16. The by-laws may require the members to sell all or any part of their specifically enumerated agricultural products, and to buy all or any part of their specifically enumerated agricultural supplies, exclusively through the association, but in such case shall specify a reasonable period in each year during which any member, by giving notice prescribed in the by-laws, may withdraw and be released from his obligation to employ the services of the association in respect to such products and supplies. The by-laws may fix specific sums, in amounts fairly related to the actual damages ordinarily
suffered in like circumstances, to be paid to the association as liquidated damages by any member failing to perform any obligation to the association imposed upon such member by the certificate of incorporation, the by-laws, or any contract between such member and the association, and such provision and any contract authorized by this act shall be valid and enforceable in the courts of this State in any action brought by the association against such member.

17. The board of directors of every association shall consist of not less than three directors who shall be members of the association or individual representatives of corporate members of the association, and shall be chosen annually by the members at the time and place provided in the by-laws, and shall hold office for one year; but by so providing in its certificate of incorporation, every association organized under this act may classify its directors in respect to the time for which they shall severally hold office; the several classes to be elected for different terms; provided, that no class shall be elected for a shorter period than one year or for a longer period than three years, and that the term of office of at least one class shall expire in each year. Directors shall hold office until their successors have been elected and qualified and until their successors shall enter upon the discharge of their duty. The by-laws may provide that the territory in which the association has members shall be divided into districts, and that the directors shall be elected according to such districts. No director, during the term of his office, shall be a party to a contract for profit with the association differing in any way from the business relations accorded other members, except as said director may be employed by the association. Vacancies shall be filled by the board of directors for the unexpired terms at any regular meeting or at any special meeting of the board called for the purpose. The board of directors shall manage the affairs of the association, and shall perform such other duties as may be specifically imposed upon the board by this act.

18. Any member, director or officer of the association may, for cause, at any regular meeting or at any special meeting of the board of directors called for the
purpose, at which two-thirds of the members of the board shall be present, be expelled from membership or removed from office by vote of not less than two-thirds of the members of the board. At least twenty days' written notice of the time, place and object of any such meeting, and of the charges against him, shall be given to the member, director or officer against whom charges are to be presented. Such member, director or officer shall, at such meeting, have an opportunity to be heard in person or by counsel and by witnesses in regard thereto.

19. The officers of every association shall include a president, vice-president, secretary and treasurer, who shall be appointed annually by the board of directors. The president and vice-president shall be appointed from among the directors. The secretary and treasurer may be nonmembers. The office of secretary and treasurer may be combined, and one individual appointed thereto. Vacancies in said offices shall be filled for the unexpired term by the board of directors. Such officers shall hold their offices until their successors are appointed and qualified and shall have entered upon the discharge of their duties. The board of directors shall require the treasurer and may require any other officers, agents and employees, charged by the association with responsibility for the custody of funds or property, to give bond with sufficient surety for the faithful performance of their duties. The premium on such bonds shall be paid by the association.

20. The directors shall have power to establish a reserve fund for working capital and to transfer thereto, from time to time in their discretion, such sum or sums as they may deem expedient. The association may provide for the payment of expenses necessary in the performance of its services for the members and the accumulation of the reserve fund through fees, dues, assessments or charges to be fixed and collected in such manner as may be prescribed in the by-laws.

21. In the case of associations without capital stock, after payment of expenses and the establishment of the reserve fund, as heretofore authorized, and as soon after the end of the fiscal year as possible, the whole

balance remaining shall be divided among those persons, members and nonmembers, with whom the association has done business during said fiscal year, in the proportion that the volume of business done by such persons with the association during said fiscal year bears to the total volume of business transacted by the association during said fiscal year; provided, however, that, in calculating the amount to be paid to nonmembers, there shall be deducted from the share of any nonmember upon whom liability for the debts of the association has not been imposed as authorized by section fourteen, such sum as in the opinion of the directors shall be a reasonable charge in lieu of such liability.

22. In the case of associations with capital stock, after payment of expenses and the establishment of the reserve fund, as heretofore authorized, and as soon after the end of the fiscal year as possible, there shall be paid to the members out of the earnings of the association for such fiscal year, an interest dividend not exceeding eight per centum of the par value of the stock held by them at the end of the fiscal year. The whole balance remaining after payment of said interest dividend shall be divided among those persons, stockholders and nonstockholders, with whom the association has done business during said fiscal year, in the proportion that the volume of business done by such persons with the association during said fiscal year bears to the total volume of business transacted by the association during said fiscal year; provided, however, that, in calculating the amount to be paid to nonstockholders, there shall be deducted from the share of any nonstockholder upon whom liability for the debts of the association has not been imposed, as authorized by section fourteen, such sum as in the opinion of the directors shall be a reasonable charge in lieu of such liability.

23. Every association shall, annually, appoint an auditing committee of three persons, who shall not be directors, officers, agents or employees of the association but who may or may not be members of said association. At the close of each fiscal year a complete audit of the operations of the association shall be made, a written report of which shall include statements of
services rendered by the association, the balance sheet, the receipts and disbursements, and the assets and liabilities, the members admitted and withdrawn, the total number of members, and other proper information, and shall be submitted to the members at the next regular meeting. Within three months after the expiration of the fiscal year for which made, the secretary of said association shall file a copy of the report of the audit with the Secretary for Agriculture of the State of New Jersey. No person shall, without consent of the association, except in obedience to judicial process, make or permit any disclosure whereby any information contained in said report may be identified as having been furnished by said association.

24. Any two or more associations may merge or consolidate into a single new association. Whenever any two or more associations shall desire so to merge or consolidate, the directors of such associations shall enter into a joint agreement for such merger or consolidation. Such agreement shall contain all the terms of the proposed merger or consolidation and shall also set forth with regard to the proposed new association the same facts which are required to be set forth in the original certificates of incorporation of associations incorporated under this act. After such joint agreement has been entered into by the directors, as aforesaid, it shall be submitted to the members of each of the associations concerned at separate meetings duly called for that purpose. If such joint agreement shall be approved and adopted by the vote of at least two-thirds of the members present at each of such meetings, then a copy thereof, duly certified and acknowledged by the president and secretary of each of such associations, shall be recorded in the office of the clerk of the county in which the principal office of the new association is to be located and filed in the office of the Secretary of State. Upon such filing the associations so merging or consolidating shall cease to exist as separate associations and the new association shall succeed to and be possessed of all their rights, titles, properties and interests and shall assume and be subject to all their liabilities and obligations.
25. Whenever, in the judgment of a majority of the board of directors, it shall be advisable and most for the benefit of any association that it should be dissolved, the board shall so declare by resolution and shall cause to be mailed to each member at his last known postoffice address a notice of the adoption of such resolution and not less than ten days' notice of a meeting of the members to take action upon the same. If, at any such meeting, a majority of the members present shall approve of the resolution of the directors and vote in favor of dissolution of the association, a certificate of such action by the board of directors and of such vote by the members, certified by the president and secretary or treasurer of the association, shall be filed in the office of the Secretary of State; and, upon such filing, the association shall be dissolved and the board of directors shall proceed to settle up and adjust its business and affairs; provided, however, that, if the resolution of the board of directors shall so provide and the members shall so vote, a liquidating trustee shall be named by the Secretary for Agriculture to settle up and adjust the business and affairs of the association in the place and stead of the board of directors. After liquidation of the assets of the association, payment of its debts and of the reasonable expenses of the dissolution, the surplus, if any, in associations without capital stock, shall be divided among the members equally, and, in associations with capital stock, shall be divided among the members in proportion to their stock holdings. The compensation of the directors or of the liquidating trustee in settling up and adjusting the business and affairs of the association shall not exceed such amount as shall be fixed by a two-thirds vote of the members of the association present at the meeting at which dissolution of the association is decided upon. A statement of distribution, showing the manner in which the business and affairs of the association have been settled up and adjusted, shall be filed by the directors or liquidating trustee with the Secretary for Agriculture immediately upon the completion of such distribution.

26. Any agricultural association or corporation without capital stock, heretofore incorporated under any
other act, may become subject to the provisions of this act, provided a resolution declaring such change advisable shall be adopted by the directors of such association and approved at a meeting of the members of the association by a two-thirds vote of the members present. A copy of such resolution, duly certified and acknowledged by the president and secretary of the association, shall be filed with the Secretary of State and thereupon such association shall become entitled to all the advantages of and subject in all respects to the requirements and provisions of this act.

27. All associations heretofore incorporated under the act entitled "An act to provide for the formation and regulation of co-operative agricultural associations," approved April twelfth, one thousand nine hundred and twenty, shall, upon the taking effect of this act, immediately become entitled to all the advantages and subject to all the requirements of this act.

28. No person, firm, corporation or association hereafter organized for the purpose of engaging in any of the activities mentioned in section three of this act, shall use the word "co-operative" as part of its corporate or other business name or title unless it has organized under this act. Every foreign corporation organized for such purpose, before transacting any business in this State, shall file in the office of the Secretary of State a copy of its charter or certificate of incorporation, attested by its president and secretary, under its corporate seal, and a statement attested in like manner, of the amount of its authorized capital stock, if any, and the amount actually issued, and designating its principal office in this State and an agent, who shall be a domestic corporation or a natural person of full age actually resident in this State, together with his place of abode, upon which agent process against such corporation may be served, which agency so constituted shall continue until the substitution, by writing, of another agent. Every such foreign corporation, before transacting business in this State, shall also file proof that it is organized as a nonprofit, co-operative agricultural association, and that it is operated for the mutual benefit of its members. Upon the filing of such copy,

statement and proof the Secretary of State shall issue to such corporation, by whatever name known, a certificate that it is authorized to transact business in this State.

29. If any clause, sentence, paragraph or part of this act shall for any reason be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which such judgment shall have been rendered.

30. The provisions of the general corporation laws of this State, and all powers and rights thereunder, shall apply to the associations organized hereunder, except where such provisions are in conflict with or inconsistent with the express provisions of this act.

31. All acts or parts of acts inconsistent herewith are hereby repealed.

32. This act shall take effect immediately.

Approved February 28, 1924.

1. In any county of this State it shall be lawful for the board of chosen freeholders by resolution to establish a board of shade tree commissioners to consist of three residents of such county, which commission shall be appointed by the board of chosen freeholders, and shall be known as the “Shade Tree Commission of County.” Of the commissioners first appointed, one shall serve for the period of one year, one for the period of two years, and one for the period of three years, and thereafter one such commissioner shall be appointed annually for the term of three years. CHAPTER 78.

An Act to enable cities, town, townships, boroughs and
certain counties to acquire portions of the property, the
title to which is now vested in the Morris Canal and
Banking Company in trust for the State of New Jer­
sely, upon the abandonment of navigation upon the
Morris canal, upon terms and compensation fixed by
the Morris Canal and Banking Company and provid­
ing for the review of said terms and compensation
by the Board of Public Utility Commissioners of the
State of New Jersey.

BE IT ENACTED by the Senate and General Assembly
of the State of New Jersey:

1. Upon the abandonment by lawful authority of navi­
gation upon the Morris canal, any city, town, township
or borough within which any property is located, the
title to which is now vested in the Morris Canal and
Banking Company in trust for the State of New Jersey,
and any county having control of a county road lying
contiguous to any such property, shall have power and
authority to acquire for public use, such parts of said
canal property as may be located within its boundaries,
in the case of any such municipality, or as may lie con­
tiguous to any such county road, in the case of any such
county upon terms and compensation to be fixed by
said Morris Canal and Banking Company after negotia­
tion and approved by the Governor. Such terms and
compensation may be reviewed by the Board of Public
Utility Commissioners of the State of New Jersey, which
is hereby directed and empowered to grant such review on the application either of such municipality or county or of the Morris Canal and Banking Company; and upon such review, the said board shall have power to determine the fairness of said terms and compensation, consideration being had of the condition of the canal property taken and its effect upon any such municipality or county and upon adjacent property and also of the nature of the use to which it is intended to devote said portion of the canal property and the estimated cost of adapting it to such new use. The said board shall have power, if it shall find said terms or compensation unfair, to fix the terms and compensation deemed by said court to be fair, which terms and compensation shall be those upon which said portion of the canal property shall be transferred to such municipality or county unless such municipality or county shall within thirty days determine not to proceed with the acquisition thereof and shall pay the costs of said proceeding; and provided, moreover, that to avail itself of the provisions of this section, any such municipality or county shall on or before the first day of January, one thousand nine hundred and twenty-five, adopt a resolution expressing its desire to acquire such portion of the canal property and setting forth the purposes to which it is intended to devote said property when acquired.

2. Any property of the canal not acquired under the provisions of section one of this act, may be similarly acquired by any other of said municipalities, outside the boundaries of which such portion of the canal property may lie, if such portion is so situated as to form a single contiguous tract with the canal property lying within the municipality so seeking to acquire it and is capable of development for the purpose for which said municipality intends to acquire the canal property within its boundaries; provided, the municipality within which such canal property lies, shall have failed to take the necessary steps to acquire such property for its use.

3. Any municipality, county or counties which shall purchase any of such property may acquire by gift, purchase or condemnation any reversionary and any other private rights in the property so purchased and in all
such cases of condemnation the valuation to be paid to the owner of such reversionary or other private rights shall be the value of such rights subject to the continued use of the property for canal purposes together with the damage, if any, arising out of the change from the use for canal purposes to the public use for which the same shall have been taken by such municipality. If in any such case of condemnation it shall be determined that the rule of valuation in this act prescribed invades the constitutional right of compensation of any private owner, the measure of compensation shall be modified accordingly and the residue of this act shall not fail.

4. In the event of a public sale of any portion of such property, any city, town, township, borough, or county as specified in section one, is hereby authorized to bid for such property either on its own behalf alone or jointly with other municipalities, such sum as the governing body of such municipality may authorize. In the event of a joint bid such joinder shall be limited to property either situated within the municipality bidding or in the municipality adjoining the municipality bidding, or so situated as to permit by joint action of said municipality and any other municipality or municipalities joining with it the development of a section of said canal property as an unsevered unit. The amount of contribution of the respective municipalities to any such joint bid, and the character of the joint user of the property so bid for, shall be authorized by resolution of the respective governing bodies of the municipalities so joining approving the execution of a contract with the other municipalities joining, which contract shall embody the amount of the respective contributions to said joint fund, the interest of the respective municipalities in the property so bid for if acquired, and the joint user to which said properties if so acquired shall be dedicated and the respective appropriations of such municipalities to the cost of adapting said properties to such users. Such contract may upon the assent of all of the governing bodies of the municipalities, parties thereto, be modified from time to time.

5. This act shall take effect immediately.

Such statement shall be known as the Annual Debt Statement. Immediately upon the passage of this act the financial officer of each municipality shall file as above directed the annual debt statement as of the thirty-first day of December, one thousand nine hundred and sixteen. (c) Indebtedness to an amount not exceeding three per centum of the average of the assessed valuation as stated in subdivision D hereof, incurred or authorized for any of the following purposes but not for the support or maintenance thereof, separately stated in so far as separately issued for such purposes, namely, for docks, electric light or power, gas, markets and any other purpose from the carrying out of which the municipality derives revenue from rentals or services rendered, the payment of the principal and interest of which indebtedness was adequately provided for from such revenue after deducting operating expenses during the previous fiscal year.

(d) Indebtedness incurred or authorized for the supply of water.

(e) The net indebtedness incurred or authorized for school purposes to an amount not exceeding six per centum of the average assessed valuation as stated in subdivision D hereof.

D. The three next preceding assessed valuations of the taxable real property (including improvements) of the municipality and the averages thereof.

E. The percentage that the net debt as computed under subdivision C bears to the average of the assessed valuation computed under subdivision D.

(2) Prior to the passage of any ordinance or resolution authorizing notes or bonds under this act, the chief financial officer shall make and file a supplemental debt statement unless such notes or bonds are exclusively for the following purposes, namely, for funding (including the funding of interest accruing during the construction period) or for refunding; or for the supply of water; or for the construction or reconstruction of dikes, bulk-
heads, jetties or other devices erected along the ocean or inlet front and intended to prevent the encroachment of the sea, including improvements to restore property damaged by the sea, for the construction of boardwalks, pavilions, piers, bathing houses or other devices along the ocean front, and the acquisition of lands in connection therewith. Such supplemental debt statement shall be computed as provided for the annual debt statement, and shall set forth:

A. The net debt of the municipality as stated in subdivision C of the annual debt statement last filed; the amount by which such net debt has been increased or decreased; the net debt at the time of the statement.

F. The total amount of all bonds and notes required to be stated as part of gross indebtedness issued and authorized since December thirty-first, one thousand nine hundred and sixteen (whether paid or outstanding, except bonds and notes issued in anticipation of the receipt of tax revenues, and except bonds or notes issued to refund or fund indebtedness contracted before December thirty-first, one thousand nine hundred and sixteen), and the bonds or notes to be authorized.

H. The difference between the amounts stated in subdivision F and G (hereinafter called the net increased debt).

I. The average assessed valuation of taxable real property (including improvements) of the municipality for the years one thousand nine hundred and fourteen, one thousand nine hundred and fifteen and one thousand nine hundred and sixteen.

Res. 337, and of the port compact or treaty between the two States dated April thirtieth, one thousand nine hundred and twenty-one, authorized and approved by chapter 151, Laws of New Jersey, 1921, and chapter 154, Laws of New York, 1921, and consented to by the Congress of the United States by Public Resolution No. 17, 67th Congress, S. J. Res. 88, the Port of New York Authority (hereinafter called the Port Authority) is authorized and empowered to construct, operate, maintain and own a bridge, with the necessary approaches thereto, across the Arthur Kill, between Perth Amboy on the New Jersey side and Tottenville on the New York side.

2. The plan of the approaches at either end of the tunnels and bridges, which shall include any highway extension or changes which the Port Authority shall deem convenient or necessary, shall be subject to the approval of the respective municipalities in which they shall be located. Except as so limited the Port Authority shall determine the site, size, type and method of construction of such bridge and approaches and all matters pertaining thereto.

