ABOUT THE DEP BULLETIN

The DEP BULLETIN is an information service provided free of charge by the N.J. Department of Environmental Protection. It contains a list of construction permit applications filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Waterfront Development permits, Wetland permits, Stream Encroachment permits, Sewerage Extension permits, CAFRA permits (Coastal Area Facility Review Act) and Federal Consistency Certifications. In addition the circular provides a calendar of Events and Interest and a Schedule of Public Hearings. (THE PUBLIC HEARINGS HOWEVER, ARE NOT OFFICIAL NOTICES.) Environmental Impact Statements acted upon during the week are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed below.

A UNIQUE SERVICE FOR NEW JERSEY INDUSTRY

.....USE THIS SERVICE FOR MAJOR PROJECTS.....

As Staff to Commissioner Borden R. Putnam of the Department of Commerce and Economic Development, the Office of Business Advocacy provides personalized assistance in resolving problems encountered when doing business in New Jersey. OBA's technical personnel function as industry ombudsmen in all areas of governmental activity.

The Office of Business Advocacy's objective is to cut red tape and get solutions to permit problems. OBA will designate a Permit Expediter to your project. The Permit Expediter will:

- A. Advise you of the state permits required for your project, upon completing the "ONE STOP" PERMIT IDENTIFICATION FORM.
- B. Coordinate contacts with relevant local and state regulatory agencies upon request.
- C. Monitor the progress of your permit applications.
- D. Act to ensure processing of most permits within 90 days of application.
- E. Schedule "OVER THE COUNTER" processing for permits meeting appropriate criteria.

THE OFFICE OF BUSINESS ADVOCACY

- Administrator.....Rocco Guerrieri, Ph.D
- Permit Coordination Project Manager.....Paul Krane
- State Permit Expeditors.....Stephen B. Schlags, Irene Teisher, Frank J. Seney
- Environmental Specialist.....John Serkies
- Maritime Coordinator.....Joseph T. Grossi

MISCELLANEOUS NOTICE

DEPARTMENT OF ENVIRONMENTAL PROTECTION
DIVISION OF SOLID WASTE MANAGEMENT
BUREAU OF SOLID WASTE AND RESOURCE RECOVERY FINANCING
AVAILABILITY OF FINANCIAL ASSISTANCE

Take notice that pursuant to N.J.S.A. 52:14-34.4, the Bureau of Solid Waste and Resource Recovery Financing of the Division of Solid Waste Management (Department of Environmental Protection) administers the following grant/loan programs which provides financial assistance for the planning and development of solid waste disposal and resource recovery facilities and programs. For more information on these funding programs, please contact:

Department of Environmental Protection
Division of Solid Waste Management
Bureau of Solid Waste and Resource Recovery Financing
CN 028
Trenton, New Jersey 08625

These financial assistance programs include the following:

1. Solid Waste Services Fund - (N.J.S.A. 13:1E-138,-148) - Provides grants to county governments for the purpose of preparing, revising and implementing district solid waste management plans, including the implementation of the State's Recycling Plan and the support of community oversight projects and citizen advisory committees. During 1987, approximately \$5.3 million will be available to the State's twenty-one counties. Each county's grant amount is based on the amount of solid waste it generated the previous calendar year except that no county receives less than 2% of the revenues in the services tax fund during each calendar year. In order to qualify for continued funding, counties must continue to fulfill their district solid waste management responsibilities. Application forms and program announcements and guidance are sent to the counties annually.
2. Resource Recovery Investment Fund - (N.J.S.A. 13:1E-138,-150) - Provides funds to county governments for the development of residuals landfills and sanitary landfills, where resource recovery is demonstrated to be infeasible, and resource recovery facilities, landfill closures and financial administration. During the current funding year, approximately \$18.9 million will be available to the State's twenty-one counties. The amount of funds a particular county receives is based on the amount of solid waste it generates. Proceeds from the solid waste importation tax are also included in the Resource Recovery Investment Fund. In order to utilize the funds, counties must amend their solid waste management plans to include an outline of the uses of the funds and a schedule for the disbursement of the funds. The plan amendment must be approved by the DEP before funds are used. If a county fails to fulfill its district solid waste management responsibilities, the DEP may assume the administration of that county's resource recovery investment tax fund.
3. Resource Recovery and Solid Waste Disposal Facility Bond Act - Provides low or no interest loans to local government units, pursuant to P.L. 1985, c.330, 331 and 335 and P.L. 1980, c. 70, for the development of resource recovery and environmentally sound sanitary landfills. The proposed rule (N.J.A.C. 7:26-14A) was published in the New Jersey Register on May 18, 1987. A total of \$168 million is available for the purpose of making loans to any local government unit including counties, municipalities, county or municipal utilities authorities, an implementation agency pursuant to an approved district solid waste management plan, or any other political subdivision authorized to construct, operate or arrange for the operation or construction of a resource recovery facility or an environmentally sound sanitary landfill. To be eligible for funding, projects must be included in the appropriate approved district (county) solid waste management plan. The proposed rule sets out eligibility requirements for the receipt of loan funds, application procedures, criteria for prioritizing loan applications, specific loan terms and disbursement procedures and other program requirements. While loan programs are not required to be part of this notice pursuant to N.J.S.A. 52:14-43.4, the Department wishes to notify interested, eligible entities of the availability of funding under the Resource Recovery and Solid Waste Disposal Facility Bond Act.
4. Resource Recovery Implementation Planning Grants - Matching grants (up to 50% of project costs) are available on a competitive basis to each of the State's twenty-two solid waste management districts for the development and implementation of solid waste projects (particularly resource recovery) identified and included within approved district solid waste management plans. The total amount of funding available on an annual basis ranges between \$.5 to \$1.0 million. Application forms and program announcements and guidance are sent to the districts annually.

GENERAL INFORMATION

I. STREAM ENCROACHMENT (Over-the-Counter-Permit)

(609) 292-4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, CN 029, Trenton, NJ 08625.

II. SEWER EXTENSIONS (Over-the-Counter-Permit)

(609) 984-4429

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallorage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer bans, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, CN 029, Trenton, NJ 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

DEP PUBLIC HEARINGS, ADMINISTRATIVE HEARINGS, AND DEP EVENTS OF PUBLIC INTEREST

Public Hearings (Quasi-Legislative) are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest.

Administrative Hearings (Quasi-Judicial) are held between the state and a particular party involving an application, enforcement - violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.
