CHAPTER 15, LAWS, SESSION OF 1916.

Governor. The blank forms shall be filled in according to the rules attached hereto. The rules may be altered or amended, or new rules adopted by the Governor or the Joint Appropriation Committee of the Legislature from time to time as conditions may require.

5. All such requests for appropriation shall show in detail the purposes for which appropriations are requested, and where increases or decreases from previous appropriations are desired the reason therefor. Such requests shall be sworn to by the person making the same, which oath shall be in the form provided by rule.

6. There shall accompany such requests for appropriations a trial balance covering the preceding fiscal year, showing the receipts and expenditures of the department or body presenting such request in such form and detail as the Governor may direct.

7. On November fifteenth of each year, and thereafter as required, the Comptroller and State Treasurer shall jointly transmit to the Governor, in such form as he shall direct, a summary of the financial condition of the State. This report shall show, in condensed form, the financial condition of the State for the fiscal year ending October thirty-first preceding, the amounts expended and the amounts received, the sources and amounts of income, and the free balance in the treasury. The report shall likewise show the probable sources of revenue and the probable estimate of the State's income available for appropriations for the next fiscal year for which the Legislature will be requested to make appropriations.

8. Upon the receipt of requests for appropriations and the report of the Treasurer and Comptroller, the Governor shall proceed to examine such requests and reports for the purpose of determining the necessity of the appropriations so requested and shall in a separate message transmit to the Legislature on the second Tuesday in January a summary of such requests and reports, together with his recommendations thereon.
9. For the purpose of investigating the necessity of the appropriations so requested or for the purpose of ascertaining if either new sources of income are required or present sources of income are properly collected or for any similar purpose, at any time, the Governor may summon witnesses and conduct hearings or appoint any officer of the State government or any other person particularly fitted therefor to conduct any investigation or examination necessary to aid him in this purpose. Should the additional duties imposed upon the Governor by this act require further assistants, the Governor shall have power to appoint officers of the State government, together with not more than two special assistants, to form a permanent committee, acting with him in carrying out the provisions of this act.

10. The message of the Governor shall be in such form that it can be easily understood by the average citizen, and shall be printed and a copy thereof presented to each member of the Legislature, the press, each public library, and given such other publicity as the Governor or the Joint Appropriation Committee shall deem wise.

13. No money shall be drawn from the treasury except by the General Appropriation Bill, and it is the intent of this act that no supplemental, deficiency or incidental bill shall be considered.

14. Whenever any act creating or regulating any body, mentioned in paragraph two, shall limit the amount which such body may expend, such act shall be deemed to be repealed in so far as such limit is concerned if a
greater amount is appropriated by any succeeding Legislature to the extent only of such greater amount.

15. In order that some degree of flexibility in appropriations may be had, any department or other State agency receiving an appropriation by any future act of the Legislature may apply to the State House Commission for leave to transfer a part of any item granted to such department or agency to any other item in such appropriation. Such application shall only be made during the current year for which the appropriation was made, and if the State House Commission shall consent thereto, it shall notify the Comptroller thereof in writing, whereupon the Comptroller shall place the amount so transferred to the credit of the item so designated; provided, however, that no sum appropriated for any permanent improvement shall be used for maintenance or for any temporary purpose.

16. Any department of the State government, board, commission, charitable or correctional institution, or any other State agency which derives its income in part or in whole from fees, licenses, taxes, penalties, or in any manner, by reason of any law whereby such income is paid directly to such body for its support and not by appropriation from the State treasury, shall, upon request of the Governor, supply information concerning such income and the expenditure thereof either in the form required for appropriations or in any other form which he may direct, and the Governor shall have the same powers of investigation over such bodies as over other bodies requesting appropriations under this act.

17. The expense of conducting any investigation authorized in this act may be drawn from either a special appropriation made for this purpose or from the Governor's emergency fund. Such expenses shall be paid upon the certificate of the Governor.

18. This act shall be liberally construed, and if any section thereof shall be declared unconstitutional by any court of competent jurisdiction, it shall not thereby affect any other section thereof.

He shall give bond to the State of New Jersey in the sum of fifty thousand dollars, which bond shall be conditioned for the faithful performance of his duties, and conditioned also that he shall not be interested or concerned, directly or indirectly, financially or otherwise, with any person, partnership, firm or corporation with whom or which any purchase or contract for purchase shall be made in the performance of his duties. He may be removed at any time by the Governor for cause affecting the performance of his duties, but neither expiration of term of office nor removal therefrom shall operate as a discharge of said bond, until the lawful period thereof, to wit, sixteen years, has passed. The premiums upon
such bonds shall be paid by the State, upon the certification of the State House Commission.

5. The State Purchasing Agent, under the supervision and control of the State House Commission and as its agent, shall carry into effect and execute the provisions of this act. He shall appoint such assistants, clerks and stenographers as may be necessary in the discretion of the State House Commission, who shall determine their compensation. He shall act, and execute all contracts, in the name of the State of New Jersey.

6. The State House Commission shall have power if and as necessary in their discretion, to maintain warehouses, to rent or lease or construct the same or rent or lease warehouse or storage accommodations; to arrange with contractors for whole or partial deliveries to such warehouses and to make deliveries therefrom or to arrange with contractors for deliveries directly to using agencies, as may be necessary or expedient.

7. The State House Commission shall have power to combine all or so many of the existing State laboratories as in their judgment may be advisable into one or more State Physical and Chemical Laboratories for the execution of such functions as may now or hereafter be required thereof, as well as those functions in and by this act contemplated to be performed, and to maintain the same as State Physical and Chemical Laboratories; to provide such accommodations and working force therein by transfer and appointment as in their judgment may be necessary, and to fix the compensation therefor, as and when appropriations may become available for that purpose.

8. The State House Commission shall have power to establish and determine standards of quality by physical or chemical formulae or otherwise, and to change the same from time to time and to determine the relation thereto of articles offered or furnished; to use for such purposes the existing laboratories maintained by the State or as combined into State Physical and Chemical Laboratories; to establish a list of other public or private laboratories whose tests and analyses will be accepted.
and to fix the fees required to be paid for tests or analyses made in any State laboratory. Where changes or alteration in equipment are necessary in order to permit the application of any standard, such changes and alterations shall be made as rapidly as possible.

11. Each using agency shall designate one of its officers or one member of its board or governing body, as its representative upon an Advisory Board constituted of such representatives, if such agency shall so desire. This Advisory Board shall cooperate with the State House Commission in the determination of standards, making exemptions, quality and prices of supplies, and in all respects advise and assist the State House Commission in the performance of its duties and the accomplishment of the purposes of this act. The Advisory Board shall meet with the State House Commission at least once in each three months, and in addition at such other times as the State House Commission shall direct. The needs of the several using agencies shall be determined by each of them, as heretofore, but shall be supplied in accordance with the provisions and requirements of this act.
CHAPTER 68, LAWS, SESSION OF 1916.

12. Nothing herein contained shall require any change in the form or manner of making appropriations. Each using agency shall, at the times and for the periods specified by the State House Commission, present to the State Purchasing Agent detailed applications for furniture, equipment, materials, printing, stationery and supplies. The State Purchasing Agent shall prepare schedules thereof, and then submit such schedules to the State House Commission for their consideration. If it so desires, the State House Commission shall call for the cooperation of the Advisory Board with reference thereto or any part thereof, or hear any using agency with reference to its part therein, and then determine upon, change, add to or subtract from such schedules, and upon such schedules shall make requisition upon the State Comptroller for the amount of money estimated to be necessary to defray the cost thereof, indicating the appropriations against which the proposed purchases will be charged. Such requisition shall be approved by the Comptroller unless it shall appear that the free balance of any appropriation is not sufficient to cover the charge proposed against it. And in that event the requisition shall be rejected as to such charges only, and approved as to all others. The Purchasing Agent shall then arrange such schedules or parts thereof as are included in or covered by the approved requisition, for advertisement and contract in the manner best calculated to attract competition and advantageous prices, as well as prescribe conditions for delivery and the like details. The Purchasing Agent shall make all purchases upon such schedules and requisitions. The bills for such purchases shall be apportioned by the State Purchasing Agent among the requisitioning agencies in proportion to the purchases made therefor, and certify the same so apportioned to the State Comptroller, to be charged against the appropriations indicated by the certificate of the State Purchasing Agent and the accompanying requisitions. The bills therefor shall be paid by the State Treasurer upon the Comptroller’s warrant.

13. The State House Commission shall have power,
by written order, to permit purchases to be made by any using agency directly, and not through the State Purchasing Agent, whenever it shall appear to the satisfaction of the State House Commission that by reason of the excess of transportation cost, a lower price with equal quality can be obtained by the using agency, or as in the case of fresh vegetables, fish, eggs, milk and the like perishable articles, where the using agencies are widely scattered and there are nearby local markets, or for any reason, in the judgment of the State House Commission warranting such exception. Such using agencies receiving such permission shall report in writing to the State House Commission their acts and expenditures under such orders.

14. The State House Commission shall have power to make all rules and regulations necessary or proper to the execution of the object of this act and the performance of its duties and the duties of the State Purchasing Agent under the provisions of this act. It shall make an annual detailed report to the Legislature of its operations under this act.

15. The State House Commission and the State Purchasing agent, in the performance of their duties under this act, shall be subject to the provisions of all the laws of this State applicable to the expenditure of public moneys not inconsistent herewith.

16. The State Purchasing Agent shall be appointed as soon as may be after this act becomes a law, with such assistants, inspectors, clerks and stenographers as may be necessary, and he, together with the State House Commission, shall immediately enter on the performance of their duties, looking to the collection of the necessary information, preparation of the necessary standards, schedules and the like details, necessary to the operation of this act, but this act shall not otherwise become effective until the first day of November, one thousand nine hundred and sixteen. This act shall then become effective throughout; all contracts for furniture, equipment, materials, printing, stationery and supplies then outstanding and unfilled shall pass to and be completed by the State House Commission, but no new con-
tracts or purchases shall be made except in accordance with the provisions of this act. Provided, however, that with reference to any using agency, standards for which cannot be completed within the time specified, the State House Commission may establish temporary provisions and regulations or exemption until the standardization therefor is complete.

17. The proceedings of the State House Commission under this act shall be open to the citizens of the State; their minutes and records, and the records, contracts, orders and schedules of the State Purchasing Agent, shall be public records, open to the inspection of any citizen or interested person, firm or corporation, at all reasonable hours.

18. Agreements for purchases may be made in the form of contracts for the furnishing of specific articles at fixed prices, or for the furnishing of articles according to the specifications at a fixed rate with provision for a minimum amount subject to increase at the same rate, or for the furnishing of articles according to specifications without a stated minimum or maximum at a rate stated, commonly known as the "price agreement."

19. Nothing herein contained shall be construed to alter, amend or repeal any provision of any law of this State relating to the purchase or use of the products of the labor of the inmates of any charitable, reformatory or penal institution of this State.

20. All acts and parts of acts inconsistent herewith are hereby repealed.

Said salaries shall be charged as an expense of the development and operation of any water supply or supplies contracted for hereunder.

3. place for a public hearing upon said application, and shall thereupon give notice of such hearing by publication by one insertion in at least one newspaper printed and published in each of the counties lying within said water supply district at least fifteen days prior to said hearing, at which hearing all persons and municipalities affected by the proposed plans may be heard for or against the granting of the application.

7. Upon said hearing any municipality appearing may signify its desire to acquire an existing water supply or to obtain a new or additional water supply, and its willingness to join with other municipalities to that end, and to bear its share of the preliminary expenses, and shall at the same time state the quantity of water which it desires.

8. The said district water supply commission shall thereupon proceed to formulate plans for obtaining a water supply or a new or additional water supply for said municipality and any other municipalities that may desire water from such joint water supply, as provided for herein, and to estimate the cost thereof, and the annual cost of operating the same, and the probable share of said cost which each of such municipalities will be called upon to pay for its share of water supply and plant used in common with other municipalities, and the cost of any distribution system, water supply or plant acquired or constructed for its individual use, and to report the said plans to the said municipalities, together with a form of contract, providing for the raising and payment of the necessary funds to meet such cost of acquisition and operation. Such form of contract shall in substance provide that the said district water supply commission shall proceed to acquire or construct the water supply substantially as described in its said report, and that it shall operate the same when completed for account of such municipality or municipalities as may contract therefor as herein provided. Said contract shall further provide that each municipality shall take at least the quantity of water annually as specified in the contract, and shall pay to the said district water supply commission such sums of money
as shall be needed by the said district water supply commission to defray the cost of the acquisition or construction and operation of such water supply, at such times as may be determined and requested by said commission, and in the manner and in the proportion as is provided in section fifteen of this act; but no municipality shall be required to pay any part of the cost of acquisition or construction or operation of any water plant, or part thereof, which is not to be used in supplying water to such municipality. 9. After the said district water supply commission has submitted its preliminary report and form of contract to the municipalities interested, it shall notify said municipalities of a time and place for a hearing by such municipalities upon such contracts respectively. At said hearing each municipality shall, through the board or body having charge of its water supply, signify its willingness to accept the terms of said contract as presented, or present such modifications for the consideration of said district water supply commission as it may desire, or withdraw from further participation in the proposed water supply development.

10. After said hearing, said district water supply commission shall present a final form of contract to be executed between the said commission and each of the municipalities which, at such hearing shall signify its desire to participate in such water supply. It shall be the duty of each of such municipalities, within thirty days thereafter, to signify its willingness to execute said contract by resolution of the board or body having charge of its water supply.

If any of said municipalities shall, within such time, fail to indicate its willingness to execute said contract, then the said commission shall submit a
form of contract modified in accordance with such circumstances to each of the remaining municipalities, and each of such municipalities shall within thirty days thereafter indicate to the said commission its willingness to sign said contract. Such process shall be continued until a form of contract has been agreed upon by the said commission and one or more municipalities.

11. When said contract or contracts are signed as herein provided, the said district water supply commission shall forthwith proceed to carry out the same. For such purpose the said commission shall have the power, and be authorized in its own corporate name, but at the expense of the contracting municipalities as herein provided, to acquire by purchase or condemnation any part or all of the water plant, water rights, easements, distribution system or other property of any existing private corporation or of any water company, including any contracts which the said corporation or water company may have with any municipal or other corporation for the supply of water, and to carry out said contracts. Said commission shall have the power to acquire lands, easements, rights of way, water rights and all other property and rights that may be needful for the construction of any reservoir or the obtaining of any water supply, or the laying of any pipes or mains, or the doing of any work, or the acquisition of any property that may be necessary for the acquisition, construction or operation of such water supply. It shall have the power to construct or cause to be constructed such reservoirs, pipe lines, mains, pumping or filtration plant, standpipes, tunnels, buildings or other structures, machinery and appliances as may be necessary for the purposes of this act, and to employ all employees and to purchase all materials that may be necessary for said purpose, and all other powers necessary or proper to provide all of the contracting municipalities in said water supply district with a sufficient water supply, including the right to contract with any municipal or other corporation or person, or other district water supply commission for the purchase, sale or exchange of any water, lands or other property,
but nothing in this act shall be construed to permit the
said commission or any municipality to enter into any
new contracts for the sale or delivery of water to any
corporation, firm or person, for use within the limits
of any other municipality without the written approval
and consent of such other municipality. It shall also
have the power to arrange the exchange of lands and
of water rights and water in any watershed in said
district between any of the municipalities of the said
water supply district by contract with the municipali-
ties interested.

12. The said commission shall have full power to
construct water mains or pipe lines for the purposes
provided for in this act, along, under and over any
water course, or under or over or along or across any
street, turnpike, road, railroad, highway or other way,
or public park or grounds, and in or upon private or
public land under water, in such way and manner, how-
ever, as not unnecessarily to obstruct or impede travel
or navigation, and may enter upon and dig up any
street, highway or private or public land, for the pur-
pose of constructing said work and appurtenances and
for repairing and maintaining the same, and in a gen-
eral way to do all other acts and things necessary, con-
venient and proper in connection with the acquisition,
construction or operation and maintaining of the said
water supply. If any highway or public or private land
is dug up and disturbed pursuant to the provisions of
this act, the same shall be restored to its former con-
dition as nearly as may be. It shall have power to ac-
gue all such property, easements and rights by private
purchase or by condemnation in the manner provided
by the general laws of this State relating to the con-
demnation of lands for public use. The district com-
mision shall have power to alter or change the grade
of any highway or public street, or relocate such high-
way or street where necessary for the purpose of con-
structing any reservoirs to be built in accordance with
contracts authorized to be made by this act; and if it
shall become necessary to change the location or gradi-
ent of any canal or railroad, or the appurtenances thereof, the corporation owning or operating such canal or railroad shall be required to relocate or change the same as far as needful and to acquire the property necessary for such change, and, if possible, to agree with said district commission upon the details of such change, the cost thereof to be paid by the said commission as a part of the expense of such reservoir construction. And if said corporation is unable to agree with the owner of any land, property or right required to be taken by it in order to make such change, then said commission is hereby authorized and shall, for the benefit of said corporation, by condemnation or otherwise, acquire the same; provided, such acquisition shall not impair the operation of said railroad or canal.

13. If the district water supply commission shall decide to construct any reservoir, which may intercept or interfere with the flow of waters that may be part of the feeder of any canal, or which may be claimed by any canal corporation, the commission is authorized to acquire from such canal corporation the necessary water rights for said reservoir by agreement with such canal corporation; and if it shall prove impossible to make such agreement, then the commission shall have the right to acquire by condemnation the necessary water flowage or other rights from such canal corporation.

14. Whenever any work to be performed or material to be furnished shall involve any expenditure of any sum of money exceeding the sum of two thousand dollars ($2,000), the said district water supply commission shall designate the time when it will meet at its usual place of meeting to receive proposals in writing for doing the work and furnishing the material; and said board shall order its clerk to give notice by advertisement, inserted in at least two newspapers printed and circulating, respectively, in the county or counties in which the municipalities in said water supply project shall be situated, at least ten days before the time of such meeting, of the work to be done and
the materials to be furnished, particular plans and specifications of which at the time of such order it shall cause to be filed in its office.

All proposals received shall be publicly opened by the said commissioners and the commissioners shall award the contract to the lowest responsible bidder. Each contractor shall be required to give bond satisfactory in amount and security to the said district water supply commission for the faithful performance of his contract.

15. If said commission shall acquire any part or all of any distribution or water plant, the said commission shall have power to convey such distribution system or water plant or part thereof to the municipality in which the same is situated or to whose use it is devoted, at the cost thereof, as nearly as may be, and upon such equitable terms as the commission may fix.

16. The cost of the construction or acquisition of the said water supply shall be borne by the contracting municipalities in proportion to the amount of water contracted to be taken in the contract between each of said municipalities and the said district water supply commission. The said commission shall have the power to call upon each of the said contracting municipalities to pay on account of the said cost such sums from time to time as the commission shall estimate to be needed for that purpose, and shall request from each of said municipalities in accordance with said contract until the total cost of the acquisition and construction of said water supply has been completed, and each of said municipalities shall make such payments when so requested. Included in such cost shall be the salaries and expenses of the said water supply commission up to the time of the actual completion of the said plant and the commencement of the actual supply of water therefrom.

Thereafter the expenses of the said commission and its agents and employees shall be charged to operation, and properly proportioned as between the several water supply projects which may be operated by the commission.
CHAPTER 71, LAWS, SESSION OF 1916.

After said plant is completed or acquired, the cost of operation shall be estimated yearly in advance, and apportioned among said municipalities respectively in proportion to the amounts of water contracted to be used by each, and each of said municipalities shall pay said sums to said commission in advance when requested.

The commission shall make an apportionment of the actual cost of the operation of the said plant at the end of each year among the contracting municipalities; said cost shall be apportioned upon the basis of the actual water consumed by each municipality, provided that such amount shall be in no event less than the quantity contracted for. In apportioning said cost, no municipality shall be charged with any item of interest or rental upon, or cost of operation of, any part of any water plant which is not used in supplying water to said municipality, but this provision shall not prevent any municipality from contracting to bear the proportionate cost of acquisition and operation of any water plant, which may be devoted in whole or in part to the service of one or more municipalities. Each municipality shall be charged with the amounts so apportioned, and credited with the amount previously paid on account of the estimated operating expenses for such year.

17. Upon the completion of such water supply plant and works and appurtenances, the said district water supply commission is authorized and directed to retain and have the sole control and charge of the said water supply plants and works and appurtenances, except such part of the same as the said commission may convey to any one of the contracting municipalities as herein provided; in trust, however, for each of the contracting municipalities, and such other municipalities as may be entitled to share in the said water supply, as provided in this act.

18. Any municipality which shall desire to take water from any water plant constructed, acquired or operated by any water supply commission under the authority conferred by the provisions of this act, shall have the
right to file a petition with the said district water supply commission, setting forth the amount of water that such applying municipality desires to take and the period at which it desires to commence such taking of water. Said district water supply commission shall thereupon fix a time and place for a hearing of the said application, and give to each municipal corporation under contract with such district water supply commission in relation to the said water supply at least thirty days' notice in writing mailed to the clerk or secretary of the board or body having charge of the water supply of such municipal corporation.

After said hearing the said commission, if the water supply under its control is adequate for the supply of the said applying municipality, shall have power to contract with such municipality for the supply to it of water, at such price as shall impose upon such applying municipality an equitable share of the cost of constructing, acquiring and operating such supply; or such commission may allow said applying municipality to become part owner of the water supply plant controlled by the said commission, or such part thereof as is necessary for the supply of said applying municipality by means of a contract whereby such municipality shall agree to pay to said district water supply commission its proportionate share of the cost of acquisition, construction and operation of the said plant. Any money so paid to the district water supply commission by such applying municipality shall be paid over to the municipalities which have theretofore contributed to the cost of such water supply plant in proportion to the cost of such plant theretofore paid by them respectively.

Wherever any district commission has been brought into being by virtue of this act, it shall be unlawful for any municipality within the water supply district represented by said commission to obtain any new or additional water supply from any watershed other than the watershed or watersheds from which said municipality obtains its existing supply, without the consent of said district water supply commission.
19. Each municipality that shall enter into a contract with said district water supply commission as in this act provided, shall have the power to borrow the money necessary to make the payments required by such contract, upon its bonds, or upon its notes, or other temporary obligations. Such notes or temporary obligations may be renewed from time to time until permanent bonds shall have been issued by such municipalities to take up and pay for the same, or until the money necessary to pay for the same has been raised by taxation. It shall be the duty of the board, body or authority having charge of the finances of each municipality to place in the tax levy of each year an amount necessary to pay off any notes or temporary obligations of such municipality which have been issued to raise money to pay for the cost of the operation of the water supply. Said board, body or authority having control of the finances of any such contracting municipality is hereby required to issue its bonds for the purpose of raising the money necessary to pay said notes or other temporary obligations as may have been issued to raise money to pay towards the cost of the construction or acquisition of such water supply plant, which said bonds shall be in such amounts and bear interest at such a rate, not exceeding five per centum per annum, and shall be payable at such time and place as the board having charge of the finances of such municipality shall determine by resolution. Said bonds shall be sold for not less than par.

Each of said municipalities shall annually from the revenues received from the sale of water in such municipality set aside sufficient moneys with which to pay the interest on said bonds, and to provide a sufficient fund to retire said bonds at their maturity. If said revenues shall not be sufficient for said purposes the deficiency therein shall be raised in the annual tax levy of such municipality.

20. Nothing in this act contained shall be construed to authorize any district water supply commission to incur any indebtedness on behalf of the State of New Jersey.
21. If any provision, clause or section of this act shall be held invalid or unconstitutional, the remainder of the act shall not be affected thereby, but shall remain in full force and effect.

