They shall prepare an equalization table showing the assessed valuation of the real property in each district, the ratio of percentage, if any, by which the assessed valuation should be increased or decreased in order to correspond to true value, and the true value of the real property within the district as determined by them. A copy of such table shall be mailed to the assessor of each district, and be posted at the county court house, at least one week before the hearings hereinafter provided for.

2. The county board of taxation in each county shall meet annually on the fourth Tuesday in August for the purpose of equalizing the assessments of real property between the several taxing districts of the county. At such meeting a hearing shall be given to the assessors and representatives of the governing bodies of the various taxing districts for the purpose of determining the accuracy of the ratios and true valuations of property as shown in the equalization table, and the board shall confirm or revise the table in accordance with the facts. Such hearings may be adjourned from time to time, but the equalization shall be completed before the second Tuesday in September. At the first hearing any taxing district may object to the ratio or valuation fixed for any other district, but no increase in any valuation as shown in the table shall be made by the board without giving a hearing, after three days' notice, to the governing body of the taxing district affected.

After the equalization table is finally confirmed by the board, the valuations of real property in each district as equalized shall be deemed to be the true valuation of such property in computing the total ratables of each district for all apportionments of county and State taxes, charges or distribution of moneys. A certified copy of such equalization table as confirmed shall be transmitted to the State Board of Taxes and Assessment.

3. Any equalization table may be reviewed by the State Board of Taxes and Assessment on complaint of any taxing district or taxpayer in the county, or on its own motion, but such review shall not suspend the apportionment or collection of taxes. No change shall be made in such table except after a hearing in the county, of which five days' notice shall be given by mail to the governing body of each taxing district. If after such hearing the State Board of Taxes and Assessment shall determine that the aggregate valuation of any district or districts as fixed by the county board was erroneous, the said State board shall revise and correct the equalization table, and shall ascertain the difference between the amount of State and county taxes actually charged against each district in the county and the amount which should have been charged according to the corrected table; such difference shall be debited or credited, as the case may be, to each taxing district on account of its share of State and county taxes next due, and the State Board of Taxes and Assessment shall have power to make all orders necessary to carry out the provisions of this section.

At such meeting a hearing shall be given to the county boards of taxation and representatives of the boards of freeholders for the purpose of determining the accuracy of the ratios and true valuations of property as shown in the State equalization table, and the State board shall confirm or revise such table in accordance with the facts. 1. On or after July first, nineteen hundred and seventeen, no person, firm, association or corporation shall engage in or carry on the business of buying milk or cream in this State for the purpose of shipping or for sale, resale or manufacture, unless such business be regularly transacted or conducted at an office or station within the State and unless such person, firm, association or corporation be duly licensed as provided hereinafter. Every such person, firm, association or corporation before engaging in the business of buying milk or cream for the purposes aforesaid, shall, annually, on or before June first, file an application with the Secretary for Agriculture for a license to transact such business. The application shall state the nature of the business, as hereinabove set forth, the full name or names of the person or persons or corporation applying for the license, and, if the applicant be a firm or association, the full name of each member of such firm or association, the city, town or village and street number at which the business is to be conducted, and such other facts as the Secretary for Agriculture shall prescribe. The applicant shall further satisfy the Secretary for Agriculture of his or its character, financial responsibility and good faith in seeking to engage in such business. from producers for the purpose aforesaid at an office or station at the place named in the application until the first day of July next following; *provided, however,* that if application be made subsequent to July first in any year, said license shall run until the first of July next following. A license shall not be issued, however, to any applicant if during the year preceding the application a complaint from any producer and seller of milk and cream shall have been filed with the Secretary for Agriculture against such applicant for any grounds specified in section three hereof, and such complaint shall have been established as true and just to the satisfaction of the Secretary for Agriculture after such complaint shall have been investigated by the Secretary for Agriculture in the manner provided for in section two hereof. A license shall not be issued as provided in this section unless and until the applicant shall file with the Secretary for Agriculture as herein provided, a good and sufficient surety bond executed by a surety company duly authorized to transact business in this State in a sum not less than one and one-half times the estimated maximum monthly indebtedness of the applicant to the parties or persons from whom he may purchase or receive or may have purchased or received milk or cream, or unless the applicant shall be relieved from such requirement as hereinafter provided. Such bond shall be approved as to its form and sufficiency by the Secretary for Agriculture.

Such applicant may in lieu of such bond deposit with the Secretary for Agriculture money or securities in which banks may invest the moneys deposited therein, as provided by law, in an amount equal to the sum secured by the bond required to be filed as herein provided.

The bond required to be filed hereunder shall be given to the Secretary for Agriculture in his official capacity and shall be conditioned for the faithful compliance by the licensee with the provisions of this act and for the payment of all amounts due to persons who have sold milk or cream to such licensee, during the period that the license is in force. with the Secretary for Agriculture as above provided, shall constitute a separate fund and shall be held in trust for, and applied exclusively to, the payment of claims against the licensee making such deposit, arising from the sale of milk or cream to such licensee.

Upon default by the licensee in the payment of any money due for the purchase of milk or cream, which payment is secured by a bond or the deposit of money or securities as hereinbefore provided for, the creditor may file with the Secretary for Agriculture, upon a form prescribed by him, a verified statement of his claim. If such creditor shall have reduced such claim to judgment, or shall thereafter and before the commencement of the action by the Secretary for Agriculture, as hereinafter provided for, reduce such claim to judgment, a transcript of such judgment shall also be filed with the Secretary for Agriculture.

