1. Section four hundred and one of Article IV of the
act to which this act is an amendment is hereby amended
to read as follows:

401. (1) The assessor shall ascertain the names of
the owners of all real property situated in his taxing dis­
trict, and shall, after examination and inquiry, deter­
mine the full and fair value of each parcel of real prop­
erty situated in the taxing district at such price as, in
his judgment, such parcel would sell for at a fair and
bona fide sale by private contract on the first day of
October next preceding the date on which the assessor
shall complete his assessments, as hereinafter required,
and in determining such value he shall ascertain, as fully
and completely as possible, the amount paid by the
owner for such parcel of real estate, if the same came
to the said owner through purchase, and also the amount
of rents, if any, demanded and received for said parcel
during the year next preceding the said first day of Oc­
tober, and give due and full consideration to the same as
two of the elements entering into and comprising such
value, and said assessor shall make a list in tabular form
of the names of the owners, and set down in proper col­
umn opposite each name the description and area of each
Property held in trust. Property held in trust shall be assessed in the name of one or more of the trustees as such, separately from his individual assessment. If the name of the owner of any parcel shall be unknown, it shall be so entered in the list of names, and where an owner is not known to reside in the taxing district, the list shall describe him as nonresident. When the line between taxing districts divides a tract of land, each part shall be assessed in the taxing district where located. In listing the name of owners and properties the assessors shall follow such forms and methods as may be prescribed by the State Board of Taxes and Assessment, and said board may by rule direct the assessor in any taxing district to determine the true value of each parcel of real estate assessed by him without the buildings and improvements, and to note the same on the list, and to determine and note separately the true value of every building and other structure on each parcel, and add and carry out the same as the assessed value of the parcel, and in such case the receipt given for the payment of the tax shall contain such separate valuations. Said board may also by rule direct the assessor in any taxing district to enter on his list separately the number of acres of arable land, of meadow pasture land, of woodland, and of uncultivated upland and swamp land in each parcel as near as can be. The assessor shall enter in a separate list a description of all cemeteries, churches, public buildings and other real property exempt from taxation, and all exempted personal property, with the name of the owner, and shall value such land and buildings and personal property at their true value in the same manner as other real and personal property, and in each case he shall state the ground of exemption, and where the compensation of the assessor is a fixed sum per name, he shall receive the same compensation per name for such exemption.

(2) In taxing districts having adopted block assessment maps, it shall be the duty of the assessor in making assessments for taxes to describe the real property by block and lot numbers as shown upon the assessment
map. In taxing districts having a system of numbering houses by street numbers, it shall be the duty of the assessors to add to any other description of real property required to be made the proper street number of such real property:

(3) In all taxing districts, whether assessment maps have been adopted or not, when any change of ownership of real estate occurs, the new owner may present his deed or other evidence of title to the assessor or other proper custodian of the assessment maps, if any there be, which officer shall properly note and record on the books and maps, if any, the proper change of ownership, and shall certify that he has done so upon the deed or other instrument of transfer, and in case no such certificate shall appear on such deed or instrument, it shall be the duty of the county clerk or register of deeds, with whom such deed or instrument is filed for record, within one week thereafter, to present an abstract of such deed or instrument to such assessor, or other custodian as aforesaid, who shall properly note and record the change. And the county clerk or register of deeds shall not receive such deed or instrument for record unless he is paid the fee of twenty cents for such abstract, and he shall not require any fee from the assessor or custodian for the certification and abstract as aforesaid.

1a. The governing body of each and every municipality in this State shall have power by ordinance to regulate and limit the height and bulk of buildings hereafter erected and to regulate and determine the area of yards, courts and other open spaces, and for said purposes to divide the municipality into districts. Such regulations shall be uniform for each class of buildings throughout any district, but the regulations in one or more districts may differ from those in other districts. Such regulations shall be designed to secure safety from fire and other dangers and to promote the public health and welfare, including, so far as conditions may permit, provision for adequate light, air and convenience of access, and shall be made with reasonable regard to the character of buildings erected in each district, the value of land and the use to which it may be put, to the end that such regulations may promote public health, safety and welfare and the most desirable use for which the land of each district may be adapted and may tend to conserve the value of buildings and enhance the value of land throughout the municipality.

(b) For two dependents, forty per centum of wages.
(c) For three dependents, forty-five per centum of wages.
(d) For four dependents, fifty per centum of wages.
(e) For five dependents, fifty-five per centum of wages.
(f) For six or more dependents, sixty per centum of wages.

(g) The term "dependents" shall apply to and include any or all of the following who are dependent upon the deceased at the time of accident or death, namely: husband, wife, parents, stepparents, grandparents, children, stepchildren, grandchildren, child in esse, posthumous child, illegitimate children, brothers, sisters, half-brothers, half-sisters, niece, nephew. Every provision of this act applying to one class shall be equally applicable to the other. Should any dependent of a deceased employee die during the period covered by such weekly payments, or should the widow of a deceased employee remarry during such period, the right of such dependent or of such widow to compensation under this section shall cease. It is further provided, that the foregoing schedule applies only to persons wholly dependent, and that in the case of persons only partially dependent, except in the case of the widow and children, who were actually a part of decedent’s household at the time of his death, the compensation shall be such proportion of the scheduled percentage as the amounts actually contributed to them by the deceased for their support constituted of his total wages, and the provision as to a six-dollar minimum shall not apply to such compensation.

Distribution shall be made among dependents, if more than one, according to the order of the Workmen’s Compensation Bureau, which shall, when applied to for that purpose, determine, upon the facts being presented to it, the proportion to be paid to or on behalf of each dependent according to the relative dependency. (i) If death results from the accident, whether there be dependents or not, expenses of last sickness, not exceeding two hundred dollars. Also the cost of burial, not to exceed one hundred dollars.

(j) In computing compensation to those named in this paragraph, except in the case of husband, wife,
parents and stepparents, only those under eighteen, or over forty years of age, shall be included, and then only for that period in which they are under eighteen or over forty; provided, however, that payments to such physically or mentally deficient persons as are, for such reason, dependent, shall be made during the full term of compensation payment.

(k) The compensation in case of death shall be subject to a maximum compensation of twelve dollars per week and a minimum of six dollars per week; provided, that if at the time of the injury, the employee receives wages of less than six dollars per week, then the compensation shall be the full amount of such wages per week. This compensation shall be paid during three hundred weeks.

2. All acts and parts of acts inconsistent herewith are hereby repealed.

This act shall take effect July first, nineteen hundred and twenty-one.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

I. Section seventeen of the act to which this act is an amendment be and the same is hereby amended to read as follows:

17. The board shall have power, after hearing, upon notice, by order in writing, to require every public utility as herein defined:

(a) To comply with the laws of this State and any municipal ordinance relating thereto and to conform to the duties imposed upon it thereby or by the provisions of its own charter, whether obtained under any general or special law of this State.

(b) To furnish safe, adequate and proper service and to keep and maintain its property and equipment in such condition as to enable it to do so.

(c) To establish, construct, maintain and operate any reasonable extension of its existing facilities, where, in the judgment of said board such extension is reasonable and practicable and will furnish sufficient business to justify the construction and maintenance of the same, and when the financial condition of the said public utility reasonably warrants the original expenditure required in making and operating such extension.

(d) To keep its books, records and accounts so as to afford an intelligent understanding of the conduct of its business and to that end to require every such public utility of the same class to adopt a uniform system of accounting. Such system shall conform, in so far as in the judgment of the board is practicable, to
any system adopted or approved by the inter-state commerce commission of the United States of America.

(e) To furnish annually a detailed report of the finances and operations, in such form and containing such matters as the board may from time to time by order prescribe.

(f) To carry, whenever in the judgment of the board it may reasonably be required, for the protection of stockholders, bondholders or creditors, a proper and adequate depreciation account in accordance with such rules, regulations and forms of account as the board may prescribe. The board shall from time to time ascertain and determine, and by order in writing after hearing fix proper and adequate rates of depreciation of the property of each public utility, in accordance with such regulations or classifications, which rates shall be sufficient to provide the amounts required over and above the expense of maintenance to keep such property in a state of efficiency corresponding to the progress of the industry. Each public utility shall conform its depreciation accounts to the rates so ascertained, determined and fixed, and shall set aside the moneys so provided for out of earnings and carry the same in a depreciation fund. The income from investments of moneys in such fund shall likewise be carried in such fund. This fund shall not be extended otherwise than for depreciation, improvements, new construction, extensions or additions to the property of such public utility.

(g) To give such notice to the board as the board may by rule require of any and all accidents which may occur within this State upon the property of any public utility as herein defined or directly or indirectly arising from or connected with its maintenance or operation, and to investigate any such accident and to make such order or recommendation with respect thereto as in its judgment may be just and reasonable.

(h) When any public utility as herein defined shall increase any existing individual rates, joint rates, tolls, charges or schedules thereof, as well as commutation, mileage and other special rates or change or alter any existing classification, the board shall have power either
upon written complaint or upon its own initiative to hear and determine whether the said increase, change or alteration is just and reasonable. The burden of proof to show that the said increase, change or alteration is just and reasonable shall be upon the public utility making the same. The board shall have power pending such hearing and determination to order the suspension of the said increase, change or alteration until the said board shall have approved said increase, change or alteration, not exceeding three months. If such hearing shall not have been concluded within such three months, the board shall have power during such hearing and determination to order a further suspension of said increase, change or alteration for a further period not exceeding three months. It shall be the duty of the said board to approve any such increase, change or alteration upon being satisfied that the same is just and reasonable.

2. All acts and parts of acts inconsistent herewith be and the same are hereby repealed.

3. This act shall take effect immediately. Approved March 29, 1921.

At any such trial, hearing or inquiry, or in any such proceeding the liquor or liquors mentioned in paragraph (A) section two of this act shall be presumed to be for beverage purposes and to contain more than one-half of one per centum of alcohol by volume.

38. Whenever any person is charged by complaint and is brought before a magistrate, the magistrate shall forthwith try, or fix a time for the trial of, such person, and shall have power to hold such person to bail for such trial, and in default of bail to commit such person to the common jail to await such trial; and the magistrate shall have power to adjourn the trial upon application of the defendant, or upon application made on behalf of the State, or upon his own motion, for a period not exceeding two weeks at a time.

Such record shall be filed forthwith by the magistrate in the office of the county clerk of the county where such conviction is had, and shall be and remain a public record.

40. Within ten days after conviction or judgment given by any magistrate against the person or property of any defendant in any proceeding under this act, the defendant shall have the right to review the conviction or judgment before the justice of the Supreme Court holding the circuit in the county wherein such conviction was had or judgment was given, by filing notice of such intention to review with the county clerk; and the said justice on such review, shall have power to determine the legality of such conviction or judgment and to discharge the person or property of the defendant from said conviction or judgment, if the same shall have been unlawfully had against such defendant. For such review said justice of the Supreme Court shall order the record herein provided for to be brought before him, and upon the application of and at the expense of the defendant, may require the magistrate to certify the transcript of the testimony taken, if the same was taken stenographically or was reduced to writing. 46. If a fine is imposed by such magistrate and not forthwith paid, said magistrate shall order the defendant committed to the workhouse, penitentiary or common jail until such fine and the costs are paid; provided, that such defendant shall not remain confined after a period of twice the number of days as there are dollars in the fine and costs imposed, and in no event upon commitment for an unpaid fine or costs for a period longer than six months; and, provided further, that such defendant shall be forthwith discharged from such confinement upon payment of such fine and costs, deducting from the total sum thereof a credit for the time of such confinement.

Any person may, by subpoena, be compelled by a magistrate to attend and testify upon any trial, hearing, investigation or other proceeding hereunder not against himself; and no such witness shall be excused from answering any question which the magistrate shall decide to be competent, on the ground that to answer might or would tend to incriminate or degrade said witness or to subject him to a penalty; but no answer made by any witness to any such question shall be used or admitted in evidence in any proceeding against said witness, except in a prosecution for perjury in respect to any such answer.

49. Any disobedience to a subpoena, or any refusal to be sworn as a witness, or refusal to sign the testimony, or any refusal to answer any competent question in any trial or other proceeding before such magistrate, shall be a contempt of said magistrate in the nature of a contempt of court, for which the magistrate shall have power summarily to punish the offender by imprisonment not exceeding thirty days, or by a fine not exceeding one hundred dollars.

50. If any prosecutor of the pleas shall be notified in writing by any officer or other person of any violation of any of the provisions of this act, and such notification shall contain the names and addresses of witnesses, it shall be the duty of such prosecutor diligently to inquire into the facts of such alleged violations, and for that purpose such prosecutor is hereby authorized

It shall be the duty of the prosecutor of the pleas of each county to use all reasonable and lawful diligence for the detection, arrest and conviction of the persons violating this act, and all necessary expenses incurred thereby, certified to and approved under his hand and by a magistrate, shall be paid by the county treasurer, and if a conviction or judgment is to be reviewed, or, a conviction, judgment or other proceeding is taken up on certiorari, it shall be the duty of such prosecutor of the pleas to carry such case to the final adjudication.

52. The prosecutor of the pleas in each county and his assistant prosecutors are hereby authorized to prosecute in the name of the State of New Jersey any proceeding and complaint for violations of any of the provisions of this act.

53. Subject to the approval of the justice of the Supreme Court holding the circuit in the county, the prosecutor of the pleas is hereby authorized to employ such legal assistance, in addition to his regular assistants, as shall be necessary for the trial of persons complained against for violating any of the provisions of this act, and to defend on review any convictions or judgments.

54. It shall be the duty of every sheriff, constable, police officer and other peace officers, to use all due diligence to detect violations of this act and therefor to make complaint before a magistrate as herein provided.
Right of action by injured persons. 55. A right of action in any court of competent jurisdiction shall accrue to, or on account of any person who shall be injured in person, property, means of support, or otherwise, by any intoxicated person, or by reason of the intoxication of, or the sale of liquor to any person, in violation of this act. Such right of action shall run against any person who, by unlawfully selling, or by unlawfully assisting in any manner in the procuring of such liquor, shall have caused or contributed to the said intoxication or to the said results of the sale of said liquor. In any such action both actual and exemplary damages may be awarded. In case of the death of any person, the right of action given by this section shall survive to or against the executor, administrator or personal representatives of the decedent; provided, however, that if the death of any person results from intoxication, either directly or indirectly, such action shall be brought by and in the names of the personal representatives of such decedent, and the amount recovered in every such action shall be for the exclusive benefit of the widow or of the surviving husband and next of kin of such decedent, and shall be distributed to such widow, surviving husband or next of kin in the proportion provided by law in relation to the distribution of personal property left by persons dying intestate; and in every such action the jury shall give such damages as they may deem fair and just with reference to the pecuniary injuries resulting from such death to the widow, surviving husband and next of kin of such decedent, and the jury may also give exemplary or punitive damages in addition to damages for such pecuniary injuries; and further provided, that where such decedent shall leave him or her surviving a widow or husband but no children or descendant of any children and no parents, the widow or surviving husband, as the case may be, shall be entitled to the whole of the damages which may be recovered in any such action; and provided further, that every action brought under this section shall be commenced or sued within two years after the injury or after the death of the decedent, as the case may be, and not after.
56. The use or possession of any liquor, vehicle, bar, fixture, containers, utensil, machine, contrivance or paraphernalia for the unlawful manufacture, transportation, storage or sale of liquor shall work a forfeiture of title to such liquor or chattel to the State of New Jersey, and any such chattel shall be seized and disposed of as in this act provided; provided, that this section shall not apply to any chattel which has been stolen from or let by the owner without knowledge that such chattel was intended to be used or is being used for such unlawful purpose.

57. When an allegation in writing upon oath is made before any magistrate, that the affiant has reason to believe and does believe that liquor is being manufactured, transported, sold, bartered, delivered, furnished or possessed in violation of this act by any person, or that any person, in violation of this act, has any liquor secreted in, upon or about his premises, or in, upon or about any other place or places named and described and being within the municipality or county in which said magistrate has jurisdiction under this act, the magistrate, upon being satisfied that said allegation sets forth sufficient facts to warrant the belief on the part of the affiant that any of the provisions of this act has been or is being violated, shall issue a process in the nature of a search warrant, directed to any sheriff, constable, marshal, police or peace officer having power within the territorial limits aforesaid to execute warrants or other like process, and such statement so made is referred to and called in this act the allegation.

58. The search warrant so issued shall recite the allegation in substance and shall command and authorize the said sheriff, constable, marshal, police or peace officer forthwith to search the premises, place or places designated and described in said search warrant, and to seize and safely keep any such liquor there found, together with any and all vehicles, fixtures, containers, utensils, machines, contrivances or paraphernalia whatsoever they found, used or intended to be used in the illegal keeping, manufacture, transportation or sale of liquor, and also to take the body of the person in whose possession such liquor or chattels
may be found, and safely keep said liquor and chattels until the further order of such magistrate, and to bring said person so found forthwith before the magistrate who issued said search warrant; and said officer shall forthwith make a complaint against such person.

59. Such search warrant may be served and executed by any officer to whom it is addressed, but by no other person, except in aid of the officer, he being present and acting in its execution and requiring such aid.

60. In executing such search warrant the officer shall give notice of his authority and purpose to any person present or appearing at or upon the premises to be searched, and, if admittance is refused, or if there be no person present or responding, the officer may break and enter the place.

61. Such search warrant shall be executed between the hours of six A. M. and six P. M. unless the sworn allegation avers that the liquor or chattel is in the place to be searched, in which case the magistrate may insert in said search warrant a direction that it may be executed at any time of the day or night.

62. Such search warrant must be executed and returned to the magistrate who issued it within ten days from its issuance; and unless executed within ten days as aforesaid it shall be void.

63. Upon the return of a search warrant executed, if the grounds on which the search warrant was issued be controverted as to the facts involved, the magistrate shall proceed to take testimony in relation thereto; which testimony, on the request of the defendant, may be taken by a stenographer as hereinbefore provided for the taking of testimony on the trial of a defendant.

64. If the testimony and evidence discloses that the liquor or chattel taken upon such search warrant is not the same as that referred to in the search warrant, or that there was no probable cause for believing the existence of the grounds on which the search warrant was issued, the magistrate shall order the said liquor or chattel to be restored to the person or place from whom or which it was taken; but if the testimony and evidence discloses that the liquor or chattel taken is the same as that referred to in the search warrant, and
that there was probable cause for believing the existence of the grounds on which the said search warrant was issued, and that any of the provisions of this act has been violated as charged in said allegation, then such liquor and the containers thereof shall by such magistrate be ordered destroyed; and any chattel so seized, used or intended to be used for the unlawful manufacture or sale of liquor, shall by like order be destroyed; any other chattel so seized shall either be destroyed or be sold as in this act provided for the sale of other chattel or personal property seized in the unlawful transportation of liquor, as the magistrate may determine and order.