3. The Port Authority is authorized to make and enforce such rules and regulations and to establish and levy such charges and tolls as it may deem convenient or necessary for the operation and maintenance of the said bridge and to insure at least sufficient revenue to meet the expenses of the construction, operation and maintenance thereof, and to make provision for the payment of the interest upon and amortization and retirement of such bonds or other securities or obligations as it may issue or incur for the purposes of this act, as hereinafter provided. There shall be allocated to the cost of construction, operation and maintenance of the bridge such proportion of the general expenses of the

4. The said bridge shall be built and paid for in whole or in part out of moneys to be raised by the Port Authority on bonds or other securities or obligations issued or incurred by it pursuant to Article VI of the said compact or treaty. If, for any of the purposes hereunder, the Port Authority shall find it necessary or convenient for it to acquire title to or any lesser interest in real property as herein defined, in this State, then the Port Authority may find and determine that such property is required for a public use, and upon such due determination, the said property shall be and shall be deemed to be required for such a public use; and with the exceptions hereinafter specifically noted the said determination or fact shall not be affected by the fact that such property has theretofore been taken for, or is now devoted to, a public use; but the public use in the hands or under the control of the Port Authority shall be deemed superior to the public use in the hands of any other person, association or corporation. If the Port Authority is unable to agree for the purchase of any such property, or if the owner thereof shall be incapable of selling the same, or if, after diligent search and inquiry, the name and residence of any such owner cannot be ascertained, or if title to any such property has been acquired or attempted to be acquired and has been found to be invalid or defective, the Port Authority may acquire title to all such property by condemnation under and pursuant to the provisions of this act.

The Port Authority is hereby authorized and empowered to acquire from such county, city, borough, village, township, or other municipality by agreement therewith, and such county, city, borough, village, township or other municipality is hereby authorized and empowered to grant and convey for such consideration as it may deem wise, any real property which may be necessary for the construction, operation and maintenance of the bridge and the approaches thereto, including such lands, structures or interests therein as have already been devoted to a public use.

The State of New Jersey hereby consents to the use and occupation of the lands of the State necessary for the construction, operation and maintenance of the said bridge and the approaches thereto, including lands of the State lying under the waters of the Arthur Kill.

7. When title or any interest in real property within this State is sought to be acquired by condemnation, the Port Authority shall cause a survey and map to be made thereof, and shall cause such survey and map to be filed in its office. 2. The board of freeholders of any county may, by resolution, establish a county almshouse, to be known as a welfare-house, or change the name and control and management of any existing county almshouse for the care and maintenance of the permanent poor, such persons requiring permanent relief other than in municipalities excepted therefrom as provided in this act shall be provided for therein by said county, and in almshouses maintained and supported in municipalities in such county as otherwise provided in this act, shall thereafter be abolished, and the permanent poor shall thereafter be maintained in the county institution, rather than in municipal almshouses. They shall have power to erect all necessary buildings, make all necessary improvements and repairs, and alter any existing building for the use of said home, provided that the plans for such erection, alteration or repair shall first be approved by the State Board of Health and the State board. They shall have power to cause to be levied, assessed and collected from the municipalities of the county participating in such purpose such sums of money as shall be deemed necessary at first and annually thereafter to provide suitable land, buildings
and improvements for said welfare-houses and for the maintenance thereof, and for all other necessary expenditures therefor, and the expenses of the superintendent and his assistants as authorized and required in this act, and to borrow money for the erection of such welfare-houses, and for the purchase of a site for such welfare-houses, on the credit of the county, or portion thereof as provided in this act, and issue obligations therefor in such manner as it may do for other county purposes. The chosen freeholders shall have power to accept and hold in trust for the county, or portion thereof so participating, any grant or devise of land, or any gift or bequest of money, or other personal property, or any donation to be applied, principal or income, or both, for the benefit of said welfare-house, and apply the same in accordance with the terms of the gift.

3. When the board of chosen freeholders shall have determined to establish a welfare-house for the permanent maintenance and relief of the poor of any county or portion thereof, and shall have acquired a site therefor, and shall have awarded contracts for the necessary buildings and improvements thereon, or shall have resolved to maintain and operate a welfare-house as provided in this act, there shall be constituted and appointed a welfare board composed of five citizens of the county, as follows: The director of the board of chosen freeholders of said county, and four citizens of the county or municipalities participating, two of whom may be women, to be appointed by the board of chosen freeholders, who shall constitute the managers of said welfare-house. 4. They shall appoint a superintendent of welfare, who shall have the qualifications and be subject to the same examination as is required for that of an overseer.

5. Said welfare board shall elect from among its members a president, vice-president and a secretary-treasurer. The superintendent appointed as herein provided shall not be a member of the board, and shall hold office for the term of five years, or until the appointment of his successor, unless sooner removed for cause after due notice and hearing. Said board of managers shall appoint such other officers and employees as may be necessary; they shall fix the salaries of the superintendent and such officers and employees within the limits of the appropriation made therefor by the board of freeholders, and such salaries shall be compensation in full for all services rendered. The superintendent, officers and employees shall be subject to such rules and regulations in the discharge of their duties as may be provided by said board, and shall have, under the control of said board, the general superintendence and management of said welfare-house, of the grounds and buildings, and of the inmates thereof. The welfare board shall have charge of all matters relating to the government, discipline, contracts and fiscal concerns thereof as appropriated by the chosen freeholders and shall make such rules and regulations as may be necessary for carrying out the purposes of such welfare-house. They shall so equip and maintain said home as to provide proper heat and all furniture, materials and supplies, medical and otherwise, as may be necessary for the adequate maintenance of the permanent poor, and said board shall meet at said welfare-house at least once in every month, and at such other times as may be prescribed in the by-laws or rules of said board, and shall hold their annual meeting at least one month prior to the meeting of the board of freeholders at which appropriations for the ensuing year are to be considered. All appropriations for the expenditure of money above set forth shall be subject
to the approval of the board of chosen freeholders. They shall keep a public record in a book provided for that purpose of their proceedings. The welfare-house shall be subject to inspection to duly authorized representatives of the State board, or the commissioner, and of the State Board of Health. They shall certify all bills and accounts, including salaries and wages, and transmit them to the board of freeholders of the county, who shall provide for their payment in the same manner as other charges against the county, except such municipalities therein as do not participate as provided in this act, and shall make annually, a report of the financial management and expenditures and other operations of the welfare-house and the number of persons maintained therein, together with their recommendations to the said board of freeholders. The freeholders shall provide and maintain, however, a working expense fund raised and collected as the other expenses are required by this act to be provided not to exceed three hundred dollars for the use of the welfare board. Payments therefrom shall be made out of the county treasury on the voucher of the said secretary-treasurer.

6. The superintendent of welfare shall be the chief executive officer of such welfare-house, subject to the control of said board. The said superintendent under the general rules and regulations shall receive such poor persons as by law are properly receivable therein, or as otherwise by law may be provided, and all such persons as would otherwise be receivable in a county or municipal almshouse, except such poor of municipalities excepted from the establishment, support and maintenance thereof, who have settlements therein.

7. He shall, in addition to his duties and responsibilities as chief executive officer of such welfare-house and said board, have general jurisdiction throughout the county or portion of the county which maintains a welfare-house as in this act provided and the authority and power of an overseer with the consent and approval of the governing body in all such municipalities where such municipalities have no duly constituted overseer performing such duties, by contract or otherwise, and in such work as overseer in any such municipality in any county,

shall be subject to all lawful rules and regulations of the said welfare board. The expense of said work of overseer by such superintendent shall be a charge upon the municipalities of such county so participating, to be levied, assessed and collected therefrom by the board of chosen freeholders in the same manner as other county expenses are assessed and collected.

COUNTY MAY CONTRACT WITH ANOTHER COUNTY FOR MAINTENANCE OF PERMANENT POOR.

8. Upon the certificate of the State board that the housing conditions and accommodations are sufficient and adequate for the purpose and the approval of the State Board of Health, that the sanitary conditions are such as to properly safeguard the health of such poor persons as may be maintained therein, the board of chosen freeholders of any county may contract with any board of chosen freeholders of any other county of this State to board and care for poor persons requiring permanent relief of such county, except such municipalities thereof as do not elect to participate in such county plan which maintain their own permanent poor, and such contract authorized by the board, and entered into by the directors of the several counties concerned, shall provide for the permanent maintenance and relief of such poor persons, and in such case, any county so contracting, may maintain the permanent poor under its jurisdiction and authority in such almshouse or welfare-house in such other county with which such contract shall be entered into. The expense under such contract for the support of the permanent poor of any county in the almshouse or welfare-house of another county shall be provided for by appropriation and paid in the same manner as other county expenses, but levied, assessed and collected from the municipalities participating, excepting such as elect not to participate, which maintain their own permanent poor. Such almshouse or welfare-house shall always be open to inspection of a duly authorized agent of the board of chosen freeholders of any county maintaining its permanent poor therein, and of the State board and the State board of Health.
Whenever municipalities in a county elect not to participate in such county purpose, the procedure shall be as set forth in sections twenty-two to twenty-four and as otherwise provided in this act, as in the case of the establishment of a welfare-house.

**Joint County or District Welfare-House.**

9. The boards of chosen freeholders respectively in any two or more contiguous and adjoining counties may resolve that upon a like resolution being enacted in such other adjoining and contiguous county or counties as shall be named therein, provision may be made for the permanent relief of such poor persons in such counties in a welfare-house to be jointly owned by such counties, or so many thereof as shall adopt the same, or as the resolutions may provide, which shall constitute a district and be conducted by a welfare board as hereinafter constituted for the permanent relief of the poor persons of such counties; in such case permanent relief shall be provided for the poor of such counties, except those municipalities which maintain their own permanent poor and which have elected not to participate for such purpose, in such jointly maintained district welfare-house; provided, however, that the inhabitants of such counties shall, by a majority vote of the legal voters therein, excepting from such vote the electors of such municipalities maintaining their own permanent poor in institutions as have elected not to participate for such purpose, ratify and accept the provisions of such resolutions as have been adopted and of like purport in their respective counties as hereinafter provided. In case of the adoption by a majority of such legal voters in each such county, or such counties as shall so elect if the resolutions so provide, there shall be constituted and appointed at a joint meeting of the respective boards of chosen freeholders concerned therein a District Welfare Board of five persons, citizens of the district, two of whom shall be women, who with the directors of the respective boards of chosen freeholders shall constitute the managers of said district welfare-house. They shall be elected so as to, as nearly as may be, make the quota in membership in said board equal in representation from...
Terms. The counties concerned. They shall hold office for five years, except that the first appointments shall respectively be for one, two, three, four and five years, which terms as to duration shall be in the order of the appointments as made and indicated. Vacancies shall be filled for the unexpired term only. The holding of any other office by any such member shall not be construed to be the holding of an incompatible office.

Appoint superintendent. They shall have power and authority to appoint a superintendent of welfare, who shall be a citizen of one of such counties, and have the same qualifications and requirements and term of office as provided for a superintendent of welfare in any county. They shall meet regularly once each month and such other times as may be necessary or as they may by rule provide. They shall be paid ten dollars each for attendance at the regular monthly meetings and shall also be reimbursed for their expenses incurred in the performance of duties imposed by this act. Like qualifications and authority shall be vested in such district welfare board as is vested in the welfare board of any single county, and as herein authorized. They shall hold their annual meeting at least six weeks prior to the meetings of the boards of freeholders of the several counties at which appropriations for the ensuing year are to be made, and shall provide in a budget to be made up six weeks prior to the annual meetings of the respective boards of chosen freeholders concerned, the total expense of the maintenance and operation of said district welfare-house, and all expenses including wages and salaries, and shall apportion the same among the several counties according to the population of each respective county as ascertained at the last Federal census, excepting therefrom the population of such municipalities in such counties not participating for such purpose as in this act provided, and each respective county shall thereupon provide the funds as to their necessary quota; provided, however, that within two weeks after the budget herein provided for shall be made up the same shall be approved by the Commissioner of Municipal Accounts of the State of New Jersey, and certified as correct, when it shall be certified to the respective boards of chosen freeholders, in order that
the quota of each county may be provided for, and shall be assessed and collected by the board of chosen freeholders from the municipalities of such counties so participating in said purpose for the establishment, maintenance and upkeep of such district welfare-house in the same manner as other taxes are assessed and collected. Said cost shall be a charge upon each county or portion thereof participating in such purpose. The sums of money raised in any manner authorized shall, on receipt thereof by the respective county treasurers, be paid to and held by the treasurer of the county in which the district welfare-house shall be situate, and be deposited in a separate account, in a State or National bank located and doing business in that county. The district welfare board shall certify all bills and accounts, including salaries and wages, and transmit them to the boards of freeholders concerned, who shall examine and approve the same for payment, and when so certified, transmitted, examined and approved for payment by the boards of chosen freeholders concerned the treasurer shall pay the same from said account.

METHOD OF ADOPTING A JOINT COUNTY WELFARE PLAN.

11. Whenever two or more counties contiguous and adjoining shall, by the boards of chosen freeholders thereof, so resolve to construct and maintain jointly a district welfare-house in lieu of a county welfare-house and municipal almshouses, which, in such case, shall be abolished, except as otherwise provided in this act, the resolution shall be submitted to the legal voters of said county at the next general election, except such thereof as are municipalities maintaining their permanent poor in institutions and have elected not to participate, at the next general election. Public notice thereof shall be given by said boards of chosen freeholders by publication not less than thirty days prior to said election in a newspaper published and circulated in the county seat of each of said counties. At any election at which the question of the adoption of the resolution shall be submitted to the voters of any county, there shall be printed upon the official ballot for such county at the next general election the word "for" and the word
“against” above and immediately preceding the words “Shall the county of ............ adopt the resolution of the board of chosen freeholders providing for the joint establishment, operation and maintenance of a district welfare-house for the permanent relief of the poor of this and the county (or counties) of (naming them), or so many thereof (or all as the resolution shall provide) as may be favorable thereto?”

12. If the word “for” be marked off or defaced upon the ballot, it shall be counted as a vote against the acceptance of the resolution. If the word “against” be marked off or defaced upon the ballot, it shall be counted as a vote in favor of the acceptance of the resolution, and in case neither the word “for” nor the word “against” be marked off or defaced upon the ballot, it shall not be counted as a vote either for or against such acceptance.

A canvass and return of the votes upon the question of the acceptance of the resolution shall be made by the board of canvassers in the same way and manner as for officers voted at such election and as other questions are submitted on referendum, and the result thereof shall be certified to the Secretary of State within five days thereafter, who shall canvass the vote of the two or more counties voting on said question, and shall certify the same within ten days thereafter to the respective county clerks and to the clerk of the board of chosen freeholders of each such county, and if the majority of the votes cast in each county for and against the acceptance of the resolution shall be found to be in favor of its acceptance, it shall then become operative in such county with such other counties as have likewise, voted in favor of the adoption of such district welfare-house.

13. The estimated cost of the establishment or enlargement of such district welfare-house, including the purchase of the real and personal property therefor shall be submitted to the several boards of freeholders concerned for approval as to such cost, and no proceedings shall be begun or action taken by the welfare board unless and until such cost shall have been approved by such boards.
CHAPTER 132, LAWS OF 1924.

JOINT WELFARE BOARD MAY BORROW MONEY.

14. At any time after a vote in favor of a district welfare-house by more than one county has been authorized, as aforesaid, the boards of chosen freeholders of such counties are empowered by joint resolution to borrow money and issue bonds or other obligations therefor in the name of the counties concerned, and negotiate the same for the purpose of raising money necessary to carry out the provisions of this act for the purpose of establishing, altering or enlarging the said district welfare-house, or its appurtenances. The procedure for the issuance of such bonds shall be after the manner provided in an act entitled "An act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by any county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March twenty-second, one thousand nine hundred and sixteen, its supplements and amendments or revision thereof except as herein otherwise provided to the extent of the purposes herein authorized. Such bonds shall not be of a denomination of less than one hundred dollars, nor bear interest at a higher rate than six per centum. They shall be denominated "District Welfare Bonds" of the counties to be named, as obligated. They shall be payable pro rata as by this act provided for the payment of cost and expenses, and shall not be sold below par, and shall not be subject to taxation, except for State purposes. The respective counties, except municipalities not so participating so jointly constructing, operating and maintaining such district welfare-house as herein provided shall, in the manner indicated in the proceedings to bond the district, to be stated in the bonds, indicate the time, place and manner of payment of the principal and interest thereof, and be liable for the payment of such bonds, together with interest thereon in the proportion as in this act indicated for such cost and expense at the time of the adoption of the resolution of said board for the issuance thereof. The alteration or construction and completion of such build-

Term of bonds.

15. Such bonds shall mature in not more than forty years from the issuance thereof, and the sums necessary for each annual maturity, together with all interest charges shall be provided for in the budgets of the counties participating in the same manner as other expenses are provided for, and shall be raised by taxation in proportionate amount annually in the respective counties on the certification of the proportionate sum chargeable to and due by each such county by the Commissioner of Municipal Accounts of the quota and proportion respectively chargeable to each county. The interest and principal thereof, and other necessary sums of money or expenses, shall be the debt or obligation of the district wherein they were issued in the municipalities of each county participating in the proportion of the population as each county or part thereof bears to each other such county or part likewise participating as determined at the last Federal census prior to their issue and prior to the passage of the joint resolution of the said boards of chosen freeholders of the counties concerned, except as in this act otherwise provided as to municipalities not so participating, and the payment thereof shall be provided for by taxation annually levied, assessed and collected by the board of chosen freeholders from the municipalities of such counties participating in such purpose in the proportion herein indicated in the same manner that other debts and obligations of the several counties are provided for by taxation.

16. On failure of any county, through its governing body, to make provision in any manner as required by this act or other law for the payment of the expenses and obligations imposed thereby for its proportionate share of the establishment or maintenance of a district welfare-house, the board of chosen freeholders of any county composing such district may appeal to any justice of the Supreme Court of Judicature of this State, on ten

days' notice to such defaulting or delinquent board of
chosen freeholders or any delinquent official thereof,
or both, for a mandatory order directing the perfor-
mance of such actions as may be necessary to accomplish
the requisite lawful action and compel the carrying out
of its obligations as a county in the proper proportion
as to expense and payment as provided in this act or
any other law of this State. Nothing herein contained.

however, shall be construed to interfere with or restrict
the use of any prerogative writ for such purpose or to
review the legality of such order. The said proceed-
ings shall be summary.

NOTICE OF ESTABLISHMENT OF DISTRICT WELFARE-
HOUSE.

