CHAPTER 276, LAWS OF 1930

The commissioner and/or county board of elections may deem necessary to establish the fact of continued residence or of removal of any registrant.

In case of registrants who have been found to the satisfaction of the commissioner in counties of the first class and the county board of elections in all other counties, to have moved from one address to another within the same district, the commissioner in counties of the first class and the county board of elections in all other counties, shall correct his or their records accordingly.

In case of registrants so found to have moved from a district in a municipality having permanent registration to another district in the same or in another municipality having permanent registration, within the county, the commissioner in counties of the first class and the county board of elections in all other counties, shall cause the permanent registration forms of such registrants to be transferred to the proper signature copy registers.

In case of registrants so found to have moved from a municipality having permanent registration to a municipality not having permanent registration, within the county or to any place outside the county or State, the commissioner in counties of the first class and the county board of elections in all other counties, shall cause the permanent registration forms of such persons to be transferred to the inactive file. Such persons upon return to any municipality having permanent registration, within the county, shall be required to re-register before being allowed to vote.

The registrant shall be notified by the commissioner by registered mail of any transfer made pursuant to this section. This notice shall be in addition, to the notice by publication, hereinafter provided for.

The county board of elections in counties, other than counties of the first class, before removing, for any reason whatsoever, the permanent registration forms of any registrant from the signature copy registers, or before transferring such forms to the inactive file, shall cause to be published a notice setting forth the proposed action of the commissioner and/or county board of elections. This notice shall contain the list of the names and registered addresses of all registrants to be affected by the proposed action. Such notice and list shall be
published at least two (2) entire days prior to the removal of such names and shall be published in two (2) or more daily newspapers published within the county, one of which newspapers, at least, shall be published in the municipality affected. Such notice and list shall, in addition, specify the reason or reasons for the contemplated removal or transfer of the permanent registration forms of the registrants affected. Such notice and list shall be published in the manner aforesaid prior to the second Tuesday preceding any election.

In no event shall the permanent registration forms or voting record of any registrant be removed or transferred to the inactive file, for any reason whatsoever, subsequent to the second Tuesday preceding any election, until after such election; nor shall the permanent registration forms or voting record of any registrant in counties other than counties of the first class be removed or transferred to the inactive file for any reason whatsoever, if the name of such registrant is not first published in the manner aforesaid.

Application for Order to Vote.

Any person or persons, affected by any action of the county board of elections in counties other than counties of the first class shall, during the two weeks immediately preceding any election and on election day, have the right to make application to any judge of the Court of Common Pleas of that county, for the purpose of obtaining an order entitling such person or persons to vote or register in the district in which such person or persons actually reside. The burden of proof shall be upon the applicant. The judge of the Court of Common Pleas, if satisfied that the applicant is entitled, under the law, to vote at such election, and after determining the election district in which such person actually resides, may issue an order directing the district board of that district to permit such person to vote. If such applicant shall be refused the right to vote, due to the inability of the district board or of the commissioner of registration, or of the county board of elections, to find the permanent registration forms of such applicant, then in addition, such applicant shall establish by reference to his signature in pollbooks of former elections, or by reference to
the registry lists of former elections, that he was previously registered. Such evidence shall be deemed sufficient to establish the fact that the applicant was formerly registered. If the order is directed to a district board in municipalities having permanent registration, the district board shall certify and return the order at the close of the election to the commissioner, who, thereupon, shall restore the permanent registration forms of such person to the active file.

If the applicant shall have been denied the right to register, then on the receipt of such order, the commissioner of registration shall forthwith notify such applicant to appear before him, on the day following the election or thereafter, in order to be registered, in accordance with the provisions of the act to which this act is an amendment.

2. This act shall take effect immediately.
   Approved December 2, 1930.

CHAPTER 4.

An Act declaring the policy of the States of New York and New Jersey in regard to certain vehicular bridges and tunnels within the Port of New York District; and in furtherance of the said policy, vesting the control and operation of the Holland Tunnel in the Port of New York Authority, authorizing the Port Authority to construct an additional interstate vehicular tunnel, and regulating the construction and operation of bridges and tunnels by the Port Authority.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. The State of New York by appropriate legislation concurring herein, the States of New Jersey and New York hereby declare and agree that the vehicular traffic moving across the interstate waters within the Port of New York district, created by the Compact of April thirtieth, one thousand nine hundred and twenty-one, between the said States (which said phrase "interstate waters" as used in this act shall include the portion of the Hudson River within the said Port of New York district north of the New Jersey state line), constitutes a general movement of traffic which follows the most accessible and practicable routes, and that the users of each bridge or tunnel over or under the said waters benefit by the existence of every other bridge or tunnel since all such bridges and tunnels as a group facilitate the movement of such traffic and relieve congestion at each of the several bridges and tunnels. Accordingly, the two said States, in the interest of the users of such bridges and tunnels and the general public, hereby agree that the construction, maintenance, operation and control of all such bridges and tunnels, heretofore or hereafter authorized by the two said States, shall be unified under the Port of New York Authority (hereinafter called the Port Authority), to the end that the tolls and other revenues therefrom shall be applied so far as prac-
to the costs of the construction, maintenance and operation of said bridges and tunnels as a group and economies in operation effected, it being the policy of the two said States that such bridges and tunnels shall as a group be in all respects self-sustaining.

2. In furtherance of the aforesaid policy, and in partial effectuation of the comprehensive plan heretofore adopted by the two said States for the development of the said Port of New York district, the control, operation, tolls and other revenues of the vehicular tunnel, known as the Holland Tunnel, under the Hudson River between the city of Jersey City and the city of New York, shall be vested in the Port Authority as hereinafter provided; and the Port Authority is hereby authorized and empowered to construct, own, maintain and operate an interstate vehicular tunnel or tunnels (hereinafter called the Midtown Hudson Tunnel) under the Hudson River, together with such approaches thereto and connections with highways as the Port Authority may deem necessary or desirable.

The Port Authority shall from time to time make studies, surveys and investigations to determine the necessity and practicability of additional vehicular bridges and tunnels over or under interstate waters within the said Port of New York district, and report to the Governors and Legislatures of the two States thereon. The Port Authority shall not proceed with the construction of any additional vehicular bridges and tunnels over or under said interstate waters until hereafter expressly authorized by the two said States.

3. The entrances, exits and approaches to the said Midtown Hudson Tunnel, on the New York side, shall be between West 35th Street and West 41st Street and in the vicinity of 9th Avenue and to the west thereof, in the borough of Manhattan, city of New York. The approaches to the said Midtown Hudson Tunnel on the New Jersey side shall be so located and constructed as to permit tunnel traffic to pass over or under the tracks of the New York, Susquehanna and Western Railroad Company and the Northern Railroad Company of New Jersey, immediately west of the Palisades, without crossing the said tracks at grade, and as to permit con-

Unified operation of bridges and tunnels by Port Authority.

4. The Port Authority shall, so far as it deems it practicable, treat as a single unified operation the construction, maintenance and operation of the said Midtown Hudson Tunnel, the said Holland Tunnel, the two vehicular bridges over the Arthur Kill, the vehicular bridge over the Kill van Kull, the vehicular bridge over the Hudson River at Fort Lee, and any other vehicular bridges or tunnels which it may construct or operate, raising moneys for the construction thereof and for the making of additions and improvements thereto in whole or in part upon its own obligations, and establishing and levying such tolls and other charges as it may deem necessary to secure from all of such bridges and tunnels as a group, at least sufficient revenue to meet the expenses of the construction, maintenance and operation of such bridges and tunnels as a group, and to provide for the payment of the interest upon and amortization and retirement of and the fulfillment of the terms of all bonds and other securities and obligations which it may have issued or incurred in connection therewith.

Provision for interest and principal.

5. The control, operation, tolls and other revenues of the said Holland Tunnel and its entrance and exit plazas and of all real and personal property appurtenant thereto or used in connection therewith, shall vest in the Port Authority upon the making of the following payments by the Port Authority to each of the said two States:

(a) An amount equal to the moneys contributed by such State toward the cost of construction of the said Holland Tunnel, with interest thereon at the rate of four and one-quarter per centum (4¼%) per annum from the date or dates on which such moneys were contributed by such State to the date of the payment to such State;

(b) Less, however, the share of such State in the net revenues of the said tunnel to the date of the said payment, and less interest on such net revenues at the rate of four and one-quarter per centum (4¼%) per annum from the dates on which the said net revenues were received by such State to the date of the said payment;
And in the case of the payment to the State of New York, less an amount equal to the moneys which the said State has agreed to advance to the Port Authority (but which have not as yet been advanced to the Port Authority) in aid of bridge construction, during the fiscal years commencing in one thousand nine hundred and thirty-one and one thousand nine hundred and thirty-two, pursuant to chapter seven hundred and sixty-one of the Laws of New York of one thousand nine hundred and twenty-six and chapter three hundred of the Laws of New York of one thousand nine hundred and twenty-seven and acts amendatory thereof and supplemental thereto, discounted, however, in the case of each advance at the rate of four and one-quarter per centum (4 1/4%) per annum, from the date of the said payment to the State of New York to the date upon which such advance is to be available pursuant to the aforesaid statutes.

In computing interest as aforesaid upon the moneys contributed by each of the said two States toward the cost of construction of the said Holland Tunnel, such moneys shall be deemed to have been contributed by such State upon the first day of the month following the month during which there were presented to the Comptroller of such State for audit and payment, the schedules and vouchers pursuant to which such moneys were paid. In computing interest as aforesaid upon the net revenues received by each of the said two States, such net revenues shall be deemed to have been received by such State upon the date when such revenues were credited to such State or to the commission of such State pursuant to paragraph eleven of Article XIV of the Compact of December thirtieth, one thousand nine hundred and nineteen, between the two said States.

6. If the amount paid by the Port Authority to the State of New Jersey pursuant to the preceding section of this act shall be less than an amount which, together with the moneys then in the sinking fund established by chapter three hundred and fifty-two of the Laws of New Jersey of one thousand nine hundred and twenty and chapter two hundred and sixty-two of the Laws of New Jersey of one thousand nine hundred and twenty-

four, hereinafter called the New Jersey Camden Bridge-Holland Tunnel sinking fund, (other than moneys set apart to pay interest for the then current year upon the bonds of the State of New Jersey authorized by the aforesaid acts of the State of New Jersey, hereinafter called New Jersey Camden Bridge-Holland Tunnel bonds), will be equal to the principal amount of the then outstanding New Jersey Camden Bridge-Holland Tunnel Bonds; then and in such event, the Port Authority shall in addition pay to the State of New Jersey an amount which, together with the amount paid under and pursuant to the preceding section hereof and the moneys then in said New Jersey Camden Bridge-Holland Tunnel sinking fund, will be equal to the principal amount of the then outstanding New Jersey Camden Bridge-Holland Tunnel bonds; and shall, moreover, pay to the State of New York a like amount.

7. The amount payable by the Port Authority to the State of New York pursuant to sections five and six of this act shall be paid by the Port Authority into the treasury of the State of New York upon the thirtieth day of June, one thousand nine hundred and thirty-one, or at an earlier date at the option of the Port Authority on five days' notice to the Comptroller of the State of New York, upon a voucher signed and audited by the said Comptroller, who is hereby authorized to consummate the said transaction.

8. The amount payable by the Port Authority to the State of New Jersey pursuant to sections five and six of this act shall be paid by the Port Authority to the sinking fund commission created by said chapter three hundred and fifty-two of the Laws of New Jersey of one thousand nine hundred and twenty, and said chapter two hundred and sixty-two of the Laws of New Jersey of one thousand nine hundred and twenty-four hereinafter called the New Jersey Camden Bridge-Holland Tunnel sinking fund commission, upon the thirtieth day of June, one thousand nine hundred and thirty-one, or such other date as may be agreed upon by the said sinking fund commission and the Port Authority, upon a voucher signed and audited by the said sinking fund commission, which said commission is hereby authorized
to consummate said transaction; and the said moneys shall be deposited in the said New Jersey Camden Bridge-Holland Tunnel sinking fund, and shall for all purposes be deemed to be a part thereof and subject to the appropriation of the moneys in the said sinking fund, made by the aforesaid statutes of the State of New Jersey.

The income and interest received from or accruing upon the moneys in the aforesaid New Jersey Camden Bridge-Holland Tunnel sinking fund, and from the investment thereof, shall be set apart and held by the said New Jersey Camden Bridge-Holland Tunnel sinking fund commission for the payment of interest on New Jersey Camden Bridge-Holland Tunnel bonds, and shall be subject to the appropriation made of moneys so set apart and held, by the aforesaid statutes of the State of New Jersey, and shall be applied to the payment of such interest.

9. Upon the making of the foregoing payments by the Port Authority to the two said States, the provisions of the compact of December thirtieth, one thousand nine hundred and nineteen, between the said two States, relating to the construction and operation of the said Holland Tunnel, as amended, so far as inconsistent herewith or with the rules, practice and procedure or general authority of the Port Authority, shall be and shall be deemed to be abrogated, and chapter four hundred and twenty-one of the Laws of New York of one thousand nine hundred and thirty, and chapter two hundred and forty-seven of the Laws of New Jersey of one thousand nine hundred and thirty, making the Port Authority the agent of the two States in connection with the operation of the said Holland Tunnel shall cease to be effective.

10. The plans of the connections with State or municipal highways of any vehicular bridge or tunnel which the Port Authority may hereafter construct, (including the plans of any additional connections of existing bridges or tunnels with State or municipal highways), shall be subject to the approval of the Governor of the State in which such connections shall be located and subject to the approval of the municipality in which they shall be located. The approval of such municipality shall be given as provided in Article XII of the said compact as to Holland Tunnel abrogated.
compact of April thirtieth, one thousand nine hundred and twenty-one. Except as limited herein, the Port Authority shall determine all matters pertaining to such bridges and tunnels.

11. The Port Authority is hereby authorized to make and enforce such rules and regulations and to establish, levy and collect such tolls and other charges in connection with any vehicular bridges and tunnels which it may now or hereafter be authorized to own, construct, operate or control (including the said Holland Tunnel and the said Midtown Hudson Tunnel), as it may deem necessary, proper or desirable, which said tolls and charges shall be at least sufficient to meet the expenses of the construction, operation and maintenance thereof, and to provide for the payment of, with interest upon, and the amortization and retirement of bonds or other securities or obligations issued or incurred for bridge or tunnel purposes; and the Port Authority is hereby authorized and empowered to pledge such tolls and other revenues or any part thereof as security for the repayment with interest of any moneys borrowed by it or advanced to it for the purposes of this act and as security for the satisfaction of other obligations assumed by it in connection with such loans or advances. Such moneys may be borrowed on bonds or other securities or obligations issued or incurred pursuant to Article VI of the compact of April thirtieth, one thousand nine hundred and twenty-one. There shall be allocated to the cost of the construction, operation and maintenance of such bridges and tunnels, such proportion of the general expenses of the Port Authority as it shall deem properly chargeable thereto.

12. The two said States covenant and agree with each other and with the holders of any bonds or other securities or obligations of the Port Authority, issued or incurred for bridge or tunnel purposes and as security for which there may or shall be pledged the tolls and revenues or any part thereof of any vehicular bridge or tunnel (including the said Holland Tunnel and the said Midtown Hudson Tunnel), that the two said States will not, so long as any of such bonds or other obligations remain outstanding and unpaid, diminish or impair
the power of the Port Authority to establish, levy and collect tolls and other charges in connection therewith; and that the two said States will not, so long as any of such bonds or other obligations remain outstanding and unpaid, authorize the construction of any vehicular bridges or tunnels over or under interstate waters as herein defined within the said Port of New York District, by any person or body other than the Port Authority, in competition with those whose tolls or other revenues are pledged as aforesaid; provided, that nothing herein contained shall be deemed to refer to the bridge authorized by the Act of Congress of July 11, 1890, Chapter 669, and acts amendatory thereof and supplemental thereto; and provided further, that nothing herein contained shall preclude the authorization of the construction of such competitive tunnels or bridges by other persons or bodies if and when adequate provision shall be made by law for the protection of those advancing money upon such obligations.

13. The bonds or other securities or obligations which may be issued by the Port Authority pursuant to this Act, and as security for which there may be pledged the tolls and other revenues or any part thereof of any vehicular bridge or tunnel (including the said Holland Tunnel and the said Midtown Hudson Tunnel) now or hereafter authorized by the two said States, are hereby made securities in which all State and municipal officers and bodies, all banks, bankers, trust companies, savings banks, saving and loan associations, investment companies and other persons carrying on a banking business, all insurance companies, insurance associations and other persons carrying on an insurance business, and all administrators, executors, guardians, trustees and other fiduciaries and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of the State, may properly and legally invest any funds, including capital, belonging to them or within their control; and said obligations are hereby made securities which may properly and legally be deposited with and shall be received by any municipal officer or agency for any purpose for which the deposit of bonds or other obligations of this State is now or may hereafter be authorized.
14. The construction, maintenance and operation of vehicular bridges and tunnels within the said Port of New York District (including the said Holland Tunnel and the said Midtown Hudson Tunnel), are and will be in all respects for the benefit of the people of the States of New York and New Jersey, for the increase of their commerce and prosperity and for the improvement of their health and living conditions; and the Port Authority shall be regarded as performing an essential governmental function in undertaking the construction, maintenance and operation thereof and in carrying out the provisions of law relating thereto, and shall be required to pay no taxes or assessments upon any of the property acquired or used by it for such purposes.

15. If for any of the purposes of this Act, (including temporary construction purposes, and the making of additions or improvements to bridges or tunnels already constructed), the Port Authority shall find it necessary or convenient to acquire any real property as herein defined in this State, whether for immediate or future use, the Port Authority may find and determine that such property, whether a fee simple absolute or a lesser interest, is required for a public use, and upon such determination, the said property shall be and shall be deemed to be required for such public use until otherwise determined by the Port Authority; and with the exceptions hereinafter specifically noted, the said determination shall not be affected by the fact that such property has theretofore been taken for, or is then devoted to, a public use; but the public use in the hands or under the control of the Port Authority shall be deemed superior to the public use in the hands of any other person, association or corporation.

If the Port Authority is unable to agree for the acquisition of any such real property for any reason whatsoever, then the Port Authority may acquire and is hereby authorized to acquire such property, whether a fee simple absolute or a lesser interest, by condemnation or the exercise of the right of eminent domain under and pursuant to the provisions of the act entitled "An act to regulate the ascertainment and payment of compensation for property condemned or taken for public

use" (Revision of 1900), approved March 20, 1900, and acts amendatory thereof and supplemental thereto, including Chapter 142 of the Laws of 1927, except as other provision is made by the terms of this Act.

The power of the Port Authority to acquire real property by condemnation hereunder shall be a continuing power, and no exercise thereof shall be deemed to exhaust it.

16. Anything in this act to the contrary notwithstanding, no property now or hereafter vested in or held by any county, city, borough, village, township or other municipality shall be taken by the Port Authority, without the authority or consent of such county, city, borough, village, township or other municipality as provided in said Compact of April 30, 1921, nor shall anything herein impair or invalidate in any way any bonded indebtedness of the State, or such county, city, borough, village, township or other municipality, nor impair the provisions of law regulating the payment into sinking funds of revenue derived from municipal property, or dedicating the revenues derived from municipal property, to a specific purpose. The Port Authority is hereby authorized and empowered to acquire from any such county, city, borough, village, township, or other municipality, or from any other public agency or commission having jurisdiction in the premises, by agreement therewith, and such county, city, borough, village, township, municipality, public agency or commission, notwithstanding any contrary provision of law, is hereby authorized and empowered to grant and convey upon reasonable terms and conditions any real property, which may be necessary for the construction, operation and maintenance of such bridges and tunnels, including such real property as has already been devoted to a public use. Each of the two said States hereby consents to the use and occupation of the real property of such State necessary for the construction, operation and maintenance of bridges and tunnels constructed or operated pursuant to the provisions of this act, including lands of the State lying under water.

17. The Port Authority and its duly authorized agents and employees may enter upon any land in this State for
the purpose of making such surveys, maps, or other ex-
aminations thereof as it may deem necessary or con-
venient for the purposes of this act.

18. The term "real property" as used in this act is
defined to include lands, structures, franchises and inter-
ests in land, including lands under water and riparian
rights, and any and all things and rights usually included
within the said term, and includes not only fees simple
absolute but also any and all lesser interests, such as
easements, rights of way, uses, leases, licenses and all
other incorporeal hereditaments and every estate, interest
or right, legal or equitable, including terms of years, and
liens thereon by way of judgments, mortgages or other-
wise, and also claims for damage to real estate.

19. Nothing herein contained shall be construed to
authorize or permit the Port Authority to undertake the
construction of any vehicular bridge or tunnel over or
under the Arthur Kill, unless or until adequate provision
has been made by law for the protection of those ad-
vancing money upon the obligations of the Port Au-
thority for the construction of the bridges mentioned in
Chapter 37 of the Laws of 1925, or the construction of
any vehicular bridge or tunnel over or under the Hudson
River, at or north of Sixtieth Street in the borough of
Manhattan, city of New York, unless or until adequate
provision has been made by law for the protection of those advising money upon the obligations of the Port Authority for the construction of the bridge mentioned in Chapter 6 of the Laws of 1926, or the construction of any vehicular bridge or tunnel over or under the Kill
van Kull unless or until adequate provision has been
made by law for the protection of those advancing money
upon the obligations of the Port Authority for the con-
struction of the bridge mentioned in Chapter 3 of the
Laws of 1927.

20. Any powers granted to the Port Authority by this
act shall be deemed to be in aid of and supplemental to
and in no case a limitation upon the powers heretofore
vested in the Port Authority by the two said States
and/or by Congress, except as herein otherwise provided.

21. Nothing herein contained shall be construed to
affect, diminish or impair the rights and obligations cre-
ated by, or to repeal any of the provisions of, chapter three hundred and fifty-two of the Laws of New Jersey of one thousand nine hundred and twenty and chapter two hundred and sixty-two of the Laws of New Jersey of one thousand nine hundred and twenty-four.

If, however, any loss shall be suffered by or accrue to the said sinking fund, and if, after the making of the payment by the Port Authority to the State of New Jersey as hereinbefore provided, the moneys in the said sinking fund shall at any time be or become less than an amount equal to the principal amount of the then currently outstanding New Jersey Camden Bridge-Holland Tunnel bonds, or if the income and interest currently received from or currently accruing upon the moneys in the said sinking fund shall be or become insufficient to pay the interest currently accruing upon or currently payable in connection with the aforesaid New Jersey Camden Bridge-Holland Tunnel bonds, the State of New Jersey represents and agrees that it will make good such deficits out of sources other than revenues from the said Holland Tunnel.

The said payment by the Port Authority to the State of New Jersey constitutes repayment for all moneys contributed by the said State toward the cost of construction of the said Holland Tunnel, including the moneys diverted and appropriated by chapter three hundred and nineteen of the Laws of New Jersey of one thousand nine hundred and twenty-six and chapter fifty-eight of the Laws of New Jersey of one thousand nine hundred and twenty-seven from the Road Fund, created by chapter fifteen of the Laws of New Jersey of one thousand nine hundred and seventeen. The requirement of chapter fifty-eight of the Laws of New Jersey of one thousand nine hundred and twenty-seven that the said moneys diverted and appropriated by the said statutes of the State of New Jersey shall be returned and credited to the said Road Fund, with interest, shall be and shall be deemed to be satisfied and discharged so far as it relates to the revenues arising from the operation of the said Holland Tunnel.

The provisions of this section shall constitute a covenant and agreement by the State of New Jersey with the
State of New York, the Port Authority and the holders of any bonds or other obligations of the Port Authority, as security for which the tolls and revenues of said Holland Tunnel may be pledged.

22. Nothing herein contained shall be construed to impair in any way the obligation of the Port Authority to repay to the two States any or all advances paid by them to the Port Authority in aid of bridge construction.

23. This act shall take effect upon the enactment into law by the State of New York of legislation having an identical effect with this act, but if the State of New York shall have already enacted such legislation this act shall take effect immediately.

Approved March 2, 1931.

CHAPTER 5.

An Act regulating the use of revenues received by the Port of New York Authority from or in connection with the operation of terminal and transportation facilities.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. As used in this act:
   (a) "Port Authority" means the Port of New York Authority, created by the Compact of April 30, 1921, between the States of New Jersey and New York.
   (b) "Bonds legal for investment" means bonds or other obligations or securities of the Port Authority, in which savings banks in both of the two said States are now or may hereafter be authorized to invest funds within their control, but until otherwise determined by the two said States shall not include bonds or other obligations issued for union terminal freight station or steamship or marine terminal purposes other than those issued for the establishment, acquisition, construction or effectuation of the first three union terminal freight stations in New York City, New York, a steamship or
marine terminal in Jersey City, New Jersey, and a steamship or marine terminal in Hoboken, New Jersey.

(c) "Terminal and/or transportation facilities" means terminal and/or transportation facilities as used in the said Compact of April 30, 1921.

(d) "Surplus revenues" means, in the case of each terminal or transportation facility, the balance of the revenues therefrom remaining at any time currently in the hands of the Port Authority after the deduction of the current expenses of the operation and maintenance thereof, including a proper proportion of the general expenses of the Port Authority, and after the deduction of any amounts which the Port Authority may or shall be obligated or may or shall have obligated itself to pay to or set aside out of the current revenues therefrom for the benefit of the holders of any bonds legal for investment, and after the deduction of any amounts currently due to the two said States on account of any advances made by the two said States to the Port Authority in aid of the effectuation of such terminal or transportation facility.

2. In all cases where the Port Authority has raised or shall hereafter raise moneys for the establishment, acquisition, construction or effectuation of terminal and/or transportation facilities by the issue and sale of bonds legal for investment as herein defined and limited, the surplus revenues received by or accruing to the Port Authority from or in connection with the operation of such terminal and/or transportation facilities built in whole or in part by the proceeds of the sale of such bonds, shall be pooled and applied by it to the establishment and maintenance of a general reserve fund in an amount equal to one-tenth (1/10) of the par value of all bonds legal for investment as herein defined and limited, issued by the Port Authority and currently outstanding. The moneys in the said general reserve fund may be pledged in whole or in part by the Port Authority as security for or applied by it to the repayment with interest of any moneys which it has raised or may hereafter raise upon any bonds, legal for investment as herein defined and limited, and made and issued by it for any of its lawful purposes; and the said moneys may be ap-
plied by the Port Authority to the fulfillment of any other undertakings which it has assumed or may or shall hereafter assume to or for the benefit of the holders of any of such bonds.

Any surplus revenues not required for the establishment and maintenance of the aforesaid general reserve fund shall be used for such purposes as may hereafter be directed by the two said states.

3. This act shall take effect upon the enactment into law by the State of New York of legislation having an identical effect with this act, but if the State of New York has already enacted such legislation, this act shall take effect immediately.

Approved March 2, 1931.

CHAPTER 6.

A Further Supplement to an act entitled "An act concerning the militia of the State" (Revision of 1925), approved March tenth, one thousand nine hundred and twenty-five.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. In addition to the duties imposed upon the Adjutant General, as Chief of Staff of the military forces of this State, he shall be the State Service Officer, and as such shall be charged with the duty of assisting veterans of all wars, citizens of this State, and their dependents in securing the benefits of pensions to which they are severally entitled under the provisions of any Federal legislation; and further to assist veterans of the world war, citizens of this State, and their dependents in the presentation of claims for compensation as the result of physical disabilities, or adjusted compensation, or war risk insurance, and further to give such aid and assistance in the matter of adjusted service certificates pursuant to an Act of Congress of February twenty-
seventh, one thousand nine hundred and thirty-one, and further to advise such veterans and their dependents, in securing for them the benefits of hospitalization, and such other benefits as they may be entitled to by any Federal legislation.

2. For the purpose of carrying into effect the provisions of this act there is hereby appropriated the sum of fifteen thousand dollars, which shall be used for the purpose in this act enumerated and expenses in connection with such administration.

3. This act shall take effect immediately. Approved March 2, 1931.

CHAPTER 7.

A Supplement to an act entitled “An act authorizing and providing for the appointment of an interstate bridge commission and defining its powers and duties,” approved May sixth, one thousand nine hundred and twenty-nine.

65-A. Taxation; Reports. With the exception of license fees, real estate and personal property taxes, and
taxes under the reciprocal provisions of section sixty-six of this act as amended, every insurer organized, admitted or licensed to transact the business of marine insurance within this State, shall with respect to all insurances written within this State, upon hulls, freights, or disbursements, or upon goods, wares, merchandise and all other personal property and interests therein, in course of exportation from, importation into any country, or transportation coastwise, including transportation by land or water from point of origin to final destination in respect to, appertaining to, or in connection with, any and all risks or perils of navigation, transit or transportation, and while being prepared for, and while awaiting shipment, and during any delays, storage, transshipment or reshipment incident thereto, including war risks and marine builder's risks, be taxed only on that proportion of the total underwriting profit of such insurer from such insurances written within the United States, which the gross premiums of the insurer from such insurance written within this State bear to the gross premiums of such insurers from such insurance written within the United States. The term “underwriting profit,” as used herein, shall be arrived at by deducting from the net earned premiums on such marine insurance contracts written within the United States during the calendar year (1) the losses incurred, and (2) expenses incurred, including all taxes, State and federal, in connection with such net earned premiums.

Net earned premiums on such marine insurance contracts written during the calendar year shall be arrived at as follows:

Gross premiums on such marine insurance contracts written during the calendar year, less any and all return premiums, any and all premiums on policies not taken and any and all premiums paid for such reinsurance.

Add unearned premiums on such outstanding marine business at the end of the preceding calendar year.

Deduct unearned premiums on such outstanding marine business at the end of the current calendar year.

Losses incurred, as used herein, shall mean gross losses incurred during the calendar year under such ma-
Expenses incurred shall include:

(a) Specific expenses incurred on such earned marine premiums, consisting of all commissions, agency expenses, taxes, licenses, fees, loss-adjustment expenses, and all other expenses incurred directly and specifically in connection with such premiums, less recoveries or reimbursements on account of or in connection with such commissions or other expenses collected or collectible because of reinsurance or from any other source.

(b) General expenses incurred on such earned premiums, consisting of that proportion of general or overhead expenses, such as salaries of officers and employees, printing and stationery, all taxes of this State and of the United States, except as otherwise provided herein, and all other expenses not chargeable specifically to a particular class of insurance which the net premiums of such marine insurance written bear to the total net premiums written by such insurer from all classes of insurance written by it during the current calendar year.

Provided, however, that in arriving at the aforesaid "underwriting profit," for purposes of taxation under this section there shall not be deducted in respect to expenses incurred, as hereinbefore defined and specified in paragraphs (a) and (b), amounts which, in the aggregate, exceed forty per centum of the aforesaid gross premiums on such marine insurance contracts.

Every insurer transacting marine insurance in this State shall file on or before the first day of April in each year with the Commissioner of Banking and Insurance, and in the form prescribed by him, a report of all the items pertaining to its insurance business as enumerated and prescribed in the preceding subdivision. To determine the basis of the tax on underwriting profit, every insurer which has been writing such marine insurance in this State for three years shall furnished the Commissioner of Banking and Insurance a statement of all of the aforementioned items, in the form prescribed by him for
each of the preceding three calendar years. An insurer which has not been writing such marine insurance for three years shall furnish to the Commissioner of Banking and Insurance a statement of all the aforementioned items for each of the calendar years during which it has written such marine insurance.

The Commissioner of Banking and Insurance shall each year compute the tax, according to the method described in this section, upon the average annual underwriting profit of such insurer from such marine insurance during the preceding three years, including the current calendar year, namely, at the expiration of each current calendar year, the profit or loss on such marine insurance business of that year is to be added or deducted, and the profit or loss upon such marine insurance business of the first calendar year of the preceding three-year period is to be dropped so that computation of underwriting profit for purposes of taxation under this section will always be on a three-year average; provided, however, that an insurer which has not been writing such marine insurance in this State for three years shall, until it has transacted such business in this State for that number of years, be taxed
on the basis of its annual underwriting profit on such marine insurance written within the United States for the current calendar year, subject, however, to an adjustment in the tax as soon as the Commissioner of Banking and Insurance, in accordance with the provisions of this section, is enabled to compute the tax on the aforementioned three-year basis; and provided, further, that in the case of mutual companies, the Commissioner of Banking and Insurance shall not include in underwriting profit, when computing the tax prescribed by this section, the amounts refunded by such companies on account of premiums previously paid by their policyholders.

