library service pursuant to chapters 33 and 54 of Title 40 of the Revised Statutes shall be used to determine the scale of per capita aid. The payment to the municipality and to the county, respectively, shall be apportioned in the same ratio as each expenditure bears to the total expenditure.

C. 18:24A-8.2 Base grant.
3. Every area library shall receive annually during the term of its contract with the State a base grant of $35,000.00 plus $0.20 per capita for each person residing in the area specified in such contract.

C. 18:24A-8.3 Annual grant.
4. The amount of such emergency aid or incentive grant shall be payable by the State Treasurer upon the certification of the Commissioner of Education and the warrant of the Director of the Division of Budget and Accounting.

6. Section 10 of the act of which this act is amendatory is amended to read as follows:
C. 18:24A-10 Determination of appropriation.

10. On or before November 15 in each year, the Commissioner of Education shall estimate the amount necessary to be appropriated to carry out the provisions of this act for the succeeding fiscal year and shall determine for budget purposes the amount estimated to be payable to each of the counties and municipalities under this act for such succeeding year. The commissioner shall make such determination for budget purposes upon the basis of the annual appropriations for library purposes for the current calendar year.

On or before September 15 of each succeeding year, the commissioner shall make his final determination of the payments to be made under this act upon the basis of the annual expenditures for library purposes for the preceding calendar year.

7. Section 11 of the act of which this act is amendatory is amended to read as follows:

11. The sums payable as State aid, as finally determined by the commissioner, shall be payable on October 1 following the final determination in each such year. Payments shall be made by the State Treasurer upon certificate of the Commissioner of Education and warrant of the Director of the Division of Budget and Accounting. effective library services, to insure public benefit and convenience therefrom and to achieve the objects of this act.

10. Section 13 of the act of which this act is amendatory is amended to read as follows:

C. 18:24A-13 Reports.

13. On or before March 1 in each year each library receiving State aid according to the provisions of this act shall make and transmit a report to the State Librarian of such information, based upon the records and statistics of the preceding calendar year, as the State Librarian shall require.

11. (2) With respect to an individual whose benefit year commences in any calendar year after December 31, 1967, his weekly benefit rate under each determination shall be 2/3 of his average weekly wage, subject to a maximum of 50% of the State-wide average weekly remuneration paid to workers by employers subject to this chapter (R.S. 43:21-1 et seq.), as determined and promulgated by the Commissioner of Labor and Industry, and to a minimum of $10.00; provided, however, that such individual's weekly benefit rate shall be computed to the next higher multiple of $1.00 if not already a multiple thereof. For the purposes of this paragraph, the "State-wide average weekly remuneration paid to workers by employers" shall be computed and determined by the Commissioner of Labor and Industry on or before September 1 of each year on the basis of 1/52 of the total remuneration reported for the preceding calendar year by employers subject to this chapter, divided by the average of the number of workers reported by such employers, and shall be effective as to benefit determinations in the calendar year following such computation and determination.

(d) Maximum total benefits.

(1) With respect to an individual to whom benefits shall be payable for benefit years prior to January 1, 1968, as provided in this section such individual shall be entitled to receive, under each successive benefit determination relating to each of his base year
employers, a total amount of benefits equal to \( \frac{3}{4} \) of his base weeks from the employer in question multiplied by his weekly benefit rate; but the amount of benefits thus resulting under any such determination made with respect to an employer, shall be adjusted to the next higher multiple of $1.00 if not already a multiple thereof.

With respect to an individual to whom benefits shall be payable for benefit years commencing on or after January 1, 1968 as provided in this section, such individual shall be entitled to receive, under each successive benefit determination relating to each of his base year employers, a total amount of benefits equal to \( \frac{1}{2} \) of his total wages in his base year or \( \frac{3}{4} \) of his base weeks from the employer in question multiplied by his weekly benefit rate, whichever is the higher; but the amount of benefits thus resulting under any such determination made with respect to an employer shall be adjusted to the next higher multiple of $1.00 if not already a multiple thereof.

(2) No such individual shall be entitled to receive benefits under this chapter (R. S. 43:21-1 et seq.) in excess of 26 times his weekly benefit rate in any benefit year under either of subsections (c) and (f) of section 43:21-4 of this chapter (R. S. 43:21-1 et seq.). In the event that any individual qualifies for benefits under both of said subsections during any benefit year, the maximum total amount of benefits payable under said subsections combined to such individual during the benefit year shall be 1 \( \frac{1}{2} \) times the maximum amount of benefits payable under one of said subsections.

(3) The maximum total benefits of any individual shall be reduced by an amount equal to 17 times his weekly benefit rate upon the discovery by the division that such individual illegally received any sum as benefits contrary to the provisions of this chapter as the result of any false or fraudulent representation; provided, however, that such reduction shall apply only to a benefit year in existence at the time of the discovery and to a benefit year established within 1 year from the time of such discovery.

2. Section 43:21-4 of the Revised Statutes is amended to read as follows:

Benefit eligibility conditions.

43:21-4. An unemployed individual shall be eligible to receive benefits with respect to any week only if it appears that:

(a) He has registered for work at, and thereafter continued to report at, an employment office in accordance with such regulations as the division may prescribe, except that the division may, by
regulation, waive or alter either or both of the requirements of this subsection as to individuals attached to regular jobs, and as to such other types of cases or situations with respect to which the division finds that compliance with such requirements would be oppressive, or would be inconsistent with the purpose of this act; provided, that no such regulation shall conflict with subsection (a) of section 43:21-3 of the Revised Statutes.

(b) He has made a claim for benefits in accordance with the provisions of subsection (a) of section 43:21-6 of the Revised Statutes.

(c) He is able to work, and is available for work, and has demonstrated that he is actively seeking work, except as hereinafter provided in this subsection or in subsection (f) of this section:

(1) No woman shall be deemed to be able or available for work during the 4 weeks immediately before the expected birth of her child or the 4 weeks immediately following the birth of her child, in either of which cases the division may require the production of a doctor’s certificate to establish such dates;

(2) The director may, in his discretion, modify the requirement of actively seeking work if, in his judgment, such modification of this requirement is warranted by economic conditions.

No individual, who is otherwise eligible, shall be deemed ineligible, or unavailable for work, because he is on vacation, without pay, during said week, if said vacation is not the result of his own action as distinguished from any collective action of a collective bargaining agent or other action beyond his individual control; nor subject to such limitations and conditions as the division may prescribe, shall any otherwise eligible individual who is attending a training program which has been approved for him by the division to enhance his employment opportunities be deemed unavailable for work or ineligible because he is attending such training program, or because he failed or refused to accept work while attending such program.

(d) He has been totally or partially unemployed for a waiting period of 1 week in the benefit year which includes that week. When benefits become payable with respect to the third consecutive week next following the waiting period, he shall be eligible to receive benefits as appropriate with respect to the waiting period. No week shall be counted as a week of unemployment for the purposes of this subsection:

(1) if benefits have been paid, or are payable with respect thereto; provided, that the requirements of this paragraph
shall be waived with respect to any benefits paid or payable for a waiting period as provided in this subsection;

(2) if it has constituted a waiting period week under Temporary Disability Benefits Law;

(3) unless the individual fulfills the requirements of subsections (a) and (c) of this section;

(4) if with respect thereto, claimant was disqualified for benefits in accordance with the provisions of subsection (d) of section 43:21-5 of the Revised Statutes.

(e) With respect to a base year as defined in subsection (c) of section 43:21-19 of the Revised Statutes he has established at least 17 base weeks as defined in subsection (t) (1) of section 43:21-19 of the Revised Statutes, or, in the alternative, has earned $1,350.00 or more in his base year.

(f) (1) He has suffered any accident or sickness not compensable under the Workmen’s Compensation Law (Title 34 of the Revised Statutes) and resulting in his total disability to perform any work for remuneration, and would be eligible to receive benefits under this chapter (R.S. 43:21-1 et seq.) (without regard to the maximum amount of benefits payable during any benefit year) except for his inability to work and has furnished notice and proof of claim to the division, in accordance with its rules and regulations, and payment is not precluded by the provisions of section 43:21-3 (d) of the Revised Statutes; provided, however, that no benefits shall be payable under this subsection to any individual:

(A) for any period during which such individual is not under the care of a legally licensed physician, dentist or chiropodist;

(B) for any period of disability due to pregnancy or resulting childbirth, miscarriage, or abortion, except for disability existing during the 4 weeks immediately before the expected birth of child, and the 4 weeks following the termination of the pregnancy;

(C) for any period of disability due to willfully or intentionally self-inflicted injury, or to injuries sustained in the perpetration by the individual of a high misdemeanor;

(D) for any week with respect to which or a part of which he has received or is seeking benefits under any unemployment compensation or disability benefit law of any other State or of the United States; provided, that if the appropriate agency of such other State or of the United States finally determines that he is not entitled to such benefits, this disqualification shall not apply;
(E) for any week with respect to which or part of which he has received or is seeking disability benefits under the Temporary Disability Benefits Law;

(F) for any period of disability commencing while such individual is a "covered individual" as defined in subsection 3 (b) of the Temporary Disability Benefits Law (chapter 110, P. L. 1948).

(2) Benefit payments under this subsection shall be charged to and paid from the State Disability Benefits Fund established by the Temporary Disability Benefits Law, and shall not be charged to any employer account in computing any employer's experience rate for contributions payable under this chapter.

(g) Notwithstanding any other provision of this chapter, the director may, to the extent that he deems efficient and economical provide for consolidated administration by one or more representatives or deputies of claims made pursuant to subsection (f) of this section with those made pursuant to article III (State plan) of the Temporary Disability Benefits Law.

3. Section 43:21-5 of the Revised Statutes is amended to read as follows:

Disqualification for benefits.

43:21-5. An individual shall be disqualified for benefits:

(a) For the week in which he has left work voluntarily without good cause attributable to such work, and for each week thereafter until he has earned in employment (which may be with an employing unit having in employment one or more individuals) at least 4 times his weekly benefit rate, as determined in each case; provided, however, that no disqualification shall be applicable to a woman who left or was separated from her work solely by reason of her pregnancy.

(b) For the week in which he has been finally discharged for misconduct connected with his work, and for the 5 weeks which immediately follow such week (in addition to the waiting period), as determined in each case. In the event such discharge should be rescinded by the employer voluntarily or as a result of mediation or arbitration this subsection (b) shall not apply, provided, however, an individual who is restored to employment with back pay shall return any benefits received under this chapter for any week of unemployment for which he is subsequently compensated by his employer.
(c) If it is found that he has failed, without good cause, either
to apply for available, suitable work when so directed by the em-
ployment office or the director or to accept suitable work when
offered him, or to return to his customary self-employment (if any)
when so directed by the director. Such disqualification shall con-
tinue for the week in which such failure occurred and for the 3
weeks which immediately follow such week (in addition to the
waiting period), as determined:

(1) In determining whether or not any work is suitable for
an individual, consideration shall be given to the degree of
risk involved to his health, safety and morals, his physical
fitness and prior training, his experience and prior earnings,
his length of unemployment and prospects for securing local
work in his customary occupation, and the distance of the
available work from his residence.

(2) Notwithstanding any other provisions of this chapter, no
work shall be deemed suitable and benefits shall not be denied
under this chapter to any otherwise eligible individual for
refusing to accept new work under any of the following con-
ditions: (a) If the position offered is vacant due directly to a
strike, lockout, or other labor dispute; (b) If the remuneration,
hours, or other conditions of the work offered are substantially
less favorable to the individual than those prevailing for
similar work in the locality; (c) If as a condition of being em-
ployed the individual would be required to join a company
union or to resign from or refrain from joining any bona fide
labor organization.

(d) If it is found that his unemployment is due to a stoppage
of work commencing on or after January 1, 1968 which exists
because of a labor dispute (other than a lockout) at the factory,
establishment or other premises at which he is or was last em-
ployed and such disqualification shall continue only for the first
42 days thereof (in addition to the waiting period). Benefits paid
after said period of disqualification shall only be paid out of,
and to the extent of, worker contributions to the Unemployment
Trust Fund made during the calendar year preceding the calendar
year in which benefits are claimed; provided, however, that no
benefits shall be paid under this subsection where the worker or
workers unemployed by reason of such labor dispute, or their
representatives, have refused to voluntarily arbitrate the dispute
or, in the alternative, have refused the services of a mediation
agency of this State or the Federal Government to mediate the
dispute, and further provided that no benefits shall be paid under this subsection for any week of unemployment unless the Commissioner of Labor and Industry certifies that, during the week in question, representatives of the worker or workers claiming benefits, either were bargaining in good faith or were prepared to bargain in good faith to resolve the dispute. No disqualification under this subsection shall apply if it is shown that:

(1) He is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work; and

(2) He does not belong to a grade or class of workers of which, immediately before the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute; provided, that if in any case in which (1) or (2) above applies separate branches of work which are commonly conducted as separate businesses in separate premises are conducted in separate departments of the same premises, each such department shall, for the purposes of this subsection, be deemed to be a separate factory, establishment, or other premises;

(e) For any week with respect to which he is receiving or has received remuneration in lieu of notice.

(f) For any week with respect to which or a part of which he has received or is seeking unemployment benefits under an unemployment compensation law of any other State or of the United States; provided, that if the appropriate agency of such other State or of the United States finally determines that he is not entitled to such unemployment benefits, this disqualification shall not apply.

(g) (1) For a period of 17 weeks from the date of the discovery by the division of the illegal receipt of benefits contrary to the provisions of this chapter as the result of any false or fraudulent representation and his maximum total benefits shall be reduced by an amount equal to 17 times his weekly benefit rate in the benefit year in existence at the time of the discovery and in a benefit year established within 1 year thereafter, but the maximum reduction shall not exceed 17 times the weekly benefit rate; provided, that any such disqualification may be appealed in the same manner as any other disqualification imposed hereunder; and, provided further, that a conviction in the courts of this State arising out of the illegal receipt of such benefits in any proceeding instituted against him, under the provisions of this chapter or any other law
of this State, shall be conclusive upon the appeals tribunal and the board of review.

(2) A disqualification under this subsection shall not preclude the prosecution of any civil, criminal or administrative action or proceeding to enforce other provisions of this chapter for the assessment and collection of penalties or the refund of any amounts collected as benefits under the provisions of section 43:21-16 of the Revised Statutes, or to enforce any other law where an individual obtains or attempts to obtain by theft or robbery or false statements or representations any money from any fund created or established under this chapter or any negotiable or nonnegotiable instrument for the payment of money from such funds, or to recover money erroneously or illegally obtained by an individual from any fund created or established under this chapter.

4. Section 43:21-7 of the Revised Statutes is amended to read as follows:

**Contribution.**

43:21-7. (a) Payment.

(1) Contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this chapter (R. S. 43:21-1 et seq.), with respect to having individuals in his employ during such calendar year at the rates and on the basis hereinafter set forth. Such contributions shall become due and be paid by each employer to the Division of Employment Security for the fund in accordance with such regulations as may be prescribed, and shall not be deducted, in whole or in part, from the remuneration of individuals in his employ.

(2) In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to ½ cent or more, in which case it shall be increased to $0.01.

(b) Rate of contributions. Each employer shall pay the following contributions:

(1) For the calendar year 1947, and each calendar year thereafter, 2½% of wages paid by him during each such calendar year, except as otherwise prescribed by subsection (c) of this section.

(2) The "wages" of any individual, with respect to any one employer as the term is used in this subsection (b) and in subsections (c), (d) and (e) of this section 7, shall include the first $3,000.00 paid during each calendar year prior to January 1, 1968 and the first $3,600.00 paid during each calendar year commencing on or after January 1, 1968, for services performed either within
or without this State; provided, that no contribution shall be re-
quired by this State with respect to services performed in another
State if such other State imposes contribution liability with respect
thereto. If an employer (hereinafter referred to as successor em-
ployer) during any calendar year acquires substantially all the
property used in a trade or business of another employer (here-
inafter referred to as a predecessor), or used in a separate unit
of a trade or business of a predecessor, and immediately after the
acquisition employs in his trade or business an individual who
immediately prior to the acquisition was employed in the trade or
business of such predecessor, then, for the purpose of determining
whether the successor employer has paid wages with respect to
employment equal to $3,000.00 to such individual during any
calendar year prior to January 1, 1968, or equal to $3,600.00 during
any calendar year commencing on or after January 1, 1968, any
wages paid to such individual by such predecessor during such
calendar year and prior to such acquisition shall be considered
as having been paid by such successor employer.

(c) Future rates based on benefit experience:

(1) a separate account for each employer shall be maintained
and this shall be credited with all the contributions which he has
paid on his own behalf on or before January 31 of any calendar
year with respect to employment occurring in preceding calendar
years; provided, however, that if January 31 of any calendar year
falls on a Saturday or Sunday, an employer's account shall be
credited as of January 31 of such calendar year with all the con-
tributions which he has paid on or before the next succeeding day
which is not a Saturday or Sunday. But nothing in this chapter
(R. S. 43:21-1 et seq.) shall be construed to grant any employer or
individuals in his service prior claims or rights to the amounts
paid by him into the fund either on his own behalf or on behalf of
such individuals. Benefits paid with respect to benefit years com-
encing on and after January 1, 1953, to any individual on or before
December 31 of any calendar year with respect to unemployment in
such calendar year and in preceding calendar years shall be charged
against the account or accounts of the employer or employers in
whose employment such individual established base weeks con-
stituting the basis of such benefits. Benefits paid under a given
benefit determination shall be charged against the account of the
employer to whom such determination relates. When each benefit
payment is made the division shall promptly send either a copy of
the benefit check or other form of notification to the employer
against whose account the benefits are to be charged. Such copy or notification shall identify the employer against whose account the amount of such payment is being charged, shall show at least the name and social security account number of the claimant and shall specify the period of unemployment to which said check applies. If the total amount of benefits paid to a claimant and charged to the account of the appropriate employer exceeds 50% of the total base-year base week wages paid to the claimant by that employer, then such employer may apply to the division to have canceled from his account such excess benefit charges as specified above. Any such application for the cancellation of excess charges shall be submitted by the employer within 6 months from the date of the benefit check, payment of which creates such charges. In no event will the erasure of such charges affect a contribution rate already assigned to the employer with respect to any fiscal year commencing prior to the date the application is received by the division.

The division shall furnish to each employer an annual summary statement of benefits charged to his account.

(2) The Division of Employment Security may prescribe regulations for the establishment, maintenance, and dissolution of joint accounts by 2 or more employers, and shall, in accordance with such regulations and upon application by 2 or more employers to establish such an account, or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer’s account.

(3) Each employer’s rate shall be 2%/%, except as otherwise provided in the following provisions: No employer’s rate shall be other than 2%/% unless and until there shall have been 3 calendar years throughout which any individual in his employ could have received benefits if eligible. No employer’s rate shall be lower than 2%/% unless assignment of such lower rate is consistent with the conditions applicable to additional credit allowance for such year under section 3303 (a) (1) of the Internal Revenue Code (U. S. Code Title 26, section 3303 (a) (1)), any other provision of this section to the contrary notwithstanding.

(4) (A) Each employer’s rate for the 12 months commencing July 1 of any calendar year shall be determined on the basis of his record up to the beginning of such calendar year. If, at the beginning of such calendar year, the total of all his contributions, paid on his own behalf, for all past years exceeds the total benefits charged to his account for all such years, his contribution rate shall be:
(1) $2\frac{1}{2}\%$, if such excess equals or exceeds $4\%$, but less than $5\%$ of his average annual payroll (as defined in paragraph (2), subsection (a) of section 43:21-19 of this Title);
(2) $2\frac{3}{4}\%$, if such excess equals or exceeds $5\%$, but is less than $6\%$, of his average annual payroll;
(3) $1\frac{1}{2}\%$, if such excess equals or exceeds $6\%$, but is less than $7\%$, of his average annual payroll;
(4) $1\frac{1}{4}\%$, if such excess equals or exceeds $7\%$, but is less than $8\%$, of his average annual payroll;
(5) $1\frac{3}{4}\%$, if such excess equals or exceeds $8\%$, but is less than $9\%$, of his average annual payroll;
(6) $1\%$, if such excess equals or exceeds $9\%$, but is less than $10\%$, of his average annual payroll;
(7) $\frac{3}{4}\%$ of $1\%$, if such excess equals or exceeds $10\%$, but is less than $11\%$, of his average annual payroll;
(8) $\frac{1}{2}\%$ of $1\%$, if such excess equals or exceeds $11\%$, of his average annual payroll.

(B) If the total of an employer’s contributions, paid on his own behalf, for all past periods for the purposes of this paragraph (4), is less than the total benefits charged against his account during the same period, his rate shall be $3\frac{1}{2}\%$; provided, however, if the total of the contributions of such an employer for the past 120 consecutive calendar months is more than the total benefits charged against his account during the same period, his rate shall be $2\%$.

(C) The contribution rates prescribed by subparagraphs (A) and (B) of this paragraph (4) shall be increased or decreased in accordance with the provisions of paragraph (5) of this subsection (c).

(5) (A) If on March 31 of any calendar year the balance in the Unemployment Trust Fund equals or exceeds $4\%$ but is less than $7\%$ of the total taxable wages reported to the division as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be increased by $\frac{3}{4}\%$ of $1\%$ over the contribution rate otherwise established under the provisions of paragraphs (3) or (4) of this subsection. If on March 31 of any calendar year the balance of the Unemployment Trust Fund is less than $4\%$ of the total taxable wages reported to the Division of Employment Security as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation...
nased upon benefit experience, shall be increased by \( \frac{1}{10} \) of 1% over
the contribution rate otherwise established under the provisions of
paragraphs (3) or (4) of this subsection; provided, that if on such
March 31, such balance is less than 2\( \frac{1}{2} \)% of such total taxable
wages, the contribution rate so effective, of any employer, shall be
not less than 2\( \frac{1}{2} \)%; provided further, that the contribution rate
of any employer increased pursuant to the provisions of this sub-
paragraph, when so increased, shall not exceed 4\( \frac{1}{2} \)%.  

(B) If on March 31 of any calendar year the balance in the Un-
employment Trust Fund equals or exceeds 10% but is less than
12\( \frac{1}{2} \)% of the total taxable wages reported to the Division of Em-
ployment Security as of that date in respect to employment during
the preceding calendar year, the contribution rate, effective July 1
following, of each employer eligible for a contribution rate calcu-
lation based upon benefit experience, shall be reduced by \( \frac{1}{10} \) of 1%
under the contribution rate otherwise established under the pro-
visions of paragraphs (3) and (4) of this subsection; provided, that
in no event shall the contribution rate of any employer be reduced
to less than \( \frac{1}{10} \) of 1%.  If on March 31 of any calendar year the
balance in the Unemployment Trust Fund equals or exceeds 12\( \frac{1}{2} \)%
of the total taxable wages reported to the division as of that date in
respect to employment during the preceding calendar year, the
contribution rate, effective July 1 following, of each employer
eligible for a contribution rate calculation based upon benefit
experience, shall be reduced by \( \frac{1}{10} \) of 1% if his account for all past
periods reflects an excess of contributions paid over total benefits
charged of 3% or more of his average annual payroll, otherwise by
\( \frac{1}{10} \) of 1% under the contribution rate otherwise established under
the provisions of paragraphs (3) and (4) of this subsection; pro-
vided, that in no event shall the contribution rate of any employer
be reduced to less than \( \frac{1}{10} \) of 1%.  

(6) Additional contributions.

Notwithstanding any other provision of law, any employer who
has been assigned a contribution rate pursuant to subsection (e)
of this section for the year commencing July 1, 1948, and for any
year commencing July 1 thereafter, may voluntarily make payment
of additional contributions, and upon such payment shall receive
a recomputation of the experience rate applicable to such employer
including in the calculation the additional contribution so made.
Any such additional contribution shall be made during the 30-day
period following the date of the mailing to the employer of the
notice of his contribution rate as prescribed in this section, unless,
for good cause, the time for payment has been extended by the
director for not to exceed an additional 60 days; provided, that in
no event may such payments which are made later than 120 days
after the beginning of the year for which such rates are effective be
considered in determining the experience rate for the year in which
the payment is made. Any employer receiving any extended period
of time within which to make such additional payment and failing
to make such payment timely shall pay, in addition to the required
amount of additional payment, a penalty of 5% thereof or $5.00,
whichever is greater, not to exceed $50.00. Any adjustment under
this subsection shall be made only in the form of credits against
accrued or future contributions.

(7) Transfers.
(A) Upon the transfer of the organization, trade or business, or
substantially all the assets of an employer to a successor in interest,
whether by merger, consolidation, sale, transfer, descent or other­
wise, the Division of Employment Security shall transfer the em­
ployment experience of the predecessor employer to the successor
in interest, including credit for past years, contributions paid,
annual payrolls, benefit charges, et cetera, applicable to such
predecessor employer, pursuant to regulations adopted by the
division, if the division finds that the employment experience of the
predecessor employer with respect to the organization, trade, assets
or business, which has been transferred, may be considered in­
dicative of the future employment experience of the successor in
interest. Unless the predecessor employer was owned or controlled
(by legally enforceable means or otherwise), directly or indirectly,
by the successor in interest, or the predecessor employer and the
successor in interest were owned or controlled (by legally en­
forceable means or otherwise), directly or indirectly, by the same
interest or interests, the transfer of the employment experience
of the predecessor shall not be effective if such successor in interest,
within 4 months of the date of such transfer of the organization,
trade, assets or business, or thereafter upon good cause shown,
files a written notice with the division protesting the transfer of
the employment experience of the predecessor employer.

(B) An employer, who transfers part of his or its organization,
trade, assets or business to a successor in interest, whether by
merger, consolidation, sale, transfer, descent or otherwise, may
jointly make application with such successor in interest for trans­
fer of that portion of the employment experience of the predeces­
sor employer relating to the portion of the organization, trade,
assets, or business transferred to the successor in interest, including credit for past years, contributions paid, annual payrolls, benefit charges, et cetera, applicable to such predecessor employer. The division of Employment Security may allow such transfer of employment experience pursuant to regulations adopted by the division, only if it finds that the employment experience of the predecessor employer with respect to the portion of the organization, trade, assets or business which has been transferred may be considered indicative of the future employment experience of the successor in interest. Credit shall be given to the successor in interest only for the years during which contributions were paid by the predecessor employer with respect to that part of the organization, trade, assets or business transferred.

(C) A transfer of the employment experience in whole or in part having become final, the predecessor employer thereafter shall not be entitled to consideration for an adjusted rate based upon his or its experience or the part thereof, as the case may be, which has thus been transferred. A successor in interest to whom employment experience or a part thereof is transferred pursuant to this subsection shall, as of the date of the transfer of the organization, trade, assets or business, or part thereof, immediately become an employer if not theretofore an employer subject to this chapter (R. S. 43:21-1 et seq.).

(d) (1) Contribution of workers; transfers to temporary disability benefit fund.

Each worker shall contribute to the fund \( \frac{3}{4} \) of 1% of his wages paid by an employer with respect to his employment which occurs on and after January 1, 1953, and after such employer has satisfied the conditions set forth in subsection (h) of section 43:21-19 of this Title with respect to becoming an employer; provided, however, that such contribution shall be at the rate of \( \frac{1}{4} \) of 1% of wages paid with respect to employment while the worker is covered by an approved private plan under the Temporary Disability Benefits Law or while the worker is exempt from the provisions of the Temporary Disability Benefits Law under section 7 of that law. Each employer shall, notwithstanding any provisions of law in this State to the contrary, withhold in trust the amount of his workers' contributions from their wages at the time such wages are paid, shall show such deduction on his payroll records, shall furnish such evidence thereof to his workers as the division may prescribe, and shall transmit all such contributions, in addition to his own contributions, to the office of the Division of Employ-
ment Security in such manner and at such times as may be prescribed. If any employer fails to deduct the contributions of any of his workers at the time their wages are paid, or fails to make a deduction therefor at the time wages are paid for the next succeeding payroll period, he alone shall thereafter be liable for such contributions, and for the purpose of section 43:21-14 of this Title, such contributions shall be treated as employer's contributions required from him. As used in this chapter (R. S. 43:21-1 et seq.), except when the context clearly requires otherwise, the term "contributions" shall include the contributions of workers pursuant to this section.

(2) (A) There shall be deposited in and credited to the State Disability Benefits Fund, as established by law, 3/4 of all worker contributions, received by the Division of Employment Security with respect to wages paid prior to January 1, 1953, and upon which the rate of contributions is 1%.

(B) There shall be deposited in and credited to the State Disability Benefits Fund, as established by law, 2% of all worker contributions, received by the Division of Employment Security pursuant to paragraph (1) above after December 31, 1952, with respect to wages paid on and after January 1, 1953, and upon which the rate of contributions is 3/4 of 1%.

(3) If an employee receives wages from more than one employer during any calendar year, and either the sum of his contributions deposited in and credited to the State Disability Benefits Fund (in accordance with subparagraph (B) of paragraph (2) of this subsection) plus the amount of his contributions, if any, required towards the cost of benefits under one or more approved private plans under the provisions of section 9 of the Temporary Disability Benefits Law and deducted from his wages, or the sum of such latter contributions if the employee is covered during such calendar year, only by 2 or more private plans, exceeds $15.00 in any calendar year prior to January 1, 1968, or $18.00 in any calendar year commencing on or after January 1, 1968, the employee shall be entitled to a refund of the excess if he makes claim to the Division of Employment Security within 2 years after the end of the calendar year in which the wages are received with respect to which the refund is claimed and establishes his right to such refund. Such refund shall be made by the Division of Employment Security from the State Disability Benefits Fund. No interest shall be allowed or paid with respect to any such refund. The division shall, in accordance with prescribed regulations, determine
the portion of the aggregate amount of such refunds made during any calendar year which is applicable to private plans for which deductions were made under section 9 of the "Temporary Disability Benefits Law," such determination to be based upon the ratio of the amount of such wages exempt from contributions to such fund as provided in subparagraph (B) of paragraph (1) of this subsection with respect to coverage under private plans to the total wages so exempt plus the amount of such wages subject to contributions to the disability benefits fund as provided in subparagraph (B) of paragraph (2) of this subsection. The division shall, in accordance with prescribed regulations, prorate the amount so determined among the applicable private plans in the proportion that the wages covered by each plan bears to the total private plan wages involved in such refunds, and shall assess against and recover from the employer, or the insurer if the insurer has indemnified the employer with respect thereto, the amount so prorated. The provisions of Revised Statutes, section 43:21-14, with respect to collection of employer contributions shall apply to such assessments. The amounts so recovered by the division shall be paid into the State Disability Benefits Fund.

(4) If an individual does not receive any wages from the employing unit which for the purposes of this chapter (R.S. 43:21-1 et seq.) is treated as his employer, or receives his wages from some other employing unit, such employer shall nevertheless be liable for such individual's contributions in the first instance; and after payment thereof such employer may deduct the amount of such contributions from any sums payable by him to such employing unit, or may recover the amount of such contributions from such employing unit, or, in the absence of such an employing unit, from such individual, in a civil action; provided, proceedings therefor are instituted within 3 months after the date on which such contributions are payable. General rules shall be prescribed whereby such an employing unit may recover the amount of such contributions from such individuals in the same manner as if it were the employer.

(5) Every employer who has elected to become an employer subject to this chapter (R.S. 43:21-1 et seq.), or to cease to be an employer subject to this chapter (R.S. 43:21-1 et seq.), pursuant to the provisions of section 43:21-8 of this Title, shall post and maintain printed notices of such election on his premises, of such design, in such numbers, and at such places as the director may determine to be necessary to give notice thereof to persons in his service.
(6) Contributions by workers, payable to the Division of Employment Security as herein provided, shall be exempt from garnishment, attachment, execution, or any other remedy for the collection of debts.

(c) Contributions by employers to State Disability Benefits Fund.

(1) Except as hereinafter provided, each employer shall, in addition to the contributions required by subsections (a), (b), and (c) of this section, contribute 1/4 of 1% of the wages paid by such employer to workers with respect to employment after January 1, 1949. Such contributions shall become due and be paid by each employer to the Division of Employment Security for the State Disability Benefits Fund as established by law, in accordance with such regulations as may be prescribed, and shall not be deducted, in whole or in part, from the remuneration of individuals in his employ. In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to 1/2 cent or more, in which case it shall be increased to $0.01.

(2) During the continuance of coverage of a worker by an approved private plan of disability benefits under the Temporary Disability Benefits Law, the employer shall be exempt from the contribution required by subparagraph (1) above with respect to wages paid to such worker.

(3) (A) The rates of contribution as specified in subparagraph (1) above shall be subject to modification as provided herein with respect to employer contributions due on and after July 1, 1951.

(B) A separate disability benefits account shall be maintained for each employer required to contribute to the State Disability Benefits Fund and such account shall be credited with contributions deposited in and credited to such fund with respect to employment occurring on and after January 1, 1949. Each employer’s account shall be credited with all contributions paid on or before January 31 of any calendar year on his own behalf and on behalf of individuals in his service with respect to employment occurring in preceding calendar years; provided, however, that if January 31, of any calendar year falls on a Saturday or Sunday an employer’s account shall be credited as of January 31 of such calendar year with all contributions which he has paid on or before the next succeeding day which is not a Saturday or Sunday. But nothing in this act shall be construed to grant any employer or individuals in his service prior claims or rights to the amounts paid by him to the fund either on his own behalf or on behalf of such individuals. Benefits paid to any covered individual in ac-
cordance with Article III of the Temporary Disability Benefits Law on or before December 31 of any calendar year with respect to disability in such calendar year and in preceding calendar years shall be charged against the account of the employer by whom such individual was employed at the commencement of such disability or by whom he was last employed if out of employment.

(C) The division may prescribe regulations for the establishment, maintenance, and dissolution of joint accounts by 2 or more employers, and shall, in accordance with such regulations and upon application by 2 or more employers to establish such an account, or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer’s account.

(D) Prior to July 1 of each calendar year, the Division of Employment Security shall make a preliminary determination of the rate of contribution for the 12 months commencing on such July 1 for each employer subject to the contribution requirements of this subsection (e).

(1) Such preliminary rate shall be ¼ of 1% unless on the preceding January 31 of such year such employer shall have been a covered employer who has paid contributions to the State Disability Benefits Fund with respect to employment in the 3 calendar years immediately preceding such year.

(2) If the minimum requirements in (1) above have been fulfilled and the credited contributions exceed the benefits charged by more than $500.00, such preliminary rate shall be as follows:

   (i) ·10 of 1% if such excess over $500.00 exceeds 1% but is less than 1½% of his average annual payroll (as defined in this chapter (R. S. 43:21-1 et seq.));

   (ii) 1½100 of 1% if such excess over $500.00 equals or exceeds 1½% but is less than 1½% of his average annual payroll;

   (iii) 710 of 1% if such excess over $500.00 equals or exceeds 1½% of his average annual payroll.

(3) If the minimum requirements in (1) above have been fulfilled and the contributions credited exceed the benefits charged but by not more than $500.00 plus 1% of his average annual payroll, or if the benefits charged exceed the contributions credited but by not more than $500.00, the preliminary rate shall be ¼ of 1%.

(4) If the minimum requirements in (1) above have been fulfilled and the benefits charged exceed the contributions credited by more than $500.00, such preliminary rate shall be as follows:
(i) $\frac{3}{100}$ of 1% if such excess over $500.00 is less than $\frac{1}{4}$ of 1% of his average annual payroll;
(ii) $\frac{4}{100}$ of 1% if such excess over $500.00 equals or exceeds $\frac{1}{4}$ of 1% but is less than $\frac{1}{2}$ of 1% of his average annual payroll;
(iii) $\frac{5}{100}$ of 1% if such excess over $500.00 equals or exceeds $\frac{1}{2}$ of 1% but is less than $\frac{3}{4}$ of 1% of his average annual payroll;
(iv) $\frac{6}{100}$ of 1% if such excess over $500.00 equals or exceeds $\frac{3}{4}$ of 1% but is less than 1% of his average annual payroll;
(v) $\frac{7}{100}$ of 1% if such excess over $500.00 equals or exceeds 1% of his average annual payroll.

(5) Determination of the preliminary rate as specified in (2), (3) and (4) above shall be subject, however, to the condition that it shall in no event be decreased by more than $\frac{1}{10}$ of 1% of wages or increased by more than $\frac{1}{10}$ of 1% of wages from the preliminary rate determined for the preceding year in accordance with (1), (2), (3) or (4), whichever shall have been applicable.

(E) (1) Prior to July 1 of each calendar year the Division of Employment Security shall determine the amount of the State Disability Benefits Fund as of December 31 of the preceding calendar year increased by the contributions paid thereto during January of the current calendar year with respect to employment occurring in preceding calendar years. If such amount exceeds the total of the amounts withdrawn from the unemployment trust fund pursuant to section 23 of the Temporary Disability Benefits Law plus the amount at the end of such preceding calendar year of the unemployment disability account (as defined in section 22 of said law), such excess shall be expressed as a percentage of the wages on which contributions were paid to the State Disability Benefits Fund on or before January 31 with respect to employment in the preceding calendar year.

(2) The Division of Employment Security shall then make a final determination of the rates of contribution for the 12 months commencing July 1 of such year for employers whose preliminary rates are determined as provided in (D) hereof, as follows:

(i) If the percentage determined in accordance with paragraph (1) of this subsection equals or exceeds $1\frac{1}{4}$% the final employer rates shall be the preliminary rates determined as provided in (D) hereof, except that if the employer's preliminary rate is determined as provided in (D) (2) or (D) (3) hereof, the final employer rate shall be the preliminary em-
ployer rate decreased by such percentage of excess taken to the nearest \( \frac{1}{100} \) of 1%, but in no case shall such final rate be less than \( \frac{1}{20} \) of 1%.

(ii) If the percentage determined in accordance with paragraph (1) of this subsection equals or exceeds \( \frac{3}{4} \) of 1% and is less than \( 1 \frac{1}{4} \) of 1%, the final employer rates shall be the preliminary employer rates.

(iii) If the percentage determined in accordance with paragraph (1) of this subsection is less than \( \frac{3}{4} \) of 1%, the final employer rates shall be the preliminary employer rates determined as provided in (D) hereof increased by the difference between \( \frac{3}{4} \) of 1% and such percentage taken to the nearest \( \frac{1}{100} \) of 1%; provided, however, that no such final rate shall be more than \( \frac{1}{4} \) of 1% in the case of an employer whose preliminary rate is determined as provided in (D) (2) hereof, more than \( \frac{1}{2} \) of 1% in the case of an employer whose preliminary rate is determined as provided in (D) (1) and (D) (3) hereof, nor more than \( \frac{3}{4} \) of 1% in the case of an employer whose preliminary rate is determined as provided in (D) (4) hereof.

(iv) If the amount of the State Disability Benefits Fund determined as provided in paragraph (1) of this subsection is equal to or less than the total of the amounts withdrawn from the unemployment trust fund pursuant to section 23 of the Temporary Disability Benefits Law plus the amount at the end of the preceding calendar year of the unemployment disability account, then the final rate shall be \( \frac{3}{4} \) of 1% for all employers.

5. Section 43:21-8 of the Revised Statutes is amended to read as follows:

**Period, election, and termination of employer's coverage.**

43:21-8. (a) Any employing unit which is or becomes an employer subject to this chapter (R. S. 43:21-1 et seq.) within any calendar year shall be subject to this chapter (R. S. 43:21-1 et seq.) during the whole of such calendar year.

(b) Except as otherwise provided in subsection (c) of this section, an employing unit shall cease to be an employer subject to this chapter (R. S. 43:21-1 et seq.) only as of January 1 of any calendar year, if

(1) The employing unit files with the Division of Employment Security prior to February 1 of such year, a written application for termination of coverage, and the division finds that there were
no 20 different days, each day being in a different week within the preceding calendar year, within which such employing unit employed 4 or more individuals in employment subject to this chapter (R. S. 43:21-1 et seq.) or

(2) The division finds that during the 2 calendar years preceding such January 1, there was no day on which such employing unit employed one or more individuals in employment subject to this chapter (R. S. 43:21-1 et seq.).

For the purpose of this subsection, the employing units mentioned in section 43:21-19 (h) (2), (3) or (4) of the Revised Statutes shall be treated as a single employing unit.

(c) (1) An employing unit, not otherwise subject to this chapter (R. S. 43:21-1 et seq.), which files with the division its written election to become an employer subject hereto for not less than 2 calendar years shall become an employer subject hereto, to the same extent as all other employers, as of the date of filing of such election or as of an earlier date if approved by the division, and shall cease to be subject to this chapter (R. S. 43:21-1 et seq.) as of January 1 of any calendar year subsequent to such period of election, only, if, prior to February 1, of such calendar year, such employing unit has filed with the division a written notice to that effect and it meets the conditions for termination of coverage set forth in subsection (b) hereof.

(2) If an employing unit for which services are performed that do not constitute employment as defined in this chapter (R. S. 43:21-1 et seq.) files with the division its written election that all such services performed by individuals in its employ in one or more distinct establishments or places of business shall be deemed to constitute employment for all purposes of this chapter (R. S. 43:21-1 et seq.) for not less than 2 calendar years such services shall be deemed to constitute employment subject to this chapter (R. S. 43:21-1 et seq.) as of the date of the filing of such election, or as of an earlier date if approved by the division, and shall cease to be subject to this chapter (R. S. 43:21-1 et seq.) as of January 1 of any calendar year subsequent to such period of election, only, if, (A) prior to February 1 of such calendar year, such employing unit has filed with the division a written notice to that effect, or (B) the division finds that during the 2 calendar years preceding such January 1, there was no day on which such services were performed for the employing unit.

(2) "Average annual payroll" means the average of the annual payrolls of any employer for the last 3 or 5 preceding calendar years, whichever average is higher, except that any year or years throughout which an employer has had no "annual payroll" because of military service shall be deleted from the reckoning; the "average annual payroll" in such case is to be determined on the basis of the prior 3 or 5 calendar years in each of which the employer had an "annual payroll" in the operation of his business, if the employer resumes his business within 12 months after separation, discharge or release from such service, under conditions other than dishonorable, and makes application to have his "average annual payroll" determined on the basis of such deletion within 12 months after he resumes his business; provided, however, that "average annual payroll" solely for the purposes of paragraph (3) of subsection (e) of section 43:21–7 of this Title means the average of the annual payrolls of any employer on which he paid contributions to the State disability benefits fund, for the last 3 or 5 preceding calendar years, whichever average is higher; provided further, that only those wages be included on
which employer contributions have been paid on or before January 31 (or the next succeeding day if such January 31 is a Saturday or Sunday) immediately preceding the beginning of the 12 months’ period for which the employer’s contribution rate is computed.

(b) “Benefits” means the money payments payable to an individual, as provided in this chapter (R.S. 43:21-1 et seq.), with respect to his unemployment.

(c) “Base year” with respect to benefit years commencing on or after January 1, 1953, shall mean the 52 calendar weeks ending with the second week immediately preceding an individual’s benefit year.

(d) “Benefit year” with respect to any individual means the 364 consecutive calendar days beginning with the day on, or as of, which he first files a valid claim for benefits, and thereafter beginning with the day on, or as of, which the individual next files a valid claim for benefits after the termination of his last preceding benefit year. Any claim for benefits made in accordance with subsection (a) of section 43:21-6 of this Title shall be deemed to be a “valid claim” for the purpose of this subsection if (1) no remuneration was paid or is payable for the day on which, or as of which he files a claim for benefits, and no work is available to him with his current employing unit on such day, or, he is unemployed for the week in which, or as of which, he files a claim for benefits; and (2) he has fulfilled the conditions imposed by subsection (e) of section 43:21-4 of this Title.

All individuals performing services within this State for any em-
ploying unit which maintains 2 or more separate establishments within this State shall be deemed to be employed by a single employing unit for all the purposes of this chapter (R. S. 43:21-1 et seq.). Whenever any employing unit contracts with or has under it any contractor or subcontractor for any employment which is part of its usual trade, occupation, profession, or business, unless the employing unit as well as each such contractor or subcontractor is an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, the employing unit shall for all the purposes of this chapter be deemed to employ each individual in the employ of each such contractor or subcontractor for each day during which such individual is engaged in performing such employment; except that each such contractor or subcontractor who is an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, shall alone be liable for the contributions measured by wages payable to individuals in his employ, and except that any employing unit who shall become liable for and pay contributions with respect to individuals in the employ of any such contractor or subcontractor who is not an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, may recover the same from such contractor or subcontractor. BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 5:5-86 Additional funds for purses.
1. The Legislature finds and declares that measures are required to improve the breeding of horses and the development of the horse industry in this State and for that purpose to provide additional funds from which purses payable to the owners of winning horses may be increased so that New Jersey tracks may attract the better grade of horses and have available through New Jersey breeding an adequate number of high-quality horses for their race meetings, and to encourage the retention in this State of contending horses to meet the growing demand for horses at race tracks.

2. Section 44 of the act of which this act is amendatory is amended to read as follows:

C. 5:5-64 Distribution of pari-mutuel pool; breaks.
44. Each holder of a permit shall distribute all sums deposited in any pool to the winners thereof, less an amount which in harness races shall not exceed 16% of the total deposits plus the breaks and which in other races shall not exceed 14 1/2% of the total deposits plus the breaks. Every permit holder shall distribute to the persons holding winning tickets, as a minimum, a sum not exceeding $0.10, calculated on the basis of each dollar deposited in any pool after the deduction of the said 16% or 14 1/2% as the case may be. Should the amount remaining in the pool be insufficient to pay the winners the minimum, the breakage accruing in that race, or any necessary portion thereof, shall be applied toward making up any such deficiency. The breaks are hereby defined as the odd cents over any multiple of $0.10, calculated on the basis of $1.00 otherwise payable to a patron. Every permit holder engaged in the business of conducting running or harness race meetings under this act shall pay to the commission for the use of the State the breaks as herein defined, except as the same shall have been applied toward making up a deficiency in a pool as herein provided. Payment of such breaks shall be made every seventh day of any and every race meeting and shall be accompanied by a report under oath showing the daily and total amount of such breaks together with such other information as the commission may require. All sums held by any permit holder for payment of outstanding pari-mutuel tickets not claimed by the person or persons entitled thereto within 60 days from the time such tickets are issued shall be paid to the commission upon the expiration of such 60-day holding period.
3. Section 46 of the act of which this act is amendatory is amended to read as follows:

C. 5:5-66 Percentage payable to commission; report of contributions; other license fees or taxes.

46. Every permit holder engaged in the business of conducting horse race meetings under this act shall pay to the commission in each calendar year a sum equal to 5½% in the case of harness races, and 7½% in the case of other races, of so much of the total contributions to all pari-mutuel pools conducted or made during such calendar year on any and every horse race track granted a permit under this act as does not exceed $40,000,000.00; and 6½% in the case of harness races, and 8½% in the case of other races, of so much of such total contributions as exceeds $40,000,000.00. Payment on account of such sum shall be made every seventh day of any and every race meeting in the amount then due as determined in the manner provided above, and shall be accompanied by a report under oath showing the total of all such contributions, together with such other information as the commission may require. Except as otherwise provided by law, no admission or amusement tax, excise tax, license or horse racing fee of any kind shall be assessed or collected from any permit holder by the State of New Jersey, or by any county or municipality, or by any other body having power to assess or collect license fees or taxes.

C. 5:5-87 Special trust account.

4. Every holder of a permit shall hold and set aside in an account designated as special trust account ½ of 1% of all moneys deposited in any pool, less the breaks. The funds in said special trust account shall be used and distributed as hereinafter provided, for the following purposes and no other: (a) 85% thereof to increase purses; (b) 10% thereof for contributions and awards designed to improve and promote the thoroughbred and standardbred breeding industry in New Jersey through payment of awards to breeders of registered New Jersey bred horses which earn portions of purses in open events on New Jersey tracks, and to owners of stallions posted on the official stallion rosters of the Thoroughbred Breeders Association of New Jersey and the Standardbred Breeders’ and Owners’ Association of New Jersey which sire such registered New Jersey bred money earners; (c) 5% thereof for State horse breeding and development programs, research, fairs, horse shows, youth activities, promotion and administration.
C. 5:5-88 Remittance of money in special trust account.  
5. Every permit holder shall remit and pay to the commission in installments and at the same time and manner provided in section 46 of the act to which this act is amendatory and supplementary, 15% of all moneys set aside in the special trust account. All special trust account moneys received by the commission shall be separately accounted for and paid into the State treasury for deposit and maintenance by the State Treasurer in a special account entitled "New Jersey Horse Breeding and Development Account." Moneys credited to such special account shall be appropriated to and used by the Department of Agriculture, under the supervision of the State Board of Agriculture, as follows: 66 2/3% for contributions and awards to improve and promote thoroughbred and standardbred breeding as provided in section 4 (b) above and 33 1/3% for the purposes set forth in section 4 (c) above.

The Department of Agriculture is authorized to confer with and seek the advice of the New Jersey Equine Advisory Board with reference to the distribution of the moneys as herein provided.

C. 5:5-68 Payment of moneys.
48. All moneys received by said commission under the provisions of this act shall be by it paid into the State treasury and, except as to moneys deposited in the New Jersey Horse Breeding and Development Account, shall be part of the free treasury funds.

C. 5:5-89 Deposit in Horse Breeding and Development account.
7. To assist the Department of Agriculture in formulating State programs in aid of the breeding and development of horses and the preparation of recommendations as to budget requests for such programs, the commission shall, following the close of each horse meeting, notify the Secretary of Agriculture of the total amount of special trust account funds transmitted to the State treasury for deposit in the New Jersey Horse Breeding and Development Account as a result of such horse race meeting.

C. 5:5-90 Maximum award.
8. No award to a breeder in connection with a particular race shall exceed $1,000.00.

11. The primary duty of all members of staff and of others engaged on a case basis shall be to the individual defendant, with like effect and to the same purpose as though privately engaged by him and without regard to the use of public funds to provide the service. This shall not preclude the designation or assignment of different individuals to perform various parts of the service from time to time, the duty in such cases to be the same as would exist in the case of a privately engaged law firm.

12. All communications between the individual defendant and any person in or engaged by the Office of the Public Defender whether on a case basis or by contract shall be fully protected by
the attorney-client privilege to the same extent and degree as though counsel has been privately engaged. This shall in no way preclude the use by the office of material in its files, otherwise privileged, for the preparation and disclosure of statistical, case study and other sociological data, provided always that in any such use there shall be no disclosure of identity or of means for discovery of identity of particular defendants.

13. In providing legal services to defendants pursuant to this act, the Office of the Public Defender and every attorney actually engaged in the performance of the same, whether as a member of the staff or engaged on a case basis or otherwise, shall adhere at all times to the standards and level of performance established from time to time by the Supreme Court of New Jersey in the execution of its duty to supervise the practice of law; and the office shall furnish to such court materials and data as may be requisite to the measurement of the adequacy of the performance hereunder.

14. Eligibility for the services of the Office of the Public Defender shall be determined on the basis of the need of the defendant. Need shall be measured according to the financial ability of the defendant to engage and compensate competent private counsel and to provide all other necessary expenses of representation. Such ability shall be recognized to be a variable depending on the nature, extent and liquidity of assets and on the disposable net income of the defendant on one hand, and on the nature of the charge, the effort and skill required to gather pertinent information, render advice, conduct trial or render other legal services, and probable expenses to be incurred, on the other hand. In the event that a determination of eligibility cannot be made before the time when the first services are to be rendered, or if an initial determination is found to be erroneous, the office shall undertake the same provisionally, and if it shall subsequently determine that the defendant is ineligible it shall so inform the defendant, and the defendant shall thereupon be obliged to engage his own counsel and to reimburse the office for the cost of the services rendered to that time.

15. The Office of the Public Defender shall make such investigation of the financial status of each defendant at such time or times as the circumstances shall warrant and in connection therewith shall have the authority to require a defendant to execute and deliver such written requests or authorizations as may be requisite under applicable law to provide the
office with access to records of public or private sources, otherwise confidential, as may be of aid to it in evaluating eligibility. The office is authorized to obtain information from any public record office of the State or of any subdivision or agency thereof on request and without payment of the fees ordinarily required by law.

C. 2A:158A-16 Reimbursement for services.

16. In all cases where it appears that the defendant has or reasonably expects to have means to meet some part, though not all, of the cost of the services rendered to him he shall be required to reimburse the office, either by a single payment or in installments, in such amounts as he can reasonably be expected to pay; but no default or failure in the making of any such payment shall in any wise affect or reduce the rendering of the services to him.

C. 2A:158A-17 Lien for services.

17. The reasonable value of the services rendered to a defendant pursuant to this act shall in all cases be a lien on any and all property to which the defendant shall have or acquire an interest. To effectuate such lien the Public Defender shall submit to the court having jurisdiction in the matter an affidavit setting forth the services rendered to the defendant and the reasonable value thereof. The court shall determine and adjudge the reasonable value of said services. Upon adjudication the lien shall be filed or docketed with the Clerk of the Superior Court and from the date thereof shall constitute a lien on said property for a period of 10 years unless sooner discharged and except for such time limitation shall have the force and effect of a judgment at law.

18. The Clerk of the Superior Court shall provide separate books for the recording of said liens which books shall be properly indexed in the name of the judgment debtor. The Public Defender shall not be required to pay filing or recording fees.

19. The Public Defender in the name of the State shall do all things necessary and proper to collect all moneys due to the State by way of reimbursement for services rendered pursuant to this act. He may enter into arrangements with one or more agencies of the State or of the counties to handle said collections on a cost basis to the extent that such arrangements are calculated to simplify collection procedures. He shall have all the remedies and may take all of the proceedings for the collection thereof which may be had or taken for or upon the recovery of a
judgment in a civil action and may institute and maintain any action or proceeding in the courts necessary therefor.

20. The Public Defender is authorized to compromise and make settlement of any claim for services performed for any person pursuant to this act whenever the financial circumstances of said person are such that in the judgment of the Public Defender the best interest of the State will be served by such compromise and settlement.

C. 2A:158A-21 Payment.

21. Notwithstanding the provisions of section 2A:168-8 of the New Jersey Statutes or of any other law, when any court which has ordered or shall order the forfeiture of a recognizance in any case in which the defendant is represented pursuant to the provisions of this act, the amount whereof has been or shall be paid into the county treasury of any county in accordance with law, the county treasurer shall transmit said amount to the State Treasurer for payment into the State Treasury. If the court shall thereafter, in its discretion, order the return of the moneys so paid upon the forfeited recognizance, the State Treasurer shall thereupon repay the amount of such recognizance, less the taxed costs, if any, on the proceedings to forfeit the same, to the recognizor or recognizors or the personal representatives of any deceased recognizor, who shall have paid the same into the county treasury. Application for a return of moneys so paid shall be made to the court within 4 years after the recognizance shall have been declared forfeited.

C. 2A:158A-22 Report to the Legislature, Governor and Supreme Court.

22. The Office of the Public Defender shall report annually to the Legislature, the Governor and the Supreme Court. Such report may be combined with that of any other body, agency or study group engaged in reviewing the administration of criminal justice. The report shall include all pertinent data on the operations of the office, the costs, projected needs, and to the extent experience may indicate, recommendations for statutory changes, including changes in the criminal law or changes in court rules, all as may be appropriate to the improvement of the system of criminal justice, the control of crime, the rehabilitation of offenders and other related objectives.

23. Any appointments authorized by this act may be made prior to the effective date hereof.

24. There is appropriated to the Office of the Public Defender for the purposes of this act such sums as shall be included in any general or special appropriations act.

25. This act shall take effect July 1, 1967.

Approved May 2, 1967.

WHEREAS, It is essential that the burden of the property tax be distributed equitably among the taxpayers in accordance with the law; and

WHEREAS, It is recognized that no other single factor is so important in insuring the competent and equitable administration of the property tax as that the tax assessment be made by a well-qualified person;

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Commencing in 1968, the Director of the Division of Taxation shall, annually, in March and September of each year, hold examinations of applicants for certification as tax assessor. An applicant for examination shall, not less than 30 days before an examination, present to the director written application on forms provided by the division together with satisfactory proof that the applicant is not less than 21 years of age, is a citizen of the United States, is of good health and free from disabling physical and mental defects, is of good moral character, has obtained a certificate or diploma issued after at least 4 years of study in an approved secondary school or has received an academic education considered and accepted by the Commissioner of Education as fully equivalent, and has graduated from a 4-year course at a college of recognized standing. An applicant who does not meet the college education requirement may substitute full-time experience in real estate appraisal work or experience in property tax assessment work on a year-for-year basis. Such application shall not be considered by
the director unless accompanied by payment of a fee in the sum of $10.00 to the order of the State Treasurer. Examinations shall be written, or both written and oral, shall be of such character as fairly to test and determine the qualifications, fitness and ability of the person tested actually to perform the duties of assessor, and shall be weighted in a manner to be prescribed by the director.

2. Upon the successful completion of the examination by an applicant, a tax assessor certificate shall be issued to him, upon the payment of an additional fee of $25.00 to the order of the State Treasurer.

C. 54:1-35.27 Records of examinations.

3. The director shall preserve the applications, test papers and other work, except such as may be returned to the applicants and shall keep a record of the results of the examinations and the date of issuance of tax assessor certificates. After 10 years, such records may at the discretion of the director be destroyed.

C. 54:1-35.28 Certificates without examination.

4. In the case of an applicant who, on or after effective date of this act but not later than June 30, 1969, while actually in office as an assessor or performing the duties of an assessor, whether in the classified or unclassified service under Title 11, Civil Service, or in a municipality which has not adopted Title 11, Civil Service, shall furnish proof that he has received certificates indicating satisfactory completion on or before June 30, 1969 of training courses heretofore designated as Principles of Municipal Assessing I and Principles of Municipal Assessing II, or such other training courses as are certified as their equivalent by Rutgers, The State University, the director shall issue to such applicant a tax assessor certificate without examination, upon payment of an additional fee of $25.00 to the order of the State Treasurer.

C. 54:1-35.29 Revocation or suspension of certificate.

5. Any tax assessor certificate may be revoked or suspended by the director for dishonest practices, or willful or intentional failure, neglect or refusal to comply with the constitution and laws relating to the assessment and collection of taxes, or other good cause. No certificate shall be revoked or suspended except upon a proper hearing before the director or his designee after due notice. If the tax assessor certificate of a person serving as assessor shall be revoked, such person shall be removed from office by the director,
his office shall be declared vacant, and such person shall not be eligible to hold that office for a period of 5 years from the date of his removal.

C. 54:1-35.30 Appointment or reappointment; effective date.

Except as herein otherwise provided, no person shall on and after July 1, 1971, be appointed or reappointed, or elected or re-elected, as tax assessor in any municipality in this State unless he shall hold a tax assessor certificate. The foregoing limitation as to reappointment or re-election shall not apply to an assessor who shall have served continuously in office from July 1, 1967 to the date of reappointment or re-election. In the case of a candidate for election as municipal tax assessor for a term commencing on or after July 1, 1971, other than a candidate for re-election who shall have served continuously in office from July 1, 1967 to the date designated for inclusion on the ballot, the municipal clerk shall not certify the name of such person for inclusion on the ballot as a candidate unless there shall be filed with the municipal clerk proof that such person is the holder of a valid tax assessor certificate.

C. 54:1-35.31 Term of office; removal therefrom.

7. Notwithstanding the provisions of any other law to the contrary, every person

(1) who, upon reappointment or re-election subsequent to having received a tax assessor certificate and having served as tax assessor or performed the duties of assessor for not less than 4 consecutive years immediately prior to such reappointment or re-election, or

(2) who, on or before June 30, 1969, shall have received a tax assessor certificate while actually in office as assessor or performing the duties of an assessor, and who, on or before June 30, 1969, shall have served as assessor or performed the duties of assessor for not less than 4 consecutive years, shall hold his position during good behavior and efficiency notwithstanding that such reappointment or re-election was for a fixed term of years, and he shall not be removed therefrom for political reasons but only for good cause shown and after a proper hearing before the director or his designee after due notice. In municipalities operating under forms of government where the assessor served at the pleasure of the appointing authority for an unlimited term of office, receipt of a tax assessor certificate and continuance in service as assessor after completion of 4 consecutive years of service shall be deemed the equivalent of reappointment. The pro-
visions of this section shall apply to every person actually in office as assessor or performing the duties of an assessor whether in the classified service under Title 11, Civil Service, or in a municipality which has not adopted Title 11, Civil Service.

C. 54:1-35.32 Tenure; effective date.

8. On and after July 1, 1969 no assessor shall acquire tenure of office under any law of this State unless he shall have received a tax assessor certificate. Nothing herein contained shall be construed to affect tenure of office theretofore acquired nor to affect in any way the unexpired term of office of any assessor theretofore appointed or elected, nor shall any provision herein make void or change any provision of Title 11, Civil Service, nor any of the provisions of any other tenure of office act, except with respect to the acquisition of tenure by an assessor subsequent to June 30, 1969.

An Act to amend "An act concerning the distribution of certain tax revenues to the municipalities of this State and supplementing Title 54 of the Revised Statutes," approved June 17, 1966 (P. L. 1966, c. 135).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of the act of which this act is amendatory is amended to read as follows:

C. 54:11D-2 Determination of amount received by municipalities.

2. The Director of the Division of Taxation shall determine the greatest amount levied, as certified pursuant to Revised Statutes 54:4-52, by each municipality upon personal property used in business in 1964, 1965 or 1966, exclusive of the amount levied on the personal property of persons, partnerships, associations or corporations subject to tax under chapter 4 of the laws of 1940, and shall, on or before February 15, 1968, certify to the State Treasurer the amounts so determined for each municipality and the total amount for all municipalities. In calculating the amount levied for the year 1966, the director shall also include for each municipality the aggregate amount of increases, if any, in taxable valuations of business personal property (exclusive of the personal property of persons, partnerships, associations or corporations subject to tax under chapter 4 of the laws of 1940), determined by the county board of taxation during said year upon appeals.

2. Section 4 of the act of which this act is amendatory is amended to read as follows:

C. 54:11D-4 Allocation of excess amount among municipalities; formula.

4. If the amount determined by the director in section 3 hereof shall exceed the amount determined by the director in section 2 hereof, the director shall allocate such excess amount among the municipalities of this State in accordance with the following formula:

There shall be allocated to each municipality such amount as will be in the same ratio to such excess amount, as the local property tax levied, as reflected in the county table of aggregates certified
pursuant to Revised Statutes 54:4-52, in the municipality in the preceding calendar year upon commercial, industrial and farm real estate (excluding railroad property) is to the total taxes levied upon such property in all municipalities in the State in the same year.

3. Section 7 of the act of which this act is amendatory is amended to read as follows:

C. 54:11D-7 Apportionment of amounts to be raised in taxing districts; equalization table; assumed assessed value of property.

7. For the purpose of apportioning the amounts to be raised in the respective taxing districts of the county under Revised Statutes 54:4-49, the county board of taxation shall, for each taxing district, include in the equalization table for the county the assumed assessed value of the property represented by the money received by each taxing district pursuant to the provisions of this act.

Commencing with the tax year 1969 and thereafter the assumed assessed value of such property in each taxing district shall be determined by the county board of taxation in the following manner: (a) the amount of money received by each taxing district during the preceding tax year pursuant to the provisions of this act, shall be divided by the general tax rate of the taxing district for such preceding tax year to obtain an assumed assessed value of such property; (b) this assumed assessed value shall be divided by the fraction produced by dividing the aggregate assessed value by the aggregate true value of the real property, as determined by the county board of taxation for equalization purposes in the current tax year, exclusive of Class II railroad property, in the taxing district; and (c) the resulting quotient shall be included in the net valuation of each taxing district on which county taxes are apportioned.

For the tax year 1968, there shall be included in the equalization table for the county (a) 65% of the aggregate fair value of machinery, implements, and equipment and all other personal property used in business, other than inventories, farm machinery, farm livestock, crops and produce and (b) 25% of the aggregate fair value of inventories (except inventories of raw materials, supplies and small tools) including 25% of the aggregate fair value of farm machinery, farm livestock, crops and produce, used in business, as determined for county apportionment purposes for the tax year 1967. Provided, however, that in calculating the amounts to be included under (a) of the foregoing sentence, there shall be ex-
eluded the 1967 valuations determined for the personal property of persons, partnerships, associations or corporations subject to tax under chapter 4 of the laws of 1940.

