CHAPTER 6.

An Act relating to the financing of a certain bridge to be constructed between New York and New Jersey by the Port of New York Authority, and making appropriations therefor.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. In aid of the prompt and economical construction of the bridge which the Port of New York Authority, hereinafter called the Port Authority, has been authorized to construct across the Hudson river, between Fort Lee on the New Jersey side and Fort Washington on the New York side (by chapter 41, laws of New Jersey, 1925, and chapter 211, laws of New York, 1925) there is hereby appropriated, subject to the limitations and conditions hereinafter set forth, the sum of ($5,000,000) five million dollars, or so much thereof as may be requisitioned, out of any moneys in the State treasury not otherwise appropriated. The said sum shall be paid out by the State Treasurer on the warrant the Comptroller of the Treasury to the said Port Authority upon requisitions signed by the chairman of the said Port Authority, in five annual installments of ($1,000,000) one million dollars each, the first installment to be available at any time during the fiscal year commencing in one thousand nine hundred and twenty-seven, and one other installment to be available at any time during each of the four succeeding fiscal years; provided, however, the State of New York shall, by appropriate legislation, agree and obligate itself to provide for the payment of
five million dollars, either in installments of one million dollars, payable over the period and in the manner aforesaid, or by providing funds which shall be available to the Port Authority contemporaneously with the amounts available hereunder in equal annual amounts or earlier; but nothing herein contained shall preclude the State of New York from exercising the option of providing such funds either by appropriations and/or out of any bond issue or issues authorized under the Constitution of the State of New York and/or by transfer of moneys subject to the control of the Legislature of that State. If the requisitions made in any one fiscal year shall not in the aggregate equal such installment of ($1,000,000) one million dollars, the balance not requisitioned shall be available in any subsequent year during or after the said five-year period and in addition to any installment available during each year; provided, however, that after the first installment of the appropriation hereby made has been paid over to the Port Authority no subsequent installments shall be paid until the Port Authority shall have raised on its own obligations and have available for the construction of said bridge an amount of money equal to six times the amount of installments previously paid pursuant to this act, the intent of this proviso being that before payment of any installment hereunder, other than the initial one, money shall have been made available for the construction of the bridge from the obligations of the Port Authority in an amount at least equal to three times the amount of money paid over to the Port Authority pursuant to this act and to the legislation complementary hereto of the State of New York.

2. No part of the said appropriation made by the preceding section shall be payable unless and until the State of New York shall make available to the Port Authority an equal sum payable contemporaneously therewith, or earlier, the intent hereof being that each State shall cause to be paid over, or made available to the Port Authority in not more than five equal annual installments one-half of a total fund of ($10,000,000) ten million dollars, to be available to the said Port Authority as an advance for the construction of the said bridge, and that the appropriation of the State of New Jersey is condi-
tioned upon the undertaking of the State of New York to provide its half of the said fund within such five-year period.

3. The moneys appropriated by this act shall be applied by the Port Authority to the construction of the bridge hereinbefore mentioned and purposes incidental thereto and to no other purpose whatsoever. The balance of the money needed for the construction of the said bridge and incidental purposes shall be raised by the Port Authority on its own obligations secured by the pledge of the revenues and tolls arising out of the use of the said bridge, all in accordance with the provisions of the laws authorizing and governing the construction and operation of the said bridge. As security for obligations so issued and the moneys so appropriated, the revenues and tolls arising out of the use of the said bridge shall be pledged to the repayment of the entire issue of bonds and other securities for the construction thereof, together with the interest, and the repayment of the moneys appropriated by the State; it being the declared policy of the State that the said bridge, so far as the payment of the bonds or other securities issued for the construction thereof, together with the repayment of the moneys advanced by the State, shall in all respects be self-sustaining; and the Port Authority shall charge and maintain revenues and tolls for the use of the said bridge until all bonds and other securities issued for the construction thereof shall have been paid, and until the moneys so as aforesaid advanced by the States of New Jersey and New York shall have been repaid.

4. The obligation for moneys so raised by the Port Authority on its own obligations for the construction of the said bridge and purposes incidental thereto shall constitute a lien upon the revenues and tolls therefrom in accordance with the terms and conditions of law and upon which such moneys are raised, and any right or claim of the State, including that arising out of the appropriation made hereby, shall be subordinated to such lien. The Port Authority shall, however, pay into the State treasury annually out of the revenues and tolls from the bridge, a sum equal to four per centum per annum upon the unpaid balance of the amount actually
advanced to the Port Authority hereunder and applied to the bridge, as interest for that year, together with at least two per centum of the principal of such advance until the whole sum so advanced is repaid to the State; provided, that the Port Authority shall not make such payments until it shall have accumulated and only so long as and for the years in which it holds out of the tolls or revenues of such bridge or otherwise a reserve fund equal to ten per centum of its own obligations issued in relation to or for the construction of such bridge, over and above the sums required by the terms of such obligations to be set aside for amortization or a sinking fund, and unless in said year the tolls or revenues from the said bridge after the payment of all expenses for operation and maintenance are sufficient to satisfy the interest and other contractual requirements of said obligations; and provided, further, that such payment shall not be made into the State treasury unless there shall be available under the same conditions sufficient money to make payment on similar terms to the State of New York and that if there exists such surplus revenue but insufficient to make complete payment on such terms or conditions both to the States of New York and New Jersey, then such surplus revenue shall be prorated in accordance with the respective unpaid balances of the advances made by the two States and such prorated sum shall be paid into the State treasury in place and stead of the amount above provided, to be applied first upon the interest for the current year and the balance, if any, in reduction of principal. The intent hereof is that the Port Authority shall be required to and shall pay interest to the State upon such advances, and/or make payments on account of principal, only for the years when, and to the extent that, there shall be available on the conditions herein provided a surplus from the revenues or tolls for the payment of such interest and/or principal.

5. The State of New Jersey (the State of New York by appropriate legislation concurring herein) does pledge to and agree with those subscribing to the obligations issued by the Port Authority for the construction of said bridge and incidental purposes that the State will not
authorize the construction or maintenance of any other highway crossings for vehicular traffic of the waters of the Hudson river, between the two States in competition with the said bridge, nor will it limit or alter the rights now vested in the Port Authority to establish and levy such charges and tolls as it may deem convenient or necessary to produce sufficient revenue to meet the expense of maintenance and operation and to fulfill the terms of the obligations assumed by it in relation to such bridge until the said obligations, together with interest thereon, are fully met and discharged; provided, that such crossings shall be considered as competitive with the bridge across the Hudson river only if they shall form a highway connection for vehicular traffic between the two States across or under the Hudson river, south of the northerly boundary line of the State of New Jersey and a point opposite thereto on the New York side; except that a crossing may be authorized by the State in conjunction with the State of New York at a point in New Jersey opposite a point in the borough of Manhattan, State of New York, south of Sixtieth street on the New York side; and provided, further, that nothing herein contained shall preclude the authorization of such additional interstate crossings if and when adequate provision shall be made by law for the protection of those advancing money upon the obligations of the Port Authority for the construction of the bridge mentioned in paragraph one hereof or incidental purposes.