22. All acts and parts of acts heretofore passed inconsistent with the terms and provisions of this act or granting to the State Water Supply Commission or its successors in authority the powers in this act granted to the boards of district water supply commissions, when created as herein provided, are hereby repealed; provided, that nothing in this repealer contained shall be held to affect the powers of any municipality, by condemnation or otherwise, for developing, acquiring, operating, enlarging or improving its existing water supply, from its present source of supply, nor the performance of any existing contract relating to its water supply. Nothing in this act shall authorize any action or agreement that shall operate to abandon or make necessary the abandonment of any canal or waterway in this State, or any part thereof, or relieve any canal company or any lessee of any canal from the obligation to maintain and operate said canal, or from any other obligation, now imposed by law.

23. This act shall take effect immediately.

Approved March 16, 1916.

CHAPTER 83.

An Act providing for the reclamation and improvement of salt marsh and meadow lands and lands under water and other lands within municipalities bordering on tidal waters in this State resulting from the construction of channels and the making of harbor improvements in the waters adjacent thereto, and authorizing the Board of Commerce and Navigation, on behalf of such municipalities, to arrange for and contract with the Federal Government for such improvements, and authorizing the levying by such municipalities of assessments for benefits to such lands resulting from the reclamation and improvement thereof by or from the construction of channels and harbor improvements in the waters adjacent thereto.

Be it enacted by the Senate and General Assembly of the State of New Jersey:
1. Upon the request of the board or body having charge of docks in any municipality bordering on tide-
water in this State, or upon the request of the board or body having charge of streets in any such municipality where there is no board or body having charge of docks, the Board of Commerce and Navigation shall have power and it shall be the duty of such board to establish a district or districts embracing the municipality or municipalities which, in its judgment, should be included, wherein are lands which can feasibly be improved by being filled with material to be obtained from any proposed improvement of the navigable water or waters adjacent thereto, or which lands would be benefited by an improvement recommended to be made by the Federal Government upon a proposed basis of cooperation between the Federal Government and any such municipality or municipalities.

2. The Board of Commerce and Navigation shall, upon the receipt of such request and after conference with the Federal authorities having charge of any district port in which the improvements are proposed to be made, make an allotment or apportionment of the cost of making any such improvement, which, in its judgment, should be paid by the respective municipalities as hereinafter provided and embraced within any district created by any such board for any one improvement; provided, said total payments to be made by the municipalities within said district shall not exceed fifty per centum (50%) of the cost of the total amount of work to be done in any one such project or improvement, and said Board of Commerce and Navigation shall prepare a report showing the district or districts established by it, wherein such improvement or improvements are proposed to be made, the allotment of cost of any such improvement to be paid by the municipalities within the district or districts so established, and the terms and conditions under which the Federal Government authorities will arrange with said Board of Commerce and Navigation for the making of any such improvement, accompanied by a map showing the lands within each municipality in such district which can feasibly be improved or benefited by any such proposed work, and said Board of Commerce and Navigation
shall thereupon submit such report and map to the municipalities embraced within the district as established.

3. If there be lands under water, or salt marsh or meadow lands within any such municipality and shown on said map, which, in the judgment of the said municipal board or body, public necessity or interest demands should be reclaimed or filled, or if in its judgment public necessity or interest demands the construction of channels or harbor improvements which, or either of which, would specially benefit said lands or lands adjacent to said channels or harbor improvements, and if in its judgment it is advisable to arrange for such work to be done, upon the receipt by any such municipality of the report and map from the board of Commerce and Navigation hereinbefore provided for, the said municipal board or body shall pass a resolution signifying that it is proposed to enter into arrangements with the Federal Government for participating in the cost of doing certain work in connection with harbor improvements by the construction of channels or the deepening of tidal waters adjacent to certain lands within said municipality which are shown on the map submitted by the Board of Commerce and Navigation and approved by said municipal board or body. Such notice of intention shall be duly advertised in at least two newspapers published in the county in which the municipality is situated (and if a paper is published in any such municipality such paper shall be one of those so selected), for at least once a week for two weeks, and said resolution shall fix a time and a place not earlier than two weeks after the publication of the first advertisement for a hearing on said proposed action; and prior to said hearing such municipal board or body shall prepare a tentative assessment showing the probable amount of assessments to be made against the property benefited, which proposed tentative assessments shall be presented at such hearing and shall be open to inspection, and any person desiring to be heard in regard thereto shall be given a hearing. After said hearing, if such municipal board or body shall decide to carry out the suggested co-operation
with the Federal Government, it shall pass a resolution declaring such determination and setting forth that it will pay in the manner hereinafter provided its apportionment or contribution as made up by the Board of Commerce and Navigation, and said municipal board or body shall thereupon notify said Board of Commerce and Navigation of such action, and if all of the municipalities which have been included in any district for the carrying out of the proposed project shall signify that they will make the payments as so determined to be their respective portions of cost, then the Board of Commerce and Navigation shall transmit such information to the Federal district engineer in charge of any port district in which said municipalities lie and shall be authorized to enter into a definite understanding with the Federal Government authorities for the making of such improvement upon the terms and conditions assented to by such municipalities.

Should one or more of the municipalities which have been considered by the Board of Commerce and Navigation to be included in the district so established, decline or fail to signify a determination to join in the proposed undertaking within a period of sixty days after the receipt of the report and map from said Board of Commerce and Navigation, said board shall reconsider the original proposition of apportioning the cost made by it, and if, in its judgment, it is practicable to work out a plan of co-operation with the Federal Government by which the benefits of the contemplated improvement may be more directly confined as far as practicable to that municipality which has or to those municipalities which have signified their willingness to pay its or their allotment of cost, said board shall make up a new apportionment of cost in connection with a new district in which benefits from such a cooperative plan of improvement may be given, and shall then again submit a revised report and map as hereinbefore provided to the municipality or municipalities still remaining within said new district, and if the part of said new district in any municipality where the said municipal board or body has passed a resolution of

intention as herein provided shall differ from or include other lands than those included in such municipality in the original district, then a second proceeding based on notice of intention and hearing shall be had by such municipal board or body, and if said board or body shall determine to participate on the basis of any new apportionment so made, it shall notify the Board of Commerce and Navigation, and said Board of Commerce and Navigation shall communicate such determination to the Federal district engineer in charge of the port district in which said municipalities are situated, and said Board of Commerce and Navigation shall be authorized to enter into a definite understanding with the Federal Government authorities for the making of such improvement upon the terms and conditions assented to by such municipality or municipalities.

The same process of elimination shall be continued until the Board of Commerce and Navigation has come to an agreement with one or more municipalities providing for the co-operation with the Federal Government herein authorized.

4. The Board of Commerce and Navigation shall be authorized to arrange with the Federal authorities having charge of the port district in which the municipalities included in any district created by said board lie that, in the execution of any such improvement herein authorized, the material resulting from dredging operations, et cetera, shall be used to fill and improve the lands as shown on the map as herein provided to be filed by it with the municipalities interested, and it shall be lawful to enter upon, use and occupy the lands as shown on said map for the purpose of filling, bulkheading and improving the same.

5. Any municipality embraced within a district created as provided by this act is hereby authorized to issue its bonds, temporary loans, or other form of obligation, in the form now provided by law for temporary loans in anticipation of assessments, for the amount of its allotment as ascertained by the method herein provided, and such moneys shall be raised by
the board or body having charge of the finances of any such municipality upon the request of the board or body having charge of docks, or upon the request of the board or body having charge of streets in any such municipality where there is no board or body having charge of docks.

Upon notice to the municipality from the Federal district engineer in charge of the port district in which such municipality is located that he has available for the execution of any proposed improvement, for which the Board of Commerce and Navigation has made an allotment of cost as herein provided, an appropriation of moneys from the Federal Government or an authorization to arrange for said work in an amount at least equal to fifty per centum (50%) of the total cost of any such proposed improvement, the funds to be contributed by such municipality shall be paid by it into the treasury of the Federal Government and become available for the carrying out of such proposed improvement by the Federal authorities, in accordance with the definite understanding made between said Board of Commerce and Navigation and the Federal authorities in charge of the port district in which the municipality lies. If the Federal authorization herein referred to shall provide for part of the work to be done by local or State agencies, any municipality taking advantage of this act, or the Board of Commerce and Navigation, is hereby empowered to carry out such part of the work in addition to or in lieu of depositing any or all of the moneys to be contributed by the municipality or municipalities, said work to be done and paid for as may be provided for in any agreement, contract or understanding reached between any of the parties thereto.

Such sums as may be received by any municipality from assessments made in accordance with this act shall be applied to the payment of the temporary loans herein authorized to be issued, and any balance of the amount of the cost of the work done by the municipality, or by the Board of Commerce and Navigation on behalf of such municipality, and the contribution made
by any such municipality to the Federal Government in excess of the amount assessed as benefits shall either be placed in the tax levy of such municipality or bonds similar to those now authorized for deficiency of assessments may be issued therefor, and the interest and sinking fund charges on such bonds shall be provided for in the tax levy until such bonds are paid.

6. Upon the completion of any such improvement, the board or body having charge of docks in said municipality, or the board or body having charge of streets in any such municipality where there is no board or body having charge of docks, is hereby authorized to make an assessment upon so much of the lands within the said municipality included in the report and map submitted by the Board of Commerce and Navigation upon which the notice of intention hereinbefore provided was based, as, in the judgment of said municipal board or body, are especially benefited, for benefits in a total amount not exceeding the cost of work done by the municipality, or by the Board of Commerce and Navigation on behalf of such municipality, and any contribution made by any such municipality to the Federal Government for such improvement, but before the assessments so made for benefits are confirmed by any such municipal board or body in any such municipality so agreeing to contribute, it shall be the duty of said board or body to advertise in the manner now required by law for advertisements for hearings on matters of assessments, that it proposes to consider the confirmation of the assessments for benefits upon all or part of the lands included within such report and map prepared as herein provided by the Board of Commerce and Navigation, and said advertisement shall designate a time and place at which any person interested may be heard in regard to such proposed assessments. After such hearing said municipal board or body shall, by resolution, confirm such assessment after making such modification as it shall deem proper, and any such assessment when so confirmed shall become due and payable as is now provided by law in any such municipality for assessments for street pavements, and where in any munici-
pality such assessments may be made payable in five annual installments such methods of paying these assessment may be pursued, and all such assessments when filed with the proper municipal officer shall become liens upon the property against which such assessments are levied, in the same manner in which taxes become liens on property.

7. In the event that any portion of the lands included within lands benefited or improved by any work done in connection with the dredging of channels, et cetera, shall be riparian lands or lands under water, for which the riparian grant has not theretofore been made by the State, the municipal board or body which is authorized to make an assessment for improvements in accordance with this act shall be and is hereby authorized to include in any such assessment a prospective assessment against such riparian lands, and a copy of such prospective assessment shall be filed with the Board of Commerce and Navigation and the same shall be a part of the records of said board. Upon the sale or grant by the State of the riparian rights to any such lands for which a prospective assessment has been filed with said board, the amount of such prospective assessment, together with interest at the rate of five per centum per annum from the time of the confirmation of the assessment for said improvement, shall by the Board of Commerce and Navigation be included in the purchase price fixed for such lands and made a part of the payment for the grant, and the amount of such assessment with interest as aforesaid, when paid, shall be turned over by such Board of Commerce and Navigation to the municipality which has contributed to the Federal Government for the cost of the improvement by which said lands are benefited.

Such a prospective assessment shall also be made and included in the general assessment for and against any such riparian lands or lands under water for which an annual rental or fee is being charged or collected by the Board of Commerce and Navigation under any agreement by which the fee of any such riparian lands is to pass, and when such fee does so pass by grant from
the State such prospective assessment shall become immediately due and payable, together with interest thereon at the rate of five per centum per annum from the time of the confirmation of the assessment for such improvement, and said assessment shall become a lien upon such lands until paid and shall be collectible as other liens for public improvements are now collectible in any such municipality.

8. If, for any reason, any section, clause, or provision of this act shall be questioned in any court, and shall be held to be unconstitutional or invalid, no other section, clause or provision of this act shall be affected thereby.

9. All acts or parts of acts inconsistent herewith are herewith repealed, and this act shall take effect immediately.

CHAPTER 84.

An Act to provide for the appointment of a commission to revise and codify the statutes of this State relating to cities and other municipalities and to prepare bills delegating additional powers thereto.

WHEREAS, At each session of the Legislature numerous bills are introduced relating to cities and other municipalities which, though general in form, are special in application; and

WHEREAS, The time given to the consideration of such bills is one of the main causes in prolonging the sessions of the Legislature, and the enactment of such laws has encumbered the statute books, causing confusion and uncertainty as to the actual state of the law relating to cities and other municipalities; and
WHEREAS, it is desired that the largest possible measure of home rule, consistent with constitutional limitations, should be granted to the municipalities of the State, so that each of them, in response to the sentiment and desire of its people, may from time to time deal with every matter of local concern, including the ownership and operation of such public utilities as any municipality may see fit to own or operate; and

WHEREAS, the revision and codification of the present laws relating to cities and other municipalities, and the delegation of more power to cities and other municipalities without sweeping away those fundamental principles and policies generally accepted and recognized throughout this State as wise and beneficent, would remove much of the present confusion and uncertainty and would shorten the sessions of the Legislature; therefore,

CHAPTER 94.

An Act concerning the insane; providing for their commitment to hospitals for the insane and their confinement therein, including care, treatment and support (Revision of 1916).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

I. A person alleged to be insane may be committed to and confined in any institution for the care and treatment of the insane in this State (as defined in section forty-four of this act), upon the filing as hereinafter provided of an application in writing hereinafter described, by a person interested in the admission of such patient (as defined in section forty-four of this act), by reason of relationship or marriage, or by the person having the charge or care of such patient, or by the sheriff, or by the overseer of the poor or person charged with the care and relief of the poor, or by any chief of police or police captain of any municipality in this State where such patient may be, or by the warden or other head officer of any penal or correctional institution or of any public or private charitable institution or hospital in which such patient may be.

2. All applications and certificates for commitment to and confinement of any patient in any State, county, or private institution for the care and treatment of the insane in this State, must be made on forms approved by the State Commissioner of Charities and Corrections and furnished by the board of managers of said institu-
tion, by the board of chosen freeholders, or by the management of such private institution, as the case may be.

3. The application for admission and commitment to any such hospital shall be attached to and accompanied by certificates in writing of two physicians under oath. Every physician in order to qualify so as to certify to the insanity of such patient for the purpose of securing his commitment to any such hospital, must be of reputable character, duly licensed to practice medicine in this State and holding a degree of doctor of medicine, a permanent resident of this State, and shall have been in the actual practice of his profession for at least five years.

Every certificate shall set forth the date of the making of the personal examination of the subject of the application, which must be made in every case by the physicians signing the certificates, separately or together, not more than ten days prior to the admission of such person to such hospital, nor, in cases coming under class A, more than ten days prior to the date of the making of the application. Every certificate shall contain a thorough description and identification of the person sought to be confined. Each certificate shall set forth the facts and circumstances upon which the judgment of such physicians is based, and shall include therein a personal description sufficient to identify such patient, and the facts concerning hereditary taint and previous attacks if any, and shall set forth the fact that the condition of the patient is such as to require care and treatment in an institution for the insane, and such other information as may be required to be furnished upon the forms approved and furnished as aforesaid.

4. A nonresident of this State may be confined in any institution for the care and treatment of the insane in this State in the same manner as residents may be admitted and committed, except that the physicians' certificates attached to the application for admission and confinement of said nonresident to any such institution preliminary to the inquiry and final hearing may be made by two physicians residents of the State from
which said nonresident may be sent, which certificates shall be on the form prescribed for residents of this State, and said nonresident physicians shall have all the qualifications required by the laws of the State from which said nonresident is sent, to secure the commitment of patients resident in said State to any institution for the care and treatment of the insane located in said State, but the inquiry and final hearing in the manner provided in this act shall not be had unless certificates shall be presented at the final hearing to the judicial officer of two resident physicians of this State, after personal examination of the nonresident person alleged to be insane, having the qualifications prescribed in this act and upon compliance with all the other provisions of this act.

5. No physician who is a relative either by blood or marriage, of the patient, or director, superintendent, proprietor of, or who is financially interested in any institution for the care and treatment of the insane in this State to which it is proposed to commit any patient, or who is professionally employed as resident physician at a regularly paid salary by the management thereof, shall be qualified to certify as to the patient's insanity.

6. In all counties in this State where the county counsel, county solicitor, county clerk, county physician or county probation officer or any of their assistants is now in charge and supervision of the preparation of papers relating to the commitment of the insane in any county, such person shall be known as commissioner in lunacy, such duties to pertain to the office of such county counsel, county solicitor, county clerk, county physician or county probation officer or their successors in office, and in all other counties the judge of the Court of Common Pleas with the consent of the board of chosen freeholders, shall designate some county official or employee as commissioner in lunacy for such county. Such commissioner in lunacy holding such designation under either of the methods herein provided, in addition to the performance of his regular duties, shall have charge and supervision of the preparation of papers relating to the commitment of the insane in such counties and the classi-
CHAPTER 94, LAWS, SESSION OF 1916.

Evaluation and requirements of such official or employee under the laws and rules concerning civil service, shall not be affected in any way by reason of such designation or additional duties as commissioner in lunacy, and additional compensation, if any, for such services as commissioner in lunacy as aforesaid, may be fixed by the board of chosen freeholders and paid in the same manner as the other county employees are paid. It shall be the duty of the boards of chosen freeholders of all counties to notify the various institutions for the insane, of the name and address of such commissioner in lunacy.

7. For the purpose of this act the method of commitment of insane patients shall be divided into five classes:

Class A. Where immediate temporary confinement of a patient in an institution is not necessary before making the final order of commitment.

Class B. Where immediate temporary confinement of a patient is necessary owing to the condition of the patient and where an order of temporary confinement can be obtained before the patient is taken into such institution.

Class C. Where immediate temporary confinement of the patient in an institution before making the temporary order hereinafter referred to, is necessary owing to the condition of the patient and where an order of temporary commitment cannot be obtained before the patient is taken into such institution.

Class D. Where a person voluntarily applies for admission to an institution for treatment. In all such cases the admission and maintenance shall be governed by the provisions of section twenty-five of this act.

Class E. Where a person in confinement, under the care of the warden or other head officer of any penal or correctional institution, is to be transferred to a hospital for the insane. In all such cases the procedure shall be governed by the provisions of section twenty-six of this act.

8. Class A. The class designated “A” shall include all cases where the condition of the patient, in the judgment of the certifying physicians, is such that imme-

diate temporary admission to an institution pending a judicial hearing and final order of commitment, as hereinafter provided is not necessary. In all such cases the application in writing with physicians' certificates attached thereto as provided in this act, shall be first made to the judicial officer (as defined in section forty-four of this act) in the county in which said patient resides or may be. Whereupon said judicial officer shall fix the time and place for the final hearing to inquire into the sanity of the patient, of which time and place notice shall be given as in this act provided, of such inquiry, which said inquiry shall be set by the judicial officer for a time not later than twenty days from the date of said application. Said time and place of hearing shall be indorsed on the application papers by the judicial officer over his signature. Said final inquiry as to the sanity, legal settlement and indigence of said patient shall be conducted as is otherwise provided in this act.

9. Class B. The class designated "B" shall include all cases where the condition of the patient, in the judgment of the certifying physicians, is such that he should be placed under immediate restraint in an institution, and where an order of temporary commitment can be obtained prior to his admission into such institution. In all such cases a statement of such condition of the patient must appear in the certificates of the physicians certifying to the insanity of the patient. The person making the application shall, before such patient is admitted to such institution, obtain an order of temporary commitment instituting the inquiry, from a judge of any court of record in the county in which such person resides or may be; provided, however, that a justice of the peace, acting as such or sitting in the justices' court, shall not be construed to be a judge of a court of record within the meaning of this act, where a District Court exists, at the time of the making of said order. Such order instituting an inquiry as to the insanity of the patient shall direct that proof shall be taken at said inquiry as to the mental condition of said patient and shall be attached to the application and the
certificates. Such order of temporary commitment, application and certificates shall be filed with the medical director of the institution before or at the time of the admission of the patient to such institution, and shall be the warrant and authority for the admission and detention of the patient for a temporary period not exceeding twenty days from the date thereof. It shall be the duty of the medical director (as defined in section forty-four of this act) forthwith after such application, certificates and order of temporary commitment shall have been received by him, to mail certified copies thereof under his hand and seal of the institution to the commissioner in lunacy of the county from which the commitment of such patient is requested. It shall thereupon be the duty of the said commissioner to present forthwith such certified copies to a judicial officer in such county and to request the fixing of a time and place certain for the final hearing. The judicial officer shall fix a day for such final hearing, which shall not be more than twenty days from the date of the temporary order of commitment theretofore made.

10. Class C. The class designated "C" shall include all cases where the condition of the patient, in the judgment of the certifying physicians, is such that the patient should be placed under immediate restraint and confinement in an institution, and where it is impossible to obtain an order of temporary commitment from a judge of any court of record, as herein designated, in the county in which the patient resides or may be. A statement of such condition of the patient must appear in the certificates of the physicians and the application shall contain a statement of the applicant’s inability to secure such order of temporary commitment. The person making the application shall, on or before the admission of such patient to the institution, present the application and certificates to the medical director of such institution, and such papers shall be the warrant and justification for the temporary detention of the patient at such institution. Such medical director shall
thereupon make or cause to be made a copy of the papers so filed and shall certify to the same under his hand and seal of the institution and forthwith mail such certified copies to the commissioner in lunacy of the county from which said patient shall have been admitted. It shall be the duty of the said commissioner, upon receipt of the papers from the medical director, to present the same to the judicial officer of such county and obtain an order of temporary commitment, which order shall approve the admission of such patient to such institution, and shall be the warrant and authority for the detention of the patient for a temporary period not exceeding twenty days from the date of the admission of such patient, and it shall be the duty of said commissioner to forward said order to the medical director of such institution. The judicial officer shall also designate the time and place of the final hearing, which shall not be more than twenty days from the admission of said patient into said institution.

11. When any patient shall be admitted to an institution by the filing of an application and certificates either under class B or class C, and the medical director at the time of such admission, or any time before final hearing, shall be satisfied that such patient is sane, he shall, in his discretion, discharge the said patient forthwith, and at the same time mail to the commissioner in lunacy of the county from whence said patient was admitted to the hospital a certificate setting forth that such patient is sane, and has been discharged from the hospital to which he was presented for admission; such certificate to be signed by the medical director of said hospital. If, however, at any time before the final hearing the medical director shall have reason to doubt the insanity of said patient, it shall be his duty to certify forthwith his reasons therefor and forward the same to the commissioner in lunacy of the county from which the admission of such patient has been requested, and the said commissioner shall forthwith bring the certificate of doubt to the attention of the judicial officer for consideration at the final hearing.
CHAPTER 94, LAWS, SESSION OF 1916.

1. Notices. In all cases where the patient is not confined in an institution before the final hearing, it shall be the duty of the applicant to cause to be served personally upon the patient or his attorney a written notice of the time and place of such final hearing, such service to be made at least one day before the date fixed, and which notice shall contain a statement that if such patient desires to oppose the application for a final order of commitment, he may appear personally or by attorney at the time and place fixed for such final hearing. Proof of such service shall be made at the final hearing, and at such final hearing the applicant shall, if required by the judicial officer, produce the patient at the final hearing.