When the Commissioner of Banking and Insurance has computed the tax on an insurer’s underwriting profit, he shall report to the State Tax Commissioner all facts necessary to enable the State Tax Commissioner to ascertain, fix and collect the amount of said tax to be paid by each and every insurer subject thereto under this act, which amount the insurer shall pay to the State Tax Commissioner within fifteen days after receipt of such notice from said State Tax Commissioner; provided, however, that in assessing taxes under the reciprocal provisions of section sixty-six of the act of which this act is amendatory credit shall be allowed for any taxes paid or payable under this section.

It is the intention of this act to make available to said board of water commissioners, for the conduct of said water system, for its enlargement, extension, and the addition of new and/or further supplies and sources of supply, all moneys which shall be received from the operation of such water system, whether currently or theretofore earned, and excluding therefrom any moneys raised by taxation, and to place the same under the jurisdiction and control of said board of water commissioners.

In the first column to the right of the purpose to which the recommended appropriation shall apply shall be set forth the appropriation for the current fiscal year; in the second column the amount requested for the next fiscal year; in the third column the amount recommended by the Governor as the appropriation for the next fiscal year.

(j) In addition, such recapitulation of revenues and appropriations as may more fully show comparisons and costs of the several departments.

9. The Governor may recommend in connection with his budget message and under separate head new or additional sources of revenue and set forth in connection therewith his recommendation as to the purpose or purposes to which such proposed new or additional revenues may be appropriated. The total of the recommendations in the budget for the annual and supplemental appropriations shall not be in excess of the estimate of the free treasury funds (including funds classified in subsection (c), section 8) available for disbursements during the fiscal year to which such recommendations are applicable.

10. All applications for appropriations for purposes not included in the budget message shall be made in the first instance to the State Budget Commissioner, subject to such rules and regulations as he may from time to time prescribe. He shall certify and transmit forthwith such applications to the Governor and Chairman of the Joint Appropriation Committee, together with his findings, comments and recommendations thereon. The Governor shall transmit to the chairman of the Joint Appropriation Committee such applications as he shall approve in whole or in part with his recommendations thereon.

The State Budget Commissioner shall cause copies of the Governor’s budget message to be printed forthwith, and a copy thereof shall be presented to each member of the Legislature, each public library in the State, and each newspaper in the State, and shall be available for distribution to any citizen, on request. In the event that any request for appropriation is granted by the Legislature for an amount reduced from that requested, the State Budget Commissioner may assist the spending agency making such request, in devising new expenditure programs.

13. In order to afford reasonable flexibility, any spending agency receiving an appropriation may make written application to the State House Commission for leave to transfer a part of any item granted or allowed to such spending agency, to any other item in such appropriation. Such application shall be made only during the current year for which the appropriation was granted. No transfers shall be authorized or made after the close of any fiscal year. If the State House Commission shall consent to such application, it shall notify the Comptroller thereof in writing, whereupon the Comptroller shall place the amount so transferred to the credit of the item so designated; provided, however, that no sum appropriated for any permanent improvement shall be used for maintenance or for any other purpose; provided, further, that whenever a transfer is made, the item, or any part thereof, from which the transfer has been made shall not be reimbursed from the emergency fund; and provided, further, that no such transfer of appropriation shall be authorized or made until the State Budget Commissioner shall have been served with a copy of the application and shall have had two days’ opportunity within which to submit his written recommendation thereon, together with his reasons therefor, to the State House Commission.
14. No allotment from the State emergency fund shall be authorized or made until the State Budget Commissioner shall have been served with a copy of the application therefor and shall have had two days' opportunity within which to submit his written recommendation thereon, together with his reasons therefor, to the State House Commission.

15. A copy of every purchase requisition and of every detailed application and direct purchase order shall be served forthwith on the State Budget Commissioner.

16. In any case wherein it appears to the satisfaction of the Governor that any expenditure proposed to be made under any appropriation by any spending agency, is not in the best interests of the State, as in the case of extravagance, waste or mismanagement, then he shall be and hereby is authorized and empowered to prohibit and enjoin any such expenditure or any future expenditure under said appropriation and to prescribe the terms on which the same shall be made, if at all, by making and signing an order to that effect and serving it on the duly authorized request officer of such spending agency, and also serving a certified copy of such order on the Comptroller and the State Purchase Commissioner, whereupon said order shall immediately become operative. Upon such service, future expenditures under said appropriation shall be limited by the terms of said executive order. The Governor, in such cases, shall have power to make other and further orders as may be necessary or advisable in his discretion, which orders shall become operative upon such service.

17. The State Budget Commissioner shall prepare and publish a document to be known as Record of the Budget. Such report shall be published on or before October first of each year, setting forth a summary of the transactions in connection with the budget for the completed previous year, the status of the State debt, a summary of the dedicated funds and their dispositions for such budget period, together with such other statistical and other information which the State Budget Commissioner, under the direction of the Governor, may determine will be of value in order to fully present the financial and statistical
transactions of the several offices, boards, departments and agencies of the State.

18. (a) The State Highway Commission shall, on or before the first day of December in each year, submit to the Governor a report of the work and operations and financial condition of the department for the year (projecting same to December 31st), including itemized report of county and township aid allotments, in such form and in such detail as the Governor shall require.

(b) On or before the first day of December of each year the State Highway Commission shall submit to the Governor, in connection with its report for the then current year, a schedule of the estimated anticipated revenues available for highway purposes during the ensuing calendar year. The several items of dedicated revenues which are committed to the State Highway fund, together with the funds to be made available through the sale of bonds and all unappropriated balances shall be tabulated and shown as the total resources for the support of the Highway Department schedule and program for the ensuing calendar year.

(c) On or before the first day of December of each year the State Highway Commission shall submit to the Governor the schedule and program for which they propose to expend or use such funds for the ensuing calendar year, according to purposes, routes and sections of routes. Such program may include projects that may be substituted for other projects included in the program should it be found impossible or impractical to construct or carry on any one or more of the projects in the program.

(d) The Governor shall review the schedule of anticipated revenues and program as provided in subsections (b) and (c) hereof, and upon his approval, such program shall be the established program for the State Highway work and contribution for the ensuing calendar year, and shall control the administration of such funds. Should the State Highway Commission find it impossible or impractical to fulfill the obligations of its construction program, the Commission shall submit to the Governor such changes or amendments with the corresponding
reapportionment of such funds, which, upon the approval of the Governor, shall become the amended program for the year.

(e) The State Highway Commission shall make a report to the Governor quarterly, and at such other times as the Governor may direct, as to the progress of its work in connection with the program as adopted and upon any project carried over from the preceding year, together with the condition of its revenues and finances all in such detail as the Governor may direct.

(f) On or before December tenth of each year the State Highway Commission shall notify the clerk of the Board of Chosen Freeholders of each county as to the amount of county and township and borough aid which has been set up for the county and each municipality within the county applicable to the ensuing calendar year.

(g) The Governor shall include a synopsis of the Highway Commission’s revenues and the schedule and program, as approved for the calendar year in his budget message.

19. The Governor is hereby authorized to inquire into and investigate the operations and administration of any department, board, commission, office or State agency, including such departments or agencies as operate on fees or fines collected by them, and any county or municipal corporation as to the expenditure and administration of State aid road or highway funds, but excluding any political subdivision of the State as to receipt or disbursement of other funds herein designated as dedicated funds, and all departments, boards, commissions, offices or State agencies which in any way collect funds on behalf of the State other than State taxes, and for such purpose, may employ such agents or agencies as he may deem proper. The Governor or such other person as the Governor shall appoint shall have power to administer oaths, examine witnesses, and shall have the same power as the Court of Common Pleas to issue subpoenas to compel the attendance of witnesses and the production of all necessary reports, books, papers, documents, correspondence, and other evidence, at any designated place of hearing. Such subpoenas shall be authenticated by the
signature of the Governor. Misconduct on the part of any person attending a hearing, or the failure of any witness, when duly subpoenaed to attend, give testimony or produce any records shall be punishable by the Court of Common Pleas in the same manner as such failure is punishable by such court in a case therein pending. Any person who, having been sworn or affirmed as a witness in any such proceeding, shall willfully give false testimony, shall be guilty of perjury. The fees for the attendance of witnesses shall be such as are now provided for the attendance of witnesses in civil cases.

20. All files and other records of the State Budget Commissioner shall be available at any time for the inspection and examination of any members of the Legislature and any committee thereof and to the newly elected incoming Governor and to any nominee designated by him.

21. This act shall be liberally construed, and if any section thereof shall be declared unconstitutional by any court of competent jurisdiction, it shall not thereby affect any other section thereof.

22. Chapter fifteen, laws of one thousand nine hundred and sixteen, being an act entitled "An act to provide a budget system and to provide a method of ascertaining the financial condition of the State and the appropriations necessary for the various departments, institutions and other agencies of the State," approved March first, nineteen hundred and sixteen, and any and all supplements thereto and amendments thereof, and all acts and parts of acts inconsistent with this act are hereby repealed.

CHAPTER 143.

An Act to regulate boxing, wrestling and sparring exhibitions and performances and levying a tax thereon.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. There shall hereafter be a State Athletic Commissioner, who shall be appointed by the Governor and confirmed by the Senate, to hold office for the term of five years from the date of such appointment and until his successor is appointed and qualified. He shall be paid a salary at the rate of five thousand dollars per annum and shall devote his entire time to the performance of his duties hereunder. He shall be removable from office by the Governor of this State, after a hearing, for cause. He shall have and exercise sole direction, management, control of and supervision over, all boxing, wrestling and sparring exhibitions and performances held within this State, and may, from time to time, make and enforce such rules and regulations not inconsistent herewith as he shall deem necessary or proper for the holding of the same, and for the effective administration of this act, and prescribe and enforce penalties for a violation thereof, which rules and regulations shall be published; provided, however, that the term of the first State Athletic Commissioner under the provisions of this act shall expire February twentieth, nineteen hundred and thirty-two, and he shall receive no salary but need not devote his entire time to the performance of his duties hereunder.

2. Subject to appropriation therefor, the State Athletic Commissioner shall have the assistance of a chief inspector at a salary at the rate of three thousand dollars per annum, and such referees, inspectors, other officials and clerical help as he shall deem necessary in order to effectively administer the provisions of this act. Referees and inspectors hereunder shall be citizens of the United States. The State Athletic Commissioner may appoint,
and, at his pleasure, remove all or any of the same. Such appointees, other than said chief inspector and referees shall be paid out of the State treasury, subject to appropriation therefor, reasonable compensation for their services hereunder, which, in the case of inspectors, is hereby fixed at ten dollars per day for services rendered. Traveling and other expenses of the State Athletic Commissioner and his said appointees incurred in the administration of this act, excepting referees, shall, upon presentation of duly verified bills therefor, in the case of said appointees with approval endorsed thereon by the State Athletic Commissioner, and subject to appropriation made therefor, be paid out of the State treasury. The referees shall be paid reasonable compensation for their services hereunder, and their reasonable traveling and other expenses incurred in the administration of this act by the licensee hereunder to which the particular referees are assigned. None of said appointees shall be subject to any of the provisions of chapter one hundred and fifty-six of the Laws of nineteen hundred and eight and the amendments thereof and supplements thereto.

3. No person, firm, club, corporation or association shall hold any boxing, wrestling or sparring exhibition or performance within this State, except by virtue of a license to hold boxing, wrestling and sparring exhibitions and performances first had and obtained from the State Athletic Commissioner. The commissioner may, in his discretion, issue to any applicant therefor a license to hold, subject to the provisions of this act and rules and regulations hereunder, boxing, wrestling and sparring exhibitions and performances, which license shall be for a period of one year, unless sooner revoked for cause, after a hearing, and boxing, wrestling and sparring exhibitions and performances may thereupon be held pursuant to such license. No boxing, wrestling or sparring exhibition or performance shall be held unless the person, firm, club, corporation or association holding the same, in addition to having a license hereunder, shall obtain from the State Athletic Commissioner, at least ten days prior to the date of said proposed exhibition or performance, a permit in writing to hold same. The State
Athletic Commissioner, or any agent designated by him, may make investigations, and the State Athletic Commissioner may hold hearings, issue subpœnas to compel the attendance of witnesses and the production before him of books, papers and records, administer oaths to witnesses before him, and examine any and all persons as witnesses for the purpose of determining any and all questions coming before him under this act or under rules and regulations adopted pursuant thereto, and any person wilfully failing to obey such subpœna and to truthfully answer such questions as may be asked of him by the State Athletic Commissioner shall, in addition to any other penalties which may be prescribed by law, be liable to a penalty of one hundred dollars; provided, however, that no witness shall be compelled to answer any question which will incriminate him. Any penalty recoverable under this act shall be payable into the State treasury, and shall be recovered in an action of debt in the name of the State Athletic Commissioner, to be prosecuted by the Attorney-General. The State Athletic Commissioner shall have and exercise the power of disciplining any and all principals, managers, seconds, promoters, match makers and participants, in any boxing, wrestling or sparring exhibitions or performances who shall violate any of the provisions of this act or rules or regulations made pursuant hereto, which discipline may take the form of revocation or suspension of a license held by a licensee connected with such violation for all or any part of the unexpired portion hereof, and of a refusal to renew a license held by any such licensee.

4. Every person, firm, club, corporation or association which shall hold any boxing, wrestling or sparring exhibition or performance shall, within twenty-four hours after the conclusion thereof, furnish to the State Athletic Commissioner at such place as he may prescribe, a duly verified written report, of the exact amount of tickets sold for such exhibition or performance, the amount of the gross proceeds thereof, and such other matters as the State Athletic Commissioner may prescribe, and shall also, within the said time, pay to the State Athletic Commissioner, at such place as he may prescribe, a tax of
ten per centum (10%) of the total gross receipts from the sale of tickets of admission to such exhibition or performance. The State Athletic Commissioner shall forthwith pay said tax into the State treasury.

5. Every application for a license under this act shall be duly verified and in writing, and, in the case of a corporation or association, signed by its president and attested by its secretary, shall set forth such information as the State Athletic Commissioner shall, by rule, prescribe, and shall be filed with the State Athletic Commissioner at least one week before it is acted upon. Such applicant shall execute, and file with the State Athletic Commissioner, a bond to the State of New Jersey in the penal sum of five thousand dollars in a form and with sureties thereon satisfactory to the State Athletic Commissioner, which bond shall be conditioned for the payment of the tax imposed by this act. No license shall be granted hereunder unless and until such bond in connection therewith has been so filed and approved.

6. Every person, firm, club, corporation or association holding any boxing, wrestling or sparring exhibition or performance shall, at least two weeks before the holding of the same, notify the State Athletic Commissioner, in such form, with such detailed information, and at such place, as he may prescribe, of the proposed holding of the same, and for failure so to do shall be liable to a penalty of one hundred dollars, besides other disciplinary action hereunder. The State Athletic Commissioner shall determine the total amount of gross receipts from any such exhibition or performance and the amount of tax due hereunder, and to that end may examine or cause to be examined the books and records of any person, firm, club, corporation or association holding any boxing, wrestling or sparring exhibition or performance, and may hold hearings as hereinbefore provided. The finding and determination of the State Athletic Commissioner as to the amount of such tax shall be deemed and taken prima facie to be correct in all matters and proceedings in which the same may be called into question. Should any person, firm, club, corporation or association being liable for the tax hereby imposed, fail to pay the
same, an action therefor may be maintained in any court of competent jurisdiction, in the name of the State Athletic Commissioner to be prosecuted by the Attorney General, in addition to any remedies given by the bond filed in accordance with this act, conditioned for the payment of the said tax, which actions and remedies may be pursued simultaneously or in any other order which the State Athletic Commissioner may see fit.

7. Every State Athletic Commissioner, before entering upon the discharge of his duties hereunder, shall execute and file with the State Treasurer a bond to the State of New Jersey in the penal sum of twenty-five thousand dollars, approved as to form and the sufficiency of the sureties thereon by the State Treasurer, which bond shall be conditioned for the faithful discharge by him of the duties hereby imposed, and which may hereafter be imposed, upon the State Athletic Commissioner, and shall make, and file with the Secretary of State, a written oath that he will faithfully, diligently and impartially discharge the duties of his office to the best of his skill and ability, which oath may be administered by any person authorized to take an oath to affidavits in this State. He shall keep a full, true and correct record of all his official acts and proceedings hereunder, shall keep accurate and true accounts of the receipt and disposition of funds hereunder, all of which shall be open to the inspection and audit of the Comptroller, and shall make true and accurate reports as required by law or by the Comptroller.

8. All buildings or structures or parts thereof used or intended to be used, for the holding of boxing, wrestling or sparring exhibitions or performances shall be properly ventilated and provided with fire exits and fire escapes in conformance with the laws, ordinances and regulations pertaining to such buildings in the city, town, township, village or borough where situated.

9. Any person, firm, club, corporation or association which shall sell, or cause to be sold, more tickets or invitations for any boxing, wrestling or sparring exhibition or performance than the seating capacity of the building, structure, or part thereof, actually used for such
exhibition or performance, shall, for a first offence, be subject to a penalty of three hundred dollars, and for the second offence, to a penalty of five hundred dollars and shall forfeit his, her, their or its license hereunder and shall be thereby disqualified from receiving any new license or any renewal of license.

10. The fee for admission to and seating at any boxing, wrestling or sparring exhibition or performance shall be published by the licensee holding the same in at least one newspaper circulating in the municipality wherein the license operates for at least two days prior to the holding thereof. No licensee shall exact or charge a greater fee than that advertised, and in no event, greater than the sum of fifteen dollars; provided, however, that a fee may be fixed at more than the limit herein prescribed by the State Athletic Commissioner wherever in his judgment such boxing, wrestling or sparring exhibition may warrant such greater fee and in that event the State Athletic Commissioner shall in writing fix the fees that may be charged for such exhibition or performance. A violation of this section shall subject the licensee to a forfeiture of his, her, their or its license and to a penalty of five hundred dollars.

11. No boxing, wrestling or sparring exhibition or performance shall be of more than fifteen rounds in length and the contestants shall wear during such contests gloves weighing at least eight ounces each, and no decision shall be given in any such contest except in any contest in which the title of the division, class or grade to which the contestants belong shall be subject to being won, or in the event of a contest being held which in the judgment of the State Athletic Commissioner should be a decision contest; in any decision contest under this act such decision shall be rendered by the referee immediately upon the conclusion of the contest.

12. Any person, firm, club, corporation or association violating any of the provisions of this act for which no specific penalty is provided, or in any way aiding, abetting or assisting in such violation, shall be liable to a penalty of one hundred dollars.
13. An act entitled "An act creating a State Athletic Commissioner for the regulation of boxing, wrestling and sparring exhibitions and performances and defining its powers and duties," approved March fourth, one thousand nine hundred and eighteen, as the title of said act was amended by act of March nineteenth, nineteen hundred and twenty, and all acts amendatory thereof, or supplementary thereto, and all other acts or parts of acts inconsistent herewith are hereby repealed.

Provided, however, all persons in possession of books, records, documents, bonds, furniture or equipment under and by virtue of said repealed act shall deliver the same to the first State Athletic Commissioner who shall be appointed and who shall qualify under this act.

Provided, further, all rights and powers of, or to be exercised for the benefit of, the State of New Jersey which have heretofore accrued under and by virtue of said repealed act, shall, nevertheless, continue in full force and effect and the exercise of such of the foregoing rights and powers as are to be exercised by the State Athletic Commissioner, the State Athletic Commission, the Comptroller, or any of them, under and by virtue of said repealed act is hereby transferred to and vested in the State Athletic Commissioner established by this act.

14. If any section, part or provision of this act be questioned in any court and held to be unconstitutional or invalid, such decision shall in no way affect any other section, part or provision of this act.

15. This act shall take effect immediately.

Such statement shall develop fully the financial ability, adequacy of plant and equipment, organization and prior experience of the prospective bidder, and also such other pertinent and material facts as may seem desirable.

2. Such State officials shall classify all such prospective bidders as to the character and amount of public work on which such persons shall be qualified to submit bids, and bids shall be accepted only from persons qualified in accordance with such classification. Such classification shall be made and an immediate notice thereof shall be sent to the prospective bidder or bidders by registered mail within a period of eight days after the date of receipt of the statement in response to the questionnaire.

3. Any person after being notified of his classification by any State official and being dissatisfied therewith or with the classification of other bidders, may request in writing a hearing before such State official, and may present such further evidence with respect to the financial responsibility, organization, plant and equipment, or experience of himself or other bidders as might tend to

justifying a different classification. Where request is made for the change of classification of another bidder, the applicant shall notify such bidder by registered mail of the time and place of hearing, and at the hearing shall present to the State official satisfactory evidence to the effect that such notice was served as herein required, before any matters pertaining to a change of classification of such bidder shall be taken up by such State official. After hearing the additional evidence, the State official may, in his discretion, by appropriate ruling, change or retain the classification of any bidder. No change in classification to be effective for any public work, the letting of which has been duly advertised, shall be made unless a written request as aforesaid shall have been received at least twenty days preceding the final day for submission of bids. All such requests for change in classification and notice of any action sent by registered mail to the parties directly affected, must be acted upon by the State official concerned at least twelve days prior to the date fixed for the next opening of bids on any contract or contracts for which such persons might be qualified to bid as a result of such re-classification.

4. There is hereby established a board of review upon classification and re-classification of bidders. This board shall consist of the State official concerned, or one member of any board, commission, committee, department or other branch of the State Government concerned, such member to be designated by the board, commission, committee, department or other branch of the State Government concerned, the Attorney General or one of his assistants or deputies designated by him, and the Secretary of State or one of his assistants or deputies designated by him. original classification, if notice of such classification shall have been sent to him not less than twelve nor more than twenty days prior to the letting of a contract or contracts for which such person might be qualified to bid as reclassified, he may, upon receipt of notice of such ruling or classification, request in writing a hearing of the matter before the board of review, such request to be filed with the awarding official and the secretary of the board of review. The board of review shall hold a hearing at which such prospective bidder shall be entitled to be heard and to submit any additional information to the board upon the matters and subjects covered by the questionnaire. The board shall be required to review the responsibility of all prospective bidders who have filed such statements, considering both the statement and any additional information given at the hearing, and shall certify to the State official concerned its decision, changing or retaining the classification made by the awarding official. The decision of a majority of the board shall be considered the decision of the board.

Requests under this section may only be made after hearing as provided in section four before the State official concerned, except as hereinbefore expressly provided; and in order for any change in classification by the board to be effective for public work already advertised, such request must be filed not less than ten days prior to the final day for submission of bids, and said board shall hold a hearing and act upon said request not less than three days prior to the date fixed for the next opening of bids on any contract or contracts for which such persons might be qualified to bid as a result of such reclassification.

6. Nothing herein contained shall be construed as depriving any State official of the right to reject any bidder at any time prior to the actual award of a contract, where there have been developments subsequent to the qualification and classification of any such bidder or bidders, which in the opinion of the awarding official would affect the responsibility of such bidder or bidders. Before taking final action on any such bid, the State official concerned shall notify the bidder and give
such person an opportunity to present any additional information which might tend to substantiate the existing classification. No person shall be qualified to bid on any contract, who shall not have submitted a statement as required by section two hereof within a period of six months preceding the date of opening of bids for such contract.

7. Any person who makes, or causes to be made, any false, deceptive or fraudulent statement in the questionnaire required to be submitted, or in the course of any hearing under this act, shall be guilty of a misdemeanor, and upon conviction shall be sentenced to pay a fine of not less than one hundred dollars ($100.00), nor more than one thousand dollars ($1,000.00), and shall be permanently disqualified from bidding on all public work of the State of New Jersey; or, in the case of an individual or the officer or employee charged with the duty of making such questionnaire for a person, firm, copartnership, association or corporation, to pay such fine or undergo imprisonment, not exceeding six months, or both.

8. Awarding officials shall cause the forfeiture as liquidated damages to the State of any certified check or checks, or certificate or certificates of deposit deposited by any person who makes or causes to be made any false, deceptive or fraudulent statement in the questionnaire required to be submitted, or in the course of any hearing under this act.

9. (2) When, subject to the limit of $5,000 for any one person so injured or killed, the sum of $10,000 has been credited upon any judgment or judgments rendered in excess of that amount for personal injury to or the death of more than one person as the result of any one accident; or

(3) When $1,000 has been credited upon any judgment or judgments rendered in excess of that amount for damage to property as the result of any one accident; resulting from the ownership, maintenance, use or operation of a motor vehicle, then and in such event, such payment or payments shall be deemed a satisfaction of such judgment or judgments for the purposes of this Section only.
And provided further, that a judgment debtor to whom this section applies may, for the sole purpose of giving authority to the commissioner to authorize the judgment debtor to operate a motor vehicle thereafter, on due notice to the judgment creditor, apply to the court in which the trial judgment was obtained for the privilege of paying such judgment in installments, and the court, in its discretion and without prejudice to any other legal remedies which the judgment creditor may have, may so order, fixing the amounts and times of payment of the installments. While the judgment debtor is not in default in payment of such installments, the commissioner, upon his giving proof of ability to respond in damages for future accidents, as hereinbefore provided, may, in his discretion, restore or refrain from suspending his license and/or registration certificate or certificates; but such license and/or certificate or certificates shall be suspended as hereinbefore provided if and when the commissioner is satisfied that the judgment debtor has failed to comply with the terms of the court order.

If any such motor vehicle owner or operator shall not be a resident of this State, the privilege of operating any motor vehicle in this State and the privilege of operation within the State of any motor vehicle owned by him shall be withdrawn while any final judgment against him as aforesaid, shall be unstayed, unsatisfied and subsisting for more than thirty (30) days, as aforesaid, and shall not be renewed, nor shall any operator's or chauffeur's license be issued to him or any motor vehicle registered in his name until every such judgment shall be stayed, satisfied or discharged as herein provided, and until such person shall have given proof of his ability to respond in damages for future accidents, as required in this act.

2. Section two of the act be and the same is hereby amended to read as follows:

Such bond shall constitute a lien in favor of the State upon the real estate of any surety, which lien shall exist in favor of any holder of a judgment on account of damage caused by the operation of such person's motor vehicle, upon the filing of notice to that effect by the commissioner in the clerk's office in such county where such real estate shall be located. Such proof of financial responsibility may also be a deposit by such person with the commissioner of a sum of money or collateral, the amount of which money or collateral shall be $11,000.00 and collateral shall be determined by and shall be satisfactory to said commissioner. Whenever any agent of an insurance company shall certify to evidence of the insuring of any person, from whom proof of financial responsibility shall have been required, by the company for which he is authorized to solicit, negotiate or effect contracts of insurance, such company shall notify the commissioner of the expiration of the policy referred to in such certificate at least ten days before the effective date of such expiration and shall promptly notify the commissioner of the renewal of any such policy of insurance. Additional evidence of financial responsibility shall be furnished the commissioner at any time upon his request therefor.

3. Section ten of the act be and the same is hereby amended to read as follows:

10. Where a policy of insurance shall be furnished as provided herein such policy shall be taken to mean a policy of liability insurance issued by an insurance carrier authorized to transact business in this State to the person therein named as insured, or in the case of a non-
resident, by an insurance carrier authorized to transact business in any of the several States or Provinces as hereinafter set forth, which policy shall designate, by explicit description or by appropriate reference, all motor vehicles with respect to which coverage is intended to be granted by said policy, and shall insure the insured named therein and any other person using or responsible for the use of any such motor vehicle with the consent, express or implied, of such insured, against loss from the liability imposed upon such insured by law or upon such other person for injury to or death of any person, other than such person or persons as may be covered, as respects such injury or death by any workmen's compensation law or damage to property except property of others in charge of the insured or the insured's employees growing out of the maintenance, use or operation of any such motor vehicle in the United States of America; or which policy shall, in the alternative, insure the person therein named as insured against loss from the liability imposed by law upon such insured for injury to or death of any person, other than such person or persons as may be covered as respects such injury or death by any workmen's compensation law, or damage to property, except property of others in charge of the insured or the insured's employees, growing out of the operation or use by such insured of any motor vehicle, except a motor vehicle registered in the name of such insured, and occurring while such insured is personally in control, as driver or occupant, of such motor vehicle within the United States of America to the amount or limit of $5,000, exclusive of interest and costs, on account of injury to or death of any one person, and, subject to the same limit as respects injury to or death of one person, of $10,000, exclusive of interest and costs, on account of any one accident resulting in injury to or death of more than one person; and of $1,000 for damage to property of others, as herein provided, resulting from any one accident; or a binder pending the issuance of any such policy, or an endorsement to an existing policy as hereinafter provided; provided, that this section shall not be

construed as preventing any such insurance carrier from granting any lawful coverage in excess of or in addition to the coverage herein provided for, nor from embodying in such policy any agreements, provisions or stipulations not contrary to the provisions of this act and not otherwise contrary to the law; and provided further, however, that separate concurrent policies covering, respectively, (a) personal injury or death, as aforesaid, and (b) property damage, as aforesaid, shall be considered a “policy of liability insurance,” within the meaning of this act. In the case of a nonresident, a policy, as aforesaid, of an insurance carrier authorized to transact business in the State or Province in which the motor vehicle or motor vehicles described in such certificate is registered, or if none be described, then in the State or Province in which the insured resides, shall be considered sufficient within the meaning of this act, if such carrier shall (a) execute a power of attorney authorizing the Commissioner of Motor Vehicles to accept service of notice or process in any action arising out of a motor vehicle accident in this State, and (b) its governing executive authority shall duly adopt a resolution providing that its policies shall be deemed to be varied to comply with the law of this State relating to the terms of motor vehicle liability policies issued therein, and (c) agree to accept as final and binding any final judgment duly rendered in any action arising out of a motor vehicle accident in any court of competent jurisdiction in this State; provided, however, that the provisions of this Section shall be operative as to such insurance carriers (organized and existing under the laws of such State or Province and not licensed to transact business in this State) only to the extent and under the same terms and conditions that under the laws of such State or Province where such motor vehicle is registered or in which the insured resides, like recognition, if a law of like effect is in force and effect, is granted to certificates of insurance carriers organized and existing under and by virtue of the laws of this State. If, under the laws of such State or Province, in which a law of like effect is in force and effect, certifi-
cates of insurance carriers organized and existing under or by virtue of the laws of this State are not accepted, the certificates of insurance carriers of such State or Province shall not be accepted under the provisions of this act.

No motor vehicle liability policy shall be issued or delivered in this State until a copy of the form of policy shall have been on file with the Commissioner of Insurance for at least thirty days, unless sooner approved in writing by the Commissioner of Insurance nor if within said period of thirty days the Commissioner of Insurance shall have notified the carrier in writing that, in his opinion, specifying the reasons therefor, the form of policy does not comply with the laws of the State. The Commissioner of Insurance shall approve any form of policy which discloses the name, address and business of the insured, the coverage afforded by such policy, the premium charged therefor, the policy period, the limit of liability and the agreement that the insurance thereunder is provided in accordance with the coverage defined in this section and is subject to all of the provisions of this act.

Such motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:

(a). The liability of any company under a motor vehicle liability policy shall become absolute whenever loss or damage covered by said policy occurs and the satisfaction by the insured of a final judgment of such loss or damage shall not be a condition precedent to the right or duty of the carrier to make payment on account of such loss or damage. No such policy shall be cancelled or annulled as respects any loss or damage by any agreement between the carrier and the insured after the said insured has become responsible for such loss or damage and any such cancellation or annulment shall be void. The said inspectors shall be chosen with special reference to their fitness for the work, and shall be required to submit themselves to such an examination, as may be required by the Board of Civil Service Commissioners, and shall be equipped at his discretion with automobiles and other means of conveyance. The Commissioner of Motor Vehicles may detail one or more of the inspectors to act as deputy chief inspectors. The compensation of these inspectors shall be classified and fixed by the Board of Civil Service Commissioners. The Commissioner of Motor Vehicles shall have power to appoint any number of citizens who shall be interested in the proper enforcement of this act, and who shall be known as special inspectors. (2) The Commissioner of Motor Vehicles shall keep a record of all his official acts, and shall preserve copies of all decisions, rules, and orders made by him, and shall adopt an official seal. Copies of any act, rule, or order, or decision made by him, and of any paper or papers filed in his office may be authenticated under said seal, at a cost not to exceed one dollar and fifty cents ($1.50) for each authentication, and when so authenticated, shall be evidence equally with and in like manner as the originals, and said commissioner shall be empowered to communicate with the police departments and police officers in the State for the purpose of and with the object of the proper enforcement of this act.

enforcement of the provisions of this act and for the
detection and arrest of those who violate or infringe
upon the provisions hereof. All inspectors and officers
appointed under this act are hereby given authority to
regulate all traffic on the public streets and highways,
and are hereby given explicit powers to enforce all laws
regulating traffic or governing the equipment of vehicles
on the public streets and highways of this State. Nothing
in this act shall be construed to give such inspectors or
officers any authority over street railways or railroads
operated as street railways; provided, however, such
authority and regulation shall not supersede but shall be
in addition to the authority and regulation exercised and
authorized by local police departments in any munici-
pality.