6. The State of New York by appropriate legislation concurring herein, the provisions of this act together with the provisions complementary thereto in the act or acts of the Legislature of the State of New York, shall constitute a contract or agreement between the two States for the benefit of those lending money to the Port Authority for the construction of such bridge, and the said Port Authority on behalf of the State may include in the bonds or other evidences of its obligations issued by it for the construction of the said bridge or incidental purposes such part of this act as shall seem proper as and as evidence of the foregoing agreements made by the State with the holders of the said bonds or other obligations, and thereupon the said terms so included
shall become a contract between the State and the holders of the said bonds or other obligations.

7. The construction, maintenance and operation of said bridge is in all respects for the benefit of the people of the two States, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and the Port Authority shall be regarded as performing a governmental function in undertaking the said construction, maintenance and operation and in carrying out the provisions of law relating to the said bridge and shall be required to pay no taxes or assessments upon any of the property acquired by it for the construction, operation and maintenance of such bridge.

8. The obligations which may be issued by the Port Authority for the construction of the bridge mentioned in number one hereof or for purposes incidental thereto are hereby made securities in which all public officers and bodies of this State and of its municipal subdivisions, all insurance companies and associations, all savings banks and savings institutions, including savings and loan associations, executors, administrators, guardians, trustees and all other fiduciaries in this State may properly and legally invest the funds within their control.

9. Any powers herein granted to the Port Authority shall be regarded as in aid of and supplemental to and in no case as a limitation upon any of the powers vested in it by the States of New Jersey and New York and/or by Congress.

10. This act shall take effect immediately.

Approved March 10, 1926.

CHAPTER 150.

An Act to amend an act entitled "An act concerning public utilities, to create a Board of Public Utility Commissioners and to prescribe its duties and powers," approved April twenty-first, one thousand nine hundred and eleven.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section seventeen of the act to which this is an amendment is hereby amended to read as follows:

17. The board shall have power, after hearing, upon notice by order in writing, to require every public utility as herein defined:

(a) To comply with the laws of the State and any municipal ordinance relating thereto, and to conform to the duties imposed upon it thereby or by the provisions of its own charter, whether obtained under any general or special law of this State.

(b) To furnish safe, adequate and proper service and to keep and maintain its property and equipment in such condition as to enable it to do so.

(c) To establish, construct, maintain and operate any reasonable extension of its existing facilities, where, in the judgment of said board such extension is reasonable and practicable and will furnish sufficient business to justify the construction and maintenance of the same, and when the financial condition of the said public utility reasonably warrants the original expenditure required in making and operating such extension.

(d) To keep its books, records and accounts so as to afford an intelligent understanding of the conduct of its business and to that end to require every such public utility of the same class to adopt a uniform system of accounting. Such system shall conform, in so far as in the judgment of the board is practicable, to any system adopted or approved by the Interstate Commerce Commission of the United States of America.
CHAPTER 150, LAWS OF 1926.

(e) To furnish annually a detailed report of finances and operations, in such form and containing such matters as the board may from time to time by order prescribe.

(f) To carry, whenever in the judgment of the board it may reasonably be required, for the protection of stockholders, bondholders or creditors, a proper and adequate depreciation account in accordance with such rules, regulations and forms of account as the board may prescribe. The board shall from time to time ascertain and determine, and by order in writing after hearing fix proper and adequate rates of depreciation of the property of each public utility in accordance with such regulations or classifications, which rates shall be sufficient to provide the amounts required over and above the expense of maintenance to keep such property in a state of efficiency corresponding to the progress of the industry. Each public utility shall conform its depreciation accounts to the rates so ascertained, determined and fixed, and shall set aside the moneys so provided for out of earnings and carry the same in a depreciation fund. The income from investments of moneys in such fund shall likewise be carried in such fund. This fund shall not be extended otherwise than for depreciation, improvements, new constructions, extensions or additions to the property of such public utility.

(g) To give such notice to the board as the board may by rule require of any and all accidents which may occur within this State upon the property of any public utility as herein defined or directly or indirectly arising from or connected with its maintenance or operation, and to investigate any such accident and to make such order or recommendation with respect thereto as in its judgment may be just and reasonable.

(h) When any public utility as herein defined shall increase any existing individual rates, joint rates, tolls, charges or schedules thereof, as well as commutation, mileage and other special rates or change or alter any existing classification, the board shall have power either upon written complaint or upon its own initiative to hear and determine whether the said increase, change or
alteration is just and reasonable. The burden of proof to show that the said increase, change or alteration is just and reasonable shall be upon the public utility making the same. The board shall have power pending such hearing and determination to order the suspension of the said increase, change or alteration until the said board shall have approved said increase, change or alteration, not exceeding three months. If such hearing shall not have been concluded within such three months, the board shall have power during such hearing and determination to order a further suspension of said increase, change or alteration for a further period not exceeding three months. It shall be the duty of the said board to approve any such increase, change or alteration upon being satisfied that the same is just and reasonable.

(i) After hearing, upon notice, to determine, between public utilities supplying electric light, heat or power, questions in dispute as to territories to be served; to enjoin, pending hearing, the construction of facilities for such supply, and, upon finding and determination that such construction is not necessary and proper for the public convenience, and will not properly conserve the public interest, to issue orders prohibiting the same.

ocean front or for the improvement thereof or for the construction of buildings thereon.

D. The three next preceding assessed valuations of the taxable real property (including improvements) of the municipality and the averages thereof.

E. The percentage that the net debt as computed under subdivision C bears to the average of the assessed valuation computed under subdivision D.

(2) Prior to the passage of any ordinance or resolution authorizing notes or bonds under this act, the chief financial officer shall make and file a supplemental debt statement unless such notes or bonds are exclusively for the following purposes, namely, for funding (including the funding of interest accruing during the construction period) or for refunding; or for the supply of water; or for the construction or reconstruction of dikes, bulkheads, jetties or other devices erected along the ocean or inlet front and intended to prevent the encroachment of the sea, including improvements to restore property damaged by the sea, for the construction of boardwalks, pavilions, piers, bathing-houses or other devices along the ocean front, and the acquisition of lands in connection therewith, also indebtedness incurred or authorized for the acquisition of lands or interest in lands along the ocean front, or for the improvement thereof or for construction of buildings thereon. F. The total amount of all bonds and notes required to be stated as part of gross indebtedness issued and authorized since December thirty-first, one thousand nine hundred and sixteen (whether paid or outstanding, except bonds and notes issued in anticipation of the receipt of tax revenues, and except bonds or notes issued to refund or fund indebtedness contracted before December thirty-first, one thousand nine hundred and sixteen), and the bonds or notes to be authorized.

