If upon such inquiry it be found that the settlement of such delinquent is in a county other than the one in which such inquiry is held, then the court shall make the order requiring such other county to provide for such delinquent in the manner aforesaid; providing, however, that no order shall be binding upon such other county unless a two weeks' notice in writing at least shall be given to the attorney of the board of chosen freeholders of such other county, which notice shall contain the date upon which such inquiry shall be made and shall also contain information of the general purpose of such inquiry.

4. Upon the making of such commitment, as aforesaid, the State Board of Children's Guardians shall thereupon become and be constituted the guardian of the person of said juvenile delinquent, and shall be invested with all the powers and duties now exercised by them in the same manner and to the same effect as if the said juvenile delinquent had been committed to said board as a public charge; provided, however, that the State Board of Children's Guardians shall not surrender the guardianship or custody of said juvenile delinquent to its parents without the written approval of the court which made the commitment.

performance of her official duties, give bond to the
State in the sum of ten thousand dollars, with sureties,
who shall be approved by the board of commissioners,

shall be filed in the office of the Secretary of State.

10. The superintendent shall reside at all times within
the precincts or dependencies of the reformatory; shall
have the custody and control of all prisoners committed
thereto, and shall govern and employ them according
to law and the rules and regulations of the reformatory;
she shall, under the direction of the commissioners, have
the management and direction of the reformatory, its
servants and employees, and all its officers, except as
otherwise herein provided; she shall contract for and
purchase all clothing, provisions, supplies, and other
articles necessary for carrying on and managing the
prison, and for the proper support, comfort and mainte-

law, subject to the restrictions herein contained and such
rules and regulations as may be adopted by the board of
commissioners. All bills for such purchases shall be

and paid by the Treasurer of the State upon the warrant
of the Comptroller. The superintendent shall sell or

and the sums received for it, and the persons to whom
the same were sold. She shall have the custody and
control of all property connected with or belonging to

12. The board of commissioners shall notify the several county clerks when the reformatory is ready for the reception and safe custody of prisoners, and thereafter the courts of this State having criminal jurisdiction may sentence to the reformatory any female above the age of seventeen convicted of any crime which is punishable by imprisonment in the State Prison or penitentiaries. The keeper of the State Prison, when requested by the board of commissioners and approved by the Governor, shall transfer all of the female inmates of the State Prison above the age of seventeen who shall be in confinement therein, to the reformatory. He shall furnish to the superintendent of the reformatory a certified copy of the official documents and papers under the authority of which the prisoners so transferred were received and detained by him. Such certified documents and papers shall be full and sufficient authority for the superintendent to detain the prisoners named therein until discharged as herein provided. For the confinement of prisoners so transferred the said reformatory shall be taken and considered a State Prison. The sheriffs of the several counties shall convey all prisoners sentenced to the said reformatory within the time and in the manner and be allowed for transportation and mileage now provided for the transportation of prisoners sentenced to the State Prison. The county clerks of the several counties shall deliver to the sheriffs certified copies of commitments and bills of costs (including therein only charges for services actually rendered) for all prisoners sentenced to the said reformatory within the manner and within the time now prescribed in cases of conviction and sentence to the State Prison.
If any prisoner shall appear to be insane, the presiding judge of the Court of Oyer and Terminer, or the judge of the Court of Quarter Sessions of the county in which the reformatory is situated, shall, upon the report of the fact given by the county physician, or any other physician whose official duty it shall be to visit the reformatory, or from his own knowledge or other satisfactory information to the contrary, order a careful inquiry into the case by at least two reputable physicians. He may request the Attorney-General to aid in the inquiry, at his discretion, and, if necessary, may call a jury and compel the attendance of the jurors and witnesses before such physicians to aid in the inquiry. The judge may investigate and hear evidence on his own motion.

If it satisfactorily appear to such physicians, upon the verdict of the jury, or in any other case without the aid of such jury, that the inmate is insane, and such physicians shall certify in writing such fact to the judge, he may, if the report or certificate satisfy him, order such prisoner to be removed to the county insane asylum, if such there be, or to the State Hospital for the Insane, or to the House of Detention for the Insane, where the prisoner shall remain at the expense of the State until restored to her right mind. If the term of imprisonment of such insane prisoner shall not then expire, the superintendent of such asylum shall inform said judge, whereupon the prisoner shall be remanded to the reformatory to serve out the unexpired portion of her term of imprisonment, unless sooner discharged in accordance with law. The judge shall certify to the Comptroller such facts and sum or sums of money as he may think should be paid to the persons entitled thereto for the duties and services imposed by this section, and they shall be paid by the Treasurer, upon the warrant of the Comptroller, out of any moneys appropriated for that purpose.

The several courts, in sentencing to the said reformatory, shall not fix or limit the duration of the sentence, but the time which any such prisoner shall serve in said reformatory shall not in any case exceed
the maximum term provided by law for the offense of which the prisoner shall have been convicted and sentenced, and the term of such service may be terminated by the board of commissioners of the said reformatory as herein provided.

15. The commissioners may establish rules and regulations under which prisoners may be discharged or released on parole. When released on parole, prisoners shall be in legal custody of the commissioners, subject at any time to be re-committed to the reformatory. Full power to re-take and re-commit any prisoner so released upon parole is hereby conferred upon the commissioners, and their order, certified by their secretary and signed by their president, with the seal of the reformatory attached thereto, which said commissioners are hereby authorized to adopt, shall be a sufficient warrant for the officer to whom the same may be directed to re-take and return to actual custody any prisoner so released on parole. A prisoner who has broken the condition of her parole may be declared by the commissioners to be a delinquent, and after an order by them to that effect, entered in their minutes, may be treated as an escaped prisoner owing service to the State and liable, when arrested, to serve out the unexpired term of her maximum possible imprisonment. The time from the date of her declared delinquency to the date of her arrest shall not be counted as any part of the time served. The sentence to the reformatory of any prisoner while on parole, upon conviction of a fresh crime, shall commence from the termination of her liability upon the first or former sentence.

16. When the superintendent shall be satisfied that a prisoner released on parole has, by her conduct, given evidence that she is to be deemed reliable and trustworthy and will remain at liberty without violating the law, and that her final release will not be incompatible with the welfare of society, she shall so certify to the commissioners, who shall consider the case of the prisoner so presented at a meeting, a notice of the time and place and purpose thereof having first been given to all of the commissioners. If the commissioners then
or afterwards decide so to do, they shall order said
prisoner to be finally discharged, and cause a record of
the case to be made, showing the date of the commit-
ment of the prisoner, her record while detained in the
reformatory, the date of her parole and her conduct
while released, and their reason for granting the final
discharge.

17. The superintendent may give to each prisoner,
on her release, a new set of wearing apparel and a
sum not exceeding ten dollars, and she shall return to
her any sum of money which may have belonged to the
prisoner at the time of her commitment.

18. The laws governing the prison of this State in
relation to the prevention of escapes, the suppression of
riots, revolts, mutinies or insurrections and the punish-
ment of crimes therein are hereby made applicable to
the said reformatory.

19. The board of commissioners may, on behalf of
the State, set apart not more than an acre of land on the
reformatory grounds, which may be used for the burial
of prisoners who die in the reformatory.

20. If any female committed to such institution at the
time of such commitment is the mother of a nursing
child in her care under one year of age, or is pregnant
with child which shall be born after such commitment,
such child may accompany its mother to and remain in
such institution until it is two years of age, and must
then be removed therefrom. The board of commis-
sioners of such institution may cause such child to be
placed in any asylum for children in this State and pay
for the care and maintenance of such child therein at a
rate not to exceed two and one-half dollars a week until
the mother of such child shall have been discharged
from such institution, or may commit, such child to the
care and custody of some relative or proper person will-
ing to assume such care. If such female at the time
of such commitment shall be the mother of and have
under her exclusive care a child more than one year of
age, which might otherwise be left without proper care
or guardianship, the court committing such female shall
cause such child to be committed to such asylum as may
be provided by law for such purposes, or to the care and custody of some relative or proper person willing to assume such care.

21. This act shall take effect immediately.
Approved April 1, 1910.

shall receive from such owner or owners a conveyance of such rights of way, lands and real estate in the joint corporate names or titles of such contracting municipalities.

10. If in any case the said contracting municipalities shall be unable to agree with the owner or owners of any rights of way, lands or real estate deemed necessary by the said joint meeting of the said contracting municipalities in the making of any such public improvement as is hereby authorized and is provided for in the contract between them, or when by reason of legal incapacity or absence of the owner or owners or otherwise no agreement can be made for the purchase thereof, the rights of way, lands or real estate so deemed necessary for the purposes aforesaid may be acquired by the said contracting municipalities in their joint names upon their joint application in the manner now or hereafter provided by the general laws of this State relating to the condemnation of lands for public uses.