If licensee default.

Such statements may be filed at any time during the period of the license for purchases made during such period and within ninety days from the termination of such period.

When statement filed.

After the expiration of ninety days from the termination of any license period the Secretary for Agriculture shall, by proper action wherein all such creditors and any surety upon any bond given as hereinbefore provided for and the licensee shall be parties, proceed to determine the amount due each such creditor, and the judgment rendered in such action shall be enforced ratably for such creditors against the surety on the bond, if one there be, or against the moneys or securities deposited as hereinbefore provided for. If any creditor shall have reduced his claim to judgment such judgment shall be presumptive proof of the amount due such creditor in any action brought by the Secretary for Agriculture as hereinbefore provided for.

Settlement of claims.

Every bond given pursuant to the provisions hereof shall be applicable, in the first instance, to the payment of all claims arising during the license period for which such bond shall continue, and filed either during such period or within ninety days after the expiration thereof. If all such claims shall be paid the balance available upon

such bond shall be devoted to the extinguishment ratably of claims arising during such license period, but for which statements shall not have been filed until after ninety days after the expiration of such period.

Use of de  
posits.

All moneys and securities, deposited as herein provided for, shall be applicable, in the first instance, to the extinguishment of claims, properly filed, arising during the license period for which such moneys or securities were originally deposited, and if, after the extinguishment of such claims, there shall be a surplus remaining, such surplus shall be devoted to the extinguishment of claims arising during any preceding license period which were properly filed as hereinbefore provided, all claims for any one license period to be of a parity. Any surplus remaining after the extinguishment of such prior claims shall be added to the moneys or securities then on deposit with the Secretary for Agriculture, or, if there be at that time on file with the Secretary for Agriculture a bond given pursuant to this section, or if there be then on deposit with the Secretary for Agriculture additional moneys or securities deposited as herein provided for, and if such bond or such moneys or securities, as the case may be, shall, in the opinion of the Secretary for Agriculture, be sufficient, such surplus shall be returned to the licensee.

Statement on  
demand.

A person or corporation licensed hereunder shall make a verified statement of his or its disbursements during a period to be prescribed by the Secretary for Agriculture, containing the names of the persons from whom such products were purchased, and the amount due to the vendors thereof. Such statement shall be submitted to the Secretary for Agriculture when requested by him and shall be in form as prescribed by the Secretary for Agriculture. If it appears from such statement or other facts ascertained by the Secretary for Agriculture, upon inspection or investigation of the books and papers of such licensee as authorized by section two of this act, that the security afforded to persons selling milk or cream to such licensee by the bond executed or deposit made by such licensee as herein provided does not ade-

quately protect such vendors, the Secretary for Agriculture may require such licensee to give an additional bond or to deposit additional money or securities, to be executed or deposited as above provided, in a sum to be determined by the Secretary for Agriculture, but not exceeding by more than fifty per centum the maximum amount paid out by such licensee to sellers of milk in any one month; *provided, however*, that the maximum amount of the bond or deposit required from any applicant under the provisions of this section shall be one hundred thousand dollars; and that any applicant filing a bond or depositing money or securities in such maximum amount may be exempted from filing either the statements of milk purchased, or the statements of disbursements in this section provided for.

Bond may  
be raised.

Proviso;

or deposit.

Exemption.

If the applicant for a license under this section be a person who is a resident of this State or a domestic corporation, the Secretary for Agriculture may, notwithstanding the provisions of this section, if satisfied from an investigation of the financial condition of such person or domestic corporation that such person or corporation is solvent and possessed of sufficient assets to reasonably assure compensation to probable creditors, by an order filed with the Department of Agriculture, relieve such person or corporation from the provisions of this section requiring the filing of a bond.

Certain appli-

1. That the construction of a canal across the State of New Jersey, connecting New York bay with the Delaware river at Bordentown, New Jersey, and the dredging of the Delaware river from Bordentown to deep water at or near Philadelphia, by the Federal Government, is an enterprise which is likely to result in great benefit to this State and its inhabitants, in encouraging the various industries of the State, and affording a more ready method of communication and transportation between points within this State

2. That in order to bring about the construction of this canal and its completion within as short a time as possible, on behalf of the people of this State, it is hereby declared that when the Government of the United States shall finally settle upon the route of the said canal, and shall make provision for its construction by suitable appropriation, the State of New Jersey shall acquire the right of way for the said canal by purchase or condemnation from the owners thereof and cede the same to the Federal Government for the uses of the government in construction and maintaining the said canal, free and open to the commerce of the world, without tolls or charges for the passage of vessels or freight thereon; *provided*, the right of way can be obtained by purchase or condemnation for a sum not exceeding five hundred thousand dollars, or such sum as may be appropriated by the Legislature for that purpose at the time when such appropriation and other legislation necessary to carry into effect the purposes of this resolution shall become necessary and appropriate; and

Raymond, major, Corps of Engineers, in a report addressed to the Chief of Engineers, United States Army, dated February fourteenth, one thousand nine

hundred and twelve, states: "The board therefore, after careful reconsideration, is of the opinion that this canal, if worth building at all, should have the minimum dimensions of one hundred and twenty-five feet bottom width and twenty-five feet depth, as originally recommended.

"It is further of the opinion that such a canal is worth construction by the United States."

