Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student’s SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

2016-17 Teachers: Same district 2017-18	100.0%	90.2%
2016-17 Administrators: Same district 2017-18	100.0%	86.2%

Faculty Attendance

This table shows the percentage of days that faculty members were present during the school year. Approved professional days, personal days, staff training days, bereavement days, jury duty, and absences due to extended illness are not counted against days present, and faculty members on long-term leave or disability are excluded from this calculation.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Score	Weight
English Language Arts Proficiency	19.67	17.5%
Mathematics Proficiency	23.16	17.5%
English Language Arts Growth	34.00	25.0%
Mathematics Growth	15.85	25.0%
Progress Towards English Language Proficiency	**	**
Chronic Absenteeism	96.16	15.0%
Summative Score: Sum of all indicator scores multiplied by indicator weights	34.38	n/a
Summative Rating: Percentile Rank of Summative Score	25.18	n/a
Requires Comprehensive Support: Summative Rating is less than or equal to 5 th percentile	No	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

 <p>Highlights:</p>	<ul style="list-style-type: none"> • Recent facility upgrades provide an engaging environment for the children of our community to thrive and grow in. • Arts Infused Education Grants allow our students the opportunity to have STEAM enhanced educational experiences. • Our PTA is the BEST! They make sure the children get all the “extras” like field trips, assemblies and this year a play!
 <p>Mission, Vision, Theme:</p>	<p>The BOE will provide the opportunity for faculty, staff, parents, alumni and all community members to develop a sense of ownership, spirit, and pride in our school. Our students will realize that learning is a life-long commitment supported by dedicated staff, concerned parents and the community at large. It is the whole community that will put the idea of ‘Education First’ into action and ensure that our students are responsible and respectful citizens.</p>
 <p>Awards, Recognition, Accomplishments:</p>	<p>We are proud to be recipients of a Young Audiences Grant. We will have a resident artist work with our students throughout the spring. The experience will culminate with a performance by our students. Students can expand their minds, their creativity and their horizons through this exciting venture!</p>

Courses, Curriculum, Instruction:

The curriculum at Eagleswood Elementary School is unique. The major goal is to engage students in a creative process which connects the arts to other content areas. It is a student-centered approach to teaching that involves deep connections between an arts and non-arts area. We want our students to develop a deeper understanding of their learning. Classroom teachers are paired with special area experts to allow them to take the risks necessary to make this type of learning occur.

 <p>Before and After School Programs:</p>	<p>Our school day begins at 7:30am. We conducted a survey and found that before school care was not needed. An afterschool program, paid for by parents, is available as needed.</p>
 <p>Staff and Professional Learning:</p>	<p>Our district had the experience to attend the summer institute with Educational Leaders as Scholars in Princeton the past three summers. We had Cheryl Hulteen, the author of Yes, Yes Good! , work on site with staff to develop art infused units of study. Teachers have also been trained using a platform called, Link It, to analyze student data to drive instruction. Teachers have common planning time, participate in professional learning communities and edcamps to share their expertise to ensure the highest quality of education for our students.</p>

 <p>Student Supports and Services:</p>	<p>We work collaboratively with neighboring districts to provide services for ELL students and special education/related services. Shared contracts allow us to provide services and be fiscally responsible. We have a continuum of services ranging from pre-referral committees such as Intervention and Referral Services, interventions in general education as well as full services for special needs students. All services are based on the individual needs of our students.</p>
 <p>Student Health and Wellness:</p>	<p>Students participate in 150 minutes of Physical Education and Health each week. Recess is provided thirty minutes daily. Breakfast and lunch is served daily.</p>
 <p>Parent and Community Involvement:</p>	<p>Our parent and community support is the foundation of our school! We have a strong PTA that provides extracurricular activities and events for our students. Partnerships exist with local businesses such as the Tuckerton Seaport to teach about the community in which we live. Parents have access to our portal, which allows them to view student grades and communicate with the teachers. Parents are encouraged to use our website as a valuable tool to keep informed about the school.</p>

 <p>Climate Surveys:</p>	<p>Is a Climate Survey Used: Yes; Who is surveyed: Parents</p> <p>Our district conducts a school climate survey every year. We send the results home to our school families. Highlights of the survey included our staff and the high quality education the students receive. Comments included, “The teachers go up and above to work with my child and challenge her.” “The children’s education and well-being are at the top of the priority list.”</p>
 <p>Facilities:</p>	<p>The original part of our building was built in 1968 and then an addition was added in 1988. We had a referendum in 2007 to replace the roof and then again in 2017 to add another small addition and numerous facility upgrades. We have a state of the art art/music classroom, library, and technology lab. We have air conditioning throughout the building and an updated kitchen facility. We also have ample space to provide services to all of the special education students in our district.</p>
 <p>School Safety:</p>	<p>Safety remains our number one priority. We work closely with the State Police, local municipality and Fire Department to ensure open communication and seamless procedures and policies to ensure our school is safe for all.</p>

Other Information:

We often say our school is a “hidden gem”. The number one reason our little school district is as great as it is, is because we work together as a team. You see, a school community is not just about teachers and students. It’s about parents, teachers, administrators, residents, businesses and local leaders joining together with a common vision – educating our children to become leaders in their own right. In Eagleswood, we do that every single day. Our teachers teach, challenge, enlighten and nurture. Our parents are active advocates for their sons and daughters, as well as their friends and classmates. Our school board and administration work to clear pathways and establish an environment that is safe, engaging and top of the line! And the rest of our town – our neighbors, businesses and local leaders all stand behind us and take up our causes.