11. Immediately upon the completion of the work, or of a definite part thereof, the governing bodies or boards of the municipalities jointly contracting for said public improvement shall meet in joint meeting as in this act provided, and shall, by resolution, ascertain and declare the whole amount of the costs, damages and expenses of such public improvement, or any part thereof, and of all appurtenances or connections of the same, and of all matters or things connected therewith so far as the same are completed; and of the several amounts thereof to be apportioned to the contracting municipalities respectively, pursuant to the contract and ordinance authorizing the same as aforesaid; and each of the said municipalities jointly contracting as aforesaid shall, without delay, severally apply to the circuit court of the county in which such municipality is situate, for the appointment of three disinterested commissioners to make a just and equitable assessment of the whole amount of the costs, damages and expenses of such improvement apportioned to it as aforesaid as ascertained and declared as aforesaid upon all the own-
ers of lands and real estate in such municipality fronting on such improvement which are peculiarly benefited by such public improvement, in proportion as nearly as may be to the advantages each shall be deemed to acquire; the said application shall be in writing, and after notice of the time and place of making such application, published at least ten days previous thereto in some newspaper published or circulating in such municipality wherein such lands and real estate are situate, and at the time fixed in said notice, or at such time to which the said application may be from time to time adjourned, the said court shall appoint three disinterested commissioners to make such assessment for benefits as aforesaid; in case of the death, resignation, refusal to serve or disability of any commissioner so appointed, the vacancy shall be filled by said circuit court as soon as may be; and no benefits shall be assessed in respect of the cost of any improvement or work in so far as such improvement or work extends beyond the line of the whole property assessed, but the cost thereof shall be assessed upon and paid by the respective contracting municipalities in accordance with the apportionment of the percentage of the costs, damages and expenses of said improvement provided to be borne and paid by them respectively in the contract made and entered into between them as authorized by ordinance as aforesaid.

12. The said commissioners before they enter upon the execution of their duties shall severally take and subscribe an oath or affirmation before a master in chancery of this State to make such assessment fairly and impartially, according to the best of their skill and judgment, and thereupon shall at once proceed to perform the duties hereby imposed upon them, and they shall, within sixty days, unless the court shall, before or after its expiration, extend the time, make a just and equitable assessment of the costs, damages and expenses of said improvements, or any part thereof, as aforesaid, upon the lands and real estate located in any of the territory of such municipality fronting on said improvements, which are peculiarly benefited thereby,
in proportion, as nearly as may be, to the advantage each shall be deemed to acquire.

13. Said commissioners shall make a report, in writing, of their assessment, signed by them, or any two of them, to said Circuit Court, and upon the coming in of such report, signed by said commissioners or any two of them, the said court shall cause such notice to be given by advertisement or otherwise, as it shall direct, of the time and place of hearing any objection that may be made to such assessment, and after hearing any matter which may be alleged against the same, it shall, by rule or order, either confirm the said report or refer the same to the same commissioners for revision or correction, or to new commissioners to be appointed by it, or it may itself, upon a hearing had before it, modify or alter such report, and any assessment of benefits made therein, in such manner as to it may seem just; and the said commissioners to whom the said report may be so referred shall return the same corrected and revised, or make a new report, and the same on being so returned shall be confirmed or again referred, or may be modified or altered by said court as aforesaid, and so from time to time until a report shall be made or returned which the said court shall, with or without alteration, confirm; and such report when so confirmed shall be final and conclusive, as well upon such municipality as upon the owner or owners of any land affected thereby.

14. The said circuit court shall settle and determine the compensation to be paid to said commissioners and the costs and expenses of the application, report and proceedings, and such municipality shall immediately pay the said costs and expenses as directed by the said circuit court.

15. No mistake in naming or omitting to name the owner of lands or real estate in any report, map or proceeding, or in designating the quantity of his or her interest or the nature of his or her estate, or any misrecitals, shall in anywise invalidate any assessment or sale made under this act.
16. The assessments for benefits made under this act shall be a lien upon the lots or parcels of land and real estate respectively assessed from the date of the ratification or confirmation of the report thereof, and shall be immediately due and payable to the collector or receiver of taxes or other chief financial officer of the municipality wherein the same are situate, and it shall be the duty of the governing body or board of such municipality to forthwith furnish the proper municipal financial officer of such municipality with a certified copy of such assessment, which said official shall enter in a book to be kept in his office for that purpose, and thereupon he shall give notice for two weeks in a newspaper circulating in such municipality, to be inserted therein once, at least, in each week, stating that said assessment report has been delivered to him, and requiring payment of the sums assessed within sixty days from and after the first publication of said notice, and in case said assessment shall remain unpaid at the expiration of sixty days from and after such first publication, the said assessment shall draw interest thereon from that time at the rate of one per centum per month; and it shall be the duty of said municipal official to proceed in the collection of said assessment by a sale of the land in such municipality in respect of which such assessment may have been made, after the expiration of two years.

17. The said collector or receiver of taxes or like financial officer of the municipality in which any such lands are situate shall thereupon give a second notice, by advertisement in a newspaper printed or circulating in such municipality, that unless such assessment, with interest thereon as aforesaid, and all costs and fees shall be paid to him at his office within thirty days after the first publication of said second notice, he shall proceed, at a certain time and place therein specified, between the hours of one and five o'clock in the afternoon, to make sale, in accordance with the provisions of the laws governing such matters and applicable to such municipality, of the said lands and real estate situate therein whereon said assessment shall have been imposed or may be a

lien; said second notice shall be published in said newspaper at least four weeks successively, at least once in each week, and shall contain a brief abstract of said assessment, showing the name of the owner or owners when known, a brief description of said lands and real estate and the amount of unpaid assessments due thereupon. It shall be lawful to incorporate more than one assessment in said notice.

18. At the time and place, and between the hours mentioned in said notice, the said collector or receiver of taxes or other like financial officer of such municipality shall proceed to sell at public auction the several parcels of land and real estate upon which the said assessments shall remain due and unpaid, for the lowest terms of years, but in no case exceeding fifty years, for which any person will take the same and pay the amount of such assessment, with the interest thereon as aforesaid, and all costs and fees, including the expense of advertisement and sale; such payment shall be made by the purchaser before the close of the sale, and if not so made the official making such sale may resell the property or the municipality may have its action against the purchaser for the payment of the whole amount due, with interest thereon as aforesaid; such sale may be adjourned from time to time, at the discretion of the official making the same, until all the said lands and real estate in such municipality shall have been disposed of, and such parcels as are not bid for when offered for sale or resale shall be struck off to such contracting municipality for a term of fifty years.

19. All proceedings subsequent to such sale, including those relating to the certificates and declarations of sale, and the record and cancellation thereof, the rights of and notices to mortgages, rights of redemption and cancellation of records, and respecting all other matters and things connected therewith or arising out of such sale, shall, as nearly as may be, be done, conducted and had in accordance with and pursuant to the provisions of the laws of this State applicable to like matters and things in the municipality wherein such sale shall be made as aforesaid.
20. For the purpose of defraying the costs and expenses of such public improvement as is authorized hereby in respect of which an assessment for benefits may be made on lands and real estate situated in any such contracting municipality, the governing body or board having charge of the finances of any such contracting municipality may, if necessary, borrow money and secure the payment of the same by the notes or other temporary obligations of such municipality; these notes and obligations may be renewed from time to time until such improvement or works be completed or the assessment for benefits confirmed; when so confirmed the said governing body or board of such municipality shall provide for the costs and expenses of such improvements in the manner hereinafter mentioned.

21. If a sum equal to or greater than the amount assessed for benefits has already been borrowed by such municipality at the time when such improvements are completed or assessments for benefits confirmed, and the payment of the sums so borrowed has been secured by notes or other temporary obligations of the municipality, then such notes and obligations, to an amount equal to the amount so assessed for such benefits, may be renewed from time to time as far as necessary for a period of five years longer, and all moneys paid in on such assessments during that period shall be exclusively devoted to the payment of and shall be used to pay said notes and obligations as they mature; if the amount so borrowed as aforesaid be less than the amount assessed, the said governing body or board of such municipality may, if necessary, borrow and issue its temporary obligations for such additional sum as with the amount already borrowed will equal the amount assessed; and the indebtedness of the municipality, in whatever form it may exist, shall, to the amount of the assessment, be paid and discharged out of the moneys paid in on such assessments, so far as they may be paid in during said period of five years; if, at the expiration of said period of five years, the said indebtedness, so equal in amount to the benefits assessed, be not paid in full, then such governing body or
board, in order to provide for its payment, shall issue the bonds of such municipality for the amount remaining unpaid, which bonds may be registered or coupon bonds, payable in the manner hereinafter provided; and all assessments received by such municipality, after said period of five years, shall go into the treasury and be used as the body or board having control of the finances of such municipality may direct.

22. In order to provide for and pay the amount of the difference between the total amount of the costs, damages and expenses of said improvements, including all incidental expenses apportioned to said contracting municipalities respectively as aforesaid, and the total amount of all assessments made and levied for benefits as aforesaid in such municipalities respectively, and on the lands and real estate situated therein, it shall be lawful for the governing body or board of each contracting municipality, by resolution duly adopted, to cause to be issued the bonds of such contracting municipality, in such sum as will be sufficient to pay the share or percentage of such total amount due therefrom, and provided to be paid by the contract entered into by such municipality; such bonds may be registered or coupon bonds, payable in the manner hereinafter provided, and may mature in such time or times not exceeding forty years from date of issue as the governing body or board of said municipality shall determine; these bonds shall be used (1) to discharge the notes or temporary obligations of the municipality issued as aforesaid, so far as they exceed in amount the assessment for benefits, (2) to satisfy and discharge whatever may remain due from such contracting municipality on the costs and expenses of the work or improvements, according to the contract entered into between such municipalities.