65. Whenever any liquor or other chattel or property shall be ordered destroyed under the next preceding section, it shall be destroyed in the same manner provided for in this act for the destruction of other like property.

66. Any officer executing such search warrant, in addition to the powers herein set forth, is hereby invested with all the powers conferred by law upon a sheriff or his deputies, or a constable or police officer, in the execution of a search warrant.

67. Any person who shall obstruct or prevent any such officer or person called to his aid free entry into, or search of any building or premises, specified in such warrant, as aforesaid, or who shall obstruct or prevent the seizure of such liquor or other chattel specified in this act, found in said building or premises, after exhibition of such warrant and notice of the authority and purpose of such officer, or who shall resist, assault, beat or wound any such officer or person called to his aid, may forthwith and without a warrant be arrested by such officer or any other officer, and shall in addition to any other penalties incurred under any other law, be deemed guilty of a violation of this act.

68. When any officer seizes any liquor, chattel or other property under a search warrant he shall give a copy of the search warrant, together with a receipt for the liquor, chattel or other property so seized, to the person from whom it is taken, or in whose possession it is found; and if no person be present to whom such copy and receipt can be given, such officer shall post and leave
such copy and receipt in the place where the liquor, chattel or other property is seized.

69. After any seizure as herein provided, the officer shall forthwith return the search warrant to the magistrate who issued the same, and deliver to the magistrate a written inventory of the liquor, chattel or other property seized, verified by the affidavit of such officer, and attached to the search warrant, and to the following effect:

"I (here insert name), the officer by whom this warrant was executed, do swear that the above inventory contains a true statement of all liquor, chattels or other property seized by me in executing the annexed warrant."

70. The magistrate shall thereupon, if required, give a copy of the inventory so made to the person from whose possession the liquor, chattel or other property was taken, and to the person who made the allegation for the search warrant, and to the officer making the return.

71. No search warrant shall issue to search any private dwelling, unless the person making the allegation shall upon oath aver that he has personal knowledge that such private dwelling is being used for or in connection with the unlawful sale of liquor.

72. Any magistrate, mayor, police or peace officer, or constable within the territorial limits of his authority, may, without a warrant arrest any person whom he finds in the act of violating any of the provisions of this act, and may also seize any liquor, implements of manufacture or sale, and any vehicle in the possession of such person, and detain such person or chattel until a warrant can be procured.

73. Every magistrate, before whom any defendant is brought charged with violating any provision of this act, may take the recognizance to the State of New Jersey of such defendant, with surety, in a reasonable sum for his appearance before the said magistrate for trial at a future time, not exceeding ten days.

74. If any person shall be bound by recognizance to the State of New Jersey, with condition for his appearance before any magistrate for trial or other proceeding
under this act, and if such person shall not appear agree­ably to the condition of such recognizance, then the magistrate before whom such recognizor may be bound to appear may forfeit the same, and shall forthwith certi­fy the forfeiture of such recognizance and forward the said recognizance together with such certification to the prosecutor of the pleas of the county wherein such re­cognizor was bound to appear; and it shall be the duty of such prosecutor of the pleas to proceed by suit upon said recognizance in any court of competent jurisdiction in the same manner now provided by law for suits upon recognizances forfeited in the several criminal courts in this State.

75. A commitment for the imprisonment of any de­fendant convicted for the violation of any of the provi­sions of this act, shall be sufficient if such commitment shall be dated and signed by such magistrate, and be directed to the sheriff, keeper or warden of the peniten­tiiary, workhouse or common jail of the county in which said conviction was had, and contain the name of the defendant, and a command to such sheriff, keeper or warden to receive and safely keep the defendant for such time as is by such magistrate therein directed, and a statement that the defendant has been adjudged by such magistrate to be a disorderly person under the “Prohibition Enforcement Act” upon a complaint in writing under oath made before such magistrate, and that the defendant was tried upon, or pleaded guilty to, such complaint as in said act provided.

76. All subpcenas, warrants, writs and process issued by a magistrate shall be signed by him and be tested on the day they are issued, and process for the attendance of witnesses or for arrest, when issued under any of the provisions of this act, shall run throughout this State.

77. 78. All fees and allowances shall be payable by the county treasurer out of any funds of the county not
otherwise appropriated to the person performing the service or entitled under this act to receive the same, upon certificate of the magistrate that the same are proper charges; and for any payment so made such certificate shall be sufficient authority to such county treasurer.

79. Whenever in this act a bond or recognizance to the State of New Jersey is required the magistrate may accept money deposited with the county treasurer in lieu of surety on the bond or recognizance; and if any recognizor shall not appear according to the conditions of his recognizance or if the conditions of said bond shall be declared forfeited by the magistrate, the money so paid to the county treasurer in lieu of surety shall be forfeited and shall be retained by the county treasurer as if recovered on judgment and execution.

80. All fines and all costs shall be paid to the county treasurer of the county in which such fines, or costs are imposed, and shall be for the use and benefit of such county.

81. No court, judge, board, body, commission, commissioner or public official heretofore at any time having power and authority to grant and issue licenses for the sale of spirituous, vinous, malt or brewed liquors shall hereafter grant or issue any licenses, or any permit in the nature of a license, for the sale, in any quantity of spirituous, vinous, malt or brewed liquors for beverage purposes.

82. Every such license, and every permit in the nature of such a license, heretofore granted or issued shall at all times and for all purposes be null and void, and every such license, or permit in the nature of a license, hereafter granted or issued shall at all times and for all purposes be null and void.

DATE OF ESTABLISHMENT.

Section 1. The retirement system shall be established on the first day of January, nineteen hundred and twenty-two.

MEMBERSHIP OF RETIREMENT SYSTEM.

Section 2. Except as otherwise provided by section twelve of this act, the membership of the retirement system shall consist (a) of all persons hereafter appointed who shall complete six months of service for the State, (b) of all persons hereafter appointed who shall before they complete six months of service file with the board of trustees a statement electing to become a member and consenting to the deductions for annuity purposes prescribed by this act, and (c) of all persons now gainfully employed by the State who shall, within one year after the establishment of the system file with the board of trustees a statement electing to become a member and consenting to the deductions for annuity purposes prescribed in this act; provided that the board of trustees may, in its discretion, extend the period in which employees now gainfully employed by the State may file a statement electing to become members to a period not exceeding five years from the date of establishment of the retirement system, and it may deny the right to become members to any class of elected officials or to any class of persons not within the classified civil service, or to any class of persons whose compensation is only partly paid by the State, or it may, in its discretion, make optional with persons in any such class their individual entrance into membership. But employees of the State who come, or
who may elect to come, within the provisions of any other retirement system supported wholly or partly by the State of New Jersey shall not be eligible to membership in this retirement system. Membership of any person in the retirement system shall cease if, in any four-year period which shall elapse after his last becoming a member, he shall render to the State less than two years of service, but not otherwise except as provided in this act.

The head of a department employing a member shall submit to the board of trustees a statement showing the name, title, compensation, duties, date of birth and length of service of the said member and such other information as the board of trustees may require. If the said member be engaged upon duties differing from those specified by the State Civil Service Commission for the title held by said member, the said head of department shall certify the reasons therefor and the probable duration of duties by said member differing from those specified by the State Civil Service Commission for the title held by the said member. The board of trustees shall then classify the member in one of the following groups:

Group 1. Employees engaged upon duties requiring principally physical exertion.

Group 2. Clerks, administrative and technical workers engaged upon duties requiring principally mental exertion; or in any other group which, on the basis of mortality or service experience, may be recommended by the actuary and established by the board of trustees, and shall certify to the said member the group in which he has been placed and the date of his admission to membership therein.

Upon being classified in one of the foregoing groups, the member shall be subject to all the provisions of this act and to all the rules and regulations adopted by the board of trustees applying to the said group until retirement or until the date prior thereto upon which said member shall have been transferred to another group by the said board.

When the board of trustees, upon investigation, finds that the duties of a member so require, the said board
may classify him in another group and transfer him thereto, and shall thereupon certify to him the group to which he has been transferred and the date of his transfer thereto.

BOARD OF TRUSTEES.

Section 3. (1) The general administration and responsibility for the proper operation of the State Employees' Retirement System and for making effective the provisions of this act is hereby vested in the board of trustees. Subject to the limitations of this act and the limitations of law, the said board shall, from time to time, establish rules and regulations for the administration and transaction of its business and for the control of the funds created by this act, and shall perform such other functions as are required for the execution of the provisions of this act. The membership of the board shall consist of the following:

(a) Two trustees appointed by the Governor of the State of New Jersey, who shall serve until their successors are appointed.

(b) The Treasurer of the State of New Jersey.

(c) Two trustees elected from among the members, one to serve for one year and one to serve for two years. The first two member trustees shall be elected in a manner prescribed by the State Treasurer and the two trustees appointed by the Governor. Their successors shall be elected for a term of three years from among the members in a manner to be prescribed by the board of trustees.

A vacancy occurring during a term shall be filled for the unexpired term by the appointment of a successor in the same manner as his predecessor. Until the election of two trustees from among the members, the two trustees appointed by the Governor with the State Treasurer are empowered to perform the duties of the board of trustees.

(2) Each member of the board of trustees created by this act upon appointment or election shall take an oath of office that, so far as it devolves upon him, he will diligently and honestly administer the affairs of the said board and that he will not knowingly violate or
willfully permit to be violated any of the provisions of law applicable to this act. Such oath shall be subscribed to by the member making it, and certified by the officer before whom it is taken, and shall be immediately filed in the office of the Secretary of State.

(3) Each trustee on the board shall be entitled to one vote in the board and a majority of all of the votes of the entire board shall be necessary for a decision by the trustees at a meeting of said board. The board of trustees created by this act shall keep a record of all of its proceedings which shall be open to public inspection.

(4) The members on the board of trustees shall serve without compensation but shall be reimbursed from the expense fund for any necessary expenditures, and no employee shall suffer loss of salary or wages through serving on the board of trustees. The compensation of all persons employed by the board of trustees shall be fixed by the said board subject to the approval of the Legislature of the State of New Jersey.

(5) The board of trustees shall elect from its membership a chairman and shall appoint, subject to the provisions of the Civil Service law, a secretary, an actuary, and such other technical and administrative employees as may be necessary for the transaction of the business of the retirement system.

(6) The actuary appointed by the board shall recommend, and the board of trustees shall keep in convenient form, such data as shall be necessary for actuarial valuation of the various funds created by this act. In the years nineteen hundred twenty-four and nineteen hundred twenty-seven and once in every five-year period thereafter the actuary of the board of trustees shall make an actuarial investigation into the mortality, service and compensation or salary experience of the members and beneficiaries as defined in this act, and shall make a valuation of the assets and liabilities of the various funds created by this act, and upon the basis of such investigation and valuation the board of trustees shall

(a) Adopt for the retirement system such mortality, service and other tables as shall be deemed necessary:

(b) Certify the rates of deduction from compensation computed to be necessary to pay the annuities authorized under the provisions of this act, and
(c) Certify the rates of contribution, expressed as a proportion of the compensation of members of various ages, which shall be made by the State of New Jersey to the contingent reserve fund.

Immediately after his appointment, the actuary of the board of trustees shall, on the authorization of the board of trustees, make such investigation of the mortality, service and compensation experience of the employees of the State of New Jersey as may be necessary for the purpose of determining upon the proper tables to be prepared and submitted to the retirement board for adoption. On the basis of such investigation and recommendation the board of trustees shall adopt such tables and certify such rates as are required in subsections (a), (b) and (c) of this paragraph. On the basis of such tables as the board of trustees shall adopt, the actuary, within one year after the establishment of the retirement system, shall make a valuation of the assets and liabilities of the funds created by this act.

The actuary shall be the technical advisor of the board on matters regarding the operation of the funds created by the provisions of this act and shall perform such other duties as are required in connection therewith.

(7) For the purpose of this act the retirement system shall possess the powers and privileges of a corporation. The Attorney-General of the State of New Jersey shall be the legal advisor of the retirement system.

(8) The board of trustees shall publish annually a report showing a valuation of the assets and liabilities of the funds created by this act and certifying as to the accumulated cash and securities of the funds, and setting forth such other facts, recommendations and data as may be of use in the advancement of knowledge concerning employees' pensions and annuities. The said board shall submit said report to the Governor of the State of New Jersey and shall furnish a copy thereof to the officers of each State department for use of the employees and the public.
MANAGEMENT OF FUNDS.

Section 4. The funds created by this act shall be managed as follows:

1) The members of the board of trustees shall be the trustees of the several funds created by this act, and shall have full power to invest the same, subject to all the terms, conditions, limitations and restrictions imposed by this act upon the making of investments and subject also to the terms, conditions, limitations and restrictions imposed by all upon savings banks in the making and disposing of their investments, and, subject to like terms, conditions, limitations and restrictions, said trustees shall have full power to hold, purchase, sell, assign, transfer or dispose of any of the securities and investments in which any of the funds created by this act shall have been invested as well as of the proceeds of said investments and any moneys belonging to said funds.

2) The board of trustees shall annually allow regular interest on the mean amount for the preceding year in each of the funds, with the exception of the expense fund created in accordance with the provisions of this act. The amount so allowed shall be due and payable to said funds, and shall be annually credited thereto by the board of trustees.

3) The Treasurer of the State of New Jersey shall be the custodian of the several funds created by this act. All payments from said funds shall be made by him only upon voucher signed by the chairman and countersigned by the secretary of the board of trustees. No voucher shall be drawn, except upon the authority of the board of trustees, duly entered in the record of its proceedings.

4) For the purpose of meeting disbursements for pensions, annuities and other payments, there may be kept an available fund, not exceeding ten per centum of the total amount in the several funds created by this act, on deposit in any bank in this State, organized under the laws thereof, or under the laws of the United States, or in any trust company incorporated by any law of this State: provided, said bank or trust company
shall furnish adequate security for said funds, and pro-
vided that the sum deposited in any one bank or trust
company shall not exceed twenty-five per centum of
the paid-up capital and surplus of said bank or trust
company.
(5) Except as herein provided, no trustee and no
employee of the board shall have any interest, direct or
indirect, in the gains or profits of any investment made
by the retirement board, nor as such directly or indi-
rectly, receive any pay or emolument for his services.
And no trustee or employee of the board, directly or
indirectly, for himself or as an agent or partner of
others, shall borrow any of its funds or deposits, or in
any manner use the same, except to make such current
and necessary payments as are authorized by the board
of trustees, nor shall any trustee or employee of the
board become an endorser or surety or become in any
manner an obliger for moneys loaned by or borrowed
of the board of trustees.

COLLECTION OF CONTRIBUTIONS.

Section 5. (1) Each State department and each
branch of the State service not included in a department
shall keep such records and, from time to time, furnish
such information as the board of trustees in the dis-
charge of its duties may require.
(2) Upon the employment of any person to whom
this act may apply, he shall be informed by his em-
ployer of his duties and obligations under this act as a
condition of his employment. Every employee to whom
this act applies shall be deemed to consent and agree to
any deductions from his compensation required by this
act and to all other provisions of this act. Notwith-
standing any other law, rule or regulation affecting the
salary, pay, compensation, other perquisites or tenure
of any person or persons to whom this act applies, or
shall apply, and notwithstanding that the minimum sal-
ary, pay, compensation or other perquisites, provided
by law for any such person, shall be reduced thereby,
payment, less said deductions, shall be a full and com-
plete discharge and acquittance of all claims and de-
mands whatsoever for service rendered by such person during the period covered by such payment.

(3) The head of each department, and of each branch of the State service not included in a department, shall certify to the Treasurer of the State of New Jersey on account of each and every pay roll a statement as voucher for the amounts deducted for annuity purposes, as provided in this act, and shall send a duplicate of such statement to the secretary of the board of trustees. The Treasurer of the State of New Jersey shall pay each of such amounts so deducted into the annuity savings fund, and he shall transmit to the secretary of the board of trustees monthly, or at such less frequent intervals as the retirement board shall designate, a detailed statement of all amounts so paid in and credited by him to the annuity savings fund. The secretary of the board of trustees shall cause each of such amounts so deducted to be credited in the annuity savings fund, together with regular interest, to an individual account of the member from whose compensation the deduction was made.

**FUNDS.**

Section 6. The funds hereby created are the expense fund, the contingent reserve fund, the pension reserve fund, the annuity savings fund and the annuity reserve fund.

(1) The expense fund shall be the fund through which shall be paid the expense of the administration of this act, exclusive of amounts payable as retirement allowances and as other benefits provided in this act. The board of trustees shall estimate, and shall certify, annually, to the Governor of the State of New Jersey the amount required to defray such expense in the ensuing fiscal year, and the State of New Jersey shall pay into the expense fund the amount so determined.

(2) The contingent reserve fund shall be the fund in which shall be accumulated the reserves necessary to pay all pension and all death benefits allowable, which are provided by the State of New Jersey.

(a) Upon the basis of such mortality and other tables as the board of trustees shall adopt, and regular inter-
est, the actuary of the board of trustees shall compute the amount of contribution, expressed as a proportion of the compensation paid to each employee, which, if paid monthly during the entire prospective service of the employee, will be sufficient to provide for the pension reserve required at the time of his discontinuance of active service to cover the pensions to which he is entitled or which are payable on his account because of service as a member and to provide for the amount of the death benefits payable on his account by the State. Such proportion of salary shall be computed to remain constant during his prospective active service.

(b) Upon the basis of such tables as the board of trustees shall adopt, and regular interest, the actuary of the board of trustees shall compute annually the amount of the liability which has accrued by reason of allowances granted, or to be granted, on account of services rendered by members prior to the establishment of the retiring system, which has not already been covered by State Accrued Liability Contributions. Using the total amount of this liability remaining on account of all members in the fund as a basis, he shall further compute the amount of the flat annual payment, which, if paid in each succeeding fiscal year to and including the year nineteen hundred and forty-six, will provide for this ability. This annual payment shall be known as the State Accrued Liability Contribution.

(c) The board of trustees shall estimate and certify annually the aggregate amount payable to the contingent reserve fund in the ensuing year, which amount shall be equivalent to the sum of the proportions of the earnable compensation of all members computed, as described in paragraph (a) of this subdivision and of the State's Accrued Liability Contribution, payable in the ensuing fiscal year, as described in paragraph (b) of this subdivision; and the State of New Jersey shall pay into the contingent reserve fund during such ensuing year the amount so determined. The cash death benefits, payable as a result of contribution by the State under the provisions of this act upon the accidental death of a member in active service, shall be paid from the said contingent reserve fund.
Pension reserve fund;

If pension canceled.

If pension reduced.

Annuity savings fund;

Computation.

Entering at 59.

Deduction from payroll.

(3) The pension reserve fund shall be the fund from which shall be paid all pensions, and all benefits in lieu of pensions. Upon the retirement of a member, or upon his death in the performance of duty, an amount equal to the pension reserve for the pension payable by the State shall be transferred to said fund from the contingent reserve fund. Should the pension of a member who has been retired be subsequently canceled, his pension reserve shall thereupon be transferred from the pension reserve fund to the contingent reserve fund. Should the pension of a disability beneficiary be reduced as a result of an increase in his earning capacity, the amount of the annual reduction in his pension shall be paid annually into the contingent reserve fund during the period of such reduction.