17. When the buildings as constructed or altered and
furnished are completed, the said district welfare board
shall give notice to the boards of chosen freeholders of
each county that they are prepared to accommodate the
poor of such contiguous and adjoining counties, which
shall be denominated a district in the numerical order
and by number as such districts shall be established in
this State. Such notice shall be given to each of the
county adjusters and overseers within such district, and
also by publication at the same time in a newspaper
published and circulated in the county seat of each of the
said counties acting jointly for such purpose, and, there-
after, the permanent poor shall be provided for by ad-
mission to such district welfare-house as provided by law
for admission and maintenance to an almshouse or
county welfare-house.

DISTRICT WELFARE-HOUSE EXEMPT FROM TAXATION.

18. The property of such district used and maintained
for such purpose shall be free from taxation, and sub-
ject to the like privileges and immunities as exist and
are provided and extended to other almshouses or wel-
fare-houses in counties or municipalities.
CHAPTER 132, LAWS OF 1924.

CERTAIN MUNICIPAL ALMSHOUSES ABOLISHED.

19. Whenever the care and maintenance of the permanent poor shall be undertaken and established by any county in lieu of municipal care of such persons, municipal almshouses, other than county almshouses or welfare-houses, shall be abolished, and the real and personal property which has been used for such purpose may be sold by the governing body and the proceeds thereof shall fall into the municipal treasury and used to pay other expenses of the municipality in the same manner as may be otherwise lawful or such land and premises may be put to such other public use as may be lawful. Thereafter the expense of maintaining county almshouses or welfare-houses shall be a charge upon the county as provided in this act.

20. Whenever a district composed of more than one county shall be constituted for the maintenance of the permanent poor of such counties, as provided in this act, such respective counties and the municipalities therein shall no longer provide and maintain almshouses or welfare-houses for the relief and maintenance of the permanent poor, except in municipalities excepted therefrom as provided in this act, and the real and personal property which has been so used may be disposed of in like manner and for like purposes as authorized in the preceding paragraph. The expense of the maintenance of and provisions for the relief of the permanent poor maintained in such district welfare-house shall be provided and raised in the proportion as to the respective counties as authorized in this act, and shall be raised and provided for, appropriated and paid as to such proportionate quota as such expenses are to be paid as directed in this act.

ESTABLISHMENT OF ALMSHOUSES OTHERWISE NOT PROHIBITED.

21. Nothing in this act contained shall be construed to interfere with or prevent any county from establishing or maintaining a county almshouse as heretofore, unless
it shall have adopted the provisions herein contained for the establishment of a welfare-house, nor to prevent any municipality not having participated in the welfare-house plan and purpose from doing likewise.

**COUNTY CONTRACT AUTHORIZED BY RESOLUTION EXEMPTING FROM EXPENSE THEREOF MUNICIPALITIES NOT PARTICIPATING.**

22. Whenever any county, as hereinabove provided, shall, in the manner authorized in this act, provide for the relief and maintenance of the permanent poor of such county by contract with another county for their support, relief and maintenance by such other county, either in an almshouse or welfare-house of such other county, it shall authorize such contract to be entered into and adopt such other provisions as may be necessary for the purpose by resolution. Before the final adoption of such resolution by any board of chosen freeholders upon the certification to the clerk thereof by any municipality through its governing body in any such county, which provides for and relieves and maintains its permanent poor, that it elects not to participate in such county purpose, the said resolution shall be amended to except therefrom such municipality or municipalities so electing not so to participate, and the expense of such county for such purpose shall not be a charge upon any such municipality, but shall be a charge upon that portion only of the county whose permanent poor shall be thus provided for, and no imposts for such purpose shall be generally levied, assessed and collected upon such taxable persons or property in such county, but such imposts shall be a charge upon, levied, assessed and collected from that portion of the county subject to benefit therefrom by the chosen freeholders against the municipalities of the county other than those maintaining the permanent poor in institutions and which have elected not to participate in such county purpose.

**RESOLUTION NOT TO BE PASSED WHEN INTRODUCED.**

23. Whenever any county shall propose by resolution, as in this act provided, to establish a county welfare-

CHAPTER 132, LAWS OF 1924.

house, or to contract with another county for the relief and maintenance of the permanent poor by such other county in a welfare-house of such other county, or for the establishment of a district welfare-house, the resolution so providing shall not be passed at the time of its proposal, but after such proposal the action thereon shall be adjourned for at least one month, when it shall be finally acted upon by said board except as herein provided. Within two weeks after the proposal of such resolution, notice of the time and place of final action thereon to be taken shall be published twice in two newspapers of general circulation in the county, one of which is published in the county seat. The final passage thereof may be adjourned thereafter to the next regular meeting of said board of chosen freeholders.

24. Whenever any county, as hereinafter provided, by its board of chosen freeholders shall propose to establish a county welfare-house or a jointly maintained district welfare-house, as hereinafter provided, and shall do so by resolution in the manner required in this act for the purpose, if any municipality maintaining its permanent poor in an institution in any such county shall, by resolution, elect not to participate in such county purpose and certify the same to the clerk of the board of chosen freeholders of such county before the final passage of such resolution, then such proposal shall be amended accordingly, and such municipalities shall be excepted from such county purpose as hereinafter provided, and such municipalities shall not be chargeable with the expense thereof, and the sums of money deemed necessary to carry out the provisions of this act shall be a charge by the chosen freeholders and levied, assessed and collected from the municipalities of each such county not excepted from said resolution.

REFERENDUM TO ELECTORS OF COUNTY OR PART THEREOF.

25. In case of proposed joint county establishment and maintenance of a district welfare-house after submission of the acceptance of any such resolution to the legal voters of more than one county, the question as to
such acceptance shall not be submitted to the legal voters of any municipality so excepted from the provisions of such resolution, but only to the electors otherwise qualified in such county, and the proportionate expense of such joint establishment and maintenance of such district welfare-house shall be proportioned among such counties so establishing and maintaining such district welfare-house, as herein provided, according to the population of such county or counties, excepting therefrom the population of any such municipality or municipalities not so participating, and the necessary sums required to be levied, assessed and collected shall be so raised by the board of chosen freeholders against the municipalities of the county or counties chargeable as provided in this act.

MUNICIPALITIES EXCEPTED MAY JOIN PURPOSE LATER.

26. Nothing contained in this act shall operate to prevent any municipality from subsequently joining in such county or joint county purpose by ordinance, which shall be adopted by referendum in the manner provided by section twenty-four of Article XXXVII of an act entitled "An act concerning municipalities," approved March twenty-seventh, one thousand nine hundred and seventeen, or any amendment or supplement thereof, containing a referendum provision and after the adoption of such ordinance and notification thereof to the board of chosen freeholders, such municipality shall thereafter have like responsibilities in respect to such purpose as if it had originally participated therein, and shall assume such share of the cost of buildings and equipment theretofore constructed and installed as shall be prescribed by such board of chosen freeholders; provided, however, that such ordinance or ordinances shall be accepted and approved by the board of chosen freeholders of the county by resolution after notice of the time and place of the consideration of such ordinance shall be given to the public who shall have an opportunity to be heard thereon. Municipalities excepted from participation in the establishment or maintenance of a welfare-house, or counties not so determining, shall continue to

support and relieve the permanent poor thereof as is otherwise lawful.

OVERSEERS OF THE POOR.

27. Overseers shall be appointed, if qualified as provided in section twenty-nine, by the municipal governing body after the passage of this act, and shall hold office for five years; providing, that the term of office hereby fixed shall not repeal any existing statute providing for a longer term. Any overseer may be removed by such governing body for cause, upon written charges made by any citizen, after hearing, at least one week’s notice of which shall be given such overseer; provided, however, that in cities governed by commissions under the act approved April twenty-fifth, one thousand nine hundred and eleven, its supplements and amendments, if a member of the governing body as the head of the department is overseer, he shall not be subject to such qualifications, after examination, as required in this act, but such shall apply to other overseers and deputies; provided, further, however, that it shall not be obligatory upon any municipality not excepted from the welfare plan to appoint an overseer in any county or counties where there is a welfare board and superintendent of welfare, except in municipalities in counties of the first class.

28. Females, as well as males, of full age, shall be eligible to appointment as overseers.

29. No person shall be appointed as an overseer of any municipality but a citizen of the State and of the United States, and unless such appointee shall be able to read and write the English language, and is capable of making and keeping such records and reports as are lawfully required of him, and shall have such knowledge of the laws concerning the relief and maintenance of the poor, as may be satisfactory to the governing body of the municipality in his jurisdiction, and such governing body may ascertain such qualifications of such prospective applicants by sufficient tests through the means of written and oral competitive examinations, conducted by the State Civil Service Commission, pursuant to the general authority now vested in it by statute and when
the results of such examinations have been ascertained, said Civil Service Commission shall certify to such governing body the lists of those who are eligible for appointment as superintendent, overseer or deputy, as the case may be.

30. In all municipalities, the overseer shall receive such salary as may be fixed by the respective governing bodies in lieu of all fees; provided, however, where adjoining contiguous municipalities, through the governing bodies thereof, may agree, in writing, after resolution duly passed in each that the overseer of one or more such municipalities in any county, may and shall act for and in one or more such municipalities in any county in which such municipalities may be situate in lieu and in the place of the appointment in any such adjoining municipality, so contracting, of an overseer therein, thereupon such additional salary shall be paid such overseer as shall be agreed upon, with and not without his express consent in writing, thereto. In such case, such overseer shall have like authority and the same responsibilities as other overseers; and the overseer theretofore appointed in such municipality contracting for such other overseer shall upon notice to this effect to him cease to hold such office within thirty days after the said agreement shall be executed; provided, however, that such overseer so appointed may be removed from his responsibilities and duties in such other municipality, by the governing body thereof, than that of his appointment for cause or by reason of his inability to perform his duly authorized and required functions if the territory is too great or the population too numerous for the proper performance thereof on the complaint of the governing body of either municipality on thirty days’ notice to the other of application to the Court of Common Pleas of such county for a summary hearing thereon and a final determination. The final determination, if according to the prayer of such complaint, shall terminate such contract and relieve the overseer of such duties and responsibilities and the additional salary theretofore agreed to be paid to such overseer. In case of the removal of any such overseer, the munici-

The overseer shall determine who are to be relieved by him, subject to appeal by any person on at least two days' notice to the Court of Common Pleas of the county, by petition, in writing, for a summary review and determination by the court of the action of the overseer as to the extent and amount of relief, if any, to be given or rendered.

APPOINTMENT OF DEPUTY OVERSEEERS.  

In all cities or municipalities, other than counties, having not less than five thousand inhabitants, or where the overseer has jurisdiction in more than one municipality, the governing body or bodies may appoint a deputy overseer, who shall have resided at least one year in the State, and have other like qualifications as those necessary to the appointment of overseers, and be under the direction of such overseer, and be vested on his approval with the same power as an overseer in the distribution of relief, with like authority for the prosecution or defense in court proceedings as is now vested in an overseer.

APPOINTMENT OF ASSISTANTS.  

Such governing body or bodies may also appoint such other assistants, clerks, visitors and nurses as in their judgment may be expedient, and fix their respective salaries. The salaries so fixed shall be in lieu of all fees provided for such deputy overseers, and any such assistants, clerks and nurses who shall work under the direction of the overseer and shall hold their office or employment during good behavior, and may be removed upon written charges and after a hearing, due notice of which shall be given therefor, by the governing body for misconduct, neglect or incompetency.
CHAPTER 132, LAWS OF 1924.

CIVIL SERVICE ACT NOT NULLIFIED.

34. Nothing in this act shall operate to repeal or nullify the provisions of an act entitled "An act regulating the employment, tenure and discharge of certain officers and employees of this State and of the various counties and municipalities thereof, and providing for a Civil Service Commission and defining its powers and duties," and the acts supplementary thereto and amendatory thereof in cities which have adopted, or will hereafter adopt, the same.

HELPERS TO OVERSEERS.

35. Overseers shall have power and authority to appoint resident helpers, without pay and without fees, to aid in the temporary relief of poor persons under his direction, preferably by district, in any municipality, in order that such helpers may observe and ascertain and assist any such overseer or deputy in ascertaining the cause or causes of dependency, obtain employment for poor persons when needed, and assist and advise any such overseer or deputy in instituting and prosecuting to a determination such proceedings as may be necessary through other agencies of the State, or its political subdivisions, for the relief of the poor, the admission of them, or their lawful dependents, to such institution or agency as may be provided for mental or physical disability or otherwise. All such agencies for relief, such as widows' pensions, as provided by law, aid under the authority conferred upon the Rehabilitation Commission and Public Employment Service, or other aids to relief, support or assistance, public or private, shall be made use of by such overseers and their subordinates and helpers to the end that causes of dependency on the part of persons or their families and the need for such public relief in whole or in part may be eliminated, and they are authorized under direction of the overseer or deputy to take such legal steps, either as prosecutors or petitioners in legal proceedings in aid of such persons or their families, as may be necessary to such end.
Disbursements of helpers shall be paid, on the approval of the overseer of the poor, by the governing body or district welfare board. Helpers shall be registered on appointment at the office of the overseer, and shall be furnished and supplied with such evidence of their appointment and authority as the overseer, with the approval of the governing body, shall determine.

OVERSEERS' RECORDS.

36. Overseers shall keep a record of all receipts and expenditures on their part or that of their subordinates. They shall record the names of all applicants seeking relief, which may be by card-index, on which the age, sex, residence, number and names of children and their ages, when and where last employed, family income, whether citizen or alien, place of abode for the five years preceding such application for relief, and the place of nativity of every poor person who shall apply for relief, together with a statement of the cause, direct and indirect, which shall have operated to make such relief necessary as far as can be ascertained, together with a statement of the relief or aid given, and of such relief as may have been, or is being provided by all organizations as ascertained, and the name of the overseer or deputy and helper having particular knowledge and charge of the case, and of witnesses of the fact, with their addresses, shall be stated. On such record shall be also entered the name of those responsible by law for the support of such poor person and any relative agreeing or likely to agree to contribute in whole or in part, or assist in the support of such poor person. In case of the commitment or admission of any such person or a member of his family, through the agency of the overseer, or his assistants, to any almshouse or welfare-house, or other institution or family, he shall file a copy thereof, or a record of such admission or commitment, with the commissioner at his office at Trenton, and in the case of an infant, a record thereof shall be, within the same time, filed with the New Jersey State Board of Children's Guardians at its office. Such filing within the time limited may be by registered mail. Such overseers and deputies shall keep a book, setting forth therein
all moneys, goods and materials received by them, when and by whom received, and to whom paid out and delivered, and, in addition thereto, a separate book of orders for relief, with stubs attached. Such printed order and stubs shall show the name, residence, when issued, the amount and kind of relief expended, and by whom issued and delivered. Such order shall be endorsed by the recipient and the person furnishing such relief as made.

37. The governing body or bodies shall furnish to the overseer and his deputies the necessary material, card-indexes and other stationery for the purpose of this act, at the expense of the municipality.

OVERSEERS' REPORTS.

38. Overseers, annually, shall make to their county, municipal governing bodies, or district board, as the case may be, within thirty days after the first meeting thereof in the year, a report or reports, in writing, which shall be a summary of the entries of the aforesaid records mentioned and authorized in this act.

RELIEF BY OVERSEERS.

39. When any person shall apply for relief for himself or another to an overseer or deputy, such overseer shall inquire into the facts, conditions and circumstances of the case, and also into the matter of such persons' settlement if it shall appear that such person is unable to earn a livelihood by his own labor and is a poor person and requires temporary or permanent relief; the overseer of the poor by a written order shall render such aid and material relief as he may, in his discretion, deem necessary to the end that such person may not suffer unnecessarily from cold or hunger, or be deprived of shelter; he shall also ascertain the direct or indirect causes of poverty, and whether or not such person requiring permanent relief is without adequate home or without children, grandchildren, parents or grandparents, who are by law required and able to maintain him and other persons who are willing to do so; he shall be committed and removed to the proper almshouse or
welfare-house in the municipality, county or district: provided, however, that the overseer in any municipality in which there is no almshouse may provide for the permanent relief and support of such poor person as in his discretion the circumstances may require, or contract, with the approval of his governing body, for the support of such person in the almshouse of another municipality in the same county, if there shall not be a county almshouse or county or district welfare-house. In all cases where there are relatives and others not otherwise chargeable by law who are able and willing to support and maintain or contribute to the support and maintenance of any poor person, the overseer or his deputies are authorized to enter into contract with such relatives in consideration of the support and maintenance of such poor person whereby such relatives may undertake and obligate themselves to that end, or induce such aid and support as may be possible. In all cases where a person is removed to the almshouse or welfare-house or receives permanent relief by the order of the overseer or his deputy, such order and commitment shall state the name, age, sex, nativity, place of settlement, names of children, grandchildren, parents or grandparents, or relatives, and their place of residence, and the cause or causes of making such removal or relief necessary or advisable of every poor person so relieved, removed or committed, as aforesaid.

PLACE OF SETTLEMENT AND REMOVALS THERETO.

40. Every person of full age who shall be a resident of, and domiciled without interruption in, any municipality for five years, or in any county for five years, but not in any municipality thereof, shall be deemed settled respectively in such municipality or county and shall so remain until he shall have gained a like settlement in some other municipality or county in this State, or shall have removed from this State and remained therefrom continuously for one year, or shall have gained a legal settlement elsewhere in this State. In case such person shall have removed from this State for more than one year as aforesaid, he shall not retain his settlement in any county or municipality in this State.
41. A married woman and her children shall always follow and have the settlement of her husband and of their father, if he has any within this State. If he has no such settlement, her settlement shall be as it was at the time of her becoming a resident and a domiciliary of such municipality or county wherein relief is sought, provided she shall not have, in lieu thereof, gained a settlement as is provided in section forty.

42. Legitimate children shall always follow and have the settlement of their father, if there be one, until they shall have gained a settlement of their own. If the father has no settlement, they shall follow and have the settlement of their mother.

43. Illegitimate children shall follow and have the settlement of their mother, unless the father is legally found or admitted by him to be such at the time and place of their birth, in which case they shall follow and have the father's settlement, if such parent has a settlement within this State. If either parent has no settlement, then it shall be in such municipality or county in which such child shall have been born, if such birth occurred in this State. Such children born in charitable or correctional institutions, or while the mother is legally an inmate thereof, whether on parole or leave of absence, shall be chargeable to the place of the settlement of the mother or father or from which they were admitted or committed, rather than to the place where that institution is located.

