Governor Christie: I Love Camden

http://www.youtube.com/watch?v=-1_uK6WD3R0

Transcript:

Camden Mayor Dana Redd: It was a couple of months ago when I called for the intervention of the state to help us transform education for urban youth and I want to thank Governor Christie for welcoming that partnership and the opportunity to come in and to make sure our children and our classrooms are equipped for the 21st century.

Camden Schools Superintendent Paymon Rouhanifard: Brand new textbooks across K-12 literacy and almost every grade level in math as well. And a set for you all to take home and for a set in the classroom. We saw smart boards, and we saw hosts of other resources that we believe that you all deserve.

Governor Christie: I love this city and I believe that families in this city deserve better than what's happening right so we're going to work hard together to get there and do it together. And there'll be some days that are going to harder than others, but if you work hard, if you all work hard, then you're going to make our jobs a lot easier.
