**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF PUBLIC COMMENT PERIOD
AND OPPORTUNITY FOR A PUBLIC HEARING
REGARDING A MODIFICATION TO THE SOLID WASTE FACILITY PERMIT
FOR AN OPERATING SOLID WASTE LANDFILL**

Notice is hereby given that the New Jersey Department of Environmental Protection (Department), Solid and Hazardous Waste Management Program, has tentatively approved an application made by the Sussex County Municipal Utilities Authority to modify their current Solid Waste Facility Permit to operate an existing sanitary landfill in accordance with N.J.A.C. 7:26-1 *et seq.* and by authority of N.J.S.A. 13:1E-1 *et seq.* The proposed modification involves increasing the design capacity by expansion of the landfill.

The landfill is owned and operated by the Sussex County Municipal Utilities Authority, 34 South Route 94, Lafayette, New Jersey 07848. The landfill is located within the Sussex County Municipal Utilities Authority Solid Waste Complex on a 243-acre tract in Lafayette Township. The site is bounded by Route 94 to the south, Route 15 to the west and the closed Hamm's Sanitation Inc. Landfill to the north and east.

The current Solid Waste Facility Permit authorizes 51 acres for landfilling with an approximate capacity of 3,440,000 cubic yards. The proposed permit modification would increase the landfill acreage to 54.5 and approximate capacity to 4,250,000 cubic yards. The landfill has been designed with a state-of-the-art double composite liner system with leachate collection, removal and detection systems. The landfill is expected to provide capacity for the disposal of Sussex County's waste until 2014.

The permit action is based on the administrative record that is on file at the offices of the Department of Environmental Protection, Solid and Hazardous Waste Management Program, Bureau of Solid & Hazardous Waste Permitting - North, located at 401 E. State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 9:00 A.M. and 4:00 P.M. Appointment for inspection may be made in writing to the Solid and Hazardous Waste Management Program, by fax at (609) 633-9839 or by calling (609) 984-5950. Requests should be made to the attention of Ms. Lisa Offredo. Copies of the draft modification to the Solid Waste Facility Permit and the fact sheet are also available for review at the Office of the County Clerk (Hall of Records, 4 Park Place, Newton, New Jersey 07860) and the Office of the Township Clerk (Route 15, P.O. Box 285, Lafayette, New Jersey 07848).

Comments on the draft modification to the Solid Waste Facility Permit, or a request that the Department hold a non-adversarial public hearing, must be submitted in writing to the person specified below during the public comment period. The comment period begins on the date of the publication of this notice and closes thirty (30) days after the publication date [September 29, 2006]. Note that only those permit conditions related to the permit modification are open to public comment.

All interested persons, including the applicant, who believe any aspect of the tentative approval is inappropriate shall raise all reasonably ascertainable issues and submit all reasonably available arguments and factual grounds supporting their position, including all supporting material, by the close of the public comment period. All supporting materials shall be included in full and may not be incorporated by reference, unless they are already part of the administrative record in the same proceeding, or consist of State or Federal statutes and regulations or other generally available reference materials.

Any interested person who reasonably requires additional time within which to supplement the administrative record should request, in writing, an extension of the public comment period, and the Department will exercise reasonable discretion in setting the closing date for public comment. The Department will publish subsequent notice of any decision to extend the period for public comment. Any notice of an extension of the public comment period will clearly set forth the closing date of such extension.

If any request for a public hearing, in the opinion of the Department, raises significant issues of fact relevant to the proposed agency action during the public comment period, a public hearing will be scheduled regarding the proposed agency action. The Department will publish subsequent notice of a scheduled hearing.

The Department will respond to all relevant comments submitted during the public comment period. These comments and the Department's responses will be set forth in a response document which will become part of the administrative record upon which the Department will base its final decision. Any person who has submitted relevant written comments will receive notification of the Department's final decision.