G. The total deductions (as provided to be made in the financial statement) which may be made on account of the bonds and notes, stated in subdivision F.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. No proceedings shall be maintainable by any landlord or lessor against any tenant or lessee to recover the possession of premises occupied for dwelling purposes, except when the proceeding to recover such possession is upon the ground that the tenant is objectionable because of nonpayment of rent or otherwise, in which case the landlord or lessor shall establish to the satisfaction of the court that the tenant is actually objectionable, or a proceeding where the landlord or lessor seeks in good faith to recover possession of the premises or an apartment therein, for his, or any member of his family, for immediate and personal occupancy as a dwelling; or a proceeding where the landlord or lessor claims that possession of the premises is desired in good faith for the purpose of making substantial alterations, or for the purpose of demolishing the building or buildings with the intention of constructing a new dwelling or dwellings, plans for which shall have been duly filed and approved by the proper authority; in any such case the landlord or lessor may cause a written notice of the termination of such tenancy to be served upon the tenant or lessee, and a demand that they remove from the premises in question, within three days from such notice and demand, and, in case such tenant or lessee shall not so remove, it shall be lawful for the landlord or lessor, after the expiration of said three days, to make and file with the clerk of the court an affidavit setting forth any or all of the causes for removal above set forth and of the service of such notice and demand, and thereon it shall be lawful for a summons to duly issue for the summary removal of the tenant or lessee; and, on proof before the court on the return of the summons, of any one or all of the causes for removal aforesaid, it shall be lawful for the court to give judgment for the landlord or lessor and issue a warrant for such removal, and take such other

5. In any action brought by any landlord or lessor against any tenant or lessee to recover rent for premises or any part thereof occupied as a dwelling, where the rent has been increased within one year next prior to the institution of said action; or where the landlord or lessor seeks to recover possession of said premises or any part thereof so occupied, for nonpayment of said rent, and the tenant or lessee questions the reasonableness of said increase in rent, in the manner hereinbefore set forth, the tenant or lessee at the time of filing the answer, shall deposit with the clerk of the court a sum of money equal to the amount paid by him for the month next preceding the said increase in rent, and such deposit shall apply to the satisfaction of any judgment rendered in said action; and if defendant fails to make such deposit, the court, upon motion of plaintiff, shall strike out the answer so filed by defendant.

Dispossession.

8. Whenever a judgment has been entered by default in any action brought by any landlord or lessor against any tenant or lessee for rent or rent value of premises, for the use and occupation thereof; or to recover possession for the nonpayment of said rent or rental value, the court in which the action was brought, may, within five days from the entry of said judgment, vacate same, or open said default, and amend, correct or modify any process, pleading, judgment or warrant in said proceedings; or said court may grant a new trial upon such terms, and for such reasons as it may determine; provided, however, that the defendant shall apply to said court for a new trial within five days from entry of said judgment.

Vacating judgment and opening default.

9. Whenever a writ of certiorari shall be granted to a tenant or lessee or to review the proceedings and judgment for possession entered in any action brought by any landlord or lessor against any tenant or lessee to recover possession of any premises or any part thereof occupied as a dwelling, said writ of certiorari may act as a stay of said judgment, and the warrant issued

10. This act or the provisions thereof shall not apply to farms or farm land, rooming houses occupied under a hiring for a week or less, hotels, summer cottages or bungalows at seashore or country resorts, or to store tenancies, or any part of any premises occupied for store or commercial purposes; and shall apply only in first class counties.

Proof of service of such notice shall be filed with the clerk one day prior to the day named for such retaxation, unless otherwise directed by the court or a judge thereof. The court may, in its discretion, upon the application of the party interested, direct a retaxation of costs at any time. Any sum deducted upon a retaxation must be credited upon the execution or other process issued to enforce the judgment.
The taxation of retaxation of costs may be revived by the court upon a motion for new taxation. The order made upon such motion may allow or disallow any item objected to before the taxing officer, in which case it shall have the effect of a new taxation, or it may direct a new taxation before the proper officer, in which case it shall have the effect of a new taxation, or it may direct a new taxation before the proper officer, specifying the grounds or the proof upon which the item may be allowed or disallowed by him. Any sum deducted upon such new taxation must be credited upon the execution or other process issued to enforce the judgment, and any sum allowed in addition thereto must be added thereon.

The officer authorized to tax costs in any action or proceeding must, whether the taxation be opposed or not, examine the bills presented to him for taxation, satisfy himself that all the items allowed by him are correct and legal, and strike out all charges for fees other than the prospective charges expressly allowed by law, where it does not appear that the services for which they are charges were necessarily performed.

An affidavit must be attached to the bill of costs to the effect that the items of disbursements therein set forth have been necessarily incurred and are reasonable in amount, and in the case of disbursements claimed to have been made for the attendance of witnesses the affidavit must set forth the number of days of actual attendance, and, if mileage be charged, the distance traveled.

7. These fees, costs and charges shall only be charged, allowed and taxed in cases where the summons is issued the day after this act shall take effect and in all cases pending before this act takes effect the same fees and charges as heretofore allowed shall be charged and taxed.

8. All acts and parts of acts, general or special, inconsistent with the provisions of this act are hereby repealed and this act shall take effect immediately; provided, however, that said repealer shall not in anywise effect the fees or charges made or collected in any

An Act to permit the retirement on pension from public office or position of deputy clerks of District Courts in cities of the first class after thirty years' continuous service in such public office or position and after having attained the age of sixty-five years, or after serving twenty years and having attained the age of sixty years, where such deputy clerk is incapacitated, and defining the manner of payment of such pension.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Whenever the deputy clerk of the District Court in any city of the first class in this State has or shall have been for thirty years continuously in such public office or position in such city, and has or shall have attained the age of sixty-five years, the board of city commissioners of any city of the first class shall allow the retirement of any person in the aforesaid public office or position from service upon his or her request; provided, however, that it shall be made to appear that such deputy clerk has or shall have been for twenty years continuously in such public office or position in such city, and that he or she has or shall have attained the age of sixty years and that he or she has become incapacitated for service in such office or position, which physical or other disability shall have developed during his or her term of service, such deputy clerk, in that event may be retired from service for the reasons stated herein, upon informing the judge of the court wherein
the said deputy clerk is serving, or upon such information being given in his or her behalf, of his or her desire to do so, and of his or her disability, and if such judge finds that disability exists, it shall then be the duty of such judge to appoint a physician of skill and repute in his profession, and resident in this State, he shall then examine the person proposed for retirement and make report of his or her physical condition or other disability, as to whether, in all probability, if he finds such disability to exist, it will continue permanently, and does and will prevent the applicant from properly performing the duties of his or her office or position, upon the coming in of such physician's reports the judge of the court wherein the applicant is deputy clerk, shall certify and send the same to the officer of finance in any such city, there to remain a record, and thereupon such applicant may file his or her resignation in such office, and he or she shall be entitled to the benefit of this act as a retired deputy clerk.