4. This act shall take effect immediately.
Approved May 15, 1967.

CHAPTER 61

An Act concerning municipalities in relation to zoning, authorizing and providing for planned communities as herein defined, and supplementing chapter 55 of Title 40 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Purposes. In order that the public health, safety, morals and general welfare be furthered in an era of increasing urbanization and of growing demand for housing of all types and design; to provide for necessary commercial and educational facilities conveniently located to such housing; to provide for well located, clean, safe, pleasant industrial sites involving a minimum of strain on transportation facilities; to encourage the planning of new towns; to insure that the provisions of Revised Statutes 40:55-30, et seq., which direct the uniform treatment of dwelling type, bulk, density and open space within each zoning district, shall not be applied to the improvement of land by other than lot by lot development in a manner that would distort the objectives of Revised Statutes 40:55-30, et seq.; to encourage innovations in residential, commercial and industrial development and renewal so that the growing demands of the population may be met by greater variety in type, design and layout of buildings and by the conservation and more efficient use of open space ancillary to said buildings; so that greater opportunities for better housing and recreation, shops and
industrial plants conveniently located to each other may extend to all citizens and residents of this State; and in order to encourage a more efficient use of land and of public services, or private services in lieu thereof, and to reflect changes in the technology of land development so that resulting economies may enure to the benefit of those who need homes; to lessen the burden of traffic on streets and highways; to encourage the building of new towns incorporating the best features of modern design; to conserve the value of the land; and, in aid of these purposes, to provide a procedure which can relate the type, design and layout of residential, commercial and industrial development to the particular site and the particular demand for housing and other facilities including the foregoing at the time of development in a manner consistent with the preservation of the property values within established residential areas and to insure that the increased flexibility of substantive regulations over land development authorized herein is subject to such administrative standards and procedures as shall encourage the disposition of proposals for land development without undue delay, the following powers are granted to all municipalities not in derogation of powers heretofore granted.

C. 40: 55-56 Application of statute.

2. Application of statute. The powers granted herein may be exercised by any municipality which enacts an ordinance that shall:

(a) Refer to this act;

(b) Include a statement of objectives of development, as herein defined;

(c) Designate the municipal authority which shall exercise the powers of the municipal authority, as herein defined;

(d) Set forth the standards of development consistent with the provisions of section 3 hereof; and

(e) Set forth the procedures pertaining to the application for, hearing on and tentative and final approval of a planned unit development, which shall be consistent with sections 5 through 9 of this act.

(f) Require a finding by the municipal authority, prior to tentative approval of any plan for a planned unit development as provided herein, that said plan is in general conformity with the provisions of Revised Statutes 40:55-32 and any master plan for the municipality adopted pursuant to the "Municipal Planning Act," chapter 433 of the laws of 1953, and that the proposed planned
unit development will not have a substantially adverse effect on the development of the neighboring area.

The enactment of an ordinance pursuant to the powers granted herein, and the enactment of an amendment thereto, shall be in accordance with the procedures required for the adoption of an amendment to a zoning ordinance as provided in Revised Statutes 40:55-34 and Revised Statutes 40:49-2, et seq.

C. 40:55-57 Standards and conditions.

3. Standards and conditions for planned unit development. Every ordinance adopted pursuant to the provisions of this act shall set forth the standards and conditions by which a proposed planned unit development shall be evaluated. The municipal authority may prescribe, from time to time, rules and regulations to supplement the standards and conditions set forth in the ordinance provided (1) said rules and regulations are not inconsistent with said standards and conditions, (2) said rules and regulations are placed of public record, and (3) any amendment or change of said rules and regulations shall not apply to any plan for which an application for tentative approval has been made prior to the placing of public record of said amendment or change. Said standards and conditions and all supplementary rules and regulations established for a particular planned development authorized pursuant to such ordinance shall not be inconsistent with the following provisions:

(a) Permitted uses. An ordinance adopted pursuant to this act shall set forth the uses permitted in a planned unit development, which uses may include and shall be limited to (1) dwelling units in detached, semidetached, attached, groups of attached or clustered or multistoried structures, or any combination thereof; and (2) any nonresidential use, to the extent such nonresidential use is designed and intended to serve the residents of the planned unit development, and such other uses as exist or may reasonably be expected to exist in the future, and (3) public and private educational facilities, and (4) industrial uses and buildings.

An ordinance may establish regulations setting forth the timing of development among the various types of uses and subgroups thereunder, and may specify whether some nonresidential uses are to be built before, after or at the same time as the residential uses.

(b) Residential density.

(1) An ordinance adopted pursuant to this act shall establish standards governing the density, or intensity of land use, in a planned unit development.
(2) Said standards shall take into account that the density, or intensity of land use, otherwise allowable on the site under the provisions of a zoning ordinance previously enacted pursuant to Revised Statutes 40:55-30, et seq., may not be appropriate for a planned unit development. The standards may vary the density, or intensity of land use, otherwise applicable to the land within the planned unit development in consideration of (a) the amount, location and proposed use of common open space, (b) the location and physical characteristics of the site of the proposed planned unit development, and (c) the location, design and type of dwelling units and other uses.

(3) In the case of a planned unit development proposed to be developed over a period of years, such standards may, to encourage the flexibility of housing density, design and type intended by this act, authorize a deviation in each section to be developed from the density, or intensity of use, established for the entire planned unit development. The ordinance may authorize the municipal authority to allow for a greater concentration of density, or intensity of land use, within some section or sections of development, whether it be earlier or later in the development, than upon others. The ordinance may require that the approval by the municipal authority of a greater concentration of density or intensity of land use for any section to be developed be offset by a smaller concentration in any completed prior stage or by an appropriate reservation of common open space on the remaining land by a grant of easement or by covenant in favor of the municipality, provided that such reservation shall, as far as practicable, defer the precise location of such common open space until an application for final approval is filed, so that flexibility of development which is a prime objective of this act, can be maintained.

(c) Common open space. The standards for a planned unit development established by an ordinance adopted pursuant to this act shall require that any common open space resulting from the application of standards for density, or intensity of land use, be set aside for the use and benefit of the residents in such development and shall include provisions by which the amount and location of any common open space shall be determined and its improvement and maintenance for common open space use be secured, subject, however, to the following:

(1) The ordinance may provide that the municipality may, at any time and from time to time, accept the dedication of
land or any interest therein for public use and maintenance, but the ordinance shall not require, as a condition of the approval of a planned unit development, that land proposed to be set aside for common open space be dedicated or made available to public use. The ordinance may require that the landowner provide for and establish an organization for the ownership and maintenance of any common open space, and that such organization shall not be dissolved nor shall it dispose of any common open space, by sale or otherwise (except to an organization conceived and established to own and maintain the common open space), without first offering to dedicate the same to the municipality or any other government agency.

(2) In the event that the organization established to own and maintain common open space, or any successor organization, shall at any time after establishment of the planned unit development fail to maintain the common open space in reasonable order and condition in accordance with the plan, the municipality may serve written notice upon such organization or upon the residents and owners of the planned unit development setting forth the manner in which the organization has failed to maintain the common open space in reasonable condition, and said notice shall include a demand that such deficiencies of maintenance be cured within 30 days thereof, and shall state the date and place of a hearing thereon which shall be held within 14 days of the notice. At such hearing the municipality may modify the terms of the original notice as to the deficiencies and may give an extension of time within which they shall be cured. If the deficiencies set forth in the original notice or in the modifications thereof shall be cured within said 30 days or any extension thereof, the municipality, in order to preserve the taxable values of the properties within the planned unit development and to prevent the common open space from becoming a public nuisance, may enter upon said common open space and maintain the same for a period of 1 year. Said entry and maintenance shall not vest in the public any rights to use the common open space except when the same is voluntarily dedicated to the public by the residents and owners. Before the expiration of said year, the municipality shall, upon its initiative or upon the request of the organization theretofore responsible for the maintenance of the common open space, call a public hearing upon notice to such organization, or to the residents and owners of the planned unit development, to be
held by the municipal authority, at which hearing such organization or the residents and owners of the planned unit development shall show cause why such maintenance by the municipality shall not, at the election of the municipality, continue for a succeeding year. If the municipal authority shall determine that such organization is ready and able to maintain said common open space in reasonable condition, the municipality shall cease to maintain said common open space at the end of said year. If the municipal authority shall determine such organization is not ready and able to maintain said common open space in a reasonable condition, the municipality may, in its discretion, continue to maintain said common open space during the next succeeding year and subject to a similar hearing and determination, in each year thereafter. The decision of the municipal authority in any such case shall constitute a final administrative decision subject to judicial review.

(3) The cost of such maintenance by the municipality shall be assessed ratably against the properties within the planned unit development that have a right of enjoyment of the common open space, and shall become a tax lien on said properties. The municipality, at the time of entering upon said common open space for the purpose of maintenance, shall file a notice of such lien in the office of the county clerk upon the properties affected by such lien within the planned unit development.

(d) Minimum number of dwelling units. No ordinance adopted pursuant to the provisions of this act shall authorize a planned unit that contains less than 5 dwelling units, or less than 5 commercial uses, or 3 industrial uses, singly or in combination.

(e) Public facilities. The authority granted a municipality by P. L. 1953, chapter 433 (C. 40:55-1.1 et seq.) to establish standards for the location, width, course and surfacing of public streets and highways, alleys, ways for public service facilities, curbs, gutters, sidewalks, street lights, parks, playgrounds, school grounds, storm water drainage, water supply and distribution, sanitary sewers and sewage collection and treatment, shall be vested in the municipal authority for the purposes of this act. The standards applicable to a planned unit development may be different than, or modifications of, the standards and requirements otherwise required of subdivisions authorized under an ordinance adopted pursuant to P. L. 1953, chapter 433 (C. 40:55-1.1 et seq.) provided however, that an ordinance adopted pursuant to this act shall set forth the limits and extent of any modifications or changes in such standards and
requirements in order that a landowner shall be able to know the limits and extent of permissible modifications from the standards otherwise applicable to subdivisions. The limits of such modification or change established in an ordinance adopted pursuant to this act as well as the degree of modification or change within said limits authorized in a particular case by the municipal authority shall take into account that the standards and requirements established in an ordinance adopted pursuant to P. L. 1953, chapter 433 (C. 40:55-1.1 et seq.), may not be appropriate or necessary for land development of the type or design contemplated by this act or for the planning and creation of a planned community.

(f) Other standards and conditions. An ordinance adopted pursuant to this act shall set forth the standards and criteria by which the design, bulk and location of buildings shall be evaluated, and all standards and criteria for any feature of a planned unit development shall be set forth in such ordinance with sufficient certainty to provide reasonable criteria by which specific proposals for a planned unit development can be evaluated. All standards in such ordinance shall not unreasonably restrict the ability of the landowner to relate the plan to the particular site and to the particular demand for housing, commercial or industrial users existing at the time of development.

4. Enforcement and modification of provisions of the plan. To further the mutual interest of the residents and owners of the planned community and of the public in the preservation of the integrity of the plan, as finally approved, and to insure that modifications, if any, in the plan shall not impair the reasonable reliance of the said residents and owners upon the provisions of the plan, nor result in changes that would adversely affect the public interest, the enforcement and modification of the provisions of the plan as finally improved, whether recorded by plat, covenant, easement or otherwise, shall be subject to the following provisions.

(a) Enforcement by the municipality. The provisions of the plan relating to (1) the use of land and the use, bulk and location of buildings and structures, (2) the quality and location of common open space, except as provided in section 3 hereof, and (3) the intensity of use or the density of residential units, shall run in favor of the municipality and shall be enforceable in law or in equity by the municipality, without limitation on any powers or regulation otherwise granted the municipality by law.
(b) Enforcement by the residents and owners. All provisions of the plan shall run in favor of the residents and owners of the planned community, but only to the extent expressly provided in the plan and in accordance with the terms of the plan, and to that extent said provisions, whether recorded by plat, covenant, easement or otherwise, may be enforced at law or equity by said residents and owners, acting individually, jointly, or through an organization designated in the plan to act on their behalf; provided, however, that no provisions of the plan shall be implied to exist in favor of residents and owners of the planned unit development except as to those portions of the plan which have been finally approved and have been recorded.

(c) Modification of the plan by the municipality. All those provisions of the plan authorized to be enforced by the municipality under paragraph (a) of this section 4 may be modified, removed or released by the municipality (except grants or easements relating to the service or equipment of a public utility unless expressly consented to by the public utility), subject to the following conditions:

(1) No such modification, removal or release of the provisions of the plan by the municipality shall affect the rights of the residents and owners of the planned unit development to maintain and enforce those provisions, at law or equity, as provided in paragraph (b) of this section 4;

(2) No modification, removal or release of the provisions of the plan by the municipality shall be permitted except upon a finding by the municipal authority, following a public hearing called and held in accordance with the provisions of section 6 of this act, that the same is consistent with the efficient development and preservation of the entire planned unit development, does not adversely affect either the enjoyment of land abutting upon or across a street from the planned unit development or the public interest, and is not granted solely to confer a special benefit upon any person.

(d) Modification by the residents. Residents and owners of the planned unit development may, to the extent and in the manner expressly authorized by the provisions of the plan, modify, remove or release their rights to enforce the provisions of the plan but no such action shall affect the right of the municipality to enforce the provisions of the plan in accordance with the provisions of paragraph (1) of this section 4.
5. Application for tentative approval of planned unit development. In order to provide an expeditious method for processing a plan for a planned unit development, under the terms of an ordinance adopted pursuant to the powers granted herein, and to avoid the delay and uncertainty which would arise if it were necessary to secure approval, by a multiplicity of local procedures, of a plat of subdivision or resubdivision as well as approval of a change in the zoning regulations otherwise applicable to the property, it is hereby declared to be in the public interest that all procedures with respect to the approval or disapproval of a plan for a planned unit development, and the continuing administration thereof shall be consistent with the following provisions:

(a) An application for tentative approval of the plan for a planned unit development, shall be filed by or on behalf of the landowner;

(b) The application for tentative approval shall be filed by the landowner or any other entity having a cognizable interest in the land, in such form, upon the payment of such a reasonable fee and with such official of the municipality as shall be designated in the ordinance adopted pursuant to this act, and a copy of the plan and said application shall be forwarded to the Division of State and Regional Planning in the Department of Community Affairs;

(c) All planning and subdivision matters relating to the platting, use and development of the planned unit development or planned community and subsequent modifications of the regulations relating thereto, to the extent such modification is vested in the municipality, shall be determined and established by the municipal authority;

(d) The ordinance shall require only such information in the application as is reasonably necessary to disclose to the municipal authority: (1) the location and size of the site and the nature of the landowner's interest in the land proposed to be developed; (2) the density of land use to be allocated to parts of the site to be developed; (3) the location and size of any common open space and the form of organization proposed to own and maintain any common open space; (4) the use and the approximate height, bulk and location of buildings and other structures; (5) the feasibility of proposals for the disposition of sanitary waste and storm water; (6) the substance of covenants, grants of easements or other restrictions proposed to be imposed upon the use of the land, buildings and structures including proposed easements or grants.
for public utilities; (7) the provisions for parking of vehicles and the location and width of proposed streets and public ways; (8) the required modifications in the municipal land use regulations otherwise applicable to the subject property, and (9) in the case of plans which call for development over a period of years, a schedule showing the proposed times within which applications for final approval of all sections of the planned unit development or planned community are intended to be filed;

(c) The application for tentative approval of a planned unit development shall include a written statement by the landowner or any other entity having a cognizable interest in the land, setting forth the reasons why, in his opinion, a planned unit development would be in the public interest and would be consistent with the municipal statement of objectives on planned unit development;

and

(f) The procedures and approvals provided herein for tentative and final approval of a plan for a planned unit development, and applications for such tentative and final approval, shall be in lieu of all procedures and approvals specified in sections 13, 14, 15, 17, 18, and 21 of chapter 433 of the laws of 1953.

C. 40: 55-60 Public hearings.

6. Public hearings. (a) Within 45 days after the filing of an application pursuant to section 5, a public hearing on said application shall be held by the municipal authority, public notice of which hearing shall be given in the manner prescribed in Revised Statutes 40:55-34, et seq., for hearings on amendments to a zoning ordinance. The chairman, or, in his absence, the acting chairman, of the municipal authority may administer oaths and compel the attendance of witnesses...

11 testimony by witnesses at any hearing shall be given under oath and every party of record at a hearing shall have the right to cross-examine adverse witnesses.

(b) A transcript of the hearing shall be caused to be made by the municipal authority, copies of which shall be made available at cost to any party to the proceedings, and all exhibits accepted in evidence shall be identified and duly preserved, or, if not accepted in evidence, shall be properly identified and the reason for the exclusion clearly noted in the record. Where there is a municipal planning staff the ordinance shall require that a report on the proposed planned unit development by the staff shall be prepared and filed with the authority designated to act, not less than 5 days before the public hearing and available for public inspection during reasonable hours.
(c) The municipal authority may continue the hearing from time to time, and the municipal authority may refer the matter back to the planning staff of the municipality for a further report, a copy of which shall be filed of record without delay, provided, however, that in any event, the public hearing or hearings shall be concluded within 45 days after the date of the first public hearing, unless the landowner shall consent in writing to an extension of time within which the hearing shall be concluded.

C. 40:55-61 Findings.

7. The findings.

(a) The municipal authority shall, within 60 days following the conclusion of the public hearing provided for in section 6, by written resolution either (1) grant tentative approval of the plan as submitted, (2) grant tentative approval subject to specified conditions not included in the plan as submitted, or (3) deny tentative approval to the plan. Failure of the municipal authority to so act within said period shall be deemed to be a grant of tentative approval of the plan as submitted. In the event tentative approval is granted, other than by lapse of time, either of the plan as submitted or of the plan with conditions, the municipal authority shall, as part of its resolution, specify the drawings, specifications and form of performance bond that shall accompany an application for final approval. In the event tentative approval is granted subject to conditions, the landowner shall, within 45 days after receiving a copy of the written resolution of the municipal authority, notify the municipal authority of his acceptance of or his refusal to accept all said conditions. In the event the landowner refuses to accept all said conditions the municipal authority shall be deemed to have denied tentative approval of the plan. In the event the landowner does not, within said period, notify the municipal authority of his acceptance of or his refusal to accept all said conditions, tentative approval of the plan, with all said conditions, shall stand as granted. Nothing contained herein shall prevent the municipal authority and the landowner from mutually agreeing to a change in such conditions, and the municipal authority may, at the request of the landowner, extend the time during which the landowner shall notify the authority of his acceptance or refusal to accept the conditions.

(b) The grant or denial of tentative approval by written resolution shall include not only conclusions but also findings of fact related to the specific proposal and shall set forth the reasons for the grant, with or without conditions, or for the denial, and said
resolution shall set forth with particularity in what respects the
plan would or would not be in the public interest including but not
limited to findings of fact and conclusions on the following:

(1) In what respects the plan is or is not consistent with the
statement of objectives of a planned unit development;

(2) The extent to which the plan departs from zoning and
subdivision regulations otherwise applicable to the subject
property, including but not limited to density, bulk and use,
and the reasons why such departures are not deemed to be in
the public interest;

(3) The purpose, location and amount of the common open
space in the planned unit development, the reliability of the
proposals for maintenance and conservation of the common
open space, and the adequacy or inadequacy of the amount and
purpose of the common open space as related to the proposed
density and type of development;

(4) The physical design of the plan and the manner in which
said design does or does not make adequate provision for
public services, provide adequate control over vehicular traffic,
and further the amenities of light and air, recreation and
visual enjoyment;

(5) The relationship, beneficial or adverse, of the proposed
planned unit development to the neighborhood in which it is
proposed to be established; and

(6) In the case of a plan which proposes development over a
period of years, the sufficiency of the terms and conditions
intended to protect the interests of the public and of the
residents and owners of the planned unit development in the
integrity of the plan.

(c) In the event a plan is granted tentative approval, with or
without conditions, the municipal authority shall set forth in the
written resolution the time within which an application for final
approval of the plan shall be filed or, in the case of a plan which
provides for development over a period of years, the periods of
time within which applications for final approval of each part
thereof shall be filed. The time so established between grant of
tentative approval and an application for final approval shall not
be less than 3 months and, in the case of developments over a period
of years, the time between applications for final approval of each
part of a plan shall be not less than 6 months; provided nothing
herein contained shall be construed to limit a landowner from the
presentation of any application for final approval earlier than the
time period hereinabove set forth.
C. 40:55-62 Status after approval.

8. Status of plan after tentative approval.
   (a) Within 5 working days after the adoption of the written resolution provided for in section 7, it shall be certified by the clerk of the municipality and shall be filed in his office, and a certified copy shall be mailed to the landowner. Where tentative approval has been granted, the same shall be noted on the zoning map maintained in the office of the clerk of the municipality.
   (b) Tentative approval of a plan shall not qualify a plat of the planned unit development for recording nor authorize development or the issuance of any building permits. A plan which has been given tentative approval as submitted, or which has been given tentative approval with conditions which have been accepted by the landowner (and provided that the landowner has not defaulted nor violated any of the conditions of the tentative approval), shall not be modified, revoked or otherwise impaired by action of the municipality pending an application or applications for final approval, without the consent of the landowner, provided an application for final approval is filed or, in the case of development over a period of years, provided applications are filed, within the periods of time specified in the resolution granting tentative approval.
   (c) In the event that a plan is given tentative approval and thereafter, but prior to final approval, the landowner shall elect to abandon part or all of said plan and shall so notify the municipal authority in writing, or in the event the landowner shall fail to file application or applications for final approval within the required period of time or times, as the case may be, the tentative approval shall be deemed to be revoked and all that portion of the area included in the plan for which final approval has not been given shall be subject to those local ordinances applicable thereto, as they may be amended from time to time, and the same shall be noted on the zoning map in the office of the clerk of the municipality and in the records of the clerk of the municipality.

C. 40:55-63 Final approval.

9. Application for final approval.
   (a) An application for final approval may be for all the land included in a plan or, to the extent set forth in the tentative approval, for a section thereof. Said application shall be made to the official of the municipality designated by the ordinance and within the time or times specified by the resolution granting tentative approval. The application shall include such drawings, speci-
fications, covenants, easements, conditions and form of performance bond as were set forth by written resolution of the municipal authority at the time of tentative approval. A public hearing on an application for final approval of the plan, or part thereof, shall not be required, provided the plan, or the part thereof, submitted for final approval, is in substantial compliance with the plan theretofore given tentative approval.

(b) A plan submitted for final approval shall be deemed to be in substantial compliance with the plan previously given tentative approval provided any modification by the landowner of the plan as tentatively approved does not: (1) vary the proposed gross residential density or intensity of use by more than 5%; or (2) involve a reduction of the area set aside for common open space nor the substantial relocation of such area; nor (3) increase by more than 10% the floor area proposed for nonresidential use; nor (4) increase by more than 5% the total ground areas covered by buildings nor involve a substantial change in the height of buildings. A public hearing shall not be held to consider modifications in the location and design of streets or facilities for water and for disposal of storm water and sanitary sewerage.

(c) A public hearing shall not be held on an application for final approval of a plan when said plan as submitted for final approval is in substantial compliance with the plan as tentatively approved. The burden shall nevertheless be upon the landowner to show the municipal authority good cause for any variation between the plan as tentatively approved and the plan as submitted for final approval. In the event a public hearing is not required for final approval, and the application for final approval has been filed, together with all drawings, specifications and other documents in support thereof, and as required by the resolution of tentative approval, the municipality shall, within 45 days of such filing, grant such plan final approval; provided, however, that, in the event the plan as submitted contains variations from the plan given tentative approval but remains in substantial compliance with the plan as submitted for tentative approval, the municipal authority may after a meeting with the landowner, refuse to grant final approval and shall, within 45 days from the filing of the application for final approval, so advise the landowner in writing of said refusal, setting forth in said notice the reasons why one or more of said variations are not in the public interest. In the event of said refusal the landowner may (1) file his application for final approval without the variations objected to by the municipal authority on or before the last
day of the time within which he was authorized by the resolution granting tentative approval to file for final approval, or within 30 days from the date he received notice of said refusal, whichever date shall last occur; or (2) treat the refusal as a denial of final approval and so notify the municipal authority.

(d) In the event the plan as submitted for final approval is not in substantial compliance with the plan as given tentative approval, the municipal authority shall, within 45 days of the date the application for final approval is filed, so notify the landowner in writing, setting forth the particular ways in which the plan is not in substantial compliance. The landowner may: (1) treat said notification as a denial of final approval; or (2) refile his plan in a form which is in substantial compliance with the plan as tentatively approved; or (3) file a written request with the municipal authority that it hold a public hearing on his application for final approval. If the landowner shall elect either alternative (2) or (3) above he may refile his plan or file a request for a public hearing, as the case may be, on or before the last day of the time within which he was authorized by the resolution granting tentative approval to file for final approval, or 30 days from the date he receives notice of said refusal, whichever date shall last occur. Any such public hearing shall be held within 30 days after request for the hearing is made by the landowner, and notice thereof shall be given and the hearings shall be conducted in the manner prescribed in section 6 of this act. Within 45 days after the conclusion of the hearing, the municipal authority shall by resolution either grant final approval to the plan or deny final approval to the plan. The grant or denial of final approval of the plan shall, in cases arising under this paragraph (d), be in the form and contain the findings required for a resolution on an application for tentative approval set forth in section 6 of this act.

(e) In the event the municipal authority fails to act, either by grant or denial of final approval of the plan within the time prescribed, the landowner may, after 20 days’ written notice to the municipal authority, file a complaint in the Superior Court, Law Division, and upon showing that the municipal authority has failed to act either within the time prescribed, or subsequent to the receipt of the written notice provided for in this paragraph (e) and that the landowner has complied with the procedures set forth in this section 9, the plan shall be deemed to have been finally approved and the court shall, upon a summary proceeding, enter an order directing the county clerk to record the plan as submitted
for final approval without the approval of the municipal authority. A plan so recorded shall have the same force and effect as though that plan had been given final approval by the municipal authority.

(f) A plan, or any part thereof, which has been given final approval by the municipal authority shall be so certified without delay by the clerk of the municipality and shall be filed of record forthwith in the office of the county clerk before any development shall take place in accordance therewith. Upon the filing of record of the plan all other ordinances and subdivision regulations otherwise applicable to the land included in the plan shall cease to apply thereto. Pending completion within 5 years of said planned unit development or of that part thereof, as the case may be, that has been finally approved, no modification of the provisions of said plan, or part thereof, as finally approved, shall be made nor shall it be impaired by act of the municipality, except with the consent of the landowner.

(g) In the event that a plan, or a section thereof, is given final approval and thereafter the landowner shall abandon said plan or the section thereof that has been finally approved, and shall so notify the municipal authority in writing; or, in the event the landowner shall fail to commence the planned unit development within 18 months after final approval has been granted, then and in that event such final approval shall terminate and be deemed null and void unless such time period is extended by the municipal authority upon written application of the landowner.

C. 40:55-64 Judicial review.

10. Judicial review. Any decision of the municipal authority under this act granting or denying tentative approval of a plan or authorizing or refusing to authorize a modification in a plan shall be deemed to be a final administrative decision and shall be subject to judicial review.

C. 40:55-65 Definitions.

11. Definitions.

(a) "Common open space" is a parcel or parcels of land or an area of water, or a combination of land and water within the site designated for a planned unit development, and designed and intended for the use or enjoyment of residents and owners of the planned unit development. Common open space may contain such complementary structures and improvements as are necessary and appropriate for the benefit and enjoyment of residents and owners of the planned unit development.
"Landowner" shall mean the legal or beneficial owner or owners of all of the land proposed to be included in a planned unit development. The holder of an option or contract to purchase, or other person having an enforceable proprietary interest in such land, shall be deemed to be a landowner for the purposes of this act.

"Municipal authority" shall mean the governing body of a municipality, or the planning board continued or created by a municipality pursuant to chapter 433 of the laws of 1953, which shall administer any ordinance adopted pursuant to this act.

"Plan" shall mean the provisions for development of a planned unit development, including a plat of subdivision, all covenants relating to use, location and bulk of buildings and other structures, intensity of use or density of development, private streets, ways and parking facilities, common open space and public facilities. The phrase "provisions of the plan" when used in this act shall mean the written and graphic materials referred to in this definition.

"Planned unit development" or, in the alternative, "planned community" or "new town" is an area of land, controlled by a landowner, to be developed as a single entity for a number of dwelling units, including commercial and industrial uses, if any, the plan for which does not correspond in lot size, bulk or type of dwelling or commercial or industrial use, density, lot coverage and required open space to the regulations established in any one or more districts created, from time to time, under the provisions of a municipal zoning ordinance enacted pursuant to Revised Statutes 40:55-30, et seq.

"Statement of objectives for planned unit development" shall be a written statement of the goals of the municipality with respect to land use for various purposes, density of population, direction of growth, location and function of streets and other public facilities, and common open space for recreation or visual benefit, or both, and such other factors as the municipality may find relevant in determining whether a planned unit development, planned community or new town shall be authorized.

12. Any municipality may avail itself of the powers granted herein in whole or in part. Nothing contained herein shall preclude the creation of planned industrial development districts, planned commercial development districts, or the placing of various kinds of planned districts within one development.

13. This act shall be construed most favorably to municipalities, its intention being to give all municipalities the fullest and most complete powers possible concerning the subject matter hereof.

Should any section or provision of this act be held to be unconstitutional or invalid, such determination shall not affect the constitutionality or validity of the remainder hereof.

C. 40:55-54 Title of act.

14. This act shall be known and may be cited as the "Municipal Planned Unit Development Act (1967)."

15. This act shall take effect immediately.

Approved May 23, 1967.

CHAPTER 62

An Act concerning pensions and providing for pensions to certain public employees.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Any public employee who served honorably in the Army of the United States during World War I and who is at least 70 years of age, having served more than 37 years in the public service, including 3 years in the New Jersey Legislature, more than 12 years in the Congress of the United States as a member from New Jersey, and as an employee of the State for the last 21 years, shall be retired, upon application therefor, and shall receive a pension for the remainder of his life from the State of 75% of the compensation he received in the last year of employment.

2. Any pension payable under this act to a retired employee shall be in lieu of the pension and insurance benefits which would accrue to the said employee or his beneficiary under any retirement system established by the State.

3. The payment of pensions granted pursuant to this act shall be provided for in the budget of the State. If the State was contributing to a retirement system on behalf of said employee, the adoption of the provisions of this act and the payment of pension provided hereunder shall be considered a discharge of the employ-
er’s liability to the retirement system with respect to such employee so that a credit for the discharge of such liabilities shall be reflected in the subsequent valuations of the State’s liabilities under the retirement system for all other employees.

Upon the employee’s acceptance of the pension granted pursuant to this act and as a condition thereof, the employee shall pay over to the State the value of his contributions and interest which was credited to his account in any retirement system established by the State in order to defray part of the cost of the pension to be paid by the employer.

4. For the purposes of this act the term “public employee” shall be deemed to mean and include a person who holds or has held an office, position or employment in State Government.

5. This act shall take effect immediately.

Approved May 23, 1967.

of New Jersey:

1. Section 5 of the act of which this act is amendatory is amended
to read as follows:

C. 27:1A-5 Functions, powers and duties of Commissioner.

5. The commissioner, as head of the department, shall have all
of the functions, powers and duties heretofore vested in the State

powers and duties invested in him by this act or by any other law:
(a) Develop, from time to time revise and maintain a compre-
prehensive master plan for transportation development;
(b) Develop and promote programs to foster efficient and
economical public transportation services in the State;
(c) Prepare plans for the preservation and improvement of the commuter railroad system;

(d) Develop plans for more efficient public transportation service by motor bus operators; develop statistics, analyses, and other data of use to bus operators in the provision of public transportation service; facilitate more effective co-ordination between bus service and other forms of public transportation, particularly the commuter railroads; review petitions for motor bus franchises in areas served by the commuter railroad system and make appropriate recommendations on such petitions;

(g) Make an annual report to the Governor and the Legislature of the department’s operations, and render such other reports as the Governor shall from time to time request or as may be required by law.

2. Section 15 of the act of which this act is amendatory is amended to read as follows:

C. 27:1A-15 Definitions.
15. Hereafter in this act, unless the context indicates another or different meaning or intent:

(a) “Carrier” shall mean any individual, co-partnership, association, corporation, joint stock company, receiver or trustee operating any railroad or motor bus in this State or between points in this State and between points in other States, for public use;

(b) “Agency” shall mean the Commuter Operating Agency;

ment storage and servicing facilities, bridges, grade crossings, railroad passenger cars, locomotives and motor buses, wherever such improvements are included in determinations filed as required by section 17 of this act.

3. Section 16 of the act of which this act is amendatory is amended to read as follows:

C. 27:1A-16 Agency established.

16. (a) There is hereby established in the Department of Transportation the Commuter Operating Agency which for civil service purposes shall be considered to be a board.

(b) The agency shall consist of 4 members who shall be the Commissioner of Transportation, the Assistant Commissioner for Public Transportation, the State Treasurer and the President of the Board of Public Utility Commissioners, or their respective designees.

(c) The Commissioner and the Assistant Commissioner for Public Transportation shall be the chairman and secretary, respectively, of the agency. The executive director of the agency shall be an officer of the department so designated by the commissioner in writing, which designation shall be filed with the Secretary of State. The executive director shall have such powers and duties as are delegated to him by the agency from time to time.

(d) The commissioner shall assign to the agency such employees of the department as may be necessary for the efficient operation of the work of the agency. The agency may also appoint, retain and employ, to serve at its pleasure, a director of operations and a deputy director of operations, and it shall determine their qualifications, duties, services and compensation.

(e) The powers of the agency shall be vested in the members thereof and 3 members of the agency or their designees shall constitute a quorum at any meeting thereof. (f) A true copy of the minutes of every meeting of the agency shall be delivered forthwith by and under the certification of the secretary thereof, to the Governor. No action taken at such meet-
ing by the agency shall have force or effect until 10 days after such copy of the minutes shall have been so delivered. If, in said 10-day period, the Governor returns such copy of the minutes with veto of any action taken by the agency or any member thereof at such meeting, such action shall be null and of no effect.

4. Section 18 of the act of which this act is amendatory is amended to read as follows:

C. 27:1A-18 Contracts; terms; conditions.

18. In order to conserve and improve passenger service necessary for public use now and in future years in this State, but subject to the limitations of this act, the State of New Jersey, acting by and through the agency, may enter into contracts with any rail carrier, providing for acceptance by such carrier of all or any part of the agency’s determination. Prior to entering into any such contract, the agency shall hold public hearings where it shall make known the terms and conditions of the proposed contract to interested parties and the general public. Every contract entered into pursuant to this section shall be subject to the following terms and conditions:

(a) Contracts involving expenditure of public funds for improvements to capital facilities shall require continuance of specified passenger service by the carrier for stated periods not limited to a fiscal year, and shall further require that title to such improvements shall be vested with the State, except that where public funds are expended to repair or rehabilitate existing facilities, such title to or other interest in such improvements as the carrier may have shall be the subject of negotiation between the agency and the carrier.

(b) No such contract shall provide for payments by the State for service rendered with respect to such fiscal year in excess of the loss from passenger service during the previous calendar year as shown in the determination for that fiscal year. If during any contract period a carrier shall realize a profit from the passenger service contracted for, which profit exceeds a return on investment of 6%, ½ of the excess shall be paid to the agency. The accounting procedures to be employed to determine the extent of any profit or loss, as the case may be, shall be a subject of negotiation between the parties to the contract.

(c) Every such contract shall describe the passenger service which the carrier shall be required to operate. Such description shall set forth the operation of the contracted service which shall
include timetables, train consists and fair tariffs applicable to the service and any other provisions that the agency may deem reasonable.

5. Section 19 of the act of which this act is amendatory is amended to read as follows:

C. 27:IA-19 Contracts with motor bus carrier.

19. The agency may enter into contracts with any motor bus carrier to operate passenger service which the agency shall determine (a) to be necessary to provide or encourage adequate commuter or intercity bus service and (b) would not otherwise be provided or made available without State assistance. Payment by the agency for such passenger service shall be based on the actual cost of such service to the motor bus carrier plus a 6% return on investment.

The agency may also enter into contracts with any motor bus carrier pursuant to which the agency may acquire, purchase or rehabilitate motor buses for lease to such carrier to be operated in specified passenger service, provided that any State funds expended for such programs are at least equally matched by Federal funds.

6. Section 22 of the act of which this act is amendatory is amended to read as follows:

22. Each contract shall contain conditions, terms and provisions as the agency may require including, but not limited to, provisions permitting or relating to (a) determination of contracted service satisfactorily operated, (b) deductions or penalties with respect to unsatisfactory service, (c) auditing and settlement of payments, (d) termination, waivers, release, modification or other effect in event of nonperformances, or of strikes, riots, disasters, acts of God or condition not caused or permitted by the carrier or within its control, (e) additional obligations of the carrier, and (f) any such other matters as the agency deems to be in the public interest. Any such contract may also provide for the rendering of additional service by the carrier, on an experimental basis or for an experimental period or otherwise, and for the payment by the State of additional compensation not exceeding the estimated actual cost of such additional service to the carrier, which additional compensation shall not be limited by the provisions of the first sentence of section 18(b).
7. Section 24 of the act of which this act is amendatory is amended to read as follows:

C. 27:1A-24 Continuation of service.

24. Every carrier entering into a contract shall be obligated to continue during the term of the contract all existing passenger service and fares applicable thereto, except that the contract shall afford the carrier the right to petition the agency for changes in passenger service and applicable fares during the term of the contract. If such a petition includes an application to decrease the number of trains, a substantial change in schedules or an increase in fares, the agency, prior to making any determination with respect thereto, shall hold a public hearing on notice. In acting on any such petition the agency shall give due consideration to the following factors:

(a) The availability of alternative means of public transportation.

(b) The potential cost of continuing the service sought to be curtailed or discontinued.

(c) The cost to the State of providing alternative transportation facilities either by common carriers or highway improvement.

(d) The resulting effect on State and local population trends, economic values and tax revenues.

The authority hereby given the agency with respect to the discontinuance, curtailment, abandonment or change in passenger service shall be exercised during the contract period without regard or reference to the jurisdiction vested in the Board of Public Utility Commissioners by section 48:2-24 of the Revised Statutes. At the conclusion of the contract period the Board of Public Utility Commissioners shall resume such jurisdiction but no carrier shall be required to restore any service discontinued as aforesaid unless the Board of Public Utility Commissioners shall determine, after notice and hearing, that the service is required by public convenience and necessity.

Notwithstanding any other provisions of this act, all vehicles used by any motor bus carrier pursuant to contracts authorized by this section shall be subject to the jurisdiction of the Board of Public Utility Commissioners with respect to insurance, maintenance, specifications and safety to the same extent such jurisdiction is conferred upon the board by Title 48, Public Utilities, as amended and supplemented.

8. Section 29 of the act of which this act is amendatory is amended to read as follows:
C. 27:1A-29 Committee established.

29. There is hereby established in the Department of Transportation a Commuter Advisory Committee. Such committee shall consist of the Assistant Commissioner for Public Transportation as chairman, and 10 other members appointed by the Governor as follows: 2 citizens of the State who are commuters; 2 mayors of municipalities or members of boards of chosen freeholders of counties served by railroads under contract to the State; 2 officials of unions representing employees of railroads under contract to the State; 2 officials of railroads or motorbus carriers under contract to the State; and 2 public members who shall be citizens of the State.

9. This act shall take effect immediately.

Approved May 25, 1967.

1. Section 18:14-8 of the Revised Statutes is amended to read as follows:

18:14-8. Whenever in any district there are children living remote from any schoolhouse, the board of education of the district may make rules and contracts for the transportation of such children to and from school, including the transportation of school children to and from school, other than a public school, except such school as is operated for profit in whole or in part.

When any school district provides any transportation for public school children to and from school pursuant to this section, transportation shall be supplied to school children residing in such school district in going to and from any remote school other than a public school, except such school as is operated for profit in whole or in part, located within the State not more than 20 miles from the residence of the child, regardless of whether such transportation is along established public school routes. Any transportation to a school other than a public school, except such school as is operated for profit in whole or in part, shall be pursuant to the same rules and regulations promulgated by the State Board of Education as governs transportation to any public school.
Nothing in this section shall be so construed as to prohibit a board of education from making contracts for the transportation of children to a school in an adjoining district when such children are transferred to the district by order of the county superintendent of schools, or when any children shall attend school in a district other than that in which they shall reside by virtue of an agreement made by the respective boards of education.

Nothing herein contained shall limit or diminish in any way any of the provisions for transportation for children pursuant to chapter 29 of the laws of 1966, as amended and supplemented.

**CHAPTER 80**

An Act concerning State aid in the form of capital grants to municipalities undertaking urban renewal projects, providing an appropriation therefor, and supplementing chapter 293 of the laws of 1966.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

**C. 52:27D-44  Title of act.**
1. This act shall be known as, and may be cited as, the "State Aid for Urban Renewal Projects Law of 1967."
C. 52:27D-45  Purpose and intent of act.

2. This act being deemed and hereby declared necessary for the protection of the health and welfare of the residents of this State in order to assure the elimination of slums and blighted areas by assisting municipalities to carry out urban renewal projects, shall be liberally construed to effectuate the purposes and intent thereof.

C. 52:27D-46  Legislature findings.

3. The Legislature finds that there exist in many municipalities in this State blighted areas by reason of hazardous, unsafe, unsanitary, dilapidated or overcrowded conditions and other conditions constituting a serious and growing menace, injurious to the health, safety and welfare of the residents of the State, which conditions are more fully enumerated and specified in section 1 of chapter 187 of the laws of 1949, as amended by section 1 of chapter 248 of the laws of 1951. The Legislature further finds that the widespread character of blight, the difficulty of eliminating such conditions, the enormous cost thereof and the limited resources available for this purpose to the municipalities in which such conditions exist, render it essential that this State aid and assist such municipalities by making capital grants available to encourage municipalities to initiate urban renewal programs and to expand existing urban renewal programs.

C. 52:27D-47  Definitions.

4. The following terms whenever used or referred to in this act have the following respective meanings, except in those instances where the context clearly indicates otherwise:

C. 52:27D-48 State capital grant.

5. (a) The commissioner may make, or contract to make, a State capital grant to a municipality or to a local public agency to assist said municipality or local public agency in carrying out one or more urban renewal projects. Any municipality or local public agency desiring a State capital grant for an urban renewal project may apply to the commissioner therefor; provided, that the application has been authorized by resolution of the governing body of the municipality in which the project is or will be located; and provided further, that any such project has been determined by any department or agency of the United States to be eligible for assistance therefrom for such project and the municipality or the local public agency has executed a contract with any department or agency of the United States for planning advances for such project or has secured a letter from any department or agency of the United States authorizing it to proceed with the project.
The municipality or local public agency shall submit a copy of the plan for any urban renewal project for which a State capital grant is sought and such other detailed information concerning the project, including maps, data, plans, estimated costs, method of financing and evidence of local approval, as the commissioner may require by rules and regulations promulgated hereunder.

(b) The commissioner shall review and evaluate all applications submitted to him pursuant to subsection (a) of this section and shall establish such priorities for making grants pursuant to this act as shall give due regard to the following factors:

(1) the degree to which the municipality needs urban renewal assistance, in view of its financial condition, available financial resources, tax rate, debt limit and other economic factors;

(2) the extent of blight in the municipality and the extent to which the municipality has evidenced a readiness to utilize available resources to curtail the spread of blight and eliminate existing blighted areas and conditions; and

(3) the degree to which the urban renewal project for which a State capital grant is sought will have a beneficial effect on the over-all economy and needs of the area or region in which it is located or on other programs or policies of this State.

C. 52:27D-49 Requirements.

6. The commissioner may issue commitments for, and may make or contract to make, capital grants pursuant to section 5 of this act, upon his approval of any application submitted to him therefor and the finding that:

(a) the municipality or local public agency has entered into a contract with any department or agency of the United States providing for the receipt therefrom of capital grants or loans for an urban renewal project, pursuant to which contract the municipality in which the project is or will be located is obligated to make local grants-in-aid; or, in the alternative, all conditions required by any department or agency of the United States for approval of any such capital grant or loan and grant contract have been met and final application has been made therefor, or all such conditions could have been met and the said final application could have been made but for the temporary unavailability of unencumbered funds for any such capital grant or loan and grant contract, in which latter 2 instances any commitment issued or contract thereupon executed by the commissioner shall be conditioned upon approval of a capital grant or loan and grant contract by any department or agency of the United States;
(b) the proposed State capital grant will not exceed the amounts authorized by section 8 of this act;

(c) the proposed plan for the urban renewal project is consistent with any area, regional or State plan of development or any existing State program affecting land use and has been approved by the local governing body of the municipality in which the project is or will be located;

(d) the estimated funds available to the municipality and the local public agency for the urban renewal project, including loans and grants from any department or agency of the United States, local grants-in-aid and the proposed State capital grant, will be sufficient to meet all the probable costs of the project and assure its completion; and

(e) there is no legal impediment or bar to the implementation and completion of the urban renewal project.

C. 52:27D-50 Temporary advances.

7. (a) The commissioner may make temporary advances to a municipality or local public agency in anticipation of a grant to assist the municipality or local public agency in the preparation of its plans for any urban renewal project. Such temporary advances shall be repaid out of any State capital grant which may become payable to the municipality or local public agency when the urban renewal project involved is initiated; provided, that any such planning advance may be treated by the commissioner as a grant to the extent that a State capital grant is not payable to any municipality or local public agency because the urban renewal project is not initiated; and provided further that any such advance shall be repaid in cash if the project is terminated by the municipality or local public agency without the consent of the commissioner.

(b) The commissioner may also make temporary advances to a municipality or local public agency to permit the acquisition of real property in an urban renewal project area, subsequent to the surveying and planning therefor but prior to the final approval of the urban renewal project plan and the execution of a contract with any department or agency of the United States for a capital grant or a loan and grant; provided, that no such advance shall be made unless such acquisition has been approved by the governing body of the municipality in which such project is or will be located; and provided further, that no sale, lease or other disposition of such land may be made without the prior written approval of the commissioner. When the urban renewal project involved is under-
taken such advances shall be repaid out of any funds, including State capital grants, becoming payable to the municipality or local public agency in connection with said project. In the event such urban renewal project is not undertaken, the commissioner may require the sale of such land by the municipality or local public agency and reimbursement of such advances out of the proceeds of such sale.

8. Any commitment issued or advance made by the commissioner and any contract based thereon shall, in addition to such other terms, covenants and conditions as the commissioner may require, provide that:

(a) no change may be made in an urban renewal project assisted by a State capital grant, nor in the project cost, land use or amount or manner of local grants-in-aid thereof, without the prior written approval of the commissioner;

(b) a State capital grant shall be in such amount as the commissioner, in his discretion, may deem necessary to assist the municipality or local public agency in discharging its obligations in connection with the project for which the grant is made.

Except as hereinafter provided, no commitments or payments thereon of capital grants pursuant to this act shall exceed 1/2 the actual amount of local grants-in-aid which the municipality or local public agency agrees to make pursuant to any contract for aid from any department or agency of the United States and the payments pursuant to the commitment for such grant shall be made from time to time in such amounts as shall not exceed the actual cash grants-in-aid paid by the municipality or local public agency and the actual moneys expended by the municipality or local public agency for eligible noncash grants-in-aid, which payments or expenditures are not subject to reimbursement to the municipality or local public agency from some other source and are certified by the municipality or local public agency subject to audit by the commissioner.

Notwithstanding the provisions of this section, the commissioner may make commitments and payments thereon up to 100% of the local grants-in-aid allocable to such projects or portions thereof as shall be used for or by institutions owned and operated by this State or through a public agency established by the State, or by a political subdivision of the State, for public uses including, but not limited to, schools, parks, open spaces and neighborhood centers; provided, that the commissioner may make commitments and
payments thereon up to 100% of the local grants-in-aid allocable to such projects or portions thereof as shall be used for nonprofit moderate income housing, where the municipality wherein the project is located has granted a 15% in lieu of tax payment to the nonprofit housing sponsor for a period of time equal to the term of any mortgage in connection therewith, conditioned upon the agreement between the nonprofit housing sponsor and the governing body of the municipality that the nonprofit housing sponsor will make a payment of 3% of gross shelter rent to the State of New Jersey until such amount has been repaid as the commissioner shall determine, not to exceed 50% of the local grants-in-aid allocable to such projects or portions thereof as shall be used for such nonprofit housing;

(c) no sale, lease or other disposition shall be made of real property located in an urban renewal project assisted by a State capital grant pursuant to this act without the prior written approval of the commissioner;

(d) Any capital grant assistance pursuant to this act be paid and applied to retire and discharge obligations of the municipality or local public agency to the extent such obligations were incurred to defray the cost of local grants-in-aid, which costs are to be met out of any State capital grant pursuant to this act;

(e) the governing body of the municipality or the local public agency agree to reimburse the State in cash for any payments of capital grants in excess of those permitted under this act or pursuant to the terms of any commitment or contract for any capital grant pursuant to this act, and to repay the State for any capital grant payments made, if the project is terminated by the municipality or local public agency without the consent of the commissioner;

(f) as promptly as possible after completion of an urban renewal project assisted with a capital grant pursuant to this act, the municipality or local public agency shall file with the commissioner a detailed statement of the costs of completing said project.

C. 52:27D-52 Inspections.

9. The commissioner shall be entitled to make such inspections of any project, and lands, buildings, improvements or facilities thereon, to request and secure the submission of certifications, data, maps, documents and other information by the municipality or the local public agency, to audit and examine any books and records of the municipality and local public agency, and to require such periodic reports as shall be necessary to ascertain the progress
of any urban renewal project assisted with a capital grant pursuant to this act and the extent of compliance with the contract for capital grants.

C. 52:27D-53 Creation of fund.
10. (a) There is hereby created in the State Treasury a special account which shall be known as the State Urban Renewal Assistance Fund. There shall be included in said fund all moneys appropriated by the Legislature of this State for inclusion therein. The State Treasurer, with the advice of the commissioner, may invest and reinvest any moneys in said fund, or any portion thereof, in legal obligations of the United States or this State or any political subdivision thereof. Any income or interest on, or increment to, moneys so invested or reinvested shall be included in said fund.

(b) Upon the approval by the commissioner of any application for a capital grant pursuant to this act, the commissioner may requisition and warrant, and the State Treasurer shall pay over, the moneys in said fund, or any portion thereof, to the contracting municipality or local public agency in accordance with commitments made and contracts executed pursuant to this act.

C. 52:27D-54 Co-operation between State, Federal and local agencies.
11. The commissioner shall administer this act with such flexibility as will permit full co-operation between State, Federal and local public agencies and governments as well as private persons, associations or corporations, it being the intent and purpose of this act, and this section thereof, to facilitate and expedite the progress of urban renewal and redevelopment in this State. In order to eliminate the duplication of effort, the commissioner may adopt by reference, and accept to the extent feasible, any procedures and techniques undertaken or implemented by any department or agency of the United States responsible for the administration of urban renewal and redevelopment programs of the United States. When acting in good faith, the commissioner shall not be responsible for any errors or omissions by any such department or agency of the United States arising out of any procedures and techniques so adopted or accepted. The commissioner may enter into any administrative agreement with any appropriate State, Federal or local public agency or government for the purpose of carrying out the provisions of this act.

C. 52:27D-55 Conflict of interest, avoidance of.
12. (a) Neither the commissioner nor any officer or employee of the department shall acquire or hold any interest, direct or indirect, in any urban renewal project assisted pursuant to this
act or in any property included therein, nor retain any interest, direct or indirect, in any property acquired prior to his appointment or employment which is later included, or to his knowledge planned to be included, in any such State-assisted urban renewal project. Neither the commissioner nor any officer or employee of the department shall acquire or hold or retain any interest, direct or indirect, in any contract or proposed contract for the provision of materials or services to be furnished or used in connection with any such State-assisted urban renewal project.

(b) Where any officer or employee of the department other than the commissioner shall hold any interest, direct or indirect, in any such State-assisted urban renewal project as described in subsection (a) of this section, the said officer or employee, upon learning of any application or intent to make application, shall report the said interest in writing to the commissioner and the same shall be entered into the official record of the department, and the said officer or employee shall be relieved of any duties relating to the said project until the said officer or employee has disposed of such interest. If the commissioner shall hold any such interest, direct or indirect, the same shall be reported in writing to the Governor, entered upon the official records of the department and the commissioner shall dispose of the said interest prior to the issuance of any commitment, the execution of any contract, or the payment of any advance pursuant to this act.

13. The commissioner shall issue and promulgate such rules and regulations as are necessary and appropriate to carry out the purposes of this act, and may revise, repeal or amend said rules and regulations from time to time as the commissioner may deem necessary. Any rules and regulations issued and promulgated pursuant to this act shall be filed with the Secretary of State.

C. 52:27D-57 Validity of act.
14. If any section, subsection, paragraph, sentence or other part of this act is adjudged unconstitutional or invalid, such judgment shall not affect, impair or invalidate the remainder of this act, but shall be confined in its effect to the section, subsection, paragraph, sentence or other part of this act directly involved in the controversy in which said judgment shall have been rendered.

15. All acts and parts of acts inconsistent herewith are hereby superseded.
16. There is hereby appropriated, for the purpose of carrying out the provisions of this act, such sums as shall be included in any general or special or supplemental appropriation act.
17. This act shall take effect immediately.
Approved May 31, 1967.

CHAPTER 81

AN ACT to facilitate the construction and rehabilitation of housing projects in certain areas for families of moderate income by providing for mortgage loans to qualified housing sponsors to be used for such construction and rehabilitation, creating within the Department of Community Affairs a New Jersey Housing Finance Agency and prescribing the powers and duties thereof, authorizing the New Jersey Housing Finance Agency to issue bonds and other obligations and providing for the terms and security thereof and the means to pay such bonds and other obligations and the interest thereon, prescribing penalties for certain violations and making an appropriation.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 55:14J-1 Title of act.
1. This act shall be known as, and may be cited as, the "New Jersey Housing Finance Agency Law of 1967."

C. 55:14J-2 Declaration of need.
2. It is hereby declared that there exists in this State a need for adequate, safe and sanitary dwelling units for many families of moderate income in this State; that a large and significant proportion of the families compelled to relocate by reason of urban renewal, highway construction and other public work programs will be subject to extreme hardship in finding adequate, safe and sanitary housing unless new facilities are constructed and existing housing, where appropriate, is rehabilitated, and such new or rehabilitated housing facilities are made available at a rental level within their means; and that, unless the supply of housing for families of moderate income is increased significantly and expeditiously, a large number of the residents of this State will be compelled to live under unsanitary, overcrowded and unsafe conditions to the detriment of the health, welfare and well-being of
these persons and of the whole community of which they are part. It is further declared that the building industry can provide a fully adequate supply of safe and sanitary accommodations at rental or carrying charges which families of moderate income can afford only if a public agency is created to encourage the investment of private capital and stimulate construction and rehabilitation of dwelling units to meet the needs of such families through the use of public financing, public loans and otherwise; that, to accomplish the foregoing, co-ordination, co-operation and agreement of and among private enterprise, State and local government is essential; that the acquisition of land, the construction, rehabilitation, financing by mortgage or otherwise, management, operation, maintenance and disposition of dwelling units constructed or rehabilitated hereunder, and the real and personal property and other facilities necessary, incidental or appurtenant thereto is a public use for which public moneys may be spent, advanced, loaned or granted; and that the enactment of the provisions hereinafter set forth is in the public interest and is hereby so declared to be such as a matter of legislative determination.

The agency is hereby constituted an instrumentality exercising public and essential governmental functions, and the exercise by the agency of the powers conferred by this act shall be deemed and held to be an essential governmental function of the State.

(b) The agency shall consist of the Commissioner of the Department of Community Affairs, the State Treasurer, and the Attorney General, who shall be members ex officio, and 2 members appointed by the Governor with the advice and consent of the Senate for terms of 3 years; provided, that the 2 members appointed by the Governor shall be residents of this State; and, provided further, that the 2 members first appointed by the Governor shall serve terms of 2 years and 3 years respectively. Each member shall hold office for the term of his appointment and until his successor shall have been appointed and qualified. A member of the agency shall be eligible for reappointment.

(c) Each member of the agency may be removed from office by the Governor, for cause, after a public hearing and may be suspended by the Governor pending the completion of such a hearing. (e) Before the issuance of any bonds or other obligations under the provisions of this act, each member of the agency shall execute a surety bond in the penal sum of $25,000.00 and the treasurer of the agency shall execute a surety bond in the penal sum of $50,000.00, each such surety bond to be conditioned upon the faithful performance of the duties of the office of such member or treasurer, as the case may be, to be executed by a surety company authorized to transact business in the State of New Jersey as surety and to be approved by the Attorney General and filed in the office of the Secretary of State. At all times after the issuance of any bonds or other obligations by the agency each member of the agency shall maintain such surety bonds in full force and effect. All costs of such surety bonds shall be borne by the agency.

The members of the agency shall serve without compensation, but the agency shall reimburse its members for actual expenses necessarily incurred in the discharge of their duties.

Notwithstanding the provisions of any other law, no officer or employee of this State shall be deemed to have forfeited or shall forfeit his office or employment by reason of his acceptance of membership on the agency or his service thereon.

5. (a) The agency in order to encourage the construction and rehabilitation of safe and adequate housing for families of moderate income of this State, is hereby authorized and empowered to finance, by mortgage loans or otherwise, the construction or rehabilitation of housing projects in this State, to make temporary loans or advances in anticipation of permanent loans and to issue bonds, bond anticipation notes and other obligations of the agency payable solely from the revenues or other funds of the agency and to otherwise assist with housing projects as provided in this act.

(b) Bonds, bond anticipation notes and other obligations issued under the provisions of this act shall not be deemed to constitute
a debt or liability of this State or of any political subdivision thereof other than the agency created hereunder or to be a pledge of the faith and credit of this State or any such political subdivision but such bonds, unless refunded by bonds and other obligations of the agency, shall be payable solely from funds pledged or available for their payment as authorized herein. All bonds shall contain on the face thereof a statement to the effect that the agency is obligated to pay the same or the interest thereon only from the revenues or other funds of the agency and that neither this State nor any political subdivision thereof is obligated to pay the same or the interest thereon and that neither the faith and credit nor the taxing power of this State or any political subdivision thereof is pledged to the payment of the principal or or the interest on such bonds.

All expenses incurred in carrying out the provisions of this act shall be payable solely from funds provided under the provisions of this act and nothing in this act shall be construed to authorize the agency to incur indebtedness or liability on behalf of or payable by this State or any political subdivision thereof.

C. 55:14J-6 Additional powers.

6. (a) The agency, for the purpose of carrying out the purposes of this act, may (1) accept from qualified housing sponsors applications for loans from the Housing Finance Fund created by section 20 of this act;

(2) enter into agreements with qualified housing sponsors for permanent loans and temporary loans or advances in anticipation of such permanent loans for the construction or rehabilitation of housing projects; and

(3) make permanent loans and temporary loans or advances in anticipation of such permanent loans to qualified housing sponsors under the provisions of this act.

(b) No application for a loan for the construction or rehabilitation of a housing project to be located in any municipality shall be processed unless there is already filed with the secretary of the agency a certified copy of a resolution adopted by said municipality reciting that there is a need for moderate income housing projects in said municipality.

C. 55:14J-7 Application forms.

7. Every application for a loan to a qualified housing sponsor shall be made on forms furnished by the agency and shall contain such information as the agency shall require.
C. 55:14J-8 Priority to applications.

8. In considering any application for a loan, the agency shall give first priority to applications for loans for the construction or rehabilitation of housing projects which will be a part of or constructed in connection with an urban renewal program, and also shall give consideration to:

(a) The comparative need of the area to be served by the proposed project for housing for families of moderate income;

(b) The ability of the applicant to construct, operate, manage and maintain the proposed housing project;

(c) The existence of zoning or other regulations to protect adequately the proposed housing project against detrimental future uses which could cause undue depreciation in the value of the project;

(d) The availability of adequate parks, recreational areas, utilities, schools, transportation and parking;

(e) The availability of adequate, accessible places of employment; and

(f) Where applicable, the eligibility of the applicant to make payments to the municipality in which the housing project is located in lieu of local property taxes.

C. 55:14J-9 Loan terms and conditions.

9. (a) Loans made by the agency shall be subject to the following terms and conditions:

(1) The loan shall be for a period of time not in excess of 50 years as determined by the agency;

(2) The amount of the loan shall not exceed 90% of the total project cost as determined by the agency, except that as to projects to be owned, constructed, rehabilitated, operated, managed and maintained as mutual housing or by any corporation or association organized not for profit which has as one of its purposes the construction or rehabilitation of housing projects, the amount of the loan shall not exceed 100% of the total project cost as determined by the agency; provided, however, that any such loan shall be subject to an agreement between the agency and any such corporation or association organized not for profit or for mutual housing which will prohibit the transfer of ownership or management responsibilities by said corporation or association, at any time prior to repayment of at least 10% of the original loan, unless the transfer of ownership or management responsibilities is ordered by a court of competent jurisdiction.
(3) The interest rate on the loan shall be established by the agency at the lowest level consistent with the agency’s cost of operation and its responsibilities to the holders of its bonds, bond anticipation notes and other obligations;

(4) The loan shall be evidenced by a mortgage note or bond and by a mortgage which shall be a first lien on the project and which shall contain such terms and provisions and be in a form approved by the agency. The agency shall require the qualified housing sponsor receiving a loan or its contractor to post labor and materials, and construction performance, surety bonds in amounts related to the project cost as established by regulation and to execute such other assurances and guarantees as the agency may deem necessary;

(5) The loan shall be subject to an agreement between the agency and the qualified housing sponsor which will subject said qualified housing sponsor and its principals or stockholders to limitations established by the agency as to rentals and other charges, builders’ and developers’ profits and fees, and the disposition of its property and franchises to the extent more restrictive limitations are not provided by the law under which the borrower is incorporated or organized;

(6) The loan shall be subject to an agreement between the agency and the qualified housing sponsor limiting said qualified housing sponsor, and its principals or stockholders, to a return of 8% per annum of its investment in any housing project assisted with a loan from the agency. No qualified housing sponsor which is permitted by the provisions of the law under which it is organized or incorporated to earn a return on its investment, nor any of the principals or stockholders of such qualified housing sponsor, shall at any time earn, accept or receive a return greater than 8% per annum of its investment in any housing project assisted with a loan from the agency, whether upon the completion of the construction or rehabilitation of such project, or upon the operation thereof, or upon the sale, assignment or lease of such project to any other person, association or corporation. Any person, association or corporation who shall be found guilty of violating the provisions of section 9 (a) (6) of this act shall be a disorderly person and subject to a fine of not less than $500.00 or more than $2,500.00.

(7) No loan shall be executed except a loan made to a corporation or association organized not for profit which has as one of its purposes the construction or rehabilitation of housing projects or for mutual housing unless the qualified housing sponsor agrees (1) to certify upon completion of project construction or
rehabilitation, subject to audit by the agency, either that the actual project cost as defined herein exceeded the amount of the loan proceeds by 10% or more, or the amount by which the loan proceeds exceed 90% of the total project cost, and (2) to pay forthwith to the agency, for application to reduction of the principal of the loan, the amount, if any, of such excess loan proceeds, subject to audit and determination by the agency. No loan shall be made to a corporation or association organized not for profit or for mutual housing unless the corporation or association organized not for profit or for mutual housing agrees to certify the actual project cost upon completion of the project, subject to audit and determination by the agency, and further agrees to pay forthwith to the agency, for application to reduction of the principal of the loan, the amount, if any, by which the proceeds of the loan exceed the certified project cost subject to audit and determination by the agency. Notwithstanding the provisions of this subsection, the agency may accept, in lieu of any certification of project cost as provided herein, such other assurances of the said project cost, in any form or manner whatsoever, as will enable the agency to determine with reasonable accuracy the amount of said project cost.

(8) No loan shall be made for the construction or rehabilitation of a housing project for which tax exemption is granted by a municipality unless such tax exemption remains in effect during the entire term of the loan, unless a lesser period of tax exemption is approved by the agency.

(9) The loan shall be subject to an agreement between the agency and the qualified housing sponsor which contains a provision stating the prevailing wage rate (as determined by the Commissioner of Labor and Industry pursuant to section 37 of this act) which can be paid to the workmen employed in the performance of any contract for the construction or rehabilitation of any housing project, and which stipulates that the qualified housing sponsor, or any builder, contractor or subcontractor thereof, shall pay to such workmen not less than such prevailing wage rate.