This indicates that the cost of constructing the canal should properly be borne by the United States Government; and

WHEREAS, The Board of Commerce and Navigation of the State of New Jersey have, upon investigation, approved of the project, and believe that the Government of the United States will settle upon the route of the said canal between the said points and will make provision for its construction by appropriation, if the State of New Jersey shall acquire such right of way; therefore,

2. For the purpose of ascertaining the amount of floating indebtedness, if any, in any municipality, the governing body of such municipality shall, on the first day of July, one thousand nine hundred and seventeen, cause a tabulation to be made of all the outstanding indebtedness which has been incurred in anticipation of the receipt of revenues applicable for current expenses up to the thirty-first day of December, one thousand nine hundred and sixteen, and including the tax revenues which became delinquent on the twentieth day of December, one thousand nine hundred and sixteen, and which has been provided for by the issuance and negotiation of instruments of any character that have become an obligation of the municipality, and fall due within two years from July first, one thousand nine hundred and seventeen, and for the payment of which no other provision has been made, and shall distribute and convert said evidences of indebtedness into the following instruments:

(a) "Tax Revenue Notes of 1916" equal to the amount of the face value of the tax revenues which became delinquent to said municipality on December twentieth, one thousand nine hundred and sixteen (including State railroad and canal taxes), and which remain unpaid on June thirtieth, one thousand nine hundred and seventeen; said notes, with their renewals, shall run not longer than the thirty-first day of December, one thousand nine hundred and nineteen, and all moneys received in payment of tax revenues which became delinquent on December twentieth, one thousand nine hundred and sixteen (excluding interest and costs thereon, unless the governing body shall otherwise determine), shall be applied to the payment of said notes and for no other purpose whatsoever, until said notes shall have been paid.

(b) "Tax Revenue Notes of 1915" equal to the amount of the face value of the tax revenues which

became delinquent to said municipality on December twentieth, one thousand nine hundred and fifteen (including State railroad and canal taxes), and which remain unpaid on June thirtieth, one thousand nine hundred and seventeen; said notes, with their renewals, shall run not longer than the thirty-first day of December, one thousand nine hundred and eighteen, and all moneys received in payment of tax revenues which became delinquent on December twentieth, one thousand nine hundred and fifteen (excluding interest and costs thereon, unless the governing body shall otherwise determine), shall be applied to the payment of said notes, and for no other purpose whatsoever, until said notes shall have been paid.

(c) "Tax Revenue Notes of 1914" equal to the amount of the face value of the tax revenues which became delinquent to said municipality on December twentieth, one thousand nine hundred and fourteen (including State railroad and canal taxes), and which remain unpaid on June thirtieth, one thousand nine hundred and seventeen; said notes, with their renewals, shall run not longer than the thirty-first day of December, one thousand nine hundred and seventeen, and all moneys received in payment of tax revenues which became delinquent on December twentieth, one thousand nine hundred and fourteen (excluding interest and costs thereon unless the governing body shall otherwise determine), shall be applied to the payment of said notes, and for no other purpose whatsoever, until said notes shall have been paid. *Provided, however,* if there shall be any instruments which cannot be converted on July first, one thousand nine hundred and seventeen, as herein directed, arrangements shall be made for the conversion of such instruments when same shall become due, and their renewals shall be evidenced by instruments as herein directed; *provided, further,* that there shall be at no time outstanding tax revenue notes of any year in excess of the amount of the face value of the tax revenues of that year which are in arrears, together with the amount of receipts from such tax revenues in

3. If, after the distribution and conversion as directed in section two, there shall remain any instruments of indebtedness falling due within two years from July first, one thousand nine hundred and seventeen, for the payment of which no other provision has been made, and which have been issued in anticipation of the receipt of revenues applicable for current expenditures for any year and prior to the thirty-first day of December, one thousand nine hundred and sixteen, and including the tax revenues which became delinquent on the twentieth day of December, one thousand nine hundred and sixteen, which cannot be so distributed and converted as herein directed, and there shall be any tax titles which are held in the name of said municipality, then an amount, equal to the amount of the lien value represented thereby, including interest and costs, accrued to July first, one thousand nine hundred and seventeen, may be deducted from the balance of indebtedness and tax title notes issued therefor. Such tax title notes shall be known and called by that name, and may run until the lien of the tax title is discharged, and shall be retired by the application to that purpose of so much of the amount received in the discharge of the lien or liens as is equal to the lien value of the tax title at the time of issue of the tax title note representing the same. The amount of all tax title notes outstanding shall at no time be greater than the lien value of the tax titles standing in the name of the municipality issuing such notes. *Provided, however,* if any portion of the taxes upon which said tax revenue notes were issued shall be in litigation, then an amount equal to the face value of said taxes may be excepted, and carried by said tax revenue notes until said litigation shall have been concluded, and all or any portion of the said taxes are paid; if, however, the court or other lawful authority shall remit all or any portion of the taxes so in litigation, then the said tax revenue notes in an amount equal to the taxes so remitted shall be paid in not less than five equal annual installments by the inclusion of an annual

4. For the purpose of ascertaining a further additional amount of floating indebtedness in any municipality, the governing body of said municipality shall cause a tabulation to be made of all obligations which have been issued for temporarily financing that part of the cost (including damages payable by the municipality) of an improvement which has been assessed against the property directly benefited, together with any moneys in hand, which shall be properly applicable to the payment of such obligations, and if by reason of such tabulation there shall prove to be an excess of obligations outstanding over and above the assessments due or to become due, plus the moneys in hand for the payment of such obligations, then such excess shall be known as "floating indebtedness"; *providing, however*, there shall not be computed in such floating indebtedness the amount of any such obligations issued on account of any such improvement, which is in the course of construction, and the assessments for which have not been confirmed at the time the tabulation is made.

and (b) The several objects for which the revenues are to be expended for local purposes other than schools, in the case of municipalities, and county purposes in the case of counties, under the heading of Appropriations.