(4) The annuity savings fund shall be the fund in which shall be accumulated deductions from the compensation of members to provide for their annuities and their withdrawal allowances. Upon the basis of such tables as the board of trustees shall adopt, and regular interest, the actuary of the board of trustees shall determine for each member the proportion of compensation, which, when deducted from each payment of his prospective earnable compensation prior to his eligibility for service retirement and accumulated at regular interest until his attainment of age sixty, shall be computed to be sufficient to provide, at that time, an annuity equal to the pension then allowable by the State for service as a member after the establishment of the retirement system. Such proportion of salary shall be computed to remain constant until he attains the age of sixty years.

The proportion so computed for a member entering at age fifty-nine shall be applied to any member who has attained a greater age before entrance into the retirement system.

The board of trustees shall certify to the head of each State department, and to the head of each branch of the State service not included in a State Department, and the said head of each such department or branch shall deduct from the compensation of each member on each and every payroll of such member for each and
every payroll period subsequent to the date upon which such certification becomes effective, the proportion of his earnable compensation so computed. But the board of trustees shall not certify, nor shall the head of any department make, any deduction for annuity purposes from the compensation of a member who has attained age sixty and completed thirty-five years of service, if such member elects not to contribute. In determining the amount earnable by a member in a payroll period, the board of trustees may consider the rate of compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period, and it may omit deductions from compensation for any period less than a full payroll period, if an employee was not a member on the first day of the payroll period, and to facilitate the making of deductions it may modify the deduction required by any member by such an amount as shall not exceed one-tenth of one percent of the compensation upon the basis of which said deduction is to be made.

In addition to the deductions from compensation hereinbefore provided, any member may redeposit in the annuity savings fund by a single payment an amount equal to the total amount which he withdrew previously therefrom, as provided in this act, or he may deposit therein by a single payment an amount computed to be sufficient, together with his prospective retirement allowance otherwise provided, to provide for him a total retirement allowance of one-half of his final compensation at age sixty. Such additional amounts so deposited shall become a part of his accumulated deductions.

The accumulated deductions of a member withdrawn, as provided in this act, shall be paid out of the annuity savings fund.

(5) The annuity reserve fund shall be the fund from which shall be paid all annuities and all benefits in lieu of annuities, payable as provided in this act. Upon the retirement of a member, his accumulated deductions shall be transferred to said fund from the annuity savings fund.
STATE GUARANTY.

Section 7. Regular interest charges payable, the creation and maintenance of reserves in the contingent reserve fund and the maintenance of annuity reserves and pension reserves as provided for in this act and the payment of all retirement allowances and other benefits granted by the board of trustees under the provisions of this act are hereby made obligations of the State of New Jersey. All income, interest and dividends derived from deposits and investment authorized by this act shall be used for the payment of the said obligations of the State of New Jersey. Upon the basis of each actuarial determination and appraisal provided for in this act, the board of trustees shall prepare and submit to the Governor in each year an itemized estimate of the amounts necessary to be appropriated by the State of New Jersey to the various funds to provide for payment in full during the ensuing fiscal year of the obligations of said State accruing during such year. It shall be the duty of the Legislature of the State of New Jersey to make an appropriation which shall be sufficient to provide for such obligations of the State of New Jersey, and the amounts so appropriated shall be paid into the various funds created by this act. For the fiscal year beginning July first, in the year nineteen hundred twenty-one, there is hereby appropriated to the expense fund created by paragraph (r) of section six of this act such sum not to exceed ten thousand dollars as shall be certified to the State Treasurer by the board of trustees as necessary to meet the expense of establishing the retirement system constituted by the provisions of this act, and there is further appropriated such amount as may be required for the payments as provided in this act to the contingent reserve fund for the period included within the last-mentioned fiscal year.

SERVICE CREDITABLE TOWARD ALLOWANCES.

Section 8. Under such rules and regulations as the board of trustees shall adopt, each member who was gainfully employed by the State during the year pre-
ceding the date of establishment of this retirement system, shall file, immediately after becoming a member, with the board of trustees a detailed statement of all service rendered to the State prior to the date of establishment of the retirement system for which he claims credit. As soon as practicable thereafter, the board of trustees shall verify such statement and shall issue to him a prior-service certificate certifying to the aggregate length of such service allowable for retirement purposes. Such certificate shall be final and conclusive for retirement purposes as to such service, unless thereafter modified by the board of trustees upon application made by the member within one year, or upon its own initiative within one year after the date of issuance of prior-service certificate or modified prior-service certificate by the board of trustees, or unless, in any four-year period which shall elapse subsequent thereto, the member to whom such a certificate was issued fails to render to the State two additional years of service; in the latter case such certificate shall be void. In computing for retirement purposes the total service of a member about to be retired, the board of trustees shall credit such member with the time of all service rendered by him to the State since he last became a member, and, in addition, if his prior-service certificate is in full force and effect, with all the service certified on such certificate, and with no other service. For the purpose of computing service for retirement purposes, the board of trustees shall fix and determine by appropriate rules and regulations how much service in any year shall be equivalent of a year of service and of parts of a year of service; but not more than one year shall be credited for all service in any calendar year, nor in computing such service or in computing final compensation, shall any time be credited during which a member was absent on leave without pay unless such service was allowed for retirement purposes, at the time said leave of absence was granted, both by the head of the department, or other branch of the State service not included in a department in which the said member was employed, and the board of trustees.
WITHDRAWAL AND DEATH ALLOWANCES.

Section 9. A member who withdraws from service or ceases to be an employee for any cause other than death or retirement shall receive all or such part as he may demand of the accumulated deductions standing to the credit of his individual account in the annuity savings fund. He shall cease to be a member two years from the date he discontinued service as an employee or, if prior thereto, upon the date when payment to him on demand of his accumulated deductions shall exceed one-quarter of such accumulated deductions. But the board of trustees may, in its discretion, withhold, for not more than one year after a member ceases to be an employee, all or part of his accumulated deductions, if he previously withdrew from the annuity savings fund all or part of his accumulated deductions and failed to redeposit such amount to the credit of his individual account in such fund.

1. Section thirteen of the act to which this act is amendatory is hereby amended to read as follows:

13. Any municipality may temporarily finance the carrying out of any purpose for which it is herein authorized to issue bonds (including the payment of interest accruing during the construction period as defined in section fourteen) by borrowing money and issuing from time to time temporary notes or temporary bonds, which shall state in general terms the purpose for which they are issued, and may from time to time renew the same. Such notes or bonds may be payable on demand or may mature in not exceeding six years from the date when the purpose for which they are issued has been carried out and may be subject to earlier call for payment, shall bear interest at not exceeding six per centum per annum, and shall be executed as herein provided for other bonds or in such other manner as the governing body may provide. Such notes or bonds shall be paid or funded within six years after the purpose for which they are issued has been carried out; provided, that in the case of notes or bonds heretofore or hereafter issued for the cost of any property or improvement, any part of the cost of which is to be assessed upon property specially benefited,
wherein the confirmation of the assessments is stayed by legal action, then and in such case the limit of time within which such notes or bonds shall mature, shall date from the time the court renders its final decision; provided, further, that should any municipality have heretofore or hereafter issued any such temporary notes or temporary bonds prior to the issuance of which a debt statement was required to be filed under section twelve and no debt statement was so filed, then and in such case such debt statement may be filed prior to the adoption of the ordinance authorizing the permanent serial bonds to fund such temporary notes or temporary bonds.

Such notes or bonds shall be authorized by ordinance (except in the case of counties) which shall fix the maximum rate of interest thereon. The other matters in respect thereof may be left to be determined by subsequent resolution or by the officials executing them or by a financial official. Such notes or bonds shall not be subject to the provisions of any other section hereof, except section twelve and section fourteen and section fifteen.

Prior to the adoption of the annual budget in each year, the financial official of the municipality or county shall certify the amount of temporary notes or temporary bonds outstanding exclusive of the amount thereof outstanding on account of (a) improvements which have not been completed (b) improvements for which assessments are to be levied on property specially benefited and (c) the part of the cost of improvements which has been assessed on property specially benefited. There shall be raised each year by appropriation in the budget an amount not less than three per centum of the principal of such temporary notes or bonds so certified to be outstanding. Such appropriation shall be used for no other purpose than for the payment of the principal of such outstanding temporary notes or bonds; provided, that if the funds so raised cannot be applied to the retirement of the temporary notes or bonds for which such fund is raised during the current year, then such fund or the unused portion thereof shall
be turned over to the sinking fund of the municipality; provided, that in municipalities where no sinking fund commission exists, such funds shall be held as a reserve fund by the treasurer of the municipality for the purposes herein expressed, but in no case shall it be converted into surplus revenue of the municipality until after all temporary notes or bonds have been paid.

It is the intention of this act that temporary notes or temporary bonds may be issued without the previous authorization of the permanent serial bonds provided for in other sections of this act, or may be issued after the previous authorization of the said permanent serial bonds. In the latter case, in order to provide for the funding of the temporary notes or temporary bonds as they mature, a new ordinance may be adopted authorizing permanent serial bonds which will supersede or amend the original ordinance authorizing such permanent serial bonds. Such new ordinance shall be subject to all terms and provisions hereof applicable to any similar ordinance authorizing permanent serial bonds.

Each applicant shall sign his or her name opposite a number in a book kept for that purpose by the secretary of said board and shall mark his or her examination paper with said number, and shall be known to the members of said board and any special examiners who shall be employed only by said number until his or her papers have been examined and marked.

5. Any applicant for limited license under this supplement upon proving to the satisfaction of said board that he or she is of good moral character, is a citizen of the United States or has taken out his or her first naturalization papers in accordance with the acts of Congress and that he or she has been examined and licensed to practice a system or branch of medicine or surgery or a method of treatment of disease for which license, after examination, shall be granted by this board (which such system or branch of medicine or surgery or such method shall be named in said application), by the examining and licensing board of another State of the United States, and that at the time of granting such license the standard of requirements for license to practice such
system or branch of medicine or surgery or method of
treatment of disease in the State where such license was
granted was at least substantially equal to the standard
of requirements for such license in force in this State
at said time (or in case said license of such other State
was issued prior to the date of the taking effect of this
act, then upon proving that such standard of such other
State at the time such license was issued, was substan-
tially identical with the standard adopted by this act),
and upon filing with the secretary of said board a copy
of his license or certificate, verified as a true copy by
the affidavit of the secretary of the board granting such
license, may, in the discretion of the State Board of
Medical Examiners, be granted a license to practice such
system or branch of medicine or surgery, or method of
treatment of disease, without further examination upon
the payment to the treasurer of said board of a license
fee of fifty dollars. In any such application for a license
without examination, all questions of academic require-
ments of other States shall be determined by the Com-
missoner of Education of this State.

6. The State Board of Medical Examiners may re-
fuse to grant or may revoke any license issued under
this supplement for the following causes:

Chronic and persistent inebriety; the practice of
criminal abortion; conviction of crime involving moral
turpitude, or for publicly advertising special ability to
treat or cure chronic or incurable diseases; or where
any person shall present or shall have presented to this
board any diploma, license or certificate that shall have
been illegally obtained, or shall have been signed or
issued unlawfully or under fraudulent representations,
or where a license to practice in this State has been ob-
tained or shall have been obtained through fraud of
any kind. In case any license has been issued under this
act to any person who has secured his first naturaliza-
tion papers in accordance with the acts of Congress but
who at the time of such license, has not become a citi-
zen of the United States, such license shall be revoked
by said board if such person shall not within five years
become a naturalized citizen of the United States. Be-
fore any license shall be revoked, the accused person
shall be furnished with a copy of the complaint and given a hearing before said board in person or by attorney. On the revocation of any such license all right to practice thereunder shall immediately cease.

7. Any certificate or license issued pursuant to this act shall be designated “Limited License” and shall plainly state upon its face the system or branch of medicine or surgery, or method of treatment of disease for the practice of which it is issued. No such license shall authorize the holder thereof to practice any system or branch of medicine or surgery, or method of treatment of disease other than that stated in the certificate thereof. No such license shall authorize the holder thereof to prescribe any drug, to do or perform any surgical operation requiring cutting, or to prescribe or use any anaesthetic.

8. The holder of any limited license issued pursuant to the provisions of this act, is hereby authorized and required to report communicable diseases in like manner and with like effect as though he were the holder of a license issued under the act to which this act is a supplement.

9. Any person receiving a limited license under this act shall file the same, or a certified copy thereof, with the clerk of the county in which he or she resides, and said clerk shall file said license or certified copy thereof and enter a memorandum thereof, giving the date of said license, with the name and address of the person to whom the same is issued, and the date of said filing in a book to be approved by this board and to be kept for that purpose, for which registry the said county clerk shall be entitled to demand and receive from each person registering, the sum of one dollar; in case the person so licensed shall move into another county of this State, he or she shall procure from the said clerk a certified copy of such registration, and then file the same with the clerk of the county to which he or she shall remove, and the said clerk shall file and enter the same with like effect as if the same were an original license, and for which registry the said clerk shall be entitled to demand and receive the sum of one dollar; upon each registry or reregistry, the person registering shall make
an affidavit that he or she is the person described in the license or registration copy; and each county clerk in the counties of this State shall, upon the last day of November of each year, furnish to the secretary of said board a list of all limited licenses, certified copies of limited licenses and registration of limited licenses of this board filed in his office during the previous year, together with any changes or issuances of certificates for the purpose of change to any county to which the licentiate intended to remove, and upon notice to him of the change of location or death of a licentiate or of the revocation of a license, said county clerk shall enter at the appropriate place in the records so kept by him a memorandum of said fact; and said memorandum shall be furnished by said county clerk to the secretary of this board in the annual report above required.

Section 9 not affected. 10. Nothing in this act contained shall modify or affect the operation of Section nine of the act to which this act is a supplement.

Act repealed. 11. An act entitled “An act to regulate the practice of chiropractic,” approved March third, one thousand nine hundred and twenty, and all acts supplementary thereto or amendatory thereof are hereby repealed; provided that any person holding a valid license heretofore issued in due course by virtue of the provisions of the acts above mentioned, shall be authorized to continue to practice pursuant to said license as though the act under which said license had been issued had not been repealed; provided, however, that any such license shall be subject to revocation by said board for the causes and in the manner above provided for licenses issued pursuant to this act. All acts, general or special, inconsistent with the provisions of this act, in addition to the acts specifically above mentioned, are hereby repealed.

Repealers. Effect of act. Nothing in this act contained shall operate to repeal, modify or affect the act entitled “An act to regulate the practice of osteopathy in the State of New Jersey, and to license osteopathic physicians to practice in this State and punish persons violating the provisions thereof,” approved April second, one thousand nine hundred and thirteen or any act supplementary hereto or amendatory thereof.
12. Within thirty days after the passage of this supplement, the Governor shall appoint an additional member of the Board of Medical Examiners, established by the act to which this act is a supplement. Such additional member shall be a reputable chiropractor practicing chiropractic in this State, and shall be a graduate of a legally incorporated school or college of chiropractic requiring personal attendance. He shall represent the school of practice to which he belongs in said board. He shall be appointed for the term of three years and until his successor is appointed and qualified. In case of a vacancy by reason of death, resignation or otherwise before the expiration of the term for which he was appointed, the Governor shall appoint a successor for such unexpired term.

13. Nothing in this act contained shall in any wise affect the term of office of any person now holding office as a member of the State Board of Medical Examiners. Such board shall, however, hereafter consist of eleven members nine of whom shall continue to be appointed in accordance with the provisions of the act to which this act is a supplement, and one of whom shall be an osteopathic physician as provided for in chapter 224 of the Laws of 1913, approved April second, one thousand nine hundred and thirteen; the other member shall be a chiropractor as herein provided.

14. This act shall not apply nor shall it in any manner be construed to apply to persons practicing healing by spiritual, religious or mental means if no material medicine is prescribed or used and no manipulation or material means are used.

15. This act shall take effect immediately.
Approved March 31, 1921.

In order that some degree of flexibility in appropriations may be had, any department or other State agency receiving an appropriation by any act of the Legislature may apply to the State House Commission for leave to transfer a part of any item granted to such department or agency to any other item in such appropriation. Such application shall only be made during the current year for which the appropriation was made, and if the State House Commission shall consent thereto, it shall notify the Comptroller thereof in writing, whereupon the Comptroller shall place the amount so transferred to the credit of the item so designated; provided, however, that no sum appropriated for any permanent improvement shall be used for maintenance or for any temporary purpose; and provided, further, that such transfers shall not be permitted and the provisions of this section shall not apply in cases where the items of appropriation are expressly limited by the words “for this purpose only.”

6. The Comptroller of the Treasury is hereby authorized, empowered, directed, and it shall be his duty to make such correction of the title or text, or both, of an appropriation, necessary to make such appropriation available for the purpose or purposes of its intention. Such correction shall be by written ruling, reciting in appropriate detail the facts thereof and the reasons therefor, attested by the signature of said Comptroller and filed in the Department of the Comptroller of the Treasury as an official record thereof, and any action thereunder, including disbursements and the audit thereof, shall be legally binding and of full force and virtue.

Each member of the commission shall receive, as full compensation for his services, the sum of twenty-five dollars per day for each full day actually spent on the work of said commission, and his actual and necessary expenses incurred in the performance of duties pertaining to his office: and no commissioner shall receive any compensation, either directly or indirectly, for his services, except as herein provided. The Governor may remove any commissioner for cause.

4. The commission shall employ a secretary and such clerks and assistants as shall be deemed necessary to discharge the duties imposed by the provisions of this act, and shall outline their duties and fix their compensation, subject to the laws of the State of New Jersey. The commission shall obtain such office space, furniture, stationery and other proper conveniences, as shall be reasonably necessary for carrying out the provisions of this act.

5. The commission shall adopt a common seal by which it shall authenticate its proceedings. Copies of all records and papers in the office of the commission, duly certified and authenticated by the seal of said commission, shall be received in evidence in all courts with like effect as the original. All records kept in the office of the commission under the authority of this act shall be open to public inspection under regulations prescribed by the commission.

6. All fees and charges collected by the commission under the provisions of this act shall be paid into the general fund in the State treasury. All expenses incurred by the commission under the provisions of this act, including compensation to members, secretary and
office assistants, shall be paid out of the general fund of the State treasury upon warrants of the State Comptroller, from time to time when vouchers therefor are exhibited and approved by the commission; provided, however, that the total expense for every purpose incurred shall not exceed the total fees and charges collected and paid into the State treasury under the provisions of this act.

