Such improvements, repairs and structures may be made and erected both above and below high-water line.

Bond issue authorized. 2. The council, or other governing body, of any such city, is hereby authorized to pay the cost of such improvements, repairs and structures, or any part thereof, by taxation, or may, by ordinance, from time to time, issue and sell, for not less than par, bonds of such city, payable not more than thirty years from the date of issue, bearing interest not exceeding six per centum, payable semi-annually, and to apply the proceeds of such bonds to the payment of the cost of the work and improvement authorized by this act, of if the council, or other governing body, shall so determine, to provide in any contract made for such improvement, work or structure, that such bonds, when authorized to be issued, shall be accepted in full or partial payment, as the case may be, of the cost or amount to be paid by the city for the same. Such bonds shall be sealed with the corporate seal of such city, and executed in such manner, and be in such form as the council, or other governing body, may by ordinance or resolution provide. Such bonds shall contain a recital that they are issued pursuant to this act and such ordinance, which recital shall be conclusive evidence of their legality and the regularity of their issue. Such bonds may be made redeemable, at par and accrued interest, at any time before maturity at the option of the city, when so provided in any ordinance authorizing the issue thereof. The council, or other governing body, shall have power and authority to issue such bonds either before or after the said improvement, works or
structures may be completed, or during the progress of
the work thereon, as said council, or other governing
body, in its discretion, may deem proper.
3. No ordinance, providing for any improvement
under the terms of this act, shall be finally passed by the
council, or other governing body, of any city, unless a
notice shall have been given by one insertion at least ten
days prior thereto in a newspaper printed in the county
in which said city is located and circulating in said city.
Said notice shall briefly describe the proposed improve­
ment, and state the time when, and place where, the
council, or other governing body, will meet to receive
and consider objections thereto.
4. The council, or other governing body of such city
issuing bonds under the authority of this act, shall pro­
vide for a sinking fund to retire said bonds at maturity,
or when and as redeemed, into which shall be paid
annually, after three years from the date of the com­
pletion of such work, an amount not less than two per
centum of the principal of such bonds issued and out­
standing at the time of the levying of said tax, to be
raised by special tax, to be assessed, levied and collected
with the other taxes of such city, and there shall likewise
be raised by tax each year, until the payment in full of
such bonds, an amount equal to the interest payable on
such bonds in each year.
5. For the purpose of paying the cost of such im­
provement, work or structure as contemplated by the
terms hereof, or any part hereof, the council, or other
governing body, shall also have power to issue improve­
ment certificates and renewals thereof, payable within
a term of not more than five years in all with interest
at a rate not exceeding six per centum per annum, to
the amount of eighty per centum of the work done,
when certified as correct by the engineer in charge of
the work; and when the contract is fully completed and
the work accepted the council or other governing body
may issue a certificate or certificates for an additional
ten per centum of said work done, and in not less than
three nor more than six months after the date of the
acceptance of the work may issue a final certificate or certificates for the balance due, and may, from time to time, apply any bonds authorized by the terms of this act, or the proceeds thereof, or moneys received from assessment of benefits, to the liquidation of any certificates of indebtedness which may have been issued. All money paid into the sinking fund, whether from assessments or from taxation, shall be applied from time to time, and as soon after it is received as practicable, in the purchase or redemption of any of the outstanding bonds or certificates.

6. So much of the cost of such improvement and the construction, repair and maintenance of the bulkhead, jetty or other work or structure, including the filling in and grading of land around and about any such work or structure, to such grade as may be established by said city necessary to maintain and preserve the same, as represents the special and peculiar benefit conferred, shall be assessed on the lands and real estate in said city benefited by such improvement. Such benefit shall be assessed against said lands in proportion to the benefit each parcel receives therefrom. The amounts assessed shall be a first and paramount lien on each parcel so benefited; and said council, or other governing body of such city, shall have power and authority to cause so much of the cost aforesaid as represents the special and peculiar benefit conferred to be assessed upon the lands and real estate benefited by such improvement, in accordance with the terms hereof, and as soon as may be after the conclusion of the improvement or work, the expense thereof and a moderate allowance, to be determined by the council or other governing body, for the cost of making the assessment aforesaid, shall be ascertained by such council or other governing body, and entered, by resolution, upon the record of its proceedings, and the amount so ascertained and determined shall thereafter be treated as and held to be the true and actual expense of making such improvement, and a copy of said resolution, attested by the clerk, shall be delivered by him to the commissions of assess-
ment appointed as hereinafter provided. If bonds or certificates shall have been issued to pay for such improvements, all moneys received from the assessment of benefits shall be paid into the appropriate sinking fund, as above provided, to meet such bonds; provided, however, that the said council, or other governing body, shall have the power and authority, at its option, instead of paying the assessment of benefits, when received, into such sinking fund, to appropriate the same toward the redemption of any bonds or certificates which it may determine to redeem as herein provided.

7. After the ascertained the cost of making such improvement, and doing the said work, the council, or other governing body, shall, without notice, apply to the judge of the Court of Common Pleas of the county in which such city is located for the appointment of three discreet persons, freeholders of the county in which such city is located, but who need not be residents of the city, to be commissioners to assess the special and peculiar benefits which have been conferred upon any real estate in said city by the said improvement. Such commissioners shall, before entering upon the discharge of their duties, make and file with the city clerk an oath or affirmation that they will faithfully and to the best of their skill and ability perform the duties imposed upon them by law. The commissioners shall appoint a time and place of meeting for hearing the parties interested, and the clerk shall forthwith give public notice of the time and place of such meeting, by posting notices at five public places in the city two weeks prior thereto, and by publishing same for at least two weeks, once a week, in a newspaper published in the county in which said city is located, and circulating in the city. A brief description of the improvement, the cost of which is to be assessed, shall be included in the notice, so as to sufficiently identify the same. The commissioners of assessment shall attend at the time and place appointed; two of them shall be a quorum in the transaction of business and sufficient to make any assessment, and sign a report thereof, but one member shall have power to adjourn any meeting at which a quorum

is not present. The commissioners may adjourn from time to time; they shall give all parties interested in or affected by the improvement ample opportunity to be heard upon the subject of the assessment; they shall view the premises and have power to examine witnesses under oath or affirmation, administered by any one of them; they shall thereupon make a just and equitable assessment of the cost of the improvement or such part of said cost as they shall deem proper, upon the real estate in said city, which in the judgment of the commissioners will be specially benefited by the said improvement, in proportion to the benefit received, and no lot or parcel of land shall be assessed for more than it is so specially benefited. The commissioners shall have power to determine what portion, if any, of the cost of said improvement shall be paid by the city at large. The commissioners shall make a map showing each lot or parcel of land assessed, designating the same thereon by a number, and shall annex to their report a schedule setting forth each lot or parcel of land assessed, the name of the owner or owners thereof, if the same can be ascertained, and the amount of the assessment thereon; the commissioners shall present their report, schedule and map to the said court; and the said court shall thereupon cause such notice to be given as it shall direct, of the time and place when and where it will meet to consider any objections that may be made to the assessment, and after hearing any matter which may be alleged against the same, the said court shall, by rule or order, either confirm the said report or refer the same to the same commissioners for revision and correction; and the said commissioners shall return the same when referred to them again, corrected and revised, or make new report thereof to the said court without unnecessary delay; and the same on being so returned, shall be confirmed or again referred by the said court in manner aforesaid as right and justice may require, and so from aforesaid as right and justice may require, and so from time to time until a report shall be made in the premises which the court shall confirm. Such report when so confirmed shall be filed in the office of the city
clerk, there to remain of record. In case cost of the improvement paid by the city shall exceed the total amount assessed for special benefits, the excess shall be assessed upon and be borne and paid by the city at large, and the amount of such excess, if any, shall be specified by the commissioners in their report.

The said commissioners shall receive such compensation for the services rendered by them as the said court shall order and direct, not exceeding five dollars per day for each day’s services rendered by them, and the same, and all the expenses incident to the assessment, shall be deemed a part of the expenses of such improvement and included in the cost thereof.

8. The assessment made pursuant to this act shall become payable on the confirmation of the commissioners’ report as aforesaid, but the council, or other governing body, by resolution, may provide that the owner of any land, upon which any assessment of benefits for such improvements shall have been made, may pay such assessments in such equal yearly installments, not exceeding ten, with legal interest thereon, and at such time in each year as the said council, or other governing body, shall determine; provided, however, that any party assessed shall have the privilege of paying the whole of any assessment or balance of installments, with accrued interest thereon at one time; in case any such assessment or any installment thereof shall remain unpaid for thirty days from and after the time when the same shall have become due and payable, the whole assessment or the balance due thereon, shall become and be immediately due and payable, shall draw interest at the rate of one per centum per month, and shall be collected in the same manner as is provided by law for the collection of other unpaid taxes and assessments, it being expressly provided that the property upon which any such assessment is a lien may be sold in fee for the nonpayment of the assessment in case no one will purchase same for any less term; whenever any owner shall be given the privilege of paying any assessment in installments, such assessment shall remain a first and paramount lien upon the land described therein.
CHAPTER 4, LAWS, SESSION OF 1915.

until the same, with all installments and accrued interest thereon, shall be paid and satisfied, and no proceedings to collect or enforce the same need be taken until default shall be made in the payment of any installment as above provided.

9. The city may accept contributions from the State of New Jersey, or from the county in which the city is located, toward the cost of any improvements authorized by this act, and any sums of money so received may be applied by the city either toward the payment of the cost of such improvement, or toward the redemption of bonds or improvement certificates which have been issued for such cost under the provisions of this act, and for no other purpose.

10. The council, or other governing body, of any such city, shall have power and authority to take and appropriate, for the purpose of constructing, erecting, building, rebuilding, repairing or keeping in repair such bulkheads, jetties or other works and structures, as above set forth, any lands and real estate, or the use of the same upon making compensation to the owner or owners for the purchase thereof, at a price agreed upon, and where an agreement as to compensation cannot be made, for any reason, by the payment of damages therefor, as provided by law, it shall be lawful for such city to condemn and take such lands, or the use thereof, in the manner and by the proceedings as provided by law. The cost of acquiring lands or rights of way as provided in this section shall be considered part of the cost of the improvement provided for by this act, and may be paid out of the proceeds of the bonds or certificates issued hereunder.

11. No proceeding to review or set aside the ordinance authorizing any improvement to be made pursuant to this act or to review, set aside or modify the report made by the commissioners aforesaid, shall be maintained unless the proceeding to review or set aside said ordinances, and the proceeding to review, set aside or modify the said report shall be commenced by application duly made therefor within thirty days from the time of the final passage of said ordinance or within
thirty days from the confirmation of said report by the
court as herein provided.

12. If, for any reason, any section or provision of
this act shall be questioned in any court, and shall be
held to be unconstitutional or invalid, no other section
or provision of this act shall be affected thereby.

13. The powers conferred by this act shall be deemed
to be in addition to and independent of any and all
powers and authority conferred by any other law or
laws, and not subject to any limitation contained in
such law or laws. Bonds issued pursuant to the pro-
visions of this act may be for any amount to be deter-
mined by the council, or other governing body, of such
city, notwithstanding the provision of any prior act or
acts limiting the percentage or amount of bonds to be
issued by such city. And bonds issued pursuant to the
terms of this act shall not be considered nor computed
as bonded indebtedness of any city as affecting the
power or right of said city to borrow money for any
other purpose.

14. This act shall take effect immediately.
Approved February 11, 1915.

The said commissioners shall receive such compensation for the services rendered by them as the council, or other governing body of said borough, shall, by resolution, order and direct, not exceeding five dollars per day for each day’s services rendered by them, and the same, and all the expenses incident to the assessment, shall be deemed a part of the expenses of such improvement and included in the cost thereof.

10. The council, or other governing body of any such borough, shall have power and authority to take and appropriate, for the purpose of constructing, erecting, building, rebuilding, repairing or keeping in repair such bulkheads, jetties or other works and structures, as above set forth, any lands and real estate, or the use of the same, upon making compensation to the owner or owners for the purchase thereof, at a price agreed upon; and, where an agreement as to compensation cannot be made, for any reason, by the payment of damages therefor, as provided by law; and it shall be lawful for such borough to condemn and take such lands, or the use thereof, in the manner and by the proceedings as provided by law; the cost of acquiring land or rights of way, as provided in this section, shall be considered as part of the cost of the improvement provided for under this act, and may be paid out of the proceeds of the bonds or certificates issued hereunder, and included in the whole cost for which benefits may be assessed.

vided, always, that not more than one such auxiliary appropriation, which in no case under this act shall exceed fifteen thousand dollars, shall be made by any borough, city, township, or other municipality under this act; and provided, further, that any appropriation under this act shall be paid into the treasury of the United States, as hereinbefore provided, only in conjunction with a like equal payment from the county in which such municipality to be protected is located.

An Act to amend an act entitled "An act to amend an act entitled 'An act concerning corporations (Revision of 1896),' approved April twenty-first, eighteen hundred and ninety-six," which amendment was approved February nineteenth, nineteen hundred and thirteen.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section fifty-one of the act entitled "An act concerning corporations (Revision of 1896)," referred to in the title of this act, is hereby amended to read as follows:
51. No corporation heretofore organized or hereafter to be organized under the provisions of the act to which this is an amendment, or the amendments thereof or supplements thereto, except as otherwise provided therein or thereby, shall hereafter purchase, hold, sell, assign, transfer, mortgage, pledge or otherwise dispose of the shares of the corporate stock of any other corporation or corporations of this or any other State, or of any bonds, securities or other evidence of indebtedness created by any other corporation or corporations of this or any other State, nor as owner of such stock exercise any of the rights, powers and privileges of ownership, including the right to vote thereon; provided, that nothing herein contained shall operate to prevent any corporation or corporations from acquiring the bonds, securities or other evidences of indebtedness created by any non-competing corporation in payment of any debt or debts due from any such non-competing corporation; nor to prevent any corporation or corporations created under the laws of this State from purchasing as a temporary investment out of its surplus earnings, reserved under the provisions of this act, as a working capital, bonds, securities or evidences of indebtedness created by any non-competing corporation or corporations of this or any other State, or from investing in like securities any funds held by it for the benefit of its employees or any funds held for insurance, rebuilding or depreciating purposes; nor to prevent any corporation or corporations created under the laws of this State from purchasing the bonds, securities or other evidences of indebtedness created by any corporation the stock of which may lawfully be purchased under the authority given by section forty-nine of the act entitled "An act concerning corporations (Revision of 1896)"; nor to prevent any corporation created under the laws of this State from purchasing the stock, bonds, securities or evidences of indebtedness of any other corporation or corporations of this or any other State solely for investment, and not using the same by voting or otherwise to restrain trade or to bring about, or in attempting...
to bring about, the substantial lessening of competition; provided, also, that nothing herein contained shall be held to affect or impair any right heretofore acquired in pursuance of the section hereby amended, by any corporation created under the laws of this State.

2. All acts and parts of acts inconsistent herewith are hereby repealed, and this act shall take effect immediately.

Approved March 30, 1915.

CHAPTER 115.

Supplement to "An act respecting executions" (Revision of 1874).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Rights and credits of the defendant in execution, or if defendant be sued in a representative capacity, within his custody or control as such representative, may be levied upon, taken and sold or collected by virtue of said execution.

2. The term "rights and credits" includes all rights and credits which may be attached by writ of attachment against nonresident debtors, and also includes rights and credits of an equitable nature, except such trust funds as are now exempt by law.

Such rights and credits shall be levied upon and taken in the manner in which property is attached under writs of attachment against nonresident debtors.

3. No sale shall be made of such rights and credits, unless by leave of the court, or a judge.

4. Sales of rights in real estate, taken under this act, shall be made in the manner provided by law for judicial sales of land. Sales of rights and credits in the nature of personal property shall be made in the manner provided by law for judicial sales of chattels.
5. In lieu of the sale of such rights or credits, the officer charged with the duty of levying said execution may, in his own name, as such officer, liquidate said rights and credits by collection or, with the assent of the plaintiff (and subject to other provisions of this act), in any other manner; and to that end, he shall, on request of the plaintiff, sue, or take any proper proceedings, at law or in equity, in his own name as such officer to obtain such recovery or relief as the defendant would be entitled to, or as any receiver of such defendant would be entitled to.

6. After such rights or credits shall have been levied upon and taken, and upon application of plaintiff or defendant, a judge of the court out of which the execution shall be issued, may, in his discretion, appoint a receiver of the same.

7. Upon filing the order of appointment, the receiver shall be vested with the title to said rights and credits which the defendant had at the time of the levy upon the same. It shall be his duty to liquidate the same by sale (subject to the other provisions of this act) collection or otherwise; and to that end, he may sue, or take any proper proceedings at law or in equity, in his own name as receiver, to obtain such recovery or relief as the defendant would be entitled to if no execution had been issued. He shall apply the sums collected by him in payment of the amount due upon the execution, with costs, and his necessary expenses; and after retaining such reasonable compensation as shall be fixed by the court or a judge thereof, he shall pay the balance into court.

8. The court or a judge thereof, may, at any time in his discretion, direct the receiver to give bond for the faithful performance of his duties in an amount and with such security as the judge may, by order, prescribe.

9. After levy shall have been made under this act upon any debt due or accruing from a third person (herein called the garnishee) to the judgment debtor, the court, or a judge thereof, may make an order upon such garnishee and the judgment debtor to show cause why the said debt (to an amount not exceeding the sum
necessary to satisfy said execution) should not be paid to the officer holding the execution, or to the receiver. Upon return of the order to show cause, or at any time to which the hearing may be continued, an order may be made requiring the garnishee to pay said debt, if he admits it, to the officer holding the execution, or to the receiver, either in one payment or in installments, as the court or a judge shall deem just, which order may, at any subsequent time, on application, be modified, as may be just.

10. In case it shall be made to appear by affidavit that a judgment debtor is entitled to, or is in receipt of an income, other than from such trust funds as are now exempt by law, the court, or a judge thereof, may make an order requiring the defendant to show cause why he should not be ordered to make payments at stated periods, in installments (and upon such terms as the court or judge may direct), out of such income on account of the execution. And upon the return of the order to show cause, or at any time to which the hearing may be continued, may make an order for such payments as aforesaid; and at any subsequent time, on application, may modify the terms thereof as may be just.

11. Nothing in this act contained shall impair any provision of the act to which this is a supplement.

12. This act shall take effect immediately.

Approved March 30, 1915.

CHAPTER 116.

A Supplement to an act entitled “An act respecting the Court of Chancery” (Revision of 1902), approved April third, one thousand nine hundred and two.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Short title and Construction. The short title of
this act is “The Chancery Act (1915).” It shall be
liberally construed.