Purposes of  
expenditures;

The total of the appropriations shall equal the total of the anticipated revenues.

Totals;

In a column to the right of the several items of appropriations shall be placed the amount as appropriated for such item in the previous year.

Items for  
comparison;

The appropriations for all other purposes, as fixed in the tax ordinance or resolution, shall be raised by adding the corresponding amounts to the amount to be raised by taxes in accord with the above schedules, and such total shall then constitute the total amount to be raised by taxes for the year by the tax ordinance or resolution.

Appropriations  
for other pur-  
poses;

The said budget shall contain at the head thereof a statement of the actual amount of surplus in the surplus revenue account.

Surplus.

7. The term "Surplus Revenue" as used and applied in this act shall include:

Surplus in-  
cludes:

(a) The unexpended balances of the budget appropriations of the previous year in excess of obligations incurred therefor, and purposes unfulfilled thereunder, which are properly chargeable thereto; *provided, however*, that there may be first deducted from the aggregate of such unexpended balances of appropriations an amount equal to the amount of taxes which shall have been canceled or remitted during the fiscal year by the act of the governing body of the municipality, the county board of taxation, the State Board of Taxes and Assessments, or any other body, board or court authorized by law to remit such taxes, and the amount of such taxes as shall have been, during the fiscal year by the governing body of the municipality or county, so far as

authorized by law to do so, directed to be charged off as uncollectable.

Miscellaneous  
revenues;

(b) The receipts from miscellaneous revenues which are in excess of the aggregate amount of the classified miscellaneous revenues as fixed in the budget, excepting such deductions as may be authorized under the provisions of section seventeen of this act.

General  
revenues.

(c) The revenues coming into the general treasury from time to time, from any and all sources, applicable to the lawful current expenditures for the year of the municipality or the county, as the case may be (excepting revenues received from the sale of water and those required by any statute to be applied to a specific purpose, and excepting the amount to be raised by taxes and the State railroad and canal tax), which are not included in the schedule of miscellaneous revenues, as set out in the budget.

As to expendi-  
tures for the  
year.

It shall not be necessary to include in the budget the entire amount on hand in the surplus revenue account as a source of revenue, but only so much thereof as is proposed to be applied to the expenditures for the year.

• Transfer of  
surplus to  
reserve ac-  
count.

8. Any municipality or any county which may at the time of setting up their surplus revenue account, or at any time thereafter, have a surplus which it is deemed advisable to employ from time to time in financing the expenditures under appropriations made in the budget or in the tax levy, may, by ordinance or resolution, transfer such moneys to a reserve surplus account, and moneys in this account may be borrowed from time to time by the municipality or county in the same manner and for the same purposes as money may be borrowed from any other source. Such loans shall not draw interest, but shall be identified by proper instruments, it being the purpose of this account to make available such surplus moneys as it may be deemed advisable to employ in the conduct of the year's business in order to save interest charges. Moneys so transferred to the reserve surplus account may at any time be retransferred or returned to the surplus revenue account by ordinance or resolution of the governing body.

9. Miscellaneous revenues, as used and applied in this act, shall include all receipts from known and regular sources of revenue, or sources reasonably capable of anticipation for the year (except revenues received from the sale of water and those required by any statute to be applied to a specific purpose), coming into the general treasury, applicable to the lawful current expenditures of the municipality or county, as the case may be, and other than revenue from the annual tax levy, State railroad and canal tax and those revenues hereinbefore designated as surplus revenue, and shall be set forth in the budget, as anticipated for the year, classified according to their respective sources.

Miscellaneous revenues, of what to consist.

10. The term "amount to be raised by taxes" as used and applied in the budget, as defined in section six, shall mean the amount to be raised by taxation for local purposes other than schools in the case of municipalities, and for county purposes in the case of counties.

"To be raised" explained.

11. Under the heading of "Appropriations" in the budget, as provided in section six of this act, there shall be set forth the appropriations, itemized according to the respective objects, departments or sub-departments for which they are to be expended, with the amount to be devoted to said object, department or sub-department. The several items of appropriations shall be set forth accurately according to the particular object, department or sub-department for which the respective amounts are to be expended, excepting that any item designated to cover expenditures not otherwise specifically set forth, which shall be denoted "Contingent Expenses" shall not exceed in amount more than three per centum of the total amount of said appropriations; *provided, however*, if the amount of taxes cancelled or remitted in any fiscal year shall not be deducted in full from the total of the unexpected balances for that year, then an amount equal to the remitted or cancelled taxes not so deducted, shall be appropriated in the budget of the succeeding year.

quired by law to be applied to any specific purpose other than schools, together with the respective amounts anticipated from such sources for the fiscal year, and the specific purposes to which they are required to be applied.

Surplus revenue account.

13. Each municipality and each county in this State shall, before the adoption of its first budget as provided in this act, set up and thereafter keep an account to be known as "Surplus Revenue Account," and shall enter therein all revenue surplus existing at the time of setting up said account, and all moneys coming into the general treasury from all sources included under the head of surplus revenue, as defined in section seven.