(b) As a condition of the loan, the agency shall have the power at all times during the construction and rehabilitation of a housing project and the operation thereof:

(1) To enter upon and inspect without prior notice any project, including all parts thereof, for the purpose of investigating the physical and financial condition thereof, and its construction, rehabilitation, operation, management and maintenance, and to examine all books and records with respect to capitalization, income and
other matters relating thereto and to make such charges as may
be required to cover the cost of such inspections and examinations;

(2) To order such alterations, changes or repairs as may be nec-
essary to protect the security of its investment in a housing project
or the health, safety, and welfare of the occupants thereof;

(3) To order any managing agent, project manager or owner of
a housing project to do such acts as may be necessary
to comply with the provisions of all applicable laws or ordinances
or any rule or regulation of the agency or the terms of any agree-
ment concerning the said project or to refrain from doing any acts
in violation thereof and in this regard the agency shall be a proper
party to file a complaint and to prosecute thereon for any violations
of laws or ordinances as set forth herein;

(4) To require the adoption and continuous use of uniform sys-
tems of accounts and records for a project and to require all owners
or managers of same to file annual reports containing such infor-
mation and verified in such manner as the agency shall require,
and to file at such times and on such forms as it may prescribe,
reports and answers to specific inquiries required by the agency
to determine the extent of compliance with any agreement, the
terms of the loan, the provisions of this act and any other applicable
law; and

(5) To enforce, by court action if necessary, the terms and pro-
visions of any agreement between the agency and the qualified
housing sponsor and the terms of any agreement between the quali-
fied housing sponsor and any municipality granting tax exemption,
as to schedules of rental or carrying charges, income limits as ap-
plied to tenants or occupants, or any other limitation imposed upon
the qualified housing sponsor as to financial structure, construction
or operation of the project.

(6) In the event of a violation by the qualified housing sponsor of
the terms of any agreement between the agency and the qualified
housing sponsor, or between the municipality granting tax exemp-
tion and the qualified housing sponsor, or in the event of a violation
by the qualified housing sponsor of this act or of the terms of the
mortgage loan agreement or of any rules and regulations of the
agency duly promulgated pursuant to this act, or in the event that
the agency shall determine that any loan or advance from the
Housing Development Fund pursuant to section 36 of this act is
in jeopardy of not being repaid, the agency may remove any or
all of the existing officers and directors of such qualified
housing sponsor and appoint such person or persons who the
agency in its sole discretion deems advisable, including officers or
employees of the agency, as new officers or directors to serve in
place of those removed. Officers or directors so appointed need not
be stockholders or meet other qualifications which may be pre-
scribed by the certificate of incorporation or by laws of such
qualified housing sponsor. In the absence of fraud or bad faith,
officers or directors so appointed shall not be personally liable for
depts, obligations or liabilities of such qualified housing sponsor.
Officers or directors so appointed shall serve only for a period co-
existent with the duration of such violation or until the agency is
assured in a manner satisfactory to it that such violation, or vio-
lations of a similar nature, have not and will not re-occur. Officers
or employees of the agency who are so appointed as officers or
directors shall serve in such capacity without compensation, but
shall be entitled to be reimbursed, if and as the certificate of in-
corporation or by-laws of such qualified housing sponsor may pro-
vide, for all necessary expenses incurred in the discharge of their
duties as officers or directors so appointed of such qualified hous-
ing sponsor.

10. (a) Any qualified housing sponsor is hereby authorized to
construct or rehabilitate housing projects and to apply for and
obtain loans hereunder. Admission to housing projects constructed
or rehabilitated under this act shall be limited to families
of moderate income whose gross aggregate family income
at the time of admission does not exceed 6 times the annual
rental or carrying charges, including the value or cost to them of
heat, light, water, sewerage, parking facilities and cooking fuel, of
the dwellings that may be furnished to such families, or 7 times said
charges if there are 3 or more dependents. There may be included
in the carrying charges to any family for residence in any mutual
housing project constructed or rehabilitated with a loan from the
agency an amount equal to 6% of the original cash investment of
the family in said mutual housing project and, to the extent author-
ized by the agency where not included in said carrying charges, the
value or cost of repainting the apartment and replacing any
fixtures or appliances. Notwithstanding the provisions of this
section, no family or individual shall be eligible for admission to
any housing project constructed or rehabilitated with a loan from
the agency whose gross aggregate family income exceeds
$15,000.00, as said sum may be adjusted from time to time by the
agency, by rules or regulations promulgated hereunder, so as to
(b) The agency shall by rules and regulations provide for the periodic examination of the income of any person or family residing in any housing project constructed or rehabilitated with a loan from the agency. In the event that the gross aggregate family income of a family residing in any such housing project increases and the ratio to the current rental or carrying charges of the dwelling unit becomes greater than the ratio prescribed for admission in subsection (a) of this section but is not more than 25% above the family income so prescribed for admission to the project, the owner or managing agent of such housing project shall permit the family to continue to occupy the unit. The agency or (with the approval of the agency) the qualified housing sponsor of any housing project constructed or rehabilitated with a loan from the agency, may terminate the tenancy or interest of any family residing in such housing project whose gross aggregate family income exceeds 25% of that prescribed herein and which continues to exceed the same for a period of 6 months or more; provided, that no tenancy or interest of any such family in any such housing project shall be terminated except upon reasonable notice and opportunity to obtain suitable alternate housing, in accordance with rules and regulations of the agency; provided further, that any such family, with the approval of the agency, may be permitted to continue to occupy the unit, subject to payment of a rent or carrying charge surcharge to the qualified housing sponsor in accordance with a schedule of surcharges fixed by the agency. Said qualified housing sponsor shall pay such surcharge to the municipality granting tax exemption, but only up to an amount that together with payments made to the municipality in lieu of taxes and for any land taxes equals 25% of the total rents or carrying charges of the housing project for the current and any prior years that the project has been in operation. Any remainder of the surcharge, or the total surcharge if tax exemption has not been granted, shall be paid into the housing finance fund created by section 20 of this act for the use of the agency.

(c) Any family residing in a mutual housing project required to remove from the project because of excessive income as herein provided shall be discharged from liability on any note, bond or other evidence of indebtedness relating thereto and shall be reimbursed, in accordance with the rules of the agency, for all sums paid.
by such family to the qualified housing sponsor on account of the purchase of stock or debentures as a condition of occupancy or on account of the acquisition of title for such purpose.

11. The agency shall establish admission rules and regulations for any housing project financed in whole or in part by loans authorized hereunder which shall provide priority categories for persons displaced by urban renewal projects, highway programs or other public works, persons living in substandard housing, persons and families who, by reason of family income, family size or disabilities have special needs, elderly persons and families living under conditions violative of minimum health and safety standards.

C. 55:14J-12 Institution of proceedings.

12. The agency may institute any action or proceeding against any qualified housing sponsor receiving a loan under the provisions hereof, or owning any housing project hereunder in any court of competent jurisdiction in order to enforce the provisions of this act, or to foreclose its mortgage, or to protect the public interest, the tenants, the stockholders or creditors of such sponsor. In connection with any such action or proceeding it may apply for the appointment of a receiver to take over, manage, operate and maintain the affairs of such qualified housing sponsor and the agency through such agent as it shall designate is hereby authorized to accept appointment as receiver of any such sponsor when so appointed by a court of competent jurisdiction.

The reorganization of any qualified housing sponsor shall be subject to the supervision and control of the agency, and no such reorganization shall be had without the consent of the agency. Upon any such reorganization the amount of capitalization, including therein all stocks, income debentures and bonds and other evidence of indebtedness shall be such as is authorized by the agency, but not in excess of the fair value of the property received.

13. In any foreclosure action involving a qualified housing sponsor other than a foreclosure action instituted by the agency, the agency and the municipality in which any tax exemption or abatement is provided such qualified housing sponsor shall, in addition to other necessary parties, be made parties defendant. The agency and the municipality shall take all steps in such action necessary to protect the interest of the public therein, and no costs shall be awarded against the agency or the municipality.
Subject to the terms of any applicable agreement, contract or other instrument entered into or obtained pursuant to section 27 of this act, judgment of foreclosure shall not be entered unless the court to which application therefor is made shall be satisfied that the interest of the lienholder or holders cannot be adequately secured or safeguarded except by the sale of the property; and in such proceeding the court shall be authorized to make an order increasing the rental or carrying charges to be charged for the housing accommodations in the housing project involved in such foreclosure, or appoint a member of the agency or any officer of the municipality in which any tax exemption or abatement with respect to the project is provided, as a receiver of the property, or grant such other and further relief as may be reasonable and proper; and in the event of a foreclosure or other judicial sale, the property shall be sold only to a qualified housing sponsor which will manage, operate and maintain the project subject to the provisions of this act, unless the court shall find that the interest and principal on the obligations secured by the lien which is the subject of foreclosure cannot be earned under the limitations imposed by the provisions of this act and that the proceeding was brought in good faith, in which event the property may be sold free of limitations imposed by this act or subject to such limitations as the court may deem advisable to protect the public interest.

14. In the event of a judgment against any qualified housing sponsor in any action not pertaining to the foreclosure of a mortgage, there shall be no sale of any of the real property included in any housing project hereunder of such qualified housing sponsor except upon 60 days' written notice to the agency. Upon receipt of such notice the agency shall take such steps as in its judgment may be necessary to protect the rights of all parties.

15. (a) The agency shall have the power and is hereby authorized from time to time to issue its bonds, bond anticipation notes and other obligations in such principal amounts as in the opinion of the agency shall be necessary to provide sufficient funds for achieving any of its corporate purposes, including the making of mortgage loans, the payment, funding or refunding of the principal of, or interest or redemption premiums on, any bonds, bond anticipation notes and other obligations issued by it whether the bonds, bond anticipation notes or other obligations or interest to be funded
or refunded have or have not become due, the establishment of reserves to secure such bonds, bond anticipation notes and other obligations and all other expenditures of the agency incident to and necessary or convenient to carry out its corporate purposes and power.

(b) Except as may be otherwise expressly provided herein or by the agency, every issue of bonds, bond anticipation notes or other obligations shall be general obligations payable out of any moneys or revenues of the agency, subject only to any agreements with the holders of particular bonds, bond anticipation notes or other obligations pledging any particular moneys or revenues. The agency may issue such types of bonds, bond anticipation notes or other obligations as it may determine, including, bonds, bond anticipation notes or other obligations on which the principal and interest are payable (1) exclusively from the income and revenues of the project financed with the proceeds of such bonds, bond anticipation notes or other obligations; (2) exclusively from the income and revenues of certain designated projects whether or not they are financed in whole or in part with the proceeds of such bonds, bond anticipation notes or other obligations; or (3) from its revenues generally. Any such bonds, bond anticipation notes or other obligations may be additionally secured by a pledge of any grant or contributions from any department or agency of the United States or any State, or person or a pledge of any moneys, income or revenues of the agency from any source whatsoever.

(c) Any provision of any law to the contrary notwithstanding, any bonds, bond anticipation notes or other obligations issued pursuant to this act shall be fully negotiable within the meaning and for all purposes of Title 12A of the New Jersey Statutes, and each holder or owner of such a bond, bond anticipation note or other obligation, or of any coupon appurtenant thereto, by accepting such bond, bond anticipation note or other obligation or coupon shall be conclusively deemed to have agreed that such bond, bond anticipation note, other obligation or coupon is and shall be fully negotiable within the meaning and for all purposes of said Title 12A of the New Jersey Statutes.

(d) Bonds, bond anticipation notes or other obligations of the agency shall be authorized by resolution of the agency and may be issued in one or more series and shall bear such date or dates, mature at such time or times not exceeding 50 years from the date thereof, bear interest at a rate or rates within such maximum rate

thions, be in such form, either coupon or registered, carry such con-
version or registration privileges, have such rank or priority,
be executed in such manner, be payable from such sources in such
medium of payment at such place or places within or without this
State, and be subject to such terms of redemption (with or without
premium) as such resolution or resolutions may provide.

c) Bonds, bond anticipation notes or other obligations of the
agency may be sold at public or private sale at such price or prices
as the agency shall determine, provided, however, that the interest
cost to their average maturity of the money received for any group
of bonds or other obligations sold in a single transaction (com-
puted according to standard tables of bond values) shall not exceed
6% per annum.

C. 55:14J-16 Resolution provisions; exceptions.

16. Any resolution or resolutions authorizing the issuance of
bonds, bond anticipation notes or other obligations or any issue
thereof may contain provisions, except as expressly limited in
this act and except as otherwise limited by subsisting agreements
with the holders of bonds, bond anticipation notes or other obliga-
tions, which shall be a part of the contract with the holders
thereof, as to the following:

(a) The pledging of all or any part of the fees and charges made
or received by the agency and all or any part of the moneys re-

and pledging such proceeds to secure the payment of the bonds, bond anticipation notes, or other obligations, or of any issue thereof;

(f) Limitations on the issuance of additional bonds, bond anticipation notes or other obligations; the terms upon which additional bonds, bond anticipation notes or other obligations may be issued and secured; the refunding or purchase of outstanding bonds, bond anticipation notes or other obligations of the agency;

(g) The procedure, if any, by which the terms of any contract with the holders of any bonds, bond anticipation notes or other obligation of the agency may be amended or abrogated, the amount of bonds, bond anticipation notes or other obligations the holders of which must consent thereto, and the manner in which such consent may be given;

(h) The vesting in a trustee or trustees of such property, rights, powers and duties in trust as the agency may determine, which may include any or all of the rights, powers and duties of any trustee appointed by the holders of any bonds, bond anticipation notes or other obligations pursuant to this act, and limiting or abrogating the right of the holders of any bonds, bond anticipation notes or other obligations of the agency to appoint a trustee under this act or limiting the rights, powers and duties of such trustee;

(i) Provision for a trust agreement by and between the agency and a corporate trustee which may be any trust company or bank having the powers of a trust company within the State, which agreement may provide for the pledging or assigning of any assets or income from assets to which or in which the agency has any rights or interest, and may further provide for such other rights and remedies exercisable by the trustee as may be proper for the protection of the holders of any bonds, bond anticipation notes or other obligations of the agency and not otherwise in violation of law, and the said agreement may provide for the restriction of the rights of any individual holder of bonds, bond anticipation notes or other obligations of the agency. All expenses incurred in carrying out the provisions of such trust agreement may be treated as a part of the cost of operation of the agency. The trust agreement may contain any further provisions which are reasonable to delineate further the respective rights, duties, safeguards, responsibilities and liabilities of the corporation, individual and collective holders of bonds, bond anticipation notes and other obligations of the agency, and the trustees;

(j) Covenants to do or refrain from doing such acts and things as may be necessary or convenient or desirable in order to better
secure any bonds, bond anticipation notes, or other obligations of the agency, or which, in the discretion of the agency, will tend to make any bonds, bond anticipation notes or other obligations to be issued more marketable notwithstanding that such covenants, act or things may not be enumerated herein;

(k) Any other matters of like or different character, which in any way affect the security or protection of the bonds, bond anticipation notes or other obligations.

C. 55:14J-17 Valid pledges.
17. Any pledge made by the agency of income, revenues or other property shall be valid and binding from the time the pledge is made. The income, revenue or other property so pledged and thereafter received by the agency shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the agency, irrespective of whether such parties have notice thereof.

18. Neither the members of the agency nor any person executing bonds, bond anticipation notes or other obligations issued pursuant to this act shall be liable personally on such bonds, bond anticipation notes or other obligations by reason of the issuance thereof.

19. The agency shall have power to purchase bonds, bond anticipation notes or other obligations of the agency out of any funds available therefor. The agency may hold, cancel or resell such bonds, bond anticipation notes or other obligations subject to and in accordance with agreements with holders of its bonds, bond anticipation notes and other obligations.

20. (a) The agency shall establish and maintain the “Housing Finance Fund” which shall consist of (1) all moneys appropriated by the State for inclusion therein, (2) all proceeds of the sale of bonds, bond anticipation notes or other obligations required to be deposited therein by the terms of the resolution authorizing the sale of said bonds, bond anticipation notes or other obligations, and (3) any other moneys available to the agency which it determines to utilize for this purpose. All moneys held in the Housing Finance Fund, except as hereinafter provided, shall be used for the payment of the principal and interest of any bonds, bond anticipation notes
or other obligations as such payment shall become due and for the retirement of bonds, bond anticipation notes and other obligations upon maturity and when due. In addition, moneys from the fund may be used to retire bonds, bond anticipation notes or other obligations before maturity and to pay any redemption premium required to be paid, provided, however, that no moneys shall be utilized in any year to retire bonds, bond anticipation notes or other obligations as provided herein if the consequence thereof is to reduce the fund below an amount of moneys sufficient to meet the maximum payments required in the succeeding calendar year for (1) payment of principal and interest falling due on all other outstanding bonds, bond anticipation notes and other obligations and (2) retiring all other bonds, bond anticipation notes or other obligations required by their terms to be retired, such amount being hereafter referred to as the “required minimum capital reserve.”

(b) Income or interest from the investment of moneys held in the fund shall be retained therein if needed to meet any deficiency in the required minimum capital reserve but to the extent of any excess over the aforesaid required minimum capital reserve, moneys may be transferred by the agency to the general reserve account or any other fund or account of the agency.

(c) Notwithstanding any other provision contained in this act, no bonds, bond anticipation notes or other obligations shall be issued by the agency unless there is in the fund the required minimum capital reserve for all bonds, bond anticipation notes or other obligations issued and to be issued, provided, however, that nothing shall preclude the agency from satisfying the foregoing requirement by depositing so much of the proceeds of the bonds, bond anticipation notes or other obligations to be issued, upon their issuance as is needed for the fund to achieve the required minimum capital reserve.

21. In order to assure that the Housing Finance Fund is maintained at the minimum capital reserve level of the fund, the agency shall request that there be annually appropriated by the Legislature and paid to the agency for deposit in said fund, such sum or sums, if any, as the agency through its chairman may certify as necessary to restore said fund to the minimum required capital reserve level. The chairman shall annually, on or before December 1, make and deliver to the Governor a certificate for said fund stating the amount then held on deposit in or invested for said fund and the amount, if any, required to restore the minimum capital reserve for
said fund and the amount so stated, if any, shall be included in
the Governor's annual budget message to the Legislature of the
State for consideration by the Legislature.
For purposes of valuation of said fund, securities acquired as
an investment for said fund shall be valued at par, actual cost to
the agency or market value, whichever value is less.

22. The agency may establish such additional and further reserve
funds as may be, in its discretion, necessary and desirable to accom­
plish any agency purpose or to comply with the provisions of any
agreement made by the agency or any resolution approved by the
agency. The resolution establishing such a reserve shall specify the
source of moneys from which the reserve shall be funded and the
purposes for which moneys held in the reserve fund shall be dis­
bursed.

C. 55:14J-23 Limit of rights or powers.
23. The State of New Jersey does hereby pledge to and covenant
and agree with the holders of any bonds, bond anticipation notes
or other obligations issued pursuant to the authority of this act
that the State will not limit or alter the rights or powers hereby
vested in the agency to finance or otherwise assist in the construc­
tion, rehabilitation, operation and maintenance of housing projects
or to perform and fulfill the terms of any agreement made with
the holders of such bonds, bond anticipation notes or other obliga­
tions, or to fix, establish, charge and collect such revenues, fees or
other charges as may be convenient or necessary to produce suffi­
cient revenues to meet all expenses of the agency and fulfill the
terms of any agreement made with the holders of such bonds, bond
anticipation notes or other obligations, and that the State will not
in any way impair the rights or remedies of such holders or modify
in any way the exemptions from taxation provided for in this act,
until such bond, bond anticipation notes and other obligations, to­
going with interest thereon, with interest on any unpaid install­
ments of interest, and all costs and expenses in connection with
any action or proceedings by or in behalf of such holders, are fully
met and discharged or provided for. The agency may include this
pledge and agreement of the State in any agreement with the
holders of bonds, bond anticipation notes and other obligations is­sued by the agency.

24. Notwithstanding any restriction contained in any other law,
this State and all public officers, municipalities, counties, political
subdivisions and public bodies, and agencies thereof, all banks, trust companies, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, and other persons carrying on a banking or investment business, all insurance companies, insurance associations and other persons carrying on an insurance business, and all executors, administrators, guardians, trustees and other fiduciaries, may legally invest any sinking funds, moneys or other funds belonging to them or within their control in any bonds, bond anticipation notes or other obligations issued pursuant to this act, and such bonds, bond anticipation notes and other obligations shall be authorized security for any and all public deposits.

25. All property of the agency is hereby declared to be public property devoted to an essential public and governmental function and purpose and shall be exempt from all taxes and special assessments of the State or any subdivision thereof. All bonds, bond anticipation notes or other obligations issued pursuant to this act are hereby declared to be issued by a body corporate and public of this State and for an essential public and governmental purpose and such bonds, bond anticipation notes and other obligations, and the interest thereon and the income therefrom, and all fees, charges, funds, revenues, income and other moneys pledged or available to pay or secure the payment of such bonds, bond anticipation notes or other obligations, or interest thereon, shall at all times be exempt from taxation except for transfer, inheritance and estate taxes.

26. All property of the agency, except as otherwise provided herein, shall be exempt from levy and sale by virtue of an execution and no execution or other judicial process shall issue against the same nor shall any judgment against the agency be a charge or lien upon its property; provided, that nothing herein contained shall apply to or limit the rights of the holder of any bonds, bond anticipation notes or other obligations to pursue any remedy for the enforcement of any pledge or lien given by the agency on its revenues or other moneys.

C. 55:14J-27 Payment of interest or principal.

27. The agency is authorized and empowered to obtain, or aid in obtaining, from any department or agency of the United States any insurance or guarantee as to, or of or for the payment or re-
payment of interest or principal, or both, or any part thereof, on any loan or any instrument evidencing or securing the same, made or entered into pursuant to the provisions of this act; and notwithstanding any other provisions of this act to enter into any agreement, contract or any other instrument whatsoever with respect to any such insurance or guarantee, and accept payment in such manner and form as provided therein in the event of default by the borrower.

28. The agency is authorized and empowered to obtain from any department or agency of the United States any insurance or guarantee as to, or of or for the payment or repayment of, interest or principal, or both, or any part thereof, on any bonds, bond anticipation notes or other obligations issued by the agency pursuant to the provisions of this act; and notwithstanding any other provisions of this act to enter into any agreement, contract or any other instrument whatsoever with respect to any such insurance or guarantee except to the extent that such action would in any way impair or interfere with the agency’s ability to perform and fulfill the terms of any agreement made with the holders of the bonds, bond anticipation notes or other obligations of the agency.

29. The State Treasurer is hereby authorized to receive from any department or agency of the United States for the purposes of this act amounts of money, if any, as and when appropriated, allocated, granted, turned over or in anywise provided by it. Said amounts of money shall be credited to the Housing Finance Fund and made available to the agency.

30. (a) It is the intent of the Legislature that in the event of any conflict or inconsistency in the provisions of this act and any other acts concerning qualified housing sponsors or any rules and regulations adopted thereunder, to the extent of such conflict or inconsistency, the provisions of this act shall be enforced and the provisions of such other acts and rules and regulations adopted thereunder shall be of no force and effect.

(b) For the purposes of this act, where by reason of any other law any qualified housing sponsor has entered or intends to enter into any agreement with any municipality for the payment of money in lieu of taxes or to obtain special tax treatment of any real property of said qualified housing sponsor, any such agreement
may require such qualified housing sponsor to pay to such municipality an amount up to 20% of the annual gross revenue from each housing project situated on such real property for each year of operation thereof following the substantial completion thereof, any provisions of such other law to the contrary notwithstanding. For the purpose of this section, “annual gross revenue” means the total annual gross rental or carrying charge and other income of a qualified housing sponsor from a housing project. Any agreement between any qualified housing sponsor and a municipality pursuant to this subsection shall be submitted to the agency for review in order to avoid duplicating, overlapping or inconsistent regulations or provisions, and any municipality and any qualified housing sponsor with the approval of the agency may enter into such agreements not inconsistent with this act and otherwise authorized by law.

(b) The agency is hereby authorized to use the money held in the Housing Development Fund to make noninterest bearing advances to qualified housing sponsors who are corporations or associations organized not for profit or for mutual housing to defray development costs for housing projects to be developed with eligible mortgages for families of moderate income. No such advance shall be made unless it is reasonably anticipated by the agency that an eligible mortgage will be obtained for the housing project and the not for profit or mutual housing sponsor enters into an agreement with the agency to be regulated with respect to those matters provided in sections 9 (a) (5) and 9 (a) (6) of this act.

(c) Each advance shall be repaid in full concurrent with the receipt by the not for profit or mutual housing sponsor of the proceeds of the eligible loan or of the construction loan, unless the agency shall extend the period for the repayment of such advance, provided that no such extension shall be granted beyond the date of final payment under the eligible mortgage loan.

(d) If the agency shall determine at any time that an eligible mortgage loan may not be obtained, the advance shall become immediately due and payable and shall be paid from any assets of the housing project. To the extent that repayment cannot be made

In the event it is found that any such workman has been paid a rate of wage less than the prevailing wage required to be paid, the agency is authorized to take such steps as may be necessary to terminate the rights of said qualified housing sponsor, or any such builder, contractor or subcontractor, to proceed with such construction or rehabilitation or to prosecute such construction or rehabilitation to completion or otherwise.

The Commissioner of Labor and Industry is authorized to, and shall, determine the prevailing wage rate and shall establish the prevailing wage in the locality in which the construction or rehabilitation of any housing project is to be performed for each
craft or trade or classification of all workmen employed in the performance of such construction or rehabilitation, as if such construction or rehabilitation were "public work" within the meaning of chapter 150 of the laws of 1963. For the purpose of carrying out the provisions of this section, the Commissioner of Labor and Industry, and any workmen employed in the performance of any contract for the construction or rehabilitation of any housing project, shall have and may exercise or perform any right, power or duty granted or imposed upon them by chapter 150 of the laws of 1963.

39. The powers enumerated in this act shall be interpreted broadly to effectuate the purposes thereof and shall not be construed as a limitation of powers.

40. If any clause, sentence, subdivision, paragraph, section or part of this act be adjudged to be unconstitutional or invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, subdivision, paragraph, section or part thereof directly involved in the controversy in which said judgment shall have been rendered.

41. There is hereby appropriated the sum of $50,000.00 to carry out the purposes of this act.

42. This act shall take effect immediately.

Approved May 31, 1967.
CHAPTER 82

An Act concerning housing development and demonstration programs, creating within the Department of Community Affairs a revolving and demonstration grant fund to be known as the Revolving Housing Development and Demonstration Grant Fund, providing an appropriation, and supplementing chapter 293 of the laws of 1966.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

C. 52:27D-59 Title of act.

1. This act shall be known as, and may be cited as, the "Department of Community Affairs Demonstration Grant Law of 1967."

C. 52:27D-60 Purpose and intent of act.

2. This act being deemed and hereby declared remedial legislation necessary for the protection of the health and welfare of the residents of this State by encouraging nonprofit and mutual housing sponsors to construct or rehabilitate housing for families of moderate income, shall be liberally construed to effectuate the purposes and intent thereof.

C. 52:27D-61 Legislature findings.

3. The Legislature finds that there is an extreme shortage of safe and sanitary accommodations in this State available to families with moderate incomes, and that the ordinary operations of private, profit-making enterprises alone cannot satisfy the demand for such dwelling accommodations. The Legislature finds further that there are in this State many slums and blighted areas which are injurious to the health, safety and welfare of the residents of this State, and that existing programs and technology have not as yet developed techniques for the elimination of such slums and blighted areas.

The Legislature hereby finds that various nonprofit corporations and associations and mutual housing associations are desirous of organizing to construct or rehabilitate housing units for families of moderate income, but that those corporations and associations require development funds and technical assistance in the organization and management of nonprofit corporations and mutual housing
associations, and that the provision of such development funds and technical assistance to those corporations and associations will maximize the availability of Federal funds and credits which may be used for the construction or rehabilitation of housing units for residents of this State.

Further, the Legislature finds that housing development and demonstration programs conducted by the Department of Community Affairs, whether singly or in participation and co-operation with Federal, State or local agencies or with private enterprise, will accelerate the pace of research into, and the development of, techniques for the provision of better, faster and more economical methods of constructing and rehabilitating housing units for families of moderate income, and of eliminating the slums and blighted sections of the urban and nonfarm rural areas of this State.

The Legislature further finds that the authority and powers conferred under this act constitute and serve a valid public purpose.

4. The following terms whenever used or referred to in this act shall have the following respective meanings for the purposes of this act, except in those instances where the context clearly indicates otherwise:

ship of stock in such corporation, or by reason of co-ownership of the premises in a horizontal property regime authorized by the provisions of chapter 168 of the laws of 1963 (The Horizontal Property Act).

Any income or interest earned by, or increment to, moneys so invested or reinvested shall be added to the moneys held in such fund for the purposes authorized by this act.

C. 52:27D-64 Use of fund.

6. (a) The commissioner is hereby authorized to use the moneys held in the fund, or any portion thereof, to make noninterest bearing advances to nonprofit and mutual housing sponsors to defray development costs for housing projects for families of moderate income to be constructed or rehabilitated with eligible mortgages. No such advance shall be made to any nonprofit or mutual housing sponsor by the commissioner unless: (1) the commissioner reasonably anticipates that said nonprofit or mutual housing sponsor will obtain an eligible mortgage for the project; and (2) the said nonprofit or mutual housing sponsor shall have executed an agreement with the commissioner, which agreement shall have such
terms and conditions with respect to the rents, profits, dividends, and disposition of the property or franchises of said nonprofit or mutual housing sponsor as may be prescribed in rules and regulations promulgated by the commissioner pursuant to this act.

(b) Any nonprofit or mutual housing sponsor to which any advance has been made pursuant to subsection (a) of this section shall repay said advance in full to the department upon and concurrent with the receipt by said nonprofit or mutual housing sponsor of the proceeds of an eligible mortgage or construction or rehabilitation loan; provided, that the commissioner may extend the period for such repayment of any advance, except that the commissioner shall not extend the period for such repayment of any advance beyond the date of final payment of said eligible mortgage or construction or rehabilitation loan; and provided further, that any such advance may be treated by the commissioner as a grant to the extent that the proceeds of an eligible mortgage cannot by law be used to reimburse any cost or fee included in the development cost for which said advance was made.

(c) If the commissioner shall determine, in the exercise of his discretion, that any nonprofit or mutual housing sponsor to which any advance has been made pursuant to subsection (a) of this section cannot obtain an eligible mortgage, then the commissioner shall declare any such advance immediately due and payable. C. 32:3-13.63 Additional powers.

2. (a) For the effectuation of any of its purposes authorized by this act, the authority is hereby granted, in addition to and in support of any other powers heretofore or hereafter granted to it, power and authority to acquire in its name by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper, or by the exercise of the power of eminent domain, any land and other property which it may determine is reasonably necessary for the terminals and terminal facilities referred to in this act or for the construction thereof as the authority shall deem necessary, and any and all rights, title and interest in such land and other property, including public lands, parks, playgrounds, reservations, highways, or parkways, owned by or in which any public body of the Commonwealth of Pennsylvania or State of New Jersey has any right, title or interest, or parts thereof or rights therein and any fee simple absolute or any lesser interest in private property, and any fee simple absolute in, easements upon, or the benefit of restrictions upon, abutting property to preserve and protect such terminals and terminal facilities, the approaches, rail and highway connections thereto. Upon the exercise of the power of eminent domain under this act, the compensation to be paid with regard to property located in the Commonwealth of Pennsylvania shall be ascertained and paid as provided by any applicable condemnation law in force in such Commonwealth and acts amendatory thereof and supplementary thereto insofar as the provisions thereof are applicable and not inconsistent with the provisions of the compact and of this act; and upon the exercise of the power of eminent domain, the compensation to be paid with regard to property located in the State of New Jersey shall be ascertained and paid in the manner provided in chapter 1 of
Title 20 of the Revised Statutes of New Jersey insofar as the provisions thereof are applicable and not inconsistent with the provisions of the compact and of this act. The authority may join, in separate subdivisions in one petition, declaration or complaint, the descriptions of any number of trade or parcels of land or property to be condemned and the names of any number of owners and other parties who may have an interest therein and all such land or property included in said petition; declaration or complaint may be condemned in a single proceeding; provided, however, that separate awards shall be made for each tract or parcel of land or property; And provided further, that each of said tracts or parcels of land or property lies wholly in or has a substantial part of its value lying wholly within the same county.

(b) In addition to any other powers heretofore or hereafter granted to it, the authority, in connection with construction or operation of the project authorized by this act, shall have power to make reasonable regulations for the installation, construction, maintenance, repair, renewal, relocation and removal of tracks, pipes, mains, conduits, cables, wires, towers, poles or any other equipment and appliances (in this paragraph (b) called "works") in the State of New Jersey of any public utility as defined in section 48:2-13 of the Revised Statutes of New Jersey in, on, along, over or under any such project. Whenever in connection with the construction or operation of such project the authority shall determine that it is necessary that any such works, which now are or hereafter may be located in, on, along, over or under such project should be relocated in such project, or should be removed therefrom, the public utility owning or operating such works shall relocate or remove the same in accordance with the order of the authority, provided, however, that the cost and expenses of such relocations or removal, including the cost of installing such works in a new location or new locations, and the cost of any lands or any rights or interest in lands or any other rights acquired to accomplish such relocation or removal, less the cost of any lands or any rights or interests in lands or any other rights of the public utility paid to the public utility in connection with the relocation or removal of such works, shall be paid by the authority and shall be included in the cost of such project. In case of any such relocation or removal of works as aforesaid, the public utility owning or operating the same, its successors or assigns, may maintain and operate such works, with the necessary appurtenances, in the new location or new locations for as long a period, and upon the same
terms and conditions, as it had the right to maintain and operate such works in their former location.

(c) Whenever the authority acquires under this paragraph (2) the whole or any part of the right of way of a public utility located in the Commonwealth of Pennsylvania, the authority shall, at its own expense, provide a substitute right of way on another and favorable location. Such public utility shall thereupon provide for the transfer to, or reconstruction upon, in, under or above said substitute right of way of any structures and facilities of said public utility located upon, in, under or above said original right of way at the time the same is so acquired. The authority is hereby authorized to enter into agreements with such public utility to contribute toward the expense of such transfer or reconstruction, and in the event that they are unable to agree on the amount to be paid, the matter shall be referred to the Pennsylvania Public Utility Commission which shall, after hearing thereon, make a finding of the amount to be paid to such public utility by the authority. In case of failure of such public utility, within a reasonable time after notice so to do, to remove its facilities to such substitute right of way, the Pennsylvania Public Utility Commission shall have jurisdiction, on petition of the authority, to order such transfer or reconstruction. Any party to such proceedings shall have the right of appeal from the ruling of the Pennsylvania Public Utility Commission. The authority is hereby authorized to acquire, by purchase or by the exercise of the power of eminent domain, any necessary land or right of way for the relocation of any such public utility right of way and facilities. The substitute right of way thus acquired shall be equal in estate to the original right of way acquired from the public utility, and the authority shall deliver to the public utility a deed, duly executed and acknowledged, conveying to it an estate in the substitute right-of-way at least equal to that owned by the public utility in the original right of way, or if such substitute right-of-way is to be acquired by purchase, the authority shall procure and deliver to the public utility a deed conveying such estate to it from the owner of the land on which such substitute right-of-way is located.

This subparagraph (c) shall have no application to the relocation of public utility facilities located in the beds of public streets, roads or highways.

C. 32:3-13.64 Surveys.
3. The authority and its duly authorized agents and employees may enter upon any land in the Commonwealth of Pennsylvania

The terminals and terminal facilities may be constructed, in whole or in part, with funds to be raised by the authority on bonds or other securities or obligations issued or incurred by it pursuant to the compact.

9. In order to reduce the indebtedness of the commission so as to make possible the acquisition of its facilities by the authority, the city of Camden is hereby authorized to adopt such ordinances as are necessary to make a contribution to the commission by way of extinguishment of a part of the debt owing to it by said commission which contribution shall amount to such sum as shall, when added to the sum provided in section 8 and the sum paid by the authority to the commission by reason of section 1, permit the complete extinguishment of all indebtedness owing by said commission to the city of Camden. The adoption of said appropriate resolutions and ordinances by the city of Camden as provided herein shall be a condition precedent to the sale by the commission of its facilities to the authority.

10. The commission shall apply all sums received from the sale of its facilities, when received, forthwith toward the reduction of the indebtedness owing by it to creditors and bondholders other than the city of Camden and thereafter to said city.

11. Upon the sale and transfer of its facilities to the authority and the payment of such indebtedness as can be made from its remaining assets, the commission shall certify to the city of Camden the remaining indebtedness for which a contribution from said city by way of extinguishment of debt is required.

12. Upon the sale and transfer of its facilities by the commission to the authority and the liquidation of all of its outstanding indebtedness by payment or contribution by way of extinguishment by the city of Camden, the South Jersey Port Commission is dissolved and chapter 11 of Title 12 of the Revised Statutes is hereby repealed.

C. 32:3-13.72 Validity of act.
16. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application and, to this end, the provisions of this act are declared to be severable.

C. 49:3-53  Further restrictions.

6. (a) It shall be unlawful for any person who receives any consideration from another person primarily for advising the other person as to the value of securities or their purchase or sale, whether through the issuance of analyses or reports or otherwise,

(1) to employ any device, scheme or artifice to defraud the other person; or

(2) to engage in any act, practice, or course of business which operates or would operate as a fraud or deceit upon the other person;

(2) that no assignment of the contract may be made by the investment advisor without the consent of the other party to the contract; and

(3) that the investment advisor, if a partnership shall notify the other party to the contract of any change in the membership of the partnership within a reasonable time after the change;

C. 49:3-55 Documents filed.
8. (a) Neither (1) the fact that an application for registration of any persons or a registration statement of any security has been filed nor (2) the fact that a person or security is effectively registered constitutes a finding by the bureau chief that any document filed under this act is true, complete, and not misleading. Neither any such fact nor the fact that an exemption or exception is available for a person, security or transaction means that the bureau chief has passed in any way upon the merits or qualifications of, or recommended or given approval to, any person, security, or transaction.

(b) It is unlawful to make, or cause to be made, to any prospective purchaser, customer, or client any representation inconsistent with paragraph (a).

The bureau chief may by rule or order specify an earlier effective date, or he may by order defer the effective date until the first day of the next calendar month after the thirtieth day after the filing of the application. The time limits herein provided shall run anew from the filing of any amendment. Registration of a broker-dealer automatically constitutes registration of any agent who is a partner, officer, or director, or a person occupying a similar status or performing similar functions;

(b) Every applicant for initial or renewal registration shall pay a filing fee of $100.00 in the case of a broker-dealer, plus $2.00 for each partner, officer, director, or principal doing business in this State, $20.00 in the case of an agent, and $50.00 in the case of an investment advisor. When application is denied or withdrawn, the bureau shall retain the fee. Whenever any supplemental filing, for the purpose of keeping current the information furnished to the bureau chief, is made there shall be a supplemental filing fee of $5.00;

(c) A registered broker-dealer or investment advisor may file an application for registration of a successor, whether or not the successor is then in existence, for the unexpired portion of the registration period. There shall be no filing fee;
(d) The bureau chief may by rule require a minimum capital for registered broker-dealers, provided that the bureau chief shall not in any case require a minimum capital in excess of $10,000.00 in the case of a registered broker-dealer; and provided, further, that the minimum capital requirement of a broker-dealer engaged exclusively in the sale of investment company shares shall not be in excess of $5,000.00;

(e) The bureau chief may by rule require registered investment advisors who have custody of clients' funds or securities and registered broker-dealers to post surety bonds in amounts up to $25,000.00, and may determine their conditions; provided that no such surety bond shall be required of an investment advisor or a broker-dealer who has a minimum capital of at least $25,000.00 or of a broker-dealer engaged exclusively in the sale of investment company shares who has a minimum capital of $5,000.00; except that, notwithstanding the provisions of this or any other section of this law, the bureau chief may by rule require registered broker-dealers and investment advisors if such registrant or any partner, officer or director, any person occupying a similar status or performing similar functions; or any person directly or indirectly controlling such registrant has ever been convicted of any misdemeanor involving a security or any aspect of the securities business, or any high misdemeanor or felony to post surety bonds in amounts up to $200,000.00. Any appropriate deposit of cash or securities shall be accepted in lieu of any bond so required. Every bond shall provide for suit thereon by any person who has a cause of action under section 24. Every bond shall provide that no suit may be maintained to enforce any liability on the bond unless brought within 2 years after the sale or other act upon which it is based, or within 2 years of the time when the person aggrieved knew or should have known of the existence of his cause of action, whichever is later.

(f) (1) The bureau chief may by rule provide for an examination which may be written or oral or both, to be taken by any class of or all applicants, as well as persons who represent or will represent an investment advisor in doing any of the acts which makes him an investment advisor;

(2) Each applicant for such examination shall pay examination fees as follows: broker-dealer, $15.00; partner, officer, or director doing business in this State, $15.00; agent, $15.00; and investment advisor, $15.00. When an application for an examination is denied or withdrawn, the bureau shall retain the fee.
C. 49:3-58 Registration; denial; suspension; revocation.

11. (a) The bureau chief may by order deny, suspend, or revoke any registration if he finds (1) that the order is in the public interest and (2) that the applicant or registrant or, in the case of a broker-dealer or investment advisor, any partner, officer, or director, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling the broker-dealer or investment advisor

(i) has filed an application for registration which as of its effective date, or as of any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained any statement which was, in the light of the circumstances under which it was made, false or misleading with respect to any material fact;

(ii) has willfully violated or willfully failed to comply with any provision of this law or a predecessor law or any rule or order authorized by this law or a predecessor law;

(iii) has been convicted of any crime involving a security or any aspect of the security business or any crime involving moral turpitude; however, where the applicant can show by proof satisfactory to the bureau chief that during the 10-year period preceding the application he has conducted himself in such a manner as to warrant his registration consistent with all other provisions of this act, the conviction shall not be a bar to registration;

(iv) is permanently or temporarily enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of the securities business;

(v) is the subject of an effective order of the bureau chief denying, suspending, or revoking registration as a broker-dealer, agent, or investment advisor;

(vi) is the subject of an order entered within the past 5 years by the securities administrator of any other State or by the Securities and Exchange Commission denying or revoking registration as a broker-dealer, agent, or investment advisor, or the substantial equivalent of those terms as defined in this act, or is the subject of an order of the Securities and Exchange Commission suspending or expelling him from a national securities exchange or national securities association registered under the Securities Exchange Act of 1934, or is the subject of a United States Post Office fraud order; but (A) the bureau chief may not institute a revocation or suspension proceeding under this clause (vi) more than 1 year from the date of the order relied on and (B) he may not enter an
order under this clause (vi) on the basis of an order under another State act unless that order was based on facts which would currently constitute a ground for an order under this law;

(vii) has engaged in dishonest or unethical practices in the securities business;

(viii) is insolvent, either in the sense that his liabilities exceed his assets or in the sense that he cannot meet his obligations as they mature; but the bureau chief may not enter an order against a broker-dealer or investment advisor for insolvency without a finding of insolvency as to the broker-dealer investment advisor;

(ix) is not qualified on the basis of such factors as character, training, experience and knowledge of the security business, except as otherwise provided in paragraph (b);

(x) has failed to pass an examination under subdivision (b) of this section if such an examination has been by rule provided for by the bureau chief;

(xi) has failed reasonably to supervise his agents if he is a broker-dealer or his employees who give investment advice if he is an investment advisor;

(xii) has failed to pay the proper fees, but the bureau chief shall vacate any such order when the deficiency has been corrected.

(b) The following provisions govern the application of paragraph (a) (2) (ix):

(1) The bureau chief may not enter an order against a broker-dealer on the basis of the lack of qualification of any person other than (i) the broker-dealer himself if he is an individual or (ii) an agent of the broker-dealer;

(2) The bureau chief may not enter an order against an investment advisor on the basis of the lack of qualification of any person other than (i) the investment advisor himself if he is an individual or (ii) any other person who represents the investment advisor in doing any of the acts which make him an investment advisor;

(3) The bureau chief may not enter an order solely on the basis of lack of experience if the applicant or registrant is qualified by training or knowledge or both;

(4) The bureau chief shall consider that an agent who will work under the supervision of a registered broker-dealer need not have the same qualifications as a broker-dealer;

(5) The bureau chief shall consider that an investment advisor is not necessarily qualified solely on the basis of experience as a broker-dealer or agent. When he finds that an applicant for initial or renewal registration as a broker-dealer is not qualified as an
investment advisor, he may by order condition the applicant’s
registration as a broker-dealer upon his not transacting business
in this State as an investment advisor.

(c) (1) When the bureau chief finds that an application for regis-
tration should be denied he may enter an order denying such
registration; but he shall promptly notify the applicant, as well
as the prospective employer if the applicant is an agent, that the
order has been entered and of the reasons therefor and that the
matter will be set down for hearing if a written request for such a
hearing is filed with the bureau chief within 30 days after receipt
of such notice by the applicant. If no hearing is requested the
order shall remain in effect until modified or vacated. If a hearing
is held the bureau chief shall affirm, vacate or modify the order in
accord with the findings at the hearing.

(2) When the bureau chief finds that a registration should be
suspended or revoked he may enter a proposed order to suspend
or revoke such registration and he shall promptly notify the regis-
trant, as well as the employer if the registrant is an agent, of the
proposed order, of the reasons therefor and that the matter will
be set down for hearing if a written request for such hearing is
filed with the bureau chief within 10 days after receipt of such
notice by the registrant. If no hearing is requested within the
specified time the bureau chief shall enter the proposed order as
a final order, which shall be effective when entered. If a hearing
is held the bureau chief shall withdraw the proposed order or enter
a final order in accord with the findings at the hearing, which order
shall be effective when entered.

(d) If the bureau chief finds that any registrant or applicant for
registration is no longer in existence or has ceased to do business
as a broker-dealer, agent, or investment advisor, or is subject to
an adjudication of mental incompetence or to the control of a com-
mittee, conservator, or guardian, or cannot be located after reason-
able search, the bureau chief may by order revoke or deny the
registration or application;

(e) Withdrawal from registration as a broker-dealer, agent, or
investment advisor becomes effective 30 days after receipt of an
application to withdraw or within such shorter period of time as
the bureau chief may determine by rule or order. The bureau chief
may nevertheless institute a revocation or suspension proceeding
under paragraph (a) (2) (ii) within 1 year after withdrawal be-
comes effective and enter a revocation or suspension order as of
the last date on which registration was effective;
(f) No order may be entered under this section, except under paragraph (c)(1), without (i) appropriate prior notice to the applicant or registrant (as well as the employer or prospective employer if the applicant or registrant is an agent), (ii) opportunity for hearing, and (iii) written findings of fact and conclusions of law;

(g) Every hearing before an officer or employee of the bureau which this law requires to be held before any formal action may be taken by the bureau shall not be public without the written consent of all the respondents.

12. (a) Every registered broker-dealer shall file with the bureau chief a report of financial condition as of a date within each calendar year within 60 days after the date of such report of financial condition, provided that reports for any 2 consecutive years shall not be as of dates within 4 months of each other. The report of financial condition of a broker-dealer shall be certified by a certified public accountant or a public accountant who shall be in fact independent;

(b) Every registered broker-dealer and investment advisor shall make and whenever required by rule of the bureau chief shall file with the bureau, such books, records, and accounts as the bureau chief by rule prescribes. Such books, records and accounts shall conform insofar as practicable, to those prescribed by the Securities and Exchange Commission. All records so required shall be preserved for 3 years unless the bureau chief by rule prescribes otherwise for all records or for particular types of records;

(c) If the information contained in any document filed with the bureau is or becomes inaccurate or incomplete in any material respect, the registrant shall promptly make a correcting supplemental filing unless notification of the correction has been given under section 9, paragraph (b).

(f) The bureau chief may waive the requirements of all or any part of sections 14 or 15(h) of this act in the case of a nonissuer transaction of securities which were initially sold prior to the effective date of this supplemental act, where the information is not known by the person filing the registration statement or by the persons on whose behalf the transaction is to be made, or cannot be furnished by them without unreasonable effort or expense.

(g) Every registration statement is effective for 1 year from its effective date, or any longer period during which the security is being offered or distributed in a nonexempted transaction by or for the account of the issuer or other person on whose behalf the offering is being made or by any underwriter or broker-dealer who is still offering part of an unsold allotment or subscription.
taken by him as a participant in the distribution, except during the time a stop order is in effect under section 17 of this act. All outstanding securities of the same class as a registered security of the issuer are considered to be registered for the purpose of any nonissuer transaction (1) so long as the registration statement is effective and (2) between the thirtieth day after the entry of any stop order suspending or revoking the effectiveness of the registration statement under section 17 of this act (if the registration statement did not relate in whole or in part to a nonissuer distribution) and 1 year from the effective date of the registration statement. A registration statement may not be withdrawn for 1 year from its effective date if any securities of the same class are outstanding. A registration statement may be withdrawn otherwise only in the discretion of the bureau chief.

(h) So long as a registration statement is effective, the bureau chief may by rule or order require the person who filed the registration statement to file reports, not more often than quarterly, to keep reasonably current the information contained in the registration statement and to disclose the progress of the offering.

(i) A registration statement relating to a security issued by a face-amount certificate company or a redeemable security issued by an open-end management company or unit investment trust, as those terms are defined in the Investment Company Act of 1940, may be amended after its effective date so as to increase the securities specified as proposed to be offered. Such an amendment becomes effective when the bureau chief so orders. Every person filing such an amendment shall pay a filing fee, calculated in the manner specified in subsection (b), with respect to the additional securities proposed to be offered.

C. 49:3-63 Powers of bureau chief.

16. The bureau chief may by rule or order require the filing of any prospectus, pamphlet, circular, form letter, advertisement, or other sales literature or advertising communication addressed or intended for distribution to prospective investors, including clients or prospective clients of an investment advisor, unless the security is not required to be registered by section 13 of this act;

There shall be a filing fee of $0.25 for each page of sales literature filed with the bureau under any regulations adopted pursuant to this section, but such fee shall not exceed $25.00 for any prospectus, pamphlet, circular, or other sales literature.
C. 49:3-64 Stop order; issuance of.

17. (a) The bureau chief may issue a stop order denying effectiveness to, or suspending or revoking the effectiveness of, any registration statement if he finds (1) that the order is in the public interest and (2) that

(ii) any provision of the Uniform Securities Law (1967) as amended or supplemented or any rule, order, or condition lawfully imposed thereunder has been willfully violated, in connection with the offering by (A) the person filing the registration statement, (B) the issuer, any partner, officer, or director of the issuer, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling or controlled by the issuer, or (C) any underwriter; or

(iii) the security registered or sought to be registered is the subject of an administrative stop order or similar order or a permanent or temporary injunction of any court of competent jurisdiction entered under any other Federal or State act applicable to the offering; but (A) the bureau chief may not institute a proceeding against an effective registration statement under this subsection more than 1 year from the date of the order or injunction relied on, and (B) he may not enter an order under this subsection on the basis of an order or injunction entered under any other State act unless that order or injunction was based on facts which would currently constitute a ground for a stop order under this section; or

(iv) the issuer's enterprise or method of business includes or would necessarily include activities which are illegal where performed; or

(v) the offering has worked or would work a fraud upon purchasers; or

(vi) the offering has been or would be made with unreasonable amounts of underwriters' and sellers' discounts, commissions, or other compensation, or promoters' profits or participation, or unreasonable amounts or kinds of options; or
(vii) the applicant or registrant has failed to pay the proper filing fee but he shall vacate any such order when the deficiency has been corrected.

(b) The bureau chief may not institute a stop order proceeding against any effective registration statement on the basis of a fact or transaction known to him when the registration statement became effective unless the proceedings is instituted within the next 30 days.

(c) The bureau chief may by order summarily postpone or suspend the effectiveness of the registration statement pending final determination of any proceeding instituted pursuant to this section. Upon entry of such an order, the bureau chief shall promptly notify each person specified in subsection (d) that it has been entered and of the reasons therefor and that within 15 days after the receipt of a written request the matter will be set down for hearing. If no hearing is requested, the order will remain in effect until it is modified or vacated by the bureau chief upon notice to the parties specified in subsection (d).

(d) No stop order may be entered pursuant to this section except as provided in subsection (c) without (1) appropriate prior notice to the applicant or registrant, the issuer, and the person on whose behalf the securities are to be offered, (2) opportunity for hearing, and (3) written findings of fact and conclusions of law.

(e) The bureau chief may vacate or modify a stop order if he finds that the conditions which prompted its entry have changed.

C. 49:3-65 Completed form of document.

18. (a) A document is filed when it is received in completed form by the bureau;

(b) The bureau shall keep a register of all applications for registration and registration statements which are or have ever been effective under this act and all denial, suspension, revocation or other orders which have been entered under this act. The register shall be open for public inspection;

(c) The information contained in or filed with any registration statement, application or report may be made available to the public under such rules as the bureau chief prescribes;

(d) Upon request, the bureau chief shall furnish to any person photographic or other copies, certified under his seal of office if requested, of any entry in the register or any document in the custody of the bureau chief which is a public record. The bureau chief may establish such reasonable conditions and charges for the obtaining of such copies as will in his judgment be practicable.
C. 49:3-66 Administration of law.

(b) It shall be unlawful for any of the officers or employees of the bureau to use for personal benefit any information which is filed with or obtained by the bureau and which is not made public. No provision of this law authorizes any officers or employees of the bureau to disclose any such information except among themselves or when necessary or appropriate in a proceeding or investigation under this law. No provision of this law either creates or derogates from any privilege which exists at common law or otherwise when documentary or other evidence is sought under subpoena directed to any of the officers or employees of the bureau.

C. 49:3-67 Rules, forms, orders; amended, rescinded.

20. (a) The bureau chief may from time to time make, amend and rescind such rules, forms and orders as are reasonably necessary to carry out the provisions of this law, including rules and forms governing applications and reports, and defining any terms, whether or not used in this law, insofar as the definitions are not inconsistent with the provisions of this law. For the purpose of rules and forms, the bureau chief may classify securities, persons and matters within his jurisdiction, and prescribe different requirements for different classes;

(b) No rule, form or order may be made, amended or rescinded unless the bureau chief finds that the action is necessary and appropriate (1) in the public interest, or (2) for the protection of investors, or (3) consistent with the purposes fairly intended by the policy and provisions of this act. In prescribing rules and forms the bureau chief may co-operate with the securities administrators of the other States and the Securities and Exchange Commission with a view to effectuating the policy of this statute to achieve maximum uniformity in the form and content of applications and reports wherever practicable;

(c) The bureau chief may by rule prescribe (1) the form and content of financial statements required under this act; and (2) the circumstances under which consolidated financial statements

C. 49:3-68 Private investigations.

21. (a) The bureau chief in his discretion (1) may make such private investigations within or outside of this State as he deems necessary to determine whether any person has violated or is about to violate any provision of this law or any rule or order hereunder, or to aid in the enforcement of this law or in the prescribing of rules and forms hereunder, (2) may require or permit any person to file a statement in writing, under oath or otherwise as the bureau chief determines, as to all the facts and circumstances concerning the matter to be investigated, and (3) may publish information concerning any violation of this act or any rule or order hereunder, provided that there shall be no publication until such rule or order becomes effective;

(b) For the purpose of any investigation or proceeding under this law, the bureau chief or any officer designated by him may administer oaths and affirmations, subpœna witnesses, compel their attendance, take evidence and require the production of any books, papers, correspondence, memoranda, agreements or other documents or records which the bureau chief deems relevant or material to the inquiry;

(c) In case of contumacy by, or refusal to obey a subpœna issued to, any person, the Superior Court, upon application by the bureau chief, may issue to the person an order requiring him to appear before the bureau chief, or the officer designated by him, there to produce documentary evidence if so ordered or to give evidence touching the matter under investigation or in question. The court may grant injunctive relief restraining the issuance, sale or offer for sale, purchase or offer to purchase, promotion, negotiation, advertisement or distribution from or within this State of any securities by a person, or agent, employee, broker, partner, officer, director or stockholder thereof, until such person has fully complied with such subpœna and the bureau has completed its investigation.
The court may proceed in the action in a summary manner or otherwise;

(d) No person is excused from attending and testifying or from producing any document or record before the bureau or in obedience to the subpoena of the bureau chief or any officer designated by him, or in any proceeding instituted by the bureau, on the ground that the testimony or evidence (documentary or otherwise) required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual may be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he is compelled, after claiming his privilege against self-incrimination, to testify or produce evidence (documentary or otherwise), except that the individual testifying is not exempt from prosecution and punishment for perjury, false swearing or contempt committed in testifying.

(e) When it shall appear to the bureau chief that the testimony of any person is essential to an investigation instituted by him as provided by this chapter, and that the failure of such person to appear and testify may defeat the proper and effective conduct thereof, the bureau chief, in addition to the other remedies provided for herein, may, by petition verified generally, setting forth the facts, apply to the Superior Court for a writ of ne exeat against such person. The court shall thereupon direct the issuance of the writ against such person requiring him to give sufficient bail conditioned to insure his appearance before the bureau chief for examination under oath in such investigation and that he will continue his appearance therein from time to time until the completion of the investigation and will appear before the court if the bureau chief shall institute any proceeding therein as a result of his investigation.

The court shall cause to be indorsed on the writ of ne exeat, in words at length, a suitable amount of bail upon which the person named in the writ shall be freed, having a due regard to the nature of the case and the value of the securities involved. All applications to be freed on bail shall be on notice to the bureau chief and the sufficiency of the bail given on the writ shall be approved by the court. All recognizances shall be to the State and all forfeitures thereof shall be declared by the court. The proceeds of the forfeitures shall be paid into the State treasury.

C. 49:3-69  Illegal practices.

22. (a) When it shall appear to the bureau chief that a person has engaged in, is engaging in, or is about to engage in, any practices
declared to be illegal and prohibited by this law or when it shall appear that it will be against the public interest for any person to issue, sell, offer for sale, purchase, offer to purchase, promote, negotiate, advertise or distribute any securities from or within this State, the Attorney General on his behalf may bring an action in the Superior Court and apply therein for injunctive relief, or the appointment of a receiver, or both. The court may proceed in the action in a summary manner or otherwise;

(b) If it shall appear to the court in the action that such person has engaged in, is engaging in, or is about to engage in any practice declared to be illegal and prohibited by this law, it may enjoin such person, and any agent, employee, broker, partner, officer, director or stockholder thereof, from continuing such practices or engaging therein or doing any acts in furtherance thereof. The court may also enjoin the issuance, sale, offer for sale, purchase, offer to purchase, promotion, negotiation, advertisement or distribution from or within this State of any securities by such persons, and any agent, employee, broker, partner, officer, director or stockholder thereof, until the court shall otherwise order;

(c) When the court shall grant injunctive relief as provided for in paragraph (b), it may appoint a receiver with power to sue for, collect, receive and take into his possession all the goods and chattels, rights and credits, moneys and effects, lands and tenements, books, records, document, papers, choses in action, bills, notes and property of every description, derived by means of any practice declared to be illegal and prohibited by this law, including property with which such property has been mingled, if it cannot be identified in kind because of such commingling, and to sell, convey and assign the same and hold and dispose of the proceeds thereof under the direction of the court for the equal benefit of all who establish an interest therein by reason of the use and employment by the defendant of any practices herein declared to be illegal and prohibited. The receiver may retain an attorney with the consent of the Attorney General and the court. The court shall have jurisdiction of all questions arising in such proceedings and may make such orders and judgments therein as justice shall require;

(d) When injunctive relief is granted as provided for in paragraph (b) against a corporation, partnership, company, association or trust, the court may appoint a receiver and may restrain the corporation, its officers, directors, stockholders, and agents, the partnership, company or association, its officers, members and agents, and the trust, its grantors, trustees, officers, cestuis que
trustee and agents, from exercising any of its privileges or franchises, and in the case of a trust from executing the trust, and in all cases from collecting or receiving any debts, or paying out, selling, assigning or transferring any of its estate, moneys, funds, lands, tenements or effects except to the receiver appointed by the court until the court shall otherwise order.

Upon the appointment of the receiver, all the real and personal property of the corporation, partnership, company, association or trust, and its franchises, rights, privileges and effects shall forthwith vest in him and the corporation, partnership, company, association or trust shall be divested of the title thereto.

The receiver shall settle the estate and distribute the assets, and have all the powers and duties conferred upon receivers by the provisions of Title 14, Corporations, General, so far as the provisions thereof are applicable.

C. 49:93-70 Violations; penalty.

23. (a) Any person who willfully violates any provision of this act, except section 7, or who willfully violates any rule or order under this law, or who willfully violates section 7 knowing the statement made to be false or misleading in any material respect, shall be guilty of a misdemeanor and fined not more than $5,000.00 or imprisoned not more than 3 years, or both; but no person may be imprisoned for the violation of any rule or order if he proves that he had no knowledge of the rule or order. No indictment or information may be returned under this law more than 5 years after the alleged violation.

(b) Any person who violates any of the provisions of this law or who violates any rule or order under this law, shall be liable for the first violation to a penalty of not more than $200.00; for a second violation to a penalty of not more than $500.00; and for subsequent violation to a penalty of $500.00. The penalty shall be sued for and recovered by and in the name of the bureau chief and shall be collected and enforced by summary proceeding pursuant to the penalty enforcement law (N. J. S. A. 2A:58-1 et seq.). Process shall issue at the suit of the bureau chief, as plaintiff, and shall be either in the nature of a summons or warrant.

C. 49:3-71 Liability of seller.

24. (a) Any person who

(1) offers or sells a security in violation of sections 8 (b), 9 (a) or 13 of this act, or

(2) offers or sells a security by means of any untrue statement of material fact or any omission to state a material fact necessary
in order to make the statements made, in the light of the circumstances under which they are made, not misleading (the buyer not knowing of the untruth or omission), is liable to the person buying the security from him, who may sue to recover the consideration paid for the security, together with interest at 6% per year from the date of payment and costs, less the amount of any income received on the security, upon the tender of the security and any income received on it, or for damages if he no longer owns the security; provided, however, that the person buying the security must sustain the burden of proof that the seller knew of the untruth or omission and intended to deceive the buyer, and provided further that the buyer has suffered a financial detriment. Damages are the amount that would be recoverable upon a tender less the value of the security when the buyer disposed of it and interest at 6% per year from the date of disposition;

(b) Every person who directly or indirectly controls a seller liable under paragraph (a), every partner, officer, or director of such a seller, every person occupying a similar status or performing similar functions, every employee of such a seller who materially aids in the sale, and every broker-dealer or agent who materially aids in the sale are also liable jointly and severally with and to the same extent as the seller, unless the nonseller who is so liable sustains the burden of proof that he did not know, and in the exercise of reasonable care could not have known, of the existence of the facts by reason of which the liability is alleged to exist. There is contribution as in cases of contract among the several persons so liable;

(c) Any tender specified in this section may be made at any time before entry of judgment;

(d) Every cause of action under this law survives the death of any person who might have been a plaintiff or defendant;

(e) No person may sue under this section more than 2 years after the contract of sale. No person may sue under this section (1) if the buyer received a written offer, before suit and at a time when he owned the security, to refund the consideration paid together with interest at 6% per year from the date of payment, less the amount of any income received on the security, and he failed to accept the offer within 30 days of its receipt, or (2) if the buyer received such an offer before suit and at a time when he did not own the security, unless he rejected the offer in writing within 30 days of its receipt;
(f) No person who has made or engaged in the performance of any contract in violation of any provision of this law or any rule or order hereunder, or who has acquired any purported right under any such contract with knowledge of the facts by reason of which its making or performance was in violation, may base any suit on the contract;

(g) Any condition, stipulation or provision binding any person acquiring any security to waive compliance with any provision of this law or any rule or order hereunder is void;

(h) The rights and remedies provided by this act are in addition to any other rights or remedies that may exist at law or in equity, but this law does not create any cause of action not specified in this section or section 10, paragraph (e).

C. 49:3-72 Validity of act.

25. No provision of this law imposing any liability applies to any act done or omitted in good faith in conformity with any rule, form or order of the bureau chief, notwithstanding that the rule, form or order may later be amended or rescinded or be determined by judicial or other authority to be invalid for any reason.