23. In order to provide for the retirement of said bonds at maturity the governing body or board of each contracting municipality may, by resolution duly adopted, provide a sinking fund for the retirement of said bonds at maturity, which sinking fund shall be provided by making an annual appropriation, to be raised by tax annually, of an amount which calculated at compound
interest at three and one-half ($\frac{3}{2}$) per centum per annum, shall be sufficient to pay the principal of said bonds as they fall due; or, in lieu thereof, the said bonds may be made payable in successive years beginning not more than three years from the date of issue and ending not more than forty years from said date; they may be made to mature in such amounts as the said governing body or board may determine, and in thus arranging their maturity regard may be had to bonds already issued for public improvements of any character in such municipality and also to bonds which will probably be required for improvements actually contemplated but not yet authorized.

24. In case there be no assessment for benefits in any of the said contracting municipalities, then the body or board of such municipality having charge of its finances may issue the registered or coupon bonds of such municipality to an amount sufficient to defray its part, share or percentage of all costs, damages and expenses of the said improvements, or of any contract relating thereto, entered into by it jointly with the other contracting municipalities, pursuant to the provisions of this act, said bonds to be payable in the manner fixed by such body or board having charge of the finances of such municipality, not inconsistent with the provisions of this act, regard being had to the bonds already issued for completed improvements and to the bonds which will probably be required for improvements actually contemplated but not yet authorized to be issued.

25. The notes or other obligations of such municipality herein authorized to be issued, shall bear interest at a rate not exceeding six per centum per annum; they shall not be sold for less than par or face value, and they shall not be issued to an amount at any time exceeding ten per centum of the valuation of the taxable property in such municipality as shown on its official books at the date of such issue, such ten per centum to include any and all bonded indebtedness that may be outstanding against such municipality; said notes and obligations shall be signed by the mayor or acting mayor, or chairman or president of the govern-
Provision for interest, etc.

26. It shall be lawful for the governing body or board having control of the finances of any municipality contracting with any other municipality or municipalities, pursuant to the provisions of this act, to raise by tax in each year, as other moneys are raised in such municipality, such sum of money as may be necessary to pay the interest on the notes and other obligations of the municipality issued as aforesaid, including, when necessary, interest on such of its obligations as may be payable out of the proceeds of assessments, and also the principal of such bonds, except obligations payable out of assessments and temporary obligations issued as aforesaid, as may mature during the then ensuing fiscal year.

27. It shall be lawful for the said governing body or board having control of the finances of such contracting municipality, in lieu of issuing the bonds of such municipality, to pay its proportion of the costs and expenses of any improvements jointly contracted for and made under this act, with money to be raised by taxation, after the making of the public improvements herein authorized have been determined upon and a joint contract made and entered into pursuant to the provisions of this act, or by paying the whole or part of such indebtedness out of all moneys belonging to such contracting municipality not otherwise appropriated or required.

28. Whenever any work to be performed or materials to be furnished in or about any improvement to be made under the provisions of this act shall involve an expenditure of any sum of money exceeding five hundred dollars, the municipal bodies or boards of the contracting municipalities, by their official action taken in joint meeting as herein provided, shall designate a time when they will meet at their usual place of meeting to receive proposals, in writing, for doing the work or
furnishing the materials, and such joint meeting shall order the chairman and secretary thereof to give notice, by advertisement inserted in one or more newspapers published and circulating in the municipalities jointly contracting; at least two weeks before the time of such meeting, of the work to be done or materials to be furnished, of which at the time of such order they shall cause to be filed in the office of such joint meeting particular specifications; all proposals received shall be publicly opened by such chairman in the presence and during a session of such joint meeting, and of all others who choose to attend the said meeting; not more than one proposal shall be received from any one person, directly or indirectly, for the same contract work or materials; and the said joint meeting may reject any and all of said proposals and direct its chairman and secretary to advertise for new proposals and accept such as shall in the opinion of a majority of the municipalities represented in said joint meeting be deemed most advantageous for the said municipalities, subject, however, to the reservations herein provided; the proposal so accepted shall be reduced to a contract in writing, and a satisfactory bond to be approved by such joint meeting shall be required and given for its faithful performance, but all contracts when awarded shall be awarded to the lowest responsible bidder offering satisfactory security; this section shall not apply to any engineer or agent of the joint contracting municipalities engaged in supervising or directing the work of such improvements.

29. No certiorari shall be allowed by any court to review any of the proceedings in relation to such improvement or any assessment made by such commissioners after the lapse of thirty days from such proceedings respectively all from the making of the order of the court confirming such assessment.

30. The owner of any land adjacent to any plant, works or stations for the treatment, disposal or rendering of sewage, established pursuant to the provisions of this act, who shall sustain any direct injury by reason of the negligence or lack of reasonable care of said con-
tracting municipalities, or any of them, in the establishment and maintenance of any such plant, works or stations for the treatment, disposal or rendering of sewage, may maintain an action in tort, within two years from the commencement of such injury, for the recovery of all damages which he may have suffered by reason of any such injury.

31. The words "joint meeting" as used in this act shall be construed to mean the meeting or assembly of the members of the governing bodies or boards of the several municipalities having authority to make and enter into a contract for the construction jointly of public improvements, pursuant to and by virtue of the provisions of this act.

32. All acts and parts of acts, general, local or special, contrary to the provisions of this act, are hereby repealed, and this act shall take effect immediately.

such council. The costs and expenses incurred in the construction of any improvement pursuant to the provisions of this act shall, when ascertained, be assessed upon the land and real estate especially benefited by the improvement in accordance with the above-mentioned act; but the total of such assessment shall not exceed two-thirds of such total costs and expenses and the balance shall be borne by the town.

CHAPTER 238.

An Act to authorize cities to acquire certain old burying-grounds or cemeteries for park purposes and to provide a method therefor.

WHEREAS, In some of the cities of this State there exist old burying-grounds or cemeteries which are uncared for and neglected for the reason that the church or corporation in charge thereof has not sufficient funds to properly care for the same;

AND WHEREAS, in many instances the companies or church organization originally owning the said cemeteries have executed deeds to persons for individual lots and plots in the said burying-grounds or cemeteries without making any provision for the care of the same, and many of said persons and their descendants have removed from the vicinity and allowed the said lots and plots to be neglected, whereby the said cemeteries have become a public nuisance, and a detriment to the morals and health of the people of such cities;

AND WHEREAS, the grading of the land in some of such burying-grounds or cemeteries is such that it is very expensive to care for the same properly;

AND WHEREAS, it is to the interest of the people of such cities that the bodies interred in such burying-grounds or cemeteries should be removed and re-interred in a more suitable place, and such old burying-grounds converted into public parks; therefore
CHAPTER 238, LAWS, SESSION OF 1910.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Wherever there exists in any city of this State a burying-ground or cemetery, owned and controlled by any church or other corporation, which church or corporation is unable to properly care for the same, and by reason thereof the said burying-ground or cemetery has become a public nuisance, the said church or other corporation may apply to the board having charge or control of the finances in such city to take possession of the said burying-ground or cemetery and may convey to said city its interest in the whole or any part thereof.

2. Wherever there exists in any city in this State any burying-ground or cemetery, owned or controlled by a church or other corporation, which has neglected to care for the same so that in the opinion of the board of health of such city the said burying-ground or cemetery has become a detriment to public health and to the morals of the community, the said board of health may apply to the board or body having charge or control of the finances of said city to take possession of said burying-ground or cemetery.

3. Upon receiving such request from such corporation or such board of health the board or body having charge or control of the finances of such city shall investigate whether or not the said cemetery is so located that it is inconvenient to care for the same properly and whether or not it is for the best interest of the people of the city where the same is located that the bodies interred therein should be removed and re-interred in a more suitable place, and such old burying-ground or cemetery converted into a park.

4. If such board or body having charge or control of the finances of such city should determine for the reasons aforesaid that the bodies aforesaid should be removed from any such old burying-ground or cemetery, and the same converted into a park, it shall be lawful for it to accept on behalf of the city from such church or other corporation a deed of conveyance of the said burying-ground or cemetery, and to cause possession thereof to be taken on behalf of the city.
5. In case the application is made by a board of health as provided in section two, and the church or other corporation controlling such burying-ground or cemetery shall refuse or neglect to execute such deed, or is unable to convey the whole or any part of such burying-ground or cemetery to such city by reason of having conveyed lots or plots or some interest therein to private persons, then it shall be lawful for the said board or body having charge or control of the finances of such city to apply by petition to the circuit court of the county, wherein such city is located, setting forth that the said burying-ground or cemetery has become a nuisance, and is a detriment to the health and morals of the people of such city, for an order permitting some board or body of the said city to take possession of said burying-ground or cemetery and to cause the bodies in said burying-ground or cemetery to be disinterred and to be removed to some suitable place either within or without the limits of the said municipality.

6. Upon receiving such petition the said Circuit Court shall fix a day for the hearing upon said petition and shall order the said municipality to give such notice of said hearing as said court may designate.

7. Upon the return day of such notice, or upon a day to which the said hearing may be adjourned, the said court upon hearing all parties interested, who may desire to be heard, if the said petition is well founded and true, may adjudge that the said burying-ground or cemetery has become a public nuisance and that the bodies therein should be disinterred and removed to a more suitable place.