Unexpended balances transferred to surplus revenue account.

14. All unexpended balances of the budget appropriations for the previous years in excess of the obligations incurred on account thereof, and for purposes unfulfilled thereunder, and which are properly chargeable thereto, as hereinbefore provided in subdivision (a) of section seven, shall be transferred to the said surplus revenue account.

Available for expenditures.

15. The moneys in said surplus revenue account shall be available as hereinafter provided for any lawful expenditures included in the appropriations for the year in the budget of the municipality or county, but in no case shall be appropriated from the said account except by the vote of the governing body of the municipality or county, as the case may be.

Use of money from surplus revenue account.

16. Money may be used from the surplus revenue account for any lawful expenditures between the beginning of the fiscal year and the time of the adoption of the budget, but the purposes for which such moneys are thus used shall be included in the schedule of appropriations as subsequently set forth in the adopted budget, so that such moneys so used may be included under the proper classification of expenditures of appropriations for the full fiscal year. The money so taken from the surplus revenue account, between the beginning of the fiscal year and the final adoption of the budget, shall be entered into a separate account to be known as "Surplus Revenue Appropriated," and upon the final adoption of the budget, there shall be entered in the same account the

difference between the amount of surplus revenue provided in said budget as revenue for the current year, and the amount thereof already so used, as aforesaid, so that the total amount of surplus revenue to be applied to the expenditures for the current fiscal year shall be entered in the account known as "Surplus Revenue Appropriated."

17. No moneys shall otherwise be appropriated or used from said surplus revenue account subsequent to the final adoption of the budget in any year, up to the close of the fiscal year, but all surplus revenues received by the municipality or the county, as the case may be, shall be placed in the surplus revenue account and shall be held in said account until the first day of the following fiscal year, except as provided in section eight of this act. *Provided*, that if it shall appear to the governing body of the municipality or county during the last month of the fiscal year that there is a shortage in the receipts from one or more of the items of miscellaneous revenues, as stated in the budget, and that there are not sufficient excess receipts from the aggregate of the other items of miscellaneous revenues, as stated, to make up such shortage, then it shall be lawful for such governing body, by a resolution reciting the facts, to borrow from the surplus revenue account so much as may be necessary to make up the net deficit in the receipts from miscellaneous revenues, and the amount so borrowed shall be included in the appropriations of the succeeding fiscal year under the head of miscellaneous revenues deficit 19—, and shall be repaid before the thirty-first day of December of said succeeding fiscal year.

Surplus revenues entered in said account.

Proviso.

If shortage, borrow from surplus revenue account.

18. Moneys coming into the general treasury from miscellaneous revenues up to the total amount as stated in the budget, shall be at all times available for use for any lawful expenditures of the municipality or county, as the case may be, in accordance with the several appropriations made, as in this act provided. *Provided*, that moneys derived from this source may be used for any lawful expenditures of the municipality or county between the beginning of the fiscal year and the adoption of the budget, but the purposes for which such moneys

are thus used shall be included in the schedule of appropriations as subsequently set forth in the budget, so that such moneys so expended may be included under the proper classification of expenditures for the full fiscal year.

Transfer of appropriations during last two months of year.

19. During the last two months of the fiscal year, if by any unforeseen demand there shall arise the necessity for greater expenditures to fulfill the purpose of one or more appropriations as stated in the budget or tax levy, and there shall be an excess in one or more appropriations (excepting the appropriations for contingent expenses), over and above the amount deemed to be necessary to fulfill the purpose of such appropriations, then it shall be lawful, by proper resolution setting forth the facts, for the governing body of any municipality or county, by a two-thirds vote thereof, to transfer the amount of such appropriation as may be deemed to be in excess, to such appropriations (excepting the appropriation for contingent expenses) as are deemed to be insufficient to fulfill the purposes of such appropriations.

Form of tax ordinance.

20. The tax ordinance or resolution to be adopted by the governing body shall be in substantially the following form:

22. All such liabilities incurred between the beginning of the fiscal year, and the day upon which taxes become delinquent, following, shall be evidenced by the issue of "Tax Anticipation Notes" or "Tax Anticipation Bonds" and not by the name or in the form of any other instrument whatsoever. All such notes or bonds issued by municipalities shall mature on or before the eleventh day, and those issued by counties on or before the ninth day, after the day upon which taxes become delinquent of the year of issue, and shall then be paid and retired; *provided, however*, it shall be lawful for any municipality or county to make the maturity of tax anticipation notes or bonds extend three months longer than the period herein recited, but in such cases the notes or bonds so issued and outstanding shall be credited upon the books of the municipality or county, as the case may be, as tax anticipation notes or bonds, and charged as tax revenue notes or bonds on the eleventh day after the municipal taxes become delinquent for municipal obligations, and on the ninth day after the county taxes become delinquent for county obligations, and all renewals, in whole or in part, of such notes or bonds must be in the form of tax revenue notes or bonds, and such renewals shall come under the provisions and limitations of sections twenty-three and twenty-four of this act.