2. Definitions. The following terms, for the purposes
of this act, have the following meanings: The word
“may” is not mandatory; the term “Chancery Act”
refers to the act to which this is a supplement; the
“rules” herein mentioned are rules of the Court of
Chancery; the words “plead, answer or demur,” as
used in statutes and rules now existing, shall be con-
strued as equivalent to the word “answer” or “plead”
when necessary to harmonize them with the procedure
herein authorized.

3. Parties and Pleadings. The Chancellor, by rules,
may regulate and determine all questions relating to the
subject of parties to all suits and proceedings brought
before the Chancellor or in the Court of Chancery. All
pleadings in such suits and proceedings shall be accord-
ing to rules.

4. Sham Defense. Any frivolous or sham defense
may be struck out on notice, and a decree pro confesso
entered, or the defendant may be allowed to defend on
terms, or such other order or decree may be made in
the premises as may be just.

5. Mistake in Procedure. No suit or proceeding
shall be dismissed on the ground that it was erroneously
begun by bill instead of by petition, or by petition instead
of by bill; but in such case the court may order proper
amendments to be made upon terms.

6. Costs. The court, upon making any order or de-
cree, may charge the successful party with costs, or a
reasonable counsel fee, or both, in any case in which
the court shall deem it just to do so.

7. Decree to Declare Rights. Subject to rules, any
person claiming a right cognizable in a court of equity,
under a deed, will, or other written instrument, may
apply for the determination of any question of con-
struction thereof, in so far as the same affects such
right, and for a declaration of the rights of the persons
interested.

8. Jury Trial. If any question, ordinarily determin-
able at law and requiring jury trial, arise in a suit of
which the Court of Chancery has jurisdiction, a jury trial, if required, may be ordered, but shall be deemed to be waived unless demanded in the pleadings. In case of such demand, if the issue be one requiring a jury trial, the court shall send such issue of fact to a court of law for trial according to the existing practice.

But in all cases referred to in this section the Court of Chancery shall retain the cause until the legal question shall be determined, or until an adequate opportunity to determine the same shall have been given, unless justice or the public interest requires a dismissal of the cause.

9. Questions of Law to be Determined. Any question, ordinarily determinable at law, arising in a suit of which the Court of Chancery has jurisdiction, other than a question requiring a jury trial or a determination upon certiorari, mandamus or quo warranto, shall be determined by the Court of Chancery in that suit.

10. Writ of Injunction Not to Issue. A decree or order of injunction shall have the effect of a writ of injunction, and no writ of injunction shall issue unless specially directed.

11. Power to Make Rules. In addition to the power now vested in the Chancellor to make rules, he shall prescribe rules to give effect to the provisions of this act, and otherwise to simplify procedure in the Court of Chancery. Such rules shall supersede (so far as they conflict with) statutory and other regulations heretofore existing. Until such rules shall be made, the rules hereto annexed in Schedule A shall be deemed to be rules of the Court of Chancery, subject to suspension and amendment in any part thereof by the Chancellor, as experience shall show to be expedient.

12. Saving Clause. This act shall not apply to any suit or proceeding commenced before July fourth, one thousand nine hundred and fifteen.

13. Repealer. All acts and parts of acts inconsistent with this act and the following sections of the Chancery Act, are hereby repealed: sections one, twenty-one, twenty-two, twenty-four, twenty-five, twenty-six,
twenty-seven, twenty-eight, twenty-nine, thirty, thirty-two and thirty-five. Provided, that nothing in this repealer shall impair or affect any suit commenced before this act shall have taken effect.

SCHEDULE A.

RULES UNDER THE CHANCERY ACT (1915).

I. GENERAL RULES.

1. Definitions. The word "may" as used in these rules, is not mandatory.

2. Extending Time. The time limited in these rules for doing any act may, for good cause, be extended by order either before or after the expiration of the time.

3. Forms. The forms appended in Schedule "B," or similar forms, shall be used so far as they are applicable.

4. Rules May be Suspended. These rules shall be considered as general rules for the government of the court and the conduct of causes, and as the design of them is to facilitate business and advance justice, they may be relaxed or dispensed with by the court in any case where it shall be manifest to the court that a strict adherence to them will work surprise or injustice.

II. PROCESS AND PARTIES.

5. Subpoena to Answer. The subpoena to answer shall be substantially in the form stated in Schedule B, annexed to these rules.

6. Complainants. All persons claiming an interest in the subject of the action and in obtaining the relief demanded, either jointly, severally, or in the alternative, may join as complainants, except as otherwise herein provided.

A person entitled to join as complainant, but declining to do so, may be joined as defendant, the reason therefore being stated in the bill of complaint.

7. Defendants. Any person may be made a defendant who either jointly, severally or in the alternative is
alleged to have or claim an interest in the controversy, or in any part thereof, adverse to the complainant; or whom it is necessary or proper to make a party for the complete determination or settlement of any question involved therein.

8. Joint and Several Demands. In all cases in which the complainant has a joint and several demand against several persons, either as principals or sureties, it shall not be necessary to join as defendants all the persons liable therefor; but the complainant may, by leave of court, proceed against one or more of those severally liable.

9. Personal Representatives. In suits on a joint contract, whether partnership or otherwise, the personal representatives of a deceased co-contractor may join as complainants or be joined as defendants, with the survivor or survivors.

10. Separate Hearings. The court may, upon motion, order a separate hearing between the complainant, or one or more of several complainants, and the defendant, or one or more of several defendants, or between co-defendants.

11. Parties in Alternative. Persons may be joined as defendants against whom the right to relief is alleged to exist in the alternative, although a right to relief against one may be inconsistent with a right to relief against the other.

12. When Heir is Not a Necessary Party. In suits to execute the trusts of a will it shall not be necessary to make the heir at law a party; but complainant may make the heir a party where he desires to have the will established against the heir.

13. Court May Strike Out or Add Parties. The court, at any stage of the proceedings, either upon or without application, may order, upon terms, any party improperly joined to be dropped; or any party improperly omitted, or whose presence is necessary to a complete determination of the controversy, to be added.

14. Same subject. The court may determine the controversy as between the parties before it, where it can do so without prejudice to the rights of others.
CHAPTER 116, LAWS, SESSION OF 1915.

Where a complete determination cannot be had without the presence of other parties the court may direct them to be brought in, but in all cases where it shall appear to the court that persons who might otherwise be deemed proper parties to the suit cannot be made parties by reason of their being out of the jurisdiction of the court, or incapable otherwise of being made parties, the court may, in its discretion, proceed in the cause without making such persons parties; and in such cases the decree shall be without prejudice to the rights of the absent parties.

Where a person, not a party, has an interest or title which the decree will affect, the court, on his application, shall direct him to be made a party.

15. Existing Rights to Join Parties Not Abridged. Nothing in these rules contained shall abridge the rights or liabilities respectively (as determined by the practice heretofore existing) of persons to join as complainants, or to be joined as defendants.

16. Decree For or Against Parties. In the discretion of the court, a final decree or decrees may be made—

(a) For or against one or more of several complainants and for or against one or more of several defendants, according to their respective rights and liabilities;

(b) And the court may determine the ultimate rights of the parties, on each side, as between themselves;

(c) And grant to the defendant any relief to which he may be entitled;

(d) And when a bill of complaint, or cause of action, is sustained in favor of or against, only a part of the parties thereto, a decree (interlocutory or final) may be made in favor of, or against, such parties, respectively, at any stage of the proceedings.

17. Decree Against One of Several Jointly Liable. An unsatisfied decree against one or some of several persons jointly liable shall not discharge the others from the joint liability.

18. One execution on Several Decrees. One execution may issue on one or more final decrees made in the same cause.
10. Trustee in Bankruptcy. Claims by a trustee in bankruptcy, as such, must not (without leave of court) be joined with any claim by him in any other capacity.

20. Personal Representatives. Claims by or against any executor or administrator, as such, must not (without leave of court) be joined with claims by or against him personally, unless the latter claims arose with reference to the estate of his testator or intestate.

21. Suits for Divorce. In a suit for divorce or annulment of marriage no other cause of action shall be joined without leave of court.

22. Joint Claims. Claims by complainants jointly, may be joined with claims by them, or any of them, separately, against the same defendant.

23. Husband and Wife. Claims by or against husband and wife may be joined with claims by or against either of them separately.

24. Separate Causes of Action. Persons interested in separate causes of action may join as complainants or be joined as defendants, respectively, if the causes of action have a common question of law or fact, and arose out of the same transaction or series of transactions.

25. "Transactions." The transactions referred to in the preceding section include any transaction which grew out of the subject matter in regard to which the controversy has arisen.

26. Persons Severally Liable. Persons severally and immediately liable to be sued in equity on the same obligation or instrument, including parties to bills of exchange and promissory notes; also endorsers, guarantors and sureties, whether on the same or by a separate instrument, may all, or any of them, be joined as defendants, and a joint decree may be rendered against those so joined: but where the cause of action against one person is not complete until after decree against the other, such person cannot be joined as defendant.
27. General Right to Join. Subject to the provisions of other rules herein contained, the complainant may join any causes of action.

28. Court May Strike Out or Order Separate Hearings. The court may order a separate hearing of, or may strike out, any cause of action which cannot be conveniently heard with other causes of action joined in the same suit.

29. Counter-Claim. Subject to the provisions of other rules herein contained, a defendant may counterclaim or set-off any cause of action against the complainant. He may, and when required by the Court, shall, issue subpoena against any third party necessary to be brought in; but, in the discretion of the court, separate hearings may be ordered; or if the counter-claim cannot be conveniently disposed of in the pending action, the court may strike it out.

**IV. Pleadings.**

30. Suits for Divorce. Nothing in the following rules respecting pleadings shall apply to suits for divorce or annulment of marriage, except Rules 31 to 44, inclusive, which shall obtain so far as they are applicable.

*General Rules for Pleading.*

31. Form of Pleadings. All pleadings must contain a plain and concise statement of the facts on which the pleader relies (and no others) but not of the evidence by which they are to be proved.

The statement must be divided into paragraphs numbered consecutively, each containing, as near as may be, a separate allegation.

Dates, sums and numbers must be in figures.

If any pleading be insufficient, the court may order a fuller and more particular statement to be made therein; and if the pleadings do not sufficiently define the issues, the Court may order other issues prepared; and may settle the issues if the parties differ.
32. Particulars. The court may, in its discretion, order further and better particulars to be given of any matter stated in any pleading, or may order a bill of particulars to be given, in any case in which it may be justly required.

33. When Particulars Must Be Pledged. When the pleader relies on any misrepresentation, fraud, breach of trust, wilful default or undue influence (and in other cases in which details or particulars were required by the former rules of equity pleading to be pleaded) particulars of the wrong, with dates and items if necessary, shall be stated in the pleading so far as practicable.

34. Repetition Prohibited. Statements of fact in any pleading (as in stating separate causes of action or separate defenses or a counter-claim) must not be repeated in other parts of the same pleading, but may be referred to in lieu of repetition.

35. Untrue Statements. Allegations or denials, made without reasonable cause, and found untrue, shall subject the party pleading the same to the payment of such reasonable expenses, to be taxed by the court, as may have been necessarily incurred by the other party by reason of such untrue pleading.

36. Statements Not Denied Are Admitted. Every material allegation of fact in a pleading, which is not denied by the adverse party, is deemed to be admitted (except as against an infant, or person of unsound mind) unless such adverse party avers that he has no knowledge or information thereof sufficient to form a belief.

37. Pleading According to Legal Effect. Acts and contracts may be stated according to their legal effect, but, in so doing the pleading should be such as fairly to apprise the adverse party of the state of facts which it is intended to prove; thus, an act or promise of a principal (other than a corporation) if, in fact, proceeding from an agent known to the pleader, should be so stated.

38. Annexing Copies of Documents. In pleading any document, a copy thereof may be annexed to the plead-
CHAPTER II6, LAWS, SESSION OF 1915

ing, and referred to therein with like effect as if it were recited at length; provided, that copies of bonds or mortgages or assignments thereof shall not be annexed to bills for foreclosure.

39. Inconsistent Causes of Action and Inconsistent Defenses, when stated in the alternative, are not objectionable.

40. Objectionable Pleadings. Unnecessary repetition, prolixity, scandal, impertinence, obscurity and uncertainty, and any other violation of the rules of pleading, are respectively objectionable.

The court may, on motion, or of its own initiative, order amendments of such defects upon terms or may make such other order in the premises as may be just.

41. Supplemental Pleadings, showing matters arising since the original pleadings, or suit begun, may be filed by either party by leave of court and upon terms.

42. Copies of Documents to be Served. When an express agreement, or any document, is referred to in a pleading, and is not annexed thereto, or recited verbatim therein, a copy of the document or of the agreement (if it be in writing) must be served on the adverse party within five days after service of written demand for the same.

43. Evasive Denials. A denial must not be evasive, but must fairly meet the substance of the allegation denied; thus, if payment of a certain sum be alleged, when, in fact, less was paid, the pleader must not deny payment generally but must state how much was paid; and where any fact is alleged with divers circumstances, some of which are untruly stated, the denial must not be of the fact as alleged, but so much as is true and material must be admitted and the rest only denied.

44. Uncertainty. Express admissions and denials must be direct, precise, specific, and not argumentative, hypothetical, or in the alternative; accordingly, when a pleader wishes expressly to admit or deny a portion only of a paragraph he must recite that portion; except, that where a recited portion of a paragraph has been either admitted or denied the remainder of the paragraph may be denied or admitted without recital.
Admissions or denials of allegations identified only by a summary or generalization thereof or by describing the facts alleged as "consistent" or "inconsistent" with other facts recited or referred to, are improper.

**Bill of Complaint.**

45. The Bill of Complaint shall contain a statement of the facts constituting the cause of action, in accordance with these rules, and prayers for the relief sought.

46. Separate Causes of Action. When separate causes of action are joined, the statement of the second shall be prefixed with the words "Second Cause of Action," and so on for the others; and the several paragraphs of each shall be numbered separately.

47. General Relief. Relief other than that prayed for may be given (without a prayer for general relief) to the same extent as if general or other relief had been prayed for.

48. Bills of Revivor or Supplemental Bills shall not restate any of the statements in the original suit unless the special circumstances of the case require it.

**The Answer.**

49. Form. The answer must specifically admit, or deny, or explain, the material facts as stated in the bill of complaint unless the defendant has no knowledge or information sufficient to form a belief, and so states. No general denial of all the averments of the bill is permissible.

When several causes of action are stated in the bill of complaint, the answer must refer each defense to the cause of action to which it is pleaded. Thus, the statement should be headed "Defense to First Cause of Action," "Defense to Second Cause of Action," and so on.

50. When to Answer on Oath. An answer to a bill of complaint, or to a counter-claim, need not be sworn to, unless the bill or counter-claim pray answer on oath. A sworn answer, when answer under oath is not prayed for, shall have the same effect now given by the Chancery act to an unsworn answer.
51. Demurrers, Pleas, Exceptions to Answer. Demurrers, pleas, and exceptions to answer are abolished. Any pleading may be objected to, on motion, on the ground that it discloses no cause of action, defense, or counter-claim, respectively.

On the hearing of such motion, the court, in its discretion, may order the application to stand over until the hearing, and if the objection be to the bill or counter-claim, may require the same to be answered on such terms and conditions as may be ordered.

52. Answer in Lieu of Plea. Every defense heretofore presentable by plea, shall be made in the answer, and may, in the discretion of the court, be heard and disposed of before the hearing of the principal case. The evidence necessary to determine the questions raised by such defense shall be taken as the court shall direct.

53. Same Subject. If a defense be stated which heretofore would have been the proper subject of a plea, the answer need not answer the allegations of the bill of complaint further than is necessary to support such defense. In such case, should the answer be found insufficient or untrue, the court may, in its discretion and on terms, permit the defendant to answer the bill fully, or may make such other order or decree as may be just.

Counter-Claim.

54. Cross-Bills are abolished. Any matter, being the proper subject of a cross-bill under the existing practice, may be set up by counter-claim. A counter-claim may be stated in the answer, being introduced substantially thus:

"By way of counter-claim against" (stating the parties against whom the counter-claim is made, and designating as "third parties" those not made parties in the bill of complaint).

55. Cross-Action. A counter-claim is deemed to be a cross-action, and the rules respecting the form and manner of pleading the bill of complaint and answer, apply respectively to the counter-claim and the answer thereto.
56. Amount of Recovery. If the amount found due to the defendant on the counter-claim exceed the amount found due to the complainant, the defendant shall have a decree for the excess.

57. Counter-Claim Against Co-defendant. When a co-defendant is made a party to a counter-claim a copy thereof shall be served upon him or his solicitor within five days after the same is filed.

Replication.

58. The Replication to an answer shall be substantially in the form stated in Schedule B. But, by leave of court, the replication may set up new matter to meet defenses not anticipated in the bill. Issue shall be deemed to be joined upon the new matter unless defendant, by leave of court, files a rejoinder.

Objections to Pleadings.

59. Objections by Motion. All objections to pleadings must be made by motion.

Time. Five days' notice of such motion must be given within the time limited for filing and answering pleadings, and the notice must state the particular grounds of objection. The notice suspends, until the motion is disposed of, the running of the time to answer or reply.

Time for Filing Pleadings.

60. Filing the Answer. If the defendant submit to answer, the answer or counter-claim shall be filed within twenty days after the return day of the subpoena, if service of the same shall have been made, or duly acknowledged, or within twenty days after filing defendant's signed appearance.

61. Filing the Replication. The replication shall be filed within ten days after the expiration of the time limited for filing the answer. Further pleadings, when allowed, shall be filed within ten days each after the other.
V. OTHER SUBJECTS.

62. Interrogatories. When a cause is at issue between two or more parties, either of them may serve on the adverse parties, or any of them, written interrogatories upon any matter material to the issue, with a note at the foot thereof stating which of the interrogatories each of the parties is required to answer.

Written answer under oath to each interrogatory shall be served within ten days after service of the interrogatories. The answers shall be strictly responsive.

If the interrogatories are addressed to a corporation, the answers shall be made under the oath of such of the officers, agents or employees of the corporation as have personal knowledge of the facts, or custody of the books, records or papers, a discovery of which is sought.

The answers shall be evidence in the cause if offered by the party proposing the interrogatories, but not otherwise.

The court may amend, add to or strike out interrogatories; or permit the answers to be corrected.

63. Discovery of Documents. Any party may, without affidavit, apply for an order directing any other party to make discovery on oath, of the books, papers or other documents, which are or have been in his possession or under his control, relating to any matter in question in the cause. The granting of the order shall be discretionary as to the whole or any part of the discovery applied for.