8. Upon the execution of the deed referred to in section four or upon the making of the order referred to in section seven, it shall be lawful for the said board or body having charge or control of the finances to cause the bodies buried in the said burying-ground or cemetery to be disinterred and to be removed and reburied in another cemetery or in some other suitable place, and for that purpose it may enter into a contract with any cemetery company or church organization owning or controlling any cemetery or with any other person to take up and remove the said bodies and to

inter the same in any other cemetery or suitable place, and to remove from such abandoned burying-grounds or cemeteries any headstones or markers and replace the same over the proper bodies in the new place of interment and to provide for the proper care of such new place of interment. The said board or body having control of the finances shall cause records and maps to be prepared and filed in the office of the city clerk, on which shall be recorded, as nearly as can be ascertained, the names of all bodies disinterred and the lots or plots from which they were taken in any such old burying-ground or cemetery, and the cemetery or place to which they have been taken, and the lots or plots in which they may be reinterred.

9. After the completion of the removal of said bodies the said city by the board or body therein having charge of its parks may enter upon and take possession of the said abandoned cemetery and convert the same into a public park.

10. In case of the neglect, or refusal or inability of such church or other corporation to convey such burying-ground or cemetery to such city, and after the making of the order referred to in section seven hereof, the board or body having charge or control shall then apply to the Circuit Court of the county wherein such municipality is located for the appointment of three commissioners to appraise the value of the said burying-ground or cemetery and the rights of any person owning any lot or plot therein. Upon the appointment of the said three commissioners they shall give notice in such manner as said court may designate to all persons claiming any interest in the said premises, to present their claims to the said commission, who shall give a public hearing to all persons interested who may present themselves. The said commission shall appraise the value of each separate lot or plot and other lands included within said burying-ground or cemetery.

11. The said commission shall further ascertain the cost of the removal of the bodies from each of said lots and the cost of securing the new site, and the cost of such disinterment and re-interment and this cost shall be a first lien against the value of the lots
or plots in the abandoned cemetery as appraised, and
the said city shall pay to the owners of each lot or plot
the difference, if any, between the value of the lots in
the abandoned cemetery as appraised and the cost of
removing the said bodies and re-interring them in a new
cemetery.

12. The said commission shall report to said Circuit
Court the appraised value of each of said lots or plots
and other lands within said burying-ground or ceme-
tery, and the amounts charged against each of said lots
or plots for the removal of said bodies and the re-
interment thereof, which report may be confirmed or cor-
crected by said court, which shall fix a day and place for
the hearing of objections thereto, and shall give public
notice thereof by such advertisement as it shall think
proper.

13. In case the owner of any lot or plot or other
lands within said burying-ground or cemetery shall
feel aggrieved by the report of said commissioners he
may appeal therefrom to said Circuit Court by serving
upon the city clerk of such city, within ten days after
the confirmation of such report, a notice stating such
appeal, and thereafter the proceedings upon said appeal
shall be in the manner provided for appeals from the
report of commissioners in an act entitled "An act to
regulate the ascertainment and payment of compensa-
tion for property condemned or taken for public use
(Revision of 1900)," approved March twentieth, one
thousand nine hundred.

14. The board or body having charge or control
of the finances of such city may from time to time
borrow the money necessary for the acquisition of said
burying-grounds or cemeteries as aforesaid and the
disinterment of the bodies and the re-interment of the
same and all expenses connected therewith, and issue
temporary obligations therefor, and after the entire cost
thereof has been ascertained may issue interest-bearing
bonds of the said municipality to take up such temporary
obligations.

15. This act shall take effect immediately.
Approved April 11, 1910.

1. Any person beginning the practice of midwifery in this State after July fourth, one thousand nine hundred and ten, shall first obtain from the State Board of Medical Examiners of New Jersey, which the said board is authorized to grant as hereinafter provided, a license so to do; provided, that the educational qualifications hereinafter prescribed shall not be construed as applying to any person who began the study of midwifery prior to July fourth, one thousand nine hundred
and ten, and who possesses the education in midwifery required by the said board under the act to which this act is a supplement; and provided further, that the licenses now in force granted under the act of one thousand eight hundred and ninety-two shall not be invalidated by any of the provisions of this supplement.

2. Candidates for examination shall present to the said board, at least ten days before the commencement of the State examinations, a written application on a form or forms provided by the said board, setting forth under affidavit the name, age, nativity, residence, moral character and time spent in obtaining a common school education, or its equivalent; that the candidate has received a certificate or diploma from a legally incorporated school of midwifery in good standing at the time of issuing said certificate or diploma, granted after at least two courses of instruction of at least seven months each in different calendar years, or a certificate or diploma from a foreign institution of midwifery of equal requirements as determined by the said board, conferring the full right to practice midwifery in the country in which it was issued.

The application must bear the seal of the institution from which the applicant was graduated. Foreign graduates must present with the application a translation of their foreign certificate or diploma, made by and under the seal of the consulate of the country in which the said certificate or diploma was issued. 7. Any person shall be regarded as practicing midwifery within the meaning of this act who shall attend
a woman in childbirth as a midwife, or advertise as such, by signs, printed cards or otherwise, but nothing shall be construed in this act to prohibit gratuitous service in case of emergency, nor the service of any legally qualified physician or surgeon of this State.

8. Any person beginning the practice of midwifery in this State without first complying with the provisions of this act, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than ten nor more than fifty dollars, or by imprisonment in the county jail for not less than ten nor more than thirty days, or by both, at the discretion of the court.

8. Whenever the owner or owners or lessee or lessees of any private wharf, pier or bulkhead, within the limits of said city, shall fail to keep and maintain the adjoining dock or docks cleaned and free from obstructions, it shall be lawful for the said department, upon default for thirty days after the service notice on such owner or owners, lessee or lessees, to clean or cause said dock or docks to be cleaned and freed from obstruction, and to apportion the expense thereof among the owner or owners, lessee or lessees, of the wharves, piers and bulkheads adjoining such dock or docks, in
proportion to the extent of their wharves, piers or bulkheads having the privilege of use of such dock or docks; and to collect the cost and expense of the same by filing liens therefor, and issuing process thereupon, as is provided by law in the case of liens filed for the removal of nuisances; and all liens filed to collect the expense of said work shall be filed by the city solicitor or city counsel, and the lien for said work shall have the same force and effect as liens for municipal work under existing laws.

9. The department, after a hearing of the parties in interest, is authorized to regulate the service and to fix maximum rates for wharfage, cranage and dockage, whether the service is performed by the owners of said wharves, piers and docks or by said city.

10. Before the erection, construction, extension, alteration or improvement of the wharves, piers, bulkheads, docks, slips, basins or harbor structures, in and upon or about the property owned by said city, the department shall prepare full and minute plans and specifications for such work, and advertise for proposals for doing such work under said plans and according to such specifications, in the same manner as is prescribed by law for obtaining proposals and letting contracts for public works in said city.

At least two weeks public notice of such sale or sales shall be given by advertising, at least twice a week for two successive weeks, in at
least two newspapers of general circulation, printed and published in the city in which the premises are situated. The term of any such lease so sold shall begin within twelve months from the date of such sale. The department may, in its discretion, require of the lessee or lessees a bond, with satisfactory surety, for the faithful performance of the conditions and covenants of said lease. The department shall have the power to permit the temporary use of any wharf, pier, bulkhead, dock or basin belonging to said city for landing purposes or the use thereof by any department of the city, State or United States.

13. Any person or persons aggrieved by any decision of the said department, either granting or refusing, in whole or in part, an application for a license to erect, construct, extend, alter or improve any wharf, pier or bulkhead, or other harbor structure, or as to any other matter or thing under this act, may, within thirty days after the date of the said decision, present a petition to the court of common pleas of the proper county, setting forth the facts of the case and the ground of the petitioner's complaint, and thereupon the said court, having first caused due notice of the presentation of the said petition, and of the time fixed for the hearing thereof, to be given to all persons whom they may deem legally interested therein, shall proceed to hear and determine the subject-matter of the said petition; and shall make such order in the premises as he may think the said department should have made, and the said order shall be final and conclusive. It shall be lawful for the said court to appoint a commissioner to take evidence to be used in the said hearing, and to make such order for the payment of the costs, by one of more of the parties to the proceedings, as justice may require.

14. The common council or other governing body of any such city shall appropriate annually the funds

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. No person or persons shall operate or conduct any slaughter-house, abattoir or place where animals are slaughtered for sale for human food unless a license has first been issued by the Board of Health of the State of New Jersey to the owner or owners, manager or operator of said slaughter-house, abattoir or place where animals are slaughtered for sale for human food, authorizing said person or persons to operate and conduct a slaughter-house, abattoir or place where animals are slaughtered for sale for human food, and no person shall conduct or operate, or continue to conduct or operate, any slaughter-house, abattoir or place where animals are slaughtered for sale for human food, after the revocation of any such license, and the said board is hereby empowered to cause inspections to be made of every building and premises in or upon which animals are slaughtered for human food, and to grant licenses for the operation of the same when, in the judgment of the board, the business conducted in said buildings or upon said premises is managed in a sanitary manner, and in accordance with the requirements of law.

2. Every license granted under the provisions of section one of this act shall be issued under such rules and regulations as the said board may establish, but no license shall be granted to conduct or operate a slaughter-house, abattoir or place where animals are
slaughtered for sale for human food, unless, in the judgment of the said State Board of Health, the said building is so located and constructed that the business of slaughtering animals can be there conducted in a cleanly manner, and without creating a nuisance.