23. tax anticipation notes or bonds, and from the day upon which taxes become delinquent, in anticipation of the receipt of tax revenues which are delinquent and unpaid, any municipality or county may borrow such moneys as may be necessary to meet the lawful expenditures of appropriations. For the purpose of this section, taxes levied upon railroad and canal property, which are payable to the State Comptroller and are allotted to and paid by him to the taxing district, shall be deemed to be delinquent to the taxing district from the day upon which taxes levied by the taxing district become delinquent until the said railroad and canal taxes are received by the collector or other proper officer of the taxing district. Loans of this class shall be evidenced by the issue of "Tax Revenue Notes" or "Tax Revenue Bonds," and not by the name or in the form of any other instrument whatsoever. Each tax revenue note or bond, or renewal thereof, shall bear upon its face the statement that it is issued against delinquent tax revenues (giving the day and year in which such tax revenues became delinquent), and no such note, notes, bond or bonds shall run, with their renewals, for a longer period than three years after the eleventh day for municipalities and the ninth day for counties in which the tax revenues against which such note, notes, bond or bonds were issued, became delinquent, except as hereinafter provided. The receipts of all tax revenues which are delinquent of any fiscal year shall thereafter be set aside and first applied to the retirement of the tax revenue notes or bonds of that year, until all notes or bonds issued against the uncollected tax revenues of that year are paid; *provided, however*, when there are obligations incurred for, or purposes unfulfilled under, the budget appropriations of any year, there may be reserved from the first receipts of delinquent taxes of that year an amount sufficient to pay such obligations or to fulfill such purposes, but in no case shall such receipts be reserved to an amount that is greater than the difference between the delinquent taxes of such year and the revenue notes or bonds issued against such delinquent taxes. If court cancels or remits taxes in litigation.	
Uncollectable taxes.	The gross amount of tax revenue notes or bonds for any year shall at no time exceed the gross amount of uncollected tax revenues of that year, plus the amount of the receipts from such tax revenues in hand applicable to the discharge of such notes or bonds at maturity, excepting, however, the amount of such notes or bonds as shall represent the amount of taxes cancelled or remitted as the result of litigation or declared to be uncollectable as herein provided.

amount of taxes represented by the tax titles so acquired may be withdrawn from the tax revenue notes or bonds of that year and funded by the issue of tax title note or notes, bond or bonds, the proceeds of which shall be applied to the retirement of the tax revenue notes or bonds of said year. Such tax title notes or bonds may run until the lien of the tax title is discharged, and shall be retired by the application to that purpose of the principal received in discharge of the lien or liens. The amount of all such notes or bonds issued between the first day of the fiscal year and the time of fixing the annual tax levy shall be included in the tax levy for that year, and shall be paid on or before the eleventh day for municipalities and the ninth day for counties after the day upon which taxes become delinquent for that year, and all such notes or bonds made subsequent to the fixing of the tax levy, and before the last day of that fiscal year, shall be placed in the tax levy of the following year and retired by the eleventh day for municipalities and the ninth day for counties, after the day upon which taxes become delinquent for the following

The bidder offering the least interest rate expressed in multiples of one one-hundredths of one per centum shall be awarded the sale of said notes or bonds; if, however, one or more bidders offer the same interest rate, then the bidder who shall offer the greatest additional premium shall be awarded the sale of said notes or bonds. Should no bid be received in response to the advertisement, the governing body shall have power within thirty days to sell such notes or bonds at private sale at the most advantageous rate obtainable. *Provided, further,* that upon a two-thirds vote of the governing body notes or bonds to any amount may be sold to the sinking fund of the issuing municipality or county, as the case may be, at par, without advertisement or public bidding.

### PROCLAMATION.

STATE OF NEW JERSEY,  
EXECUTIVE DEPARTMENT.

WHEREAS, The appointment of certain officers required by law to be named by the Governor, with the advice and consent of the Senate, is of such importance that in the opinion of the Governor public necessity requires the convening of the Senate in accordance with the provisions of Article V, paragraph 6 of the State Constitution;

NOW, THEREFORE, I, JAMES F. FIELDER, Governor of the State of New Jersey, in and by virtue of the power vested in me by the Constitution, do hereby convene the Senate of this State to meet in special session in the Senate Chamber, State House, Trenton, on Tuesday, the twenty-seventh day of June, A. D. 1916, at ten-thirty o'clock in the morning of said day.

Given under my hand and the Great Seal of the State of New Jersey, this twenty-third day [SEAL] of June A. D. 1916, and in the Independence of the United States, the one hundred and fortieth.

JAMES F. FIELDER,  
*Governor.*

THOMAS F. MARTIN,  
*Secretary of State.*

## PROCLAMATION.

STATE OF NEW JERSEY,  
EXECUTIVE DEPARTMENT.

WHEREAS, Austen Colgate was, at the general election held on the Tuesday next after the first Monday in November, in the year nineteen hundred and fourteen, elected by the voters of the county of Essex to represent said county in the Senate of this State, and subsequently duly qualified himself as such Senator; and after such election and qualification, to wit, on the eighteenth day of August, nineteen hundred and sixteen, he resigned the said office of Senator, thereby causing a vacancy to exist in the Senate of this State;

THEREFORE, I, JAMES F. FIELDER, Governor of the State of New Jersey, pursuant to law, do hereby issue this my proclamation directing that an election be held according to law in said county, on Tuesday, the seventh day of November next ensuing the date hereof, for the purpose of electing a Senator for said county to fill the vacancy caused by the resignation of the said Austen Colgate.

Given under my hand and the Great Seal of the State of New Jersey, at Trenton, the twenty-second day of August, A. D. nineteen hundred and sixteen and of the Independence of the United States, the one hundred and forty-first.

## PROCLAMATION.

STATE OF NEW JERSEY,  
EXECUTIVE DEPARTMENT.