3. Section seven of the act to which this act is an
amendment be and the same is hereby amended to read
as follows:

7. (1) Brakes. Every motor vehicle operated in or
upon any public highway in this State shall be equipped
with brakes adequate to control the movement of and to
stop such vehicle. Every automobile so operated shall
be equipped with at least two braking systems, with two
separate means of application, each operating on at least
two wheels and each of which shall suffice to stop the
vehicle within a proper distance. If these two systems
are connected in any way, or have any parts in common,
they shall be so constructed that the cutting in two of
any one element of the operating mechanism shall not
leave the automobile without brakes on at least two
wheels; one of these systems shall be so constructed that
it can be set to hold the vehicle. All such brakes shall
be maintained in good working order and shall conform
to regulations not inconsistent with this act to be pro-
mulgated by the Commissioner of Motor Vehicles.

(2) Signaling Device. Every motor vehicle must be
equipped with a horn or signaling device, and the oper-
ator of the same shall give reasonable warning of his
approach whenever necessary to insure the safety of other users of the highway, and before passing any vehicle he may overtake, or pedestrian using any part of the highway other than the sidewalk, also at curves and intersecting highways, where the view of approaching vehicles is obscured; but the horn, bell, or other signaling device shall not be sounded unnecessarily.

(3) Lights. Every motor vehicle on a public highway, during the period from one-half hour after sunset to one-half hour before sunrise and at such other times when substantial objects are not clearly discernible from a distance of three hundred (300) feet, shall carry at the front thereof at least two lighted lamps symmetrically mounted and of equal candlepower, and at the rear thereof a red light visible from the rear, which rear light shall also illuminate the number plate carried on the rear of such vehicle in such a manner so as to render the numerals thereof visible from a distance of at least fifty (50) feet; provided, however, a motorcycle without a side car need not carry more than one lighted lamp at the front; and provided, however, a motor-drawn vehicle, as defined in this act, need not carry any lighted lamps at the front. No motor vehicle shall be operated upon a public highway which is equipped with lamps which, when lighted, project beams at a greater height than forty-two inches from the road surface at a distance of seventy-five feet or greater from the point of projection; and provided, further, that the use of "spotlights" for driving purposes is prohibited, and that the use of such "spotlights" is hereby confined to reading of highway signs and house numbers.

In order that this section may be operative in such a manner as to promote safety and the conservation of life and property, the Commissioner of Motor Vehicles is hereby authorized to promulgate from time to time any regulations pertaining to lights on motor vehicles and motor-drawn vehicles which in his discretion are necessary. Such regulations shall become effective thirty days after their promulgation over the hand and seal of the Commissioner of Motor Vehicles and the said commissioner is hereby empowered to revoke, change, or
modify at his discretion upon thirty days' notice any regulations or any portion or portions of such regulations. The Commissioner of Motor Vehicles is authorized to require and regulate the use of lights, lamps, reflex reflectors or any other means of visible indication and further to regulate the number of such lights, lamps, or reflex reflectors, their intensity, visibility, color, size, shape, optical characteristics, position, their illumination of number plates, or any other details not inconsistent with this section, and the Commissioner is further authorized to require the approval by him of any lights, lamps, reflex reflectors or other means of visible indication, or direction signals, upon motor vehicles before such devices shall be authorized under this section and he may promulgate reasonable specifications and require the submission of a suitable laboratory report and samples for testing purposes, and may charge a reasonable fee for such approvals, submissions and tests; and moneys received as above shall be paid over to the Treasurer of the State of New Jersey to be used as hereinafter provided in section thirty-six of this act; provided, further, however, that the commissioner may revoke for cause and after hearing any certificate of approval that may be issued under this section.

No motor vehicle shall hereafter be in the custody of or operated by any person on a public highway unless such vehicle is equipped in accordance with the regulations made pursuant to this section; and provided, further, that all motor vehicles shall be equipped with one or more spare lamps or lamp-bulbs of a suitable type to make replacements, and if a person, who is apprehended because of a burned-out or defective lamp, is able to make a replacement or repair when and where apprehended, it shall be prima facie evidence of such person's intent to comply with this section, and no complaint shall be made against such person.

The Commissioner of Motor Vehicles shall cause to be printed a pamphlet or compendium containing this section, and any regulations promulgated pursuant thereto and such pamphlet or compendium shall be made generally available.
(4) Mufflers. Every motor vehicle shall have, and every driver of such motor vehicle shall use, devices to prevent excessive noise, annoying smoke, and the escape of gases and steam, as well as the falling out of embers or residue from the fuel, and all exhaust pipes carrying exhaust gases from the engine shall be directed parallel to the ground or slightly upward. Devices known as "muffler cut-outs" shall not be used within the State of New Jersey.

(5) Mirrors. Any motor vehicle that is so constructed or covered as to prevent the operator thereof from having a sufficient view of the traffic following and at the sides of such vehicles shall be equipped with a mirror or some device that will show the driver the road to the rear and the road to the side.

(6) Chains. Motor vehicle tires may be fitted with chains when roads, streets, and highways are slippery, because of rain, snow, ice, oil, or manner of construction; provided, however, that no chains shall be used at any time on the improved highways when their condition does not make such use necessary for the safety of life or property.

(7) Windshield cleaner. Every automobile operated on a public highway with a windshield shall be equipped with a windshield cleaner in good working order.

4. Section eight of the act to which this act is an amendment be and the same is hereby amended to read as follows:

8. (1) The Commissioner of Motor Vehicles shall be authorized, and full power and authority are hereby given to him, to license at his discretion, and upon payment of the lawful fee, any proper person of the age of seventeen years or over to be a motor vehicle driver, said commissioner or his inspectors having first examined said person, being satisfied of his or her ability as an operator, which examination shall include a test of the knowledge on the part of said person of such portions of the mechanism of motor vehicles as is necessary, in order to insure the safe operation of a vehicle of the kind or kinds indicated by the applicant, and of the laws and ordinary usages of the road, and the said
applicant having demonstrated his or her ability to operate a vehicle of the class designated; and the said Commissioner of Motor Vehicles may, in his discretion, refuse to grant a license to drive motor vehicles to any person, who shall, in the estimation of said commissioner, be an improper person to be granted such a license, provided, however, that no physical defect of the applicant shall debar him or her from receiving a license unless it can be shown by common experience that such defect incapacitates him or her from safely operating a motor vehicle.

(2) It shall be lawful for the commissioner to license an applicant possessing physical defects on condition that an artificial appliance or appliances specified by the commissioner in the license granted to such applicant shall always be used during the operation of a motor vehicle. If a person to whom such a conditional license shall have been granted shall, while operating any motor vehicle, fail to use such artificial appliance or appliances as may be specified by the commissioner in the license so granted, he or she shall be subject to a fine of not exceeding one hundred dollars ($100.00) for each offense.

5. Section nine of the act to which this act is an amendment be and the same is hereby amended to read as follows:

9. (1) Every resident of this State, and every non-resident whose automobile or motorcycle shall be driven in this State except as hereinafter provided, shall, before using such vehicle on the public highways, register the same, and no motor vehicle or motorcycle shall be driven unless so registered. Every registration shall expire and the certificate thereof become void on the thirty-first day of December of each year; and the Commissioner of Motor Vehicles shall issue registrations and licenses for the following year on and after November first of each year, such registration or license so issued not to be used until the fifteenth day of December of the year preceding the year for which such license is issued.

(2) Such registration shall be made in the following manner: A statement in writing shall be made to the
356

CHAPTER 171, LAWS OF 1931

Commissioner of Motor Vehicles or his lawful agent, containing the name and address of such owner, together with a description of the character of such motor vehicle or motorcycle, including the name of the maker and the manufacturer's number and the motor number. Such statement shall be submitted on forms prepared by the Commissioner of Motor Vehicles and shall be sworn to by the applicant before anyone authorized to take acknowledgments. Thereupon the said commissioner shall have power to grant a registration certificate to the owner of any motor vehicle, application for the registration having properly been made and the fee therefore paid, and the vehicle being of a type that complies with the requirements of this act; but it shall be lawful for the Commissioner of Motor Vehicles to refuse registrations to any vehicle that in his estimation is not a proper vehicle to be used upon public roads and highways of this State.

(3) The holder of any registration certificate or the operator of any motor vehicle or motorcycle for which a registration certificate has been issued, whether the said holder or operator be a resident of the State of New Jersey or a nonresident, when requested so to do by any motor vehicle inspector, police officer, or magistrate, shall exhibit said registration certificate, in order that such motor vehicle inspector, police officer, or magistrate may thereby determine the correctness of the said certificate, as the same relates to the registration number of the automobile or the motorcycle for which the said certificate was issued.

(4) Each owner having a residence outside of the State shall file with the Commissioner of Motor Vehicles a duly executed instrument, constituting the Commissioner of Motor Vehicles and his successors in office the true and lawful attorney upon whom all original process in any action or legal proceeding caused by the operation of his registered motor vehicle or motorcycle, within this State, against such owner may be served, and therein shall agree that any original process against such owner shall be the same force and effect as if served on such owner within this State; the service of such process shall be made by leaving a copy of the same in the office of
the Commissioner of Motor Vehicles, with a service fee of two dollars to be taxed on the plaintiff's costs of suit. Said Commissioner of Motor Vehicles shall forthwith notify such owner of such service by registered letter directed to him at the post office address stated in his application.

6. Section ten of the act to which this act is an amendment be and the same is hereby amended to read as follows:

10. (1) No person shall hereafter drive an automobile or motorcycle upon any public highway in this State unless licensed to do so in accordance with the provisions of this act. No person under the age of seventeen years shall be licensed to drive automobiles or motorcycles, nor shall any person be licensed to drive automobiles or motorcycles until said person shall have passed a satisfactory examination as to his ability as an operator, which examination shall include a test of the knowledge on the part of said person of such portions of the mechanism of automobiles or motorcycles as is necessary in order to insure the safe operation of a vehicle of the kind or kinds indicated by the applicant. Driver's license certificates shall expire on the thirty-first of December of each year. Said licensee shall be entitled to drive any registered automobile or motorcycle. The annual license fee to be charged shall be three dollars for drivers of motor vehicles and one dollar for operators of motorcycles.

(2) It shall be lawful for the Commissioner of Motor Vehicles, at his discretion, to issue to any person over seventeen years of age a written permit, under the hand and seal of said commissioner, allowing the said person, for the purpose of fitting himself to become a motor vehicle driver, or a motorcycle operator, to operate a motor vehicle or motorcycle for a specified period of not more than three weeks, while in the company and under the supervision of a licensed motor vehicle driver; and such a permit, under the hand and seal of the Commissioner of Motor Vehicles, shall be sufficient license for the said person to operate a motor vehicle or motorcycle in the State during the period specified, while in the company of and under the control of a licensed
motor vehicle driver of this State; and provided, further, that the said person, as well as such licensed motor vehicle driver, shall be held accountable for all violations of this act committed by the said person while in the presence of such licensed motor vehicle driver. 2. The chief officer of said department, to be denominated the State Purchase Commissioner, shall be appointed by the Governor, by and with the advice and consent of the Senate, to serve for the term of five years, and until his successor shall be appointed and qualified, unless sooner removed by the Governor for cause. Said commissioner shall receive compensation at the rate of seven thousand dollars per annum. He shall have had at least three years' practical experience, in the ten years immediately preceding his appointment, as an executive in a regularly organized purchasing department, either municipal, State, federal, or in that of a private business corporation. of chosen freeholders of each and every county as hereinafter provided. Said county welfare board shall elect from among its members a president, vice-president and secretary-treasurer. The director of old age relief appointed as herein provided shall not be a member of the board, and shall hold office for the term of five years or until appointment of his successor, unless sooner removed for cause, after due notice and hearing. Said county welfare board shall appoint such other officers, assistants and employees as may be necessary to carry out the provisions of this act. They shall fix the salaries of the director of old age relief and such officers, assistants and employees within the limits of the appropriation made therefor by the board of chosen freeholders, and such salaries shall be compensation in full for all services rendered. The director of old age relief, officers, assistants, and employees shall be subject to such rules and regulations in the discharge of their duties as may be provided by said county welfare board. All employees of the county welfare board shall hold their office or employment during good behavior, and may be removed upon written charges and after a hearing, due notice of which shall be given therefor by the county welfare board, for misconduct, neglect or incompetency.

5. Said county welfare board shall appoint, subject to the approval of the board of chosen freeholders, a director of old age relief, who shall have the qualifications as herein provided. The county adjuster when qualified may be appointed for this office, but when so appointed shall not serve as an ex-officio member of the county welfare board.

The director of welfare shall be the clerk of said bureau of old age relief and shall serve as such without additional compensation.

The director of old age relief shall be a citizen of the State and of the United States; such appointee shall be able to read and write the English language, and be capable of making and keeping such records and reports as are lawfully required of him, and shall have complete knowledge of the laws concerning old age relief and shall be a trained and qualified expert in the field of welfare service, with administrative experience therein; the
CHAPTER 219, LAWS OF 1931

Counties may appoint a deputy director of old age relief, who shall have resided in the State for at least one year, and have other like qualifications as those necessary to the appointment of directors of old age relief, and be under the direction of such director of old age relief, and be vested on approval of the county welfare board with the same power as a director of old age relief, in the distribution of relief, with like authority for the prosecution or defense in court proceedings as is now vested in a director of old age relief.

6. It shall be the duty of the county welfare board as the bureau of old age relief to provide adequately for those eligible for old age relief under the provisions of this act. The amount and nature of relief which any such person shall receive, and the manner of providing it, shall be determined by the county welfare board as the bureau of old age relief with due regard to the conditions existing in each case, in accordance with the rules and regulations made by the division of old age relief, but in no case shall it exceed the rate of one dollar a day. Whenever practicable relief may be granted in the form of cash or a check. The relief granted under this act shall be provided for the recipient in his own or some other suitable family home; provided, that the county in which such person has a legal settlement shall be chargeable for the relief provided for in this act, and be it further provided, that where it appears that the legal settlement of the applicant is in a county other than the one in which the application is made, it shall be referred to the county adjuster, who shall refer it to the county in which the legal settlement of the applicant appears to be, and the said county adjuster shall proceed in the same way and manner to obtain the consent of the said county to accept the chargeability for the said applicant for old age relief as is provided for in an act entitled "An act concerning the charitable, correctional, reformatory and penal institutions, boards and commissions, located and conducted in this State which are supported in whole or in part from county, municipal or State funds", approved February twenty-eight, one thousand nine hundred and eighteen, and the various amendments and supplements thereto. In the event, how-
ever, the said counties cannot agree as to the legal settlement of the said applicant, then it shall be referred to the court having jurisdiction in the county wherein the application was made for a judicial finding as to legal settlement in accordance with the procedure provided for in the said act aforementioned and the said judicial finding shall be binding upon both counties.

7. If any county bureau of old age relief shall deem it necessary, it may, with the consent of the division of old age relief, require as a condition to the grant of continuance of relief in any case, that all or any part of the property, either real or personal, of a person applying for relief be transferred to said county upon the order of the court of common pleas. Such property shall be managed by said county bureau of old age relief under the direction of the board of chosen freeholders, which shall pay the net income thereof to such person; said bureau of old age relief under the direction of the board of chosen freeholders shall have the power to sell, lease or transfer such property or defend and prosecute all suits concerning it and to pay all just claims against it and do all things necessary for the protection, preservation, and management thereof. If, in the event such relief is discontinued during the lifetime of such person, the property thus transferred to the county bureau of old age relief exceeds the total amount paid as relief under this act, the remainder of such property shall be returned to such person, and in the event of his death such remainder shall be considered as the property of the deceased for proper administration proceedings. The county bureau of old age relief shall execute and deliver all instruments necessary to give effect to this section.

8. If, on the death of the recipient of old age relief, it shall appear to the satisfaction of the county welfare board as the bureau of old age relief that his estate is insufficient to pay his funeral expenses, the county welfare board shall have the power to order the payment of the installment of old age relief then accruing and such additional sum as may be necessary, not exceeding the total sum of one hundred dollars, to such person as the county welfare board may direct for the funeral expenses of the deceased aged poor person.
9. Subject to partial reimbursement by the State, as hereinafter provided, each county welfare board shall furnish old age relief provided for in this act to the persons eligible thereto, who reside in its jurisdiction. Each board of chosen freeholders shall annually appropriate and make available to the order of the respective county welfare boards as the bureaus of old age relief, such a sum as may be needed for old age relief, together with a sufficient sum to defray administrative expenses to be incurred in connection therewith, and include such sums in the taxes to be levied in the territory responsible for such old age relief. Should the sum so appropriated, however, be expended or exhausted, during the year and for the purpose for which it was appropriated, additional sums shall be appropriated by such board of chosen freeholders as occasion demands to carry out the provisions of this act, from funds in the county treasury available therefor. Where such county funds are not available or adequate, or should there be no such county funds, such additional sums shall be raised by temporary loans or notes, certificates of indebtedness or temporary loan bonds, to be issued as otherwise provided and limited by law for counties of this State, and the amounts necessary to pay such obligations shall be placed in the budget for the next ensuing fiscal year.

10. The State shall reimburse each county to the extent of three-fourths of the amount expended for relief for each aged poor person which has been granted under the provisions of this act, and in accordance with the rules of the division of old age relief.

11. Claims for reimbursement under this act shall be presented quarterly by the board of chosen freeholders of the respective counties through the division of old age relief to the comptroller of the treasury in January, March, July and September.

12. The approval of such claims for said reimbursement shall be made by the division of old age relief to the extent of three-fourths of the payments made in accordance with the provisions of this act and the rules of the division of old age relief. The division of old age relief shall certify to the comptroller of the treasury the amount to which each county is entitled. The amount
so certified shall be paid from the State treasury upon the audit and warrant of the comptroller to the fiscal officers of the respective counties entitled thereto from monies made available as hereinafter provided.

13. The Governor shall fix and determine and state in his annual budget message a sum sufficient to pay the estimated amount of the State's share of the old age relief reimbursement together with any deficiencies, if any, incurred in any previous year. The Legislature shall include the amount so determined and stated in the annual appropriation bill. For the payment of said amount there is hereby dedicated annually so much of the monies received under the provisions of an act entitled "An act to tax the transfer of property of residents and non-resident decedents, by demise, bequest, descent, distribution by statute, gift, deed, grant, bargain and sell, in certain cases," approved April twenty, one thousand nine hundred and nine, and the several supplements and amendments thereto hereinafter collectively referred to as the inheritance tax. 

14. For the payment of the State's share of old age relief as herein provided, there is hereby further dedicated all monies hereafter received by the State Treasurer pursuant to the aforesaid inheritance tax after deducting therefrom annually, (1) the amount annually determined and stated by the Governor as aforesaid, and (2) the sum of twelve million dollars per annum which is hereby reserved for the general treasury funds of the State. The surplus, if any, then remaining and thus dedicated shall constitute a separate fund which shall be invested and re-invested from time to time by the State House Commission in such securities as are lawful for investment by trustees. The custody of said fund and the income thereof shall be entrusted to the State Treasurer. The income from said fund shall be available for and devoted to the payment of the State old age relief as provided in this act and shall, to the extent thereof, be used for the payment of such relief in lieu of the monies to be annually determined and stated by the Governor as aforesaid. For this purpose the Governor shall include in his budget message such a statement of income and the same shall be deducted from mandatory
15. It is the intent of the Legislature that the State's share of old age relief, as provided in this act, shall be provided from the revenue produced by the inheritance tax, and that the first monies received in any one year from that source shall be dedicated to that purpose, and that after sufficient funds have been so accumulated then the sum of twelve million dollars, if so much further shall be received, shall be available for appropriations to general State purposes, and that any surplus of inheritance tax revenue then remaining shall become a capital fund to be invested as herein provided, the income from which shall be used in the first instance to pay the State's share of old age relief pensions, and that such capital fund be accumulated until such fund alone will yield sufficient income to pay all of the State's share of such old age relief.

16. An applicant for old age relief shall make his application therefor to the county welfare board as the bureau of old age relief for the county in which the applicant resides. The person requesting relief may apply in person or the application may be made by another in his behalf. The application shall be made in writing or reduced to writing, in manner and form prescribed by the division of old age relief. All statements in the application shall be verified under oath by the applicant.

17. Whenever the county welfare board as the bureau of old age relief receives an application for relief, an investigation and record shall be promptly made of the circumstances of the applicant. The object of such investigation shall be to ascertain the facts supporting the application made under this act and such other information as may be required by the rules of the division of old age relief. Upon the completion of such investigation the county welfare board shall decide whether the applicant is eligible for and should receive old age relief under this act, the amount and nature of relief, the
manner of paying or providing it, and the date on which the relief shall begin. It shall notify the applicant of its decision in writing. The county welfare board shall at once report to the division of old age relief its decision in each case together with copies of the application and record of investigation. Such decision shall be final; provided, however, that where an application is not acted upon by the county welfare board within thirty days after the filing of the application or is denied or the grant is deemed inadequate, either by the division of old age relief or by the applicant, the applicant may appeal to the division of old age relief by filing a petition with the division of old age relief, setting forth the facts in full as to the necessity of such relief, verified by five reputable citizens of the county, and if the appeal is sustained by the division of old age relief, the payments of relief in the amounts determined by said division must be paid by said county as herein provided.

18. An applicant whose application for relief under this act has been rejected may not again apply for such relief until the expiration of six months from the date of the previous application. If the application for relief be granted, the county welfare board shall report the fact to the auditor of the county. All payments of relief under this act shall be made monthly by the treasurer of the county in the manner provided by law for payment of claims against the county to the county welfare treasurer, who shall disburse the relief herein provided, either in cash or by check monthly, semi-monthly or as otherwise provided by the regulations of the welfare board. All relief under this act shall be renewed every six months on verified applications and after such further investigation as the county welfare board may deem necessary, and the amount of relief may be changed if the county welfare board finds that the recipient's circumstances have been changed. It shall be within the power of the county welfare board to cancel and revoke old age relief for cause and it may for cause suspend payments for old age relief for such periods as it may deem proper.

19. Any person who has knowledge that old age relief is being improperly granted or administered under this act may file a complaint in writing with the division of

old age relief setting forth the particulars of such violation. Upon receipt of such complaint, the division of old age relief shall make an investigation of the allegations set forth in such complaint, or, if at any time the division of old age relief has reason to believe that relief to the aged poor persons has been improperly granted, it shall cause an investigation to be made. It may suspend payment of any installment pending an investigation. It shall notify the county welfare board of any such proposed investigation. If it appears as a result of any such investigation that the old age relief was improperly granted, such old age relief shall be cancelled by the division of old age relief, which shall immediately notify the county welfare board that it will not approve any payment made after such suspension, but if it appears, as a result of such investigation that relief was obtained properly, the suspended payments of relief shall be payable.

20. Any person who by means of a false statement or representation or by impersonation or other fraudulent device obtains or attempts to obtain or aids or abets any person to obtain old age relief to which he is not entitled, or a larger amount of relief than that to which he is justly entitled, or payment of any forfeited installment grant; or knowingly aids or abets in buying or in any way disposing of the property of an applicant without the consent of the county welfare board, shall be guilty of a misdemeanor and punished accordingly.

21. Any person who knowingly violates any provision of this act for which no penalty is specifically provided shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than one thousand dollars, or imprisoned for not more than one year, or by both such fine and imprisonment.

22. All old age relief under this act shall be reconsidered from time to time, or as frequently as may be required by the rules of the division of old age relief. After such further investigation as the bureau of old age relief may deem necessary or the division of old age relief may require, the amount and manner of giving relief may be changed or the relief may be withdrawn if such county welfare board finds that the recipient's cir-
cumstances have changed sufficiently to warrant such action. It shall be within the power of the county welfare board as the bureau of old age relief at any time to cancel and revoke old age relief for cause, and it may for cause suspend payments for relief for such periods as it may deem proper, subject to review by the division of old age relief, as provided in section fourteen of this act.

23. Each county welfare board as the bureau of old age relief shall report to the division of old age relief at such times and in such manner and form as the division may prescribe, the number of applications granted and the grants of old age relief changed, revoked or suspended under this act by such county welfare board, together with copies of all applications and supporting affidavits received and a statement of the action of such county welfare board thereon, and shall report the amount of relief to aged poor persons paid out under this act by the county welfare board as the bureau of old age relief, and make such other reports as the division of old age relief may require either by rules or requests in individual cases.

24. A person seventy years of age or more not receiving old age relief under this act is not by reason of his age debarred from receiving public relief and care under the provisions of any other law, but no recipient of old age relief, while receiving the same, shall receive any other relief from the State or any political subdivision thereof except for medical and surgical assistance.

25. All amounts paid as old age relief shall be exempt from any tax levied by the State or by any subdivision thereof, and exempt from levy and sale, garnishment, attachment, or any other process whatsoever and shall be inalienable in any form, and in case of bankruptcy shall not pass to the trustee or other person acting on behalf of the creditors of the aged poor person.

26. Nothing in this act shall be construed as repealing any other act or part of an act providing for the settlement and relief of the poor except in so far as inconsistent therewith, and the provisions of this act shall be construed as an additional method of supporting and providing for aged poor persons. This act shall be liber-
ally construed. Any part or parts of this act which may be found to be invalid or unconstitutional shall be severable, and the remainder of the act shall stand, and the provisions contained in this act shall not be construed to be exclusive and shall not be construed to repeal other provisions of the law not inconsistent herewith. Any particular grant of power contained in this act shall be held to be in specification but not in limitation of general powers. Nothing in this act shall operate to repeal or nullify the provisions of an act entitled "An act regulating the employment, tenure and discharge of certain officers and employees of this State and of the various counties and municipalities thereof, and providing for a civil service commission and defining its powers and duties," approved April tenth, one thousand nine hundred and eight, and the acts supplementary thereto and amendatory thereof.

27. No person receiving relief under this act shall be deemed to be or classified as a pauper by reason thereof.

28. This act shall take effect January second, one thousand nine hundred and thirty-two, but applications for relief thereunder shall not be made before April first, nineteen hundred thirty-two, and relief shall not be granted to begin before July first, nineteen hundred thirty-two.

Approved April 24, 1931.

56a. Whenever any insurance company of this State shall become insolvent or shall suspend its ordinary business for want of funds to carry on the same, or whenever the Commissioner of Banking and Insurance shall ascertain, as the result of an examination as authorized by this act, or in any other manner, that any such insurance company is exceeding its powers, or violating the law, or that its condition or methods of business are such as to render the continuance of its operations hazardous to the public or to its policy holders; or, in the case of any stock insurance company other than a life insurance company, that its assets, after charging it with an amount requisite for the reinsurance of all its outstanding risks and with its other liabilities, including capital stock up to the minimum amount required by this act, amount to less than such minimum amount of capital stock; or, in the case of any mutual insurance company other than life,
CHAPTER 244, LAWS OF 1931

if the assets, less unsettled claims and other actual liabilities amount to less than the sum requisite for reinsurance; or in the case of any life insurance company, that the assets are not equal to the net value of all its outstanding policies computed according to the actuaries' or combined experience table of mortality, with interest at the rate of four per centum per annum, or according to such other standard of valuation as said commissioner may adopt pursuant to the authority of section twenty-four of this act, and its other liabilities, said commissioner may forthwith take possession of the property and business of such company and retain such possession until such company shall resume business or its affairs be finally liquidated as herein provided. On taking possession of the property and business of any such company the commissioner shall forthwith give notice of such fact to any and all banks, trust companies, corporations, associations and individuals, holding or in possession of any assets of such company. No bank, trust company, corporation, association, or individual knowing of such taking possession by the commissioner, or notified as aforesaid, shall have a lien or charge for any payment, advance or clearance thereafter made, or liability thereafter incurred against any of the assets of the company of whose property and business the commissioner shall have taken possession as aforesaid. Upon taking possession of the property and business of any such company by the commissioner all judgments, decrees, levies, and executions against the property of the company shall be thereafter stayed until otherwise ordered by the Court of Chancery. Such company may, with the consent of the commissioner, resume business at any time after such taking possession upon such conditions as may be approved by him. Upon taking possession of the property and business of such company the commissioner is authorized to collect moneys due to such company, and do such other acts as are necessary to conserve its assets and business, and may proceed to liquidate the affairs thereof as hereinafter provided. The commissioner is empowered and authorized, in the name of such company, to demand, sue for, collect, receive and take
into his possession all the goods and chattels, rights and credits, moneys and effects, lands and tenements, books, papers, choses in action, bills, notes and property of every description of such company, and in his discretion to compound and settle with any debtor or creditor of such company, or with persons having possession of its property or in any way responsible at law or in equity to such company, upon such terms and conditions and in such manner as he shall deem just and beneficial to such company, and in case of mutual dealings between the company and any person to allow just set-offs in favor of such persons in all cases in which the same ought to be allowed according to law and equity, and the commissioner shall have power in the name of such company to sell, convey and assign all or any part of the said estate, rights and interests, including bills, notes and choses in action, and shall hold the proceeds less the costs and expenses of administration and liquidation and, under the direction of the Court of Chancery, shall dispose of the same. For the purpose of executing and performing any of the powers and duties hereby conferred upon him, the commissioner may, in the name of such company, prosecute and defend any and all suits and other legal proceedings and may, in the name of such company, execute, acknowledge and deliver any and all deeds, assignments, releases, warrants to cancel mortgages and other instruments necessary or proper to effectuate any sale of real or personal property or compromise or compound of claims or to restore to any person any property deposited or transferred as security for the payment of any debt or the performance of any obligation upon the payment of such debt or the performance of such obligation, and any deed or other instrument executed pursuant to the authority hereby given, shall be valid and effectual for all purposes, as though the same had been executed by the officers of such company by authority of its board of directors. The commissioner may in his discretion apply to the Court of Chancery for instructions or directions touching the sale of any property of such company or the compounding of debts or claims. The commissioner
may, under his hand and official seal, appoint one or more special assistant deputy commissioners of banking and insurance, as agent or agents, to assist him in the duty of liquidation and distribution, and the commissioner may, from time to time, authorize a special assistant deputy commissioner to perform such duties connected with such liquidation and distribution as the commissioner may deem proper and the commissioner may employ such counsel and procure such expert assistance and advice as may be necessary in the liquidation and distribution of the assets of such company, and may retain such of the officers or employees thereof as he may deem necessary, and the compensation of the special assistant deputy commissioner, counsel and other employees and assistants, and all expenses of administration and liquidation, shall be fixed by the commissioner subject to the approval of the Court of Chancery on notice to such company and shall upon the certificate of the commissioner be paid out of the funds of such company in the hands of the commissioner. The commissioner shall require from a special assistant deputy commissioner and from such assistants such security for the faithful discharge of their duties as he may deem proper. The commissioner shall cause notice to be given by advertisement, in such newspaper or newspapers as he may direct, weekly for three consecutive months, calling on all persons who may have claims against such company to present the same to the commissioner, and make legal proof thereof at a place and within a time, not earlier than the last day of publication, to be therein specified. The commissioner shall mail a similar notice to all persons whose names appear as creditors upon the books of such company. If the commissioner doubts the justice and validity of any claim, he may reject the same and serve notice of such rejection upon the claimant either by mail or personally. An affidavit of the service of such notice, which shall be prima facie evidence thereof, shall be filed with the commissioner. An action upon a claim so rejected must be brought within three months after such service, unless the commissioner of the Court of Chancery, for reason shown, grant further
time, not exceeding three months. In rendering judgment in such action, the court, if judgment be for the claimant, shall determine the status or rank of such claim. Claims presented after the expiration of the time fixed in the notice to creditors shall be entitled to share in the distribution only to the extent of the assets in the hands of the commissioner equitably applicable thereto. The moneys collected by the commissioner shall be from time to time deposited in one or more State banks of deposit, savings banks or trust companies, and in case of the suspension or insolvency of the depositary, such deposits shall be preferred before all other deposits. At any time after the expiration of the date fixed for the presentation of claims the Court of Chancery may by order authorize the commissioner to declare out of the funds remaining in his hands after the payment of expenses one or more dividends to creditors, and after the expiration of one year from the first publication of notice to creditors he may declare a final dividend to creditors, such dividends to be paid to such persons, and in such amounts and upon such notice as may be directed by the Court of Chancery. Objections to any claim not rejected by the commissioner may be made by any party interested by filing a copy of such objections with the commissioner, who shall present the same to the Court of Chancery at the time of the next application to declare a dividend, and said court shall thereupon dispose of said objections or may order a reference for that purpose, and should the objections to any claim be sustained by the court or by the referee, such claim shall not be allowed by the commissioner until the claimant shall have established his claim by the judgment of a court of competent jurisdiction. The court may make proper provision for unproved claims. Whenever any such company, or whose property and business the commissioner shall have taken possession as aforesaid, deems itself aggrieved by any act of the commissioner done pursuant to this section, such company may, at any time after such taking possession, apply to the Court of Chancery to enjoin further proceedings, and said court, after citing the commissioner to show cause why further proceedings should
not be enjoined, and hearing the allegations and proofs of the parties and determining the facts may, upon the merits, dismiss such application or enjoin the commissioner from further proceedings, or from the doing of any act which will not be in the best interests of the company or grant such other or further relief as may be equitable and just. Whenever the commissioner shall have paid to each and every creditor of such company (not including stockholders), whose claim or claims as such creditor shall have been duly proved and allowed, the full amount of such claims, and shall have made proper provision for unclaimed and unpaid amounts, and shall have paid all the expenses of the liquidation, the commissioner shall call a meeting of the stockholders or members of such company, as the case may be, by giving notice thereof for thirty days in one or more newspapers published in the county where the principal office of such company was located or by mailing ten days' notice thereof to each stockholder or member as the case may be at his address as the same appears on the books of such company. At such meeting the stockholders or members shall determine whether the commissioner shall be continued as liquidator and shall wind up the affairs of such company, or whether an agent or agents shall be elected for that purpose, and in so determining the stockholders shall vote by ballot, in person or by proxy, each share of stock in the case of stock companies entitling the holder to have one vote and each member to have one vote in the case of a mutual company; and a majority vote shall be necessary to a determination. In case it is determined to continue the liquidation under the commissioner, he shall complete the liquidation, and after paying the expenses thereof, he shall distribute the moneys remaining on his hands to the stockholders or members as the case may be of such company in proportion to the several holdings of shares if it be a stock company and in proportion to the financial interests of the respective members if it be a mutual company, in such manner and upon such notice as may be directed by the Court of Chancery. In case it is determined to appoint an agent or agents to liquidate, the stockholders
or members shall thereupon select such agent or agents by majority vote in the manner above provided. Such agent or agents shall execute and file with the commissioner a bond to the State of New Jersey in such amount, with such sureties and in such form as shall be approved by the commissioner, conditioned for the faithful performance of all the duties of his or their trust, and thereupon the commissioner shall transfer and deliver to such agent or agents all the undivided and uncollected or other assets of such company then remaining in his hands; and upon such transfer and delivery, the said commissioner shall be discharged from any and all further liability to such company and its creditors. Such agent or agents shall convert the assets coming into his or their possession into cash, and shall account for and make distribution of the property of said company as is herein provided in the case of distribution by the commissioner, except that the expenses thereof shall be subject to the direction and control of a court of record of competent jurisdiction. In case of the death, removal or refusal to act of any such agent or agents, the stockholders or members, on the same notice, to be given by the commissioner upon proof of such death, removal or refusal to act being filed with him, and by the same vote hereinbefore provided, may elect a successor, who shall have the same powers and be subject to the same liabilities and duties as the agent originally elected.