7. All applications for license shall be made in writing to the commission on forms to be provided by the commission, and the commission shall have the right to prescribe the form of application for all licenses. of the applicant. The commission is hereby authorized to require from all applicants such other information or proof as shall be deemed desirable for the purchase of ascertaining the truthfulness, reputation, honesty and integrity of any applicant for a license under the provisions of this act: and the commission is expressly vested with the power and authority to make, prescribe and enforce any and all rules and regulations connected with the application for any license, as shall be deemed necessary to properly administer and enforce the provisions of this act.

8. Every real estate broker shall maintain a place of business in this State. In case any real estate broker maintains more than one place of business within the State, a duplicate license shall be issued to each broker for each branch office so maintained, and such duplicate license shall be issued without additional charge.

9. All licenses shall be issued by the commission in such form as shall be prescribed by the commission. Such licenses shall show the name and address of the licensee and shall have imprinted thereon the seal of the commission, and shall contain such matter as shall be prescribed by the commission. It shall be the duty of each real estate broker to conspicuously display his license in his place of business. Notice in writing shall be given to the commission by each licensed broker of any change of business location, whereupon the commission shall issue a new license for the unexpired period, without charge. A change of business location without notification to the commission, and without the issuance of a new broker's license, shall automatically cancel the license theretofore issued. In addition to the license, the commission shall deliver to each licensee a pocket card of such size as shall be designated by the commission, which card shall contain the name and address of the licensee, and, in the case of salesman's license, the name and address of the employer of such licensed salesman, and shall also contain an imprint of the seal of the commission, and shall certify that the person whose name appears thereon has been duly licensed as a real estate broker or real estate salesman, as the case may be.
10. All licenses issued to real estate salesmen shall be kept in the custody and control of the broker by whom such real estate salesman is employed, and the pocket card accompanying the same shall be delivered to such licensee. When any real estate salesmen shall be discharged, or shall terminate his employment with the real estate broker by whom he was employed at the time of the issuing of such license to him, it shall be the duty of such employer to immediately deliver, or send by registered mail, to the commission, such real estate salesman's license. Such employer shall, at the time of mailing such real estate salesman's license to the commission, address a communication to the last known residence of such real estate salesman, advising him that his license has been delivered or mailed to the commission, and a copy of such communication to the real estate salesman shall accompany the license when mailed or delivered to the commission. It shall be unlawful for any real estate salesman to perform any of the acts contemplated by this act, either directly or indirectly, under the authority of such salesman's license, from and after the date of receipt of said license by the commission. A new license may be issued to such salesman, without additional charge, upon satisfactory proof that said salesman has obtained employment with another licensed broker. No new license shall be issued, however, until such real estate salesman shall return to the commission the pocket card issued with the original license, or shall satisfactorily account to said commission for the same. Not more than one license shall be issued by any real estate salesman for the same period of time.

11. The annual fee for each real estate broker's license shall be ten dollars. The annual fee for each real estate salesman's license shall be five dollars. Each license granted under this act shall entitle the licensee to perform all of the acts contemplated herein during the period for which such license is issued, without payment of any fee other than the annual fee for such license. New licenses may be granted for each ensuing year upon request of licensees and the payment of the annual fee therefor as herein required; but the commission shall have power in its discretion to refuse to grant
Revocation of license.

The revocation of a broker's license shall automatically suspend every real estate salesman's license granted to employees of the broker whose license has been revoked, pending a change of employer and the issuance of a new license. Such new license shall be issued without additional charge, provided the same is granted during the same year in which the original license was granted.

Commission paid by employer.

It shall be unlawful for any real estate salesman to accept a commission or valuable consideration for the performance of any of the acts herein specified, from any person except his employer, who must be a licensed real estate broker.

Investigation of acts.

The commission may upon its own motion, and shall upon the verified complaint in writing of any person, investigate the actions of any real estate broker or real estate salesman, or any person who shall assume to act in either such capacity within this State; and said commission shall have power to suspend for a period less than the unexpired portion of the licensed period, or to revoke any license issued under the provisions of this act, where the licensee, in performing or attempting to perform any of the acts mentioned herein, is deemed to be guilty of—(a) making any false promises or any substantial misrepresentation, or (b) acting for more than one party in a transaction without the knowledge of all parties thereto, or (c) pursuing a flagrant and continued course of misrepresentation or the making of false promises through agents, salesmen, advertisements or otherwise, or (d) failure to account for or to pay over any moneys belonging to others, coming into the possession of the licensee, or (e) any conduct which demonstrates unworthiness, incompetency, bad faith or dishonesty. This act shall not be construed to relieve any person from civil liability or criminal prosecution under the laws of this State.

Suspension; causes for.

The commission shall, before suspending or revoking any license, and at least ten days prior to the date set for the hearing, notify in writing the holder of such license of any charges made, and shall afford such licensee an opportunity to be heard in person or by counsel. The findings of fact made by the commission acting within its own powers shall, in the absence of fraud, be conclusive, but the Supreme Court shall have power to review all questions of law involved in any final decision or determination of the commission; provided, that application is made to the Supreme Court by the aggrieved party within thirty days after such determination. Such application to the Supreme Court shall be made by petition to any justice of said court, and said justice shall have power to dispose of the matter in a summary manner.

15. Any unlawful act or violation of any of the provisions of this act, on the part of any real estate salesman, shall not be cause for the revocation of any real estate broker's license unless it shall appear to the satisfaction of the commission that the real estate broker employing such salesman had guilty knowledge thereof.

16. A non-resident of this State may become a real estate broker or a real estate salesman by conforming to all of the provisions of this act. Every non-resident applicant shall file an irrevocable consent that suits and actions may be commenced against such applicant in any of the courts of record of this State, by the service of any process or pleading authorized by the laws of this State, in any county in which the plaintiff may reside, by serving the same on the secretary of the commission, said consent stipulating and agreeing that such service of such process or pleadings on said secretary shall be taken and held in all courts to be as valid and binding as if due service had been made personally upon said applicant in the State of New Jersey. Said consent shall be duly acknowledged, and.

All non-resident licenses issued by the commission shall be on a special form distinguishable from licenses issued to resident brokers and salesmen, and shall show the name and address of the licensee and shall have imprinted thereon the seal of the commission and shall contain such other matter as shall be prescribed by the commission; and with each non-resident license the commission shall prepare and deliver a pocket card in all respects as herein provided for licenses issued to resident brokers and salesmen, except that the pocket card accompanying non-resident licenses shall be of a different color so as to distinguish the same from the cards issued to resident licensees.

17. The commission shall publish, at least twice in each year, a list of the names and addresses of all licensees licensed under the provisions of this act, and also a list of all licenses which have been suspended or revoked within one year from the date of the publication of such list. in writing, said board shall fix a time and place for
conducting such investigation, and if the name and

and that said manufacturer may apply within fifteen
days after the mailing of such notice by said board for
a hearing before said board in relation to such pend-

this act for liquor.

49. The members of the Board of Pharmacy when
performing the duties required of them under this act,
shall receive compensation at the same rate as is pro-

this act or if there be no such funds available by the
Treasurer of the State out of any funds appropriated
for that purpose by the Legislature.

50. All records provided for or referred to in this
act as records required to be kept by druggists of the

the laws of the United States or by this State, or by
the regulations of the Internal Revenue Commissioner,
shall be open to the inspection of all police, peace or
other law-enforcing officers, empowered to act here­

quired by the magistrate.

53. If a defendant shall request that a complete rec­
ord of the testimony taken at his trial be made, it shall
be the duty of the stenographer usually attending the
Court of Common Pleas to attend said trial and make
a stenographic record of the testimony taken. For
taking such testimony the stenographer shall be entitled
to receive a per diem fee of ten dollars for each day he
is engaged in taking such testimony, and such fee shall
be paid to the stenographer by the county treasurer
upon a certificate of the magistrate that the service was
performed. For making a transcript of the testimony
the stenographer shall be entitled to receive from the
person requesting the same the usual fee allowed for such service.

54. If the defendant is convicted, and has requested that a complete record of the testimony at his trial be made, as aforesaid, the magistrate shall include in the costs against such defendant the fees payable, as aforesaid, to such stenographer for the taking of such testimony.

55. Any violation of this act upon any leased premises by any lessee, or employee of such lessee with the knowledge of his employer, shall, at the option of the owner or lessor, upon five days' written notice to the said lessee, work a forfeiture of the lease, and shall cause the right of possession to revert to the owner. Such right of possession may be enforced by the owner by summary proceedings as for term ended as prescribed by "An act concerning landlords and tenants," approved March twenty-seventh, one thousand eight hundred and seventy-four, and the amendments thereof and supplements thereto.

56. It shall be the duty of every officer, with or without warrant or process, upon view, to arrest any person violating any of the provisions of this act, and to take him before a magistrate within the county where arrested, and forthwith to make a complaint against the person so arrested; and it shall be the duty of the magistrate forthwith to issue a warrant of arrest for such person, and of the officer to execute the warrant.

57. Whenever a complaint is made before any magistrate that a person has violated one or more of the provisions of this act, it shall be the duty of such magistrate, and every such magistrate is hereby given full power and authority, to issue his warrant to arrest any such person so complained against, and, summarily without a jury and without any pleadings, to try the person so arrested and brought before him, and to determine and adjudge his guilt or innocence.

58. In any complaint, warrant, conviction, judgment, record or record of any proceedings, the use of the word "liquor" shall be a sufficient description of any or all of the liquids included in the definition in section two of this act.
59. In any complaint one or more offenses may be set out, and the defendant may be tried and judgment given on each offense set out in such complaint, and the several penalties for each of such offenses of which the defendant is convicted may be imposed.

60. It shall not be necessary at any trial, hearing or inquiry, or in any proceeding under this act, to aver in the complaint or to prove at the trial, that a defendant is not within any of the provisions or exceptions of this act.

61. Whenever any person is charged by complaint with violating any of the provisions of this act and is brought before a magistrate, the magistrate shall forthwith try, or fix a time for the trial of, such person, and shall have power to hold such person to bail for such trial, and in default of bail to commit such person to the common jail to await such trial; and the magistrate shall have power to adjourn the trial upon application of the defendant, or upon application made on behalf of the State, or upon his own motion, for a period not exceeding two weeks at a time.

62. If any person shall be convicted of violating any of the provisions of this act, it shall be sufficient for the record of the conviction to set out the name of the defendant, and the number or numbers of the section or sections violated and the short title of this act, the names of the witnesses sworn and a list of the exhibits produced at the trial, and the substance of the testimony upon which such conviction is had, and a statement that the defendant was convicted and adjudged to be a disorderly person with the date of such conviction, and the penalty imposed; and if the defendant pleaded guilty or non vult to the complaint, then a statement of that fact. Such conviction shall be signed by the magistrate. Such conviction, the complaint, the warrant of arrest and a copy of the commitment shall constitute a sufficient record. Such record shall be filed forthwith by the magistrate in the office of the county clerk of the county where such conviction is had, and shall be and remain a public record.

63. Within ten days after conviction given by any magistrate under this act, the defendant shall have the
right to review the conviction before the justice of the Supreme Court holding the circuit in the county wherein such conviction was had, by filing notice of such intention to review with the county clerk; and the said justice on such review, shall have power to determine the legality of such conviction and to discharge the defendant from said conviction, if the same shall have been unlawfully had against such defendant. For such review said justice of the Supreme Court shall order the record herein provided for to be brought before him, and upon the application of and at the expense of the defendant, may require the magistrate to certify the transcript of the testimony taken, if the same was taken stenographically or was reduced to writing. No conviction had by any magistrate shall be set aside for any imperfection, defect in or lack of form, or for any error not affecting the merits of the case, or for want of evidence if there was sufficient evidence before the magistrate below to support the charge against the defendant.

64. Upon the review of any conviction the justice of the Supreme Court may, by his order, correct any irregularity appearing upon the face of the record and not affecting the defendant upon the merits of the case.

65. Nothing in this act contained shall be construed as abridging the power of the Supreme Court to review by certiorari any proceeding had under this act.

66. If the conviction of any defendant shall be set aside by the justice of the Supreme Court reviewing the same, such defendant shall be entitled to be reimbursed by the county treasurer for any fine or taxed costs which have been actually paid by him, and also for any amount paid by him to the stenographer under the terms of this act, upon a bill rendered to the board of chosen freeholders in the form required by such board of chosen freeholders for payment of its ordinary bills.

67. Any person who shall violate any of the provisions of this act shall be deemed and adjudged to be a disorderly person, and shall, upon conviction thereof, be sentenced by the magistrate to be confined in the workhouse, penitentiary or common jail of the
CHAPTER 150, LAWS OF 1921.

county where the conviction is had, for a period not to exceed three months, or to pay a fine not to exceed five hundred dollars, or both, in the discretion of the magistrate, and also pay the costs.

68. If a fine is imposed by such magistrate and not forthwith paid, said magistrate shall order the defendant committed to the workhouse, penitentiary or common jail until such fine and the costs are paid; provided, that such defendant shall not remain confined after a period of twice the number of days as there are dollars in the fine and costs imposed, and in no event upon commitment for an unpaid fine or costs for a period longer than three months; and provided, further, that such defendant shall be forthwith discharged from such confinement upon payment of such fine and costs, deducting from the total sum thereof a credit for the time of such confinement at the rate of one dollar for every two days of confinement served.

69. When any person shall be convicted of violating any of the provisions of this act, it shall be the duty of the county clerk of the county wherein such conviction is had forthwith upon receipt of the record from the magistrate, as herein provided, to index the judgment of conviction in a docket to be kept by him for that purpose; and said docket shall set out the name of the defendant, the date of the conviction, and the particular offense of which said defendant shall have been convicted, and the punishment imposed and the amount of costs certified by the magistrate; such docket shall be and remain a public record of said county.

70. Any person may, by subpoena, be compelled by a magistrate to attend and testify upon any trial, hearing, investigation or other proceeding hereunder not against himself; and no such witness shall be excused from answering any question which the magistrate shall decide to be competent, on the ground that to answer might or would tend to incriminate or degrade said witness or to subject him to a penalty; but no answer made by any witness to any such question shall be used or admitted in evidence in any proceeding against said witness, except in a prosecution for perjury in respect to any such answer.
CHAPTER 150, LAWS OF 1921.

71. Any disobedience to a subpoena, or any refusal to be sworn as a witness, or refusal to sign the testimony, or any refusal to answer any competent question in any trial or other proceeding before such magistrate, shall be a contempt of said magistrate in the nature of a contempt of court, for which the magistrate shall have power summarily to punish the offender by imprisonment not exceeding thirty days, or by a fine not exceeding one hundred dollars.

72. If any prosecutor of the pleas shall be notified in writing by any officer or other person of any violation of any of the provisions of this act, and such notification shall contain the names and addresses of witnesses, it shall be the duty of such prosecutor diligently to inquire into the facts of such alleged violations, and for that purpose such prosecutor is hereby authorized to issue subpoenas for such persons as he shall have reason to believe have any information concerning, or knowledge of, such alleged violation, to appear before him at a time and place named, then and there to testify under oath concerning any knowledge such witness may have of any violation of any of the provisions of this act; and the testimony of such witness may be reduced to writing and he shall, in the discretion of such prosecutor, be required to sign the same. If the testimony shall disclose that any violation of this act has been committed, it shall be the duty of the prosecutor, upon complaint being made, forthwith to apply for a warrant of arrest and have the defendant brought before a magistrate for trial.

73. It shall be the duty of the prosecutor of the pleas of each county to use all reasonable and lawful diligence for the detection, arrest and conviction of the persons violating this act, and all necessary expenses incurred thereby, certified to and approved under his hand and by a magistrate, shall be paid by the county treasurer, and if a conviction is reviewed, or a conviction is taken up on certiorari, it shall be the duty of such prosecutor of the pleas to carry such case to the final adjudication.

74. The prosecutor of the pleas in each county and his assistant prosecutors are hereby authorized to prosecute in the name of the State of New Jersey any pro-
ceeding and complaint for violations of any of the provisions of this act.

75. It shall be the duty of every sheriff, constable, police officer, and other peace officers, to use all due diligence to detect violations of this act and theretofore to make complaint before a magistrate as herein provided.

76. Every magistrate, before whom any defendant is brought charged with violating any provision of this act, may take the recognizance to the State of New Jersey of such defendant, with surety, in a reasonable sum for his appearance before the said magistrate for trial at a future time, not exceeding ten days.

77. If any person shall be bound by recognizance to the State of New Jersey, with condition for his appearance before any magistrate for trial or other proceeding under this act, and if such person shall not appear agreeably to the condition of such recognizance, then the magistrate before whom such recognizor may be bound to appear may forfeit the same, and shall forthwith certify the forfeiture of such recognizance and forward the said recognizance together with such certification to the prosecutor of the pleas of the county wherein such recognizor was bound to appear; and it shall be the duty of such prosecutor of the pleas to proceed by suit upon the said recognizance in any court of competent jurisdiction in the same manner now provided by law for suits upon recognizances forfeited in the several criminal courts in this State.

78. A commitment for the imprisonment of any defendant convicted for the violation of any of the provisions of this act, shall be sufficient if such commitment shall be dated and signed by such magistrate, and be directed to the sheriff, keeper or warden of the penitentiary, workhouse or common jail of the county in which said conviction was had, and contain the name of the defendant, and a command to such sheriff, keeper or warden to receive and safely keep the defendant for such time as is by such magistrate therein directed, and a statement that the defendant has been adjudged by such magistrate to be a disorderly person under the “Non-Beverage Liquor Act” upon a complaint in writing under oath made before such magistrate and that
the defendant was tried upon, or pleaded guilty to, such complaint as in said act provided.

79. All subpoenas, warrants, writs and process issued by a magistrate shall be signed by him and be tested on the day they are issued, and process for the attendance of witnesses or for arrest, when issued under any of the provisions of this act, shall run throughout this State.

80. After the conviction of every defendant the magistrate shall forthwith send a copy of the bill of costs in the case to the county treasurer, and said magistrate shall endorse thereon the amount of the fine imposed, if a fine was imposed, and the name of the attorney for the State who appeared to prosecute the complaint.

81. All fees and allowances shall be payable by the county treasurer out of any funds of the county not otherwise appropriated to the person performing the service or entitled under this act to receive the same, upon certificate of the magistrate that the same are proper charges; and for any payment so made such certificate shall be sufficient authority to such county treasurer.

82. Whenever in this act a recognizance to the State of New Jersey is required the magistrate may accept money deposited with the county treasurer in lieu of surety on the recognizance; and if any recognizor shall not appear according to the conditions of his recognizance, the money so paid to the county treasurer in lieu of surety shall be forfeited and shall be retained by the county treasurer as if recovered on judgment and execution.

83. All fines and all costs shall be paid to the county treasurer of the county in which such fines or costs are imposed and shall be for the use and benefit of such county.

84. In addition to the fees herein otherwise provided for, the fees in the following schedule shall be allowed in proceedings under this act, and where no fee is provided for any service to be performed the same shall be performed without any charge therefor.