C. 49:3-73 Filing of irrevocable consent.

26. (a) Every applicant for registration under this law and every issuer which proposes to offer a security in this State through any person acting on an agency basis in the common-law sense shall file with the bureau, in such form as the bureau chief by rule prescribes, an irrevocable consent appointing the bureau chief or his successor in office to be his attorney to receive service of any lawful process in any noncriminal suit, action or proceeding against him or his successor, executor or administrator which arises under this law or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the person filing the consent. A person who has filed such a consent in connection with a previous registration need not file another. Service may be made by leaving a copy of the process in the office of the bureau, but it is not effective unless the plaintiff, who may be the bureau chief, in a suit, action or proceeding instituted on his behalf by the Attorney General forthwith sends notice of the service and a copy of the process by certified or registered mail to defendant or respondent at his last address on file with the bureau;

(b) When any person, including any nonresident of this State, engages in conduct prohibited or made actionable by this law or any rule or order authorized by this law, and he has not filed a consent to service of process under paragraph (a) and personal jurisdiction
over him cannot otherwise be obtained in this State, that conduct shall be considered equivalent to his appointment of the bureau chief or his successor in office to be his attorney to receive service of any lawful process in any noncriminal suit, action or proceeding against him or his successor, executor or administrator which grows out of that conduct and which is brought under this law or any rule or order hereunder, with the same force and validity as if served on him personally. Service may be made by leaving a copy of the process in the office of the bureau, and it is not effective unless the plaintiff, who may be the bureau chief in any action instituted on his behalf by the Attorney General, forthwith sends notice of the service and a copy of the process by certified or registered mail to the defendant or respondent at his last known address.

C. 49:3-74 Security Advisory Committee.

27. The Governor shall appoint a Security Advisory Committee which shall consist of 6 members. The members of the committee shall be residents of New Jersey, actively engaged in the securities business or as investment advisors. The members shall be selected on the basis of their experience and qualifications and with a view to representing all phases of the securities business. The members shall select a chairman. Meetings of the committee shall be held when called by the bureau chief. The committee shall serve in an advisory capacity to the bureau chief on all matters pertaining to this law. All members of the Security Advisory Committee shall hold over in office until their successors have been appointed and qualified. All members of the Security Advisory Committee appointed by the Governor pursuant to the Uniform Securities Law approved June 23, 1960 (P. L. 1960, c. 75), shall continue in office until the expiration of their respective terms, but thereafter all appointments shall be made pursuant to this act. Any member appointed to an unexpired term shall serve the balance of the unexpired term to which he was appointed.

C. 49:3-75 Purpose of law.

28. This law shall be so construed as to effectuate its general purpose to make uniform the law of those States which enact similar laws and to co-ordinate the interpretation and administration of this law with related Federal regulations.
C. 49:3-76 Validity of act.

29. If any provision of this law or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the law which can be given effect without the invalid provision or application, and to this end the provisions of this law are severable.

C. 49:3-47 Title of act.

30. This act may be cited as the "Uniform Securities Law (1967)."

31. This act shall take effect on July 1, 1967, but shall not apply to any offerings begun in good faith before this effective date.

Approved June 8, 1967.

CHAPTER 94

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 17:10-2 of the Revised Statutes is amended to read as follows:

Loan business to be licensed; scope of chapter.

17:10-2. No person, copartnership, association or corporation shall engage in the business of making loans of money, credit, goods, or things in action in the amount or of the value of $1,000.00 or less and charge, contract for, or receive a greater rate of interest, discount, or consideration therefor than the lender would be permitted by law to charge if he were not a licensee hereunder, except as authorized by this chapter and without first obtaining a license from the commissioner.

Any person, copartnership, association or corporation directly or indirectly engaging in the business of soliciting or taking applications for such loans of $1,000.00 or less, or in the business
of negotiating or arranging or aiding the borrower or lender in procuring or making such loans of $1,000.00 or less, or in the business of buying, discounting or indorsing notes or of furnishing or procuring guarantee or security for compensation in amounts of $2,000.00 or less shall be deemed to be engaging in the business of making loans subject to the provisions of this chapter.

2. Section 17:10-3 of the Revised Statutes is amended to read as follows:

*Application for license; fees; power of attorney; assets.*

17:10-3. Application for the license shall be in writing, under oath or affirmation, and in the form prescribed by the commissioner. It shall state the name and address both of the residence and place of business of the applicant, and if the applicant is a copartnership or association, of every member thereof, and if a corporation, of each officer and director thereof. It shall also state the county and municipality with street and number if any, where the business is to be conducted and any other information the commissioner requires. The applicant, at the time of making the application, shall pay to the commissioner the sum of $150.00 as a fee for investigating the application and the additional sum of $200.00 as an annual license fee for a period terminating on the last day of the current calendar year. If the business is to be conducted in a municipality having a population of less than 15,000, the payment shall be $100.00 as the license fee in addition to the fee for investigation. If the application is approved after June 30 in any year the license fee shall be $75 the sum which would otherwise be payable hereunder. In addition to the annual license fee every licensee hereunder shall pay to the commissioner the actual cost of each examination of his business as provided for in section 17:10-11 of this Title.

Every applicant shall, in writing, and in due form to be prescribed by the commissioner, file with the application a duly executed instrument constituting the commissioner and his successors in office the true and lawful agent and attorney of the applicant in this State, upon whom all original process in any action or legal proceeding, caused by the operation of a small loan business under this chapter, against the applicant or licensee may be served, except the notices prescribed in sections 17:10-7 and 17:10-10 of this Title. The applicant shall agree therein that any original process or legal proceeding, except as above stated, against the applicant or licensee shall be of the same force and effect as if served on the applicant or licensee personally. The
commissioner shall keep a record of such process, showing the date and the hour of service.

Every applicant shall also prove in form satisfactory to the commissioner, that said applicant has a net worth of at least $25,000.00 and has available for the purpose of making loans under this chapter, at the location specified in the application, liquid assets of at least $25,000.00.

3. Section 17:10-5 of the Revised Statutes is amended to read as follows:

**Conditions upon granting of license.**

17:10-5. (a) Investigation of application. Upon the filing of such application and the payment of such fees, the commissioner shall investigate the facts concerning the application and the requirements provided for in subsection (b) of this section. Within 20 days after the filing of such application, he shall mail a notice of the receipt of the application to each licensee having a place of business in the county where the applicant proposes to do business. Every applicant shall within 10 days from the filing of the application cause to be published a notice of the application in a newspaper, designated by the commissioner, which has general circulation in the county in which the applicant proposes to do business and in the form prescribed by the commissioner. If objections to the issuance of the license are filed with the commissioner within 10 days after notice of the application has been mailed by the commissioner, he shall designate a time and place for a hearing, which time shall not be less than 7 days nor more than 60 days after the 10 days’ limitation for filing objections has expired.

(b) Issuance of license. If the commissioner, upon the filing of the application and payment of the fees, and after the hearing in the event objections are filed, finds (a) that the financial responsibility, experience, character and general fitness of the applicant and members thereof if the applicant is a copartnership or association, and of the officers and directors thereof if the applicant is a corporation, are such as to command the confidence of the community and to warrant belief that the business will be operated honestly, fairly and efficiently within the purposes of this chapter, (b) that allowing the applicant to engage in business will promote the convenience and advantage of the community in which the business of the applicant is to be conducted and (c) that the applicant has a net worth of at least $25,000.00 and has available for the purpose of making loans under this chapter at the specified
location liquid assets of at least $25,000.00, he shall thereupon issue and deliver a license to the applicant to make loans in accordance with this chapter at the location specified in the application. The license shall remain in full force and effect until it is surrendered by the licensee or revoked or suspended as herein-after provided.

If the commissioner shall not so find he shall not issue the license and he shall notify the applicant of the denial and return to the applicant the appointment for service of process and the sum paid by the applicant as a license fee, retaining the $150.00 investigation fee to cover the costs of investigating the application. The commissioner shall approve or deny every application for license hereunder within 120 days from the hearing, if any, but if there shall be no hearing then within 60 days after the 10 days' limitation for filing objections has expired.

4. Section 17:10-6 of the Revised Statutes is amended to read as follows:

License; form; display.

17:10-6. The license shall state the name of the licensee, the address at which the business is to be conducted, the date of issuance and may contain such other information as the commissioner may see fit to provide. The license shall be kept conspicuously posted in the place of business of the licensee and shall not be transferable or assignable.

5. Section 17:10-7 of the Revised Statutes is amended to read as follows:

Additional bonds; net worth and assets.

17:10-7. Every licensee shall have at all times a net worth of at least $25,000.00 and shall maintain at all times assets of at least $25,000.00 either in liquid form available for or actually used in the making of loans under this chapter at the location specified in the license.

6. Section 17:10-8 of the Revised Statutes is amended to read as follows:

Place of business; separate license required for each; change of location.

17:10-8. Not more than one place of business shall be maintained under the same license, but the commissioner may issue more than one license to the same licensee upon compliance with all the provisions of this chapter governing an original issuance of a license, for each new license.
Whenever a licensee desires to change his place of business to another location within the same municipality, the commissioner, on application, if he finds that the interests of the community will be served thereby, shall give his written approval of the proposed change by issuing a certificate under his hand and official seal authorizing such change and specifying the date on or after which, and the place to which, such change may be made, which certificate shall be authority for the operation of the business under the license at the new location. No change in the place of business of a licensee to a location outside of the original municipality shall be permitted under the same license.

7. Section 17:10-9 of the Revised Statutes is amended to read as follows:

**Annual license fee and bond.**

17:10-9. Every licensee shall, on or before December 10 of each year, pay to the commissioner the sum of $200.00 as an annual license fee for the next succeeding calendar year, but if the place of business licensed hereunder is located in a municipality having a population of less than 15,000, the payment shall be $100.00 as such annual license fee for the next succeeding calendar year.

8. Section 17:10-10 of the Revised Statutes is amended to read as follows:

**Revocation, suspension or surrender of license.**

17:10-10. The commissioner shall revoke any license issued hereunder, upon 10 days’ notice to the licensee stating the contemplated action and in general the grounds therefor, and after reasonable opportunity to be heard, if he finds that:

a. The licensee has failed to pay the annual license fee required under this chapter or to comply with any demand, ruling, or requirement of the commissioner lawfully made pursuant to and within the authority of this chapter;

b. The licensee has violated any provision of this chapter or any rule or regulation lawfully made by the commissioner under and within the authority of this chapter;

c. Any fact or condition exists which, if it had existed at the time of the original application for the license, clearly would have warranted the commissioner in refusing originally to issue the license.

The commissioner may, without notice or hearing, suspend any license for a period not exceeding 30 days, pending investigation. The commissioner may revoke or suspend only the particular license with respect to which grounds for revocation or suspension
may occur or exist, or, if he finds that such grounds for revocation or suspension are of general application to all offices, or to more than one office, operated by the licensee, he shall revoke or suspend all of the licenses issued to the licensee or such number of licenses as such grounds apply to, as the case may be.

Any licensee may surrender any license by delivering to the commissioner written notice that he thereby surrenders the license, but the surrender shall not affect the licensee's civil or criminal liability for acts committed prior to the surrender.

No revocation or suspension or surrender of any license shall impair or affect the obligation of any pre-existing lawful contract between the licensee and a borrower.

Every license issued hereunder shall remain in force and effect until the same shall have been surrendered, revoked, or suspended in accordance with the provisions of this chapter, but the commissioner may on his own motion reinstate suspended licenses or issue new licenses to a licensee whose license or licenses shall have been revoked if no fact or condition then exists which clearly would have warranted the commissioner in refusing originally to issue the license under this chapter.

9. Section 17:10-13 of the Revised Statutes is amended to read as follows:

Restrictions upon licensee; contract provisions for payment in installments.

17:10-13. No licensee shall advertise, print, display, publish, distribute, telecast or broadcast, or permit to be advertised, printed, displayed, published, distributed, telecast or broadcast, any statement or representation which refers to the supervision by the State of the business licensed hereunder. No licensee or any other person shall knowingly in any such manner make or permit to be made any statement or representation with regard to the rates, terms, or conditions for making loans in the sum of $1,000.00 or less, which is false, misleading, or deceptive.

No licensee shall make any loan upon security of any assignment of or order for the payment of any salary, wages, commissions or other compensation for services earned, or to be earned, nor shall any such assignment or order be taken by a licensee at any time in connection with any loan, or for the enforcement of repayment thereof, and any such assignment or order hereafter so taken or given to secure any loan made by any licensee under this chapter shall be void and of no effect.
No licensee shall take a lien upon real estate as security for any loan under the provisions of this chapter, except such lien as is created by law upon the recording of a judgment.

No licensee shall conduct the business of making loans under the provisions of this chapter within any office, room, or place of business in which any other business is solicited or engaged in, or in association or conjunction therewith, except as may be authorized in writing by the commissioner.

No licensee shall transact such business or make any loan provided for by this chapter under any other name or at any other place of business than that named in the license.

No licensee which is a corporation shall publicly sell or offer for sale within this State any of its capital stock without the written approval of the commissioner first obtained.

Every loan contract shall provide for repayment of principal and interest combined in installments which shall be payable at approximately equal periodic intervals of time and which shall be so arranged that no installment is substantially greater in amount than any preceding installment, except that the repayment schedule may reduce or omit such installments when necessary because of the seasonal nature of the borrower's income.

10. Section 17:10-14 of the Revised Statutes is amended to read as follows:

Amount of loan; interest; other charges; effect of violations.

17:10-14. Every licensee hereunder may loan any sum of money not exceeding $1,000.00, repayable in installments, and may charge, contract for and receive thereon interest at an annual percentage rate not exceeding 24% on that part of the unpaid principal balance not exceeding $500.00 and 22% on any remainder of such unpaid principal balance.

The interest and periodic payments for loans at these maximum rates shall be computed from standard tables based on the actuarial or annuity method which conforms to the so called "United States Rule of Partial Payments," which provides that interest shall be calculated whenever a payment is made and the payment shall be first applied to the payment of interest and if it exceeds the interest due, the balance is to be applied to diminish principal. If the payment is insufficient to pay the entire amount of interest, the balance of interest due shall not be added to principal, so as to produce interest thereon.

No interest shall be paid, deducted, or received in advance. Interest shall not be compounded and shall be computed only on
unpaid principal balances. For the purpose of computing interest, whether at the maximum rate or less, a month shall be considered a calendar month and where a fraction of a month is involved a day shall be considered 1/30 of a month.

No licensee shall induce or permit any person, nor any husband and wife, jointly or severally, to become obligated, directly or contingently or both, under more than one contract of loan at the same time for the purpose of obtaining a higher rate of interest than would otherwise be permitted by this section.

In addition to the interest herein provided for no further or other charge, or amount whatsoever for any examination, service, brokerage, commission, expense, fee, or bonus or other thing or otherwise shall be directly or indirectly charged, contracted for, or received, except (1) amounts for insurance obtained or provided by the licensee in accordance with the provisions of this chapter; and (2) on actual sale of the security in foreclosure proceedings or upon the entry of judgment. If any interest, consideration or charges in excess of those permitted by this chapter are charged, contracted for, or received the contract of loan shall be void and the licensee shall have no right to collect or receive any principal, interest, or charges whatsoever, and the borrower shall be entitled to recover from the lender any sums paid or returned to the lender by the borrower on account of or in connection with the loan.

11. Section 17:10-15 of the Revised Statutes is amended to read as follows:

Duties of licensee.

17:10-15. Every licensee shall: a. Deliver to the borrower at the time a loan is made a statement in the English language showing in clear and distinct terms the amount and date of the loan and of its maturity, the nature of the security, if any, for the loan, the name and address of the borrower and of the licensee, the payment schedule, the amount of interest charges, and the annual percentage rate of interest;

b. Give to the borrower a plain and complete receipt for all payments made on account of the loan at the time the payments are made, specifying the amount applied to interest and the amount, if any, applied to principal, and stating the unpaid balance, if any, of the loan;

c. Permit payment to be made in advance in any amount on any contract of loan at any time, but the licensee may apply the payment first to all interest in full at the agreed rate up to the date of the payment;
d. Upon repayment of the loan in full, mark indelibly every obligation and security signed by the borrower with the word "paid" or "canceled," and release, or give the borrower evidence to release any mortgage, or security interest which no longer secures an obligation to the licensee, restore any pledge, cancel and return any note, and cancel and return any assignment given to the licensee by the borrower.

No licensee shall take any confession of judgment or any power of attorney. No licensee shall take any note, promise to pay, or security that does not accurately disclose the amount of the loan, the date of the loan, the payment schedule, the amount of interest charges, and the annual percentage rate of interest, nor any instrument in which blanks are left to be filled in after the loan is made.

12. Section 17:10-16 of the Revised Statutes is amended to read as follows:

**Amount of charges limited.**

17:10-16. No licensee shall directly or indirectly charge, contract for, or receive any interest, discount, or consideration greater than he would be permitted by law to charge if he were not a licensee hereunder upon the loan, use, or forbearance of money, goods, or things in action, or upon the loan, use, or sale of credit, of the amount or value of more than $1,000.00. The foregoing prohibition shall also apply to any licensee who permits any person, as borrower or as indorser, guarantor, or surety for any borrower, or otherwise, to owe directly or contingently or both under one or more loan contracts to the licensee at any time the sum of more than $1,000.00 for principal.

13. Section 17:10-17 of the Revised Statutes is amended to read as follows:

**Payment in consideration of assignment; excess compensation.**

17:10-17. The payment of $1,000.00 or less in money, credit, goods or things in action, as consideration for any sale, assignment or order for the payment of wages, salary, commissions or other compensation for services, whether earned or to be earned, shall, for the purposes of this chapter, be deemed a loan secured by the assignment. The transaction shall be governed by and subject to the provisions of this chapter and any such sale, assignment or order hereafter made shall, for the purposes of this chapter, be void and of no effect.

14. Section 17:10-18 of the Revised Statutes is amended to read as follows:
Assignment of salary; amount collectible from employer; municipal and county employees.

17:10-18. CHAPTER 96

An Act to amend and supplement the "Real Estate Syndication Offerings Law," approved March 5, 1964 (P. L. 1963, c. 192).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 17 of the act of which this act is amendatory and supplementary is amended to read as follows:

C. 49:3-43 Violations; penalties.

17. Any person who shall willfully violate any provision of this law or of any rule or order made under this law or who shall knowingly make any false or misleading statement in any offering statement or prospectus filed pursuant to this law shall be guilty of a misdemeanor and be fined not more than $5,000.00 or imprisoned not more than 3 years, or both, but no person may be imprisoned for the violation of any rule or order if he proves that he had no knowledge of the rule or order and no indictment or information may be returned under this law more than 5 years after the alleged violation.

2. (a) The bureau chief in his discretion (1) may make such private investigations within or outside of this State as he deems necessary to determine whether any person has violated or is about to violate any provisions of the "Real Estate Syndication Offerings Law" or any rule or order hereunder, or to aid in the enforcement of said law or in the prescribing of rules and forms hereunder, (2) may require or permit any person to file a statement in writing, under oath or otherwise as the bureau chief determines, as to all the facts and circumstances concerning the matter to be investigated, and (3) may publish information concerning any violation of the "Real Estate Syndication Offerings Law" or any rule or order hereunder, provided that there shall be no publication until such order or rule becomes effective;

(b) For the purpose of any investigation or proceeding under the "Real Estate Syndication Offerings Law," the bureau chief or any officer designated by him may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence and require the production of any books, papers, correspondence,
memoranda, agreements or other documents or records which the bureau chief deems relevant or material to the inquiry;

(c) In case of contumacy by, or refusal to obey a subpoena issued to, any person, the Superior Court, upon application by the bureau chief, may issue to the person an order requiring him to appear before the bureau chief, or the officer designated by him, there to produce documentary evidence if so ordered or to give evidence touching the matter under investigation or in question. The court may grant injunctive relief restraining the issuance, sale or offer for sale, purchase or offer to purchase, promotion, negotiation, advertisement or distribution from or within this State of any securities by a person, or agent, employee, broker, partner, officer, director or stockholder thereof, until such person has fully complied with such subpoena and the bureau has completed its investigation. The court may proceed in the action in a summary manner or otherwise.

(d) No person is excused from attending and testifying or from producing any document or record before the Bureau of Securities, or in obedience to the subpoena of the bureau chief or any officer designated by him, or in any proceeding instituted by said bureau, on the ground that the testimony or evidence (documentary or otherwise) required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual may be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he is compelled, after claiming his privilege against self-incrimination, to testify or produce evidence (documentary or otherwise), except that the individual testifying is not exempt from prosecution and punishment for perjury, false swearing or contempt committed in testifying.

(e) When it shall appear to the bureau chief that the testimony of any person is essential to an investigation instituted by him as provided by the "Real Estate Syndication Offerings Law," and that the failure of such person to appear and testify may defeat the proper and effective conduct thereof, the bureau chief, in addition to the other remedies provided for therein, may, by petition verified generally, setting forth the facts, apply to the Superior Court for a writ of ne exeat against such person. The court shall thereupon direct the issuance of the writ against such person requiring him to give sufficient bail conditioned to insure his appearance before the bureau chief for examination under oath in such investigation and that he will continue his appearance
therein from time to time until the completion of the investigation and will appear before the court if the bureau chief shall institute any proceeding therein as a result of his investigation.

The court shall cause to be indorsed on the writ of ne exeat, in words at length, a suitable amount of bail upon which the person named in the writ shall be freed, having a due regard to the nature of the case and the value of the securities involved. All applications to be freed on bail shall be on notice to the bureau chief and the sufficiency of the bail given on the writ shall be approved by the court. All recognizances shall be to the State and all forfeitures thereof shall be declared by the court. The proceeds of the forfeitures shall be paid into the State treasury.

C. 49:3-46 Violations; penalties.

3. (a) When it shall appear to the bureau chief that a person has engaged in, is engaging in, or is about to engage in, any practices declared to be illegal and prohibited by the "Real Estate Syndication Offerings Law" or when it shall appear that it will be against the public interest for any person to issue, sell, offer for sale, purchase, offer to purchase, promote, negotiate, advertise or distribute any securities from or within this State, the Attorney General on his behalf may bring an action in the Superior Court and apply therein for injunctive relief, or the appointment of a receiver, or both. The court may proceed in the action in a summary manner or otherwise;

(b) If it shall appear to the court in the action that such person has engaged in, is engaging in, or is about to engage in any practice declared to be illegal and prohibited by the "Real Estate Syndication Offerings Law," it may enjoin such person, and any agent, employee, broker, partner, officer, director or stockholder thereof, from continuing such practices or engaging therein or doing any acts in furtherance thereof. The court may also enjoin the issuance, sale, offer for sale, purchase, offer to purchase, promotion, negotiation, advertisement or distribution from or within this State of any securities by such persons, and any agent, employee, broker, partner, officer, director or stockholder thereof, until the court shall otherwise order;

(c) When the court shall grant injunctive relief as provided for in paragraph (b), it may appoint a receiver with power to sue for, collect, receive and take into his possession all the goods and chattels, rights and credits, moneys and effects, lands and tenements, books, records, documents, papers, choses in action, bills, notes and property of every description, derived by means of any
practice declared to be illegal and prohibited by the "Real Estate Syndication Offerings Law," including property with which such property has been mingled, if it cannot be identified in kind because of such commingling, and to sell, convey and assign the same and hold and dispose of the proceeds thereof under the direction of the court for the equal benefit of all who establish an interest therein by reason of the use and employment by the defendant of any practices herein declared to be illegal and prohibited. The receiver may retain an attorney with the consent of the Attorney General and the court. The court shall have jurisdiction of all questions arising in such proceedings and may make such orders and judgments therein as justice shall require;

(d) When injunctive relief is granted as provided for in paragraph (b) against a corporation, partnership, company, association or trust, the court may appoint a receiver and may restrain the corporation, its officers, directors, stockholders, and agents, the partnership, company or association, its officers, members and agents, and the trust, its grantors, trustees, officers, cestuis que trustent and agents, from exercising any of its privileges or franchises, and in the case of a trust from executing the trust, and in all cases from collecting or receiving any debts, or paying out, selling, assigning or transferring any of its estate, moneys, funds, lands, tenements or effects except to the receiver appointed by the court until the court shall otherwise order.

Upon the appointment of the receiver, all the real and personal property of the corporation, partnership, company, association or trust, and its franchises, rights, privileges and effects shall forthwith vest in him and the corporation, partnership, company, association or trust shall be divested of the title thereto.

The receiver shall settle the estate and distribute the assets, and have all the powers and duties conferred upon receivers by the provisions of Title 14, of the Revised Statutes, so far as the provisions thereof are applicable.

CHAPTER 107

An Act to create a regional agency by governmental compact for the control and abatement of air pollution and other purposes and defining the functions, powers and duties of such agency and repealing chapter 105 of the laws of 1961.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

Part I

Compact

C. 32:29-1 Compact.

Whereas, The signatory parties recognize that they have certain serious problems in common with respect to pollution of the atmosphere by man-made contaminants; and

Whereas, The nature and sources of air pollution are such that the States' efforts can be effectively supplemented by control measures applicable to regional airsheds which cut across State boundaries; and

Whereas, The signatory parties recognize that the protection and improvement of the quality of their common atmosphere is vested with local, State and National interests, for which they have a joint responsibility; and

Whereas, The signatory parties have determined to establish a Federal-interstate agency, with jurisdiction and powers adequate to cope with interstate air pollution problems;

Now therefore, the States of New Jersey and New York and the United States of America, and if any of them should join herein, the States of Delaware, Connecticut and the Commonwealth of Pennsylvania, respectively, hereby solemnly covenant and agree with each other, upon the enactment of concurring legislation by the Congress of the United States and by the respective State Legislatures, having the same effect as this part, to the following compact:
C. 32:29-2 Short title.
Section 1.1. Short title. This act shall be known and may be cited as the "Mid-Atlantic States Air Pollution Control Compact."

C. 32:29-3 Definitions.
Sec. 1.2. Definitions. For the purpose of this compact, and of any supplemental or concurring legislation enacted pursuant thereto, except as may be otherwise required by the context:
(a) "Commission" shall mean the commission established by this compact;
(b) "Region" shall mean the territorial limits of the States which are or become parties to this compact;
(c) "Compact" shall mean Part I of this act;
(d) "Federal Government" shall mean the Government of the United States of America, and any appropriate branch, department, bureau or division thereof, as the case may be;
(e) "Signatory party" shall mean a State, Commonwealth, or the Federal Government, which has become a party to this compact by enactment of concurring legislation;
(f) "District" shall mean any area established, identified or defined by the commission in connection with the abatement or control of air pollution;
(g) "Air contaminant" shall mean dust, fumes, mist smoke, or other particulate matter, vapor, gas, odorous substance, or any combination thereof;
(h) "Air pollution" shall mean the presence in the outdoor atmosphere of one or more air contaminants in such quantities and duration as is or tends to be injurious to human health or welfare, animal or plant life, or property, or would unreasonably interfere with the enjoyment of life or property;
(i) "Emission" shall mean a release into the outdoor atmosphere of air contaminants.

C. 32:29-4 Findings of fact.
Sec. 1.3. Findings of fact. It is hereby found and declared that:
(a) The tremendous growth of population and industry has resulted in substantial increases in atmospheric waste and air pollution over the entire region;
(b) Air pollution does not respect political boundaries, and persons far removed from its sources and having no responsibility
for or control over its creation endure health hazards, discomfort and inconvenience and experience property damage and economic loss;

(c) Air pollution is associated with such important respiratory diseases as lung cancer, emphysema, chronic bronchitis and asthma, and is a general hazard to the public health and welfare, agricultural crops, livestock and other property;

(d) It is necessary and desirable to abate existing air pollution and prevent future air pollution so as to secure and maintain air quality which is consistent with the public health and welfare, the propagation and protection of plant and animal life, and the protection of property and other resources of the region;

(e) In the present state of the art, there are no public facilities for collection and disposal of atmospheric waste comparable to facilities to cope with liquid and solid waste, and the effects of emissions differ greatly among air resource uses and users, under the various meteorological and geographic conditions, which disregard State boundaries.

(f) Air pollution can best be controlled and abated at its sources, and, while such prevention, control and abatement is the primary obligation of the States, counties or municipalities in which it originates, the problems of interstate air pollution can be more readily and effectively solved under a co-ordinated regionwide agency of the State and Federal Governments.

C. 32:29-5 Existing agencies; construction.

Sec. 1.4. Existing agencies; construction. It is the purpose of the signatory parties to preserve and utilize the functions, powers and duties of existing offices and agencies of government to the extent not inconsistent with the compact and the commission is authorized and directed to utilize and employ such offices and agencies for the purpose of this compact to the fullest extent it finds feasible and advantageous.

ARTICLE 2

AIR QUALITY STANDARDS AND EMISSION CONTROL REQUIREMENTS

C. 32:29-16 Jurisdiction of commission.

Section 4.1. Generally. The commission shall have jurisdiction to abate existing air pollution and to prevent and control future air pollution in the region, and to this end it shall:

(a) Prepare and develop standards of air quality and emission control requirements for the region as required to protect the public health and welfare and prevent air pollution which would unreasonably impair the beneficial use of the air of the region. To this end, it shall encourage and conduct studies, investigations and research relating to air pollution and its causes, prevention, control and abatement.

(b) For the purpose of such standards, the commission may establish and delineate districts and airsheds, seasonal requirements, and classifications of air contaminants by type and source, for general or selective application of such standards and emission controls.

(c) Prior to the adoption of standards or emission control requirements, the commission shall hold public hearings upon due notice of the proposed standards, and all interested persons shall be given an opportunity to be heard at such hearing. After such notice and hearing, the commission may adopt and from time to time amend and repeal standards in the form of rules and regulations to prevent or control future air pollution and to abate existing air pollution, and to require the installation of such measures, systems and procedures for the abatement or prevention of air pollution as may be required to protect the public health, safety, property rights, and general welfare. Any such rule or regulation, amendment or repeal thereof shall take effect not less than 60 days after its adoption by the commission and filing as required by law.

C. 32:29-17 Monitoring; warnings; emergencies.

Sec. 4.2. Monitoring; warnings; emergencies. The commission shall: (a) Provide for a uniform, comprehensive and integrated
system for monitoring atmospheric waste in the region, the measurement and forecasting of air pollution, and the identification of significant meteorological, geographical, and ecological factors within the region, its districts or airsheds;

(c) Upon authorization by any one of the signatory States, exercise emergency powers within those portions of the region lying within the authorizing State to require the reduction or cessation of emissions of air contaminants, and to require the taking or refraining from any other measure as may be necessary in the public interest to alleviate or abate the immediate danger.

C. 32:29-18 Enforcement.

Sec. 4.3. Enforcement. (a) The commission may, after such notice and hearing as may be required by due process of law, issue an order or orders to any person or public or private corporation, or other entity, to cease and desist from any emissions which it determines to be in violation of such rules and regulations as it shall have adopted for the prevention and abatement of air pollution. Any such order or orders may prescribe a schedule, including a reasonable time for the construction and installation of any necessary systems, methods and procedures, on or before which the emission of air contaminants shall be wholly or partially discontinued, modified or treated, or otherwise required to conform to the standards established by the commission. Any court of competent jurisdiction shall have jurisdiction to enforce by injunction in a summary manner against any person, public or private corporation, or other entity, any and all provisions of this article or of any such order. The commission may bring an action in its own name in any such court of competent jurisdiction to compel compliance with any provisions of this compact, or of any rule, regulation or order issued pursuant thereto, according to the practice and procedure of the court.

(b) In the case of air pollution not within an interstate district or airshed as established by the commission, the commission shall give priority to enforcement proceedings by other agencies of the signatory parties; provided, however, that the provisions of this subdivision may not be asserted as a defense in any action or proceeding brought by the commission.

It shall be the duty of the commission or of such member or officer of the commission as it may designate to issue subpoenas at the request of and on behalf of any party to a hearing before the commission. Subpoenas issued by the commission shall be enforced by any court of competent jurisdiction of the signatory parties, according to the practice and procedure of the court applicable to subpoenas issued in proceedings pending before it.

C. 32:29-20 Penal sanction.
Sec. 4.5. Penal sanction. Any person, association, or corporation who violates or attempts or conspires to violate any provision of this compact or any rule, regulation or order of the commission duly made, promulgated or issued pursuant to the compact, in addition to any other remedy, penalty or consequence provided by law, shall be punishable as may be provided by statute of any of the signatory parties within which the offense is committed; provided that in the absence of such provision any such person, association or corporation shall be liable to a penalty of not less than $50.00 and not more than $1,000.00, for each such offense to be fixed by the court, which the commission may recover in its own name in any court of competent jurisdiction, and in a summary proceeding where available under the practice and procedure of such court. accordance with such equitable cost-sharing formulae as the members of the commission may adopt by unanimous vote. Following the adoption of its annual budget, the commission shall transmit certified copies of the budget to the budget officer of the respective signatory parties at such time and in such manner as may be required under their respective budgetary procedures. The signatory parties covenant and agree to include the amount so apportioned for the support of the commission's current expense budget in their respective budgets next to be adopted, subject to such review and approval as may be required by their respective budgetary processes. Such amounts shall be due and payable to the commission in equal quarterly installments during the commission's fiscal year.

(b) No withdrawal shall affect any obligation of a signatory party or any person therein accruing prior to the effective date of the withdrawal, nor any abatement order of the commission issued prior to such effective date nor shall any proceeding initiated for the enforcement thereof be invalidated or otherwise affected thereby. The jurisdiction of all appropriate courts and agencies for the enforcement of any such order shall continue, notwithstanding—

It is the legislative intent that the provisions of such compact be reasonably and liberally construed.

C. 32:29-35 Effective date; execution.

CHAPTER 108

Be it enacted by the Senate and General Assembly of the State of New Jersey:
C. 26:2C-26 Title of act.
1. This act shall be known and may be cited as the "Air Pollution Emergency Control Act (1967)."

C. 26:2C-27 Legislative findings.
2. The Legislature finds and declares that air pollution may at certain times and in certain places so seriously affect the health of the public and so directly threaten the lives of large portions of the population as to warrant the provision of emergency powers as in this act provided to prevent or minimize disasters of unforeseeable proportions.

C. 26:2C-28 Definition of "area."
3. As used in this act "area" means and refers not only to that portion or portions of the State as shall be described in the air pollution emergency declaration of the Governor but also to any other portion or portions of the State where activities are carried on which contribute or may contribute to the air pollution emergency in the portion or portions of the State described in the Governor's declaration.

C. 26:2C-29 Powers of the Governor.
4. If the State Commissioner of Health determines at any time that air pollution, in any county, locality, place or other area in the State constitutes an unreasonable and emergency risk to the health of those present within said area of the State, such determination shall be communicated in writing, with the factual findings on which such determination is based, to the Governor; the commissioner may delegate in writing to any employee of the department the power to make such determination and deliver the same to the Governor in the absence of the commissioner from the State. Upon being so advised the Governor may by proclamation declare, as to all or any part of said area mentioned in the aforesaid determination, that an air pollution emergency exists, and upon making such declaration the Governor shall have the following powers which he may exercise in whole or in part by the issuance of an order or orders:
   (a) To prohibit, restrict or condition motor vehicle travel of every kind, including trucks and buses, in the area;
   (b) To prohibit, restrict or condition the operation of retail, commercial, manufacturing, industrial, or similar activity in the area;
   (c) To prohibit, restrict or condition operation of incinerators in the area;
(d) To prohibit, restrict or condition the burning or other consumption of any type of fuel in the area;
(e) To prohibit, restrict or condition the burning of any materials whatsoever in the area;
(f) To prohibit, restrict or condition any and all other activity in the area which contributes or may contribute to the air pollution emergency.

C. 26:2C-30 Maximum publicity.

5. The declaration by proclamation of the Governor of an air pollution emergency and any order issued by the Governor pursuant to such declaration shall be given maximum publicity throughout the State.

C. 26:2C-31 Duration of emergency.

6. Any gubernatorial order may be amended or modified by further gubernatorial orders. Said order or orders shall not require any judicial or other order or confirmation of any type in order to become immediately effective as the legal obligation of all persons, firms, corporations and other entities within the State. Said order shall remain in effect for the duration of time set forth in same, and if no time limit is specified in said order, same shall remain in effect until the Governor declares by further proclamation that the emergency has terminated.

C. 26:2C-32 Enforcement of orders.

7. The aforesaid orders of the Governor shall be enforced by the Departments of Health, Defense, and the State and local police and air pollution enforcement personnel forces. Those enforcing any Governor's order shall require no further authority or warrant in executing same than the issuance of the order itself. Those authorized to enforce said orders may use such reasonable force as is required in the enforcement thereof, and may take such reasonable steps as are required to assure compliance therewith including, but without limiting the generality of the foregoing, the following:
(a) Entering any property or establishment whatsoever, commercial, industrial, or residential, believed to be violating said order (excepting single or double family homes or any dwelling unit within a multiple dwelling unit larger than a double family home) and, if a request does not produce compliance, causing compliance with said order;
(b) Stopping, detouring, rerouting, and prohibiting motor vehicle travel and traffic;
(c) Disconnecting incinerator or other types of combustion facilities;
(d) Terminating all burning activities;
(e) Closing down or restricting the use of any business, commercial, retail, manufacturing, industrial or other establishment.

Where any person authorized to enforce such an order believes or suspects that same is being violated in a single or double family residence or within the dwelling portion of a larger multiple dwelling unit, said residence or dwelling portion thereof may be entered only upon obtaining a search warrant from any judge having power to issue same.

C. 26:2C-33 Violation; penalties.

8. Any person, firm, corporation or other entity within this State which violates any Governor's order with knowledge of same, or knowingly fails to comply with the directions of those authorized by the Governor to enforce said order, or knowingly interferes with the enforcement of such an order or such directions, shall be guilty of a high misdemeanor and shall be punished by a fine of not more than $100,000.00 or by imprisonment for not more than 10 years, or both.

C. 26:2C-34 Protection.

9. No cause of action against the State or any person authorized by the Governor to enforce any order issued pursuant to this act for false arrests, false imprisonment, or other tort shall arise out of the good faith attempt of such person to enforce such order.

C. 26:2C-35 Public hearing.

10. Any aggrieved person, firm or corporation or other entity upon application to the commissioner shall be granted a public hearing on the question of whether or not the continuance of any such order in whole or in part is unreasonable in the light of the then prevailing conditions of air pollution, the contribution to the same of any particular activity, and the purposes of this act. Said public hearing shall be conducted as quickly as possible by said commissioner who shall give public notice of same. The commissioner shall have the power to compel attendance, testimony, and the production of documents by the use of subpoena powers. The number of witnesses and the extent of testimony shall be within his control. If the commissioner, upon conclusion of such hearing, determines that any such order should be terminated, or modified in any way whatsoever, he shall report such findings and recom-
mendations to the Governor for such action as he deems appropriate.

C. 26:2C-36 Stand-by orders.

11. The commissioner shall promulgate a set of proposed stand-by orders which might be appropriate for use by the Governor upon declaration of the emergency contemplated by this act. Such stand-by control proposals, when approved by the Governor, shall be distributed to the appropriate agencies and to all commercial and industrial concerns throughout this State concerned with enforcement or impact of this act, and notice of their contents shall be given to the public. The commissioner shall promulgate arrangements for the enforcement of said stand-by orders and, upon approval by the Governor, notice of said arrangements shall also be distributed to said authorities, commercial and industrial concerns, and to the general public. Said proposed stand-by orders and arrangements shall not, however, become operative except when directed by the Governor in any order issued by him pursuant to a declaration of emergency under this act.

12. This act shall take effect immediately.
Approved June 15, 1967.

In connection with any such suit it may apply for the appointment of a receiver to manage, operate, and take over the affairs of said housing corporation or housing association.
and the administrator is hereby authorized to accept appointment as receiver of any such housing corporation or housing association when so appointed by a court of competent jurisdiction.

by this act or subject to such limitations as the court may deem advisable to protect the public interest.

In the event of a judgment against any housing corporation or housing association in any action not pertaining to the foreclosure of a mortgage, there shall be no sale of any of the real property of such housing corporation except upon 60 days' written notice to the authority. 18. Section 18 of chapter 184 of the laws of 1949 is amended to read as follows:

18. When the governing body of any municipality in which a project of a housing corporation or housing association is or will be located, by resolution finds that the project is or will be an improvement made for the purposes of the clearance, replanning, development, or redevelopment of any blighted area (as defined in any law of this State) within such municipality, or for any of such purposes, then such project and improvement shall be exempt from all property taxation; provided, that in lieu of taxes the housing corporation or housing association owning said project shall make to the municipality payment of an annual service charge for municipal services supplied to said project, in such amount, not exceeding the tax on the property on which the project is located for the year in which the undertaking of said project is commenced or 15% of the annual gross shelter rents obtained from the project, whichever is the greater, as may be agreed to by the municipality and the housing corporation or housing association and approved by the authority. Any exemption from taxation made pursuant to the provisions of this section shall not extend for a period of more than 50 years and shall only be effective during the period of usefulness of the project as determined by the authority and shall continue in force only while the project is owned by a housing corporation or housing association formed under this act and regulated by the authority or owned or operated by the authority.

20. Section 1 of chapter 69 of the laws of 1950 is amended to read as follows:

C. 55:16-22 Application for release.

1. Notwithstanding any provision of the act to which this act is a supplement to the contrary, any limited-dividend housing corporation or association organized in accordance with the provisions of said act may, at any time after the expiration of 15 years from the date of first tenant occupancy of any duly approved housing project of such corporation or association, apply to the authority for permission to be released from the restrictions and limitations imposed upon it under said act. The authority may approve the application provided it is consented to, by resolution, by the governing body of each municipality in which tax exemption has been granted to any housing project of such corporation, after a finding, by resolution of such governing body, that there no longer exists any housing shortage in the municipality by reason of which the project was originally approved. A duly certified copy of each of such resolutions shall be submitted to the authority. Upon the approval of such application by the authority any tax exemption granted to any housing corporation or association or any project and improvement thereof shall terminate, and such corporation or association and the projects thereof shall not thereafter be subject to the restrictions and limitations imposed thereon by the act to which this act is a supplement. In such event any surplus of such corporation or association then remaining, in excess of the amount required for the repayment of the face amount of investments of stockholders in the capital stock of such corporation or of persons holding any proprietary interest in any housing association plus any cumulative dividends or return on investment at a rate not to exceed 8% per annum, shall be paid to the State of New Jersey; provided, however, that the authority may enter into agreements with any municipality where tax exemption has been provided pursuant to section 18 of the act to which this act is a supplement with respect to any project or projects of such housing corporation or association for the distribution to and apportionment of said surplus between the State and the municipality.

21. This act shall take effect immediately.

Approved June 19, 1967.

permanent mortgage is insured or guaranteed by a governmental agency, any mortgage insurance premium or similar charges, if payable on a per annum basis, shall be considered as interest for the purposes hereof. If there is no permanent mortgage financing the allowable profit rate shall be arrived at by adding 1\(\frac{1}{4}\)% per annum to the interest rate per annum which the municipality determines to be the prevailing rate on mortgage financing on comparable improvements in the locality.

The financial agreement hereinafter provided for shall establish the method of computing such additional revenue and may establish a method of arbitration where either the landlord or the tenant dispute the amount of such payments so included in the annual gross revenue.

(d) A declaration that the association has been organized to serve a public purpose, that its operations shall be directed toward providing for and making possible the clearance, replanning, development or redevelopment of blighted areas or the acquisition, management and operation of a project hereunder; and that it shall, as provided herein, be subject to regulation by the municipality in which its project is situated, and to a limitation on profits for so long as it remains the owner of a project subject to the provisions of this act or the act to which this is a supplement.

(e) A provision that the association shall not voluntarily transfer the project undertaken by it under the terms of this act or the act to which this is a supplement, until it has first removed both itself and the project from all restrictions hereunder in the manner hereinafter set forth; but with a proviso that the foregoing restriction shall not be applied to prevent the transfer of a project
to another urban renewal association or corporation which, with
the consent of the municipality in which the project is located, shall
assume all the contractual obligations of the transferor association
or corporation under its financial agreement with the said munici-
pality.

If the association shall not by reason of any other law be required

a supplement, it shall be subject to the restrictions contained
therein. If such association shall have freed itself and its project
from the restrictions of this act or the act to which this is a supple-
ment and its financial agreement with the municipality, in the
manner provided herein or in the act to which this is a supplement,
it shall no longer exercise any of the special powers or be subject to

22. Section 25 of the act of which this act is amendatory is amended to read as follows:
C. 40:55C-64 Modifications.

25. Modifications of the financial agreement may from time to time be made by agreement between the governing body of the municipality and the corporation or association.

23. Section 26 of the act of which this act is amendatory is amended to read as follows:

C. 40: 55C-65 Tax exemption.

26. The improvements made in the development or redevelopment of a blighted area, pursuant to this act, shall be exempt from taxation for a period of not more than 20 years from the date of the execution of a financial agreement for the development or redevelopment of the property upon which the improvements are to be made pursuant to a financial agreement entered into with the municipality in which said area is situate. Any such exemption shall be claimed and allowed in the same or a similar manner as in the case of other real property exemptions and no such claim shall be allowed unless the municipality wherein said property is situated shall certify that a financial agreement with an urban renewal corporation or association for the development or the redevelopment of the property has been entered into and is in effect as required by the provisions of this act. In event that an exemption status changes during a tax year, the procedure for the apportionment of the taxes for said year shall be the same as in the case of other changes in tax exemption status during the tax year.

The urban renewal corporation or association shall make payment to the municipality of an annual service charge for municipal services supplied to said project, in an annual amount equal to 15% of the annual gross revenues from each unit of the project, if the project is undertaken in units, or from the total project if the project is not to be undertaken in units, for each of the years of operation commencing with the date of the completion of such unit or of the project, as the case may be. Where because of the nature of the development, ownership, use or occupancy of the project or any unit thereof if the project is to be undertaken in units, the total annual gross rental cannot be reasonably ascertained under the provisions of section 12 of this act, the governing body shall provide in the financial agreement that the annual service charge shall be a sum equal to 2% of the total project cost or total project unit cost determined pursuant to section 8 of this act, calculated from first day of the month following the substantial completion of the project or any unit thereof if the project is undertaken in units; provided, however, that in no event shall such
payment together with the taxes on the land, in any year after first occupancy of the project be less than the total taxes assessed on all real property in the area covered by the project in the calendar year immediately preceding the acquisition of the said area by the municipality or its agency.

The aforesaid payment shall be made annually within 30 days after the close of each such calendar year.

Against such annual charge the corporation or association shall be entitled to credit for the amount, without interest, of the real estate taxes on land paid by it in the last 4 preceding quarterly installments. On or before January 15 in each year each taxing district shall report to the county board of taxation, in such form as shall be approved by the Director of the Division of Taxation, the amount of the service charge in excess of the taxes on the land chargeable for the preceding calendar year for each project or unit thereof subject to the provisions of this act. The county tax board shall capitalize the amount so reported by each taxing district by dividing the same by the tax rate per hundred dollars of valuation for the taxing district for the preceding year and multiplying the resultant quotient by 100. The result of such capitalization shall be included in the ensuing table of aggregates in a separate column as locally assessed real estate and shall be equalized in the same manner as other real estate for the purposes of apportionment of county taxes.

At the end of 20 years from the date of the execution of said financial agreement or earlier at the end of 15 years of operation of any unit, if the project is undertaken in units, or of the entire project, if it is not undertaken in units, whichever occurs first, the tax exemption upon said unit, if the project is undertaken in units, or upon the entire project, if the project is not undertaken in units, shall cease and the improvements and any other property of the corporation or association as well as the land shall be assessed and taxed, according to general law, like other property in the municipality.

At the same date all restrictions and limitations upon the corporation or association shall terminate and be at an end upon the corporation's or association's rendering its final account with the municipality.

24. Section 27 of the act of which this act is amendatory is amended to read as follows:
C. 40:55C-66 Limitations.

27. An urban renewal corporation or association operating under this act shall, for the period of its enjoyment of tax exemption as under this act and the financial agreement provided, be subject to limitation of its profits and in addition, in the case of a corporation, of the dividends payable by it. In the event the net profits of the corporation or association for the period (taken as one accounting period) commencing on the date on which the construction of the first unit of the project is completed or on which the project is completed, if it is not undertaken in units and terminating at the end of any fiscal year shall exceed the allowable net profit for such period, the corporation or association shall, within 90 days after the end of such fiscal year, pay such excess profit to the municipality as an additional service charge; provided, however, that the corporation or association may maintain a reserve against vacancies, unpaid rentals and contingencies in an amount not exceeding 10% of the gross revenues of the corporation or association for the fiscal year preceding the date on which a determination is being made and may retain such part of such excess profit as may be necessary to eliminate the deficiency, if any, in said reserve. No association shall make any distribution of profits nor shall any corporation pay or declare any dividend on any shares of any class of its stock, or make any other distributions on account of any shares of any class of its stock unless, after giving effect thereto, the allowable net profit for the period commencing on the date on which construction of the first unit of the project or the project, if it is not undertaken in units, is completed and terminating at the end of the last fiscal year preceding the date of such proposed dividend or distribution would equal or exceed the aggregate amount of all dividends and other distributions paid or declared on any shares of its stock since its incorporation.

Where an urban renewal entity purchases an existing project from another such entity, the purchasing entity shall compute its allowable net profits, and, in the case of a corporation, dividend payments permitted under this section, commencing with the date that it acquires the project. The date of the transfer of title of the project to the purchasing entity shall be considered to be the end of the fiscal year of the selling entity. Within 90 days after the date of such transfer of title, the selling entity shall pay to the municipality a sum equal to the amount of reserve, if any, maintained by the selling entity pursuant to this section, as well as the excess profit, if any, payable pursuant to this section by reason of the treatment of such date as the end of a fiscal year.
25. Section 28 of the act of which this act is amendatory is amended to read as follows:

C. 40:55C-67 Expiration of exemption.

28. The tax exemption provided herein shall apply only so long as the urban renewal corporation or association and its project remain subject to the provisions of this act but in no event longer than 20 years from the date of the execution of the financial agreement. Any corporation or association organized hereunder may, at any time after the expiration of 1 year from the completion date of the project, notify the governing body of the municipality with which it has entered into a financial agreement that, as of a certain date designated in the notice, it relinquishes its status hereunder. As of the date so set, the tax exemption, the service charges and the profit and dividend restrictions shall terminate. Upon any termination of such tax exemption, obligations and restrictions, whether by affirmative action of the corporation or association as above provided or by the provisions of this act or pursuant to the financial agreement made hereunder the date of such termination shall be deemed to be the end of the fiscal year of said corporation or association. Within 90 days after the date of such termination, the corporation or association shall pay to the municipality a sum equal to the amount of the reserve, if any, maintained pursuant to section 27 of this act, as well as the excess profit, if any, payable pursuant to said section 27 by reason of the treatment of such date as the end of a fiscal year.

26. Section 29 of the act of which this act is amendatory is amended to read as follows:

C. 40:55C-68 Competition with public utility.

29. An urban renewal corporation or association shall not have the power, nor shall any financial agreement made pursuant to this act provide that the municipality for its part will undertake, to construct, install, acquire, maintain or operate any property, plant, equipment or facilities which would be competitive with any public utility as the same is defined in section 48:2-13 of the Revised Statutes or competitive with any public utility subject to regulation, supervision or control by any Federal regulatory body.

27. Section 32 of the act of which this act is amendatory is amended to read as follows:

C. 40:55C-71 Interference.

32. If such municipality, or its duly authorized agency, shall determine that the retention of such property in such location will
interfere with the consummation of the project, it shall make an order requiring the public utility using such property to remove, relocate, rearrange or change such property in accordance with such order, and the cost and expense of such removal, relocation, rearrangement or change, including the cost of installing such property in a new location or locations or changed condition, and the cost of any lands or any rights or interest in lands and any other rights acquired to accomplish such removal, relocation, rearrangement or change shall be paid by the municipality or its duly authorized agency as part of the cost of making land available for use by an urban renewal corporation or association. In case of the relocation of any such property the public utility using the same, its successors and assigns, may maintain and operate such property, with the necessary appurtenances, in the new locations for as long a period and upon the same terms and conditions and with the same franchise rights as it had the right to maintain and operate such property in its former location.

28. Section 34 of the act of which this act is amendatory is amended to read as follows:

C. 40:55C-73 Relocation.

34. If any municipality, or its duly authorized agency, as a part of or in connection with any plan, plan of a project or projects initiated or undertaken in accordance with the provisions of this act shall determine that any property owned or used by any public utility as defined in section 48:2-13 of the Revised Statutes, or owned or used by any public utility subject to regulation, supervision or control by a Federal regulatory body, in furnishing any commodity or service which it is authorized by law to furnish, which now is or hereafter may be located in, on, along, over or under any street, avenue, highway, road or other public place or way (herein called "street") shall be removed, relocated, rearranged, changed, reconstructed or abandoned, the cost and expense of the removal, relocation, rearrangement, change, reconstruction or abandonment of such property, including the cost of installing, reconstructing and replacing such property in a new location or locations and the cost of any lands or any rights or interests in lands and any other rights acquired to accomplish such removal, relocation, rearrangement, change, reconstruction or replacement of such property shall be paid by the municipality or its duly authorized agency as a part of the cost of making land available for use by an urban renewal corporation or association. In case of the relocation of any such property the public utility using the same, its successors and
assigns, may maintain and operate such property, with the necessary appurtenances, in the new locations for as long a period and upon the same terms and conditions as it had a right to maintain and operate such property in its former location.

CHAPTER 116

An Act concerning corporations and supplementing Title 14 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 14:12A-1 Acquisition of capital stock.

1. Subject to any applicable limitations upon the acquisition or ownership of capital stock imposed by any other statute of this State, any corporation organized under Title 14 of the Revised Statutes, or under any prior statute therein continued or revised, may in the manner hereinafter provided acquire, in exchange for shares of its capital stock, all of the capital stock, or all of any class of the capital stock, of any other corporation organized
under any law of this State unless such acquisition is expressly prohibited by the certificate of incorporation of either corporation.

C. 14:12A-2 Submit written offer.

2. Such acquiring corporation shall submit by first class mail to all holders of the stock to be acquired a written offer specifying the shares or class of shares to which such offer relates, and prescribing the terms and conditions of such offer, including the method of acceptance thereof and the manner of exchanging the shares to be acquired for shares of the acquiring corporation. Any such offer may provide for the payment of cash in lieu of the issuance of fractional shares of the acquiring corporation.

C. 14:12A-3 Written notice.

3. If, within 120 days after the date of the first mailing of such offer, it shall have been accepted by the holders of not less than \( \frac{2}{10} \) of the shares (or \( \frac{9}{10} \) of the shares of each class if more than one class), to which the offer relates (other than shares already held at the date of the offer by, or by a nominee for, the acquiring corporation or any subsidiary thereof), the acquiring corporation shall, within 60 days after such acceptance, give written notice thereof, by registered mail, return receipt requested, to each holder of such shares who has not accepted the offer. Such notice shall advise him that he may elect either to accept such offer or to receive payment in cash of the market value of his shares and that if, within 30 days after the mailing of such notice, he shall not have made written demand upon the acquiring corporation for such payment for his shares, he shall be deemed to have accepted the offer. If any such shareholder shall make such demand for payment within said 30-day period, either he or the acquiring corporation may, at any time within 30 days after the expiration of said 30-day period, apply for an appraisal of his stock as provided in section 14:12-6 of Title 14 of the Revised Statutes, the pertinent provisions of which section shall in all respects be applicable, except that, subject to any applicable provisions of law in regard to the purchase by a corporation of its own shares, payment of the award of the appraisers (or any amount agreed upon by the parties in lieu thereof) with respect to any shares as to which appraisal proceedings have been instituted may, with the consent of the acquiring corporation, be made by the corporation whose capital stock is acquired pursuant hereto rather than by the acquiring corporation, in which case the holder or holders of such shares shall transfer the same to the corporation making such payment.
4. Within 20 days after the expiration of the period within which shareholders may apply for an appraisal of their shares, the acquir­ing corporation shall make a certificate under its seal and the hands of its president or vice-president and secretary or assistant secretary, setting forth (i) the number of shares of each class of stock as to which appraisal proceedings have been instituted and (ii) the number of shares of each class of stock as to which no such proceedings have been instituted and the number of shares of each class of stock of the acquiring corporation issuable in ex­change therefor. Such certificate shall be acknowledged or proved as in the case of deeds of real estate and shall be filed in the office of the Secretary of State. Upon such filing:

(a) the exchange shall become effective with respect to all shares to which the offer relates and as to which no appraisal proceedings have been instituted;
(b) the acquiring corporation shall cause to be issued to the holders of such shares certificates for the shares of its capital stock to which they respectively are entitled;
(c) all shares in exchange for which stock of the acquiring corporation is so issued shall become the property of the acquiring corporation, irrespective of whether the certificates for such shares have been surrendered for exchange, and the acquiring corporation shall be entitled to have new certificates registered in its name as the holder thereof; and
(d) the acquiring corporation shall hold in trust, for delivery to the persons entitled thereto, certificates for the shares of its capital stock registered in the names of any holders (other than the holders of shares as to which appraisal proceedings have been instituted) who have not surrendered their shares for exchange in accordance with the offer, and shall hold in trust, for payment to the persons entitled thereto, any cash payable in lieu of fra­ctional shares.

5. Whenever a corporation whose capital stock is acquired pursuant to this act is a stock insurance company organized under any law of this State (hereinafter called the insurance subsidiary),

(a) the acquiring corporation shall furnish to the Commissioner of Banking and Insurance such information as he may, from time to time, reasonably request in respect to the honesty and trustworthiness of its directors and officers, and
(b) upon a finding by the Commissioner of Banking and Insurance that the acquiring corporation has failed or refused to take such steps as may be necessary to remove from office any of the directors or officers referred to in section 5(a) hereof whom the commissioner, after hearing upon notice to such acquiring corporation and such officer or director, has found to be a dishonest or untrustworthy person, the commissioner may forthwith take possession of the property and business of the insurance subsidiary as provided in chapter 30 of Title 17 of the Revised Statutes, and

c (c) upon a finding by the Commissioner of Banking and Insurance that access to specified books and records of the acquiring corporation which relate to the condition and affairs of the insurance subsidiary is necessary to the discharge of his regulatory duties with respect to such subsidiary under Title 17 of the Revised Statutes, the commissioner may have access to the books and records which he has so specified and the acquiring corporation shall answer any inquiry by him which is pertinent thereto.

6. This act shall take effect immediately.
Approved June 19, 1967.

CHAPTER 117

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 1 of the act of which this act is amendatory is amended to read as follows:

C. 14:12-10 Corporation mergers.

1. Any corporation, except as hereinafter in this section specified, now or hereafter organized under any law or laws of this State for the purpose of carrying on any kind of business, owning at least 90% of the outstanding shares of each class of stock of any other corporation of this State or owning at least 90% of the outstanding shares of each class of stock of any other corporation
now or hereafter organized under the laws of any other State of the United States of America if the laws of the State under which said corporation of another State is formed shall permit a merger as herein provided, may merge into itself said other corporation (hereinafter called the "subsidiary"), notwithstanding that said corporations may not have been organized for the purpose of carrying on business of the same or a similar nature, by filing in the office of the Secretary of State a certificate of such ownership and merger in its name and under its corporate seal, signed by its president or a vice-president, and its secretary or treasurer or assistant secretary or assistant treasurer, and setting forth a copy of the resolution of its board of directors to merge the subsidiary and to assume all obligations of the subsidiary and the date of the adoption thereof; provided that, if the parent corporation does not own all the outstanding stock of the subsidiary said resolution shall state the terms and conditions of the merger, including the securities, cash or other consideration to be issued, paid or delivered by the parent corporation upon surrender of each share of the subsidiary not owned by the parent corporation. Upon the filing of such certificate of ownership and merger, all of the estate, property, rights, privileges and franchises of the subsidiary shall vest in and be held and enjoyed by such parent corporation as fully and entirely and without change or diminution as the same were before held and enjoyed by the subsidiary, and be managed and controlled by such parent corporation, in its name, but subject to all liabilities and obligations of the subsidiary and the rights of all creditors thereof. The parent corporation shall not thereby acquire power to engage in any business, or to exercise any right, privilege or franchise, of a kind which it could not lawfully engage in or exercise under its certificate of incorporation or charter in effect immediately prior to such merger. The parent corporation shall be deemed to have assumed all the liabilities and obligations of the subsidiary, and shall be liable in the same manner as if it had itself incurred such liabilities and obligations.

If the corporations to be merged hereunder are both corporations organized under the laws of this State and, immediately prior to the merger, the parent corporation does not own all the outstanding stock of the subsidiary, the parent corporation shall, within 10 days after the filing of the aforesaid certificate of ownership and merger in the office of the Secretary of State, notify each minority stockholder of the subsidiary of the filing of such certificate, the terms and conditions of the merger, and such stockholder’s right to object
and receive payment for his stock as hereinafter provided. The notice shall be sent by registered mail, return receipt requested, addressed to the stockholder at his last known address as it appears on the books of the subsidiary. If any such stockholder shall within 20 days after the date of mailing of the notice object in writing to said merger and demand in writing from the parent corporation payment for his stock, the parent corporation shall, within 30 days after the expiration of said 20-day period, pay to him the full market value of his stock without regard to any depreciation or appreciation thereof in consequence of the merger. If during said 30-day period the parent corporation and the objecting stockholder fail to agree as to such value of his stock, such stockholder or the parent corporation may, within 30 days after the expiration of said 30-day period, apply for the appointment of appraisers to determine such value as provided in section 14:12-6 of the Revised Statutes, all the pertinent provisions of which section shall be applicable, except that nothing herein or in said section contained shall be deemed to confer any right of dissent and appraisal upon any stockholder of the parent corporation.

The provisions of this section shall not apply to any railroad, turnpike, insurance, canal or banking companies, savings banks, or other corporations intended to derive profit from the loan or use of money.

Whenever the parent corporation or the subsidiary is a public utility as defined in Title 48 of the Revised Statutes, the merger shall not be effective unless the approval thereof by the Board of Public Utility Commissioners shall first be had and obtained.

2. This act shall take effect immediately.

Approved June 19, 1967.

Be it enacted by the Senate and General Assembly of the State of New Jersey:
Validating act.

All proceedings heretofore had or taken by any school district or at any school district meeting or election for the authorization or issuance of bonds of the school district, and any bonds or other obligations of the school district issued or to be issued in pursuance of a proposal adopted by the legal voters at such meeting or election, are hereby ratified, validated and confirmed, notwithstanding that the adoption of such proposal authorized the board of education to issue bonds the principal amount of which, added to the amount of all the bonds and notes of the school district then issued and outstanding or authorized but unissued less the amount of any sinking funds held for payment of the same, exceeded any limitation or other restriction prescribed by section 18:5-84 of the Revised Statutes, and such proposal did not disclose or correctly disclose the effect thereof on the borrowing margin of any municipality comprised with the school district in compliance with the provisions of section 18:5-85 of the Revised Statutes; provided, however, that supplemental debt statements and school debt statements, prepared and filed as of a date not more than 60 days prior to such meeting or election show that the percentage of net debt of the municipality as stated in any such supplemental debt statement does not exceed any limitation or restriction prescribed by section 40A:2-6 of the New Jersey Statutes; and provided further, that no action, suit or other proceeding of any nature to contest the validity of such meeting or election has heretofore been instituted prior to the date on which this act takes effect and within the time fixed therefor by or pursuant to law or rule of court, or, when such time has not theretofore expired, is instituted within 30 days after the effective date of this act.

5. Section 2A:37-31 of the New Jersey Statutes is amended to read as follows:

(3) Except for property reported in the aggregate, the date when the property became payable, demandable or returnable or the date of the last transaction with the owner with respect to the property.

(4) Such other information which the State Treasurer may by regulation require for the purpose of administering this article.

The State Treasurer is authorized to adopt reasonable rules and regulations pertaining to the reporting of property required by this section for the purpose of administering this article.

(b) The report shall be filed before November 1 of each year and shall contain all information as of June 30 next preceding. The State Treasurer may, for cause shown, postpone the reporting date, for a reasonable time, upon written request by any person required to file a report.

(c) Verification, if made by a partnership or limited partnership, shall be executed by a general partner. If made by a private corporation or any unincorporated business or financial association by an officer; if made by a public corporation or other agency by its chief fiscal officer.

6. Section 2A:37-32 of the New Jersey Statutes is amended to read as follows:

Publication and mailing of notices.

2A:37-32. (a) Within 120 days from the filing of the report required by this article, the State Treasurer shall cause notice to be published at least once each week for 2 successive weeks in an English language newspaper of general circulation in the county in which is located the last known address of any person to be named in the notice. If no address is listed or if the address is outside this State, the notice shall be published in an English language newspaper of general circulation in Mercer county.