NO. 2. BILL TO FORECLOSE.

In Chancery of New Jersey.

To the Honorable Edwin Robert Walker, Chancellor of the State of New Jersey:

The complainant, John Doe, of Newark, New Jersey, respectfully shows that:
1. On March 1, 1910, Richard Roe, being indebted to James Stiles in the sum of $1,000, executed to him a bond of that date to secure that sum, payable on March 1, 1915, with interest at the rate of six per centum per annum, payable half yearly from the date of the bond.

2. To secure payment of the bond, said Roe, and Anna, his wife, executed to said Stiles a mortgage of even date with the bond; and thereby conveyed to him, in fee, the land hereinafter described, on the express condition that such conveyance should be void if payment should be made according to the terms of the bond. Which mortgage, having been first duly acknowledged, and the certificate of acknowledgment duly endorsed thereon was recorded in the Register’s Office of... County, in Book 200 of Mortgages, page 50.

3. The mortgaged premises are described as follows: (Copy the description from the mortgage.)

4. Both bond and mortgage contained an agreement that if any installment of interest should remain unpaid for 30 days after the same should fall due, then the whole principal sum, with all unpaid interest, should, at the option of the mortgagee, his representatives or assigns, become immediately due.

5. The mortgage also contained an agreement that the mortgagor, his heirs and assigns, would keep the buildings on the mortgaged premises insured against loss or damage by fire in a sum not less than the principal of the mortgage debt, and would assign the policy of insurance to the mortgagee, his representatives or assigns; and in default of so doing that the mortgagee, his representatives or assigns, should be entitled to effect such insurance, and the premiums paid for the same by the mortgagee, or his assigns, with interest at six per centum per annum, should be a lien on said land added to the amount of the mortgaged debt and secured by the mortgage.

6. In May, 1910, said James Stiles died leaving a will, wherein he appointed John Smith executor thereof. The will, on June 10, 1910, was admitted to probate by the surrogate of... County and letters testamentary thereon were issued by him to said Smith.
7. By written assignment, dated September 7, 1910, said Smith, as executor as aforesaid, assigned said bond and mortgage to complainant; which assignment is in complainant’s possession, but has not been recorded. (Or, which assignment was recorded in the Register’s office of .......... County, in Book ....... of Assignments of Mortgage, page .......)

8. On May 1, 1913, Richard Doe and Anna, his wife, conveyed said land, by deed of that date, to John Brown, in fee; which deed was on May 2, 1913, recorded in the Register’s office of .......... County, in Book ....... of Deeds, page .......

Any interest which said Brown has in said land, is subject to the lien of complainant’s mortgage.

9. Said Brown is married, and his wife’s name is Sarah. Any claim or interest she may have, by way of inchoate right of dower, or otherwise, is subject to complainant’s mortgage.

10. On June 10, 1913, John Brown and his wife mortgaged said land to James Jones for $500, which mortgage was, on that day, recorded in the Register’s office of said County in Book ....... of Mortgages, page .......

Any interest which said Jones may have in said lands is subject to the lien of complainant’s mortgage.

11. On September 1, 1913, one-half year’s interest fell due on complainant’s bond and mortgage, and remained unpaid for more than 30 days thereafter, and no part thereof has yet been paid. Complainant has elected that the whole principal sum with all unpaid interest shall be now due.

12. John Brown failed to keep the buildings on said land insured against loss or damage by fire in any sum; and on October 1, 1913, complainant caused the same to be insured in the .......... Insurance Company in the sum of $1,000, for one year, and paid the sum of $.... for insurance premium thereon; which sum, with interest at the rate of six per centum per annum, is a lien on said premises added to the amount of the mortgage debt and secured by complainant’s mortgage, and is prior to the lien of the mortgage of said Jones.
13. Said Richard Roe and John Brown, or one of them, has always been in possession of the mortgaged premises.

14. The whole amount of principal, with interest thereon, from March 1, 1913, is due upon complainant's bond and mortgage.

Complainant is without adequate remedy in the courts of law, and therefore prays—

1. That John Brown and Sarah, his wife, and said James Jones, who are the defendants to this suit, may answer this bill of complaint without oath (if answer under oath is required, omit the words "without oath") and each statement therein made:

2. That an account may be taken of the amount due on complainant's mortgage:

3. That the defendants, or one of them, may be decreed to pay complainant the amount so found due, with interests and costs, by a short day, to be appointed by this Court; and that in default of such payment, they, and each of them, be debarred and foreclosed of all equity of redemption in said lands: or

4. That a decree may be made for the sale of the mortgaged premises to raise and pay to the complainant the amount so found due on his mortgage, with interest and costs:

5. That a writ of subpoena may issue, commanding said defendants to answer this bill of complaint and to abide by such decree as this court may make in the premises.

NO. 3. ANSWER IN LIEU OF PLEA.

In Chancery of New Jersey.

John Doe,  
Complainant,  

vs.  

John Brown and Others,  
Defendants.

The answer of the defendants, John Brown and Sarah, his wife, in lieu of plea. These defendants, answering the bill of complaint, say that:

On September 29th, 1913, at complainant's office in Newark, within 30 days after the half year's interest, mentioned in the bill of complaint, fell due, this defendant, John Brown, tendered to the complainant the sum of $30 in payment of the said half year's interest, but complainant refused to accept the same.

Solicitor of Defendants, John Brown and Sarah Brown.

NO. 4. ANSWER AND COUNTER-CLAIM TO A BILL TO FORECLOSE.

(See form No. 2.)  
(Title as in No. 3.)

The answer of the defendants, John Brown, and Sarah, his wife, and the counter-claim of John Brown against the complainant, John Doe, and Jane, his wife. These defendants, John Brown and Sarah, his wife, answering the bill of complaint, say that:

1. Paragraphs 1 to 6, inclusive, are admitted.
2. These defendants have no knowledge or information sufficient to form a belief as to the statements in paragraph 7.
3. Paragraphs 8 to 13, inclusive, are admitted.
4. Paragraph 14 is denied.
5. On September 29, 1913, at complainant’s office in Newark, within 30 days after the half year's interest, mentioned in the bill of complaint, fell due, this defendant, John Brown, tendered to the complainant the sum of $30 in payment of the said half year’s interest, but complainant refused to accept the same.

By way of counter-claim against complainant and Jane Doe, his wife, the defendant, John Brown, says that:

1. On December 1, 1910, this defendant appointed the complainant manager of a farm known as “The Oaks,” in the township of .......... in .......... County at an agreed compensation of 25 per centum of the net income to be obtained from the same.
2. Complainant accepted the appointment and managed said farm for the period of two years from December 1, 1910, and during all that time produced and sold crops and live stock upon and from the farm, and received for the same large sums, the amount of which are unknown to these defendants.
3. On December 1, 1912, this defendant discharged complainant because complainant refused to account for the income received by him from the farm.
4. Complainant has always refused to pay this defendant any part of the income received by him from the farm, and has always refused to account for the same, although this defendant has frequently requested him to account.
5. Complainant, and Jane Doe, his wife, claim that he accepted said management under an alleged agreement, made by this defendant with complainant and with said Jane (who is a daughter of this defendant) whereby (as alleged by them) this defendant, in consideration of affection for his said daughter and of complainant’s promise to pay to her for her own use a certain percentage of the net income from the farm, agreed to permit them to occupy and use said farm rent free.

But this defendant denies that any such agreement was ever made.
This defendant, therefore, prays:
1. That said complainant, John Doe, and Jane, his wife, may answer this counter-claim without oath (if answer under oath is desired omit the words “without oath”) and each statement herein made.
2. That said complainant may be decreed to account for all money received by him from the income of said farm.
3. That complainant may be decreed to pay to this defendant, John Brown, the amount found due on said accounting; or,
4. If the court shall find that the principal of complainant’s mortgage is now due, then that amount so to be found due this defendant on such accounting may be credited on the said mortgage debt; and if the amount so found due this defendant shall exceed the amount of said mortgage debt, then that the complainant may be decreed to pay to this defendant the excess.

Solicitor of Defendants, John Brown and Sarah, his wife.

NO. 5. REPLICATION.

(Title as in No. 3.)

The complainant joins issue on the answer of the defendant.

If complainant desire, and be entitled to, a jury trial upon any issue raised in the answer, add: Complainant demands a jury trial upon the question (stating the question).

The replication to an answer containing a counter-claim shall, after the joinder of issue, continue as follows:

As to the counter-claim contained in said answer complainant says (continuing to answer counter-claim in numbered paragraphs).

WHEREAS, There are boroughs in this State, now bordering upon navigable waters, other than the Atlantic ocean, along which waters it is necessary, for the protection of the streets and highways, and other public and private property in said boroughs, to erect and maintain bulkheads, jetties and other works and structures in front of said streets and highways and
private property, to protect the same from damage by the encroachment of said waters;

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The council, or other governing body, of any borough in this State shall have power and authority to construct, erect, build, rebuild, maintain, repair and keep in repair, bulkheads, jetties and other works and structures along any navigable waters, other than the Atlantic ocean, within said borough, to protect public and private property from encroachment by the waters thereof, including the filling in and grading of land around and about any bulkhead, jetty, work or structure to such grade as may be established by said borough, necessary to maintain or preserve the same. Such bulkheads, jetties, works and structures may be built and erected at such locations, and of such material, type and dimensions as said council, or other governing body may designate; provided, however, that nothing herein contained shall in any way restrict the exercise, by the Board of Riparian Commissioners, or the New Jersey Harbor Commission of any power and authority now existing or hereafter created, nor confer upon any borough, or the owner of any property referred to herein, the right to improve or fill in lands below high water, while owned by the State of New Jersey.

2. The council, or other governing body, of any such borough, is hereby authorized to pay the cost of the construction, erection and building of such bulkheads, jetties and other works and structures, or any part thereof, by taxation, or may, by ordinance, from time to time, issue and sell, for not less than par, bonds of such borough, payable not more than thirty years from the date of issue, bearing interest not exceeding six per centum, payable semi-annually, and to apply the proceeds of such bonds to the payment of the cost of the construction, erection and building of such improvements, works and structures authorized by this act, and, if the council, or other governing body, shall so determine, to provide in any contract made for the construction, erection and building of such improvements, works
and structures, such bonds, when authorized to be issued, shall be accepted in full or partial payment, as the case may be, of the cost or amount to be paid by the borough for the same. Such bonds shall be sealed with the corporate seal of such borough, and executed in such manner, and be in such form, as the council, or other governing body, may, by ordinance or resolution, provide. Such bonds shall contain a recital that they are issued pursuant to this act and such ordinance, which recital shall be conclusive evidence of their legality and the regularity of their issue. Such bonds may be made redeemable, at par and accrued interest, at any time before maturity at the option of the borough, when so provided in any ordinance authorizing the issue thereof. The council, or other governing body, shall have power and authority to issue such bonds either before or after the said improvement, works and structures may be completed, or during the progress of the work thereon, as said council, or other governing body, in its discretion, may deem proper.

3. No ordinance, providing for the construction, erection and building of such improvements, works and structures, under the terms of this act, shall be finally passed by the council, or other governing body, of any borough, unless a notice shall have been given by one insertion, at least, ten days prior thereto in a newspaper printed in the county in which said borough is located, and circulating in said borough. Said notice shall briefly describe the proposed improvements, works and structures, and state the time when, and place where, the council, or other governing body, will meet to receive and consider objections thereto.

4. The council, or other governing body of such borough, issuing bonds under the authority of this act, shall provide for a sinking fund to retire said bonds at maturity, or when and as redeemed, into which shall be paid annually an amount not less than two per centum of the principal of such bonds issued and outstanding at the time of the levying of said tax, to be raised by special tax, to be assessed, levied and collected with the
other taxes of such borough, and there shall likewise be raised by tax each year, until the payment in full of such bonds, an amount equal to the interest payable on such bonds in each year.

5. For the purpose of paying the cost of such improvements, works and structures, as contemplated by the terms hereof, or any part thereof, council, or other governing body, shall also have power to issue improvement certificates and renewals thereof, as provided in the act to which this act is a supplement, or any amendment or supplement thereto, with reference to any work done on any street, sewer or improvement, and may, from time to time, apply any bonds authorized by the terms of this act, or the proceeds thereof, or moneys received from assessment of benefits, to the liquidation of any certificates of indebtedness which may have been issued.

6. So much of the cost of the construction, erection and building of such improvements, works and structures, including the filling in and grading of land around and about any such improvements, works and structures to such grade as may be established by said borough, necessary to maintain and preserve the same, as represents the benefit conferred, shall be assessed on the lands and real estate in said borough benefited by such improvements, works and structures, or any part thereof. Such benefit shall be assessed against said lands in proportion to the benefit each parcel receives therefrom. The amounts assessed shall be a first and paramount lien on each parcel so benefited, and said council, or other governing body of such borough, shall have power and authority to cause so much of the cost aforesaid, as represents the benefit conferred, to be assessed upon the lands and real estate benefited by such improvements, works and structures, in accordance with the terms hereof; and, as soon as may be after the conclusion of the erection, construction and building of such improvements, works and structures, the expense thereof, and a moderate allowance, to be determined by the council, or other governing body, for the cost of making the assessment aforesaid, shall be ascertained
by such council, or other governing body, and entered, by resolution, upon the record of its proceedings, and the amount so ascertained and determined shall thereafter be treated as and held to be the true and actual expense of making such improvements, works and structures; a copy of said resolution, attested by the clerk, shall be delivered by him to the commissioners of assessment appointed as hereinafter provided, or one of them. If bonds shall have been issued to pay for such improvements, works and structures, all moneys received from the assessment of benefits shall be paid into the appropriate sinking fund, as above provided, to meet such bonds; provided, however, that the said council, or other governing body, shall have the power and authority, at its option, instead of paying the assessment of benefits, when received, into such sinking fund, to appropriate the same toward the redemption of any bonds which it may determine to redeem, as herein provided.

7. After the completion of the construction, erection and building of such improvements, works and structures, and the ascertained of the cost thereof, the council, or other governing body, shall, thereupon, appoint three discreet persons, freeholders of the county in which said borough is located, but who need not be residents of the borough, to be commissioners to assess the benefits which have been conferred upon any real estate in said borough by the said improvements, works and structures. Such commissioners shall, before entering upon the discharge of their duties, make and file with the borough clerk an oath or affirmation that they will faithfully, and to the best of their skill and ability, perform the duties imposed upon them by law. The commissioners shall appoint a time and place of meeting for hearing the parties interested, and the clerk shall forthwith give public notice of the time and place of such meeting, by posting notices at five public places in the borough two weeks prior thereto, and by publishing the same for at least two weeks, once a week, in a newspaper published in the county in which said borough is located, and circulating in the borough.
brief description of the improvements, works and structures, the cost of which is to be assessed, shall be included in the notice, so as to sufficiently identify the same. The commissioners of assessment shall attend at the time and place appointed; two of them shall be a quorum in the transaction of business and sufficient to make any assessment, and to sign a report thereof, but one member shall have power to adjourn any meeting at which a quorum is not present. The commissioners may adjourn from time to time; they shall give all parties interested in or affected by the improvements, works and structures, ample opportunity to be heard upon the subject of the assessment; they shall view the premises, and have power to examine witnesses under oath or affirmation, administered by any one of them; they shall, thereupon, make a just and equitable assessment of the cost of the improvements, works and structures, or such part of said cost, as they shall deem proper, upon the real estate in said borough, which, in the judgment of the commissioners, will be benefited by the said improvements, works and structures, in proportion to the benefit received, and no lot or parcel of land shall be assessed for more than it is so specially benefited. The commissioners shall have power to determine what portion, if any, of the cost of said improvements, works and structures shall be paid by the borough at large. The commissioners shall make a map showing each lot or parcel of land assessed, designating the same thereon by a number, and shall annex to their report a schedule setting forth each lot or parcel of land assessed, the name of the owner or owners thereof, if the same can be ascertained, and the amount of the assessment thereon; the commissioners shall present their report, schedule and map to the council, or other governing body of the borough, who shall, thereupon, designate a time and place when and where they will meet to consider all objections to the assessment that may be presented in writing; thereupon, it shall become the duty of the borough clerk to publish in a newspaper published in the county, and circulating in the borough, for at least three weeks successively, at
least once in each week, setting forth that the report, schedule and map of the commissioners have been filed in his office, and that objections in writing may be filed with him, and specifying the time and place appointed for the hearing of objections in writing thereto by the council, or other governing body of the borough; any person who shall own, or be otherwise interested in any lot or parcel of land assessed, may object in writing to the assessment; at the time and place so appointed, the council, or other governing body of the borough, shall meet and shall consider and adjudicate all objections in writing that may be presented, and shall either confirm the report, schedule, map and assessment of the commissioners, or correct, and then confirm the same; in case the cost of the improvements, works and structures paid by the borough shall exceed the total amount assessed for special benefits, the excess shall be assessed upon and be borne and paid by the borough at large, and the amount of such excess, if any, shall be specified by the commissioners in their report. The said commissioners shall receive such compensation for the services rendered by them as the council, or other governing body of said borough, shall, by resolution, order and direct, not exceeding five dollars per day for each day's services rendered by them, and the same, and all the expenses incident to the assessment, shall be deemed a part of the expenses of such improvements, works and structures, and included in the cost thereof.

8. The assessment, for the construction, erection and building of such improvements, works and structures, made pursuant to this act, shall become payable upon the confirmation of the commissioners' report as aforesaid, but the council, or other governing body, by resolution, may provide that the owner of any land upon which any assessment of benefits for such improvements, works and structures shall have been made, may pay such assessments in such equal yearly installments, not exceeding ten, with legal interest thereon, and at such time in each year as the said council, or other governing body, shall determine; provided, however,
that any part assessed shall have the privilege of paying the whole of any assessment or balance of installments, with accrued interest thereon, at one time; in case the said assessment, or any such installment thereof, shall remain unpaid for thirty days from and after the time when the same shall have become due and payable, the whole assessment, or the balance due thereon, shall become and be immediately due and payable, shall draw interest at the rate of one per centum per month, and shall be collected as is provided by law for the collection of other unpaid assessments and taxes, it being expressly hereby provided that the property, upon which any such assessment is a lien, may be sold in fee for the non-payment of the assessment, in case no one will purchase the same for any less term; whenever any owner shall be given the privilege of paying any assessment in installments, such assessment shall remain a first and paramount lien upon the land described therein until the same, with all installments and accrued interest thereon, shall be paid and satisfied, and no proceedings to collect or enforce the same need be taken until default shall be made in the payment of any installment, as above provided.

