Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: Low Growth: Less than 35

Typical Growth: Between 35 and 65

High Growth: Greater than 65

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

English Language Proficiency Test - Participation and Performance

This table shows, by years in district, the number of English learner students taking the ACCESS for ELLs 2.0 Assessment for English language proficiency and the percentage of students tested that received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

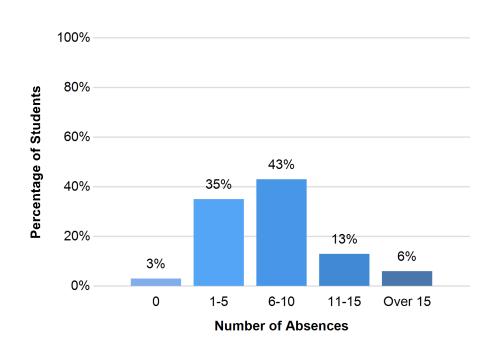

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio
2017-18	1:1

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	54.38	17.5%
Mathematics Proficiency	55.86	17.5%
English Language Arts Growth	82.35	25.0%
Mathematics Growth	71.22	25.0%
Progress Towards English Language Proficiency	**	**
Chronic Absenteeism	56.89	15.0%
Summative Score: Sum of all indicator scores multiplied by indicator weights	66.22	n/a
Summative Rating: Percentile Rank of Summative Score	75.06	n/a
Requires Comprehensive Support: Summative Rating is less than or equal to 5 th percentile	No	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

2	41	Student Supports and Services:	Franklin School has traditionnally been a leader in inclusive education. We have a fully staffed Child Study Team including a Director of Student Services, Learning Disabilities/Teacher Consultant, Social Worker and Psychologist. This group works with all classified students. We also have robust measures in place to meet the needs of our ESL/ELL and Section 504 students. We provide free tutoring after school for students that qualify in grades four to sixth grades.
(Student Health and Wellness:	In addition to providing the state required 120 minutes of physical fitness instruction during the course of a week, we have recess everyday for all students. We have an active Wellness Committee dedicated to promoting healthy habits in the form of Wellness Weeks for students, staff, and community three times during the course of the year.
	(d)	Parent and Community Involvement:	We encourage parent involvement in our school through our active PTA. Our PTA meets monthly providing support in sponsoring two cultural arts activities per year, holiday parties, field day t-shirts, and Walk-a-thon fund raiser. We have a community council that meets 4 times a year consisting of a cross section of community members.

		Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Teachers
	Climate Surveys:	Recently our school took part in a climate survey through the National School Climate Center. Areas that our school rated the highest were: Sense of Physical Security, Safety Rules and Norms, and Social Support from Adults. Our overall score was 4.3 out of 5 in all areas. In fact, the Center remarked how high the school's scores were in all areas and across all stakeholders, including parents, staff and students.
	Facilities:	The Franklin Township Elementary School is a 50,000 square foot facility on a beautiful, ten-acre parcel of land. In addition to regular classrooms, the school houses specialized rooms for art, music, speech, science, therapies, PE and a computer lab. All classrooms are climate controlled and have dedicated wireless access points to support our technology program. In recent years, the district has made major upgrades in the areas of energy efficiencies, environment, and classroom design.
0	School Safety:	The focus on school safety and security has dramatically escalated for all school administrators in recent years. Franklin Township has already invested resources into its school facility, in an effort to fortify areas that could be more easily breached by an intruder. The district has received a safety grant for FY '18, that will be used to continue these upgrades to our physical plant.

Technology and STEM:	A Goal of our district for the last two years is to focus on Science instruction with an emphasis on STEAM concepts. The addition of STEAM center (Science, Technology, Engineering, Art, and Technology) has enhanced the opportunity for our students and staff to provide a space to implement these concepts!
Early Childhood Education:	Our delivery of instruction for our Preschool students is one of inclusion. All students ages three and four have the opportunity to attend Franklin School taught by teachers that receive yearly training on best practices in the area of Early Childhood Education. Once students reach five years of age (by October 1) they will be enrolled in our full day Kindergarten classes.

Franklin Township has always endorsed a policy of maintaining smaller class sizes. This personalized attention when coupled with a highly qualified/committed staff and support mechanisms like our after school homework assistance, has resulted in Franklin Township consistently demonstrating academic growth patterns well above the norm. In addition to our one-to-one computer device environment, the district also maintains an independent, hard-wired computer lab. Recent technology enhancements for the district include: the expansion of wireless access points by 40%, the installation of new networking switches and the approval of a fiber optic upgrade and design change to the district's network cabling.