(b) The published notice shall be entitled, "Notice of Names of Persons Appearing to be Owners of Abandoned Property" and shall contain:

(1) The names, if known, the last known addresses, if any, of persons listed in the report and entitled to notice as herein provided.

7. Section 2A:37-33 of the New Jersey Statutes is amended to read as follows:

Payment to operate as a release.

2A:37-33. Every person who has filed a report required by section 2A:37-31 shall within 20 days after the expiration of the time specified in section 2A:37-32 for claiming the property from the holder pay or deliver to the State Treasurer the property specified in the report except that if the owner established his right to receive said property to the satisfaction of the holder within the time specified in section 2A:37-32 or if it appears that for some other reason the presumption of abandonment is erroneous, the holder need not pay or deliver the property which will no longer be presumed abandoned to the State Treasurer, but in lieu thereof shall file a verified written explanation of the proof of claim or of the error in presumption of abandonment. If the report required by section 2A:37-31 contains any item of property which the State Treasurer determines is without sufficient substance or value, he may inform the person reporting that the State will not take said item of property because of its worthless nature.

The payment of the said moneys by the corporation, organization or other person to the State Treasurer pursuant to the provisions of this article shall, as respects such moneys, automatically operate as a full, absolute and unconditional release and discharge of the corporation or other person from any and all claims, demands or liability to the person whose moneys have been paid to the treasurer, and such payment may be pleaded as an absolute bar to any
action brought against such corporation or other person by any
person whatsoever. Any right to such moneys which any claimant
may have shall thereby be transferred against, and shall become the
obligation of the State.

8. Section 2A:37–35 of the New Jersey Statutes is amended to
read as follows:

Appointment of escheator; payment of fee.

2A:37–35. Whenever, by reason of information filed with the

to the provisions of this article has not been reported and paid to
the State Treasurer, he shall appoint some suitable person or
persons to act as escheator of such property.

Such escheator, when so appointed, shall proceed and furnish to
the Attorney General all the facts, information and evidence nec­
essary to permit the enforcement of the State’s rights to such
property under this article.

After it is established that such property reported to the Attor­
ney General is subject to the provisions of this article and the prop­
erty has been reported and delivered to the State Treasurer as
provided in this article, the State Treasurer shall so inform the
Attorney General. Thereupon the Attorney General shall certify
to the State Treasurer his appointment of the escheator and the
State Treasurer shall pay the escheator 5% of the moneys so de­

9. Section 2A:37–36 of the New Jersey Statutes is amended to

Action in Superior Court; hearing; penalty.

2A:37–36. The Attorney General, or the attorney-at-law, de­

New Jersey, a summary action in the Superior Court for the escheat
of the said moneys to the State of New Jersey. The hearing in the
action shall be not less than 20 days nor more than 40 days after
the commencement of the action.

Any person who wilfully fails to make the report required by this
article or who wilfully fails to pay or deliver abandoned property
to the State Treasurer as required by this article shall be subject
to a penalty of $25.00 for each day the said wilful failure to make a
report or wilful failure to pay or deliver the property continues,
which penalty shall not exceed $1,000.00. The penalty may be re­
covered in a summary manner as provided in the Penalty Enforce­
ment Law.
10. Section 2A:37-41 of the New Jersey Statutes is amended to read as follows:

**Moneys placed in separate fund; use.**

2A:37-41. When the State Treasurer receives money under the provisions of this article, he shall forthwith pay 3/4 of the amount thereof into the State treasury for the use of the State. The remaining 1/4 shall be administered by him as a special trust fund for the purpose hereinafter provided. Such special trust fund shall be deposited in the manner provided by law for the deposit of State funds. At the end of each calendar year any amount of such unclaimed funds, which shall have been a part of such special trust fund for a period of 5 years or longer, shall be paid to the State treasury for the use of the State. Any interest received upon any deposit of such moneys shall be the property of the State.

11. Section 2A:37-43 of the New Jersey Statutes is amended to read as follows:

**Treasurer authorized to repay.**

2A:37-43. Any person claiming an interest in any property delivered to the State Treasurer under the provisions of this article may file a claim thereto on the form prescribed by the State Treasurer.

The State Treasurer or his duly designated representative shall consider any claim for repayment filed under this article and may hold a hearing and receive evidence concerning said claim. If a hearing is held, a finding and a decision in writing on each claim shall be filed. Therein it shall be stated the substance of any evidence presented and the reasons for the decision. The decision shall be a public record.

Any claim which is accepted by the State Treasurer or which may be ordered paid by him by a court of competent jurisdiction shall be paid out of the special trust fund in his custody pursuant to the provisions of this article. In the event such special trust fund shall be insufficient, it shall be paid out of general unappropriated funds of the State to the extent of the total of the moneys paid to the State Treasurer under this article and unexpended in payment of such claims. The State Treasurer shall keep in his office a record of each delivery or payment of abandoned property to him which shall be open to any person who has an interest therein.

The person who made delivery or payment of abandoned property to the State Treasurer shall retain his records in connection with the abandoned property for a period of 5 years after the payment or delivery of the abandoned property to the State Treasurer. Such records shall be made available to the State Treasurer upon request in the event of any claim against the State for payment of
all or any part of the abandoned property by a person claiming entitlement thereto.

12. Section 2A:37–44 of the New Jersey Statutes is amended to read as follows:

Effect upon proceedings already commenced.

2A:37–44. Whenever a proceeding to escheat personal property heretofore delivered to the custody of the State Treasurer under the provisions of this article has been commenced in the Superior Court and shall be pending in the Superior Court, such proceeding shall, upon application by the Attorney General or an attorney at law designated by him to prosecute such action, be dismissed by the Superior Court. In the order dismissing such proceeding the court shall provide for the payment of reasonable fees for the legal services required to be performed by any attorney at law designated by the Attorney General to prosecute such proceeding. Any fee so allowed shall be paid by the State Treasurer after he has been served with a certified copy of the order. The funds which were the subject of such proceeding shall be treated by the State Treasurer in the same manner as is provided for funds delivered into the custody of the State Treasurer under section 2A:37–41.

Whenever a proceeding for custody of personal property has been commenced in the Superior Court and shall be pending in the Superior Court the said proceeding shall continue to judgment in the same manner as heretofore, provided, however, that upon application of the defendant and the Attorney General, if it is shown to the court that the defendant will report and make payment of the unclaimed personal property, which is the subject of the said proceeding, under the administrative procedure provided in this article, as amended, the court shall enter an order dismissing the said proceeding. Funds delivered to the State Treasurer pursuant to a judgment for custody shall be treated by the State Treasurer in the same manner as funds delivered under the administrative procedure.

Whenever a proceeding for custody of personal property has been commenced in the Superior Court and shall be pending in the Superior Court and it shall appear to the best interests of the State of New Jersey and the defendant to settle the issues in dispute by a compromise, the proceeding shall continue to final judgment and with the approval of the Superior Court the final judgment may contain an appropriate provision for reimbursement to the defendant by the State Treasurer in accordance with this section of moneys delivered by the defendant to the protective custody of the State Treasurer pursuant to the final judgment. Any provision in the final judgment for reimbursement by the State Treasurer
to the defendant shall be exclusively limited to allow for the reopening of the final judgment only in the event a later claim to the same moneys delivered by the defendant to the State Treasurer for protective custody is successfully prosecuted to judgment by another State, provided, however, that the final judgment shall not be reopened and reimbursement shall not be made by the State Treasurer to the defendant unless defendant shall have given prompt and timely notice in writing to the Attorney General of New Jersey of any pending claim of another State to the identical moneys held in the protective custody of the State Treasurer pursuant to the final judgment. The Superior Court shall retain jurisdiction of any proceeding so settled by a compromise for the purpose of reopening the final judgment and making reimbursement to the defendant in accordance with the provisions of this section.

Repealed.

14. All moneys heretofore delivered to the State Treasurer for custodial safekeeping under the provisions of article 3, chapter 37, Title 2A of the New Jersey Statutes and which remain in the custody of the State Treasurer, shall hereafter be treated by the State Treasurer in the same manner as is provided in N. If the State Treasurer shall have invested or loaned any moneys heretofore received by him for custodial safekeeping under the provisions of article 3, chapter 37, Title 2A of the New Jersey Statutes he shall upon the repayment of the moneys so invested or loaned treat said moneys in the same manner as is provided in N. J. S. 2A:37-41 as amended by this act.

15. This act shall be construed in its entirety and its provisions are not severable. If any section, subsection or provision of this act shall be declared and held to be invalid, the entire act shall be inoperative and the sections of the law hereby amended or repealed shall then again become effective as though this act had not been enacted.

16. This act shall take effect immediately.

C. 40:37B-20 Conditions of private sale.
20. All bonds shall be sold at public sale upon sealed proposals, except that bonds may be sold at private sale:
   (a) without any previous public offering
      (1) if constituting all or part of an authorized issue of $20,000.00 or less; or
      (2) if sold to any board, body, agency, commission, instrumentality, district, authority or political subdivision of any local unit, or of the State, or of the Federal Government; or

Any purchaser of bonds at private sale, other than a public body, shall deposit a certified or cashier’s or treasurer’s check drawn upon a bank or trust company in an amount equal to 5% of the amount of bonds purchased and such amount shall be applied as in the case of a deposit made at a public sale.

(b) All bids for bonds shall be publicly opened and announced at the advertised time and place of sale. Such bids as comply with the terms of the notice of sale shall be considered, and any bid not complying with the terms of such notice may be rejected. All bids received may be rejected.

(c) Bonds of 2 or more issues may be sold on the basis of combined maturities, or the maturities of each issue offered for sale.

(d) Bonds may be offered for sale at a single rate of interest, or bidders may be requested to name a single rate of interest, but no proposal shall be considered which offers to pay less than the principal amount of bonds offered for sale or which names a rate of interest higher than the lowest rate of interest stated in any legally acceptable proposal.

As between proposals naming the same lowest rate of interest, the proposal offering to accept the least amount of bonds shall be accepted, the bonds to be accepted shall be those first maturing, and as between such proposals, the proposal offering to pay the greatest premium shall be accepted. The amount of premium bid for the bonds shall in no event exceed $1,000.00 for the principal amount of bonds offered for sale. In order to effect the foregoing, a sufficient number of the last maturing bonds shall be of the denomination of $1,000.00 or less.

(e) Bonds may be offered for sale at different rates of interest for the same issue or different rates of interest for different issues, or parts thereof, or bidders may be requested to name any such rates of interest. No proposal shall be considered which offers to pay an amount less than the principal amount of bonds offered for sale or under which the total loan is made at an interest cost higher than the lowest net interest cost to the authority under any legally acceptable proposal. Such net interest cost shall be computed in each instance by adding to the total principal amount of bonds bid for, the total interest cost to maturity in accordance with such bid and by deduction therefrom of the amount of premium, if any, bid.
(f) The authority may establish additional terms or conditions of sale.

C. 40:37B-23 Designation of authority to sell.
23. The authority, by resolution, may designate its treasurer to sell and award bonds in accordance with the advertised terms of public sale. The treasurer making any such sale shall report in writing to the authority at the next meeting thereof as to the principal amount, interest rate, and maturities of the bonds sold, the price obtained and the name of the purchaser.

A municipal bond dealer, banker, or financial expert may be engaged or employed as a financial advisor to provide financial services in connection with the sale of obligations, including the preparation of a bidding circular or prospectus, but no such financial advisor shall purchase any such obligations at any public or private sale, but any such purchase shall not affect the validity of the obligations and the authority shall recover any compensation and profit resulting therefrom to such financial advisor.

C. 40:37B-25 Publication of notice of sale.
25. An authority shall cause a copy of any bond resolution adopted by it to be filed for public inspection in its office and in the
office of the clerk of the governing body of the county and may thereupon cause to be published at least once in a newspaper published or circulating in the county a notice stating the fact and date of such adoption and the places where such bond resolution has been so filed for public inspection and also the date of the first publication of such notice and also stating that any action or proceeding of any kind or nature in any court questioning the validity or proper authorization of bonds provided for by the bond resolution, or the validity of any covenants, agreements or contracts provided for by the bond resolution shall be commenced within 20 days after the first publication of such notice. If any such notice shall at any time be published and if no action or proceeding questioning the validity or proper authorization of bonds provided for by the bond resolution referred to in said notice, or the validity of any covenants, agreements or contracts provided for by said bond resolution shall be commenced or instituted within 20 days after the first publication of said notice, then all residents and taxpayers and owners of property in the county and all other persons shall be forever barred and foreclosed from instituting or commencing any action or proceeding in any court, or from pleading any defense to any action or proceeding, questioning the validity or proper authorization of such bonds, or the validity of such covenants, agreements or contracts, and said bonds, covenants, agreements and contracts shall be conclusively deemed to be valid and binding obligations in accordance with their terms and tenor.

C. 40:37B-26 Additional conditions of sale.

A special permit issued by the director shall be in the possession of the operator of the vehicle for which such permit was issued. In computing any dimensions of a vehicle, or vehicle and load, for the purposes of this section, there shall not be included in the dimensional limitations safety appliances such as mirrors or lights, or chains or similar fasteners used for the securing of cargo, provided such appliances or fasteners do not exceed the over-all limitations established by the director by rule or regulation.

   In the case of an omnibus the maximum width and length dimensions shall be such as the Board of Public Utility Commissioners prescribe, but no outside width in excess of 96 inches shall be prescribed with respect to one or more highways specified or otherwise described except upon certifications, (1) of the Division of Motor Vehicles in the Department of Law and Public Safety that the proposed width is not unsafe for use on the highways in this State and (2) of the State Highway Department that the proposed width, if in excess of 96 inches, is not in conflict with the requirements of any agency of the United States having jurisdiction over the...
National System of Interstate and Defense Highways authorized by law. No outside width so prescribed shall be valid if the allowance of use of the same would disqualify the State of New Jersey or any department, agency or governmental subdivision thereof for the purpose of receiving Federal highway funds.

The gross weight imposed on the highway by the wheels of any one axle of a vehicle shall not exceed 22,400 pounds.

For the purpose of this Title the gross weight imposed on the highway by the wheels of any one axle of a vehicle shall be deemed to mean the total load transmitted to the road by all wheels whose centers are included between 2 parallel transverse vertical planes less than 40 inches apart, extending across the full width of the vehicle.

The combined gross weight imposed on the highway by all wheels of all axles whose centers are on or between 2 parallel transverse vertical planes spaced 40 inches, but less than 96 inches apart, extending across the full width of the vehicle, shall not exceed 32,000 pounds.

In addition to the other requirements of this section and notwithstanding any other provision of this Title, no commercial motor vehicle, tractor, trailer or semitrailer shall be operated on any
highway in this State with a combined weight of vehicle and load, an axle weight or a vehicle dimension the allowance of which would disqualify the State of New Jersey or any department, agency or governmental subdivision thereof for the purpose of receiving Federal highway funds.

CHAPTER 145

An Act concerning insurance, amending "An act relating to the licensing, regulation and supervision of insurance agents, insurance brokers and insurance solicitors, supplementing chapters 22, 32 and 36 of Title 17 of the Revised Statutes and repealing sections 17:22-1, 17:22-2, 17:22-3, 17:22-4, 17:22-5, 17:23-3, 17:32-6 and 17:32-11 of the Revised Statutes and section 1 of 'An act concerning the licensing of agents for insurance companies in certain cases, supplementing chapter 22 of Title 17, and amending section 17:33-1 of the Revised Statutes,' approved May 16, 1941 (P. L. 1941, c. 118)," approved April 20, 1944 (P. L. 1944, c. 175).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 9 of the act of which this act is amendatory is amended to read as follows:

C. 17:22-6.9 Personal examination.

9. After the receipt of such application in due form, properly verified and certified, it shall be the duty of the commissioner or his deputy, or any salaried employee of the department designated by the commissioner, within a reasonable time and in a place reasonably accessible to the applicant, to subject each first-time
applicant for license and if the commissioner deems necessary, any applicant for renewal of license, to personal examination in order to determine his trustworthiness and competency to act as such agent, broker or solicitor. If the applicant for a broker’s or solicitor’s license be a broker, solicitor or agent licensed in another State, the commissioner may waive such examination; provided, the State issuing such license requires no like examination of licensed brokers, solicitors or agents of this State. The commissioner shall have the power to enter into written reciprocal agreement with other States where he deems same to be necessary. If the application is for license as an insurance agent, either first-time or for an additional group or groups of insurance, the commissioner may waive the examination if, at the time, the applicant has previously passed the examination for and holds an unexpired broker’s license issued in accordance with the provisions of this act, or if the application is for a license as an insurance agent, broker or solicitor and the applicant is a citizen of this State and has served in the Armed Forces of the United States in any war and has been honorably discharged or released under conditions other than dishonorable and was the holder at any time of an agent’s certificate of authority or license, a broker’s license or a solicitor’s license, in this State, the commissioner may waive examination, for license for the same kind or kinds of insurance the applicant was previously authorized to transact. When it is shown from such application and examination, except where waived, that the applicant

(a) intends in good faith to act as an insurance agent, broker or solicitor, and

(b) is actively to engage in the general insurance business, or a particular group or groups thereof with the general public, and

(c) is of good reputation, and

(d) has had experience or training, or is otherwise qualified by education in the kind or kinds of insurance for which he desires to be licensed, and

(e) is a resident of this State or has his principal office for the conduct of such business in this State (unless such application be for a nonresident broker’s or solicitor’s license), and

(f) is reasonably familiar with the insurance laws of this State, and with the provisions, terms and conditions of the policies or contracts he is proposing to solicit, negotiate or effect, and

(g) he is then engaged in or intends to engage in the business of writing or negotiating insurance as his principal business or
occupation or as a substantial part thereof, separate and apart from any connection which he may have with any partnership or corporation whose principal business is lending of money, and

(h) is not seeking such license principally for the purpose of negotiating or writing insurance on property owned by him, or in which he has an insurable interest, or on property or insurable interests of a relative or his employer, and

(i) is worthy of a license, and

(j) has not been convicted of a crime involving moral turpitude, the commissioner shall issue to the applicant a license to transact business in this State as an insurance agent, broker or solicitor, as the case may be. A license may be issued by the commissioner to and in the name of any copartnership or corporation engaged in the insurance brokerage business upon written request and payment of the $25.00 fee prescribed in section 13 of this chapter; provided, all members of the copartnership or all of the officers of the corporation, as the case may be, actively engaged in the insurance brokerage business of the copartnership or corporation in this State hold an unexpired license as an insurance broker issued in accordance with the provisions of this act. Where the request is for license in the name of a corporation organized under the laws of a foreign State or jurisdiction and it shall appear in the application, by affidavit of the president or other officer of a foreign corporation, that the sole business sought to be transacted by it is that of a broker, as herein defined, the commissioner may grant such license, notwithstanding the corporation has not complied with the provisions of the general corporation act and obtained a license thereunder to transact business in this State, if with the first request for such license the corporation shall file with the commissioner a duly executed power of attorney as is required in section 7 of this act to be filed by a nonresident individual applicant for a broker’s license. Licenses so issued shall expire annually as follows:

To agents on April 30; and to brokers and solicitors on October 31, unless sooner revoked by the commissioner for cause as provided in this act. A license so issued to a solicitor shall be suspended upon termination of the required established solicitor relationship but shall be reinstated upon a written request from another licensed agent or broker with whom such solicitor has established a solicitor relationship.

2. Section 24 of the act of which this act is amendatory is amended to read as follows:

24. No agent of any insurance company authorized to transact in this State the business of life insurance, or life, accident and health insurance shall make or procure to be made, or act or aid in any manner in the negotiation of any such insurance for such a company in this State until such agent procures from the commissioner a certificate of authority so to do, which shall state in substance that the company is authorized to do business under the laws of this State, and that the person, copartnership or corporation named therein is the constituted agent of the company for the transaction of business. Upon receipt of a certificate by the company of its appointment of a suitable person, copartnership or corporation to act as its agent in this State, the commissioner shall, if the facts warrant it, grant the certificate, which shall continue in force until May 1 next after its issue, and by renewal thereof before May 1 of each year until suspended or revoked by the commissioner or until the appointment of the agent is revoked by written notice from the company to that effect, filed with the commissioner.

The commissioner may issue a certificate of authority to and in the name of any copartnership or corporation under the provisions of this section; provided all members of the copartnership or all officers of the corporation, as the case may be, actively engaged in the life insurance or life, accident and health insurance business of the copartnership or corporation in this State hold an unexpired certificate of authority issued in accordance with the provisions of this section.

No certificate of authority shall be issued by the commissioner under the provisions of this section to an individual first-time appointee as such agent until he has qualified by personal examination, to the satisfaction of the commissioner, as to his trustworthiness and competency to act as such agent. The fee for such examination shall be $5.00; but no such examination fee shall be required if such appointee shall, concurrently with the examination taken hereunder, also take an examination for an agent’s, broker’s or solicitor’s license under section 9 of this act and shall pay the examination fee required therefor. The commissioner may waive the examination otherwise required by this section of any first-time appointee who (a) holds an unexpired broker’s license issued in accordance with the provisions of this act, or (b) is a nonresident and the holder of a license or certificate of authority to act as such agent in the State wherein he resides, or in which he maintains
his principal office for the conduct of his insurance business if that be other than the State in which he resides, provided, the State issuing such license or certificate requires no like examination of agents of this State, or (e) is a citizen of this State and has served in the Armed Forces of the United States in any war and has been honorably discharged or released under condition other than dishonorable and was the holder at any time of an agent's certificate of authority or a broker's license in this State, which authorized such veteran to transact the business of life insurance. In granting a license to a nonresident applicant, under paragraph (b) the commissioner shall have the power to enter into written reciprocal agreements with other States where the commissioner deems same to be necessary. No examination shall be required as prerequisite to the issuance of a certificate of authority to any ticket selling agent of a railroad company, steamship company, carrier by air, or public bus carrier, who shall act thereunder as agent of any company subject to this section only in reference to the issuance of accident insurance tickets.

Regular salaried officers or employees of any company subject to this section who do not receive any part of the commission paid on business which they may solicit, or agents of any such company for collecting premiums and servicing policies on a debit who do not solicit or accept applications for the kinds of insurance to which this section applies, may act on behalf of the company without a certificate of authority hereunder.

The commissioner, after 10 days' notice in the form of a show-cause order, given in writing to the holder of a certificate of authority, and after a hearing held in conformity with said show-cause order may as an alternative to or in addition to other penalties provided by law revoke the certificate of authority or refuse to renew the same, or suspend the same for a limited period of time, if he shall find that the holder of such certificate

(a) has willfully violated any provision of the insurance laws of this State, or

(b) has intentionally made a material misstatement in the application for such certificate of authority, or

(c) has misappropriated or converted to his own use or illegally withheld money belonging to an insurer or an insured or beneficiary, or

(d) has obtained or has used such certificate not for the purpose of holding himself out to the general public as a life, or life, accident and health insurance agent, but primarily for the purpose of
soliciting, negotiating or procuring life or accident and health insurance or annuity contracts covering himself, members of his family, members or employees of any organization of which the holder is an officer, or officers or employees of a firm, partnership or corporation in which the holder or his mother, father, sister, brother or wife or combination of such persons owns a controlling interest, or

(e) has been convicted after obtaining his certificate of authority of a crime involving moral turpitude, or

(f) has paid all or part of his commission to a person who does not hold a certificate of authority hereunder or a broker's license as compensation for services rendered in the solicitation or sale of life, health, or accident insurance in this State or to a person who is not properly licensed as agent or broker under the laws of another State as compensation for services rendered in the solicitation or sale of life, health or accident insurance in that State, or

(g) has otherwise demonstrated unworthiness, bad faith, dishonesty, or incompetency to act as a life insurance agent.

The commissioner shall have the power to conduct investigations, to administer oaths, to interrogate holders of certificates of authority, to issue subpoenas signed by him or in his behalf by his deputy, or by an employee of the department authorized by the commissioner so to do, and to compel witnesses to answer at any hearing. Said subpoenas shall be served in the same manner and the witnesses shall be entitled to the same fees as in the case of subpoenas issued out of the Superior Court of New Jersey. In case of a failure of any person to comply with any subpoena issued hereunder or to testify with respect to any matter concerning which he may be lawfully interrogated, the Superior Court, on application of the commissioner, may issue an order requiring the attendance of such persons and the giving of testimony or production of evidence. Any person failing to obey the court's order may be punished by the court as for contempt.

The revocation, refusal to renew, or suspension of a certificate of authority by the commissioner under this section shall be subject to review in the Superior Court by a proceeding in lieu of prerogative writ.

3. This act shall take effect immediately.

Approved July 7, 1967.
CHAPTER 146

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 12A:1-201 of the New Jersey Statutes is amended to read as follows:

General definitions.

Subject to additional definitions contained in the subsequent chapters of this act which are applicable to specific chapters or subchapters thereof, and unless the context otherwise requires, in this act:

1. "Action" in the sense of a judicial proceeding includes recoupment, counterclaim, set-off, suit in equity and any other proceedings in which rights are determined.

2. "Aggrieved party" means a party entitled to resort to a remedy.

3. "Agreement" means the bargain of the parties in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this act (12A:1-205 and 2-208). Whether an agreement has legal consequences is determined by the provisions of this act, if applicable; otherwise by the law of contracts (12A:1-103). (Compare "Contract").

5. "Bearer" means the person in possession of an instrument, document of title, or security payable to bearer or indorsed in blank.

6. "Bill of lading" means a document evidencing the receipt of goods for shipment issued by a person engaged in the business of transporting or forwarding goods, and includes an airbill. "Airbill" means a document serving for air transportation as a bill of lading does for marine or rail transportation, and includes an air consignment note or air waybill.

7. "Branch" includes a separately incorporated foreign branch of a bank.
(8) "Burden of establishing" a fact means the burden of persuading the triers of fact that the existence of the fact is more probable than its nonexistence.

(9) "Buyer in ordinary course of business" means a person who in good faith and without knowledge that the sale to him is in violation of the ownership rights or security interest of a third party in the goods buys in ordinary course from a person in the business of selling goods of that kind but does not include a pawnbroker. "Buying" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a pre-existing contract for sale but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(10) "Conspicuous": A term or clause is conspicuous when it is so written that a reasonable person against whom it is to operate ought to have noticed it. A printed heading in capitals (as: NON-NEGOTIABLE BILL OF LADING) is conspicuous. Language in the body of a form is "conspicuous" if it is in larger or other contrasting type or color. But in a telegram any stated term is "conspicuous." Whether a term or clause is "conspicuous" or not is for decision by the court.

(11) "Contract" means the total legal obligation which results from the parties' agreement as affected by this act and any other applicable rules of law. (Compare "Agreement").

(12) "Creditor" includes a general creditor, a secured creditor, a lien creditor and any representative of creditors, including an assignee for the benefit of creditors, a trustee in bankruptcy, a receiver in equity and an executor or administrator of an insolvent debtor's or assignor's estate.

(13) "Defendant" includes a person in the position of defendant in a cross-action or counterclaim.

(14) "Delivery" with respect to instruments, documents of title, chattel paper or securities means voluntary transfer of possession.

(15) "Document of title" includes bill of lading, dock warrant, dock receipt, warehouse receipt or order for the delivery of goods, and also any other document which in the regular course of business or financing is treated as adequately evidencing that the person in possession of it is entitled to receive, hold and dispose of the document and the goods it covers. To be a document of title a document must purport to be issued by or addressed to a bailee and purport to cover goods in the bailee's possession which are either identified or are fungible portions of an identified mass.
(16) “Fault” means wrongful act, omission or breach.
(17) “Fungible” with respect to goods or securities means goods or securities of which any unit is, by nature or usage of trade, the equivalent of any other like unit. Goods which are not fungible shall be deemed fungible for the purposes of this act to the extent that under a particular agreement or document unlike units are treated as equivalents.
(18) “Genuine” means free of forgery or counterfeiting.
(19) “Good faith” means honesty in fact in the conduct or transaction concerned.
(20) “Holder” means a person who is in possession of a document of title or an instrument or an investment security drawn, issued or indorsed to him or to his order or to bearer or in blank.
(21) To “honor” is to pay or to accept and pay, or where a credit so engages to purchase or discount a draft complying with the terms of the credit.
(22) “Insolvency proceedings” includes any assignment for the benefit of creditors or other proceedings intended to liquidate or rehabilitate the estate of the person involved.
(23) A person is “insolvent” who either has ceased to pay his debts in the ordinary course of business or cannot pay his debts as they become due or is insolvent within the meaning of the Federal bankruptcy law.
(24) “Money” means a medium of exchange authorized or adopted by a domestic or foreign government as a part of its currency.
(25) A person has “notice” of a fact when
(a) he has actual knowledge of it; or
(b) he has received a notice or notification of it; or
(c) from all the facts and circumstances known to him at the time in question he has reason to know that it exists.
A person “knows” or has “knowledge” of a fact when he has actual knowledge of it. “Discover” or “learn” or a word or phrase of similar import refers to knowledge rather than to reason to know. The time and circumstances under which a notice or notification may cease to be effective are not determined by this act.
(26) A person “notifies” or “gives” a notice or notification to another by taking such steps as may be reasonably required to inform the other in ordinary course whether or not such other actually comes to know of it. A person “receives” a notice or notification when
(a) it comes to his attention; or
(b) it is duly delivered at the place of business through which the contract was made or at any other place held out by him as the place for receipt of such communications.

(27) Notice, knowledge or a notice or notification received by an organization is effective for a particular transaction from the time when it is brought to the attention of the individual conducting that transaction, and in any event from the time when it would have been brought to his attention if the organization had exercised due diligence. An organization exercises due diligence if it maintains reasonable routines for communicating significant information to the person conducting the transaction and there is reasonable compliance with the routines. Due diligence does not require an individual acting for the organization to communicate information unless such communication is part of his regular duties or unless he has reason to know of the transaction and that the transaction would be materially affected by the information.

(28) “Organization” includes a corporation, government or governmental subdivision or agency, business trust, estate, trust, partnership or association, 2 or more persons having a joint or common interest, or any other legal or commercial entity.

(29) ‘‘Party,’’ as distinct from ‘‘third party,’’ means a person who has engaged in a transaction or made an agreement within this act.

(30) “Person” includes an individual or an organization (See 12A:1–102).

(31) “Presumption” or “presumed” means that the trier of fact must find the existence of the fact presumed unless and until evidence is introduced which would support a finding of its nonexistence.

(32) “Purchase” includes taking by sale, discount, negotiation, mortgage, pledge, lien, issue or reissue, gift or any other voluntary transaction creating an interest in property.

(33) “Purchaser” means a person who takes by purchase.

(34) “Remedy” means any remedial right to which an aggrieved party is entitled with or without resort to a tribunal.

(35) “Representative” includes an agent, an officer of a corporation or association, and a trustee, executor or administrator of an estate, or any other person empowered to act for another.

(36) “Rights” includes remedies.

(37) “Security interest” means an interest in personal property or fixtures which secures payment or performance of an obligation.
The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer (12A:2-401) is limited in effect to a reservation of a "security interest." The term also includes any interest of a buyer of accounts, chattel paper, or contract rights which is subject to chapter 9. The special property interest of a buyer of goods on identification of such goods to a contract for sale under 12A:2-401 is not a "security interest," but a buyer may also acquire a "security interest" by complying with chapter 9. Unless a lease or consignment is intended as security, reservation of title thereunder is not a "security interest," but a consignment is in any event subject to the provisions on consignment sales (12A:2-326). Whether a lease is intended as security is to be determined by the facts of each case; however, (a) the inclusion of an option to purchase does not of itself make the lease one intended for security, and (b) an agreement that upon compliance with the terms of the lease the lessee shall become or has the option to become the owner of the property for no additional consideration or for a nominal consideration does make the lease one intended for security.

(38) "Send" in connection with any writing or notice means to deposit in the mail or deliver for transmission by any other usual means of communication with postage or cost of transmission provided for and properly addressed and in the case of an instrument to an address specified thereon or otherwise agreed, or if there be none to any address reasonable under the circumstances. The receipt of any writing or notice within the time at which it would have arrived if properly sent has the effect of a proper sending.

(39) "Signed" includes any symbol executed or adopted by a party with present intention to authenticate a writing.

(40) "Surety" includes guarantor.

(41) "Telegram" includes a message transmitted by radio, teletype, cable, any mechanical method of transmission, or the like.

(42) "Term" means that portion of an agreement which relates to a particular matter.

(43) "Unauthorized" signature or indorsement means one made without actual, implied or apparent authority and includes a forgery.

(44) "Value." Except as otherwise provided with respect to negotiable instruments and bank collections (12A:3-303, 4-208 and 4-209) a person gives "value" for rights if he acquires them

(a) in return for a binding commitment to extend credit or for the extension of immediately available credit whether or
not drawn upon and whether or not a charge-back is provided for in the event of difficulties in collection; or
(b) as security for or in total or partial satisfaction of a pre-existing claim; or
(c) by accepting delivery pursuant to a pre-existing contract for purchase; or
(d) generally, in return for any consideration sufficient to support a simple contract.

(45) "Warehouse receipt" means a receipt issued by a person engaged in the business of storing goods for hire.

(46) "Written" or "writing" includes printing, typewriting or any other intentional reduction to tangible form.

L. 1948, c. 454), as said title was amended by P. L. 1950, chapter 1, so that the same shall read "An act to facilitate vehicular traffic in the State of New Jersey by providing for the construction, maintenance, repair and operation of turnpike projects; creating the New Jersey Turnpike Authority and defining its powers and duties; providing for financing such projects by the issuance of turnpike revenue bonds or notes of the authority, payable solely from the tolls, other revenues and proceeds of such bonds or notes; and providing for the collection of tolls and other revenues to pay the cost of construction, maintenance, repair and operation of such projects and to pay such bonds and notes and the interest thereon," and to supplement the body of said act.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

Title amended.

1. The title of chapter 454 of the laws of 1948, as said title was amended by chapter 1 of the laws of 1950, is amended to read as follows: An act to facilitate vehicular traffic in the State of New Jersey by providing for the construction, maintenance, repair and operation of turnpike projects; creating the New Jersey Turnpike Authority and defining its powers and duties; providing for financing such projects by the issuance of turnpike revenue bonds or
notes of the authority, payable solely from the tolls, other revenues and proceeds of such bonds or notes; and providing for the collection of tolls and other revenues to pay the cost of construction, maintenance, repair and operation of such projects and to pay such bonds and notes and the interest thereon.

2. The authority is hereby authorized from time to time to issue its notes for any of its corporate purposes and renew from time to time any notes by the issuance of new notes, whether the notes to be renewed have or have not matured. The authority may issue notes partly to renew notes or to discharge other obligations then outstanding and partly for any other purpose and may issue bonds to redeem or pay the principal of and interest on notes. The notes may be authorized, sold, executed and delivered in the same manner as bonds and shall be exempt from taxation and eligible for investment and negotiable in the same manner as bonds under the provisions of this act. Subject to agreements with bondholders and noteholders, the authority may pledge tolls and other revenues for the payment of the notes and may in addition secure the notes in the same manner and with the same effect as herein provided for bonds. Any resolution or resolutions authorizing notes of the authority or any issue thereof may contain any provisions which the authority is authorized to include in any resolution or trust agreement authorizing or securing bonds of the authority or any issue thereof, and the authority may include in any notes any terms, covenants or conditions which it is authorized to include in any bonds. In case of default on its notes, or violation of any of the obligations of the authority to the noteholders, the noteholders shall have all the remedies provided herein for the bondholders.

An Act concerning the cancellation and discharge of record of judgments, when the judgment or debt upon which it was recovered has been discharged in bankruptcy, in certain cases.

Be it enacted by the Senate and General Assembly of the State of New Jersey:
C. 2A:16-49.1 Cancellations following discharges in bankruptcy.

1. At any time after 1 year has elapsed, since a bankrupt was discharged from his debts, pursuant to the acts of Congress relating to bankruptcy, he may apply, upon proof of his discharge, to the court in which a judgment was rendered against him, or to the court of which it has become a judgment by docketing it, or filing a transcript thereof, for an order directing the judgment to be canceled and discharged of record. If it appears upon the hearing that he has been discharged from the payment of that judgment or the debt upon which such judgment was recovered, an order shall be made directing said judgment to be canceled and discharged of record; and thereupon the clerk of said court shall cancel and discharge the same by entering on the record or in the margin of the record of judgment, that the same is canceled and discharged by order of the court, giving the date of entry of the order of discharge. Where the judgment was a lien on real property owned by the bankrupt prior to the time he was adjudged a bankrupt, and not subject to be discharged or released under the provisions of the Bankruptcy Act, the lien thereof upon said real estate shall not be affected by said order and may be enforced, but in all other respects the judgment shall be of no force or validity, nor shall the same be a lien on real property acquired by him subsequent to his discharge in bankruptcy. Notice of the application, accompanied with copies of the papers upon which it is made, must be served upon the judgment creditor, or his attorney of record in said judgment, in the manner prescribed in R. R. 4:5-1, et cetera, of The Revision of the Rules Governing the Courts of the State of New Jersey (1953); provided, however, nothing herein contained shall prevent said judgment notwithstanding such discharge of record from being used as a set-off in any action in which it otherwise could be used.

2. This act shall take effect immediately.

Approved July 10, 1967.

AN ACT to amend the "Sewerage Authorities Law," approved April 23, 1946 (P. L. 1946, c. 138).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 4 of the act of which this act is amendatory is amended to read as follows:

C. 40:14A-4 Sewerage authorities in counties and municipalities.

4. (a) The governing body of any county may, by resolution duly adopted, create a public body corporate and politic under the name and style of "the ......................... sewerage authority," with all or any significant part of the name of such county inserted. Said body shall consist of the 5 members thereof, who shall be appointed by resolution of the governing body as hereinafter in this section provided, together with the additional members thereof, if any, appointed as hereinafter in subsection (i) of this section provided, and it shall constitute the sewerage authority contemplated and provided for in this act and an agency and instrumentality of said county. After the taking effect of the resolution for the creation of said body and the filing of a certified copy thereof as in subsection (d) of this section provided, 5 persons shall be appointed as the members of the sewerage authority. The members first appointed shall, by the resolution of appointment, be designated to serve for terms respectively expiring on the first days of the first, second, third, fourth and fifth Februarys
next ensuing after the date of their appointment. On or after January 1 in each year after such first appointments, one person shall be appointed as a member of the sewerage authority to serve for a term commencing on February 1 in such year and expiring on February 1 in the fifth year after such year. In the event of a vacancy in the membership of the sewerage authority occurring during an unexpired term of office, a person shall be appointed as a member of the sewerage authority to serve for such unexpired term.

(b) The governing body of any municipality may, by ordinance duly adopted, create a public body corporate and politic under the name and style of "the sewerage authority," with all or any significant part of the name of such municipality inserted. Said body shall consist of 5 members thereof, who shall be appointed by resolution of the governing body as hereinafter in this section provided, and it shall constitute the sewerage authority contemplated and provided for in this act and an agency and instrumentality of said municipality. After the taking effect of such ordinance and the filing of a certified copy thereof as in subsection (d) of this section provided, 5 persons shall be appointed as the members of the sewerage authority. The members first appointed shall, by the resolution of appointment, be designated to serve for terms respectively expiring on the first days of the first, second, third, fourth and fifth Februarys next ensuing after the date of their appointment. On or after January 1 in each year after such first appointments, one person shall be appointed as a member of the sewerage authority to serve for a term commencing on February 1 in such year and expiring on February 1 in the fifth year after such year. In the event of a vacancy in the membership of the sewerage authority occurring during an unexpired term of office, a person shall be appointed as a member of the sewerage authority to serve for such unexpired term.

(c) The governing bodies of any 2 or more municipalities or any 2 or more counties, the areas of which together comprise an integral body of territory, may, by parallel ordinances or in the case of counties by parallel resolutions, duly adopted by each of such governing bodies within any single calendar year, create a public body corporate and politic under the name and style of "the sewerage authority," with all or any significant part of the name of each such municipality or county or some identifying geographical phrase inserted. Said
body shall consist of the members thereof, in an aggregate number
determined as hereinafter in this subsection provided, who shall
be appointed by resolutions of the several governing bodies as
hereinafter in this section provided, and it shall constitute the
sewerage authority contemplated and provided for in this act and
an agency and instrumentality of the said municipalities or
counties. The number of members of the sewerage authority to
be appointed at any time for full terms of office by the governing
body of any such municipality or county shall be as may be stated
in said ordinances or resolutions which shall be not less than one
nor more than 3. After the taking effect of the said ordinances or
resolutions of all such municipalities or counties and after the
filing of certified copies thereof as in subsection (d) of this section
provided, the appropriate number of persons shall be appointed
as members of the sewerage authority by the governing body of
each municipality or county. Except as to municipalities or coun­
ties which by ordinance or resolution are entitled to appoint more
than one member of the authority, the members first appointed
or to be first appointed shall serve for terms expiring on the
first day of the fifth February next ensuing after the date of the
first appointment of any member. In municipalities or counties
entitled to appoint 3 members, the appointing authority shall
designate one of the initial appointees to serve for a term of 3
years, one for 4 years and one for 5 years. In municipalities or
counties entitled to appoint 2 members, the appointing authority
shall designate one of the initial appointees to serve for a term
of 5 years and one for 4 years. On or after January 1 in the year
in which expire the terms of the said members first appointed and
in every fifth year thereafter, the appropriate number of persons
shall be appointed as members of the sewerage authority by the
governing body of each municipality or county, to serve for terms
commencing on February 1 in such year and expiring on February
1 in the fifth year after such year. In the event of a vacancy in
the membership of the sewerage authority occurring during the
unexpired term of office, a person shall be appointed as a member
of the sewerage authority to serve for such unexpired term by
the governing body which made the original appointment for such
unexpired term.

Upon the expiration of the terms of office of members, in office
on July 1, 1967, of sewerage authorities created by 2 or more mu­
nicipalities or counties where more than one member is appointed
by any participating municipality or county, their immediate suc­
cessors, except for appointments to fill vacancies, shall be appointed for designated terms of 3, 4 or 5 years in the same manner as in this subsection (c) provided as to initial appointees.

(d) A copy of each resolution or ordinance for the creation of a sewerage authority adopted pursuant to this section, duly certified by the appropriate officer of the local unit, shall be filed in the office of the Secretary of State. Upon proof of such filing of a certified copy of the resolution or ordinance or of certified copies of the parallel ordinances for the creation of a sewerage authority as aforesaid, the sewerage authority therein referred to shall, in any suit, action or proceeding involving the validity or enforcement of, or relating to, any contract or obligation or act of the sewerage authority, be conclusively deemed to have been lawfully and properly created and established and authorized to transact business and exercise its powers under this act. A copy of any such certified resolution or ordinance, duly certified by or on behalf of the Secretary of State, shall be admissible in evidence in any suit, action or proceeding.

(e) A copy of each resolution appointing any member of a sewerage authority adopted pursuant to this section, duly certified by the appropriate officer of the local unit, shall be filed in the office of the Secretary of State. A copy of such certified resolution, duly certified by or on behalf of the Secretary of State, shall be admissible in evidence in any suit, action or proceeding and, except in a suit, action or proceeding directly questioning such appointment, shall be conclusive evidence of the due and proper appointment of the member or members named therein.

(f) The governing body of a county which may create or join in the creation of any sewerage authority pursuant to this section shall not thereafter create or join in the creation of any other sewerage authority. No governing body of any municipality constituting the whole or any part of a district shall create or join in the creation of any sewerage authority except upon the written consent of the sewerage authority and in accordance with the terms and conditions of such consent, and in the event such consent be given and a sewerage authority be created pursuant thereto, the terms and conditions of such consent shall thereafter be in all respects binding upon such municipality and the sewerage authority so created and any system of sewers or sewage disposal plants constructed or maintained in conformity with the terms and conditions of such consent by the sewerage authority so created shall be deemed not to be competitive with the sewerage systems
of the sewerage authority giving such consent. In the event that prior to the creation of a sewerage authority of a county the governing body of any municipality located in said county shall have created or joined in the creation of a sewerage authority, the area within the territorial limits of such municipality shall not be part of the district of the sewerage authority of said county.

(g) Within 10 days after the filing in the office of the Secretary of State of a certified copy of a resolution for the creation of a sewerage authority adopted by the governing body of any county pursuant to this section, a copy of such resolution, duly certified by the appropriate officer of the county, shall be filed in the office of the clerk of each municipality within the county. In the event that the governing body of any such municipality shall, within 60 days after such filing in the office of the Secretary of State, adopt a resolution determining that such municipality shall not be a part of the district of such sewerage authority and file a copy thereof duly certified by its clerk, in the office of the Secretary of State, the area within the territorial limits of such municipality shall not thereafter be part of such district, but at any time after the adoption of such resolution, the governing body of such municipality may, by ordinance duly adopted, determine that such area shall again be a part of such district and if thereafter a copy of such ordinance duly certified by the appropriate officer of such municipality, together with a certified copy of a resolution of such sewerage authority approving such ordinance, shall be filed in the office of the Secretary of State, then from and after such filing the area within the territorial limits of such municipality shall forever be part of such district.

(h) The governing body of any local unit which has created a sewerage authority pursuant to subsection (a) of subsection (b) of this section may, in the case of a county by resolution duly adopted or in the case of a municipality by ordinance duly adopted, dissolve such sewerage authority on the conditions set forth in this subsection. The governing bodies of 2 or more local units which have created a sewerage authority pursuant to subsection (c) of this section may, by parallel ordinances duly adopted by each of such governing bodies within any single calendar year, dissolve such sewerage authority on the conditions set forth in this subsection. Such a sewerage authority may be dissolved on condition that (1) either the members of such authority have not been appointed or the sewerage authority, by resolution duly adopted, consents to such dissolution, and (2) the sewerage au-
authority has no debts or obligations outstanding. Upon the dissolution of any sewerage authority in the manner provided in this subsection, the governing body or bodies dissolving such sewerage authority shall be deemed never to have created or joined in the creation of a sewerage authority. A copy of each resolution or ordinance for the dissolution of a sewerage authority adopted pursuant to this subsection, duly certified by the appropriate officer of the local unit, shall be filed in the office of the Secretary of State. Upon proof of such filing of a certified copy of the resolution or ordinance or of certified copies of the parallel ordinances for the dissolution of a sewerage authority as aforesaid and upon proof that such sewerage authority had no debts or obligations outstanding at the time of the adoption of such resolution, ordinance or ordinances, the sewerage authority therein referred to shall be conclusively deemed to have been lawfully and properly dissolved and the property of the sewerage authority shall be vested in the local unit or units. A copy of any such certified resolution or ordinance, duly certified by or on behalf of the Secretary of State, shall be admissible in evidence in any suit, action or proceeding.

(i) Whenever the sewerage authority of any county shall certify to the governing body of any county that it has entered into a contract pursuant to section 23 of this act with one or more municipalities situate within any other county, one additional member of the sewerage authority for each such other county shall be appointed by resolution of the governing body of such other county as in this section provided. The additional member so appointed for any such other county, and his successors shall be a resident of one of said municipalities situate within such other county. The additional member first appointed or to be first appointed for any such other county shall serve for a term expiring on the first day of the fifth February next ensuing after the date of such appointment, and on or after January 1 in the year in which expires the term of the said additional member first appointed and in every fifth year thereafter, one person shall be appointed by said governing body as a member of the sewerage authority as successor to said additional member, to serve for a term commencing on February 1 in such year and expiring on February 1 in the fifth year after such year. If after such appointment of an additional member for any such other county the sewerage authority shall certify to said governing body of such other county that it is no longer a party to a contract entered into pursuant to section 23 of this act with any municipality situate within such other county,
the term of office of such additional member shall thereupon cease and expire and no additional member for such other county shall thereafter be appointed.

(j) If a municipality, the governing body of which has created a sewerage authority pursuant to subsection (b) of this section, has been or shall be consolidated with another municipality, the governing body of the new consolidated municipality may, by ordinance duly adopted, provide that the members of the sewerage authority shall thereafter be appointed by the governing body of such new consolidated municipality, which shall make appointment of members of the sewerage authority by resolution as hereinafter in this subsection provided. On or after the taking effect of such ordinance, one person shall be appointed as a member of the sewerage authority for a term commencing on February 1 in each year, if any, after the date of consolidation, in which has or shall have expired the term of a member of the sewerage authority theretofore appointed by the governing body of the municipality which has been or shall be so consolidated, and expiring on February 1 in the fifth year after such year. Thereafter, on or after January 1 in each year, one person shall be appointed as a member of the sewerage authority to serve for a term commencing on February 1 in such year and expiring February 1 in the fifth year after such year. In the event of a vacancy in the membership of the sewerage authority occurring during an unexpired term of office, a person shall be appointed as a member of the sewerage authority to serve for such unexpired term. Each member of the sewerage authority appointed by the governing body of a municipality which has been or shall be so consolidated shall continue in office until his successor has been appointed as in this subsection provided and has qualified.

(k) If a municipality, the governing body of which has created a sewerage authority pursuant to subsection (b) of this section, has been or shall be consolidated with another municipality, the governing body of the new consolidated municipality, subject to the rights of the holders, if any, of bonds issued by the sewerage authority, and upon receipt of the sewerage authority’s written consent thereto, may provide, by ordinance duly adopted, that the area within the territorial boundaries of the new consolidated municipality shall constitute the district of the sewerage authority, and upon the taking effect of such ordinance, such area shall constitute the district of the sewerage authority. Until the taking effect of such ordinance, the district of the sewerage authority
shall be the area within the territorial boundaries, as they existed at the date of the consolidation, of the municipality the governing body of which created the sewerage authority.

2. This act shall take effect immediately.
   Approved July 10, 1967.

CHAPTER 155

   60. Any railroad utility incorporated in this State or in any other State and operating in New Jersey may exercise the power of eminent domain as provided in sections 48 and 49 hereof in taking any land and property required for the right-of-way of its main line and branches, not exceeding 200 feet in width, unless more shall be required for slopes of cuts or embankments or retaining walls, and all such other land and property adjoining such right-of-way as exigencies of business may demand for the erection of freight and passenger depots and all other railroad purposes, and any land and property necessary to comply with any order of the Board of Public Utility Commissioners. In addition, any railroad utility shall have the right to take and acquire, by the exercise of the power of eminent domain as provided in sections 48 and 49 hereof, any land, property or private road as shall be necessary for any branch line or lines, spur or sidetrack to the premises of a horse race track as provided in section 48:12-32.1, but not in excess of 200 feet in width, for such branch line or lines, spur or sidetrack of railroad; provided that additional land may be so

When the line of any railroad utility of the State is constructed to the Delaware river and extension of such line is to be undertaken pursuant to section 48:12-44, the utility may acquire, by the exercise of the power of eminent domain as provided in sections 48 and 49 hereof, such lands as may be necessary upon filing and recording the survey of the route with the Secretary of State and in the office of the clerk of the county wherein the lands are situate, and making the deposit required by section 48:12-25 of this Title.

Nothing herein shall be deemed to limit the powers of condemnation vested in railroads under any provisions of Title 48 as amended and supplemented by this act and which have not been repealed.

CHAPTER 157

An Act to increase the license fees for game propagating and semiwild shooting preserves and amending sections 23:3–29 and 23:3–32 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 23:3–29 of the Revised Statutes is amended to read as follows:

License.

23:3–29. A person desiring to engage in the business of raising and selling game birds or game animals, or both, in a wholly enclosed preserve of which he is the owner or lessee, or to have in captivity game birds or game animals, shall immediately apply in writing to the division for a license to do so. The license fee shall be $5.00 per annum for each of the above purposes. A person desiring to propagate pheasants, partridge, wild turkey or quail, or any of them, in a semiwild state on lands of which he is the owner or lessee, shall apply in writing to the division for a license to do so. The license fee shall be $25.00 per annum.

The division, when it appears that the application is made in good faith, shall, upon the payment of the fee for each license,
issue to the applicant such of the following license or licenses as may be applied for:

a. Propagating license permitting the licensee to propagate game birds or game animals, or both, in the wholly inclosed preserve the location of which is stated in the license and the application therefor, and to sell such propagated game birds or game animals, or both, and ship them from the State alive at any time and to kill the same and sell the carcasses for food subject to the conditions prescribed by sections 23:3-28 to 23:3-39 of this Title;

b. License to propagate pheasants, partridge, wild turkey or quail, or any of them, in a semiwild state on lands of which the applicant is the owner or lessee, when the applicant shall have produced evidence satisfactory to the division that he has released, or already has, on land described in the application and license, of the species for which he desires to be licensed, at least 10 female and 2 male pheasants or at least 6 female and 6 male quail or partridge or such total number of pheasants, partridge and quail, to each 100 acres of land, or a proportionate number of such birds for less than 100 acres, prior to May 1 in the calendar year for which the license is to be issued;

c. License to keep game birds and animals in captivity; or

d. A person desiring to operate a "commercial pheasant, wild turkey, quail and partridge-shooting preserve" on lands of which he is the owner or bona fide lessee may apply in writing to the division for a license so to do. The license fee shall be $100.00 per annum and the form of the application and license shall be determined by the division.

The division may, upon payment of the fee, issue to the applicant such a license when it appears that:

(1) The operation of such shooting preserve shall not conflict with a prior reasonable public interest; and

(2) The applicant shall produce evidence satisfactory to the division that he has released on lands described in the application and license, a total of at least 10 female and 2 male pheasants or 6 female and 6 male quail or partridge for the first 100 acres of land or portion thereof, or a proportionate number of birds for any acreage in excess of the first 100 acres, prior to May 1 in the calendar year for which the license is to be issued; and

(3) The applicant shall have produced evidence satisfactory to the division that he will raise or purchase for liberation and liberate on the shooting preserve a total of at least 500 pheasants,
quail and partridge or combination thereof between September 1 of the year for which the license was issued and the following March 15.

2. Section 23:3-32 of the Revised Statutes is amended to read as follows:

Pheasants, wild turkeys, partridge and quail; killing and shipping; tags; commercial preserves.

23:3-32. No pheasants, wild turkeys, partridge or quail propagated in a semiwild state shall be sold. No such pheasants, wild turkeys, partridge or quail shall be possessed or transported outside of licensed areas unless each bird shall have been tagged with the special tag prescribed by sections 23:3-28 to 23:3-39 of this Title. Except as to the additional tags hereinafter provided for, no licensee raising pheasants, partridge or quail in a semiwild state shall procure from the division during any year of operation more tags to be affixed to the dead bodies of pheasants, partridge or quail propagated in a semiwild state than 4 times the number of female pheasants, partridge or quail released prior to May 1 in each year. Additional tags may be provided to any licensee in number equal to ½ of the number of birds released after May 1 in each year. The tags shall be of a special kind provided for the purpose. The number of birds taken in any year, either alive or dead, on lands on which pheasants, wild turkeys, partridge or quail are propagated in a semiwild state shall not exceed the number of tags obtained from the division. Pheasants, wild turkeys, and partridge propagated in a semiwild state may be taken by shooting only from 9:00 ante meridian on November 10 or such opening date as may otherwise be prescribed by the State Fish and Game Code to January 20, except where the licensee shall have produced evidence satisfactory to the division that he has liberated on the land during the year covered by his license, or that he has in his possession on the land or in some other designated place or places and will liberate on the land prior to February 28 a total of at least 100 pheasants and partridge or combination thereof for any acreage up to 100 acres and at least one pheasant or partridge for each additional acre, in which case the licensee or any person or persons authorized by him so to do may take pheasants, wild turkeys, and partridge by shooting from 9:00 ante meridian on November 10 or such opening date as may otherwise be prescribed by the State Fish and Game Code to the next following February 28, both inclusive, and during any further period, not exceeding 31 days, which the Commissioner of Conservation and Economic Development may,
from time to time, designate for that purpose upon the recommen-
dation of the Director of the Division of Fish and Game of the
Department of Conservation and Economic Development on
the land described in his license. The number of pheasants, wild
turkeys, and partridge so taken by shooting shall not exceed % of
the total number of pheasants, wild turkeys, and partridge liber-
ated on said land during the year covered by such license. Sec-
tion 23:4-24 of this Title relating to hunting on Sunday shall not
apply to any person authorized to shoot pheasants, wild turkeys,
quail and partridge under sections 23:3-28 to 23:3-39 of this Title.
Quail propagated in a semiwild state may be taken by shooting
only from 9:00 ante meridian on November 10 or such opening date
as may otherwise be prescribed by the State Fish and Game Code
to the next following February 28, both days inclusive and during
any further period, not exceeding 31 days, which the Commissioner
of Conservation and Economic Development may, from time to
time, designate for that purpose upon the recommendation of the
Director of the Division of Fish and Game of the Department of
Conservation and Economic Development. No pheasants, wild
turkeys, partridge or quail propagated in a semiwild state shall
be trapped without the written permission of the division.

Under a "commercial pheasant, wild turkey, quail and partridge-
shooting preserve" license, pheasants, wild turkeys, quail and par-
tridge may be taken by shooting only on lands described in the
application and license, without regard to sex and daily bag limit,
by fully licensed hunters authorized by the licensee to shoot on said
land between September 1 and the following March 15, both dates
inclusive and during any further period, not exceeding 31 days,
which the Commissioner of Conservation and Economic Develop-
ment may, from time to time, designate for that purpose upon
the recommendation of the Director of the Division of Fish and
Game of the Department of Conservation and Economic Develop-
ment.

All pheasants, wild turkeys, quail and partridge liberated on a
"commercial pheasant, wild turkey, quail and partridge-shooting
preserve" for which a license has been issued shall first be banded
with a leg band which shall bear upon it a symbol identifying the
shooting preserve, and a description of said band and symbol shall
be set forth in the application for license. No pheasants, wild
turkeys, quail or partridge shall be possessed or transported out-
side the licensed area, unless each bird shall have been tagged
with a suitable tag or seal supplied by the division, and no licensee
shall receive from the division, during any year of operation, more tags to be affixed to the bodies of pheasants, quail and partridge than 4 times the number of female pheasants, quail and partridge released prior to May 1 in each year, in addition to one tag for each pheasant, wild turkey, quail and partridge liberated during the shooting period hereinbefore specified.

3. This act shall take effect January 1, 1968.
   Approved July 13, 1967.

CHAPTER 176

AN ACT providing for the joinder of this State in the Pest Control Compact and for related purposes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 32:30-1 Compact enactment.

1. The Pest Control Compact as in this act set forth is hereby enacted into law and entered into with all other jurisdictions legally joining therein in substantially the same form.
C. 32:30-2  Findings of party States.
2. Article I. Findings. The party States find that:
(a) In the absence of the higher degree of co-operation among them possible under this compact, the annual loss of approximately $7,000,000,000.00 from the depredations of pests is virtually certain to continue, if not to increase.
(b) Because of varying climatic, geographic and economic factors, each State may be affected differently by particular species of pests; but all States share the inability to protect themselves fully against those pests which present serious dangers to them.
(c) The migratory character of pest infestations makes it necessary for States both adjacent to and distant from one another, to complement each other’s activities when faced with conditions of infestation and reinestation.
(d) While every State is seriously affected by a substantial number of pests, and every State is susceptible of infestation by many species of pests not now causing damage to its crop and plant life and products, the fact that relatively few species of pests present equal danger to or are of interest to all states makes the establishment and operation of an insurance fund, from which individual States may obtain financial support for pest control programs of benefit to them in other States and to which they may contribute in accordance with their relative interests, the most equitable means of financing cooperative pest eradication and control programs.

C. 32:30-3 Definitions.
3. Article II. Definitions. As used in this compact, unless the context clearly requires a different construction:
(a) “State” means a State, Territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.
(b) “Requesting State” means a State which invokes the procedures of the compact to secure the undertaking or intensification of measures to control or eradicate one or more pests within one or more other States.
(c) “Responding States” means a State requested to undertake or intensify the measures referred to in subdivision (b) of this article.
(d) “Pest” means any invertebrate animal, pathogen, parasitic plant or similar or allied organism which can cause disease or damage in any crops, trees, shrubs, grasses or other plants of substantial value.
(e) "Insurance fund" means the Pest Control Insurance Fund established pursuant to this compact.

(f) "Governing board" means the administrators of this compact representing all of the party States which such administrators are acting as a body in pursuance of authority vested in them by this compact.

(g) "Executive committee" means the committee established pursuant to Article V (e) of this compact.

C. 32:30-4 Establishment of insurance fund.

4. Article III. The insurance fund. There is hereby established the Pest Control Insurance Fund for the purpose of financing other than normal pest control operations which states may be called upon to engage in pursuant to this compact. The insurance fund shall contain moneys appropriated to it by the party states and any donations and grants accepted by it. All appropriations, except as conditioned by the rights and obligations of party States expressly set forth in this compact, shall be unconditional and may not be restricted by the appropriating State to use in the control of any specified pest or pests. Donations and grants may be conditional or unconditional, provided that the insurance fund shall not accept any donation or grant whose terms are inconsistent with any provision of this compact.

C. 32:30-5 Operations and management of insurance fund.

5. Article IV. The insurance fund, internal operations and management. (a) The insurance fund shall be administered by a governing board and executive committee as hereinafter provided. The actions of the governing board and executive committee pursuant to this compact shall be deemed the actions of the insurance fund.

(b) The members of the governing board shall be entitled to one vote each on such board. No action of the governing board shall be binding unless taken at a meeting at which a majority of the total number of votes on the governing board are cast in favor thereof. Action of the governing board shall be only at a meeting at which a majority of the members are present.

(c) The insurance fund shall have a seal which may be employed as an official symbol and which may be affixed to documents and otherwise used as the governing board may provide.

(d) The governing board shall elect annually, from among its members, a chairman, a vice-chairman, a secretary and a treasurer. The chairman may not succeed himself. The governing board may
appoint an executive director and fix his duties and his compensation, if any. Such executive director shall serve at the pleasure of the governing board. The governing board shall make provision for the bonding of such of the officers and employees of the insurance fund as may be appropriate.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party States, the executive director, or if there be no executive director, the chairman, in accordance with such procedures as the by-laws may provide, shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the insurance fund and shall fix the duties and compensation of such personnel. The governing board in its by-laws shall provide for the personnel policies and programs of the insurance fund.

(f) The insurance fund may borrow, accept or contract for the services of personnel from any State, the United States, or any other governmental agency, or from any person, firm, association or corporation.

(g) The insurance fund may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any State, the United States, or any other governmental agency, or from any person, firm, association or corporation, and may receive, utilize and dispose of the same. Any donation, gift or grant accepted by the governing board pursuant to this paragraph or services borrowed pursuant to paragraph (f) of this article shall be reported in the annual report of the insurance fund. Such report shall include the nature, amount and conditions, if any, of the donation, gift, grant or services borrowed and the identity of the donor or lender.

(h) The governing board shall adopt by-laws for the conduct of the business of the insurance fund and shall have the power to amend and rescind these by-laws. The insurance fund shall publish its by-laws in convenient form and shall file a copy thereof and a copy of any amendment thereto with the appropriate agency or officer in each of the party States.

(i) The insurance fund annually shall make to the Governor and Legislature of each party State a report covering its activities for the preceding year. The insurance fund may make such additional reports as it may deem desirable.

(j) In addition to the powers and duties specifically authorized and imposed, the insurance fund may do such other things as are
necessary and incidental to the conduct of its affairs pursuant to this compact.

C. 32:30-6 Compact and insurance fund administration.

6. Article V. Compact and insurance fund administration. (a) In each party State there shall be a compact administrator, who shall be selected and serve in such manner as the laws of his State may provide, and who shall:

1. Assist in the co-ordination of activities pursuant to the compact in his State; and

2. Represent his State on the governing board of the insurance fund.

(b) If the laws of the United States specifically so provide, or if administrative provision is made therefor within the Federal Government, the United States may be represented on the governing board of the insurance fund by not to exceed 3 representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to Federal law, but no such representative shall have a vote on the governing board or on the executive committee thereof.

(c) The governing board shall meet at least once each year for the purpose of determining policies and procedures in the administration of the insurance fund and, consistent with the provisions of the compact, supervising and giving direction to the expenditure of moneys from the insurance fund. Additional meetings of the governing board shall be held on call of the chairman, the executive committee, or a majority of the membership of the governing board.

(d) At such times as it may be meeting, the governing board shall pass upon applications for assistance from the insurance fund and authorize disbursements therefrom. When the governing board is not in session, the executive committee thereof shall act as agent of the governing board, with full authority to act for it in passing upon such applications.