In all cases where the patient is confined in an institution before the final hearing it shall be the duty of the commissioner in lunacy to serve or cause to be served personally upon the patient a written notice of the time and place of such final hearing, such service to be made at least one day before the date fixed, and which notice shall contain a statement that if such patient desires to oppose the application for a final order of commitment, he may appear personally or by attorney at the time and place fixed for such final hearing. Proof of such service shall be made at the final hearing. It shall be the duty of the medical director to see that such patient, if he so desires, is given every opportunity to appear personally or by attorney at such hearing, and to assist him in communicating with his friends, relatives or attorney; provided, however, that if the medical director of any institution for the insane in which such patient may be under detention shall certify that in his opinion it would be prejudicial to the health of the patient, or unsafe to produce the patient at the inquiry, then such patient shall not be required to be produced. Two days' notice of the time and place of the final hearing shall in all cases be mailed to or served upon the applicant, but in case such applicant is not the husband, wife or nearest relative, such notice shall be mailed to or served upon such husband, wife
or nearest relative, if possible. Proof of such service shall be made at the final hearing.

13. On the day fixed for the final hearing, the applicant shall bring the matter before the judicial officer and shall produce before such judicial officer in all cases coming under class A, the original application and certificates and any other papers pertinent to the inquiry, and in all cases coming under class B and class C, the commissioner in lunacy shall produce certified copies of the application, certificates and order of temporary commitment and any other papers pertinent to the inquiry, and such judicial officer shall thereupon hear the matter in a summary way and determine the case as herein provided. He shall be authorized to hear and determine the matter without a jury, or in his discretion to call a jury to determine the question of the sanity of such patient and shall have power to compel the attendance of witnesses from any part of the State of New Jersey, and also the attendance of jurors and the production of the patient either in court or at the place where the patient may be, and direct to be produced the original application and certificates and any other papers or documents. The judicial officer is authorized to continue such final hearing in open court from time to time as may be necessary, and such continuance shall be endorsed on the application for commitment or on the certified copy as aforesaid, which continuance shall be sufficient warrant and authority for the detention of such patient for such period: provided, however, that the aggregate period of such continuances shall not exceed three months from the date originally fixed for the final hearing. Such judicial officer shall also have power to order the taking and transcribing of the testimony adduced at such hearing, the expense of which shall be paid by the board of chosen freeholders of such county in the same manner as other court expenses are paid. Such judicial officer may refer the matter of the examination of witness to the commissioner in lunacy of such county, for the use of such judicial officer, and such commissioner is hereby
Authorized and empowered to administer oaths or affirmations for this purpose.

14. In all cases coming under class A or class C, the judicial officer making the final order of commitment or the temporary order of commitment, as the case may be, may in his discretion, direct that the costs and expenses of transportation of the patient to the institution shall be borne by the applicant or by the county from which such patient was committed, as the circumstances of the case may warrant, and boards of chosen freeholders shall have power to contract for such transportation from time to time.

In all cases coming under class B, the judge of any court of record who shall sign the order of temporary commitment, in all counties where the transportation of all indigent patients is not otherwise provided for, is authorized, in his discretion, in indigent cases, to issue an order directing the overseer of the poor, or person charged with the care and relief of the poor in the municipality in which such patient resides or may be, to take and convey such patient to the institution designated in said order of temporary commitment, in which case the cost and expense of the transportation of the patient shall be borne by such municipality.

15. The judicial officer shall first inquire as to the sanity of the patient. If the patient shall be found to be sane, the judicial officer shall order his discharge forthwith, and such order shall be entered upon the minutes of the court. If the patient shall be found to be insane, the judicial officer shall then inquire as to the indigence and legal settlement of such patient.

16. If on final hearing said judicial officer shall determine that said patient is insane and indigent, and appears to have a legal settlement in a county in this State other than the one in which said final hearing shall be held, he shall adjourn said inquiry for two weeks and shall cause notice to be given to the board of chosen freeholders of the county in which said patient appears to have a legal settlement, which notice shall be mailed to the county counsel, county solicitor or county collector of said board of chosen freeholders or the commis-

Legal settlement defined.

17. Legal settlement in any county within the meaning of this act shall be continuous residence in such county for a period of not less than ten years immediately preceding the date of application for commitment, excluding in the computation of such period the time, if any, spent by such patient in any charitable, correctional or penal institution or public hospital; provided, however, that where such patient is an alien and has taken up his residence in any county in this State immediately upon arriving in this country, having had such county as his destination, and who shall have resided in such county for a period of at least three years immediately preceding the date of application for commitment, such patient shall be deemed to have a legal settlement in such county within the meaning of this act.

Any patient who shall have acquired a legal settlement within the meaning of this act in any county in this State shall retain such settlement until he shall have acquired a legal settlement in some other county in this State; provided, however, that such settlement shall be deemed to have been abandoned in case such patient shall have resided without this State for a period of one year or more.

Legal settlement in this State, as distinguished from legal settlement in any political subdivision thereof, shall be continuous residence in this State for a period of at least one year immediately preceding the date of the application for commitment, excluding in the computation of such period the time, if any, spent by such patient in any charitable, correctional or penal institution or public hospital.

Any patient not having lived in the State of New Jersey for at least one year prior to the application for commitment to any institution for the care and treat-

...ment of the insane in this State, shall not be deemed to have a legal settlement in this State within the meaning of this act, but shall be committed to one of the institutions owned by the State pending his removal to the place where he has a legal settlement, if any, and the cost and expense of the care and treatment of such patient during such confinement, and his removal, when the cost of his removal is not otherwise provided for, shall be borne by the State.

Nothing in this act shall be construed as affecting the right of the State or any political subdivision thereof, to return any patient to a foreign country or to return any patient to any other State wherein such patient still retains a legal settlement according to the laws of such State, and in all such cases no legal settlement shall be deemed to have been acquired in this State or any political subdivision thereof within the meaning of this act.

18. After the proofs have been taken and the matter heard as provided in this act, either before or after the temporary commitment of the patient as aforesaid, upon the rendering of final judgment in case the person is found by the judicial officer to be insane and a proper person to be confined in one of the institutions for the insane in this State, he shall make an order committing such patient, which shall contain a determination of the insanity of such patient, the names of the physicians who certified to his insanity, and shall recite the notices given of the inquiry and the final place of his confinement until restored to reason, or until the further order of a court of competent jurisdiction or his discharge by the medical director, and shall also contain a determination of the patient's legal settlement and shall provide for the payment of the expense of the care and treatment of such patient. Such order shall be filed in the office of the county clerk of such county, whose duty it shall be forthwith to forward a certified copy thereof to the medical director of the institution to which such person is committed.

19. If the patient shall be found to be insane and indigent, and to have no legal settlement in any county...
in this State, the judicial officer may commit such patient to an institution owned by the State of New Jersey.

If the patient shall be found to be insane and indigent and to have a legal settlement in the county from which his admission was requested, such judicial officer shall make an order committing the patient as an indigent patient to the institution owned by such county, if there be such, and if there be no institution owned by such county, then such patient shall be committed as an indigent patient to an institution owned by the State of New Jersey.

If, at the final hearing, the judicial officer shall find that such patient is indigent and has a legal settlement in such other county as set forth in section sixteen of this act, he shall make an order committing such patient, as an indigent patient, to an institution of such other county. If there be no such institution owned by the other county, the judicial officer shall make an order committing such patient as an indigent patient to an institution owned by the State of New Jersey. Any indigent patient may be committed or transferred by the judicial officer to any public institution for the insane upon the consent of the management of such institution, and the consent of the State or of the county chargeable with his support, as the case may be.

20. In all cases where a patient is confined in any public institution for the insane and it shall appear that such patient should be confined in some other public institution for the insane, the judicial officer shall have power to order the transfer and commitment of such patient to such other institution, which order shall be filed with the county clerk and a certified copy thereof forwarded to the medical directors of such institutions. The cost of such transfer shall be borne by the institution from which the patient is transferred.

21. If the judicial officer shall determine that the patient is insane and has sufficient estate to pay for his full maintenance as fixed by the board of management or board of chosen freeholders, as the case may be, or if the person or persons legally liable for his
support as herein provided are able to pay for his main-
tenance, fixed as aforesaid, said judicial officer, after
determining the legal settlement of such patient may,
in his discretion, commit such patient to any State or
county institution for the care and treatment of the
insane in this State, and in the final order of commit-
ment he shall direct that the care and maintenance of
such patient in the institution designated in said order
shall be paid out of the estate of the patient or by the
person or persons chargeable by law with his support,
or by contract, as the case may be, and such order shall
specify the amount per week which shall be paid there-
under, and shall, in the discretion of the judicial officer,
contain such direction as may seem proper concerning
security to be given for such payment; provided, how-
ever, that nothing contained herein shall be construed
to prevent such judicial officer from ordering the pay-
ment out of the estate of such patient, or by the person
or persons legally liable for his support, of any part
of the cost and expense of the care and maintenance
of any indigent patient in any State or county institu-
tion, and such sums shall be collected by the county
collector of such county and shall be paid to the State
Treasurer in the case of State indigent patients, or to
the board of chosen freeholders in the case of county
indigent patients.

22. The judicial officer may, after final hearing, com-
mit any patient found to be insane and nonindigent
as a nonindigent patient to any State or county institu-
tion irrespective of the legal settlement of such patient,
where provision is made for his care and maintenance,
in an amount approved by the board of managers of
the State institution or by the board of chosen free-
holders, as the case may be, and such patient may re-
main as a nonindigent patient in such institution as
long as said sum shall be regularly paid out of the
estate of such patient, or by the person or persons
chargeable by law with his care and maintenance, or
under contract.

23. The board of managers, or the board of chosen
freeholders or the proper committee thereof, as the
case may be, in its judgment, is hereby authorized to return to his family any patient admitted to and confined in its institution as nonindigent if the person or persons liable for such patient's board and maintenance either by court order or by contract, shall become in arrears in the payment of such board and maintenance for a period of six months.

24. In all cases where, on final hearing, it appears that the patient is possessed of real or personal property and no arrangements have been made for the payment for such patient's maintenance, and no application has been made either to the Court of Chancery or to the Orphans' Court for the appointment of a guardian of the estate of such patient, an application may be made to the Orphans' Court of the county in which such patient resides, and the judge of such court shall have power to appoint some competent person, resident in this State, guardian of such estate during such commitment, whose duty it shall be to conserve such estate for the purpose of maintaining such patient in the institution in which he may be lawfully confined, and such guardian is hereby authorized to pay such maintenance under the direction of such court. Such person shall furnish a bond as guardian in double the amount of such estate, conditioned for the faithful performance of his duties as guardian; provided, however, that if the warden or business manager of such institution, or the county collector of the county in which the institution is located, is appointed guardian, he shall not be required to furnish a bond as aforesaid, and the judge of such Orphans' Court is authorized to make such directions for payment for such maintenance as may be necessary. Such guardian shall be discharged after accounting without advertising, upon the death or discharge of such patient from confinement.

25. Class D. Any person resident in this State, believing himself about to become insane or in danger of losing his reason, and being desirous of obtaining treatment for the betterment of his mental condition, may be admitted to any public institution for the care and

Treatment of the insane in this State, by filing with the medical director thereof, at or before his admission, an application in writing to be approved and furnished by the board of managers or the board of chosen freeholders as the case may be, setting forth his name, place or places of residence for a period of ten years preceding such application, and a full statement of his financial ability to support himself or the financial ability of the person or persons chargeable by law with his support, together with such other information as may be required on the forms approved and furnished as aforesaid. It shall be the duty of the medical director to forward forthwith a certified copy of such application to the commissioner in lunacy of the county from which such patient is admitted, who shall investigate the matter of legal settlement and indigence of such patient, and the person or persons chargeable with his support, and report the facts to the proper judicial officer of such county, who shall make a legal finding as to the legal settlement and the financial ability of the patient or the person or persons chargeable with his support as aforesaid, and shall have the right to make an order for the payment of the whole or any part of the cost and expense of the care and maintenance of such patient, as in the case of involuntary commitments. Such finding shall be filed in the same manner as final orders of commitment are filed.

In all cases where any such patient desiring to obtain treatment for the betterment of his mental condition, as aforesaid, furnishes to the warden or business manager of such institution, the cost thereof in advance, on deposit as security, or a bond with sufficient surety, conditioned for the payment of the cost of his care and treatment therein, it shall not be required that the medical director certify a copy of the application for admission, to the commissioner in lunacy, or to obtain a judicial finding as aforesaid. Such bond shall be executed and acknowledged by the parties thereto, one of whom shall be an owner of real estate in the State of New Jersey with equity worth at least the amount of the cost and expense of such patient’s care and

treatment for a period of one year, and the penalty shall be double the amount of such cost. Such bond may be furnished by a duly authorized surety company.

Any person admitted to any institution under the provisions of this section may be discharged therefrom upon the certificate of the medical director, stating either that the said patient is cured or that further treatment in said institution is unnecessary or undesirable. Any person admitted under this section may withdraw from the institution to which he has been committed, upon three days' notice to the medical director.

26. Class E. If any person in confinement under commitment, indictment or sentence, or under any process, shall appear to be insane, the justice of the Supreme Court presiding in the courts of the county in which such person is confined, or judge of the Court of Common Pleas of said county may, upon presentation to him of the application and certificates hereinabove provided, institute an inquiry and take proofs as to the insanity and legal settlement of said person in the manner and form hereinbefore provided, pending which inquiry such person may be temporarily confined in a public institution for the insane in this State as provided in class B, upon an order of such justice or judge; and if said justice or judge shall determine that said person is insane, he shall order that said person be discharged from imprisonment, and that he be confined in one of the institutions for the care and treatment of the insane owned by the State of New Jersey, or if said justice or judge shall deem it expedient, in an institution for the care and treatment of the insane owned by one of the counties of this State, until said person is restored to reason or removed or discharged according to law. Such order shall contain a determination of such person's insanity, and if such justice or judge shall find that such person has no legal settlement in any county in this State, he shall be maintained in such institution at the expense of the State, and if he has a legal settlement in any county in this State,
be shall be maintained by such county. 27. Any patient admitted to any institution in this State, whether upon final order of commitment or otherwise, may be paroled or discharged therefrom upon the certificate of the medical director, under rules and regulations prescribed by the board of managers or the board of chosen freeholders or the proper committee thereof, as the case may be; provided, however, that in all cases where the patient shall have been transferred to the institution from a penal or correctional institution, as provided for in section twenty-six of this act, he shall not be paroled or discharged upon the certificate of the medical director.

28. Any person who shall aid or abet in any way the escape or elopement of any patient confined in any public institution for the insane in this State shall be guilty of a misdemeanor, and punished accordingly.

No insane person or person alleged to be insane shall be committed to or confined in any unlicensed private institution for the care and treatment of the insane in this State for any purpose or upon any pretext whatsoever, and any person who shall violate the provisions of this section shall be guilty of a misdemeanor, and punished accordingly.

Any person who shall sign an application or certificate for the commitment of any person alleged to be insane to any institution for the care and treatment of the insane in this State for any purpose other than such care and treatment of such person alleged to be
insane shall be guilty of a misdemeanor, and punished accordingly.

29. Every patient supported in any institution for the care and treatment of the insane in this State shall be personally liable for his maintenance therein and for all necessary expenses incurred by said institution in his behalf, or for any part thereof, and the husband, father and grandfather, mother and grandmother, and the children and grandchildren, severally and respectively being of sufficient ability, and the wife if she is in sufficiently comfortable circumstances, of every patient confined in any institution for the care and treatment of the insane in this State, whose estate is not sufficient for his support, shall, at his, her or their charges and expense, support and maintain said patient in such institution in such manner and to such an amount as the judicial officer shall direct, as provided in this act. All husbands living separate and apart from their wives so confined, and all parents of illegitimate children so confined, shall also be personally liable under the provisions of this act.

The minimum rate of payment for the maintenance of any nonindigent patient as fixed by the management of any institution for the insane, shall be construed to be a reasonable charge for the care and treatment of any such patient and for necessaries advanced to such patient.

30. In all cases where an indigent patient is found to have a legal settlement in any county in this State the cost of his care and maintenance shall be borne by such county from the beginning of his confinement, as provided by law, except that part which may be collected on account of the board of an indigent patient as in section twenty-one provided.

In all cases where an indigent patient is found to have no legal settlement in any county in this State the cost of his care and maintenance shall be borne by the State of New Jersey from the beginning of his confinement, except that part of which may be collected on account of the board of an indigent patient as in section twenty-one provided.
31. When any patient shall be committed to any State or county institution as an indigent patient, and it shall subsequently appear that such patient or some person chargeable with his care and maintenance as provided for in this act is able to pay all or any part of his care and maintenance, including arrearages, it shall be the duty of the Attorney-General or the county counsel, as the case may be, as soon as he shall obtain such information, to apply to the judicial officer for the reopening of the matter, and such judicial officer shall have power at any time, in his discretion, to reopen the case, take additional testimony and inquire into the facts, and may commit such patient as a nonindigent patient if there shall be sufficient moneys to pay his full maintenance, as fixed by the management of the institution, and make such further order requiring the estate of such patient or the person or persons so chargeable by law to pay such amount for the care and maintenance of such patient as shall be specified in said order, and shall make such further order as may be necessary.

When any patient shall be committed to any State or county institution as a nonindigent patient and an order has been made directing the payment of the cost of the care and maintenance of such patient out of his estate, or by the person or persons chargeable by law with his care and maintenance, and such estate shall subsequently become exhausted or such person or persons chargeable as aforesaid shall become unable to continue such payments, or if such payments so due cannot be collected by the management of the institution, the guardian of such patient, or the person or persons chargeable as aforesaid, or the warden or business manager of such institution, may apply in writing to the judicial officer for the reopening of the matter, and such judicial officer shall have power, in his discretion, upon notice to the proper parties, to inquire into the facts, if necessary, and change the status of such patient to the indigent class, and make such further order or direction as may be necessary.
No order shall be made changing the status of any patient in any institution from the nondigent class to the indigent class without at least ten days' notice of the application for such order to the county to be charged with the support of such patient, or the State, as the case may be.

32. Any application and certificates, and any order, temporary or otherwise, made as provided in this act or certified copies thereof, as in this act provided, shall be sufficient warrant and authority for the medical director or other head officer of any institution for the care and treatment of the insane in this State to admit, keep or detain for the time permitted in this act and to transfer and discharge any person mentioned in said order, or to do or refrain from doing any other thing mentioned in said order or copy as aforesaid.

34. No county in this State shall be chargeable with the cost of the care and maintenance of any indigent patient, unless the judicial officer shall find as a matter of fact and the final order of commitment shall set forth that such patient is indigent and has a legal settlement in such county, and in case such order is made by the judicial officer of another county, a certified copy of the same shall be filed with the clerk of the county so charged; provided, however, that in all cases when any patient is admitted to any institution for the insane in this State and shall have died and removed therefrom for any cause before the final hearing, the judicial officer having jurisdiction is authorized to make a judicial finding as to the legal settlement and indigence of such patient, and his admission to such institution, for the purpose of providing for the proper maintenance of such patient during his confinement.

35. No female patient shall be taken to any institution for the care and treatment of the insane in this State unless she is accompanied by her husband, father, brother or son, or by her family physician, or by some
female of reputable character and mature age, and it
shall be the duty of the medical director of such insti-

receiving such female patient, a record of the name or
names of the person or persons accompanying such
female patient to the institution, and of the relationship,
if any, of such person or persons to such female patient.

36. In case any patient is dissatisfied with the refusal
of the medical director or other head officer to discharge
him from confinement, or in case any friend or relative
in his behalf desires to obtain the release of such patient
from any institution in this State in which he may be
confined because of insanity, after final commitment
therein, in accordance with the provisions of this act,
he may proceed to apply for his release in accordance
with the provisions of an act entitled "An act regulating
the practice of writs of habeas corpus, sued out by or in
behalf of persons confined in any hospital for the insane,
or lunatic asylum in this State," approved April second,
eighteen hundred and ninety-eight, being chapter one
hundred and thirty-five of the pamphlet laws of that
year, and on the return day of the writ the justice
or judge hearing the matter shall not discharge said
person under such writ unless it shall be found in such
proceedings that such person is sane; provided, however,
that nothing in this act contained shall be construed as
abrogating in any way the right of any person to sue
out any writ of habeas corpus to which he or they may
otherwise be entitled.

37. The estate of any patient, or the person charge-
able with liability for his support in any institution for
the insane in this State as provided by law, or the State
or county as provided by law, shall be liable for the sup-

counties, as retroactive.

40. The provisions of this act concerning the commitment of patients to institutions for the insane of this State, shall apply to the commitment of patients to private institutions for the care and treatment of the insane which are duly licensed as provided by law; provided, however, that the provisions of this act concerning or pertaining to the investigation and determination of legal settlement and indigence of patients, shall not apply in cases of admission to such duly licensed private institutions.

41. The body of any person who shall be admitted or confined in any institution in this State as insane on final adjudication as an indigent patient, shall by reason of such indigent commitment be considered subject to such physical examination after death for the purpose of determining in such case the cause of the mental ailment resulting in said person's commitment to said insti-

Said medical director or other head officer shall also make or cause to be made from time to time entries as to the mental state, bodily condition and medical treatment of said patient, together with the forms of restraint employed during such time as such patient remains under his care, and in the event of the discharge or death of said patient, the medical director or other head officer shall state in said case-book the circumstances appertaining thereto.

43. Nothing herein contained shall be construed as authorizing the State Treasurer to pay the authorities of any county institution for the care and treatment of the insane any greater sum for any purpose than is now authorized by law.

44. The term "medical director" within the meaning of this act shall include the chief medical officer in charge of any institution for the care and treatment of the insane in this State.

All provisions otherwise now in force shall not be construed to be repealed by this revision unless inconsistent herewith, and this act shall be construed in conjunction and in harmony with all existing acts providing for the incorporation, management and conduct of all institutions for the insane in this State. If this act shall be found to be invalid or unconstitutional in any respect, that part shall be excised and the remainder, if severable, shall stand in force and effect. 1. Whenever, upon or after investigation by any judge of the Court of Common Pleas, as to the epilepsy of any person, as required in section eleven of the act to which this act is supplementary, it shall appear that such person is possessed of some financial means or income from such person's own estate sufficient to support himself, but less in amount than six hundred dollars per annum, or that such person has a husband or parents, grandparents, children or grandchildren, or any of them, who are so circumstanced as to financial means or earning capacity, and earning the same, so as to be reasonably able to support or contribute to the support or maintenance of such person committed heretofore and still a patient, or to be committed as a patient to the New Jersey State Village for Epileptics, such judge shall in his discretion order, after reasonable notice to the proper parties, that there shall thereafter be paid out of such estate, or income of such epileptic patient, by the guardian, trustee, person or persons having the charge and control of such means or income, or paid by such relatives or any of them, as
may be directed in such order, monthly, in advance, such sum or sums, for maintenance, care and clothing as may be therein provided. The amount so required to be paid shall not exceed in any case, and may be less than the amount fixed or to be fixed in the rules prescribed by the board of managers of the village, as the minimum amount to be paid for the care, maintenance and clothing of private patients.

2. If the sum or sums so ordered to be paid shall exceed the amount required by law to be paid by the counties for the support of such patients, including clothing, then the court shall order such sums to be paid by the payer directly to the board of managers of the said village, and in such case the amount otherwise chargeable against the proper county shall not be paid by such county, but such county shall be credited on the books of the village, and on the bills rendered to the proper county collector, to the extent and in the amount otherwise chargeable against such county. If the sum or sums so ordered to be paid shall be equal or less in amount than the amount required to be paid by the counties, including clothing, for such patients, the judge shall require in such order that such payments directed to be made by the person or persons hereinbefore mentioned, shall be made to the board of chosen freeholders of the county otherwise chargeable for the support of such person in the village, and the said board of chosen freeholders, through the county collector, shall pay, to the board of managers of the village, the whole sum or the difference between the sum or sums so required to be paid and the amount otherwise chargeable against such county, so that the amount to be paid by such county shall not be less for the maintenance and clothing of any such patient than is required by section fourteen of the act to which this act is supplementary.