An Act to further amend an act entitled "An act concerning municipalities," approved March twenty-seventh, one thousand nine hundred and seventeen.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section twenty-two of Article XX of chapter 152 of the Laws of 1917, entitled "An act concerning municipalities," be and is hereby amended so as to read as follows:

22. In addition to the making of assessments for benefits, the said officer or board, or majority of such board, shall also at the same time fix and determine the amount if any, that any property is damaged incidentally to the making of the improvement, but exclusive of damages for land taken. The amount of such incidental damages accruing to any parcel of land or real estate shall be deducted from the amount of any benefits assessed thereon. In case the amount of such damages as confirmed by the governing body shall exceed the benefits assessed upon any parcel of land or real estate, or in case no benefit shall accrue thereto, the balance or the amount of such damages may be raised as provided by law, and shall be paid by the municipality to the owner of any such parcel of land or real estate so damaged. In case there is an uncertainty as to the person who is entitled to receive any award of such damages, the amount thereof may be paid into the Court of Chancery, and shall there be distributed according to law to the person or persons entitled thereto. Any person feeling aggrieved by any such assessment or award for incidental damages may, after the same has been confirmed either with or without alteration by the governing body, appeal therefrom as provided in section forty-two of this article.
2. Section twenty-three of said Article XX be and the same is hereby amended so as to read as follows:

23. When any improvement ordinance shall require the taking of lands or real estate, or any right or interest therein of any owner thereof, the ordinance for that purpose, when introduced, shall state the location and character of the improvement proposed to be made, the lands and real estate to be taken therefor sufficiently described so as to be readily identified, and such ordinance shall be accompanied by a map prepared under the direction of the governing body, showing in detail the location and dimensions of such land proposed to be taken. After the passage of such ordinance said map, together with a copy of the ordinance duly attested by the clerk of the governing body shall be filed with the officer or board charged with the assessment for benefits in the municipality. Such officer or board, or a majority of such board, shall make an award for said lands and real estate or right or interest therein to be taken, to the owner or owners thereof after hearings are held, upon notice, in the same way and manner as provided heretofore in this article in the case of assessments for benefits and awards for incidental damages where no lands are to be taken, and shall certify and report the same to the governing body in the same way and manner as provided in section twenty-seven of this article in the case of assessments for benefits and incidental damages where no lands are taken, and said governing body shall proceed in regard thereto in the same way and manner prescribed in said section twenty-seven, except that if for any reason, such as that the aggregate awards for damages is so large as to render the making of the proposed improvement unwise in the judgment of the governing body, nothing in this act shall be construed to deprive it of power to abandon the proposed improvement and repeal the improvement ordinance at any time prior to confirmation of any award for lands to be taken thereunder. When any award made under this section is confirmed by the governing body the amount thereof shall promptly after such confirmation be tendered to the person or persons entitled thereto and before the commencement of the work. In
case of uncertainty as to who is entitled thereto, or
where the municipality is unable to tender any such
award by reason of the incapacity or absence of any
person entitled thereto, or otherwise, or where any per­
son or persons refuse to accept or receive such award
the same may be paid into the Court of Chancery and
shall there be distributed to the person or persons en­
titled thereto according to law.

Upon the acceptance of any such award, or payment
of the same into the Court of Chancery, title to such
land and real estate or right or interest therein shall vest
in the municipality, which may thereupon enter upon
and take possession of such land and real estate or right
or interest therein and remove all persons therefrom,
and such ordinance shall forthwith be recorded in the
records of deeds of the county wherein such munici­
pality is situate, and said map filed in the office where
the records of such deeds are kept.

Any owner or owners of lands or real estate taken
for any such improvement may appeal to the Circuit
Court of the county wherein such municipality is situ­
ate at any time within thirty days after the confirma­
tion by the governing body of the award complained of.
Such appeal shall be taken in the manner prescribed in
section twenty-three-A of this article. The court to
which appeal is had shall order a trial by jury to assess
such damages and benefits anew. Such trial shall be
conducted as in other cases of trial by jury in civil ac­
tions, upon an issue to be framed under the direction
of or by the court. No such appeal nor trial shall delay
the prosecution or completion of the improvement, but
the municipality may proceed therewith as though said
appeal had not been taken. The judgment entered in
any Court of Common Pleas in such appeal shall fix the
amount to be recovered by the appellant, and such judg­
ments may be enforced in the same manner as are other
judgments in said court.

3. Section 23-A of said Article XX be and the same
is hereby amended so as to read as follows:

article shall be taken by serving a notice thereof on the
chief executive officer, or upon the clerk of the govern­

Section 42 amended.

Appeal from assessment.

Notice served.

Hearing.

Determination by court.

Any owner of any property assessed for benefits or awarded damages as incidental to the improvement, as distinguished from damages for land to be taken under this act, may, within thirty days after confirmation of such assessment or award, appeal from the same to the Court of Common Pleas of the county wherein such municipality is located by serving written notice of such appeal within such thirty days upon the tax collector and a duplicate upon the clerk of the governing body. A copy of such notice, together with verification of the service thereof, shall be filed in the office of the clerk of said court within one week after service thereof, or such appeal shall be considered waived. Such notice shall state the address of the appellant where notice of further proceedings may be served upon him. The hearing of such appeal shall be brought on upon order of said court at a day and place to be fixed by it, but all such appeals from assessments or awards for incidental damages under the same improvement shall be heard by the court and determined at one time. Said court shall have power to prescribe rules to regulate the practice in the taking and conduct of such appeals, and on the hearing thereof said court shall determine whether or not the assessment for benefits or award for incidental damages appealed from, upon or to any parcel of land or real estate is a just and fair assessment or award, and if not, shall make an order correcting the same, or if the assessment or award is sustained shall so order. But the determination of the court in regard to all such appeals in the case of any one improvement shall be embodied in one and the same order, and shall direct that a certified copy of the same shall be served upon the tax
collectors and upon the clerk of the municipality. The
tax collector shall, upon receiving such certified copy of
such order, note in his books any corrections or changes
made thereby and report the same to the chief financial
officer of the municipality. After confirmation the gov­
erning body shall still have power, upon due proof by
affidavit of such error, to order by resolution the cor­
rection of any manifest error in any assessment for
benefits from which no appeal has been taken, and upon
the adoption of such resolution the tax collector shall
note and report such correction in the same manner.

5. Said Article XX be and the same is hereby fur­
ther amended by adding at the present end thereof a
new section reading as follows:

36. No certiorari, injunction or other writ or process
shall be allowed or granted to review or set aside any
ordinance for any improvement after the contract there­
for shall have been awarded, or to set aside any assess­
ment or award made for any improvement after thirty
days shall have elapsed from the date of the confirma­
tion of such assessment or award.

6. This act shall take effect immediately; provided,
nevertheless, that nothing herein contained shall effect
or be construed to effect any assessment for benefits,
award of damages, appeal, suit, action or proceeding
whatsoever under or in relation to any improvement
ordinance in any case in which before this act takes
effect any assessment for benefits or any award of
damages has been certified or reported or any appeal
taken or suit or action commenced, but in every such
case all such proceedings, assessments, awards, appeal,
suits and actions taken, commenced or instituted before
this act takes effect shall be valid, binding and effectual,
and shall be prosecuted, completed and brought to a
conclusion in accordance with the provisions of the act
which this act amends as the same were effective before
this act takes effect.

(1) A speed of one mile in seven minutes upon the
sharp curves of a street or highway or when turning a
corner, and a speed of one mile in four minutes at the
junction or intersection of a prominent cross-road
where such a street, road, or highway passes through
the open country; the term “open country” meaning
where houses are an average of more than one hundred
feet apart.

A speed of one mile in five minutes where such street
or highway passes through the built-up portion of a
city, town, township, borough or village where the
houses are an average less than one hundred feet apart.

A speed of one mile in four minutes within two
hundred feet of any horse or any beast of draught or
burden upon the same street, highway; provided how­
ever, that such speed does not exceed thirty miles per
hour, shall be lawful in the open country as may be
necessary in order to pass a vehicle traveling in the same

the property of any person; and it is further provided,
that nothing in this section contained shall affect the
right of any person injured either in his person or prop­

sue and recover damages as heretofore; and provided, fur­
ther, that the foregoing provisions concerning the
speed of motor vehicles shall not apply to any speedway
built or intended for the exclusive use of motor vehicles
if the said speedway at no point crosses any public
street, avenue, road, turnpike, driveway or other public
thoroughfare, or any railroad or railway at grade, the
said speedway having been constructed with the per­
mission of the commissioners of the board of freehold­
ers, as the case may be, of the county or counties in
which said speedway shall be located; and provided,
further, that every person driving a motor vehicle shall, at the request or upon signal by putting up the hand, or otherwise, from the person riding or driving a horse or horses in the opposite direction, cause the motor vehicle to stop and remain stationery so long as may be necessary to allow said horse or horses to pass.

(2) If a physician shall have his motor vehicle stopped for exceeding the speed limit while he is in the act of responding to an emergency call, the registration number of the vehicle and the driver's license number may be inspected and noted, and the physician shall then be allowed to proceed in the vehicle to his destination, and subsequently such proceedings may be taken as would have been proper had the person violating the provisions as to speed not been a physician.

(3) Motor vehicles belonging to the military establishment, while in use for official purposes, in time of riot, insurrection or invasion, motor vehicle inspectors appointed under this act, and all police officers are exempt from the provisions of this act pertaining to speed while said inspectors and police officers are engaged in the apprehension of violators of the provisions of this act.

Any person who, having collected any fine for any violation of this act, shall fail within thirty days to return said fine, as provided by this act, to the Commissioner of Motor Vehicles, shall be subject to a penalty of not exceeding five hundred dollars for the first offense and a penalty of one thousand dollars and imprisonment not exceeding one year or both, at the discretion of the court, upon any subsequent conviction.

**HORSE-POWER RATING.**

18. For registration purposes the horse-power of an automobile shall be computed by the formula adopted by the Commissioner of Motor Vehicles on December first of each year, which rating shall govern in determining the class to which such automobile belongs. The Commissioner of Motor Vehicles on December first of each year may compel all dealers, manufacturers, or
other persons holding automobiles to provide with each sale a certificate which will indicate the various elements which are comprised in the formula adopted by the said commissioner under the provisions of this act; provided, the Commissioner of Motor Vehicles shall adopt no formula which is not in general use by the standard trade associations of the United States as a basis of catalogue rating.

RECORDS INDEXED: COPY IN EVIDENCE.

19. (1) It shall be the duty of the Commissioner of Motor Vehicles to cause all applications for registration and drivers' licenses to be alphabetically indexed, and any such original application or any copy thereof certified to be a true copy under the hand of the said Commissioner of Motor Vehicles shall be received as evidence in any court of this State to prove the facts contained therein. The fee for such license shall be three dollars per annum whether such license shall be issued for the calendar year or for only a portion of the calendar year. The Commissioner of Motor Vehicles may, in his discretion, allow such traction engines or farm tractors to draw agricultural machinery and implements while in transit from one farm to another without additional license therefor.

22. The Commissioner of Motor Vehicles is given authority to pass upon the construction as to width, height, tires, and equipment with safety devices, of any commercial vehicle of any commercial motor vehicle, trailer, semi-trailer, or tractor, with a view to its safety for use on the roads, and the Commissioner of Motor Vehicles may withhold license from any such vehicle which is not equipped in accordance with the regulations duly adopted by him; provided, five days' notice is given by letter or otherwise of such regulation, and may, in the event of failure of compliance and after such license has been issued, revoke or suspend such license or registration in the manner provided in the act to which this act is a supplement, on the ground that such commercial motor vehicle, trailer, semi-trailer, or tractor has not complied with the reasonable regulations of the motor vehicle department.
23. (1) The Commissioner of Motor Vehicles shall have power to authorize the seizure of any motor vehicle operated over the highways of this State when in his judgment he has reason to believe that such motor vehicle has been stolen or is otherwise being operated under suspicious circumstances and to retain the same in the name of the Department of Motor Vehicles of the State of New Jersey until such time as the identity of ownership is established, whereupon he shall order the release of such motor vehicle to the owner thereof.

(2) Whenever any stolen motor vehicle shall come into the possession of the Commissioner of Motor Vehicles of this State by seizure or otherwise, said Commissioner of Motor Vehicles shall, after the expiration of ninety days from the date such motor vehicle came into his possession, sell such motor vehicle at public sale, upon notice of such sale being first published for the space of two weeks in one or more newspapers published and circulating in this State, and also by posting such notice in five public places in this State, said newspapers and places of posting to be designated by said Commissioner of Motor Vehicles.

(3) Upon the sale of such motor vehicles all claims for interest in such vehicle shall be forever barred and the proceeds realized therefrom shall become the sole property of the State, to be used as other moneys received under the provisions of this act.

24. The Commissioner of Motor Vehicles is hereby vested with all the powers of a justice of the peace, recorder, or police judge as are conferred in this act on like officers; and in considering violations of this act the said Commissioner of Motor Vehicles may hold court in any city, town, township or other municipality in the State, upon five days' notice given to the defendants summoned to appear before him. He shall also have power to summon witnesses to appear before him.

at his office, or at such other place as may be designated by
the said commissioner, to give testimony in any
hearing which the said commissioner may hold looking
toward a revocation of any license issued by or under
the authority of the said commissioner. Such summons
shall be served at least five days before the return date.
Service may be made by registered mail or by personal
service. Whenever it shall appear that any person has
failed to obey such summons, he shall be subject to a
penalty not exceeding one hundred dollars, to be re-
covered with costs in an action of debt, to be prosecuted
by the Attorney-General of the State in addition to
which the vehicle registration or driver's license, or both,
as the case may be, shall forthwith be revoked. The
fees for witnesses required to attend before the com-
misssioner shall be one dollar for each day's attendance
and three cents for every mile of travel by the nearest
generally traveled route in going to and from the place
where the attendance of the witness is required; such
fees to be paid when the witness is excused from further
attendance, and the disbursements made from payment
of such fees to be audited and paid in the same manner
provided for expenses of the Department of Motor
Vehicles.

(2) Such magistrate, upon receiving complaint in writing, duly verified, of the violation of any provision of this act by any corporation, is hereby authorized and required to issue a summons directed to any constable, police officer, the inspector of motor vehicles, or the Commissioner of Motor Vehicles of this State, requiring such corporation to be and appear before said magistrate on a day therein named, to answer to said complaint, which said summons shall be served on the president, vice-president, secretary, superintendent or manager of such corporation, or the agent upon whom other process against it may be served, at least five days before the time of appearance mentioned therein, and thereafter all proceedings shall be the same as against individuals, except where a different procedure is provided by this act.

26. Adjournment of trial; bail. Any hearing to be held pursuant to this act shall, on the request of the defendant, be adjourned for a period not exceeding thirty days from the return day named in any summons, or from the return day named in any summons, or from the return of any warrant, or from the date of any arrest without warrant; as the case may be; but in such case it shall be the duty of the magistrate to detain the defendant in safe custody, unless he shall make a cash deposit or enter into a bond to the State of New Jersey, with at least one sufficient surety (unless said defendant shall himself qualify and justify, in real estate security situate in this State, in twice the amount fixed by said magistrate for the bond with a surety) to or in an amount not exceeding five hundred dollars, conditioned for his appearance on the day to which the hearing may be adjourned, and thence from day to day, until the case is disposed of; and such bond, if forfeited, may be prosecuted by the Commissioner of Motor Vehicles in any court of competent jurisdiction; and such cash deposit, if forfeited, shall be paid to said Commissioner of Motor Vehicles by said magistrate with whom the

27. Right of appeal; stay of execution, bond. The defendant in any proceeding instituted under this act may appeal from the judgment or sentence of the magistrate to the Court of Common Pleas of the county in which such proceedings shall have taken place; provided, the said defendant shall, within ten days after the date of said judgment, deliver to the magistrate a bond to the State of New Jersey with at least one sufficienty surety, or make a cash deposit with him of such amount as the magistrate shall direct not exceeding the amount of five hundred dollars (unless said defendant can himself qualify and justify in real estate security in this State in twice said amount), conditioned to stand to and abide by such further order or judgment as may thereafter be made against the said party; and provided, further, that if the said magistrate shall have imposed a sentence of imprisonment, the defendant, if he does not duly appeal, shall be imprisoned forthwith upon the imposing of said sentence; but that an appeal, properly taken in accordance with the provisions of this act, shall be a stay of and upon the enforcement of a sentence of imprisonment, whether the execution of such sentence shall have been entered upon or not, as well as of such other judgment as may be pronounced; and provided, further, that in lieu of the appeal bond, in this section specified, and of the cash deposit therein provided for, the defendant may leave with the magistrate the motor vehicle owned or operated by the said defendant; and provided, further, that if said defendant shall, after the rendition of said judgment or sentence, announce to said magistrate his intention to appeal therefrom and either give the bond, make the deposit or leave the motor vehicle as herein provided, he shall have ten days from the date of the rendition of said judgment or sentence within which to

complete his appeal, during which said ten days the execution of whatever sentence or judgment shall have been rendered, whether of imprisonment or fine, shall be stayed, and in case said defendant shall fail to complete his appeal within said ten days, the like proceedings may be had as would by the provisions of this act follow an appeal taken and a judgment of affirmance thereupon.

28. Record of appeal, summary trial. Whenever an appeal shall be taken as aforesaid, it shall be the duty of the magistrate to send all papers and all money, if any, deposited according to the provisions of this act, and all money paid for costs of prosecution, together with a transcript of the proceedings in the case, to the next Court of Common Pleas, of the said county, which court shall, de novo, and in a summary way, try and determine all such appeals and in case the judgment or sentence of the magistrate shall be reversed on such appeal, the said Common Pleas Court shall order the return of all money deposited, as aforesaid, and all costs of prosecution paid by said defendant to said defendant.

29. Proceedings may be instituted on Sunday. Proceedings under this act may be instituted on any day of the week, and the institution of such proceedings on Sunday shall be no bar to the successful prosecution of the same; and any process served on Sunday shall be as valid as if served on any other day of the week.

30. Pleadings; when bond for costs may be demanded. All proceedings for the violation of the provisions of this act shall be entitled and shall run in the name of the State of New Jersey, with the Commissioner of Motor Vehicles, or a motor vehicle inspector, or a police officer, or a constable, or such other person as shall by complaint institute the proceedings as prosecutor; and any magistrate may, at his discretion, refuse to issue a warrant on the complaint of any person other than the Commissioner of Motor Vehicles, or a motor vehicle inspector, or a police officer, until a sufficient bond to secure costs shall have been executed and delivered to the said magistrate.