Unclaimed dividends to stockholders, members or creditors remaining unpaid in the hands of the commissioner for six months after the date of the order for final distribution shall be deposited by him in one or more State banks of deposit, savings banks or trust companies, to the credit of the commissioner in his name of office, in trust for the persons entitled thereto. The commissioner shall report to the Legislature annually in his report the names of companies so taken possession of and liquidated and the sums of unclaimed and unpaid dividends with respect to each of them respectively. The commissioner may pay over the moneys so held by him to the persons respectively entitled thereto upon being furnished satisfactory evidence of their right to the same. He may
apply the interest earned by the moneys so held by him towards defraying the expenses in the payment and distribution of such unclaimed dividends to the stockholders, members and creditors entitled to receive the same, and he shall include in his annual report to the Legislature a statement of the amount of interest earned by such unclaimed dividends.

B. Whenever any company shall become insolvent or shall suspend its ordinary business for want of funds to carry on the same, and the Commissioner of Banking and Insurance shall have refused, upon the demand of any creditor or stockholder, or in the case of mutual companies of any member, to take possession of the property and business of such company pursuant to the provisions of paragraph A above, the Attorney-General, or any creditor, stockholder or member, may by petition or bill of complaint setting forth the facts and circumstances of the case, apply to the Court of Chancery for a writ of injunction and the appointment of a receiver or receivers or trustees, and the court being satisfied by affidavit or otherwise of the sufficiency of said application, and of the truth of the allegations contained in the petition or bill, and upon such notice, if any, as the court by order may direct, may proceed in a summary way to hear the affidavits, proofs and allegations which may be offered on behalf of the parties, and if upon such inquiry it shall appear to the court that the company has become insolvent and is not about to resume its business in a short time thereafter with safety to the public and advantage to the stockholders, it may issue an injunction to restrain such company and its officers and agents from exercising any of its privileges or franchises and from collecting or receiving any debts, or paying out, selling, assigning or transferring any of its estate, moneys, funds, lands, tenements or effects, except to a receiver appointed by the court, until the court shall otherwise order; and may appoint a receiver, in which case the duties and powers of said receiver shall be the same as if he had been appointed under the provisions of an act entitled "An act concerning corporations,"

   59. Proceedings against delinquent or unsafe associations.

   (A) Whenever it shall appear to the Commissioner of Banking and Insurance that the interests of the creditors or shareholders of any such association are being jeopardized because such association has violated its charter or any law of this State, or is conducting its business in an unsafe or unauthorized manner, or if such association shall refuse to submit its books, papers and concerns to the inspection of said commissioner or any examiner appointed by him, or if any officer or director thereof shall refuse to be examined upon oath touching the concerns of any such association, or if any such association shall suspend payment of its obligations, or if from any examination or report provided for by this act the commissioner shall have reason to conclude that such association is in an unsound or unsafe condition to transact business, or that it is insolvent, or that it is unsafe or inexpedient for it to continue business, or if any such association shall neglect or refuse to observe an order of the commissioner issued pursuant to section fifty-eight of this act, he shall have authority in case of any such association of another State to revoke and cancel its authority to do business in this State, and in case of any such association of this State:

   (1) To apply to the Chancellor for an injunction restraining such association from the transaction of any
further business, or the transfer or disposal of its property in any manner whatsoever, and the Chancellor, being satisfied of the sufficiency of the application, may order an injunction and appoint a receiver with power to sue for, collect, receive and take into his possession all the goods and chattels, rights and credits, moneys and effects, lands and tenements, books, papers, choses in action, bills, notes and property of every description belonging to such association, and sell, convey and assign the same, and hold and dispose of the proceeds thereof under the direction of the Court of Chancery; or the application of the commissioner may be for an injunction against excessive expenses of management, or for the removal of the attorney or conveyancer or of one or more of the officers, or directors, or employees or agents of such association, or for such other relief or correction as the particular facts may seem to demand, and the Chancellor, after hearing, shall have the power to grant such orders, and in his discretion, from time to time, to modify or revoke the same, as the evidence in the case, the situation of the parties and the interests involved shall seem to require.

(2) Forthwith to take possession of the property and business of such association and retain such possession until such association shall resume business or its affairs be finally liquidated as herein provided. On taking possession of the property and business of any such association the commissioner shall forthwith give notice of such fact to any and all banks, trust companies, corporations, associations and individuals, holding or in possession of any assets of such association. No bank, trust company, corporation, association, or individual knowing of such taking possession by the commissioner, or notified as aforesaid, shall have a lien or charge for any payment, advance or clearance thereafter made, or liability thereafter incurred against any of the assets of the association of whose property and business the commissioner shall have taken possession as aforesaid. Upon taking possession of the property and business of any such association by the commissioner, all judgments, decrees, levies and executions against the property of the association shall be thereafter stayed until otherwise or-
ordered by the Court of Chancery. Such association may, with the consent of the commissioner, resume business at any time after such taking possession upon such conditions as may be approved by him. Upon taking possession of the property and business of such association the commissioner is authorized to collect moneys due to such association, and do such other acts as are necessary to conserve its assets and business, and may proceed to liquidate the affairs thereof as hereinafter provided.

The commissioner is empowered and authorized, in the name of such association, to demand, sue for, collect, receive and take into his possession all the goods and chattels, rights and credits, moneys and effects, lands and tenements, books, papers, choses in action, bills, notes and property of every description of such association, and in his discretion to compound and settle with any debtor or creditor of such association, or with persons having possession of its property or in any way responsible at law or in equity to such association, upon such terms and conditions and in such manner as he shall deem just and beneficial to such association, and in case of mutual dealings between the association and any person to allow just set-offs in favor of such persons in all cases in which the same ought to be allowed according to law and equity, and the commissioner shall have power in the name of such association to sell, convey and assign all or any part of the said estate, rights and interests, including bills, notes and choses in action, and shall hold the proceeds less the costs and expenses of administration and liquidation and, under the direction of the Court of Chancery, shall dispose of the same. For the purpose of executing and performing any of the powers and duties hereby conferred upon him, the commissioner may, in the name of such association, prosecute and defend any and all suits and other legal proceedings and may, in the name of such association, execute, acknowledge and deliver any and all deeds, assignments, releases, warrants to cancel mortgages, and other instruments necessary or proper to effectuate any sale of real or personal property or compromise or compound of claims or to restore to any person any property deposited or transferred as security for the pay-
ment of any debt or the performance of any obligation upon the payment of such debt or the performance of such obligation, and any deed or other instrument executed pursuant to the authority hereby given, shall be valid and effectual for all purposes, as though the same had been executed by the officers of such association by authority of its board of directors. The commissioner may in his discretion apply to the Court of Chancery for instructions or directions touching the sale of any property of such association or the compounding of debts or claims. The commissioner may, under his hand and official seal, appoint one or more special assistant deputy commissioners of banking and insurance, as agent or agents, to assist him in the duty of liquidation and distribution, and the commissioner may from time to time, authorize a special assistant deputy commissioner to perform such duties connected with such liquidation and distribution as the commissioner may deem proper, and the commissioner may employ such counsel and procure such expert assistance and advice as may be necessary in the liquidation and distribution of the assets of such association, and may retain such of the officers or employees thereof as he may deem necessary, and the compensation of the special assistant deputy commissioner, counsel and other employees and assistants, and all expenses of administration and liquidation, shall be fixed by the commissioner, subject to the approval of the Court of Chancery on notice to such association, and shall upon the certificate of the commissioner be paid out of the funds of such association in the hands of the commissioner. The commissioner shall require from a special assistant deputy commissioner and from such assistants such security for the faithful performance of their duties as he may deem proper. The commissioner shall cause notice to be given by advertisement, in such newspaper or newspapers as he may direct, weekly for three consecutive months, calling on all persons who may have claims against such association to present the same to the commissioner, and make legal proof thereof at a place and within a time, not earlier than the last day of publication, to be therein specified. The commissioner shall mail a similar notice to all persons whose names
appear as creditors upon the books of such association. If the commissioner doubts the justice and validity of any claim, he may reject the same and serve notice of such rejection upon the claimant either by mail or personally. An affidavit of the service of such notice, which shall be prima facie evidence thereof, shall be filed with the commissioner. An action upon a claim so rejected must be brought within three months after such service, unless the commissioner or the Court of Chancery, for reason shown, grant further time, not exceeding three months. In rendering judgment in such action, the court, if judgment be for the claimant, shall determine the status or rank of such claim. Claims presented after the expiration of the time fixed in the notice to creditors shall be entitled to share in the distribution only to the extent of the assets in the hands of the commissioner equitably applicable thereto. The moneys collected by the commissioner shall be from time to time deposited in one or more State banks of deposit, savings banks or trust companies, and in case of the suspension or insolvency of the depositary, such deposits shall be preferred before all other deposits. At any time after the expiration of the date fixed for the presentation of claims the Court of Chancery may by order authorize the commissioner to declare out of the funds remaining in his hands after the payment of expenses one or more dividends to creditors, and after the expiration of one year from the first publication of notice to creditors he may declare a final dividend to creditors, such dividends to be paid to such persons, and in such amounts and upon such notice as may be directed by the Court of Chancery. Objections to any claim not rejected by the commissioner may be made by any party interested by filing a copy of such objections with the commissioner, who shall present the same to the Court of Chancery at the time of the next application to declare a dividend, and said court shall thereupon dispose of said objections or may order a reference for that purpose, and should the objections to any claim be sustained by the court or by the referee, such claim shall not be allowed by the commissioner until the claimant shall have established his claim by the judgment of a court.
of competent jurisdiction. The court may make proper provision for disposition of moneys due to former members whose shares have been lapsed or cancelled or whose membership has been terminated prior to such taking possession. Whenever any such association, of whose property and business the commissioner shall have taken possession as aforesaid, or any member thereof deems itself or himself aggrieved by any act of the commissioner done pursuant to this section, such association or such member may, at any time after such taking possession, apply to the Court of Chancery to enjoin further proceedings, and said court, after citing the commissioner to show cause why further proceedings should not be enjoined, and hearing the allegations and proofs of the parties and determining the facts may, upon the merits, dismiss such application or enjoin the commissioner from further proceedings, or from the doing of any act which will not be in the best interests of the shareholders or grant such other or further relief as may be equitable and just. Whenever the commissioner shall have paid to each and every creditor of such association (not including shareholders), whose claim or claims as such creditor shall have been duly proved and allowed, the full amount of such claims, and shall have been made proper provision for unclaimed and unpaid amounts credited to former members whose shares had, prior to such taking possession, been canceled, or lapsed, or whose membership had, prior to such taking possession, been otherwise terminated, and shall have paid all the expenses of liquidation, the commissioner shall call a meeting of the shareholders of such association by giving notice thereof for thirty days in one or more newspapers published in the county where the principal office of such association was located or by mailing ten days' notice thereof to each shareholder at his address as the same appears on the books of such association. At such meeting the shareholders shall determine whether the commissioner shall be continued as liquidator and shall wind up the affairs of such association, or whether an agent or agents shall be elected for that purpose, and in so determining the shareholders shall vote by ballot, in person or by proxy, each shareholder to have one vote;
and the votes of a majority of the shareholders shall be necessary to a determination. In case it is determined to continue the liquidation under the commissioner, he shall complete the liquidation, and after paying the expenses thereof, he shall distribute the moneys remaining on his hands to the shareholders of such association in proportion to the several holdings of shares in such manner and upon such notice as may be directed by the Court of Chancery. In case it is determined to appoint an agent or agents to liquidate, the shareholders shall thereupon select such agent or agents by ballot, a majority of the shareholders present and voting, in person or by proxy, being necessary to a choice. Such agent or agents shall execute and file with the commissioner a bond to the State of New Jersey in such amount, with such sureties and in such form as shall be approved by the commissioner, conditioned for the faithful performance of all the duties of his or their trust, and thereupon the commissioner shall transfer and deliver to such agent or agents all the undivided and uncollected or other assets of such association then remaining in his hands; and upon such transfer and delivery, the said commissioner shall be discharged from any and all further liability to such association and its creditors. Such agent or agents shall convert the assets coming into his or their possession into cash, and shall account for and make distribution of the property of said association as is herein provided in the case of distribution by the commissioner, except that the expenses thereof shall be subject to the direction and control of a court of record of competent jurisdiction. In case of the death, removal or refusal to act of any such agent or agents, the shareholders, on the same notice, to be given by the commissioner upon proof of such death, removal or refusal to act being filed with him, and by the same vote hereinbefore provided, may elect a successor, who shall have the same powers and be subject to the same liabilities and duties as the agent originally elected. The commissioner shall report to the Legislature annually in his report the names of associations so taken possession of and liquidated and the sums of unclaimed and unpaid dividends with respect to each of them respectively. The commissioner may pay over the moneys so held by him to the persons respectively entitled thereto upon being furnished satisfactory evidence of their right to the same. (B) Whenever any association shall become insolvent or shall suspend its ordinary business for want of funds to carry on the same, and the Commissioner of Banking and Insurance shall have refused, upon the demand of any creditor or shareholder to apply to the Chancellor or take possession of the property and business of such association pursuant to the provisions of paragraph (A) above, the Attorney-General, or any creditor, or shareholder, may by petition or bill of complaint setting forth the facts and circumstances of the case, apply to the Court of Chancery for a writ of injunction and the appointment of a receiver or receivers or trustees, and the court being satisfied by affidavit or otherwise of the sufficiency of said application, and of the truth of the allegations contained in the petition or bill, and upon such notice, if any, as the court by order may direct, may proceed in a summary way to hear the affidavits, proofs and allegations which may be offered on behalf of the parties, and if upon such inquiry it shall appear to the court that such association has become insolvent and is not about to resume its business in a short time thereafter with safety to the public and advantage to the shareholders, it may issue an injunction to restrain such association and its officers and agents from exercising any of its privileges or franchises and from collecting
or receiving any debts, or other moneys due it, or paying out, selling, assigning or transferring any of its estate, moneys, funds, lands, tenements or effects, except to a receiver appointed by the court, until the court shall otherwise order; and may appoint a receiver, in which case the duties and powers of said receiver shall be the same as if he had been appointed under the provisions of an act entitled "An act concerning corporations," approved April twenty-first, one thousand eight hundred and ninety-six, and acts supplemental thereto and amendatory thereof.

CHAPTER 255.

An Act to amend an act entitled "An act concerning trust companies" (Revision of 1899), approved March twenty-fourth, one thousand eight hundred and ninety-nine.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section twenty-two of the act to which this act is amendatory be and the same is hereby amended to read as follows:

22. Whenever it shall appear to the Commissioner of Banking and Insurance that any trust company has violated its charter or any law of this State, or is conducting its business in an unsafe or unauthorized manner, or if any such trust company shall refuse to submit its books, papers and concerns to the inspection of said commissioner or any examiner appointed by him, or if any officer or director thereof shall refuse to be examined upon oath touching the concerns of any such trust company, or if any such trust company shall suspend payment of its obligations, or suspend its ordinary business for want of funds to carry on the same or shall become insolvent, or if from any examination or report provided for by this act the commissioner shall have
reason to conclude that such trust company is in an unsound or unsafe condition to transact business, or that it is unsafe or inexpedient for it to continue business, or if any such trust company shall neglect or refuse to observe an order of the commissioner issued pursuant to section twenty-three of this act, the commissioner may forthwith take possession of the property and business of such trust company, and retain such possession until such trust company shall resume business, or its affairs be finally liquidated as herein provided. On taking possession of the property and business of any such trust company the commissioner shall forthwith give notice of such fact to any and all banks, trust companies, associations and individuals, holding or in possession of any assets of such trust company. No bank, trust company, association or individual knowing of such taking possession by the commissioner, or notified as aforesaid, shall have a lien or charge for any payment, advance or clearance thereafter made, or liability thereafter incurred against any of the assets of the trust company of whose property and business the commissioner shall have taken possession as aforesaid.

Upon taking possession of the property and business of any such trust company by the commissioner, all judgments, decrees, levies, and executions against the property of the trust company shall be thereafter stayed until otherwise ordered by the Court of Chancery. Such trust company may, with the consent of the commissioner, resume business upon such conditions as may be approved by him. Upon possession the property and business of any such trust company the commissioner is authorized to collect moneys due to such trust company, and do such other acts as are necessary to conserve its assets and business, and shall proceed to liquidate the affairs thereof as hereinafter provided. The commissioner is empowered and authorized, in the name of such trust company, to demand, sue for, collect, receive and take into his possession all the goods and chattels, rights and credits, moneys and effects, lands and tenements, books, papers, choses in action, bills, notes and property of every description of such trust company, and in his discretion to compound and settle
with any debtor or creditor of such trust company, or with persons having possession of its property or in any way responsible at law or in equity to such trust company, upon such terms and conditions and in such manner as he shall deem just and beneficial to such trust company, and in case of mutual dealings between the trust company and any person to allow just set-offs in favor of such persons in all cases in which the same ought to be allowed according to law and equity, and the commissioner shall have power in the name of such trust company to sell, convey and assign all or any part of the said estate, rights and interests, including bills, notes and choses in action, and shall hold the proceeds less the costs and expenses of administration and liquidation and, under the direction of the court of chancery, shall dispose of the same.

The commissioner may in his discretion apply to the court of chancery for instructions or directions touching the sale of any property of such trust company or the compounding of debts or claims. The commissioner may, under his hand and official seal, appoint one or more special assistant deputy commissioners of banking and insurance, as agent or agents, to assist him in the duty of liquidation and distribution, and the commissioner may from time to time authorize a special
assistant deputy commissioner to perform such duties connected with such liquidation and distribution as the commissioner may deem proper and the commissioner may employ such counsel and procure such expert assistance and advice as may be necessary in the liquidation and distribution of the assets of such trust company, and may retain such of the officers or employes thereof as he may deem necessary, and the compensation of the special assistant deputy commissioner, counsel and other employes and assistants, and all expenses of administration and liquidation, shall be fixed by the commissioner subject to the approval of the Court of Chancery on notice to such trust company and shall upon the certificate of the commissioner be paid out of the funds of such trust company in the hands of the commissioner. The commissioner shall require from a special assistant deputy commissioner and from such assistants such security for the faithful discharge of their duties as he may deem proper. The commissioner shall cause notice to be given by advertisement, in such newspaper or newspapers as he may direct, weekly for three consecutive months, calling on all persons who may have claims against such trust company to present the same to the commissioner, and make legal proof thereof at a place and within a time, not earlier than the last day of publication, to be therein specified. The commissioner shall mail a similar notice to all persons whose names appear as creditors upon the books of such trust company. If the commissioner doubts the justice and validity of any claim, he may reject the same and serve notice of such rejection upon the claimant either by mail or personally. An affidavit of the service of such notice, which shall be prima facie evidence thereof, shall be filed with the commissioner. An action upon a claim so rejected must be brought within three months after such service, unless the commissioner or the court of chancery, for reasons shown, grant further time, not exceeding three months. In rendering judgment in such action, the court if judgment be for the claimant, shall determine the status or rank of such claim. Claims presented after the expiration of the time fixed in the notice to creditors shall be entitled to share in the distribution only to the
extent of the assets in the hands of the commissioner equitably applicable thereto. The moneys collected by the commissioner shall be from time to time deposited in one or more State banks of deposit, savings banks or trust companies, and in case of the suspension or insolvency of the depositary, such deposits shall be preferred before all other deposits. At any time after the expiration of the date fixed for the presentation of claims the court of chancery may by order authorize the commissioner to declare out of the funds remaining in his hands after the payment of expenses one or more dividends, and after the expiration of one year from the first publication of notice to creditors he may declare a final dividend, such dividends to be paid to such persons, and in such amounts, and upon such notice as may be directed by the court of chancery. Objections to any claim not rejected by the commissioner may be made by any party interested by filing a copy of such objections with the commissioner, who shall present the same to the court of chancery at the time of the next application to declare a dividend, and said court shall thereupon dispose of said objections or may order a reference for that purpose, and should the objections to any claim be sustained by the court or by the referee, such claim shall not be allowed by the commissioner until the claimant shall have established his claim by the judgment of a court of competent jurisdiction. The court may make proper provision for unproved or unclaimed deposits. Should any trust company, at the time the commissioner takes possession of its property and business, have in its possession, as bailee for safekeeping and storage, any jewelry, plate, money, specie, bullion, stocks, bonds, securities, valuable papers or other valuable personal property, or should it have rented any vaults, safes, or safe deposit boxes or any portion thereof for the storage of property of any kind, the commissioner may at any time thereafter cause to be mailed to the person claiming to be or appearing on its books to be the owner of such property, or the person in whose name the safe, vault or box stands, a notice in writing in a securely closed, postpaid, registered letter, directed to such person at his post-office address as recorded

upon its books, notifying such person to remove within a period fixed by said notice and not less than sixty days from the date thereof, all such personal property, and upon the date fixed by said notice, the contract, if any, between such person and the trust company for the storage of said property or for the use of the said safe, vault or box shall cease and determine, and the amount of the unearned rent or charges, if any, paid by such person shall become a debt of the trust company to said person. If the property be not removed within the time fixed by the notice, the commissioner may make such disposition of said property as the court of chancery, upon application thereto, shall direct. And the commissioner may cause any safe, vault or box to be opened in his presence or in the presence of one of the special assistant deputy commissioners of banking and insurance, and of a notary public not an officer or in the employ of the trust company, or of the commissioner, and the contents thereof, if any, to be sealed up by such notary public in a package upon which such notary public shall distinctly mark the name and address of the person in whose name such safe, vault or box stands upon the books of the trust company, and shall attach thereto a list and description of the property therein; and the package so sealed and addressed, together with the list and description, may be kept by the commissioner in one of the general safes or boxes of the trust company until delivered to the person whose name it bears, or until otherwise disposed of as directed by the court. Whenever any such trust company, of whose property and business the commissioner has taken possession as aforesaid, deems itself aggrieved thereby, it may, at any time within ten days after such taking possession, apply to the court of chancery to enjoin further proceedings; and said court, after citing the commissioner to show cause why further proceedings should not be enjoined, and hearing the allegations and proofs of the parties and determining the facts may, upon the merits, dismiss such application or enjoin the commissioner from further proceedings, and direct him to surrender such business and property to such trust company. Whenever the commissioner shall have paid to each and every
depositor and creditor of such trust company, not includ­
ing stockholders, whose claim or claims as such creditor
or depositor shall have been duly proved and allowed,
the full amount of such claims, and shall have made
proper provision for unclaimed and unpaid deposits or
dividends, and shall have paid all the expenses of the
liquidation, the commissioner shall call a meeting of
the stockholders of such trust company by giving notice
thereof for thirty days in one or more newspapers
published in the county where the principal office of
such trust company was located. At such meeting the
stockholders shall determine whether the commissioner
shall be continued as liquidator and shall wind up the
affairs of such trust company, or whether an agent or
agents shall be elected for that purpose, and in so
determining the said stockholders shall vote by ballot,
in person or by proxy, each share of stock entitling the
holder to one vote, and the majority of the stock shall
be necessary to a determination. In case it is determined
to continue the liquidation under the commissioner, he
shall complete the liquidation of the affairs of such trust
company, and after paying the expenses thereof, shall
distribute the proceeds among the stockholders in propor­
tion to the several holdings of stock in such manner
and upon such notice as may be directed by the court of
chancery. In case it is determined to appoint an agent
or agents to liquidate, the stockholders shall thereupon
select such agent or agents by ballot, a majority of the
stock present and voting, in person or by proxy, being
necessary to a choice. Such agent or agents shall execute
and file with the commissioner a bond to the State of
New Jersey in such amount, with such sureties and in
such form as shall be approved by the commissioner,
conditioned for the faithful performance of all the duties
of his or their trust, and thereupon the commissioner
shall transfer and deliver to such agent or agents all
the undivided and uncollections or other assets of such
trust company then remaining in his hands; and upon
such transfer and delivery, the said commissioner shall
be discharged from any and all further liability to such
trust company and its creditors. Such agent or agents
shall convert the assets coming into his or their posses­
sion into cash, and shall account for and make distribution of the property of said corporation as is herein provided in the case of distribution by the commissioner, except that the expenses thereof shall be subject to the direction and control of a court of record of competent jurisdiction. In case of the death, removal or refusal to act of any such agent or agents, the stockholders, on the same notice, to be given by the commissioner upon proof of such death, removal or refusal to act being filed with him, and by the same vote hereinbefore provided, may elect a successor, who shall have the same powers and be subject to the same liabilities and duties as the agent originally elected. Dividends and unclaimed deposits remaining unpaid in the hands of the commissioner for six months after the order for final distribution shall be by him deposited in one or more State banks of deposit, savings banks or trust companies, to the credit of the commissioner in his name of office, in trust for the several depositors with and creditors of the liquidated trust company from which they were received entitled thereto. The commissioner shall report to the Legislature annually in his report the names of trust companies so taken possession of and liquidated and the sums of unclaimed and unpaid deposits or dividends with respect to each of them respectively. The commissioner may pay over the moneys so held by him to the persons respectively entitled thereto upon being furnished satisfactory evidence of their right to the same. In cases of doubt or conflicting claims he may require an order of the court of chancery authorizing and directing the payment thereof. He may apply the interest earned by the moneys so held by him towards defraying the expenses in the payment and distribution of such unclaimed deposits or dividends to the depositors and creditors entitled to receive the same, and he shall include in his annual report to the Legislature, a statement of the amount of interest earned by such unclaimed dividends.

2. Section twenty-four of the act to which this act is amendatory be and the same is hereby amended to read as follows:
24. Whenever any trust company shall become insolvent or shall suspend its ordinary business for want of funds to carry on the same, and the Commissioner of Banking and Insurance shall have refused, upon the demand of any creditor or stockholder to take possession of the property and business of such trust company pursuant to section twenty-two of this act, the attorney-general, or any creditor or stockholder, may by petition or bill of complaint setting forth the facts and circumstances of the case, apply to the court of chancery for a writ of injunction and the appointment of a receiver or receivers or trustees, and the court being satisfied by affidavit or otherwise of the sufficiency of said application, and of the truth of the allegations contained in the petition or bill, and upon such notice, if any, as the court by order may direct, may proceed in a summary way to hear the affidavits, proofs and allegations which may be offered on behalf of the parties, and if upon such inquiry it shall appear to the court that the trust company has become insolvent and is not about to resume its business in a short time thereafter with safety to the public and advantage to the stockholders, it may issue an injunction to restrain such trust company and its officers and agents from exercising any of its privileges or franchises and from collecting or receiving any debts, or paying out, selling, assigning or transferring any of its estate, moneys, funds, lands, tenements or effects, except to a receiver appointed by the court, until the court shall otherwise order.