3. Do not vote more than one choice for one person, as only one choice will count for any one candidate by this ballot.

If you wrongly mark, tear, or deface the ballot, return it, and obtain another.
II. One space shall be left below the printed names of the candidates of each officer to be voted for, wherein the voter may write the name of any person for whom he may wish to vote.

III. The names of candidates for the same office shall be printed on the ballot in alphabetical order. Any candidate whose name is to be voted for on the ballot may by petition addressed to the city clerk request that the said clerk shall print opposite his name on the ballot a designation in not more than six words, as named by him in said petition, for the purpose of indicating either any official act or policy to which he is pledged or committed; provided, that such designation shall not indicate political party affiliations. CHAPTER 100, LAWS, SESSION OF 1916.

Such petition to the said clerk requesting a designation or a grouping of the candidates shall be filed with the clerk at least eight days before the election. If two candidates or groups shall select the same designation, the clerk shall notify the candidate or group whose petition was last filed, and the said candidate or group shall select a new designation.

IV. As soon as the polls are closed, the election officers shall immediately open the ballot boxes, take therefrom singly and count the ballots in public view, and enter the total number thereof on the tally sheet provided therefor by the city clerk. They shall also carefully enter the number of the first-choice, second-choice, third-choice, and other-choice votes for each candidate on said tally sheet and make immediate return thereof to the city clerk. Only one vote shall be counted for any candidate on any one ballot, all but the highest of two or more choices on one ballot for one and the same candidate being void. If a ballot contains either first, second or third-choice votes in excess of the number of offices to be filled no vote in the column showing such excess shall be counted. Except as hereinbefore provided all choices shall be counted as marked on the ballot.

On the day following the said election the city clerk shall determine the successful candidates as hereinafter provided in this section, and shall immediately make and file the result thereof in the office of the city clerk. Said canvass by the city clerk shall be publicly made, in the manner following:

(a) Candidates receiving a majority of first-choice votes for any office shall be elected. If the full number of candidates to be elected do not receive such a majority of the first-choice votes for such office, a canvass shall be made of the second-choice votes received by those candidates for office who are not elected by first-choice votes; said second-choice votes shall be added to the first-choice votes received by such candidates, and candidates who, by such addition, shall receive a majority, shall be elected.
(b) If, after adding the first-choice and second-choice votes of the candidates not elected by first-choice votes, the full number of candidates to be elected do not receive a majority of first-choice and second-choice votes combined, a canvass shall be made of the third-choice votes received by those candidates for said office who are not elected by first-choice and second-choice votes combined; said third-choice votes shall be added to the first-choice votes and second-choice votes received by such candidates, and candidates who, by such addition, shall receive a majority, shall be elected.

(c) If, by the count of either first-choice votes or first and second-choice votes, or first, second and third-choice votes, as above provided, more candidates than there are offices to be filled shall receive a majority, the candidate or candidates equal in number to the number of offices to be filled having the highest vote shall be elected.

(d) If the full number of candidates to be elected do not receive a majority by adding first, second and third-choice votes, as above directed, a canvass shall then be made of the other-choice votes received by those candidates for said office who are not elected, either by first-choice votes or by adding first and second-choice votes, or by adding first, second and third-choice votes, said other-choice votes shall be added to the first, second and third-choice votes received by such candidates, and the candidates equal in number to the number of offices remaining to be filled who receive the highest number of votes by the said addition shall be elected.

(e) A tie between two or more candidates shall be decided in favor of the one having the highest number of first-choice votes. If they are also equal in that respect, then the highest number of second-choice votes shall determine the result. If they are still equal then the highest number of third-choice votes shall determine the result.

(f) Whenever the word "majority" is used in this section it shall mean more than one-half of the total number of valid ballots cast at such election.

10. 14. When judgment shall be rendered against any defendant other than a body corporate, execution shall be issued against his goods and chattels and body without any order of the court for that purpose first had and obtained. If the officer executing any such writ shall be unable to find sufficient goods and chattels of said defendant in his bailiwick to make the amount of said judgment, he shall take the body of the said defendant and deliver him to the keeper of the common jail of said county, there to be detained until discharged by the court in which such judgment was obtained, or by
one of the justices of the Supreme Court, when such court or justice shall be satisfied that further confinement will not result in the payment of the judgment and costs. BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. It shall be lawful for any city in this State to build, lay and construct, lease and operate a railroad, either single or double track, through, over and upon public streets, roads and highways of said city, and through, over and upon such private property as may be necessary therefor.

2. It shall also be lawful for said cities when said railroad shall be constructed to equip the same with cars, locomotives and other necessary means for transporting goods, wares and merchandise.

3. Every such railroad when so constructed may be operated either by steam locomotives or other electric power or by such other means as may be necessary or convenient in the judgment or discretion of the governing body of said city.

4. It shall be lawful for the governing body of said city after such railroad shall have been constructed to lease the same and all equipment to any persons, firm
or corporation to operate and maintain the same upon
such terms and for such period of time as shall seem
most advantageous to the governing body of said city.
Before any such lease shall be effective it must be ap­
proved by the Board of Public Utility Commissioners.
And it shall likewise be lawful for the governing body
of said city to incorporate in such lease a provision that
the rates charged or to be charged by said lessee for
transportation of goods, wares and merchandise upon
and along such railroad shall be subject to the revision
and control of said governing body and the approval
of the Board of Public Utility Commissioners. Such
other provisions as are not inconsistent with the laws of
this State or the express provisions of this act may be
incorporated in and made a part of such lease. In the
event of such city leasing said railroad, or any part
thereof, for operation, the amount charged for such
privilege may be a fixed annual sum or a share of gross
receipts or a share of net receipts. Any contract for
private operation or the use of the railroad built under
the provisions of this act shall contain a provision
whereby the city at any time after ten years may
terminate the same upon terms to be fixed in said con­

city pursuant to the privilege so reserved, the city shall
purchase any equipment actually used in the operation
of said road and furnished by the lessee in accordance
with the terms and provisions of the lease at an amount
agreed upon between the owner thereof and the city;
or, in the event of failure to agree, at an amount to be
fixed by the Board of Public Utility Commissioners,
after hearing.

5. It shall be lawful for said cities to acquire any
and all property which, in the opinion of the governing
body of said city, it shall be necessary or expedient to
acquire for the purpose of constructing, equipping or
operating said railroad or any portion thereof, includ­
ing the purchase of the fee simple, wherever deemed
necessary or the acquisition of easements. Said right
to acquire property shall also include the right to

acquire by condemnation or otherwise the rights of owners of lands abutting upon the public roads, streets and highways through which said railroad shall run. In the event of it being necessary to acquire such rights or any property by condemnation, the same shall be conducted under the provisions of an act entitled “An act to regulate the ascertainment and payment of compensation for property condemned or taken for public use” (Revision of 1900), and any supplement or amendments of said act so far as applicable.

6. The authority conferred under the provisions of this act shall include the right to lay out, open, widen, alter, extend, improve and vacate any new or existing public road, street or highway wherever deemed necessary by the governing board of said city. The right to acquire property shall also include the right to cross intersecting streets, either at, above or below grade, without any cost or expense either for construction or maintenance to said other railroad, street railway or canal. such purposes and objects; *provided, however*, that the property of any company organized for the purpose of constructing or operating a canal in New Jersey shall not be liable to be taken under any proceedings in condemnation under the authority of this act, nor shall the property of any such company be purchased for the purposes or uses specified in this act.

8. In addition to the powers herein expressly enumerated, such city shall, in the construction and operation of said railroad, be vested with all the powers, rights and privileges granted to railroad companies under an act entitled "An act concerning railroads (Revision of 1903)," and the supplements thereto and amendments thereof, in so far as said powers, rights and privileges do not conflict with the express provisions of this act.

9. For the purpose of providing the necessary means for the acquisition, construction and equipment of the property to be acquired hereunder, and the construction, maintenance and operation of such railroad, and other means of transportation herein provided for, including bulkheads, docks, piers, wharves, warehouses, ferry terminals and stations, and for the acquiring by condemnation or purchase of any lands, property, rights, privileges and easements, whether of owners, abutting owners or others, and the necessary means to pay awards for damages for change of grade of the streets and to pay the expenses of proceedings to determine such damages, and to pay for the cost of laying out, opening, widening, altering, extending or improving any new or existing public road, street or highway and the acquisition of land necessary therefor: it shall be lawful for said city to issue bonds for any amount not exceeding in any one year the sum of five hundred thousand dollars. The aggregate of said bonds shall not exceed two million dollars; *provided, however*, in case any such city shall deem it for the best interests of said city to enter into a contract for the construction and use of such railroad terminal or other property herein mentioned, or for the operation, alone, of said railroad, ferry and terminal, or either of them, on such
terms and with such authority as may be satisfactory to the governing body of said city, with a person, firm or corporation, to operate and maintain the same upon payment of sufficient revenue to provide for interest and sinking fund on an additional amount of bonds sufficient to provide for such additional construction as may be necessary to carry out the purposes of such agreement, and should said city deem it most advantageous so to do, then such governing body of such city shall have the right to issue bonds in excess of said sum of two million dollars to an amount not exceeding ten million dollars: provided, however, guarantees be obtained for the performance of such contract and provision to be made for the payment of such interest and sinking fund, such sinking fund to be for a period of years to liquidate and extinguish such bonds in excess of two million dollars as may be issued thereunder, within the time such contract is made to run; such additional bonds so issued by said city shall be guaranteed, principal and interest, by such contracting person, firm or corporation which may so enter into said contract. All bonds so issued shall bear interest at the rate not exceeding five per centum per annum, payable semi-annually, and shall be made payable at such time and place not exceeding fifty years from the date of their issue, as the governing body of said city shall determine. Said board may authorize the issue of said bonds by resolution, and specify therein the character of the bonds to be issued. It shall be the duty of the board or body, having charge and control of the finances of said city, to provide a sinking fund of such amount as shall amortize said bonds upon their due date, to be raised annually by taxes, except as hereinafter provided, and to provide also annually for the interest which may become due thereon; the moneys to be raised for the sinking fund to be paid annually to the sinking fund commissioners of said city; provided, however, that the governing body of said city may, in its discretion, provide for the expenditures herein, authorize in whole or in part, by the issue and sale from time to time of
temporary bonds or obligations, such temporary bonds or obligations to run with all renewals for a term not exceeding five years from the date of their issue; and all such temporary loans or obligations shall be retired and paid for from the proceeds of the permanent bonds hereby authorized or by the use of other funds of the city available for that purpose.

10. All revenues received from the operation or rental of said railroad terminal and other property and their appurtenances shall be paid into the city treasury. All expenses and charges, including the salaries or an equitable portion thereof of all city officials and employees having to do with said railroad terminal and other property shall first be paid out of said revenue; the balance shall be called net revenue. The net revenues derived from said railroad terminal and other property shall be devoted first to the payment of the interest which may accrue upon said bonds, and to the sinking fund for their redemption and payment when due, and shall, where sinking fund commissioners exist in any such cities, be annually paid over to them for this purpose. In the event that at any time the net revenue derived from such railroad terminal and other property is, in the opinion of said Board of Utility Commissioners, more than sufficient to provide for the redemption of such bonds at maturity, the excess revenues may be appropriated for any lawful purpose that such governing board or body may see fit.

If at any time the net revenues from said railroad terminal and other property and their appurtenances are insufficient to provide a fund sufficient to meet the annual interest due upon said bonds, and to furnish a sinking fund sufficient for the payment and redemption when due, it shall be the duty of such board or body to place annually in the tax levy and collect such sums, in addition to the revenue aforesaid, as will be sufficient to provide a fund to pay such interest and to redeem and pay such bonds at their maturity.

11. Said city shall, in the location of the route of said railroad and its appurtenances and in its manner of construction and operation, be subject to control.
CHAPTER 120, LAWS, SESSION OF 1916.

by the Board of Public Utility Commissioners in this State, and any lessee thereof shall be likewise subject in the operation of said road to the control of such board in the same manner as general railroads are now subject to the control and direction of such board.

12. No contract for the expenditure of a sum exceeding twenty thousand dollars for any purpose incident to the construction of said road or the operation thereof shall be entered into until the full terms thereof are approved by the Board of Public Utility Commissioners of this State.

13. In the laying out or construction of said road, if it shall be deemed to be desirable to acquire and use any railroad or portion thereof, now in operation, or hereafter to be operated by any corporation, copartnership or individual such road or part thereof as may be deemed desirable to acquire may be acquired on such terms and conditions as shall be found to be advantageous by the said governing body; provided, however, that in acquiring any such railroad or portion thereof the approval of the Board of Public Utility Commissioners shall be first had and obtained.

14. In the construction and operation of said railroad and its appurtenances, the said governing body may enter into contract or lease with any street railway company for the use of any of its property, franchise or privileges, provided such agreement is first approved by the Board of Public Utility Commissioners. And said governing body may, if it is deemed desirable, from time to time, permit the relocation or change of location of the tracks or other property of any street railway company or railroad company for the purposes of facilitating or aiding in the construction of the said municipal railroad and for the purpose of facilitating or aiding in its operation. The said governing body may enter into contracts or agreement from time to time with telephone companies, telegraph companies or other companies using the public highways for the relocation or change of location of wires, poles and other properties of such companies for the better facilitating the construction of said railroad and the opera-

tion thereof; all and any agreement for such purposes, however, to be first approved by the Board of Public Utility Commissioners.

15. The railroad and other improvements herein provided to be built and operated under the provisions of this act shall not be subject to the payment of any taxes of any kind whatsoever, whether the same be operated by the city or by its lessee.

16. The power to lease such railroad and other property to be acquired or constructed hereunder shall include the right to lease the same to one or more railroad companies separately or jointly or to any individual, firm, copartnership or corporation.

17. Incident to the authority given by this act, said city shall likewise have the power to lay and construct and maintain and operate such sidings, switches and spurs and other improvements hereinbefore mentioned as are found necessary or expedient or convenient for the use and operation of said railroad and terminal, and may extend or enlarge such railroad and terminal and their appurteanances. In the event of any such road when completed being operated, conducted or maintained by the city constructing the same, such city may charge and collect fares and charges for transportation of goods, wares and merchandise, said fares and charges to be fixed from time to time by the governing body of such city.

18. Power is likewise conferred to change the grade of any street, road or public highway wherever the same is found necessary for the construction or operation of said railroad, but no public utility operating in any such street, road or public highway shall be required to contribute to the cost of said change, including any necessary change in the location of the line of property of such public utility, any amount in excess of the special benefit accruing to said utility by reason of such change.

In the construction of said railroad and other works herein provided for, the governing body of the city shall have and is hereby granted power to enter into contract with any public utility company or any railroad company, or any other company, or with any individual for
the payment of the cost of any portion of the work involved upon such terms and conditions as may be agreed upon between said city and said company or companies or individuals, subject to the approval of the Board of Public Utility Commissioners.

19. If, in the course of the construction or operation of said railroad and the other property herein mentioned, the governing body of said city shall determine that public convenience and necessity in the construction and operation of such road require the use of conduits, subways, tracks, wires, poles, pipes, or other property or equipment or any part thereof, in or along any street, highway or other public place belonging to any public utility, and it appears that the owner of such property and the city cannot agree upon such use or the terms and conditions or compensation for the same, the Board of Public Utility Commissioners may by order direct that such use be permitted and prescribe just compensation and reasonable terms and conditions for such use; provided, that such use shall not be directed or required if the same will prevent or interfere with the performance of the public duties of the said public utility or result in serious injury to such public utility or the users thereof, or in any substantial detriment to the service or danger to the public or employees of said public utility; and provided, further, that the tracks, poles or equipment of the street railway company which does not carry freight or operate freight cars over such tracks shall not be used by said city or its lessee for the purpose of transporting freight or freight cars without the consent of such street railway company.

20. The city constructing, operating or constructing and leasing said railroad and the lessee of said railroad, if there be a lessee, is hereby declared to be a public utility in relation to its railroad and shall comply with and be subject to all the provisions of the act entitled "An act concerning public utilities, to create a Board of Public Utility Commissioners, and to prescribe its duties and powers," approved April twenty-first, one thousand nine hundred and eleven, and the supplements thereto and amendments thereof, and all the rights and
privileges granted to public utilities by said act and its amendments and supplements are hereby granted to and conferred upon such city and such lessee.

21. Whenever the line or route of the railroad to be constructed under the provisions of this act intersects the line of the route of any other railroad or street railway company, it shall be lawful to make a physical connection with the tracks so intersected or crossed upon such terms as shall be agreed upon between the said owner of such intersected or cross road, in order to enable the cars of the one to run to the tracks of the other for the purpose of promoting the convenience of shippers of property upon obtaining the consent of the Board of Public Utility Commissioners. The board, after hearing upon notice by an order in writing, may require any such railroad or street railway company which carries freight or operates freight cars over said tracks to make such physical connection of their tracks as hereinabove provided for.

22. Before any moneys are expended by any city under the provisions of this act for the actual construction of the railroad provided for hereby or for the acquisition of any property for such railroad, said city, through its governing body, shall adopt a route, which said route shall be submitted to the Board of Public Utility Commissioners for approval. Said route so adopted may be changed, altered, or amended from time to time thereafter by resolution of the governing body of the city, subject to the approval of the Board of Public Utility Commissioners. After the approval of the route by the Board of Public Utility Commissioners, the governing body of said city may proceed in the construction and development of said railroad in accordance with the terms and provisions of this act. An Act to prohibit the conferring by any school, corporation, association or institution of learning conducted within this State, or by any officer or member thereof, of degrees, based upon proficiency or learning, without the approval of the State Board of Education of New Jersey, except in certain cases.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Any corporation organized under any laws of this State, or permitted to transact business in this State, for the purpose of furnishing instruction or learning in the arts, sciences or professions conducted within this State to attain the admitting of any person or persons to the grade of a degree, and the conferring or participating in conferring any degree upon any such person or persons, giving to any such a diploma of graduation or of proficiency in a course of study, proficiency in learning, or scientific arts or methods, shall, before beginning business, or continuing in the same after this act shall become effective, file a certified copy of its certificate of incorporation with the State Board of Education, and obtain from the said board a license to carry on said business under such rules and regulations as said board may prescribe; which said license may be revoked, as otherwise provided in this act, and whenever it shall appear that any such corporation is carrying on its said business of instructing or teaching, as aforesaid, or conferring any such degree or giving any such diploma or diplomas without said license to carry on said business, the said State Board of Education may apply by the Attorney-General to the Court of Chancery, by petition in the name of the said board of education, on five days' notice to such corporation, which notice

may be served in such manner as the Chancellor may
direct, for an injunction to restrain such corporation
from the exercise of any such franchise, or the trans­
action of any such business within this State, until a
license (or the approval of the State Board of Educa­
tion) has been issued to it in accordance with the pro­
visions of this section, and until the payment of the
costs of such application, to be fixed by the Chancellor,
upon the dissolution of said injunction.

2. No school, corporation, association or institution
of learning conducted within this State, nor any officer
or member thereof, in recognition of the attainment
or proficiency of any member thereof, scholar, student,
supplier or other person, in pursuing or graduating
from any course or courses of study, arts or learning
conducted by it or another such school, corporation,
association or institution, shall admit any such person
to the grade of a degree by conferring or by participat­
ing in conferring any degree upon any such person or
persons, without first submitting the basis or conditions
thereof to the State Board of Education of the State
of New Jersey, and obtaining therefrom its approval
of the basis or conditions thereof so submitted and of
the practice of conferring and bestowing of such de­
grees upon such persons; provided, that nothing in this
section contained shall apply to any school, corporation,
association, or institution of learning, or officer or
member thereof, which shall have been established and
conducted within this State, and have been in the course
of admitting such person to the grade of a degree by

attainments or proficiencies as aforesaid, which shall
have been established and conducted within this State
for a period of twenty-five years prior to the passage

3. The approval of the basis or conditions for the

The admitting of any person or persons to any such grade of a degree by conferring the same upon any such person or persons during the continuation of the revocation of such approval shall render any such school, corporation, association, or institution of learning, or any officer or member thereof, participating therein liable to the penalty in this act provided, as though no approval had been granted in the first instance. The State Board of Education shall keep a written record in a book to be provided and used solely for the purpose of recording therein such approvals and revocation of approvals thereof at its office in the State House at Trenton for the inspection of any person upon request.

4. Any school, corporation, association, or institution of learning, or any person being an officer or member of any school, corporation, association, or institution of learning, who shall as such member or officer, as aforesaid, by vote or in any manner, admit or participate in admitting any such scholar, student, or subscriber to any grade of a degree by conferring or participate in conferring a degree or degrees upon such person or persons in recognition of the attainment or proficiency of such person or persons in any course or courses of study, arts, or learning, contrary to the provisions of this act, or who shall sign any certificate or diploma as evidence of the conferring of such degree shall be liable to a penalty not
exceeding three hundred dollars for each offense. The amount of said penalty, to be determined as aforesaid, to be sued for and recovered by and in the name of the State Board of Education. Every District Court in any city or judicial district in any county, and every Court of Common Pleas in any county is hereby empowered, upon the filing of complaint in writing, duly verified, which said verification, when made by the Commissioner of Education, may be made upon information and belief that any person has violated the provisions of this act, as aforesaid, to issue process at the suit of the State Board of Education as plaintiff; such process shall either be in the nature of a summons or a warrant, which warrant may issue without any order of the court or judge first being obtained against the person or persons so charged, which process when in the nature of a warrant shall be returnable forthwith, and when in the nature of a summons shall be returnable in not less than five and not more than fifteen entire days; such process shall state in what respect this law has been violated by the defendant or defendants, and upon the return of such process or at any time to which the trial shall be adjourned the said court shall proceed in a summary manner to hear testimony and to determine and give judgment in the matter without the filing of any pleadings for the plaintiff for the recovery of such penalty, with costs or for the defendant, and said court shall, if judgment be rendered for the plaintiff, cause such defendant, other than a body corporate, who may refuse or fail forthwith to pay the amount of the judgment rendered against him, and all the costs and charges incident thereto, to be committed to the county jail for any period not exceeding ninety days.

5. The officers to serve and execute a process under this act shall be the officers authorized to serve and issue process issuing out of said court. Such District Court or Court of Common Pleas shall have power to adjourn the hearing or trial in any case from time to time, but in such case, except in case where the first
CHAPTER 152, LAWS, SESSION OF 1916.

process was a summons, it shall be the duty of the judge of the district Court or Court of Common Pleas to detain the defendant, other than a body corporate, in safe custody, unless he shall enter into bond with the said State Board of Education, for at least one sufficient surety and double the amount of the penalty claimed conditioned for his appearance on a day to which the hearing shall be adjourned, and thence from day to day, unless the case is disposed of, and then to abide by the judgment of the said court and such bond, if forfeited, may be prosecuted by the said board.

6. The convictions in prosecutions under this act shall set forth the act under which the proceedings were based, the names of the witnesses who testified for the plaintiff and the names of the witnesses who testified for the defendant, and the clause set forth in the complaint alleged to have been violated upon which the conviction was obtained, together with the judgment rendered and the amount of the penalty recovered against the defendant, and the costs of the proceedings, and shall be signed by the judge of the court before whom the conviction is had. In case the defendant is committed to jail in default of payment of the penalty, there shall be added thereto a statement of the name of the defendant and the penalty and costs for which he is committed to the jail and the period of the detention, unless said penalty and costs are sooner paid, which shall be signed in duplicate by the judge, and the conviction and commitment, one of which shall serve the purpose of a warrant of commitment, to be sufficient to warrant the detention of the said defendant.