3. Every license issued under the provisions of this act may be revoked by the Board of Health of the State of New Jersey if the provisions of this act or of an act entitled "An act to secure the purity of foods, beverages, confectionery, condiments, drugs and medicines, and to prevent deception in the distribution and sales thereof" (Revision of 1907), approved May twentieth, one thousand nine hundred and seven, and the amendments thereof and supplements thereto, or rules and regulations established by the said board under authority herein contained, shall be violated; and every person who shall conduct or operate a slaughter-house, abattoir or place where animals are slaughtered for sale for human food, in violation of the provisions of this act or of an act entitled "An act to secure the purity of foods, beverages, confectionery, condiments, drugs and medicines, and to prevent deception in the distribution and sales thereof" (Revision of 1907), approved May twentieth, one thousand nine hundred and seven, and the amendments thereof and supplements thereto, or in violation of the rules and regulations herein provided for, or who shall operate or conduct any such establishment without holding a license as herein specified, or who shall conduct or operate, or shall continue to conduct or operate, a slaughter-house, abattoir or place where animals are slaughtered for sale for human food, after revocation by said board of the license to conduct or operate the same, and after notice in writing of said revocation has been served on said person, shall, upon conviction thereof, be subject to a penalty of two hundred dollars.

4. All penalties prescribed by the provisions of this act shall be recovered in an action of debt by and in the name of the Board of Health of the State of New Jersey as plaintiff. The pleadings shall conform in all respects to the practice prevailing in the court in which any such action shall be instituted, but no plead-
execution or process shall be set aside or invalidated by reason of any formal or technical defects therein if the same contain a statement of the nature of the alleged violation and of the section of the act alleged to have been violated.

5. When judgment shall be rendered against any defendant other than a body corporate execution shall be issued against his goods and chattels and body without any order of the court first had and obtained. If the officer executing any such writ shall be unable to find sufficient goods and chattels of said defendant in his bailiwick to make the amount of said judgment, he shall take the body of the said defendant and deliver him to the keep of the common jail of said county, there to be detained until discharged by the court in which said judgment was obtained, or by one of the justices of the Supreme Court when such court or justice shall be satisfied that further confinement will not result in the payment of the judgment and costs. In case judgment shall be rendered against a body corporate execution shall be issued against such body corporate as in other actions of debt. All penalties collected under this act shall be paid into the treasury of the State of New Jersey.

6. Whenever any person shall violate any of the provisions of this act it shall be lawful for the State Board of Health, either before or after the institution of proceedings for the collection of the penalty imposed by this act for such violation, to file a bill in the Court of Chancery in the name of the State at the relation of such board for an injunction to restrain such violation, and for such other or further relief in the premises as the Court of Chancery shall deem proper, but the filing of such bill, or any of the proceedings thereon, shall not relieve any party to such proceedings from the penalty or penalties prescribed by this act for such violation.

7. This act shall take effect immediately.

An Act to provide for certain street and sewer improvements in cities of this State, for the raising of funds for the payment thereof, and for the assessment of the benefits arising from such improvements upon lands and real estate in the vicinity benefited by reason thereof.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The term "Board of Finance" wherever used in this act shall include the Board of Finance, Board of Aldermen, Common Council or other board or body in charge or control of the finances in any city; the term
CHAPTER 301, LAWS, SESSION OF 1910.

"Board of Public Works" wherever used herein shall include the Board of Public Works, Common Council, or any other board or body charged with the construction, operation, maintenance and regulation of the streets and sewers in any city; the term "Board of Assessors" shall include the board or body or officers charged with the assessment of taxes in any city.

2. It shall be lawful in any city of this State for the Board of Finance, from time to time, to appropriate and set apart such sums of money as in its judgment may be proper to be disbursed, applied and expended by the Board of Public Works in the grading, curbing, guttering, paving or repaving of any street or streets or portions thereof, or in the construction of sidewalks therein or in the construction of sewers or drains through any street or public place therein. The resolution appropriating any such money need not specify any particular streets or places in which any such improvement is to be made.

3. The Board of Finance of any such city may obtain the money so appropriated for such purpose by the sale of bonds or certificates of indebtedness of the said city. The said bonds shall be known as Improvement Bonds and shall be payable at any time within ten years from the date of issuing the same, and shall draw such rate of interest not exceeding five per centum per annum and be of such denomination as the said Board of Finance of such city may determine. The said bonds shall be executed under the corporate seal of the said city and shall be signed by the Mayor, the Comptroller and City Clerk; said bonds may be either registered or coupon bonds, or registered and coupon bonds, and shall be sold at not less than par value either at public or private sale, as the said board may determine. The amount of bonds outstanding under the provisions of this act in any city shall never exceed two per centum of the taxable property therein as shown by the last preceding assessment.

4. The said bonds may be authorized, sold and delivered at any time after the appropriation of such money by the Board of Finance and either before or after the work for which the money secured thereby
is to be paid is authorized by the Board of Public Works or is performed, or during the progress thereof. The proper financial officer of the city shall place the money obtained from the sale of any such bonds to the credit of the account to which it was appropriated. The Board of Finance at any time upon request of the Board of Public Works may transfer any money from one improvement account to another.

Upon the passage of a resolution by said Board of Finance appropriating any sum of money for any one or more of the purposes specified in section two of this act, the Board of Public Works shall thereupon be empowered to make such improvement in such streets or public places as they may determine, at a cost not to exceed the amount so appropriated. Such work may be done under the immediate supervision of said board or may be let out at contract to the lowest responsible bidder.

5. Before commencing any of the work authorized under this act the Board of Public Works shall give public notice, in the manner hereinafter specified, of its intention to do such work, at least ten days before any ordinance or resolution providing for the same shall be finally passed. At the meeting at which any such ordinance or resolution is introduced, or upon any other day fixed by said board, the said Board of Public Works shall give a public hearing to all persons interested or who may be desirous of being heard concerning the same.

6. Upon the passage of any ordinance or resolution by a Board of Public Works authorizing any such improvement, a copy thereof shall be filed with the Collecting Officer of the city, a summary of which shall be entered in a book, properly indexed, showing all contemplated street and sewer improvements in such city, which book shall be open to all persons making search for taxes and assessments.

7. The Board of Assessors in any such city shall keep on file in its office a set of books or card index in which shall be kept the name and postoffice address of the owners of lots within said city. The owner of any lot of land lying within such city may file with such
CHAPTER 301, LAWS, SESSION OF 1910.

Board of Assessors the postoffice address to which he desires any mail, with notice concerning any improvement contemplated by the said city or any bills for assessments of taxes, to be sent. The said board shall also make up, from any other information they may have, a list of the owners of lots in such city with the postoffice address of such owners and shall amend and correct the same from time to time.

8. All public notices directed to be given by this act shall be published at least once in some newspaper printed and published within such city, and notice of such hearing shall be sent by mail to the postoffice address on file with the said Board of Assessors of the owner of each and every lot or parcel of land likely to be assessed for such improvement. The officer sending any such notice shall take and file with the City Clerk an affidavit showing the newspaper in which such notice was published and the persons and addresses to which same was sent. The notice given under this section shall be in lieu of any notice required by any other statute.

9. After the completion of any work done under the provisions of this act the Board of Public Works shall notify the Board of Assessors in such city thereof and request that a proper assessment be made on any lands or real estate that may have been benefited or increased in value by such improvement.

The said Board of Assessors shall thereupon examine the said work and view all lands and real estate in their judgment likely to be benefited by such improvement. Said board shall thereupon give public notice as directed by the provisions of this act of the time and place where they will hear any persons in interest who may present themselves to be heard concerning the benefits accruing to lands and real estate from such improvement. At such time and place, and at such time and places to which they may adjourn for that purpose, the said Board of Assessors shall attend and give a public hearing to all persons in interest who may desire to be heard. The said board shall have power to examine witnesses under oath, to be administered by any member, and shall use diligent efforts to ascertain the names
CHAPTER 301, LAWS, SESSION OF 1910.

of the owners of any lands or real estate benefited by any such improvement.

After having given opportunity for a public hearing of the persons in interest and having viewed the premises likely to be benefited by such improvement, the said board shall assess upon each piece of land and real estate benefited by such improvement the amount of such benefits, and shall report the same in writing to the Board of Finance.

Such report shall be accompanied by a map prepared by the City Engineer, under the direction of said assessors, showing the lots or parcels of lands and real estate so assessed, and shall show the cost of the whole work, the expense connected therewith, the portion to be raised by taxation at large and the names of the owners of each lot or parcel of land so far as the same can be ascertained, with the assessment against each. The acts of a majority of such Board of Assessors under the provisions hereof shall be the acts of the board.

When such assessment is completed and report thereof made to the Board of Finance, the said board shall cause the Tax Collector to send a bill by mail for the same to the owner of every lot assessed, and at the same time shall fix a day and place for the hearing of objections to such assessment. Upon each bill so mailed a notice of such hearing shall be endorsed. After hearing the objections presented, if any, said Board of Finance may cause said assessment to be altered if, in their judgment, the same should be altered. Upon confirmation by the Board of Finance the said report shall be filed in the office of the Tax Collector, and shall be payable within forty days after such confirmation without interest or penalty. After the due day so fixed a penalty in the form of interest shall be imposed at a rate to be fixed by the Board of Finance, which shall not be greater than the interest charged for the non-payment of yearly taxes.