9. The borough may accept contributions from the State of New Jersey, or from the county in which the borough is located, toward the cost of constructing, erecting and building any improvements, works or structures authorized by this act, and any sums of money so received may be applied by the borough either toward the payment of the cost of such improvements, works and structures, or toward the redemption of bonds or improvement certificates which have been issued for such cost under the provisions of this act, and for no other purpose.

10. The council, or other governing body of any such borough, shall have power and authority to take and appropriate, for the purpose of constructing, erecting and building such bulkheads, jetties and other works and structures, as above set forth, any lands and real estate, or the use of the same, upon making compensation to the owner or owners for the purchase thereof,
at a price agreed upon; and, where an agreement as to compensation cannot be made, for any reason, by the payment of damages therefor, as provided by law; and it shall be lawful for such borough to condemn and take such lands, or the use thereof, in the manner and by the proceedings as provided by law; the cost of acquiring land or rights of way, as provided in this section, shall be considered as part of the cost of the improvements, works and structures provided for under this act, and may be paid out of the proceeds of the bonds or certificates issued hereunder, and included in the whole cost for which benefits may be assessed.

11. Under the authority hereby created, said council, or other governing body, may by ordinance, general or special, provide for the maintenance, rebuilding, repair and keeping in repair of existing bulkheads or other works and structures now or hereafter built, constructed or maintained along any navigable waters, other than the Atlantic ocean, within said borough, including the filling in of the land around and about the same, in conformity with any grade established by said council, or other governing body, to preserve, protect and maintain such bulkhead or other work and structure, and prescribe the manner and time within which such existing bulkheads or other works and structures shall be maintained, rebuilt, repaired and kept in repair by owners of lands bordering upon any such navigable waters, at the cost and expense of the owner or owners of lands in front of and along which such bulkheads or other works and structures may now or hereafter be maintained. 12. Any ordinance, providing for the maintenance, rebuilding, repairing or keeping in repair of such bulkheads or other works and structures along any navigable waters, other than the Atlantic ocean, within any borough, at the cost and expense of the owner or owners of the land in front of and along which the same may now or hereafter be erected, constructed, maintained or

13. In case said owner or owners shall fail to maintain, rebuild or repair and keep in repair such bulkhead or other work and structure, according to the requirements of any ordinance, the council, or other governing body, shall cause the work to be done, and the cost thereof, with interest, shall, by resolution of the council, or other governing body, be assessed upon the lot or lots of land in front of and along which such bulkhead or other work or structure shall have been constructed. Such resolution shall set forth the name of the owner, a description of the lot owned, and the amount assessed thereon, and be entered at length on the minutes. A copy thereof, certified by the borough clerk, shall, within ten days thereafter, be delivered to the collector for said borough, who shall at once enter the same in a book provided for that purpose, to be called "Bulkhead Assessments." Such assessment shall become and remain a first and paramount lien on said lands, and shall be enforced in the manner provided by law.

14. For the purpose of paying the cost of maintaining, rebuilding, repairing and keeping in repair any bulkhead or other work and structure, as contemplated by the terms hereof, or any part thereof, said council, or other governing body, shall have power to issue improvement certificates and renewals thereof, as provided in the act to which this act is a supplement, or any amendment or supplement thereto, with reference to any work done on any street, sewer or improvement, and may, from time to time, apply money received from assessment of benefits toward the liquidation of any certificates of indebtedness which may have been issued.
15. The council, or other governing body, may, by resolution, provide that the owner of any lands, upon which any assessment for the maintenance, rebuilding, repair and keeping in repair of any such bulkhead or other work and structure shall have been made, may pay such assessment in such equal yearly installments, not exceeding ten, with legal interest thereon, and at such time in each year as the said council, or other governing body, shall determine; provided, that any owner assessed shall have the privilege of paying the whole of any assessment or any balance of installments, with accrued interest thereon, at one time; in case any such installment shall remain unpaid for thirty days from and after the time when the same shall have become due and payable, the whole assessment or the balance due thereon shall become and be immediately due and payable, shall draw interest at the rate of one per centum per month, and shall be collected in the same manner as is provided by law for the collection of other unpaid taxes and assessments, it being hereby expressly provided that the property, upon which any such assessment is a lien, may be sold in fee for the nonpayment of the assessment, in case no one will purchase the same for a less term; whenever any owner shall be given the privilege of paying any assessment in installments, such assessment shall remain a first and paramount lien upon the land described therein, until the same, with all installments and accrued interest thereon, shall be paid and satisfied, and no proceeding to collect or enforce the same need be taken until default shall be made in the payment of any installment, as above provided.

16. No certiorari shall be allowed in any court to review any of the proceedings in relation to either the construction, erection, building or the maintenance, rebuilding, repairing or keeping in repair any improvements, works or structures included within the terms of this act, after the lapse of thirty days from the time the proceeding or proceedings, sought to be reviewed, shall be taken by said borough; also no certiorari shall be allowed to review, or in any way affect, any assessment made by such commissioners for the construction,
erection and building of any improvement, work and structure, after the lapse of ninety days from the confirmation of such assessment by the council, or other municipal body of said borough; also no certiorari shall be allowed to review or in any way affect any assessment for the maintenance, rebuilding, repair and keeping in repair any bulkhead, or other work and structure, after the lapse of ninety days from the time such assessment may be made by the council, or other governing body, as herein provided.

17. If, for any reason, any section or provision of this act shall be questioned in any court, and shall be held to be unconstitutional or invalid, no other section or provision of this act shall be affected thereby.

18. The powers conferred by this act shall be deemed to be in addition to and independent of any and all powers and authority conferred by any other law or laws, and not subject to any limitation contained in such law or laws. Bonds issued pursuant to the provisions of this act may be for any amount to be determined by the council or other governing body of such borough, notwithstanding the provisions of any prior act or acts limiting the percentage or amount of bonds to be issued by such borough; and bonds issued pursuant to the terms of this act shall not be considered nor computed as bonded indebtedness of any borough as affecting the power or right of said borough to borrow money for any other purpose.

19. PART V.

PROCEDURE.

13. (1) A complaint having been made in writing and duly verified, that any person has violated any of the provisions of this act, any magistrate of the county, or recorder or police magistrate of any municipality, in which the offense is committed may, within thirty days after the commission of said offense, issue either a summons or a warrant directed to any constable, police officer, the inspector of motor vehicles or the Commissioner of Motor Vehicles of this State, for the appearance or arrest of the person so charged, and the magistrate shall state what section or provision of this act has been violated by the defendant, and the time, place and nature of said violation, and upon the return of said summons or warrant the said magistrate shall proceed, in a summary way, to hear and determine the guilt or innocence of such person, and, upon conviction, may impose upon the person so convicted the penalty by this
act prescribed together with the costs of prosecution for such offense.

(2) Such magistrate, upon receiving complaint in writing, duly verified, of the violation of any provision of this act by any corporation, is hereby authorized and required to issue a summons directed to any constable, police officer, the inspector of motor vehicles, or the Commissioner of Motor Vehicles of this State, requiring such corporation to be and appear before said magistrate on a day therein named, to answer to said complaint, which said summons shall be served on the president, vice president, secretary, superintendent or manager of such corporation, or the agent upon whom other process against it may be served, at least five days before the time of appearance mentioned therein, and thereafter proceedings shall be the same as against individuals, except where a different procedure is provided by this act.

ADJOURNMENT OF TRIAL.

14. Any hearing to be held pursuant to this act shall, on the request of the defendant, be adjourned for a period not exceeding thirty days from the return day named in any summons, or from the return of any warrant, or from the date of any arrest without warrant, as the case may be, but in such case it shall be the duty of the magistrate to detain the defendant in safe custody, unless he shall make a cash deposit or enter into a bond to the State of New Jersey, with at least one sufficient surety (unless said defendant shall himself qualify and justify, in real estate security situate in this State, in twice the amount fixed by said magistrate for bond with a surety) to or in amount not exceeding five hundred dollars, conditioned for his appearance on the day to which the hearing may be adjourned; and thence from day to day until the case is disposed of; and such bond, if forfeited, may be prosecuted by the Commissioner of Motor Vehicles in any court of competent jurisdiction; and such cash deposit, if forfeited, shall be paid to said Commissioner of Motor Vehicles by said magistrate, with whom the same shall have
been deposited, to be by said commissioner disposed of as are other moneys coming to his hands under the provisions of section thirty-seven of this act; provided, however, that in lieu of said bond or cash deposit the person under arrest may leave with the magistrate the vehicle owned or driven by the said person.

RIGHT OF APPEAL.

15. The defendant in any proceeding instituted under this act may appeal from the judgment or sentence of the magistrate to the Court of Common Pleas of the county in which proceeding shall have taken place; provided, the said defendant shall, within ten days after the date of said judgment, deliver to the magistrate a bond to the State of New Jersey, with at least one sufficient surety, or make a cash deposit with him of such amount as the magistrate shall direct, not exceeding the amount of five hundred dollars (unless said defendant can himself qualify and justify in real estate security in this State in twice said amount), conditioned to stand to and abide by such further order or judgment as may thereafter be made against the said party; and provided, further, that if the said magistrate shall have imposed a sentence of imprisonment, the defendant, if he does not duly appeal, shall be imprisoned forthwith upon the imposing of said sentence; but that an appeal, properly taken in accordance with the provisions of this act, shall be a stay of and upon the enforcement of a sentence of imprisonment, whether the execution of such sentence shall have been entered upon or not, as well as of such other judgment as may be pronounced; and provided, further, that in lieu of the appeal bond, in this section specified, and of the cash deposit therein provided for, the defendant may leave with the magistrate the vehicle owned or operated by the said defendant; and provided, further, that if said defendant shall, after the rendition of said judgment or sentence, announce to said magistrate his intention to appeal therefrom, and either give bond, make the deposit or leave the vehicle as herein provided, he shall have ten days from the date of the rendition of the said
judgment or sentence within which to complete his appeal, during which said ten days the execution of whatever sentence or judgment shall have been rendered whether of imprisonment or fine, shall be stayed, and in case said defendant shall fail to complete his appeal within said ten days, the like proceedings may be had as would by the provisions of this act follow an appeal taken and a judgment of affirmance thereupon.

**RECORD OF APPEAL.**

16. Whenever an appeal shall be taken as aforesaid, it shall be the duty of the magistrate to send all papers and all money, if any, deposited according to the provisions of this act, and all money paid for costs of prosecution, together with a transcript of the proceedings in the case, to the next Court of Common Pleas of the said county, which court shall, de novo, and in a summary way, try and determine all such appeals, and in case the judgment or sentence of the magistrate shall be reversed on such appeal, the said Common Pleas Court shall order the return of all money deposited as aforesaid, and all costs of prosecution paid by said defendant to said defendant.

**PROCEEDINGS MAY BE INSTITUTED ON SUNDAY.**

17. Proceedings under this act may be instituted on any day of the week, and the institution of such proceedings on Sunday shall be no bar to the successful prosecution of the same; and any process served on Sunday shall be as valid as if served on any other day of the week.

**PLEADINGS, WHEN BOND FOR COSTS MAY BE DEMANDED.**

18. All proceedings for the violation of the provisions of this act shall be entitled and shall run in the name of the State of New Jersey, with the Commissioner of Motor Vehicles, or a motor vehicle inspector, or a police officer, or a constable, or such other person as shall by complaint institute the proceedings as prosecutor; and

19. Any constable or police officer, or motor vehicle
inspector, or the Commissioner of Motor Vehicles, is
hereby authorized to arrest, without warrant, any person

this act, and to bring the defendant before any magis­

before the Commissioner of Motor Vehicles at any place
designated as his office. Said Commissioner of Motor
Vehicles shall have all the power of a magistrate to de­
dermine any violation of this act. The person so offend­

the officer making such arrest shall make oath or affirma­

person under arrest has violated one or more of the
provisions of this act, and specifying the provision or
provisions violated, whereupon said magistrate shall
issue a warrant, returnable forthwith, and the said
magistrate shall proceed summarily to hear or postpone
the case as provided in sections thirteen and fourteen of
this act. And any such constable or police officer, or
motor vehicle inspector, or the Commissioner of Motor
Vehicles, upon satisfying himself that such offender is
a resident of this State, may, instead of arresting such
offender as herein provided, serve upon him a sum­
mons in the name of any police court, recorder’s court
or any other court of competent jurisdiction in the
county, city, town, township, village, borough or other

VALIDITY OF WARRANT—CASH DEPOSIT OR RECOGNIZANCE.

20. A summons or warrant issued by any magistrate in accordance with the provisions of this act shall be valid throughout the State, and any officer who has power to serve the said summons, or to serve said warrant and make arrests thereon in the county where the same shall have been issued, shall have like power to serve said summons and to serve said warrant and make arrest thereon in any of the several counties of the State. If any person shall be arrested for a violation committed in the county other than that in which the arrest shall take place, the person so arrested may demand to be taken before a magistrate of the county in which the arrest may have been made for the purpose of making a cash deposit or of entering into a recognizance with sufficient surety; whereupon the officer serving the said warrant shall take the person so apprehended before a magistrate of the county in which the arrest shall have been made, who shall thereupon fix a day for the matter to be heard before the magistrate issuing the said warrant, and shall take from the person apprehended a cash deposit or recognizance to the State of New Jersey, with sufficient surety or sureties for the appearance of the said person at the time and place designated in accordance with the provisions of section twenty-seven of this act; the cash deposit or recognizance so taken shall be returned to the magistrate issuing the warrant to be retained and disposed of by him as by this act provided.

**PART VII.**

**POWERS OF MUNICIPALITIES.**

(1) Towns, boroughs, townships, cities, or other municipalities are prohibited from passing any ordinance on any matter covered by this act or to pass ordinances altering or in anywise nullifying the provisions of this act; provided, however, that ordinances may be passed regulating vehicles and vehicular traffic and pedestrians, providing for regulations which apply to a special condition existent in such municipality alone on the following subjects and within the following limitations:

- Limiting use of streets to certain class of vehicles;

The said commissioner shall be given ten days after receipt of any such proposed ordinance to examine same, and shall, before or at the expiration of that time forward such ordinance to the proper municipal authority, with a certifi-

cate indicating whether such ordinance is a proper ordinance or whether such ordinance is an improper ordinance. In the event of the failure of the commissioner to make such return within the prescribed time, such ordinance shall become effective without his approval.

Any action taken by the Commissioner of Motor Vehicles either approving or disapproving any ordinance passed in accordance with the provisions of this act, on the application of any person affected thereby, may be reviewed by certiorari or by petition to the Supreme Court of the State of New Jersey within thirty days from the date upon which such approval or disapproval as above becomes effective. Said petition shall be filed with the clerk of the Supreme Court and a copy thereof served on the Commissioner of Motor Vehicles, either personally or by leaving same in the office of the said commissioner in the city of Trenton. The Supreme Court is hereby given jurisdiction to review said action of the commissioner as above, and to declare that such approval or disapproval by the said commissioner is contrary to the provisions of this act.

CONCLUSION.

26. Nothing in this act shall alter or amend any provisions of an act entitled "An act defining motor vehicles and providing for the registration of the same and the licensing of the drivers thereof; fixing rules regulating the use and speed of motor vehicles; fixing the amount of license and registration fees; prescribing and regulating process and the service thereof and proceedings for the violation of the provisions of the act and penalties for said violations," approved April twelfth, one thousand nine hundred and six.

27. This act shall take effect one month after its approval, and the appropriations committee shall appropriate five hundred dollars to the Department of Motor Vehicles for the preparation of pamphlet copies of the act and for the distribution of the same.

28. In case for any reason any section or any provision of this act shall be questioned in any court, and shall be held to be unconstitutional or invalid, the same shall not be held to affect any other section or provision of this act.

29. All acts or parts of acts inconsistent herewith are hereby repealed, but the power of regulation hereby given over common carriers shall be in addition to and not a repealer of powers of regulation now vested in the Public Utilities Commission, nor shall this act be a repealer of and shall not be construed as in conflict with, the terms and conditions of municipal ordinances by which franchises or contracts have been or may be made with any common carrier.

time and place, or at such other time and place as the court shall designate, said court shall, without unnecessary delay, appoint three disinterested commissioners, who shall be freeholders and residents of the county but not residents of the municipality making the application, to estimate and assess the said benefits; the said court shall have power to remove any commissioner and appoint another in his place and also to fill any vacancy that may occur in the office of any commissioner from any cause.

2. The said commissioners, before entering upon the execution of the duties required of them by this act, shall take and subscribe, before some person duly authorized to administer the same, an oath or affirmation that they will make all estimates and assessments required of them fairly, legally and equitably, according to the best of their skill and understanding, which oath or affirmation shall be attached to the report that they are hereinafter required to make.

3. The said commissioners, having thus qualified, shall give notice, under the direction of the said court, of the time and place when and where they will hear any persons in interest who may present themselves to be heard, and at such time and place and at such other times and places to which they may adjourn for that purpose, the said commissioners shall attend and shall give a public hearing to those persons in interest who may desire to be heard; the said commissioners shall have power to examine witnesses under oath to be administered by any one of them, and to enter upon and view any premises that they deem necessary, and to adjourn from time to time at their discretion, or as directed by said court; they shall use diligent efforts to ascertain the names of the owners of the lands and real estate benefited by the construction of such sewer or drain as aforesaid, and shall state the same in the report hereinafter mentioned; but the failure to so ascertain the name of any such owner or to state the same correctly, or the omission of any such name from the said report, shall not be deemed to invalidate the said assessment nor to be a bar to the collection of the same.
4. After having given opportunity as aforesaid for a public hearing of the persons in interest, and having viewed the premises likely, in their judgment, to be benefited by the construction of such sewer or drain, the said commissioners shall make a report in writing of their estimates and assessments to the said court, accompanied by a survey and map, prepared by a practical surveyor or engineer, under their direction, showing the lots or parcels of land and real estate peculiarly benefited by such sewer or drain; the said report shall state the cost of the whole work, the portion, if any, assessed upon the municipality at large, and shall give the names, so far as ascertained, of the owners of the said lots or parcels of land and real estate, and the amount of the assessment to each owner for each of such lots or parcels of land and real estate for the said benefits, which assessment shall in each case be in proportion, as near as may be, to the advantage which each of such owners shall be deemed to have acquired by the construction of such sewer or drain; in case the costs and expenses of such work shall exceed the amount of said benefits, the excess thereof shall be paid by the municipality at large and raised by general tax; in no case shall any property or owner thereof be assessed beyond the amount of benefit actually derived from the construction of such sewer or drain.