7. If the proceeding is brought in any Court of Common Pleas, the trial thereof shall proceed in a summary manner as above set forth, immediately upon the arrest of the defendant under warrant, or upon the return day of the summons, or on any day to which the judge of the said court shall continue the said trial, either during the terms of said court or in vacation. The clerk of any District Court or any Court
of Common Pleas may sign and seal any process required to be issued under this act, except a warrant of commitment. The costs recoverable in any such proceeding shall be the same as costs taxed in actions in said courts, and shall be recoverable by the said board in the event of the conviction of the defendant. Any judgment recovered for a penalty under the provisions of this act in any District Court may be docketed in the same manner as judgments in said courts are docketed under the provisions of an act entitled “An act concerning District Courts,” approved April fourteenth, one thousand eight hundred and ninety-eight, and the acts amendatory thereof and supplementary thereto. Execution may issue for the collection of any judgment obtained under this act against the goods and chattels and body of the defendant, without any order first obtained for such purpose, and all moneys recovered under the provisions of this act shall be payable by the said board of education to the State Treasurer.

8. If any provision of this act shall be held to be unconstitutional or invalid, such unconstitutional or invalid provision shall be considered severable from the remainder of this act, and shall be excised therefrom.

9. All acts and parts of acts inconsistent herewith be and the same are hereby repealed.

10. This act shall take effect immediately.

Approved March 17, 1916.
CHAPTER 153.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Where the purchaser, his legal representatives or assigns have omitted to file the affidavits and proofs of service of notice or of mailing and publication required by the act to which this is a supplement and any of the supplements thereto, within the time now required by law, such affidavits and proofs may be filed any time within two months after the passage of this act with like force and effect as if filed within the time heretofore required by law.

2. All acts and parts of acts so far as they conflict herewith be and the same are hereby repealed, and this act shall take effect immediately.

Approved March 17, 1916.
CHAPTER 154.

An Act declaring all buildings and places wherein or upon which acts of lewdness, assignation or prostitution are permitted or occur to be nuisances, and providing for the abatement thereof by the Court of Chancery.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Every building or place used for the purpose of lewdness, assignation or prostitution, or wherein or upon which acts of lewdness, assignation or prostitution are permitted or occur, is hereby declared to be a nuisance, which shall be abated as hereinafter provided.

2. For the purposes of this act, the word "building" shall be held to mean and include so much of any structure of any kind as is or may be reached through the same outside entrance. The word "place" shall be held to mean and include any privately-owned park, picnic or recreation ground. The word "person" shall be held to mean and include any one or more individuals, corporations, associations, partnerships, trustees, lessees, agents and assignees.

3. Whenever there is reason to believe that such a nuisance is kept, maintained or exists, the prosecutor of the pleas, or any resident of the county, shall have power and authority to maintain an action in the Court of Chancery to abate and prevent such nuisance and to enjoin perpetually the person or persons maintaining or permitting the same, and the owner, lessee or agent of the building or place in or upon which such nuisance exists, from directly or indirectly maintaining or permitting such nuisance.

4. The action shall be brought in the name of the said prosecutor or the said resident, and it shall be unnecessary to allege or prove personal or special damage.
5. The action shall be commenced by filing a verified bill of complaint and the issue of subpoena. All proceedings in such action shall be in accordance with the usual practice in the Court of Chancery.

6. Upon the filing of any such bill the Chancellor, being satisfied of the sufficiency thereof, shall issue an order upon the defendants named therein to show cause on such day as shall be fixed why an injunction should not issue in accordance with the prayer of the bill, with restraint of the alleged nuisance and the removal of any furniture, furnishings, musical instruments or other personal property, except clothing, from the said building or place pending the further order of the court. And upon the return of the said rule, if the Chancellor shall be satisfied of the sufficiency of the proofs submitted, he shall issue a temporary injunction, without bond, enjoining and abating the nuisance complained of, and enjoining the removal of any furniture, furnishings, musical instruments or other personal property, except clothing, from the said building or place until the further order of the court.

7. Evidence as to the general reputation of the building or place of the alleged nuisance, or the person or persons in occupation thereof, shall be received, as well as an admission or finding of guilt against any such person or persons, upon a charge involving prostitution, lewdness or assignation, for the purpose of proving the existence of the said nuisance.

8. If the existence of the nuisance complained of shall be established to the satisfaction of the court upon final hearing, an injunction shall issue perpetually enjoining the person or persons maintaining or permitting such nuisance and the owner, or his agent, and the lessee and his agent, of the building or place in and upon which the nuisance exists, from directly or indirectly maintaining or permitting such nuisance. And the said injunction shall likewise direct the removal from the building or place of the said nuisance, of all furniture, furnishings, musical instruments and personal property, except clothing, used or capable of being used in the maintenance of or in aiding and abetting the said
nuisance, and shall direct the public sale thereof in the
to manner provided for the sale of chattels under execu-
do. The said injunction shall likewise direct the ef-
fectual closing and disuse of the building or place of
the said nuisance for any purpose for the period of one
year from the date of the said injunction, unless sooner
released, as hereinafter provided. While such injunc-
ion or any restraining order, or temporary injunction,
remains in effect such building or place shall be and
remain as though in the custody of the court.
9. If the court shall determine that the nuisance com-
plained of exists as alleged, there shall be allowed to
the complainant resident, in addition to the usual costs,
a reasonable sum for counsel fees and expenses in-
curred. But if the court shall find that the action was
instituted without reasonable cause, then the usual costs
shall be taxed against the complainant resident. For
removing and selling the movable property the officer
shall be entitled to receive the same fees as are allowed
for a levy upon and sale of chattels under execution.
For closing the building or place and keeping the same
closed a reasonable sum shall be allowed by the court.
10. The proceeds of the sale of movable property
under the preceding section shall be applied, first, to the
fees and costs of such removal and sale; second, to the
allowances and costs of closing and keeping closed
such building or place; third, to the payment of plain-
tiff's costs and allowances. The balance, if any, shall
be paid in the poor fund of the municipality in which
such building or place is located. If the proceeds of
such sale do not fully discharge all such costs, fees and
allowances, unless the balance is paid by the owner of
such building or place, or his agent, execution shall
issue and the building or place be sold, and the proceeds
of such sale be applied in like manner as the proceeds
of the sale of movable property, except that any bal-
ance of proceeds from the sale of real estate shall be
paid to the owner of the property sold.
11. If the owner of the building or place has not been
guilty of any contempt of court in the proceedings, and
appears and pays all costs, fees and allowances which
are a lien on the building or place and files a bond in the full value of the property, to be ascertained by the court, with sureties to be approved by the court, conditioned that he will immediately abate any such nuisance that may exist at such building or place and prevent the same from being established or kept thereat within a period of one year thereafter, the court may, if satisfied of his good faith, order the premises closed to be delivered to said owner, and said order cancelled so far as the same may relate to said property. The release of the property under the provisions of this section shall not release it from any judgment, lien, penalty or liability to which it may be subject by law.

12. If a tenant or occupant of a place defined in this act uses or permits the use thereof in such manner as to create a nuisance as herein defined, the lease or title of such tenant or occupant shall be thereby annulled, and the right of re-entry shall, without notice or process of law, rest forthwith in the owner.

13. Any violation or disobedience of either any injunction or order expressly provided for by this act shall be punished as a contempt of court by a fine of not less than two hundred dollars nor more than one thousand dollars, or by imprisonment in the county jail for not less than one month nor more than six months, or by both such fine and imprisonment.

14. Nothing herein contained, nor any proceeding or order in accordance herewith, shall be held to repeal or limit the operations of any law of this State relating to the punishment of crime, but the powers and rights hereby created shall be held to be in addition thereto.

15. All acts and parts of acts inconsistent herewith are hereby repealed, and this act shall take effect immediately.

Approved March 17, 1916.

only upon agreement with the municipality owning such
sewage system or disposal works, and upon such

other interested persons as may wish to object thereto,
to present their objections in writing at a meeting of
said committee, to be held at a time and place in said township appointed by said committee and specified in such notice, which meeting shall be at least three weeks after the first publication of such notice, and a hearing shall be held upon said objections at said time and place, whereupon it shall be lawful for such committee, at such meeting, or at any subsequent meeting to which the matter may be continued, if they deem said objections well taken, or said improvements unnecessary, to discontinue all proceedings for the construction of the same, or if they deem that the public good requires said improvement, to adopt an ordinance in the manner prescribed by law for the adoption and publication of other ordinances in townships of this State, providing for the construction of such improvement, which ordinance shall specify generally the location of said improvement, and thereafter to award by resolution a contract for the construction of the same, and to take by resolution all necessary steps for the properly carrying into effect the desired improvement notwithstanding said objections.

to issue bonds of the township to an aggregate amount

Approved March 17, 1916.
CHAPTER 161.

An Act authorizing cities in this State to lay out and open highways over and along non-navigable natural streams, to acquire lands therefor by purchase or condemnation, to improve the same when acquired, to assess the benefits conferred thereby, and to raise funds for such purposes by the issuance of bonds.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. It shall be lawful for the body having control of streets and highways in any city in this State, by ordinance, to lay out and open streets or highways over and along non-navigable natural streams when in the judgment of such body the public good requires the same to be done, and to acquire lands and real estate and interests therein for that purpose.

2. The power to lay out and open streets and highways conferred by this act shall include the power to provide construction suitable for carrying the flow of the streams, and to support the roadway of such streets or highways, and to build all structures necessary to carry out the object of this act, as well as the power to establish grades, and grade, pave, curb, flag and otherwise improve such streets or highways. All such work shall be done substantially in accordance with plans and specifications therefor.

3. Before enacting any ordinance authorized by this act the body having control of streets and highways shall cause plans and specifications of the work to be done to be prepared, and an estimate of the probable cost thereof to be made, after which notice of its intention to pass such ordinance shall be given by publication for five days not less than twenty days before the introduction of such ordinance, in one or more news-
papers published and circulated in such city, or if no newspaper be published in such city, then in a newspaper published in the county wherein such city is situated, and circulating in such city; such notice shall include a brief description of said plans and a statement of the estimated cost of the whole improvement. If any public improvement contemplates the taking and appropriating of any land and real estate owned by a person or persons not residents in such city, a copy of such notice shall be served on such nonresident owner or owners personally or by mailing the same to his or their post-office address, if known, at least ten days before the introduction of such ordinance or ordinances. Any notice, however, of intention so published shall be a good and sufficient notice of the intention of such body to cause the improvement to be made.

4. Whenever the body having control of streets and highways cannot acquire the land or other property required for opening and laying out any street or highway by agreement with the owner, whether by reason of disagreement as to the price or the legal incapacity or absence of the owner, or his inability to convey valid title, or by reason of any other cause, it shall be lawful for such body to condemn and take such land or other property in the name and on behalf of the city, and the compensation to be made therefor shall be ascertained and paid or tendered in the manner provided by an act entitled “An act to regulate the ascertainment and payment of compensation for property condemned or taken for public use (Revision of 1900),” approved March twentieth, one thousand nine hundred, and the supplements and amendments thereto.

5. Any city proceeding under the provisions of this act may, by its officers, engineers, agents, servants and employees, enter at all times upon any lands or waters for the purpose of surveying and laying out the road of any street or highway authorized by this act, and do all necessary preliminary work, doing, however, no unnecessary injury or damage to private property.
CHAPTER 161, LAWS, SESSION OF 1916.

6. If in the judgment of the body having control of streets and highways, the completion of the improvement contemplated by this act is likely to benefit and increase the value of any lands and real estate in the vicinity thereof, said body shall apply to the board of commissioners of assessment of taxes of such city to estimate and assess such benefits and fix a time and place when and where such commissioners shall meet, which time shall not be less than twenty days from the date of such application. Notice of the time and place so fixed shall be given by the city clerk by publication for at least five days in one or more newspapers published and circulated in such city, or in the county where such city is situate, not less than ten days before the time fixed for such meeting, at which time and place such commissioners shall attend.

7. The said commissioners shall meet at the time and place fixed as aforesaid, and hear any persons in interest who may present themselves to be heard, and at such other times and places to which they may adjourn for that purpose. They shall have power to examine witnesses under oath, to be administered by any one of them, and to enter upon and view any premises that they may deem necessary, and to adjourn from time to time in their discretion. They shall use diligent efforts to ascertain the names of the owners of the lands and real estate benefited by the laying out and opening of any street or highway under the provisions of this act, and shall state the same in the report hereinafter mentioned; but the failure to ascertain the name of any such owner, or to state the same correctly, or the omission of any such name from the said report, shall not be deemed to invalidate said assessment nor to be a bar to the collection of the same.

8. After having given opportunity as aforesaid for a public hearing of the persons in interest, and having viewed the premises likely in their judgment to be benefited by the improvement, the said commissioners shall make a report in writing of their estimates and assessments to the Circuit Court of the county in which such improvement is made, accompanied by a survey
CHAPTER 161, LAWS, SESSION OF 1916.

and map prepared by the city surveyor or engineer, under their direction, showing the lots or parcels of land and real estate peculiarly benefited by such improvement. Such report shall state the cost of the whole work, including the cost of land, the portion, if any, assessed upon the city at large, and shall give the names, so far as ascertained, of the owners of the lots or parcels of land and real estate, and the amount of the assessment to each owner for each of such lots or parcels of land and real estate for such benefits, which assessments shall in each case be in proportion, as near as may be, to the advantage which each of such owners shall be deemed to have acquired by the laying out and opening of such street or highway and the improvement thereof. In case the costs and expenses of such improvement shall exceed the amount of said benefits, the excess thereof shall be paid by the city at large and raised by general tax. In no case shall any property or owner thereof be assessed beyond the amount of benefit actually derived from such improvement.

Notice of hearing objections.

9. Upon the coming in of any such report signed by such commissioners, or a majority of them, said court shall cause such notice to be given as it shall deem proper, of the time and place of hearing any objections that may be made to such assessments, and after hearing any matter that may be alleged against the same, said court shall confirm said report or shall refer the same to such commissioners for revision and correction, and in the event of a recommitment such commissioners shall return the same corrected and revised, or submit a new report to be made by them in the premises to said court, without unnecessary delay, and the same being so returned shall be confirmed or again referred by said court in the manner aforesaid, as right and justice shall require, and so from time to time until a report shall be made or returned in the premises which said court shall confirm; such report, when so confirmed, shall be final and conclusive, as well upon the city as upon the owners of any land and real estate affected thereby; and said court shall thereupon cause the clerk of said court
to transmit a certified copy of such report and the accompanying map to the officer of such city charged with the duty of collecting assessments for improvements.

10. All assessments made under the provisions of this act shall be and remain a first lien upon the lands and real estate affected thereby (mortgages executed in good faith and recorded prior to the commencement of the improvement shall not be affected in anywise by this provision of the act) notwithstanding any error or omission in stating the names of the owner or owners of any lot or parcel of such land and real estate, to the same extent as taxes and assessments are now a lien under the general laws of this State; and shall bear the same rate of interest as other assessments for improvements made under the laws governing such cities, and shall be collected in the same manner as such assessments are now collected under such laws; and in case of the nonpayment of such assessments land and real estate assessed theretofore may be sold in the same manner provided for the sale of lands for the nonpayment of assessments made under such laws.

11. The body having control of streets and highways may pay the expenses of any such improvement by the issue of temporary loan bonds or improvement certificates from time to time as land is acquired or as the work progresses, in such form as that body may prescribe; provided, that the amount of obligations of any such city for any work authorized by this act, issued and outstanding, shall not at any time exceed in the aggregate one per centum of the assessed value of all property listed for taxation in any such city. Such bonds or certificates shall bear interest at a rate not exceeding six per centum per annum, and shall be payable at the expiration of not more than three years from the date of their issue.

12. All moneys collected before the maturity of the temporary loan bonds or certificates issued under the authority of this act, for benefits assessed, shall be reserved exclusively for and applied to the redemption of said bonds or certificates at maturity, and bonds equal to the difference between the assessments so collected...
and the aggregate amount of benefits assessed, including the amount assessed against the city at large, may be issued to take up and pay off such bonds or certificates.

13. To provide for the payment of the temporary loan bonds or certificates issued under the authority of this act the body having charge of the finances of such city shall have power from time to time to provide by resolution for the issuance and sale of bonds; such bonds shall be of such denomination, bearing such rate of interest not exceeding five per centum per annum, and payable at such places and at such times, not exceeding fifty years from their date, and be in such form and be executed in such manner as such board or body shall by resolution determine. They shall recite that they are issued pursuant to the authority of this act and of said resolution, and such recital shall be conclusive evidence of their validity and of the regularity of their issuance.

14. Any body issuing bonds under the authority of this act shall provide for the payment of the interest on said bonds as it falls due, and for a sinking fund which it shall deem sufficient to redeem such bonds at maturity; provided, however, that in lieu of providing for a sinking fund as aforesaid such body may provide that any issue of bonds may mature in annual installments, as nearly equal in amount as conveniently may be, the first of which shall be payable not more than one year from the date of said bonds, and the last not more than fifty years from said date.

15. The term "Board of Commissioners of Assessment of Taxes," as used in this act, shall be construed
to include the person or body charged with the duty of making assessments of taxes by whatever name known.

16. No ordinance passed under the authority of section one of this act shall go into effect before twenty days from the time of its final passage, and, if during said twenty days a petition, signed by electors of the city equal in number to at least fifteen per centum of the entire vote cast at the last preceding general election, protesting against the passage of such ordinance be presented to the city clerk, such ordinance shall thereupon be suspended from going into operation, and it shall be the duty of the body, by which such ordinance was enacted, to reconsider the same, and unless it is entirely repealed, such body shall submit the ordinance to a vote of the electors of the city at the next general election, or at a special election to be called for that purpose; and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof.

17. This act shall take effect immediately, but its provisions shall remain inoperative in any city of this State until the legal voters of such city have adopted its provisions at an election for members of the General Assembly.

18. Whenever there shall be presented to the governing body of any city a petition signed by five per centum of the legal voters thereof, as shown by the returns of the last general election, requesting that the question of the adoption of the provisions of this act be submitted to the legal voters of such city, it shall be the duty of the city clerk to submit such question to such legal voters at the next general election, in the manner prescribed in and by an act entitled "An act to regulate elections" (Revision of 1898), approved April fourth, one thousand eight hundred and ninety-eight, and the amendments and supplements thereto.

Approved March 17, 1916.
CHAPTER 162.

An Act authorizing cities fronting upon tidewater in this State to establish municipal docks, warehouses and shipping and industrial facilities, and to operate or lease the same in whole or in part, and authorizing such cities to acquire the lands and other property, and to construct the buildings, wharves and other improvement necessary for the said purpose, and to raise the money therefor.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Any city fronting upon the tidewaters of this State is hereby authorized to establish docks, warehouses, shipping and industrial facilities in such city, and to construct, establish, maintain and operate, or to lease to lessees for a term of years, in whole or in part, public docks, wharves, piers, bulkheads, slips, basins, warehouses, industrial buildings and other structures, and shipping and transportation facilities, and for such purpose to use any available lands owned by such city, and to acquire such other lands and rights in lands and lands now or formerly under water as may be necessary for such purpose. Such city shall have power to acquire all the lands, lands under water, and all other property, easements and appurtenances necessary to carry out the purposes of this act by purchase or by condemnation. Said project shall be carried out in the manner herein-after provided.

2. It shall be lawful for the governing body of said city to pass a resolution declaring it to be in the interest of the said city that the said city should build or cause to be built the docks, warehouses, shipping and industrial facilities authorized by this act, and defining the boundaries of the land and lands under water intended to be utilized in carrying out said project.
After the passage of said resolution the said govern-
ing body is authorized to carry out the said project in
either one of the two following methods. The first
method is as follows:
The said governing body after the passage of the
aforesaid resolution may carry out said project after the
same has been ratified by vote of the people as herein-
after mentioned, by acquiring by purchase or condemna-
tion so much of the lands and lands under water included
within said resolution which the city does not own, and
may provide for the erection of the necessary docks,
wharves, warehouses and other buildings by contract.
Said contracts where the expenditure is more than two
thousand dollars shall be advertised in the same way as
contracts for public buildings in said city are now re-
quired to be advertised, and shall be let to the lowest
responsible bidder. After the said improvements have
been completed the said governing body shall have the
exclusive right and control of the same, and shall have
the charge and control of the building, rebuilding, re-
pairing, maintaining, altering, strengthening, operating,
leasing and protecting said property and every part
thereof, and of the cleaning, dredging and deepening
necessary in and about the same; and it is hereby in-
vested with the exclusive government and regulation
of all the property acquired or constructed pursuant to this
act, and of all wharf property, wharves, piers, bulk-
heads and structures thereon and waters adjacent
thereto, and of the basins, slips and docks, with the land
under water, owned by the said municipality used or to
be used for said purpose.
Such municipality shall have the power to operate
and maintain the said property for the uses to which it
is adapted, and to fix the rents to be paid for the use of
all or any portion of the said property, or the said
municipality may lease for a term of years the whole or
any part of such property after the same has been con-
structed; provided, however, that no lands shall be ac-
quired or contracts made or moneys expended for the
carrying out of the said project, except for the purposes
of preparing preliminary estimates of cost and plans of
construction, until this act shall be approved by the vote of the people of said city as hereinafter provided.

It shall be the duty of the governing body of the city, when such plans and estimates have been prepared, to publish a description or synopsis of the same, with a statement of the estimated cost of the same, at least once a week for four weeks successively in all daily newspapers printed or published in the said city prior to the submission of the terms of this act to the voters of the city at any election as hereinafter provided.

The second method of carrying out the said project shall be as follows: After the passage of the said resolution, the said governing body may contract with any person, firm or corporation, subject to ratification by the voters of said city as hereinafter provided, for the construction by such person, firm or corporation of the docks, wharves, slips, piers, warehouses, industrial buildings, railroad connections and other works necessary to carry out the said project upon the lands to be acquired for such purpose by and at the expense of the said city; said plant when completed to be paid for by the city and to be the property of the city, but when completed to be leased to the said person, firm or corporation for a term or terms of years therein to be stated for such consideration and upon such terms as shall be agreed upon between the said governing body and the said person, firm or corporation, and stated in said contract.

If the governing body shall decide to follow the second method of carrying out the said project the same shall be embodied in a contract as aforesaid, and the said contract shall be published at least once a week for four weeks successively in all of the daily newspapers printed and published in said city prior to the submission of this act to the people at the election as hereinafter provided. If such contract shall be made by said governing body of the city the same shall have no effect until this act is approved by the voters at a special election as hereinafter provided. If this act shall be approved at such an election, then such approval shall be the ratification of the said contract, and the same shall
become a binding one between the said city and the said contracting parties.

3. That no property whatever of any company organized for the purpose of constructing or operating a canal in New Jersey nor of any lessee of any such company shall be liable to be taken under any proceedings in condemnation, by purchase, lease, agreement or otherwise, under the authority of this act, nor shall any such property of any such company or its lessee be purchased, occupied or used for the purposes or uses specified in this act; nor shall any land or land under water in which the State has any right, title or interest in reversion or the possession of which the State is entitled to receive or take at the expiration of any term of years be taken, used or occupied in any manner whatever under the authority of this act.

4. It shall be lawful for the city to make an arrangement with any railroad company for the construction of a connecting railway from the said docks, wharves and other structures, when completed, to any of the tracks of the said railroad company, and for that purpose to acquire lands and construct the necessary railroad facilities, subject, however, to the provisions of section three of this act.

5. After the said city has determined to proceed with the construction of the said improvements by either of the methods provided for in this act, the governing body of said city shall direct the city clerk to provide for the submission of this act to the voters of the city at the next general election, or at a special election to be called as hereinafter provided. If the governing body shall decide to submit this act to the voters at a general election the said municipal clerk shall on or before the first day of October preceding such general election, request the county clerk to cause to be printed upon the official ballots to be used in said city at said election, and the county clerk shall cause to be printed therein, the following words: Mark an X with black ink or pencil in the square at the left of the words which express your vote.

| For municipal warehouse and terminal project provided for by Chapter of the Laws of 1916. |
| Against municipal warehouse and terminal project provided for by Chapter of the Laws of 1916. |

The blank space shall be filled by the proper chapter number.