All assessments levied under this act upon any lands or real estate for grading, paving or repaving of any street or portion thereof or for the construction of sewers or drains shall in each case be as near as may
be in proportion to the peculiar benefit, advantage or increase in value which the respective lots and parcels of land and real estate shall be deemed to receive by reason of any such improvement.

12. The whole cost of sidewalk improvements and all curbing and guttering necessary for the protection thereof may be assessed in proportion to the extent of the same bordering on the property improved.

13. Whenever a main sewer or drain has been or hereafter shall be constructed by any city in this State, and the benefits of such main sewer are extended to other property by the building of lateral sewers or connections, there shall be assessed upon such property such portion of the cost and expense of such main sewer or drain as will equal the amount of benefits actually acquired by such property, which assessment may be made in connection with the assessment for such lateral sewer or as an independent assessment. Such assessment shall be levied and collected under the provisions of this act, and shall be paid into the Sinking Fund of such city to aid in the redemption of any bonds issued for the purpose of building such main sewer or any renewals thereof.

14. In constructing sewers the said Board of Public Works may lay or cause to be laid the necessary house connections from such sewer to the curb line of any street in which the same is laid. In such case such work shall be specified in the ordinance or resolution providing for the construction of the sewer and a map showing such connections shall be prepared and exhibited at any hearing held by such board. The cost of such connections shall be assessed against the lot or plot benefited.

15. All assessments made under the provisions of this act and interests and penalties thereon shall be and remain a first lien upon the lands and real estate affected thereby, notwithstanding any error or omission in stating the name or names of the owner or owners of any lot or parcel of such land and real estate, to the same extent as taxes and assessments are now a lien under the general laws of this State, and shall be collected in the same manner that assessments are now
collected under such laws; and in case of non-payment of such assessments the lands and real estate assessed therefor may be sold in the same manner provided for the sale of lands for the non-payment of assessments made under such laws.

16. Any owner of any property assessed under the provisions of this act may appeal from the said assessment to the Court of Common Pleas of the county wherein such city is located, by serving written notice of such appeal upon the Tax Collector within ten days of the approval of such assessment. A copy of such notice, together with verification of the service thereof, shall be filed in the office of the Clerk of said Court of Common Pleas within one week after service thereof, or such appeal shall be considered waived. Such notice shall show the address of the appellee, where notice of further proceedings may be served upon him. The hearing upon such appeal shall be brought on upon order of said court at a day and place to be fixed by it, but all appeals from parts of the same assessment shall be heard at one time. On such appeal said court shall determine if such assessment or any part thereof has been made according to law, and if not, shall make an order correcting the same, which shall be served upon the Tax Collector. In case the assessment is sustained the court shall so order, but no more than one order shall be made in the case of the assessment for any one improvement. The Tax Collector shall note corrections in his books and report the same to the proper financial officer of the city.

A property owner may pay his assessment pending appeal under protest, and in case his appeal is sustained the city shall return to him any excess to which he may be entitled.

17. The Board of Finance may provide that any assessment may be payable in installments to be fixed by it, not exceeding in the whole ten years.

18. The assessments as collected shall be paid into the Sinking Fund of such city for the purpose of paying said bonds at maturity. In case the cost of any improvement shall exceed the amount of assessments charged against property benefited thereby the difference
shall be raised by general taxation, and the Board of Finance shall place in each annual tax levy a proportion of the amount so to be raised, and pay the same into such Sinking Fund in order that at the maturity of such series of bonds the said Sinking Fund shall contain sufficient funds to pay off said bonds.

The City Comptroller shall, thirty days before the passage of each annual tax levy, file with the Clerk of the Board of Finance a report showing the cost of each improvement completed during the preceding year, the amount of the assessments therefor and the amount necessary to be raised each year by general taxation.

19. It shall not be necessary for the Board of Assessors to take any oath in proceeding under this act but they shall be considered as acting under the general oath of office taken by them. The Board of Finance may allow and cause to be paid to such Board of Assessors compensation for their services under this act in addition to that paid to them for their general services.

20. No action of any board of such city shall be invalidated by reason of the fact that any member should happen to be interested in any property affected, but a majority of the remaining members of any such board shall be binding as the act of such board.

21. In case any city has temporarily improved streets thereof by macadam pavement, out of funds raised by general taxation, such city may likewise improve other streets without assessing for the same under the provisions of this act.

22. In case any improvement, such as grading of streets, or the like, should damage any property, the Board of Assessors shall deduct the amount of such damages from the amount assessed for benefits against the same.

23. This act shall take effect immediately, but its provisions shall remain inoperative in any city until assented to by a majority of the legal voters voting upon the proposition at an election to be held in such city at any time, to be fixed by the Board of Finance, of which election the clerk of such city shall cause public notice of the time and place of holding the same to be given.

The above proposition shall be submitted to the voters of such city at one of the annual elections held therein, and shall be conducted under the provisions of an act entitled, “An act to regulate elections” (Revision of 1898 and the various amendments thereof and supplements thereto). The officers conducting the said election shall return to the clerk of such city a true and correct statement, in writing, under their hands, of the result of such election, and it shall be the duty of the said clerk to certify and report the same to the boards of said city to be affected thereby.

Approved April 12, 1910.

CHAPTER 303.

An Act to empower municipalities to contract with the State Water-Supply Commission for a water-supply and raise and advance moneys for the purpose, and to empower the said commission to acquire lands, water rights and water-works and construct works necessary to furnish such supply and to sell water and water-power in this State.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The State Water-Supply Commission may contract with any municipality or municipalities to provide the inhabitants thereof with water for public or private use, and the municipality or municipalities may enter into such contract in the manner and upon the terms hereinafter mentioned.

2. When any municipality or combination of municipalities may, by resolution, determine that it is in its or their interest to procure for itself or themselves from the commission a supply of water for public and private use, it or they may, by resolution, request the commission to prepare and submit maps, plans and specifications for furnishing such supply, together with an estimate of the probable cost of obtaining the necessary lands and water rights and the cost of construction, operation and maintenance of necessary works; and the municipality or combination of municipalities may, at the time of making such request, provide for the payment, out of any fund or balance not otherwise appropriated, of such sum as may be necessary to defray the expenses incurred by the commission in the preparation of such plans, maps and specifications. The commission may, by itself or its employees, enter upon any lands or water for making surveys.
surveys for its plans, doing, however, no unnecessary damage or injury to private property.

3. When any contract shall be entered into, the commission may make and maintain such dams, reservoirs, waterways, pipe lines and other works which in its judgment may be needed for the storage of waters and the protection of the same from pollution by the construction of sewers or other means which may be necessary or advisable and the delivery thereof to the municipality or municipalities that may so contract or that may thereafter enter into contract for the delivery of water. It may purchase, and, if necessary, condemn lands and rights or interests in lands and water rights, and rights of flowage, which it may deem necessary for the establishment of the works to be built in accordance with the plans by it adopted, and may purchase or condemn the works and rights of any water company, if, in its judgment, the same be necessary to produce supplies for contracting municipalities.

4. The commission may construct any dams, reservoirs or other works by it undertaken in accordance with this act over or under any water course, under or over or across or along any highway or quasi-public highway, and for that purpose may take lands, real estate, water rights or rights and interests in lands and water rights, and in case of public highways or other public or quasi-public structures may require the same to be abandoned as far as necessary for the purpose of said works and to be relaid, if necessary, by some other route or in some other location. Damages for the taking of such property, as well as the value of such property taken, shall be ascertained and paid for according to law. It may alter or change the grade of any highway or public street where necessary for its purpose. If it be necessary to change the location or gradient or the appurtenances thereof of any canal or railroad operated under a charter or certificate of incorporation, the corporation owning or operating the same shall be required to so relocate or change the same so far as needful and to acquire the property necessary for such change and if possible to agree with the commission upon the details thereof, the cost thereof to be paid as part of the ex-

Amount.

5. A copy of the plan of works, together with a map showing the lands to be taken, flowed or otherwise affected thereby and the area of any reservoir and the location of the dams, works, waterways and pipe lines to be constructed, shall be filed in the office of the county clerk of the county in which the same lie or are to be constructed.

6. Any municipality entering into a contract for the purpose aforesaid may, by issuing its notes or temporary obligations, renewable from time to time until paid, or permanent bonds have been issued therefor, raise and pay over to the commission sums of money in the whole not to exceed thirty thousand dollars for each million of gallons of water for the minimum quantity contracted for to be delivered daily, which money shall be used by the commission for the purpose of acquiring lands and interests in lands for the reservoir or reservoirs to be built and for the construction of the same. For the retirement of such notes or temporary obligations the municipality may annually raise by tax such sum as it may deem proper or may issue permanent bonds, in which case it shall annually raise by tax sums sufficient to pay the interests thereon and retire the same at maturity. When the lands necessary for the reservoir or reservoirs have been obtained, the commission may issue and sell its bonds to raise money necessary to pay for the construction of the works in accordance with its plans and for the acquisition of riparian and water rights, and pledge as security for the payment of said bonds and the interest thereon all the property, real and personal, of the commission, and so much of its revenue as may remain to it after payment of the sums hereinafter directed to be made out of the same. Such bonds shall be of such denomination, time and rate of interest, not exceeding five per centum per annum, as the commission shall
determine, and in the aggregate shall not exceed six million dollars. They shall be sold at public sale at not less than par, with accrued interest.

