environmental lead inspection of the child's primary residence;

3. The LHD shall have a certified lead inspector/risk assessor conduct an epidemiologic investigation of the Medicaid beneficiary's primary residence in order to locate existing lead sources.

(c) When the initial inspection results in a recommendation for remedial action, a reinspection to determine if the lead hazard has been eliminated may be reimbursed.

1. Should the reinspection result in finding a still-existing lead hazard, then a second reinspection may be reimbursed.
2. A maximum of two reinspections may be reimbursable.

10:77-2.5 Basis for reimbursement

(a) The reimbursement for rehabilitative service—environmental lead inspection service shall be based on the provider's usual and customary charge or the maximum fee allowance as contained in N.J.A.C. 10:77-4.2(a), whichever is less.

1. The provider shall request the beneficiary's Medicaid Eligibility Identification Card and verify Medicaid

eligibility for the date of service before submitting a claim to Medicaid.

2. The provider may verify Medicaid eligibility status of an individual by calling the "Recipient Eligibility Verification System" (REVS) at 1-(800) 676-6562, which will give a recorded message asking for the Medicaid beneficiary's correct name, the Medicaid Eligibility Identification (MEI) number, and/or the Social Security Number, as well as the Medicaid Provider Billing Number and the date of service.

1. Claims shall include a procedure code(s) (HCPCS) reflecting the service(s) provided and the corresponding fee for the service(s).

2. Upon receipt of the HCFA 1500 claim form, the Medicaid/NJ KidCare fiscal agent will process the claim and reimburse the LHD the Federal share (50 percent) of the amount approved by Medicaid/NJ KidCare (N.J.A.C. 10:77-4), the remaining cost of this mandated service, as specified in N.J.A.C. 8:13, being the responsibility of the LHD.

ii. Upon approval as a Medicaid/NJ KidCare provider, the provider shall conform to all the provisions of N.J.A.C. 10:49.

10:77-3.4 Eligibility for services

(a) The Division shall consider claims for Medicaid/NJ KidCare-Plan A-eligible individuals, and children enrolled in the home and community care-based 42 U.S.C. § 1915(c) waiver programs. Children eligible as “medically needy” in accordance with N.J.A.C. 10:71 shall not be eligible for mental health rehabilitation services for children or youth.

(b) Children are eligible for services under this subchapter if they have been determined clinically necessary using the criteria established by contracts administered by the Division of Youth and Family Services or the Division of Mental Health Services, or have been prior authorized by the Division of Medical Assistance and Health Services, or any contracted agent of the Department used to authorize the clinical need for these services.

10:77-3.5 Mental health rehabilitation services for youth

(a) Mental health rehabilitation services for youth shall include the psychiatric and psychological services, including emotional and/or behavioral treatment, drug and alcohol dependency treatment, psychiatric treatment, psychotherapy, and related nursing services, provided by the mental health rehabilitation provider.

1. All services shall meet the requirements specific to provider type as defined in N.J.A.C. 10:37B, Psychiatric Community Residences for Youth, N.J.A.C. 10:127, Residential Child Care Facilities, and N.J.A.C. 10:128, Children's Group Homes.

2. All providers shall also meet the requirements of N.J.A.C. 10:49.

3. All mental health rehabilitation services provided by psychiatric community residences for youth, group homes or residential child care facilities shall meet the referral requirements of their respective licensing division.

4. All mental health rehabilitation services shall be provided directly by facility staff or under the direction or coordination of facility staff.

10:77-3.6 Basis of reimbursement for mental health rehabilitation services provided by psychiatric community residences for youth, group homes or residential child care facilities

(a) The reimbursement for mental health rehabilitation services for a psychiatric community residence for youth, a residential child care facility or group home shall be based on reasonable, negotiated, contracted costs as defined in the Department of Human Services' Contract Reimbursement Manual and the Contract Policy and Information Manual. Providers have access to these manuals as indicated at N.J.A.C. 10:3-3.3(e)12.

1. These rates shall not be adjusted in the provider's current contract year except for Department-approved adjustments that would otherwise have been provided for under the terms of the existing contracts, such as scheduled cost-of-living adjustments.

2. The total amount reimbursed by the Division, including room and board, shall be based on the approved negotiated contracted rates each provider receives under contract with the Division of Mental Health Services or the Division of Youth and Family Services, with any approved Department adjustment.

3. This negotiated rate for DMAHS reimbursement purposes shall be divided into two rates, one for the Title XIX Federally reimbursable therapeutic services, and one for the non-reimbursable Title XIX services. Non-reimbursable services shall include, but shall not be limited to, such costs as personal needs allowances, other non-rehabilitative services and the cost of room and board.

4. To establish the rates for these two HCPCS, the Division shall use a Federally approved methodology. This methodology, upon approval, shall result in a percentage that shall determine the amount that is non-Title XIX Federally reimbursable. The figure that results from this methodology shall be developed for each class of provider and then applied to each provider within the class.

Example: The methodology determines that the non-reimbursable costs are 20 percent. For provider A, whose current negotiated per diem is \$200.00, the rate for the Title XIX reimbursable HCPCS shall be \$160.00 (\$200.00 less (200 x .20)). The reimbursement for the non-Title XIX services shall be \$40.00.