Each voter shall mark his vote in the square upon said ballot with black ink or pencil. The board of registry and election shall canvass said votes and include a statement of the result of said canvass in the return of the results of the general election, which they are now required by law to make to the municipal clerk. The said municipal clerk shall canvass the returns thus filed with him and ascertain the total number of votes cast in the said city for, and the total number of votes cast against, the adoption of this act, and if the number of votes cast for the adoption of this act shall exceed the number of votes cast against the adoption of this act, this act shall go into effect in said city on the first day of January next thereafter ensuing.

If the governing body of said city shall decide to submit the adoption of this act to the voters at a special election, the said city clerk shall forthwith call an election to be held on the day fixed by the said governing body, and shall cause public notice of the time and place of holding the same to be given by advertisement signed by himself and set up in at least twenty different places in such city and published in at least one newspaper printed and published in such city, and if no newspaper is printed or published in such city, then in a newspaper circulated therein, for at least six days previous to the time of such election; and said city clerk shall provide ballots for each voter at such election to be printed upon plain, substantial white paper, which shall contain these
words: Mark an X mark with black ink or pencil in the square at the left of the words which express your vote.

Such election shall be held at the usual places of holding the annual election in such city. The polls shall remain open during the usual hours, and every such election shall be conducted by the same election officers for the time being in the manner prescribed by law regulating elections, and such officers shall report to the city clerk of such city a true and correct statement in writing under their hands of the results of such election, and it shall be the duty of the city clerk to certify and report the same to the governing body of such city at its first meeting thereafter, and the same shall be entered at large in the minutes of said body. Whereupon, if it is found that the majority of the votes cast are in favor of the adoption of this act, this act shall in all respects become and be operative in such city, and binding upon the inhabitants thereof and upon all persons and property affected thereby.

6. If this act is adopted by the city as herein provided, said city is then authorized to raise the money necessary for the carrying out of the said project by issuing and selling the bonds of the said city in the amount necessary for the said purpose. It shall be the duty of the said governing body to raise by taxation such sum of money as is necessary to meet the interest and sinking fund upon the bonds issued in pursuance to this act, if the income from the said project shall not be sufficient to meet said interest requirements.

7. The said governing body may also in lieu of issuing a general city bond to provide for the money necessary to establish the project herein authorized, in their discretion, issue a special city bond which shall be a first lien upon all of the property acquired with the proceeds of said bonds. If the special bonds are issued it shall be the duty of the city to pay towards the interest of said bonds all receipts received by the city from the said plant up to the amount thereof, and the city in that event shall not be obliged to put in the tax levy any deficiency which may be needed above such receipts to meet said interest charges, but the governing body of such city shall have the power in their discretion to raise by taxation or by a bond issue sufficient money to meet such deficiency.

8. Any bonds issued by virtue of this act shall not be included in ascertaining the debt limit as established by law in such city.

9. This act shall not be construed as repealing any part of any other act now on the statute books of this State which gives to any city of this State similar powers to those conferred by this act.

10. If any clause, provision or section of this act

It shall be the duty of the Commissioner of Charities and Corrections, or some officer representing the Department of Charities and Corrections, under the commissioner's direction, to visit twice each year, or oftener, if necessary, such hospitals and to inquire into their facilities, equipment, sanitary conditions, accommodations and manner of management, and it shall not be necessary for the boards of managers of such hospitals to visit the county hospitals for the insane as heretofore, but such duties shall devolve hereafter upon the...
Commissioner of Charities and Corrections as is otherwise provided by law.

4. 5. The said board of managers hereby authorized, empowered and directed, by and with the consent of the Governor in the manner hereinafter provided, to make, adopt and enforce rules and regulations providing for the arrangements to be made and the rate to be paid for the support, care and treatment of private patients at the said hospitals under their care and direction, and are authorized in their discretion, in accordance with such rules and regulations, to compromise any claim or claims due such board or committee for the support of any nonindigent patient, and a memorandum of such compromise and settlement shall be entered in the official minutes of such board or committee. 11. The boards of managers shall have power, when necessary, and it is hereby declared to be their duty to appoint a medical director of and for each of said hos-
pitals when a vacancy occurs in such office, and so many assistant physicians for each of said hospitals as each board may deem necessary, all of whom shall be subject to the rules, regulations and by-laws prescribed from time to time by said boards of managers for the control and good government of such hospitals; provided, nevertheless, that the persons now acting as medical directors shall continue to perform the duties of said office under this act until removed or a successor is appointed by said boards of managers.

12. 14. It shall also be the duty of the said warden of the said State Hospitals annually to make an approximate report and detailed statement in writing of the amount of money required for the support and maintenance of said hospitals, including all salaries and supplies of every kind for the next ensuing fiscal year, beginning on the first day of November of each year, and submit the same to the said managers on or before the third Thursday of November in each year. They shall annex the same to the annual report with such comments thereon as they may deem advisable.

15. It shall be the duty of said managers, in case of vacancies, to appoint for each of said hospitals an expert accountant or bookkeeper, and such assistant accountants and bookkeepers as may be necessary to keep full and accurate accounts of all business transactions in any way connected with said hospitals.

17. The resident officers of the said hospitals, and all attendants and assistants actually employed therein, during the time of such employment, shall be exempt from serving on juries, and in time of peace from all
service in the militia; and the certificate of the medical
director or warden, for their respective departments,
shall be evidence of the fact of such employment.

18. The boards of managers shall keep, in bound
books to be kept for that purpose, a fair and full record
of all their doings, which shall be open at all times to

appoint to examine the same.

19. The managers shall maintain an effective inspec­

them, or more, shall visit each of them at least once in
every week, two or more at least once in every month,
a majority at least once in every three months, and the
whole board once a year, at the time and in the manner

operations and actual state of the hospitals, which the
managers shall make to the Governor on or before the
fifteenth day of December in each year, to be by him
presented to the Legislature accompanied with an an­

The said boards of managers shall cause to be kept full and accurate accounts of receipts and payments, in the manner directed by the by-laws, and such other accounts as the managers may prescribe, not otherwise provided for by law, and they shall balance all accounts on their books, annually, on the last day of October, and make a statement of the balance thereon, and an abstract of all the receipts and payments of the past year, including such trust funds, which statement of the receipts and balance and trust funds shall be certified to by an auditing committee of the managers, authorized and directed to certify the correctness thereof. The said treasurers or auditors shall further render a quarterly statement of their receipts and payments, for the quarter ending on the last day of the month preceding each quarterly meeting of the managers to the auditing committee, who shall certify the accuracy thereof, and report the result thereof, duly certified, to the managers who shall cause the same to be recorded in one of the books of the
hospital, and they shall further render an account of the state of their books and other property in their custody whenever required so to do by the managers.

22. The said boards of managers shall be vested with the same powers, rights and authority which are now given by law to the overseers of the poor in any township or city of the State, so far as may be necessary for the indemnity and benefit of said hospitals, or any of them, and for the purpose of compelling a relative, or committee or guardian to defray the expense of a patient's support in the hospitals, and reimburse actual disbursements for his necessary clothing and traveling expenses according to the by-laws or rules of the institution, also for the purpose of coercing the payment of similar charges, when due from any county that is liable for the support of any patient in said hospitals, and suit may be instituted in the courts of this State in the name of the State of New Jersey for the use of such hospitals, for the purpose of collecting by proper proceedings any sums due for the support of any patient or patients from those chargeable for such support by this or any other law, or by contract, and the minimum rate provided by the rules and regulations, fixing a minimum rate to be paid by private patients, or for a patient not committed as indigent in any such institution, shall be held and determined to be the amount for which such persons or person, guardian, committee or trustee, shall be held to be liable as the necessary sums advanced for the support of such patient, as under an implied contract, under the common law rule, in the absence of any express agreement fixing the terms for the care, support and maintenance of any such patient.

23. The boards of managers shall have authority to recover in the name of the payee or obligee for the use of said hospitals any and all sums which may be due upon any note or bond in their hands belonging thereto; also, any and all sums which may be charged and due, according to the rules or by-laws for the support of any patient therein, or who may have been
therein, or for actual disbursements made in his behalf for necessary clothing and traveling expenses in an action to be brought by the warden having charge of the business management of any such hospital, in the name of the State of New Jersey for the use of such hospital, under the direction of the boards of managers, in accordance with the rules and regulations or by-laws of such boards, and such suit may be instituted and maintained not only against the individual estate, guardian, committee or trustee, liable as provided herein, but against the individual county liable for the maintenance of any such patient having neglected to pay the same when demanded by the treasurer, or auditor, or warden of said hospital, and such suit shall be instituted as aforesaid in any competent court of this State or any other State for the recovery of sums due, or hereafter to become due, to the State of New Jersey, for the use of the said hospitals.

24. Every insane person confined in any institution for the care and treatment of the insane in this State shall be personally liable for his maintenance therein and for all the necessary expenses incurred by said institution in his behalf. An action at law for the recovery of any sum due under this section shall be brought in the manner provided in the practice act in force at the time of the bringing of the action, and the trustee, guardian or relative or husband or wife who would have been bound by law to support him or as otherwise provided by law shall be liable to pay the expense of his clothing and maintenance in said institution and the actual and necessary expenses to and from the institution. Such necessary charges incurred in his behalf in the absence of special charges for unusual care and attention or clothing shall be limited to the minimum rate for private patients, as provided in the rules and regulations of the boards of managers. The said boards may also, upon the receipt of the amount due upon any mortgage belonging to said hospitals, execute and acknowledge, or cause to be executed and acknowledged, a release thereof so that the same may be discharged of record.
25. Each county entitled to send patients to said hospitals, under said rules and regulations, may at all times keep such number of patients, in just proportion with other counties, as such hospitals can accommodate, which proportions shall be regulated by the managers; if any one or more of the counties shall not send their full proportion, the vacancies may be allotted by the managers to other counties so entitled having patients whom they may desire to send. The officers of any county or other municipality sending patients to said hospitals shall, before sending such patients, see that they are in a state of perfect body cleanliness, suitably clothed and provided with suitable changes of raiment, as prescribed in the by-laws.

26. The respective wardens of said State Hospitals shall, under the direction of the board of managers, pursuant to the rules, by-laws and regulations established by said managers, make all purchases for said hospitals and preserve the original receipts given on payment thereof, and keep full and accurate accounts of the same and copies of all orders drawn by them upon the treasurer or auditor; they shall also in like manner make contracts with all attendants, assistants and employees having to do with the business department of the hospital, and keep and settle the accounts of all the attendants, assistants and employees; they shall also keep and render to the proper parties the accounts for the support of patients and expenses incurred in their behalf; they shall make quarterly abstracts of their accounts at the times and in the manner to be indicated in the rules, regulations and by-laws for the proper treasurer or auditor and the manager; they shall also be accountable for the proper treasurer or auditor of the State Hospitals and the managers; they shall also be accountable for the careful keeping and economical use of all furniture, stores and other articles provided for said hospitals, and shall annually at the time and manner provided by the rules and regulations or by-laws, make out and furnish the managers with a true and perfect inventory, verified by oath, of all the personal
property belonging to the hospitals and in and about the premises, with an appraisal thereof, made under oath or affirmation by the warden and two suitable persons whom the managers shall appoint for that purpose.

27. It shall be the duty of the warden of the respective State Hospitals for the Insane in this State at which patients are supported at the expense of any county of this State, to make out, under oath, and send to the clerk of the board of chosen freeholders of each and every county supporting patients at said hospitals, at least three days before the day for the meeting of the board of freeholders, at which the monthly bill of said hospitals shall be presented, a regular monthly statement, giving the names of all patients supported at said hospitals at the expense of the county for which said statement is made, which statement shall also contain the dates of the admission of the respective patients; the township from which they came; the dates of the discharge of any one who has been discharged, the dates of the death of any who have died, and the dates between which any have been away from said hospitals on a visit or otherwise during said month.

28. The price to be paid for keeping any person in indigent circumstances in any hospital now or hereafter owned by the State, except as otherwise provided by law, exclusive of clothing, shall be paid to such State Hospitals out of the State funds as herein provided. In case of State patients in such State Hospitals there shall be paid by the State Treasurer on the warrant of the Comptroller of the Treasury, four dollars and fifty cents per capita per week; such clothing of such patients chargeable solely to the State, supplied to them by the boards of managers, shall also be paid out of the State treasury on the warrant of the Comptroller of the Treasury, on the submission of the vouchers therefor by the management of said institutions. In the case of indigent patients chargeable to the counties, in such State Hospitals, two dollars and fifty cents per capita shall be paid in like manner. Such payments shall be made monthly to the treasurers or auditors of such hospitals. State
Patients in said hospitals are those having no legal settlement in any county in this State, or are chargeable to the State temporarily or until deported or removed from the State, or discharged or released and not chargeable to any county. The sum of two dollars per week for each county indigent patient confined in any county hospital for the insane established by the board of chosen freeholders of such county, shall be paid from the State treasury in the same manner as aforesaid to such board of chosen freeholders upon a statement furnished by such board giving the name and number of such county indigent patients who may have been thus supported in said hospitals during the preceding month computing from the first of November. Each county shall pay to the treasurer or auditor of said State Hospitals for each patient confined in any State Hospital, having a legal settlement in such county chargeable for the support of such patient the sum of two dollars per week per capita. Any county which may have failed to present a claim for maintaining such patient at quarterly intervals, as herein provided, shall not be prejudiced by such delay in presenting such claim. The board of chosen freeholders of any county in which a county hospital for the insane shall have been, or shall hereafter be established, shall not be chargeable with the support in said hospital of any insane person, unless such person has, or shall have, a legal settlement in said county as fixed for insane persons in the act for the commitment of the insane in force at the time or as otherwise provided by law. The expense of clothing and maintenance in any said hospitals of a patient who has been received upon the order of any court or judge as an indigent patient, or shall be committed to such hospitals pending the making of said order, shall be paid by county in which he is found to have a legal settlement. The county collector of said county is authorized and directed to pay to the treasurer or auditor of such hospital, in case the person had a settlement in a county other than that in which he is confined, the bills for such clothing and maintenance, as they become due and payable, according to the by-laws thereof, upon the order of the warden, and the chosen freeholders of the said county shall annually levy and raise the amount of such bills, and such further sum as will probably cover all similar bills for one year in advance; said county, however, shall have the right to require every individual or municipality that is legally liable for the support of any patient to reimburse the amount of said bills, with interest, from the day of paying the same.

30. CHAPTER 191.

An Act to make uniform the law of transfer of shares of stock in corporations.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Title to a certificate and to the shares represented thereby can be transferred only
   (a) By delivery of the certificate indorsed either in blank or to a specified person by the person appearing by the certificate to be the owner of the shares represented thereby, or
   (b) By delivery of the certificate and a separate document containing a written assignment of the certificate or a power of attorney to sell, assign or transfer the same or the shares represented thereby, signed by the person appearing by the certificate to be the owner of the shares represented thereby. Such assignment or power of attorney may be either in blank or to a specified person.
CHAPTER 191, LAWS, SESSION OF 1916.

The provisions of this section shall be applicable although the charter or articles of incorporation or code of regulations or by-laws of the corporation issuing the certificate, and the certificate itself, provide that the shares represented thereby shall be transferable only on the books of the corporation or shall be registered by a registrar or transferred by a transfer agent.

2. Nothing in this act shall be construed as enlarging the powers of an infant or other person lacking full legal capacity, or of a trustee, executor or administrator or other fiduciary to make a valid indorsement, assignment or power of attorney.

3. Nothing in this act shall be construed as forbidding a corporation
   (a) To recognize the exclusive right of a person registered on its books as the owner of shares to receive dividends and to vote as such owner, or
   (b) To hold liable for calls and assessments a person registered on its books as the owner of shares.

4. The title of a transferee of a certificate under a power of attorney or assignment not written upon the certificate, and the title of any person claiming under such transferee, shall cease and determine if, at any time prior to the surrender of the certificate to the corporation issuing it, another person, for value in good faith, and without notice of the prior transfer, shall purchase and obtain delivery of such certificate with the indorsement of the person appearing by the certificate to be the owner thereof, or shall purchase and obtain delivery of such certificate and the written assignment or power of attorney of such person, though contained in a separate document.

5. The delivery of a certificate to transfer title in accordance with the provisions of section one is effectual, except as provided in section seven, though made by one having no right of possession and having no authority from the owner of the certificate or from the person purporting to transfer the title.

6. The indorsement of a certificate by the person appearing by the certificate to be the owner of the shares...
represented thereby is effectual, except as provided in section seven, though the indorser or transferor.

(a) Was induced by fraud, duress or mistake to make the indorsement or delivery, or

(b) Has revoked the delivery of the certificate, or the authority given by the indorsement or delivery of the certificate, or

(c) Has died or become legally incapacitated after the indorsement, whether before or after the delivery of the certificate, or

(d) Has received no consideration.

7. If the indorsement or delivery of a certificate

(a) Was procured by fraud or duress, or

(b) Was made under such mistake as to make the indorsement or delivery inequitable; or

If the delivery of a certificate was made

(c) Without authority from the owner or

(d) After the owner's death or legal incapacity, the possession of the certificate may be reclaimed and the transfer thereof rescinded, unless:

(1) The certificate has been transferred to a purchaser for value in good faith without notice of any facts making the transfer wrongful, or

(2) The injured person has elected to waive the injury, or has been guilty of laches in endeavoring to enforce his rights.

Any court of appropriate jurisdiction may enforce specifically such right to reclaim the possession of the certificate or to rescind the transfer thereof and, pending litigation, may enjoin the further transfer of the certificate or impound it.

8. Although the transfer of a certificate or of shares represented thereby has been rescinded or set aside, nevertheless, if the transferee has possession of the certificate or of a new certificate representing part of the whole of the same shares of stock, a subsequent transfer of such certificate by the transferee, mediately or immediately, to a purchaser for value in good faith, without notice of any facts making the transfer wrongful, shall give such purchaser an indefeasible right to the certificate and the shares represented thereby.
9. The delivery of a certificate by the person appearing by the certificate to be the owner thereof without the indorsement requisite for the transfer of the certificate and the shares represented thereby, but with intent to transfer such certificate or shares shall impose an obligation, in the absence of an agreement to the contrary, upon the person so delivering, to complete the transfer by making the necessary indorsement. The transfer shall take effect as of the time when the indorsement is actually made. This obligation may be specifically enforced.

10. An attempted transfer of title to a certificate or to the shares represented thereby without delivery of the certificate shall have the effect of a promise to transfer, and the obligation, if any, imposed by such promise shall be determined by the law governing the formation and performance of contracts.

11. A person who for value transfers a certificate, including one who assigns for value a claim secured by a certificate, unless a contrary intention appears, warrants—

(a) That the certificate is genuine;
(b) That he has a legal right to transfer it, and
(c) That he has no knowledge of any fact which would impair the validity of the certificate.

In the case of an assignment of a claim secured by a certificate, the liability of the assignor upon such warranty shall not exceed the amount of the claim.

12. A mortgagee, pledgee or other holder for security of a certificate who in good faith demands or receives payment of the debt for which such certificate is security, whether from a party to a draft drawn for such debt, or from any other person, shall not by so doing be deemed to represent or to warrant the genuineness of such certificate, or the value of the shares represented thereby.

13. No attachment or levy upon shares of stock for which a certificate is outstanding shall be valid until such certificate be actually seized by the officer making the attachment or levy, or be surrendered to the corporation which issued it, or its transfer by the holder
be enjoined. Except where a certificate is lost or destroyed, such corporation shall not be compelled to issue a new certificate for the stock until the old certificate is surrendered to it.

14. A creditor whose debtor is the owner of a certificate shall be entitled to such aid from courts of appropriate jurisdiction, by injunction and otherwise, in attaching such certificate or in satisfying the claim by means thereof as is allowed at law or in equity, in regard to property which cannot readily be attached or levied upon by ordinary legal process.

15. There shall be no lien in favor of a corporation upon the shares represented by a certificate issued by such corporation and there shall be no restriction upon the transfer of shares so represented by virtue of any by-law of such corporation, or otherwise, unless the right of the corporation to such lien or the restriction is stated upon the certificate.

16. The alteration of a certificate, whether fraudulent or not and by whomsoever made, shall not deprive the owner of his title to the certificate and the shares originally represented thereby, and the transfer of such a certificate shall convey to the transferee a good title to such certificate and to the shares originally represented thereby.

17. Where a certificate has been lost or destroyed, a court of competent jurisdiction may order the issue of a new certificate therefor on service of process upon the corporation and on reasonable notice by publication, and in any other way which the court may direct, to all persons interested, and upon satisfactory proof of such loss or destruction and upon giving of a bond with sufficient surety to be approved by the court to protect the corporation or any person injured by the issue of the new certificate from any liability or expense, which it or they may incur by reason of the original certificate remaining outstanding. The court may also in its discretion order the payment of the corporation's reasonable costs and counsel fees.

The issue of a new certificate under an order of the court as provided in this section, shall not relieve the
corporation from liability in damages to a person to whom the original certificate has been or shall be transferred for value without notice of the proceedings or of the issuance of the new certificate.

18. In any case not provided for by this act the rules of law and equity, including the law merchant, and in particular the rules relating to the law of principal and agent, executors, administrators and trustees, and to the effect of fraud, misrepresentation, duress or coercion, mistake, bankruptcy, or other invalidating cause, shall govern.

19. This act shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those States which enact it.

20. A certificate is indorsed when an assignment or a power of attorney to sell, assign, or transfer the certificate or the shares represented thereby is written on the certificate and signed by the person appearing by the certificate to be the owner of the shares represented thereby, or when the signature of such person is written without more upon the back of the certificate. In any of such cases a certificate is indorsed though it has not been delivered.

21. The person to whom a certificate was originally issued is the person appearing by the certificate to be the owner thereof, and of the shares represented thereby, until and unless he indorses the certificate to another specified person, and thereupon such other specified person is the person appearing by the certificate to be the owner thereof until and unless he also indorses the certificate to another specified person. Subsequent special indorsements may be made with like effect.

22. (1) In this act, unless the context or subject matter otherwise requires—

"Certificate" means a certificate of stock in a corporation organized under the laws of this State or of another State whose laws are consistent with this act.

"Delivery" means voluntary transfer of possession from one person to another.
"Good faith." (2) A thing is done "in good faith" within the meaning of this act when it is in fact done honestly, whether it be done negligently or not.

Application.  
23. The provisions of this act apply only to certificates issued after the taking effect of this act.

Short title.  
24. The short title to this act is "Uniform Stock Transfer act (1916)."

CHAPTER 232.

An Act respecting the construction of sewers in cities of this State.