44. Every minor whose parents have no settlement in this State, who shall have resided five years without interruption in any municipality or county, shall as in section forty provided gain a settlement within such municipality or county; provided, however, that no minor who shall be brought into any county in this State, or who shall be placed out in any family therein by any person, society or corporation, public or private, of this or any other State, shall gain a settlement.

45. Nothing in this act shall apply to or effect any person from outside the United States of America, or in any way to change the rights or liabilities of such persons as may be conferred or imposed by any law of the United States of America, nor the right otherwise con-
ferred by law to deport or remove such persons to any other State wherein such person still retains, or may have acquired, a settlement according to the laws of any State or country, and in all such cases no settlement shall be deemed to have been acquired within this State.

46. Where permanent relief is required by any poor person in any municipality in which he has gained a residence and is an inhabitant, and of such county in which he shall have gained a settlement, the overseer shall proceed to commit and remove such poor person to an almshouse or welfare-house, except as may be otherwise provided in this act for partial relief in a home or otherwise.

47. Where permanent relief is required by any poor person in any municipality in a county in which he has gained a settlement and of such county in which there is no almshouse or welfare-house, or district welfare-house, the overseer shall commit and remove such person to the municipal almshouse, or furnish relief at home, if the circumstances as otherwise herein provided may be lawful and preferable, or to such other municipal almshouse in the county as may, by contract, provide such relief, as provided in an act entitled "An act concerning municipalities," approved March twenty-seventh, one thousand nine hundred and seventeen.

48. Where permanent relief is required by any poor person in any municipality in which he has not gained a settlement, but shall have gained a settlement in the county in which such municipality is situate, in which county there is not a county almshouse or welfare-house, or no provisions for permanent relief, the overseer shall commit and remove such poor person to a municipal almshouse in such county by a written order, after which notice shall be served upon the board of freeholders of such county, who shall thereupon proceed to provide and make provision for the support and maintenance of such poor person as a county charge, the expense of which shall be borne by such entire county.
49. Where permanent relief is required by a poor person in any municipality in which he is a resident or an inhabitant, whose place of settlement is in another municipality or county than the one in which relief is sought the overseer shall temporarily relieve such poor person and proceed to remove him to the place of such settlement as directed in sections sixty-five to sixty-eight of this act, and until such other place of settlement shall be ascertained the overseer, in his discretion, may place such poor person as other permanent poor having a settlement in such place are maintained and relieved.

50. Permanent relief shall not be rendered by any overseer to any person who is otherwise lawfully removable who has no settlement in the municipality or county in which relief is sought or necessary, but all such persons shall be temporarily provided for and shall be removed by such procedure as may be lawfully necessary by the overseer as in this act is provided, or as otherwise may be provided by law.

51. Where relief is required by a poor person in any municipality or county in which he is a resident and inhabitant, who shall not have gained a settlement in any municipality or county within this State, or in any other State, the overseer shall provide relief. If it shall be ascertained that such person became poor from causes existing prior to his being found in, or becoming an inhabitant and resident in, such municipality, the overseer shall proceed to remove such poor person to such place from which he came by whatever lawful proceedings may be necessary to such end with the aid of such officers as provided in this act, and the expense of his removal shall be borne by the municipality from which he is removed.

52. When temporary relief is required by a poor person in any municipality in which he is a resident and inhabitant, whose place of settlement is in some other county in this State, or he shall not have become poor from any causes existing prior to his becoming an inhabitant and resident in the municipality in which relief is sought, the overseer shall provide and render temporary relief.
CHAPTER 132, LAWS OF 1924.

53. Where temporary relief is required by a poor person in any municipality or county in which he may be a resident and inhabitant, and it shall be ascertained that his place of settlement is outside this State, the overseer shall provide relief and immediately make such application, with the aid of the county adjuster, as may be necessary and otherwise lawful for his removal; provided, however, that a record thereof shall be filed with the commissioner and his aid obtained for such purpose when necessary, which aid, the commissioner is authorized and directed to give forthwith.

54. Every person who heretofore has, or shall have, acquired a settlement in any county, but not in any municipality thereof, shall be chargeable as to permanent relief and be supported and maintained or relieved by such entire county, the governing body of which shall provide for the payment of the expense thereof as other county expenses are paid.

CERTAIN PERMANENT ADULT POOR MAINTAINED IN THEIR HOMES.

55. If adult poor persons own the property where they reside in whole or in part, and it is possible to maintain them more adequately and profitably within the intent of this act, the overseer or superintendent, when acting in place of the overseer, may apply to the Court of Common Pleas of such county for their permanent relief in such homes in lieu of committing or place them in an almshouse or welfare-house.

PROCEDURE.

56. The overseer shall, by petition to said court, setting forth therein the necessary facts, apply for such person's relief in such manner, whereupon said court shall fix a day and date for hearing the said petition within not less than ten days from the date of such application.

57. Said court shall proceed in a summary manner to examine into the facts, and, upon being satisfied that permanent relief in the home to such poor person should be furnished, shall, in its discretion, order a fixed sum to be paid not exceeding the rate of two hundred dollars
per annum for such poor person's maintenance and support in such home for the period of six months from the date of such order. Such sum shall be a charge against the municipality, county or district in which such poor person has a settlement, and shall be payable monthly upon the application of the overseer or the superintendent out of the same funds that other expenses for the relief and support of the permanent poor are paid.

58. At the expiration of such time and every succeeding such period of time thereafter, the overseer, if further relief is necessary in such case, may apply to the said court for an order directing the continuance of such relief for a like period of time, and such relief shall be payable upon the further order of the said court; provided, however, that the said court may, in its discretion, summarily revoke any such order so made by him, and, thereafter, all maintenance and relief for such poor person shall cease forthwith.

59. Such necessary sum for the maintenance and care of such poor persons shall be paid by the governing body or district welfare board within a reasonable time and not less than thirty days from the date of ordering the support of such poor person, for the use only of the care and maintenance of such persons for whom such permanent relief in such case has been ordered.

CERTIFICATION BY OVERSEER OF SUMS NECESSARY TO BE APPROPRIATED.

60. The overseer shall within sixty days after this act takes effect transmit to the governing body or district board within sixty days after a district board has been appointed an estimate of the amount necessary for carrying into effect this provision of this act for the year nineteen hundred and twenty-four, and said governing body shall appropriate an amount sufficient to meet such estimated expenditure.

61. Thereafter in December of each year, the overseer shall forward to the governing body or district welfare board if acting thereunder an estimate of the amount necessary for carrying into effect the provisions of this act. Such provision for expense shall be included in
the budget or budgets of the respective counties on cer­
tification thereof by the overseer or district board for the
ensuing calendar or fiscal year, and a sufficient amount
appropriated to meet the necessary expenditures.

TIME OF STAY OF POOR PERSON IN INSTITUTION.

61. Whenever any poor person or child shall have
been committed or removed to an almshouse or welfare­
house by the overseer, such poor person or child shall
be received by the supervisor or superintendent, and be
supported and relieved therein until in the case of a
person not a minor it shall appear that such person is
no longer a poor person within the meaning of this act,
when in the discretion of the warden or superintendent
such person so removed may be discharged, and imme­
diately thereafter a written notice of such removal or
discharge shall be sent to the overseer or superintendent
on whose order such person was received into the alms­
house or welfare-house, stating the reason or cause of
such removal or discharge, and the name of the person,
society or board, if any, in whose care or custody such
person has been discharged; provided, however, that
the supervisor or the superintendent of all almshouses
or welfare-houses shall notify the New Jersey State
Board of Children's Guardians of the commitment of
all minor children under the age of eighteen years to
the almshouse or welfare-house and that the New Jersey
State Board of Children's Guardians, viz.: the board
designated by the State board for that purpose, shall
thereupon become on such admission the legal guardians
of said child or children as well as when such children
are thus placed elsewhere in the manner herein and
otherwise provided by law.

PLACING OF POOR MINOR.

63. The overseer of the poor shall, upon application
for permanent relief, if granted, commit any minor poor
child, who shall have gained a legal settlement within
the meaning of this act to the almshouse or welfare-
house, for a period not to exceed thirty days on or before
which time said child or children shall be removed by
CHAPTER 132, LAWS OF 1924.

said board, viz., the agency designated by the State board for the purpose to the care of such persons or institution as is authorized by law subject to the supervision hereafter of such board or agency. It shall be the duty, however, of the said overseer or the supervisor or superintendent to make reports in writing from time to time to the said board or agency of any information brought to their attention concerning the said minor poor child.

METHOD OF REMOVAL TO PLACE OF SETTLEMENT.

64. The removal of poor persons to the place of their settlement or to the place where they became poor before their being found or becoming domiciled in the place from which they may be removed, shall, when such removal is to another place in the same county, be done by action of the overseer where such person may be found or reside, and in all other cases where there is no superintendent or county adjuster to act as hereinafter provided, the overseer shall act.

65. The county adjuster shall, on the application of any overseer, forthwith take such necessary steps for the removal of any poor person without this State, or to another county, by negotiating with the proper authority in such other State for the reception of such poor person, who may be properly removable to any place in such State, and shall perform that function for all overseers in the county, and all overseers in any such county are hereby directed and authorized to take the necessary steps looking to the removal of any poor person from without this State, or to another county in this State, through and by means of the aid and authority of such county adjuster.

66. When the removal of a poor person from the place of his domicile or where he is found to the place of his settlement is lawful and necessary, such removal shall be made by means of a written notice signed by such official to the officer having jurisdiction in the place to which such person is to be removed, if the removal is to be to a municipality in the county; if otherwise, then the county adjuster shall act for such overseer forthwith on the application of or notice from such.
overseer, except as otherwise provided, that on a day certain, not less than ten nor more than twelve days, after the date and mailing of such notice, an order will be made by the removing overseer, or, if the removal is outside the county, by the county adjuster, that such poor person be removed to the place of his settlement, stating the reasons therefor, the place of his settlement or the place where he became poor prior to his becoming an inhabitant of the municipality from whence he is to be removed. On the day named in said notice, said order for removal shall be made by the overseer of the poor of the municipality or county adjuster, as the case may be, from which such poor person is to be removed, and, thereafter, such poor person shall, forthwith, be removed to the place indicated in such notice upon the making of an order that such poor person has no settlement in the municipality, county or district in which he is a resident or is found, and has a settlement or became poor in such other municipality or county prior to his becoming a resident and inhabitant or being found in such municipality from whence he is to be removed, unless within ten days after the mailing of such written notice the overseer to whom the same shall have been mailed shall proceed to contest the allegation of the settlement of such poor person or of the right to remove such poor person to the municipality or county in which he has jurisdiction. Such contest shall be made by notice to the officer giving such original notice, fixing a time and place when the contesting overseer shall apply to the Court of Common Pleas of the county in which such poor person may be and from which he is to be removed when and where the court shall hear and determine the controversy, which said time and place shall not be less than ten nor more than thirty days from the time of giving such original notice thereof. On failure to resist such removal by the receiving overseer, such receiving overseer may not decline to receive such poor person, but he shall receive him and provide such relief as is lawful; provided, however, that for good cause shown for the failure to contest such removal the receiving overseer may, within thirty days after the receipt of such poor person in his municipality, apply to the Court
of Common Pleas of the county from whence such person was removed to review the proceeding and to make such revised order and disposition for the care and relief of such poor person and his removal, if lawful, as may be proper and necessary.

67. If any overseer neglects to receive or remove as in this act provided a poor person after the determination of the matter by any Court of Common Pleas having jurisdiction, the municipality where such neglect shall have occurred shall be liable for the expense of the support and relief of such poor person, which shall be recoverable from time to time by the overseer incurring the cost of such relief and support in the name of the municipality in an action against the municipality liable therefor, with costs, which action shall be prosecuted in any court of competent jurisdiction, in which such action against the offending municipality the overseer, whose duty it was to receive or remove such poor person, shall be served with notice of such action at law in the same manner as any summons is required to be served.

USE OF OTHER AGENCIES TO REMOVE CAUSE OF DEPENDENCY.

68. Wherever an application for relief shall be made upon the overseer or deputy of a municipality or superintendent acting when there is no overseer in behalf of any person claiming or alleging to be poor and in distress, and if such person or any member of his family appears to be in good health and capable of earning a livelihood sufficient for the support of such poor person in whole or in part, the overseer or superintendent acting as aforesaid shall make every possible effort to secure employment for such person and all or any other members of the same family, and shall use to that end the services of such helpers as may be appointed in his jurisdiction to aid in accomplishing such purpose and in maintaining supervision over such poor person and have contact with his employers for the purpose not only of obtaining such employment but of continuing the same, if possible, and there shall be ascertained and remedied, if possible, the causes interfering, if any, in the obtaining or continuation of such or any employment. To this
end all public employment agencies or rehabilitation bureaus, or any other agencies, public, private or charitable, may be made use of, and the expense thereof, not properly an expense of any such agency, in the discretion of the overseer or superintendent so acting, shall be chargeable to the municipality, county in whole or in part or joint district. Should any person for whom proper employment is found willfully neglect to work or labor and become, or continue, chargeable to any municipality, county or part thereof or district by reason of such failure and neglect, or any person chargeable by law for the support of any poor person shall neglect to perform reasonable work or labor, in such case the overseer of the municipality shall proceed against such person.

CONTRIBUTION TO SUPPORT BY RELATIVES.

69. It shall the duty of an overseer in cases of application for relief of a poor person or persons to ascertain, if possible, the relatives chargeable by law for their support, and to proceed to obtain their assistance for such poor person or to compel them to render such assistance as is provided by law in such cases, or if such relatives are not chargeable by law with the support of such poor person but able to do so, overseers may in such case, if possible, if such relatives are willing to support such poor person in whole or in part, contract, in writing, with such persons for the support of such poor person.

PENALTY FOR UNLAWFUL REMOVAL OR DEPOSIT OF POOR PERSONS.

70. Any person who shall send, remove or entice to remove, or bring, or cause to be sent, enticed or brought, any poor person from any municipality within this State, or from any municipality without this State, or any other State, into any municipality within this State, and there leave, or attempt to leave, such person without having first given notice to the overseer of such municipality, or superintendent if there be no overseer appointed and qualified therein, in order that the support or mainte-
nance of such poor person upon the municipality may be avoided, shall be subject to a fine of one hundred dollars and costs, recoverable in an action of debt in any court of competent jurisdiction, and in default of payment thereof shall be subject to imprisonment in the common jail of the county for a period not exceeding thirty days, or until such fine shall have been paid, and such person shall, as otherwise provided in this act, be returned from whence he came in the manner otherwise provided by law; provided, however, that such sentence or fine may be suspended before or after conviction upon condition that such person or persons shall convey such poor person to such place where he has a settlement or where he became poor without this State from which such poor person was removed, sent or caused to be removed, enticed or brought, or support him at his own expense, which such removal by such person or persons shall be conditioned upon a bond to the overseer with sufficient sureties satisfactory to said court, that such removal shall be made as herein provided for, or that such person or persons shall make proper provisions with the overseer for the relief and support of such poor person.

NOTIFICATION OF APPOINTMENT OF OVERSEER OR COUNTY ADJUSTER.

71. Every overseer shall forthwith, or within ten days after his appointment, and every county adjuster shall forthwith, and within the like time after his appointment, file with the Commissioner of Institutions and Agencies, at Trenton, a certificate, showing the date of his appointment and his post-office address properly authenticated by the clerk of the governing body of the municipality in which he has jurisdiction. It shall be the duty of the commissioner to keep a complete list of all overseers of this State, and to furnish a list thereof, from time to time, and on application, to overseers, superintendents and county adjusters.

ARRIVAL OF ALIEN POOR PERSONS BY SHIP OR VESSEL.

72. In all cases wherein any ship or vessel shall arrive within any port, harbor or municipality within this State,
having on board passengers or employees coming from any foreign port, or place, or coming from any municipality within this or without this State into any municipality within this State, it shall and may be lawful for the overseer of the poor of the municipality at which such ship or vessel may arrive, to require of the master or commander of such ship or vessel, a bond with approved security, to the inhabitants of such municipality, in the sum of and not exceeding two hundred dollars, conditioned for the maintenance and support of any passenger or employee on board such ship or vessel, as aforesaid, who may be sick, infirm or otherwise incapable and a poor person within the meaning of this act, in the opinion of the said overseer of the poor of the municipality in which he may be found or brought to provide the support of such poor person.

73. If the master or commander of any ship or vessel, arriving as aforesaid, shall land or suffer to be landed from on board his ship or vessel any passenger, or employee, who may be sick, infirm or otherwise incapable of providing for his or her own support, without having immediately upon arrival of such passenger, or employee, notified the overseer of the poor and by reason thereof such person is likely to become a public charge of such municipality, except by permit from the overseer of the poor of such municipality in which such poor person may be found, or brought and without first having entered into such a bond as aforesaid such master or commander so neglecting shall be liable for the expenses of the support of such poor person, which may be recovered from time to time by the overseer of the poor incurring such expense for the relief and care of such poor person in such municipality by an action in any court of competent jurisdiction in the county wherein such poor person may be for the use of the same, in an action of debt, with costs of suit, before any court having cognizance thereof.

RELATIVES CHARGEABLE.

74. The father and the grandfather, mother and grand- mother, the children and grandchildren, husband and wife, severally and respectively of every poor, old, blind,
lame and impotent person or other poor person or child not able to work, being of sufficient ability, shall at his, her or their charges and expense, relieve and maintain every such poor person or child, as aforesaid, in such manner as the overseer of the poor shall order, or the court, upon its own initiative or the information of any person, after notice to such person or persons and hearing the said overseer, may so order. Should any of the relatives mentioned in this paragraph fail to perform the order or directions of the overseer with regard to the support of such poor person, or should such poor person be supported at public expense, it shall be lawful for the Court of Common Pleas of the county wherein such poor person may have a legal settlement, upon the complaint of the overseer of the poor or two residents of the municipality or county to summon the persons chargeable before it as in other actions and to summon witnesses, to order, adjudge and decree the able relatives above mentioned of any poor person or persons to pay such sum as the circumstances may require in the discretion of the court, for each poor person or persons, as will maintain and relieve him or them, and as will relieve the public from the burden of such care and maintenance. Violation of any such order of the Court of Common Pleas shall be and is hereby declared to be a contempt of said court and the person so violating shall be subject to all the pains and penalties which by law now may be imposed for other contempts of such court. The county, through its governing body, may also bring appropriate action at law in any court of competent jurisdiction to recover any sum of money due for the relief, support and maintenance of any poor person against any persons chargeable by law therefor.