And any such constable or police officer, or motor vehicle inspector, or the Commissioner of Motor Vehicles, upon satisfying himself that such offender is a resident of this State, may instead of arresting such offender as hereinabove provided, serve upon him a summons in the name of any police court, recorder's court or other court of competent jurisdiction in the county, city, town, township, village, borough or other municipality wherein such officer shall be authorized to discharge his duties, directing such offender to appear and answer such charge or charges as may then and there be referred against him; and for this purpose the county, city, town, township, village, borough clerks respectively shall provide the said officer or officers with a form of summons, which when filled out, executed and issued by the said officer or officers, in such cases as herein provided, shall be good and effectual according to the purpose and intent thereof.

(2) Any person arrested for a violation of any of the provisions of this act shall, upon demand of the magistrate hearing the complaint against said person, produce his license for inspection, and if said person shall fail to produce his license or to give a satisfactory excuse for its non-production, he shall, in addition to

vided, shall under the following conditions, issue a cer-
tificate of license:
Satisfactory evidence.

(a) To any person who submits evidence satisfactory to the board, that he or she is fully qualified to practice professional engineering or land surveying.

(b) To any person who holds a like unexpired certificate of license issued to him or her by proper authority, in the District of Columbia or in any State or Territory of the United States in which the requirements for the license or registration of professional engineers or land surveyors are of a standard satisfactory to the board; provided, however, that no person shall be eligible for license as a professional engineer who is under twenty-one years of age or who is not of good character and repute or who has not been actively engaged for four (4) or more years in the practice of professional engineering of a grade satisfactory to the examining Board and who shall not have had responsible charge of work as assistant to a professional engineer for at least one (1) year.

And provided, further, that no person shall be eligible for license as a land surveyor who is under twenty-one years of age and who is not a citizen of the United States or who has not made declaration of his or her intention to become a citizen of the United States, or who does not speak and write the English language or who is not of good character and repute and who has not been actively engaged for three (3) or more years in the practice of land surveying of a grade satisfactory to the board; provided, however, each two (2) years of study satisfactorily completed, of engineering in a school of engineering of standing satisfactory to the board, shall be considered as equivalent to one (1) year of such active practice.

Unless disqualifying evidence be before the board, the following facts established in the application shall be regarded as prima facie "evidence satisfactory to the board" that the applicant has fully qualified to practice professional engineering or land surveying:

I. Six or more years of active engagement in professional engineering work, one of which shall have been in responsible charge of work, or in the case of applicants for a license as land surveyors, four or more years

of active engagement in land surveying work of a character satisfactory to the board.

II. Graduation after a course of not less than four (4) years in engineering, from a school or college approved by the board as of satisfactory standing and an additional four (4) years of active engagement in professional engineering, one year of which shall have been in responsible charge of work, or two (2) years of active engagement in professional land surveying satisfactory to the board.

Applicants for license, in cases where the evidence originally presented in the application does not appear to the board to be conclusive, or to warrant the issuance of a certificate, may present further evidence for the consideration of the board which may include the results of a required examination.

In determining the qualifications of applicants for license as professional engineers or land surveyors, character shall be given predominant weight and a majority vote of the members of the board shall be required to pass upon the issuance of a license to any applicant.

9. The said board after examination or receiving other evidence of qualifications as provided by this act, shall issue a license to the applicant therefor, certifying said applicant to have passed such examination or as being otherwise qualified to practice professional engineering and land surveying.

Any person receiving such license shall cause the same to be recorded in the office of the Secretary of State, in a book to be kept for that purpose, and shall pay such recording fee as may be provided by law for the recording of similar documents.

10. Such certificate of license shall expire on the thirtieth day of April following its issuance or renewal and shall become invalid on that day unless renewed.

It shall be the duty of the secretary of the board to notify by mail every person licensed hereunder, of the date of the expiration of his or her certificate and the amount of the fee required for its renewal for one (1) year, and such notice shall be mailed at least one (1) month in advance of the date of the expiration of said certificate.
Renewal fee. Renewal may be affected at any time during the month of April by payment of a fee of one (\$1) dollar to the secretary of the board. The failure on the part of any licensee to renew his certificate annually in the month of April, as required above, shall not deprive such person of the right of renewal thereafter, but the fee to be paid for the renewal of a certificate after the month of April shall be increased ten per centum (10%) for each month or a fraction of a month that payment for renewal is delayed; provided, however, that the maximum fee for a delayed renewal shall not exceed the sum of two (\$2) dollars.

Failure to renew.

Proviso. 11. The examining board shall have the power to revoke the certificate of license of any professional engineer or land surveyor licensed hereunder who is found guilty by said board of any fraud or deceit in obtaining a certificate of license, or of gross negligence, incompetency or misconduct in the practice of engineering or land surveying.

Charges of fraud, etc.

Preferring Charges. An person may prefer charges of such fraud, deceit, negligence, incompetency or misconduct against any professional engineer or land surveyor hereunder.

Such charges shall be in writing and sworn to by the complainant and submitted to the board. Such charges unless dismissed without hearing by the board as unfounded or trivial, shall be heard and determined by the board within three (3) months after the date on which they are preferred. The time and place for such hearing shall be fixed by the board. A copy of the charges, together with a notice of the time and place of hearing shall be personally served on the accused at least thirty (30) days before they day fixed for the hearing, and in the event that such service cannot be effected thirty (30) days before such hearing, then the date of hearing and determination shall be postponed as may be necessary to permit the carrying out of this condition. At said hearing the accused shall have the right to appear personally and by counsel and to cross examine witnesses against him or her and to produce evidence and witnesses in his or her defense. If after said hearing three or more members of the board vote in favor of finding the accused guilty of any fraud or
deceit in obtaining a certificate, or of gross negligence, incompetency or misconduct in the practice of professional engineering or land surveying, the board shall revoke the certificate of license of the accused. The board may, under circumstances which to it may seem proper, reissue a certificate of license to any person whose certificate has been revoked. The secretary of the board shall within thirty (30) days notify the clerk of each city, town, township, village, borough and other municipal corporation of this State of its revocation of a certificate of license or of the reissuance of a revoked certificate of license.

A new certificate of license to replace any certificate lost, destroyed or mutilated, may be issued subject to the rules and regulations of the board. A charge of ten ($10) dollars shall be made for such reissuance.

12. The issuance of a certificate of license by the board shall be evidence that the person named therein is entitled to all the rights and privileges of a licensed professional engineer or land surveyor while the said certificate remains unrevoked or unexpired.

Each licensee hereunder may upon being licensed obtain a seal of a design authorized by the board bearing the licensee's name and the words "licensed professional engineer" or "licensed land surveyor", or both. Plans, specifications, plats and reports issued by a licensee may be stamped with said seal during the life of licensee's certificate, but it shall be unlawful for any one to stamp or seal any documents with said seal after the certificate of the licensee named thereon has expired or has been revoked unless said certificate has been renewed or reissued.

13. Any person who after this act has been in effect two (2) years, is not legally authorized to practice professional engineering or land surveying in this State according to the provisions of this act, and shall so practice or offer so to practice in this State, except as provided in section fourteen of this act, and any person presenting or attempting to file as his own the certificate of license of another, or who shall give false or forged evidence of any kind to the board, or to any member thereof, in obtaining a certificate of license, or who shall
falsely impersonate another licensed practitioner of like or different name, or who shall use or attempt to use an expired certificate of license or an unexpired and revoked certificate of license, shall be deemed guilty of a misdemeanor and punishable upon conviction thereof by a fine of not less than one hundred ($100) dollars nor more than five hundred ($500) dollars or by imprisonment for a term not exceeding three months, or by both fine and imprisonment.

All fines collected for the violation of any of the provisions of this act shall be paid to the treasurer of this board to be held, disposed and accounted for by him as herein directed, and it shall be the duty of the county collector of each county, upon receipt by him of any such fine, to forthwith pay over same to the treasurer of said board; said board or any member or officer thereof may prefer a complaint for violation of this law before any court, tribunall or magistrate having jurisdiction and may by its officers, counsel and agents, aid in presenting the law or facts before said court, tribunal or magistrate in any proceeding taken thereon, and it shall be the duty of the prosecutor of the pleas of the counties in this State to prosecute all violations of the provisions of this act.

In case the respondent in said appeal is unable to pay counsel, the judge of the Court of Common Pleas shall assign counsel to represent such respondent. A Supplement to an act entitled "An act concerning the charitable, hospital, relief, training, correctional, reformatory and penal institutions, boards and commissions located and conducted in this State, which are supported in whole or in part from county, municipal or State funds," approved February twenty-eighth, one thousand nine hundred and eighteen.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The board of managers having in charge the work of ameliorating the condition of the blind, as provided for in the act of which this act is a supplement, shall in addition thereto be possessed of the powers and charged with the duties in this act enumerated.

2. Any person of either sex above the age of twenty-one years, who by reason of blindness, is unable to earn sufficient money to provide for the necessities of life, and who has no relative or other person legally responsible for his or her maintenance, and who, if not relieved, would become a public charge to the community, is a proper person to make application for the relief granted by this act not in excess of the sum of three hundred dollars in any one year. Any person making application under the terms of this act shall first have been a resident of this State for not less than five consecutive years immediately prior to the making of such application.
3. No person shall be eligible to the relief granted by this act who is suffering from mental or physical infirmity, which, in itself, would make him or her a charge upon any other institution or agency of this State, and which has so incapacitated him or her, prior to the loss of sight, that such person was a public charge prior thereto; and further providing, no person shall be eligible to this relief while publicly soliciting alms in any part of this State. The term “publicly soliciting” shall be construed to mean the wearing, carrying or exhibiting of signs denoting blindness or the carrying of receptacles for the reception of alms, or the doing of same by proxy, or by begging from house to house.

4. At least thirty days prior to action on any claim for relief hereunder the claimant shall file with the board having in charge the work of ameliorating the condition of blindness, a duly verified statement of facts sufficient to bring him or her within the provisions of this act. A list of claims and the evidence relating thereto shall be kept on file by such board, which record shall be a public record. No certificate for drawing money hereunder shall be granted until the board shall be satisfied from the evidence of at least two reputable residents of the county in which the applicant resides that they know the applicant to be in need of assistance under the provisions of this act, and that the applicant is possessed of residential qualifications which entitle him or her to the relief asked. Such evidence shall be in writing, subscribed to by such witnesses and hearings may be held on applications in the discretion of the board. If the board, having in charge the work of ameliorating the condition of the blind, is satisfied that the applicant is entitled to relief, under the provisions of this act, an order shall be made to that effect, and upon the approval of the same by the Commissioner of Institutions and Agencies, shall be paid from the funds appropriated for the aforesaid purpose. The relief granted pursuant to this act shall be in place of any and all other relief of a public nature.

5. Any person receiving relief under this act shall be required, by the board of managers paying such relief, to make a return in service equal in value to the amount
paid him or her; providing, in the judgment of the board of managers that the applicant be physically or otherwise able to do such work. These services shall be of such nature that they will be within the power of said recipients to render and shall be credited at a rate fixed by the board of managers. In the event of refusal to comply with this condition the board of managers shall discontinue all relief.

6. In the event of two blind persons married, each being dependent and coming under the provisions of this act at the time this act first became effective then such persons shall each be permitted to file their application, but no person marrying another who is blind after the passage of this act, shall be beneficiary under this act, but in case both have been receiving relief up to the date of their marriage, only one approved by the board of managers may thereafter be continued as a person qualified for said relief.

7. No blind person shall be deemed a pauper by reason of receiving relief under this act.

8. In case of the removal of any recipient of the relief herein created, from one county to another in this State, the amount paid by each county shall be made proportionate to the length of residence in each county.

9. An annual examination of all those receiving the relief granted by this act shall be made by said board of managers and the amount paid each person shall be fixed according to the direction of said board in accordance with their findings in each case. If not satisfied that the person is qualified to draw the money, the board shall remove such person's name from the list and all payments in the case shall be discontinued.

The board shall, at its discretion, make examination of any and all recipients of said relief, and in case any person is found no longer needy or the disability has been removed, or there is any other reason why the relief shall not be continued in whole or in part, then said board shall reduce or discontinue the amount.

10. When, upon investigation, the board finds that any blind person who has been a resident of this State for five years, or who has lost his sight in this State,
or who was a resident of this State at the time of the passage of this act, may be enabled to earn his living in part or in full, by a course of special instruction, the board may grant a scholarship fund not to exceed ten dollars per week for a period not to exceed forty weeks in each year, such fund may be used to defray the cost of board, tuition and traveling expenses. Any person who willfully fails or refuses to avail themselves of such educational facilities may be denied the benefits of the relief provided for in this act by the written order of the board.

11. The board may appoint a trustee to take charge of the expenditures of the relief granted any applicant, when, in its opinion, such trustee is necessary. In such case the warrant shall be issued to the direct order of such trustee, or in his name upon certificate of the board. Such trustee shall serve without pay and shall be subject to the rules and regulations which said board shall prescribe.

12. If the board, upon examination, finds that the recipient or claimant, for relief may have such disability benefited or removed by proper surgical operation, or medical treatment, according to the evidence of a qualified ophthalmologist, and such person entitled to such relief file his consent in writing, then the board may expend for such surgical operation or medical treatment all or any portion of the relief which the board may award any such person for one year under the provisions of this act. In such case the warrant shall be directly issued to the person performing such surgical operation or rendering such medical treatment upon the certificate of the board instead of being paid as the board may have directed to the person entitled thereto.

13. The expenses incurred by said board for the support, care and maintenance of persons coming within the provisions of this act, shall be charged against the county or other municipality in which such person has a settlement, as determined by the provisions of an act entitled “An act for the settlement and relief of the poor,” (Revision of 1911), approved April twenty-first, one thousand nine hundred and eleven, and the acts
amendatory thereof and supplementary thereto, and shall be paid by the board of chosen freeholders of such county, or the governing body of other municipalities in which such person has a settlement, which respective governing bodies shall annually hereafter in their said budgets provide sufficient funds for the expense and maintenance of persons chargeable to them under this act.

14. For the purpose of carrying into effect the provisions of this act there is hereby appropriated the sum of fifteen thousand dollars ($15,000), which sum shall be available when included in any appropriation bill.

15. This act shall take effect immediately.
Approved April 8, 1921.

An Act to amend an act entitled "An act to amend an act entitled 'An act to establish a thorough and efficient system of free public schools, and to provide for the maintenance, support and management thereof,'" approved October nineteenth, one thousand nine hundred and three, which amendment was approved April fifteenth, one thousand nine hundred and nineteen.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section seventy-six of the act to which this act is an amendment is hereby amended so as to read as follows:

76. (1) Whenever a city board of education shall decide that it is necessary to raise money for the purchase of lands for school purposes, or for erecting, enlarging, repairing or furnishing a schoolhouse or schoolhouses, it shall prepare and deliver to each member of the board of school estimate of such school district a statement of the amount of money estimated to be necessary for such purpose or purposes; said board of school estimate shall fix and determine the amount necessary for such purpose or purposes, and shall make two certificates of such amount, one of which certificates shall be delivered to said board of education, and the other to the common council, board of finance or other body in the city having the power to make appropriations of money raised by tax in such city, hereafter designated the governing body; said governing body may appropriate such sum or sums for such purpose or purposes in the same manner as moneys appropriated for other purposes in such city are raised, assessed,
levied and collected; or said governing body may appropriate and borrow such sum or sums for the purpose or purposes aforesaid, and may secure the repayment of the sum or sums so borrowed, together with interest thereon at a rate not to exceed six per centum per annum, by the issue of bonds in the corporate name of such city; bonds so issued shall be designated "School Bonds," may be registered or coupon, or both, of such denominations as the governing body may determine.

(2) Bonds issued hereunder shall be made payable in annual installments, commencing not more than two years from their date of issue; no installment shall be more than fifty per centum in excess of the amount of the smallest prior installment.

(3) All bonds issued hereunder shall mature within a period not to exceed the following number of years for the following classes of purposes:

A. For the acquisition or construction of schoolhouses, whether including or not including the original furnishings, or equipment, or machinery, or apparatus, required for the proper equipment of such buildings, if such building be:

(a) Of frame construction—that is, a building of which the exterior walls, or a portion thereof, shall be constructed of wood, or a building sheathed with boards and partially or entirely covered with four inches or less of masonry or with metal sheets—twenty years;

(b) Of non-fireproof construction—that is, a building the outer walls of which are constructed in accord with the specifications contained in clause (c) of this subdivision for a fireproof building, but which fail to conform with any of the other specifications for a fireproof building, as defined in clause (c)—thirty years;

(c) Of fireproof construction—that is, a building the walls of which are constructed of brick, stone, iron or hard incombustible materials, and in which there are no wood beams or lintels, and in which the floor, stair halls and public halls are built entirely of brick, stone, iron or other hard, incombustible materials, and in
CHAPTER 234, LAWS OF 1921.

which no woodwork or other inflammable material is used in any of the partitions, floorings or ceilings; but this definition shall include a building in which there is used, elsewhere than in the stair halls and entrance halls, wooden flooring and sleepers on top of the fireproof floor, wooden hand rails and treads if made of hard wood not less than two inches thick, or having wooden doors or window sash, or wooden jambs, frames, casings or trim in other than stairs or entrance halls—forty years.

B. For acquiring land for school purposes and for grading, drainage or otherwise improving or embellishing the land thus acquired—forty years.

C. For construction of an addition or additions to schoolhouses, and for the reconstruction of schoolhouses if the schoolhouse to which an addition or reconstruction is made is a building:

(a) Of the character described in subdivision A, clause (a)—fifteen years;
(b) Of the character described in subdivision A, clause (b)—twenty years;
(c) Of the character described in subdivision A, clause (c), thirty years.

D. For furnishing, refurnishing, equipment or apparatus or renewal of any or all of these things, when not in connection with the original furnishing, equipment or apparatus—ten years.

(4) No bonds issued under this section after July first, one thousand nine hundred and seventeen, shall be renewed or refunded, but any bonds issued prior to such date, where the fund or funds on hand for the payment of same at their maturity, or at the time such bonds may be called for payment, will be insufficient to pay same; then such portion only of such bonds as cannot be paid with the fund or funds on hand may be refunded by the issuance of refunding bonds. Such refunding bonds shall run for a period not to exceed twenty years, and shall be made payable in annual installments, each installment to be, as nearly as practical, of the same amount.
(5) Bonds issued for more than one purpose shall mature within a period not exceeding the average of the different periods assigned by this section to the several purposes for which the bonds are issued, taking into consideration the amount of bonds to be issued on account of the several purposes. The determination of such average period by the governing body shall be conclusive in any action or proceeding involving the validity of such bonds.