WHEREAS, In the construction of short sections of sewers of small sizes in cities in this State, particularly where such sewers are needed in advance of the paving of streets, and where said sewers are constructed for the use of abutting property owners, and where the entire cost of doing the work may be less than one thousand dollars, the method of procedure now required by law in connection with the advertising of notice of intention, ordinance, and the incidental expenses connected with the making of assessments, now constitute a very large portion of the cost,
and in some instances these incidental expenses for advertising, et cetera, have exceeded the actual cost of the construction of the sewers themselves, and thereby entail on the property greater assessments than the importance of the work warrants;

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. In cities of this State where the estimated cost of constructing a sewer, where the same is constructed for the use of abutting property only, is less than one thousand dollars, which estimate shall be submitted to the board or body having charge of the construction of sewers in any city of this State by the engineer in charge of such work, such estimate having been prepared on the basis of the best information obtainable as to the probable cost of such sewer, such board or body is hereby authorized to pass a resolution signifying its intention to construct any such sewer with its lateral connections to the curb lines, without being required to pass or advertise notice of intention or ordinance for the doing of such work; provided, a copy of such resolution, together with a notice fixing a time (which time shall be at least five days after the mailing) and place at which objections to the making of said improvement will be heard, shall be mailed to the last known address of the last owner of record, as shown by the tax records of such city, of the property abutting on the portion of the street or highway through which such sewer is proposed to be constructed, and a copy of such resolution and notice shall be posted conspicuously in the city hall in such city at least five days prior to the introduction of a second resolution setting forth the final decision of said board or body to cause the construction of such sewer which shall be signified by the passage of said second resolution, not sooner than two weeks after the passage of the first resolution to which reference is herein made, which said second resolution may designate that the construction of such sewer is to be done by day labor under the direct supervision of said board or body having charge of sewers, or may provide
for the advertising for bids and the awarding of a contract for the doing of the work in the manner now provided by law.

2. The expense of the construction of any such sewer may, in the first instance, be paid for out of the current funds of such board available for the sewer work of said board, or the board or body having charge of the finances in any such city may provide funds for the doing of such work upon the request of the board or body having charge of the construction of sewers in any such city.

3. Upon the completion of the construction of such sewer, the cost and expense thereof shall be determined by the city surveyor and the benefits not exceeding the cost, shall be charged and assessed against the property abutting on the portion of the street or highway through which such sewer has been constructed, after a notice shall have been mailed to the aforesaid abutting property owners of record fixing a time and place at which objections to such assessments will be heard, as hereinbefore provided in section one of this act for notice of intention; and thereupon a statement of such determined and assessed cost and expense, when so made by said city surveyor, shall be filed by him with the officer of such city charged with the duty of collecting assessments for benefits in such city, and shall be and remain a lien on property so assessed from the time of the filing thereof until paid, and shall be collectable as assessments for benefits are or may be collectable by the charter of and laws governing such city, and if not paid within forty days from and after the said statement of cost is filed as aforesaid, interest shall be charged and collectable thereon at the same rate at which interest is or may be chargeable and collectable on assessments for benefits in such city.

4. All acts and parts of acts, general and special, public or local, inconsistent with the provisions of this act, be and the same are hereby repealed.

5. This act shall take effect immediately.

Approved March 21, 1916.

1. After the passage of this act no person, firm or corporation shall build, construct or erect any public mausoleum, vault, crypt or structure intended to hold or contain the bodies of the dead, which shall be wholly or partially above the surface of the ground, without the consent and approval of the board of health, or if there be no board of health, then the health officer of the city, township, town, borough or other municipality in which it is proposed to build or erect such structure, such consent to be obtained upon application in writing for that purpose made; and in case of refusal of the said local board of health or health officer to grant the same, then the person, firm of corporation making application as aforesaid may, within thirty (30) days after such refusal or failure to act, apply to the State Board of Health, which shall have power to reverse the decision of the local authorities and grant the application; and in case the local authorities grant permission to build or erect said structure, and the same shall be deemed objectionable by the inhabitants of the city, town, township, borough or other municipality wherein it is proposed to locate the same, then ten (10) citizen freeholders thereof may, within thirty (30) days after the granting of such permit, apply to the State Board of Health, which State board shall fix a time and place at which to hear, in a summary manner, the objections to the same, and after such hearing shall have power to reverse the decision of the
local authorities and prohibit the erection of such structure or may affirm the decision of the local authorities.

2. Before commencing the building, construction or erection of the same, full detailed plans and specifications of such structure shall be presented to the State Board of Health of this State for the examination and approval of said board. Before approving such plans and specifications said board of health shall be satisfied as to the following facts: (a) That the same provide for a structure so arranged that each and every part thereof may be readily examined at any time during construction by the members of such board, or by the health officer of any county or city wherein such structure may be erected; (b) that proper provision is made for hermetically and permanently sealing each individual crypt or cell after the placing of the deceased body therein in such a way that no injurious or offensive odor or effluvia may escape therefrom into the interior of the building or vestibule; (c) that the materials of which it is intended to construct the same shall be of the best quality obtainable, and either natural stone or United States standard bronze with the exception of the crypts and foundations. The front exterior walls to be not less than six (6) inches thick and of natural stone, granite or marble, of the character best suited for the respective purposes for which they are intended, and so arranged with concrete or other material that all exterior walls shall be at least eighteen (18) inches in thickness. The approval of the said plans and specifications by the said board shall be evidenced by a certificate in writing properly signed, and such signed approval, together with the detailed plans and specifications so approved, shall, before commencing work on such structure, be filed in the office of the clerk of the county and State wherein such structure is to be erected, and there remain as a public record.

3. The process of erection of such structure, mausoleum or crypt shall be at all times under the supervision of the local board of health or health officer. It shall be the duty of such local board of health or health
officer to see that the approved specifications are com-
plied with in every particular as to kind, quality, char-
acter and quantity of each and every material, re-
spectively, and otherwise. No departure or deviation
from the original plans and specifications shall be per-
mitted except upon approval of the State Board of
Health, evidenced and filed in like manner and form as
the approval of the original plans and specifications.

4. No mausoleum, vault, crypt or structure so erected
as aforesaid shall be used for the purpose of interring
or depositing therein any dead body until there shall
have been obtained from the State Board of Health a
final certificate properly signed, or a certificate signed
by a majority of the local board of health or the health
officer, stating that the plans and specifications as filed
have been complied with and followed in every par-
ticular, nor until such certificate shall be filed with the
county clerk as aforesaid.

5. No mausoleum, vault, crypt or structure so
erected as aforesaid shall be used for the purpose of
interring or depositing therein any dead body until a
trust fund shall have been established and set apart,
in accordance with the laws regulating trust funds in
this State, amounting to not less than ten per centum
of the total cost of the structure; the interest, and that
only, to be used for the perpetuation of said building;
but this clause shall not apply to private mausoleums
or temporary receiving vaults.

6. All mausoleums, vaults, crypts or structures in-
tended to hold or contain the bodies of the dead, now
erected or which may hereafter be erected, and located
within any duly authorized cemetery organized in ac-
cordance with the laws of the State of New Jersey,
shall be exempt from taxation in like manner as such
cemeteries are now exempt by law.

7. Any person, any member of a firm, or any officer
or director of a corporation which or who shall fail to
comply with each and every provision of this act shall
be personally liable therefor, and shall, upon conviction
thereof, be deemed guilty of a misdemeanor and pun-

CHAPTER 235.

An Act to authorize towns to lay out, open, vacate, straighten, extend, widen or otherwise change as to boundaries, and improve streets, avenues and highways or sections of same therein, to authorize the taking of lands therefor and to provide for the cost thereof.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The town council or other governing body of towns in this State shall have power and they are hereby authorized by ordinance to lay out, open, vacate, straighten, widen, extend and improve any street, avenue or highway, or any part or section thereof, and to take and appropriate for such purpose any necessary lands and real estate upon making compensation to the owners thereof, as hereinafter provided; to provide for grading and altering the grade of streets, avenues and highways in the town, and filling, macadamizing, guttering, curbing, paving and improving the same.

2. Streets, avenues and highways or sections of same may be laid out, opened, vacated, straightened, extended, widened or otherwise changed as to boundaries, and improved within said town, in the following manner. A petition in writing setting forth the improvement desired and that the signers thereof are owners of lands situate within the town which will be specially benefited by the proposed improvement, shall be presented to the council or other governing body at a stated meeting thereof, and if the council favors the proposed improvement, and if in its judgment the petition is signed by the owners of lands situate within the town which will be specially benefited by the improvement petitioned for, it may, at any stated
meeting, adopt a resolution declaring that it favors the improvement petitioned for, and that in its judgment the persons signing the petition are owners of land situate within the town which will be specially benefited by the improvement petitioned for, and it shall thereupon, by resolution, refer the said petition to the commissioners of assessment, hereinafter provided for, who shall proceed therein in the manner herein directed; said resolution shall also require the petitioners to deposit with the town treasurer such sum of money (to be therein stated) as the said board of council or other governing body shall deem necessary to cover the cost and expense incurred by the town if such ordinance for such improvement shall not be thereafter adopted, which sum shall in such case be applied to the payment of such costs and expenses, and the excess, if any, shall be returned to the person or persons depositing the same; and in case the ordinance for such improvement shall be thereafter adopted, such sum shall be returned in full, without interest to the person or persons depositing the same, and the said commissioners of assessment shall not proceed in said matter until the town treasurer shall have certified to them that the sum specified in said resolution has been deposited with him; the commissioners of assessment shall be assisted in such manner as they shall require by a town surveyor, not interested in the improvement petitioned for, who shall be appointed by resolution for that purpose by the said town council or other governing body; the said commissioners shall make or cause to be made a map or maps showing all lands, real estate and improvements to be taken for the proposed improvement and all the lots and parcels of land within the town, which in the judgment of said commissioners will be specially benefited thereby, designating each lot and parcel on said map by a letter or a number; said commissioners shall also ascertain, so far as practicable, the name of the owners of said real estate to be taken and property to be benefited, and the interest of each of the owners of real estate so to be taken, and when such names or estates are not known they shall so report; they shall
also appraise the value of the interests of each known owner of real estate to be taken and the damage to be done to such owner by taking the same; and where the estates in any plot or lands are unknown they shall appraise the value of or the damage done to the fee simple; said commissioners shall also estimate all other expenses likely, in their judgment, to attend the completion of the improvement; said commissioners shall also estimate the amount likely to be realized from the sale of any buildings, or parts of buildings, required to be taken on account of said improvement, and shall also determine the probable net cost of making the improvement; this probable net cost they shall then assess upon the land to be specially benefited, in proportion to the benefit to be received; thereupon they shall, under their hands make a report of the facts ascertained and of the appraisements, estimates, determination and assessments made by them concerning said improvement, together with the statement of the excess of cost over assessments for benefits, if any, and shall present such report and their map to the council or other governing body at a stated meeting thereof, which body shall then or at a subsequent meeting fix a time and place when and where it will meet to hear and consider any objections to said report or to the improvement, which may be presented in writing; the clerk of said town shall also post copies of such notice in five public places of the town at least ten days prior to the said time fixed by the council for the hearing of objections, and shall also, at least five days prior to the
CHAPTER 235, LAWS, SESSION OF 1916.

said time so fixed, cause a copy of such notice to be served upon resident owners of real estate affected thereby, but the omission of the service of such notice shall not invalidate any of said proceedings; and all objections at such time and place, presented in writing, the said council or other governing body shall consider and adjudicate upon, and the said council or other governing body of said town may order, amend and adjust, increase or diminish any award without further or other notice to the person or persons interested therein; provided, however, that no resolution altering, amending, adjusting, increasing or diminishing any award or awards shall be passed or adopted except by or upon the affirmative vote of at least two-thirds of all the members of the council, nor shall any such resolution be passed or adopted at any other than a stated meeting; if the said council or other governing body shall then determine to make said improvement, notwithstanding any objections to the same, the said council or other governing body shall confirm said awards, as altered, amended, adjusted, increased or diminished and pass an ordinance ordering said improvement to be made and completed in such manner as said council may direct; provided, the said council shall not proceed to make any such improvement if the owners of the property subject to more than two-thirds of the assessment for the improvement shall remonstrate against the same being made; the said council shall also pass a resolution directing the several sums awarded to be paid to the persons to whom the awards are made for real estate taken and damages sustained in making said improvement, and upon the passage of such resolution the fee simple of said real estate to be taken shall be vested in the town; provided, that where the commissioners shall report the name or estates of the owners of any plot as unknown the said resolution shall direct the sum of the award on account of such plot to be paid to the owners thereof, when and as their interest may appear, and any such owner or person interested in said land may, by bill in Chancery, according to the practice of that court, have the said sum dis-
settled or in whole or in part paid over to him as law and justice may require; after the completion of said improvement, the said commissioners shall ascertain and determine the actual net cost thereof, and shall assess, as hereinafter provided, such actual net cost upon the lands specially benefited in proportion to the benefits received.

3. Whenever, by the report and map of the said commissioners, corrected as aforesaid, it shall appear that an award has been made to any person for property taken or damages sustained, and that such person is also assessed for benefits received on account of the same improvement, then if the assessment equal or exceed the award, no payment shall be made on account of such award; and if the award exceed the assessment, only so much of the award as is in excess shall be paid, and the resolution of the council ordering the awards to be paid shall be framed accordingly; and when the amount to be assessed shall be finally determined, such amount shall be set off against the amount of the award unpaid; and if the amount of the award unpaid be in excess, the assessment shall be cancelled, and such excess only shall be paid to the person to whom the award is made; and if the amount of the assessment be in excess, the award unpaid shall be cancelled, and such excess only shall be a lien upon the property assessed; the rest of the award or assessment, as the case may be, being also cancelled.

4. Whenever any person who shall have presented objections as aforesaid, to an award, shall be dissatisfied with the determination of the council, thereupon such person may commence an action on contract against the said town in the Circuit Court of the county, or in the Supreme Court of this State (provided, that the trial shall be had in the county in which such town is located), which action shall proceed in all things as if such town had, upon taking the real estate required for the said improvement, agreed in writing to pay therefor the value thereof and the damage done by taking the same; and if in said action the plaintiff
shall recover more than the amount awarded as aforesaid, he shall recover his taxable costs according to law; and if he shall not recover more than the amount awarded, then the defendant shall recover its taxable costs against the plaintiff, and shall be entitled to have them deducted from the amount recovered by the plaintiff, and execution shall issue only for the balance, the assessment (if any) against the plaintiff being also deducted from the amount of the judgment; 

Provided, always, that no such action shall be brought by any person who may have received payment of the amount awarded, nor unless notice that such action will be brought be filed with the clerk of said council within sixty days after the confirmation of the award, nor unless such action be commenced within six months after such confirmation; 

Provided, further, that the judge of the said Circuit Court may, upon petition, for good cause shown, and upon such terms as he may direct, dispense with either or all of the provisions in the last proviso contained.

5. Any street or section of a street may be graded, flagged, macadamized, paved, curbed, guttered or have a sidewalk of any material constructed thereon, or be otherwise improved in the following manner, namely, either on the initiative of the town council or other governing body or upon the petition in writing to the council by the owners of one-sixth of the lands fronting on the street or section of street proposed to be improved, or upon like petition of ten freeholders, the town council shall, by resolution, direct the town clerk to advertise such application or petition and the notice hereinafter provided for, for at least two successive weeks, once in each week, in the official paper of the town, or if there be none, in one or more newspapers published in the county and circulating in the town; and to post copies of the said petition and notice in five public places in the town, designated by the council, at least ten days prior to the time fixed for the hearing of objections to such improvement; the clerk shall also publish and post as aforesaid, with the petition, a notice signed by him, stating that objections in
writing to said proposed improvement shall be filed with him and designating the time and place when and where the town council will meet to consider such objections, which time shall not be less than ten days after the date of the first publication of such petition and notice as aforesaid; and the said clerk shall also serve like notice on the owners of property residing along the street or section of street so proposed to be improved, at least five days before the time designated in said notice; provided however, that no assessment shall be set aside or affected by reason of the failure of said clerk to serve such notice; and at or before the time named in such notice the said clerk shall file in his office affidavits showing that such petition and notice have been published and posted as herein required; at the time named in such notice the council shall proceed to consider such objections as shall have been presented, and if it appear that the owners of two-thirds of the land fronting on such proposed improvement have objected thereto, such improvement shall not be made, and all costs and expenses incurred in such proceedings shall be paid by the petitioners, to secure which the council shall in all cases require a deposit of fifty dollars before receiving any petition; and the council may, in its discretion, determine not to make such improvement, in which case the deposit made by the petitioner or petitioners, less any expenses that may have been incurred, shall be returned to him or them; and the defeat of any ordinance for such improvements, introduced before the council, shall be conclusive as to the determination of the council not to make such improvement; at any time after the time named in said notice for objections, the council may proceed to pass an ordinance for such improvement, and such ordinance shall be valid if it describes in general language the improvement required to be made and done, and it shall not be necessary to state therein any other matter or thing connected with said improvement; the town clerk shall publish and post such ordinance in the same manner and for the same time he is required to pub-
lish and post the petition for the improvement described therein; and he shall file in his office an affidavit showing that such ordinance has been duly published and posted; at any time after the passage of such ordinance the council may require the clerk to advertise for proposals for doing the work of and furnishing the materials necessary for such improvement, in the official paper of the town and in such other newspapers as shall be designated by the council, which proposals shall be presented in such form and manner and under such regulations as the council shall prescribe; upon the coming in of such proposals the council may enter into contract with the lowest responsible bidders on the terms of their proposals; provided, however, that the council may reject all bids if they deem it for the interest of the town so to do, in which case they shall again advertise for proposals and shall proceed in all things as if no proposals had been offered; and the council shall require the person or persons so entering into contract with the town to give bonds with ample freehold security for the due performance thereof.

6. The council may appoint an inspector over the work and materials on any street improvement and may fix his compensation; the amount of such compensation shall be included in and form part of the cost of the improvement.

7. Before the council accept any work on any street improvement, or any final payment be made to the contractor, the council shall publish as aforesaid a notice stating when the council shall meet to receive and consider objections in writing to the work done and materials used in such improvement, and if any such objection shall appear to be well founded, the council shall take such action thereon as in their judgment the interests of the town shall require.

8. The council shall have power to issue improvement certificates, payable within one year or less with interest, to the amount of eighty per centum of the work done on any street improvement when certified as correct by the engineer in charge of the work; and when the contract is fully completed and the work is accepted,
CHAPTER 235, LAWS, SESSION OF 1916.

the town council may issue a certificate for an additional fifteen per centum of said work done, and in not less than three nor more than six months after the date of the acceptance of the work may issue a final certificate for the balance due, unless some errors or defects in the work shall have appeared, in which case the certificate shall be withheld until the defect or errors are rectified to the satisfaction of the council.

9. The cost and expense of widening, opening or extending any street, and after the completion thereof of the whole cost of any street improvement herein mentioned shall be ascertained and determined by the commissioners of assessment, and such cost and expense shall, so far as the same can be, be assessed upon the lands and real estate specially benefited by the improvement, in proportion to the benefit received; and no lot or parcel of land shall be assessed more than it is so specially benefited; and if the total cost of any improvement shall exceed the aggregate assessable special benefits, the excess shall be borne and paid by the town at large: the commissioners shall file their report with the town clerk, which shall be accompanied by a map showing what lots and parcels of land are specially benefited by the improvement, the amount assessed as special benefits upon each lot or parcel of land, and the names of the owners of the several lots and parcels of land assessed, so far as the commissioners can ascertain the same, and the amount, if any, of the excess of the cost of the improvement over the aggregate assessable special benefits; but no assessment shall be deemed defective by reason of any mistake in the names of the owners of lands assessed, or omitting the said names or any of them; the clerk shall publish and post notices in the same way and manner hereinbefore prescribed for publishing and posting the petition for the improvement and its accompanying notice, stating that the map and report of the commissioners have been filed in his office, and that the council will consider any objections to such report, map and assessment presented in writing on or before a day named in such notice to be fixed by the
town council, which day shall be at least ten days after the first publication of such notices after considering such report, map and assessment, and such objections as may have been presented against the same, the said council may confirm the said report, map and assessment, or if deemed necessary may return the same to the commissioners for revision and correction, who shall return the same corrected and revised without unnecessary delay; and thereafter the council may, without further notice, confirm the said report, assessment and map.

10. Assessments made upon property specially benefited for any of the purposes above enumerated (except when an award for damages for property taken has been made, and then the assessment for benefits in excess of the award for damages only) shall be payable in ten equal installments, the first at or before the expiration of two months from the date of the confirmation of the assessment, and the others in one, two, three, four, five, six, seven, eight and nine years after the date of such confirmation respectively; the first installment of any such assessment shall be one-tenth thereof and shall be payable without interest; the second and each subsequent installment shall be for a like amount, together with interest computed at the rate of five per centum per annum from the date of the confirmation of the assessment upon the unpaid balance of the assessment; the owner of the property so assessed for special benefits may, at his option, pay the whole of the assessment within one month from the date of its confirmation, without interest, or may pay the whole of the assessment or the balance thereof remaining unpaid at any time thereafter, with interest at the rate of five per centum per annum, instead of in installments as herein provided for; in case any installment of such assessment is not paid at the time when the same is due and payable, then interest upon such installment shall thereafter be computed at the rate of seven per centum per annum; no property so assessed for special benefits shall be sold for or because of the

CHAPTER 251.

An Act to authorize cities to acquire certain old burying-grounds or cemeteries for park or any other public uses or purposes and to provide a method therefor.

WHEREAS, In some of the cities of this State there exist old burying-grounds or cemeteries which are uncare for and neglected for the reason that the church or corporation in charge thereof has not sufficient funds to properly care for the same; and

WHEREAS, In many instances the companies or church organization originally owing the said cemeteries have executed deeds to persons for individual lots and plots in the said burying-grounds or cemeteries without making any provision for the care of the same, and many of said persons and their descendants have removed from the vicinity and allowed the said lots and plots to be neglected, whereby the said cemeteries have become a public nuisance, and a detriment to the morals and health of the people of such cities; and

WHEREAS, The grading of the land in some of such burying-grounds or cemeteries is such that it is very expensive to care for the same properly; and

WHEREAS, It is to the interest of the people of such cities that the bodies interred in such burying-grounds or cemeteries should be removed and re-interred in a more suitable place, and such old burying-grounds converted into public parks, or devoted to other public uses or purposes; therefore

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Wherever there exists in any city of this State a burying-ground or cemetery, owned and controlled by any church or other corporation, which church or corporation is unable to properly care for the same, and
by reason thereof the said burying-ground or cemetery has become a public nuisance, the said church or other corporation may apply to the board having charge or control of the finances in such city to take possession of the said burying-ground or cemetery and may convey to said city its interest in the whole or any part thereof.

2. Wherever there exists in any city of this State any burying-ground or cemetery, owned or controlled by a church or other corporation, which has neglected to care for the same, so that in the opinion of the board of health of such city the said burying-ground or cemetery has become a detriment to public health or to the morals of the community, the said board of health may apply to the board or body having charge or control of the finances of said city to take possession of said burying-ground or cemetery.

3. Upon receiving such request from such corporation or such board of health, the board or body having charge or control of the finances of such city shall investigate whether or not the said cemetery is so located that it is inconvenient to care for the same properly, and whether or not it is for the best interest of the people of the city where the same is located that the bodies interred therein should be removed and re-interred in a more suitable place, and such old burying-ground or cemetery converted into a park or devoted to other public uses or purposes.

4. If such board or body having charge or control of the finances of such city should determine for the reasons aforesaid that the bodies aforesaid should be removed from any such old burying-ground or cemetery, and the same converted into a park, or devoted to other public uses or purposes, it shall be lawful for it to accept on behalf of the city from such church or other corporation a deed of conveyance of the said burying-ground or cemetery, and to cause possession thereof to be taken on behalf of the city.

5. In case the application is made by the board of health as provided in section two, and the church or
other corporation controlling such burying-ground or cemetery shall refuse or neglect to execute such deed, or is unable to convey the whole or any part of such burying-ground or cemetery to such city by reason of having conveyed lots or plots or some interest therein to private persons, then it shall be lawful for the said board or body having charge or control of the finances of such city to apply by petition to the Circuit Court of the county, wherein such city is located, setting forth that the said burying-ground or cemetery has become a nuisance, or is a detriment to the health or morals of the people of such city, for an order permitting said city to take possession of said burying-ground or cemetery and to cause the bodies in said burying-ground or cemetery to be disinterred and to be removed to some suitable place either within or without the limits of said municipality.