5. Upon the coming in of any such report, signed by the said commissioners, or any two of them, said court shall cause such notice to be given as it shall deem proper of the time and place of hearing any objections that may be made to such assessment, and after hearing any matter that may be alleged against the same the said court, either by rule or order, shall confirm the said report, or shall refer the same to the same commissioners for revision and correction, or to new commissioners to be appointed by the said court forthwith, to reconsider the subject-matter thereof, and the said commissioners to whom such report shall be so referred by the court shall return the same corrected and revised, or a new report to be made by them in the premises, to the said court without unnecessary delay, and the same,
being so returned, shall be confirmed or again referred by the said court in the manner aforesaid, as right and justice shall require, and so, from time to time, until a report shall be made or returned in the premises, which the said court shall confirm, such report, when so confirmed, shall be final and conclusive as well upon the said municipality as upon the owners of the lands and real estate affected thereby; the said court shall thereupon cause a certified copy of such report and the accompanying map to be transmitted to the clerk of said municipality with a certified copy of the rule or order of said court confirming the same, which shall be forthwith delivered by the said clerk to the office of such municipality charged with the duty of collecting assessments for improvements.

6. No certiorari shall be allowed in any court to review any of the proceedings in relation to such improvement, nor to in any way affect any assessment made by such commissioners after the lapse of thirty days from the making of the order of the court confirming such assessment: the court shall designate what notice, if any, shall be given, by publication or otherwise, of the confirmation of the report of said commissioners.

7. All assessments made under the provisions of this act shall be and remain a first lien upon all the lands and real estate affected thereby from the time of the confirmation of the report by the court as aforesaid, notwithstanding any error or omission in stating the name or names of the owner or owners of any lot or parcel of such land or real estate, in the same manner and to the same extent that taxes are liens upon lots or tracts of land in such municipality which assessments shall bear interest at the rate of six per centum per annum, and shall become due and payable within six months from the date of such confirmation; provided, however, that the owner of any lot or parcel of land so assessed may pay the amount of the assessment imposed upon such lot or parcel of land, if he so elect, in ten equal yearly payments, with interest thereon from the date of the confirmation of the report, at
the rate of six per centum per annum, the first payment to become due in six months from the confirmation of said report and the remaining nine payments becoming due at successive periods of one year after the first payment; *provided, further,* that if any partial payment shall not be paid when due, then the whole amount of such assessment, with all arrearages of interest, shall forthwith become due and payable; *provided, further,* that if the owner or owners of any lot of land in said municipality shall have heretofore paid any sum of money for or on account of any assessment which may have been imposed upon said lot of land for the construction of said sewer or drain, the said payment so made shall be applied to or credited on account of any assessment which may be made against the said lot of land under the provisions of this act, and any surplus of said money which shall remain after making said appropriation or credit as aforesaid shall be repaid to the said owner or owners who shall have paid the same, or to his, her or their heirs, executors, administrators or assigns, as the case may be.

8. The said assessments and all arrearages of interest shall be collected by the sale of the lands upon which the said assessments are imposed, in the same manner that lands now are or may hereafter be sold in such municipality for the collection of delinquent taxes, under the laws applicable to such municipality.

9. The powers conferred by this act are additional to, and independent of any and all powers and authority conferred by any and all other act or acts.

10. This act shall take effect immediately.

The first trustees so created under this act shall prepare and sign a certificate reciting the adoption of the resolution by the employees as hereinbefore directed, the name adopted, the appointment of trustees, the organization and the names of officers and execution of the certificate, for the purpose of forming a corporation under this act for the purposes herein set forth, which certificate shall be recorded in the office of the clerk of the county wherein such corporation shall be organized, and shall then be filed in the office of the Commissioner of Banking and Insurance, at Trenton, in this State, and thereupon such trustees, their associates and successors, shall be and become a body politic and corporate in law with all the powers incident thereto.

The board of trustees is hereby empowered, in its judgment, to make it a condition of membership in the pension association hereby authorized to be formed, that each member shall sign an order on the city treasurer directing the retention of the amount of the assessment levied upon members of the pension association, to be paid over directly to the association by retention from his salary, or in the case of men on the weekly payroll an order on the disbursing officer to the same effect, and the city treasurer and any disbursing officer is hereby directed to make such retentions and payments as provided herein. Provided, that such retention from salary payments shall only become operative in the event of the

fund for five years, in the aggregate, all assessments

pension twenty per centum of the annual salary received
by such employee at the time of his retirement, and as
the number of years during which such employee has
paid into the pension fund all the assessments levied
by the trustees increases, the percentage of the amount
of the salary received by such employee at the time of
his retirement shall be increased at the rate of two per
centum for each additional year over five years, until
the total amount of such pension shall equal fifty per
centum of the salary received by such employee at the
time of his retirement, which payment of fifty per
centum of the annual salary would then be due any
employee so being retired after he has made payments
into the pension fund in the aggregate for twenty years.

II. If any employee of the board of street and water
commissioners, member of the pension association
hereby authorized to be formed, shall hereafter become
incapacitated, either mentally or physically, for the per-
formance of his duties, whenever such incapacity is the
result of injury received or illness incurred in the dis-
charge of his duties as an employee of such board of
street and water commissioners, he may be retired by
such board, and thereupon be entitled to receive from such pension fund, during the term of such incapacity or injury, an amount based on the number of years during which he has paid assessments levied by the board of trustees as herein provided, equal to the proportion of the salary being received at the time of such incapacity as herein provided for permanent retirement after due term of service.

III. 10. Persons employed by any such board of street and water commissioners at the time of the creation of the pension corporation or association in accordance with this act shall not be eligible to take advantage or become members of such pension association after the expiration of two years from the incorporation thereof, except by a two-thirds vote of the then members of any such pension association; and all persons coming into the employ of any such board subsequent to the formation of any such pension association shall not be entitled to take advantage of the provisions of such eligibility for membership in such pension association unless he shall, within two years after the date upon which he shall have been appointed, make application to the board of trustees for membership in such pension association, and such application, in either of these two classes, shall
be required to pay into such pension fund at the time of making such application a sum of money equal to two per centum of the salary of such employee from the date of his appointment to the date of such application; and no such application shall be antedated.

11. Any person who shall wilfully or knowingly swear falsely in any oath or affirmation for the purpose of obtaining or procuring any pension or the payment thereof, under the provisions of this act, shall be deemed guilty of perjury upon conviction thereof, and shall be punished by law for such crime.

The city clerk shall provide the boards of election with the necessary registry and other books, ballots and tally sheets necessary to carry out the "recall election."

9. The boards of election shall perform their duties as far as is applicable in the same manner as if they were conducting a general election.

If a majority of the electors voting at the "recall election" shall vote to recall the "incumbent," as evidenced by marking an X in the square upon the ballot opposite the word "Yes," then the office of the incumbent shall forthwith become vacant, and his term of office as commissioner shall immediately cease and determine.

If a majority of the electors voting at the "recall election" shall vote not to recall the "incumbent," as evidenced by marking an X in the square upon the ballot opposite the word "No," then the incumbent shall be entitled to the remainder of his term as commissioner, and shall not be subject to another recall within one calendar year from the date of the previous "recall election."

10. If the office of the "incumbent" shall become vacant either by his resignation, failure to file an incumbent's petition, or by the result of the "recall election," then his successor shall be the "nominee" receiving the highest number of votes at the "recall election," and such nominee shall be deemed to hold the office vacated by the incumbent for the remainder of the incumbent's term of office, and shall succeed to all the rights and duties of the office of commissioner in such municipality.

Any person who shall have been entitled to register and vote at the last general election shall be eligible as a "nominee" to succeed an incumbent.

11. Whenever the city clerk shall believe any petition for recall, petition for nomination, incumbent's petition, or other petition, shall be defective, he shall, before returning the petition as provided herein, present his objections in writing to the justice of the Supreme Court holding the circuit in which the municipality is
located. The justice shall proceed summarily to examine the objections of the city clerk, and shall forthwith make an order sustaining or overruling any or all of the objections, and such order shall be final and binding on all parties concerned.

12. In order to more fully carry out the spirit of this act and to prevent the failure of the "recall election" by reason of any conflict of laws, inadequacy of law, dispute, misunderstandings, or other cause, the justice of the Supreme Court holding the circuit in which the municipality is located shall have power upon complaint of the "agent," "city clerk," "incumbent," or "nominee," to make any order or regulation which in his judgment is necessary or convenient to enable a fair and impartial "recall election" to be held, and such order or regulation shall be final.

Such proceedings shall be summary and without notice. On the day that the recall election is to be held the said Supreme Court justice shall attend in some public place in the municipality, and then and there make any such additional order as may be necessary to carry out the "recall election."

13. In order to prevent an "incumbent" or other person acting either directly or indirectly in his behalf, from delaying or obstructing the "recall election," and thereby preventing the incumbent's removal, no writ or order issued out of any court in this State shall be allowed whereby the "recall election" is prevented, restrained, or delayed, but the "recall election" shall proceed, notwithstanding any proceedings which may be instituted in any court in this State whereby the legality of any of the petitions, acts, or elections permitted or authorized in this act are to be reviewed.

Such proceedings for review are not hereby restrained, but may proceed to final judgment, and if as a result thereof, it is determined that the incumbent has not been legally removed, then he shall be restored to his office and his salary for which term he has been removed shall be paid.

All acts of the boards of commissioners done while such incumbent was removed from his office shall be acts of commissioners lawful.

In addition to the powers herein expressly enumerated such city shall, in the construction and operation of said railroad, be vested with all the powers, rights and privileges granted to railroad companies under an act entitled "An act concerning railroads (Revision of 1903)," and the supplements thereto and amendments thereof, in so far as said powers, rights and privileges do not conflict with the express provisions of this act.

9. For the purpose of providing the necessary means for the construction or equipment, or both, as the case may be, or acquiring of such railroad, and for the acquiring by condemnation or purchase of any lands, property, rights, privileges and easements, whether of owners, abutting owners or others, and the necessary means to pay awards for damages for change of grade of the streets and to pay the expenses of proceedings to determine such damages, and to pay for the cost of laying out, opening, widening, altering, extending or
improving any new or existing public road, street or highway and the acquisition of land necessary therefor; it shall be lawful for said cities to issue bonds for any amount not exceeding in any one year the sum of five hundred thousand dollars. The aggregate of said bonds shall not exceed two million dollars. All bonds so issued shall bear interest at the rate not exceeding five per centum per annum, payable semi-annually, and shall be made payable at such time and place not exceeding fifty years from the date of their issue, as the governing body of said city shall determine. Said board may authorize the issue of said bonds by resolution, and specify therein the character of the bonds to be issued. It shall be the duty of the board or body having charge and control of the finances of said city to provide a sinking fund of such amount as shall amortize said bonds upon their due date, to be raised annually by taxes, and to provide also annually for the interest which may become due thereon; the moneys to be raised for the sinking fund to be paid annually to the sinking fund commissioner of said city; provided, however, that the governing body of said city may, in its discretion, provide for the expenditures herein authorized, in whole or in part, by the issue and sale from time to time of temporary bonds or obligations, such temporary bonds or obligations to run with all renewals for a term not exceeding five years from the date of their issue; and all such temporary loans or obligations shall be retired and paid for from the proceeds of the permanent bonds hereby authorized or by the use of other funds of the city available for that purpose.

10. All revenues received from the operation or rental of said railroad and its appurtenances shall be paid into the city treasury. All expenses and charges including the salaries or an equitable portion thereof of all city officials or employees having to do with said railroad shall first be paid out of said revenue; the balance shall be called net revenue. The net revenues derived from said railroad shall be devoted first to the payment of the interest which may accrue upon said
bonds, and to the sinking fund for their redemption and payment when due, and shall, where sinking fund commissioners exist in any such cities, be annually paid over to them for this purpose. In the event that at any time the net revenue derived from such railroad is, in the opinion of the said Board of Public Utility Commissioners, more than sufficient to provide for the redemption of such bonds at maturity, the excess revenues may be appropriated for any lawful purpose that such governing board or body may see fit. If at any time the net revenues from said railroad are insufficient to provide a fund sufficient to meet the annual interest due upon said bonds, and to furnish a sinking fund sufficient for their payment and redemption when due, it shall be the duty of such board or body to place annually in the tax levy and collect such sums in addition to the revenue aforesaid as will be sufficient to provide a fund to pay such interest and to redeem and pay such bonds at their maturity.

11. Said cities shall, in the location of the route of said railroad and in its manner of construction and operation, be subject to control by the Board of Public Utility Commissioners in this State and any lessee thereof shall be likewise subject in the operation of said road to the control of such board in the same manner as general railroads are now subject to the control and direction of such board.

12. No contract for the expenditure of a sum exceeding twenty thousand dollars for any purpose incident to the construction of said road or the operation thereof shall be entered into until the full terms thereof are approved by the Board of Public Utility Commissioners of the State.

13. In the laying out or construction of said railroad, if it shall be deemed to be desirable to acquire and use any railroad or portion thereof now in operation or hereafter to be operated by any corporation, partnership or individual, such road or part thereof as may be deemed desirable to acquire may be acquired on such terms and conditions as shall be found to be ad-

vantageous by the said governing body; provided, however, that in acquiring any such railroad or portion thereof the approval of the Board of Public Utility Commissioners shall be first had and obtained.

14. In the construction and operation of said railroad the said governing body may enter into contract or lease with any street railway company for the use of any of its property, franchises or privileges, provided such agreement is first approved by the Board of Public Utility Commissioners. And said governing body may, if it is deemed desirable from time to time, permit the relocation or change of location of the tracks or other property of any street railway company or railroad company for the purpose of facilitating or aiding in the construction of the said municipal railroad and for the purpose of facilitating or aiding in its operation. The said governing body may enter into contract or agreement from time to time with telephone companies, telegraph companies or other companies using the public highways for the relocation or change of location of wires, poles and other properties of such companies for the better facilitating the construction of said railroad and the operation thereof; all and any agreement for such purposes, however, to be first approved by the Board of Public Utility Commissioners.

15. The railroad built and operated under the provisions of this act shall not be subject to the payment of any taxes of any kind whatsoever, whether the same be operated by the city or by its lessee.

16. The power to lease such railroad shall include the right to lease the same to one or more railroad companies separately or jointly or to any individual, firm, copartnership or other corporation.

17. Incident to the authority given by this act said city shall likewise have the power to lay and construct and maintain and operate such sidings, switches and spurs as are found necessary or expedient or convenient for the use and operation of said railroad, and may extend or enlarge such railroad and its appurtenances. In the event of any such road when completed being
of grade.

18. Power is likewise conferred to change the grade of any street, road or public highway wherever the same is found necessary for the construction or operation of said railroad, but no public utility operating in any such street, road, or public highway shall be required to contribute to the cost of said change, including any necessary change in the location of the line or property of such public utility, any amount in excess of the special benefit accruing to said utility by reason of such change. In the construction of said railroad the governing body of the city shall have and is hereby granted power to enter into contract with any public utility company or any railroad company, or any other company or with any individual for the payment of the cost of any portion of the work involved, upon such terms and conditions as may be agreed upon between said city and said company or companies or individuals subject to the approval of the Board of Public Utility Commissioners.

19. If in the course of the construction or operation of said railroad the governing body of said city shall determine that public convenience and necessity in the construction and operation of said road require the use of the conduits, subways, tracks, wires, poles, pipes or other property or equipment or any part thereof in or along any street, highway or other public place belonging to any public utility, and it appears that the owner of such property and the said city cannot agree upon such use or the terms and conditions or compensation for the same, the Board of Public Utility Commissioners may by order direct that such use be permitted and prescribe just compensation and reasonable terms and conditions for such use; provided, that such use shall not be directed or required if the same will prevent or interfere with the performance of the public duties of the said public utility, or result in serious
injury to such public utility or the users thereof, or in any substantial detriment to the service or danger to the public or employees of said public utility; and provided, further, that the tracks, poles or equipment of a street railway company which does not carry freight or operate freight cars over such tracks shall not be used by said city or its lessee for the purpose of transporting freight or freight cars, without the consent of such street railway company.

20. The city constructing, operating or constructing and leasing said railroad and the lessee of said railroad, if there be a lessee, is hereby declared to be a public utility in relation to its railroad and shall comply with and be subject to all the provisions of the act entitled "An act concerning public utilities, to create a Board of Public Utility Commissioners and to prescribe its duties and powers," approved April twenty-first, one thousand nine hundred and eleven, and the supplements thereto and amendments thereof, and all the rights and privileges granted to public utilities by said act and its amendments and supplements are hereby granted to and conferred upon such city and such lessee.

21. Whenever the line or route of the railroad to be constructed under the provisions of this act intersects the line of the route of any other railroad or street railway company it shall be lawful to make a physical connection with the tracks so intersected or crossed upon such terms as shall be agreed upon between the said owner of such intersected or crossed road, in order to enable the cars of the one to run to the tracks of the other for the purpose of promoting the convenience of shippers of property, upon obtaining the consent of the Board of Public Utility Commissioners. The board after hearing upon notice by an order in writing may require any such railroad or street railway company which carries freight or operates freight cars over said tracks to make such physical connection of their tracks as hereinabove provided for.

22. Before any moneys are expended by any city under the provisions of this act for the actual construction of the railroad provided for hereby or for the
acquisition of any property, said city through its governing body shall adopt a route, which said route shall be submitted to the Board of Public Utility Commissioners for approval. Said route so adopted may be changed, altered or amended from time to time thereafter by resolution of the governing body of the city, subject to the approval of the Board of Public Utility Commissioners. After the approval of the route by the Board of Public Utility Commissioners the governing body of said city may proceed in the construction and development of said railroad in accordance with the terms and provisions of this act. Each and every bond issue contemplated or provided for in this act shall be approved by the Board of Public Utility Commissioners before the same shall become effective. In constructing said railroad the governing body may grant or award contract for the construction thereof as a whole or the construction thereof in sections. The size and extent of any section to be determined by the governing body. And in making such contracts the said governing body may separate the work of construction in such manner as shall deem desirable. In equipping said road the governing body of such city may award such contracts from time to time as it deems desirable and for so much of such equipment as may be deemed desirable from time to time.

23. In the erection and construction of said railroad and in the laying out of the route thereof and in the operation of said railroad, said city may utilize any lands or property owned by said city for any of the purposes of this act. The tracks of the railroad constructed under this act may be connected with the tracks of any railroad company or street railway company so as to facilitate the handling of freight or merchandise in its transportation from and to the railroad to be constructed under this act, and the governing body of the city or the lessee is hereby granted power to enter into contract or agreement in relation thereto and in the event of the refusal of any railroad company or street railway company which carries freight or operates freight cars over its said tracks to agree with said city
or to make such connection, the governing body of such city may apply to the Board of Public Utility Commissioners, which board is hereby authorized and empowered to grant such right of connection upon such terms and conditions as it shall fix and impose.