75. The provisions of the foregoing section shall apply to the minor children of any mother in case her husband shall fail to properly support and maintain such minor children, and that by reason thereof such minor children are likely to become a public charge upon the municipality in which they shall have gained a legal settlement.

76. When a physician or nurse who is employed by the governing body of any municipality in this State shall be called upon or notified by the overseer of the poor of such municipality to visit any poor person who may be ill or injured, he or she shall visit the same, and render such medical aid as the case may demand. If in his or her discretion such person is a poor person within the meaning of this act, then such physician or nurse shall report the same, in writing, to the overseer of the poor of such municipality, who may grant such further medical, surgical or other relief as the circumstances may require to the said poor person as he may deem necessary; provided, however, that in all cases wherein medical or surgical treatment is urgent, any person may be removed and admitted to any public or private hospital in such municipality in which he is found, and the director, or those having charge of such hospital, shall, within a reasonable time, ascertain from such sick person his name, and place of residence, if it shall appear that he is a poor person within the meaning of the act, a notice in writing shall immediately be sent to the overseer of the poor of such municipality from which such poor person was removed or resided prior to such removal. Upon receipt of such a notice, the overseer of the poor shall proceed and provide in a like manner for the relief of such sick indigent person as is provided for, and within the meaning of this act, and the expense for the same shall be borne by such municipality in which he shall have gained a settlement.

77. Overseers of the poor shall from time to time as persons may become a permanent charge upon their municipalities as paupers, who shall be poor persons within the meaning of this act, have such persons removed to the proper almshouse or welfare-house.

RECOVERY OF EXPENSES FROM POOR PERSONS.

78. If at any time it shall be ascertained that any person who has been assisted by or received support from
any municipality or county has real or personal property over and above that necessary for the maintenance in whole or in part of such poor person, if such poor person shall be maintained by the municipality or county at home, or over and above that sufficient for his family, if any such person shall die, leaving real or personal property, an action may be maintained in the Court of Common Pleas of the county by the overseer, who has furnished or provided such assistance or support, or any part thereof, against such person or his or her estate, to recover such sums of money as may have been expended by the municipality or county in the assistance and support of such person during the period for which such support was furnished, and if any person should die having received relief or maintenance as a poor person, having insurance upon his life, the proceeds of such insurance, after the payment of the expense of the last illness and the funeral expenses of such person, if the terms of the policy so permit, shall be first applied to the reimbursement of the county, municipality or district for the cost of the support and maintenance of such person, but no action shall lie, nor shall any appropriation of said proceeds be made against any estate when it shall be shown to the satisfaction of the court that the proceeds thereof, or the estate, are needed to prevent the widow or minor children of the said poor person from becoming dependent upon the public.

Unlawful to transfer poor to improper place.

79. It shall be unlawful to furnish any nonresident, who may be sick, aged, injured or crippled, with transportation at the cost of the municipality until the overseer shall have ascertained the legal residence of the person applying; and any transportation furnished to such person or persons shall be to their legal residence, when it shall appear that the person in distress has some valid claim for support or some means of support in some other place to which he or she shall ask to be sent.
DEATH AND BURIAL OF POOR.

80. If any person shall die in any municipality, who shall not leave money or other means necessary to defray his or her funeral expenses, it shall be the duty of the overseer of the poor of such municipality or superintendent of a county or district to employ some person to provide for and superintend the burial of such deceased person, the necessary and reasonable expenses as fixed by the governing body chargeable with the expense shall be paid by it upon the order of such overseer.

81. Any municipality, county or district may acquire by devise, gift, purchase, condemnation or in any other manner, such land as in the judgment of the governing body may be necessary and proper for a burial ground for those who may die therein without leaving means necessary to defray their funeral expenses. Such lands may be within the boundaries of an existing cemetery. The cost of the acquisition, if in the opinion of the governing body or bodies where there is a district welfare-house the amount of such cost will be too burdensome to be borne by the taxpayers in any one year, they may issue bonds therefor, to run for a period of not more than ten years, to bear interest at a rate not exceeding five per centum, and may sell such bonds at public or private sale, but in no case for less than the par value thereof.

CLASSIFICATION OF POOR IN INSTITUTIONS.

82. In the management of almshouses or welfare-houses the inmates shall be classified according to age, condition of health and ability to perform manual labor. Some form of employment shall be provided for such of the inmates as are able to work. Inmates afflicted with any tubercular disease shall be separated from the other inmates and cared for in separate dwellings.

83. In every almshouse, poorhouse, welfare-house, or other institutions for the reception and maintenance of poor persons in this State, females shall be kept separate from males at all times in their living rooms, bedrooms, toilets, halls, stairways, kitchens, eating rooms, outbuild-

carry out the intentions of this act; provided, however,
that the provisions of this act shall not apply to aged
persons who are lawfully married and living together as
man and wife, and who shall now or hereafter become
inmates of such almshouse, poorhouse, welfare-house,
or other institutions. The keeper of all almshouses, ex­
cept welfare-houses, under the control of a welfare­
board in any county, shall be hereafter denominated
“supervisor,” instead of “keeper” or “warden,” as here­
tofore.

RECORDS KEPT IN INSTITUTIONS.

84. The supervisor or superintendent and person in
charge of every institution for the poor in this State
shall keep a book, to be provided by the authority charged

condition, education, habits, occupations, condition of
ancestors and family relations, cause of dependence,
birthplace and date of discharge, or of death and place
of burial of each and every person coming into the care
of such institution, together with any other information
about them which may be ascertained, and said book shall
be open to the inspection of the public at all times.

85. For the wrongful neglect or refusal to keep the
said book according to the requirements of this act, or
for the willful alteration of any entry in the same, or
the willful mutilation or destruction thereof, the said
supervisor or superintendent, or person in charge shall
be liable to a penalty of twenty-five dollars, to be re­
covered in an action of debt in any court of competent
jurisdiction, together with the costs of suit, by the over­
seer of the poor of the municipality, superintendent or
welfare board controlling said institution, for the use
of the said municipality, county or district.
CHAPTER 132, LAWS OF 1924.

When separate appropriations are made for indoor and outdoor relief of the poor in any municipality in this State, and any one of the appropriations has been or shall be expended, or is or may be inadequate alone for either such indoor or outdoor relief, it shall be lawful for the governing body to provide for the continuance of such relief as may be necessary for the balance of the fiscal year, and the board of finance or other body having control of the finances of such municipality or district in proper proportion may provide the funds necessary for such continuance by the issuance of temporary loan bonds, the amount whereof shall be placed in the budget for the next ensuing fiscal year, which bonds shall be issued as otherwise provided and limited by law for counties or municipalities of this State, or as provided in this act for district welfare-houses by more than one county or parts thereof.

87. In order to meet the expense of erecting additions to or new buildings or accommodations at any county almshouse buildings or welfare-houses, or making repairs to any such buildings or providing proper furniture therefor or apparatus for lighting, heating, or otherwise fitting up the same, the board of chosen freeholders of any county or municipality lawfully authorized to maintain almshouses or welfare-houses, or the boards of chosen freeholders acting for more than one county, of this State may from time to time issue bonds in the manner otherwise provided by law in the corporate name and under the corporate seal of said county, or as provided herein for joint county control.

88. If any husband or father shall desert his wife or children, or if any woman shall so desert her child or children and leave them, or any of them, as public charges, the overseer may apply to the Court of Common Pleas of the county, and the said court may order such suitable support and maintenance to be paid and provided by the said husband or wife, or either of them, to
be made out of his property, and for such time as the nature of the case and circumstances of the parties render suitable and proper in the opinion of the court, and may compel the defendant to give reasonable security for such maintenance and support, and from time to time to make such further orders touching the same as shall be just and to enforce such orders; to issue process for the immediate sequestration of the personal estate and the rents and profits of the real estate of the party so charged, and to appoint the overseer, or another person, receiver thereof, and cause such personal estate and the rents and profits of such real estate, or so much thereof as shall be necessary, to be applied toward such maintenance and support as to the said court, shall, from time to time, seem reasonable and just, and to enforce the same by proceedings as for contempt. Such orders may be revised and altered by the court from time to time as circumstances may require.

89. Service in the absence of said party so charged and the method of procedure shall be such as is provided in sections twenty-five, twenty-six and twenty-seven of an act entitled "An act providing for divorces and for decrees of nullity of marriage and for alimony and the maintenance of children (Revision of 1907)."

Any husband or father, who shall willfully desert his wife or children, or any of them, or any woman who shall willfully desert her children, or any of them, or either of whom who refuses or neglects to provide and maintain any such persons so deserted or neglected, shall be deemed and adjudged a disorderly person, and if any overseer of the poor otherwise having jurisdiction in such cases believes that such desertion or willful refusal or neglect to so provide for any such wife and children, or any of them, will cause such family to become chargeable as poor persons to any county, municipality or joint county district, it shall be his duty to make complaint thereof, under oath, before a magistrate having jurisdiction in the municipality, county or district where such persons reside or in the place where such father or husband resides.

92. The proceedings against any husband, father or mother before such magistrate shall be in the manner provided in an act entitled “An act to amend an act entitled ‘An act to amend an act entitled “An act concerning disorderly persons (Revision of 1898),’” approved June fourteenth, one thousand eight hundred and ninety-eight, ” approved May twenty-third, one thousand nine hundred and six, including the proceeding for the apprehension and appearance of such person so complained of. 93. A bond to the State of New Jersey may be required by such magistrate, with good and sufficient sureties, to be approved by him in the sum directed on the warrant, conditioned for his or her appearance before the magistrate who issued said warrant, at a time therein to be named, to answer said complaint, and abide all orders, judgments and decrees that may be made against such defendant touching said complaint.

A Supplement to an act entitled "An act concerning municipalities," approved March twenty-seventh, one thousand nine hundred and seventeen.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Grant of Power. For the purpose of promoting health, safety, morals, or the general welfare of the community, the governing body except in cities having a board of public works and in such cities, said board of public works of any municipality of this State is hereby empowered to regulate and restrict the height, number of stories and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts and other open spaces, the density of population, and the location and use of buildings, structures and land for trade, industry, residence or other purposes.

2. Districts. For any or all of said purposes the governing body or such board of public works may divide the municipality into districts of such number, shape and area as may be deemed best suited to carry out the purposes of this act; and within such districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings,
structures, or land. All such regulations shall be uniform for each class or kind of buildings throughout each district, but the regulations in one district may differ from those in other districts.

3. Purpose in View. Such regulations shall be made in accordance with a comprehensive plan, and designed for one or more of the following purposes: to lessen congestion in the streets; to secure safety from fire, panic and other dangers; to promote health and the general welfare; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements. Such regulations shall be made with reasonable consideration, among other things, to the character of the district and its peculiar suitability for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout such municipality.

4. Method of Procedure. The governing body or such board of public works of such municipality shall provide for the manner in which such regulations and restrictions and the boundaries of such districts shall be determined, established and enforced, and from time to time amended, supplemented or changed. However, no such regulation, restriction or boundary shall become effective until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least ten days' notice of the time and place of such hearing shall be published in an official paper, or a paper of general circulation, in such municipality.

5. Changes. Such regulations, restrictions, and boundaries may from time to time be amended, supplemented, changed, modified or repealed. In case, however, of a protest against such change signed by the owners of twenty per centum or more either of the area of the lots included in such proposed change, or of those immediately adjacent in the rear thereof extending one hundred feet therefrom, or of those directly opposite thereto, extending one hundred feet from the street frontage of such opposite lots, such amendment shall
not become effective except by the favorable vote of three-fourths of all the members of the governing body or such board of public works of such municipality. The provisions of the previous section relative to public hearings and official notice shall apply equally to all changes or amendments.

6. Zoning Commission. In order to avail itself of the powers conferred by this act, the governing body shall appoint a commission to be known as the Zoning Commission to recommend the boundaries of the various original districts and appropriate regulations to be enforced therein. Such commission shall make a preliminary report and hold public hearings thereon before submitting its final report, and the governing body shall not hold its public hearings or take action until it has received the final report of such commission. Where a city plan commission already exists, it may be appointed as the zoning commission. Wherever any municipality shall have adopted an ordinance or ordinances for any of the purposes covered by this act, such ordinance or ordinances shall be deemed to have been adopted under the provisions of this act and it shall not be necessary in such cases for the governing body or such board of public works to appoint said zoning commission as herein provided. All such ordinances shall remain in full force and effect, except so far as they shall be inconsistent with the provisions of this act, until they shall have been amended, altered or repealed by the governing body or such board of public works.

7. Board of Adjustment. The governing body or such board of public works shall provide for the appointment of a board of adjustment, and in the regulations and restrictions adopted pursuant to the authority of this act shall provide that the said board of adjustment shall, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of the ordinance in harmony with its general purpose and intent and in accordance with general or specific rules therein contained.

may be removable for cause by the appointing authority, upon written charges and after public hearing. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant.

The board of adjustment shall adopt rules in accordance with the provisions of any ordinance adopted pursuant to this act. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. Such chairman, or in his absence, the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record.

Appeals to the board of adjustment may be taken by any person aggrieved or by any officer, department, board or bureau of the municipality affected by any decision of the administrative officer. Such appeal shall be taken within a reasonable time as provided by the rules of the board by filing with the officer from whom the appeal is taken and with the board of adjustment a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record which the action appealed from was taken.

An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of adjustment after the notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay would in his opinion cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the board of adjustment or by a court of record on application on notice to the officer from whom the appeal is taken and on due cause shown.

The board of adjustment shall fix a reasonable time for the hearing of the appeal, giving due notice to the
Powers of board:

CHAPTER 149.

An Act relating to the construction, operation and maintenance of a certain bridge across the Arthur Kill between Elizabeth on the New Jersey side and Howland Hook on the New York side, by the Port of New York Authority, pursuant to the port compact or treaty dated April thirtieth, one thousand nine hundred and twenty-one, and consented to by the Congress of the United States, and the comprehensive plan adopted by the States of New Jersey and New York, consented to and which the Port of New York Authority was authorized and empowered to carry out and effectuate by the Congress of the United States, and making an appropriation of $50,000 for the preliminary work necessary for making borings, surveys, engineering studies, investigations, hearings and all matters incidental or appertaining thereto.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. In partial effectuation of the comprehensive plan for the development of the port of New York, and of section four thereof, adopted by the State of New Jersey and New York by chapter 9, Laws of New Jersey, 1922, and chapter 43, Laws of New York, 1922, which was consented to and which the Port of New York Authority was authorized and empowered to carry out and effectuate by the Congress of the United States by Public Resolution No. 66, 67th Congress, H. J. Res. 337, and of the port compact or treaty between the two States dated April thirtieth, one thousand nine hundred and twenty-one, authorized and approved by chapter 151, Laws of New Jersey, 1921, and chapter 154, Laws of New York, 1921, and consented to by the Congress of the United States by Public Resolution No. 17, 67th Congress, S. J. Res. 88, the Port of New York Author-
ity (hereinafter called the Port Authority) is author­ized and empowered to construct, operate, maintain and own a bridge, with the necessary approaches thereto, across the Arthur Kill, between Elizabeth on the New Jersey side and Howland Hook on the New York side.

2. The plan of the approaches at either end of the bridge, which shall include any highway extension or changes which the Port Authority shall deem convenient or necessary, shall be subject to the approval of the respective municipalities in which they shall be located. Except as so limited the Port Authority shall determine the site, size, type and method of construction of such bridge and approaches and all matters pertaining thereto.

3. The Port Authority is authorized to make and enforce such rules and regulations and to establish and levy such charges and tolls as it may deem convenient or necessary for the operation and maintenance of the said bridge and to insure at least sufficient revenue to meet the expenses of the construction, operation and maintenance thereof, and to make provision for the payment of the interest upon and amortization and retirement of such bonds or other securities or obligations as it may issue or incur for the purposes of this act, as hereinafter provided. There shall be allocated to the cost of construction, operation and maintenance of the bridge such proportion of the general expenses of the Port Authority as it shall deem properly chargeable thereto.

4. The said bridge shall be built and paid for in whole or in part out of moneys to be raised by the Port Authority on bonds or other securities or obligations issued or incurred by it pursuant to Article VI of the said compact or treaty. The said bonds or other securities and any other obligations which the Port Authority may incur shall be issued and incurred upon such terms and conditions as the Port Authority may deem proper. As security therefor the Port Authority is authorized and empowered to pledge the revenues and tolls arising out of the use of the bridge until such time as the sums borrowed therefor are fully amortized and repaid.

5. If, for any of the purposes hereunder, the Port Authority shall find it necessary or convenient for it...
to acquire title to or any lesser interest in real property as herein defined, in this State, then the Port Authority may find and determine that such property is required for a public use, and upon such due determination, the said property shall be and shall be deemed to be required for such a public use; and with the exceptions hereinafter specifically noted the said determination or fact shall not be affected by the fact that such property has theretofore been taken for, or is now devoted to, a public use; but the public use in the hands or under the control of the Port Authority shall be deemed superior to the public use in the hands of any other person, association or corporation. If the Port Authority is unable to agree for the purchase of any such property, or if the owner thereof shall be incapable of selling the same, or if, after diligent search and inquiry, the name and residence of any such owner cannot be ascertained, or if title to any such property has been acquired or attempted to be acquired and has been found to be invalid or defective, the Port Authority may acquire title to all such property by condemnation under and pursuant to the provisions of this act.

6. Anything in this act to the contrary notwithstanding, no property now or hereafter vested in or held by any county, city, borough, village, township or other municipality shall be taken by the Port Authority, without the authority or consent of such county, city, borough, village, township or other municipality, nor shall anything herein impair or invalidate in any way any bonded indebtedness of the State, or such county, city, borough, village, township or other municipality, nor impair the provisions of law regulating the payment into sinking funds of revenues derived from municipal property, or dedicating the revenues derived from any municipal property to a specific purpose.

The Port Authority is hereby authorized and empowered to acquire from such county, city, borough, village, township, or other municipality, by agreement therewith, and such county city, borough, village, township or other municipality is hereby authorized and empowered to grant and convey for such consideration as it may deem wise, any real property which may be necessary
for the construction, operation and maintenance of the bridge and the approaches thereto, including such lands, structures or interests therein as have already been devoted to a public use.