(e) The executive committee shall be composed of the chairman of the governing board and 4 additional members of the governing board chosen by it so that there shall be one member representing each of 4 geographic groupings of party States. The governing board shall make such geographic groupings. If there is representation of the United States on the governing board, one such representative may meet with the executive committee. The chairman of the governing board shall be chairman of the executive committee. No action of the executive committee shall be binding unless taken
at a meeting at which at least 4 members of such committee are present and vote in favor thereof. Necessary expenses of each of the 5 members of the executive committee incurred in attending meetings of such committee, when not held at the same time and place as a meeting of the governing board, shall be charges against the insurance fund.

C. 32:30-7 Assistance and reimbursement.

7. Article VI. Assistance and reimbursement. (a) Each party State pledges to each other party State that it will employ its best efforts to eradicate, or control within the strictest practicable limits, any and all pests. It is recognized that performance of this responsibility involves:

1. The maintenance of pest control and eradication activities of interstate significance by a party State at a level that would be reasonable for its own protection in the absence of this compact.

2. The meeting of emergency outbreaks or infestations of interstate significance to no less an extent than would have been done in the absence of this compact.

(b) Whenever a party State is threatened by a pest not present within its borders but present within another party State, or whenever a party State is undertaking or engaged in activities for the control or eradication of a pest or pests, and finds that such activities are or would be impracticable or substantially more difficult of success by reason of failure of another party State to cope with infestation or threatened infestation, that State may request the governing board to authorize expenditures from the insurance fund for eradication or control measures to be taken by one or more of such other party States at a level sufficient to prevent, or to reduce to the greatest practicable extent, infestation or reinfestation of the requesting State. Upon such authorization the responding State or States shall take or increase such eradication or control measures as may be warranted. A responding State shall use moneys made available from the insurance fund expeditiously and efficiently to assist in affording the protection requested.

(c) In order to apply for expenditures from the insurance fund, a requesting State shall submit the following in writing:

1. A detailed statement of the circumstances which occasion the request for the invoking of the compact.

2. Evidence that the pest on account of whose eradication or control assistance is requested constitutes a danger to an agricultural or forest crop, product, tree, shrub, grass or other plant having a substantial value to the requesting State.
3. A statement of the extent of the present and projected program of the requesting State and its subdivisions, including full information as to the legal authority for the conduct of such program or programs and the expenditures being made or budgeted therefor, in connection with the eradication, control, or prevention of introduction of the pest concerned.

4. Proof that the expenditures being made or budgeted as detailed in item 3 do not constitute a reduction of the effort for the control or eradication of the pest concerned or, if there is a reduction, the reasons why the level of program detailed in item 3 constitutes a normal level of pest control activity.

5. A declaration as to whether, to the best of its knowledge and belief, the conditions which in its view occasion the invoking of the compact in the particular instance can be abated by a program undertaken with the aid of moneys from the insurance fund in 1 year or less, or whether the request is for an installment in a program which is likely to continue for a longer period of time.

6. Such other information as the governing board may require consistent with the provisions of this compact.

(d) The governing board or executive committee shall give due notice of any meeting at which an application for assistance from the insurance fund is to be considered. Such notice shall be given to the compact administrator of each party State and to such other officers and agencies as may be designated by the laws of the party States. The requesting State and any other party State shall be entitled to be represented and present evidence and argument at such meeting.

(e) Upon the submission as required by paragraph (c) of this article and such other information as it may have or acquire, and upon determining that an expenditure of funds is within the purposes of this compact and justified thereby, the governing board or executive committee shall authorize support of the program. The governing board or the executive committee may meet at any time or place for the purpose of receiving and considering an application. Any and all determinations of the governing board or executive committee, with respect to an application, together with the reasons therefor shall be recorded and subscribed in such manner as to show and preserve the votes of the individual members thereof.

(f) A requesting State which is dissatisfied with a determination of the executive committee shall upon notice in writing given within 20 days of the determination with which it is dissatisfied, be entitled to receive a review thereof at the next meeting of the
governing board. Determinations of the executive committee shall be reviewable only by the governing board at one of its regular meetings, or at a special meeting held in such manner as the governing board may authorize.

(g) Responding States required to undertake or increase measures pursuant to this compact may receive moneys from the insurance fund, either at the time or times when such State incurs expenditures on account of such measures, or as reimbursement for expenses incurred and chargeable to the insurance fund. The governing board shall adopt and, from time to time, may amend or revise procedures for submission of claims upon it and for payment thereof.

(h) Before authorizing the expenditure of moneys from the insurance fund pursuant to an application of a requesting State, the insurance fund shall ascertain the extent and nature of any timely assistance or participation which may be available from the Federal Government and shall request the appropriate agency or agencies of the Federal Government for such assistance and participation.

(i) The insurance fund may negotiate and execute a memorandum of understanding or other appropriate instrument defining the extent and degree of assistance or participation between and among the insurance fund, co-operating Federal agencies, States and any other entities concerned.

C. 32:30-8 Advisory and technical committees.

8. Article VII. Advisory and technical committees. The governing board may establish advisory and technical committees composed of State, local, and Federal officials, and private persons to advise it with respect to any one or more of its functions. Any such advisory or technical committee, or any member or members thereof may meet with and participate in its deliberations. Upon request of the governing board or executive committee an advisory or technical committee may furnish information and recommendations with respect to any application for assistance from the insurance fund being considered by such board or committee and the board or committee may receive and consider the same: provided that any participant in a meeting of the governing board or executive committee held pursuant to Article VI (d) of the compact shall be entitled to know the substance of any such information and recommendations, at the time of the meeting if made prior thereto or as a part thereof or, if made thereafter, no later than the time at which the governing board or executive committee makes its disposition of the application.
C. 32:30-9 Relations with nonparty jurisdictions.

9. Article VIII. Relations with nonparty jurisdictions. (a) A party State may make application for assistance from the insurance fund in respect of a pest in a nonparty State. Such application shall be considered and disposed of by the governing board or executive committee in the same manner as an application with respect to a pest within a party State, except as provided in this article.

(b) At or in connection with any meeting of the governing board or executive committee held pursuant to Article VI (d) of this compact a nonparty State shall be entitled to appear, participate, and receive information only to such extent as the governing board or executive committee may provide. A nonparty State shall not be entitled to review of any determination made by the executive committee.

(c) The governing board or executive committee shall authorize expenditures from the insurance fund to be made in a nonparty State only after determining that the conditions in such state and the value of such expenditures to the party States as a whole justify them. The governing board or executive committee may set any conditions which it deems appropriate with respect to the expenditure of moneys from the insurance fund in a nonparty State and may enter into such agreement or agreements with nonparty States and other jurisdictions or entities as it may deem necessary or appropriate to protect the interests of the insurance fund with respect to expenditures and activities outside of party States.

C. 32:30-10 Finance; budget.

10. Article IX. Finance. (a) The insurance fund shall submit to the executive head or designated officer or officers of each party State a budget for the insurance fund for such period as may be required by the laws of that party State for presentation to the Legislature thereof.

(b) Each of the budgets shall contain specific recommendations of the amount or amounts to be appropriated by each of the party States. The requests for appropriations shall be apportioned among the party States as follows: 7/10 of the total budget in equal shares and the remainder in proportion to the value of agricultural and forest crops and products, excluding animals and animal products, produced in each party State. In determining the value of such crops and products the insurance fund may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party States.
Each of the budgets and requests for appropriations shall indicate the source or sources used in obtaining information concerning value of products.

(c) The financial assets of the insurance fund shall be maintained in 2 accounts to be designated respectively as the "operating account" and the "claims account." The operating account shall consist only of those assets necessary for the administration of the insurance fund during the next ensuing 2-year period. The claims account shall contain all moneys not included in the operating account and shall not exceed the amount reasonably estimated to be sufficient to pay all legitimate claims on the insurance fund for a period of 3 years. At any time when the claims account has reached its maximum limit or would reach its maximum limit by the addition of moneys requested for appropriation by the party States, the governing board shall reduce its budget requests on a pro rata basis in such manner as to keep the claims account within such maximum limit. Any moneys in the claims account by virtue of conditional donations, grants or gifts shall be included in calculations made pursuant to this paragraph only to the extent that such moneys are available to meet demands arising out of claims.

(d) The insurance fund shall not pledge the credit of any party State. The insurance fund may meet any of its obligations in whole or in part with moneys available to it under Article IV (g) of this compact, provided that the governing board takes specific action setting aside such moneys prior to incurring any obligation to be met in whole or in part in such manner. Except where the insurance fund makes use of moneys available to it under Article IV (g) hereof, the insurance fund shall not incur any obligation prior to the allotment of moneys by the party States adequate to meet the same.

(e) The insurance fund shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the insurance fund shall be subject to the audit and accounting procedures established under its by-laws. However, all receipts and disbursements of funds handled by the insurance fund shall be audited yearly by a certified or licensed public accountant and a report of the audit shall be included in and become part of the annual report of the insurance fund.

(f) The accounts of the insurance fund shall be open at any reasonable time for inspection by duly authorized officers of the party States and by any persons authorized by the insurance fund.
C. 32:30-11 Compact entry into force; withdrawal.

11. Article X. Entry into force and withdrawal. (a) This compact shall enter into force when enacted into law by the State of New York or the State of Pennsylvania and any 4 or more other States. Thereafter, this compact shall become effective as to any other State upon its enactment thereof.

(b) Any party State may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 2 years after the executive head of the withdrawing State has given notice in writing of the withdrawal to the executive heads of all other party States. No withdrawal shall affect any liability already incurred by or chargeable to a party State prior to the time of such withdrawal.

C. 32:30-12 Compact construction; severality.

12. Article XL Construction and severability. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any State or of the United States or the applicability thereof to any government, agency, person or circumstances is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any State participating herein, the compact shall remain in full force and effect as to the remaining party States and in full force and effect as to the State affected as to all severable matters.

C. 32:30-13 State departments, etc. to co-operate.

13. Consistent with law and within available appropriations, the departments, agencies and officers of this State may co-operate with the insurance fund established by the Pest Control Compact.

C. 32:30-14 By-laws, amendments; filing of copies.

14. Pursuant to Article IV (h) of the compact, copies of by-laws and amendments thereto shall be filed with the Secretary of State of New Jersey.

C. 32:30-15 Compact administrator.

15. The compact administrator for this State shall be the Secretary of Agriculture, or his designee.

C. 32:30-16 Request for assistance from fund.

16. Within the meaning of Article VI (b) or VIII (a), a request or application for assistance from the insurance fund may be made
by the compact administrator, whenever in his judgment the conditions qualifying this State for such assistance exist and it would be in the best interest of this State to make such request.

C. 32:30-17 Control or eradication program; reimbursement.
17. The department, agency, or officer expending or becoming liable for an expenditure on account of a control or eradication program undertaken or intensified pursuant to the compact shall have credited to his account in the State treasury the amount or amounts of any payments made to this State to defray the cost of such program, or any part thereof, or as reimbursement thereof.

C. 32:30-18 Executive head defined.

2. Section 40:63-54 of the Revised Statutes is amended to read as follows:

Failure to make connection; municipality may do work.

C. 18:22-15.11a Alternate program of benefits; life insurance; additional coverage; certain contributions not returnable.

1. (a) Notwithstanding the provisions of section 73 of chapter 84 of the laws of 1954, within 180 days after the effective date of this
act, Rutgers, The State University shall provide an alternate pro-
gram of benefits for certain employees in lieu of benefits under the
Public Employees' Retirement System, which program shall be
known as the alternate benefit program and which shall provide
for individual retirement annuity contracts, both fixed and variable
in nature, to become the property of the participants in said pro-
gram individually; and group contracts providing life insurance
which, notwithstanding any other provision of law, shall be in an
amount equal to 1½ times the base annual salary of said participant
in the event of death prior to retirement; and which may provide
insurance coverage after retirement in an amount not to exceed
3/16 of the participant's base annual salary at the time of retire-
ment; and disability benefits for all such participants. The Board
of Governors of Rutgers, The State University shall perform or
provide for performance of all things necessary to prepare and
operate said program.

(b) Rutgers, The State University may also provide for addi-
tional death benefit coverage in accordance with rules and regula-
tions as adopted by Rutgers, The State University from time to
time on the basis of factors deemed appropriate by it. A member
of the alternate benefit program will be eligible to purchase the
additional death benefit coverage provided that he or she selects
such coverage within one year after the effective date of member-
ship. A schedule of employee contributions shall be established by
Rutgers, The State University on a basis it deems appropriate
which schedule shall be subject to adjustment from time to time for
purpose of meeting the entire cost of the additional death benefit
coverage.

(c) Any other provisions of this act notwithstanding, the con-
tributions of a member for the additional death benefit coverage
under this section shall not be returnable to the member or his
beneficiary in any manner, or for any reason whatsoever, nor shall
any contributions made for the additional death benefit coverage
be included in any annuity payable to any such member or to his
beneficiary.

C. 18:22-15.11b Certain employees to participate; notice to be given.

2. All full-time faculty members, except those persons in ineligible
categories designated in the regulations of Rutgers, The State
University, which regulations shall be of uniform application, shall
participate in the alternate benefit program, provided that no
person who was in employment with Rutgers, The State University
on the effective date of this act and who was then a member of the
Public Employees’ Retirement System shall participate in the alternate benefit program unless he shall so elect by filing an application with the Public Employees’ Retirement System within 90 days following the establishment of the alternate benefit program by Rutgers, The State University declaring his election to participate in the alternate benefit program.

Upon such election, the Public Employees’ Retirement System shall cause prompt notice of said election to be given to Rutgers, The State University and shall transfer to the individual’s account in the alternate benefit program, the amount of accumulated deductions standing to his credit in the Annuity Savings Fund of the Public Employees’ Retirement System as of the date of transfer.

C. 18:22-15.1e Pension reserve to be transferred; pension amount; change of eligibility requirements; determination of percentage distribution.

3. There shall also be transferred from the Contingent Reserve Fund to the individual’s account in the alternate benefit program, the pension reserve required as of the date of his transfer to provide a pension for each year of service credited to the account of the member as set forth in section 38 or section 48 of chapter 84, of the laws of 1954 as amended and supplemented as of the effective date of this act. Such transfer from the Contingent Reserve Fund shall be made at the time of the member’s transfer to the alternate benefit program in the case of any such member who has then met the eligibility requirements for a pension under the aforementioned section 38 or section 48. In the case of any member who elects to participate in the alternate benefit program who has not then met the eligibility requirements for a pension under section 38 or section 48, the transfer from the Contingent Reserve Fund shall be effected at the time such requirements have been met, taking into account for the purpose of such eligibility requirement his years of membership service at the time of his election and his subsequent years of service as a full-time member of the faculty of Rutgers, The State University or at the time he shall have 10 years of credit for New Jersey service and become physically incapacitated for the performance of duty.

The annuity to be used in determining the amount of pension is the actuarial equivalent of the member’s accumulated deductions transferred from the Public Employees’ Retirement System to the date the member attains 60 years of age, if subsequent to the date of election. The amount of pension is that established by formula within section 48 of chapter 84, P. L. 1954 as amended and supplemented as of the effective date of this act, and changes to section 48
enacted subsequent to this act shall have no application to the provisions of this act.

In the event that the eligibility requirement under section 38 is changed at some future date to permit members to become eligible for such benefit prior to the completion of 15 years of service, the transfer of the reserve from the Contingent Reserve Fund shall be effected as of the date the member who had elected the alternate benefits program meets the amended eligibility requirement or the effective date of the amendment, if later.

In the event an option is available with respect to the distribution of employee and employer contributions between fixed and variable annuities under the alternate benefit program, the employee shall have the right to determine the percentage distribution of these funds subject to any limitations imposed by the designated insurer or insurers.

C. 18:22-15.lld Ineligibility for membership in Public Employees' Retirement System.

4. Any person participating in the alternate benefit program shall be ineligible for membership in the Public Employees’ Retirement System and any person electing to participate in the alternate benefit program shall thereby waive all rights and benefits provided by the Public Employees’ Retirement System as a member of said system except as herein and otherwise provided by law.

Any person receiving a benefit by reason of his retirement from any retirement or pension system of the State of New Jersey or any political subdivision thereof shall be ineligible to participate in the alternate benefit program.

C. 18:22-15.11e Employee contribution; amount; deduction; payment.

5. Rutgers, The State University shall deduct from the compensation of each participant in the alternate benefit program an employee contribution equal to 5% of the participant’s compensation and pay this amount to the insurer or insurers for the individual’s retirement annuity contract or contracts. The intervals for deductions and payments shall be determined by Rutgers, The State University. Based on a certification by Rutgers, The State University of the number and base salary of participants, the State shall make payments to Rutgers, The State University as employer contributions to the alternate benefit program at a rate equal to the normal contribution made by the State on behalf of nonveteran members of the Public Employees’ Retirement System, which moneys Rutgers, The State University shall pay to the designated insurer or insurers for the benefit of each participant.

6. The Board of Governors of Rutgers, The State University shall designate the insurer or insurers from which contracts are to be purchased under the alternate benefit program and shall approve the form and content of such contracts. In making such designation and giving such approval the board shall give due consideration to (a) the nature and extent of the rights and benefits to be provided by such contracts for employees and their beneficiaries, (b) the relation of such rights and benefits to the amount of contributions to be made under this act, (c) the suitability of such rights and benefits to the needs and interests of employees and to the interests of the university in the recruitment and retention of employees, and (d) the ability of the designated insurer or insurers to provide such suitable rights and benefits under such contracts.

Any such agreement shall specify the amount of such reduction, the effective date thereof, and shall be legally binding and irrevocable with respect to amounts earned while the agreement is in effect; provided, however, that such agreement may be terminated after it has been in effect for a period of not less than one year upon notice in writing by either party, and provided further that not more than one such agreement shall be entered into during any taxable year of the employee. For the purposes of this section, any annuity or other contract which meets the requirements of section 403 (b) of the Federal Internal Revenue Code, as amended, may be utilized. RECALL

6.1. Recall in office. Any elective official shall be subject to removal from office for cause connected with his office at any time upon the filing of a recall petition and the affirmative vote of a majority of those voting on the question of removal at any general, regular municipal or special election.

6.2. Petition. A recall petition shall demand the removal of a designated incumbent, shall be signed by qualified voters equal in number to at least 25% of the registered voters of the town as of the last general election, and shall be filed with the town clerk. It shall set forth a statement of the cause upon which the removal is sought.

6.3. Signatures to recall petition. The signatures to a recall petition need not all be appended to one paper but each signer shall add to his signature his place of residence giving the street and number or other sufficient designation if there shall be no street and number. One of the signers to each such paper shall take an oath before an officer competent to administer oaths that the statement therein made is true as he believes and that each signature to the paper appended is the genuine signature of the
person whose name it purports to be. Within 10 days from the date of filing the petition the town clerk shall complete its examination and ascertain whether or not such petition is signed by the requisite number of qualified voters, and shall attach to the petition his certificate showing the result of his examination. If by that certificate the petition is shown to be insufficient it may be amended within 10 days from the date of said certificate. The town clerk shall, within 5 days after such amendment, make a similar examination and determination of the amended petition, and if the certificate shall show the same to be insufficient, it shall be returned to the person filing it without prejudice to the filing of a new petition to the same effect.

6.4. Notice. If the petition shall be sufficient the town clerk shall within 2 days notify the mayor, councilman or councilmen whose recall is sought thereby. If such notice cannot be served personally upon the mayor, councilman or councilmen affected, service may be made by registered mail addressed to the official’s last known address. If within 5 days after the service of the notice by the town clerk the mayor, councilman or councilmen sought to be recalled by such petition do not resign, or having tendered their resignation it shall not have been accepted by the town council, the town clerk shall order and fix a date for holding a recall election not less than 60 nor more than 90 days from the filing of the petition. Notice of the filing of the petition and of the date of the election shall be posted for public view in the office of the town clerk and he shall also insert the notice forthwith in a newspaper published in the town, or if there be no such newspaper, then in a newspaper having general circulation in such town.

6.5. Ballots. The ballots at the recall election shall conform to the requirements respecting the election of the mayor and council, as provided in this article or in Title 19 of the Revised Statutes (Elections), whichever shall apply in the town in accordance with the provisions of this act; except that the words “recall election” shall appear on the ballot. The recall features of the ballot shall appear at the top thereof and shall be separated from the portion of the ballot for the election of officials by a heavy black line. The proposal for recall shall be placed on the ballot in the following manner:

“Shall ..................................................... (here insert name of incumbent) be removed from office by recall?” This matter shall occupy 2 lines in boldface type. Immediately below the above wording shall appear the phrase “for recall,” and immediately
underneath such phrase the words "against recall." Immediately at the left of each of these 2 phrases shall be printed a square, in which the voter may make a cross (×) or plus (+) or a check (√) mark. Immediately below the foregoing shall appear the following: "Indicate your vote by placing a cross (×) or plus (+) or a check (√) mark in one of the squares above."

6.6. Removal of more than one official. If the removal of more than one official is sought the same provisions for submitting to the electors the question and direction hereinbefore described shall be repeated in the case of each official concerned and their position on the ballot for their recall shall be in the order of the filing of the petition with the town clerk.

6.7. Election of successor; use of recall ballot. The same ballot used for submitting the question or questions of recall shall be used for the election of a successor to the incumbent sought to be removed and immediately under the black line following the recall question shall appear the phrase "Nominees for successors of ... (here insert name of incumbent) in the event he is recalled." The names of all persons nominated as successors shall be placed upon the ballot in the same manner provided for other elections of municipal officials in the town.

6.8. Publication of notices of arrangements. The town clerk shall cause to be made due publication of notices of arrangements for holding all recall elections and they shall be conducted as are other elections for municipal officials in the town.

6.9. Conduct of elections. Except as otherwise provided in this article, the recall election shall be conducted in the same manner as provided by general law for regular municipal elections.

6.10. Results of election. (a) If a majority of votes in connection with the recall of any official be in favor of the recall, the term of office of such official shall terminate upon the certification of the results of election by the town clerk.

(b) If the results of such recall election shall, by the certificate of the town clerk, be shown to be against the recall of the official, he shall continue in office as if no recall election had been held, and the vote for the election for the successor of such official taken at the time of such attempted recall shall be void.

6.11. Vacancy. If the office of the incumbent shall become vacant, either by his resignation or by the result of the recall election, his successor shall be the nominee receiving the greatest number of votes at the recall election. The person so elected shall serve for the remainder of the unexpired term.

CHAPTER 196

A Supplement to "An act concerning certain conveyances and transfers of the right, title and interest of a municipality in certain lands where such lands have been acquired by such municipality by reason of the creation of lien thereon under the 'Tax Sale Law' and the results thereof," approved May 29, 1940 (P. L. 1940, c. 73).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 54: 5-126a Return to municipality of title of land not used as forest park reservation.

1. When any municipality has heretofore conveyed and transferred to the State of New Jersey for use as forest park reservation all its right, title and interest in any land pursuant to the act to which this act is a supplement and the said land has not been used as a forest park reservation, such land may be conveyed to the municipality which made the conveyance and transfer to the State of New Jersey, as provided herein. The Commissioner of Conservation and Economic Development shall first determine that such land has neither been used nor is suitable for use as a forest park reservation and is not desired for said purpose. Any such determination shall be subject to the approval of the Division of Parks, Forestry and Recreation of the Department of Conservation and Economic Development. If so approved the said commissioner shall execute for and in the name of the State a deed of conveyance to said land in such form as the Attorney General shall approve. The municipal grantee shall accept the deed and cause it to be recorded.

C. 54: 5-126b Right to redeem; amount required, reimbursement to State.

2. In any such case where there is an outstanding right of redemption of the land from the original tax sale the owner, mortgagee, occupant or other person having an interest in such land shall have the right to redeem the same upon payment to the municipal collector, an amount to be fixed by resolution of the governing body of the municipality. The amount to be fixed by any such resolution shall include those items specified in the act to which this act is a supplement and in addition a sum equivalent
to the taxes which would have been assessed against the land had the municipality not made the conveyance and transfer to the State of New Jersey, calculated upon the latest assessed valuation and the several annual rates of taxation during the period between the conveyance and transfer by the municipality to the State and the conveyance and transfer back to the municipality by the State under this act; but in no event more than the market value to be determined by the local government body at time of redemption.

If during the period when the lands were exempt from taxation by reason of the title being vested in the State of New Jersey as provided by the act to which this act is a supplement the State paid to the municipality any sums in lieu of taxes, the amount of such sums shall be deducted by the municipality in fixing that part of the amount added to the amount required to redeem as representing taxes that would have been assessed had not the municipality conveyed the land to the State. That part of the amount required to reimburse the Department of Conservation and Economic Development for such sums if any paid by it to the municipality in lieu of taxes and for such expenses incurred or expenditures made by said department on account of the acquisitions of such land shall be calculated and certified to the municipality by the Commissioner of Conservation and Economic Development at the time of the making of the conveyance by the State to the municipality. Upon any such redemption the municipal collector shall remit to the Department of Conservation and Economic Development the sums required to reimburse the said department.

3. This act shall take effect immediately.

CHAPTER 198

An Act concerning group life insurance, and amending section 17:34-31 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 17:34-31 of the Revised Statutes is amended to read as follows:
Requirements; permissible provisions in policies; groups insurable; persons eligible; limitation on amount.

17:34-31. (A) No policy of group life insurance shall be delivered in this State unless it conforms to one of the following descriptions:

(1) A policy issued to an employer, or to the trustees of a fund established by an employer, which employer or trustees shall be deemed the policyholder, to insure employees of the employer for the benefit of persons other than the employer subject to the following requirements:

(a) The employees eligible for insurance under the policy shall be all of the employees of the employer, or all of any class or classes thereof determined by conditions pertaining to their employment. The policy may provide that the term "employees" shall include the employees of one or more subsidiary corporations and the employees, individual proprietors and partners of one or more affiliated corporations, proprietors or partnerships if the business of the employer and such affiliated corporations, proprietors or partnerships is under common control through stock ownership, contract or otherwise. The policy may provide that the term "employees" shall include the individual proprietor or partners if the employer is an individual proprietor or a partnership. The policy may provide that the term "employees" shall include retired employees. No director of a corporate employer shall be eligible for insurance under the policy unless such person is otherwise eligible as a bona fide employee of the corporation by performing services other than the usual duties of a director. No individual proprietor or partner shall be eligible for insurance under the policy unless he is actively engaged in and devotes a substantial part of his time to the conduct of the business of the proprietor or partnership. The policy may provide that the term "employees" shall include the trustees or their employees, or both, if their duties are principally connected with such trusteeship.

(b) The premium for the policy shall be paid by the policyholder, either wholly from the employer's funds or funds contributed by him, or partly from such funds and partly from funds contributed by the insured employees. No policy may be issued on which the entire premium is to be derived from funds contributed by the insured employees. A policy on which part of the premium is to be derived from funds contributed by the insured employees may be placed in force only if at
least 75% of the then eligible employees, excluding any as to whom evidence of individual insurability is not satisfactory to the insurer, elect to make the required contributions. A policy on which no part of the premium is to be derived from funds contributed by the insured employees must insure all eligible employees.

(c) The policy must cover at least 10 employees at date of issue.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the employer or trustees.

(2) A policy issued to a creditor, who shall be deemed the policyholder, to insure debtors of the creditor, subject to the following requirements:

(a) The debtors eligible for insurance under the policy shall be all of the debtors of the creditor whose indebtedness is repayable in installments, or all of any class or classes thereof determined by conditions pertaining to the indebtedness or to the purchase giving rise to the indebtedness. The policy may provide that the term "debtors" shall include the debtors of one or more subsidiary corporations, and the debtors of one or more affiliated corporations, proprietors or partnerships if the business of the policyholder and of such affiliated corporations, proprietors or partnerships is under common control through stock ownership, contract, or otherwise.

(b) The premiums for the policy shall be paid by the policyholder, either from the creditor's funds, or from charges collected from the insured debtors, or from both. A policy on which part or all of the premium is to be derived from the collection from the insured debtors of identifiable charges not required of uninsured debtors shall not include, in the class or classes of debtors eligible for insurance, debtors under obligations outstanding at its date of issue without evidence of individual insurability unless at least 75% of the then eligible debtors elect to pay the required charges. A policy on which no part of the premium is to be derived from the collection of such identifiable charges must insure all eligible debtors, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(c) The policy may be issued only if the group of eligible debtors is then receiving new entrants at the rate of at least 100 persons yearly, or may reasonably be expected to receive
at least 100 new entrants during the first policy year, and only if the policy reserves to the insurer the right to require evidence of individual insurability if less than 75% of the new entrants become insured.

(d) The amount of insurance on the life of any debtor shall at no time exceed the amount owed by him which is repayable in installments to the creditor, or $10,000.00, whichever is less.

(e) The insurance shall be payable to the policyholder. Such payment shall reduce or extinguish the unpaid indebtedness of the debtor to the extent of such payment.

(3) A policy issued to a labor union, which shall be deemed the policyholder, to insure members of such union for the benefit of persons other than the union or any of its officials, representatives or agents, subject to the following requirements:

(a) The members eligible for insurance under the policy shall be all of the members of the union, or all of any class or classes thereof determined by conditions pertaining to their employment, or to membership in the union, or both.

(b) The premium for the policy shall be paid by the policyholder, either wholly from the union's funds or partly from such funds and partly from funds contributed by the insured members specifically for their insurance. No policy may be issued on which the entire premium is to be derived from funds contributed by the insured members specifically for their insurance. A policy on which part of the premium is to be derived from funds contributed by the insured members specifically for their insurance may be placed in force only if at least 75% of the then eligible members, excluding any as to whom evidence of individual insurability is not satisfactory to the insurer, elect to make the required contributions. A policy on which no part of the premium is to be derived from funds contributed by the insured members specifically for their insurance must insure all eligible members.

(c) The policy must cover at least 10 members at date of issue.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the members or by the union.

(4) A policy issued to the trustees of a fund established by 2 or more employers in the same industry or by one or more labor unions, or by one or more employers and one or more labor unions,
which trustees shall be deemed the policyholder, to insure employees of the employers or members of the unions for the benefit of persons other than the employers or the unions, subject to the following requirements:

(a) The persons eligible for insurance shall be all of the employees of the employers or all of the members of the unions, or all of any class or classes thereof determined by conditions pertaining to their employment, or to membership in the unions, or to both. The policy may provide that the term "employees" shall include the individual proprietor or partners if an employer is an individual proprietor or a partnership. The policy may provide that the term "employees" shall include retired employees. No director of a corporate employer shall be eligible for insurance under the policy unless such person is otherwise eligible as a bona fide employee of the corporation by performing services other than the usual duties of a director. No individual proprietor or partner shall be eligible for insurance under the policy unless he is actively engaged in and devotes a substantial part of his time to the conduct of the business of the proprietor or partnership. The policy may provide that the term "employees" shall include the trustees or their employees, or both, if their duties are principally connected with such trusteeship. If the fund is established by the members of an association of employers, the policy may provide that the term "employees" shall include the employees of the association.

(b) The premium for the policy shall be paid by the trustees wholly from funds contributed by the employer or employers of the insured persons, or by the union or unions, or by both. No policy may be issued on which any part of the premium is to be derived from funds contributed by the insured persons specifically for their insurance. The policy must insure all eligible persons, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(c) The policy must cover at date of issue at least 100 persons and not less than an average of 5 persons per employer unit; and if the fund is established by the members of an association of employers the policy may be issued only if (i) either (a) the participating employers constitute at date of issue at least 60% of those employer-members whose employees are not already covered for group life insurance or (b) the total number of persons covered at date of issue exceeds 600; and (ii) the policy shall not require that, if a par-
Dicipating employer discontinues membership in the association, the insurance of his employees shall cease solely by reason of such discontinuance.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the insured persons or by the policyholder, employers, or unions.

(5) A policy issued to a duly incorporated State Policemen's Benevolent Association or Fraternal Order of Police, which association or order shall be deemed the policyholder, to insure members of such association or order for the benefit of persons other than the association, order or any of its officials, subject to the following requirements:

(a) The persons eligible for insurance under the policy shall be all of the members of the association, order or all of any class or classes thereof determined by conditions pertaining to their employment, or to membership in the association, order, or both.

(b) The premium for the policy shall be paid by the policyholder wholly from the association's or order's funds. No policy may be issued on which any part of the premium is to be derived from funds contributed by the insured members specifically for their insurance. The policy must insure all eligible members, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(c) The policy must cover at least 10 members at date of issue.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the members or the association or order. In no event may the amount of insurance under the policy on a member exceed $5,000.00.

(6) A policy issued to a duly incorporated nonprofit religious or charitable association or corporation, which has been in existence for more than 1 year at the time of issuance of the policy and which was not formed for the exclusive purpose of procuring insurance, which association or corporation shall be deemed the policyholder, to insure members of such association or corporation for the benefit of the association or corporation or of persons named by the insured members for the purpose of carrying out the duly stated objectives of the association or corporation, subject to the following requirements:
(a) The persons eligible for insurance under the policy shall be all of the members of the association or corporation or all of any class or classes thereof determined by conditions pertaining to membership in the association or corporation.

(b) The premium for the policy shall be paid by the policyholder or the insured members, or by both jointly.

(c) The policy must cover at least 100 members at date of issue and, if any part of the premium is to be paid by the insured members, shall cover not less than 75% of such eligible members, exclusive of any as to whom evidence of individual insurability is not satisfactory to the insurer.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the insured members or by the policyholder.

(b) The premium for the policy shall be paid by the policyholder wholly from the funds of the credit union or credit unions. The policy must insure all eligible members, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(c) The policy must cover at least 25 members at date of issue.

(d) The amount of the insurance on the life of any member cannot exceed the amount of his unpaid indebtedness plus the amount of his share account and the amounts of insurance under the policy must be based upon some plan precluding individual selection either by the members or by the credit union or credit unions.

(B) No policy of group life insurance may be issued to an employer, or to a labor union, or to the trustees of a fund established in whole or in part by an employer or a labor union, which provides term insurance on any person which together with any other term insurance under any group life insurance policy or policies issued

CHAPTER 200

An Act to amend "An act concerning issuance by insurance companies of contracts on a variable basis and the regulation thereof, and amending section 17:34-19 of the Revised Statutes," approved June 18, 1959 (P. L. 1959, c. 122) and to amend the title of "An act providing for the establishment and operation by any life insurance corporation of a variable contract account, and the regulation thereof," approved June 18, 1959 (P. L. 1959, c. 123) so that the same shall read "An act providing for the establishment and operation by any life insurance company of variable contract accounts, the regulation thereof, and the investment of assets of such accounts," and to amend the body of said act.

Be it enacted by the Senate and General Assembly of the State of New Jersey:
Title amended.

1. The title of chapter 123 of the laws of 1959 is amended to read as follows: An act providing for the establishment and operation by any life insurance company of variable contract accounts, the regulation thereof, and the investment of assets of such accounts.

2. Section 5 of chapter 122 of the laws of 1959 is amended to read as follows:

C. 17:35A-5 Form of contract or group certificate and application; filing; acknowledgment by commissioner; grounds for disapproval; required provisions; regulations.

5. (a) No contract on a variable basis shall be delivered or issued for delivery in this State by any insurance company until a copy of the form thereof (and, in the case of a contract on a group basis, the form of any certificate evidencing variable benefits issued pursuant thereto) and any form of application for such contract shall have been filed with the Commissioner of Banking and Insurance. No such form shall be issued or used until the commissioner shall give his prior written acknowledgment of the filing of such form. The commissioner shall disapprove or withdraw approval of any such contract form, application or certificate if:

   (i) such contract or application or certificate contains provisions which are unjust, unfair, inequitable, ambiguous, misleading, likely to result in misrepresentation, or contrary to law, or

   (ii) sales of such contracts are being solicited by any means of advertising, communication or dissemination of information which involves misleading or inadequate description of the provisions of the contract, or

   (iii) such contracts are being issued in disregard of reasonable regulations which shall be promulgated by the Commissioner of Banking and Insurance relating to the conditions which must be met at time of issue of an individual contract on a variable basis for balance whereby (A) provision made for income from contracts on a variable basis shall not exceed (B) provision made for income payable in predetermined dollar amount (in whatever form such provision is made, including, but without limitation to, annuities, pensions, social security or other contracts or plans providing for the payment of income over a period of time).

He shall notify the company, specifying particulars, of his disapproval. It shall be unlawful for such company thereafter to
issue any contract or certificate thereunder or use any application in the form so disapproved. Such disapproval of the commissioner shall be subject to review by the Superior Court in a proceeding in lieu of prerogative writ.

(b) Illustrations of benefits payable under any contract on a variable basis shall not involve projections of past investment experience into the future and shall conform with reasonable regulations promulgated by the Commissioner of Banking and Insurance.

(c) No individual annuity contract on a variable basis shall be delivered or issued for delivery in this State unless it contains in substance the following provisions:

(i) that, in the event of default in the payment of any consideration beyond the period of grace allowed by the contract for the payment thereof, the insurance company will make payment of the value of the contract, in accordance with a plan provided by the contract, commencing not later than the date contractual payments by the company were otherwise to have commenced in accordance with the contract;

(ii) that, upon request of the contract holder received by the insurance company at least 4 months prior to the date contractual payments by the company were otherwise to have commenced, the company will make payment of the value of the contract, in accordance with a plan provided by the contract and selected by the contract holder, commencing as of the first day of the first month which is at least 4 months after the date of receipt of such request, unless another date of commencement is requested by the contract holder and agreed to by the company;

(iii) that the insurance company will mail to the holder of the contract at least once in each contract year after the first, at his last address known to the company, a report in a form approved by the Commissioner of Banking and Insurance, which shall include a statement of the number of units credited to such contract and the dollar value of a unit as of a date not more than 2 months previous to the date of mailing and a statement in a form and of a date approved by the commissioner of the investments held in the variable contract account designated in such contract.

(d) Any individual contract on a variable basis delivered or issued for delivery in this State shall stipulate the expense, mortality, and investment increment factors to be used in computing
the dollar amount of variable benefits or other contractual payments or values thereunder, and shall guarantee that expense and mortality results shall not adversely affect such dollar amounts. The mortality and investment increment factors used in computing the dollar amount of variable benefits or other contractual payments or values under an individual contract on a variable basis shall not produce a larger initial payment than would be produced by the use of the 1937 Standard Annuity Mortality Table and an annual investment increment assumption of 3½%.

Any group contract on a variable basis delivered or issued for delivery in this State shall stipulate the expense, mortality and investment increment factors to be used in computing the dollar amount payable with respect to a unit of variable benefits purchased thereunder and shall guarantee that expense and mortality results shall not adversely affect such dollar amounts.

"Expense" as used in this subsection (d), may exclude some or all taxes, as stipulated in the contract. Any company issuing a contract on a variable basis shall submit annually to the Commissioner of Banking and Insurance a separate annual statement for the business of its variable contract accounts. This statement shall be on the same form as that prescribed by the commissioner for insurance companies doing business in New Jersey which do not operate variable contract accounts, and shall include details as to all of the income, disbursements, assets and liability items associated with the variable contract accounts.

The commissioner shall make a separate valuation of the assets of the variable contract accounts and a copy of such valuation shall be filed in the commissioner’s office as a public document.

Such valuation shall be on the same basis required of a life insurance company doing business in New Jersey but which has not established a variable contract account.

The commissioner shall further prescribe by regulation the steps to be taken by the company in disposing of those holdings which at any time subsequent to purchase fail to meet the standards and regulations for new investments.

3. Section 4 of chapter 123 of the laws of 1959 is amended to read as follows:

C. 17:35A-9 Investment of assets in common stock; other investments; limitations; exercise of stock voting rights; committee to manage investments; clear identification of certain investments and liabilities required.

4. (a) The assets held in a variable contract account, or any part thereof, may be invested in
(i) common stock or shares of any investment company specified in the contract or contracts participating in such variable contract account, and registered under the Investment Company Act of 1940, whether or not such stock or shares satisfy the dividend or earnings history requirements now or hereafter contained in the provisions of Title 17 of the Revised Statutes that regulate investments by domestic life insurance companies; provided that, at the time of the first purchase of such stock or shares of any such investment company, the life insurance company which maintains such account, or a subsidiary or affiliate of such insurance company, shall be the investment manager or investment adviser of such investment company and, as long as such life insurance company which maintains such account, or any subsidiary or affiliate of such life insurance company, shall continue as such investment manager or investment adviser of, the investments acquired by such investment company shall be such as would be eligible for investment of variable contract account assets by domestic life insurance companies under the provisions of this section 4 excluding this clause (i);

(ii) other investments made eligible for investment by domestic life insurance companies by the provisions of Title 17 of the Revised Statutes that regulate investments by domestic life insurance companies, except for investments made eligible by the provision of chapter 24 of said Title which permits a domestic life insurance company to make loans or investments not otherwise expressly qualified or permitted up to 2% of total admitted assets, as such provision may be amended from time to time, or any similar or superseding provision corresponding in substance thereto; and

(iii) investments authorized, specifically or by classes or otherwise by the commissioner as appropriate to the nature and purpose of such variable contract account;

provided that (A) any common stock or shares, other than common stock or shares referred to in clause (i) of this subsection issued by an open-end investment company, shall be (1) common stock or shares which are listed or admitted to trading on a securities exchange in the United States of America or Canada, or (2) common stock or shares which are included on the National Association of Securities Dealers' national price listings of "over-the-counter" securities, or (3) other common stock or shares which the commissioner shall have determined are publicly held and traded and as
to which market quotations shall be available; (B) the quantitative
investment limitations now or hereafter contained in Title 17 of
the Revised Statutes regulating investments by domestic life insur-
ance companies shall not be applicable to variable contract account
investments, subject to the qualification that the provision con-
tained in said Title limiting the percentage of voting stock of any
one corporation that may be purchased or acquired by a domestic
life insurance company, as such provision may be amended from
time to time, or any similar or superseding provision correspond-
ing in substance thereto, shall apply (subject to the provisions of
section 3 of chapter 24 of said Title as such provisions may be
amended from time to time, or any similar or superseding pro-
visions corresponding in substance thereto), with respect to the
aggregate of the voting stock of any one corporation held in all
accounts of such life insurance company except for all such stock
that may be voted only at the direction of a person or persons,
other than such life insurance company or any subsidiary or
affiliate of such life insurance company; and provided further that,
subject to the next succeeding paragraph of this subsection, no
domestic life insurance company shall purchase for any variable
contract account any security (other than common stock or shares
referred to in clause (i) of this subsection issued by an open-end
investment company) of any corporation, if after such purchase
more than 10% of the market value of the assets of such variable
contract account would be invested in the securities of such
corporation.

Notwithstanding the foregoing provisions of this section or any
other provision of law, a domestic life insurance company may
(i) invest the assets, or any part thereof, held in a variable con-
tact account established and maintained solely for a single group
contract holder in any investment or investments authorized by
the contract with such holder, subject only to clause (B) of the
proviso in the next preceding paragraph of this subsection relating
to the percentage of voting stock of any one corporation that
may be purchased or acquired, and (ii) vote any stock or shares
held in such an account in accordance with the instructions of
such person or persons designated pursuant to such contract.

Except as otherwise provided in this subsection, the investments
held in the variable contract accounts of any domestic life insur-
ance company shall be disregarded in determining whether the
other investments of such life insurance company comply with the
provisions of Title 17 of the Revised Statutes that regulate invest-
ments by domestic life insurance companies as such provisions may
be amended from time to time, or any similar or superseding pro-
visions corresponding in substance thereto.

(b) Notwithstanding any other provision of law, in order to
comply with the Investment Company Act of 1940, a domestic life
insurance company may, with respect to any variable contract
account or any portion thereof,

(i) exercise any voting rights of any stock or shares in ac-
cordance with instructions from the persons having the bene-
ficial interests in such account ratably according to their
respective interests in such account, or

(ii) establish a committee for such account, the members of
which may be directors or officers or other employees of such
insurance company, or persons having no such relationship to
such insurance company, or any combination thereof, who may
be elected to such membership by the vote of the persons
having the beneficial interests in such account ratably accord-
ing to their respective interests in such account. Such com-
mittee may have the power, which may be exercisable alone or
in conjunction with others, or which may be delegated to such
insurance company or any other person, as investment man-
ger or investment adviser, to authorize purchases and sales
of investments for such account, provided that as long as such
life insurance company or any subsidiary or affiliate of such
life insurance company shall be the investment manager or
investment adviser of such account, the investments of such
account shall be eligible under the provisions of subsection (a)
of this section. If compliance with the Investment Company
Act of 1940 shall involve only a portion of a variable contract
account, such insurance company may establish such a com-
mittee for only such portion, and its members may be elected
by the vote of the persons having the beneficial interests in
such portion. Any such committee for only a portion of a vari-
able contract account may be given the further power to re-
quire the subdivision of such account into 2 accounts so that the
portion of the account with respect to which such committee
shall be acting shall constitute a separate variable contract
account. If such committee shall so require, the insurance com-
pany shall segregate from the account being so subdivided a
portion of each asset held with respect to the reserve liabilities
of such account. Such portion shall be in the same propor-
tion to the total of such asset as the reserve liability for the portion.
of the account with respect to which such committee is acting bears to the total reserve liability of such account; and notwithstanding any other provision of law, the assets so segregated shall be transferred to a separate variable contract account with respect to which such committee shall act.

(c) The investments and liabilities of a variable contract account shall at all times be clearly identifiable and distinguishable from the other investments and liabilities of the corporation. No sale, transfer or exchange of investments may be made between a variable contract account and any other investment account of the corporation, except with the prior consent of the commissioner, and no investments of a variable contract account shall be pledged or transferred as collateral for a loan.

(d) The term “Investment Company Act of 1940” as used in this section shall mean an Act of Congress approved August 22, 1940 entitled “Investment Company Act of 1940” as amended from time to time, or any similar statute enacted in substitution therefor.

4. Section 5 of chapter 123 of the laws of 1959 is amended to read as follows:

C. 17:35A-10 Valuation of assets.

5. The valuation of variable contract account assets for all purposes, including annual reports of the corporation to the Department of Banking and Insurance, shall be determined in accordance with the market value of such assets, notwithstanding the application of other valuation methods to assets of the corporation other than the assets of the variable contract account. The net asset value of common stock or shares of any investment company which is an open-end company shall be deemed to be the market value thereof. Such valuation may be made as of such valuation dates as the corporation shall establish from time to time, except as otherwise required for such annual reports to the Department of Banking and Insurance.

5. This act shall take effect immediately.

CHAPTER 201

An Act concerning life insurance company investments and supplementing chapter 24 of Title 17 of the Revised Statutes and repealing the following insofar as they apply to life insurance companies: sections 17:2-1, 17:2-2, 17:2-4 to 17:2-8 inclusive, 17:19-1 to 17:19-12 inclusive, 17:24-1, 17:24-3, 17:24-5 and 17:24-10 to 17:24-12 inclusive, of the Revised Statutes; and “An act concerning investments by savings banks, banks, trust companies or insurance companies of this State, and supplementing chapter 2 of Title 17 of the Revised Statutes,” approved May 25, 1938 (P. L. 1938, c. 222), and “An act to provide that certain loans to veterans guaranted by the Administrator of Veterans’ Affairs shall be legal investments for any savings bank, banking institution or trust company of this State, and that any amount so guaranteed may be excluded in applying legal limitations affecting investments or loans in certain cases,” approved April 30, 1945 (P. L. 1945, c. 257), and “An act concerning legal investments,” approved June 19, 1947 (P. L. 1947, c. 308); repealing section 17:24-2 of the Revised Statutes and “An act concerning stock life insurance companies of this State, authorizing investments in the capital stock of any other life insurance company, and supplementing chapter 18 of Title 17 of the Revised Statutes,” approved July 8, 1964 (P. L. 1964, c. 138).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

C. 17:24-17 Certain investments authorized; limitations.

1. Any domestic life insurance company may invest its capital, surplus and other funds, or any part thereof, in:
   a. Bonds, notes, or other evidences of indebtedness or public stock issued, created, insured or guaranteed by the United States, any territory or possession thereof, this or any other State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, Canada or any of the provinces thereof, or any instrumentality, agency or political subdivision of one or more of the foregoing.
b. Real estate which may be improved or which is unimproved but in accordance with a definite plan for development within not more than 5 years, and in the operation, improvement and development thereof; provided that if the commissioner shall determine that the interest of such life insurance company's policyholders requires that any specific real estate so acquired be disposed of, then such life insurance company shall dispose of such real estate within such reasonable time as the commissioner shall direct; and provided further that the sum of (1) the aggregate amount invested in such real estate (including real estate held pursuant to sections 17:18-3 (a) and (d) of the Revised Statutes) and (2) the aggregate amount invested in capital stock of any corporation engaged primarily in a business involving the owning, developing or leasing of real property shall not exceed 8% of the total admitted assets of such life insurance company as of December 31 next preceding. The term "real estate" as used in this subsection "b" shall include any real property and any interest therein including, without limitation, any interest on, above or below the surface of the land, any leasehold estate therein, and any interest held or to be held by the life insurance company in cotenancy with one or more other institutions. Income produced by investment in any such leasehold shall be applied in a manner calculated to amortize the amount invested in such leasehold within a period not exceeding 8/10 of the unexpired term of the leasehold, inclusive of enforceable options, or within 40 years, whichever is the lesser, or where the peculiar nature of the leasehold involved so dictates, within such period and subject to such other reasonable limitations as the commissioner shall by regulation impose. The commissioner shall promulgate a regulation in connection with investments under this section which shall, as far as practicable, be consistent with those regulations of the department which treat with securities supported by such interests in real estate.

c. Mortgage loans on unencumbered fee simple or leasehold real estate, which may consist of areas on, above or below the surface of the ground, or any interest therein, located within the United States, any territory or possession thereof, the Commonwealth of Puerto Rico or Canada. The amount of any such loan shall not exceed 80% of the value of the real estate interest mortgaged unless (1) the loan is also secured by the mortgagor's interest in a lease or leases whose aggregate rentals shall be sufficient, after payment of operating expenses and fixed charges, to repay 90% of the loan with interest thereon during the initial term or terms
of such lease or leases and shall be payable directly or indirectly by any governmental units, instrumentalities, agencies or political subdivisions or an institution or institutions which meet the credit standards of the life insurance company for an unsecured loan to such institution or institutions; or (2) the excess over such 80% is insured or guaranteed or to be insured or guaranteed by the United States, this or any other State of the United States, the Commonwealth of Puerto Rico, Canada or any of the provinces thereof, or any instrumentality, agency or political subdivision of one or more of the foregoing. Any mortgage loan so insured or guaranteed or to be insured or guaranteed shall not be subject to the provisions of any law of this State prescribing or limiting the interest which may be charged or taken upon any such loan.

Any such life insurance company may hold a participation in any such mortgage loan if (1) such participation is senior and gives the holder substantially the rights of a first mortgagee or (2) the interest of such life insurance company in the evidence or evidences of indebtedness is of equal priority, to the extent of such interest, with other interests therein.

Any such mortgage loan whose maturity date shall be more than 2 years after the date of disbursement of such loan, and which exceeds % of the value of the interest mortgaged as of the date of the mortgage shall, as a minimum, provide for payments to be made by the borrower during the term of the loan to amortize the amount by which the loan exceeds % of the value of the interest mortgaged at the date of disbursement. The commissioner may promulgate such supplemental regulations as he deems necessary with regard to particular classes of such investments, taking into consideration the type of security and the ratio of the loan to the value of the real estate interest mortgaged. No loan may be made on leasehold real estate unless the terms of such loan provide for payments to be made by the borrower on the principal thereof in amounts sufficient to completely repay the loan within a period not exceeding % of the term of the leasehold, inclusive of the term or terms which may be provided by any enforceable option or options of extension or of renewal, which is unexpired at the time the loan is made.

Fee simple or leasehold real estate or any interest therein shall not be deemed to be encumbered within the meaning of this subsection "c" by reason of the existence of taxes or assessments that are not delinquent, or encumbrances that do not adversely affect the saleability of the property to a material extent or as to
which the life insurance company is insured against loss by a title insurer, or any prior mortgage or mortgages held by such life insurance company if the aggregate of the mortgages held shall not exceed the amount hereinbefore set forth, nor when such real estate or interest therein is subject to lease in whole or in part; provided, that the security created by the mortgage or trust deed on such real estate or interest therein is a first lien thereon.

No such life insurance company shall, pursuant to this subsection, invest more than 2% of its total admitted assets as of December 31 next preceding in any mortgage loan secured by any one property, nor shall its total mortgage investments pursuant to this subsection, exclusive of any mortgage loans insured or guaranteed or to be insured or guaranteed as hereinbefore provided, exceed 50% of such admitted assets.

d. Equipment trust obligations or other instruments evidencing an interest in or ownership of personal property where there is a right to receive determined portions of rental, purchase or other fixed obligatory payments for the use or purchase of such personal property, provided the aggregate investments therein shall not exceed 10% of the total admitted assets of such life insurance company as of December 31 next preceding; or certificates of receivers of any institution where such purchase is necessary to protect an investment in the securities of such institution theretofore made under authority of this chapter; or the capital stock, bonds, securities or evidences of indebtedness issued, assumed or guaranteed by any institution created or existing under the laws of the United States, any territory or possession thereof, this or any other State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, Canada or any of the provinces thereof; provided, that no purchase of any evidence of indebtedness which is in default as to interest shall be made by such life insurance company unless such purchase is necessary to protect an investment theretofore made under statutory authority.

The term "institution" as used in this chapter shall include any corporation, joint stock association, business trust, or business corporate joint venture.

No purchase shall be made of the stock of any class of any corporation except a corporation engaged primarily in a business involving the owning, developing or leasing of real property unless (1) such corporation has paid cash dividends on such class of stock during each of the past 5 years preceding the time of purchase or (2) such corporation shall have earned, during each of such years, an aggregate sum available for dividends upon such stock
which would have been sufficient, after all fixed charges and obligations, to pay dividends upon all shares of such class of stock outstanding during each of such years of 4% per annum computed (a) in the case of stocks which are the subject of reliable public quotations, upon the mean selling price during each of such years, or (b) in the absence of such quotations, upon book value as of the close of each of such years. In the case of the stock of a corporation resulting from or formed by merger, consolidation, acquisition or otherwise less than 5 years prior to such purchase, each consecutive year next preceding the effective date of such merger, consolidation or acquisition during which dividends or other distribution of profits shall have been paid by any one or more of its constituent or predecessor institutions in an aggregate amount sufficient to have paid dividends on that class of stock of the existing corporation whose stock is to be purchased, had such corporation then been in existence, shall be deemed a year during which dividends have been paid on such class of stocks and the earnings of such constituent or predecessor institutions available for dividends during each of such years may be included as earnings of the existing corporation whose stock is to be purchased for each of such years; provided, however, that nothing herein contained shall prohibit the purchase of stock of any class which is preferred, as to dividends, over any class the purchase of which is not prohibited by this section; and provided further, that no purchase of its own stock shall be made by any life insurance company except for the purpose of the retirement of such stock or except as specifically permitted by any law of this State applicable by its terms only to life insurance companies.

e. Securities, properties and other investments in foreign countries other than those specified in section 5 which are substantially of the same character as prescribed for authorized investments for funds of the life insurance company under the preceding subsections of this section, to an amount valued at cost not exceeding in the aggregate at any one time 2% of the total admitted assets of such life insurance company as of December 31 next preceding; provided, however, that the amount invested in authorized investments in any one foreign country shall not exceed in the aggregate, at any one time, 1% of such admitted assets. For the purposes of this subsection, Canada shall not be deemed to be a foreign country.

f. Bonds, notes, or other evidences of indebtedness, issued, insured or guaranteed or to be insured or guaranteed by the International Bank for Reconstruction and Development, or by the Inter-American Development Bank.
g. Loans or investments which are not qualified or permitted under any of the preceding subsections of this section or which are not otherwise expressly authorized by law, provided that the aggregate amount of such loans and investments, valued at cost, shall not exceed at any one time 3% of the total admitted assets of such life insurance company as of December 31 next preceding.

C. 17:24-18 Purchase of voting stock of certain corporations; limitations; authority and control by board of directors of life insurance company required.

2. No domestic life insurance company shall purchase more than 8% of any class of stock which entitles the holder thereof to vote at all elections of directors of any one corporation, unless it be a municipal corporation or a corporation engaged primarily in a business involving the owning, developing or leasing of real property, nor shall the amount invested by any such life insurance company in the voting stock of any one corporation exceed 2% of the total admitted assets of such life insurance company as of December 31 next preceding, nor shall the aggregate investment in the common stock of all corporations (exclusive of investments in separate accounts established pursuant to section 17:35A-6 and investments in the common stock of subsidiaries pursuant to section 4 hereof) valued at cost exceed 15% of such assets except that to the extent that such aggregate investment in stock exceeds 10% of such assets, further investments shall be subject to regulation by the commissioner under a formula which shall take into consideration the actual mandatory securities valuation reserve, as defined by the Committee on Valuation of Securities of the National Association of Insurance Commissioners, held by a company which is applicable to such stocks in the corresponding annual statement filed with the department, nor shall the amount invested in the evidences of indebtedness, preferred stock and receiver certificates of any one institution exceed 5% of such assets. Nothing herein contained shall prevent any such life insurance company from purchasing, investing in or otherwise acquiring the voting stock of certain corporations as hereinafter provided in this chapter.

No investment shall be made by any such life insurance company unless the same shall be authorized by the board of directors, or by a committee thereof charged with the duty of supervising such investment.

No such life insurance company shall underwrite or participate in any underwriting of the purchase or sale of securities or
property, or enter into any transaction for such purchase or sale on account of any such life insurance company jointly with any other person, firm or corporation, nor shall any such life insurance company enter into any agreement to withhold from sale any of its property, but the disposition of its property shall be at all times within the control of its board of directors.

Any life insurance company may enter into an agreement to acquire any investment permitted by law, directly with the issuer or owner thereof, and may participate with other investors provided that the obligations of such insurer and such other investors shall be several and not joint.

C. 17:24-19 Acquisition of certain securities or property.

3. Nothing contained in this chapter shall be construed to prohibit a life insurance company from accepting or acquiring corporate stock or evidences of indebtedness or other securities or property (1) pursuant to a plan of reorganization approved or made effective by order of a court having jurisdiction over the property of a debtor, (2) pursuant to a voluntary plan or agreement of reorganization, (3) as payment on account of an existing indebtedness, (4) as realization of collateral for a loan in default, (5) received in connection with an investment by the life insurance company otherwise allowable as an investment by this chapter, or (6) through the exercise of rights of conversion, warrants or rights to purchase stock, or pre-emptive rights to subscribe to stock, contained in or attached to a previously existing investment of such life insurance company. If any such stock, securities or property so received shall be of a kind or in an amount not otherwise allowable as an investment by this chapter, they shall be disposed of within 5 years from the time of their acquisition, unless the commissioner shall, for good cause shown, allow further time for the disposal thereof and then within the time so allowed.

C. 17:24-20 Investment in voting stock of subsidiary corporation; limitations.

4. Notwithstanding any other provisions of this chapter, any domestic life insurance company may invest an amount which together with amounts previously invested pursuant to this section shall not exceed in the aggregate 5%, or with the approval of the commissioner not to exceed in the aggregate 10%, of the total admitted assets of such life insurance company as of December 31 next preceding in the voting stock, including voting trust certificates, certificates of deposit, interim receipts and other similar instruments representing such stock of its substantially owned subsidiary corporation, provided:
a. All of the business of such subsidiary shall be conducted in a manner as to be properly incidental to the business of an insurance company. The following are the kinds of business in which such subsidiary corporation may engage:

(1) Writing of any kind of insurance authorized by the laws of this State;
(2) Investing, reinvesting, or trading in securities for its own account or that of its parent or affiliate;
(3) Rendering investment advisory or investment management services or both to governments or agencies thereof, governing bodies of employee benefit plans, and institutions as defined in this chapter;
(4) Mortgage investing, and mortgage servicing for its own account or that of its parents or affiliates, or for the account of any government or governmental instrumentality;
(5) Owning or leasing business, manufacturing, communication or transportation machinery and equipment; or
(6) Acting as administrative agent for a government or a governmental body, where such designation is permitted by other applicable law.

b. e. Such subsidiary will not be used directly or indirectly to promote the private interests of any officer or director of such life insurance company except that compensation may be paid by any subsidiary to officers and directors of such life insurance company for services rendered when such compensation is authorized by the board of directors of such subsidiary and approved by the board of directors of such life insurance company.

Government, and foreign countries to such extent as may be required by the laws of such jurisdictions as a condition for authority to transact business therein. This section shall not prohibit the deposit of such securities under transactions as provided in section 3, or the transmission of such securities outside the State for the purpose of securing or recording title to such securities or to property, or for the purpose of the sale, exchange or alteration of the provisions of such securities, or for the collection of any payment due thereon, nor shall this section prohibit the deposit of such securities as collateral for loans or as security for the performance of contracts.

CHAPTER 204

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 1 of the act of which this act is amendatory is amended to read as follows:

C. 40:11-15.1 Contracts for group insurance.

1. (A) Any municipality, county, school district, or agency thereof, herein referred to as employers, may enter into contracts of group life, accidental death and dismemberment, hospitalization, medical, surgical, major medical expense or health and accident insurance with any insurance company or companies authorized
to do business in this State or may contract with a nonprofit hospital service or medical service corporation with respect to the benefits which they are authorized to provide respectively. Such contract or contracts shall provide any one or more of such coverages for the employees of such employer and may include their dependents. "Dependants" shall include an employee's spouse and the employee's unmarried children, including stepchildren and legally adopted children, and, at the option of the employer and the carrier, foster children, under age 19 who live with the employee in a regular parent-child relationship, and may also include, at the option of the employer and the carrier, other unmarried children of the employee under the age of 23 who are dependent upon the employee for support and maintenance. A spouse or child enlisting or inducted into military service shall not be considered a dependent during such military service. Elected officials may be considered, at the option of the employer, to be "employees" for the purposes of this act, but "employees" shall not otherwise include persons employed on a short-term, seasonal, intermittent or emergency basis, persons compensated on a fee basis, or persons whose compensation from the public employer is limited to reimbursement of necessary expenses actually incurred in the discharge of their duties. "Employees" and "dependents" shall also not include persons, active or retired, who are otherwise eligible for coverage under this act but who, although they meet the age eligibility requirement of the Federal Medicare Program, are not covered by the complete Federal program. Retired employees and their dependents may continue to be covered if they were covered by a group contract or contracts or a group remittance plan of the employer, (1) as of the effective date of this act, or (2) immediately prior to the employee's retirement. The contract shall exclude from eligibility for any coverage any class or classes of public employees who are eligible for like or similar coverage under another group contract covering such class or classes of employees and may condition the eligibility of any employee for coverage upon satisfying a waiting period stated in the contract. Nothing herein contained shall be deemed to authorize coverage of dependents of an employee under a group life insurance policy or to allow the issuance of a group life insurance policy on which the entire premium is to be derived from funds contributed by the insured employees.

(B) The coverage of any employee, and of his dependents, if any, shall cease upon the discontinuance of his employment or upon
cessation of active full-time employment in the classes eligible for
coverage subject to such provision as may be made in any contract
by his employer for limited continuance of coverage during disa­
bility, part-time employment, leave of absence other than leave
for military service or lay-off, and for continuance of coverage
after retirement.

(C) Any contract or contracts permitted under this act shall
contain limitations, exclusions or exceptions so as to avoid dupli­
cation of benefits or services otherwise available pursuant to acci­
dental death and dismemberment, hospitalization, medical, surgical,
major medical expense or health and accident coverage under (1)
any other law of this State or the coverage afforded under the laws
of the United States, such as the Federal Medicare Program, and
(2) at the option of the employer and the carrier, group insurance
or any other arrangement of coverage for individuals in a group,
whether on an insured or uninsured basis.

2. Section 2 of which this act is amendatory is amended to read
as follows:

C. 40:11-16.1 Part payment of premium by employer; deduction of employee
contributions from salaries; retired employee's contribution;
summary of cost by insurance company.

2. (A) Any employer entering into a contract pursuant to the
provisions of section 1 of this act is hereby authorized to pay part
or all of the premiums or charges for such contracts and may ap­
propriate out of its general funds any money necessary to pay such
premiums or charges or portions thereof. The contribution re­
quired of any employee toward the cost of such coverage may be
deducted from the pay, salary or other compensation of such em­
ployee upon an authorization in writing made to the appropriate
disbursing officer.

(B) The continuance of coverage after retirement of any em­
ployee may be provided at such rates and under such conditions as
shall be prescribed in the contract subject, however, to the require­
ments hereinafter set forth in this subsection. The contributions
required of any retired employee toward the cost of such coverage
may be paid by him to his former employer or in such other man­
ner as the employer shall direct.