24. The governing body of such city is hereby authorized and empowered to employ engineers, surveyors and such other help, professional or otherwise, as may be required from time to time in the laying out of the route for said railroad, in the preliminary work incident thereto, and in the construction thereof; and the power hereinbefore granted to said governing body to issue bonds for the cost and construction of such railroad shall include the power to issue bonds for the employment of such services; and the governing body of said city is hereby vested with all the powers requisite to effectuate and carry out the full intent and purpose of this act.

All ordinances which do not conflict with the ordinances of such city shall remain in full force and effect and be enforced until amended or repealed.

2. That such consolidated city and its successors shall immediately become vested with all the property, real, personal and mixed, and all rights, privileges and choses in action which before such consolidation and until that time were vested in such borough or other municipality, or in any board, body or department thereof.

3. That such consolidated city shall be liable for the payment of the bonded and other indebtedness of such borough or other municipality, including that incurred for public schools, parks or other purposes, and shall perform all contracts for the construction of water...

5. That the term of office of all the officers of such
borough or other municipality shall expire when such
consolidation takes effect except that of member or
members of the board of chosen freeholders, whose
office or officers shall not be affected by such consolida-

6. That the clerk of such city shall perform all the duties with respect to elections in the different counties that were formerly performed by him and by the clerk of such borough or other municipality before such consolidation took place.

7. Commitments other than to the city jail shall be made to the jail of the county in which the offense was committed; bail in the case of crime and misdemeanors shall likewise be taken to run to such county, and all papers necessary to be sent to county officials shall be sent to the proper officers in the county wherein the charge is laid.

8. That the overseer of the poor of such borough or other municipality shall, upon such consolidation taking effect, turn over to the overseer of the poor of such city all funds, records and papers in his possession belonging to his office; and the overseer of the poor of such city shall become chargeable with the care and maintenance of all poor persons in or chargeable to such borough or other municipality.

9. That all State, county and municipal taxes and assessments shall be levied, assessed and collected by the officers of such consolidated city in both or all counties in which the same is located, under the same laws and in the same manner as they were levied, assessed and collected in such city before such consolidation. All laws and statutes relating to the levying, collection and lien of taxes and the enforcement thereof, and sale of lands thereunder applicable to such city before such consolidation, are hereby extended to cover all the territory within such city after consolidation, any law to the contrary notwithstanding. The lines of former taxing districts, however, shall not be changed so as

to interfere with the levying of county and State taxes. Separate duplicates shall be made for each county, so that the list of property in one county shall not be intermingled with that of another county. Return of delinquent taxes on real estate shall be made in each county in which such real estate may lie. Delinquent taxes and assessments, and taxes and assessments made or levied in such borough or other municipality before such consolidation, shall be collected by the collector of taxes of such city, who shall also make sale of lands for such purpose the same as the collector of taxes of such borough or other municipality could have done if such consolidation had not taken place. The board of equalization of taxes in any county wherein a borough or other municipality is consolidated with a city in another county, and the board of equalization of taxes of the county wherein such city is situate, shall act jointly in all matters relating to taxation in such borough or other municipality consolidated with such city. Notices or petitions of appeal may be filed with the clerk of either of such county boards.

10. That the fire, police and building departments and the board of health in such borough or other municipality shall cease to exist upon such consolidation, and the jurisdiction of the same or like departments and of the board of health of such city shall extend to and cover such former borough or other municipality. The firemen's relief associations shall merge into the firemen's relief association of such city. The members of the firemen's relief association in such former borough or other municipality shall be admitted as members of the firemen's relief association of such city on equal terms. The funds of such associations shall likewise merge, but if either association has a fund in excess per capita of the members of the other association at the time of such consolidation, then such excess shall be placed in reserve for the benefit of those who would be entitled thereto if such consolidation and merger had not taken place.

11. That licenses to keep inns and taverns and places for the sale of malt, vinous and spirituous liquors, at
wholesale and retail, in such borough or other municipality shall, after such consolidation, be granted and transferred by the excise board, common council or other body, or court, exercising such authority in such city under the laws governing the same, whose jurisdiction is hereby extended to cover such borough or other municipality consolidated with such city. The fees for such licenses shall be fixed by such licensing body or court and paid into the treasury of such city.

12. That the board of education in such borough or other municipality shall, upon such consolidation, cease and terminate, and such board shall turn over to the board of education of such city all its funds, books, papers and property, real and personal, of which it may be seized or possessed, and the board of education of such consolidated city shall immediately become seized thereof in its own right, and shall from henceforth exercise full jurisdiction and control over the public schools and school property within such former borough or other municipality. In order to prevent conflict of authority the jurisdiction of the county superintendent of public instruction in the county in which such city was wholly located before consolidation shall extend over all such city after its consolidation; and the jurisdiction of the county superintendent of public instruction in the county in which such borough or other municipality was located shall cease to that extent. The school register or some other record shall be kept so as to show the school attendance of pupils who reside in the different counties for the purpose of apportionment and receipt of the State fund.

13. That in order to facilitate the consolidation of any such city and borough or other municipality and to obviate or remedy any difficulty or inconvenience that may be anticipated or may occur, and to permit the transaction of public business in which such consolidated city is interested, the common council or other governing body thereof is hereby authorized to pass, amend and repeal ordinances from time to time and to enforce the same.
14. That if any matter in difference should arise within one year after the consolidation hereinbefore provided for shall take effect, between the inhabitants of that portion of the consolidated city formerly constituting such borough or other municipality and the inhabitants of the city as constituted prior to said consolidation, it shall be lawful for the council or other governing body of such city, borough or other municipality to apply to the Circuit Court of the county in which the city prior to the consolidation was located for the appointment of a commission of six persons, three of whom shall be residents of said city as it existed prior to consolidation, and three shall be residents of the part of the city formerly constituting such borough or other municipality, and said commission when appointed shall hear such matter in difference and make such order touching the same as shall be just and reasonable, which order may be enforced, if necessary, by mandamus issued by the Supreme Court. The council or other governing body of such borough or other municipality shall continue in office for one year after such consolidation shall take effect, for the purpose of making such application if deemed necessary.

Provided, nothing in this act shall in any way apply to or affect the consolidation of two or more municipalities heretofore accepted by a majority of the legal voters of one or more municipalities authorized under any general or special law of the State of New Jersey to consolidate.

15. That if any section hereof shall be held to be invalid it shall not invalidate the whole of this law nor any other part thereof.

16. That all laws or parts of laws inconsistent herewith be and the same are hereby repealed, and that this act shall take effect immediately.

Approved April 21, 1915.
CHAPTER 375.

A Supplement to an act entitled "An act concerning the settlement and collection of arrearages of unpaid taxes, assessments, and water rates or water rents in towns, townships, boroughs or other municipalities, except cities of this State, and imposing and levying a tax, assessment and lien in lieu and instead of such arrearages, and to enforce the payment thereof, and to provide for the sale of lands subject to future taxation and assessment," approved May eighteenth, one thousand eight hundred and ninety-eight.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. In any proceeding now pending or which may hereafter be brought under the act to which this is a supplement, in case the residence within the State of any person or persons having an estate or interest in or mortgage or other lien upon any lands or premises upon which the arrearages of taxes, assessments, water rents or water rates have been or may be adjusted and collected in pursuance of the provisions of the said act, cannot, upon due and careful inquiry be ascertained, then any notice or order to show cause required by the said act, or this or any other supplement thereto, to be given to him or them may be served by publishing the same in a newspaper published or circulating in the town, township, borough or other municipality in which the lands are situated for six weeks, consecutively, at least once each week, and by mailing a copy of such notice or order to show cause within twenty days of its first publication, enclosed in a wrapper, post-paid, directed to such owner, mortgagee, lienor or other person interested in or having a lien upon said lands and premises at his, her or their last known post-office ad-

dress or addresses, if the same can be ascertained; in case such owner, mortgagee, lienor or other party having an interest in or lien upon the said lands or premises be a corporation heretofore created under any law of this State, and by reason of its dissolution its directors or any other persons have become trustees for the purpose of winding up its affairs, such notice or order to show cause to said corporation may be served personally upon any such trustee, or, if there be no trustee surviving, then such notice or order to show cause to said corporation may be served upon the eldest son of the trustee who last survived; in case such owner, mortgagee, lienor or other party having an interest in or a lien upon said lands and premises be a receiver of a corporation, organized under the laws of any foreign state or be a foreign corporation, and his or its residence cannot, upon due inquiry, be ascertained, then such notice or order to show cause may be served by publishing the same in a newspaper published or circulating in the town, township, borough or municipality in which the lands are situated, for six weeks consecutively, at least once in each week, and by mailing a copy of such notice or order to show cause within twenty days of its first publication, enclosed in a wrapper, postpaid, directed to such receiver or such corporation at his or its last-known address, if the same can be ascertained; inquiry for the residence or post-office address of any such owner, mortgagee, lienor, receiver, corporation, or other persons having an interest in or lien upon said lands and premises, shall be made by the counsel, attorney or agent of the commissioners in charge of the said proceedings, or, by the purchaser, including the municipality, or his or its grantee, successor, or assignee, or his, her, their or its counsel, attorney or agent, upon the lands purchased at the sale, if they are occupied, and wherever else in the town, township, borough or other municipality the information is likely to be ascertained, and also by an examination of the record of the deed, mortgage or other instrument or record on account of which such notice is given; an affidavit shall be made by the counsel, attorney or agent of the com-
missioners or by the purchaser, including the munici-
pality, his, her, their or its grantee or assignee or his,
her, their or its counsel, attorney or agent, setting forth
the manner and particulars of the service and, in case
the same is made by publication, setting forth what in-

other person having an interest in or lien upon said
lands and premises, and, in such case, an affidavit of
the publication shall also be made by the person pub-
lishing such newspaper, or by some one in his employ
having cognizance of the publication, stating the par-
ticulars thereof; and the affidavit or affidavits shall be
filed in the office of the clerk of the Circuit Court of
the county within one month after the date of service
and shall be prima facie evidence in all courts and
places of the facts therein stated.

2. In any case where any commissioners of adjust-
ment, appointed under the provisions of the act to
which this is a supplement, shall have filed their report
with the Circuit Court of the county, and such proceed-
ings have been had upon said report that the said court
has confirmed the said report and has ordered a sale of
the lands therein mentioned, but no sale in pursuance
thereof has been had, and it has been discovered that
any owner or owners, mortgagee or mortgagees, lienor
or lienors or other person or persons interested in or
entitled to receive any notice or any order under the
said act, has or have not been made parties defendant or
has or have not been served with any notice or order
to show cause required to be served upon him or them,
then in that case the said commissioners of adjustment
may make application to the court (which application
shall set forth the circumstances of the case) asking
that the said order confirming their report, insofar forth
only as concerns any such lot or lots, parcel or parcels,
tract or tracts of land, the owners, mortgagees, lienors
or other persons interested in which have not been
made parties defendant or served with any notice or
order to show cause as aforesaid, and the court on
being satisfied of the truth of the allegations of the said application may make an order modifying or opening said order of confirmation, and may refer back to the said commissioners its report insofar as may be necessary to correct any error or errors as aforesaid in the proceedings, or any other errors affecting such particular lots, parcels or tracts of land, and no further, and to reconsider the subject matter thereof; and the said commissioners shall reconsider their report and take such proceedings as may be necessary to correct the said errors or errors in the proceedings and shall, upon some day to which the matter shall be adjourned, which adjournments from time to time the court may make, return the same, with such report as may be made by them in the premises to the said court, without unnecessary delay; and the same on being so returned shall be confirmed or again referred back by the said court, in the manner aforesaid, and as right and justice may require, and so from time to time until their report shall be made or returned in the premises, which the said court shall confirm, and when the said report shall be so confirmed a sale may be ordered and had in accordance with the provisions of the said act to which this is a supplement.

3. That in any case where the commissioners of adjustment appointed under provisions of the act to which this is a supplement, shall have filed their report with the Circuit Court of any county, and the said court shall have thereafter made an order directing the owner or owners, mortgagee or mortgagees, lienor or lienors, of each lot or parcel of land affected by said report to show cause why the said report should not be confirmed and the lands sold in fee simple, free and clear from any estate in or lien upon the same, as required by the act to which this is a supplement, and certified copies of said order to show cause, through inadvertence or otherwise, shall not have been served upon all of the owners, mortgagees, lienors or other persons interested and entitled by law to notice, and such owner or owners, mortgagee or mortgagees, lienor or lienors, or other persons interested in said lands shall have had no notice
of the sale of said lands, and upon the return day of
such order to show cause or the day to which the same
may have been adjourned, said Circuit Court shall
have confirmed the said report of the commissioners of
adjustment, and there shall have been, subsequent to
such confirmation, a sale of such lands by the collector
of taxes of the said town, township, borough or other
municipality, and the said lands shall have been pur-
chased by any purchaser or purchasers, including the
municipality, who shall have received from the said col-
clector of taxes a certificate of sale of, or a deed for,
said lands, and it shall thereupon appear that any owner
or owners, mortgagee or mortgagees, lienor or lienors,
or other persons interested and entitled to receive notice
of such sale, shall not have been made parties de-
fendant or served with the order to show cause or with
notice of the proceedings upon which the report of the
said commissioners of adjustment was confirmed by the
said court and required by the act to which this is a
supplement; that then, and in that case, the said com-
mis c i oners of adjustment or their successors in office or
such purchaser or purchasers heretofore or hereafter
of lands sold pursuant to this act, and any subsequent
purchaser, grantee of the title to said lands acquired at
such sale, may, provided the said subsequent purchaser,

in which said lands are situate, in order to perfect his
or their title in fee simple as contemplated by the said
act, to which this is a supplement, may present a peti-
tion to the Circuit Court of the county in which such
town, township, borough or other municipality is situate,
setting forth all the facts concerning the former report,
the order to show cause served upon the defendants,
owners, mortgagees, lienors or other persons interested,
and the confirmation of said report and sale of lands,
and further setting forth the names of the defendants
or owners, mortgagees, lienors or other persons
interested, who were not properly served with
the order to show cause or notice of the proceedings
as aforesaid; and, in addition setting forth any taxes,

4. The said commissioners of adjustment or the purchaser, his or its heirs, successors or assigns, upon the granting of the order herein provided for, shall give notice to all persons who were entitled to or who were not served with notice or with order to show cause, at the time that the said adjustments respectively were made or who have since acquired an interest in the lands so sold, if any appear of record; setting forth the date of sale, the date of their deeds respectively and when they were recorded, a description of the land taken from said deed and the amount for which the same was sold, requiring the said owner or owners, mortgagee or mortgagees, lienor or lienors, or other persons interested, or having a lien upon the said lands and premises, who may desire to redeem the said lands, to pay the said amount with legal interest from the date of sale to the date of redemption, together with all subsequent taxes, assessments, water rates or water rents and all fees now allowed by law, to redeem within six months from the date of the service of the said notice and the notice so given under such order of the said court shall be as valid and effectual in all respects as if given on the filing of the original report of the commissioners of adjustment.

An Act to amend an act entitled "An act to prevent unfair competition and unfair trade practices," approved April first, nineteen hundred and thirteen.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section one of the act to which this act is an amendment is hereby amended to read as follows:

1. It shall be unlawful for any merchant, firm or corporation to appropriate for his or their own ends a name, brand, trade-mark, reputation or good will of any maker in whose product said merchant, firm or corporation deals, or to discriminate against the same by depreciating the value of such products in the public mind, or by misrepresentation as to value or quality, or by price inducement, or by unfair discrimination between buyers or in any other manner whatsoever, except in cases where said goods do not carry any notice prohibiting such practice, and excepting in case of a receiver's sale, or a sale by a concern going out of business. The notice prohibiting such practice shall contain a copy of this section and forbid the violation of any of its provisions.

2. This act shall take effect immediately.

Approved April 21, 1915.
CHAPTER 377.

An Act to provide for the laying and construction of water mains and water pipe lines by municipalities, and for paying part or all of the cost thereof by assessment on the lands specially benefited.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Wherever used in this act the word "municipality" means and includes any city, town, township, borough, village or other municipality, but does not include counties.

2. Subject to the provisions of this act, every municipality in this State shall have full power and authority, through its proper boards and officials, to lay or construct water mains and water pipe lines to connect with the plant, mains, or pipes of any water supply system in order that water may be supplied and furnished from said water supply system to any lands and premises in said municipality not so supplied heretofore, and to assess part or all of the cost of such main or pipe line upon the lands specially benefited thereby.

3. The governing board or body of any municipality may, at any time, cause plans and specifications to be prepared for such water main or water pipe line; and they may then advertise for bids for and award contracts for the laying and construction thereof, in the same manner as in the case of contracts for street improvements in such municipality; provided, however, that such award of contracts shall be provisional only and said contracts not become effective and binding until confirmed as hereinafter provided in section six. Upon the provisional award of any such contracts the contractor shall be required to give a bond with proper surety or other security sufficient to indemnify said municipality against loss or damage occasioned by the

failure of such contractor to proceed properly with the work after the confirmation of the contract.

4. Said governing board or body, at any time either before or after the said provisional award of contracts, may enter into an agreement with the person, firm, or corporation operating the water supply system with which said proposed water main or water pipe line is intended to be connected; which said agreement shall be for a term of not more than ten years, shall provide for connecting said proposed main or pipe line with said system, and for the use of said proposed main or pipe line by said operator for the purpose of furnishing water through it; and shall contain provisions requiring said person, firm, or corporation, at his, their, or its expense, to maintain said main or pipe line and keep the same in good repair, and may provide for the payment by such person, firm or corporation of a specified part of the cost of such main or pipe line; and shall contain such other provisions, not inconsistent with this act, as said municipality and said person, firm or corporation may agree upon; provided, however, that such agreement shall not be binding or valid until it shall have been approved by the Board of Public Utility Commissioners of this State.

In case any such person, firm or corporation operating a water supply system and such municipality shall be unable to agree upon the terms of such agreement, or in case said person, firm, or corporation shall refuse or fail to enter into such agreement, the said Board of Public Utility Commissioners may and shall have full power to, upon hearing after notice, make an order or orders fixing the terms of such agreement and requiring said person, firm, or corporation to accept and execute the same; and obedience to such order may be enforced and failure to obey may be punished in the same manner as in the case of other orders of said Board of Public Utility Commissioners.