6. Upon receiving such petition, the said Circuit Court shall fix a day for the hearing upon said petition and shall order said municipality to give such notice of said hearing as said court may designate.

7. Upon the return day of such notice, or upon a day to which the said hearing may be adjourned, the said court upon hearing all parties interested, who may desire to be heard, if the said petition is well founded and true, may adjudge that the said burying-ground or cemetery has become a public nuisance or is a detriment to the health or morals of the people of said city, and that the bodies therein should be disinterred and removed to a more suitable place.

8. Upon the execution of the deed referred to in section four, or upon the making of the order referred to in section seven, it shall be lawful for the said board or body having charge or control of the finances to cause the bodies buried in said burying-ground or cemetery to be disinterred and to be removed and reburied in another cemetery or in some other suitable place, and for that purpose it may enter into a contract with any cemetery company or church organization owning or controlling any cemetery or with any other person to take up and remove the said bodies and to
inter the same in any other cemetery or suitable place, and to remove from such abandoned burying-ground or cemeteries any headstones or markers and replace the same over the proper bodies in the new place of interment and to provide for the proper care of such new place of interment. The said board or body having control of the finances shall cause records and maps to be prepared and filed in the office of the city clerk, on which shall be recorded, as nearly as can be ascertained, the names of all bodies disinterred and the lots or plots from which they were taken in any such old burying-ground or cemetery, and the cemetery or place to which they have been taken, and the lots or plots in which they may be re-interred.

9. After the completion of the removal of said bodies the said city by any board or body therein may by authority of the board or body having charge or control of the finances of said city enter upon and take possession of the said abandoned cemetery, and devote the same to any public use or purpose.

10. In case of the neglect or refusal or inability of such church or other corporation to convey such burying-ground or cemetery to such city, and after the making of the order referred to in section seven hereof, the board or body having charge or control shall then apply to the Circuit Court of the county wherein such municipality is located for the appointment of three commissioners to appraise the value of the said burying-ground or cemetery and the rights of any person owning any lot or plot therein. Upon the appointment of the said three commissioners they shall give notice in such manner as such court may designate to all persons claiming any interest in the said premises to present their claims to the said commission, who shall give a public hearing to all persons interested who may present themselves. The said commission shall appraise the value of each separate lot or plot and other land included within said burying-ground or cemetery.

11. The said commission shall further ascertain the cost of the removal of the bodies from each of said lots and the cost of securing the new site and the cost of such disinterment and re-interment, and this cost
shall be a first lien against the value of the lots or plots in the abandoned cemetery as appraised, and the said city shall pay to the owners of each lot or plot the difference, if any, between the value of the lots in the abandoned cemetery as appraised and the cost of removing the said bodies and re-interring them in a new cemetery.

12. The said commission shall report to said Circuit Court the appraised value of each of said lots or plots and other lands within said burying-ground or cemetery, and the amounts charged against each of said lots or plots for the removal of said bodies and the re-interment thereof, which report may be confirmed or corrected by said court, which shall fix a day and place for the hearing of objections thereto, and shall give public notice thereof by such advertisement as it shall think proper.

13. In case the owner of any lot or plot or other lands within said burying-ground or cemetery shall feel aggrieved by the report of said commissioners he may appeal therefrom to said Circuit Court by serving upon the city clerk of such city, within ten days after the confirmation of such report, a notice stating such appeal, and thereafter the proceedings upon said appeal shall be in the manner provided for appeals from the report of commissioners in an act entitled "An act to regulate the ascertainment and payment of compensation for property condemned or taken for public use (Revision of 1900)," approved March twentieth, one thousand nine hundred.

14. The board or body having charge or control of the finances of such city may from time to time borrow the money necessary for the acquisition of said burying-grounds or cemeteries as aforesaid and the dis-interment of the bodies and the re-interment of the same and all expenses connected therewith, and issue temporary obligations therefor, and after the entire cost thereof has been ascertained may issue interest-bearing bonds of the said municipality to take up such temporary obligations.

15. This act shall take effect immediately.

Approved March 22, 1916.

The governing body of any municipality may also provide for the designation of a transfer agent or registrar of its bonds, either within or without this State. Nothing in this act shall prevent any such municipality from providing for the transfer of bonds by the exchange of new bonds therefor, when such exchange is authorized by law.

8. The proceeds of any bonds issued under this act shall be paid to the treasurer of the municipality, who shall in no event disburse the same except to pay the expenses of issuing and selling the same and for the purpose or purposes for which such bonds were issued. If, for any reason, any part of such proceeds are not applied to or necessary for such purpose or purposes the governing body may reappropriate the proceeds remaining unapplied to pay the principal of any outstanding bonds.

9. If within ten days after the publication of the ordinance authorizing the bonds in any borough or township a protest or protests against the issuance of said bonds shall be filed in the office of the clerk of such borough or township, signed either by one-third of the governing body in office adopting such ordinance or by taxpayers representing ten per centum in amount of the assessed valuation of such borough or township, whose names appear on the last preceding assessment roll thereof, then such bonds shall not be issued
unless within sixty days after the publication of such ordinance a proposition for the issuance thereof shall be adopted at an election to be held for that purpose by a majority of the qualified voters of such municipalities voting on such proposition. The certificate of the clerk of the borough or the township filed in his office as to the filing or sufficiency of any protest or protests shall be conclusive for the purposes of this section. At least ten days before any such election, notice thereof shall be published once as required by section eleven. Such election shall be held, conducted and canvassed as other elections in such borough or township. The governing body of such borough or township shall adopt a resolution declaring the result of said election, which resolution shall be published once as required by section eleven. Such notes or bonds shall be authorized by resolution of the governing body, and shall be executed as herein provided for other bonds. Such notes or bonds shall not be subject to the provisions of any other section hereof, except that the amount thereof shall be stated in the statement provided to be made in section twelve hereof, and the provisions of this section thirteen shall be qualified by the provisions of section fourteen.

14. This act shall take effect immediately and shall supersede the provisions of all other laws relating to the subject matters hereof except as otherwise expressly stated herein: provided, however, that this act shall not affect or apply to the incurring of indebtedness or the issuance of bonds or other obligations for school purposes, or in anticipation of the collection of taxes levied or to be levied or in arrears, or for uncollected taxes represented by tax titles, or under laws enacted after March tenth, one thousand nine hundred and sixteen: provided, further, that this act shall not affect or apply to the incurring of indebtedness or the issuance

It is the intention of this act that in cities, towns, townships, boroughs and villages exceeding ten thousand inhabitants there shall be two registry lists—a primary registry list, and a general election registry list—and that the primary registry list shall consist of the names on the poll-book of the general election of the preceding year, with the corrections and additions herein provided for, and that the general election registry list shall be made up as hereinafter provided.

CHAPTER 285.

An Act creating a Highway Commission and to provide for the construction, reconstruction and improvement of certain State highways, providing for the payment of the cost thereof from the proceeds of the sale of bonds to be issued by the State to an amount of seven million dollars, and providing for the payment of the principal and interest of said bonds from the motor vehicle license fees, registration fees, fines and penalties.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. A commission is hereby created to be known as the Highway Commission, which commission shall consist of the Governor, the President of the Senate, the Speaker of the House of Assembly, the State Road Commissioner, and the chairman of the Committee on Highways of the Senate and the chairman of the Committee on Highways of the House of Assembly of the Legislature of one thousand nine hundred and sixteen. As soon as possible after the passage of this act the Highway Commission shall plan and lay out routes for State Highways, as follows:

   Route No. 1. From Elizabeth to Trenton, by way of Rahway, Metuchen, New Brunswick and Hightstown.
   Route No. 2. From Trenton to Camden, by way of Bordentown, Fieldsboro, Roebling and Burlington.
   Route No. 3. From Camden to Absecon, by way of Berlin and Hammonton.
   Route No. 4. From a point on Route No. 1, in or near Rahway to Absecon, by way of Perth Amboy, Keypor, Middletown, Red Bank, Long Branch, Asbury Park, Point Pleasant, Lakewood, Toms River, Tuckerton and New Gretta.
Route No. 5. From Newark to the bridge crossing the Delaware river about two miles above Delaware, by way of Morristown, Dover, Netcong, Budd's Lake, Hackettstown, Buttsville and Delaware.

Route No. 6. From Camden to Bridgeton, by way of Woodbury and Mullica Hill.

Route No. 13. New Brunswick to Trenton, by way of Kingston, Princeton and Lawrenceville.

2. Said routes shall be as short and direct as practicable between the points specified, due regard being had for the other requirements of this act. Existing highways may be made use of wherever it is convenient to do so, but the opening of new roads over rights of way to be acquired may be provided for wherever, in the opinion of the commission, it is desirable to do so for the purpose of obtaining a shorter route, eliminating sharp turns or corners or railroad crossings, reducing or eliminating grades, or for any other reason. The built-up and business portions of cities or towns shall be avoided wherever it is practicable to do so without materially lengthening the route.

3. As soon as said routes have been planned and determined upon the Highway Commission shall proceed in the manner now or hereafter provided by law to take
over as State highways the streets, roads and highways, or parts thereof, covered by the routes as planned, and to acquire any necessary rights and easements for such parts of said routes as are to be constructed over new rights of way, and for the widening of any streets, roads or highways taken over, wherever such widening is necessary. As soon as any part of a route has been so taken over and any necessary rights and easements acquired, the Commissioner of Public Roads shall proceed to so construct, reconstruct or widen and improve the same as to place it in good condition and cause it to conform to the provisions of this act, and any other law of this State relating to State Highways, so far as the same does not conflict with this act; except, however, such parts of each route as are already so improved and paved at the time they become State highways.

If at the time when it is proposed to take over any road or highway, the improvement thereof or any part thereof, shall have been contracted for, but not completed, by the board or body controlling the same, the further operation of this act with respect to such highway or part thereof, shall be suspended until the completion of such improvement. If when any road or highway is taken over by the State under this act any county shall have reconstructed or made any extraordinary repairs upon the same, or any part thereof, under a contract or contracts entered into after the first day of March, one thousand nine hundred and sixteen, the Commissioner of Public Roads or Highway Commission shall first set aside from the sale of the State highway bonds herein provided for a sufficient sum of money to reimburse such county for all moneys expended by it on such extraordinary repairs or construction, whether the moneys so expended were raised by the issue of bonds or otherwise, exclusive, however, of all moneys which may have been received by such county in the form of State aid, and expended as part of the cost of such extraordinary repairs or reconstruction; and for the purpose of determining the amount of money expended by any such county as aforesaid, the county engineer shall prepare and file with the Commis-
CHAPTER 285, LAWS, SESSION OF 1916.

The state highways herein provided for shall be paved with granite, asphalt or wood blocks, brick, concrete, bituminous concrete, asphalt or other pavement having a hard surface and of a durable character. In all cases the width of the pavement shall be at least eighteen feet and the total width of the roadway shall be at least thirty feet. All sharp turns and angles and railroad grade crossings shall be eliminated wherever practicable. Wherever practicable grades shall be reduced to less than five per centum.

5. The cost of constructing, reconstructing, widening and improving, and of acquiring any rights and easements for the state highways provided for in this act shall be paid from the proceeds of the sale of bonds of the state to be issued as hereinafter provided, to be known as "State Highway Bonds." Said bonds shall be signed in the name of the state by the governor, and the great seal of the state shall be affixed thereto and attested by the secretary of state, and each of the bonds shall be countersigned by the comptroller of the state of New Jersey. They shall be either registered or coupon bonds and shall bear interest at the rate of four per centum a year, payable semiannually, and shall be issued in denominations of not more than one thousand dollars, nor less than one hundred dollars, all as the highway commission shall direct. They shall be sold from time to time as the money is required for the payment of the cost of said highways. Whenever requested so to do by the highway commission, the state house commission shall sell such amount of said bonds, as said request calls for, to the highest bidder or bidders at public sale after due advertisement by
publication once a week for two weeks in two or more newspapers published in this State; provided, however, that none of said bonds shall be sold for less than the par value thereof. The State Treasurer shall hold the proceeds of said sales for the purpose of paying the cost of said State highways therefrom. The total amount of bonds issued under this act shall be the sum of seven million dollars. All of the bonds herein provided for shall bear date on the same day, and the first five hundred thousand dollars, par value, of the bonds sold shall be payable one year from date, the second five hundred thousand dollars two years from date, and so on, so that five hundred thousand dollars, par value, of said bonds shall come due in each year until all are paid. The interest on the bonds issued under this act and the principal of said bonds coming due each year, shall be paid out of the moneys received from motor vehicle registration fees, license fees, fines and penalties, and a sufficient amount shall be deducted and reserved therefrom each year for the purpose of paying said interest and principal before any other payments, except the expenses of the Motor Vehicle Department, are made from said motor vehicle moneys; and if the sums derived from the sources aforementioned be not sufficient to pay the principal and interest of said bonds or any of them, as they severally fall due, then the deficiency shall be paid out of the first moneys received into the State fund of this State.

6. The provisions of this act shall not take effect unless the act shall at a general election be submitted to the people and receive the sanction of a majority of all the votes cast for and against it at such election.

7. It shall be the duty of the Secretary of State to arrange, in accordance with the statutes of the State in such case made and provided, for the submission of this act to the vote of the people of the State at the next general election for members of the General Assembly, of which submission the same notice shall be given as is required by law to be given of said general election, and the people of the State may at such elec-
tion decide upon the acceptance or rejection of this act in the following manner:

There shall be printed on each official ballot underneath the names of the candidates the following:

PROCLAMATIONS.
Proclamations by the Governor.

State of New Jersey,
Executive Department.

The crisis of affairs of the world at this time and the corresponding placidity of our own country makes it particularly fitting that we express our most sincere devotion to the Flag of our Country and what it stands for. Patriotism and love of country in these times should be prominently manifest. The responsibilities which will be cast upon our country as a result of the struggle abroad and as the agent of humanity will bring into greater prominence than ever before the Flag of the Land of the Free. It will radiate more beautifully for friendly eyes and will arouse new terror for the foes of liberty and of lawful and peaceable government.

The fourteenth day of June will mark the one hundred and thirty-eighth anniversary of the adoption of the Stars and Stripes as the Flag of our Country, and while there should be no necessity for a reminder it seems peculiarly fitting that the attention of the citizens of the State should be directed to it this year and that there should be a public recognition of the day and that the Stars and Stripes should fly from every building, public and private, throughout the land.

Now, Therefore, I, Walter E. Edge, President of the Senate, Acting Governor of the State of New Jersey, do issue this, my proclamation, and urge that Monday, the fourteenth day of June, one thousand nine hundred and fifteen be observed throughout the State as Flag Day and that the Flag of our Country be displayed on all buildings and that fitting exercises be held throughout the State to celebrate the day.
PROCLAMATIONS.

In Witness Whereof, I have hereunto set my hand and caused the Great Seal of the State of New Jersey to be affixed this twentieth day of May, A. D. one thousand nine hundred and fifteen.

WALTER E. EDGE,
By the Governor: President of the Senate,
THOMAS F. MARTIN, Acting Governor.
Secretary of State.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, A concerted effort has been made in many States to reduce the great amount of suffering and loss occasioned annually by injury to persons, death and the destruction and damage to property through fire, by calling upon the individual citizen to give heed and attention to measures of fire prevention and protection;

NOW, THEREFORE, I, JAMES F. FIELDER, Governor of the State of New Jersey, believing that the citizens of this State should join in such movement, do hereby proclaim and request that Saturday, the ninth day of October, 1915, be known and observed as Fire Prevention Day throughout our State.

I suggest and request that each citizen lend his aid toward preventing fires and conflagrations, by removing any danger found to exist upon his own property: that rubbish, trash and unnecessary accumulation of inflammable and combustible material be destroyed; that heating and lighting appliances be carefully inspected and repaired where found necessary; that factories, public buildings and institutions be carefully inspected for fire risks; that special attention of the governing bodies of our municipalities be given to hydrants, water pressure, fire-fighting apparatus and
appliances, and that wise and precautionary measures be generally taken to lessen fires.

Given under my hand and the Great Seal of the State of New Jersey, this twenty-third day of September, A. D. one thousand nine hundred and fifteen, and in the Independence of the United States the one hundred and fortieth.

By the Governor: JAMES F. FIELDER, Governor.

THANKSGIVING PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The time-honored custom of setting aside one day in each year for special thanksgiving and prayer, should at this time particularly appeal to our people and carry with it a peculiar significance. The years come and go, bringing their measure of blessings for which our thanks should be rendered, but, as individuals and as a nation, we have a special reason to be thankful for the peace and prosperity which is our portion, and it is fitting to now set aside a day for grateful acknowledgment of those and other blessings which the year now waning has brought us.

Therefore, I, JAMES F. FIELDER, Governor of the State of New Jersey, do designate Thursday, the twenty-fifth day of November, one thousand nine hundred and fifteen, as a day to be observed by general thanksgiving and prayer, recommending that upon that day all business cease and that our people, either in their churches, their homes or in other places, do make fitting acknowledgment to Almighty God for the absence of passion and violence within our borders; for
PROCLAMATIONS.

our freedom from internal and international strife; for our security and liberty; for our contentment and happiness and for the prosperity and manifold other blessings which have been vouchsafed to us.

Given under my hand and the Great Seal of the State of New Jersey, this [GREAT SEAL.] fifth day of November, one thousand nine hundred and fifteen, and in the Independence of the United States the one hundred and fortieth.

By the Governor: JAMES F. FIELDER,
THOMAS F. MARTIN,
Governor, Secretary of State.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

Pursuant to custom, the National Association for the Study and Prevention of Tuberculosis, had designated the twelfth day of December next as “National Tuberculosis Day.” Appreciating the advantages and necessity of joining in a concerted anti-tuberculosis movement,

I, JAMES F. FIELDER, Governor of New Jersey, do hereby proclaim and request that Sunday, the twelfth day of December, nineteen hundred and fifteen, be known and observed throughout this State as Tuberculosis Day.

I suggest and request that on that day, or during that week, general health measures be taught in our schools and advice be given upon the building up and strengthening of the body; that organizations and bodies having special knowledge or information which will assist in increasing the resistance power against this scourge, disseminate it in order that the spread of the dread dis-
case may be stopped or at least, retarded; that our health authorities and medical associations investigate the cause of consumption and make recommendations for its prevention; that every one in whom there is suspicion that the disease may lurk, be examined so that preventive cases may be discovered and be subjected to prompt treatment; that general discussion be had on the importance of better housing conditions, for improvement in factory and workshop arrangements, for playgrounds and parks, and that such other precautions be taken as will tend to better living and health conditions.

Given under my hand and the Great Seal of the State of New Jersey, at Trenton, this twenty-sixth day of November, A. D. one thousand nine hundred and fifteen, and in the Independence of the United States the one hundred and fortieth.

By the Governor: JAMES F. FIELDER, Governor. THOMAS F. MARTIN, Secretary of State.

PROCLAMATION.

STATE OF NEW JERSEY.
EXECUTIVE DEPARTMENT.

WHEREAS, The extensive and severe suffering and distress of the Jewish people in the warring countries of Europe, have excited the sympathy of humanity and should arouse in all hearts a desire to alleviate their unfortunate condition; and
WHEREAS, The President of the United States has appointed and proclaimed January twenty-seventh, nineteen hundred and sixteen, as a day upon which the people of the United States may make such contribution as they may feel disposed in aid of this stricken people; and

WHEREAS, The House of Assembly of this State has, by resolution, requested the Governor of the State to co-operate in the spirit of said proclamation;

Now, therefore, I, James F. Fielder, Governor of the State of New Jersey, do designate the twenty-seventh day of January, nineteen hundred and sixteen, as a day upon which all residents of this State may join in a concerted effort to relieve, by such contributions as their means will permit, the misery, suffering and want of our Jewish brothers in the war ravaged countries of Europe, such contributions to be made through the American Red Cross, at Washington, D. C., or the branches of the American Jewish Relief Committee established in this State.

Given under my hand and the Great Seal of the State of New Jersey, at Trenton, this twenty-fifth day of January, A. D. one thousand nine hundred and sixteen, and in the Independence of the United States, the one hundred and fortieth.

By the Governor: JAMES F. FIELDER,

THOMAS F. MARTIN, Governor.

Secretary of State.
PROCLAMATIONS.

PROCLAMATION.

STATE OF NEW JERSEY.
EXECUTIVE DEPARTMENT.

The State of New Jersey—the spirit of whose early settlers impelled them to risk fortune, liberty and life in the federation of the thirteen colonies and to voice their demand for freedom of government through the Declaration of Independence; one of the first States to ratify the Federal Constitution; the first to fly the National colors over Continental troops; upon whose soil was spilled the blood of patriots who fought and died that this Republic might be established; the first, upon the call for Civil War volunteers, to respond with a fully organized brigade for the defense of Washington; whose men upon many a battlefield, sustained the reputation for bravery won by their forefathers at Trenton, Morristown and Monmouth; whose National Guard and Naval Reserve furnished the State's quota of men under call of the Federal Government for the Spanish-American War—has in times of peace, by reason of its natural advantages and the industry, intelligence, thrift and civic spirit of its citizens, attained a leading position among the States of our Union.

Possessing an exceptional climate and a fertile soil yielding every variety of farm, orchard and garden produce indigenous to the temperate zone and supplying the markets of the populous cities of New York and Philadelphia; whose ocean beaches, pine lands and mountainous sections, afford health and recreation for hundreds of thousand of residents of this and other States and whose accessible and conveniently located home sites, annually provide homes for thousands of new citizens.

No State exceeds our own in variety of manufactures and our mines and industries have been developed with such skill and ingenuity, that New Jersey now leads, or ranks with the leaders, in copper smelting and refining, in the manufacture of silk, linoleums, sewing machines,
zinc, rubber goods, paint, varnish, pottery, terra-cotta and other clay products. The annual value of our fisheries is approximately ten million dollars and of our farms and dairies, nearly seventy million dollars. We have railway transportation facilities greater per square mile than any other State; great ocean steamers load at our trunk line terminals; crude oil from the wells of half a continent flows to our tide-water refineries; our system of public highways has served as a model for many States and our people enjoy educational, social and religious advantages of the highest order.

So gradually and so quietly have our wonderful developments been achieved that many of our own people are unfamiliar with them and are ignorant of the natural conditions from which they spring, while there are thousands in neighboring States to whom New Jersey is an unexplored and unknown territory. To the end, therefore, that through publicity and the dissemination of facts, our own citizens may be aroused to a proper and full appreciation of and enthusiasm for our progress and resources, their children made acquainted with the possibilities of their heritage and that the American people generally may be advised of our fertile acres and lands still unpopulated and of the opportunities here awaiting them:

I, James F. Fielder, Governor of the State of New Jersey, do hereby proclaim and designate Friday, the twelfth day of May, one thousand nine hundred and sixteen, as New Jersey Day, and I urge and request our public officials and citizens on that day to display the National flag upon all public buildings, places of business and residences, and I call upon every citizen of the State to make known our superior advantages for homes, farms, business and manufacturing, not only to residents of other States, but to his fellow citizens, so that we, as well as others, may know our State and thereby our love for our commonwealth may be stimulated and strengthened and our State made to grow in population and prosperity. I urge and request that every school and college and political, civic and commercial association, celebrate the day by such exercises
PROCLAMATIONS.

as are appropriate to the occasion and as will tend to increase the knowledge of our State history and will emphasize the richness, value and importance of our resources and opportunities.

Given under my hand and the Great Seal of the State of New Jersey, this nineteenth day of April, A. D. one thousand nine hundred and sixteen, and in the Independence of the United States, the one hundred and fortieth.

By the Governor: JAMES F. FIELDER,
THOMAS F. MARTIN,
Governor.
Secretary of State.