On taking possession of the property and business of any such bank the commissioner shall forthwith give notice of such fact to any and all banks, trust companies, associations and individuals, holding or in possession of any assets of such bank. No bank,
trust company, association or individual knowing of such taking possession by the commissioner, or notified as aforesaid, shall have a lien or charge for any payment, advance or clearance thereafter made, or liability thereafter incurred against any of the assets of the bank of whose property and business the commissioner shall have taken possession as aforesaid. Upon taking possession of the property and business of any such bank by the commissioner, all judgments, decrees, levies, and executions against the property of the bank shall be thereafter stayed until otherwise ordered by the Court of Chancery. Such bank may, with the consent of the commissioner, resume business upon such conditions as may be approved by him. Upon taking possession of the property and business of such bank the commissioner is authorized to collect moneys due to such bank, and do such other acts as are necessary to conserve its assets and business, and shall proceed to liquidate the affairs thereof as hereinafter provided. The commissioner is empowered and authorized, in the name of such bank, to demand, sue for, collect, receive and take into his possession all the goods and chattels, rights and credits, moneys and effects, lands and tenements, books, papers, choses in action, bills, notes and property of every description of such bank, and in his discretion to compound and settle with any debtor or creditor of such bank, or with persons having possession of its property or in any way responsible at law or in equity to such bank, upon such terms and conditions and in such manner as he shall deem just and beneficial to such bank, and in case of mutual dealings between the bank and any person to allow just set-offs in favor of such persons in all cases in which the same ought to be allowed according to law and equity, and the commissioner shall have power in the name of such bank to sell, convey and assign all or any part of the said estate, rights and interests, including bills, notes and choses in action, and shall hold the proceeds less the costs and expenses of administration and liquidation and, under the direction of the Court of Chancery, shall dispose of the same. For the purpose of executing and performing any of the powers and duties hereby conferred upon him, the
commissioner, may in the name of such bank, prosecute and defend any and all suits and other legal proceedings and may, in the name of such bank, execute, acknowledge and deliver any and all deeds, assignments, releases, warrants to cancel mortgages and other instruments necessary or proper to effectuate any sale of real or personal property or compromise or compound of claims or to restore to any person any property deposited or transferred as security for the payment of any debt or the performance of any obligation upon the payment of such debt or the performance of such obligation, and any deed or other instrument executed pursuant to the authority hereby given, shall be valid and effectual for all purposes, as though the same had been executed by the officers of such bank by authority of its board of directors. The commissioner may in his discretion apply to the Court of Chancery for instructions or directions touching the sale of any property of such bank or the compounding of debts or claims. The commissioner may, under his hand and official seal, appoint one or more special assistant deputy commissioners of banking and insurance, as agent or agents, to assist him in the duty of liquidation and distribution, and the commissioner may from time to time authorize a special assistant deputy commissioner to perform such duties connected with such liquidation and distribution as the commissioner may deem proper and the commissioner may employ such counsel and procure such expert assistance and advice as may be necessary in the liquidation and distribution of the assets of such bank, and may retain such of the officers or employees thereof as he may deem necessary, and the compensation of the special assistant deputy commissioner, counsel and other employees and assistants, and all expenses of administration and liquidation, shall be fixed by the commissioner subject to the approval of the Court of Chancery on notice to such bank and shall upon the certificate of the commissioner be paid out of the funds of such bank in the hands of the commissioner. The commissioner shall require from a special assistant deputy commissioner and from such assistants such security for the faithful discharge of their duties as he may deem proper. The
commissioner shall cause notice to be given by advertisement, in such newspaper or newspapers as he may direct, weekly for three consecutive months, calling on all persons who may have claims against such bank to present the same to the commissioner, and make legal proof thereof at a place and within a time, not earlier than the last day of publication, to be therein specified. The commissioner shall mail a similar notice to all persons whose names appear as creditors upon the books of such bank. If the commissioner doubts the justice and validity of any claim, he may reject the same and serve notice of such rejection upon the claimant either by mail or personally. An affidavit of the service of such notice, which shall be prima facie evidence thereof, shall be filed with the commissioner. An action upon a claim so rejected must be brought within three months after such service, unless the commissioner or the Court of Chancery, for reason shown, grant further time, not exceeding three months. In rendering judgment in such action, the court, if judgment be for the claimant, shall determine the status or rank of such claim. Claims presented after the expiration of the time fixed in the notice to creditors shall be entitled to share in the distribution only to the extent of the assets in the hands of the commissioner equitably applicable thereto. The moneys collected by the commissioner shall be from time to time deposited in one or more State banks of deposit, savings banks, or trust companies, and in case of the suspension or insolvency of the depositary, such deposits shall be preferred before all other deposits. At any time after expiration of the date fixed for the presentation of claims the Court of Chancery may by order authorize the commissioner to declare out of the funds remaining in his hands after the payment of expenses one or more dividends, and after the expiration of one year from the first publication of notice to creditors he may declare a final dividend, such dividends to be paid to such persons, and in such amounts, and upon such notice as may be directed by the Court of Chancery. Objections to any claim not rejected by the commissioner may be made by any party interested by filing a copy of such objections with the commissioner.
who shall present the same to the Court of Chancery at the time of the next application to declare a dividend, and said court shall thereupon dispose of said objections or may order a reference for that purpose and should the objections to any claim be sustained by the court or by the referee, such claim shall not be allowed by the commissioner until the claimant shall have established his claim by the judgment of a court of competent jurisdiction. The court may make proper provision for unproved or unclaimed deposits. Should any bank, at the time the commissioner takes possession of its property and business, have in its possession, as bailee for safe-keeping and storage, any jewelry, plate, money, specie, bullion, stocks, bonds, securities, valuable papers or other valuable personal property or should it have rented any vaults, safes or safe deposit boxes or any portion thereof for the storage of property of any kind, the commissioner may at any time thereafter cause to be mailed to the person claiming to be or appearing on its books to be the owner of such property, or the person in whose name the safe, vault or box stands, a notice in writing in a securely closed, post-paid registered letter, directed to such person at his post-office address as recorded upon its books, notifying such person to remove, within a period fixed by said notice and not less than sixty days from the date thereof, all such personal property, and upon the date fixed by said notice, the contract, if any, between such person and the bank for the storage of said property or for the use of the said safe, vault or box shall cease and determine, and the amount of the unearned rent or charges, if any, paid by such person shall become a debt of the bank to said person. If the property be not removed within the time fixed by the notice, the commissioner may make such disposition of said property as the Court of Chancery, upon application thereto, shall direct. And the commissioner may cause any safe, vault or box to be opened in his presence or in the presence of one of the special assistant deputy commissioners of banking and insurance, and of a notary public not an officer or in the employ of the bank or of the commissioner, and the contents thereof, if any, to be sealed
up by such notary public in a package upon which such 
notary public shall distinctly mark the name and address 
of the person in whose name such safe, vault or box 
stands upon the books of the bank, and shall attach 
thereto a list and description of the property therein; 
and the package so sealed and addressed, together with 
the list and description, may be kept by the commis-

sioner in one of the general safes or boxes of the bank 
until delivered to the person whose name it bears, or 
until otherwise disposed of as directed by the court. 
Whenever any such bank, of whose property and busi-
ness the commissioner has taken possession as afore-
said, deems itself aggrieved thereby, it may, at any time 
within ten days after such taking possession, apply to 
the Court of Chancery to enjoin further proceedings; 
and said court, after citing the commissioner to show 
cause why further proceedings should not be enjoined, 
and hearing the allegations and proofs of the parties 
and determining the facts may, upon the merits, dismiss 
such application or enjoin the commissioner from further 
proceedings, and direct him to surrender such business 
and property to such bank. Whenever the commissioner 
shall have paid to each and every depositor and creditor 
of such bank, not including stockholders, whose claim 
or claims as such creditor or depositor shall have been 
duly proved and allowed, the full amount of such claims, 
and shall have made proper provision for unclaimed 
and unpaid deposits or dividends, and shall have paid 
all the expenses of the liquidation, the commissioner 
shall call a meeting of the stockholders of such bank 
by giving notice thereof for thirty days in one or more 
newspapers published in the county where the principal 
office of such bank was located. At such meeting the 
stockholders shall determine whether the commissioner 
shall be continued as liquidator and shall wind up the 
affairs of such bank, or whether an agent or agents shall 
be elected for that purpose, and in so determining the 
said stockholders shall vote by ballot, in person or by 
proxy, each share of stock entitling the holder to one 
vote, and the majority of the stock shall be necessary 
to a determination. In case it is determined to continue
the liquidation under the commissioner, he shall complete
the liquidation of the affairs of such bank, and after
paying the expenses thereof, shall distribute the proceeds
among the stockholders in proportion to the several
holdings of stock in such manner and upon such notice
as may be directed by the Court of Chancery. In case
it is determined to appoint an agent or agents to liqui-
date, the stockholders shall thereupon select such agent
or agents by ballot, a majority of the stock present and
voting, in person or by proxy, being necessary to a
choice. Such agent or agents shall execute and file with
the commissioner a bond to the State of New Jersey
in such amount, with such sureties and in such form
as shall be approved by the commissioner, conditioned
for the faithful performance of all the duties of his or
their trust, and thereupon the commissioner shall
transfer and deliver to such agent or agents all the
undivided and uncollected or other assets of such bank
then remaining in his hands; and upon such transfer
and delivery, the said commissioner shall be discharged
from any and all further liability to such bank and its
creditors. Such agent or agents shall convert the assets
coming into his or their possession into cash, and shall
account for and make distribution of the property of
said corporation as is herein provided in the case of
distribution by the commissioner, except that the
expenses thereof shall be subject to the direction and
control of a court of record of competent jurisdiction.
In case of the death, removal or refusal to act of any
such agent or agents, the stockholders, on the same
notice, to be given by the commissioner upon proof of
such death, removal or refusal to act being filed with
him, and by the same vote hereinbefore provided, may
elect a successor, who shall have the same powers and
be subject to the same liabilities and duties as the agent
originally elected. Dividends and unclaimed deposits
remaining unpaid in the hands of the commissioner for
six months after the order for final distribution shall
be by him deposited in one or more State banks of
deposit, savings banks or trust companies, to the credit
of the commissioner in his name of office, in trust for
the several depositors with and creditors of the liqui-
dated bank from which they were received entitled thereto. The commissioner shall report to the Legislature annually in his report the names of banks so taken possession of and liquidated and the sums of unclaimed and unpaid deposits or dividends with respect to each of them respectively. The commissioner may pay over the moneys so held by him to the persons respectively entitled thereto upon being furnished satisfactory evidence of their right to the same. In case of doubt or conflicting claims he may require an order of the Court of Chancery authorizing and directing the payment thereof. He may apply the interest earned by the moneys so held by him towards defraying the expenses in the payment and distribution of such unclaimed deposits or dividends to the depositors and creditors entitled to receive the same, and he shall include, in his annual report to the Legislature, a statement of the amount of interest earned by such unclaimed dividends.

of such work, but shall lapse and no payment shall be made therefrom; provided, however, that the provisions of this section, prohibiting the expenditure of the whole or any part of an appropriation, which in itself is insufficient to complete any building, buildings or work, and providing for the lapsing of such appropriations, shall not apply to nor restrict the expenditure of any moneys herein appropriated for the construction, completion of construction, equipment or furnishing of any armory or armories or hangar which have been heretofore authorized and which are partially constructed, completed or furnished, but such appropriation shall be available for the uses and purposes herein expressed to the full extent thereof.

5. Whenever a building or buildings have been erected and completed and there shall be an unexpended balance of the sum of money appropriated therefor after the contract has been performed, such balance may, upon the approval of the Comptroller of the Treasury, be used to pay for the furnishing and equipment of such building or buildings.

6. Whenever after an act of the Legislature becomes a law, but has not yet become effective, the contract, plans and specifications may be drawn and advertisement for bids may be made, which have been so authorized by such act and the contract in accordance therewith may be entered into before the time of the taking effect of such enactment where such statute does not take effect immediately, but at some later time; provided, however, that no payment shall be made thereunder until the said act shall become effective according to its terms.

7. This act shall take effect immediately.

2. This act shall take effect immediately.

Approved April 27, 1931.
CHAPTER 279.

An Act to amend an act entitled “An act prescribing the liability of an employer to make compensation for injuries received by an employee in the course of employment, establishing an elective schedule of compensation, and regulating procedure for the determination of liability and compensation thereunder,” approved April fourth, one thousand nine hundred and eleven.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Paragraph eleven (x) of the act referred to in the title of this act is hereby amended to read as follows:

(x) Inguinal Hernia is a disease which ordinarily develops gradually, being very rarely the result of an accident. Where there is real traumatic hernia resulting from the application of force directly to the abdominal wall, either puncturing or tearing the wall, compensation will be allowed. All other cases will be considered as either congenital or slow development and not compensable, being a disease rather than an accidental injury; unless conclusive proof is offered that the hernia was immediately caused by such sudden effort or severe strain that, first the descent of the hernia immediately followed the cause; second, that there was severe pain in the hernial region; third, that there was such prostration that the employee was compelled to cease work immediately; fourth, that the above facts were of such severity that the same was noticed by the claimant and communicated to the employer within twenty-four hours after the occurrence of the hernia, and days when the business is not in operation, such as Sundays, Saturdays or holidays, shall be excluded from this twenty-four hour period; fifth, that there was such physical distress that the attendance of a licensed physician was required within twenty-four hours after the occurrence of the hernia. In the case of hernia as above defined, the provisions of paragraph thirteen, fourteen and eleven...
(a) shall apply, until such time as the employee is able to resume some kind of work with the aid of a truss or other mechanical appliance. If the employee refuses to permit of an operation, the employer shall meet the requirements above specified, pay the reasonable costs of the truss or other appliance found necessary, and also pay compensation for twenty weeks, following which the obligation shall cease and terminate, unless death results from the hernia, in which case the provisions of paragraph twelve shall apply. However, if the employee shall elect to undergo an operation, by a physician selected by the employer, the employer shall meet all the expenses incident to such operation and recovery, not in excess of one hundred and fifty dollars, together with compensation as provided in paragraph eleven (a) during the period of disability prior to and following the operation, subject to the provisions of paragraph thirteen. If the employee refuses the services of the physician selected by the employer, preferring one of his own selection, the employer shall be relieved of obligations concerning medical expense due to the operation and recovery, but shall pay compensation during the prior and resulting periods of disability. If death results from the hernia or operation, the provisions of paragraph twelve shall apply.

2. Paragraph twenty-one (f) is hereby amended to read as follows:

(f) An agreement for compensation may be modified at any time by a subsequent agreement, or a formal award reviewed within two years from the date when the injured person last received a payment, upon the application of either party on the ground that the incapacity of the injured employee has subsequently increased, or reviewed at any time on the ground that the disability has diminished. In such case the provisions of paragraph seventeen with reference to medical examination shall apply.

3. Paragraph twenty-three (f) is hereby amended to read as follows:

(f) Where a third person or corporation is liable to the employee or his dependents for an injury or death, the existence of a right of compensation from the em-
Liability of employer.

Continuance of obligation.

Total payment.

Legal procedure against third party.

Proviso.

Section 23(g) amended.

Employer under this statute shall not operate as a bar to the action of the employee or his dependents, nor be regarded as establishing a measure of damage therein. However, in event that the employee or his dependents shall recover from the said third person or corporation, a sum equivalent to or greater than the total compensation payments for which the employer is liable under this statute, the employer shall be released thereby from the obligation of compensation. If, however, the sum so recovered from the third person or corporation is less than the total of compensation payments, the employer shall be liable only for the difference. The obligation of the employer under this statute to make compensation shall continue until the payment, if any, by such third person or corporation is made. Such employer shall file with the third person or corporation so liable, at any time prior to payment, a statement of the compensation agreement or award between himself and his employee, or the dependents of the employee, and the employer shall thereafter be entitled to receive from such third person or corporation, upon the payment of any amount in release or in judgment by the third person or corporation on account of his or its liability to the injured employee or his dependents, a sum equivalent to the medical expenses incurred and the amount of compensation payments which the employer has heretofore paid to the injured employee or his dependents, which payments shall be deducted by the third persons or corporation from the sum paid in release or judgment to the injured employee or his dependents.

When an injured employee or his dependent fails within six months of the accident, to take legal action against a third party responsible for the injury, or accepts a settlement for less than the compensation obligation of the employer, the employer or his insurance carrier is hereby authorized to proceed legally against such third party; provided, however, if the amount secured by the employer or carrier is in excess of the employer's obligation and the expense of suit, the balance shall be paid to the employee or the dependent.

4. Paragraph twenty-three (g) is hereby amended to read as follows:
(g) Whenever in section two of this act the term "wages" is used it shall be construed to mean the money rate at which the service rendered is recompensed under the contract of hiring in force at the time of the accident, and shall not include gratuities received from the employer or others. Board and lodging when furnished by the employer as part of the wages shall be included and valued at five dollars per week, unless the money value of such advantages shall have been otherwise fixed by the parties at the time of hiring. Where prior to the accident, the rate of wages is fixed by the output of the employee, the daily wage shall be calculated by dividing the number of days the workman was actually employed into the total amount the employee earned during the preceding six months, or so much thereof as shall refer to employment by the same employer. Where the rate of wages is fixed by the hour, the daily wage shall be found by multiplying the hourly rate by the customary number of working hours constituting an ordinary day in the character of the work involved. In any case the weekly wage shall be found by multiplying the daily wage by five or if the employee worked a greater proportion of the week regularly, then by five and one-half, six, six and one-half or seven, according to the customary number of working days constituting an ordinary week in the character of work involved. Five days shall constitute a minimum week.

5. Paragraph twenty-three (h) is hereby amended to read as follows:

(h) In case of personal injury or death all claims for compensation on account thereof shall be forever barred unless a petition is filed in duplicate with the secretary of the Workmen's Compensation Bureau, at the State House, in Trenton, as prescribed in paragraph five of the supplement to this act, approved February twenty-eight, one thousand nine hundred and eighteen, as Chapter one hundred and forty-nine, as later amended.

6. This act shall take effect immediately.

Approved April 27, 1931.
An Act to amend an act entitled "A supplement to an act entitled 'An act prescribing the liability of an employer to make compensation for injuries received by an employee in the course of employment, establishing an elective schedule of compensation, and regulating procedure for the determination of liability and compensation thereunder,' approved April fourth, one thousand nine hundred and eleven," approved February twenty-eighth, one thousand nine hundred and eighteen.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Paragraph five of the act referred to in the title of this act is hereby amended to read as follows:

5. Every claimant for compensation under the act to which this act is a supplement, or its supplements or amendments, shall, unless a settlement is effected or a petition filed under the provisions of section four, file a petition in duplicate with the secretary of said bureau in his office, at the State House, in Trenton, within two years after the date on which the accident occurred, or in case an agreement for compensation has been made between such employer and such claimant, then within two years after the failure of the employer to make payment pursuant to the terms of such agreement; or in case a part of the compensation has been paid by such employer, then within two years after the last payment of compensation. A payment or payments made in accordance with the provisions of Section 2 of Chapter 95, Laws of 1911, shall constitute an agreement for compensation. A payment or agreement to pay by the insurance carrier, shall for the purpose of this section be deemed a payment or agreement by the employer. The petition shall state the respective addresses of the petitioner and of the defendant, the facts relating to employment at the time of the injury, the injury in its extent and character, the
amount of wages received at the time of injury, the knowledge of the employer or notice of the occurrence of said accident and such other facts as may be necessary and proper for the information of the said bureau, and shall state the matter or matters in dispute and the contention of the petitioner with reference thereto. This petition shall be verified by the oath or affirmation of the petitioner. Proceedings on behalf of an infant shall be instituted and executed by a guardian, guardian ad litem, or next friend, and payment, if any, shall be made to such guardian, guardian ad litem, or next friend. Said bureau shall prepare and print forms of petitions and shall furnish assistance to claimants in the preparation of such petitions, when requested so to do.

2. Paragraph nineteen of the act referred to in the title of this act is hereby amended to read as follows:

19. Any judgment of the Workmen’s Compensation Bureau shall be reviewable by certiorari only. (Either party may appeal from the judgment of said commissioner, deputy commissioner or referee, to the Court of Common Pleas of the county in which hearing was held, by filing with the secretary of said bureau, and with the clerk of the county where such hearing was held, a notice of appeal. Such notice shall be filed within thirty days after such judgment has been rendered and shall briefly describe such judgment and state the intention of the party to appeal therefrom. The filing of such notice shall stay the execution of the judgment until the determination or dismissal of said appeal. The appellant shall, within fifteen days after the filing of a notice of appeal, send to the clerk of the Court of Common Pleas of the county in which such hearing was held, a transcript of the record and testimony in said cause, which transcript shall be prepared by said appellant and submitted to the secretary of the bureau for certification. Within five days after the filing of said transcript, the judge of the Court of Common Pleas, upon the application of the appellant, shall fix a time and place for the hearing of such appeal, at least ten days’ notice of which shall be served upon the respondent by the appellant. The trial of such appeal shall be based exclusively on the transcript of the record and testimony, and at the time fixed
for the hearing, argument may be presented by each side, to the said judge, who shall in a summary manner decide the merits of the controversy, and the judgments of the Court of Common Pleas, on any such appeal shall be conclusive and binding. This determination shall be filed in writing with the clerk of the Common Pleas Court, and judgment shall be entered thereon in the same manner as in causes tried in the Court of Common Pleas. Subsequent proceedings thereon shall only be for the recovery of moneys thereby determined to be due; provided, that nothing herein contained shall be construed as limiting the jurisdiction of the Supreme Court to review questions of law and fact by certiorari. Costs may be awarded by said judge in his discretion, and when so awarded the same costs shall be allowed, taxed and collected as are allowed, taxed and collected for like services in the Common Pleas Courts. In case the respondent in said appeal is unable to pay counsel, the judge of the Court of Common Pleas shall assign counsel to represent such respondent. Any such appeal may be dismissed by the judge of the Court of Common Pleas if the transcript of the record and testimony is not transmitted, or if the appeal is not prosecuted in accordance with the provisions of this act.)

3. This act shall take effect immediately.

Approved April 27, 1931.

PLEDGE, CONTRACT AND RECORD

14. Every pawnbroker shall keep a book in which shall be recorded, in ink, at the time of making each loan, the...
name and address of the pledgor, or, where a pledge is made by a person acting as agent for a disclosed principal, the names and addresses of principal and agent; the date of the transaction; amount of the loan; the article or articles pledged; and the serial number of the loan. There shall also be recorded in such book the date on which each loan was canceled, and whether it was redeemed or renewed or whether the collateral was sold at auction. In a separate book, the licensee shall record, in ink, all sales of unredeemed pledges, showing number, date, amount, and duration of each loan, the date of sale, the amount realized from the sale of the collateral, the amount charged to the pledgor as interest, commission and expenses of sale, the amount of the surplus or deficit, as the case may be, the date on which and the person to whom the surplus, if any, was paid. All entries herein provided for shall be made in the English language.

15. The pawnbroker shall, at the time of making a loan, require the pledgor or his agent to write his signature and address on a card bearing the serial number of the loan corresponding to that recorded in the pawnbroker's book, as provided in the last preceding paragraph. If such person is unable to write, he shall sign by mark, and in such event the pawnbroker shall record on the signature card such information as will enable him to identify the person in case of the loss of the ticket.

16. The pawnbroker shall, at such time, deliver to the pledgor or his agent a memorandum or ticket on which shall be legibly written or printed the name of the pledgor; the name of the pawnbroker and the place where the pledge is made; the article or articles pledged; the amount of the loan; the date of the transaction; the serial number of the loan; the rate of interest; and a copy of paragraphs twenty-three and twenty-five of this article. A pawnbroker may insert in such ticket any other terms and conditions not inconsistent with the provisions of this act; provided, however, that nothing appearing on a pawn ticket shall relieve the pawnbroker of the obligation to exercise reasonable care as provided in this act in the safekeeping of articles pledged with him.
17. Except as otherwise herein provided, the holder of such ticket shall be presumed to be the person entitled to redeem the pledge; and the pawnbroker shall deliver the pledge to the person presenting the ticket upon payment of principal and interest.

18. When a ticket, instead of being presented in person, is sent to the pawnbroker by mail or express, accompanied with a money order or bank draft for the amount due, including the charges for shipment as desired, and twenty-five cents for packing, the pledge shall be securely packed and forwarded by the pawnbroker in accordance with the remitter's instructions, if any. If the remittance is insufficient to cover the amount due, the charges of shipment as desired, and packing, the pawnbroker shall either notify the remitter of the amount of the deficiency or send the pledge subject to the payment of shipping charges by the consignee. The pawnbroker's liability for the pledge shall cease upon delivery thereof to the carrier or his agent.

19. Upon the presentation of the ticket, and the tender of not less than five dollars as an installment on the principal together with accrued interest, the pawnbroker shall accept the same and issue a new ticket for the reduced amount.

20. If such ticket be lost, destroyed or stolen, the pledgor shall so notify the pawnbroker in writing. The receipt of such notice shall be treated by the pawnbroker as a stop against the loan, and thereafter the provisions of the three last preceding paragraphs shall not apply to such loans. Before delivering the collateral or issuing a new ticket, in such event, the pawnbroker shall require the pledgor to make affidavit of the alleged loss, destruction, or theft of the ticket. Upon receipt of such affidavit, the pawnbroker shall permit the pledgor either to redeem the loan or to receive a new ticket upon the payment of accrued interest; and the pawnbroker shall incur no liability for so doing, unless he has previously received written notice of any adverse claim.

21. The alteration of a ticket shall not excuse the pawnbroker who issued it from liability to deliver the pledge according to the terms of the ticket as originally issued, but shall relieve him of any other liability to the pledgor or holder of the ticket.
22. If a ticket is presented to a pawnbroker which purports to be one issued by him, but which is found to be spurious, the pawnbroker may seize and retain same without any liability whatsoever to the holder thereof. Any such tickets so seized shall be delivered to the Commissioner of Banking and Insurance.

23. A pawnbroker shall not charge or receive interest on a loan in excess of two per centum per month or a fraction thereof, provided, however, he may charge a minimum of fifteen cents where the interest herein amounts to less. In no event shall any other charges be made for any reason whatsoever, except as permitted by the Commissioner of Banking and Insurance.

24. A pawnbroker, when requested for a receipt at the time of redemption, renewal or reduction of a loan, shall furnish to the person redeeming, renewing or reducing the loan, a receipt setting forth the name of the pawnbroker, setting forth his address, the date and number of the pledge, the amount of principal and interest, and the date of the payment for redemption, renewal or reduction of the loan.

25. A pawnbroker shall be liable for the loss of any pledge or part thereof, or for injury thereto, whether caused by fire, theft, burglary, or otherwise, resulting from his failure to exercise reasonable care in regard to it; but he shall not be liable, in the absence of an express agreement to the contrary, for the loss of a pledge or part thereof, or for injury thereto, which could not have been avoided by the exercise of such care. The burden of proof to establish reasonable care shall be upon the pawnbroker.

26. All unredeemed pledges shall be sold at public auction, but not before the expiration of twelve months from the date of the loan, unless otherwise agreed in writing, between the pawnbroker and the pledgor, or authorized by the Commissioner of Banking and Insurance for due cause shown.

27. All unredeemed pledges shall be sold at public auction, but not before a notice in writing shall have first been mailed subsequent to the date of maturity of the loan, to the last known address of the pledgor and at least twenty days prior to the date of such public sale.
CHAPTER 294, LAWS OF 1931

Notice shall also be published in three consecutive issues of a daily or weekly newspaper published in the city or county where the pawnbroker's business is conducted; such notice shall specify the time and place of sale and the inclusive dates and numbers of the unredeemed loans, but shall not exceed fifty agate lines of space.

28. The proceeds of such sale shall be applied for the purposes and in the order here specified; auctioneer's charges; principal and interest of the loan; and a proportionate share of the expense of publishing the notice of the sale, as well as a proportionate share of other specified written or printed notice sent by mail, determined by dividing the total expense of such inclusive notice by the number of loans sold. The surplus, if any, shall be paid, upon proof of identification, to the pledgor or anyone else who would have been entitled to redeem the pledge if it had not been sold. Notice of such surplus, if any, shall be mailed to the last known address of the pledgor, within thirty days after the sale.

29. If a surplus be not paid or claimed within five years from the date on which it accrued, it shall revert to the pawnbroker for his own use and benefit. Interest on unpaid surplus, at the rate of six per centum per annum, shall accrue only after the pawnbroker's refusal to pay the same, upon lawful demand thereof.

ARTICLE IV
MISCELLANEOUS PROVISIONS

30. A pawnbroker shall have a first lien on all pledges for the amount of his loan and interest in all cases except where the pledging or possession thereof by the pledgor constituted proven larceny at the common law, or except where a prior lien exists by virtue of any other statute.

31. Except as otherwise provided in this act, a pawnbroker shall not be required, by legal process or otherwise, to deliver a pledge except upon surrender of the ticket, unless the ticket be impounded or its negotiation enjoined by a court of competent jurisdiction.
CHAPTER 294, LAWS OF 1931

32. If more than one person shall claim the right to redeem a pledge, the pawnbroker shall incur no liability for refusing to deliver the pledge until the respective rights of the claimants shall have been adjudicated. In case that action be brought against the pawnbroker for recovery of the pledge, he may, as a defense, require all known claimants to interplead. If no action be brought against the pawnbroker by either party within the period for which he is required, under this act, to hold the pledge, or within thirty days of notice of an adverse claim, he may proceed to sell the pledge and hold the surplus, if any, subject to adjudication or other adjustment of the parties' rights.

33. A pawnbroker shall not:
(1) Accept a pledge from any person who is under the age of sixteen years.
(2) Transact any business on Sunday; nor between the hours of six o'clock in the evening and eight o'clock in the morning; provided, however, that on Saturday or any other day preceding a legal holiday, he may transact business until the hour of ten o'clock P. M.

34. Any person, partnership, association or corporation who shall violate any of the provisions of this act shall be guilty of a misdemeanor, punishable by a fine of not less than $100.00 nor more than $500.00.

35. If any section or provision of this act be decided by the courts to be unconstitutional or invalid, such adjudication shall not affect the validity of the act as a whole or of any other portion thereof, which can be given reasonable effect without the provision held to be unconstitutional or invalid.

36. All acts or parts of acts inconsistent herewith are hereby repealed.

CHAPTER 303.

An Act to amend chapter two hundred and twenty-eight of the laws of nineteen hundred and nine, being an act entitled "An act to tax the transfer of property, of resident and nonresident decedents, by devise, bequest, descent, distribution by statute, gift, deed, grant, bargain and sale, in certain cases," approved April twentieth, nineteen hundred and nine.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section one of the act of which this act is amendatory is hereby amended to read as follows:

1. A tax shall be and is hereby imposed upon the transfer of any property, real or personal, of the value of five hundred dollars ($500) or over, or of any interest therein or income therefrom, in trust or otherwise, to persons or corporations, except as hereinafter provided, in the following cases:

First. When the transfer is by will or by intestate laws of this State from any person dying seized or possessed of the property while a resident of the State.

Second. When the transfer is by will or intestate law of real property within this State or of goods, wares and merchandise within this State, and the decedent was a nonresident of the State at the time of his death.

Third. When the transfer is of property made by a resident, or is of real property within this State, or of goods, wares and merchandise within this State, made by a nonresident, by deed, grant, bargain, sale or gift made in contemplation of the death of the grantor, vendor or donor, or intended to take effect in possession or enjoyment at or after such death. Every transfer by deed, grant, bargain, sale or gift, made within two years prior to the death of the grantor, vendor or donor, of a material part of his estate, or in the nature of a final disposition or distribution thereof and without an adequate valuable consideration, shall in the absence of proof
to the contrary, be deemed to have been made in contemplation of death within the meaning of this section.

Fourth. When any person or corporation comes into the possession or enjoyment, by a transfer from a resident or from a nonresident decedent, when such nonresident decedent’s property consists of real property within this State or of goods, wares and merchandise within this State, of an estate in expectancy of any kind or character which is contingent or defeasible, transferred by an instrument taking effect after the passage of this act, or of any property transferred pursuant to a power of appointment contained in any instrument taking effect after the passage of this act.

Fifth. Whenever property, real or personal, is held in the joint names of two or more persons, or is deposited in banks or other institutions or depositories in the joint names of two or more persons and payable to either or the survivor, upon the death of one of such persons, the right of the surviving joint tenant or joint tenants, person or persons, to the immediate ownership or possession and enjoyment of such property shall be deemed a transfer taxable under the provisions of this act in the same manner as though the whole property to which such transfer relates belonged absolutely to the deceased joint tenant or joint depositor and had been devised or bequeathed to the surviving joint tenant or joint tenants, person or persons, by such deceased joint tenant or joint depositor by will, excepting therefrom such part thereof as may be proved to the satisfaction of the State Tax Commissioner by the surviving joint tenant or joint tenants, person or persons, to have originally belonged to him or them and never to have belonged to the decedent; provided, however, that in case of a nonresident decedent this paragraph shall apply only to real property within this State or goods, wares and merchandise within this State.

and no others shall be allowed: Debts of the decedent
owing at the date of death; provided, however, that in
the case of a resident decedent there shall not be allowed
a debt of said resident decedent owing for or secured
by property outside of this State except when the prop-

secured is subject to the tax imposed by this act, or
except when the foreign debt exceeds the value of the
property securing it or for which it was contracted,
when the excess may be deducted, a reasonable sum for
funeral expenses and last illness, such proportion of the
State, county and municipal taxes for the current fiscal
year upon the property as the elapsed portion of the said
year bears to a full calendar year, the ordinary expenses
of administration, including the ordinary fees allowed
executors and administrators and the ordinary fees of
their attorneys, and transfer taxes paid or payable to
other States or territories or the District of Columbia
or foreign governments on any property the transfer of
which is taxable hereunder; provided, further, however,
the amount due or paid the Government of the United
States as a Federal estate tax shall not be considered as
an expense of administration and shall not be allowed
as a deduction.

provided, however, that nothing in this act contained shall be construed to repeal or in anywise impair the provisions of an act entitled “An act to provide for the payment to counties of five per centum of transfer taxes collected,” approved April twenty-first, one thousand
nine hundred and nine, but the said act shall remain in full force and effect as though this act had not been passed; provided, further, however, that the provisions of this section shall have application only to the estate of a person whose death occurs on or after July first, nineteen hundred and twenty-seven. The estate of a person whose death occurred prior to July first, nineteen hundred and twenty-seven, shall be and remain subject to the inheritance tax laws theretofore applicable to such estate and such laws are continued in force for that purpose.