2. In case of such retirement, the person so retired shall be entitled, for and during his or her natural life, to receive by way of pension, such sum as said board of city commissioners may by resolution determine, not less, however, than one-half of the salary then being received by him or her for such service, the same to be paid in the same manner and in the same installments in which such salary has heretofore been payable.

3. This act shall take effect immediately.

CHAPTER 292.

An Act providing for the pensioning of county probation officers in counties of the first class in this State.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. In counties of the first class of this State, now or hereafter having county probation officers who have
served as such for a continuous period of twenty years, and shall have reached the age of sixty years, shall, upon their application in writing to the judge of the Court of Common Pleas of his county, be retired upon one-half pay.

The words "be retired upon one-half pay," as used in this act, shall be construed to mean, retired upon a pension equal to one-half of his annual salary at the time of his retirement.

Any county probation officer who shall have served as such for a continuous period of twenty years, whether he has reached the age of sixty years or not, who shall be found, as hereinafter provided, to be physically unfit for further service, shall, upon application in writing to the judge of the Court of Common Pleas of his county, be retired upon one-half pay.

Any county probation officer who shall have received a permanent disability by reason of injury, accident or sickness, incurred at any time in the service, which shall permanently incapacitate him from further duty, shall, upon the certification of the fact of such disability by three physicians designated as hereinafter provided, be retired upon one-half pay.

Physical unfitness or incapacity for further duty of any county probation officer shall, for all purposes of this act, be established and determined by a board of three physicians who shall be designated for that purpose by the judge of the Court of Common Pleas of such county. The three physicians so designated shall examine the county probation officer applying for retirement upon one-half pay because of physical unfitness or incapacity for further duty, and if they, or a majority of them, find him physically unfit or incapacitated for further duty, they or a majority of them shall make and sign a certificate to that effect and file the same with the county treasurer, and thereupon the applicant shall be retired upon one-half pay.

The widow of any county probation officer who shall lose his life in the performance of his duty shall receive a pension, so long as she shall remain unmarried, equal to one-half the amount of the annual salary of such county probation officer at the time of his death.
If any county probation officer after having been retired on one-half pay, shall die, leaving him surviving a widow who was his wife at the time of his retirement, such widow, so long as she shall remain unmarried, shall receive a pension equal to one-half the amount of the annual salary of such county probation officer at the time of his retirement.

Persons who may become entitled to pensions under this act shall be paid such pensions in the same manner and at the same time as county probation officers in active service in the several counties are respectively paid.

A fund shall be created in the following manner for the purpose of paying such pensions, to wit: There shall be deducted from every payment of salary to each county probation officer three per centum of the amount thereof, then there shall be contributed annually by the county an amount equivalent to three per centum of the said probation officers' salaries; to said sum there shall be added all moneys donated for the purpose of such fund, and all rewards which may be paid to any county probation officer while acting as such county probation officer, all of which moneys and rewards shall be paid over to the board of chosen freeholders of the county to be deposited in such fund. In case, at any time, there shall not be sufficient money in such pension fund to pay such pensions the board of chosen freeholders of the county shall, from time to time, include in any tax levy a sum sufficient to meet the requirements of such pension fund. Whenever such pension fund shall exceed an amount which the board of chosen freeholders of such county shall by resolution from time to time determine to be adequate for such pension fund, no moneys, except the three per centum specified in this act, and the moneys given or donated as herein mentioned and any aforementioned rewards, shall be paid into such fund, unless and until the amount of such fund shall fall below the amount thus determined to be adequate.

The board of chosen freeholders of said county shall have the management and control of said fund and is hereby empowered to make all necessary rules and regu-
lations concerning the same not inconsistent with this act; all moneys not needed for the immediate payment of such pension shall be invested by said board of chosen freeholders in interest-bearing bonds of any municipality in this State or in any other interest-bearing securities in which savings banks of this State are authorized to invest their funds.

2. This act shall take effect immediately.

12. If a foreign executor, administrator or trustee shall assign or transfer any stock or obligations in this State standing in the name of a decedent, or standing in the joint names of such a decedent and one or more persons, or in trust for a decedent, liable to any such tax, the tax shall be paid to the Treasurer of this State on the transfer thereof. No safe deposit company, trust company, corporation, bank or other institution, person or persons having in possession or under control, securities, deposits or other assets belonging to or standing in the name of a decedent who was a resident, or belonging to or standing in the joint names of such a resident decedent and one or more persons, including the shares of the capital stock of, or other interests in, safe deposit company, trust company, corporation, bank or other institution making the delivery or transfer herein provided, shall deliver or transfer the same to the executors, administrators or legal representatives of said decedent, or to the survivor or survivors when held in
the joint names of a decedent and one or more persons, or upon their order or request, unless notice of the time and place of such intended delivery or transfer be served upon the Comptroller of the Treasury of this State at least ten days prior to said delivery or transfer; nor shall any such deposit company, trust company, corporation, bank or other institution, person or persons deliver or transfer any securities, deposits or other assets belonging to or standing in the name of a resident decedent, or belonging to or standing in the joint names of a resident decedent and one or more persons, including the shares of the capital stock of, or other interests in, the safe deposit company, trust company, corporation, bank or other institution making the delivery or transfer, without retaining a sufficient portion or amount thereof to pay any tax and interest which may thereafter be assessed on account of the delivery or transfer of such securities, deposits, shares of stock, or other assets, including the shares of capital stock of, or other interests in, the safe deposit company, trust company, corporation, bank or other institution making the delivery or transfer under the provisions of this act, unless the Comptroller of the Treasury consents thereto in writing. And it shall be lawful for the said Comptroller of the Treasury, either personally or by representative, to examine said securities, deposits or assets of a resident decedent, at the time of such delivery or transfer. Failure to serve such notice or failure to allow such examination, or failure to retain a sufficient portion or amount to pay such tax and interest as herein provided shall render said safe deposit company, trust company, corporation, bank or other institution, person or persons liable to the payment of the amount of the tax and interest due or thereafter to become due upon said securities, deposits, shares of stock, or other assets, including the shares of capital stock of, or other interests in, the safe deposit company, trust company, corporation, bank or other institution making the delivery or transfer, and in addition thereto a penalty of one thousand dollars: which liability for such tax and interest, or the penalty above described, or both, shall be enforced in an action
of debt in the name of the State of New Jersey, and the same, when recovered, shall be paid into the treasury of the State of New Jersey for the use of the State; provided, there shall be no liability for the payment of such tax and interest, or for such penalty of one thousand dollars in any case where such safe deposit company, trust company, corporation, bank or other institution, person or persons shall make delivery of securities, deposits, shares of stock or other assets, including the shares of capital stock of, or other interest in, the safe deposit company, trust company, corporation, bank or other institution making the delivery or transfer, belonging to or standing in the names of two or more persons, without knowledge or reasonable ground to believe, that one of the persons to whom such securities, deposits or other assets belong or in whose name they stand is dead.

