General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed does not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed inside the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

LOCAL COASTAL PLANNING GRANTS

PURPOSE OF FUNDING: To provide local coastal zone governments and nonprofit organizations with 100% funding to plan and construct projects and aide in the development of education and interpretation materials on coastal related topics which further the objective of the New Jersey Coastal Management Program.

SOURCE OF FUNDING: The New Jersey Department of Environmental Protection receives an annual federal grant of \$2.5 million from the National Oceanographic Atmospheric Administration (NOAA). A portion of these federal grant funds are being made available to be passed through to local governments and nonprofit organizations in New Jersey's coastal zone.

WHO IS ELIGIBLE: Local coastal municipalities, coastal county governments, and other government and nonprofit agencies or entities.

QUALIFICATIONS REQUIRED FOR CONSIDERATION: The aforementioned entities need to submit a proposal that enhances the objectives of New Jersey's Coastal Management Program. The merit of the proposal determines whether a grant is awarded.

GRANT LIMITATIONS: No specific dollar limits are mandated; however, funding applications at \$10,000 will allow the distribution of funds to a larger number of applicants. For federal FY'96, October 1, 1996 through September 30, 1997 \$250,000 is available.

APPLICATION PROCEDURES: Proposals are solicited from various entities and reviewed by a committee of DEP staff using general criteria. Selections are made and recipients are notified of their award. Contractual arrangements are then entered into with the applicant.

APPLICATION DEADLINE: January 15,1997

NOTIFICATION DATE: Applicant will be notified by February 5, 1997