WHEREAS, A concerted effort has been made in many States to reduce the great amount of suffering and loss occasioned annually by injury to persons, death and the destruction and damage to property through fire, by calling upon the individual citizen to give heed and attention to measures of fire prevention and protection;

NOW, THEREFORE, I, GEORGE W. F. GAUNT, President of the Senate, Acting Governor of the State of New Jersey, believing that the citizens of this State should join in such movement, do hereby proclaim and request that Monday, the ninth day of October, 1916, be known and observed as

## FIRE PREVENTION DAY

throughout our State.

I suggest and request that each citizen lend his aid toward preventing fires and conflagrations, by removing any danger found to exist upon his own property; that rubbish, trash and unnecessary accumulation of inflammable and combustible material be destroyed; that heating and lighting appliances be carefully inspected and repaired where found necessary; that factories, public buildings and institutions be carefully inspected for fire risks; that special attention of the governing bodies of our municipalities be given to hydrants, water pressure, fire-fighting apparatus and appliances, and that wise and precautionary measures be generally taken to lessen fires.

I further suggest and request that campers, hunters and others who use, for pleasure or profit, the forests of our State, whether contained in the State Reserve or in private property, carefully refrain from making fires where underbrush, dry leaves and decayed vegetation abound, and from leaving smoldering embers of fires or

carelessly throwing away lighted cigars, cigarettes and matches in such places, inasmuch as these practices have in recent years resulted in forest fires causing thousands of dollars of almost irreparable loss.

Given under my hand and the Great Seal of the State of New Jersey, this nineteenth day  
[SEAL] of September, A. D. one thousand nine hundred and sixteen, and in the Independence of the United States the one hundred and forty-first.

# PROCLAMATION.

For the people of the United States of America, the blessings of national peace and prosperity should at this time hold a peculiar and deep significance. While our

brothers of other great nations are contending against the sacrifices, wastage and horrors of war; while devastation stalks through their lands bringing privation, suffering and distress in its train and the paralyzing hand of death is laid upon them and fathers and mothers, widows and orphans mourn amid the ruins of their homes, our country is at peace, our people are employed, contented and happy and no homes are desolate because the spectre of war casts its shadow upon them. For this fortunate condition in which the people of our State share, as well as for other blessings the waning year has brought us, we should set aside a special day upon which to offer grateful acknowledgment.

THEREFORE, I, JAMES F. FIELDER, Governor of the State of New Jersey, do designate Thursday, the thirtieth day of November, nineteen hundred and sixteen, as a day to be observed by general thanksgiving and prayer, recommending that upon that day all business be laid aside, and that our people in their homes, their churches or other fitting places, do make sincere acknowledgment to Almighty God for the benefits and bounties He has vouchsafed us; for that feeling of good will toward other nations, which breeds no coveting of territory or international strife; for our peaceful and prosperous land; for bountiful harvests; for busy factories and workshops; for improvement in our social and industrial processes and conditions; for the absence of general sorrow from the homes of our people and for manifold individual blessings we enjoy.

Given under my hand and the Great Seal of the State of New Jersey, this seventeenth day of November, in the year of our Lord one  
[SEAL] thousand nine hundred and sixteen, and in the Independence of the United States, the one hundred and forty-first.

JAMES F. FIELDER,

By the Governor:

*Governor.*

THOMAS F. MARTIN,

*Secretary of State.*

PROCLAMATION.

STATE OF NEW JERSEY,  
EXECUTIVE DEPARTMENT.

For several years passed the National Association for the Prevention of Tuberculosis has designated a time each year for the observance of the National Tuberculosis Sunday, for the purpose of creating a concerted anti-tuberculosis movement. This year December tenth has been designated as Tuberculosis Sunday.

THEREFORE, I, JAMES F. FIELDER, Governor of the State of New Jersey, do hereby proclaim and request that Sunday, the tenth day of December, 1916, be known and observed throughout this State as TUBERCULOSIS DAY.

I suggest and request that on that day public attention be directed to the investigation made by our health authorities, medical societies and associations and that the recommendations made by these bodies for the prevention of tuberculosis be studied and observed. By these means the spread of this dread disease may be retarded and the causes of tuberculosis may be avoided.

Given under my hand and the Great Seal of the State of New Jersey, at Trenton, this [SEAL] fifth day of December, A. D. 1916, and in the Independence of the United States, the one hundred and forty-first.

JAMES F. FIELDER,

JAMES F. FIELDER,

Attest:

*Governor.*

THOMAS F. MARTIN,

*Secretary of State.*

Endorsed: "Filed Jan. 15, 1917.

THOMAS F. MARTIN,

*Secretary of State."*

PROCLAMATION.

STATE OF NEW JERSEY,  
EXECUTIVE DEPARTMENT.

WHEREAS, There exists considerable agitation for the encouragement of the "Big Brother" movement, wherein fathers will be urged to take more interest in the affairs of their sons, so that the young manhood of the State may have the benefit of the experience of the older men and be guided in the right direction, avoiding pitfalls and missteps which are occasioned through ignorance and absence of the spirit of brotherly love and fatherly interest;

NOW, THEREFORE, I, WALTER E. EDGE, Governor of the State of New Jersey, believing that the citizens of the State should be urged to join in such a movement, do hereby proclaim and request that Sunday, the twenty-fifth day of March, 1917, be known and observed as Boy's DAY throughout our State, and especially in the churches and Sunday-schools of New Jersey.