2. Section three of the act of which this act is amendatory is hereby amended to read as follows:

3. Where an instrument creates an executory devise, or an estate in expectancy of any kind or character which is contingent or defeasible, the property transferred in accordance with such executory devise, or the property in which such contingent or defeasible interest is created by any such instrument, shall be appraised immediately at its clear market value, and after deducting from such appraisement the value of the life estate, or estate for a term of years, created by such instrument, the tax on such life estate, or estate for a term of years, if taxable under this act, shall be immediately levied and assessed but the tax on the balance of said appraised value of such estate shall not be levied or assessed until the person or corporation entitled to said property comes into the beneficial enjoyment, seizin or possession thereof, and if taxable shall then be taxed. Where an instrument creates a power of appointment, the life estate, or estate for a term of years, created and transferred by such instrument, if taxable, shall be immediately appraised and taxed at its clear market value, but the appraisal and taxation of the interest or interests in remainder to be disposed of by the donee of power shall be suspended until the exercise of the power of appointment, and shall then be taxed, if taxable, at the clear market value of such property, which value of such property shall be determined as of the date of the death of the creator of the power.

shall be due and payable as provided in section five of this act. All other taxes levied and assessed as directed in this section and all taxes on any property which may be transferred to the residuary legatees, heir or next of kin of any decedent, or which may revert to the heir of any decedent by reason of the failure of any contingency upon which any remainder may be limited, shall be due and payable within two months after the person entitled to the property shall come into the enjoyment, seizin or possession thereof, and if not paid shall thenceforth bear interest at the rate of ten per centum per annum until paid. No executor or trustee shall turn over any property of an estate mentioned in this section until the tax due thereon, and interest, if any, shall have been paid to the State Tax Commissioner, and any executor or trustee who shall turn over any property prior to the payment of the tax due thereon, together with interest, shall be personally liable for such tax and interest, which said liability may be enforced by an action of debt in the name of the State of New Jersey.

The State Tax Commissioner is hereby empowered and authorized to enter into an agreement with the executors or trustees of any estate in which remainders or expectant estates have been of such a nature, or so disposed and circumstanced that the taxes therein were held not presently payable, or where the interest of the legatees or devisees were not ascertainable at the death of the testator, grantor, donor or vendor, and to compound such taxes upon such terms as may be deemed equitable and expedient; and to grant discharge to said executors and trustees upon the payment of the taxes provided for in such composition; provided, however, that no such composition shall be conclusive in favor of said executors or trustees as against the interest of such cestuis que trust as may possess either present rights or enjoyment or fixed, absolute or indefeasible rights of future enjoyment, or of such as would possess such rights in the event of the immediate termination of particular estates, unless they consent thereto, either personally, when competent, or by guardian or committee.

Provided further, however, that if the executor, trustee or the person or persons, or body politic or corporate,
beneficially interested in the property chargeable with
the tax shall elect to defer the adjustment of the taxes
until the said person or persons, or body politic or cor-
porate, shall come into actual possession or enjoyment
of the said property, such person or persons, or body
politic or corporate, or the executor or trustee, shall exe-
cute a bond to the State of New Jersey, in a penalty of
twice the amount of the tax imposed at the highest
possible rate, with such surety or sureties as the State
Tax Commissioner shall approve, conditioned for the
payment of said tax and interest thereon at such time or
period as hereinabove provided, which bond shall be filed
in the office of the State Tax Commissioner. Upon the
filing and approval of said bond, the State Tax Com-
missioner shall be authorized to issue consents permitting
the transfer of any and all property disclosed in the
proceeding.

3. Section five of the act of which this act is amend-
atory is hereby amended to read as follows:

5. All taxes imposed by this act shall be due and
payable at the death of the testator, intestate, grantor,
donor or vendor, unless in this act otherwise provided,
and if not paid within one year from the date of the
death of the testator, intestate, grantor, donor or vendor,
such tax shall bear interest at the rate of ten per centum
per annum, to be computed from the expiration of one
year from the date of the death of such testator, intestate,
grantor, donor or vendor, or until the same is paid, and
in all cases where the executors, administrators, grantees,
donees, vendees or trustees do not pay such tax within
one year from the death of the decedent, they shall be
required to give a bond to the State of New Jersey in
double the amount of the tax, conditioned to pay said
tax, and any interest which may fall due thereon, said
bond to be approved as to the form and sufficiency there-
of by the State Tax Commissioner.

All taxes levied and assessed under this act shall be
and remain a lien on all property owned by the decedent
as of the date of death until paid or secured by bond,
as provided for in the several provisions of this act.

4. Section nine of the act of which this act is amend-
atory is hereby amended to read as follows:
9. Any sum of money retained by any executor, administrator or trustee, or paid into his hands for any tax due under this act, shall be paid by him, within thirty days thereafter, to the State Tax Commissioner, and the person so paying shall be entitled to receive a receipt signed by the Treasurer of this State and countersigned by the State Tax Commissioner thereof, for such payment, which receipt shall be a proper voucher in the settlement of the account of any such executor, administrator or trustee.

Whenever the tax and interest chargeable has been paid in full or secured by bond, as is provided for in the several provisions of this act, or whenever any estate is determined by the State Tax Commissioner to be exempt from the payment of any inheritance tax to the State of New Jersey, there shall be issued to the executor, administrator or other proper representative of the estate, a statement of the fact in such form as may be adopted by the State Tax Commissioner, which statement shall include a concise but definite description of the real property disclosed in the proceeding and shall be signed by the State Tax Commissioner. Such statement may also be recorded in the clerk's office of the county in which said real property is situated, in the book which shall be kept by the clerk for such purpose, labeled "Inheritance Tax," for which recording and indexing the said clerk shall receive a fee at the same rates as those charged for recording deeds, mortgages, bills of sale, chattel mortgages and all other documents.

5. Section ten of the act of which this act is amendatory is hereby amended to read as follows:

10. Whenever any of the real estate of which any decedent may die seized shall pass to any body politic or corporate, or to any devisee or beneficiary other than the corporations, institutions and organizations specifically exempted under the provisions of this act from the tax imposed hereby, it shall be the duty of the heirs, devisees, executors, administrators or trustees of such decedent to give information thereof in writing to the State Tax Commissioner within six months after they obtain title thereto or undertake the execution of their respective duties, or, if the fact be not known to them within that
period, then within one month after the same shall have come to their knowledge.

6. Section eleven of the act of which this act is amendatory is hereby amended to read as follows:

11. Whenever any debts shall be proven against the estate of the decedent, after the payment of the legacies or distribution of property from which the said tax has been deducted, or upon which it has been paid, and a refund is made by the legatee, devisee, heir, or next of kin, a proportion of the tax so paid shall be repaid to him by the executor, administrator or trustee, if the said tax has not been paid to the State Tax Commissioner, or by the State Treasurer, if the same has been paid into the State treasury.

7. Section twelve of the act of which this act is amendatory is hereby amended to read as follows:

12. If a foreign executor, administrator or trustee shall assign or transfer any stock or obligations in this State standing in the name of a decedent, or standing in the joint names of such a decedent and one or more persons, or in trust for a decedent, liable to any such tax, the tax shall be paid to the State Tax Commissioner on the transfer thereof. No safe deposit company, trust company, corporation, bank or other institution, person or persons having in possession or under control, securities, deposits or other assets belonging to or standing in the name of a decedent who was a resident, or belonging to or standing in the joint names of such a resident decedent and one or more persons, including the shares of the capital stock of, or other interests in, safe deposit company, trust company, corporation, bank or other institution making the delivery or transfer herein provided, shall deliver or transfer the same to the executors, administrators or legal representatives of said decedent, or to the survivor or survivors when held in the joint names of a decedent and one or more persons, or upon their order or request, unless notice of the time and place of such intended delivery or transfer be served upon the State Tax Commissioner at least ten days prior to said delivery or transfer; nor shall any such deposit company, trust company, corporation, bank or other institution, person or persons deliver or transfer any securities,

deposits or other assets belonging to or standing in the name of a resident decedent, or belonging to or standing in the joint names of a resident decedent and one or more persons, including the shares of the capital stock of, or other interests in, the safe deposit company, trust company, corporation, bank or other institution making the delivery or transfer, without retaining a sufficient portion or amount thereof to pay any tax and interest which may thereafter be assessed on account of the delivery or transfer of such securities, deposits, shares of stock, or other assets, including the shares of capital stock of, or other interests in, the safe deposit company, trust company, corporation, bank or other institution, making the delivery or transfer under the provisions of this act, unless the State Tax Commissioner consents thereto in writing. And it shall be lawful for the said State Tax Commissioner, either personally or by representative, to examine said securities, deposits or assets of a resident decedent, at the time of such delivery or transfer. Failure to serve such notice or failure to allow such examination, or failure to retain a sufficient portion or amount to pay such tax and interest as herein provided shall render said safe deposit company, trust company, corporation, bank or other institution, person or persons, liable to the payment of the amount of the tax and interest due or thereafter to become due upon said securities, deposits, shares of stock, or other assets, including the shares of capital stock of, or other interests in, the safe deposit company, trust company, corporation, bank or other institution making the delivery or transfer, and in addition thereto a penalty of one thousand dollars; which liability for such tax and interest, or the penalty above described, or both, shall be enforced in an action of debt in the name of the State of New Jersey, and the same, when recovered, shall be paid into the treasury of the State of New Jersey for the use of the State; provided, there shall be no liability for the payment of such tax and interest, or for such penalty of one thousand dollars in any case where such safe deposit company, trust company, corporation, bank or other institution, person or persons shall make delivery of securities, deposits, shares of stock or other assets,
including the shares of capital stock of, or other interest in, the safe deposit company, trust company, corporation, bank or other institution making the delivery or transfer, belonging to or standing in the names of two or more persons, without knowledge or reasonable ground to believe, that one of the persons to whom such securities, deposits or other assets belong or in whose name they stand is dead.

No corporation of this State shall transfer any stock of said corporation standing in the name of or belonging to a decedent, resident or nonresident, or in the joint names of a decedent and one or more persons, or in trust for a decedent, unless notice of the time of such intended transfer be served upon the State Tax Commissioner at least ten days prior to such transfer, nor until said Commissioner shall consent thereto in writing. Any corporation making such a transfer without first obtaining the consent of the State Tax Commissioner as aforesaid shall be liable for the amount of any tax which may thereafter be assessed on account of the transfer of such stock, together with the interest thereon, and in addition thereto a penalty of one thousand dollars, which liability for such tax and interest and the said penalty prescribed may be enforced in an action of debt in the name of the State of New Jersey, said penalty, when recovered, to be paid into the treasury of the State of New Jersey.

Nothing in this section contained shall apply to the assignment or transfer of any stock or obligations of corporations of this State or of national banking associations located in this State standing in the name of or belonging to a nonresident decedent who dies on or after July first, one thousand nine hundred and twenty-six, or standing in the joint names of such a nonresident decedent and one or more persons, or in trust for such a nonresident decedent, and nothing in this section contained shall require notice of any such intended transfer of any such stock or obligations to be served upon the State Tax Commissioner or shall require the consent in writing of said Commissioner thereto.

A tax shall be assessed on the transfer of property made subject to tax as aforesaid in this State of a nonresident decedent if all or any part of the estate of such
decedent, wherever situated, shall pass to persons or corporations taxable under this act, which tax shall bear the same ratio to the entire tax which the said estate would have been subject to under this act if such nonresident decedent had been a resident of this State, and all his property, real and personal, had been located within this State, as such taxable property within this State bears to the entire estate, wherever situated; provided, that nothing in this clause contained shall apply to any specific bequest or devise of any property in this State.

8. Section thirteen of the act of which this act is amendatory is hereby amended to read as follows:

13. The State Tax Commissioner, either personally or by any of his employees, may investigate the question of the liability of any property to any tax due prior to the passage of this act, and if said Commissioner is satisfied that any taxes are due this State, he shall report such fact to the register of the prerogative court, or surrogate of the proper county, whereupon said register or surrogate shall cause said property to be taxed.

9. Section fifteen of the act of which this act is amendatory is hereby amended to read as follows:

15. When any amount of said tax shall have been paid erroneously to the State Tax Commissioner, it shall be lawful for the Comptroller of the Treasury, on satisfactory proof rendered to the State Tax Commissioner of such erroneous payments, and duly certified by him to the Comptroller, to draw his warrant on the State Treasurer, in favor of the executor, administrator, person or persons who have paid any such tax in error, or who may be lawfully entitled to receive the same, for the amount of such tax so paid in error; provided, that all such applications for the repayment of such tax shall be made within two years from the date of such payment.

or administration; and any surrogate or the register of the Prerogative Court failing to notify said Commissioner in writing of the probate of any will, or the filing of a copy of any foreign will, or the taking out of any letters of administration, shall be liable to a penalty of two hundred dollars, to be recovered in an action of debt in the name of the State of New Jersey.

11. Section seventeen of the act of which this act is amendatory is hereby amended to read as follows:

17. The State Tax Commissioner, either personally or by his assistant or other employee, is hereby empowered to examine any and all papers, documents and files which now are or hereafter may be filed or lodged with the register of the prerogative court, or with the surrogate of any county or with any other official of this State or of any municipality thereof, or with any person or corporation, for the purpose of ascertaining what, if any, property is, or shall be, liable to the payment of the tax provided for by this act.

12. Section eighteen of the act of which this act is amendatory is hereby amended to read as follows:

18. In order to fix the value of property of persons whose estates shall be liable to the payment of a tax under this act, whether the same be in the ownership of a resident or nonresident decedent, the State Tax Commissioner on the application of any interested party, or upon his own motion, shall appoint some competent person as appraiser as often as and whenever occasion may require. Every such appraiser shall forthwith give notice, by mail, to such persons as the State Tax Commissioner shall direct, of the time and place when and where he will appraise such property. He shall at such time and place appraise the same at its fair market value, and for that purpose the said appraiser is authorized to issue subpoenas and to compel the attendance of witnesses, and to take the evidence of such witnesses under oath concerning such property and the value thereof, and he shall make report thereof, and of such value, in writing to said State Tax Commissioner, together with such other facts in relation thereto as the said State Tax Commissioner may, by order, require, which report and other data required by said Commissioner shall be filed
in the office of such Commissioner, and from said report
the said State Tax Commissioner shall forthwith assess
and fix the cash value of such estate and levy the tax to
which the same is liable, and shall immediately give
notice thereof, by mail, to all parties known by said State
Tax Commissioner to be interested therein. Any person
or corporation dissatisfied with said appraisement or
assessment may appeal therefrom to the Ordinary of this
State within sixty days after the making and filing of
such assessment, on giving a bond, approved by the
Ordinary of this State, conditioned to pay said tax so
as aforesaid levied by the said State Tax Commissioner,
together with interests and costs, if the said tax be
affirmed by the Ordinary. Any person failing to attend
before an appraiser after service of a subpœna, or refus­
ing to give evidence concerning any estate, shall be liable
to a penalty of two hundred dollars, to be recovered in
an action of debt by the State Tax Commissioner.

13. Section nineteen of the act of which this act is
amendatory is hereby amended to read as follows:

19. Any appraiser appointed pursuant to the provi­
sions of this act who shall take any fee or reward, either
directly or indirectly, from any executor or adminis­

guilty of a misdemeanor, and, on conviction, shall be
punished by a fine not exceeding one thousand dollars,
or by imprisonment not exceeding one year, or both, at
the discretion of the court, and, in addition thereto, the
State Tax Commissioner shall immediately dismiss such

said appraisers shall be a sum not exceeding five dollars
per day, to be fixed and determined upon by the said
State Tax Commissioner, and to be paid out of the
treasury of this State. Such appraisers shall also be
reimbursed for all actual expenses incurred in the dis­

15. Section twenty-two of the act of which this act is amendatory is hereby amended to read as follows:

22. Whenever the State Tax Commissioner shall have reason to believe that any tax is due and unpaid under this act, after the neglect and refusal of the persons or corporations interested in the property and liable to said tax to pay the same, he shall notify the Attorney-General of this State, in writing, of such failure to pay such tax, and the said Attorney-General, when so notified, if he have probable cause to believe that a tax is due and unpaid, shall prosecute the proceeding before the Ordinary of this State, as provided for in section twenty-one of this act, and the State Treasurer shall, on the warrant of the Comptroller, and the certification of the State Tax Commissioner, pay all the expenses of said proceeding.

23. The State Tax Commissioner shall keep a record in his department of all returns made by appraisers, cash value of annuities, life estates and term of years, and the amount of all taxes assessed by him; in addition to the foregoing the said Commissioner may enter in said books all other information and data which he may deem desir-
able or proper. All returns made by appraisers and all data otherwise gathered by the State Tax Commissioner, shall be considered as privileged communications and the same shall not be exhibited for inspection to any person or persons other than the executor or the administrator or a beneficiary entitled under the terms of the last will and testament or the intestate laws to share in the estate, or the duly authorized attorney of said executor, administrator or beneficiary. Nothing in this section shall be construed as prohibiting the use of such returns made by appraisers and all data otherwise gathered by the Commissioner in legal proceedings involving the assessment, collection or abatement of taxes provided for by the various inheritance tax statutes prevailing in this State.

17. Section twenty-four of the act of which this act is amendatory is hereby amended to read as follows:

3. When any improvement resolution shall require the taking of lands and real estate or any rights or interests therein, for any of the purposes herein provided, the resolution for that purpose, when introduced, shall state the location and character of the improvement proposed to be made, the lands or real estate to be taken therefor, sufficiently described so as to be readily identified and such resolution shall be accompanied by a map prepared under the direction of such board of chosen freeholders, showing in detail the location and dimensions of such land or real estate proposed to be taken. Where any building is located wholly or partly upon the land to be
taken for highway purposes, said map shall show the location of said building, together with any building or buildings upon the remaining adjoining land of the same owner, sufficiently to enable the commissioners to determine whether it is practicable to remove said building back from the line of the land to be taken and upon the remaining adjacent land of the owner; but such representation of building by said map shall not be taken as evidence of intention to acquire title to said building with said land, and said resolution requiring the taking of land or real estate may request said commissioners if after notice and hearing as hereinafter provided they shall determine that it is practicable and to the interest of the county and just to the owner, that the title to said building shall not pass to the county with the land, but shall remain in the owner with the right of removal, that said commissioners shall determine the amount of damages payable to the owner by reason of the taking of the title to the land and the removal and restoration, as far as practicable, of such buildings as aforesaid, and considering any other items of damage in determining the difference in market values of the entire property of said owner before and after such taking, removal and restoration.

CHAPTER 322, LAWS OF 1931

3. Section six of the act to which this act is amendatory be and is hereby amended to read as follows:

6. Said commission shall attend at the time and place appointed. A majority of such commission shall constitute a quorum for the transaction of business and shall have power to make any award, but one member shall have power to adjourn any meeting. The said commission may adjourn from time to time; it shall give all parties interested or affected by the taking of any land or real estate ample opportunity to be heard on the subject of the award; said commission shall have power to examine witnesses under oath or affirmation, administered by any member of such commission. The commission shall thereupon make a just and equitable award of the damages sustained by reason of the taking of such land or real estate as the case may be, having due regard to the rights and interests of all persons concerned, considering in such award the condition of each parcel at the time of the mailing of notices as provided in section five hereof, and the condition in which each parcel will be left after the taking of such lands or real estate with or without the building, if any, thereon, and the removal and restoration as far as practicable of any such building if such removal is so determined to be practicable and in the interest of the county, and just to the owner, and in any such case the award made shall state the total amount of damages awarded and that part of the amount which is awarded for such removal and restoration. After the filing and recording of such award any such owner shall have sixty days within which to remove such building from the date of such filing and recording, and the amount awarded therefor may be paid when such building has been so removed. If not so removed, and no appeal shall have been taken from the award, such building may be removed by the county and the cost thereof may be deducted from that portion of the award, but the owner shall not be liable for any excess cost of removal above the amount awarded therefor. Where an award is made under this act said commission shall make its report in writing to the board of chosen freeholders,
which shall contain a description of every separate tract of land or real estate taken and it shall file a copy in the office of the register of deeds of the county within ten days after signing the same, there to be recorded in the record of deeds of the county, together with the proofs of the notices aforesaid, and a copy of the map accompanying the resolution of the board of chosen freeholders shall also be filed in the office where the record of deeds are kept.

Where the land to be taken for highway purposes is not for the widening of an existing road but is for an extension, cut-off or alteration which will afford to any owner of adjoining land a new frontage upon a county road so being laid out and opened, the commissioners shall consider in determining the amount of damages to be awarded to any such owner for the taking of such land or real estate, any increase in the market value of his entire tract from which such land is taken, by reason of such new road frontage given as part of the proceeding, but they shall not take into account any proposed future paving or improvement not a part of said proceedings to acquire land to open said road.

Said commissioners, in any case where a building is partly upon the land to be taken and partly upon the owner’s remaining land and where said commissioners shall deem it to the interest of the county and just to the owner that the title to the building be also acquired by the county for removal or destruction, the commissioners shall show in their award that the title to the necessary land and to the building, is to be acquired upon payment of the award, and in such case the county shall be obligated at its own cost and expense to raze or remove the building from the remaining land within sixty days from the time of payment, tender, or payment into chancery of said award as hereinafter provided, if no appeal therefrom is taken, and for that purpose the county shall have the right, after such payment or tender, to go upon the owner’s remaining land.

4. Section seven of the act to which this act is amendatory be and hereby is amended to read as follows:
CHAPTER 322, LAWS OF 1931

7. The payment of such sum into the Court of Chancery shall operate to stop the running of interest upon any award thereafter made to the amount of such deposit. The owner or owners or the board of chosen freeholders of such county, feeling aggrieved by an award for any lands or real estate taken for any such improvement, may appeal to the circuit court of the county at any time within sixty days after the filing of the report in the office of the register of deeds, and the said court shall thereupon order a trial by a struck jury to award such damages anew. Such trial shall be conducted as any other case of trial by jury in condemnation appeal actions, upon an issue to be framed under the direction of, or by the court; provided, that the completion of said improvement shall not be delayed thereby and that the county may proceed with such improvement as though such appeal had not been taken.

5. That all acts or parts of acts inconsistent with the provisions of this act be and are hereby repealed.

2. Upon a petition filed for any of the purposes specified in section one of this act, the Chancellor may, in a summary manner, proceed to inquire into the merits of the application by reference or otherwise. The doweress shall be made a party to the proceeding herein authorized, by order or otherwise as the Chancellor shall direct; and, if said doweress shall not cause her appearance to
be entered in said proceeding, the Chancellor shall appoint a guardian ad litem to represent her therein.

3. If a release, conveyance or mortgage is allowed and ordered by the Chancellor in conformity with the prayer of the petition, a bond shall be given by the owner of such lands, tenements or hereditaments to the Chancellor or to the guardian of such incapacitated person, in such penalty and with such surety as the Chancellor may direct, to secure to the guardian of any such person so entitled to a right of dower or an estate in dower assigned the enjoyment during her life of a fund equal to such an amount of the whole proceeds of the sale or other conveyance of said lands, tenements and hereditaments, or of their value, as will equal the amount of the dower to which said doweress is or shall be entitled under the law in existence at the time when her right of or estate in dower accrued or vested, or, if the dower interest be inchoate, to secure the enjoyment of such fund to the person so entitled during her life, after such dower has become fixed and assigned.

5. Whenever any person whose inchoate right of dower has been or shall be conveyed or released in accordance with the provisions of this act, and such person, having been restored to her reason and being of sound mind and understanding, shall not execute a relinquishment or release of her dower interest in such property as provided in section four of this act, the Chancellor shall have authority to ascertain and determine a sum in gross to be paid to such person in consideration of her inchoate right of dower in the lands, tenements and hereditaments as aforesaid, and to direct that such sum shall be paid to her, and that any and all other funds, money or property that may have been paid to the guardian of such person or have been retained to provide for the payment of said dower or right, or estate in dower be paid to the persons entitled thereto, as the Chancellor may ascertain and determine.

6. The Court of Chancery shall have full power to make all orders and decrees relative to the final disposition of the bond or funds aforesaid and as may be

2. The board shall have power from time to time to prescribe such duties and make such regulations for the government of the firewardens for the prevention and extinguishing of forest fires, and for the employment, discharge and pay of firewardens subject to the limitations of this act, as, in their judgment, shall be efficacious to that purpose. 3. The board may appoint, removable by said board after charges have been preferred and hearing granted, a State firewarden, not more than eight division firewardens, not more than seventy section firewardens, and not more than four hundred district firewardens with pay, and such division firewardens, section firewardens and district firewardens as may be necessary without pay; and such clerical force as may be necessary to conduct the business of the service; provided, however, that the present personnel shall continue under tenure of office existing prior to the passage of this act, and shall enjoy all of the rights and benefits of State Employees' Retirement System existing prior to the passage of this act. The board shall employ, when the emergency arises, helpers to fight forest fires. Each district firewarden may designate one or more proper persons to act as deputy or deputies in case of his absence or disability from any cause, subject to the approval of the State firewarden.

4. Under the direction of the board, the State firewarden shall administer the forest fire service, and such laws as shall deal with the protection of forests, brushland and salt marshes from fire. He shall be custodian of all property used in forest fire protection. 5. The State firewarden shall be paid not less than four thousand dollars nor more than five thousand dollars per annum. Division firewardens shall be paid not less than three thousand dollars or more than four thousand dollars. Section firewardens shall be paid not less than nine hundred dollars nor more than two thousand dollars. District firewardens shall be paid not less than twenty-five dollars and not more than fifty dollars per annum, in addition to their firefighting pay. District firewardens and their helpers shall be paid at the following rates while fighting forest fires:

District firewardens, while otherwise employed, fifty cents per hour.

 Helpers, fighting fire, one dollar for two hours or less and forty cents per hour thereafter.

 Helpers, on patrol or employed otherwise than fighting fire, forty cents per hour.

6. Firewardens shall enforce the statutes of this State for the protection of forests, brush land and salt marshes from fire. They shall have control and direction of all persons and apparatus engaged in extinguishing fires in forests, brush land, and salt marshes. They may plough land or set backfires to check any fire. They may summon any male person between the ages of eighteen years and fifty years who may live or be within the jurisdiction of such firewarden, to assist in extinguishing fires, and may also require the use of any property needed for such purpose. No person so summoned, who is physically fit, shall refuse or neglect to assist, nor shall any person refuse the use of any property or material required. No action for trespass shall lie against any person crossing or working upon lands of another to extinguish fire.

7. In any district for which firewardens have been appointed under the provisions of this act, no person shall set fire to or cause to be burned waste fallows, stumps, logs, brush, dry grass, fallen timber or anything that may cause a forest fire unless the written permission of the State firewarden, or a division, section or district firewarden has been first obtained. Such permission shall not be granted by any firewarden if, in his opinion, any forest or woodland will be endangered thereby, nor shall such permission, if granted, relieve or exonerate any person from any penalties under this act in case, by reason of such fire, any forest, brushland or salt marsh be burned; provided, however, permits shall not be necessary for burning said materials when the fire is set as a distance of not less than two hundred feet from any forest, brushland, salt marsh, or field containing dry grass or other inflammable material from which

8. No person shall set fire to or burn, or cause to be burned, any forest, brushland or salt marsh, but nothing in this section shall be interpreted to forbid any person from setting a backfire upon his own property to protect the same; provided, however, if such fire be permitted to escape, or does escape, to adjoining property, then the person setting such fire, or causing it to be set, shall be deemed to have violated the provisions of this act. Any firewarden, however, shall have the power to set any backfire. In any district in which a fire service is established any person who shall find a fire burning in a forest, brushland or salt marsh, or where the forest, brushland or salt marsh, is endangered, shall immediately extinguish the same, or being unable so to do, shall notify a firewarden.

9. No person shall obstruct, or in any wise interfere with any firewarden, his deputies, or assistants, or any one or more of them, in the performance of any duty under this act; nor shall any person wilfully or maliciously mutilate, tear down or destroy any notice concerning forest fires which has been posted under regulations of the State firewarden.

10. The owner of any woodlands, or the lessee thereof, or any contractor or employee deriving authority from the owner of such woodlands, or any person doing public work in or upon such woodlands, who shall permit or suffer the accumulation of brush or tree-tops, or any litter from felled trees, to lie or be upon such woodlands to such an extent or in such manner as to facilitate either the origin or the spread of forest fires, shall be deemed thereto to have created an extraordinary fire hazard, and to have made and maintained a public nuisance. On the complaint of a firewarden, or of any citizen, it shall be the duty of the board to cause an investigation to be made of the alleged nuisance. If, in its judgment, a situation endangering the security of adjacent property, either with reference to the possible origin or spread of forest fires, exists, it shall require the responsible party to remove such menace within a reasonable specified time, in manner directed and at his
own cost. If such removal be done by burning, all the provisions and requirements of this act shall be observed, but nothing done under this act shall operate as a release of responsibility, if fire escapes and damages the property of another. Failure to comply with the requirement of the board shall subject the offender to the penalty imposed by section eighteen of this act, which penalty shall be imposed for every period of five days, or portion of one such period, during which the requirement of the board shall be unobserved.

11. Whenever the board shall be satisfied that existing conditions tend to the origin of forest fires in any locality, it shall provide for the maintenance of patrolmen to watch for and extinguish fire in such places and for so long as such danger exists.

12. The said board shall determine whether the existence of such conditions is due to the operation of a railroad, or to the operations, actions, conduct or neglect of any other corporation, firm or individual, and the responsible party, thus determined, shall appoint and pay the wages and expenses of the patrolmen hereinafter required to be appointed and paid. If the said board shall determine the existence of the conditions referred to be due to a divided agency, the required patrolmen shall be appointed by the State firewarden, and the wages and expenses shall be apportioned by the said board among the several parties to such divided agency; provided, however, that if one of the parties to such divided agency shall be a railroad company, the patrolmen required of such railroad company shall be appointed and paid according to the provisions of this act applying to the appointment and payment of patrolmen by railroad companies.

13. Whenever the board shall make determination as set forth in sections eleven and twelve of this act, the State firewarden, upon notification by the said board to that effect, shall in writing, notify the responsible agent or agents of the determination of the said board, specifying the locality affected thereby and included within the terms of his notice, calling for the appointment of such number of patrolmen as the said State firewarden may deem to be necessary, and prescribing generally the work
Form and service of notice. The State firewarden shall fix and state, in the said notice, the time when the said notice shall become effective. In case of a railroad company, the said notice shall be served at the office of the superintendent of the division within which the affected district is located. In case of a private individual, firm or corporation, not a railroad company, the notice shall be served upon the owner, lessee, superintendent or agent, wherever found. The order of the State firewarden may be amended in any particular by the said board, either upon its own initiative or upon the request of any person or corporation affected thereby, but shall not be stayed pending application for such amendment, except upon order of the board.

To comply with notice. The person or corporation receiving such notice shall immediately comply therewith and shall at once report to the State firewarden the names of all patrolmen appointed pursuant to such order, and the names of the persons acting as foremen or superintendents thereof actually upon the work. And such person or corporation shall report to the State firewarden at such times and in such manner as he shall require, setting forth the number of men performing such duty, the places where, the times when, and the manner in which the patrol duty is being performed. If the appointment of, or service rendered by, any member of such patrol shall be unsatisfactory to the State firewarden, such patrolman shall be immediately replaced by his employer upon the request of the State firewarden.