No corporation of this State shall transfer any stock of said corporation standing in the name of or belonging to a decedent, resident or nonresident, or in the joint names of a decedent and one or more persons, or in trust for a decedent, unless notice of the time of such intended transfer be served upon the Comptroller of the Treasury of this State at least ten days prior to such transfer, nor until said Comptroller shall consent thereto in writing. Any corporation making such a transfer without first obtaining the consent of the Comptroller of the Treasury as aforesaid shall be liable for the amount of any tax which may thereafter be assessed on account of the transfer of such stock, together with the interest thereon, and in addition thereto a penalty of one thousand dollars, which liability for such tax and interest and the said penalty prescribed may be enforced in an action of debt in the name of the State of New Jersey, said penalty, when recovered, to be paid into the treasury of the State of New Jersey.

Nothing in this section contained shall apply to the assignment or transfer of any stock or obligations of corporations of this State or of national banking associations located in this State standing in the name of or belonging to a nonresident decedent who dies on or after July first, one thousand nine hundred and twenty-six, or
standing in the joint names of such a nonresident decedent; and one or more persons, or in trust for such a nonresident decedent, and nothing in this section contained shall require notice of any such intended transfer of any such stock or obligations to be served upon the Comptroller of the Treasury of this State or shall require the consent in writing of said Comptroller thereto.

A tax shall be assessed on the transfer of property made subject to tax as aforesaid in this State of a nonresident decedent if all or any part of the estate of such decedent, wherever situated, shall pass to persons or corporations taxable under this act, which tax shall bear the same ratio to the entire tax which the said estate would have been subject to under this act if such nonresident decedent had been a resident of this State, and all his property, real and personal, had been located within this State, as such taxable property within this State bears to the entire estate, wherever situated; provided, that nothing in this clause contained shall apply to any specific bequest or devise of any property in this State.

3. This act shall take effect July first, one thousand nine hundred and twenty-six.
   Approved March 29, 1926.

The holders of such preferred or special stocks shall be entitled to such rights upon the dissolution of or any distribution of the assets of the corporation as shall be expressed in the certificate of incorporation or an amendment thereof. Upon the redemption of any stock the same shall be deemed to be retired and shall not be re-issued. In every such case the corporation shall within sixty days from the date of such redemption execute and file with the Secretary of State a certificate setting forth with particularity the kind and number of shares of the stock so redeemed.

Any preferred or special stock may be made convertible into stock of any other class or classes upon such terms and conditions as shall be expressed in the certificate of incorporation or an amendment thereof, provided that stock without par value shall not be made convertible into stock with par value unless the stated capital received upon the issuance of such stock without par value shall be at least equal to the par value of the stock into which the same is made convertible.

Every corporation organized under this act shall have power to create optional rights to purchase and subscribe to stock of any class or classes on such terms and at such price and in such manner and at such time or times as shall be expressed in the certificate of incorporation or an amendment thereof, and may issue such warrants or other evidence of such rights, but nothing herein contained shall authorize the issuance of any stock with par value at less than the par value thereof.

The said board shall have power to take title, in fee or otherwise, by purchase, gift, devise or eminent domain to such lands and to any rights, interests and easements therein, in the name of the State of New Jersey. In the event that it becomes necessary or advisable to acquire any lands or interest therein for the purpose of this act by eminent domain, the procedure for con-
demnation of such lands shall be taken in accordance with the provisions of an act entitled "An act to regulate the ascertainment and payment of compensation for property condemned or taken for public use (Revision of one thousand nine hundred)."

4. Upon the acquisition of such lands for such purpose, it shall be the duty of the said board, as funds for these purposes are made available from time to time, to preserve, maintain and improve said park in such manner and to such an extent as in its judgment will best perpetuate its virgin condition and make it of use to the public. In its development of such park, the said board shall have the power to install permanent improvements for the health and comfort of the public and to lay out, construct and maintain roads and ways within said park; to lay out, construct and maintain roads between and connecting any separate portions of said park, and for this purpose to acquire rights of way upon and across any intervening lands; and to lay out, construct and maintain connecting roads and ways from points within the said park to other public roads outside of and adjacent thereto.

Every person who shall violate any such rules or regulations of the board shall be liable to a penalty of not less than twenty-five dollars nor more than one hundred and fifty dollars; provided, however, that where there are mitigating circumstances, the said board may, in its discretion, permit the person or persons who may have violated the law to pay the cost of any damage done or expense incurred by the board because of such violation or such other sum less than the minimum fine herein imposed, at such time and in such manner as said board shall determine. Such payment when finally made shall relieve the person or persons making it of the penalty for such violation imposed by this act. Except as above provided, all penalties for violation of this act shall be enforced and collected in the manner provided for the collection of penalties by the said board in sections thirteen, fourteen, fifteen and sixteen of an act entitled "An act for

The said board shall further have power to vest in its employees the necessary police power for the abatement of nuisances, stopping of abuses and protection and management of such park under any rules and regulations the said board may prescribe.

6. Said board is hereby authorized to expend such sum or sums as may be included in any annual or supplemental appropriation bill for the necessary expenses of said board in carrying out the provisions of this act.

CHAPTER 328, LAWS OF 1926.

QUALIFICATIONS TO REGISTER AND TO VOTE.

5. Each person, who at the time when he applies for registration resides in the district in which he expects to vote, who will be of the age of twenty-one years or more at the next ensuing general election, who is a citizen of the United States, and who, if he continues to reside in the district until the next general election, will at the time have fulfilled all the requirements as to length of residence to qualify him as a legal voter, shall, unless otherwise disqualified, be entitled to be registered in such district; and when once registered shall not be required to register again in such district as long as he resides therein, except when required to do so by the said county board or commissioner of registration, as the case may be, because of the loss of or some defect in his registration record. Said registrant when registered as provided in this act shall be eligible to vote at any election subsequent to such registration subject to any change in his qualifications which may later disqualify him.

REGISTRATION AT OFFICE OF COMMISSIONER.