I suggest and request to the pastors of churches throughout the State that all sermons on the morning of March twenty-fifth give special expression to the thought of co-operation between father and son and the

promulgation of the "Big Brother" movement; that the day have State-wide observance as "Boy's Day" in the Sunday-schools of our State, as well as in the churches; and

I further suggest and urge that all fathers of the boys of the State endeavor to be better comrades to their boys and more like big brothers during the coming year than they have ever been before. I call upon the fathers of the boys of this State not to forget that they were once boys, not to expect their sons to believe what they do just because fathers believe it, and not to expect their sons to do what they do just because their fathers do it, and I respectfully suggest to the fathers of the boys of our State that if they have any ideals that they would like passed on to the next generation, that they pass them on through their sons, to the benefit of posterity, the strength of the government and the happiness of the New Jersey home.

Given under my hand and the Great Seal of the State of New Jersey, this first day of  
[SEAL] March, A. D. one thousand nine hundred and seventeen, and in the Independence of the United States, the one hundred and forty-first.

WALTER E. EDGE,

By the Governor:

*Governor.*

THOMAS F. MARTIN,  
*Secretary of State.*

#### PROCLAMATION.

In response to the many proffers of co-operation at this critical time on the part of patriotic citizens of our State, both men and women, I wish to express my deep appreciation and at the same time to call their attention to the first and most urgent help they can render.

Two regiments of the National Guard have been called to the colors, and it seems very probable that others will follow. What we need now above all things is enlistments in the National Guard, in order that the

ranks be filled to full war strength of approximately two thousand men per regiment, as stipulated by law.

I am grateful for the earnest offers of citizens to form home defense leagues, inspire census propaganda and their other activities along many allied lines, but what New Jersey most needs is *men*, and I will deeply appreciate co-operation on the part of the people of the State toward securing enlistments in the various organizations of the National Guard. In this field of endeavor our citizens can show their practical co-operation in the first responsibility of the Government.

Given under my hand and the Great Seal of the State of New Jersey, this twenty-sixth day of March, A. D. one thousand nine hundred and seventeen, and in the Independence of the United States, the one hundred and forty-first.

WALTER E. EDGE,

*Governor.*

By the Governor:

THOMAS F. MARTIN,  
*Secretary of State.*

#### PROCLAMATION.

##### STATE OF NEW JERSEY, EXECUTIVE DEPARTMENT.

The period is one of uncertainty. There is no lack of confidence or patriotism, but the food raising, economic question is not as clear and distinct as we would have it. One sure way of dispelling the mist of uncertainty in this respect and re-establishing that stability which we should have is to increase the productivity of our farm lands.

The international uncertainty which faces the country and the uncertainty of food prices at home are closely related. The effect of this relationship may become more apparent as time goes on. For instance, nothing is more important to a country in a state of war than the morale of the people. No one will dispute the fact

that the cost of living has much to do with the spirits of a people at war. War entails certain sacrifices. One of these is financial. The country expects to expend money and to expend it liberally in vindicating human rights and the principles of liberty set forth in the President's message. This means taxation and a natural increase in the cost of living unless something is done to naturally reduce the cost of living through increasing the supply of foodstuffs. The only answer is more farming, intensive farming and widespread interest in agricultural pursuits among citizens of non-military age and those who for one reason or another are not called away to the colors. Therefore, in addition to being a preparedness measure, because of its usefulness in increasing the country's food resources in times of war, the "on-to-the-farm movement" has merit as a task of peace.

It is scarcely necessary to interest the people in agriculture. It is a pursuit that appeals to human instincts because it is a work in the great outdoors. What is most necessary is to instruct those people who have absolutely no knowledge of the first rudiments of farming.

The following dates prevail generally in the central part of the State; and in the southern counties the dates would naturally be earlier, and in the northern counties later:

*Seeds for 100 Feet of Drill.                      Planting Time.*

Beans, 1 pint, .....	April 20—July 20.

Realizing the value to the State and to the country of such a campaign in agricultural education at this particular time,

NOW, THEREFORE, I, WALTER E. EDGE, Governor of the State of New Jersey, do hereby proclaim Saturday, April twenty-first next, as PLANTING DAY, and the week immediately following as PLANTING WEEK, the former to be participated in principally by the younger folks and the latter by the grown-ups. I urgently suggest and recommend that this Proclamation be read in every class room in every public school in this State, and that the teachers at the same time, after securing all information from the State Department of Agriculture, direct the attention of the pupils to the products which can be most advantageously raised in their particular section of the State, together with the proper time for planting and all other necessary information. It is further suggested and recommended that PLANTING DAY, particularly, be observed by the pupils of the public schools in the establishment of home gardens, and that PLANTING WEEK be observed and marked by the citizens of our State generally by the establishment of home gardens on private or public plots of land available and suitable. It is further urged and recommended that immediate steps be taken by the State Department of Agriculture, the State Agricultural College and the State Department of Public Instruction for complete co-operation in the proper promulgation of this Proclamation among all of the schools of the State and also among the governing bodies of the various municipalities in the State, in order that the home garden idea may be given every possible encouragement.

Given under my hand and the Great Seal of the State of New Jersey, this fourth day  
[SEAL] of April, A. D. one thousand nine hundred and seventeen, and in the Independence of the United States the one hundred and forty-first.

WALTER E. EDGE,

By the Governor:

*Governor.*

THOMAS F. MARTIN,

*Secretary of State.*