Retired employees shall be required to pay for the entire cost
of coverage for themselves and their dependents at rates which are
deemed to be adequate to cover the benefits, as affected by Medi­
care, of such retired employees and their dependents on the basis
of the utilization of services which may be reasonably expected of such older age classification, provided, however, that the total rate payable by such a retired employee for himself and his dependents, for coverage under the contract and for Part B of Medicare, shall not exceed by more than 25%, the total amount that would have been required to have been paid by the employee and his employer for the coverage maintained had he continued in office or active employment and he and his dependents were not eligible for Medicare benefits.

(C) Nothing herein shall be construed as compelling an employer to pay any portion of the premiums or charges attributable to such contracts.

(D) "Medicare" as used in this act means the coverage provided under Title XVIII of the Social Security Act as amended in 1965, or its successor plan or plans.

(E) In the event an insurance company issues a group insurance policy to an employer which includes 2 or more of the coverages authorized by this act, such insurance company shall at the end of each policy year furnish to the employer a summary of the cost of each such coverage.

C. 40:11-16.1a Reimbursement of active employee.

3. The employer may reimburse the active employee for his premium charges under Part B of the Federal Medicare Program covering the employee alone.

4. Any contracts in effect on the effective date of this act are hereby confirmed as good and effectual until the contract anniversary next following the first anniversary of the effective date of this act when such contracts, exclusive of group life insurance, will have to be conformed to satisfy the provisions of this act.

5. This act shall take effect immediately.

Approved September 20, 1967.

also execute such other assurances and guarantees as the agency
may deem necessary;
(5) The loan shall be subject to an agreement between the agency and the qualified housing sponsor which will subject said qualified housing sponsor and its principals or stockholders to limitations established by the agency as to rentals and other charges, builders' and developers' profits and fees, and the disposition of its property and franchises to the extent more restrictive limitations are not provided by the law under which the borrower is incorporated or organized;

(6) The loan shall be subject to an agreement between the agency and the qualified housing sponsor limiting said qualified housing sponsor, and its principals or stockholders, to a return of 8% per annum of its investment in any housing project assisted with a loan from the agency. No qualified housing sponsor which is permitted by the provisions of the law under which it is organized or incorporated to earn a return on its investment, nor any of the principals or stockholders of such qualified housing sponsor, shall at any time earn, accept or receive a return greater than 8% per annum of its investment in any housing project assisted with a loan from the agency, whether upon the completion of the construction or rehabilitation of such project, or upon the operation thereof, or upon the sale, assignment or lease of such project to any other person, association or corporation. Any person, association or corporation who shall be found guilty of violating the provisions of section 9(a) (6) of this act shall be a disorderly person and subject to a fine of not less than $500.00 or more than $2,500.00.

(7) No loan shall be executed except a loan made to a corporation or association organized not for profit which has as one of its purposes the construction or rehabilitation of housing projects or for mutual housing unless the qualified housing sponsor agrees (1) to certify upon completion of project construction or rehabilitation, subject to audit by the agency, either that the actual project cost as defined herein exceeded the amount of the loan proceeds by 10% or more, or the amount by which the loan proceeds exceed 90% of the total project cost, and (2) to pay forthwith to the agency, for application to reduction of the principal of the loan, the amount, if any, of such excess loan proceeds, subject to audit and determination by the agency. No loan shall be made to a corporation or association organized not for profit or for mutual housing unless the corporation or association organized not for profit or for mutual housing agrees to certify the actual project cost upon completion of the project, subject to audit and determination by the agency, and further agrees to pay forthwith to the agency, for application to
CHAPTER 247, LAWS OF 1967

• reduction of the principal of the loan, the amount, if any, by which the proceeds of the loan exceed the certified project cost subject to audit and determination by the agency. Notwithstanding the provisions of this subsection, the agency may accept, in lieu of any certification of project cost as provided herein, such other assurances of the said project cost, in any form or manner whatsoever, as will enable the agency to determine with reasonable accuracy the amount of said project cost.

(8) No loan shall be made for the construction or rehabilitation of a housing project for which tax exemption is granted by a municipality unless such tax exemption remains in effect during the entire term of the loan, unless a lesser period of tax exemption is approved by the agency.

(9) The loan shall be subject to an agreement between the agency and the qualified housing sponsor which contains a provision stating the prevailing wage rate (as determined by the Commissioner of Labor and Industry pursuant to section 37 of this act) which can be paid to the workmen employed in the performance of any contract for the construction or rehabilitation of any housing project, and which stipulates that the qualified housing sponsor, or any builder, contractor or subcontractor thereof, shall pay to such workmen not less than such prevailing wage rate.

(b) As a condition of the loan, the agency shall have the power at all times during the construction and rehabilitation of a housing project and the operation thereof:

(1) To enter upon and inspect without prior notice any project, including all parts thereof, for the purpose of investigating the physical and financial condition thereof, and its construction, rehabilitation, operation, management and maintenance, and to examine all books and records with respect to capitalization, income and other matters relating thereto and to make such charges as may be required to cover the cost of such inspections and examinations;

(2) To order such alterations, changes or repairs as may be necessary to protect the security of its investment in a housing project or the health, safety, and welfare of the occupants thereof;

(3) To order any managing agent, project manager or owner of a housing project to do such acts as may be necessary to comply with the provisions of all applicable laws or ordinances or any rule or regulation of the agency or the terms of any agreement concerning the said project or to refrain from doing any acts in violation thereof and in this regard the agency shall be a proper party to file a complaint and to prosecute thereon for any violations of laws or ordinances as set forth herein;
(4) To require the adoption and continuous use of uniform systems of accounts and records for a project and to require all owners or managers of same to file annual reports containing such information and verified in such manner as the agency shall require, and to file at such times and on such forms as it may prescribe, reports and answers to specific inquiries required by the agency to determine the extent of compliance with any agreement, the terms of the loan, the provisions of this act and any other applicable law; and

(5) To enforce, by court action if necessary, the terms and provisions of any agreement between the agency and the qualified housing sponsor and the terms of any agreement between the qualified housing sponsor and any municipality granting tax exemption, as to schedules of rental or carrying charges, income limits as applied to tenants or occupants, or any other limitation imposed upon the qualified housing sponsor as to financial structure, construction or operation of the project.

(6) In the event of a violation by the qualified housing sponsor of the terms of any agreement between the agency and the qualified housing sponsor, or between the municipality granting tax exemption and the qualified housing sponsor, or in the event of a violation by the qualified housing sponsor of this act or of the terms of the mortgage loan agreement or of any rules and regulations of the agency duly promulgated pursuant to this act, or in the event that the agency shall determine that any loan or advance from the Housing Development Fund pursuant to section 36 of this act is in jeopardy of not being repaid, the agency may remove any or all of the existing officers and directors of such qualified housing sponsor and appoint such person or persons who the agency in its sole discretion deems advisable, including officers or employees of the agency, as new officers or directors to serve in place of those removed. Officers or directors so appointed need not be stockholders or meet other qualifications which may be prescribed by the certificate of incorporation or by laws of such qualified housing sponsor. In the absence of fraud or bad faith, officers or directors so appointed shall not be personally liable for debts, obligations or liabilities of such qualified housing sponsor. Officers or directors so appointed shall serve only for a period coexistent with the duration of such violation or until the agency is assured in a manner satisfactory to it that such violation, or violations of a similar nature, have not and will not re-occur. Officers or employees of the agency who are so appointed as officers or directors shall serve in such capacity without compensation, but shall be entitled to be reim-
bursed, if and as the certificate of incorporation or by-laws of such qualified housing sponsor may provide, for all necessary expenses incurred in the discharge of their duties as officers or directors so appointed of such qualified housing sponsor and such other necessary expenses incurred in the discharge of their duties as officers or directors of such qualified housing sponsor as determined by the agency.

4. Section 10 of the act of which this act is amendatory is amended to read as follows:

C. 55:14J-10 Tenancy in housing projects; tenants’ income limitations; periodic examination of income; removal terms.

10. (a) Admission to housing projects constructed or rehabilitated under this act shall be limited to families of moderate income whose gross aggregate family income at the time of admission does not exceed 6 times the annual rental or carrying charges, including the value or cost to them of heat, light, water, sewerage, parking facilities and cooking fuel, of the dwellings that may be furnished to such families, or 7 times said charges if there are 3 or more dependents. There may be included in the carrying charges to any family for residence in any mutual housing project constructed or rehabilitated with a loan from the agency an amount equal to 6% of the original cash investment of the family in said mutual housing project and, to the extent authorized by the agency where not included in said carrying charges, the value or cost of repainting the apartment and replacing any fixtures or appliances. Notwithstanding the provisions of this section, no family or individual shall be eligible for admission to any housing project constructed or rehabilitated with a loan from the agency whose gross aggregate family income exceeds $15,000.00, as said sum may be adjusted from time to time by the agency, by rules or regulations promulgated hereunder, so as to reflect changes in any wage or salary indices for this State as determined and prepared by any department, division, office or agency of this State.

(b) The agency shall by rules and regulations provide for the periodic examination of the income of any person or family residing in any housing project constructed or rehabilitated with a loan from the agency. In the event that the gross aggregate family income of a family residing in any such housing project increases and the ratio to the current rental or carrying charges of the dwelling unit becomes greater than the ratio prescribed for admission in subsection (a) of this section but is not more than 25% above the family income so prescribed for admission to the project, the owner or managing agent of such housing project shall permit the family to
continue to occupy the unit. The agency or (with the approval of the agency) the qualified housing sponsor of any housing project constructed or rehabilitated with a loan from the agency, may terminate the tenancy or interest of any family residing in such housing project whose gross aggregate family income exceeds 25% of that prescribed herein and which continues to exceed the same for a period of 6 months or more; provided, that no tenancy or interest of any such family in any such housing project shall be terminated except upon reasonable notice and opportunity to obtain suitable alternate housing, in accordance with rules and regulations of the agency; provided further, that any such family, with the approval of the agency, may be permitted to continue to occupy the unit, subject to payment of a rent or carrying charge surcharge to the qualified housing sponsor in accordance with a schedule of surcharges fixed by the agency. Said qualified housing sponsor shall pay such surcharge to the municipality granting tax exemption, but only up to an amount that together with payments made to the municipality in lieu of taxes and for any land taxes equals 25% of the total rents or carrying charges of the housing project for the current and any prior years that the project has been in operation. Any remainder of the surcharge, or the total surcharge if tax exemption has not been granted, shall be paid into the housing finance fund created by section 20 of this act for the use of the agency.

(c) Any family residing in a mutual housing project required to remove from the project because of excessive income as herein provided shall be discharged from liability on any note, bond or other evidence of indebtedness relating thereto and shall be reimbursed, in accordance with the rules of the agency, for all sums paid by such family to the qualified housing sponsor on account of the purchase of stock or debentures as a condition of occupancy or on account of the acquisition of title for such purpose.

5. Section 15 of the act of which this act is amendatory is amended to read as follows:

C. 55:14J-15 Issuance of bonds authorized; types, terms, negotiability, sale of bonds or other obligations.

15. (a) The agency shall have the power and is hereby authorized from time to time to issue its bonds, bond anticipation notes and other obligations in such principal amounts as in the opinion of the agency shall be necessary to provide sufficient funds for achieving any of its corporate purposes, including the making of mortgage loans, the payment, funding or refunding of the principal of, or interest or redemption premiums on, any bonds, bond anticipation
notes and other obligations issued by it whether the bonds, bond anticipation notes or other obligations or interest to be funded or refunded have or have not become due, the establishment of reserves to secure such bonds, bond anticipation notes and other obligations and all other expenditures of the agency incident to and necessary or convenient to carry out its corporate purposes and power.

(b) Except as may be otherwise expressly provided herein or by the agency, every issue of bonds, bond anticipation notes or other obligations shall be general obligations payable out of any moneys or revenues of the agency, subject only to any agreements with the holders of particular bonds, bond anticipation notes or other obligations pledging any particular moneys or revenues. The agency may issue such types of bonds, bond anticipation notes or other obligations as it may determine, including bonds, bond anticipation notes or other obligations on which the principal and interest are payable (1) exclusively from the income and revenues of the project financed with the proceeds of such bonds, bond anticipation notes or other obligations; (2) exclusively from the income and revenues of certain designated projects whether or not they are financed in whole or in part with the proceeds of such bonds, bond anticipation notes or other obligations; or (3) from its revenues generally. Any such bonds, bond anticipation notes or other obligations may be additionally secured by a pledge of any grant or contributions from any department or agency of the United States or person or a pledge of any moneys, income or revenues of the agency from any source whatsoever.

(c) Any provision of any law to the contrary notwithstanding, any bonds, bond anticipation notes or other obligations issued pursuant to this act shall be fully negotiable within the meaning and for all purposes of Title 12A of the New Jersey Statutes, and each holder or owner of such a bond, bond anticipation note or other obligation, or of any coupon appurtenant thereto, by accepting such bond, bond anticipation note or other obligation or coupon shall be conclusively deemed to have agreed that such bond, bond anticipation note, other obligation or coupon is and shall be fully negotiable within the meaning and for all purposes of said Title 12A of the New Jersey Statutes.

(d) Bonds, bond anticipation notes or other obligations of the agency shall be authorized by resolution of the agency and may be issued in one or more series and shall bear such date or dates, mature at such time or times not exceeding 50 years from the date thereof, bear interest at a rate or rates within such maximum rate (not exceeding 6% per annum), be in such denomination or
denominations, be in such form, either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable from such sources in such medium of payment at such place or places within or without this State, and be subject to such terms of redemption (with or without premium) as such resolution or resolutions may provide.

(e) Bonds, bond anticipation notes or other obligations of the agency may be sold at public or private sale at such price or prices as the agency shall determine, provided, however, that the interest cost to their average maturity of the money received for any group of bonds or other obligations sold in a single transaction (computed according to standard tables of bond values) shall not exceed 6% per annum.

6. Section 16 of the act of which this act is amendatory is amended to read as follows:

C. 55:14J-16  Bond resolution provisions; exceptions.

16. Any resolution or resolutions authorizing the issuance of bonds, bond anticipation notes or other obligations or any issue thereof may contain provisions, except as expressly limited in this act and except as otherwise limited by subsisting agreements with the holders of bonds, bond anticipation notes or other obligations, which shall be a part of the contract with the holders thereof, as to the following:

(a) The pledging of all or any part of the fees and charges made or received by the agency and all or any part of the moneys received in payment of loans and interest thereon, and other moneys received or to be received, to secure the payment of the principal or interest on any bonds, bond anticipation notes or other obligations or of any issue thereof;

(b) The pledging of all or any part of the assets of the agency, including but not limited to mortgages and other obligations securing the same, to secure the payment of bonds, bond anticipation notes or other obligations or of any issue of bonds, bond anticipation notes or other obligations;

(d) The establishment of reserves or sinking funds, the making of charges and fees to provide for the same, and the regulation and disposition thereof;

(e) Limitations on the purpose to which the proceeds of sale of bonds, bond anticipation notes or other obligations may be
applied and pledging such proceeds to secure the payment of the
bonds, bond anticipation notes, or other obligations, or of any issue
thereof;

(f) Limitations on the issuance of additional bonds, bond antici­
pation notes or other obligations; the terms upon which additional
bonds, bond anticipation notes or other obligations may be issued
and secured; the refunding or purchase of outstanding bonds, bond
anticipation notes or other obligations of the agency;

(g) The procedure, if any, by which the terms of any contract
with the holders of any bonds, bond anticipation notes or other
obligation of the agency may be amended or abrogated, the amount
of bonds, bond anticipation notes or other obligations the holders
of which must consent thereto, and the manner in which such con­
sent may be given;

(h) The vesting in a trustee or trustees of such property, rights,
powers and duties in trust as the agency may determine, which
may include any or all of the rights, powers and duties of any
trustee appointed by the holders of any bonds, bond anticipation

holders of any bonds, bond anticipation notes or other obliga­
tions of the agency to appoint a trustee under this act or limiting the
rights, powers and duties of such trustee;

(i) Provision for a trust agreement by and between the agency
and a corporate trustee which may be any trust company or bank
having the powers of a trust company within the State, which
agreement may provide for the pledging or assigning of any
assets or income from assets to which or in which the agency has
any rights or interest, and may further provide for such other
rights and remedies exercisable by the trustee as may be proper
for the protection of the holders of any bonds, bond anticipation
notes or other obligations of the agency and not otherwise in
violation of law, and the said agreement may provide for the
restriction of the rights of any individual holder of bonds, bond
anticipation notes or other obligations of the agency. All expenses
incurred in carrying out the provisions of such trust agreement
may be treated as a part of the cost of operation of the agency.
The trust agreement may contain any further provisions which
are reasonable to delineate further the respective rights, duties,
safeguards, responsibilities and liabilities of agency, individual
and collective holders of bonds, bond anticipation notes and other
obligations of the agency, and the trustees;

(j) Covenants to do or refrain from doing such acts and things
as may be necessary or convenient or desirable in order to better
secure any bonds, bond anticipation notes, or other obligations of the agency, or which, in the discretion of the agency, will tend to make any bonds, bond anticipation notes or other obligations to be issued more marketable notwithstanding that such covenants, act or things may not be enumerated herein;

(k) Any other matters of like or different character, which in any way affect the security or protection of the bonds, bond anticipation notes or other obligations.

7. Section 20 of the act of which this act is amendatory is amended to read as follows:

All moneys held in the Housing Finance Fund, except as hereinafter provided, shall be used for the payment of the principal and interest of any bonds as such payment shall become due and for the retirement of bonds upon maturity and when due. In addition, moneys from the fund may be used to retire bonds before maturity and to pay any redemption premium required to be paid, provided, however, that no moneys shall be utilized in any year to retire bonds as provided herein if the consequence thereof is to reduce the fund below an amount of moneys sufficient to meet the maximum payments required in the succeeding calendar year for (1) payment of principal and interest falling due on all other outstanding bonds and (2) retiring all other bonds required by terms to be retired, such amount being hereafter referred to as the “required minimum capital reserve.”

(b) Income or interest from the investment of moneys held in the fund shall be retained therein if needed to meet any deficiency in the required minimum capital reserve but to the extent of any excess over the aforesaid required minimum capital reserve, moneys may be transferred by the agency to any other fund or account of the agency.

(c) Notwithstanding any other provision contained in this act, no bonds shall be issued by the agency unless there is in the fund the required minimum capital reserve for all bonds issued and to be issued, provided, however, that nothing shall preclude the agency
from satisfying the foregoing requirement by depositing so much of the proceeds of the bonds to be issued, upon their issuance as is needed for the fund to achieve the required minimum capital reserve.

8. Section 22 of the act of which this act is amendatory is amended to read as follows:

C. 55:14J-22 General fund; additional funds.

(a) The agency shall establish and maintain a fund called the "General Fund" which shall consist of (1) all fees and charges collected by the agency pursuant to subsection (o) of section 34 of this act, or otherwise (2) any moneys which the agency shall transfer from the Housing Finance Fund pursuant to subsection (b) of section 20 of this act, and (3) any other moneys of the agency not required to be deposited in any other fund of that agency. To the extent available, after paying all the operating costs of the agency, the moneys remaining in the general fund may be used for the payment of the principal of and interest on the bonds issued by the agency or for such other corporate purposes of the agency as this act authorizes.

(b) The agency may establish such additional and further funds as may be, in its discretion, necessary and desirable to accomplish any agency purpose or to comply with the provisions of any agreement made by the agency or any resolution approved by the agency. The resolution establishing such a fund shall specify the source of moneys from which it shall be funded and the purposes for which moneys held in the fund shall be disbursed.

behalf of such holders, are fully met and discharged or provided for. The agency may include this pledge and agreement of the State in any agreement with the holders of bonds, bond anticipation notes and other obligations issued by the agency.

Said amounts of moneys shall be credited and made available to the agency.

11. Section 34 of the act of which this act is amendatory is amended to read as follows:

(n) To the extent permitted under its contract with the holders of bonds, bond anticipation notes and other obligations, to enter into contracts with any qualified housing sponsor containing provisions enabling the said qualified housing sponsor to reduce the rental or carrying charges to persons unable to pay the regular schedule of charges where by reason of other income or payment from the agency, any department or agency of the United States or this State, such reductions can be made without jeopardizing the economic stability of the housing project;

(o) To make and collect such fees and charges, including but not limited to payment for all costs of financing by the agency, service charges, mortgage insurance premiums, reserves against losses and reimbursement for advances made to the agency, as it shall determine is reasonable to enable the agency, to the extent feasible, to be self-sustaining;

The application to accomplish such retirement must be filed within 5 years of the original traumatic event, but the board of trustees may consider an application filed after the 5-year period if it can be factually demonstrated to the satisfaction of the board of trustees that the disability is due to the accident and the filing was not accomplished within the 5-year period due to a delayed manifestation of the disability or other circumstances beyond the control of the member.

(2) Upon retirement for accidental disability, a member shall receive an accidental disability retirement allowance which shall consist of:

(a) An annuity which shall be the actuarial equivalent of the member's aggregate contributions at retirement and

(4) Permanent and total disability resulting from a cardiovascular, pulmonary or musculo-skeletal condition which was not a direct result of a traumatic event occurring in the performance of duty shall be deemed an ordinary disability.

8. Section 8 of chapter 255 of the laws of 1944 is amended to read as follows:
892  CHAPTER 250, LAWS OF 1967

C. 43:16A-8  Medical examination; rehabilitation requirement; report; beneficiaries restored to active service.

8. (1) Upon the receipt by the retirement system of a written application for a disability retirement allowance, the system shall refer the application to the medical board, which shall designate a physician or physicians to examine the applicant and the report of the medical board shall be considered by the board of trustees in acting upon such application.

(2) Except for circumstances beyond his control, every disability beneficiary, who is under the age of 55 years, will be required to report for rehabilitation at the nearest office of the New Jersey Rehabilitation Commission within 90 days following the effective date of his disability benefit. If the beneficiary fails to report within the 90 days, or within such further time as may be allowed by the board of trustees for valid reason, as the case may be, the pension shall be discontinued during such default.

A report of the findings of the rehabilitation commission shall be filed with the retirement system. If the report indicates that the person could be rehabilitated to perform either his former duty or comparable duty, it shall be his responsibility to follow such course of rehabilitation until the rehabilitation commission finds that he can be restored to active service. If the beneficiary refuses the prescribed treatment of rehabilitation, such refusal shall be stipulated in writing to the retirement system, citing the reasons for his refusal. In the absence of valid reason or such stipulation, as the case may be, the board of trustees shall find him default and his pension shall be discontinued during such default.

If a disability beneficiary has completed a course of rehabilitation prescribed by the rehabilitation commission, he shall undergo a medical examination by a physician or physicians designated by the system. If the report of the medical board shall show that such beneficiary is able to perform his former duty, the beneficiary shall report for duty. If the beneficiary fails to return to duty within 10 days after being ordered so to do, or within such further time as may be allowed by the board of trustees for valid reason, as the case may be, the pension shall be discontinued during such default. If the beneficiary reports for duty in a timely manner, his employer shall be obligated to provide him with a position, in which he is to perform his former duty, at that time or at the earliest possible time in which his employer can provide such position or employment; such a beneficiary shall not suffer any loss of benefits while he awaits his restoration to active service. The head of any employer who knowingly and willfully violates his obligation to re-
store such disability beneficiary to active service shall be guilty of a misdemeanor as pursued by the office of the Attorney General before a court of proper jurisdiction.

If a disability beneficiary has completed a course of rehabilitation prescribed by the rehabilitation commission and the report of the medical board shall show that such beneficiary is not able to perform his former duty but can perform other comparable duty which his former employer is willing to assign to him, the beneficiary shall report for duty. If the beneficiary fails to return to duty within 10 days after being ordered so to do, or within such further time as may be allowed by the board of trustees for valid reason, as the case may be, the pension shall be discontinued during such default. If the beneficiary reports for duty in a timely manner, he may, in the discretion of the head of the employer, be restored to active service; such a beneficiary shall not suffer any loss of benefits while he awaits his restoration to active service.

If a disability beneficiary is not restored to active service, he shall nevertheless be subject to the provisions of subsection (3) of this section. If a disability beneficiary is restored to active service, he shall be subject to the provisions of subsection (4) of this section.

(3) Any beneficiary under the age of 55 years who has been retired on a disability retirement allowance under this act, on his request or upon the request of the retirement system shall be given a medical examination and he shall submit to an examination by a physician or physicians designated by the medical board, once a year for at least a period of 10 years following his retirement in order to determine whether or not the disability which existed at the time he was retired has vanished or has materially diminished. If the report of the medical board shall show that such beneficiary is able to perform either his former duty or any other available duty in the department which his employer is willing to assign to him, the beneficiary shall report for duty; such a beneficiary shall not suffer any loss of benefits while he awaits his restoration to active service. If the beneficiary fails to submit to any such medical examination or fails to return to duty within 10 days after being ordered so to do, or within such further time as may be allowed by the board of trustees for valid reason, as the case may be, the pension shall be discontinued during such default.

If such beneficiary is engaged in an occupation paying more than the difference between his retirement allowance and the salary now attributable to his former position in the police or
fire department, the amount of his pension shall be reduced to an amount which, together with his annuity and the amount of his earnings, shall equal the amount of the salary now attributable to his former position in the police or fire department. Should his earnings be later changed the amount of his pension shall be further modified; provided, that the new pension shall not exceed the amount of the pension originally granted.

(4) If a disability beneficiary is restored to active service, his pension, and the right to any death benefit as a result of his former membership, shall be suspended until he again retires.

Such person shall be re-enrolled in the retirement system and shall contribute thereto at a rate based on his age at the time of his prior enrollment. Such person shall be treated as an active member for determining disability or death benefits while in service.

Upon subsequent retirement of such member, he shall receive a retirement allowance based on all his service as a member since his last return to membership, and in addition he shall receive a retirement allowance equal to the retirement allowance on which he was retired at the time of his last retirement, but the total retirement allowance upon subsequent retirement shall not be a greater proportion of his average final compensation than the proportion to which he would have been entitled had he remained in service during the period of his prior retirement. Any death benefit to which such member shall be eligible shall be based on his latest retirement.

9. Section 9 of chapter 255 of the laws of 1944 is amended to read as follows:

(b) An amount equal to 3½ times the compensation upon which contributions by the member to the annuity savings fund were based in the last year of creditable service.

(2) a. For the purposes of this section and section 10, a member shall be deemed to be an active member for a period of no more than 93 days while on official leave of absence without pay when such leave is due to any reason other than illness, and for a period
of no more than 2 years if satisfactory evidence is presented to the retirement system that such leave of absence without pay is due to illness.

b. Except in the case of members who have elected to receive (1) a deferred retirement allowance pursuant to section 17 of chapter 241 of the public laws of 1964, as amended, or (2) an early retirement allowance pursuant to section 16 of chapter 241 of the public laws of 1964, as amended, after separation from service pursuant to the aforesaid section 17, if a member dies within 30 days after the date of retirement or the date of board approval, whichever is later, a death benefit shall be payable only if he is deemed to be an active member in accordance with subpart a of this subsection; provided, however, a member applying for disability benefits shall be deemed an active member if he was covered by the death benefit provisions of the act at the termination of employment, filed the application for disability retirement with the retirement system within 30 days following such termination of employment and dies within 30 days after the date of retirement or the date of board approval, whichever is later.

No such application shall be valid or acted upon unless it is filed in the office of the retirement system within 5 years of the date of such death.

(2) Upon the receipt of proper proofs of the death of a member on account of which an accidental death benefit is payable, there shall be paid to his widow or dependent widower a pension of 50% of the compensation, upon which contributions by the member to the annuity savings fund were based in the last year of creditable service, for the use of herself or himself and the children of the deceased member, to continue during her or his widowhood; if there is no surviving widow or dependent widower or in case the widow or dependent widower dies or remarries, 20% of such compensation
will be payable to one surviving child, 35% of such compensation to 2 surviving children in equal shares and if there be 3 or more children, 50% of such compensation will be payable to such children in equal shares.

If there is no surviving widow, dependent widower or child, 25% of the compensation upon which contributions by the member to the annuity savings fund were based in the last year of creditable service, will be payable to one surviving dependent parent or 40% of such compensation will be payable to 2 surviving parents in equal shares.

In the event of accidental death occurring in the first year of creditable service, the benefits, payable pursuant to this subsection, shall be computed at the annual rate of compensation.

(3) If there is no surviving widow, dependent widower, child or dependent parent, there shall be paid to any other beneficiary of the deceased member, his aggregate contributions at the time of death.

(4) In no case shall the death benefit provided in subsection 2 be less than that provided under subsection 3.

(5) In addition to the foregoing benefits payable under subsection 2 or 3, there shall also be paid in one sum to such beneficiary, if living, as the member shall have nominated by written designation duly executed and filed with the retirement system, otherwise to the executor or administrator of the member’s estate, an amount equal to 3 1/2 times the compensation upon which contributions by the member to the annuity savings fund were based in the last year of creditable service.

11. Section 11 of chapter 255 of the laws of 1944 is amended to read as follows:

C. 43:16A-11 Members ceasing to be firemen or policemen otherwise than by death or retirement; payment limitations.

11. If a member should cease to be a fireman or policeman, except by death or retirement as provided in this act, he shall be paid the amount of his aggregate contributions less any outstanding loan upon the filing of a written application as required by the retirement system. No member shall be entitled to withdraw the amounts contributed by his employer covering his military leave unless he shall have returned to the payroll and contributed to the retirement system for a period of 90 days.

If such person or any member shall die before withdrawing his aggregate contributions, such deductions shall be paid to the member’s beneficiary.

At each election thereafter, one policeman representative and one fireman representative shall be elected for a 4-year term.

(3) Each trustee shall, after his appointment or election, take an oath of office that, so far as it devolves upon him he will diligently and honestly administer the affairs of the said board, and that he will not knowingly violate or willingly permit to be violated any of the provisions of the law applicable to the retirement system. (6) Each trustee shall be entitled to one vote in the board. Five trustees must be present at any meeting of said board for the transaction of its business.

(7) Subject to the limitations of this act, the board of trustees shall, from time to time, establish rules and regulations for the administration of the funds created by this act and for the transaction of its business.

(10) The Attorney General of the State of New Jersey shall be the legal advisor of the board of trustees.

(11) The board of trustees shall designate a medical board to be composed of 3 physicians as the board shall designate who are not eligible to participate in the retirement system. If required, other physicians may be employed to report on special cases. The medical board shall pass upon all medical examinations required under the provisions of this act, shall investigate all essential statements and certificates by or on behalf of a member in connection with an application for disability retirement, and shall report in writing to the board of trustees its conclusions and recommendations upon all matters referred to it.

(13) The actuary shall prepare and submit to the board of trustees the mortality and service tables which he recommends to
the board for adoption and the board shall adopt for the retirement system such mortality and service tables as shall be deemed necessary, and shall certify the rates of contributions payable under the provisions of this act. At least once in each 5-year period following the establishment of the system, the actuary shall make an actuarial investigation into the mortality, service and compensation experience of the members and beneficiaries of the retirement system, and, taking into account the result of such investigation, the board of trustees shall adopt for the retirement system such mortality, service and other tables as shall be deemed necessary and shall certify the rates of contribution payable under the provisions of this act.

(14) The board of trustees from time to time shall set the rate of regular interest at such per centum rate compounded annually as shall be determined by the board with the advice of the actuary to be equitable both to members and to the taxpayers of the State, such rate to be limited to a minimum of 2% and a maximum of 4%, with the rate of 3% applicable until changed by the board.

(15) On the basis of such tables recommended by the actuary as the board of trustees shall adopt and regular interest, the actuary shall make an annual valuation of the assets and liabilities of the funds of the system created by this act.

(16) The various funds created by this act shall be subject to the supervision of the Department of Banking and Insurance of the State of New Jersey.

(17) Each policeman or fireman member of the board of trustees shall be entitled to time off from his municipal or county duty, with pay, during the periods of his attendance upon regular or special meetings of the boards of trustees or its duly appointed committees, and such time off shall include reasonable travel time required in connection therewith.

13. Section 15 of chapter 255 of the laws of 1944 is amended to read as follows:

C. 43:16A-15 Contributions; administrative expenses.

15. (1) The contributions required for the support of the retirement system shall be made by members and their employers.

(2) Upon the basis of such tables recommended by the actuary as the board shall adopt and regular interest, the actuary of the retirement system shall determine for each age at entrance into the system the percentage of compensation of the member entering at such age, exclusive of the additional contribution prescribed by subsections (15) (3) (c), which, if deducted from each payment
of his prospective earnable compensation throughout active service, is computed to be sufficient to provide for all benefits on account of his membership.

(3) (a) The percentage contribution rate of each member, exclusive of the additional contribution prescribed by subsection (15) (3) (c), shall be fixed according to his age at entrance into membership and shall be \( \frac{1}{2} \) of the total percentage contribution rate calculated for such age to be required to provide all benefits except the pensions upon accidental disability and the benefits payable upon death.

(b) Notwithstanding the provisions of subsection (15) (3) (a), the percentage contribution rates for members of the retirement system exclusive of the additional contribution prescribed by subsection (15) (3) (c), shall be fixed at the contribution rates in effect as of July 1, 1967.

(c) Effective July 1, 1968, all proportions of compensation are increased by an additional 1% of compensation which is subject to deductions from the compensation of members or contributions made on their behalf by their employers in lieu of such deductions.

(4) Each employer shall make a contribution equal to that made by each member in its employ and in addition shall make a contribution equal to the percentage of the compensation of each such member certified by the retirement system to be required to provide the cost of accidental disability pensions and any death benefits on his account. Notwithstanding this provision, the retirement system shall certify an average and uniform rate for payments by all employers, which shall be set on the basis of the annual actuarial valuations to be sufficient to provide with previous contributions of employers all benefits for which employers are responsible.

(5) In addition each employer shall make such contribution, if any, as is certified by the retirement system to be required to provide for accrued liability arising out of all prior service granted to members chargeable to such employer.

(6) The percentage rates of contribution payable by future members and all employers shall be subject to adjustment from time to time by the board of trustees with the advice of the actuary on the basis of annual actuarial valuations and experience investigations as provided under section 13, so that the value of future contributions of members and employers, when taken with present assets, shall be equal to the value of prospective benefit payments.

(7) The retirement system shall certify to the chief fiscal officer of each employer the percentage of salary payable by each member
and by the employer in behalf of each member. The employer shall cause to be deducted from the salary of each member the percentage of earnable compensation of each member. In determining the amount earnable by a member in a payroll period, the retirement system may consider the rate of salary payable to such member on the first day of the payroll period as continuing throughout such payroll period, and to facilitate the making of deductions it may modify the deduction required of any member by such an amount as shall not exceed $\frac{1}{10}$ of 1% of the compensation upon the basis of which such deduction is to be made.

(8) The deductions provided for herein shall be made notwithstanding that the minimum salary provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein, and payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the service rendered by such person during the period covered by such payment, except as to the benefits provided under this act. The chief fiscal officer of each employer shall certify to the retirement system in such manner as the retirement system may prescribe, the amounts deducted, and when deducted shall be paid into said annuity savings fund, and shall be credited to the individual account of the member from whose salary said deduction was made.

(9) (a) The amount payable each year by the employer based on the percentage rates certified by the retirement system, together with the amount, if any, payable each year by the employer on account of accrued liability arising out of prior service as certified by the retirement system, shall be included in the budget of the employer and levied and collected in the same manner as any other taxes are levied and collected for the payment of the salaries of members.

(b) In addition to the amounts indicated in subsection (15) (9) (a), the additional liabilities created by the provisions of this amendatory and supplementary act and those of chapter 241 of the laws of 1964 shall be computed by the actuary as a flat annual payment, which, if paid in each fiscal year next following the effective date of this act, for a period of 30 years, will provide for this liability.

(10) The treasurer or corresponding officer of the employer shall pay on or before December 27 in each year to the State Treasurer the amount so certified as payable by the employer for said year, and shall pay monthly to the State Treasurer the amount
of the deductions from the salary of the members in the employ of
the employer, and the State Treasurer shall credit such amount to
the appropriate fund or funds, of the retirement system.

If payment of the full amount of the employer’s obligation is not
made within 30 days of the due date established by this act, interest
at the rate of 4% per annum shall commence to run against the
unpaid balance thereof on the first day after such thirtieth day.

If payment in full, representing the transmittal and report of
salary deductions, is not made within 15 days of the due date estab­
lished by the retirement system, interest at the rate of 6% per
annum shall commence to run against the total transmittal of salary
deductions for the period on the first day after such fifteenth day.

(11) The expenses of administration of the retirement system
shall be paid by the State of New Jersey. Each employer shall
reimburse the State for a proportionate share of the amount paid
by the State for administrative expense. This proportion shall
be computed as the number of members under the jurisdiction of
such employer bears to the total number of members in the system.
The pro rata share of the cost of administrative expense shall be
included with the certification by the retirement system of the em­
ployer’s contribution to the system.

(12) Notwithstanding anything to the contrary, the retirement
system shall not be liable for the payment of any pension or other
benefits on account of the employees or beneficiaries of any em­
ployer participating in the retirement system, for which reserves
have not been previously created from funds, contributed by such
employer or its employees for such benefits.

14. Section 16 of chapter 255 of the laws of 1944 is amended to
read as follows:

C. 43:16A-16 Establishment of funds.
16. (1) All the assets of the retirement system shall be credited
according to the purpose for which they are held to one of 4 funds,
namely, the annuity savings fund, the pension accumulation fund,
the retirement reserve fund, and the special reserve fund.

(2) The annuity savings fund shall be a fund in which shall be
accumulated contributions from the compensation of members to
provide for their allowances. The aggregate contributions of a
member withdrawn by him or paid to his estate or his designated
beneficiary in event of his death as provided in this act shall be
paid from the annuity savings fund. Upon the retirement
or death of a member where the aggregate contributions of the
member are to be provided in the form of an annuity, the aggregate
contributions of the member shall be transferred from the annuity savings fund to the retirement reserve fund.

(3) The pension accumulation fund shall be the fund in which shall be credited contributions made by employers. Upon the death of a member either before or after retirement any lump sum benefit payable in addition to the employee’s contributions, shall be charged to the pension accumulation fund. Upon the retirement or death of a member the reserve of any pension payable to or on his account shall be transferred to the retirement reserve fund. All interest shall be credited to the pension accumulation fund and annually the retirement system shall transfer from the pension accumulation fund to the retirement reserve fund regular interest on the mean amount in the fund for the year. The retirement system shall also transfer annually from the pension accumulation fund to the special reserve fund, subject to the limitations of that special reserve fund, such portion of the interest earnings as shall be determined by the board of trustees. The board of trustees in its discretion, with the advice of the actuary, may transfer to and from the pension accumulation fund any surplus or deficit in the retirement reserve fund.

(4) The retirement reserve fund shall be the fund in which shall be held the reserves on all retirement allowances granted to members or their beneficiaries and from which all retirement allowances and benefits in lieu thereof shall be paid. Should a member who retired on account of disability be restored to active service his pension reserve shall be transferred from the retirement reserve fund to the pension accumulation fund and the excess of his aggregate contributions as they stood at retirement over the amount of annuity payments made shall be transferred to the annuity savings fund.

(5) The special reserve fund shall be the fund to which shall be credited all profits from the sale of securities and to which shall be transferred such portion of the interest earnings as shall be determined annually by the board of trustees. No additional amounts shall be credited to the special reserve fund at any time when the total accumulations in such fund equal 1% of the book value of the investments of the retirement system. In this event, any such excess shall be credited to the pension accumulation fund. All losses from the sale of securities shall be charged against the special reserve fund.

15. Section 16 of chapter 241 of the laws of 1964 is amended to read as follows:
C. 43:16A-11.1 Resignation before reaching service retirement age; settlement option.

16. Should a member resign after having established 25 years of creditable service before reaching age 55, he may elect to receive, in lieu of the payment provided in section 11, a retirement allowance which shall consist of:

(1) An annuity which shall be the actuarial equivalent of his aggregate contributions, and

(2) A pension in the amount, which when added to the member's annuity will provide a total retirement allowance of 2% of his average final compensation multiplied by the number of years of his creditable service up to 25 plus 1% of his average final compensation multiplied by the number of years of creditable service over 25; provided, however, that such retirement allowance shall be reduced in accordance with a table of actuarial equivalents recommended by the actuary and adopted by the board of trustees reflecting all months that the member lacks of being age 55.

Upon the receipt of proper proofs of the death of such a retired member, there shall be paid to his beneficiary an amount equal to \( \frac{1}{4} \) of the compensation upon which contributions by the member to the annuity savings fund were based in the last year of creditable service.

16. Section 17 of chapter 241 of the laws of 1964 is amended to read as follows:

C. 43:16A-11.2 Separation from service before reaching service retirement age; settlement options.

17. Should a member, after having established 25 years of creditable service, be separated voluntarily or involuntarily from the service, before reaching age 55, and not by removal for cause or charges of misconduct or delinquency, such person may elect to receive the payments provided for in section 11 of chapter 255 of the laws of 1944 or section 16 of chapter 241 of the laws of 1964, or a deferred retirement allowance, beginning at age 55, which shall consist of:

(1) An annuity which shall be the actuarial equivalent of his aggregate contributions at the time of retirement and

(2) A pension in the amount which, when added to the member's annuity, will provide a total retirement allowance of 2% of his average final compensation multiplied by the number of years of his creditable service up to 25 plus 1% of his average final compensation multiplied by the number of years of creditable service over 25, provided that such election is communicated by such mem-
ber to the retirement system in writing stating at what time sub-sequent to the execution and filing thereof he desires to be retired; and provided further, that such member may later elect to receive payments provided under section 11 of chapter 255 of the laws of 1944 or section 16 of chapter 241 of the laws of 1964 if he had qualified under that section at the time of leaving service. If such member shall die before attaining age 55, his aggregate contribu-tions shall be paid and, in addition if such member shall die after attaining age 55 and has not withdrawn his aggregate contribu-tions, an amount equal to \( \frac{1}{4} \) of the compensation upon which contributions by the member to the annuity savings fund were based in the last year of creditable service shall be paid to such member’s beneficiaries.

17. Section 18 of chapter 241 of the laws of 1964 is amended to read as follows:

C. 43:16A-16.1 Borrowing privileges.

18. Any member who has at least 3 years of service to his credit for which he has contributed as a member may borrow from the retirement system, an amount equal to not more than 50% of the amount of his aggregate contributions, but not less than $50.00; provided, that the amount so borrowed, together with interest thereon, can be repaid by additional deductions from salary, not in excess of 25% of the member’s salary, made at the time the salary is paid to the member but not after the attainment of age 55. The amount so borrowed together with interest at the rate of 4% per annum on any unpaid balance thereof, shall be repaid to the retirement system in equal installments by deductions from the salary of the member at the time the salary is paid but such installments shall be at least equal to the members full rate of contribution to the retirement system and at least sufficient to repay the amount borrowed with interest thereon by the time the member attains age 55. Not more than 2 loans may be granted to any member in any calendar year. Notwithstanding any other law affecting the salary or compensation of any person or persons to whom this act applies or shall apply, the additional deductions required to repay the loan shall be made. Any unpaid balance of a loan at the time any benefit may become payable shall be deducted from the benefit otherwise payable.

Loans may be made to a member from his aggregate contributions. The interest earned on such loans shall be treated in the same manner as interest earned from investments of the retirement system.
18. Section 20 of chapter 241 of the laws of 1964 is amended to read as follows:

C. 43:16A-53  Purchase by State Treasurer of group life insurance to provide coverage for death benefits.

20. The State Treasurer is hereby authorized and permitted to purchase from one or more life insurance companies, as determined by him, a group life insurance coverage to provide for the death benefits specified in sections 5, 6, 7 (3), 9 and 10 (5) of chapter 255 of the laws of 1944 and sections 16 and 17 of chapter 241 of the laws of 1964. Such group life insurance coverage may be provided under one or more policies issued to the State Treasurer specifically for this purpose or, in the discretion of the State Treasurer, under one or more policies issued to the State Treasurer which provide group life insurance coverage for members of one or more other retirement systems of the State of New Jersey. Whenever such policy or policies of group insurance shall be in effect, the benefits payable thereunder shall be in lieu of the above mentioned death benefits provided by said sections. Any dividend or retrospective rate credit allowed by an insurance company shall be credited in an equitable manner to the special insurance funds from which premiums are paid.

19. Section 22 of chapter 241 of the laws of 1964 is amended to read as follows:

C. 43:16A-55  Purchase by State Treasurer of group insurance to provide coverage for death benefits.

22. The State Treasurer may, in his discretion, determine to purchase group insurance coverage for the death benefit provisions as provided in sections 5, 6, 7 (3), 9 and 10 (5) of chapter 255 of the laws of 1944 and sections 16 and 17 of chapter 241 of the laws of 1964, or may determine not to purchase any group insurance coverage for the death benefit provisions heretofore mentioned.

20. Section 23 of chapter 241 of the laws of 1964 is amended to read as follows:

C. 43:16A-56  Group insurance premium fund; employers' contributions.

23. In the event the State Treasurer shall determine to purchase group insurance coverage for the death benefits, premiums for the same shall be paid from a special fund, hereby created, called the "Group Insurance Premium Fund." The State Treasurer shall estimate annually the amount which will be required for premiums for such benefits for the ensuing fiscal year and shall certify such amounts to the participating employers as due and owing from
them. The participating employers shall pay over to the State Treasurer the amount for premiums so certified and the State Treasurer shall deposit these amounts in the Group Insurance Premium Fund. During the period such group insurance policy or policies are in effect with respect to members of the Police and Firemen’s Retirement System of New Jersey the State Treasurer shall in no way commingle moneys in this fund with any pension fund established by chapter 255 of the laws of 1944.

21. Section 24 of chapter 241 of the laws of 1964 is amended to read as follows:

C. 43:16A-57 Disposition of reserves.

24. All reserves and moneys held by the insurance carrier under group life insurance contracts providing for employee contributions pursuant to the provisions of chapter 241 of the laws of 1964, and any amendments and supplements thereto, shall be transferred and merged with those purchased by the State Treasurer.

22. Section 25 of chapter 241 of the laws of 1964 is amended to read as follows:

C. 43:16A-58 Group policy conversion privileges; limitations.

25. Any such group policy or policies shall include, with respect to any insurance terminating or reducing because the member has ceased to be in service or has retired, the conversion privilege available upon termination of employment as prescribed by the law relating to group life insurance; and shall also include, with respect to insurance terminating because of termination of the group policy resulting from a termination of the death benefits for all members established under sections 5, 6, 7 (3), 9 and 10 (5) of chapter 255 of the laws of 1944, and sections 16 and 17 of chapter 241 of the laws of 1964, the conversion privilege available upon termination of the group policy as prescribed by such law. Any such group policy or policies shall also provide that if a member dies during the 31-day period during which he would be entitled to exercise the conversion privilege, the amount of insurance with respect to which he could have exercised the conversion privilege shall be paid as a claim under the group policy. When benefits payable upon the death of a member following retirement are determined as though the member had not retired, the death benefits payable under the group policy or policies, together with the amount of insurance paid under any individual policy obtained under the conversion privilege, shall in no event exceed the amount of insurance for which the member was insured under the group
policy or policies immediately prior to the date the right of conversion arose.

If any member who has exercised the conversion privilege under the group policy or policies again becomes a member of the Police and Firemen's Retirement System of New Jersey, and the individual policy obtained pursuant to the conversion privilege is still in force, he shall not again be eligible for any of the death benefits provided by sections 5, 6, 7 (3), 9 and 10 (5) of chapter 255 of the laws of 1944, and sections 16 and 17 of chapter 241 of the laws of 1964, unless he furnishes satisfactory evidence of insurability.

23. Section 26 of chapter 241 of the laws of 1964 is amended to read as follows:

C. 43:16A-59 Payment of benefits under group policies.

26. Benefits under such group policy or policies shall be paid by the insurance company to such person, if living, as the member shall have nominated by written designation duly executed and filed with the insurance company through the policyholder, otherwise to the executors or administrators of the member's estate. A member may file with the insurance company through the policyholder and alter from time to time during his lifetime, as desired, a duly attested written nomination of his payee for the death benefit.

24. Section 27 of chapter 241 of the laws of 1964 is amended to read as follows:

C. 43:16A-60 Settlement arrangements.

27. Any such group policy or policies shall provide that payment of any death benefits which are payable by the insurance company may be made in one sum directly to the beneficiary as hereinafter provided, in equal installments over a period of years or as a life annuity or in such other manner as may be made available by the insurance company. A member may make such arrangements for settlement, and may alter from time to time during his lifetime any arrangement previously made, by making written request to the insurance company through the policyholder. Upon the death of a member, a beneficiary to whom a benefit is payable in one sum by the insurance company may likewise arrange for a settlement as described above. If a member's or beneficiary's request for settlement of any death benefit in equal installments over a period of years or as a life annuity pursuant to the foregoing is approved by the policyholder, the amount of such installments or such life annuity, as the case may be, shall be determined on
the basis of such applicable mortality tables and rates of interest as shall have been adopted by the retirement system and are in effect at the member’s death. Any arrangement for payment under the group policy to a beneficiary shall be in lieu of that provided by sections 5, 6, 7 (3), 9 and 10 (5) of chapter 255 of the laws of 1944, and sections 16 and 17 of chapter 241 of the laws of 1964.

C. 43:16A-11.3 Members of Police and Firemen’s Retirement System; death benefit limitations; evidence of insurability; continuance of requirement.

25. a. Any person entitled to become a member of the Police and Firemen’s Retirement System shall not be allowed any of the death benefits established by sections 5, 6, 7 (3), 9 and 10 (5) of chapter 255 of the laws of 1944, and sections 16 and 17 of chapter 241 of the laws of 1964, if he makes application for membership beyond the year after he first became eligible for membership, unless the member furnishes satisfactory evidence of insurability and on the effective date of his membership is actively at work and performing all his regular duties at his customary place of employment.

The effective date of coverage for such death benefits shall be the first day of the month which immediately follows the date when such evidence is determined to be satisfactory.

b. Such evidence of insurability will not be required of any person becoming a member of the Police and Firemen’s Retirement System upon transfer from another State-administered retirement system, if such system provided death benefits of a similar nature and the transferring member was covered by such benefits just prior to the transfer. If such transferring member was not covered by such benefits just prior to the transfer, he may be allowed the death benefits of the Police and Firemen’s Retirement System subject to the provisions of subsection a. of this section; provided, however, that such member must furnish satisfactory evidence of insurability under the provisions of subsection a. of this section if he had been unable to give such evidence as a member of the system from which he transferred.

c. Any person who must furnish satisfactory evidence of insurability under the provisions of this section and who ceases to be a member of the retirement system without such evidence having been given, shall continue to be subject to the same requirement if he subsequently becomes a member.

C. 43:16A-12.1 Death benefits; limitations.

26. a. Upon the death after retirement of any member of the retirement system there shall be paid to his widow or dependent widower a pension of 25% of average final compensation for the
use of herself or himself, to continue during her or his widowhood, plus 15% of such compensation payable to one surviving child or an additional 25% of such compensation to 2 or more children; if there is no surviving widow or dependent widower or in case the widow or dependent widower dies or remarries, 20% of average final compensation will be payable to one surviving child, 35% of such compensation to 2 surviving children in equal shares and if there be 3 or more children, 50% of such compensation would be payable to such children in equal shares.

b. The increased pension benefits payable under this act shall apply only to cases where such policeman or fireman retires on or after the effective date of this amendatory and supplementary act and shall not affect pensions paid or to be paid as a result of retirements occurring prior to said date.

c. As of the effective date of this amendatory and supplementary act, all widows’ pensions previously granted pursuant to the provisions of section 10 of chapter 255 of the laws of 1944, as amended, and all such pensions previously granted, or to be granted where retirement for accidental disability occurred prior to said date, pursuant to the provisions of section 7 (3) of chapter 255 of the laws of 1944, as amended, will be subject to a maximum, annual, aggregate payment of $1,600.00.

C. 43:16A-12.2 Pension, annuity or retirement allowance effective date; amount limitations; payment of unpaid benefits upon death of retirant.

27. A pension, an annuity or a retirement allowance granted under the provisions of this act shall be effective only on the first day of a month, shall be paid in equal monthly installments, and shall not be decreased, increased, revoked or repealed, except as otherwise provided in this act; provided, however, that at the time any benefit becomes payable any unpaid balance of a loan or arrearage outstanding shall be deducted from any benefit otherwise payable.

Upon the death of a retirant, any unpaid benefits due him shall be paid in one lump sum to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the retirant’s estate. No pension, annuity or retirement allowance shall be due to a retirant or beneficiary unless it constitutes a payment for an entire month.
C. 43:16A-12.3 Beneficiary or beneficiaries; designation, change of, absence of, settlement options for.

28. The designation of beneficiary by a member or retirant shall be made in writing on a form satisfactory to the retirement system, and filed with the retirement system. The member or retirant may, from time to time and without the consent of his death benefit designee, change the beneficiary by filing written notice of the change with the system on a form satisfactory to it. The new nomination will be effective on the date the notice, in proper form, is received by the system, and any prior nomination shall thereupon become void.

If more than one beneficiary is nominated and in such nomination the member or retirant has failed to specify their respective interests, the beneficiaries shall share equally. If any beneficiary predeceases the member or retirant, the interest of such beneficiary shall terminate and shall be shared equally by such of the beneficiaries as survive the member or retirant, unless the member or retirant has made written request to the contrary in his beneficiary nomination.

Any amounts due for which there is no beneficiary at the death of a member, retirant or beneficiary shall be payable to the estate of such member, retirant or beneficiary.

Except with regard to the payment of the member’s accumulated deductions and the payment, upon the death of a retirant after attaining the age of 55 years, of the death benefits provided in sections 5, 6, 7 (3), 9 and 10 (5) of chapter 255 of the laws of 1944 and sections 16 and 17 of chapter 241 of the laws of 1964, a member may elect, by making written request to the retirement system, that the whole or any part of his death benefits be made payable to his beneficiary either as a life annuity or in equal installments over a period of years specified in such election, and may alter such election from time to time during his lifetime by again making such written request. In the event of a change of beneficiary, any previous arrangement by the member or retirant under this paragraph shall be void. The election set forth in this paragraph shall not apply or be available when the beneficiary is an estate, or a corporation, partnership, association, institution, trustee, or any fiduciary.

If, at the member’s or retirant’s death, an amount of death benefit would be payable to the beneficiary in a single sum, any election with regard to such amount which was available to the member or retirant immediately prior to his death in accordance with the
provisions of the immediately preceding paragraph shall then be available to such beneficiary for the benefit of such beneficiary.

The provisions of this section shall be construed separately with respect to each of the death benefits for which a beneficiary is designated by the member or retirant.

C. 43:16A-15.1 Purchase of prior service credit; employer's and employee's obligation.

29. a. In the case of any person who was required to become a member of the retirement system as a condition of employment, and whose application for enrollment in the retirement system or whose application for transfer from one employer to another within the system was filed beyond the effective date for his compulsory enrollment in the system or his transfer within the system, such person shall be required to purchase membership credit for his compulsory coverage by paying into the annuity savings fund the amount required by applying, in accordance with section 15 of chapter 255 of the laws of 1944, his full rate of contribution on his current base salary subject to the retirement system for each year of previous service during which he was required to have been a member.

b. If more than 2 years have elapsed from the time that contributions would have been required from such person, \( \frac{1}{2} \) of the employee’s cost, established by the computation provided by subsection a. of this section, will be required of his employer and shall be included in the next budget subsequent to the certification of this special liability by the retirement system. The amount certified by the system shall be payable by the employer to the pension accumulation fund and shall be due and owing to the system even if the employee is no longer in the employ of the employer by the date such moneys are to be paid to the system.

c. The employee’s obligation may be satisfied by regular installments, equal to at least \( \frac{1}{2} \) the full normal contribution to the retirement system, over a maximum period of 10 years.

d. In the case of any person coming under the provisions of this section, full pension credit for the period of employment for which arrears are being paid by the employee shall be given upon the payment of at least \( \frac{1}{2} \) of the total employee’s arrearage obligation and the completion of 1 year of membership and the making of such arrears payments, except that in the case of retirement pursuant to section 5 of chapter 255 of the laws of 1944 and sections 16 and 17 of chapter 241 of the laws of 1964, the total membership credit for such service shall be in direct proportion as the amount
paid bears to the total amount of the arrearage obligation of the employee.

C. 43:16A-15.2 Workmen's compensation benefits effect on employer's and employee's contributions.

30. a. If any member of the retirement system receives periodic benefits payable under the Workmen's Compensation Law during the course of his active service, in lieu of his normal compensation, his regular salary deductions shall be paid to the retirement system by his employer. Such payments shall be computed, in accordance with section 15 of chapter 255 of the laws of 1944, at the full rate of contribution on the base salary subject to the retirement system, just prior to the receipt of the workmen's compensation benefits. The moneys paid by the employer shall be credited to the member's account in the annuity savings fund and shall be treated as employee contributions for all purposes. The employer will terminate the payment of these moneys when the periodic benefits payable under the Workmen's Compensation Law are terminated.

The member for whom the employer is making such payments, will be considered as if he were in the active service.

b. No application for retirement benefits may be approved by the board of trustees while the member, applying for such benefits, is in receipt of periodic benefits under the Workmen's Compensation Law.

31. a. Section 12 of P. L. 1944, chapter 255 is repealed.

b. Sections 5 and 6 of P. L. 1953, chapter 266 are repealed.

c. Section 2 of P. L. 1960, chapter 109 is repealed.

d. Section 3 of P. L. 1961, chapter 12 is repealed.

32. This act shall take effect immediately except that the insurance death benefits payable under this act shall be applicable to deaths occurring on or after July 1, 1967.

Approved December 18, 1967.

CHAPTER 259, LAWS OF 1967

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 17 of chapter 71 of the laws of 1945 is amended to read as follows:

C. 34:9A-17 Civil penalties.
17. In addition to any other sanctions herein or otherwise provided by law, the commissioner, upon notice and hearing, may impose a penalty not exceeding $500.00 for any violation of this act or of any rule or regulation duly issued hereunder. Such penalty shall be used for, and recovered by and in the name of the commissioner in a civil action by a summary proceeding under the Penalty Enforcement Law (N. J. S. 2A:58-1). Where any violation of this act or of any rule or regulation duly issued hereunder is of a continuing nature, each day during which such violation continues after the date fixed by the commissioner in any order or notice for the correction or termination of such violation, shall constitute an additional separate and distinct offense, except during the time an appeal from said order or notice may be taken or is pending. It shall be a complete defense to any action for a penalty pursuant to this section for the defendant to prove that the violation complained of is solely the result of the willful destruction by the occupants of any camp; provided, that proof of such fact shall not alter any duty to correct or terminate said violation as ordered by the commissioner.

Such application shall be made on such forms and

A separate application shall be made and a separate certificate issued for each camp. The commissioner shall cause each camp to be inspected within 45 days of receipt of an application for a certificate of compliance. If the commissioner finds from the application and inspection that a camp fully complies with the requirements of this act, he shall issue a certificate to that effect. No camp shall be maintained, operated, used or occupied until the commissioner shall have issued therefor a certificate as required by this section; provided, that if no inspection of a camp has been made within 45 days of the receipt of an application for a certificate of compliance, such camp may open but shall be closed by the commissioner if subsequent inspection discloses the fact that such camp does not substantially comply with the requirements of this act.

No camp shall be erected, constructed or substantially altered subsequent to the effective date of this act until the plans and specifications for such erection, construction or alteration have been submitted to, and approved by, the commissioner. The commissioner shall approve any plans and specifications submitted to him pursuant to this section if he finds that such plans and specifications fully comply with the requirements of this act and any rule or regulation duly issued hereunder.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

C. 18A:66-142 Alternate benefit program for certain employees; additional death benefit coverage; certain contributions not returnable.

1. (a) Notwithstanding the provisions of any other law, within 180 days after the effective date of this act, the Board of Higher
Education shall provide an alternate program of benefits for certain employees in lieu of benefits under the Teachers’ Pension and Annuity Fund, which program shall be known as the alternate benefit program and which shall provide for individual retirement annuity contracts, both fixed and variable in nature, to become the property of the participants in said program individually; and group contracts providing life insurance which, notwithstanding any other provision of law, shall be in an amount equal to $2\frac{1}{2}$ times the base annual salary of said participant in the event of death prior to retirement; and which may provide insurance coverage after retirement in an amount not to exceed $\frac{2}{16}$ of the participant’s base annual salary at the time of retirement; and disability benefits for all such participants. The Board of Higher Education shall perform or provide for performance of all things necessary to prepare and operate said program.

(b) The Board of Higher Education may also provide for additional death benefit coverage in accordance with rules and regulations as adopted by the Board of Higher Education from time to time on the basis of factors deemed appropriate by it. A member of the alternate benefit program will be eligible to purchase the additional death benefit coverage provided that he or she selects such coverage within 1 year after the effective date of membership. A schedule of employee contributions shall be established by the Board of Higher Education on a basis it deems appropriate which schedule shall be subject to adjustment from time to time for purpose of meeting the entire cost of the additional death benefit coverage.

(c) Any other provisions of this act notwithstanding the contributions of a member for the additional death benefit coverage under this section shall not be returnable to the member or his beneficiary in any manner, or for any reason whatsoever, nor shall any contributions made for the additional death benefit coverage be included in any annuity payable to any such member or to his beneficiary.

C. 18A:66-143 Participation in alternate benefit program; conditions.

2. All full-time faculty members, except those persons in ineligible categories designated in the regulations of the Board of Higher Education which regulations shall be of uniform application, shall participate in the alternate benefit program, provided that no person who was in employment with a State college on the effective date of this act and who was then a member of the Teachers’ Pension and Annuity Fund shall participate in the
alternate benefit program unless he shall so elect by filing an application with the Teachers' Pension and Annuity Fund within 90 days following the establishment of the alternate benefit program by the Board of Higher Education declaring his election to participate in the alternate benefit program.

Upon such election, the Teachers' Pension and Annuity Fund shall cause prompt notice of said election to be given to the Board of Higher Education and shall transfer to the individual's account in the alternate benefit program, the amount of accumulated deductions standing to his credit in the Annuity Savings Fund of the Teachers' Pension and Annuity Fund as of date of transfer.

There shall also be transferred from the Contingent Reserve Fund or the pension fund of the Teachers' Pension and Annuity Fund to the individual's account in the alternate benefit program, the pension reserve required as of the date of his transfer to provide a pension for each year of service credited to the account of the member as set forth in section 36 or section 44 of chapter 37, of the laws of 1955 as amended and supplemented as of the effective date of this act. Such transfer from the Contingent Reserve Fund or the pension fund of the Teachers' Pension and Annuity Fund shall be made at the time of the member's transfer to the alternate benefit program in the case of any such member who has then met the eligibility requirements for a pension under the aforementioned section 36 or section 44 of chapter 37, public laws of 1955. In the case of any member who elects to participate in the alternate benefit program who has not then met the eligibility requirements for a pension under section 36 or section 44 of chapter 37, public laws of 1955, the transfer from the Contingent Reserve Fund or the pension fund of the Teachers' Pension and Annuity Fund shall be effected at the time such requirements have been met, taking into account for the purpose of such eligibility requirement his years of membership service at the time of his election and his subsequent years of service as a full-time member of the faculty of a State college, or at the time he shall have 10 years of credit for New Jersey service and become physically incapacitated for the performance of duty if he had been a member of the Teachers' Pension and Annuity Fund as of the date of transfer.

The annuity to be used in determining the amount of pension is the actuarial equivalent of the member's accumulated deductions
transferred from the Teachers’ Pension and Annuity Fund to the
date the member attains 60 years of age, if subsequent to the date
of election. The amount of pension is that established by formula
within section 44 of chapter 37, P. L. 1955 as amended and supple­
mented as of the effective date of this act and changes to section 44
enacted subsequent to this act shall have no application to the
provisions of this act.

In the event that the eligibility requirement under section 36 of
chapter 37, P. L. 1955 is changed at some future date to permit
members to become eligible for such benefit prior to the completion
of 15 years of service, the transfer of the reserve from the
Contingent Reserve Fund or the pension fund of the Teachers’
Pension and Annuity Fund shall be effected as of the date the
member who had elected the alternate benefits program meets the
amended eligibility requirement or the effective date of the amend­
ment, if later.

If such an employee does not commence such second year the amount of employee contributions deducted from his compensation shall be refunded to him.