6. The commissioner of registration or a duly authorized clerk acting for him shall up to and including the third Tuesday preceding any primary election for the general election and any general election receive the application for registration of all such eligible voters as shall personally appear for registration during office hours, at the office of the commissioner or at such other place or places as may from time to time be designated by him for registration, and who have the qualifications as herein provided. Any eligible voter who applies for registration shall subscribe to the following oath or affirmation, viz:

You do solemnly swear (or affirm) that you will fully and truly answer such questions as shall be put to you, touching your eligibility as a voter under the laws of this State.

Upon being sworn, the applicant shall answer such questions as are provided for in the original and dupli-
cate permanent registration forms hereinbefore set forth, and the clerk shall fill out the forms which the applicant shall sign. In case an eligible voter is unable to write his name he shall be required to make a cross, which shall be certified by the signing of the name of the applicant by the person taking the application. Registration by mail is hereby specifically prohibited.

**Registration By Municipal Clerks.**

7. For the convenience of the voters the respective municipal clerks or their duly authorized clerks in all municipalities to which this act shall apply, with the exception of those municipalities in counties of the first class in which the county seat of such county is located, shall also be empowered to register applications for permanent registration at their respective offices in the same manner as indicated above, subject to such rules and regulations as may be prescribed by the county board of elections. For this purpose the commissioner of registration shall forward to each municipal clerk a sufficient supply of the original and duplicate permanent registration forms. The commissioner shall keep a record of the serial numbers of these forms and shall periodically make such checks as are necessary to accurately determine if all such forms are satisfactorily accounted for. Each municipal clerk shall transmit daily to the commissioner of registration all of the filled out registration forms that he may have in his office at the time.

**General Registration for the First Two Years.**

8. For the first two years of operation under this act the said county board shall cause to be held in each permanent registration municipality in each election district a general registration of qualified voters on the days and evenings prior to the general election of those years as provided in an act to regulate elections (Revision of 1920), passed May fifth, one thousand nine hundred and twenty, and the amendments thereto and the supplements thereof. Thereafter no general registration shall be held in any such municipality except as specially provided for in section twenty-seven of
this act. In the case of a municipality which shall hereafter have a population exceeding fifteen thousand thus become a permanent registration municipality a general registration for all eligible voters shall be held on the days and evenings in so far as possible during the first year of operation of this act in such municipalities, in the same manner as above provided, following the announcement of the results of a Federal census showing that the municipality has a population exceeding fifteen thousand.

CERTAIN OFFICIALS EMPOWERED TO TAKE AFFIDAVITS.

9. The commissioner of registration and his duly authorized clerks, the municipal clerks and their duly authorized clerks in permanent registration municipalities and the members of the district boards of registry and election in such municipalities are hereby empowered to take the affidavit of permanent registration as provided for in section six of this act and to certify thereto.

FILING OF REGISTRATION FORMS.

10. The original and duplicate permanent registration forms when filled out shall be filed alphabetically by districts at the office of the commissioner of registration in separate sets of locked binders, one for the permanent office record and the other for use in the polling places on election days. Each set of said locked binders of duplicate and permanent registration forms shall consist of two volumes for each election district to be known as volume I and volume II. Volume I shall contain an index alphabetically arranged beginning with the letter "A" and ending with the letter "K" and volume II shall contain a similar index beginning with the letter "L" and ending with the letter "Z." In filing said forms there shall be inserted after the original and duplicate permanent registration forms of each registrant a record of voting form which has the corresponding serial number and the name and address of said registrant thereon. The binders containing the said duplicate permanent registration forms and the corresponding record of voting forms shall constitute and take the place of the
signature copy registers as defined in the act to which this act is a supplement. The original permanent registration forms shall not be open to public inspection except during such period as the duplicate registration forms are in process of delivery to or from the district boards of registry and election or in the possession of such district boards. Nor shall said original permanent registration forms be removed from the office of said county board of elections except upon the order of a court of competent jurisdiction. The duplicate permanent registration forms and their corresponding record of voting forms shall at all times, except during the time as above provided and subject to reasonable rules and regulations, be open to public inspection. The permanent registration forms shall be the official record of the person’s eligibility to vote in an election in a permanent registration municipality.

CHANGE IN RESIDENCE NOTICE.

11. Change in residence notice shall be made either by a written notice or by calling in person at the office of the commissioner. The board shall provide change of residence notices in card form to be given out upon request, by mail or in person, for the use of any registered voter moving to a new location. Copies of these notices shall also be available at the office of the municipal clerks in each permanent registration municipality. These notices shall be printed upon cards of the postcard size, shall contain a blank form showing where the applicant last resided and the address and exact location to which he is moving, and shall have a line for his signature similar to the one on the permanent registration forms. Upon receipt of such change of residence notice the commissioner shall cause the signature to be compared with the original permanent registration form of such applicant and if such signature appears to be of and by one and the same legal voter, entry of such change of residence on the original and duplicate permanent registration forms and the registrant shall thereupon be qualified to vote in the election district to which said registrant shall have moved; \textit{provided, how-}
ever, that in the case of a change of residence subsequent to the third Tuesday preceding any election and prior to or on said day of election the applicant, on the day of the primary election for the general election or on the day of the general election, shall apply directly to the district board of registry and election in the district wherein he is registered and upon filling out and signing the change of residence card herein provided and the comparison of the signature on said card with the signature on the duplicate permanent registration form, the board or a majority thereof, if the signature appears to be the same shall endorse its consent to such transfer upon such change of residence card, whereupon the applicant shall file such change of residence card with the district board of registry and election in the district in which he is now entitled to vote and the said board shall after the signing of the poll book and the comparison of his signature in said poll book with his signature on the change of residence card, and after the said board or a majority thereof shall be satisfied that the compared signatures are of and by one and the same legal voter, he shall be permitted to vote. Said change of residence cards shall be filed with the county board of elections or the commissioner of registration at the same time as the binders containing the duplicate permanent registration forms and the record of voting forms are returned to the office of said county board or commissioner. Upon the receipt of said change of residence card the commissioner of registration shall cause the entry of such change of residence to be made on the original and duplicate permanent registration forms and the corresponding record of voting forms and said forms shall be transferred to the proper district binders. If the commissioner is not satisfied as to the signature on the request for a change of residence, a notice shall be sent by registered mail with return card request to such registrant at his new address directing him to appear at a time to be fixed in said notice not less than ten days from the date thereof at the office of the commissioner to answer such questions as may be deemed necessary to determine the applicant's place of residence and eligibility to vote.
CHAPTER 328, LAWS OF 1926.

If said registrant fails to appear at the time and place as directed and a return registry card has been received by the board or if said notice is returned as not delivered or if the said notice is not returned as undelivered and no return registry card is received, the registration forms of said applicant may be removed from the files and placed in an inactive file until such time as said applicant establishes to the satisfaction of said commissioner the accuracy of said change of residence.