(6) Bonds shall be sold at not less than par and unless the authorized amount thereof is ten thousand dollars or less, and unless such bonds shall first be offered to the trustees of the school fund and accepted by them, they shall be sold upon sealed proposals or at public auction after notice of such sale published at least twice, the first publication at least ten days prior to sale, in a newspaper of the municipality, or if no newspaper is published therein then in a newspaper published in the county and circulating in such municipality, and also at least once in a financial paper selected by the governing body. Such notice shall state the terms of sale of such bonds, and shall require all bidders to deposit a certified check for two per centum of the amount of bonds bid for, drawn upon an incorporated bank or trust company, to secure the municipality against any loss resulting from the failure of the bidder to comply with the terms of his bid. If no bids are received for any bonds advertised to be sold at public sale herein, they may, within thirty days thereafter, be sold at private sale but such sales shall be made or confirmed by resolution of the governing body adopted by a two-thirds vote of all the members thereof. The governing body may, by a two-thirds vote of all the members thereof, sell to the sinking fund of such municipality any issue of such bonds or any part thereof at private sale at not less than par. No more bonds of any issue shall in any event be less than will produce a sum equal to the authorized amount thereof, and an additional sum of less than the smallest denomination of the bond.
(7) Such bonds may be sold at one time or in installments, each of which, the previous installments, shall mature within the period herein fixed. If sold in one installment, or upon the sale of the last installment, the notice of sale shall state the sum required to be obtained at such sale, not exceeding with the proceeds of any previous installments the amount of bonds authorized, and that bonds will be sold in an amount not exceeding such sum, and the maturities of such bonds and the rate of interest thereon. It shall also state that unless all bids are rejected said bonds shall be sold to the bidder or bidders complying with the terms of sale and offering to pay not less than such sum, and to take therefor the least amount of bonds, commencing with the first maturity and stated in a multiple of the smallest denomination of the bonds. Where two or more bidders offer to take the same amount of such bonds, then the bonds shall be sold to the bidder or bidders offering to pay therefor the highest additional price. The proceeds of any bonds issued under this act shall be paid to the custodian of school moneys of the school district, who shall in no event disburse the same, except to pay the expenses of issuing and selling the same, and for the purpose or purposes for which such bonds were issued. If, for any reason, any part of such proceeds are not applied to or necessary for such purpose or purposes, the board of education may transfer the balance remaining unapplied to the building and repairing account of the school district.

(8) Such city shall in its annual tax levy raise money sufficient to pay the interest and the principal of such bonds as may mature during that year; the proceeds of the sale of such bonds shall be deposited with the custodian of school moneys of such school district, and shall be paid out only on the warrants or orders of the board of education; provided, that no amount in excess of three per centum of the taxable valuation of the real and personal property shall be appropriated only with the concurrence and consent of the governing body,
expressed by its resolution duly passed; provided fur- ther, that the total amount of bonds for such purposes, including bonds theretofore issued for the purposes named in this section and not redeemed, shall not exceed at any one time a sum equal to six per centum of the taxable valuation of the real and personal property in such district; and provided, further, that if the charter of the city shall limit the amount of indebtedness in such city, or shall by its terms prevent the carrying out of the provisions of this section, said charter provisions shall hereafter be held not to apply to the issuing of bonds under the provisions of this section.

2. This act shall take effect immediately.

Approved April 8, 1921.

Bridge and culvert building may be included in the road contract, or separately contracted for and advertised in the engineering journal as hereinbefore specified. Every such separate contract must be approved by the commissioner. All advertisements shall be made as required by this act and bids received shall give separately the price of each bridge or culvert when the same are included in the road contract.

For the purpose of estimating the State's share of the cost of the work under this act, said cost shall include that of supervision and engineering.

The board of chosen freeholders may, after the execution and approval by the State Commissioner of Public Roads of a contract or contracts for improvement under this act, make without public advertisement, supplemental contracts for additional work found to be necessary as a part of such improvement; provided, such contracts shall not cover any additional mileage or length of road, nor alter the general character of the improvement; and provided, further, that before any such contracts shall become binding, and before any work shall be done thereunder, they shall be submitted to and approved by the State Commissioner of Public Roads in the same manner as hereinbefore provided in case of contracts let after public advertisement.
The State's share of or contribution to the cost of any improvement under this act shall be forty per centum of the total estimated cost thereof, except when otherwise provided in this act or when the same is left to the discretion of the State Commissioner of Public Roads.

4. Section six (6) shall be amended to read as follows:

6. The State Commissioner of Public Roads is empowered to employ as need arises, a staff of qualified road inspectors, certified as such by the Civil Service Commission, at salaries to be determined by the State Highway Commission, and such proper itemized and reported expenses as said commission may allow. Such staff may be removed in accordance with the provisions of the Civil Service law, or assigned to any work appertaining to roads which the commissioner may elect.

If, in the judgment of the Commissioner of Public Roads, temporary or seasonal inspectors are required, they may be appointed by the said commissioner at a salary to be fixed by the State Highway Commission. Said inspectors shall be appointed subject to the provisions of the Civil Service law of this State, from among those certified by the Civil Service Commission. The said inspectors may be graded according to the character of the work to be performed by them and compensated accordingly. In addition to their duties as road inspector, such persons may be sent to points within or without the State of New Jersey, for the inspection and supervision of road and bridge materials in course of production or manufacture for use in said State. All inspectors shall be paid from the State's appropriated share of the cost of the road, and credit for these payments shall be allowed the State in fixing its share of such cost.

5. Section seven (7) shall be amended to read as follows:

7. Where any contract provides for partial payments based upon the amount of work done, it shall be the duty of the State Highway Engineer or his authorized agent, in conjunction with the county engineer, as each
payment becomes due, to present to the board of chosen freeholders a certificate, signed by said State and county officials, in which certificate shall be stated, as near as can be, the amount of work done, for which payment is to be made, and that the same has been done, in all respects, in strict conformity with the contracts, plans and specifications. When the work done under any contract shall have been fully completed, the State Highway Engineer and county engineer shall have prepared a detailed and itemized statement, in quadruplicate, of the cost of the improvement, one copy whereof shall be filed with the board of chosen freeholders, one with the clerk of the county and two with the State Commissioner of Public Roads.

Contracts may provide for partial payments at least once each month or from time to time, as the work progresses, on work of construction or maintenance, but not in excess of ninety per centum of the value of materials in place and of the work done.

Contracts may also provide for partial payments at least once in each month, or from time to time, as the work progresses, on all materials placed upon the site which are suitable for the use and execution of the contract, but such partial payments shall not be in excess of eighty per centum of the value of such materials, providing the contractor furnishes releases of liens for all material furnished at the time each estimate of work is submitted for payment.

6. Section twelve (12) shall be amended to read as follows:

12. After the first county road shall have been constructed under this act in any county, it shall be the duty of the board of chosen freeholders to appoint some suitable person as county supervisor of roads, and a qualified civil engineer as county engineer, and each of whom, before assuming the duties of his office, shall make and subscribe an oath or affirmation that he will faithfully perform all the duties of his office to the best of his ability and understanding. Such supervisor and engineer shall hold office for five years and until his successor is appointed and qualified. He shall give bond.

to the board of chosen freeholders in the penal sum, of one thousand dollars, conditioned for the faithful performance of the duties of his office, with such surety or sureties as the board shall approve. The said engineer shall receive such compensation for his services as the said board shall determine, and said supervisor shall receive a salary and allowance for expenses, both fixed by said board, but said compensation or salary is not to be reduced during the said engineer's or supervisor's term of office.

The said engineer or supervisor may be dismissed at any time by the governing body after a proper hearing upon proof sustaining to the satisfaction of said body charges preferred by the said body or the State Commissioner of Public Roads, for incompetency, neglect, disability or other cause. In the event of such dismissal, the said board shall immediately appoint a new engineer or supervisor to hold for the full term of five years from date of appointment. The said board of chosen freeholders shall appropriate all moneys necessary to keep any and all roads constructed under this act in good repair and free from obstruction, and if the board shall have no money which may be lawfully used for such purposes, it shall have the power to borrow the same on credit of the county, until the next annual taxes shall have been levied and collected. The cost of all repairs and removal of obstructions shall be paid by the county treasurer, upon the order of the board of chosen freeholders, and all bills for repairs and removal of obstructions shall be verified by affidavit and shall be certified to be correct by the county supervisor of roads.

7. Section fourteen (14) shall be amended to read as follows:

14. If all the owners of property abutting on any road or highway, in any county, which has not been improved or is not undergoing improvement, desire said road, or any section thereof, to be improved, and shall certify, in writing, to the board of chosen freeholders, that they are willing to bear the entire expense of such improvement, the county engineer, or other com-
petent engineer, shall prepare plans, cross-sections and specifications for the work to be done on such road, or any section thereof, so to be improved, and shall submit the same to the owners and if satisfactory to such owners, they are hereby authorized to enter into contract for such work, said contract to be first submitted to the board of chosen freeholders for its approval. Upon the completion of the work to the satisfaction of the county engineer, and the board of freeholders, and upon the submission to said board of proper receipts showing full payment for all work done, the said board of chosen freeholders may, by resolution, declare that said road, or any portion thereof, be thereafter a county road. The location of any portion of said road may be changed, if deemed desirable, upon acquiring the consent, in writing, of the owner or owners of land abutting on such portion of road so to be changed, and upon acquiring, without expense to the county, the land necessary for such change. The county engineer shall be paid a legitimate fee for supervising said work, to be paid by said owners.

8. Section nineteen (19) shall be amended to read as follows:

19. The provisions of this act shall extend to townships, towns, boroughs, villages, or any municipality or municipalities, except cities, and no road shall be built within any city under this act. The common council or other governing body, the assessor or assessors, the mayor or other chief executive officer, the clerk and collector, or other financial officer, respectively, of any township, town, borough, village, or other municipality, shall have the power and shall perform all the duties as are in this act cast upon the board of chosen freeholders, the county board of taxation, the director of the board of chosen freeholders, the county clerk and county treasurer, respectively. Any of said municipalities may raise, by taxation, funds with which to pay for the cost of the construction of any road or roads, or may issue bonds for the payment of the same, in the same manner, as nearly as may be, as the board of chosen

freeholders may do under this act, it being the expressed intention of this section to confer upon townships, towns, boroughs, villages or other municipalities, full power to improve any road, or section of road, under the provisions of this act, all proceedings conforming, as nearly as may be practicable, to the provisions of this act. Any such road, or section of road, so constructed by any township, town, borough, village or other municipality, other than by the county, shall be exclusively under the jurisdiction and control of such township, town, borough, village, or other municipality, and shall be repaired and maintained by such municipality.

9. Section twenty-one (21) shall be amended to read as follows:

21. A resolution passed by the township committee of any township, or the governing body of any other municipality through which said road runs, to pay at least ten per centum of the cost of said improvement provided for in the first section of this act, shall be binding upon such township, or such other municipality, as the case may be.

10. Section twenty-five (25) shall be amended to read as follows:

25. All bonds authorized to be issued by this act by the board of chosen freeholders, or any municipality, shall be known as “Road Improvement Bonds.”

Such bonds shall be of such denomination, bear such rate of interest, not exceeding five (5%) per centum per annum, and be payable at such places and such times, not exceeding thirty years from their date, except bonds issued to provide funds for extraordinary repairs or reconstruction which shall be payable in not exceeding five years from their date, and be in such form as the board of chosen freeholders or governing body of any municipality issuing such bonds shall by resolution determine.

Said bonds shall be signed by the director and clerk of the board of chosen freeholders of the county, sealed with the seal of such board and countersigned by the county treasurer of the county, and in the case of a
municipality other than a county shall be signed by the mayor, or chief executive officer, or the chairman or presiding officer of the governing body thereof and by the clerk thereof and sealed with the seal of said municipality, and countersigned by the chief financial officer thereof. The said bond may be either coupon or registered, or coupon bonds with the privilege of registration as to principal only and of conversion into bonds registered as to both principal and interest and the faith and credit of the county or municipality issuing them shall be pledged for their payment. Such bonds shall recite that they are issued pursuant to the authority of this act and of the resolution authorizing the issuance thereof, which shall be conclusive evidence of their validity, and of the regularity of their issuance.

There shall be raised by taxation annually after the issuance of any such bonds, a sum sufficient to meet and pay the interest thereon, as the same accrues, and a sum to be paid into a sinking fund which will, together with the accumulations thereof, provide a fund sufficient to meet and pay the principal of said bonds at maturity; provided, however, that if such bonds be so issued that they are payable in annual installments substantially equal in amount, the first of which installments shall be payable in two years from the date of such bonds and the last installment to be payable within thirty years from such date, the board or body authorizing such bonds in lieu of providing for a sinking fund to meet the principal of said bonds, shall cause to be raised by taxation in each year in which an installment of principal shall be payable an amount sufficient to meet said installment, in addition to the annual tax during the life of the bonds to provide for the payment of the interest accruing thereon.

II. All acts or parts of acts inconsistent herewith are hereby repealed and this act shall take effect immediately.

CHAPTER 276.

An Act to enable cities of the third and fourth class to regulate and limit the height and bulk of buildings, to regulate and determine the area of yards, courts and other open spaces, and to regulate and restrict the location of trades and industries.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The common council or governing commission of cities of the third and fourth class shall have power to regulate and limit the height and bulk of buildings hereafter erected, and to regulate and determine the area of yards, courts and other open spaces. The common council or governing commission may divide the city into districts of such number, shape and area as it may deem best suited to carry out the purposes of this section. The regulations as to the height and bulk of buildings and the area of yards, courts and other open spaces shall be uniform for each class of buildings throughout each district. The regulations in one or more districts may differ from those in other districts. Such regulations shall be designed to secure safety from fire and other dangers and to promote the public health and welfare, including provision for adequate light, air and convenience of access. The common council or governing commission shall pay reasonable regard to the character of buildings erected in each district, the value of the land and the use to which it may be put, to the end that such regulations may promote public health, safety and welfare and the most desirable use for which the land of each district may be adapted, and may tend to conserve the value of the buildings and enhance the value of land throughout the city.

2. The common council or governing commission of cities of the third and fourth class shall also have the
power to regulate and restrict the location of buildings designed for specified uses, as well as the location of trades and industries, and may divide the city into districts of such number, shape and area as it may deem best suited to carry out the purposes of this section. For each such districts regulations may be imposed designating the uses for which buildings may not be erected or altered, and designating the trades and industries that shall be excluded or subjected to special regulations. Such regulations shall be designed to promote the public health, safety and general welfare. The common council or governing commission shall give reasonable consideration, among other things, to the character of the district, its peculiar suitability for particular uses, the conservation of property values, and the direction of building development in accord with a well-considered plan.

3. The common council or governing commission of cities of the third and fourth class accepting the provisions of this act shall appoint a commission to be known as "Commission on Building Districts and Restrictions," to consist of the chief engineer of the board or body having control of the streets and highways, the superintendent of buildings, or such officer of said city as exercises the duties of a superintendent of buildings, the officer of said city in charge of the inspection of combustibles and fire risks, and the members of the city plan commission if such commission exists. In any city of this State which has not appointed a city plan commission, the mayor, with the advice and consent of the common council or governing commission, shall then appoint six members-at-large who shall be residents of the municipality. Such commission shall serve without pay and shall recommend the boundaries of districts and appropriate regulations and restrictions to be enforced therein. Such commission shall make a tentative report and hold hearings thereon at such times and places and upon such notice as said commission shall determine before submitting its final report to the common council or governing commission. Said common council or governing commission shall not deter-

4. The common council or governing commission may, from time to time, after public notice and hearing, amend, supplement or change said regulations or districts. Such proposed amendment, supplement or change, however, must first be referred to the commission on building districts and restrictions for consideration and report before final action shall be taken thereon by said common council or governing commission. But in case a protest against a proposed amendment, supplement or change be presented, duly signed and acknowledged by the owners of twenty per centum or more of the frontage of the property proposed to be altered, or by the owners of twenty per centum of the frontage upon the street immediately in the rear thereof, or by the owners of twenty per centum of the frontage directly opposite the property proposed to be altered, such amendment shall not be passed except by a three-quarters vote of the common council or governing commission.

5. The experts, clerks and secretary of the city plan commission, in cities where such commission exists, shall act in similar capacities for the commission on building districts and restrictions. Such expenses as said commission on building districts and restrictions may lawfully incur under the powers hereby granted, including the necessary disbursements incurred by its members in the performance of their duties as members of said commission, shall be paid out of the amount appropriated for the city plan commission by the board or body having charge of the finances of said city; provided, that such expenditures are duly approved by the city plan commission; and provided, further, that the

total amount so expended in any one year shall not exceed the appropriation for such year.

6. In any city of the third or fourth class in this State which has not appointed a city plan commission, it shall be lawful for the board or body having charge of the finances of said city to appropriate any amount not exceeding five thousand dollars in any year that such commission shall remain in existence for the expenses of such commission on building districts and restrictions, and the moneys for said commission shall be raised by annual tax upon real and personal property as other taxes are raised in and for such city; provided, however, that for the fiscal year in which this act becomes effective, such moneys may be raised by said board or body having charge of the finances of such city, by appropriating for that purpose any moneys in the treasury by such city not otherwise appropriated, or by issuing and selling temporary loan bonds or certificates of indebtedness; provided, that the payment of such bonds or certificates, with interest, shall be provided for in the next tax levy.

7. This act shall not be construed so as to limit or abridge any right, power or authority conferred or vested in city plan commissions in cities of this State.

8. Wherever the provisions of any ordinance or regulation adopted by the common council or governing commission under the provisions of this act impose requirements for lower height of buildings or a less percentage of lot that may be occupied, or require wider or larger courts or deeper yards than are imposed or required by existing provision of law or ordinance, the provision of such local ordinance or regulations adopted under the provisions of this act shall govern. Where, however, the provisions of the New Jersey tenement house law, the building code or other ordinance or regulation of any city of the third or fourth class impose requirements for lower height of building, or less percentage of lot that may be occupied, or require wider or larger courts or deeper yards than are required by any ordinance or regulation which may be adopted by the common council or governing commission under the
provision of this act, the provision of said New Jersey tenement house law or said building code or other ordinance or regulation shall govern.

Approved April 12, 1921.

CHAPTER 295.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section twenty-two of the act of which this act is amendatory be and the same is hereby amended so that it shall read as follows:
22. (a) After the first day of June any municipality, in anticipation of the receipt of tax revenues for that year for municipal purposes, for local school purposes, and for State and county purposes which are collectible by the collector of the taxing district, may, after any such taxes become delinquent, and to the amount thereof, borrow moneys for the purpose of making all payments which may be lawfully made out of the proceeds of such taxes, including the payment of State and county taxes as and when required by law, or to refund its outstanding tax anticipation notes or bonds. In the case of municipalities, for the purpose of this section, one-half of the taxes levied upon railroad and canal property which are payable in the first instance to the State Comptroller, and paid by him to the county treasurers for distribution to the taxing districts and one-half of the franchise taxes and one-half of the tax on gross receipts of corporations shall be deemed delinquent to the taxing district from the first day of June, and the other half from the first day of December, until said railroad and canal and franchise taxes and taxes on gross receipts of corporations are received by the collector or other proper officer of the municipality.