Penalty. Any firm, person or corporation who shall or which shall fail to comply with the provisions of sections eleven, twelve, thirteen and fourteen of this act, or with the terms of such notices and orders as may be issued by the State firewarden, as provided by these sections, shall be subject to a penalty of ten dollars per day for each patrolman not on duty in accordance with such notice or order.

Emergency board. In any case where prompt action is necessary all duties and powers imposed by sections eleven, twelve, thirteen and fourteen upon the board may be performed and exercised by the executive officer of the said board, the State forester and the State firewarden, acting jointly.
in the name of said board, and the joint determinations, actions and orders of the same shall be as conclusive and effectual as though done and performed by the full board; provided, that any action of the said officials may be reviewed and modified by the board.

17. Compliance with the provisions of this act shall not operate as a bar to any suit for damages for which any person or corporation would otherwise be liable, but conformance with the provisions of this act, and compliance with the terms of any order or notice issued by the State firewarden may be shown and considered as evidence for the use of due care on the part of such person or corporation.

18. Every person who shall violate any of the provisions of this act shall be liable to a penalty of not less than fifty nor more than two hundred dollars if such violations be not willful, and to a penalty of not less than two hundred dollars nor more than four hundred dollars if such violation be willful, except as otherwise provided in this act; provided, however, that where there are mitigating circumstances the board may, in its discretion, permit the person or persons who may have violated the law to pay a sum less than the minimum fine herein imposed, at such time and in such manner as said board shall determine. Such payment when finally made shall relieve the person or persons making it of the penalty for such violation imposed by this act. The court or magistrate before whom any proceeding for the recovery of a penalty shall be brought under this act shall determine from the proof produced whether or not such violation is willful and shall fix the penalty accordingly, as herein provided. All payments on account of penalties under this act shall be made to the director of conservation and development. Any firewarden, or deputy acting in the absence or disability of a firewarden, may arrest, without warrant, any person or persons taken by him in the act of violating any of the provisions of this act, and shall proceed against such person or persons in the manner prescribed by this act.

19. Every district court in any city or judicial district of any county, and every justice of the peace in any city or county, and every police justice or recorder in
any city or other municipality, is hereby empowered, on complaint under oath or affirmation made according to law that any person or persons has or have violated any of the provisions of this act, to issue process, in the name of the Board of Conservation and Development, as prosecutor, for the use of the State of New Jersey. Said oath or affirmation, if made by a firewarden, or by a member or officer of the said board, may be upon information or belief. Said process shall be in the nature of a summons or warrant against the person or persons so charged; when in the nature of a warrant, it shall be returnable forthwith, but before any warrant shall issue out of any district court the judge thereof shall endorse upon the complaint an order in the following or similar words: "Let the warrant issue in this case." To which said judge shall sign his name; and when in the nature of a summons, it shall be returnable in not less than one or more than ten entire days. Such process shall state what section of the law is alleged to have been violated by the defendant or defendants; and on the return thereof, or at any time to which the trial shall have been adjourned, the said district court, justice of the peace, police justice or recorder shall proceed summarily to hear the testimony, and to determine and give judgment in the matter without a jury, without the filing of any pleadings, either for the prosecutor for the recovery of such penalty and costs, or for the defendant or defendants. If such judgment be for the prosecutor as aforesaid it shall be in the following or similar form:

Any prosecution brought in accordance with the provisions of this act, for violation of any of its provisions, may be brought within two years next after the date of the commission of said violation, and not afterward. In prosecutions under this act no proceedings shall be invalidated because of informality in the complaint or warrant, or because of any defect in said proceedings or in the complaint or warrant or other papers therein, which does not substantially prejudice the rights of the defendants therein.

23. All expenses incurred by the board in carrying out the provisions of this act shall be paid by the State Treasurer, on warrant of the Comptroller, upon vouchers duly approved by the commission; provided, however, such sums shall not exceed the amount annually appropriated therefor by the Legislature.

welfare board as established under the provisions of
this act.

4. Said county welfare board shall appoint, subject to
approval of the board of chosen freeholders, a director
of welfare, who shall have the qualifications as herein
provided. The county adjuster when qualified may be

He shall direct the administration of the settlement and relief of the poor under the control and supervision of said board in its jurisdiction. All employees of the county welfare board shall hold their office or employment during good behavior, and may be removed upon written charges and after a hearing, due notice of which shall be given therefor by the county welfare board, for misconduct, neglect or incompetency. county welfare board shall certify all bills and accounts,
including salaries and wages, and transmit them to the
board of chosen freeholders of the county, who shall

same manner as other charges against the county, and
shall make annually, a report of the financial manage­

welfare house and the number of persons maintained
therein, together with their recommendations to the said
board of chosen freeholders. The board of chosen free­
holders shall provide and maintain, however, a working
expense fund, raised and collected as the other expenses
are required by this act to be provided for the use of the
welfare board. Payment therefrom shall be made out
of the county treasury on the voucher of the said secre­

The county welfare board may appoint a deputy director of welfare, who shall have resided at least one year in the State, and have other like qualifications as those necessary to the appointment of directors of welfare, and be under the direction of such director of welfare, and be vested on approval of the county welfare board with the same power as a director of welfare in the distribution of relief, with like authority for the prosecution or defense in court proceedings as is now vested in a director of welfare. Where a county contains a city of the first or second class, the county welfare board of such county shall appoint an assistant director of welfare for each such city to administer the distribution of relief under the direction of the director of welfare and the supervision of the county welfare board in such territory as the county welfare board may prescribe; and to administer relief to such other municipalities as the county welfare board may deem necessary the county welfare board may appoint assistants on the staff of the director of welfare, preference of appointment to be given to experienced and fully qualified overseers of the poor.

their appointment and authority as the county welfare
board shall determine.

16. Upon the certificate of the State board that the housing conditions and accommodations are sufficient and adequate for the purpose and the approval of the State Board of Health, that the sanitary conditions are such as to properly safeguard the health of such poor persons as may be maintained therein, the board of chosen freeholders of any county may contract with any board of chosen freeholders of any other county of this
State to board and care for poor persons requiring permanent relief of such county and such contract authorized by the board, and entered into by the directors of the several counties concerned, shall provide for the permanent maintenance and relief of such poor persons, and in such case, any county so contracting, may maintain the permanent poor under its jurisdiction and authority in such welfare house in such other county with which such contract shall be entered into. The expense of such county for such purpose shall be a charge upon the county whose permanent poor shall be thus provided for, and such impost shall be a charge upon, levied, assessed and collected from the county subject to benefit therefrom by the chosen freeholders against the municipalities of the county.

RESOLUTION NOT TO BE PASSED WHEN INTRODUCED

18. Whenever any county shall propose by resolution as in this act provided, to establish a county welfare-house or to contract with another county for the relief and maintenance of the permanent poor by such other county in a welfare-house of such other county, the
resolution so providing shall not be passed at the time of its proposal, but after such proposal the action thereon shall be adjourned for at least two weeks, when it shall be finally acted upon by said board except as herein provided. Within one week after the proposal of such resolution, notice of the time and place of final action thereon to be taken shall be published twice in two newspapers of general circulation in the county, one of which is published in the county seat. The final passage thereof may be adjourned thereafter to the next regular meeting of said board of chosen freeholders.

19. Whenever any county, as hereinafter provided, by its board of chosen freeholders shall propose to establish a county welfare-house as hereinafter provided, and shall do so by resolution in the manner required in this act for the purpose, the sums of money deemed necessary to carry out the provisions of this act shall be a charge upon the municipalities of each such county to be levied, assessed and collected therefrom by the board of chosen freeholders in the same manner as other county expenses are assessed and collected.

PLACE OF SETTLEMENT AND REMOVALS THEREETO

Such minor children born in charitable or correctional institutions, or while the mother is legally an inmate thereof, whether on parole or leave of absence, shall be chargeable to the place of the settlement of the mother or father or from which they were admitted or committed, rather than to the place where that institution is located.

24. No minor who shall be brought into any county in this State, or who shall be placed out in any family therein by any person, society or corporation, public or private, of this or any other State, shall gain a settlement.

25. 26. Where permanent relief is required by any poor person in a county in which he has gained a settlement the director of welfare under the direction of the county welfare board shall commit and remove such person to the welfare-house in its jurisdiction, if there is such, or the welfare-house of another county wherein the permanent poor of said county are maintained by contract as

29. Where relief is required by a poor person in any county in which he is a resident and inhabitant, who shall not have gained a settlement in any county within this State, or in any other State, the director of welfare, under the direction of the county welfare board, shall provide relief. If it shall be ascertained that such person has no legal settlement in such county, the director of welfare shall proceed to remove such person to such place from which he came by whatever lawful proceedings may be necessary to such end with the aid of such officers as provided in this act.

30. When temporary relief is required by a poor person in any county in which he is a resident and inhabitant, whose place of settlement is in some other county in this State, the director of welfare shall provide and render temporary relief pending removal.
CHAPTER 373, LAWS OF 1931

32. Every person who heretofore has, or shall have acquired a settlement in any county, shall be chargeable as to permanent relief and be supported and maintained or relieved by such entire county, and the board of chosen freeholders shall provide for the payment of the expense thereof as other county expenses are paid.

33. If adult poor persons own the property where they reside in whole or in part, or are receiving shelter in some other suitable home or habitation, and it is possible to maintain them more adequately and profitably within the intent of this act, the director of welfare, under the direction of and subject to the approval of the county welfare board, may provide for their permanent relief, in such homes in lieu of committing or placing them in a welfare-house.

34. The director of welfare under the direction and subject to the approval of the county welfare board shall furnish such permanent relief in an amount not exceeding the rate of two hundred dollars per annum for such poor person’s maintenance and support in such home, which shall be payable monthly upon the application of the director of welfare, out of the same funds that other expenses for the relief and support of the permanent poor are paid.

35. At the expiration of six months from the time of granting such permanent relief, and every succeeding such period of time thereafter, or sooner if and when...
required by the county welfare board, the director of welfare shall render a report disclosing the conditions and circumstances and changes if any of any such case of permanent relief being furnished in the home, and if further relief is deemed by the county welfare board to be necessary and advisable in such case, such welfare board shall order the continuance of such relief for a like period of time; provided, however, that said county welfare board, may, in its discretion, summarily revoke any such order so made, and thereafter, all maintenance and relief for such poor person shall cease forthwith.

APPROPRIATIONS FOR RELIEF

36. The county welfare board shall within fifteen days after this act takes effect and becomes operative in any county meet with the board of freeholders for consideration of the estimate of the county welfare board as to the amount necessary for carrying into effect the provisions of this act for the ensuing year, and said board of chosen freeholders after due consideration of the recommendation of the county welfare board shall appropriate an amount sufficient in the judgment of said board of freeholders for this purpose.

37. On November first of each year thereafter, the county welfare board shall forward to the board of chosen freeholders an estimate of the amount necessary for carrying into effect the provisions of this act. Such additional sums may be paid from unexpended balances not required by law to be expended for a specific purpose, or from contingent funds, where such exist. Where such balances are not available or adequate, or such funds do not exist, such monies shall be raised by temporary loans or notes, certificates of indebtedness or temporary loan bonds to be issued as otherwise provided and limited by law for counties of this State, and the amounts necessary to pay such obligations shall be placed in the budget for the next ensuing fiscal year. The expenditures for relief under the provisions of this act of the temporary or outdoor poor, residing in the respective municipalities of the county, exclusive of administration expenses, shall be limited to amounts appropriated for such temporary relief by the respective municipalities of the county and included in the budgets of the respective municipalities for the ensuing calendar or fiscal year; and said respective municipalities shall include in their respective budgets appropriations adequate in the judgment of the governing bodies of such respective municipalities for such purpose, said appropriations for the relief of the temporary or outdoor poor of the respective municipalities of the county to be made available to the order of the county welfare board of the county wherein such municipalities are situate for the sole purpose of providing relief to the temporary or outdoor poor of the respective municipalities of the county, and the county welfare board of said county shall expend within the municipality so making the appropriation so much of said appropriation as may be necessary to provide for the relief of such temporary or outdoor poor as herein provided. When any such sum so appropriated has been expended or exhausted, during the year and for the purpose for which it was appropriated, the county welfare board shall notify the governing body of such municipality, which may in its discretion provide for the continuance of such relief of the temporary or outdoor poor

Any unexpended balance of such municipal appropriation shall be carried over and made available for the relief of the temporary or outdoor poor within such municipality for the next ensuing year.

TIME OF STAY OF POOR PERSON IN INSTITUTION

38. Whenever any poor person or child shall have been committed or removed to a welfare-house, such poor person or child shall be received by the director of welfare, and be supported and relieved therein until in the case of a person not a minor it shall appear that such person is no longer a poor person within the meaning of this act, when in the discretion of the county welfare board such person so removed may be discharged; provided, however, that the director of welfare under the direction of the county welfare board shall notify the New Jersey State Board of Children's Guardians of the commitment of all minor children under the age of eighteen years to the welfare-house and that the New Jersey State Board of Children's Guardians, viz: the board designated by the State board for that purpose, shall thereupon become on such admission the legal guardians of said child or children as well as when such children are thus placed elsewhere in the manner herein and otherwise provided by law.

PLACING OF POOR MINOR

39. The director of welfare under the direction of the county welfare board shall, upon application for permanent relief, if granted, commit any minor poor child, who shall have gained a legal settlement within the meaning of this act to the welfare-house, for a period not to exceed thirty days on or before which time said child or children shall be removed by said board, viz.: the agency designated by the State board for the purpose to the care of such persons or institution as is authorized by law subject to the supervision hereafter of such board
or agency. It shall be the duty, however, of the said
director of welfare to make reports in writing from time
to time to the said board or agency or any information
brought to his attention concerning the said minor poor
child.

METHOD OF REMOVAL TO PLACE OF SETTLEMENT

40. The county adjuster shall, on the application of
any director of welfare, forthwith take such necessary
steps for the removal of any poor person without this
State, or to another county, by negotiating with the
proper authority in such other State, through the Com­
missoner of Institutions and Agencies, for the reception
of such poor person, who may be properly removable to
any place in such State, and the director of welfare,
under the direction of the county welfare board in any
such county is hereby directed and authorized to take the
necessary steps looking to the removal of any poor
person from without this State, or to another county in
this State, through and by means of the aid and authority
of such county adjuster.

41. When the removal of a poor person from the
place of his domicile or where he is found to the place
of his settlement is lawful and necessary, such removal
shall be made by means of a written notice signed by the
director of welfare of the county where found to the
county welfare board having jurisdiction in the place to
which such person is to be removed, that on a day cer­
tain, not less than ten nor more than twelve days, after
the date and mailing of such notice, an order will be
made by the removing director of welfare, that such poor
person be removed to the place of his settlement, stating
the reasons therefor, the place of his settlement or the
place where he became poor prior to his becoming an
inhabitant of the municipality from whence he is to be
removed. On the day named in said notice, said order
for removal shall be made by the removing director of
welfare, and, thereafter, such poor person shall, forth­
with, be removed to the place indicated in such notice
upon the making of an order that such poor person has
no settlement in the county, in which he is a resident
or is found, and has a settlement or became poor in such
other county prior to his becoming a resident and inhabi-
tant or being found in such county from whence he is to be removed, unless within ten days after the mailing of such written notice the director of welfare of the county welfare board to whom the same shall have been mailed shall proceed to contest the allegation of the settlement of such poor person or of the right to remove such poor person to the county in which he has jurisdiction. Such contest shall be made by notice to the director of welfare giving such original notice, fixing a time and place when the contesting county welfare board, through the director of welfare, shall apply through the county adjuster to the court of common pleas of the county in which such poor person may be and from which he is to be removed when and where the court shall hear and determine the controversy, which said time and place shall not be less than ten or more than thirty days from the time of giving such original notice thereof. On failure to resist such removal by the receiving county welfare board, such receiving county welfare board may not decline to receive such poor person, but shall receive him and provide such relief as is lawful; provided, however, that for good cause shown for the failure to contest such removal the receiving county welfare board may, within thirty days after the receipt of such poor person in its county apply to the court of common pleas of the county from whence such person was removed to review the proceeding and to make such revised order and disposition for the care and relief of such poor person and his removal, if lawful, as may be proper and necessary.

42. If any director of welfare under direction of county welfare board neglects to receive or remove as in this act provided a poor person after the determination of the matter by any court of common pleas having jurisdic-
tion, the county where such neglect shall have occurred shall be liable for the expense of the support and relief of such poor person, which shall be recoverable from time to time by the county welfare board incurring the cost of such relief and support in the name of the county in an action against the county liable therefor, with costs, which action shall be prosecuted in any court of compe-
tent jurisdiction, in which such action against the offend-

USE OF OTHER AGENCIES TO REMOVE CAUSE OF DEPENDENCY

43. Wherever an application for relief shall be made upon the county welfare board in behalf of any person claiming or alleging to be poor and in distress, and if such person or any member of his family appears to be in good health and capable of earning a livelihood sufficient for the support of such poor person in whole or in part, the director of welfare shall make every possible effort to secure employment for such person and all or any other members of the same family, and shall use to that end the services of such helpers as may be appointed in his jurisdiction to aid in accomplishing such purpose and in maintaining supervision over such poor person and have contact with his employers for the purpose not only of obtaining such employment but of continuing the same, if possible, and there shall be ascertained and remedied, if possible, the causes interfering, if any, in the obtaining or continuation of such or any employment. To this end all public employment agencies or rehabilitation bureaus, or any other agencies, public, private or charitable, may be made use of by the director of welfare, under the direction of the county welfare board. Should any person for whom proper employment is found wilfully neglect to work or labor and become, or continue, chargeable to any county by reason of such failure and neglect, or any person chargeable by law for the support of any poor person shall neglect to perform reasonable work or labor, in such case the director of welfare shall proceed against such person.

CHAPTER 373, LAWS OF 1931

ARRIVAL OF ALIEN PERSONS BY SHIP OR VESSEL

46. In all cases wherein any ship or vessel shall arrive within any port, harbor or county within this State, having on board passengers or employees coming from any foreign port or place, or coming from any county within this or without this State into any county within this State, it shall and may be lawful for the county welfare board of the county at which such ship or vessel may arrive, to require of the master or commander of such ship or vessel, a bond with approved security, to the inhabitants of such county, in the sum of and not exceeding two hundred dollars, conditioned for the maintenance and support of any passenger or employee on board such ship or vessel, as aforesaid, who may be sick, infirm or otherwise incapable and a poor person within the meaning of this act, in the opinion of the said director of welfare of the county in which he may be found or brought to provide the support of such poor person.

47. If the master or commander of any ship or vessel arriving as aforesaid, shall land or suffer to be landed from on board his ship or vessel any passenger, or employee, who may be sick, infirm or otherwise incapable of providing for his or her own support, without having immediately upon arrival of such passenger, or employee, notified the director of welfare and by reason thereof such person is likely to become a public charge of such county, except by permit from the county welfare board of such county in which such poor person may be found, or brought and without first having entered into such a bond as aforesaid such master or commander so neglecting shall be liable for the expenses of the support of such poor person, which may be recovered from time to time by the county welfare board incurring such expense for the relief and care of such poor person in such county welfare board by an action in any court of competent jurisdiction in the county wherein such poor person may be for the use of the same, in an action of debt, with costs of suit, before any court having cognizance thereof.
48. The father and the grandfather, mother and grandmother, the children and grandchildren, husband and wife, severally and respectively of every poor, old, blind, lame and impotent person or other poor person or child not able to work, being of sufficient ability, shall at his, her or their charges and expenses, relieve and maintain every such poor person or child, as aforesaid, in such manner as the director of welfare under the direction of the county welfare board shall order, or the court, upon its own initiative or the information of any person, after notice to such person or persons and hearing the said director of welfare, may so order. Should any of the relatives mentioned in this paragraph fail to perform the order or directions of the director of welfare with regard to the support of such poor person, or should such poor person be supported at public expense, it shall be lawful for the court of common pleas of the county wherein such poor person may have a legal settlement, upon the complaint of the director of welfare or two residents of the county to summon the persons chargeable before it as in other actions and to summon witnesses, to order, adjudge and decree the able relatives above mentioned of any poor person or persons to pay such sum as the circumstances may require in the discretion of the court, for each poor person or persons, as will maintain and relieve him or them, and as will relieve the public from the burden of such care and maintenance. Violation of any such order of the court of common pleas shall be and is hereby declared to be a contempt of said court and the person so violating shall be subject to all the pains and penalties which by law now may be imposed for other contempts of such court. The county, through its governing body, may also bring appropriate action at law in any court of competent jurisdiction to recover any sum of money due for the relief, support and maintenance of any poor person against any person chargeable by law therefor.

49. The provisions of the foregoing section shall apply to the minor children of any mother in case her husband
shall fail to properly support and maintain such minor children, and that by reason thereof such minor children are likely to become a public charge upon the county in which they shall have gained a legal settlement.

When a physician or nurse who is employed by the governing body of any county or municipality in this State shall be called upon or notified by the county welfare board of the county wherein such municipality is situated, with the consent and co-operation of the board wherein and whereby such physician or nurse is employed, to visit any poor person who may be ill or injured, he or she shall visit the same, and render such medical aid as the case may demand. In any case where a contract for the visiting nursing care of sick poor persons in such municipalities is desired by the municipal authorities the county welfare board may enter into such contract, the cost of which is to be borne by the municipality to which the service is rendered. If it appears that such person is a poor person within the meaning of this act, then such physician or nurse attending such poor person shall report the same, in writing, to the director of welfare of such county welfare board, which may grant such further medical, surgical or other relief as the circumstances may require to the said poor person as it may deem necessary; provided, however, that in all cases wherein medical or surgical treatment is urgent, any poor person may be removed and admitted to any public or private hospital in such municipality in which he is found, and the director, or those having charge of such hospital, shall, within a reasonable time, ascertain from such sick person his name, and place of residence, and if it shall appear that he is a poor person within the meaning of the act, a notice in writing shall immediately be sent to the county welfare board of the county wherein the municipality is situate from which such poor person resided prior to such removal and admittance. 51. If at any time it shall be ascertained that any person who has been assisted by or received support from any municipality or county has real or personal property over and above that necessary for the maintenance in whole or in part of such poor person, if such poor person shall be maintained by the county at home, or over and above that sufficient for his family, or if any such person shall die, leaving real or personal property, an action may be maintained in the court of common pleas of the county by the board of freeholders who has furnished or provided such assistance or support, or any part thereof, against such person or his or her estate, to recover such sums of money as may have been expended by the county in the assistance and support of such person during the period for which such support was furnished, and if any person should die having received relief or maintenance as a poor person, having insurance upon his life, the proceeds of such insurance, after the payment of the expense of the last illness and the funeral expenses of such person, if the terms of the policy so permit, shall be first applied to the reimbursement of the county, for the cost of the support and maintenance of such person, but no action shall lie, nor shall any appropriation of said insurance be made against any estate when it shall be shown to the satisfaction of the court that the proceeds thereof, or the estate, are needed to prevent the widow or minor children of the said poor person from becoming dependent upon the public.
UNLAWFUL TO TRANSFER POOR TO IMPROPER PLACE

52. It shall be unlawful to furnish any non-resident, who may be sick, aged, injured or crippled, with transportation at the cost of the county until the director of welfare of the county welfare board of such county shall have ascertained the legal residence of the person applying; and any transportation furnished to such person or persons shall be to their legal residence, when it shall appear that the person in distress has some valid claim for support or some means of support in some other place to which he or she shall ask to be sent.

DEATH AND BURIAL OF POOR

53. If any person shall die in any county, who shall not leave money or other means necessary to defray his or her funeral expenses, it shall be the duty of the director of welfare under direction of the county welfare board of such county to employ some person to provide for and superintend the burial of such deceased person and to contract with any cemetery association to provide a place for such burial, the necessary and reasonable expenses as fixed by the governing body chargeable with the expense shall be paid by it upon the order of such county welfare board.

54. Any county may acquire by devise, gift, purchase, condemnation or in any other manner, such land as in the judgment of the governing body may be necessary and proper for a burial ground for those who may die therein without leaving means necessary to defray their funeral expenses. Such lands may be within the boundaries of an existing cemetery. If in the opinion of the governing body the amount of such cost will be too burdensome to be borne by the taxpayers in any one year, they may issue bonds therefor, in the same manner as other county bonds are issued pursuant to law.

employment shall be provided for such of the inmates as are able to work. Inmates afflicted with any tubercular disease shall be separated from the other inmates and cared for in separate dwellings.

56. In every welfare-house, or other institutions for the reception and maintenance of poor persons in this State, females shall be kept separate from males at all times in their living rooms, bedrooms, toilets, halls, stairways and outbuildings; and it shall be the duty of the municipal bodies to provide the accommodations necessary to carry out the intentions of this act; provided, however, that the provisions of this act shall not apply to persons who are lawfully married and living together as man and wife, and who shall now or hereafter become inmates of such welfare-house, or other institutions.

The person in charge of every institution for the poor in this State shall keep a book, to be provided by the authority charged with the care of the institution, in which book he shall enter from time to time the name, date of the commitment, age, sex, color, description, physical and mental condition, education, habits, occupations, condition of ancestors and family relations, cause of dependence, birthplace and date of discharge, or of death and place of burial of each and every person coming into the care of such institution, and such other records as may be prescribed by the State Board of Health and the Bureau of Vital Statistics, together with any other information or data about them as prescribed by the commissioner, and said book shall be open to the inspection of the public at all times.

58. For the wrongful neglect or refusal to keep the said book according to the requirements of this act, or for the willful alteration of any entry in the same, or the willful mutilation or destruction thereof, the said person in charge shall be liable to a penalty of twenty-five dollars, to be recovered in an action of debt in any court of competent jurisdiction, together with the costs of suit, by the welfare-board controlling said institution, for the use of the said county.
59. In order to meet the expense of erecting additions to or new buildings or accommodations at any county almshouse buildings or welfare-houses, or making repairs to any such buildings or providing proper furniture therefor or apparatus for lighting, heating, or otherwise fitting up the same, the board of chosen freeholders of any county lawfully authorized to maintain welfare-houses, may from time to time issue bonds in the manner otherwise provided by law in the corporate name and under the corporate seal of said county.

DESERTION OF FAMILY

60. If any husband or father shall desert his wife or children, or if any woman shall so desert her child or children and leave them, or any of them, as public charges, the director of welfare may apply to the Domestic Relations Court or in the absence thereof to the Court of Common Pleas of the county, and the said court may order such suitable support and maintenances to be paid and provided by the said husband or wife, or either of them, to be made out of his property, and for such time as the nature of the case and circumstances of the parties render suitable and proper in the opinion of the court, and may compel the defendant to give reasonable security for such maintenance and support, and from time to time to make such further orders touching the same as shall be just and to enforce such orders; to issue process for the immediate sequestration of the personal estate and the rents and profits of the real estate of the party so charged, and to appoint the director of welfare, or another person, receiver thereof, and cause such personal estate and the rents and profits of such real estate, or so much thereof as shall be necessary, to be applied toward such maintenance and support as to the said court, shall, from time to time, seem reasonable and just, and to enforce the same by proceedings as for contempt. Such orders may be revised and altered by the court from time to time as circumstances may require.

61. Service in the absence of said party so charged and the method of procedure shall be such as is provided in sections twenty-five, twenty-six and twenty-seven of
an act entitled “An act providing for divorces and for decrees of nullity of marriage and for alimony and the maintenance of children” (Revision of 1907).

62. The said county welfare board through the director of welfare, may bring an action at law from time to time in said court, in the same manner as actions are prosecuted on contract, for such amount as may be necessary to pay any expense incurred or unpaid, and upon recovery of judgment and the sale of any property, real or personal, of the defendant, the proceeds realized thereon as in other cases on contract shall be paid to such county welfare board and applied by it for the support and maintenance of such deserted persons, or to reimburse the county or welfare board to the extent of the expenditures so made by it for such support and maintenance. Such sum so realized on execution sale and not immediately used shall be kept by said county welfare board in a separate account in a National or State bank in the place where said deserted wife or children, or any of them, are placed, or maintained. All surplus proceeds not expended for such purpose shall be the property of and payable to the said defendant.

63. Any husband or father, who shall willfully desert his wife or children, or any of them, or any woman who shall willfully desert her children, or any child who shall willfully desert his or her parents, or any of them, or either of whom who refuses or neglects to provide and maintain any such persons so deserted or neglected, shall be deemed and adjudged a disorderly person, and if any director of welfare otherwise having jurisdiction in such cases believes that such desertion or willful refusal or neglect to so provide for any such wife, children and parents, or any of them, will cause such family to become chargeable as poor persons to any county, it shall be his duty to make complaint thereof, under oath, before a magistrate having jurisdiction in the county where such persons reside or in the place where such father, husband or child resides.

64. The proceedings against any husband, father, mother or child before such magistrate shall be in the manner provided in an act entitled “An act concerning disorderly persons” (Revision of 1898), approved June
fourteenth, one thousand eight hundred and ninety-eight, approved May twenty-third, one thousand nine hundred and six, including the proceeding for the apprehension and appearance of such person so complained of. Such proceedings in such case where persons are chargeable as poor may be applied by the county welfare board through its agents, in the same manner as in section sixty-three set forth and in the act referred to.

65. A bond to the State of New Jersey may be required by such magistrate, with good and sufficient sureties, to be approved by him in the sum directed on the warrant, conditioned for his or her appearance before the magistrate who issued said warrant, at a time therein to be named, to answer said complaint, and abide all orders, judgments and decrees that may be made against such defendant touching said complaint.

66. Any such husband or father who deserts or willfully neglects or refuses to provide for and maintain his said wife or children, or any mother who so deserts or so willfully neglects or refuses to provide for and maintain her children, or any child who so deserts or willfully neglects or refuses to provide for and maintain his or her parents, who shall be in consequence thereof adjudged a disorderly person shall be committed to the workhouse or county jail of the county in which such person resided at the time of the desertion, for a period not exceeding sixty days in the discretion of said magistrate.

67. Wherever necessary to carry out the provisions of any and all laws relative thereto, the functions and powers heretofore vested in and the duties required of, and heretofore exercised by the overseer of the poor, are transferred to, and vested in, and shall be exercised by the director of welfare, under the direction of the county welfare board.

68. None of the provisions of this act shall be construed or held to repeal any of the provisions of the act entitled “An act concerning disorderly persons” (Revision of 1898), and the several supplements thereto and amendments thereof, nor the provisions of “An act establishing a court for the trial of juvenile offenders and defining its duties and powers,” approved April
eighteenth, one thousand nine hundred and three, and the several supplements and amendments thereof, nor an act entitled "An act to provide for the appointment of probation officers and defining their duties and powers," approved April second, one thousand nine hundred and six, and the various amendments and supplements thereto, nor "An act concerning the charitable, correctional, reformatory and penal institutions, boards and commissions, located and conducted in this State which are supported in whole or in part from county, municipal or State funds," approved February twenty-eighth, one thousand nine hundred and eighteen, and the various amendments and supplements thereto, nor an act to amend an act entitled "An act to amend an act entitled 'An act for the settlement and relief of the poor (Revision of 1911),'" approved March twenty-seventh, one thousand nine hundred and twenty-eight," nor "An act for the creation of the State Board of Children's Guardians and for defining their duties and powers with respect to the maintenance, care and general supervision over indigent, helpless, dependent, abandoned, friendless and poor children now or hereafter becoming public charges of this State," approved March twenty-fourth, one thousand eight hundred and ninety-nine, and the various amendments and supplements thereto, but the functions, powers and duties heretofore exercised by the overseer of the poor therein are transferred to, vested in, and shall be exercised by the director of welfare under the direction of the county welfare board.

69. All acts and parts of acts, general, special and local, inconsistent with the provisions of this act be and the same are hereby repealed; provided, however, that nothing in this act shall be construed to alter, change or repeal the existing statutes affecting settlement and indigency in any county of this State, concerning the commitment, care and maintenance of the insane or the settlement or indigency of any alleged insane, epileptic, feeble-minded, or idiotic person and any existing statutes relating to the welfare of children or to provide home life for dependent children, except insofar as in conflict herewith and except that the functions and powers heretofore vested in and the duties required of and hereto-
fore exercised by the overseer of the poor under the provisions of any existing statutes, are transferred to, vested in, and shall be exercised by the director of welfare under the direction of the county welfare board.