7. The commission shall fix such rates for the water by it delivered as shall, with its other revenues, produce a sum at least sufficient to meet the following payments which the commission shall make out of the same in the following order: First, the payment of interest on bonds. Second, interest at five per centum on the amount of money advanced by contracting municipalities. Third, one per centum annually on the amount of outstanding bonds for the creation of a sinking fund for their redemption. Fourth, the cost of operation and maintenance of the works. Fifth, one per centum annually on the amount of money advanced by the contracting municipality as a sinking fund for the repayment of such money. Sixth, one dollar for each million gallons furnished, to be paid to the State; provided, however, no payment shall be required except for the excess of the total quantity taken from this and any other source of supply, by any municipality, over a total quantity taken from this and any other source of supply, by any municipality, over a total amount equal to one hundred (100) gallons daily per capita for each inhabitant of the municipality supplied, as shown by the census of one thousand nine hundred and five; and, seventh, expenses incurred in making its works more efficient in supplying contracting municipalities. When in its judgment, regard being had for the interests of the State, the amount of its revenue shall warrant it in so doing, the commission may lower the rates at which it has contracted to deliver water.

8. The commission is hereby created a body corporate and as such shall be vested with the ownership of the property real and personal acquired by it, holding the same for the benefit of its successors or for the benefit of the State. It shall operate and maintain any works when completed. It may lease lands acquired by it for any purpose not inconsistent with the provisions of this act, subject to the right of flowage of the lands so leased by waters impounded

by its works. It may sell the water impounded only to municipalities entering into contract as herein provided for for water supply purposes in the State of New Jersey and sell or lease power to be derived from the flow of water at or near any dam included in works built by it, and also sell or lease shore privileges or other rights upon, adjacent to or in connection with any reservoir. If the reservoir or reservoirs then built be insufficient to furnish a supply to any applying municipality, the commission may acquire, construct and maintain additional reservoirs and works, in respect to which the same rights and powers are hereby conferred on the municipality and commission as are hereinabove enumerated.

9. No contract for work or supplies for sums in excess of five thousand dollars shall be made by the commission, unless bids therefor be first solicited by public advertisement.

10. The commission may adopt all such reasonable rules and regulations not inconsistent with this act or the laws of this State for the use, protection, operation and management of its works, property and plant as may be prudent and necessary.

11. All acts or parts of acts inconsistent herewith are hereby repealed, and this act shall take effect immediately.

Approved April 12, 1910.
CHAPTER 304.

A Supplement to an act entitled "An act to establish a State Water-Supply Commission and to define its powers and duties, and the conditions under which the waters of this State may be diverted," approved June seventeenth, one thousand nine hundred and seven.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The State Water-Supply Commission shall have the same jurisdiction and supervision over well, subsurface or percolating water-supplies now or hereafter furnished to the inhabitants of any municipal corporation as it now has over surface water-supplies so furnished, except as such jurisdiction and supervision may be herein modified.

2. No municipal corporation, corporation or person now engaged in supplying or hereafter proposing to supply the inhabitants of any municipal corporation with water, either from surface, sub-surface, well or percolating sources, shall have power to condemn lands or water for or divert from any new or additional source of water-supply, until it shall have first submitted to the commission descriptions thereof, which may be accompanied by maps and plans, and the commission shall have approved the same. Nothing in this section shall restrict any municipality in acquiring by purchase or condemnation, any water-works supplying the municipality. Where any municipal corporation, corporation or person has already acquired lands or water and in good faith commenced the construction of works for a new or additional water-supply for the inhabitants of any municipality within the State, this section shall not apply to construction or lands or water necessary to complete the works, or put the same in jurisdiction.

use if maps, plans, and descriptions of the lands, works and water-supplies be filed with the commission within ninety days after the approval of this act. No municipality shall be deprived of its right to use and take the water which it now has the right to use or appropriate by purchase or condemnation.

3. Any municipal corporation, corporation or person may make application in writing to the commission for approval of its plans for obtaining a new or additional source of water-supply from surface or sub-surface, well or percolating source. The application shall show the sources of proposed supply, the approximate location of the proposed wells, reservoirs or other works, with their estimated capacities, an abstract of any official reports relating to the same, the need for an added supply, and the reasons for the choice made. The commission shall give notice, by advertisement in one or more newspapers published in the vicinity, of a public hearing, at which all persons or municipalities affected by the proposed plans may be heard for or against the granting of the application. After such hearing, the commission shall decide whether the plans proposed are justified by public necessity or reasonably anticipated use, and whether by taking waters necessary for this use they interfere unduly with the opportunity of other municipalities to obtain for themselves a water-supply, or whether the taking of sub-surface waters will unduly injure public or private interests. Within ninety days after receiving the application the commission shall, with all convenient speed, either approve or reject the same or approve it subject to such reasonable terms and conditions as may prescribe. The decision upon any application shall be in writing, signed by at least a majority of the members of the commission, and shall be filed, together with the application and all plans, maps, surveys and other papers or records relating thereto, in its office. A copy of the decision, certified under the seal of the commission, shall be forthwith delivered to the applicant or his attorney or agent named in the application and shall be evidence in all courts and places. The approval of the commission shall constitute the State's assent to the diversion of

water either surface, sub-surface, well or percolating for use within the State, and the right to construct and operate the water-works in accordance with the terms of the decision and the plans filed therewith. The decision of the commission shall at all times be subject to review by the courts for reasonableness, legality and form.

4. The commission shall have power to subpœna and require the attendance before it of witnesses, and the production of books and papers pertinent to the investigation and inquiries which it is by this act authorized to make, and to examine them or such public records as it shall require in relation thereto. In the event of any person or corporation refusing to obey said subpœna, he or it may be punished as for contempt of the Supreme Court on application by petition to a justice of said court.

5. Whenever application is made to the State Water-Supply Commission in conformity with this act or the act to which this act is a supplement, by any municipal corporation, or whenever any municipal corporation now legally engaged in diverting and supplying water, either surface, sub-surface, well or percolating, to the inhabitants of any municipal corporation shall request the commission by petition in writing for permission to exercise the right of eminent domain for the acquisition of the necessary lands and water rights, either in case of surface, sub-surface, well or percolating waters, for the purpose of diverting the same for the supply of the inhabitants of any municipal corporation, the commission may, in its discretion, grant such permission, first being satisfied that it is for the public interests so to do, and after such permission is granted the necessary lands, water rights and interests in lands and water rights affected may be condemned by the applicant in the manner now provided by law.

6. Where application is made to the State Water-Supply Commission for the institution of proceedings to acquire rights to divert in conformity with this act, all expenses of the State Water-Supply Commission in connection with such proceedings shall be paid by
the municipal corporation making the application; and in the case of surface water-supplies, payment to the State shall be made in conformity with the act to which this act is a supplement, but in case of condemnation of sub-surface, well or percolating supplies, there shall be charged by the State a fee of one dollar per million gallons from that portion of the supply for the acquisition of which the State's right of eminent domain is exercised for all water diverted, which charge shall be certified by the commission to the State Comptroller, and its collection enforced in the same manner as provided for in the act to which this act is a supplement in the case of charge for excess diversion for surface water-supplies.

7. The commission shall have power to require annual reports from all municipal corporations, corporations or persons diverting water either from surface, sub-surface, well or percolating sources of from a combination of any such sources for water-supply purposes, as to the amount of water diverted by them, the proportional amount from each source the communities and populations supplied, the rates charged, and such other matter as shall be requisite to a proper supervision of the water-supplies of the State and the development and public use thereof. It shall be the duty of the officers in control of municipal or other water-works to keep accurate records, by meters or other approved methods, of the amount of water used, and to report the same quarter-yearly to said commission. The commission shall also have power to make such investigations of the meters and records of said corporation of the water diverted as may be necessary to determine all matters pertinent to their duties. It shall also have power to examine the plants and works of all public water-supplies in the State, to aid it in ascertaining the sources of the supply.

8. This act shall take effect immediately.

made therefor shall not be applied toward the construction of such building or buildings, or prosecution of such work, but shall lapse and no payment shall be made therefrom.

4. No money shall be drawn from the treasury except for objects as hereinabove specifically appropriated, and except such sums which are by law devoted to specific purposes, namely, State school tax, United States appropriation to Agricultural College, United States appropriation for disabled soldiers, United States appropriations for disabled soldiers, sailors, marines and their wives, Agricultural College Fund and taxes for the use of taxing districts in this State, moneys received pursuant to the laws relating to motor vehicles, moneys received by the State from the taxation of railroad and canal property, which may be by law apportioned to the various counties of the State for school purposes, and loans to “State School Fund,” which last-named sums shall be paid pursuant to the laws applicable thereto; this section shall not be construed to prohibit the payment due upon any contract made under an appropriation of the previous year, nor of any payments into the State treasury by State institutions and commissions pursuant to an act entitled “An act regulating the receipt and disbursement of State moneys in certain cases,” approved October thirty-first, one thousand nine hundred and seven (Chapter two hundred and eighty-eight, laws of one thousand nine hundred and seven), which moneys by the provisions of Chapter forty-one, laws of one thousand nine hundred and eight, are appropriated for the maintenance of said State institutions and commissions making such payments, but nothing herein shall be construed to apply to the payments into the State treasury by the State Reformatory and State Prison of the receipts for the labor of the inmates of those institutions.