After the fifteenth day of June, any county, in anticipation of the receipt of tax revenues for the current year due from the municipalities for county purposes, for the State school tax and other State taxes apportioned to said county, as certified and included in the tax levies of the several municipalities by the county board of taxation, which are delinquent, and to the amount thereof, may borrow such moneys as may be necessary to meet the lawful expenditures under the appropriations as fixed in the tax resolution, or for the payment of the State school tax or other State taxes as same may become due or to refund its outstanding tax anticipation notes or bonds.

(b) All obligations incurred under this section shall be evidenced by the issue of Tax Revenue Notes or Tax Revenue Bonds, and not by the name or in the form of any other instrument whatsoever. (giving the year in which such tax revenues became delinquent), and no notes or bonds shall run with their renewals for a longer period than four years after the thirty-first day of December of the year in which the tax revenues against which such note, notes, bond or bonds, were issued, became delinquent as hereinafter provided. For the purpose of this section, taxes, which have been imposed or levied but which have been set aside or vacated or annulled shall be deemed delinquent taxes.

(c) After the lawful expenditures under the appropriations for the year have been met, and the Tax Anticipation Notes or Bonds, and the Emergency Notes or Bonds, falling due in the year of issue have been paid or retired, the receipts of all delinquent tax revenues of any fiscal year shall be set aside and applied to the retirement of the Tax Revenue Notes or Bonds of that year, until all notes or bonds issued against the delinquent tax revenues of that year are paid; provided, however, when there are obligations incurred for, or purposes unfulfilled under, the budget appropriations of any year, there may be reserved from the first receipts of delinquent taxes of that year an amount sufficient to pay such obligations or to fulfill such purposes, but in no case shall such receipts be reserved to an amount that is greater than the difference between the delinquent taxes of such year and the revenue notes or bonds outstanding against such delinquent taxes; and provided, further, that if at the time of borrowing, a municipality has power to borrow on tax anticipation notes or bonds, the power to borrow on such notes or bonds shall first be exhausted before it shall borrow on tax revenue notes or bonds.

All such notes or bonds shall be paid and retired on or before the last day of said fourth year; provided, however, if any portion of the taxes upon which said Tax Revenue Notes or Bonds were issued shall be in litigation, then an amount equal to the face value of said
taxes may be excepted and carried by renewal or renewals of said Tax Revenue Notes or Bonds until said litigation shall have been concluded, and all or any portion of the said taxes are paid; if, however, the courts or other lawful body shall cancel or remit all or any portion of the taxes so in litigation, then the said Tax Revenue Notes or Bonds, in an amount equal to the taxes so cancelled or remitted, shall be paid in not more than five equal annual installments by the inclusion of an annual installment in the tax levy of each succeeding year until the said Tax Revenue Notes or Bonds shall have been paid; or if, notwithstanding the result of such litigation be in favor of the municipality, such taxes shall, nevertheless, prove to be uncollectible and the governing body shall, by proper resolution, so declare, then the Tax Revenue Notes or Bonds, to the amount of the taxes so declared to be uncollectible, shall be paid in not more than five equal annual installments by the inclusion of an annual installment in the tax levy of each succeeding year until the said notes or bonds shall have been paid.

(e) The gross amount of Tax Revenue Notes or Bonds for any year shall at no time exceed the gross amount of uncollected delinquent tax revenues of that year, plus the amount of the receipts from such tax revenues in hand, applicable to the discharge of such notes or bonds at maturity, excepting, however, the amount of such notes or bonds as shall represent the amount of taxes cancelled or remitted as the result of litigation or declared to be uncollectible as herein provided.

2. Section twenty-three of the act to which this act is an amendment is hereby amended to read as follows:  
23. Such a statement shall be made by the treasurer or chief financial officer of the municipality or county, as the case may be, and his signature to the instrument shall constitute a declaration to the other officials who are required to sign such instrument that the statement made is correct, and such statement shall constitute conclusive evidence to the holder of such instrument that the same was fully authorized under and within the powers, limitations and provisions of this act.

3. Section twenty-six of the act to which this act is an amendment is hereby amended to read as follows:

26. All notes or bonds issued hereunder shall be authorized by resolution. They shall be negotiable instruments, but may be registered upon request of the purchased or holder. They shall bear interest at a rate not in excess of six per centum per annum, and shall be sold by the municipal or county maker thereof for not less than par. The faith and credit of the municipality or county shall be deemed to be pledged for the payment of such notes or bonds with interest, as though a statement to that effect were endorsed thereon. Such notes or bonds shall be sold at par. The bidder shall be required to state the amount of interest he is willing to take for the loan about to be made. The bidder offering the least interest rate expressed in multiples of one one-hundredths of one per centum shall be awarded the sale of said notes or bonds; if, however, one or more bidders offer the same interest rate, then the bidder who shall offer the greatest additional premium shall be awarded the sale of said notes or bonds. Should no bid be received in response to the advertisement, the governing body shall have power within thirty days to sell such notes or bonds at private sale at the most advantageous rate obtainable; provided, however, that upon a two-thirds vote of the governing body notes or bonds to any amount may be sold to the sinking fund of the issuing municipality or county, as the case may be, at par, without advertisement or public bidding; provided, further, that upon two-thirds vote of the governing body notes or bonds to any amount which are by the provisions thereof payable within six months from their date, may be sold at private sale at not less than par without advertisement or public bidding.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

Notwithstanding repeated warnings as to the devastating effect of preventable fires, through the medium of Executive Proclamation and State and municipal officers charged with the protection of life and property, it appears from carefully compiled statistics for the year 1919 that New Jersey suffered a seven dollar per capita fire loss, as compared with an average three dollar per capita fire loss for the United States, to which must be added an incidental and irreparable loss of life and injury of persons.

This tremendous property waste includes not only the destruction and damage to buildings and forests, furniture and equipment, material raw and manufactured, but—more important now—foodstuffs and wearing apparel, of which millions of dollars worth of those absolute essentials for life and comfort were destroyed at a time when their value was so great.

With the present-day housing condition so acute, the cost of living so high, and no assurance of immediate relief in view, it becomes a duty, to which every resident of our commonwealth should respond, to join in the nationwide movement to minimize and eventually eliminate this stupendous loss occasioned by preventable fires.

Now, therefore, I, Edward I. Edwards, Governor of the State of New Jersey, believing the citizens of our State (which was among the first to enact comprehensive laws for the prevention of fires), should and will unite in this movement, do hereby proclaim and urgently request that Saturday, October ninth, 1920, be known and observed as

FIRE PREVENTION DAY

throughout our State.

To further emphasize the importance of and the necessity for the co-operation of everybody with this
movement, our school authorities should enlist the aid of teachers and pupils, and I recommend that every citizen assist by removing any danger found to exist upon his own property; that rubbish, trash and unnecessary accumulation of inflammable material be destroyed; that heating and lighting appliances be inspected and repaired where necessary; that factories, public buildings and institutions be inspected for fire risks; that attention of governing bodies of municipalities be given to hydrants, water pressure, fire apparatus and appliances, and that wise and precautionary measures be utilized to prevent fires.

I further request that campers, hunters and others who use, for pleasure or profits, the forests of our State, whether in the State Reserve or private property, carefully refrain from making fires where underbrush, dry leaves and decayed vegetation abound, and from leaving smouldering embers of fires or throwing away lighted cigars, cigarettes and matches in such places.

PROCLAMATION.

State of New Jersey,

Of the many organizations which can justly claim the support of all right-minded American citizens, none is more deserving of support and encouragement than the Girl Scouts. The aim of this organization is so worthy, the ideals which it holds up to its membership so noble, and the practical results of its training so beneficial, that we should all lend our support to the movement which has for its object an increase in membership.

The widening of the scope of woman's activities and the responsibilities incident upon the exercise of the right of suffrage call for a broader and more varied training, than was necessary in the past. The training
in citizenship which this organization offers, the lessons in home-making and health-building which it instills, and the spirit of unselfish service and thoughtfulness for others which it inculcates and which is exemplified by the slogan of the Girl Scouts—"Do a Good Turn Daily." All these agencies contribute powerfully toward the development of a type of womanhood of which America stands in need and which will be a vital asset to the welfare of the country.

It is most desirable that the attention of the public be directed toward this work, and that parents, teachers and all Americans who have the best interests of the girlhood of this country at heart should become interested in this movement and should encourage the girls of America to enroll in this organization.

THEREFORE, I, EDWARD I. EDWARDS, Governor of the State of New Jersey, do hereby proclaim the week beginning November sixth and ending November 15th as GIRL SCOUT WEEK and trust that the campaign for members will receive unqualified support.

Given under my hand and the Great Seal of the State of New Jersey, this sixth day of November, A. D. one thousand nine hundred and twenty, and in the independence of the United States the one hundred and forty-fifth.

Again the people of America are given the opportunity of co-operating in service to humanity through the medium of the Fourth Annual Roll Call of the Red Cross. The renewal of membership in the Red Cross will enable this remarkable organization to carry on its works of mercy through the sphere of its activities.

The American Red Cross needs no recommendation to the American people. We are all familiar with the stupendous character of its operations in the recent war—operations so far-reaching and conducted on so vast a scale as to merit our unqualified admiration and support. That the American people were not insensitive to the scope and character of the work of the Red Cross in past years is evidenced by their response to former roll calls.

But there still remains a vast amount of work to be done in the Army and Navy, in Europe, and at home. In the Army and Navy the Red Cross still continues to give aid and comfort to thousands of men still in the service, and has been entrusted by the Government with the carrying on of vocational work for men blinded in the war. In Europe the Red Cross is valiantly trying to alleviate the appalling conditions on the Eastern Front, is fighting pestilence and want, and is in need of all the aid we can give it; while at home, in addition to ministering to suffering and needy humanity, the Red Cross is undertaking to avert a vast amount of sickness, and is trying, by education, to minimize the spread of disease and prevent the hundreds of thousands of deaths which occur annually from preventable diseases.

To be given the opportunity of aiding in this noble work is indeed a privilege, and I trust that the citizens of New Jersey will gladly respond to the call for mem-

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

On November 11th, 1918, an expectant world, eagerly watching the efforts of the Allies to crush the armies of the German Empire, was electrified by news of the armistice. As the history of the thrilling feats performed by the boys of the American Expeditionary Force was revealed to our people, an abiding faith and pride in the valor and courage of the American armies filled their souls.

To afford an opportunity of giving expression to these sentiments and to evidence the deep appreciation in which the boys of the A. E. F. are held by the people, it is urged that Thursday, November 11th, 1920, be set apart for commemorating the great day which brought victory to America and her allies.

Where possible, business should be suspended, and the day given over to the holding of celebrations evidencing the feeling of the American people.

Given under my hand and the Great Seal of the State of New Jersey, this eighth day of November, A. D. one thousand nine hundred and twenty, and in the independence of the United States the one hundred and forty-fifth.

EDWARD I. EDWARDS,

By the Governor: Governor.

THOMAS F. MARTIN,
Secretary of State.
PROCLAMATION.

State of New Jersey,
Executive Department.

It is not hallowed custom alone which in this year of grace 1920 should bring the people of the United States of America to offer up prayers of thanksgiving for the blessings which have come to them during the year, nor should the force of tradition be the only power impelling us to a proper observance of Thanksgiving Day. Rather should there be a spontaneous outburst of devotion, praise and thanksgiving for the blessings which have been showered so abundantly upon this favored land.

We should consider the material blessings which have come to America. Let us give thanks for the bountiful fruits of the earth and for the success of our industries and commerce, and though the dark cloud of war is no longer hanging over us, the anxieties and tribulations which are the accompaniment of war are still so fresh in our minds that we can yet feel deeply and humbly grateful for the successful termination of the war and the lifting of the heavy load that weighed upon the hearts of our people.

Furthermore, it is eminently fitting that in this year of 1920, which marks the three hundredth anniversary of the Landing of the Pilgrim Fathers, we should give particular thanks for the establishment of our free institutions. Our forefathers sought relief from oppression. Is it not a matter of prayerful pride to reflect upon the millions of people since their day who have found in America not merely a refuge from oppression, but, by virtue of our system of government, have been granted the opportunity of working out their destinies in freedom and justice?

Therefore, I, Edward I. Edwards, Governor of the State of New Jersey, do hereby proclaim November 25, 1920, as Thanksgiving Day

and urge that the people of our State gather in places
of worship and give thanks for the blessings and the mercies extended throughout the year. Let us ask Divine guidance for the future, and pray that the material progress of our country will never impair our sense of justice, and that the “free institutions” which our forefathers established through hardship and suffering may be ever preserved in their integrity.

Given under my hand and the Great Seal of the State of New Jersey, this sixteenth day of November, A. D. one thousand nine hundred and twenty, and in the independence of the United States the one hundred and forty-fifth.

The Victory Medal, authorized by Congress as a token of appreciation for patriotic war service, is ready to be issued to those who honorably served on active duty in the Army, Navy or Marine Corps at any time between April 6, 1917, and November 11, 1918.

The Victory Medal is beautiful in appearance. Of tones bronze, it was designed by a famous American sculptor.

But even more important and more valuable than the appearance of the medal is the valorous service and high conception of American citizenship which it represents. It bespeaks the Nation's gratitude for those self-sacrificing ideals which make a nation great. While, perhaps, the great war is of too recent occurrence to permit a proper perspective of the enormity of the demands made upon the country's youth and the wonderful response thereto, nevertheless, as time passes this realization will be more complete, and an emblem such as the Victory Medal will be of priceless value to the friends, relatives and descendants of those who fought
with honor and distinction, even though personal modesty may not permit such a high value being placed upon it in the eyes of those by whom it has been earned.

Therefore, I, Edward I. Edwards, Governor of New Jersey, do hereby issue this Proclamation, urging that soldiers and sailors and all former service men of New Jersey entitled to this medal make application for it at once. Application may be made at any recruiting station, either of the Army, Navy or Marine Corps, or through the nearest Post of the American Legion. Jerseymen of whom we are all proud are most earnestly urged to do this, not only as a part of their duty in assisting the War Department in the proper distribution of the Victory Medal, but also as a matter of right and justice to themselves.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

It is most important, at this stage of the world's history, when so many elements are combining to upset the established forms of government, that every encouragement should be given to the movement which is being fostered by patriotic and public-spirited citizens to inculcate in the minds of all our people, both native-born and foreign, a respect for law and order and a reverence for our institutions.

To aid in the perpetuation of these institutions, our State, and our present form of government; to offset the world-wide propaganda, now directed to the people of this country, of mistrust and sedition, aimed at the home, all forms of religion, and the Government itself; to meet any peril that may be started by a noisy minority for ulterior purposes employed by an alien or enemy government, Soviet or revolutionary.
I, Edward I. Edwards, Governor of the State of New Jersey, do hereby designate Sunday, January 23, as Law and Order Sunday, and respectfully suggest that, so far as is practicable, a sermon on law and order and the necessity for upholding the government be preached from every pulpit on this day.

Given under my hand and the Great Seal of the State of New Jersey, this thirteenth day of January, A. D. one thousand nine hundred and twenty-one, and in the independence of the United States the one hundred and forty-fifth.

State of New Jersey,
Executive Department.

Of all the calamities which follow upon the wake of war none is more disastrous and more pitiful than the condition which exists to-day among the little children of Central and Eastern Europe. Because of the widespread destruction attendant upon the war and the complete disruption of agriculture and commerce in those stricken countries the people are experiencing want and famine, and the greatest sufferers are the children. Fully three million five hundred thousand of these helpless little ones are suffering from under-nourishment, and in order to provide the necessary food until the next harvest the European Relief Council is starting a campaign to secure thirty-three million dollars, an amount which, though small in comparison with the vast wealth
of our country, will do an incalculable amount of good and serve to tide over these unfortunates until the harvest time.

It is a sufficient guarantee that the money will be distributed wisely and in the most effective manner possible to say that Mr. Herbert Hoover is National Chairman of the European Relief Council. This Council is composed of the following organizations: The American Red Cross, American Relief Administration, American Friends' Service Committee, Jewish Joint Distribution Committee, Federal Council of Churches of Christ in America, Knights of Columbus, Young Men's Christian Association and Young Women's Christian Association. These organizations have distinguished themselves by their relief work in Europe, and are trained to handle the problems which they will meet in their work of mercy.

It seems almost superfluous to make any further appeal to the people of New Jersey than to simply call attention to the appalling conditions and the need for aid. Our people have always responded so generously to any appeal of this kind in the past that I am sure that all that is necessary is to direct their attention to this campaign.

Therefore, I, Edward I. Edwards, Governor of the State of New Jersey, do commend this undertaking to the people of our State, realizing that they will not fail to respond generously and that they will welcome this opportunity to befriend the innocent little victims of war and famine.

Given under my hand and the Great Seal of the State of New Jersey, this nineteenth day of January, A. D. one thousand nine hundred and twenty-one, and in the independence of the United States the one hundred and forty-fifth.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, His Excellency, Warren G. Harding, President of the United States, has by proclamation called upon the Governors of the various States to designate and set apart the week of May 22-28, 1921, as Forest Protection Week, and to request all citizens of their States to plan for that week such educational and instructive exercises as shall bring before the people the serious and unhappy effects of the present unnecessary waste by forest fires, and the need of their individual and collective efforts in conserving the natural resources of America; and

WHEREAS, For fifteen years New Jersey, through its forest fire service, is giving Nature the chance that she seeks to maintain forests wherever the land is not needed for a higher and more essential purpose; and

WHEREAS, The timber now produced by our two million acres of woodland—forty-five per cent of the State's area—has a net value as stumpage of not over $2,500,000 yearly; while the land and standing forests are assessed at not over $6,000,000; and

WHEREAS, Under proper protection, and with the minimum of expense for management, they are capable of producing every year at least $10,000,000 worth of the wood that our people now are obliged to import, and of advancing to an assessable value of $200,000,000; all this without an attempt to represent the scenic or recreational value of well-kept forests.

NOW, THEREFORE, I, EDWARD I. EDWARDS, Governor of the State of New Jersey, believing the citizens of our State, which was among the first in the Union to enact comprehensive laws for the prevention of forest fires, should and will unite in this movement, do hereby proclaim and urgently request that the week of May 22-28 be known and observed as

FOREST PROTECTION WEEK.

To accomplish the purpose sought the special aid of the Press, always foremost in a worthy cause, is urged,
and our school authorities should make an effort to enlist the service of teachers and pupils, not alone in a study of the problem, but by their metaphorical organization into an auxilliary of our regularly constituted forest fire prevention forces, thus giving the Garden State the largest practical unit for the cause that may be hoped for.

I further request that motorists, campers, hunters and others who use for pleasure or profits the forests of our State, whether in the State Reserve or private property, carefully refrain from making fires where underbrush, dry leaves and decayed vegetation abound, and from leaving smoldering embers of fires or throwing away lighted cigars, cigarettes and matches in such places.

Given under my hand and the Great Seal of the State of New Jersey, this third day of [seal.] May, A. D. one thousand nine hundred and twenty-one, and in the independence of the United States the one hundred and forty-fifth.
