With the sun setting tonight, you can vividly see the smoky skies across the region with your own two eyes and on satellite. The smoke we're seeing is from wildfires in western Canada. Don't worry though, this smoke will stay high up and not impact air quality on the ground.

Making a campfire this season? Follow these tips from [@smokey\\_bear](#) to prevent wildfires:

- Have a source of water, a bucket, and a shovel nearby at all times
- Always keep the fire small and under control
- Never leave your campfire unattended