70. Any part or parts of this act which may be found to be invalid or unconstitutional shall be severable, and the remainder of the act shall stand, and the provisions contained in this act shall not be construed to be exclusive and shall not be construed to repeal other provisions of the law not inconsistent herewith. Any particular grant of power contained in this act shall be held to be in specification but not in limitation of general powers.

71. Nothing in this act, however, shall operate to repeal or nullify the provisions of an act entitled "An act regulating the employment, tenure and discharge of certain officers and employees of this State and of the various counties and municipalities thereof, and providing for a civil service commission and defining its powers and duties," approved April tenth, one thousand nine hundred and eight, and the acts supplementary thereto and amendatory thereof.

Public notice thereof, as required by law, shall be given by the board of chosen freeholders of each respective county of the State by publication, not less than thirty days prior to said election, in one or more newspapers published and circulated in each said respective county, at least one of which is published in the county seat. At the said general election there shall be printed upon each official ballot the following: "If you favor the taking effect of the act entitled below, make an X or + mark in the square to the left of and opposite the word 'yes'; if you are opposed thereto make an X or + mark in the square to the left of and opposite the word 'no.'"

The fact and date of the approval or passage of this act, as the case may be, shall be inserted in the appropriate place after the title in said ballot.

If the voter makes an X or + mark in black ink or black pencil in the square to the left of and opposite the word "yes", it shall be counted as a vote in favor of the adoption of this act.

If the voter makes an X or + mark in black ink or black pencil in the square to the left of and opposite the word "no", it shall be counted as a vote against the adoption of this act, and in case no mark shall be made in the square to the left of and opposite the word "yes" or "no" it shall not be counted as a vote for or against the adoption of this act.

If the applicant shall have been denied the right to register, then on the receipt of such order, the commissioner of registration shall forthwith notify such applicant to appear before him, on the day following the election or thereafter, in order to be registered, in accordance with the provisions of the act to which this act is an amendment.

**BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:**

1. It shall be unlawful for any person or persons, corporation or corporations, to erect, set, operate or maintain any fish pound net or nets in the waters of the Atlantic Ocean, within three nautical miles from the coast line of this State, without first obtaining a license for such purpose as hereinafter provided.
2. Applications for licenses for the purpose mentioned in the first section of this act shall be made to the Board of Fish and Game Commissioners. Said board shall, upon the payment to them of the sum of fifty dollars, for each fish pound net to be erected or set in the Atlantic Ocean, as a license fee, issue to the person or persons, corporation or corporations, applying therefor and paying said sum as aforesaid, if entitled thereto under the provisions of this act, a license duly signed by the secretary of said board to erect, set, operate and maintain a fish pound net in the waters above specified. The method of numbering and identification of pounds shall be such as may be determined by the Board of Fish and Game Commissioners. No pound, except pounds heretofore established, shall be set, erected, operated or maintained in the Atlantic Ocean within one and one-half miles of any other pound, said measurement to be parallel with the coast line; provided, however, that such fish pound nets shall have a minimum mesh not smaller than two inches; and any person or persons, corporation or corporations erecting, setting, operating or maintaining any fish pound net, the mesh whereof shall measure less than two inches, shall forfeit the license so as aforesaid issued, and such nets so found to be in violation of the provisions hereof shall be forfeited and destroyed in a proceeding instituted for that purpose by the Board of Fish and Game Commissioners in the Common Pleas Court of the county wherein such net or nets are located.

Any person or persons, corporation or corporations operating any such fish pound net shall, at the time of emptying any such net, return to the waters wherein such net is located, any codfish or striped bass measuring less than ten inches in length, any blue fish or weakfish measuring less than nine inches in length, any sea bass or kingfish measuring less than eight inches in length, any blackfish, mackerel or porgie measuring less than seven inches in length, any flounder or butterfish measuring less than six inches in length, where such small fish exceed in number five per centum of the total catch.

No such license shall be issued to any corporation unless such corporation is a domestic corporation, all of the shares of stock of which are held by bona fide residents of this State, and if at any time any stock of any such corporation shall become the property of any non-resident of this State, the license of such corporation shall immediately become void; provided, however, that if the holder of any stock of any such corporation, being a resident of this State, shall become a non-resident of this State or transfer any such stock to a non-resident of this State, the stock so becoming the property of such non-resident of this State shall be sold by such corporation at public sale to a resident of this State for the best price that can be so obtained, and out of the moneys arising therefrom said corporation may retain and pay all necessary incidental charges, rendering the overplus, if any, unto such non-resident of this State upon demand at the office of said corporation in this State. 4. On or before the thirtieth day of January in each year the owner or owners of each pound net shall make a detailed report, under oath or affirmation, for the
preceding year, to the Board of Fish and Game Commissioners, on blanks furnished by the Board of Fish and Game Commissioners, setting forth the approximate value of each pound, the number of men employed or engaged in operating such pound, the number of pounds of fish caught and disposed of, and the proceeds derived from the sale of the fish caught, and upon failure to file such report within the time herein limited, any license granted under this act may be revoked by such board after notice and hearing.

5. Any person or persons, corporation or corporations, violating any of the provisions of this act shall be liable to a penalty of two hundred dollars, which shall be recoverable by the persons authorized and in the manner provided by an act entitled "An act to provide a uniform procedure for the enforcement of all laws relating to fish, game and birds, and for the recovery of penalties for violations thereof," approved March twenty-ninth, one thousand eight hundred and ninety-seven, and the acts amendatory thereof and supplemental thereto.

4. Any person after being notified of his classification by any county official and being dissatisfied with or with the classification of other bidders, may request in writing a hearing before such county official, and may present such further evidence with respect to the financial responsibility, organization, plant and equipment, or experience of himself or other bidders as might tend to justify a different classification. Where request is made for the change of classification of another bidder the applicant shall notify such bidders by registered mail of the time and place of hearing, and at the hearing shall present to the county official satisfactory evidence to the effect that such notice was served as herein required, before any matters pertaining to a change of classification of such bidder shall to taken up by such county official. No change in classification to be effective for any public work, the letting of which has been duly advertised, shall be made unless a written request as aforesaid shall have been received at least twenty days preceding the final day for submission of bids. All such requests for change in classification and notice of any action sent by registered mail to
the parties directly affected thereby, must be acted upon by the county official concerned at least eight days prior to the date fixed for the next opening of bids on any contract or contracts for which such persons might be qualified to bid as a result of such reclassification.

4. There is hereby established a board of review upon classification and reclassification of bidders. This board shall consist of the county official concerned, or one member of any board, commission, committee, department or other branch of the county government concerned, such member to be designated by the board, commission, committee, department or other branch of the county government concerned, a judge of the court of common pleas of such county and a citizen of such county to be designated by the presiding judge of such county; provided, that in all counties having a county supervisor, such supervisor shall be a member of the board of review instead of such citizen. Requests under this section may only be made after hearing as provided in section four before the State official concerned, except as hereinbefore expressly provided; and in order for any change in classification by the board to be effective for public work already advertised, such request must be filed not less than five days prior to the final day for submission of bids, and said board shall hold a hearing and act upon said request not less than two days prior to the date fixed for the next opening of bids on any contract or contracts for which such persons might be qualified to bid as a result of such reclassification.

6. Nothing herein contained shall be construed as depriving any county official of the right to reject any bidder at any time prior to the actual award of a contract, where there have been developments subsequent to the qualification and classification of any such bidder or bidders, which in the opinion of the awarding official would affect the responsibility of such bidder or bidders. Before taking final action on any such bid, the county official concerned shall notify the bidder and give such person an opportunity to present any additional information which might tend to substantiate the existing classification. No person shall be qualified to bid on any contract who shall not have submitted a statement as required by section two hereof, within a period of six months preceding the date of opening of bids for such contract.

7. Any person who makes, or causes to be made, any false, deceptive or fraudulent statement in the questionnaire required to be submitted, or in the course of any hearing under this act, shall be guilty of a misdemeanor, and upon conviction shall be sentenced to pay a fine of not less than one hundred dollars ($100), nor more than one thousand dollars ($1000), and shall be permanently disqualified from bidding on all public work of the county wherein such questionnaire is submitted; or, in the case of an individual or the officer or employee charged with the duty of making such questionnaire for a person, firm, copartnership, association or corporation,

8. Awarding officials shall cause the forfeiture as liquidated damages to the county of any certified check or checks, or certificate or certificates of deposit deposited by any person who makes or causes to be made any false, deceptive or fraudulent statement in the questionnaire required to be submitted, or in the course of any hearing under this act.

9. 10. No action for damages out of any court of competent jurisdiction shall lie against any county official because of any action taken by virtue of the provisions of this act.

except as far as the section or provision so declared unconstitutional or invalid shall be inseparable from the remainder or any portion thereof.

All Commissioners shall continue to hold office after the expiration of the terms for which they are appointed or elected unless and until their respective successors are appointed and qualified, but no period during which any Commissioner shall hold over shall be deemed to be an extension of his term of office for the purpose of computing the date on which his successor's term expires.
ARTICLE III

ARTICLE IV

For the effectuation of its authorized purposes the Commission is hereby granted the following powers:

(a) To have perpetual succession.
(b) To sue and be sued.
(c) To adopt and use an official seal.
(d) To elect a chairman, vice-chairman, secretary and treasurer, and to adopt suitable by-laws for the management of its affairs. The secretary and treasurer need not be members of the Commission.

(f) To enter into contracts.
(g) To acquire, own, hire, use, operate and dispose of personal property.
(h) To acquire, own, use, lease, operate and dispose of real property and interests in real property, and to make improvements thereon.

(j) To borrow money upon its bonds or other obligations, either with or without security.
(k) To exercise the right of eminent domain.
(l) To determine the exact location, system and character of and all other matters in connection with any and all improvements or facilities which it may be authorized to own, construct, establish, effectuate, operate or control.

(n) To all other powers not inconsistent with the constitutions of the two States or of the United States, which may be reasonably necessary or incidental to the effectuation of its authorized purposes or to the exercise of any of the foregoing powers, except the power to levy taxes or assessments, and generally to exercise in connection with its property and affairs, and in connection with property within its control, any and all powers which might be exercised by a natural person or a private corporation in connection with similar property and affairs.

ARTICLE V

If for any of its authorized purposes (including temporary construction purposes) the Commission shall find it necessary or convenient to acquire any real property in the Commonwealth of Pennsylvania or the State of New Jersey, whether for immediate or future use, the Commission may find and determine that such property, whether a fee simple absolute or a lesser interest, is required for public use and, upon such determination, the said property shall be deemed to be required for a public use until otherwise determined by the Commission; and with the exceptions hereinafter specifically noted the said determination shall not be affected by the fact that such property has theretofore been taken for, or is then devoted to, a public use, but the public use in the hands or under the control of the Commission shall be deemed superior to the public use in the hands or under the control of any other person, association or corporation.

If the Commission is unable to agree with the owner or owners thereof upon terms for the acquisition of any such real property in the Commonwealth of Pennsylvania for any reason whatsoever, then the Commission may...
acquire such real property in the manner provided by Act No. 338 of the Commonwealth of Pennsylvania, approved July 9, 1919, and acts amendatory thereof and supplementary thereto, for the acquisition of real property by the aforesaid Pennsylvania Commission.

If the Commission is unable to agree with the owner or owners thereof upon terms for the acquisition of any such real property in the State of New Jersey for any reason whatsoever, then the Commission may acquire, and is hereby authorized to acquire, such property, whether a fee simple absolute or a lesser interest, by condemnation or the exercise of the right of eminent domain, either under and pursuant to the provisions of the act of the State of New Jersey entitled, "An act to regulate the ascertainment and payment of compensation for property condemned or taken for public use" (Revision of 1900), approved March 20, 1900, and acts amendatory thereof and supplementary thereto, or under and pursuant to the provisions of an act entitled, "An act concerning and regulating acquisition and taking of lands by the State of New Jersey or any agency thereof, providing a procedure therefor and the manner of making compensation for lands so taken," approved April 21, 1920, and the various acts amendatory thereof and supplementary thereto.

The power of the Commission to acquire real property by condemnation or the exercise of the power of eminent domain in the Commonwealth of Pennsylvania and the State of New Jersey shall be a continuing power and no exercise thereof shall be deemed to exhaust it.

The Commission and its duly authorized agents and employees may enter upon any land in the Commonwealth of Pennsylvania or the State of New Jersey for the purpose of making such surveys, maps or other examinations thereof as it may deem necessary or convenient for its authorized purposes.

However, anything to the contrary contained in this compact notwithstanding, no property now or hereafter vested in or held by any county, city, borough, village, township or other municipality, or port district, shall be taken by the Commission without the consent of such municipality or port district, unless expressly authorized.
so to do by the Commonwealth or State in which such municipality or port district is located. All counties, cities, boroughs, villages, townships, and other municipalities, and all public agencies and commissions of the Commonwealth of Pennsylvania and the State of New Jersey, notwithstanding any contrary provision of law, are hereby authorized and empowered to grant and convey to the Commission upon its request, but not otherwise, upon reasonable terms and conditions, any real property which may be necessary or convenient to the effectuation of its authorized purposes, including real property already devoted to public use.

The Commonwealth of Pennsylvania and the State of New Jersey hereby consent to the use and occupation by the Commission of any real property of the said two States, or of either of them, which may be, or become, necessary or convenient to the effectuation of the authorized purposes of the Commission, including lands lying under water and lands already devoted to public use.

The term “real property” as used in this compact includes lands, structures, franchises and interests in land, including lands under water and riparian rights, and any and all things and rights usually included within the said term and includes not only fees simple absolute, but also any and all lesser interests such as easements, rights of way, uses, leases, licenses and all other incorporeal hereditament, and every estate, interest or right, legal or equitable, including terms of years and liens thereon by way of judgments, mortgages or otherwise, and also claims for damage to real estate.

The said board of chosen freeholders shall have power to purchase and lease real property therefor, including any municipal almshouse suitable therefor, or acquire such property and easements therein by lease, purchase, or condemnation, and the powers of eminent domain may be exercised as provided by “An act to regulate the ascertainment or payment of compensation for property condemned or taken for public use” (Revision of 1900), and the supplements thereto and the amendments thereof. They shall have power to erect all necessary buildings, make all necessary improvements and repairs, and alter any existing building for the use of said home; provided, that the plans for such erection, alteration or repair shall first be approved by the State Board of Health and the State Board. They shall have power to cause to be levied, assessed and collected from the municipalities of the county participating in such purpose such sums of money as shall be deemed necessary at first and annually thereafter to provide suitable land, buildings and improvements for said welfare-houses and for the maintenance thereof, and for all other necessary expenditures therefor, and the expenses of the county welfare board and its agents as authorized and required in this act, and to borrow money for the erection or purchase of such welfare-houses, and for the purchase of a site for such welfare-houses, on the credit of the county or portion thereof as provided in this act, and issue obligations therefor in such manner as it may do for other county purposes. The chosen freeholders shall have power to accept and hold in trust for the county, or portion thereof so participating, any grant or devise of land, or any gift or bequest of money, or other personal property, or any donation to be applied, principal or income, or both, for

2. Section three of the act to which this act is amendatory, is hereby amended so as to read as follows:

3. When the board of chosen freeholders shall have determined to establish a welfare-house for the permanent maintenance and relief of the poor of any county or portion thereof, and shall have acquired a site therefor, and shall have awarded contracts for the necessary buildings and improvements thereon, or shall have resolved to maintain and operate a welfare-house as provided in this act, there shall be constituted and appointed a welfare board composed as follows: Five citizens of the county or municipalities participating, at least two of whom shall be women, to be appointed by the board of chosen freeholders, who, with two designated members of the board of chosen freeholders and the county adjuster, when not serving as director of welfare, as ex-officio members, shall constitute the county welfare board and managers of said welfare-house. Members shall hold their offices for five years except that the first appointments shall be respectively for one, two, three, four and five years, which terms as to duration shall be in the order of appointments as made and indicated. Vacancies in such offices shall be filled for the unexpired term only. The holding of any other office by any member of said welfare board shall not constitute such holding as incompatible with his office as member of such welfare board. They shall receive no compensation for their services but shall be allowed their actual and necessary expenses, on the approval of the director, all of which shall be audited and paid in the same manner as other expenses are paid in and for such county. Said county welfare board as the county bureau of relief shall have charge and supervision of the relief and settlement of the poor in its jurisdiction, subject to the provisions of the act to which this act is amendatory. The county adjuster when qualified may be appointed for this office, but when so appointed shall not serve as an ex-officio member of the county welfare board.

4. Section thirty-one of the act to which this act is amendatory is hereby amended so as to read as follows:

31. The overseer shall determine who are to be relieved by him, subject to appeal by any person on at least five days' notice to the Court of Domestic Relations or in the absence thereof to the Court of Common Pleas of the county, by petition, in writing, for a summary review and determination by the court of the action of the overseer as to the extent and amount of relief, if any, to be given or rendered.

5. Section thirty-six of the act to which this act is amendatory is hereby amended so as to read as follows:

36. Overseers shall keep a record of all receipts and expenditures on their part or that of their subordinates. On such record shall be also entered the name of those responsible by law for the support of such poor person and any relative agreeing or likely to agree to contribute in whole or in part, or assist in the support of such poor person. In case of the commitment or admission of any such person or a member of his family, through the agency of the overseer, or his assistants to any almshouse or welfare-house, or other institution or family, he shall file a copy thereof, or a record of such admission or commitment, with the commissioner at his office at Trenton, and in the case of an infant, a record thereof shall be, within the same time, filed with the New Jersey State Board of Children's Guardians at its office. Such filing within the time limited may be by registered mail. Such overseers and deputies shall keep a book setting forth therein all moneys, goods and materials received by them, when and by whom received, and to whom paid out and delivered and, in addition thereto, a separate book of orders for relief, with stubs attached. Such printed order and stubs shall show the name, residence, when issued, the amount and kind of relief expended, and by whom issued and delivered. Such order shall be endorsed by the recipient and the person furnishing such relief as made.

6. Section thirty-seven of the act to which this act is amendatory is hereby amended so as to read as follows:

37. In all cases where there are relatives and others not otherwise chargeable by law who are able and willing to support and maintain or contribute to the support and maintenance of any poor person, the overseer or his deputies are authorized to enter into contract with such relatives in consideration of the support and maintenance of such poor person whereby such relatives may undertake and obligate themselves to that end, or induce such aid and support as may be possible. In all cases where a person is removed to the almshouse or welfare-house or receives permanent relief by the order of the overseer or his deputy, such order and commit-

overseer of the poor otherwise having jurisdiction in such cases believes that such desertion or willful refusal or neglect to so provide for any such wife, children and parents, or any of them, will cause such family to become chargeable as poor persons to any county, municipality or joint county district, it shall be his duty to make complaint thereof, under oath, before a magistrate having jurisdiction in the municipality, county or district where such persons reside or in the place where such father, husband or child resides.

CHAPTER 393.

An Act to amend the title and the body of an act entitled ‘An Act for the settlement and relief of the poor, and providing for county relief (Revision of 1931)’, approved April twenty-fourth, one thousand nine hundred and thirty-one.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The Title of the act to which this act is amendatory is hereby amended so as to read as follows: “A Supplement to an Act entitled ‘An act for the settlement and relief of the poor, and providing for municipal, county or joint county relief, excepting from county or joint county relief, certain municipalities (Revision of 1924)’, approved March eleventh, one thousand nine hundred and twenty-four.”

2. Section thirty-six of the act to which this act is amendatory, is hereby amended so as to read as follows:

36. The county welfare board shall within fifteen days after this act takes effect and becomes operative in any county meet with the board of freeholders for consideration of the estimate of the county welfare board as to the amount necessary for carrying into effect the provisions of this act for the ensuing year, and said board of chosen freeholders after due consideration of the recommendation of the county welfare board shall appropriate an amount sufficient in the judgment of said board of freeholders for the relief of the permanent or indoor poor within their jurisdiction. The county welfare board shall within fifteen days after this act
takes effect and becomes operative in any county meet
with the governing bodies of the municipalities of such
county for consideration of the respective estimates of
amounts necessary for providing temporary or outdoor
relief in said respective municipalities, which said
governing bodies shall appropriate amounts sufficient
in their respective judgments to meet such estimated
expenditures for the relief of the temporary or outdoor
poor in said respective municipalities for the ensuing
year.

3. Section thirty-seven of the act to which this act is
amendatory, is hereby amended so as to read as follows:

Where such balances are not available or adequate, or such funds do not exist, such monies shall be raised by temporary loans or notes, certificates of indebtedness or temporary loan bonds to be issued as otherwise provided and limited by law for counties of this State, and the amounts necessary to pay such obligations shall be placed in the budget for the next ensuing fiscal year. The expenditures for relief under the provisions of this act of the temporary or outdoor poor, residing in the respective municipalities of the county, exclusive of administration expenses, shall be limited to amounts appropriated for such temporary relief by the respective municipalities of the county and included in the budgets of the respective municipalities except as herein provided for each ensuing calendar or fiscal year; and said respective municipalities shall include in their respective budgets appropriations adequate in the judgment of the governing bodies of such respective municipalities for such purpose, said appropriations for the relief of the temporary or outdoor poor of the respective municipalities of the county to be made available to the order of the county welfare board of the county wherein such municipalities are situate for the sole purpose of providing relief to the temporary or outdoor poor of the respective municipalities of the county, and the county welfare board of said county shall expend within the municipality so making the appropriation so much of said appropriation as may be necessary to provide for the relief of such temporary or outdoor poor as herein provided. or outdoor poor within such municipality for the next
ensuing year. When any such municipality fails to
appropriate an additional sum for this purpose, the
board of chosen freeholders shall provide for the relief
of the temporary or outdoor poor of such municipality
for the remainder of the calendar or fiscal year by an
emergency appropriation on certification thereof by the
county welfare board, and shall assess and collect a
special tax in such municipality sufficient to meet and
pay for such emergency appropriation made by the said
board of chosen freeholders for the relief of the
temporary or outdoor poor of such municipality, in the
same manner as other county taxes are assessed and
collected in the municipalities of such county.

4. Section forty-one of the act to which this act is
amendatory, is hereby amended so as to read as follows:

41. When the removal of a poor person from the
place of his domicile or where he is found to the place
of his settlement is lawful and necessary, such removal
shall be made by means of a written notice signed by
such official to the officer having jurisdiction in the place
to which such person is to be removed, that on a day
certain, not less than ten nor more than twelve days,
after the date and mailing of such notice, an order will
be made by the removing director of welfare, that such
poor person be removed to the place of his settlement,

On failure to resist such removal by the receiving county welfare board, or overseer or county adjuster as the case may be, receiving county welfare board or overseer or county adjuster as the case may be, may not decline to receive such poor person, but shall receive him and provide such relief as is lawful; provided, however, that for good cause shown for the failure to contest such removal the receiving county welfare board or overseer or county adjuster as the case may be may, within thirty days after the receipt of such poor person in its county apply to the court of common pleas of the county from whence such person was removed to review the proceeding and to make such revised order and disposition for the care and relief of such poor person and his removal, if lawful, as may be proper and necessary.

the county welfare board or overseer incurring the cost of such relief and support in the name of the county or municipality as the case may be in an action against the county or municipality liable therefor, with costs, which action shall be prosecuted in any court of competent jurisdiction, in which such action against the offending county or municipality the director of welfare or the overseer or county adjuster, whose duty it was to receive or remove such poor person, shall be served with notice of such action at law in the same manner as any summons is required to be served.

No question of public interest is of greater importance than the question of fire prevention. Disastrous fires each year cause enormous financial losses throughout this country, and the loss of life is, of course, irreparable.

During the past year in this State, and in many other States, we have witnessed the destruction caused by appalling forest fires, and it has been borne home to us more forcibly than ever that we must be ever on the alert to guard against the possibility of fire.

In order that public interest may be still further aroused to the necessity of exercising every precaution against the starting and spreading of fire

I, Morgan F. Larson, Governor of the State of New Jersey do designate and proclaim the period from

October 5th

to

October 11th, 1930,

as

FIRE PREVENTION WEEK

and I hope that a lively and active interest in the observance of this week will be taken by all the citizens of the State.

Given under my hand and the Great Seal of the State of New Jersey, this thirtieth day of September, in the year of Our Lord one thousand nine hundred and thirty, and in the Independence of the United States the one hundred and fifty-fifth.

Whereas, This Cathedral of the Air, by virtue of its noble purpose and beautiful design, has obtained national and international significance, to the extent of interesting not only important people of the world, but nations as well, and

Whereas, The American Legion Memorial Chapel Association is holding the All Eastern States Air Races at Mercer Airport, Trenton, October 18th and 19th, for the purpose of securing additional funds for the Cathedral of the Air, and in connection therewith has secured assurances of the participation of the Army, the Navy, the National Guard of the United of the Eastern States, as well as many nationally and internationally known pilots.

Now, Therefore, I, MORGAN F. LARSON, Governor of the State of New Jersey, hereby proclaim to the citizens of New Jersey the holding of the said Air Races and recommend the heartiest support, on the part of our citizens, to this worthy enterprise. I further extend an invitation to the citizens of surrounding States to visit Mercer Airport, Trenton, for these races.

For several years October 27th has been set aside as "Navy Day," and I want to call to the attention of the people of New Jersey the opportunity they will have on Monday, October 27th, of becoming better acquainted with the Navy.

I am advised that on this day the public will be welcome on board naval vessels in port and in naval establishments.

In the Fourth Naval District (of which New Jersey is a part), all naval activities will be open to the public for inspection, and a special program of interesting events and exhibits will be conducted at the Navy Yard, Philadelphia, and the Naval Air Station at Lakehurst. The Commandant of the Fourth Naval District has extended a cordial invitation to officials and citizens of New Jersey to visit any of these naval activities.

In order that as many as possible may avail themselves of this unusual opportunity to become acquainted with the activities and needs of the Navy, I, MORGAN F. LARSON, Governor of the State of New Jersey, do hereby proclaim

MONDAY, OCTOBER 27th,
as

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

November 11th, 1930, marks the twelfth anniversary of the signing of the Armistice.

Each year the observance of Armistice Day takes on a deeper and more solemn significance. It gives us the opportunity to pay reverent homage to those who gave their lives in the World War, and it brings home to us most forcibly the necessity of maintaining peace among the nations.

To give everyone an opportunity to pay tribute to the valiant dead, and to promote the spirit of peace,

I, MORGAN F. LARSON, Governor of the State of New Jersey, do hereby proclaim

TUESDAY, NOVEMBER 11th,

as

ARMISTICE DAY,

and I would ask that two minutes of solemn silence be observed on the eleventh hour of the day, to be spent in silent prayer in memory of those who died in the war, and for the coming of world peace.

Given under my hand and the Great Seal of the State of New Jersey, this sixth day of November, in the year of Our Lord one thousand nine hundred and thirty, and in the Independence of the United States the one hundred and fifty-fifth.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

As we approach the day which long usage has set aside as Thanksgiving Day, we should pause to consider the blessings which the country has enjoyed throughout the year.

The materially-minded person will perhaps say that there is not so much cause for thanksgiving this year as in previous years. Having in mind only the economic depression, he fails to consider the tranquil and prosperous condition of this nation as compared with the unrest and misery of the people of other nations; he overlooks the fact that there have been no great cataclysms of nature; and he fails in appreciation of the fact that the economic depression has served to uncover a wealth of human kindness and consideration. If we have an unemployment problem, we have likewise programs for the relief of the unemployed; we have a greater realization of what we owe our neighbor. We are tapping the rich resources of human compassion and helpfulness, and we are spiritually the gainer.

With a devout appreciation of all the great blessings, spiritual and material, that have been bestowed upon this country, and with undiminished faith and courage, let us make this Thanksgiving Day one which will embody the true spirit of thanksgiving.

Now, Therefore, I, MORGAN F. LARSON, Governor of the State of New Jersey, do hereby proclaim

THURSDAY, NOVEMBER 27th,

as

THANKSGIVING DAY,

and I call upon the people of the State to gather in places of worship and in their homes on that day, and to render thanks to Almighty God for His gifts and blessings, and to ask for guidance for the future.
Given under my hand and the Great Seal of the State of New Jersey, this eighteenth day of November, in the year of Our Lord one thousand nine hundred and thirty, and in the Independence of the United States the one hundred and fifty-fifth.

Given under my hand and the Great Seal of New Jersey, this thirteenth day of January, A. D., one thousand nine hundred and thirty-one, and in the Independence of the United States the one hundred and fifty-fifth.

MORGAN F. LARSON,
Governor.

By the Governor:
JOSEPH F. S. FITZPATICK,
Secretary of State.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, April 6th has been set aside for the annual observance in this country of Army Day; and

WHEREAS, This observance has been sponsored by the Military Order of the World War and by the New Jersey Department of the Reserve Officers Association, as is evidenced by a resolution adopted at their Convention last January, and
Whereas, These organizations are composed of ex-service men who in times of national emergency responded to the call of arms and are now banded together in a solemn and patriotic effort to support and perpetuate the ideals of this country,

Therefore, I, Morgan F. Larson, Governor of the State of New Jersey, do hereby proclaim

Monday, April 6th,

as

Army Day,

and I call upon the people of the State to display from their homes and places of business, and from places of every kind, the national colors as an evidence of patriotism and interest in our Regular Army, the National Guard of New Jersey, and the Reserves.

In thus proclaiming Army Day, I have a full appreciation of the desires of all people, including the Army itself, to do away with all war, but believe that a proper consideration of the requirements of the National defense calls for the continued maintenance of those almost insignificant forces included in the Army of the United States, which may in time of emergency be needed as a nucleus around which to organize our defenses.

Given under my hand and the Great Seal of the State of New Jersey, this thirtieth day of March, in the year of Our Lord one thousand nine hundred and thirty-one, and in the Independence of the United States the one hundred and fifty-fifth.

Morgan F. Larson,
Governor.

By the Governor:
Joseph F. S. Fitzpatrick,
Secretary of State.
PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

By a joint resolution of Congress, May first has been designated as National Child Health Day. It has been customary for the Governor of the State to call attention to the designation of May first as Child Health Day, and to emphasize the importance of devoting the necessary attention and moneys for safeguarding the health and well being of our future citizens.

New Jersey has taken its place with the States of the Union to give each child a chance to be born well and to remain well. While there is reason for gratification in the results obtained, we are conscious of the great amount of work that still needs to be done properly to protect the life and health of every child. While the work for the protection of the child must go on steadily under expert organization, it seems desirable to direct attention of the whole State to the child on this day. In the words of President Hoover:

“If we could have but one generation of properly born, trained, educated and healthy children, a thousand other problems of government would vanish. We would assure ourselves of healthier minds in more vigorous bodies, to direct the energies of our Nation to yet greater heights of achievement. Moreover, one good community nurse will save a dozen future policemen.”

Therefore, I, Morgan F. Larson, Governor of the State of New Jersey, do hereby proclaim

FRIDAY, MAY FIRST,
as
CHILD HEALTH DAY,
and do invite and urge all people to participate in the celebrations and to co-operate with those agencies which are working for the conservation and welfare of our children and our State.
PROCLAMATIONS 1385

Given under my hand and the Great Seal of the State of New Jersey, this twentieth day of April, in the year of Our Lord one thousand nine hundred and thirty-one, and in the Independence of the United States the one hundred and fifty-fifth.

MORGAN F. LARSON,
Governor.

By the Governor:
JOSEPH F. S. FITZPATRICK,
Secretary of State.

PROCLAMATION.
STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, It appears to me that public necessity requires the convening of the Legislature of the State of New Jersey in special session,

THEREFORE, I, MORGAN F. LARSON, Governor of the State of New Jersey, in and by virtue of the power vested in me by Article V, Paragraph 6, of the State Constitution, do hereby convene the Legislature of this State to meet in special session at the State House, Trenton, New Jersey, on Monday, the twenty-ninth day of June, A. D. 1931, at seven o'clock P. M. (standard time).

Given under my hand and the Great Seal of the State of New Jersey, this twenty-second day of June, A. D. one thousand nine hundred and thirty-one, and in the Independence of the United States the one hundred and fifty-fifth.

MORGAN F. LARSON,
Governor.

By the Governor:
JOSEPH F. S. FITZPATRICK,
Secretary of State.

THEREFORE, I, MORGAN F. LARSON, Governor of the State of New Jersey, and I, JOSEPH G.