The State of New Jersey hereby consents to the use and occupation of the lands of the State necessary for the construction, operation and maintenance of the said bridge and approaches thereto, including lands of the State lying under waters of the Arthur Kill.

7. When title or any interest in real property within this State is sought to be acquired by condemnation, the Port Authority shall cause a survey and map to be made thereof, and shall cause such survey and map to be filed in its office. The said Port Authority and its duly authorized agents and employees may enter upon such property for the purpose of making such survey and map. There shall be annexed to such survey and map a certificate executed by the chief engineer of the Port Authority stating that the property or interest therein described in such survey and map are necessary for its purposes. Such survey and map shall also contain such written descriptions noted thereon or attached thereto as shall designate the nature of the interest in such lands so to be acquired, whether in fee or by easement or other interest therein, and shall likewise contain the name of the owner of record or of any person having any interest of record in said lands.

8. A copy of the said survey and map shall be filed in the office of the clerk of the Court of Common Pleas of the county or counties where such lands are situated, and likewise in the office of the clerk of the Supreme Court of New Jersey, and such filing shall have the effect of and be a lis pendens and be notice to all parties having interest in the real property described in the said survey and map or in the proceedings.

Thereupon there shall be served upon all the parties in interest in any one parcel of land a notice in the following form:

Such service may be made either by personally serving a copy of such notice upon the person addressed therein or by leaving a copy thereof at his usual place of business with some person or agent in charge thereof, or by leaving a copy thereof at his residence with some member of his family above the age of fourteen years. In case of inability to make such service, then service may be made by setting up on the lands so to be acquired or condemned a copy of such notice and by publishing a copy thereof at least four times within a space of twenty days in a newspaper printed or circulated in the county or counties where such lands are situated, and by mailing a copy of such notice to the last known address of such party in interest, if the same can be ascertained.

There shall also be published in a newspaper printed or circulated in the county or counties where such lands are situated a notice in substantially the following form:

Dated .............

Signed ....................... 
Chairman of The Port of New York Authority.

The said notice, together with an affidavit describing the manner of service thereof and a copy of the published notice above described with the manner of publication thereof, shall thereupon be filed in the office of the Clerk of the Supreme Court and such service or publication as above described shall be deemed to be notice to all persons having an interest in such lands. Compliance with the foregoing requirements shall constitute service of such notice, but if the address of any person having any interest of record cannot be ascertained, mailing such notice shall not be necessary to effect service thereof.

9. Upon the filing of such survey and map and the service or publication of such notice and the filing of proof thereof as above prescribed, the Port Authority may enter upon and use and occupy for its purposes all the parcels of real estate described in the proceedings for the condemnation thereof, unless the Supreme Court shall otherwise determine as hereinafter provided. Such survey and map and notice and proof of service or publication so filed shall be conclusive evidence of such entry and appropriation and of the quantity and boundaries of the property appropriated.
CHAPTER 149, LAWS OF 1924.

10. Twenty (20) days after such service and publication shall have been made as aforesaid, all persons having an interest in such lands shall, pursuant to such notice, file an answer with the Clerk of the Supreme Court as required in said notice, setting out in full the nature of their claim or interest in the said lands, and likewise the amount of damages claimed or sustained by them by reason of the taking of said lands. Persons other than those of record claiming an interest in such lands may be made parties to the proceedings in the Supreme Court by the service of such notice and publication as provided herein, and any person claiming an interest not made a party may, upon petition, be made a party to the proceedings at any time before the hearing and determination by the justice.

11. The Port Authority shall, within twenty (20) days after the time for filing such answers shall have expired, or upon its failure so to do, any party so answering may apply either to the Chief Justice of the Supreme Court or to the justice holding the circuit in which such lands or any part thereof are situated, for leave to bring on before him upon a day to be fixed by such justice a hearing upon the claims so filed, or in case no claims are filed to fix the amount to be paid for such lands. The justice shall proceed to hear and determine the validity of any such claim, and shall settle the interests of all the parties claiming an interest in any parcel of land, the amount of damages to be paid therefor, and the amounts to be apportioned among the claimants thereof, according to their interests in such lands.

12. In order to advise the said justice, he may appoint three commissioners to view said lands and to advise him what damages, if any, should be assessed for the taking of such lands. The commissioners shall proceed under such directions and rules as shall from time to time be fixed by the said justice to view the lands, to hear such evidence as they may desire, and to fix such sum, if any, that in their judgment will represent the fair value of the lands so taken. The said justice may review such findings and shall not be bound thereby, but may alter or reject such findings in such manner as will, in his judgment, fairly protect the interests of
the parties and of the State, and such review may be made either with or without further hearing. The commissioners so appointed to advise said justice shall make their report to him within one hundred (100) days from the date of their qualification.

After the said justice shall have heard and determined the validity of such claims and settled the interests of all the parties therein and the amount of compensation, if any, to be paid therefor, and to whom such compensation shall be paid, he shall forthwith file such determination in the office of the clerk of the Supreme Court and such determination shall thereafter have the same force and effect as a judgment entered in the Supreme Court and shall foreclose the interest of all and every party claiming or having an interest in such lands. If any person having an interest in such lands cannot be found or shall be a minor or under other disability to act in his own behalf, then the compensation due to such person shall be paid to the clerk of the Supreme Court and held by him until further order of said court.

In all proceedings before such justice he shall have the ultimate determination of all facts in such proceedings, but an appeal may be taken by writ of error to the Court of Errors and Appeals upon any question of law involved in the proceedings.

13. The persons or corporations whose property shall have been taken by condemnation and who shall have agreed upon the compensation to be paid therefor in settlement of the proceeding, and to whom an award of compensation shall have been made by the Supreme Court, shall be entitled to payment of the agreed or awarded compensation within three calendar months after the date of the agreement upon the amount of the compensation or upon the entry of the order therefor, together with interest upon the amount of such compensation from the time of the entry and appropriation thereof by the Port Authority to the date of payment of such compensation; but such interest shall cease upon the service by the Port Authority, upon the person or corporation entitled thereof, of a fifteen days' notice that the Port Authority is ready and willing to pay the amount of such compensation upon the presentation of

proper proofs and vouchers. Such notice shall be served in the same manner as provided in section eight for the service of the notice of the condemnation proceedings.

14. The term real property as used in this act is defined to include lands, structures, franchises and interest in land, including lands under water and riparian rights, and any and all other things and rights usually included within the said term, and includes also any and all interests in such property less than full title, such as easements, rights of way, uses, licenses and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, including terms for years and liens thereon by way of judgments, mortgage or otherwise, and also all claims for damage for such real estate.

15. Any powers herein granted to the Port Authority shall be regarded as in aid of and supplemental to and in no case as a limitation upon any of the powers vested in it by the States of New Jersey and New York and or by Congress.

16. If any term or provision of this act shall be declared unconstitutional or ineffective in whole or in part by a court of competent jurisdiction, then to the extent that it is not unconstitutional or ineffective such term or provision shall be enforced and effectuated; nor shall such determination be deemed to invalidate the remaining terms or provisions hereof.

17. For the preliminary work necessary for making borings, surveys, engineering studies, investigations, hearings and all matters incidental or appertaining thereto, the sum of fifty thousand dollars ($50,000), or so much thereof as may be necessary, is hereby appropriated out of any moneys in the State treasury not otherwise appropriated. The moneys hereby appropriated shall be paid out by the State Treasurer on the warrant of the Comptroller of the Treasury, upon vouchers signed by the chairman of the said Port Authority. An Act to amend an act entitled "An act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March twenty-second, one thousand nine hundred and sixteen, constituting chapter 252 of the Laws of 1916, as amended

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section thirteen of the act to which this act is amendatory as the same has been amended, is hereby amended to read as follows:

13. Any municipality may temporarily finance the carrying out of any purpose for which it is herein authorized to issue bonds (including the payment of interest accruing during the construction period as defined in section fourteen) by borrowing money and issuing from time to time temporary notes or temporary bonds, which shall state in general terms the purpose for which they are issued, and may from time to time renew the same. Such notes or bonds may be payable on demand or may mature in not exceeding six years from the date when the purpose for which they are issued has been carried out and may be subject to earlier call for payment, shall bear interest at not exceeding six per centum per annum, and shall be executed as herein provided for other bonds or in such other manner as the governing body may provide. Such notes or bonds shall be paid or funded within six years after the purpose for which they are issued has been carried out; provided, that in the case of notes or bonds heretofore or hereafter issued for the cost of any property or improvement, any part of the cost of which is to be assessed upon property specially benefited, wherein the confirmation of the as-
assessments is stayed by legal action, then and in such case the limit of time within which such notes or bonds shall mature, shall date from the time the court renders its final decision; provided, further, that should any municipality have heretofore or hereafter issued any such temporary notes or temporary bonds prior to the issuance of which a debt statement was required to be filed under section twelve and no debt statement was so filed, then and in such case such debt statement may be filed prior to the adoption of the ordinance authorizing the permanent serial bonds to fund such temporary notes or temporary bonds; provided, further, that in the case of notes or bonds heretofore or hereafter issued for the cost of any property or improvement, any part of the cost of which is to be assessed upon property specially benefited and the governing body of the municipality has granted to the owners of the property specially benefited, or to any of them, the right to pay such installments in yearly installments exceeding six, then and in such case the limit of time within which such portion of said notes or bonds as shall equal the total amount of assessments, together with interest thereon, the payment of which has been extended beyond six years, shall mature at the expiration of the extended time so granted by the municipality.

Such notes or bonds shall be authorized by ordinance (except in the case of counties) which shall fix the maximum rate of interest thereon. The other matters in respect thereof may be left to be determined by subsequent resolution or by the officials executing them or by a financial official. Such notes or bonds shall not be subject to the provisions of any other section hereof, except section twelve and section fourteen and section fifteen.

Prior to the adoption of the annual budget in each year, the financial official of the municipality or county shall certify the amount of temporary notes or temporary bonds outstanding exclusive of the amount thereof outstanding on account of (a) improvements which have not been completed (b) improvements for which assessments are to be levied on property specially benefited and (c) the part of the cost of improvements
which has been assessed on property specially benefited. There shall be raised each year by appropriation in the budget an amount not less than three per centum of the principal of such temporary notes or bonds so certified to be outstanding. Such appropriation shall be used for no other purpose than for the payment of the principal of such outstanding temporary notes or bonds; provided, that if the funds so raised cannot be applied to the retirement of the temporary notes or bonds for which such fund is raised during the current year, then such fund or the unused portion thereof shall be turned over to the sinking fund of the municipality; provided, that in municipalities where no sinking fund commission exists, such funds shall be held as a reserve fund by the treasurer of the municipality for the purposes herein expressed, but in no case shall it be converted into surplus revenue of the municipality until after all temporary notes or bonds have been paid.

It is the intention of this act that temporary notes or temporary bonds may be issued without the previous authorization of the permanent serial bonds provided for in other sections of this act or may be issued after the previous authorization of the said permanent serial bonds. In the latter case, in order to provide for the funding of the temporary notes or temporary bonds as they mature, a new ordinance may be adopted authorizing permanent serial bonds which will supersede or amend the original ordinance authorizing such permanent serial bonds. Such new ordinance shall be subject to all terms and provisions hereof applicable to any similar ordinance authorizing permanent serial bonds.

CHAPTER 204.

A Supplement to "An act concerning District Courts" (Revision of 1898), approved June fourteenth, eighteen hundred and ninety-eight.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Rights and credits in the nature of personal property of the defendant in execution, or if defendant be sued in a representative capacity, within his custody or control as such representative, may be levied upon, taken and sold or collected by virtue of said execution.

2. The term "rights and credits" includes all rights and credits in the nature of personal property which may be attached by writ of attachment against nonresident debtors, and also includes rights and credits in the nature of personal property of an equitable nature, except such trust funds as are now exempt by law.

   Such rights and credits shall be levied upon and taken in the manner in which property is attached under writs of attachment against nonresident debtors under the act to which this is a supplement.

3. No sale shall be made of such rights and credits, unless by leave of the court.

4. Sales of rights and credits in the nature of personal property shall be made in the manner provided for judicial sales of chattels under the act to which this act is a supplement.

5. In lieu of the sale of such rights or credits, the officer charged with the duty of levying said execution may, in his own name, as such officer, liquidate said rights and credits by collection or, with the assent of the plaintiff (and subject to other provisions of this act), in any other manner; and to that end, he shall, on request of the plaintiff, sue, or take any proper proceedings, at law or in equity, in his own name as such officer to obtain such recovery or relief as the defendant would be entitled to, or as any receiver of such defendant would be entitled to.
6. After such rights or credits shall have been levied upon and taken, and upon application of plaintiff or defendant, the judge of the court out of which the execution shall be issued, may, in his discretion, appoint a receiver of the same.

7. Upon filing the order of appointment, the receiver shall be vested with the title to said rights and credits, which the defendant had at the time of the levy upon the same. It shall be his duty to liquidate the same by sale (subject to the other provisions of this act), collection or otherwise; and to that end, he may sue, or take any proper proceedings at law or in equity, in his own name as receiver, to obtain such recovery or relief as the defendant would be entitled to if no execution had been issued. He shall apply the sums collected by him in payment of the amount due upon the execution, with costs, and his necessary expenses; and after retaining such reasonable compensation as shall be fixed by the court, he shall pay the balance into court.

8. The court may, at any time in his discretion, direct the receiver to give bond for the faithful performance of his duties in an amount and with such security as the judge may, by order, prescribe.

9. After levy shall have been made under this act upon any debt due or accruing from a third person (herein called the garnishee) to the judgment debtor, the court may make an order upon such garnishee and the judgment debtor to show cause why the said debt (to an amount not exceeding the sum necessary to satisfy said execution) should not be paid to the officer holding the execution, or to the receiver. Upon return of the order to show cause, or at any time to which the hearing may be continued, an order may be made requiring the garnishee to pay said debt, if he admits it, to the officer holding the execution, or to the receiver, either in one payment or in installments, as the court shall deem just, which order may, at any subsequent time, on application, be modified, as may be just.

10. In case it shall be made to appear by affidavit that a judgment debtor is entitled to, or is in receipt of an income, other than from such trust funds as are now exempt by law, the court may make an order requiring
the defendant to show cause why he should not be or­
dered to make payments at stated periods, in installments
(and upon such terms as the court may direct), out of
such income on account of the execution. And upon the
return of the order to show cause, or at any time to
which the hearing may be continued, may make an order
for such payments as aforesaid; and at any subsequent
time, on application, may modify the terms thereof as
may be just.

11. Hereafter when a judgment has been recovered
in any District Court of this State and where an execu­
tion issued upon said judgment has been returned wholly
or partly unsatisfied and where any wages, debts, earn­
ings, salary, income from trust funds, or profits are due
and owing to the judgment debtor, or shall thereafter be­
come due and owing to him to the amount of eighteen
dollars or more per week, the judgment creditor may
apply to the court in which said judgment was recovered,
without notice to the judgment debtor, and upon satis­
factory proofs of such facts by affidavits or otherwise,
the court must grant an order directing that an execution
issue against the wages, debts, earnings, salary, income
from trust funds, or profits of said judgment debtor
and on presentation of such execution by the officers to
whom delivered for collection to the person or persons
from whom such wages, debts, earnings, salary, income
from trust funds or profits are due and owing, or there­
after become due and owing, to the judgment debtor,
said execution shall become a lien and a continuing levy
upon the wages, debts, earnings, salary, income from
trust funds or profits due or to become due to said
judgment debtor to the amount specified therein, which
shall not exceed ten per centum unless the income of
said debtor shall exceed the sum of one thousand dollars
per annum, in which case the judge may order a larger
percentage, and said levy shall become a continuing levy
until said execution and the expenses are fully satisfied
and paid or until modified as hereinafter provided, but
only one execution against the wages, debts, earnings,
salary, income from trust funds or profits of said judg­
ment debtor shall be satisfied at one time, and where
more than one execution has been issued or shall be
issued pursuant to the provisions of this section against the same judgment debtor they shall be satisfied in the order of priority in which such executions are presented to the person or persons from whom such wages, debts, earnings, salary, income from trust funds or profits are due and owing.

12. It shall be the duty of any person, persons, agent, treasurer, or other fiduciary officer of a private or public municipal corporation, including any county and the State, to whom said execution shall be presented, and who shall at such time be indebted to the judgment debtor named in such execution, or who shall become indebted to such judgment debtor in the future, and while said execution shall remain a lien upon said indebtedness, to pay over to the officer presenting the same, such amount of such indebtedness as such execution shall prescribe until said execution shall be wholly satisfied, and such payment shall be a bar to any action therefor by any such judgment debtor. If such a person, persons, or the proper officer of the corporation, private, municipal, county or State, to whom said execution shall be presented shall fail or refuse to pay over to said officer presenting said execution the percentage of said indebtedness, he shall be liable to an action therefor by the judgment creditor named in said execution, and the amount so recovered by such judgment creditor shall be applied towards the payment of said execution. Either party may apply at any time to the court from which such execution shall issue, upon such notice to the other party as such court shall direct, for a modification of said execution, and upon such hearing, the said court may make such modification of said execution as shall be deemed just, and such execution as so modified shall continue in full force and effect until fully paid and satisfied, or until further modified as herein provided.

13. Nothing in this act contained shall impair any provision of the act to which this is a supplement.

14. This act shall take effect immediately.

Approved March 12, 1924.

as provided in this section.

(4) Mufflers. Every motor vehicle shall have, and
every driver of such motor vehicle shall use, devices to
prevent excessive noise, annoying smoke, and the escape
of gases and steam, as well as the falling out of embers

9. (1) Every resident of this State, and every non-resident whose automobile or motor cycle shall be driven in this State except as is hereinafter provided, shall before using such vehicle on the public highways, register the same, and no motor vehicle or motor cycle shall be driven unless so registered. Every registration shall expire and the certificate thereof become void on the thirty-first day of December of each year; and the Commissioner of Motor Vehicles shall issue licenses for the following year on and after November fifteenth of each year, such license so issued not to be used until the thirty-first day of December of the year preceding the year for which such license is issued.