ERROR IN REGISTERING.

12. When, by error, an eligible voter has been registered in a district other than the one in which he resides the commissioner shall cause the said error to be corrected, of which correction the registrant shall be notified by postal card.

CHANGE IN REGISTRATION DUE TO MARRIAGE OR DIVORCE.

13. Whenever, after her original registration, a woman shall change her name due to marriage or divorce, such person shall be required to reregister; provided, however, that when such change in name is made subsequent to the third Tuesday preceding any election such person may be permitted to vote under her original registration after she has signed both her former name and her present name upon the emergency voting form hereinafter provided and after the board of elections or a majority thereof have compared the signature of her former name with the signature on her duplicate permanent registration form and shall be satisfied that the signatures are the same. Such person, however, shall be required to reregister before she will be permitted to vote at any subsequent election.

NEW OR ALTERED WARDS OR DISTRICTS.

14. When a new district has been created or the boundaries thereof have been changed, the commissioner shall transfer the registration forms of registered voters whose voting districts have been changed, of which change the registrant shall be notified by postal card.
The registration of a voter shall not be invalidated by such alteration nor shall the right of any registered voter to vote be prejudiced by any error in making the transfers of the registration forms.

**Removals from Municipalities.**

15. Every registered person removing permanently from a permanent registration municipality and not into another permanent registration municipality in the same county shall send notice of such removal to the commissioner of registration. Upon the receipt of such removal notice or upon receipt of information satisfactory to the said commissioner that such person has moved, the commission shall transfer the original and duplicate registration forms and the corresponding record of voting forms to the inactive file. Such persons upon return to the municipality shall be required to register again before being allowed a vote.

**Superintendents of Elections to Notify of Removals.**

16. The superintendent of elections shall within thirty days after the primary election for the general election and the general election certify to the county board of elections the names of all persons whom he has found to his satisfaction have moved from the district in which they were registered. Upon the receipt of such a list said county board of elections shall cause the permanent registration forms of such persons to be transferred to the inactive file. Such persons upon return to the district shall be required to register again before being allowed to vote.

18. At least once each month during the first five days of such month the country clerk shall deliver to the commissioner of registration in his county a list of all persons over twenty-one years of age who have been convicted during the previous month of a crime which would disfranchise said persons under the existing laws of this State. Upon the receipt of such list the commissioner shall make such investigation as is necessary to establish to his satisfaction that such persons are actually the same persons whose permanent registration forms are to be removed from the files and shall then cause such permanent registration forms and record of voting forms to be transferred to the inactive file. Such persons upon the restoration of their citizenship rights or upon being pardoned shall be required to reregister before being allowed to vote.

19. On the day following the third Tuesday preceding the general election the commissioner of registration shall certify and transmit to the county clerk one complete list of all persons who are registered in each election district in each permanent registration municipality in the county together with a statement as to the number of persons registered in each district. Such lists shall be arranged substantially in the following form:

5. Every appeal from the appraisement and award of the said commissioners shall be made in the form of a petition to the said court, and notice thereof shall be given to the other parties within fifteen days after the filing of the commissioners' report and award, which proceedings shall vest in the Circuit Court the author-

and it shall be the duty of the said jury to assess the

provided; that upon the verdict of the jury fixing the
value of the lands or rights in lands and damages, the
court shall enter judgment for the amount thereof,

to the trial of similar issues in other cases, and the
judgment so entered shall be the sum which the owner
or owners and other persons interested are entitled
to have from the said board for the said lands or rights

If the commission shall determine that it shall construct any port or transportation facilities or contribute to the cost of such facilities to be constructed by any county or other
municipality, the cost thereof shall be estimated on the basis of definite plans and specifications for such work and estimates of the cost of each facility included. In addition, the commission shall determine and report the proportion of benefit which will accrue from such improvements to each county or other municipality within the port district, regard being had to the special benefit to each such county or other municipality in which any distinct part of such work is to be done. Representatives of any municipality and any taxpayer may be heard for or in opposition to the proposed action. Thereafter the port commission shall file with each county or other municipality interested therein its final determination.

(c) Upon the determination of the cost and apportionment of any project as provided in this act the port commission shall notify the governing body or bodies
of any county or municipality interested therein and such proportion of the cost as shall have been determined to be paid by any county or other municipality shall be raised by a tax to be laid on all the taxable property in such county or other municipality, but not to exceed in any one year fifty cents on each one thousand dollars of assessed valuation of property in such county or municipality.

(d) The governing body or bodies of such counties or municipalities shall notify the proper officials in each taxing district concerned, and thereafter such officials shall include in the next succeeding tax levy a tax sufficient to provide the county or other municipality share of such apportionment, subject to the limitation upon the maximum rate hereinbefore prescribed; provided, however, that the board of chosen freeholders of any county within the port district may determine to levy a tax in excess of such maximum rate and contribute the proceeds thereof to the said port commission for some specific project of benefit to such county; and upon such determination and proper notification the officials of the taxing districts concerned therein shall levy the necessary tax as above provided; provided, further, however, that no tax shall be levied under the provisions of this act in any county or other municipality embraced in the port district until the question of levying or not levying said tax shall be submitted to a popular vote in each of the counties or other municipalities affected thereby. Such submission shall be made at the next election, whether general, municipal or special, in each of the counties or other municipalities affected thereby, wherein all the people of that county or municipality qualified to vote are authorized to vote for local officers, in accordance with the provisions of an act entitled “An act concerning elections,” Revision 1920.

and opposite the question there shall also appear the words "Yes" and "No" followed by a square for the mark. The date of approval of this act shall be inserted in the appropriate place in said ballot. It shall be the duty of the county or municipal clerk in each county or other municipality properly to prepare such ballots, and to take such other due and necessary steps for the submission of the question to the voters as shall be required.

Said ballots so cast for or against levying said tax shall be counted and the result thereof returned by the election officer of each district to the county or municipal clerk of each county or other municipality and a canvass of such election had in the same manner as is now provided for by law in the case of the election of county officers, and the acceptance or rejection of the question submitted shall be certified by the county or municipal clerk in each county or other municipality to the South Jersey Port Commission, and if there shall be a majority of all of the votes cast for or against it in favor of the levying of said tax, then upon such certification to the said commission it shall immediately proceed as herein provided. And said county or other municipality voting in favor of levying said tax shall be represented in the membership of the port commission by a member who shall be appointed by the governing body of the county or other municipality for a term of three years, or until a successor shall have been duly appointed and have qualified; and the membership of the South Jersey Port Commission shall be enlarged by such appointment. The amounts collected as provided in this act shall be paid over to the treasurer of the port commission. In anticipation of the levy and collection of taxes the port commission may issue and
sell its certificates of indebtedness, payable from the moneys to be collected from such taxes.