5. The cost of any water main or water pipe line laid and constructed under this act, less the amount, if any, which is to be paid by the operator of the water supply
system, shall be raised by assessments on the lands specially benefited thereby, each parcel of such land being assessed in proportion to the amount of special benefits accruing to it; provided, however, that no parcel shall be assessed for more than the amount it is so benefited. Whenever contracts for any proposed water main or pipe line have been provisionally awarded and an agreement made with the operator of the water supply system with which it is to connect as hereinbefore provided, the governing body of the municipality may then proceed to prepare or cause to be prepared a preliminary assessment report and map which shall show the probable total cost of said proposed water main or pipe line, based upon the contracts provisionally awarded, and shall show the amount, if any, to be paid by the said operator, and the probable amount to be assessed on each parcel of land specially benefited; and for the purpose of preparing such report and map said governing body may hold public hearings thereon. When said preliminary report and map are completed the said governing body shall cause the same to be filed in the office of the clerk of the municipality and shall apply to a judge of the Circuit Court in said county to fix a time and place for hearing objections to said preliminary assessment; said judge shall fix a time and place within said municipality for that purpose; and notice of the time and place so fixed and the purpose of the hearing shall be published once a week for three weeks in two newspapers, to be designated by said judge, circulating in said municipality, and such notices shall state that the preliminary assessment report and map is on file in the office of the clerk of the municipality, and such notice shall also be given in any other manner that said judge may direct; said judge and the governing body of said municipality shall attend at the time and place so fixed and at such other times and places as said hearing may be adjourned to; and said judge shall hear any objections to said preliminary assessment; and he may direct such changes and amendments to be made therein as he deems necessary in order to make a proper, just, and legal assessment, and the said governing body
shall make all changes and amendments so directed to be made; and whenever said judge is satisfied that said preliminary assessment is proper, just and legal, he shall make an order approving it; provided, however, that no such assessment shall be approved if objections thereto in writing shall have been presented to said judge, and not withdrawn, by the owner or owners of lands liable to more than one-half of the total assessment as fixed by said preliminary report.

6. Whenever such preliminary assessment report has been approved by the said judge, the said governing body shall confirm the award of contracts theretofore provisionally made, and said contracts shall thereupon become and be valid and binding; and the work upon said water main or water pipe line shall be proceeded with under the direction of the proper officials of said municipality.

7. When said water main or water pipe line is completed the governing body of said municipality shall prepare or cause to be prepared a final assessment report and map, which shall be the same as the preliminary assessment as approved by the judge of the Circuit Court, except that the assessments on the various parcels of land shall be increased or decreased, proportionately, to such extent as is necessary in order to conform to the actual cost of said water main or water pipe line; and when said final assessment is completed said governing body shall adopt a resolution confirming it; provided, however, that if the actual cost is the same as the estimated cost upon which the preliminary assessment was based, it shall not be necessary to prepare a new report and map, but the preliminary assessment shall be confirmed as above provided. When said assessment has been so confirmed, a certified copy of the report and map as confirmed and of the resolution of confirmation shall be filed in the office of the clerk of the county in which the municipality is situated.

8. Such part of the cost of said water main or water pipe line as is to be raised by assessment shall be paid for by temporary bonds or improvement certificates, to
be issued by the municipality in question as directed by
the governing body thereof, which shall be payable at
the option of the municipality and within six years from
the date thereof and shall bear interest at a rate not
exceeding five per centum per annum, payable semi-
annually.

9. After the confirmation of said assessment as herein
provided, the property owner or owners shall have five
years from the date when the annual tax is payable,
next after the making of the aforesaid assessment, in
which to pay the same; the amount assessed against
each piece of property shall bear interest at the rate
of six per centum per annum from thirty days after the
date of confirmation, or in five equal annual install-
ments as follows: the first installment is to be due and
payable when the annual tax is payable, and each install-
ment thereafter shall be due and payable on and after
the date of payment of annual taxes of each year in
said municipality, together with interest computed at
the rate aforesaid from the date aforesaid upon the un-
paid balance of such assessment; and the property
owner or owners shall, at any time after the aforesaid
confirmation, have the right to pay the said assessment
or any amount remaining unpaid thereon, with interest
as aforesaid, from thirty days after the date of confirma-
tion to the date of payment; all payments herein provided
for shall be paid to the official or officials authorized to
receive the payment of assessments in such municipality.

10. Every assessment made as provided in this act
shall be and remain a first lien upon the premises against
which it is levied from the date of the confirmation of
the assessment until paid; and all property against
which said assessment is made shall be subject, as to
each annual installment, to the laws now in force for
the collection of taxes and assessments, and all such
assessments and installments shall be enforced and col-
clected in the manner now or hereafter provided by law
for the collection of taxes and assessments.

11. Every water main or water pipe line constructed
under this act shall be and remain at all times the prop-
erty of the municipality constructing it.
12. The powers conferred by this act are additional to, and independent of, any and all powers and authority conferred by any and all other act or acts.
12. This act shall take effect immediately.
Approved April 21, 1915.

Said work of codification shall continue, from year to year, after the principle herein set forth, with the idea of preserving, in concrete form, the history and development, or evolution, so to speak, of the shell fish industry of this State, thereby contributing materially to a better and more comprehensive understanding of all laws relating thereto, and of the powers and duties devolved upon the department by said acts.

13. Whenever in any act the words, "the State Bureau of Shell Fisheries," "the State Oyster Commission," "the Oyster Commission for the District of Ocean County," "the Oyster Superintendent for the District of Ocean County," "the Oyster Commission for the District of Atlantic County," "the Oyster Superintendent for the District of Atlantic County," "the Oyster

CHAPTER 396.

An Act to authorize the State Water-Supply Commission to purchase or acquire, for the purpose of appropriating and conserving the potable waters thereon to the general and common use of the inhabitants of the State, all of the lands, premises and water rights now owned by the estate of Joseph Wharton, deceased, situate in the townships of Medford, Shamong, Tabernacle, Woodland, Washington and Bass River, in Burlington county, New Jersey, and the townships of Waterford and Winslow, in Camden county, New Jersey, and the town of Hammonton, and the township of Mullica, in Atlantic county, New Jersey, and to provide for the cost of the acquisition thereof by the issuance of the bonds of this State to the amount of one million dollars, in conformity with article IV, section VI, paragraph 4, of the Constitution of this State.

WHEREAS, For the purpose of appropriating and conserving the potable waters of this State to the general and common use of the inhabitants thereof, the State Water-Supply Commission, in accordance with the laws creating and defining the powers and duties of the said commission, with the consent and approval of the Governor of the State, has heretofore entered into a contract with the executors of the estate of Joseph Wharton, deceased, for the purchase of all the lands and premises owned by the said estate of Joseph Wharton, deceased, situate in the townships of Medford, Shamong, Tabernacle, Woodland, Washington and Bass River, in Burlington county, New Jersey, and the townships of Waterford and Winslow, in Camden county, New Jersey, and the town of Ham-
monton, and the township of Mullica, in Atlantic county, New Jersey, and said contract having provided for the issuance of bonds of the said commission in the sum of one million dollars to be secured by a mortgage upon the said lands and premises and certain funds therein more particularly mentioned; and

WHEREAS, It has been determined that such contract was void because the issuance of such bonds by the said commission would be contrary to the provisions of the Constitution of this State, unless the approval thereof, after submission to a vote of the people of the State, had been had, in conformity with article IV, section VI, paragraph 4, of the Constitution of this State; and

WHEREAS, The Legislature is of the opinion that the said lands and premises and the water rights thereon should be purchased or acquired by the said commission for the purpose aforesaid; provided, that the issuance of bonds of the State of New Jersey to the amount of one million dollars, to provide the cost of the acquisition thereof, shall be approved by a vote of the people of the State, as required by article IV, section VI, paragraph 4, of the Constitution of this State; therefore,

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The State Water-Supply Commission is hereby authorized to purchase or acquire, for the purpose of appropriating and conserving the potable waters thereon to the general and common use of the inhabitants of the State, all of the lands, premises and water rights now owned by the estate of Joseph Wharton, deceased, a map of which is on file in the office of the Secretary of State, said lands being situate in the townships of Medford, Shamong, Tabernacle, Woodland, Washington and Bass River, in Burlington county, New Jersey, and the townships of Waterford and Winslow, in Camden county, New Jersey, and the town of Hammonton, and the township of Mullica, in Atlantic county, New Jersey.

2. The bonds to be issued under the authority of this act shall be known as State Water Bonds. The total
issue of such bonds under the authority of this act shall be one million dollars. They shall bear interest at the rate of four per centum per annum, shall run for a period of thirty years, may be either registered or coupon bonds, and may be issued in denominations of one thousand dollars, five hundred dollars and one hundred dollars. There shall be created a sinking fund for the payment of said bonds when due. This fund shall be established by the payment of two per centum per year on the amount of said bonds issued, which payment shall be made at the end of each year after the bonds are issued, and said fund shall be held by the State in a separate account under the joint supervision of the State Water-Supply Commission and the State House Commission, which latter commission is hereby authorized to invest said fund in securities (except mortgages on real estate) in which trust funds are now by law authorized to be invested. The execution and delivery of the said bonds shall be directed by a resolution of the said State Water-Supply Commission, and each of the said bonds shall be signed in the name of the State by the Governor thereof, and the great seal of the State shall be affixed thereto and attested by the Secretary of State, and each of the said bonds shall also be countersigned by the Comptroller of the State of New Jersey.

3. The revenue received by the State Water-Supply Commission from the lands, premises and water rights, purchased or acquired under authority of this act, or in accordance with contracts made pursuant to the laws governing said commission in connection with the use of such lands, premises and water rights, for the purchase of which the bonds authorized by this act are to be used, shall be, after deducting therefrom the necessary expenses in connection with such properties, turned over to the State treasury, and shall be used by the State under the direction of the State Water-Supply Commission to apply upon the payment of interest and sinking fund on the bonds herein authorized to be issued, and there is hereby appropriated from funds in the State treasury from year to year as interest and sinking fund payments shall become due on the bonds herein author-
ized to be issued, sixty thousand dollars each year or so much thereof as may be necessary to make up any deficiency in the sums so received as income from such property and the amount of such interest and sinking fund; and if at any time when such interest and sinking fund payments become due the amount of money in the State treasury and appropriated for such purposes shall be insufficient to pay such difference between moneys received as income on the property and the amount of such interest and sinking fund due upon said bonds, or if the funds derived from such revenues and from the appropriations made or to be made from the money from time to time in the State treasury shall not be sufficient to provide for the payment of the interest from time to time falling due on all of the said bonds and the payment of the principal of all of the said bonds at maturity, any such deficiency shall be raised by a State tax.

4. The State Water-Supply Commission is hereby authorized upon the consummation and execution of a contract with the representatives of the said Joseph Wharton estate for the purchase of its said lands, premises and water rights to offer for sale at public sale part or all of the said one million dollars of the said State water bonds, after due advertisement by publication once a week for two weeks in two or more newspapers published in this State, bids for the same to be received by the State House Commission, which bonds shall be sold for not less than par, and the proceeds of the sale of said bonds, including any premium thereon, shall be held by the State Treasurer, to be paid over by him upon the warrant of the State Water-Supply Commission in payment of the purchase price and the expense of the acquisition of the said lands, premises and water rights.

5. In lieu of the sale of part or all of said bonds the State Water-Supply Commission is hereby authorized to contract with the representatives of the said Joseph Wharton estate for the delivery of all or so much of said one million dollars in bonds as may be agreed upon for the purchase of said lands, premises and water rights of the said Joseph Wharton estate.
6. The administration and development of the lands, premises and water rights which may be acquired in pursuance of this act in conjunction with other acts relating to the powers and duties of the State Water-Supply Commission is hereby vested in said State Water-Supply Commission.

7. The provisions of this act shall not take effect until this act shall, at a general election, have been submitted to the people and have received the sanction of a majority of all the votes cast for and against it at such election.

8. It shall be the duty of the Secretary of State to arrange in accordance with the statutes of the State in such case made and provided for the submission of this act to the vote of the people of the State at the next general election for members of the Assembly, of which submission the same notice shall be given as is required by law to be given of said general election, and the people of the State may at such election decide upon the acceptance or rejection of this act in the following manner: There shall be printed on each official ballot underneath the names of the candidates the following:

CHAPTER 412.

An Act to authorize each city in this State to build and construct, operate, equip, maintain, or lease for the purpose of having maintained, a railroad running through, upon, along and over the streets, roads and public highways of said cities and through and over such property as may be necessary to be acquired for that purpose by said cities; authorizing said cities to acquire property where necessary therefor, and to lay out, open, widen, alter, extend, improve and vacate any new or existing public road, street or highway, and authorizing the issuance of bonds to pay for the cost of acquiring such property, constructing such railroad, equipping and maintaining same, and to pay for the cost of laying out, opening, widening, altering, extending or improving any such public road, street or highway.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Each city in this State shall have and is hereby given power and authority to build, lay and construct,
lease and operate a railroad, either single or double track, through, over and upon public streets, roads and highways of said city and through, over and upon such private property as may be necessary therefor; but no such railroad shall be constructed at grade through, over or upon any public street without the consent of the Board of Public Utility Commissioners.

2. It shall also be lawful for said cities, when said railroad shall be constructed, to equip the same with cars, locomotives and other necessary means for transporting passengers, goods, wares and merchandise.

3. Every such railroad when so constructed may be operated either by steam locomotives or electric power, or by such other means as may be necessary or convenient in the judgment or discretion of the governing body of said city.

4. It shall be lawful for the governing body of said city after said railroad shall have been constructed to lease the same and all equipment to any person, firm or corporation to operate and maintain the same upon such terms and for such period of time as shall seem most advantageous to the said governing body of said city. Before any such lease shall be effective it must be approved by the Board of Public Utility Commissioners. And it shall likewise be lawful for the governing body of said city to incorporate in such lease a provision that: the rates charged or to be charged by said lessee for transportation of passengers, goods, wares and merchandise upon and along such railroad shall be subject to the revision and control of the said governing body, and the approval of the Board of Public Utility Commissioners. Such other provisions as are not inconsistent with the laws of this State or the express provisions of this act may be incorporated in and made a part of such lease. In the event of such city leasing said railroad, or any part thereof, for operation, the amount charged for such privilege may be a fixed annual sum or a share of gross receipts or a share of net receipts. Any contract for private operation or use of the railroad built under the provisions of this act shall contain a provision whereby the city at any time after ten years may ter-

minate the same upon terms to be fixed in said contract upon giving one year's written notice of its intention so to do. Upon termination of the lease by the city pursuant to the privilege so reserved the city shall purchase any equipment actually used in the operation of said road and furnished by the lessee in accordance with the terms and provisions of the lease at an amount agreed upon between the owner thereof and the city; or, in the event of failure to agree, at an amount to be fixed by the Board of Public Utility Commissioners, after hearing.

5. It shall be lawful for said cities to acquire any and all property, which in the opinion of the governing body of said city it shall be necessary or expedient to acquire for the purpose of constructing, equipping, or operating said railroad or any portion thereof, including the purchase of the fee simple wherever deemed necessary or the acquisition of easements. Said right to acquire property shall also include the right to acquire by condemnation or otherwise the rights of owners of lands abutting upon the public roads, streets and highways through which said railroad shall run. In the event of it being necessary to acquire such rights or any property by condemnation the same shall be conducted under the provisions of the act entitled "An act to regulate the ascertainment and payment of compensation for property condemned or taken for public use" (Revision of 1900), and any supplements or amendments of said act so far as applicable.

6. The authority conferred under the provisions of this act shall include the right to lay out, open, widen, alter, extend, improve and vacate any new or existing public road, street or highway wherever deemed necessary by the governing board of said city. The right to acquire property shall also include the right to cross intersecting streets, either above or below grade, and to cross other railroads, or street railways or canals, either above or below grade, without any cost or expense either for construction or maintenance to said other railroad, street railway or canal. It shall also be lawful for said cities to acquire, where necessary, the lands of any
county park situated in said city where the same are not actually under development for park purposes, and also to acquire the lands of any cemetery where the same are not actually used for burial purposes.

7. It shall be lawful for said cities in the acquisition of property necessary for the construction or operation of such railroad to acquire from time to time and to hold and use all such real estate and other property as may in the judgment of said governing body be necessary for terminal purposes and for the construction and maintenance of the said railroad, stations, branches, sidings, car yards, engine houses, repair shops and other accommodations necessary to accomplish the object or purpose of said governing body, and to sell land thus acquired where not necessary for such purposes and objects; provided, however, that the property of any company organized for the purpose of constructing or operating a canal in New Jersey shall not be liable to be taken under any proceedings in condemnation under the authority of this act, nor shall the property of any such company be purchased for the purposes or uses specified in this act; provided further, that the property of any public utility company of this State shall not be liable to be taken under proceedings in condemnation under authority of this act, nor shall the property of any such company be used without its consent for the purposes or uses specified in this act.

8. In addition to the powers herein expressly enumerated such city shall in the construction and operation of said railroad be vested with all the powers, rights and privileges granted to railroad companies under an act entitled “An act concerning railroads (Revision of 1903),” and the supplements thereto and amendments thereof, in so far as said powers, rights and privileges do not conflict with the express provisions of this act.

9. For the purpose of providing the necessary means for the construction or equipment, or both, as the case may be, or acquiring of such railroad, and for the acquiring by condemnation or purchase of any lands, property, rights, privileges and easements, whether of owners, abutting owners or others, and the necessary
means to pay awards for damages for change of grade of the streets and to pay the expenses of proceedings to determine such damages, and to pay for the cost of laying out, opening, widening, altering, extending or improving any new or existing public road, street or highway and the acquisition of land necessary therefor, it shall be lawful for said cities to issue bonds for any amount not exceeding in any one year the sum of five hundred thousand dollars. All bonds so issued shall bear interest at the rate not exceeding five per centum per annum, payable semi-annually, and shall be made payable at such time and place, not exceeding fifty years from the date of their issue, as the governing body of said city shall determine. Said board may authorize the issue of said bonds by resolution, and specify therein the character of the bonds to be issued. It shall be the duty of the board or body having charge and control of the finances of said city to provide a sinking fund of such amount as shall amortize said bonds upon their due date, to be raised annually by taxes and to provide also annually for the interest which may become due thereon; the moneys to be raised for the sinking fund to be paid annually to the sinking fund commissioner of said city; provided, however, that the governing body of said city may in its discretion provide for the expenditures herein authorized in whole or in part by the issue and sale from time to time of temporary bonds or obligations, such temporary bonds or obligations to run with all renewals for a term not exceeding five years from the date of their issue; and all such temporary loans or obligations shall be retired and paid for from the proceeds of the permanent bonds hereby authorized, or by the use of other funds of the city available for that purpose.