(2) Such registration shall be made in the following manner:

A statement in writing shall be made to the Commissioner of Motor Vehicles, or his lawful agent, containing the name and address of such owner, together with a description of the character of such motor vehicle or motor cycle, including the name of the maker and the manufacturer's number and the motor number. Such statement shall be submitted on forms prepared by the Commissioner of Motor Vehicles and shall be sworn to by the applicant before any one authorized to take acknowledgments. Thereupon, the said commissioner shall have power to grant a registration certificate to the owner of any motor vehicle, application for registration having properly been made and the fee therefor paid, and the vehicle being of a type that complies with the requirements of this act. But it shall be lawful for the Commissioner of Motor Vehicles to refuse registrations to any vehicle that in his estimation is not a proper vehicle to be used upon public roads and highways of this State.

(3) The holder of any registration certificate issued by the Commissioner of Motor Vehicles, when requested to do so by any motor vehicle inspector, police officer or magistrate, may thereby determine the correctness of the said certificate as the same relates to the registration
number plates of the automobile or the motor cycle for
which the said certificate was issued.

(4) Each owner having a residence outside of the
State shall file with the Secretary of State a duly ex-

State; the service of such process shall be made by leav-

State, with a service fee of two dollars to be taxed on
the plaintiff’s costs of suit. Said Commissioner of
Motor Vehicles shall forthwith notify such owner of
such service by letter directed to him at the post-office
address stated in his application.

5. Section eleven of the act to which this is an amend-

contained, shall state that he is a manufacturer; that he
desires to use a single number on automobiles owned or

The Commissioner of Motor Vehicles may thereupon, if satisfied of the facts stated in said application, issue certificate as herein set forth, assigning the same a number, which certificate shall contain a statement that the same was issued to the applicant as a dealer. One certificate shall cover and be valid for the use of not more than five automobiles or motor cycles of said dealer at one time while under his control. The Commissioner of Motor Vehicles shall provide five sets of identification marks of the general style provided for motor vehicle registration in this act, and such identification marks shall not be used on any vehicle not actually owned by said dealer or operated either by him or his duly authorized agent. CHAPTER 229.

An Act to authorize the abandonment of navigation upon the Morris canal and providing for the dismantling of the canal and the disposition of portions of the property, the title to which is now held in trust for the State of New Jersey by the Morris Canal and Banking Company upon terms and compensation fixed by said Morris Canal and Banking Company and providing for the review of said terms and compensation by the Board of Public Utility Commissioners of the State of New Jersey, and further providing for the management and control of such property pending the disposition thereof.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The Morris Canal and Banking Company is hereby authorized and directed to discontinue the use as a means of transportation by water of that portion of the property, the title to which is vested in the said company in trust for the State of New Jersey, which has heretofore been used as a means of transportation by water and which is located between the westerly shore or bank of the Hackensack river in the town of Kearny and the southerly line or side of Main street adjacent to Green's bridge in the town of Phillipsburg, which
portion of said property is referred to in this act as the "Morris Canal" or as the "Canal"; and to discontinue the use as a means of transportation of water to the canal of those portions of such property which have heretofore been used as feeders to the canal; and for such purpose the said company is hereby authorized and directed to drain off the water from the canal and feeders, whenever and wherever such action may be taken, in its judgment, without the creation of insanitary conditions or the impairment of contract obligations. Such portions of such property shall be applied and are hereby dedicated, subject to the limitations hereinafter provided, to the public use as public highways for the transportation and passage thereon of persons and property and for any and all other purposes of public highways.

2. The rights vested in the Morris Canal and Banking Company to impound and divert waters of lakes, ponds, and streams, and the property and rights vested in the said company in Lake Hopatcong, Lake Musconetcong (otherwise known as Stanhope reservoir), Cranberry lake, Bear ponds, the pond on the Musconetcong river at Saxton falls, and Greenwood lake, together with all such lands, easements, rights and other property, the title to which is vested in the said company in trust for the State of New Jersey, as may be necessary to maintain the said lakes and ponds, shall be retained by the said company in trust for the State of New Jersey, for the public use of conserving the public waters of the State and shall be and are hereby dedicated to such public use; and the said company is hereby authorized and directed to control, maintain and operate the dams and sluice gates at the said lakes and ponds for the purpose aforesaid and in such manner that the rights of the riparian owners upon said lakes and ponds and the outlets thereof shall be properly conserved.

3. The Morris Canal and Banking Company is hereby authorized to consent, under restrictions which shall not impair any existing rights, and for a consideration in each case to be fixed by its board of directors and approved in writing by the Governor of the State of New Jersey, to the diversion, for the purpose of municipal
water supply, of the waters or any portion thereof, the
title to the right to the use of which is vested in the said
compny in trust for the State of New Jersey; provided,
that nothing in this section contained shall be construed
to dispense with any consent now or hereafter required
to be obtained by any municipality, board or commission
as a condition precedent to the diversion of the State's
waters or to the development of a municipal water
supply.

4. The Morris Canal and Banking Company is hereby
authorized and directed to sell any and all of the property
the title to which is vested in the company in trust for
the State of New Jersey, other than the rights and
property to be retained for public use as provided for in
section two of this act. Wherever said property shall
consist of lands so located as to be capable of use in the
widening of any county road, the Morris Canal and
Banking Company is authorized to transfer to the county
wherein such section of the canal is located, such section
thereof, upon the adoption by the board of chosen free-
holders of said county of a resolution indicating the
desire of said county to acquire said section for the
purposes of a county road within the period hereinafter
provided for the adoption of a similar resolution by
municipalities; such transfer to be made upon such terms
and for such consideration as shall be fixed after negotia-
tion as hereinafter provided for in the case of mu-
nicipalities and subject to the same right of review.

The Morris Canal and Banking Company is hereby
authorized to transfer to the respective municipalities
through which said canal passes the portions of the canal
situated within their respective boundaries, exclusive of
the rights and property to be retained for public use as
provided in section two, upon the passage by the respec-
tive municipalities on or before the first day of January,
one thousand nine hundred and twenty-five, of resolu-
tions expressing the desire of such municipalities to
acquire such portions of said canal and setting forth the
purposes to which said municipalities intend to devote
such property when so acquired. Upon the submission
of any such resolution the Morris Canal and Banking
Company is authorized to negotiate with said municipality the terms upon which said property will be transferred to such municipality and in determining the compensation, if any, to be paid by said municipality for such property, said Morris Canal and Banking Company shall take into consideration the conditions of the canal in said municipality and the effect thereof upon said municipality and the adjoining property and also the nature of the use to which said property is to be devoted and the estimated cost of adapting the property to such new use. After the conclusion of such negotiations the Morris Canal and Banking Company shall, subject to the approval of the Governor, determine the terms upon which such transfer shall be made and the price, if any, which in its judgment, regard being had to the considerations above set forth, is a fair price for such municipality to pay; such determination, whether in the case of a municipality or of a county, as hereinabove provided, shall be subject to review by the Board of Public Utility Commissioners of the State of New Jersey, which is hereby directed and empowered to grant such review on the application either of such municipality or county or of the Morris Canal and Banking Company; and upon such review, the said board shall have power to determine the fairness of the terms and compensation determined upon by said Morris Canal and Banking Company and in the event that said board finds said terms or compensation unfair, to fix the terms and compensation deemed by said board to be fair. The terms and compensation so fixed shall be the terms and compensation for which said property shall be transferred to such municipality unless such municipality shall, within thirty days thereafter, determine not to proceed with the acquisition of said property and shall pay the costs of said proceeding. Upon the purchase as hereinabove provided by any municipality, county or counties of any such property for any such public use or uses, the property so purchased shall be applied to such public use or uses, or some of them, and such public use or uses shall supersede any other or different public use to which such property may have been theretofore dedicated.
5. If any such municipality shall fail to accept the terms and compensation for any such property fixed by the Morris Canal and Banking Company or upon review of its decision by the Board of Public Utility Commissioners as above provided for, or if prior to said first day of January, one thousand nine hundred and twenty-five, any such municipality shall fail to have adopted the resolution in section four provided for, or if prior to said first day of January, one thousand nine hundred and twenty-five, any such municipality shall have adopted a resolution declaring that it does not desire to acquire the property of said canal company located within its limits, then and in either of such events the said Morris Canal and Banking Company may transfer said property in the manner hereinafter provided.

In the first place it shall offer, subject to the same review as provided in section four, to any municipality which shall have taken appropriate steps to acquire the canal property lying within its boundaries, such portions of the canal lying in any other municipality or municipalities which shall have failed to take the necessary steps to acquire such property, as shall form a single, contiguous tract capable of development for the purpose for which said first mentioned municipality shall have acquired its tract.

In the second place, if, after a reasonable time, any municipality to which any such canal property lying without its limits shall have been offered, shall fail to have availed itself of said offer, then the Morris Canal and Banking Company, after advertisement, in such manner as may be determined by said board of directors, shall sell any unsold portions of the canal property to the highest bidder deemed by said board of directors to be responsible, at public or private sale; provided, however, that no such sale shall be made unless first approved, in writing, by the Governor of the State of New Jersey; and provided, further, that at such sale any municipality through which such canal may pass, either alone or jointly with other municipalities through which said canal may pass, may bid for any parcel of said canal so offered for sale.
Upon any such sale, any previous dedication of the property so sold to any public use shall cease and be of no further force and effect, and the purchaser shall be entitled to take and hold such property free from any previous dedication to any public use. The said company is hereby authorized to sell, in such manner and for such price and upon such terms as the said board of directors may deem advisable, the structures and parts thereof and other materials to be removed on dismantling the canal as provided for in section seven of this act and other personal property no longer useful in connection with the canal.

6. Pending the sale of the property authorized or directed by the provisions of this act to be sold, such property shall continue to be managed and controlled by the Morris Canal and Banking Company. All the other property and rights the title to which is vested in the Morris Canal and Banking Company in trust for the State of New Jersey, shall also continue to be managed and controlled by the said company. The stock of the said company, the title to which is held in trust for the State of New Jersey, shall, at each election of directors, be voted upon in favor of the election, as directors of the said company, of the members of the Board of Conservation and Development as the same shall from time to time be constituted. The said company is hereby authorized to let part or parts of the property and property rights, the title to which is vested in the said company in trust for the State of New Jersey; provided, however, that any and all leasehold estates and interest so created shall be terminable upon thirty days' notice to the lessee of the desire of the said company or of the State of New Jersey to terminate the same.

7. The Morris Canal and Banking Company is hereby authorized and directed, as soon as the water shall have been drained off from the canal, to proceed promptly to remove such highway and road bridges as have heretofore been maintained by the said company at intersections of the canal with existing highways and roads and to refill the canal bed at these points and to grade down the approaches and to replace such bridges with

roadways connecting with the adjoining highways or roads and graded and paved or surfaced to conform to the adjoining highways or roads respectively. The said company is hereby authorized and directed to repair and make safe the dams and sluice gates at the lakes and ponds mentioned in section two of this act and to raze and remove or put in a condition safe to life and limb all other structures heretofore maintained by the said company, and to make proper provision to prevent future obstruction of highways, roads or water courses through the decay and fall of culverts, aqueducts or other structures, and to provide for the proper drainage of the canal.

8. If the authorities having charge of any street, highway or road on which there is a bridge or crossing to be removed by the Morris Canal and Banking Company as provided in section six of this act, shall prefer to relocate or otherwise readjust such crossing in a manner or to an extent different from that provided in section six of this act, then and in any and every such case the said company is hereby authorized, instead and in lieu of constructing any such crossing as required in section six of this act, to contract with such authorities for the construction by such authorities of any such relocated or readjusted crossing and in such contract to agree with such authorities for the payment by the said company of such portion of the cost of such relocated or readjusted crossing as shall not exceed the estimated cost of the crossing instead and in lieu of which such relocated or readjusted crossing shall be so contracted for.

9. The Morris Canal and Banking Company is hereby authorized to procure and employ such legal and technical aid and to employ such administrative officers, clerical assistants and laborers as the said company may require for the purpose of enabling it to administer, in accordance with the terms of this act, the property, the title to which is vested in the said company in trust for the State of New Jersey, and the said company is hereby authorized to enter into such agreements with independent contractors as its board of directors may deem advisable in order to carry out the directions con-

...tained in this act; provided, however, that no such agreement involving the expenditure of more than one thousand dollars shall be entered into unless first approved in writing by the Governor of the State of New Jersey; and provided, further, that no such agreement shall be entered into in excess of existing appropriations available therefor and applicable thereto.

10. The board of directors of the Morris Canal and Banking Company are hereby authorized and directed, in behalf of the said company to do or cause to be done by the officers of the said company thereunto authorized by its board of directors, all acts and things and to execute or cause to be executed, all contracts, instruments of conveyance, consents, leases or other documents authorized or directed by the provisions of this act to be done or executed by the said company or which the said board of directors shall deem expedient to be done or executed for the purpose of carrying out any of the purposes of this act. All such contracts, instruments of conveyance, consents, leases or other documents shall be approved as to form by the Attorney-General before being executed by the said company. Any instrument of conveyance executed by the Morris Canal and Banking Company pursuant to any of the provisions of this act shall operate to convey all the right, title and interest of the said company and of the State of New Jersey in and to the property therein described. The Board of Conservation and Development, in whom is vested the title to the bonds issued by the said company, is hereby authorized and directed, upon any sale of any property as authorized by the terms of this act, to take such action and execute such documents as may be necessary or advisable to procure the release of such property from the lien of the mortgage securing the said bonds.

11. The Morris Canal and Banking Company, by its general manager or by any officer thereunto duly authorized by its board of directors, shall be entitled to and is hereby authorized to receive and receipt for the purchase price, rentals or other income of any property sold or let as authorized by any of the provisions of this act, and to receive and receipt for the consideration paid...

STATE OF NEW JERSEY,

SENATE NO. 300.

To the Senate:

I have approved Senate Bill No. 300 except as to items in statement appended to the bill. In accordance with the constitutional provision I am transmitting to you a copy of such statement.

Respectfully submitted,

GEORGE S. SILZER,
Governor.

Attest:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 13, 1924.

SENATE NO. 300.

To the Senate:

In accordance with the provisions of article 5, Section 7 of the Constitution, I am signing this bill and am appending to the same the following statement of the items to which I object and the reasons for such objections. The items so objected to are vetoed.

Page 2, lines 1 and 2, "For balance due for refitting yacht, W. Parker Runyon, given to the State by the Federal Government, $3,465.40."
I object to this item and veto it for the reasons stated in the veto of the item for maintenance of this yacht in Senate No. 301.

Page 3, "14. Legislature, lines 1 and 2, additional amount required for indexing journal and amending and other incidental and contingent expenses, $3,000."

I object to and veto this item for the reasons stated in vetoing item page 10, line 7, in Senate Bill No. 300, relating to expenses of Legislature.

No legislator could vote intelligently on this item because he does not know what it contains. I have looked over the bills submitted and find among them one from the Commissioner of Accounts for eleven days' services at $50 a day. The Commissioner of Accounts already receives an annual salary of $5,000 as an employee of the State.

I do not find among the bills any check upon the reasonableness of the charges, and, therefore, think that this item should be eliminated until provision is made for ascertaining accurately what should justly be paid.

Respectfully submitted,

[SEAL]

GEORGE S. SILZER,

Attest: FREDERIC M. P. PEARSE,

Governor. Secretary to the Governor.

SENATE NO. 301.

To the Senate:

I have approved Senate Bill No. 301 except as to items in statement appended to the bill. In accordance with the constitutional provision I am transmitting to you a copy of such statement.

Respectfully submitted,

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 13, 1924.

SENATE NO. 301.

To the Senate:

In accordance with the provisions of article 5, section 7 of the Constitution, I am signing this bill and am appending to the same the following statement of the items to which I object and the reasons for such objections. The items so objected to are vetoed.

Page 15, line 38, "Maintenance boat, W. Parker Runyon, $18,000." I am not convinced that it is necessary for the State to spend $18,000 a year on the maintenance of a boat. It seems to me to be better business to get rid of the boat. Whatever vessels are needed by this department can be rented for a very
much less sum than the amount necessary to maintain this yacht.

I also observe that in the Deficiency bill (Senate 300) there is also an item for $3,465.40 for refitting the yacht. For the reasons stated this item is objected to and vetoed.

Page 14, line 20, “For construction, repair and preservation of sea walls, bulkheads, jetties, etc., etc., * * * Long Branch, $20,000.”

No application was made to the Budget Commission for this sum. It certainly cannot be an emergency occurring since the meeting of the Budget Commission. If items of this kind are to be put into an appropriation act without first making application to the Budget Commission, the Budget Commission might as well be abolished.

I, therefore, object to and veto this item.

Page 14, line 20, “For construction, repair and preservation of sea walls, bulkheads, jetties, etc., etc., * * * Monmouth Beach, $25,000.”

I object to this and veto it for the same reasons stated in the item next preceding this.

Page 14, line 22, “For construction, repair and preservation of sea walls, bulkheads, jetties, etc., etc., * * * Spring Lake, $20,000.”

I object to this and veto it for the same reasons stated in the second item above mentioned.

Page 14, line 23, “For construction, repair and preservation of sea walls, bulkheads, jetties, etc., etc., * * * Deal, $8,000.”

I object to this and veto it for the same reasons stated in the second item above mentioned.

Page 14, line 25, “Beach Channel between Manahawkin Bay and Beach Haven in Ocean County, provided Senate Bill No. 31 becomes a law, $75,000.”

I vetoed the bill because it is at this time a useless expenditure of money. For the same reasons, I object to this item and veto it.

Page 14, line 28, “Salem River cut-off, provided Senate Bill No. 75 becomes a law, $25,000.”