13. If any term or provision of this act shall be declared unconstitutional or ineffective in whole or in part by a court of competent jurisdiction, then to the extent that it is not unconstitutional or ineffective such term or provision shall be enforced and effectuated nor shall such determination be deemed to invalidate the remaining terms or provisions hereof.

14. The sum of fifty thousand dollars ($50,000) or so much thereof as may be necessary, is hereby appropriated out of any moneys in the State treasury not otherwise appropriated for the expenses of the port commission. The moneys hereby appropriated shall be paid out by the State Treasurer on the warrant of the Comptroller of the Treasury upon vouchers signed by the chairman of the port commission.

15. All acts and parts of acts inconsistent herewith, are hereby repealed and this act shall take effect immediately.

Joint Resolution creating a commission to be known as the Blue Law Revision Commission, and defining its powers and duties.

1. There is hereby created a joint commission to be known as the Blue Law Revision Commission, consisting of three members of the Senate, to be appointed by the President thereof, and three members of the House of Assembly to be appointed by the Speaker thereof, for the purpose of making a full and complete investigation
resolutions Nos. 5 & 6.

Joint Resolutions concerning the piers in the city of Hoboken, county of Hudson.

Whereas, in virtue of an act of Congress, passed for the purpose of enabling the President of the United States to take over the valuable waterfront in the city of Hoboken belonging to the North German Lloyd Steamship Company and the Hamburg American Steamship Company for the purpose of national defense during the period of the war, the said properties were taken over and occupied by the War Department during the period of war, and

Whereas, when the war terminated instead of selling the said property or turning the same over to mercant-
tile uses so that the said property would return to the city of Hoboken and the county of Hudson its former quota of taxation the government of the United States turned the said properties through the War Department over to a Shipping Board and is now operating the said valuable dock property and has been operating the same without the payment of taxes for the purpose of conducting an independent mercantile marine competition with other shipping interests, whereby said city of Hoboken has been deprived of payment of taxes from the said property to the amount of over three millions dollars and the tax rate of the said city as a result of the said operation has been increased from twenty-two point naught one to forty-seven point fifty, all of which is evidenced by a presentment of the grand jury of the county of Hudson made to the Court of Oyer and Terminer of that county on the fifteenth day of September, one thousand nine hundred and twenty-five; and,

WHEREAS, The said loss in payment of taxes to the city of Hoboken results in a loss to the county of Hudson and the State of New Jersey by reason of the fact that the said city if the present order of things should continue may be unable to pay its bonded indebtedness and its pro rata contribution to the county of Hudson and the State of New Jersey based upon its physical assets as they stood prior to the expropriation of the said lands and water front; and

WHEREAS, It is desirable in the interests of justice and honesty that the Federal Government shall pay the present indebtedness due to the city of Hoboken for taxes by reason of the fact that the said properties are not used for government purposes, and have not been so used since the termination of the war, but have been used and are now being used exclusively for commercial competitive purposes by the said Shipping Board, and for that reason said Shipping Board should be compelled out of its receipts to pay the sum of taxes now in arrears to the city of Hoboken and should be compelled also to recognize, acknowledge and pay as any other corporation transacting a commercial business, all taxes and municipal charges which may ac-

crue in the future to the said city of Hoboken while said board is thus operating said property; now therefore,

BE IT RESOLVED by the Senate of New Jersey (House of Assembly of the State of New Jersey concurring):

That it is the sense of the Legislature that the Shipping Board now in control of the said piers and the property connected therewith should be compelled by the Federal Government to pay with all convenient speed the arrears of taxes due to the said city of Hoboken since the said Shipping Board assumed control and ownership of the said pier property, and that the said Shipping Board should also be directed at once to acknowledge, recognize and pay to the city of Hoboken all future assessments for taxes which may be levied and assessed against the said property of the said city of Hoboken so that the said properties shall not be exempt from taxation; and

Resolved, That a copy of these preambles and resolutions, signed by the Governor of this State, and properly authenticated by the Secretary of State, be sent through the Honorable Walter E. Edge and the Honorable Edward I. Edwards, representing the State of New Jersey, to the President of the United States, the President of the United States Senate, the Speaker of the House of Representatives and to the members constituting the Congressional Committee having the matters of the Shipping Board in charge to the end that immediate action may be taken by the Congress of the United States for the adjustment of said arrears and for the payment of all future taxes as the same may accrue.

JOINT RESOLUTION No. 7.

Joint Resolution approving the program of the Department of Conservation and Development for the extension of the State forest holdings of the State and providing for appropriation for such extension during the next fiscal year.

WHEREAS, Two million acres, nearly one-half of the land area of the State, is wild land which is not now needed or wanted for agricultural, industrial, residential or similar development or use and which apparently will not be so needed or used for a considerable time to come, which area is annually increasing; and

WHEREAS, At least, one million two hundred thousand acres of this land is now entirely unproductive or rapidly becoming so and because of this does and can contribute little or no part of the public revenue through taxation; and

WHEREAS, Practically this entire area can produce timber crops able to pay their fair share of the tax burden and to produce a home supply of forest products already needed and soon to be much more needed; and

WHEREAS, It appears from the experience and investigation of the Department of Conservation and Development that the only prompt and the most economical, if not the only effective means of remedying this situation is through State leadership in the rehabilitation of these areas by State ownership and management of considerable tracts on which timber production can be begun at once on a large scale, on which the practicability and profit from such management of wild land can be proven to the private owner and on which the continuity of management which is essential to the production of certain sizes, species, and grades of timber products can be assured within the State by State ownership; and

WHEREAS, While fulfilling these economic needs, such areas will also meet a rapidly growing need and de-

mand for public wild-land areas for outdoor recreation; and

Whereas, Experience in the ownership of such areas by the State over a period of more than fifteen years of management of from ten thousand to twenty thousand acres of State forests, already owned, makes it apparent that expenditure for the acquisition of such areas is an investment of funds which shortly will become self-supporting, which subsequently will be repaid from the income from the properties, and which eventually will provide a permanent source of direct income to the State, while serving the State's economic and social welfare; now therefore,

Be it resolved by the Senate and General Assembly of the State of New Jersey:

1. That the program of the Department of Conservation and Development for rapid acquisition of such wild land by the State as State forests until an area of not less than two hundred thousand acres, one-tenth of the forest area in the State—is so held by the State, be and hereby is approved.

2. That the sum of two hundred and fifty thousand dollars hereby is appropriated to the Department of Conservation and Development whenever included in any annual appropriation bill to be used for the acquisition and organization of additional State forests, in pursuance of the above named program.

3. This joint resolution shall take effect immediately.