10. All revenues received from the operation or rental of said railroad and its appurtenances shall be paid into the city treasury. All expenses and charges including the salaries or an equitable portion thereof of all city officials or employees having to do with said railroad shall first be paid out of said revenue; the balance shall be called net revenue. The net revenues derived
from said railroad shall be devoted first to the payment of the interest which may accrue upon said bonds, and to the sinking fund for their redemption and payment when due, and shall, where sinking fund commissioners exist in any such cities, be annually paid over to them for this purpose. In the event that at any time the net revenue derived from such railroad is in the opinion of the said Board of Public Utility Commissioners more than sufficient to provide for the redemption of such bonds at maturity, the excess revenues may be appropriated for any lawful purpose that such governing board or body may see fit.

If at any time the net revenues from said railroad are insufficient to provide a fund sufficient to meet the annual interest due upon said bonds, and to furnish a sinking fund sufficient for their payment and redemption when due, it shall be the duty of such board or body to place annually in the tax levy, and collect such sums in addition to the revenue aforesaid as will be sufficient to provide a fund to pay such interest, and to redeem and pay such bonds at their maturity.

11. Said cities shall in the location of the route of said railroad, and in its manner of construction and operation, be subject to control by the Board of Public Utility Commissioners in this State, and any lessee thereof shall be likewise subject in the operation of said road to the control of such board in the same manner as general railroads are now subject to the control and direction of such board.

12. No contract for the expenditure of a sum exceeding twenty thousand dollars for any purpose incident to the construction of said road or the operation thereof shall be entered into until the full terms thereof are approved by the Board of Public Utility Commissioners of the State.

13. The power to lease such railroad shall include the right to lease the same to one or more railroad companies separately or jointly, or to any individual, firm, copartnership or other corporation.

14. Incident to the authority given by this act said city shall likewise have the power to lay and construct
and maintain and operate such sidings, switches and
spurs as are found necessary or expedient or convenient
for the use and operation of said railroad, and may
extend or enlarge such railroad and its appurtenances.
In the event of any such road, when completed, being
operated, conducted or maintained by the city construct­
ing the same, such city may charge and collect fares and
charges for transportation of passengers, goods, wares
and merchandise; said fares and charges to be fixed
from time to time by the governing body of such city.
15. The city constructing, operating or constructing
and leasing said railroad and the lessee of said railroad,
if there be a lessee, is hereby declared to be a public
utility in relation to its said railroad and shall comply
with and be subject to all the provisions of the act entitled
"An act concerning public utilities, to create a Board
of Public Utility Commissioners and to prescribe its
duties and powers," approved April twenty-first, one
thousand nine hundred and eleven, and the supplements
thereto and amendments thereof, and all the rights and
privileges granted to public utilities by said act and its
amendments and supplements, are hereby granted to and
conferred upon such city and such lessee.
16. Whenever the line or route of the railroad to be
constructed under the provisions of this act intersects
the line of the route of any other railroad or street rail­
way company it shall be lawful to make a physical con­
nection with the tracks so intersected or crossed upon
such terms as shall be agreed upon between the said
owner of such intersected or crossed road, in order to
enable the cars of the one to run to the tracks of the
other for the purpose of promoting the convenience of
shippers of property, upon obtaining the consent of the
Board of Public Utility Commissioners.
17. Before any moneys are expended by any city
under the provisions of this act for the actual construc­
tion of the railroad provided for hereby or for the
acquisition of any property, said city through its
governing board shall adopt a route, which said route
shall be submitted to the Board of Public Utility Com­
misioners for approval. Said route so adopted may be
changed, altered or amended from time to time thereafer by resolution of the governing body of the city, subject to the approval of the Board of Public Utility Commissioners. After the approval of the route by the Board of Public Utility Commissioners the governing body of said city may proceed in the construction and development of said railroad in accordance with the terms and provisions of this act. Each and every bond issue contemplated or provided for in this act shall be approved by the Board of Public Utility Commissioners before the same shall become effective. In constructing said railroad the governing body may grant or award contract for the construction thereof as a whole or the construction thereof in sections. The size and extent of any section to be determined by the governing body. And in making such contracts the said governing body may separate the work of construction in such manner as shall seem desirable. In equipping said road the governing body of such city may award such contracts from time to time as it deems desirable, and for so much of such equipment as may be deemed desirable from time to time.

18. In the erection and construction of said railroad and in the laying out of the route thereof and in the operation of said railroad, said city may utilize any lands or property owned by said city for any of the purposes of this act. The tracks of the railroad constructed under this act may be connected with the tracks of any railroad company or street railway company so as to facilitate the handling of passengers, freight or merchandise in its transportation from and to the railroad to be constructed under this act, and the governing body of the city or the lessee is hereby granted power to enter into contract or agreement in relation thereto.

19. The governing body of such city is hereby authorized and empowered to employ engineers, surveyors, and such other help, professional or otherwise, as may be required from time to time in the laying out of the route for said railroad, in the preliminary work incident thereto, and in the construction thereof; and the power hereinbefore granted to said governing body to issue
bonds for the cost and construction of such railroad shall include the power to issue bonds for the employment of such services; and the governing body of said city is hereby vested with all the powers requisite to effectuate and carry out the full intent and purpose of this act.

20. So much of the cost of such improvement as represents the special and peculiar benefit conferred, shall be assessed on the lands and real estate in said city benefited by such improvement. Such benefit shall be assessed against said lands in proportion to the benefit each parcel receives therefrom. The amounts assessed shall be a first and paramount lien on each parcel so benefited; and said council, or other governing body of such city, shall have power and authority to cause so much of the cost aforesaid as represents the special and peculiar benefit conferred to be assessed upon the lands and real estate benefited by such improvement, in accordance with the terms hereof, and as soon as may be after the conclusion of the improvement or work, the expense thereof and a moderate allowance, to be determined by the council or other governing body, for the cost of making the assessment aforesaid, shall be ascertained by such council or other governing body, and entered, by resolution, upon the record of its proceedings, and the amount so ascertained and determined shall thereafter be treated as and held to be the true and actual expense of making such improvement, and a copy of said resolution, attested by the clerk, shall be delivered by him to the commissions of assessment appointed as hereinafter provided. If bonds or certificates shall have been issued to pay for such improvements, all moneys received from the assessment of benefits shall be paid into the appropriate sinking fund, as above provided, to meet such bonds; provided, however, that the said council, or other governing body, shall have the power and authority, at its option, instead of paying the assessment of benefits, when received, into such sinking fund, to appropriate the same toward the redemption of any bonds or certificates which it may determine to redeem as herein provided.
After the ascertainment of the cost of making such improvement, and doing the said work, the council, or other governing body, shall, without notice, apply to the judge of the Court of Common Pleas of the county in which such city is located for the appointment of three discreet persons, freeholders of the county in which such city is located, but who need not be residents of the city, to be commissioners to assess the special and peculiar benefits which have been conferred upon any real estate in said city by the said improvement. Such commissioners shall, before entering upon the discharge of their duties, make and file with the city clerk an oath or affirmation that they will faithfully and to the best of their skill and ability perform the duties imposed upon them by law. The commissioners shall appoint a time and place of meeting for hearing the parties interested, and the clerk shall forthwith give public notice of the time and place of such meeting, by posting notices at five public places in the city two weeks prior thereto and by publishing same for at least two weeks, once a week, in a newspaper published in the county in which said city is located, and circulating in the city. A brief description of the improvement, the cost of which is to be assessed, shall be included in the notice, so as to sufficiently identify the same. The commissioners of assessment shall attend at the time and place appointed; two of them shall be a quorum in the transaction of business and sufficient to make any assessment, and sign a report thereof, but one member shall have power to adjourn any meeting at which a quorum is not present. The commissioners may adjourn from time to time; they shall give all parties interested in or affected by the improvement ample opportunity to be heard upon the subject of the assessment; they shall view the premises and have power to examine witnesses under oath or affirmation, administered by any one of them; they shall thereupon make a just and equitable assessment of the cost of the improvement or such part of said cost as they shall deem proper, upon the real estate in said city, which in the judgment of the commissioners will be specially benefited by the said im-

be deemed a part of the expenses of such improvement and included in the cost thereof.

21. The assessment made pursuant to this act shall become payable on the confirmation of the commissioners' report as aforesaid, but the council, or other governing body, by resolution, may provide that the owner of any land, upon which any assessment of benefits for such improvements shall have been made, may pay such assessments in such equal yearly installments, not exceeding ten, with legal interest thereon, and at such time in each year as the said council, or other governing body, shall determine; provided, however, that any party assessed shall have the privilege of paying the whole of any assessment or balance of installments, with accrued interest thereon at one time; in case any such assessment or any installment thereof shall remain unpaid for thirty days from and after the time when the same shall have become due and payable, the whole assessment or the balance due thereon, shall become and be immediately due and payable, shall draw interest at the rate of one per centum per month, and shall be collected in the same manner as is provided by law for the collection of other unpaid taxes and assessments, it being expressly provided that the property upon which any such assessment is a lien may be sold in fee for nonpayment of the assessment in case no one will purchase same for any less term; whenever any owner shall be given the privilege of paying any assessment in installments, such assessment shall remain a first and paramount lien upon the land described therein until the same, with all installments and accrued interest thereon, shall be paid and satisfied, and no proceedings to collect and enforce the same need be taken until default shall be made in the payment of any installment as above provided.

22. No proceeding to review or set aside the ordinance authorizing any improvement to be made pursuant to this act or to review, set aside or modify the report made by the commissioners aforesaid, shall be maintained unless the proceeding to review or set aside said ordinances, and the proceeding to review, set aside or
modify the said report shall be commenced by application duly made therefor within thirty days from the time of the final passage of said ordinance or within thirty days from the confirmation of said report by the court as herein provided.

23. If, for any reason, any section or provision of this act shall be questioned in any court, and shall be held to be unconstitutional or invalid, no other section or provisions of this act shall be affected thereby.

24. The powers conferred by this act shall be deemed to be in addition to and independent of any and all powers and authority conferred by any other law or laws, and not subject to any limitation contained in such law or laws. Bonds issued pursuant to the provisions of this act may be for any amount to be determined by the council, or other governing body, of such city, notwithstanding the provision of any prior act or acts limiting the percentage or amount of bonds to be issued by such city. And bonds issued pursuant to the terms of this act shall not be considered nor computed as bonded indebtedness of any city as affecting the power or right of said city to borrow money for any other purpose.

25. This act shall take effect immediately, and if any section, clause or provision of this act shall be held to be unconstitutional, the residue of the act shall not fail. Approved April 26, 1915.

PROCLAMATIONS.
Proclamations by the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

In recent years various associations and patriotic societies in these United States have called the attention of our citizens to the anniversary of the adoption of the Stars and Stripes as the flag of our Country and the public recognition of Flag Day each year has become more general.

The celebration of the anniversary of the adoption of the Stars and Stripes as our national emblem cannot fail to promote reverence for and prevent desecration of it, and must instill in the heart of every true American Citizen the spirit of loyalty and reverence to the flag and all that it stands for.

We are passing through an anxious time,—a time which calls for the expression of our most sincere devotion to our flag, and it is peculiarly fitting that there should, at this time, be a public recognition of the day and that the Stars and Stripes should fly from every building, public and private, throughout the land.

NOW, THEREFORE, I, JAMES F. FIELDER, Governor of the State of New Jersey, do issue this, my proclamation, and urge that Sunday, the fourteenth day of June, one thousand nine hundred and fourteen, be observed throughout the State as Flag Day.

In Witness Whereof, I have hereunto set my hand and caused the Great Seal of the State of New Jersey to be affixed this first day of June, one thousand nine hundred and fourteen.

JAMES F. FIELDER,
Governor.

WHEREAS, Next month will witness the one-hundredth anniversary of the birth of our National Anthem, the Star Spangled Banner. It proclaimed the achievement of national independence and has been followed by a century of peace and progress in our nation. This wonderful song, whose words and melody never fail to thrill with pride the heart of every loyal American, has been a great factor in the advancement of American patriotism and the love and reverence of flag and country.

AND WHEREAS, To commemorate this anniversary, the City of Baltimore, where the anthem was written, will hold the National Star Spangled Banner Centennial, during the week beginning September sixth and ending September thirteenth, next, which celebration will be national in its character, it seems fitting that the event should be observed in all places in our country by flying the stars and stripes and by appropriate exercises.

NOW, THEREFORE, I, JAMES F. FIElDER, GOVERNOR OF THE STATE OF NEW JERSEY, urge upon and request of our public officials and citizens, that the stars and stripes be displayed on all public buildings, business institutions and residences in this State from September sixth to and including September thirteenth, and that on at least one day during the week, appropriate exercises be held in our schools and churches to celebrate this important centennial event.

Given under my hand and the Great Seal of the State of New Jersey, this 19th [GREAT SEAL] day of August, in the year of our Lord, one thousand nine hundred and fourteen, and in the independence of the United States, the one hundred and thirty-ninth.

JAMES F. FIELDER,
Governor.

Attest:
DAVID S. CRATER,
Secretary of State.
PROCLAMATION.

STATE OF NEW JERSEY,
Executive Department.

WHEREAS, It has seemed advisable in many of our States, to make special effort to impress upon the people, the necessity for care and attention to measures for reducing the loss annually sustained through death, injury to persons and destruction and damage to property by fire, by designating a day for the consideration of methods of protection against the ravages of conflagrations and the anniversary of the great Chicago fire has been chosen as a day most appropriate for this purpose.

Now, THEREFORE, I, JAMES F. FIELDER, Governor of the State of New Jersey, desiring to join in this movement, do hereby proclaim and request that Friday, the ninth day of October, 1914, be known and observed as Fire Prevention Day throughout the State of New Jersey.

I suggest and request that on such day general attention be given to the collection, removal and destruction of all inflammable rubbish and refuse in dwellings, factories, public and private buildings and institutions; that all places be carefully inspected for fire hazards, to the end that proper precautions may be taken for protection against fire danger; that fire drills be held in factories, institutions and schools and a careful examination be made of all fire fighting apparatus and of appliances used for fire protection or prevention and that such other preventative means be undertaken as will tend to lessen the occurrence of fires.

Given under my hand and the Great Seal of the State of New Jersey, this twenty-ninth day of September, A. D. one thousand nine hundred and fourteen, and in the Independence of the United States, the one hundred and thirty-ninth.

JAMES F. FIELDER,
Governor.

By the Governor:

DAVID S. CRATER,
Secretary of State.
PROCLAMATION.

State of New Jersey,
Executive Department.

Conforming to the proclamation issued by the President of the United States, fixing a day for general and religious thanksgiving, and believing in the continuance of this time-honored custom instituted by our God-fearing forefathers, I direct the consideration of our citizens to those blessings of peace and prosperity which as a State and as a nation we have enjoyed during the past year.

The passing days carry their measure of defeats and successes; the speeding years bring their sorrows and their joys, but as the world moves on toward that ideal state when enmity, jealousy and covetousness in men’s hearts shall be supplanted by charity and love for their brothers, the days and years contain fresh reasons for happiness and rejoicing. For reasons best known to an all wise Providence, a horrid conflict is waging among the warring nations of Europe, carrying death and devastation in its train and presenting to us, by striking contrast, the magnitude of those blessings which flow from international peace and the contentment of that prosperity which follows fruitful fields and bounteous harvests. For our happy conditions, the thanks of a devout people should be rendered to the Creator and Ruler of the universe.

Therefore, I, James F. Fielder, Governor of the State of New Jersey, do designate Thursday, the twenty-sixth day of November, nineteen hundred and fourteen, as a day to be observed by general thanksgiving and prayer, recommending that upon that day all business cease and that our people, either in their churches, in their homes or other places, do make fitting acknowledgment to Almighty God for His blessings and benefactions to them as individuals and to our State and Nation.
PROCLAMATIONS.

Given under my hand and the Great Seal of the State of New Jersey, this tenth day of November, in the year of our Lord, one thousand nine hundred and fourteen, and in the Independence of the United States the one hundred and thirteenth:

JAMES F. FIELDER,
Governor.

By the Governor:

DAVID S. CRATER,
Secretary of State.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The National Association for the Study and Prevention of Tuberculosis, has designated Sunday, the twenty-ninth day of this month of November, as "National Tuberculosis Day." The desirability of setting aside a special day for the consideration of rules and measures tending to stay and prevent the ravages of tuberculosis, must appeal to all citizens of our State. Sanitary methods for arresting the disease and preventing infection, should be emphasized, but special stress should be laid upon the necessity for improving the social conditions of that large class of our population upon whom the disease most easily fastens. There should be an agitation for the relief of the congested sections of our cities by creating accessible parks, breathing spaces and playgrounds; the importance of better housing facilities should be taught; instruction in the value of nourishing food should be given; municipal officials should be encouraged to establish public markets where such food may be obtained at reasonable prices; improved factory and workshop arrangements should be demanded and a
strict enforcement therein of sanitary and health regulations should be required, all of which will tend to improve and strengthen the physical condition of our people and enable them to better resist the attacks of tuberculosis.

Now, THEREFORE, I, JAMES F. FIELDER, Governor of the State of New Jersey, in the name and for the people of our State, do issue this proclamation and urge the observance of November twenty-ninth, nineteen hundred and fourteen, as TUBERCULOSIS DAY.

Given under my hand and the Great Seal of the State of New Jersey, this tenth day of November, in the year of our Lord, nineteen hundred and fourteen and of the Independence of the United States, the one hundred and thirty-ninth.

JAMES F. FIELDER,
Governor.

DAVID S. CRATER,
Secretary of State.

PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, Certain proposed amendments to the Constitution of this State have been agreed to by two successive Legislatures and should be submitted to the people at a special election; and

WHEREAS, At the last session of the Legislature a bill was passed providing for such special election, which bill is known as chapter three hundred and eighty-five of the laws of one thousand nine hundred and fifteen, and the Attorney-General having advised the Secretary of State that grave doubt exists as to whether a valid election can be held thereunder, and that said act appears to be practically unworkable and that an attempt to act under it would give rise to uncertainty and opportunities for litigation; and
WHEREAS, In my opinion public necessity requires the convening of the Legislature in special session to correct such defects by proper legislation, under which the expressed purpose of two successive Legislatures may not be defeated, at which special session no other subjects need be considered;

THEREFORE, I, JAMES F. FIELDER, Governor of the State of New Jersey, by virtue of the power vested in me by the Constitution, do convene the Legislature of this State, hereby requiring the Senate and the Members of the General Assembly to meet in their respective chambers at the State House, in the city of Trenton, on Monday, the third day of May, instant, at twelve o'clock noon.

In testimony whereof, I have hereunto set my hand and caused the Great Seal of the State to be affixed, at Trenton, this twenty-ninth day of April, in the year of our Lord, one thousand nine hundred and fifteen, and in the Independence of the United States, the one hundred and thirty-ninth.

JAMES F. FIELDER,

Attest: Thomas F. Martin,
Secretary of State.