I vetoed this bill both because it was defective and probably unconstitutional, and also because the appropriation should not be made until a Federal appropria-
tion is made to connect up this channel. For the reasons
given in my veto of the bill, this item is objected to and
vetoed.
Page 14, line 30, "Marking channels along Atlantic
coast, provided Senate Bill No. 32 becomes a law,
$1,000."
I vetoed this bill, and, for the same reasons given in
my veto, I now object and veto this item.
I understand the principal beneficiaries are persons
interested in private enterprises.
Page 15, line 39, "For maintenance of lights on water-
ways from Cold Spring to Otten's Harbor, $700."
A few years ago markers with attachments for lights
were provided by the State for this waterway, with the
distinct promise on the part of those who secured it, if
the State would pay for the markers the local authorities
in interest would see that the lights were maintained.
As is usual in these matters, an effort is now being
made to saddle this expense on the State—despite the
promise. I do not think that the State ought to be put
to this expense.
I therefore object to the item and veto it.
"To the board of chosen freeholders
of the County of Gloucester,
for the purpose of aiding in the
care and supervision of the Red
Bank Battle Monument in said
county, and in the maintenance
of the grounds upon which the
same is located with which they are
charged by the provisions of Chap-
ter 79, Laws of 1905. . . . . . . . . . . $500 00
"Completing construction of retaining
wall, . . . . . . . . . . . . . . . . . . . . . . . . . . . . $15,000 00"
This battle monument was erected under Chapter 79
of the Laws of 1905, at which time $15,000 was appro-
priated with the statement that said sum was "to cover all
expenses incident to the erection of said monument."
Evidently, this monument was secured upon that
promise.
Section 4 of the act provides that after the monument
is completed and unveiled, and the grounds properly
graded, the commission is discharged, and "The care and supervision of the said monument shall devolve upon and be vested in the board of chosen freeholders of the county of Gloucester."

It is quite evident, from the wording of this act, that the duty and obligation of the State ceased long since. It is also clear that the care of the monument, which necessarily includes the surrounding grounds, is upon the board of freeholders of Gloucester county, and that there is no reason why the State of New Jersey should make further appropriation therefor. In fact, as much is being asked to construct the retaining wall as was originally given for the monument.

If this were a proper charge, the money should be spent by the State itself, under proper supervision. If the county is to spend it, then the board of freeholders are the proper ones to supervise it.

For the reasons stated, this item is objected to and vetoed.

"There hereby transferred from the income from the Insurance Fund the sum of, ................. $40,000 00"

I do not want to veto this item, but I do want to call attention to the fact that the requests for the year covered by this appropriation bill total $86,898.20, to be paid in insurance premiums. This is an increase of $16,000 over the year before.

The purpose of Chapter 123 of the Laws of 1913 was to establish an insurance fund to appropriate in each year the sum of $50,000, so that the sum might amount to $1,000,000, at which time the State would be in a position to insure its own property, and save the insurance premiums.

For several years the Appropriations Committee has neglected to include any sum in the annual appropriation. The result is that we are not accomplishing the worthy purposes provided for in the act of 1913, but, on the contrary, are paying out large sums to the insurance companies this year.

I would therefore suggest that this item be included by the Legislature before its adjournment.
Page 80, "X 10. Village for Epileptics.

"For salaries and wages, and for maintenance of the Village for Epileptics, on the basis of eight hundred and twenty-five inmates.

"Salaries and Wages:

"Superintendent, ............... $8,000 00."

When this matter came before the Budget Commission, the request was for $6,000, and $6,000 was allowed.

To go before the Appropriation Committee and to secure an increase of thirty-three per centum in salary without having first made application to the Budget Commission, is discourteous to the Budget Commission, to say the least. If this can be done, then there is no need of the Budget Commission, and the spirit and purpose of that act is defeated.

It would seem that in order to bring about this result before the Appropriation Committee, the item of $71,000 for food, reduced by the Appropriations Committee to $66,000 was overestimated. This produced the necessary margin for the increase of salaries, without adding to the sum total allowed by the Budget Commission to this institution.

Methods of this kind should be frowned upon and stopped.

Furthermore, if those who are in charge of institutions are to be permitted to go over the heads of their superiors and the boards having charge of those institutions, it is going to be subversive of discipline and detrimental to the interest of the State.

For these reasons I object to and veto this item.

Page 9, lines 13 to 17. "Department of Municipal Accounts.

"Salaries:

"Supervising Auditor, .......... $3,600 00

"Senior Auditor, ............... 3,180 00

"Compensation for auditors and other assistants, ............... 27,375 00"

These items have hidden in them an increase of salaries to the Supervising Auditor of $300; to the Senior Auditor of $180, and provides additional as-
assistants and increases of salaries to present assistants of $5,475.

What legislator knows whether this is necessary?

This brings the expense of this department from practically nothing in 1918, to $55,905 this coming year.

I am objecting to these items and vetoing them because I want to call attention to the method now prevalent in increasing salaries by way of the appropriation bill. The former method was to pass a bill fixing a salary, and then, if the salary was to be increased, another bill would be passed. In this way the matter was called to the attention of the entire legislature, who might determine whether such a salary increase was proper or not. By this latter method, however, salaries are being continually increased under cover, and hardly a single member of the Legislature knows that it is being done. By this year’s appropriation bill there is an increase of $85,324 in salaries hidden away in the appropriation bill, and only ascertainable by the experts who are familiar with the bookkeeping methods and figures. I am sure that not five members of the Legislature who are called upon to vote for this bill are able to tell where this $85,000 in salary increases comes from.

I may also say, in passing, that I doubt whether upon a test, these increases would stand. Under this method, I do not see how any legislator can act intelligently upon the items.

I object to and veto this item.

“Indexing Journal and Minutes and other incidental and contingent expenses, ................. $20,500 00”

I object to and veto this item because I think it contains objectionable items, and attention should be called thereto.

Under a bulk appropriation of this kind all sorts of expenditures are included. From this figure it is impossible for any legislator to vote intelligently.

Included in this item and in Item 14 of Senate Bill No. 300, which appropriates an item of $3,000 additional, are many things which should not be included
and should not be paid. I find, among them, that it took 76 employees at $10 apiece to open the legislative session this year. What could possibly have been done by 76 employees; what service could they have rendered the State, and how the State could have value received, is more than I can understand.

Included in these items are also many extra allowances to legislative and State employees who are already being paid a substantial salary and compensation for what they do.

Included in this, also, are extra compensation for indexing the minutes, which no doubt were contemplated as a part of the salary.

Other employees who are in the constant employ of the State and receive yearly salaries, are made allowance for one thing or another. I object to and veto this item.

"To defray the proper and legitimate expenses attending the reception and entertainment of the honorably discharged soldiers, sailors and marines of the United States of America of the State of New Jersey, at the National Encampment of the Veterans of Foreign Wars of the United States, to be held in the State of New Jersey, in the year 1924, the sum of $25,000; provided, that such expenses shall be disbursed by the Adjutant-General under such regulations as may be prescribed by the State Treasurer, $25,000.00"

This is an indirect way of passing legislation. The bill providing for this passed both houses and was vetoed by the Governor. Instead of having a new bill passed, the item is inserted on page 53 of an Appropriation Bill of 88 pages.

$25,000 is appropriated for a national encampment to defray "The proper and legitimate expenses attending the reception and entertainment" of those attending.
What are the proper and legitimate expenses, and who is to determine what they are? The item provides that the money shall be disburse by the Adjutant-General under regulations provided by the State Treasurer. But what regulations can the State Treasurer prescribe? Is the State of New Jersey to pay the hotel bills of those who attend? What other expenses would be included in this disbursement?

It would seem that $25,000 ought to do a great deal of legitimate entertaining. In fact, I am informed that no other organization expends any such sum as this for national conventions, and I am also told that the American Legion is opposed to expenditures for this purpose and in this way.

In view of the fact that the necessary and proper safeguards for the expenditure of the people's money are not thrown around this item, and because of an insufficient statement of how this money is to be spent and for what, the item is objected to and vetoed.

Respectfully submitted,

Governor.

(b) Such bonds shall be in such form as may be approved by the issuing officials. They shall be of the denomination of one thousand dollars or multiples thereof. They may be coupon bonds, or may be registered as to principal only, with interest coupons attached, or may be registered as to both principal and interest, as said officials shall determine.

(b) Nothing contained in this act shall prevent or limit the appropriation from time to time for the said purpose, of funds derived from any source whatsoever.

9. In case any coupon bond and the coupons thereunto appertaining, or any registered bond, shall become mutilated or be destroyed, a new bond shall be executed and delivered, of like tenor, amount, date and series in exchange and substitution for the mutilated or destroyed bond or coupons. To effectuate such purpose, the issuing officials may, by resolution, set apart a portion of the bonds of any series at the time of issue and sell same to the sinking fund and offer the remainder of said bonds to the public.

(c) Until such time as the revenue derived from the operation of said bridges and tunnels shall be sufficient to meet the amount necessary to pay the yearly interest on all outstanding bonds, as well as the annual amortization requirement, there shall annually be assessed, levied and collected on all the real and personal property in every taxing district in the State, a tax, at such rate upon the valuation thereof, sufficient to realize the sum required for said purpose; provided, that when the amount received annually from the operation aforesaid shall be sufficient to meet the yearly requirements or there shall be in the sinking fund sufficient for the liquidation of said outstanding bonds as herein before specified, then and in such case, the said State tax shall not be levied.

The amount of such tax required to be raised by the several taxing districts of the State shall be certified by the Comptroller of the Treasury and apportioned by him among the several counties of the State, in proportion with their assessed valuation of real and personal property which is subject to taxation for municipal purposes within such county, as shown by the then last corrected assessed valuation. Joint Resolution, providing for the appointment of a special commission to study the question of motor vehicles taxation and report thereon, with recommendations to the Legislature.

Preamble. Whereas, The proposition to impose a tax on gasoline has been met with the counter suggestion that all or part of the present registration fees be eliminated; and

Preamble. Whereas, In addition to the State problem for the adequate financing it is agreed by many that if the several counties are to construct and maintain properly co-ordinated county roads it will be necessary to consider providing funds therefor, which in a lesser degree will apply to the municipal phase of the problem, and

Preamble. Whereas, The conflicting interests involved in this grave problem have been unable to agree upon any mutually satisfactory plan, but have manifested interest in the suggestion that an honest effort be made to reconcile all differences; therefore, be it

Resolved, by the Senate and General Assembly, That there is hereby authorized a special commission of ten
members to study the question of motor vehicle taxation, in all its phases, and report thereon, with recommendations to the Legislature. Said commission to consist of one member of the Senate, to be appointed by the President thereof, one member of the General Assembly, to be appointed by the Speaker thereof, the Commissioner of Motor Vehicles, and one representative from each of the following organizations, to be appointed by the respective presidents thereof, to wit: Association of Chosen Freeholders of New Jersey, the New Jersey Automotive Trade Association, the League of Municipalities, the Associated Automobile Clubs of New Jersey, Motor Truck Club of New Jersey and the Good Roads Association of New Jersey; the New Jersey State Grange and Farm Bureau; and be it further

Resolved, That said special commission shall perfect its own organization by the election of such officers as it may deem necessary and begin its sessions as soon as possible, all to the end that its recommendations may be made public as speedily as possible, with the thought that through public discussion of such recommendations, desirable amendments thereto may be made before the complete report is presented to the Legislature for 1925.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

New Jersey joins with the nation in mourning the death of President Harding. He was one of the best-beloved Presidents. His likeable personality, his sympathetic interest in the welfare of the people, and his unwillingness to do an unkind thing or to injure anyone, were his outstanding characteristics. In this particular he and President McKinley were strikingly alike.

He was deeply conscious of the responsibilities of the great office he held, and applied himself untiringly to the great work that he was called upon to do, and without doubt his death was hastened by the many burdens which he was called upon to bear.

The people of this State desire that fitting respect be paid to his memory. It is impossible for most of us to be present in person at the burial services which will be held at the National capitol and at his home in Marion.

Therefore, I, GEORGE S. SILZER, Governor of the State of New Jersey, do hereby recommend that all public buildings be draped in mourning and that flags be placed at half-staff for a period of thirty days; and that on Friday, August tenth, the day of the burial of the President, the people of this State do cease, as far as possible, from their usual business, and that fitting memorial services be held throughout the State on that day.

Given under my hand and the Great Seal of the State of New Jersey, this sixth day of August, one thousand nine hundred and twenty-three, and in the Independence of the

STATE OF NEW JERSEY,

WHEREAS, on the fifth day of January, nineteen hundred and fourteen, the Comptroller reported the Franklin Telephone Company to the Governor of this State as a corporation which for two years next preceding such report had failed, neglected or refused to pay the franchise tax assessed against it under the law of this State for the year nineteen hundred and eleven; and

WHEREAS, as a result thereof the said Franklin Telephone Company was included in the list of corporations whose charters were declared inoperative and void in and by a proclamation of the Governor of this State made and issued on the eleventh day of March, nineteen hundred and fourteen; and

WHEREAS, on the twenty-sixth day of October, nineteen hundred and twenty-three, the Comptroller did certify to the Governor of this State that the tax levied against said Franklin Telephone Company for the year nineteen hundred and eleven was erroneously assessed,

THEREFORE, I, GEORGE S. SILZER, Governor of the State of New Jersey, acting pursuant to the provisions of an act of the Legislature known as Chapter 259 of the Laws of 1905, do hereby declare that it is established to my satisfaction that said Franklin Telephone Company did not neglect or refuse to pay the tax aforesaid, and that the inclusion of said corporation in said proclamation was in error, and I do hereby issue this proclamation and make known the same.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

When, on November 11, 1918, the glad tidings were spread that an Armistice had been signed and that the gigantic struggle on the battlefields of Europe was ended, our hearts were filled with joy and thankfulness and the nation was proud of the heroic deeds of the men of our Army and Navy who had participated in the strife, or who had served those in the forefront of the battle from behind the lines. Our feelings of patriotism were intense and our expressions of joy were widespread. At the same time, deep in our hearts there was sorrow for those who had given up their lives for the cause, or who had suffered in body or in mind.

It is fitting that events such as these should be kept in lasting memory—stimulating our patriotism and increasing our love of country, and keeping fresh in our memories the bravery and self-sacrifice of those who participated in the World War.

THEREFORE, I, GEORGE S. SILZER, Governor of the State of New Jersey, by virtue of the power conferred by Chapter 193, of the Laws of 1921, do hereby declare that as Armistice Day falls on Sunday, the day

be celebrated on Monday, November 12th, and that the
day be observed with fitting exercises and memorial
services, and that two minutes' silence be observed by all
of the people of the State on Sunday, November 11th,
at the eleventh hour of that day, to perpetuate a custom
now being observed in many parts of the world.

Given under my hand and the Great Seal of
the State of New Jersey, this eighth day of

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

We are approaching the close of another year and we
have much to be thankful for. Our harvests were plenti­
ful and our industries active, and the people, with few
exceptions, have enjoyed a measure of material pros­
perity. Progress has been made in other ways. The
moral tone of the State, as a community, is better and
the spirit of helpfulness to those who need our help
everywhere prevails. The nation is at peace with all the
world and to a large extent the year has passed without
any serious disturbances from within. In our prosperity
we should continue to be mindful of our duty to those
who are less fortunate. We should be thankful that the
way is still open for us to continue to lend a helping hand
to the distressed, both at home and in other lands.

For all these things we should be truly thankful to
Almighty God, through whose Divine Providence these
blessings are given to us.
PROCLAMATIONS.

Therefore, I, GEORGE S. SILZER, Governor of the State of New Jersey, do hereby designate and proclaim Thursday, November twenty-ninth, as Thanksgiving Day, a day to be observed for general thanksgiving and prayer, and recommend, so far as possible, that all general business cease and that the people at some time during the day assemble in their respective churches and other places of worship or in prayer at their homes, to make acknowledgment to Almighty God for His benefactions to us as individuals, as a State and Nation.

Given under my hand and the Great Seal of the State of New Jersey, this twentieth day of November, A. D. one thousand nine hundred and twenty-three, and in the Independence of the United States the one hundred and forty-eighth.

Given under my hand and the Great Seal of New Jersey, this fourteenth day of January, A. D. one thousand nine hundred and twenty-four, and in the Independence of the United States the one hundred and forty-eighth.

GEORGE S. SILZER,
Governor.

By the Governor: THOMAS F. MARTIN,
Secretary of State.

Filed January 14, 1924.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

For several years it has been the custom to set apart one Sunday in the year as Law and Order Sunday, for the purpose of impressing upon the American people the necessity of preserving our institutions if we expect to remain a free people and live under government as established by the Forefathers.

There is wisdom in this, and so to continue this custom and to emphasize its importance, I, GEORGE S. SILZER, Governor of the State of New Jersey, do hereby designate Sunday, January 27th, 1924, as Law
and Order Sunday, and I do request that appropriate mention be made concerning Law and Order and reverence for our institutions in the several places of worship throughout the State on this day.

Given under my hand and the Great Seal of the State of New Jersey, this twenty-
[seal.] second day of January, A. D. one thousand nine hundred and twenty-four, and in the Independence of the United States the one hundred and forty-eighth.

GEORGE S. SILZER,
By the Governor:

THOMAS F. MARTIN.
Secretary of State.

---

PROCLAMATION.

By the Governor of New Jersey upon the death of Woodrow Wilson, former President of the United States and former Governor of New Jersey.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

Woodrow Wilson, educator, author, statesman and idealist, having fulfilled his earthly mission, takes his place among the Immortals beside Abraham Lincoln.

A noble and courageous soul has gone to its Maker. His life was given for a great cause, and his lofty ideals, combined with his tenacity of purpose, made him a leader of civilization and established for him an exalted place in history.

He did not live to see the dawn of that new day when war shall be no more,—the day for which he strove and fought and died. Yet his noble thoughts, so clearly and beautifully expressed in simple language, will forever be the sign-post guiding the nation and the world along the path which leads to peace and justice and good will for all mankind.

Divine Providence sent to us Woodrow Wilson to serve humanity and to remind a forgetful world of the teachings of Jesus Christ: to preach peace on earth,
Christian charity and forbearance. He has fulfilled that mission and has been called back to the arms of the Saviour.

New Jersey is proud of him. He came to us in his youth, and to-day she bows her head in sorrow over the loss of her adopted son.

As our Governor, he led us out of sordid political ways and made New Jersey a better State.

We gave him to the nation and to mankind:

**Therefore,** I, GEORGE S. SILZER, Governor of the State of New Jersey, do hereby make public proclamation of the fact of the death of Woodrow Wilson, and in recognition of his distinguished service to his country and to his State do hereby direct that the flag be flown at half-staff upon all public buildings of the State for thirty days from this date; and do further recommend that like action be taken by all officials on county and municipal buildings; and that upon the day of the funeral all State, county and municipal offices be closed during the hour set for the funeral; and I do further recommend that, so far as possible, all business be suspended during the same period.

Given, under my hand and the Great Seal of the State of New Jersey, this third day of February, in the year of our Lord one thousand nine hundred and twenty-four, and in the Independence of the United States the one hundred and forty-eighth.

GEORGE S. SILZER,

By the Governor:

THOMAS F. MARTIN,

Secretary of State.