8. The Board of Higher Education is hereby authorized to permit the State colleges to enter into agreements with each employee participating in the alternate benefit program whereby the employee agrees to take a reduction in salary with respect to amounts earned after the effective date of such agreement in return for the agreement of the college to use a corresponding amount to purchase an annuity for such employee so as to obtain the benefits afforded under section 403(b) of the Federal Internal Revenue Code, as amended. Any such agreement shall specify the amount of such reduction, the effective date thereof, and shall be legally binding and irrevocable with respect to amounts earned while the agreement is in effect; provided, however, that such agreement may be terminated after it has been in effect for a period of not less than one year upon notice in writing by either party, and provided further that not more than one such agreement shall be entered into during any taxable year of the employee. For the purposes of this section, any annuity or other contract which meets the requirements of section 403(b) of the Federal Internal Revenue Code, as amended, may be utilized. The amount of the reduction in salary under any agreement entered into between the colleges and any employee pursuant to this section shall not exceed 10% of the employee's salary prior to such reduction.

The chairman or vice-chairman shall be elected from among the State officials or appointees of each party State. The remaining officers shall be selected from among the members representing the counties and municipalities.

8. Section 3 of chapter 61 of the laws of 1967 is amended to read as follows:

C. 40:55-57 Standards and conditions for planned unit development.

3. Standards and conditions for planned unit development. Every ordinance adopted pursuant to the provisions of this act shall set forth the standards and conditions by which a proposed planned unit development shall be evaluated. The municipal authority may prescribe, from time to time, rules and regulations to supplement the standards and conditions set forth in the ordinance provided (1) said rules and regulations are not inconsistent with said standards and conditions, (2) said rules and regulations are placed of public record, and (3) any amendment or change of said rules and regulations shall not apply to any plan for which an application for tentative approval has been made prior to the placing of public record of said amendment or change. Said standards and conditions and all supplementary rules and regulations established for a particular planned development authorized pursuant to such ordinance shall not be inconsistent with the following provisions:

(a) Permitted uses. An ordinance adopted pursuant to this act shall set forth the uses permitted in a planned unit development, which uses may include and shall be limited to (1) dwelling units in detached, semidetached, attached, groups of attached or clustered or multistoried structures, or any combination thereof; and (2) any nonresidential use, to the extent such nonresidential use is designed and intended to serve the residents of the planned unit development, and such other uses as exist or may reasonably be
expected to exist in the future, and (3) public and private educational facilities, and (4) industrial uses and buildings.

An ordinance may establish regulations setting forth the timing of development among the various types of uses and subgroups thereunder, and may specify whether some nonresidential uses are to be built before, after or at the same time as the residential uses.

(b) Residential density.

(1) An ordinance adopted pursuant to this act shall establish standards governing the density, or intensity of land use, in a planned unit development.

(2) Said standards shall take into account that the density, or intensity of land use, otherwise allowable on the site under the provisions of a zoning ordinance previously enacted pursuant to Revised Statutes 40:55–30, et seq., may not be appropriate for a planned unit development. The standards may vary the density, or intensity of land use, otherwise applicable to the land within the planned unit development in consideration of (a) the amount, location and proposed use of common open space, (b) the location and physical characteristics of the site of the proposed planned unit development, and (c) the location, design and type of dwelling units and other uses.

(3) In the case of a planned unit development proposed to be developed over a period of years, such standards may, to encourage the flexibility of housing density, design and type intended by this act, authorize a deviation in each section to be developed from the density, or intensity of use, established for the entire planned unit development. The ordinance may authorize the municipal authority to allow for a greater concentration of density, or intensity of land use, within some section or sections of development, whether it be earlier or later in the development, than upon others. The ordinance may require that the approval by the municipal authority of a greater concentration of density or intensity of land use for any section to be developed be offset by a smaller concentration in any completed prior stage or by an appropriate reservation of common open space on the remaining land by a grant of easement or by covenant in favor of the municipality, provided that such reservation shall, as far as practicable, defer the precise location of such common open space until an application for final approval is filed, so that flexibility of development which is a prime objective of this act, can be maintained.
(c) Common open space. The standards for a planned unit development established by an ordinance adopted pursuant to this act shall require that any common open space resulting from the application of standards for density, or intensity of land use, be set aside for the use and benefit of the residents in such development and shall include provisions by which the amount and location of any common open space shall be determined and its improvement and maintenance for common open space use be secured, subject, however, to the following:

(1) The ordinance may provide that the municipality may, at any time and from time to time, accept the dedication of land or any interest therein for public use and maintenance, but the ordinance shall not require, as a condition of the approval of a planned unit development, that land proposed to be set aside for common open space be dedicated or made available to public use. The ordinance may require that the landowner provide for and establish an organization for the ownership and maintenance of any common open space, and that such organization shall not be dissolved nor shall it dispose of any common open space, by sale or otherwise (except to an organization conceived and established to own and maintain the common open space), without first offering to dedicate the same to the municipality or any other government agency.

(2) In the event that the organization established to own and maintain common open space, or any successor organization, shall at any time after establishment of the planned unit development fail to maintain the common open space in reasonable order and condition in accordance with the plan, the municipality may serve written notice upon such organization or upon the residents and owners of the planned unit development setting forth the manner in which the organization has failed to maintain the common open space in reasonable condition, and said notice shall include a demand that such deficiencies of maintenance be cured within 30 days thereof, and shall state the date and place of a hearing thereon which shall be held within 14 days of the notice. At such hearing the municipality may modify the terms of the original notice as to the deficiencies and may give an extension of time within which they shall be cured. If the deficiencies set forth in the original notice or in the modifications thereof shall not be cured within said 30 days or any extension thereof, the municipality, in order to preserve the taxable values of the properties within the planned unit
development and to prevent the common open space from becoming a public nuisance, may enter upon said common open space and maintain the same for a period of 1 year. Said entry and maintenance shall not vest in the public any rights to use the common open space except when the same is voluntarily dedicated to the public by the residents and owners. Before the expiration of said year, the municipality shall, upon its initiative or upon the request of the organization theretofore responsible for the maintenance of the common open space, call a public hearing upon notice to such organization, or to the residents and owners of the planned unit development, to be held by the municipal authority, at which hearing such organization or the residents and owners of the planned unit development shall show cause why such maintenance by the municipality shall not, at the election of the municipality, continue for a succeeding year. If the municipal authority shall determine that such organization is ready and able to maintain said common open space in reasonable condition, the municipality shall cease to maintain said common open space at the end of said year. If the municipal authority shall determine such organization is not ready and able to maintain said common open space in a reasonable condition, the municipality may, in its discretion, continue to maintain said common open space during the next succeeding year and subject to a similar hearing and determination, in each year thereafter. The decision of the municipal authority in any such case shall constitute a final administrative decision subject to judicial review.

(3) The cost of such maintenance by the municipality shall be assessed ratably against the properties within the planned unit development that have a right of enjoyment of the common open space, and shall become a tax lien on said properties. The municipality, at the time of entering upon said common open space for the purpose of maintenance, shall file a notice of such lien in the office of the county clerk upon the properties affected by such lien within the planned unit development.

(d) Minimum number of dwelling units. No ordinance adopted pursuant to the provisions of this act shall authorize a planned unit that contains less than 5 dwelling units, or less than 5 commercial uses, or 3 industrial uses, singly or in combination.

(e) Public facilities. The authority granted a municipality by P. L. 1953, chapter 433 (C. 40:55-1.1 et seq.) to establish standards for the location, width, course and surfacing of public streets and
highways, alleys, ways for public service facilities, curbs, gutters, sidewalks, street lights, parks, playgrounds, school grounds, storm water drainage, water supply and distribution, sanitary sewers and sewage collection and treatment, shall be vested in the municipal authority for the purposes of this act. The standards applicable to a planned unit development may be different than, or modifications of, the standards and requirements otherwise required of subdivisions authorized under an ordinance adopted pursuant to P. L. 1953, chapter 433 (C. 40:55-1.1 et seq.) provided however, that an ordinance adopted pursuant to this act shall set forth the limits and extent of any modifications or changes in such standards and requirements in order that a landowner shall be able to know the limits and extent of permissible modifications from the standards otherwise applicable to subdivisions. The limits of such modification or change established in an ordinance adopted pursuant to this act as well as the degree of modification or change within said limits authorized in a particular case by the municipal authority shall take into account that the standards and requirements established in an ordinance adopted pursuant to P. L. 1953, chapter 433 (C. 40:55-1.1 et seq.), may not be appropriate or necessary for land development of the type or design contemplated by this act or for the planning and creation of a planned community.

(f) Other standards and conditions. An ordinance adopted pursuant to this act shall set forth the standards and criteria by which the design, bulk and location of buildings shall be evaluated, and all standards and criteria for any feature of a planned unit development shall be set forth in such ordinance with sufficient certainty to provide reasonable criteria by which specific proposals for a planned unit development can be evaluated. All standards in such ordinance shall not unreasonably restrict the ability of the landowner to relate the plan to the particular site and to the particular demand for housing, commercial or industrial users existing at the time of development.

9. Section 1 of chapter 296 of the laws of 1966 is amended to read as follows:

C. 40:81-11.1 Appointments to water commission by municipal council.

1. In any municipality operating under the municipal manager form of government law which has established or shall establish jointly with one or more other municipalities a water commission pursuant to the provisions of section 40:62-129 of the Revised Statutes, the municipal council shall appoint the member or mem-

13. Section 43:21-7 of the Revised Statutes is amended to read as follows:

Contributions.

43:21-7. (a) Payment.

(1) Contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this chapter (R. S. 43:21-1 et seq.), with respect to having individuals in his employ during such calendar year at the rates and on the basis hereinafter set forth. Such contributions shall become due and be paid by each employer to the Division of Employment Security for the fund in accordance with such regulations as may be prescribed, and shall not be deducted, in whole or in part, from the remuneration of individuals in his employ.

(2) In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to \( \frac{1}{2} \) cent or more, in which case it shall be increased to 

(b) Rate of contributions. Each employer shall pay the following contributions:

(1) For the calendar year 1947, and each calendar year thereafter, \( \frac{2}{3} \)\% of wages paid by him during each such calendar year, except as otherwise prescribed by subsection (e) of this section.

(2) The “wages” of any individual, with respect to any one employer as the term is used in this subsection (b) and in subsections (c), (d) and (e) of this section 7, shall include the first $3,000.00 paid during each calendar year prior to January 1, 1968 and the first $3,600.00 paid during each calendar year commencing on or after January 1, 1968, for services performed either within or without this State; provided, that no contribution shall be required by this State with respect to services performed in another State if such other State imposes contribution liability with respect thereto. If an employer (hereinafter referred to as successor employer) during any calendar year acquires substantially all the property used in a trade or business of another employer (hereinafter referred to as a predecessor), or used in a separate unit of a trade or business of a predecessor, and immediately after the acquisition employs in his trade or business an individual who immediately prior to the acquisition was employed in the trade or business of such predecessor, then, for the purpose of determining whether the successor employer has paid wages with respect to employment equal to $3,000.00 to such individual during any
calendar year prior to January 1, 1968, or equal to $3,600.00 during any calendar year commencing on or after January 1, 1968, any wages paid to such individual by such predecessor during such calendar year and prior to such acquisition shall be considered as having been paid by such successor employer.

(c) Future rates based on benefit experience:

(1) a separate account for each employer shall be maintained and this shall be credited with all the contributions which he has paid on his own behalf on or before January 31 of any calendar year with respect to employment occurring in preceding calendar years; provided, however, that if January 31 of any calendar year falls on a Saturday or Sunday, an employer’s account shall be credited as of January 31 of such calendar year with all the contributions which he has paid on or before the next succeeding day which is not a Saturday or Sunday. But nothing in this chapter (R. S. 43:21-1 et seq.) shall be construed to grant any employer or individuals in his service prior claims or rights to the amounts paid by him into the fund either on his own behalf or on behalf of such individuals. Benefits paid with respect to benefit years commencing on and after January 1, 1953, to any individual on or before December 31 of any calendar year with respect to unemployment in such calendar year and in preceding calendar years shall be charged against the account or accounts of the employer or employers in whose employment such individual established base weeks constituting the basis of such benefits. Benefits paid under a given benefit determination shall be charged against the account of the employer to whom such determination relates. When each benefit payment is made the division shall promptly send either a copy of the benefit check or other form of notification to the employer against whose account the benefits are to be charged. Such copy or notification shall identify the employer against whose account the amount of such payment is being charged, shall show at least the name and social security account number of the claimant and shall specify the period of unemployment to which said check applies. If the total amount of benefits paid to a claimant and charged to the account of the appropriate employer exceeds 50% of the total base-year base week wages paid to the claimant by that employer, then such employer may apply to the division to have canceled from his account such excess benefit charges as specified above. Any such application for the cancellation of excess charges shall be submitted by the employer within 6 months from the date of the benefit check, payment of which creates such charges. In no event will the
erasure of such charges affect a contribution rate already assigned
to the employer with respect to any fiscal year commencing prior
to the date the application is received by the division.

The division shall furnish to each employer an annual summary
statement of benefits charged to his account.

(2) The Division of Employment Security may prescribe regu­
lations for the establishment, maintenance, and dissolution of joint
accounts by 2 or more employers, and shall, in accordance with such
regulations and upon application by 2 or more employers to
establish such an account, or to merge their several individual
accounts in a joint account, maintain such joint account as if it con­
stituted a single employer's account.

(3) Each employer's rate shall be 2%0%, except as otherwise
provided in the following provisions: No employer's rate shall be
other than 2%0% unless and until there shall have been 3 calendar
years throughout which any individual in his employ could have
received benefits if eligible. No employer's rate shall be lower
than 2%0% unless assignment of such lower rate is consistent with
the conditions applicable to additional credit allowance for such
year under section 3303 (a) (1) of the Internal Revenue Code
(U. S. Code Title 26, section 3303 (a) (1)), any other provision
of this section to the contrary notwithstanding.

(4) (A) Each employer's rate for the 12 months commencing
July 1 of any calendar year shall be determined on the basis of his
record up to the beginning of such calendar year. If, at the begin­
ing of such calendar year, the total of all his contributions, paid
on his own behalf, for all past years exceeds the total benefits
charged to his account for all such years, his contribution rate
shall be:

   (1) 2%0%, if such excess equals or exceeds 4%, but less
       than 5% of his average annual payroll (as defined in para­
       graph (2), subsection (a) of section 43:21-19 of this Title);
   (2) 2%0%, if such excess equals or exceeds 5%, but is less
       than 6%, of his average annual payroll;
   (3) 1%0%, if such excess equals or exceeds 6%, but is less
       than 7%, of his average annual payroll;
   (4) 1%0%, if such excess equals or exceeds 7%, but is less
       than 8%, of his average annual payroll;
   (5) 1%0%, if such excess equals or exceeds 8%, but is less
       than 9%, of his average annual payroll;
   (6) 1%, if such excess equals or exceeds 9%, but is less than
       10%, of his average annual payroll;
(7) \( \frac{1}{4}_o \) of 1%, if such excess equals or exceeds 10%, but is less than 11%, of his average annual payroll;

(8) \( \frac{1}{4}_o \) of 1%, if such excess equals or exceeds 11%, of his average annual payroll.

(B) If the total of an employer’s contributions, paid on his own behalf, for all past periods for the purposes of this paragraph (4), is less than the total benefits charged against his account during the same period, his rate shall be 3\( \frac{1}{4}_o \)%; provided, however, if the total of the contributions of such an employer for the past 120 consecutive calendar months is more than the total benefits charged against his account during the same period, his rate shall be 2\( \frac{1}{4}_o \)%.

(C) The contribution rates prescribed by subparagraphs (A) and (B) of this paragraph (4) shall be increased or decreased in accordance with the provisions of paragraph (5) of this subsection (e).

(5) (A) If on March 31 of any calendar year the balance in the Unemployment Trust Fund equals or exceeds 4% but is less than 7\% of the total taxable wages reported to the division as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be increased by \( \frac{1}{4}_o \) of 1% over the contribution rate otherwise established under the provisions of paragraphs (3) or (4) of this subsection. If on March 31 of any calendar year the balance of the Unemployment Trust Fund is less than 4\% of the total taxable wages reported to the Division of Employment Security as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be increased by \( \frac{1}{4}_o \) of 1% over the contribution rate otherwise established under the provisions of paragraphs (3) or (4) of this subsection; provided, that if on such March 31, such balance is less than 2\( \frac{1}{4}_2 \)% of such total taxable wages, the contribution rate so effective, of any employer, shall be not less than 2\( \frac{1}{4}_o \)%; provided further, that the contribution rate of any employer increased pursuant to the provisions of this subparagraph, when so increased, shall not exceed 4\( \frac{1}{4}_o \)%.

(B) If on March 31 of any calendar year the balance in the Unemployment Trust Fund equals or exceeds 10\% but is less than 12\( \frac{1}{2} \)% of the total taxable wages reported to the Division of Employment Security as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1
following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be reduced by \( \frac{3}{10} \) of 1% under the contribution rate otherwise established under the provisions of paragraphs (3) and (4) of this subsection; provided, that in no event shall the contribution rate of any employer be reduced to less than \( \frac{3}{10} \) of 1%. If on March 31 of any calendar year the balance in the Unemployment Trust Fund equals or exceeds 12\( \frac{1}{2} \)% of the total taxable wages reported to the division as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July 1 following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be reduced by \( \frac{3}{10} \) of 1% or more of his average annual payroll, otherwise by \( \frac{3}{10} \) of 1% under the contribution rate otherwise established under the provisions of paragraphs (3) and (4) of this subsection; provided, that in no event shall the contribution rate of any employer be reduced to less than \( \frac{3}{10} \) of 1%.

(6) Additional contributions.

Notwithstanding any other provision of law, any employer who has been assigned a contribution rate pursuant to subsection (c) of this section for the year commencing July 1, 1948, and for any year commencing July 1 thereafter, may voluntarily make payment of additional contributions, and upon such payment shall receive a recomputation of the experience rate applicable to such employer including in the calculation the additional contribution so made. Any such additional contribution shall be made during the 30-day period following the date of the mailing to the employer of the notice of his contribution rate as prescribed in this section, unless, for good cause, the time for payment has been extended by the director for not to exceed an additional 60 days; provided, that in no event may such payments which are made later than 120 days after the beginning of the year for which such rates are effective be considered in determining the experience rate for the year in which the payment is made. Any employer receiving any extended period of time within which to make such additional payment and failing to make such payment timely shall pay, in addition to the required amount of additional payment, a penalty of \( \frac{5}{10} \) thereof or $5.00, whichever is greater, not to exceed $50.00. Any adjustment under this subsection shall be made only in the form of credits against accrued or future contributions.
(7) Transfers.

(A) Upon the transfer of the organization, trade or business, or substantially all the assets of an employer to a successor in interest, whether by merger, consolidation, sale, transfer, descent or otherwise, the Division of Employment Security shall transfer the employment experience of the predecessor employer to the successor in interest, including credit for past years, contributions paid, annual payrolls, benefit charges, et cetera, applicable to such predecessor employer, pursuant to regulations adopted by the division, if the division finds that the employment experience of the predecessor employer with respect to the organization, trade, assets or business, which has been transferred, may be considered indicative of the future employment experience of the successor in interest. Unless the predecessor employer was owned or controlled (by legally enforceable means or otherwise), directly or indirectly, by the successor in interest, or the predecessor employer and the successor in interest were owned or controlled (by legally enforceable means or otherwise), directly or indirectly, by the same interest or interests, the transfer of the employment experience of the predecessor shall not be effective if such successor in interest, within 4 months of the date such transfer of the organization, trade, assets or business, or thereafter upon good cause shown, files a written notice with the division protesting the transfer of the employment experience of the predecessor employer.

(B) An employer, who transfers part of his or its organization, trade, assets or business to a successor in interest, whether by merger, consolidation, sale, transfer, descent or otherwise, may jointly make application with such successor in interest for transfer of that portion of the employment experience of the predecessor employer relating to the portion of the organization, trade, assets, or business transferred to the successor in interest, including credit for past years, contributions paid, annual payrolls, benefit charges, et cetera, applicable to such predecessor employer. The Division of Employment Security may allow such transfer of employment experience pursuant to regulations adopted by the division, only if it finds that the employment experience of the predecessor employer with respect to the portion of the organization, trade, assets or business which has been transferred may be considered indicative of the future employment experience of the successor in interest. Credit shall be given to the successor in interest only for the years during which contributions were paid.
by the predecessor employer with respect to that part of the organization, trade, assets or business transferred.

(C) A transfer of the employment experience in whole or in part having become final, the predecessor employer thereafter shall not be entitled to consideration for an adjusted rate based upon his or its experience or the part thereof, as the case may be, which has thus been transferred. A successor in interest to whom employment experience or a part thereof is transferred pursuant to this subsection shall, as of the date of the transfer of the organization, trade, assets or business, or part thereof, immediately become an employer if not theretofore an employer subject to this chapter (R. S. 43:21-1 et seq.).

(d) (1) Contribution of workers; transfers to temporary disability benefit fund.

Each worker shall contribute to the fund \( \frac{3}{4} \) of 1% of his wages paid by an employer with respect to his employment which occurs on and after January 1, 1953, and after such employer has satisfied the conditions set forth in subsection (h) of section 43:21-19 of this Title with respect to becoming an employer; provided, however, that such contribution shall be at the rate of \( \frac{1}{4} \) of 1% of wages paid with respect to employment while the worker is covered by an approved private plan under the Temporary Disability Benefits Law or while the worker is exempt from the provisions of the Temporary Disability Benefits Law under section 7 of that law. Each employer shall, notwithstanding any provisions of law in this State to the contrary, withhold in trust the amount of his workers' contributions from their wages at the time such wages are paid, shall show such deduction on his payroll records, shall furnish such evidence thereof to his workers as the division may prescribe, and shall transmit all such contributions, in addition to his own contributions, to the office of the Division of Employment Security in such manner and at such times as may be prescribed. If any employer fails to deduct the contributions of any of his workers at the time their wages are paid, or fails to make a deduction therefor at the time wages are paid for the next succeeding payroll period, he alone shall thereafter be liable for such contributions, and for the purpose of section 43:21-14 of this Title, such contributions shall be treated as employer’s contributions required from him. As used in this chapter (R. S. 43:21-1 et seq.), except when the context clearly requires otherwise, the term “contributions” shall include the contributions of workers pursuant to this section.
(2) (A) There shall be deposited in and credited to the State Disability Benefits Fund, as established by law, \( \frac{3}{4} \) of all worker contributions, received by the Division of Employment Security with respect to wages paid prior to January 1, 1953, and upon which the rate of contributions is 1%.

(B) There shall be deposited in and credited to the State Disability Benefits Fund, as established by law, \( \frac{3}{4} \) of all worker contributions, received by the Division of Employment Security pursuant to paragraph (1) above after December 31, 1952, with respect to wages paid on and after January 1, 1953, and upon which the rate of contributions is \( \frac{3}{4} \) of 1%.

(3) If an employee receives wages from more than one employer during any calendar year, and either the sum of his contributions deposited in and credited to the State Disability Benefits Fund (in accordance with subparagraph (B) of paragraph (2) of this subsection) plus the amount of his contributions, if any, required towards the cost of benefits under one or more approved private plans under the provisions of section 9 of the Temporary Disability Benefits Law and deducted from his wages, or the sum of such latter contributions if the employee is covered during such calendar year, only by 2 or more private plans, exceeds $15.00 in any calendar year prior to January 1, 1968, or $18.00 in any calendar year commencing on or after January 1, 1968, the employee shall be entitled to a refund of the excess if he makes claim to the Division of Employment Security within 2 years after the end of the calendar year in which the wages are received with respect to which the refund is claimed and establishes his right to such refund. Such refund shall be made by the Division of Employment Security from the State Disability Benefits Fund. No interest shall be allowed or paid with respect to any such refund. The division shall, in accordance with prescribed regulations, determine the portion of the aggregate amount of such refunds made during any calendar year which is applicable to private plans for which deductions were made under section 9 of the “Temporary Disability Benefits Law,” such determination to be based upon the ratio of the amount of such wages exempt from contributions to such fund as provided in subparagraph (B) of paragraph (1) of this subsection with respect to coverage under private plans to the total wages so exempt plus the amount of such wages subject to contributions to the disability benefits fund as provided in subparagraph (B) of paragraph (2) of this subsection. The division shall, in accordance with prescribed regulations, prorate the
amount so determined among the applicable private plans in the proportion that the wages covered by each plan bears to the total private plan wages involved in such refunds, and shall assess against and recover from the employer, or the insurer if the insurer has indemnified the employer with respect thereto, the amount so prorated. The provisions of Revised Statutes, section 43:21-14, with respect to collection of employer contributions shall apply to such assessments. The amounts so recovered by the division shall be paid into the State Disability Benefits Fund.

(4) If an individual does not receive any wages from the employing unit which for the purposes of this chapter (R. S. 43:21-1 et seq.) is treated as his employer, or receives his wages from some other employing unit, such employer shall nevertheless be liable for such individual’s contributions in the first instance; and after payment thereof such employer may deduct the amount of such contributions from any sums payable by him to such employing unit, or may recover the amount of such contributions from such employing unit, or, in the absence of such an employing unit, from such individual, in a civil action; provided, proceedings therefor are instituted within 3 months after the date on which such contributions are payable. General rules shall be prescribed whereby such an employing unit may recover the amount of such contributions from such individuals in the same manner as if it were the employer.

(5) Every employer who has elected to become an employer subject to this chapter (R. S. 43:21-1 et seq.), or to cease to be an employer subject to this chapter (R. S. 43:21-1 et seq.), pursuant to the provisions of section 43:21-8 of this Title, shall post and maintain printed notices of such election on his premises, of such design, in such numbers, and at such places as the directors may determine to be necessary to give notice thereof to persons in his service.

(6) Contributions by workers, payable to the Division of Employment Security as herein provided, shall be exempt from garnishment, attachment, execution, or any other remedy for the collection of debts.

(c) Contributions by employers to State Disability Benefits Fund.

(1) Except as hereinafter provided, each employer shall, in addition to the contributions required by subsections (a), (b), and (c) of this section, contribute ¾ of 1% of the wages paid by such employer to workers with respect to employment after January 1, 1949. Such contributions shall become due and be paid by each
employer to the Division of Employment Security for the State Disability Benefits Fund as established by law, in accordance with such regulations as may be prescribed, and shall not be deducted, in whole or in part, from the remuneration of individuals in his employ. In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to $\frac{1}{2}$ cent or more, in which case it shall be increased to $0.01$.

(2) During the continuance of coverage of a worker by an approved private plan of disability benefits under the Temporary Disability Benefits Law, the employer shall be exempt from the contribution required by subparagraph (1) above with respect to wages paid to such worker.

(3) (A) The rates of contribution as specified in subparagraph (1) above shall be subject to modification as provided herein with respect to employer contributions due on and after July 1, 1951.

(B) A separate disability benefits account shall be maintained for each employer required to contribute to the State Disability Benefits Fund and such account shall be credited with contributions deposited in and credited to such fund with respect to employment occurring on and after January 1, 1949. Each employer's account shall be credited with all contributions paid on or before January 31 of any calendar year on his own behalf and on behalf of individuals in his service with respect to employment occurring in preceding calendar years; provided, however, that if January 31, of any calendar year falls on a Saturday or Sunday an employer's account shall be credited as of January 31 of such calendar year with all the contributions which he has paid on or before the next succeeding day which is not a Saturday or Sunday. But nothing in this act shall be construed to grant any employer or individuals in his service prior claims or rights to the amounts paid by him to the fund either on his own behalf or on behalf of such individuals. Benefits paid to any covered individual in accordance with Article III of the Temporary Disability Benefits Law on or before December 31 of any calendar year with respect to disability in such calendar year and in preceding calendar years shall be charged against the account of the employer by whom such individual was employed at the commencement of such disability or by whom he was last employed if out of employment.

(C) The division may prescribe regulations for the establishment, maintenance, and dissolution of joint accounts by 2 or more employers, and shall, in accordance with such regulations and upon application by 2 or more employers to establish such an account,
or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer’s account.

(D) Prior to July 1 of each calendar year, the Division of Employment Security shall make a preliminary determination of the rate of contribution for the 12 months commencing on such July 1 for each employer subject to the contribution requirements of this subsection (e).

(1) Such preliminary rate shall be 1/4 of 1% unless on the preceding January 31 of such year such employer shall have been a covered employer who has paid contributions to the State Disability Benefits Fund with respect to employment in the 3 calendar years immediately preceding such year.

(2) If the minimum requirements in (1) above have been fulfilled and the credited contributions exceed the benefits charged by more than $500.00, such preliminary rate shall be as follows:

   (i) 1/10 of 1% if such excess over $500.00 exceeds 1% but is less than 1 1/4% of his average annual payroll (as defined in this chapter (R.S. 43:21-1 et seq.));

   (ii) 1/100 of 1% if such excess over $500.00 equals or exceeds 1 1/4% but is less than 1 1/2% of his average annual payroll;

   (iii) 1/100 of 1% of such excess over $500.00 equals or exceeds 1 1/2% of his average annual payroll.

(3) If the minimum requirements in (1) above have been fulfilled and the contributions credited exceed the benefits charged but by not more than $500.00 plus 1% of his average annual payroll, or if the benefits charged exceed the contributions credited but by not more than $500.00, the preliminary rate shall be 1/4 of 1%.

(4) If the minimum requirements in (1) above have been fulfilled and the benefits charged exceed the contributions credited by more than $500.00, such preliminary rate shall be as follows:

   (i) 3/100 of 1% if such excess over $500.00 is less than 1/4 of 1% of his average annual payroll;

   (ii) 4/100 of 1% if such excess over $500.00 equals or exceeds 1/4 of 1% but is less than 1/2 of 1% of his average annual payroll;

   (iii) 5/100 of 1% if such excess over $500.00 equals or exceeds 1/2 of 1% but is less than 3/4 of 1% of his average annual payroll;

   (iv) 6/100 of 1% if such excess over $500.00 equals or exceeds 3/4 of 1% but is less than 1% of his average annual payroll;
(v) \( \frac{7}{100} \) of 1\% if such excess over $500.00 equals or exceeds 1\% of his average annual payroll.

(5) Determination of the preliminary rate as specified in (2), (3) and (4) above shall be subject, however, to the condition that it shall in no event be decreased by more than \( \frac{1}{10} \) of 1\% of wages or increased by more than \( \frac{7}{10} \) of 1\% of wages from the preliminary rate determined for the preceding year in accordance with (1), (2), (3) or (4), whichever shall have been applicable.

(E) (1) Prior to July 1 of each calendar year the Division of Employment Security shall determine the amount of the State Disability Benefits Fund as of December 31 of the preceding calendar year increased by the contributions paid thereto during January of the current calendar year with respect to employment occurring in preceding calendar years. If such amount exceeds the total of the amounts withdrawn from the unemployment trust fund pursuant to section 23 of the Temporary Disability Benefits Law plus the amount at the end of such preceding calendar year of the unemployment disability account (as defined in section 22 of said law), such excess shall be expressed as a percentage of the wages on which contributions were paid to the State Disability Benefits Fund on or before January 31 with respect to employment in the preceding calendar year.

(2) The Division of Employment Security shall then make a final determination of the rates of contribution for the 12 months commencing July 1 of such year for employers whose preliminary rates are determined as provided in (D) hereof, as follows:

(i) If the percentage determined in accordance with paragraph (1) of this subsection equals or exceeds \( 1\frac{1}{4} \)\% of the final employer rates shall be the preliminary rates determined as provided in (D) hereof, except that if the employer’s preliminary rate is determined as provided in (D) (2) or (D) (3) hereof, the final employer rate shall be the preliminary employer rate decreased by such percentage of excess taken to the nearest \( \frac{1}{100} \) of 1\%, but in no case shall such final rate be less than \( \frac{1}{10} \) of 1\%.

(ii) If the percentage determined in accordance with paragraph (1) of this subsection equals or exceeds \( \frac{3}{4} \) of 1\% and is less than \( 1\frac{1}{4} \) of 1\%, the final employer rates shall be the preliminary employer rates.

(iii) If the percentage determined in accordance with paragraph (1) of this subsection is less than \( \frac{3}{4} \) of 1\%, the final employer rates shall be the preliminary employer rates deter-
mined as provided in (D) hereof increased by the difference between \( \frac{3}{4} \) of 1% and such percentage taken to the nearest \( \frac{1}{100} \) of 1%; provided, however, that no such final rate shall be more than \( \frac{3}{4} \) of 1% in the case of an employer whose preliminary rate is determined as provided in (D) (2) hereof, more than \( \frac{1}{2} \) of 1% in the case of an employer whose preliminary rate is determined as provided in (D) (1) and (D) (3) hereof, nor more than \( \frac{3}{4} \) of 1% in the case of an employer whose preliminary rate is determined as provided in (D) (4) hereof.

(iv) If the amount of the State Disability Benefits Fund determined as provided in paragraph (1) of this subsection is equal to or less than the total of the amounts withdrawn from the unemployment trust fund pursuant to section 23 of the Temporary Disability Benefits Law plus the amount at the end of the preceding calendar year of the unemployment disability account, then the final rate shall be \( \frac{3}{4} \) of 1% for all employers.

Unpaid penalties and interest may be determined, assessed, collected and enforced in the same manner as the tax imposed by this act.

(b) Any person failing to file a return required by this act, or filing or causing to be filed, or making or causing to be made, or giving or causing to be given any return, certificate, affidavit, representation, information, testimony or statement required or authorized by this act, which is willfully false, or willfully failing to file a bond required by this act, or failing to file a registration certificate and such data in connection therewith as the director by regulation or otherwise may require, or to display or surrender a certificate of authority as required by this act, or assigning or transferring such certificate of authority, or willfully failing to charge separately the tax herein imposed or to state such tax separately on any bill, statement, memorandum or receipt issued or employed by him upon which the tax is required to be stated separately as provided in subsection (a) of section 12, or willfully failing to collect the tax from a customer, or referring or causing reference to be made to this tax in a form or manner other than

During such period of 1 year or any extension thereof the applicant for the plat approval, and his assigns and successors in interest, may use the area so reserved for any purpose other than the location of buildings or improvements thereon, except as provided in section 9 of this act.

2. Section 9 of the act of which this act is amendatory is amended to read as follows:

Whenever one or more parcels of land upon which is located the bed of such a mapped street, drainage right of way or flood control basin, or any park or playground location, or any scenic or historic site reserved pursuant to section 3 hereof, cannot yield a reasonable return to the owner unless a building permit be granted, the board of adjustment, in any municipality which has established such a board, may, in a specific case by the vote of a majority of its members, grant a permit for a building in the bed of such mapped street, drainage right of way or flood control basin or within such reserved location of a public park, playground or scenic or historic site, which will as little as practicable increase the cost of opening such street, or tend to cause a minimum change of the official map, and the board shall impose reasonable requirements as a condition of granting the permit so as to promote the health, morals, safety and general welfare of the public and shall inure to the benefit of the municipality. In any municipality in which there is no board of adjustment, the governing body shall have the same powers and be subject to the same restrictions as provided in this section.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 45:3-5 of the Revised Statutes is amended to read as follows:

License required; examinations; qualifications of applicants; fees.

45:3-5. A person shall, before entering the practice of architecture in this State, first apply to the board for a license. Provision shall be made by the board for holding examinations at least twice a year, if there are applicants for registration to practice said profession. Applicants for examination shall, at least 45 days before an examination, present to the board a written application on forms provided by the board, indorsed by 2 registered architects of good standing, one of whom must be a resident of this State, together with satisfactory proof that the applicant is more than 21 years of age, is of good moral character, is a citizen of the United States or has declared his intention to become such a citizen, has obtained a certificate or diploma issued after at least 4 years of study in an approved high school or in a legally constituted academy, seminary or institute of equal grade or has received an academic education considered and accepted by the Commissioner of Education as fully equivalent, has completed a full course in architecture in a university, college or technical school, approved by the board; and in addition thereto, has acquired experience in the office of a reputable architect in private practice or in public employ under the supervision of a registered architect where his activities are similar in scope to that of private practice, or in such other professional practice as the board may approve, for a period of 3 years, at least 1 year of which shall be accomplished subsequent to completion of the course in architecture. The board may admit to the examinations an individual who demonstrates to the board's satisfaction that he has acquired through years of experience or through experience and partial schooling, the equivalent of a full course in architecture. No individual shall be permitted to take the examination while a complaint is pending in which the
CHAPTER 289, LAWS OF 1967

individual is charged with the illegal practice of architecture under section 45:3–10 of this act or while penalties imposed pursuant to section 45:3–11 of this act remain unsatisfied. The applicant shall pay to the board a fee of $10.00 for filing application for examination and a fee of $50.00, for the examination, if the application therefor is approved by the board. A re-examination fee of $10.00 for each part, not exceeding $50.00, shall be paid by all applicants required to take re-examinations in one or more parts. Examination of applicants for certificates to practice architecture shall be divided into 7 parts, as follows: Part I, building design; Part II, site planning; Part III, history and theory of architecture; Part IV, building construction; Part V, structural design; Part VI, professional administration; Part VII, building equipment.

C. 45:3-6.1 Certificate; issuance to foreign nationals.

2. Applicants examined and licensed in accordance with the provisions of this chapter who, when admitted to the licensing examination, were citizens of a foreign country, and who had declared intention of becoming citizens of the United States, shall, upon passing the examination, be issued a license valid for 6 years from the date of such declaration of intention and upon failure of such licensee to furnish evidence of his having actually become a citizen, his license shall become invalid and automatically become revoked and his registration shall be annulled.

3. Section 45:3–6 of the Revised Statutes is amended to read as follows:

Certificate; issuance, fee; persons holding certificates from other states; recording seal; use of seal without authority.

45:3–6. If the examination of an applicant for registration shall be satisfactory to the majority of the board, a certificate shall be issued to said applicant, upon the payment of an additional fee of $25.00 to the board, authorizing him to practice the profession of architecture. Any person who shall present to the board a certificate from a similarly constituted board of another State, with such other satisfactory evidence of competency as the board in its discretion may require, where the qualifications required in such State are substantially equal to those required in this State, may be granted such certificate upon the payment to the board of a fee of $50.00; provided, however, that such individual shall not be entitled to consideration of his application while a complaint is pending in which the individual is charged with the illegal practice of architecture under section 45:3–10 of this act or while pen-
alties imposed pursuant to section 45:3-11 of this act remain unsatisfied. Each person licensed shall cause such license to be recorded in the office of the Secretary of State. At the time of the issuance of the certificate, the board shall furnish to the applicant a seal to be used by him in the conduct of his practice, to be impressed upon plans and other papers prepared by him when necessary; where a seal has been lost by a duly licensed architect, a new one shall be issued by the board upon application therefor, accompanied by the prescribed fee, and proof to the satisfaction of the board of such loss or other good cause. The board shall require the payment of a reasonable fee for the issuance of the seal to cover the cost of the same. Any person who shall use a seal which has not been furnished to him by the board, or who shall impress same upon plans or other papers, or who shall come into possession of a seal not issued to him and fail to turn same over to the board after a demand is made therefor, or who, after the forfeiture, revocation or suspension of his license, shall fail to return a seal to the board shall be guilty of a violation of this chapter and upon conviction thereof shall pay a fine of $100.00, or upon failure to forthwith pay said fine, shall be imprisoned in the county jail for a period not exceeding 30 days.

4. Section 45:3-10 of the Revised Statutes is amended to read as follows:

Illegal practice of architecture; definition; penalty; additional offenses; exceptions.

45:3-10. Any person who shall pursue the practice of architecture in this State, or shall engage in this State in the business of preparing plans, specifications and preliminary data for the erection or alteration of any building, except buildings designed by licensed professional engineers incidental or supplemental to engineering projects, or use the title architect or registered architect, or shall advertise or use any title, sign, card or device to indicate that such person is an architect, without a certificate thereof or while his certificate is revoked, suspended or forfeited in accordance with the provisions of this chapter, or any person aiding or assisting such person not having a certificate to practice architecture or while his certificate to practice architecture is revoked, suspended or forfeited, or any person who violates any provision of this act or any rule or regulation of the board shall be liable to a penalty of not less than $200.00, nor more than $500.00 for the first offense, and a penalty of not less than $500.00 nor more than $1,000.00 for a second or each subsequent offense, which
penalty shall be sued for, and recovered by and in the name of the board. The payment to the board of an amount at least equal to the minimum penalty prescribed in this act, prior or subsequent to the commencement of proceedings for the recovery of a penalty shall be deemed and construed to be a conviction, and any subsequent violation shall be considered an additional offense.

Any single act or transaction shall constitute engaging in business or in the practice of architecture within the meaning of this chapter.

Nothing herein contained shall prohibit students or employees of licensed architects from acting upon the authority of such licensed architects, whose certificates have not been revoked, suspended or forfeited, where said students or employees are under the immediate supervision of such licensed architect, or to prohibit any person in this State from acting as designer of a dwelling and all appurtenances thereto that are to be constructed by himself solely as a residence for himself or for a member or members of his immediate family.

No licensed architect shall permit his name to be used in connection with the name of any other person not licensed to practice architecture in this State in any advertisement, sign, card or device in such a manner as to indicate that such other person is a licensed architect.

C. 45:3-12.1 Injunctive relief by superior court.

5. The Superior Court may in an action brought by the Attorney General in the name of the board grant injunctive relief to prevent and restrain any habitual violation of this chapter or any of the orders or rules or regulations issued by the board or any other violation of any of the provisions of this chapter.

6. This act shall take effect immediately.

Approved January 25, 1968.

2. In the event of any default or foreclosure in respect to a project coming within this act, the holder of the mortgage loan shall estab-
lish a set of records, separate and distinct from those pertaining to its usual business or operations, to reflect with reasonable accuracy the appropriate debits and credits applicable to the project, from which all necessary and proper calculations can be made to continue to carry out the terms and provisions of the lease or financial arrangement, or both, as directed by this act. Such records shall be established and maintained in accordance with recognized accounting practices, to be certified to by independent certified public accountants, in order to assure the governmental body or agency involved that the terms and conditions of the lease or financial arrangement will continue to be applied according to their intent.

3. The project and the financial records herein provided for shall be considered to be equivalent to the person or entity entering into the lease or financial arrangement for all purposes of any applicable statute, including qualification and status under any such statute for the purpose of continuing such lease or financial arrangement beyond default or foreclosure. 5. Limiting and restrictive provisions of any statute otherwise applicable, in respect to the nature, identity or status of any person with whom a lease or financial agreement may be lawfully made
shall be applied to the project only, in case of a default or foreclosure, and shall not be applicable to the holder of the mortgage loan.

C. 55:17-6 Mortgage holder's consent required to modify lease.

6. So long as any mortgage loan remains unsatisfied in respect to any project, no agreement shall be made between the governmental body or agency on any lease or financial agreement and the other party thereto, either to modify or supplement any provision thereof, or to exercise any option or right thereunder, including any option to surrender a tax arrangement, without the prior written consent of the holder of the mortgage loan.

7. In the event of any default in connection with the terms and provisions of any lease or financial arrangement affecting a project, the governmental body or agency shall not take any steps it may otherwise be entitled to take, until it has first notified the holder of any mortgage loan thereon and provided a reasonable opportunity, in light of the nature of the default and the available means to correct it to cure the same; but in any case shall allow not less than 30 days for such purpose.

C. 55:17-8 Remedies available to mortgage holder.

8. and application thereof as may be appropriate to maintain the relative positions of the parties;

(g) pursue any remedy available either under this act or otherwise either in its own name or through a subsidiary or affiliate, and for such purpose any holder of a mortgage loan is authorized to cause such subsidiary or affiliate to be formed, to hold the stock thereof either in its own name or that of nominee or nominees, without regard to the restriction or limitations of any other law.

   RULE 9. FACTS AND LAW WHICH MUST OR MAY BE JUDICIALLY NOTICED

(1) Judicial notice shall be taken, without request by a party, of the decisional, constitutional, and public statutory law and rules of court of this State and the decisional, constitutional, and public statutory law and rules of court of the United States, and of such specific facts and propositions of generalized knowledge as are so
universally known that they cannot reasonably be the subject of dispute.

(2) Judicial notice may be taken, without request by a party, of (a) the decisional, constitutional, and public statutory law and rules of court of every other State, territory and jurisdiction of the United States, private acts and resolutions of the Congress of the United States and of the Legislature of this State, and of every other State, territory and jurisdiction of the United States, and duly enacted ordinances and duly published regulations and determinations of governmental subdivisions or agencies of the United States, of this State, and of every other State, territory and jurisdiction of the United States; (b) records of the court in which the action is pending and of any other court of this State or Federal court sitting in or for this State; (c) the law of foreign countries; (d) such facts as are so generally known or of such common notoriety within the area pertinent to the event that they cannot reasonably be the subject of dispute; and (e) specific facts and propositions of generalized knowledge which are capable of immediate determination by resort to sources of reasonably indisputable accuracy.

(3) Judicial notice shall be taken of each matter specified in paragraph (2) of this rule if a party requests it and (a) furnishes the judge sufficient information to enable him properly to comply with the request and (b) has given each adverse party notice thereof in the pleadings, or at least 20 days before the trial. The judge, however, may permit such notice to be given at any time in the interest of justice. In the absence of an adequate basis for taking judicial notice of the law of any jurisdiction other than this State and the United States, the judge shall apply the law of this State.

Note: N. J. S. 2A:82-27 through 33 are rendered obsolete by this rule and Rules 10 through 12.

Rule 20. Evidence Generally Affecting Credibility

Except as otherwise provided by Rules 22 and 47, for the purpose of impairing or supporting the credibility of a witness, any party including the party calling him may examine him and introduce extrinsic evidence relevant upon the issue of credibility, except that the party calling a witness may not neutralize his testimony by a prior contradictory statement unless the judge finds he was surprised. No evidence to support the credibility of a witness shall
be admitted except to meet a charge of recent fabrication of testimony.

Rule 55. Other Crimes or Civil Wrongs

Subject to Rule 47, evidence that a person committed a crime or civil wrong on a specified occasion, is inadmissible to prove his disposition to commit crime or civil wrong as the basis for an inference that he committed a crime or civil wrong on another specified occasion but, subject to Rule 48, such evidence is admissible to prove some other fact in issue including motive, intent, plan, knowledge, identity, or absence of mistake or accident.

Rule 56. Testimony in the Form of Opinion

(1) If the witness is not testifying as an expert his testimony in the form of opinions or inferences is limited to such opinions or inferences as the judge finds (a) may be rationally based on the perception of the witness and (b) are helpful to a clear understanding of his testimony or to the determination of the fact in issue.

(2) If the witness is testifying as an expert, testimony of the witness in the form of opinions or inferences is limited to such opinions as the judge finds are (a) based primarily on facts, data or other expert opinion established by evidence at the trial and (b) within the scope of the special knowledge, skill, experience or training possessed by the witness.

(3) Testimony in the form of opinions or inferences otherwise admissible under these rules is not objectionable because it embraces the ultimate issue or issues to be decided by the trier of the fact.

Rule 63. Hearsay Evidence Excluded; Exceptions

Evidence of a statement offered to prove the truth of the matter stated which is made other than by a witness while testifying at the hearing is hearsay evidence and is inadmissible except as provided in Rules 63(1) through 63(32).

Rule 63(1). Previous Statements of Witnesses

A statement is admissible if previously made by a person who is a witness at a hearing, provided it would have been admissible if made by him while testifying and the statement:
(a) Is inconsistent with his testimony at the hearing and is offered in compliance with the requirements of Rule 22(a) and (b), except that such a statement may be admitted if offered by the party calling the witness only as permitted by Rule 20; or

(b) Concerns a matter as to which the witness has insufficient present recollection to enable him to testify fully and accurately and contained in a writing which (i) was made at a time when the fact recorded in the writing actually occurred or was fresh in the witness's memory, (ii) was made by the witness himself or under his direction or by some other person for the purpose of recording the witness's statement at the time it was made, and (iii) is offered after the witness has testified that the statement he made was a true statement of such fact, provided that where the witness remembers only a part of the contents of a writing, the part he does not remember may be read to the jury but shall not be introduced as a written exhibit over objection; or

(c) Is a prior identification of a party where identity is in issue, if made under circumstances precluding unfairness or unreliability.

**Rule 63(5). Dying Declarations**

In a criminal proceeding, a statement made by a victim unavailable as a witness because of his death is admissible if it was made voluntarily and in good faith and while the declarant was conscious of his impending death.

**Rule 63(7). Admissions by Parties**

A statement made by a person who is a party to a civil action is admissible against him in that action.

**Rule 63(9). Vicarious Admissions**

A statement which would be admissible if made by the declarant at the hearing is admissible against a party if (a) when made it concerned a matter within the scope of a then existing agency, employment or representative relationship, or (b) at the time the statement was made the party and the declarant were participating in a plan to commit a crime or civil wrong and the statement was made in furtherance of that plan.

**Rule 63(13). Business Entries**

A writing offered as a memorandum or record of acts, conditions or events is admissible to prove the facts stated therein if
the writing or the record upon which it is based was made in the regular course of a business, at or about the time of the act, condition or event recorded, and if the sources of information from which it was made and the method and circumstances of its preparation were such as to justify its admission.

Note: N. J. S. 2A:82-34 through 37 are rendered obsolete by this rule and paragraph (5) of Rule 62.

Rule 63(15). Reports and Findings of Public Officials

Subject to Rule 64, a statement is admissible if in the form of (a) a written statement of an act done, or an act, condition or event observed by a public official if it was within the scope of his duty either to perform the act reported or to observe the act, condition or event reported and to make the written statement, or (b) statistical findings made by a public official whose duty it was to investigate the facts concerning the act, condition or event and to make statistical findings.

Rule 63(18). Certificates of Marriage

A certificate that the maker thereof performed a marriage ceremony is admissible as evidence of the matter certified, if it purports (a) to have been made within a reasonable time after the marriage ceremony and (b) to have been made by a person who at the time and place of the marriage was authorized by law to perform marriage ceremonies.

Rule 63(20). Judgments of Previous Conviction of Crime

In a civil proceeding, except as otherwise provided by court order on acceptance of a plea, evidence is admissible of a final judgment against a party adjudging him guilty of an indictable offense in New Jersey or of an offense which would constitute an indictable offense if committed in this State, as against that party to prove any fact essential to sustain the judgment.

Note: The language, "but no conviction of an offender shall be received in evidence against him in a civil action to prove the truth of the facts upon which the conviction was based," in N. J. S. 2A:81-12 is in conflict with this rule.

Rule 63(23). Statements Concerning One's Own Family History

A statement of a matter concerning a declarant's own birth, marriage, divorce, legitimacy, ancestry, relationship by blood or
marriage, or other similar fact of his family history is admissible, even though the declarant had no means of acquiring personal knowledge of the matter declared, if the declarant is unavailable as a witness.

**Rule 63(24). Statements Concerning Family History of Another**

A statement concerning the birth, marriage, divorce, death, legitimacy, ancestry, relationship by blood or marriage or other similar fact of the family history of a person other than the declarant is admissible if the declarant is unavailable as a witness and was related to the other by blood or marriage or was otherwise so intimately associated with the other's family as to be likely to have accurate information concerning the matter declared.

**Rule 63(26). Reputation in Family Concerning Family History**

Evidence of reputation among members of a family is admissible if the reputation concerns the birth, marriage, divorce, death, legitimacy, ancestry, relationship by blood or marriage, or other similar fact of the family history of a member of the family by blood or marriage.

**Rule 63(27). Reputation: Boundaries, General History, Family History**

Evidence of reputation in a community as tending to prove the truth of the matter reputed is admissible if (a) the reputation concerns boundaries of, or customs affecting, land in the community, where the reputation, if any, arose before controversy, or (b) the reputation concerns an event of general history of the community or of the State or nation of which the community is a party, where the event was of importance to the community, or (c) the reputation concerns the birth, marriage, divorce, death, legitimacy, ancestry, or relationship by blood or marriage of a person resident in the community at the time of the reputation, or some other similar fact of his family history or of his personal status or condition which was likely to have been the subject of a reliable reputation in that community.

**Rule 63(30). Commercial Publications and the Like**

Evidence of a statement of matters of interest to persons engaged in an occupation contained in a list, register, periodical,
or other published compilation is admissible to prove the truth of any relevant matter so stated if the compilation is published for use by persons engaged in that occupation and is generally used and relied upon by them.

**Rule 63(32). Trustworthy Statements Made in Good Faith by Declarants Unavailable Because of Death**

Subject to Rule 64, in a civil proceeding, a statement made by a person unavailable as a witness because of his death is admissible if the statement was made in good faith, upon the personal knowledge of the declarant, and there is a probability from the circumstances that the statement is trustworthy.

**Rule 64. Discretion of Judge to Exclude Evidence Under Certain Exceptions**

Whenever a statement admissible by reason of Rules 63(3), 63(15), 63(16), 63(17), 63(19), 63(21), 63(29), or 63(32) is in the form of a writing, the judge may exclude it at the trial if it appears that the proponent's intention to offer the writing in evidence was not made known to the adverse party at such a time as to provide him with a fair opportunity to prepare to meet it.

A Joint Resolution to recommend that suitable materials dealing with the history of the Negro in America be included in the high school history curriculum.

PROCLAMATIONS
Hon. Richard J. Hughes,
Governor, State of New Jersey,
State House,
Trenton, New Jersey 08625.

My dear Governor:

For the reasons set forth in the attached Statement of Facts, it is respectfully recommended that the Charter of Atlantic City Shore-Haven Development Corporation, a New Jersey corporation (incorporated August 24, 1959; Secretary of State’s File No. Y87188; Charter voided February 3, 1965) be reinstated in accordance with the provisions of the Statute (R. S. 54:11–).

A proclamation for that purpose is herewith presented for approval.

Respectfully yours,

WILLIAM KINGSLEY,
Acting Director, Division of Taxation.
January 18, 1967.

Re: Atlantic City Shore-Haven Development Corporation,
No. 1673-6400-00

STATEMENT OF FACTS

1. On August 24, 1959, a corporation was formed with the name of “Atlantic City Shore-Haven Development Corporation” and an abstract so indicating was received from the Secretary of State.

2. Said corporation (hereinafter referred to as “taxpayer”) was delinquent in filing its 1961 Corporation Business Tax Return. The due date for said return was April 15, 1962. Several notices of delinquency, sent under letterhead of the Attorney General’s Office, evoked no reply that came to the attention of the Corporation Tax Bureau (hereinafter referred to as “Bureau”).

3. Bureau’s letter dated November 24, 1964 warned taxpayer that its corporate charter was to be forfeited by proclamation of the Governor, for failure to file a 1961 Return and to pay the tax for its privilege year ended September 30, 1961.

4. On December 3, 1964 the Bureau received in the mail its warning letter dated November 24, 1964 with a notation in ink from a corporate officer of taxpayer who claimed to be unaware as to what tax delinquency the Bureau was referring.

6. On January 4, 1965 taxpayer returned to the Bureau its letter dated December 11, 1964, a 1961 Return and remittance in the amount of $37.50 to cover taxes, penalty and interest due on said return.

7. Through inadvertence, upon receipt of the 1961 Return and remittance on January 4, 1965, the name of the corporation was not removed from the previously created list which had been prepared for the Governor’s signature.
8. As a consequence, the charter of the taxpayer was voided on February 3, 1965.

9. All departmental records have now been corrected, and the corporation taxes of Atlantic City Shore-Haven Development Corporation are fully paid to date, including all taxes for which it would be liable if its charter had remained in full force and effect down to the present day.

Joseph P. McDonough,
State Supervisor, Corporation Tax Bureau.
PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, As a result of a report on the 1st day of February 1965 by the acting Director, Division of Taxation, Department of the Treasury to the Governor of this State, setting forth that Atlantic City Shore-Haven Development Corporation, a corporation of this State (incorporated August 24, 1959), had failed to pay the corporation franchise taxes levied against said corporation for the year 1961, the Governor of this State, on the 3rd day of February 1965, issued a Proclamation declaring that the charter of said corporation was repealed and that all powers conferred by law upon such corporation would thereafter be inoperative and void, and

WHEREAS, Said report in the above particular was inadvertently made in that it appears that prior to the making thereof, said Atlantic City Shore-Haven Development Corporation, duly paid the corporation franchise taxes levied against it for the year 1961.

THEREFORE, acting pursuant to the provisions of R. S. 54:11-4, I, RICHARD J. HUGHES, Governor of the State of New Jersey, do hereby declare and make known that it has been established to my satisfaction that said Atlantic City Shore-Haven Development Corporation, did not neglect nor fail to pay the corporation franchise taxes levied against it for the year 1961, but that said corporation duly paid the taxes levied against it for said year; that the report by the Acting Director to the Governor, stating that said corporation had failed to pay the said corporation franchise taxes was inadvertently made and that the Proclamation of the Governor on the 3rd day of February 1965, declaring that the powers conferred by law upon the said corporation be thereafter inoperative and void, was without warrant in the law in the way of depriving said corporation of its said powers as a corporation of this State, and I hereby make Proclamation to that effect.
Given, under my hand and the Great Seal of the State of New Jersey, this 30th day of January in the year of Our Lord, one thousand nine hundred and sixty-seven, and in the Independence of the United States the one hundred and ninety-first.

RICHARD J. HUGHES,  
Governor.

By the Governor:  
R. J. BUEKHAERT,  
Secretary of State.
To His Excellency
Richard J. Hughes,
Governor of the State of New Jersey.

I, William Kingsley, Deputy Director of the Division of Taxation, in the Department of the Treasury, being the officer chargeable by statute with the administration of the Corporation Business Tax Act (1945) (Chapter 162, Laws of 1945, as amended and supplemented; N. J. S. A. 54:10A-1 et seq.), and the custody of the records pertaining thereto, and the assessment and collection of taxes chargeable thereunder, hereby report, in accordance with the provisions of Revised Statutes, Title 54, Chapter Eleven (R. By the Governor,

ROBERT J. BURKHARDT,
Secretary of State.
AMENDMENTS TO THE
1947 CONSTITUTION
Amendments to the 1947 Constitution

Proposed Amendments Adopted

Amend Article IV, Section I, Paragraph 2 of the State Constitution to read as follows:

2. No person shall be a member of the Senate who shall not have attained the age of thirty years, and have been a citizen and resident of the State for four years, and of the district for which he shall be elected one year, next before his election. No person shall be a member of the General Assembly who shall not have attained the age of twenty-one years and have been a citizen and resident of the State for two years, and of the district for which he shall be elected one year, next before his election. No person shall be eligible for membership in the Legislature unless he be entitled to the right of suffrage.

Amend Article IV, Sections II and III of the State Constitution to read as follows:

Section II.

1. The Senate shall be composed of forty senators apportioned among Senate districts as nearly as may be according to the number of their inhabitants as reported in the last preceding decennial census of the United States and according to the method of equal proportions. Each Senate district shall be composed, wherever practicable, of one single county, and, if not so practicable, of two or more contiguous whole counties.

2. Each senator shall be elected by the legally qualified voters of the Senate district, except that if the Senate district is composed of two or more counties and two senators are apportioned to the district, one senator shall be elected by the legally qualified voters of each Assembly district. Each senator shall be elected for a term beginning at noon of the second Tuesday in January next following his election and ending at noon of the second Tuesday in January four years thereafter, except that each senator, to be elected for a term beginning in January of the second year following the year in which a decennial census of the United States is taken, shall be elected for a term of two years.

(1215)
3. The General Assembly shall be composed of eighty members. Each Senate district to which only one senator is apportioned shall constitute an Assembly district. Each of the remaining Senate districts shall be divided into Assembly districts equal in number to the number of senators apportioned to the Senate district. The Assembly districts shall be composed of contiguous territory, as nearly compact and equal in the number of their inhabitants as possible, and in no event shall each such district contain less than eighty per cent nor more than one hundred twenty per cent of one-fortieth of the total number of inhabitants of the state as reported in the last preceding decennial census of the United States. Unless necessary to meet the foregoing requirements, no county or municipality shall be divided among Assembly districts unless it shall contain more than one-fortieth of the total number of inhabitants of the state, and no county or municipality shall be divided among a number of Assembly districts larger than one plus the whole number obtained by dividing the number of inhabitants in the county or municipality by one-fortieth of the total number of inhabitants of the state.

4. Two members of the General Assembly shall be elected by the legally qualified voters of each Assembly district for terms beginning at noon of the second Tuesday in January next following their election and ending at noon of the second Tuesday in January two years thereafter.

Section III.

1. After the next and every subsequent decennial census of the United States, the Senate districts and Assembly districts shall be established, and the senators and members of the General Assembly shall be apportioned among them, by an Apportionment Commission consisting of ten members, five to be appointed by the chairman of the state committee of each of the two political parties whose candidates for governor receive the larger number of votes at the most recent gubernatorial election. Each state chairman, in making such appointments, shall give due consideration to the representation of the various geographical areas of the state. Appointments to the Commission shall be made on or before November 15 of the year in which such census is taken and shall be certified by the Secretary of State on or before December 1 of that year. The Commission, by a majority of the whole number of its members, shall certify the establishment of Senate and Assembly districts and the apportionment of senators and members of the
General Assembly to the Secretary of State within one month of
the receipt by the Governor of the official decennial census of the
United States for New Jersey, or on or before February 1 of the
year following the year in which the census is taken, whichever
date is later.

2. If the Apportionment Commission fails so to certify such
establishment and apportionment to the Secretary of State on or
before the date fixed or if prior thereto it determines that it will
be unable so to do, it shall so certify to the Chief Justice of the
Supreme Court of New Jersey and he shall appoint an eleventh
member of the Commission. The Commission so constituted, by
a majority of the whole number of its members, shall, within one
month after the appointment of such eleventh member, certify to
the Secretary of State the establishment of Senate and Assembly
districts and the apportionment of senators and members of the
General Assembly.

3. Such establishment and apportionment shall be used there­
after for the election of members of the Legislature and shall re­
main unaltered until the following decennial census of the United
States for New Jersey shall have been received by the Governor.

Amend Article XI by adding thereto Section V as follows:

SECTION V.

1. For the purpose of electing senators in 1967 and until the 1970
decennial census of the United States for New Jersey shall have
been received by the Governor, the forty senators are hereby al­
located among fifteen Senate districts, as follows:

First District—the counties of Gloucester, Atlantic and Cape
May, two senators;
Second District—the counties of Salem and Cumberland, one
senator;
Third District—the county of Camden, three senators;
Fourth District—the counties of Burlington and Ocean, two
senators;
Fifth District—the county of Monmouth, two senators;
Sixth District—the county of Mercer, two senators;
Seventh District—the county of Middlesex, three senators;
Eighth District—the county of Somerset, one senator;
Ninth District—the county of Union, three senators;
Tenth District—the county of Morris, two senators;
Eleventh District—the county of Essex, six senators;
Twelfth District—the county of Hudson, four senators;
Thirteenth District—the county of Bergen, five senators;
Fourteenth District—the county of Passaic, three senators; and
Fifteenth District—the counties of Sussex, Warren and Hunterdon, one senator.

2. For the purpose of electing members of the General Assembly
   and the senators from Assembly districts where so required in 1967
   and until the 1970 census of the United States for New Jersey shall
   have been received by the Governor, the Assembly districts shall
   be established by an Apportionment Commission consisting of ten
   members, five to be appointed by the chairman of the state com-
   mittee of each of the two political parties whose candidates for
   governor receive the largest number of votes at the most recent
   gubernatorial election. Each state chairman, in making such ap-
   pointments, shall give due consideration to the representation of
   the various geographical areas of the state. Such Apportionment
   Commission shall be appointed no earlier than November 10 nor
   later than November 15, 1966, and their appointments shall be
   certified by the Secretary of State on or before December 1, 1966.
   The Commission, by a majority of the whole number of its mem-
   bers, shall certify the establishment of Assembly districts to the
   Secretary of State on or before February 1, 1967.

3. If such Apportionment Commission fails so to certify the
   establishment of Assembly districts to the Secretary of State on
   or before the date fixed or if prior thereto it determines that it will
   be unable so to do, it shall so certify to the Chief Justice of the
   Supreme Court of New Jersey, and he shall appoint an eleventh
   member of the Commission. Such Commission, by a majority of
   the whole number of its members, shall within one month after the
   appointment of such eleventh member certify to the Secretary of
   State the establishment of Assembly districts.

4. The Assembly districts so established shall be used thereafter
   for the election of members of the General Assembly and shall
   remain unaltered until the following decennial census of the United
   States for New Jersey shall have been received by the Governor.
   Adopted November 8, 1966.