For provider B, whose current negotiated per diem is \$160.00, the rate for the Title XIX reimbursable HCPCS shall be \$128.00 (\$160.00 less (160 x .20)). The reimbursement for the non-Title XIX services shall be \$32.00.

(b) Providers shall be reimbursed on a per diem basis.

10:77-3.7 Conflict with personal care services

A provider shall not claim reimbursement for mental health personal care services and mental health rehabilitation services for the same child for the same day of service.

10:77-3.8 Recordkeeping

(a) All community psychiatric residences for youth, residential child care facilities, and group homes shall keep such legible records as are necessary to fully disclose the kind and extent of services, as well as the medical necessity for such services, and the place, date, and the amount of time the services were provided.

(b) All recordkeeping documents required by (a) above shall be made available, upon request, to the Division or its agents.

Subchapter Historical Note

Subchapter 4, Health Care Financing Administration (HCFA) Common Procedure Coding System (HCPCS), was recodified from N.J.A.C. 10:77-3 by R.2001 d.144, effective May 7, 2001. See: Source and Effective Date.

10:77-4.1 Introduction

(a) The New Jersey Medicaid, NJ KidCare and NJ FamilyCare programs utilize the Health Care Financing Administration's (HCFA) Common Procedure Coding System (HCPCS). HCPCS follows the American Medical Association

tion's Physicians' Current Procedural Terminology architecture, employing a five-position code and as many as two 2-position modifiers. CPT is a listing of descriptive terms and numeric identifying codes and modifiers for reporting medical procedures and services performed by physicians. Unlike the CPT numeric design, the HCFA assigned codes and modifiers contain alphabetic characters.

(b) HCPCS was developed as a three-level coding system:

1. **LEVEL I CODES** (narratives found in CPT): These codes are adapted from CPT for utilization primarily by physicians, podiatrists, optometrists, certified nurse-midwives, certified nurse practitioners/ clinical nurse specialists, independent clinics and independent laboratories. Copyright restrictions make it impossible to print excerpts from CPT procedure narratives for Level I codes. Thus, in order to determine those narratives, it is necessary to refer to CPT, which is incorporated herein by reference.

2. **LEVEL II CODES:** The narratives for Level II codes are found in this subchapter. These codes are not found in the CPT and are assigned by HCFA for use by physicians and other practitioners.

3. **LEVEL III CODES:** The narratives for Level III codes are found in this subchapter. These codes are assigned by the Division of Medical Assistance and Health Services to be used for those services which are unique to the New Jersey Medicaid, NJ KidCare or NJ FamilyCare programs.

(c) Regarding specific elements of HCPCS codes which require the attention of providers, the lists of HCPCS code numbers for rehabilitative services are arranged in tabular form with specific information for a code given under columns with titles such as "HCPCS Code," "DESCRIPTION" and "MAXIMUM FEE ALLOWANCE." The information given under each column is summarized below:

1. "HCPCS Code"—Lists the HCPCS procedure code numbers;
2. "DESCRIPTION"—Code narrative: Narratives for Level III codes are found at N.J.A.C. 10:77-4.2;
3. "MAXIMUM FEE ALLOWANCE"—Lists the New Jersey Medicaid/NJ KidCare/NJ FamilyCare programs maximum fee allowance schedule. If the symbol "B.R." (By Report) is listed instead of a dollar amount, it means that additional information will be required in order to properly evaluate the service. Attach a copy of the report to the claim form. If the symbol "N.A." (Not Applicable) is listed instead of a dollar amount, it means that service is not reimbursable.

(d) Listed below are both general and specific policies of the New Jersey Medicaid program that pertain to HCPCS:

1. When filing a claim, the appropriate HCPCS Codes shall be used in conjunction with modifiers, when applicable;

2. The use of a procedure code shall be interpreted by the New Jersey Medicaid program as evidence that the provider personally furnished, as a minimum, the service for which it stands;

3. When billing, the provider shall enter onto a HCFA 1500 claim form, a CPT/HCPCS procedure code as listed in CPT or in this subchapter;

4. Date(s) of service(s) shall be indicated on the claim form and in the provider's own record for each service billed;

5. The "MAXIMUM FEE ALLOWANCE" as noted with these procedure codes represents the maximum amount a provider can be reimbursed for the given procedure;

i. All references to time parameters shall mean the provider's personal time in reference to the service rendered unless it is otherwise indicated. These procedure codes are all-inclusive for all procedures provided during that time;

6. Written records in substantiation of the use of a given procedure code shall be available for review and/or inspection if requested by the Division; and

7. Certain listed procedures are commonly carried out as an integral part of a total service, and, as such, do not warrant a separate charge. When "Separate Procedure" is attached to a HCPCS/CPT description, indicating that a procedure may be carried out as a separate entity not immediately related to a specific service, separate charges for the procedure and reimbursement are applicable.

Amended by R.2001 d.144, effective May 7, 2001.
See: 32 N.J.R. 4387(a), 33 N.J.R. 1378(b).

In (a), (b)3 and (c)3, inserted references to NJ KidCare and NJ FamilyCare; in (c)2, updated N.J.A.C. reference; and substituted "CPT" for "CPT-4" throughout.