This act is approved this day, April twelfth, nineteen hundred and ten, except as to lines 1, 2, 4, 5, 6 and 8 in Item 43, which appropriations in said lines are disapproved. The reason for the disapproval of
these appropriations above indicated is that under Chapter 76, Laws of 1908, Chapter 243, Laws of 1908, and Chapter 270, Laws of 1909, or some of them, there are ample funds provided from the license fees collectable under said statute to cover all expenses of the Fish and Game Commission, which said funds are available in whole or in part for that purpose.

Approved April 12, 1910.
JOINT RESOLUTION NO. 1.

Joint Resolution in relation to the investigation of the question of Industrial Old-age Pensions.

WHEREAS, The limited time at the disposal of the present session of the General Assembly is insufficient to take up and fully consider the important subject of Industrial Old-age Pensions, which in other countries has proved of great value and benefit; and

WHEREAS, In the most favored countries the margin between work and want is an exceedingly narrow one, besides there can be no apprehension more keen or pitiless than the constant clinging dread shared equally by all wealth producers that misfortune in the form of sickness, the liability to become incapacitated through accident or by time's inevitable advance, accompanied by waning strength, there will be lacking the means necessary for ordinary maintenance. This most melancholy fact, of which all are conscious, poisons the present and fills the future with fears. The so-called civilized industrialism of our day can be subject to no stronger criticism than the charge fortified by universal experience that the men and women whose productive energy have contributed so much to our wealth, progress and development, leading simple, inexpensive lives, become in their declining years powerless, principally because they are penniless; and

WHEREAS, It should be the duty of the law-making power of the State to prevent and, so far as Legislative aid and encouragement can, to modify this deplorable state of affairs; therefore, be it

JOINT RESOLUTIONS.

Resolved, By the House of Assembly, the Senate concurring herein, That the Governor is hereby authorized to appoint a commission consisting of five representative men, who shall serve without remuneration, and whose duties shall be to thoroughly investigate and report to the Governor the draft of a bill providing a plan for Industrial Old-age Pension, for consideration and action by the members of the one hundred and thirty-fifth General Assembly. Approved March 23, 1910.

JOINT RESOLUTION NO. 2.

Joint Resolution for the appointment of a commission to inquire into and report legislation upon the subject of an employers' liability act.

WHEREAS, The Governor in his Second Annual Message, recommended that a commission be appointed to consider the provisions of the employers' liability acts of Great Britain, Germany and other foreign countries, and to report to the next session of the Legislature a draft of an act with relation to compensation for accidents to employes; and

WHEREAS, There appears to be a general demand for reasonable statutory regulation as to employes and the modification of certain common law rules applicable to suits between employers and employes; and

WHEREAS, Both the employer and employe, as well as the State, are interested in the determination of these important questions; therefore

BE IT RESOLVED by the Senate and General Assembly of the State of New Jersey:

1. The Governor of this State be and he is hereby authorized to appoint two persons who are representative of the labor interests of the State, two persons who are representative of the employers' interest of the State,
who, together with one member of the Senate and one member of the House of Assembly, to be named by the President of the Senate and the Speaker of the House of Assembly, respectively, shall constitute a commission authorized to make inquiry into the subject matter recited in the preamble of this resolution, and generally as to the legal relations now existing in this State between the employer and the employe.

2. This commission, within thirty days after its appointment, shall organize by the selection of a president, and shall have authority to sit from time to time, either at the Capitol or other places in the State, and to consider, through public hearings or otherwise, the question referred to them, and they shall also consider the legislation and its results in the several states of the Union and foreign governments on the subject referred to them, and report to the next session of the Legislature, by a bill, such legislation as they would recommend to be enacted into law by the Legislature of this State, together with their reasons therefor.

3. They may also select a person to be secretary of said commission, either from their own number or otherwise, who shall receive such compensation as the commission may determine, not to exceed three hundred dollars.

4. The said commissioners shall serve without compensation, but their actual expenses incident to the inquiry herein provided for shall be paid by the Treasurer of the State, upon the warrant of the Comptroller, upon vouchers duly approved and certified by the president thereof, out of any moneys appropriated for that purpose; and there is hereby appropriated the sum of one thousand dollars to cover the incidental expenses herein provided for.

5. This joint resolution shall take effect immediately. Approved April 9, 1910.
PROCLAMATIONS.

(611)
THANKSGIVING PROCLAMATION.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

"The Lord is in His Holy Temple. Enter into his gates with thanksgiving and into his courts with praise".

Annually the people of this Republic gather on a definite date to acknowledge the goodness of the God of our Fathers, and our God, in his providence toward us. This is seemly and but His due.

The citizens of our State have much for which to be thankful. Ours is a State of marked natural, industrial and locational advantages. Our educational opportunities are exceptional; our transportation facilities unusually adequate; our industries prosperous; our homes happy, and our people healthy, comfortable and contented. We have sufficient for our necessities, and even the luxuries of life are found on every hand. We are blessed with a civilization that assures liberty of person and security of property, under a written Constitution and the laws of the land. Surely our "cup runneth over".

Now, therefore, I, John Franklin Fort, Governor of the State of New Jersey by the grace of the suffrages of my fellow-citizens, to whom I am grateful, do hereby fix Thursday the twenty-fifth day of November, 1909, as a day of general thanksgiving and prayer, and do recommend that all the people upon that day desist from all business and gather in their respective churches, and other places of public worship, and there acknowledge their obligations to Almighty God, the Father of all mercies, for the bountiful blessings which he has bestowed upon us.
PROCLAMATIONS.

Given under my hand and the great seal of the State at the Executive Chamber in the City of Trenton, this Twelfth day of November in the year of our Lord, one thousand nine hundred and nine, and of the Independence of the United States the one hundred and thirty-fourth.

JOHN FRANKLIN FORT.

By the Governor:
S. D. DICKINSON, Secretary of State.

Endorsed: “Filed Nov. 12, 1909.
S. D. DICKINSON, Secretary of State.”

WHEREAS, the following-named corporations so reported have, for the two years preceding such report, failed, neglected or refused to pay the State taxes assessed against them for the year nineteen hundred and seven, under the laws of the State of New Jersey, and made payable into the State Treasury; and

S. D. DICKINSON,
Secretary of State.
PROCLAMATION BY THE GOVERNOR.

WHEREAS, on the fourth day of January, Nineteen Hundred and Ten, under an act entitled "A further supplement to an act entitled 'An act to provide for the imposition of state taxes upon certain corporations and for the collection thereof,' approved April eighteenth, eighteen hundred and eighty-four," which supplementary act was approved June third, nineteen hundred and five, I did issue my Proclamation of that date that the charters of certain corporations, reported by the Comptroller as in default in the payment of taxes imposed on them by law, were repealed and declared null and void; and

WHEREAS, it is established to my satisfaction that the Montclair Times Publishing Company, one of the corporations named in my said Proclamation, has not refused to pay said tax within two consecutive years:

Now, therefore, in pursuance of section six of an act of the Legislature of the State of New Jersey entitled "A further supplement to an act entitled 'An act to provide for the imposition of state taxes upon certain corporations and for the collection thereof,' approved April eighteenth, eighteen hundred and eighty-four," which supplement was approved June third, nineteen hundred and five,

I, John Franklin Fort, Governor of the State of New Jersey, do hereby correct the mistake of including the said Montclair Times Publishing Company in my said Proclamation, and do make the same known by this, my said Proclamation, to be filed in the office of the Secretary of State.

In Witness Whereof, I have hereunto set my hand and caused the Great Seal of this State to be affixed,
at Trenton, the eleventh day of January, A. D. nineteen hundred and ten.

[Great Seal]  
JOHN FRANKLIN FORT.

By the Governor:
S. D. DICKINSON,
Secretary of State.

Endorsed:

PROCLAMATION BY THE GOVERNOR.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

Former Governor George T. Werts died in the City of Jersey City on the morning of January 17, 1910, after a short illness.

Former Governor Werts was born at Hackettstown, Warren County, New Jersey, March 24, 1846. He was admitted to the bar at the November Term, 1867. He was mayor of the town of Morristown from 1886 until his resignation in February, 1892. He served in the Senate of this State, representing Morris County, from 1886 until he resigned in February, 1892, to accept the office of Justice of the Supreme Court, to which he was appointed by Governor Abbett. He presided in the Hudson County Circuit. In 1892 he was elected Governor of this State, and on the expiration of his term retired to private life.

In recognition of the prominent and important positions under the government of this State, which he filled, it is fitting that proper respect be paid to his memory.

Therefore, I, John Franklin Fort, Governor of the State of New Jersey, do, in testimony of the respect for his memory and sympathy in his loss, hereby direct that the public buildings of the State be draped in
mourning for thirty days, and that until the day of
the funeral the flags thereon be placed at half mast, and
that during the funeral services the public offices be
closed and a proper salute be fired.

Given under my hand and the Seal of
the State of New Jersey, at Trenton, this
[seal] Seventeenth day of January, Nineteen hun-
dred and ten.

JOHN FRANKLIN FORT.

Attest:

LESLIE R. FORT,
Secretary to the Governor.

Endorsed:

S. D. DICKINSON,
Secretary of State.”
